COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 92 makes a number of changes to various provisions related the Department of Children and Families (DCF) and entities under contract with the DCF, including community-based care lead agencies (lead agency) and managing entities (ME), who operate and provide services in the child welfare and behavioral health systems in accordance with chapters 394 and 409, Florida Statutes, respectively.

The bill specifically makes the following changes:

- Requires, rather than authorizes, the DCF, contracted sheriffs' offices, and lead agencies to develop a formal family-finding program. The program must be implemented as soon as a child is taken into custody.
- Requires, rather than authorizes, each lead agency to establish a kinship navigator program.
- Removes the limitations for the family-finding and kinship navigator programs that tie the development of such programs to available resources.
- Requires the DCF to treat foster parents and other caregivers with dignity, respect, and trust while ensuring delivery of services is focused on the best interest of the child.
- Requires the DCF, rather than encourages, to provide information, training, and support to foster parents and caregivers except as otherwise provided by state or federal law.
- Amends the DCF's duties to collect and post information regarding the managing entities and lead agencies' compensation and findings of the multi-year review of their financial position.

- Removes requirement that the lead agencies post their current budgets on their websites and relocating it to the above-mentioned provision.
- Requires through their contracts with the DCF that the lead agencies demonstrate the ability to adhere to best child welfare practices enumerated in chapters 39 and 409, Florida Statutes, and provide information on their adherence to such best practices.
- Requires board members or officers of a managing entity or lead agency to disclose specified activity that may reasonably be construed as a conflict of interest. The bill provides procedures to follow to address the potential conflict of interest.
- Requires the DCF to create a community alliance in each service area of the lead agency, rather than in each county, to align with the current service model in Florida.
- Modifies the membership of the community alliances by allowing the number of representative members to be increased from 20 to up to 30 members to provide for adequate representation of the diverse population within the service area.
- Directs the DCF to work in collaboration with the local community alliances to achieve community-focused delivery of child welfare services. Provides for an alternative plan that establishes an innovative consortium of partners in communities where conditions make it infeasible to competitively contract with a lead agency.
- Creates a program that allows Florida to partner with national experts to implement a new child and family well-being system and requires the Florida Institute of Child Welfare to submit an annual report beginning each October 1 to the Governor, President of the Senate, and the Speaker of the House of Representatives regarding program compliance and outcomes of the children served by the program.

The DCF estimates that there will be a potential fiscal impact to local government of $513,189, state government of $4,713,147, and the private sector of $11,088,360 resulting from the implementation of the family-finding and kinship navigator programs required under the bill. See Section V. Fiscal Impact Statement.

This bill is effective July 1, 2021.

II. Present Situation:

The DCF was created to support and promote stable and safe families.[1] The DCF is required to work with local partners to provide services by contract through private providers to the extent allowed by law and within specified appropriations.[2] The DCF is responsible for providing services relating, amongst other services, to:

- Child care regulation;
- Child welfare;
- Domestic violence;
- Economic self-sufficiency;
- Homelessness;
- Mental health and substance abuse;
- Refugee services; and

[1] *See* s. 20.19, F.S.
[2] Section 20.19(1)(c), F.S.

- Human trafficking.[3]

Some of these services, which are affected by the bill, are explained in more detail below.

Community-based Care Lead Agency

The DCF operates a community-based care child welfare system that outsources foster care and related services to agencies with an increased local community ownership to enhance accountability, resource development, and system performance.[4] The DCF contracts with community-based care lead agencies (lead agency) to provide direct or indirect child welfare services.[5]

The DCF Duties

Notwithstanding that services are contracted with local lead agencies, the DCF remains responsible for providing child welfare and support services in accordance with federal and state law.[6] The Legislature has articulated several duties with which DCF must comply, including, in part, all of the following:

- Ensuring the DCF's contracts with the lead agencies contain specified terms, including to:
  - Provide for the services which must be provided as required under s. 409.988, F.S., and provide relevant information to the DCF related to the quality assurance program and the child welfare results-oriented accountability system;
  - Provide for tiered interventions and graduated penalties for failure to comply with the contract or performance deficiencies;
  - Require the lead agencies to provide current and accurate information of its activities related to case records in the statewide automated child welfare information system; and
  - Specify the procedures to resolve differences in interpreting the contract or to resolve a disagreement amongst the parties regarding compliance with the contract.
- Developing and maintaining written policies and procedures for monitoring compliance with the services that must be provided by lead agencies under their contracts and posted on the DCF website.
- Developing and implementing statewide and local interagency agreements to coordinate services that need to be provided to children and parents.
- Establishing a quality assurance program for contracted services to dependent children; and
- Evaluating lead agencies under contract at least once annually.[7]

Contracted Lead Agencies

A lead agency is a single entity with which the DCF has a contract for the provision of care in the child protection and welfare system.[8] The DCF enters into 5-year contracts with lead

[6] Section 409.996, F.S.
[7] *Id.*
[8] Section 409.986(3)(d), F.S.

agencies for the procurement of services.[9] There are minimum requirements with which lead agencies must comply to be eligible to contract with the DCF, including, but not limited to:

- The lead agency must be organized as a Florida corporation or a governmental entity;[10]
- The board of directors or board committee must have the authority to approve the lead agency's budget and to hire the lead agency's executive director;[11] and
- The lead agency must also demonstrate financial responsibility by having a plan for regular fiscal audits and securing a performance bond.[12]

The lead agencies are obligated to perform several duties including, in part, to:

- Serve the children who are referred as a result of abuse, abandonment, or neglect reports;
- Provide accurate and timely information to the DCF, as specified in s. 409.997, F.S.;
- Follow financial guidelines developed by the DCF and provide for a regular independent audits;
- Post its current budget, including the salaries, bonuses and other compensation paid to the agency's chief executive officer, chief financial officer, and chief operating officer, or their equivalents, on the lead agency's website;
- Prepare and file all necessary court documents, and attend dependency court proceedings to give evidence;
- Ensure all individuals providing care to dependent children receive training and specified information and meet employment requirements;
- Maintain eligibility to receive all available federal child welfare funds;
- Maintain written agreements with Health Families Florida lead entities;
- Comply with federal and state statutory requirements and agency rules in the provision of contractual rules;
- Use authority to subcontract for the provision of services provided the lead agency contribute to services and meet specified criteria; and
- Post information regarding case management services on its website by a specified date.[13]

The DCF contracts with the following lead agencies as illustrated in the table and map below:[14]

Lead Agency	**Circuit(s)**
Lakeview Center, Families First Network	1

Funding

Section 409.990, F.S., requires that a contract between the DCF and a lead agency be funded through General Revenue, or other applicable state or federal funding sources.[15] Lead agencies must allocate their funding as provided under Florida law based on a proportion of child population, child abuse hotline workload, and children in care.[16]

Quality Assurance

The DCF shares responsibility with lead agencies and subcontractors to maintain a results-oriented accountability program that monitors and measures the use of resources, services provided, and outcomes achieved.[17] Reports must be produced quarterly, at a minimum, and published on the DCF's website.[18] The DCF reports the results in a quarterly scorecard which summarizes key issues, namely safety, permanency, and well-being metrics.[19]

Community Alliances

The DCF is required to establish community alliances[20] which shall be made up of local stakeholders and representatives in each county to encourage and maintain community participation, and governance of community based services.[21] Each community alliance may encompass more than one county when such arrangement is determined to provide for more effective representation.[22] Community alliances have a duty, amongst other obligations, to serve as a catalyst for community resource development and promote prevention and early intervention.[23]

Community alliances are composed of a representative from the DCF, the county government, the school district, the county United Way, the county sheriff's office, the circuit court corresponding to the county, the county children's board, if one exists, and a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, and promote adoptions.[24] The community alliances must adopt bylaws and may increase the membership of the alliance if such increase is necessary to adequately represent the diversity of the population.[25]

---

[15] Section 409.990, F.S.
[16] Section 409.991(2), F.S., provides that core services funds are calculated based on the proportion of the (a) child population weighted as 5 percent of the total; (b) child abuse hotline workload weighted as 35 percent of the total; and (c) children in care weighted as 60 percent of the total. Section 409.991(3), F.S., provides that beginning in the 2015-2016 fiscal year, 100 percent of the recurring core services funding must be based on the prior year recurring base core services funds, and any new funding be allocated as: (a) seventy percent of new funding amongst all lead agencies and (b) thirty percent of new funding to lead agencies that are funded below their equitable share.

[20] Section 409.986(2)(c), FS., defines "community alliance" to mean the group of stakeholders, community leaders, client representatives, and funders of human services established pursuant to s. 20.19(5), F.S., to provide a focal point for community participation and oversight of community-based services.
[21] Section 20.19(5)(a), F.S.
[22] *Id.*
[23] Section 20.19(5)(b), F.S.
[24] Section 20.19(5)(d), F.S.
[25] Section 20.19 (5)(e), F.S.

The additional members may include states attorneys, public defenders, their designees, or individuals from funding organizations, community leaders or individuals who have knowledge of community-based service issues.[26]

Prior to 2014, s. 409.1671(1)(d), F.S., in part, provided that the DCF could develop an alternative plan to outsource services in an area if it was impossible or not feasible to competitively contract with a lead agency.[27] The DCF was required to develop a plan in collaboration with the local community alliance.[28] It was required to detail how the community would implement community-based care through local providers, and to ensure control over management and administration of services.[29] A plan developed under this former provision had to include best business practices, including some form of public and private partnerships.[30]

Managing Entities (ME)

The DCF administers a statewide system of safety-net services for substance abuse and mental health (SAMH) prevention, treatment and recovery for children and adults who are otherwise unable to obtain these services. SAMH programs include a range of prevention, acute interventions (e.g. crisis stabilization), residential treatment, transitional housing, outpatient treatment, and recovery support services. Services are provided based upon state and federally-established priority populations.[31]

In 2001, the Legislature authorized the DCF to implement behavioral health managing entities (ME) as the management structure for the delivery of local mental health and substance abuse services.[32] The implementation of the ME system initially began on a pilot basis and, in 2008, the Legislature authorized DCF to implement MEs statewide.[33] Full implementation of the statewide ME system occurred in 2013 and all geographic regions are now served by a managing entity.[34]

The DCF Duties

The DCF must also comply with duties with respect to the MEs, including, in part, to:
- Contract and conduct readiness reviews;
- Specify data reporting requirements and use of shared data systems;
- Define the priority populations that will receive care coordination;
- Support the development and implementation of a coordinated system of care;

- Contract to support efficient and effective administration and ensure accountability for performance; and[35]
- Periodically review contract and reporting requirements and reduce costly, duplicative, and unnecessary administrative requirements.[36]

Contracted MEs

The MEs are required to comply with various statutory duties, including, in part, to:
- Maintain a governing board;
- Promote and support care coordination;[37]
- Develop a comprehensive list of qualified providers;
- Monitor network providers' performances;
- Manage and allocate funds for services in accordance with federal and state laws, rules, regulations and grant requirements; and
- Operate in a transparent manner, providing access to information, notice of meetings, and opportunities for public participation in ME decision making.[38]

The DCF contracts with seven MEs as shown in the map below and summarized as follows:
- Big Bend Community Based Care (blue).
- Lutheran Services Florida (yellow).
- Central Florida Cares Health System (orange).
- Central Florida Behavioral Health Network, Inc. (red).
- Southeast Florida Behavioral Health (pink).
- Broward Behavioral Health Network, Inc. (purple).
- South Florida Behavioral Health Network, Inc. (beige).[39]

[35] Section 394.9082(7), F.S., details the performance measurements and accountability requirements of MEs.
[36] Section 394.9082(3), F.S.
[37] Section 394.9082(6), F.S., sets out the network accreditation and systems coordination agreement requirements.

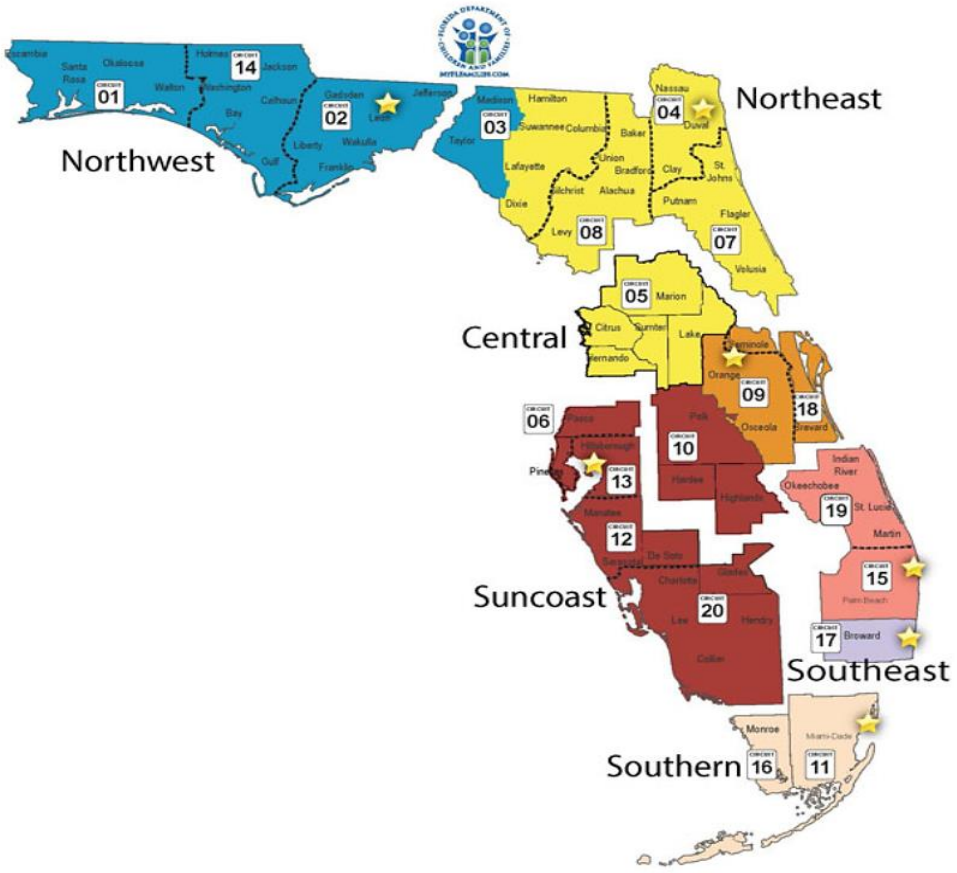
[39] The DCF, *Managing Entities*, https://www.myflfamilies.com/service-programs/samh/managing-entities/ (last visited March 11, 2021).



The MEs in turn contract with local service providers for the delivery of mental health and substance abuse services.[40] In Fiscal Year 2018-2019, the network service providers under contract with the MEs served 339,093 individuals.[41]

Coordinated System of Care

MEs are required to promote the development and implementation of a coordinated system of care.[42] A coordinated system of care means a full array of behavioral and related services in a region or community offered by all service providers, participating either under contract with a ME or by another method of community partnership or mutual agreement.[43] A community or region provides a coordinated system of care for those suffering from mental illness or substance abuse disorder through a no-wrong-door model, to the extent allowed by available resources. If funding is provided by the Legislature, DCF may award system improvement grants to MEs.[44] MEs must submit detailed plans to enhance crisis services based on the no-wrong-door model or

[40] Managing entities create and manage provider networks by contracting with service providers for the delivery of substance abuse and mental health services.
[41] The DCF, *Substance Abuse and Mental Health Triennial Plan Update for Fiscal Year,* (Dec. 6, 2019) available at https://www.myflfamilies.com/service-programs/samh/publications/docs/SAMH%20Services%20Plan%202018%20Update.pdf (last visited Feb. 16, 2021).
[42] Section 394.9082(5)(d), F.S.
[43] Section 394.4573(1)(c), F.S.
[44] Section 394.4573(3), F.S. The Legislature has not funded system improvement grants.

to meet specific needs identified in DCF's assessment of behavioral health services in this state.[45] The DCF must use performance-based contracts to award grants.[46] There are several essential elements that make up a coordinated system of care, including all of the following:

- Community interventions.
- Case management.
- Care coordination.
- Outpatient services.
- Residential services.
- Hospital inpatient care.
- Aftercare and post-discharge services.
- Medication assisted treatment and medication management.
- Recovery support.[47]

A coordinated system of care must include, but is not limited to, the following array of services:

- Prevention services.
- Home-based services.
- School-based services.
- Family therapy.
- Family support.
- Respite services.
- Outpatient treatment.
- Crisis stabilization.
- Therapeutic foster care.
- Residential treatment.
- Inpatient hospitalization.
- Case management.
- Services for victims of sex offenses.
- Transitional services.
- Trauma-informed services for children who have suffered sexual exploitation.[48]

Current law requires the DCF to define the priority populations which would benefit from receiving care coordination, including considerations when defining such population.[49] Considerations include the number and duration of involuntary admissions, the degree of involvement with the criminal justice system, the risk to public safety posed by the individual, the utilization of a treatment facility by the individual, the degree of utilization of behavioral health services, and whether the individual is a parent or caregiver who is involved with the child welfare system.

Funding and Expenses

Contracts with MEs are funded with General Revenue, other qualifying state funds, or applicable federal funding.[50] The MEs are required to develop and implement standards for collecting and reporting data related to crisis stabilization and detoxification and addictions receiving services.[51] The data is collected from entities who have received funds and operate under s. 394.875, F.S.[52] MEs are required to reconcile the data on a monthly basis, and submit the data to the DCF on a monthly and annual basis. The DCF is required to post data on its website regarding each ME's utilization of funds.[53]

Kinship Navigator Programs

Section 39.5086(2)(b), F.S., permits each lead agency to establish a kinship navigator program subject to available resources. A kinship navigator program is defined as a program designed to ensure that kinship caregivers are provided with the necessary resources for the preservation of the family.[54] The purpose of such program is to provide support and services to kinship caregivers, specifically to:

- Coordinate with other state and local agencies that promote service coordination or provide information and referral services;
- Plan and operate in consultation with kinship caregivers and organizations representing them, youth raised by kinship caregivers, relevant governmental agencies, and relevant community-based or faith-based organizations;
- Provide toll-free telephone hotline services with information to link kinship caregivers, kinship support facilitators, and kinship service providers;
- Provide outreach to kinship care families, including by establishing, distributing, and updating a kinship care website, or other relevant guides or outreach materials; and
- Promote partnerships between public and private agencies, including schools, community-based or faith-based organizations, and relevant governmental agencies, to increase their knowledge of the needs of kinship care families to promote better services for those families.[55]

Several provisions of law provide for financial support to relative and non-relative caregivers of children who are in out-of-home care who meet specified criteria, including the:

- Guardianship Assistance Program;[56]
- Level I family foster care homes licensure if qualifications are met;[57]
- Relative Caregiver Program (RCP);[58] and
- Temporary Cash Assistance (TCA) Program.[59]

[58] Section 39.5085, F.S.
[59] RCP and TCA are funded by Temporary Assistance for Needy Families. State funds are also available for children who were placed in foster care and change placement to a nonrelative in a permanent guardianship. *See* The DCF, *Temporary*

The DCF operating procedures require case workers to provide information to relative caregivers about the kinship navigation program, including referrals, and guidelines about the program.[60] All lead agencies except for one offer kinship services,[61] but the services provided do not meet the current statutory requirements for such a program.[62] The DCF reports that approximately 39 percent of lead agencies offer more than 31 of 41 best practice services. Fifty percent of lead agencies offer more than 65 percent of services for kinship caregivers and offer 85 percent of services for programmatic support.[63]

The Family First Prevention Act allows Title IV-E agencies to claim 50 percent of kinship navigator program costs if specified criteria are met.[64] The DCF has been working with the Children's Home Network to contribute to the evidence of their program.[65] The DCF received a one year grant and has been given the opportunity to continue receiving the Kinship grant to begin working with a second provider.[66] One of the DCF's objectives is to implement a plan with Kid's, Inc. to have one or more of its own models meet the eligibility requirements for federal reimbursement.[67]

Family-Finding Program

The DCF may establish a formal family-finding program, subject to available resources.[68] The family-finding program may begin as soon as the child is taken into custody and throughout the duration of the case, as necessary, locating and engaging as many family members as possible who may be candidates to assist with support and care of the child.[69] Florida law defines diligent

search efforts to locate a parent or prospective parent,[70] but requires the DCF to make efforts beyond basic search tools by exploring alternative tools and methodology.[71]

The DCF has rule making authority to implement a family-finding program,[72] and must coordinate with the lead agencies to document strategies used to locate and engage the family to, in part:

- Attend visitation with the child;
- Assist with transportation of the child;
- Provide respite or child care services; or
- Provide actual kinship care.[73]

Between Fiscal Years 2001-02 and 2008-09, the DCF implemented or expanded family finding tools in all 67 counties to test the flexibility to use Title IV-E funding for expanded child welfare services and supports and to increase family connections in an effort to reduce the number of children in out-of-home care.[74] The six-step approach includes discovery, engagement, planning, decision making, evaluation, and follow-up support.[75] The overall conclusion was that the flexible use of Title IV-E funds for expanded services reduces the number of children in out-of-home care through reunification of the child and the caregiver.[76]

Child and Family Well-being Programs

Florida law does not presently provide for a child and family well-being system. There are, however, goals that the DCF in conjunction with lead agencies, community-based subcontractors, and the community alliance must aspire to achieve are to protect the best interest of the children including, in part, to:

- Protect children from abuse and neglect;
- Ensure that children remain safely in their home, if possible and appropriate;
- Preserve family relationships; and
- Provide services to families[77] and children to meet the children's needs, including their educational and mental health needs, and skills for independent living.[78]

---

[70] Section 39.01(23), F.S., defines "diligent efforts of social service agency" to mean reasonable efforts were taken to provide social services or reunification services made by any social service agency that is a party to a case plan. Section 39.01(24), F.S., defines "diligent search" to mean the efforts of a social service agency to locate a parent, or prospective parent whose identity or location is unknown, is initiated as soon as the social service agency is made aware of the existence of such parent. When a parent's identity or location are unknown, s. 39.503, F.S., sets out efforts that must be made by the DCF to identify and locate him or her.

[77] Section 39.001(47), F.S., defines "family support services" to mean services provided to children (and their families) who have been found to be safe and at high or very high risk of future maltreatment.

[78] Section 409.986, F.S.

There are innovative programs being developed throughout the United States which focus on family well-being and implementing creative preventative measures to keep families intact.[79] The U.S. Department of Health & Human Services Children's Bureau (Children's Bureau) provides information, training assistance, and grants focused on strengthening families, protecting children, and ensuring children have permanent families with a goal of improving safety, permanency, and well-being.[80]

Casey Family Programs (CFP) is an organization that focuses on these key objectives of child-well-being. CFP was founded in 1966 and operates in all 50 states.[81] The program provides consulting, research and analysis, and services free of charge to advance the goal of child well-being.[82]

Alia is another program that is transforming child welfare systems by conducting research, providing strategy sessions, leadership coaching, and other workshops and events.[83] Alia promotes building an "unsystem" with five phases for implementing change to shift the primary focus of child welfare systems to "prevention". The five stages consist of:

- Preparing to Lead Change: Co-creating your Vision.
- Building the Foundation: Workforce Resilience.
- Shifting Agency Mindset: *Why* Change is Needed.
- Aligning Practice with your *Why*.
- Reaching a Tipping Point Toward Primary Prevention.[84]

South Carolina adopted a child welfare system with similar goals and objectives as these programs and allocates resources with a primary focus on a preventative system.[85] Key elements of the system include, in part, all of the following:

- Partnering with nonprofit and community-based organizations.
- Removing the stigma parents receive when receiving assistance.
- Engaging parents.
- Establishing family resource centers in local communities.
- Providing more services to meet families in locations convenient to them.
- Fostering a greater understanding of trauma.[86]

Out-of-Home Placement

Section 39.4087, F.S., establishes goals for the DCF to achieve and requirements to meet with respect to caregivers. Specifically, one goal of the DCF is to treat caregivers, including foster parents, with dignity, respect, and trust while ensuring services are aimed at achieving what is in the child's best interest.[87] Subject to available resources and any state or federal law to the contrary, the DCF is required to provide to caregivers an open exchange of information and supportive services.[88] For example, the DCF should:

- Provide training and support to the caregiver to help meet necessary requirements for the daily care and any special needs of the child; and
- Fully disclose all relevant information regarding the child and the background of his or her biological family, including, but not limited to:
  - Any delinquency or criminal record of the child; and
  - With parental consent to the extent required by law, any known health history and medical, psychological, or behavioral health issues or needs of the child.[89]

A caregiver must maintain the confidentiality of any information as required by law.[90]

Community-based care lead agencies are required to provide support for all licensed out-of-home caregivers,[91] including:

- Access to foster parent support groups;
- Service resources for children placed in the home;
- Foster parent mentors; and
- Service resources for caregivers.[92]

The community-based care lead agencies must also make contact with the licensed caregiver at least quarterly.[93] Several other rules address efforts required by the child protective investigator or case manager to assist or provide information to caregivers.[94] Licensure rules address a caregiver's obligation to maintain confidentiality.[95]

The DCF has also established operating procedures for providing services and support for children in care and for caregivers,[96] including supporting relatives who are caring for children

placed in out-of-home care,[97] and nonrelative caregiver financial assistance.[98] Additional subsidies are available depending on the permanency status of the child.[99] The DCF procedures also list information with which the child welfare professional must provide to the relative caregiver for completing the home study.[100]

Conflicts of Interest

There are several Florida statutes which address transactions or other situations in which a conflict of interest exists or may exist,[101] and define the term "conflict of interest" in context of the statute with which it relates.[102]

Corporations

Florida laws on corporations define "director's conflict of interest transaction" as a transaction between a corporation and one or more of its directors, or another entity in which one or more of the corporation's directors is directly or indirectly a party to the transaction, other than being an indirect party as a result of being a shareholder of the corporation, and has a direct or indirect material financial interest or other material interest.[103] If a director's conflict of interest transaction is fair to the corporation at the time it is authorized, approved, effectuated, or ratified:

- Such transaction is not void or voidable; and
- The fact that the transaction is a director's conflict of interest transaction is not grounds for any equitable relief, an award, or other sanctions.[104]

If proceedings challenging the validity of a director's conflict of interest transaction or proceedings seeking equitable relief, damages, or other sanction are brought, the person challenging the director's conflict of interest transaction has the burden to prove the lack of fairness of the transaction in specified situations.[105]

Nonprofit Organizations

Chapter 617, F.S., governs corporations not for profit and does not define conflict of interest. It provides, however, that no contract or other transaction between a corporation and one of its directors or other corporation in which one or more directors have an interest shall be void or

[97] Chapter 8, CFOP 170-10, p. 2-5. Several programs exist to provide relative caregiver support, including, but not limited to, the kinship navigator program, medical insurance, "at-risk child care subsidy, local flexible funds, "child-only" temporary cash assistance, and relative caregiver program.

[103] Section 607.0832, F.S.; *see also* s. 605.0492(1)(g), F.S., with respect to limited liability companies which defines "member's conflict of interest" as a transaction between a limited liability company and one or more of its members, or another entity in which one or more of the limited liability company's members is directly or indirectly a party to the transaction, other than being an indirect party as a result of being a member of the limited liability company, and has a direct or indirect material financial interest or other material interest.
[104] Section 607.0832(2), F.S. This is the case when because of the relationship or interest, because such director is present at the meeting in which the transaction was authorized, or because his or her votes are counted for such purpose.
[105] Section 607.0832(3), F.S. The presence of or a vote cast by a director with an interest does not affect the validity of an action if specified conditions are met.

voidable because of the relationship or interest, or because the interested director is present at the meeting which authorizes or ratifies such contract if:

- The relationship is disclosed or known to the other directors which authorizes or ratifies the transaction by a vote which is sufficient to approve the transaction without the interested director's vote;[106]
- The relationship is known or disclosed and the members entitled to vote authorize or ratify it by vote or written consent;[107] or
- The contract or transaction is fair and reasonable to the operation at the time is it authorized by the board, a committee, or the members.[108]

The transactions are required to be approved by a majority vote of the members.[109]

Public Officer and Employee

Public officers and employees must comply with standards of conduct provided for in s. 112.313, F.S. Chapter 112, F.S., restricts the type of business transactions that public officers and employees of an agency may have with a business entity in which the officer, employee, or the officer's or employee's specified family has a material interest.[110] Public officers and employees of agencies are also prohibited from having conflicting employment or contractual relationships with any business entity or regulation.[111] Section 112.312(8), F.S., defines "conflict" or "conflict of interest" as a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

III. Effect of Proposed Changes:

Lead agencies and Managing Entities (MEs)

Duties

The bill amends s. 409.988, F.S., requiring the lead agencies to demonstrate the ability to adhere to all best child welfare practices under ss. 39.4087, 39.523, 409.1415, and 409.145, F.S. Further, the bill amends s. 409.996, F.S., to require the DCF to include a provision in its contracts with the lead agencies which requires them to provide information specifying how the lead agency will adhere to this requirement.

Salary Provisions

The bill amends s. 409.988, F.S., removing the requirement for the individual lead agency to post specified budget information on its website. Sections 394.9082 and 409.996, F.S., are amended to add a similar provision; however, the bill requires the DCF, rather than each entity, to collect and post on its website compensation benefits for employees of MEs and lead agencies. The term "employee" is defined as their Chief Executive Officer, Chief Financial Officer, Chief Operating

[106] Section 617.0832(1)(a), F.S. The presence of a vote cast by a director having a relationship or interest does not affect the validity of any action taken under paragraph (1)(a) if the transaction is otherwise authorized or ratified in this paragraph.
[107] Section 617.0832(1)(b), F.S.
[108] Section 617.0832(1)(c), F.S.
[109] Section 617.0832(2) and (3), F.S.
[110] Section 112.313(3), F.S.
[111] Section 112.313(7), F.S.

Officer, or any other executive staff of the managing entity. The requirement to post this information in one centralized location will provide more consistency with the information posted for lead agencies statewide.

The bill also requires the DCF to post findings of a multi-year review of specified financial information, including revenues, expenditures, and financial position relating to the MEs and lead agencies. It must be conducted every 2 years relating to the MEs and lead agencies, and the agencies and entities must develop and maintain a plan to achieve financial viability. The review findings must be reported to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each year.

Conflicts of Interest

The bill creates ss. 394.90825 and 409.987(7), F.S., establishing a process for disclosing and eliminating any transaction or activity that could reasonably be construed to be a conflict of interest for a member, officer, or relative of a lead agency or ME. The bill defines the following terms:

- "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the managing entity for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.[112]
- "Conflict of interest" means when a board member or an officer, or a relative of a board member or an officer, of the managing entity/lead agency does any of the following:
  - Enters into a contract or other transaction for goods or services with the managing entity/lead agency;
  - Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the managing entity/lead agency or proposes to enter into a contract or other transaction with the managing entity/lead agency; or[113]
  - Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the relationship of such member or officer, or relative of the member or officer, with the managing entity/lead agency.[114]
- "Managing entity" has the same meaning as in s. 394.9082, F.S.[115]
- "Relative" means a relative within the third degree of consanguinity by blood or marriage.[116]

For any activity that is presented to the board of these entities for initial consideration and approval after July 1, 2021, or any contract which is being considered for renewal between July 1, 2021 and December 31, 2021, a board member or officer must make a disclosure of such potential conflict of interest. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice.

[112] Sections 394.90825(1)(a) and 409.987(7)(a)1., F.S.
[113] Sections 349.90825(1)(b) and 409.987(7)(b)2., F.S. For purposes of this provision, the bill provides that the term "indirect interest" has the same meaning as provided in s. 112.312, F.S.
[114] For purposes of this provision, the bill provides that the term 'benefit' does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.
[115] Section 394.90825(1)(c), F.S.
[116] Sections 394.90825(1)(d) and 409.987(7)3., F.S.

If a contract is not subject to renewal before January 1, 2022, the board member or officer must disclose any information that could reasonably be construed to be a conflict of interest by December 31, 2021.

Any proposed activity or existing contract which does give rise to a disclosure obligation must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and relevant documents related to the transaction must be included. The meeting agenda must clearly state the potential conflict of interest. The board must be given an opportunity to approve or disapprove the conflict of interest by a vote of two-thirds of all other members present.

If the board votes against the proposed activity, the board member or officer must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity or the board member or officer must resign. If the board finds that an officer or member has violated this provision, he or she will be deemed removed from office before the next scheduled board meeting. If the board votes against the renewal of an existing contract which gives rise to a conflict of interest, the parties to the activity may opt to cancel the activity, or in the alternative, the member or officer must resign from the board before the next scheduled meeting. The bill provides for limitations on damages under any existing contracts.

A board member, officer, or relative who has an interest in an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board, make a presentation, and then leave the meeting during any relevant discussion by the other board members. A member or officer who is a party to, or has an interest in, the activity shall recuse himself or herself from the vote.

A contract entered into between a board member, officer, or relative of a member or an officer in which there is a conflict of interest or potential conflict of interest, is void or voidable and terminates upon the filing of a written notice to the board which contains at least 20 percent of the voting interests of the managing entity.

MEs will need to amend their by-laws or articles of incorporation to ensure that the new requirements for potential conflict of interest transactions are incorporated.[117] The DCF would need to amend existing contracts with lead agencies and may need addendums to active Invitations to Negotiate in relation to several amendments proposed by the bill.[118] The DCF also would need to edit the Supplemental Contract related to future Invitations to Negotiate.[119]

Community Alliances

The bill amends s. 20.19, F.S., modifying the requirement for the DCF to form a community alliance to cover a county or counties, to cover a "community-based care lead agency service area" instead.

[117] The DCF Analysis at p. 7.
[118] *Id.*
[119] *Id.*

It also requires each community alliance to adopt bylaws to determine the specific membership composition that best represents the local area being serviced by the alliance, and redefines the membership to a minimum of 20 members from a specified list of representatives, including all of the following:

- A representative from the DCF.
- Representatives from local government.
- Representatives from the school district.
- A representative from the United Way.
- Representatives from county sheriffs' offices.
- A representative from each circuit court in the lead agency service area.
- A representative from the children's services council, if one exists.
- A representative of a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, or promote adoption.

This section also requires community alliances to adopt bylaws that allow for increased membership to no more than 30 members if the change is necessary to adequately represent the diversity in population within the community alliance service area.

The bill amends s. 409.997, F.S., requiring the DCF to develop, in collaboration with the local community alliance, an alternative plan with specified details to use local community entities to implement community-based care services if conditions make it impossible or not feasible to competitively contract with a lead agency. This provision allows for the DCF and community alliance to work with partners that may include, but not be limited to, private entities, local and county governmental entities. The plan created must detail how the community will continue to implement community-based care through competitively procuring either the specific components of foster care and related services or comprehensive services for defined eligible populations of children and families. The bill requires the plan to ensure local control over the management and administration of the service provision and to adhere to recognized best business practices, including, but not limited to, the use of public or private partnerships. The bill is substantially similar to former s. 409.1671(1)(d), F.S. (2013), before that section was repealed by ch. 2014-224, s. 46, Laws of Florida.

Family-Finding and Kinship Navigator Programs

Sections 39.4015 and 39.5086, F.S., are amended to require, rather than permit if resources are available, the establishment of a formal family-finding program and kinship navigator program. The amendments clarify that family-finding efforts must go beyond basic search tools to comply with each of efforts required by the DCF and lead agencies' to search for children's families. The DCF may adopt rules to implement these programs.

Lead agencies would be encouraged to meet federal standards for the kinship program to claim 50 percent of the applicable costs.[120]

[120] The DCF Analysis at p. 5.

The Children's Home Network has an existing kinship navigator program that is recognized by the Children's Bureau and is collaborating with the DCF to become rated in the clearinghouse for future utilization in all lead agencies.[121]

Child and Family Well-Being

The bill requires the DCF to establish a program that consists of a child and family well-being, system[122] to provide services through contracts with lead agencies in accordance with s. 409.987, F.S. The bill provides program requirements, including:

- Creating a system that requires fundamental change;
- Designating lead agency leadership that will identify a core group of agency individuals to develop a plan for creating the change;
- Recognizing that change of this magnitude is difficult and time-consuming, and determine steps to determine the well-being of individuals involved at an early stage of the process;
- Developing a plan for creating a change in the way partners view the process;
- Building relationships throughout the process of change;
- Providing regular interaction amongst the workforce to discuss changes that are needed; and
- Redirecting resources toward primary prevention and away from removing children from their homes.

The DCF must implement the program in collaboration with the designated lead agency, community alliance, and Florida Institute for Child Welfare. By October 1, 2021, and annually thereafter, the Florida Institute for Child Welfare must report to the Governor, President of the Senate, and the Speaker of the House of Representatives regarding program compliance and outcomes of the program.

The DCF has begun transitioning to a prevention focused child and family well-being system in accordance with the Family First Prevention Services Act (FFPSA) which authorizes new Title IV-E funding for a limited time period and in limited circumstances.[123]

Caregivers

The bill provides that the DCF is required to treat caregivers in a certain manner and provide specified support and information that was formerly considered to be discretionary, depending on resources and subject to any laws to the contrary. Specifically, the DCF must treat caregivers with dignity, respect and trust while providing services that are in the best interest of the child. Also, the DCF now must provide specified support and information set out in s. 39.4087(1), F.S., including:

- Providing an explanation to the caregiver regarding the roles of the persons involved;
- Providing training and support to the caregiver;

[121] The DCF Analysis at p. 10.
[122] Section 409.998(2), F.S., defines "child and family well-being system" as a system that recognizes the difference between poverty and neglect and that provides mentoring and supports to biological parents as they develop the skills and resources necessary to adequately care for their children.
[123] The DCF Analysis at p. 8.

- Disclosing all relevant information regarding the child and the background of his or her biological family;
- Allowing caregivers to communicate with professionals who work with the child;
- Providing a means by which a caregiver may contact the lead agency 24 hours a day, 7 days a week;
- Soliciting and considering caregiver input on a child's case plan;
- Providing a clear, written explanation to a caregiver of any plan concerning the placement of a child;
- Providing information on any emergency situation which arises;
- Allowing a caregiver to request removal of the child without retaliation;
- Informing the caregiver as soon as possible of any decision made by the court or child-caring agency relating to a child who is placed with the caregiver;
- Giving at least 7 days' notice to a caregiver of any meeting or court hearing;
- Considering the caregiver as placement for the child if the child reenters out-of-home care;
- Allowing a caregiver a period of respite upon reasonable notice; and
- Providing the caregiver, upon request, with copies of all information in the department's records regarding the caregiver.

The amendments to this subsection clarify that a caregiver must maintain confidentiality of any information as required by law, rather than this requirement being stated in relation only to the information the caregiver receives related to the child and the background of his or her biological family.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

It is anticipated that a staff person will be needed by each CBC lead agency to sufficiently implement a family-finder program. Currently, five of the CBC lead agencies have an active family-finder program. For the 14 lead agencies that do not currently implement a family-finder program, adding one staff position each will cost $964,106 annually, plus one-time costs of $62,272.

The CBC lead agencies do not currently operate kinship navigator programs. It is projected that the lead agencies will need one position each to implement a kinship navigator program. In addition to the 19 additional CBC staff positions, it is projected that each CBC will need to contract with a kinship navigator program provider. It should be noted that Children's Home Network is an agency under contract with a CBC lead agency to provide a kinship navigator pilot program. The pilot program is the process of becoming an approved evidence-based program. Once it has received federal approval as an evidence-based program, it can be replicated in other CBC lead agencies. The cost to contract for similar kinship navigator services and hire one additional staff position will cost each CBC an average cost of $529,578 annually. The recurring cost for all 19 lead agencies is expected to be $10,061,982. The lead agencies will likely use current resources to support the technology requirements of the kinship navigator program.

The total costs for CBC lead agencies to implement statewide the family-finder and kinship navigator programs is $11,088,360, which includes one-time costs of $62,272.

C. Government Sector Impact:

It is anticipated that the seven sheriffs' offices that conduct their own child protective investigations will need to hire an additional staff position to implement the family-finding program. The cost for the additional staffing is projected to total $513,189, which includes one-time costs of $31,136.[124]

The DCF projects the need for 64 additional Child Protective Investigator FTE positions to implement the family-finding program.[125] Estimated expenditures, including Salaries and Benefits and associated expenses, total $4,713,147, including one-time costs of $284,672.[126] The DCF will likely require minimal use of existing technology resources to adapt any websites and contracts, as necessary.[127]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.19, 30.4015, 39.4087, 39.5086, 394.9082, 409.987, 409.988, and 409.996.

This bill creates the following sections of the Florida Statutes: 394.90825 and 409.998.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 519024 by Appropriations (Recommended by Appropriations Subcommittee on Health and Human Services):
The proposed committee substitute:

- Modifies the DCF's requirement to collect and post on its website annual and other specified expenses, and instead requires the DCF to post and report findings related to a multi-year review of the lead agencies' and ME's financial information; and
- Removes the bill's proposed salary cap for managing entities' employees, and the change to reduce the salary cap for lead agencies' employees.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Bean) recommended the following:

Senate Amendment (with title amendment)

Delete lines 755 - 778

and insert:

(k) Shall publish ~~post~~ on its website by the 15th day of each month at a minimum the information contained in subparagraphs 1.-5. ~~subparagraphs 1.-4.~~ for the preceding calendar month regarding its case management services. The following information shall be reported by each individual subcontracted case management provider, by the lead agency, if the lead agency provides case management services, and in total

914946

for all case management services subcontracted or directly provided by the lead agency:

1. The average caseload of case managers, including only filled positions;

2. The total number and percentage of case managers who have 25 or more cases on their caseloads;

3.~~2.~~ The turnover rate for case managers and case management supervisors for the previous 12 months;

4.~~3.~~ The percentage of required home visits completed; and

5.~~4.~~ Performance on outcome measures required pursuant to s. 409.997 for the previous 12 months.

(l) Shall identify an employee to serve as a liaison with the community alliance and community-based and faith-based organizations interested in collaborating with the lead agency or offering services or other assistance on a volunteer basis to the children and families served by the lead agency. The lead agency shall ensure that appropriate lead agency staff and subcontractors, including, but not limited to, case managers, are informed of the specific services or assistance available from community-based and faith-based organizations.

Section 7. Subsection (3) of section 402.40, Florida Statutes, is amended to read:

402.40 Child welfare training and certification.—

(3) THIRD-PARTY CREDENTIALING ENTITIES.—The department shall approve one or more third-party credentialing entities for the purpose of developing and administering child welfare certification programs for persons who provide child welfare services. A third-party credentialing entity shall request such approval in writing from the department. In order to obtain

914946

approval, the third-party credentialing entity must:

(a) Establish professional requirements and standards that applicants must achieve in order to obtain a child welfare certification and to maintain such certification.

(b) Develop and apply core competencies and examination instruments according to nationally recognized certification and psychometric standards.

(c) Maintain a professional code of ethics and a disciplinary process that apply to all persons holding child welfare certification.

(d) Maintain a database, accessible to the public, of all persons holding child welfare certification, including any history of ethical violations.

(e) Require annual continuing education for persons holding child welfare certification.

(f) Administer a continuing education provider program to ensure that only qualified providers offer continuing education opportunities for certificateholders.

(g) Review the findings and all relevant records involving the death of a child or other critical incident following completion of any reviews by the department, the inspector general, or the Office of the Attorney General. Such review may occur only upon the filing of a complaint from an outside party involving certified personnel. This review shall assess the certified personnel’s compliance with the third-party credentialing entity’s published code of ethical and professional conduct and disciplinary procedures.

(h) Maintain an advisory committee, including representatives from each region of the department, each

914946

sheriff's office providing child protective services, and each community-based care lead agency, who shall be appointed by the organization they represent. The third-party credentialing entity may appoint additional members to the advisory committee.

(i) Any decision by a department-recognized credentialing entity to deny, revoke, or suspend a certification, or otherwise impose sanctions on an individual who is certified, is reviewable by the department pursuant to 397.321(15).

Section 10. Subsection (7) of section 409.990, Florida Statutes, is renumbered as subsection (8), and a new subsection (7) is added to that section to read:

409.990 Funding for lead agencies.—A contract established between the department and a lead agency must be funded by a grant of general revenue, other applicable state funds, or applicable federal funding sources.

(7) If subcontracted service providers must provide services that are beyond the contract limits due to increased client need or caseload, the lead agencies shall fund the cost of increased care.

The Committee on Appropriations (Book) recommended the following:

Senate Amendment (with title amendment)

Between lines 953 and 954
insert:

Section 11. Subsection (2) of section 916.13, Florida Statutes, is amended to read:

916.13 Involuntary commitment of defendant adjudicated incompetent.—

(2) A defendant who has been charged with a felony and who has been adjudicated incompetent to proceed due to mental

857460

illness, and who meets the criteria for involuntary commitment under this chapter, may be committed to the department, and the department shall retain and treat the defendant. For a forensic client who is held in a jail awaiting admission to a facility of the department, and who is likely to regain competence to proceed in the foreseeable future, restoration treatment may be provided at any facility deemed appropriate by the department secretary.

(a) Immediately after receipt of a completed copy of the court commitment order containing all documentation required by the applicable Florida Rules of Criminal Procedure, the department shall request all medical information relating to the defendant from the jail. The jail shall provide the department with all medical information relating to the defendant within 3 business days after receipt of the department's request or at the time the defendant enters the physical custody of the department, whichever is earlier.

(b) Within 6 months after the date of admission and at the end of any period of extended commitment, or at any time the administrator or his or her designee determines that the defendant has regained competency to proceed or no longer meets the criteria for continued commitment, the administrator or designee shall file a report with the court pursuant to the applicable Florida Rules of Criminal Procedure.

(c) A competency hearing must be held within 30 days after the court receives notification that the defendant is competent to proceed or no longer meets the criteria for continued commitment. The defendant must be transported to the committing court's jurisdiction for the hearing. If the defendant is

857460

receiving psychotropic medication at a mental health facility at the time he or she is discharged and transferred to the jail, the administering of such medication must continue unless the jail physician documents the need to change or discontinue it. The jail and department physicians shall collaborate to ensure that medication changes do not adversely affect the defendant's mental health status or his or her ability to continue with court proceedings; however, the final authority regarding the administering of medication to an inmate in jail rests with the jail physician.

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Health and Human Services)

A bill to be entitled

An act relating to the Department of Children and Families; amending s. 20.19, F.S.; requiring the department to establish community alliances in each community-based care lead agency service area; requiring community alliances to adopt certain bylaws; revising the membership of community alliances; amending s. 39.4015, F.S.; requiring, rather than authorizing, the department to develop a family-finding program; removing the limitation that the development of family-finding programs is subject to available resources; requiring that family finding begin as soon as a child is taken into custody of the department; making technical changes; amending s. 39.4087, F.S.; requiring the department to treat caregivers in a specified manner; requiring the department to provide certain information to and training for caregivers of children in foster care; removing the requirement that such information be provided subject to available resources; expanding certain information that is required to be fully disclosed to the caregivers to include the child's issues related to behavioral health; making technical changes; amending s. 39.5086, F.S.; removing the limitation that the development of kinship navigator programs is subject to available resources; requiring, rather than authorizing, each community-based care

519024

576-02688-21

lead agency to establish a kinship navigator program; amending s. 394.9082, F.S.; requiring the department to collect and post specified information on its website for each managing entity under contract with the department; creating s. 394.90825, F.S.; defining terms; requiring a board member or an officer of a managing entity to disclose specified activity that may reasonably be construed as a conflict of interest; creating a rebuttable presumption of a conflict of interest if the activity was acted upon by the board without prior notice; establishing a process for the managing entity's board of directors to address the activity under certain timelines; providing for certain consequences for failure to obtain a board's approval or failure to properly disclose a contract as a conflict of interest; amending s. 409.987, F.S.; requiring the department to develop an alternative plan to contracting with a lead agency in a community under certain circumstances; providing requirements for the alternative plan; defining terms; requiring a board member or an officer of a lead agency to disclose activity that may reasonably be construed as a conflict of interest; creating a rebuttable presumption of a conflict of interest if the activity was acted upon by the board without prior notice; establishing a process for the lead agency's board of directors to address the activity under certain timelines; providing for certain consequences for failure to obtain a board's approval or failure to

properly disclose a contract as a conflict of interest; amending s. 409.988, F.S.; deleting a requirement that lead agencies post their current budgets on their websites; requiring a lead agency to demonstrate the ability to adhere to all best child welfare practices; amending s. 409.996, F.S.; requiring that contracts between the department and lead agencies provide information to the department which specifies how the lead agency will adhere to all best child welfare practices; requiring the department to collect and post on its website specified information relating to contracts between lead agencies and the department; creating s. 409.998, F.S.; providing legislative findings and intent; requiring the department to establish a program that consists of a child and family well-being system; requiring the designated lead agency to carry out programmatic functions; defining the term "child and family well-being system"; specifying program requirements; requiring the department, in collaboration with specified entities, to design, implement, and evaluate the program requirements; requiring the Florida Institute for Child Welfare, by a specified date, to annually submit a report to the Governor and the Legislature; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraphs (a), (d), and (e) of subsection (5) of section 20.19, Florida Statutes, are amended to read:

20.19 Department of Children and Families.—There is created a Department of Children and Families.

(5) COMMUNITY ALLIANCES.—

(a) The department shall, in consultation with local communities, establish a community alliance ~~or similar group~~ of the stakeholders, community leaders, client representatives, and funders of human services in each community-based care lead agency service area ~~county~~ to provide a focal point for community participation and governance of community-based services. ~~An alliance may cover more than one county when such arrangement is determined to provide for more effective representation.~~ The community alliance shall represent the diversity of the community.

(d) Each community alliance shall adopt bylaws to determine the specific membership composition that best represents the local community served by that community alliance. The membership of a ~~the~~ community alliance must ~~in a county shall at a minimum~~ be composed of no more than 20 members selected from the following:

1. A representative from the department.

2. Representatives ~~A representative~~ from local ~~county~~ government.

3. Representatives ~~A representative~~ from the school district.

4. A representative from the ~~county~~ United Way.

5. Representatives ~~A representative~~ from ~~the~~ county sheriffs' offices ~~sheriff's office~~.

6. A representative from each ~~the~~ circuit court in the lead agency service area ~~corresponding to the county~~.

7. A representative from the ~~county~~ children's services council ~~board~~, if one exists.

8. A representative of a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, or promote adoption.

(e) The community alliance shall adopt bylaws that allow for the ~~and may increase the~~ membership of the alliance to be increased to no more than 30 members if, in the judgment of the alliance, such change is necessary to adequately represent the diversity of the population within the community alliance service circuits. The additional membership may ~~to~~ include the state attorney for the judicial circuit in which the community alliance is located, or his or her designee;~~,~~ the public defender for the judicial circuit in which the community alliance is located, or his or her designee; or~~, and~~ other individuals and organizations who otherwise represent perspectives that will enable the community alliance to accomplish the duties specified in paragraph (b). Such individuals and organizations may include, but need not be limited to, ~~represent~~ funding organizations, ~~are~~ community leaders, and individuals who have knowledge of community-based service issues~~, or otherwise represent perspectives that will enable them to accomplish the duties listed in paragraph (b), if, in the judgment of the alliance, such change is necessary to adequately represent the diversity of the population within the community alliance service circuits~~.

Section 2. Subsection (3) of section 39.4015, Florida

Statutes, is amended to read:

39.4015 Family finding.—

(3) FAMILY-FINDING PROGRAM.~~ Subject to available resources,~~ The department, in collaboration with sheriffs' offices that conduct child protective investigations and community-based care lead agencies, shall ~~may~~ develop a formal family-finding program to be implemented by child protective investigators and community-based care lead agencies ~~as resources permit~~.

(a) Family finding shall ~~may~~ begin as soon as a child is taken into custody of the department, pursuant to s. 39.401, and throughout the duration of the case as necessary, finding and engaging with as many family members and fictive kin as possible for each child who may help with care or support for the child. The department or community-based care lead agency must specifically document strategies taken to locate and engage relatives and fictive kin. Strategies of engagement may include, but are not limited to, asking the relatives and fictive kin to:

1. Participate in a family group decision-making ~~decisionmaking~~ conference, family team conferencing, or other family meetings aimed at developing or supporting the family service plan;

2. Attend visitations with the child;

3. Assist in transportation of the child;

4. Provide respite or child care services; or

5. Provide actual kinship care.

(b) The family-finding ~~family finding~~ program shall provide the department and the community-based care lead agencies with best practices for identifying family and fictive kin. The family-finding ~~family finding~~ program must use diligent efforts

in family finding and~~,~~ must continue those efforts until multiple relatives and fictive kin are identified~~, and must go beyond basic searching tools by exploring alternative tools and methodologies~~. Family-finding ~~Family finding~~ efforts by the department and the community-based care lead agency may include, but are not limited to:

1. Searching for and locating adult relatives and fictive kin.

2. Identifying and building positive connections between the child and the child's relatives and fictive kin.

3. Supporting the engagement of relatives and fictive kin in social service planning and delivery of services and creating a network of extended family support to assist in remedying the concerns that led to the child becoming involved with the child welfare system, when appropriate.

4. Maintaining family connections, when possible.

5. Keeping siblings together in care, when in the best interest of each child and when possible.

(c) To be compliant with this section, family-finding efforts must go beyond basic searching tools by exploring alternative tools and methodologies. A basic computer search using the Internet or attempts to contact known relatives at a last known address or telephone number do not constitute effective family finding.

Section 3. Section 39.4087, Florida Statutes, is amended to read:

39.4087 Department ~~goals and~~ requirements relating to caregivers; dispute resolution.—

(1) To provide the best care to children, the Legislature

requires ~~establishes as goals for~~ the department to treat foster parents, kinship caregivers, and nonrelative caregivers with dignity, respect, and trust while ensuring delivery of child welfare services is focused on the best interest of the child. To that end, regarding foster parents, kinship caregivers, and nonrelative caregivers caring for dependent children in their home, to the extent not otherwise prohibited by state or federal law ~~and to the extent of current resources~~, the department is required to do all of the following ~~will strive to~~:

(a) Provide a clear explanation to a caregiver on the role of the department, the role of the child's biological family as it relates to the delivery of child welfare services, and the rights and responsibilities of the caregiver.

(b) Provide training and support to the caregiver to help meet the necessary requirements for the daily care of the child and any special needs the child may have.

(c)1. Fully disclose all relevant information regarding the child and the background of his or her biological family. ~~A caregiver must maintain the confidentiality of any information as required by law.~~ Such disclosure includes, but is not limited to:

a.~~1.~~ Any issues relative to the child that may jeopardize the health and safety of the caregiver or other individuals residing in the household or alter the manner in which the caregiver would normally provide care.

b.~~2.~~ Any delinquency or criminal record of the child, including, but not limited to, any pending petitions or adjudications of delinquency when the conduct constituting the delinquent act, if committed by an adult, would constitute

murder in the first degree, murder in the second degree, rape, robbery, or kidnapping.

c.~~3.~~ Information about any physical or sexual abuse the child has experienced.

d.~~4.~~ Any behavioral issues that may affect the care and supervision of the child.

e.~~5.~~ With parental consent to the extent required by law, any known health history and medical, psychological, or behavioral ~~mental~~ health issues or needs of the child, including, but not limited to, current infectious diseases the child has or any episodes of hospitalization due to mental or physical illness.

2. A caregiver must maintain the confidentiality of any information as required by law.

(d) Allow caregivers to communicate with professionals who work with the child, including, but not limited to, therapists and other behavioral health professionals, physicians and other health care professionals, and teachers.

(e) Provide a means by which a caregiver may contact the community-based care lead agency 24 hours a day, 7 days a week, for the purpose of receiving assistance from the lead agency.

(f) Solicit and consider caregiver input on a child's case plan.

(g) Provide a clear, written explanation to a caregiver of any plan concerning the placement of a child in the caregiver's home. If a plan was not developed before the placement, the department must provide a clear, written explanation to the caregiver once the plan is developed.

(h) Provide information, when it becomes available, on any

emergency situation that requires a child to be placed in the caregiver's home.

(i) Allow a caregiver to request the removal of a child from the home without retaliation. However, the caregiver must be open to receiving training or other support services that may mitigate the need for the child's removal. If removal occurs, the caregiver shall cooperate with any transition that is in the best interest of the child to the extent that doing so is safe for the caregiver and other individuals in the caregiver's home.

(j) Inform the caregiver as soon as possible of any decision made by a court or child-caring agency relating to a child who is placed with the caregiver.

(k) Give at least 7 days' notice to a caregiver, to the extent possible, of any meeting or court hearing related to a child in his or her care. The notice must ~~shall~~ include, at minimum, ~~but is not limited to,~~ the name of the judge or hearing officer, the docket number, and the purpose and location of the hearing or meeting. If the department is providing such information to a child's biological parent, the department shall provide notice to the caregiver at the same time as the biological parent.

(l) ~~If the caregiver agrees,~~ Consider the caregiver as a placement option for a child if such child, who was formerly placed with the caregiver, reenters out-of-home care and the caregiver agrees to the child being placed with the caregiver upon reentry ~~and reenters out-of-home care~~.

(m) Upon reasonable notice from a caregiver, allow him or her a period of respite.

(n) Upon request, provide a caregiver with copies of all

information in the department's records relating to the caregiver.

(2)(a) If a caregiver believes that the department, an employee of the department, an agency under contract with the department, or an employee of such agency has violated this section, and that the violation has harmed or could harm a child who is or was in the custody of the department, or that the violation inhibited the caregiver's ability to meet the child's needs as set forth in the case plan, the caregiver may notify the liaison assigned to the caregiver or the child's case manager. The liaison or case manager must make every attempt to resolve the dispute.

(b) If a caregiver believes the dispute is not adequately resolved by the case manager, the caregiver or the liaison for the caregiver may contact the supervisor of the liaison or the supervisor of the case manager. If the caregiver or the liaison for the caregiver contacts a supervisor in writing, he or she may copy the department on the communication, and the department shall maintain a record of any such communication received.

(c) If a caregiver believes that the supervisor of the liaison or the supervisor of the case manager did not adequately resolve the dispute, the caregiver may contact the department, and the department must conduct a review and respond to the caregiver in writing within 30 days after being contacted.

Section 4. Paragraph (b) of subsection (2) of section 39.5086, Florida Statutes, is amended to read:

39.5086 Kinship navigator programs.—

(2) PURPOSE AND SERVICES.—

(b) ~~Subject to available resources,~~ Each community-based

care lead agency shall ~~may~~ establish a kinship navigator program that:

1. Coordinates with other state or local agencies that promote service coordination or provide information and referral services, including any entities that participate in the Florida 211 Network, to avoid duplication or fragmentation of services to kinship care families;

2. Is planned and operated in consultation with kinship caregivers and organizations representing them, youth raised by kinship caregivers, relevant governmental agencies, and relevant community-based or faith-based organizations;

3. Has a toll-free telephone hotline to provide information to link kinship caregivers, kinship support group facilitators, and kinship service providers to:

a. One another;

b. Eligibility and enrollment information for federal, state, and local benefits;

c. Relevant training to assist kinship caregivers in caregiving and in obtaining benefits and services; and

d. Relevant knowledge related to legal options available for child custody, other legal assistance, and help in obtaining legal services.

4. Provides outreach to kinship care families, including by establishing, distributing, and updating a kinship care website, or other relevant guides or outreach materials; and

5. Promotes partnerships between public and private agencies, including schools, community-based or faith-based organizations, and relevant governmental agencies, to increase their knowledge of the needs of kinship care families to promote

better services for those families.

Section 5. Paragraph (m) is added to subsection (3) of section 394.9082, Florida Statutes, to read:

394.9082 Behavioral health managing entities.—

(3) DEPARTMENT DUTIES.—The department shall:

(m) Collect and post all of the following information on its website, updated annually, for each managing entity under contract with the department:

1. Current salaries, bonuses, and other compensation paid, by position, for any employee who receives a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, in excess of 150 percent of the annual salary paid to the secretary of the Department of Children and Families. For purposes of this subparagraph, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any other executive staff of the managing entity.

2. All findings of the comprehensive, multiyear review of the revenues, expenditures, and financial position of all managing entities, which shall cover the most recent 2 consecutive fiscal years. The review must include a comprehensive system-of-care analysis and provide expenditure information related to direct care, administration, and indirect costs. All contracted entities must develop and maintain a plan to achieve financial viability which shall accompany the department's submission. The findings from this review shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each

year in addition to being posted on the department's Internet website.

Section 6. Section 394.90825, Florida Statutes, is created to read:

394.90825 Boards of managing entities; conflicts of interest.—

(1) As used in this section, the term:

(a) "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the managing entity for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.

(b) "Conflict of interest" means when a board member or an officer, or a relative of a board member or an officer, of the managing entity does any of the following:

1. Enters into a contract or other transaction for goods or services with the managing entity.

2. Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the managing entity or proposes to enter into a contract or other transaction with the managing entity. For purposes of this paragraph, "indirect interest" has the same meaning as provided in s. 112.312.

3. Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the relationship of such member or officer, or relative of the member or officer, with the managing entity. For purposes of

this paragraph, the term "benefit" does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.

(c) "Managing entity" has the same meaning as in s. 394.9082.

(d) "Relative" means a relative within the third degree of consanguinity by blood or marriage.

(2)(a) For any activity that is presented to the board of a managing entity for its initial consideration and approval after July 1, 2021, or any activity that involves a contract that is being considered for renewal on or after July 1, 2021, and before January 1, 2022, a board member or an officer of a managing entity shall disclose to the board any activity that may reasonably be construed to be a conflict of interest before such activity is initially considered and approved or renewed by the board. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice as required under subsection (3).

(b) For contracts with a managing entity which are in existence on July 1, 2021, and are not subject to renewal before January 1, 2022, a board member or an officer shall disclose to the board any activity that may reasonably be construed to be a conflict of interest under this section by December 31, 2021.

(3)(a) If a board member or an officer, or a relative of a member or an officer, proposes to engage in an activity as described in paragraph (2)(a), the proposed activity must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the proposed activity must be

included in the agenda. The meeting agenda must clearly identify the existence of a potential conflict of interest for the proposed activity. Before a member or an officer, or a relative of a member or an officer, engages in the proposed activity, the activity and contract or other transaction documents must be approved by an affirmative vote of two-thirds of all other members present.

(b) If a member or an officer notifies the board of a potential conflict of interest with the member or officer, or a relative of the member or officer, under an existing contract as described in paragraph (2)(b), the board must notice the activity on a meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the activity must be attached. The meeting agenda must clearly identify the existence of a potential conflict of interest. The board must be given the opportunity to approve or disapprove the conflict of interest by a vote of two-thirds of all other members present.

(4)(a) If the board votes against the proposed activity pursuant to paragraph (3)(a), the board member or officer, or the relative of the member or officer, must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity, or the member or officer shall withdraw from office before the next scheduled board meeting. If the board finds that an officer or a member has violated this paragraph, the officer or member shall be deemed removed from office before the next scheduled board meeting.

(b) In the event that the board does not approve of a

conflict of interest as required in paragraph (3)(b), the parties to the activity may opt to cancel the activity or, in the alternative, the member or officer must resign from the board before the next scheduled board meeting. If the activity canceled is a contract, the managing entity is only liable for the reasonable value of the goods and services provided up to the time of cancellation and is not liable for any termination fee, liquidated damages, or other form of penalty for such cancellation.

(5) A board member or an officer, or a relative of a member or an officer, who is a party to, or has an interest in, an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board and is authorized to make a presentation to the board regarding the activity. After the presentation, the member or officer, or the relative of the member or officer, shall leave the meeting during the discussion of, and the vote on, the activity. A member or an officer who is a party to, or has an interest in, the activity shall recuse himself or herself from the vote.

(6) A contract entered into between a board member or an officer, or a relative of a member or an officer, and the managing entity which has not been properly disclosed as a conflict of interest or potential conflict of interest under this section is voidable and terminates upon the filing of a written notice terminating the contract with the board of directors which contains the consent of at least 20 percent of the voting interests of the managing entity.

Section 7. Section 409.987, Florida Statutes, is amended to read:

409.987 Lead agency procurement; boards; conflicts of interest.—

(1) Community-based care lead agencies shall be procured by the department through a competitive process as required under chapter 287.

(2) The department shall produce a schedule for the procurement of community-based care lead agencies and provide the schedule to the community alliances established pursuant to s. 20.19(5) and post the schedule on the department's website.

(3) Notwithstanding s. 287.057, the department shall use 5-year contracts with lead agencies.

(4) In order to serve as a lead agency, an entity must:

(a) Be organized as a Florida corporation or a governmental entity.

(b) Be governed by a board of directors or a board committee composed of board members. The membership of the board of directors or board committee must be described in the bylaws or articles of incorporation of each lead agency, which must provide that at least 75 percent of the membership of the board of directors or board committee must consist of persons residing in this state, and at least 51 percent of the state residents on the board of directors must reside within the service area of the lead agency. However, for procurements of lead agency contracts initiated on or after July 1, 2014:

1. At least 75 percent of the membership of the board of directors must consist of persons residing in this state, and at least 51 percent of the membership of the board of directors must consist of persons residing within the service area of the lead agency. If a board committee governs the lead agency, 100

percent of its membership must consist of persons residing within the service area of the lead agency.

2. The powers of the board of directors or board committee include, but are not limited to, approving the lead agency's budget and setting the lead agency's operational policy and procedures. A board of directors must additionally have the power to hire the lead agency's executive director, unless a board committee governs the lead agency, in which case the board committee must have the power to confirm the selection of the lead agency's executive director.

(c) Demonstrate financial responsibility through an organized plan for regular fiscal audits and the posting of a performance bond.

(5) The department's procurement team procuring any lead agencies' contracts must include individuals from the community alliance in the area to be served under the contract. All meetings at which vendors make presentations to or negotiate with the procurement team shall be held in the area to be served by the contract.

(6) In communities where conditions make it impossible or not feasible to competitively contract with a lead agency, the department shall develop an alternative plan, in collaboration with the local community alliance, that may include establishing an innovative consortia of partners which may include, but is not limited to, private entities, local and county governmental entities, and the department. The plan must detail how the community will continue to implement community-based care through competitively procuring either the specific components of foster care and related services or comprehensive services

for defined eligible populations of children and families from qualified licensed agencies as part of the community's efforts to develop the local capacity for a community-based system of coordinated care. The plan must ensure local control over the management and administration of the service provision in accordance with the intent of this section and may adhere to recognized best business practices, including, but not limited to, the use of public or private partnerships.

(7)(a) As used in this subsection, the term:

1. "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the lead agency for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.

2. "Conflict of interest" means when a board member or an officer, or a relative of a member or an officer, of the lead agency does any of the following:

a. Enters into a contract or other transaction for goods or services with the lead agency.

b. Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the lead agency or proposes to enter into a contract or other transaction with the lead agency. For purposes of this subparagraph, "indirect interest" has the same meaning as provided in s. 112.312.

c. Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the

relationship of such member or officer, or relative of the member or officer, with the lead agency. For purposes of this subparagraph, the term "benefits" does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.

3. "Relative" means a relative within the third degree of consanguinity by blood or marriage.

(b)1. For any activity that is presented to the board for its initial consideration and approval on or after July 1, 2021, or any activity that involves a contract which is being considered for renewal on or after July 1, 2021, and before January 1, 2022, a board member or an officer of a lead agency must disclose to the board any activity that may reasonably be construed to be a conflict of interest before such activity is initially considered and approved or renewed by the board. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice, as required in paragraph (c).

2. For contracts with a lead agency which are in existence on July 1, 2021, and are not subject to renewal before January 1, 2022, a board member or officer shall disclose to the board any activity that may reasonably be construed to be a conflict of interest under this section by December 31, 2021.

(c)1. If a member or an officer, or a relative of a member or an officer, proposes to engage in an activity that is covered by subparagraph (b)1., the proposed activity must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the proposed activity must be included in

the agenda. The meeting agenda must clearly identify the existence of a potential conflict of interest for the proposed activity. Before a member or an officer, or a relative of a member or an officer, engages in the proposed activity, the activity and contract or other transaction documents must be approved by an affirmative vote of two-thirds of all other members present.

2. If a member or an officer notifies the board of a potential conflict of interest with the member or officer, or a relative of the member or officer, under an existing contract as described in subparagraph (b)2., the board must notice the activity on a meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the activity must be attached. The meeting agenda must clearly identify the existence of a potential conflict of interest. The board must be given the opportunity to approve or disapprove of the conflict of interest by a vote of two-thirds of all other members present.

(d)1. If the board votes against the proposed activity pursuant to subparagraph (c)1., the member or officer, or the relative of the member or officer, must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity, or the member or officer shall withdraw from office before the next scheduled board meeting. If the board finds that an officer or a member has violated this subparagraph, the officer or member shall be deemed removed from office before the next scheduled board meeting.

2. In the event that the board does not approve of a

conflict as required in subparagraph (c)2., the parties to the activity may opt to cancel the activity or, in the alternative, the member or officer must resign from the board before the next scheduled board meeting. If the activity canceled is a contract, the lead agency is only liable for the reasonable value of the goods and services provided up to the time of cancellation and is not liable for any termination fee, liquidated damages, or other form of penalty for such cancellation.

(e) A member or an officer, or a relative of a member or an officer, who is a party to, or has an interest in, an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board and is authorized to make a presentation to the board regarding the activity. After the presentation, the member or officer, or the relative of the member or officer, must leave the meeting during the discussion of, and the vote on, the activity. A member or an officer who is a party to, or has an interest in, the activity must recuse himself or herself from the vote.

(f) A contract entered into between a member or an officer, or a relative of a member or an officer, and the lead agency which has not been properly disclosed as a conflict of interest or potential conflict of interest under this subsection is voidable and terminates upon the filing of a written notice terminating the contract with the board of directors which contains the consent of at least 20 percent of the voting interests of the lead agency.

Section 8. Subsection (1) of section 409.988, Florida Statutes, is amended to read:

409.988 Lead agency duties; general provisions.—

(1) DUTIES.—A lead agency:

(a) Shall serve all children referred as a result of a report of abuse, neglect, or abandonment to the department's central abuse hotline, including, but not limited to, children who are the subject of verified reports and children who are not the subject of verified reports but who are at moderate to extremely high risk of abuse, neglect, or abandonment, as determined using the department's risk assessment instrument, regardless of the level of funding allocated to the lead agency by the state if all related funding is transferred. The lead agency may also serve children who have not been the subject of reports of abuse, neglect, or abandonment, but who are at risk of abuse, neglect, or abandonment, to prevent their entry into the child protection and child welfare system.

(b) Shall provide accurate and timely information necessary for oversight by the department pursuant to the child welfare results-oriented accountability system required by s. 409.997.

(c) Shall follow the financial guidelines developed by the department and provide for a regular independent auditing of its financial activities. Such financial information shall be provided to the community alliance established under s. 20.19(5).

(d) ~~Shall post on its website the current budget for the lead agency, including the salaries, bonuses, and other compensation paid, by position, for the agency's chief executive officer, chief financial officer, and chief operating officer, or their equivalents.~~

~~(c)~~ Shall prepare all judicial reviews, case plans, and other reports necessary for court hearings for dependent

children, except those related to the investigation of a referral from the department's child abuse hotline, and shall submit these documents timely to the department's attorneys for review, any necessary revision, and filing with the court. The lead agency shall make the necessary staff available to department attorneys for preparation for dependency proceedings, and shall provide testimony and other evidence required for dependency court proceedings in coordination with the department's attorneys. This duty does not include the preparation of legal pleadings or other legal documents, which remain the responsibility of the department.

(e) ~~(f)~~ Shall ensure that all individuals providing care for dependent children receive:

1. Appropriate training and meet the minimum employment standards established by the department. Appropriate training shall include, but is not limited to, training on the recognition of and responses to head trauma and brain injury in a child under 6 years of age developed by the Child Protection Team Program within the Department of Health.

2. Contact information for the local mobile response team established under s. 394.495.

(f) ~~(g)~~ Shall maintain eligibility to receive all available federal child welfare funds.

(g) Shall demonstrate the ability to adhere to all best child welfare practices pursuant to ss. 39.4087, 39.523, 409.1415, and 409.145.

(h) Shall maintain written agreements with Healthy Families Florida lead entities in its service area pursuant to s. 409.153 to promote cooperative planning for the provision of prevention

and intervention services.

(i) Shall comply with federal and state statutory requirements and agency rules in the provision of contractual services.

(j) May subcontract for the provision of services required by the contract with the lead agency and the department; however, the subcontracts must specify how the provider will contribute to the lead agency meeting the performance standards established pursuant to the child welfare results-oriented accountability system required by s. 409.997. The lead agency shall directly provide no more than 35 percent of all child welfare services provided unless it can demonstrate a need, within the lead agency's geographic service area, to exceed this threshold. The local community alliance in the geographic service area in which the lead agency is seeking to exceed the threshold shall review the lead agency's justification for need and recommend to the department whether the department should approve or deny the lead agency's request for an exemption from the services threshold. If there is not a community alliance operating in the geographic service area in which the lead agency is seeking to exceed the threshold, such review and recommendation shall be made by representatives of local stakeholders, including at least one representative from each of the following:

1. The department.
2. The county government.
3. The school district.
4. The county United Way.
5. The county sheriff's office.

6. The circuit court corresponding to the county.

7. The county children's board, if one exists.

(k) Shall post on its website by the 15th day of each month at a minimum the information contained in subparagraphs 1.-4. for the preceding calendar month regarding its case management services. The following information shall be reported by each individual subcontracted case management provider, by the lead agency, if the lead agency provides case management services, and in total for all case management services subcontracted or directly provided by the lead agency:

1. The average caseload of case managers, including only filled positions;

2. The turnover rate for case managers and case management supervisors for the previous 12 months;

3. The percentage of required home visits completed; and

4. Performance on outcome measures required pursuant to s. 409.997 for the previous 12 months.

(l) Shall identify an employee to serve as a liaison with the community alliance and community-based and faith-based organizations interested in collaborating with the lead agency or offering services or other assistance on a volunteer basis to the children and families served by the lead agency. The lead agency shall ensure that appropriate lead agency staff and subcontractors, including, but not limited to, case managers, are informed of the specific services or assistance available from community-based and faith-based organizations.

Section 9. Present subsections (3) through (25) of section 409.996, Florida Statutes, are redesignated as subsections (4) through (26), respectively, a new subsection (3) is added to

that section, and subsections (1) and (2) and paragraph (d) of present subsection (25) are amended, to read:

409.996 Duties of the Department of Children and Families.—The department shall contract for the delivery, administration, or management of care for children in the child protection and child welfare system. In doing so, the department retains responsibility for the quality of contracted services and programs and shall ensure that, at a minimum, services are delivered in accordance with applicable federal and state statutes and regulations and the performance standards and metrics specified in the strategic plan created under s. 20.19(1).

(1) The department shall enter into contracts with lead agencies for the performance of the duties by the lead agencies established in s. 409.988. At a minimum, the contracts must do all of the following:

(a) Provide for the services needed to accomplish the duties established in s. 409.988. ~~and~~

(b) Provide information to the department which specifies how the lead agency will adhere to all best child welfare practices pursuant to ss. 39.4087, 39.523, 409.1415, and 409.145.

(c) Provide information to the department which is necessary to meet the requirements for a quality assurance program under subsection (20) ~~(19)~~ and the child welfare results-oriented accountability system under s. 409.997.

(d) ~~(b)~~ Provide for tiered interventions and graduated penalties for failure to comply with contract terms or in the event of performance deficiencies. Such interventions and

penalties shall include, but are not limited to:

1. Enhanced monitoring and reporting.

2. Corrective action plans.

3. Requirements to accept technical assistance and consultation from the department under subsection (5) ~~(4)~~.

4. Financial penalties, which shall require a lead agency to reallocate funds from administrative costs to direct care for children.

5. Early termination of contracts, as provided in s. 402.1705(3)(f).

(e) ~~(c)~~ Ensure that the lead agency shall furnish current and accurate information on its activities in all cases in client case records in the state's statewide automated child welfare information system.

(f) ~~(d)~~ Specify the procedures to be used by the parties to resolve differences in interpreting the contract or to resolve disputes as to the adequacy of the parties' compliance with their respective obligations under the contract.

(2) The department must adopt written policies and procedures for monitoring the contract for delivery of services by lead agencies which must be posted on the department's website. These policies and procedures must, at a minimum, address the evaluation of fiscal accountability and program operations, including provider achievement of performance standards, provider monitoring of subcontractors, and timely follow-up ~~followup~~ of corrective actions for significant monitoring findings related to providers and subcontractors. These policies and procedures must also include provisions for reducing the duplication of the department's program monitoring

activities both internally and with other agencies, to the extent possible. The department's written procedures must ensure that the written findings, conclusions, and recommendations from monitoring the contract for services of lead agencies are communicated to the director of the provider agency and the community alliance as expeditiously as possible.

(3) The department shall collect and post on its website, and annually update, all of the following information for each lead agency under contract with the department:

(a) Current salaries, bonuses, and other compensation paid, by position, for any employee who receives a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, in excess of 150 percent of the annual salary paid to the secretary of the Department of Children and Families. For purposes of this paragraph, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any other executive staff of the community-based care lead agency.

(b) All findings of the comprehensive, multiyear review of the revenues, expenditures, and financial position of all lead agencies, which shall cover the most recent 2 consecutive fiscal years. The review must include a comprehensive system-of-care analysis and provide expenditure information related to direct care, administration, and indirect costs. All contracted agencies must develop and maintain a plan to achieve financial viability which shall accompany the department's submission. The findings from this review shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of

Representatives by November 1 of each year in addition to being posted on the department's Internet website.

(26)~~(25)~~ Subject to an appropriation, for the 2020-2021 and 2021-2022 fiscal years, the department shall implement a pilot project in the Sixth and Thirteenth Judicial Circuits, respectively, aimed at improving child welfare outcomes.

(d) The department shall include the results of the pilot projects in the report required in subsection (25) ~~(24)~~ of this section. The report must include the department's findings and recommendations relating to the pilot projects.

Section 10. Section 409.998, Florida Statutes, is created to read:

409.998 Child and family well-being.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that every child deserves a safe, stable, and permanent family and that all families deserve the opportunities and supports to raise their children safely and successfully in their own homes and communities.

(b) The Legislature also finds that families are our greatest asset in ensuring that all children are safe and have what they need to thrive and succeed, and there is evidence that, with appropriate support, many families can remain safely together without court involvement or traumatic separations.

(c) The Legislature further finds that the state's current child welfare system and practices do not always align with current research related to the needs of children and families.

(d) It is the intent of the Legislature that the state establish a child and family well-being system that shifts the focus from child welfare to child well-being by allowing all

sectors of a community and the state to work together to reallocate resources into services and supports that reduce the need for out-of-home care and that improve the well-being of children and families.

(2) ESTABLISHMENT OF PROGRAM.—The department shall establish a program that consists of a child and family well-being system to serve children and their families through a contract with a designated lead agency operating in accordance with s. 409.987. The lead agency shall carry out all programmatic functions necessary to fulfill the intent of this section. As used in this section, the term "child and family well-being system" means a system that recognizes the difference between poverty and neglect and that provides mentoring and supports to biological parents as they develop the skills and resources necessary to adequately care for their children.

(3) PROGRAM REQUIREMENTS.—The creation of a child and family well-being system requires a fundamental change that refocuses all aspects of child welfare on supporting the family's role in caring for children. Successful implementation will result in a community-based network of support where the trauma of child removal is prevented and children are thriving in their own safe, permanent, and nurturing families. The designated lead agency shall collaborate with national experts that specialize in child welfare systems change to create a program that is required to do all of the following:

(a) Designate lead agency leadership that will identify a core group of agency individuals to develop a plan for creating necessary change in the way the agency works.

(b) Recognize that change of this magnitude is difficult

and time-consuming and determine steps necessary to attend to the well-being of individuals involved early on in the process to reduce undesired staff turnover and burnout and increase staff satisfaction and well-being.

(c) Develop a plan for creating a change in the way all partners in the process think about how to best keep families and children safe and together.

(d) Build working relationships throughout the process of change, including some unexpected or unconventional partners, allies, and mentors in the community.

(e) Provide regular and ongoing opportunities for the workforce to interact to discuss new ideas and principles that are needed for change to become permanent.

(f) Redirect resources toward primary prevention and away from removing children from their families.

(4) IMPLEMENTATION.—The department shall, in collaboration with the designated lead agency, the community alliance, and the Florida Institute for Child Welfare, design, implement, and evaluate the program requirements specified in subsection (3).

(5) REPORTING REQUIREMENTS.—By October 1, 2021, and annually thereafter, the Florida Institute for Child Welfare shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which evaluates the child and family well-being program, including, but not limited to, whether the program is in compliance with this section and the outcomes of the children served by the child and family well-being program.

Section 11. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 92
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services) and Senator Bean
SUBJECT:	Department of Children and Families
DATE:	April 21, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Moody	Cox	CF	**Favorable**
2.	Sneed	Kidd	AHS	**Recommend: Fav/CS**
3.	Sneed	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 92 makes a number of changes to various provisions related the Department of Children and Families (DCF) and entities under contract with the DCF, including community-based care lead agencies (lead agency) and managing entities (ME), who operate and provide services in the child welfare and behavioral health systems in accordance with chapters 394 and 409, F.S., respectively.

The bill makes the following changes:

- Requires, rather than authorizes, the DCF, contracted sheriffs' offices, and lead agencies to develop a formal family-finding program. The program must be implemented as soon as a child is taken into custody.
- Requires, rather than authorizes, each lead agency to establish a kinship navigator program.
- Removes the limitations for the family-finding and kinship navigator programs that tie the development of such programs to available resources.
- Requires the DCF to treat foster parents and other caregivers with dignity, respect, and trust while ensuring delivery of services is focused on the best interest of the child.
- Requires the DCF, rather than encourages, to provide information, training, and support to foster parents and caregivers except as otherwise provided by state or federal law.
- Amends the DCF's duties to collect and post information regarding the managing entities and lead agencies' compensation and findings of the multi-year review of their financial position.

- Removes requirement that the lead agencies post their current budgets on their websites and relocating it to the above-mentioned provision.
- Adds additional information that must be published by lead agencies on their websites to include the total number and percentage of case managers who have 25 or more cases on their caseloads.
- Requires lead agencies to fund the cost of increased care if subcontracted service providers must provide services that are beyond the contract limits due to increased client need or caseload.
- Requires through their contracts with the DCF that the lead agencies demonstrate the ability to adhere to best child welfare practices enumerated in chapters 39 and 409, Florida Statutes, and provide information on their adherence to such best practices.
- Requires board members or officers of a managing entity or lead agency to disclose specified activity that may reasonably be construed as a conflict of interest. The bill provides procedures to follow to address the potential conflict of interest.
- Requires the DCF to create a community alliance in each service area of the lead agency, rather than in each county, to align with the current service model in Florida.
- Modifies the membership of the community alliances by allowing the number of representative members to be increased from 20 to up to 30 members to provide for adequate representation of the diverse population within the service area.
- Directs the DCF to work in collaboration with the local community alliances to achieve community-focused delivery of child welfare services. Provides for an alternative plan that establishes an innovative consortium of partners in communities where conditions make it infeasible to competitively contract with a lead agency.
- Authorizes the DCF to review any decision by a department-recognized credentialing entity to impose a sanction against a child welfare professional upon request of an administrative hearing pursuant to ch. 120, F.S.
- Authorizes competency restoration treatment to be provided at any facility deemed appropriate by the DCF for a forensic client who is held in a jail awaiting admission to a facility and who is likely to regain competence to proceed in the foreseeable future.
- Creates a program that allows Florida to partner with national experts to implement a new child and family well-being system and requires the Florida Institute of Child Welfare to report to Governor and the Legislature annually on program compliance and outcomes.

The DCF estimates a fiscal impact on local government of $513,189, state government of $4,713,147, and the lead agencies of $15,175,268 to implement the family-finding and kinship navigator programs required under the bill. Additionally, the bill is projected to cost state government $360,000 annually for two years to contract with national experts on implementation of a new child and family well-being system. See Section V. Fiscal Impact Statement.

This bill is effective July 1, 2021.

II. Present Situation:

The DCF was created to support and promote stable and safe families.[1] The DCF is required to work with local partners to provide services by contract through private providers to the extent

[1] *See* s. 20.19, F.S.

allowed by law and within specified appropriations.[2] The DCF is responsible for providing services relating, amongst other services, to:

- Child care regulation;
- Child welfare;
- Domestic violence;
- Economic self-sufficiency;
- Homelessness;
- Mental health and substance abuse;
- Refugee services; and
- Human trafficking.[3]

Some of these services, which are affected by the bill, are explained in more detail below.

Community-based Care Lead Agency

The DCF operates a community-based care child welfare system that outsources foster care and related services to agencies with an increased local community ownership to enhance accountability, resource development, and system performance.[4] The DCF contracts with community-based care lead agencies (lead agency) to provide direct or indirect child welfare services.[5]

The DCF Duties

Notwithstanding that services are contracted with local lead agencies, the DCF remains responsible for providing child welfare and support services in accordance with federal and state law.[6] The Legislature has articulated several duties with which DCF must comply, including, in part, all of the following:

- Ensuring the DCF's contracts with the lead agencies contain specified terms, including to:
  - Provide for the services which must be provided as required under s. 409.988, F.S., and provide relevant information to the DCF related to the quality assurance program and the child welfare results-oriented accountability system;
  - Provide for tiered interventions and graduated penalties for failure to comply with the contract or performance deficiencies;
  - Require the lead agencies to provide current and accurate information of its activities related to case records in the statewide automated child welfare information system; and
  - Specify the procedures to resolve differences in interpreting the contract or to resolve a disagreement amongst the parties regarding compliance with the contract.
- Developing and maintaining written policies and procedures for monitoring compliance with the services that must be provided by lead agencies under their contracts and posted on the DCF website.

[5] *Id.*
[6] Section 409.996, F.S.

- Developing and implementing statewide and local interagency agreements to coordinate services that need to be provided to children and parents.
- Establishing a quality assurance program for contracted services to dependent children; and
- Evaluating lead agencies under contract at least once annually.[7]

Contracted Lead Agencies

A lead agency is a single entity with which the DCF has a contract for the provision of care in the child protection and welfare system.[8] The DCF enters into 5-year contracts with lead agencies for the procurement of services.[9] There are minimum requirements with which lead agencies must comply to be eligible to contract with the DCF, including, but not limited to:

- The lead agency must be organized as a Florida corporation or a governmental entity;[10]
- The board of directors or board committee must have the authority to approve the lead agency's budget and to hire the lead agency's executive director;[11] and
- The lead agency must also demonstrate financial responsibility by having a plan for regular fiscal audits and securing a performance bond.[12]

The lead agencies are obligated to perform several duties including, in part, to:

- Serve the children who are referred as a result of abuse, abandonment, or neglect reports;
- Provide accurate and timely information to the DCF, as specified in s. 409.997, F.S.;
- Follow financial guidelines developed by the DCF and provide for a regular independent audits;
- Post its current budget, including the salaries, bonuses and other compensation paid to the agency's chief executive officer, chief financial officer, and chief operating officer, or their equivalents, on the lead agency's website;
- Prepare and file all necessary court documents, and attend dependency court proceedings to give evidence;
- Ensure all individuals providing care to dependent children receive training and specified information and meet employment requirements;
- Maintain eligibility to receive all available federal child welfare funds;
- Maintain written agreements with Health Families Florida lead entities;
- Comply with federal and state statutory requirements and agency rules in the provision of contractual rules;
- Use authority to subcontract for the provision of services provided the lead agency contribute to services and meet specified criteria; and
- Post information regarding case management services on its website by a specified date.[13]

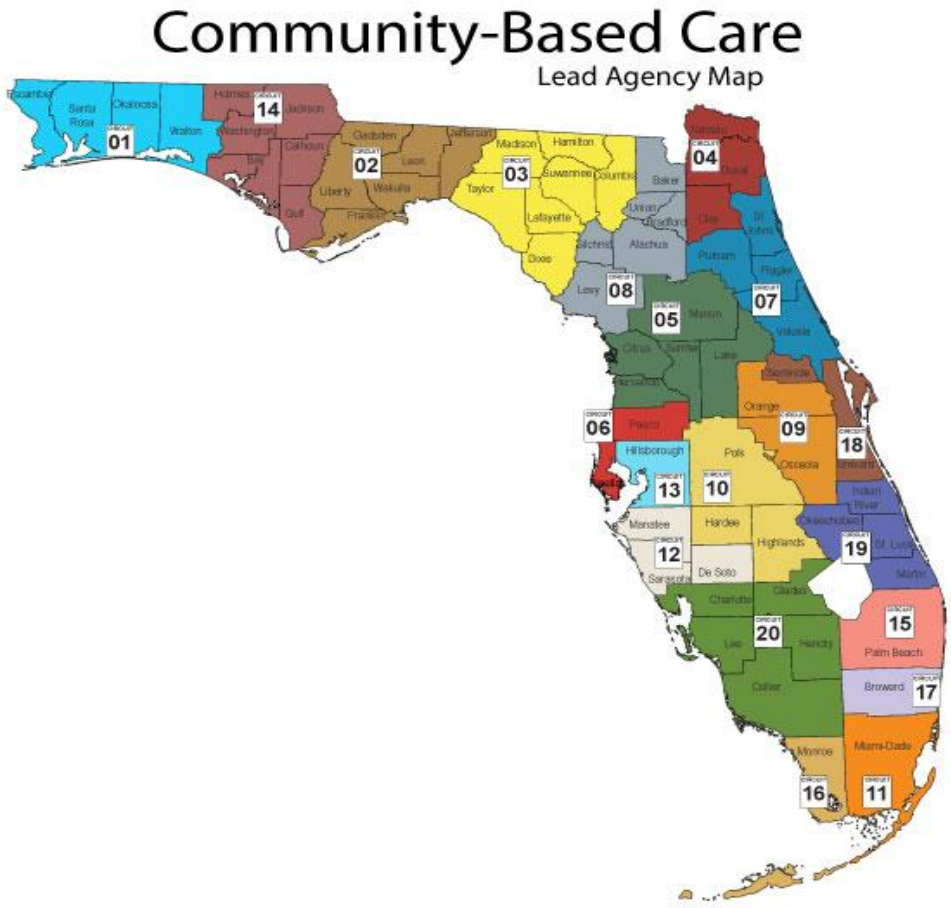
[9] Section 409.987(3), F.S.
[10] Section 409.987(4)(a), F.S.
[11] Section 409.987(4)(b), F.S.
[12] Section 409.987(4)(c), F.S.
[13] Section 409.988(1), F.S. Further, s. 409.988(1)(k), F.S., provides that lead agencies and subcontracted case management providers must disclose the average caseload of case managers for filled positions, the turnover rate for case managers and their supervisors for the previous 12 months, the percentage of required home visits completed, and performance on outcome measures required under s. 409.997, F.S., for the previous 12 months.

The DCF contracts with the following lead agencies as illustrated in the table and map below:[14]

Lead Agency	Circuit(s)
Lakeview Center, Families First Network	1
Big Bend Community Based Care, Inc.	2 & 14
Partnership for Strong Families	3 & 8
Family Support Services of North Florida, Inc.	4 (Duval and Nassau)
Kids First of Florida, Inc.	4 (Clay)
Kids Central, Inc.	5
Eckerd Community Alternatives	6 and 13
St Johns County Board of County Commissioners	7 (St Johns)
Community Partnership for Children, Inc.	7 (Flagler, Volusia, Putnam)
Embrace Families	9 and 18 (Seminole)
Heartland for Children	10
Citrus Family Care Network	11 and 16
Safe Children Coalition	12
ChildNet Inc.	15 and 17
Brevard Family Partnership	18 (Brevard)
Communities Connected for Kids	19
Children's Network of SW Florida	20

[14] The DCF, *Lead Agency Map, Community-Based Care*, available at: https://www.myflfamilies.com/service-programs/community-based-care/lead-agency-map.shtml (last visited March 11, 2021).



Funding

Section 409.990, F.S., requires that a contract between the DCF and a lead agency be funded through General Revenue, or other applicable state or federal funding sources.[15] Lead agencies must allocate their funding as provided under Florida law based on a proportion of child population, child abuse hotline workload, and children in care.[16]

Quality Assurance

The DCF shares responsibility with lead agencies and subcontractors to maintain a results-oriented accountability program that monitors and measures the use of resources, services provided, and outcomes achieved.[17] Reports must be produced quarterly, at a minimum, and

[15] Section 409.990, F.S.
[16] Section 409.991(2), F.S., provides that core services funds are calculated based on the proportion of the (a) child population weighted as 5 percent of the total; (b) child abuse hotline workload weighted as 35 percent of the total; and (c) children in care weighted as 60 percent of the total. Section 409.991(3), F.S., provides that beginning in the 2015-2016 fiscal year, 100 percent of the recurring core services funding must be based on the prior year recurring base core services funds, and any new funding be allocated as: (a) seventy percent of new funding amongst all lead agencies and (b) thirty percent of new funding to lead agencies that are funded below their equitable share.
[17] Section 409.997(2), F.S.

published on the DCF's website.[18] The DCF reports the results in a quarterly scorecard which summarizes key issues, namely safety, permanency, and well-being metrics.[19]

Community Alliances

The DCF is required to establish community alliances[20] which shall be made up of local stakeholders and representatives in each county to encourage and maintain community participation, and governance of community based services.[21] Each community alliance may encompass more than one county when such arrangement is determined to provide for more effective representation.[22] Community alliances have a duty, amongst other obligations, to serve as a catalyst for community resource development and promote prevention and early intervention.[23]

Community alliances are composed of a representative from the DCF, the county government, the school district, the county United Way, the county sheriff's office, the circuit court corresponding to the county, the county children's board, if one exists, and a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, and promote adoptions.[24] The community alliances must adopt bylaws and may increase the membership of the alliance if such increase is necessary to adequately represent the diversity of the population.[25] The additional members may include states attorneys, public defenders, their designees, or individuals from funding organizations, community leaders or individuals who have knowledge of community-based service issues.[26]

Prior to 2014, s. 409.1671(1)(d), F.S., in part, provided that the DCF could develop an alternative plan to outsource services in an area if it was impossible or not feasible to competitively contract with a lead agency.[27] The DCF was required to develop a plan in collaboration with the local community alliance.[28] It was required to detail how the community would implement community-based care through local providers, and to ensure control over management and administration of services.[29] A plan developed under this former provision had to include best business practices, including some form of public and private partnerships.[30]

Managing Entities (MEs)

The DCF administers a statewide system of safety-net services for substance abuse and mental health (SAMH) prevention, treatment and recovery for children and adults who are otherwise unable to obtain these services. SAMH programs include a range of prevention, acute interventions (e.g. crisis stabilization), residential treatment, transitional housing, outpatient treatment, and recovery support services. Services are provided based upon state and federally-established priority populations.[31]

In 2001, the Legislature authorized the DCF to implement behavioral health managing entities (ME) as the management structure for the delivery of local mental health and substance abuse services.[32] The implementation of the ME system initially began on a pilot basis and, in 2008, the Legislature authorized DCF to implement MEs statewide.[33] Full implementation of the statewide ME system occurred in 2013 and all geographic regions are now served by a managing entity.[34]

The DCF Duties

The DCF must also comply with duties with respect to the MEs, including, in part, to:
- Contract and conduct readiness reviews;
- Specify data reporting requirements and use of shared data systems;
- Define the priority populations that will receive care coordination;
- Support the development and implementation of a coordinated system of care;
- Contract to support efficient and effective administration and ensure accountability for performance; and[35]
- Periodically review contract and reporting requirements and reduce costly, duplicative, and unnecessary administrative requirements.[36]

Contracted MEs

The MEs are required to comply with various statutory duties, including, in part, to:
- Maintain a governing board;
- Promote and support care coordination;[37]
- Develop a comprehensive list of qualified providers;
- Monitor network providers' performances;
- Manage and allocate funds for services in accordance with federal and state laws, rules, regulations and grant requirements; and

[35] Section 394.9082(7), F.S., details the performance measurements and accountability requirements of MEs.
[36] Section 394.9082(3), F.S.
[37] Section 394.9082(6), F.S., sets out the network accreditation and systems coordination agreement requirements.

- Operate in a transparent manner, providing access to information, notice of meetings, and opportunities for public participation in ME decision making.[38]

The DCF contracts with seven MEs as shown in the map below and summarized as follows:
- Big Bend Community Based Care (blue).
- Lutheran Services Florida (yellow).
- Central Florida Cares Health System (orange).
- Central Florida Behavioral Health Network, Inc. (red).
- Southeast Florida Behavioral Health (pink).
- Broward Behavioral Health Network, Inc. (purple).
- South Florida Behavioral Health Network, Inc. (beige).[39]

[39] The DCF, *Managing Entities*, https://www.myflfamilies.com/service-programs/samh/managing-entities/ (last visited March 11, 2021).

The MEs in turn contract with local service providers for the delivery of mental health and substance abuse services.[40] In Fiscal Year 2018-2019, the network service providers under contract with the MEs served 339,093 individuals.[41]

Coordinated System of Care

MEs are required to promote the development and implementation of a coordinated system of care.[42] A coordinated system of care means a full array of behavioral and related services in a region or community offered by all service providers, participating either under contract with a ME or by another method of community partnership or mutual agreement.[43] A community or region provides a coordinated system of care for those suffering from mental illness or substance abuse disorder through a no-wrong-door model, to the extent allowed by available resources. If funding is provided by the Legislature, DCF may award system improvement grants to MEs.[44] MEs must submit detailed plans to enhance crisis services based on the no-wrong-door model or to meet specific needs identified in DCF's assessment of behavioral health services in this state.[45] The DCF must use performance-based contracts to award grants.[46] There are several essential elements that make up a coordinated system of care, including all of the following:

- Community interventions.
- Case management.
- Care coordination.
- Outpatient services.
- Residential services.
- Hospital inpatient care.
- Aftercare and post-discharge services.
- Medication assisted treatment and medication management.
- Recovery support.[47]

A coordinated system of care must include, but is not limited to, the following array of services:

- Prevention services.
- Home-based services.
- School-based services.
- Family therapy.
- Family support.
- Respite services.
- Outpatient treatment.
- Crisis stabilization.

[40] Managing entities create and manage provider networks by contracting with service providers for the delivery of substance abuse and mental health services.

[42] Section 394.9082(5)(d), F.S.
[43] Section 394.4573(1)(c), F.S.
[44] Section 394.4573(3), F.S. The Legislature has not funded system improvement grants.
[45] *Id.*
[46] *Id.*
[47] Section 394.4573(2), F.S.

- Therapeutic foster care.
- Residential treatment.
- Inpatient hospitalization.
- Case management.
- Services for victims of sex offenses.
- Transitional services.
- Trauma-informed services for children who have suffered sexual exploitation.[48]

Current law requires the DCF to define the priority populations which would benefit from receiving care coordination, including considerations when defining such population.[49] Considerations include the number and duration of involuntary admissions, the degree of involvement with the criminal justice system, the risk to public safety posed by the individual, the utilization of a treatment facility by the individual, the degree of utilization of behavioral health services, and whether the individual is a parent or caregiver who is involved with the child welfare system.

Funding and Expenses

Contracts with MEs are funded with General Revenue, other qualifying state funds, or applicable federal funding.[50] The MEs are required to develop and implement standards for collecting and reporting data related to crisis stabilization and detoxification and addictions receiving services.[51] The data is collected from entities who have received funds and operate under s. 394.875, F.S.[52] MEs are required to reconcile the data on a monthly basis, and submit the data to the DCF on a monthly and annual basis. The DCF is required to post data on its website regarding each ME's utilization of funds.[53]

Kinship Navigator Programs

Section 39.5086(2)(b), F.S., permits each lead agency to establish a kinship navigator program subject to available resources. A kinship navigator program is defined as a program designed to ensure that kinship caregivers are provided with the necessary resources for the preservation of the family.[54] The purpose of such program is to provide support and services to kinship caregivers, specifically to:

- Coordinate with other state and local agencies that promote service coordination or provide information and referral services;
- Plan and operate in consultation with kinship caregivers and organizations representing them, youth raised by kinship caregivers, relevant governmental agencies, and relevant community-based or faith-based organizations;
- Provide toll-free telephone hotline services with information to link kinship caregivers, kinship support facilitators, and kinship service providers;

[54] Section 39.5086(1)(c), F.S.

- Provide outreach to kinship care families, including by establishing, distributing, and updating a kinship care website, or other relevant guides or outreach materials; and
- Promote partnerships between public and private agencies, including schools, community-based or faith-based organizations, and relevant governmental agencies, to increase their knowledge of the needs of kinship care families to promote better services for those families.[55]

Several provisions of law provide for financial support to relative and non-relative caregivers of children who are in out-of-home care who meet specified criteria, including the:

- Guardianship Assistance Program;[56]
- Level I family foster care homes licensure if qualifications are met;[57]
- Relative Caregiver Program (RCP);[58] and
- Temporary Cash Assistance (TCA) Program.[59]

The DCF operating procedures require case workers to provide information to relative caregivers about the kinship navigation program, including referrals, and guidelines about the program.[60] All lead agencies except for one offer kinship services,[61] but the services provided do not meet the current statutory requirements for such a program.[62] The DCF reports that approximately 39 percent of lead agencies offer more than 31 of 41 best practice services. Fifty percent of lead agencies offer more than 65 percent of services for kinship caregivers and offer 85 percent of services for programmatic support.[63]

The Family First Prevention Act allows Title IV-E agencies to claim 50 percent of kinship navigator program costs if specified criteria are met.[64] The DCF has been working with the

[62] *Id.*
[63] The DCF Analysis, p. 12.
[64] *Id.* The DCF Analysis explains that lead agencies must use evidenced-based kinship navigation program to be eligible for funds. Also, under Title IV-E of the Social Security Act, states, territories, and tribes are entitled to claim partial federal reimbursement for the cost of providing foster care, adoption assistance, and kinship guardianship assistance to children who meet federal eligibility criteria. The Title IV-E program is administered by the Children's Bureau, an agency within the U.S. Department of Health and Human Services. The DCF is Florida's Title IV-E agency. *See* Congressional Research Service, *Child Welfare: A Detailed Overview of Program Eligibility and Funding for Foster Care, Adoption Assistance and Kinship Guardianship Assistance under Title IV-E of the Social Security Act*, available at https://www.everycrsreport.com/reports/R42792.html; the DCF, CFOP 170-15, available at https://www.myflfamilies.com/admin/publications/cfops/CFOP%20170-xx%20Child%20Welfare/CFOP%20170-

Children's Home Network to contribute to the evidence of their program.[65] The DCF received a one year grant and has been given the opportunity to continue receiving the Kinship grant to begin working with a second provider.[66] One of the DCF's objectives is to implement a plan with Kid's, Inc. to have one or more of its own models meet the eligibility requirements for federal reimbursement.[67]

Family-Finding Program

The DCF may establish a formal family-finding program, subject to available resources.[68] The family-finding program may begin as soon as the child is taken into custody and throughout the duration of the case, as necessary, locating and engaging as many family members as possible who may be candidates to assist with support and care of the child.[69] Florida law defines diligent search efforts to locate a parent or prospective parent,[70] but requires the DCF to make efforts beyond basic search tools by exploring alternative tools and methodology.[71]

The DCF has rule making authority to implement a family-finding program,[72] and must coordinate with the lead agencies to document strategies used to locate and engage the family to, in part:

- Attend visitation with the child;
- Assist with transportation of the child;
- Provide respite or child care services; or
- Provide actual kinship care.[73]

Between Fiscal Years 2001-02 and 2008-09, the DCF implemented or expanded family finding tools in all 67 counties to test the flexibility to use Title IV-E funding for expanded child welfare services and supports and to increase family connections in an effort to reduce the number of children in out-of-home care.[74] The six-step approach includes discovery, engagement, planning, decision making, evaluation, and follow-up support.[75] The overall conclusion was that the

flexible use of Title IV-E funds for expanded services reduces the number of children in out-of-home care through reunification of the child and the caregiver.[76]

Child and Family Well-being Programs

Florida law does not presently provide for a child and family well-being system. There are, however, goals that the DCF in conjunction with lead agencies, community-based subcontractors, and the community alliance must aspire to achieve are to protect the best interest of the children including, in part, to:

- Protect children from abuse and neglect;
- Ensure that children remain safely in their home, if possible and appropriate;
- Preserve family relationships; and
- Provide services to families[77] and children to meet the children's needs, including their educational and mental health needs, and skills for independent living.[78]

There are innovative programs being developed throughout the United States which focus on family well-being and implementing creative preventative measures to keep families intact.[79] The U.S. Department of Health & Human Services Children's Bureau (Children's Bureau) provides information, training assistance, and grants focused on strengthening families, protecting children, and ensuring children have permanent families with a goal of improving safety, permanency, and well-being.[80]

Casey Family Programs (CFP) is an organization that focuses on these key objectives of child-well-being. CFP was founded in 1966 and operates in all 50 states.[81] The program provides consulting, research and analysis, and services free of charge to advance the goal of child well-being.[82]

Alia is another program that is transforming child welfare systems by conducting research, providing strategy sessions, leadership coaching, and other workshops and events.[83] Alia promotes building an "unsystem" with five phases for implementing change to shift the primary focus of child welfare systems to "prevention". The five stages consist of:

- Preparing to Lead Change: Co-creating your Vision.
- Building the Foundation: Workforce Resilience.
- Shifting Agency Mindset: *Why* Change is Needed.
- Aligning Practice with your *Why*.

- Reaching a Tipping Point Toward Primary Prevention.[84]

South Carolina adopted a child welfare system with similar goals and objectives as these programs and allocates resources with a primary focus on a preventative system.[85] Key elements of the system include, in part, all of the following:

- Partnering with nonprofit and community-based organizations.
- Removing the stigma parents receive when receiving assistance.
- Engaging parents.
- Establishing family resource centers in local communities.
- Providing more services to meet families in locations convenient to them.
- Fostering a greater understanding of trauma.[86]

Out-of-Home Placement

Section 39.4087, F.S., establishes goals for the DCF to achieve and requirements to meet with respect to caregivers. Specifically, one goal of the DCF is to treat caregivers, including foster parents, with dignity, respect, and trust while ensuring services are aimed at achieving what is in the child's best interest.[87] Subject to available resources and any state or federal law to the contrary, the DCF is required to provide to caregivers an open exchange of information and supportive services.[88] For example, the DCF should:

- Provide training and support to the caregiver to help meet necessary requirements for the daily care and any special needs of the child; and
- Fully disclose all relevant information regarding the child and the background of his or her biological family, including, but not limited to:
  - Any delinquency or criminal record of the child; and
  - With parental consent to the extent required by law, any known health history and medical, psychological, or behavioral health issues or needs of the child.[89]

A caregiver must maintain the confidentiality of any information as required by law.[90]

Community-based care lead agencies are required to provide support for all licensed out-of-home caregivers,[91] including:

- Access to foster parent support groups;
- Service resources for children placed in the home;
- Foster parent mentors; and
- Service resources for caregivers.[92]

[92] Fla. Admin. Code R. 65C-45.011(1).

The community-based care lead agencies must also make contact with the licensed caregiver at least quarterly.[93] Several other rules address efforts required by the child protective investigator or case manager to assist or provide information to caregivers.[94] Licensure rules address a caregiver's obligation to maintain confidentiality.[95]

The DCF has also established operating procedures for providing services and support for children in care and for caregivers,[96] including supporting relatives who are caring for children placed in out-of-home care,[97] and nonrelative caregiver financial assistance.[98] Additional subsidies are available depending on the permanency status of the child.[99] The DCF procedures also list information with which the child welfare professional must provide to the relative caregiver for completing the home study.[100]

Conflicts of Interest

There are several Florida statutes which address transactions or other situations in which a conflict of interest exists or may exist,[101] and define the term "conflict of interest" in context of the statute with which it relates.[102]

Corporations

Florida laws on corporations define "director's conflict of interest transaction" as a transaction between a corporation and one or more of its directors, or another entity in which one or more of the corporation's directors is directly or indirectly a party to the transaction, other than being an indirect party as a result of being a shareholder of the corporation, and has a direct or indirect material financial interest or other material interest.[103] If a director's conflict of interest transaction is fair to the corporation at the time it is authorized, approved, effectuated, or ratified:

- Such transaction is not void or voidable; and

[93] Fla. Admin. Code R. 65C-45.011(2).
[94] *See* Fla. Admin. Code R. 65C-35.004 (assisting the caregiver with attending appointments with a child if the caregiver is unavailable); Fla. Admin. Code R. 65C-35.011(10) (informing the caregiver about the importance of communicating regarding a child's psychotropic medication and recommending they exchange contact details); and Fla. Admin. Code R. 65C-28.005(4) (regarding services and information relating to the child upon a change of placement).
[95] *See* Fla. Admin. Code R. 65C-45.003 (requiring an assessment of how, amongst other things, the caregiver will maintain confidentiality as required by law).
[96] Chapter 8, CFOP 170-10.
[97] Chapter 8, CFOP 170-10, p. 2-5. Several programs exist to provide relative caregiver support, including, but not limited to, the kinship navigator program, medical insurance, "at-risk child care subsidy, local flexible funds, "child-only" temporary cash assistance, and relative caregiver program.

[100] *Id.* at pp. 5-7.
[101] *See* ss. 112.312, 605.04092, 607.0832, and 617.0832, F.S.
[102] *See* ss. 112.312, and 605.0492, F.S.
[103] Section 607.0832, F.S.; *see also* s. 605.0492(1)(g), F.S., with respect to limited liability companies which defines "member's conflict of interest" as a transaction between a limited liability company and one or more of its members, or another entity in which one or more of the limited liability company's members is directly or indirectly a party to the transaction, other than being an indirect party as a result of being a member of the limited liability company, and has a direct or indirect material financial interest or other material interest.

- The fact that the transaction is a director's conflict of interest transaction is not grounds for any equitable relief, an award, or other sanctions.[104]

If proceedings challenging the validity of a director's conflict of interest transaction or proceedings seeking equitable relief, damages, or other sanction are brought, the person challenging the director's conflict of interest transaction has the burden to prove the lack of fairness of the transaction in specified situations.[105]

Nonprofit Organizations

Chapter 617, F.S., governs corporations not for profit and does not define conflict of interest. It provides, however, that no contract or other transaction between a corporation and one of its directors or other corporation in which one or more directors have an interest shall be void or voidable because of the relationship or interest, or because the interested director is present at the meeting which authorizes or ratifies such contract if:

- The relationship is disclosed or known to the other directors which authorizes or ratifies the transaction by a vote which is sufficient to approve the transaction without the interested director's vote;[106]
- The relationship is known or disclosed and the members entitled to vote authorize or ratify it by vote or written consent;[107] or
- The contract or transaction is fair and reasonable to the operation at the time is it authorized by the board, a committee, or the members.[108]

The transactions are required to be approved by a majority vote of the members.[109]

Public Officer and Employee

Public officers and employees must comply with standards of conduct provided for in s. 112.313, F.S. Chapter 112, F.S., restricts the type of business transactions that public officers and employees of an agency may have with a business entity in which the officer, employee, or the officer's or employee's specified family has a material interest.[110] Public officers and employees of agencies are also prohibited from having conflicting employment or contractual relationships with any business entity or regulation.[111] Section 112.312(8), F.S., defines "conflict" or "conflict of interest" as a situation in which regard for a private interest tends to lead to disregard of a public duty or interest.

[104] Section 607.0832(2), F.S. This is the case when because of the relationship or interest, because such director is present at the meeting in which the transaction was authorized, or because his or her votes are counted for such purpose.
[105] Section 607.0832(3), F.S. The presence of or a vote cast by a director with an interest does not affect the validity of an action if specified conditions are met.
[106] Section 617.0832(1)(a), F.S. The presence of a vote cast by a director having a relationship or interest does not affect the validity of any action taken under paragraph (1)(a) if the transaction is otherwise authorized or ratified in this paragraph.
[107] Section 617.0832(1)(b), F.S.
[108] Section 617.0832(1)(c), F.S.
[109] Section 617.0832(2) and (3), F.S.
[110] Section 112.313(3), F.S.
[111] Section 112.313(7), F.S.

Sanction against Certifications of Child Welfare Professionals

The DCF must approve at least one third-party credentialing entity[112] to develop and administer child welfare certification[113] programs for individuals who provide child welfare services.[114, 115] In order to obtain approval as a third-party credentialing entity from the DCF, the entity must comply with minimum requirements, including establishing professional requirements and standards to maintain certification, and maintaining a professional code of ethics and a disciplinary process.[116]

Unlike sanctions against addiction professionals in s. 397.321(15), F.S., current law is silent as to whether the DCF is authorized to conduct an administrative hearing pursuant to ss. 120.569 and 120.57(1), F.S., to review a DCF-recognized credentialing entity's decision to deny, revoke, suspend, or otherwise impose sanction on the certification of a child welfare professional.

Competency Restoration Treatment and Forensic Facilities

Chapter 916, F.S., governs the state forensic system, a network of state facilities and community services for persons with mental health issues involved with the criminal justice system. The forensic system serves defendants deemed incompetent to proceed or not guilty by reason of insanity. The court may appoint no more than three experts to determine a criminal defendant's mental condition, including competency to proceed.[117] A defendant is incompetent to proceed if he or she does not have sufficient present ability to consult with his or her lawyer with a reasonable degree of rational understanding or if the defendant has no rational or factual understanding of the proceedings against him or her.[118]

Every defendant who is charged with a felony and who is adjudicated incompetent to proceed may be involuntarily committed for treatment upon certain findings by the court of clear and convincing evidence.[119] A defendant who has been adjudicated incompetent to proceed due to mental illness and who meets the criteria for involuntary commitment may be committed to the DCF and the DCF must retain and treat the defendant.[120]

The DCF runs three mental health treatment facilities: the Florida State Hospital (FSH), the Northeast Florida State Hospital (NEFSH), and the North Florida Evaluation and Treatment

[112] Section 402.40(2)(g), F.S., defines "third-party credentialing entity" as a DCF-approved nonprofit organization that has met nationally recognized standards for developing and administering professional certification programs.
[113] Section 402.40(2)(a), F.S., defines "child welfare certification" as a professional credential awarded by a DCF approved third-party credentialing entity to individuals demonstrating core competency in any child welfare practice area.
[114] Section 402.40(2)(b), F.S., defines "child welfare services" as any intake, protective investigations, preprotective services, protective services, foster care, shelter and group care, and adoption and related services program, including supportive services and supervision provided to children who are alleged to have been abused, abandoned, or neglected or who are at risk of becoming, are alleged to be, or have been found dependent pursuant to ch. 39, F.S.
[115] Section 402.40(3), F.S.
[116] *Id.*
[117] Section 916.115(1), F.S.
[118] Section 916.12(1), F.S.

[120] Section 916.13(2), F.S.

Center (NFETC).[121] The DCF also contracts with a private provider to operate three additional facilities that provide competency restoration training. The facilities are the South Florida Evaluation and Treatment Center, South Florida State Hospital, and Treasure Coast Treatment Facility which are operated by Wellpath Recovery Solutions.[122]

III. Effect of Proposed Changes:

Lead agencies and Managing Entities (MEs)

Duties

The bill amends s. 409.988, F.S., requiring the lead agencies to demonstrate the ability to adhere to all best child welfare practices under ss. 39.4087, 39.523, 409.1415, and 409.145, F.S. Further, the bill amends s. 409.996, F.S., to require the DCF to include a provision in its contracts with the lead agencies which requires them to provide information specifying how the lead agency will adhere to this requirement.

Publication of Information

The bill amends s. 409.988, F.S., removing the requirement for the individual lead agency to post specified budget information, but requiring them to publish the total number and percentage of case managers who are assigned 25 or more cases on its website. Sections 394.9082 and 409.996, F.S., are amended to add a similar provision; however, the bill requires the DCF, rather than each entity, to collect and post on its website compensation benefits for employees of MEs and lead agencies. The term "employee" is defined as their Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, or any other executive staff of the managing entity. The requirement to post this information in one centralized location will provide more consistency with the information posted for lead agencies statewide.

The bill also requires the DCF to post findings of a multi-year review of specified financial information, including revenues, expenditures, and financial position relating to the MEs and lead agencies. It must be conducted every 2 years relating to the MEs and lead agencies, and the agencies and entities must develop and maintain a plan to achieve financial viability. The review findings must be reported to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each year.

Conflicts of Interest

The bill creates ss. 394.90825 and 409.987(7), F.S., establishing a process for disclosing and eliminating any transaction or activity that could reasonably be construed to be a conflict of interest for a member, officer, or relative of a lead agency or ME. The bill defines the following terms:

- "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the managing

[121] The DCF, *State Mental Health Treatment Facilities*, available at https://www.myflfamilies.com/service-programs/mental-health/state-mental-health-treatment-facilities.shtml (last visited April 20, 2021).
[122] *Id*.

entity for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.[123]

- "Conflict of interest" means when a board member or an officer, or a relative of a board member or an officer, of the managing entity/lead agency does any of the following:
  - Enters into a contract or other transaction for goods or services with the managing entity/lead agency;
  - Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the managing entity/lead agency or proposes to enter into a contract or other transaction with the managing entity/lead agency; or[124]
  - Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the relationship of such member or officer, or relative of the member or officer, with the managing entity/lead agency.[125]
- "Managing entity" has the same meaning as in s. 394.9082, F.S.[126]
- "Relative" means a relative within the third degree of consanguinity by blood or marriage.[127]

For any activity that is presented to the board of these entities for initial consideration and approval after July 1, 2021, or any contract which is being considered for renewal between July 1, 2021 and December 31, 2021, a board member or officer must make a disclosure of such potential conflict of interest. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice.

If a contract is not subject to renewal before January 1, 2022, the board member or officer must disclose any information that could reasonably be construed to be a conflict of interest by December 31, 2021.

Any proposed activity or existing contract which does give rise to a disclosure obligation must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and relevant documents related to the transaction must be included. The meeting agenda must clearly state the potential conflict of interest. The board must be given an opportunity to approve or disapprove the conflict of interest by a vote of two-thirds of all other members present.

If the board votes against the proposed activity, the board member or officer must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity or the board member or officer must resign. If the board finds that an officer or member has violated this provision, he or she will be deemed removed from office before the next scheduled board meeting. If the board votes against the renewal of an existing contract which gives rise to a conflict of interest, the parties to the activity may opt to cancel the activity,

[123] Sections 394.90825(1)(a) and 409.987(7)(a)1., F.S.
[124] Sections 349.90825(1)(b) and 409.987(7)(b)2., F.S. For purposes of this provision, the bill provides that the term "indirect interest" has the same meaning as provided in s. 112.312, F.S.
[125] For purposes of this provision, the bill provides that the term 'benefit' does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.
[126] Section 394.90825(1)(c), F.S.
[127] Sections 394.90825(1)(d) and 409.987(7)3., F.S.

or in the alternative, the member or officer must resign from the board before the next scheduled meeting. The bill provides for limitations on damages under any existing contracts.

A board member, officer, or relative who has an interest in an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board, make a presentation, and then leave the meeting during any relevant discussion by the other board members. A member or officer who is a party to, or has an interest in, the activity shall recuse himself or herself from the vote.

A contract entered into between a board member, officer, or relative of a member or an officer in which there is a conflict of interest or potential conflict of interest, is void or voidable and terminates upon the filing of a written notice to the board which contains at least 20 percent of the voting interests of the managing entity.

MEs will need to amend their by-laws or articles of incorporation to ensure that the new requirements for potential conflict of interest transactions are incorporated.[128] The DCF would need to amend existing contracts with lead agencies and may need addendums to active Invitations to Negotiate in relation to several amendments proposed by the bill.[129] The DCF also would need to edit the Supplemental Contract related to future Invitations to Negotiate.[130]

Funding

The bill amends s. 409.990, F.S., to require lead agencies to fund the cost of increased care if a subcontracted service provider must provide services that are beyond the contract limits due to increased client need or caseload.

Community Alliances

The bill amends s. 20.19, F.S., modifying the requirement for the DCF to form a community alliance to cover a county or counties, to cover a "community-based care lead agency service area" instead.

It also requires each community alliance to adopt bylaws to determine the specific membership composition that best represents the local area being serviced by the alliance, and redefines the membership to a minimum of 20 members from a specified list of representatives, including all of the following:

- A representative from the DCF.
- Representatives from local government.
- Representatives from the school district.
- A representative from the United Way.
- Representatives from county sheriffs' offices.
- A representative from each circuit court in the lead agency service area.
- A representative from the children's services council, if one exists.

[130] *Id.*

- A representative of a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, or promote adoption.

This section also requires community alliances to adopt bylaws that allow for increased membership to no more than 30 members if the change is necessary to adequately represent the diversity in population within the community alliance service area.

The bill amends s. 409.997, F.S., requiring the DCF to develop, in collaboration with the local community alliance, an alternative plan with specified details to use local community entities to implement community-based care services if conditions make it impossible or not feasible to competitively contract with a lead agency. This provision allows for the DCF and community alliance to work with partners that may include, but not be limited to, private entities, local and county governmental entities. The plan created must detail how the community will continue to implement community-based care through competitively procuring either the specific components of foster care and related services or comprehensive services for defined eligible populations of children and families. The bill requires the plan to ensure local control over the management and administration of the service provision and to adhere to recognized best business practices, including, but not limited to, the use of public or private partnerships. The bill is substantially similar to former s. 409.1671(1)(d), F.S. (2013), before that section was repealed by ch. 2014-224, s. 46, Laws of Florida.

Family-Finding and Kinship Navigator Programs

Sections 39.4015 and 39.5086, F.S., are amended to require, rather than permit if resources are available, the establishment of a formal family-finding program and kinship navigator program. The amendments clarify that family-finding efforts must go beyond basic search tools to comply with each of efforts required by the DCF and lead agencies' to search for children's families. The DCF may adopt rules to implement these programs.

Lead agencies would be encouraged to meet federal standards for the kinship program to claim 50 percent of the applicable costs.[131]

The Children's Home Network has an existing kinship navigator program that is recognized by the Children's Bureau and is collaborating with the DCF to become rated in the clearinghouse for future utilization in all lead agencies.[132]

Child and Family Well-Being

The bill requires the DCF to establish a program that consists of a child and family well-being, system[133] to provide services through contracts with lead agencies in accordance with s. 409.987, F.S. The bill provides program requirements, including:

- Creating a system that requires fundamental change;

[131] The DCF Analysis at p. 5.
[132] The DCF Analysis at p. 10.
[133] Section 409.998(2), F.S., defines "child and family well-being system" as a system that recognizes the difference between poverty and neglect and that provides mentoring and supports to biological parents as they develop the skills and resources necessary to adequately care for their children.

- Designating lead agency leadership that will identify a core group of agency individuals to develop a plan for creating the change;
- Recognizing that change of this magnitude is difficult and time-consuming, and determine steps to determine the well-being of individuals involved at an early stage of the process;
- Developing a plan for creating a change in the way partners view the process;
- Building relationships throughout the process of change;
- Providing regular interaction amongst the workforce to discuss changes that are needed; and
- Redirecting resources toward primary prevention and away from removing children from their homes.

The DCF must implement the program in collaboration with the designated lead agency, community alliance, and Florida Institute for Child Welfare. By October 1, 2021, and annually thereafter, the Florida Institute for Child Welfare must report to the Governor, President of the Senate, and the Speaker of the House of Representatives regarding program compliance and outcomes of the program.

The DCF has begun transitioning to a prevention focused child and family well-being system in accordance with the Family First Prevention Services Act (FFPSA) which authorizes new Title IV-E funding for a limited time period and in limited circumstances.[134]

Caregivers

The bill provides that the DCF is required to treat caregivers in a certain manner and provide specified support and information that was formerly considered to be discretionary, depending on resources and subject to any laws to the contrary. Specifically, the DCF must treat caregivers with dignity, respect and trust while providing services that are in the best interest of the child. Also, the DCF now must provide specified support and information set out in s. 39.4087(1), F.S., including:

- Providing an explanation to the caregiver regarding the roles of the persons involved;
- Providing training and support to the caregiver;
- Disclosing all relevant information regarding the child and the background of his or her biological family;
- Allowing caregivers to communicate with professionals who work with the child;
- Providing a means by which a caregiver may contact the lead agency 24 hours a day, 7 days a week;
- Soliciting and considering caregiver input on a child's case plan;
- Providing a clear, written explanation to a caregiver of any plan concerning the placement of a child;
- Providing information on any emergency situation which arises;
- Allowing a caregiver to request removal of the child without retaliation;
- Informing the caregiver as soon as possible of any decision made by the court or child-caring agency relating to a child who is placed with the caregiver;
- Giving at least 7 days' notice to a caregiver of any meeting or court hearing;
- Considering the caregiver as placement for the child if the child reenters out-of-home care;

[134] The DCF Analysis at p. 8.

- Allowing a caregiver a period of respite upon reasonable notice; and
- Providing the caregiver, upon request, with copies of all information in the department's records regarding the caregiver.

The amendments to this subsection clarify that a caregiver must maintain confidentiality of any information as required by law, rather than this requirement being stated in relation only to the information the caregiver receives related to the child and the background of his or her biological family.

Sanction against Certified Child Welfare Professionals

The bill provides that the DCF may review pursuant to s. 397.321(15), F.S., any decision by a department-recognized credentialing entity to deny, revoke, or suspend a certification, or otherwise sanction an individual who is certified as a child welfare professional. This means that an individual who has his or her certification sanctioned may request an administrative hearing pursuant to ch. 120, F.S., for the DCF to review the decision.

Competency Restoration Treatment

The bill amends s. 916.13, F.S., to grant the DCF the discretion to place at any facility deemed appropriate a forensic client who is held in a jail awaiting admission to a facility and who is likely to regain competence to proceed in the foreseeable future.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

It is anticipated that a staff person will be needed by each CBC lead agency to sufficiently implement a family-finder program. Currently, five of the CBC lead agencies have an active family-finder program. For the 14 lead agencies that do not currently implement a family-finder program, adding one staff position each will cost $964,106 annually, plus one-time costs of $62,272.

The CBC lead agencies do not currently operate kinship navigator programs. It is projected that the 19 lead agencies will need an average of 11 positions each to implement a kinship navigator program. The positions for each lead agency include a director, a program manager, an intake coordinator, two peer navigators, four family support navigators, and two part-time support group assistants. However, a lead agency may contract with a child welfare provider for the kinship navigator services. It should be noted that Children's Home Network is an agency under contract with a CBC lead agency to provide a kinship navigator pilot program. The pilot program is the process of becoming an approved evidence-based program. Once it has received federal approval as an evidence-based program, it can be replicated in other CBC lead agencies. The cost to staff the lead agency or to contract for kinship navigator services is estimated to cost each lead agency $695,750 annually, including expenses and travel costs to conduct the program. The lead agencies will likely use current resources to support the technology requirements of the kinship navigator program. Total projected costs for the lead agencies are estimated to be $14,148,890 ($13,219,258 in recurring costs and $929,632 in one-time costs.

In summary, total costs for the lead agencies to implement the family-finder and kinship navigator programs are projected to be $15,175,268 which includes one-time costs totaling $991,904.[135]

C. Government Sector Impact:

It is anticipated that the seven sheriffs' offices that conduct their own child protective investigations will need to hire an additional staff position to implement the family-finding program. The cost for the additional staffing is projected to total $513,189, which includes one-time costs of $31,136.[136]

[135] The DCF, *Senate Bill 92 Fiscal Analysis*, p. 10 (Feb. 10, 2021, as revised Mar. 26, 2021) (on file with the Senate Appropriations Subcommittee on Health and Human Services).
[136] The DCF Analysis at p. 9.

The DCF projects the need for 64 additional Child Protective Investigator FTE positions to implement the family-finding program.[137] Estimated expenditures, including Salaries and Benefits and associated expenses, total $4,713,147, including one-time costs of $284,672.[138] The DCF will likely require minimal use of existing technology resources to adapt any websites and contracts, as necessary.[139] Additionally, the bill is projected to cost the DCF $360,000 annually for two years to contract with national experts on the implementation of a new child and family well-being system.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.19, 30.4015, 39.4087, 39.5086, 394.9082, 409.987, 409.988, and 409.996.

This bill creates the following sections of the Florida Statutes: 394.90825 and 409.998.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute makes the following changes:

- Modifies the DCF's requirement to collect and post on its website annual and other specified expenses, and instead requires the DCF to post and report findings related to a multi-year review of the lead agencies' and ME's financial information; and
- Removes the bill's proposed salary cap for managing entities' employees, and the change to reduce the salary cap for lead agencies' employees.
- Requires, rather than authorizes, the DCF, contracted sheriffs' offices, and lead agencies to develop a formal family-finding program. The program must be implemented as soon as a child is taken into custody.
- Requires, rather than authorizes, each lead agency to establish a kinship navigator program.
- Removes the limitations for the family-finding and kinship navigator programs that tie the development of such programs to available resources.

[137] The DCF Analysis at p. 9.
[138] *Id.*
[139] *Id.*

- Requires the DCF to treat foster parents and other caregivers with dignity, respect, and trust while ensuring delivery of services is focused on the best interest of the child.
- Requires the DCF, rather than encourages, to provide information, training, and support to foster parents and caregivers except as otherwise provided by state or federal law.
- Amends the DCF's duties to collect and post information regarding the managing entities and lead agencies' compensation and findings of the multi-year review of their financial position.
- Removes requirement that the lead agencies post their current budgets on their websites and relocating it to the above-mentioned provision.
- Adds additional information that must be published by lead agencies on its websites to include the total number and percentage of case managers who have 25 or more cases on their caseloads.
- Requires lead agencies to fund the cost of increased care if subcontracted service providers must provide services that are beyond the contract limits due to increased client need or caseload.
- Requires through their contracts with the DCF that the lead agencies demonstrate the ability to adhere to best child welfare practices enumerated in chapters 39 and 409, Florida Statutes, and provide information on their adherence to such best practices.
- Requires board members or officers of a managing entity or lead agency to disclose specified activity that may reasonably be construed as a conflict of interest. The bill provides procedures to follow to address the potential conflict of interest.
- Requires the DCF to create a community alliance in each service area of the lead agency, rather than in each county, to align with the current service model in Florida.
- Modifies the membership of the community alliances by allowing the number of representative members to be increased from 20 to up to 30 members to provide for adequate representation of the diverse population within the service area.
- Directs the DCF to work in collaboration with the local community alliances to achieve community-focused delivery of child welfare services. Provides for an alternative plan that establishes an innovative consortium of partners in communities where conditions make it infeasible to competitively contract with a lead agency.
- Authorizes the DCF to review any decision by a department-recognized credentialing entity to impose a sanction against a child welfare professional upon request of an administrative hearing pursuant to ch. 120, F.S.
- Authorizes competency restoration treatment to be provided at any facility deemed appropriate by the DCF for a forensic client who is held in a jail awaiting admission to a facility and who is likely to regain competence to proceed in the foreseeable future.
- Creates a program that allows Florida to partner with national experts to implement a new child and family well-being system and requires the Florida Institute of Child Welfare to report to Governor and the Legislature annually on program compliance and outcomes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Bean

4-01356F-21 202192__

A bill to be entitled

An act relating to the Department of Children and Families; amending s. 20.19, F.S.; requiring the department to establish community alliances in each community-based care lead agency service area; requiring community alliances to adopt certain bylaws; revising the membership of community alliances; amending s. 39.4015, F.S.; requiring, rather than authorizing, the department to develop a family-finding program; removing the limitation that the development of family-finding programs is subject to available resources; requiring that family finding begin as soon as a child is taken into custody of the department; making technical changes; amending s. 39.4087, F.S.; requiring the department to treat caregivers in a specified manner; requiring the department to provide certain information to and training for caregivers of children in foster care; removing the requirement that such information be provided subject to available resources; expanding certain information that is required to be fully disclosed to the caregivers to include the child's issues related to behavioral health; making technical changes; amending s. 39.5086, F.S.; removing the limitation that the development of kinship navigator programs is subject to available resources; requiring, rather than authorizing, each community-based care lead agency to establish a kinship navigator program; amending s. 394.9082, F.S.; requiring the department

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

4-01356F-21 202192__

to collect and post specified information on its website for each managing entity under contract with the department; defining the term "employee"; providing a limitation on the managing entity employees' salaries; requiring that contracts and amendments to existing contracts between the department and managing entities include a specified provision; creating s. 394.90825, F.S.; defining terms; requiring a board member or an officer of a managing entity to disclose specified activity that may reasonably be construed as a conflict of interest; creating a rebuttable presumption of a conflict of interest if the activity was acted upon by the board without prior notice; establishing a process for the managing entity's board of directors to address the activity under certain timelines; providing for certain consequences for failure to obtain a board's approval or failure to properly disclose a contract as a conflict of interest; amending s. 409.987, F.S.; requiring the department to develop an alternative plan to contracting with a lead agency in a community under certain circumstances; providing requirements for the alternative plan; defining terms; requiring a board member or an officer of a lead agency to disclose activity that may reasonably be construed as a conflict of interest; creating a rebuttable presumption of a conflict of interest if the activity was acted upon by the board without prior notice; establishing a process for the lead agency's board of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

directors to address the activity under certain timelines; providing for certain consequences for failure to obtain a board's approval or failure to properly disclose a contract as a conflict of interest; amending s. 409.988, F.S.; deleting a requirement that lead agencies post their current budgets on their websites; requiring a lead agency to demonstrate the ability to adhere to all best child welfare practices; amending s. 409.992, F.S.; defining the term "employee"; revising a limitation on salaries of community-based care lead agency employees; requiring that contracts and amendments to existing contracts between the department and lead agencies include a specified provision; amending s. 409.996, F.S.; requiring that contracts between the department and lead agencies provide information to the department which specifies how the lead agency will adhere to all best child welfare practices; requiring the department to collect and post on its website specified information relating to contracts between lead agencies and the department; creating s. 409.998, F.S.; providing legislative findings and intent; requiring the department to establish a program that consists of a child and family well-being system; requiring the designated lead agency to carry out programmatic functions; defining the term "child and family well-being system"; specifying program requirements; requiring the department, in collaboration with specified entities, to design,

implement, and evaluate the program requirements; requiring the Florida Institute for Child Welfare, by a specified date, to annually submit a report to the Governor and the Legislature; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraphs (a), (d), and (e) of subsection (5) of section 20.19, Florida Statutes, are amended to read:

20.19 Department of Children and Families.—There is created a Department of Children and Families.

(5) COMMUNITY ALLIANCES.—

(a) The department shall, in consultation with local communities, establish a community alliance ~~or similar group~~ of the stakeholders, community leaders, client representatives, and funders of human services in each community-based care lead agency service area ~~county~~ to provide a focal point for community participation and governance of community-based services. ~~An alliance may cover more than one county when such arrangement is determined to provide for more effective representation.~~ The community alliance shall represent the diversity of the community.

(d) Each community alliance shall adopt bylaws to determine the specific membership composition that best represents the local community served by that community alliance. The membership of a ~~the~~ community alliance must ~~in a county shall at a minimum~~ be composed of no more than 20 members selected from the following:

1. A representative from the department.

2. Representatives ~~A representative~~ from local ~~county~~ government.

3. Representatives ~~A representative~~ from the school district.

4. A representative from the ~~county~~ United Way.

5. Representatives ~~A representative~~ from ~~the~~ county sheriffs' offices ~~sheriff's office~~.

6. A representative from each ~~the~~ circuit court in the lead agency service area ~~corresponding to the county~~.

7. A representative from the ~~county~~ children's services council ~~board~~, if one exists.

8. A representative of a faith-based organization involved in efforts to prevent child maltreatment, strengthen families, or promote adoption.

(e) The community alliance shall adopt bylaws that allow for the ~~and may increase the~~ membership of the alliance to be increased to no more than 30 members if, in the judgment of the alliance, such change is necessary to adequately represent the diversity of the population within the community alliance service circuits. The additional membership may ~~to~~ include the state attorney for the judicial circuit in which the community alliance is located, or his or her designee~~;~~ ~~,~~ the public defender for the judicial circuit in which the community alliance is located, or his or her designee; or~~, and~~ other individuals and organizations who otherwise represent perspectives that will enable the community alliance to accomplish the duties specified in paragraph (b). Such individuals and organizations may include, but need not be

limited to, ~~represent~~ funding organizations, ~~are~~ community leaders, and individuals who have knowledge of community-based service issues~~, or otherwise represent perspectives that will enable them to accomplish the duties listed in paragraph (b), if, in the judgment of the alliance, such change is necessary to adequately represent the diversity of the population within the community alliance service circuits~~.

Section 2. Subsection (3) of section 39.4015, Florida Statutes, is amended to read:

39.4015 Family finding.—

(3) FAMILY-FINDING PROGRAM.~~—Subject to available resources,~~ The department, in collaboration with sheriffs' offices that conduct child protective investigations and community-based care lead agencies, shall ~~may~~ develop a formal family-finding program to be implemented by child protective investigators and community-based care lead agencies ~~as resources permit~~.

(a) Family finding shall ~~may~~ begin as soon as a child is taken into custody of the department, pursuant to s. 39.401, and throughout the duration of the case as necessary, finding and engaging with as many family members and fictive kin as possible for each child who may help with care or support for the child. The department or community-based care lead agency must specifically document strategies taken to locate and engage relatives and fictive kin. Strategies of engagement may include, but are not limited to, asking the relatives and fictive kin to:

1. Participate in a family group decision-making ~~decisionmaking~~ conference, family team conferencing, or other family meetings aimed at developing or supporting the family service plan;

2. Attend visitations with the child;

3. Assist in transportation of the child;

4. Provide respite or child care services; or

5. Provide actual kinship care.

(b) The family-finding ~~family finding~~ program shall provide the department and the community-based care lead agencies with best practices for identifying family and fictive kin. The family-finding ~~family finding~~ program must use diligent efforts in family finding and~~,~~ must continue those efforts until multiple relatives and fictive kin are identified~~, and must go beyond basic searching tools by exploring alternative tools and methodologies~~. Family-finding ~~Family finding~~ efforts by the department and the community-based care lead agency may include, but are not limited to:

1. Searching for and locating adult relatives and fictive kin.

2. Identifying and building positive connections between the child and the child's relatives and fictive kin.

3. Supporting the engagement of relatives and fictive kin in social service planning and delivery of services and creating a network of extended family support to assist in remedying the concerns that led to the child becoming involved with the child welfare system, when appropriate.

4. Maintaining family connections, when possible.

5. Keeping siblings together in care, when in the best interest of each child and when possible.

(c) To be compliant with this section, family-finding efforts must go beyond basic searching tools by exploring alternative tools and methodologies. A basic computer search

using the Internet or attempts to contact known relatives at a last known address or telephone number do not constitute effective family finding.

Section 3. Section 39.4087, Florida Statutes, is amended to read:

39.4087 Department ~~goals and~~ requirements relating to caregivers; dispute resolution.—

(1) To provide the best care to children, the Legislature requires ~~establishes as goals for~~ the department to treat foster parents, kinship caregivers, and nonrelative caregivers with dignity, respect, and trust while ensuring delivery of child welfare services is focused on the best interest of the child. To that end, regarding foster parents, kinship caregivers, and nonrelative caregivers caring for dependent children in their home, to the extent not otherwise prohibited by state or federal law ~~and to the extent of current resources~~, the department is required to do all of the following ~~will strive to~~:

(a) Provide a clear explanation to a caregiver on the role of the department, the role of the child's biological family as it relates to the delivery of child welfare services, and the rights and responsibilities of the caregiver.

(b) Provide training and support to the caregiver to help meet the necessary requirements for the daily care of the child and any special needs the child may have.

(c)1. Fully disclose all relevant information regarding the child and the background of his or her biological family. ~~A caregiver must maintain the confidentiality of any information as required by law.~~ Such disclosure includes, but is not limited to:

a.~~1.~~ Any issues relative to the child that may jeopardize the health and safety of the caregiver or other individuals residing in the household or alter the manner in which the caregiver would normally provide care.

b.~~2.~~ Any delinquency or criminal record of the child, including, but not limited to, any pending petitions or adjudications of delinquency when the conduct constituting the delinquent act, if committed by an adult, would constitute murder in the first degree, murder in the second degree, rape, robbery, or kidnapping.

c.~~3.~~ Information about any physical or sexual abuse the child has experienced.

d.~~4.~~ Any behavioral issues that may affect the care and supervision of the child.

e.~~5.~~ With parental consent to the extent required by law, any known health history and medical, psychological, or behavioral ~~mental~~ health issues or needs of the child, including, but not limited to, current infectious diseases the child has or any episodes of hospitalization due to mental or physical illness.

2. A caregiver must maintain the confidentiality of any information as required by law.

(d) Allow caregivers to communicate with professionals who work with the child, including, but not limited to, therapists and other behavioral health professionals, physicians and other health care professionals, and teachers.

(e) Provide a means by which a caregiver may contact the community-based care lead agency 24 hours a day, 7 days a week, for the purpose of receiving assistance from the lead agency.

(f) Solicit and consider caregiver input on a child's case plan.

(g) Provide a clear, written explanation to a caregiver of any plan concerning the placement of a child in the caregiver's home. If a plan was not developed before the placement, the department must provide a clear, written explanation to the caregiver once the plan is developed.

(h) Provide information, when it becomes available, on any emergency situation that requires a child to be placed in the caregiver's home.

(i) Allow a caregiver to request the removal of a child from the home without retaliation. However, the caregiver must be open to receiving training or other support services that may mitigate the need for the child's removal. If removal occurs, the caregiver shall cooperate with any transition that is in the best interest of the child to the extent that doing so is safe for the caregiver and other individuals in the caregiver's home.

(j) Inform the caregiver as soon as possible of any decision made by a court or child-caring agency relating to a child who is placed with the caregiver.

(k) Give at least 7 days' notice to a caregiver, to the extent possible, of any meeting or court hearing related to a child in his or her care. The notice must ~~shall~~ include, at minimum, ~~but is not limited to,~~ the name of the judge or hearing officer, the docket number, and the purpose and location of the hearing or meeting. If the department is providing such information to a child's biological parent, the department shall provide notice to the caregiver at the same time as the biological parent.

(l) ~~If the caregiver agrees,~~ Consider the caregiver as a placement option for a child if such child, who was formerly placed with the caregiver, reenters out-of-home care and the caregiver agrees to the child being placed with the caregiver upon reentry ~~and reenters out-of-home care~~.

(m) Upon reasonable notice from a caregiver, allow him or her a period of respite.

(n) Upon request, provide a caregiver with copies of all information in the department's records relating to the caregiver.

(2)(a) If a caregiver believes that the department, an employee of the department, an agency under contract with the department, or an employee of such agency has violated this section, and that the violation has harmed or could harm a child who is or was in the custody of the department, or that the violation inhibited the caregiver's ability to meet the child's needs as set forth in the case plan, the caregiver may notify the liaison assigned to the caregiver or the child's case manager. The liaison or case manager must make every attempt to resolve the dispute.

(b) If a caregiver believes the dispute is not adequately resolved by the case manager, the caregiver or the liaison for the caregiver may contact the supervisor of the liaison or the supervisor of the case manager. If the caregiver or the liaison for the caregiver contacts a supervisor in writing, he or she may copy the department on the communication, and the department shall maintain a record of any such communication received.

(c) If a caregiver believes that the supervisor of the liaison or the supervisor of the case manager did not adequately

resolve the dispute, the caregiver may contact the department, and the department must conduct a review and respond to the caregiver in writing within 30 days after being contacted.

Section 4. Paragraph (b) of subsection (2) of section 39.5086, Florida Statutes, is amended to read:

39.5086 Kinship navigator programs.—

(2) PURPOSE AND SERVICES.—

(b) ~~Subject to available resources,~~ Each community-based care lead agency shall ~~may~~ establish a kinship navigator program that:

1. Coordinates with other state or local agencies that promote service coordination or provide information and referral services, including any entities that participate in the Florida 211 Network, to avoid duplication or fragmentation of services to kinship care families;

2. Is planned and operated in consultation with kinship caregivers and organizations representing them, youth raised by kinship caregivers, relevant governmental agencies, and relevant community-based or faith-based organizations;

3. Has a toll-free telephone hotline to provide information to link kinship caregivers, kinship support group facilitators, and kinship service providers to:

a. One another;

b. Eligibility and enrollment information for federal, state, and local benefits;

c. Relevant training to assist kinship caregivers in caregiving and in obtaining benefits and services; and

d. Relevant knowledge related to legal options available for child custody, other legal assistance, and help in obtaining

legal services.

4. Provides outreach to kinship care families, including by establishing, distributing, and updating a kinship care website, or other relevant guides or outreach materials; and

5. Promotes partnerships between public and private agencies, including schools, community-based or faith-based organizations, and relevant governmental agencies, to increase their knowledge of the needs of kinship care families to promote better services for those families.

Section 5. Present paragraphs (f) through (j) of subsection (4) of section 394.9082, Florida Statutes, are redesignated as paragraphs (h) through (l), respectively, paragraph (m) is added to subsection (3) and new paragraphs (f) and (g) are added to subsection (4) of that section, and paragraph (a) of subsection (6) of that section is amended, to read:

394.9082 Behavioral health managing entities.—

(3) DEPARTMENT DUTIES.—The department shall:

(m) Collect and post all of the following information on its website, updated annually, for each managing entity under contract with the department:

1. Current salaries, bonuses, and other compensation paid, by position, for any employee who receives a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, in excess of 100 percent of the annual salary paid to the secretary of the Department of Children and Families. For purposes of this subparagraph, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any

other executive staff of the managing entity.

2. Annual expenses, reported as both a percentage of total managing entity funds and as a total dollar amount, as follows:

a. Program expenses, including, but not limited to, costs directly related to carrying out the managing entity's mission, which result in services being provided;

b. Administrative expenses, including, but not limited to, costs of board of director meetings, general legal services, accounting, insurance, office management, auditing, human resources, and other centralized services; and

c. Fundraising expenses, including, but not limited to, costs for publicizing and conducting fundraising campaigns, maintaining donor mailing lists, conducting special fundraising events, and any other activities that involve soliciting contributions.

