The clerk of the circuit court is a constitutional officer. Each of Florida's 67 counties are required to elect a clerk of the circuit court[1] to serve as both the clerk of court, completing judiciary functions, and as the "*ex officio*[2] clerk of the board of county commissioners, auditor, recorder, and custodian of all county funds."[3] In other words, the clerk of the circuit court wears approximately five hats. In wearing the auditor and custodian of county funds hats, the clerk may also be referred to as the comptroller.[4]

Funding for the Clerks' Court-Related Functions

In its capacity as the clerk of the circuit and county courts, the clerk is required to perform various court-related, administrative and ministerial functions. Any court-related function authorized by law or court rule must be funded by the clerk's collection of filing fees, service charges, costs, and fines, including the following:

- Case maintenance.
- Records management.
- Court preparation and attendance.
- Processing the assignment, reopening, and reassignment of cases.
- Processing appeals.
- Collection and distribution of fines, fees, service charges, and court costs.
- Data collection and reporting.
- Determinations of indigent status.
- Paying reasonable administrative support costs to enable the clerks to carry out court-related functions.[5]

Court funding is governed by Art. V, s. 14 of the Florida Constitution. For the clerks of the circuit courts, Art. V, s. 14(b) provides that the clerks are self-sustaining and fund their court-related functions through the collection of filing fees, service charges, and other costs. Specifically, Art. V, s. 14(b) states:

> (b) All funding for the offices of the clerks of the circuit and county courts performing court-related functions, except as otherwise provided in this

[1] FLA. CONST. art. V, s. 16; FLA. CONST. art. VIII, s. 1.
[2] *See* BLACK'S LAW DICTIONARY (10th ed. 2014) ("*ex officio*" means "By virtue or because of an office; by virtue of the authority implied by office.").
[3] FLA. CONST. art. V, s. 16. This provision also provides that two officials may split the position, one serving as clerk of court and one serving in the *ex officio* position. Additionally, this provision permits the election of a county clerk of court when authorized by general or special law. *Id.*

[5] Section 28.35(3)(a), F.S. *See also* Florida Court Clerks & Comptrollers, *About Us, Clerks Duties & Services*, available at https://www.flclerks.com/page/ClerksDuties (last visited Nov. 24, 2021).

> subsection and subsection (c), shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law. Selected salaries, costs, and expenses of the state courts system may be funded from appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions, as provided by general law. Where the requirements of either the United States Constitution or the Constitution of the State of Florida preclude the imposition of filing fees for judicial proceedings and service charges and costs for performing court-related functions sufficient to fund the court-related functions of the offices of the clerks of the circuit and county courts, the state shall provide, as determined by the Legislature, adequate and appropriate supplemental funding from state revenues appropriated by general law.[6]

County Funding Referenced in Article V, Section 14(c)

As referenced above, Art. V, s. 14(c) of the Florida Constitution states that while funding for the state courts system, including the clerks of court, will *not* be required by a county or municipality, the counties are responsible to fund certain types of court infrastructure and maintenance, including "the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems and the cost of construction or lease, maintenance, utilities, and security of facilities for . . . the offices of the clerks of the circuit and county courts performing court-related functions."[7] Additionally, counties pay "reasonable and necessary salaries, costs, and expenses of the state courts system to meet local requirements as determined by general law."[8]

No-Fee Court Functions

Additionally, as referenced above, there are certain categories of cases and certain types of filings for which the clerks of court cannot charge a filing fee and possibly other service charges or other costs. These types of cases and filings include the following:

- Various services and filings for indigent parties to pending litigation.[9]
- Petitions for Habeas Corpus filed by persons detained as mental health patients.[10]
- Filing an ex parte order for involuntary examination (Baker Act).[11]
- Petitions for involuntary inpatient placement for mental health.[12]
- Appellate filing fees for indigent persons determined to be and involuntarily committed as a sexually violent predator.[13]

- Petitions for protective injunctions against domestic violence,[16] repeat, dating, or sexual violence,[17] or stalking.[18]

History of the Clerks of Court Funding Model

1998 Article V Revision ("Revision 7") and Implementing Legislation

Article V, s. 14, was amended in 1998 to "substantially and significantly revise[] judicial system funding, greatly reducing funding from local governments and placing the responsibility primarily on the state."[19] The statement of intent accompanying the revision of Art. V, section 14(b), also known as "Revision 7," reflects that the proposers intended for the Legislature to adopt procedures: (1) to fund the clerks' office in the event "filing fees, services charges and costs are insufficient to cover the court-related salaries, costs, and expenses of the offices of the clerks . . . in a given fiscal year"; and (2) for the disposition of excess revenues collected by the clerks' offices in a given fiscal year.[20]

Further, the statement of intent clarifies that the purpose for Revision 7 is to require legislative oversight and an independent review of clerk funding and spending practices. The reason for independent oversight is set out as follows:

> The drafters of subsection (b) recognize that there currently exists significant disparities among what the various clerks' offices spend to perform the same functions. The determination by the [L]egislature as to the appropriate level of spending should not entail an acceptance of the current level of spending by the clerks' offices throughout the state to perform court-related functions. Rather, it is the intent of this proposal that the clerks be held accountable and responsible to a cost standard which is independently established by the [L]egislature.[21]

Revision 7's 1998 amendment to Article V had to be implemented by July 1, 2004.[22] In order to implement the 1998 amendment, the Legislature responded "in stages, beginning with passage of SB 1212 in 2000 (Chapter 2000-237, Laws of Florida), followed by additional changes to that

law in 2001, and, finally in 2002, through the funding of a study to assist in the final phase of implementation."[23]

The final stage was implemented during the 2003 legislative session. To provide Revision 7's envisioned oversight, accountability, uniformity, and procedures in funding and budgeting for the clerks of court, the Legislature enacted **sections 28.35, 28.36, and 28.37, F.S.**: [24]

- **Section 28.35, F.S.**, created the Florida Clerks of Court Operations Corporation (Corporation),[25] which is responsible for providing accountability, procedural review, and oversight of the clerks of court budgeting process throughout the state.
- **Section 28.36, F.S.,** established budget review and approval procedures of individual clerk of court budgets by the Corporation.
- **Section 28.37, F.S.**, ensures that a portion of certain fines, fees, service charges, and costs collected by the clerks of court are remitted to the state to fund other court-related salaries, costs, and expenses.

Post-Article V Revision to Clerk Funding: 2004-2008

Between 2004 and 2008, the clerks collected and deposited into their local fine and forfeiture funds revenues from court filing fees, service charges, court costs, and fines assessed in civil and criminal proceedings.[26] A portion of the revenues in a clerk's fine and forfeiture fund was retained to finance the clerk's operations. However, another portion of these revenues were distributed to the General Revenue Fund or other state trust funds to meet other court-related costs. For example, the clerks were required to remit one-third of all fines, fees, service charges, and costs collected to the Department of Revenue for deposit into the Clerk of the Court Trust Fund,[27] a fund established to assist the clerks in meeting revenue deficits.

Regarding budget planning, the clerks had discretion to set their individual budgets based on anticipated revenues and expenditures. Each clerk's proposed budget had to be balanced with estimated revenues equaling or exceeding anticipated expenditures, although the budget could include a 10 percent contingency reserve.[28] If a clerk estimated that available funds plus projected revenues were insufficient to meet anticipated expenditures for court-related functions, that clerk could follow the statutory procedure for receiving funds from the Clerks of the Court Trust Fund to address the deficit.[29]

Each clerk had to submit its proposed budget to the Corporation for review and certification that the individual budget was complete and complied with budget procedures.[30] Upon review and

[30] Section 28.36(3), F.S. (2008).

certification by the Corporation, revenue exceeding the amount needed to fund each budget was deposited in the General Revenue Fund.[31]

During this time, the Legislature's involvement in the clerks' budgets was limited. The Legislative Budget Commission (LBC) had authority to approve increases to the maximum annual budgets approved for individual clerks if the additional funding was necessary to:

- Pay the cost of performing new or additional functions required by changes in law or court rule; or
- Pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature.[32]

Clerks in the General Appropriations Act: 2009-2012

In an effort to gain greater oversight and accountability for the operations and funding of the clerks of court, the Legislature passed Chapter 2009-204, Laws of Fla., which substantially amended the clerks' statutory budget process and procedures. The new law brought the clerks into the state budget and appropriated their funding in the annual General Appropriations Act.

More specifically, the 2009 law required that all revenues received by the clerks from court-related fees, fines, costs and service charges be remitted to the Department of Revenue for deposit into the Clerks of Court Trust Fund within the Justice Administrative Commission (JAC).[33] The law permitted the clerks, however, to deposit 10 percent of all court-related fines in the Public Records Modernization Trust Fund to be used in addition to state appropriations for operational needs.[34]

By 2009, revenues accruing to the Clerks of Court Trust Fund began to decline due to the downturn in the economy and the reduction in foreclosure filing fees. As a result, the Legislature reinforced the clerks' budgets with additional moneys from the General Revenue Fund. The 2011 Legislature appropriated $44.2 million from the General Revenue Fund to address FY 2010-2011 revenue deficits and the 2012 Legislature appropriated $57.6 million to address FY 2011-2012 deficits.

Return to Pre-2009 Funding Model: 2013-2019[35]

In 2013, the Legislature reversed many of the 2009 funding model changes, but expanded the oversight and accountability in the clerks' budget process. Significantly, the 2013 law[36] added the following:

[31] Section 28.37(4), F.S. (2008).
[32] Section 28.36(6), F.S. (2008).
[33] Chapter 2009-204, ss. 5-8, 12, 14, 19, Laws of Fla. The clerks' budgets were appropriated within the JAC budget from 2009-2012. *See also* s. 43.16, F.S. (establishes the Justice Administrative Commission, which administratively serves 49 judicial-related entities, as well as provides compliance and financial review of billings for services provided by private court-appointed attorneys representing indigent citizens and associated due process vendors).
[34] Section 28.37(5), F.S.
[35] This section adapted or used in its entirety from the Appropriations Committee staff analysis in SB 2506 (2017).
[36] Chapter 2013-44, Laws of Fla.

- Monthly accounting: required each clerk to submit all collected revenues exceeding one-twelfth of the clerk's total budget for the prior month to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.
- Annual accounting: required the transfer of revenue exceeding one-twelfth of the clerks' total budget out of the Clerks of Court Trust Fund into the General Revenue Fund each January *unless* the official estimate by the Revenue Estimating Conference projects a trust fund deficit (based on the current budget) in the current or upcoming fiscal year.
- Corporation audits: directed the Corporation to conduct annual base budget reviews, conduct cost-comparisons of similarly situated clerks, report pay and benefit issues, and provide an explanation of any clerk expenditure increases over 3 percent.[37]
- Corporation budget standard: required the Corporation to use the official Article V Revenue Estimating Conference revenue estimates for the clerks' budget process.[38]

The 2013 law also enhanced the role and responsibilities of the Legislative Budget Commission (LBC), and directed the LBC to review the budgets of the clerks and eitherapprove, disapprove, or amend and approve the budgets by October 1 of each year.[39] In 2017, however, the Legislature removed these duties from the LBC to review the clerks' budgets.[40]

Most Recent Changes: 2019 to present

The clerk's budget process was amended again in 2019.[41] In addition to the total estimated revenues from fees, service charges, costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, the combined budget for the clerks of court may also include:

- The unspent budgeted funds for court-related functions carried forward by the clerks of court from the previous county fiscal year; and
- The balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37, F.S.

In 2019, the requirement that the cumulative excess of all fines, fees, service charges, and costs retained by the clerks of court exceeding the amount needed to fund their authorized budgets was transferred to the General Revenue Fund, was changed as follows:

- No later than February 1, 2020, the cumulative excess of all fines, fees, services charges, and costs exceeding $10 million will be transferred to the General Revenue Fund.
- No later than February 1, 2021, and no later than February 1, 2022, not less than 50 percent of the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund; provided, however, that the balance remaining in the Clerks of Courts Trust Fund after the transfer may not exceed $20 million.
- No later than February 1, 2023, and each February 1 thereafter, the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund.

[38] Section 28.35(2)(f)6., F.S.
[39] Section 11.90(6)(d), F.S.
[40] Chapter 2017-126, s. 1, Laws of Fla.
[41] Chapter 2019-58, Laws of Fla.

In that same act, the 2019 Legislature was looking ahead to 2022 by including a requirement that the Office of Program Policy Analysis and Government Accountability (OPPAGA) review the Clerk of Court processes, including, in part, a comparison of organizational arrangement and deployment of personnel resources among all clerks' offices. The Legislature is required to review and consider the results of the report before the 2022 Regular Session of the Legislature in deciding whether to extent or reenact the provisions of the 2019 changes relating to clerk funding. The OPPAGA report contains 26 recommendations for operational efficiency and cost savings in five categories. [42]

III. Effect of Proposed Changes:

This bill primarily makes fiscally related operational changes to the clerks of court as follows.

Clerk of Courts Operations Corporation

The bill adds to the list of duties required of the Clerk of Courts Operations Corporation the duty to:

- Recommend to the Legislature changes in the distribution of monies collected by a clerk.
- Recommend to the Legislature an increase in a clerk's budget representing the total increased costs associated with clerk support of a new trial court judicial position, based on a formula approved by the Corporation.
- Develop on an annual basis a budget request for the anticipated amount necessary for reimbursement of certain no-fee cases related to mental health and substance abuse (see below). The request is not subject to change by the Justice Administrative Commission, and it must be submitted to the Governor for transmittal to the Legislature.

Payment Plans

Persons who pay money to the clerk of court for an outstanding fine, penalty, fee, service charge, or court cost are expected to pay in full. Many individuals, however, cannot afford to pay. Current law authorizes a clerk to accept partial payments and to enter into payment plans with individuals.[43] Monthly payments of no more than 2 percent of the individual's net pay is presumed to be within an individual's ability to pay.[44]

The bill changes the terms of payment plans offered by a clerk to a person unable to immediately pay monies owed to the clerk. The bill establishes a minimum monthly payment of $25, and establishes a maximum initial payment of the lesser of 10 percent of the debt or $100. The $5 partial payment service charge[45] or the alternative one-time $25 service charge for establishing a payment plan,[46] are payable in addition to the maximum allowable initial payment and, thus, are not a part of the limits.

[43] Section 28.246(4), F.S.,

[44] Using the 2021 Florida minimum wage at full-time employment and subtracting the standard federal payroll deductions, an unmarried individual at that wage would pay no more than $26.80 a month on a clerk's payment plan.

[45] Section 28.24(27)(b), F.S.

[46] Section 28.24(27)(c), F.S.

Civil Indigent Application Investigation

An individual seeking appointment of an attorney in a civil case who is eligible for court-appointed counsel, or seeking relief from prepayment of civil filing fees, must apply to the clerk for a determination of civil indigent status. There is a presumption that an individual is not indigent if the individual has a net equity of $2,500 or more, excluding homestead and excluding equity in a vehicle of up to $5,000.[47] The clerk must accept the application on its face and may not independently verify the information provided.[48]

The bill allows a clerk of court to make a limited investigation of an individual's application for status as civil indigent. The clerk may conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of this state to identify any property interests of the applicant. The clerk may evaluate and consider the results of the review in making a determination of civil indigent status. If a review is conducted, the results must be in the court file should the applicant appeal the denial of civil indigent status to the trial court.

Driver License Suspensions

Numerous laws provide for driver license suspensions due to nonpayment of court obligations. Currently, there are separate processes for reinstatement of the driver license based on the reason for the suspension. Where the suspension is due to nonpayment of a traffic infraction, upon receipt of full payment the clerk immediately clears the suspension by notice to the Department of Highway Safety and Motor Vehicles (DHSMV).[49] Where the suspension is court-related but not traffic-related, notably suspensions for delinquency in payment of child support obligations or criminal court fees and fines,[50] the process is different and longer. There, the clerk of court collects the monies owed and furnishes the person with an affidavit that the financial obligation that led to the suspension has been paid. The person must then go to a county tax collector's office to reinstate the driver license with DHSMV. Until the process is complete, the person's license remains suspended.[51]

The bill requires the DHSMV to coordinate with the clerks of court, through their association, to ensure the capability within the department's technology systems for clerks of court to reinstate suspended driver licenses that have been suspended for failure to pay court-related obligations.

Clerk Reimbursement for Certain No-Fee Cases

Clerks of court are supposed to be primarily funded by filing fees and service charges.[52] However, some civil cases are processed by the clerks without payment, notably protective injunctions, mental health, substance abuse, and civil actions filed by indigents. During the

[52] FLA. CONST. article V, s. 14(b).

2019-20 county fiscal year, the clerks opened 183,991 civil files without payment of a filing fee to the clerk.[53]

Subject to appropriation, the bill allows a clerk of court to submit to the Justice Administrative Commission a certified request for $40 per case reimbursement for services rendered in certain no-fee civil cases related to mental health and substance abuse. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. The categories of cases are:

- Habeas corpus filed by an individual detained under the Florida Mental Health Act,[54] pursuant to s. 394.459(8)(d), F.S.
- Determination whether an individual should be subject to an involuntary mental health examination under the Florida Mental Health Act, pursuant to s. 394.463(2)(a), F.S.
- Determination whether an individual should be subject to involuntary mental health placement in a mental health facility under the Florida Mental Health Act, pursuant to s. 394.467(3), F.S.
- Determination whether an individual is a sexually violent predator subject to commitment to a mental health facility for sexually violent predators, pursuant to s. 394.917(3), F.S. and Part V of ch. 394, F.S.
- Determination of whether an individual should be involuntarily assessed and stabilized due to substance abuse, pursuant to s. 397.6814, F.S.[55]

Effective Date

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds or limit their authority to raise revenue or receive state-shared revenues as specified in Art. VII, s. 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

[53] Florida Court Clerks & Comptrollers, *Bill Analysis of SB 552* (November 24, 2021). There were 135,672 statutory no-fee cases and 48,319 cases filed by indigents.
[54] The Florida Mental Health Act is also known as the Baker Act.
[55] Chapter 397, F.S., is also known as the Marchman Act.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 28.246, 28.35, 40.29, 57.082, and 322.29, F.S.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (589784) by Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice):
The proposed committee substitute:

- Removes the section that decreases the share of certain foreclosure filing fees transferred to the General Revenue Fund.
- Removes the section that changes the distribution of a county court filing fee from the General Revenue Fund to the clerks of court.
- Removes the section that requires a judge or traffic infraction hearing officer to impose the minimum financial penalty after finding an offender guilty of a traffic infraction.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

576-02592-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to clerks of the circuit court; amending s. 28.246, F.S.; revising the calculation used to determine the presumed ability to pay certain fees, charges, costs, and fines; providing a formula for determining a specified down payment; providing construction; amending s. 28.35, F.S.; requiring the Florida Clerks of Court Operations Corporation to provide a recommendation on the distribution of specified fines, fees, charges, and costs; requiring the corporation to complete specified duties under certain circumstances; requiring the corporation to annually prepare a specified budget request; providing that such a request is not subject to change by the Justice Administrative Commission; requiring the commission to submit the request to the Governor for transmittal to the Legislature; amending s. 40.29, F.S.; authorizing clerks of the circuit court to submit, at prescribed intervals, to the commission certified requests for reimbursement of specified petitions and orders at a certain rate per petition or order; amending s. 57.082, F.S.; authorizing clerks of the court to conduct a review of specified records; requiring the clerks to maintain the results of such review in a specified manner and provide the results to the court under certain circumstances; amending s. 322.29, F.S.; requiring the Department of Highway

589784

576-02592-22

Safety and Motor Vehicles to work with a specified association to ensure that their technology systems have specified capabilities; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (4) of section 28.246, Florida Statutes, is amended to read:

28.246 Payment of court-related fines or other monetary penalties, fees, charges, and costs; partial payments; distribution of funds.—

(4)

(b) An individual seeking to defer payment of fees, service charges, court costs, or fines imposed by operation of law or order of the court under any provision of general law shall apply to the clerk for enrollment in a payment plan. The clerk shall enter into a payment plan with an individual who the court determines is indigent for costs. It is the responsibility of an individual who is released from incarceration and has outstanding court obligations to contact the clerk within 30 days after release to pay fees, service charges, court costs, and fines in full, or to apply for enrollment in a payment plan.

1. A monthly payment amount, calculated based upon all fees and all anticipated fees, service charges, court costs, and fines, is presumed to correspond to the person’s ability to pay if the amount does not exceed the greater of:

a. Two ~~2~~ percent of the person’s annual net income, as defined in s. 27.52(1), divided by 12; or

b. $25.

2. Any amount required by the clerk as a down payment to initially establish a payment plan shall be the lesser of 10 percent of the total amount owed or $100. The amount does not include the imposition of a service charge pursuant to s. 28.24(27)(b) or (c). The clerk shall establish all terms of a payment plan, and the court may review the reasonableness of the payment plan.

Section 2. Paragraph (c) of subsection (2) of section 28.35, Florida Statutes, is amended, and paragraph (i) is added to that subsection, to read:

28.35 Florida Clerks of Court Operations Corporation.—

(2) The duties of the corporation shall include the following:

(c)1. Recommending to the Legislature changes in the amounts and distribution of the various court-related fines, fees, service charges, and costs established by law to ensure reasonable and adequate funding of the clerks of the court in the performance of their court-related functions.

2. If the number of judges under s. 26.031 or s. 34.022 increases:

a. Developing a formula to estimate the total cost associated with clerk support for circuit and county judges statewide.

b. Making a recommendation for consideration by the Legislature on any need for additional funding using the formula approved in sub-subparagraph a.

(i) Annually preparing a budget request that, notwithstanding chapter 216 and in accordance with s. 216.351,

provides the anticipated amount necessary for reimbursement pursuant to s. 40.29(6). The request for the anticipated reimbursement amount must be submitted in the form and manner prescribed by the Justice Administrative Commission. Such request is not subject to change by the Justice Administrative Commission except for technical changes necessary to conform to the legislative budget instructions and must be submitted by the Justice Administrative Commission to the Governor for transmittal to the Legislature.

Section 3. Section 40.29, Florida Statutes, is amended to read:

40.29 Payment of due-process costs; reimbursement for petitions and orders.—

(1) Each clerk of the circuit court, on behalf of the state attorney, private court-appointed counsel, the public defender, and the criminal conflict and civil regional counsel, shall forward to the Justice Administrative Commission, by county, a quarterly estimate of funds necessary to pay for ordinary witnesses, including, but not limited to, witnesses in civil traffic cases and witnesses of the state attorney, the public defender, criminal conflict and civil regional counsel, private court-appointed counsel, and persons determined to be indigent for costs. Each quarter of the state fiscal year, the commission, based upon the estimates, shall advance funds to each clerk to pay for these ordinary witnesses from state funds specifically appropriated for the payment of ordinary witnesses.

(2) Upon receipt of an estimate pursuant to subsection (1), the Justice Administrative Commission shall endorse the amount deemed necessary for payment by the clerk of the court during

the quarterly fiscal period and shall submit a request for payment to the Chief Financial Officer.

(3) Upon receipt of the funds from the Chief Financial Officer, the clerk of the court shall pay all invoices approved and submitted by the state attorney, the public defender, criminal conflict and civil regional counsel, and private court-appointed counsel for the items enumerated in subsection (1).