(4) CONTRACT WITH MANAGING ENTITIES.—

(f)1. For purposes of this paragraph, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any other executive staff of the managing entity.

2. Notwithstanding any other law, a managing entity employee may not receive a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, including the base pay or base pay combined with any bonus or incentive payments received as a result of employment with more than one community-based care lead agency or managing entity, in excess of 100 percent of the annual salary paid to the secretary of the Department of Children and Families.

3. This paragraph does not prohibit any party from providing cash that is not from appropriated state funds to a managing entity employee.

(g) Upon the execution of a new contract or in any amendment to an existing contract, the department shall include a provision that includes the limitation on compensation specified in paragraph (f).

(6) NETWORK ACCREDITATION AND SYSTEMS COORDINATION AGREEMENTS.—

(a)1. The department shall identify acceptable accreditations which address coordination within a network and, if possible, between the network and major systems and programs with which the network interacts, such as the child welfare system, the courts system, and the Medicaid program. In identifying acceptable accreditations, the department shall consider whether the accreditation facilitates integrated strategic planning, resource coordination, technology integration, performance measurement, and increased value to consumers through choice of and access to services, improved coordination of services, and effectiveness and efficiency of service delivery.

2. All managing entities under contract with the state by July 1, 2016, shall earn accreditation deemed acceptable by the department pursuant to subparagraph 1. by June 30, 2019. Managing entities whose initial contract with the state is executed after July 1, 2016, shall earn network accreditation within 3 years after the contract execution date. Pursuant to paragraph (4)(l) ~~(4)(j)~~, the department may continue the contract of a managing entity under contract as of July 1, 2016,

that earns the network accreditation within the required timeframe and maintains it throughout the contract term.

Section 6. Section 394.90825, Florida Statutes, is created to read:

394.90825 Boards of managing entities; conflicts of interest.—

(1) As used in this section, the term:

(a) "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the managing entity for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.

(b) "Conflict of interest" means when a board member or an officer, or a relative of a board member or an officer, of the managing entity does any of the following:

1. Enters into a contract or other transaction for goods or services with the managing entity.

2. Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the managing entity or proposes to enter into a contract or other transaction with the managing entity. For purposes of this paragraph, "indirect interest" has the same meaning as provided in s. 112.312.

3. Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the relationship of such member or officer, or relative of the member or officer, with the managing entity. For purposes of

this paragraph, the term "benefit" does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.

(c) "Managing entity" has the same meaning as in s. 394.9082.

(d) "Relative" means a relative within the third degree of consanguinity by blood or marriage.

(2)(a) For any activity that is presented to the board of a managing entity for its initial consideration and approval after July 1, 2021, or any activity that involves a contract that is being considered for renewal on or after July 1, 2021, and before January 1, 2022, a board member or an officer of a managing entity shall disclose to the board any activity that may reasonably be construed to be a conflict of interest before such activity is initially considered and approved or renewed by the board. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice as required under subsection (3).

(b) For contracts with a managing entity which are in existence on July 1, 2021, and are not subject to renewal before January 1, 2022, a board member or an officer shall disclose to the board any activity that may reasonably be construed to be a conflict of interest under this section by December 31, 2021.

(3)(a) If a board member or an officer, or a relative of a member or an officer, proposes to engage in an activity as described in (2)(a), the proposed activity must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the proposed activity must be included in the agenda.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The meeting agenda must clearly identify the existence of a potential conflict of interest for the proposed activity. Before a member or an officer, or a relative of a member or an officer, engages in the proposed activity, the activity and contract or other transaction documents must be approved by an affirmative vote of two-thirds of all other members present.

(b) If a member or an officer notifies the board of a potential conflict of interest with the member or officer, or a relative of the member or officer, under an existing contract as described in paragraph (2)(b), the board must notice the activity on a meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the activity must be attached. The meeting agenda must clearly identify the existence of a potential conflict of interest. The board must be given the opportunity to approve or disapprove the conflict of interest by a vote of two-thirds of all other members present.

(4)(a) If the board votes against the proposed activity pursuant to paragraph (3)(a), the board member or officer, or the relative of the member or officer, must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity, or the member or officer shall withdraw from office before the next scheduled board meeting. If the board finds that an officer or a member has violated this paragraph, the officer or member shall be deemed removed from office before the next scheduled board meeting.

(b) In the event that the board does not approve of a conflict of interest as required in paragraph (3)(b), the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

parties to the activity may opt to cancel the activity or, in the alternative, the member or officer must resign from the board before the next scheduled board meeting. If the activity canceled is a contract, the managing entity is only liable for the reasonable value of the goods and services provided up to the time of cancellation and is not liable for any termination fee, liquidated damages, or other form of penalty for such cancellation.

(5) A board member or an officer, or a relative of a member or an officer, who is a party to, or has an interest in, an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board and is authorized to make a presentation to the board regarding the activity. After the presentation, the member or officer, or the relative of the member or officer, shall leave the meeting during the discussion of, and the vote on, the activity. A member or an officer who is a party to, or has an interest in, the activity shall recuse himself or herself from the vote.

(6) A contract entered into between a board member or an officer, or a relative of a member or an officer, and the managing entity which has not been properly disclosed as a conflict of interest or potential conflict of interest under this section is voidable and terminates upon the filing of a written notice terminating the contract with the board of directors which contains the consent of at least 20 percent of the voting interests of the managing entity.

Section 7. Section 409.987, Florida Statutes, is amended to read:

409.987 Lead agency procurement; boards; conflicts of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

interest.—

(1) Community-based care lead agencies shall be procured by the department through a competitive process as required under chapter 287.

(2) The department shall produce a schedule for the procurement of community-based care lead agencies and provide the schedule to the community alliances established pursuant to s. 20.19(5) and post the schedule on the department's website.

(3) Notwithstanding s. 287.057, the department shall use 5-year contracts with lead agencies.

(4) In order to serve as a lead agency, an entity must:

(a) Be organized as a Florida corporation or a governmental entity.

(b) Be governed by a board of directors or a board committee composed of board members. The membership of the board of directors or board committee must be described in the bylaws or articles of incorporation of each lead agency, which must provide that at least 75 percent of the membership of the board of directors or board committee must consist of persons residing in this state, and at least 51 percent of the state residents on the board of directors must reside within the service area of the lead agency. However, for procurements of lead agency contracts initiated on or after July 1, 2014:

1. At least 75 percent of the membership of the board of directors must consist of persons residing in this state, and at least 51 percent of the membership of the board of directors must consist of persons residing within the service area of the lead agency. If a board committee governs the lead agency, 100 percent of its membership must consist of persons residing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

within the service area of the lead agency.

2. The powers of the board of directors or board committee include, but are not limited to, approving the lead agency's budget and setting the lead agency's operational policy and procedures. A board of directors must additionally have the power to hire the lead agency's executive director, unless a board committee governs the lead agency, in which case the board committee must have the power to confirm the selection of the lead agency's executive director.

(c) Demonstrate financial responsibility through an organized plan for regular fiscal audits and the posting of a performance bond.

(5) The department's procurement team procuring any lead agencies' contracts must include individuals from the community alliance in the area to be served under the contract. All meetings at which vendors make presentations to or negotiate with the procurement team shall be held in the area to be served by the contract.

(6) In communities where conditions make it impossible or not feasible to competitively contract with a lead agency, the department shall develop an alternative plan, in collaboration with the local community alliance, that may include establishing an innovative consortia of partners which may include, but is not limited to, private entities, local and county governmental entities, and the department. The plan must detail how the community will continue to implement community-based care through competitively procuring either the specific components of foster care and related services or comprehensive services for defined eligible populations of children and families from

qualified licensed agencies as part of the community's efforts to develop the local capacity for a community-based system of coordinated care. The plan must ensure local control over the management and administration of the service provision in accordance with the intent of this section and may adhere to recognized best business practices, including, but not limited to, the use of public or private partnerships.

(7)(a) As used in this subsection, the term:

1. "Activity" includes, but is not limited to, a contract for goods and services, a contract for the purchase of any real or tangible property, or an agreement to engage with the lead agency for the benefit of a third party in exchange for an interest in real or tangible property, a monetary benefit, or an in-kind contribution.

2. "Conflict of interest" means when a board member or an officer, or a relative of a member or an officer, of the lead agency does any of the following:

a. Enters into a contract or other transaction for goods or services with the lead agency.

b. Holds a direct or indirect interest in a corporation, limited liability corporation, partnership, limited liability partnership, or other business entity that conducts business with the lead agency or proposes to enter into a contract or other transaction with the lead agency. For purposes of this subparagraph, "indirect interest" has the same meaning as provided in s. 112.312.

c. Knowingly obtains a direct or indirect personal, financial, professional, or other benefit as a result of the relationship of such member or officer, or relative of the

member or officer, with the lead agency. For purposes of this subparagraph, the term "benefits" does not include per diem and travel expenses paid or reimbursed to board members in connection with their service on the board.

3. "Relative" means a relative within the third degree of consanguinity by blood or marriage.

(b)1. For any activity that is presented to the board for its initial consideration and approval on or after July 1, 2021, or any activity that involves a contract which is being considered for renewal on or after July 1, 2021, and before January 1, 2022, a board member or an officer of a lead agency must disclose to the board any activity that may reasonably be construed to be a conflict of interest before such activity is initially considered and approved or renewed by the board. A rebuttable presumption of a conflict of interest exists if the activity was acted upon by the board without prior notice, as required in paragraph (c).

2. For contracts with a lead agency which are in existence on July 1, 2021, and are not subject to renewal before January 1, 2022, a board member or officer shall disclose to the board any activity that may reasonably be construed to be a conflict of interest under this section by December 31, 2021.

(c)1. If a member or an officer, or a relative of a member or an officer, proposes to engage in an activity that is covered by subparagraph (b)1., the proposed activity must be listed on the meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the proposed activity must be included in the agenda. The meeting agenda must clearly identify the

existence of a potential conflict of interest for the proposed activity. Before a member or an officer, or a relative of a member or an officer, engages in the proposed activity, the activity and contract or other transaction documents must be approved by an affirmative vote of two-thirds of all other members present.

2. If a member or an officer notifies the board of a potential conflict of interest with the member or officer, or a relative of the member or officer, under an existing contract as described in subparagraph (b)2., the board must notice the activity on a meeting agenda for the next general or special meeting of the members, and copies of all contracts and transactional documents related to the activity must be attached. The meeting agenda must clearly identify the existence of a potential conflict of interest. The board must be given the opportunity to approve or disapprove of the conflict of interest by a vote of two-thirds of all other members present.

(d)1. If the board votes against the proposed activity pursuant to subparagraph (c)1., the member or officer, or the relative of the member or officer, must notify the board in writing of his or her intention, or his or her relative's intention, not to pursue the proposed activity, or the member or officer shall withdraw from office before the next scheduled board meeting. If the board finds that an officer or a member has violated this subparagraph, the officer or member shall be deemed removed from office before the next scheduled board meeting.

2. In the event that the board does not approve of a conflict as required in subparagraph (c)2., the parties to the

activity may opt to cancel the activity or, in the alternative, the member or officer must resign from the board before the next scheduled board meeting. If the activity canceled is a contract, the lead agency is only liable for the reasonable value of the goods and services provided up to the time of cancellation and is not liable for any termination fee, liquidated damages, or other form of penalty for such cancellation.

(e) A member or an officer, or a relative of a member or an officer, who is a party to, or has an interest in, an activity that is a possible conflict of interest may attend the meeting at which the activity is considered by the board and is authorized to make a presentation to the board regarding the activity. After the presentation, the member or officer, or the relative of the member or officer, must leave the meeting during the discussion of, and the vote on, the activity. A member or an officer who is a party to, or has an interest in, the activity must recuse himself or herself from the vote.

(f) A contract entered into between a member or an officer, or a relative of a member or an officer, and the lead agency which has not been properly disclosed as a conflict of interest or potential conflict of interest under this subsection is voidable and terminates upon the filing of a written notice terminating the contract with the board of directors which contains the consent of at least 20 percent of the voting interests of the lead agency.

Section 8. Subsection (1) of section 409.988, Florida Statutes, is amended to read:

409.988 Lead agency duties; general provisions.—

(1) DUTIES.—A lead agency:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(a) Shall serve all children referred as a result of a report of abuse, neglect, or abandonment to the department's central abuse hotline, including, but not limited to, children who are the subject of verified reports and children who are not the subject of verified reports but who are at moderate to extremely high risk of abuse, neglect, or abandonment, as determined using the department's risk assessment instrument, regardless of the level of funding allocated to the lead agency by the state if all related funding is transferred. The lead agency may also serve children who have not been the subject of reports of abuse, neglect, or abandonment, but who are at risk of abuse, neglect, or abandonment, to prevent their entry into the child protection and child welfare system.

(b) Shall provide accurate and timely information necessary for oversight by the department pursuant to the child welfare results-oriented accountability system required by s. 409.997.

(c) Shall follow the financial guidelines developed by the department and provide for a regular independent auditing of its financial activities. Such financial information shall be provided to the community alliance established under s. 20.19(5).

(d) ~~Shall post on its website the current budget for the lead agency, including the salaries, bonuses, and other compensation paid, by position, for the agency's chief executive officer, chief financial officer, and chief operating officer, or their equivalents.~~

~~(e)~~ Shall prepare all judicial reviews, case plans, and other reports necessary for court hearings for dependent children, except those related to the investigation of a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

referral from the department's child abuse hotline, and shall submit these documents timely to the department's attorneys for review, any necessary revision, and filing with the court. The lead agency shall make the necessary staff available to department attorneys for preparation for dependency proceedings, and shall provide testimony and other evidence required for dependency court proceedings in coordination with the department's attorneys. This duty does not include the preparation of legal pleadings or other legal documents, which remain the responsibility of the department.

(e) ~~(f)~~ Shall ensure that all individuals providing care for dependent children receive:

1. Appropriate training and meet the minimum employment standards established by the department. Appropriate training shall include, but is not limited to, training on the recognition of and responses to head trauma and brain injury in a child under 6 years of age developed by the Child Protection Team Program within the Department of Health.

2. Contact information for the local mobile response team established under s. 394.495.

(f) ~~(g)~~ Shall maintain eligibility to receive all available federal child welfare funds.

(g) Shall demonstrate the ability to adhere to all best child welfare practices pursuant to ss. 39.4087, 39.523, 409.1415, and 409.145.

(h) Shall maintain written agreements with Healthy Families Florida lead entities in its service area pursuant to s. 409.153 to promote cooperative planning for the provision of prevention and intervention services.

(i) Shall comply with federal and state statutory requirements and agency rules in the provision of contractual services.

(j) May subcontract for the provision of services required by the contract with the lead agency and the department; however, the subcontracts must specify how the provider will contribute to the lead agency meeting the performance standards established pursuant to the child welfare results-oriented accountability system required by s. 409.997. The lead agency shall directly provide no more than 35 percent of all child welfare services provided unless it can demonstrate a need, within the lead agency's geographic service area, to exceed this threshold. The local community alliance in the geographic service area in which the lead agency is seeking to exceed the threshold shall review the lead agency's justification for need and recommend to the department whether the department should approve or deny the lead agency's request for an exemption from the services threshold. If there is not a community alliance operating in the geographic service area in which the lead agency is seeking to exceed the threshold, such review and recommendation shall be made by representatives of local stakeholders, including at least one representative from each of the following:

1. The department.
2. The county government.
3. The school district.
4. The county United Way.
5. The county sheriff's office.
6. The circuit court corresponding to the county.

7. The county children's board, if one exists.

(k) Shall post on its website by the 15th day of each month at a minimum the information contained in subparagraphs 1.-4. for the preceding calendar month regarding its case management services. The following information shall be reported by each individual subcontracted case management provider, by the lead agency, if the lead agency provides case management services, and in total for all case management services subcontracted or directly provided by the lead agency:

1. The average caseload of case managers, including only filled positions;

2. The turnover rate for case managers and case management supervisors for the previous 12 months;

3. The percentage of required home visits completed; and

4. Performance on outcome measures required pursuant to s. 409.997 for the previous 12 months.

(l) Shall identify an employee to serve as a liaison with the community alliance and community-based and faith-based organizations interested in collaborating with the lead agency or offering services or other assistance on a volunteer basis to the children and families served by the lead agency. The lead agency shall ensure that appropriate lead agency staff and subcontractors, including, but not limited to, case managers, are informed of the specific services or assistance available from community-based and faith-based organizations.

Section 9. Subsection (3) of section 409.992, Florida Statutes, is amended, and subsection (5) is added to that section, to read:

409.992 Lead agency expenditures.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(3)(a) For purposes of this subsection, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any other executive staff of the community-based care lead agency.

(b) Notwithstanding any other ~~provision of~~ law, a community-based care lead agency ~~administrative~~ employee may not receive a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, including the base pay or base pay combined with any bonus or incentive payments received as a result of employment with more than one community-based care lead agency or managing entity, in excess of 100 ~~150~~ percent of the annual salary paid to the secretary of the Department of Children and Families ~~from state-appropriated funds, including state-appropriated federal funds~~.

(c) This subsection does not prohibit any party from providing cash that is not from appropriated state funds to a community-based care lead agency ~~administrative~~ employee.

(5) Upon the execution of a new contract or in any amendment to an existing contract with a lead agency, the department shall include a provision that includes the limitation on compensation specified in subsection (3).

Section 10. Present subsections (3) through (25) of section 409.996, Florida Statutes, are redesignated as subsections (4) through (26), respectively, a new subsection (3) is added to that section, and subsections (1) and (2) and paragraph (d) of present subsection (25) are amended, to read:

409.996 Duties of the Department of Children and Families.—The department shall contract for the delivery, administration,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

or management of care for children in the child protection and child welfare system. In doing so, the department retains responsibility for the quality of contracted services and programs and shall ensure that, at a minimum, services are delivered in accordance with applicable federal and state statutes and regulations and the performance standards and metrics specified in the strategic plan created under s. 20.19(1).

(1) The department shall enter into contracts with lead agencies for the performance of the duties by the lead agencies established in s. 409.988. At a minimum, the contracts must do all of the following:

(a) Provide for the services needed to accomplish the duties established in s. 409.988. ~~and~~

(b) Provide information to the department which specifies how the lead agency will adhere to all best child welfare practices pursuant to ss. 39.4087, 39.523, 409.1415, and 409.145.

(c) Provide information to the department which is necessary to meet the requirements for a quality assurance program under subsection (20) ~~(19)~~ and the child welfare results-oriented accountability system under s. 409.997.

(d)~~(b)~~ Provide for tiered interventions and graduated penalties for failure to comply with contract terms or in the event of performance deficiencies. Such interventions and penalties shall include, but are not limited to:

1. Enhanced monitoring and reporting.

2. Corrective action plans.

3. Requirements to accept technical assistance and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

consultation from the department under subsection (5) ~~(4)~~.

4. Financial penalties, which shall require a lead agency to reallocate funds from administrative costs to direct care for children.

5. Early termination of contracts, as provided in s. 402.1705(3)(f).

(e)~~(c)~~ Ensure that the lead agency shall furnish current and accurate information on its activities in all cases in client case records in the state's statewide automated child welfare information system.

(f)~~(d)~~ Specify the procedures to be used by the parties to resolve differences in interpreting the contract or to resolve disputes as to the adequacy of the parties' compliance with their respective obligations under the contract.

(2) The department must adopt written policies and procedures for monitoring the contract for delivery of services by lead agencies which must be posted on the department's website. These policies and procedures must, at a minimum, address the evaluation of fiscal accountability and program operations, including provider achievement of performance standards, provider monitoring of subcontractors, and timely follow-up ~~followup~~ of corrective actions for significant monitoring findings related to providers and subcontractors. These policies and procedures must also include provisions for reducing the duplication of the department's program monitoring activities both internally and with other agencies, to the extent possible. The department's written procedures must ensure that the written findings, conclusions, and recommendations from monitoring the contract for services of lead agencies are

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

communicated to the director of the provider agency and the community alliance as expeditiously as possible.

(3) The department shall collect and post on its website, and annually update, all of the following information for each lead agency under contract with the department:

(a) Current salaries, bonuses, and other compensation paid, by position, for any employee who receives a salary from state-appropriated funds, including state-appropriated federal funds, whether base pay or base pay combined with any bonus or incentive payments, in excess of 100 percent of the annual salary paid to the secretary of the Department of Children and Families. For purposes of this paragraph, the term "employee" includes, but is not limited to, the chief executive officer, chief financial officer, and chief operating officer, or any other executive staff of the community-based care lead agency.

(b) Annual expenses, reported as both a percentage of total lead agency funds and as a total dollar amount, as follows:

1. Program expenses, including, but not limited to, costs directly related to carrying out the lead agency's mission and which result in services being provided;

2. Administrative expenses, including, but not limited to, costs of board of directors' meetings, general legal services, accounting, insurance, office management, auditing, human resources, and other centralized services; and

3. Fundraising expenses, including, but not limited to, costs for publicizing and conducting fundraising campaigns, maintaining donor mailing lists, conducting special fundraising events, and any other activities that involve soliciting contributions.

(26)~~(25)~~ Subject to an appropriation, for the 2020-2021 and 2021-2022 fiscal years, the department shall implement a pilot project in the Sixth and Thirteenth Judicial Circuits, respectively, aimed at improving child welfare outcomes.

(d) The department shall include the results of the pilot projects in the report required in subsection (25) ~~(24)~~ of this section. The report must include the department's findings and recommendations relating to the pilot projects.

Section 11. Section 409.998, Florida Statutes, is created to read:

409.998 Child and family well-being.—

(1) LEGISLATIVE FINDINGS AND INTENT.—

(a) The Legislature finds that every child deserves a safe, stable, and permanent family and that all families deserve the opportunities and supports to raise their children safely and successfully in their own homes and communities.

(b) The Legislature also finds that families are our greatest asset in ensuring that all children are safe and have what they need to thrive and succeed, and there is evidence that, with appropriate support, many families can remain safely together without court involvement or traumatic separations.

(c) The Legislature further finds that the state's current child welfare system and practices do not always align with current research related to the needs of children and families.

(d) It is the intent of the Legislature that the state establish a child and family well-being system that shifts the focus from child welfare to child well-being by allowing all sectors of a community and the state to work together to reallocate resources into services and supports that reduce the

need for out-of-home care and that improve the well-being of children and families.

(2) ESTABLISHMENT OF PROGRAM.—The department shall establish a program that consists of a child and family well-being system to serve children and their families through a contract with a designated lead agency operating in accordance with s. 409.987. The lead agency shall carry out all programmatic functions necessary to fulfill the intent of this section. As used in this section, the term "child and family well-being system" means a system that recognizes the difference between poverty and neglect and that provides mentoring and supports to biological parents as they develop the skills and resources necessary to adequately care for their children.

(3) PROGRAM REQUIREMENTS.—The creation of a child and family well-being system requires a fundamental change that refocuses all aspects of child welfare on supporting the family's role in caring for children. Successful implementation will result in a community-based network of support where the trauma of child removal is prevented and children are thriving in their own safe, permanent, and nurturing families. The designated lead agency shall collaborate with national experts that specialize in child welfare systems change to create a program that is required to do all of the following:

(a) Designate lead agency leadership that will identify a core group of agency individuals to develop a plan for creating necessary change in the way the agency works.

(b) Recognize that change of this magnitude is difficult and time-consuming and determine steps necessary to attend to the well-being of individuals involved early on in the process

to reduce undesired staff turnover and burnout and increase staff satisfaction and well-being.

(c) Develop a plan for creating a change in the way all partners in the process think about how to best keep families and children safe and together.

(d) Build working relationships throughout the process of change, including some unexpected or unconventional partners, allies, and mentors in the community.

(e) Provide regular and ongoing opportunities for the workforce to interact to discuss new ideas and principles that are needed for change to become permanent.

(f) Redirect resources toward primary prevention and away from removing children from their families.

(4) IMPLEMENTATION.—The department shall, in collaboration with the designated lead agency, the community alliance, and the Florida Institute for Child Welfare, design, implement, and evaluate the program requirements specified in subsection (3).

(5) REPORTING REQUIREMENTS.—By October 1, 2021, and annually thereafter, the Florida Institute for Child Welfare shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which evaluates the child and family well-being program, including, but not limited to, whether the program is in compliance with this section and the outcomes of the children served by the child and family well-being program.

Section 12. This act shall take effect July 1, 2021.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: March 16, 2021

I respectfully request that **Senate Bill # 92**, relating to Department of Children & Families, be placed on the:

☐ committee agenda at your earliest possible convenience.

☒ next committee agenda.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 122
INTRODUCER:	Appropriations Committee; Senator Baxley; and others
SUBJECT:	Surrendered Newborn Infants
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Smith	Brown	HP	**Favorable**
2.	Howard	Kidd	AHS	**Recommend: Favorable**
3.	Howard	Sadberry	AP	**Fav/CS**

I. Summary:

CS/SB 122 modifies statutory provisions relating to surrendered newborn infants. The bill increases the age at which an infant may be lawfully relinquished, from approximately seven days old to approximately 30 days old.
The bill has no fiscal impact on state revenues or state expenditures.

The bill takes effect on July 1, 2021.

II. Present Situation:

Infant Safe Haven Laws

Every state legislature has enacted laws to address infant abandonment and endangerment in response to a reported increase in the abandonment of infants in unsafe locations, such as public restrooms or trash receptacles. Beginning with Texas in 1999, states have enacted these safe haven laws as an incentive for mothers in crisis to safely relinquish their babies at designated locations where the babies are protected and provided with care until a permanent home is found.[1]

While there is great variability in the laws across states, safe haven laws generally allow the parent, or an agent of the parent, to remain anonymous and to be shielded from criminal liability and prosecution for child endangerment, abandonment, or neglect in exchange for surrendering the baby to a safe haven.[2]

[1] *See* Infant Safe Haven Laws (Current through December 2016) *available at* https://www.childwelfare.gov/pubPDFs/safehaven.pdf (last visited Jan. 19, 2021).
[2] *Id.*

According to the nonprofit organization known as the National Safe Haven Alliance (NSHA), 4,126 safe haven relinquishments have occurred since 1999 nationwide.[3] Fifty-one relinquishments occurred in 2020.[4] These statistics are unofficial estimates, as there is no federally mandated safe haven reporting requirement. Therefore, the NSHA relies on county and state reporting. Illegal abandonments have also occurred during that time span, with some newborns found alive and others deceased.

Surrender of Newborn Infants in Florida

The Florida Legislature enacted Florida's initial abandoned newborn infant law in 2000.[5] The law created s. 383.50, F.S., and authorized the abandonment of a newborn infant, up to three days old or younger, at a hospital or a fire station and addressed: presumption of relinquishment of parental rights; implied consent to treatment; anonymity; and physical custody of the infant.[6] The law also directed the Department of Health, in conjunction with the Department of Children and Families, to produce a media campaign to promote safe placement alternatives for newborn infants.

In 2001, the law was amended to authorize EMS stations, in addition to hospitals and fire stations, to be used as optional locations for the lawful relinquishment of a newborn infant.[7] A firefighter, emergency medical technician, or paramedic is required to provide emergency medical services to the newborn infant to the extent he or she is trained to provide those services, and arrange for the immediate transportation of the newborn infant to the nearest hospital having emergency services. Upon admitting a newborn infant, a hospital must immediately contact a licensed child-placing agency or alternatively contact the statewide central abuse hotline for the name of a licensed child-placing agency for purposes of transferring physical custody of the newborn infant. The receiving hospital must also notify the licensed child-placing agency that a newborn infant has been left with the hospital and when the agency can take physical custody of the child.[8]

In 2008, multiple provisions of statute were modified to refer to a "surrendered newborn infant" rather than "abandoned newborn infant." The three-day age limit for surrender of a newborn infant was increased to a seven-day age limit. Additionally, a provision was added to indicate that when an infant is born in a hospital and the mother expresses intent to leave the infant and not return, the hospital or registrar is directed, upon her request, to complete the infant's birth certificate without naming the mother.

According to the NSHA, since 2000 there have been approximately 324 surrendered newborns in Florida. Of those, approximately 244 newborns were surrendered at hospitals and approximately 74 were surrendered at fire rescue or emergency medical service stations.[9] In 2020,

III. Effect of Proposed Changes:

Section 1 amends s. 383.50, F.S., revising the definition of "newborn infant" to increase the allowable age of a relinquished newborn infant from approximately seven days old to approximately 30 days old.

Section 2 amends s. 63.0423, F.S., to make conforming and technical changes and revise a cross-reference.

Section 3 provides an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The Committee on Appropriations (Baxley) recommended the following:

Senate Amendment (with title amendment)

Delete lines 21 - 114
and insert:
Section 1. Subsection (1) of section 383.50, Florida Statutes, is amended to read:
383.50 Treatment of surrendered newborn infant.—
(1) As used in this section, the term "newborn infant" means a child who a licensed physician reasonably believes is approximately 30 ~~7~~ days old or younger at the time the child is

242386

left at a hospital, an emergency medical services station, or a fire station.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete lines 3 - 15

and insert:

amending s. 383.50, F.S.; revising the definition of the term "newborn infant"; amending s. 63.0423, F.S.;

By Senator Baxley

12-00035-21 2021122__

A bill to be entitled

An act relating to surrendered newborn infants; amending s. 383.50, F.S.; revising and defining terms; authorizing the Department of Health to approve, and certain hospitals, emergency medical services stations, and fire stations to use, newborn infant safety devices to accept surrendered newborn infants under certain circumstances; requiring such hospitals, emergency medical services stations, or fire stations to physically check and test the devices at specified intervals; conforming provisions to changes made by the act; providing additional locations to which the prohibition on the initiation of criminal investigations based solely on the surrendering of a newborn infant applies; amending s. 63.0423, F.S.; conforming a cross-reference; making conforming and technical changes; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsections (2) through (10) of section 383.50, Florida Statutes, are redesignated as subsections (3) through (11), respectively, a new subsection (2) is added to that section, and subsection (1) and present subsections (3), (5), and (10) of that section are amended, to read:

383.50 Treatment of surrendered newborn infant.—

(1) As used in this section, the term:

(a) "Department" means the Department of Health.

(b) "Newborn infant" means a child who a licensed physician

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

12-00035-21 2021122__

reasonably believes is approximately 30 ~~7~~ days old or younger at the time the child is left at a hospital, an emergency medical services station, or a fire station.

(c) "Newborn infant safety device" means a device approved by the department under subsection (2) which is installed in an exterior wall of a hospital, an emergency medical services station, or a fire station and which has an exterior point of access that allows an individual to place a newborn infant inside and an interior point of access that allows individuals inside the building to safely retrieve the newborn infant.

(2)(a) The department may approve by rule, and a hospital, an emergency medical services station, or a fire station that is staffed 24 hours per day may use, a newborn infant safety device to accept surrendered newborn infants under this section if the device is:

1. Physically part of the hospital, emergency medical services station, or fire station;

2. Temperature-controlled and ventilated for the safety of newborns;

3. Equipped with an alarm system connected to the physical location of the device which automatically triggers an alarm inside the building when a newborn infant is placed in the device;

4. Equipped with a surveillance system that allows employees of the hospital, emergency medical services station, or fire station to monitor the inside of the device 24 hours per day; and

5. Located such that the interior point of access is in an area that is conspicuous and visible to the employees of the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

hospital, emergency medical services station, or fire station.

(b) A hospital, an emergency medical services station, or a fire station that uses a newborn infant safety device to accept surrendered newborn infants shall use the device's surveillance system to monitor the inside of the newborn infant safety device 24 hours per day and shall physically check the device at least twice daily and test the device at least weekly to ensure that the alarm system is in working order.

(4) ~~(3)~~ Each emergency medical services station or fire station that is staffed 24 hours per day with ~~full-time~~ firefighters, emergency medical technicians, or paramedics shall accept any newborn infant left with a firefighter, an emergency medical technician, or a paramedic or in a newborn infant safety device that is physically part of the emergency medical services station or fire station. The firefighter, emergency medical technician, or paramedic shall consider these actions as implied consent to and shall:

(a) Provide emergency medical services to the newborn infant to the extent that he or she is trained to provide those services, and

(b) Arrange for the immediate transportation of the newborn infant to the nearest hospital having emergency services.

A licensee as defined in s. 401.23, a fire department, or an employee or agent of a licensee or fire department may treat and transport a newborn infant pursuant to this section. If a newborn infant is placed in the physical custody of an employee or agent of a licensee or fire department or is placed in a newborn infant safety device that is physically part of an

emergency medical services station or a fire station, such placement is ~~shall be~~ considered implied consent for treatment and transport. A licensee, a fire department, or an employee or agent of a licensee or fire department is immune from criminal or civil liability for acting in good faith pursuant to this section. Nothing in this subsection limits liability for negligence.

(6) ~~(5)~~ Except when there is actual or suspected child abuse or neglect, any parent who leaves a newborn infant in a newborn infant safety device or with a firefighter, an emergency medical technician, or a paramedic at a fire station or an emergency medical services station, leaves a newborn infant in a newborn infant safety device at a hospital, or brings a newborn infant to an emergency room of a hospital and expresses an intent to leave the newborn infant and not return, has the absolute right to remain anonymous and to leave at any time and may not be pursued or followed unless the parent seeks to reclaim the newborn infant. When an infant is born in a hospital and the mother expresses intent to leave the infant and not return, upon the mother's request, the hospital or registrar shall complete the infant's birth certificate without naming the mother thereon.

(11) ~~(10)~~ A criminal investigation may ~~shall~~ not be initiated solely because a newborn infant is left at a hospital, an emergency medical services station, or a fire station under this section unless there is actual or suspected child abuse or neglect.

Section 2. Section 63.0423, Florida Statutes, is amended to read:

63.0423 Procedures with respect to surrendered newborn infants.—

(1) Upon entry of final judgment terminating parental rights, a licensed child-placing agency that takes physical custody of a newborn ~~an~~ infant surrendered at a hospital, an emergency medical services station, or a fire station pursuant to s. 383.50 assumes responsibility for the medical and other costs associated with the emergency services and care of the surrendered newborn infant from the time the licensed child-placing agency takes physical custody of the surrendered newborn infant.

(2) The licensed child-placing agency shall immediately seek an order from the circuit court for emergency custody of the surrendered newborn infant. The emergency custody order shall remain in effect until the court orders preliminary approval of placement of the surrendered newborn infant in the prospective home, at which time the prospective adoptive parents become guardians pending termination of parental rights and finalization of adoption or until the court orders otherwise. The guardianship of the prospective adoptive parents shall remain subject to the right of the licensed child-placing agency to remove the surrendered newborn infant from the placement during the pendency of the proceedings if such removal is deemed by the licensed child-placing agency to be in the best interests of the child. The licensed child-placing agency may immediately seek to place the surrendered newborn infant in a prospective adoptive home.

(3) The licensed child-placing agency that takes physical custody of the surrendered newborn infant shall, within 24 hours

thereafter, request assistance from law enforcement officials to investigate and determine, through the Missing Children Information Clearinghouse, the National Center for Missing and Exploited Children, and any other national and state resources, whether the surrendered newborn infant is a missing child.

(4) The parent who surrenders the newborn infant in accordance with s. 383.50 is presumed to have consented to termination of parental rights, and express consent is not required. Except when there is actual or suspected child abuse or neglect, the licensed child-placing agency shall not attempt to pursue, search for, or notify that parent as provided in s. 63.088 and chapter 49. For purposes of s. 383.50 and this section, a surrendered newborn ~~an~~ infant who tests positive for illegal drugs, narcotic prescription drugs, alcohol, or other substances, but shows no other signs of child abuse or neglect, shall be placed in the custody of a licensed child-placing agency. Such a placement does not eliminate the reporting requirement under s. 383.50(8) ~~s. 383.50(7)~~. When the department is contacted regarding a newborn ~~an~~ infant properly surrendered under this section and s. 383.50, the department shall provide instruction to contact a licensed child-placing agency and may not take custody of the newborn infant unless reasonable efforts to contact a licensed child-placing agency to accept the newborn infant have not been successful.

(5) A petition for termination of parental rights under this section may not be filed until 30 days after the date the newborn infant was surrendered in accordance with s. 383.50. A petition for termination of parental rights may not be granted until a parent has failed to reclaim or claim the surrendered

newborn infant within the time period specified in s. 383.50.

(6) A claim of parental rights of the surrendered newborn infant must be made to the entity having legal custody of the surrendered newborn infant or to the circuit court before which proceedings involving the surrendered newborn infant are pending. A claim of parental rights of the surrendered newborn infant may not be made after the judgment to terminate parental rights is entered, except as otherwise provided by subsection (9).

(7) If a claim of parental rights of a surrendered newborn infant is made before the judgment to terminate parental rights is entered, the circuit court may hold the action for termination of parental rights in abeyance for a period of time not to exceed 60 days.

(a) The court may order scientific testing to determine maternity or paternity at the expense of the parent claiming parental rights.

(b) The court shall appoint a guardian ad litem for the surrendered newborn infant and order whatever investigation, home evaluation, and psychological evaluation are necessary to determine what is in the best interests of the surrendered newborn infant.

(c) The court may not terminate parental rights solely on the basis that the parent left the newborn infant at a hospital, an emergency medical services station, or a fire station in accordance with s. 383.50.

(d) The court shall enter a judgment with written findings of fact and conclusions of law.

(8) Within 7 business days after recording the judgment,

the clerk of the court shall mail a copy of the judgment to the department, the petitioner, and any person whose consent was required, if known. The clerk shall execute a certificate of each mailing.

(9)(a) A judgment terminating parental rights of a surrendered newborn infant pending adoption is voidable, and any later judgment of adoption of that child ~~minor~~ is voidable, if, upon the motion of a parent, the court finds that a person knowingly gave false information that prevented the parent from timely making known his or her desire to assume parental responsibilities toward the child ~~minor~~ or from exercising his or her parental rights. A motion under this subsection must be filed with the court originally entering the judgment. The motion must be filed within a reasonable time but not later than 1 year after the entry of the judgment terminating parental rights.

(b) No later than 30 days after the filing of a motion under this subsection, the court shall conduct a preliminary hearing to determine what contact, if any, will be allowed ~~permitted~~ between a parent and the child pending resolution of the motion. Such contact may be allowed only if it is requested by a parent who has appeared at the hearing and the court determines that it is in the best interests of the child. If the court orders contact between a parent and the child, the order must be issued in writing as expeditiously as possible and must state with specificity any provisions regarding contact with persons other than those with whom the child resides.

(c) The court may not order scientific testing to determine the paternity or maternity of the child ~~minor~~ until such time as

the court determines that a previously entered judgment terminating the parental rights of that parent is voidable pursuant to paragraph (a), unless all parties agree that such testing is in the best interests of the child. Upon the filing of test results establishing that person's maternity or paternity of the surrendered newborn infant, the court may order visitation only if it appears to be in the best interests of the child.

(d) Within 45 days after the preliminary hearing, the court shall conduct a final hearing on the motion to set aside the judgment and shall enter its written order as expeditiously as possible thereafter.

(10) Except to the extent expressly provided in this section, proceedings initiated by a licensed child-placing agency for the termination of parental rights and subsequent adoption of a newborn infant left at a hospital, an emergency medical services station, or a fire station in accordance with s. 383.50 shall be conducted pursuant to this chapter.

Section 3. This act shall take effect July 1, 2021.

THE FLORIDA SENATE

Tallahassee, Florida 32399-1100

SENATOR DENNIS BAXLEY
12th District

Ethics and Elections, *Chair*
Appropriations Subcommittee on Criminal and Civil Justice
Community Affairs
Criminal Justice
Health Policy
Judiciary
Rules

JOINT COMMITTEE:
Joint Legislative Auditing Committee, *Alternating Chair*

January 27, 2021

The Honorable Chair Kelli Stargel
420 Senate Office Building
Tallahassee, FL 32399

Dear Chair Stargel,

I would like to request that SB 122 Surrendered Newborn Infants be heard in the next Appropriations Committee meeting.

This bill changes the age of an infant from 7 days old, current Safe Haven laws, to 30 days old, where the baby can be surrendered to either a hospital, fire station or law enforcement facility without being charged with abandonment.

It also allows for the use of what is called "Newborn Safety Device." These Newborn Safety Device's allow a mother in crisis to safely, securely, and anonymously surrender her newborn. It is designed to be installed in an exterior wall of a designated fire station, hospital or law enforcement facility. It will have an exterior door that automatically locks upon placement of a newborn inside, and an interior door which allows a staff member to secure the surrendered newborn from inside the designated building. The Newborn Safety Device, has to provide a temperature controlled environment. The door is sealed to ensure air circulation is free from pollutants, exhaust, chemical fumes, and smoke. It will have a clear medical bassinet that sits in a supporting frame with a bassinet mattress and sheet that fits snugly onto the mattress. The alarm system is set up to ensure safety and quick response with 3 alarm notifications/triggers. The medical facility that agrees to have one of these Newborn Safety Devices installed, will be required to inspect them at least twice daily to ensure they are performing accurately.

Thank you for your favorable consideration.

Onward & Upward,

Senator Dennis Baxley
Senate District 12

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 192
INTRODUCER:	Education Committee and Senator Book and others
SUBJECT:	Students with Disabilities in Public Schools
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Brick	Bouck	ED	**Fav/CS**
2.	Underhill	Elwell	AED	**Recommend: Favorable**
3.	Underhill	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 192 revises the circumstances and procedures required for restraining students with a disability in public schools and prohibits the use of seclusion. The bill also provides enhanced mechanisms for monitoring specified classrooms. Specifically, the bill requires:

- School districts to:
  - Adopt positive behavior interventions and supports for students with a disability and identify all school personnel authorized to use the interventions and supports.
  - Provide training to all school personnel authorized to use positive behavior interventions and supports.
  - Publish the procedures for training in positive behavior interventions and supports in the district's special policies and procedures manual.
- The development of a crisis intervention plan for a student who has been restrained twice during a semester.
- Schools within the Broward County school district, as part of the Video Cameras in Public School Classrooms Pilot Program, to install a video camera, upon the request of a parent, in self-contained classrooms where students with a disability are enrolled and specifies the circumstances under which the video recording may be viewed.
- The Department of Education (DOE) to collect information relating to the installation and maintenance of video cameras in self-contained classrooms as part of the pilot program.
- Data maintained by the DOE on the use of restraint to be updated monthly and made available to the public through the DOE's website by October 1, 2021.

- The Commissioner of Education to develop recommendations that incorporate instruction regarding emotional or behavioral disabilities into continuing education or in-service training requirements for instructional personnel.

The bill does not require a state appropriation. However, school districts may incur costs to provide training in the use of restraint or positive behavior interventions. The Broward County School District may incur costs related to the installation and maintenance of video recording equipment. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

The Individuals with Disabilities Education Act (IDEA)[1] was enacted to ensure that all children with a disability have available to them a free appropriate public education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living; and ensuring that the rights of children with disabilities and parents of such children are protected.[2] Accordingly, Florida law specifies conditions regarding the use of restraint and seclusion on students with a disability.[3]

The Use of Restraint and Seclusion

The Florida Department of Education (DOE) requires that all documenting, reporting, and monitoring requirements related to the use of restraint in schools are based on the definitions issued by the Office for Civil Rights (OCR) within the United States Department of Education.[4]

Restraint

According to the DOE:

- Physical restraint immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely.
- Mechanical restraint is the use of any device or equipment to restrict a student's freedom of movement. The term does not include devices implemented by trained school personnel or devices used by a student that have been prescribed by an appropriate medical or related service professional and are used for specific and approved purposes for which such devices were designed.[5]

School personnel are prohibited from using a mechanical restraint or a physical or manual restraint that restricts a student's breathing.[6]

[5] *Id.*
[6] Section 1003.573(4), F.S.

Seclusion

The OCR defines seclusion as the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. Seclusion does not include a time out, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming.[7] School personnel may not close, lock, or physically block a student in a room that is unlit and does not meet the rules of the State Fire Marshall for seclusion time-out rooms.[8]

School District Responsibilities

Each school district must develop policies and procedures regarding the use of restraint and seclusion of students with a disability. School district policies and procedures must address:

- Incident-reporting procedures.
- Data collection and monitoring, including when, where, and why students are restrained or secluded.
- Training programs relating to manual or physical restraint and seclusion.
- The district's plan for reducing the use of restraint and seclusion, particularly in settings in which it occurs frequently or with students who are restrained repeatedly,[9] and for reducing the use of prone restraint and mechanical restraint.[10]

Confidentiality of Student Records

With limited exceptions, school districts may not disclose personally identifiable information contained within student records to a third party without parental consent.[11] School districts may disclose personally identifiable information from an education record regarding threats of violence and other issues regarding a student's well-being without parental consent in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.[12]

School districts may also share student information with juvenile justice and criminal justice agencies if the disclosure concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released.[13] If the juvenile

[8] Section 1003.573(5), F.S. Rule 69A-58.0084, F.A.C.

[9] The recurrent use of seclusion or restraint for an individual student indicates the need for a functional behavioral assessment (FBA) and should trigger a review and possible revision of that student's IEP and Behavioral Intervention Plan (BIP). For example, students with limited communication skills may exhibit aggressive behaviors in an effort to communicate. The FBA should be used to identify such situations and a BIP should be developed to address the need(s) through appropriate instructional techniques. justice system seeks the disclosure of information on a student in order to identify and intervene with a juvenile at risk of delinquency, rather than to obtain information solely related to supervision of an adjudicated delinquent, the juvenile could be classified as a preadjudicated delinquent, and the records may be shared.[14]

School Responsibilities

Florida law requires a school to prepare an incident report within 24 hours after a student is released from restraint or seclusion. The incident report must contain:

- The name, age, grade, ethnicity, and disability of the student restrained or secluded.
- The date and time of the event and the duration of the restraint or seclusion.
- A description of the type of restraint.
- A description of the incident.[15]

Before the end of the school day, a school must provide written notification to the parent or guardian of a student each time restraint or seclusion is used on the student. Reasonable efforts must also be taken to notify the parent or guardian by telephone or e-mail, or both, and these efforts must be documented. The school must obtain and keep in its records the parent's or guardian's signed acknowledgement that he or she was notified of his or her child's restraint or seclusion.[16] A school must also provide the parent or guardian with the completed incident report in writing by mail within three school days after a student was manually or physically restrained or secluded.[17]

Monitoring of the use of restraint and seclusion on students is required at the classroom, building, district, and state levels. The incident report and the notification to the parent or guardian must be provided to the school principal, the school district director of Exceptional Student Education, and the bureau chief of the Bureau of Exceptional Education and Student Services within the DOE electronically each month that school is in session.[18]

Forty-three school districts prohibited seclusion in the 2019-2020 school year. In the 2019-2020 school year, school districts reported 6,300 incidents of restraint and 557 incidents of seclusion.[19]

Florida Department of Education Responsibilities

The DOE is required to maintain aggregate data of incidents of manual or physical restraint and seclusion by county, school, student exceptionality, and other variables, including the type and method of restraint or seclusion used. This information must be updated monthly. The DOE is

also required to establish standards for documenting, reporting, and monitoring the use of manual or physical restraint or mechanical restraint, and occurrences of seclusion.[20]

Commissioner of Education Responsibilities

The Commissioner of Education is required to develop recommendations to incorporate instruction regarding autism spectrum disorder, Down syndrome, and other developmental disabilities into continuing education or in-service training requirements for personnel. These recommendations must address:

- Early identification and intervention methods.
- Curriculum planning and curricular and instructional modifications, adaptations, and specialized strategies and techniques.
- The use of available state and local resources.
- The use of positive behavioral supports to deescalate problem behaviors.
- Appropriate use of manual physical restraint and seclusion techniques.[21]

III. Effect of Proposed Changes:

The Use of Restraint and Seclusion

The bill modifies s. 1003.573, F.S., revises the circumstances and procedures required for restraining students with a disability in public schools and prohibits the use of seclusion.

Restraint

The bill defines terms related to restraint and ensures restraint is only used as a last resort to avoid imminent harm. Specifically, the bill defines:

- "Crisis intervention plan" to mean an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury.
- "Imminent risk of serious injury" to mean the threat posed by dangerous behavior that may cause serious physical harm to self or others.
- "Positive behavior interventions and supports" means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.
- "Restraint" to mean the use of a mechanical or physical restraint.
- "Mechanical restraint" to mean the use of a device that restricts a student's freedom of movement. The term does not include the use devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.
- "Physical restraint" to mean the use of manual restraint techniques that involve significant physical force applied by a teacher or other staff member to restrict the movement of all or part of a student's body but does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.
- "Seclusion" to mean the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.

[20] Section 1003.573(2)(c)-(d), F.S.
[21] Section 1012.582(1), F.S.

- "Student," as the term relates to the restraint of students with a disability, to mean a child with an individual education plan[22] enrolled in grades kindergarten through 12. The term does not include students in prekindergarten, students who reside in residential care facilities, or students participating in a Department of Juvenile Justice education program.

The bill specifies that restraint may only be used to protect the safety of students, school personnel, or others, and only after all behavioral interventions to prevent the dangerous behavior posing a risk of serious physical harm to the student or others have been exhausted, and the threat of injury posed by the dangerous behavior remains. When restraining a student, a person may only apply the degree of force necessary to protect the student or others from imminent risk of serious injury. Restraint may not:

- Be used to inflict pain, induce compliance, discipline a student, or to correct student noncompliance.
- Involve the use of straightjackets, zip ties, handcuffs, or tie-downs to obstruct or restrict breathing or blood flow.
- Be used in a manner that places a student in a facedown position with the student's hands restrained behind the student's back.

Seclusion

The bill prohibits the use of seclusion of students by school personnel. Seclusion is defined as the involuntary confinement of a student in a room or area alone. The term does not include time-out used as a behavior management technique to calm a student.

This prohibition may encourage school personnel to consider effective and appropriate intervention strategies to address student behavior in the school setting.

School District Responsibilities

The bill requires school districts to adopt approved behavioral intervention and restraint training, pursuant to State Board of Education (SBE) rules, for students with a disability and identify all school personnel authorized to use the interventions. District policies and procedures on positive behavior interventions and supports must be publicly posted at the beginning of each school year, and any revisions must be filed with the bureau chief of the Bureau of Exceptional Education and Student Services within the DOE within 90 days after the revision.

Existing requirements governing policies and procedures for the seclusion and restraint of students with a disability are updated to align with the new definitions relating to restraint and the prohibition of the use of seclusion. The bill authorizes school districts to include in their required plans for achieving goals to reduce the use of restraint an analysis of data to determine trends related to the use of restraint.

[22] The individualized education plan is the primary vehicle for communicating the school district's commitment to addressing the unique educational needs of a student with a disability. Florida Department of Education, *Developing Quality Individual Education Plans* (2015), *available at* http://www.fldoe.org/core/fileparse.php/7690/urlt/0070122-qualityieps.pdf, at 9.

Training

The bill requires school districts to provide training to all school personnel authorized to use positive behavior interventions and supports and publish the procedures for the training in the district's special policies and procedures manual. The bill adds the date an individual was last trained in the use of positive behavior interventions and supports to the required components of the incident report that is prepared within 24 hours after a student is released from restraint. Training must be provided annually and include:

- The use of positive behavior interventions and supports.
- Risk assessment procedures to identify when restraint may be used.
- Examples of when positive behavior interventions and support techniques have failed to reduce the imminent risk of serious injury.
- Examples of safe and appropriate restraint techniques and how to use these techniques with multiple staff members working as a team.
- Instruction in the district's documentation and reporting requirements.
- Procedures to identify and deal with possible medical emergencies arising during the use of restraint.
- Cardiopulmonary resuscitation.

The establishment of school district training protocol on the use of positive behavior interventions and supports may provide school personnel with additional resources and knowledge related to the techniques to deescalate disruptive student behavior.

Crisis Intervention Plan

The bill requires a team comprised of school personnel, applicable physical and behavioral health professionals, and a student's parent to develop a crisis intervention plan after the second time the student is restrained during a semester. A crisis intervention plan is an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury. The bill adds the date the crisis intervention plan was last reviewed, and whether changes were recommended, to the required components to be included in an incident report prepared within 24 hours after a student is released from restraint. The crisis intervention plan must be provided to the student's parent and include:

- Specific positive behavior interventions and supports to use in response to dangerous behaviors that create a threat of imminent risk of serious injury.
- Known physical and behavioral health concerns that will limit the use of restraint for the student.
- A timetable for the review and, if necessary, revision of the crisis intervention plan.

Video Cameras in Self-Contained Classrooms

Operation of Video Cameras

The bill creates s. 1003.574, F.S., which requires the Broward County school district to participate in the three-year Video Cameras in Public School Classrooms Pilot Program to provide a video camera to any school with a self-contained classroom upon the written request of a parent of a student in the classroom. A self-contained classroom is a classroom at a public school in which a majority of the students in regular attendance are provided special education

services and are assigned to one or more such classrooms for at least 50 percent of the instructional day. Before the video camera is placed in any classroom, schools must provide written notification of the placement of the video camera to the parents of each student assigned to the self-contained classroom, the school district, and each employee assigned to work with any of the students in the self-contained classroom. The video camera must be operational in each classroom in which the student is in attendance within 30 days after receipt of the parent's written request. The bill does not apply to self-contained classrooms in which the only students receiving special education services are those who have been deemed gifted.

The video camera must be capable of recording, through both video and audio, all areas of the self-contained classroom and any room attached to that classroom when students are present. Schools are prohibited from:

- Recording a restroom or any area where a student changes his or her clothes.
- Using videos for teacher evaluations or any purpose other than for ensuring the health, safety, and well-being of students receiving special education services in a self-contained classroom.
- Allowing regular or continuous monitoring of the video recording.

Any interruption in the operation of the video camera must be explained in writing to the school principal and the district school board. The explanation must include the duration of the interruption, and the district school board office is required to maintain the written explanation for at least one year.

If the parent withdraws the request or the student no longer attends the classroom, the school must notify the parents of the other students in the classroom at least five school days prior to ceasing operation of the video camera. The school must notify the parents that operation of the video camera will cease unless the continued use of the camera is requested by a parent. The school must also send the notification at least ten school days prior to the end of each school year.

Maintenance and Disclosure of Video Camera Recordings

The bill provides measures related to the maintenance and disclosure of recordings generated by video cameras in self-contained classrooms. The school principal is the custodian of video cameras, video recordings, and access to video recordings and must protect the confidentiality of all student records contained in video camera recordings in accordance with Florida laws governing the disclosure of student records. When making video recordings available for viewing, the school principal must conceal the identity of any student who appears in a video camera recording, but is not involved in the incident that formed the basis of the request for disclosure.

The school must make a recording available for viewing within seven days after receiving a request from:

- A school or school district employee who is involved in an alleged incident that is documented by the video recording as part of the investigative process.
- A parent of a student who is involved in an alleged incident that is documented by the video recording and has been reported to the school or school district.

- A school or school district employee as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the school or school district.
- A law enforcement officer as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the law enforcement agency.
- The Department of Children and Families (DCF) as part of a child abuse or neglect investigation.

An incident is defined as an event, circumstance, act, or omission that results in the abuse or neglect of a student by an employee of a public school, school district or another student. The person who requested to view the recording must view the recording within 30 days of receiving notice that his or her request for viewing has been granted and report any suspected child abuse to the DCF. The bill specifies that an incidental viewing by a school employee or contractor involved in the installation, operation, or maintenance of video equipment, or the retention of video recordings does not violate limitations on the disclosure of video recordings.

Schools must retain video footage for at least three months after the date the video was recorded or until the conclusion of any investigation or legal proceedings that result from the recording, including the exhaustion of all appeals.

State Board of Education Appeals

An individual may appeal to the SBE an action by a school or school district which the individual alleges violates requirements related to video cameras in self-contained classrooms, and the SBE must grant a hearing within 45 days[23] of receiving the request for appeal. The bill specifies that statutory requirements related to video cameras in self-contained classrooms do not:

- Limit the access of the parent of a student, under the Family Educational Rights and Privacy Act (FERPA)[24] or any other law, to a video recording regarding his or her student.
- Waive any immunity from liability of a school district or an employee of a school district.
- Create any liability for a cause of action against a school or school district or an employee of a school or school district carrying out the duties and responsibilities related to video cameras in self-contained classrooms.

The bill provides rulemaking authority to the SBE to implement requirements related to video cameras in classrooms.

Florida Department of Education Responsibilities

The bill requires the DOE to collect various information. As part of the pilot program, DOE is required to collect information related to the installation and maintenance of video cameras. The DOE is required to make available to the public through DOE's website aggregate-level data on incidents of restraint by county, school, student exceptionality, and other variables by October 1, 2020.

[23] The State Board of Education generally meets every other month, it is unclear if the SBE would have to schedule special meetings specifically to meet the 45-day appeal deadline. Florida Department of Education, *Legislative Bill Analysis for SB 192* (2021), at 7 and 11.
[24] 20 U.S.C. s. 1232g.

The bill replaces the requirement for the DOE to establish standards for documenting, reporting, and monitoring the use of restraint with the requirement to establish standards for documenting, reporting, and monitoring the incident reports related to the use of restraint. This may assist school districts in documenting and reporting incidents related to the use of restraint.

Commissioner of Education Responsibilities

The bill requires the Commissioner of Education to develop recommendations that incorporate instruction regarding emotional or behavioral disabilities into continuing education or in-service training requirements for instructional personnel. The bill also modifies the information required to be addressed in such recommendations by requiring the recommendations to address the use of positive behavior interventions and support, and effective classroom behavior management strategies.

Accordingly, the bill may help instructional personnel to be better informed and trained in strategies to teach students with emotional or behavioral disabilities.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

School districts may incur costs to provide professional development in the use of restraint or positive behavior interventions. These costs are indeterminate.

In addition, the Broward County School District may incur costs associated with installing and maintaining video cameras and retaining recordings. The Department of Education estimates a cost of $960 to install a 360-degree video camera in each classroom. However, the configuration of some classrooms may require up to two cameras per classroom. In addition to the cameras, schools would need to purchase software capable of concealing the identity of any student in the video recording who is not involved in the alleged incident.[25]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1003.573, 1003.574, and 1012.582.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Education Committee on March 23, 2021:
The committee Substitute removes the Volusia County school district from the pilot program created in the bill for the installation of video cameras in self-contained classrooms. The committee substitute retains Broward County in the pilot program. The committee substitute also:

- Clarifies that mechanical restraints may not be used in a manner that place a student in a facedown position with the student's hands restrained behind the student's back.
- Modifies the requirement for school districts to adopt positive behavior interventions and supports to require school districts to adopt approved behavioral intervention and restraint training, pursuant to State Board of Education rules, for students with a disability and identify all school personnel authorized to use the interventions.

[25] Florida Department of Education, *Legislative Bill Analysis for SB 192* (December 14, 2020) (on file with the Senate Committee on Education).

- Corrects a cross-reference to s. 1003.52, F.S., related to educational services in Department of Juvenile Justice programs.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senators Book and Rodrigues

581-03256-21 2021192c1

A bill to be entitled

An act relating to students with disabilities in public schools; amending s. 1003.573, F.S.; defining terms; requiring school districts to prohibit the use of seclusion on students with disabilities in public schools; requiring the Department of Education to make certain information available to the public by a specified date; providing requirements for the use of restraint; prohibiting specified restraint techniques; revising school district policies and procedures relating to restraint; requiring school districts to adopt approved behavioral interventions and restraint training, pursuant to State Board of Education rules; requiring each school district to publicly post specified policies and procedures; requiring school districts to provide training on certain interventions and supports to specified personnel; providing requirements for such training; requiring each school district to publish training procedures in its special policies and procedures manual; requiring schools to develop a crisis intervention plan for certain students; providing requirements for such plans; revising the requirements for documenting, reporting, and monitoring the use of restraint; conforming provisions to changes made by the act; creating s. 1003.574, F.S.; creating the Video Cameras in Public School Classrooms Pilot Program; defining terms; requiring a video camera to be placed in specified classrooms upon the request of a parent; requiring

video cameras to be operational within a specified time period; providing requirements for the discontinuation of such video cameras; providing requirements for such video cameras; providing an exception; requiring a written explanation if the operation of such cameras is interrupted; requiring district school boards to maintain such explanation for a specified time; requiring schools to provide written notice of the placement of a video camera to certain individuals; providing requirements for retaining and deleting video recordings; prohibiting specified uses of such video cameras and recordings; providing that school principals are the custodians of such video cameras and recordings; providing requirements for school principals and video recordings; providing requirements relating to student privacy; providing requirements for the viewing of such video recordings; providing for an appeal process for actions of a school or school district; providing that incidental viewings of video recordings by specified individuals are not a violation of certain provisions; providing construction; requiring the Department of Education to collect specified information; authorizing the State Board of Education to adopt rules; amending s. 1012.582, F.S.; requiring continuing education and inservice training for instructional personnel teaching students with emotional or behavioral disabilities; conforming provisions to changes made by the act; providing an

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1003.573, Florida Statutes, is amended to read:

1003.573 Seclusion and ~~Use of~~ restraint of ~~and seclusion on~~ students with disabilities in public schools.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Crisis intervention plan" means an individualized action plan for school personnel to implement when a student exhibits dangerous behavior that may lead to imminent risk of serious injury.

(b) "Imminent risk of serious injury" means the threat posed by dangerous behavior that may cause serious physical harm to self or others.

(c) "Positive behavior interventions and supports" means the use of behavioral interventions to prevent dangerous behaviors that may cause serious physical harm to the student or others.

(d) "Restraint" means the use of a mechanical or physical restraint.

1. "Mechanical restraint" means the use of a device that restricts a student's freedom of movement. The term does not include the use of devices prescribed or recommended by physical or behavioral health professionals when used for indicated purposes.

2. "Physical restraint" means the use of manual restraint techniques that involve significant physical force applied by a

teacher or other staff member to restrict the movement of all or part of a student's body. The term does not include briefly holding a student in order to calm or comfort the student or physically escorting a student to a safe location.

(e) "Seclusion" means the involuntary confinement of a student in a room or area alone and preventing the student from leaving the room or area. The term does not include time-out used as a behavior management technique intended to calm a student.

(f) "Student" means a child with an individual education plan enrolled in kindergarten through grade 12 in a school, as defined in s. 1003.01(2), or the Florida School for the Deaf and Blind. The term does not include students in prekindergarten, students who reside in residential care facilities under s. 1003.58, or students participating in a Department of Juvenile Justice education program under s. 1003.52.

(7) DOCUMENTATION AND REPORTING.—

(a) A school shall prepare an incident report within 24 hours after a student is released from restraint ~~or seclusion~~. If the student's release occurs on a day before the school closes for the weekend, a holiday, or another reason, the incident report must be completed by the end of the school day on the day the school reopens.

(b) The following must be included in the incident report:

1. The name of the student restrained ~~or secluded~~.

2. The age, grade, ethnicity, and disability of the student restrained ~~or secluded~~.

3. The date and time of the event and the duration of the restraint ~~or seclusion~~.

4. The location at which the restraint ~~or seclusion~~ occurred.

5. A description of the type of restraint used in terms established by the department ~~of Education~~.

6. The name of the person using or assisting in the restraint ~~or seclusion~~ of the student and the date the person was last trained in the use of positive behavior interventions and supports.

7. The name of any nonstudent who was present to witness the restraint ~~or seclusion~~.

8. A description of the incident, including all of the following:

a. The context in which the restraint ~~or seclusion~~ occurred.

b. The student's behavior leading up to and precipitating the decision to use ~~manual or physical~~ restraint ~~or seclusion~~, including an indication as to why there was an imminent risk of serious injury ~~or death~~ to the student or others.

c. The ~~specific~~ positive behavior interventions and supports ~~behavioral strategies~~ used to prevent and deescalate the behavior.

d. What occurred with the student immediately after the termination of the restraint ~~or seclusion~~.

e. Any injuries, visible marks, or possible medical emergencies that may have occurred during the restraint ~~or seclusion~~, documented according to district policies.

f. Evidence of steps taken to notify the student's parent or guardian.

g. The date the crisis intervention plan was last reviewed

and whether changes were recommended.

(c) A school shall notify the parent or guardian of a student each time ~~manual or physical~~ restraint ~~or seclusion~~ is used. Such notification must be in writing and provided before the end of the school day on which the restraint ~~or seclusion~~ occurs. Reasonable efforts must also be taken to notify the parent or guardian by telephone or ~~computer~~ e-mail, or both, and these efforts must be documented. The school shall obtain, and keep in its records, the parent's or guardian's signed acknowledgment that he or she was notified of his or her child's restraint ~~or seclusion~~.

(d) A school shall also provide the parent or guardian with the completed incident report in writing by mail within 3 school days after a student was ~~manually or physically~~ restrained ~~or secluded~~. The school shall obtain, and keep in its records, the parent's or guardian's signed acknowledgment that he or she received a copy of the incident report.

(2) SECLUSION.—Each school district shall prohibit school personnel from using seclusion.

(8) MONITORING.—

(a) ~~Monitoring of~~ The use of ~~manual or physical~~ restraint ~~or seclusion~~ on students shall be monitored ~~occur~~ at the classroom, building, district, and state levels.

(b) Any documentation prepared by a school pursuant to ~~as required in~~ subsection (7) ~~(1)~~ shall be provided to the school principal, the district director of Exceptional Student Education, and the bureau chief of the Bureau of Exceptional Education and Student Services electronically each month that the school is in session.

(c) The department shall maintain aggregate data of incidents of ~~manual or physical~~ restraint ~~and seclusion~~ and disaggregate the data for analysis by county, school, student exceptionality, and other variables, including the type and method of restraint ~~or seclusion~~ used. This information shall be updated monthly, de-identified, and made available to the public through the department's website no later than October 1, 2021.

(d) The department shall establish standards for documenting, reporting, and monitoring the incident reports related to the use of ~~manual or physical~~ restraint ~~or mechanical restraint, and occurrences of seclusion~~. These standards shall be provided to school districts ~~by October 1, 2011~~.

(3) RESTRAINT.—

(a) Authorized school personnel may use restraint only when all positive behavior interventions and supports have been exhausted. Restraint may be used only when there is an imminent risk of serious injury and shall be discontinued as soon as the threat posed by the dangerous behavior has dissipated. Techniques or devices such as straightjackets, zip ties, handcuffs, or tie downs may not be used in ways that may obstruct or restrict breathing or blood flow or that place a student in a facedown position with the student's hands restrained behind the student's back. Restraint techniques may not be used to inflict pain to induce compliance.

(b) Notwithstanding the authority provided in s. 1003.32, restraint shall be used only to protect the safety of students, school personnel, or others and may not be used for student discipline or to correct student noncompliance.

(c) The degree of force applied during physical restraint

must be only that degree of force necessary to protect the student or others from imminent risk of serious injury.

(4) SCHOOL DISTRICT POLICIES AND PROCEDURES.—

(a) Each school district shall adopt approved behavioral interventions and restraint training, pursuant to State Board of Education rules, and identify all school personnel authorized to use the interventions. Each school district shall develop policies and procedures ~~that are~~ consistent with this section which ~~and that~~ govern the following:

1. Incident-reporting procedures.

2. Data collection and monitoring, including when, where, and why students are restrained and ~~or secluded;~~ the frequency of occurrences of such restraint ~~or seclusion; and the prone or mechanical restraint that is most used~~.

3. Monitoring and reporting of data collected.

4. Training programs and procedures relating to ~~manual or physical~~ restraint as described in subsection (3) ~~and seclusion~~.

5. The district's plan for selecting personnel to be trained pursuant to this subsection.

6. The district's plan for reducing the use of restraint, ~~and seclusion~~ particularly in settings in which it occurs frequently or with students who are restrained repeatedly~~, and for reducing the use of prone restraint and mechanical restraint~~. The plan must include a goal for reducing the use of restraint ~~and seclusion~~ and must include activities, skills, and resources needed to achieve that goal. Activities may include, but are not limited to:

a. Additional training in positive behavior interventions and supports. ~~behavioral support and crisis management;~~

b. Parental involvement.~~,~~

c. Data review.~~,~~

d. Updates of students' functional behavioral analysis and positive behavior intervention plans.~~,~~

e. Additional student evaluations.~~,~~

f. Debriefing with staff.~~,~~

g. Use of schoolwide positive behavior support.~~; and~~

h. Changes to the school environment.

i. Analysis of data to determine trends.

j. Ongoing reduction of the use of restraint.

(b) Any revisions a school district makes to its ~~to the district's~~ policies and procedures pursuant to this section~~, which must be prepared as part of its special policies and procedures,~~ must be filed with the bureau chief of the Bureau of Exceptional Education and Student Services within 90 days after the revision ~~no later than January 31, 2012~~.

(c) At the beginning of each school year, each school district shall publicly post its policies and procedures on positive behavior interventions and supports as adopted by the school district.

(5) TRAINING.—Each school district shall provide training to all school personnel authorized to use positive behavior interventions and supports pursuant to school district policy. Training shall be provided annually and must include:

(a) The use of positive behavior interventions and supports.

(b) Risk assessment procedures to identify when restraint may be used.

(c) Examples of when positive behavior interventions and

support techniques have failed to reduce the imminent risk of serious injury.

(d) Examples of safe and appropriate restraint techniques and how to use these techniques with multiple staff members working as a team.

(e) Instruction in the district's documentation and reporting requirements.

(f) Procedures to identify and deal with possible medical emergencies arising during the use of restraint.

(g) Cardiopulmonary resuscitation.

Each school district shall publish the procedures for the training required under this subsection in the district's special policies and procedures manual.

(6) CRISIS INTERVENTION PLAN.—

(a) Upon the second time a student is restrained during a semester, the school shall develop a crisis intervention plan for the student. The crisis intervention plan shall be developed by a team comprised of the student's parent, school personnel, and applicable physical and behavioral health professionals.

(b) The crisis intervention plan must include:

1. Specific positive behavior interventions and supports to use in response to dangerous behaviors that create a threat of imminent risk of serious injury.

2. Known physical and behavioral health concerns that will limit the use of restraint for the student.

3. A timetable for the review and, if necessary, revision of the crisis intervention plan.

(c) The school must provide a copy of the crisis

intervention plan to the student's parent

~~(4) PROHIBITED RESTRAINT.—School personnel may not use a mechanical restraint or a manual or physical restraint that restricts a student's breathing.~~

~~(5) SECLUSION. School personnel may not close, lock, or physically block a student in a room that is unlit and does not meet the rules of the State Fire Marshal for seclusion time-out rooms~~.

Section 2. Section 1003.574, Florida Statutes, is created to read:

1003.574 Video cameras in public school classrooms; pilot program.—Beginning with the 2021-2022 school year, the Video Cameras in Public School Classrooms Pilot Program is created for a period of 3 school years.

(1) As used in this section, the term:

(a) "Incident" means an event, a circumstance, an act, or an omission that results in the abuse or neglect of a student by:

1. An employee of a public school or school district; or

2. Another student.

(b) "School district" means the Broward County Public Schools.

(c) "Self-contained classroom" means a classroom at a public school in which a majority of the students in regular attendance are provided special education services and are assigned to one or more such classrooms for at least 50 percent of the instructional day.

(2)(a) A school district shall provide a video camera to any school with a self-contained classroom upon the written

request of a parent of a student in the classroom.

(b) Within 30 days after receipt of the request from a parent, a video camera shall be operational in each self-contained classroom in which the parent's student is in regular attendance for the remainder of the school year, unless the parent withdraws his or her request in writing.

(3) If the student who is the subject of the initial request is no longer in attendance in the classroom and a school discontinues operation of a video camera during a school year, no later than the fifth school day before the date the operation of the video camera is discontinued, the school must notify the parents of each student in regular attendance in the classroom that operation of the video camera will cease unless the continued use of the camera is requested by a parent. No later than the 10th school day before the end of each school year, the school must notify the parents of each student in regular attendance in the classroom that operation of the video camera will not continue during the following school year unless a written request is submitted by a parent for the next school year.

(4)(a) A video camera placed in a self-contained classroom must be capable of all of the following:

1. Monitoring all areas of the self-contained classroom, including, without limitation, any room attached to the self-contained classroom which is used for other purposes.

2. Recording audio from all areas of the self-contained classroom, including, without limitation, any room attached to the self-contained classroom which is used for other purposes.

(b) A video camera placed in a self-contained classroom may

not monitor a restroom or any other area in the self-contained classroom where a student changes his or her clothes, except for the entryway, exitway, or hallway outside a restroom or other area where a student changes his or her clothes because of the layout of the self-contained classroom.

(c) A video camera placed in a self-contained classroom is not required to be in operation when students are not present in the self-contained classroom.

(d) If there is an interruption in the operation of the video camera for any reason, an explanation must be submitted in writing to the school principal and the district school board which explains the reason for and duration of the interruption. The written explanation must be maintained at the district school board office for at least 1 year.

(5) Before a school initially places a video camera in a self-contained classroom pursuant to this section, the school shall provide written notice of the placement of such video camera to all of the following:

(a) The parent of each student who is assigned to the self-contained classroom.

(b) Each student who is assigned to the self-contained classroom.

(c) The school district.

(d) Each school employee who is assigned to work with one or more students in the self-contained classroom.

(6) A school shall:

(a) Retain video recorded from a video camera placed pursuant to this section for at least 3 months after the date the video was recorded, after which the recording shall be

deleted or otherwise made irretrievable; or

(b) Retain the recording until the conclusion of any investigation or any administrative or legal proceedings that result from the recording have been completed, including, without limitation, the exhaustion of all appeals.

(7) A school or school district may not:

(a) Allow regular, continuous, or continual monitoring of videos recorded under this section; or

(b) Use videos recorded under this section for teacher evaluations or any purpose other than for ensuring the health, safety, and well-being of students receiving special education services in a self-contained classroom.

(8) The principal of the school is the custodian of a video camera operated pursuant to this section, all recordings generated by that video camera, and access to such recordings.

(a) The release or viewing of any video recording under this section must comply with s. 1002.22.

(b) A school or school district shall:

1. Conceal the identity of any student who appears in a video recording, but is not involved in the alleged incident documented by the video recording, which the school allows to be viewed under subsection (9), including, without limitation, blurring the face of the uninvolved student.

2. Protect the confidentiality of all student records contained in a video recording in accordance with s. 1002.22.

(9)(a) Within 7 days after receiving a request to view a video recording, a school or school district shall allow the following individuals to view a video recording made under this section:

1. A school or school district employee who is involved in an alleged incident that is documented by the video recording as part of the investigative process;

2. A parent of a student who is involved in an alleged incident that is documented by the video recording and has been reported to the school or school district;

3. A school or school district employee as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the school or school district;

4. A law enforcement officer as part of an investigation into an alleged incident that is documented by the video recording and has been reported to the law enforcement agency; or

5. The Department of Children and Families as part of a child abuse or neglect investigation.

(b) A person who requests to view a recording shall make himself or herself available for viewing the recording within 30 days after being notified by the school or school district that the person's request has been granted.

(c) A person who views the recording and suspects that child abuse has occurred must report the suspected child abuse to the Department of Children and Families.

(10)(a) Any individual may appeal to the State Board of Education regarding an action by a school or school district which the individual alleges to be in violation of this section.

(b) The state board shall grant a hearing on an appeal under this subsection within 45 days after receiving the appeal.

(11) A school or school district does not violate

subsection (8) if a contractor or other employee of the school or school district incidentally views a video recording made under this section in connection with the performance of his or her duties related to either of the following:

(a) The installation, operation, or maintenance of video equipment; or

(b) The retention of video recordings.

(12) This section does not:

(a) Limit the access of the parent of a student, under the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. s. 1232g, or any other law, to a video recording regarding his or her student.

(b) Waive any immunity from liability of a school district or an employee of a school district.

(c) Create any liability for a cause of action against a school or school district or an employee of a school or school district carrying out the duties and responsibilities required by this section.

(d) Apply to self-contained classrooms in which the only students receiving special education services are those who have been deemed gifted.

(13) The department shall collect information relating to the installation and maintenance of video cameras under this section.

(14) The State Board of Education may adopt rules to implement this section.

Section 3. Section 1012.582, Florida Statutes, is amended to read:

1012.582 Continuing education and inservice training for

teaching students with developmental and emotional or behavioral disabilities.—

(1) The Commissioner of Education shall develop recommendations to incorporate instruction regarding autism spectrum disorder, Down syndrome, ~~and~~ other developmental disabilities, and emotional or behavioral disabilities into continuing education or inservice training requirements for instructional personnel. These recommendations shall address:

(a) Early identification of, and intervention for, students who have autism spectrum disorder, Down syndrome, ~~or~~ other developmental disabilities, or emotional or behavioral disabilities.

(b) Curriculum planning and curricular and instructional modifications, adaptations, and specialized strategies and techniques.

(c) The use of available state and local resources.

(d) The use of positive behavior interventions and ~~behavioral~~ supports to deescalate problem behaviors.

(e) The ~~Appropriate~~ use of ~~manual physical~~ restraint ~~and seclusion~~ techniques, positive behavior interventions and supports, and effective classroom behavior management strategies.

(2) In developing the recommendations, the commissioner shall consult with the State Surgeon General, the Director of the Agency for Persons with Disabilities, representatives from the education community in the state, and representatives from entities that promote awareness about autism spectrum disorder, Down syndrome, ~~and~~ other developmental disabilities, and emotional or behavioral disabilities and provide programs and

services to persons with ~~developmental~~ disabilities, including, but not limited to, regional autism centers pursuant to s. 1004.55.

(3) Beginning with the 2010-2011 school year, the Department of Education shall incorporate the course curricula recommended by the Commissioner of Education, pursuant to subsection (1), into existing requirements for the continuing education or inservice training of instructional personnel. The requirements of this section may not add to the total hours required for continuing education or inservice training as currently established by the department.

(4) The State Board of Education may adopt rules pursuant to ss. 120.536(1) and 120.54 to implement this section.

Section 4. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 200 (808686)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Education); Education Committee; Senator Berman and others
SUBJECT:	Student Retention
DATE:	April 16, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Jahnke	Bouck	ED	**Fav/CS**
2.	Underhill	Elwell	AED	**Recommend: Fav/CS**
3.	Underhill	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 200 authorizes a parent or guardian to request that his or her K-8 public school student be retained, for the 2021-2022 school year, in the grade level to which the student was assigned at the beginning of the 2020-21 school year. Specifically, the bill:

- Requires parents or guardians to submit a retention request in writing to the school principal by June 30, 2021;
- Requires the principal to consider the retention request if timely filed and inform the student's teachers of the request;
- Allows, in lieu of retention, the development of an education plan with the intent of helping the student return to grade level readiness;
- Allows the parent or guardian to have the final decision regarding the promotion or retention of the student;
- Allows a middle school student who is retained to retake high school credits toward grade forgiveness, if the student earned a grade of "C" or lower in the high school level course; and
- Requires school districts to report to the Department of Education the number of retained students under this act.

The bill has no impact on state revenues or expenditures.

The bill takes effect upon becoming a law.

II. Present Situation:

Student Progression

Each district school board must establish a plan for student progression from one grade to another based on the student's mastery of the Next Generation Sunshine State Standards.[1] The plan must, among other things:

- Emphasize student reading proficiency in grades K-3 and provide targeted instructional support for students with identified deficiencies.
- Use results of statewide, standardized assessments and end-of-course assessments to advise high school students of any identified deficiencies and to provide appropriate preparatory instruction.
- Provide for timely information to a student's teacher and parent evaluation results of progress monitoring in grades K-12.
- Provide requirements and notification procedures regarding student participation in whole-grade promotion, midyear promotion[2], or subject-matter acceleration.[3]

Statewide Standardized Assessments

The primary purpose of the student assessment program is to provide student academic achievement and learning gains data to students, parents, and schools. The program is designed to, in part:

- Assess the achievement level and annual learning gains of each student in English Language Arts and mathematics and the achievement level in all other subjects assessed.
- Identify the educational strengths and needs of students and the readiness of students to be promoted to the next grade level or to graduate from high school.[4]

Each student must participate in the statewide, standardized assessment program in grades 3 through 10.[5] Students who do not achieve a Level 3 or above on the statewide, standardized English Language Arts (ELA) assessment, the statewide, standardized Mathematics assessment, or the Algebra I EOC assessment must be evaluated to determine the nature of the student's difficulty, the areas of academic need, and strategies for providing academic supports to improve the student's performance.[6]

Any student in grades K-3 who exhibits a substantial deficiency[7] in reading must be provided interventions immediately following the identification of the reading deficiency.[8]

---

[1] Sections 1003.41 and 1008.25, F.S. The plan must focus specifically on ELA, math, science, and social studies standards.
[2] Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level. Section 1008.25(5)(c)8., F.S.
[3] Section 1008.25(2), F.S.
[4] Section 1008.22(1), F.S.
[5] Sections 1008.22, F.S and 1008.25(4)(a), F.S.
[6] Section 1008.25(4)(a), F.S.
[7] Determination of a substantial deficiency is based upon screening, diagnostic, progress monitoring, or assessment data; statewide assessments; or teacher observations. Section 1008.25(5)(a), F.S. School districts are required determine the criteria used by the district to identify K-3 students with a substantial deficiency in reading. Fla. Admin. Code R. 6A-10.053(9)(c)3.
[8] Section 1008.25(5)(a), F.S.

Student Retention

Florida law specifies that no student may be assigned to a grade level based solely on age or other factors that constitute social promotion.[9]

To be promoted to grade 4, a student must score a Level 2 or higher on the statewide, standardized ELA assessment required for grade 3. The student must be retained if the student's reading deficiency is not remedied by the end of grade 3, by scoring a Level 2 or higher on the statewide, standardized assessment required for grade 3.[10]

The district school board may only exempt students from mandatory retention in grade 3 for good cause. A student who is promoted to grade 4 with a good cause exemption must be provided intensive reading instruction and intervention. Good cause exemptions are limited to students in grade 3 and relate to limited English proficiency students, students with disabilities, the use of alternative assessments or portfolios, and students previously retained in grades K-3.[11]

In the 2018-2019 school year, 28,436 students were promoted to grade 4 based on a good cause exemption.[12]

Based on data from the Florida Department of Education (DOE),[13] there was an overall 43 percent reduction in statewide K-12 student retention rates for the 2019-20 school year compared to the previous 5-year average. The reduction in statewide K-8 retention rates for the same period was 50 percent. Students in grade 3 had the most significant reduction in retention rates, with a 77 percent reduction in grade 3 student retentions in 2019-20 compared to the previous 5-year average. See table below for a breakdown of the data provided form the DOE.

COVID-19 Public Health Emergency

In response to the COVID-19 emergency, the DOE issued an Executive Order (EO),[14] which cancelled remaining K-12 state assessments for the 2019-2020 school year.[15] The EO also authorized school districts and other educational entities to evaluate students for promotion, graduation, and final course grades for the 2019-2020 school year, without consideration of the assessments that were cancelled.[16]

Resulting state guidance relating to the cancellation of state assessments specified that, because the Grade 3 ELA FSA was a key component districts used to make promotion decisions, and such data would not be available due to the cancellation of statewide assessments for the 2019-2020 school year, promotion decisions should be made in consultation with parents, teachers, and school leaders based on the students' classroom performance and progress monitoring data. The guidance also specified that parents should have the ability to request retention of their child in the current grade for the 2020-2021 year. [17]

III. Effect of Proposed Changes:

The bill authorizes a parent or guardian to request that his or her K-8 public school student be retained, for the 2021-2022 school year, in the grade level to which the student was assigned at the beginning of the 2020-21 school year.

The bill specifies that a parent or guardian who wishes for his or her K-8 student to be retained must submit a retention request in writing to the school principal, specifying the academic reason for the retention. Only retention requests received by the principal on or before June 30, 2021, must be considered.

The bill requires that the principal inform the student's teacher and collaboratively discuss the request with the parent or guardian. In lieu of retention, a customized education plan may be developed for the student to return to grade level readiness by the end of the next academic year.

The bill specifies that the parent or guardian has the final decision whether to retain the student.

The bill allows a middle school student who is retained to retake high school credits toward grade forgiveness, if the student earned a grade of "C" or lower in the high school level course.

The bill requires school districts to report to the Department of Education the number of students retained pursuant to this act for all or part of the 2021-2022 school year.

The bill may likely provide parents with greater authority to determine that their child should be retained in the 2021-2022 school year. However, this authority is granted only for the 2021-2022 school year, unless extended by legislative action.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

PCS/CS/SB 200 has no impact on state revenues or expenditures for fiscal year 2021-2022. However, to the extent the bill increases student retention, it could affect the number of FTE projected for funding as students may remain in the public K-12 system longer.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill creates an unnumbered section of Florida Law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 808686 by Appropriations (Recommended by Appropriations Subcommittee on Education):
The proposed committee substitute:

- Adds that in addition to a parent, a guardian may also make a retention request.
- Changes the request from being automatically granted by the superintendent to being a request that shall be considered by the school principal in consultation with the teachers.
- Adds that the submitted request must specify the academic reason for the retention.
- Adds a provision that in lieu of retention, the principal in consultation with the teacher and parent or guardian may develop an education plan for the student to return to grade level readiness by the end of the next academic year.

- Retains the provision that the parent has final determination if their child is retained.
- Allows a middle school student who is retained to retake high school credits toward grade forgiveness.
- Removes the prohibition that a student retained does not qualify for a midyear promotion.

CS by Education on February 3, 2021
The committee substitute:

- Limits the retention request eligibility for K-8 students, rather than K-12 students.
- Modifies the request deadline from June 1, 2021 to June 30, 2021.
- Removes the requirement in the bill for school districts to administer midyear and annual statewide assessments to students retained under this act.
- Removes the option of midyear promotion eligibility for students retained under this act.
- Modifies from June 1, 2022 to June 30, 2022, the school district reporting date to the Department of Education.
- Omits the repeal of the act on June 30, 2022; however the act is created only within Florida Law.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

499062

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Berman) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Notwithstanding s. 1008.25, Florida Statutes, a parent or guardian may request that his or her K-5 public school student be retained for the 2021-2022 school year in the grade level to which the student was assigned at the beginning of the 2020-2021 school year, provided that such request is made for academic reasons.

499062

(1) A parent or guardian who wishes for his or her student to be retained as provided by this act must submit, in writing, to the school principal a retention request that specifies the academic reasons for the retention. Only requests received by the principal on or before June 30, 2021, must be considered. A principal may consider a request received after that date at his or her discretion.

(2)(a) A principal who considers a retention request submitted pursuant to this act shall inform the student's teachers of the retention request and collaboratively discuss with the parent or guardian any basis for agreement or disagreement with the request. As part of the discussion with the parent or guardian, the principal shall disclose that retention may impact the student's eligibility to participate in high school interscholastic or intrascholastic sports due to the student's age.

(b) In lieu of retention, the principal, teachers, and parent or guardian may collaborate to develop a customized 1-year education plan for the student with the intent of helping the student return to grade level readiness by the end of the next academic year. Such plan may include, but need not be limited to, supplemental educational support, services, and interventions; summer education; promotion in some, but not all, courses; and midyear promotion.

(c) The parent's or guardian's decision to promote or retain his or her student after discussing the retention request with the principal shall control. The parent or guardian must sign a form provided by the principal indicating the parent or guardian's decision and acknowledging the academic and athletic

499062

ramifications of their decision. This form must be retained in the student's record.

(3) If a student retained under this subsection has an individual education plan (IEP) in effect, the student's IEP team must convene to review and revise the student's IEP, as appropriate.

(4) By June 30, 2022, school districts shall report to the Department of Education the number of students retained pursuant to this act for all or part of the 2021-2022 school year.

Section 2. This act shall take effect upon becoming a law.

================ T I T L E A M E N D M E N T ================

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to student retention; authorizing a parent or guardian to request that his or her K-5 student be retained in a grade level for academic reasons for a specified school year; requiring that such a request be submitted in a specified manner; requiring school principals to consider such requests if they are timely received; authorizing school principals to consider requests that are not timely received; requiring a school principal who considers a request for retention to inform the student's teachers of the request and collaboratively discuss with the parent or guardian any basis for agreement or disagreement with the request; requiring such

499062

discussion to disclose that retention may impact the student's eligibility to participate in high school interscholastic or intrascholastic sports; authorizing the principal, teachers, and parent or guardian to collaborate to develop a customized 1-year education plan for the student in lieu of retaining the student; requiring a parent's or guardian's decision regarding retention to control; requiring a parent or guardian to sign a form provided by the principal indicating the parent or guardian's decision and acknowledging the academic and athletic ramifications of their decision; requiring such form to be retained in the student's record; requiring the individual education plan (IEP) team for a retained student to review and revise the student's IEP, as appropriate; requiring school districts to report certain data to the Department of Education by a specified date; providing an effective date.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to student retention; authorizing a parent or guardian to request that his or her student be retained in a grade level for academic reasons for a specified school year; requiring that such a request be submitted in a specified manner; requiring school principals to consider such requests if they are timely received; authorizing school principals to consider requests that are not timely received; requiring a school principal that considers a request to inform the student's teachers of the request and collaboratively discuss with the parent or guardian any basis for agreement or disagreement with the request; authorizing the principal, teachers, and parent or guardian to collaborate to develop a customized 1-year education plan for the student in lieu of retaining the student; requiring a parent or guardian's decision regarding retention to control; prohibiting a retained middle school student from retaking certain classes; requiring school districts to report certain data to the Department of Education by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Notwithstanding s. 1008.25, Florida Statutes, a parent or guardian may request that his or her K-8 public school

student be retained for the 2021-2022 school year in the grade level to which the student was assigned at the beginning of the 2020-2021 school year, provided that such request is made for academic reasons.

(1) A parent or guardian who wishes for his or her student to be retained as provided by this act must submit, in writing, to the school principal a retention request that specifies the academic reasons for the retention. Only requests received by the principal on or before June 30, 2021, must be considered. A principal may consider a request received after that date at his or her discretion.

(2)(a) A principal who considers a retention request submitted pursuant to subsection (1) shall inform the student's teachers of the retention request and collaboratively discuss with the parent or guardian any basis for agreement or disagreement with the request.

(b) In lieu of retention, the principal, teachers, and parent or guardian may collaborate to develop a customized 1-year education plan for the student with the intent of helping the student return to grade level readiness by the end of the next academic year. Such plan may include, but need not be limited to, supplemental educational support, services, and interventions; summer education; promotion in some, but not all, courses; and midyear promotion.

(c) The parent or guardian's decision to promote or retain his or her student after discussing the retention request with the principal shall control.

(3) A middle school student who is retained under this section may be eligible to retake high school credits earned

808686

576-02708-21

toward grade forgiveness pursuant to s. 1003.4282(5), Florida Statutes, only if he or she has earned a grade of "C", "D," or "F." in the class for which the credits were awarded.

(4) By June 30, 2022, school districts shall report to the Department of Education the number of students retained pursuant to this act for all or part of the 2021-2022 school year.

Section 2. This act shall take effect upon becoming a law.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 200

3.	Underhill	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 200 authorizes a parent or guardian to request that his or her K-5 public school student be retained, for academic reasons, for the 2021-2022 school year, in the grade level to which the student was assigned at the beginning of the 2020-21 school year. Specifically, the bill:

- Requires parents or guardians to submit a retention request in writing to the school principal by June 30, 2021;
- Requires the principal to consider the retention request if timely filed;
- Requires that the principal inform the student's teacher and to collaboratively discuss the request with the parent or guardian;
- Requires the principal to disclose that the requested retention could impact the student's eligibility to participate in high school interscholastic sports due to the student's age;
- Allows, in lieu of retention, the development of an education plan with the intent of helping the student return to grade level readiness;
- Allows the parent or guardian to have the final decision regarding the promotion or retention of the student;
- Requires that for a student retained by request with an IEP in effect, the student's IEP team must convene to review and revise the student's IEP, as appropriate; and
- Requires school districts to report to the Department of Education the number of retained students under this act.

The bill has no impact on state revenues or expenditures.

The bill takes effect upon becoming a law.

II. Present Situation:

Student Progression

Each district school board must establish a plan for student progression from one grade to another based on the student's mastery of the Next Generation Sunshine State Standards.[1] The plan must, among other things:

- Emphasize student reading proficiency in grades K-3 and provide targeted instructional support for students with identified deficiencies.
- Use results of statewide, standardized assessments and end-of-course assessments to advise high school students of any identified deficiencies and to provide appropriate preparatory instruction.
- Provide for timely information to a student's teacher and parent evaluation results of progress monitoring in grades K-12.
- Provide requirements and notification procedures regarding student participation in whole-grade promotion, midyear promotion[2], or subject-matter acceleration.[3]

Statewide Standardized Assessments

The primary purpose of the student assessment program is to provide student academic achievement and learning gains data to students, parents, and schools. The program is designed to, in part:

- Assess the achievement level and annual learning gains of each student in English Language Arts and mathematics and the achievement level in all other subjects assessed.
- Identify the educational strengths and needs of students and the readiness of students to be promoted to the next grade level or to graduate from high school.[4]

Each student must participate in the statewide, standardized assessment program in grades 3 through 10.[5] Students who do not achieve a Level 3 or above on the statewide, standardized English Language Arts (ELA) assessment, the statewide, standardized Mathematics assessment, or the Algebra I EOC assessment must be evaluated to determine the nature of the student's difficulty, the areas of academic need, and strategies for providing academic supports to improve the student's performance.[6]

[1] Sections 1003.41 and 1008.25, F.S. The plan must focus specifically on ELA, math, science, and social studies standards.
[2] Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level. Section 1008.25(5)(c)8., F.S.
[3] Section 1008.25(2), F.S.
[4] Section 1008.22(1), F.S.
[5] Sections 1008.22, F.S and 1008.25(4)(a), F.S.
[6] Section 1008.25(4)(a), F.S.

Any student in grades K-3 who exhibits a substantial deficiency[7] in reading must be provided interventions immediately following the identification of the reading deficiency.[8]

Student Retention

Florida law specifies that no student may be assigned to a grade level based solely on age or other factors that constitute social promotion.[9]

To be promoted to grade 4, a student must score a Level 2 or higher on the statewide, standardized ELA assessment required for grade 3. The student must be retained if the student's reading deficiency is not remedied by the end of grade 3, by scoring a Level 2 or higher on the statewide, standardized assessment required for grade 3.[10]

The district school board may only exempt students from mandatory retention in grade 3 for good cause. A student who is promoted to grade 4 with a good cause exemption must be provided intensive reading instruction and intervention. Good cause exemptions are limited to students in grade 3 and relate to limited English proficiency students, students with disabilities, the use of alternative assessments or portfolios, and students previously retained in grades K-3.[11]

In the 2018-2019 school year, 28,436 students were promoted to grade 4 based on a good cause exemption.[12]

Based on data from the Florida Department of Education (DOE),[13] there was an overall 43 percent reduction in statewide K-12 student retention rates for the 2019-20 school year compared to the previous 5-year average. The reduction in statewide K-8 retention rates for the same period was 50 percent. Students in grade 3 had the most significant reduction in retention rates, with a 77 percent reduction in grade 3 student retentions in 2019-20 compared to the previous 5-year average. See table below for a breakdown of the data provided form the DOE.

---

[7] Determination of a substantial deficiency is based upon screening, diagnostic, progress monitoring, or assessment data; statewide assessments; or teacher observations. Section 1008.25(5)(a), F.S. School districts are required determine the criteria used by the district to identify K-3 students with a substantial deficiency in reading. Fla. Admin. Code R. 6A-10.053(9)(c)3.

Exceptional Student Education

The Individuals with Disabilities Education Act (IDEA) requires school districts to make free appropriate public education (FAPE) available to such students ages three through 21.[14] A FAPE must include special education and related services[15] provided by the public school district at no cost to the parent, which meet the standards of the state and are in conformity with the student's Individualized Education Plan (IEP).[16] An IEP must be developed, reviewed, and revised for each eligible student or child with a disability served by a school district, or other state agency that provides special education and related services either directly, by contract, or through other arrangements.[17]

The student's IEP Team[18] is required to review the student's IEP periodically, but not less than annually, to determine whether the annual goals for the student are being achieved. The IEP must team must respond to the parent's right to ask for a revision to the IEP, and to revise the IEP, as appropriate, to address any lack of progress toward annual goals or consider anticipated needs.[19]

[14] 20 U.S.C. s. 1400(d)(1)(A); 34 C.F.R. s. 300.101; Rules 6A-6.03028(1) and 6A-6.03411(1)(p), F.A.C.
[15] "Related services" means "transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education, and includes speech-language pathology and audiology services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, early identification and assessment of disabilities in children, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluation purposes." "Related services" also include school health services and school nurse services, social work services in schools, and parent counseling and training. 34 C.F.R. s. 300.34(a).
[16] 34 C.F.R. s. 300.17; Rule 6A-6.03411(1)(p), F.A.C. An individualized education plan means a written statement for each child with a disability that is developed, reviewed, and revised in accordance with the IDEA. 20 U.S.C. s. 1414(d).
[17] Rule 6A-03028(3), F.A.C.
[18] The membership of the IEP Team is specified in Rule 6A-6.03028(3)(c), F.A.C.
[19] Rule 6A-6.03028(3)(j), F.A.C.

COVID-19 Public Health Emergency

In response to the COVID-19 emergency, the DOE issued an Executive Order (EO),[20] which cancelled remaining K-12 state assessments for the 2019-2020 school year.[21] The EO also authorized school districts and other educational entities to evaluate students for promotion, graduation, and final course grades for the 2019-2020 school year, without consideration of the assessments that were cancelled.[22]

Resulting state guidance relating to the cancellation of state assessments specified that, because the Grade 3 ELA FSA was a key component districts used to make promotion decisions, and such data would not be available due to the cancellation of statewide assessments for the 2019-2020 school year, promotion decisions should be made in consultation with parents, teachers, and school leaders based on the students' classroom performance and progress monitoring data. The guidance also specified that parents should have the ability to request retention of their child in the current grade for the 2020-2021 year. [23]

III. Effect of Proposed Changes:

The bill authorizes a parent or guardian to request that his or her K-5 public school student be retained, for the 2021-2022 school year, in the grade level to which the student was assigned at the beginning of the 2020-21 school year.

A parent or guardian who wishes for his or her student to be retained must submit a retention request in writing to the school principal, specifying the academic reason for the retention. Only retention requests received by the principal on or before June 30, 2021, must be considered. A principal may consider a request received after that date at his or her discretion.

The principal is required to inform the student's teacher and collaboratively discuss the request with the parent or guardian. As part of the discussion with the parent or guardian, the principal must disclose that the requested retention could impact the student's eligibility to participate in high school interscholastic sports due to the student's age.

In lieu of retention, a customized education plan may be developed for the student to return to grade level readiness by the end of the next academic year. Such plan may include, but is not limited to, supplemental educational support, services, and interventions; summer education; promotion in some, but not all, courses; and midyear promotion.

The parent or guardian has the final decision whether to retain the student and must sign a form provided by the principal indicating the parent or guardian's decision and acknowledging the

[20] Florida Department of Education, *Emergency Order No. 2020-EO-01, March 23, 2020 available at* http://www.fldoe.org/core/fileparse.php/19861/urlt/DOEORDERNO2020-EO-01.pdf.
[21] *Id., Section 4. Assessment, Accountability and Promotion, March 23, 2020 available at* http://www.fldoe.org/core/fileparse.php/19861/urlt/DOEORDERNO2020-EO-01.pdf.
[22] Florida Department of Education, Coronavirus (COVID-19), K-12 Public, Private & Charter Schools, Assessments, Accountability and Promotion http://www.fldoe.org/em-response/schools.stml (last visited Jan. 27, 2021).
[23] DOE, *Q&A Guidance*, http://www.fldoe.org/core/fileparse.php/19861/urlt/FDOE-COVID-QAl.pdf at p. 2.

academic and athletic ramifications of their decision. This form must be retained in the student's record.

For a student retained by request with an IEP in effect, the student's IEP team must convene to review and revise the student's IEP, as appropriate.

School districts are required to report to the Department of Education the number of students retained pursuant to this act for all or part of the 2021-2022 school year.

The bill may likely provide parents with greater authority to determine that their child should be retained in the 2021-2022 school year. However, this authority is granted only for the 2021-2022 school year, unless extended by legislative action.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

CS/CS/SB 200 has no impact on state revenues or expenditures for fiscal year 2021-2022. However, to the extent the bill increases student retention, it could affect the number of FTE projected for funding as students may remain in the public K-12 system longer.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill creates an unnumbered section of Florida Law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute:

- Adds that in addition to a parent, a guardian may also make a retention request.
- Revises the grades from K-8 to K-5, for which a parent can request that their student be retained.
- Changes the request from being automatically granted by the superintendent to being a request that shall be considered by the school principal in consultation with the teachers.
- Adds that the submitted request must specify the academic reason for the retention.
- Adds a provision that in lieu of retention, the principal in consultation with the teacher and parent or guardian may develop an education plan for the student to return to grade level readiness by the end of the next academic year.
- As part of the discussion with the parent or guardian, the principal shall disclose that retention may impact the student's eligibility to participate in high school interscholastic or intrascholastic sports due to the student's age.
- Retains the provision that the parent has final determination if their child is retained.
- The parent or guardian must sign a form provided by the principal indicating the parent or guardian's decision and acknowledging the academic and athletic ramifications of their decision. This form must be retained in the student's record.
- Adds that if the student is retained, the student's IEP team must convene to review and revise the student's IEP, as appropriate.
- Removes the prohibition that a student retained does not qualify for a midyear promotion.

CS by Education on February 3, 2021:
The committee substitute:

- Limits the retention request eligibility for K-8 students, rather than K-12 students.
- Modifies the request deadline from June 1, 2021 to June 30, 2021.
- Removes the requirement in the bill for school districts to administer midyear and annual statewide assessments to students retained under this act.
- Removes the option of midyear promotion eligibility for students retained under this act.
- Modifies from June 1, 2022 to June 30, 2022, the school district reporting date to the Department of Education.
- Omits the repeal of the act on June 30, 2022; however the act is created only within Florida Law.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senator Berman

581-01977-21 2021200c1

A bill to be entitled

An act relating to student retention; authorizing a parent to request that his or her student be retained in a grade level for a specified school year; requiring such a request to be submitted in a specified manner; requiring school district superintendents to grant such requests if they are timely received; authorizing school district superintendents to grant requests that are not timely received; requiring a retained student to remain in the grade in which he or she was retained in until the student qualifies for promotion at the end of the school year; requiring school districts to report certain data to the Department of Education by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Notwithstanding s. 1008.25, Florida Statutes, a parent may request to retain his or her K-8 public school student in the grade level to which the student was assigned at the beginning of the 2020-2021 school year for the 2021-2022 school year.

(1) A parent who wishes for his or her student to be retained under this act shall submit a retention request in writing to the school district superintendent. Only requests received by the superintendent on or before June 30, 2021, must be considered. A school district superintendent who timely receives such a request shall grant the request. A school

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-01977-21 2021200c1

district superintendent who receives such a written request after the deadline for receipt may grant the request upon his or her discretion.

(2) A student retained at the request of a parent pursuant to this act may not qualify for midyear promotion pursuant to s. 1002.3105, Florida Statutes, and shall remain in the grade in which he or she was retained until the student qualifies for promotion at the end of the school year.

(3) By June 30, 2022, school districts shall report to the Department of Education the number of students retained pursuant to this act for all or part of the 2021-2022 school year.

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 262 amends s. 465.019, Florida Statutes, to authorize medicinal drugs to be dispensed by a hospital that operates a Class II or Class III institutional pharmacy to a patient of the hospital's emergency department or a hospital inpatient upon discharge if a prescriber treating the patient in the hospital determines that:

- The medicinal drug is warranted; and
- Community pharmacy services are not readily accessible to the patient, geographically or otherwise.

If prescribing and dispensing occurs, the bill requires that a supply of the drug must be dispensed that will last for the greater of up to 48 hours or through the end of the next business day, and that during a declared state of emergency, a 72-hour supply may be dispensed by a hospital located in an area affected by the emergency.

Any of these new circumstances that authorize the prescription of a controlled substance must comply with existing regulations and restrictions on the prescribing of a controlled substance.

The bill has an insignificant fiscal impact on the Department of Health (department) that can be absorbed within existing resources.

The bill takes effect on July 1, 2021.

II. Present Situation:

Medicinal Prescribing and Dispensing Practitioners

There are several professions in Florida that have prescriptive authority at various levels, including:

- Allopathic physicians;
- Osteopathic physicians;
- Podiatrists;
- Dentists;
- Advanced practice registered nurses;[1]
- Physician assistants;[2] and
- Pharmacists.[3]

A person may not dispense medicinal drugs unless licensed as a pharmacist, except that a practitioner authorized by law to prescribe drugs may dispense medicinal drugs to patients in the regular course of practice.[4] A practitioner who dispenses medicinal drugs for human consumption for a fee or remuneration of any kind, whether directly or indirectly, must:

- Register with the professional licensing board as a dispensing practitioner and pay a board-established fee at the time of registration and upon renewal of his or her license;
- Comply with, and be subject to, all laws and rules applicable to pharmacists and pharmacies, including, chs. 456, 499, and 893, F.S., and all applicable federal laws and federal regulations; and
- Give each patient a written prescription and, orally or in writing, advise the patient that the prescription may be filled in the practitioner's office or at any pharmacy, before dispensing any drug.[5]

Pharmacy

The practice of pharmacy and the licensure of pharmacies are regulated under ch. 465, F.S. The "practice of the profession of pharmacy" includes:

- Compounding, dispensing, and consulting the consumer concerning the contents, therapeutic values, and uses of any medicinal (prescription)[6] drug; and
- Other pharmaceutical services.[7, 8]

[2] *See* ss. 458.347(4)(e)4., and 459.022(4)(e)4., F.S.
[3] *See* s. 465.186, F.S., and Fla. Admin. Code R. 64B8-36.001 (2019).
[4] Section 465.0276(1)(a), F.S.
[5] Section 465.0276(2)(a), (b), and (c), F.S.
[6] Under s. 465.003(8), F.S., "medicinal drugs" means substances commonly known as "prescription" or "legend" drugs required by law to be dispensed by prescription only.
[7] Section 465.003(13), F.S.
[8] In the context of pharmacy practice, "other pharmaceutical services" means the monitoring of the patient's drug therapy and assisting the patient in the management of his or her drug therapy, and includes review of the patient's drug therapy and communication with the patient's prescribing health care provider as licensed under chs. 458, 459, 461, or 466, F.S., or similar statutory provision in another jurisdiction, or such provider's agent or such other persons as specifically authorized by the patient, regarding the drug therapy. The "practice of the profession of pharmacy" also includes any other act, service, operation, research, or transaction incidental to, or forming a part of, any of the foregoing acts, requiring, involving, or

The Board of Pharmacy

The Board of Pharmacy (BOP) is created within the department and is authorized to make rules to regulate the practice of professional pharmacy in pharmacies meeting minimum requirements for safe practice.[9] All pharmacies must obtain a permit before operating, unless exempt by law. This is true whether opening a new establishment or simply changing locations or owners.[10]

The Practice of Pharmacy

Florida law recognizes seven types of pharmacies as eligible for various operating permits to be issued by the department:

- Community pharmacy;[11]
- Institutional pharmacy;[12]
- Nuclear pharmacy;[13]
- Special pharmacy;[14]
- Internet pharmacy;[15]
- Non-resident sterile compounding pharmacy;[16] and
- Special sterile compounding pharmacy.[17]

Institutional Pharmacies

An "institutional pharmacy" includes any pharmacy located in a health care institution, that includes a hospital, clinic, nursing home, dispensary, sanitarium, extended care facility, or other facility where medicinal drugs are compounded, dispensed, stored, or sold.[18] Institutional pharmacy permits are required for any pharmacy located in any health care institution.[19]

---

employing the science or art of any branch of the pharmaceutical profession, study, or training, expressly permits a pharmacist to transmit information from persons authorized to prescribe medicinal drugs to their patients, and includes the administration of vaccines to adults. *See* s. 465.003(13), F.S.

[9] *See ss.* 465.002, and 465.0155, F.S.

[10] Fla. Admin. Code R. 64B16-28.100(1) (2019).

[11] The term "community pharmacy" includes every location where medicinal drugs are compounded, dispensed, stored, or sold or where prescriptions are filled or dispensed on an outpatient basis. *See* ss. 465.003(11)(a)1. and 465.018, F.S.

[12] *See* ss. 465.003(11)(a)2., and 465.019, F.S.

[13] The term "nuclear pharmacy" includes every location where radioactive drugs and chemicals within the classification of medicinal drugs are compounded, dispensed, stored, or sold, but does not include hospitals licensed under ch. 395, F.S., or the nuclear medicine facilities of such hospitals. *See* ss. 465.003(11)(a)3. and 465.0193, F.S.

[14] The term "special pharmacy" includes every location where medicinal drugs are compounded, dispensed, stored, or sold if such locations are not otherwise defined by law. *See* ss. 465.003(11)(a)4. and 465.0196, F.S.

[15] The term "internet pharmacy" includes locations not otherwise licensed or issued a permit under ch. 465, F.S., whether or not in Florida, which use the Internet to communicate with or obtain information from consumers in this state and use such communication or information to fill or refill prescriptions or to dispense, distribute, or otherwise engage in the practice of pharmacy in this state. *See* ss. 465.003(11)(a)5. and 465.0197, F.S.

[16] The term "nonresident sterile compounding pharmacy" includes a pharmacy that ships, mails, delivers, or dispenses, in any manner, a compounded sterile product into Florida, and a nonresident pharmacy registered under s. 465.0156, F.S., or an outsourcing facility, must hold a nonresident sterile compounding permit. *See* s. 465.0158(1), F.S.

[17] *See* Fla. Admin. Code R. 64B16-28.100 and 64B16-28.802 (2019). An outsourcing facility is considered a pharmacy and must hold a special sterile compounding permit if it engages in sterile compounding.

[18] Section 465.003(11)(a)2., F.S.

[19] Fla. Admin. Code R. 64B16-28.100(3) (2019).

All institutional pharmacies must designate a consultant pharmacist[20] who is responsible for maintaining all drug records required by law, and for establishing drug handling procedures for the safe handling and storage of drugs. The consultant pharmacist may also be responsible for ordering and evaluating any laboratory or clinical tests when these tests are necessary.[21] These laboratory or clinical tests may be ordered only for patients residing in a nursing home, when authorized by the facility's medical director. The consultant pharmacist must complete additional training and demonstrate additional qualifications in the practice of institutional pharmacy, as required by the BOP, and be licensed as a registered pharmacist.[22, 23]

Currently, there are four types of institutional pharmacy permits issued by the BOP to institutional pharmacies: Institutional Class I, Class II, Modified Class II, and Class III.[24]

Institutional Class I Pharmacy

A Class I institutional pharmacy is an institutional pharmacy that all medicinal drugs are administered from individual prescription containers to an individual patient and that medicinal drugs are not dispensed on the premises, except that licensed nursing homes[25] may purchase medical oxygen for administration to residents.[26]

Institutional Class II Pharmacy

A Class II institutional pharmacy is a pharmacy that employs the services of a registered pharmacist or pharmacists who, in practicing institutional pharmacy, provide dispensing and consulting services on the premises to patients of the institution, for use on the premises of the institution.[27] A Class II institutional pharmacy is required to be open sufficient hours to meet the needs of the hospital facility.[28] The consultant pharmacist of record is responsible for establishing a written policy and procedure manual.[29] An institutional Class II pharmacy may elect to participate in the Cancer Drug Donation Program within the Department of Business and Professional Regulation.[30]

---

[20] *See* ss. 465.003(11), and 465.0125, F.S.
[21] *Id*.
[22] Section 465.0125, F.S.
[23] As required by Fla. Admin. Code R. 64B16-28.501(1), (2), and (3) (2019), the consultant pharmacist must also "conduct Drug Regimen Reviews required by Federal or State law, inspect the facility and prepare a written report to be filed at the permitted facility at least monthly, . . . monitor the facility system for providing medication administration records and physician order sheets to ensure that the most current record of medications is available for the monthly drug regimen review, and may utilize additional consultant pharmacists to assist in this review and in the monthly facility inspection." A licensed consultant pharmacist may "remotely access a facility or pharmacy's electronic database from outside the facility or pharmacy to conduct any services additional or supplemental to regular drug regimen reviews, subject to the pharmacy or facility establishing policies and procedures to ensure the security and privacy of confidential patient records, including compliance with applicable Federal HIPAA regulations." The BOP must be notified in writing within ten days of any change in the consultant pharmacist of record, pursuant to Fla. Admin. Code R. 64B16-28.501(1)(b) (2019).
[24] Section 465.019, F.S.
[25] *See* part II, ch. 400, F.S., relating to nursing homes.
[26] Section 465.019(2)(a), F.S.
[27] *See* s. 465.019(2)(b), F.S. Exceptions apply when there is a state of emergency and for single doses of a drug ordered by physicians in limited circumstances.
[28] Fla. Admin. Code R. 64B16-28.603 (2019).
[29] Section 465.019(5), F.S.
[30] *See* s. 499.029, F.S., relating to the Cancer Drug Donation Program Act.

Modified Institutional Class II Pharmacy Permits

Modified Institutional Class II pharmacies are institutional pharmacies in short-term, primary care treatment centers that meet all the requirements for a Class II permit, except space and equipment requirements.[31] Modified Class II Institutional pharmacies are designated as Type A, Type B, and Type C according to the specialized type of the medicinal drug delivery system utilized at the facility, either a patient-specific or bulk drug system, and the quantity of the medicinal drug formulary at the facility.[32]

All Modified Class II institutional pharmacies must be under the control and supervision of a certified consultant pharmacist. The consultant pharmacist of record is responsible for developing and maintaining a current policy and procedure manual. The permittee must make available the policy and procedure manual to the appropriate state or federal agencies upon inspection.[33]

Institutional Class III Pharmacies

Class III institutional pharmacies are pharmacies, including central distribution facilities, that are affiliated with a hospital that provide the same services authorized by a Class II institutional pharmacy permit. Class III institutional pharmacies may also:

- Dispense, distribute, compound, and fill prescriptions for medicinal drugs;
- Prepare prepackaged drug products;
- Conduct other pharmaceutical services for the affiliated hospital and for entities under common control that are each permitted under ch. 465, F.S., to possess medicinal drugs; and
- Provide the services in Class I institutional pharmacies, Class II institutional pharmacies, and Modified Class II institutional pharmacies that hold an active health care clinic establishment permit.[34, 35]

A Class III institutional pharmacy must also maintain policies and procedures addressing the following:

- The consultant pharmacist responsible for pharmaceutical services;

---

[31] Section 465.019(2)(c), F.S.

[32] Fla. Admin. Code R. 64B16-28.702(2) (2019). Modified Class II Institutional Pharmacies provide the following pharmacy services: (1) Type "A" Modified Class II Institutional Pharmacies provide pharmacy services in a facility which has a formulary of not more than 15 medicinal drugs, excluding those medicinal drugs contained in an emergency box, and in which the medicinal drugs are stored in bulk and in which the consultant pharmacist provides on-site consultations not less than once every month, unless otherwise directed by the BOP after review of the policy and procedure manual; (2) Type "B" Modified Class II Institutional Pharmacies provide pharmacy services in a facility in which medicinal drugs are stored in the facility in patient specific form and in bulk form and which has an expanded drug formulary, and in which the consultant pharmacist provides on-site consultations not less than once per month, unless otherwise directed by the BOP after review of the policy and procedure manual; and (3) Type "C" Modified Class II Institutional Pharmacies provide pharmacy services in a facility in which medicinal drugs are stored in the facility in patient specific form and which has an expanded drug formulary, and in which the consultant pharmacist provides onsite consultations not less than once per month, unless otherwise directed by the BOP after review of the policy and procedure manual.

[33] *See* Florida Board of Pharmacy, *Institutional Pharmacy Permit*, *available at* http://floridaspharmacy.gov/licensing/institutional-pharmacy-permit/ (last visited March 19, 2021).

[34] Section 465.019(2)(d)1., F.S.

[35] *See* s. 499.01(2)(r), F.S.

- Safe practices for the preparation, dispensing, prepackaging, distribution, and transportation of medicinal drugs and prepackaged drug products;
- Recordkeeping to monitor the movement, distribution, and transportation of medicinal drugs and prepackaged drug products;
- Recordkeeping of pharmacy staff responsible for each step in the preparation, dispensing, prepackaging, transportation, and distribution of medicinal drugs and prepackaged drug products; and
- Medicinal drugs and prepackaged drug products that may not be safely distributed among Class III institutional pharmacies.[36]

Institutional Pharmacies – Dispensing Medicinal Drugs

Class II and Class III institutional pharmacies are permitted to dispense medicinal drugs to outpatients only when that institution has been issued a community pharmacy permit from the department.[37] An individual licensed to prescribe medicinal drugs may dispense up to a 24-hour supply of a medicinal drug to any patient of an emergency department of a hospital that operates a Class II or Class III institutional pharmacy, provided the physician treating the patient in such hospital's emergency department determines the following:

- The medicinal drug is warranted; and
- Community pharmacy services are not readily accessible, geographically or otherwise, to the patient.[38]

Such dispensing from the emergency department must be in accordance with the procedures of the hospital. For any patient for whom a medicinal drug is determined to be warranted by the treating emergency department physician for a period to exceed 24 hours, an individual licensed to prescribe the drug must dispense a 24-hour supply of the drug to the patient and provide the patient with a prescription for the drug for use after the initial 24-hour period.[39] The BOP is authorized to adopt rules necessary to carry out these provisions.

III. Effect of Proposed Changes:

The bill permits medicinal drugs to be dispensed by a hospital that operates a Class II or Class III institutional pharmacy to a patient of the hospital's emergency department or a hospital inpatient upon discharge if a prescriber treating the patient in the hospital determines that:

- The medicinal drug is warranted; and
- Community pharmacy services are not readily accessible to the patient, geographically or otherwise.

If such prescribing and dispensing occurs, the bill requires that a supply of the drug must be dispensed that will last for the greater of up to 48 hours or through the end of the next business day; however, a supply lasting up to 72 hours may be dispensed during a declared state of emergency by a hospital located in an area affected by the emergency.

[36] Section 465.019(2)(d)2., F.S.
[37] *See* s. 465.019(2)(a), F.S., which prohibits a Class I institutional pharmacy from dispensing medicinal drugs.
[38] Section 465.019(4), F.S.
[39] *Id.*

A prescriber who prescribes medicinal drugs under the above circumstances may provide the patient with a prescription for such drug for use beyond the initial prescription period if the prescriber determines that use is warranted.

A prescription authorized under any of these conditions must comply with existing regulations on controlled substances provided in ss. 456.44 and 465.0276, F.S.[40]

The Board of Pharmacy is authorized to adopt rules to implement the bill.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Article VII, Section 18 of the State Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

[40] Sections 456.44 and 465.0276, F.S., impose restrictions and limitations on controlled substance prescribing, such as what may be prescribed and how often.

C. Government Sector Impact:

The Department of Health expects to incur a nonrecurring cost based on rulemaking, and anticipates that the cost can be absorbed within existing resources.[41]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 465.019 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Military and Veterans Affairs, Space, and Domestic Security on March 23, 2021:
The committee substitute provides that the new conditions that authorize the prescribing of a controlled substance are subject to ss. 456.44 and 465.0276, F.S., that regulate the prescribing of controlled substances.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[41] Department of Health, *2021 Agency Legislative Bill Analysis, SB 262* (Jan. 25, 2021) (on file with the Senate Committee on Military and Veterans Affairs, Space, and Domestic Security).

By the Committee on Military and Veterans Affairs, Space, and Domestic Security; and Senator Harrell

583-03273-21 2021262c1

A bill to be entitled

An act relating to dispensing medicinal drugs; amending s. 465.019, F.S.; authorizing certain hospitals to dispense supplies of prescribed medicinal drugs in a specified amount to emergency department patients or inpatients upon discharge under certain circumstances; authorizing a greater specified supply of medicinal drugs to be prescribed and dispensed in areas in which a state of emergency has been declared and is in effect; authorizing a prescriber to provide a patient with a prescription for medicinal drugs beyond the initial prescription period under certain circumstances; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (4) of section 465.019, Florida Statutes, is amended to read:

465.019 Institutional pharmacies; permits.—

(4)(a) Medicinal drugs shall be dispensed in an institutional pharmacy to outpatients only when that institution has secured a community pharmacy permit from the department. However, ~~an individual licensed to prescribe~~ medicinal drugs ~~in this state~~ may be dispensed by ~~dispense up to a 24-hour supply of a medicinal drug to any patient of an emergency department of~~ a hospital that operates a Class II or Class III institutional pharmacy to a patient of the hospital's emergency department or a hospital inpatient upon discharge if a prescriber, as defined in s. 465.025(1), ~~provided that the physician~~ treating the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

583-03273-21 2021262c1

patient in such hospital ~~hospital's emergency department~~ determines that the medicinal drug is warranted and that community pharmacy services are not readily accessible, geographically or otherwise, to the patient. Such prescribing and dispensing ~~from the emergency department must be in accordance with the procedures of the hospital~~ must be for a supply of the drug that will last for the greater of the following:

1. Up to 48 hours; or

2. Through the end of the next business day.

(b) Notwithstanding subparagraph (a)1., if a state of emergency has been declared and is in effect for an area of this state pursuant to s. 252.36, a supply of a medicinal drug which will last up to 72 hours may be prescribed and dispensed under paragraph (a) in that area ~~For any such patient for whom a medicinal drug is warranted for a period to exceed 24 hours, an individual licensed to prescribe such drug must dispense a 24-hour supply of such drug to the patient and must provide the patient with a prescription for such drug for use after the initial 24-hour period~~.

(c) A prescriber as defined in s. 465.025(1) who prescribes medicinal drugs under this subsection may provide the patient with a prescription for such drug for use beyond the initial prescription period if the prescriber determines that such use is warranted. Any prescribing or dispensing of a controlled substance under this subsection must comply with the applicable requirements of ss. 456.44 and 465.0276.

(d) The board may adopt rules ~~necessary~~ to implement ~~carry out the provisions of~~ this subsection.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 2. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 352
INTRODUCER:	Health Policy Committee and Senator Rodriguez
SUBJECT:	Massage Therapy
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Rossitto Van-Winkle	Brown	HP	**Fav/CS**
2.	Harmsen	McKay	CM	**Favorable**
3.	Howard	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 352 makes multiple changes to the regulation of the practice of massage. The bill:

- Replaces the term "massage" with "massage therapy" throughout chapter 480, Florida Statutes, and revises the chapter title from "Massage Practice" to "Massage Therapy Practice;"
- Specifies that massage therapy is a therapeutic health care practice;
- Amends the definitions of "massage" and "massage therapist" to expand the scope of practice of massage therapists; and
- Defines "massage therapy assessment" and includes the performance of such assessment, for compensation, in the scope of practice of massage therapy.

The bill has an insignificant fiscal impact on the Department of Health (department) that can be absorbed within existing resources.

The bill takes effect on July 1, 2021.

II. Present Situation:

The Department of Health

The Legislature created the Department of Health (department) to protect and promote the health of all residents and visitors in the state.[1] The department is charged with the regulation of health care practitioners for the preservation of the health, safety, and welfare of the public. The Division of Medical Quality Assurance (MQA) is responsible for the boards[2] and professions within the department.[3]

Section 480.035, F.S., establishes the Board of Massage Therapy (BMT) within the department to license and regulate the practice of massage. The BMT also specifies the licensing procedures for practitioners who desire to practice in Florida.[4]

Massage

"Massage" is the manipulation of the soft tissues of the human body with the hand, foot, arm, or elbow, whether or not the manipulation is aided by hydrotherapy, including colonic irrigation, or thermal therapy; any electrical or mechanical device; or the application to the human body of a chemical or herbal preparation.[5]

Chapter 480, F.S., the "Massage Practice Act," governs the practice of massage in Florida. A massage therapist is a health care practitioner licensed under ch. 480, F.S.[6] According to the department, there are 176 approved, licensed massage schools in Florida. In Fiscal Year 2019-2020, there were 32,435 in-state, active licensed massage therapists and 96 licensed massage apprentices licensed under the Florida apprenticeship program.[7]

Massage Licensure

An individual who seeks licensure to practice massage in Florida must:[8]

- Submit an application and fee to the department;
- Be at least 18 years of age or have a high school diploma or high school equivalency diploma;
- Submit to background screening, and be found to not have been convicted or found guilty of, or to have pled nolo contendere to specific crimes and felonies; and
- Meet specific training and education requirements, as discussed below.

---

[1] Section 20.43, F.S.
[2] Under s. 456.001(1), F.S., the term "board" is defined as any board, commission, or other statutorily created entity, to the extent such entity is authorized to exercise regulatory or rulemaking functions within the department or, in some cases, within the MQA.
[3] Section 20.43, F.S.

[8] Section 480.041, F.S. *See also*, Rule 64B7-25, F.A.C

Education and Training Requirements

Individuals may meet their education and training requirements to earn their Florida massage license in one of three manners:

- Attend a BMT-approved massage school and pass a BMT-approved examination;[9]
- Complete a BMT-approved massage apprenticeship program by July 1, 2023, and pass a BMT-approved examination.[10] This option is only available to those who had a massage apprentice license before July 1, 2020;[11] or
- Obtain a license by endorsement, if the applicant is currently licensed in a different state and meets additional requirements.[12]

Massage Therapy Schools

The BMT requires applicants for licensure to practice massage therapy to complete at least 500 classroom hours that the student must complete at a rate of no more than six hours per day and no more than 30 classroom hours per calendar week.[13] Classroom education must include:[14]

- 150 hours of anatomy and physiology;
- 100 hours of basic massage theory and history;
- 125 hours of clinical practicum;
- 76 hours of allied modalities;
- 15 hours of business;
- 15 hours of theory and practice of hydrotherapy;
- 10 hours of Florida laws and rules;
- 4 hours of professional ethics;
- 3 hours of HIV/AIDS education; and
- 2 hours on reducing medical errors.

Apprenticeships

Previously, individuals could complete a massage apprenticeship in lieu of attending and graduating from a BMT-approved massage therapy school.[15] In 2020, however, the Legislature removed this path to licensure by redefining the term "apprentice" in the Massage Practice

[9] Rule 64B7-25.001, F.A.C. *See also*, Florida Board of Massage Therapy, Requirements for all Applicants, *Additional Requirements for Examination Applicants, available at* https://floridasmassagetherapy.gov/licensing/licensed-massage-therapist-lmt/ (last visited Mar. 8, 2021).
[10] Rule 64B7-29.003, F.A.C. (2020). During the apprenticeship, the sponsor is required to file quarterly reports and the apprentice must complete the following courses of study: 300 hours of physiology, 300 hours of anatomy, 20 hours of theory and history of massage, 50 hours of theory and practice of hydro-therapy, 25 hours of statutes and rules of massage practice, 50 hours of introduction to allied modalities, 700 hours of practical massage, and three hours of BMP-approved HIV/AIDS instruction.
[11] *See* ss. 480.033(5) and 480.041(8), F.S., (2020). After June 30, 2020, the department no longer issues massage apprentice licenses.
[12] Section 480.041(5)(c), F.S.
[13] Rule 64B7-32.003, F.A.C.
[14] *Id.*
[15] Section 480.041(1)(b), F.S. (2019).

Act.[16,17] Only individuals who were issued a license as a massage apprentice before July 1, 2020, are permitted to continue under their apprenticeship until it expires. If the individual chooses to apply for licensure to practice massage in Florida, he or she may do so before July 1, 2023, and be granted a license, if he or she meets all other licensing requirements, e.g., exam passage.[18]

Apprenticeship training must be conducted by a fully-licensed sponsor at a qualified massage establishment. The apprentice must complete his or her training within a 12-month period, and the training must include:[19]

- 300 hours of anatomy;
- 300 hours of physiology;
- 20 hours of basic massage theory and history;
- 50 hours of theory and practice of hydrotherapy;
- 25 hours of Florida laws and rules regulating the practice of massage therapy;
- 50 hours of allied modalities;
- 700 hours of clinical practicum; and
- 3 hours of HIV/AIDS instruction.

Apprentices are also required to successfully complete an approved exam, and meet the other general licensure requirements found in s. 480.041, F.S. (2019), to become fully licensed massage practitioners.

Licensure by Endorsement

Individuals who hold an active license in another state that has licensing requirements that are equivalent to, or that exceed, Florida's licensing requirements are eligible to receive a Florida massage practitioner license if he or she has also completed 10 hours of Florida Laws and Rules as part of their BMT-approved massage education program or with an approved continuing education (CE) provider.[20]

Health Coverage and Billing for Massage Services

The Florida Insurance Code[21] requires any health insurance policy or health maintenance organization (HMO) contract that provides coverage for massage to also cover the services of a licensed massage therapist in cases where an allopathic, osteopathic, chiropractic, or podiatric

[16] Section 480.033(5), F.S.
[17] Chapter 2020-133, s. 38, Laws of Fla., CS/CS/CS/HB 713 (2020) was signed into law on June 29, 2020, and took effect on July 1, 2020.
[18] Section 480.041(8), F.S.
[19] Rule 64B7-29.003, F.A.C.
[20] Rule 64B7-25.004, F.A.C. Florida-approved Massage Therapy programs are required to have 10 hours of Florida laws and rules as a part of their curriculum. Graduates from out of state programs must show that they have met the same course requirements as students who attend Florida schools. Out-of-state programs do not typically teach Florida laws and rules. By including a course as a separate requirement in the board's checklist, the board has reduced confusion among out-of-state applicants and given them notice that if they did not take this class during their schooling they will need to take it before they are licensed. *See* e-mail of Kama Monroe, Executive Director, Department of Health, Division of Medical Quality Assurance, Bureau of Health Care Practitioner Regulation, Board of Massage Therapy (Jan. 27, 2021) (on file with the Senate Health Policy Committee).
[21] *See* s. 624.01, F.S.

physician has prescribed massage as medically necessary, and the prescription specifies the number of treatments.[22] Medical benefits under personal injury protection coverage, however, specifically exclude massage.[23]

All medical billing by health care practitioners in the United States is done using standardized diagnosis ICD-10 codes[24] and standardized procedure CPT codes[25] or HCPCS codes,[26] with or without modifiers." The CPT codes are generally preferred for office and outpatient settings, as well as for Medicare, Medicaid, and by private insurers.[27] The CPT codes are evidence-based codes that have been created by the American Medical Association (AMA) and designated by the U.S. Department of Health and Human Services under the Health Insurance Portability and Accountability Act (HIPAA) as the national coding set for physicians and other health care professional services. The 2021 CPT codes were released September 1, 2020.[28]

Massage therapists, like other health care practitioners, bill Medicare, Medicaid, private insurers or private-pay patients for the procedures and services they provide. At the AMA's invitation, the American Massage Therapy Association (AMTA) is part of the Physical Medicine and Rehabilitation workgroup that was tasked to develop language that appropriately describes the services of massage therapists across the country.[29] Massage therapists may not use any CPT codes from any area of the CPT code manual outside of the physical medicine and rehabilitation pages.[30] According to the AMTA, the following are some of the more common CPT codes currently billed by massage therapists that are paid by Medicare, Medicaid, and private insurers:[31]

- CPT Code 97124 Massage Therapy;
- CPT Code 97140 Manual Therapy;
- CPT Code 97112 Neuromuscular Re-education;
- CPT Code 97010 Hot/Cold Packs; and

- CPT Code 97110 Therapeutic Exercise.

Typically, health care providers who provide medical evaluations and management (E/M) services also bill Medicare, Medicaid, and private insurers for the initial office visit using CPT codes 99201 through 99215 depending on whether the patient is a new or established patient and the complexity of the visit. The practitioner would follow the E/M documentation guidelines in the CPT manual for all E/M services. The E/M CPT code requirements and average reimbursement rates for a new patient office visit are as follows:[32]

CPT Code	Description	Services Provided	Average Fee
99201	10 Minute - Problem Focused Exam & Plan	Requires Problem Focused: • History; • Examination; and • Straightforward Decision Making.	$30-$40
99202	20 Minute - Expanded Problem Focused Exam & Plan	Requires Expanded Problem Focused: • History; • Examination; and • Straightforward Decision Making.	$70-$80
99203	30 Minute - Detailed Exam & Plan	Requires Detailed: • History; • Examination; and • Decision Making of Low Complexity.	$80-$110
99204	45 Minute - Exam of Moderate Complexity & Plan	Requires Comprehensive: • History; • Examination; and • Decision Making of Moderate Complexity.	$130-$170
99205	60 Minutes - Exam of High Complexity & Plan	Requires Comprehensive: •History; •Examination; and •Decision Making of High Complexity.	$180-$210

Currently, the scope of practice of a massage therapist in Florida does not include the patient evaluation and management required for the utilization of the CPT codes 99201 through 99215, and massage therapists are not currently reimbursed by Medicare, Medicaid, or private insurers for those services.[33]

[32] Medical Billing, *CPT Code 99201, 99202, 99203, 99204, 99205 - Which code to USE,* http://www.whatismedicalinsurancebilling.org/p/cpt-99201-99202-99203-99204-99205-which.html (last visited Mar. 8, 2021).

[33] Centers for Medicare and Medicaid Services *National Correct Coding Initiative Policy Manual for Medicare Services, Current Procedural Terminology (CPT) Codes, Descriptions and Other Data: Ch. 11- CPT Codes 90000-99999*, (Rev'd Jan. 1, 2021), *available at* https://www.cms.gov/Medicare/Coding/NationalCorrectCodInitEd (last visited Mar. 8, 2021). E/M services for specific non-physician practitioners, i.e. nurse practitioner (NP), clinical nurse specialist (CNS) and certified nurse midwife (CNM) whose Medicare benefit permits them to bill these services. A physician assistant (PA) may also provide a physician service; however, the physician collaboration and general supervision rules as well as all billing rules, apply to all the above non-physician practitioners. The service provided must be medically necessary and the service must be within the scope of practice for a non-physician practitioner in the state in which he or she practices. Medicare, Medicaid, and

The CPT code modifiers (also called Level I modifiers) are two-digit numeric codes used to supplement information and adjust care descriptions to provide extra details concerning a procedure or service provided by a health care provider.[34] Some are informational and some can enhance the amount of reimbursement as much as 110 percent to 150 percent. The federal Centers for Medicare & Medicaid Services lists the following as some common billing modifiers:

- Modifier 25 = The medical provider performs a significant, separately identifiable evaluation and management service on the same day of a procedure or other service;
- Modifier 51 = Multiple procedures by the same provider at the same session; and
- Modifier 59 = Linked services by the medical provider; providing two wholly-separate and distinct services during the same treatment period.[35]

Under the current definition of massage practice in Florida, the use of CPT code modifiers in billing Medicare, Medicaid, or private insurers for massage therapy is seldom necessary or appropriate.[36]

III. Effect of Proposed Changes:

Massage Practice

This bill makes multiple changes to statutes governing the practice of massage in Florida. The bill:

- Replaces the term "massage" with "massage therapy" throughout ch. 480, F.S.;
- Specifies that massage therapy is a therapeutic health care practice;
- Revises the legislative purpose for the necessity of regulating massage practice under ch. 480, F.S. Under current law, the Legislature recognizes the practice of massage as being potentially dangerous to the public. Under the bill, the Legislature recognizes that unregulated massage therapy poses a danger to the public;
- Expands the scope of practice of massage therapy to include:
  - Manipulation of the soft tissues of the human body with the knee; and
  - "Massage therapy assessments," defined as the massage therapist's determination of the course of a patient's massage therapy treatment, for compensation; and
- Makes technical and conforming changes.

Insurance and Health Maintenance Coverage of Massage Therapy

The bill replaces the term "massage" with "massage therapy" in the Florida Insurance Code. Additionally, the bill provides an avenue for a massage therapist to bill health insurers and HMOs for massage-related services that are not applicable under current law.

---

most private insurers will not pay for CPT evaluation and management codes billed by massage therapists, physical therapists, or occupational therapists in independent practice.

[34] *Id*. at Ch. I-E.

[35] *Id*. *See also*, Center for Medicare and Medicaid Services, *HCPCS Coding Questions: Do You Have A Coding Question?* https://www.cms.gov/Medicare/Coding/MedHCPCSGenInfo/HCPCS_Coding_Questions (last visited Mar. 8, 2021).

[36] Ed Denning, *supra* note 30.

The bill's expansion of a massage therapist's scope of practice to include massage therapy assessment, for compensation, for the determination of the course of a patient's massage therapy treatment, could have the effect of increasing costs borne by health insurers and HMOs that cover massage therapy. Under the bill, massage therapists may seek payment from insurers and HMOs using CPT billing codes 99201 through 99215 for initial assessment of a new patient and for periodic reevaluation of preexisting patents.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill might result in increased costs borne by private health insurers and HMOs that cover massage therapy services.

C. Government Sector Impact:

The bill might result in increased costs for massage therapy services under state group health insurance, Medicaid,[37] and the Children's Health Insurance Program, to the extent

[37] Massage therapy is not specified in the Florida Statutes as a benefit that Medicaid managed care plans must cover. *See* s. 409.973(1), F.S. However, the Agency for Health Care Administration (AHCA) requires such plans to provide medical massage therapy services to enrollees diagnosed with AIDS, and who have had a history of an AIDS-related opportunistic

massage therapy is covered and provided under those respective benefit packages. The fiscal impact is indeterminate at this time.

The Department of Health (department) cites a need to amend a majority of the rules in ch. 64B7 of the Florida Administrative Code to update the term "massage" to "massage therapy," in accordance with the term's replacement by this bill. The department states that it will be able to absorb any nonrecurring cost associated with this rulemaking.[38]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 480.031, 480.032, 480.033, 477.013, 477.0135, 477.0265, 480.034, 480.035, 480.041, 480.043, 480.046, 480.0465, 480.047, 480.052, 480.0535, 627.6407, 627.6619, 627.736, 641.31, and 823.05.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Health Policy on February 4, 2021:
The CS removes from the underlying bill the authorization for a massage therapist to apply over-the-counter topical agents, or prescription topical agents prescribed by a third-party health care practitioner, to the body of a massage client. The CS reverts to current law regarding which substances may be applied to the human body by a massage therapist.

B. Amendments:

None.

---

infection, for the treatment of peripheral neuropathy or severe neuromuscular pain and lymphedema. *See*, Agency for Health Care Administration, *2018-2023 Model Health Plan Contract*, p. 21 (Oct. 1, 2020) *available at* https://ahca.myflorida.com/medicaid/statewide_mc/pdf/Contracts/2020-10-01/Exhibit_II_A_MMA-2020-10-01.pdf (last visited Mar. 8, 2021). Medicaid managed care plans are also allowed to customize their benefit packages and offer additional services beyond the minimum they are required to cover. *See* s. 409.973(2), F.S., Massage therapy has been approved by the AHCA as an additional service that plans may offer, and, according to the AHCA, 14 Medicaid managed care plans are currently covering massage therapy. 588-01986-21 2021352c1

A bill to be entitled

An act relating to massage therapy; renaming ch. 480, F.S., as "Massage Therapy Practice"; amending s. 480.031, F.S.; revising a short title; amending s. 480.032, F.S.; revising the purpose of ch. 480, F.S.; reordering and amending s. 480.033, F.S.; revising and defining terms; amending ss. 477.013, 477.0135, 477.0265, 480.034, 480.035, 480.041, 480.043, 480.046, 480.0465, 480.047, 480.052, 480.0535, 627.6407, 627.6619, 627.736, 641.31, and 823.05, F.S.; conforming provisions to changes made by the act; making technical changes; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Chapter 480, Florida Statutes, entitled "Massage Practice," is renamed "Massage Therapy Practice."

Section 2. Section 480.031, Florida Statutes, is amended to read:

480.031 Short title.—This act ~~shall be known and~~ may be cited as the "Massage Therapy Practice Act."

Section 3. Section 480.032, Florida Statutes, is amended to read:

480.032 Purpose.—The Legislature recognizes that the unregulated practice of massage therapy poses a danger ~~is potentially dangerous~~ to the public in that massage therapists must have a knowledge of anatomy and physiology and an understanding of the relationship between the structure and the function of the tissues being treated and the total function of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-01986-21 2021352c1

the body. Massage therapy is a therapeutic health care practice, and regulations are necessary to protect the public from unqualified practitioners. It is therefore deemed necessary in the interest of public health, safety, and welfare to regulate the practice of massage therapy in this state and, therefore~~,~~ ~~however~~, restrictions must ~~shall~~ be imposed to the extent necessary to protect the public from significant and discernible danger to health ~~and yet not~~ in ~~such~~ a manner that does not ~~which will~~ unreasonably affect the competitive market. Further, consumer protection for both health and economic matters must ~~shall~~ be afforded the public through legal remedies provided for in this act.

Section 4. Section 480.033, Florida Statutes, is reordered and amended to read:

480.033 Definitions.—As used in this act:

(2)~~(1)~~ "Board" means the Board of Massage Therapy.

(5)~~(2)~~ "Department" means the Department of Health.

(11)~~(3)~~ "Massage therapy" means the manipulation of the soft tissues of the human body with the hand, foot, knee, arm, or elbow, regardless of whether ~~or not~~ such manipulation is aided by hydrotherapy, including colonic irrigation, or thermal therapy; any electrical or mechanical device; or the application to the human body of a chemical or herbal preparation.

(10)~~(4)~~ "Massage therapist" means a person licensed as required by this act~~,~~ who performs ~~administers~~ massage therapy, including massage therapy assessment, for compensation.

(1)~~(5)~~ "Apprentice" means a person approved by the board to study colonic irrigation under the instruction of a licensed massage therapist practicing colonic irrigation.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(4) ~~(6)~~ "Colonic irrigation" means a method of hydrotherapy used to cleanse the colon with the aid of a mechanical device and water.

(7) "Establishment" or "massage establishment" means a site or premises, or portion thereof, wherein a massage therapist practices massage therapy.

(9) ~~(8)~~ "Licensure" means the procedure by which a person, hereinafter referred to as a "practitioner," applies to the board for approval to practice massage therapy or to operate an establishment.

(3) ~~(9)~~ "Board-approved massage therapy school" means a facility that meets minimum standards for training and curriculum as determined by rule of the board and that is licensed by the Department of Education pursuant to chapter 1005 or the equivalent licensing authority of another state or is within the public school system of this state or a college or university that is eligible to participate in the William L. Boyd, IV, Effective Access to Student Education Grant Program.

(8) ~~(10)~~ "Establishment owner" means a person who has ownership interest in a massage establishment. The term includes an individual who holds a massage establishment license, a general partner of a partnership, an owner or officer of a corporation, and a member of a limited liability company and its subsidiaries who holds a massage establishment license.

(6) ~~(11)~~ "Designated establishment manager" means a massage therapist who holds a clear and active license without restriction, who is responsible for the operation of a massage establishment in accordance with the provisions of this chapter, and who is designated the manager by the rules or practices at

the establishment.

(12) "Massage therapy assessment" means the determination of the course of massage therapy treatment.

Section 5. Subsection (13) of section 477.013, Florida Statutes, is amended to read:

477.013 Definitions.—As used in this chapter:

(13) "Skin care services" means the treatment of the skin of the body, other than the head, face, and scalp, by the use of a sponge, brush, cloth, or similar device to apply or remove a chemical preparation or other substance, except that chemical peels may be removed by peeling an applied preparation from the skin by hand. Skin care services must be performed by a licensed cosmetologist or facial specialist within a licensed cosmetology or specialty salon, and such services may not involve massage therapy, as defined in s. 480.033 ~~s. 480.033(3)~~, through manipulation of the superficial tissue.

Section 6. Paragraph (a) of subsection (1) of section 477.0135, Florida Statutes, is amended to read:

477.0135 Exemptions.—

(1) This chapter does not apply to the following persons when practicing pursuant to their professional or occupational responsibilities and duties:

(a) Persons authorized under the laws of this state to practice medicine, surgery, osteopathic medicine, chiropractic medicine, massage therapy, naturopathy, or podiatric medicine.

Section 7. Paragraph (f) of subsection (1) of section 477.0265, Florida Statutes, is amended to read:

477.0265 Prohibited acts.—

(1) It is unlawful for any person to:

(f) Advertise or imply that skin care services, as performed under this chapter, have any relationship to the practice of massage therapy as defined in s. 480.033 ~~s. 480.033(3)~~, except those practices or activities defined in s. 477.013.

Section 8. Subsection (4) of section 480.034, Florida Statutes, is amended to read:

480.034 Exemptions.—

(4) An exemption granted is effective to the extent that an exempted person's practice or profession overlaps with the practice of massage therapy.

Section 9. Subsection (2) of section 480.035, Florida Statutes, is amended to read:

480.035 Board of Massage Therapy.—

(2) Five members of the board shall be licensed massage therapists and shall have been engaged in the practice of massage therapy for not less than 5 consecutive years prior to the date of appointment to the board. The Governor shall appoint each member for a term of 4 years. Two members of the board shall be laypersons. Each board member shall be a high school graduate or shall have received a high school equivalency diploma. Each board member shall be a citizen of the United States and a resident of this state for not less than 5 years. The appointments are ~~will be~~ subject to confirmation by the Senate.

Section 10. Subsections (1) and (4) and paragraph (b) of subsection (5) of section 480.041, Florida Statutes, are amended to read:

480.041 Massage therapists; qualifications; licensure;

endorsement.—

(1) Any person is qualified for licensure as a massage therapist under this act who meets all of the following requirements:

(a) Is at least 18 years of age or has received a high school diploma or high school equivalency diploma.~~;~~

(b) Has completed a course of study at a board-approved massage therapy school that meets standards adopted by the board.~~; and~~

(c) Has received a passing grade on a national examination designated by the board.

(4) Upon an applicant's passing the examination and paying the initial licensure fee, the department shall issue to the applicant a license, valid until the next scheduled renewal date, to practice massage therapy.

(5) The board shall adopt rules:

(b) Providing for educational standards, examination, and certification for the practice of colonic irrigation, as defined in s. 480.033 ~~s. 480.033(6)~~, by massage therapists.