(4) After review for compliance with applicable rates and requirements, the Justice Administrative Commission shall pay all due process service related invoices, except those enumerated in subsection (1), approved and submitted by the state attorney, the public defender, criminal conflict and civil regional counsel, or private court-appointed counsel in accordance with the applicable requirements of ss. 29.005, 29.006, and 29.007.

(5) The Justice Administrative Commission shall reimburse funds to the clerks of the court to compensate jurors, to pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs as provided in this section. Each clerk of the court must submit a request for reimbursement to the Florida Clerks of Court Operations Corporation within 20 days after each quarter attesting to the clerk's actual costs to compensate jurors, to pay for meals or lodging provided to jurors, and to pay for jury-related personnel costs. The Florida Clerks of Court Operations Corporation must review the request for reimbursement to ensure that the costs are reasonably and directly related to jury management. The Florida Clerks of Court Operations Corporation must forward to the Justice Administrative Commission the amount necessary to reimburse each

clerk of the court for its personnel and other costs related to jury management unless the total request for reimbursement by the clerks exceeds the quarterly funds available to the Justice Administrative Commission, in which case the Florida Clerks of Court Operations Corporation shall adjust the cumulative total to match the available funds before submitting the request to the Justice Administrative Commission. Upon receipt of each request for reimbursement, the Justice Administrative Commission must review the amount deemed necessary for payment to the clerks of the court for the most recently completed quarter, determine if the total payment amount is available, and submit a request for payment to the Chief Financial Officer. The clerks of the court are responsible for any compensation to jurors, for payments for meals or lodging provided to jurors, and for jury-related personnel costs that exceed the funding provided in the General Appropriations Act for these purposes.

(6) Subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for reimbursement for petitions and orders filed under ss. 394.459, 394.463, 394.467, 394.917, and 397.6814, at the rate of $40 per petition or order. Such request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission pursuant to s. 28.35(2)(i).

Section 4. Paragraphs (a) and (d) of subsection (2) of section 57.082, Florida Statutes, are amended to read:

57.082 Determination of civil indigent status.—

(2) DETERMINATION BY THE CLERK.—The clerk of the court shall determine whether an applicant seeking such designation is

589784

576-02592-22

indigent based upon the information provided in the application and the criteria prescribed in this subsection.

(a)1. An applicant, including an applicant who is a minor or an adult tax-dependent person, is indigent if the applicant's income is equal to or below 200 percent of the then-current federal poverty guidelines prescribed for the size of the household of the applicant by the United States Department of Health and Human Services.

2. There is a presumption that the applicant is not indigent if the applicant owns, or has equity in, any intangible or tangible personal property or real property or the expectancy of an interest in any such property having a net equity value of $2,500 or more, excluding the value of the person's homestead and one vehicle having a net value not exceeding $5,000.

3. Notwithstanding the information provided by the applicant, the clerk may conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of this state to identify any property interests of the applicant under this paragraph. The clerk may evaluate and consider the results of the review in making a determination under this subsection. If a review is conducted, the clerk must maintain the results of the review in a file with the application and provide the file to the court if an applicant seeks a review under subsection (4) of the clerk's determination of indigent status.

(d) The duty of the clerk in determining whether an applicant is indigent is limited to receiving the application, conducting a review of records under subparagraph (a)3., and comparing the information provided in the application and

589784

576-02592-22

identified in the review of records to the criteria prescribed in this subsection. The determination of indigent status is a ministerial act of the clerk and ~~may~~ not a decision ~~be~~ based on further investigation or the exercise of independent judgment by the clerk. The clerk may contract with third parties to perform functions assigned to the clerk under this section.

Section 5. Subsection (3) is added to section 322.29, Florida Statutes, to read:

322.29 Surrender and return of license.—

(3) The department shall work with the clerks of court, through their association, to ensure the ability within their technology systems for clerks of court to reinstate suspended driver licenses for failure to pay court obligations.

Section 6. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 552
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); and Senator Boyd and others
SUBJECT:	Clerks of the Circuit Court
DATE:	March 2, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bond	Cibula	JU	**Favorable**
2.	Dale	Harkness	ACJ	**Recommend: Fav/CS**
3.	Dale	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 552 changes laws affecting the clerks of court by:

- Directing the clerks of court to ask the Legislature for increased funding related to increases in trial court judicial positions.
- Allowing the clerks to review property records to verify an application for civil indigent status.
- Allowing the clerks of court to ask for Legislative funding for filings related to mental health and substance abuse that the clerks must currently file at no charge. Modifying the standard terms of a payment plan for an individual who owes money to a clerk to establish a $25 minimum monthly payment and to limit the down payment to the lesser of 10 percent of the amount owed or $100.
- Requiring the Department of Highway Safety and Motor Vehicles to coordinate with the clerks of court on a system for reinstatement of driver licenses upon payment of court-related obligations.

The bill has no fiscal impact but makes fiscally related operational changes.

The bill takes effect July 1, 2022.

II. Present Situation:

Clerk of the Circuit Court

The clerk of the circuit court is a constitutional officer. Each of Florida's 67 counties are required to elect a clerk of the circuit court[1] to serve as both the clerk of court, completing judiciary functions, and as the "*ex officio*[2] clerk of the board of county commissioners, auditor, recorder, and custodian of all county funds."[3] In other words, the clerk of the circuit court wears approximately five hats. In wearing the auditor and custodian of county funds hats, the clerk may also be referred to as the comptroller.[4]

Funding for the Clerks' Court-Related Functions

In its capacity as the clerk of the circuit and county courts, the clerk is required to perform various court-related, administrative and ministerial functions. Any court-related function authorized by law or court rule must be funded by the clerk's collection of filing fees, service charges, costs, and fines, including the following:

- Case maintenance.
- Records management.
- Court preparation and attendance.
- Processing the assignment, reopening, and reassignment of cases.
- Processing appeals.
- Collection and distribution of fines, fees, service charges, and court costs.
- Data collection and reporting.
- Determinations of indigent status.
- Paying reasonable administrative support costs to enable the clerks to carry out court-related functions.[5]

Court funding is governed by Art. V, s. 14 of the Florida Constitution. For the clerks of the circuit courts, Art. V, s. 14(b) provides that the clerks are self-sustaining and fund their court-related functions through the collection of filing fees, service charges, and other costs. Specifically, Art. V, s. 14(b) states:

> (b) All funding for the offices of the clerks of the circuit and county courts performing court-related functions, except as otherwise provided in this

[1] FLA. CONST. art. V, s. 16; FLA. CONST. art. VIII, s. 1.
[2] *See* BLACK'S LAW DICTIONARY (10th ed. 2014) ("*ex officio*" means "By virtue or because of an office; by virtue of the authority implied by office.").
[3] FLA. CONST. art. V, s. 16. This provision also provides that two officials may split the position, one serving as clerk of court and one serving in the *ex officio* position. Additionally, this provision permits the election of a county clerk of court when authorized by general or special law. *Id.*
[4] *See generally* Florida Court Clerks & Comptrollers, *About Us*, *Clerks Duties & Services*, available at https://www.flclerks.com/page/ClerksDuties (last visited Nov. 24, 2021). *See also* BLACK'S LAW DICTIONARY (10th ed. 2014) ("comptroller" means, "[a]n officer of a business or a private, state, or municipal corporation who is charged with duties usu. relating to fiscal affairs, including auditing and examining accounts and reporting the financial status periodically.").
[5] Section 28.35(3)(a), F.S. *See also* Florida Court Clerks & Comptrollers, *About Us*, *Clerks Duties & Services*, available at https://www.flclerks.com/page/ClerksDuties (last visited Nov. 24, 2021).

> subsection and subsection (c), shall be provided by adequate and appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions as required by general law. Selected salaries, costs, and expenses of the state courts system may be funded from appropriate filing fees for judicial proceedings and service charges and costs for performing court-related functions, as provided by general law. Where the requirements of either the United States Constitution or the Constitution of the State of Florida preclude the imposition of filing fees for judicial proceedings and service charges and costs for performing court-related functions sufficient to fund the court-related functions of the offices of the clerks of the circuit and county courts, the state shall provide, as determined by the Legislature, adequate and appropriate supplemental funding from state revenues appropriated by general law.[6]

County Funding Referenced in Article V, Section 14(c)

As referenced above, Art. V, s. 14(c) of the Florida Constitution states that while funding for the state courts system, including the clerks of court, will *not* be required by a county or municipality, the counties are responsible to fund certain types of court infrastructure and maintenance, including "the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems and the cost of construction or lease, maintenance, utilities, and security of facilities for . . . the offices of the clerks of the circuit and county courts performing court-related functions."[7] Additionally, counties pay "reasonable and necessary salaries, costs, and expenses of the state courts system to meet local requirements as determined by general law."[8]

No-Fee Court Functions

Additionally, as referenced above, there are certain categories of cases and certain types of filings for which the clerks of court cannot charge a filing fee and possibly other service charges or other costs. These types of cases and filings include the following:

- Various services and filings for indigent parties to pending litigation.[9]
- Petitions for Habeas Corpus filed by persons detained as mental health patients.[10]
- Filing an ex parte order for involuntary examination (Baker Act).[11]
- Petitions for involuntary inpatient placement for mental health.[12]
- Appellate filing fees for indigent persons determined to be and involuntarily committed as a sexually violent predator.[13]

[12] Section 394.467, F.S.
[13] Section 394.917, F.S.

- Petitions for involuntary assessment and stabilization for substance abuse impairment.[14]
- Petitions for a risk protection order (Marjory Stoneman Douglas High School Public Safety Act).[15]
- Petitions for protective injunctions against domestic violence,[16] repeat, dating, or sexual violence,[17] or stalking.[18]

History of the Clerks of Court Funding Model

1998 Article V Revision ("Revision 7") and Implementing Legislation

Article V, s. 14, was amended in 1998 to "substantially and significantly revise[] judicial system funding, greatly reducing funding from local governments and placing the responsibility primarily on the state."[19] The statement of intent accompanying the revision of Art. V, section 14(b), also known as "Revision 7," reflects that the proposers intended for the Legislature to adopt procedures: (1) to fund the clerks' office in the event "filing fees, services charges and costs are insufficient to cover the court-related salaries, costs, and expenses of the offices of the clerks . . . in a given fiscal year"; and (2) for the disposition of excess revenues collected by the clerks' offices in a given fiscal year.[20]

Further, the statement of intent clarifies that the purpose for Revision 7 is to require legislative oversight and an independent review of clerk funding and spending practices. The reason for independent oversight is set out as follows:

> The drafters of subsection (b) recognize that there currently exists significant disparities among what the various clerks' offices spend to perform the same functions. The determination by the [L]egislature as to the appropriate level of spending should not entail an acceptance of the current level of spending by the clerks' offices throughout the state to perform court-related functions. Rather, it is the intent of this proposal that the clerks be held accountable and responsible to a cost standard which is independently established by the [L]egislature.[21]

Revision 7's 1998 amendment to Article V had to be implemented by July 1, 2004.[22] In order to implement the 1998 amendment, the Legislature responded "in stages, beginning with passage of SB 1212 in 2000 (Chapter 2000-237, Laws of Florida), followed by additional changes to that

law in 2001, and, finally in 2002, through the funding of a study to assist in the final phase of implementation."[23]

The final stage was implemented during the 2003 legislative session. To provide Revision 7's envisioned oversight, accountability, uniformity, and procedures in funding and budgeting for the clerks of court, the Legislature enacted **sections 28.35, 28.36, and 28.37, F.S.**: [24]

- **Section 28.35, F.S.**, created the Florida Clerks of Court Operations Corporation (Corporation),[25] which is responsible for providing accountability, procedural review, and oversight of the clerks of court budgeting process throughout the state.
- **Section 28.36, F.S.,** established budget review and approval procedures of individual clerk of court budgets by the Corporation.
- **Section 28.37, F.S.**, ensures that a portion of certain fines, fees, service charges, and costs collected by the clerks of court are remitted to the state to fund other court-related salaries, costs, and expenses.

Post-Article V Revision to Clerk Funding: 2004-2008

Between 2004 and 2008, the clerks collected and deposited into their local fine and forfeiture funds revenues from court filing fees, service charges, court costs, and fines assessed in civil and criminal proceedings.[26] A portion of the revenues in a clerk's fine and forfeiture fund was retained to finance the clerk's operations. However, another portion of these revenues were distributed to the General Revenue Fund or other state trust funds to meet other court-related costs. For example, the clerks were required to remit one-third of all fines, fees, service charges, and costs collected to the Department of Revenue for deposit into the Clerk of the Court Trust Fund,[27] a fund established to assist the clerks in meeting revenue deficits.

Regarding budget planning, the clerks had discretion to set their individual budgets based on anticipated revenues and expenditures. Each clerk's proposed budget had to be balanced with estimated revenues equaling or exceeding anticipated expenditures, although the budget could include a 10 percent contingency reserve.[28] If a clerk estimated that available funds plus projected revenues were insufficient to meet anticipated expenditures for court-related functions, that clerk could follow the statutory procedure for receiving funds from the Clerks of the Court Trust Fund to address the deficit.[29]

Each clerk had to submit its proposed budget to the Corporation for review and certification that the individual budget was complete and complied with budget procedures.[30] Upon review and

[30] Section 28.36(3), F.S. (2008).

certification by the Corporation, revenue exceeding the amount needed to fund each budget was deposited in the General Revenue Fund.[31]

During this time, the Legislature's involvement in the clerks' budgets was limited. The Legislative Budget Commission (LBC) had authority to approve increases to the maximum annual budgets approved for individual clerks if the additional funding was necessary to:

- Pay the cost of performing new or additional functions required by changes in law or court rule; or
- Pay the cost of supporting increases in the number of judges or magistrates authorized by the Legislature.[32]

Clerks in the General Appropriations Act: 2009-2012

In an effort to gain greater oversight and accountability for the operations and funding of the clerks of court, the Legislature passed Chapter 2009-204, Laws of Fla., which substantially amended the clerks' statutory budget process and procedures. The new law brought the clerks into the state budget and appropriated their funding in the annual General Appropriations Act.

More specifically, the 2009 law required that all revenues received by the clerks from court-related fees, fines, costs and service charges be remitted to the Department of Revenue for deposit into the Clerks of Court Trust Fund within the Justice Administrative Commission (JAC).[33] The law permitted the clerks, however, to deposit 10 percent of all court-related fines in the Public Records Modernization Trust Fund to be used in addition to state appropriations for operational needs.[34]

By 2009, revenues accruing to the Clerks of Court Trust Fund began to decline due to the downturn in the economy and the reduction in foreclosure filing fees. As a result, the Legislature reinforced the clerks' budgets with additional moneys from the General Revenue Fund. The 2011 Legislature appropriated $44.2 million from the General Revenue Fund to address FY 2010-2011 revenue deficits and the 2012 Legislature appropriated $57.6 million to address FY 2011-2012 deficits.

Return to Pre-2009 Funding Model: 2013-2019[35]

In 2013, the Legislature reversed many of the 2009 funding model changes, but expanded the oversight and accountability in the clerks' budget process. Significantly, the 2013 law[36] added the following:

[31] Section 28.37(4), F.S. (2008).
[32] Section 28.36(6), F.S. (2008).
[33] Chapter 2009-204, ss. 5-8, 12, 14, 19, Laws of Fla. The clerks' budgets were appropriated within the JAC budget from 2009-2012. *See also* s. 43.16, F.S. (establishes the Justice Administrative Commission, which administratively serves 49 judicial-related entities, as well as provides compliance and financial review of billings for services provided by private court-appointed attorneys representing indigent citizens and associated due process vendors).
[34] Section 28.37(5), F.S.
[35] This section adapted or used in its entirety from the Appropriations Committee staff analysis in SB 2506 (2017).
[36] Chapter 2013-44, Laws of Fla.

- Monthly accounting: required each clerk to submit all collected revenues exceeding one-twelfth of the clerk's total budget for the prior month to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.
- Annual accounting: required the transfer of revenue exceeding one-twelfth of the clerks' total budget out of the Clerks of Court Trust Fund into the General Revenue Fund each January *unless* the official estimate by the Revenue Estimating Conference projects a trust fund deficit (based on the current budget) in the current or upcoming fiscal year.
- Corporation audits: directed the Corporation to conduct annual base budget reviews, conduct cost-comparisons of similarly situated clerks, report pay and benefit issues, and provide an explanation of any clerk expenditure increases over 3 percent.[37]
- Corporation budget standard: required the Corporation to use the official Article V Revenue Estimating Conference revenue estimates for the clerks' budget process.[38]

The 2013 law also enhanced the role and responsibilities of the Legislative Budget Commission (LBC), and directed the LBC to review the budgets of the clerks and either approve, disapprove, or amend and approve the budgets by October 1 of each year.[39] In 2017, however, the Legislature removed these duties from the LBC to review the clerks' budgets.[40]

Most Recent Changes: 2019 to present

The clerk's budget process was amended again in 2019.[41] In addition to the total estimated revenues from fees, service charges, costs, and fines for court-related functions available for court-related expenditures as determined by the most recent Revenue Estimating Conference, the combined budget for the clerks of court may also include:

- The unspent budgeted funds for court-related functions carried forward by the clerks of court from the previous county fiscal year; and
- The balance of funds remaining in the Clerks of the Court Trust Fund after the transfer of funds to the General Revenue Fund required pursuant to s. 28.37, F.S.

In 2019, the requirement that the cumulative excess of all fines, fees, service charges, and costs retained by the clerks of court exceeding the amount needed to fund their authorized budgets was transferred to the General Revenue Fund, was changed as follows:

- No later than February 1, 2020, the cumulative excess of all fines, fees, services charges, and costs exceeding $10 million will be transferred to the General Revenue Fund.
- No later than February 1, 2021, and no later than February 1, 2022, not less than 50 percent of the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund; provided, however, that the balance remaining in the Clerks of Courts Trust Fund after the transfer may not exceed $20 million.
- No later than February 1, 2023, and each February 1 thereafter, the cumulative excess of all fines, fees, services charges, and costs will be transferred to the General Revenue Fund.

[37] Section 28.35(2)(f), F.S.
[38] Section 28.35(2)(f)6., F.S.
[39] Section 11.90(6)(d), F.S.
[40] Chapter 2017-126, s. 1, Laws of Fla.
[41] Chapter 2019-58, Laws of Fla.

In that same act, the 2019 Legislature was looking ahead to 2022 by including a requirement that the Office of Program Policy Analysis and Government Accountability (OPPAGA) review the Clerk of Court processes, including, in part, a comparison of organizational arrangement and deployment of personnel resources among all clerks' offices. The Legislature is required to review and consider the results of the report before the 2022 Regular Session of the Legislature in deciding whether to extent or reenact the provisions of the 2019 changes relating to clerk funding. The OPPAGA report contains 26 recommendations for operational efficiency and cost savings in five categories. [42]

III. Effect of Proposed Changes:

This bill primarily makes fiscally related operational changes to the clerks of court as follows.

Clerk of Courts Operations Corporation

The bill adds to the list of duties required of the Clerk of Courts Operations Corporation the duty to:

- Recommend to the Legislature changes in the distribution of monies collected by a clerk.
- Recommend to the Legislature an increase in a clerk's budget representing the total increased costs associated with clerk support of a new trial court judicial position, based on a formula approved by the Corporation.
- Develop on an annual basis a budget request for the anticipated amount necessary for reimbursement of certain no-fee cases related to mental health and substance abuse (see below). The request is not subject to change by the Justice Administrative Commission, and it must be submitted to the Governor for transmittal to the Legislature.

Payment Plans

Persons who pay money to the clerk of court for an outstanding fine, penalty, fee, service charge, or court cost are expected to pay in full. Many individuals, however, cannot afford to pay. Current law authorizes a clerk to accept partial payments and to enter into payment plans with individuals.[43] Monthly payments of no more than 2 percent of the individual's net pay is presumed to be within an individual's ability to pay.[44]

The bill changes the terms of payment plans offered by a clerk to a person unable to immediately pay monies owed to the clerk. The bill establishes a minimum monthly payment of $25, and establishes a maximum initial payment of the lesser of 10 percent of the debt or $100. The $5 partial payment service charge[45] or the alternative one-time $25 service charge for establishing a payment plan,[46] are payable in addition to the maximum allowable initial payment and, thus, are not a part of the limits.

[43] Section 28.246(4), F.S.,

[44] Using the 2021 Florida minimum wage at full-time employment and subtracting the standard federal payroll deductions, an unmarried individual at that wage would pay no more than $26.80 a month on a clerk's payment plan.

[45] Section 28.24(27)(b), F.S.

[46] Section 28.24(27)(c), F.S.

Civil Indigent Application Investigation

An individual seeking appointment of an attorney in a civil case who is eligible for court-appointed counsel, or seeking relief from prepayment of civil filing fees, must apply to the clerk for a determination of civil indigent status. There is a presumption that an individual is not indigent if the individual has a net equity of $2,500 or more, excluding homestead and excluding equity in a vehicle of up to $5,000.[47] The clerk must accept the application on its face and may not independently verify the information provided.[48]

The bill allows a clerk of court to make a limited investigation of an individual's application for status as civil indigent. The clerk may conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of this state to identify any property interests of the applicant. The clerk may evaluate and consider the results of the review in making a determination of civil indigent status. If a review is conducted, the results must be in the court file should the applicant appeal the denial of civil indigent status to the trial court.

Driver License Suspensions

Numerous laws provide for driver license suspensions due to nonpayment of court obligations. Currently, there are separate processes for reinstatement of the driver license based on the reason for the suspension. Where the suspension is due to nonpayment of a traffic infraction, upon receipt of full payment the clerk immediately clears the suspension by notice to the Department of Highway Safety and Motor Vehicles (DHSMV).[49] Where the suspension is court-related but not traffic-related, notably suspensions for delinquency in payment of child support obligations or criminal court fees and fines,[50] the process is different and longer. There, the clerk of court collects the monies owed and furnishes the person with an affidavit that the financial obligation that led to the suspension has been paid. The person must then go to a county tax collector's office to reinstate the driver license with DHSMV. Until the process is complete, the person's license remains suspended.[51]

The bill requires the DHSMV to coordinate with the clerks of court, through their association, to ensure the capability within the department's technology systems for clerks of court to reinstate suspended driver licenses that have been suspended for failure to pay court-related obligations.

Clerk Reimbursement for Certain No-Fee Cases

Clerks of court are supposed to be primarily funded by filing fees and service charges.[52] However, some civil cases are processed by the clerks without payment, notably protective injunctions, mental health, substance abuse, and civil actions filed by indigents. During the

[51] Florida Court Clerks & Comptrollers, *Bill Analysis of SB 552* (November 24, 2021).
[52] FLA. CONST. article V, s. 14(b).

2019-20 county fiscal year, the clerks opened 183,991 civil files without payment of a filing fee to the clerk.[53]

Subject to appropriation, the bill allows a clerk of court to submit to the Justice Administrative Commission a certified request for $40 per case reimbursement for services rendered in certain no-fee civil cases related to mental health and substance abuse. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. The categories of cases are:

- Habeas corpus filed by an individual detained under the Florida Mental Health Act,[54] pursuant to s. 394.459(8)(d), F.S.
- Determination whether an individual should be subject to an involuntary mental health examination under the Florida Mental Health Act, pursuant to s. 394.463(2)(a), F.S.
- Determination whether an individual should be subject to involuntary mental health placement in a mental health facility under the Florida Mental Health Act, pursuant to s. 394.467(3), F.S.
- Determination whether an individual is a sexually violent predator subject to commitment to a mental health facility for sexually violent predators, pursuant to s. 394.917(3), F.S. and Part V of ch. 394, F.S.
- Determination of whether an individual should be involuntarily assessed and stabilized due to substance abuse, pursuant to s. 397.6814, F.S.[55]

Effective Date

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not require counties or municipalities to spend funds or limit their authority to raise revenue or receive state-shared revenues as specified in Art. VII, s. 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

[53] Florida Court Clerks & Comptrollers, *Bill Analysis of SB 552* (November 24, 2021). There were 135,672 statutory no-fee cases and 48,319 cases filed by indigents.
[54] The Florida Mental Health Act is also known as the Baker Act.
[55] Chapter 397, F.S., is also known as the Marchman Act.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 28.246, 28.35, 40.29, 57.082, and 322.29, F.S.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on February 28, 2022:
The committee substitute:

- Removes the section that decreases the share of certain foreclosure filing fees transferred to the General Revenue Fund.
- Removes the section that changes the distribution of a county court filing fee from the General Revenue Fund to the clerks of court.
- Removes the section that requires a judge or traffic infraction hearing officer to impose the minimum financial penalty after finding an offender guilty of a traffic infraction.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

related to appeals for persons determined to be sexually violent predators; providing the method to seek such reimbursement; requiring the corporation to annually develop and submit to the Governor a budget request for such reimbursement, not subject to change by the Justice Administrative Commission, to be transmitted to the Legislature; amending s. 397.6814, F.S.; authorizing clerks of court to seek reimbursement from the Legislature for petitions for involuntary assessment and stabilization; providing the method to seek such reimbursement; requiring the corporation to annually develop and submit to the Governor a budget request for such reimbursement, not subject to change by the Justice Administrative Commission, to be transmitted to the Legislature; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (1) of section 28.241, Florida Statutes, is amended to read:

28.241 Filing fees for trial and appellate proceedings.—

(1) Filing fees are due at the time a party files a pleading to initiate a proceeding or files a pleading for relief. Reopen fees are due at the time a party files a pleading to reopen a proceeding if at least 90 days have elapsed since the filing of a final order or final judgment with the clerk. If a fee is not paid upon the filing of the pleading as required under this section, the clerk must ~~shall~~ pursue collection of

the fee pursuant to s. 28.246.

(a)1.a. Except as provided in sub-subparagraph b. and subparagraph 2., the party instituting any civil action, suit, or proceeding in the circuit court shall pay to the clerk of that court a filing fee of up to $395 in all cases in which there are not more than five defendants and an additional filing fee of up to $2.50, from which the clerk shall remit $0.50 to the Department of Revenue for deposit into the General Revenue Fund, for each defendant in excess of five. Of the first $200 in filing fees, $195 must be remitted to the Department of Revenue for deposit into the State Courts Revenue Trust Fund, $4 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services and used to fund the contract with the Florida Clerks of Court Operations Corporation created in s. 28.35, and $1 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of individual clerks' court-related expenditures conducted by the Department of Financial Services. By the 10th of each month, the clerk shall submit that portion of the filing fees collected in the previous month which is in excess of one-twelfth of the clerk's total budget to the Department of Revenue for deposit into the Clerks of the Court Trust Fund.

b. The party instituting any civil action, suit, or proceeding in the circuit court under chapter 39, chapter 61, chapter 741, chapter 742, chapter 747, chapter 752, or chapter 753 shall pay to the clerk of that court a filing fee of up to $295 in all cases in which there are not more than five

defendants and an additional filing fee of up to $2.50 for each defendant in excess of five. Of the first $100 in filing fees, $95 must be remitted to the Department of Revenue for deposit into the State Courts Revenue Trust Fund, $4 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services and used to fund the contract with the Florida Clerks of Court Operations Corporation created in s. 28.35, and $1 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of individual clerks' court-related expenditures conducted by the Department of Financial Services.

c. An additional filing fee of $4 must ~~shall~~ be paid to the clerk. The clerk shall remit $3.50 to the Department of Revenue for deposit into the Court Education Trust Fund and shall remit 50 cents to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund clerk education provided by the Florida Clerks of Court Operations Corporation. An additional filing fee of up to $18 must ~~shall~~ be paid by the party seeking each severance that is granted, from which the clerk shall remit $3 to the Department of Revenue for deposit into the General Revenue Fund. The clerk may impose an additional filing fee of up to $85, from which the clerk shall remit $10 to the Department of Revenue for deposit into the General Revenue Fund, for all proceedings of garnishment, attachment, replevin, and distress. Postal charges incurred by the clerk of the circuit court in making service by certified or registered mail on defendants or other parties must ~~shall~~ be paid by the party at whose instance service is made.

Additional fees, charges, or costs may not be added to the filing fees imposed under this section, except as authorized in this section or by general law.

2.a. Notwithstanding the fees prescribed in subparagraph 1., a party instituting a civil action in circuit court relating to real property or mortgage foreclosure shall pay a graduated filing fee based on the value of the claim.

b. A party shall estimate in writing the amount in controversy of the claim upon filing the action. For purposes of this subparagraph, the value of a mortgage foreclosure action is based upon the principal due on the note secured by the mortgage, plus interest owed on the note and any moneys advanced by the lender for property taxes, insurance, and other advances secured by the mortgage, at the time of filing the foreclosure. The value must ~~shall~~ also include the value of any tax certificates related to the property. In stating the value of a mortgage foreclosure claim, a party shall declare in writing the total value of the claim, as well as the individual elements of the value as prescribed in this sub-subparagraph.

c. In its order providing for the final disposition of the matter, the court shall identify the actual value of the claim. The clerk must ~~shall~~ adjust the filing fee if there is a difference between the estimated amount in controversy and the actual value of the claim and collect any additional filing fee owed or provide a refund of excess filing fee paid.

d. The party shall pay a filing fee of:

(I) Three hundred and ninety-five dollars in all cases in which the value of the claim is $50,000 or less and in which there are not more than five defendants. The party shall pay an

additional filing fee of up to $2.50 for each defendant in excess of five. Of the first $200 in filing fees, $195 must be remitted by the clerk to the Department of Revenue for deposit into the General Revenue Fund, $4 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services and used to fund the contract with the Florida Clerks of Court Operations Corporation created in s. 28.35, and $1 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of individual clerks' court-related expenditures conducted by the Department of Financial Services;

(II) Nine hundred dollars in all cases in which the value of the claim is more than $50,000 but less than $250,000 and in which there are not more than five defendants. The party shall pay an additional filing fee of up to $2.50 for each defendant in excess of five. Of the first $355 ~~$705~~ in filing fees, $350 ~~$700~~ must be remitted by the clerk to the Department of Revenue for deposit into the General Revenue Fund, except that the first $1.5 million in such filing fees remitted to the Department of Revenue and deposited into the General Revenue Fund in fiscal year 2018-2019 shall be distributed to the Miami-Dade County Clerk of Court; $4 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services and used to fund the contract with the Florida Clerks of Court Operations Corporation created in s. 28.35; and $1 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of

individual clerks' court-related expenditures conducted by the Department of Financial Services; or

(III) One thousand nine hundred dollars in all cases in which the value of the claim is $250,000 or more and in which there are not more than five defendants. The party shall pay an additional filing fee of up to $2.50 for each defendant in excess of five. Of the first $1,240 ~~$1,705~~ in filing fees, $465 ~~$930~~ must be remitted by the clerk to the Department of Revenue for deposit into the General Revenue Fund, $770 must be remitted to the Department of Revenue for deposit into the State Courts Revenue Trust Fund, $4 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund the contract with the Florida Clerks of Court Operations Corporation created in s. 28.35, and $1 must be remitted to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of individual clerks' court-related expenditures conducted by the Department of Financial Services.

e. An additional filing fee of $4 shall be paid to the clerk. The clerk shall remit $3.50 to the Department of Revenue for deposit into the Court Education Trust Fund and shall remit 50 cents to the Department of Revenue for deposit into the Administrative Trust Fund within the Department of Financial Services to fund clerk education provided by the Florida Clerks of Court Operations Corporation. An additional filing fee of up to $18 must ~~shall~~ be paid by the party seeking each severance that is granted. The clerk may impose an additional filing fee of up to $85 for all proceedings of garnishment, attachment,

replevin, and distress. Postal charges incurred by the clerk of the circuit court in making service by certified or registered mail on defendants or other parties must ~~shall~~ be paid by the party at whose instance service is made. Additional fees, charges, or costs may not be added to the filing fees imposed under this section, except as authorized in this section or by general law.

Section 2. Subsection (4) of section 28.246, Florida Statutes, is amended to read:

28.246 Payment of court-related fines or other monetary penalties, fees, charges, and costs; partial payments; distribution of funds.—

(4)(a) Each clerk of the circuit court shall accept partial payments for each case type for court-related fees, service charges, court costs, and fines in accordance with the terms of an established payment plan developed by the clerk.

(b) An individual seeking to defer payment of fees, service charges, court costs, or fines imposed by operation of law or order of the court under any provision of general law shall apply to the clerk for enrollment in a payment plan. The clerk shall enter into a payment plan with an individual who the court determines is indigent for costs. It is the responsibility of an individual who is released from incarceration and has outstanding court obligations to contact the clerk within 30 days after release to pay fees, service charges, court costs, and fines in full, or to apply for enrollment in a payment plan. A monthly payment amount, calculated based upon all fees and all anticipated fees, service charges, court costs, and fines, is presumed to correspond to the person's ability to pay if the

amount does not exceed 2 percent of the person's annual net income, as defined in s. 27.52(1), divided by 12 or $25, whichever is greater. Any amount required by the clerk as down payment to initially establish a payment plan may not be more than 10 percent of the total amount owed or $100, whichever is less. Such amount does not include the imposition of a per month service charge pursuant to s. 28.24(27)(b) or the imposition of a one-time administrative processing service charge each time a payment plan is established pursuant to s. 28.24(27)(c). The clerk shall establish all terms of a payment plan, and the court may review the reasonableness of the payment plan.

Section 3. Paragraph (c) of subsection (2) of section 28.35, Florida Statutes, is amended to read:

28.35 Florida Clerks of Court Operations Corporation.—

(2) The duties of the corporation shall include the following:

(c)1. Recommending to the Legislature changes in the amounts and distribution of the various court-related fines, fees, service charges, and costs established by law to ensure reasonable and adequate funding of the clerks of the court in the performance of their court-related functions.

2. Recommending to the Legislature the total cost associated with clerk support of circuit and county judges statewide, based on a formula approved by the corporation, for consideration each year in which the Legislature authorizes the establishment of new county court judgeships under s. 34.022 or new circuit court judgeships under s. 26.031.

Section 4. Paragraph (c) of subsection (1) of section 34.041, Florida Statutes, is amended to read:

34.041 Filing fees.—

(1)

(c) A party in addition to a party described in paragraph (a) who files a pleading in an original civil action in the county court for affirmative relief by cross-claim, counterclaim, counterpetition, or third-party complaint, or who files a notice of cross-appeal or notice of joinder or motion to intervene as an appellant, cross-appellant, or petitioner, shall pay the clerk of court a fee of $295 if the relief sought by the party under this paragraph exceeds $2,500 but is not more than $15,000 and $395 if the relief sought by the party under this paragraph exceeds $15,000. The clerk shall deposit ~~remit~~ the fee, if the relief sought by the party under this paragraph exceeds $2,500 but is not more than $15,000, ~~to the Department of Revenue for deposit~~ into the fine and forfeiture fund established pursuant to s. 142.01 ~~General Revenue Fund~~. This fee does not apply if the cross-claim, counterclaim, counterpetition, or third-party complaint requires transfer of the case from county to circuit court. However, the party shall pay to the clerk the standard filing fee for the court to which the case is to be transferred.

Section 5. Paragraphs (a) and (d) of subsection (2) of section 57.082, Florida Statutes, are amended to read:

57.082 Determination of civil indigent status.—

(2) DETERMINATION BY THE CLERK.—The clerk of the court shall determine whether an applicant seeking such designation is indigent based upon the information provided in the application and the criteria prescribed in this subsection.

(a)1. An applicant, including an applicant who is a minor

or an adult tax-dependent person, is indigent if the applicant's income is equal to or below 200 percent of the then-current federal poverty guidelines prescribed for the size of the household of the applicant by the United States Department of Health and Human Services.

2. There is a presumption that the applicant is not indigent if the applicant owns, or has equity in, any intangible or tangible personal property or real property or the expectancy of an interest in any such property having a net equity value of $2,500 or more, excluding the value of the person's homestead and one vehicle having a net value not exceeding $5,000.

3. Notwithstanding the information provided by the applicant, the clerk may conduct a review of the property records for the county in which the applicant resides and the motor vehicle title records of this state to identify any property interests of the applicant under this paragraph. The clerk may evaluate and consider the results of the review in making a determination under this subsection. If a review is conducted, the clerk must maintain the results of the review in a file with the application and provide the file to the court if an applicant seeks review under subsection (4) of the clerk's determination of indigent status.

(d) The duty of the clerk in determining whether an applicant is indigent is limited to receiving the application and comparing the information provided in the application to the criteria prescribed in this subsection. The determination of indigent status is a ministerial act of the clerk and not a decision ~~may not be~~ based on further investigation, other than the review authorized under this subsection, or the exercise of

independent judgment by the clerk. The clerk may contract with third parties to perform functions assigned to the clerk under this section.

Section 6. Subsection (5) of section 318.14, Florida Statutes, is amended to read:

318.14 Noncriminal traffic infractions; exception; procedures.—

(5) Any person electing to appear before the designated official or who is required so to appear is ~~shall be~~ deemed to have waived his or her right to the civil penalty provisions of s. 318.18. The official, after a hearing, shall make a determination as to whether an infraction has been committed. If the commission of an infraction has been proven, the official may impose a civil penalty not to exceed $500, but no less than the amount of the civil penalty provisions of s. 318.18, except that in cases involving unlawful speed in a school zone or involving unlawful speed in a construction zone, the civil penalty may not exceed $1,000; or require attendance at a driver improvement school, or both. If the person is required to appear before the designated official pursuant to s. 318.19(1) and is found to have committed the infraction, the designated official must ~~shall~~ impose a civil penalty of $1,000 in addition to any other penalties and the person's driver license shall be suspended for 6 months. If the person is required to appear before the designated official pursuant to s. 318.19(2) and is found to have committed the infraction, the designated official must ~~shall~~ impose a civil penalty of $500 in addition to any other penalties and the person's driver license shall be suspended for 3 months. If the official determines that no

infraction has been committed, no costs or penalties shall be imposed and any costs or penalties that have been paid shall be returned. Moneys received from the mandatory civil penalties imposed pursuant to this subsection upon persons required to appear before a designated official pursuant to s. 318.19(1) or (2) must ~~shall~~ be remitted to the Department of Revenue and deposited into the Department of Health Emergency Medical Services Trust Fund to provide financial support to certified trauma centers to assure the availability and accessibility of trauma services throughout this ~~the~~ state. Funds deposited into the Emergency Medical Services Trust Fund under this section shall be allocated as follows:

(a) Fifty percent shall be allocated equally among all Level I, Level II, and pediatric trauma centers in recognition of readiness costs for maintaining trauma services.

(b) Fifty percent shall be allocated among Level I, Level II, and pediatric trauma centers based on each center's relative volume of trauma cases as calculated using the hospital discharge data collected pursuant to s. 408.061.

Section 7. Subsection (2) of section 322.29, Florida Statutes, is amended, and subsection (3) is added to that section, to read:

322.29 Surrender and return of license.—

(2) Notwithstanding subsection (1), an examination is not required for the return of a license suspended under s. 318.15 or s. 322.245 unless an examination is otherwise required by this chapter. A person applying for the return of a license suspended under s. 318.15 or s. 322.245 shall ~~must~~ present to the department certification from the court that he or she has

complied with all obligations and penalties imposed pursuant to s. 318.15 or, in the case of a suspension pursuant to s. 322.245, that he or she has complied with all directives of the court and the requirements of s. 322.245 and shall pay to the department a nonrefundable service fee of $60, of which $37.50 must ~~shall~~ be deposited into the General Revenue Fund and $22.50 must ~~shall~~ be deposited into the Highway Safety Operating Trust Fund. If reinstated by the clerk of the court or tax collector, $37.50 must ~~shall~~ be retained and $22.50 must ~~shall~~ be remitted to the Department of Revenue for deposit into the Highway Safety Operating Trust Fund. However, the service fee is not required if the person is required to pay a $45 fee or $75 fee under s. 322.21(8).

(3) The department shall coordinate with the clerks of court, through their association, to ensure the capability within their technology systems for clerks of court to reinstate suspended driver licenses for failure to pay court obligations.

Section 8. Paragraph (d) of subsection (8) of section 394.459, Florida Statutes, is amended to read:

394.459 Rights of patients.—

(8) HABEAS CORPUS.—

(d) A ~~No~~ fee may not ~~shall~~ be charged for the filing of a petition under this subsection. However, subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for reimbursement for petitions under this subsection, at the rate of $40 per petition. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission.

Additionally, the Clerks of the Court Operations Corporation shall develop on an annual basis a budget request for the anticipated amount necessary for reimbursement. The request is not subject to change by the Justice Administrative Commission, and it shall be submitted to the Governor for transmittal to the Legislature.

Section 9. Paragraph (a) of subsection (2) of section 394.463, Florida Statutes, is amended to read:

394.463 Involuntary examination.—

(2) INVOLUNTARY EXAMINATION.—

(a) An involuntary examination may be initiated by any one of the following means:

1. A circuit or county court may enter an ex parte order stating that a person appears to meet the criteria for involuntary examination and specifying the findings on which that conclusion is based. The ex parte order for involuntary examination must be based on written or oral sworn testimony that includes specific facts that support the findings. If other less restrictive means are not available, such as voluntary appearance for outpatient evaluation, a law enforcement officer, or other designated agent of the court, shall take the person into custody and deliver him or her to an appropriate, or the nearest, facility within the designated receiving system pursuant to s. 394.462 for involuntary examination. The order of the court shall be made a part of the patient's clinical record. A fee may not be charged for the filing of an order under this subsection. However, subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for

reimbursement for orders under this subsection, at the rate of $40 per order. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. Additionally, the Clerks of the Court Operations Corporation shall develop on an annual basis a budget request for the anticipated amount necessary for reimbursement. The request is not subject to change by the Justice Administrative Commission, and it shall be submitted to the Governor for transmittal to the Legislature. A facility accepting the patient based on this order must send a copy of the order to the department within 5 working days. The order may be submitted electronically through existing data systems, if available. The order shall be valid only until the person is delivered to the facility or for the period specified in the order itself, whichever comes first. If a time limit is not specified in the order, the order is valid for 7 days after the date that the order was signed.

2. A law enforcement officer shall take a person who appears to meet the criteria for involuntary examination into custody and deliver the person or have him or her delivered to an appropriate, or the nearest, facility within the designated receiving system pursuant to s. 394.462 for examination. The officer shall execute a written report detailing the circumstances under which the person was taken into custody, which must be made a part of the patient's clinical record. Any facility accepting the patient based on this report must send a copy of the report to the department within 5 working days.

3. A physician, a physician assistant, a clinical psychologist, a psychiatric nurse, an advanced practice

registered nurse registered under s. 464.0123, a mental health counselor, a marriage and family therapist, or a clinical social worker may execute a certificate stating that he or she has examined a person within the preceding 48 hours and finds that the person appears to meet the criteria for involuntary examination and stating the observations upon which that conclusion is based. If other less restrictive means, such as voluntary appearance for outpatient evaluation, are not available, a law enforcement officer shall take into custody the person named in the certificate and deliver him or her to the appropriate, or nearest, facility within the designated receiving system pursuant to s. 394.462 for involuntary examination. The law enforcement officer shall execute a written report detailing the circumstances under which the person was taken into custody. The report and certificate shall be made a part of the patient's clinical record. Any facility accepting the patient based on this certificate must send a copy of the certificate to the department within 5 working days. The document may be submitted electronically through existing data systems, if applicable.

When sending the order, report, or certificate to the department, a facility shall, at a minimum, provide information about which action was taken regarding the patient under paragraph (g), which information shall also be made a part of the patient's clinical record.

Section 10. Subsection (3) of section 394.467, Florida Statutes, is amended to read:

394.467 Involuntary inpatient placement.—

(3) PETITION FOR INVOLUNTARY INPATIENT PLACEMENT.—The administrator of the facility shall file a petition for involuntary inpatient placement in the court in the county where the patient is located. Upon filing, the clerk of the court shall provide copies to the department, the patient, the patient's guardian or representative, and the state attorney and public defender of the judicial circuit in which the patient is located. A fee may not be charged for the filing of a petition under this subsection. However, subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for reimbursement for petitions under this subsection, at the rate of $40 per petition. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. Additionally, the Clerks of the Court Operations Corporation shall develop on an annual basis a budget request for the anticipated amount necessary for reimbursement. The request is not subject to change by the Justice Administrative Commission, and it shall be submitted to the Governor for transmittal to the Legislature.

Section 11. Subsection (3) of section 394.917, Florida Statutes, is amended to read:

394.917 Determination; commitment procedure; mistrials; housing; counsel and costs in indigent appellate cases.—

(3) The public defender of the circuit in which a person was determined to be a sexually violent predator shall be appointed to represent the person on appeal. That public defender may request the public defender who handles criminal

appeals for the circuit to represent the person on appeal in the manner provided in s. 27.51(4). If the public defender is unable to represent the person on appeal due to a conflict, the court shall appoint other counsel, who shall be compensated at a rate not less than that provided for appointed counsel in criminal cases. Filing fees for indigent appeals under this act are waived. Costs and fees related to such appeals, including the amounts paid for records, transcripts, and compensation of appointed counsel, shall be authorized by the trial court and paid from state funds ~~that are~~ appropriated for such purposes. However, subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for reimbursement for petitions under this subsection, at the rate of $40 per petition. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. Additionally, the Clerks of the Court Operations Corporation shall develop on an annual basis a budget request for the anticipated amount necessary for reimbursement. The request is not subject to change by the Justice Administrative Commission, and it shall be submitted to the Governor for transmittal to the Legislature.

Section 12. Section 397.6814, Florida Statutes, is amended to read:

397.6814 Involuntary assessment and stabilization; contents of petition.—A petition for involuntary assessment and stabilization must contain the name of the respondent, the name of the applicant or applicants, the relationship between the respondent and the applicant, and the name of the respondent's

attorney, if known, and must state facts to support the need for involuntary assessment and stabilization, including:

(1) The reason for the petitioner's belief that the respondent is substance abuse impaired;

(2) The reason for the petitioner's belief that because of such impairment the respondent has lost the power of self-control with respect to substance abuse; and

(3)(a) The reason the petitioner believes that the respondent has inflicted or is likely to inflict physical harm on himself or herself or others unless admitted; or

(b) The reason the petitioner believes that the respondent's refusal to voluntarily receive care is based on judgment so impaired by reason of substance abuse that the respondent is incapable of appreciating his or her need for care and of making a rational decision regarding that need for care. If the respondent has refused to submit to an assessment, such refusal must be alleged in the petition.