Section 11. Subsection (14) of section 480.043, Florida Statutes, is amended to read:

480.043 Massage establishments; requisites; licensure; inspection; human trafficking awareness training and policies.—

(14) Except for the requirements of subsection (13), this section does not apply to a physician licensed under chapter 457, chapter 458, chapter 459, or chapter 460 who employs a licensed massage therapist to perform massage therapy on the physician's patients at the physician's place of practice. This subsection does not restrict investigations by the department

for violations of chapter 456 or this chapter.

Section 12. Paragraphs (a), (b), (c), (f) through (i), and (o) of subsection (1) of section 480.046, Florida Statutes, are amended to read:

480.046 Grounds for disciplinary action by the board.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in s. 456.072(2):

(a) Attempting to procure a license to practice massage therapy by bribery or fraudulent misrepresentation.

(b) Having a license to practice massage therapy revoked, suspended, or otherwise acted against, including the denial of licensure, by the licensing authority of another state, territory, or country.

(c) Being convicted or found guilty, regardless of adjudication, of a crime in any jurisdiction which directly relates to the practice of massage therapy or to the ability to practice massage therapy. Any plea of nolo contendere shall be considered a conviction for purposes of this chapter.

(f) Aiding, assisting, procuring, or advising any unlicensed person to practice massage therapy contrary to ~~the provisions of~~ this chapter or to department or board ~~a~~ rule ~~of the department or the board~~.

(g) Making deceptive, untrue, or fraudulent representations in the practice of massage therapy.

(h) Being unable to practice massage therapy with reasonable skill and safety by reason of illness or use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. In enforcing this paragraph, the department ~~shall have~~, upon

probable cause, may ~~authority to~~ compel a massage therapist to submit to a mental or physical examination by physicians designated by the department. Failure of a massage therapist to submit to such examination when so directed, unless the failure was due to circumstances beyond her or his control, constitutes ~~shall constitute~~ an admission of the allegations against her or him, consequent upon which a default and final order may be entered without the taking of testimony or presentation of evidence. A massage therapist affected under this paragraph shall at reasonable intervals be afforded an opportunity to demonstrate that she or he can resume the competent practice of massage therapy with reasonable skill and safety to clients.

(i) Gross or repeated malpractice or the failure to practice massage therapy with that level of care, skill, and treatment which is recognized by a reasonably prudent massage therapist as being acceptable under similar conditions and circumstances.

(o) Practicing massage therapy at a site, location, or place which is not duly licensed as a massage establishment, except that a massage therapist, as provided by ~~rules adopted by the~~ board rule, may provide massage therapy services, excluding colonic irrigation, at the residence of a client, at the office of the client, at a sports event, at a convention, or at a trade show.

Section 13. Section 480.0465, Florida Statutes, is amended to read:

480.0465 Advertisement.—Each massage therapist or massage establishment licensed under ~~the provisions of~~ this act shall include the number of the license in any advertisement of

massage therapy services appearing in a newspaper, airwave transmission, telephone directory, or other advertising medium. Pending licensure of a new massage establishment pursuant to ~~the provisions of~~ s. 480.043(7), the license number of a licensed massage therapist who is an owner or principal officer of the establishment may be used in lieu of the license number for the establishment.

Section 14. Paragraphs (a), (b), and (c) of subsection (1) of section 480.047, Florida Statutes, are amended to read:

480.047 Penalties.—

(1) It is unlawful for any person to:

(a) Hold himself or herself out as a massage therapist or to practice massage therapy unless duly licensed under this chapter or unless otherwise specifically exempted from licensure under this chapter.

(b) Operate any massage establishment unless it has been duly licensed as provided herein, except that nothing herein shall be construed to prevent the teaching of massage therapy in this state at a board-approved massage therapy school.

(c) Permit an employed person to practice massage therapy unless duly licensed as provided herein.

Section 15. Section 480.052, Florida Statutes, is amended to read:

480.052 Power of county or municipality to regulate massage therapy.—A county or municipality, within its jurisdiction, may regulate persons and establishments licensed under this chapter. Such regulation may ~~shall~~ not exceed the powers of the state under this act or be inconsistent with this act. This section may ~~shall~~ not be construed to prohibit a county or municipality

from enacting any regulation of persons or establishments not licensed pursuant to this act.

Section 16. Subsections (1) and (2) of section 480.0535, Florida Statutes, are amended to read:

480.0535 Documents required while working in a massage establishment.—

(1) In order to provide the department and law enforcement agencies the means to more effectively identify, investigate, and arrest persons engaging in human trafficking, a person employed by a massage establishment and any person performing massage therapy therein must immediately present, upon the request of an investigator of the department or a law enforcement officer, valid government identification while in the establishment. Any of the following is a valid government identification for the purposes of this section ~~is~~:

(a) A valid, unexpired driver license issued by any state, territory, or district of the United States.~~;~~

(b) A valid, unexpired identification card issued by any state, territory, or district of the United States.~~;~~

(c) A valid, unexpired United States passport.~~;~~

(d) A naturalization certificate issued by the United States Department of Homeland Security.~~;~~

(e) A valid, unexpired alien registration receipt card (green card).~~; or~~

(f) A valid, unexpired employment authorization card issued by the United States Department of Homeland Security.

(2) A person operating a massage establishment must:

(a) Immediately present, upon the request of an investigator of the department or a law enforcement officer:

1. Valid government identification while in the establishment.

2. A copy of the documentation specified in paragraph (1)(a) for each employee and any person performing massage therapy in the establishment.

(b) Ensure that each employee and any person performing massage therapy in the massage establishment is able to immediately present, upon the request of an investigator of the department or a law enforcement officer, valid government identification while in the establishment.

Section 17. Section 627.6407, Florida Statutes, is amended to read:

627.6407 Massage.—Any policy of health insurance that provides coverage for massage shall also cover the services of persons licensed to practice massage therapy pursuant to chapter 480, where the massage therapy, as defined in chapter 480, has been prescribed by a physician licensed under chapter 458, chapter 459, chapter 460, or chapter 461, as being medically necessary and the prescription specifies the number of treatments.

Section 18. Section 627.6619, Florida Statutes, is amended to read:

627.6619 Massage.—Any policy of health insurance that provides coverage for massage shall also cover the services of persons licensed to practice massage therapy pursuant to chapter 480, where the massage therapy, as defined in chapter 480, has been prescribed by a physician licensed under chapter 458, chapter 459, chapter 460, or chapter 461, as being medically necessary and the prescription specifies the number of

treatments.

Section 19. Paragraph (a) of subsection (1) of section 627.736, Florida Statutes, is amended to read:

627.736 Required personal injury protection benefits; exclusions; priority; claims.—

(1) REQUIRED BENEFITS.—An insurance policy complying with the security requirements of s. 627.733 must provide personal injury protection to the named insured, relatives residing in the same household, persons operating the insured motor vehicle, passengers in the motor vehicle, and other persons struck by the motor vehicle and suffering bodily injury while not an occupant of a self-propelled vehicle, subject to subsection (2) and paragraph (4)(e), to a limit of $10,000 in medical and disability benefits and $5,000 in death benefits resulting from bodily injury, sickness, disease, or death arising out of the ownership, maintenance, or use of a motor vehicle as follows:

(a) *Medical benefits.*—Eighty percent of all reasonable expenses for medically necessary medical, surgical, X-ray, dental, and rehabilitative services, including prosthetic devices and medically necessary ambulance, hospital, and nursing services if the individual receives initial services and care pursuant to subparagraph 1. within 14 days after the motor vehicle accident. The medical benefits provide reimbursement only for:

1. Initial services and care that are lawfully provided, supervised, ordered, or prescribed by a physician licensed under chapter 458 or chapter 459, a dentist licensed under chapter 466, a chiropractic physician licensed under chapter 460, or an advanced practice registered nurse registered under s. 464.0123

or that are provided in a hospital or in a facility that owns, or is wholly owned by, a hospital. Initial services and care may also be provided by a person or entity licensed under part III of chapter 401 which provides emergency transportation and treatment.

2. Upon referral by a provider described in subparagraph 1., followup services and care consistent with the underlying medical diagnosis rendered pursuant to subparagraph 1. which may be provided, supervised, ordered, or prescribed only by a physician licensed under chapter 458 or chapter 459, a chiropractic physician licensed under chapter 460, a dentist licensed under chapter 466, or an advanced practice registered nurse registered under s. 464.0123, or, to the extent permitted by applicable law and under the supervision of such physician, osteopathic physician, chiropractic physician, or dentist, by a physician assistant licensed under chapter 458 or chapter 459 or an advanced practice registered nurse licensed under chapter 464. Followup services and care may also be provided by the following persons or entities:

a. A hospital or ambulatory surgical center licensed under chapter 395.

b. An entity wholly owned by one or more physicians licensed under chapter 458 or chapter 459, chiropractic physicians licensed under chapter 460, advanced practice registered nurses registered under s. 464.0123, or dentists licensed under chapter 466 or by such practitioners and the spouse, parent, child, or sibling of such practitioners.

c. An entity that owns or is wholly owned, directly or indirectly, by a hospital or hospitals.

d. A physical therapist licensed under chapter 486, based upon a referral by a provider described in this subparagraph.

e. A health care clinic licensed under part X of chapter 400 which is accredited by an accrediting organization whose standards incorporate comparable regulations required by this state, or

(I) Has a medical director licensed under chapter 458, chapter 459, or chapter 460;

(II) Has been continuously licensed for more than 3 years or is a publicly traded corporation that issues securities traded on an exchange registered with the United States Securities and Exchange Commission as a national securities exchange; and

(III) Provides at least four of the following medical specialties:

(A) General medicine.

(B) Radiography.

(C) Orthopedic medicine.

(D) Physical medicine.

(E) Physical therapy.

(F) Physical rehabilitation.

(G) Prescribing or dispensing outpatient prescription medication.

(H) Laboratory services.

3. Reimbursement for services and care provided in subparagraph 1. or subparagraph 2. up to $10,000 if a physician licensed under chapter 458 or chapter 459, a dentist licensed under chapter 466, a physician assistant licensed under chapter 458 or chapter 459, or an advanced practice registered nurse

licensed under chapter 464 has determined that the injured person had an emergency medical condition.

4. Reimbursement for services and care provided in subparagraph 1. or subparagraph 2. is limited to $2,500 if a provider listed in subparagraph 1. or subparagraph 2. determines that the injured person did not have an emergency medical condition.

5. Medical benefits do not include massage therapy as defined in s. 480.033 or acupuncture as defined in s. 457.102, regardless of the person, entity, or licensee providing massage therapy or acupuncture, and a licensed massage therapist or licensed acupuncturist may not be reimbursed for medical benefits under this section.

6. The Financial Services Commission shall adopt by rule the form that must be used by an insurer and a health care provider specified in sub-subparagraph 2.b., sub-subparagraph 2.c., or sub-subparagraph 2.e. to document that the health care provider meets the criteria of this paragraph. Such rule must include a requirement for a sworn statement or affidavit.

Only insurers writing motor vehicle liability insurance in this state may provide the required benefits of this section, and such insurer may not require the purchase of any other motor vehicle coverage other than the purchase of property damage liability coverage as required by s. 627.7275 as a condition for providing such benefits. Insurers may not require that property damage liability insurance in an amount greater than $10,000 be purchased in conjunction with personal injury protection. Such insurers shall make benefits and required property damage

liability insurance coverage available through normal marketing channels. An insurer writing motor vehicle liability insurance in this state who fails to comply with such availability requirement as a general business practice violates part IX of chapter 626, and such violation constitutes an unfair method of competition or an unfair or deceptive act or practice involving the business of insurance. An insurer committing such violation is subject to the penalties provided under that part, as well as those provided elsewhere in the insurance code.

Section 20. Subsection (37) of section 641.31, Florida Statutes, is amended to read:

641.31 Health maintenance contracts.—

(37) All health maintenance contracts that provide coverage for massage must also cover the services of persons licensed to practice massage therapy pursuant to chapter 480 if the massage is prescribed by a contracted physician licensed under chapter 458, chapter 459, chapter 460, or chapter 461 as medically necessary and the prescription specifies the number of treatments. Such massage services are subject to the same terms, conditions, and limitations as those of other covered services.

Section 21. Subsection (3) of section 823.05, Florida Statutes, is amended to read:

823.05 Places and groups engaged in certain activities declared a nuisance; abatement and enjoinment.—

(3) A massage establishment as defined in s. 480.033 ~~s. 480.033(7)~~ which operates in violation of s. 480.0475 or s. 480.0535(2) is declared a nuisance and may be abated or enjoined as provided in ss. 60.05 and 60.06.

Section 22. This act shall take effect July 1, 2021.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 402 gives a government agency the option to publish legal notices on a newspaper website instead of only in a print based newspaper. An agency exercising this option must provide an *additional* notice in a print edition of a local newspaper to inform the general public that additional legal notices may be found on the statewide legal notice website maintained by the Florida Press Association. Any legal notice published in print or through a website must also be published on the statewide legal notice website: www.FloridaPublicNotices.com.

Additionally, the bill expands the types of publications that qualify for the posting of legal notices. Currently, a newspaper must, among other requirements, be "for sale to the general public" and be qualified to be admitted and entered as a periodical matter the local post office. By removing these two requirements, the bill will allow for legal notices to be published in smaller publications that are free to the public.

The bill amends several sections of the Florida Statutes to conform the ability of a government agency to post legal advertisements and notices on the Internet.

The bill is effective July 1, 2021.

II. Present Situation:

The Florida Constitution requires that certain meetings between public officials be "open and noticed to the public."[1] Generally, this requirement applies to meetings where official acts will be taken, or where public business will be transacted or discussed.

Similarly, procedural due process requires that a citizen receive proper notice of any government action that may affect his or her life, liberty, or property. The purpose of this notice is "to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections" [2] and "must be of such nature as reasonably to convey the required information."[3]

Historically, notice can be established by service of process by personally and directly delivering the notice to the interested party.[4] Issues may arise, for example, when an interested party is difficult to locate or when someone is purposefully avoiding service.[5] Likewise, some government actions such as public meetings affect so many interested individuals that it becomes implausible to individually notice each interested individual. To balance these interests, the Legislature has provided options to satisfy notice requirements for both litigation purposes as well as notices of public meetings and actions.

Statutory Notice Requirements

Florida law requires that all legal notices and publications, including those made in lieu of service of process, be made in a newspaper that:

- Is printed and published at least once a week;
- Contains at least 25 percent of its words in the English language;
- Is considered a periodical by the post office in the county where it is published;
- Is for sale to the public generally;
- Customarily contains information of public interest to the residents or property owners in the county where it is published or is of interest or of value to the general public;[6] and
- Has been in existence for at least 1 year at the time the notice is published.[7]

If no newspaper is published in the county, three copies of the notice or advertisement must be posted in the county, with one being posted at the front door of the courthouse, two others posted

[2] *Mullane v. Central Hanover Bank & Trust Co.,* 339 U.S. 306, 314 (1950).
[3] *Id.*
[4] "Personal service guarantees actual notice of the pendency of a legal action; it thus presents the ideal circumstance under which to commence legal proceedings against a person, and has traditionally been deemed necessary in actions styled." *Greene v. Lindsey*, 456 U.S. 444, 449 (1982).
[5] "Where person to be served with process flees from presence of process server in a deliberate attempt to avoid service of process, the delivery requirement may be satisfied if the process server leaves the papers at a place in which such person can easily retrieve them and takes reasonable steps to call such delivery to the attention of the person to be served." *Olin Corp. v. Haney*, 245 So. 2d 669 (Fla. 4th DCA 1971). This only applies, however, to a service of process made at the individual's "usual place of abode." Section 48.031, F.S.

[7] Section 50.031, F.S.

at other locations in the county, and by publication of the notice in the nearest county where a newspaper is published.[8]

A newspaper publishing any notice is also tasked with placing the notice on a statewide website established and maintained by the Florida Press Association.[9] This website must be accessible and searchable by party name and case number, and each notice must be posted for at least 90 days.[10] This provision of Florida law is similar to statewide legal notice websites established in Alabama,[11] Colorado,[12] Illinois,[13] Louisiana,[14] Maine,[15] Massachusetts,[16] North Dakota,[17] Ohio,[18] Tennessee,[19] Utah,[20] Virginia,[21] and Wisconsin.[22] The above states require that any notice published in a newspaper as set forth by law also be published in a statewide website maintained and operated by a private entity on behalf of the newspapers of that state, such as a union or trade group.

Newspaper Website

Florida law further provides that if the newspaper publishing the notice maintains a website, the legal notice must be published on the website the same day that it appears in the newspaper at no additional charge.[23] The newspaper's website must contain a search function to facilitate searching for legal notices.[24] Registration cannot be a requirement, nor can a fee be charged, for searching or viewing legal notices on a newspaper's website if the legal notices are published in a newspaper.[25]

Fees

The fees for a legal notice published in a newspaper are set by statute and may not be rebated, commissioned, or refunded. The charge for publishing a legal notice is set by statute at 70 cents per square inch for the first insertion and 40 cents per square inch for each subsequent insertion. Notices required to be published more than once and paid for by the government entity may not be charged greater than 85 percent of the original rate for second and successive insertions. If the regular established minimum commercial rate per square inch is greater than the rate stipulated in statute, the publisher may charge the minimum commercial rate for each insertion, except that

[24] *Id.*
[25] *Id.*

notices required to be published more than once and paid for by the government entity may not be charged greater than 85 percent of the original rate for second and successive insertions. All notices and legal advertisements are charged on the basis of 6-point type on 6-point body, unless otherwise specified by statute.[26]

Actual fees vary depending on the type of notice requested, the size of the notice, any subsequent insertions or publications, as well as which newspaper publicizes the notice. The Tampa Bay Times, for example, charges $200 for a "full run" of a notice of a foreclosure action.[27] If the notice needs to be up for more than 2 days, the charge increases to $400. Additionally, the per-line cost above the included 165 line limit is $6.45.

Proof of Publication

If an affidavit of proof of publication is required for a legal notice, the affidavit must comply with certain standards. Specifically, the affidavit must:

- Be printed upon white paper;
- Be 8.5 inches in width and at least 5.5 inches in length; and
- Contain a margin of at least 2.5 inches at the right side of the affidavit form with a clipping of a true copy of the public notice or legal advertisement which was executed.[28]

The affidavit may be provided electronically so long is it complies with the electronic notarization requirements.[29]

If the proof of publication is in a county having a population in excess of 450,000 according to the latest decennial census, the publication may charge a maximum fee of $2 for the preparation and execution of each of proof of publication.[30]

III. Effect of Proposed Changes:

Legal Notice Website

The bill provides an option for government agencies required by law to publish legal notices to publish those notices on a newspaper's website in lieu of a paper based publication. Legal notice may be satisfied upon the publication of the legal notice in a newspaper of general circulation. To qualify as a newspaper of general circulation, the bill requires the newspaper to be:

- Printed and published at least once a week;
- Contain at least 25 percent of its words in the English language;
- Have a net distribution of at least 1,000 net print copies per week;
- Have a website averaging at least 1,000 unique users per week;

[26] Section 50.061, F.S.
[27] For the Tampa Bay Times, a "full run" includes all of Pinellas, Pasco, Hernando, Citrus, and Hillsborough counties. Opting for an individual run of a specific county costs $135 for Pasco County, and $155 for Hillsborough or Pinellas Counties. TAMPA BAY TIMES, *Certified Legal Rates,* https://www.tampabay.com/resources/images/marketing/mediakit/pdf/Legal-Rate-Card.pdf (Last visited January 21, 2021)
[28] Section 50.041(2), F.S.
[29] Section 117.021, F.S., contains additional requirements for documents notarized electronically.
[30] Section 50.041(3), F.S.

Have its distribution and website readership audited and certified biannually by an independent, accredited third-party auditor; and Be available to the public generally in the counties where the legal notice pertains and that publishes official notices and customarily dedicates at least 25 percent of its content to local and regional news and information of a public character or of interest or of value to the residents or owners of property in the county where published, or of interest or of value to the general public.

Under current law, a newspaper must additionally be "for sale to the general public" and entered as a periodical matter at the local post office in the county where the newspaper is published. By removing these two requirements, the bill allows for legal notices to be published using non-subscription based publications and publications that may not be recognized as periodical matter by the local post office.

The bill also allows legal notices to be published by internet publication on the website of any newspaper of general circulation in the county or nearby counties where the legal notice pertains that meets the criteria specified above and on the statewide legal notice website. For counties with a published newspaper, the advertisement may be posted on the website of any newspaper of general circulation in an adjoining county.
For legal notices posted on the internet, The Florida Press Association is required to consult with the Black Press Association of Florida to ensure that minority populations throughout the state have equitable access.

A governmental agency may opt for Internet-only publications with newspapers of general circulation within the jurisdiction of the affected governmental agency, as long as it is determined not to unreasonably restrict public access. Internet only publications must be placed in the legal notices section of the newspaper's website and the statewide legal notice website.

The legal notices section of the print edition of a newspaper must include a disclaimer stating that additional legal notices may be accessed on the newspaper's website and the statewide legal notice website. The newspaper's website legal notice section must include a similar disclaimer related to the print edition.

The bill allows for a newspaper to charge for publication of a legal notice on the newspaper's website without rebate, commission, or refund. However, the newspaper may not charge a higher rate for publication than the amount that would be authorized if the legal notice were publicized in print.[31] Prescribes penalties for accepting rebates, commissions, or refunds in connection to the amounts charged for publication that are published on the internet.

If a government agency exercises the option to publish legal notices on a newspaper website, the agency must provide an *additional* notice at least once per week in a print edition newspaper of general circulation. This notice must contain a statement that legal notices pertaining to the agency do not all appear in the print edition of the local newspaper and that a full listing may be accessed on the statewide legal notice website located at the website managed by the Florida Press Association.[32] . Currently, a $2 charge may be levied for a proof of publication executed in

[31] *See* "Fees" subsection under "Present Situation" of this analysis for further discussion of print based fees.

a county with a population in excess of 450,000. The bill allows the maximum $2 charge to be levied for any proof of publication regardless of the population of the county.

The bill revises several sections of the Florida Statutes to conform to the option to publish certain notices in a newspaper website. Specifically, the bill revises the following sections of the Florida Statutes to provide an option to publish a notice in a newspaper website:

- Section 11.02, F.S., providing notice of special or location legislation or any relief acts pursuant to s. 50.0211(5), F.S.
- Section 45.031, F.S., to provide that a publication of a sale in a judicial sales procedure may be published by Internet publication pursuant to s. 50.0211(5), F.S., if it is published for at least 2 consecutive weeks.
- Section 120.81, F.S., to provide that a notice relating to the rules regarding an educational unit, such as a district school board, may be issued by Internet publication pursuant to s. 50.0211(5).
- Section 121.055, F.S., to provide that a Notice of Intent to designate certain positions as "Senior Management Services Class" under the Florida Retirement System may be publicized through an Internet publication pursuant to s. 50.0211(5), F.S. The notice must be published for at least 2 consecutive weeks.
- Section 125.66, F.S., to provide that the board of county commissioners may issue a notice of intent to consider an ordinance by publication as specified in ch. 50, F.S., as amended by the bill.
- Section 162.12, F.S., to provide that a code enforcement board, or local government, may issue a notice by Internet publication by publishing the notice for 4 consecutive weeks on the newspaper's website and the statewide legal notice website as provided in s. 50.0211(5), F.S., as amended by the bill.
- Section 166.041, F.S., to require the governing body to provide public notice and hearings by publishing weekly in the print edition of a newspaper any proposed ordinance changes, or changes to the actual zoning map designation of a parcel of land involving 10 contiguous acres or more.
- Section 189.015, F.S., to provide that the governing body of each special district shall advertise the day, time, place, and purpose of any meeting other than a regular meeting or any recessed and reconvened meeting of the governing body, at least 7 days before such meeting as provided in ch. 50, F.S., as revised by the bill.
- Section 190.005, F.S., to provide that a notice of a hearing for the establishment of a community development district with the size of 2,500 acres or more shall published for 4 consecutive weeks on a newspaper's website and the statewide legal notice website if published in print.
- Section 190.046, F.S., to provide that a notice of intent to amend an ordinance establishing a community development district must be published as provided in ch. 50, F.S., as revised by the bill.
- Section 194.037, F.S, to provide that the findings of the Tax Impact of Value Adjustment Board be published as provided in ch. 50, F.S., as revised by the bill.
- Section 197.402, F.S., provides that advertisements of real or personal property with delinquent taxes are to be advertised as provided in ch. 50, F.S., as revised by the bill.
- Section 200.065, F.S., to provide that the assessment conducted by the property appraiser shall be published as provided in ch. 50, F.S. Additionally, the bill revises this section to

allow notices for certain millage increases that may lead to tax increases, such as ad-valorem taxes, to be advertised pursuant to ch. 50, F.S., as revised by the bill.

- Section 338.223, F.S., to require the Department of Transportation to publish public notices related to proposed turnpike projects on a weekly basis in accordance with chapter 50.
- Section 348.038, F.S., to provide that public private transportation projects may publish request for proposals in the Florida Administrative Register, as specified in ch. 50, F.S., as amended by the bill. Sections 348.0308, F.S., 348.635, F.S., and 348.7605, F.S., authorizes these projects be publicized through an Internet publication pursuant to chapter 50, F.S.
- Sections 373.0397, F.S. and 373.146, F.S., to require the water management district to publish a legal notice, public hearing or publication of notices on the designated areas for the Florida and Biscayne aquifers, pursuant to chapter 50, F.S.
- Section 403.722, F.S., to provide that applications for construction permits, shall be noticed and publish pursuant to ch. 50, F.S.
- Section 712.06, F.S., to require the publishing of a notice for claims of interest in land or other rights may provide notice by internet publication in accordance with s. 50.0211 (5) or printed once a week for 2 consecutive weeks pursuant to ch. 50, F.S.
- Section 849.38, F.S., to provide that when certain property seized by the sheriff's office has an appraisal value of $1,000 or less, the notice must be posted for at least 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5), F.S.
- Section 865.08, F.S., provides that if a registrant is a business entity that is required to file incorporation or similar documents when it was organized, the business must be registered and in active status and provide its Florida document registration number and federal employer identification number. Certification by at least one registrant that the intention to register a fictitious name has been advertised as provided in chapter 50 in the county in which the principal place of business of the registrant is or will be located.
- Section 932.704, F.S., to provide that the notice required for a forfeiture complaint must be published for 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5), F.S., or if published in print, once each week for 2 consecutive weeks.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Article VII, s. 19(a) of the State Constitution prohibits the Legislature from imposing a new fee except through legislation approved by supermajority vote of each house of the Legislature. Because the bill preserves the option of publishing legal notices in a newspaper, the supermajority vote requirements do not appear to apply.

E. Other Constitutional Issues:

The bill may raise procedural due process concerns to the extent that it hinders actual notice of legal proceedings. Procedural due process requires fair notice "to apprise interested parties of the pendency of" an action that may affect life, liberty, or property.[33] For example, notice is required for termination of parent rights proceedings,[34] certain local county initiatives,[35] and civil judgements based on litigation.[36] On the other hand, the publication of a notice on a website instead of a newspaper may, in some cases, be more effective than publishing a notice solely in a newspaper. Courts have accepted various alternatives to actual service of process over the years.[37]

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

This bill could reduce revenue for certain newspapers to the extent that the bill allows for more publications to qualify as publications for the purpose of publishing a legal notice.

C. Government Sector Impact:

The impact of this bill is indeterminate since it is unknown how governmental entities will be impacted based on the volume of legal notices to be published. This is especially true in counties where there are no newspapers available for general circulation and the only option will now be internet publication.

[33] 339 U.S. 306, 314 (1950).

[34] *J.B. v. Florida Dept. of Children & Family Services*, 768 So. 2d 1060, 1066 (Fla. 2000) (Finding that 24-hour notice of a hearing regarding termination of parent rights was insufficient notice).

[35] *Baycol, Inc. v. Downtown Dev. Auth. of City of Fort Lauderdale*, 315 So. 2d 451, 455 (Fla. 1975) (Finding that the city failed to place express or de facto notice in an eminent domain proceeding) and *Keys Citizens For Responsible Gov't, Inc. v. Florida Keys Aqueduct Auth*., 795 So. 2d 940, 949 (Fla. 2001) (The Court found in dictum that "constructive notice by publication is appropriate in bond validation proceedings").

[36] "To give such proceedings any validity, there must be a competent tribunal to pass on their subject-matter; and, if that involves merely a determination of the personal liability of defendant, he must be brought within its jurisdiction by service of process within the state, or by his voluntary appearance." *Pennoyer v. Neff,* 95 U.S. 714, 719 (1877), overruled in part by *Shaffer v. Heitner*, 433 U.S. 186 (1977).

[37] For example, the courts have routinely upheld certified mail as a valid method of constructive notice. *Mullane v. Central Hanover Bank & Trust Co.*, 339 U.S. 306, 314 (1950) (The Court found in dictum that mail "provide[s] an 'efficient and inexpensive means of communication' upon which prudent men will ordinarily rely in the conduct of important affairs").

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill provides that the fee for an online publication of a legal notice cannot exceed the fee charged for a print edition of that notice. The current fee structure is based on the size of the notice and can be more costly depending on how many copies of the newspaper are printed and distributed. This is meant to encourage pricing based on how much space is taken up in the print edition newspaper as well as how large that newspapers audience is. A website publication does not have these same logistical structures to base a fee on the statutory mechanism.

Several sections of the bill permit publication pursuant to s. 50.0211(5), F.S., or as otherwise provided under ch. 50, F.S. Other sections of the bill, such as section 14, include language such as "on a newspaper's website and the statewide legal notice website as provided in s. 50.0211(5)."

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 50.011, 50.021, 50.0211, 50.031, 50.041, 50.051, 83.806, 11.02, 45.031, 120.81, 121.0511, 121.055, 125.66, 162.12, 166.041, 189.015, 190.005, 190.046, 194.037, 197.402, 200.065, 338.223, 348.0308, 348.635, 348.7605, 373.0397, 373.146, 403.722, 712.06, 849.38, 865.09 and 932.704.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 304210 by Appropriations (Recommended by Subcommittee on Criminal and Civil Justice):
The committee substitute:

- Requires that the publishing of legal notice in a newspaper, the newspaper must:
- Have a net distribution of at least 1,000 net print copies per week;
- Have a website averaging at least 1,000 unique users per week;
- Have its distribution and website readership audited and certified biannually by an independent, accredited third-party auditor; and
- Be available to the public generally in the counties where the legal notice pertains and which publishes official notices and customarily dedicates at least 25 percent of t its content to local and regional news and information.
- The bill revises the additional fee that may be charged by a newspaper if a proof of publication is required for public notices or legal advertisements.

Removes the option for storage facilities to post an advertisement for sale of the content of a storage unit on a website.

CS by Judiciary on March 22, 2021:
The committee substitute:

- Allows a government agency to publish legal notices on a newspaper website in lieu of a print based publication.
- Allows legal notices to be published using a non-subscription based publisher.
- Removes the requirement that the Supreme Court establish a legal notice website and a restitution, fines, and fees website.
- Provides an option for storage facilities to post an advertisement for sale of the content of a storage unit on a website.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

443070

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Rodrigues) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 50.011, Florida Statutes, is amended to read:

50.011 Publication of ~~Where and in what language~~ legal notices ~~to be published~~.—Whenever by statute an official or legal advertisement or a publication, or notice in a newspaper has been or is directed or permitted in the nature of or in lieu

443070

of process, or for constructive service, or in initiating, assuming, reviewing, exercising or enforcing jurisdiction or power, or for any purpose, including all legal notices and advertisements of sheriffs and tax collectors, the contemporaneous and continuous intent and meaning of such legislation all and singular, existing or repealed, is and has been and is hereby declared to be and to have been, and the rule of interpretation is and has been the following:~~,~~

(1) A publication in a newspaper that meets all of the following:

(a) Is printed and published periodically at least once a week.

(b) Contains ~~or oftener, containing~~ at least 25 percent of its words in the English language.

(c) Satisfies one of the following criteria:

1. Has an audience consisting of at least 10 percent of the households in the county or municipality, as determined by the most recent decennial census, where the legal or public notice is being published or posted, by calculating the combination of the total of the number of print copies reflecting the day of highest print circulation, of which at least 25 percent of such print copies must be delivered to individuals' home or business addresses, as certified biennially by a certified independent third-party auditor, and the total number of online unique monthly visitors to the newspaper's website from within the state, as measured by industry-accepted website analytics software. For legal and public notices published by nongovernmental entities, the newspaper's audience in the county or municipality where the project, property, or other primary

subject of the notice is located must meet the 10 percent threshold.

2. Holds a periodicals permit as of March 1, 2021, and accepts legal notices for publication as of that date. Any such newspaper may continue to publish legal notices through December 31, 2023, so long as the newspaper meets all other requirements of this chapter and continues to hold a periodicals permit. Beginning January 1, 2024, and thereafter, any such newspaper must meet the criteria under subparagraph 1.

3. For newspapers publishing legal notices in a fiscally constrained county, holds a periodicals permit and meets all other requirements of this chapter. A newspaper qualified under this subparagraph does not need to meet the criteria under subparagraph 1. so long as the newspaper continues to hold a periodicals permit. For purposes of this subparagraph, the term "fiscally constrained county" means a county within a rural area of opportunity designated by the Governor pursuant to s. 288.0656 or a county for which the value of a mill will raise no more than $5 million in revenue, based on the certified taxable value certified pursuant to s. 1011.62(4)(a)1.a., from the previous July 1.

(d) Is sold, or otherwise available to the public, at least at 10 publicly accessible outlets and~~, entered or qualified to be admitted and entered as periodicals matter at a post office in the county where published, for sale to the public generally,~~ available to the public generally for the publication of official or other notices with no more than 75 percent of its content dedicated toward advertising and customarily containing information of a public character or of interest or of value to

the residents or owners of property in the county where published, or of interest or of value to the general public.

(e) Continually publishes in a prominent manner the name, street address, phone number, website URL of the newspaper's approved print auditor, the newspaper's most recent statement of ownership, and a statement of the auditor certifying the veracity of the newspaper's print distribution and the number of the newspaper's website's monthly unique visitors, or the newspaper's periodicals permit, if applicable, within the first five pages of the print edition and the bottom portion of the homepage of the newspaper's website.

(2) Internet publication for governmental agency notices under s. 50.0211(1)(b) on the website of any newspaper in the county or nearby counties to which the legal notice pertains which otherwise meets the criteria specified in subsection (1) and on the statewide legal notice website as provided in s. 50.0211(5).

Section 2. Section 50.021, Florida Statutes, is amended to read:

50.021 Publication when no newspaper in county.—When any law, or order or decree of court, directs ~~shall direct~~ advertisements to be made in a ~~any~~ county and there is ~~be~~ no newspaper published in the ~~said~~ county, the advertisement may be made by publication in any newspaper qualified under chapter 50 in an adjoining county or on the website of any such newspaper for governmental agency notices under s. 50.0211(1)(b), and on the statewide legal notice website as provided in s. 50.0211(5) or by posting three copies thereof in three different places in the ~~said~~ county, one of which shall be at the front door of the

443070

courthouse, and by publication in the nearest county in which a newspaper is published.

Section 3. Section 50.0211, Florida Statutes, is amended to read:

50.0211 Internet website publication.—

(1) As used in this section, the term:

(a) "Governmental agency" means a county, a municipality, a district school board, or any other unit of local government or political subdivision in this state.

(b) "Governmental agency notice" includes any of the following notices required by law to be published in a newspaper:

1. Notices related to special or legal legislation pursuant to s. 11.02.

2. Educational unit notices pursuant to s. 120.81.

3. Retirement system notices pursuant to s. 121.0511.

4. Notices related to inclusion of positions in the Senior Management Service Class of the Florida Retirement System pursuant to s. 121.055.

5. Notices proposing the enactment of county ordinances pursuant to s. 125.66.

6. Code enforcement notices published pursuant to s. 162.12.

7. Notices proposing the enactment of municipal ordinances pursuant to s. 166.041.

8. Special district meeting notices pursuant to s. 189.015.

9. Establishment and termination notices for community development districts pursuant to s. 190.005 and s. 190.046, respectively.

443070

10. Disclosures of tax impact by value adjustment boards pursuant to s. 194.037.

11. Advertisements of real or personal property with delinquent taxes pursuant to s. 197.402.

12. Advertisements of hearing notices, millage rates, and budgets pursuant to s. 200.065.

13. Turnpike project notices pursuant to s. 338.223.

14. Public-private partnership notices pursuant to ss. 348.0308 and 348.7605.

15. Notices of prime recharge area designations for the Floridan and Biscayne aquifers pursuant to s. 373.0397.

16. Water management district notices pursuant to s. 373.146.

17. Hazardous waste disposal notices pursuant to s. 403.722.

18. Forfeiture notices pursuant to ss. 849.38 and 932.704.

(2) This section applies to legal notices that must be published in accordance with this chapter unless otherwise specified.

(3) ~~(2)~~ If a governmental agency publishes a legal notice in the print edition of a newspaper, each legal notice must be posted on the newspaper's website on the same day that the printed notice appears in the newspaper, at no additional charge, in a separate web page titled "Legal Notices," "Legal Advertising," or comparable identifying language. A link to the legal notices web page shall be provided on the front page of the newspaper's website that provides access to the legal notices. If there is a specified size and placement required for a printed legal notice, the size and placement of the notice on

443070

the newspaper's website must optimize its online visibility in keeping with the print requirements. The newspaper's web pages that contain legal notices must present the legal notices as the dominant and leading subject matter of those pages. The newspaper's website must contain a search function to facilitate searching the legal notices. A fee may not be charged, and registration may not be required, for viewing or searching legal notices on a newspaper's website if the legal notice is published in a newspaper.

(4)(a) ~~(3)(a)~~ If a legal notice is published in the print edition of a newspaper or on a newspaper's website, the newspaper publishing the notice shall place the notice on the statewide website established and maintained as an initiative of the Florida Press Association as a repository for such notices located at the following address: www.floridapublicnotices.com.

(b) A legal notice placed on the statewide website created under this subsection must be:

1. Accessible and searchable by party name and case number.

2. Posted for a period of at least 90 consecutive days after the first day of posting.

(c) The statewide website created under this subsection shall maintain a searchable archive of all legal notices posted on the publicly accessible website ~~on or after October 1, 2014,~~ for 18 months after the first day of posting. Such searchable archive shall be provided and accessible to the general public without charge.

(d) The Florida Press Association shall seek to ensure that minority populations throughout the state have equitable access to legal notices posted on the statewide legal notice website

located at: www.floridapublicnotices.com. The Florida Press Association shall publish a report listing all newspapers that have placed notices on www.floridapublicnotices.com in the preceding calendar quarter. At a minimum, the reports for the 4 preceding calendar quarters shall be available on the website.

(5)(a) In lieu of publishing a legal notice in the print edition of a newspaper of general circulation, a governmental agency may opt for Internet-only publication of governmental agency notices with any newspaper of general circulation within the jurisdiction of the affected governmental agency so long as the governmental agency, after a public hearing noticed in a print edition of a newspaper in accordance with this chapter, makes a determination by a majority of the members of the governing body of the governmental agency that the Internet publication of such governmental agency notices is in the public interest and that the residents within the jurisdiction of the governmental agency have sufficient access to the Internet by broadband service as defined in s. 364.02 or through other means such that Internet-only publication of governmental agency notices would not unreasonably restrict public access. Any such Internet-only publication published in accordance with this subsection must be placed in the legal notices section of the newspaper’s website and the statewide legal notice website established under subsection (4). All requirements regarding the format and accessibility of legal notices placed on the newspaper’s website and the statewide legal notice website in subsections (3) and (4) also apply to Internet-only publication of legal notices published in accordance with this subsection.

(b) The legal notices section of the print edition of a

newspaper must include a disclaimer stating that additional legal notices may be accessed on the newspaper's website and the statewide legal notice website. The legal notices section of the newspaper's website must also include a disclaimer stating that legal notices are also published in the print edition of the newspaper and on the statewide legal notice website.

(c) A newspaper may charge for the publication of any governmental agency notice that is published only on the newspaper's website, without rebate, commission, or refund; however, the newspaper may not charge any higher rate for publication than the amount that would be authorized under s. 50.061 if the governmental agency notice had been printed in the newspaper. The penalties prescribed in s. 50.061(7) for allowing or accepting any rebate, commission, or refund in connection to the amounts charged for publication also apply to any governmental agency notices that are published only on the Internet in accordance with this subsection.

(d) If a governmental agency exercises the option to publish Internet-only governmental agency notices in accordance with this subsection, such agency must provide notice at least once per week in the print edition of a newspaper of general circulation within the region in which the governmental agency is located which states that legal notices pertaining to the agency do not all appear in the print edition of the local newspaper and that additional legal notices may be accessed on the newspaper's website and that a full listing of any legal notices may be accessed on the statewide legal notice website located at www.floridapublicnotices.com. Additionally, any such governmental agency must post a link on its website homepage to

a webpage that lists all of the newspapers in which the governmental agency publishes legal notices.

(6)~~(4)~~ Newspapers that publish legal notices shall, upon request, provide e-mail notification of new legal notices when they are published ~~printed~~ in the newspaper or on ~~and added to~~ the newspaper's website. Such e-mail notification shall be provided without charge, and notification for such an e-mail registry shall be available on the front page of the legal notices section of the newspaper's website.

(7) Notwithstanding the authorization of Internet-only publication for certain governmental agency notices in accordance with subsection (5), any other statute requiring the publication of an official legal notice in the print edition of a newspaper may not be construed to be superseded.

Section 4. Section 50.031, Florida Statutes, is amended to read:

50.031 Newspapers in which legal notices and process may be published.—No notice or publication required to be published in the print edition of a newspaper or on a newspaper's website, if authorized, in the nature of or in lieu of process of any kind, nature, character or description provided for under any law of the state, whether heretofore or hereafter enacted, and whether pertaining to constructive service, or the initiating, assuming, reviewing, exercising or enforcing jurisdiction or power, by any court in this state, or any notice of sale of property, real or personal, for taxes, state, county or municipal, or sheriff's, guardian's or administrator's or any sale made pursuant to any judicial order, decree or statute or any other publication or notice pertaining to any affairs of the state, or any county,

443070

municipality or other political subdivision thereof, shall be deemed to have been published in accordance with the statutes providing for such publication, unless the same shall have been published for the prescribed period of time required for such publication, in a newspaper or on a newspaper's website which at the time of such publication shall have been in existence for 2 years and meets the requirements set forth in s. 50.011 ~~1 year and shall have been entered as periodicals matter at a post office in the county where published~~, or in a newspaper which is a direct successor of a newspaper which has ~~together have~~ been so published; provided, however, that nothing herein contained shall apply where in any county there shall be no newspaper in existence which shall have been published for the length of time above prescribed. No legal publication of any kind, nature or description, as herein defined, shall be valid or binding or held to be in compliance with the statutes providing for such publication unless the same shall have been published in accordance with the provisions of this section or s. 50.0211(5). Proof of such publication shall be made by uniform affidavit.

Section 5. Section 50.041, Florida Statutes, is amended to read:

50.041 Proof of publication; uniform affidavits required.—

(1) All affidavits ~~of publishers of newspapers (or their official representatives)~~ made for the purpose of establishing proof of publication of public notices or legal advertisements shall be uniform throughout the state.

(2) Each such affidavit shall be printed upon white paper and shall be 8 1/2 inches in width and of convenient length, not less than 5 1/2 inches. A white margin of not less than 2 1/2

443070

inches shall be left at the right side of each affidavit form and upon or in this space shall be substantially pasted a clipping which shall be a true copy of the public notice or legal advertisement for which proof is executed. Alternatively, the affidavit may be provided in electronic rather than paper form, provided the notarization of the affidavit complies with the requirements of s. 117.021.

(3) ~~In all counties having a population in excess of 450,000 according to the latest official decennial census, in addition to the charges which are now or may hereafter be established by law for the publication of every official notice or legal advertisement,~~ There may be a charge not to exceed $2 levied for the preparation and execution of each such proof of publication or ~~publisher's~~ affidavit.

Section 6. Section 50.051, Florida Statutes, is amended to read:

50.051 Proof of publication; form of uniform affidavit.—The printed form upon which all such affidavits establishing proof of publication are to be executed shall be substantially as follows:

NAME OF COUNTY ~~NEWSPAPER~~
~~Published (Weekly or Daily)~~
~~(Town or City) (County) FLORIDA~~

STATE OF FLORIDA

COUNTY OF ....:

Before the undersigned authority personally appeared ...., who on oath says that he or she is .... of the ...., a .... newspaper published at .... in .... County, Florida; that the

443070

attached copy of advertisement, being a .... in the matter of .... in the .... Court, was published in said newspaper by print in the issues of .... or by publication on the newspaper's website, if authorized, on ...(date)....

Affiant further says that the newspaper complies with all legal requirements for publication in chapter 50, Florida Statutes ~~said .... is a newspaper published at ...., in said .... County, Florida, and that the said newspaper has heretofore been continuously published in said .... County, Florida, each .... and has been entered as periodicals matter at the post office in ...., in said .... County, Florida, for a period of 1 year next preceding the first publication of the attached copy of advertisement; and affiant further says that he or she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper~~.

Sworn to and subscribed before me this .... day of ...., ...(year)..., by ...., who is personally known to me or who has produced (type of identification) as identification.

...(Signature of Notary Public)...

...(Print, Type, or Stamp Commissioned Name of Notary Public)...

...(Notary Public)...

Section 7. Subsection (12) is added to section 90.902, Florida Statutes, to read:

90.902 Self-authentication.—Extrinsic evidence of authenticity as a condition precedent to admissibility is not required for:

(12) A legal notice published in accordance with the requirements of chapter 50 in the print edition or on the website of a qualified newspaper.

Section 8. Section 11.02, Florida Statutes, is amended to read:

11.02 Notice of special or local legislation or certain relief acts.—The notice required to obtain special or local legislation or any relief act specified in s. 11.065 shall be by publishing the identical notice ~~in each county involved in some newspaper~~ as provided ~~defined~~ in chapter 50 ~~published in~~ or circulated throughout the county or counties where the matter or thing to be affected by such legislation shall be situated one time at least 30 days before introduction of the proposed law into the Legislature or, if the notice is not made by Internet publication as provided in s. 50.0211(5) and there being no newspaper circulated throughout or published in the county, by posting for at least 30 days at not less than three public places in the county or each of the counties, one of which places shall be at the courthouse in the county or counties where the matter or thing to be affected by such legislation shall be situated. Notice of special or local legislation shall state the substance of the contemplated law, as required by s. 10, Art. III of the State Constitution. Notice of any relief act specified in s. 11.065 shall state the name of the claimant, the nature of the injury or loss for which the claim is made, and the amount of the claim against the affected municipality's

443070

revenue-sharing trust fund.

Section 9. Paragraph (d) of subsection (1) of section 120.81, Florida Statutes, is amended to read:

120.81 Exceptions and special requirements; general areas.—

(1) EDUCATIONAL UNITS.—

(d) Notwithstanding any other provision of this chapter, educational units shall not be required to include the full text of the rule or rule amendment in notices relating to rules and need not publish these or other notices in the Florida Administrative Register, but notice shall be made:

1. By publication in a newspaper qualified under chapter 50 ~~of general circulation~~ in the affected area;

2. By mail to all persons who have made requests of the educational unit for advance notice of its proceedings and to organizations representing persons affected by the proposed rule; and

3. By posting in appropriate places so that those particular classes of persons to whom the intended action is directed may be duly notified.

Section 10. Subsection (2) of section 121.0511, Florida Statutes, is amended to read:

121.0511 Revocation of election and alternative plan.—The governing body of any municipality or independent special district that has elected to participate in the Florida Retirement System may revoke its election in accordance with the following procedure:

(2) At least 7 days, but not more than 15 days, before the hearing, notice of intent to revoke, specifying the time and place of the hearing, must be published as provided in chapter

50 ~~in a newspaper of general circulation in the area affected, as provided by ss. 50.011-50.031~~. Proof of publication of the notice must be submitted to the Department of Management Services.

Section 11. Paragraphs (b) and (h) of subsection (1) of section 121.055, Florida Statutes, are amended to read:

121.055 Senior Management Service Class.—There is hereby established a separate class of membership within the Florida Retirement System to be known as the "Senior Management Service Class," which shall become effective February 1, 1987.

(1)

(b)1. Except as provided in subparagraph 2., effective January 1, 1990, participation in the Senior Management Service Class is compulsory for the president of each community college, the manager of each participating municipality or county, and all appointed district school superintendents. Effective January 1, 1994, additional positions may be designated for inclusion in the Senior Management Service Class if:

a. Positions to be included in the class are designated by the local agency employer. Notice of intent to designate positions for inclusion in the class must be published for at least 2 consecutive weeks if published by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper qualified under chapter 50 that is ~~of general circulation~~ published in the county or counties affected~~, as provided in chapter 50~~.

b. Up to 10 nonelective full-time positions may be designated for each local agency employer reporting to the department; for local agencies with 100 or more regularly

443070

established positions, additional nonelective full-time positions may be designated, not to exceed 1 percent of the regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who is not subject to continuing contract and serves at the pleasure of the local agency employer without civil service protection, and who:

(I) Heads an organizational unit; or

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of responsibility.

2. In lieu of participation in the Senior Management Service Class, members of the Senior Management Service Class, pursuant to subparagraph 1., may withdraw from the Florida Retirement System altogether. The decision to withdraw from the system is irrevocable as long as the employee holds the position. Any service creditable under the Senior Management Service Class shall be retained after the member withdraws from the system; however, additional service credit in the Senior Management Service Class may not be earned after such withdrawal. Such members are not eligible to participate in the Senior Management Service Optional Annuity Program.

3. Effective January 1, 2006, through June 30, 2006, an employee who has withdrawn from the Florida Retirement System under subparagraph 2. has one opportunity to elect to participate in the pension plan or the investment plan.

a. If the employee elects to participate in the investment plan, membership shall be prospective, and the applicable provisions of s. 121.4501(4) govern the election.

b. If the employee elects to participate in the pension plan, the employee shall, upon payment to the system trust fund of the amount calculated under sub-sub-subparagraph (I), receive service credit for prior service based upon the time during which the employee had withdrawn from the system.

(I) The cost for such credit shall be an amount representing the actuarial accrued liability for the affected period of service. The cost shall be calculated using the discount rate and other relevant actuarial assumptions that were used to value the pension plan liabilities in the most recent actuarial valuation. The calculation must include any service already maintained under the pension plan in addition to the period of withdrawal. The actuarial accrued liability attributable to any service already maintained under the pension plan shall be applied as a credit to the total cost resulting from the calculation. The division must ensure that the transfer sum is prepared using a formula and methodology certified by an actuary.

(II) The employee must transfer a sum representing the net cost owed for the actuarial accrued liability in sub-sub-subparagraph (I) immediately following the time of such movement, determined assuming that attained service equals the sum of service in the pension plan and the period of withdrawal.

(h)1. Except as provided in subparagraph 3., effective January 1, 1994, participation in the Senior Management Service Class shall be compulsory for the State Courts Administrator and the Deputy State Courts Administrators, the Clerk of the Supreme Court, the Marshal of the Supreme Court, the Executive Director of the Justice Administrative Commission, the capital collateral

regional counsel, the clerks of the district courts of appeals, the marshals of the district courts of appeals, and the trial court administrator and the Chief Deputy Court Administrator in each judicial circuit. Effective January 1, 1994, additional positions in the offices of the state attorney and public defender in each judicial circuit may be designated for inclusion in the Senior Management Service Class of the Florida Retirement System, provided that:

a. Positions to be included in the class shall be designated by the state attorney or public defender, as appropriate. Notice of intent to designate positions for inclusion in the class shall be published for at least 2 consecutive weeks by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper qualified under chapter 50 ~~of general circulation published~~ in the county or counties affected~~, as provided in chapter 50~~.

b. One nonelective full-time position may be designated for each state attorney and public defender reporting to the Department of Management Services; for agencies with 200 or more regularly established positions under the state attorney or public defender, additional nonelective full-time positions may be designated, not to exceed 0.5 percent of the regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who serves at the pleasure of the state attorney or public defender without civil service protection, and who:

(I) Heads an organizational unit; or

443070

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of responsibility.

2. Participation in this class shall be compulsory, except as provided in subparagraph 3., for any judicial employee who holds a position designated for coverage in the Senior Management Service Class, and such participation shall continue until the employee terminates employment in a covered position. Effective January 1, 2001, participation in this class is compulsory for assistant state attorneys, assistant statewide prosecutors, assistant public defenders, and assistant capital collateral regional counsel. Effective January 1, 2002, participation in this class is compulsory for assistant attorneys general.

3. In lieu of participation in the Senior Management Service Class, such members, excluding assistant state attorneys, assistant public defenders, assistant statewide prosecutors, assistant attorneys general, and assistant capital collateral regional counsel, may participate in the Senior Management Service Optional Annuity Program as established in subsection (6).

Section 12. Paragraph (a) of subsection (2) and paragraph (b) of subsection (4) of section 125.66, Florida Statutes, are amended to read:

125.66 Ordinances; enactment procedure; emergency ordinances; rezoning or change of land use ordinances or resolutions.—

(2)(a) The regular enactment procedure shall be as follows: The board of county commissioners at any regular or special

meeting may enact or amend any ordinance, except as provided in subsection (4), if notice of intent to consider such ordinance is given at least 10 days before such ~~prior to said~~ meeting by publication as provided in chapter 50 ~~in a newspaper of general circulation in the county~~. A copy of such notice shall be kept available for public inspection during the regular business hours of the office of the clerk of the board of county commissioners. The notice of proposed enactment shall state the date, time, and place of the meeting; the title or titles of proposed ordinances; and the place or places within the county where such proposed ordinances may be inspected by the public. The notice shall also advise that interested parties may appear at the meeting and be heard with respect to the proposed ordinance.

(4) Ordinances or resolutions, initiated by other than the county, that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to subsection (2). Ordinances or resolutions that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances or resolutions initiated by the county that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

(b) In cases in which the proposed ordinance or resolution changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the board of county commissioners shall provide for public notice and hearings as follows:

443070

1. The board of county commissioners shall hold two advertised public hearings on the proposed ordinance or resolution. At least one hearing shall be held after 5 p.m. on a weekday, unless the board of county commissioners, by a majority plus one vote, elects to conduct that hearing at another time of day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

2. If published in the print edition of a newspaper, the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community pursuant to chapter 50~~, not one of limited subject matter~~. It is the legislative intent that, whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the community is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following by ordinance or resolution:...(title of

443070

ordinance or resolution)....

A public hearing on the ordinance or resolution will be held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted, conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area within the local government covered by the proposed ordinance or resolution. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

3. In lieu of publishing the advertisements set out in this paragraph, the board of county commissioners may mail a notice to each person owning real property within the area covered by the ordinance or resolution. Such notice shall clearly explain the proposed ordinance or resolution and shall notify the person of the time, place, and location of both public hearings on the proposed ordinance or resolution.

Section 13. Paragraph (a) of subsection (2) of section 162.12, Florida Statutes, is amended to read:

162.12 Notices.—

(2) In addition to providing notice as set forth in subsection (1), at the option of the code enforcement board or the local government, notice may be served by publication or posting, as follows:

(a)1. Such notice shall be published in print or on a newspaper’s website and the statewide legal notice website as

provided in s. 50.0211(5) for 4 consecutive weeks. If published in print, the notice shall be published once during each week for 4 consecutive weeks (four publications being sufficient) in a newspaper ~~of general circulation~~ in the county where the code enforcement board is located. The newspaper shall meet such requirements as are prescribed under chapter 50 for legal and official advertisements.

2. Proof of publication shall be made as provided in ss. 50.041 and 50.051.

Section 14. Paragraph (c) of subsection (3) of section 166.041, Florida Statutes, is amended to read:

166.041 Procedures for adoption of ordinances and resolutions.—

(3)

(c) Ordinances initiated by other than the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to paragraph (a). Ordinances that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances initiated by the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

1. In cases in which the proposed ordinance changes the actual zoning map designation for a parcel or parcels of land involving less than 10 contiguous acres, the governing body shall direct the clerk of the governing body to notify by mail each real property owner whose land the municipality will redesignate by enactment of the ordinance and whose address is known by reference to the latest ad valorem tax records. The

443070

notice shall state the substance of the proposed ordinance as it affects that property owner and shall set a time and place for one or more public hearings on such ordinance. Such notice shall be given at least 30 days prior to the date set for the public hearing, and a copy of the notice shall be kept available for public inspection during the regular business hours of the office of the clerk of the governing body. The governing body shall hold a public hearing on the proposed ordinance and may, upon the conclusion of the hearing, immediately adopt the ordinance.

2. In cases in which the proposed ordinance changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the governing body shall provide for public notice and hearings as follows:

a. The local governing body shall hold two advertised public hearings on the proposed ordinance. At least one hearing shall be held after 5 p.m. on a weekday, unless the local governing body, by a majority plus one vote, elects to conduct that hearing at another time of day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

b. <u>If published in the print edition of a newspaper,</u> the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no

443070

smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the municipality and of general interest and readership in the municipality~~, not one of limited subject matter,~~ pursuant to chapter 50. It is the legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the municipality is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following ordinance:...(title of the ordinance)....

A public hearing on the ordinance will be held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted, conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area covered by the proposed ordinance. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must also be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

c. In lieu of publishing the advertisement set out in this

443070

paragraph, the municipality may mail a notice to each person owning real property within the area covered by the ordinance. Such notice shall clearly explain the proposed ordinance and shall notify the person of the time, place, and location of any public hearing on the proposed ordinance.

Section 15. Subsection (1) of section 189.015, Florida Statutes, is amended to read:

189.015 Meetings; notice; required reports.—

(1) The governing body of each special district shall file quarterly, semiannually, or annually a schedule of its regular meetings with the local governing authority or authorities. The schedule shall include the date, time, and location of each scheduled meeting. The schedule shall be published quarterly, semiannually, or annually ~~in a newspaper of general paid circulation~~ in the manner required in this subsection. The governing body of an independent special district shall advertise the day, time, place, and purpose of any meeting other than a regular meeting or any recessed and reconvened meeting of the governing body, at least 7 days before such meeting as provided in chapter 50~~, in a newspaper of general paid circulation~~ in the county or counties in which the special district is located, unless a bona fide emergency situation exists, in which case a meeting to deal with the emergency may be held as necessary, with reasonable notice, so long as it is subsequently ratified by the governing body. No approval of the annual budget shall be granted at an emergency meeting. The notice shall be posted as provided in ~~advertisement shall be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall appear~~

443070

~~in a newspaper that is published at least 5 days a week, unless the only newspaper in the county is published fewer than 5 days a week. The newspaper selected must be one of general interest and readership in the community and not one of limited subject matter, pursuant to~~ chapter 50. Any other provision of law to the contrary notwithstanding, and except in the case of emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 by Internet publication or by publication in a newspaper ~~of general paid circulation~~ in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed, no less than 7 days before such meeting.

Section 16. Paragraph (d) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 2,500 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(d) A local public hearing on the petition shall be conducted by a hearing officer in conformance with the applicable requirements and procedures of the Administrative Procedure Act. The hearing shall include oral and written comments on the petition pertinent to the factors specified in

443070

paragraph (e). The hearing shall be held at an accessible location in the county in which the community development district is to be located. The petitioner shall cause a notice of the hearing to be published for 4 successive weeks on a newspaper's website and the statewide legal notice website provided in s. 50.0211(5) or, if published in print, in a newspaper at least once a week for the 4 successive weeks immediately prior to the hearing as provided in chapter 50. Such notice shall give the time and place for the hearing, a description of the area to be included in the district, which description shall include a map showing clearly the area to be covered by the district, and any other relevant information which the establishing governing bodies may require. If published in the print edition of a newspaper, the advertisement may ~~shall~~ not be placed in the ~~that~~ portion of the newspaper where legal notices and classified advertisements appear. The advertisement must ~~shall~~ be published in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community~~, not one of limited subject matter,~~ pursuant to chapter 50. Whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~, unless the only newspaper in the community is published less than weekly ~~fewer than 5 days a week~~. If the notice is ~~In addition to being~~ published in the print edition of the newspaper, the map ~~referenced above~~ must also be included in any ~~part of the~~ online advertisement ~~required~~ pursuant to s. 50.0211. All affected units of general-purpose local government and the general public shall be given an opportunity to appear at the hearing and present oral or written comments on the

petition.

Section 17. Paragraph (h) of subsection (1) of section 190.046, Florida Statutes, is amended to read:

190.046 Termination, contraction, or expansion of district.—

(1) A landowner or the board may petition to contract or expand the boundaries of a community development district in the following manner:

(h) For a petition to establish a new community development district of less than 2,500 acres on land located solely in one county or one municipality, sufficiently contiguous lands located within the county or municipality which the petitioner anticipates adding to the boundaries of the district within 10 years after the effective date of the ordinance establishing the district may also be identified. If such sufficiently contiguous land is identified, the petition must include a legal description of each additional parcel within the sufficiently contiguous land, the current owner of the parcel, the acreage of the parcel, and the current land use designation of the parcel. At least 14 days before the hearing required under s. 190.005(2)(b), the petitioner must give the current owner of each such parcel notice of filing the petition to establish the district, the date and time of the public hearing on the petition, and the name and address of the petitioner. A parcel may not be included in the district without the written consent of the owner of the parcel.

1. After establishment of the district, a person may petition the county or municipality to amend the boundaries of the district to include a previously identified parcel that was

443070

a proposed addition to the district before its establishment. A filing fee may not be charged for this petition. Each such petition must include:

a. A legal description by metes and bounds of the parcel to be added;

b. A new legal description by metes and bounds of the district;

c. Written consent of all owners of the parcel to be added;

d. A map of the district including the parcel to be added;

e. A description of the development proposed on the additional parcel; and

f. A copy of the original petition identifying the parcel to be added.

2. Before filing with the county or municipality, the person must provide the petition to the district and to the owner of the proposed additional parcel, if the owner is not the petitioner.

3. Once the petition is determined sufficient and complete, the county or municipality must process the addition of the parcel to the district as an amendment to the ordinance that establishes the district. The county or municipality may process all petitions to amend the ordinance for parcels identified in the original petition, even if, by adding such parcels, the district exceeds 2,500 acres.

4. The petitioner shall cause to be published in a newspaper qualified to publish legal notices ~~of general circulation~~ in the proposed district a notice of the intent to amend the ordinance that establishes the district. The notice must be in addition to any notice required for adoption of the

443070

ordinance amendment. Such notice must be published as provided in chapter 50 at least 10 days before the scheduled hearing on the ordinance amendment ~~and may be published in the section of the newspaper reserved for legal notices~~. The notice must include a general description of the land to be added to the district and the date and time of the scheduled hearing to amend the ordinance. The petitioner shall deliver, including by mail or hand delivery, the notice of the hearing on the ordinance amendment to the owner of the parcel and to the district at least 14 days before the scheduled hearing.

5. The amendment of a district by the addition of a parcel pursuant to this paragraph does not alter the transition from landowner voting to qualified elector voting pursuant to s. 190.006, even if the total size of the district after the addition of the parcel exceeds 5,000 acres. Upon adoption of the ordinance expanding the district, the petitioner must cause to be recorded a notice of boundary amendment which reflects the new boundaries of the district.

6. This paragraph is intended to facilitate the orderly addition of lands to a district under certain circumstances and does not preclude the addition of lands to any district using the procedures in the other provisions of this section.

Section 18. Subsection (1) of section 194.037, Florida Statutes, is amended to read:

194.037 Disclosure of tax impact.—

(1) After hearing all petitions, complaints, appeals, and disputes, the clerk shall make public notice of the findings and results of the board as provided in chapter 50. If published in the print edition of a newspaper, the notice must be in at least

a quarter-page size advertisement of a standard size or tabloid size newspaper, and the headline shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county. The newspaper selected shall be one of general interest and readership in the community~~, and not one of limited subject matter,~~ pursuant to chapter 50. For all advertisements published pursuant to this section, the headline shall read: TAX IMPACT OF VALUE ADJUSTMENT BOARD. The public notice shall list the members of the value adjustment board and the taxing authorities to which they are elected. The form shall show, in columnar form, for each of the property classes listed under subsection (2), the following information, with appropriate column totals:

(a) In the first column, the number of parcels for which the board granted exemptions that had been denied or that had not been acted upon by the property appraiser.

(b) In the second column, the number of parcels for which petitions were filed concerning a property tax exemption.

(c) In the third column, the number of parcels for which the board considered the petition and reduced the assessment from that made by the property appraiser on the initial assessment roll.

(d) In the fourth column, the number of parcels for which petitions were filed but not considered by the board because such petitions were withdrawn or settled prior to the board’s consideration.

(e) In the fifth column, the number of parcels for which

443070

petitions were filed requesting a change in assessed value, including requested changes in assessment classification.

(f) In the sixth column, the net change in taxable value from the assessor's initial roll which results from board decisions.

(g) In the seventh column, the net shift in taxes to parcels not granted relief by the board. The shift shall be computed as the amount shown in column 6 multiplied by the applicable millage rates adopted by the taxing authorities in hearings held pursuant to s. 200.065(2)(d) or adopted by vote of the electors pursuant to s. 9(b) or s. 12, Art. VII of the State Constitution, but without adjustment as authorized pursuant to s. 200.065(6). If for any taxing authority the hearing has not been completed at the time the notice required herein is prepared, the millage rate used shall be that adopted in the hearing held pursuant to s. 200.065(2)(c).

Section 19. Subsection (1) of section 197.402, Florida Statutes, is amended to read:

197.402 Advertisement of real or personal property with delinquent taxes.—

(1) If advertisements are required, the board of county commissioners shall make such notice ~~select the newspaper~~ as provided in chapter 50. The tax collector shall pay all ~~newspaper~~ charges, and the proportionate cost of the advertisements shall be added to the delinquent taxes collected.

Section 20. Subsection (3) of section 200.065, Florida Statutes, is amended to read:

200.065 Method of fixing millage.—

(3) The advertisement shall be published as provided in

chapter 50. If the advertisement is published in the print edition of a newspaper, the advertisement must be no less than one-quarter page in size of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county or in a geographically limited insert of such newspaper. The geographic boundaries in which such insert is circulated shall include the geographic boundaries of the taxing authority. It is the legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the county is published less than weekly ~~5 days a week~~, or that the advertisement appear in a geographically limited insert of such newspaper which insert is published throughout the taxing authority's jurisdiction at least twice each week. It is further the legislative intent that the newspaper selected be one of general interest and readership in the community ~~and not one of limited subject matter,~~ pursuant to chapter 50.

(a) For taxing authorities other than school districts which have tentatively adopted a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

The ...(name of the taxing authority)... has tentatively adopted a measure to increase its property tax levy.

Last year’s property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year’s proposed tax levy.....$XX,XXX,XXX

All concerned citizens are invited to attend a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A FINAL DECISION on the proposed tax increase and the budget will be made at this hearing.

(b) In all instances in which the provisions of paragraph (a) are inapplicable for taxing authorities other than school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of taxing authority)... has tentatively adopted a budget for ...(fiscal year).... A public hearing to make a FINAL DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(c) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1) and which propose to levy nonvoted millage in excess of the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

443070

The ...(name of school district)... will soon consider a measure to increase its property tax levy.

Last year’s property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year’s proposed tax levy.....$XX,XXX,XXX

A portion of the tax levy is required under state law in order for the school board to receive $...(amount A)... in state education grants. The required portion has ...(increased or decreased)... by ...(amount B)... percent and represents approximately ...(amount C)... of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A DECISION on the proposed tax increase and the budget will be made at this hearing.

1. AMOUNT A shall be an estimate, provided by the Department of Education, of the amount to be received in the current fiscal year by the district from state appropriations for the Florida Education Finance Program.

2. AMOUNT B shall be the percent increase over the rolled-back rate necessary to levy only the required local effort in the current fiscal year, computed as though in the preceding fiscal year only the required local effort was levied.

443070

3. AMOUNT C shall be the quotient of required local-effort millage divided by the total proposed nonvoted millage, rounded to the nearest tenth and stated in words; however, the stated amount shall not exceed nine-tenths.

(d) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1) and which propose to levy as nonvoted millage only the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be the same as provided in paragraph (c), except that the second and third paragraphs shall be replaced with the following paragraph:

This increase is required under state law in order for the school board to receive $...(amount A)... in state education grants.

(e) In all instances in which the provisions of paragraphs (c) and (d) are inapplicable for school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of school district)... will soon consider a budget for ...(fiscal year).... A public hearing to make a DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(f) In lieu of publishing the notice set out in this subsection, the taxing authority may mail a copy of the notice

443070

to each elector residing within the jurisdiction of the taxing authority.

(g) In the event that the mailing of the notice of proposed property taxes is delayed beyond September 3 in a county, any multicounty taxing authority which levies ad valorem taxes within that county shall advertise its intention to adopt a tentative budget and millage rate in a newspaper ~~of paid general circulation~~n within that county which meets the requirements of chapter 50, as provided in this subsection, and shall hold the hearing required pursuant to paragraph (2)(c) not less than 2 days or more than 5 days thereafter, and not later than September 18. The advertisement shall be in the following form, unless the proposed millage rate is less than or equal to the rolled-back rate, computed pursuant to subsection (1), in which case the advertisement shall be as provided in paragraph (e):

NOTICE OF TAX INCREASE

The ...(name of the taxing authority)... proposes to increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent.

All concerned citizens are invited to attend a public hearing on the proposed tax increase to be held on ...(date and time)... at ...(meeting place)....

(h) In no event shall any taxing authority add to or delete from the language of the advertisements as specified herein unless expressly authorized by law, except that, if an increase in ad valorem tax rates will affect only a portion of the jurisdiction of a taxing authority, advertisements may include a

443070

map or geographical description of the area to be affected and the proposed use of the tax revenues under consideration. In addition, if published in the print edition of the newspaper or only published on the Internet in accordance with s. 50.0211(5), the map must be included in ~~part of~~ the online advertisement required by s. 50.0211. The advertisements required herein shall not be accompanied, preceded, or followed by other advertising or notices which conflict with or modify the substantive content prescribed herein.

(i) The advertisements required pursuant to paragraphs (b) and (e) need not be one-quarter page in size or have a headline in type no smaller than 18 point.

(j) The amounts to be published as percentages of increase over the rolled-back rate pursuant to this subsection shall be based on aggregate millage rates and shall exclude voted millage levies unless expressly provided otherwise in this subsection.

(k) Any taxing authority which will levy an ad valorem tax for an upcoming budget year but does not levy an ad valorem tax currently shall, in the advertisement specified in paragraph (a), paragraph (c), paragraph (d), or paragraph (g), replace the phrase "increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent" with the phrase "impose a new property tax levy of $...(amount)... per $1,000 value."

(l) Any advertisement required pursuant to this section shall be accompanied by an adjacent notice meeting the budget summary requirements of s. 129.03(3)(b). Except for those taxing authorities proposing to levy ad valorem taxes for the first time, the following statement shall appear in the budget summary

443070

in boldfaced type immediately following the heading, if the applicable percentage is greater than zero:

THE PROPOSED OPERATING BUDGET EXPENDITURES OF ...(name of taxing authority)... ARE ...(percent rounded to one decimal place)... MORE THAN LAST YEAR'S TOTAL OPERATING EXPENDITURES.

For purposes of this paragraph, "proposed operating budget expenditures" or "operating expenditures" means all moneys of the local government, including dependent special districts, that:

1. Were or could be expended during the applicable fiscal year, or

2. Were or could be retained as a balance for future spending in the fiscal year.

Provided, however, those moneys held in or used in trust, agency, or internal service funds, and expenditures of bond proceeds for capital outlay or for advanced refunded debt principal, shall be excluded.

Section 21. Paragraph (c) of subsection (1) of section 338.223, Florida Statutes, is amended to read:

338.223 Proposed turnpike projects.—

(1)

(c) Prior to requesting legislative approval of a proposed turnpike project, the environmental feasibility of the proposed project shall be reviewed by the Department of Environmental Protection. The department shall submit its Project Development and Environmental Report to the Department of Environmental

443070

Protection, along with a draft copy of a public notice. Within 14 days of receipt of the draft public notice, the Department of Environmental Protection shall return the draft public notice to the Department of Transportation with an approval of the language or modifications to the language. Upon receipt of the approved or modified draft, or if no comments are provided within 14 days, the Department of Transportation shall publish the notice as provided in chapter 50 ~~in a newspaper~~ to provide a 30-day public comment period. If published in the print edition of a newspaper, the headline of the required notice shall be in a type no smaller than 18 point, ~~. The notice~~ shall be placed in that portion of the newspaper where legal notices appear, and ~~.~~ ~~The notice~~ shall be published in a newspaper qualified to publish legal notices ~~of general circulation~~ in the county or counties of general interest and readership in the community as provided in s. 50.031~~, not one of limited subject matter~~. Whenever possible, the notice shall appear in a newspaper that is published at least weekly ~~5 days a week~~. All notices published pursuant to this section ~~The notice~~ shall include, at a minimum ~~but is not limited to~~, the following information:

1. The purpose of the notice is to provide for a 30-day period for written public comments on the environmental impacts of a proposed turnpike project.

2. The name and description of the project, along with a geographic location map clearly indicating the area where the proposed project will be located.

3. The address where such comments must be sent and the date such comments are due.

443070

After a review of the department's report and any public comments, the Department of Environmental Protection shall submit a statement of environmental feasibility to the department within 30 days after the date on which public comments are due. The notice and the statement of environmental feasibility shall not give rise to any rights to a hearing or other rights or remedies provided pursuant to chapter 120 or chapter 403, and shall not bind the Department of Environmental Protection in any subsequent environmental permit review.

Section 22. Subsection (3) of section 348.0308, Florida Statutes, is amended to read:

348.0308 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The agency may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by Internet publication or by print in a newspaper qualified to publish legal notices ~~of general circulation~~ in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public

notification period has expired, the agency shall rank the proposals in order of preference. In ranking the proposals, the agency shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the agency is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the agency may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the agency may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The agency may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 23. Subsection (3) of section 348.635, Florida Statutes, is amended to read:

348.635 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public’s interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in ~~and~~ a newspaper ~~of general~~

443070

~~circulation~~ in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 24. Subsection (3) of section 348.7605, Florida Statutes, is amended to read:

348.7605 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public’s interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical

transportation facilities.

(3) The authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in a newspaper ~~of general circulation~~ in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 25. Section 373.0397, Florida Statutes, is amended to read:

443070

373.0397 Floridan and Biscayne aquifers; designation of prime groundwater recharge areas.—Upon preparation of an inventory of prime groundwater recharge areas for the Floridan or Biscayne aquifers, but prior to adoption by the governing board, the water management district shall publish a legal notice of public hearing on the designated areas for the Floridan and Biscayne aquifers, with a map delineating the boundaries of the areas, as provided ~~in newspapers defined~~ in chapter 50 ~~as having general circulation within the area to be affected~~. The notice shall be at least one-fourth page and shall read as follows:

NOTICE OF PRIME RECHARGE
AREA DESIGNATION

The ...(name of taxing authority)... proposes to designate specific land areas as areas of prime recharge to the ...(name of aquifer)... Aquifer.

All concerned citizens are invited to attend a public hearing on the proposed designation to be held on ...(date and time)... at ...(meeting place)....

A map of the affected areas follows.

The governing board of the water management district shall adopt a designation of prime groundwater recharge areas to the Floridan and Biscayne aquifers by rule within 120 days after the public hearing, subject to the provisions of chapter 120.

Section 26. Section 373.146, Florida Statutes, is amended to read:

443070

373.146 Publication of notices, process, and papers.—

(1) Whenever in this chapter the publication of any notice, process, or paper is required or provided for, unless otherwise provided by law, the publication thereof ~~in some newspaper or newspapers~~ as provided ~~defined~~ in chapter 50 is ~~having general circulation within the area to be affected shall be taken and~~ considered as being sufficient.

(2) Notwithstanding any other provision of law to the contrary, and except in the case of emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 ~~in a newspaper of general paid circulation in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed~~, no less than 7 days before such meeting.

Section 27. Subsection (12) of section 403.722, Florida Statutes, is amended to read:

403.722 Permits; hazardous waste disposal, storage, and treatment facilities.—

(12) On the same day of filing with the department of an application for a permit for the construction modification, or operation of a hazardous waste facility, the applicant shall notify each city and county within 1 mile of the facility of the filing of the application and shall publish notice of the filing of the application. The applicant shall publish a second notice of the filing within 14 days after the date of filing. Each notice shall be published as provided in chapter 50 ~~in a~~

~~newspaper of general circulation~~ in the county in which the facility is located or is proposed to be located. ~~Notwithstanding the provisions of chapter 50, for purposes of this section, a "newspaper of general circulation" shall be the newspaper within the county in which the installation or facility is proposed which has the largest daily circulation in that county and has its principal office in that county. If the newspaper with the largest daily circulation has its principal office outside the county, the notice shall appear in both the newspaper with the largest daily circulation in that county, and a newspaper authorized to publish legal notices in that county.~~ The notice shall contain:

(a) The name of the applicant and a brief description of the project and its location.

(b) The location of the application file and when it is available for public inspection.

The notice shall be prepared by the applicant and shall comply with the following format:

Notice of Application

The Department of Environmental Protection announces receipt of an application for a permit from ...(name of applicant)... to ...(brief description of project).... This proposed project will be located at ...(location)... in ...(county)... ...(city)....

This application is being processed and is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at ...(name and

443070

address of office)....

Section 28. Subsection (5) of section 849.38, Florida Statutes, is amended to read:

849.38 Proceedings for forfeiture; notice of seizure and order to show cause.—

(5) If the value of the property seized is shown by the sheriff's return to have an appraised value of $1,000 or less, the above citation shall be served by posting at three public places in the county, one of which shall be the front door of the courthouse; if the value of the property is shown by the sheriff's return to have an approximate value of more than $1,000, the citation shall be published by print or posted for at least 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5). If published in print, the citation shall appear at least once each week for 2 consecutive weeks in a ~~some~~ newspaper qualified to publish legal notices under chapter 50 that is ~~of general publication~~ published in the county, if there is ~~be~~ such a newspaper published in the county. ~~and~~ If there is no such newspaper ~~not~~, the ~~then said~~ notice of such publication shall be made by certificate of the clerk if publication is made by posting, and by affidavit as provided in chapter 50, if made by publication as provided in chapter 50 ~~in a newspaper~~, which affidavit or certificate shall be filed and become a part of the record in the cause. Failure of the record to show proof of such publication shall not affect any judgment made in the cause unless it shall affirmatively appear that no such publication was made.

Section 29. Paragraph (a) of subsection (6) of section

443070

932.704, Florida Statutes, is amended to read:

932.704 Forfeiture proceedings.—

(6)(a) If the property is required by law to be titled or registered, or if the owner of the property is known in fact to the seizing agency, or if the seized property is subject to a perfected security interest in accordance with the Uniform Commercial Code, chapter 679, the attorney for the seizing agency shall serve the forfeiture complaint as an original service of process under the Florida Rules of Civil Procedure and other applicable law to each person having an ownership or security interest in the property. The seizing agency shall also publish, in accordance with chapter 50, notice of the forfeiture complaint for 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5) or, if published in print, once each week for 2 consecutive weeks in a newspaper qualified to publish legal notices under chapter 50 ~~of general circulation, as defined in s. 165.031,~~ in the county where the seizure occurred.

Section 30. This act shall take effect January 1, 2022.

	.	
	.	
	.	

The Committee on Appropriations (Rodrigues) recommended the following:

Senate Amendment to Amendment (443070)

Delete lines 37 - 82
and insert:
software. The newspaper must also be sold, or otherwise available to the public, at no less than 10 publicly accessible outlets. For legal and public notices published by nongovernmental entities, the newspaper's audience in the county or municipality where the project, property, or other primary subject of the notice is located must meet the 10 percent

490496

threshold.

2. Holds a periodicals permit as of March 1, 2021, and accepts legal notices for publication as of that date. Any such newspaper may continue to publish legal notices through December 31, 2023, so long as the newspaper continues to meet the requirements set forth in section 21 of ch. 99-2, Laws of Florida, and continues to hold a periodicals permit. Beginning January 1, 2024, and thereafter, any such newspaper must meet the criteria under subparagraph 1.

3. For newspapers publishing legal notices in a fiscally constrained county, holds a periodicals permit and meets all other requirements of this chapter. A newspaper qualified under this subparagraph does not need to meet the criteria under subparagraph 1. so long as the newspaper continues to hold a periodicals permit. For purposes of this subparagraph, the term "fiscally constrained county" means a county within a rural area of opportunity designated by the Governor pursuant to s. 288.0656 or a county for which the value of a mill will raise no more than $5 million in revenue, based on the certified taxable value certified pursuant to s. 1011.62(4)(a)1.a., from the previous July 1.

(d) Is~~, entered or qualified to be admitted and entered as periodicals matter at a post office in the county where published, for sale to the public generally,~~ available to the public generally for the publication of official or other notices with no more than 75 percent of its content dedicated toward advertising and customarily containing information of a public character or of interest or of value to the residents or owners of property in the county where published, or of interest

490496

or of value to the general public.

(e) Continually publishes in a prominent manner the name, street address, phone number, website URL of the newspaper's approved print auditor, the newspaper's most recent statement of ownership, and a statement of the auditor certifying the veracity of the newspaper's print distribution and the number of the newspaper's website's monthly unique visitors, or the newspaper's periodicals permit, if applicable, within the first five pages of the print edition and the bottom portion of the homepage of the newspaper's website.

(2) Internet publication for governmental agency notices under s. 50.0211(1)(b) on the website of any newspaper in the county to which the legal notice pertains

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to legal notices; amending s. 50.011, F.S.; revising requirements for newspapers that are qualified to publish legal notices; authorizing the Internet publication of legal notices on certain websites in lieu of print publication in a newspaper; amending s. 50.021, F.S.; conforming provisions to changes made by the act; amending s. 50.0211, F.S.; defining the term "governmental agency"; requiring the Florida Press Association to consult with the Black Press Association of Florida for a specified purpose; authorizing a governmental agency to choose between print publication or Internet-only publication of legal notices with specified newspapers if certain conditions are met; specifying requirements for the placement, format, and accessibility of any such legal notices; requiring the newspaper to display a specified disclaimer regarding the posting of legal notices; authorizing a newspaper to charge for Internet-only publication, subject to specified limitations; specifying applicable penalties for unauthorized rebates, commissions, or refunds in connection with publication charges; requiring a governmental agency that publishes certain legal notices by Internet-only publication to publish a specified notice in the print edition of a local newspaper; amending s. 50.031, F.S.; conforming

933750

576-04297-21

provisions to changes made by the act; amending ss. 50.041 and 50.051, F.S.; revising provisions governing the uniform affidavit establishing proof of publication to conform to changes made by the act; amending ss. 11.02, 120.81, 121.0511, 121.055, 125.66, 162.12, 166.041, 189.015, 190.005, 190.046, 194.037, 197.402, 200.065, 338.223, 348.0308, 348.635, 348.7605, 373.0397, 373.146, 403.722, 712.06, 849.38, 865.09, and 932.704, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 50.011, Florida Statutes, is amended to read:

50.011 Publication of ~~Where and in what language~~ legal notices ~~to be published~~.~~—~~Whenever by statute an official or legal advertisement or a publication, or notice in a newspaper has been or is directed or permitted in the nature of or in lieu of process, or for constructive service, or in initiating, assuming, reviewing, exercising or enforcing jurisdiction or power, or for any purpose, including all legal notices and advertisements of sheriffs and tax collectors, the contemporaneous and continuous intent and meaning of such legislation all and singular, existing or repealed, is and has been and is hereby declared to be and to have been, and the rule of interpretation is and has been the following:~~,~~

(1) A publication in a newspaper printed and published periodically at least once a week~~;~~ which contains ~~or oftener,~~

933750

576-04297-21

~~containing~~ at least 25 percent of its words in the English language; which has a net distribution of at least 1,000 net print copies per week; which has a website averaging at least 1,000 unique users per week; which has its distribution and website readership audited and certified biannually by an independent third-party auditor who is qualified and accredited; which is~~, entered or qualified to be admitted and entered as periodicals matter at a post office in the county where published, for sale to the public generally,~~ available to the public generally in the county or nearby counties to which the legal notice pertains; and which publishes ~~for the publication of~~ official or other notices and customarily dedicates at least 25 percent of its content to local and regional news and ~~containing~~ information of a public character or of interest or of value to the residents or owners of property in the county where published, or of interest or of value to the general public; or

(2) By Internet publication on the website of any newspaper of general circulation in the county or nearby counties to which the legal notice pertains which otherwise meets the criteria specified in subsection (1) and on the statewide legal notice website as provided under s. 50.0211(5).

Section 2. Section 50.021, Florida Statutes, is amended to read:

50.021 Publication when no newspaper in county.—When any law, or order or decree of court, directs ~~shall direct~~ advertisements to be made in a ~~any~~ county and there is ~~be~~ no newspaper published in the ~~said~~ county, the advertisement may be made by posting on the website of any newspaper of general

933750

576-04297-21

circulation in an adjoining county and on the statewide legal notice website as provided in s. 50.0211(5) or posting three copies thereof in three different places in the ~~said~~ county, one of which shall be at the front door of the courthouse, and by publication in the nearest county in which a newspaper is published.

Section 3. Section 50.0211, Florida Statutes, is amended to read:

50.0211 Internet website publication.—

(1) As used in this section, the term "governmental agency" means a county, municipality, district school board, or other unit of local government or political subdivision in this state.

(2) This section applies to legal notices that must be published in accordance with this chapter unless otherwise specified.

(3)~~(2)~~ If a governmental agency publishes a legal notice in the print edition of a newspaper, each legal notice must be posted on the newspaper's website on the same day that the printed notice appears in the newspaper, at no additional charge, in a separate web page titled "Legal Notices," "Legal Advertising," or comparable identifying language. A link to the legal notices web page shall be provided on the front page of the newspaper's website that provides access to the legal notices. If there is a specified size and placement required for a printed legal notice, the size and placement of the notice on the newspaper's website must optimize its online visibility in keeping with the print requirements. The newspaper's web pages that contain legal notices must present the legal notices as the dominant and leading subject matter of those pages. The

newspaper's website must contain a search function to facilitate searching the legal notices. A fee may not be charged, and registration may not be required, for viewing or searching legal notices on a newspaper's website if the legal notice is published in a newspaper.

(4)(a) ~~(3)(a)~~ If a legal notice is published in the print edition of a newspaper or on a newspaper's website, the newspaper publishing the notice shall place the notice on the statewide website established and maintained as an initiative of the Florida Press Association as a repository for such notices located at the following address: www.floridapublicnotices.com.

(b) A legal notice placed on the statewide website created under this subsection must be:

1. Accessible and searchable by party name and case number.

2. Posted for a period of at least 90 consecutive days after the first day of posting.

(c) The statewide website created under this subsection shall maintain a searchable archive of all legal notices posted on the publicly accessible website ~~on or after October 1, 2014,~~ for 18 months after the first day of posting. Such searchable archive shall be provided and accessible to the general public without charge.

(d) In its operation of the statewide website, the Florida Press Association shall consult with the Black Press Association of Florida to ensure that minority populations throughout the state have equitable access to legal notices that are posted on the Internet.

(5)(a) In lieu of publishing a legal notice in the print edition of a newspaper of general circulation, a governmental

agency may opt for Internet-only publication with any newspaper of general circulation within the jurisdiction of the affected governmental agency so long as the governmental agency determines that the Internet publication of such notice would not unreasonably restrict public access. Any such notice that is published only on the Internet in accordance with this subsection must be placed in the legal notices section of the newspaper's website and the statewide legal notice website established under subsection (4). All requirements regarding the format and accessibility of legal notices placed on the newspaper's website and the statewide legal notice website in subsections (3) and (4) also apply to legal notices that are published only on the Internet in accordance with this subsection.

(b) The legal notices section of the print edition of a newspaper must include a disclaimer stating that additional legal notices may be accessed on the newspaper's website and the statewide legal notice website. The legal notices section of the newspaper's website must also include a disclaimer stating that legal notices are also published in the print edition of the newspaper and on the statewide legal notice website.

(c) A newspaper may charge for the publication of any legal notice that is published only on the newspaper's website, without rebate, commission, or refund; however, the newspaper may not charge any higher rate for publication than the amount that would be authorized under s. 50.061 if the legal notice had been printed in the newspaper. The penalties prescribed in s. 50.061(7) for allowing or accepting any rebate, commission, or refund in connection to the amounts charged for publication also

apply to any legal notices that are published only on the Internet in accordance with this subsection.

(d) If a governmental agency exercises the option to publish legal notices on the Internet in accordance with this subsection, such agency must provide notice at least once per week in the print edition of a newspaper of general circulation within the region in which the governmental agency is located which states that legal notices pertaining to the agency do not all appear in the print edition of the local newspaper and that additional legal notices may be accessed on the newspaper's website and that a full listing of any legal notices may be accessed on the statewide legal notice website located at www.floridapublicnotices.com.

(6)~~(4)~~ Newspapers that publish legal notices shall, upon request, provide e-mail notification of new legal notices when they are published ~~printed~~ in the newspaper or on ~~and added to~~ the newspaper's website. Such e-mail notification shall be provided without charge, and notification for such an e-mail registry shall be available on the front page of the legal notices section of the newspaper's website.

Section 4. Section 50.031, Florida Statutes, is amended to read:

50.031 Newspapers in which legal notices and process may be published.—No notice or publication required to be published in the print edition of a newspaper or on a newspaper's website in the nature of or in lieu of process of any kind, nature, character or description provided for under any law of the state, whether heretofore or hereafter enacted, and whether pertaining to constructive service, or the initiating, assuming,

reviewing, exercising or enforcing jurisdiction or power, by any court in this state, or any notice of sale of property, real or personal, for taxes, state, county or municipal, or sheriff's, guardian's or administrator's or any sale made pursuant to any judicial order, decree or statute or any other publication or notice pertaining to any affairs of the state, or any county, municipality or other political subdivision thereof, shall be deemed to have been published in accordance with the statutes providing for such publication, unless the same shall have been published for the prescribed period of time required for such publication, in a newspaper which at the time of such publication shall have been in existence for 1 year ~~and shall have been entered as periodicals matter at a post office in the county where published,~~ or in a newspaper which is a direct successor of a newspaper which has ~~together have~~ been so published; provided, however, that nothing herein contained shall apply where in any county there shall be no newspaper in existence which shall have been published for the length of time above prescribed. No legal publication of any kind, nature or description, as herein defined, shall be valid or binding or held to be in compliance with the statutes providing for such publication unless the same shall have been published in accordance with the provisions of this section or s. 50.0211(5). Proof of such publication shall be made by uniform affidavit.

Section 5. Section 50.041, Florida Statutes, is amended to read:

50.041 Proof of publication; uniform affidavits required.—

(1) All affidavits ~~of publishers of newspapers (or their official representatives)~~ made for the purpose of establishing

576-04297-21

proof of publication of public notices or legal advertisements shall be uniform throughout the state.

(2) Each such affidavit shall be printed upon white paper and shall be 8 1/2 inches in width and of convenient length, not less than 5 1/2 inches. A white margin of not less than 2 1/2 inches shall be left at the right side of each affidavit form and upon or in this space shall be substantially pasted a clipping which shall be a true copy of the public notice or legal advertisement for which proof is executed. Alternatively, the affidavit may be provided in electronic rather than paper form, provided the notarization of the affidavit complies with the requirements of s. 117.021.

(3) ~~In all counties having a population in excess of 450,000 according to the latest official decennial census, in addition to the charges which are now or may hereafter be established by law for the publication of every official notice or legal advertisement,~~ There may be a charge not to exceed $2 levied for the preparation and execution of each such proof of publication or ~~publisher's~~ affidavit.

Section 6. Section 50.051, Florida Statutes, is amended to read:

50.051 Proof of publication; form of uniform affidavit.—The printed form upon which all such affidavits establishing proof of publication are to be executed shall be substantially as follows:

NAME OF COUNTY ~~NEWSPAPER~~
~~Published (Weekly or Daily)~~
~~(Town or City) (County) FLORIDA~~

STATE OF FLORIDA

576-04297-21

COUNTY OF ....:

Before the undersigned authority personally appeared ...., who on oath says that he or she is .... of the ...., a .... newspaper published at .... in .... County, Florida; that the attached copy of advertisement, being a .... in the matter of .... in the .... Court, was published in said newspaper by print in the issues of .... or by publication on the newspaper's website on ...(date)....

Affiant further says that the newspaper complies with all legal requirements for publication in chapter 50, Florida Statutes ~~said .... is a newspaper published at ...., in said .... County, Florida, and that the said newspaper has heretofore been continuously published in said .... County, Florida, each .... and has been entered as periodicals matter at the post office in ...., in said .... County, Florida, for a period of 1 year next preceding the first publication of the attached copy of advertisement; and affiant further says that he or she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper~~.

Sworn to and subscribed before me this .... day of ...., ...(year)..., by ...., who is personally known to me or who has produced (type of identification) as identification.

...(Signature of Notary Public)...

...(Print, Type, or Stamp Commissioned Name of Notary Public)...

...(Notary Public)...

Section 7. Section 11.02, Florida Statutes, is amended to read:

11.02 Notice of special or local legislation or certain relief acts.—The notice required to obtain special or local legislation or any relief act specified in s. 11.065 shall be by publishing the identical notice ~~in each county involved in some newspaper~~ as provided ~~defined~~ in chapter 50 ~~published in~~ or circulated throughout the county or counties where the matter or thing to be affected by such legislation shall be situated one time at least 30 days before introduction of the proposed law into the Legislature or, if the notice is not made by Internet publication as provided in s. 50.0211(5) and there being no newspaper circulated throughout or published in the county, by posting for at least 30 days at not less than three public places in the county or each of the counties, one of which places shall be at the courthouse in the county or counties where the matter or thing to be affected by such legislation shall be situated. Notice of special or local legislation shall state the substance of the contemplated law, as required by s. 10, Art. III of the State Constitution. Notice of any relief act specified in s. 11.065 shall state the name of the claimant, the nature of the injury or loss for which the claim is made, and the amount of the claim against the affected municipality's revenue-sharing trust fund.

Section 8. Paragraph (d) of subsection (1) of section 120.81, Florida Statutes, is amended to read:

120.81 Exceptions and special requirements; general areas.—

(1) EDUCATIONAL UNITS.—

(d) Notwithstanding any other provision of this chapter, educational units shall not be required to include the full text of the rule or rule amendment in notices relating to rules and need not publish these or other notices in the Florida Administrative Register, but notice shall be made:

1. By publication in the print edition of a newspaper of general circulation in the affected area or by Internet publication in accordance with s. 50.0211(5);

2. By mail to all persons who have made requests of the educational unit for advance notice of its proceedings and to organizations representing persons affected by the proposed rule; and

3. By posting in appropriate places so that those particular classes of persons to whom the intended action is directed may be duly notified.

Section 9. Subsection (2) of section 121.0511, Florida Statutes, is amended to read:

121.0511 Revocation of election and alternative plan.—The governing body of any municipality or independent special district that has elected to participate in the Florida Retirement System may revoke its election in accordance with the following procedure:

(2) At least 7 days, but not more than 15 days, before the hearing, notice of intent to revoke, specifying the time and place of the hearing, must be published as provided in chapter 50 ~~in a newspaper of general circulation in the area affected, as provided by ss. 50.011-50.031~~. Proof of publication of the

notice must be submitted to the Department of Management Services.

Section 10. Paragraphs (b) and (h) of subsection (1) of section 121.055, Florida Statutes, are amended to read:

121.055 Senior Management Service Class.—There is hereby established a separate class of membership within the Florida Retirement System to be known as the "Senior Management Service Class," which shall become effective February 1, 1987.

(1)

(b)1. Except as provided in subparagraph 2., effective January 1, 1990, participation in the Senior Management Service Class is compulsory for the president of each community college, the manager of each participating municipality or county, and all appointed district school superintendents. Effective January 1, 1994, additional positions may be designated for inclusion in the Senior Management Service Class if:

a. Positions to be included in the class are designated by the local agency employer. Notice of intent to designate positions for inclusion in the class must be published for at least 2 consecutive weeks if published by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper of general circulation published in the county or counties affected~~,~~ as provided in chapter 50.

b. Up to 10 nonelective full-time positions may be designated for each local agency employer reporting to the department; for local agencies with 100 or more regularly established positions, additional nonelective full-time positions may be designated, not to exceed 1 percent of the

regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who is not subject to continuing contract and serves at the pleasure of the local agency employer without civil service protection, and who:

(I) Heads an organizational unit; or

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of responsibility.

2. In lieu of participation in the Senior Management Service Class, members of the Senior Management Service Class, pursuant to subparagraph 1., may withdraw from the Florida Retirement System altogether. The decision to withdraw from the system is irrevocable as long as the employee holds the position. Any service creditable under the Senior Management Service Class shall be retained after the member withdraws from the system; however, additional service credit in the Senior Management Service Class may not be earned after such withdrawal. Such members are not eligible to participate in the Senior Management Service Optional Annuity Program.

3. Effective January 1, 2006, through June 30, 2006, an employee who has withdrawn from the Florida Retirement System under subparagraph 2. has one opportunity to elect to participate in the pension plan or the investment plan.

a. If the employee elects to participate in the investment plan, membership shall be prospective, and the applicable provisions of s. 121.4501(4) govern the election.

b. If the employee elects to participate in the pension plan, the employee shall, upon payment to the system trust fund

of the amount calculated under sub-sub-subparagraph (I), receive service credit for prior service based upon the time during which the employee had withdrawn from the system.

(I) The cost for such credit shall be an amount representing the actuarial accrued liability for the affected period of service. The cost shall be calculated using the discount rate and other relevant actuarial assumptions that were used to value the pension plan liabilities in the most recent actuarial valuation. The calculation must include any service already maintained under the pension plan in addition to the period of withdrawal. The actuarial accrued liability attributable to any service already maintained under the pension plan shall be applied as a credit to the total cost resulting from the calculation. The division must ensure that the transfer sum is prepared using a formula and methodology certified by an actuary.

(II) The employee must transfer a sum representing the net cost owed for the actuarial accrued liability in sub-sub-subparagraph (I) immediately following the time of such movement, determined assuming that attained service equals the sum of service in the pension plan and the period of withdrawal.

(h)1. Except as provided in subparagraph 3., effective January 1, 1994, participation in the Senior Management Service Class shall be compulsory for the State Courts Administrator and the Deputy State Courts Administrators, the Clerk of the Supreme Court, the Marshal of the Supreme Court, the Executive Director of the Justice Administrative Commission, the capital collateral regional counsel, the clerks of the district courts of appeals, the marshals of the district courts of appeals, and the trial

court administrator and the Chief Deputy Court Administrator in each judicial circuit. Effective January 1, 1994, additional positions in the offices of the state attorney and public defender in each judicial circuit may be designated for inclusion in the Senior Management Service Class of the Florida Retirement System, provided that:

a. Positions to be included in the class shall be designated by the state attorney or public defender, as appropriate. Notice of intent to designate positions for inclusion in the class shall be published for at least 2 consecutive weeks by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper of general circulation published in the county or counties affected~~,~~ as provided in chapter 50.

b. One nonelective full-time position may be designated for each state attorney and public defender reporting to the Department of Management Services; for agencies with 200 or more regularly established positions under the state attorney or public defender, additional nonelective full-time positions may be designated, not to exceed 0.5 percent of the regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who serves at the pleasure of the state attorney or public defender without civil service protection, and who:

(I) Heads an organizational unit; or

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of

responsibility.

2. Participation in this class shall be compulsory, except as provided in subparagraph 3., for any judicial employee who holds a position designated for coverage in the Senior Management Service Class, and such participation shall continue until the employee terminates employment in a covered position. Effective January 1, 2001, participation in this class is compulsory for assistant state attorneys, assistant statewide prosecutors, assistant public defenders, and assistant capital collateral regional counsel. Effective January 1, 2002, participation in this class is compulsory for assistant attorneys general.

3. In lieu of participation in the Senior Management Service Class, such members, excluding assistant state attorneys, assistant public defenders, assistant statewide prosecutors, assistant attorneys general, and assistant capital collateral regional counsel, may participate in the Senior Management Service Optional Annuity Program as established in subsection (6).

Section 11. Paragraph (a) of subsection (2) and paragraph (b) of subsection (4) of section 125.66, Florida Statutes, are amended to read:

125.66 Ordinances; enactment procedure; emergency ordinances; rezoning or change of land use ordinances or resolutions.—

(2)(a) The regular enactment procedure shall be as follows: The board of county commissioners at any regular or special meeting may enact or amend any ordinance, except as provided in subsection (4), if notice of intent to consider such ordinance

is given at least 10 days before such ~~prior to said~~ meeting by publication as provided in chapter 50 ~~in a newspaper of general circulation in the county~~. A copy of such notice shall be kept available for public inspection during the regular business hours of the office of the clerk of the board of county commissioners. The notice of proposed enactment shall state the date, time, and place of the meeting; the title or titles of proposed ordinances; and the place or places within the county where such proposed ordinances may be inspected by the public. The notice shall also advise that interested parties may appear at the meeting and be heard with respect to the proposed ordinance.

(4) Ordinances or resolutions, initiated by other than the county, that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to subsection (2). Ordinances or resolutions that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances or resolutions initiated by the county that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

(b) In cases in which the proposed ordinance or resolution changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the board of county commissioners shall provide for public notice and hearings as follows:

1. The board of county commissioners shall hold two advertised public hearings on the proposed ordinance or

resolution. At least one hearing shall be held after 5 p.m. on a weekday, unless the board of county commissioners, by a majority plus one vote, elects to conduct that hearing at another time of day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

2. If published in the print edition of a newspaper, the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community pursuant to chapter 50~~, not one of limited subject matter~~. It is the legislative intent that, whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the community is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following by ordinance or resolution:...(title of ordinance or resolution)....

A public hearing on the ordinance or resolution will be

held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted, conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area within the local government covered by the proposed ordinance or resolution. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

3. In lieu of publishing the advertisements set out in this paragraph, the board of county commissioners may mail a notice to each person owning real property within the area covered by the ordinance or resolution. Such notice shall clearly explain the proposed ordinance or resolution and shall notify the person of the time, place, and location of both public hearings on the proposed ordinance or resolution.

Section 12. Paragraph (a) of subsection (2) of section 162.12, Florida Statutes, is amended to read:

162.12 Notices.—

(2) In addition to providing notice as set forth in subsection (1), at the option of the code enforcement board or the local government, notice may be served by publication or posting, as follows:

(a)1. Such notice shall be published by print, or on a newspaper's website and the statewide legal notice website as provided in s. 50.0211(5) for 4 consecutive weeks. If published in print, the notice shall be published once during each week

576-04297-21

for 4 consecutive weeks (four publications being sufficient) in a newspaper of general circulation in the county where the code enforcement board is located. The newspaper shall meet such requirements as are prescribed under chapter 50 for legal and official advertisements.

2. Proof of publication shall be made as provided in ss. 50.041 and 50.051.

Section 13. Paragraph (c) of subsection (3) of section 166.041, Florida Statutes, is amended to read:

166.041 Procedures for adoption of ordinances and resolutions.—

(3)

(c) Ordinances initiated by other than the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to paragraph (a). Ordinances that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances initiated by the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

1. In cases in which the proposed ordinance changes the actual zoning map designation for a parcel or parcels of land involving less than 10 contiguous acres, the governing body shall direct the clerk of the governing body to notify by mail each real property owner whose land the municipality will redesignate by enactment of the ordinance and whose address is known by reference to the latest ad valorem tax records. The notice shall state the substance of the proposed ordinance as it affects that property owner and shall set a time and place for

576-04297-21

one or more public hearings on such ordinance. Such notice shall be given at least 30 days prior to the date set for the public hearing, and a copy of the notice shall be kept available for public inspection during the regular business hours of the office of the clerk of the governing body. The governing body shall hold a public hearing on the proposed ordinance and may, upon the conclusion of the hearing, immediately adopt the ordinance.

2. In cases in which the proposed ordinance changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the governing body shall provide for public notice and hearings as follows:

a. The local governing body shall hold two advertised public hearings on the proposed ordinance. At least one hearing shall be held after 5 p.m. on a weekday, unless the local governing body, by a majority plus one vote, elects to conduct that hearing at another time of day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

b. <u>If published in the print edition of a newspaper,</u> the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified

advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the municipality and of general interest and readership in the municipality~~, not one of limited subject matter,~~ pursuant to chapter 50. It is the legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the municipality is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following ordinance:...(title of the ordinance)....

A public hearing on the ordinance will be held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted, conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area covered by the proposed ordinance. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must also be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

c. In lieu of publishing the advertisement set out in this paragraph, the municipality may mail a notice to each person owning real property within the area covered by the ordinance.

Such notice shall clearly explain the proposed ordinance and shall notify the person of the time, place, and location of any public hearing on the proposed ordinance.

Section 14. Subsection (1) of section 189.015, Florida Statutes, is amended to read:

189.015 Meetings; notice; required reports.—

(1) The governing body of each special district shall file quarterly, semiannually, or annually a schedule of its regular meetings with the local governing authority or authorities. The schedule shall include the date, time, and location of each scheduled meeting. The schedule shall be published quarterly, semiannually, or annually ~~in a newspaper of general paid circulation~~ in the manner required in this subsection. The governing body of an independent special district shall advertise the day, time, place, and purpose of any meeting other than a regular meeting or any recessed and reconvened meeting of the governing body, at least 7 days before such meeting as provided in chapter 50~~, in a newspaper of general paid circulation~~ in the county or counties in which the special district is located, unless a bona fide emergency situation exists, in which case a meeting to deal with the emergency may be held as necessary, with reasonable notice, so long as it is subsequently ratified by the governing body. No approval of the annual budget shall be granted at an emergency meeting. The notice shall be posted as provided in ~~advertisement shall be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall appear in a newspaper that is published at least 5 days a week, unless the only newspaper in the county is published fewer than 5 days~~

~~a week. The newspaper selected must be one of general interest and readership in the community and not one of limited subject matter, pursuant to~~ chapter 50. Any other provision of law to the contrary notwithstanding, and except in the case of emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 by Internet publication or by publication in a newspaper ~~of general paid circulation~~ in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed, no less than 7 days before such meeting.

Section 15. Paragraph (d) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 2,500 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(d) A local public hearing on the petition shall be conducted by a hearing officer in conformance with the applicable requirements and procedures of the Administrative Procedure Act. The hearing shall include oral and written comments on the petition pertinent to the factors specified in paragraph (e). The hearing shall be held at an accessible location in the county in which the community development

district is to be located. The petitioner shall cause a notice of the hearing to be published for 4 successive weeks on a newspaper's website and the statewide legal notice website provided in s. 50.0211(5) or, if published in print, in a newspaper at least once a week for the 4 successive weeks immediately prior to the hearing as provided in chapter 50. Such notice shall give the time and place for the hearing, a description of the area to be included in the district, which description shall include a map showing clearly the area to be covered by the district, and any other relevant information which the establishing governing bodies may require. If published in the print edition of a newspaper, the advertisement may ~~shall~~ not be placed in the ~~that~~ portion of the newspaper where legal notices and classified advertisements appear. The advertisement must ~~shall~~ be published in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community~~, not one of limited subject matter,~~ pursuant to chapter 50. Whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~, unless the only newspaper in the community is published less than weekly ~~fewer than 5 days a week~~. If the notice is ~~In addition to being~~ published in the print edition of the newspaper, the map ~~referenced above~~ must also be included in any ~~part of the~~ online advertisement ~~required~~ pursuant to s. 50.0211. All affected units of general-purpose local government and the general public shall be given an opportunity to appear at the hearing and present oral or written comments on the petition.

Section 16. Paragraph (h) of subsection (1) of section

190.046, Florida Statutes, is amended to read:

190.046 Termination, contraction, or expansion of district.—

(1) A landowner or the board may petition to contract or expand the boundaries of a community development district in the following manner:

(h) For a petition to establish a new community development district of less than 2,500 acres on land located solely in one county or one municipality, sufficiently contiguous lands located within the county or municipality which the petitioner anticipates adding to the boundaries of the district within 10 years after the effective date of the ordinance establishing the district may also be identified. If such sufficiently contiguous land is identified, the petition must include a legal description of each additional parcel within the sufficiently contiguous land, the current owner of the parcel, the acreage of the parcel, and the current land use designation of the parcel. At least 14 days before the hearing required under s. 190.005(2)(b), the petitioner must give the current owner of each such parcel notice of filing the petition to establish the district, the date and time of the public hearing on the petition, and the name and address of the petitioner. A parcel may not be included in the district without the written consent of the owner of the parcel.

1. After establishment of the district, a person may petition the county or municipality to amend the boundaries of the district to include a previously identified parcel that was a proposed addition to the district before its establishment. A filing fee may not be charged for this petition. Each such

petition must include:

a. A legal description by metes and bounds of the parcel to be added;

b. A new legal description by metes and bounds of the district;

c. Written consent of all owners of the parcel to be added;

d. A map of the district including the parcel to be added;

e. A description of the development proposed on the additional parcel; and

f. A copy of the original petition identifying the parcel to be added.

2. Before filing with the county or municipality, the person must provide the petition to the district and to the owner of the proposed additional parcel, if the owner is not the petitioner.

3. Once the petition is determined sufficient and complete, the county or municipality must process the addition of the parcel to the district as an amendment to the ordinance that establishes the district. The county or municipality may process all petitions to amend the ordinance for parcels identified in the original petition, even if, by adding such parcels, the district exceeds 2,500 acres.

4. The petitioner shall cause to be published in a newspaper of general circulation in the proposed district a notice of the intent to amend the ordinance that establishes the district. The notice must be in addition to any notice required for adoption of the ordinance amendment. Such notice must be published as provided in chapter 50 at least 10 days before the scheduled hearing on the ordinance amendment ~~and may be~~

~~published in the section of the newspaper reserved for legal notices~~. The notice must include a general description of the land to be added to the district and the date and time of the scheduled hearing to amend the ordinance. The petitioner shall deliver, including by mail or hand delivery, the notice of the hearing on the ordinance amendment to the owner of the parcel and to the district at least 14 days before the scheduled hearing.

5. The amendment of a district by the addition of a parcel pursuant to this paragraph does not alter the transition from landowner voting to qualified elector voting pursuant to s. 190.006, even if the total size of the district after the addition of the parcel exceeds 5,000 acres. Upon adoption of the ordinance expanding the district, the petitioner must cause to be recorded a notice of boundary amendment which reflects the new boundaries of the district.

6. This paragraph is intended to facilitate the orderly addition of lands to a district under certain circumstances and does not preclude the addition of lands to any district using the procedures in the other provisions of this section.

Section 17. Subsection (1) of section 194.037, Florida Statutes, is amended to read:

194.037 Disclosure of tax impact.—

(1) After hearing all petitions, complaints, appeals, and disputes, the clerk shall make public notice of the findings and results of the board as provided in chapter 50. If published in the print edition of a newspaper, the notice must be in at least a quarter-page size advertisement of a standard size or tabloid size newspaper, and the headline shall be in a type no smaller

than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county. The newspaper selected shall be one of general interest and readership in the community~~, and not one of limited subject matter,~~ pursuant to chapter 50. For all advertisements published pursuant to this section, the headline shall read: TAX IMPACT OF VALUE ADJUSTMENT BOARD. The public notice shall list the members of the value adjustment board and the taxing authorities to which they are elected. The form shall show, in columnar form, for each of the property classes listed under subsection (2), the following information, with appropriate column totals:

(a) In the first column, the number of parcels for which the board granted exemptions that had been denied or that had not been acted upon by the property appraiser.

(b) In the second column, the number of parcels for which petitions were filed concerning a property tax exemption.

(c) In the third column, the number of parcels for which the board considered the petition and reduced the assessment from that made by the property appraiser on the initial assessment roll.

(d) In the fourth column, the number of parcels for which petitions were filed but not considered by the board because such petitions were withdrawn or settled prior to the board's consideration.

(e) In the fifth column, the number of parcels for which petitions were filed requesting a change in assessed value, including requested changes in assessment classification.

(f) In the sixth column, the net change in taxable value from the assessor's initial roll which results from board decisions.

(g) In the seventh column, the net shift in taxes to parcels not granted relief by the board. The shift shall be computed as the amount shown in column 6 multiplied by the applicable millage rates adopted by the taxing authorities in hearings held pursuant to s. 200.065(2)(d) or adopted by vote of the electors pursuant to s. 9(b) or s. 12, Art. VII of the State Constitution, but without adjustment as authorized pursuant to s. 200.065(6). If for any taxing authority the hearing has not been completed at the time the notice required herein is prepared, the millage rate used shall be that adopted in the hearing held pursuant to s. 200.065(2)(c).

Section 18. Subsection (1) of section 197.402, Florida Statutes, is amended to read:

197.402 Advertisement of real or personal property with delinquent taxes.—

(1) If advertisements are required, the board of county commissioners shall make such notice ~~select the newspaper~~ as provided in chapter 50. The tax collector shall pay all ~~newspaper~~ charges, and the proportionate cost of the advertisements shall be added to the delinquent taxes collected.

Section 19. Subsection (3) of section 200.065, Florida Statutes, is amended to read:

200.065 Method of fixing millage.—

(3) The advertisement shall be published as provided in chapter 50. If the advertisement is published in the print edition of a newspaper, the advertisement must be no less than

one-quarter page in size of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county or in a geographically limited insert of such newspaper. The geographic boundaries in which such insert is circulated shall include the geographic boundaries of the taxing authority. It is the legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the county is published less than weekly ~~5 days a week~~, or that the advertisement appear in a geographically limited insert of such newspaper which insert is published throughout the taxing authority's jurisdiction at least twice each week. It is further the legislative intent that the newspaper selected be one of general interest and readership in the community ~~and not one of limited subject matter,~~ pursuant to chapter 50.

(a) For taxing authorities other than school districts which have tentatively adopted a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

The ...(name of the taxing authority)... has tentatively adopted a measure to increase its property tax levy.
Last year's property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year's proposed tax levy.....$XX,XXX,XXX

All concerned citizens are invited to attend a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A FINAL DECISION on the proposed tax increase and the budget will be made at this hearing.

(b) In all instances in which the provisions of paragraph (a) are inapplicable for taxing authorities other than school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of taxing authority)... has tentatively adopted a budget for ...(fiscal year).... A public hearing to make a FINAL DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(c) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1) and which propose to levy nonvoted millage in excess of the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

The ...(name of school district)... will soon consider a

measure to increase its property tax levy.

Last year's property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year's proposed tax levy.....$XX,XXX,XXX

A portion of the tax levy is required under state law in order for the school board to receive $...(amount A)... in state education grants. The required portion has ...(increased or decreased)... by ...(amount B)... percent and represents approximately ...(amount C)... of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A DECISION on the proposed tax increase and the budget will be made at this hearing.

1. AMOUNT A shall be an estimate, provided by the Department of Education, of the amount to be received in the current fiscal year by the district from state appropriations for the Florida Education Finance Program.

2. AMOUNT B shall be the percent increase over the rolled-back rate necessary to levy only the required local effort in the current fiscal year, computed as though in the preceding fiscal year only the required local effort was levied.

3. AMOUNT C shall be the quotient of required local-effort millage divided by the total proposed nonvoted millage, rounded

to the nearest tenth and stated in words; however, the stated amount shall not exceed nine-tenths.

(d) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1) and which propose to levy as nonvoted millage only the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be the same as provided in paragraph (c), except that the second and third paragraphs shall be replaced with the following paragraph:

This increase is required under state law in order for the school board to receive $...(amount A)... in state education grants.

(e) In all instances in which the provisions of paragraphs (c) and (d) are inapplicable for school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of school district)... will soon consider a budget for ...(fiscal year).... A public hearing to make a DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(f) In lieu of publishing the notice set out in this subsection, the taxing authority may mail a copy of the notice to each elector residing within the jurisdiction of the taxing authority.

(g) In the event that the mailing of the notice of proposed property taxes is delayed beyond September 3 in a county, any multicounty taxing authority which levies ad valorem taxes within that county shall advertise its intention to adopt a tentative budget and millage rate in a newspaper ~~of paid general circulation~~n within that county which meets the requirements of chapter 50, as provided in this subsection, and shall hold the hearing required pursuant to paragraph (2)(c) not less than 2 days or more than 5 days thereafter, and not later than September 18. The advertisement shall be in the following form, unless the proposed millage rate is less than or equal to the rolled-back rate, computed pursuant to subsection (1), in which case the advertisement shall be as provided in paragraph (e):

NOTICE OF TAX INCREASE

The ...(name of the taxing authority)... proposes to increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent.

All concerned citizens are invited to attend a public hearing on the proposed tax increase to be held on ...(date and time)... at ...(meeting place)....

(h) In no event shall any taxing authority add to or delete from the language of the advertisements as specified herein unless expressly authorized by law, except that, if an increase in ad valorem tax rates will affect only a portion of the jurisdiction of a taxing authority, advertisements may include a map or geographical description of the area to be affected and the proposed use of the tax revenues under consideration. In

addition, if published in the print edition of the newspaper or only published on the Internet in accordance with s. 50.0211(5), the map must be included in ~~part of~~ the online advertisement required by s. 50.0211. The advertisements required herein shall not be accompanied, preceded, or followed by other advertising or notices which conflict with or modify the substantive content prescribed herein.

(i) The advertisements required pursuant to paragraphs (b) and (e) need not be one-quarter page in size or have a headline in type no smaller than 18 point.

(j) The amounts to be published as percentages of increase over the rolled-back rate pursuant to this subsection shall be based on aggregate millage rates and shall exclude voted millage levies unless expressly provided otherwise in this subsection.

(k) Any taxing authority which will levy an ad valorem tax for an upcoming budget year but does not levy an ad valorem tax currently shall, in the advertisement specified in paragraph (a), paragraph (c), paragraph (d), or paragraph (g), replace the phrase "increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent" with the phrase "impose a new property tax levy of $...(amount)... per $1,000 value."

(l) Any advertisement required pursuant to this section shall be accompanied by an adjacent notice meeting the budget summary requirements of s. 129.03(3)(b). Except for those taxing authorities proposing to levy ad valorem taxes for the first time, the following statement shall appear in the budget summary in boldfaced type immediately following the heading, if the applicable percentage is greater than zero:

THE PROPOSED OPERATING BUDGET EXPENDITURES OF ...(name of taxing authority)... ARE ...(percent rounded to one decimal place)... MORE THAN LAST YEAR'S TOTAL OPERATING EXPENDITURES.

For purposes of this paragraph, "proposed operating budget expenditures" or "operating expenditures" means all moneys of the local government, including dependent special districts, that:

1. Were or could be expended during the applicable fiscal year, or

2. Were or could be retained as a balance for future spending in the fiscal year.

Provided, however, those moneys held in or used in trust, agency, or internal service funds, and expenditures of bond proceeds for capital outlay or for advanced refunded debt principal, shall be excluded.

Section 20. Paragraph (c) of subsection (1) of section 338.223, Florida Statutes, is amended to read:

338.223 Proposed turnpike projects.—

(1)

(c) Prior to requesting legislative approval of a proposed turnpike project, the environmental feasibility of the proposed project shall be reviewed by the Department of Environmental Protection. The department shall submit its Project Development and Environmental Report to the Department of Environmental Protection, along with a draft copy of a public notice. Within 14 days of receipt of the draft public notice, the Department of

Environmental Protection shall return the draft public notice to the Department of Transportation with an approval of the language or modifications to the language. Upon receipt of the approved or modified draft, or if no comments are provided within 14 days, the Department of Transportation shall publish the notice as provided in chapter 50 ~~in a newspaper~~ to provide a 30-day public comment period. If published in the print edition of a newspaper, the headline of the required notice shall be in a type no smaller than 18 point, ~~. The notice~~ shall be placed in that portion of the newspaper where legal notices appear, and ~~. The notice~~ shall be published in a newspaper of general circulation in the county or counties of general interest and readership in the community as provided in s. 50.031~~, not one of limited subject matter~~. Whenever possible, the notice shall appear in a newspaper that is published at least weekly ~~5 days a week~~. All notices published pursuant to this section ~~The notice~~ shall include, at a minimum ~~but is not limited to~~, the following information:

1. The purpose of the notice is to provide for a 30-day period for written public comments on the environmental impacts of a proposed turnpike project.

2. The name and description of the project, along with a geographic location map clearly indicating the area where the proposed project will be located.

3. The address where such comments must be sent and the date such comments are due.

After a review of the department's report and any public comments, the Department of Environmental Protection shall

submit a statement of environmental feasibility to the department within 30 days after the date on which public comments are due. The notice and the statement of environmental feasibility shall not give rise to any rights to a hearing or other rights or remedies provided pursuant to chapter 120 or chapter 403, and shall not bind the Department of Environmental Protection in any subsequent environmental permit review.

Section 21. Subsection (3) of section 348.0308, Florida Statutes, is amended to read:

348.0308 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The agency may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by Internet publication or by print in a newspaper of general circulation in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the agency shall rank the proposals in order of preference. In ranking the proposals, the agency shall consider professional

qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the agency is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the agency may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the agency may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The agency may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 22. Subsection (3) of section 348.635, Florida Statutes, is amended to read:

348.635 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in ~~and~~ a newspaper of general circulation in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the

proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 23. Subsection (3) of section 348.7605, Florida Statutes, is amended to read:

348.7605 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The authority may request proposals for public-private

transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in a newspaper of general circulation in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 24. Section 373.0397, Florida Statutes, is amended to read:

373.0397 Floridan and Biscayne aquifers; designation of prime groundwater recharge areas.—Upon preparation of an

inventory of prime groundwater recharge areas for the Floridan or Biscayne aquifers, but prior to adoption by the governing board, the water management district shall publish a legal notice of public hearing on the designated areas for the Floridan and Biscayne aquifers, with a map delineating the boundaries of the areas, as provided ~~in newspapers defined~~ in chapter 50 ~~as having general circulation within the area to be affected~~. The notice shall be at least one-fourth page and shall read as follows:

NOTICE OF PRIME RECHARGE
AREA DESIGNATION

The ...(name of taxing authority)... proposes to designate specific land areas as areas of prime recharge to the ...(name of aquifer)... Aquifer.

All concerned citizens are invited to attend a public hearing on the proposed designation to be held on ...(date and time)... at ...(meeting place)....

A map of the affected areas follows.

The governing board of the water management district shall adopt a designation of prime groundwater recharge areas to the Floridan and Biscayne aquifers by rule within 120 days after the public hearing, subject to the provisions of chapter 120.

Section 25. Section 373.146, Florida Statutes, is amended to read:

373.146 Publication of notices, process, and papers.—

(1) Whenever in this chapter the publication of any notice,

process, or paper is required or provided for, unless otherwise provided by law, the publication thereof ~~in some newspaper or newspapers~~ as provided ~~defined~~ in chapter 50 is ~~having general circulation within the area to be affected shall be taken and~~ considered as being sufficient.

(2) Notwithstanding any other provision of law to the contrary, and except in the case of emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 ~~in a newspaper of general paid circulation in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed~~, no less than 7 days before such meeting.

Section 26. Subsection (12) of section 403.722, Florida Statutes, is amended to read:

403.722 Permits; hazardous waste disposal, storage, and treatment facilities.—

(12) On the same day of filing with the department of an application for a permit for the construction modification, or operation of a hazardous waste facility, the applicant shall notify each city and county within 1 mile of the facility of the filing of the application and shall publish notice of the filing of the application. The applicant shall publish a second notice of the filing within 14 days after the date of filing. Each notice shall be published as provided in chapter 50 ~~in a newspaper of general circulation~~ in the county in which the facility is located or is proposed to be located.

~~Notwithstanding the provisions of chapter 50, for purposes of this section, a "newspaper of general circulation" shall be the newspaper within the county in which the installation or facility is proposed which has the largest daily circulation in that county and has its principal office in that county. If the newspaper with the largest daily circulation has its principal office outside the county, the notice shall appear in both the newspaper with the largest daily circulation in that county, and a newspaper authorized to publish legal notices in that county.~~ The notice shall contain:

(a) The name of the applicant and a brief description of the project and its location.

(b) The location of the application file and when it is available for public inspection.

The notice shall be prepared by the applicant and shall comply with the following format:

Notice of Application

The Department of Environmental Protection announces receipt of an application for a permit from ...(name of applicant)... to ...(brief description of project).... This proposed project will be located at ...(location)... in ...(county)... ...(city)....

This application is being processed and is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at ...(name and address of office)....

Section 27. Paragraph (b) of subsection (3) of section

712.06, Florida Statutes, is amended to read:

712.06 Contents of notice; recording and indexing.—

(3) The person providing the notice referred to in s. 712.05, other than a notice for preservation of a community covenant or restriction, shall:

(b) Publish the notice referred to in s. 712.05 by Internet publication as provided in s. 50.0211(5) or printed once a week, for 2 consecutive weeks, in a newspaper as defined in chapter 50, ~~the notice referred to in s. 712.05,~~ with the official record book and page number in which such notice was recorded~~,~~ ~~in a newspaper as defined in chapter 50~~ in the county in which the property is located.

Section 28. Subsection (5) of section 849.38, Florida Statutes, is amended to read:

849.38 Proceedings for forfeiture; notice of seizure and order to show cause.—

(5) If the value of the property seized is shown by the sheriff's return to have an appraised value of $1,000 or less, the above citation shall be served by posting at three public places in the county, one of which shall be the front door of the courthouse; if the value of the property is shown by the sheriff's return to have an approximate value of more than $1,000, the citation shall be published by print or posted for at least 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5). If published in print, the citation shall appear at least once each week for 2 consecutive weeks in a ~~some~~ newspaper of general publication published in the county, if there is ~~be~~ such a newspaper published in the county. ~~and~~ If there is no newspaper

of general circulation ~~not~~, the ~~then said~~ notice of such publication shall be made by certificate of the clerk if publication is made by posting, and by affidavit as provided in chapter 50, if made by publication as provided in chapter 50 ~~in a newspaper~~, which affidavit or certificate shall be filed and become a part of the record in the cause. Failure of the record to show proof of such publication shall not affect any judgment made in the cause unless it shall affirmatively appear that no such publication was made.

Section 29. Paragraph (a) of subsection (3) of section 865.09, Florida Statutes, is amended to read:

865.09 Fictitious name registration.—

(3) REGISTRATION.—

(a) A person may not engage in business under a fictitious name unless the person first registers the name with the division by filing a registration listing:

1. The name to be registered.

2. The mailing address of the business.

3. The name and address of each registrant.

4. If the registrant is a business entity that was required to file incorporation or similar documents with its state of organization when it was organized, such entity must be registered with the division and in active status with the division; provide its Florida document registration number; and provide its federal employer identification number if the entity has such a number.

5. Certification by at least one registrant that the intention to register such fictitious name has been advertised as provided ~~at least once in a newspaper as defined~~ in chapter

50 in the county in which the principal place of business of the registrant is or will be located.

6. Any other information the division may reasonably deem necessary to adequately inform other governmental agencies and the public as to the registrant so conducting business.

Section 30. Paragraph (a) of subsection (6) of section 932.704, Florida Statutes, is amended to read:

932.704 Forfeiture proceedings.—

(6)(a) If the property is required by law to be titled or registered, or if the owner of the property is known in fact to the seizing agency, or if the seized property is subject to a perfected security interest in accordance with the Uniform Commercial Code, chapter 679, the attorney for the seizing agency shall serve the forfeiture complaint as an original service of process under the Florida Rules of Civil Procedure and other applicable law to each person having an ownership or security interest in the property. The seizing agency shall also publish, in accordance with chapter 50, notice of the forfeiture complaint for 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5) or, if published in print, once each week for 2 consecutive weeks in a newspaper of general circulation~~, as defined in s. 165.031,~~ in the county where the seizure occurred.

Section 31. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 402
INTRODUCER:	Appropriations Committee; Judiciary Committee; and Senator Rodrigues
SUBJECT:	Legal Notices
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

2.	Forbes	Harkness	ACJ	**Recommend: Fav/CS**
3.	Ravelo	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 402 gives a governmental agency the option to publish government agency notices on newspaper website instead of only in a print-based newspaper. An agency wishing to exercise this option may only do so upon the agency finding, pursuant to a publicly noticed hearing, that such an Internet-based publication is in the public interest and that residents have sufficient access to the Internet in order to review any legal notices published in this format. Any legal notice published in print or through a website must also be published on the statewide legal notice website: www.FloridaPublicNotices.com.

Additionally, the bill expands the types of publications that qualify for the posting of legal notices. Currently, a newspaper must, among other requirements, be "for sale to the general public" and be qualified to be admitted and entered as a periodical matter the local post office. By removing these two requirements, the bill will allow for legal notices to be published in some smaller publications that are free to the public.

The bill amends several sections of the Florida Statutes to conform the authority of a government agency to post legal advertisements and notices on the Internet.

The bill is effective January 1, 2022.

II. Present Situation:

The Florida Constitution requires that certain meetings between public officials be "open and noticed to the public."[1] Generally, this requirement applies to meetings where official acts will be taken, or where public business will be transacted or discussed.

Similarly, procedural due process requires that a citizen receive proper notice of any government action that may affect his or her life, liberty, or property. The purpose of this notice is "to apprise interested parties of the pendency of the action and afford them an opportunity to present their objections" [2] and "must be of such nature as reasonably to convey the required information."[3]

Historically, notice can be established by service of process by personally and directly delivering the notice to the interested party.[4] Issues may arise, for example, when an interested party is difficult to locate or when someone is purposefully avoiding service.[5] Likewise, some government actions such as public meetings affect so many interested individuals that it becomes implausible to individually notice each interested individual. To balance these interests, the Legislature has provided options to satisfy notice requirements for both litigation purposes as well as notices of public meetings and actions.

Statutory Notice Requirements

Florida law requires that all legal notices and publications, including those made in lieu of service of process, be made in a newspaper that:

- Is printed and published at least once a week;
- Contains at least 25 percent of its words in the English language;
- Is considered a periodical by the post office in the county where it is published;
- Is for sale to the public generally;
- Customarily contains information of public interest to the residents or property owners in the county where it is published or is of interest or of value to the general public;[6] and
- Has been in existence for at least 1 year at the time the notice is published.[7]

If no newspaper is published in the county, three copies of the notice or advertisement must be posted in the county, with one being posted at the front door of the courthouse, two others posted

[1] Art. I, s. 24(b), Fla. Const.
[2] *Mullane v. Central Hanover Bank & Trust Co.,* 339 U.S. 306, 314 (1950).
[3] *Id.*
[4] "Personal service guarantees actual notice of the pendency of a legal action; it thus presents the ideal circumstance under which to commence legal proceedings against a person, and has traditionally been deemed necessary in actions styled." *Greene v. Lindsey*, 456 U.S. 444, 449 (1982).
[5] "Where person to be served with process flees from presence of process server in a deliberate attempt to avoid service of process, the delivery requirement may be satisfied if the process server leaves the papers at a place in which such person can easily retrieve them and takes reasonable steps to call such delivery to the attention of the person to be served." *Olin Corp. v. Haney*, 245 So. 2d 669 (Fla. 4th DCA 1971). This only applies, however, to a service of process made at the individual's "usual place of abode." Section 48.031, F.S.

[7] Section 50.031, F.S.

at other locations in the county, and by publication of the notice in the nearest county where a newspaper is published.[8]

A newspaper publishing any notice is also tasked with placing the notice on a statewide website established and maintained by the Florida Press Association.[9] This website must be accessible and searchable by party name and case number, and each notice must be posted for at least 90 days.[10] This provision of Florida law is similar to statewide legal notice websites established in Alabama,[11] Colorado,[12] Illinois,[13] Louisiana,[14] Maine,[15] Massachusetts,[16] North Dakota,[17] Ohio,[18] Tennessee,[19] Utah,[20] Virginia,[21] and Wisconsin.[22] The above states require that any notice published in a newspaper as set forth by law also be published in a statewide website maintained and operated by a private entity on behalf of the newspapers of that state, such as a union or trade group.

Newspaper Website

Florida law further provides that if the newspaper publishing the notice maintains a website, the legal notice must be published on the website the same day that it appears in the newspaper at no additional charge.[23] The newspaper's website must contain a search function to facilitate searching for legal notices.[24] Registration cannot be a requirement, nor can a fee be charged, for searching or viewing legal notices on a newspaper's website if the legal notices are published in a newspaper.[25]

Fees

The fees for a legal notice published in a newspaper are set by statute and may not be rebated, commissioned, or refunded. The charge for publishing a legal notice is set by statute at 70 cents per square inch for the first insertion and 40 cents per square inch for each subsequent insertion. Notices required to be published more than once and paid for by the government entity may not be charged greater than 85 percent of the original rate for second and successive insertions. If the regular established minimum commercial rate per square inch is greater than the rate stipulated in statute, the publisher may charge the minimum commercial rate for each insertion, except that

notices required to be published more than once and paid for by the government entity may not be charged greater than 85 percent of the original rate for second and successive insertions. All notices and legal advertisements are charged on the basis of 6-point type on 6-point body, unless otherwise specified by statute.[26]

Actual fees vary depending on the type of notice requested, the size of the notice, any subsequent insertions or publications, as well as which newspaper publicizes the notice. The Tampa Bay Times, for example, charges $200 for a "full run" of a notice of a foreclosure action.[27] If the notice needs to be up for more than 2 days, the charge increases to $400. Additionally, the per-line cost above the included 165 line limit is $6.45.

Proof of Publication

If an affidavit of proof of publication is required for a legal notice, the affidavit must comply with certain standards. Specifically, the affidavit must:

- Be printed upon white paper;
- Be 8.5 inches in width and at least 5.5 inches in length; and
- Contain a margin of at least 2.5 inches at the right side of the affidavit form with a clipping of a true copy of the public notice or legal advertisement that was executed.[28]

The affidavit may be provided electronically so long is it complies with the electronic notarization requirements.[29]

If the proof of publication is in a county having a population in excess of 450,000 according to the latest decennial census, the publication may charge a maximum fee of $2 for the preparation and execution of each of proof of publication.[30]

III. Effect of Proposed Changes:

Newspapers Authorized to Publish Legal Notices

The bill provides an option for governmental agencies required by law to publish certain legal notices to publish those notices on a newspaper's website in lieu of a paper-based publication. A governmental agency may publish certain legal notices in an Internet-only publication with a newspaper of general circulation within the jurisdiction of the affected governmental agency. The bill requires governmental agencies to provide notice to the general public before using an Internet-only publication. Specifically, the governmental agency must give notice of its intent in a print edition of a newspaper and conduct a public hearing. The public hearing is meant to determine that an Internet-only publication is in the public interest and that the residents within

[26] Section 50.061, F.S.
[27] For the Tampa Bay Times, a "full run" includes all of Pinellas, Pasco, Hernando, Citrus, and Hillsborough counties. Opting for an individual run of a specific county costs $135 for Pasco County and $155 for Hillsborough or Pinellas Counties. TAMPA BAY TIMES, *Certified Legal Rates,* https://www.tampabay.com/resources/images/marketing/mediakit/pdf/Legal-Rate-Card.pdf (last visited January 21, 2021)
[28] Section 50.041(2), F.S.
[29] Section 117.021, F.S., contains additional requirements for documents notarized electronically.
[30] Section 50.041(3), F.S.

the jurisdiction of the governmental agency have sufficient access to the Internet. This determination must be made by a majority vote of the governing body.

To qualify as a newspaper of general circulation for the purpose of publishing legal notices in print or online only formats, the bill generally requires the newspaper to:

- Be printed and published at least once a week;
- Contain at least 25 percent of its words in the English language;
- Have an audience consisting of at least 10 percent of the households in the county, and if the notice is issued by a nongovernmental entity, the newspaper must have an audience of at least 10 percent of the households of the county or municipality in which the project, property or other subject of the notice is located;
- Be sold or otherwise available to the public at no less than 10 publicly accessible outlets;
- Be available to the public generally for the publication of official or other notices with no more than 75 percent of its content dedicated toward advertising; and
- Continually publish in a prominent manner the name, street address, phone number, website URL of the newspaper's approved print auditor, the newspaper's most recent statement of ownership, and a statement of the auditor certifying the veracity of the newspaper's print distribution and the number of the newspaper's website's monthly unique visitors, or the newspaper's periodicals permit, if applicable, within the first five pages of the print edition and the bottom portion of the homepage of the newspaper's website.

A newspaper that holds a periodicals permit as of March 1, 2021 and accepts legal notices for publication may continue to publish legal notices through December 31, 2023 so long as the newspaper meets the requirements under current law, which were enacted through section 21 of chapter 99-2, Laws of Florida. Beginning January 1, 2024, such newspapers must meet the criteria listed above. Additionally, a newspaper that holds a periodicals permit and that publishes legal notices in a fiscally constrained county is not subjected to items 3 and 4 of the above requirements. The bill defines a fiscally constrained county as a county within a rural area of opportunity designated by the Governor or a county for which the value of a mill will raise no more than $5 million in revenue based on the certified taxable value of the previous July 1.

Under current law, a newspaper must additionally be "for sale to the general public" and entered as a periodical matter at the local post office in the county where the newspaper is published. By removing these two requirements, the bill allows for legal notices to be published using non-subscription based publications and publications that may not be recognized as periodical matter by the local post office.

The bill requires the Florida Press Association to ensure that minority populations throughout the state have equitable access to legal notices that are posted on the statewide website. The Florida Press Association must publish a report listing all newspapers that have placed notices on the statewide legal notice website in the preceding calendar quarter. The reports for the four preceding calendar quarters must be available on the website.

Government Agency Legal Notices

The bill defines a governmental agency as a county, municipality, district school board, or other unit of a local government or political subdivision in this state. The bill provides that governmental agency notices that may be published in newspaper under the bill include:

- Notices related to special or legal legislation pursuant to s. 11.02, F.S.;
- Educational unit notices pursuant to s. 120.81, F.S.;
- Retirement system notices pursuant to s. 121.0511., F.S.;
- Notices related to inclusion of positions in the Senior Management Service Class of the Florida Retirement System pursuant to s. 121.055, F.S.;
- Notices proposing the enactment of county ordinances pursuant to s. 125.66, F.S.;
- Code enforcement notices published pursuant to s. 162.12, F.S.;
- Notices proposing the enactment of municipal ordinances pursuant to s. 166.041, F.S.;
- Special district meeting notices pursuant to s. 189.015, F.S.;
- Establishment and termination notices for community development districts pursuant to ss. 190.005 and 190.046, F.S., respectively;
- Disclosures of tax impact by value adjustment boards pursuant to s. 194.037, F.S.;
- Advertisements of real or personal property with delinquent taxes pursuant to s. 197.402, F.S.;
- Advertisements of hearing notices, millage rates, and budgets pursuant to s. 200.065, F.S.;
- Turnpike project notices pursuant to s. 338.223, F.S.;
- Public-private partnership notices pursuant to ss. 348.0308 and 348.7605, F.S.;
- Notices of prime recharge area designations for the Floridan and Biscayne aquifers pursuant to s. 373.0397, F.S.;
- Water management district notices pursuant to s. 373.146, F.S.;
- Hazardous waste disposal notices pursuant to s. 403.722, F.S.; and
- Forfeiture notices pursuant to ss. 849.38 and 932.704, F.S.

If a government agency exercises the option to publish legal notices on a newspaper website, the agency must provide an additional notice at least once per week in a print edition newspaper of general circulation. This notice must contain a statement that legal notices pertaining to the agency do not all appear in the print edition of the local newspaper and that a full listing may be accessed on the statewide legal notice website located at the website managed by the Florida Press Association.

Publication Requirements and Fees

The bill allows for a newspaper to charge for the publication of a legal notice on the newspaper's website without rebate, commission, or refund. However, the newspaper may not charge a higher rate for publication than the amount that would be authorized if the legal notice were publicized in print.[31] The bill prescribes penalties for accepting rebates, commissions, or refunds in connection to the amounts charged for publication that are published on the Internet.

[31] *See* "Fees" subsection under "Present Situation" of this analysis for further discussion of print-based fees.

Internet-only publications must be placed in the legal notices section of the newspaper's website and the statewide legal notice website. [32] The legal notices section of the print edition of a newspaper must include a disclaimer stating that additional legal notices may be accessed on the newspaper's website and the statewide legal notice website. The newspaper's website legal notice section must include a similar disclaimer related to the print edition.

Currently, a $2 charge may be levied for a proof of publication executed in a county with a population in excess of 450,000. The bill allows the maximum $2 charge to be levied for any proof of publication regardless of the population of the county.

Conforming language

The bill revises several sections of the Florida Statutes to conform to the option to publish certain notices in a newspaper website. Specifically, the bill revises the following sections of the Florida Statutes to provide an option to publish a notice in a newspaper website:

- Section 11.02, F.S., providing notice of special or local legislation or any relief act pursuant to s. 50.0211(5), F.S.
- Section 120.81, F.S., to provide that a notice relating to the rules regarding an educational unit, such as a district school board, may be issued by newspaper qualified under s. 50.0211(5).
- Section 121.055, F.S., to provide that a Notice of Intent to designate certain positions as "Senior Management Services Class" under the Florida Retirement System may be published through an Internet publication pursuant to s. 50.0211(5), F.S. The notice must be published for at least 2 consecutive weeks.
- Section 125.66, F.S., to provide that the board of county commissioners may issue a notice of intent to consider an ordinance by publication as specified in ch. 50, F.S., as amended by the bill.
- Section 162.12, F.S., to provide that a code enforcement board, or local government, may issue a notice by Internet publication by publishing the notice for 4 consecutive weeks on the newspaper's website and the statewide legal notice website as provided in s. 50.0211(5), F.S., as amended by the bill.
- Section 189.015, F.S., to provide that the governing body of each special district must advertise the day, time, place, and purpose of any meeting other than a regular meeting or any recessed and reconvened meeting of the governing body, at least 7 days before such meeting as provided in ch. 50, F.S., as revised by the bill.
- Section 190.005, F.S., to provide that a notice of a hearing for the establishment of a community development district having a size of 2,500 acres or more must published for 4 consecutive weeks on a newspaper's website and the statewide legal notice website if not published in print.
- Section 190.046, F.S., to provide that a notice of intent to amend an ordinance establishing a community development district must be published as provided in ch. 50, F.S., as revised by the bill.

[32] *See* www.FloridaPublicNotices.com

- Section 194.037, F.S., to provide that the findings of the Tax Impact of Value Adjustment Board be published as provided in ch. 50, F.S., as revised by the bill.
- Section 197.402, F.S., provides that advertisements of real or personal property with delinquent taxes are to be advertised as provided in ch. 50, F.S., as revised by the bill.
- Section 200.065, F.S., to provide that the assessment conducted by the property appraiser must be published as provided in ch. 50, F.S. Additionally, the bill revises this section to allow notices for certain millage increases that may lead to tax increases, such as ad-valorem taxes, to be advertised pursuant to ch. 50, F.S., as revised by the bill.
- Section 849.38, F.S., to provide that when certain property seized by the sheriff's office has an appraisal value of $1,000 or less, the notice must be published by print or posted for at least 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5), F.S. If published in print, the citation shall appear at least once each week for 2 consecutive weeks.
- Section 932.704, F.S., to provide that the notice required for a forfeiture complaint must be published for 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5), F.S.

The bill takes effect January 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Article VII, section 19(a) of the State Constitution prohibits the Legislature from imposing a new fee except through legislation approved by supermajority vote of each house of the Legislature. Because the bill preserves the option of publishing legal notices in a newspaper, the supermajority vote requirements do not appear to apply.

E. Other Constitutional Issues:

The bill may raise procedural due process concerns to the extent that it hinders actual notice of legal proceedings. Procedural due process requires fair notice "to apprise interested parties of the pendency of" an action that may affect life, liberty, or property.[33]

[33] 339 U.S. 306, 314 (1950).

For example, notice is required for termination of parent rights proceedings,[34] certain local county initiatives,[35] and civil judgements based on litigation.[36] On the other hand, the publication of a notice on a website instead of a newspaper may, in some cases, be more effective than publishing a notice solely in a newspaper. Courts have accepted various alternatives to actual service of process over the years.[37]

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill could reduce revenue for certain newspapers to the extent that the bill allows for more publications to qualify as publications for the purpose of publishing a legal notice. Consumers may benefit from the market participation of smaller newspaper publications, especially those in fiscally constrained counties, who may not have otherwise met the requirements to publish legal notices prior to the authorization under the bill.

C. Government Sector Impact:

The impact of this bill is indeterminate since it is unknown how governmental entities will be impacted based on the volume of legal notices to be published. This is especially true in counties where there are no newspapers available for general circulation and the only option may be Internet publication.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill provides that the fee for an online publication of a legal notice cannot exceed the fee charged for a print edition of that notice. The current fee structure is based on the size of the notice and can be more costly depending on how many copies of the newspaper are printed and

---

[34] *J.B. v. Florida Dept. of Children & Family Services*, 768 So. 2d 1060, 1066 (Fla. 2000) (Finding that 24-hour notice of a hearing regarding termination of parent rights was insufficient notice).

[35] *Baycol, Inc. v. Downtown Dev. Auth. of City of Fort Lauderdale*, 315 So. 2d 451, 455 (Fla. 1975) (Finding that the city failed to place express or de facto notice in an eminent domain proceeding) and *Keys Citizens For Responsible Gov't, Inc. v. Florida Keys Aqueduct Auth*., 795 So. 2d 940, 949 (Fla. 2001) (The Court found in dictum that "constructive notice by publication is appropriate in bond validation proceedings").

[36] "To give such proceedings any validity, there must be a competent tribunal to pass on their subject-matter; and, if that involves merely a determination of the personal liability of defendant, he must be brought within its jurisdiction by service of process within the state, or by his voluntary appearance." *Pennoyer v. Neff,* 95 U.S. 714, 719 (1877), overruled in part by *Shaffer v. Heitner*, 433 U.S. 186 (1977).