A fee may not be charged for the filing of a petition pursuant to this section. However, subject to legislative appropriation, the clerk of the circuit court may, on a quarterly basis, submit to the Justice Administrative Commission a certified request for reimbursement for petitions under this section, at the rate of $40 per petition. The request for reimbursement must be submitted in the form and manner prescribed by the Justice Administrative Commission. Additionally, the Clerks of the Court Operations Corporation shall develop on an annual basis a budget request for the anticipated amount necessary for reimbursement. The request is not subject to change by the Justice

Administrative Commission, and it shall be submitted to the Governor for transmittal to the Legislature.

Section 13. This act shall take effect July 1, 2022.

THE FLORIDA SENATE

Tallahassee, FL 32399

Dear Madam Chair Stargel:

I respectfully request CS/SB 552: Clerks of the Circuit Court, be scheduled for a hearing in the Committee on Appropriations at your earliest convenience.

If I may be of assistance to you on this or any other matter, please do not hesitate to contact me.

Thank you for your consideration of this matter.

Best regards,

Jim Boyd

2.	Hunter	Ryon	CA	**Fav/CS**
3.	Hrdlicka	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 578 extends the Hurricane Loss Mitigation Program (HLMP) within Florida's Division of Emergency Management (DEM) until June 30, 2032. The HLMP funds programs that improve the wind resistance of residences and public hurricane shelters. The HLMP program operations are funded through an annual appropriation of $10 million from the Florida Hurricane Catastrophe Fund to the Division of Emergency Management. The HLMP is set to expire on June 30, 2022.

The bill expands the type of projects eligible for the Shelter Retrofit Program within the HLMP. Currently, the program is to retrofit *existing* facilities that are shelters. Under the bill, the program may fund projects to construct or retrofit facilities.

The bill also transfers administration of the Mobile Home Tie-Down Program from Tallahassee Community College to Gulf Coast State College.

The bill takes effect upon becoming a law.

II. Present Situation:

Hurricane Loss Mitigation Program

In 1999, the Legislature created the HLMP within the DEM for funding programs for improving the wind resistance of residences and mobile homes.[1] The HLMP can provide funding through loans, subsidies, grants, demonstration projects, and direct assistance. It also funds cooperative programs with local governments and the federal government to reduce hurricane losses or the costs of rebuilding after a disaster.

The HLMP is funded by an annual appropriation of $10 million from the Florida Hurricane Catastrophe Fund.[2] Specifically, current law requires the funds to be used as follows:

- $3 million must be directed toward retrofitting existing facilities used as public hurricane shelters. DEM must prioritize the use of these funds for projects included in the annual Shelter Retrofit Report.[3]
- $7 million must be directed toward programs that improve the wind resistance of residences and mobile homes, including loans, subsidies, grants, demonstration projects, and direct assistance; educating persons concerning the Florida Building Code; and other efforts to prevent or reduce losses or reduce the cost of building after a disaster.[4]

Of the $7 million allocated to improve the wind resistance of residences and mobile homes, provide education regarding Florida Building Code cooperative programs, and reduce the cost of rebuilding after a disaster:

- 50 percent ($3.5 million) is directed to grant funding for governmental entities, nonprofit organizations, and qualified for-profit organizations to improve the resiliency of residential, community, and government structures within their communities.
- 40 percent ($2.8 million) must be directed to the Manufactured Housing and Mobile Home Mitigation and Enhancement Program (Mobile Home Tie-Down Program) to mitigate future losses for mobile homes and inspect and improve tie-downs for mobile homes. The program is administered by Tallahassee Community College (TCC).[5]
- 10 percent ($700,000) must be directed to the Florida International University (FIU) for hurricane research.[6]

On January 1 of each year, DEM submits an annual report and accounting of activities under the HLMP and an evaluation of the activities.[7] The report must be submitted to the Speaker of the House of Representatives, the President of the Senate, and the Majority and Minority Leaders of the House of Representatives and the Senate. The Office of Insurance Regulation (OIR) must review the report and make recommendations to the insurance industry as deemed appropriate.[8]

[2] Section 215.559(1), F.S. *See* ch. 2020-111, s. 6., Specific Appropriations 2639 and 2446, Laws of Fla.
[3] Section 215.559(1)(b), F.S.
[4] Section 215.559(1)(a), F.S.
[5] Section 215.559(2), F.S.
[6] Section 215.559(3), F.S.
[7] Hurricane Loss Mitigation Reports reside on the DEM website: https://www.floridadisaster.org/dem/mitigation/hurricane-loss-mitigation-program/ (last accessed February 22, 2022).
[8] Section 215.559(6), F.S.

The HLMP expires on June 30, 2022.[9]

Shelter Retrofit Program

Of the funds dedicated to the Shelter Retrofit Program, the DEM must prioritize the use of the funds for projects included in the annual Shelter Retrofit Report.[10] The DEM must similarly prioritize these funds to projects in regional planning council regions with shelter deficits and projects that maximize the use of state funds.[11]

In Fiscal Year 2021-2021, the DEM reports that 4 new shelter retrofit agreements were executed and 9 projects were completed. At the end of the fiscal year, 19 projects were active in communities across the state; of the total, 15 projects were opened in previous fiscal years. The funds in the program that have not been expended in previous fiscal years are made available in following years for new projects.[12]

Hurricane Loss Mitigation Program Retrofit Grant

Governmental entities, nonprofit organizations, and qualified for-profit organizations can submit a proposal for the HLMP Retrofit Grant. Each submitted proposal is reviewed through a cost-benefit analysis to ensure that the recommended mitigation retrofits remain cost effective. A review panel selects eligible applicants based on priority, need, benefit, and alignment with local mitigation strategy projects.[13]

In Fiscal Year 2020-2021, the DEM reports that 14 new wind mitigation retrofits to homes were awarded (no grants were awarded in the year for other mitigation strategies, such as stormwater drainage, flood mitigation, and public wind retrofit activities). Due to projects being halted and supply chain bottlenecks for construction equipment and materials because of COVID-19 impacts, the projects were granted an extension for completion. Typically projects must be complete at the end of the fiscal year; however, the 2020-2021 fiscal year projects were granted an extension through December 31, 2021. For Fiscal Year 2021-2022, 5 new wind mitigation retrofits to homes were awarded and 6 new grants were awarded for other mitigation strategies. Similar to the Shelter Retrofit Grant, funds in the program that have not been expended in previous fiscal years are made available in following years for new projects.[14]

Mobile Home Tie-Down Program

The purpose of the Mobile Home Tie-Down Program is to mitigate future losses and inspect and improve tie-downs for mobile homes built before 1999 to meet the current standards.[15] Mitigation under the program includes addressing problems associated with weakened trusses, studs, and other structural components caused by wood rot or termite damage; site-built

[9] Section 215.559(7), F.S.

additions, such as porches or carports; tie-down systems; and any additional issues deemed appropriate by TCC, the Federation of Manufactured Home Owners of Florida, the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles (DHSMV).[16]

The Mobile Home Tie-Down Program is funded by a direct $2.8 million allocation under the HLMP to TCC, which serves as program administrator.[17] The Mobile Home Tie-Down Program does not, and mobile homes are ineligible to, receive federal mitigation funds under Federal Emergency Management Agency (FEMA) Pre-Disaster Mitigation Grant, Building Resilient Infrastructure and Communities, or Hazard Mitigation Grant programs.

Since 1999, the Mobile Home Tie-Down Program has served over 40,000 mobile homes in over 278 mobile home communities.[18] Activities during the 2020-2021 fiscal year included only 686 completed mobile homes in 9 mobile home communities.[19] COVID-19 travel, inspection, and community access restrictions affected participation and prevented the Mobile Home Tie-Down Program from expensing 100% of the allocated funds.[20]

As of December 2021, the Mobile Home Tie-Down Program reported a current waiting list of 115 outstanding parks and 39 individual applications – the waiting list currently exceeds 5 years. TCC is not accepting new applications until the waiting list shortens.[21]

Hurricane Research

FIU conducts research to support hurricane loss reduction devices and techniques as identified by the International Hurricane Research Center. The center's mission is to reduce hurricane damage and loss of life through more effective mitigation. The center has four laboratories focused on different aspects of hurricane impact: Laboratory for Coastal Research; Laboratory for Social and Behavioral Research; Laboratory for Insurance, Financial, and Economic Research; and Laboratory for Wind Engineering Research.[22]

For Fiscal Year 2020-2021, the International Hurricane Research Center is researching several topics, including experimental and analytical assessments of effects of leakage around sliding glass door systems; investigation to codify wind pressure distribution of irregular shaped homes; continued development of an integrated storm tide and freshwater flooding model; and education and outreach programs to convey the benefits of various hurricane loss mitigation devices and techniques.[23]

Florida Hurricane Catastrophe Fund (FHCF)

The FHCF is a tax-exempt fund created in 1993 after Hurricane Andrew as a form of mandatory reinsurance for residential property insurers.[24] The FHCF is administered by the State Board of Administration and is a tax-exempt source of reimbursement to property insurers for a selected percentage (45, 75, or 90 percent) of hurricane losses above the insurer's retention (deductible).[25] The FHCF provides insurers an additional source of reinsurance that is less expensive than what is available in the private market, enabling insurers to generally write more residential property insurance in the state than would otherwise be written. Because of the low cost of coverage from the FHCF, the fund acts to lower residential property insurance premiums for consumers.

When the moneys in the FHCF are or will be insufficient to cover losses, the law authorizes the FHCF to issue revenue bonds funded by emergency assessments on all lines of insurance except medical malpractice and workers compensation.[26] Emergency assessments may be levied up to 6 percent of the premium for losses attributable to any one contract year and up to 10 percent of the premium for aggregate losses from multiple years. The FHCF's broad-based assessment authority is one reason the FHCF was able to obtain an exemption from federal taxation from the Internal Revenue Service as an integral part of state government.[27]

The private letter ruling "includes a requirement that a certain amount of FHCF funds be devoted to hurricane mitigation purposes."[28] "The allocation of a portion of FHCF funds to the broad public purpose of hurricane loss mitigation was one of the factors that the US Internal Revenue Service relied on in determining the tax-exempt status of the FHCF."[29]

Section 215.555(7)(c), F.S., specifies that the appropriation is for the purpose of providing funding for local governments, state agencies, public and private educational institutions, and nonprofit organizations to:

- Support programs intended to improve hurricane preparedness;
- Reduce potential losses in the event of a hurricane;
- Provide research into means to reduce such losses;
- Educate or inform the public as to means to reduce hurricane losses;
- Assist the public in determining the appropriateness of particular upgrades to structures or in the financing of such upgrades; or
- Protect local infrastructure from potential damage from a hurricane.

[24] Section 215.555(1)(f), F.S. *See also* ch. 93-409, Laws of Fla, relating to creation of the fund.
[25] Section 215.555(2)(e), F.S.
[26] Section 215.555(6)(b), F.S.
[27] The U.S. Internal Revenue Service has, by a Private Letter Ruling, authorized the FHCF to issue tax-exempt bonds. The initial ruling was granted on March 27, 1998, for 5 years until June 30, 2003. On May 28, 2008, the Internal Revenue Service issued a private letter ruling holding that the prior exemption, which was to expire on June 30, 2008, could continue to be relied upon on a permanent basis (on file with the Committee on Banking and Insurance).
[28] *Id*.
[29] State Board of Administration, Florida Hurricane Catastrophe Fund, *2020 Annual Report*, https://www.sbafla.com/fhcf/Portals/FHCF/Content/Reports/Annual/20210614_2020_FHCFAnnualReport.pdf?ver=2021-06-14-123243-403 (last visited February 22, 2022).

Statute requires an annual appropriation of at least $10 million, but no more than 35 percent of yearly investment income. Annually $13.5 million is appropriated from the FHCF to DEM, including a recurring $3.5 million for the statewide emergency and mass notification system (Alert System) and a recurring $10 million for the HLMP as discussed above.

III. Effect of Proposed Changes:

The bill extends until June 30, 2032, the HLMP within the DEM. The HLMP funds programs that improve the wind resistance of residences and public hurricane shelters. Without the bill, the HLMP is set to expire on June 30, 2022.

The bill expands the type of projects eligible for the Shelter Retrofit Program. Currently, the program is to retrofit *existing* facilities that are shelters. Under the bill, the program may fund projects to construct or retrofit facilities.

The bill transfers administration of the Mobile Home Tie-Down Program from TCC to Gulf Coast State College. The bill provides that effective July 1, 2022, all powers, duties, and unexpended appropriations at TCC related to the program are transferred to Gulf Coast State College.

The bill also removes an obsolete reference in s. 215.559(2)(b)3., F.S.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Indeterminate with respect to insurance premiums. A reduction in wind loss attributable to retrofitted tie-downs may be offset by wind loss attributable to carports and sunrooms not constructed to code, which FEMA has concluded as being the primary causes of damage to mobile homes from a wind event.[30]

Nonprofit organizations, qualified for-profit organizations, and property owners benefit from the extension of the mitigation retrofit grant program, which provides for hazard mitigation retrofitting to residential and commercial properties.

C. Government Sector Impact:

The Legislature needs to ensure the continuation of appropriations of at least $10 million from the Cat Fund are made to hurricane mitigation programs as provided under s. 215.555(7)(c), F.S., to maintain the tax exempt status of the Cat Fund. The extension of the HLMP under the bill provides continued direction for use of these funds. Local housing authorities, local governments, Gulf Coast State College, and FIU benefit from the extension of the shelter retrofit program, the mitigation retrofit grant program, the Mobile Home Tie-Down Program, and the hurricane research at FIU.

All unexpended balances of appropriations, allocations, or other funds held by TCC for the Mobile Home Tie-Down program are transferred to Gulf Coast State College effective July 1, 2022.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 215.559 of the Florida Statutes.

[30] *See* Federal Emergency Management Agency, Mitigation Section, Technical Services Branch, *Third Party Analysis of Manufactured Home Retrofit Tie Downs* (June 2005) at p.3. On file with the Senate Committee on Banking and Insurance.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Appropriations on February 28, 2022:
The committee substitute transfers administration of the Mobile Home Tie-Down Program from TCC to Gulf Coast State College.

CS/CS by Community Affairs on February 2, 2022:
The committee substitute removes the provision which annually appropriates $2 million from Cat Fund investment income to the University of South Florida School of Risk Management and Insurance for the purpose of researching Florida's property insurance market.

CS by Banking and Insurance on January 12, 2022:
The committee substitute:

- Expands the list of projects which are eligible to receive funds allocated under the HLMP for retrofitting existing public hurricane facilities to include construction of new public hurricane facilities.
- Creates a recurring annual appropriation of $2 million from Cat Fund investment income to the University of South Florida School of Risk Management and Insurance for the purposes of researching Florida's property insurance market.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

949840

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/02/2022	.	
	.	
	.	
	.	

The Committee on Appropriations (Hooper) recommended the following:

Senate Amendment (with title amendment)

Delete lines 45 - 90
and insert:
by the Gulf Coast State College ~~Tallahassee Community College~~, the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles. The program shall include an education and outreach component to ensure that owners of manufactured and mobile homes are aware of the benefits of

949840

participation.

2. The program shall be a grant program that ensures that entire manufactured home communities and mobile home parks may be improved wherever practicable. The moneys appropriated for this program shall be distributed directly to the Gulf Coast State College ~~Tallahassee Community College~~ for the uses set forth under this subsection.

3. Upon evidence of completion of the program, the Citizens Property Insurance Corporation shall grant, on a pro rata basis, actuarially reasonable discounts, credits, or other rate differentials or appropriate reductions in deductibles for the properties of owners of manufactured homes or mobile homes on which fixtures or construction techniques that have been demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The discount on the premium must be applied to subsequent renewal premium amounts. Premiums of the Citizens Property Insurance Corporation must reflect the location of the home and the fact that the home has been installed in compliance with building codes adopted after Hurricane Andrew. ~~Rates resulting from the completion of the Manufactured Housing and Mobile Home Mitigation and Enhancement Program are not considered competitive rates for the purposes of s. 627.351(6)(d)1. and 2.~~

4. On or before January 1 of each year, the Gulf Coast State College ~~Tallahassee Community College~~ shall provide a report of activities under this subsection to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must set forth the number of homes that have taken advantage of the program, the types of

enhancements and improvements made to the manufactured or mobile homes and attachments to such homes, and whether there has been an increase in availability of insurance products to owners of manufactured or mobile homes.

The Gulf Coast State College ~~Tallahassee Community College~~ shall develop the programs set forth in this subsection in consultation with the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles. The moneys appropriated for the programs set forth in this subsection shall be distributed directly to the Gulf Coast State College ~~Tallahassee Community College~~ to be used as set forth in this subsection.

(7) This section is repealed June 30, 2032 ~~2022~~.

Section 2. Effective July 1, 2022, all powers, duties, functions, records, property, pending issues, and unexpended balances of appropriations, allocations, and other funds in Tallahassee Community College related to the programs authorized under s. 215.559(2), Florida Statutes, are transferred to the Gulf Coast State College.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete lines 7 - 10

and insert:

annual report; revising provisions to require the Manufactured Housing and Mobile Home Mitigation and Enhancement Program to be operated by Gulf Coast State

College; deleting construction related to Citizens Property Insurance Corporation coverage rates; delaying the future repeal of the Hurricane Loss Mitigation Program; directing the transfer of specified powers, duties, functions, records, property, issues, and funds relating to the Manufactured Housing and Mobile Home Mitigation and Enhancement Program from Tallahassee Community College to the Gulf Coast State College; providing an effective date.

By the Committees on Community Affairs; and Banking and Insurance; and Senator Hooper

578-02644-22 2022578c2

A bill to be entitled

An act relating to the Hurricane Loss Mitigation Program; amending s. 215.559, F.S.; revising the use of certain funds from the Florida Hurricane Catastrophe Fund to also include construction of certain facilities; revising the title of a certain annual report; deleting construction relating to Citizens Property Insurance Corporation coverage rates; delaying the future repeal of the Hurricane Loss Mitigation Program; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (1), paragraph (b) of subsection (2), and subsection (7) of section 215.559, Florida Statutes, are amended to read:

215.559 Hurricane Loss Mitigation Program.—A Hurricane Loss Mitigation Program is established in the Division of Emergency Management.

(1) The Legislature shall annually appropriate $10 million of the moneys authorized for appropriation under s. 215.555(7)(c) from the Florida Hurricane Catastrophe Fund to the division for the purposes set forth in this section. Of the amount:

(b) Three million dollars in funds shall be used to construct or retrofit ~~existing~~ facilities used as public hurricane shelters. Each year the division shall prioritize the use of these funds for projects included in the annual report of the Shelter Development ~~Retrofit~~ Report prepared in accordance

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-02644-22 2022578c2

with s. 252.385(3). The division must give funding priority to projects in regional planning council regions that have shelter deficits and to projects that maximize the use of state funds.

(2)

(b)1. The Manufactured Housing and Mobile Home Mitigation and Enhancement Program is established. The program shall require the mitigation of damage to or the enhancement of homes for the areas of concern raised by the Department of Highway Safety and Motor Vehicles in the 2004-2005 Hurricane Reports on the effects of the 2004 and 2005 hurricanes on manufactured and mobile homes in this state. The mitigation or enhancement must include, but need not be limited to, problems associated with weakened trusses, studs, and other structural components caused by wood rot or termite damage; site-built additions; or tie-down systems and may also address any other issues deemed appropriate by Tallahassee Community College, the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles. The program shall include an education and outreach component to ensure that owners of manufactured and mobile homes are aware of the benefits of participation.

2. The program shall be a grant program that ensures that entire manufactured home communities and mobile home parks may be improved wherever practicable. The moneys appropriated for this program shall be distributed directly to Tallahassee Community College for the uses set forth under this subsection.

3. Upon evidence of completion of the program, the Citizens Property Insurance Corporation shall grant, on a pro rata basis, actuarially reasonable discounts, credits, or other rate

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

differentials or appropriate reductions in deductibles for the properties of owners of manufactured homes or mobile homes on which fixtures or construction techniques that have been demonstrated to reduce the amount of loss in a windstorm have been installed or implemented. The discount on the premium must be applied to subsequent renewal premium amounts. Premiums of the Citizens Property Insurance Corporation must reflect the location of the home and the fact that the home has been installed in compliance with building codes adopted after Hurricane Andrew. ~~Rates resulting from the completion of the Manufactured Housing and Mobile Home Mitigation and Enhancement Program are not considered competitive rates for the purposes of s. 627.351(6)(d)1. and 2.~~

4. On or before January 1 of each year, Tallahassee Community College shall provide a report of activities under this subsection to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The report must set forth the number of homes that have taken advantage of the program, the types of enhancements and improvements made to the manufactured or mobile homes and attachments to such homes, and whether there has been an increase in availability of insurance products to owners of manufactured or mobile homes.

Tallahassee Community College shall develop the programs set forth in this subsection in consultation with the Federation of Manufactured Home Owners of Florida, Inc., the Florida Manufactured Housing Association, and the Department of Highway Safety and Motor Vehicles. The moneys appropriated for the programs set forth in this subsection shall be distributed

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

directly to Tallahassee Community College to be used as set forth in this subsection.

(7) This section is repealed June 30, 2032 ~~2022~~.

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 752 (529550)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommitte on Criminal and Civil Justice); Criminal Justice Committee; and Senator Gainer and others
SUBJECT:	Probationary or Supervision Services for Misdemeanor Offenders
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Siples	Jones	CJ	**Fav/CS**
2.	Atchley	Harkness	ACJ	**Recommend: Fav/CS**
3.	Atchley	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 752 removes a statutory prohibition on a private entity providing probationary or supervision services to misdemeanor offenders who are sentenced by a circuit court. Under current law, a private or a public entity may only provide probation services to offenders sentenced by a county court.

Currently, the Department of Corrections (DOC) must supervise felony and misdemeanor offenders who are sentenced to or placed on probation or other supervision by a circuit court. The bill authorizes the DOC to supervise misdemeanor offenders when such supervision is ordered by the circuit court, but retains the requirement that the DOC supervise felony offenders.

The bill transfers the authority to approve a contract with a private entity to provide supervision services for misdemeanor offenders from the county court judge or administrative judge to the chief judge of the circuit.

The bill authorizes probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office *remotely* if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation. The bill requires the probation officer to schedule meetings required as a condition of probation at

times and locations that accommodate work schedules, family caregiving obligations, and medical care of the probationer, unless it poses a threat to public safety.

The bill requires the DOC to implement the graduated incentives system in a manner that encourages stable employment in addition to promoting compliance with terms of supervision and prioritizing the highest level of supervision for probationers and offenders presenting the greatest risk of recidivism. The DOC must incentivize educational achievement by awarding a 60 day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity, such as obtaining a high school diploma, a high school equivalency degree, an academic degree, or a vocational certificate, during his or her term of supervision. A probationer or offender in community control who commits a subsequent violation of probation may forfeit any reduction awarded for completing an educational advancement activity, at the discretion of his or her probation officer.

The bill will have an indeterminate fiscal impact on the DOC. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2022.