[37] For example, the courts have routinely upheld certified mail as a valid method of constructive notice. *Mullane v. Central Hanover Bank & Trust Co.*, 339 U.S. 306, 314 (1950) (The Court found in dictum that mail "provide[s] an 'efficient and inexpensive means of communication' upon which prudent men will ordinarily rely in the conduct of important affairs").

distributed. This is meant to encourage pricing based on how much space is taken up in the print edition newspaper as well as how large that newspapers audience is. A website publication does not have these same logistical structures to base a fee on the statutory mechanism.

Several sections of the bill permit publication pursuant to s. 50.0211(5), F.S., or as otherwise provided under ch. 50, F.S. Other sections of the bill, such as section 13, include language such as "on a newspaper's website and the statewide legal notice website as provided in s. 50.0211(5)." The Legislature may wish to consider using consistent terminology.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 50.011, 50.021, 50.0211, 50.031, 50.041, 50.051, 90.902, 11.02, 120.81, 121.0511, 121.055, 125.66, 162.12, 166.041, 189.015, 190.005, 190.046, 194.037, 197.402, 200.065, 338.223, 348.0308, 348.635, 348.7605, 373.0397, 373.146, 403.722, 849.38, , and 932.704.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 19, 2021:
The committee substitute:

- Requires newspapers in non-fiscally constrained counties that publish legal notices to be available or sold in at least 10 public outlets.
- Requires newspapers published in non-fiscally constrained counties to have an audience consisting of at least 10 percent of the households in the county or municipality. If the newspaper does not meet the 10 percent requirement, the newspaper may continue to operate under the standards of s. 50.011, F.S., as currently permitted until January 1, 2024.
- Allows newspapers in fiscally constrained counties to publish legal notices so long as they have a periodicals permit.
- Removes the bill's application to the sale of the contents of a storage facility.
- Provides that legal notices as administered under the provisions of the bill are self-authenticating for the purpose of the Florida Evidence Code.

CS by Judiciary on March 22, 2021:
The committee substitute:

- Allows a government agency to publish legal notices on a newspaper website in lieu of a print based publication.
- Allows legal notices to be published using a non-subscription based publisher.
- Removes the requirement that the Supreme Court establish a legal notice website and a restitution, fines, and fees website.
- Provides an option for storage facilities to post an advertisement for sale of the content of a storage unit on a website.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Judiciary; and Senator Rodrigues

590-03199-21 2021402c1

A bill to be entitled

An act relating to legal notices; amending s. 50.011, F.S.; revising requirements for newspapers that are qualified to publish legal notices; authorizing the Internet publication of legal notices on certain websites in lieu of print publication in a newspaper; amending s. 50.021, F.S.; conforming provisions to changes made by the act; amending s. 50.0211, F.S.; defining the term "governmental agency"; requiring the Florida Press Association to consult with the Black Press Association of Florida for a specified purpose; authorizing a governmental agency to opt for Internet-only publication of legal notices with any newspaper of general circulation within the state if certain conditions are met; specifying requirements for the placement, format, and accessibility of any such legal notices; requiring the newspaper to display a specified disclaimer regarding the posting of legal notices; authorizing a newspaper to charge for Internet-only publication, subject to specified limitations; specifying applicable penalties for unauthorized rebates, commissions, or refunds in connection with publication charges; requiring a governmental agency that publishes certain legal notices by Internet-only publication to publish a specified notice in the print edition of a local newspaper; amending s. 50.031, F.S.; conforming provisions to changes made by the act; amending ss. 50.041 and 50.051, F.S.; revising provisions governing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

590-03199-21 2021402c1

the uniform affidavit establishing proof of publication to conform to changes made by the act; amending s. 83.806, F.S.; providing that an advertisement of a sale or disposition of property may be published on certain websites for a specified time period; amending ss. 11.02, 45.031, 120.81, 121.0511, 121.055, 125.66, 162.12, 166.041, 189.015, 190.005, 190.046, 194.037, 197.402, 200.065, 338.223, 348.0308, 348.635, 348.7605, 373.0397, 373.146, 403.722, 712.06, 849.38, 865.09, and 932.704, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 50.011, Florida Statutes, is amended to read:

50.011 Publication of ~~Where and in what language~~ legal notices ~~to be published~~.~~—~~Whenever by statute an official or legal advertisement or a publication, or notice in a newspaper has been or is directed or permitted in the nature of or in lieu of process, or for constructive service, or in initiating, assuming, reviewing, exercising or enforcing jurisdiction or power, or for any purpose, including all legal notices and advertisements of sheriffs and tax collectors, the contemporaneous and continuous intent and meaning of such legislation all and singular, existing or repealed, is and has been and is hereby declared to be and to have been, and the rule of interpretation is and has been the following:~~,~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(1) A publication in a newspaper printed and published periodically at least once a week ~~or oftener~~, containing at least 25 percent of its words in the English language, ~~entered or qualified to be admitted and entered as periodicals matter at a post office in the county where published, for sale to the public generally,~~ available to the public generally for the publication of official or other notices and customarily containing information of a public character or of interest or of value to the residents or owners of property in the county where published, or of interest or of value to the general public; or

(2) By Internet publication on the website of any newspaper of general circulation in this state that otherwise meets the criteria specified in subsection (1) and on the statewide legal notice website as provided under s. 50.0211(5).

Section 2. Section 50.021, Florida Statutes, is amended to read:

50.021 Publication when no newspaper in county.—When any law, or order or decree of court, directs ~~shall direct~~ advertisements to be made in a ~~any~~ county and there is ~~be~~ no newspaper published in the ~~said~~ county, the advertisement may be made by posting on the website of any newspaper of general circulation in this state and on the statewide legal notice website as provided in s. 50.0211(5) or posting three copies thereof in three different places in the ~~said~~ county, one of which shall be at the front door of the courthouse, and by publication in the nearest county in which a newspaper is published.

Section 3. Section 50.0211, Florida Statutes, is amended to

read:

50.0211 Internet website publication.—

(1) As used in this section, the term "governmental agency" means a county, municipality, district school board, or other unit of local government or political subdivision in this state.

(2) This section applies to legal notices that must be published in accordance with this chapter unless otherwise specified.

(3) ~~(2)~~ If a governmental agency publishes a legal notice in the print edition of a newspaper, each legal notice must be posted on the newspaper's website on the same day that the printed notice appears in the newspaper, at no additional charge, in a separate web page titled "Legal Notices," "Legal Advertising," or comparable identifying language. A link to the legal notices web page shall be provided on the front page of the newspaper's website that provides access to the legal notices. If there is a specified size and placement required for a printed legal notice, the size and placement of the notice on the newspaper's website must optimize its online visibility in keeping with the print requirements. The newspaper's web pages that contain legal notices must present the legal notices as the dominant and leading subject matter of those pages. The newspaper's website must contain a search function to facilitate searching the legal notices. A fee may not be charged, and registration may not be required, for viewing or searching legal notices on a newspaper's website if the legal notice is published in a newspaper.

(4)(a) ~~(3)(a)~~ If a legal notice is published in the print edition of a newspaper or on a newspaper's website, the

newspaper publishing the notice shall place the notice on the statewide website established and maintained as an initiative of the Florida Press Association as a repository for such notices located at the following address: www.floridapublicnotices.com.

(b) A legal notice placed on the statewide website created under this subsection must be:

1. Accessible and searchable by party name and case number.

2. Posted for a period of at least 90 consecutive days after the first day of posting.

(c) The statewide website created under this subsection shall maintain a searchable archive of all legal notices posted on the publicly accessible website ~~on or after October 1, 2014,~~ for 18 months after the first day of posting. Such searchable archive shall be provided and accessible to the general public without charge.

(d) In its operation of the statewide website, the Florida Press Association shall consult with the Black Press Association of Florida to ensure that minority populations throughout the state have equitable access to legal notices that are posted on the Internet.

(5)(a) In lieu of publishing a legal notice in the print edition of a newspaper of general circulation within the jurisdiction of the affected governmental agency, a governmental agency may opt for Internet-only publication with any newspaper of general circulation within this state so long as the governmental agency determines that the Internet publication of such notice would not unreasonably restrict public access. Any such notice that is published only on the Internet in accordance with this subsection must be placed in the legal notices section

of the newspaper's website and the statewide website established under subsection (4). All requirements regarding the format and accessibility of legal notices placed on the newspaper's website and the statewide website in subsections (3) and (4) also apply to legal notices that are published only on the Internet in accordance with this subsection.

(b) The legal notices section of the print edition of a newspaper and a newspaper's website must include a disclaimer stating that the listing of legal notices may not include all legal notices affecting the area of distribution of the newspaper and that additional legal notices may be accessed on the statewide legal notice website.

(c) A newspaper may charge for the publication of any legal notice that is published only on the newspaper's website, without rebate, commission, or refund; however, the newspaper may not charge any higher rate for publication than the amount that would be authorized under s. 50.061 if the legal notice had been printed in the newspaper. The penalties prescribed in s. 50.061(7) for allowing or accepting any rebate, commission, or refund in connection to the amounts charged for publication also apply to any legal notices that are published only on the Internet in accordance with this subsection.

(d) If a governmental agency exercises the option to publish legal notices on the Internet in accordance with this subsection, such agency must provide notice at least once per week in the print edition of a newspaper of general circulation within the region in which the governmental agency is located which states that legal notices pertaining to the agency do not all appear in the print edition of the local newspaper and that

a full listing of any legal notices may be accessed on the statewide legal notice website located at www.floridapublicnotices.com.

(6)~~(4)~~ Newspapers that publish legal notices shall, upon request, provide e-mail notification of new legal notices when they are published ~~printed~~ in the newspaper or on ~~and added to~~ the newspaper's website. Such e-mail notification shall be provided without charge, and notification for such an e-mail registry shall be available on the front page of the legal notices section of the newspaper's website.

Section 4. Section 50.031, Florida Statutes, is amended to read:

50.031 Newspapers in which legal notices and process may be published.—No notice or publication required to be published in the print edition of a newspaper or on a newspaper's website in the nature of or in lieu of process of any kind, nature, character or description provided for under any law of the state, whether heretofore or hereafter enacted, and whether pertaining to constructive service, or the initiating, assuming, reviewing, exercising or enforcing jurisdiction or power, by any court in this state, or any notice of sale of property, real or personal, for taxes, state, county or municipal, or sheriff's, guardian's or administrator's or any sale made pursuant to any judicial order, decree or statute or any other publication or notice pertaining to any affairs of the state, or any county, municipality or other political subdivision thereof, shall be deemed to have been published in accordance with the statutes providing for such publication, unless the same shall have been published for the prescribed period of time required for such

publication, in a newspaper which at the time of such publication shall have been in existence for 1 year ~~and shall have been entered as periodicals matter at a post office in the county where published,~~ or in a newspaper which is a direct successor of a newspaper which has ~~together have~~ been so published; provided, however, that nothing herein contained shall apply where in any county there shall be no newspaper in existence which shall have been published for the length of time above prescribed. No legal publication of any kind, nature or description, as herein defined, shall be valid or binding or held to be in compliance with the statutes providing for such publication unless the same shall have been published in accordance with the provisions of this section or s. 50.0211(5). Proof of such publication shall be made by uniform affidavit.

Section 5. Section 50.041, Florida Statutes, is amended to read:

50.041 Proof of publication; uniform affidavits required.—

(1) All affidavits ~~of publishers of newspapers (or their official representatives)~~ made for the purpose of establishing proof of publication of public notices or legal advertisements shall be uniform throughout the state.

(2) Each such affidavit shall be printed upon white paper and shall be 8 1/2 inches in width and of convenient length, not less than 5 1/2 inches. A white margin of not less than 2 1/2 inches shall be left at the right side of each affidavit form and upon or in this space shall be substantially pasted a clipping which shall be a true copy of the public notice or legal advertisement for which proof is executed. Alternatively, the affidavit may be provided in electronic rather than paper

form, provided the notarization of the affidavit complies with the requirements of s. 117.021.

(3) ~~In all counties having a population in excess of 450,000 according to the latest official decennial census, in addition to the charges which are now or may hereafter be established by law for the publication of every official notice or legal advertisement,~~ There may be a charge not to exceed $2 levied for the preparation and execution of each such proof of publication or ~~publisher's~~ affidavit.

Section 6. Section 50.051, Florida Statutes, is amended to read:

50.051 Proof of publication; form of uniform affidavit.—The printed form upon which all such affidavits establishing proof of publication are to be executed shall be substantially as follows:

NAME OF COUNTY ~~NEWSPAPER~~

~~Published (Weekly or Daily)~~

~~(Town or City) (County) FLORIDA~~

STATE OF FLORIDA

COUNTY OF ....:

Before the undersigned authority personally appeared ...., who on oath says that he or she is .... of the ...., a .... newspaper published at .... in .... County, Florida; that the attached copy of advertisement, being a .... in the matter of .... in the .... Court, was published in said newspaper by print in the issues of .... or by publication on the newspaper's website on ...(date)....

Affiant further says that the newspaper complies with all

legal requirements for publication in chapter 50, Florida Statutes ~~said .... is a newspaper published at ...., in said .... County, Florida, and that the said newspaper has heretofore been continuously published in said .... County, Florida, each .... and has been entered as periodicals matter at the post office in ...., in said .... County, Florida, for a period of 1 year next preceding the first publication of the attached copy of advertisement; and affiant further says that he or she has neither paid nor promised any person, firm or corporation any discount, rebate, commission or refund for the purpose of securing this advertisement for publication in the said newspaper~~.

Sworn to and subscribed before me this .... day of ...., ...(year)..., by ...., who is personally known to me or who has produced (type of identification) as identification.

...(Signature of Notary Public)...

...(Print, Type, or Stamp Commissioned Name of Notary Public)...

...(Notary Public)...

Section 7. Subsection (4) of section 83.806, Florida Statutes, is amended to read:

83.806 Enforcement of lien.—An owner's lien as provided in s. 83.805 may be satisfied as follows:

(4) After the expiration of the time given in the notice, an advertisement of the sale or other disposition shall be published once a week for 2 consecutive weeks in a newspaper of

general circulation in the area where the self-service storage facility or self-contained storage unit is located or published continuously for 14 consecutive days on a public website that customarily conducts personal property auctions.

(a) A lien sale may be conducted on a public website that customarily conducts personal property auctions. The facility or unit owner is not required to hold a license to post property for online sale. Inasmuch as any sale may involve property of more than one tenant, a single advertisement may be used to dispose of property at any one sale.

(b) The advertisement shall include:

1. A brief and general description of what is believed to constitute the personal property contained in the storage unit, as provided in paragraph (2)(b).

2. The address of the self-service storage facility or the address where the self-contained storage unit is located and the name of the tenant.

3. The time, place, and manner of the sale or other disposition. The sale or other disposition shall take place at least 15 days after the first publication.

(c) If there is no newspaper of general circulation in the area where the self-service storage facility or self-contained storage unit is located, the advertisement shall be posted at least 10 days before the date of the sale or other disposition in at least three conspicuous places in the neighborhood where the self-service storage facility or self-contained storage unit is located or published continuously for 14 consecutive days on a public website that customarily conducts personal property auctions.

Section 8. Section 11.02, Florida Statutes, is amended to read:

11.02 Notice of special or local legislation or certain relief acts.—The notice required to obtain special or local legislation or any relief act specified in s. 11.065 shall be by publishing the identical notice ~~in each county involved in some newspaper~~ as provided ~~defined~~ in chapter 50 ~~published in~~ or circulated throughout the county or counties where the matter or thing to be affected by such legislation shall be situated one time at least 30 days before introduction of the proposed law into the Legislature or, if the notice is not made by Internet publication as provided in s. 50.0211(5) and there being no newspaper circulated throughout or published in the county, by posting for at least 30 days at not less than three public places in the county or each of the counties, one of which places shall be at the courthouse in the county or counties where the matter or thing to be affected by such legislation shall be situated. Notice of special or local legislation shall state the substance of the contemplated law, as required by s. 10, Art. III of the State Constitution. Notice of any relief act specified in s. 11.065 shall state the name of the claimant, the nature of the injury or loss for which the claim is made, and the amount of the claim against the affected municipality's revenue-sharing trust fund.

Section 9. Subsection (2) of section 45.031, Florida Statutes, is amended to read:

45.031 Judicial sales procedure.—In any sale of real or personal property under an order or judgment, the procedures provided in this section and ss. 45.0315-45.035 may be followed

as an alternative to any other sale procedure if so ordered by the court.

(2) PUBLICATION OF SALE.—Notice of sale shall be published by Internet publication in accordance with s. 50.0211(5) for at least 2 consecutive weeks before the sale or, if published in print, once a week for 2 consecutive weeks in a newspaper of general circulation~~,~~ as provided ~~defined~~ in chapter 50, published in the county where the sale is to be held. The second publication by print shall be at least 5 days before the sale. The notice shall contain:

(a) A description of the property to be sold.

(b) The time and place of sale.

(c) A statement that the sale will be made pursuant to the order or final judgment.

(d) The caption of the action.

(e) The name of the clerk making the sale.

(f) A statement that any person claiming an interest in the surplus from the sale, if any, other than the property owner as of the date of the lis pendens must file a claim before the clerk reports the surplus as unclaimed.

The court, in its discretion, may enlarge the time of the sale. Notice of the changed time of sale shall be published as provided herein.

Section 10. Paragraph (d) of subsection (1) of section 120.81, Florida Statutes, is amended to read:

120.81 Exceptions and special requirements; general areas.—

(1) EDUCATIONAL UNITS.—

(d) Notwithstanding any other provision of this chapter,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

educational units shall not be required to include the full text of the rule or rule amendment in notices relating to rules and need not publish these or other notices in the Florida Administrative Register, but notice shall be made:

1. By publication in the print edition of a newspaper of general circulation in the affected area or by Internet publication in accordance with s. 50.0211(5);

2. By mail to all persons who have made requests of the educational unit for advance notice of its proceedings and to organizations representing persons affected by the proposed rule; and

3. By posting in appropriate places so that those particular classes of persons to whom the intended action is directed may be duly notified.

Section 11. Subsection (2) of section 121.0511, Florida Statutes, is amended to read:

121.0511 Revocation of election and alternative plan.—The governing body of any municipality or independent special district that has elected to participate in the Florida Retirement System may revoke its election in accordance with the following procedure:

(2) At least 7 days, but not more than 15 days, before the hearing, notice of intent to revoke, specifying the time and place of the hearing, must be published as provided in chapter 50 ~~in a newspaper of general circulation in the area affected, as provided by ss. 50.011-50.031~~. Proof of publication of the notice must be submitted to the Department of Management Services.

Section 12. Paragraphs (b) and (h) of subsection (1) of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

section 121.055, Florida Statutes, are amended to read:

121.055 Senior Management Service Class.—There is hereby established a separate class of membership within the Florida Retirement System to be known as the "Senior Management Service Class," which shall become effective February 1, 1987.

(1)

(b)1. Except as provided in subparagraph 2., effective January 1, 1990, participation in the Senior Management Service Class is compulsory for the president of each community college, the manager of each participating municipality or county, and all appointed district school superintendents. Effective January 1, 1994, additional positions may be designated for inclusion in the Senior Management Service Class if:

a. Positions to be included in the class are designated by the local agency employer. Notice of intent to designate positions for inclusion in the class must be published for at least 2 consecutive weeks if published by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper of general circulation published in the county or counties affected~~,~~ as provided in chapter 50.

b. Up to 10 nonelective full-time positions may be designated for each local agency employer reporting to the department; for local agencies with 100 or more regularly established positions, additional nonelective full-time positions may be designated, not to exceed 1 percent of the regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who is not subject

to continuing contract and serves at the pleasure of the local agency employer without civil service protection, and who:

(I) Heads an organizational unit; or

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of responsibility.

2. In lieu of participation in the Senior Management Service Class, members of the Senior Management Service Class, pursuant to subparagraph 1., may withdraw from the Florida Retirement System altogether. The decision to withdraw from the system is irrevocable as long as the employee holds the position. Any service creditable under the Senior Management Service Class shall be retained after the member withdraws from the system; however, additional service credit in the Senior Management Service Class may not be earned after such withdrawal. Such members are not eligible to participate in the Senior Management Service Optional Annuity Program.

3. Effective January 1, 2006, through June 30, 2006, an employee who has withdrawn from the Florida Retirement System under subparagraph 2. has one opportunity to elect to participate in the pension plan or the investment plan.

a. If the employee elects to participate in the investment plan, membership shall be prospective, and the applicable provisions of s. 121.4501(4) govern the election.

b. If the employee elects to participate in the pension plan, the employee shall, upon payment to the system trust fund of the amount calculated under sub-sub-subparagraph (I), receive service credit for prior service based upon the time during which the employee had withdrawn from the system.

(I) The cost for such credit shall be an amount representing the actuarial accrued liability for the affected period of service. The cost shall be calculated using the discount rate and other relevant actuarial assumptions that were used to value the pension plan liabilities in the most recent actuarial valuation. The calculation must include any service already maintained under the pension plan in addition to the period of withdrawal. The actuarial accrued liability attributable to any service already maintained under the pension plan shall be applied as a credit to the total cost resulting from the calculation. The division must ensure that the transfer sum is prepared using a formula and methodology certified by an actuary.

(II) The employee must transfer a sum representing the net cost owed for the actuarial accrued liability in sub-sub-subparagraph (I) immediately following the time of such movement, determined assuming that attained service equals the sum of service in the pension plan and the period of withdrawal.

(h)1. Except as provided in subparagraph 3., effective January 1, 1994, participation in the Senior Management Service Class shall be compulsory for the State Courts Administrator and the Deputy State Courts Administrators, the Clerk of the Supreme Court, the Marshal of the Supreme Court, the Executive Director of the Justice Administrative Commission, the capital collateral regional counsel, the clerks of the district courts of appeals, the marshals of the district courts of appeals, and the trial court administrator and the Chief Deputy Court Administrator in each judicial circuit. Effective January 1, 1994, additional positions in the offices of the state attorney and public

defender in each judicial circuit may be designated for inclusion in the Senior Management Service Class of the Florida Retirement System, provided that:

a. Positions to be included in the class shall be designated by the state attorney or public defender, as appropriate. Notice of intent to designate positions for inclusion in the class shall be published for at least 2 consecutive weeks by Internet publication as provided in s. 50.0211(5) or, if published in print, once a week for 2 consecutive weeks in a newspaper of general circulation published in the county or counties affected~~,~~ as provided in chapter 50.

b. One nonelective full-time position may be designated for each state attorney and public defender reporting to the Department of Management Services; for agencies with 200 or more regularly established positions under the state attorney or public defender, additional nonelective full-time positions may be designated, not to exceed 0.5 percent of the regularly established positions within the agency.

c. Each position added to the class must be a managerial or policymaking position filled by an employee who serves at the pleasure of the state attorney or public defender without civil service protection, and who:

(I) Heads an organizational unit; or

(II) Has responsibility to effect or recommend personnel, budget, expenditure, or policy decisions in his or her areas of responsibility.

2. Participation in this class shall be compulsory, except as provided in subparagraph 3., for any judicial employee who

holds a position designated for coverage in the Senior Management Service Class, and such participation shall continue until the employee terminates employment in a covered position. Effective January 1, 2001, participation in this class is compulsory for assistant state attorneys, assistant statewide prosecutors, assistant public defenders, and assistant capital collateral regional counsel. Effective January 1, 2002, participation in this class is compulsory for assistant attorneys general.

3. In lieu of participation in the Senior Management Service Class, such members, excluding assistant state attorneys, assistant public defenders, assistant statewide prosecutors, assistant attorneys general, and assistant capital collateral regional counsel, may participate in the Senior Management Service Optional Annuity Program as established in subsection (6).

Section 13. Paragraph (a) of subsection (2) and paragraph (b) of subsection (4) of section 125.66, Florida Statutes, are amended to read:

125.66 Ordinances; enactment procedure; emergency ordinances; rezoning or change of land use ordinances or resolutions.—

(2)(a) The regular enactment procedure shall be as follows: The board of county commissioners at any regular or special meeting may enact or amend any ordinance, except as provided in subsection (4), if notice of intent to consider such ordinance is given at least 10 days <u>before such</u> ~~prior to said~~ meeting by publication <u>as provided in chapter 50</u> ~~in a newspaper of general circulation in the county~~. A copy of such notice shall be kept

CODING: Words ~~stricken~~ are deletions; words <u>underlined</u> are additions.

available for public inspection during the regular business hours of the office of the clerk of the board of county commissioners. The notice of proposed enactment shall state the date, time, and place of the meeting; the title or titles of proposed ordinances; and the place or places within the county where such proposed ordinances may be inspected by the public. The notice shall also advise that interested parties may appear at the meeting and be heard with respect to the proposed ordinance.

(4) Ordinances or resolutions, initiated by other than the county, that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to subsection (2). Ordinances or resolutions that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances or resolutions initiated by the county that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

(b) In cases in which the proposed ordinance or resolution changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the board of county commissioners shall provide for public notice and hearings as follows:

1. The board of county commissioners shall hold two advertised public hearings on the proposed ordinance or resolution. At least one hearing shall be held after 5 p.m. on a weekday, unless the board of county commissioners, by a majority plus one vote, elects to conduct that hearing at another time of

CODING: Words ~~stricken~~ are deletions; words <u>underlined</u> are additions.

day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

2. If published in the print edition of a newspaper, the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community pursuant to chapter 50, not one of limited subject matter. It is the legislative intent that, whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the community is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following by ordinance or resolution:...(title of ordinance or resolution)....

A public hearing on the ordinance or resolution will be held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted,

conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area within the local government covered by the proposed ordinance or resolution. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

3. In lieu of publishing the advertisements set out in this paragraph, the board of county commissioners may mail a notice to each person owning real property within the area covered by the ordinance or resolution. Such notice shall clearly explain the proposed ordinance or resolution and shall notify the person of the time, place, and location of both public hearings on the proposed ordinance or resolution.

Section 14. Paragraph (a) of subsection (2) of section 162.12, Florida Statutes, is amended to read:

162.12 Notices.—

(2) In addition to providing notice as set forth in subsection (1), at the option of the code enforcement board or the local government, notice may be served by publication or posting, as follows:

(a)1. Such notice shall be published for 4 consecutive weeks on a newspaper's website and the statewide legal notice website as provided in s. 50.0211(5) or, if published in print, once during each week for 4 consecutive weeks (four publications being sufficient) in a newspaper of general circulation in the county where the code enforcement board is located. The newspaper shall meet such requirements as are prescribed under

chapter 50 for legal and official advertisements.

2. Proof of publication shall be made as provided in ss. 50.041 and 50.051.

Section 15. Paragraph (c) of subsection (3) of section 166.041, Florida Statutes, is amended to read:

166.041 Procedures for adoption of ordinances and resolutions.—

(3)

(c) Ordinances initiated by other than the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to paragraph (a). Ordinances that change the actual list of permitted, conditional, or prohibited uses within a zoning category, or ordinances initiated by the municipality that change the actual zoning map designation of a parcel or parcels of land shall be enacted pursuant to the following procedure:

1. In cases in which the proposed ordinance changes the actual zoning map designation for a parcel or parcels of land involving less than 10 contiguous acres, the governing body shall direct the clerk of the governing body to notify by mail each real property owner whose land the municipality will redesignate by enactment of the ordinance and whose address is known by reference to the latest ad valorem tax records. The notice shall state the substance of the proposed ordinance as it affects that property owner and shall set a time and place for one or more public hearings on such ordinance. Such notice shall be given at least 30 days prior to the date set for the public hearing, and a copy of the notice shall be kept available for public inspection during the regular business hours of the

office of the clerk of the governing body. The governing body shall hold a public hearing on the proposed ordinance and may, upon the conclusion of the hearing, immediately adopt the ordinance.

2. In cases in which the proposed ordinance changes the actual list of permitted, conditional, or prohibited uses within a zoning category, or changes the actual zoning map designation of a parcel or parcels of land involving 10 contiguous acres or more, the governing body shall provide for public notice and hearings as follows:

a. The local governing body shall hold two advertised public hearings on the proposed ordinance. At least one hearing shall be held after 5 p.m. on a weekday, unless the local governing body, by a majority plus one vote, elects to conduct that hearing at another time of day. The first public hearing shall be held at least 7 days after the day that the first advertisement is published. The second hearing shall be held at least 10 days after the first hearing and shall be advertised at least 5 days prior to the public hearing.

b. If published in the print edition of a newspaper, the required advertisements shall be no less than 2 columns wide by 10 inches long in a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be placed in a newspaper ~~of general paid circulation~~ in the municipality and of general interest and readership in the municipality, not one of limited subject matter, pursuant to chapter 50. It is the

legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the municipality is published less than weekly ~~5 days a week~~. The advertisement shall be in substantially the following form:

NOTICE OF (TYPE OF) CHANGE

The ...(name of local governmental unit)... proposes to adopt the following ordinance:...(title of the ordinance)....

A public hearing on the ordinance will be held on ...(date and time)... at ...(meeting place)....

Except for amendments which change the actual list of permitted, conditional, or prohibited uses within a zoning category, the advertisement shall contain a geographic location map which clearly indicates the area covered by the proposed ordinance. The map shall include major street names as a means of identification of the general area. If ~~In addition to being~~ published in the print edition of the newspaper, the map must also be part of any ~~the~~ online notice made ~~required~~ pursuant to s. 50.0211.

c. In lieu of publishing the advertisement set out in this paragraph, the municipality may mail a notice to each person owning real property within the area covered by the ordinance. Such notice shall clearly explain the proposed ordinance and shall notify the person of the time, place, and location of any public hearing on the proposed ordinance.

Section 16. Subsection (1) of section 189.015, Florida

Statutes, is amended to read:

189.015 Meetings; notice; required reports.—

(1) The governing body of each special district shall file quarterly, semiannually, or annually a schedule of its regular meetings with the local governing authority or authorities. The schedule shall include the date, time, and location of each scheduled meeting. The schedule shall be published quarterly, semiannually, or annually ~~in a newspaper of general paid circulation~~ in the manner required in this subsection. The governing body of an independent special district shall advertise the day, time, place, and purpose of any meeting other than a regular meeting or any recessed and reconvened meeting of the governing body, at least 7 days before such meeting as provided in chapter 50, ~~in a newspaper of general paid circulation in the county or counties in which the special district is located,~~ unless a bona fide emergency situation exists, in which case a meeting to deal with the emergency may be held as necessary, with reasonable notice, so long as it is subsequently ratified by the governing body. No approval of the annual budget shall be granted at an emergency meeting. The notice shall be posted as provided in ~~advertisement shall be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall appear in a newspaper that is published at least 5 days a week, unless the only newspaper in the county is published fewer than 5 days a week. The newspaper selected must be one of general interest and readership in the community and not one of limited subject matter, pursuant to~~ chapter 50. Any other provision of law to the contrary notwithstanding, and except in the case of

emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 by Internet publication or by publication in a newspaper ~~of general paid circulation~~ in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed, no less than 7 days before such meeting.

Section 17. Paragraph (d) of subsection (1) of section 190.005, Florida Statutes, is amended to read:

190.005 Establishment of district.—

(1) The exclusive and uniform method for the establishment of a community development district with a size of 2,500 acres or more shall be pursuant to a rule, adopted under chapter 120 by the Florida Land and Water Adjudicatory Commission, granting a petition for the establishment of a community development district.

(d) A local public hearing on the petition shall be conducted by a hearing officer in conformance with the applicable requirements and procedures of the Administrative Procedure Act. The hearing shall include oral and written comments on the petition pertinent to the factors specified in paragraph (e). The hearing shall be held at an accessible location in the county in which the community development district is to be located. The petitioner shall cause a notice of the hearing to be published for 4 successive weeks on a newspaper's website and the statewide legal notice website provided in s. 50.0211(5) or, if published in print, in a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

newspaper at least once a week for the 4 successive weeks immediately prior to the hearing as provided in chapter 50. Such notice shall give the time and place for the hearing, a description of the area to be included in the district, which description shall include a map showing clearly the area to be covered by the district, and any other relevant information which the establishing governing bodies may require. If published in the print edition of a newspaper, the advertisement may ~~shall~~ not be placed in the ~~that~~ portion of the newspaper where legal notices and classified advertisements appear. The advertisement must ~~shall~~ be published in a newspaper ~~of general paid circulation~~ in the county and of general interest and readership in the community, not one of limited subject matter, pursuant to chapter 50. Whenever possible, the advertisement shall appear in a newspaper that is published at least weekly ~~5 days a week~~, unless the only newspaper in the community is published less than weekly ~~fewer than 5 days a week~~. If the notice is ~~In addition to being~~ published in the print edition of the newspaper, the map ~~referenced above~~ must also be included in any ~~part of the~~ online advertisement ~~required~~ pursuant to s. 50.0211. All affected units of general-purpose local government and the general public shall be given an opportunity to appear at the hearing and present oral or written comments on the petition.

Section 18. Paragraph (h) of subsection (1) of section 190.046, Florida Statutes, is amended to read:

190.046 Termination, contraction, or expansion of district.—

(1) A landowner or the board may petition to contract or

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

expand the boundaries of a community development district in the following manner:

(h) For a petition to establish a new community development district of less than 2,500 acres on land located solely in one county or one municipality, sufficiently contiguous lands located within the county or municipality which the petitioner anticipates adding to the boundaries of the district within 10 years after the effective date of the ordinance establishing the district may also be identified. If such sufficiently contiguous land is identified, the petition must include a legal description of each additional parcel within the sufficiently contiguous land, the current owner of the parcel, the acreage of the parcel, and the current land use designation of the parcel. At least 14 days before the hearing required under s. 190.005(2)(b), the petitioner must give the current owner of each such parcel notice of filing the petition to establish the district, the date and time of the public hearing on the petition, and the name and address of the petitioner. A parcel may not be included in the district without the written consent of the owner of the parcel.

1. After establishment of the district, a person may petition the county or municipality to amend the boundaries of the district to include a previously identified parcel that was a proposed addition to the district before its establishment. A filing fee may not be charged for this petition. Each such petition must include:

a. A legal description by metes and bounds of the parcel to be added;

b. A new legal description by metes and bounds of the

district;

c. Written consent of all owners of the parcel to be added;

d. A map of the district including the parcel to be added;

e. A description of the development proposed on the additional parcel; and

f. A copy of the original petition identifying the parcel to be added.

2. Before filing with the county or municipality, the person must provide the petition to the district and to the owner of the proposed additional parcel, if the owner is not the petitioner.

3. Once the petition is determined sufficient and complete, the county or municipality must process the addition of the parcel to the district as an amendment to the ordinance that establishes the district. The county or municipality may process all petitions to amend the ordinance for parcels identified in the original petition, even if, by adding such parcels, the district exceeds 2,500 acres.

4. The petitioner shall cause to be published in a newspaper of general circulation in the proposed district a notice of the intent to amend the ordinance that establishes the district. The notice must be in addition to any notice required for adoption of the ordinance amendment. Such notice must be published as provided in chapter 50 at least 10 days before the scheduled hearing on the ordinance amendment ~~and may be published in the section of the newspaper reserved for legal notices~~. The notice must include a general description of the land to be added to the district and the date and time of the scheduled hearing to amend the ordinance. The petitioner shall

deliver, including by mail or hand delivery, the notice of the hearing on the ordinance amendment to the owner of the parcel and to the district at least 14 days before the scheduled hearing.

5. The amendment of a district by the addition of a parcel pursuant to this paragraph does not alter the transition from landowner voting to qualified elector voting pursuant to s. 190.006, even if the total size of the district after the addition of the parcel exceeds 5,000 acres. Upon adoption of the ordinance expanding the district, the petitioner must cause to be recorded a notice of boundary amendment which reflects the new boundaries of the district.

6. This paragraph is intended to facilitate the orderly addition of lands to a district under certain circumstances and does not preclude the addition of lands to any district using the procedures in the other provisions of this section.

Section 19. Subsection (1) of section 194.037, Florida Statutes, is amended to read:

194.037 Disclosure of tax impact.—

(1) After hearing all petitions, complaints, appeals, and disputes, the clerk shall make public notice of the findings and results of the board as provided in chapter 50. If published in the print edition of a newspaper, the notice must be in at least a quarter-page size advertisement of a standard size or tabloid size newspaper, and the headline shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county. The

newspaper selected shall be one of general interest and readership in the community, and not one of limited subject matter, pursuant to chapter 50. For all advertisements published pursuant to this section, the headline shall read: TAX IMPACT OF VALUE ADJUSTMENT BOARD. The public notice shall list the members of the value adjustment board and the taxing authorities to which they are elected. The form shall show, in columnar form, for each of the property classes listed under subsection (2), the following information, with appropriate column totals:

(a) In the first column, the number of parcels for which the board granted exemptions that had been denied or that had not been acted upon by the property appraiser.

(b) In the second column, the number of parcels for which petitions were filed concerning a property tax exemption.

(c) In the third column, the number of parcels for which the board considered the petition and reduced the assessment from that made by the property appraiser on the initial assessment roll.

(d) In the fourth column, the number of parcels for which petitions were filed but not considered by the board because such petitions were withdrawn or settled prior to the board's consideration.

(e) In the fifth column, the number of parcels for which petitions were filed requesting a change in assessed value, including requested changes in assessment classification.

(f) In the sixth column, the net change in taxable value from the assessor's initial roll which results from board decisions.

(g) In the seventh column, the net shift in taxes to

parcels not granted relief by the board. The shift shall be computed as the amount shown in column 6 multiplied by the applicable millage rates adopted by the taxing authorities in hearings held pursuant to s. 200.065(2)(d) or adopted by vote of the electors pursuant to s. 9(b) or s. 12, Art. VII of the State Constitution, but without adjustment as authorized pursuant to s. 200.065(6). If for any taxing authority the hearing has not been completed at the time the notice required herein is prepared, the millage rate used shall be that adopted in the hearing held pursuant to s. 200.065(2)(c).

Section 20. Subsection (1) of section 197.402, Florida Statutes, is amended to read:

197.402 Advertisement of real or personal property with delinquent taxes.—

(1) If advertisements are required, the board of county commissioners shall make such notice ~~select the newspaper~~ as provided in chapter 50. The tax collector shall pay all ~~newspaper~~ charges, and the proportionate cost of the advertisements shall be added to the delinquent taxes collected.

Section 21. Subsection (3) of section 200.065, Florida Statutes, is amended to read:

200.065 Method of fixing millage.—

(3) The advertisement shall be published as provided in chapter 50. If the advertisement is published in the print edition of a newspaper, the advertisement must be no less than one-quarter page in size of a standard size or a tabloid size newspaper, and the headline in the advertisement shall be in a type no smaller than 18 point. The advertisement shall not be placed in that portion of the newspaper where legal notices and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

classified advertisements appear. The advertisement shall be published in a newspaper ~~of general paid circulation~~ in the county or in a geographically limited insert of such newspaper. The geographic boundaries in which such insert is circulated shall include the geographic boundaries of the taxing authority. It is the legislative intent that, whenever possible, the advertisement appear in a newspaper that is published at least weekly ~~5 days a week~~ unless the only newspaper in the county is published less than weekly ~~5 days a week~~, or that the advertisement appear in a geographically limited insert of such newspaper which insert is published throughout the taxing authority's jurisdiction at least twice each week. It is further the legislative intent that the newspaper selected be one of general interest and readership in the community and not one of limited subject matter, pursuant to chapter 50.

(a) For taxing authorities other than school districts which have tentatively adopted a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

The ...(name of the taxing authority)... has tentatively adopted a measure to increase its property tax levy.

Last year's property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year's proposed tax levy.....$XX,XXX,XXX

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

All concerned citizens are invited to attend a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A FINAL DECISION on the proposed tax increase and the budget will be made at this hearing.

(b) In all instances in which the provisions of paragraph (a) are inapplicable for taxing authorities other than school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of taxing authority)... has tentatively adopted a budget for ...(fiscal year).... A public hearing to make a FINAL DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(c) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed pursuant to subsection (1) and which propose to levy nonvoted millage in excess of the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be in the following form:

NOTICE OF PROPOSED TAX INCREASE

The ...(name of school district)... will soon consider a measure to increase its property tax levy.

Last year's property tax levy:

A. Initially proposed tax levy.....$XX,XXX,XXX

B. Less tax reductions due to Value Adjustment Board and

other assessment changes.....($XX,XXX,XXX)

C. Actual property tax levy.....$XX,XXX,XXX

This year's proposed tax levy.....$XX,XXX,XXX

A portion of the tax levy is required under state law in order for the school board to receive $...(amount A)... in state education grants. The required portion has ...(increased or decreased)... by ...(amount B)... percent and represents approximately ...(amount C)... of the total proposed taxes.

The remainder of the taxes is proposed solely at the discretion of the school board.

All concerned citizens are invited to a public hearing on the tax increase to be held on ...(date and time)... at ...(meeting place)....

A DECISION on the proposed tax increase and the budget will be made at this hearing.

1. AMOUNT A shall be an estimate, provided by the Department of Education, of the amount to be received in the current fiscal year by the district from state appropriations for the Florida Education Finance Program.

2. AMOUNT B shall be the percent increase over the rolled-back rate necessary to levy only the required local effort in the current fiscal year, computed as though in the preceding fiscal year only the required local effort was levied.

3. AMOUNT C shall be the quotient of required local-effort millage divided by the total proposed nonvoted millage, rounded to the nearest tenth and stated in words; however, the stated amount shall not exceed nine-tenths.

(d) For school districts which have proposed a millage rate in excess of 100 percent of the rolled-back rate computed

pursuant to subsection (1) and which propose to levy as nonvoted millage only the minimum amount required pursuant to s. 1011.60(6), the advertisement shall be the same as provided in paragraph (c), except that the second and third paragraphs shall be replaced with the following paragraph:

This increase is required under state law in order for the school board to receive $...(amount A)... in state education grants.

(e) In all instances in which the provisions of paragraphs (c) and (d) are inapplicable for school districts, the advertisement shall be in the following form:

NOTICE OF BUDGET HEARING

The ...(name of school district)... will soon consider a budget for ...(fiscal year).... A public hearing to make a DECISION on the budget AND TAXES will be held on ...(date and time)... at ...(meeting place)....

(f) In lieu of publishing the notice set out in this subsection, the taxing authority may mail a copy of the notice to each elector residing within the jurisdiction of the taxing authority.

(g) In the event that the mailing of the notice of proposed property taxes is delayed beyond September 3 in a county, any multicounty taxing authority which levies ad valorem taxes within that county shall advertise its intention to adopt a

tentative budget and millage rate in a newspaper of paid general circulation within that county, as provided in this subsection, and shall hold the hearing required pursuant to paragraph (2)(c) not less than 2 days or more than 5 days thereafter, and not later than September 18. The advertisement shall be in the following form, unless the proposed millage rate is less than or equal to the rolled-back rate, computed pursuant to subsection (1), in which case the advertisement shall be as provided in paragraph (e):

NOTICE OF TAX INCREASE

The ...(name of the taxing authority)... proposes to increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent.

All concerned citizens are invited to attend a public hearing on the proposed tax increase to be held on ...(date and time)... at ...(meeting place)....

(h) In no event shall any taxing authority add to or delete from the language of the advertisements as specified herein unless expressly authorized by law, except that, if an increase in ad valorem tax rates will affect only a portion of the jurisdiction of a taxing authority, advertisements may include a map or geographical description of the area to be affected and the proposed use of the tax revenues under consideration. In addition, if published in the print edition of the newspaper or only published on the Internet in accordance with s. 50.0211(5), the map must be included in ~~part of~~ the online advertisement required by s. 50.0211. The advertisements required herein shall

not be accompanied, preceded, or followed by other advertising or notices which conflict with or modify the substantive content prescribed herein.

(i) The advertisements required pursuant to paragraphs (b) and (e) need not be one-quarter page in size or have a headline in type no smaller than 18 point.

(j) The amounts to be published as percentages of increase over the rolled-back rate pursuant to this subsection shall be based on aggregate millage rates and shall exclude voted millage levies unless expressly provided otherwise in this subsection.

(k) Any taxing authority which will levy an ad valorem tax for an upcoming budget year but does not levy an ad valorem tax currently shall, in the advertisement specified in paragraph (a), paragraph (c), paragraph (d), or paragraph (g), replace the phrase "increase its property tax levy by ...(percentage of increase over rolled-back rate)... percent" with the phrase "impose a new property tax levy of $...(amount)... per $1,000 value."

(l) Any advertisement required pursuant to this section shall be accompanied by an adjacent notice meeting the budget summary requirements of s. 129.03(3)(b). Except for those taxing authorities proposing to levy ad valorem taxes for the first time, the following statement shall appear in the budget summary in boldfaced type immediately following the heading, if the applicable percentage is greater than zero:

THE PROPOSED OPERATING BUDGET EXPENDITURES OF ...(name of taxing authority)... ARE ...(percent rounded to one decimal place)... MORE THAN LAST YEAR'S TOTAL OPERATING EXPENDITURES.

For purposes of this paragraph, "proposed operating budget expenditures" or "operating expenditures" means all moneys of the local government, including dependent special districts, that:

1. Were or could be expended during the applicable fiscal year, or

2. Were or could be retained as a balance for future spending in the fiscal year.

Provided, however, those moneys held in or used in trust, agency, or internal service funds, and expenditures of bond proceeds for capital outlay or for advanced refunded debt principal, shall be excluded.

Section 22. Paragraph (c) of subsection (1) of section 338.223, Florida Statutes, is amended to read:

338.223 Proposed turnpike projects.—

(1)

(c) Prior to requesting legislative approval of a proposed turnpike project, the environmental feasibility of the proposed project shall be reviewed by the Department of Environmental Protection. The department shall submit its Project Development and Environmental Report to the Department of Environmental Protection, along with a draft copy of a public notice. Within 14 days of receipt of the draft public notice, the Department of Environmental Protection shall return the draft public notice to the Department of Transportation with an approval of the language or modifications to the language. Upon receipt of the approved or modified draft, or if no comments are provided

within 14 days, the Department of Transportation shall publish the notice as provided in chapter 50 ~~in a newspaper~~ to provide a 30-day public comment period. If published in the print edition of a newspaper, the headline of the required notice shall be in a type no smaller than 18 point, ~~. The notice~~ shall be placed in that portion of the newspaper where legal notices appear, and ~~.~~ ~~The notice~~ shall be published in a newspaper of general circulation in the county or counties of general interest and readership in the community as provided in s. 50.031, not one of limited subject matter. Whenever possible, the notice shall appear in a newspaper that is published at least weekly ~~5 days a week~~. All notices published pursuant to this section ~~The notice~~ shall include, at a minimum ~~but is not limited to~~, the following information:

1. The purpose of the notice is to provide for a 30-day period for written public comments on the environmental impacts of a proposed turnpike project.

2. The name and description of the project, along with a geographic location map clearly indicating the area where the proposed project will be located.

3. The address where such comments must be sent and the date such comments are due.

After a review of the department's report and any public comments, the Department of Environmental Protection shall submit a statement of environmental feasibility to the department within 30 days after the date on which public comments are due. The notice and the statement of environmental feasibility shall not give rise to any rights to a hearing or

other rights or remedies provided pursuant to chapter 120 or chapter 403, and shall not bind the Department of Environmental Protection in any subsequent environmental permit review.

Section 23. Subsection (3) of section 348.0308, Florida Statutes, is amended to read:

348.0308 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The agency may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by Internet publication or by print in a newspaper of general circulation in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the agency shall rank the proposals in order of preference. In ranking the proposals, the agency shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the agency is not satisfied with the results of the negotiations, it may, at its sole

discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the agency may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the agency may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The agency may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 24. Subsection (3) of section 348.635, Florida Statutes, is amended to read:

348.635 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in ~~and~~ a newspaper of general circulation in the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has

expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 25. Subsection (3) of section 348.7605, Florida Statutes, is amended to read:

348.7605 Public-private partnership.—The Legislature declares that there is a public need for the rapid construction of safe and efficient transportation facilities for traveling within the state and that it is in the public's interest to provide for public-private partnership agreements to effectuate the construction of additional safe, convenient, and economical transportation facilities.

(3) The authority may request proposals for public-private transportation projects or, if it receives an unsolicited proposal, it must publish a notice in the Florida Administrative Register and, as provided in chapter 50, by either Internet publication or by print in a newspaper of general circulation in

the county in which the project ~~it~~ is located at least once a week for 2 weeks stating that it has received the proposal and will accept, for 60 days after the initial date of publication, other proposals for the same project purpose. A copy of the notice must be mailed to each local government in the affected areas. After the public notification period has expired, the authority shall rank the proposals in order of preference. In ranking the proposals, the authority shall consider professional qualifications, general business terms, innovative engineering or cost-reduction terms, finance plans, and the need for state funds to deliver the proposal. If the authority is not satisfied with the results of the negotiations, it may, at its sole discretion, terminate negotiations with the proposer. If these negotiations are unsuccessful, the authority may go to the second and lower-ranked firms, in order, using the same procedure. If only one proposal is received, the authority may negotiate in good faith, and if it is not satisfied with the results, it may, at its sole discretion, terminate negotiations with the proposer. The authority may, at its discretion, reject all proposals at any point in the process up to completion of a contract with the proposer.

Section 26. Section 373.0397, Florida Statutes, is amended to read:

373.0397 Floridan and Biscayne aquifers; designation of prime groundwater recharge areas.—Upon preparation of an inventory of prime groundwater recharge areas for the Floridan or Biscayne aquifers, but prior to adoption by the governing board, the water management district shall publish a legal notice of public hearing on the designated areas for the

Floridan and Biscayne aquifers, with a map delineating the boundaries of the areas, as provided ~~in newspapers defined~~ in chapter 50 ~~as having general circulation within the area to be affected~~. The notice shall be at least one-fourth page and shall read as follows:

NOTICE OF PRIME RECHARGE
AREA DESIGNATION

The ...(name of taxing authority)... proposes to designate specific land areas as areas of prime recharge to the ...(name of aquifer)... Aquifer.

All concerned citizens are invited to attend a public hearing on the proposed designation to be held on ...(date and time)... at ...(meeting place)....

A map of the affected areas follows.

The governing board of the water management district shall adopt a designation of prime groundwater recharge areas to the Floridan and Biscayne aquifers by rule within 120 days after the public hearing, subject to the provisions of chapter 120.

Section 27. Section 373.146, Florida Statutes, is amended to read:

373.146 Publication of notices, process, and papers.—

(1) Whenever in this chapter the publication of any notice, process, or paper is required or provided for, unless otherwise provided by law, the publication thereof ~~in some newspaper or newspapers~~ as provided ~~defined~~ in chapter 50 is ~~having general circulation within the area to be affected shall be taken and~~

considered as being sufficient.

(2) Notwithstanding any other provision of law to the contrary, and except in the case of emergency meetings, water management districts may provide reasonable notice of public meetings held to evaluate responses to solicitations issued by the water management district, by publication as provided in chapter 50 ~~in a newspaper of general paid circulation in the county where the principal office of the water management district is located, or in the county or counties where the public work will be performed~~, no less than 7 days before such meeting.

Section 28. Subsection (12) of section 403.722, Florida Statutes, is amended to read:

403.722 Permits; hazardous waste disposal, storage, and treatment facilities.—

(12) On the same day of filing with the department of an application for a permit for the construction modification, or operation of a hazardous waste facility, the applicant shall notify each city and county within 1 mile of the facility of the filing of the application and shall publish notice of the filing of the application. The applicant shall publish a second notice of the filing within 14 days after the date of filing. Each notice shall be published as provided in chapter 50 ~~in a newspaper of general circulation in the county in which the facility is located or is proposed to be located~~. ~~Notwithstanding the provisions of chapter 50, for purposes of this section, a "newspaper of general circulation" shall be the newspaper within the county in which the installation or facility is proposed which has the largest daily circulation in~~

~~that county and has its principal office in that county. If the newspaper with the largest daily circulation has its principal office outside the county, the notice shall appear in both the newspaper with the largest daily circulation in that county, and a newspaper authorized to publish legal notices in that county.~~

The notice shall contain:

(a) The name of the applicant and a brief description of the project and its location.

(b) The location of the application file and when it is available for public inspection.

The notice shall be prepared by the applicant and shall comply with the following format:

Notice of Application

The Department of Environmental Protection announces receipt of an application for a permit from ...(name of applicant)... to ...(brief description of project).... This proposed project will be located at ...(location)... in ...(county)... ...(city)....

This application is being processed and is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at ...(name and address of office)....

Section 29. Paragraph (b) of subsection (3) of section 712.06, Florida Statutes, is amended to read:

712.06 Contents of notice; recording and indexing.—

(3) The person providing the notice referred to in s. 712.05, other than a notice for preservation of a community

covenant or restriction, shall:

(b) Publish the notice referred to in s. 712.05 by Internet publication as provided in s. 50.0211(5) or printed once a week, for 2 consecutive weeks, in a newspaper as defined in chapter 50~~, the notice referred to in s. 712.05,~~ with the official record book and page number in which such notice was recorded~~, in a newspaper as defined in chapter 50~~ in the county in which the property is located.

Section 30. Subsection (5) of section 849.38, Florida Statutes, is amended to read:

849.38 Proceedings for forfeiture; notice of seizure and order to show cause.—

(5) If the value of the property seized is shown by the sheriff's return to have an appraised value of $1,000 or less, the above citation shall be served by posting at three public places in the county, one of which shall be the front door of the courthouse; if the value of the property is shown by the sheriff's return to have an approximate value of more than $1,000, the citation shall be posted for at least 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5) or published in print at least once each week for 2 consecutive weeks in a ~~some~~ newspaper of general publication published in the county, if there is ~~be~~ such a newspaper published in the county. ~~and~~ If there is no newspaper of general circulation ~~not~~, the ~~then said~~ notice of such publication shall be made by certificate of the clerk if publication is made by posting, and by affidavit as provided in chapter 50, if made by publication as provided in chapter 50 ~~in a newspaper~~, which affidavit or certificate shall

be filed and become a part of the record in the cause. Failure of the record to show proof of such publication shall not affect any judgment made in the cause unless it shall affirmatively appear that no such publication was made.

Section 31. Paragraph (a) of subsection (3) of section 865.09, Florida Statutes, is amended to read:

865.09 Fictitious name registration.—

(3) REGISTRATION.—

(a) A person may not engage in business under a fictitious name unless the person first registers the name with the division by filing a registration listing:

1. The name to be registered.

2. The mailing address of the business.

3. The name and address of each registrant.

4. If the registrant is a business entity that was required to file incorporation or similar documents with its state of organization when it was organized, such entity must be registered with the division and in active status with the division; provide its Florida document registration number; and provide its federal employer identification number if the entity has such a number.

5. Certification by at least one registrant that the intention to register such fictitious name has been advertised as provided ~~at least once in a newspaper as defined~~ in chapter 50 in the county in which the principal place of business of the registrant is or will be located.

6. Any other information the division may reasonably deem necessary to adequately inform other governmental agencies and the public as to the registrant so conducting business.

Section 32. Paragraph (a) of subsection (6) of section 932.704, Florida Statutes, is amended to read:

932.704 Forfeiture proceedings.—

(6)(a) If the property is required by law to be titled or registered, or if the owner of the property is known in fact to the seizing agency, or if the seized property is subject to a perfected security interest in accordance with the Uniform Commercial Code, chapter 679, the attorney for the seizing agency shall serve the forfeiture complaint as an original service of process under the Florida Rules of Civil Procedure and other applicable law to each person having an ownership or security interest in the property. The seizing agency shall also publish, in accordance with chapter 50, notice of the forfeiture complaint for 2 consecutive weeks on a newspaper's website and the statewide legal notice website in accordance with s. 50.0211(5) or, if published in print, once each week for 2 consecutive weeks in a newspaper of general circulation~~, as defined in s. 165.031,~~ in the county where the seizure occurred.

Section 33. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 404
INTRODUCER:	Health Policy Committee and Senator Rouson
SUBJECT:	Office of Minority Health and Health Equity
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Smith	Brown	HP	**Fav/CS**
2.	Howard	Kidd	AHS	**Recommend: Favorable**
3.	Howard	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 404 creates section 381.735, F.S., to assign duties and responsibilities to the Office of Minority Health and Health Equity (office) within the Department of Health (department), which currently administers the Closing the Gap grant program. The bill requires the office to develop and promote the statewide implementation of policies, programs, and practices that increase health equity in this state, including increased access to and quality of health care services for racial and ethnic minority populations. The bill also requires the office to coordinate with agencies, organizations, and providers across the state to perform certain tasks, including gathering and analyzing data relating to health disparities.

The bill establishes that a representative from each county health department will serve as a liaison to the office and that the office will serve as a liaison to the federal Offices of Minority Health and Regional Health Operations. The bill requires the department to update information on its website at least annually and authorizes the department to adopt rules to implement the provisions of the bill.

The bill requires the office to use all available resources and pursue opportunities for increased funding to implement its duties and responsibilities.

The bill is projected to increase the department's workload and operational costs. The total projected fiscal impact is $6,079,202 in the General Revenue Fund including $5,728,124 in

recurring and $351,078 in nonrecurring. The workload increase is projected to require 11 full time equivalent (FTE) positions and 67 other personal services (OPS) staff.

The bill takes effect on July 1, 2021.

II. Present Situation:

History of the Office of Minority Health and Health Equity

In 1993, Florida's Minority Health Improvement Act authorized the Minority Health Commission. In 1995, the Commission sunset.[1] In 1998, the department established the Office of Equal Opportunity and Minority Health.[2] In 2004, the Legislature established the Office of Minority Health within the department, pursuant to s. 20.43(9), F.S.[3] In 2016, the Legislature renamed it as the Office of Minority Health and Health Equity (office).[4]

Currently, under s. 20.43, F.S., the office must be headed by a senior health equity officer who administers the Closing the Gap grant program in a manner that maximizes the impact of the grants in achieving health equity. The senior health equity officer must evaluate the grants awarded by the program and assess the effectiveness and efficiency of the use of funds to determine best practices. The senior health equity officer is also responsible for disseminating information on best practices to stakeholders and for ensuring that the assessments inform future grant award decisions.

The office currently has five FTE staff positions: one senior health equity officer, one grants administrator, two Florida-certified contract managers, and one administrative assistant. The office also has four OPS staff positions: one program evaluator, two program analysts, and one senior clerk.

Closing the Gap Grant Program

In 2000, the Florida Legislature created the Reducing the Racial and Ethnic Health Disparities: "Closing the Gap" (CTG) grant program.[5] The program is administered through the office and its implementation is subject to a specific appropriation in the General Appropriations Act.[6] The purposes of the grant program is to improve health outcomes of racial and ethnic populations and promote disease prevention activities in the following priority areas:

- Maternal and infant mortality;
- Cancer;
- HIV/AIDS;
- Cardiovascular disease;
- Diabetes;
- Adult and child immunization;

[5] Chapter 2000-256, ss. 31-32, Laws of Fla.
[6] Section 381.7356(7), F.S.

- Oral health care;
- Sickle cell disease;
- Lupus; and
- Alzheimer's disease and dementia.[7]

Closing the Gap grants are intended to stimulate the development of community and neighborhood-based projects that impact health outcomes of racial and ethnic populations and stimulate partnerships between state and local governments, faith-based organizations, private sector organizations, and other non-traditional partners.[8] Priority is given to grant proposals that:

- Represent areas with the greatest documented ethnic and racial health status disparities;
- Exceed the statutory local match requirement;[9]
- Demonstrate broad-based local community support from entities representing racial and ethnic populations;
- Demonstrate high levels of participation by the heath care community in clinical preventive services and health promotion activities;
- Have been submitted by counties with high levels of residents living in poverty and with poor health status indicators;
- Demonstrate a coordinated community approach to addressing racial and ethnic health disparities within existing publicly financed health care programs;
- Incorporate intervention mechanisms that have a high probability of improving the targeted populations health status;
- Demonstrate a commitment to quality management in all aspects of project administration and implementation; and
- Incorporate policy approaches that will lead to long-term sustainability and improvement.[10]

The office is responsible for:

- Publicizing the availability of funds and establishing an application process for submitting a grant proposal;
- Providing technical assistance and training, including a statewide meeting promoting best practice programs, as requested, to grant recipients;
- Developing uniform data reporting requirements for the purpose of evaluating the performance of the grant recipients and demonstrating improved health outcomes;
- Developing a monitoring process to evaluate progress toward meeting grant objectives; and
- Coordinating with existing community-based programs, such as chronic disease community intervention programs, cancer prevention and control programs, diabetes control programs, the Healthy Start program, the Florida Kidcare Program, the HIV/AIDS program, immunization programs, and other related programs at the state and local levels, to avoid duplication of effort and promote consistency.[11]

[11] Department of Health, *Senate Bill CS/404 Fiscal Analysis* (March 9, 2021) (on file with the Senate Appropriations Subcommittee on Health and Human Services).

III. Effect of Proposed Changes:

Section 1 creates s. 381.735, F.S., to assign duties and responsibilities to the Office of Minority Health and Health Equity (office) within the department. The bill specifies that one representative from each county health department will serve as a minority health liaison to assist the office. The bill tasks the office with:

- Developing and promoting the statewide implementation of policies, programs, and practices that increase health equity in this state, including increased access to and quality of health care services for racial and ethnic minority populations.
- Coordinating with agencies, organizations, and providers across the state to:
  - Gather and analyze data regarding disparities in health status, health outcomes, quality of care, and access to services;
  - Develop mechanisms to improve information dissemination and education;
  - Support minority health liaisons in their outreach endeavors;
  - Develop and promote synergistic initiatives between programs, including, but not limited to, programs related to maternal and child health and human immunodeficiency virus (HIV) and acquired immune deficiency syndrome (AIDS) to mitigate health disparities for racial and ethnic minority populations;
  - Promote evaluations of demonstration projects and disseminate the evaluation findings to enhance the success and sustainability of policies, programs, and practices that increase health equity in this state;
  - Promote the use of community health workers; and
  - Promote the development of programs that improve access to health care services for individuals with limited proficiency in the English language, including persons with disabilities.
- Serving as a liaison to and assisting the federal Offices of Minority Health and Regional Health Operations, as appropriate. There is an Office of Regional Operations within the Health Resources and Services Administration.[12] Offices of Minority Health are established within six federal Department of Health and Human Services agencies and the National Institutes of Health[13]:
  - Agency for Healthcare Research and Quality;
  - Centers for Disease Control and Prevention;
  - Centers for Medicare & Medicaid Services;
  - Food and Drug Administration;
  - Health Resources and Services Administration;
  - Substance Abuse and Mental Health Services Administration; and
  - NIH National Institute on Minority Health and Health Disparities.
- Using all available resources and pursuing opportunities for funding.

The bill tasks the department with maintaining and annually updating all of the following on its website:

[12] Health Resources and Services Administration, Office of Regional Operations, *available at* https://www.hrsa.gov/about/organization/bureaus/oro/index.html (last visited Feb. 25, 2021).
[13] U.S. Department of Health and Human Services Office of Minority Health, Offices of Minority Health at HHS, *available at* https://www.minorityhealth.hhs.gov/omh/browse.aspx?lvl=2&lvlid=7 (last visited Feb. 25, 2021).

- Data on health disparities and issues affecting racial and ethnic minority populations in Florida;
- Information about racial and ethnic minority populations in Florida and links to resources;
- Resources for health care providers to improve cultural competency, understand health disparities, and increase access to and the quality of care provided to racial and ethnic minority populations in Florida. These resources must include literature, research, referrals, capacity-building and technical assistance services, and training materials for implementing nationally recognized evidence-based best practices for culturally and linguistically appropriate health care services; and
- Contact information for local minority health liaisons.

The bill authorizes the department to adopt rules to implement s. 381.735, F.S.

Section 2 of the bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

CS/SB 404 is projected to increase the Department of Health's workload and operational costs. The total projected fiscal impact is $6,079,202 in the General Revenue Fund including $5,728,124 in recurring and $351,078 in nonrecurring. The workload increase is projected to require 11 FTE and 67 OPS staff. [14] The bill requires the office to "use *all available resources* and pursue opportunities for increased funding to achieve the purpose of" s. 381.735, F.S., as created by the bill and described in Section III of this analysis.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 381.735 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Health Policy on March 3, 2021:
The CS requires the office to coordinate with agencies, organizations, and providers across the state to gather and analyze specified data, as did the underlying bill. The CS further requires that the data and its analysis must include disparities in health outcomes.

The CS deletes provisions in the underlying bill that would have required the office to coordinate with agencies, organizations, and providers across the state to:

- Conduct demonstration projects or evaluations to ensure the success and sustainability of policies, programs, and practices that increase health equity;
- Gather and analyze data regarding the prevalence of racial and ethnic minority populations at risk of involvement with the criminal justice system, the juvenile justice system, and the foster care system or at risk for homelessness, and any disparities in such involvement or access to appropriate behavioral health services by those populations when compared to other populations in this state;
- Promote the creation of or participation in programs that divert individuals with mental health and substance use disorders from the criminal justice system and ensure the availability of quality behavioral health services; and

[14] Supra note 11.

- Develop and implement programs for specified purposes that improve access to health care services for individuals with limited proficiency in the English language by providing access to bilingual providers or interpretive services.

Instead, the CS requires the office to coordinate with agencies, organizations, and providers across the state to develop and promote synergistic initiatives between programs and to promote the evaluations of demonstration projects (developed and implemented by other organizations).

The CS requires the department, rather than the office, to maintain and annually update specified information on its website.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Health Policy; and Senator Rouson

588-02374-21 2021404c1

A bill to be entitled

An act relating to the Office of Minority Health and Health Equity; creating s. 381.735, F.S.; requiring the Office of Minority Health and Health Equity to develop and promote the statewide implementation of certain policies, programs, and practices; requiring one representative from each county health department to serve as a minority health liaison for a specified purpose; requiring the office to use all available resources and pursue funding opportunities to achieve this purpose; specifying duties for the office; requiring the Department of Health to maintain specified information on its website; requiring the office to serve as a liaison to and assist certain federal offices; authorizing the department to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 381.735, Florida Statutes, is created to read:

381.735 Office of Minority Health and Health Equity.—

(1) The Office of Minority Health and Health Equity established under s. 20.43(9) shall develop and promote the statewide implementation of policies, programs, and practices that increase health equity in this state, including, but not limited to, increased access to and quality of health care services for racial and ethnic minority populations. One representative from each county health department shall serve as

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-02374-21 2021404c1

a minority health liaison to assist the office in implementing this section. The office shall use all available resources and pursue opportunities for increased funding to achieve the purpose of this section.

(2) The office shall coordinate with agencies, organizations, and providers across this state to do all of the following:

(a) Gather and analyze data regarding disparities in health status, health outcomes, quality of health care, and access to health care services for racial and ethnic minority populations in this state.

(b) Develop mechanisms that support better information dissemination and education about health disparities which lead to improved access to and delivery of health care services for racial and ethnic minority populations in this state.

(c) Support minority health liaisons by facilitating access to and the exchange of information related to health promotion, preventive health services, and education in the appropriate use of care.

(d) Develop and promote synergistic initiatives between programs, including, but not limited to, programs related to maternal and child health and human immunodeficiency virus and acquired immune deficiency syndrome, to mitigate health disparities for racial and ethnic minority populations in this state.

(e) Promote evaluations of demonstration projects and disseminate the evaluation findings to enhance the success and sustainability of policies, programs, and practices that increase health equity in this state.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(f) Promote the use of community health workers to improve the cultural competency of services and build individual and community self-sufficiency.

(g) Promote the development of programs that improve access to health care services for individuals with limited proficiency in the English language, including persons with disabilities.

(3) The department shall maintain all of the following on its website, updated at least annually:

(a) Current data on health disparities and issues affecting racial and ethnic minority populations in this state.

(b) Information about and links to resources available to racial and ethnic minority populations in this state.

(c) Resources for providers who wish to improve cultural competency, understand health disparities, and increase the quality of and access to health care services for racial and ethnic minority populations in this state. These resources must include, but need not be limited to, minority health literature, research, and referrals; capacity-building and technical assistance services; and training materials for implementing nationally recognized evidence-based practices for culturally and linguistically appropriate health care services.

(d) Contact information for local minority health liaisons.

(4) The office shall serve as a liaison to and assist the federal Offices of Minority Health and Regional Health Operations, as appropriate.

(5) The department may adopt rules to implement this section.

Section 2. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 406 (244934)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Environment and Natural Resources Committee; and Senator Rodrigues
SUBJECT:	Big Cypress Basin
DATE:	April 16, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Anderson	Rogers	EN	**Fav/CS**
2.	Reagan	Betta	AEG	**Recommend: Fav/CS**
3.	Reagan	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 406 revises provisions relating to the Big Cypress Basin within the South Florida Water Management District (SFWMD). The bill:

- Revises the membership of the Big Cypress Basin governing board;
- Requires the governing board of the SFWMD to establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study, except that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary; and
- Requires that the SFWMD ensure that basin ad valorem taxes that are levied in counties within the Big Cypress Basin are used within the counties in which they were collected, and for local projects that improve flood protection, water quality, or natural systems.

The bill has no impact on state funds. The SFWMD states the bill will reduce available annual funding by $8.9 million for future operation and maintenance of the Central & Southern Florida (C&SF) Project flood control system, the operation and maintenance of the Comprehensive Everglades Restoration Plan (CERP) features, Northern Everglades features, Restoration Strategies features, and administration of the Big Cypress Basin.

The bill takes effect July 1, 2022.

II. Present Situation:

South Florida Water Management District (SFWMD)

The SFWMD is a regional governmental agency that manages the water resources in the southern half of the state, covering 16 counties from Orlando to the Florida Keys and serving a population of 8.7 million residents.[1] The SFWMD is responsible for managing and protecting South Florida's water resources by balancing and improving flood control, water supply, water quality, and natural systems.

Water management district governing boards may designate sub-districts or basins within the district and may revise the boundaries by resolution.[2] The SFWMD encompasses two major watershed basins, the Okeechobee Basin and the Big Cypress Basin. The Big Cypress Basin includes Collier County and part of Monroe County.[3] The rest of the geographic area within the SFWMD boundaries comprises the Okeechobee Basin, as indicated in the map below.[4]

[2] Section 373.0693(1), F.S.
[3] SFWMD, *Big Cypress Basin*, https://www.sfwmd.gov/who-we-are/bcb (last visited Feb. 2, 2021). The initial boundaries of the basin are provided in s. 373.0693(9), F.S.
[4] SFWMD, *Fiscal Year 2021-2022 Preliminary Budget Submission*, 79 (Jan. 15, 2021), *available at* https://www.sfwmd.gov/sites/default/files/documents/South_Florida_Water_Management_District_FY2021-22_Preliminary_Budget.pdf.

Big Cypress Basin

The Big Cypress Basin was established in 1977 and was charged with providing conservation, preservation, and enhancement of water resources in the region.[5] In 1979, an agreement with Collier County transferred the primary flood control system operation and maintenance responsibilities to the Big Cypress Basin. This agreement has been renewed every 10 years, and today the Big Cypress Basin provides flood control in cooperation with Collier County.[6]

The Big Cypress Basin is responsible for operating and maintaining 153 miles of primary canals, 45 water control structures, and four back pumps providing flood control during the wet season and protecting regional water supplies and environmental resources from over-drainage during the dry season.[7] The Big Cypress Basin also provides capital improvements to water management infrastructure and assists local governments and water utilities in developing alternative water supplies and implementing stormwater management programs.[8]

The Big Cypress Basin board sets the basin's regional policy, budget, and millage rate.[9] The SFWMD governing board has the authority to revise the boundaries of the Big Cypress Basin, but may not abolish the basin.[10] Members of the Big Cypress Basin board are appointed by the Governor and must be approved by the Florida Senate.[11] The Big Cypress Basin board must have at least five members.[12] The SFWMD governing board member appointed to represent the Southwest region also serves as the chairman of the Big Cypress Basin board.[13]

Ad Valorem Taxation

Water management district activities are partly financed by ad valorem property taxes paid by those who reside within the district.[14] Property tax, or millage, rates are set by each taxing authority and vary throughout the state. Water management district governing boards adopt the budget and millage rates. Article VII, Section 9 of the Florida Constitution prescribes maximum millage rates for water management districts and additional limits are imposed by statute.[15] The maximum millage for the SFWMD is 0.8 mill,[16] but district policy is to levy rolled-back rates.[17]

[15] Section 373.503(3)(a), F.S.
[16] *Id*.
[17] Section 200.065(1), F.S.

The total millage rate for the Big Cypress Basin in the 2020-2021 Fiscal Year was 0.2255, which applies to Collier County and the portion of mainland Monroe County that is in the Big Cypress Basin.[18] The total millage rate is comprised of the district-wide millage rate of 0.1103 and the Big Cypress Basin millage rate of 0.1152. The millage rate for the Okeechobee Basin in the 2020-2021 Fiscal Year was 0.2675, which applies to 15 of the SFWMD's 16 counties.[19] The total millage rate is comprised of the district-wide millage rate of 0.1103, the Okeechobee Basin millage rate of 0.1192, and the Everglades Construction Project millage rate of 0.0380.[20]

For the 2020-2021 Fiscal Year, $288.3 million of the SFWMD's budget is provided by ad valorem taxes.[21] The apportionment of ad valorem tax revenues within the SFWMD is a maximum of 40 percent for district purposes and a maximum of 60 percent for basin purposes.[22] The Big Cypress Basin budget approved by the SFWMD governing board was $14.3 million for the 2020-2021 Fiscal Year.[23] Approximately 76 percent of the revenue that funds the Big Cypress Basin budget comes from ad valorem taxes.[24]

Big Cypress Basin Boundary Delineation Study

Pursuant to Specific Appropriation 1606 in the 2020 General Appropriations Act, the SFWMD was instructed to conduct a study to recommend the most appropriate geographic boundaries for the Big Cypress Basin. The Legislature required that the proposed boundaries be based solely upon the common watershed within the Big Cypress Basin and be scientifically supported.[25] The completed study and recommendations were due to the Governor, the President of the Senate, and the Speaker of the House of Representatives by February 1, 2021.[26] The map below shows the proposed boundaries recommended in the study.[27]

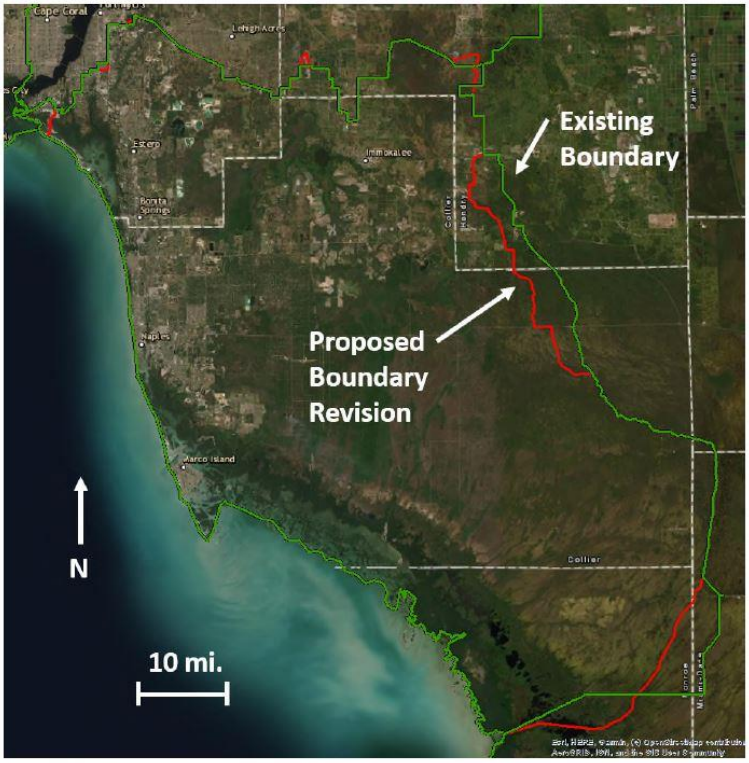

Figure 19. Full set of proposed revisions to existing Big Cypress Basin sub-basin boundary delineation. The green line represents the existing BCS sub-basin boundary, and the red line represents the proposed revisions to the boundary.

III. Effect of Proposed Changes:

Section 1 revises the membership of the Big Cypress Basin governing board. The bill requires the Governor to appoint four persons from Collier County and one person from Lee County who reside within the Big Cypress Basin. The bill deletes language that required the Governor to appoint at least five persons who reside in the Big Cypress Basin area.

The bill requires that at 11:59 p.m. on July 1, 2022, the governing board of the SFWMD establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study that the SFWMD completed pursuant to the 2020 General Appropriations Act.[28] The bill provides an exception that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary.

The bill also deletes obsolete language.

Section 2 revises ad valorem taxation within the SFWMD to require the district to ensure that:

- Apportionment of ad valorem tax revenue within the district meets existing statutory requirements that state that a maximum of 40 percent of revenues are used for district purposes and a maximum of 60 percent of revenues are used for basin purposes; and

[28] Ch. 2020-111, Laws of Fla. *See* p. 240, *available at* http://laws.flrules.org/files/Ch_2020-111.pdf.

- Basin ad valorem taxes levied within the counties that comprise the Big Cypress Basin are used for projects that improve flood protection, water quality, or natural systems within the counties in which they were collected.

Section 3 reenacts s. 373.0697, F.S., relating to basin taxes, to incorporate the amendments made in section 2 of the bill.

Section 4 states that the act takes effect on July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

To the extent that any areas of land are transferred from the Okeechobee Basin to the Big Cypress Basin under the bill, residents in those areas will see decreased property tax rates. If any areas of land are transferred from the Big Cypress Basin to the Okeechobee Basin under the bill, residents in those areas will see increased property tax rates.

C. Government Sector Impact:

According to the SFWMD, the bill results in the reduction of ad valorem collections and narrows the statutorily authorized usage of ad valorem revenue. The SFWMD states the bill reduces $8.9 million in annual recurring ad valorem revenue necessary for operation

and maintenance of the Central & Southern Florida (C&SF) Project flood control system, the operation and maintenance of the Comprehensive Everglades Restoration Plan (CERP) features, Northern Everglades features, Restoration Strategies features, and administration of the Big Cypress Basin.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 373.0693 and 373.503.

This bill reenacts section 373.0697 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (244934) by Appropriations (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government):
The proposed committee substitute:

- Revises the membership of the Big Cypress Basin governing board from five persons from Collier and Lee Counties to four persons from Collier County and one person from Lee County;
- Revises the date the governing board of the SFWMD establishes the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study from July 1, 2021, to July 1, 2022, at 11:59 p.m.
- Clarifies that ad valorem revenue is to be used within the counties in which they were collected, and for local projects that improve flood protection, water quality, or natural systems.
- Changes the effective date of the bill to July 1, 2022, from July 1, 2021.

CS by Environment and Natural Resources on February 15, 2021:
The committee substitute:

- Revises the bill to reflect the actual date the Big Cypress Boundary Delineation study was presented to the Legislature.
- Provides that the new Big Cypress Basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary, revised from 50 percent in the underlying bill.
- Requires the South Florida Water Management District to ensure that the basin ad valorem taxes that are levied in the Big Cypress Basin be used for flood control

operations and maintenance, as well as projects, within the counties in which the taxes were collected.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

244934

576-03932-21

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to the Big Cypress Basin amending s. 373.0693, F.S.; revising the membership of the Big Cypress Basin governing board; requiring the South Florida Water Management District to revise the boundaries of the Big Cypress Basin based on a specified study at a specified time; removing obsolete language; amending s. 373.503, F.S.; requiring the South Florida Water Management District to ensure that the distribution of basin ad valorem taxes collected within the Big Cypress Basin be used for specified purposes within the counties in which they were collected; reenacting s. 373.0697, F.S., relating to basin taxes, to incorporate the amendment made to s. 373.503, F.S., in a reference thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (9) of section 373.0693, Florida Statutes, is amended to read:

373.0693 Basins; basin boards.—

(9) At 11:59 p.m. on December 31, 1976, a portion of the Big Cypress Basin of the Ridge and Lower Gulf Coast District which is being annexed into the South Florida Water Management District by change of boundaries pursuant to chapter 76-243,

244934

576-03932-21

Laws of Florida, shall be formed into a subdistrict or basin of the South Florida Water Management District. Such portion shall be designated as the Big Cypress Basin. ~~On or before December 31, 1976,~~ The Governor shall appoint four ~~not fewer than five~~ persons from Collier County and one person from Lee County who reside within the Big Cypress Basin ~~residing in the area~~ to serve as members of the governing board of the basin, ~~effective at the time of transfer and~~ subject to confirmation by the Senate as provided in subsection (4).

(a) The initial boundaries of the Big Cypress Basin shall be established by resolution of the governing board of Central and Southern Florida Flood Control District, after notice and hearing, and generally shall encompass the Big Cypress Swamp and southwestern coastal area hydrologic cataloging unit, as indicated on River Basin and Hydrologic Unit Map of Florida—1975, Florida Department of Natural Resources, Bureau of Geology Map Series No. 72.

(b) At 11:59 p.m. on July 1, 2022, the governing board of the South Florida Water Management District shall establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study that the district presented to the Legislature on January 12, 2021, except that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary ~~If the governing board shall fail to establish the initial boundaries on or before December 31, 1976, the initial boundaries shall be the same boundaries as described for the Big Cypress Basin of the Ridge and Lower Gulf Coast District~~.

~~(c)~~ The governing board of the South Florida Water Management District subsequently may change the boundaries of the basin, but may not abolish the basin.

Section 2. Paragraph (b) of subsection (3) of section 373.503, Florida Statutes, is amended to read:

373.503 Manner of taxation.—

(3) The districts may levy ad valorem taxes on property within the district solely for the purposes of this chapter and of chapter 25270, 1949, Laws of Florida, as amended, and chapter 61-691, Laws of Florida, as amended. If appropriate, taxes levied by each governing board may be separated by the governing board into a millage necessary for the purposes of the district and a millage necessary for financing basin functions specified in s. 373.0695.

(b) ~~The apportionment in~~ The South Florida Water Management District shall ensure that:

1. The apportionment within the district is ~~be~~ a maximum of 40 percent for district purposes and a maximum of 60 percent for basin purposes; and

2. The basin ad valorem taxes levied within the counties that comprise the Big Cypress Basin are used as specified in s. 373.0695 within the counties in which they were collected, and for local projects improving flood protection, water quality, or natural systems~~, respectively~~.

Section 3. For the purpose of incorporating the amendment made by this act to section 373.503, Florida Statutes, in a reference thereto, section 373.0697, Florida Statutes, is reenacted to read:

373.0697 Basin taxes.—The respective basins may, pursuant

to s. 9(b), Art. VII of the State Constitution, by resolution request the governing board of the district to levy ad valorem taxes within such basin. Upon receipt of such request, a basin tax levy shall be made by the governing board of the district to finance basin functions enumerated in s. 373.0695, notwithstanding the provisions of any other general or special law to the contrary, and subject to the provisions of s. 373.503(3).

(1) The amount of money to be raised by said tax levy shall be determined by the adoption of an annual budget by the district board of governors, and the average millage for the basin shall be that amount required to raise the amount called for by the annual budget when applied to the total assessment of the basin as determined for county taxing purposes. However, no such tax shall be levied within the basin unless and until the annual budget and required tax levy shall have been approved by formal action of the basin board, and no county in the district shall be taxed under this provision at a rate to exceed 1 mill.

(2) The taxes provided for in this section shall be extended by the county property appraiser on the county tax roll in each county within, or partly within, the basin and shall be collected by the tax collector in the same manner and time as county taxes, and the proceeds therefrom paid to the district for basin purposes. Said taxes shall be a lien, until paid, on the property against which assessed and enforceable in like manner as county taxes. The property appraisers, tax collectors, and clerks of the circuit court of the respective counties shall be entitled to compensation for services performed in connection with such taxes at the same rates as apply to county taxes.

(3) It is hereby determined that the taxes authorized by this subsection are in proportion to the benefits to be derived by the several parcels of real estate within the basin from the works authorized herein.

Section 4. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 406

3.	Reagan	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 406 revises provisions relating to the Big Cypress Basin within the South Florida Water Management District (SFWMD). The bill:

- Revises the membership of the Big Cypress Basin governing board;
- Requires the governing board of the SFWMD to establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study, except that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary; and
- Requires that the SFWMD ensure that basin ad valorem taxes that are levied in counties within the Big Cypress Basin are used for projects and flood control operations and maintenance within the counties in which they are collected.

The bill has no impact on state funds. The SFWMD states the bill will reduce available annual funding by $8.9 million for future operation and maintenance of the Central & Southern Florida (C&SF) Project flood control system, the operation and maintenance of the Comprehensive Everglades Restoration Plan (CERP) features, Northern Everglades features, Restoration Strategies features, and administration of the Big Cypress Basin.

The bill takes effect July 1, 2021.

II. Present Situation:

South Florida Water Management District (SFWMD)

The SFWMD is a regional governmental agency that manages the water resources in the southern half of the state, covering 16 counties from Orlando to the Florida Keys and serving a population of 8.7 million residents.[1] The SFWMD is responsible for managing and protecting South Florida's water resources by balancing and improving flood control, water supply, water quality, and natural systems.

Water management district governing boards may designate sub-districts or basins within the district and may revise the boundaries by resolution.[2] The SFWMD encompasses two major watershed basins, the Okeechobee Basin and the Big Cypress Basin. The Big Cypress Basin includes Collier County and part of Monroe County.[3] The rest of the geographic area within the SFWMD boundaries comprises the Okeechobee Basin, as indicated in the map below.[4]

[17] Section 200.065(1), F.S.

The total millage rate for the Big Cypress Basin in the 2020-2021 Fiscal Year was 0.2255, which applies to Collier County and the portion of mainland Monroe County that is in the Big Cypress Basin.[18] The total millage rate is comprised of the district-wide millage rate of 0.1103 and the Big Cypress Basin millage rate of 0.1152. The millage rate for the Okeechobee Basin in the 2020-2021 Fiscal Year was 0.2675, which applies to 15 of the SFWMD's 16 counties.[19] The total millage rate is comprised of the district-wide millage rate of 0.1103, the Okeechobee Basin millage rate of 0.1192, and the Everglades Construction Project millage rate of 0.0380.[20]

For the 2020-2021 Fiscal Year, $288.3 million of the SFWMD's budget is provided by ad valorem taxes.[21] The apportionment of ad valorem tax revenues within the SFWMD is a maximum of 40 percent for district purposes and a maximum of 60 percent for basin purposes.[22] The Big Cypress Basin budget approved by the SFWMD governing board was $14.3 million for the 2020-2021 Fiscal Year.[23] Approximately 76 percent of the revenue that funds the Big Cypress Basin budget comes from ad valorem taxes.[24]

Big Cypress Basin Boundary Delineation Study

Pursuant to Specific Appropriation 1606 in the 2020 General Appropriations Act, the SFWMD was instructed to conduct a study to recommend the most appropriate geographic boundaries for the Big Cypress Basin. The Legislature required that the proposed boundaries be based solely upon the common watershed within the Big Cypress Basin and be scientifically supported.[25] The completed study and recommendations were due to the Governor, the President of the Senate, and the Speaker of the House of Representatives by February 1, 2021.[26] The map below shows the proposed boundaries recommended in the study.[27]

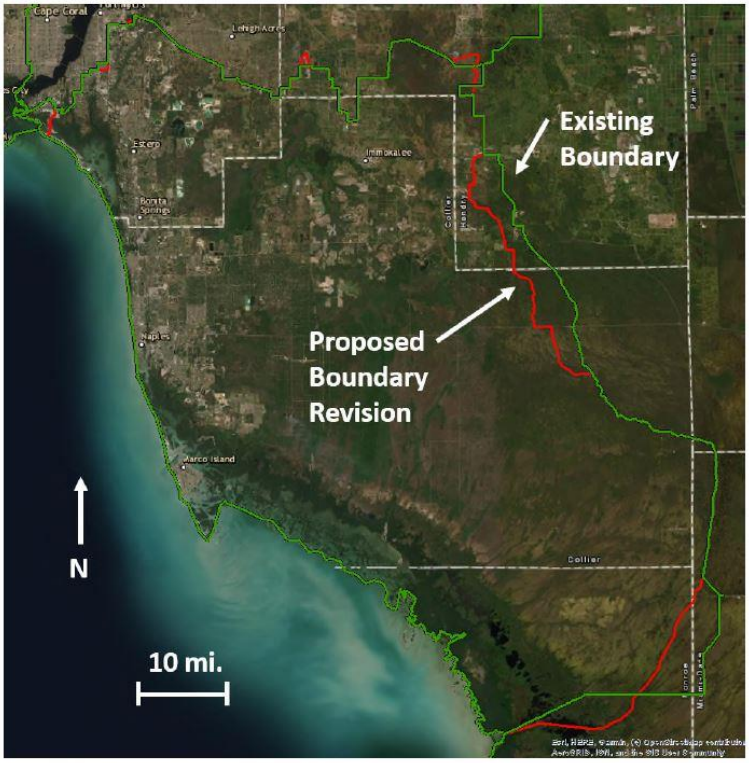

Figure 19. Full set of proposed revisions to existing Big Cypress Basin sub-basin boundary delineation. The green line represents the existing BCS sub-basin boundary, and the red line represents the proposed revisions to the boundary.

III. Effect of Proposed Changes:

Section 1 revises the membership of the Big Cypress Basin governing board. The bill requires the Governor to appoint five persons from Collier and Lee County who reside within the Big Cypress Basin. The bill deletes language that required the Governor to appoint at least five persons who reside in the Big Cypress Basin area.

The bill requires that at 11:59 p.m. on July 1, 2021, the governing board of the SFWMD establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study that the SFWMD completed pursuant to the 2020 General Appropriations Act.[28] The bill provides an exception that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary.

The bill also deletes obsolete language.

Section 2 revises ad valorem taxation within the SFWMD to require the district to ensure that:

- Apportionment of ad valorem tax revenue within the district meets existing statutory requirements that state that a maximum of 40 percent of revenues are used for district purposes and a maximum of 60 percent of revenues are used for basin purposes; and

[28] Ch. 2020-111, Laws of Fla. *See* p. 240, *available at* http://laws.flrules.org/files/Ch_2020-111.pdf.

- Basin ad valorem taxes levied within the counties that comprise the Big Cypress Basin are used for projects and flood control operations and maintenance within the counties in which they were collected.

Section 3 reenacts s. 373.0697, F.S., relating to basin taxes, to incorporate the amendments made in section 2 of the bill.

Section 4 states that the act takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

To the extent that any areas of land are transferred from the Okeechobee Basin to the Big Cypress Basin under the bill, residents in those areas will see decreased property tax rates. If any areas of land are transferred from the Big Cypress Basin to the Okeechobee Basin under the bill, residents in those areas will see increased property tax rates.

C. Government Sector Impact:

According to the SFWMD, the bill results in the reduction of ad valorem collections and narrows the statutorily authorized usage of ad valorem revenue. The SFWMD states the bill reduces $8.9 million in annual recurring ad valorem revenue necessary for operation

and maintenance of the Central & Southern Florida (C&SF) Project flood control system; the operation and maintenance of the Comprehensive Everglades Restoration Plan (CERP) features, Northern Everglades features, Restoration Strategies features, and administration of the Big Cypress Basin.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 373.0693 and 373.503.

This bill reenacts section 373.0697 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Environment and Natural Resources on February 15, 2021:
The committee substitute:

- Revises the bill to reflect the actual date the Big Cypress Boundary Delineation study was presented to the Legislature.
- Provides that the new Big Cypress Basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary, revised from 50 percent in the underlying bill.
- Requires the South Florida Water Management District to ensure that the basin ad valorem taxes that are levied in the Big Cypress Basin be used for flood control operations and maintenance, as well as projects, within the counties in which the taxes were collected.

B. Amendments:

None.

By the Committee on Environment and Natural Resources; and
Senator Rodrigues

592-02133-21 2021406c1

A bill to be entitled

An act relating to the Big Cypress Basin; amending s. 373.0693, F.S.; revising the membership of the Big Cypress Basin governing board; requiring the South Florida Water Management District to revise the boundaries of the Big Cypress Basin based on a specified study at a specified time; removing obsolete language; amending s. 373.503, F.S.; requiring the South Florida Water Management District to ensure that the distribution of basin ad valorem taxes collected within the Big Cypress Basin be used for projects and flood control operations and maintenance within the counties in which they were collected; reenacting s. 373.0697, F.S., relating to basin taxes, to incorporate the amendment made to s. 373.503, F.S., in a reference thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (9) of section 373.0693, Florida Statutes, is amended to read:

373.0693 Basins; basin boards.—

(9) At 11:59 p.m. on December 31, 1976, a portion of the Big Cypress Basin of the Ridge and Lower Gulf Coast District which is being annexed into the South Florida Water Management District by change of boundaries pursuant to chapter 76-243, Laws of Florida, shall be formed into a subdistrict or basin of the South Florida Water Management District. Such portion shall be designated as the Big Cypress Basin. ~~On or before December~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02133-21 2021406c1

~~31, 1976,~~ The Governor shall appoint ~~not fewer than~~ five persons from Collier and Lee Counties who reside within the Big Cypress Basin ~~residing in the area~~ to serve as members of the governing board of the basin, ~~effective at the time of transfer and~~ subject to confirmation by the Senate as provided in subsection (4).

(a) The initial boundaries of the Big Cypress Basin shall be established by resolution of the governing board of Central and Southern Florida Flood Control District, after notice and hearing, and generally shall encompass the Big Cypress Swamp and southwestern coastal area hydrologic cataloging unit, as indicated on River Basin and Hydrologic Unit Map of Florida—1975, Florida Department of Natural Resources, Bureau of Geology Map Series No. 72.

(b) At 11:59 p.m. on July 1, 2021, the governing board of the South Florida Water Management District shall establish the boundary of the Big Cypress Basin as the scientific boundary recommended in the Big Cypress Basin Boundary Delineation study that the district presented to the Legislature on January 12, 2021, except that the new basin boundary may include only counties that have at least 25 percent of their jurisdiction delineated within the boundary ~~If the governing board shall fail to establish the initial boundaries on or before December 31, 1976, the initial boundaries shall be the same boundaries as described for the Big Cypress Basin of the Ridge and Lower Gulf Coast District~~.

~~(c)~~ The governing board of the South Florida Water Management District subsequently may change the boundaries of the basin, but may not abolish the basin.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 2. Paragraph (b) of subsection (3) of section 373.503, Florida Statutes, is amended to read:

373.503 Manner of taxation.—

(3) The districts may levy ad valorem taxes on property within the district solely for the purposes of this chapter and of chapter 25270, 1949, Laws of Florida, as amended, and chapter 61-691, Laws of Florida, as amended. If appropriate, taxes levied by each governing board may be separated by the governing board into a millage necessary for the purposes of the district and a millage necessary for financing basin functions specified in s. 373.0695.

(b) ~~The apportionment in~~ The South Florida Water Management District shall ensure that:

1. The apportionment within the district is ~~be~~ a maximum of 40 percent for district purposes and a maximum of 60 percent for basin purposes; and

2. The basin ad valorem taxes levied within the counties that comprise the Big Cypress Basin are used for projects and flood control operations and maintenance within the counties in which they were collected~~, respectively~~.

Section 3. For the purpose of incorporating the amendment made by this act to section 373.503, Florida Statutes, in a reference thereto, section 373.0697, Florida Statutes, is reenacted to read:

373.0697 Basin taxes.—The respective basins may, pursuant to s. 9(b), Art. VII of the State Constitution, by resolution request the governing board of the district to levy ad valorem taxes within such basin. Upon receipt of such request, a basin tax levy shall be made by the governing board of the district to

finance basin functions enumerated in s. 373.0695, notwithstanding the provisions of any other general or special law to the contrary, and subject to the provisions of s. 373.503(3).

(1) The amount of money to be raised by said tax levy shall be determined by the adoption of an annual budget by the district board of governors, and the average millage for the basin shall be that amount required to raise the amount called for by the annual budget when applied to the total assessment of the basin as determined for county taxing purposes. However, no such tax shall be levied within the basin unless and until the annual budget and required tax levy shall have been approved by formal action of the basin board, and no county in the district shall be taxed under this provision at a rate to exceed 1 mill.

(2) The taxes provided for in this section shall be extended by the county property appraiser on the county tax roll in each county within, or partly within, the basin and shall be collected by the tax collector in the same manner and time as county taxes, and the proceeds therefrom paid to the district for basin purposes. Said taxes shall be a lien, until paid, on the property against which assessed and enforceable in like manner as county taxes. The property appraisers, tax collectors, and clerks of the circuit court of the respective counties shall be entitled to compensation for services performed in connection with such taxes at the same rates as apply to county taxes.

(3) It is hereby determined that the taxes authorized by this subsection are in proportion to the benefits to be derived by the several parcels of real estate within the basin from the works authorized herein.

Section 4. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 486
INTRODUCER:	Education Committee and Senator Bradley
SUBJECT:	Juvenile Justice Education Programs
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Jahnke	Bouck	ED	**Fav/CS**
2.	Underhill	Elwell	AED	**Recommend: Favorable**
3.	Underhill	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 486 modifies how juvenile justice education programs are operated and funded. These modifications include how instructional time is defined and how funds are allocated between school districts and educational providers. Specifically, the bill:

- Provides for equivalent hours of instruction in the definition of "juvenile justice education programs or schools" for nonresidential programs.
- Requires that at least 95 percent of Florida Education Finance Program (FEFP) funds generated by a student in Department of Juvenile Justice programs or specified education program for juveniles must be spent on instructional costs.
- Requires all contracts between district school boards and juvenile justice education programs to be in writing.
- Requires timely satisfaction of invoices by district school boards, with a penalty for late payments.
- Specifies that district school boards may not delay payment of funds owed to juvenile justice education programs pending receipt of local funds.

The bill has no impact on state revenues or expenditures. However districts will be required to spend an additional 5% of the FEFP funds generated by the Department of Juvenile Justice students on instructional costs. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

Juvenile Justice Education Programs and Schools

Juvenile justice education programs or schools operate for the purpose of providing educational services to youth in Department of Juvenile Justice (DJJ) programs, for a school year comprised of 250 days of instruction distributed over 12 months. At the request of the provider, a district school board may decrease the minimum number of days of instruction by up to 10 days for teacher planning for residential programs and up to 20 days for teacher planning for nonresidential programs, subject to the approval of the DJJ and the Department of Education (DOE).[1]

A juvenile justice provider is the DJJ, the sheriff, or a private, public, or other governmental organization under contract with the DJJ or the sheriff that provides treatment, care and custody, or educational programs for youth in juvenile justice intervention, detention, or commitment programs.[2]

Educational Services in DJJ Programs

The DOE acts as the lead agency for juvenile justice education programs and sets the standards for curriculum and other support services.[3]

Students who do not attend a local public school due to their placement in a DJJ detention, prevention, residential, or day treatment program are provided high-quality and effective educational programs by the local school district in which the DJJ facility is located or by an education provider through a contract with the local school district.[4] Each program must be conducted according to applicable law providing for the operation of public schools and rules of the State Board of Education.[5]

The district school board must make provisions for each student to participate in basic, Career and Professional Education (CAPE), and exceptional student programs, as appropriate. Students served in DJJ education programs must have access to the appropriate courses and instruction to prepare them for the high school equivalency examination. School districts must provide the high school equivalency examination exit option for all juvenile justice education programs.[6]

With the assistance of the school districts and juvenile justice education providers, the DOE must select a common student assessment instrument and protocol for measuring student learning gains and student progression while a student is in a juvenile justice education program.[7]

---

[1] Section 1003.01(11)(a), F.S.
[2] Section 1003.01(11)(b), F.S.
[3] Section 1003.52(1), F.S.
[4] Rule 6A-6.05281(2), F.A.C.
[5] Section 1003.52(3)(a), F.S.
[6] *Id.*
[7] Section 1003.52(3)(b), F.S.

Funding of Students Enrolled in Juvenile Justice Education Programs

Funding for eligible students enrolled in juvenile justice education programs is provided through the Florida Education Finance Program (FEFP).[8] Students participating in high school equivalency examination preparation programs are funded at the basic program cost factor for DJJ programs in the FEFP.[9]

Funding of instruction in a standard school is limited to 900 hours for a student in Grade 4 through Grade 12 and 720 hours for a student in Kindergarten through Grade 3. DJJ programs are permitted to receive funding for instruction provided beyond the 180 day limit. DJJ students, both residential and nonresidential, are funded for one FTE (900 hours or 180 days of instruction during the regular school year) and up to an additional 45 days (or 350 hours) of instruction during the summer, for a total of 250 days of instruction. DJJ programs are the only exception to the summer school earning and reporting of FTE because their programs are year-round.[10]

An hourly equivalent for the 250 days of instruction has not been established in statute, administrative rule, or through DOE guidelines. Flexibility within the 25-hour week was provided to DJJ programs through an October 2010 DOE technical assistance paper. However, when rule 6A-6.05281 of the Florida Administrative Code, was amended, the flexibility was removed.[11]

At least 90 percent of the FEFP funds generated by students in DJJ programs or in an education program for juveniles must be spent on instructional costs for those students.[12]

One hundred percent of the formula-based categorical funds[13] generated by students in DJJ programs must be spent on appropriate categoricals, such as instructional materials and public school technology for those students.[14]

Contracts with Providers

Each school district that provides educational services to students in a DJJ facility must negotiate a cooperative agreement with DJJ and may negotiate educational service contracts with private education service providers if they do not directly provide the education services.[15] The district school board of the county in which the juvenile justice education prevention, day treatment, residential, or detention program is located must provide or contract for appropriate educational assessments and an appropriate program of instruction and special education services.[16] Such contracts must include the following:

[8] Section 1011.62, F.S.
[9] Section 1003.52(3)(a), F.S.
[10] Section 1011.61, F.S.
[11] Department of Education, Senate Bill 486 *Legislative Bill Analysis* (Jan. 11, 2021) (on file with the Senate Appropriations Subcommittee on Education).
[12] Section 1003.51(2)(i), F.S.
[13] Section 1011.62(10), F.S.
[14] Section 1003.51(2)(i), F.S.
[15] Florida Department of Education, *Developing Effective Education in the Department of Juvenile Justice Annual Report 2019-2019 available at* http://www.fldoe.org/core/fileparse.php/7567/urlt/DevEffEduDJJ1819.pdf.
[16] Section 1003.52(3), F.S. and Rule 6A-6.05281(9), F.A.C.

- Payment structure and amounts;
- Access to district services;
- Contract management provisions;
- Data maintenance and reporting requirements;
- Administrative guidelines and oversight of federal programs; and
- Require that all educational services comply with this rule.[17]

III. Effect of Proposed Changes:

The bill modifies how juvenile justice education programs are operated and funded. These modifications include how instructional time is defined and how funds are allocated between school districts and educational providers.

The bill modifies the definition of "juvenile justice education programs or schools" by allowing for the number of instructional days, currently 250 days over 12 months, to be expressed in equivalent hours for nonresidential programs. These hours must be specified by the State Board of Education (SBE) and reviewed annually. Further, the bill specifies that current law authorizing a district school board to decrease the minimum number of days of instruction by up to 20 days for nonresidential programs may also be expressed in hours, subject to SBE rule. In any case, a DJJ nonresidential program will still be funded based on one FTE (900 hours) for the regular school year and up to 350 hours (.38 FTE) during the summer school period.

The bill adjusts the requirements for Florida Education Finance Program (FEFP) funds generated by students in Department of Juvenile Justice (DJJ) or juvenile delinquency education programs. The bill increases the funding amounts that must be spent on instructional cost for students from 90 percent to 95 percent of the funds generated. Increasing the percentage of FEFP dollars that must be provided to a DJJ educational program for instructional cost from 90 percent to 95 percent would have a 5 percent reduction for school districts in administrative dollars which are often used to provide accountability oversight.[18] Districts that have a high administrative overhead may have difficulty providing the same level of administrative support and oversight within the five percent of funds generated by the DJJ program FEFP. If that is the case, then the supplemental administrative funds will have to be provided from some other source.

The bill provides additional requirements for contracts between district school boards and juvenile justice education programs. Specifically, the bill requires:

- All contracts to be in writing between district school boards desiring to contract directly with juvenile justice education programs to provide academic instruction.
- New or renewal contracts to be executed and negotiated within 40 days after the district school board provides the proposal, unless both parties agree to an extension.
- District school boards to satisfy invoices issued by the juvenile justice education program within 15 working days after receipt.
    - If a district school board does not timely issue a warrant for payment, it must pay to the juvenile justice education program interest at a rate of one percent per month, calculated

[17] Rule 6A-6.05281(9), F.A.C.
[18] Department of Juvenile Justice, *Legislative Bill Analysis for SB 486* (Jan. 25, 2021).

on a daily basis, on the unpaid balance until such time as a warrant is issued for the invoice and accrued interest amount.

- District school boards may not delay payment to a juvenile justice education program of any portion of funds owed pending the district's receipt of local funds.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

This bill has no impact on state appropriations; however, it does affect school district expenditure of funds for DJJ programs.

The requirement for school districts to spend 95 percent of the funds generated by DJJ students on instructional costs for those students, an increase of 5 percent over the

percentage required under current law, may result in approximately an additional $2.1 million being spent on instructional costs by districts for DJJ students.[19]

This would be a 5% reduction in administrative dollars for the districts, which are often used to provide accountability oversight.[20] Districts that have high administrative overhead for the DJJ programs may be challenged to provide the same level of administrative and accountability support within the funds generated by the DJJ program FEFP. If that is the case, then supplemental administrative funds will have to be provided from some other source.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1003.01, 1003.51, and 1003.52.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Education on March 2, 2021:
The committee substitute:
- Clarifies that the use of equivalent instructional days expressed in hours is only applicable to nonresidential programs.
- Removes redundant language regarding equivalent hours as specified in the State Board of Education rule.
- Modifies the length of time district school boards must satisfy invoices issued by juvenile justice programs from 10 working days to 15 working days.
- Removes the requirement that district school boards provide proposed contracts to juvenile justice education programs by April 1.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[19] Department of Education, Senate Bill 486 *Legislative Bill Analysis* (Jan. 11, 2021) (on file with the Senate Appropriations Subcommittee on Education).
[20] Department of Juvenile Justice, Senate Bill 486 *Legislative Bill Analysis* (Jan. 25, 2021) (on file with the Senate Appropriations Subcommittee on Education).

By the Committee on Education; and Senator Bradley

581-02355-21 2021486c1

A bill to be entitled

An act relating to juvenile justice education programs; amending s. 1003.01, F.S.; redefining the term "juvenile justice education programs or schools"; amending s. 1003.51, F.S.; increasing the percentage of certain funds that must be spent on specified costs; clarifying that Department of Juvenile Justice education programs are entitled to certain funds; requiring such funds to be spent in a certain manner; amending 1003.52, F.S.; requiring that contracts between district school boards and juvenile justice education programs be in writing; providing a timeframe within which district school boards and juvenile justice education programs must negotiate and execute their contracts; authorizing an extension of time; requiring the Department of Education to provide mediation services for certain disputes; requiring district school boards satisfy certain invoices within a specified timeframe; requiring district school boards that fail to timely issue a warrant for payment to also pay interest at a specified rate to the juvenile justice education program; prohibiting school boards from delaying certain payments pending receipt of local funds; conforming a cross-reference; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (11) of section

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02355-21 2021486c1

1003.01, Florida Statutes, is amended to read:

1003.01 Definitions.—As used in this chapter, the term:

(11)(a) "Juvenile justice education programs or schools" means programs or schools operating for the purpose of providing educational services to youth in Department of Juvenile Justice programs, for a school year composed ~~comprised~~ of 250 days of instruction, or the equivalent expressed in hours as specified in State Board of Education rule, distributed over 12 months. If the period of operation is expressed in hours, the State Board of Education must review the calculation annually. The use of the equivalent expressed in hours is only applicable to nonresidential programs. At the request of the provider, a district school board may decrease the minimum number of days of instruction by up to 10 days for teacher planning for residential programs and up to 20 days or equivalent hours as specified in the State Board of Education rule for teacher planning for nonresidential programs, subject to the approval of the Department of Juvenile Justice and the Department of Education.

Section 2. Paragraph (i) of subsection (2) of section 1003.51, Florida Statutes, is amended to read:

1003.51 Other public educational services.—

(2) The State Board of Education shall adopt rules articulating expectations for effective education programs for students in Department of Juvenile Justice programs, including, but not limited to, education programs in juvenile justice prevention, day treatment, residential, and detention programs. The rule shall establish policies and standards for education programs for students in Department of Juvenile Justice programs

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and shall include the following:

(i) Funding requirements, which must provide ~~shall include the requirement~~ that at least 95 ~~90~~ percent of the FEFP funds generated by students in Department of Juvenile Justice programs or in an education program for juveniles under s. 985.19 must be spent on instructional costs for those students. Department of Juvenile Justice education programs are entitled to 100 ~~one hundred~~ percent of the formula-based categorical funds generated by students in Department of Juvenile Justice programs. Such funds must be spent on appropriate categoricals, such as instructional materials and public school technology for those students.

Section 3. Present paragraphs (a) and (b) of subsection (3) of section 1003.52, Florida Statutes, are redesignated as paragraphs (c) and (d), respectively, and new paragraphs (a) and (b) are added to that subsection, and paragraph (a) of subsection (17) of that section is amended, to read:

1003.52 Educational services in Department of Juvenile Justice programs.—

(3) The district school board of the county in which the juvenile justice education prevention, day treatment, residential, or detention program is located shall provide or contract for appropriate educational assessments and an appropriate program of instruction and special education services.

(a) All contracts between a district school board desiring to contract directly with juvenile justice education programs to provide academic instruction for students in such programs must be in writing. Unless both parties agree to an extension of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

time, the district school board and the juvenile justice education program shall negotiate and execute a new or renewal contract within 40 days after the district school board provides the proposal to the juvenile justice education program. The Department of Education shall provide mediation services for any disputes relating to this paragraph.

(b) District school boards shall satisfy invoices issued by juvenile justice education programs within 15 working days after receipt. If a district school board does not timely issue a warrant for payment, it must pay to the juvenile justice education program interest at a rate of 1 percent per month, calculated on a daily basis, on the unpaid balance until such time as a warrant is issued for the invoice and accrued interest amount. The district school board may not delay payment to a juvenile justice education program of any portion of funds owed pending the district's receipt of local funds.

(17) The department, in collaboration with the Department of Juvenile Justice, shall collect data and report on commitment, day treatment, prevention, and detention programs. The report shall be submitted to the President of the Senate, the Speaker of the House of Representatives, and the Governor by February 1 of each year. The report must include, at a minimum:

(a) The number and percentage of students who:

1. Return to an alternative school, middle school, or high school upon release and the attendance rate of such students before and after participation in juvenile justice education programs.

2. Receive a standard high school diploma or a high school equivalency diploma.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3. Receive industry certification.

4. Enroll in a postsecondary educational institution.

5. Complete a juvenile justice education program without reoffending.

6. Reoffend within 1 year after completion of a day treatment or residential commitment program.

7. Remain employed 1 year after completion of a day treatment or residential commitment program.

8. Demonstrate learning gains pursuant to paragraph (3)(d) ~~(3)(b)~~.

Section 4. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Senate Appropriations Committee
201 Capitol
404 South Monroe Street
Tallahassee, Florida 32399-1100

Dear Chair Stargel:

I respectfully request that CS/SB 486 be placed on the committee's agenda at your earliest convenience. The bill relates to juvenile justice educational programs in the state. Among other provisions, the bill increases from 90% to 95%, the FEFP percentage that must be spent on instructional costs. It also creates a timeline for the execution and payment of contracts with school districts.

Thank you for your consideration of this request.

Sincerely,

Jennifer Bradley

Jennifer Bradley

2.	Proctor	Vickers	TR	**Favorable**
3.	Bruno	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 566 establishes insurance and operational requirements for peer-to-peer car-sharing programs (car-sharing programs). Under the bill, peer-to-peer car-sharing is the authorized use of a motor vehicle by an individual other than a shared vehicle's owner (vehicle owner) through a car-sharing program that connects motor vehicle owners with drivers for financial consideration.

The bill confirms that Florida's sales tax applies to car-sharing programs. The bill imposes a reduced surcharge of $1 per day on a motor vehicle rental or lease with a duration of less than 24 hours and on a car-sharing program agreement.

The bill requires that the car-sharing program ensure that during the car-sharing period, the vehicle owner and shared vehicle driver (driver) are insured to at least the minimum statutory requirements for property damage liability, bodily injury liability, personal injury protection, and uninsured motorist coverage. The car-sharing program must assume liability for damages that may occur during the car-sharing period in amounts that may not be less than the minimum statutory liability coverage requirements for bodily injury, property damage, personal injury protection, and uninsured motorist, with exceptions. The bill provides that car-sharing programs and vehicle owners are exempt from vicarious liability consistent with federal law.

The bill also requires a car-sharing program to:

- Keep and retain specified records;

- Provide notice to vehicle owners and drivers of the rates of the car-sharing program contract, the car-sharing programs' right to seek indemnification and make defenses, the fact that a vehicle owner's motor vehicle liability insurance may exclude coverage for a shared vehicle, conditions under which the driver must maintain insurance, and an emergency telephone number for roadside assistance and customer service inquiries;
- Require that drivers have a current, valid driver license or be otherwise authorized to drive;
- Have sole responsibility for equipment put in or on the shared vehicle to monitor or facilitate the peer-to-peer car-sharing transaction; and
- Verify shared vehicles have been repaired pursuant to any safety recalls, provide notice the vehicle owner of recalls, and remove vehicles from the car-sharing program that have not been repaired.

The Revenue Estimating Conference determined that the provisions of the bill that clarify that peer-to-peer car-sharing programs must collect sales tax will increase General Revenue Fund receipts, Trust Fund receipts, and local government receipts by an indeterminate amount in Fiscal Year 2021-2022 and each year thereafter.

The bill takes effect January 1, 2022.

II. Present Situation:

Motor Vehicle Rentals

Section 322.38, F.S., provides driver license-related requirements for renting a motor vehicle to another person. A person may not rent a motor vehicle to any other person unless the other person is duly licensed in Florida or, if a nonresident, is licensed under the laws of the state or country of his or her residence, except a nonresident whose home state or country does not require that an operator be licensed. Prior to the rental, the rentee must inspect the driver license of the person to whom the vehicle is to be rented and verify that the driver license is unexpired.

Every person renting a motor vehicle to another is required to keep a record of the registration number of the motor vehicle, the name and address of the person to whom the vehicle is rented, the number of the license of the renter, and the place where the license was issued. The record must be open to inspection by any police officer, or officer or employee of the Department Highway Safety and Motor Vehicles.

If a rental car company rents a motor vehicle to a person through digital, electronic, or other means which allows the renter to obtain possession of the motor vehicle without direct contact with an agent or employee of the rental car company, or if the renter does not execute a rental contract at the time he or she takes possession of the vehicle, the rental car company is deemed to have met the above obligations when the rental car company, at the time the renter enrolls in a membership program, master agreement, or other means of establishing use of the rental car company's services, or any time thereafter, requires the renter to verify that he or she is duly licensed and that the license is unexpired.

Peer-to-Peer Car-sharing

Car owners interested in sharing their vehicles can register as a vehicle owner on a car-sharing program's website.[1] Car-sharing programs require photos of the car and help the vehicle owner determine a rental fee based on the location and type of car. The vehicle owner then specifies the car's availability. The vehicle owner may choose to have the car picked up at his or her house, deliver the vehicle, or have it picked up at an airport. Vehicle owners typically receive between 65 and 75 percent of the fees. Payments are typically through direct deposit.[2]

Drivers also register with the car-sharing program. The car-sharing program will conduct a background check and review the drivers' driving records before approving them. The process involves choosing an available car, reserving a pick-up date and time, and providing credit card information if it is not already on file. At the end of the sharing period, the driver replaces any consumed fuel before returning the car to its pickup location.[3]

One car-sharing website reports that its car-sharing program has users in 56 countries in over 5,500 cities across the world. It also has over 850 makes and models of vehicles and offers up to $1 million in liability insurance.[4]

Car-Sharing Service

"Car-sharing service" is a membership-based organization or business that requires the payment of an application or membership fee and provides member access to motor vehicles:

- Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting with car-sharing service members;
- Twenty-four hours per day, seven days per week;
- Only through automated means, which may include, but are not limited to, smartphone applications or electronic membership cards;
- On hourly or shorter increments;
- Without a separate fee for refueling the motor vehicle;
- Without a separate fee for minimum financial responsibility liability insurance; and
- Owned or controlled by the car-sharing service or its affiliates.

Minimum Insurance Requirements for Motor Vehicles

Florida's Financial Responsibility Law of 1955[5] provides financial security requirements for motor vehicle owners and operators whose responsibility it is to recompense others for injury to person or property caused by the operation of a motor vehicle.[6] In combination with the Florida Motor Vehicle No-Fault Law,[7] operators of motor vehicles with four or more wheels are required

[1] Turo, Getaround, and Avail are examples of peer-to-peer car-sharing programs.

to purchase minimum insurance coverages for property damage liability[8] and personal injury protection.[9]

Property damage liability (PD) coverage pays damages to the third-party's property caused by the insured or member of the insured's household up to policy limits. Florida law currently requires minimum PD coverage limits in the amount of $10,000, or $30,000 for a combined PD and bodily injury liability policy.[10]

Personal injury protection (PIP) coverage pays the reasonable expenses for necessary medical services, lost wages, replacement services, and a death benefit to the insured for damages incurred in an accident regardless of fault. PIP coverage extends beyond the insured to include household relatives, pedestrians, and passengers without PIP coverage. Florida law currently requires minimum PIP coverage limits in the amount of $10,000 in the event of bodily injury to any one person who sustains an emergency medical condition,[11] which is reduced to a $2,500 limit for medical benefits if a treating medical provider does not determine an emergency medical condition existed.[12] PIP coverage provides reimbursement for 80 percent of reasonable medical expenses, 60 percent of loss of income, and 100 of replacement services, for bodily injuries sustained in a motor vehicle accident, without regard to fault. PIP coverage also provides a $5,000 death benefit.[13]

Liability for Motor Vehicle Lessors

Florida's Financial Responsibility Law of 1955 also provides liability limits applicable to rented and leased vehicles. Under a motor vehicle rental or lease agreement with a term of less than one year, the lessor is deemed the owner for the purpose of determining liability for the operation of the vehicle or the acts of the operator in connection therewith up to $100,000 per person and $300,000 per incident for bodily injury.[14] The lessor is liable for property damage up to $50,000.[15]

However, if the lessee or the operator of the motor vehicle is uninsured or has any insurance with limits less than $500,000 combined PD and BI, the lessor is liable up to an additional $500,000 in economic damages arising from the operation of the motor vehicle.[16] This additional specified liability of the lessor for economic damages is reduced by amounts actually recovered from the lessee, from the operator, and from any insurance or self-insurance covering the lessee or operator.[17]

Additional Optional Insurance Coverages for Motor Vehicles

Bodily injury liability (BI) coverage pays for bodily injury expenses caused by the insured or members of the insured's household to third-party in an accident. This coverage pays economic damages, such as medical bills and lost wages, and non-economic damages, such as pain and suffering of the third-party, up to policy limits. This coverage also provides legal representation and attorney fees to the insured in the event of a lawsuit. A driver in compliance with the requirement to carry PIP coverage is not required to maintain BI, except that Florida law requires proof of ability to pay monetary damages in the amount of $10,000 because of bodily injury to, or death of, one person in any one crash, and $20,000 for bodily injury to, or death of, two or more persons in any one crash.[18] Additionally, motor vehicle insurance policies providing BI must also provide uninsured motor coverage.[19]

Uninsured motorist (UM) coverage pays the insured and passengers if injured by an uninsured or underinsured at-fault party. The coverage pays medical benefits and lost wages, and also covers pain and suffering damages. In Florida, UM is an optional coverage but must be offered up to the same limits as the insured has for BI.[20]

Florida Sales and Use Tax and Motor Vehicle Rental Surcharges

The lease or rental of tangible personal property, including vehicles, is taxable.[21] When a motor vehicle is leased or rented in Florida for a period of less than 12 months, the entire amount of such rental is taxable at the rate of six percent[22] of the gross proceeds derived from the lease or rental.[23] A "lease or rental" is defined as the leasing or renting or tangible personal property and the possession or use of property by the lessee or renter for a consideration, without transfer of title.[24] The lessor is required to be registered as a dealer and to collect tax on the total amount of the lease or rental charges from the lessee.[25]

Rule 12A-16.002(7), F.A.C., provides in pertinent part that "any person who has leased or rented a for hire passenger motor vehicle under the terms of a lease or rental agreement…and cannot prove that the rental car surcharge has been paid to the lessor or other person will be directly liable to the state for any surcharge, interest, or penalty due on such transaction." The lessee, therefore, is also liable for payment of the rental car surcharge if the lessor fails to collect.

Florida law imposes a surcharge[26] of $2.00 per day, or any part of a day, upon the lease or rental of a "motor vehicle licensed for hire"[27] and designed to carry less than nine passengers,

[18] Section 324.022, F.S.
[19] Section 627.727(1), F.S.
[20] Section 627.727(2), F.S.
[21] Section 212.05(1), F.S.
[22] Discretionary county sales surtax, if any, is also owed if the six percent Florida state sales tax applies. *See* s. 212.054, F.S.
[23] Section 212.05(1)(c), F.S.
[24] Section 212.02(10)(g), F.S.
[25] Rule 12A-1.007(13)(a)1, F.A.C.
[26] The rental car surcharge is subject to sales and use tax. *See* s. 212.0606(1), F.S. and Rule 12A-16.002(6)(c), F.A.C.
[27] The term "for hire passenger motor vehicle" means any automobile designed to carry fewer than nine (9) passengers let or rented to another for consideration; offered for lease or rent as a means of transportation for compensation; advertised; or generally held out as being for lease or rent. The term "for hire passenger motor vehicle" does not include any motorcycle,

regardless of whether such motor vehicle is licensed in Florida.[28] The surcharge applies to the first 30 days of the term of any lease or rental.[29] Pursuant to Rule 12A-16.002(1)(b), F.A.C., "[e]ach person engaged in the business of leasing or renting for hire passenger motor vehicles is required to collect the rental car surcharge when the lease or rental payments are to be paid under the terms of the lease or rental agreement." The term "person" includes "any individual, firm, copartnership, joint adventure, association, corporation, estate, trust, business trust, receiver, syndicate, or other group or combination acting as a unit…."[30] The term "business" is defined to mean "any activity engaged in by any person, or caused to be engaged in by him or her, with the object or public gain, benefit, or advantage, either direct or indirect."[31]

The $2.00 surcharge does not apply to rentals by a member of a car-sharing service when the motor vehicle is used for less than 24 hours.[32] Members of a car-sharing service who use a motor vehicle for less than 24 hours (pursuant to an agreement with the service) are required to pay a $1.00 surcharge, per usage.[33] The term "car-sharing service" means a membership-based organization or business, or division thereof, which requires the payment of an application or membership fee and provides member access to motor vehicles:

- Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting with car-sharing service members;
- Twenty-four hours per day, 7 days per week;
- Only through automated means, including, but not limited to, smartphone applications or electronic membership cards;
- On an hourly basis or for a shorter increment of time;
- Without a separate fee for refueling the motor vehicle;
- Without a separate fee for minimum financial responsibility liability insurance; and
- Owned or controlled by the car-sharing service or its affiliates.[34]

80 percent of the proceeds of this surcharge are deposited in the State Transportation Trust Fund, 15.75 percent of the proceeds of this surcharge are deposited in the Tourism Promotional Trust Fund, and 4.25 percent of the proceeds of this surcharge are deposited in the Florida International Trade and Promotion Trust Fund.

The surcharge deposited in the State Transportation Trust Fund is allocated on an annual basis in the Department of Transportation's work program to each department district, except the Turnpike District. The amount allocated to each district must be based on the amount of surcharge attributed to the counties within each respective district.[35]

The surcharge deposited in the Tourism Promotional Trust Fund must be used to support the authorized activities and operations and the tourism promotion and marketing activities, services, functions, and programs administered by Enterprise Florida, Inc.,[36] and the surcharge deposited into the Florida International Trade and Promotion Trust Fund must be used for the operation of Enterprise Florida, Inc.[37]

III. Effect of Proposed Changes:

Section 1 amends s. 212.05, F.S., to subject the lease or rental of a motor vehicle by a peer-to-peer car-sharing program to the six percent sales tax on of the gross proceeds derived from the lease or rental of a motor vehicle.

Section 2 amends s. 212.0606, F.S., to reduce the surcharge for a peer-to-peer car-sharing program agreement from the existing rental car surcharge of $2 per day to $1 per day.

The bill moves the existing definition for "car-sharing service" to the definitions subsection and provides the following definitions.

- "Motor vehicle rental company" means an entity that is in the business of providing, for financial consideration, motor vehicles to the public under a rental agreement.
- "Peer-to-peer car-sharing program" has the same meaning as in s. 627.7483(1), F.S.

These entities or business platforms are required to collect the reduced rental car surcharge.

Section 3 creates s. 627.7483, F.S., to establish insurance and operational requirements for peer-to-peer car-sharing programs.

Definitions

The bill provides the following definitions:

- "Car-sharing delivery period" means the period of time during which a shared vehicle is being delivered to the location of the car-sharing start time, if applicable, as documented by the governing peer-to-peer car-sharing program agreement.
- "Car-sharing period" means the period of time that commences either at the car-sharing delivery period or, if there is no car-sharing delivery period, at the car-sharing start time and that ends at the car-sharing termination time.
- "Car-sharing start time" means the time when the shared vehicle is under the control of the shared vehicle driver, which time occurs at or after the time the reservation of the shared vehicle is scheduled to begin, as documented in the records of a peer-to-peer car-sharing program.
- "Car-sharing termination time" means the earliest of the following:
    - The expiration of the agreed-upon period established for the use of a shared vehicle according to the terms of the peer to-peer car-sharing program agreement, if the shared vehicle is delivered to the location agreed upon in the peer-to-peer car-sharing program agreement;

[36] Section 288.122, F.S.
[37] Section 288.826, F.S.

  - The time the shared vehicle is returned to a location as alternatively agreed upon by the shared vehicle owner and shared vehicle driver, as communicated through a peer-to-peer car-sharing program, which alternatively agreed-upon location must incorporated into the peer-to-peer car-sharing program agreement; or
  - The time the shared vehicle owner takes possession and control of the shared vehicle.
- "Peer-to-peer car-sharing" or "car-sharing" means the authorized use of a motor vehicle by an individual other than the vehicle's owner through a peer-to-peer car-sharing program. The term does not include the use of a for-hire vehicle as defined in s. 320.01(15), F.S., ridesharing as defined in s. 341.031(9), F.S., a carpool as defined in s. 450.28(3), F.S., or the use of a motor vehicle under an agreement for a car-sharing service as defined in s. 212.0606(1), F.S.
- "Peer-to-peer car-sharing program" means a business platform that enables peer-to-peer car-sharing by connecting motor vehicle owners with drivers for financial consideration. For the purposes of this section, the term does not include a rental car company, a car-sharing service as defined in s. 212.0606(1), F.S., a taxicab association, the owner of a for-hire vehicle as defined in s. 320.01(15), F.S., or a service provider that is solely providing hardware or software as a service to a person or an entity that is not effectuating payment of financial consideration for use of a shared vehicle.
- "Peer-to-peer car-sharing program agreement" means the terms and conditions established by the peer-to-peer car-sharing program which are applicable to a shared vehicle owner and a shared vehicle driver and which govern the use of a shared vehicle through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include a rental agreement or an agreement for a for-hire vehicle as defined in s. 320.01(15), F.S., or for a car-sharing service as defined in s. 212.0606(1), F.S.
- "Shared vehicle" means a motor vehicle that is available for sharing through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include a rental car, a for-hire vehicle as defined in s. 320.01(15), F.S., or a motor vehicle used for ridesharing as defined in s. 341.031(9), F.S., for carpool as defined in s. 450.28(3), F.S., or for car-sharing service as defined in s. 212.0606(1), F.S. "Shared vehicle driver" means an individual who is authorized by the shared vehicle owner to drive the shared vehicle under the peer-to-peer car-sharing program agreement.
- "Shared vehicle driver" means an individual who has been authorized by the shared vehicle owner to drive the shared vehicle under the peer-to-peer car-sharing program agreement.
- "Shared vehicle owner" means the registered owner, or a natural person or an entity designated by the registered owner, of a motor vehicle made available for sharing to shared vehicle drivers through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include an owner of a for-hire vehicle as defined in s. 320.01(15), F.S.

Insurance Requirements, Liability

Insurance Coverage Requirements

A peer-to-peer car-sharing program must ensure that the shared vehicle owner and shared vehicle driver have a motor vehicle insurance policy that provides all of the following during the car-sharing period:

- Property damage liability coverage in the amount of at least $10,000 as required under s. 324.022, F.S.;

- Bodily injury liability coverage in the amount of at least $10,000 for bodily injury to, or death of, one person in any one crash or in the amount of at least $20,000 for bodily injury to, or death of, two or more persons in any one crash as specified in s. 324.021(7)(a) and (b), F.S.;
- Personal injury protection benefits in the amount of at least $10,000[38] for medical and disability benefits and in the amount of at least $5,000 for death benefits required under s. 627.736, F.S.; and
- Uninsured and underinsured vehicle coverage in the amount equal to bodily injury limits as required under s. 627.727, F.S.

The peer-to-peer car-sharing program must also ensure that the motor vehicle insurance policy:
- Recognizes that the shared vehicle insured under the policy is made available and used through a peer-to-peer car-sharing program; and
- Does not exclude the use of a shared vehicle by a shared vehicle driver.

These insurance requirements may be satisfied by a motor vehicle insurance policy maintained by:
- A shared vehicle owner;
- A shared vehicle driver;
- A peer-to-peer car-sharing program; or
- A combination of a shared vehicle owner, a shared vehicle driver, and a peer-to-peer car-sharing program.

A motor vehicle insurance policy maintained by a shared vehicle owner, shared vehicle driver, peer-to-peer car-sharing program, or a combination of a shared vehicle owner, shared vehicle driver, and peer-to-peer car-sharing program, is primary during each peer-to-peer car-sharing period.

If a claim occurs during the car-sharing period in another state with higher minimum financial responsibility limits requiring under ch. 324, F.S., the minimum insurance requirements under the peer-to-peer car-sharing program satisfy the difference in minimum coverage amounts up to the applicable policy limits.

If insurance maintained by a shared vehicle owner or shared vehicle driver lapses or does not provide the required coverage, the insurance maintained by the peer-to-peer car-sharing program must provide the required coverage beginning with the first dollar of a claim and must defend such claim, with the exceptions discussed below. Coverage under a motor vehicle insurance policy maintained by the peer-to-peer car-sharing program may not be dependent on another motor vehicle insurer first denying a claim, and another motor vehicle insurance policy is not required to first deny a claim.

Notwithstanding any other law to the contrary, a peer-to-peer car-sharing program has an insurable interest in a shared vehicle during the peer-to-peer car-sharing period. This interest does not create liability for a network for maintaining the required coverage.

[38] Personal injury protection reimbursement medical benefits are limited to $2,500 if specified medical providers determine the injured person did not have an emergency medical condition.

A peer-to-peer car-sharing program may own and maintain as the named insured one or more policies of motor vehicle insurance which provide coverage for:

- Liabilities assumed by the peer-to-peer car-sharing program under a peer-to-peer car-sharing program agreement;
- Liability of the shared vehicle owner;
- Liability of the shared vehicle driver;
- Damage or loss to the shared motor vehicle; or
- Damage, loss, or injury to persons or property to satisfy the personal injury protection and uninsured and underinsured motorist coverage requirements of this section.

When the required insurance is maintained by a peer-to-peer car-sharing program, the motor vehicle insurance policy may be provided by an insurer authorized to do business in this state which is a member of the Florida Insurance Guaranty Association or by an eligible surplus lines insurer that has a superior, excellent, exceptional, or equivalent financial strength rating by a rating agency acceptable to the Office of Insurance Regulation of the Financial Services Commission. A peer-to-peer car-sharing program is not transacting in insurance when it maintains this insurance.

Liability

A peer-to-peer car-sharing program assumes liability, with stated exclusions, of a shared vehicle owner for bodily injury or property damage to third parties or uninsured and underinsured motorist or personal injury protection losses during the peer-to-peer car-sharing period in amounts stated in the peer-to-peer car-sharing program agreement. Such amounts may not be less than those set forth in:

- Section 324.021(7)(a) and (b), F.S.: Bodily injury liability coverage in the amount of at least $10,000 for bodily injury to, or death of, one person in any one crash or in the amount of at least $20,000 for bodily injury to, or death of, two or more persons in any one crash;
- Section 324.022, F.S.: Property damage liability coverage in the amount of at least $10,000;
- Section 627.727, F.S.: Uninsured and underinsured vehicle coverage in the amount equal to bodily injury limits; and
- Section 627.736, F.S.: Personal injury protection benefits in the amount of at least $10,000 for medical and disability benefits and in the amount of at least $5,000 for death benefits.

This assumption of liability does not apply if a shared vehicle owner:

- Makes an intentional or fraudulent material misrepresentation or omission to the peer-to-peer car-sharing program before the peer-to-peer car-sharing period in which the loss occurs; or
- Acts in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of the peer to-peer car-sharing program agreement.

The insurer, insurers, or peer-to-peer car-sharing program assumes primary liability for a claim when it is providing, in whole or in part, the minimal insurance discussed above and:

- A dispute exists as to who was in control of the shared motor vehicle at the time of the loss and the peer-to-peer car-sharing program does not have available, did not retain, or fails to provide the required rental information; or

- A dispute exists over whether the shared vehicle was returned to the alternatively agreed-upon location as required in the peer-to-peer car-sharing program agreement.

The shared vehicle owner's insurer must indemnify the peer-to-peer car-sharing program to the extent of the insurer's obligation, if any, under the applicable insurance policy, if it is determined that the shared vehicle owner was in control of the shared motor vehicle at the time of the loss.

Vicarious Liability

A peer-to-peer car-sharing program and a shared vehicle owner are exempt from vicarious liability consistent with 49 U.S.C. s. 30106 (2005) under any state or local law that imposes liability solely based on vehicle ownership.

Exclusions

An authorized insurer that writes motor vehicle liability insurance in this state may exclude any coverage and the duty to defend or indemnify for any claim afforded under a shared vehicle owner's motor vehicle insurance policy, including, but not limited to:

- Liability coverage for bodily injury and property damage;
- Personal injury protection coverage;
- Uninsured and underinsured motorist coverage;
- Medical payments coverage;
- Comprehensive physical damage coverage; and
- Collision physical damage coverage.

This provision does not invalidate or limit any exclusion contained in a motor vehicle insurance policy, including any insurance policy in use or approved for use, which excludes coverage for motor vehicles made available for rent, sharing, hire, or for any business use. This provision also does not invalidate, limit, or restrict an insurer from underwriting, canceling, or nonrenewing an insurance policy as available under existing law.

Contribution Against Indemnification

A shared vehicle owner's motor vehicle insurer that defends or indemnifies a claim against a shared vehicle which is excluded under the terms of its policy has the right to seek contribution against the motor vehicle insurer of the peer-to-peer car-sharing program, if the claim is made against the shared vehicle owner or the shared vehicle driver for loss or injury that occurs during the peer to-peer car-sharing period and excluded under the terms of its policy.

Notification of Implications of a Lien

At the time a motor vehicle owner registers as a shared vehicle owner on a peer-to-peer car-sharing program and before the shared vehicle owner may make a shared vehicle available for peer-to-peer car-sharing on the peer-to-peer car-sharing program, the peer-to-peer car-sharing program must notify the shared vehicle owner that, if the shared vehicle has a lien against it, the use of the shared vehicle through a peer-to-peer car-sharing program, including use without physical damage coverage, may violate the terms of the contract with the lienholder.

Recordkeeping

A peer-to-peer car-sharing program must:

- Collect and verify records pertaining to the use of a shared vehicle, including, but not limited to, the times used, fees paid by the shared vehicle driver, and revenues received by the shared vehicle owner.
- Retain these records for a period of not less than the applicable personal injury statute of limitations.
- Provide the information contained in the records upon request to the shared vehicle owner, the shared vehicle owner's insurer, or the shared vehicle driver's insurer to facilitate a claim coverage investigation.

Consumer Protections

Disclosures

Each peer-to-peer car-sharing program agreement made in this state must disclose to the shared vehicle owner and the shared vehicle driver:

- Any right of the peer-to-peer car-sharing program to seek indemnification from the shared vehicle owner or the shared vehicle driver for economic loss resulting from a breach of the terms and conditions of the peer-to-peer car-sharing program agreement;
- That a motor vehicle insurance policy issued to the shared vehicle owner for the shared vehicle or to the shared vehicle driver does not provide a defense or indemnification for any claim asserted by the peer-to-peer car-sharing program;
- That the peer-to-peer car-sharing program's insurance coverage on the shared vehicle owner and the shared vehicle driver is in effect only during each peer-to-peer car-sharing period and that, for any use of the shared vehicle by the shared vehicle driver after the peer-to-peer car-sharing termination time, the shared vehicle driver and the shared vehicle owner may not have insurance coverage;
- The daily rate and, if applicable, any insurance or protection package costs that are charged to the shared vehicle owner or the shared vehicle driver;
- That the shared vehicle owner's motor vehicle liability insurance may exclude coverage for a shared vehicle;
- An emergency telephone number of the personnel capable of fielding calls for roadside assistance and other customer service inquiries; and
- Any conditions under which a shared vehicle driver must maintain a personal motor vehicle insurance policy with certain applicable coverage limits on a primary basis in order to book a shared vehicle.

Driver License Verification and Retention

A peer-to-peer car-sharing program may not enter into a peer-to-peer car-sharing program agreement with a driver unless the driver holds a valid driver license or is otherwise specifically authorized by the Department of Highway Safety and Motor Vehicles to drive vehicles of the class of the shared vehicle.

A peer-to-peer car-sharing program must keep a record of:

- The name and address of the shared vehicle driver;

- The driver license number of the shared vehicle driver and of any other person who will operate the shared vehicle; and
- The place of issuance of the driver license.

Responsibility for Equipment

The bill provides that a peer-to-peer car-sharing program has sole responsibility for any equipment that is put in or on the shared vehicle to monitor or facilitate the peer-to-peer car-sharing transaction, including a GPS system. The peer-to-peer car-sharing program must indemnify and hold harmless the shared vehicle owner for any damage to or theft of such equipment during the peer-to-peer car-sharing period which is not caused by the shared vehicle owner. The peer-to-peer car-sharing program may seek indemnity from the shared vehicle driver for any damage to or loss of such equipment which occurs outside of the peer-to-peer car-sharing period.

Motor Vehicle Safety Recalls

At the time a motor vehicle owner registers as a shared vehicle owner on a peer-to-peer car-sharing program and before the shared vehicle owner may make a shared vehicle available for peer-to-peer car-sharing on the peer-to-peer car-sharing program, the peer-to-peer car-sharing program must:

- Verify that the shared vehicle does not have any safety recalls on the vehicle for which the repairs have not been made; and
- Notify the shared vehicle owner that:
  - A shared vehicle may not be made available on the peer-to-peer car-sharing program if the vehicle is subject to a safety recall and the required repairs have not been made.
  - If the shared vehicle owner receives an actual notice of a safety recall while the shared vehicle is in the possession of a shared vehicle driver, the owner must notify the peer-to-peer car-sharing program about the safety recall as soon as practicably possible so that the owner may address the safety recall repair.

Construction

The bill does not limit:

- The liability of a peer-to-peer car-sharing program for any act or omission of the peer-to-peer car-sharing program which results in bodily injury to a person as a result of the use of a shared vehicle through peer-to-peer car-sharing; or
- The ability of a peer-to-peer car-sharing program to seek, by contract, indemnification from the shared vehicle owner or the shared vehicle driver for economic loss resulting from a breach of the terms and conditions of the peer-to-peer car-sharing program agreement.

Section 4 provides an effective date of January 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

The bill does not impose or raise a state tax or fee in violation of Article VII, section 19 of the Florida Constitution, as leases or rented motor vehicles licensed for hire are currently subject to sales tax under s. 212.05, F.S., and a rental car surcharge under s. 212.0606, F.S.

The bill's inclusion of motor vehicle rental companies and peer-to-peer car-sharing programs as subcategories of motor vehicle lease or rental arrangements currently subject to state sales tax and rental car surcharges neither imposes a fee on an industry not currently subject to state sales tax or rental car surcharges under the section nor raises a fee on an industry currently subject to state sales tax or rental car surcharges under the section. Accordingly, the bill does not appear to trigger the requirement for a separate bill for the consideration of the rental surcharge provision subject to a 2/3 vote by each chamber of the Legislature.[39]

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The Revenue Estimating Conference determined that the provisions of the bill that clarify that peer programs must collect sales tax will increase General Revenue Fund receipts, Trust Fund receipts, and local government receipts by an indeterminate amount in Fiscal Year 2021-2022 and each year thereafter.

B. Private Sector Impact:

Peer-to-peer car-sharing programs will be responsible for collecting and remitting the six percent sales tax on motor vehicle rentals under s. 212.05, F.S., and collecting the $1 per day rental car surcharge under s. 212.0606, F.S.

C. Government Sector Impact:

None.

[39] See Fla. Const. art. VII, s. 19(a),(b) (2019).

VI. Technical Deficiencies:

The bill indicates that the primary insurance policy is a shared vehicle owner, a shared vehicle driver, a peer-to-peer car-sharing program, and any combination of those. A plain language reading suggests that this language is contradictory indicating all of the above are primary without establishing a preferential order.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 212.05 and 212.0606.

This bill creates section 627.7483 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute makes the following changes to the underlying bill:

- Exempts all peer-to-per car-sharing programs from the existing $2 per day surcharge;
- Imposes a reduced $1 per day surcharge on all peer-to-per car-sharing programs;
- Affirmatively places the responsibility for collecting sales tax with the peer-to-peer car-sharing program;
- Removes the reduction of the surcharge for rentals of less than 24 hours from $2 to $1 for motor vehicle rental companies;
- Removes the explicit instruction for peer-to-peer car-sharing programs to report surcharge collections to the Department of Revenue by county for attribution on a timely filed return for each required reporting period, while maintaining the instruction for dealers generally.

CS by Banking and Insurance on March 24, 2021:
The committee substitute makes the following changes to the underlying bill:

- Exempts all peer-to-per car-sharing programs and those motor vehicle leases and rentals with a duration of less than 24 hours from the existing $2 per day surcharge;
- Imposes a reduced $1 per day surcharge on all peer-to-per car-sharing programs and those motor vehicle leases and rentals with a duration of less than 24 hours;
- Requires that the peer-to-peer car-sharing program report surcharge collections and surcharge revenues as attributable to the county corresponding to the car-sharing start time;
- Requires the alternatively agreed-upon location for returning the vehicle to be incorporated into the peer-to-peer car-sharing agreement;

- Provides that Florida's minimum insurance requirements for peer-to-peer car-sharing programs satisfy the difference in coverage requirements in another state with higher minimum insurance requirements;
- Requires the insurer, insurers, or peer-to-peer car-sharing program that satisfies the minimum insurance requirements to assuming primary liability for the claim under certain conditions;
- Preserves an insurer's authority to underwrite, cancel, or nonrenew an insurance policy under current law;
- Removes applicable fees as a requirements disclosure items in a peer-to-peer car-sharing program agreement; and
- Additional technical and conforming changes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Perry) recommended the following:

Senate Amendment (with title amendment)

Delete lines 80 - 223
and insert:
c. If the motor vehicle is rented through a peer-to-peer car-sharing program, the peer-to-peer car-sharing program shall collect and remit the applicable tax due in connection with the rental.
2. Except as provided in subparagraph 3., for the lease or rental of a motor vehicle for a period of not less than 12

782632

months, sales tax is due on the lease or rental payments if the vehicle is registered in this state; provided, however, that no tax shall be due if the taxpayer documents use of the motor vehicle outside this state and tax is being paid on the lease or rental payments in another state.

3. The tax imposed by this chapter does not apply to the lease or rental of a commercial motor vehicle as defined in s. 316.003(13)(a) to one lessee or rentee for a period of not less than 12 months when tax was paid on the purchase price of such vehicle by the lessor. To the extent tax was paid with respect to the purchase of such vehicle in another state, territory of the United States, or the District of Columbia, the Florida tax payable shall be reduced in accordance with ~~the provisions of~~ s. 212.06(7). This subparagraph shall only be available when the lease or rental of such property is an established business or part of an established business or the same is incidental or germane to such business.

Section 2. Section 212.0606, Florida Statutes, is amended to read:

212.0606 Rental car surcharge.—

(1) As used in this section, the term:

(a) "Car-sharing service" means a membership-based organization or business, or division thereof, which requires the payment of an application fee or a membership fee and provides member access to motor vehicles:

1. Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting with car-sharing service members;

2. Twenty-four hours per day, 7 days per week;

3. Only through automated means, including, but not limited to, a smartphone application or an electronic membership card;

4. On an hourly basis or for a shorter increment of time;

5. Without a separate fee for refueling the motor vehicle;

6. Without a separate fee for minimum financial responsibility liability insurance; and

7. Owned or controlled by the car-sharing service or its affiliates.

(b) "Motor vehicle rental company" means an entity that is in the business of providing, for financial consideration, motor vehicles to the public under a rental agreement.

(c) "Peer-to-peer car-sharing program" has the same meaning as in s. 627.7483(1).