II. Present Situation:

Court Jurisdiction

Florida has a two-tiered trial court system that consists of circuit courts and county courts. The state Constitution requires a circuit court to be established in each judicial circuit established by the Legislature, of which there are twenty.[1]

Circuit courts have exclusive original jurisdiction over:
- All actions at law not cognizable by the county courts;
- Proceedings related to settling estates of decedents and minors, granting testamentary letters, guardianship, involuntary hospitalization, the determination of incompetency, and other jurisdiction usually pertaining to probate courts;
- All cases in equity including cases related to juveniles, except traffic offenses as provided in chs. 316 and 985, F.S.;
- All felonies and all misdemeanors arising out of the same circumstances as a felony which is also charged;
- All cases involving the legality of any tax assessment or toll or denial of refund, except as provided in s. 72.011, F.S.;
- Ejectment actions; and
- All actions involving the title and boundaries of real property.[2]

[1] Art. V, ss. 1 and 5, FLA. CONST. A list of judicial circuits can be found at https://www.flcourts.org/Florida-Courts/Trial-Courts-Circuit (last visited February 17, 2022).
[2] Section 26.012(2), F.S.

The state Constitution also establishes a county court in each county.[3] County courts have original jurisdiction over:

- Misdemeanor cases not cognizable by the circuit courts;
- Violations of municipal and county ordinances; and
- Actions at law, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed $30,000, exclusive of interest, costs, and attorney fees.[4]

Generally, felony offenses are adjudicated by the circuit court and misdemeanor offenses are adjudicated by the county court. However, circuit courts routinely adjudicate misdemeanor charges when:

- A misdemeanor charge arises out of the same circumstances as a felony; or
- A felony charge is reduced or dismissed in circuit court and the court retains jurisdiction over the remaining misdemeanor charge.

Probation and Community Control

Probation is a form of community supervision requiring specified contacts with probation officers and compliance with certain terms and conditions.[5] The court determines the terms and conditions of probation.[6] Section 948.03, F.S., provides standard conditions of probation; however, a court may sentence an offender to special terms and conditions at the time of sentencing, such as substance abuse treatment. Additionally, a probationer is required to comply with several standard conditions of probation which may include:

- Reporting to the probation officer as directed.
- Permitting the probation officer to visit the probationer at his or her home.
- Working faithfully at suitable employment, when possible.
- Residing at a specified place.
- Living without violating the law.
- Paying restitution to any aggrieved party for the damage or loss caused by a probationer's offense.
- Being prohibited from possessing, carrying, or owning a firearm or weapon, without the probation officer's consent.
- Being prohibited from using intoxicants to excess or possessing any drugs or narcotics.[7]

Community control is a form of intensive individualized supervision of an offender who remains in the community, but whose freedom is restricted within the home, community, or noninstitutional residential placement and includes specific sanctions and monitoring by probation officers with restricted caseloads.[8] In addition to the standard conditions which apply

[3] Art. V, s. 6, FLA. CONST.
[4] Section 34.01(1), F.S. The jurisdictional limit for civil actions was $15,000 prior to January 1, 2020, at which time the jurisdictional limit was raised to $30,000. The jurisdictional limit is scheduled to rise to $50,000 on January 1, 2023. The law provides a process by which the jurisdictional limit is to be reviewed and adjusted every 10 years beginning July 1, 2030; however it may not be lower than $50,000.
[5] Section 948.01(8), F.S.
[6] Section 948.03, F.S.
[7] Section 948.03, F.S.
[8] Section 948.001(3), F.S.

to normal probationers, an offender on community control must: be confined to an agreed-upon residence during any hours he or she is away from work or public service activities; complete mandatory community services; and be supervised by electronic monitoring.[9]

Education and Learning as a Condition of Probation or Community Control

Section 948.037, F.S., authorizes a court to require an offender who has not obtained a high school diploma or a high school equivalency diploma or who lacks basic or functional literacy skills, to make a good faith effort toward attaining literacy skills or a high school equivalency diploma as a condition of probation or community control.[10] A court may not revoke probation or community control because of an offender's inability to achieve literacy skills or a diploma, but may revoke probation or community control if the offender fails to make a good faith effort towards achieving such skills or diploma.[11] A court may grant a probationer or offender in community control early termination of supervision upon his or her successful completion of an approved program.

Reduction or Termination of Term of Probation or Community Control

Generally, once a probationer completes the period of probation, he or she is released from probation and the court no longer retains jurisdiction to sentence the offender for the offense for which probation was allowed. However, if a probationer has performed satisfactorily, has not been found in violation of any terms or conditions of supervision, and has met all financial conditions imposed by the court, including fines, court costs, and restitution, his or her probation officer may recommend early termination of probation to the court at any time before the scheduled termination date.[12]

Early Termination or Conversion to Administrative Probation

Under s. 948.06(4), F.S., upon the probationer's motion,[13] the court shall order early termination of supervision or convert the supervisory term to administrative probation[14] if all of the following conditions are met:

- The probationer has completed at least half of the term of probation to which he or she was sentenced.
- The probationer has successfully completed all other conditions of probation.
- The court has not found the probationer in violation of probation pursuant to a filed violation of probation affidavit at any point during the current supervisory term.
- The parties did not specifically exclude the possibility of early termination or conversion to administrative probation as part of a negotiated sentence.
- The probationer does not qualify as a violent felony offender of special concern under s. 948.06(8)(b), F.S.[15]

[9] Section 948.101, F.S.
[10] Section 948.037, F.S.
[11] *Id*. "Good faith effort" means the offender is enrolled in a program of instruction and is attending and making satisfactory progress toward completion of the requirements.
[12] Section 948.04, F.S.
[13] This provision only applies to a defendant sentenced on or after October 1, 2019. See s. 948.04(4), F.S.
[14] "Administrative probation" is a form of no contact, nonreporting supervision. A court may order administrative probation, or the DOC may transfer an offender to administrative probation under specified circumstances. Section 948.001(1), F.S.
[15] Section 948.04(4), F.S.

However, a court may decline to early terminate the probationary term or convert the term to administrative probation if it makes written findings that continued reporting probation is necessary to protect the community or the interest of justice.[16] Additionally, an offender on community control is not eligible to motion for mandatory early termination or conversion to administrative probation under s. 948.04, F.S.[17]

Graduated Incentives

Section 948.05(2), F.S., requires the DOC to implement a system of graduated incentives to promote compliance with the terms of supervision and prioritize the highest levels of supervision for probationers or offenders presenting the greatest risk of recidivism. As part of the graduated incentives system, the department may offer, without leave of the court, the following incentives to a compliant probationer or offender in community control:

- Up to 25 percent reduction of required community service hours;
- Waiver of supervision fees;
- Reduction in frequency of reporting;
- Permission to report by mail or telephone; or
- Transfer of an eligible offender to administration probation as authorized under s. 948.013, F.S.[18]

The DOC may also incentivize positive behavior and compliance by recommending to the court to modify a probationer's terms of supervision, which may include recommending:

- Permission to travel;
- Reduction of supervision type;
- Modification or cessation of curfew;
- Reduction or cessation of substance abuse testing; or
- Early termination of supervision.[19]

A probationer or offender in community control may forfeit any previously earned probation incentive if he or she commits a subsequent violation of probation.[20] Graduated incentives are currently offered at the discretion of the probation officer or court and a probationer or offender in community control is not entitled to any such graduated incentive.

Educational Attainment Gain Time Award for Inmates

Section 944.275, F.S., authorizes the DOC to grant deductions from prison sentences in the form of gain time to encourage satisfactory behavior and to provide incentives for inmates to participate in productive activities. Specifically, s. 944.275(4)(d), F.S., authorizes the DOC to award an inmate who completes a high school equivalency diploma or vocational certificate a one-time award of 60 days of incentive gain time.[21]

[16] Section 948.04(5), F.S.
[17] Section 948.04(6), F.S.
[18] Section 948.05(2)(a), F.S.
[19] Section 948.05(2)(b), F.S.
[20] Section 948.05(2)(c), F.S.
[21] Section 944.275(4)(d), F.S.

Probationers or offenders in community control are not entitled to a similar reduction of supervision term under the graduated incentives system or any other statutory authority.

Sentence of Probation

County Court Probation

A defendant who is placed on probation after being found guilty of a misdemeanor may not be sentenced to a term of supervision exceeding six months, unless otherwise ordered by the court.[22] Any person sentenced to misdemeanor probation by the county court must pay at least $40 per month, as determined by the court, to the court approved public or private entity providing misdemeanor supervision.[23]

A private entity or public entity, including licensed substance abuse education and intervention programs, may provide probation services to offenders sentenced by a county court, when such services are provided under the supervision of the board of county commissioners or the court.[24] For example, the Salvation Army provides supervision services including drug testing, job assistance, community service placement, and substance abuse assistance and rehabilitation to misdemeanor probationers in multiple Florida counties.[25] Professional Probation Services and its affiliated company, Judicial Correction Services, provide services in a number of Florida counties.[26]

Any private entity providing supervision services for misdemeanor probationers must contract with the county in which the services will be provided.[27] In a county with a population of less than 70,000, the county court judge, or in a county with more than one county court judge, the administrative judge of the county court must approve the contract. The terms of the contract must include, but are not limited to:

- The extent of the services to be rendered by the entity providing supervision and rehabilitation.
- Staff qualifications and criminal record checks of staff.
- Staffing levels.
- The number of face-to-face contacts with probationers.
- Procedures for handling the collection of probationer fees and restitution.
- Procedures for handling indigent probationers that ensure placement irrespective of ability to pay.
- Circumstances under which revocation of a probationer's supervision may be recommended.
- Reporting and record keeping requirements.
- Default and contract termination procedures.

[22] Section 948.15(1), F.S.
[23] Section 948.09(1)(b), F.S.
[24] Section 948.15(2), F.S.
[25] Such misdemeanor probation services are provided in Citrus, Dixie, Duval, Gilchrist, Highlands, and Marion counties. The Salvation Army, *Correctional Services*, *available at* https://salvationarmyflorida.org/correctional-services/ (last visited February 17, 2022).
[26] *See* Professional Probation Services, *Our Companies*, *available at* https://ppsfamily.com/our-companies/ (last visited February 17, 2022).
[27] Section 948.15(3), F.S.

- Procedures that aid probationers with job assistance.
- Procedures for accessing criminal history records of probationers.[28]

On a quarterly basis, the entity must report to the chief judge a summary of the number of probationers supervised by the private entity, payment of the required contribution under supervision or rehabilitation, and the number of probationers for whom supervision will be terminated. The entity must permit its records to be inspected upon the request of the county, the court, the Auditor General, the Office of Program Policy Analysis and Government Accountability, or any agent thereof.[29]

A private entity that charges a fee for providing supervision services to probationers must register with the board of county commissioners in the county in which the entity offers services. The entity must provide specified information for each program it operates, including:

- The length of time the program has been operating in the county;
- A list of the staff and a summary of their qualifications;
- A summary of the types of services that are offered under the program; and
- The fees the entity charges for court-ordered services and any procedures for indigent probationers.[30]

-
- A private entity, including a licensed substance abuse education and intervention program, providing misdemeanor supervision services must comply with all other applicable provisions of law.[31]

Circuit Court Probation

If the circuit court places a defendant on probation for a felony, the DOC must supervise the defendant.[32] A defendant who is placed on probation for a misdemeanor may not be placed under the DOC's supervision unless the circuit court was the court of original jurisdiction.[33] The DOC currently supervises more than 164,000 offenders on probation or in community control throughout Florida.[34]

Any person placed on probation under ch. 948, F.S., must pay the DOC supervision fees equal to the total month or portion of a month of supervision times the court-ordered amount, but such amount cannot exceed the actual per diem cost of supervision.[35] The DOC must consider an offender's ability to pay in establishing a written pay plan. Any funds collected from felony

[35] Section 948.09(1)(a)1., F.S.

probationers may be used by the DOC to offset the costs associated with community supervision programs.[36]

Subsections 948.01(1) and (5), F.S., prohibit a private entity from providing probationary or supervision services to felony or misdemeanor offenders sentenced to probation or other supervision by the circuit court. As such, a private entity is authorized to provide supervision services to a misdemeanor offender sentenced by the county court, but cannot provide such services to a misdemeanor offender sentenced by the circuit court.

Remote Reporting in Community Supervision

Smartphones are widely used by the U.S. population. Smartphones are essentially handheld computers that also provide cellular service. They typically integrate a touchscreen interface, internet access, camera, video recorder, GPS navigation, and an operating system capable of running downloaded applications.[37]According to a survey conducted by Pew Research, 85 percent of U.S. adults say they own a smartphone.[38]

Over the past several years, a number of smartphone applications for community supervision have entered the market.[39] These applications are essentially case management and monitoring programs designed to run on such a device.[40]

In general, remote monitoring offers advantages and disadvantages. The advantages of remote monitoring include:

- Remote reporting and supervision, which allows the client to remotely submit reports to his or her officer with information related to employment status, living arrangements, contact information, and other important data.
- Calendar event management, which allows reminders to be set for important events, such as court dates, scheduled drug tests, or a reminder to take a prescribed drug at a specified time.
- Positive reinforcement, which allows recognition for positive behaviors, such as meeting curfews, negative drug tests, and timely meeting other obligations. These recognitions may be immediate or automated for delivery at certain times or upon demonstration of certain behaviors.
- Access to resources, which allows clients to access existing resources in real-time or some applications may offer direct support by integrating the delivery of certain services.

---

[36] *Id*. Additionally, a felony probationer must pay a $2-per-month surcharge to be used by the DOC to pay for correctional probation officers' training and equipment, including radios, and firearms training, firearms, and similar equipment. Section 948.09(1)(a)2., F.S.

[40] *Id*.

- Location monitoring and continuous tracking, which allows an officer to determine the location of the device and the client.[41]

There are also number of disadvantages to remote monitoring. The most prominent disadvantage is the ability of the client to separate from his or her device. However, some developers have developed tethering systems, which notify the officer when the client is not within a certain distance of his or her device.[42] There is also the issue of cellular phone coverage if the person is located in or travels to an area with poor service.[43] Another issue involves privacy concerns, as the applications may collect biometric data, personal health information, behavioral data, and may impact the client's right to privacy.[44]

The cost of remote reporting may vary depending on the approach used. There are essentially two different approaches to using smartphones for community supervision. The first approach involves a vendor-provided smartphone that comes installed with software, and the second involves installing the software application on the client's phone.[45] Vendor-provided phones are more expensive; however, they offer greater security and are capable of monitoring all phone activity and restricting access to certain functionalities depending on risk level or compliance with the conditions of supervision. Installing software on client-provided phones is less costly; however, the phones are less secure. For example, a client may remove a SIM card or a battery or put the phone in airplane mode.[46]

III. Effect of Proposed Changes:

The bill repeals the statutory prohibition on a private entity providing probationary or supervision services to misdemeanor offenders who are sentenced by a circuit court. The bill authorizes a private entity to provide probationary or supervision services to any misdemeanor offender who is placed on probation, regardless of whether such sentence is imposed by a county or circuit court. The bill authorizes the DOC to supervise misdemeanor offenders when such supervision is ordered by the circuit court, but retains the requirement that the DOC supervise felony offenders.

The bill transfers the authority to approve a contract with a private entity to provide supervision services for misdemeanor offenders from the county court judge or administrative judge to the chief judge of the circuit.

The bill authorizes probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office remotely if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation. The

[46] *Id*.

bill requires a probation officer to schedule meetings required as a condition of probation at times and locations that accommodate work schedules, family caregiving obligations, and medical care of the probationer, unless it poses a threat to public safety. The DOC and county probation entities must adopt probation reporting policies that allow for remote reporting and take the above-referenced scheduling conflicts into consideration.

This bill requires the DOC to implement the graduated incentives system for probationers and offenders in community control in a manner that encourages stable employment in addition to promoting compliance with terms of supervision and prioritizing the highest level of supervision for probationers and offenders presenting the greatest risk of recidivism. Under the bill, the DOC must incentivize educational achievement by awarding a 60-day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity during his or her term of supervision.

The bill requires a probationer or offender in community control to be given a 60-day reduction in supervision for each educational advancement activity he or she completes and the award of such a reduction does not require court approval. The bill defines "educational advancement activity" as obtaining a high school diploma, a high school equivalency diploma, an academic degree, or a vocational certificate.

A probationer or offender in community control who commits a subsequent violation of probation may forfeit any supervision term reduction awarded for completing an educational advancement activity, at the discretion of his or her probation officer.

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill may have an indeterminate impact on county governments that contract with private entities to provide misdemeanor probationary services. However, these provisions relate to the defense, prosecution, or punishment of criminal offenses, and criminal laws are exempt from the requirements of Art. VII, s. 18(d) of the Florida Constitution, relating to unfunded mandates.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Private entities who contract to provide probationary services to misdemeanor offenders may experience an increase in workload. If these private entities implement a remote reporting program, it will incur costs related to such program.

Individuals on community supervision may be required to expend costs relating to obtaining a smartphone and maintaining service on the device.

C. Government Sector Impact:

The bill may have an indeterminate fiscal impact on those counties that contract with private entities to provide probation and supervision services of misdemeanor offenders, due to a possible increase in probationers.

The bill will have an indeterminate fiscal impact on the DOC, as some probationers may be diverted away from the DOC's supervision.[47] The DOC may realize a cost savings when probation terms are reduced by 60 days for each educational activity a probationer or offender in community control completes. If the DOC implements a remote reporting program, it will incur costs related to such program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 948.01, 948.03, 948.05, 948.09, and 948.15.

[47] Department of Corrections, *2022 Agency Legislative Analysis of SB 752*, pg. 3, (Dec. 10, 2021) (on file with the Senate Committee on Criminal Justice).

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (529550) by Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice):
The proposed committee substitute:

- Allows probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office ***remotely*** if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation;
- Requires the DOC to incentivize educational achievement by awarding a 60-day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity; and
- Makes conforming changes.

CS by Criminal Justice on January 25, 2022:
The committee substitute:

- Authorizes the DOC to supervise misdemeanor offenders when ordered to do so by the circuit court;
- Requires the chief judge of the circuit to approve a contract with a private entity to provide supervision services for misdemeanor offenders, rather than the county court judge or administrative judge; and
- Makes conforming changes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

529550

576-03093-22

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to probationary or supervision services for misdemeanor offenders; amending s. 948.01, F.S.; authorizing the Department of Corrections to supervise certain misdemeanor offenders; deleting a prohibition on private entities providing probationary or supervision services to certain misdemeanor offenders; amending s. 948.03, F.S.; authorizing a probationer or offender in community control to report to a probation officer through remote reporting under specified circumstances; requiring a probation officer to take specified circumstances into consideration when scheduling meetings; requiring the department and county probation authorities or entities to adopt and make available certain probation reporting policies; deleting remaining within a specified place as a standard condition of probation; amending s. 948.05, F.S.; requiring the department to reduce a probationer's or offender's supervision term by a specified amount of time for completing an educational advancement activity; defining the term "educational advancement activity"; amending s. 948.15, F.S.; authorizing a private or public entity to provide probation services and other specified programming to misdemeanor offenders; revising who may approve specified contracts; amending s. 948.09, F.S.;

529550

576-03093-22

conforming a cross-reference; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (1) and subsection (5) of section 948.01, Florida Statutes, are amended to read:

948.01 When court may place defendant on probation or into community control.—

(1) Any state court having original jurisdiction of criminal actions may at a time to be determined by the court, with or without an adjudication of the guilt of the defendant, hear and determine the question of the probation of a defendant in a criminal case, except for an offense punishable by death, who has been found guilty by the verdict of a jury, has entered a plea of guilty or a plea of nolo contendere, or has been found guilty by the court trying the case without a jury.

(a) If the court places the defendant on probation or into community control for a felony, the department shall provide immediate supervision by an officer employed in compliance with the minimum qualifications for officers as provided in s. 943.13. The department may provide supervision to misdemeanor offenders sentenced or placed on probation by a circuit court when so ordered by the sentencing court. A private entity may not provide probationary or supervision services to felony ~~or misdemeanor~~ offenders sentenced or placed on probation or other supervision ~~by the circuit court~~.

(5) The imposition of sentence may not be suspended and the defendant thereupon placed on probation or into community

control unless the defendant is placed under the custody of the department or another public or private entity. A private entity may not provide probationary or supervision services to felony ~~or misdemeanor~~ offenders sentenced or placed on probation or other supervision ~~by the circuit court~~.

Section 2. Paragraphs (a) and (d) of subsection (1) of section 948.03, Florida Statutes, are amended to read:

948.03 Terms and conditions of probation.—

(1) The court shall determine the terms and conditions of probation. Conditions specified in this section do not require oral pronouncement at the time of sentencing and may be considered standard conditions of probation. These conditions may include among them the following, that the probationer or offender in community control shall:

(a) Report to the probation officer as directed. Such reporting requirements may be fulfilled through remote reporting if approved by the relevant probation officer, the relevant county probation authority or entity, or the Department of Corrections and if the court has not excluded the possibility of remote reporting by the defendant in his or her order of probation. The probation officer shall schedule meetings required as a condition of probation at times and locations that take into consideration and accommodate the work schedule, family caregiver obligations, and medical care of the probationer unless doing so would cause a threat to public safety. The Department of Corrections and county probation authorities or entities shall adopt and make available probation reporting policies that allow for remote reporting and consider the scheduling conflicts referenced in this paragraph.

~~(d) Remain within a specified place.~~

Section 3. Subsection (2) of section 948.05, Florida Statutes, is amended to read:

948.05 Court to admonish or commend probationer or offender in community control; graduated incentives.—

(2) The department shall implement a system of graduated incentives to promote compliance with the terms of supervision, encourage stable employment, and prioritize the highest levels of supervision for probationers or offenders presenting the greatest risk of recidivism.

(a) As part of the graduated incentives system, the department may, without leave of court, offer the following incentives to a compliant probationer or offender in community control:

1. Up to 25 percent reduction of required community service hours;

2. Waiver of supervision fees;

3. Reduction in frequency of reporting;

4. Permission to report by mail or telephone; or

5. Transfer of an eligible offender to administrative probation as authorized under s. 948.013.

(b) The department may also incentivize positive behavior and compliance with recommendations to the court to modify the terms of supervision, including recommending:

1. Permission to travel;

2. Reduction of supervision type;

3. Modification or cessation of curfew;

4. Reduction or cessation of substance abuse testing; or

5. Early termination of supervision.

(c) The department shall, without leave of court, incentivize educational achievement by awarding a compliant probationer or offender in community control with a 60-day reduction of his or her term of supervision for each educational advancement activity he or she completes during the term of supervision. As used in this paragraph, the term "educational advancement activity" means a high school equivalency degree, an academic degree, or a vocational certificate.

(d) A probationer or offender who commits a subsequent violation of probation may forfeit any previously earned probation incentive, as determined appropriate by his or her probation officer.

Section 4. Subsections (2) and (3) of section 948.15, Florida Statutes, are amended to read:

948.15 Misdemeanor probation services.—

(2) A private entity or public entity, including a licensed substance abuse education and intervention program, under the supervision of the board of county commissioners or the court may provide probation services and licensed substance abuse education and treatment intervention programs for misdemeanor offenders sentenced or placed on probation ~~by the county court~~.