(2) Except as provided in subsections (3) and (4) ~~subsection (2)~~, a surcharge of $2 per day or any part of a day is imposed upon the lease or rental by a motor vehicle rental company of a motor vehicle that is licensed for hire and designed to carry fewer than nine passengers, regardless of whether the motor vehicle is licensed in this state, for financial consideration and without transfer of the title of the motor vehicle. The surcharge is imposed regardless of whether the lease or rental occurs in person or through digital means. The surcharge applies to only the first 30 days of the term of a lease or rental and must be collected by the motor vehicle rental company. The surcharge is subject to all applicable taxes imposed by this chapter.

(3) A surcharge of $1 per day or any part of a day is imposed upon each peer-to-peer car-sharing program agreement involving a shared vehicle that is registered in this state and

782632

designed to carry fewer than nine passengers for financial consideration and without transfer of the title of the shared vehicle. If the duration of the car-sharing period for a peer-to-peer car-sharing program agreement subject to the surcharge established pursuant to this section is less than 24 hours, the applicable surcharge will be $1 per usage. The surcharge applies to the first 30 days only of a car-sharing period for any peer-to-peer car-sharing program agreement to which the surcharge applies and must be collected by the peer-to-peer car-sharing program. The surcharge is subject to all applicable taxes imposed by this chapter.

(4) ~~(2)~~ A member of a car-sharing service who uses a motor vehicle as described in subsection (2) ~~(1)~~ for less than 24 hours pursuant to an agreement with the car-sharing service shall pay a surcharge of $1 per usage. A member of a car-sharing service who uses the same motor vehicle for 24 hours or more shall pay a surcharge of $2 per day or any part of a day as provided in subsection (2) ~~(1)~~. The car-sharing service shall collect the surcharge ~~For purposes of this subsection, the term "car-sharing service" means a membership-based organization or business, or division thereof, which requires the payment of an application or membership fee and provides member access to motor vehicles:~~

~~(a) Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting with car-sharing service members;~~

~~(b) Twenty-four hours per day, 7 days per week;~~

~~(c) Only through automated means, including, but not limited to, smartphone applications or electronic membership~~

~~cards;~~

~~(d) On an hourly basis or for a shorter increment of time;~~

~~(e) Without a separate fee for refueling the motor vehicle;~~

~~(f) Without a separate fee for minimum financial responsibility liability insurance; and~~

~~(g) Owned or controlled by the car-sharing service or its affiliates~~. The surcharge imposed under this subsection does not apply to the lease, rental, or use of a motor vehicle from a location owned, operated, or leased by or for the benefit of an airport or airport authority.

(5)(a)~~(3)(a)~~ Notwithstanding s. 212.20, and less the costs of administration, 80 percent of the proceeds of this surcharge shall be deposited in the State Transportation Trust Fund, 15.75 percent of the proceeds of this surcharge shall be deposited in the Tourism Promotional Trust Fund created in s. 288.122, and 4.25 percent of the proceeds of this surcharge shall be deposited in the Florida International Trade and Promotion Trust Fund. For the purposes of this subsection, the term "proceeds of this surcharge" ~~of the surcharge~~ means all funds collected and received by the department under this section, including interest and penalties on delinquent surcharges. The department shall provide the Department of Transportation rental car surcharge revenue information for the previous state fiscal year by September 1 of each year.

(b) Notwithstanding any other ~~provision of~~ law, the proceeds deposited in the State Transportation Trust Fund shall be allocated on an annual basis in the Department of Transportation's work program to each department district, except the Turnpike District. The amount allocated to each

782632

district shall be based on the amount of proceeds attributed to the counties within each respective district.

(6)(a) ~~(4)~~ Except as provided in this section, the department shall administer, collect, and enforce the surcharges ~~surcharge~~ as provided in this chapter.

(b) ~~(a)~~ The department shall require a dealer ~~dealers~~ to report surcharge collections according to the county to which the surcharge was attributed. For purposes of this section, the surcharge shall be attributed to the county in which ~~where~~ the rental agreement was entered into, except that, for peer-to-peer car-sharing, the surcharge shall be attributable to the county corresponding to the location of the motor vehicle at the car-sharing start time.

(c) ~~(b)~~ A dealer that

A bill to be entitled

An act relating to motor vehicle rentals; amending s. 212.05, F.S.; specifying the applicable sales tax rate on motor vehicle leases and rentals by motor vehicle rental companies and peer-to-peer car-sharing programs; amending s. 212.0606, F.S.; defining terms; specifying the applicable surcharge on motor vehicle leases and rentals by motor vehicle rental companies and peer-to-peer car-sharing programs; specifying applicability of the surcharge; requiring motor vehicle rental companies and peer-to-peer car-sharing programs to collect specified surcharges; creating s. 627.7483, F.S.; defining terms; specifying motor vehicle insurance requirements for peer-to-peer car-sharing programs; providing that peer-to-peer car-sharing programs have an insurable interest in shared vehicles during specified periods; providing construction; authorizing peer-to-peer car-sharing programs to own and maintain certain motor vehicle insurance policies; requiring peer-to-peer car-sharing programs to assume certain liability; providing exceptions; providing for the assumption of primary liability for claims when certain disputes exist; requiring shared vehicle owners' insurers to indemnify peer-to-peer car-sharing programs under certain circumstances; providing exemptions from vicarious liabilities for peer-to-peer car-sharing programs and shared vehicle owners; authorizing motor vehicle insurers to exclude specified coverages under certain

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-03307-21 2021566c1

circumstances; providing construction related to exclusions; authorizing specified insurers to seek recovery against motor vehicle insurers of peer-to-peer car-sharing programs under certain circumstances; requiring peer-to-peer car-sharing programs to provide certain information to shared vehicle owners regarding liens; specifying recordkeeping, record retention, and record-sharing requirements for peer-to-peer car-sharing programs; specifying disclosure requirements for peer-to-peer car-sharing program agreements; specifying driver license verification and data retention requirements for peer-to-peer car-sharing programs; providing that peer-to-peer car-sharing programs have sole responsibility for certain equipment in or on a shared vehicle; providing for indemnification regarding such equipment; specifying requirements for peer-to-peer car-sharing programs relating to safety recalls on a shared vehicle; providing construction; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (1) of section 212.05, Florida Statutes, is amended to read:

212.05 Sales, storage, use tax.—It is hereby declared to be the legislative intent that every person is exercising a taxable privilege who engages in the business of selling tangible personal property at retail in this state, including the business of making mail order sales, or who rents or furnishes

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

any of the things or services taxable under this chapter, or who stores for use or consumption in this state any item or article of tangible personal property as defined herein and who leases or rents such property within the state.

(1) For the exercise of such privilege, a tax is levied on each taxable transaction or incident, which tax is due and payable as follows:

(c) At the rate of 6 percent of the gross proceeds derived from the lease or rental of tangible personal property, as defined herein; however, the following special provisions apply to the lease or rental of motor vehicles and to peer-to-peer car-sharing programs:

1. When a motor vehicle is leased or rented by a motor vehicle rental company or through a peer-to-peer car-sharing program as those terms are defined in s. 212.0606(1) for a period of less than 12 months:

a. If the motor vehicle is rented in Florida, the entire amount of such rental is taxable, even if the vehicle is dropped off in another state.

b. If the motor vehicle is rented in another state and dropped off in Florida, the rental is exempt from Florida tax.

2. Except as provided in subparagraph 3., for the lease or rental of a motor vehicle for a period of not less than 12 months, sales tax is due on the lease or rental payments if the vehicle is registered in this state; provided, however, that no tax shall be due if the taxpayer documents use of the motor vehicle outside this state and tax is being paid on the lease or rental payments in another state.

3. The tax imposed by this chapter does not apply to the

lease or rental of a commercial motor vehicle as defined in s. 316.003(13)(a) to one lessee or rentee for a period of not less than 12 months when tax was paid on the purchase price of such vehicle by the lessor. To the extent tax was paid with respect to the purchase of such vehicle in another state, territory of the United States, or the District of Columbia, the Florida tax payable shall be reduced in accordance with the provisions of s. 212.06(7). This subparagraph shall only be available when the lease or rental of such property is an established business or part of an established business or the same is incidental or germane to such business.

Section 2. Section 212.0606, Florida Statutes, is amended to read:

212.0606 Rental car surcharge.—

(1) As used in this section, the term:

(a) "Car-sharing service" means a membership-based organization or business, or division thereof, which requires the payment of an application fee or a membership fee and provides member access to motor vehicles:

1. Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting with car-sharing service members;

2. Twenty-four hours per day, 7 days per week;

3. Only through automated means, including, but not limited to, a smartphone application or an electronic membership card;

4. On an hourly basis or for a shorter increment of time;

5. Without a separate fee for refueling the motor vehicle;

6. Without a separate fee for minimum financial responsibility liability insurance; and

7. Owned or controlled by the car-sharing service or its affiliates.

(b) "Motor vehicle rental company" means an entity that is in the business of providing, for financial consideration, motor vehicles to the public under a rental agreement.

(c) "Peer-to-peer car-sharing program" has the same meaning as in s. 627.7483(1).

(2) Except as provided in subsections (3), (4), and (5) ~~subsection (2)~~, a surcharge of $2 per day or any part of a day is imposed upon the lease or rental by a motor vehicle rental company of a motor vehicle that is licensed for hire and designed to carry fewer than nine passengers, regardless of whether the motor vehicle is licensed in this state, for financial consideration and without transfer of the title of the motor vehicle. The surcharge is imposed regardless of whether the lease or rental occurs in person or through digital means. The surcharge applies to only the first 30 days of the term of a lease or rental and must be collected by the motor vehicle rental company. The surcharge is subject to all applicable taxes imposed by this chapter.

(3) A surcharge of $1 per day or any part of a day is imposed upon each peer-to-peer car-sharing program agreement involving a shared vehicle that is registered in this state and designed to carry fewer than nine passengers for financial consideration and without transfer of the title of the shared vehicle. If the duration of the car-sharing period for a peer-to-peer car-sharing program agreement subject to the surcharge established pursuant to this section is less than 24 hours, the applicable surcharge will be $1 per usage. The surcharge applies

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to the first 30 days only of a car-sharing period for any peer-to-peer car-sharing program agreement to which the surcharge applies and must be collected by the peer-to-peer car-sharing program. The surcharge is subject to all applicable taxes imposed by this chapter.

(4) A surcharge of $1 per usage is imposed upon the lease or rental for less than 24 hours by a motor vehicle rental company of a motor vehicle that is licensed for hire and designed to carry fewer than nine passengers, regardless of whether the motor vehicle is licensed in this state, for financial consideration and without transfer of the title of the motor vehicle. The surcharge is imposed regardless of whether the lease or rental occurs in person or through digital means. The surcharge is subject to all applicable taxes imposed by this chapter.

(5) ~~(2)~~ A member of a car-sharing service who uses a motor vehicle as described in subsection (2) ~~(1)~~ for less than 24 hours pursuant to an agreement with the car-sharing service shall pay a surcharge of $1 per usage. A member of a car-sharing service who uses the same motor vehicle for 24 hours or more shall pay a surcharge of $2 per day or any part of a day as provided in subsection (2) ~~(1)~~. The car-sharing service shall collect the surcharge ~~For purposes of this subsection, the term "car-sharing service" means a membership-based organization or business, or division thereof, which requires the payment of an application or membership fee and provides member access to motor vehicles:~~

~~(a) Only at locations that are not staffed by car-sharing service personnel employed solely for the purpose of interacting~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~with car-sharing service members;~~

~~(b) Twenty-four hours per day, 7 days per week;~~

~~(c) Only through automated means, including, but not limited to, smartphone applications or electronic membership cards;~~

~~(d) On an hourly basis or for a shorter increment of time;~~

~~(e) Without a separate fee for refueling the motor vehicle;~~

~~(f) Without a separate fee for minimum financial responsibility liability insurance; and~~

~~(g) Owned or controlled by the car-sharing service or its affiliates~~.

The surcharge imposed under this subsection does not apply to the lease, rental, or use of a motor vehicle from a location owned, operated, or leased by or for the benefit of an airport or airport authority.

(6)(a) ~~(3)(a)~~ Notwithstanding s. 212.20, and less the costs of administration, 80 percent of the proceeds of this surcharge shall be deposited in the State Transportation Trust Fund, 15.75 percent of the proceeds of this surcharge shall be deposited in the Tourism Promotional Trust Fund created in s. 288.122, and 4.25 percent of the proceeds of this surcharge shall be deposited in the Florida International Trade and Promotion Trust Fund. For the purposes of this subsection, the term "proceeds of this surcharge" ~~of the surcharge~~ means all funds collected and received by the department under this section, including interest and penalties on delinquent surcharges. The department shall provide the Department of Transportation rental car surcharge revenue information for the previous state fiscal year

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

by September 1 of each year.

(b) Notwithstanding any other ~~provision of~~ law, the proceeds deposited in the State Transportation Trust Fund shall be allocated on an annual basis in the Department of Transportation's work program to each department district, except the Turnpike District. The amount allocated to each district shall be based on the amount of proceeds attributed to the counties within each respective district.

(7)(a) ~~(4)~~ Except as provided in this section, the department shall administer, collect, and enforce the surcharges ~~surcharge~~ as provided in this chapter.

(b) ~~(a)~~ The department shall require a dealer or peer-to-peer car-sharing program ~~dealers~~ to report surcharge collections according to the county to which the surcharge was attributed. For purposes of this section, the surcharge shall be attributed to the county in which ~~where~~ the rental agreement was entered into, except that, for peer-to-peer car-sharing, the surcharge shall be attributable to the county corresponding to the location of the motor vehicle at the car-sharing start time.

(c) ~~(b)~~ A dealer or peer-to-peer car-sharing program that collects a ~~Dealers who collect the rental car~~ surcharge pursuant to this section shall report to the department all surcharge revenues attributed to the county where the rental agreement was entered into on a timely filed return for each required reporting period; except that, in the case of peer-to-peer car-sharing, the peer-to-peer car-sharing program shall report the applicable surcharge revenue attributed to the county corresponding to the location of the motor vehicle at the car sharing start time. The provisions of this chapter which apply

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to interest and penalties on delinquent taxes apply to the surcharge. The surcharge shall not be included in the calculation of estimated taxes pursuant to s. 212.11. The dealer's credit provided in s. 212.12 does not apply to any amount collected under this section.

(8)~~(5)~~ The surcharge imposed by this section does not apply to a motor vehicle or a shared vehicle provided at no charge to a person whose motor vehicle is being repaired, adjusted, or serviced by the entity providing the replacement motor vehicle.

Section 3. Section 627.7483, Florida Statutes, is created to read:

627.7483 Peer-to-peer car sharing; insurance requirements.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Car-sharing delivery period" means the period of time during which a shared vehicle is being delivered to the location of the car-sharing start time, if applicable, as documented by the governing peer-to-peer car-sharing program agreement.

(b) "Car-sharing period" means the period of time that commences either at the car-sharing delivery period or, if there is no car-sharing delivery period, at the car-sharing start time and that ends at the car-sharing termination time.

(c) "Car-sharing start time" means the time when the shared vehicle is under the control of the shared vehicle driver, which time occurs at or after the time the reservation of the shared vehicle is scheduled to begin, as documented in the records of a peer-to-peer car-sharing program.

(d) "Car-sharing termination time" means the earliest of the following events:

1. The expiration of the agreed-upon period of time

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

established for the use of a shared vehicle according to the terms of the peer-to-peer car-sharing program agreement if the shared vehicle is delivered to the location agreed upon in the peer-to-peer car-sharing program agreement;

2. The time the shared vehicle is returned to a location as alternatively agreed upon by the shared vehicle owner and shared vehicle driver, as communicated through a peer-to-peer car-sharing program, which alternatively agreed-upon location must be incorporated into the peer-to-peer car-sharing program agreement; or

3. The time the shared vehicle owner takes possession and control of the shared vehicle.

(e) "Peer-to-peer car sharing" or "car sharing" means the authorized use of a motor vehicle by an individual other than the vehicle's owner through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include the renting of a motor vehicle through a rental car company, the use of a for-hire vehicle as defined in s. 320.01(15), ridesharing as defined in s. 341.031(9), a carpool as defined in s. 450.28(3), or the use of a motor vehicle under an agreement for a car-sharing service as defined in s. 212.0606(1).

(f) "Peer-to-peer car-sharing program" means a business platform that enables peer-to-peer car sharing by connecting motor vehicle owners with drivers for financial consideration. For the purposes of this section, the term does not include a rental car company, a car-sharing service as defined in s. 212.0606(1), a taxicab association, the owner of a for-hire vehicle as defined in s. 320.01(15), or a service provider that is solely providing hardware or software as a service to a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

person or an entity that is not effectuating payment of financial consideration for use of a shared vehicle.

(g) "Peer-to-peer car-sharing program agreement" means the terms and conditions established by the peer-to-peer car-sharing program which are applicable to a shared vehicle owner and a shared vehicle driver and which govern the use of a shared vehicle through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include a rental agreement or an agreement for a for-hire vehicle as defined in s. 320.01(15) or for a car-sharing service as defined in s. 212.0606(1).

(h) "Shared vehicle" means a motor vehicle that is available for sharing through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include a rental car, a for-hire vehicle as defined in s. 320.01(15), or a motor vehicle used for ridesharing as defined in s. 341.031(9), for a carpool as defined in s. 450.28(3), or for a car-sharing service as defined in s. 212.0606(1).

(i) "Shared vehicle driver" means an individual who has been authorized by the shared vehicle owner to drive the shared vehicle under the peer-to-peer car-sharing program agreement.

(j) "Shared vehicle owner" means the registered owner, or a natural person or an entity designated by the registered owner, of a motor vehicle made available for sharing to shared vehicle drivers through a peer-to-peer car-sharing program. For the purposes of this section, the term does not include an owner of a for-hire vehicle as defined in s. 320.01(15).

(2) INSURANCE COVERAGE REQUIREMENTS.—

(a)1. A peer-to-peer car-sharing program shall ensure that,

during each car-sharing period, the shared vehicle owner and the shared vehicle driver are insured under a motor vehicle insurance policy that provides all of the following:

a. Property damage liability coverage that meets the minimum coverage amounts required under s. 324.022.

b. Bodily injury liability coverage limits as described in s. 324.021(7)(a) and (b).

c. Personal injury protection benefits that meet the minimum coverage amounts required under s. 627.736.

d. Uninsured and underinsured vehicle coverage as required under s. 627.727.

2. The peer-to-peer car-sharing program shall also ensure that the motor vehicle insurance policy under subparagraph 1.:

a. Recognizes that the shared vehicle insured under the policy is made available and used through a peer-to-peer car-sharing program; or

b. Does not exclude the use of a shared vehicle by a shared vehicle driver.

(b)1. The insurance described under paragraph (a) may be satisfied by a motor vehicle insurance policy maintained by:

a. A shared vehicle owner;

b. A shared vehicle driver;

c. A peer-to-peer car-sharing program; or

d. A combination of a shared vehicle owner, a shared vehicle driver, and a peer-to-peer car-sharing program.

2. The insurance policy maintained in subparagraph 1. which satisfies the insurance requirements under paragraph (a) is primary during each car-sharing period. If a claim occurs during the car-sharing period in another state with minimum financial

responsibility limits higher than those limits required under chapter 324, the coverage maintained under paragraph (a) satisfies the difference in minimum coverage amounts up to the applicable policy limits.

3.a. If the insurance maintained by a shared vehicle owner or shared vehicle driver in accordance with subparagraph 1. has lapsed or does not provide the coverage required under paragraph (a), the insurance maintained by the peer-to-peer car-sharing program must provide the coverage required under paragraph (a), beginning with the first dollar of a claim, and must defend such claim, except under circumstances as set forth in subparagraph (3)(a)2.

b. Coverage under a motor vehicle insurance policy maintained by the peer-to-peer car-sharing program must not be dependent on another motor vehicle insurer first denying a claim, and another motor vehicle insurance policy is not required to first deny a claim.

c. Notwithstanding any other law, statute, rule, or regulation to the contrary, a peer-to-peer car-sharing program has an insurable interest in a shared vehicle during the car-sharing period. This sub-subparagraph does not create liability for a peer-to-peer car-sharing program for maintaining the coverage required under paragraph (a) and under this paragraph, if applicable.

d. A peer-to-peer car-sharing program may own and maintain as the named insured one or more policies of motor vehicle insurance which provide coverage for:

(I) Liabilities assumed by the peer-to-peer car-sharing program under a peer-to-peer car-sharing program agreement;

(II) Liability of the shared vehicle owner;

(III) Liability of the shared vehicle driver;

(IV) Damage or loss to the shared motor vehicle; or

(V) Damage, loss, or injury to persons or property to satisfy the personal injury protection and uninsured and underinsured motorist coverage requirements of this section.

e. Insurance required under paragraph (a), when maintained by a peer-to-peer car-sharing program, may be provided by an insurer authorized to do business in this state which is a member of the Florida Insurance Guaranty Association or an eligible surplus lines insurer that has a superior, excellent, exceptional, or equivalent financial strength rating by a rating agency acceptable to the office. A peer-to-peer car-sharing program is not transacting in insurance when it maintains the insurance required under this section.

(3) LIABILITIES AND INSURANCE EXCLUSIONS.—

(a) *Liability.*—

1. A peer-to-peer car-sharing program shall assume liability, except as provided in subparagraph 2., of a shared vehicle owner for bodily injury or property damage to third parties or uninsured and underinsured motorist or personal injury protection losses during the car-sharing period in an amount stated in the peer-to-peer car-sharing program agreement, which amount may not be less than those set forth in ss. 324.021(7)(a) and (b), 324.022, 627.727, and 627.736, respectively.

2. The assumption of liability under subparagraph 1. does not apply if a shared vehicle owner:

a. Makes an intentional or fraudulent material

misrepresentation or omission to the peer-to-peer car-sharing program before the car-sharing period in which the loss occurs; or

b. Acts in concert with a shared vehicle driver who fails to return the shared vehicle pursuant to the terms of the peer-to-peer car-sharing program agreement.

3. The insurer, insurers, or peer-to-peer car-sharing program providing coverage under paragraph (2)(a) shall assume primary liability for a claim when:

a. A dispute exists over who was in control of the shared motor vehicle at the time of the loss, and the peer-to-peer car-sharing program does not have available, did not retain, or fails to provide the information required under subsection (5); or

b. A dispute exists over whether the shared vehicle was returned to the alternatively agreed-upon location as required under subparagraph (1)(d)2.

(b) *Vicarious liability.*—A peer-to-peer car-sharing program and a shared vehicle owner are exempt from vicarious liability consistent with 49 U.S.C. s. 30106 (2005) under any state or local law that imposes liability solely based on vehicle ownership.

(c) *Exclusions in motor vehicle insurance policies.*—An authorized insurer that writes motor vehicle liability insurance in this state may exclude any coverage and the duty to defend or indemnify for any claim under a shared vehicle owner's motor vehicle insurance policy, including, but not limited to:

1. Liability coverage for bodily injury and property damage;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2. Personal injury protection coverage;

3. Uninsured and underinsured motorist coverage;

4. Medical payments coverage;

5. Comprehensive physical damage coverage; and

6. Collision physical damage coverage.

This paragraph does not invalidate or limit any exclusion contained in a motor vehicle insurance policy, including any insurance policy in use or approved for use which excludes coverage for motor vehicles made available for rent, sharing, or hire or for any business use. This paragraph does not invalidate, limit, or restrict an insurer's ability under existing law to underwrite, cancel, or nonrenew any insurance policy.

(d) *Contribution against indemnification.*—A shared vehicle owner's motor vehicle insurer that defends or indemnifies a claim against a shared vehicle which is excluded under the terms of its policy has the right to seek recovery against the motor vehicle insurer of the peer-to-peer car-sharing program if the claim is:

1. Made against the shared vehicle owner or the shared vehicle driver for loss or injury that occurs during the car-sharing period; and

2. Excluded under the terms of its policy.

(4) NOTIFICATION OF IMPLICATIONS OF LIEN.—At the time a motor vehicle owner registers as a shared vehicle owner on a peer-to-peer car-sharing program and before the shared vehicle owner may make a shared vehicle available for car sharing on the peer-to-peer car-sharing program, the peer-to-peer car-sharing

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

program must notify the shared vehicle owner that, if the shared vehicle has a lien against it, the use of the shared vehicle through a peer-to-peer car-sharing program, including the use without physical damage coverage, may violate the terms of the contract with the lienholder.

(5) RECORDKEEPING.—A peer-to-peer car-sharing program shall:

(a) Collect and verify records pertaining to the use of a shared vehicle, including, but not limited to, the times used, car-sharing period pick up and drop off locations, and revenues received by the shared vehicle owner;

(b) Retain the records in paragraph (a) for a time period not less than the applicable personal injury statute of limitations; and

(c) Provide the information contained in the records in paragraph (a) upon request to the shared vehicle owner, the shared vehicle owner's insurer, or the shared vehicle driver's insurer to facilitate a claim coverage investigation, settlement, negotiation, or litigation.

(6) CONSUMER PROTECTIONS.—

(a) *Disclosures.*—Each peer-to-peer car-sharing program agreement made in this state must disclose to the shared vehicle owner and the shared vehicle driver:

1. Any right of the peer-to-peer car-sharing program to seek indemnification from the shared vehicle owner or the shared vehicle driver for economic loss resulting from a breach of the terms and conditions of the peer-to-peer car-sharing program agreement.

2. That a motor vehicle insurance policy issued to the

shared vehicle owner for the shared vehicle or to the shared vehicle driver does not provide a defense or indemnification for any claim asserted by the peer-to-peer car-sharing program.

3. That the peer-to-peer car-sharing program's insurance coverage on the shared vehicle owner and the shared vehicle driver is in effect only during each car-sharing period and that, for any use of the shared vehicle by the shared vehicle driver after the car-sharing termination time, the shared vehicle driver and the shared vehicle owner may not have insurance coverage.

4. The daily rate and, if applicable, any insurance or protection package costs that are charged to the shared vehicle owner or the shared vehicle driver.

5. That the shared vehicle owner's motor vehicle liability insurance may exclude coverage for a shared vehicle.

6. An emergency telephone number of the personnel capable of fielding calls for roadside assistance and other customer service inquiries.

7. Any conditions under which a shared vehicle driver must maintain a personal motor vehicle insurance policy with certain applicable coverage limits on a primary basis in order to book a shared vehicle.

(b) *Driver license verification and data retention.*—

1. A peer-to-peer car-sharing program may not enter into a peer-to-peer car-sharing program agreement with a driver unless the driver:

a. Holds a driver license issued under chapter 322 which authorizes the driver to drive vehicles of the class of the shared vehicle;

b. Is a nonresident who:

(I) Holds a driver license issued by the state or country of the driver's residence which authorizes the driver in that state or country to drive vehicles of the class of the shared vehicle; and

(II) Is at least the same age as that required of a resident to drive; or

c. Is otherwise specifically authorized by the Department of Highway Safety and Motor Vehicles to drive vehicles of the class of the shared vehicle.

2. A peer-to-peer car-sharing program shall keep a record of:

a. The name and address of the shared vehicle driver;

b. The driver license number of the shared vehicle driver and each other person, if any, who will operate the shared vehicle; and

c. The place of issuance of the driver license.

(c) *Responsibility for equipment.*—A peer-to-peer car-sharing program has sole responsibility for any equipment that is put in or on the shared vehicle to monitor or facilitate the peer-to-peer car-sharing transaction, including a GPS system. The peer-to-peer car-sharing program shall indemnify and hold harmless the shared vehicle owner for any damage to or theft of such equipment during the car-sharing period which is not caused by the shared vehicle owner. The peer-to-peer car-sharing program may seek indemnity from the shared vehicle driver for any damage to or loss of such equipment which occurs during the car-sharing period.

(d) *Motor vehicle safety recalls.*—At the time a motor

vehicle owner registers as a shared vehicle owner on a peer-to-peer car-sharing program and before the shared vehicle owner may make a shared vehicle available for car sharing on the peer-to-peer car-sharing program, the peer-to-peer car-sharing program must:

1. Verify that the shared vehicle does not have any safety recalls on the vehicle for which the repairs have not been made; and

2. Notify the shared vehicle owner that if the shared vehicle owner:

a. Has received an actual notice of a safety recall on the vehicle, he or she may not make a vehicle available as a shared vehicle on the peer-to-peer car-sharing program until the safety recall repair has been made.

b. Receives an actual notice of a safety recall on a shared vehicle while the shared vehicle is made available on the peer-to-peer car-sharing program, he or she shall remove the shared vehicle as available on the peer-to-peer car-sharing program as soon as practicably possible after receiving the notice of the safety recall and until the safety recall repair has been made.

c. Receives an actual notice of a safety recall while the shared vehicle is in the possession of a shared vehicle driver, he or she shall notify the peer-to-peer car-sharing program about the safety recall as soon as practicably possible after receiving the notice of the safety recall, so that he or she may address the safety recall repair.

(7) CONSTRUCTION.—This section does not limit:

(a) The liability of a peer-to-peer car-sharing program for any act or omission of the peer-to-peer car-sharing program

which results in the bodily injury of a person as a result of the use of a shared vehicle through peer-to-peer car sharing; or

(b) The ability of a peer-to-peer car-sharing program to seek, by contract, indemnification from the shared vehicle owner or the shared vehicle driver for economic loss resulting from a breach of the terms and conditions of the peer-to-peer car-sharing program agreement.

Section 4. This act shall take effect January 1, 2022.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 590
INTRODUCER:	Appropriations Committee and Senator Harrell
SUBJECT:	Involuntary Examinations of Minors
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Delia	Cox	CF	**Favorable**
2.	Jahnke	Bouck	ED	**Favorable**
3.	Sneed	Sadberry	AP	**Fav/CS**

I. Summary:

CS/SB 590 requires public and charter schools to make a reasonable attempt to notify the parents of a minor student before the student is removed from school, school transportation, or a school-sponsored activity for an involuntary mental health examination. The bill provides that a school principal or designee may delay notification if they believe it is necessary to avoid jeopardizing the health and safety of the student.

The bill requires all school safety officers to undergo crisis intervention training. The bill also requires schools to contact a health care practitioner capable of initiating a Baker Act in person or via telehealth prior to a Baker Act being initiated. The bill mandates the collection of data by school districts and the Department of Children and Families (DCF) relating to the number and frequency of involuntary examinations of minors initiated by schools.

The bill specifies that parents of public school students have the right to timely notification of threats, unlawful acts, and significant emergencies, as well as access to school safety and discipline incidents as reported in the school environmental safety incident report.

The bill adds requirements to the student code of conduct to include:

- Criteria for recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest; and
- Criteria for assigning a student who commits a petty act of misconduct, to a school-based intervention program. If a student's assignment is based on a noncriminal offense, the student's participation in a school-based intervention program may not be entered into the Department of Juvenile Justice Information System Prevention Web.

The bill allows district school board policies to provide accommodations for drills conducted by exceptional education centers, and requires district school boards to establish certain emergency

response and emergency preparedness policies and procedures. The bill also requires timely notice to parents of specified unlawful acts and significant emergency situations on school grounds, school transportation, or school-sponsored activities.

The bill will have an indeterminate, but likely insignificant, negative fiscal impact on public and charter schools and the DCF.

The bill is effective July 1, 2021.

II. Present Situation:

Baker Act

The Florida Mental Health Act, otherwise known as the Baker Act, was enacted in 1971 to revise the state's mental health commitment laws.[1] The Act includes legal procedures for mental health examination and treatment, including voluntary and involuntary examinations. It additionally protects the rights of all individuals examined or treated for mental illness in Florida.[2]

Involuntary Examination and Receiving Facilities

Individuals in an acute mental or behavioral health crisis may require emergency treatment to stabilize their condition. Emergency mental health examination and stabilization services may be provided on a voluntary or involuntary basis.[3] An involuntary examination is required if there is reason to believe that the person has a mental illness and because of his or her mental illness:[4]

- The person has refused voluntary examination after conscientious explanation and disclosure of the purpose of the examination or is unable to determine for himself or herself whether examination is necessary; and
- Without care or treatment, the person is likely to suffer from neglect or refuse to care for himself or herself; such neglect or refusal poses a real and present threat of substantial harm to his or her well-being; and it is not apparent that such harm may be avoided through the help of willing family members or friends or the provision of other services; or
- There is a substantial likelihood that without care or treatment the person will cause serious bodily harm to himself or herself or others in the near future, as evidenced by recent behavior.

An involuntary examination may be initiated by any of the following means:

- A circuit or county court may enter an ex parte order stating that a person appears to meet the criteria for involuntary examination and specifying the findings on which that conclusion is based;[5]
- A law enforcement officer may take a person who appears to meet the criteria for involuntary examination into custody and deliver the person or have him or her delivered to an

[1] Sections 394.451-394.47891, F.S.
[2] Section 394.459, F.S.
[3] *See* Sections 394.4625 and 394.463, F.S.
[4] Section 394.463(1), F.S.
[5] Section 394.463(2)(a)1., F.S.

appropriate, or the nearest, facility within the designated receiving system pursuant to s. 394.462, F.S., for examination;[6] or

- Any of the following healthcare professionals may execute a certificate stating that he or she has examined a person within the preceding 48 hours and finds that the person appears to meet the criteria for involuntary examination:
  - Physicians;
  - Clinical psychologists;
  - Psychiatric nurses;
  - Advanced practice registered nurse registered under s. 464.0123, F.S.;
  - Mental Health Counselors;
  - Marriage and family therapists; or
  - Clinical social workers.[7]

Involuntary patients must be taken to either a public or a private facility that has been designated by the Department of Children and Families (DCF) as a Baker Act receiving facility. The purpose of a receiving facility is to receive and hold or refer, as appropriate, involuntary patients under emergency conditions for mental health or substance abuse evaluation and to provide treatment or transportation of the patient to the appropriate service provider.[8] A public receiving facility is a facility that has contracted with a managing entity to provide mental health services to all persons, regardless of their ability to pay, and is receiving state funds for such purpose.[9] Funds appropriated for Baker Act services may only be used to pay for services to diagnostically and financially eligible persons, or those who are acutely ill, in need of mental health services, and who are the least able to pay.[10]

A Crisis Stabilization Unit (CSU) is a specialized public receiving facility that receives state funding to provide services to individuals showing acute mental health disorders.[11] The purpose of a crisis stabilization unit is to stabilize and redirect a client to the most appropriate and least restrictive community setting available, consistent with the client's needs.[12] CSUs screen, assess, and admit for stabilization individuals who voluntarily present themselves to the unit, as well as individuals who are brought to the unit on an involuntary basis.[13] CSUs provide patients with 24-hour observation, medication prescribed by a physician or psychiatrist, and other appropriate services.[14] Individuals often enter the public mental health system through CSUs.[15] For this reason, crisis services are a part of the comprehensive, integrated, community mental health and substance abuse services established by the Legislature in the 1970s to ensure continuity of care for individuals.[16]

[16] Sections 394.451-394.47891, F.S.

Currently, there are 122 Baker Act receiving facilities in the state, including 54 public receiving facilities and 68 private receiving facilities.[17] Of the 54 public receiving facilities, 40 are designated as CSUs.[18]

Under the Baker Act, a receiving facility must examine an involuntary patient within 72 hours of arrival.[19] During those 72 hours, an involuntary patient must be examined by a physician or a clinical psychologist, or by a psychiatric nurse performing within the framework of an established protocol with a psychiatrist at a facility to determine if the criteria for involuntary services are met.[20] If the patient is a minor, the examination must be initiated within 12 hours.[21]

Within that 72-hour examination period, or if the 72 hours ends on a weekend or holiday, no later than the next business day, one of the following must happen:

- The patient must be released, unless he or she is charged with a crime, in which case law enforcement will assume custody;
- The patient must be released for voluntary outpatient treatment;
- The patient, unless charged with a crime, must give express and informed consent to a placement as a voluntary patient and admitted as a voluntary patient; or
- A petition for involuntary placement must be filed in circuit court for involuntary outpatient or inpatient treatment.[22]

Mental Health Services for Students

The Florida Department of Education (DOE), through the Bureau of Exceptional Education and Student Services and the Office of Safe Schools, promotes a system of support, policies, and practices that focus on prevention and early intervention to improve student mental health and school safety. Florida law requires instructional personnel to teach comprehensive health education that addresses concepts of mental and emotional health, as well as substance use and abuse.[23] Student Services personnel, which includes school psychologists, school social workers, and school counselors, are classified as instructional personnel responsible for advising students regarding personal and social adjustments, and provide direct and indirect services at the district and school level.[24]

State funding for school districts' mental health services is provided primarily by legislative appropriations, the majority of which is distributed through an allocation through the Florida Education Finance Program (FEFP) to each district. In addition to the basic amount for current operations for the FEFP, the Legislature may appropriate categorical funding for specified

[24] Section 1012.01(2)(b), F.S.

programs, activities, or purposes.[25] Each district school board must include the amount of categorical funds as a part of the district annual financial report to the DOE and the DOE must submit a report to the Legislature that identifies by district and by categorical fund the amount transferred and the specific academic classroom activity for which the funds were spent.[26]

The law allows district school boards and state agencies administering children's mental health funds to form a multiagency network to provide support for students with severe emotional disturbance.[27] The program goals for each component of the multiagency network are to:

- Enable students with severe emotional disturbance to learn appropriate behaviors, reduce dependency, and fully participate in all aspects of school and community living;
- Develop individual programs for students with severe emotional disturbance, including necessary educational, residential, and mental health treatment services;
- Provide programs and services as close as possible to the student's home in the least restrictive manner consistent with the student's needs; and
- Integrate a wide range of services necessary to support students with severe emotional disturbances and their families.[28]

The DOE awards grants to district school boards for statewide planning and development of the multiagency Network for Students with Emotional or Behavioral Disabilities (SEDNET).[29] SEDNET is a network of 19 regional projects that are composed of major child-serving agencies, community-based service providers, and students and their families. Local school districts serve as fiscal agents for each local regional project.[30] SEDNET focuses on developing interagency collaboration and sustaining partnerships among professionals and families in the education, mental health, substance abuse, child welfare, and juvenile justice systems serving children and youth with and at risk of emotional and behavioral disabilities.[31]

Mental Health Allocation

The mental health assistance allocation was established in 2018[32] to provide funding to assist school districts in establishing or expanding school-based mental health care. These funds must be allocated annually in the General Appropriations Act or other law to each eligible school district. Each school district must receive a minimum of $100,000 with the remaining balance allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student enrollment. Eligible charter schools are entitled to a proportionate share of district funding. At least 90 percent of a district's allocation must be expended on the elements

[32] Section 29, ch. 2018-4, L.O.F.

specified in law. The allocated funds may not replace funds that are provided for this purpose from other operating funds or be used to increase salaries or provide bonuses. School districts are encouraged to maximize third-party health insurance benefits and Medicaid claiming for services, where appropriate.[33]

Before the distribution of the allocation:

- The school district must develop and submit a detailed plan outlining the local program and planned expenditures to the district school board for approval.
- A charter school must develop and submit a detailed plan outlining the local program and planned expenditures to its governing body for approval and it must be provided to the charter school's sponsor after the plan is approved by the governing body.
- The required plans must be focused on delivering evidence-based mental health care treatment to children and include all of the following elements:
  - Provision of mental health assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and students at high risk of such diagnoses.
  - Coordination of such services with a student's primary care provider and with other mental health providers involved in the student's care.
  - Direct employment of such service providers, or a contract-based collaborative effort or partnership with one or more local community mental health programs, agencies, or providers.[34]

School districts must submit approved plans, including approved plans of each charter school in the district, to the commissioner by August 1 of each fiscal year.[35]

Beginning September 30, 2019, and annually by September 30, each school district must submit to the DOE a report on its program outcomes and expenditures for the previous fiscal year which, at a minimum, must include the number of each of the following:

- Students who receive screenings or assessments.
- Students who are referred for services or assistance.
- Students who receive services or assistance.
- Direct employment service providers employed by each school district.
- Contract-based collaborative efforts or partnerships with community mental health programs, agencies, or providers.[36]

Office of Safe Schools

The Office of Safe Schools (OSS) in the DOE serves as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning.[37] The OSS requirements include:

[33] Section 1011.62(16), F.S.
[34] Section 1011.62(16)(b), F.S.
[35] Section 1011.62(16)(c), F.S.
[36] Section 1011.62(16)(d), F.S.
[37] Section 1001.212, F.S. *See also* The Florida Department of Education, *Office of Safe Schools*, *available at* http://www.fldoe.org/safe-schools/ (last visited April 19, 2021).

- Establishing and updating as necessary a school security risk assessment tool[38] for use by school districts and charter schools.
- Providing ongoing professional development opportunities to school district personnel.
- Providing a coordinated and interdisciplinary approach to providing technical assistance and guidance to school districts on safety and security and recommendations to address findings identified in the school security risk assessment.[39]
- Developing and implementing a School Safety Specialist Training Program for school safety specialists. The office must develop the training program based on national and state best practices on school safety and security and must include active shooter training.[40]
- Reviewing and providing recommendations on the security risk assessments.

Safe-School Officers

Florida law requires each district school board and school district superintendent to partner with law enforcement agencies, to establish or assign one or more safe-school officers at each school facility within the district by implementing one or more safe-school officer options that best meet the needs of the school district.[41] These options include:

- Establishing a school resource officer program, through a cooperative agreement with law enforcement agencies.[42]
- Commissioning one or more school safety officers. The district school superintendent may recommend, and the district school board may appoint, one or more school safety officers.[43]
- Participating in the Coach Aaron Feis Guardian Program if such program is established by the sheriff.[44]

Coach Aaron Feis Guardian Program

The Coach Aaron Feis Guardian Program (guardian program) was established in 2018[45] as an option for school districts to meet the safe-school officer requirements in law.[46] Each sheriff has the discretion to establish a guardian program to aid in the prevention or abatement of active assailant incidents on school premises. School employees, except individuals who exclusively perform classroom duties as classroom teachers as defined in law,[47] may participate in the guardian program. The sheriff who chooses to establish a guardian program shall appoint as school guardians, without the power of arrest, school employees who volunteer and who comply with all of the following:

- Hold a valid license issued under s. 790.06, F.S. (license to carry a concealed firearm).

[38] Section 1006.1493, F.S., provides for the Florida Safe Schools Assessment Tool (FSSAT).
[39] Section 1006.07(6)(a)4., F.S., requires a school security risk assessment at each public school using the school security risk assessment tool (FSSAT) developed by the OSS.
[40] Section 1006.07(6)(a), F.S., requires each district school superintendent to designate a school administrator as a school safety specialist for the district.
[41] Section 1006.12, F.S.
[42] Section 1006.12(1), F.S.
[43] Section 1006.12(2), F.S
[44] Section 1006.12(3), F.S
[45] Section 26, ch. 2018-3, L.O.F.
[46] Section 1006.12, F.S.
[47] Section 1012.01(2)(a), F.S.

- Complete 132 total hours of comprehensive firearm safety and proficiency training conducted by Criminal Justice Standards and Training Commission-certified instructors, which must include:
  - Eighty hours of firearms instruction based on the Criminal Justice Standards and Training Commission's Law Enforcement Academy training model, which must include at least 10 percent but no more than 20 percent more rounds fired than associated with academy training. Program participants must achieve an 85 percent pass rate on the firearms training.
  - Sixteen hours of instruction in precision pistol.
  - Eight hours of discretionary shooting instruction using state-of-the-art simulator exercises.
  - Eight hours of instruction in active shooter or assailant scenarios.
  - Eight hours of instruction in defensive tactics.
  - Twelve hours of instruction in legal issues.
- Pass a psychological evaluation administered by a psychologist licensed under ch. 490, F.S., and designated by the Florida Department of Law Enforcement (FDLE) and submit the results of the evaluation to the sheriff's office. The FDLE may provide the sheriff's office with mental health and substance abuse data for compliance with this requirement.
- Submit to and pass an initial drug test and subsequent random drug tests in accordance with the requirements of s. 112.0455, F.S.,[48] and the sheriff's office.
- Successfully complete ongoing training, weapon inspection, and firearm qualification on at least an annual basis.
- Successfully complete at least 12 hours of a certified nationally recognized diversity training program.[49]

A sheriff must issue a school guardian certificate to individuals who meet the requirements specified in law.[50] The sheriff must maintain documentation of weapon and equipment inspections, as well as the training, certification, inspection, and qualification records of each school guardian appointed by the sheriff.[51]

School Safety Drills

District school boards must formulate and prescribe policies and procedures for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active shooter and hostage situations, and bomb threats, for all students and faculty at all district K-12 public schools.[52]

Drills for active shooter and hostage situations must be conducted in accordance with developmentally appropriate and age-appropriate procedures at least as often as other emergency drills. District school board policies must establish model emergency management and emergency preparedness procedures, including emergency notification procedures.[53]

[48] Section 112.0455, F.S., relates to the Drug-Free Workplace Act.

[52] Section 1006.07(4), F.S.
[53] *Id*.

Parent and Student Rights

A parent of a K-12 public school student is afforded many statutory rights.[54] Each school district is required to:

- Provide a parent with specific information about his or her child's educational progress, comprehensive information about opportunities for involvement in the child's education, and a framework for building and strengthening partnerships among parents and school district personnel.[55]
- Afford a parent the opportunity to enroll his or her child in instruction for exceptional students or challenge a district school board's determination of the child's eligibility for a gifted or special education program.[56]
- Establish a policy enabling a parent to object to and contest specific instructional materials.[57]
- Notify a parent and obtain his or her consent before a public school student may be referred to or offered contraceptive services at school facilities or travel in a privately owned motor vehicle to a school function.[58]

Juvenile Diversion Programs

Juvenile diversion programs (diversion programs) are alternatives to juvenile arrest. A juvenile arrest may be diverted based on comprehensive knowledge of the juvenile's criminal history, prior contacts with law enforcement, and prior program enrollment.[59]

A civil citation or similar prearrest diversion program for misdemeanor offenses must be established in each judicial circuit in the state and operated by the state attorney of each circuit.[60] A sheriff, police department, county, municipality, locally authorized entity, or public or private educational institution may continue to operate an independent civil citation or similar prearrest diversion program as long as the program was in operation as of October 1, 2018, reviewed by the state attorney in the circuit, and determined to be substantially similar to the civil citation or similar prearrest diversion program developed by the circuit.[61] Each civil citation or similar prearrest diversion program must enter the appropriate youth data into the Juvenile Justice Information System Prevention Web within 7 days after the admission of the youth into the program.[62]

Compliance with community-based diversion programs includes all reporting requirements, specifically that criminal diversions be entered into Juvenile Justice Information System (JJIS)

Prevention Web.[63] School districts may still operate their own "diversion programs" that address non-criminal conduct, such as Student Code of Conduct violations and other misbehavior.[64]

In 2019, the Governor issued Executive Order 19-45, providing for an immediate statewide audit of all 67 county school districts to determine any and all types of school-based discipline diversion programs in place.[65] The DOE and Department of Juvenile Justice worked together to complete the audit and review of diversion programs.[66] The audit focused on identification of programs serving youth with offenses that could be deemed delinquent.[67] The audit found that as of July 1, 2019, 58 of the 67 school districts in Florida do not operate school-based diversion programs for potentially delinquent offenses,[68] six school districts operate programs that supplement traditional handling through school-based discipline and/or referral to law enforcement,[69] and three school districts operate school-based diversion programs.[70]

Safety Incident Reporting

Each district school board is required to adopt policies to ensure the accurate and timely reporting of incidents related to school safety and discipline.[71] The School Environmental Safety Incident Reporting (SESIR) system collects data on incidents related to school safety and discipline that occur on school grounds, school transportation, and off-campus, school-sponsored events.[72]

The law requires each school principal to ensure that standardized forms prescribed by SBE rule are used to report data concerning school safety and discipline to the Department of Education (DOE).[73]

Children and the Baker Act

Over a 15-year period, the number of children subject to involuntary commitments under the Baker Act have increased at a faster pace than any other age group.[74] Children are incapable of legally consenting to medical intervention needed to gauge whether an involuntary examination under the Baker Act is necessary.[75] School officials and mental health professionals have stressed the need for additional mobile response teams, greater access to telehealth technology in accessing the teams, and more school psychologists as methods of addressing the growing number of children subjected to the Baker Act.[76] Over 130 law enforcement agencies across the state have policies in place requiring a parent or family member of a minor to be contacted prior to initiating a Baker Act; however there is no currently no statewide statutory requirement for parental or family notification.[77]

Report on Involuntary Examinations of Minors

In 2017, the Legislature created a task force within the DCF[78] to address the issue of involuntary examination of minors age 17 years or younger, specifically by:[79]

- Analyzing data on the initiation of involuntary examinations of minors;
- Researching the root causes of and trends in such involuntary examinations;
- Identifying and evaluating options for expediting the examination process; and
- Identifying recommendations for encouraging alternatives to or eliminating inappropriate initiations of such examinations.

The task force found that specific causes of increases in involuntary examinations of children are unknown. Possible factors cited in the task force report include:

- Increase in mental health concerns:
  - In 2017, 31.5 percent of high school students experienced periods of persistent feelings of sadness or hopelessness within the past year, an increase from 28.5 percent in 2007.
  - In 2017, 17.2 percent of high school students seriously considered attempting suicide in the past year, an increase from 14.5 percent in 2007.[80]
- Social stressors such as parental substance use, poverty and economic insecurity, mass shootings, and social media and cyber bullying.[81]

[81] The DCF, *Task Force Report on Involuntary Examination of Minors,* (Nov. 2019), *available a*t https://www.myflfamilies.com/service-

- Lack of availability of mental health services, due to wait lists for services, limitations on coverage or approval, lack of funding for prevention and diversion, and shortage of psychiatrists and other mental health professionals.
    - Among children ages 12 to 17 in Florida, approximately 13 percent experienced a major depressive episode in the past year, but only about 33 percent of children experiencing a major depressive episode in the past year receive treatment.[82]

As a follow up to the 2017 task force report, in 2019, the Legislature instructed the DCF to prepare a report on the initiation of involuntary examinations of minors age 17 and younger and submit it by November 1 of each odd numbered year.[83] As part of the 2019 report, the DCF was required to:

- Analyze data on the initiation of involuntary examinations of minors;
- Identify any patterns or trends and cases in which involuntary examinations are repeatedly initiated on the same child;
- Study root causes for such patterns, trends, or repeated involuntary examinations; and
- Make recommendations for encouraging alternatives to and eliminating inappropriate initiations of such examinations.[84]

Task Force Recommendations

Among the 2017 task force report recommendations were to:

- Amend the statute to increase the number of days that the receiving facility has to submit required forms to the DCF to capture additional data;
- Expedite involuntary exams by expanding the list of mental health professionals who can conduct the clinical exam to include physician assistants, psychiatric advanced registered nurse practitioners, licensed clinical social workers, licensed mental health counselors, and licensed marriage and family therapist;
- Increase funding for mobile crisis teams;
- Fund an adequate network of prevention and early intervention services so that mental health challenges are addressed prior to becoming a crisis;
- Expand access to outpatient crisis intervention services and treatment especially for children under 13;
- Create the "Invest in the Mental Health of our Children" grant program to provide matching funds to counties to enhance their systems of care serving these children;
- Encourage school districts to adopt a standardized suicide risk assessment tool that school-based mental health professionals would implement prior to initiation of a Baker Act examination;
- Revise statutes to include school psychologists licensed under ch. 490, F.S., to the list of mental health professionals who are qualified to initiate a Baker Act;

programs/samh/publications/docs/Report%20on%20Involuntary%20Examination%20of%20Minors.pdf (last visited April 19, 2021) (hereinafter cited as "The 2019 Task Force Report"), at p. 3.

[82] The 2019 Task Force Report, at p. 5.

[83] Chapter 2019-134, LO.F.

[84] *Id*.

- Require Youth Mental Health First Aid and/or Crisis Intervention Team (CIT) training for school resource officers and other law enforcement officers who initiate Baker Act examinations from schools;
- Require the Agency for Health Care Administration (AHCA) to post quarterly Medicaid health plans' Early and Periodic Screening, Diagnostic and Treatment (EPSDT) compliance reports on its website; and
- Supporting Baker Act training and technical assistance by funding a position in the DCF to train and provide technical assistance to providers, clinicians, and other professionals who are responsible for implementing the Baker Act.[85]

Several of these recommendations have been implemented through statutory change or legislative appropriations.

The 2019 report recommended:
- Increasing care coordination for minors with multiple involuntary examinations;
- Utilizing the wraparound care coordination approach for children with complex behavioral health needs and multi-system involvement to ensure one point of accountability and individualized care planning;
- Utilizing existing local review teams;
- Revising administrative rules to gather more information about actions taken after the initiation of exams, require electronic submission of forms, and improve care coordination and discharge planning;
- Funding an additional FTE position at the DCF to provide technical assistance; and
- Ensuring that parents receive information about mobile crisis response teams and other community resources and supports upon child's discharge.[86]

Mobile Response Teams (MRTs)

A mental health crisis can be can be caused by a variety of factors at any hour of the day.[87] Family members and caregivers of an individual experiencing a mental health crisis are often ill-equipped to handle these situations and need the advice and support of professionals.[88] All too frequently, law enforcement or emergency medical technicians (EMTs) are called to respond to mental health crises and they often lack the training and experience to effectively handle the situation.[89] Mobile crisis response teams (MRTs) can be beneficial in such instances.

MRTs provide readily available crisis care in a community-based setting and increase opportunities to stabilize individuals in the least restrictive setting to avoid the need for jail or hospital/emergency department utilization.[90] Early intervention services are critical to reducing involuntary examinations in minors and there are areas across the state where options short of

[89] *Id*.
[90] *Id*. at 2

involuntary examination via the Baker Act are limited or nonexistent.[91] MRTs are available to individuals age 25 and under, regardless of their ability to pay, and must be ready to respond to any mental health emergency.[92] Telehealth can be used to provide direct services to individuals via video-conferencing systems, mobile phones, and remote monitoring.[93] It can also be used to provide assessments and follow-up consultation as well as initial triage to determine if an in-person visit is needed to respond to the crisis.[94]

In ch. 2018-3, L.O.F., the legislature appropriated $18.3 million in recurring funds to the DCF to establish 40 additional MRTs in an effort to provide services to all 67 counties.[95] Recent MRT monthly reports showed an 80 percent statewide average of diverting individuals from involuntary examination.[96]

The DCF established a framework to guide procurement of MRTs. This framework suggests that the procurement:

- Be conducted with the collaboration of local Sherriff's Offices and public schools in the procurement planning, development, evaluation, and selection process;
- Be designed to ensure reasonable access to services among all counties in the Managing Entity's service region, taking into consideration the geographic location of existing mobile crisis teams;
- Require services be available 24 hours per day, seven days per week with on-site response time to the location of referred crises within 60 minutes of the request for services;
- Require the Network Service Provider to establish formalized written agreements to establish response protocols with local law enforcement agencies and local school districts or superintendents;
- Require access to a board-certified or board-eligible Psychiatrist or Psychiatric Nurse Practitioner; and
- Provide for an array of crisis response services that are responsive to the individual and the family needs, including screening, standardized assessments, early identification, or linkage to community services as necessary to address the immediate crisis event.[97]

III. Effect of Proposed Changes:

Notification Requirements to Parents

This bill amends s. 381.0056, F.S., related to the school health services program, requiring school health services plans to mandate that a reasonable attempt be made to notify a parent or guardian before a student is removed from school or a school-sponsored activity for an involuntary examination, except when the principal or their designee believes that a delay in removal is necessary to avoid jeopardizing the health and safety of the student.

[91] MRT Framework, p. 4.
[92] *Id*.
[93] MRT Framework, p. 7.
[94] *Id*.
[95] The 2019 Task Force Report, p. 4
[96] *Id*.
[97] MDT Framework, p. 2-3.

The bill amends ss. 1002.20 and 1002.33, F.S., related to K-12 student and parental rights and charter schools, respectively, requiring the public school or charter school principal or principal's designee to make a reasonable attempt to notify the parent before a student is removed from school, school transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination. The bill provides an exception for delaying notification up to 24 hours should the principal or designee believe that a delay is necessary to avoid jeopardizing the health and safety of the student.

For parents of public school students, the bill adds to ss. 1002.20 and 1002.33, F.S., the right to timely notification of school safety and emergency incidents, including certain threats, unlawful acts, and significant emergencies, and the right to access SESIR data as reported by school districts to the DOE.

The bill modifies parental threat notification requirements by eliminating the requirement that school districts establish model emergency management and preparedness procedures. Under the bill, school districts must instead provide timely notice to parents of the following unlawful acts and significant emergency situations on school grounds, school transportation, or school-sponsored activities:

- Weapons possession or use, hostage and active assailant situations.
- Murder, homicide, or manslaughter.
- Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.
- Natural emergencies, including hurricanes, tornadoes, and severe weather.
- Exposure as a result of a manmade emergency.

The bill also removes the requirement that schools establish model emergency notification policies for reporting hazardous materials or toxic chemical spills.

Civil Citation or Similar Prearrest Diversion Programs

The bill provides that the code of student conduct adopted by a district school board include criteria for recommending to law enforcement a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to arrest or expulsion. The bill requires all civil citation or similar prearrest diversion programs used by a school district to comply with the civil citation or similar prearrest diversion programs established in each judicial circuit in the state as provided in s. 985.12, F.S. The bill also requires the student code of conduct to include criteria for assigning a student who commits a petty act of misconduct to a school-based intervention program. The bill prohibits a school-based intervention program from entering a participating student's information into the Juvenile Justice Information System Prevention Web, when the assignment is based on a non-criminal offense.

Reporting Requirements

The bill amends s. 394.463, F.S., related to involuntary examinations, adding the initiation of involuntary examinations of students who are removed from school, school transportation, or a school-sponsored activity to the elements that must be included in data collected by the

Department of Children and Families (DCF), and requiring the DCF to submit a report on findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House by November 1 of each odd-numbered year.

The bill amends s. 1001.212, F.S., related to the Office of Safe Schools (OSS) in the Department of Education (DOE), requiring that both the number of involuntary examinations initiated at each school or school-sponsored activity and the number of students for whom an involuntary examination was initiated be included in the data provided by the OSS to support the evaluation of mental health services.

The bill amends s. 1006.07, F.S., related to district school board duties pertaining to student discipline and school safety, requiring each district school board to adopt a policy requiring that the superintendent report annually to the DOE the number of involuntary examinations initiated at a school, on school transportation, or at a school-sponsored activity.

Safety Incident Notification

The bill also requires school districts to adopt policies, consistent with the OSS's model policies and best practices, for parental notification for certain threats as identified by a school's threat assessment team. When permitted by law to disseminate such information, the notification must include resolution and actions taken.

The bill requires the DOE to annually publish the most recently available SESIR data, along with other school accountability and performance data, in a uniform, statewide format that is easy to read and understand.

Emergency Drills

The bill authorizes school board policies to provide accommodations for drills conducted by Exceptional Student Education centers.

The bill replaces the term "active shooter" with "active assailant" to expand emergency notification and staff and student training for situations in which the perpetrator may use a weapon other than a firearm.

Training Requirements

The bill amends s. 1006.12, F.S., related to safe school officers at each public school, requiring that school safety officers complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention to improve skills in responding to students with emotional behavioral disability or mental illness, including de-escalation techniques.

Mental Health Professional Notification

The bill requires school or law enforcement personnel to make a reasonable attempt to contact a mental health professional statutorily authorized to initiate an involuntary examination, unless

the child poses an imminent danger to themselves or others, before initiating an involuntary examinations

The bill provides an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

There will be an indeterminate impact to providers of crisis intervention training for school safety officers and school resource officers.

C. Government Sector Impact:

The DCF anticipates an indeterminate, negative fiscal impact generated by additional calls from schools to mobile response teams (MRTs) or mental health professionals in instances where schools do not already contact a MRT or mental health professional prior to initiating a Baker Act.[98]

[98] The Florida Department of Children and Families, *Agency Analysis for SB 590*), p. 6, January 19, 2021 (on file with the Senate Children, Families, and Elder Affairs Committee).

In the agency's bill analysis for legislation filed in the 2020 session (CS/SB 1062)[99], the DOE estimated that the agency may incur costs relating to data collection and analysis of involuntary examinations, including costs related to training school and district staff on data collection required by the bill. The DOE determined that the impact of these requirements is indeterminate.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.0056, 394.463, 1001.212, 1002.20, 1002.33, 1006.07, 1006.12, and 1011.62.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute:

- Removes the required memorandum of understanding with a local mobile response team and all provisions related to the memorandum.
- Clarifies that the school or law enforcement personnel must make a reasonable attempt to contact a mental health professional, who may initiate an involuntary examination, unless the child poses an imminent danger to themselves or others before initiating an involuntary examination.
- Provides that the school or law enforcement personnel's contact with a mental health professional may be in person or using telehealth.
- Specifies the mental health professional may be available to the school district either by contract or by interagency agreement with one or more local community behavioral health providers, MRT, or be a direct or contract school district employee.
- Replaces the term "immediate notification" with "reasonable attempt of notification".
- Modifies ss. 1002.20 and 1002.33, F.S., to specify that parents of public school or charter school students have the right to:
  - Timely notification of threats, unlawful acts, and significant emergencies; and
  - Access school safety and discipline incidents as reported in the school environmental safety incident report.

[99] The Florida Department of Education, *Agency Analysis of CS/SB 1062 (2020)*, p. 8, July 1, 2020 (on file with the Senate Appropriations Subcommittee on Health and Human Services).

- Modifies s. 1006.07, F.S., by adding requirements to student codes of conduct to include:
  - Criteria for recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest.
  - Criteria for assigning a student who commits a petty act of misconduct, to a school-based intervention program. If a student's assignment is based on a noncriminal offense, the student's participation in a school-based intervention program may not be entered into the Department of Juvenile Justice Information System Prevention Web.
- Replaces the term "active shooter" with "active assailant".
- Allows district school board policies to provide accommodations for drills conducted by exceptional education centers.
- Requires district school boards to establish emergency response and emergency preparedness policies and procedures that include, but are not limited to, identifying the individuals responsible for contacting the primary emergency response agency and the emergency response agency that is responsible for notifying the school district for each type of emergency.
- Requires timely notice to parents of the following unlawful acts and significant emergency situations on school grounds, school transportation, or school-sponsored activities:
  - Weapons possession or use, hostage and active assailant situations.
  - Murder, homicide, or manslaughter.
  - Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.
  - Natural emergencies, including hurricanes, tornadoes, and severe weather.
  - Exposure as a result of a manmade emergency.

B. Amendments:

None.

Senate Amendment

Delete lines 79 - 163
and insert:
19. A reasonable attempt to notify ~~Immediate notification to~~ a student's parent, guardian, or caregiver before ~~if~~ the student is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463, including and subject to the requirements and exceptions

832246

established under ss. 1002.20(3) and 1002.33(9), as applicable.

Section 2. Subsection (4) of section 394.463, Florida Statutes, is amended to read:

394.463 Involuntary examination.—

(4) DATA ANALYSIS.—Using data collected under paragraph (2)(a), the department shall, at a minimum, analyze data on both the initiation of involuntary examinations of children and the initiation of involuntary examinations of students who are removed from a school, identify any patterns or trends and cases in which involuntary examinations are repeatedly initiated on the same child or student, study root causes for such patterns, trends, or repeated involuntary examinations, and make recommendations to encourage the use of ~~for encouraging~~ alternatives to eliminate ~~and eliminating~~ inappropriate initiations of such examinations. The department shall submit a report on its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each odd-numbered ~~odd-numbered~~ year.

Section 3. Subsection (7) of section 1001.212, Florida Statutes, is amended to read:

1001.212 Office of Safe Schools.—There is created in the Department of Education the Office of Safe Schools. The office is fully accountable to the Commissioner of Education. The office shall serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The office shall:

832246

(7) Provide data to support the evaluation of mental health services pursuant to s. 1004.44. Such data must include, for each school, the number of involuntary examinations as defined in s. 394.455 which are initiated at the school, on school transportation, or at a school-sponsored activity and the number of children for whom an examination is initiated.

Section 4. Paragraph (l) of subsection (3) of section 1002.20, Florida Statutes, is amended to read:

1002.20 K-12 student and parent rights.—Parents of public school students must receive accurate and timely information regarding their child's academic progress and must be informed of ways they can help their child to succeed in school. K-12 students and their parents are afforded numerous statutory rights including, but not limited to, the following:

(3) HEALTH ISSUES.—

(l) *Notification of involuntary examinations.*—

1. Except as provided in subparagraph 2., the public school principal or the principal's designee shall make a reasonable attempt to ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay the required notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment,

832246

or neglect; or

b. The principal or principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each district school board shall develop a policy and procedures for notification under this paragraph.

Section 5. Paragraph (q) of subsection (9) of section 1002.33, Florida Statutes, is amended to read:

1002.33 Charter schools.—

(9) CHARTER SCHOOL REQUIREMENTS.—

(q)1. The charter school principal or the principal's designee shall make a reasonable attempt to ~~immediately~~ notify the parent of a student before

867556

Each district school board shall develop a policy and procedures for notification under this paragraph.

(25) SAFE SCHOOLS.—

(a) *School safety and emergency incidents*.—Parents of public school students have a right to timely notification of threats, unlawful acts, and significant emergencies pursuant to s. 1006.07(4) and (7).

(b) *School environmental safety incident reporting*.—Parents of public school students have a right to access school safety and discipline incidents as reported pursuant to s. 1006.07(9).

Section 5. Paragraph (q) of subsection (9) of section 1002.33, Florida Statutes, is amended, and paragraph (r) is added to that subsection, to read:

1002.33 Charter schools.—

(9) CHARTER SCHOOL REQUIREMENTS.—

(q)1. The charter school principal or the principal's designee shall ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

867556

b. The principal or the principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each charter school governing board shall develop a policy and procedures for notification under this paragraph.

(r)1. Parents of charter school students have a right to timely notification of threats, unlawful acts, and significant emergencies pursuant to s. 1006.07(4) and (7).

2. Parents of charter school students have a right to access school safety and discipline incidents as reported pursuant to s. 1006.07(9).

Section 6. Paragraphs (a) and (b) of subsection (4) of section 1006.07, Florida Statutes, are amended, and paragraphs (n) and (o) of subsection (2) and subsection (10) are added to that section, to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the

867556

welfare of students, including:

(2) CODE OF STUDENT CONDUCT.—Adopt a code of student conduct for elementary schools and a code of student conduct for middle and high schools and distribute the appropriate code to all teachers, school personnel, students, and parents, at the beginning of every school year. Each code shall be organized and written in language that is understandable to students and parents and shall be discussed at the beginning of every school year in student classes, school advisory council meetings, and parent and teacher association or organization meetings. Each code shall be based on the rules governing student conduct and discipline adopted by the district school board and shall be made available in the student handbook or similar publication. Each code shall include, but is not limited to:

(n) Criteria for recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest. All civil citation or similar prearrest diversion programs must comply with s. 985.12.

(o) Criteria for assigning a student who commits a petty act of misconduct, as defined by the district school board pursuant to s. 1006.13(2)(c), to a school-based intervention program. If a student’s assignment is based on a noncriminal offense, the student’s participation in a school-based intervention program may not be entered into the Juvenile Justice Information System Prevention Web.

(4) EMERGENCY DRILLS; EMERGENCY PROCEDURES.—

(a) Formulate and prescribe policies and procedures, in consultation with the appropriate public safety agencies, for

867556

emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant ~~shooter~~ and hostage situations, and bomb threats, for all students and faculty at all public schools of the district comprised of grades K-12. Drills for active assailant ~~shooter~~ and hostage situations shall be conducted in accordance with developmentally appropriate and age-appropriate procedures at least as often as other emergency drills. District school board policies shall include commonly used alarm system responses for specific types of emergencies and verification by each school that drills have been provided as required by law and fire protection codes and may provide accommodations for drills conducted by exceptional student education centers. District school boards shall establish ~~The~~ emergency response and emergency preparedness policies and procedures that include, but are not limited to, identifying ~~policy shall identify~~ the individuals responsible for contacting the primary emergency response agency and the emergency response agency that is responsible for notifying the school district for each type of emergency.

(b) Provide timely ~~Establish model emergency management and emergency preparedness procedures, including emergency~~ notification to parents of threats pursuant to policies adopted under subsection (7) and ~~procedures pursuant to paragraph (a), for~~ the following unlawful acts or significant emergencies that occur on school grounds, during school transportation, or during school-sponsored activities ~~life-threatening emergencies~~:

1. Weapons possession or use when there is intended harm toward another person ~~Weapon-use~~, hostage, and active assailant ~~shooter~~ situations. The active assailant ~~shooter~~ situation

867556

training for each school must engage the participation of the district school safety specialist, threat assessment team members, faculty, staff, and students and must be conducted by the law enforcement agency or agencies that are designated as first responders to the school's campus.

2. Murder, homicide, or manslaughter.

3. Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.

~~2. Hazardous materials or toxic chemical spills.~~

4.~~3.~~ Natural ~~Weather~~ emergencies, including hurricanes, tornadoes, and severe storms.

5.~~4.~~ Exposure as a result of a manmade emergency.

The Committee on Appropriations (Harrell) recommended the following:

Senate Amendment (with title amendment)

Delete lines 79 - 196

and insert:

19. A reasonable attempt to notify ~~Immediate notification~~ ~~to~~ a student's parent, guardian, or caregiver before ~~if~~ the student is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463, including and subject to the requirements and exceptions

established under ss. 1002.20(3) and 1002.33(9), as applicable.

Section 2. Subsection (4) of section 394.463, Florida Statutes, is amended to read:

394.463 Involuntary examination.—

(4) DATA ANALYSIS.—Using data collected under paragraph (2)(a), the department shall, at a minimum, analyze data on both the initiation of involuntary examinations of children and the initiation of involuntary examinations of students who are removed from a school, identify any patterns or trends and cases in which involuntary examinations are repeatedly initiated on the same child or student, study root causes for such patterns, trends, or repeated involuntary examinations, and make recommendations to encourage the use of ~~for encouraging~~ alternatives to eliminate ~~and eliminating~~ inappropriate initiations of such examinations. The department shall submit a report on its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each odd-numbered ~~odd-numbered~~ year.

Section 3. Subsection (7) of section 1001.212, Florida Statutes, is amended to read:

1001.212 Office of Safe Schools.—There is created in the Department of Education the Office of Safe Schools. The office is fully accountable to the Commissioner of Education. The office shall serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The office shall:

733110

(7) Provide data to support the evaluation of mental health services pursuant to s. 1004.44. Such data must include, for each school, the number of involuntary examinations as defined in s. 394.455 which are initiated at the school, on school transportation, or at a school-sponsored activity and the number of children for whom an examination is initiated.

Section 4. Paragraph (l) of subsection (3) of section 1002.20, Florida Statutes, is amended, and a new subsection (25) is added to that section, to read:

1002.20 K-12 student and parent rights.—Parents of public school students must receive accurate and timely information regarding their child's academic progress and must be informed of ways they can help their child to succeed in school. K-12 students and their parents are afforded numerous statutory rights including, but not limited to, the following:

(3) HEALTH ISSUES.—

(l) *Notification of involuntary examinations.*—

1. Except as provided in subparagraph 2., the public school principal or the principal's designee shall make a reasonable attempt to ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay the required notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s.

733110

39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

b. The principal or principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each district school board shall develop a policy and procedures for notification under this paragraph.

(25) SAFE SCHOOLS.—

(a) School safety and emergency incidents.—Parents of public school students have a right to timely notification of threats, unlawful acts, and significant emergencies pursuant to s. 1006.07(4) and (7).

(b) School environmental safety incident reporting.—Parents of public school students have a right to access school safety and discipline incidents as reported pursuant to s. 1006.07(9).

Section 5. Paragraph (q) of subsection (9) of section 1002.33, Florida Statutes, is amended, and paragraph (r) is added to that subsection, to read:

1002.33 Charter schools.—

(9) CHARTER SCHOOL REQUIREMENTS.—

(q)1. The charter school principal or the principal's designee shall make a reasonable attempt to ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

b. The principal or the principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each charter school governing board shall develop a policy and procedures for notification under this paragraph.

(r)1. Parents of charter school students have a right to

733110

timely notification of threats, unlawful acts, and significant emergencies pursuant to s. 1006.07(4) and (7).

2. Parents of charter school students have a right to access school safety and discipline incidents as reported pursuant to s. 1006.07(9).

Section 6. Paragraphs (a) and (b) of subsection (4) of section 1006.07, Florida Statutes, are amended, and paragraphs (n) and (o) of subsection (2) and subsection (10) are added to that section, to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(2) CODE OF STUDENT CONDUCT.—Adopt a code of student conduct for elementary schools and a code of student conduct for middle and high schools and distribute the appropriate code to all teachers, school personnel, students, and parents, at the beginning of every school year. Each code shall be organized and written in language that is understandable to students and parents and shall be discussed at the beginning of every school year in student classes, school advisory council meetings, and parent and teacher association or organization meetings. Each code shall be based on the rules governing student conduct and discipline adopted by the district school board and shall be made available in the student handbook or similar publication. Each code shall include, but is not limited to:

(n) Criteria for recommending to law enforcement that a

733110

student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest. All civil citation or similar prearrest diversion programs must comply with s. 985.12.

(o) Criteria for assigning a student who commits a petty act of misconduct, as defined by the district school board pursuant to s. 1006.13(2)(c), to a school-based intervention program. If a student's assignment is based on a noncriminal offense, the student's participation in a school-based intervention program may not be entered into the Juvenile Justice Information System Prevention Web.

(4) EMERGENCY DRILLS; EMERGENCY PROCEDURES.—

(a) Formulate and prescribe policies and procedures, in consultation with the appropriate public safety agencies, for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant ~~shooter~~ and hostage situations, and bomb threats, for all students and faculty at all public schools of the district comprised of grades K-12. Drills for active assailant ~~shooter~~ and hostage situations shall be conducted in accordance with developmentally appropriate and age-appropriate procedures at least as often as other emergency drills. District school board policies shall include commonly used alarm system responses for specific types of emergencies and verification by each school that drills have been provided as required by law and fire protection codes and may provide accommodations for drills conducted by exceptional student education centers. District school boards shall establish ~~The~~ emergency response and emergency preparedness policies and procedures that include, but are not limited to,

733110

identifying ~~policy shall identify~~ the individuals responsible for contacting the primary emergency response agency and the emergency response agency that is responsible for notifying the school district for each type of emergency.

(b) Provide timely ~~Establish model emergency management and emergency preparedness procedures, including emergency~~ notification to parents of threats pursuant to policies adopted under subsection (7) and ~~procedures pursuant to paragraph (a), for~~ the following unlawful acts or significant emergencies that occur on school grounds, during school transportation, or during school-sponsored activities ~~life-threatening emergencies~~:

1. Weapons possession or use when there is intended harm toward another person ~~Weapon-use~~, hostage, and active assailant ~~shooter~~ situations. The active assailant ~~shooter~~ situation training for each school must engage the participation of the district school safety specialist, threat assessment team members, faculty, staff, and students and must be conducted by the law enforcement agency or agencies that are designated as first responders to the school's campus.

2. Murder, homicide, or manslaughter.

3. Sex offenses, including rape, sexual assault, or sexual misconduct with a student by school personnel.

~~2. Hazardous materials or toxic chemical spills.~~

4.~~3.~~ Natural ~~Weather~~ emergencies, including hurricanes, tornadoes, and severe storms.

5.~~4.~~ Exposure as a result of a manmade emergency.

include certain strategies; creating requirements for memoranda of understanding between schools and local mobile crisis response services; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (4) of section 381.0056, Florida Statutes, is amended to read:

381.0056 School health services program.—

(4)(a) Each county health department shall develop, jointly with the district school board and the local school health advisory committee, a school health services plan. The plan must include, at a minimum, provisions for all of the following:

1. Health appraisal;
2. Records review;
3. Nurse assessment;
4. Nutrition assessment;
5. A preventive dental program;
6. Vision screening;
7. Hearing screening;
8. Scoliosis screening;
9. Growth and development screening;
10. Health counseling;
11. Referral and followup of suspected or confirmed health problems by the local county health department;
12. Meeting emergency health needs in each school;
13. County health department personnel to assist school personnel in health education curriculum development;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

14. Referral of students to appropriate health treatment, in cooperation with the private health community whenever possible;

15. Consultation with a student's parent or guardian regarding the need for health attention by the family physician, dentist, or other specialist when definitive diagnosis or treatment is indicated;

16. Maintenance of records on incidents of health problems, corrective measures taken, and such other information as may be needed to plan and evaluate health programs; except, however, that provisions in the plan for maintenance of health records of individual students must be in accordance with s. 1002.22;

17. Health information which will be provided by the school health nurses, when necessary, regarding the placement of students in exceptional student programs and the reevaluation at periodic intervals of students placed in such programs;

18. Notification to the local nonpublic schools of the school health services program and the opportunity for representatives of the local nonpublic schools to participate in the development of the cooperative health services plan; and

19. ~~Immediate~~ Notification to a student's parent, guardian, or caregiver before ~~if~~ the student is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463, including and subject to the requirements and exceptions established under ss. 1002.20(3) and 1002.33(9), as applicable.

Section 2. Subsection (4) of section 394.463, Florida Statutes, is amended to read:

394.463 Involuntary examination.—

(4) DATA ANALYSIS.—Using data collected under paragraph (2)(a), the department shall, at a minimum, analyze data on both the initiation of involuntary examinations of children and the initiation of involuntary examinations of students who are removed from a school, identify any patterns or trends and cases in which involuntary examinations are repeatedly initiated on the same child or student, study root causes for such patterns, trends, or repeated involuntary examinations, and make recommendations to encourage the use of ~~for encouraging~~ alternatives to eliminate ~~and eliminating~~ inappropriate initiations of such examinations. The department shall submit a report on its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1 of each odd-numbered ~~odd-numbered~~ year.

Section 3. Subsection (7) of section 1001.212, Florida Statutes, is amended to read:

1001.212 Office of Safe Schools.—There is created in the Department of Education the Office of Safe Schools. The office is fully accountable to the Commissioner of Education. The office shall serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The office shall:

(7) Provide data to support the evaluation of mental health services pursuant to s. 1004.44. Such data must include, for each school, the number of involuntary examinations as defined

in s. 394.455 which are initiated at the school, on school transportation, or at a school-sponsored activity and the number of children for whom an examination is initiated.

Section 4. Paragraph (l) of subsection (3) of section 1002.20, Florida Statutes, is amended to read:

1002.20 K-12 student and parent rights.—Parents of public school students must receive accurate and timely information regarding their child's academic progress and must be informed of ways they can help their child to succeed in school. K-12 students and their parents are afforded numerous statutory rights including, but not limited to, the following:

(3) HEALTH ISSUES.—

(l) *Notification of involuntary examinations.*—

1. Except as provided in subparagraph 2., the public school principal or the principal's designee shall ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay the required notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

b. The principal or principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the

health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each district school board shall develop a policy and procedures for notification under this paragraph.

Section 5. Paragraph (q) of subsection (9) of section 1002.33, Florida Statutes, is amended to read:

1002.33 Charter schools.—

(9) CHARTER SCHOOL REQUIREMENTS.—

(q)1. The charter school principal or the principal's designee shall ~~immediately~~ notify the parent of a student before the student ~~who~~ is removed from school, school transportation, or a school-sponsored activity to be ~~and~~ taken to a receiving facility for an involuntary examination pursuant to s. 394.463.

2. The principal or the principal's designee may delay notification for no more than 24 hours after the student is removed if:

a. The principal or the principal's designee deems the delay to be in the student's best interest and ~~if~~ a report has been submitted to the central abuse hotline, pursuant to s. 39.201, based upon knowledge or suspicion of abuse, abandonment, or neglect; or

b. The principal or principal's designee reasonably believes that such delay is necessary to avoid jeopardizing the health and safety of the student.

3. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that deescalation ~~de-escalation~~ strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. 394.463.

Each charter school governing board shall develop a policy and procedures for notification under this paragraph.

Section 6. Subsection (10) is added to section 1006.07, Florida Statutes, to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(10) REPORTING OF INVOLUNTARY EXAMINATIONS.—Each district school board shall adopt a policy to require the district superintendent to annually report to the department the number of involuntary examinations, as defined in s. 394.455, which are initiated at a school, on school transportation, or at a school-sponsored activity.

Section 7. Present paragraph (c) of subsection (2) of

section 1006.12, Florida Statutes, is redesignated as paragraph (d), and a new paragraph (c) is added to that subsection, to read:

1006.12 Safe-school officers at each public school.—For the protection and safety of school personnel, property, students, and visitors, each district school board and school district superintendent shall partner with law enforcement agencies or security agencies to establish or assign one or more safe-school officers at each school facility within the district, including charter schools. A district school board must collaborate with charter school governing boards to facilitate charter school access to all safe-school officer options available under this section. The school district may implement any combination of the options in subsections (1)-(4) to best meet the needs of the school district and charter schools.

(2) SCHOOL SAFETY OFFICER.—A school district may commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district. The district school superintendent may recommend, and the district school board may appoint, one or more school safety officers.

(c) School safety officers must complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training shall improve officers' knowledge and skills as first responders to incidents involving students with emotional disturbance or mental illness, including deescalation skills to ensure student and officer safety.

If a district school board, through its adopted policies, procedures, or actions, denies a charter school access to any safe-school officer options pursuant to this section, the school district must assign a school resource officer or school safety officer to the charter school. Under such circumstances, the charter school's share of the costs of the school resource officer or school safety officer may not exceed the safe school allocation funds provided to the charter school pursuant to s. 1011.62(15) and shall be retained by the school district.

Section 8. Paragraph (b) of subsection (16) of section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(16) MENTAL HEALTH ASSISTANCE ALLOCATION.—The mental health assistance allocation is created to provide funding to assist school districts in establishing or expanding school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth, and families who may experience behavioral health issues with appropriate services. These funds shall be allocated annually in the General Appropriations Act or other law to each eligible school district. Each school district shall receive a minimum of $100,000, with the remaining balance allocated based on each school district's proportionate share of the state's total unweighted full-time equivalent student

enrollment. Charter schools that submit a plan separate from the school district are entitled to a proportionate share of district funding. The allocated funds may not supplant funds that are provided for this purpose from other operating funds and may not be used to increase salaries or provide bonuses. School districts are encouraged to maximize third-party health insurance benefits and Medicaid claiming for services, where appropriate.

(b) The plans required under paragraph (a) must be focused on a multitiered system of supports to deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses. The provision of these services must be coordinated with a student's primary mental health care provider and with other mental health providers involved in the student's care. At a minimum, the plans must include the following elements:

1. Direct employment of school-based mental health services providers to expand and enhance school-based student services and to reduce the ratio of students to staff in order to better align with nationally recommended ratio models. These providers include, but are not limited to, certified school counselors, school psychologists, school social workers, and other licensed mental health professionals. The plan also must identify strategies to increase the amount of time that school-based student services personnel spend providing direct services to students, which may include the review and revision of district staffing resource allocations based on school or student mental

health assistance needs.

2. Contracts or interagency agreements with one or more local community behavioral health providers or providers of Community Action Team services to provide a behavioral health staff presence and services at district schools. Services may include, but are not limited to, mental health screenings and assessments, individual counseling, family counseling, group counseling, psychiatric or psychological services, trauma-informed care, mobile crisis services, and behavior modification. These behavioral health services may be provided on or off the school campus and may be supplemented by telehealth.

3. Policies and procedures, including contracts with service providers, which will ensure that students who are referred to a school-based or community-based mental health service provider for mental health screening for the identification of mental health concerns and ensure that the assessment of students at risk for mental health disorders occurs within 15 days of referral. School-based mental health services must be initiated within 15 days after identification and assessment, and support by community-based mental health service providers for students who are referred for community-based mental health services must be initiated within 30 days after the school or district makes a referral.

4. Strategies or programs to reduce the likelihood of at-risk students developing social, emotional, or behavioral health problems, depression, anxiety disorders, suicidal tendencies, or substance use disorders.

5. Strategies to improve the early identification of

social, emotional, or behavioral problems or substance use disorders, to improve the provision of early intervention services, and to assist students in dealing with trauma and violence.

6. Procedures to assist a mental health services provider or a behavioral health provider as described in subparagraph 1. or subparagraph 2., respectively, or a school resource officer or school safety officer who has completed mental health crisis intervention training in attempting to verbally deescalate a student's crisis situation before initiating an involuntary examination pursuant to s. 394.463. Such procedures must include strategies to deescalate a crisis situation for a student with a developmental disability as that term is defined in s. 393.063.

7. A memorandum of understanding with a local mobile crisis response service. Policies of the school district and the terms of the memorandum of understanding must require that, in a student crisis situation, school or law enforcement personnel must contact the local mobile crisis response service before initiating an involuntary examination pursuant to s. 394.463. Such contact may be in person or by using telehealth as defined in s. 456.47. School districts shall provide all school resource officers and school safety officers with training on protocols established under the memorandum of understanding developed pursuant to this subparagraph.

Section 9. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 606
INTRODUCER:	Senator Bean
SUBJECT:	Domestic Violence
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Moody	Cox	CF	**Favorable**
2.	Sneed	Kidd	AHS	**Recommend: Favorable**
3.	Sneed	Sadberry	AP	**Favorable**

I. Summary:

SB 606 amends current law to recognize that domestic violence is a significant public health threat that has adverse physical, emotional, and financial impact on Florida families. The bill also amends current law to add nonresidential outreach services to the list of minimum services a certified domestic violence center must provide. It amends current law to require certified domestic violence centers to obtain public and private funding in an amount of at least 25 percent of the amount of funding the center receives from the Domestic Violence Trust Fund and permits certified domestic violence centers to carry forward, from one fiscal year to the next, unexpended state funds in a cumulative amount not to exceed eight percent of their total contract with the DCF.

The bill revives, reenacts, and amends s. 741.327, F.S., to authorize the DCF to certify and monitor Batterers' Intervention Programs (BIPs). The bill also amends current law to permit certified BIPs to use a cognitive behavioral model or a psychoeducational model in its program content.

The bill has an insignificant fiscal impact on state government.

The bill has an effective date of July 1, 2021.

II. Present Situation:

Background

Domestic Violence

Domestic violence is a pattern of behavior, violence, or threats of violence that a person uses to gain power and control over a current or former intimate partner.[1] The use of threats, intimidation, isolation, and using children as pawns are examples of the tactics domestic violence perpetrators use against victims.[2]

Florida law defines domestic violence as any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another family or household member.[3] A family or household member includes spouses, former spouses, persons related by blood or marriage, persons who are presently residing together as if a family or who have resided together in the past as if a family, and persons who are parents of a child in common regardless of whether they have been married. With the exception of persons who have a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.[4]

In 2018, a total of 104,914 domestic violence offenses were reported to law enforcement.[5] That same year, 215 individuals died as a result of domestic violence homicide, which equals approximately 19 percent of all homicides in Florida.[6] Law enforcement made 64,573 arrests for domestic violence related crimes.[7]

Domestic Violence Program

The Legislature acknowledges that certain perpetrators and victims of domestic violence are in need of treatment and rehabilitation.[8] It is the intent of the Legislature to assist in the development of domestic violence centers for the victims of domestic violence and to provide a place where the parties involved may be separated until they can be properly assisted.[9]

The Domestic Violence Program protects adults and their children from domestic violence and helps survivors develop ways to avoid further harm. The Department of Children and Families (DCF) is statutorily responsible for the statewide domestic violence program and is responsible

[9] *Id*.

for performing specified duties and functions with respect to domestic violence. Section 39.903, F.S., requires the DCF to:

- Operate the domestic violence program and coordinate and administer statewide activities;
- Receive and approve or reject applications for initial certification of domestic violence centers, and annually renew the certification thereafter;
- Inspect the premises of domestic violence centers that are applying for an initial certification or facing potential suspension or revocation of certification;
- Promote the involvement of certified domestic violence centers in the coordination, development, and planning of domestic violence programming in the circuits;
- Coordinate with state agencies that have health, education, or criminal justice responsibilities;
- Cooperate with, assist in and participate in, programs of other properly qualified state agencies;
- Contract with an entity or entities for the delivery and management of services for the state's domestic violence program if it is in the best interest of the state;
- Consider applications from certified domestic violence centers for capital improvement grants and award those grants; and
- Adopt rules to administer this section.

Domestic Violence Centers

Domestic violence centers provide services to survivors of domestic violence.[10] Florida has 41 certified domestic violence centers. The certified domestic violence centers provide crisis counseling and support services to victims of domestic violence and their children.[11]

The certified domestic violence centers provide all of the following services free of charge:

- Emergency shelter.
- A 24-hour crisis and information hotline.
- Safety planning.
- Counseling, case management, and child assessments.
- Education for community awareness.
- Training for law enforcement and other professionals.
- Other ancillary services such as relocation assistance, daycare, and transitional housing.[12]

Certified domestic violence centers also provide nonresidential outreach services.

Domestic violence centers must be certified by the DCF in order to receive state funding.[13] The DCF sets criteria for certification and minimum standards to ensure the health and safety of clients served.[14] To be eligible for certification as a domestic violence center, an applicant must

[10] Section 39.902(2), F.S.; Rule 65H-1.011, F.A.C.
[11] Department of Children and Families, *Domestic Violence Overview*, available at https://www.myflfamilies.com/service-programs/domestic-violence/overview.shtml (last visited April 1, 2021).
[12] *Id*.
[13] Section 39.905(6)(a), F.S.
[14] Sections 39.903(9) and 39.905(1), F.S.; Rule 65H-1, F.A.C.

apply to the DCF and be a not-for-profit entity.[15] A domestic violence center's primary mission must be to provide services to survivors of domestic violence.

An applicant may seek certification to serve an area that has an existing certified domestic violence center; however, the applicant must show there is an unmet need in the area.[16] One of the minimum criteria that an applicant must meet is that the domestic violence center has been providing services to survivors for 18 consecutive months, including 12 months as an emergency shelter.[17] After the DCF certifies a domestic violence center, the certification is good for one year and automatically expires on June 30. If there is a favorable report from the DCF, it will annually renew a domestic violence center's certification.[18]

Certified domestic violence centers employ staff and rely on volunteers to provide services to survivors. A domestic violence advocate is an employee or a volunteer of a certified center who has 30 hours of training in assisting victims of domestic violence and is an employee or volunteer for a program for survivors of domestic violence whose primary purpose is the rendering of advice, counseling, or assistance to survivors of domestic violence.[19] A volunteer is an unpaid staff member who provides direct or indirect services for a certified domestic violence center. All employees and volunteers receive some degree of training on domestic violence.[20]

Section 39.905(6)(b), F.S., requires certified domestic violence centers to obtain at least 25 percent of funding from one or more local, municipal or county sources, public or private. Contributions in kind may be counted toward the 25 percent local funding requirement. When this provision was enacted, centers received funding from the Domestic Violence Trust Fund established in s. 741.01, F.S.

Section 39.905, F.S., currently does not permit certified domestic violence centers to carry forward documented unexpended state funds from one fiscal year to the next. The current annual funding model requires certified domestic violence centers to spend all funds within the fiscal year, potentially creating an incentive for inappropriate use of funds.

Batterers' Intervention Program

Batterer intervention programs (BIPs) emerged in the United States in the late 1970's as one component of the social response to domestic violence.[21] BIPs are designed to address the root

[15] The DCF, *Domestic Violence Center, Application for Certification, Form CF613*, p. 3, January 2015, available at https://www.myflfamilies.com/service-programs/domestic-violence/docs/CF-613_Application-for-Certification.pdf (last visited March 15, 2021).
[16] Section 39.905(1)(i), F.S.; Rule 65H-1.012, F.A.C.
[17] Section 39.905(1)(h), F.S.; Rule 65H-1.012, F.A.C.
[18] Section 39.905(3), F.S.; Rule 65H-1.012, F.A.C.
[19] Section 90.5036. F.S.; R. 65H-1.011(9), F.A.C., states "'domestic violence advocate' means an employee or volunteer of a certified domestic violence center who: provides direct services to individuals victimized by domestic violence; has received 30 hours of domestic violence core competency training; and, has been identified by the domestic violence center as an individual who may assert a claim to privileged communications with domestic violence victims under section 39.905, F.S."
[20] Rule 65H-1.011(17), F.A.C., states "'volunteer' means unpaid staff members trained in the dynamics of domestic violence who provide direct and indirect services to those seeking and receiving services from a domestic violence center".
[21] Battered Women's Justice Project, *Current Research on Batterer Intervention Programs and Implications for Policy*, p. 1, December 2017, available at https://www.bwjp.org/assets/batterer-intervention-paper-final-2018.pdf (last visited April 1, 2021) (hereinafter cited as "Research on BIP and Policy Implications").

cause of domestic violence and deter participants from committing acts of domestic violence in the future.[22]

Alleged perpetrators may be ordered, and in some cases must be ordered, by the court to a BIP. An alleged perpetrator may come to the attention of the court after a petition for protection against domestic violence is filed against him or her. This petition may be filed by any person who either is the victim of domestic violence or has reasonable cause to believe he or she is in imminent danger of becoming the victim of domestic violence.[23] The person can file a petition against a current or former spouse, any person related by blood or marriage, any person who is or was residing within a single dwelling unit, or is a person with whom the petitioner had a child.[24] When it appears to the court that the petitioner either is the victim of domestic violence or has reasonable cause to believe he or she is in imminent danger, the court may order the alleged perpetrator to participate in treatment, intervention, or counseling services.[25] When the court orders the alleged perpetrator to participate in a BIP, the court must provide a list of batterers' intervention programs.[26] If a person is found guilty of, has adjudication withheld, or pleads no contest[27] to an offense defined as domestic violence, the court must order the defendant to complete a BIP as a condition of probation.[28]

Section 741.32, F.S., recognizes the need for standardized programming for domestic violence BIPs, but does not reference any state agency to certify and monitor BIPs to ensure compliance with program standards. The DCF performed this role from 2001 through 2012 under s. 741.325, F.S. However, the General Appropriations Act of 2011-2012[29] eliminated funding for the DCF's BIP certification staff, and the Legislature repealed s. 741.32(2), F.S., which removed the DCF's Office of Certification and Monitoring of Batterers' Intervention and repealed the statutory requirement that batterers' intervention programs be certified by the DCF. There has been no state certification or monitoring of BIPs since 2012.

Judges, domestic violence advocates, prosecutors, survivors, and BIP providers have raised concerns that lack of state certification and monitoring has adversely impacted the overall quality of BIPs in their communities.[30]

Section 741.325, F.S., sets requirements for BIPs to meet, including that the:

- Primary purpose of the program must be the safety of the victim and children, if present;
- Batterer must be held accountable for acts of domestic violence;
- Program must be at least 29 weeks in length and include 24 weekly sessions, plus appropriate intake, assessment, and orientation programming;

[23] Section 741.30(1)(a), F.S.
[24] Section 741.30(3)(f), F.S.
[25] Section 741.30(6)(a)5., F.S.
[26] *Id*.
[27] A no contest plea (also referred to as a nolo contendere plea) means a criminal defendant will not dispute the charge.
[28] Section 741.281, F.S.
[29] Chapter 2011-69, Laws of Florida.
[30] The DCF, *Agency Analysis for SB 606*, p. 2, January 29, 2021 (on file with the Senate Committee on Children, Families, and Elder Affairs) (hereinafter cited as "The DCF Analysis").

- Program content must be based on a psychoeducational model that addresses tactics of power and control by one person over another; and
- Program shall be funded by user fees paid by the batterers who attend the program, which allows them to take responsibility for their acts of violence.[31]

Florida is one of 47 states that has BIP laws that require adherence to a psychoeducational type of model, referred to as the Duluth model.[32] The Duluth model, named after a city in Minnesota where it was developed, is a coordinated service approach that requires batterers to acknowledge the various forms of violence they use to exert power and control over their intimate partners.[33]

While the Duluth model remains one of the primary BIP models today, BIP programs also utilize or incorporate a cognitive behavioral model, which has been more recently recognized as effective in changing batterer behavior.[34]

III. Effect of Proposed Changes:

The bill updates the legislative intent expressed in s. 39.901, F.S., to reflect the current s. 741.28, F.S., statutory definition of domestic violence which includes as victims spouses, ex-spouses, and those persons who share a child in common. The new language recognizes that domestic violence is a significant public health threat that has adverse physical, emotional, and financial impact on Florida families. It also recognizes the critical need for victims and their dependents to have access to emergency shelter and crisis intervention services to help them live free of violence.

The bill amends language to recognize that the DCF certifies and monitors domestic violence centers to ensure statewide consistency and effective service provision. This new language reflects the 2020 amendments to ch. 39, F.S., that removed references to the Florida Coalition Against Domestic Violence and named the DCF as the agency responsible for certifying and monitoring domestic violence centers.

The bill amends s. 39.905(1)(c), F.S., to add nonresidential outreach services to the list of minimum services that certified domestic violence centers must provide to victims. This change reflects the fact that all 41 certified domestic violence centers currently provide nonresidential outreach services as a core service. The addition of nonresidential outreach services also recognizes that not all victims require emergency shelter services, but they may require critical outreach support services to help them to safely separate from and remain separate from abusers.

The bill amends s. 39.905(6)(b), F.S., to specify that to be eligible for state funds, certified domestic violence centers must obtain public and private funding in an amount equal to at least 25 percent of the amount of funding the center receives from the Domestic Violence Trust Fund established in s. 741.01, F.S. This change will reduce the amount of match from other funding sources that certified domestic violence centers must provide to receive state funds.

[31] Section 741.325(1)(e), F.S., provides that there is an exception for local, state, or federal programs that are wholly or partly fund batterers' intervention programs.
[32] The DCF Analysis at p. 3.
[33] *Id*.
[34] *Id*. (citing Research on BIP and Policy Implications).

The bill permits certified domestic violence centers to carry forward, from one fiscal year to the next, unexpended state funds in a cumulative amount not to exceed eight percent of their total contract with the DCF. Current law allows the carrying forward of funds in the same manner for child welfare community-based care lead agencies. This change will promote a more effective use of state funds for certified domestic violence services. Funds carried forward may not be used in a way that would increase future recurring obligations, and such funds may not be used for any type of program or service that is not authorized by the existing contract. The bill requires the certified domestic violence centers to report expenditures of funds carried forward separately to the DCF, and any unexpended funds that remain at the end of the contract period must be returned to the DCF. Funds carried forward may be retained through any contract renewal so long as the same certified domestic violence center is retained by the DCF.

The bill revives, reenacts, and amends s. 741.327, F.S., to authorize the DCF to certify and monitor BIPs. The bill authorizes the DCF to adopt rules to administer this section, including but not limited to, developing criteria for the approval, suspension, or rejection of certification of BIPs. The bill removes the annual certification fee and user fee amounts from s. 741.327, F.S. It also removes the requirement that such fees assessed and collected from BIPs be deposited in the Executive Office of the Governor's Trust Fund established in s. 741.01, F.S. Finally, the bill removes the requirement for the DCF to fund the costs of certifying and monitoring BIPs.

The bill amends s. 741.325, F.S., to permit certified BIPs to use a cognitive behavioral model or a psychoeducational model in its program content. This change will give BIPs flexibility in their programs and reflects current research that BIPs that utilize a cognitive behavioral model are effective in changing behavior.

The bill amends s. 741.30, F.S., to remove language allowing the court to direct an alleged perpetrator to obtain treatment for domestic violence under s. 39.901, F.S. This deletion was necessary to conform to the changes to s. 39.901, F.S., which removes the reference to "treatment" of perpetrators of domestic violence. The court can still direct the alleged perpetrator to participate in a BIP.

The bill is effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

SB 606 may have a negative fiscal impact to BIP providers if the DCF denies an application for certification. If a BIP provider is not certified, it will not be able to conduct business and provide services. Further, a BIP provider will have to go through the ch. 120, F.S., process if it chooses to challenge a denial of certification, which may result in legal costs.

The certified domestic violence centers may incur a positive fiscal impact if the bill's provision allowing the centers to carryforward funding is enacted. Certification may be easier for domestic violence centers because the amount of matching funds the center must provide may decrease.

C. Government Sector Impact:

The DCF indicates that two additional FTE positions will be required to certify and monitor BIPs statewide, as required under the bill. The department projects the cost of the positions to total $166,359 from the General Revenue Fund.[35] It is anticipated that two vacant positions and funding can be redirected from elsewhere within the agency to meet the provisions of the bill.

There is an indeterminate impact on the DCF for legal costs associated with potential administrative hearings pursuant to ch. 120, F.S., if entities denied BIP certification challenge such denial.[36]

The State Courts Administrator reports the bill would have a minimum fiscal impact on expenditures of the State Courts System.[37]

[35] The DCF Analysis at pp. 5-6.
[36] *Id.* at p. 6.
[37] Office of the State Courts Administrator, *2021 Judicial Impact Statement*, March 10, 2021 (on file with the Senate Committee on Children, Families, and Elder Affairs).

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 39.901, 39.905, 741.32, 741.325, 741.327, and 741.30.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Bean

4-00322-21 2021606__

A bill to be entitled

An act relating to domestic violence; amending s. 39.901, F.S.; revising legislative findings; amending s. 39.905, F.S.; adding nonresidential outreach services to the list of services certified domestic violence centers must provide; revising requirements for receipt of state funds; authorizing certified domestic violence centers to carry forward unexpended state funds in a specified amount from one fiscal year to the next during the contract period; providing limitations on and reporting requirements for the use of such funds; requiring centers to return to the department any remaining unexpended funds at the end of the contract period; authorizing certain centers to carry forward unexpended funds through contract renewals; amending s. 741.32, F.S.; revising legislative findings; amending s. 741.325, F.S.; revising the program content requirements for batterers' intervention programs; reviving, reenacting, and amending s. 741.327, F.S., relating to the certification and monitoring of batterers' intervention programs; requiring the Department of Children and Families to certify and monitor batterers' intervention programs; requiring the department to adopt certain rules; amending s. 741.30, F.S.; conforming a provision to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

4-00322-21 2021606__

Section 1. Section 39.901, Florida Statutes, is amended to read:

(Substantial rewording of section. See s. 39.901, F.S., for present text.)

39.901 Domestic violence centers; legislative findings; requirements.—

(1) The Legislature recognizes that the perpetration of violence by persons against their intimate partners, spouses, ex-spouses, or those with whom they share a child in common poses a significant public health threat that has adverse physical, emotional, and financial impacts on families and communities in this state. The Legislature further finds that it is critical that victims of domestic violence and their dependents have access to safe emergency shelter, advocacy, and crisis intervention services to assist them with the resources necessary to be safe and live free of violence.

(2) To ensure statewide consistency in the provision of confidential, comprehensive, and effective services to victims of domestic violence and their families, the Department of Children and Families shall certify and monitor domestic violence centers. The department and certified domestic violence centers shall serve as partners and together provide a coordinated response to address victim safety, hold batterers accountable, and prevent future violence in this state.

Section 2. Paragraph (c) of subsection (1) and paragraph (b) of subsection (6) of section 39.905, Florida Statutes, are amended, and subsection (8) is added to that section, to read:

39.905 Domestic violence centers.—

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(1) Domestic violence centers certified under this part must:

(c) Provide minimum services that include, but are not limited to, information and referral services, counseling and case management services, temporary emergency shelter for more than 24 hours, a 24-hour hotline, nonresidential outreach services, training for law enforcement personnel, assessment and appropriate referral of resident children, and educational services for community awareness relative to the incidence of domestic violence, the prevention of such violence, and the services available for persons engaged in or subject to domestic violence. If a 24-hour hotline, professional training, or community education is already provided by a certified domestic violence center within its designated service area, the department may exempt such certification requirements for a new center serving the same service area in order to avoid duplication of services.

(6) In order to receive state funds, a center must:

(b) Obtain public or private ~~Receive at least 25 percent of its~~ funding from one or more local, municipal, or county sources~~, public or private~~ in an amount that equals at least 25 percent of the amount of funding the center receives from the Domestic Violence Trust Fund established in s. 741.01. Contributions in kind, whether materials, commodities, transportation, office space, other types of facilities, or personal services, may be evaluated and counted as part of the required local funding.

(8) A certified domestic violence center may carry forward from one fiscal year to the next during the contract period

documented unexpended state funds in a cumulative amount that does not exceed 8 percent of its total contract with the department.

(a) The funds carried forward may not be used in a manner that would increase future recurring obligations or for any program or service that is not authorized by the existing contract.

(b) Expenditures of funds carried forward must be separately reported to the department.

(c) Any unexpended funds that remain at the end of the contract period must be returned to the department.

(d) Funds carried forward under this subsection may be retained through any contract renewals as long as the same certified domestic violence center is retained by the department.

Section 3. Section 741.32, Florida Statutes, is amended to read:

741.32 Batterers' intervention programs.—The Legislature finds that the incidence of domestic violence in this state is disturbingly high and that, despite the efforts of many to curb this violence, one person dies at the hands of a spouse, ex-spouse, or cohabitant approximately every 3 days. Further, a child who witnesses the perpetration of this violence becomes a victim as he or she hears or sees it occurring. This child is at high risk of also being the victim of physical abuse by the parent who is perpetrating the violence and, to a lesser extent, by the parent who is the victim. These children are also at a high risk of perpetrating violent crimes as juveniles and, later, becoming perpetrators of the same violence that they

witnessed as children. The Legislature finds that there should be standardized programming available to the justice system to protect victims and their children and to hold the perpetrators of domestic violence accountable for their acts. To ensure statewide consistency in such programming, the Department of Children and Families shall certify and monitor batterers' intervention programs to be used by the justice system. Finally, the Legislature recognizes that in order for batterers' intervention programs to be successful in protecting victims and their children, all participants in the justice system as well as social service agencies and local and state governments must coordinate their efforts at the community level.

Section 4. Paragraph (d) of subsection (1) of section 741.325, Florida Statutes, is amended to read:

741.325 Requirements for batterers' intervention programs.—

(1) A batterers' intervention program must meet the following requirements:

(d) The program content shall be based on a cognitive behavioral therapy model or psychoeducational model that addresses tactics of power and control by one person over another.

Section 5. Notwithstanding the repeal of section 741.327, Florida Statutes, in section 14 of chapter 2012-147, Laws of Florida, that section is revived, reenacted, and amended to read:

741.327 Certification and monitoring of batterers' intervention programs; rules ~~fees~~.—

(1) Pursuant to s. 741.32, the Department of Children and Families shall ~~Family Services is authorized to~~ certify and

monitor batterers' intervention programs ~~assess and collect:~~

~~(a) An annual certification fee not to exceed $300 for the certification and monitoring of batterers' intervention programs.~~

~~(b) An annual certification fee not to exceed $200 for the certification and monitoring of assessment personnel providing direct services to persons who:~~

~~1. Are ordered by the court to participate in a domestic violence prevention program;~~

~~2. Are adjudged to have committed an act of domestic violence as defined in s. 741.28;~~

~~3. Have an injunction entered for protection against domestic violence; or~~

~~4. Agree to attend a program as part of a diversion or pretrial intervention agreement by the offender with the state attorney~~.

(2) The department shall adopt by rule procedures to administer this section, including, but not limited to, procedures related to the development of criteria for the approval, suspension, or rejection of certification of batterers' intervention programs ~~All persons required by the court to attend domestic violence programs certified by the Department of Children and Family Services' Office for Certification and Monitoring of Batterers' Intervention Programs shall pay an additional $30 fee for each 29-week program to the Department of Children and Family Services.~~

~~(3) The fees assessed and collected under this section shall be deposited in the Executive Office of the Governor's Domestic Violence Trust Fund established in s. 741.01 and~~

~~directed to the Department of Children and Family Services to fund the cost of certifying and monitoring batterers' intervention programs~~.

Section 6. Subsection (3) of section 741.30, Florida Statutes, is amended to read:

741.30 Domestic violence; injunction; powers and duties of court and clerk; petition; notice and hearing; temporary injunction; issuance of injunction; statewide verification system; enforcement; public records exemption.—

(3)(a) The sworn petition must ~~shall~~ allege the existence of such domestic violence and must ~~shall~~ include the specific facts and circumstances upon the basis of which relief is sought.

(b) The sworn petition shall be in substantially the following form:

PETITION FOR
INJUNCTION FOR PROTECTION
AGAINST DOMESTIC VIOLENCE

Before me, the undersigned authority, personally appeared Petitioner ...(Name)..., who has been sworn and says that the following statements are true:

(a) Petitioner resides at: ...(address)...

(Petitioner may furnish address to the court in a separate confidential filing if, for safety reasons, the petitioner requires the location of the current residence to be confidential.)

(b) Respondent resides at: ...(last known address)...

(c) Respondent's last known place of employment: ...(name of business and address)...

(d) Physical description of respondent:....

Race....

Sex....

Date of birth....

Height....

Weight....

Eye color....

Hair color....

Distinguishing marks or scars....

(e) Aliases of respondent:....

(f) Respondent is the spouse or former spouse of the petitioner or is any other person related by blood or marriage to the petitioner or is any other person who is or was residing within a single dwelling unit with the petitioner, as if a family, or is a person with whom the petitioner has a child in common, regardless of whether the petitioner and respondent are or were married or residing together, as if a family.

(g) The following describes any other cause of action currently pending between the petitioner and respondent:

The petitioner should also describe any previous or pending attempts by the petitioner to obtain an injunction for protection against domestic violence in this or any other circuit, and the results of that attempt:

Case numbers should be included if available.

(h) Petitioner is either a victim of domestic violence or

has reasonable cause to believe he or she is in imminent danger of becoming a victim of domestic violence because respondent has: (mark all sections that apply and describe in the spaces below the incidents of violence or threats of violence, specifying when and where they occurred, including, but not limited to, locations such as a home, school, place of employment, or visitation exchange)

....committed or threatened to commit domestic violence defined in s. 741.28, Florida Statutes, as any assault, aggravated assault, battery, aggravated battery, sexual assault, sexual battery, stalking, aggravated stalking, kidnapping, false imprisonment, or any criminal offense resulting in physical injury or death of one family or household member by another. With the exception of persons who are parents of a child in common, the family or household members must be currently residing or have in the past resided together in the same single dwelling unit.

....previously threatened, harassed, stalked, or physically abused the petitioner.

....attempted to harm the petitioner or family members or individuals closely associated with the petitioner.

....threatened to conceal, kidnap, or harm the petitioner's child or children.

....intentionally injured or killed a family pet.

....used, or has threatened to use, against the petitioner any weapons such as guns or knives.

....physically restrained the petitioner from leaving the home or calling law enforcement.

....a criminal history involving violence or the threat of violence (if known).

....another order of protection issued against him or her previously or from another jurisdiction (if known).

....destroyed personal property, including, but not limited to, telephones or other communication equipment, clothing, or other items belonging to the petitioner.

....engaged in any other behavior or conduct that leads the petitioner to have reasonable cause to believe he or she is in imminent danger of becoming a victim of domestic violence.

(i) Petitioner alleges the following additional specific facts: (mark appropriate sections)

....A minor child or minor children reside with the petitioner whose names and ages are as follows:

....Petitioner needs the exclusive use and possession of the dwelling that the parties share.

....Petitioner is unable to obtain safe alternative housing because:

....Petitioner genuinely fears that respondent imminently will abuse, remove, or hide the minor child or children from petitioner because:

(j) Petitioner genuinely fears imminent domestic violence by respondent.

(k) Petitioner seeks an injunction: (mark appropriate section or sections)

....Immediately restraining the respondent from committing any acts of domestic violence.

....Restraining the respondent from committing any acts of domestic violence.

....Awarding to the petitioner the temporary exclusive use and possession of the dwelling that the parties share or excluding the respondent from the residence of the petitioner.

....Providing a temporary parenting plan, including a temporary time-sharing schedule, with regard to the minor child or children of the parties which might involve prohibiting or limiting time-sharing or requiring that it be supervised by a third party.

....Establishing temporary support for the minor child or children or the petitioner.

....Directing the respondent to participate in a batterers' intervention program ~~or other treatment pursuant to s. 39.901, Florida Statutes~~.

....Providing any terms the court deems necessary for the protection of a victim of domestic violence, or any minor children of the victim, including any injunctions or directives to law enforcement agencies.

(c)

Every petition for an injunction against domestic violence must ~~shall~~ contain, directly above the signature line, a statement in all capital letters and bold type not smaller than the surrounding text, as follows:

I HAVE READ EVERY STATEMENT MADE IN THIS PETITION AND EACH STATEMENT IS TRUE AND CORRECT. I UNDERSTAND THAT THE STATEMENTS MADE IN THIS PETITION ARE BEING MADE UNDER PENALTY OF PERJURY, PUNISHABLE AS PROVIDED IN

SECTION 837.02, FLORIDA STATUTES.

...(initials)...

(d) If the sworn petition seeks to determine a parenting plan and time-sharing schedule with regard to the minor child or children of the parties, the sworn petition must ~~shall~~ be accompanied by or must ~~shall~~ incorporate the allegations required by s. 61.522 of the Uniform Child Custody Jurisdiction and Enforcement Act.

Section 7. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 676 (108614)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Transportation Committee; and Senator Baxley and others
SUBJECT:	Special and Specialty License Plates
DATE:	April 16, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Proctor	Vickers	TR	**Fav/CS**
2.	Wells	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Wells	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 676 creates 14 new specialty license plates: Florida State Parks; Support Healthcare Heroes; Inter Miami CF; Toastmasters; Gopher Tortoise; Orlando United; Biscayne Bay; Disease Prevention and Early Detection; Honor Flight; Ethical Ecotourism; Protect Marine Wildlife; Margaritaville; 30A.com/Scenic Walton; and Florida Swims.

The bill also creates one new special military plate for recipients of the Army of Occupation Award, amends three existing specialty license plates (Florida Indian River Lagoon, Wildlife Foundation of Florida, and Divine Nine), and revises requirements for the issuance of certain special license plates.

According to the DHSMV, the bill will have a negative, but insignificant, fiscal impact associated with programming costs. These costs can be absorbed within existing resources.

The bill is effective October 1, 2021.

II. Present Situation:

Specialty License Plates

Presently, there are 121 specialty license plates available for purchase in Florida[1] and another 33 specialty license plates available for pre-sale.[2] Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from $15 to $25, paid in addition to the required license taxes and service fees.[3] The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.[4]

In order to establish a specialty license plate, s. 320.08053, F.S., requires the following actions within certain timelines after the plate is approved by law:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 3,000 voucher sales, or in the case of an out-of-state college or university license plate, 4,000 voucher sales, before manufacturing of the plate may begin.

If the minimum sales requirement has not been met by the end of the 24-month pre-sale period, then the DHSMV will discontinue the plate and issuance of pre-sale vouchers. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund from the DHSMV.[5]

New specialty license plates that have been approved by law but are awaiting issuance will be issued in the order they appear in s. 320.08058, F.S., provided that they have met the presale requirement. If the next awaiting specialty license plate has not met the presale requirement, the department will proceed in the order provided in s. 320.08058, F.S., to identify the next qualified specialty license plate that has met the presale requirement.[6]

If the Legislature has approved 150 or more specialty license plates, then the DHSMV may not make any new specialty license plates available for design or issuance until a sufficient number of plates are discontinued so that the number of plates being issued does not exceed 150.[7]

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified

---

[7] Section 320.08053(3)(b), F.S.

United States Armed Forces and veterans-related specialty plates.[8] Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.[9]

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.[10]

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below 1,000 plates. Collegiate plates for Florida universities are exempt from the minimum specialty license plate requirement.[11] In addition, the DHSMV is authorized to discontinue any specialty license plate if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.[12]

However, effective July 1, 2023, the requirement increases so that the DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 3,000 or in the case of an out-of-state college or university license plate, 4,000, for at least 12 consecutive months. The DHSMV must mail a warning letter to the sponsoring organization following the first month in which the total number of valid specialty plate registrations is below 3,000, or in the case of an out-of-state college or university license plate, 4,000. This does not apply to in-state collegiate license plates established under s. 320.08058(3), F.S., license plates of institutions in and entities of the State University System, specialty license plates that have statutory eligibility limitations for purchase, specialty license plates for which annual use fees are distributed by a foundation for student and teacher leadership programs and teacher recruitment and retention, or Florida professional sports team license plates established under s. 320.08058(9), F.S.[13]

Existing Specialty License Plates

Florida Indian River Lagoon Specialty License Plate

Section 320.08058(10), F.S., provides that the first $5 million in revenues collected annually from the Florida Indian River Lagoon (IRL) license plate must be transferred to the St. Johns River Water Management District. The district must account for these funds separate from all other funds received and must distribute the funds to the applicants awarded funds.

[8] Section 320.08056(10)(a), F.S.
[9] Section 320.08062, F.S.
[10] Section 320.08056(7), F.S.
[11] Section 320.08056(8)(a), F.S.
[12] Section 320.08056(8)(b), F.S.
[13] Section 320.08056(8)(a), F.S.

The application for award of the Florida IRL license plate annual use fees is administered by the St. Johns River and South Florida Water Management Districts for IRL projects and in accordance with their contracting and purchasing policies and procedures, within the select restrictions on how the fees are to be used.[14]

Section 320.08058(10)(d), F.S., provides that it is the intent of the Legislature that revenues generated by the Florida IRL license plate annual use fees must not be used as replacement funds for Surface Water Improvement and Management Act funds, but must be used solely for the enhancement of the IRL area.

Fish & Wildlife Foundation of Florida Specialty License Plate

The Fish & Wildlife Foundation of Florida, Inc., a nonprofit 501(c)(3) organization, was formed on September 29, 1994, "to support the health and well-being of Florida's fish and wildlife resources and their habitats." The foundation is the citizen-support organization of the Florida Fish and Wildlife Conservation Commission and works with a variety of other public and private organizations to achieve science-based conservation, research, education, and outdoor recreation goals. The foundation awards grants that focus on "providing outdoor education and recreational opportunities for youth, combatting invasive species like lionfish, improving management of wildlife habitats and fisheries, protecting Florida's freshwater springs, and improving public access to hunting, fishing, and boating resources."[15]

Divine Nine Specialty License Plate

Section 320.08058(101), F.S., requires the annual use fees from the Divine Nine license plates to be distributed as follows:

- Five percent of the proceeds to the United Negro College Fund, Inc., for college scholarships for Florida residents attending Florida's historically black colleges and universities.
- The remaining 95 percent of the proceeds to one of the participating fraternities or sororities as selected by the purchaser of the plate. Each of those organizations may use 10 percent for marketing the plate.

Because each of the nine fraternities and sororities under the Divine Nine license plate has its own official plate, the total sales of all the license plates created under s. 320.08058(101), F.S., is combined for the purpose of meeting the minimum license plate sales threshold and for determining the license plate limits.

Military Service Special License Plates

Currently, s. 320.089, F.S., authorizes 23 special license plates available to military service members or veterans for certain types of military service. Examples of service include veteran of the U.S. Armed Forces, World War II veteran, and woman veteran. While anyone who pays the appropriate fees may purchase most specialty license plates, a person must provide proof of eligibility to obtain a military special license plate.

[14] Section 320.08058(10)(c), F.S.
[15] Fish & Wildlife Foundation of Florida, *About Us*, https://wildlifeflorida.org/our-mission/ (last visited April 1, 2021). *See also* s. 379.223, F.S.

Military special license plates are each stamped with words consistent with the type of special license plate issued. A likeness of the related campaign medal or badge appears on the plate followed by the license plate serial number.

Applicants for special license plates are required to pay the annual license tax[16] with the exception of certain disabled veterans who qualify for the Pearl Harbor, Purple Heart, or Prisoner of War plate, to whom such plates are issued at no cost.[17] The first $100,000 of the revenue generated annually from the issuance of special use plates is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act. Any additional revenue is deposited into the Operations and Maintenance Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.[18]

Army of Occupation Medal

The Army Occupation Medal was established in 1946 to recognize servicemembers who had performed occupation service after World War II. The medal was awarded for 30 days of consecutive service while the servicemember was assigned to Germany, Austria, Italy, Japan, and Korea during specific periods of time during 1945 to 1990.[19] "Because of the legal status of West Berlin, as an occupied territory until the unification of Germany, the Army of Occupation Medal was issued for forty-five years making it one of the longest active military awards of both the Second World War and the Cold War."[20] The medal was designed by Mr. Thomas Hudson Jones and was originally intended only for members of the United States Army. When the United States Air Force was created, the use of the medal was expanded in 1948 to include those members as well. The first medal was presented to General Eisenhower on April 2, 1947. The ribbon design uses the color black to represent Germany and the color red to represent Japan. There is also a related Navy Occupation Service Medal for servicemembers of the United States Navy and Marines.[21]

Emergency Medical Services Trust Fund

Funds deposited into the Emergency Medical Services Trust Fund must be used solely to improve and expand prehospital emergency medical services in the state. The Department of Health (DOH) must annually dispense funds contained in the Emergency Medical Services Trust Fund as follows:

[16] The annual license tax is provided in s. 320.08, F.S.
[17] Section 320.089(2)(a), F.S.
[18] Section 320.089(1)(c), F.S.

[21] *Ibid* and *supra* note 20.

- Forty-five percent of funds must be divided among the counties according to the proportion of the combined amount deposited in the trust fund from the county.[22] These funds may not be used to match grant funds identified below. An individual board of county commissioners may distribute these funds to emergency medical services organizations and youth athletic organizations within the county, as it deems appropriate;
- Forty percent of funds must be used by the DOH for making matching grants to local agencies, municipalities, emergency medical services organizations, and youth athletic organizations for the purpose of conducting research, increasing existing levels of emergency medical services, evaluation, community education, injury-prevention programs, and training in cardiopulmonary resuscitation and other lifesaving and first aid techniques; and
- Fifteen percent of funds must be used by the DOH for capital equipment outlay, personnel, community education, evaluation, and other costs associated with the administration of ch. 401, F.S. (Medical Telecommunications and Transportation). Any funds not annually used for this purpose must be used for making additional rural grant funds available.[23]

Community Organizations

Florida State Parks Foundation, Inc.

The Florida State Parks Foundation, Inc., founded in 1993, supports the Florida State Park system through programs that preserve and protect state parks, educate visitors about the value of state parks, encourage community engagement and active use of state parks, and provide financial support to supplement state funding. The foundation is a nonprofit Florida corporation organized under s. 501(3)(c) of the Internal Revenue Code.[24]

Inter Miami CF

The Inter Miami CF Foundation Corporation[25] is an organization which uses "the game of soccer as a catalyst for positive change in the South Florida community." It focuses on education, inclusion, and wellness for kids and young adults in underserved communities. The Inter Miami CF Foundation Corporation uses the soccer club's reach, expertise, and resources to strategically plan and execute sports-based development and direct-service community programs, initiatives, and events.[26]

Toastmasters International

Toastmasters began as a series of speaking clubs organized by Ralph C. Smedley while he was working for the YMCA. Mr. Smedley was director of education at the YMCA and he saw a need

[22] Funds for the trust fund come from a $5 fine from crashes involving damage to a vehicle or other property and reckless driving incidents, portions of civil penalty fines for traffic infractions imposed by county courts, and a $25 fine for driving or boating under the influence.

for the men in the community to learn how to speak, conduct meetings, plan programs, and work on committees. He decided to organize a club where they could learn these skills in a social environment. He named this group the Toastmasters Club, at the time "toastmaster" was a popular term to refer to a person who gave toasts at banquets and other occasions.[27] Since 1924, Toastmasters has helped people from diverse backgrounds become more confident speakers, communicators, and leaders.

"Toastmasters International is a nonprofit educational organization that teaches public speaking and leadership skills through a worldwide network of clubs." The membership of the organization is over 364,000 people in over 16,200 clubs in 145 countries.[28] Toastmasters International is not registered with the Florida Department of State Division of Corporations.

The Ralph C. Smedley Memorial Fund was established in 1965 to honor Mr. Smedley's legacy and to provide opportunities for future Toastmasters. Though initially the fund was intended for local impact, the international organization still maintains the fund's original purpose – to advance communication and leadership education through the research, development, and distribution of educational programs and materials.[29]

Wildlands Conservation, Inc.

The Wildlands Conservation is a nonprofit organization founded in 2003[30] to specialize in conservation planning and policy, land management, land protection, research, education, and outreach. The Wildlands Conservation works on conservation projects throughout Florida. It strives to work with landowners and others around the state to maximize land conservation and minimize costly impacts.[31] For example, the organizations offers gopher tortoise relocation in an attempt to save tortoises from sites permitted for development. The organization is committed to ensuring that gopher tortoise survey and relocation work is done thoroughly and as professionally as possible to protect gopher tortoises across the state.[32]

Mental Health Association of Central Florida, Inc.

The Mental Health Association of Central Florida[33] has been serving the mental health needs of Orange, Osceola, Seminole, Brevard, and Lake counties since 1946. Their mission is to provide mental health services, support, and information to the Orlando and surrounding Central Florida community.[34]

onePULSE Foundation, Inc.

The onePULSE Foundation[35] is a nonprofit organization established to create a sanctuary of hope following the tragic day of June 12, 2016. The foundation was created to honor the 117 victims and the first responders and healthcare professionals who treated them. The foundation is intended to support a memorial, a museum, educational programs, and endowed scholarships. All donations are used for the construction and operation of the National Pulse Memorial and Museum, educational programs, and 49 Legacy Scholarships.[36]

26 Health, Inc.

26 Health[37] is a nonprofit organization established in 2011. The organization provides comprehensive physical and mental health services to individuals in the lesbian, gay, bisexual, and transgender community who live in and around the Central Florida area, regardless of their ability to pay. In part, it offers medical care, mental health care, adoption counseling, and other multidisciplinary services.[38]

The Miami Foundation, Inc.

The Miami Foundation,[39] founded in 1967, seeks to encourage philanthropy and charitable giving in Miami by maintaining an endowment to meet current and future emerging charitable needs. It currently manages around $350 million in assets. The organization work to make grants in broad program areas including education, health, human services, arts and culture, the environment, and community and economic development. The organization also mobilizes special initiatives to address the current needs of the community.[40]

SFC Charitable Foundation, Inc.

The SFC Charitable Foundation, Inc., was founded in 1994.[41] The foundation, also known as Singing for Change, is a private foundation established in 1995 by Jimmy Buffett, as a way of saying thank you to the friends, fans, and concert-goers around the country who have loyally supported his music career.[42]

Initially funded with contributions from Jimmy Buffett's 1995 summer tour, Singing for Change continues to receive one dollar from each concert ticket sold during his tours. Funds are used to provide grants to small, grassroots organizations located primarily in communities where concerts are held. Singing for Change has disbursed over $11 million in grants in its over 25-year history.[43]

Protect Wild Dolphins Alliance, Inc.

Protect Wild Dolphins Alliance, Inc., also known as Protect Wild Dolphins,[44] supports and conducts research, scientific, and educational activities for the protection and preservation of marine mammals. Activities include rescue, rehabilitation, and release to the wild programs as well as a program for a safe haven for unwanted and/or surplus dolphins and other marine mammals. "Protect Wild Dolphins Alliance rescues and rehabilitates stranded marine mammals in order to advance science and education in marine wildlife health and conservation and believes in the humane treatment of all sick and injured marine animals." The organization seeks to advance the One Ocean One Health concept in order to protect ocean heritage.[45]

The Women's Breast & Heart Initiative, Florida Affiliate, Inc.

The Women's Breast & Heart Initiative[46] was established in 2005 with a goal to provide at-risk women access to early detection and proper treatment for breast cancer by going door-to-door with outreach efforts. The organization operates a grassroots campaign of education and screening initiatives to encourage and support social responsibility, community organization, and the good health of women. The organization works to establish a network of dedicated and compassionate volunteers through strategic partnerships with local colleges and universities, health care partners, and professional entities.[47]

Honor Flight

Honor Flight's mission is to transport America's veterans to Washington, D.C., to visit the memorials dedicated to honoring them. It is a national network of independent hubs working together to further this mission. The network currently serves veterans from World War II, the Korean War, and the Vietnam War, as well as terminally ill veterans who served during any era.[48] Florida's Honor Flight Network hubs are Collier-Lee, First Coast, Central Florida, West Central Florida, South Florida, Tallahassee, Southeast Florida, Southwest Florida, Space Coast, and the Villages.[49]

Florida Society for Ethical Ecotourism

In 1998, the CREW Land and Water Trust and the Florida Department of Environmental Protection Rookery Bay National Estuarine Research Reserve received a grant from the Advisory Council of Environmental Education, within the Florida Game and Fresh Water Fish Commission, to provide an educational workshop for ecotour providers of Southwest Florida. As a result of the grant, a day-long Southwest Florida Eco/Heritage Tourism Workshop took place in downtown Ft. Myers in which 85 people participated.[50]

Following the workshop, a group of volunteers from Southwest Florida communities met and formed the Society for Ethical Ecotourism in Southwest Florida. In 2011 they changed their name to the Florida Society for Ethical Ecotourism, Inc.[51] The Florida Society for Ethical Ecotourism, Inc., is registered as an active nonprofit corporation with the DOS.[52]

Paddle Florida, Inc.

Paddle Florida, Inc., is a nonprofit corporation[53] organized to support canoeing and kayaking in Florida. The organization supports multi-day paddling/camping trips in each of Florida's five water management districts, showcasing the state's natural beauty and rich cultural heritage while promoting water conservation, wildlife preservation, springs restoration, and waterways protection. Paddle Florida seeks to promote Florida as an international destination for nature-based tourism.[54]

Scenic Walton, Inc.

Scenic Walton, Inc., is a nonprofit corporation[55] created in 2008 as a chapter of Scenic America. The organization works to preserve Walton County's scenic beauty by improving landscaping along commercial corridors, working towards underground utilities, promoting pedestrian and cycling paths, removing litter, and controlling billboards and signage.[56]

Swimming Pool Education and Safety Foundation, Inc.

Swimming Pool Education and Safety Foundation, Inc., also known as Florida Swims Foundation,[57] is a nonprofit organization that funds swimming lessons and distributes safety information throughout the state. The foundation awards scholarships to college students and provides grants for swimming lessons. The foundation also collaborates with local organizations, such as the YMCA and Boys & Girls Clubs, to bring water safety measures and swimming lessons to families with young children.[58]

III. Effect of Proposed Changes:

Existing Specialty License Plates (Section 3)

Florida Indian River Lagoon Specialty License Plate

The Indian River Lagoon (IRL) was formally established as an Estuary of National Significance and joined the National Estuary Program in 1991 under the sponsorship of the St. Johns and

[58] Florida Swimming Pool Association, *SPESF*, *https://floridapoolpro.portals7.gomembers.com/About/FloridaSwimsFoundation.aspx* (last visited April 7, 2021).

South Florida Water Management Districts. The IRL National Estuary Program is part of a national network of 28 estuary programs established under the Federal Clean Water Act and administered nationally by the United States Environmental Protection Agency.[59]

The IRL Council was established in February 2015 as a special district of Florida. The IRL Council includes representatives of five counties bordering the lagoon (Volusia, Brevard, St. Lucie, and Martin counties and the Indian River County Lagoon Coalition), the St. Johns River and South Florida Water Management Districts, and the Florida Department of Environmental Protection.[60]

The bill amends s. 320.08058(10), F.S., to direct the distribution of the first $5 million collected each year to the IRL Council, instead of the St. Johns River Water Management District. The bill provides that the Legislature intends for the license plate to provide a continuous source of funding in the area due to:

- The creation of the IRL Council and subsequent adoption of a comprehensive conservation and management plan in 2019 developed by the council and local, state, and federal partners;
- The St. Johns Water Management District continued support of competitive cost-share projects in counties administered by the council; and
- The legislative support of the restoration efforts of the IRL National Estuary Program and its partners.

IRL Council is responsible for accounting for the transfer and distribution of proceeds from the sale of the plate. The bill directs the IRL Council to administer projects in Volusia, Brevard, and Indian River Counties from funds derived from the appropriate percentage of license plate revenues and for the South Florida Water Management District to administer projects in St. Lucie, Martin, and Palm Beach Counties. The bill expands the use of the funds to include monitoring projects.

Specific to counties, the bill provides that:

- In Volusia County, project implementation may occur in all estuarine waters extending north to and including the IRL National Estuary Program's Indian River Lagoon-Halifax River planning boundary amendments that include the Tomoka Basin.
- In Palm Beach County, second priority is amended to be given to projects within adjacent estuarine waters, *including* the Loxahatchee River and other tributaries to the Indian River Lagoon.

The bill provides that it is the intent of the Legislature that proceeds from the sale of the plate not be used as replacement funds for other available funding sources, not just funds from the Surface Water Improvement and Management Act. The proceeds of the plate must be used solely for the enhancement of the lagoon *and* tributaries in the IRL watershed, as defined by the IRL National Estuary Program project boundary defined in the IRL Comprehensive Conservation and Management Plan or as provided in the bill.

[60] *Id*.

Wildlife Foundation of Florida Specialty License Plate

The bill amends s. 320.08058(46), F.S., to update the name of the Florida Fish and Wildlife Conservation Commission citizen support organization to the Fish & Wildlife Foundation of Florida, Inc. The bill expands the uses of the proceeds from the sale of the plate to be used to fund programs and projects that promote hunting and shooting sports. The bill allows the proceeds to be *encumbered* instead of *used* for the allowed activities. Unencumbered funds from one year may be carried over to the following year, but must be spent within 2 years of receipt or dedicated to a project within 2 years of receipt in the form of a contract, a grant award, or an approved plan by the governing board of the Fish & Wildlife Foundation of Florida, Inc.

Divine Nine Specialty License Plate

The mission of the Association to Preserve African American Society, History, and Tradition is to collect, preserve, and exhibit historical artifacts and information which illustrate the meaningful role African Americans have played in Florida more specifically in the Orlando area. The association operates the Wells' Built Museum and "is dedicated to collecting and exhibiting memorabilia which commemorate the achievements of African Americans educators, athletes, musicians, religious, civic, and cultural leaders."[61]

The bill amends s. 320.08058(101), F.S., to repeal distributions to the various Divine Nine organizations and instead directs the distribution of 10 percent of the proceeds from sales of the plate to the Association to Preserve African-American Society, History, and Tradition, Inc., solely for the marketing of the plate.

The bill also limits eligibility for issuance of a Divine Nine license plate to a person who is a resident of Florida, the registered owner of a motor vehicle, and a member of the applicable organization. The person must also present proof of membership in the organization, which may be established by:

- A card distributed by the organization indicating the person's membership in the organization; or
- A written letter on the organization's letterhead which is signed by the organization's national president or his or her designated official and which states that the person was inducted into the organization.

Proof of membership in an eligible organization is required only for initial issuance of a Divine Nine license plate. A person need not present such proof for renewal of the license plate.

In addition, a Divine Nine license plate:

- May be personalized; and
- May not be transferred between vehicle owners.

[61] Department of State, Sunbiz.org, Detail by Entity Name, *The Association to Preserve African American Society, History and Tradition, Inc.*, Document No. N51255. GuideStar, *Association to Preserve African American Society, History and Tradition, Inc.*, https://www.guidestar.org/profile/59-3205047 (last visited April 4, 2021).

New Specialty License Plates (Section 3)

Florida State Parks License Plate

The bill creates the Florida State Parks license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Explore Our State Parks" appears at the bottom of the plate.

The annual use fees are distributed to the Florida State Parks Foundation, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder for preserving, protecting, sustaining, and growing Florida state parks.

Support Healthcare Heroes License Plate

The bill creates the Support Healthcare Heroes license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Support Healthcare Heroes" appears at the bottom of the plate.

The annual use fees are distributed annually into the Emergency Medical Services Trust Fund within the Department of Health to provide financial support for prehospital medical services pursuant to s. 401.113, F.S.

Inter Miami CF License Plate

The bill creates the Florida Inter Miami CF license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Inter Miami CF" appears at the bottom of the plate.

The annual use fees are distributed to the Inter Miami CF Foundation Corporation, a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to plan and execute sports-based development and direct-service community programs, initiatives, and events.

Currently, it appears that Florida Inter Miami CF is registered with the state as a for-profit corporation, but its articles state that it is a nonprofit, charitable organization. The filing with the state may be incorrect.

Toastmasters License Plate

The bill creates the Florida Toastmasters International license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "www.Toastmasters.org" appears at the bottom of the plate.

The annual use fees are distributed to the Ralph C. Smedley Memorial Fund of Toastmasters International to be used as follows:

- Twenty-five percent to develop charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in established Toastmasters programs.
  - Up to 5 percent of this distribution for administrative costs.
- Seventy-five percent proportionally redistributed to the divisions of Districts 47, 48, 77, and 84 of Toastmasters International which reside in this state.
  - Up to 5 percent of this distribution to market the plate.
  - The remainder for educators, nonprofits, governmental organizations, scholarships, materials, and computers and other equipment for the purpose of implementing the charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in the established Toastmasters programs.

Gopher Tortoise License Plate

The bill creates the Florida Gopher Tortoise license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect the Gopher Tortoise" appears at the bottom of the plate.

The annual use fees are distributed to the Wildlands Conservation, Inc., to fund gopher tortoise and commensal species research, education, and conservation, as well as upland habitat protection, restoration, and management in this state. Distributions must be used as follows:
- Up to 10 percent for administrative costs of the gopher tortoise protection program and to market the plate.
- The remainder to use and distribute to eligible Florida-based scientific, conservation, and educational organizations for gopher tortoise and upland habitat research, conservation, and management.

Orlando United License Plate

The bill creates the Florida Orlando United license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Orlando United" appears at the bottom of the plate.

The bill directs the annual use fees to be distributed as follows:
- Five percent to the Mental Health Association of Central Florida, Inc., to market the plate.
- Thirty-one percent to the Mental Health Association of Central Florida, Inc.
  - Up to 5 percent of this distribution for administrative costs.
  - The remainder to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.
- Two percent to onePULSE Foundation, Inc., to market the plate.
- Thirty-one percent to onePULSE Foundation, Inc.
  - Up to 5 percent of this distribution for administrative costs.
  - The remainder to support the construction and maintenance of the onePULSE Foundation Memorial.
- Thirty-one percent to 26 Health, Inc.
  - Up to 5 percent of this distribution for administrative costs.

- The remainder to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

Biscayne Bay License Plate

The bill creates the Florida Biscayne Bay license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect Biscayne Bay" appears at the bottom of the plate.

The annual use fees are distributed to the Miami Foundation, Inc., to be used as follows:

- Up to 10 percent:
  - For direct reimbursement of administrative costs, startup costs, and costs incurred in the development approval process of the plate; all vendors associated with administrative costs must be selected by competitive bid; and
  - To promote and market the plate.
- The remainder to raise awareness and support the mission and efforts of conserving Biscayne Bay. The Miami Foundation Board of Trustees must approve and is accountable for all such expenditures.

Disease Prevention & Early Detection License Plate

The bill creates the Florida Disease Prevention & Early Detection license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Disease Prevention & Early Detection" appears at the bottom of the plate.

The annual use fees are distributed to the Women's Breast & Heart Initiative, Florida Affiliate, Inc., to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to provide increased education and awareness relating to early detection, prevention, and screening of breast and heart issues.

Honor Flight License Plate

The bill creates the Florida Honor Flight license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Honor Flight" appears at the bottom of the plate.

The annual use fees are distributed equally among the Honor Flight Network hubs in this state to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to further the Honor Flight Network's mission of transporting military veterans to Washington, D.C., in order to visit the memorials dedicated to honoring those who have served and sacrificed for the United States.

The bill also amends s. 320.08056(10)(a), F.S., (**Section 2**) to exclude the Honor Flight license plate from the restriction that all fees and any interest earned from the fees may be expended only for use in this state.

Ethical Ecotourism License Plate

The bill creates the Florida Ethical Ecotourism license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and words approved by the DHSMV appear at the bottom of the plate.

The annual use fees are distributed equally between the Florida Society for Ethical Ecotourism and Paddle Florida, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder:
  - By Florida Society for Ethical Ecotourism to provide environmental education and awareness that encourage behaviors that contribute to the sustainability of Florida's natural ecosystems and resources; and
  - By Paddle Florida, Inc., to raise awareness about water conservation, wildlife preservation, restoration of springs, and protection of waterways in Florida.

Protect Marine Wildlife License Plate

The bill creates the Protect Marine Wildlife license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect Marine Wildlife" appears at the bottom of the plate.

The annual use fees are distributed to the Protect Wild Dolphins Alliance, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to promote and market the plate.
- The remainder to fund the organization's conservation, research, and educational programs that focus on the conservation of Florida's threatened and protected marine wildlife species.

Margaritaville License Plate

The bill creates the Margaritaville license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Margaritaville" appears at the bottom of the plate.

The annual use fees are distributed to the SFC Charitable Foundation, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to promote and market the plate.
- The remainder to be used to:
  - Provide grants to nonprofit organizations in communities impacted by natural or manmade disasters for purposes of recovery, rebuilding, and future sustainability; and
  - Promote and inspire local grassroots leaders who work to improve the quality of life in those impacted communities and other communities in this state.

30A.com/Scenic Walton License Plate

The bill creates the 30A.com/Scenic Walton license plate. The plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Support Scenic Walton" appears at the bottom of the plate.

The annual use fees are distributed to Scenic Walton, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder to preserve and enhance the beauty and safety of Walton County.

Florida Swims License Plate

The bill creates the Florida Swims license plate. The plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Swim for Life" appears at the bottom of the plate.

The annual use fees are distributed to the Swimming Pool and Education Foundation, Inc., doing business as Florida Swims, to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder to promote swimming pool and water safety and to provide grants and scholarships for childhood swimming lessons in the state.

Special License Plates (Section 4)

The bill amends s. 320.0807(5), F.S., to repeal the time limitation on applicants for a license plate stamped "Senate President" and "House Speaker." Currently, limits the plate to applicants that served as President of the Senate or Speaker of the House of Representatives prior to January 1, 2021.

Military Service Special License Plates (Section 5)

Army of Occupation Veterans License Plate

The bill amends s. 320.089, F.S., to create the Army of Occupation Veterans license plate. An owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle[62] which is not used for hire or commercial use can apply to the DHSMV for such a plate. The applicant must be:

- A resident of Florida.
- A current or former member of the United States military who was permanently assigned to occupation forces in specific overseas locations during the Cold War between May 9, 1945, and October 2, 1990.

The applicant must also provide proof of active membership or former active duty status during the period at one of the locations and pay the license tax for the vehicle to be issued a plate. Proof that the applicant was awarded the Army of Occupation Medal will be sufficient to establish eligibility for the license plate.

The plate will be stamped with the words "Army of Occupation" and a likeness of the Army of Occupation Medal, followed by the registration license number of the plate.

[62] As provided for in s. 320.08(9)(c) or (d), F.S.

Miscellaneous

The bill amends s. 320.08053(3)(b), F.S., (**Section 1**) to clarify that the DHSMV may not *issue* any new specialty license plates, instead of *make* the plates available for design or issuance, until there are less than 150 issued specialty license plates.

The bill has an effective date of October 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None. Section 320.08056(3)(d), F.S., currently provides that the annual use fee for a specialty license plate is $25, except as otherwise provided.

B. Private Sector Impact:

Once the license plates goes into production, organizations authorized for a distribution from the proceeds of the sale of the license plate will benefit.

Current law prohibits the redesign of a specialty license plate unless the inventory of the license plate has been depleted. However, the organization may purchase the remaining inventory of the specialty license plate from the DHSMV at the DHSMV's cost.[63] Should any of the organizations associated with specialty license plates that have been amended desire to redesign their plates they may be required to purchase the remaining inventory

[63] Section 320.08056(9), F.S.

of its specialty license plates at the DHSMV's cost prior to the authorized redesign of these specialty license plates.

C. Government Sector Impact:

Programming will be required initially to allow the DHSMV to accept vouchers, but the DHSMV may not finalize a design or issue the new license plate if the 150 cap is reached prior to the license plate selling 3,000 vouchers. The amount of programming is determined by the number of plates and the number of distributions per plate. One specialty license plate with a single distribution recipient will require between 200 to 250 hours of programming. Additional distributions will generally require an additional 5 to 10 hours per distribution.[64]

The DHSMV is authorized to retain revenues from the first proceeds of specialty license plate sales to defray departmental expenditures related to the specialty license plate program.[65]

The first $100,000 of the revenue generated annually from the issuance of special use plates under s. 320.089, F.S., (to now include the Army of Occupation Veterans license plate) is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act to be used by the home for the benefit of the home and its residents.[66] Any additional revenue is deposited into the Operations and Maintenance Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.[67] There may be indeterminate, positive fiscal impacts to these trust funds to the extent that eligible individuals choose to purchase these license plates.

Additionally, the DHSMV states the cost to perform an audit every 3 years of each specialty license plate may result in an insignificant workload impact that can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

[64] DHSMV, *2021 Agency Legislative Bill Analysis SB 676*, February 25, 2021 (on file with the Senate Committee on Transportation).
[65] Section 320.08056(7), F.S.
[66] Section 296.38(2), F.S., requires the home to use the funds in the Grants and Donations Trust Fund "for the common benefit of the residents of the home, such as recreational equipment, improved facilities, recreational supplies, and goods and services offered or available to all residents."
[67] Section 320.089(1), F.S.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.08053, 320.08056, 320.08058, 320.0807, and 320.089.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 108614 by Appropriations (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development):
The committee substitute:

- Creates two new specialty license plates (30A and Florida Swims)
- Removes unnecessary language related to allowing placement of plates on vehicles for the Divine Nine plate.
- Reduces the allowed marketing amount for the Gopher Tortoise Plate from 15 percent to 10 percent, consistent with other plates;
- Corrects the reference to Two Spirit Health Services, Inc., to 26 Health, Inc., as a recipient from the proceeds of the Orlando United plate.
- Removes obsolete language and specifically directs the distributions to the organizations for the Protect Marine Wildlife and Margaritaville plates.
- Clarifies that DHSMV does not have to *issue* any new specialty license plates until a sufficient number of plates are discontinued.

CS by Transportation on March 16, 2021:

- Creates 12 new specialty license plates;
- Creates one new military plate for recipients of the Army of Occupation Award;
- Amends three existing specialty license plates; and
- Amends the requirements for the issuance of certain special license plates.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

576-03916-21

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to special and specialty license plates; amending s. 320.08053, F.S.; clarifying when the department may not issue new specialty license plates; amending s. 320.08056, F.S.; providing an exception to the requirement that specialty license plate annual use fees and interest earned from those fees be expended only in this state; amending s. 320.08058, F.S.; revising legislative intent; revising distribution and application of annual use fees from the sale of Florida Indian River Lagoon license plates; revising distribution of annual use fees from the sale of Wildlife Foundation of Florida license plates; revising distribution of annual use fees from the sale of Divine Nine license plates; providing eligibility requirements for issuance of such plates; authorizing such plates to be personalized; prohibiting the transfer of such plates between vehicle owners; requiring the Department of Highway Safety and Motor Vehicles to develop certain specialty license plates; providing for the distribution and use of fees collected from the sale of such plates; amending s. 320.0807, F.S.; revising requirements for the issuance of certain special license plates; amending s. 320.089, F.S.; authorizing the department to issue Army of Occupation license plates; specifying

576-03916-21

qualifications and requirements for the license plates; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (3) of section 320.08053, Florida Statutes, is amended to read:

320.08053 Establishment of specialty license plates.—

(3)

(b) If the Legislature has approved 150 or more specialty license plates, the department may not issue ~~make~~ any new specialty license plates ~~available for design or issuance~~ until a sufficient number of plates are discontinued pursuant to s. 320.08056(8) such that the number of plates being issued does not exceed 150. Notwithstanding s. 320.08056(8)(a), the 150-license-plate limit includes license plates above the minimum sales threshold and those exempt from that threshold.

Section 2. Paragraph (a) of subsection (10) of section 320.08056, Florida Statutes, is amended to read:

320.08056 Specialty license plates.—

(10)(a) A specialty license plate annual use fee collected and distributed under this chapter, or any interest earned from those fees, may not be used for commercial or for-profit activities nor for general or administrative expenses, except as authorized by s. 320.08058 or to pay the cost of the audit or report required by s. 320.08062(1). The fees and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of United States Armed Forces and veterans-related specialty license

plates pursuant to paragraph (3)(d) for the Support Our Troops, ~~and~~ American Legion, and Honor Flight license plates; paragraphs (4)(b), (q), and (v) for the Florida Salutes Veterans, United States Marine Corps, and Military Services license plates, respectively; and s. 320.0891 for the U.S. Paratrooper license plate.

Section 3. Subsections (10), (46), and (101) of section 320.08058, Florida Statutes, are amended, and subsections (112) through (125) are added to that section, to read:

320.08058 Specialty license plates.—

(10) FLORIDA INDIAN RIVER LAGOON LICENSE PLATES.—

(a) Because the Indian River Lagoon system has been targeted by the state as a priority water body for restoration and preservation since the 1987 Surface Water Improvement and Management Act, and because the St. Johns River and South Florida Water Management Districts have joined with local, regional, and state partners to create the Indian River Lagoon (IRL) Council by Interlocal Agreement in 2015 to serve as the host agency for the Indian River Lagoon National Estuary Program, and because the program has worked with local, state, and federal partners to develop and adopt the Indian River Lagoon Comprehensive Conservation and Management Plan in 2019, and because the St. Johns River Water Management District has been distributing funds collected from the plate from Volusia, Brevard, and Indian River Counties to support competitive local cost-share projects in each of these counties administered by the IRL Council, including ~~jointly developed a management plan that includes~~ water quality improvement, habitat restoration, and public awareness and education, and because the United

States Environmental Protection Agency has declared the Indian River Lagoon to be an estuary of national significance, and because coastal lagoon activities relating to saltwater fishing account for a multibillion dollar economic base, and because the Legislature supports the restoration efforts of the Indian River Lagoon National Estuary Program and its partners ~~water management districts~~, the Legislature intends for the ~~establishes a~~ Florida Indian River Lagoon license plate to provide ~~for the purpose of providing~~ a continuous funding source to support this worthwhile effort and to heighten public awareness of this economically significant resource. Florida Indian River Lagoon license plates must contain the fish "snook," ~~which has been used as the Indian River Lagoon Surface Water Improvement and Management logo, suspended over seagrass,~~ and must bear the colors and design approved by the department.

(b) The license plate annual use fees are to be distributed annually as follows:

1. The first $5 million collected annually must be transferred to the IRL Council, which must separately ~~St. Johns River Water Management District. The district shall~~ account for the transferred ~~these~~ funds, and such ~~separate from all other funds received. These~~ funds must be distributed as follows:

a. Based on Florida Indian River Lagoon license plate sales data from each county tax collector for Volusia, Brevard, Indian River, St. Lucie, Martin, and Palm Beach Counties, each county's total number of Florida Indian River Lagoon license plates sold between October 1 and September 30 must represent a percentage of the six-county total, calculated as follows: the total number sold for county A divided by the total number sold for counties

A, B, C, D, E, and F is multiplied by 100. The percentage determined for St. Lucie, Martin, and Palm Beach Counties must be totaled, and that total percentage of the statewide Florida Indian River Lagoon license plate revenues must be transferred to the South Florida Water Management District special Indian River Lagoon License Plate Revenue Account and distributed proportionately among St. Lucie, Martin, and Palm Beach Counties. The remaining funds in the IRL Council ~~St. Johns River Water Management District~~ Revenue Account must be divided proportionately between Volusia, Brevard, and Indian River Counties.

b. The IRL Council shall administer ~~Each water management district is responsible for administering~~ projects in Volusia, Brevard, and Indian River ~~its respective~~ Counties from funds derived from ~~funded with~~ the appropriate percentage of license plate revenues. The South Florida Water Management District shall administer projects in St. Lucie, Martin, and Palm Beach Counties.

2. Up to 5 percent of the proceeds from the annual use fee may be used for continuing promotion and marketing of the license plate.

3. Any additional fees must be deposited into the General Revenue Fund. Fees are not to be deposited into the general revenue funds of the IRL Council ~~water management districts~~.

(c) The application of Florida Indian River Lagoon license plate annual use fees is to be administered by the IRL Council ~~St. Johns River~~ and the South Florida Water Management District ~~Districts~~ for Indian River Lagoon projects ~~and~~ in accordance with their contracting and purchasing policies and procedures,

with the following restrictions:

1. An annual amount of the total license plate use fees must be earmarked for each of the six lagoon basin counties, as determined in sub-subparagraph (b)1.a., to be expended in those counties on habitat restoration, including water quality improvement, monitoring, and environmental education projects. At least 80 percent of the use fees must be used for restoration projects, and not more than 20 percent may be used for environmental education and monitoring projects in each county. These project funds may serve as matching funds for other local, state, or federal funds or grants. Unencumbered funds from one year may be carried over to the following year but must be dedicated to a project within 2 years in the form of a contract, an interlocal agreement, or an approved plan by the governing board of the respective district.

2. Florida Indian River Lagoon license plate annual use fees may not be used for administrative salaries or overhead within the IRL Council or the South Florida Water Management District; ~~the water management districts, nor~~ for any general coordination fees or overhead that ~~outside of the districts which~~ is not specifically related to a project;~~, nor~~ for any projects which are considered to be research, studies, inventories, or evaluations; or~~, nor~~ for administrative salaries or overhead related to environmental education or ongoing regular maintenance. Annual use fees may be used for acquisition of rights-of-way specific to the implementation of restoration or improvement projects, if acquisition expenditures do not exceed 20 percent of a county's appropriation.

3. In Volusia County, project implementation may occur in

all estuarine waters extending north to and including the Indian River Lagoon National Estuary Program's Indian River Lagoon-Halifax River planning boundary amendments that include the Tomoka Basin.

4. In Palm Beach County, first priority must be given to projects within the Indian River Lagoon. Second priority must be given to projects within adjacent estuarine waters, including the Loxahatchee River and other tributaries to the Indian River Lagoon.

(d) It is the intent of the Legislature that revenues generated by the Florida Indian River Lagoon license plate annual use fees must not be used as replacement funds for other available funding sources ~~Surface Water Improvement and Management Act funds~~, but must be used solely for the enhancement of the Indian River Lagoon and tributaries in the Indian River Lagoon watershed as defined by the Indian River Lagoon National Estuary Program project boundary defined in the Indian River Lagoon Comprehensive Conservation and Management Plan or as provided in this subsection ~~area~~.

(46) WILDLIFE FOUNDATION OF FLORIDA LICENSE PLATES.—

(a) The department shall develop a Wildlife Foundation of Florida license plate as provided in this section. The word "Florida" must appear at the top of the plate, and the words "Wildlife Foundation of Florida" must appear at the bottom of the plate.

(b) The annual revenues from the sales of the license plate shall be distributed to the Fish & Wildlife Foundation of Florida, Inc., a citizen support organization created pursuant to s. 379.223. Such annual revenues must be used in the

following manner:

1. Seventy-five percent must be encumbered ~~used~~ to fund programs and projects within the state that preserve open space and wildlife habitat, promote conservation, promote hunting and shooting sports, improve wildlife habitat, and establish open space for the perpetual use of the public. Unencumbered funds from one year may be carried over to the following year, but must be spent within 2 years of receipt or dedicated to a project within 2 years of receipt in the form of a contract, a grant award, or an approved plan by the governing board of the Fish & Wildlife Foundation of Florida, Inc.

2. Twenty-five percent may be used for promotion, marketing, and administrative costs directly associated with operation of the foundation.

~~(c) When the provisions of subparagraph (b)1. are met, those annual revenues shall be used for the purposes of subparagraph (b)2.~~

(101) DIVINE NINE LICENSE PLATES.—

(a) The department shall develop a Divine Nine license plate as provided in this section and s. 320.08053 using a standard template and a unique logo, graphic, or color for each of the organizations listed in sub-subparagraphs (b)3.a.-i. ~~(b)2.a.-i.~~ The plate must bear the colors and design approved by the department~~,~~ and must include the official logo, graphic, or color as appropriate for each organization. The word "Florida" must appear at the top of the plate, and the words "Divine Nine" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed as follows:

1. Five percent of the proceeds shall be distributed to the United Negro College Fund, Inc., for college scholarships for Florida residents attending Florida's historically black colleges and universities.

2. Ten percent of the proceeds shall be distributed to the Association to Preserve African American Society, History and Tradition, Inc., solely for the marketing of the plate.

3.~~2.~~ The remaining 85 ~~95~~ percent of the proceeds shall be distributed to one of the following organizations as selected by the purchaser of the plate who, upon fulfilling the requirements of paragraph (c), shall receive a license plate with the logo, graphic, or color associated with the appropriate recipient organization:

a. Alpha Phi Alpha Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Florida Federation of Alpha Chapters, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Florida Federation of Alpha Chapters, Inc., solely for the marketing of the plate.~~

b. Alpha Kappa Alpha Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Alpha Kappa Alpha Educational Advancement Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Alpha Kappa Alpha Educational Advancement Foundation, Inc., solely for the marketing of the plate.~~

c. Kappa Alpha Psi Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Southern Province of Kappa Alpha Psi Fraternity, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Southern Province of Kappa Alpha Psi Fraternity, Inc., solely for the marketing of the plate.~~

d. Omega Psi Phi Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the State of Florida Omega Friendship Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the State of Florida Omega Friendship Foundation, Inc., solely for the marketing of the plate.~~

e. Delta Sigma Theta Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Delta Research and Educational Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Delta Research and Educational Foundation, Inc., solely for the marketing of the plate.~~

f. Phi Beta Sigma Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the TMB Charitable Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the TMB Charitable Foundation, Inc., solely for the marketing of the plate.~~

g. Zeta Phi Beta Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Florida Pearls, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Florida Pearls, Inc., solely for the marketing of the plate.~~

h. Sigma Gamma Rho Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Sigma Gamma Rho Sorority National Education Fund, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Sigma Gamma Rho Sorority National Education Fund, Inc., solely for the marketing of the plate.~~

i. Iota Phi Theta Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the National Iota Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the National Iota Foundation, Inc., solely for the marketing of the plate.~~

(c)1. To be eligible for issuance of a Divine Nine license plate representing an organization listed in sub-subparagraphs (b)3.a.-i., a person must be a resident of this state who is the registered owner of a motor vehicle and who is a member of the applicable organization. The person must also present proof of

membership in the organization, which may be established by:

a. A card distributed by the organization indicating the person's membership in the organization; or

b. A written letter on the organization's letterhead which is signed by the organization's national president or his or her designated official and which states that the person was inducted into the organization.

2. Proof of membership in an organization listed in sub-subparagraphs (b)3.a.-i. is required only for initial issuance of a Divine Nine license plate. A person need not present such proof for renewal of the license plate.

(d) A Divine Nine license plate:

1. May be personalized.

2. May not be transferred between vehicle owners.

License plates created pursuant to this subsection shall have their plate sales combined for the purpose of meeting the minimum license plate sales threshold in s. 320.08056(8)(a) and for determining the license plate limit in s. 320.08053(3)(b). License plates created pursuant to this subsection must be ordered directly from the department.

(112) FLORIDA STATE PARKS LICENSE PLATES.—

(a) The department shall develop a Florida State Parks license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Explore Our State Parks" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be

distributed to the Florida State Parks Foundation, Inc., a nonprofit Florida corporation under s. 501(c)(3) of the Internal Revenue Code, to be used to preserve, protect, sustain, and grow Florida state parks. Up to 10 percent of the proceeds may be used for marketing of the plate and costs directly associated with administration of the foundation.

(113) SUPPORT HEALTHCARE HEROES LICENSE PLATES.—

(a) The department shall develop a Support Healthcare Heroes license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Support Healthcare Heroes" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed annually into the Emergency Medical Services Trust Fund within the Department of Health to provide financial support for prehospital medical services pursuant to s. 401.113.

(114) INTER MIAMI CF LICENSE PLATES.—

(a) The department shall develop an Inter Miami CF license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Inter Miami CF" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to Inter Miami CF Foundation Corporation, a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds shall be used by Inter Miami CF Foundation Corporation to plan

and execute sports-based development and direct-service community programs, initiatives, and events.

(115) TOASTMASTERS LICENSE PLATES.—

(a) The department shall develop a Toastmasters license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "www.Toastmasters.org" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to the Ralph C. Smedley Memorial Fund of Toastmasters International, a s. 501(c)(3) nonprofit organization, of which:

1. Twenty-five percent shall be used to develop charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in established Toastmasters programs. Up to 5 percent of this distribution may be used for administrative expenses.

2. Seventy-five percent shall be proportionally redistributed to the divisions of Districts 47, 48, 77, and 84 of Toastmasters International which reside in this state. Up to 5 percent of this distribution may be used for marketing of the plate, and the remainder shall be used for educators, nonprofits, governmental organizations, scholarships, materials, and computers and other equipment for the purpose of implementing the charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to

participate in the established Toastmasters programs.

(116) GOPHER TORTOISE LICENSE PLATES.—

(a) The department shall develop a Gopher Tortoise license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Protect the Gopher Tortoise" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to Wildlands Conservation, Inc., a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to fund gopher tortoise and commensal species research, education, and conservation, as well as upland habitat protection, restoration, and management in this state. Up to 10 percent of the funds received by Wildlands Conservation, Inc., may be used for marketing of the plate and costs directly associated with the administration of the gopher tortoise protection program. Wildlands Conservation, Inc., shall use and distribute the funds to eligible Florida-based scientific, conservation, and educational organizations for gopher tortoise and upland habitat research, conservation, and management.

(117) ORLANDO UNITED LICENSE PLATES.—

(a) The department shall develop an Orlando United license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Orlando United" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed as follows:

1. Five percent shall be distributed to the Mental Health Association of Central Florida, Inc., to be used for marketing of the license plate.

2. Thirty-one percent shall be distributed to the Mental Health Association of Central Florida, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

3. Two percent shall be distributed to onePULSE Foundation, Inc., a charitable, nonprofit organization under s. 501(c)(3) of the Internal Revenue Code, to be used for marketing of the license plate.

4. Thirty-one percent shall be distributed to onePULSE Foundation, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to support the construction and maintenance of the onePULSE Foundation Memorial.

5. Thirty-one percent shall be distributed to 26 Health, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

(118) BISCAYNE BAY LICENSE PLATES.—

(a) The department shall develop a Biscayne Bay license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Protect Biscayne Bay" must appear at the bottom of the

plate.

(b) The annual use fees from the sale of the plate shall be distributed to The Miami Foundation, Inc., a Florida nonprofit corporation, to be used as follows:

1. Up to 10 percent of the fees may be used for promotion and marketing of the license plate and for direct reimbursement for administrative costs, startup costs, and costs incurred in the development and approval process of the license plate. All vendors associated with administrative costs shall be selected by competitive bid.

2. The remaining fees shall be used to raise awareness and support the mission and efforts of conserving Biscayne Bay. The Miami Foundation Board of Trustees must approve and is accountable for all such expenditures.

(119) DISEASE PREVENTION & EARLY DETECTION LICENSE PLATES.—

(a) The department shall develop a Disease Prevention & Early Detection license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Disease Prevention & Early Detection" must appear at the bottom of the plate.

(b) The license plate annual use fees shall be distributed to The Women's Breast & Heart Initiative, Florida Affiliate, Inc., a Florida nonprofit corporation, which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds shall be used by The Women's Breast & Heart Initiative, Florida Affiliate, Inc., to provide increased education and awareness relating to early detection, prevention, and screening of breast and heart issues.

(120) HONOR FLIGHT LICENSE PLATES.—

(a) The department shall develop an Honor Flight license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Honor Flight" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed equally among the Honor Flight Network hubs in this state, each of which is a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to be used as follows:

1. Up to 10 percent of the fees may be used for promotion and marketing of the license plate.

2. The remaining fees shall be used to further the Honor Flight Network's mission of transporting military veterans to Washington, D.C., in order to visit the memorials dedicated to honoring those who have served and sacrificed for the United States.

(121) ETHICAL ECOTOURISM LICENSE PLATES.—

(a) The department shall develop an Ethical Ecotourism license plate as provided in this section and s. 320.08053. The word "Florida" must appear at the top of the plate, and words approved by the department must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate must be distributed equally between the Florida Society for Ethical Ecotourism and Paddle Florida, Inc., each of which may use up to 10 percent of such proceeds for administrative costs and the marketing of the plate. The remaining proceeds must be used by the Florida Society for Ethical Ecotourism to provide

environmental education and awareness that encourage behaviors that contribute to the sustainability of Florida's natural ecosystems and resources and by Paddle Florida, Inc., to raise awareness about water conservation, wildlife preservation, restoration of springs, and protection of waterways in this state.

(122) PROTECT MARINE WILDLIFE LICENSE PLATES.—

(a) The department shall develop a Protect Marine Wildlife license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Protect Marine Wildlife" must appear at the bottom of the plate.

(b) The annual use fees shall be distributed to the Protect Wild Dolphins Alliance, Inc., which may use up to 10 percent of the proceeds for administration, promotion, and marketing of the plate. All remaining proceeds shall be used by the Protect Wild Dolphins Alliance, Inc., to fund its conservation, research, and educational programs that focus on the conservation of Florida's threatened and protected marine wildlife species.

(123) MARGARITAVILLE LICENSE PLATES.—

(a) The department shall develop a Margaritaville license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the word "Margaritaville" must appear at the bottom or the side of the plate.

(b) The annual use fees shall be distributed to the SFC Charitable Foundation, Inc., which may use up to 10 percent of

the proceeds for administration, promotion, and marketing of the specialty license plate. All remaining proceeds shall be used by the SFC Charitable Foundation, Inc., to provide grants to nonprofit organizations in communities impacted by natural or manmade disasters for purposes of recovery, rebuilding, and future sustainability and to promote and inspire local grassroots leaders who work to improve the quality of life in those communities and other communities in this state.

(124) 30A.COM/SCENIC WALTON LICENSE PLATES.—

(a) The department shall develop a 30A.com/Scenic Walton license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Support Scenic Walton" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to Scenic Walton, Inc., a nonprofit Florida corporation under s. 501(c)(3) of the Internal Revenue Code, to be used to preserve and enhance the beauty and safety of Walton County. Up to 10 percent of the fees may be used for marketing of the plate and costs directly associated with administration of Scenic Walton, Inc.

(125) FLORIDA SWIMS LICENSE PLATES.—

(a) The department shall develop a Florida Swims license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Swim for Life" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be

distributed to Swimming Pool Education and Safety Foundation, Inc., doing business as Florida Swims, a nonprofit organization under s. 501(c)(3) of the Internal Revenue Code, which may use up to 10 percent of the fees for administration and marketing of the plate. The remaining proceeds shall be used by Swimming Pool Education and Safety Foundation, Inc., doing business as Florida Swims, to promote swimming pool and water safety and to provide grants and scholarships for childhood swimming lessons in Florida.

Section 4. Subsection (5) of section 320.0807, Florida Statutes, is amended to read:

320.0807 Special license plates for Governor and federal and state legislators.—

(5) Upon application by any current or former President of the Senate and payment of the fees prescribed by s. 320.0805, the department may issue a license plate stamped "Senate President" followed by the number assigned by the department or chosen by the applicant if it is not already in use. Upon application by any current or former Speaker of the House of Representatives and payment of the fees prescribed by s. 320.0805, the department may issue a license plate stamped "House Speaker" followed by the number assigned by the department or chosen by the applicant if it is not already in use. ~~The applicant must have served as President of the Senate or Speaker of the House of Representatives prior to January 1, 2021.~~

Section 5. Section 320.089, Florida Statutes, is amended to read:

320.089 Veterans of the United States Armed Forces; members

of National Guard; survivors of Pearl Harbor; Purple Heart medal recipients; Bronze Star recipients; active or retired United States Armed Forces reservists; Combat Infantry Badge, Combat Medical Badge, or Combat Action Badge recipients; Combat Action Ribbon recipients; Air Force Combat Action Medal recipients; Distinguished Flying Cross recipients; former prisoners of war; Korean War Veterans; Vietnam War Veterans; Operation Desert Shield Veterans; Operation Desert Storm Veterans; Operation Enduring Freedom Veterans; Operation Iraqi Freedom Veterans; Women Veterans; World War II Veterans; ~~and~~ Navy Submariners; and Army of Occupation Veterans; special license plates; fee.—

(1)(a) Each owner or lessee of an automobile or truck for private use or recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use, who is a resident of the state and a veteran of the United States Armed Forces, a Woman Veteran, a World War II Veteran, a Navy Submariner, an active or retired member of the Florida National Guard, a survivor of the attack on Pearl Harbor, a recipient of the Purple Heart medal, a recipient of the Bronze Star, an active or retired member of any branch of the United States Armed Forces Reserve, or a recipient of the Combat Infantry Badge, Combat Medical Badge, Combat Action Badge, Combat Action Ribbon, Air Force Combat Action Medal, or Distinguished Flying Cross, upon application to the department, accompanied by proof of release or discharge from any branch of the United States Armed Forces, proof of active membership or retired status in the Florida National Guard, proof of membership in the Pearl Harbor Survivors Association or proof of active military duty in Pearl Harbor on December 7, 1941, proof

of being a Purple Heart medal recipient, proof of being a Bronze Star recipient, proof of active or retired membership in any branch of the United States Armed Forces Reserve, or proof of membership in the Combat Infantrymen's Association, Inc., proof of being a recipient of the Combat Infantry Badge, Combat Medical Badge, Combat Action Badge, Combat Action Ribbon, Air Force Combat Action Medal, or Distinguished Flying Cross, and upon payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the serial numbers prescribed by s. 320.06, is stamped with the words "Veteran," "Woman Veteran," "WWII Veteran," "Navy Submariner," "National Guard," "Pearl Harbor Survivor," "Combat-wounded veteran," "Bronze Star," "U.S. Reserve," "Combat Infantry Badge," "Combat Medical Badge," "Combat Action Badge," "Combat Action Ribbon," "Air Force Combat Action Medal," or "Distinguished Flying Cross," as appropriate, and a likeness of the related campaign medal or badge, followed by the serial number of the license plate. Additionally, the Purple Heart plate may have the words "Purple Heart" stamped on the plate and the likeness of the Purple Heart medal appearing on the plate.

(b) The military members listed in paragraph (a) are eligible to be issued special veteran's motorcycle license plates. The veteran's motorcycle license plate design shall be the same as the design for the motor vehicle "Veteran" and "Woman Veteran" special license plate. The word "Veteran" or "Woman Veteran" shall be displayed at the bottom of the motorcycle license plate.

(c) Notwithstanding any other provision of law to the

contrary, beginning with fiscal year 2002-2003 and annually thereafter, the first $100,000 in general revenue generated from the sale of license plates issued under this section shall be deposited into the Grants and Donations Trust Fund, as described in s. 296.38(2), to be used for the purposes established by law for that trust fund. Any additional general revenue generated from the sale of such plates shall be deposited into the Operations and Maintenance Trust Fund within the Department of Veterans' Affairs and used to support program operations that benefit veterans or the operation, maintenance, or construction of domiciliary and nursing homes for veterans, subject to the requirements of chapter 216.

(d) Any revenue generated from the sale of Woman Veteran license plates must be deposited into the Operations and Maintenance Trust Fund administered by the Department of Veterans' Affairs pursuant to s. 20.375(3) and must be used solely for the purpose of creating and implementing programs to benefit women veterans. Notwithstanding any provisions of law to the contrary, an applicant for a Pearl Harbor Survivor license plate or a Purple Heart license plate who also qualifies for a disabled veteran's license plate under s. 320.084 shall be issued the appropriate special license plate without payment of the license tax imposed by s. 320.08.

(2) Each owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use who is a resident of this state and who is a former prisoner of war, or his or her unremarried surviving spouse, upon application to the

department, shall be issued a license plate as provided in s. 320.06, stamped with the words "Ex-POW" followed by the serial number. Each application shall be accompanied by proof that the applicant meets the qualifications specified in paragraph (a) or paragraph (b).

(a) A citizen of the United States who served as a member of the Armed Forces of the United States or the armed forces of a nation allied with the United States who was held as a prisoner of war at such time as the Armed Forces of the United States were engaged in combat, or his or her unremarried surviving spouse, may be issued the special license plate provided for in this subsection without payment of the license tax imposed by s. 320.08.

(b) A person who was serving as a civilian with the consent of the United States Government, or a person who was a member of the Armed Forces of the United States while he or she was not a United States citizen and was held as a prisoner of war when the Armed Forces of the United States were engaged in combat, or his or her unremarried surviving spouse, may be issued the special license plate provided for in this subsection upon payment of the license tax imposed by s. 320.08.

(3) Each owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use who is a resident of this state and who is the unremarried surviving spouse of a recipient of the Purple Heart medal, upon application to the department accompanied by the payment of the required fees, shall be issued a license plate as provided in s. 320.06 which

is stamped with the words "Purple Heart" and the likeness of the Purple Heart medal followed by the serial number. Each application shall be accompanied by proof that the applicant is the unremarried surviving spouse of a recipient of the Purple Heart medal.

(4) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States Armed Forces who was deployed and served in Korea during the Korean War as defined in s. 1.01(14), upon application to the department accompanied by proof of active membership or former active duty status during the Korean War and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Korean War Veteran" and a likeness of the Korean Service Medal, followed by the registration license number of the plate. Proof that the applicant was awarded the Korean Service Medal is sufficient to establish eligibility for the license plate.

(5) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was deployed and served in Vietnam during United States military deployment in Indochina, upon application

to the department accompanied by proof of active membership or former active duty status during these operations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Vietnam War Veteran" and a likeness of the Vietnam Service Medal, followed by the registration license number of the plate. Proof that the applicant was awarded the Vietnam Service Medal is sufficient to establish eligibility for the license plate.

(6) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was deployed and served in Saudi Arabia, Kuwait, or another area of the Persian Gulf during Operation Desert Shield or Operation Desert Storm; in Afghanistan during Operation Enduring Freedom; or in Iraq during Operation Iraqi Freedom, upon application to the department accompanied by proof of active membership or former active duty status during one of these operations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Operation Desert Shield," "Operation Desert Storm," "Operation Enduring Freedom," or "Operation Iraqi Freedom," as appropriate, and a likeness of the related campaign medal followed by the registration license number of the plate. Proof that the

applicant was awarded the Southwest Asia Service Medal, Iraq Campaign Medal, Afghanistan Campaign Medal, or Global War on Terrorism Expeditionary Medal is sufficient to establish eligibility for the appropriate license plate.

(7) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was permanently assigned to occupation forces in specific overseas locations during the Cold War between May 9, 1945, and October 2, 1990, upon application to the department accompanied by proof of active membership or former active duty status during this period at one of these locations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Army of Occupation" and a likeness of the subject medal, followed by the registration license number of the plate. Proof that the applicant was awarded the Army of Occupation Medal is sufficient to establish eligibility for the license plate.

Section 6. This act shall take effect October 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 676
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Transportation Committee; and Senator Baxley and others
SUBJECT:	Special and Specialty License Plates
DATE:	April 20, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Proctor	Vickers	TR	**Fav/CS**
2.	Wells	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Wells	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 676 creates 14 new specialty license plates: Florida State Parks; Support Healthcare Heroes; Inter Miami CF; Toastmasters; Gopher Tortoise; Orlando United; Biscayne Bay; Disease Prevention and Early Detection; Honor Flight; Ethical Ecotourism; Protect Marine Wildlife; Margaritaville; 30A.com/Scenic Walton; and Florida Swims.

The bill also creates one new special military plate for recipients of the Army of Occupation Award, amends three existing specialty license plates (Florida Indian River Lagoon, Wildlife Foundation of Florida, and Divine Nine), and revises requirements for the issuance of certain special license plates.

According to the DHSMV, the bill will have a negative, but insignificant, fiscal impact associated with programming costs. These costs can be absorbed within existing resources.

The bill is effective October 1, 2021.

II. Present Situation:

Specialty License Plates

Presently, there are 121 specialty license plates available for purchase in Florida[1] and another 33 specialty license plates available for pre-sale.[2] Specialty license plates are available to an owner or lessee of a motor vehicle who is willing to pay an annual use fee, ranging from $15 to $25, paid in addition to the required license taxes and service fees.[3] The annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified on the plate's design and designated in statute.[4]

In order to establish a specialty license plate, s. 320.08053, F.S., requires the following actions within certain timelines after the plate is approved by law:

- Within 60 days, the organization must submit an art design for the plate, in a medium prescribed by the DHSMV;
- Within 120 days, the DHSMV must establish a method to issue pre-sale vouchers for the specialty license plate; and
- Within 24 months after the pre-sale vouchers are established, the organization must obtain a minimum of 3,000 voucher sales, or in the case of an out-of-state college or university license plate, 4,000 voucher sales, before manufacturing of the plate may begin.

If the minimum sales requirement has not been met by the end of the 24-month pre-sale period, then the DHSMV will discontinue the plate and issuance of pre-sale vouchers. Upon discontinuation, a purchaser of a presale voucher may use the annual use fee as a credit towards any other specialty license plate or apply for a refund from the DHSMV.[5]

New specialty license plates that have been approved by law but are awaiting issuance will be issued in the order they appear in s. 320.08058, F.S., provided that they have met the presale requirement. If the next awaiting specialty license plate has not met the presale requirement, the department will proceed in the order provided in s. 320.08058, F.S., to identify the next qualified specialty license plate that has met the presale requirement.[6]

If the Legislature has approved 150 or more specialty license plates, then the DHSMV may not make any new specialty license plates available for design or issuance until a sufficient number of plates are discontinued so that the number of plates being issued does not exceed 150.[7]

The annual use fees collected by an organization and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of specified

---

[1] A list of Florida's specialty license plates is available on the DHSMV website (*Florida License Plates Brochure*) at http://www.flhsmv.gov/dmv/specialtytags/ (last visited March 19, 2021).
[2] A list of Florida's pre-sale specialty license plates is available on the DHSMV website at https://www.flhsmv.gov/motor-vehicles-tags-titles/personalized-specialty-license-plates/specialty-license-plates/pre-sale-data/ (last visited March 19, 2021).
[3] Section 320.08056(3)(d), F.S., provides that except if specifically provided in s. 320.08056(4), the annual use fee for a specialty license plate is $25.
[4] *See* s. 320.08058, F.S.
[5] Section 320.08053(2)(b), F.S.
[6] Section 320.08053(3)(a), F.S.
[7] Section 320.08053(3)(b), F.S.

United States Armed Forces and veterans-related specialty plates.[8] Additionally, organizations must adhere to certain accountability requirements, including an annual audit or attestation document affirming that funds received have been spent in accordance with applicable statutes.[9]

DHSMV Costs Defrayed

The DHSMV is authorized to retain a sufficient portion of annual use fees collected from the sale of specialty plates to defray its costs for inventory, distribution, and other direct costs associated with the specialty license plate program. The remainder of the proceeds collected are distributed as provided by law.[10]

Discontinuance of Specialty Plates

The DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 1,000 plates for at least 12 consecutive months. A warning letter is mailed to the sponsoring organization following the first month in which the total number of valid specialty license plate registrations is below 1,000 plates. Collegiate plates for Florida universities are exempt from the minimum specialty license plate requirement.[11] In addition, the DHSMV is authorized to discontinue any specialty license plate if the organization no longer exists, stops providing services that are authorized to be funded from the annual use fee proceeds, or pursuant to an organizational recipient's request.[12]

However, effective July 1, 2023, the requirement increases so that the DHSMV must discontinue the issuance of an approved specialty license plate if the number of valid registrations falls below 3,000 or in the case of an out-of-state college or university license plate, 4,000, for at least 12 consecutive months. The DHSMV must mail a warning letter to the sponsoring organization following the first month in which the total number of valid specialty plate registrations is below 3,000, or in the case of an out-of-state college or university license plate, 4,000. This does not apply to in-state collegiate license plates established under s. 320.08058(3), F.S., license plates of institutions in and entities of the State University System, specialty license plates that have statutory eligibility limitations for purchase, specialty license plates for which annual use fees are distributed by a foundation for student and teacher leadership programs and teacher recruitment and retention, or Florida professional sports team license plates established under s. 320.08058(9), F.S.[13]

Existing Specialty License Plates

Florida Indian River Lagoon Specialty License Plate

Section 320.08058(10), F.S., provides that the first $5 million in revenues collected annually from the Florida Indian River Lagoon (IRL) license plate must be transferred to the St. Johns River Water Management District. The district must account for these funds separate from all other funds received and must distribute the funds to the applicants awarded funds.

[8] Section 320.08056(10)(a), F.S.
[9] Section 320.08062, F.S.
[10] Section 320.08056(7), F.S.
[11] Section 320.08056(8)(a), F.S.
[12] Section 320.08056(8)(b), F.S.
[13] Section 320.08056(8)(a), F.S.

The application for award of the Florida IRL license plate annual use fees is administered by the St. Johns River and South Florida Water Management Districts for IRL projects and in accordance with their contracting and purchasing policies and procedures, within the select restrictions on how the fees are to be used.[14]

Section 320.08058(10)(d), F.S., provides that it is the intent of the Legislature that revenues generated by the Florida IRL license plate annual use fees must not be used as replacement funds for Surface Water Improvement and Management Act funds, but must be used solely for the enhancement of the IRL area.

Fish & Wildlife Foundation of Florida Specialty License Plate

The Fish & Wildlife Foundation of Florida, Inc., a nonprofit 501(c)(3) organization, was formed on September 29, 1994, "to support the health and well-being of Florida's fish and wildlife resources and their habitats." The foundation is the citizen-support organization of the Florida Fish and Wildlife Conservation Commission and works with a variety of other public and private organizations to achieve science-based conservation, research, education, and outdoor recreation goals. The foundation awards grants that focus on "providing outdoor education and recreational opportunities for youth, combatting invasive species like lionfish, improving management of wildlife habitats and fisheries, protecting Florida's freshwater springs, and improving public access to hunting, fishing, and boating resources."[15]

Divine Nine Specialty License Plate

Section 320.08058(101), F.S., requires the annual use fees from the Divine Nine license plates to be distributed as follows:

- Five percent of the proceeds to the United Negro College Fund, Inc., for college scholarships for Florida residents attending Florida's historically black colleges and universities.
- The remaining 95 percent of the proceeds to one of the participating fraternities or sororities as selected by the purchaser of the plate. Each of those organizations may use 10 percent for marketing the plate.

Because each of the nine fraternities and sororities under the Divine Nine license plate has its own official plate, the total sales of all the license plates created under s. 320.08058(101), F.S., is combined for the purpose of meeting the minimum license plate sales threshold and for determining the license plate limits.

Military Service Special License Plates

Currently, s. 320.089, F.S., authorizes 23 special license plates available to military service members or veterans for certain types of military service. Examples of service include veteran of the U.S. Armed Forces, World War II veteran, and woman veteran. While anyone who pays the appropriate fees may purchase most specialty license plates, a person must provide proof of eligibility to obtain a military special license plate.

[14] Section 320.08058(10)(c), F.S.
[15] Fish & Wildlife Foundation of Florida, *About Us*, https://wildlifeflorida.org/our-mission/ (last visited April 1, 2021). *See also* s. 379.223, F.S.

Military special license plates are each stamped with words consistent with the type of special license plate issued. A likeness of the related campaign medal or badge appears on the plate followed by the license plate serial number.

Applicants for special license plates are required to pay the annual license tax[16] with the exception of certain disabled veterans who qualify for the Pearl Harbor, Purple Heart, or Prisoner of War plate, to whom such plates are issued at no cost.[17] The first $100,000 of the revenue generated annually from the issuance of special use plates is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act. Any additional revenue is deposited into the Operations and Maintenance Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.[18]

Army of Occupation Medal

The Army Occupation Medal was established in 1946 to recognize servicemembers who had performed occupation service after World War II. The medal was awarded for 30 days of consecutive service while the servicemember was assigned to Germany, Austria, Italy, Japan, and Korea during specific periods of time during 1945 to 1990.[19] "Because of the legal status of West Berlin, as an occupied territory until the unification of Germany, the Army of Occupation Medal was issued for forty-five years making it one of the longest active military awards of both the Second World War and the Cold War."[20] The medal was designed by Mr. Thomas Hudson Jones and was originally intended only for members of the United States Army. When the United States Air Force was created, the use of the medal was expanded in 1948 to include those members as well. The first medal was presented to General Eisenhower on April 2, 1947. The ribbon design uses the color black to represent Germany and the color red to represent Japan. There is also a related Navy Occupation Service Medal for servicemembers of the United States Navy and Marines.[21]

Emergency Medical Services Trust Fund

Funds deposited into the Emergency Medical Services Trust Fund must be used solely to improve and expand prehospital emergency medical services in the state. The Department of Health (DOH) must annually dispense funds contained in the Emergency Medical Services Trust Fund as follows:

[16] The annual license tax is provided in s. 320.08, F.S.
[17] Section 320.089(2)(a), F.S.
[18] Section 320.089(1)(c), F.S.
[19] United States Army Veteran Medals, *U.S. Army Service, Campaign Medals and Foreign Awards Information*, https://veteranmedals.army.mil/awardg&d.nsf/374fbd6468877ab385256b6600590a90/48884fdf2638ab8185256b660066c86a!OpenDocument (last visited April 2, 2021).

[21] *Ibid* and *supra* note 20.

- Forty-five percent of funds must be divided among the counties according to the proportion of the combined amount deposited in the trust fund from the county.[22] These funds may not be used to match grant funds identified below. An individual board of county commissioners may distribute these funds to emergency medical services organizations and youth athletic organizations within the county, as it deems appropriate;
- Forty percent of funds must be used by the DOH for making matching grants to local agencies, municipalities, emergency medical services organizations, and youth athletic organizations for the purpose of conducting research, increasing existing levels of emergency medical services, evaluation, community education, injury-prevention programs, and training in cardiopulmonary resuscitation and other lifesaving and first aid techniques; and
- Fifteen percent of funds must be used by the DOH for capital equipment outlay, personnel, community education, evaluation, and other costs associated with the administration of ch. 401, F.S. (Medical Telecommunications and Transportation). Any funds not annually used for this purpose must be used for making additional rural grant funds available.[23]

Community Organizations

Florida State Parks Foundation, Inc.

The Florida State Parks Foundation, Inc., founded in 1993, supports the Florida State Park system through programs that preserve and protect state parks, educate visitors about the value of state parks, encourage community engagement and active use of state parks, and provide financial support to supplement state funding. The foundation is a nonprofit Florida corporation organized under s. 501(3)(c) of the Internal Revenue Code.[24]

Inter Miami CF

The Inter Miami CF Foundation Corporation[25] is an organization which uses "the game of soccer as a catalyst for positive change in the South Florida community." It focuses on education, inclusion, and wellness for kids and young adults in underserved communities. The Inter Miami CF Foundation Corporation uses the soccer club's reach, expertise, and resources to strategically plan and execute sports-based development and direct-service community programs, initiatives, and events.[26]

Toastmasters International

Toastmasters began as a series of speaking clubs organized by Ralph C. Smedley while he was working for the YMCA. Mr. Smedley was director of education at the YMCA and he saw a need

[22] Funds for the trust fund come from a $5 fine from crashes involving damage to a vehicle or other property and reckless driving incidents, portions of civil penalty fines for traffic infractions imposed by county courts, and a $25 fine for driving or boating under the influence.

for the men in the community to learn how to speak, conduct meetings, plan programs, and work on committees. He decided to organize a club where they could learn these skills in a social environment. He named this group the Toastmasters Club, at the time "toastmaster" was a popular term to refer to a person who gave toasts at banquets and other occasions.[27] Since 1924, Toastmasters has helped people from diverse backgrounds become more confident speakers, communicators, and leaders.

"Toastmasters International is a nonprofit educational organization that teaches public speaking and leadership skills through a worldwide network of clubs." The membership of the organization is over 364,000 people in over 16,200 clubs in 145 countries.[28] Toastmasters International is not registered with the Florida Department of State Division of Corporations.

The Ralph C. Smedley Memorial Fund was established in 1965 to honor Mr. Smedley's legacy and to provide opportunities for future Toastmasters. Though initially the fund was intended for local impact, the international organization still maintains the fund's original purpose – to advance communication and leadership education through the research, development, and distribution of educational programs and materials.[29]

Wildlands Conservation, Inc.

The Wildlands Conservation is a nonprofit organization founded in 2003[30] to specialize in conservation planning and policy, land management, land protection, research, education, and outreach. The Wildlands Conservation works on conservation projects throughout Florida. It strives to work with landowners and others around the state to maximize land conservation and minimize costly impacts.[31] For example, the organizations offers gopher tortoise relocation in an attempt to save tortoises from sites permitted for development. The organization is committed to ensuring that gopher tortoise survey and relocation work is done thoroughly and as professionally as possible to protect gopher tortoises across the state.[32]

Mental Health Association of Central Florida, Inc.

The Mental Health Association of Central Florida[33] has been serving the mental health needs of Orange, Osceola, Seminole, Brevard, and Lake counties since 1946. Their mission is to provide mental health services, support, and information to the Orlando and surrounding Central Florida community.[34]

onePULSE Foundation, Inc.

The onePULSE Foundation[35] is a nonprofit organization established to create a sanctuary of hope following the tragic day of June 12, 2016. The foundation was created to honor the 117 victims and the first responders and healthcare professionals who treated them. The foundation is intended to support a memorial, a museum, educational programs, and endowed scholarships. All donations are used for the construction and operation of the National Pulse Memorial and Museum, educational programs, and 49 Legacy Scholarships.[36]

26 Health, Inc.

26 Health[37] is a nonprofit organization established in 2011. The organization provides comprehensive physical and mental health services to individuals in the lesbian, gay, bisexual, and transgender community who live in and around the Central Florida area, regardless of their ability to pay. In part, it offers medical care, mental health care, adoption counseling, and other multidisciplinary services.[38]

The Miami Foundation, Inc.

The Miami Foundation,[39] founded in 1967, seeks to encourage philanthropy and charitable giving in Miami by maintaining an endowment to meet current and future emerging charitable needs. It currently manages around $350 million in assets. The organization work to make grants in broad program areas including education, health, human services, arts and culture, the environment, and community and economic development. The organization also mobilizes special initiatives to address the current needs of the community.[40]

SFC Charitable Foundation, Inc.

The SFC Charitable Foundation, Inc., was founded in 1994.[41] The foundation, also known as Singing for Change, is a private foundation established in 1995 by Jimmy Buffett, as a way of saying thank you to the friends, fans, and concert-goers around the country who have loyally supported his music career.[42]

Initially funded with contributions from Jimmy Buffett's 1995 summer tour, Singing for Change continues to receive one dollar from each concert ticket sold during his tours. Funds are used to provide grants to small, grassroots organizations located primarily in communities where concerts are held. Singing for Change has disbursed over $11 million in grants in its over 25-year history.[43]

Protect Wild Dolphins Alliance, Inc.

Protect Wild Dolphins Alliance, Inc., also known as Protect Wild Dolphins,[44] supports and conducts research, scientific, and educational activities for the protection and preservation of marine mammals. Activities include rescue, rehabilitation, and release to the wild programs as well as a program for a safe haven for unwanted and/or surplus dolphins and other marine mammals. "Protect Wild Dolphins Alliance rescues and rehabilitates stranded marine mammals in order to advance science and education in marine wildlife health and conservation and believes in the humane treatment of all sick and injured marine animals." The organization seeks to advance the One Ocean One Health concept in order to protect ocean heritage.[45]

The Women's Breast & Heart Initiative, Florida Affiliate, Inc.

The Women's Breast & Heart Initiative[46] was established in 2005 with a goal to provide at-risk women access to early detection and proper treatment for breast cancer by going door-to-door with outreach efforts. The organization operates a grassroots campaign of education and screening initiatives to encourage and support social responsibility, community organization, and the good health of women. The organization works to establish a network of dedicated and compassionate volunteers through strategic partnerships with local colleges and universities, health care partners, and professional entities.[47]

Honor Flight

Honor Flight's mission is to transport America's veterans to Washington, D.C., to visit the memorials dedicated to honoring them. It is a national network of independent hubs working together to further this mission. The network currently serves veterans from World War II, the Korean War, and the Vietnam War, as well as terminally ill veterans who served during any era.[48] Florida's Honor Flight Network hubs are Collier-Lee, First Coast, Central Florida, West Central Florida, South Florida, Tallahassee, Southeast Florida, Southwest Florida, Space Coast, and the Villages.[49]

Florida Society for Ethical Ecotourism

In 1998, the CREW Land and Water Trust and the Florida Department of Environmental Protection Rookery Bay National Estuarine Research Reserve received a grant from the Advisory Council of Environmental Education, within the Florida Game and Fresh Water Fish Commission, to provide an educational workshop for ecotour providers of Southwest Florida. As a result of the grant, a day-long Southwest Florida Eco/Heritage Tourism Workshop took place in downtown Ft. Myers in which 85 people participated.[50]

Following the workshop, a group of volunteers from Southwest Florida communities met and formed the Society for Ethical Ecotourism in Southwest Florida. In 2011 they changed their name to the Florida Society for Ethical Ecotourism, Inc.[51] The Florida Society for Ethical Ecotourism, Inc., is registered as an active nonprofit corporation with the DOS.[52]

Paddle Florida, Inc.

Paddle Florida, Inc., is a nonprofit corporation[53] organized to support canoeing and kayaking in Florida. The organization supports multi-day paddling/camping trips in each of Florida's five water management districts, showcasing the state's natural beauty and rich cultural heritage while promoting water conservation, wildlife preservation, springs restoration, and waterways protection. Paddle Florida seeks to promote Florida as an international destination for nature-based tourism.[54]

Scenic Walton, Inc.

Scenic Walton, Inc., is a nonprofit corporation[55] created in 2008 as a chapter of Scenic America. The organization works to preserve Walton County's scenic beauty by improving landscaping along commercial corridors, working towards underground utilities, promoting pedestrian and cycling paths, removing litter, and controlling billboards and signage.[56]

Swimming Pool Education and Safety Foundation, Inc.

Swimming Pool Education and Safety Foundation, Inc., also known as Florida Swims Foundation,[57] is a nonprofit organization that funds swimming lessons and distributes safety information throughout the state. The foundation awards scholarships to college students and provides grants for swimming lessons. The foundation also collaborates with local organizations, such as the YMCA and Boys & Girls Clubs, to bring water safety measures and swimming lessons to families with young children.[58]

III. Effect of Proposed Changes:

Existing Specialty License Plates (Section 3)

Florida Indian River Lagoon Specialty License Plate

The Indian River Lagoon (IRL) was formally established as an Estuary of National Significance and joined the National Estuary Program in 1991 under the sponsorship of the St. Johns and

[58] Florida Swimming Pool Association, *SPESF*, *https://floridapoolpro.portals7.gomembers.com/About/FloridaSwimsFoundation.aspx* (last visited April 7, 2021).

South Florida Water Management Districts. The IRL National Estuary Program is part of a national network of 28 estuary programs established under the Federal Clean Water Act and administered nationally by the United States Environmental Protection Agency.[59]

The IRL Council was established in February 2015 as a special district of Florida. The IRL Council includes representatives of five counties bordering the lagoon (Volusia, Brevard, St. Lucie, and Martin counties and the Indian River County Lagoon Coalition), the St. Johns River and South Florida Water Management Districts, and the Florida Department of Environmental Protection.[60]

The bill amends s. 320.08058(10), F.S., to direct the distribution of the first $5 million collected each year to the IRL Council, instead of the St. Johns River Water Management District. The bill provides that the Legislature intends for the license plate to provide a continuous source of funding in the area due to:

- The creation of the IRL Council and subsequent adoption of a comprehensive conservation and management plan in 2019 developed by the council and local, state, and federal partners;
- The St. Johns Water Management District continued support of competitive cost-share projects in counties administered by the council; and
- The legislative support of the restoration efforts of the IRL National Estuary Program and its partners.

IRL Council is responsible for accounting for the transfer and distribution of proceeds from the sale of the plate. The bill directs the IRL Council to administer projects in Volusia, Brevard, and Indian River Counties from funds derived from the appropriate percentage of license plate revenues and for the South Florida Water Management District to administer projects in St. Lucie, Martin, and Palm Beach Counties. The bill expands the use of the funds to include monitoring projects.

Specific to counties, the bill provides that:

- In Volusia County, project implementation may occur in all estuarine waters extending north to and including the IRL National Estuary Program's Indian River Lagoon-Halifax River planning boundary amendments that include the Tomoka Basin.
- In Palm Beach County, second priority is amended to be given to projects within adjacent estuarine waters, *including* the Loxahatchee River and other tributaries to the Indian River Lagoon.

The bill provides that it is the intent of the Legislature that proceeds from the sale of the plate not be used as replacement funds for other available funding sources, not just funds from the Surface Water Improvement and Management Act. The proceeds of the plate must be used solely for the enhancement of the lagoon *and* tributaries in the IRL watershed, as defined by the IRL National Estuary Program project boundary defined in the IRL Comprehensive Conservation and Management Plan or as provided in the bill.

[59] One Lagoon, *The Indian River Lagoon NEP*, https://onelagoon.org/irlnep/ (last visited April 4, 2021).
[60] *Id*.

Wildlife Foundation of Florida Specialty License Plate

The bill amends s. 320.08058(46), F.S., to update the name of the Florida Fish and Wildlife Conservation Commission citizen support organization to the Fish & Wildlife Foundation of Florida, Inc. The bill expands the uses of the proceeds from the sale of the plate to be used to fund programs and projects that promote hunting and shooting sports. The bill allows the proceeds to be *encumbered* instead of *used* for the allowed activities. Unencumbered funds from one year may be carried over to the following year, but must be spent within 2 years of receipt or dedicated to a project within 2 years of receipt in the form of a contract, a grant award, or an approved plan by the governing board of the Fish & Wildlife Foundation of Florida, Inc.

Divine Nine Specialty License Plate

The mission of the Association to Preserve African American Society, History, and Tradition is to collect, preserve, and exhibit historical artifacts and information which illustrate the meaningful role African Americans have played in Florida more specifically in the Orlando area. The association operates the Wells' Built Museum and "is dedicated to collecting and exhibiting memorabilia which commemorate the achievements of African Americans educators, athletes, musicians, religious, civic, and cultural leaders."[61]

The bill amends s. 320.08058(101), F.S., to repeal distributions to the various Divine Nine organizations and instead directs the distribution of 10 percent of the proceeds from sales of the plate to the Association to Preserve African-American Society, History, and Tradition, Inc., solely for the marketing of the plate.

The bill also limits eligibility for issuance of a Divine Nine license plate to a person who is a resident of Florida, the registered owner of a motor vehicle, and a member of the applicable organization. The person must also present proof of membership in the organization, which may be established by:

- A card distributed by the organization indicating the person's membership in the organization; or
- A written letter on the organization's letterhead which is signed by the organization's national president or his or her designated official and which states that the person was inducted into the organization.

Proof of membership in an eligible organization is required only for initial issuance of a Divine Nine license plate. A person need not present such proof for renewal of the license plate.

In addition, a Divine Nine license plate:

- May be personalized; and
- May not be transferred between vehicle owners.

[61] Department of State, Sunbiz.org, Detail by Entity Name, *The Association to Preserve African American Society, History and Tradition, Inc.*, Document No. N51255. GuideStar, *Association to Preserve African American Society, History and Tradition, Inc.*, https://www.guidestar.org/profile/59-3205047 (last visited April 4, 2021).

New Specialty License Plates (Section 3)

Florida State Parks License Plate

The bill creates the Florida State Parks license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Explore Our State Parks" appears at the bottom of the plate.

The annual use fees are distributed to the Florida State Parks Foundation, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder for preserving, protecting, sustaining, and growing Florida state parks.

Support Healthcare Heroes License Plate

The bill creates the Support Healthcare Heroes license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Support Healthcare Heroes" appears at the bottom of the plate.

The annual use fees are distributed annually into the Emergency Medical Services Trust Fund within the Department of Health to provide financial support for prehospital medical services pursuant to s. 401.113, F.S.

Inter Miami CF License Plate

The bill creates the Florida Inter Miami CF license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Inter Miami CF" appears at the bottom of the plate.

The annual use fees are distributed to the Inter Miami CF Foundation Corporation, a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to plan and execute sports-based development and direct-service community programs, initiatives, and events.

Currently, it appears that Florida Inter Miami CF is registered with the state as a for-profit corporation, but its articles state that it is a nonprofit, charitable organization. The filing with the state may be incorrect.

Toastmasters License Plate

The bill creates the Florida Toastmasters International license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "www.Toastmasters.org" appears at the bottom of the plate.

The annual use fees are distributed to the Ralph C. Smedley Memorial Fund of Toastmasters International to be used as follows:

- Twenty-five percent to develop charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in established Toastmasters programs.
  - Up to 5 percent of this distribution for administrative costs.
- Seventy-five percent proportionally redistributed to the divisions of Districts 47, 48, 77, and 84 of Toastmasters International which reside in this state.
  - Up to 5 percent of this distribution to market the plate.
  - The remainder for educators, nonprofits, governmental organizations, scholarships, materials, and computers and other equipment for the purpose of implementing the charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in the established Toastmasters programs.

Gopher Tortoise License Plate

The bill creates the Florida Gopher Tortoise license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect the Gopher Tortoise" appears at the bottom of the plate.

The annual use fees are distributed to the Wildlands Conservation, Inc., to fund gopher tortoise and commensal species research, education, and conservation, as well as upland habitat protection, restoration, and management in this state. Distributions must be used as follows:
- Up to 10 percent for administrative costs of the gopher tortoise protection program and to market the plate.
- The remainder to use and distribute to eligible Florida-based scientific, conservation, and educational organizations for gopher tortoise and upland habitat research, conservation, and management.

Orlando United License Plate

The bill creates the Florida Orlando United license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Orlando United" appears at the bottom of the plate.

The bill directs the annual use fees to be distributed as follows:
- Five percent to the Mental Health Association of Central Florida, Inc., to market the plate.
- Thirty-one percent to the Mental Health Association of Central Florida, Inc.
  - Up to 5 percent of this distribution for administrative costs.
  - The remainder to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.
- Two percent to onePULSE Foundation, Inc., to market the plate.
- Thirty-one percent to onePULSE Foundation, Inc.
  - Up to 5 percent of this distribution for administrative costs.
  - The remainder to support the construction and maintenance of the onePULSE Foundation Memorial.
- Thirty-one percent to 26 Health, Inc.
  - Up to 5 percent of this distribution for administrative costs.

- The remainder to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

Biscayne Bay License Plate

The bill creates the Florida Biscayne Bay license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect Biscayne Bay" appears at the bottom of the plate.

The annual use fees are distributed to the Miami Foundation, Inc., to be used as follows:

- Up to 10 percent:
  - For direct reimbursement of administrative costs, startup costs, and costs incurred in the development approval process of the plate; all vendors associated with administrative costs must be selected by competitive bid; and
  - To promote and market the plate.
- The remainder to raise awareness and support the mission and efforts of conserving Biscayne Bay. The Miami Foundation Board of Trustees must approve and is accountable for all such expenditures.

Disease Prevention & Early Detection License Plate

The bill creates the Florida Disease Prevention & Early Detection license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Disease Prevention & Early Detection" appears at the bottom of the plate.

The annual use fees are distributed to the Women's Breast & Heart Initiative, Florida Affiliate, Inc., to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to provide increased education and awareness relating to early detection, prevention, and screening of breast and heart issues.

Honor Flight License Plate

The bill creates the Florida Honor Flight license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Honor Flight" appears at the bottom of the plate.

The annual use fees are distributed equally among the Honor Flight Network hubs in this state to be used as follows:

- Up to 10 percent to promote and market the plate.
- The remainder to further the Honor Flight Network's mission of transporting military veterans to Washington, D.C., in order to visit the memorials dedicated to honoring those who have served and sacrificed for the United States.

The bill also amends s. 320.08056(10)(a), F.S., (**Section 2**) to exclude the Honor Flight license plate from the restriction that all fees and any interest earned from the fees may be expended only for use in this state.

Ethical Ecotourism License Plate

The bill creates the Florida Ethical Ecotourism license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and words approved by the DHSMV appear at the bottom of the plate.

The annual use fees are distributed equally between the Florida Society for Ethical Ecotourism and Paddle Florida, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder:
  - By Florida Society for Ethical Ecotourism to provide environmental education and awareness that encourage behaviors that contribute to the sustainability of Florida's natural ecosystems and resources; and
  - By Paddle Florida, Inc., to raise awareness about water conservation, wildlife preservation, restoration of springs, and protection of waterways in Florida.

Protect Marine Wildlife License Plate

The bill creates the Protect Marine Wildlife license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Protect Marine Wildlife" appears at the bottom of the plate.

The annual use fees are distributed to the Protect Wild Dolphins Alliance, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to promote and market the plate.
- The remainder to fund the organization's conservation, research, and educational programs that focus on the conservation of Florida's threatened and protected marine wildlife species.

Margaritaville License Plate

The bill creates the Margaritaville license plate. The license plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Margaritaville" appears at the bottom of the plate.

The annual use fees are distributed to the SFC Charitable Foundation, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to promote and market the plate.
- The remainder to be used to:
  - Provide grants to nonprofit organizations in communities impacted by natural or manmade disasters for purposes of recovery, rebuilding, and future sustainability; and
  - Promote and inspire local grassroots leaders who work to improve the quality of life in those impacted communities and other communities in this state.

30A.com/Scenic Walton License Plate

The bill creates the 30A.com/Scenic Walton license plate. The plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Support Scenic Walton" appears at the bottom of the plate.

The annual use fees are distributed to Scenic Walton, Inc., to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder to preserve and enhance the beauty and safety of Walton County.

Florida Swims License Plate

The bill creates the Florida Swims license plate. The plate must bear the DHSMV-approved colors and design. The word "Florida" appears at the top of the plate and "Swim for Life" appears at the bottom of the plate.

The annual use fees are distributed to the Swimming Pool and Education Foundation, Inc., doing business as Florida Swims, to be used as follows:

- Up to 10 percent for administrative costs and to market the plate.
- The remainder to promote swimming pool and water safety and to provide grants and scholarships for childhood swimming lessons in the state.

Special License Plates (Section 4)

The bill amends s. 320.0807(5), F.S., to repeal the time limitation on applicants for a license plate stamped "Senate President" and "House Speaker." Currently, limits the plate to applicants that served as President of the Senate or Speaker of the House of Representatives prior to January 1, 2021.

Military Service Special License Plates (Section 5)

Army of Occupation Veterans License Plate

The bill amends s. 320.089, F.S., to create the Army of Occupation Veterans license plate. An owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle[62] which is not used for hire or commercial use can apply to the DHSMV for such a plate. The applicant must be:

- A resident of Florida.
- A current or former member of the United States military who was permanently assigned to occupation forces in specific overseas locations during the Cold War between May 9, 1945, and October 2, 1990.

The applicant must also provide proof of active membership or former active duty status during the period at one of the locations and pay the license tax for the vehicle to be issued a plate. Proof that the applicant was awarded the Army of Occupation Medal will be sufficient to establish eligibility for the license plate.

The plate will be stamped with the words "Army of Occupation" and a likeness of the Army of Occupation Medal, followed by the registration license number of the plate.

[62] As provided for in s. 320.08(9)(c) or (d), F.S.

Miscellaneous

The bill amends s. 320.08053(3)(b), F.S., (**Section 1**) to clarify that the DHSMV may not *issue* any new specialty license plates, instead of *make* the plates available for design or issuance, until there are less than 150 issued specialty license plates.

The bill has an effective date of October 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None. Section 320.08056(3)(d), F.S., currently provides that the annual use fee for a specialty license plate is $25, except as otherwise provided.

B. Private Sector Impact:

Once the license plates goes into production, organizations authorized for a distribution from the proceeds of the sale of the license plate will benefit.

Current law prohibits the redesign of a specialty license plate unless the inventory of the license plate has been depleted. However, the organization may purchase the remaining inventory of the specialty license plate from the DHSMV at the DHSMV's cost.[63] Should any of the organizations associated with specialty license plates that have been amended desire to redesign their plates they may be required to purchase the remaining inventory

[63] Section 320.08056(9), F.S.

of its specialty license plates at the DHSMV's cost prior to the authorized redesign of these specialty license plates.

C. Government Sector Impact:

Programming will be required initially to allow the DHSMV to accept vouchers, but the DHSMV may not finalize a design or issue the new license plate if the 150 cap is reached prior to the license plate selling 3,000 vouchers. The amount of programming is determined by the number of plates and the number of distributions per plate. One specialty license plate with a single distribution recipient will require between 200 to 250 hours of programming. Additional distributions will generally require an additional 5 to 10 hours per distribution.[64]

The DHSMV is authorized to retain revenues from the first proceeds of specialty license plate sales to defray departmental expenditures related to the specialty license plate program.[65]

The first $100,000 of the revenue generated annually from the issuance of special use plates under s. 320.089, F.S., (to now include the Army of Occupation Veterans license plate) is deposited into the Grants and Donations Trust Fund under the Veterans' Nursing Homes of Florida Act to be used by the home for the benefit of the home and its residents.[66] Any additional revenue is deposited into the Operations and Maintenance Trust Fund and used to construct, operate, and maintain domiciliary and nursing homes for veterans.[67] There may be indeterminate, positive fiscal impacts to these trust funds to the extent that eligible individuals choose to purchase these license plates.

Additionally, the DHSMV states the cost to perform an audit every 3 years of each specialty license plate may result in an insignificant workload impact that can be absorbed within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

[64] DHSMV, *2021 Agency Legislative Bill Analysis SB 676*, February 25, 2021 (on file with the Senate Committee on Transportation).
[65] Section 320.08056(7), F.S.
[66] Section 296.38(2), F.S., requires the home to use the funds in the Grants and Donations Trust Fund "for the common benefit of the residents of the home, such as recreational equipment, improved facilities, recreational supplies, and goods and services offered or available to all residents."
[67] Section 320.089(1), F.S.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.08053, 320.08056, 320.08058, 320.0807, and 320.089.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 19, 2021:
The committee substitute:

- Creates two new specialty license plates (30A and Florida Swims)
- Removes unnecessary language related to allowing placement of plates on vehicles for the Divine Nine plate.
- Reduces the allowed marketing amount for the Gopher Tortoise Plate from 15 percent to 10 percent, consistent with other plates;
- Corrects the reference to Two Spirit Health Services, Inc., to 26 Health, Inc., as a recipient from the proceeds of the Orlando United plate.
- Removes obsolete language and specifically directs the distributions to the organizations for the Protect Marine Wildlife and Margaritaville plates.
- Clarifies that DHSMV does not have to *issue* any new specialty license plates until a sufficient number of plates are discontinued.

CS by Transportation on March 16, 2021:

- Creates 12 new specialty license plates;
- Creates one new military plate for recipients of the Army of Occupation Award;
- Amends three existing specialty license plates; and
- Amends the requirements for the issuance of certain special license plates.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Transportation; and Senators Baxley, Pizzo, and Harrell

596-02900-21 2021676c1

A bill to be entitled

An act relating to special and specialty license plates; amending s. 320.08056, F.S.; providing an exception to the requirement that specialty license plate annual use fees and interest earned from those fees be expended only in this state; amending s. 320.08058, F.S.; revising legislative intent; revising distribution and application of annual fees from the sale of Florida Indian River Lagoon license plates; revising distribution of annual use fees from the sale of Wildlife Foundation of Florida license plates; revising distribution of annual use fees from the sale of Divine Nine license plates; providing eligibility requirements for issuance of such plates; authorizing such plates to be personalized and to be displayed on certain vehicles; prohibiting the transfer of such plates between vehicle owners; requiring the Department of Highway Safety and Motor Vehicles to develop certain specialty license plates; providing for the distribution and use of fees collected from the sale of such plates; amending s. 320.0807, F.S.; revising requirements for the issuance of certain special license plates; amending s. 320.089, F.S.; authorizing the department to issue Army of Occupation license plates; specifying qualifications and requirements for the license plates; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

596-02900-21 2021676c1

Section 1. Paragraph (a) of subsection (10) of section 320.08056, Florida Statutes, is amended to read:

320.08056 Specialty license plates.—

(10)(a) A specialty license plate annual use fee collected and distributed under this chapter, or any interest earned from those fees, may not be used for commercial or for-profit activities nor for general or administrative expenses, except as authorized by s. 320.08058 or to pay the cost of the audit or report required by s. 320.08062(1). The fees and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of United States Armed Forces and veterans-related specialty license plates pursuant to paragraph (3)(d) for the Support Our Troops, ~~and~~ American Legion, and Honor Flight license plates; paragraphs (4)(b), (q), and (v) for the Florida Salutes Veterans, United States Marine Corps, and Military Services license plates, respectively; and s. 320.0891 for the U.S. Paratrooper license plate.

Section 2. Subsections (10), (46), and (101) of section 320.08058, Florida Statutes, are amended, and subsections (112) through (123) are added to that section, to read:

320.08058 Specialty license plates.—

(10) FLORIDA INDIAN RIVER LAGOON LICENSE PLATES.—

(a) Because the Indian River Lagoon system has been targeted by the state as a priority water body for restoration and preservation since the 1987 Surface Water Improvement and Management Act, and because the St. Johns River and South Florida Water Management Districts have joined with local,

regional, and state partners to create the Indian River Lagoon (IRL) Council by Interlocal Agreement in 2015 to serve as the host agency for the Indian River Lagoon National Estuary Program, and because the program has worked with local, state, and federal partners to develop and adopt the Indian River Lagoon Comprehensive Conservation and Management Plan in 2019, and because the St. Johns River Water Management District has been distributing funds collected from the plate from Volusia, Brevard, and Indian River Counties to support competitive local cost-share projects in each of these counties administered by the IRL Council, including ~~jointly developed a management plan that includes~~ water quality improvement, habitat restoration, and public awareness and education, and because the United States Environmental Protection Agency has declared the Indian River Lagoon to be an estuary of national significance, and because coastal lagoon activities relating to saltwater fishing account for a multibillion dollar economic base, and because the Legislature supports the restoration efforts of the Indian River Lagoon National Estuary Program and its partners ~~water management districts~~, the Legislature intends for the ~~establishes a~~ Florida Indian River Lagoon license plate to provide ~~for the purpose of providing~~ a continuous funding source to support this worthwhile effort and to heighten public awareness of this economically significant resource. Florida Indian River Lagoon license plates must contain the fish "snook," ~~which has been used as the Indian River Lagoon Surface Water Improvement and Management logo, suspended over seagrass,~~ and must bear the colors and design approved by the department.

(b) The license plate annual use fees are to be distributed

annually as follows:

1. The first $5 million collected annually must be transferred to the IRL Council, which must separately ~~St. Johns River Water Management District. The district shall~~ account for the transferred ~~these~~ funds, and such ~~separate from all other funds received. These~~ funds must be distributed as follows:

a. Based on Florida Indian River Lagoon license plate sales data from each county tax collector for Volusia, Brevard, Indian River, St. Lucie, Martin, and Palm Beach Counties, each county's total number of Florida Indian River Lagoon license plates sold between October 1 and September 30 must represent a percentage of the six-county total, calculated as follows: the total number sold for county A divided by the total number sold for counties A, B, C, D, E, and F is multiplied by 100. The percentage determined for St. Lucie, Martin, and Palm Beach Counties must be totaled, and that total percentage of the statewide Florida Indian River Lagoon license plate revenues must be transferred to the South Florida Water Management District special Indian River Lagoon License Plate Revenue Account and distributed proportionately among St. Lucie, Martin, and Palm Beach Counties. The remaining funds in the IRL Council ~~St. Johns River Water Management District~~ Revenue Account must be divided proportionately between Volusia, Brevard, and Indian River Counties.

b. The IRL Council shall administer ~~Each water management district is responsible for administering~~ projects in Volusia, Brevard, and Indian River ~~its respective~~ Counties from funds derived from ~~funded with~~ the appropriate percentage of license plate revenues. The South Florida Water Management District

shall administer projects in St. Lucie, Martin, and Palm Beach Counties.

2. Up to 5 percent of the proceeds from the annual use fee may be used for continuing promotion and marketing of the license plate.

3. Any additional fees must be deposited into the General Revenue Fund. Fees are not to be deposited into the general revenue funds of the IRL Council ~~water management districts~~.

(c) The application of Florida Indian River Lagoon license plate annual use fees is to be administered by the IRL Council ~~St. Johns River~~ and the South Florida Water Management District ~~Districts~~ for Indian River Lagoon projects ~~and~~ in accordance with their contracting and purchasing policies and procedures, with the following restrictions:

1. An annual amount of the total license plate use fees must be earmarked for each of the six lagoon basin counties, as determined in sub-subparagraph (b)1.a., to be expended in those counties on habitat restoration, including water quality improvement, monitoring, and environmental education projects. At least 80 percent of the use fees must be used for restoration projects, and not more than 20 percent may be used for environmental education and monitoring projects in each county. These project funds may serve as matching funds for other local, state, or federal funds or grants. Unencumbered funds from one year may be carried over to the following year but must be dedicated to a project within 2 years in the form of a contract, an interlocal agreement, or an approved plan by the governing board of the respective district.

2. Florida Indian River Lagoon license plate annual use

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

fees may not be used for administrative salaries or overhead within the IRL Council or the South Florida Water Management District; ~~the water management districts, nor~~ for any general coordination fees or overhead that ~~outside of the districts which~~ is not specifically related to a project;~~, nor~~ for any projects which are considered to be research, studies, inventories, or evaluations; or~~, nor~~ for administrative salaries or overhead related to environmental education or ongoing regular maintenance. Annual use fees may be used for acquisition of rights-of-way specific to the implementation of restoration or improvement projects, if acquisition expenditures do not exceed 20 percent of a county's appropriation.

3. In Volusia County, project implementation may occur in all estuarine waters extending north to and including the Indian River Lagoon National Estuary Program's Indian River Lagoon-Halifax River planning boundary amendments that include the Tomoka Basin.

4. In Palm Beach County, first priority must be given to projects within the Indian River Lagoon. Second priority must be given to projects within adjacent estuarine waters, including the Loxahatchee River and other tributaries to the Indian River Lagoon.

(d) It is the intent of the Legislature that revenues generated by the Florida Indian River Lagoon license plate annual use fees must not be used as replacement funds for other available funding sources ~~Surface Water Improvement and Management Act funds~~, but must be used solely for the enhancement of the Indian River Lagoon and tributaries in the Indian River Lagoon watershed as defined by the Indian River

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Lagoon National Estuary Program project boundary defined in the Indian River Lagoon Comprehensive Conservation and Management Plan or as provided in this section ~~area~~.

(46) WILDLIFE FOUNDATION OF FLORIDA LICENSE PLATES.—

(a) The department shall develop a Wildlife Foundation of Florida license plate as provided in this section. The word "Florida" must appear at the top of the plate, and the words "Wildlife Foundation of Florida" must appear at the bottom of the plate.

(b) The annual revenues from the sales of the license plate shall be distributed to the Fish & Wildlife Foundation of Florida, Inc., a citizen support organization created pursuant to s. 379.223. Such annual revenues must be used in the following manner:

1. Seventy-five percent must be encumbered ~~used~~ to fund programs and projects within the state that preserve open space and wildlife habitat, promote conservation, promote hunting and shooting sports, improve wildlife habitat, and establish open space for the perpetual use of the public. Unencumbered funds from one year may be carried over to the following year, but must be spent within 2 years of receipt or dedicated to a project within 2 years of receipt in the form of a contract, a grant award, or an approved plan by the governing board of the Fish & Wildlife Foundation of Florida, Inc.

2. Twenty-five percent may be used for promotion, marketing, and administrative costs directly associated with operation of the foundation.

~~(c) When the provisions of subparagraph (b)1. are met, those annual revenues shall be used for the purposes of~~

~~subparagraph (b)2.~~

(101) DIVINE NINE LICENSE PLATES.—

(a) The department shall develop a Divine Nine license plate as provided in this section and s. 320.08053 using a standard template and a unique logo, graphic, or color for each of the organizations listed in sub-subparagraphs (b)3.a.-i. ~~(b)2.a.-i.~~ The plate must bear the colors and design approved by the department~~,~~ and must include the official logo, graphic, or color as appropriate for each organization. The word "Florida" must appear at the top of the plate, and the words "Divine Nine" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed as follows:

1. Five percent of the proceeds shall be distributed to the United Negro College Fund, Inc., for college scholarships for Florida residents attending Florida's historically black colleges and universities.

2. Ten percent of the proceeds shall be distributed to the Association to Preserve African-American Society, History, and Tradition, Inc., solely for the marketing of the plate.

3.~~2.~~ The remaining 85 ~~95~~ percent of the proceeds shall be distributed to one of the following organizations as selected by the purchaser of the plate who, upon fulfilling the requirements of paragraph (c), shall receive a license plate with the logo, graphic, or color associated with the appropriate recipient organization:

a. Alpha Phi Alpha Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Florida Federation of Alpha Chapters, Inc., to promote community

awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Florida Federation of Alpha Chapters, Inc., solely for the marketing of the plate.~~

b. Alpha Kappa Alpha Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Alpha Kappa Alpha Educational Advancement Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Alpha Kappa Alpha Educational Advancement Foundation, Inc., solely for the marketing of the plate.~~

c. Kappa Alpha Psi Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Southern Province of Kappa Alpha Psi Fraternity, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Southern Province of Kappa Alpha Psi Fraternity, Inc., solely for the marketing of the plate.~~

d. Omega Psi Phi Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the State of Florida Omega Friendship Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the State of Florida Omega Friendship Foundation, Inc., solely for the marketing of the plate.~~

e. Delta Sigma Theta Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Delta Research and Educational Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Delta Research and Educational Foundation, Inc., solely for the marketing of the plate.~~

f. Phi Beta Sigma Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the TMB Charitable Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the TMB Charitable Foundation, Inc., solely for the marketing of the plate.~~

g. Zeta Phi Beta Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Florida Pearls, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Florida Pearls, Inc., solely for the marketing of the plate.~~

h. Sigma Gamma Rho Sorority, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the Sigma Gamma Rho Sorority National Education Fund, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the Sigma Gamma Rho Sorority National Education Fund, Inc., solely for the~~

~~marketing of the plate.~~

i. Iota Phi Theta Fraternity, Inc.—

~~(I)~~ Eighty-five percent shall be distributed to the National Iota Foundation, Inc., to promote community awareness and action through educational, economic, and cultural service activities within this state.

~~(II) Ten percent shall be distributed to the National Iota Foundation, Inc., solely for the marketing of the plate.~~

(c)1. To be eligible for issuance of a Divine Nine license plate representing an organization listed in sub-subparagraphs (b)3.a.-i., a person must be a resident of this state who is the registered owner of a motor vehicle and who is a member of the applicable organization. The person must also present proof of membership in the organization, which may be established by:

a. A card distributed by the organization indicating the person's membership in the organization; or

b. A written letter on the organization's letterhead which is signed by the organization's national president or his or her designated official and which states that the person was inducted into the organization.

2. Proof of membership in an organization listed in sub-subparagraphs (b)3.a.-i. is required only for initial issuance of a Divine Nine license plate. A person need not present such proof for renewal of the license plate.

(d) A Divine Nine license plate:

1. May be personalized.

2. Notwithstanding any other law to the contrary, may be displayed on a privately owned passenger motor vehicle, pickup truck, boat, or pleasure motor vehicle, including, but not

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

limited to, a recreational vehicle.

3. May not be transferred between vehicle owners.

License plates created pursuant to this subsection shall have their plate sales combined for the purpose of meeting the minimum license plate sales threshold in s. 320.08056(8)(a) and for determining the license plate limit in s. 320.08053(3)(b). License plates created pursuant to this subsection must be ordered directly from the department.

(112) FLORIDA STATE PARKS LICENSE PLATES.—

(a) The department shall develop a Florida State Parks license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Explore Our State Parks" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to the Florida State Parks Foundation, Inc., a nonprofit Florida corporation under s. 501(c)(3) of the Internal Revenue Code, to be used to preserve, protect, sustain, and grow Florida state parks. Up to 10 percent of the proceeds may be used for marketing of the plate and costs directly associated with administration of the foundation.

(113) SUPPORT HEALTHCARE HEROES LICENSE PLATES.-

(a) The department shall develop a Support Healthcare Heroes license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Support Healthcare Heroes" must appear at

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed annually into the Emergency Medical Services Trust Fund within the Department of Health to provide financial support for prehospital medical services pursuant to s. 401.113.

(114) INTER MIAMI CF LICENSE PLATES.—

(a) The department shall develop an Inter Miami CF license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Inter Miami CF" must appear at the bottom of the plate.

(b) The license plate annual use fees shall be distributed to Inter Miami CF Foundation Corporation, a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds shall be used by Inter Miami CF Foundation Corporation to plan and execute sports-based development and direct-service community programs, initiatives, and events.

(115) TOASTMASTERS LICENSE PLATES.—

(a) The department shall develop a Toastmasters license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "www.Toastmasters.org" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to the Ralph C. Smedley Memorial Fund of Toastmasters International, a s. 501(c)(3) nonprofit

organization, of which:

1. Twenty-five percent shall be used to develop charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in established Toastmasters programs. Up to 5 percent of this distribution may be used for administrative expenses.

2. Seventy-five percent shall be proportionally redistributed to the divisions of Districts 47, 48, 77, and 84 of Toastmasters International which reside in this state. Up to 5 percent of this distribution may be used for marketing of the plate, and the remainder shall be used for educators, nonprofits, governmental organizations, scholarships, materials, and computers and other equipment for the purpose of implementing the charitable and educational programs for the indigent, homeless, visually and hearing disabled, incarcerated, and youth populations that are unable to afford or to participate in the established Toastmasters programs.

(116) GOPHER TORTOISE LICENSE PLATES.—

(a) The department shall develop a Gopher Tortoise license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Protect the Gopher Tortoise" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to Wildlands Conservation, Inc., a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to fund gopher tortoise and commensal species research, education,

and conservation, as well as upland habitat protection, restoration, and management in this state. Up to 15 percent of the funds received by Wildlands Conservation, Inc., may be used for marketing of the plate and costs directly associated with the administration of the gopher tortoise protection program. Wildlands Conservation, Inc., shall use and distribute the funds to eligible Florida-based scientific, conservation, and educational organizations for gopher tortoise and upland habitat research, conservation, and management.

(117) ORLANDO UNITED LICENSE PLATES.—

(a) The department shall develop an Orlando United license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Orlando United" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed as follows:

1. Five percent shall be distributed to the Mental Health Association of Central Florida, Inc., to be used for marketing of the license plate.

2. Thirty-one percent shall be distributed to the Mental Health Association of Central Florida, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

3. Two percent shall be distributed to onePULSE Foundation, Inc., a charitable, nonprofit organization under s. 501(c)(3) of the Internal Revenue Code, to be used for marketing of the

license plate.

4. Thirty-one percent shall be distributed to onePULSE Foundation, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to support the construction and maintenance of the onePULSE Foundation Memorial.

5. Thirty-one percent shall be distributed to Two Spirit Health Services, Inc. Of this amount, up to 5 percent may be used for administrative expenses, and the remainder shall be used to offer free personalized counseling to any person affected by the shooting at the Pulse nightclub in Orlando on June 12, 2016.

(118) BISCAYNE BAY LICENSE PLATES.—

(a) The department shall develop a Biscayne Bay license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Protect Biscayne Bay" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed to The Miami Foundation, Inc., a Florida nonprofit corporation, to be used as follows:

1. Up to 10 percent of the fees may be used for promotion and marketing of the license plate and for direct reimbursement for administrative costs, startup costs, and costs incurred in the development and approval process of the license plate. All vendors associated with administrative costs shall be selected by competitive bid.

2. The remaining fees shall be used to raise awareness and

support the mission and efforts of conserving Biscayne Bay. The Miami Foundation Board of Trustees must approve and is accountable for all such expenditures.

(119) DISEASE PREVENTION & EARLY DETECTION LICENSE PLATES.—

(a) The department shall develop a Disease Prevention & Early Detection license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Disease Prevention & Early Detection" must appear at the bottom of the plate.

(b) The license plate annual use fees shall be distributed to The Women's Breast & Heart Initiative, Florida Affiliate, Inc., a Florida nonprofit corporation, which may use a maximum of 10 percent of the proceeds to promote and market the plate. The remainder of the proceeds shall be used by The Women's Breast & Heart Initiative, Florida Affiliate, Inc., to provide increased education and awareness relating to early detection, prevention, and screening of breast and heart issues.

(120) HONOR FLIGHT LICENSE PLATES.—

(a) The department shall develop an Honor Flight license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the words "Honor Flight" must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate shall be distributed equally among the Honor Flight Network hubs in this state, each of which is a nonprofit corporation under s. 501(c)(3) of the Internal Revenue Code, to be used as follows:

1. Up to 10 percent of the fees may be used for promotion

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and marketing of the license plate.

2. The remaining fees shall be used to further the Honor Flight Network's mission of transporting military veterans to Washington, D.C., in order to visit the memorials dedicated to honoring those who have served and sacrificed for the United States.

(121) ETHICAL ECOTOURISM LICENSE PLATES.—

(a) The department shall develop an Ethical Ecotourism license plate as provided in this section and s. 320.08053. The word "Florida" must appear at the top of the plate, and words approved by the department must appear at the bottom of the plate.

(b) The annual use fees from the sale of the plate must be distributed equally between the Florida Society for Ethical Ecotourism and Paddle Florida, Inc., each of which may use up to 10 percent of such proceeds for administrative costs and the marketing of the plate. The remaining proceeds must be used by the Florida Society for Ethical Ecotourism to provide environmental education and awareness that encourage behaviors that contribute to the sustainability of Florida's natural ecosystems and resources and by Paddle Florida, Inc., to raise awareness about water conservation, wildlife preservation, restoration of springs, and protection of waterways in this state.

(122) PROTECT MARINE WILDLIFE LICENSE PLATES.—

(a) The department shall develop a Protect Marine Wildlife license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

plate, and the words "Protect Marine Wildlife" must appear at the bottom of the plate.

(b)1. The department shall retain all annual use fees from the sale of the plate until all startup costs for developing and issuing the plate have been recovered.

2. Thereafter, up to 10 percent of the annual use fee revenue may be used for administration, promotion, and marketing of the specialty license plate. All remaining proceeds shall be used by the Protect Wild Dolphins Alliance, Inc., to fund its conservation, research, and educational programs that focus on the conservation of Florida's threatened and protected marine wildlife species.

(123) MARGARITAVILLE LICENSE PLATES.—

(a) The department shall develop a Margaritaville license plate as provided in this section and s. 320.08053. The plate must bear the colors and design approved by the department. The word "Florida" must appear at the top of the plate, and the word "Margaritaville" must appear at the bottom or the side of the plate.

(b)1. The department shall retain all annual use fees from the sale of the plate until all startup costs for developing and issuing the plate have been recovered.

2. Thereafter, up to 10 percent of the annual use fee revenue may be used for administration, promotion, and marketing of the specialty license plate. All remaining proceeds shall be used by the SFC Charitable Foundation, Inc., to provide grants to nonprofit organizations in communities impacted by natural or manmade disasters for purposes of recovery, rebuilding, and future sustainability and to promote and inspire local

grassroots leaders who work to improve the quality of life in those communities and other communities in this state.

Section 3. Subsection (5) of section 320.0807, Florida Statutes, is amended to read:

320.0807 Special license plates for Governor and federal and state legislators.—

(5) Upon application by any current or former President of the Senate and payment of the fees prescribed by s. 320.0805, the department may issue a license plate stamped "Senate President" followed by the number assigned by the department or chosen by the applicant if it is not already in use. Upon application by any current or former Speaker of the House of Representatives and payment of the fees prescribed by s. 320.0805, the department may issue a license plate stamped "House Speaker" followed by the number assigned by the department or chosen by the applicant if it is not already in use. ~~The applicant must have served as President of the Senate or Speaker of the House of Representatives prior to January 1, 2021.~~

Section 4. Section 320.089, Florida Statutes, is amended to read:

320.089 Veterans of the United States Armed Forces; members of National Guard; survivors of Pearl Harbor; Purple Heart medal recipients; Bronze Star recipients; active or retired United States Armed Forces reservists; Combat Infantry Badge, Combat Medical Badge, or Combat Action Badge recipients; Combat Action Ribbon recipients; Air Force Combat Action Medal recipients; Distinguished Flying Cross recipients; former prisoners of war; Korean War Veterans; Vietnam War Veterans; Operation Desert

Shield Veterans; Operation Desert Storm Veterans; Operation Enduring Freedom Veterans; Operation Iraqi Freedom Veterans; Women Veterans; World War II Veterans; ~~and~~ Navy Submariners; and Army of Occupation Veterans; special license plates; fee.—

(1)(a) Each owner or lessee of an automobile or truck for private use or recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use, who is a resident of the state and a veteran of the United States Armed Forces, a Woman Veteran, a World War II Veteran, a Navy Submariner, an active or retired member of the Florida National Guard, a survivor of the attack on Pearl Harbor, a recipient of the Purple Heart medal, a recipient of the Bronze Star, an active or retired member of any branch of the United States Armed Forces Reserve, or a recipient of the Combat Infantry Badge, Combat Medical Badge, Combat Action Badge, Combat Action Ribbon, Air Force Combat Action Medal, or Distinguished Flying Cross, upon application to the department, accompanied by proof of release or discharge from any branch of the United States Armed Forces, proof of active membership or retired status in the Florida National Guard, proof of membership in the Pearl Harbor Survivors Association or proof of active military duty in Pearl Harbor on December 7, 1941, proof of being a Purple Heart medal recipient, proof of being a Bronze Star recipient, proof of active or retired membership in any branch of the United States Armed Forces Reserve, or proof of membership in the Combat Infantrymen's Association, Inc., proof of being a recipient of the Combat Infantry Badge, Combat Medical Badge, Combat Action Badge, Combat Action Ribbon, Air Force Combat Action Medal, or Distinguished Flying Cross, and

upon payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the serial numbers prescribed by s. 320.06, is stamped with the words "Veteran," "Woman Veteran," "WWII Veteran," "Navy Submariner," "National Guard," "Pearl Harbor Survivor," "Combat-wounded veteran," "Bronze Star," "U.S. Reserve," "Combat Infantry Badge," "Combat Medical Badge," "Combat Action Badge," "Combat Action Ribbon," "Air Force Combat Action Medal," or "Distinguished Flying Cross," as appropriate, and a likeness of the related campaign medal or badge, followed by the serial number of the license plate. Additionally, the Purple Heart plate may have the words "Purple Heart" stamped on the plate and the likeness of the Purple Heart medal appearing on the plate.

(b) The military members listed in paragraph (a) are eligible to be issued special veteran's motorcycle license plates. The veteran's motorcycle license plate design shall be the same as the design for the motor vehicle "Veteran" and "Woman Veteran" special license plate. The word "Veteran" or "Woman Veteran" shall be displayed at the bottom of the motorcycle license plate.

(c) Notwithstanding any other provision of law to the contrary, beginning with fiscal year 2002-2003 and annually thereafter, the first $100,000 in general revenue generated from the sale of license plates issued under this section shall be deposited into the Grants and Donations Trust Fund, as described in s. 296.38(2), to be used for the purposes established by law for that trust fund. Any additional general revenue generated from the sale of such plates shall be deposited into the

Operations and Maintenance Trust Fund within the Department of Veterans' Affairs and used to support program operations that benefit veterans or the operation, maintenance, or construction of domiciliary and nursing homes for veterans, subject to the requirements of chapter 216.

(d) Any revenue generated from the sale of Woman Veteran license plates must be deposited into the Operations and Maintenance Trust Fund administered by the Department of Veterans' Affairs pursuant to s. 20.375(3) and must be used solely for the purpose of creating and implementing programs to benefit women veterans. Notwithstanding any provisions of law to the contrary, an applicant for a Pearl Harbor Survivor license plate or a Purple Heart license plate who also qualifies for a disabled veteran's license plate under s. 320.084 shall be issued the appropriate special license plate without payment of the license tax imposed by s. 320.08.

(2) Each owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use who is a resident of this state and who is a former prisoner of war, or his or her unremarried surviving spouse, upon application to the department, shall be issued a license plate as provided in s. 320.06, stamped with the words "Ex-POW" followed by the serial number. Each application shall be accompanied by proof that the applicant meets the qualifications specified in paragraph (a) or paragraph (b).

(a) A citizen of the United States who served as a member of the Armed Forces of the United States or the armed forces of

a nation allied with the United States who was held as a prisoner of war at such time as the Armed Forces of the United States were engaged in combat, or his or her unremarried surviving spouse, may be issued the special license plate provided for in this subsection without payment of the license tax imposed by s. 320.08.

(b) A person who was serving as a civilian with the consent of the United States Government, or a person who was a member of the Armed Forces of the United States while he or she was not a United States citizen and was held as a prisoner of war when the Armed Forces of the United States were engaged in combat, or his or her unremarried surviving spouse, may be issued the special license plate provided for in this subsection upon payment of the license tax imposed by s. 320.08.

(3) Each owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d), which is not used for hire or commercial use who is a resident of this state and who is the unremarried surviving spouse of a recipient of the Purple Heart medal, upon application to the department accompanied by the payment of the required fees, shall be issued a license plate as provided in s. 320.06 which is stamped with the words "Purple Heart" and the likeness of the Purple Heart medal followed by the serial number. Each application shall be accompanied by proof that the applicant is the unremarried surviving spouse of a recipient of the Purple Heart medal.

(4) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a

recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States Armed Forces who was deployed and served in Korea during the Korean War as defined in s. 1.01(14), upon application to the department accompanied by proof of active membership or former active duty status during the Korean War and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Korean War Veteran" and a likeness of the Korean Service Medal, followed by the registration license number of the plate. Proof that the applicant was awarded the Korean Service Medal is sufficient to establish eligibility for the license plate.

(5) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was deployed and served in Vietnam during United States military deployment in Indochina, upon application to the department accompanied by proof of active membership or former active duty status during these operations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Vietnam War Veteran" and a likeness of the Vietnam Service Medal, followed by the registration

license number of the plate. Proof that the applicant was awarded the Vietnam Service Medal is sufficient to establish eligibility for the license plate.

(6) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d) which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was deployed and served in Saudi Arabia, Kuwait, or another area of the Persian Gulf during Operation Desert Shield or Operation Desert Storm; in Afghanistan during Operation Enduring Freedom; or in Iraq during Operation Iraqi Freedom, upon application to the department accompanied by proof of active membership or former active duty status during one of these operations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Operation Desert Shield," "Operation Desert Storm," "Operation Enduring Freedom," or "Operation Iraqi Freedom," as appropriate, and a likeness of the related campaign medal followed by the registration license number of the plate. Proof that the applicant was awarded the Southwest Asia Service Medal, Iraq Campaign Medal, Afghanistan Campaign Medal, or Global War on Terrorism Expeditionary Medal is sufficient to establish eligibility for the appropriate license plate.

(7) The owner or lessee of an automobile or truck for private use, a truck weighing not more than 7,999 pounds, or a recreational vehicle as specified in s. 320.08(9)(c) or (d)

which is not used for hire or commercial use who is a resident of this state and a current or former member of the United States military who was permanently assigned to occupation forces in specific overseas locations during the Cold War between May 9, 1945, and October 2, 1990, upon application to the department accompanied by proof of active membership or former active duty status during this period at one of these locations and payment of the license tax for the vehicle as provided in s. 320.08, shall be issued a license plate as provided by s. 320.06 which, in lieu of the registration license number prescribed by s. 320.06, is stamped with the words "Army of Occupation" and a likeness of the subject medal, followed by the registration license number of the plate. Proof that the applicant was awarded the Army of Occupation Medal is sufficient to establish eligibility for the license plate.

Section 5. This act shall take effect October 1, 2021.

The Honorable Chair Kelli Stargel
420 Senate Office Building
Tallahassee, Florida 32399

Dear Chair Stargel,

I would like to request CS/CS/SB 676 Special and Specialty License Plate be heard in the next Appropriation Committee meeting.

This bill creates the following license plates: Florida State Parks, Healthcare Heroes, Inter Miami CF, Toastmasters, Gopher Tortoise, Orlando United, Biscayne Bay, Margaritaville, Protect Marine Wildlife, Disease Prevention & Early Detection, Honor Flight, Ethical & Ecotourism, and one new special military license plate, Army of Occupation Veterans.

This bill also makes some technical changes to the Florida Indian River Lagoon, Wildlife Foundation of Florida and the Divine Nine license plates and some DHSMV issues.

Thank you for your favorable consideration.

Onward & Upward,

Senator Dennis K. Baxley
Senate District 12

COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

PCS/CS/SB 726 modifies communication and timeline provisions for developing an Individual Education Plan (IEP) in order to ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities. Specifically, the bill requires:

- An IEP team to start the transition process during the student's seventh grade year, rather than at age 14, and have an operational plan in place that is implemented on the first day of the student's first year in high school or when he or she attains the age of 16, whichever occurs first.
- School districts to provide:
  - Information to parents and students on the school district's high school-level transition courses and vocational, career, and collegiate programs available to such students and how to access such programs.
  - Applications for Division of Vocational Rehabilitation services and Agency Persons with Disabilities services to students and parents at IEP meetings.
- Parents to attest in writing that they understand the process for deferment of a high school diploma and whether the student will defer the receipt of such diploma to no later than May 15 of the year the student will graduate.
- The Florida Department of Education (FDOE) to conduct a review of existing transition services and programs to establish uniform best practices for such programs to deliver

appropriate employment, pre-employment, and independent living skills education to enrolled students. The FDOE must publish best practices by July 1, 2022.

The bill has no impact on state revenues or expenditures. See Section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

Students with Disabilities

All students who are between the ages of three to 21 and have a disability have the right to a free, appropriate public education (FAPE).[1] It is the responsibility of each state and school district to develop procedures consistent with the requirement that all students with disabilities have access to a FAPE in the least restrictive environment.[2]

Individuals with Disabilities Education Act (IDEA)

The Individuals with Disabilities Education Act (IDEA) is a federal law that makes available a FAPE to eligible children with disabilities throughout the nation and ensures special education and related services are provided to those children. For the 2018-19 school year, more than 7.5 million eligible infants, toddlers, children, and youth with disabilities were provided early intervention, special education, and related services.

The stated purpose of the IDEA is to:

- Ensure that all children with disabilities have a FAPE that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;
- Ensure that the rights of children with disabilities and parents of such children are protected;
- Assist states, localities, educational service agencies, and federal agencies to provide for the education of all children with disabilities;
- Assist states in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;
- Ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and
- Assess, and ensure the effectiveness of, efforts to educate children with disabilities.[3]

The Individuals with Disabilities Education Act (IDEA) requires that:

---

[3] U.S. Department of Education, *IDEA Individuals with Disabilities Education Act*, https://sites.ed.gov/idea/about-idea/#IDEA-Purpose (last visited March 4, 2021).

- Students with disabilities who meet the criteria of one or more categories of disability specified in law and who need special education services have an Individual Education Plan (IEP);
- The IEP must be reviewed at least annually and revised as necessary;
- Due process rights are guaranteed;
- Student records are confidential;
- Parents are important partners in the IEP process and must be invited to all IEP meetings; and
- Student evaluation procedures are nondiscriminatory.[4]

Workforce Innovation and Opportunity Act of 2014 (WIOA)

The WIOA[5] aims to increase opportunities for individuals facing barriers to employment and focus on the connection between education and career preparation.[6] The WIOA requires that state vocational rehabilitation agencies set aside at least 15 percent of their federal funds to provide preemployment transition services[7] to eligible individuals with a disability who:[8]

- Are between 14 and 21 years of age; and
- Have a current IEP; or
- Have or are eligible for an accommodation plan pursuant to s. 504 of the Rehabilitation Act of 1973.[9]

Section 504 of the Rehabilitation Act of 1973

Section 504 of the Rehabilitation Act of 1973[10] prohibits any program or activity that receives federal financial assistance from discriminating against an otherwise qualified individual solely by reason of his or her disability. State and local agencies that administer federally funded programs or activities may devise an accommodation plan[11] for someone with a disability to allow the disabled person's participation in the program.[12]

The Individual Education Plan

The IEP is the primary vehicle for communicating the school district's commitment to addressing the unique educational needs of a Florida student with a disability.[13] To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, an IEP team begins the process of identifying the need for transition services before the student with a disability attains the age of 14 years. When the student attains the age of 16, the IEP must be updated annually to include a statement:[14]

- Addressing the intent for the student to pursue a standard high school diploma and other appropriate measurable long-term postsecondary education and career goals;
- Of intent to receive a standard high school diploma and a Scholar or Merit designation as determined by the parent; and[15]
- Of appropriate measurable long-term postsecondary education and career goals based upon age-appropriate transition assessments related to training, education, employment, and, if appropriate, independent living skills and the transition services, including preemployment transition services and courses of study needed to assist the student in reaching such goals.

IEP teams are required to invite agencies,[16] with parental consent if the student has not reached the age of majority consent, that may provide services after the student exits high school and include consideration of pre-employment transition services[17] through the Division of Vocational Rehabilitation (VR)[18] in the development of post-secondary and career goals.[19]

---

[13] Florida Department of Education, *Developing Quality Individual Education Plans* (2015), *available at* http://www.fldoe.org/core/fileparse.php/7690/urlt/0070122-qualityieps.pdf, at 9.
[14] Section 1003.5716(2), F.S.
[15] *See* Section 1003.4285, F.S.
[16] Agency involvement in transition planning is based on the nature of the student's needs and the student's disability, whether the student is potentially eligible for services and the student's postsecondary education and career goals, such as further education, training, employment and independent living. Agencies frequently involved in the planning and delivery of transition services in Florida include: Agency for Persons with Disabilities; Center for Independent Living; Department of Children and Families; Division of Blind Services; Division of Vocational Rehabilitation (VR); Social Security Administration; Local career and technical schools, Florida colleges and universities; and other adult service providers. Florida Department of Education, *Developing Quality Individual Education Plans* (2015), *available at* http://www.fldoe.org/core/fileparse.php/7690/urlt/0070122-qualityieps.pdf, at 47.
[17] VR provides pre-employment services, which may include career exploration counseling, workplace readiness training, community-based work experiences, self-advocacy instruction, peer mentoring and postsecondary educational counseling for students with a disability. *Id.* at 48.
[18] The Division of VR is housed in the FDOE. VR and VR services mean any service, provided directly or through public or private entities, to enable an individual or group of individuals to achieve an employment outcome, including, but not limited to, medical and vocational diagnosis, an assessment for determining eligibility and vocational rehabilitation needs by qualified personnel; counseling, guidance, and work-related placement services; vocational and other training services; physical and mental restoration services; maintenance for additional costs incurred while participating in rehabilitation; interpreter services for individuals who are deaf; recruitment and training services to provide new employment opportunities in the fields of rehabilitation, health, welfare, public safety, law enforcement, and other appropriate service employment; occupational licenses; tools, equipment, and initial stocks and supplies; transportation; telecommunications, sensory, and other technological aids and devices; rehabilitation technology services; referral services designed to secure needed services from other agencies; transition services; on-the-job or other related personal assistance services; and supported employment services. Section 413.20(8) and (28), F.S.
[19] Florida Department of Education, *Senate Bill 726 Fiscal Analysis* (January 25, 2020) (on file with the Senate Committee on Education).

Deferral of Receipt of a Standard Diploma

A student with a disability who's IEP requires special education, transition planning, transition services or related services through age 21 may defer the receipt of their standard diploma. After deferral, the student must also be enrolled in accelerated college credit instruction, industry certification courses that lead to college credit, a collegiate high school program, courses necessary to satisfy the requirements for scholar designation, or a structured workstudy, internship or pre-apprenticeship program to continue to receive FAPE.[20]
The district must work with the student and his or her parent to review the benefits of deferring and describe in writing the services and programs available to the student who wishes to defer. The decision to defer is made by the parent, or the student if 18 or over, along with the rest of the IEP team, during the year the student is expected to meet all of the requirements for a standard diploma. This decision must be noted on the student's IEP and the approval of the parent or student, if appropriate, may be documented on a separate form from the IEP.[21]

The parent and student must be informed in writing by January 30 of the year in which the student is expected to meet graduation requirements, that:

- Failure to defer releases the school district of the obligation to provide FAPE;
- The deadline for acceptance or deferral is May 15 of that year; and
- Failure to attend the graduation ceremony does not constitute deferral.[22]

Students do not need to defer every year after this decision is made. The deferral will last until the student is no longer eligible for FAPE or chooses to receive their diploma.[23]

III. Effect of Proposed Changes:

The bill amends s. 1003.5716, to modify communication and timeline provisions for developing an Individual Education Plan (IEP) in order to ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities. Such modifications may provide parents and students with additional information and time to make informed decisions to meet the student's post-secondary needs for success. Specifically, the bill requires:

- An IEP team to start the transition process during the student's seventh grade year rather than before age 14, and have an operational plan in place that is implemented on the first day of the student's first year in high school or when he or she attains the age of 16, whichever occurs first.
- School districts to provide information to parents and students on the school district's high school-level transition courses and vocational, career, and collegiate programs available to students with disabilities, and how to access such programs, including:
  - School-based transition programs;

[20] Section 1003.4282(11)(c)-(d), F.S. Fla. Admin. Code R. 6A-1.09963(6).
[21] Florida Department of Education, *Developing Quality Individual Education Plans* (2015), *available at* http://www.fldoe.org/core/fileparse.php/7690/urlt/0070122-qualityieps.pdf, at 64.
[22] *Id.*
[23] Students with disabilities are no longer eligible for FAPE if awarded a standard high school diploma or attained age 22. *Id.* Fla. Admin. Code R. 6A-1.09963(6).

  - The Florida Center for Students with Unique Abilities (FSCUA);[24] and
  - Programs and services provided by the Division of Vocational Rehabilitation (VR), the Agency for Persons with Disabilities (APD)[25], and the Division of Blind Services.[26]
- School districts to provide applications[27] for VR services and APD services to students and parents at IEP meetings.
- School district IEP teams to discuss with parents restrictions on information sharing that come into effect without the appointment of guardianship upon a student with a disability turning 18 years of age.
- Parents to attest in writing that they understand the process for deferment of a high school diploma and whether the student will defer the receipt of such diploma to no later than May 15 of the year the student will graduate.
- The Florida Department of Education (FDOE) to conduct a review of existing transition services and programs to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to enrolled students.
- The FDOE to establish and publish on its website uniform best practices by July 1, 2022.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

[24] In 2016, the Florida Legislature established FCSUA located at the University of Central Florida. The purpose of FSCUA is to increase independent living, inclusive and experiential postsecondary education, and employment opportunities for students with intellectual disabilities through degree, certificate, or nondegree programs and to establish statewide coordination of the dissemination of information regarding programs and services for students with disabilities. Section 1004.6495, F.S.

[25] The APD is responsible for providing all services provided to persons with developmental disabilities pursuant to current law, including the operation of all state institutional programs and the programmatic management of Medicaid waivers established to provide services to person with developmental disabilities. Section 20.197, F.S.

[26] The Division of Blind Services is responsible developing and implement a state plan for vocational rehabilitation services for individual who are blind. Section 413.011, F.S.

[27] When an application is signed and dated by a customer or his/her representative, a 60-day clock begins to determine eligibility under federal law. Since students with disabilities who are 14-21 years of age are potentially eligible for Pre-Employment Transition Services, an application for traditional VR services is not required to receive these services. Providing students an "application" may create the unintended consequence of starting the clock for the Division to determine eligibility for "vocational rehabilitation services," as opposed to "pre-employment transition services," when such eligibility determination would be premature and unnecessary. Florida Department of Education, *Senate Bill 726 Fiscal Analysis* (January 25, 2020) (on file with the Senate Committee on Education).

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

PCS/CS/SB 726 has no impact on state revenues or expenditures.

However, the Florida Department of Education (FDOE) may incur costs associated with conducting a review of existing transition services and programs for students with disabilities and establishing uniform best practices for such programs. The FDOE may also incur costs establishing and publishing uniform best practices on its website.[28]

VI. Technical Deficiencies:

None

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1003.5716 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 629046 by Appropriations (Recommended by Appropriations Subcommittee on Education):

[28] Florida Department of Education, *Senate Bill 726 Fiscal Analysis* (January 25, 2020) (on file with the Senate Committee on Education).

The proposed committee substitute changes the title from "An act relating to individual education plan requirements for student with disabilities" to "An act relating to workforce and career planning for students with disabilities."

CS by Education on March 9, 2021:
The committee substitute conforms language in the bill to denote that the deadlines for implementation of the individual education plan by the first day of high school or by age 16 are subject to whichever occurs first.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Taddeo) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Subsections (1) and (2) of section 1003.5716, Florida Statutes, are amended to read:

1003.5716 Transition to postsecondary education and career opportunities.—All students with disabilities who are 3 years of age to 21 years of age have the right to a free, appropriate public education. As used in this section, the term "IEP" means

individual education plan.

(1) To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, during the student's 7th grade year or when the student attains the age of 12, whichever occurs first, an IEP team shall begin the process of, and develop an IEP for, identifying the need for transition services before the student with a disability enters high school or attains the age of 14 years, whichever occurs first, in order for his or her postsecondary goals and career goals to be identified. The plan must be operational and in place to begin implementation on the first day of the student's first year in high school ~~when he or she attains the age of 16 years~~. This process must include, but is not limited to:

(a) Consideration of the student's need for instruction in the area of self-determination and self-advocacy to assist the student's active and effective participation in an IEP meeting; ~~and~~

(b) Preparation for the student to graduate from high school with a standard high school diploma pursuant to s. 1003.4282 with a Scholar designation unless the parent chooses a Merit designation; and

(c) Provision of the information to the student and his or her parent of the school district's high school-level transition services, career and technical education, and collegiate programs available to students with disabilities and how to access such programs. Information shall also be provided on school-based transition programs and programs and services available through Florida's Center for Students with Unique

Abilities, the Florida Centers for Independent Living, the Division of Vocational Rehabilitation, the Agency for Persons with Disabilities, and the Division of Blind Services. Referral forms, links, and technical support contacts for these services must be provided to students and parents at IEP meetings.

(2) Beginning not later than the first IEP to be in effect when the student enters high school, attains the age of 14 ~~16~~, or when ~~younger if~~ determined appropriate by the parent and the IEP team, whichever occurs first, the IEP must include the following statements that must be updated annually:

(a) A statement of intent to pursue a standard high school diploma and a Scholar or Merit designation, pursuant to s. 1003.4285, as determined by the parent.

1. The statement must document discussion of the process for a student with a disability who meets the requirements for a standard high school diploma to defer the receipt of such diploma pursuant to s. 1003.4282(10)(c).

2. For the IEP in effect at the beginning of the school year the student is expected to graduate, the statement must include a signed statement by the parent or guardian, or the student if the student has reached the age of majority and rights have transferred to the student, that he or she understands the process for deferment and identifying if the student will defer the receipt of his or her standard high school diploma.

(b) A statement of intent to receive a standard high school diploma before the student attains the age of 22 and a description of how the student will fully meet the requirements in s. 1003.4282, including, but not limited to, a portfolio

366332

pursuant to s. 1003.4282(10)(b) which meets the criteria specified in State Board of Education rule. The IEP must also specify the outcomes and additional benefits expected by the parent and the IEP team at the time of the student's graduation.

(c) A statement of appropriate measurable long-term postsecondary education and career goals based upon age-appropriate transition assessments related to training, education, employment, and, if appropriate, independent living skills and the transition services, including preemployment transition services and courses of study needed to assist the student in reaching those goals.

Section 2. The Department of Education, in conjunction with the Project 10: Transition Education Network, shall conduct a review of existing transition services and programs for students with disabilities to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to students enrolled in such transition programs. The department must establish and publish on its website such uniform best practices no later than July 1, 2022.

Section 3. This act shall take effect July 1, 2021.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to workforce and career planning for students with disabilities; amending s. 1003.5716, F.S.; revising the timeline for the development and implementation of an individual education plan (IEP) for a student with disabilities to transition to postsecondary education and career opportunities; revising the requirements for an IEP for the transitions to a postsecondary education or career opportunities; requiring the parents of students with disabilities to provide a written notice relating to the deferment of a standard high school diploma by a specified date; conforming provisions to changes made by the act; requiring the Department of Education to conduct a review of specified services and programs; requiring the department to establish and publish on its website uniform best practices for such services and programs by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1) and (2) of section 1003.5716, Florida Statutes, are amended to read:

1003.5716 Transition to postsecondary education and career opportunities.—All students with disabilities who are 3 years of age to 21 years of age have the right to a free, appropriate

629046

576-03005-21

public education. As used in this section, the term "IEP" means individual education plan.

(1) To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, during the student's seventh grade year, an IEP team shall begin the process of, and develop an IEP for, identifying the need for transition services before the student with a disability enters high school ~~attains the age of 14 years~~ in order for his or her postsecondary goals and career goals to be identified. The plan must be operational and in place to begin implementation on the first day of the student's first year in high school or when he or she attains the age of 16 years, whichever occurs first. This process must include, but is not limited to:

(a) Consideration of the student's need for instruction in the area of self-determination and self-advocacy to assist the student's active and effective participation in an IEP meeting; ~~and~~

(b) Preparation for the student to graduate from high school with a standard high school diploma pursuant to s. 1003.4282 with a Scholar designation unless the parent chooses a Merit designation; ~~.~~

(c) The provision of information to parents and students about the school district's high school-level transition courses and vocational, career, and collegiate programs available to students with disabilities and how to access such programs, including, but not limited to, school-based transition programs; the Center for Students with Unique Abilities collegiate, career, and technical courses; and programs and services

576-03005-21

provided to youth and adults by the Division of Vocational Rehabilitation, the Agency for Persons with Disabilities, and the Division of Blind Services. Applications for Division of Vocational Rehabilitation services and Agency for Persons with Disabilities services shall be provided to parents and students at IEP meetings. An IEP team must also discuss with parents restrictions on information sharing which come into effect without the appointment of guardianship upon a student with a disability turning 18 years of age; and

(d) Discussion of the process for a student with a disability who meets the requirements for a standard high school diploma to defer the receipt of such diploma pursuant to s. 1003.4282(10)(c). The parent of such student must provide a notice in writing no later than May 15 of the year his or her student will graduate that he or she understands the process for deferment and whether his or her student will defer the receipt of such diploma.

(2) Beginning not later than the first IEP to be in effect when the student enters the first day of his or her first year in high school or attains the age of 16, whichever occurs first, or younger if determined appropriate by the parent and the IEP team, the IEP must include the following statements that must be updated annually:

(a) A statement of intent to pursue a standard high school diploma and a Scholar or Merit designation, pursuant to s. 1003.4285, as determined by the parent.

(b) A statement of intent to receive a standard high school diploma before the student attains the age of 22 and a description of how the student will fully meet the requirements

576-03005-21

in s. 1003.4282, including, but not limited to, a portfolio pursuant to s. 1003.4282(10)(b) which meets the criteria specified in State Board of Education rule. The IEP must also specify the outcomes and additional benefits expected by the parent and the IEP team at the time of the student's graduation.

(c) A statement of appropriate measurable long-term postsecondary education and career goals based upon age-appropriate transition assessments related to training, education, employment, and, if appropriate, independent living skills and the transition services, including preemployment transition services and courses of study needed to assist the student in reaching those goals.

Section 2. The Department of Education shall conduct a review of existing transition services and programs for students with disabilities to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to students enrolled in such transition programs. The department must establish and publish on its website such uniform best practices no later than July 1, 2022.

Section 3. This act shall take effect July 1, 2021.

COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

CS/CS/SB 726 modifies communication and timeline provisions for developing an Individual Education Plan (IEP) in order to ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities. Specifically, the bill requires:

- An IEP team to start the transition process during the student's seventh grade year, or when the student attains the age of 12, whichever occurs first.
- An IEP team to have an operational plan in place that is implemented on the first day of the student's first year in high school or when he or she attains the age of 14, whichever occurs first.
- School districts to provide to parents and students the following information on:
  - The school district's high school-level transition services, career and technical education, and collegiate programs available to such students and how to access such programs.
  - School-based transition programs and programs and services available through Florida's Center for Student's with Unique Abilities, the Florida Centers for Independent Living, the Division of Vocational Rehabilitation, the Agency for Persons with Disabilities, and the Division of Blind Services.
- The statement of the student's intent to pursue a standard high school diploma must document discussion of the process of deferment of a standard high school diploma for a student with a disability who meets the requirements for a standard high school diploma.

- The IEP in effect at the start of the student's graduation year must include a signed statement by the student's parent or guardian, or by the student if of majority age and rights have transferred, that documents understanding of the deferment process and identifies whether the student will defer the receipt of a standard high school diploma.
- The Florida Department of Education (FDOE) to conduct a review, in conjunction with the Project 10: Transition Education Network, of existing transition services and programs to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to enrolled students. The FDOE must publish best practices by July 1, 2022.

The bill has no impact on state revenues or expenditures. See Section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

Students with Disabilities

All students who are between the ages of three to 21 and have a disability have the right to a free, appropriate public education (FAPE).[1] It is the responsibility of each state and school district to develop procedures consistent with the requirement that all students with disabilities have access to a FAPE in the least restrictive environment.[2]

Individuals with Disabilities Education Act (IDEA)

The Individuals with Disabilities Education Act (IDEA) is a federal law that makes available a FAPE to eligible children with disabilities throughout the nation and ensures special education and related services are provided to those children. For the 2018-19 school year, more than 7.5 million eligible infants, toddlers, children, and youth with disabilities were provided early intervention, special education, and related services.

The stated purpose of the IDEA is to:

- Ensure that all children with disabilities have a FAPE that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;
- Ensure that the rights of children with disabilities and parents of such children are protected;
- Assist states, localities, educational service agencies, and federal agencies to provide for the education of all children with disabilities;
- Assist states in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;
- Ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research

and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and
- Assess, and ensure the effectiveness of, efforts to educate children with disabilities.[3]

The Individuals with Disabilities Education Act (IDEA) requires that:
- Students with disabilities who meet the criteria of one or more categories of disability specified in law and who need special education services have an Individual Education Plan (IEP);
- The IEP must be reviewed at least annually and revised as necessary;
- Due process rights are guaranteed;
- Student records are confidential;
- Parents are important partners in the IEP process and must be invited to all IEP meetings; and
- Student evaluation procedures are nondiscriminatory.[4]

Workforce Innovation and Opportunity Act of 2014 (WIOA)

The WIOA[5] aims to increase opportunities for individuals facing barriers to employment and focus on the connection between education and career preparation.[6] The WIOA requires that state vocational rehabilitation agencies set aside at least 15 percent of their federal funds to provide preemployment transition services[7] to eligible individuals with a disability who:[8]
- Are between 14 and 21 years of age; and
- Have a current IEP; or
- Have or are eligible for an accommodation plan pursuant to s. 504 of the Rehabilitation Act of 1973.[9]

Section 504 of the Rehabilitation Act of 1973

Section 504 of the Rehabilitation Act of 1973[10] prohibits any program or activity that receives federal financial assistance from discriminating against an otherwise qualified individual solely by reason of his or her disability. State and local agencies that administer federally funded

programs or activities may devise an accommodation plan[11] for someone with a disability to allow the disabled person's participation in the program.[12]

The Individual Education Plan

The IEP is the primary vehicle for communicating the school district's commitment to addressing the unique educational needs of a Florida student with a disability.[13] To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, an IEP team begins the process of identifying the need for transition services before the student with a disability attains the age of 14 years. When the student attains the age of 16, the IEP must be updated annually to include a statement:[14]

- Addressing the intent for the student to pursue a standard high school diploma and other appropriate measurable long-term postsecondary education and career goals;
- Of intent to receive a standard high school diploma and a Scholar or Merit designation as determined by the parent; and[15]
- Of appropriate measurable long-term postsecondary education and career goals based upon age-appropriate transition assessments related to training, education, employment, and, if appropriate, independent living skills and the transition services, including preemployment transition services and courses of study needed to assist the student in reaching such goals.

IEP teams are required to invite agencies,[16] with parental consent if the student has not reached the age of majority consent, that may provide services after the student exits high school and

[11] The Section 504 plan identifies the services and accommodations necessary for a student to access instruction and may include accommodations in the classroom and for local and state assessments. Florida Department of Education, *Accommodations, Assisting Students with Disabilities* (2018), *available a*t http://www.fldoe.org/core/fileparse.php/7567/urlt/0070069-accomm-educator.pdf, at 3.

[14] Section 1003.5716(2), F.S.
[15] *See* Section 1003.4285, F.S.
[16] Agency involvement in transition planning is based on the nature of the student's needs and the student's disability, whether the student is potentially eligible for services and the student's postsecondary education and career goals, such as further education, training, employment and independent living. Agencies frequently involved in the planning and delivery of transition services in Florida include: Agency for Persons with Disabilities; Center for Independent Living; Department of Children and Families; Division of Blind Services; Division of Vocational Rehabilitation (VR); Social Security Administration; Local career and technical schools, Florida colleges and universities; and other adult service providers. Florida Department of Education, *Developing Quality Individual Education Plans* (2015), *available at* http://www.fldoe.org/core/fileparse.php/7690/urlt/0070122-qualityieps.pdf, at 47.

include consideration of pre-employment transition services[17] through the Division of Vocational Rehabilitation (VR)[18] in the development of post-secondary and career goals.[19]

Deferral of Receipt of a Standard Diploma

A student with a disability who's IEP requires special education, transition planning, transition services or related services through age 21 may defer the receipt of their standard diploma. After deferral, the student must also be enrolled in accelerated college credit instruction, industry certification courses that lead to college credit, a collegiate high school program, courses necessary to satisfy the requirements for scholar designation, or a structured workstudy, internship or pre-apprenticeship program to continue to receive FAPE.[20]
The district must work with the student and his or her parent to review the benefits of deferring and describe in writing the services and programs available to the student who wishes to defer. The decision to defer is made by the parent, or the student if 18 or over, along with the rest of the IEP team, during the year the student is expected to meet all of the requirements for a standard diploma. This decision must be noted on the student's IEP and the approval of the parent or student, if appropriate, may be documented on a separate form from the IEP.[21]

The parent and student must be informed in writing by January 30 of the year in which the student is expected to meet graduation requirements, that:

- Failure to defer releases the school district of the obligation to provide FAPE;
- The deadline for acceptance or deferral is May 15 of that year; and
- Failure to attend the graduation ceremony does not constitute deferral.[22]

Students do not need to defer every year after this decision is made. The deferral will last until the student is no longer eligible for FAPE or chooses to receive their diploma.[23]

---

[17] VR provides pre-employment services, which may include career exploration counseling, workplace readiness training, community-based work experiences, self-advocacy instruction, peer mentoring and postsecondary educational counseling for students with a disability. *Id.* at 48.
[18] The Division of VR is housed in the FDOE. VR and VR services mean any service, provided directly or through public or private entities, to enable an individual or group of individuals to achieve an employment outcome, including, but not limited to, medical and vocational diagnosis, an assessment for determining eligibility and vocational rehabilitation needs by qualified personnel; counseling, guidance, and work-related placement services; vocational and other training services; physical and mental restoration services; maintenance for additional costs incurred while participating in rehabilitation; interpreter services for individuals who are deaf; recruitment and training services to provide new employment opportunities in the fields of rehabilitation, health, welfare, public safety, law enforcement, and other appropriate service employment; occupational licenses; tools, equipment, and initial stocks and supplies; transportation; telecommunications, sensory, and other technological aids and devices; rehabilitation technology services; referral services designed to secure needed services from other agencies; transition services; on-the-job or other related personal assistance services; and supported employment services. [23] Students with disabilities are no longer eligible for FAPE if awarded a standard high school diploma or attained age 22. *Id.* Fla. Admin. Code R. 6A-1.09963(6).

III. Effect of Proposed Changes:

The bill amends s. 1003.5716, to modify communication and timeline provisions for developing an Individual Education Plan (IEP) in order to ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities. Such modifications may provide parents and students with additional information and time to make informed decisions to meet the student's post-secondary needs for success. Specifically, the bill requires:

- An IEP team to start the transition process during the student's seventh grade year or when the student attains the age of 12, whichever occurs first..
- An IEP team to have an operational plan in place that is implemented on the first day of the student's first year in high school or when he or she attains the age of 14, whichever occurs first.
- School districts to provide information to parents and students on the school district's high school-level transition services, career and technical education, and collegiate programs available to students with disabilities, and how to access such programs, including:
  - School-based transition programs;
  - The Florida Center for Students with Unique Abilities (FSCUA);[24] and
  - Programs and services provided by the Division of Vocational Rehabilitation (VR), the Agency for Persons with Disabilities (APD)[25], and the Division of Blind Services.[26]
- That the statement of intent to pursue a standard high school diploma must include:
  - Documentation of a discussion of the process for a student with a disability who meets the requirements for a standard high school diploma may defer the receipt of such diploma.
  - For the IEP in effect at the beginning of the school year the student is expected to graduate, the statement must include a signed statement by the parent or guardian, or the student if the student has reached the age of majority and rights have transferred to the student, that he or she understands the process for deferment and identifying if the student will defer the receipt of his or her standard high school diploma.
- The Florida Department of Education (FDOE) to conduct a review, in conjunction with the Project 10: Transition Education Network, of existing transition services and programs to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to enrolled students.
- The FDOE to establish and publish on its website uniform best practices by July 1, 2022.

The bill takes effect on July 1, 2021.

[24] In 2016, the Florida Legislature established FCSUA located at the University of Central Florida. The purpose of FSCUA is to increase independent living, inclusive and experiential postsecondary education, and employment opportunities for students with intellectual disabilities through degree, certificate, or nondegree programs and to establish statewide coordination of the dissemination of information regarding programs and services for students with disabilities. Section 1004.6495, F.S.

[25] The APD is responsible for providing all services provided to persons with developmental disabilities pursuant to current law, including the operation of all state institutional programs and the programmatic management of Medicaid waivers established to provide services to person with developmental disabilities. Section 20.197, F.S.

[26] The Division of Blind Services is responsible developing and implement a state plan for vocational rehabilitation services for individual who are blind. Section 413.011, F.S.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

CS/CS/SB 726 has no impact on state revenues or expenditures.

However, the Florida Department of Education (FDOE) may incur costs associated with conducting a review of existing transition services and programs for students with disabilities and establishing uniform best practices for such programs. The FDOE may also incur costs establishing and publishing uniform best practices on its website.[27]

VI. Technical Deficiencies:

None

[27] Florida Department of Education, *Senate Bill 726 Fiscal Analysis* (January 25, 2020) (on file with the Senate Committee on Education).

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1003.5716 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 19, 2021:
The committee substitute makes the following changes:

- Changes the title from "An act relating to individual education plan requirements for student with disabilities" to "An act relating to workforce and career planning for students with disabilities."
- Adds the student's age of 12 to when the IEP team shall begin the process of, and develop an IEP for, identifying the need for transition services before the student with a disability enters high school.
- Removes the alternative timeframe, attainment of age 16, for when the IEP with transitional services should be in place.
- Removes the requirement to provide parents/students with applications for the Division of Vocational Rehabilitation services and Agency for Persons with Disabilities at IEP meetings.
- Removes the requirement that the IEP team must discuss restrictions on information sharing which come into effect without the appointment of guardianship upon a student with a disability turning 18 years of age.
- Changes the age from 16 to 14 for when the first IEP must be in effect.
- Specifies that the statement of intent to pursue a standard high school diploma must include:
    - Documentation of a discussion of the process for a student with a disability who meets the requirements for a standard high school diploma may defer the receipt of such diploma.
    - For the IEP in effect at the beginning of the school year the student is expected to graduate, the statement must include a signed statement by the parent or guardian, or the student if the student has reached the age of majority and rights have transferred to the student, that he or she understands the process for deferment and identifying if the student will defer the receipt of his or her standard high school diploma.
- Adds that the review of existing transition services and programs for students with disabilities that the DOE will conduct, must be done in conjunction with the Project 10: Transition Education Network.

CS by Education on March 9, 2021:
The committee substitute conforms language in the bill to denote that the deadlines for

implementation of the individual education plan by the first day of high school or by age 16 are subject to whichever occurs first.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senator Taddeo

581-02634-21 2021726c1

A bill to be entitled

An act relating to individual education plan requirements for students with disabilities; amending s. 1003.5716, F.S.; revising the timeline for the development and implementation of an individual education plan (IEP) for a student with disabilities to transition to postsecondary education and career opportunities; revising the requirements for an IEP for the transitions to a postsecondary education or career opportunities; requiring the parents of students with disabilities to provide a written notice relating to the deferment of a standard high school diploma by a specified date; conforming provisions to changes made by the act; requiring the Department of Education to conduct a review of specified services and programs; requiring the department to establish and publish on its website uniform best practices for such services and programs by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1) and (2) of section 1003.5716, Florida Statutes, are amended to read:

1003.5716 Transition to postsecondary education and career opportunities.—All students with disabilities who are 3 years of age to 21 years of age have the right to a free, appropriate public education. As used in this section, the term "IEP" means individual education plan.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02634-21 2021726c1

(1) To ensure quality planning for a successful transition of a student with a disability to postsecondary education and career opportunities, during the student's seventh grade year, an IEP team shall begin the process of, and develop an IEP for, identifying the need for transition services before the student with a disability enters high school ~~attains the age of 14 years~~ in order for his or her postsecondary goals and career goals to be identified. The plan must be operational and in place to begin implementation on the first day of the student's first year in high school or when he or she attains the age of 16 years, whichever occurs first. This process must include, but is not limited to:

(a) Consideration of the student's need for instruction in the area of self-determination and self-advocacy to assist the student's active and effective participation in an IEP meeting; ~~and~~

(b) Preparation for the student to graduate from high school with a standard high school diploma pursuant to s. 1003.4282 with a Scholar designation unless the parent chooses a Merit designation; ~~.~~

(c) The provision of information to parents and students about the school district's high school-level transition courses and vocational, career, and collegiate programs available to students with disabilities and how to access such programs, including, but not limited to, school-based transition programs; the Center for Students with Unique Abilities collegiate, career, and technical courses; and programs and services provided to youth and adults by the Division of Vocational Rehabilitation, the Agency for Persons with Disabilities, and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the Division of Blind Services. Applications for Division of Vocational Rehabilitation services and Agency for Persons with Disabilities services shall be provided to parents and students at IEP meetings. An IEP team must also discuss with parents restrictions on information sharing which come into effect without the appointment of guardianship upon a student with a disability turning 18 years of age; and

(d) Discussion of the process for a student with a disability who meets the requirements for a standard high school diploma to defer the receipt of such diploma pursuant to s. 1003.4282(10)(c). The parent of such student must provide a notice in writing no later than May 15 of the year his or her student will graduate that he or she understands the process for deferment and whether his or her student will defer the receipt of such diploma.

(2) Beginning not later than the first IEP to be in effect when the student enters the first day of his or her first year in high school or attains the age of 16, whichever occurs first, or younger if determined appropriate by the parent and the IEP team, the IEP must include the following statements that must be updated annually:

(a) A statement of intent to pursue a standard high school diploma and a Scholar or Merit designation, pursuant to s. 1003.4285, as determined by the parent.

(b) A statement of intent to receive a standard high school diploma before the student attains the age of 22 and a description of how the student will fully meet the requirements in s. 1003.4282, including, but not limited to, a portfolio pursuant to s. 1003.4282(10)(b) which meets the criteria

specified in State Board of Education rule. The IEP must also specify the outcomes and additional benefits expected by the parent and the IEP team at the time of the student's graduation.

(c) A statement of appropriate measurable long-term postsecondary education and career goals based upon age-appropriate transition assessments related to training, education, employment, and, if appropriate, independent living skills and the transition services, including preemployment transition services and courses of study needed to assist the student in reaching those goals.

Section 2. The Department of Education shall conduct a review of existing transition services and programs for students with disabilities to establish uniform best practices for such programs to deliver appropriate employment, pre-employment, and independent living skills education to students enrolled in such transition programs. The department must establish and publish on its website such uniform best practices no later than July 1, 2022.

Section 3. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 754
INTRODUCER:	Transportation Committee and Senator Diaz
SUBJECT:	Motor Vehicle and Vessel Registration Data
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Proctor	Vickers	TR	**Fav/CS**
2.	Wells	Hrdlicka	ATD	**Recommend: Favorable**
3.	Wells	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 754 requires the Department of Highway Safety and Motor Vehicles (DHSMV) to provide integration of other tax collection systems of tax collectors and their vendors with the Florida Real Time Vehicle Information System (FRVIS) with respect to motor vehicle, mobile home, trailer, and vessel registration renewals. Specifically the bill:

- Authorizes the DHSMV, upon a tax collector's request, to provide ancillary technology to integrate other tax collection systems used by tax collectors in order to provide tax collectors with data access and uniform interface functionalities for registration renewal transactions performed at a tax collector's office or online through a tax collector's website;
- Requires the DHSMV to provide a tax collectors' vendor with the ability to record registration renewals in FRVIS in real time and with the ability to do bulk data reporting; and
- Requires the DHSMV to ensure that the ancillary technology and other tax collection systems protect consumer data and privacy.

The bill may have a significant negative but indeterminate, impact on the DHSMV associated with the expansion of the FRVIS data access and interface functionality. See Section V. Fiscal Impact Statement.

The bill takes effect on July 1, 2021.

II. Present Situation:

Tax Collectors as Agents of the DHSMV

Chapters 320, 322, and 328, F.S., provide that tax collectors are agents of the DHSMV for the limited purposes of providing motor vehicle and driver license services. Specifically, with regards to the issuance of registration certificates, license plates, and validation stickers (motor vehicle services), the tax collectors in the several counties of the state are "authorized agents of the department … subject to the requirements of the law."[1] This principal/agent relationship is established by written agreement in the form of a memorandum of understanding (MOU) between the DHSMV and tax collectors throughout the state, providing that tax collectors are acting as agents of the DHSMV carrying out state law duties at a local level in a uniform and accountable manner.

While the tax collector itself is not a state agency, in its role as an authorized agent of the DHSMV it is considered a "state agency" when acting pursuant to s. 320.03, F.S., in providing motor vehicle services.[2] The Florida Attorney General has also concluded that tax collectors are under the direction and control of the DHSMV when providing services under chs. 320 (motor vehicle licenses) and 322 (driver licenses), F.S.[3]

Sixty-five counties currently have elected tax collectors who are constitutional officers.[4] Broward and Miami-Dade counties currently have appointed tax collectors under each county's charter government.[5]

In 2018, a constitutional amendment passed that requires Volusia, Broward, and Miami-Dade County tax collector offices to be elected positions.[6] The tax collector in Volusia County took office in 2021 and the Broward and Miami-Dade County tax collectors will take office in 2025. Currently, the motor vehicle services in these charter counties are predominately provided by third party vendors that have an agreement with the county to charge an additional county service fee set by the county commission.[7] Collectively referred to as LPA, these vendors are

---

[1] Section 320.03(1), F.S.

[2] *Dealer Tag Agency, Inc.* v. *First Hillsborough County Auto Tag Agency, Inc.*, 14 So. 3d 1238, 1240 (Fla. 2d DCA 2009). But note that the court held that the "fact that the Tax Collector is described as an "authorized agent" of the DHSMV for the provisions of section 320.03 does not make it a state agency for the provisions of chapters 287 and 120." *Id*. at 1240.

[3] "The tax collector, who acts as the agent of and under the direction and control of the department in the sale of motor vehicle license plates, is not acting as a county officer …" FL AGO 74-101 (Apr. 1, 1974).

[4] Volusia County formerly had an appointed tax collector. However, pursuant to ss. 1(d) and 6(g), Art. VIII of the State Constitution and effective January 5, 2021, Volusia County has an elected tax collector.

[5] Pursuant to ss. 1(d) and 6(g), Art. VIII of the State Constitution, Broward and Miami Dade counties will have elected tax collectors effective January 7, 2025.

[6] *See* Department of State, Division of Elections, *State and Local Government Structure and Operation – Amendment 10*, available at https://dos.elections.myflorida.com/initiatives/initdetail.asp?account=11&seqnum=24 (last visited Apr. 3, 2021). *See also* s. 322.02(1), F.S., related to administration of driver license services, requiring tax collectors who are constitutional officers to implement driver license services, while charter county tax collectors can transition on a limited basis as determined by the DHSMV.

[7] In determining the appropriateness of public funding for equipment used by LPAs, the Attorney General noted for purposes of s. 320.03, F.S., that "license tag agencies are the agents of the respective county tax collectors…[and that no] pecuniary benefit inures to such agents or subagents." FL AGO 82-81 (Oct. 11, 1982). The opinion also states that the "license tag agencies in question are the agents of the county tax collector and as such subagents of the department…"

often referred to as private tag agencies, license plate agents, license tag agencies, and private license plate agencies.[8]

Sixteen counties have, or have until recently had, contracts with LPAs to operate 57 offices to perform title and registration services for motor vehicles, mobile homes, and vessels, as follows:[9]

- Alachua – 1
- Bay – 1
- Broward – 7
- Highlands – 1
- Hillsborough – 1
- Jefferson – 2
- Lee – 1 (opens in 2021)
- Leon – 1
- Manatee – 1
- Miami-Dade – 25
- Orange – 4
- Palm Beach – 2
- Pasco – 1
- Pinellas – 3
- Polk – 3
- Volusia – 3[10]

Many tax collectors in Florida hire information technology vendors to assist with mailing, cashiering, deploying kiosks, providing online services, and performing other duties. "When requested by a tax collector, the [DHSMV] routinely provides access to data, both in real-time and through batch processes, to the tax collector's vendors for the purpose of providing support to the requesting tax collector." Data that contains personal information[11] which is confidential pursuant to the federal Driver's Privacy Protection Act of 1994 may only be released as authorized by law.[12]

To ensure compliance with Driver's Privacy Protection Act, the DHSMV practices data minimization – the DHSMV only provides personal information from driver license records to agents and vendors when it is directly relevant to accomplish a specified task deemed necessary by the DHSMV or law. "Once the specified purpose has been completed, this practice requires that shared data is securely destroyed or otherwise rendered unreadable. Data minimization also decreases risks of data loss and breaches."[13]

Registration Duties of Tax Collectors

Motor Vehicles

Tax collectors are authorized agents of the DHSMV that issue registration certificates, registration license plates, validation stickers, and mobile home stickers to applicants.[14] The DHSMV may require each tax collector to give a bond, payable to the DHSMV, conditioned that the tax collector faithfully and truly perform the duties imposed upon him or her according to the requirements of law and the rules and regulations of the DHSMV.[15] Each tax collector must keep a full and complete record and account of all validation stickers, mobile home stickers, or other

[8] Various combinations of these words are used interchangeably.
[9] DHSMV, *2021 Agency Legislative Bill Analysis SB 754*, (Mar. 5, 2021), p. 3 (on file with the Senate Committee on Transportation).
[10] These LPA offices operated prior to the elected Volusia County tax collector taking office on January 5, 2021. Currently, these offices are winding down operations and were to close by February 4, 2021.
[11] Under the DPPA, "personal information" is "information that identifies an individual, including an individual's photograph, social security number, driver identification number, name, address (but not the 5-digit zip code), telephone number, and medical or disability information, but does not include information on vehicular accidents, driving violations, and driver's status." 18 U.S.C. 2725 (2000). *See also* s. 322.143, F.S.

[15] Section 320.03(2), F.S.

properties received by him or her from the DHSMV.[16] The Florida Real Time Vehicle Information System must be installed in every tax collector's and license tag agent's office in accordance with a schedule established by the DHSMV in consultation with the tax collectors and contingent upon funds being made available for the system by the state.[17]

Vessels

Tax collectors must issue registration certificates and vessel numbers and decals to applicants, subject to the requirements of law and in accordance with the rules of the DHSMV.[18] Each tax collector must keep a full and complete record and account of all vessel decals or other properties received by him or her from the DHSMV and must make prompt remittance of moneys collected by them at the times and in the manner prescribed by law.[19]

Florida Real Time Vehicle Information System (FRVIS)

The FRVIS is the DHSMV's database system used to title and register all motor vehicles, mobile homes, trailers, and vessels in Florida. The system is composed of two processing environments. The first is a distributed environment that consists of the servers at local tax collector and LPAs that process tag, title, and registration transactions throughout the state. The second environment is the host portion that consists of the back-end processing that is conducted centrally at the DHSMV's primary data center.[20]

The FRVIS facilitates the collection of taxes and fees for tags, titles, and registrations. There is a $0.50 fee on each motor vehicle, mobile home, and vessel registration to cover the operation of the FRVIS, and that fee is deposited into the Highway Safety Operating Trust Fund.[21] According to the DHSMV, the FRVIS processed approximately 407.3 million transactions for the collection of approximately $2.99 billion in revenue from taxes and fees associated with tags, titles, and registrations for motor vehicles and vessels during Fiscal Year 2019-2020, including amounts retained by local tax collector and tag agent offices.[22] These funds are distributed through the FRVIS to various state agencies, including the DHSMV, and non-state entities in accordance with law.[23]

Any tax collector or LPA opening a new office or expanding existing offices initially purchases the equipment needed for title and registration services in that office. Periodically after the initial purchase, when equipment become outdated, the DHSMV refreshes the equipment and pays the cost of the new equipment, contingent upon appropriated funds, for both tax collector and LPA offices. "LPAs reimburse the [DHSMV] for reoccurring circuit costs (i.e., Internet access) for

each location, unless the LPA office is colocated with a tax collector's office and the circuit is shared."[24]

The DHSMV administers the FRVIS in consultation with the Florida Tax Collectors, Inc., to ensure that each county tax collector's office is equipped with the necessary information technology to support the operation of the FRVIS.[25] Only the DHSMV, tax collectors, and LPAs have access to the FRVIS. Access to the DHSMV systems and data is governed by various MOUs between the DHSMV, tax collectors, and third party vendors or agents of the tax collectors. The MOUs document how the data will be used and protected, ensuring compliance with various state and federal laws, including the federal Driver's Privacy Protection Act.[26]

FRVIS Interfaces

Over the years, the DHSMV has created a number of custom interfaces to the FRVIS. These interfaces include:[27]

- The Electronic Filing System[28] and Electronic Temporary Registration system[29] which allow motor vehicle and vessel dealers the ability to conduct tag and title transactions at their dealerships;
- The motor vehicle kiosk interface to allow tax collector vendors the ability to place motor vehicle registration kiosks in their offices and in off-site locations such as Publix; and
- The Motor Vehicle Eligibility Web Service to provide tax collectors with a real time application interface to assist with processing both mailed motor vehicle renewals and motor vehicle renewals processed through their proprietary standalone websites.

Other Significant DHSMV Systems and Data Exchanges

The DHSMV also operates various other driving and traffic records systems including:[30]

- Online Registration and Identity Operating Network for issuing driver licenses and identification cards;
- An electronic crash reporting system for law enforcement to submit crash reports; and
- A uniform traffic citation processing system utilized by the clerks of court to submit traffic citations.

The DHSMV also maintains dozens of data exchanges with governmental and private entities to provide access to real time data to improve customer service and efficiency of operations. In addition to tax collectors, the DHSMV works with other external stakeholders, including state and local law enforcement, clerks of court, supervisors of elections, other states through the American Association of Motor Vehicle Administrators systems, the Department of State, the Department of Transportation, insurance companies, expressway tolling authorities, automobile

dealers, and various other technology companies. These stakeholders rely on the DHSMV data or systems to efficiently conduct their business.[31]

External stakeholders and their vendors routinely submit requests to the DHSMV to modify its motor vehicle, driver license, and traffic records systems and interfaces to meet the stakeholder's needs. When a stakeholder requests a modification to an existing system or creation of a new system or interface, the DHSMV must evaluate the:

- Benefits of the modification, new system, or new interface to customers of the DHSMV and tax collectors, to third party system users, and to the tax collectors' vendors;
- The cost to implement the change;
- Previously existing legislative, tax collector, or DHSMV priorities; and
- Requested implementation schedule.[32]

Collection of Electronic Mail Addresses

In addition to residential street addresses, the DHSMV is authorized to collect and store (in the FRVIS) e-mail addresses. E-mail addresses may be used, in lieu of the United States Postal Service, to provide certain renewal notices, including registration renewal notices, driver license renewal notices, and vessel registration renewal notices.[33] E-mail addresses collected by the DHSMV pursuant to s. 319.40(3), F.S., (relating to motor vehicle, mobile home, and trailer titling) and s. 320.95(2), F.S., (relating to motor vehicle, mobile home and trailer registrations) are exempt from disclosure pursuant to s. 119.07(1), F.S., and s. 24(1), Article I of the State Constitution.[34]

III. Effect of Proposed Changes:

The bill amends s. 320.03, F.S., to require each third party contracted with a tax collector who has online computer access to the DHSMV's systems or data to enter into a memorandum of understanding with the DHSMV.

In implementing FRVIS, the DHSMV, in consultation with the Florida Tax Collectors, Inc., is required to ensure that all ancillary technology and other tax collection systems, such as systems used by approved vendors of tax collectors, protect customer privacy and data.

The bill amends ss. 320.03 and 328.73, F.S., to authorize the DHSMV to modify existing systems to integrate other tax collection systems used by tax collectors when requested by a tax collector. This integration must provide the tax collector with data access and uniform interface functionalities for registration renewal transactions[35] performed at the tax collector's office or online through the tax collector's website. Other tax collection systems would include technology systems provided by a tax collector's approved vendors.

[31] *Id*.
[32] *Id*.
[33] Sections 319.40, 320.95, 322.08(10), 328.30, and 328.80, F.S.
[34] Section 119.0712(2)(c), F.S.
[35] The bill defines this to mean issuance of motor vehicle, mobile home, and trailer registration certificates, registration license plates, validation stickers, vessel registration certificates, and vessel numbers and decals

The DHSMV is authorized to determine the best manner to deliver the data access and uniform interface functionalities. The DHSMV must also provide the ability to record and process registration renewal transactions in the FRVIS in real time and bulk data reporting for registrations, including each applicant's e-mail address. Access to the bulk data would also include personal information from license records. The provided data and functionality may be used only for purposes of fulfilling the tax collector's statutory duties and may not be resold or used for any other purpose.

The bill requires that the data access and uniform interface functionalities must be developed no later than July 1, 2023.

The bill has an effective date of July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Tax collector-approved agents and vendors, may experience a positive indeterminate fiscal impact as a result of improved operational efficiencies and service due to having the ability to record motor vehicle, mobile home, and vessel registration renewals in the FRVIS.

C. Government Sector Impact:

Tax collectors may experience a positive indeterminate fiscal impact as a result of improved operational efficiencies and service due to having the ability to record motor vehicle, mobile home, and vessel registration renewals in the FRVIS.

The DHSMV has been updating its systems over the past several years through its Motorist Modernization project. Phase II of the project began recently and is intended to redevelop all systems and processes supporting titling and registration. The expected timeframe for Phase II is completion by Fiscal Year 2023-2024 and the total budget is $53 million.

Upon the request of any tax collector, the bill requires the DHSMV to create and maintain interfaces to support the integration of the tax collector's vendors' technology systems and provide the vendors with the ability to record motor vehicle, mobile home, trailer, and vessel registration renewals in the FRVIS in real-time. The bill requires the new functionality to be complete by July 1, 2023. This may conflict with the current plan for Phase II of the Motorist Modernization project and cause project delays.