(3) Any private entity, including a licensed substance abuse education and intervention program, providing services for the supervision of misdemeanor probationers must contract with the county in which the services are to be rendered. The chief judge ~~In a county having a population of fewer than 70,000, the county court judge, or the administrative judge of the county court in a county that has more than one county court judge,~~ must approve the contract. Terms of the contract must state, but

are not limited to:

(a) The extent of the services to be rendered by the entity providing supervision or rehabilitation.

(b) Staff qualifications and criminal record checks of staff.

(c) Staffing levels.

(d) The number of face-to-face contacts with the offender.

(e) Procedures for handling the collection of all offender fees and restitution.

(f) Procedures for handling indigent offenders which ensure placement irrespective of ability to pay.

(g) Circumstances under which revocation of an offender's probation may be recommended.

(h) Reporting and recordkeeping requirements.

(i) Default and contract termination procedures.

(j) Procedures that aid offenders with job assistance.

(k) Procedures for accessing criminal history records of probationers.

In addition, the entity shall supply the chief judge's office with a quarterly report summarizing the number of offenders supervised by the private entity, payment of the required contribution under supervision or rehabilitation, and the number of offenders for whom supervision or rehabilitation will be terminated. All records of the entity must be open to inspection upon the request of the county, the court, the Auditor General, the Office of Program Policy Analysis and Government Accountability, or agents thereof.

Section 5. Subsection (6) of section 948.09, Florida

Statutes, is amended to read:

948.09 Payment for cost of supervision and other monetary obligations.—

(6) The department shall establish a payment plan for all costs ordered by the courts for collection by the department and a priority order for payments, except that victim restitution payments authorized under s. 948.03(1)(e) ~~s. 948.03(1)(f)~~ take precedence over all other court-ordered payments. The department is not required to disburse cumulative amounts of less than $10 to individual payees established on this payment plan.

Section 6. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 752
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommitte on Criminal and Civil Justice); Criminal Justice Committee; and Senator Gainer and others
SUBJECT:	Probationary or Supervision Services for Misdemeanor Offenders
DATE:	March 2, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

2.	Atchley	Harkness	ACJ	**Recommend: Fav/CS**
3.	Atchley	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 752 removes a statutory prohibition on a private entity providing probationary or supervision services to misdemeanor offenders who are sentenced by a circuit court. Under current law, a private or a public entity may only provide probation services to offenders sentenced by a county court.

Currently, the Department of Corrections (DOC) must supervise felony and misdemeanor offenders who are sentenced to or placed on probation or other supervision by a circuit court. The bill authorizes the DOC to supervise misdemeanor offenders when such supervision is ordered by the circuit court, but retains the requirement that the DOC supervise felony offenders.

The bill transfers the authority to approve a contract with a private entity to provide supervision services for misdemeanor offenders from the county court judge or administrative judge to the chief judge of the circuit.

The bill authorizes probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office *remotely* if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation. The bill requires the probation officer to schedule meetings required as a condition of probation at

times and locations that accommodate work schedules, family caregiving obligations, and medical care of the probationer, unless it poses a threat to public safety.

The bill requires the DOC to implement the graduated incentives system in a manner that encourages stable employment in addition to promoting compliance with terms of supervision and prioritizing the highest level of supervision for probationers and offenders presenting the greatest risk of recidivism. The DOC must incentivize educational achievement by awarding a 60 day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity, such as obtaining a high school diploma, a high school equivalency degree, an academic degree, or a vocational certificate, during his or her term of supervision. A probationer or offender in community control who commits a subsequent violation of probation may forfeit any reduction awarded for completing an educational advancement activity, at the discretion of his or her probation officer.

The bill will have an indeterminate fiscal impact on the DOC. See Section V. Fiscal Impact Statement.

The bill is effective July 1, 2022.

II. Present Situation:

Court Jurisdiction

Florida has a two-tiered trial court system that consists of circuit courts and county courts. The state Constitution requires a circuit court to be established in each judicial circuit established by the Legislature, of which there are twenty.[1]

Circuit courts have exclusive original jurisdiction over:
- All actions at law not cognizable by the county courts;
- Proceedings related to settling estates of decedents and minors, granting testamentary letters, guardianship, involuntary hospitalization, the determination of incompetency, and other jurisdiction usually pertaining to probate courts;
- All cases in equity including cases related to juveniles, except traffic offenses as provided in chs. 316 and 985, F.S.;
- All felonies and all misdemeanors arising out of the same circumstances as a felony which is also charged;
- All cases involving the legality of any tax assessment or toll or denial of refund, except as provided in s. 72.011, F.S.;
- Ejectment actions; and
- All actions involving the title and boundaries of real property.[2]

[1] Art. V, ss. 1 and 5, FLA. CONST. A list of judicial circuits can be found at https://www.flcourts.org/Florida-Courts/Trial-Courts-Circuit (last visited February 17, 2022).
[2] Section 26.012(2), F.S.

The state Constitution also establishes a county court in each county.[3] County courts have original jurisdiction over:

- Misdemeanor cases not cognizable by the circuit courts;
- Violations of municipal and county ordinances; and
- Actions at law, except those within the exclusive jurisdiction of the circuit courts, in which the matter in controversy does not exceed $30,000, exclusive of interest, costs, and attorney fees.[4]

Generally, felony offenses are adjudicated by the circuit court and misdemeanor offenses are adjudicated by the county court. However, circuit courts routinely adjudicate misdemeanor charges when:

- A misdemeanor charge arises out of the same circumstances as a felony; or
- A felony charge is reduced or dismissed in circuit court and the court retains jurisdiction over the remaining misdemeanor charge.

Probation and Community Control

Probation is a form of community supervision requiring specified contacts with probation officers and compliance with certain terms and conditions.[5] The court determines the terms and conditions of probation.[6] Section 948.03, F.S., provides standard conditions of probation; however, a court may sentence an offender to special terms and conditions at the time of sentencing, such as substance abuse treatment. Additionally, a probationer is required to comply with several standard conditions of probation which may include:

- Reporting to the probation officer as directed.
- Permitting the probation officer to visit the probationer at his or her home.
- Working faithfully at suitable employment, when possible.
- Residing at a specified place.
- Living without violating the law.
- Paying restitution to any aggrieved party for the damage or loss caused by a probationer's offense.
- Being prohibited from possessing, carrying, or owning a firearm or weapon, without the probation officer's consent.
- Being prohibited from using intoxicants to excess or possessing any drugs or narcotics.[7]

Community control is a form of intensive individualized supervision of an offender who remains in the community, but whose freedom is restricted within the home, community, or noninstitutional residential placement and includes specific sanctions and monitoring by probation officers with restricted caseloads.[8] In addition to the standard conditions which apply

[3] Art. V, s. 6, FLA. CONST.
[4] Section 34.01(1), F.S. The jurisdictional limit for civil actions was $15,000 prior to January 1, 2020, at which time the jurisdictional limit was raised to $30,000. The jurisdictional limit is scheduled to rise to $50,000 on January 1, 2023. The law provides a process by which the jurisdictional limit is to be reviewed and adjusted every 10 years beginning July 1, 2030; however it may not be lower than $50,000.
[5] Section 948.01(8), F.S.
[6] Section 948.03, F.S.
[7] Section 948.03, F.S.
[8] Section 948.001(3), F.S.

to normal probationers, an offender on community control must: be confined to an agreed-upon residence during any hours he or she is away from work or public service activities; complete mandatory community services; and be supervised by electronic monitoring.[9]

Education and Learning as a Condition of Probation or Community Control

Section 948.037, F.S., authorizes a court to require an offender who has not obtained a high school diploma or a high school equivalency diploma or who lacks basic or functional literacy skills, to make a good faith effort toward attaining literacy skills or a high school equivalency diploma as a condition of probation or community control.[10] A court may not revoke probation or community control because of an offender's inability to achieve literacy skills or a diploma, but may revoke probation or community control if the offender fails to make a good faith effort towards achieving such skills or diploma.[11] A court may grant a probationer or offender in community control early termination of supervision upon his or her successful completion of an approved program.

Reduction or Termination of Term of Probation or Community Control

Generally, once a probationer completes the period of probation, he or she is released from probation and the court no longer retains jurisdiction to sentence the offender for the offense for which probation was allowed. However, if a probationer has performed satisfactorily, has not been found in violation of any terms or conditions of supervision, and has met all financial conditions imposed by the court, including fines, court costs, and restitution, his or her probation officer may recommend early termination of probation to the court at any time before the scheduled termination date.[12]

Early Termination or Conversion to Administrative Probation

Under s. 948.06(4), F.S., upon the probationer's motion,[13] the court shall order early termination of supervision or convert the supervisory term to administrative probation[14] if all of the following conditions are met:

- The probationer has completed at least half of the term of probation to which he or she was sentenced.
- The probationer has successfully completed all other conditions of probation.
- The court has not found the probationer in violation of probation pursuant to a filed violation of probation affidavit at any point during the current supervisory term.
- The parties did not specifically exclude the possibility of early termination or conversion to administrative probation as part of a negotiated sentence.
- The probationer does not qualify as a violent felony offender of special concern under s. 948.06(8)(b), F.S.[15]

[9] Section 948.101, F.S.
[10] Section 948.037, F.S.
[11] *Id*. "Good faith effort" means the offender is enrolled in a program of instruction and is attending and making satisfactory progress toward completion of the requirements.
[12] Section 948.04, F.S.
[13] This provision only applies to a defendant sentenced on or after October 1, 2019. See s. 948.04(4), F.S.
[14] "Administrative probation" is a form of no contact, nonreporting supervision. A court may order administrative probation, or the DOC may transfer an offender to administrative probation under specified circumstances. Section 948.001(1), F.S.
[15] Section 948.04(4), F.S.

However, a court may decline to early terminate the probationary term or convert the term to administrative probation if it makes written findings that continued reporting probation is necessary to protect the community or the interest of justice.[16] Additionally, an offender on community control is not eligible to motion for mandatory early termination or conversion to administrative probation under s. 948.04, F.S.[17]

Graduated Incentives

Section 948.05(2), F.S., requires the DOC to implement a system of graduated incentives to promote compliance with the terms of supervision and prioritize the highest levels of supervision for probationers or offenders presenting the greatest risk of recidivism. As part of the graduated incentives system, the department may offer, without leave of the court, the following incentives to a compliant probationer or offender in community control:

- Up to 25 percent reduction of required community service hours;
- Waiver of supervision fees;
- Reduction in frequency of reporting;
- Permission to report by mail or telephone; or
- Transfer of an eligible offender to administration probation as authorized under s. 948.013, F.S.[18]

The DOC may also incentivize positive behavior and compliance by recommending to the court to modify a probationer's terms of supervision, which may include recommending:

- Permission to travel;
- Reduction of supervision type;
- Modification or cessation of curfew;
- Reduction or cessation of substance abuse testing; or
- Early termination of supervision.[19]

A probationer or offender in community control may forfeit any previously earned probation incentive if he or she commits a subsequent violation of probation.[20] Graduated incentives are currently offered at the discretion of the probation officer or court and a probationer or offender in community control is not entitled to any such graduated incentive.

Educational Attainment Gain Time Award for Inmates

Section 944.275, F.S., authorizes the DOC to grant deductions from prison sentences in the form of gain time to encourage satisfactory behavior and to provide incentives for inmates to participate in productive activities. Specifically, s. 944.275(4)(d), F.S., authorizes the DOC to award an inmate who completes a high school equivalency diploma or vocational certificate a one-time award of 60 days of incentive gain time.[21]

[16] Section 948.04(5), F.S.
[17] Section 948.04(6), F.S.
[18] Section 948.05(2)(a), F.S.
[19] Section 948.05(2)(b), F.S.
[20] Section 948.05(2)(c), F.S.
[21] Section 944.275(4)(d), F.S.

Probationers or offenders in community control are not entitled to a similar reduction of supervision term under the graduated incentives system or any other statutory authority.

Sentence of Probation

County Court Probation

A defendant who is placed on probation after being found guilty of a misdemeanor may not be sentenced to a term of supervision exceeding six months, unless otherwise ordered by the court.[22] Any person sentenced to misdemeanor probation by the county court must pay at least $40 per month, as determined by the court, to the court approved public or private entity providing misdemeanor supervision.[23]

A private entity or public entity, including licensed substance abuse education and intervention programs, may provide probation services to offenders sentenced by a county court, when such services are provided under the supervision of the board of county commissioners or the court.[24] For example, the Salvation Army provides supervision services including drug testing, job assistance, community service placement, and substance abuse assistance and rehabilitation to misdemeanor probationers in multiple Florida counties.[25] Professional Probation Services and its affiliated company, Judicial Correction Services, provide services in a number of Florida counties.[26]

Any private entity providing supervision services for misdemeanor probationers must contract with the county in which the services will be provided.[27] In a county with a population of less than 70,000, the county court judge, or in a county with more than one county court judge, the administrative judge of the county court must approve the contract. The terms of the contract must include, but are not limited to:

- The extent of the services to be rendered by the entity providing supervision and rehabilitation.
- Staff qualifications and criminal record checks of staff.
- Staffing levels.
- The number of face-to-face contacts with probationers.
- Procedures for handling the collection of probationer fees and restitution.
- Procedures for handling indigent probationers that ensure placement irrespective of ability to pay.
- Circumstances under which revocation of a probationer's supervision may be recommended.
- Reporting and record keeping requirements.
- Default and contract termination procedures.

[22] Section 948.15(1), F.S.
[23] Section 948.09(1)(b), F.S.
[24] Section 948.15(2), F.S.
[25] Such misdemeanor probation services are provided in Citrus, Dixie, Duval, Gilchrist, Highlands, and Marion counties. The Salvation Army, *Correctional Services*, *available at* https://salvationarmyflorida.org/correctional-services/ (last visited February 17, 2022).
[26] *See* Professional Probation Services, *Our Companies*, *available at* https://ppsfamily.com/our-companies/ (last visited February 17, 2022).
[27] Section 948.15(3), F.S.

- Procedures that aid probationers with job assistance.
- Procedures for accessing criminal history records of probationers.[28]

On a quarterly basis, the entity must report to the chief judge a summary of the number of probationers supervised by the private entity, payment of the required contribution under supervision or rehabilitation, and the number of probationers for whom supervision will be terminated. The entity must permit its records to be inspected upon the request of the county, the court, the Auditor General, the Office of Program Policy Analysis and Government Accountability, or any agent thereof.[29]

A private entity that charges a fee for providing supervision services to probationers must register with the board of county commissioners in the county in which the entity offers services. The entity must provide specified information for each program it operates, including:

- The length of time the program has been operating in the county;
- A list of the staff and a summary of their qualifications;
- A summary of the types of services that are offered under the program; and
- The fees the entity charges for court-ordered services and any procedures for indigent probationers.[30]

A private entity, including a licensed substance abuse education and intervention program, providing misdemeanor supervision services must comply with all other applicable provisions of law.[31]

Circuit Court Probation

If the circuit court places a defendant on probation for a felony, the DOC must supervise the defendant.[32] A defendant who is placed on probation for a misdemeanor may not be placed under the DOC's supervision unless the circuit court was the court of original jurisdiction.[33] The DOC currently supervises more than 164,000 offenders on probation or in community control throughout Florida.[34]

Any person placed on probation under ch. 948, F.S., must pay the DOC supervision fees equal to the total month or portion of a month of supervision times the court-ordered amount, but such amount cannot exceed the actual per diem cost of supervision.[35] The DOC must consider an offender's ability to pay in establishing a written pay plan. Any funds collected from felony

[35] Section 948.09(1)(a)1., F.S.

probationers may be used by the DOC to offset the costs associated with community supervision programs.[36]

Subsections 948.01(1) and (5), F.S., prohibit a private entity from providing probationary or supervision services to felony or misdemeanor offenders sentenced to probation or other supervision by the circuit court. As such, a private entity is authorized to provide supervision services to a misdemeanor offender sentenced by the county court, but cannot provide such services to a misdemeanor offender sentenced by the circuit court.

Remote Reporting in Community Supervision

Smartphones are widely used by the U.S. population. Smartphones are essentially handheld computers that also provide cellular service. They typically integrate a touchscreen interface, internet access, camera, video recorder, GPS navigation, and an operating system capable of running downloaded applications.[37]According to a survey conducted by Pew Research, 85 percent of U.S. adults say they own a smartphone.[38]

Over the past several years, a number of smartphone applications for community supervision have entered the market.[39] These applications are essentially case management and monitoring programs designed to run on such a device.[40]

In general, remote monitoring offers advantages and disadvantages. The advantages of remote monitoring include:

- Remote reporting and supervision, which allows the client to remotely submit reports to his or her officer with information related to employment status, living arrangements, contact information, and other important data.
- Calendar event management, which allows reminders to be set for important events, such as court dates, scheduled drug tests, or a reminder to take a prescribed drug at a specified time.
- Positive reinforcement, which allows recognition for positive behaviors, such as meeting curfews, negative drug tests, and timely meeting other obligations. These recognitions may be immediate or automated for delivery at certain times or upon demonstration of certain behaviors.
- Access to resources, which allows clients to access existing resources in real-time or some applications may offer direct support by integrating the delivery of certain services.

---

[36] *Id*. Additionally, a felony probationer must pay a $2-per-month surcharge to be used by the DOC to pay for correctional probation officers' training and equipment, including radios, and firearms training, firearms, and similar equipment. Section 948.09(1)(a)2., F.S.

[40] *Id*.

- Location monitoring and continuous tracking, which allows an officer to determine the location of the device and the client.[41]

There are also number of disadvantages to remote monitoring. The most prominent disadvantage is the ability of the client to separate from his or her device. However, some developers have developed tethering systems, which notify the officer when the client is not within a certain distance of his or her device.[42] There is also the issue of cellular phone coverage if the person is located in or travels to an area with poor service.[43] Another issue involves privacy concerns, as the applications may collect biometric data, personal health information, behavioral data, and may impact the client's right to privacy.[44]

The cost of remote reporting may vary depending on the approach used. There are essentially two different approaches to using smartphones for community supervision. The first approach involves a vendor-provided smartphone that comes installed with software, and the second involves installing the software application on the client's phone.[45] Vendor-provided phones are more expensive; however, they offer greater security and are capable of monitoring all phone activity and restricting access to certain functionalities depending on risk level or compliance with the conditions of supervision. Installing software on client-provided phones is less costly; however, the phones are less secure. For example, a client may remove a SIM card or a battery or put the phone in airplane mode.[46]

III. Effect of Proposed Changes:

The bill repeals the statutory prohibition on a private entity providing probationary or supervision services to misdemeanor offenders who are sentenced by a circuit court. The bill authorizes a private entity to provide probationary or supervision services to any misdemeanor offender who is placed on probation, regardless of whether such sentence is imposed by a county or circuit court. The bill authorizes the DOC to supervise misdemeanor offenders when such supervision is ordered by the circuit court, but retains the requirement that the DOC supervise felony offenders.

The bill transfers the authority to approve a contract with a private entity to provide supervision services for misdemeanor offenders from the county court judge or administrative judge to the chief judge of the circuit.

The bill authorizes probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office remotely if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation. The

[46] *Id*.

bill requires a probation officer to schedule meetings required as a condition of probation at times and locations that accommodate work schedules, family caregiving obligations, and medical care of the probationer, unless it poses a threat to public safety. The DOC and county probation entities must adopt probation reporting policies that allow for remote reporting and take the above-referenced scheduling conflicts into consideration.

This bill requires the DOC to implement the graduated incentives system for probationers and offenders in community control in a manner that encourages stable employment in addition to promoting compliance with terms of supervision and prioritizing the highest level of supervision for probationers and offenders presenting the greatest risk of recidivism. Under the bill, the DOC must incentivize educational achievement by awarding a 60-day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity during his or her term of supervision.

The bill requires a probationer or offender in community control to be given a 60-day reduction in supervision for each educational advancement activity he or she completes and the award of such a reduction does not require court approval. The bill defines "educational advancement activity" as obtaining a high school diploma, a high school equivalency diploma, an academic degree, or a vocational certificate.

A probationer or offender in community control who commits a subsequent violation of probation may forfeit any supervision term reduction awarded for completing an educational advancement activity, at the discretion of his or her probation officer.

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill may have an indeterminate impact on county governments that contract with private entities to provide misdemeanor probationary services. However, these provisions relate to the defense, prosecution, or punishment of criminal offenses, and criminal laws are exempt from the requirements of Art. VII, s. 18(d) of the Florida Constitution, relating to unfunded mandates.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Private entities who contract to provide probationary services to misdemeanor offenders may experience an increase in workload. If these private entities implement a remote reporting program, it will incur costs related to such program.

Individuals on community supervision may be required to expend costs relating to obtaining a smartphone and maintaining service on the device.

C. Government Sector Impact:

The bill may have an indeterminate fiscal impact on those counties that contract with private entities to provide probation and supervision services of misdemeanor offenders, due to a possible increase in probationers.

The bill will have an indeterminate fiscal impact on the DOC, as some probationers may be diverted away from the DOC's supervision.[47] The DOC may realize a cost savings when probation terms are reduced by 60 days for each educational activity a probationer or offender in community control completes. If the DOC implements a remote reporting program, it will incur costs related to such program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 948.01, 948.03, 948.05, 948.09, and 948.15.

[47] Department of Corrections, *2022 Agency Legislative Analysis of SB 752*, pg. 3, (Dec. 10, 2021) (on file with the Senate Committee on Criminal Justice).

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Allows probationers or offenders in community control to fulfill the reporting requirements of their terms and conditions of probation by reporting to their probation office ***remotely*** if approved by the relevant probation officer, county probation authority or entity, or the DOC and if the court has not excluded remote reporting in his or her order of probation;
- Requires the DOC to incentivize educational achievement by awarding a 60-day reduction in the term of supervision for a probationer or offender in community control who completes an educational advancement activity; and
- Makes conforming changes.

CS by Criminal Justice on January 25, 2022:
The committee substitute:

- Authorizes the DOC to supervise misdemeanor offenders when ordered to do so by the circuit court;
- Requires the chief judge of the circuit to approve a contract with a private entity to provide supervision services for misdemeanor offenders, rather than the county court judge or administrative judge; and
- Makes conforming changes.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Criminal Justice; and Senators Gainer and Pizzo

591-02279-22 2022752c1

A bill to be entitled

An act relating to probationary or supervision services for misdemeanor offenders; amending s. 948.01, F.S.; authorizing the Department of Corrections to supervise certain misdemeanor offenders; deleting a prohibition on private entities providing probationary or supervision services to certain misdemeanor offenders; amending s. 948.15, F.S.; authorizing a private or public entity to provide probation services and other specified programming to misdemeanor offenders; revising who may approve specified contracts; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (1) and subsection (5) of section 948.01, Florida Statutes, are amended to read:

948.01 When court may place defendant on probation or into community control.—

(1) Any state court having original jurisdiction of criminal actions may at a time to be determined by the court, with or without an adjudication of the guilt of the defendant, hear and determine the question of the probation of a defendant in a criminal case, except for an offense punishable by death, who has been found guilty by the verdict of a jury, has entered a plea of guilty or a plea of nolo contendere, or has been found guilty by the court trying the case without a jury.

(a) If the court places the defendant on probation or into

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-02279-22 2022752c1

community control for a felony, the department shall provide immediate supervision by an officer employed in compliance with the minimum qualifications for officers as provided in s. 943.13. The department may provide supervision to misdemeanor offenders sentenced or placed on probation by a circuit court when so ordered by the sentencing court. A private entity may not provide probationary or supervision services to felony ~~or misdemeanor~~ offenders sentenced or placed on probation or other supervision ~~by the circuit court~~.