The bill will result in a significant negative impact to the Highway Safety Operating Trust Fund and may impair the DHSMV's ability to fund all current activities, including current FRVIS and interface costs, Motorist Modernization project costs, and tax collector and LPA equipment refreshers and internet connections, and the new activities required under the bill, to create additional interfaces to the FRVIS for tax collectors' vendor-provided systems.[36]

Complying with the requirement to integrate a vendors technology systems may impact the DHSMV's ability to maintain the FRVIS within current resources. Presently, the DHSMV manages its resources for the FRVIS to maintain the system's functionality and capabilities to benefit the widest array of users. The potential new interfaces may limit the DHSMV's ability to prioritize use of resources for the FRVIS, including to make enhancements required by federal law and to make enhancements that would benefit law enforcement, automobile dealers, and other stakeholders.[37]

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill requires the DHSMV to provide the tax collector and his or her approved vendor with the ability to record registration renewals in the state system in real time. Neither the DHSMV's websites nor the tax collectors' websites currently update a cashiered renewal transaction in real time. This functionality is included in Motorist Modernization Phase II, which is expected to be

[36] DHSMV, *2021 Agency Legislative Bill Analysis SB 754*, (Mar. 5, 2021), p. 10.
[37] *Id*.

completed by Fiscal Year 2023-2024. The timing required by the bill may conflict with this programming.[38]

The bill authorizes the DHSMV to provide tax collectors and their approved third-party vendors' data access and interface functionality that includes bulk data transfers. This potentially could undermine the DHSMV's data minimization policies. Those policies are designed to protect customers against data loss, including personally identifying information, and to ensure compliance with the federal Drivers Privacy Protection Act.[39]

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 320.03 and 328.73.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Committee on Transportation on March 24, 2021:

- Authorizes tax collectors to contract with vendors for technology services in order to provide electronic and telephonic motor vehicle and vessel titling transactions to customers;
- Defines a vendor-built technology system for motor vehicle, mobile home, and vessel renewal transactions as a "tax collection system;"
- Provides that if requested by a tax collector, the DHSMV is authorized to provide ancillary technology to integrate other tax collection systems used by tax collectors in order to provide tax collectors with data access and uniform interface functionalities for registration renewal transactions performed at a tax collector's office or online through a tax collector's website;
- Requires the DHSMV to provide a tax collectors' vendor with the ability to record registration renewals in the FRVIS in real time and with the ability to do bulk data reporting;
- Removed language in the underlying bill which provided for data access and interface functionalities to the tax collectors and third parties contracting with a tax collector, that other third parties receive from the DHSMV; and
- Removed language in the underlying bill which provided that a tax collector and third parties contracting with a tax collector may collect electronic mail addresses.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[38] *Id*. at pp. 6 and 11.
[39] *Id*.

By the Committee on Transportation; and Senator Diaz

596-03302-21 2021754c1

A bill to be entitled

An act relating to motor vehicle and vessel registration data; amending s. 320.03, F.S.; requiring tax collectors, third parties contracted with tax collectors, and license tag agents to enter into a memorandum of understanding with the Department of Highway Safety and Motor Vehicles and make certain determinations regarding registration applicants; requiring the department to ensure that certain technology used by tax collectors protects customer privacy and data; authorizing the department to provide certain technology to tax collectors, upon request, in order to provide data access and uniform interface functionalities for registration renewal transactions; providing requirements for the department; authorizing use of such data and functionalities for certain purposes; requiring development of data access and uniform interface functionalities by a certain date; defining the term "registration renewal transactions"; amending s. 328.73, F.S.; authorizing the department to provide certain technology to tax collectors, upon request, in order to provide data access and uniform interface functionalities for registration renewal transactions; providing requirements for the department; authorizing use of such data and functionalities for certain purposes; requiring development of data access and uniform interface functionalities by a certain date; defining the term "registration renewal transactions"; providing an effective date.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Florida Senate - 2021 **CS for SB 754**

596-03302-21 2021754c1

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (4) and subsection (5) of section 320.03, Florida Statutes, are amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(4)(a) Each tax collector, third party contracted with a tax collector, or license tag agent who has online computer access to the department's systems or ~~department~~ data ~~center or other reasonable access thereto~~ shall enter into a memorandum of understanding with the department and shall, except when the department has issued a registration renewal notice, upon receipt of an application for the registration of any motor vehicle, determine from the driver file of the applicant whether the applicant's driver license has been canceled, suspended, or revoked and, if so, whether the applicant has surrendered his or her license to the department as required by s. 322.251. If the applicant has not surrendered his or her license in accordance with ~~the provisions of~~ that section, the tax collector must ~~shall~~ refuse to register the vehicle until such time as the applicant surrenders his or her driver license to the department.

(5)(a) In addition to the fees required under s. 320.08, a fee of 50 cents must ~~shall~~ be charged on every license registration sold to cover the costs of the Florida Real Time Vehicle Information System. The fees collected must ~~shall~~ be deposited into the Highway Safety Operating Trust Fund to be

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

used exclusively to fund the system. The fee may only be used to fund the system equipment, software, personnel associated with the maintenance and programming of the system, and networks used in the offices of the county tax collectors as agents of the department and the ancillary technology necessary to integrate the system with other tax collection systems. The department shall administer this program upon consultation with the Florida Tax Collectors, Inc., to ensure that each county tax collector's office is technologically equipped and functional for the operation of the Florida Real Time Vehicle Information System and to ensure that all ancillary technology and other tax collection systems used by tax collectors protect customer privacy and data. Any designated revenue collected to support functions of the county tax collectors and not used in a given year must remain exclusively in the trust fund as a carryover to the following year.

(b) Upon a tax collector's request, the department is authorized to provide ancillary technology to integrate other tax collection systems used by tax collectors in order to provide tax collectors with data access and uniform interface functionalities for registration renewal transactions performed at a tax collector's office or online through a tax collector's website. The department shall prescribe the best manner of delivering the data access and uniform interface functionalities to tax collectors for the purpose of processing registration renewal transactions and shall provide the ability to record and process registration renewal transactions in the state system in real time and bulk data reporting for vehicle registrations, including each applicant's electronic mail address collected

pursuant to s. 320.95. Such data and functionalities may be used only for purposes of fulfilling the tax collector's statutory duties pursuant to this chapter, chapter 319, chapter 322, or chapter 328 and may not be resold or used for any other purpose. Such data access and uniform interface functionalities must be developed no later than July 1, 2023. For the purposes of this paragraph, the term "registration renewal transactions" means issuance of motor vehicle, mobile home, and trailer registration certificates, registration license plates, and validation stickers.

Section 2. Subsection (1) of section 328.73, Florida Statutes, is amended to read:

328.73 Registration; duties of tax collectors.—

(1)(a) The tax collectors in the counties of the state, as authorized agents of the department, shall issue registration certificates and vessel numbers and decals to applicants, subject to the requirements of law and in accordance with rules of the department.

(b) Upon a tax collector's request, the department is authorized to provide ancillary technology to integrate other tax collection systems used by tax collectors in order to provide tax collectors with data access and uniform interface functionalities for registration renewal transactions performed at a tax collector's office or online through a tax collector's website. The department shall prescribe the best manner of delivering the data access and uniform interface functionalities to tax collectors for the purpose of processing registration renewal transactions and shall provide the ability to record and process registration renewal transactions in the state system in

real time and bulk data reporting for vessel registrations, including each applicant's electronic mail address collected pursuant to s. 320.95. Such data and functionalities may be used only for purposes of fulfilling the tax collector's statutory duties pursuant to this chapter, chapter 319, chapter 320, or chapter 322 and may not be resold or used for any other purpose. Such data access and uniform interface functionalities must be developed no later than July 1, 2023. For the purposes of this paragraph, the term "registration renewal transactions" means issuance of vessel registration certificates, vessel numbers, and decals.

Section 3. This act shall take effect July 1, 2021.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 764 redesignates the existing Military Veterans and Servicemembers Program as the Veterans Treatment Court Program. The bill authorizes courts to develop and operate a veterans treatment court. Like existing law, the program is open to a servicemember, veteran, and a current or former defense contractor or military member of a foreign allied country. However, the bill expands participation to include not just a member of the Florida National Guard, but also a National Guard of another state. In addition, unlike the current program which is open to all veterans regardless of discharge status, the bill provides that the court will decide whether to admit a dishonorably discharged veteran to the program, on a case-by-case basis, after a hearing.

The bill encourages the court, with input from the state attorney, defense counsel and other interested parties, to develop policies and procedures, including, but not limited to, integrating substance abuse and mental health treatment with justice case processing, employing a nonadversarial approach; identifying participants early in the process; and engaging in partnerships among other veterans treatment courts, the United States Department of Veterans Affairs, the Florida Department of Veterans' Affairs, public agencies, and community-based organizations.

A Military Veterans and Servicemembers Court in operation as of June 30, 2021, is grandfathered in to continue as a Veterans Treatment Court, but must comply with changes made under this bill.

The bill is estimated to have a negative indeterminate prison bed impact (an unquantifiable decrease in prison beds). See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

Problem-Solving Courts

Miami-Dade County established an adult drug court in 1989, the first problem-solving court in the United States.[1] Today, more than 184 problem-solving courts operate statewide.[2] These are drug court (dependency, juvenile, adult, adult misdemeanor, and adult post-adjudicatory prison diversion, and a Marchman Act Drug Court in Hillsborough County), mental health court, DUI court, and veterans court.[3]

Veterans Courts

Programming

The first veterans court opened in Buffalo, N.Y. in 2008.[4] Veterans court follows the model of other specialty courts, such as drug court and mental health court whereby the court emphasizes treatment over incarceration.[5] Like other specialty courts, veterans court involves therapeutic intervention under a nonadversarial framework. Successful completion of pretrial court conditions may result in a dismissal of criminal charges.[6] More than 460 courts operate veterans court programs across the country.[7]

In Florida, 31 counties operate a veterans court program.[8] Moreover, veterans court programs operate in 17 of the 20 judicial circuits.[9] Even in those circuits without a designated program,

accommodations are provided to defendants who would otherwise qualify to participate in a veterans court program.[10]

Funding

Veterans courts, like other problem-solving courts in the state, receive funding from a variety of sources both state and federal. For Fiscal Year 2020-2021, approximately 68 of the state's 184 problem-solving courts received funding through state appropriation. Other sources are federal grant funding and state agency monies through agencies targeting substance abuse and mental health treatment, such as the Department of Children and Families. An individual problem-solving court may be funded through a single or multiple sources of funding.[11]

The federal Veteran Treatment Court Coordination Act of 2019 directed the Department of Justice to formally create a program to provide funding and technical assistance to state, local, and tribal governments with veterans treatment courts.[12] As mandated, the Adult Drug Court and Veterans Treatment Court Discretionary Grant Program within the Department of Justice provides financial and technical assistance to states, state courts, local courts, units of local government, and federally recognized Indian tribal governments to enhance the operations of drug courts or assist or establish veterans treatment courts.[13] The program accepts grant applications on behalf of:

- A state or territory;
- State or local court;
- County;
- A unit of local government; or
- A federally recognized Indian tribal government (as determined by the secretary of the interior).[14]

For statewide support of veterans treatment courts through the federal program, a state agency or the administrative office of the courts is eligible to apply for a grant.[15]

Military Veterans and Servicemembers Court Program

In 2012, the Legislature established the T. Patt Maney Veterans' Treatment Intervention Act.[16] The Act authorizes the chief judge of each judicial circuit to create a Military Veterans and Servicemember Court Program (veterans court). The program is available to eligible veterans,

[10] *Id*. The Tenth Judicial Circuit operates a holistic veterans court docket with dedicated staff, an outreach counselor from the Veterans Administration/Department of Veterans Affairs, trained volunteer veteran mentors, and relationships with providers and justice system partners. The Third Judicial Circuit issued an administrative order which details the authority for a qualifying defendant to move to transfer his or her case to a veterans court. The Sixteenth Judicial Circuit reports that it has, case-by-case, provided special services to veterans in conjunction with its adult drug court upon a recommendation from the state attorney.

servicemembers, current or former United States Department of Defense contractors, and current or former military members of a foreign allied country. The purpose of the program is for a court to tailor sentencing to treatment of an individual's underlying disorder. Participation is voluntary.[17]

Eligibility to Participate in the Program

When first implemented, the bill provided that to be eligible, a veteran or servicemember must:

- Be convicted of a criminal offense;
- Suffer from a military-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem; and
- If a veteran, has received an honorable discharge from military service.[18]

In 2016, the Legislature expanded the requirement of an honorable discharge to include eligibility for a veteran released under a general discharge.[19] Subsequently, in 2019, the Legislature again expanded the program to provide eligibility for a veteran discharged or released under any condition, including a release under a dishonorable discharge.[20]

Pretrial Intervention Program

Pretrial intervention programs are also available for veterans. Both misdemeanor and felony cases may be processed in a pretrial intervention program. However, a court may deny admission if the defendant has previously entered a court-ordered veterans treatment program.[21] While enrolled in a pretrial intervention program, the defendant fulfills the terms of a written coordinated strategy developed by the veterans' treatment intervention team.[22] The protocol may require successful completion of outpatient or inpatient treatment, including at a jail-based treatment program. Upon successful completion of the program, the court may dismiss the charges. If the participant is otherwise eligible to do so, he or she may petition the court to have the arrest record expunged.[23] If the court finds that the defendant has not successfully completed the program, the court may return the case to the criminal docket for prosecution.[24]

Certain pending felony charges disqualify a defendant from participation in a pretrial intervention program. Considered more serious felony charges, they include:

- Kidnapping or attempted kidnapping; false imprisonment of a child under the age of 13; or luring or enticing a child;
- Murder or attempted murder; attempted felony murder; or manslaughter;
- Aggravated battery or attempted aggravated battery;
- Sexual battery or attempted sexual battery;

[23] Sections 948.08(6)(d) and 948.16(2)(b), F.S.
[24] Sections 948.08(4) and 948.16(4), F.S.

- Lewd or lascivious battery, molestation, conduct, or exhibition, or attempted lewd or lascivious battery, or lewd or lascivious offense or attempted offense against an elderly or disabled person;
- Robbery or attempted robbery;
- Sexual performance by a child or attempted sexual performance by a child;
- Computer pornography of a minor; transmission of child pornography; or buying or selling of minors; and
- Aggravated assault or stalking.[25]

Transfer of Case for Participation in a Problem-Solving Court

A veteran who is eligible for participation in a veterans court may, upon request and approval, transfer his or her case to a county other than that in which the charge arose.[26] Both a representative of the original trial court and the receiving court must agree to the transfer. At the time of transfer, a court case may either be in its pretrial or postadjudicatory phase.[27] The receiving jurisdiction disposes of the case.[28]

Participation in a Treatment Program as a Condition of Probation or Community Control

The court may order as a condition of probation or community control that a veteran or servicemember participate in a treatment program designed to address the individual's mental illness, traumatic brain injury, substance abuse disorder, or psychological problem.[29] The court must give preference to those treatment programs for which the veteran or servicemember is eligible through the United States Department of Veterans Affairs or the Florida Department of Veterans Affairs.[30]

The court may also order a person who commits a violation of probation or community control to successfully complete a military veterans and servicemembers court program if the underlying offense is a nonviolent felony and the person otherwise qualifies.[31]

Problem-Solving Court Reports

The Office of the State Courts Administrator is required to provide an annual report on problem-solving courts to the President of the Senate and the Speaker of the House of Representatives. Specifically, the report must include:

- The number of participants in each problem-solving court for each fiscal year the court has been operating;
- The types of services provided;
- Each source of funding for each court by fiscal year; and

[30] Section 948.21(4), F.S.
[31] Section 948.06(2)(k)1., F.S.

- The performance of each court based on outcome measures established by the courts.[32]

III. Effect of Proposed Changes:

This bill redesignates the existing Military Veterans and Servicemembers Court Program as the Veterans Treatment Court Program. The program authorizes a court with jurisdiction over criminal cases to create and administer a veterans treatment court and a chief judge to issue administrative orders regarding such court.

Like existing law, a veterans treatment court can accept both pre- and post-adjudication misdemeanor and felony cases. A defendant who wishes to participate must submit an application to the state attorney. The state attorney and the court will then decide if the defendant meets eligibility requirements for the court.

Policies and Procedures of a Veterans Treatment Court

Each veterans treatment court must seek input from the state attorney, defense counsel, and other interested persons in developing and adopting policies and procedures governing such court. A veterans treatment court must create a record of policies and procedures based on nationally recognized best practices that specifically include all of the following:

- Integrating substance abuse, mental health treatment services, and other treatment and rehabilitation services into case processing.
- Employing a nonadversarial approach in which the state attorney and defense counsel promote public safety, while protecting the due process rights of the defendant.
- Identifying eligible defendants early in the process.
- Requiring frequent monitoring and testing for alcohol and drug use.
- Providing ongoing judicial interaction with each defendant.
- Monitoring and evaluating the achievement of program goals.
- Forging partnerships among veterans treatment courts, the United States Department of Veterans Affairs, the Florida Department of Veterans' Affairs, public agencies, and community-based organizations to generate local support and enhance treatment court effectiveness.

To encourage participation, the court may also establish policies and procedures for referring a defendant to a health care provider, or assisting with housing, employment, nutrition, mentoring, education, and driver license reinstatement.

Eligibility for Participation in a Veterans Treatment Court

Each application for veterans treatment court must be reviewed by the state attorney and the court. To qualify, a defendant must either be a veteran, defined as a person who has served in the military, or a servicemember, defined as an active or reserve member of the United States Army, Navy, Air Force, Marine Corps, or Coast Guard; a member of the National Guard, either in Florida or of another state; a current or former contractor for the United States Department of Defense; or a current or former military member of a foreign allied country. Whether to include

[32] Section 43.51(1), F.S.

veterans who are dishonorably discharged from military service is a decision the court makes, on a case-by-case basis, after a hearing.

To further qualify:
- The defendant must have a military- or service-related mental health condition, traumatic brain injury, substance use disorder, or psychological problem;
- The defendant's participation in the court is in the interest of justice and of benefit to the defendant and the community.

In determining whether participation furthers justice and is of sufficient benefit, the state attorney and court, for pretrial diversion, and the court, for all other matters, must consider:
- The nature and circumstances of the offense;
- The recommendation of the state attorney;
- Special characteristics or circumstances of both the defendant and the victim;
- Prior criminal history and whether the defendant previously participated in a veterans treatment or other similar program;
- Whether needs exceed resources available through the court;
- The impact on the community;
- Recommendations of law enforcement;
- Recommendation of the victim;
- The provision for and the likelihood of obtaining restitution during participation in the court;
- Mitigating circumstances; and
- Other reasonably related circumstances.

The program is available to a defendant whose case is at any stage of a criminal proceeding. However, a veteran or a servicemember does not have a right to participate in a veterans treatment court.

Condition of Probation or Community Control

The bill authorizes a veterans treatment court to impose a condition requiring a probationer or community controllee to participate in a treatment program to treat mental illness, traumatic brain injury, a substance abuse disorder, or a psychological problem. This provision applies to a veteran or servicemember who otherwise qualifies and who committed the underlying crime on or after July 1, 2021.

Existing Military Veterans and Servicemembers Program and Participants

By amending s. 394.47891, F.S., the bill substitutes the term "Veterans Treatment Court" for a "Military Veterans and Servicemembers Court." As such, a Military Veterans and Servicemembers Court in operation as of June 30, 2021, is grandfathered in to continue as a Veterans Treatment Court, but must comply with changes made under this bill. Similarly, the bill does not affect or alter the rights or responsibilities of any person admitted to and participating in the program.

Cross-references and conforming changes are provided to enable a defendant currently authorized to participate in a military veterans and servicemembers court to participate in a veterans treatment court, and from the current pretrial veterans' treatment intervention program to a veterans treatment court program. Therefore, cross-references and conforming changes to ss. 43.51, 910.035, 948.06, 948.08, 948.16, and 948.21, F.S., are included in the bill.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

As this bill authorizes, rather than requires courts to establish veterans treatment courts, the bill does not impose a mandate on local municipalities or counties.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

By reducing the number of veterans who are incarcerated and linking conditions with treatment, the bill may reduce costs for veterans and their families.

C. Government Sector Impact:

Costs to the Judiciary

The Office of the State Courts Administrator provides that the bill's definition of veteran may be interpreted as expanding the pool of individuals eligible to participate in a veterans court. The impact on admissions is unknown because a variety of factors affect

admission among eligible defendants (e.g., type of offense, nature of the individual's condition, etc.). Admission remains discretionary on a case-by-case basis under the bill.[33]

Prison Beds Cost

The Criminal Justice Impact Conference considered this bill on March 8, 2021, and determined the bill to have a negative indeterminate prison bed impact (an unquantifiable decrease in prison beds).[34] As of June 2020, there were 31 veterans courts operating in Florida. According to the Department of Corrections, in Fiscal Year 2018-2019, there were 142 offenders admitted for veterans treatment intervention, and in Fiscal Year 2019-2020, 108 offenders were admitted. It is currently unknown how many additional offenders will be admitted to programs as a result of the bill's provisions revising eligibility.[35]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 394.47891, 43.51, 910.035, 948.06, 948.08, 948.16, and 948.21.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Criminal Justice on March 23, 2021:
The committee substitute:

- Deletes two references to a "participation agreement" which no longer exists in the bill.
- Clarifies that the court, after a hearing, will decide whether to admit a dishonorably discharged veteran to the veterans treatment court program, not the chief judge and the state attorney.
- Includes defense counsel in the group from whom the court will seek input in developing and adopting policies and procedures for the program.

[33] Office of the State Courts Administrator, *2021 Judicial Impact Statement, p. 4,* (March 21, 2021).
[34] Office of Economic and Demographic Research, Criminal Justice Impact Conference, *Agenda* (March 8, 2021), *available at* http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/index.cfm (last visited March 21, 2021).
[35] Office of Economic and Demographic Research, *SB 764 -- Veterans Treatment Courts* (on file with the Senate Committee on Military and Veterans Affairs, Space, and Domestic Security).

CS by Military and Veterans Affairs, Space, and Domestic Security on March 16, 2021:

The committee substitute:

- Expands participation in a veterans treatment court to include a member of a National Guard of another state;
- Requires the underlying condition that qualifies a person to participate in a veterans treatment court to be military- or service- related;
- Removes language providing the process of a participant agreement;
- Makes conforming changes to replace participation in a pretrial veterans' treatment intervention program with a veterans treatment court program; and
- Clarifies as an underlying condition a substance use disorder, rather than a substance abuse disorder.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committees on Criminal Justice; and Military and Veterans Affairs, Space, and Domestic Security; and Senator Burgess

591-03241-21 2021764c2

A bill to be entitled

An act relating to veterans treatment courts; amending s. 394.47891, F.S.; providing legislative intent; defining terms; authorizing certain courts to create and administer veterans treatment courts for specified purposes; providing standards for admission to a veterans treatment court program; specifying program implementation procedures, components, and policies; specifying eligibility requirements for participation in the program; providing construction; specifying that the act does not create a right to participate in the program; deleting provisions relating to the Military Veterans and Servicemembers Court Program, to conform to changes made by the act; amending ss. 43.51, 910.035, and 948.06, F.S.; conforming provisions to changes made by the act; amending ss. 948.08 and 948.16, F.S.; revising eligibility for certain pretrial programs to include certain individuals eligible to participate in a veterans treatment court program; amending s. 948.21, F.S.; authorizing a court to impose a condition requiring a probationer or community controllee eligible to participate in a veterans treatment court program to participate in certain treatment programs under certain circumstances; specifying applicability of the act to participants in certain court programs in existence as of a specified date; providing an effective date.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-03241-21 2021764c2

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 394.47891, Florida Statutes, is amended to read:

394.47891 ~~Military~~ Veterans treatment ~~and servicemembers~~ court programs.—

(1) LEGISLATIVE INTENT.—It is the intent of the Legislature to encourage and support the judicial circuits of the state and other such agencies, local governments, interested public or private entities, and individuals to create and maintain a veterans treatment court in each circuit. The purpose of a veterans treatment court program is to address the underlying causes of a veteran's involvement with the judicial system through the use of specialized dockets, multidisciplinary teams, and evidence-based treatment. A veterans treatment court program shall use nonadversarial approaches to resolve such issues. Veterans treatment courts depend on the leadership of judges or magistrates educated in the issues and science of veterans' behaviors leading to court involvement, and these courts require a rigorous team effort to detect, discern, and assist veterans in correcting the behaviors and choices that led to the veterans' court involvement. This section creates a detailed statewide standard for the creation and operation of, and procedures for, veterans treatment courts.

(2) DEFINITIONS.—For purposes of this section, the term:

(a) "Defendant" means a veteran or servicemember who has been charged with or convicted of a criminal offense.

(b) "Servicemember" means:

1. A member of the active or reserve components of the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

United States Army, Navy, Air Force, Marine Corps, or Coast Guard;

2. A member of the Florida National Guard or a National Guard of another state;

3. A current or former contractor for the United States Department of Defense; or

4. A current or former military member of a foreign allied country.

(c) "Veteran" means a person who has served in the military.

(d) "Veterans treatment court" means a specialized docket administered by a court for veterans and servicemembers as set forth in this section.

(3) AUTHORIZATION.—

(a) A court with jurisdiction over criminal cases may create and administer a veterans treatment court.

(b) A veterans treatment court may adjudicate misdemeanors and felonies.

(c) The chief judge may issue administrative orders concerning the veterans treatment court.

(d) The court, after a hearing, shall determine on a case-by-case basis whether veterans who have been dishonorably discharged may participate in a veterans treatment court.

(4) ADMISSION.—A defendant who meets the eligibility requirements under subsection (8) may be admitted to a veterans treatment court at any stage of a criminal proceeding. A defendant seeking to participate in a veterans treatment court must submit an application to the state attorney. The state attorney and court must review each application and determine

whether the defendant meets the eligibility requirements in subsection (8).

(5) RECORD OF POLICIES AND PROCEDURES.—

(a) Each veterans treatment court shall seek input from the state attorney, defense counsel, and other interested persons in developing and adopting policies and procedures to implement subsections (6) and (7).

(b) A veterans treatment court shall create a record of the policies and procedures adopted to implement subsections (6) and (7).

(6) KEY COMPONENTS OF A VETERANS TREATMENT COURT.—

(a) A veterans treatment court shall adopt policies and procedures to implement the following key components:

1. Integrating substance abuse and mental health treatment services and any other related treatment and rehabilitation services with justice system case processing;

2. Using a nonadversarial approach in which the state attorney and defense counsel promote public safety while protecting the due process rights of the defendant;

3. Providing for early identification of eligible defendants;

4. Monitoring defendants for abstinence from alcohol and drugs by frequent testing;

5. Providing ongoing judicial interaction with each defendant;

6. Monitoring and evaluating the achievement of each defendant's program goals; and

7. Forging partnerships among the veterans treatment courts, the United States Department of Veterans Affairs, the

Florida Department of Veterans' Affairs, public agencies, and community-based organizations to generate local support and enhance the effectiveness of the veterans treatment court.

(b) In adopting policies and procedures under this section, the court shall consult nationally recognized best practices related to the key components of veterans treatment courts.

(7) SUPPLEMENTAL POLICIES AND PROCEDURES OF VETERANS TREATMENT COURTS.—A veterans treatment court may adopt supplemental policies and procedures to:

(a) Refer a defendant with a medical need to an appropriate health care provider or refer a defendant for appropriate assistance, including assistance with housing, employment, nutrition, mentoring, education, and driver license reinstatement.

(b) Otherwise encourage participation in the veterans treatment court.

(8) ELIGIBILITY.—

(a) A defendant may participate in a veterans treatment court if:

1. The defendant has a military- or service-related mental health condition, traumatic brain injury, substance use disorder, or psychological problem; and

2. The defendant's participation in the veterans treatment court is in the interest of justice and of benefit to the defendant and the community, as determined by:

a. The state attorney, with regard to pretrial diversion; and

b. The court, with regard to all other matters.

(b) In making the determination under subparagraph (a)2.,

the state attorney and court must consider:

1. The nature and circumstances of the offense charged;

2. The special characteristics or circumstances of the defendant and any victim or alleged victim, including any recommendation of the victim or alleged victim;

3. The defendant's criminal history and whether the defendant previously participated in a veterans treatment court or similar program;

4. Whether the defendant's needs exceed the treatment resources available to the veterans treatment court;

5. The effect on the community of the defendant's participation and treatment in the veterans treatment court;

6. Recommendations of any law enforcement agency involved in investigating or arresting the defendant;

7. If the defendant owes restitution, the likelihood of payment during the defendant's participation in the veterans treatment court;

8. Any mitigating circumstances; and

9. Any other circumstances reasonably related to the defendant's case.

(9) LIBERAL CONSTRUCTION.—The provisions of this section shall be liberally construed.

(10) NO RIGHT TO PARTICIPATE.—This section does not create a right of a veteran or servicemember to participate in a veterans treatment court ~~The chief judge of each judicial circuit may establish a Military Veterans and Servicemembers Court Program under which veterans, as defined in s. 1.01; veterans who were discharged or released under any condition; servicemembers, as defined in s. 250.01; individuals who are~~

~~current or former United States Department of Defense contractors; and individuals who are current or former military members of a foreign allied country, who are charged or convicted of a criminal offense, and who suffer from a military-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem can be sentenced in accordance with chapter 921 in a manner that appropriately addresses the severity of the mental illness, traumatic brain injury, substance abuse disorder, or psychological problem through services tailored to the individual needs of the participant. Entry into any Military Veterans and Servicemembers Court Program must be based upon the sentencing court's assessment of the defendant's criminal history, military service, substance abuse treatment needs, mental health treatment needs, amenability to the services of the program, the recommendation of the state attorney and the victim, if any, and the defendant's agreement to enter the program~~.

Section 2. Subsection (2) of section 43.51, Florida Statutes, is amended to read:

43.51 Problem-solving court reports.—

(2) For purposes of this section, the term "problem-solving court" includes, but is not limited to, a drug court pursuant to s. 397.334, s. 948.01, s. 948.06, s. 948.08, s. 948.16, or s. 948.20; a veterans treatment ~~military veterans' and servicemembers'~~ court pursuant to s. 394.47891, s. 948.08, s. 948.16, or s. 948.21; a mental health court program pursuant to s. 394.47892, s. 948.01, s. 948.06, s. 948.08, or s. 948.16; a community court pursuant to s. 948.081; or a delinquency pretrial intervention court program pursuant to s. 985.345.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 3. Paragraph (a) of subsection (5) of section 910.035, Florida Statutes, is amended to read:

910.035 Transfer from county for plea, sentence, or participation in a problem-solving court.—

(5) TRANSFER FOR PARTICIPATION IN A PROBLEM-SOLVING COURT.—

(a) For purposes of this subsection, the term "problem-solving court" means a drug court pursuant to s. 948.01, s. 948.06, s. 948.08, s. 948.16, or s. 948.20; a veterans treatment ~~military veterans' and servicemembers'~~ court pursuant to s. 394.47891, s. 948.08, s. 948.16, or s. 948.21; a mental health court program pursuant to s. 394.47892, s. 948.01, s. 948.06, s. 948.08, or s. 948.16; or a delinquency pretrial intervention court program pursuant to s. 985.345.

Section 4. Paragraph (k) of subsection (2) of section 948.06, Florida Statutes, is amended to read:

948.06 Violation of probation or community control; revocation; modification; continuance; failure to pay restitution or cost of supervision.—

(2)

(k)1. Notwithstanding s. 921.0024 and effective for offenses committed on or after July 1, 2016, the court may order the offender to successfully complete a postadjudicatory mental health court program under s. 394.47892 or a veterans treatment ~~military veterans and servicemembers~~ court program under s. 394.47891 if:

a. The court finds or the offender admits that the offender has violated his or her community control or probation;

b. The underlying offense is a nonviolent felony. As used in this subsection, the term "nonviolent felony" means a third

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

degree felony violation under chapter 810 or any other felony offense that is not a forcible felony as defined in s. 776.08. Offenders charged with resisting an officer with violence under s. 843.01, battery on a law enforcement officer under s. 784.07, or aggravated assault may participate in the mental health court program if the court so orders after the victim is given his or her right to provide testimony or written statement to the court as provided in s. 921.143;

c. The court determines that the offender is amenable to the services of a postadjudicatory mental health court program, including taking prescribed medications, or a veterans treatment ~~military veterans and servicemembers~~ court program;

d. The court explains the purpose of the program to the offender and the offender agrees to participate; and

e. The offender is otherwise qualified to participate in a postadjudicatory mental health court program under s. 394.47892(4) or a veterans treatment ~~military veterans and servicemembers~~ court program under s. 394.47891.

2. After the court orders the modification of community control or probation, the original sentencing court shall relinquish jurisdiction of the offender's case to the postadjudicatory mental health court program or the veterans treatment court program until the offender is no longer active in the program, the case is returned to the sentencing court due to the offender's termination from the program for failure to comply with the terms thereof, or the offender's sentence is completed.

Section 5. Paragraph (a) of subsection (7) of section 948.08, Florida Statutes, is amended to read:

948.08 Pretrial intervention program.—

(7)(a) ~~Notwithstanding any provision of this section,~~ A person who is charged with a felony, other than a felony listed in s. 948.06(8)(c), and who is identified as a veteran or a servicemember, as defined in s. 394.47891, and is otherwise qualified to participate in a veterans treatment court program under s. 394.47891 ~~s. 1.01; a veteran who is discharged or released under any condition; a servicemember, as defined in s. 250.01; an individual who is a current or former United States Department of Defense contractor; or an individual who is a current or former military member of a foreign allied country, who suffers from a military service-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem~~ is eligible for ~~voluntary~~ admission into a veterans treatment court program pursuant to the requirements of s. 394.47891(4) and (8). ~~pretrial veterans' treatment intervention program approved by the chief judge of the circuit, upon motion of either party or the court's own motion, except:~~

~~1. If a defendant was previously offered admission to a pretrial veterans' treatment intervention program at any time before trial and the defendant rejected that offer on the record, the court may deny the defendant's admission to such a program.~~

~~2. If a defendant previously entered a court-ordered veterans' treatment program, the court may deny the defendant's admission into the pretrial veterans' treatment program.~~

Section 6. Paragraph (a) of subsection (2) of section 948.16, Florida Statutes, is amended to read:

948.16 Misdemeanor pretrial substance abuse education and

treatment intervention program; misdemeanor pretrial veterans' treatment intervention program; misdemeanor pretrial mental health court program.—

(2)(a) A veteran or a servicemember, as defined in s. 394.47891, who is otherwise qualified to participate in a veterans treatment court program under s. 394.47891 ~~s. 1.01; a veteran who is discharged or released under any condition; a servicemember, as defined in s. 250.01; an individual who is a current or former United States Department of Defense contractor; or an individual who is a current or former military member of a foreign allied country, who suffers from a military service-related mental illness, traumatic brain injury, substance abuse disorder, or psychological problem,~~ and ~~who~~ is charged with a misdemeanor is eligible for ~~voluntary~~ admission into a misdemeanor veterans treatment court ~~pretrial veterans' treatment intervention~~ program ~~approved by the chief judge of the circuit~~, for a period based on the program's requirements and the treatment plan for the offender, pursuant to the requirements of s. 394.47891(4) and (8) ~~upon motion of either party or the court's own motion. However, the court may deny the defendant admission into a misdemeanor pretrial veterans' treatment intervention program if the defendant has previously entered a court-ordered veterans' treatment program~~.

Section 7. Present subsection (4) of section 948.21, Florida Statutes, is redesignated as subsection (5), and a new subsection (4) is added to that section, to read:

948.21 Condition of probation or community control; military servicemembers and veterans.—

(4) Effective for a probationer or community controllee

whose crime is committed on or after July 1, 2021, who is a veteran or a servicemember as defined in s. 394.47891, and who is otherwise qualified to participate in a veterans treatment court program under s. 394.47891, the court may, in addition to any other conditions imposed, require the probationer or community controllee to participate in a treatment program capable of treating the probationer or community controllee's military- or service-related mental illness, traumatic brain injury, substance use disorder, or psychological problem.

Section 8. A Military Veterans and Servicemembers Court Program in operation under s. 394.47891, Florida Statutes, on or before June 30, 2021, may continue to operate following the effective date of this act, but must comply with the amendments made by this act to that section. This act does not affect or alter the rights or responsibilities of any person who, on or before June 30, 2021, was admitted to and participating in a Military Veterans and Servicemembers Court Program established under s. 394.47891, Florida Statutes.

Section 9. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 900
INTRODUCER:	Senator Rodriguez
SUBJECT:	Child Welfare
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Preston	Cox	CF	**Favorable**
2.	Sneed	Kidd	AHS	**Recommend: Favorable**
3.	Sneed	Sadberry	AP	**Favorable**

I. Summary:

SB 900 makes a number of changes in the laws relating to child welfare that are necessary for the Department of Children and Families (DCF) to be in compliance with new federal requirements that are the result of the expiration of the state's Title IV-E waiver and the upcoming implementation date of the federal Family First Prevention Services Act (FFPSA).

The bill provides a definition for the term "voluntary services" and expands the entities that have access to confidential reports and records in cases of child abuse or neglect to include employees, authorized agents, and contract providers of the Agency for Health Care Administration and the Agency for Persons with Disabilities.

The bill clarifies the Extended Foster Care (EFC) program requirements aligning eligibility with the federal law regarding supervised independent living settings by:

- Specifying that licensed foster homes are the preferred supervised living arrangements for young adults;
- Prohibiting specified living arrangements from being used; and
- Prohibiting involuntary placements for young adults participating in EFC.

The bill also provides that safe houses must care for children who are victims of commercial sexual exploitation in a manner that separates those children who have other needs, but specifies that this provision does not apply to safe foster homes.

The bill increases the capacity of children that can be placed in a licensed foster home without an additional assessment and provides the DCF with the ability to adopt rules to establish requirements for requesting a waiver for over-capacity.

The bill will require the DCF to update the Florida Safe Families Network (FSFN); however, the one-time cost is anticipated to be minimal and may be absorbed by the department within existing resources.

See Section V. Fiscal Impact Statement.

The bill has an effective date of July 1, 2021.

II. Present Situation:

Chapter 39, F.S., Dependency Process - Overview

The Department of Children and Families (DCF) operates the Florida central abuse hotline (hotline), which accepts reports of known or suspected child abuse,[1] abandonment,[2] or neglect, [3] 24 hours a day, seven days a week.[4] Any person who knows or suspects that a child has been abused, abandoned, or neglected must report such knowledge or suspicion to the hotline.[5] A child protective investigation begins if the hotline determines the allegations meet the statutory definition of abuse, abandonment, or neglect.[6] A child protective investigator investigates the situation either immediately or within 24 hours after the report is received, depending on the nature of the allegation.[7]

---

[1] Section 39.01(2), F.S., defines "abuse" to mean any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes the birth of a new child into a family during the course of an open dependency case when the parent or caregiver has been determined to lack the protective capacity to safely care for the children in the home and has not substantially complied with the case plan towards successful reunification or met the conditions for return of the children into the home. Abuse of a child also includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.

[2] *See* s. 39.01(1), F.S., which defines "abandonment", in part, to mean a situation in which the parent or legal custodian of a child or, in the absence of a parent or legal custodian, the caregiver, while being able, has made no significant contribution to the child's care and maintenance or has failed to establish or maintain a substantial and positive relationship with the child, or both. It further defines, "establish or maintain a substantial and positive relationship" to include, but not be limited to, frequent and regular contact with the child through frequent and regular visitation or frequent and regular communication to or with the child, and the exercise of parental rights and responsibilities. The definition specifically provides that marginal efforts and incidental or token visits or communications are not sufficient to establish or maintain a substantial and positive relationship with a child.

[3] Section 39.01(50), F.S., defines "neglect" to mean when a child is deprived of, or is allowed to be deprived of, necessary food, clothing, shelter, or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired. Circumstances are not to be considered neglect if caused primarily by financial inability unless actual services for relief have been offered to and rejected. Further, a parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child may not, for that reason alone, be considered a negligent parent or legal custodian, unless a court orders the following services to be provided, when the health of the child so requires: medical services from a licensed physician, dentist, optometrist, podiatric physician, or other qualified health care provider; or treatment by a duly accredited practitioner who relies solely on spiritual means for healing in accordance with the tenets and practices of a well-recognized church or religious organization. The definition further provides that neglect of a child includes acts or omissions.

[4] Section 39.201(5), F.S.

[5] Section 39.201(a), F.S.

[6] Section 39.201(2)(a), F.S.

[7] Section 39.201(5), F.S.

If, after conducting an investigation in response to receiving a call to the hotline, the child protective investigator determines that the child is in need of protection and supervision that necessitates removal, the investigator may initiate formal proceedings to remove the child from his or her home. The proceeding, known as a shelter hearing, results in a court determining if probable cause exists to keep a child in shelter[8] status pending further investigation of the circumstances leading to the detention of a child.[9]

When the DCF removes a child from the home, a series of dependency court proceedings must occur before a child may be adjudicated dependent.[10] Within 28 days after a child has been sheltered, the court must hold an arraignment hearing on the petition for dependency.[11] If a parent or legal guardian denies an allegation in the petition, the court must hold an adjudicatory hearing within 30 days.[12]

Subsequent to a child being found dependent, a court must hold a disposition hearing to determine a course of treatment and services and placement of the child under protective supervision.[13] The court must first consider placing the child with relatives.[14] If a child cannot safely remain in the original home and no adult relative is available for temporary legal custody, the child may be placed with an adult willing to care for the child under the protective supervision of the DCF.[15] Placing the child in the temporary legal custody of the DCF invests the DCF with the rights and responsibilities of a legal custodian.[16]

Title IV-E and Title IV-E Waivers

Title IV-E of the Social Security Act[17] is the largest federal funding stream for child welfare activities. The funding stream supports foster care, adoption assistance, and guardianship assistance programs. States receive a level of reimbursement from the federal government for eligible claims. Title IV-E also includes the Chafee Foster Care Independence Program, a capped entitlement for which states are entitled to reimbursement for claims it submits to the federal government, up to a certain level, related to preparing children in out-of-home care for self-sufficiency when they transition out.[18]

---

[8] Section 39.01(78), F.S., defines "shelter" to mean a placement with a relative or a nonrelative, or in a licensed home or facility, for the temporary care of a child who is alleged to be or who has been found to be dependent, pending court disposition before or after adjudication.
[9] Section 39.01(79), F.S.
[10] *See* s. 39.01(15), F.S., for the definition of "child who is found to be dependent".
[11] The purpose of an arraignment hearing is for a parent to admit, deny, or consent to findings of dependency that are alleged in the petition for dependency. If any party has requested a demand for early filing, the court must hold the arraignment hearing within 7 days after the date of filing of the petition. Section 39.506(1), F.S.
[12] Section 39.506(1), F.S.
[13] Section 39.521(1), F.S.
[14] Section 39.507(7)(c), F.S.
[15] Section 39.521(3)(c), F.S.
[16] Section 39.521(3)(d), F.S.

[18] Child Trends, *A Primer on Title IV-E Funding for Child Welfare, a*vailable at https://www.childtrends.org/wp-content/uploads/2016/01/2016-04TitleIV-EPrimer.pdf (last visited March 8, 2021).

To be eligible for the Title IV-E Foster Care Program, the vehicle through which states receive Title IV-E funds for children in foster care, children must:

- Be in out-of-home placements;
- Have been removed from families that are considered "needy";
- Have entered care through a judicial determination or voluntary placement; and
- Be in licensed or approved foster care placements.[19]

Title IV-E waivers were first available as an option to states in 1994, when Section 1130 of the Social Security Act gave the U.S. Department of Health and Human Services the authority to approve demonstration projects for which states can waive certain requirements of Title IV-E. These were designed to provide states with opportunities and the flexibility to use federal funds to test innovative approaches to child welfare service delivery and financing.[20]

The DCF participated in the Title IV-E Waiver Demonstration for approximately 13 years. The Florida Title IV-E Waiver Demonstration Project was implemented statewide on October 1, 2006. The purpose of the waiver project was to determine whether increased spending flexibility of Title IV-E funding would support changes in the state's service delivery system, maintain cost neutrality to the federal government, and most importantly, maintain child safety as well as improving permanency and well-being outcomes for children and their families being served within Florida's child welfare system. In exchange, Florida agreed to a capped allocation with annual automatic increases plus triggers to adjust the allocation if actual levels significantly exceeded estimates.[21]

The need for DCF to claim Title IV-E funding returned to traditional program requirements due to the expiration of the state's waiver demonstration on September 30, 2019. In order to minimize the potential gap in needed funding, the DCF began to implement a plan it referred to as Path Forward in the 2018-19 fiscal year. The Path Forward plan encompassed four initiatives including: Title IV-E Extended Foster Care, Title IV-E Guardianship Assistance Program (GAP), Foster Care Candidacy, and Title IV-E Eligibility Rate Improvements. Currently, the DCF has implemented all of these initiatives and is monitoring performance closely to ensure the projected goals are met. In addition, the DCF is attempting to ensure that Florida statutes align with federal requirements to enable the DCF to maximize federal IV-E claiming.[22]

Family First Prevention Services Act

The federal Family First Prevention Services Act (FFPSA), included in the 2018 Bipartisan Budget Act,[23] focuses on evidence-based services to prevent children from entering foster care;

[23] H.R. 1862 of 2018. Pub.L. 115-123

limits reimbursement for congregate (group home) care; and makes changes affecting adoption subsidies, reunification, and extended foster care supports. The FFPSA reformed the federal child welfare funding streams. Unlike the previous Title IV-E provisions which primarily funded out-of-home care for families with very low incomes, the FFPSA gives states the ability to earn federal Title IV-E matching funds in support of certain prevention services provided on a time-limited basis that avoid an out-of-home placement for children without regard to family income. In providing for children and their families meeting eligibility requirements, the FFPSA provides for the reimbursement of specific federally approved, evidence-based services that address mental health, substance abuse, family counseling, and parent skills training. The FFPSA also limits federal funding for group homes placements.[24]

The Title IV- E Prevention Services Clearinghouse was established by the U.S. Department of Health and Human Services Administration for Children and Families (ACF) to conduct an objective and transparent review of research on programs and services intended to provide enhanced support to children and families and prevent foster care placements. The Prevention Services Clearinghouse, developed in accordance with the FFPSA and codified in Title IV-E of the Social Security Act, rates programs and services as well-supported, supported, promising, or does not currently meet criteria.[25]

Congress made the FFPSA effective October 1, 2018, but gave states the opportunity to delay implementation of select provisions of the law.[26] Florida received approval to delay the implementation of the FFPSA until October 1, 2021.[27]

Voluntary Services

Currently, there is no definition for the term "voluntary services" in Florida law, even though it's used either specifically or conceptually in a number of places in ch. 39, F.S., including:

- **Section 39.501(3)(d)1., F.S.**, relating to a petition for dependency, provides whether a parent or legal custodian named in the petition has previously unsuccessfully participated in voluntary services offered by the DCF.
- **Section 39.823, F.S.**, relating to guardian advocates for drug dependent newborns, provides because of the parents' continued dependence upon drugs, the parents may temporarily leave their child with a relative or other adult or may have agreed to voluntary family services under s. 39.301(14), F.S.

[27] The DCF SB 900 Agency Analysis, p. 4.

Out-of-Home Placement Settings

When it becomes necessary for the DCF to remove a child from the home, efforts must be made to place the child in the least restrictive placement.[28] The community-based care lead agency (lead agency) is required to complete a comprehensive placement assessment to determine the appropriate level of care.[29] Relatives and non-relatives are considered the least restrictive level of care but should a suitable relative or non-relative not be available, a foster home would be the next appropriate level of care and then a group home setting.[30]

A safe house is one of the FFPSA placement settings currently licensed and certified by the DCF.[31] The DCF currently allows for the placement of victims of, or at risk of, human trafficking to be placed in the same safe house setting with any other population, as long as the children who have not experienced commercial sexual exploitation do not interact with victims of trafficking.[32] There are ten group homes that wish to transition to a safe house. FFPSA will require that safe houses strictly serve victims of, or at risk of, human trafficking. Current laws create a barrier to the DCF's ability to claim Title IV-E as a safe house is permitted to serve a victim of, or at risk of, human trafficking in the same setting with children of any population.[33]

Parenting Partnerships for Children in Out-of-Home Care

Current law requires all direct caregivers employed by residential group homes to meet the same education, training, and background and other screening requirements as foster parents. The current law creates a barrier to group home providers that are gathering criminal records in a timely manner, thus affecting Title IV-E payments.

Foster Home Capacity

Section 409.175(3), F.S., requires an over-capacity waiver assessment when the number of children in a foster home exceeds five, including the foster parents own children, while the federal language allows up to six children to be placed in a foster home, excluding the foster parents own children, before being considered over-capacity.[34] In addition, current language allows for the ability to assess and grant an over-capacity waiver for any reason, while federal language only allows for over-capacity when:

- A parenting youth in foster care needs to remain with their child;
- Siblings need to remain together;
- A child with an established meaningful relationship with the family needs to remain with the family; or
- A family with special training or skills needs to provide care to a child who has a severe disability.[35]

Continuing Care for Young Adults – Extended Foster Care (EFC)

Section 39.6251, F.S., provides conditions pertaining to supervised living environments requiring an independent living setting, giving some flexibility based on lead agency assessment and approval. The statute does not define independent living for the purposes of supervised living environments, but requires that the young adult reside in a supervised living environment that is approved by the DCF or lead agency. The young adult must live independently, but in an environment in which he or she is provided supervision, case management, and supportive services by the DCF or lead agency. Such an environment must offer developmentally appropriate freedom and responsibility to prepare the youth for adulthood.[36]

Such a supervised living arrangement may include a licensed foster home, licensed group home, college dormitory, shared housing, apartment, or another housing arrangement if the arrangement is approved by the lead agency and is acceptable to the young adult. A young adult may also continue to reside with the same licensed foster family or group care provider with whom he or she was residing at the time the youth reached the age of 18.[37]

In addition, current law does not prohibit involuntary placements nor does it exclude settings in which delinquent youth or young adults are detained or incarcerated.[38]

Confidentiality of Reports and Records

Currently, in order to protect the rights of the child and the child's parents or other persons responsible for the child's welfare, s. 39.202, F.S., provides that all records held by the DCF concerning reports of child abandonment, abuse, or neglect, including reports made to the central abuse hotline and all records generated as a result of such reports, are confidential and exempt from the provisions of s. 119.07(1), F.S., and must not be disclosed except as specifically authorized by chapter 39, F.S. The exemption also applies to information in the possession of those entities granted access under this section.[39]

Information made confidential and exempt under s. 39.202, F.S., may only be released in a specified manner and to specified individuals.[40] Exceptions to this are provided for cases involving a child who is missing.[41] Current law does not provide the Agency for Health Care Administration (AHCA) and the Agency for Person with Disability (APD) the capability to complete child abuse and neglect record checks for their employees who work in direct contact with children placed by the DCF in facilities licensed by the AHCA.[42]

[38] Section 39.6251, F.S.
[39] Section 39.202(1). F.S. When creating a public records exemption, the Legislature may provide that a record is "exempt" or "confidential and exempt." Custodians of records designated as "exempt" are not prohibited from disclosing the record; rather, the exemption means that the custodian cannot be compelled to disclose the record. Custodians of records designated as "confidential and exempt" may not disclose the record except under circumstances specifically defined by the Legislature.
[40] Section 39.202(2), F.S.
[41] *See* s. 39.202(4), F.S.
[42] Section 39.202(2), F.S.

Protective Investigations of Institutional Child Abuse, Abandonment, or Neglect

Current law allows that when a person who is employed as a caregiver in a licensed residential group home and is named in any capacity in three or more reports of institutional child abuse, abandonment, or neglect within a five-year period, the DCF may review all reports for the purposes of the employment screening requirements in s. 409.145(2)(e), F.S.[43]

Section 409.175(2)(m), F.S., relating to the licensure of family foster homes, residential child-caring agencies, and child-placing agencies, provides that the term "screening" means the act of assessing the background of personnel of level II through level V family foster homes and includes, but is not limited to, employment history checks as provided in chapter 435, using level 2 screening standards.

III. Effect of Proposed Changes:

Title IV-E Waiver

Confidentiality of Reports and Records

The bill amends s. 39.202, F.S., related to the confidentiality of reports and records pertaining to child abuse, neglect, and abandonment, allowing the Agency for Health Care Administration (AHCA) and the Agency for Persons with Disabilities (APD) to review child abuse and neglect reports for employees who work in facilities licensed under chs. 393, 394, and 409, F.S., to meet federal requirements for children under the care and supervision of the DCF who are placed in these facilities.[44] The changes will allow the agencies to ensure children remain safe during their placement through receiving reports related to an employee that indicate safety concerns for the children in such facilities.

When an employee is deemed unsafe and remains in a caregiver role, payments for children placed in these facilities will not be federally reimbursable through Title IV-E. The inability to claim federal funding will result in expending more state general revenue funds on these group home placements.

Screenings for Employees of Group Homes Parenting for Children in Out-of-Home Care

The bill amends s. 409.1415(2)(c), F.S., relating to group home employee requirements, removing specific references to background screening and other screening requirements and maintaining the requirement to have the same education and training as licensed foster care placements. The background screening required by the group home employee is maintained as level 2 screening as required in s. 39.0138, F.S., and ch. 435, F.S. This will allow the DCF flexibility to work closely with law enforcement and other background screening units to ensure all checks are completed accurately to avoid costly penalties.

[43] Section 39.302(7)(b), F.S.

[44] Facilities licensed under ch. 393, F.S., care for individuals who have a developmental disability; facilities licensed under ch. 394, F.S., provide care for individuals with mental health issues; and facilities licensed under ch. 409, F.S., provide care for children who are in out-of-home care through the child welfare system.

Protective Investigations for Institutional Abuse

The bill amends s. 39.302(7)(b), F.S., to codify current practice and align the changes in s. 409.1415(2)(c), F.S., to the federal requirements in the FFPSA, allowing the DCF the opportunity to claim federal Title IV-E funds for children placed in facilities licensed by either AHCA or APD.[45]

Continuing Care for Young Adults – Extended Foster Care

The bill amends s. 39.6251, F.S., clarifying that young adults participating in EFC are to reside in *voluntary*, supervised independent living environments. The bill specifies that a supervised living arrangement cannot be a detention facility, forestry camp, training school, or other facility operated primarily for the detention of delinquent children.[46] The bill also provides that an involuntary placement is only authorized if a court-appointed guardian has placed the young adult in such placement.

Family First Prevention Services Act

Voluntary Services

The bill amends s. 39.01, F.S., creating a new definition for the term "voluntary services" to mean social services and other preventive and rehabilitative services provided to the parent or legal custodian of the child or directly to the child, or services provided on behalf of the child, when a parent or legal custodian requests or voluntarily agrees to receive assistance. This new definition will align with federal language that says services can be provided to the parent or legal custodian of the child, and to the child or on behalf of the child.[47]

The new definition will give the DCF the opportunity to claim Title IV-E federal funds for evidence-based prevention services that have been approved through the Federal Clearing House as promising, supported, and well-supported. The amount of increased claiming is currently indeterminate as there is no way to determine how many prevention services statewide will meet the requirements of the Clearinghouse.[48]

Out-of-Home Placement Settings

The bill amends s. 409.1678(2), F.S., to exempt safe foster homes and restrict safe houses from serving victims of commercial sexual exploitation. The new language will restrict placement of populations who are not victims of commercial sexual exploitation from being placed in a safe house setting. This will align with the FFPSA requirements and the DCF's ability to claim Title IV-E federal funds for safe house settings.[49]

Foster Home Capacity

The bill amends s. 409.175, F.S., increasing the capacity of children that can be placed in a licensed foster home without the need for an additional assessment from five children, including

the family's own children, to six children, not including the family's own children. In addition, the increase in capacity enables the DCF to adopt rules for approving over-capacity assessments that align with Title IV-E requirements.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The DCF estimates it will cost $115,600 for one-time technology updates to implement provisions in the bill.[50] However, it is anticipated that these expenditures can be absorbed by the DCF using existing department resources.

VI. Technical Deficiencies:

None.

[50] The DCF SB 900 Agency Analysis, p. 12-13.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially the following sections of the Florida Statutes: 39.01, 39.202, 39.302, 39.6251, 409.1415, 409.1678, and 409.175.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Rodriguez

39-01078-21 2021900__

A bill to be entitled

An act relating to child welfare; amending s. 39.01, F.S.; defining the term "voluntary services"; amending s. 39.202, F.S.; expanding the list of entities that have access to child abuse records; amending s. 39.302, F.S.; revising the authority of the Department of Children and Families to review reports for the purpose of employment screening; amending s. 39.6251, F.S.; providing that licensed foster homes are the preferred supervised living arrangements for young adults; prohibiting supervised living arrangements from including specified facilities; prohibiting young adults from being involuntarily placed in any setting unless such placement is through a court-appointed guardian; amending s. 409.1415, F.S.; revising requirements for certain employees of residential group homes; amending s. 409.1678, F.S.; revising certification requirements for safe foster homes; amending s. 409.175, F.S.; requiring assessments to be completed if the total number of children in a family foster home will exceed six, excluding the family's own children, before placement of a child in a family foster home; requiring the department to adopt rules to establish eligibility criteria for requesting a waiver for such assessments and criteria to approve such waivers; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

39-01078-21 2021900__

Section 1. Subsection (88) is added to section 39.01, Florida Statutes, to read:

39.01 Definitions.—When used in this chapter, unless the context otherwise requires:

(88) "Voluntary services" means social services and other preventive and rehabilitative services provided to the parent or legal custodian of the child or directly to the child, or services provided on behalf of the child, when a parent or legal custodian requests or voluntarily agrees to assistance.

Section 2. Paragraphs (a) and (h) of subsection (2) of section 39.202, Florida Statutes, are amended to read:

39.202 Confidentiality of reports and records in cases of child abuse or neglect.—

(2) Except as provided in subsection (4), access to such records, excluding the name of, or other identifying information with respect to, the reporter which shall be released only as provided in subsection (5), shall be granted only to the following persons, officials, and agencies:

(a) Employees, authorized agents, or contract providers of the department, the Department of Health, the Agency for Persons with Disabilities, the Agency for Health Care Administration, the office of Early Learning, or county agencies responsible for carrying out:

1. Child or adult protective investigations;

2. Ongoing child or adult protective services;

3. Early intervention and prevention services;

4. Healthy Start services;

5. Licensure or approval of adoptive homes, foster homes, child care facilities, facilities licensed under chapters 393

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and 394 ~~chapter 393~~, family day care homes, providers who receive school readiness funding under part VI of chapter 1002, or other homes used to provide for the care and welfare of children;

6. Employment screening for caregivers in residential group homes and facilities licensed under chapters 393, 394, and 409; or

7. Services for victims of domestic violence when provided by certified domestic violence centers working at the department's request as case consultants or with shared clients.

Also, employees or agents of the Department of Juvenile Justice responsible for the provision of services to children, pursuant to chapters 984 and 985.

(h) Any appropriate official of the department, the Agency for Health Care Administration, or the Agency for Persons with Disabilities who is responsible for:

1. Administration or supervision of the department's program for the prevention, investigation, or treatment of child abuse, abandonment, or neglect, or abuse, neglect, or exploitation of a vulnerable adult, when carrying out his or her official function;

2. Taking appropriate administrative action concerning an employee of the department or the agency who is alleged to have perpetrated child abuse, abandonment, or neglect, or abuse, neglect, or exploitation of a vulnerable adult; or

3. Employing and continuing employment of personnel of the department or the agency.

Section 3. Paragraph (b) of subsection (7) of section

39.302, Florida Statutes, is amended to read:

39.302 Protective investigations of institutional child abuse, abandonment, or neglect.—

(7) When an investigation of institutional abuse, neglect, or abandonment is closed and a person is not identified as a caregiver responsible for the abuse, neglect, or abandonment alleged in the report, the fact that the person is named in some capacity in the report may not be used in any way to adversely affect the interests of that person. This prohibition applies to any use of the information in employment screening, licensing, child placement, adoption, or any other decisions by a private adoption agency or a state agency or its contracted providers.

(b) Likewise, if a person is employed as a caregiver in a residential group home licensed under s. 409.175 and is named in any capacity in three or more reports within a 5-year period, the department may review all reports for the purposes of the employment screening required under s. 409.175(2)(m) ~~s. 409.1415(2)(c)~~.

Section 4. Subsection (4) of section 39.6251, Florida Statutes, is amended to read:

39.6251 Continuing care for young adults.—

(4)(a) The young adult must reside in a supervised living environment that is approved by the department or a community-based care lead agency. The young adult shall live independently, but in an environment in which he or she is provided supervision, case management, and supportive services by the department or lead agency. Such an environment must offer developmentally appropriate freedom and responsibility to prepare the young adult for adulthood.

1. For the purposes of this subsection:~~,~~

a. A supervised living arrangement may include a licensed foster home, licensed group home, college dormitory, shared housing, apartment, or another housing arrangement if the arrangement is approved by the community-based care lead agency and is acceptable to the young adult; however, a licensed foster home is the preferred arrangement.

b. A supervised living arrangement may not include a detention facility, a forestry camp, a training school, or any other facility operated primarily for the detention of children who are determined to be delinquent.

2. A young adult may continue to reside with the same licensed foster family or group care provider with whom he or she was residing at the time he or she reached the age of 18 years. A young adult may not reside in any setting in which the young adult is involuntarily placed, unless the placement is through a court-appointed guardian.

(b) Before approving the residential setting in which the young adult will voluntarily live, the department or community-based care lead agency must ensure that:

1. The young adult will be provided with a level of supervision consistent with his or her individual education, health care needs, permanency plan, and independent living goals as assessed by the department or lead agency with input from the young adult. Twenty-four hour onsite supervision is not required; however, 24-hour crisis intervention and support must be available.

2. The young adult will live in an independent living environment that offers, at a minimum, life skills instruction,

counseling, educational support, employment preparation and placement, and development of support networks. The determination of the type and duration of services shall be based on the young adult's assessed needs, interests, and input and must be consistent with the goals set in the young adult's case plan.

Section 5. Paragraph (c) of subsection (2) of section 409.1415, Florida Statutes, is amended to read:

409.1415 Parenting partnerships for children in out-of-home care.—

(2) PARENTING PARTNERSHIPS.—

(c) An employee of a residential group home must meet the background screening requirements under s. 39.0138 and the level 2 screening standards for screening under chapter 435. An employee of a residential group home who works directly with a child as a caregiver must meet, at a minimum, the same education~~,~~ and training~~, background, and other screening~~ requirements as caregivers in family foster homes licensed as level II under s. 409.175(5).

Section 6. Paragraph (c) of subsection (2) of section 409.1678 is amended to read:

409.1678 Specialized residential options for children who are victims of commercial sexual exploitation.—

(2) CERTIFICATION OF SAFE HOUSES AND SAFE FOSTER HOMES.—

(c) To be certified, a safe house must hold a license as a residential child-caring agency, as defined in s. 409.175, and a safe foster home must hold a license as a family foster home, as defined in s. 409.175. A safe house or safe foster home must also:

1. Use strength-based and trauma-informed approaches to care, to the extent possible and appropriate.

2. Serve exclusively one sex.

3. Group child victims of commercial sexual exploitation by age or maturity level.

4. Care for child victims of commercial sexual exploitation in a manner that separates those children from children with other needs; however, this subparagraph does not apply to safe foster homes. ~~Safe houses and safe foster homes may care for other populations if the children who have not experienced commercial sexual exploitation do not interact with children who have experienced commercial sexual exploitation.~~

5. Have awake staff members on duty 24 hours a day, if a safe house.

6. Provide appropriate security through facility design, hardware, technology, staffing, and siting, including, but not limited to, external video monitoring or door exit alarms, a high staff-to-client ratio, or being situated in a remote location that is isolated from major transportation centers and common trafficking areas.

7. Meet other criteria established by department rule, which may include, but are not limited to, personnel qualifications, staffing ratios, and types of services offered.

Section 7. Subsection (3) of section 409.175, Florida Statutes, is amended to read:

409.175 Licensure of family foster homes, residential child-caring agencies, and child-placing agencies; public records exemption.—

(3)(a) The total number of children placed in each family

foster home shall be based on the recommendation of the department, or the community-based care lead agency where one is providing foster care and related services, based on the needs of each child in care, the ability of the foster family to meet the individual needs of each child, including any adoptive or biological children or young adults remaining in foster care living in the home, the amount of safe physical plant space, the ratio of active and appropriate adult supervision, and the background, experience, and skill of the family foster parents.

(b) If the total number of children in a family foster home will exceed six, excluding ~~five, including~~ the family's own children, an assessment of each child to be placed in the home must be completed by a family services counselor and approved in writing by the counselor's supervisor prior to placement of any additional children in the home, except that, if the placement involves a child whose sibling is already in the home or a child who has been in placement in the home previously, the assessment must be completed within 72 hours after placement. The assessment must assess and document the mental, physical, and psychosocial needs of the child and recommend the maximum number of children in a family foster home that will allow the child's needs to be met.

(c) For any licensed family foster home, the appropriateness of the number of children in the home must be reassessed annually as part of the relicensure process. For a home with more than six ~~five~~ children, if it is determined by the licensure study at the time of relicensure that the total number of children in the home is appropriate and that there have been no substantive licensure violations and no indications

of child maltreatment or child-on-child sexual abuse within the past 12 months, the relicensure of the home may ~~shall~~ not be denied based on the total number of children in the home.

(d) The department shall adopt rules to establish eligibility criteria for requesting a waiver for assessments required under this subsection and criteria to approve such waivers.

Section 8. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 918
INTRODUCER:	Senators Bradley and Jones
SUBJECT:	Education
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Westmark	Bouck	ED	**Favorable**
2.	Underhill	Elwell	AED	**Recommend: Favorable**
3.	Underhill	Sadberry	AP	**Favorable**

I. Summary:

SB 918 provides additional requirements for how the Advanced International Certificate of Education (AICE) FEFP bonus funds can be expended by school districts, and expands the expenditure of bonus funding to include school programs administered by the University of Cambridge Local Examinations Syndicate which prepare prospective students to enroll in AICE courses.

The bill also updates which teachers are eligible for a bonus to include classroom teachers who teach International General Certificate of Secondary Education (pre-AICE) courses.

The bill does not require a state appropriation. See Section V.

The bill takes effect July 1, 2021.

II. Present Situation:

Advanced International Certificate of Education (AICE)

Successful completion of an Advanced International Certificate of Education (AICE) curriculum[1] is one option for a student to graduate from high school in Florida with a standard high school diploma.[2] The Cambridge AICE Diploma is a certificate that requires learners to study a compulsory core subject with specified Cambridge subjects drawn from the three curriculum areas: mathematics and science (Group 1); languages (Group 2); and arts and

[1] Cambridge International AS and A Level qualifications offer a choice of 55 subjects, which schools can offer in almost any combination. An AS Level course typically lasts one academic year; an A Level course typically takes two years. Cambridge Assessment International Assessment, *Curriculum*, https://www.cambridgeinternational.org/programmes-and-qualifications/cambridge-advanced/cambridge-international-as-and-a-levels/curriculum/ (last visited Feb. 23, 2021).

[2] Section 1003.4282(1)(a), F.S.

humanities (Group 3). There is also the option to study interdisciplinary subjects (Group 4). In order to achieve the Cambridge AICE Diploma, learners must achieve a minimum of seven credits, with at least one credit from Groups 1, 2, and 3.[3] Prior to enrolling in Cambridge AICE courses, a student can enroll in Cambridge IGCSE, the International General Certificate of Secondary Education (pre-AICE).[4] Cambridge IGCSE examination sessions occur twice a year in June and in November.[5]

Over 700 universities in the United States formally accept Cambridge AS and A Levels and the Cambridge AICE Diploma.[6]

AICE in Florida

The AICE program is one of a number of articulated acceleration programs, which are intended to shorten the time necessary for a student to earn a high school diploma and a postsecondary degree, broaden the scope of curricular options available, or increase the depth of study available for a particular subject.[7] The law provides the following benefits to schools and students engaged in the AICE program:

- Successful completion of a course examination qualifies for college credit.[8]
- The percentage of a school's students eligible to earn college credit favorably affects the school's grade.[9]
- A grade earned in AICE or pre-AICE is assigned additional weight for determining student eligibility for a Bright Futures Scholarship.[10]
- Classroom teachers and school districts receive funding incentives based on the performance of each student in AICE examinations.[11]

At least 177 high schools in 31 Florida school districts currently offer the AICE program.[12] Almost 40 percent of AICE program participants in Florida are considered eligible for free or

[12] Email, Angela Dempsey, PooleMcKinley (Feb. 12, 2021) (on file with the Senate Committee on Education).

reduced-price meals.[13] During the 2019-2020 fiscal year, 63,212 students in Florida participated in the AICE program.[14]

In spring 2020, 47,577 students enrolled in pre-AICE courses in Florida.[15] In fall 2020, 54,046 students enrolled in pre-AICE courses in Florida.[16] In the 2019-2020 school year, 668 end-of-course pre-AICE exams were taken in Florida, of which 440 scored grade E or above.[17]

Funds for the Operation of Schools - AICE Incentive Funding

The Florida Education Finance Program (FEFP) provides a funding incentive for school districts with students in AICE courses who successfully complete AICE examinations or earn an AICE diploma.[18] A value of 0.16 FTE student membership is calculated for each student enrolled in a full-credit AICE course who receives a score of E, and 0.08 FTE student membership for each student enrolled in a half-credit AICE course who receives a score of E or higher on a subject examination. A value of 0.3 FTE student membership is calculated for each student who receives an AICE diploma.[19]

Current law requires each school district to allocate at least 80 percent of the funds received from the AICE bonus FTE funding to the school program that generated the funds.[20]

Additionally, classroom teachers receive bonus funds for the performance of their students on AICE examinations, in the amount of $50 for each student taught by the AICE teacher in each full-credit AICE course, and $25 for each student taught by the AICE teacher in each half-credit AICE course, who receives a score of E or higher on the AICE examination. An additional bonus of $500 is allotted to each AICE teacher in a school designated with a grade of "D" or "F" who has at least one student scoring E or higher on the full-credit AICE examination, regardless of the number of classes taught or number of such students, or an additional $250 to each AICE teacher in such a school who has at least one student scoring E or higher on the half-credit AICE examination in that class.[21]

III. Effect of Proposed Changes:

The bill modifies the requirement in law that each school district allocate at least 80 percent of the funds received from the Advanced International Certificate of Education (AICE) bonus FTE funding to the school program that generated the funds to also include school programs administered by the University of Cambridge Local Examinations Syndicate that prepare prospective students to enroll in AICE courses.

The bill adds a restriction that such funds must be expended solely for the payment of costs associated with the:

- Application and registration process;
- Program fees and site licenses;
- Training, professional development, salaries, benefits, and bonuses for instructional personnel and program coordinators;
- Examination and diploma fees;
- Membership fees;
- Supplemental books;
- Instructional supplies, materials, and equipment; and
- Other activities that identify prospective AICE students or prepare prospective students to enroll in AICE courses.

The bill specifies that the school district is required to distribute bonus funds to each classroom teacher who provided International General Certificate of Secondary Education (pre-AICE) instruction. The bill removes references to full-credit and half-credit courses and exams, to reflect that Cambridge no longer offers half-credit exams. Accordingly, the bill changes the designation from half-credit AICE courses to pre-AICE courses for the $25 and $250 bonus awards a teacher would earn for students who successfully complete examinations.[22]

Expanding the use of existing FTE bonus funding to school programs administered by the University of Cambridge Local Examinations Syndicate may require school districts to increase the support of pre-AICE instruction, which prepares prospective students to enroll in AICE courses. The financial supports for pre-AICE instruction and related activities may increase opportunities for Florida secondary students to take Cambridge courses and prepare for AICE courses.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

[22] Florida law does not provide similar funding incentives for pre-IB courses. Section 1011.62(1)(l), F.S. However, a value of 0.16 FTE is calculated for each student enrolled in an IB course who receives a score of 4 or higher on a subject examination, and a value of 0.3 FTE is calculated for each student who receives an IB diploma, which value is added to the FTE in basic programs from grades 9 through 12. *Id.*

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill does not require a state appropriation. Expanding the distribution of financial incentives to apply to International General Certificate of Secondary Education (pre-AICE) programs may affect how school districts allocate bonus funds related to Advanced International Certificate of Education (AICE) and pre-AICE activities.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1011.62 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Bradley

5-00782A-21 2021918__

A bill to be entitled

An act relating to education; amending s. 1011.62, F.S.; requiring school districts to allocate a certain amount of specified funds to certain programs that prepare prospective students to enroll in Advanced International Certificate of Education courses; requiring such funds to be spent on specified costs; requiring school districts to distribute specified bonuses to certain classroom teachers providing International General Certificate of Secondary Education instruction; requiring bonuses based on a student's specified score on the Advanced International Certificate of Education examination to be paid to all Advanced International Certificate of Education teachers instead of only full-credit Advanced International Certificate of Education teachers; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (m) of subsection (1) of section 1011.62, Florida Statutes, is amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

5-00782A-21 2021918__

OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(m) *Calculation of additional full-time equivalent membership based on Advanced International Certificate of Education examination scores of students.*—A value of 0.16 full-time equivalent student membership shall be calculated for each student enrolled in a full-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.08 full-time equivalent student membership shall be calculated for each student enrolled in a half-credit Advanced International Certificate of Education course who receives a score of E or higher on a subject examination. A value of 0.3 full-time equivalent student membership shall be calculated for each student who receives an Advanced International Certificate of Education diploma. Such value shall be added to the total full-time equivalent student membership in basic programs for grades 9 through 12 in the subsequent fiscal year. Each school district shall allocate at least 80 percent of the funds received from the Advanced International Certificate of Education bonus FTE funding, in accordance with this paragraph, to the school program that generated the funds and to school programs administered by the University of Cambridge Local Examinations Syndicate that prepare prospective students to enroll in Advanced International Certificate of Education courses. These funds shall be expended solely for the payment of costs associated with the application and registration process; program fees and site licenses; training, professional

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

development, salaries, benefits, and bonuses for instructional personnel and program coordinators; examination and diploma fees; membership fees; supplemental books; instructional supplies, materials, and equipment; and other activities that identify prospective Advanced International Certificate of Education students or prepare prospective students to enroll in Advanced International Certificate of Education courses. The school district shall distribute to each classroom teacher who provided Advanced International Certificate of Education or International General Certificate of Secondary Education (pre-AICE) instruction:

1. A bonus in the amount of $50 for each student taught by the Advanced International Certificate of Education teacher in each ~~full-credit~~ Advanced International Certificate of Education course who receives a score of E or higher on the Advanced International Certificate of Education examination. A bonus in the amount of $25 for each student taught by the pre-AICE ~~Advanced International Certificate of Education~~ teacher in each pre-AICE ~~half-credit Advanced International Certificate of Education~~ course who receives a score of E or higher on the pre-AICE ~~Advanced International Certificate of Education~~ examination.

2. An additional bonus of $500 to each Advanced International Certificate of Education teacher in a school designated with a grade of "D" or "F" who has at least one student scoring E or higher on the ~~full-credit~~ Advanced International Certificate of Education examination, regardless of the number of classes taught or of the number of students scoring an E or higher on the ~~full-credit~~ Advanced International

Certificate of Education examination.

3. Additional bonuses of $250 each to teachers of pre-AICE ~~half-credit Advanced International Certificate of Education~~ classes in a school designated with a grade of "D" or "F" which has at least one student scoring an E or higher on the pre-AICE ~~half-credit Advanced International Certificate of Education~~ examination in that class. Teachers receiving an award under subparagraph 2. are not eligible for a bonus under this subparagraph.

Bonuses awarded to a teacher according to this paragraph shall be in addition to any regular wage or other bonus the teacher received or is scheduled to receive.

Section 2. This act shall take effect July 1, 2021.

404 South Monroe Street
Tallahassee, FL 32399-1100

Dear Madam Chairman:

I respectfully request that Senate Bill 918 be placed on the committee's agenda at your earliest convenience. The bill will provide school districts an opportunity to use their Advanced International Certificate of Education (AICE) bonus FTE funding to support or add programs that expand access to rigorous courses and prepare students for Cambridge AICE courses.

Please let me know if you need additional information on this issue.

Sincerely,

Jennifer Bradley

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 936
INTRODUCER:	Military and Veterans Affairs, Space, and Domestic Security Committee and Senator Wright and others
SUBJECT:	Recovery of Spaceflight Assets
DATE:	April 16, 2021 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Stallard	Caldwell	MS	**Fav/CS**
2.	Cellon	Jones	CJ	**Favorable**
3.	Hrdlicka	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 936 creates s. 331.502, F.S., which provides that a spaceflight entity retains ownership over a spaceflight asset until the entity expressly abandons ownership of the asset. Spaceflight assets include any item or part of an item that is used in spaceflight activities, including launch and reentry.

The bill prohibits a person from appropriating a spaceflight asset that he or she finds to his or her use. Instead, the person must report the asset's location to law enforcement. Then, the law enforcement agency must make a reasonable effort to identify the asset's owner and promptly notify the owner of any information relevant to recovering the asset.

If a law enforcement officer determines that exigent circumstances require that a spaceflight asset's owner enter private property to recover the asset, the officer may authorize the entry. Exigent circumstances include a situation in which failure to enter the property could result in immediate danger to public safety or destruction of the asset.

The bill provides that a person who finds a spaceflight asset and knowingly uses it or refuses to surrender it commits a first degree misdemeanor, punishable by imprisonment for up to 1 year and a fine not exceeding $1,000. Moreover, the person must pay restitution to the owner.

The bill also amends s. 331.501, F.S., to update cross-references to federal law.

The bill may result in a positive fiscal impact on the private sector and a negative fiscal impact for the government sector. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2021.

II. Present Situation:

Spaceflight Assets in Florida

Florida has the second-highest number of aviation and aerospace establishments of any state. It is home to over 17,144 aerospace-related companies and more than 130,000 aerospace-related employees.[1] According to the Space Coast Office of Tourism, 31 launches took off from Cape Canaveral in 2020, and one U.S. Space Force official estimates there could be as many as 53 launches in 2021.[2]

Asset Recovery

In the past, officials have faced setbacks when attempting to recover spaceflight assets. Debris fell across eastern Texas and western Louisiana when the Space Shuttle Columbia tragically broke apart while re-entering the Earth's atmosphere in 2003.[3] Within hours of the Columbia disaster, debris from the shuttle was listed for sale on eBay. Similarly, members of the public attempted to sell debris from the Challenger after it exploded off the coast of Cape Canaveral.[4]

As a result of the high number of space operations launching from and returning to the state, spaceflight assets often return to the land within or water surrounding the state. Private spaceflight entities place an emphasis on reusability, turning to technological advances to aid in rocket and spacecraft recovery.[5] One company, for example, has tested mid-air recovery of a first-stage rocket, part of the company's plan to reuse the rocket.[6]

Lost or Abandoned Property

On Public Property

Chapter 705, F.S., relating to lost or abandoned property, provides specific procedures for reporting, disposing of, and ascertaining ownership of lost or abandoned property. The

procedures outlined in s. 705.103, F.S., apply only to lost and abandoned property found on public property and, in some cases, places open to the public.[7] Finders of lost or abandoned property and law enforcement are subject to procedures outlined in ch. 705, F.S., when attempting to ascertain the property's rightful owner. If the rightful owner does not come forward, the finder of the lost or abandoned property may claim the property so long as they follow the procedures outlined in ch. 705, F.S.

Any person who finds lost or abandoned property on public property has a duty to report the description and location of the property to a law enforcement officer.[8] If the law enforcement officer taking a report cannot identify or locate the rightful owner of reported lost or abandoned property, the law enforcement officer must ascertain whether the person reporting the property wishes to make a claim to the property. If so, that person must pay the law enforcement agency a reasonable sum of money to cover the agency's costs for transportation, storage, and publication of notice. If the rightful owner of the property comes forward, this sum is reimbursed to the finder of the property by the rightful owner reclaiming the property.[9]

A law enforcement officer who ascertains that lost or abandoned property is present on public property has a duty to make a reasonable attempt to ascertain the rightful owner and take such property into custody if the property is of such a nature that it can easily be removed.[10] If lost or abandoned property is of such a nature that it cannot be easily removed, the law enforcement officer places a notice on the item, which must comply with the requirements set forth in s. 705.103, F.S.[11] If the owner or any person interested in the lost or abandoned property has not removed the property within five days of the notice being posted, or shown reasonable cause as to why they have not done so, law enforcement:

- May retain any or all of the abandoned property for its own use or for use by the state or a local government, trade such property to another unit of local government or a state agency, donate the property to a charitable organization, sell the property, or notify the appropriate removal service.[12]
- Has a duty to take custody of the lost property, retain custody of such property for 90 days, and publish notice of the intended disposition of the property during the first 45 days of the 90-day timeline.[13]

The rightful owner of lost or abandoned property recovered from public property is liable to the law enforcement agency for costs of transportation and storage of such property and the law enforcement agency's cost for publication of notice. If the rightful owner does not pay such costs within 30 days of making a claim to the property, title to the property vests in the law enforcement agency.[14]

[10] Section 705.103(1), F.S.
[11] This notice shall be in substantially the same form as the template provided in s. 705.103, F.S., requiring that the property be removed within 5 days. Section 705.103(2), F.S.
[12] Section 705.103(2)(a), F.S.
[13] Section 705.103(2)(b), F.S.
[14] Section 705.103(7), F.S.

On Private Property

Lost or abandoned property found on private property is not covered by s. 705.103, F.S., and is subject to the principles of the common law of property.[15] Under common law, both the rightful owner and the finder of lost property have a protectable and enforceable interest in the property. The finder of personal property may protect his or her interest in the property and may defend the property against all others, other than the true owner of the property.[16]

Section 78.01, F.S., provides for the right of replevin, whereby "[a]ny person whose personal property is wrongfully detained by any other person or officer may have a writ of replevin to recover said personal property and any damages sustained by reason of the wrongful taking or detention as herein provided."

Absent any statutory obligation to follow specific procedures to ascertain the rightful owner, a person who finds personal property on private property has few obligations under the common law. Further, Florida provides no statutory obligation for local law enforcement to participate in the removal, transportation, or storage of personal property found on private property, leaving the decision to engage in such matters up to municipalities and local law enforcement agencies.[17]

Theft

A person who unlawfully appropriates lost or abandoned property for his or her own use or refuses to deliver such property when required to do so commits theft.[18] A person commits theft if he or she knowingly obtains or uses, or endeavors to obtain or use, the property of another with intent to, either temporarily or permanently:

- Deprive the other person of a right to the property or a benefit from the property; or
- Appropriate the property to his or her own use or to the use of any person not entitled to the use of the property.[19]

Section 812.014, F.S., defines theft offenses and generally categorizes the offense level based on the value of the property stolen. Whether a theft is a misdemeanor or a felony may also depend on the offender's prior history of theft convictions or the type of property stolen. In terms of severity, the two main categories of theft are grand theft and petit theft.[20]

Grand Theft

Grand theft is a felony of the first, second, or third degree, depending on the value of the item stolen.[21] The value range for each felony degree and the corresponding penalties are set forth in this chart:

[15] 93-30 Fla. Op. Att'y Gen. (1993).
[16] 76-101 Fla. Op. Att'y Gen. (1976).
[17] 93-30 Fla. Op. Att'y Gen. (1993).
[18] Section 705.102(4), F.S.
[19] Section 812.014(1), F.S.
[20] Section 812.014(2) and (3), F.S.
[21] Section 812.014(2), F.S. The felony degree of grand theft can also be determined by other circumstances, such as the nature of the item or the circumstances of the theft.

Degrees of Grand Theft		
First Degree	$100,000 or more[22]	Imprisonment for up to 30 years and a fine of up to $10,000[23]
Second Degree	$20,000 or more, but less than $100,000[24]	Imprisonment for up to15 years and a fine of up to $10,000[25]
Third Degree	$750 or more, but less than $20,000[26]	Imprisonment for up to 5 years and a fine of up to $5,000[27]

In some cases, the penalties may be more severe than those set forth in the above chart, such as in the case of a "habitual offender."[28]

Petit Theft

Petit theft is a misdemeanor of the first[29] or second degree,[30] depending on the value of the item stolen or the number of prior offenses.[31] A theft of an item valued at $100 or more, but less than $750, is first degree misdemeanor petit theft.[32] A person commits a second degree misdemeanor petit theft when he or she commits a theft that does not meet the criteria of any of the other degrees of theft set forth in statute.[33]

Section 331.501, F.S., Federal Law References

Section 331.501, F.S., provides an exemption from liability for a spaceflight entity[34] conducting launch or reentry services from the death or injury of a spaceflight participant[35] resulting from the risks inherent with space travel. Subsequent to the creation of s. 331.501, F.S., in 2008, the federal law which the statute references was amended to exclude a "government astronaut" from the definition of "space flight participant," and moved from 49 U.S.C. s. 70102 to 51 U.S.C. s. 50902.[36]

[22] Section 812.014(2)(a), F.S.
[23] Sections 775.082(3)(b) and 775.083(1)(b), F.S.
[24] Section 812.014(2)(b), F.S.
[25] Sections 775.082(3)(d) and 775.083(1)(b), F.S.
[26] Section 812.014(2)(c), F.S.
[27] Section 775.082(3)(e) and 775.083(1)(c), F.S.
[28] *See* s. 775.084, F.S.
[29] A first degree misdemeanor is punishable by imprisonment for up to 1 year and a fine of up to $1,000. Sections 775.082(4)(a) and 775.083(1)(d), F.S.
[30] A second degree misdemeanor is punishable by imprisonment for up to 60 days and a fine of up to $500. Sections 775.082(4)(b) and 775.083(1)(e), F.S.
[31] *See* s. 812.014(2)(e) and (3)(a), F.S.
[32] Section 812.014(2)(e), F.S.
[33] Section 812.014(3)(a), F.S.
[34] "Spaceflight entity" means any public or private entity holding a U.S. Federal Aviation Administration (FAA) launch, reentry, operator, or launch site license for spaceflight activities. The term also includes any manufacturer or supplier of components, services, or vehicles that have been reviewed by the FAA as part of issuing such a license, permit, or authorization. Section 331.501(1)(c), F.S.
[35] "Spaceflight participant" means an individual who is not crew or a government astronaut carried within a launch vehicle or reentry vehicle. 51 U.S.C. 50902(20).
[36] FAA Reauthorization Act of 2018, Pub. L. No. 115-254 (October 5, 2018); 51 U.S.C. 50902(20).

III. Effect of Proposed Changes:

The bill creates s. 331.502, F.S., which contains definitions, policies, and procedures related to spaceflight assets. The bill defines a spaceflight asset as "any item, or any part of an item, owned by a spaceflight entity which is used in spaceflight activities, including crewed and uncrewed spacecraft, satellites, launch vehicles, parachutes and other landing aids, and any ancillary equipment that was attached to the launch vehicle during launch, orbit, reentry, or recovery."

The bill provides that a spaceflight entity retains ownership over a spaceflight asset until the entity expressly abandons ownership of the asset.

Under the bill, any person who finds an item reasonably identifiable as a spaceflight asset is required to report the description and location of the asset to a law enforcement agency with jurisdiction over that location, regardless of whether the asset is found on public or private property. The bill requires any law enforcement agency that receives a report of a spaceflight asset to make a reasonable effort to identify the owner of the asset and promptly notify the owner of any information relevant to the recovery of the asset.

The bill provides that a law enforcement officer may authorize the owner of a spaceflight asset to enter private property to recover the asset when exigent circumstances[37] exist to justify the entry, including when failure to timely recover the asset may result in:

- An immediate danger to public safety; or
- Damage to or destruction of the spaceflight asset.

The bill creates the crime of misappropriation of a spaceflight asset, a misdemeanor of the first degree. Under this provision, a person commits misappropriation of a spaceflight asset if he or she knowingly appropriates an item reasonably identifiable as a spaceflight asset to his or her own use or to the use of any other person not entitled to the asset, or refuses to surrender a spaceflight asset to a law enforcement officer or the owner of the asset upon demand.

The bill requires a court to order any person convicted of misappropriation of a spaceflight asset to pay full restitution to the owner of the asset if, as a result of the misappropriation, the asset is damaged or cannot be recovered.

The bill updates cross-references in s. 331.501, F.S., to the United States Code defining the terms "participant" and "spaceflight activities," which moved from 49 U.S.C. s. 70102 to 51 U.S.C. s. 50902. Although the bill does not make substantive changes to s. 331.501, F.S., by updating the definition of "participant" the bill excludes the potential death or injury suffered by a government astronaut from the immunity protections enjoyed by a spaceflight entity.

The bill is effective July 1, 2021.

[37] The exigent circumstances doctrine is primarily used to overcome a warrant requirement and allow law enforcement onto or into private property in emergency or dangerous situation. *See Riggs v. State*, 918 So. 2d 274, 278 (Fla. 2005).

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Article VII, Section 18 of the State Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may have a positive fiscal impact as the bill helps safeguard expensive spaceflight assets from theft, including theft of proprietary technology and intellectual property that could be discovered by examining a spaceflight asset.

C. Government Sector Impact:

The bill may have a positive indeterminate (i.e. unquantifiable increase) jail bed impact on municipalities and county law enforcement agencies because it creates a new misdemeanor offense.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 331.501 of the Florida Statutes.

This bill creates section 331.502 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Military and Veterans Affairs, Space, and Domestic Security on March 1, 2021:

The committee substitute:

- Protects all "spaceflight assets," instead of protecting only a space vehicle and its parts;
- Defines spaceflight asset to include anything involved in the launch, orbit, or reentry of a spacecraft;
- Provides that the owner of a spaceflight asset retains ownership over the asset until the entity expressly abandons it;
- Removes the bill's authorization for law enforcement to require a person who finds a spaceflight asset to bring it to the owner or to the law enforcement agency;
- Creates the crime of "misappropriation of a spaceflight asset," a first degree misdemeanor;
- Describes misappropriation of a spaceflight asset as appropriating a spaceflight asset to that person's use or the use of another, or as the refusal to surrender the asset to a law enforcement officer or the asset's owner upon command; and
- Requires a court to order a person guilty of misappropriation of a spaceflight asset to pay restitution to the asset's owner for any damage the person caused.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Military and Veterans Affairs, Space, and Domestic Security; and Senators Wright and Farmer

583-02311-21 2021936c1

A bill to be entitled

An act relating to recovery of spaceflight assets; creating s. 331.502, F.S.; defining terms; providing that a spaceflight entity retains ownership of a spaceflight asset after launch or upon reentry; requiring a person who finds an item reasonably identifiable as a spaceflight asset to report the description and location of the asset to law enforcement; requiring a law enforcement agency to make reasonable efforts to identify and notify the owner of a spaceflight asset; authorizing the owner of a spaceflight asset to enter private property under specified circumstances; prohibiting a person from appropriating a spaceflight asset to his or her own use or refusing to surrender a spaceflight asset to law enforcement or the owner; providing criminal penalties; amending s. 331.501, F.S.; updating references to federal provisions; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 331.502, Florida Statutes, is created to read:

331.502 Recovery of spaceflight assets.—

(1) As used in this section, the term:

(a) "Launch" has the same meaning as provided in 51 U.S.C. 50902.

(b) "Law enforcement agency" has the same meaning as

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

583-02311-21 2021936c1

provided in s. 908.102.

(c) "Law enforcement officer" has the same meaning as provided in s. 943.10.

(d) "Reentry" has the same meaning as provided in 51 U.S.C. 50902.

(e) "Spaceflight activities" and "spaceflight entity" have the same meanings as provided in s. 331.501(1).

(f) "Spaceflight asset" means any item, or any part of an item, owned by a spaceflight entity which is used in spaceflight activities, including crewed and uncrewed capsules, launch vehicles, parachutes and other landing aids, and any ancillary equipment that was attached to the launch vehicle during launch, orbit, or reentry.

(2) A spaceflight entity retains ownership over a spaceflight asset following a launch or reentry, regardless of the physical condition or location of a spaceflight asset, unless or until such time the spaceflight entity expressly indicates its intent to abandon the asset.

(3)(a) A person who locates any item reasonably identifiable as a spaceflight asset must report the description and location of the spaceflight asset to a law enforcement agency having jurisdiction over the location.

(b) A law enforcement agency that receives a report under this subsection must make a reasonable effort to identify the owner of the spaceflight asset and promptly notify the owner of any information relevant to the recovery of the spaceflight asset.

(4) The owner of a spaceflight asset may enter private property to recover a spaceflight asset if a law enforcement

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

officer authorizes such entry after determining that exigent circumstances exist. Exigent circumstances may include, but are not limited to, a determination that a failure to timely recover the spaceflight asset may result in an immediate danger to public safety or damage to, or destruction of, the spaceflight asset.

(5) A person may not knowingly appropriate an item reasonably identifiable as a spaceflight asset to his or her own use, or to the use of any other person not entitled to the spaceflight asset, or refuse to surrender a spaceflight asset to a law enforcement officer or the owner upon demand. A person who violates this subsection commits misappropriation of a spaceflight asset, a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. A court shall order any person convicted of violating this subsection to pay restitution to the owner of the spaceflight asset if, as a result of the misappropriation of a spaceflight asset, the asset is damaged or cannot be recovered.

Section 2. Paragraphs (a) and (b) of subsection (1) of section 331.501, Florida Statutes, are amended to read:

331.501 Spaceflight; informed consent.—

(1) For purposes of this section, the term:

(a) "Participant" means any spaceflight participant as that term is defined in 51 U.S.C. s. 50902 ~~49 U.S.C. s. 70102~~.

(b) "Spaceflight activities" means launch services or reentry services as those terms are defined in 51 U.S.C. s. 50902 ~~49 U.S.C. s. 70102~~.

Section 3. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 976 creates "The Florida Wildlife Corridor Act" and provides legislative findings and purposes, and defines terms, for the act. The bill requires the Department of Environmental Protection (DEP) to encourage and promote various measures of investing in and protecting the Florida Wildlife Corridor.

The bill requires the St. Johns River Water Management District (SJRWMD), in consultation with the DEP, Seminole County, the Fish and Wildlife Conservation Commission (FWCC), and the Department of Transportation (DOT), to conduct a study and issue a report by December 31, 2021, that includes information and updates regarding the implementation of recommendations from the Little Wekiva Watershed Management Plan Final Report. The bill identifies what information is to be included in the report.
The bill requires the DEP and the SJRWMD to review any permits north of State Road 436 to assess whether a permittee is in violation of permit conditions and take appropriate action to resolve compliance issues.

The DEP and the SJRWMD shall review known permit violations that have occurred since 2018 and attempt to determine what effects such violations may have had on sediment accumulation in the Little Wekiva River.

The DEP has estimated the cost of the study to be approximately $500,000.

The bill is effective July 1, 2021.

II. Present Situation:

Wildlife Corridors

Wildlife corridors enable animals to safely travel in order to find mates, food, and shelter. This mobility results in increased genetic diversity within the species population and ensures a species' resistance to issues such as disease, genetic mutations due to inbreeding, and potential extinction.[1] Human development has resulted in many habitats becoming fragmented, creating blockades such as residential areas, industrial parks, and roads.[2] Wildlife corridors are sections of land that connect two or more wildlife habitats together and allow animals to avoid roads and other developments.[3] Florida's wildlife corridor encompasses about 17 million acres, including almost 10 million acres of conservation lands.[4]

Wekiva River System

The Wekiva River begins at the junction of Wekiwa Spring Run and Rock Springs Run and runs north for 15 miles.[5] It is a Florida and National Scenic and Wild River,[6] an Outstanding Florida Water,[7] and a state designated paddling trail.[8] The Little Wekiva River, Blackwater Creek, and more than 30 springs contribute their waters to the Wekiva River as it winds its way north.[9] The Wekiva River Basin is a complex ecological system of rivers, springs, seepage areas, lakes, streams, sinkholes, wetland prairies, hardwood hammocks, pine flatwoods, and sand pine scrub communities.[10] The superb ecological condition of the Wekiva River Basin supports many species of plant and animal life, some of which are endangered, threatened, or of special concern.[11]

The Little Wekiva River is a tributary to the Wekiva River. It is approximately 15 miles long, and its main stem flows northward from Lake Lawne in Orlando.[12] Its stream course consists of a combination of channelized ditches, lakes, incised channel reaches and meandering wetland flow

until its confluence with the Wekiva River.[13] According to the 2005 Little Wekiva River Watershed Management Plan, the Little Wekiva River has experienced chronic occurrences of sedimentation from the urbanization of the river's watershed which has overtaxed the conveyance and sediment transport capacity of the river.[14]

Wekiva River Protection Act

In 1988, the Florida Legislature passed the Wekiva River Protection Act and declared the Wekiva River Protection Area as a natural resource of state and regional importance.[15] The act requires the river's surrounding counties to amend their comprehensive plans and land development rules to deter wetlands losses, promote protection of wildlife and their habitats, and provide long-term protection for the area.[16] A small portion of the Little Wekiva River Basin is within this protection area, namely the area of the basin that is to the north of State Road 434 and to the west of Markham Woods Road.[17] The map below shows the Wekiva River Protection Area.[18]

Seminole County Little Wekiva River Restoration Project

Seminole County has proposed a project to maintain and restore the Little Wekiva River in a proposed area that is approximately 7,000 linear feet in length and 20 acres.[19] The proposed area is shown in the map below. The project is intended to address excess accumulated sediments and vegetation that are causing the river to expand into the flood plain. Proposed project activities include harvesting invasive plant islands, removing deposited sediments within the river, re-contouring historic meanders, and replanting with beneficial native plant species.[20]

Seminole County is leading the project and coordinating with local residents, the St. Johns River Water Management District, the DEP, the FWCC, the DOT, Orange County, the City of Altamonte Springs, United States Representative Stephanie Murphy, Florida Audubon, and the Friends of the Wekiva River.[21]

Seminole County estimates that the project will cost $1,650,000 and is seeking matching funds for the restoration project with local and state partners, the DEP and water management district grants, and local sales tax funding.[22]

Environmental Resource Permits

Florida's environmental resource permit (ERP) program regulates activities involving the alteration of surface water flows.[23] An ERP authorizes new development or construction

[19] *Seminole County*, Little Wekiva River Restoration Project (undated memo) (on file with the Senate Committee on Environment and Natural Resources).
[20] *Id*.
[21] *Id*.
[22] *Id*.
[23] DEP, *Environmental Resource Permitting Online Help*, https://floridadep.gov/water/submerged-lands-environmental-resources-coordination/content/environmental-resource-0 (last visited Mar. 2, 2021).

activities to occur in a manner that will prevent flooding, manage surface water, and protect water quality, wetlands, and other surface waters from stormwater pollution.[24] Unless specifically exempt or below permitting thresholds, anyone proposing construction of new facilities, such as residential, commercial, governmental or institutional, or anyone proposing work in, on, or over wetlands or other surface waters, must obtain an ERP prior to beginning construction.[25] Construction requiring an ERP includes dredging or filling; dams, impoundments, docks or other structures; and stormwater management systems.[26]

The ERP program is implemented by the DEP, the water management districts, and certain delegated local government programs. The ERP rule criteria are designed to protect water quantity, water quality, and wetland functions. An applicant must:

- Provide reasonable assurance that state water quality standards will not be violated and the activity is not contrary to public interest;
- Demonstrate that the development is not harmful to the water resources or inconsistent with the overall objectives of the appropriate water management district or the DEP; and
- Have a plan for implementing performance-based erosion and sediment control BMPs, which must be installed and maintained in accordance with specified manuals.[27]

If wetland or other surface water impacts will occur, mitigation is usually required to offset adverse impacts to wetland or other surface water functions.[28] The DEP is authorized to issue administrative penalties under s. 403.121, F.S., for violations of the ERP permitting process.

III. Effect of Proposed Changes:

Section 1 of the bill creates s. 259.1055, F.S., and titles it the "Florida Wildlife Corridor Act." It provides legislative findings that Florida's population is growing rapidly and that vital wildlife habitat needs to be preserved. The bill provides further legislative findings that the Florida wildlife corridor is an existing physical, geographically defined area that encompasses more than 18 million acres of land, 10 million of which are conservation lands.

The bill provides that the purpose of this act is to create incentives for conservation and sustainable development while sustaining and conserving green infrastructure by doing all of the following:

- Maintaining wildlife access to the habitats needed to allow for migration of and genetic exchange amongst regional wildlife populations.
- Preventing fragmentation of wildlife habitats.

June 1, 2018), *available at* https://www.swfwmd.state.fl.us/sites/default/files/medias/documents/Appliicant_Hanbook_I_-_Combined.pd_0.pdf.
[28] St. Johns River Water Management District, *Permitting*, https://www.sjrwmd.com/permitting/#about-erps (last visited Mar. 2, 2021).

- Protecting the headwater of major watershed, including the Everglades and the St. Johns River.
- Providing ecological connectivity of the lands needed for flood and sea-level rise resiliency and large-scale ecosystem function, such as water management and prescribed burns essential for land management and restoration.
- Preserving and protecting land and waters that are critical to wildlife and the state's groundwater recharge that provide drinking water to most Floridians and maintain the health of downstream estuaries.
- Provide wildlife crossings for the protection and safety of wildlife and the traveling public.
- Help to sustain the state's working ranches, farms, and forests that provide compatible wildlife habitats while sustaining rural prosperity and agricultural production.

The bill provides definitions for:

- "Conserved lands" means federal, state, or local lands owned or managed for conservation purposes, including, but not limited to, federal, state, and local parks; federal and state forests; wildlife management areas' wildlife refuges' military bases and airports with conservation lands; properties owned by land trusts and managed for conservation; and privately owned land with a conservation easement, including, but not limited to, ranches, forestry operations, and groves.
- "Department" means the Department of Environmental Protection.
- "Florida Ecological Greenways Network" (FEGN) is a periodically updated model developed to delineate large connected areas of statewide ecological significance.
- "Florida wildlife corridor" means the conserved lands and opportunity areas defined by the Department of Environmental Protection (DEP) as priority one, two, and three categories of the FEGN.
- "Opportunity area" means those lands and waters within the Florida wildlife corridor which are not conserved lands and the green spaces within the Florida wildlife corridor which lack conservation status, are contiguous to or between conserved lands, and provide an opportunity to develop the Florida wildlife corridor into a statewide conservation network.
- "Wildlife" has the same meaning as in the Wildlife Violator Compact, s. 379.2255, F.S.
- "Wildlife corridor" means a network of connected wildlife habitats required for the long-term survival of and genetic exchange amongst regional wildlife populations which serves to prevent fragmentation by providing ecological connectivity of the land needed to furnish adequate habitats and allow safe movement and dispersal.
- "Wildlife crossing" means a landscape design element that connects two or more patches of wildlife habitat and functions as a safe conduit for wildlife travel.

The bill requires the DEP to:

- Encourage all state, regional, and local agencies that acquire lands, including, but not limited to, the Fish and Wildlife Conservation Commission (FWCC) and the Department of Transportation (DOT), to include in their land buying efforts the acquisition of sufficient legal interest in opportunity areas to ensure the continued viability of the Florida wildlife corridor.
- Encourage investment in conservation easements voluntarily entered into by private landowners to conserve opportunity areas.

- Encourage state land-buying agencies and state land management agencies to consider the conservation of opportunity areas as a multi-phased project for the purpose of listing, acquisition, and management.
- Consider the inclusion of private funds to supplement the state's contribution in its efforts to acquire a fee or less-than-fee interest in lands that contain recognized opportunity areas and conserved lands in the Florida wildlife corridor.
- Seek opportunities to attract new sources of federal funding and to strengthen existing programs to protect and conserve the Florida wildlife corridor.
- Encourage private landowners, through existing and future incentives and liability protections, to continue to allow their private property to be used for the preservation and enhancement of the Florida wildlife corridor.
- Encourage new approaches and novel financing mechanisms for long-term protection of the Florida wildlife corridor, including, but not limited to, public-private partnerships; payments for ecosystem services; blended financing for growth, resilience, and green infrastructure; and support for the sustainable growth of agriculture.
- Encourage state and local agencies with economic and ecotourism development responsibilities to recognize the importance of the Florida wildlife corridor in encouraging public access to wildlife areas and bringing nature-based tourism to local communities and to support acquisition and development activities for preservation and enhancement of the Florida wildlife corridor.
- Encourage private investment in ecotourism focused on the Florida wildlife corridor.
- Encourage the protection, preservation, and enhancement of the natural value of the Florida wildlife corridor for current and future residents of Florida.

The bill provides that this act may not be construed to authorize or affect the use of private property.

Section 2 requires the St. Johns River Water Management District (SJRWMD), in consultation with the DEP, Seminole County, the FWCC, and the DOT, to conduct a study and issue a report by December 31, 2021, that includes information and updates regarding the implementation of recommendations from the Little Wekiva Watershed Management Plan Final Report dated November 2005. The report must include a description of all projects or recommendations included in the report that have been implemented and their completion dates, an analysis of how the projects or recommendations achieved the results included in the report, an analysis of costs for ongoing operation and maintenance of the constructed projects completed, a list of permit violations which may have contributed to sediment buildup north of State Road 436, an analysis of any new projects that may benefit the watershed, and recommendations and cost estimates for future studies or projects that may be necessary to identify new or potentially significant contributors of sediment accumulation in the Little Wekiva River.

The bill requires the DEP and the SJRWMD to immediately review, with the goal of identifying significant contributors of sediment accumulation, any permits which the water management district has determined may have contributed to sediment buildup north of State Road 436 to assess whether the permittee is in violation of any permit conditions.

The bill requires, as part of the review, the DEP and the water management district shall review known violations of such permits since 2018 and attempt to determine, using existing information, what effects such violations may have had on sediment accumulation in the Little Wekiva River.

The bill takes effect on July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Department of Environmental Protection estimates the cost of the study to be approximately $500,000.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates an undesignated section of law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on April 19, 2021:
The committee substitute:

- Revises the title of the bill to be "an act relating to the protection of ecological systems."
- Creates a new section of the bill, entitled "The Florida Wildlife Corridor Act."
- Provides legislative findings and purposes, and defines terms, for the act.
- Requires the Department of Environmental Protection (DEP) to take certain actions to encourage support of the Florida wildlife corridor.
- Prohibits a local or state governmental entity from restricting proposed future activities on private property designated within the Florida wildlife corridor boundaries based upon the property's inclusion in the Florida wildlife corridor area.
- Provides that the Florida Wildlife Corridor Act may not be construed to authorize or affect the use of private property.
- Revises the report required under the bill and requires the St. Johns River Water Management District (SJRWMD) to issue the report.
- Provides that the permit review by the DEP and the SJRWMD be conducted with the goal of identifying significant contributors of sediment accumulation.
- Requires a review of known permit violations as part of the permit review.

CS by Environment and Natural Resources on March 2, 2021:

- Revises the purpose of the study required under the bill to detail improvements to the water quality and ecology of the Little Wekiva River area which might be achieved by certain efforts.
- Authorizes local or state agencies or their contractors to conduct restoration efforts during the time the study is being completed.
- Requires the DEP and the water management districts to review permits north of State Road 436 where the Little Wekiva River is identified as the receiving waters to assess whether the permittee is in violation of any permit conditions, take appropriate action to resolve compliance issues, and remediate any impacts from sedimentation.
- Authorizes permitting agencies to levy all fines authorized by law commensurate with restoration costs on a permittee or contractors found to be in violation of a permit condition for a project that has had an accumulation of sediments or caused ecological harm to the Little Wekiva River.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Brodeur) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 259.1055, Florida Statutes, is created to read:

259.1055 Florida wildlife corridor.—

(1) SHORT TITLE.—This section may be cited as the "The Florida Wildlife Corridor Act."

(2) LEGISLATIVE FINDINGS.—The Legislature finds that this

380062

state's population is growing rapidly and that lands and waters that provide this state's green infrastructure and vital habitat for wide-ranging wildlife, such as the Florida panther, need to be preserved and protected. The Legislature further finds that the Florida wildlife corridor is an existing physical, geographically defined area consisting of more than 18 million acres of land, 10 million of which are conservation lands.

(3) PURPOSE.—The purpose of this act, and of the Florida wildlife corridor itself, is to create incentives for conservation and sustainable development while sustaining and conserving the green infrastructure that is the foundation of this state's economy and quality of life by doing all of the following:

(a) Maintaining wildlife access to the habitats needed to allow for migration of and genetic exchange amongst regional wildlife populations.

(b) Preventing fragmentation of wildlife habitats.

(c) Protecting the headwaters of major watersheds, including the Everglades and the St. Johns River.

(d) Providing ecological connectivity of the lands needed for flood and sea-level rise resiliency and large-scale ecosystem functions, such as water management and prescribed burns essential for land management and restoration.

(e) Preserving and protecting land and waters that are not only vital to wildlife but are critical to this state's groundwater recharge and that serve as watersheds that provide drinking water to most Floridians and help maintain the health of downstream coastal estuaries.

(f) Providing for wildlife crossings for the protection and

380062

safety of wildlife and the traveling public.

(g) Helping to sustain this state's working ranches, farms, and forests that provide compatible wildlife habitats while sustaining rural prosperity and agricultural production.

(4) DEFINITIONS.—As used in this section, the term:

(a) "Conserved lands" means federal, state, or local lands owned or managed for conservation purposes, including, but not limited to, federal, state, and local parks; federal and state forests; wildlife management areas; wildlife refuges; military bases and airports with conservation lands; properties owned by land trusts and managed for conservation; and privately owned land with a conservation easement, including, but not limited to, ranches, forestry operations, and groves.

(b) "Department" means the Department of Environmental Protection.

(c) "Florida Ecological Greenways Network" is a periodically updated model developed to delineate large connected areas of statewide ecological significance.

(d) "Florida wildlife corridor" means the conserved lands and opportunity areas defined by the department as priority one, two, and three categories of the Florida Ecological Greenways Network.

(e) "Opportunity area" means those lands and waters within the Florida wildlife corridor which are not conserved lands and the green spaces within the Florida wildlife corridor which lack conservation status, are contiguous to or between conserved lands, and provide an opportunity to develop the Florida wildlife corridor into a statewide conservation network.

(f) "Wildlife" has the same meaning as in Article II of the

380062

Wildlife Violator Compact Act, s. 379.2255.

(g) "Wildlife corridor" means a network of connected wildlife habitats required for the long-term survival of and genetic exchange amongst regional wildlife populations which serves to prevent fragmentation by providing ecological connectivity of the lands needed to furnish adequate habitats and allow safe movement and dispersal.

(h) "Wildlife crossing" means a landscape design element that connects two or more patches of wildlife habitat and that is meant to function as a safe conduit for wildlife over or beneath roads, waters, and other barriers to wildlife movement and that is designed to protect Florida panther and other critical wildlife habitat corridor connections and to reduce motor vehicle collisions with wildlife, reduce the likelihood of injuries and mortalities to humans and wildlife from such collisions, and to reduce the potential for damage to motor vehicles from such collisions.

(5) DUTIES OF THE DEPARTMENT.—The department shall:

(a) Encourage all state, regional, and local agencies that acquire lands, including, but not limited to, the Fish and Wildlife Conservation Commission and the Department of Transportation, to include in their land-buying efforts the acquisition of sufficient legal interest in opportunity areas to ensure the continued viability of the Florida wildlife corridor.

(b) Encourage investment in conservation easements voluntarily entered into by private landowners to conserve opportunity areas.

(c) Encourage state land-buying agencies and state land management agencies to consider the conservation of opportunity

380062

areas as a multi-phased project for the purpose of listing, acquisition, and management.

(d) Consider the inclusion of private funds to supplement the state's contribution in its efforts to acquire a fee or less-than-fee interest in lands that contain recognized opportunity areas and conserved lands in the Florida wildlife corridor.

(e) Seek opportunities to attract new sources of federal funding and to strengthen existing programs to protect and conserve the Florida wildlife corridor.

(f) Encourage private landowners, through existing and future incentives and liability protections, to continue to allow their private property to be used for the preservation and enhancement of the Florida wildlife corridor.

(g) Encourage new approaches and novel financing mechanisms for long-term protection of the Florida wildlife corridor, including, but not limited to, public-private partnerships; payments for ecosystem services; blended financing for growth, resilience, and green infrastructure; and support for the sustainable growth of agriculture.

(h) Encourage state and local agencies with economic and ecotourism development responsibilities to recognize the importance of the Florida wildlife corridor in encouraging public access to wildlife areas and bringing nature-based tourism to local communities and to support acquisition and development activities for preservation and enhancement of the Florida wildlife corridor.

(i) Encourage private investment in ecotourism focused on the Florida wildlife corridor.

380062

(j) Encourage the protection, preservation, and enhancement of the natural value of the Florida wildlife corridor for current and future residents of this state.

(6) RESTRICTIONS.—A local or state governmental entity may not restrict proposed future activities on private properties designated within the Florida wildlife corridor boundaries based upon the property's inclusion in the Florida wildlife corridor area.

Section 2. (1) The St. Johns River Water Management District, in consultation with the Department of Environmental Protection, Seminole County, the Fish and Wildlife Conservation Commission, and the Department of Transportation, shall issue a report by December 31, 2021, that includes information and updates regarding the implementation of recommendations from the Little Wekiva Watershed Management Plan Final Report dated November 2005. The report must include, but not be limited to, the following information: a description of all projects or recommendations included in the report that have been implemented and their completion dates, an analysis of how the projects or recommendations achieved the results included in the report, an analysis of costs for ongoing operation and maintenance of the constructed projects completed, a list of permit violations which may have contributed to sediment buildup north of S.R. 436, an analysis of any new projects that may benefit the watershed, and recommendations and cost estimates for future studies or projects that may be necessary to identify new or potentially significant contributors of sediment accumulation in the Little Wekiva River.

(2)(a) The Department of Environmental Protection and the

380062

water management district shall immediately review, with the goal of identifying significant contributors of sediment accumulation, any permits which the water management district has determined may have contributed to sediment buildup north of S.R. 436 to assess whether the permittee is in violation of any permit conditions. Appropriate action to resolve compliance issues shall be undertaken pursuant to chapter 373 if the department or the water management district discovers a violation of any permit condition.

(b) As part of the review, the Department of Environmental Protection and the water management district shall review known violations of such permits since 2018, and attempt to determine, using existing information, what effects such violations may have had on sediment accumulation in the Little Wekiva River.

Section 3. This act shall take effect July 1, 2021.

================ T I T L E A M E N D M E N T ================

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to the protection of ecological systems; creating s. 259.1055, F.S.; providing a short title; providing legislative findings and a purpose for the Florida Wildlife Corridor Act; defining terms; requiring the Department of Environmental Protection to take certain actions to support the Florida wildlife corridor; prohibiting proposed future activities on private properties within the Florida wildlife corridor from being restricted by local or state governmental

380062

entities; requiring the St. Johns River Water Management District, in consultation with the Department of Environmental Protection, Seminole County, the Fish and Wildlife Conservation Commission, and the Department of Transportation, to issue a report that includes information and updates regarding the implementation of recommendations from the Little Wekiva Watershed Management Plan Final Report dated November 2005 by a specified date; requiring the Department of Environmental Protection and the water management district to review certain permits along the Little Wekiva River; requiring certain enforcement actions to be taken against noncompliant permittees; providing an effective date.

And the title is amended as follows:

785526

Delete lines 182 - 185

and insert:

Florida wildlife corridor; providing construction; requiring the St. Johns River Water Management

By the Committee on Environment and Natural Resources; and
Senator Brodeur

592-02336-21 2021976c1

A bill to be entitled

An act relating to a study of the Little Wekiva River; requiring the Department of Environmental Protection, in consultation with the St. Johns River Water Management District, Seminole County, the Fish and Wildlife Conservation Commission, and the Department of Transportation, to conduct a study and issue a report on sediment accumulation and water quality in the Little Wekiva River by a specified date; providing requirements for the report; authorizing local and state entities or their contractors to conduct restoration efforts during the study period; requiring the department and the water management district to review certain permits along the Little Wekiva River; requiring certain enforcement actions to be taken against noncompliant permittees; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. The Department of Environmental Protection, in consultation with the St. Johns River Water Management District, Seminole County, the Fish and Wildlife Conservation Commission, and the Department of Transportation, shall conduct a study and issue a report by December 31, 2021, to identify the source of sediment accumulation in the Little Wekiva River and detail improvements to the water quality and ecology of the area which might be achieved by efforts to remove accumulated sediments by appropriate means, restore the natural river channel, remove

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02336-21 2021976c1

invasive plants, and implement protective measures. The report must include an estimated cost for each improvement and potential funding sources. Local or state agencies or their contractors may conduct restoration efforts during the study period. The department and the water management district shall immediately review any permits north of S.R. 436 where the Little Wekiva River is identified as the "receiving waters" to assess whether any permittee is in violation of any permit conditions, take appropriate action to resolve any compliance issues, and remediate any impacts related to sedimentation in the Little Wekiva River and its adjacent wetland habitat. If a permittee or their contractors are found to be in violation of any permit condition associated with a project that has had an accumulation of sediments or has been found to have caused ecological harm to the Little Wekiva River, the permitting agencies shall levy all fines authorized by law commensurate with restoration costs.

Section 2. This act shall take effect July 1, 2021.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

2.	Dale	Harkness	ACJ	**Recommend: Fav/CS**
3.	Dale	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 1002 amends section 943.326, Florida Statutes, to require that the Florida Department of Law Enforcement (FDLE) create and begin to maintain a statewide database, the purpose of which is to track the location, processing status, and storage of sexual assault evidence kits (SAKs). Beginning with SAKs collected after the database is implemented, they will be tracked from evidence collection throughout the criminal justice process. The database must be created no later than July 1, 2023, and is subject to appropriation by the Legislature.

The alleged victim, who has reported the crime to law enforcement, will have the ability to access the database and follow his or her SAK from the collection site, to law enforcement agency storage, then to the crime laboratory for forensic testing and back to law enforcement agency storage.

If there is a DNA match between the SAK evidence and a person whose DNA is stored in a local, state, or federal database and who may be a suspect or person of interest in the case, the alleged victim will be notified of the match, but not the person's identity, via the newly-created statewide database

Law enforcement agencies, medical facilities, crime laboratories, and any other facilities that collect, receive, maintain, store, or preserve the SAKs must participate in the database, as

required by the FDLE. The FDLE must adopt rules establishing requirements for each of the entities participating in the database.

If the alleged victim is a minor, his or her parent, guardian, or legal representative will have access to the database. If the alleged victim is deceased, his or her personal representative will have access.

The FDLE is required to ensure that each alleged victim, or his or her representative is notified of the existence of the database and provided with instruction on how to access the database.

The FDLE may phase in participation and access to the new statewide SAK tracking database at its discretion and in the manner it chooses. All entities in the chain of custody of SAKs must fully participate in the statewide database no later than one year after its creation. The FDLE must apply for any available grant funds to assist in implementing the database.

The bill states that the act may be cited as "Gail's Law."

The bill will have a negative fiscal impact on the FDLE. See Section V. Fiscal Impact Statement.

The bill becomes effective July 1, 2021.

II. Present Situation:

Forensic Evidence Collection in Sexual Assault Cases

A sexual assault kit (SAK), is a medical kit used by a healthcare provider to collect evidence from the body and clothing of a victim of sexual battery or other sexual offense during a forensic physical examination. The kit contains tools such as swabs, tubes, glass slides, containers, and plastic bags. These items are used to collect and preserve bodily fluids, hair, and fibers that can help identify DNA (deoxyribonucleic acid) and other forensic evidence left by a perpetrator.[1] SAK contents are typically very standardized and, because they are collected directly from the victim's person, generally represent the most probative evidence.[2]

According to protocols developed by the Department of Legal Affairs (DLA), healthcare providers conducting the forensic physical examination should complete the document entitled "Sexual Assault Kit Form for Healthcare Providers."[3] This document includes an exam consent

form that requires the victim or his or her legal guardian to indicate that he or she consents to a forensic physical examination for the preservation of evidence of a sexual offense.[4] The victim or his or her legal guardian will also be asked whether he or she wants to report the sexual offense to law enforcement. Non-reporting victims' SAKs will be retained as evidence should he or she decide to report the offense at a later date, but unless there is an active criminal case, the SAK will not be tested for DNA.[5]

The DLA protocols provide instructions for sealing the SAK upon completion of the exam and indicate that the SAK must stay with the examiner or secured in a locked area with limited access and proper chain of custody procedures until transferred to the proper law enforcement agency.[6]

Evidence Submission, DNA Testing, DNA Database

A law enforcement agency must submit a SAK, or other DNA evidence if a kit is not collected, to a member of the statewide criminal analysis laboratory system for forensic testing within 30 days after:

- Receipt of the evidence by a law enforcement agency if a report of the sexual offense is made to the law enforcement agency; or
- A request to have the evidence tested is made to the medical provider or the law enforcement agency by:
  - The alleged victim;
  - The alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor; or
  - The alleged victim's personal representative, if the alleged victim is deceased.[7]

The victim or the victim's representative must be informed of the purpose of submitting the SAK or other evidence by the law enforcement agency or the medical provider collecting the SAK.[8]

Generally, law enforcement agencies in Florida submit SAKs for DNA analysis to the statewide criminal analysis laboratory system, which consists of six laboratories operated by the Florida Department of Law Enforcement (FDLE) in Ft. Myers, Jacksonville, Pensacola, Orlando,

[8] Section 943.326(2), F.S.

Tallahassee, and Tampa and five local laboratories in Broward, Indian River, Miami-Dade, Palm Beach, and Pinellas counties.[9]

Testing of SAKs must be completed no later than 120 days after submission to a member of the statewide criminal analysis laboratory system.[10] Testing satisfies the statutory timeline when a member of the statewide criminal analysis laboratory system tests the contents of the SAK in an attempt to identify the foreign DNA attributable to a suspect.[11]

Evidence that may carry a suspect's DNA can be found on physical evidence such as the victim's clothing or bedding. This type of physical evidence is typically accepted for laboratory analysis if no probative results are obtained from the SAK which may include a pair of underwear worn by the victim at the time of the crime or closely thereafter, and a condom, if applicable.[12]

The state crime laboratories perform short tandem repeats (STR)[13] DNA testing on evidence received from a law enforcement agency, comparing the SAK or crime scene DNA evidence to known DNA samples. The DNA samples from the SAK or other crime scene evidence that do not match the victim's DNA may be attributed to the suspect.[14] The suspect's DNA from the SAK or the crime scene may be submitted to the local, state or Federal Bureau of Investigation's Combined DNA Index System (CODIS) to be searched against local, state, and national casework index files and convicted offender profiles, which could reveal the identity of the perpetrator.[15]

Sexual Assault Kit Tracking

Law Enforcement Tracking

Investigative reporting in the 2000's discovered that large cities like New York and Los Angeles, among others had large numbers of SAKs that had not been submitted to laboratories for DNA testing.[16] Florida was among the states that had a SAK backlog. For this reason, the 2015

January 2015, available at https://www.fdle.state.fl.us/Publications/Documents/Brochures/DNABrochureJan2015_1.aspx#:~:text=Biology/DNA%20Laboratory%20and%20the%20DNA%20Investigative%20Support%20Database,LAW%20ENFORCEMENT%202331%20Phillips%20Road%20Tallahassee,%20Florida%2032308 (last visited February 18, 2021).
[14] *Id*.
[15] *Id*.
[16] There were a reported 17,000 unsubmitted SAKs in New York City, and at least 12,669 in Los Angeles. Madeleine Carlisle, *A New System to Ensure Sexual-Assault Cases Aren't Forgotten*, The Atlantic, April 7, 2019, available at https://www.theatlantic.com/politics/archive/2019/04/many-states-are-adopting-rape-kit-tracking-systems/586531/ (last visited February 23, 2021). *See also* Florida Department of Law Enforcement, *Assessment of Unsubmitted Sexual Assault Kits*, p. 1, available at http://www.fdle.state.fl.us/docs/SAKResults.pdf (last visited February 17, 2021).

Legislature required the FDLE to complete a statewide assessment of unsubmitted SAKs and report on the findings by January 1, 2016.[17]

Local law enforcement agencies were surveyed by the FDLE with 279 agencies responding. The survey responses showed that in 2015, there were approximately 13,435 unsubmitted SAKs of which agencies approximated 9,484 of them should be submitted (under agency guidelines) to the state crime laboratories for DNA testing. The decision to submit a SAK rested with the local law enforcement agencies.[18] Until s. 943.326, F.S., became effective on July 1, 2016, there were no statewide standards or expectations regarding the submission of SAKs.

The FDLE completed laboratory analysis of the previously unsubmitted SAKs with an offense date of prior to October 1, 2014, by the end of June, 2019.[19] DNA testing of the 8,023 SAKs resulted in 1,814 CODIS "hits" which linked the DNA from the SAKs to a possible suspect in the sexual assault and possibly other unsolved crimes throughout the country.[20]

Other States Statewide SAK Tracking Provides Victims' Access

In 2016, Idaho was the first state to create its own statewide SAK tracking system. Idaho has shared this system with other states free of charge. The states that have not taken Idaho up on its offer have largely contracted with one of several companies that provide services like round-the-clock technical support.[21]

As adopted or considered in other states, SAK tracking typically consists of a software program that provides for the upload of SAK location information by medical, law enforcement, and laboratory personnel. A secure database that contains no personal information allows victims of sexual assault to monitor the progress of the SAK for his or her case through the criminal justice system. The tracking is typically accomplished by checking a randomly assigned bar code matching the bar code used to track the evidence by law enforcement and laboratories.[22]

Florida does not currently possess a statewide electronic tracking system for SAKs.

[22] *Id*.

III. Effect of Proposed Changes:

The bill requires that, subject to appropriation by the Legislature, and no later than July 1, 2023, the FDLE create and begin to maintain a statewide database, the purpose of which is to track the location, processing status, and storage of sexual assault evidence kits (SAKs). Beginning with SAKs collected after the database is implemented, they will be tracked from evidence collection throughout the criminal justice process. The database must be accessible to:

- The alleged victim of the sexual assault;
- The alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor;
- The alleged victim's personal representative, if the alleged victim is deceased; and
- Law enforcement agencies.

The bill specifies that law enforcement agencies, medical facilities, crime laboratories, and any other facilities that collect, receive, maintain, store, or preserve the SAKs must participate in the database, as required by the FDLE. The FDLE must adopt rules establishing requirements for each of the entities participating in the database.

The FDLE is required to ensure that each alleged victim, the alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor, and the alleged victim's personal representative, if the alleged victim is deceased is:

- Notified of the existence of the database;
- Provided with instruction on how to access the database; and
- Informed that he or she is entitled to access information regarding the alleged victim's SAK, including:
  - Tracking information;
  - Testing status; and
  - Any DNA matches to a person deemed by investigators to be a suspect or a person of interest in the investigation.

The bill provides that notification about a DNA match should be limited to the occurrence of a match, and without any genetic or other identifying information. Such notification may be delayed for up to 180 days if the investigators are of the opinion that immediate notification would negatively affect the investigation.

The FDLE may phase-in participation and access to the new statewide SAK tracking database at its discretion and in the manner it chooses.

The bill requires that all entities in the chain of custody of SAKs fully participate in the statewide database no later than 1 year after its creation. The database must track the status of SAKs from entities in the chain of custody which include medical providers who collect the SAK evidence, the law enforcement personnel who receive, store, and send the SAK for testing, and laboratory personnel who process the SAK and return it to the law enforcement agency for storage until the prosecuting agency has approved its destruction according to s. 943.326(3), F.S.

The FDLE is required to apply for any available grant funds to assist in the implementation of the database.

The bill states that the act may be cited as "Gail's Law."

The bill becomes effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill makes the creation of program subject to appropriation. However, the FDLE estimates the bill's fiscal impact in FY 2021-22 will be $600,000 in nonrecurring funds for software purchase and customization. Beginning in FY 2022-23, the department estimates that it will need $500,000 in recurring funds for IT maintenance and support costs, software licenses, and help desk support. The department is also requesting two FTE positions for management, training, and support of the new system, which will total $182,266, of which $174,476 will be recurring funds. The FDLE will also need $75,000 in FY 2021-22 and $150,000 each year thereafter to purchase standardized SAKs, designed to include barcodes for tracking.

The department has indicated that it can absorb $100,000 of the cost to implement the system in FY 2021-22 and possibly more depending on the outcome of proposed cuts in the Senate Proposed Bill (SPB) 2500.[23]

D. Technical Deficiencies:

None.

VI. Related Issues:

The FDLE suggests that the investigating law enforcement agency notify the alleged victim of a CODIS "hit," rather than that information being accessible through the database. This seems to be an issue of notification timing as well as the suggestion that "hit" notifications be limited to a "hit" that is a legitimate match to a potential suspect and not other types of "hits" that can occur through CODIS.[24]

From an investigatory standpoint, another concern regarding alleged victim access to CODIS "hit" confirmations arises under the following circumstances. If the alleged victim is a minor and, therefore, it is the parent or guardian who is entitled to database access, what might occur if the parent or guardian is actually the perpetrator and receives the identifying "hit" notification? This unintended occurrence may compromise the investigation by giving the perpetrator time to influence the alleged victim's cooperation with law enforcement and time to concoct his or her "story."[25]

VII. Statutes Affected:

This bill substantially amends section 943.326 of the Florida Statutes.

VIII. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 622452 by Appropriations (Recommended by Appropriations Subcommittee on Criminal and Civil Justice):
The proposed committee substitute:

- Clarifies that the FDLE must track each sexual offense evidence kit collected after the implementation of the database, as tracking cannot be done without the new database.
- Provides for the FDLE to adopt rules to establish requirements for all the entities participating in the database. The entities are:
  - Law enforcement agencies;
  - Medical facilities;
  - Crime laboratories; and
  - Any other facility that collects, receives, maintains, stores, or preserves a sexual offense evidence kit.

[23] 2021 FDLE Legislative Bill Analysis, SB 1002, April 7, 2021 (on file with the Senate Criminal Justice Committee).
[24] *Id.*
[25] *Id.*

- Requires that FDLE apply for available grant funds to help implement the database.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

622452

576-03937-21

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to DNA evidence collected in sexual offense investigations; providing a short title; amending s. 943.326, F.S.; requiring the Department of Law Enforcement, by a specified date and subject to legislative appropriation, to create and maintain a statewide database for tracking sexual offense evidence kits; providing database requirements; requiring the department to adopt rules; providing database participation requirements for specified entities mandated to participate in the database if the entity has certain interaction with the kits; requiring the department to ensure that alleged sexual offense victims and certain other persons receive specified notice and instructions and be informed that they are entitled to access information regarding such kits and evidence; providing requirements for such notification; providing for implementation; requiring the department to apply for specified grant funds; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as "Gail's Law."

Section 2. Subsection (4) of section 943.326, Florida Statutes, is amended to read:

943.326 DNA evidence collected in sexual offense

622452

576-03937-21

investigations.—

(4) ~~By January 1, 2017,~~ The department and each laboratory within the statewide criminal analysis laboratory system, in coordination with the Florida Council Against Sexual Violence, shall adopt and disseminate guidelines and procedures for the collection, submission, and testing of DNA evidence that is obtained in connection with an alleged sexual offense. The timely submission and testing of sexual offense evidence kits is a core public safety issue. Testing of sexual offense evidence kits must be completed no later than 120 days after submission to a member of the statewide criminal analysis laboratory system.

(a) The guidelines and procedures must include the requirements of this section, standards for how evidence is to be packaged for submission, what evidence must be submitted to a member of the statewide criminal analysis laboratory system, and timeframes for when the evidence must be submitted, analyzed, and compared to DNA databases.

(b) The testing requirements of this section are satisfied when a member of the statewide criminal analysis laboratory system tests the contents of the sexual offense evidence kit in an attempt to identify the foreign DNA attributable to a suspect. If a sexual offense evidence kit is not collected, the laboratory may receive and examine other items directly related to the crime scene, such as clothing or bedding or personal items left behind by the suspect. If probative information is obtained from the testing of the sexual offense evidence kit, the examination of other evidence should be based on the potential evidentiary value to the case and determined through

622452

576-03937-21

cooperation among the investigating agency, the laboratory, and the prosecutor.

(c) The department shall, subject to appropriation by the Legislature, no later than July 1, 2023, create and maintain a statewide database to track the location, processing status, and storage of each sexual offense evidence kit collected after the implementation of the database that is accessible to law enforcement agencies and alleged victims and other persons listed in paragraph (1)(b). The database shall track the status of the kits from the collection site throughout the criminal justice process, including, but not limited to, the initial collection at medical facilities, inventory and storage by law enforcement agencies or crime laboratories, analysis at crime laboratories, and storage or destruction after completion of analysis.

(d) The department shall adopt rules establishing the requirements for each entity that participates in the database. Law enforcement agencies, medical facilities, crime laboratories, and any other facility that collects, receives, maintains, stores, or preserves a sexual offense evidence kit shall participate in the database, as required by the department.

(e) The department shall ensure that each alleged victim and other person listed in paragraph (1)(b) is notified of the existence of the database and provided with instruction on how to access it and is informed that he or she is entitled to access information regarding the alleged victim's sexual offense evidence kit, including tracking information, testing status, and any DNA matches to a person deemed by investigators to be a

622452

576-03937-21

suspect or person of interest. However, notification of a DNA match shall state only that a DNA match has occurred and may not contain any genetic or other identifying information. Such a notification may be delayed for up to 180 days if such notification would, in the opinion of investigators, negatively affect the investigation.

Section 3. The Department of Law Enforcement may phase in initial participation in the statewide database for tracking sexual offense evidence kits created in s. 943.326, Florida Statutes, as amended by this act, according to region, volume of kits, or other appropriate classifications; however, all entities in the chain of custody of sexual offense evidence kits shall fully participate in the statewide database no later than 1 year after its creation. The department shall apply for any available grant funds to assist it in implementing the statewide database.

Section 4. This act shall take effect July 1, 2021.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1002
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); and Senator Stewart
SUBJECT:	DNA Evidence Collected in Sexual Offense Investigations
DATE:	April 21, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Cellon	Jones	CJ	**Favorable**
2.	Dale	Harkness	ACJ	**Recommend: Fav/CS**
3.	Dale	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1002 amends section 943.326, Florida Statutes, to require that the Florida Department of Law Enforcement (FDLE) create and begin to maintain a statewide database, the purpose of which is to track the location, processing status, and storage of sexual assault evidence kits (SAKs). Beginning with SAKs collected after the database is implemented, they will be tracked from evidence collection throughout the criminal justice process. The database must be created no later than July 1, 2023, and is subject to appropriation by the Legislature.

The alleged victim, who has reported the crime to law enforcement, will have the ability to access the database and follow his or her SAK from the collection site, to law enforcement agency storage, then to the crime laboratory for forensic testing and back to law enforcement agency storage.

If there is a DNA match between the SAK evidence and a person whose DNA is stored in a local, state, or federal database and who may be a suspect or person of interest in the case, the alleged victim will be notified of the match, but not the person's identity, via the newly-created statewide database

Law enforcement agencies, medical facilities, crime laboratories, and any other facilities that collect, receive, maintain, store, or preserve the SAKs must participate in the database, as

required by the FDLE. The FDLE must adopt rules establishing requirements for each of the entities participating in the database.

If the alleged victim is a minor, his or her parent, guardian, or legal representative will have access to the database. If the alleged victim is deceased, his or her personal representative will have access.

The FDLE is required to ensure that each alleged victim, or his or her representative is notified of the existence of the database and provided with instruction on how to access the database.

The FDLE may phase in participation and access to the new statewide SAK tracking database at its discretion and in the manner it chooses. All entities in the chain of custody of SAKs must fully participate in the statewide database no later than one year after its creation. The FDLE must apply for any available grant funds to assist in implementing the database.

The bill states that the act may be cited as "Gail's Law."

The bill will have a negative fiscal impact on the FDLE. See Section V. Fiscal Impact Statement.

The bill becomes effective July 1, 2021.

II. Present Situation:

Forensic Evidence Collection in Sexual Assault Cases

A sexual assault kit (SAK), is a medical kit used by a healthcare provider to collect evidence from the body and clothing of a victim of sexual battery or other sexual offense during a forensic physical examination. The kit contains tools such as swabs, tubes, glass slides, containers, and plastic bags. These items are used to collect and preserve bodily fluids, hair, and fibers that can help identify DNA (deoxyribonucleic acid) and other forensic evidence left by a perpetrator.[1] SAK contents are typically very standardized and, because they are collected directly from the victim's person, generally represent the most probative evidence.[2]

According to protocols developed by the Department of Legal Affairs (DLA), healthcare providers conducting the forensic physical examination should complete the document entitled "Sexual Assault Kit Form for Healthcare Providers."[3] This document includes an exam consent

form that requires the victim or his or her legal guardian to indicate that he or she consents to a forensic physical examination for the preservation of evidence of a sexual offense.[4] The victim or his or her legal guardian will also be asked whether he or she wants to report the sexual offense to law enforcement. Non-reporting victims' SAKs will be retained as evidence should he or she decide to report the offense at a later date, but unless there is an active criminal case, the SAK will not be tested for DNA.[5]

The DLA protocols provide instructions for sealing the SAK upon completion of the exam and indicate that the SAK must stay with the examiner or secured in a locked area with limited access and proper chain of custody procedures until transferred to the proper law enforcement agency.[6]

Evidence Submission, DNA Testing, DNA Database

A law enforcement agency must submit a SAK, or other DNA evidence if a kit is not collected, to a member of the statewide criminal analysis laboratory system for forensic testing within 30 days after:

- Receipt of the evidence by a law enforcement agency if a report of the sexual offense is made to the law enforcement agency; or
- A request to have the evidence tested is made to the medical provider or the law enforcement agency by:
  - The alleged victim;
  - The alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor; or
  - The alleged victim's personal representative, if the alleged victim is deceased.[7]

The victim or the victim's representative must be informed of the purpose of submitting the SAK or other evidence by the law enforcement agency or the medical provider collecting the SAK.[8]

Generally, law enforcement agencies in Florida submit SAKs for DNA analysis to the statewide criminal analysis laboratory system, which consists of six laboratories operated by the Florida Department of Law Enforcement (FDLE) in Ft. Myers, Jacksonville, Pensacola, Orlando,

[4] *Id*.

[5] *Id*. According to FDLE protocols, to test a non-reporting victim's SAK would violate the confidentiality and privacy of the victim's health records under the Health Insurance Portability and Accountability Act (HIPAA). Florida Department of Law Enforcement, *Sexual Assault Kit Submissions Frequently Asked Questions*, p. 1, available at https://www.fdle.state.fl.us/Forensics/Documents/Sexual-Assault-Kit-FAQs-for-LEA_Final.aspx (last visited February 18, 2021). The DLA, which administers a program that pays for an alleged sexual assault victim's forensic physical exam, does not discriminate based upon whether the victim reports the crime to a law enforcement agency. Additionally, the DLA keeps the victim's identity confidential and exempt from the public records law. Section 960.28, F.S.

[6] *Id*. pp. 20-21. *See also* Florida Department of Law Enforcement, *Crime Laboratory Evidence Submission Manual*, March 2020, p. 15, available at https://www.fdle.state.fl.us/Forensics/Documents/2020-ESM (last visited February 18, 2021). A collected sexual offense evidence kit must be retained in a secure, environmentally safe manner until the prosecuting agency has approved its destruction. Section 943.326(3), F.S.

[7] Section 943.326(1), F.S.

[8] Section 943.326(2), F.S.

Tallahassee, and Tampa and five local laboratories in Broward, Indian River, Miami-Dade, Palm Beach, and Pinellas counties.[9]

Testing of SAKs must be completed no later than 120 days after submission to a member of the statewide criminal analysis laboratory system.[10] Testing satisfies the statutory timeline when a member of the statewide criminal analysis laboratory system tests the contents of the SAK in an attempt to identify the foreign DNA attributable to a suspect.[11]

Evidence that may carry a suspect's DNA can be found on physical evidence such as the victim's clothing or bedding. This type of physical evidence is typically accepted for laboratory analysis if no probative results are obtained from the SAK which may include a pair of underwear worn by the victim at the time of the crime or closely thereafter, and a condom, if applicable.[12]

The state crime laboratories perform short tandem repeats (STR)[13] DNA testing on evidence received from a law enforcement agency, comparing the SAK or crime scene DNA evidence to known DNA samples. The DNA samples from the SAK or other crime scene evidence that do not match the victim's DNA may be attributed to the suspect.[14] The suspect's DNA from the SAK or the crime scene may be submitted to the local, state or Federal Bureau of Investigation's Combined DNA Index System (CODIS) to be searched against local, state, and national casework index files and convicted offender profiles, which could reveal the identity of the perpetrator.[15]

Sexual Assault Kit Tracking

Law Enforcement Tracking

Investigative reporting in the 2000's discovered that large cities like New York and Los Angeles, among others had large numbers of SAKs that had not been submitted to laboratories for DNA testing.[16] Florida was among the states that had a SAK backlog. For this reason, the 2015

January 2015, available at https://www.fdle.state.fl.us/Publications/Documents/Brochures/DNABrochureJan2015_1.aspx#:~:text=Biology/DNA%20Laboratory%20and%20the%20DNA%20Investigative%20Support%20Database,LAW%20ENFORCEMENT%202331%20Phillips%20Road%20Tallahassee,%20Florida%2032308 (last visited February 18, 2021).
[14] *Id*.
[15] *Id*.
[16] There were a reported 17,000 unsubmitted SAKs in New York City, and at least 12,669 in Los Angeles. Madeleine Carlisle, *A New System to Ensure Sexual-Assault Cases Aren't Forgotten*, The Atlantic, April 7, 2019, available at https://www.theatlantic.com/politics/archive/2019/04/many-states-are-adopting-rape-kit-tracking-systems/586531/ (last visited February 23, 2021). *See also* Florida Department of Law Enforcement, *Assessment of Unsubmitted Sexual Assault Kits*, p. 1, available at http://www.fdle.state.fl.us/docs/SAKResults.pdf (last visited February 17, 2021).

Legislature required the FDLE to complete a statewide assessment of unsubmitted SAKs and report on the findings by January 1, 2016.[17]

Local law enforcement agencies were surveyed by the FDLE with 279 agencies responding. The survey responses showed that in 2015, there were approximately 13,435 unsubmitted SAKs of which agencies approximated 9,484 of them should be submitted (under agency guidelines) to the state crime laboratories for DNA testing. The decision to submit a SAK rested with the local law enforcement agencies.[18] Until s. 943.326, F.S., became effective on July 1, 2016, there were no statewide standards or expectations regarding the submission of SAKs.

The FDLE completed laboratory analysis of the previously unsubmitted SAKs with an offense date of prior to October 1, 2014, by the end of June, 2019.[19] DNA testing of the 8,023 SAKs resulted in 1,814 CODIS "hits" which linked the DNA from the SAKs to a possible suspect in the sexual assault and possibly other unsolved crimes throughout the country.[20]

Other States Statewide SAK Tracking Provides Victims' Access

In 2016, Idaho was the first state to create its own statewide SAK tracking system. Idaho has shared this system with other states free of charge. The states that have not taken Idaho up on its offer have largely contracted with one of several companies that provide services like round-the-clock technical support.[21]

As adopted or considered in other states, SAK tracking typically consists of a software program that provides for the upload of SAK location information by medical, law enforcement, and laboratory personnel. A secure database that contains no personal information allows victims of sexual assault to monitor the progress of the SAK for his or her case through the criminal justice system. The tracking is typically accomplished by checking a randomly assigned bar code matching the bar code used to track the evidence by law enforcement and laboratories.[22]

Florida does not currently possess a statewide electronic tracking system for SAKs.

[22] *Id*.

III. Effect of Proposed Changes:

The bill requires that, subject to appropriation by the Legislature, and no later than July 1, 2023, the FDLE create and begin to maintain a statewide database, the purpose of which is to track the location, processing status, and storage of sexual assault evidence kits (SAKs). Beginning with SAKs collected after the database is implemented, they will be tracked from evidence collection throughout the criminal justice process. The database must be accessible to:

- The alleged victim of the sexual assault;
- The alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor;
- The alleged victim's personal representative, if the alleged victim is deceased; and
- Law enforcement agencies.

The bill specifies that law enforcement agencies, medical facilities, crime laboratories, and any other facilities that collect, receive, maintain, store, or preserve the SAKs must participate in the database, as required by the FDLE. The FDLE must adopt rules establishing requirements for each of the entities participating in the database.

The FDLE is required to ensure that each alleged victim, the alleged victim's parent, guardian, or legal representative, if the alleged victim is a minor, and the alleged victim's personal representative, if the alleged victim is deceased is:

- Notified of the existence of the database;
- Provided with instruction on how to access the database; and
- Informed that he or she is entitled to access information regarding the alleged victim's SAK, including:
  - Tracking information;
  - Testing status; and
  - Any DNA matches to a person deemed by investigators to be a suspect or a person of interest in the investigation.

The bill provides that notification about a DNA match should be limited to the occurrence of a match, and without any genetic or other identifying information. Such notification may be delayed for up to 180 days if the investigators are of the opinion that immediate notification would negatively affect the investigation.

The FDLE may phase-in participation and access to the new statewide SAK tracking database at its discretion and in the manner it chooses.

The bill requires that all entities in the chain of custody of SAKs fully participate in the statewide database no later than 1 year after its creation. The database must track the status of SAKs from entities in the chain of custody which include medical providers who collect the SAK evidence, the law enforcement personnel who receive, store, and send the SAK for testing, and laboratory personnel who process the SAK and return it to the law enforcement agency for storage until the prosecuting agency has approved its destruction according to s. 943.326(3), F.S.

The FDLE is required to apply for any available grant funds to assist in the implementation of the database.

The bill states that the act may be cited as "Gail's Law."

The bill becomes effective July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill makes the creation of program subject to appropriation. However, the FDLE estimates the bill's fiscal impact in FY 2021-22 will be $600,000 in nonrecurring funds for software purchase and customization. Beginning in FY 2022-23, the department estimates that it will need $500,000 in recurring funds for IT maintenance and support costs, software licenses, and help desk support. The department is also requesting two FTE positions for management, training, and support of the new system, which will total $182,266, of which $174,476 will be recurring funds. The FDLE will also need $75,000 in FY 2021-22 and $150,000 each year thereafter to purchase standardized SAKs, designed to include barcodes for tracking.

The department has indicated that it can absorb $100,000 of the cost to implement the system in FY 2021-22 and possibly more depending on the outcome of proposed cuts in the Senate Proposed Bill (SPB) 2500.[23]

D. Technical Deficiencies:

None.

VI. Related Issues:

The FDLE suggests that the investigating law enforcement agency notify the alleged victim of a CODIS "hit," rather than that information being accessible through the database. This seems to be an issue of notification timing as well as the suggestion that "hit" notifications be limited to a "hit" that is a legitimate match to a potential suspect and not other types of "hits" that can occur through CODIS.[24]

From an investigatory standpoint, another concern regarding alleged victim access to CODIS "hit" confirmations arises under the following circumstances. If the alleged victim is a minor and, therefore, it is the parent or guardian who is entitled to database access, what might occur if the parent or guardian is actually the perpetrator and receives the identifying "hit" notification? This unintended occurrence may compromise the investigation by giving the perpetrator time to influence the alleged victim's cooperation with law enforcement and time to concoct his or her "story."[25]

VII. Statutes Affected:

This bill substantially amends section 943.326 of the Florida Statutes.

VIII. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on April 19, 2021:
The committee substitute:

- Clarifies that the FDLE must track each sexual offense evidence kit collected after the implementation of the database, as tracking cannot be done without the new database.
- Provides for the FDLE to adopt rules to establish requirements for all the entities participating in the database. The entities are:
  - Law enforcement agencies;
  - Medical facilities;
  - Crime laboratories; and
  - Any other facility that collects, receives, maintains, stores, or preserves a sexual offense evidence kit.
- Requires that FDLE apply for available grant funds to help implement the database.

[24] *Id.*
[25] *Id.*

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Stewart

13-00904A-21 20211002__

A bill to be entitled

An act relating to DNA evidence collected in sexual offense investigations; providing a short title; amending s. 943.326, F.S.; requiring the Department of Law Enforcement, by a specified date and subject to legislative appropriation, to create and maintain a statewide database for tracking sexual offense evidence kits; providing database requirements; providing participation requirements; requiring the department to ensure that alleged sexual offense victims and certain other persons receive specified notice and instructions and be informed that they are entitled to access information regarding such kits and evidence; providing requirements for such notification; providing for implementation; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as "Gail's Law."

Section 2. Subsection (4) of section 943.326, Florida Statutes, is amended to read:

943.326 DNA evidence collected in sexual offense investigations.—

(4) ~~By January 1, 2017,~~ The department and each laboratory within the statewide criminal analysis laboratory system, in coordination with the Florida Council Against Sexual Violence, shall adopt and disseminate guidelines and procedures for the collection, submission, and testing of DNA evidence that is

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

13-00904A-21 20211002__

obtained in connection with an alleged sexual offense. The timely submission and testing of sexual offense evidence kits is a core public safety issue. Testing of sexual offense evidence kits must be completed no later than 120 days after submission to a member of the statewide criminal analysis laboratory system.

(a) The guidelines and procedures must include the requirements of this section, standards for how evidence is to be packaged for submission, what evidence must be submitted to a member of the statewide criminal analysis laboratory system, and timeframes for when the evidence must be submitted, analyzed, and compared to DNA databases.

(b) The testing requirements of this section are satisfied when a member of the statewide criminal analysis laboratory system tests the contents of the sexual offense evidence kit in an attempt to identify the foreign DNA attributable to a suspect. If a sexual offense evidence kit is not collected, the laboratory may receive and examine other items directly related to the crime scene, such as clothing or bedding or personal items left behind by the suspect. If probative information is obtained from the testing of the sexual offense evidence kit, the examination of other evidence should be based on the potential evidentiary value to the case and determined through cooperation among the investigating agency, the laboratory, and the prosecutor.

(c) The department shall, subject to appropriation by the Legislature, no later than July 1, 2023, create and maintain a statewide database to track the location, processing status, and storage of sexual offense evidence kits which is accessible to

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

law enforcement agencies and alleged victims and other persons listed in paragraph (1)(b). The database shall track the status of the kits from the collection site throughout the criminal justice process, including, but not limited to, the initial collection at medical facilities, inventory and storage by law enforcement agencies or crime laboratories, analysis at crime laboratories, and storage or destruction after completion of analysis. Law enforcement agencies, medical facilities, crime laboratories, and any other facilities that collect, receive, maintain, store, or preserve the kits shall participate in the database, as required by the department.

(d) The department shall ensure that each alleged victim and other person listed in paragraph (1)(b) is notified of the existence of the database and provided with instruction on how to access it and is informed that he or she is entitled to access information regarding the alleged victim's sexual offense evidence kit, including tracking information, testing status, and any DNA matches to a person deemed by investigators to be a suspect or person of interest. However, notification of a DNA match shall state only that a DNA match has occurred and may not contain any genetic or other identifying information. Such a notification may be delayed for up to 180 days if such notification would, in the opinion of investigators, negatively affect the investigation.

Section 3. The Department of Law Enforcement may phase in initial participation in the statewide database for tracking sexual offense evidence kits created in s. 943.326, Florida Statutes, as amended by this act, according to region, volume of kits, or other appropriate classifications; however, all

entities in the chain of custody of sexual offense evidence kits shall fully participate in the statewide database no later than 1 year after its creation.

Section 4. This act shall take effect July 1, 2021.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Appropriations Subcommittee on Education

BILL:	PCS/CS/SB 1028 (479284)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Education); Education Committee; and Senator Hutson
SUBJECT:	Charter Schools
DATE:	April 16, 2021
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Jahnke	Bouck	ED	**Fav/CS**
2.	Underhill	Elwell	AED	**Recommend: Fav/CS**
3.	Underhill	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1028 adds provisions for public postsecondary institutions to serve as a charter school sponsor, modifies provisions for hope operators, and authorizes a career and professional academy to be offered by a charter school. Specifically, the bill:

- Authorizes state universities and Florida College System (FCS) institutions to solicit applications and sponsor charter schools upon approval by the Department of Education (DOE).
- Provides that a state university sponsored charter school may serve students from multiple school districts to meet regional education or workforce demands, and an FCS sponsored charter school may serve students from any county within the college's service area to meet workforce demands.
- Authorizes an FCS institution that operates an approved teacher preparation program to operate additional charter schools.
- Provides that the board of trustees of a sponsoring state university or FCS institution charter school is a local educational agency for the purpose of receiving federal funds and accepting responsibility for all requirements in that role.
- Provides that students attending a state university or FCS institution sponsored charter school are not to be included in the school district's grade calculation.
- Establishes operational funding and capital outlay funding formulas for charter schools sponsored by a state university or FCS institution.
- Requires the DOE to collaborate to develop a charter school sponsor evaluation framework.

- Authorizes charter schools to provide career and professional academies and revises charter school enrollment limitations.
- Adds hope operators to the list of entities required to perform an annual financial audit.
- Modifies provisions that a high-performing charter school may submit two applications for a charter school within the state to be opened at a time determined by the high-performing charter school.
- Clarifies that instructional and noninstructional personnel at a school of hope must file with the school of hope, rather than the district school board as for other charter schools, a complete set of fingerprints taken by an authorized law enforcement agency or other recognized entity.
- Authorizes a charter school that is an exceptional student education center that receives a rating of "maintaining" or higher may replicate its educational program.
- Specifies that the limitation of one lab school per university does not apply to a university that establishes a lab school to serve a military installation within same county.
- Allows a virtual charter school to offer part-time instruction and contract with any public or charter school to provide a course the school does not provide.
- Provides for a direct appeal in a charter dispute if a party wants to bypass mediation.
- Revises the procedures for immediately terminating a charter school.
- Provides for the award of attorney fees and costs in certain circumstances.

The fiscal impact of the bill is discussed in Section V.

The bill takes effect on July 1, 2021.

II. Present Situation:

The present situation for the relevant portions of the bill is discussed under the Effect of Proposed Changes of this bill analysis.

III. Effect of Proposed Changes:

Charter Schools

Present Situation

Charter schools are tuition-free public schools created through an agreement or "charter" that provides flexibility relative to regulations created for traditional public schools.[1] Forty-four states and the District of Columbia have enacted charter school laws as of January 2018.[2] Between the 2000-2001 and 2017-2018 school years, the percentage of all public schools that were charter schools increased from two to seven percent, and the total number of charter schools increased

[1] Florida Department of Education, Fact Sheet Office of Independent Education & Parental Choice, *Florida's Charter Schools* (October 2020), *available at* http://www.fldoe.org/core/fileparse.php/7696/urlt/Charter-Sept-2020.pdf.

from 2,000 to 7,200. The percentage of public school students nationwide attending public charter schools increased from one to six percent between fall 2000 and fall 2017.[3]

All charter schools in Florida are public schools and are part of the state's public education system.[4] During the 2019-2020 school year, over 329,000 students were enrolled in 673 charter schools in Florida. Sixty-nine percent of the students attending charter schools in the 2019-2020 school year were minorities. Hispanic students comprised 44 percent of Florida's charter school enrollment, and 19 percent were African-American students.[5]

Charter School Sponsors

Under current Florida law, a district school board may sponsor a charter school in the county over which the district school board has jurisdiction. In addition, a state university may sponsor a charter developmental research school (charter lab school).[6] FCS institutions may work with school districts to develop charter schools as provided for in law, but may not sponsor a K-12 charter school.[7]

A charter school sponsor has several responsibilities, including:
- Approving or denying charter school applications.
- Overseeing each sponsored school's progress toward the goals established in the charter.
- Monitoring the revenues and expenditures of the school.
- Ensuring that the school participates in the state's education accountability system.
- Intervening when a sponsored school demonstrates deficient student performance or financial instability.[8]

A sponsor must provide administrative and educational services and may withhold a fee of up to five percent of each charter school's total operating funds.[9]

Florida College System and State University Charter Schools

FCS institutions may work with school districts in the FCS institution's designated service area to develop charter schools that offer secondary education, including an option for students to receive an associate degree upon high school graduation. If an FCS institution offers a teacher preparation program, it may operate one charter school for students in kindergarten through

[7] FCS institutions may only sponsor a charter technical career center. Section 1002.33(5)(b)4., F.S. and Section 1002.34(3)(b), F.S.
[8] Section 1002.33(5)(b), F.S.
[9] Administrative and educational services include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program; test administration services; processing of teacher certificate data services; and information services. Section 1002.33(20)(a)1. and 2., F.S.

grade 12 and must implement innovative blended learning instructional models for students in kindergarten through grade 8.[10]

The table below lists the 15 FCS institution-operated charter schools in Florida:[11]

District Sponsor	Charter School	Affiliated FCS Institution
Charlotte	Florida SouthWestern Collegiate High School	Florida SouthWestern State College
Lee	Florida SouthWestern Collegiate High School	Florida SouthWestern State College
Manatee	State College of Florida Collegiate School - Bradenton	State College of Florida Manatee-Sarasota
Sumter	The Villages High School Early College Program	Lake-Sumter State College
Duval	San Jose Prep Charter	Florida State College at Jacksonville
Duval	Duval Charter at Baymeadows	Florida State College at Jacksonville
Duval	River City Science Academy	Florida State College at Jacksonville
Martin	Clark Advanced Learning Center	Indian River State College
Okaloosa	Collegiate High School at Northwest Florida State College	Northwest Florida State College
Polk	Polk State College Collegiate High School	Polk State College
Polk	Chain of Lakes Collegiate High School	Polk State College
Polk	Polk State Lakeland Gateway to College Charter High School	Polk State College
Pinellas	St. Petersburg Collegiate High School	St. Petersburg College
Pinellas	St. Petersburg Collegiate High School North Pinellas	St. Petersburg College
Sarasota	State College of Florida Collegiate School - Venice	State College of Florida Manatee-Sarasota

There are six existing university developmental research (laboratory) schools (lab schools). Of these, three are charter lab schools. Charter lab schools are not required to be established by the nearest state university.[12] The limitation of one lab school per university does not apply to charter lab schools authorized prior to June 1, 2003.[13] In considering an application to establish a charter lab school, a state university must consult with the district school board of the county in which the school is located. If a state university denies or does not act on the application, the applicant may appeal such decision to the State Board of Education (SBE).[14]

The table below lists the three charter lab schools operating in Florida:[15]

Florida State University	Broward	The Pembroke Pines Florida School

Sparsity Supplement for Developmental Research (lab) Schools

The FEFP recognizes the relatively higher operating cost of smaller districts due to sparse student populations through a statutory formula in which the variable factor is a sparsity index.[16] This index is computed by dividing the FTE student membership of the qualified district by the number of permanent senior high school centers, not to exceed three. For districts with at least 20,000 FTE, but no more than 24,000 FTE, the index is computed by dividing the total FTE by the number of permanent senior high school centers, not to exceed four.[17]

Each eligible lab school in operation as of September 1, 2013, with a permanent high school center must also receive a proportional share of the sparsity supplement.[18]

Effect of Proposed Changes

To address the needs of educational capacity, workforce qualifications, and career education opportunities that may extend beyond a school district's boundaries, the bill modifies s. 1002.33, F.S., and:

- Authorizes state universities and FCS institutions to solicit applications and sponsor charter schools upon approval by the SBE. A state university or FCS institution may deny an application for a charter school. Additionally:
  - A state university-sponsored charter school may serve students from multiple school districts to meet regional education or workforce demands.
  - An FCS-sponsored charter may exist in any county within its service area[19] to meet workforce demands; however, a charter school currently operated by an FCS institution is not eligible to be sponsored by an FCS institution until its existing charter with the school district expires. An FCS-sponsored charter may offer postsecondary programs leading to industry certifications for eligible charter school students.
- Removes the requirements that an FCS institution that operates an approved teacher preparation program:
  - May operate no more than one charter school; and
  - Implement an innovative blended learning instructional model for students in kindergarten through grade eight at a charter school it operates.
- Specifies that a charter's racial/ethnic balance must reflect that of nearby public schools rather than public schools located geographically within the district to address state university and FCS sponsored charter schools which may serve students from multiple school districts.

[16] Florida Department of Education, *2020-21 Funding for Florida School Districts* (2020), available at http://www.fldoe.org/core/fileparse.php/7507/urlt/fefpdist.pdf.
[17] Section 1011.62(7), F.S.
[18] Section 1002.32(9)(a), F.S.
[19] FCS institution service areas are defined in s. 1000.21(3), F.S.

- Prohibits an FCS institution from reporting the full-time equivalent (FTE) for any students participating in FCS-sponsored charter schools who receive FTE funding through the FEFP.
- Clarifies that a student enrolled in a charter school sponsored by a state university or FCS institution may not be included in the calculation of the school district's grade.

The bill modifies s. 1002.32, F.S. to specify that the limitation of one lab school per university does not apply to a university that establishes a lab school to serve a military installation within same county, and authorizes all lab schools with permanent high school centers to receive a proportional share of the sparsity supplement, not just for those in operation prior to September 1, 2013.

To ensure charter school sponsor accountability, the bill requires the DOE, in collaboration with charter school sponsors and operators, to develop a sponsor evaluation framework that must address, at a minimum:

- The sponsor's strategic vision for charter school authorizing and progress towards that vision;
- Alignment of the sponsor's policies and practices to best practices for charter school authorizing;
- Academic and financial performance of all operating charter schools overseen by the sponsor; and
- The status of charter schools authorized by the sponsor, including approved, operating and closed schools.

The bill requires the DOE to compile the results of the evaluation framework, by sponsor, and add them to its annual charter school sponsor report.

The bill requires the sponsor to provide equal access to student information systems that at are used by public schools in the district or by schools in the sponsor's portfolio of charter schools if the sponsor is not a school district. Additionally, the sponsor must provide student performance data, such as standardized test scores and previous public school student report cards, for each student in the charter school.
The bill replaces the terms "public school district" with "public school system" and "school district" with "sponsor" to conform to the establishment of FCS institutions and state universities as authorized charter school sponsors.

Establishing a Charter School

Present Situation

Charter schools are created when an individual, a group of parents or teachers, a business, a municipality, or a legal entity submits an application to the school district; the school district approves the application; the applicants form a governing board that negotiates a contract with the district school board; and the applicants and district school board agree upon a charter or contract. The district school board then becomes the sponsor of the charter school. The

negotiated contract outlines expectations of both parties regarding the school's academic and financial performance.[20]

Charter School Application

An application for a new charter school may be made by an individual, teachers, parents, a group of individuals, a municipality, or a legal entity organized under the laws of this state.[21] All charter applicants must prepare and submit a standard application, which:[22]

- Demonstrates how the school will use the guiding principles and meet the statutorily defined purpose of a charter school.
- Provides a detailed curriculum plan that illustrates how students will be provided services to attain the Sunshine State Standards.
- Contains goals and objectives for improving student learning and measuring that improvement.
- Describes the reading curriculum and differentiated strategies that will be used for students reading at grade level or higher and a separate curriculum and strategies for students who are reading below grade level.
- Contains an annual financial plan for each year requested by the charter for operation of the school for up to five years.
- Discloses the name of each applicant, governing board member, and all proposed education services providers; the name and sponsor of any charter school operated by each applicant, each governing board member, and each proposed education services provider that has closed and the reasons for the closure; and the academic and financial history of such charter schools, which the sponsor must consider in deciding whether to approve or deny the application.
- Contains additional information a sponsor may require.
- Documents, for the establishment of a virtual charter school, the applicant has contracted with a provider of virtual instruction services in accordance with law.[23]

A sponsor receives and reviews all charter school applications and, within 90 calendar days of receipt, must by majority vote approve or deny the application. A sponsor must receive and consider charter school applications received on or before February 1 of each year for charter schools to be opened 18 months later at the beginning of the school district's school year, or to be opened at a time determined by the applicant.[24]

If an application is denied, the sponsor must within ten calendar days provide specific written reasons, based upon good cause, for its denial to the applicant and the DOE.[25] The applicant has 30 calendar days to file an appeal with the SBE after the denial of or failure to act upon an

[20] *See* Florida Department of Education, Charter Schools, *Frequently Asked Questions*, http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-faqs.stml (last visited March 17, 2021).
[21] Section 1002.33(3)(a), F.S.
[22] Section 1002.33(6)(a), F.S. Charter school applications are incorporated into State Board of Education (SBE) Rule 6A-6.0786, F.A.C.
[23] Section 1002.45(1)(d), F.S.
[24] A sponsor may receive and consider applications after February 1, if it chooses. Section 1002.33(6)(b), F.S.
[25] Section 1002.33(6)(b)3.a.,F.S.

application. The state board's decision is a final action subject to judicial review in the District Court of Appeal.[26]

Charter School Sponsor Reporting

A charter school sponsor must submit an annual report to the DOE summarizing the following:
- The number of draft applications received on or before May 1 and each applicant's contact information;
- The number of final applications received on or before August 1 and each applicant's contact information;
- The date each application was approved, denied, or withdrawn; and
- The date each final contract was executed.[27]

The DOE must compile the reported sponsor information into an annual report, by district, and post the information on its website by November 1 each year.[28]

Causes for Nonrenewal or Termination

A charter school sponsor must make student academic achievement for all students the most important factor when determining whether to renew or terminate a charter, but may terminate or not renew a charter for any of the following reasons:
- Failure to participate in the state's education accountability system or failure to meet the charter's requirements for student performance.
- Failure to meet generally accepted standards of fiscal management.
- Material violation of law.
- Other good cause shown.[29]

A sponsor must provide 90-days written notice to the charter school prior to termination or nonrenewal, except that a charter may be terminated immediately if the sponsor sets forth particular facts and circumstances indicating an immediate and serious danger to the health, safety or welfare of the students.[30] The sponsor must notify in writing the charter school's governing board, the charter school principal, and the DOE of an immediate termination. The governing board is entitled to a formal hearing with an administrative law judge (ALJ), who must issue a final order to the sponsor. The governing board may appeal the final order in the District Court of Appeal. Under these circumstances, the sponsor must assume operation of the charter school throughout the pendency of the hearing.[31]

[29] Section 1002.33(8)(a)1.-4., F.S.
[30] Section 1002.33(8)(b) and (c), F.S.
[31] Section 1002.33(8)(c), F.S. The administrative law judge must award the prevailing party reasonable attorney fees and costs incurred during the administrative proceedings and any appeals.

Award of Attorney Fees and Costs

Current law provides the award of a reasonable attorney fees and costs to the prevailing party in a dispute between a sponsor and a charter school, including:

- A dispute under the charter;[32]
- The termination of nonrenewal of a charter school;[33] and
- Disputes relating to contracts for goods and services separate from the charter.[34]

For a charter school that is terminated immediately due to an immediate and serious danger to the health, safety or welfare of the school's students, the sponsor must assume operation of the charter school during any hearing to dispute the termination. Failure by the sponsor to assume and continue operation of the charter school must result in the awarding of reasonable costs and attorney's fees if the charter school prevails on appeal.[35]

Charter School Student Enrollment

Prospective students must apply for enrollment in a charter school, and if the number of applications exceeds the school's capacity, a random lottery must be used to determine which students are enrolled.[36] A charter school may give enrollment preference to the following specific student populations:[37]

- Students who are siblings of a student enrolled in the charter school.
- Students who are the children of a member of the governing board of the charter school.
- Students who are the children of an employee of the charter school.
- Students who are the children of:
  - An employee of the business partner of a charter school-in-the-workplace or a resident of the municipality in which the charter school is located; or
  - A resident or employee of a municipality that operates a charter school-in-a-municipality or allows a charter school to use a school facility or portion of land provided by the municipality for the operation of the charter school.
- Students who have successfully completed a voluntary prekindergarten education (VPK) program provided by the charter school or the charter school's governing board during the previous school year.
- Students who are the children of an active duty member of any branch of the United States Armed Forces.
- Students who attended or are assigned to failing schools and have received an opportunity scholarship to enroll and attend a higher performing school.[38]

[32] Section 1002.33(7)(b), F.S.
[33] Section 1002.33(8)(b), F.S.
[34] Section 1002.33(20)(b), F.S.
[35] Section 1002.33(8)(c), F.S.; *See also* Championship Academy of Distinction at Davie, Inc. v. Broward County School Board, Case No.20-4344F (Fla. DOAH Dec. 17, 2020). The final order denied the petitioners entitlement to attorney's fees and costs under s. 1002.33(c) finding that the fee provision under 1002.33(8)(b), F.S. is substantive, rather than procedural, and as such, it cannot be included among the procedures set forth in paragraph (b) that have been incorporated into s. 1002.33(8)(c), F.S.
[36] Section 1002.33(10)(b), F.S.
[37] Section 1002.33(10)(d)1.-7., F.S.
[38] Section 1002.38(2), F.S.

A charter school may be exempt from specific enrollment requirements if the school is open to any student covered in an inter-district agreement and any student residing in the school district in which the charter school is located.[39] A charter school may limit the enrollment process only to target the following student populations:

- Students within specific age groups or grade levels.
- Students considered at risk of dropping out of school or academic failure.
- Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality.[40]
- Students residing within a reasonable distance of the charter school.
- Students who meet established academic, artistic, or other eligibility standards.
- Students articulating from one charter school to another.
- Students living in a development in which a business entity provides the school facility and related property having an appraised value of at least $5 million.[41]

Effect of Proposed Changes

Charter School Application

The bill modifies s. 1002.33, F.S., by repealing an obsolete August 1 application deadline and specifying that each sponsor's report to the DOE must reflect the applications it receives by the February 1 deadline. The bill modifies the charter school application process to specify that an application may be submitted at any time, rather than by February 1.

The bill repeals the requirement that a charter school sponsor report on draft applications it receives and revises the date by which a sponsor must annually report the number of applications it receives from August 31 to November 1. Accordingly, the bill revises the date by which the DOE annually reports the number of applications on its website from November 1 to January 15.

Additionally, the bill allows a charter school to be opened at a time determined by the applicant and removes the requirement that the charter school initial startup commences with the beginning of the public school calendar for the district where the charter is granted.

The bill authorizes the SBE to withhold state funds from a district school board that is in violation of a state board decision on a charter school.

Charter Contract

The bill authorizes a charter school to immediately appeal any formal or informal decision by a sponsor in a dispute regarding a charter contract to an administrative law judge. The appeal may occur if either the charter school or the sponsor do not wish to mediate the decision and indicates such a decision in writing.

The bill specifies that changes to a charter school's curriculum consistent with state standards and necessary to implement blended learning are deemed approved in terms of modifications to the charter, unless the sponsor determines in writing that the curriculum is inconsistent with state standards.

[39] Section 1002.33(10)(a), F.S.
[40] Section 1002.33(15), F.S.
[41] Section 1002.33(10)(e), F.S.

Charter School Student Enrollment

The bill expands the enrollment preference for students who complete the VPK program provided by the charter school to include students who complete the program at a provider with which the charter school has a written agreement.

The bill expands the criteria by which a charter school may limit the enrollment process to include students living in a development in which a developer, including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools, facilities and related property in an amount equal to or having a total appraised value of at least $5 million.

Termination

In the case of an immediate termination of a charter school, the bill requires the sponsor to provide the facts and circumstances supporting the termination in writing. They must demonstrate that an immediate and serious danger exists to the charter school's students, that the immediate and serious danger is likely to continue, and that an immediate termination of the charter is necessary.

The bill authorizes a charter school sponsor to seek an injunction in circuit court to prohibit continued operation of a charter school if continued operation of the school would materially threaten the health, safety, or welfare of the students.

The bill removes the requirement for a sponsor to assume and continue operation of a charter school pending a hearing on the school's immediate termination.

Award of Attorney Fees and Costs

The bill revises requirements for awarding reasonable attorney fees and costs in disputes relating to charter schools by:

- Authorizing the prevailing party in the appeal of a charter school application denial to file an action with the Division of Administrative Hearings to recover reasonable attorney's fees and costs incurred during the denial and any appeals; and
- Authorizes an administrative law judge to award reasonable attorney fees and costs to the prevailing parting of any inunction, administrative proceeding, or appeal.

High-Performing Charter Schools

Present Situation

Charter schools and operators of systems of charter schools with a track record of academic excellence and financial stability may earn "high-performing" status.[42] A high-performing charter school is a charter school that during each of the three previous years:

- Received at least two school grades of "A" and no school grade below "B;"
- Has received an unqualified opinion[43] on each annual financial audit; and

[42] Section 1002.331(1), F.S.

[43] An unqualified audit opinion means that the charter school's financial statements are materially correct.

- Has not received an annual financial audit that reveals a financial emergency condition.[44]

Initial eligibility for "high-performing" status is verified by the commissioner, upon request by a charter school. Thereafter, the commissioner must annually verify continued eligibility.[45]

High-performing charter schools may take advantage of various benefits, such as, the operator of a high-performing charter school may submit an application in any Florida school district to establish and operate a new charter school that substantially replicates one of its high-performing charter schools. The application process for such applications is streamlined to expedite approval.[46]

A high-performing charter school may not be replicated more than twice in any given year and may not replicate again until the new charter school achieves "high-performing" status.[47] Systems may replicate their high-performing charter schools using the same process applicable to high-performing charter schools.[48] Additionally, a high-performing charter school may have the term of its charter extended to up to 15 years.[49]

A high-performing charter school may increase the school's enrollment once per year to more than the capacity identified in the charter, but student enrollment may not exceed the capacity of the facility at the time the enrollment increase will take effect. If the school chooses to expand the grade levels it serves, e.g., a K-5 school adding grade six, the facility capacity must include any improvements to an existing facility or any new facility in which a majority of the high-performing charter school students will enroll. A high-performing charter school may also expand grade levels within kindergarten through grade 12 to add grade levels not already served as long as the increase in enrollment in either case does not exceed the current facility capacity.[50]

Effect of Proposed Changes

The bill modifies s. 1002.331, F.S., to allow a high-performing charter school to submit two applications at a time instead of two per year. Subsequent applications may be submitted so long as each previous charter school application is withdrawn or has commenced operation instead of upon each school being designated high-performing.

The bill revises the determination of a high-performing charter school facility's capacity so that any expansion of enrollment, regardless of grade level expansion or where a majority of new students will be enrolled, is based on the school's facilities at the time the expansion will take effect.

[46] Section 1002.331(3)(a)1. and 2., F.S.
[47] Section 1002.331(3)(b), F.S.
[48] Section 1002.332(2)(b), F.S.
[49] Section 1002.331(2)(e), F.S.
[50] Section 1002.331(2)(a) and (b), F.S.

Charter School Funding

Present Situation

Charter school operations, like other public schools, are funded through the Florida Education Finance Program (FEFP). Each charter school reports student enrollment to its sponsor for inclusion in the district's report of student enrollment for FEFP funding. Operating funds from the FEFP are distributed to the charter school by the sponsor. A charter school is entitled to receive its proportionate share of categorical funds included in the FEFP for qualifying students.[51] Categorical funds must be spent for specified purposes, such as student transportation, safe schools, and supplemental academic instruction.

Charter schools are eligible to receive federal education funding through such programs as the Individuals with Disabilities Education Act (IDEA), Title I programs for disadvantaged students, and Title II programs for improving teaching and leadership in the same manner as district school board-operated public schools and must be included in requests for federal funding by the school district or the DOE.[52] A high performing charter school system[53] governing board may be designated as a local educational agency for the purpose of receiving federal funds, the same as if the charter school system were in the school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsoring district school board and the DOE.[54]

Capital outlay funding for charter schools consists of state funds when appropriated in the General Appropriations Act (GAA) and revenue resulting from discretionary millage authorized in law.[55] To be eligible to receive capital outlay funds, a charter school must:

- Have operated for two or more years and meet specified requirements.[56]
- Have an annual audit that does not reveal any financial emergency conditions.
- Have satisfactory student achievement based on state accountability standards.
- Have received final approval from its sponsor for operation during that fiscal year.
- Serve students in facilities that are not provided by the charter school's sponsor.[57]

[51] Section 1002.33(17)(a) and (b), F.S.

[52] Section 1002.33(17)(c), F.S.

[53] A high-performing charter school system is an entity that operated at least three high-performing charter schools in the state during each of the previous 3 school years; operated a system of charter schools in which at least 50 percent of the charter schools were high-performing charter schools and no charter school earned a school grade of "D" or "F", and did not receive a financial audit that revealed one or more of the financial emergency conditions. Section 1002.332 (1)(b), F.S.

[54] Section, 1002.33(25), F.S.

[55] Section 10013.62, F.S.

[56] Specified requirements include being governed by a governing board established in the state for two or more years which operates both charter schools and conversion charter schools within the state; being an expanded feeder chain of a charter school within the same school district that is currently receiving charter school capital outlay funds; having been accredited by a regional accrediting association as defined by State Board of Education rule; or serving students in facilities that are provided by a business partner for a charter school-in-the-workplace pursuant to s.1002.33(15)(b). Section 1013.62(1)(a), F.S.

[57] Section 10013.62(1)(a), F.S.

While each university receives additional state capital funding, unlike local school districts, university lab schools are dependent on funding from the Legislature for both operational and capital needs.[58]

Effect of Proposed Changes

The bill modifies s. 1002.33, F.S., to provide that students enrolled in a charter school sponsored by a state university or FCS institution be funded as if they are in a basic program or special program in the school district.

The bill establishes the basis for funding these students as the sum of the total operating funds for the school district in which the school is located as provided from the FEFP and the GAA, including gross state and local funds, discretionary lottery funds, and funds from each school district's current operating discretionary millage levy; divided by total funded weighted FTE students in the school district; and multiplied by the FTE membership of the charter school.

The bill specifies that a board of trustees of a sponsoring state university or FCS institution is the local education agency (LEA) for the charter schools it sponsors. As the LEA, the sponsor may receive federal funds and accepts full responsibility for the schools it oversees, including LEA requirements.

The DOE is required to develop a tool that each state university or FCS institution sponsoring a charter school must use for purposes of calculating the funding amount for each eligible charter school student. The total obtained by the calculation must be appropriated to the charter school from state funds in the GAA.

In addition, the bill requires capital outlay funding for state university or FCS-sponsored charter schools to be determined in accordance with the requirements established in law for other charter schools.

Exceptional Student Education Centers

Present Situation

Exceptional Student Education (ESE) is specially designed instruction and related services that are provided to students with disabilities and students who are identified as gifted.[59] A student may not be given special instruction or services as an ESE student until after the student has been properly evaluated and found eligible.[60]

With regard to students with disabilities, the IDEA requires school districts to make a free appropriate public education (FAPE) available to such students ages three through 21.[61] A FAPE must include special education and related services[62] that are provided by the public school

[58] Board of Governors, *2020 Agency Analysis of SB 1578* (Jan. 27, 2020) (on file with the Senate Committee on Education).
[59] Section 1003.57(1)(b), F.S.; Rule 6A-6.03411(1)(m) and (n), F.A.C.
[60] Section 1003.57(1)(c), F.S.; *see also* Rule 6A-6.0331, F.A.C.
[61] 20 U.S.C. s. 1400(d)(1)(A); 34 C.F.R. s. 300.101; Rules 6A-6.03028(1) and 6A-6.03411(1)(p), F.A.C.
[62] "Related services" means "transportation and such developmental, corrective, and other supportive services as are required to assist a child with a disability to benefit from special education, and includes speech-language pathology and audiology

system at no cost to the parent, which meet the standards of the state and which are in conformity with the student's individual educational plan (IEP).[63]

An ESE center is a separate public school to which nondisabled students ages six through 21 years of age do not have access to.[64] For school accountability purposes, an ESE center school is one which is specifically designed to meet the needs of students with disabilities and in which all students in attendance in grades K-12 are identified as students with a disability.[65] Each ESE center must choose to receive a school grade based on student performance on statewide standardized assessments or to receive a school improvement rating.[66] An ESE center school that does not choose to receive a school grade must be assigned a school improvement rating of Commendable, Maintaining, or Unsatisfactory annually, and the school must assess at least 80 percent of their eligible students to receive a school improvement rating. A school that tests less than 90 percent of its students may not earn a rating higher than maintaining.[67]

The school improvement rating is calculated using student learning gains on statewide, standardized English Language Arts and Mathematics assessments for all eligible students who are enrolled in the school and who have assessment scores, concordant scores, or comparable scores for the preceding school year.[68]

The overall school improvement rating is calculated based on the percentage of possible points, 100 points are available for each component, earned by each school.[69] A school's overall improvement rating based, on applicable points earned, are as follows:

- "Commendable" – a significant percentage of students attending the school are making learning gains
- "Maintaining" – a sufficient percentage of students attending the school are making learning gains
- "Unsatisfactory" – an insufficient percentage of students attending the school are making learning gains

Effect of Proposed Changes

The bill modifies s. 1008.3415, F.S., by requiring the commissioner, upon request by a charter school that is an ESE center that has two consecutive ratings of "maintaining" or higher, to provide a letter to the charter school authorizing it to replicate its educational programs in the same manner as a high-performing charter school.

---

services, interpreting services, psychological services, physical and occupational therapy, recreation, including therapeutic recreation, early identification and assessment of disabilities in children, counseling services, including rehabilitation counseling, orientation and mobility services, and medical services for diagnostic or evaluation purposes." "Related services" also include school health services and school nurse services, social work services in schools, and parent counseling and training. 34 C.F.R. s. 300.34 (a).

[67] Rule 6A-1.099822(3)(c)-(d), F.A.C.

[68] Section 1008.341(3), F.S.

[69] Section 1008.341(4)(b)1, F.S.

The bill modifies s. 1002.33, F.S., by specifying the charter school sponsor's administrative fee for up to two percent for enrollment of up to and including 250 students in an ESE center.

Virtual Instruction Programs

Present Situation

Florida law establishes a variety of options to make virtual instruction accessible to K-12 students. These options include:

- Full-time or part-time enrollment in a school district virtual instruction program;[70]
- Full-time enrollment in a virtual charter school;[71]
- Enrollment in individual virtual courses offered by school districts and approved by the DOE;[72] and
- Full-time and part-time enrollment in Florida Virtual Schools (FLVS) or school district FLVS franchises.[73]

The DOE is required to annually publish online a list of providers approved to offer virtual instruction programs in Florida. To be approved by the DOE, among other requirements specified in law, a virtual provider must document that the provider makes available to parents and students in their virtual program specific contact information. The contact information must be posted and accessible online and include, but is not limited to, the following teacher-parent and teacher-student contact information for each virtual course:

- How to contact the instructor via phone, e-mail, or online messaging tools.
- How to contact technical support via phone, e-mail, or online messaging tools.
- How to contact the administration office via phone, e-mail, or online messaging tools.
- Any requirement for regular contact with the instructor for the course and clear expectations for meeting the requirement.
- The requirement that the instructor in each course must, at minimum, conduct one contact via phone with the parent and the student each month.

Effect of Proposed Changes

The bill amends s. 1002.45, F.S. to allow a virtual charter school to offer part-time instruction; be an approved provider; and to contract with any public or charter school to allow the participation of the virtual charter school's students in courses that the virtual school is unable to provide.

Career and Professional Academies

Present Situation

In 2007, the Legislature enacted the Florida Career and Professional Education (CAPE) Act to provide a statewide planning partnership between the business and education communities to

[70] Section 1002.45, F.S.
[71] Sections 1002.33(1) and 1002.45(1)(d), F.S.
[72] Section 1003.498, F.S.
[73] Section 1002.45(2)(a), F.S.; see also Florida Department of Education, List of Approved Program and Course Providers, https://www.fldoe.org/schools/school-choice/virtual-edu/provider-resources/approved-providers/ (last visited April 7, 2021).

attract, expand, and retain targeted, high-value industry and to sustain a strong, knowledge-based economy.[74] The primary purpose of the CAPE Act is to:

- Improve middle and high school academic performance by providing rigorous and relevant curriculum opportunities;
- Provide rigorous and relevant career-themed courses that articulate to post-secondary level coursework and lead to industry certification;
- Support local and regional economic development;
- Respond to Florida's critical workforce needs; and
- Provide state residents with access to high-wage and high-demand careers.[75]

Each school board must offer career and professional academies[76] and include plans to implement a career and professional academy or career-themed course in at least one middle school in the district as part of its three-year strategic plan.[77] A career and professional academy is a research-based program that integrates a rigorous academic curriculum with an industry-specific curriculum aligned directly to priority workforce needs.[78] During the 2019-20 school year, 67 school districts, as well as, the Florida Virtual School, Florida School for Deaf and Blind, the Florida State University School, and the Florida A&M University Laboratory School registered 1,706 high school and 301 middle school career and professional academies with 194,197 participating students.[79]

Current law does not expressly authorize charter schools to offer career and professional academies.

Effect of Proposed Changes

The bill modifies s. 1003.493 F.S., to authorize charter schools to provide career and professional academies. This may increase the number of charter middle and high schools offering career and professional academies to better meet career and workforce needs.

Schools of Hope

Present Situation

In 2017, the Legislature established the Schools of Hope Program to provide students in areas of persistently low-performing schools the opportunity to access a high-quality education designed to close the opportunity gap and increase student achievement.[80] A school of hope is defined as a charter school operated by a hope operator to serve students from one or more persistently low-performing schools; is located within the attendance zone of the persistently low-performing

[74] Section 1003.491, F.S.
[75] *Id*. at (1).
[76] Section 1003.493(1)(a), F.S.
[77] Section 1003.4935(1), F.S.
[78] Section 1003.493(1)(a), F.S.
[79] Florida Department of Education, *Career and Professional Education Act, Enrollment and Performance Report, 2019-20* (2021), *available at* http://www.fldoe.org/core/fileparse.php/9904/urlt/1920capepr.pdf.
[80] Section 43, ch. 2017-116, L.O.F., codified at s.1002.333, F.S.

school or within a five mile radius of the school, whichever is greater; and is a Title I eligible school.[81]

Under the Schools of Hope Program administered by the DOE, a school of hope may receive additional funding for certain expenses such as funds for initial school facility leasing, hiring instructional support personnel, or acquiring supplies and educational materials, along with other expenses specified in law. Funds allocated which are not disbursed by June 30 of the fiscal year in which the funds are allocated may be carried forward for up to five years.[82]

A school of hope may request that the SBE designate the school as an LEA for the purposes of receiving federal funds. As an LEA, the school accepts the full responsibility for all LEA requirements and the schools for which it will perform LEA responsibilities. Students enrolled in a school established by a hope operator designated as an LEA are not eligible students for purposes of calculating a district's school grade.[83]

A school of hope must report its students to the school district for purposes of determining the school district's full-time equivalent FTE membership in calculating the FEFP.[84]

Persistently Low Performing Schools

A persistently low-performing school is a school that has earned three grades lower than a "C" in at least three of the previous five school years and has not earned a grade of "B" or higher in the most recent two school years. A school is also a persistently low-performing school if it was closed pursuant to the school's turnaround option plan within two years after the submission of a notice of intent.[85] The SBE must publish annually a list of persistently low-performing schools and must provide students in persistently low-performing schools with a public school that meets accountability standards.[86] For school year 2018-2019, the SBE's published list includes 183 persistently low-performing schools.[87]

Pursuant to the DOE Emergency Order No. 2020-EO-1, the spring administration of K-12 statewide, standardized assessments for the 2019-2020 school year was canceled and accountability measures reliant on the assessment data, such as school grades, were not calculated for the 2019-2020 school year.[88]

Hope Operators

A hope operator is a tax-exempt, nonprofit organization that operates three or more charter schools that serve students in grades K-12 in Florida or other states with a record of serving

[81] Section 1002.333(1)(d)1., F.S.
[82] Section 1002.333(10), F.S.
[83] Section 1002.333(6)(a), F.S.
[84] Section 1002.333(6)(g), F.S.
[85] Section 1002.333(1)(c), F.S.
[86] Section 1002.333(11)(d), F.S.
[87] Florida Department of Education, Florida School Accountability Reports, *Persistently Low-Performing Schools (2019), available at* http://fldoe.org/core/fileparse.php/18534/urlt/PLPSchools19.xls.
[88] Florida Department of Education, *Emergency Order No. 2020-EO-1 (March 2020), available at* http://www.fldoe.org/core/fileparse.php/19861/urlt/DOEORDERNO2020-EO-01.pdf.

students from low-income families and is designated by the SBE as a hope operator.[89] SBE rule designates an entity as a hope operator if it submits a complete application and meets at least one of the following criteria: [90]

- The entity was awarded a United States Department of Education Charter School Program grant for the Replication and Expansion of High-Quality Charter Schools pursuant to Title IV, Part C of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act (20 U.S.C. 7221-7221j) within the preceding three years from the date the entity submits an application to the Department;
- The entity has a current and active grant award for funding through the National Fund of the Charter School Growth Fund; or
- The entity is a non-profit charter school that is selected by a district school board to turnaround the performance of a low-performing public school.

Designation as a hope operator is valid for five years from the opening of a school of hope.[91] Presently, Florida has designated five hope operators: Democracy Prep Public Schools, Inc., Individuals Dedicated to Excellence and Achievement (IDEA) Public Schools, the Knowledge is Power Program (KIPP) New Jersey, Mater Academy, and Somerset Academy, Inc.[92]

Facilities

A school of hope must use facilities that comply with the Florida Building Code, except for the State Requirements for Educational Facilities (SREF). A school of hope that uses school district facilities must comply with SREF only if the school district and the hope operator have entered into a mutual management plan for the reasonable maintenance of such facilities, as specified in law.[93]

Each school district must provide to the DOE, no later than October 1, a list of all underused, vacant, or surplus facilities owned or operated by the school district. A hope operator establishing a school of hope may use an educational facility identified by a school district at no cost or at a mutually agreeable cost not to exceed $600 per student. Also, a hope operator that uses a facility owned or operated by a school district may not sell or dispose of the facility without the written permission of the school district.[94]

Personnel Background Screening

Each person who seeks educator certification in Florida must be fingerprinted and undergo a state and national criminal history background screening by a district school board or the DOE.[95] If a background screening reveals a criminal history, or if an applicant for certification acknowledges a criminal history, the applicant's records must be assigned to DOE's Office of

[89] Section 1002.333(2), F.S.
[90] Rule 6A-1.0998271(2)(b), F.A.C.

[95] Section 1012.56(10)(a), F.S.

Professional Practices Services (OPPS) for review and determination of eligibility for certification.[96]

Instructional and non-instructional personnel hired or contracted to fill positions that require direct contact with students in any charter school are required to undergo background screening[97] by filing with the district school board for the school district in which the charter school is located a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.[98] Current law provides a list of disqualifying criminal offenses for educator certification or employment in any position that requires direct contact with students in a charter school.[99] Instructional and non-instructional personnel who are hired must be rescreened every five years.[100]

Charter School Capital Outlay Funding

Capital outlay funds appropriated by the Legislature in the GAA are allocated to eligible charter schools by the DOE based on a methodology specified in law.[101] For fiscal year 2020-2021, the Legislature appropriated $169.6 million for charter school capital outlay funding.[102] As of March 2021, 610 charter schools received capital outlay disbursements from the DOE.[103]

To be eligible for charter school capital outlay funding, a charter school must:[104]

- Be in operation for at least two years;
- Be governed by a governing board established in Florida for two or more years which operates both charter schools and conversion charter schools within the state;
- Be part of an expanded feeder chain[105] with an existing charter school in the district that is currently receiving charter school capital outlay funds;
- Be accredited by a regional accrediting association as defined by state board rule; or
- Serve students in facilities that are provided by a business partner for a charter school-in-the-workplace.

In addition, a charter school must:

- Have an annual audit that does not reveal a financial emergency for the most recent fiscal year for which such audit results are available;[106]

[96] Section 1012.56(2)(d), F.S. The OPPS administers a state-level grievance process. The OPPS investigates alleged misconduct by educators in Florida who hold an educator's certificate and pursues disciplinary actions against the certificates of educators found to have committed acts of misconduct. *See* Florida Department of Education, *Professional Practices*, http://www.fldoe.org/teaching/professional-practices/ (last visited March 22, 2021).

[103] Florida Department of Education, *Charter School Capital Outlay 2020-21*, http://www.fldoe.org/finance/fco/charter-school-capital-outlay/index.stml (last visited March 22, 2021).
[104] Section 1013.62(1)(a)1.a., F.S.
[105] A charter school may be considered a part of an expanded feeder chain under s. 1013.62, F.S., if it either sends or receives a majority of its students directly to or from a charter school that is currently receiving capital outlay funding pursuant to s. 1013.62, F.S. Rule 6A-2.0020 (1), F.A.C.
[106] The definition of financial emergency is provided in s. 218.503(1), F.S.

- Have satisfactory student achievement based upon the state accountability standards applicable to charter schools;[107]
- Have received final approval from its sponsor for operation during that fiscal year; and
- Serve students in facilities that are not provided by the charter school sponsor.[108]

Capital outlay funds may be used by a charter school's governing board for the:

- Purchase of real property;
- Construction of school facilities;
- Purchase, lease-purchase or lease of permanent or relocatable school facilities;
- Purchase of vehicles to transport students to and from the charter school;
- Renovation, repair, and maintenance of school facilities that the charter school owns or is purchasing through a lease-purchase or long-term lease of five years or longer;
- Purchase, lease-purchase, or lease of computer and device hardware and operating system software necessary for gaining access to or enhancing the use of electronic and digital instructional content and resources;
- Payment of the cost of premiums for property and casualty insurance necessary to insure the school facilities;
- Purchase, lease-purchase or lease of driver's education vehicles, motor vehicles used for the maintenance or operation of plants and equipment, security vehicles, or vehicles used in storing or distributing materials and equipment; and
- Payment of the cost of the opening day collection for the library media center of a new school.[109]

Financial Accountability

Like other charter schools, a school of hope must provide for an annual audit.[110] The Auditor General may choose to conduct the audit. If not, the school must arrange for an audit by an independent certified public accountant.[111] The audit must:

- Examine the school's financial statements to determine if its financial position and any changes in financial position comply with generally accepted accounting principles;
- Examine the school's operations to determine compliance with legal and regulatory requirements; and
- Examine any additional financial information necessary to comply with generally accepted accounting principles.[112]

---

[107] Section 1013.62(1)(a)3., F.S.; rule 6A-2.0020, F.A.C. A charter school that receives a grade of "F," two consecutive grades lower than a "C" or a school improvement rating of "Unsatisfactory" is not eligible for capital outlay funding. *See also, Florida Assoc. of Independent Charter Schools vs. Florida Dept. of Education, Case No. 17-1986RP (2017), available at* https://www.doah.state.fl.us/ROS/2017/17001986.pdf.

[108] Section 1013.62(1)(a), F.S. A conversion charter school, i.e., a charter school created by the conversion of an existing public school to charter status, is not eligible for capital outlay funding if it operates in facilities provided by its sponsor at no charge or for a nominal fee or if it is directly or indirectly operated by the school district. Section 1013.62(1)(b), F.S.

[110] Sections 218.39(1)(e) and (f) and 1002.33(9)(j)1. and 2., F.S.

[111] Sections 11.45(3)(c) and 218.39(1)(e) and (f), F.S.

[112] Rules of the Auditor General, *Chapter 10.850 Audits of Charter Schools and Charter Technical Career Centers, The Florida Virtual Schools, and Virtual Instruction Program Providers (effective June 30, 2020), available at* https://flauditor.gov/pages/pdf_files/10_850.pdf.

Each school of hope must file a copy of its audit report with the sponsor, the district school board, if not the sponsor, the Auditor General and the DOE.[113]

Generally, each charter school must also submit a monthly financial statement summary sheet to the charter's sponsor.[114] The monthly summary sheet must include a balance sheet and a statement of revenue, expenditures, and changes in fund balance in a governmental funds format prescribed by the Governmental Accounting Standards Board.[115] The sponsor must review the financial statement summary to determine if the school exhibits a deteriorating financial condition.[116] The law allows a school of hope to submit its financial statement summary sheet on a quarterly basis, rather than monthly.[117]

Effect of Proposed Changes

Financial Accountability

The bill specifies that a school of hope operated by a nonprofit entity designated by an LEA is in compliance with financial reporting requirements if the nonprofit submits to each school district a financial statement summary for all its schools of hope in the district, and an annual financial audit of the nonprofit for all schools of hope it operates in the state that complies with s. 218.39, F.S.

Additionally, the bill modifies s. 1002.333, F.S., by providing that a hope operator, rather than each school of hope it operates, is the entity responsible for providing quarterly financial statements to the school district and meeting annual financial audit requirements.

Persistently Low Performing Schools

The bill modifies s. 1002.333, F.S., by revising the definition of a persistently low-performing school to be a school that has earned three grades lower than a "C" in at least three of the previous five years in which the school received a grade. This change would allow a school to be designated as persistently low performing even if it does not receive a school grade for one or more of the school years during a 5-year period.

Hope Operators

The bill modifies s. 1002.333, F.S., by authorizing a school of hope, which has been designated as a LEA, to report its students to the DOE according to procedures and timelines established by the DOE. A school of hope which has not been designated as a LEA must continue to report its students to the school district.

---

[113] Section 218.39(10), F.S.
[114] Section 1002.33(9)(g)3., F.S. A high-performing charter school may submit quarterly rather than monthly financial statements. Section 1002.331(2)(c), F.S. Pursuant to Rule 6A-1.0081, F.A.C., DOE adopted two monthly financial statement forms for use by charter schools. Florida Department of Education, *Government Accountability and Standards Board (GASB) Monthly Financial Form (Form IEPC-F1) and Non-Profit Monthly Financial Form (Form IEPC-F2),* http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-reference (last visited March 15, 2021).
[115] Florida Department of Education, *Government Accountability and Standards Board (GASB) Monthly Financial Form (Form IEPC-F1) and Non-Profit Monthly Financial Form (Form IEPC-F2),* http://www.fldoe.org/schools/school-choice/charter-schools/charter-school-reference (last visited March 15, 2021).
[116] Section 1002.33(9)(g)3., F.S.
[117] Section 1002.333(6)(h), F.S.

The bill specifies that a nonprofit entity that operates more than one school of hope may be designated as an LEA by the department.

Facilities

The bill modifies s. 1002.333, F.S., by requiring that the DOE must annually provide to school districts a list of underused, vacant, or surplus facilities operated by the school district as reported in the Florida Inventory of School Houses no later than January 1. The bill also specifies:

- A school district may provide evidence to the DOE that the list contains errors or omissions within 30 days after receipt of the list.
- By each April 1, the DOE must update and publish a final list based on updated information provided by each school district.

Personnel Background Screening

The bill modifies s. 1012.32, F.S., to authorize instructional and non-instructional personnel who are hired or contracted to fill positions in any school of hope to complete background screening requirements by filing with the school a set of fingerprints taken by:

- An authorized law enforcement agency;
- An employee of the charter school or school district who is trained to take fingerprints; or
- A private vendor who maintains an agreement with the Florida Department of Law Enforcement.

Charter School Capital Outlay Funding

The bill modifies s. 1002.333, F.S., to extend the authorization for undisbursed Schools of Hope Program funds to be carried forward from five years to seven years and modifies s. 1013.62, F.S., to authorize a charter school operated as a school of hope to be eligible to receive charter school capital outlay funding.

The bill provides for severability.

The bill takes effect July 1, 2021.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill requires that the funds for eligible university or FCS institution sponsored charter school students must be appropriated from state funds in the GAA to the charter school. Currently full-time equivalent students funded in the FEFP are funded with a combination of state and local funds. Since the eligible university or FCS institution sponsored charter school student will only be funded from state funds appropriated in the FEFP, there may need to be additional state funds provided to offset the potential loss of local funds; however, at this time the individual amounts cannot be determined and would vary based upon the school district and its total amount of local funds.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1002.32, 1002.33, 1002.331, 1002.333, 1002.45, 1003.493, 1008.3415, 1012.32, and 1013.62.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 479284 by Appropriations (Recommended by the Appropriations Subcommittee on Education):
The proposed committee substitute makes the following changes:

- Specifies that the limitation of one lab school per university does not apply to a university that establishes a lab school to serve a military installation within same county.
- Authorizes all lab schools with permanent high school center to receive sparsity supplement, not just those in operation prior to Sept. 1, 2013.
- Authorizes a prevailing party to file an action with the Division of Administrative Hearings to recover reasonable attorney fees and costs incurred during the denial of the application and any appeals.
- Authorizes the State Board of Education to withhold state funds from a district school board that is in violation of a state board decision on a charter school.
- Authorizes a charter school to immediately appeal any formal or informal decision by a sponsor in a dispute regarding a charter contract to an administrative law judge. The appeal may occur if either the charter school or the sponsor do not wish to mediate the decision and indicates such a decision in writing.
- Specifies that changes to a charter school's curriculum consistent with state standards and necessary to implement blended learning are deemed approved in terms of modifications to the charter, unless the sponsor determines in writing that the curriculum is inconsistent with state standards.
- In the case of an immediate termination of a charter school, the amendment requires the sponsor to provide the facts and circumstances supporting the termination in writing. The sponsor must demonstrate that an immediate and serious danger exists to the charter school's students, that the immediate and serious danger is likely to continue, and that an immediate termination of the charter is necessary.
- Authorizes an administrative law judge to award reasonable attorney fees and costs to the prevailing parting of any inunction, administrative proceeding, or appeal.
- Authorizes a charter school sponsor to seek an injunction in circuit court to prohibit continued operation of a charter school if continued operation of the school would materially threaten the health, safety, or welfare of the students.
- Removes the requirement for a sponsor to assume and continue operation of a charter school pending a hearing on the school's immediate termination.
- Expands the enrollment preference for students who complete the VPK program provided by the charter school to include students who complete the program at a provider with which the charter school has a written agreement.
- Specifies that a nonprofit entity that operates more than one school of hope may be designated as an LEA by the department.
- Revises the determination of a high-performing charter school facility's capacity so that any expansion of enrollment, regardless of grade level expansion or where a majority of new students will be enrolled, is based on the school's facilities at the time the expansion will take effect.
- Specifies that a school of hope operated by a nonprofit entity designated by an LEA is in compliance with financial reporting requirements if the nonprofit submits to school district a financial statement summary for all its schools of hope in the district, and an annual financial audit of nonprofit for all schools of hope it operates in state that complies with s. 218.39.
- Allows for a virtual charter school to provide part-time instruction.
- Allows for a virtual charter school to be an approved provider.

- Allows for a virtual charter to contract with any public school or charter school to allow the participation of the virtual charter school's students in courses that the virtual school is unable to provide.
- Provides for severability.

CS by Education on March 23, 2021:
The committee substitute retains the original bill provisions, and:
- Adds hope operators to the list of entities required to perform an annual financial audit.
- Modifies the charter school application process to specify that an application may be submitted at any time, rather than by February 1, for a school opening at a time of the applicant's choosing.
- Adds provisions specifying the charter school sponsor's administrative fee for up to two percent for enrollment of up to and including 250 students in an exceptional student education center.
- Modifies provisions that a high-performing charter school may submit two applications for a charter school within the state to be opened at a time determined by the high-performing charter school.
- Clarifies that a subsequent application may not be submitted unless the applicant commences operations or an application is withdrawn and that the provisions apply to an existing high-performing charter school.
- Specifies each school of hope that has not been designated as local education agency must report its students to the school district. Additionally, each school of hope that has been designated as a local education agency may report its students to the department.
- Clarifies that instructional and noninstructional personnel hired or contracted to fill positions at a school of hope must file with the school of hope, rather than the district school board as for other charter schools, a complete set of fingerprints taken by an authorized law enforcement agency or other recognized entity.
- Requires the DOE to annually provide to school districts, no later than January 1, a list of underused, vacant, or surplus facilities operated by the school district as reported in the Florida Inventory of School Houses, and:
  - A school district may provide evidence to the DOE that the list contains errors or omissions within 30 days after receipt of the list.
  - By each April 1, the DOE must update and publish a final list based on updated information provided by each school district.
- Authorizes a charter school that is an exceptional student education center that receives a rating of "maintaining" or higher may replicate its educational program.
- Requires the Commissioner of Education to verify that the charter school meets the specified requirements and provide a letter to the charter school and sponsor stating that the charter school may replicate its educational program in the same manner as a high-performing charter school.
- Extends the authorization for undispersed Schools of Hope Program funds to be carried forward from five years to seven years.
- Authorizes a charter school operated as a school of hope to be eligible to receive charter school capital outlay funding.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
04/20/2021	.	
	.	
	.	
	.	

The Committee on Appropriations (Hutson) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Subsection (2) and paragraph (a) of subsection (9) of section 1002.32, Florida Statutes, are amended to read:

1002.32 Developmental research (laboratory) schools.—

(2) ESTABLISHMENT.—There is established a category of public schools to be known as developmental research (laboratory) schools (lab schools). Each lab school shall

608684

provide sequential instruction and shall be affiliated with the college of education within the state university of closest geographic proximity. A lab school to which a charter has been issued under s. 1002.33(5)(a)2. must be affiliated with the college of education within the state university that issued the charter, but is not subject to the requirement that the state university be of closest geographic proximity. For the purpose of state funding, Florida Agricultural and Mechanical University, Florida Atlantic University, Florida State University, the University of Florida, and other universities approved by the State Board of Education and the Legislature are authorized to sponsor a lab school. The limitation of one lab school per university shall not apply to the following legislatively allowed charter lab schools ~~authorized prior to June 1, 2003~~: Florida State University Charter Lab K-12 School in Broward County, Florida Atlantic University Charter Lab K-12 ~~9-12 High~~ School in Palm Beach County, and Florida Atlantic University Charter Lab K-12 School in St. Lucie County. The limitation of one lab school per university does not apply to a university that establishes a lab school to serve families of a military installation that is within the same county as a branch campus that offers programs from the university's college of education.

(9) FUNDING.—Funding for a lab school, including a charter lab school, shall be provided as follows:

(a) Each lab school shall be allocated its proportional share of operating funds from the Florida Education Finance Program as provided in s. 1011.62 based on the county in which the lab school is located and the General Appropriations Act.

The nonvoted ad valorem millage that would otherwise be required for lab schools shall be allocated from state funds. The required local effort funds calculated pursuant to s. 1011.62 shall be allocated from state funds to the schools as a part of the allocation of operating funds pursuant to s. 1011.62. Each eligible lab school ~~in operation as of September 1, 2013,~~ with a permanent high school center shall also receive a proportional share of the sparsity supplement as calculated pursuant to s. 1011.62. In addition, each lab school shall receive its proportional share of all categorical funds, with the exception of s. 1011.68, and new categorical funds enacted after July 1, 1994, for the purpose of elementary or secondary academic program enhancement. The sum of funds available as provided in this paragraph shall be included annually in the Florida Education Finance Program and appropriate categorical programs funded in the General Appropriations Act.

Section 2. Paragraph (c) of subsection (2), subsection (5), paragraphs (b) and (d) of subsection (6), paragraphs (a), (b), and (d) of subsection (7), paragraphs (c), (d), and (e) of subsection (8), paragraphs (g) and (n) of subsection (9), paragraphs (d) and (e) of subsection (10), subsection (14), paragraph (c) of subsection (15), subsection (17), paragraph (e) of subsection (18), subsections (20) and (21), paragraph (a) of subsection (25), and subsection (28) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.—

(2) GUIDING PRINCIPLES; PURPOSE.—

(c) Charter schools may fulfill the following purposes:

1. Create innovative measurement tools.

608684

2. Provide rigorous competition within the public school system ~~district~~ to stimulate continual improvement in all public schools.

3. Expand the capacity of the public school system.

4. Mitigate the educational impact created by the development of new residential dwelling units.

5. Create new professional opportunities for teachers, including ownership of the learning program at the school site.

(5) SPONSOR; DUTIES.—

(a) *Sponsoring entities.*—

1. A district school board may sponsor a charter school in the county over which the district school board has jurisdiction.

2. A state university may grant a charter to a lab school created under s. 1002.32 and shall be considered to be the school's sponsor. Such school shall be considered a charter lab school.

3. Because needs relating to educational capacity, workforce qualifications, and career education opportunities are constantly changing and extend beyond school district boundaries:

a. A state university may, upon approval by the Department of Education, solicit applications and sponsor a charter school to meet regional education or workforce demands by serving students from multiple school districts.

b. A Florida College System institution may, upon approval by the Department of Education, solicit applications and sponsor a charter school in any county within its service area to meet workforce demands and may offer postsecondary programs leading

to industry certifications to eligible charter school students. A charter school established under subparagraph (b)4. may not be sponsored by a Florida College System institution until its existing charter with the school district expires as provided under subsection (7).

c. Notwithstanding paragraph (6)(b), a state university or Florida College System institution may, at its discretion, deny an application for a charter school.

(b) *Sponsor duties.*—

1.a. The sponsor shall monitor and review the charter school in its progress toward the goals established in the charter.

b. The sponsor shall monitor the revenues and expenditures of the charter school and perform the duties provided in s. 1002.345.

c. The sponsor may approve a charter for a charter school before the applicant has identified space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working funds.

d. The sponsor shall not apply its policies to a charter school unless mutually agreed to by both the sponsor and the charter school. If the sponsor subsequently amends any agreed-upon sponsor policy, the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the sponsor may not hold the charter school responsible for any provision of a newly revised policy until the revised policy is mutually agreed upon.

e. The sponsor shall ensure that the charter is innovative

608684

and consistent with the state education goals established by s. 1000.03(5).

f. The sponsor shall ensure that the charter school participates in the state's education accountability system. If a charter school falls short of performance measures included in the approved charter, the sponsor shall report such shortcomings to the Department of Education.

g. The sponsor shall not be liable for civil damages under state law for personal injury, property damage, or death resulting from an act or omission of an officer, employee, agent, or governing body of the charter school.

h. The sponsor shall not be liable for civil damages under state law for any employment actions taken by an officer, employee, agent, or governing body of the charter school.

i. The sponsor's duties to monitor the charter school shall not constitute the basis for a private cause of action.

j. The sponsor shall not impose additional reporting requirements on a charter school without providing reasonable and specific justification in writing to the charter school.

k. The sponsor shall submit an annual report to the Department of Education in a web-based format to be determined by the department.

(I) The report shall include the following information:

(A) ~~The number of draft applications received on or before May 1 and each applicant's contact information.~~

~~(B)~~ The number of ~~final~~ applications received during the school year and up to ~~on or before~~ August 1 and each applicant's contact information.

(B) ~~(C)~~ The date each application was approved, denied, or

608684

withdrawn.

(C) ~~(D)~~ The date each final contract was executed.

(II) Annually, by November 1 ~~Beginning August 31, 2013, and each year thereafter~~, the sponsor shall submit to the department the information for the applications submitted the previous year.

(III) The department shall compile an annual report, by sponsor ~~district~~, and post the report on its website by January 15 ~~November 1~~ of each year.

2. Immunity for the sponsor of a charter school under subparagraph 1. applies only with respect to acts or omissions not under the sponsor's direct authority as described in this section.

3. This paragraph does not waive a sponsor's ~~district school board's~~ sovereign immunity.

4. A Florida College System institution may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. If a Florida College System institution operates an approved teacher preparation program under s. 1004.04 or s. 1004.85, the institution may operate ~~no more than one~~ charter schools ~~school~~ that serve ~~serves~~ students in kindergarten through grade 12 in any school district within the service area of the institution. ~~In kindergarten through grade 8, the charter school shall implement innovative blended learning instructional models in which, for a given course, a student learns in part through online delivery of content and instruction with some element of~~

608684

~~student control over time, place, path, or pace and in part at a supervised brick-and-mortar location away from home. A student in a blended learning course must be a full-time student of the charter school and receive the online instruction in a classroom setting at the charter school.~~ District school boards shall cooperate with and assist the Florida College System institution on the charter application. Florida College System institution applications for charter schools are not subject to the time deadlines outlined in subsection (6) and may be approved by the district school board at any time during the year. Florida College System institutions may not report FTE for any students participating under this subparagraph who receive FTE funding through the Florida Education Finance Program.

5. For purposes of assisting the development of a charter school, a school district may enter into nonexclusive interlocal agreements with federal and state agencies, counties, municipalities, and other governmental entities that operate within the geographical borders of the school district to act on behalf of such governmental entities in the inspection, issuance, and other necessary activities for all necessary permits, licenses, and other permissions that a charter school needs in order for development, construction, or operation. A charter school may use, but may not be required to use, a school district for these services. The interlocal agreement must include, but need not be limited to, the identification of fees that charter schools will be charged for such services. The fees must consist of the governmental entity’s fees plus a fee for the school district to recover no more than actual costs for providing such services. These services and fees are not

608684

included within the services to be provided pursuant to subsection (20). Notwithstanding any other provision of law, an interlocal agreement between a school district and a federal or state agency, county, municipality, or other governmental entity which prohibits or limits the creation of a charter school within the geographic borders of the school district is void and unenforceable.

6. The board of trustees of a sponsoring state university or Florida College System institution under paragraph (a) is the local educational agency for all charter schools it sponsors for purposes of receiving federal funds and accepts full responsibility for all local educational agency requirements and the schools for which it will perform local educational agency responsibilities. A student enrolled in a charter school that is sponsored by a state university or Florida College System institution may not be included in the calculation of the school district's grade under s. 1008.34(5) for the school district in which he or she resides.

(c) *Sponsor accountability.*—

1. The department shall, in collaboration with charter school sponsors and charter school operators, develop a sponsor evaluation framework that must address, at a minimum:

a. The sponsor's strategic vision for charter school authorization and the sponsor's progress toward that vision.

b. The alignment of the sponsor's policies and practices to best practices for charter school authorization.

c. The academic and financial performance of all operating charter schools overseen by the sponsor.

d. The status of charter schools authorized by the sponsor,

608684

including approved, operating, and closed schools.

2. The department shall compile the results by sponsor and include the results in the report required under sub-sub-subparagraph (b)1.k.(III).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. ~~A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district's next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. Beginning in 2018 and thereafter,~~ A sponsor shall receive and consider charter school applications ~~received on or before February 1 of each calendar year~~ for charter schools ~~to be opened 18 months later at the beginning of the school district's school year, or~~ to be opened at a time determined by the applicant. ~~A sponsor may not refuse to receive a charter school application submitted before February 1 and may receive an application submitted later than February 1 if it chooses.~~ A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind. Before approving or denying any application, the sponsor shall

608684

allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of

608684

Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. 1002.331 or a high-performing charter school system identified pursuant to s. 1002.332 may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

(I) The application of a high-performing charter school does not materially comply with the requirements in paragraph (a) or, for a high-performing charter school system, the application does not materially comply with s. 1002.332(2)(b);

(II) The charter school proposed in the application does not materially comply with the requirements in paragraphs (9)(a)-(f);

(III) The proposed charter school's educational program does not substantially replicate that of the applicant or one of the applicant's high-performing charter schools;

(IV) The applicant has made a material misrepresentation or false statement or concealed an essential or material fact during the application process; or

(V) The proposed charter school's educational program and financial management practices do not materially comply with the requirements of this section.

Material noncompliance is a failure to follow requirements or a

608684

violation of prohibitions applicable to charter school applications, which failure is quantitatively or qualitatively significant either individually or when aggregated with other noncompliance. An applicant is considered to be replicating a high-performing charter school if the proposed school is substantially similar to at least one of the applicant's high-performing charter schools and the organization or individuals involved in the establishment and operation of the proposed school are significantly involved in the operation of replicated schools.

c. If the sponsor denies an application submitted by a high-performing charter school or a high-performing charter school system, the sponsor must, within 10 calendar days after such denial, state in writing the specific reasons, based upon the criteria in sub-subparagraph b., supporting its denial of the application and must provide the letter of denial and supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor's denial of the application in accordance with paragraph (c).

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of an application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. ~~Upon approval of an application, the initial startup shall commence with the beginning of the public school calendar for the district in which the charter is granted.~~ A charter school may defer the opening of the school's operations for up

608684

to 3 years to provide time for adequate facility planning. The charter school must provide written notice of such intent to the sponsor and the parents of enrolled students at least 30 calendar days before the first day of school.

(d)1. The sponsor shall act upon the decision of the State Board of Education within 30 calendar days after it is received. The State Board of Education's decision is a final action subject to judicial review in the district court of appeal. A prevailing party may file an action with the Division of Administrative Hearings to recover reasonable attorney fees and costs incurred during the denial of the application and any appeals.

2. A school district that fails to implement the decision affirmed by a district court of appeal shall reduce the administrative fees withheld pursuant to subsection (20) to 1 percent for all charter schools operating in the school district. Such school districts shall file a monthly report detailing the reduction in the amount of administrative fees withheld. Upon execution of the charter, the sponsor may resume withholding the full amount of administrative fees but may not recover any fees that would have otherwise accrued during the period of noncompliance. Any charter school that had administrative fees withheld in violation of this paragraph may recover attorney fees and costs to enforce the requirements of this paragraph.

(7) CHARTER.—The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor and the governing board of the charter school shall

608684

use the standard charter contract pursuant to subsection (21), which shall incorporate the approved application and any addenda approved with the application. Any term or condition of a proposed charter contract that differs from the standard charter contract adopted by rule of the State Board of Education shall be presumed a limitation on charter school flexibility. The sponsor may not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school’s mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and grounded in scientifically based reading research.

608684

b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school pursuant to s. 1011.61(1)(a)1. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while

608684

attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

A ~~The~~ district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. 1008.22.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 1002.3105(5), s. 1003.4281, or s. 1003.4282.

6. A method for resolving conflicts between the governing board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures, including the school’s code of student conduct. Admission or dismissal must not be based on a student’s academic performance.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or

608684

within the racial/ethnic range of other nearby public schools ~~in the same school district~~.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the

608684

charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 5 years, excluding 2 planning years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the sponsor ~~district school board~~. A charter lab school is eligible for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the sponsor ~~district school board~~. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as required in paragraph (12)(i).

16. A timetable for implementing the charter which

addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term "relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. 1002.331 by the charter school when it satisfies the eligibility requirements for a high-performing charter school. A high-

performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

(b) The sponsor has 30 days after approval of the application to provide an initial proposed charter contract to the charter school. The applicant and the sponsor have 40 days thereafter to negotiate and notice the charter contract for final approval by the sponsor unless both parties agree to an extension. The proposed charter contract shall be provided to the charter school at least 7 calendar days before the date of the meeting at which the charter is scheduled to be voted upon by the sponsor. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application and for any dispute relating to the approved charter, except a dispute regarding a charter school application denial. If either the charter school or the sponsor indicates in writing that the party does not desire to settle any dispute arising under this section through mediation procedures offered by the Department of Education, a charter school may immediately appeal any formal or informal decision by the sponsor to an administrative law judge appointed by the Division of Administrative Hearings. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may also be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on issues of equitable treatment of the

608684

charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or any other matter regarding this section, except a dispute regarding charter school application denial, a charter termination, or a charter nonrenewal. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against.

(d) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school's governing board and the approval of both parties to the agreement. Changes to curriculum which are consistent with state standards and are necessary to implement blended learning shall be deemed approved unless the sponsor determines in writing that the curriculum is inconsistent with state standards. Modification during any term may include, but is not limited to, consolidation of multiple charters into a single charter if the charters are operated under the same governing board, regardless of the renewal cycle. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation shall be reported by the sponsor ~~school district~~ as a consolidation.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.—

(c) A charter may be terminated immediately if the sponsor sets forth in writing the particular facts and circumstances demonstrating ~~indicating~~ that an immediate and serious danger to the health, safety, or welfare of the charter school's students exists, that the immediate and serious danger is likely to

608684

continue, and that an immediate termination of the charter is necessary. The sponsor's determination is subject to the procedures set forth in paragraph (b), except that the hearing may take place after the charter has been terminated. The sponsor shall notify in writing the charter school's governing board, the charter school principal, and the department of the facts and circumstances supporting the immediate termination ~~if a charter is terminated immediately~~. The sponsor shall clearly identify the specific issues that resulted in the immediate termination and provide evidence of prior notification of issues resulting in the immediate termination, if applicable ~~when appropriate~~. Upon receiving written notice from the sponsor, the charter school's governing board has 10 calendar days to request a hearing. A requested hearing must be expedited and the final order must be issued within 60 days after the date of request. The administrative law judge shall award reasonable attorney fees and costs to the prevailing party of any injunction, administrative proceeding, or appeal. The sponsor may seek an injunction in the circuit court in which the charter school is located to enjoin continued operation of the charter school if ~~shall assume operation of the charter school throughout the pendency of the hearing under paragraph (b) unless the~~ continued operation ~~of the charter school~~ would materially threaten the health, safety, or welfare of the students. ~~Failure by the sponsor to assume and continue operation of the charter school shall result in the awarding of reasonable costs and attorney's fees to the charter school if the charter school prevails on appeal.~~

(d) When a charter is not renewed or is terminated, the

608684

school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds, except for capital outlay funds and federal charter school program grant funds, from the charter school shall revert to the sponsor. Capital outlay funds provided pursuant to s. 1013.62 and federal charter school program grant funds that are unencumbered shall revert to the department to be redistributed among eligible charter schools. In the event a charter school is dissolved or is otherwise terminated, all sponsor ~~district school board~~ property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the sponsor ~~district school board~~, subject to complete satisfaction of any lawful liens or encumbrances. Any unencumbered public funds from the charter school, ~~district school board~~ property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the charter school, in the possession of any person, entity, or holding company, other than the charter school, shall be held in trust upon the sponsor's ~~district school board's~~ request, until any appeal status is resolved.

(e) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The sponsor ~~district~~ may not assume the debt from any contract made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the sponsor ~~district~~ and the governing body of the school and that may not reasonably be assumed to have been satisfied by the sponsor ~~district~~.

(9) CHARTER SCHOOL REQUIREMENTS.—

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled "Financial and Program Cost Accounting and Reporting for Florida Schools"; or

b. At the discretion of the charter school's governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.

2. Charter schools shall provide annual financial report and program cost report information in the state-required formats for inclusion in sponsor ~~district~~ reporting in compliance with s. 1011.60(1). Charter schools that are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent but must reformat this information for reporting according to this paragraph.

3. A charter school shall, upon approval of the charter contract, provide the sponsor with a concise, uniform, monthly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental funds format prescribed by the Governmental Accounting Standards Board. A high-performing charter school

608684

pursuant to s. 1002.331 may provide a quarterly financial statement in the same format and requirements as the uniform monthly financial statement summary sheet. The sponsor shall review each monthly or quarterly financial statement to identify the existence of any conditions identified in s. 1002.345(1)(a).

4. A charter school shall maintain and provide financial information as required in this paragraph. The financial statement required in subparagraph 3. must be in a form prescribed by the Department of Education.

(n)1. The director and a representative of the governing board of a charter school that has earned a grade of "D" or "F" pursuant to s. 1008.34 shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for developing, submitting, and approving such plans.

2.a. If a charter school earns three consecutive grades below a "C," the charter school governing board shall choose one of the following corrective actions:

(I) Contract for educational services to be provided directly to students, instructional personnel, and school administrators, as prescribed in state board rule;

(II) Contract with an outside entity that has a demonstrated record of effectiveness to operate the school;

608684

(III) Reorganize the school under a new director or principal who is authorized to hire new staff; or

(IV) Voluntarily close the charter school.

b. The charter school must implement the corrective action in the school year following receipt of a third consecutive grade below a "C."

c. The sponsor may annually waive a corrective action if it determines that the charter school is likely to improve a letter grade if additional time is provided to implement the intervention and support strategies prescribed by the school improvement plan. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of "F" is subject to subparagraph 3.

d. A charter school is no longer required to implement a corrective action if it improves to a "C" or higher. However, the charter school must continue to implement strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school's continued improvement pursuant to subparagraph 4.

e. A charter school implementing a corrective action that does not improve to a "C" or higher after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve to a "C" or higher if additional time is provided to implement the existing corrective action. Notwithstanding this sub-

608684

subparagraph, a charter school that earns a second consecutive grade of "F" while implementing a corrective action is subject to subparagraph 3.

3. A charter school's charter contract is automatically terminated if the school earns two consecutive grades of "F" after all school grade appeals are final unless:

a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)2. Such charter schools shall be governed by s. 1008.33;

b. The charter school serves a student population the majority of which resides in a school zone served by a district public school subject to s. 1008.33(4) and the charter school earns at least a grade of "D" in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or

c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department's official release of school grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby ~~district~~ public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

608684

The sponsor shall notify the charter school's governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(d)-(f) and (9)(o).

4. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

5. Notwithstanding any provision of this paragraph except sub-subparagraphs 3.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(10) ELIGIBLE STUDENTS.—

(d) A charter school may give enrollment preference to the following student populations:

1. Students who are siblings of a student enrolled in the charter school.

2. Students who are the children of a member of the governing board of the charter school.

3. Students who are the children of an employee of the charter school.

4. Students who are the children of:

608684

a. An employee of the business partner of a charter school-in-the-workplace established under paragraph (15)(b) or a resident of the municipality in which such charter school is located; or

b. A resident or employee of a municipality that operates a charter school-in-a-municipality pursuant to paragraph (15)(c) or allows a charter school to use a school facility or portion of land provided by the municipality for the operation of the charter school.

5. Students who have successfully completed, during the previous year, a voluntary prekindergarten education program under ss. 1002.51-1002.79 provided by the charter school, ~~or~~ the charter school's governing board, or a voluntary prekindergarten provider that has a written agreement with the governing board ~~during the previous year~~.

6. Students who are the children of an active duty member of any branch of the United States Armed Forces.

7. Students who attended or are assigned to failing schools pursuant to s. 1002.38(2).

(e) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.

2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.

3. Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality established pursuant to subsection (15).

4. Students residing within a reasonable distance of the

608684

charter school, as described in paragraph (20)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (7)(a)8. or any federal provisions that require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other nearby public schools ~~in the same school district~~.

5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school's mission and purpose. Such standards shall be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.

6. Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools that has been approved by the sponsor.

7. Students living in a development in which a developer, including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools or charter ~~provides the~~ school facilities ~~facility~~ and related property in an amount equal to or having a total ~~an~~ appraised value of at least $5 million to be used as ~~a~~ charter schools ~~school~~ to mitigate the educational impact created by the development of new residential dwelling units. Students living in the development are ~~shall be~~ entitled to ~~no more than~~ 50 percent of the student stations in the charter schools ~~school~~.

608684

The students who are eligible for enrollment are subject to a random lottery, the racial/ethnic balance provisions, or any federal provisions, as described in subparagraph 4. The remainder of the student stations must ~~shall~~ be filled in accordance with subparagraph 4.

(14) CHARTER SCHOOL FINANCIAL ARRANGEMENTS; INDEMNIFICATION OF THE STATE AND SPONSOR ~~SCHOOL DISTRICT~~; CREDIT OR TAXING POWER NOT TO BE PLEDGED.—Any arrangement entered into to borrow or otherwise secure funds for a charter school authorized in this section from a source other than the state or a sponsor ~~school district~~ shall indemnify the state and the sponsor ~~school district~~ from any and all liability, including, but not limited to, financial responsibility for the payment of the principal or interest. Any loans, bonds, or other financial agreements are not obligations of the state or the sponsor ~~school district~~ but are obligations of the charter school authority and are payable solely from the sources of funds pledged by such agreement. The credit or taxing power of the state or the sponsor ~~school district~~ shall not be pledged and no debts shall be payable out of any moneys except those of the legal entity in possession of a valid charter approved by a sponsor ~~district school board~~ pursuant to this section.

(15) CHARTER SCHOOLS-IN-THE-WORKPLACE; CHARTER SCHOOLS-IN-A-MUNICIPALITY.—

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (10); and enrolls

608684

students according to the racial/ethnic balance provisions described in subparagraph (7)(a)8. When a municipality has submitted charter applications for the establishment of a charter school feeder pattern, consisting of elementary, middle, and senior high schools, and each individual charter application is approved by the sponsor ~~district school board~~, such schools shall then be designated as one charter school for all purposes listed pursuant to this section. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 1013.54, for the duration of its use as a public school.

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in a ~~the~~ school district. Funding for a charter lab school shall be as provided in s. 1002.32.

(a) Each charter school shall report its student enrollment to the sponsor as required in s. 1011.62, and in accordance with the definitions in s. 1011.61. The sponsor shall include each charter school's enrollment in the sponsor's ~~district's~~ report of student enrollment. All charter schools submitting student record information required by the Department of Education shall comply with the Department of Education's guidelines for electronic data formats for such data, and all sponsors ~~districts~~ shall accept electronic data that complies with the Department of Education's electronic format.

(b)1. The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school

608684

district's operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; and multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education. For charter schools operated by a not-for-profit or municipal entity, any unrestricted current and capital assets identified in the charter school's annual financial audit may be used for other charter schools operated by the not-for-profit or municipal entity within the school district. Unrestricted current assets shall be used in accordance with s. 1011.62, and any unrestricted capital assets shall be used in accordance with s. 1013.62(2).

2.a. Students enrolled in a charter school sponsored by a state university or Florida College System institution pursuant

to paragraph (5)(a) shall be funded as if they are in a basic program or a special program in the school district. The basis for funding these students is the sum of the total operating funds from the Florida Education Finance Program for the school district in which the school is located as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from each school district's current operating discretionary millage levy, divided by total funded weighted full-time equivalent students in the district, and multiplied by the full-time equivalent membership of the charter school. The Department of Education shall develop a tool that each state university or Florida College System institution sponsoring a charter school shall use for purposes of calculating the funding amount for each eligible charter school student. The total amount obtained from the calculation must be appropriated from state funds in the General Appropriations Act to the charter school.

b. Capital outlay funding for a charter school sponsored by a state university or Florida College System institution pursuant to paragraph (5)(a) is determined pursuant to s. 1013.62 and the General Appropriations Act.

(c) Pursuant to 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment. Unless otherwise mutually agreed to by the charter school and its sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds,

608684

the sponsor shall reimburse the charter school on a monthly basis for all invoices submitted by the charter school for federal funds available to the sponsor for the benefit of the charter school, the charter school's students, and the charter school's students as public school students in the school district. Such federal funds include, but are not limited to, Title I, Title II, and Individuals with Disabilities Education Act (IDEA) funds. To receive timely reimbursement for an invoice, the charter school must submit the invoice to the sponsor at least 30 days before the monthly date of reimbursement set by the sponsor. In order to be reimbursed, any expenditures made by the charter school must comply with all applicable state rules and federal regulations, including, but not limited to, the applicable federal Office of Management and Budget Circulars; the federal Education Department General Administrative Regulations; and program-specific statutes, rules, and regulations. Such funds may not be made available to the charter school until a plan is submitted to the sponsor for approval of the use of the funds in accordance with applicable federal requirements. The sponsor has 30 days to review and approve any plan submitted pursuant to this paragraph.

(d) Charter schools shall be included by the Department of Education and the district school board in requests for federal stimulus funds in the same manner as district school board-operated public schools, including Title I and IDEA funds and shall be entitled to receive such funds. Charter schools are eligible to participate in federal competitive grants that are available as part of the federal stimulus funds.

(e) Sponsors ~~District school boards~~ shall make timely and

608684

efficient payment and reimbursement to charter schools, including processing paperwork required to access special state and federal funding for which they may be eligible. Payments of funds under paragraph (b) shall be made monthly or twice a month, beginning with the start of the sponsor's ~~district school board's~~ fiscal year. Each payment shall be one-twelfth, or one twenty-fourth, as applicable, of the total state and local funds described in paragraph (b) and adjusted as set forth therein. For the first 2 years of a charter school's operation, if a minimum of 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the sponsor ~~district school board~~ shall distribute funds to the school for the months of July through October based on the projected full-time equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor's student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the sponsor ~~district school board~~ receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the sponsor ~~district school board~~, the sponsor ~~school district~~ shall pay to the

608684

charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(f) Funding for a virtual charter school shall be as provided in s. 1002.45(7).

(g) To be eligible for public education capital outlay (PECO) funds, a charter school must be located in the State of Florida.

(h) A charter school that implements a schoolwide standard student attire policy pursuant to s. 1011.78 is eligible to receive incentive payments.

(18) FACILITIES.—

(e) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the sponsor ~~school district~~ may not sell or dispose of such property without written permission of the sponsor ~~school district~~. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The

608684

charter school shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.

(20) SERVICES.—

(a)1. A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program, consistent with the needs of the charter school, are provided by the sponsor ~~school district~~ at the request of the charter school, that any funds due to the charter school under the National School Lunch Program be paid to the charter school as soon as the charter school begins serving food under the National School Lunch Program, and that the charter school is paid at the same time and in the same manner under the National School Lunch Program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments; processing of teacher certificate data services; and information services, including equal access to the sponsor's student information systems that are used by public schools in the district in which the charter school is located or by schools in the sponsor's portfolio of charter schools if

608684

the sponsor is not a school district. Student performance data for each student in a charter school, including, but not limited to, FCAT scores, standardized test scores, previous public school student report cards, and student performance measures, shall be provided by the sponsor to a charter school in the same manner provided to other public schools in the district or by schools in the sponsor's portfolio of charter schools if the sponsor is not a school district.

2. A sponsor may withhold an administrative fee for the provision of such services which shall be a percentage of the available funds defined in paragraph (17)(b) calculated based on weighted full-time equivalent students. If the charter school serves 75 percent or more exceptional education students as defined in s. 1003.01(3), the percentage shall be calculated based on unweighted full-time equivalent students. The administrative fee shall be calculated as follows:

a. Up to 5 percent for:

(I) Enrollment of up to and including 250 students in a charter school as defined in this section.

(II) Enrollment of up to and including 500 students within a charter school system which meets all of the following:

(A) Includes conversion charter schools and nonconversion charter schools.

(B) Has all of its schools located in the same county.

(C) Has a total enrollment exceeding the total enrollment of at least one school district in this ~~the~~ state.

(D) Has the same governing board for all of its schools.

(E) Does not contract with a for-profit service provider for management of school operations.

608684

(III) Enrollment of up to and including 250 students in a virtual charter school.

b. Up to 2 percent for enrollment of up to and including 250 students in a high-performing charter school as defined in s. 1002.331.

c. Up to 2 percent for enrollment of up to and including 250 students in an exceptional student education center that meets the requirements of the rules adopted by the State Board of Education pursuant to s. 1008.3415(3).

3. A sponsor may not charge charter schools any additional fees or surcharges for administrative and educational services in addition to the maximum percentage of administrative fees withheld pursuant to this paragraph.

4. A sponsor shall provide to the department by September 15 of each year the total amount of funding withheld from charter schools pursuant to this subsection for the prior fiscal year. The department must include the information in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(b) If goods and services are made available to the charter school through the contract with the sponsor ~~school district~~, they shall be provided to the charter school at a rate no greater than the sponsor's ~~district's~~ actual cost unless mutually agreed upon by the charter school and the sponsor in a contract negotiated separately from the charter. When mediation has failed to resolve disputes over contracted services or contractual matters not included in the charter, an appeal may be made to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on the dispute. The administrative

608684

law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against. To maximize the use of state funds, sponsors ~~school districts~~ shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of subpart I.E. of chapter 1006 and s. 1012.45. The governing body of the charter school may provide transportation through an agreement or contract with the sponsor ~~district school board~~, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) Each charter school shall annually complete and submit a survey, provided in a format specified by the Department of Education, to rate the timeliness and quality of services provided by the sponsor ~~district~~ in accordance with this section. The department shall compile the results, by sponsor ~~district~~, and include the results in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(21) PUBLIC INFORMATION ON CHARTER SCHOOLS.—

(a) The Department of Education shall provide information to the public, directly and through sponsors, on how to form and operate a charter school and how to enroll in a charter school once it is created. This information shall include the standard

608684

application form, standard charter contract, standard evaluation instrument, and standard charter renewal contract, which shall include the information specified in subsection (7) and shall be developed by consulting and negotiating with both sponsors ~~school districts~~ and charter schools before implementation. The charter and charter renewal contracts shall be used by charter school sponsors.

(b)1. The Department of Education shall report to each charter school receiving a school grade pursuant to s. 1008.34 or a school improvement rating pursuant to s. 1008.341 the school's student assessment data.

2. The charter school shall report the information in subparagraph 1. to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the sponsor ~~district in which the charter school is located~~, and the governing board of the charter school. This paragraph does not abrogate the provisions of s. 1002.22, relating to student records, or the requirements of 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act.

(25) LOCAL EDUCATIONAL AGENCY STATUS FOR CERTAIN CHARTER SCHOOL SYSTEMS.—

(a) A charter school system's governing board shall be designated a local educational agency for the purpose of receiving federal funds, the same as though the charter school system were a school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsor ~~sponsoring district school board~~ and the Department of Education in which the governing board of the charter school system accepts the full responsibility for all local education

agency requirements and the charter school system meets all of the following:

1. Has all schools located in the same county;

2. Has a total enrollment exceeding the total enrollment of at least one school district in this ~~the~~ state; and

3. Has the same governing board.

Such designation does not apply to other provisions unless specifically provided in law.

(28) RULEMAKING.—The Department of Education, after consultation with sponsors ~~school districts~~ and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute. The State Board of Education shall adopt rules, pursuant to ss. 120.536(1) and 120.54, to implement a standard charter application form, standard application form for the replication of charter schools in a high-performing charter school system, standard evaluation instrument, and standard charter and charter renewal contracts in accordance with this section.

Section 3. Paragraph (a) of subsection (1), paragraph (a) of subsection (2), and paragraph (b) of subsection (3) of section 1002.331, Florida Statutes, are amended to read:

1002.331 High-performing charter schools.—

(1) A charter school is a high-performing charter school if it:

(a)1. Received at least two school grades of "A" and no school grade below "B," pursuant to s. 1008.34, during each of

608684

the previous 3 school years or received at least two consecutive school grades of "A" in the most recent 2 school years for the years that the school received a grade; or

2. Receives, during its first 3 years of operation, funding through the National Fund of the Charter School Growth Fund.

For purposes of determining initial eligibility, the requirements of paragraphs (b) and (c) only apply for the most recent 2 fiscal years if the charter school earns two consecutive grades of "A." A virtual charter school established under s. 1002.33 is not eligible for designation as a high-performing charter school.

(2) A high-performing charter school is authorized to:

(a) Increase its student enrollment once per school year to more than the capacity identified in the charter, but student enrollment may not exceed the capacity of the facility at the time the enrollment increase will take effect. Facility capacity for purposes of ~~grade level~~ expansion shall include any improvements to an existing facility or any new facility in which ~~a majority of~~ the students of the high-performing charter school will enroll.

A high-performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable. If a charter school notifies the sponsor of its intent to expand, the sponsor shall modify the charter within 90 days to include the new

608684

enrollment maximum and may not make any other changes. The sponsor may deny a request to increase the enrollment of a high-performing charter school if the commissioner has declassified the charter school as high-performing. If a high-performing charter school requests to consolidate multiple charters, the sponsor shall have 40 days after receipt of that request to provide an initial draft charter to the charter school. The sponsor and charter school shall have 50 days thereafter to negotiate and notice the charter contract for final approval by the sponsor.

(3)

(b) A high-performing charter school may submit ~~not establish more than~~ two applications for a charter school to be opened ~~schools~~ within this ~~the~~ state under paragraph (a) at a time determined by the high-performing charter school ~~in any year~~. A subsequent application to establish a charter school under paragraph (a) may not be submitted unless each charter school applicant commences operations or an application is otherwise withdrawn ~~established in this manner achieves high-performing charter school status~~. However, a high-performing charter school may establish more than one charter school within this ~~the~~ state under paragraph (a) in any year if it operates in the area of a persistently low-performing school and serves students from that school. This paragraph applies to any high-performing charter school with an existing approved application.

Section 4. Paragraph (c) of subsection (1), paragraphs (a), (g), and (h) of subsection (6), paragraph (d) of subsection (7), and paragraph (b) of subsection (10) of section 1002.333, Florida Statutes, are amended, and paragraph (e) is added to

subsection (9) of that section, to read:

1002.333 Persistently low-performing schools.—

(1) DEFINITIONS.—As used in this section, the term:

(c) "Persistently low-performing school" means a school that has earned three grades lower than a "C," pursuant to s. 1008.34, in at least 3 of the previous 5 years that the school received a grade and has not earned a grade of "B" or higher in the most recent 2 school years, and a school that was closed pursuant to s. 1008.33(4) within 2 years after the submission of a notice of intent.

(6) STATUTORY AUTHORITY.—

(a) A school of hope or a nonprofit entity that operates more than one school of hope through a performance-based agreement with a school district may be designated as a local education agency by the department, if requested, for the purposes of receiving federal funds and, in doing so, accepts the full responsibility for all local education agency requirements and the schools for which it will perform local education agency responsibilities.

1. A nonprofit entity designated as a local education agency may report its students to the department in accordance with the definitions in s. 1011.61 and pursuant to the department's procedures and timelines.

2. Students enrolled in a school established by a hope operator designated as a local educational agency are not eligible students for purposes of calculating the district grade pursuant to s. 1008.34(5).

(g) Each school of hope that has not been designated as a local education agency shall report its students to the school

608684

district as required in s. 1011.62, and in accordance with the definitions in s. 1011.61. The school district shall include each charter school's enrollment in the district's report of student enrollment. All charter schools submitting student record information required by the department shall comply with the department's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the department's electronic format.

(h)1. A school of hope shall provide the school district with a concise, uniform, quarterly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental fund format prescribed by the Governmental Accounting Standards Board. Additionally, a school of hope shall comply with the annual audit requirement for charter schools in s. 218.39.

2. A school of hope is in compliance with subparagraph 1. if it is operated by a nonprofit entity designated as a local education agency and if the nonprofit submits to each school district in which it operates a school of hope:

a. A concise, uniform, quarterly financial statement summary sheet that contains a balance sheet summarizing the revenue, expenditures, and changes in fund balance for the entity and for its schools of hope within the school district.

b. An annual financial audit of the nonprofit which includes all schools of hope it operates within this state and which complies with s. 218.39 regarding audits of a school board.

608684

(7) FACILITIES.—

(d) No later than January ~~October~~ 1, the department ~~each school district~~ shall annually provide to school districts ~~the Department of Education~~ a list of all underused, vacant, or surplus facilities owned or operated by the school district as reported in the Florida Inventory of School Houses. A school district may provide evidence to the department that the list contains errors or omissions within 30 days after receipt of the list. By each April 1, the department shall update and publish a final list of all underused, vacant, or surplus facilities owned or operated by each school district, based upon updated information provided by each school district. A hope operator establishing a school of hope may use an educational facility identified in this paragraph at no cost or at a mutually agreeable cost not to exceed $600 per student. A hope operator using a facility pursuant to this paragraph may not sell or dispose of such facility without the written permission of the school district. For purposes of this paragraph, the term "underused, vacant, or surplus facility" means an entire facility or portion thereof which is not fully used or is used irregularly or intermittently by the school district for instructional or program use.

(9) FUNDING.—

(e) For a nonprofit entity designated by the department as a local education agency pursuant to paragraph (6)(h), any unrestricted current and capital assets identified in the annual financial audit required by sub-subparagraph (6)(h)2.b. may be used for any other school of hope operated by the local education agency within the same district. Unrestricted current

608684

assets shall be used in accordance with s. 1011.62, and any unrestricted capital assets shall be used in accordance with s. 1013.62(2).

(10) SCHOOLS OF HOPE PROGRAM.—The Schools of Hope Program is created within the Department of Education.

(b) Notwithstanding s. 216.301 and pursuant to s. 216.351, funds allocated for the purpose of this subsection which are not disbursed by June 30 of the fiscal year in which the funds are allocated may be carried forward for up to 7 ~~5~~ years after the effective date of the original appropriation.

Section 5. Paragraph (d) of subsection (1) and paragraph (a) of subsection (2) of section 1002.45, Florida Statutes, are amended to read:

1002.45 Virtual instruction programs.—

(1) PROGRAM.—

(d) A virtual charter school may provide full-time or part-time virtual instruction for students in kindergarten through grade 12 if the virtual charter school has a charter approved pursuant to s. 1002.33 ~~authorizing full-time virtual instruction~~. A virtual charter school may:

1. Contract with the Florida Virtual School.

2. Contract with an approved provider under subsection (2).

3. Enter into an agreement with a school district to allow the participation of the virtual charter school's students in the school district's virtual instruction program. The agreement must indicate a process for reporting of student enrollment and the transfer of funds required by paragraph (7)(e).

(2) PROVIDER QUALIFICATIONS.—

(a) The department shall annually publish online a list of

608684

providers approved to offer virtual instruction programs. To be approved by the department, a provider must document that it:

1. Is nonsectarian in its programs, admission policies, employment practices, and operations;

2. Complies with the antidiscrimination provisions of s. 1000.05;

3. Locates an administrative office or offices in this state, requires its administrative staff to be state residents, requires all instructional staff to be Florida-certified teachers under chapter 1012 and conducts background screenings for all employees or contracted personnel, as required by s. 1012.32, using state and national criminal history records;

4. Provides to parents and students specific information posted and accessible online that includes, but is not limited to, the following teacher-parent and teacher-student contact information for each course:

a. How to contact the instructor via phone, e-mail, or online messaging tools.

b. How to contact technical support via ~~phone,~~ e-mail~~,~~ or online messaging tools.

c. How to contact the administration office via phone, e-mail, or online messaging tools.

d. Any requirement for regular contact with the instructor for the course and clear expectations for meeting the requirement.

e. The requirement that the instructor in each course must, at a minimum, conduct one contact via phone with the parent and the student each month;

5. Possesses prior, successful experience offering online

608684

courses to elementary, middle, or high school students as demonstrated by quantified student learning gains in each subject area and grade level provided for consideration as an instructional program option. However, for a provider without sufficient prior, successful experience offering online courses, the department may conditionally approve the provider to offer courses measured pursuant to subparagraph (8)(a)2. Conditional approval shall be valid for 1 school year only and, based on the provider's experience in offering the courses, the department shall determine whether to grant approval to offer a virtual instruction program;

6. Is accredited by a regional accrediting association as defined by State Board of Education rule;

7. Ensures instructional and curricular quality through a detailed curriculum and student performance accountability plan that addresses every subject and grade level it intends to provide through contract with the school district, including:

a. Courses and programs that meet the standards of the International Association for K-12 Online Learning and the Southern Regional Education Board.

b. Instructional content and services that align with, and measure student attainment of, student proficiency in the Next Generation Sunshine State Standards.

c. Mechanisms that determine and ensure that a student has satisfied requirements for grade level promotion and high school graduation with a standard diploma, as appropriate;

8. Publishes for the general public, in accordance with disclosure requirements adopted in rule by the State Board of Education, as part of its application as a provider and in all

608684

contracts negotiated pursuant to this section:

a. Information and data about the curriculum of each full-time and part-time program.

b. School policies and procedures.

c. Certification status and physical location of all administrative and instructional personnel.

d. Hours and times of availability of instructional personnel.

e. Student-teacher ratios.

f. Student completion and promotion rates.

g. Student, educator, and school performance accountability outcomes;

9. If the provider is a Florida College System institution, employs instructors who meet the certification requirements for instructional staff under chapter 1012; and

10. Performs an annual financial audit of its accounts and records conducted by an independent certified public accountant which is in accordance with rules adopted by the Auditor General, is conducted in compliance with generally accepted auditing standards, and includes a report on financial statements presented in accordance with generally accepted accounting principles.

Section 6. Paragraph (a) of subsection (1) of section 1003.493, Florida Statutes, is amended to read:

1003.493 Career and professional academies and career-themed courses.—

(1)(a) A "career and professional academy" is a research-based program that integrates a rigorous academic curriculum with an industry-specific curriculum aligned directly to

608684

priority workforce needs established by the local workforce development board or the Department of Economic Opportunity. Career and professional academies shall be offered by public schools and school districts. Career and professional academies may be offered by charter schools. The Florida Virtual School is encouraged to develop and offer rigorous career and professional courses as appropriate. Students completing career and professional academy programs must receive a standard high school diploma, the highest available industry certification, and opportunities to earn postsecondary credit if the academy partners with a postsecondary institution approved to operate in the state.

Section 7. Present subsection (3) of section 1008.3415, Florida Statutes, is redesignated as subsection (4), and a new subsection (3) is added to that section, to read:

1008.3415 School grade or school improvement rating for exceptional student education centers.—

(3) A charter school that is an exceptional student education center and that receives two consecutive ratings of "maintaining" or higher may replicate its educational program under s. 1002.331(3). The Commissioner of Education, upon request by a charter school, shall verify that the charter school meets the requirements of this subsection and provide a letter to the charter school and the sponsor stating that the charter school may replicate its educational program in the same manner as a high-performing charter school under s. 1002.331(3).

Section 8. Subsection (2) of section 1012.32, Florida Statutes, is amended to read:

1012.32 Qualifications of personnel.—

608684

(2)(a) Instructional and noninstructional personnel who are hired or contracted to fill positions that require direct contact with students in any district school system or university lab school must, upon employment or engagement to provide services, undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable.

(b)1. Instructional and noninstructional personnel who are hired or contracted to fill positions in a ~~any~~ charter school other than a school of hope as defined in s. 1002.333, and members of the governing board of such ~~any~~ charter school, in compliance with s. 1002.33(12)(g), ~~must,~~ upon employment, engagement of services, or appointment, shall undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable, by filing with the district school board for the school district in which the charter school is located a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

2. Instructional and noninstructional personnel who are hired or contracted to fill positions in a school of hope as defined in s. 1002.333, and members of the governing board of such school of hope, shall file with the school of hope a complete set of fingerprints taken by an authorized law enforcement agency, by an employee of the school of hope or school district who is trained to take fingerprints, or by any other entity recognized by the Department of Law Enforcement to take fingerprints.

(c) Instructional and noninstructional personnel who are hired or contracted to fill positions that require direct

608684

contact with students in an alternative school that operates under contract with a district school system must, upon employment or engagement to provide services, undergo background screening as required under s. 1012.465 or s. 1012.56, whichever is applicable, by filing with the district school board for the school district to which the alternative school is under contract a complete set of fingerprints taken by an authorized law enforcement agency or an employee of the school or school district who is trained to take fingerprints.

(d) Student teachers and persons participating in a field experience pursuant to s. 1004.04(5) or s. 1004.85 in any district school system, lab school, or charter school must, upon engagement to provide services, undergo background screening as required under s. 1012.56.

Required fingerprints must ~~shall~~ be submitted to the Department of Law Enforcement for statewide criminal and juvenile records checks and to the Federal Bureau of Investigation for federal criminal records checks. A person subject to this subsection who is found ineligible for employment under s. 1012.315, or otherwise found through background screening to have been convicted of any crime involving moral turpitude as defined by rule of the State Board of Education, shall not be employed, engaged to provide services, or serve in any position that requires direct contact with students. Probationary persons subject to this subsection terminated because of their criminal record have the right to appeal such decisions. The cost of the background screening may be borne by the district school board, the charter school, the employee, the contractor, or a person

608684

subject to this subsection. A district school board shall reimburse a charter school the cost of background screening if it does not notify the charter school of the eligibility of a governing board member or instructional or noninstructional personnel within the earlier of 14 days after receipt of the background screening results from the Florida Department of Law Enforcement or 30 days of submission of fingerprints by the governing board member or instructional or noninstructional personnel.

Section 9. Paragraph (a) of subsection (1) of section 1013.62, Florida Statutes, is amended to read:

1013.62 Charter schools capital outlay funding.—

(1) For the 2020-2021 fiscal year, charter school capital outlay funding shall consist of state funds appropriated in the 2020-2021 General Appropriations Act. Beginning in fiscal year 2021-2022, charter school capital outlay funding shall consist of state funds when such funds are appropriated in the General Appropriations Act and revenue resulting from the discretionary millage authorized in s. 1011.71(2) if the amount of state funds appropriated for charter school capital outlay in any fiscal year is less than the average charter school capital outlay funds per unweighted full-time equivalent student for the 2018-2019 fiscal year, multiplied by the estimated number of charter school students for the applicable fiscal year, and adjusted by changes in the Consumer Price Index issued by the United States Department of Labor from the previous fiscal year. Nothing in this subsection prohibits a school district from distributing to charter schools funds resulting from the discretionary millage authorized in s. 1011.71(2).

608684

(a) To be eligible to receive capital outlay funds, a charter school must:

1.a. Have been in operation for 2 or more years;

b. Be governed by a governing board established in the state for 2 or more years which operates both charter schools and conversion charter schools within the state;

c. Be an expanded feeder chain of a charter school within the same school district that is currently receiving charter school capital outlay funds;

d. Have been accredited by a regional accrediting association as defined by State Board of Education rule; ~~or~~

e. Serve students in facilities that are provided by a business partner for a charter school-in-the-workplace pursuant to s. 1002.33(15)(b)<u>; or</u>

<u>f. Be operated by a hope operator pursuant to s. 1002.333</u>.

2. Have an annual audit that does not reveal any of the financial emergency conditions provided in s. 218.503(1) for the most recent fiscal year for which such audit results are available.

3. Have satisfactory student achievement based on state accountability standards applicable to the charter school.

4. Have received final approval from its sponsor pursuant to s. 1002.33 for operation during that fiscal year.

5. Serve students in facilities that are not provided by the charter school’s sponsor.

Section 10. <u>If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or</u>

608684

application, and to this end the provisions of this act are severable.

Section 11. This act shall take effect July 1, 2021.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to charter schools; amending s. 1002.32, F.S.; providing that the limitation on lab schools does not apply to a school serving a military installation; removing a limitation on lab schools receiving a share of the sparsity supplement; amending s. 1002.33, F.S.; authorizing state universities and Florida College System institutions to solicit applications and sponsor charter schools under certain circumstances; prohibiting certain charter schools from being sponsored by a Florida College System institution until such charter schools' existing charter expires; authorizing a state university or Florida College System institution to, at its discretion, deny an application for a charter school; revising the contents of an annual report that charter school sponsors must provide to the Department of Education; revising the date by which the department must post a specified annual report; revising provisions relating to Florida College System institutions that are operating charter schools;

608684

prohibiting certain interlocal agreements; requiring the board of trustees of a state university or Florida College System institution that is sponsoring a charter school to serve as the local educational agency for such school; prohibiting certain charter school students from being included in specified school district grade calculations; requiring the department to develop a sponsor evaluation framework; providing requirements for the framework; requiring the department to compile results in a specified manner; deleting obsolete language; revising requirements for the charter school application process; requiring certain school districts to reduce administrative fees withheld; requiring such school districts to file monthly reports; authorizing school districts to resume withholding the full amount of administrative fees under specified circumstance; authorizing certain charter schools to recover attorney fees and costs; requiring the State Board of Education to withhold state funds from a district school board that is in violation of a state board decision on a charter school; authorizing parties to appeal without first mediating in certain circumstances; providing that certain changes to curriculum are deemed approved; providing an exception; revising the circumstances in which a charter may be immediately terminated; providing that certain information must be provided to specified entities upon immediate termination of a charter;

608684

authorizing the award of specified fees and costs in certain circumstances; authorizing a sponsor to seek an injunction in certain circumstances; revising provisions related to sponsor assumption of operation; revising the student populations for which a charter school is authorized to limit the enrollment process; providing a calculation for the operational funding for a charter school sponsored by a state university or Florida College System institution; requiring the department to develop a tool for state universities and Florida College System institutions for specified purposes relating to certain funding calculations; providing that such funding must be appropriated to the charter school; providing for capital outlay funding for such schools; authorizing a sponsor to withhold an administrative fee for the provision of certain services to an exceptional student education center that meets specified requirements; conforming provisions to changes made by the act; amending s. 1002.331, F.S.; revising requirements for a charter school to be a high-performing charter school; revising a limitation on the expansion of high-performing charter schools; revising provisions relating to the opening of additional high-performing charter schools; amending s. 1002.333, F.S.; revising the definition of the term "persistently low-performing school"; providing that certain nonprofit entities may be designated as a local education agency; providing that certain entities report

608684

students to the department in a specified manner; specifying reporting provisions that apply only to certain schools of hope; providing that schools of hope may comply with certain financial reporting in a specified manner; revising the manner in which underused, vacant, or surplus facilities owned or operated by school districts are identified; authorizing a nonprofit entity designated as a local education agency to use any capital assets identified in a certain annual financial audit for another school of hope operated by the local education agency within the same district; increasing the number of years for which certain funds may be carried forward; amending s. 1002.45, F.S.; authorizing a virtual charter school to provide part-time virtual instruction; amending s. 1003.493, F.S.; authorizing a charter school to offer a career and professional academy; amending s. 1008.3415, F.S.; requiring the Commissioner of Education, upon request by a charter school that meets specified criteria, to provide a letter to the charter school and the charter school's sponsor authorizing the charter school to replicate its educational program; amending s. 1012.32, F.S.; providing an alternate screening method for specified persons employed by certain schools of hope or serving on certain school of hope governing boards; amending s. 1013.62, F.S.; expanding eligibility to receive capital outlay funds to schools of hope operated by a hope operator; providing for severability; providing

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to charter schools; amending s. 1002.32, F.S.; providing that the limitation on lab schools does not apply to a school serving a military installation; removing a limitation on lab schools receiving a share of the sparsity supplement; amending s. 1002.33, F.S.; authorizing state universities and Florida College System institutions to solicit applications and sponsor charter schools under certain circumstances; prohibiting certain charter schools from being sponsored by a Florida College System institution until such charter school's existing charter expires; authorizing a state university or Florida College System institution to, at its discretion, deny an application for a charter school; revising the contents of an annual report that charter school sponsors must provide to the Department of Education; revising the date by which the department must post a specified annual report; revising provisions relating to Florida College System institutions that are operating charter schools; requiring the board of trustees of a state university or Florida College System institution that is sponsoring a charter school to serve as the local educational agency for such school; prohibiting certain charter school students from being included in specified school district grade calculations;

576-03915-21

requiring the department to develop a sponsor evaluation framework; providing requirements for the framework; requiring the department to compile results in a specified manner; deleting obsolete language; revising requirements for the charter school application process; authorizing certain parties to file an action with the Division of Administrative Hearings to recover specified fees and costs; requiring the State Board of Education to withhold state funds from a district school board that is in violation of a state board decision on a charter school; authorizing parties to appeal without first mediating in certain circumstances; providing that certain changes to curriculum are deemed approved; providing an exception; revising the circumstances in which a charter may be immediately terminated; providing that certain information must be provided to specified entities upon immediate termination of a charter; authorizing the of award specified fees and costs in certain circumstances; authorizing a sponsor to seek an injunction in certain circumstances; revising provisions related to sponsor assumption of operation; revising the student populations for which a charter school is authorized to limit the enrollment process; providing a calculation for the operational funding for a charter school sponsored by a state university or Florida College System institution; requiring the department to develop a tool for state universities and Florida College System institutions

for specified purposes relating to certain funding calculations; providing that such funding must be appropriated to the charter school; providing for capital outlay funding for such schools; authorizing a sponsor to withhold an administrative fee for the provision of certain services to an exceptional student education center that meets specified requirements; conforming provisions to changes made by the act; amending s. 1002.331, F.S.; revising a limitation on the expansion of high-performing charter schools; revising provisions relating to the opening of additional high-performing charter schools; amending s. 1002.333, F.S.; revising the definition of the term "persistently low-performing school"; providing that certain nonprofit entities may be designated as a local education agency; providing that certain entities report students to the department in a specified manner; specifying reporting provisions that apply only to certain schools of hope; providing that schools of hope may comply with certain financial reporting in a specified manner; revising the manner in which underused, vacant, or surplus facilities owned or operated by school districts are identified; increasing the number of years for which certain funds may be carried forward; amending s. 1002.45, F.S.; authorizing a virtual charter school to provide part-time virtual instruction and be an approved provider; authorizing a virtual charter school to contract, rather than enter into an agreement, with a public or

charter school for specified purposes; amending s. 1003.493, F.S.; authorizing a charter school to offer a career and professional academy; amending s. 1008.3415, F.S.; requiring the Commissioner of Education, upon request by a charter school that meets specified criteria, to provide a letter to the charter school and the charter school's sponsor authorizing the charter school to replicate the charter school's education program; amending s. 1012.32, F.S.; providing an alternate screening method for specified persons employed by certain schools of hope or serving on certain school of hope governing boards; amending s. 1013.62, F.S.; expanding eligibility to receive capital outlay funds to schools of hope operated by a hope operator; providing for severability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (2) and paragraph (a) of subsection (9) of section 1002.32, Florida Statutes, are amended to read:

1002.32 Developmental research (laboratory) schools.—

(2) ESTABLISHMENT.—There is established a category of public schools to be known as developmental research (laboratory) schools (lab schools). Each lab school shall provide sequential instruction and shall be affiliated with the college of education within the state university of closest geographic proximity. A lab school to which a charter has been issued under s. 1002.33(5)(a) 2. must be affiliated with the

college of education within the state university that issued the charter, but is not subject to the requirement that the state university be of closest geographic proximity. For the purpose of state funding, Florida Agricultural and Mechanical University, Florida Atlantic University, Florida State University, the University of Florida, and other universities approved by the State Board of Education and the Legislature are authorized to sponsor a lab school. The limitation of one lab school per university shall not apply to the following charter lab schools authorized prior to June 1, 2003: Florida State University Charter Lab K-12 School in Broward County, Florida Atlantic University Charter Lab 9-12 High School in Palm Beach County, and Florida Atlantic University Charter Lab K-12 School in St. Lucie County. The limitation of one lab school per university does not apply to a university that establishes a lab school to serve families of a military installation that is within the same county as a branch campus that offers programs from the university's college of education.

(9) FUNDING.—Funding for a lab school, including a charter lab school, shall be provided as follows:

(a) Each lab school shall be allocated its proportional share of operating funds from the Florida Education Finance Program as provided in s. 1011.62 based on the county in which the lab school is located and the General Appropriations Act. The nonvoted ad valorem millage that would otherwise be required for lab schools shall be allocated from state funds. The required local effort funds calculated pursuant to s. 1011.62 shall be allocated from state funds to the schools as a part of the allocation of operating funds pursuant to s. 1011.62. Each

eligible lab school ~~in operation as of September 1, 2013,~~ with a permanent high school center shall also receive a proportional share of the sparsity supplement as calculated pursuant to s. 1011.62. In addition, each lab school shall receive its proportional share of all categorical funds, with the exception of s. 1011.68, and new categorical funds enacted after July 1, 1994, for the purpose of elementary or secondary academic program enhancement. The sum of funds available as provided in this paragraph shall be included annually in the Florida Education Finance Program and appropriate categorical programs funded in the General Appropriations Act.

Section 2. Paragraph (c) of subsection (2), subsection (5), paragraphs (b) and (d) of subsection (6), paragraphs (a), (b), and (d) of subsection (7), paragraphs (c), (d), and (e) of subsection (8), paragraphs (g) and (n) of subsection (9), paragraphs (d) and (e) of subsection (10), subsection (14), paragraph (c) of subsection (15), subsection (17), paragraph (e) of subsection (18), subsections (20) and (21), paragraph (a) of subsection (25), and subsection (28) of section 1002.33, Florida Statutes, are amended to read:

1002.33 Charter schools.—

(2) GUIDING PRINCIPLES; PURPOSE.—

(c) Charter schools may fulfill the following purposes:

1. Create innovative measurement tools.

2. Provide rigorous competition within the public school system ~~district~~ to stimulate continual improvement in all public schools.

3. Expand the capacity of the public school system.

4. Mitigate the educational impact created by the

development of new residential dwelling units.

5. Create new professional opportunities for teachers, including ownership of the learning program at the school site.

(5) SPONSOR; DUTIES.—

(a) *Sponsoring entities.*—

1. A district school board may sponsor a charter school in the county over which the district school board has jurisdiction.

2. A state university may grant a charter to a lab school created under s. 1002.32 and shall be considered to be the school's sponsor. Such school shall be considered a charter lab school.

3. Because needs relating to educational capacity, workforce qualifications, and career education opportunities are constantly changing and extend beyond school district boundaries:

a. A state university may, upon approval by the Department of Education, solicit applications and sponsor a charter school to meet regional education or workforce demands by serving students from multiple school districts.

b. A Florida College System institution may, upon approval by the Department of Education, solicit applications and sponsor a charter school in any county within its service area to meet workforce demands and may offer postsecondary programs leading to industry certifications to eligible charter school students. A charter school established under subparagraph (b)4. may not be sponsored by a Florida College System institution until its existing charter with the school district expires as provided under subsection (7).

c. Notwithstanding paragraph (6)(b), a state university or Florida College System institution may, at its discretion, deny an application for a charter school.

(b) *Sponsor duties.*—

1.a. The sponsor shall monitor and review the charter school in its progress toward the goals established in the charter.

b. The sponsor shall monitor the revenues and expenditures of the charter school and perform the duties provided in s. 1002.345.

c. The sponsor may approve a charter for a charter school before the applicant has identified space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working funds.

d. The sponsor shall not apply its policies to a charter school unless mutually agreed to by both the sponsor and the charter school. If the sponsor subsequently amends any agreed-upon sponsor policy, the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the sponsor may not hold the charter school responsible for any provision of a newly revised policy until the revised policy is mutually agreed upon.

e. The sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. 1000.03(5).

f. The sponsor shall ensure that the charter school participates in the state's education accountability system. If a charter school falls short of performance measures included in

the approved charter, the sponsor shall report such shortcomings to the Department of Education.

g. The sponsor shall not be liable for civil damages under state law for personal injury, property damage, or death resulting from an act or omission of an officer, employee, agent, or governing body of the charter school.

h. The sponsor shall not be liable for civil damages under state law for any employment actions taken by an officer, employee, agent, or governing body of the charter school.

i. The sponsor's duties to monitor the charter school shall not constitute the basis for a private cause of action.

j. The sponsor shall not impose additional reporting requirements on a charter school without providing reasonable and specific justification in writing to the charter school.

k. The sponsor shall submit an annual report to the Department of Education in a web-based format to be determined by the department.

(I) The report shall include the following information:

(A) ~~The number of draft applications received on or before May 1 and each applicant's contact information.~~

~~(B)~~ The number of ~~final~~ applications received during the school year and up to ~~on or before~~ August 1 and each applicant's contact information.

(B) ~~(C)~~ The date each application was approved, denied, or withdrawn.

(C) ~~(D)~~ The date each final contract was executed.

(II) Annually, by November 1 ~~Beginning August 31, 2013, and each year thereafter~~, the sponsor shall submit to the department the information for the applications submitted the previous

year.

(III) The department shall compile an annual report, by sponsor ~~district~~, and post the report on its website by January 15 ~~November 1~~ of each year.

2. Immunity for the sponsor of a charter school under subparagraph 1. applies only with respect to acts or omissions not under the sponsor's direct authority as described in this section.

3. This paragraph does not waive a sponsor's ~~district school board's~~ sovereign immunity.

4. A Florida College System institution may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. If a Florida College System institution operates an approved teacher preparation program under s. 1004.04 or s. 1004.85, the institution may operate ~~no more than one~~ charter schools ~~school~~ that serve ~~serves~~ students in kindergarten through grade 12 in any school district within the service area of the institution. ~~In kindergarten through grade 8, the charter school shall implement innovative blended learning instructional models in which, for a given course, a student learns in part through online delivery of content and instruction with some element of student control over time, place, path, or pace and in part at a supervised brick-and-mortar location away from home. A student in a blended learning course must be a full-time student of the charter school and receive the online instruction in a classroom setting at the charter school.~~ District school boards shall

cooperate with and assist the Florida College System institution on the charter application. Florida College System institution applications for charter schools are not subject to the time deadlines outlined in subsection (6) and may be approved by the district school board at any time during the year. Florida College System institutions may not report FTE for any students participating under this subparagraph who receive FTE funding through the Florida Education Finance Program.

5. A school district may enter into nonexclusive interlocal agreements with federal and state agencies, counties, municipalities, and other governmental entities that operate within the geographical borders of the school district to act on behalf of such governmental entities in the inspection, issuance, and other necessary activities for all necessary permits, licenses, and other permissions that a charter school needs in order for development, construction, or operation. A charter school may use, but may not be required to use, a school district for these services. The interlocal agreement must include, but need not be limited to, the identification of fees that charter schools will be charged for such services. The fees must consist of the governmental entity's fees plus a fee for the school district to recover no more than actual costs for providing such services. These services and fees are not included within the services to be provided pursuant to subsection (20).

6. The board of trustees of a sponsoring state university or Florida College System institution under paragraph (a) is the local educational agency for all charter schools it sponsors for purposes of receiving federal funds and accepts full

responsibility for all local educational agency requirements and the schools for which it will perform local educational agency responsibilities. A student enrolled in a charter school that is sponsored by a state university or Florida College System institution may not be included in the calculation of the school district's grade under s. 1008.34(5) for the school district in which he or she resides.

(c) *Sponsor accountability.*—

1. The department shall, in collaboration with charter school sponsors and charter school operators, develop a sponsor evaluation framework that must address, at a minimum:

a. The sponsor's strategic vision for charter school authorizing and the sponsor's progress toward that vision.

b. The alignment of the sponsor's policies and practices to best practices for charter school authorizing.

c. The academic and financial performance of all operating charter schools overseen by the sponsor.

d. The status of charter schools authorized by the sponsor, including approved, operating, and closed schools.

2. The department shall compile the results by sponsor and include the results in the report required under sub-sub-subparagraph (b)1.k.(III).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. ~~A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened~~

~~at the beginning of the school district's next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. Beginning in 2018 and thereafter,~~ A sponsor shall receive and consider charter school applications ~~received on or before February 1 of each calendar year~~ for charter schools ~~to be opened 18 months later at the beginning of the school district's school year, or~~ to be opened at a time determined by the applicant. ~~A sponsor may not refuse to receive a charter school application submitted before February 1 and may receive an application submitted later than February 1 if it chooses.~~ A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind. Before approving or denying any application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection,

within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. 1002.331 or a high-performing charter school system identified pursuant to s. 1002.332 may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

(I) The application of a high-performing charter school does not materially comply with the requirements in paragraph (a) or, for a high-performing charter school system, the application does not materially comply with s. 1002.332(2)(b);

(II) The charter school proposed in the application does not materially comply with the requirements in paragraphs (9)(a)-(f);

(III) The proposed charter school's educational program does not substantially replicate that of the applicant or one of the applicant's high-performing charter schools;

(IV) The applicant has made a material misrepresentation or false statement or concealed an essential or material fact during the application process; or

(V) The proposed charter school's educational program and financial management practices do not materially comply with the requirements of this section.

Material noncompliance is a failure to follow requirements or a violation of prohibitions applicable to charter school applications, which failure is quantitatively or qualitatively significant either individually or when aggregated with other noncompliance. An applicant is considered to be replicating a high-performing charter school if the proposed school is substantially similar to at least one of the applicant's high-performing charter schools and the organization or individuals involved in the establishment and operation of the proposed school are significantly involved in the operation of replicated schools.

c. If the sponsor denies an application submitted by a

high-performing charter school or a high-performing charter school system, the sponsor must, within 10 calendar days after such denial, state in writing the specific reasons, based upon the criteria in sub-subparagraph b., supporting its denial of the application and must provide the letter of denial and supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor's denial of the application in accordance with paragraph (c).

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of an application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. ~~Upon approval of an application, the initial startup shall commence with the beginning of the public school calendar for the district in which the charter is granted.~~ A charter school may defer the opening of the school's operations for up to 3 years to provide time for adequate facility planning. The charter school must provide written notice of such intent to the sponsor and the parents of enrolled students at least 30 calendar days before the first day of school.

(d)1. The sponsor shall act upon the decision of the State Board of Education within 30 calendar days after it is received. The State Board of Education's decision is a final action subject to judicial review in the district court of appeal. A prevailing party may file an action with the Division of Administrative Hearings to recover reasonable attorney fees and costs incurred during the denial of the application and any

appeals.

2. If the State Board of Education determines that a district school board is in violation of a state board decision on a charter school application and of a court order for the school board to enter into a charter with a charter school governing board, the state board must withhold state funds provided under s. 1011.62 by the total number of K-12 students, as applicable, projected to be enrolled in the charter school in the first year of operation as reported in the charter school application. The state board shall withhold the amount in each disbursement of such funds until the district school board enters into a charter with the charter school governing board. If the district school board enters into such charter during the same fiscal year, all withheld funds must be disbursed to the district school board.

(7) CHARTER.—The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor and the governing board of the charter school shall use the standard charter contract pursuant to subsection (21), which shall incorporate the approved application and any addenda approved with the application. Any term or condition of a proposed charter contract that differs from the standard charter contract adopted by rule of the State Board of Education shall be presumed a limitation on charter school flexibility. The sponsor may not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The charter shall be signed by the governing board of the charter school and the sponsor, following

a public hearing to ensure community input.

(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school's mission, the students to be served, and the ages and grades to be included.

2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and grounded in scientifically based reading research.

b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-

time students of the charter school pursuant to s. 1011.61(1)(a)1. Instructional personnel certified pursuant to s. 1012.55 who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. 1012.57 for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

A ~~The~~ district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. 1008.22.

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. 1002.3105(5), s. 1003.4281, or s. 1003.4282.

6. A method for resolving conflicts between the governing board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures, including the school's code of student conduct. Admission or dismissal must not be based on a student's academic performance.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other nearby public schools ~~in the same school district~~.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and

establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 5 years, excluding 2 planning years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the sponsor ~~district school board~~. A charter lab school is eligible for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter

school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the sponsor ~~district school board~~. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as required in paragraph (12)(i).

16. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However,

alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term "relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. 1002.331 by the charter school when it satisfies the eligibility requirements for a high-performing charter school. A high-performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

(b) The sponsor has 30 days after approval of the application to provide an initial proposed charter contract to the charter school. The applicant and the sponsor have 40 days thereafter to negotiate and notice the charter contract for final approval by the sponsor unless both parties agree to an

extension. The proposed charter contract shall be provided to the charter school at least 7 calendar days before the date of the meeting at which the charter is scheduled to be voted upon by the sponsor. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application and for any dispute relating to the approved charter, except a dispute regarding a charter school application denial. If either the charter school or the sponsor indicates in writing that the party does not desire to settle any dispute arising under this section through mediation procedures offered by the Department of Education, a charter school may immediately appeal any formal or informal decision by the sponsor to an administrative law judge appointed by the Division of Administrative Hearings. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may also be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or any other matter regarding this section, except a dispute regarding charter school application denial, a charter termination, or a charter nonrenewal. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against.

(d) A charter may be modified during its initial term or

any renewal term upon the recommendation of the sponsor or the charter school's governing board and the approval of both parties to the agreement. Changes to curriculum that are consistent with state standards and are necessary to implement blended learning shall be deemed approved unless the sponsor determines in writing that the curriculum is inconsistent with state standards. Modification during any term may include, but is not limited to, consolidation of multiple charters into a single charter if the charters are operated under the same governing board, regardless of the renewal cycle. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation shall be reported by the sponsor ~~school district~~ as a consolidation.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.—

(c) A charter may be terminated immediately if the sponsor sets forth in writing the particular facts and circumstances demonstrating ~~indicating~~ that an immediate and serious danger to the health, safety, or welfare of the charter school's students exists, that the immediate and serious danger is likely to continue, and that an immediate termination of the charter is necessary. The sponsor's determination is subject to the procedures set forth in paragraph (b), except that the hearing may take place after the charter has been terminated. The sponsor shall notify in writing the charter school's governing board, the charter school principal, and the department of the facts and circumstances supporting the immediate termination ~~if a charter is terminated immediately~~. The sponsor shall clearly identify the specific issues that resulted in the immediate termination and provide evidence of prior notification of issues

resulting in the immediate termination, if applicable ~~when appropriate~~. Upon receiving written notice from the sponsor, the charter school's governing board has 10 calendar days to request a hearing. A requested hearing must be expedited and the final order must be issued within 60 days after the date of request. The administrative law judge shall award reasonable attorney fees and costs to the prevailing party of any injunction, administrative proceeding, or appeal. The sponsor may seek an injunction in the circuit court in which the charter school is located to enjoin continued operation of the charter school if ~~shall assume operation of the charter school throughout the pendency of the hearing under paragraph (b) unless the~~ continued operation ~~of the charter school~~ would materially threaten the health, safety, or welfare of the students. ~~Failure by the sponsor to assume and continue operation of the charter school shall result in the awarding of reasonable costs and attorney's fees to the charter school if the charter school prevails on appeal.~~

(d) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds, except for capital outlay funds and federal charter school program grant funds, from the charter school shall revert to the sponsor. Capital outlay funds provided pursuant to s. 1013.62 and federal charter school program grant funds that are unencumbered shall revert to the department to be redistributed among eligible charter schools. In the event a charter school is dissolved or is otherwise terminated, all sponsor ~~district school board~~ property and improvements, furnishings, and

equipment purchased with public funds shall automatically revert to full ownership by the sponsor ~~district school board~~, subject to complete satisfaction of any lawful liens or encumbrances. Any unencumbered public funds from the charter school, ~~district school board~~ property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the charter school, in the possession of any person, entity, or holding company, other than the charter school, shall be held in trust upon the sponsor's ~~district school board's~~ request, until any appeal status is resolved.

(e) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The sponsor ~~district~~ may not assume the debt from any contract made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the sponsor ~~district~~ and the governing body of the school and that may not reasonably be assumed to have been satisfied by the sponsor ~~district~~.

(9) CHARTER SCHOOL REQUIREMENTS.—

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled "Financial and Program Cost Accounting and Reporting for Florida Schools"; or

b. At the discretion of the charter school's governing board, a charter school may elect to follow generally accepted

accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.

2. Charter schools shall provide annual financial report and program cost report information in the state-required formats for inclusion in sponsor ~~district~~ reporting in compliance with s. 1011.60(1). Charter schools that are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent but must reformat this information for reporting according to this paragraph.

3. A charter school shall, upon approval of the charter contract, provide the sponsor with a concise, uniform, monthly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental funds format prescribed by the Governmental Accounting Standards Board. A high-performing charter school pursuant to s. 1002.331 may provide a quarterly financial statement in the same format and requirements as the uniform monthly financial statement summary sheet. The sponsor shall review each monthly or quarterly financial statement to identify the existence of any conditions identified in s. 1002.345(1)(a).

4. A charter school shall maintain and provide financial information as required in this paragraph. The financial statement required in subparagraph 3. must be in a form prescribed by the Department of Education.

(n)1. The director and a representative of the governing

board of a charter school that has earned a grade of "D" or "F" pursuant to s. 1008.34 shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for developing, submitting, and approving such plans.

2.a. If a charter school earns three consecutive grades below a "C," the charter school governing board shall choose one of the following corrective actions:

(I) Contract for educational services to be provided directly to students, instructional personnel, and school administrators, as prescribed in state board rule;

(II) Contract with an outside entity that has a demonstrated record of effectiveness to operate the school;

(III) Reorganize the school under a new director or principal who is authorized to hire new staff; or

(IV) Voluntarily close the charter school.

b. The charter school must implement the corrective action in the school year following receipt of a third consecutive grade below a "C."

c. The sponsor may annually waive a corrective action if it determines that the charter school is likely to improve a letter grade if additional time is provided to implement the intervention and support strategies prescribed by the school

improvement plan. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of "F" is subject to subparagraph 3.

d. A charter school is no longer required to implement a corrective action if it improves to a "C" or higher. However, the charter school must continue to implement strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school's continued improvement pursuant to subparagraph 4.

e. A charter school implementing a corrective action that does not improve to a "C" or higher after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve to a "C" or higher if additional time is provided to implement the existing corrective action. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of "F" while implementing a corrective action is subject to subparagraph 3.

3. A charter school's charter contract is automatically terminated if the school earns two consecutive grades of "F" after all school grade appeals are final unless:

a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)2. Such charter schools shall be governed by s. 1008.33;

b. The charter school serves a student population the majority of which resides in a school zone served by a district public school subject to s. 1008.33(4) and the charter school earns at least a grade of "D" in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or

c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department's official release of school grades. The state board may waiver termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby ~~district~~ public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

The sponsor shall notify the charter school's governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(d)-(f) and (9)(o).

4. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding

the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.

5. Notwithstanding any provision of this paragraph except sub-subparagraphs 3.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(10) ELIGIBLE STUDENTS.—

(d) A charter school may give enrollment preference to the following student populations:

1. Students who are siblings of a student enrolled in the charter school.

2. Students who are the children of a member of the governing board of the charter school.

3. Students who are the children of an employee of the charter school.

4. Students who are the children of:

a. An employee of the business partner of a charter school-in-the-workplace established under paragraph (15)(b) or a resident of the municipality in which such charter school is located; or

b. A resident or employee of a municipality that operates a charter school-in-a-municipality pursuant to paragraph (15)(c) or allows a charter school to use a school facility or portion of land provided by the municipality for the operation of the charter school.

5. Students who have successfully completed, during the

previous year, a voluntary prekindergarten education program under ss. 1002.51-1002.79 provided by the charter school, ~~or~~ the charter school's governing board, or a voluntary prekindergarten provider that has a written agreement with the governing board ~~during the previous year~~.

6. Students who are the children of an active duty member of any branch of the United States Armed Forces.

7. Students who attended or are assigned to failing schools pursuant to s. 1002.38(2).

(e) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.

2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.

3. Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality established pursuant to subsection (15).

4. Students residing within a reasonable distance of the charter school, as described in paragraph (20)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (7)(a)8. or any federal provisions that require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other nearby public schools ~~in the same school district~~.

5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or,

in the case of existing charter schools, standards that are consistent with the school's mission and purpose. Such standards shall be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.

6. Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools that has been approved by the sponsor.

7. Students living in a development in which a developer, including any affiliated business entity or charitable foundation, contributes to the formation, acquisition, construction, or operation of one or more charter schools or charter ~~provides the~~ school facilities ~~facility~~ and related property in an amount equal to or having a total ~~an~~ appraised value of at least $5 million to be used as ~~a~~ charter schools ~~school~~ to mitigate the educational impact created by the development of new residential dwelling units. Students living in the development are ~~shall be~~ entitled to ~~no more than~~ 50 percent of the student stations in the charter schools ~~school~~. The students who are eligible for enrollment are subject to a random lottery, the racial/ethnic balance provisions, or any federal provisions, as described in subparagraph 4. The remainder of the student stations must ~~shall~~ be filled in accordance with subparagraph 4.

(14) CHARTER SCHOOL FINANCIAL ARRANGEMENTS; INDEMNIFICATION OF THE STATE AND SPONSOR ~~SCHOOL DISTRICT~~; CREDIT OR TAXING POWER NOT TO BE PLEDGED.—Any arrangement entered into to borrow or otherwise secure funds for a charter school authorized in this section from a source other than the state or a sponsor ~~school~~

~~district~~ shall indemnify the state and the sponsor ~~school district~~ from any and all liability, including, but not limited to, financial responsibility for the payment of the principal or interest. Any loans, bonds, or other financial agreements are not obligations of the state or the sponsor ~~school district~~ but are obligations of the charter school authority and are payable solely from the sources of funds pledged by such agreement. The credit or taxing power of the state or the sponsor ~~school district~~ shall not be pledged and no debts shall be payable out of any moneys except those of the legal entity in possession of a valid charter approved by a sponsor ~~district school board~~ pursuant to this section.

(15) CHARTER SCHOOLS-IN-THE-WORKPLACE; CHARTER SCHOOLS-IN-A-MUNICIPALITY.—

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (10); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (7)(a)8. When a municipality has submitted charter applications for the establishment of a charter school feeder pattern, consisting of elementary, middle, and senior high schools, and each individual charter application is approved by the sponsor ~~district school board~~, such schools shall then be designated as one charter school for all purposes listed pursuant to this section. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. 1013.54, for the

duration of its use as a public school.

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in a ~~the~~ school district. Funding for a charter lab school shall be as provided in s. 1002.32.

(a) Each charter school shall report its student enrollment to the sponsor as required in s. 1011.62, and in accordance with the definitions in s. 1011.61. The sponsor shall include each charter school's enrollment in the sponsor's ~~district's~~ report of student enrollment. All charter schools submitting student record information required by the Department of Education shall comply with the Department of Education's guidelines for electronic data formats for such data, and all sponsors ~~districts~~ shall accept electronic data that complies with the Department of Education's electronic format.

(b)1. The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; and multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the

total funds available in the Florida Education Finance Program by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education. For charter schools operated by a not-for-profit or municipal entity, any unrestricted current and capital assets identified in the charter school's annual financial audit may be used for other charter schools operated by the not-for-profit or municipal entity within the school district. Unrestricted current assets shall be used in accordance with s. 1011.62, and any unrestricted capital assets shall be used in accordance with s. 1013.62(2).

2.a. Students enrolled in a charter school sponsored by a state university or Florida College System institution pursuant to paragraph (5)(a) shall be funded as if they are in a basic program or a special program in the school district. The basis for funding these students is the sum of the total operating funds from the Florida Education Finance Program for the school district in which the school is located as provided in s. 1011.62 and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from each school district's current operating discretionary millage levy, divided by total funded weighted full-time equivalent students in the district, and multiplied by the full-

time equivalent membership of the charter school. The Department of Education shall develop a tool that each state university or Florida College System institution sponsoring a charter school shall use for purposes of calculating the funding amount for each eligible charter school student. The total amount obtained from the calculation must be appropriated from state funds in the General Appropriations Act to the charter school.

b. Capital outlay funding for a charter school sponsored by a state university or Florida College System institution pursuant to paragraph (5)(a) is determined pursuant to s. 1013.62 and the General Appropriations Act.

(c) Pursuant to 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment. Unless otherwise mutually agreed to by the charter school and its sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds, the sponsor shall reimburse the charter school on a monthly basis for all invoices submitted by the charter school for federal funds available to the sponsor for the benefit of the charter school, the charter school's students, and the charter school's students as public school students in the school district. Such federal funds include, but are not limited to, Title I, Title II, and Individuals with Disabilities Education Act (IDEA) funds. To receive timely reimbursement for an invoice, the charter school must submit the invoice to the sponsor at least 30 days before the monthly date of

reimbursement set by the sponsor. In order to be reimbursed, any expenditures made by the charter school must comply with all applicable state rules and federal regulations, including, but not limited to, the applicable federal Office of Management and Budget Circulars; the federal Education Department General Administrative Regulations; and program-specific statutes, rules, and regulations. Such funds may not be made available to the charter school until a plan is submitted to the sponsor for approval of the use of the funds in accordance with applicable federal requirements. The sponsor has 30 days to review and approve any plan submitted pursuant to this paragraph.

(d) Charter schools shall be included by the Department of Education and the district school board in requests for federal stimulus funds in the same manner as district school board-operated public schools, including Title I and IDEA funds and shall be entitled to receive such funds. Charter schools are eligible to participate in federal competitive grants that are available as part of the federal stimulus funds.

(e) Sponsors ~~District school boards~~ shall make timely and efficient payment and reimbursement to charter schools, including processing paperwork required to access special state and federal funding for which they may be eligible. Payments of funds under paragraph (b) shall be made monthly or twice a month, beginning with the start of the sponsor's ~~district school board's~~ fiscal year. Each payment shall be one-twelfth, or one twenty-fourth, as applicable, of the total state and local funds described in paragraph (b) and adjusted as set forth therein. For the first 2 years of a charter school's operation, if a minimum of 75 percent of the projected enrollment is entered

into the sponsor's student information system by the first day of the current month, the sponsor ~~district school board~~ shall distribute funds to the school for the months of July through October based on the projected full-time equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor's student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the sponsor ~~district school board~~ receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the sponsor ~~district school board~~, the sponsor ~~school district~~ shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(f) Funding for a virtual charter school shall be as provided in s. 1002.45(7).

(g) To be eligible for public education capital outlay (PECO) funds, a charter school must be located in the State of Florida.

(h) A charter school that implements a schoolwide standard student attire policy pursuant to s. 1011.78 is eligible to receive incentive payments.

(18) FACILITIES.—

(e) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the sponsor ~~school district~~ may not sell or dispose of such property without written permission of the sponsor ~~school district~~. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter school shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.

(20) SERVICES.—

(a)1. A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and

data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program, consistent with the needs of the charter school, are provided by the sponsor ~~school district~~ at the request of the charter school, that any funds due to the charter school under the National School Lunch Program be paid to the charter school as soon as the charter school begins serving food under the National School Lunch Program, and that the charter school is paid at the same time and in the same manner under the National School Lunch Program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments; processing of teacher certificate data services; and information services, including equal access to the sponsor's student information systems that are used by public schools in the district in which the charter school is located or by schools in the sponsor's portfolio of charter schools if the sponsor is not a school district. Student performance data for each student in a charter school, including, but not limited to, FCAT scores, standardized test scores, previous public school student report cards, and student performance measures, shall be provided by the sponsor to a charter school in the same manner provided to other public schools in the district or by schools in the sponsor's portfolio of charter schools if the sponsor is not a school district.

2. A sponsor may withhold an administrative fee for the provision of such services which shall be a percentage of the

available funds defined in paragraph (17)(b) calculated based on weighted full-time equivalent students. If the charter school serves 75 percent or more exceptional education students as defined in s. 1003.01(3), the percentage shall be calculated based on unweighted full-time equivalent students. The administrative fee shall be calculated as follows:

a. Up to 5 percent for:

(I) Enrollment of up to and including 250 students in a charter school as defined in this section.

(II) Enrollment of up to and including 500 students within a charter school system which meets all of the following:

(A) Includes conversion charter schools and nonconversion charter schools.

(B) Has all of its schools located in the same county.

(C) Has a total enrollment exceeding the total enrollment of at least one school district in this ~~the~~ state.

(D) Has the same governing board for all of its schools.

(E) Does not contract with a for-profit service provider for management of school operations.

(III) Enrollment of up to and including 250 students in a virtual charter school.

b. Up to 2 percent for enrollment of up to and including 250 students in a high-performing charter school as defined in s. 1002.331.

c. Up to 2 percent for enrollment of up to and including 250 students in an exceptional student education center that meets the requirements of the rules adopted by the State Board of Education pursuant to s. 1008.3415(3).

3. A sponsor may not charge charter schools any additional

fees or surcharges for administrative and educational services in addition to the maximum percentage of administrative fees withheld pursuant to this paragraph.

4. A sponsor shall provide to the department by September 15 of each year the total amount of funding withheld from charter schools pursuant to this subsection for the prior fiscal year. The department must include the information in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(b) If goods and services are made available to the charter school through the contract with the sponsor ~~school district~~, they shall be provided to the charter school at a rate no greater than the sponsor's ~~district's~~ actual cost unless mutually agreed upon by the charter school and the sponsor in a contract negotiated separately from the charter. When mediation has failed to resolve disputes over contracted services or contractual matters not included in the charter, an appeal may be made to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on the dispute. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against. To maximize the use of state funds, sponsors ~~school districts~~ shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of subpart I.E. of chapter 1006 and s. 1012.45. The governing

body of the charter school may provide transportation through an agreement or contract with the sponsor ~~district school board~~, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) Each charter school shall annually complete and submit a survey, provided in a format specified by the Department of Education, to rate the timeliness and quality of services provided by the sponsor ~~district~~ in accordance with this section. The department shall compile the results, by sponsor ~~district~~, and include the results in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(21) PUBLIC INFORMATION ON CHARTER SCHOOLS.—

(a) The Department of Education shall provide information to the public, directly and through sponsors, on how to form and operate a charter school and how to enroll in a charter school once it is created. This information shall include the standard application form, standard charter contract, standard evaluation instrument, and standard charter renewal contract, which shall include the information specified in subsection (7) and shall be developed by consulting and negotiating with both sponsors ~~school districts~~ and charter schools before implementation. The charter and charter renewal contracts shall be used by charter school sponsors.

(b)1. The Department of Education shall report to each charter school receiving a school grade pursuant to s. 1008.34 or a school improvement rating pursuant to s. 1008.341 the

school's student assessment data.

2. The charter school shall report the information in subparagraph 1. to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the sponsor ~~district in which the charter school is located~~, and the governing board of the charter school. This paragraph does not abrogate the provisions of s. 1002.22, relating to student records, or the requirements of 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act.

(25) LOCAL EDUCATIONAL AGENCY STATUS FOR CERTAIN CHARTER SCHOOL SYSTEMS.—

(a) A charter school system's governing board shall be designated a local educational agency for the purpose of receiving federal funds, the same as though the charter school system were a school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsor ~~sponsoring district school board~~ and the Department of Education in which the governing board of the charter school system accepts the full responsibility for all local education agency requirements and the charter school system meets all of the following:

1. Has all schools located in the same county;

2. Has a total enrollment exceeding the total enrollment of at least one school district in this ~~the~~ state; and

3. Has the same governing board.

Such designation does not apply to other provisions unless specifically provided in law.

(28) RULEMAKING.—The Department of Education, after