(5) The imposition of sentence may not be suspended and the defendant thereupon placed on probation or into community control unless the defendant is placed under the custody of the department or another public or private entity. A private entity may not provide probationary or supervision services to felony ~~or misdemeanor~~ offenders sentenced or placed on probation or other supervision ~~by the circuit court~~.

Section 2. Subsections (2) and (3) of section 948.15, Florida Statutes, are amended to read:

948.15 Misdemeanor probation services.—

(2) A private entity or public entity, including a licensed substance abuse education and intervention program, under the supervision of the board of county commissioners or the court may provide probation services and licensed substance abuse education and treatment intervention programs for misdemeanor offenders sentenced or placed on probation ~~by the county court~~.

(3) Any private entity, including a licensed substance abuse education and intervention program, providing services for the supervision of misdemeanor probationers must contract with the county in which the services are to be rendered. The chief

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

judge ~~In a county having a population of fewer than 70,000, the county court judge, or the administrative judge of the county court in a county that has more than one county court judge,~~ must approve the contract. Terms of the contract must state, but are not limited to:

(a) The extent of the services to be rendered by the entity providing supervision or rehabilitation.

(b) Staff qualifications and criminal record checks of staff.

(c) Staffing levels.

(d) The number of face-to-face contacts with the offender.

(e) Procedures for handling the collection of all offender fees and restitution.

(f) Procedures for handling indigent offenders which ensure placement irrespective of ability to pay.

(g) Circumstances under which revocation of an offender's probation may be recommended.

(h) Reporting and recordkeeping requirements.

(i) Default and contract termination procedures.

(j) Procedures that aid offenders with job assistance.

(k) Procedures for accessing criminal history records of probationers.

In addition, the entity shall supply the chief judge's office with a quarterly report summarizing the number of offenders supervised by the private entity, payment of the required contribution under supervision or rehabilitation, and the number of offenders for whom supervision or rehabilitation will be terminated. All records of the entity must be open to inspection

upon the request of the county, the court, the Auditor General, the Office of Program Policy Analysis and Government Accountability, or agents thereof.

Section 3. This act shall take effect July 1, 2022.

Re: SB 752

Dear Chair Stargel,

I am respectfully requesting Senate Bill 752, related to Probationary or Supervision Services for Misdemeanor Offenders, be placed on the agenda for the next meeting of the Appropriations Committee.

I appreciate your consideration of this bill. If there are any questions or concerns, please do not hesitate to call my office at (850) 487-5002.

Thank you,

Senator George Gainer
District 2

2.	Howard	Money	AHS	**Recommend: Favorable**
3.	Howard	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 768 addresses numerous health care-related issues regulated by the Department of Health (DOH). The bill:

- Updates the "Targeted Outreach for Pregnant Women Act of 1998";
- Amends section 381.0303, Florida Statutes., to specify that for pediatric special needs shelters, the DOH is the lead agency to coordinate local medical and health care providers for the staffing and management of the shelters and is the decision-making authority for determining the medical supervision in each special needs shelter;
- Allows the DOH to collect samples of marijuana and marijuana delivery devices, in general, from a medical marijuana treatment center (MMTC) for specified testing, rather than only samples of edibles;
- Expands MMTC recall requirements to all marijuana products and delivery devices, rather than only edibles;
- Allows an MMTC applicant that applies for the MMTC license reserved for a class member of Pigford v. Glickman or In Re Black Farmers Litigation to transfer its initial application fee to one subsequent opportunity to apply for licensure as an MMTC if that applicant is determined through the application process to be a member of the Pigford v. Glickman or In Re Black Farmers Litigation and is not awarded that license;
- Provides an exception from criminal laws for the DOH employees to acquire, possess, test, transport, and lawfully dispose of marijuana and marijuana delivery devices;

- Amends statutes regulating several types of health care professions, including allopathic and osteopathic physicians, nurses, midwives, psychologists, orthotists, prosthetists, clinical lab personnel, chiropractors, mental health counselors, clinical social workers, and marriage and family therapists;
- Revises the membership requirement for the Rare Disease Advisory Council to include two individuals who are caregivers for individuals with a rare disease instead of one individual as appointed by both the President of the Senate and the Speaker of the House of Representatives;
- Authorizes the administrative services organization representing all Healthy Start Coalitions under section 409.975(4) to use any method of telecommunication to conduct meetings for any authorized function, provided that the public is given proper notice of and reasonable access to the meeting;
- Amends sections 460.406, 468.803, 483.824, and 490.005, Florida Statutes, to delete references to the term "regional" and replace it with the term "institutional" to conform with the U.S. Department of Education accreditation nomenclature for approving health care-related educational institutions;
- The bill revises the eligibility requirements for parents or legal guardians who received an award under the Florida Birth-Related Neurological Injury Compensation Plan before January 1, 2021, to eliminate the requirement that the child must be currently receiving benefits under the plan to receive the award. The bill requires the plan to make retroactive payments in a lump sum or in periodic payments as designated by the parents or legal guardians by July 1, 2022, to eligible parents or legal guardians; and
- Amends section 766.314, Florida Statutes, authorizing the Florida Birth-Related Neurological Injury Compensation Association (NICA) to collect and enforce physician assessments in circuit court, if necessary, and requires the NICA to notify the DOH and the appropriate board of any unpaid final judgments against a physician within a specific timeframe.

The bill is projected to have an insignificant negative fiscal impact on the DOH, however, the agency can absorb this impact within existing resources.

The bill provides an effective date of July 1, 2022, except as otherwise provided.

II. Present Situation:

Targeted Outreach for Pregnant Women

The Targeted Outreach for Pregnant Women Act (TOPWA) was enacted by the Florida Legislature in 1998. The TOPWA program is designed to establish targeted outreach to high-risk pregnant women who may not be receiving proper prenatal care, who suffer from substance abuse problems, or who may be infected with the human immunodeficiency virus (HIV). The goal of the program is to provide these high-risk pregnant women with referrals for information and services.

In 2019, there were 453 HIV-exposed births in Florida. While there were no known perinatal HIV transmissions in 2019, the Department of Health (DOH) does not have a definitive status on roughly 25 percent of the 453 HIV-exposed births.

Without proper care for both mother and newborn, each of these births risks vertical transmission. The TOPWA supports outreach programs aimed at preventing vertical HIV transmission and other health issues by linking high-risk pregnant women with services that can help them have healthier pregnancies and deliveries and can aid them in ensuring their newborn gets a healthy start.[1]

Many of the women targeted by TOPWA programs may not otherwise receive prenatal care or know their HIV status. In 2021, there were eight TOPWA programs in Florida.[2] The TOPWA programs, which are funded through General Revenue (GR) dollars and grant funds from the federal Centers for Disease Control and Prevention (CDC), provided services to 7,703 women from January 2016 to July 2020. Women living with HIV made up just under 10 percent of TOPWA program enrollments.[3]

If a pregnant woman tests positive for HIV, medical interventions and prevention, such as the following, can greatly reduce her risk of transmitting the virus to her baby during childbirth:
- Antiretroviral medication to the mother;
- Delivery by caesarian section;
- Avoiding breastfeeding; and
- Antiretroviral medication to the newborn.

The DOH has developed a GR-funded program, Baby Rxpress, which provides a six-week course of antiretroviral (ARV) medication to HIV-exposed newborns at no cost to the mother. In 2019, this program filled 304 prescriptions to 264 HIV-exposed newborns at a cost of $10,801.96, or $40.92 per baby.[4]

Special Needs Shelter Program

Section 381.0303, F.S., was enacted in 2000 to create the Special Needs Shelter Program to provide for the operation and closure of special needs shelters (shelters). The shelters are designed for persons with a physical impairment, mental impairment, cognitive impairment, or sensory disability who, during periods of evacuation or emergency, require sheltering assistance to have a safe and secure place to go during an emergency or disaster. In s. 381.0303(1), F.S., the Legislature designates the DOH, through its county health departments, as the lead agency for coordinating and recruiting health care practitioners to staff the shelters during emergencies or disasters.[5]

In s. 381.0303(2), F.S., the Legislature delineates the responsibilities for the shelters as follows:

[1] Section 381.0045(2), F.S.
[2] Florida Department of Health, Diseases and Conditions, AIDS, Prevention, *TOWPA Map*, available at http://www.floridahealth.gov/diseases-and-conditions/aids/prevention/_documents/topwa/TOPWAProviderMap2021.pdf (last visited Nov. 2, 2021).
[3] Department of Health, *Senate Bill 768 2022 Agency Legislative Bill Analysis* (July 23, 2021) (on file with the Senate Committee on Health Policy).
[4] *Id.*
[5] Section 381.0303(1), F.S.

- The DOH has the lead responsibility for coordinating local medical and health care providers, the American Red Cross, and other interested parties and in developing a plan for the staffing and medical management of the shelters;
- The DOH's local Children's Medical Services (CMS) offices have responsibility for the coordination of local medical and health care providers, the American Red Cross, and other interested parties in developing a plan for the staffing and medical management of the shelters;
- The county health departments, in conjunction with the local emergency management agencies, have lead responsibility for the coordination and recruitment of the health care practitioners to staff local shelters;
- Local emergency management agencies have responsibility for the designation and operation of the shelters during an emergency or disaster and the closure of the facilities following the event; and
- The local county health department, local CMS office, and local emergency management agency are jointly responsible for deciding who is responsible for the medical supervision in each shelter.[6]

According to the DOH, this shared lead responsibility between the DOH, through its local county health departments, and CMS, through its local offices was, in large part, due to the large local CMS workforce of health care practitioners with specialized training and experience in the provision of services for children with special needs. Through a series of program and organizational changes at the DOH, toward a more effective operation and cost savings, the CMS workforce has been reduced by more than 70 percent since 2018. Due to this change in the CMS workforce, the DOH advises that the CMS is unable to fulfill its responsibilities under s. 381.3030, F.S.[7]

Medical Marijuana

Amendment 2

On November 4, 2016, Amendment 2 was approved by the statewide electorate and established Art. X, s. 29 of the Florida Constitution. This section of the constitution became effective on January 3, 2017, and created several exemptions from criminal and civil liability for:

- Qualifying patients who medically use marijuana in compliance with the amendment;
- Physicians, solely for issuing physician certifications with reasonable care and in compliance with the amendment; and
- MMTCs and their agents and employees for actions or conduct under the amendment and in compliance with rules promulgated by the DOH.

[6] Section 381.0303(2), F.S.

[7] Department of Health, 2022 *Senate Bill 768 Fiscal Analysis* (July 23, 2021) (on file with the Senate Committee on Health Policy).

Implementation

Subsequently, the Legislature passed SB 8-A in Special Session A of 2017.[8] The bill revised the Compassionate Medical Cannabis Act of 2014[9] in s. 381.986, F.S., to implement Article X, section 29 of the State Constitution.

Testing Marijuana and Exemption from Criminal Offenses

Pursuant to s. 381.986(8)(11)d., F.S., the DOH may select a random sample from edibles available for purchase in an MMTC's DOH-approved dispensing facility for testing. The DOH must test the random samples for potency, safety for human consumption, and accuracy of Tetrahydrocannabinol (THC) and Cannabidiol (CBD) labeling.

MMTCs are required to recall all edibles, including all edibles made from the same batch of marijuana, which fail to meet potency requirements, which are unsafe for human consumption, or for which the labeling of the THC and CBD concentration is inaccurate.

Presently, the DOH and its employees are not expressly exempt from criminal prosecution under ss. 893.13, 893.135, and 893.147, F.S., when acquiring, possessing, testing, transporting, and disposing of marijuana and delivery devices under certain circumstances when acting within the scope of their duties.[10]

Additional Disclosure for Physician Licensure and Renewal

Section 456,039, F.S., requires each physician,[11] chiropractor, and podiatrist seeking initial licensure, or license renewal, in Florida, in addition to normal required licensure information, to submit the following to the DOH:

- Name of each medical school attended, including dates of attendance, graduation, and a description of all graduate medical education completed, except continuing education (CE) requirements;
- Name of each hospital where the applicant has privileges;
- Primary practice address;
- Specialty board certifications, if any;
- Date applicant began practicing medicine;
- Medical school faculty appointments currently held and whether the applicant has had the responsibility for graduate medical education within the past 10 years;
- Any criminal offenses, felony or misdemeanor, of which the applicant has been found guilty, regardless of whether adjudication was withheld, or to which the applicant has pled guilty or nolo contendere, including those committed in another jurisdiction which would constitute a felony or misdemeanor in Florida;

[8] Chapter 2017-232, Laws of Fla.
[9] Chapter 2014-157, Laws of Fla.
[10] Department of Health, *Senate Bill 1568 Fiscal Analysis* (Mar. 12, 2021) (on file with the Senate Committee on Health Policy).
[11] *See* ss. 458.345 and 459 021, F.S., Registered medical and osteopathic, residents are exempt from the requirement of 456.039, F.S.

- Any final professional disciplinary action within the previous 10 years in Florida or any other jurisdiction, or by any specialty board, similar national organization, licensed hospital, health maintenance organization, prepaid health clinic, ambulatory surgical center, or nursing home;
- Any claim or action for damages in Florida, in another jurisdiction or in a foreign country, for personal injury alleged to have been caused by error, omission, or negligence in the performance of licensee's professional services; and
- Fingerprints.

Any change in the above information must be updated within 45 days after the occurrence of an event or change in status that is required to be reported. The DOH compiles this information and submits it to the practitioner profile of the applicant.[12]

Educational Institution Accreditation

Each profession includes the requirement of completion of a program from a "regionally accredited" institution. The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published that year omit references to "regional" and "national" accreditation. The letter specifies, "Because the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded." Provisions implemented in 34 C.F.R. § 602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.[13]

Nursing

Licensure by Examination

Part I of ch. 464, F.S., the Nurse Practice Act, governs the licensure and regulation of nurses in Florida. Nurses are licensed by the DOH[14] and are regulated by the Board of Nursing (BON).[15] Currently, a person desiring to practice nursing in the state of Florida must obtain a Florida license by examination, endorsement[16]or have a multistate license.[17]

[12] Section 456.041, F.S.
[13] U.S. Department of Education, Office of the Under Secretary, *Final Accreditation and State Authorization Regulations,* February 26, 2020, (on file with the Senate Committee on Health Policy).
[14] Section 464.008, F.S.
[15] The BON is composed of 13 members appointed by the Governor and confirmed by the Senate who serve four-year terms. All members must be residents of the state. Seven members must be registered nurses who are representative of the diverse areas of practice within the nursing profession. Three members must be licensed practical nurses and three members must be laypersons. At least one member of the board must be 60 years of age or older. *See* Section 464.004, F.S.
[16] Section 464.009, F.S., provides the requirements for licensure by endorsement, and requires an applicant to submit an application and fee, passing a criminal background screening, and 1) Hold a valid license to practice professional or practical nursing in another state or territory of the United States which, when issued, met or exceeded those in Florida at that time; 2) Meet the requirements for licensure in Florida and having successfully completed an examination in another state which is substantially equivalent to the examination in Florida; or 3) Have actively practiced nursing in another state, jurisdiction, or territory of the United States for two of the preceding three years without having his or her license acted against by the licensing authority of any jurisdiction.
[17] Section 464.0095, F.S., A "Multistate license" is a license to practice as a registered nurse (RN) or a licensed practical/vocational nurse (LPN/VN) issued by another Nurse Licensure Compact state's licensing board which authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.

Applicants for licensure by examination as a registered nurse (RN) or licensed practical nurse (LPN) must, among other requirements:

- Graduate from an approved program or its equivalent as determined by the BON;[18]
- Submit an application to the DOH;
- Pay a fee;
- Submit information for a criminal background check;[19] and
- Pass the National Council Licensure Examination (NCLEX).[20]

Any applicant who fails the NCLEX three consecutive times, regardless of the jurisdiction where the examination is taken, must complete a board-approved remedial course before the applicant will be approved to re-take the NCLEX. After taking the remedial course, the applicant may be approved to retake the examination up to three additional times before the applicant must retake remediation. The applicant must apply for reexamination within six months after completion of remediation.[21]

If an applicant who graduates from an approved program does not take the licensure examination within six months after graduation, he or she must enroll in and successfully complete a BON-approved licensure examination preparatory course. The applicant is responsible for all costs associated with the course and may not use state or federal financial aid for such costs. The BON is directed to, by rule, establish guidelines for licensure examination preparatory courses.[22]

Disciplinary Actions

Once an individual is licensed to practice nursing in Florida, he or she has a professional responsibility to practice nursing at a minimum level of competency to ensure the safety of the public. The safe practice of nursing also requires that a nurse not commit any of the hundreds of acts that would constitute grounds for the denial of a license, disciplinary action, or even criminal prosecution, as set out under ss. 456.072(2), 464.0095, and 464.018, F.S.

Section 464.018(1)(c)-(e), F.S., as currently written, uses the modifying phrase, "regardless of adjudication;" but where the phrase is placed in subsections (c) and (d) verses subsection (e) has a significant impact on its application in law.

In s. 464.018(1)(e), F.S., the placement of the phrase, "regardless of adjudication," only applies to licensees "having been found guilty of," offenses listed in s. 435.04, F.S., or an offense of domestic violence under s. 741.20, F.S. "Regardless of adjudication" does not apply to those "entering a plea of guilty or nolo contendere to" listed offenses. This interpretation could result in those licensees entering a plea of nolo contendere or guilty and not being found guilty (i.e. adjudication is withheld), therefore not being subject to professional disciplinary action.

[18] Section 464.008(1)(c), F.S.
[19] Section 464.008(1)(b), F.S.
[20] Section 464.008(2), F.S.
[21] Section 464.008(3), F.S.
[22] Section 464.008 (4), F.S.

Midwifery

"Midwifery" is the practice of supervising the conduct of a normal labor and childbirth, with the informed consent of the parent; the practice of advising the parents as to the progress of the childbirth; and the practice of rendering prenatal and postpartal care.[23]

Chapter 467, F.S., is the Midwifery Practice Act. Any person who seeks to practice midwifery in Florida must be at least 21 years of age and be:

- Licensed under s. 464.012, F.S., as an Advanced Practice Registered Nurse (APRN) nurse midwife; or
- Licensed as a midwife under ch. 467, F.S.

Section 467.009, F.S., governs midwifery programs and education and training requirements which are a minimum of three years in an approved program. An applicant must have:

- A high school diploma or the equivalent.
- Taken at least three college-level credits such as math and English.

It is unclear under current law whether both a high school diploma and three college level credits are required for admission, or whether one or the other will satisfy the admission requirement.

Section 467.009, F.S., also requires a student midwife, during training, to undertake the care of 50 women in each of the prenatal, intrapartal, and postpartal periods, and observe an additional 25 women in the intrapartal period under the supervision of a preceptor, but the same women need not be seen through all periods. Prenatal, intrapartal, and postpartal periods are not defined, and the statute is unclear as to whether this requires 150 patients prenatal, intrapartal, and postpartal periods, or just 50 patients in any one of the three phases of pregnancy and delivery. The statute is also unclear as to whether the two references to intrapartal care and observation may be the same patient or require different patient contacts.

Section 467.009, F.S., uses the terms, "applicant" and "student midwife" interchangeably, which is inaccurate. These sections frame standards for admission, education, and clinical training in the context of student requirements. Preceptors direct, teach, supervise, and evaluate the learning experiences of the student midwife and may be physicians, licensed midwives, or a certified nurse midwife, who have a minimum of three years professional experience.[24] Persons with previous midwifery education, RNs, and LPNs may have a reduced training period, but in no case less than two years.

Chapter 467.009, F.S., does not include any provisions explicitly allowing a new midwifery program to be provisionally approved nor does it provide guidance to schools regarding the circumstances under which the DOH may rescind the approval of program.

Section 467.011, F.S., licensure by examination, requires the DOH to:

- Administer the licensure examination to test the proficiency of applicants in the core competencies required to practice midwifery as specified in s. 467.009, F.S.;

[23] Section 467.003(8), F.S.
[24] Section 467.003(12), F.S.

- Develop, publish, and make available to interested parties at a reasonable cost a bibliography and guide for the examination; and
- Issue a license to practice midwifery to an applicant who has graduated from an approved midwifery program, successfully completed the examination, and paid a licensure fee.

The DOH no longer administers midwifery examinations, and, pursuant to s. 456.017(c), F.S., the DOH has approved the use of a national examination for midwives seeking to become licensed.[25]

In lieu of examination, an applicant may apply for a license by endorsement based on verification that the applicant holds a current valid license to practice midwifery in another jurisdiction that has equivalent or more stringent licensure requirements than those in Florida.[26]

A midwife may accept and provide care only for those women who are expected to have a normal pregnancy, labor, and delivery and must ensure that:
- The patient has signed an informed consent form; and
- If the patient is delivering at home, the home is safe and hygienic.

The statute does not define "normal delivery," "low risk pregnancy," or "high risk pregnancy."

A midwife licensed under ch. 467, F.S., may administer the following:
- Prophylactic ophthalmic medication;
- Oxygen;
- Postpartum oxytocin;
- Vitamin K;
- Rho immune globulin (human); and
- Local anesthetic and other medications prescribed by a practitioner.[27]

A midwife's care of mothers and infants throughout the prenatal, intrapartal, and postpartal periods must be in conformity with the DOH rules and the health laws of Florida. The midwife must:
- Prepare a written plan of action with the family to ensure continuity of medical care throughout labor and delivery and to provide for immediate medical care if an emergency arises;
- Instruct the patient and family regarding the preparation of the environment and ensure availability of equipment and supplies needed for delivery and infant care;
- Instruct the patient in the hygiene of pregnancy and nutrition as it relates to prenatal care;
- Maintain equipment and supplies;
- Determine the progress of labor and, when birth is imminent, be immediately available until delivery is accomplished, and must:
    - Maintain a safe and hygienic environment;
    - Monitor the progress of labor and the status of the fetus;

[25] Department of Health, *Senate Bill 678 2022 Agency Legislative Bill Analysis -Midwifery* (July 23, 2021) (on file with the Senate Committee on Health Policy).
[26] Section 467.0125, F.S.
[27] Section 467.015, F.S.

  - Recognize early signs of distress or complications; and
  - Enact the written emergency plan when indicated;
- Remain with the postpartal mother until the conditions of the mother and the neonate are stabilized; and
- Instill into each eye of the newborn infant a prophylactic in accordance with s. 383.04, F.S.

Section 467.0125, F.S., also includes provisions for licensure by endorsement and temporary certification of a midwife who is qualifying for endorsement to practice in an area of critical need. This statute defines the term "area of critical need" differently from every other profession which has a temporary certification that allows practice in an area of critical need. In addition, the current provisions for temporary certification of midwives require revocation if the area in which they practice loses its designation as an area of critical need.

Section 467.205, F.S., provides that any accredited or state-licensed institution of higher learning, public or private, may provide midwifery education and training. The statute sets out the DOH approval requirements for programs desiring to conduct an approved midwifery education program. Under the application and recertification process:

- The applicant must submit evidence of the program's compliance with the requirements in s. 467.009, F.S.
- The DOH must survey the organization applying for approval. If the DOH is satisfied that the program meets the requirements of s. 467.009, F.S., it must approve the program.
- The DOH must certify whether each approved midwifery program complies with the standards developed under s. 467.009, F.S., at least every three years.
  - If the DOH finds that an approved program no longer meets the required standards, it may place the program on probation until such time as the standards are restored.
  - If a program fails to correct these conditions within a specified period of time, the DOH may rescind the approval.
  - Any program having its approval rescinded has the right to reapply.
- Provisional approval of a new program may be granted pending the licensure results of the first graduating class.[28]

Practice of Orthotics, Prosthetics, and Pedorthics

The practice of orthotics, prosthetics, and pedorthics is governed by part XIV of ch. 468, F.S., and all three professions evaluate, measure, design, fabricate, assemble, fit, adjust, service, or provide the initial training necessary to accomplish the fitting of an orthosis or pedorthic device.[29]

Section 468.803, F.S., provides minimum qualifications for licensure to practice orthotics, prosthetics, and pedorthics. An applicant must be 18 years of age or older and must:

- Submit an application and fee;
- Submit fingerprint forms and the cost of the state and national criminal background checks;
- Be of good moral character;

[28] Section 467.205, F.S.
[29] Section 468.80, F.S.

- Have completed a one year residency or internship in orthotics or prosthetics approved by the Board of Orthotists and Prosthetists (BOAP); and
- Meet the following degree requirements to take the appropriate BOAP-approved examination:
  - *Orthoptist*: A bachelor of science or higher-level postgraduate degree in orthotics and prosthetics from a regionally accredited college or university, or a bachelor's degree with a certificate in orthotics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the BOAP.
  - *Prosthetist:* A bachelor of science or higher-level postgraduate degree in orthotics and prosthetics from a regionally accredited college or university, or a bachelor's degree with a certificate in prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the BOAP; and
- Pass the BOAP-approved examination.

Clinical Lab Personnel

Part I of ch. 483, F.S., regulates clinical laboratory personnel. "Clinical laboratory personnel" includes a clinical laboratory director, supervisor, technologist, blood gas analyst, or technician who performs or is responsible for laboratory test procedures, but the term does not include trainees, persons who perform screening for blood banks or plasmapheresis centers, phlebotomists, or persons employed by a clinical laboratory to perform manual pretesting duties or clerical, personnel, or other administrative responsibilities.[30]

Section 483.824(2), F.S., requires that the doctoral degree held by a clinical laboratory director must be from a regionally-accredited institution in a chemical, physical, or biological science.

Psychologists

Chapter 490, F.S., regulates the practice of psychology by psychologists. A psychologist is a person licensed by examination under s. 490.005(1), F.S., or endorsement under s. 490.006, F.S.

Section 490.003. F.S., defines a "doctoral-level psychological education" and "doctoral degree in psychology" as of July 1, 1999, to include a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and graduated:

- Had institutional accreditation from an agency recognized and approved by the U.S. Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada; and
- Had programmatic accreditation from the American Psychological Association (APA).

Section 490.005, F.S., provides that any person desiring to be licensed by examination as a psychologist must apply to the DOH to take the licensure examination. The DOH will license each applicant who the Board of Psychology (BOP) certifies has:

- Completed an application and submitted a fee;

[30] Section 483.803(4), F.S.

- Submitted proof satisfactory to the BOP that the applicant has received:
  - Doctoral-level psychological education; or
  - The equivalent of a doctoral-level psychological education from a program at a school or university located outside the U.S.;
- Had at least two years or 4,000 hours of experience in the field of psychology; and
- Passed the licensing examination.

Section 490.0051, F.S., also requires the DOH to issue a provisional psychology license to each applicant who the BOP certifies has:
- Completed the application form and paid the fee;
- Earned a doctoral degree in psychology as defined in s. 490.003(3); and
- Met any additional requirements established by BOP rule.

Provisional licensees must practice under the supervision of a licensed psychologist until the provisional licensee receives a license or a letter from the DOH stating that he or she is licensed as a psychologist. A provisional license expires 24 months after the date it is issued and may not be renewed or reissued.

Mental Health Professionals

Section 491.005, F.S., sets out the educational and examination requirements for a clinical social worker, marriage and family therapist, and mental health counselor to obtain a license by examination in Florida. An individual applying for licensure by examination who has satisfied the clinical experience requirements of s. 491.005, F.S., or an individual applying for licensure by endorsement pursuant to s. 491.006, F.S., intending to provide clinical social work, marriage and family therapy, or mental health counseling services in Florida, while satisfying coursework or examination requirements for licensure, must obtain a provisional license in the profession for which he or she is seeking licensure prior to beginning practice.[31]

An individual who has not satisfied the postgraduate or post-master's level of experience requirements under s. 491.005, F.S., must register as an intern in the profession for which he or she is seeking licensure before commencing the post-master's experience requirement. An individual who intends to satisfy part of the required graduate-level practicum, internship, or field experience outside the academic arena, must register as an intern in the profession for which he or she is seeking licensure before commencing the practicum, internship, or field experience.[32]

Clinical Social Workers

Section 491.005(1), F.S., relates to licensure by examination for clinical social workers. The DOH must issue a license to an applicant as a clinical social worker if the Board of Clinical Social Work, Marriage and Family Therapy, and Mental Health Counseling (Board) certifies that the applicant:
- Has submitted an application and appropriate fees;

[31] Section 491.0046, F.S.
[32] Section 491.0045, F.S.

- Has earned a doctoral degree in social work from a graduate school of social work accredited by an accrediting agency recognized by the U.S. Department of Education, or a master's degree in social work from a graduate school of social work which:
  - Was accredited by the Council on Social Work Education (CSWE);
  - Was accredited by the Canadian Association of Schools of Social Work (CASSW); or
  - Has been determined to be an equivalent program to programs approved by the CSWE by the Foreign Equivalency Determination Service of the CSWE;
  - Completed all of the following coursework:
    - A supervised field placement during which the applicant provided clinical services directly to clients; and
    - Twenty-four semester hours or 32 quarter hours in theory of human behavior and practice methods as courses in clinically oriented services, with a minimum of one course in psychopathology and no more than one course in research;
- Has completed at least two post graduate years of clinical social work experience under the supervision of a licensed clinical social worker or the equivalent supervisor as determined by the Board;[33]
- Has passed a theory and practice examination; and
- Demonstrates, in a manner designated by Board rule, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.

Marriage and Family Therapists

Section 491.005(3), F.S., relates to licensure by examination for marriage and family therapists. The DOH must issue a license to an applicant as a marriage and family therapist if the Board certifies that the applicant has:

- Submitted an application and appropriate fee;
- A minimum of a master's degree with major emphasis in marriage and family therapy or a closely related field from a:
  - Program accredited by the Commission on Accreditation for Marriage and Family Therapy Education (CAMFTE); or
  - Florida university program accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP);
- Documentation of the completion of graduate courses approved by the Board;[34]
- Completed at least two years of clinical experience during which 50 percent of the applicant's clients were receiving marriage and family therapy services:
  - At the post-master's level; and
  - Under the supervision of a licensed marriage and family therapist with at least five years of experience, or the equivalent, and whom the Board determines is a qualified supervisor;

[33] Section 491.005(1)(c), F.S. An individual who intends to practice in Florida to satisfy clinical experience requirements must register with the DOH pursuant to s. 491.0045, F.S., before commencing practice.

[34] Section 491.005(3)(b), F.S. If the course title that appears on the applicant's transcript does not clearly identify the content of the coursework, the applicant must provide additional documentation, including, but not limited to, a syllabus or catalog description published for the course.

- Passed a theory and practice examination provided by the DOH;[35]
- Demonstrated, in a manner designated by Board rule, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.[36]

The required master's degree must have been earned at an institution of higher education that, at the time the applicant graduated, was fully accredited by a regional accrediting body recognized by:

- The Commission on Recognition of Postsecondary Accreditation (CORPA);
- A member in good standing with the Association of Universities and Colleges of Canada; or
- An institution of higher education located outside the United States and Canada which, at the time the applicant attended and graduated, maintained a standard of training substantially equivalent to the standards of training of those institutions in the United States which are accredited by a regional accrediting body recognized by the CORPA.[37]

The applicant has the burden of establishing that all above requirements for licensure are met.

An applicant who has a master's degree from a program that did not emphasize marriage and family therapy may complete the coursework requirement in an institution fully accredited by the CAMFTE, and recognized by the U.S. Department of Education.

To satisfy the clinical experience requirements, an individual who intends to practice in Florida must register with the DOH before he or she may commence practice.

A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

The DOH must issue a dual license to persons licensed as psychologists, clinical social workers, mental health counselors, and psychiatric advanced practice registered nurses, if the candidate has:

- A valid, active license for at least three years; and
- Passed the examination provided by the DOH for marriage and family therapy.

Mental Health Counselors

Section 491.005(4), F.S., relates to licensure by examination for mental health counselors. Education and training in mental health counseling must have been received in an institution of higher education that, at the time the applicant graduated, was fully accredited by:

[35] *See* s. 491.004(5), F.S., and Fla. Admin. Code R. 64B4-3.003(2)(c) and 3, (2021). The DOH no longer provides the theory and practice examination for Marriage and Family Therapists. The examination used is the one developed by the Examination Advisory Committee of the Association of Marital and Family Therapy Regulatory Board (AMFTRB). The minimum passing score is established by that provider as well.
[36] *See* Fla. Admin. Code R. 64B4-3.0035, (2021).
[37] *Id.* Such foreign education and training must have been received in an institution or program of higher education officially recognized by the government of the country in which it is located as an institution or program to train students to practice as professional marriage and family therapists or psychotherapists.

- A regional accrediting body recognized by the Council for Higher Education Accreditation (CHEA) or its successor;
- A publicly recognized member in good standing with the Association of Universities and Colleges of Canada; or
- An institution of higher education located outside the United States and Canada which, at the time the applicant was enrolled and at the time the applicant graduated, was officially recognized by the government of the country in which it is located as an institution or program, to train students to practice as mental health counselors that maintained a standard of training substantially equivalent to the standards of training of those institutions in the United States which are accredited by a regional accrediting body recognized by the CHEA or its successor.

The DOH must issue a license to an applicant as a mental health counselor if the Board certifies that the applicant has:

- Submitted an application and appropriate fees;
- Earned a minimum of a master's degree from:
  - A mental health counseling program accredited by the CACREP[38] which includes clinical and didactic instruction, including courses in human sexuality and substance abuse; or
  - A non-CACREP accredited program related to the practice of mental health counseling, but with coursework and practicum, internship, or fieldwork that meet all of the following:
    - Thirty-three semester hours, or 44 quarter hours, which must include a minimum of three semester hours, or four quarter hours, of graduate-level coursework in 11 specified content areas;[39]or
    - A minimum of one graduate level course emphasizing the diagnostic processes, including differential diagnosis and the use of the current diagnostic tools, such as the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders. The graduate program must have emphasized the common core curricular experience; or
    - An equivalent program to the two previously described options, as determined by the Board, including at least 700 hours of university-sponsored supervised clinical practicum, internship, or field work, that includes at least 280 hours of direct client services, as required by the CACREP accrediting standards for mental health counseling programs. This experience may not be used to satisfy the post-master's clinical experience requirement;

[38] Council for Accreditation of Counseling & Related Educational Programs, *2016 CACREP Standards*, *available at* http://www.cacrep.org/wp-content/uploads/2018/05/2016-Standards-with-Glossary-5.3.2018.pdf (last visited Nov. 20, 2021).
[39] *See* s. 491.005(4)(b)1.a., F.S. The graduate course work must include the following 11 content areas: counseling theories and practice; human growth and development; diagnosis and treatment of psychopathology; human sexuality; group theories and practice; individual evaluation and assessment; career and lifestyle assessment; research and program evaluation; social and cultural foundations; substance abuse; and legal, ethical, and professional standards issues in the practice of mental health counseling. Courses in research, thesis or dissertation work, practicums, internships, or fieldwork may not be applied toward this requirement.

- Had at least two years of clinical experience in mental health counseling, which must be at the post-master's level under the supervision of a licensed mental health counselor or the equivalent who is a Board qualified supervisor;[40]
- Passed a theory and practice examination provided by the DOH;[41] and
- Demonstrated, in a manner designated by Board rule, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.[42]

Beginning July 1, 2025, an applicant for mental health counseling licensure must have a master's degree from a program that is accredited by the CACREP which consists of at least 60 semester hours or 80 quarter hours.

A licensed mental health professional is required to be on the premises when clinical services are provided by a registered intern in a private practice setting. Section 491.005, F. S., contains the same provision for registered clinical social worker interns.

Recent Legislative History of Section 491.005, F.S.

The current program accreditation and licensure requirements in s. 491.005, F.S., for social workers, marriage and family therapists and mental health counselors were enacted during the 2020 legislative session.

As of July 1, 2020, an applicant seeking licensure under current s. 491.005(4), F.S., as a mental health counselor was required to have a master's degree from a program accredited by the CACREP beginning July 1, 2025. Until July 1, 2025, mental health counseling students in programs related to the practice of mental health counseling that were not accredited by the CACREP could still obtain a license as a mental health counselor by satisfying the additional statutory requirements in s. 491.005(4), F.S., which required coursework and practicum, internship, or fieldwork consisting of at least 60 semester hours or 80 quarter hours and meeting other specific requirements. This window of time also gave those non-CACREP accredited programs time to apply for and obtain CACREP accreditation.

However, for marriage and family therapy licensure candidates, the current s. 491.005(3), F.S., contains no similar window of time for students to obtain licensure, or programs to obtain

[40] Section 491.005(4), F.S., An individual who intends to practice in Florida to satisfy the clinical experience requirements must register pursuant to s. 491.0045, F.S., before commencing practice. If a graduate has a master's degree with a major related to the practice of mental health counseling which did not include all the coursework required under sub-subparagraphs (b)1.a. and b., credit for the post-master's level clinical experience may not commence until the applicant has completed a minimum of seven of the courses required under sub-subparagraphs (b)1.a. and b., as determined by the Board, one of which must be a course in psychopathology or abnormal psychology. A doctoral internship may be applied toward the clinical experience requirement.

[41] *See* s. 491.004(5), F.S., and Fla. Admin Code R. 64B4-3.003(2)(b) and 3, (2021). The DOH no longer provides the theory and practice examination for mental health counselors. The examination used is the National Clinical Mental Health Counseling Examination (NCMHCE), clinical simulation examination developed by the National Board for Certified Counselors (NBCC). Applicants for licensure by endorsement may use the National Counselor Examination for Licensure and Certification (NCE) if the exam was taken prior to the year 2000. The minimum passing score is established by the test provider.

[42] Fla. Admin. Code R. 64B4-3.0035, (2021).

CAMFTE or CACREP accreditation. On July 1, 2020, students who had satisfied the previous requirements of s. 491.005(3), F.S., for licensure in programs not accredited by the CAMFTE, or who were in a Florida program not accredited by the CACREP, became immediately unable to obtain a license to practice marriage and family therapy without seeking a variance from the Board.

Currently, there are six universities in Florida with a marriage and family program that are not accredited by either the COAMFTE or CACREP. They are: Carlos Albizu, Jacksonville University, Palm Beach Atlantic University, St. Thomas University, University of Miami, and University of Phoenix. As a result, students who are presently enrolled in a marriage and family program at one of the specified universities will not meet minimum requirements for Florida licensure upon graduation, although the programs did meet the requirements at the time of the student's enrollment.[43]

Regional Accreditation

The minimum qualifications for licensure specified in s. 491.005(3), F.S., includes the requirement of completion of a graduate program from a "regionally accredited body recognized by the Commission on Recognition of Postsecondary Accreditation." The U.S. Department of Education issued a letter of guidance on February 26, 2020, specifying that final regulations published that year omit references to "regional" and "national" accreditation. The letter specifies, "Because the Department holds all accrediting agencies to the same standards, distinctions between regional and national accrediting agencies are unfounded." Provisions implemented in 34 C.F.R. s. 602.32(d), relating to the recognition of accrediting agencies, will become effective January 1, 2021.[44]

Department Examination

The DOH has discontinued the practice of conducting examinations or purchasing examinations for licensure. Applicants are presently responsible for coordinating the completion of an examination with an approved vendor and submitting passing scores to the applicable board to meet minimum qualifications. Current statutory references to the DOH collecting fees for examinations or conducting examinations is not consistent with current practice.[45]

Florida Birth-Related Neurological Injury Compensation Association (NICA)

In 1988, the Florida Legislature created the Florida Birth-Related Neurological Injury Compensation Association (NICA), to provide compensation, long-term medical care, and other services to persons with birth-related neurological injuries.[46] If an infant suffers such an injury, and the physician participates in NICA and delivers obstetrical services in connection with the

[43] Department of Health, *Senate Bill 768 2022 Agency Legislative Bill Analysis - Mental Health Professionals* (July 23, 2021) (on file with the Senate Committee on Health Policy.)
[44] *Id.*
[45] *Id.*
[46] Chapter 88-1, ss. 60-75, Laws of Fla., was enacted by the Legislature to stabilize and reduce malpractice insurance premiums for physicians practicing obstetrics. The intent of the Legislature is to provide compensation, on a no-fault basis, for a limited class of high costs catastrophic injuries, specifically birth-related neurological injuries, that result in unusually high costs for custodial care and rehabilitation. Section 766.301, F.S.

birth, then an administrative award for a compensable injury is the infant's sole and exclusive remedy for the injury, with exceptions.[47] Although the benefits paid under the Florida Birth-Related Neurological Injury Compensation Plan (the Plan) are limited, the Plan does not require the claimant to prove malpractice and provides a streamlined administrative hearing process to resolve the claim.[48]

A "birth-related neurological injury" is an injury to the brain or spinal cord of a live infant who weighs at least 2,500 grams for a single gestation or, in the case of a multiple gestation, a live infant who weighs at least 2,000 grams at birth caused by oxygen deprivation or by mechanical injury occurring in the course of labor, delivery, or resuscitation in the immediate post-delivery period in a hospital.[49] Such an injury addressed by this statute renders the infant permanently and substantially mentally and physically impaired.[50]

The NICA is an independent association, and was created by the Legislature to manage the Plan. Although it is not a state agency, NICA is subject to regulation and oversight by the Office of Insurance Regulation (OIR) and the Joint Legislative Auditing Committee. Directors on the NICA's board are appointed by the Chief Financial Officer for staggered terms of three years or until their successor is appointed, but there is no limit on the number of terms a director may serve.[51] The five-member board of directors of NICA administers the Plan.[52] The board of directors is composed of:

- One citizen representative;
- One representative of participating physicians;
- One representative of hospitals;
- One representative of casualty insurers; and
- One representative of physicians other than participating physicians.[53]

The duties of the NICA board of directors include:

- Administering the Plan;
- Administering the funds collected on behalf of the Plan;
- Reviewing and paying claims;
- Directing the investment and reinvestment of any surplus funds over losses and expenses, provided that any investment income generated thereby remains credited to the Plan;
- Reinsuring the risks of the Plan in whole or in part;
- Suing and being sued, appearing and defending, in all actions and proceedings in its name;
- Exercising all powers necessary or convenient to effect any or all of the purposes for which the Plan was created;
- Entering into such contracts as are necessary or proper to administer the Plan;
- Employing or retaining such persons as are necessary to perform the administrative and financial transactions and responsibilities of the Plan;

[53] Section 766.315, F.S., and ch. 88-1, s. 74, Laws of Fla.

- Taking such legal action as may be necessary to avoid payment of improper claims; and
- Indemnifying any person acting on behalf of the Plan in an official capacity, provided that such person acted in good faith.[54]

Annually, the NICA must furnish audited financial reports to:
- Any Plan participant upon request;
- The OIR; and
- The Joint Legislative Auditing Committee.[55]

The reports must be prepared in accordance with accepted accounting procedures. The OIR or the Joint Legislative Auditing Committee may conduct an audit of the Plan at any time.[56]

Rare Disease Advisory Council

Section 20.03, F.S., defines an advisory council as an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives. Section 20.052, F.S., requires that each advisory council established may be created only when it is found to be necessary and beneficial to the furtherance of a public purpose, and such a council must be terminated by the Legislature when it is no longer necessary.[57] An advisory body may not be created unless:
- It meets a statutorily defined purpose;
- Its powers and responsibilities conform with the definitions for governmental units in s. 20.03, F.S.;
- Its members, unless expressly provided otherwise in the State Constitution, are appointed for four-year staggered terms; and
- Its members, unless expressly provided otherwise by specific statutory enactment, serve without additional compensation or honorarium, and are authorized to receive only per diem and reimbursement for travel expenses as provided in s. 112.061, F.S.

The section also requires that:
- The private citizen members of an advisory body that is adjunct to an executive agency must be appointed by the Governor, the head of the department, the executive director of the department, or a Cabinet officer.
- Unless an exemption is otherwise specifically provided by law, all meetings of an advisory body, commission, board of trustees, or other collegial body adjunct to an executive agency are public meetings under s. 286.011, F.S. Minutes, including a record of all votes cast, must be maintained for all meetings.
- If an advisory body, commission, board of trustees, or other collegial body that is adjunct to an executive agency is abolished, its records must be appropriately stored, within 30 days after the effective date of its abolition, by the executive agency to which it was adjunct, and

[54] Section 766.315(4), F.S.

[56] *Id*.
[57] The agency to which an advisory body is adjunct must advise the Legislature at the time the advisory body ceases to be essential to the furtherance of a public purpose.

any property assigned to it must be reclaimed by the executive agency. The advisory body, commission, board of trustees, or other collegial body may not perform any activities after the effective date of its abolition.

The Rare Disease Advisory Council was established in ch. 2021-122, L.O.F.[58], creating s. 381.99 F.S.[59] The Council is created adjunct to the DOH for the purpose of providing recommendations on ways to improve health outcomes for individuals with rare diseases. The bill defines a rare disease as a disease that affects fewer than 200,000 people in the United States.

The advisory council is composed of the following members:[60]
The Governor is required to appoint members to the Council as follows:

- A representative of the Department of Health.
- A representative of the Agency for Health Care Administration.
- A representative of the Office of Insurance Regulation.
- A representative of the Department of Education.
- One geneticist practicing in this state.
- One registered nurse or advanced practice registered nurse who is licensed and practicing in this state with experience treating rare diseases.
- One hospital administrator from a hospital in this state that provides care to individuals diagnosed with rare diseases.
- A pharmacist who is licensed and practicing in this state who has experience with drugs that are used to treat rare diseases.
- A representative of the biotechnology industry.
- A representative of health insurance companies.

The President of the Senate is required to appoint members to the Council as follows:

- A representative from an academic research institution in this state which receives grant funding for research regarding rare diseases.
- A physician who is licensed under chapter 458 or chapter 459 and practicing in this state with experience in treating rare diseases.
- An individual who is 18 years of age or older who has a rare disease.
- An individual who is a caregiver of an individual with a rare disease.

A representative of an organization operating in this state which provides care or other support to individuals with rare disease.

The Speaker of the House of Representatives is required to appoint members to the Council as follows:

- A representative from an academic research institution in this state which receives grant funding for research regarding rare diseases.
- A physician who is licensed under chapter 458 or chapter 459 and practicing in this state with experience in treating rare diseases.
- An individual who is 18 years of age or older who has a rare disease.

[58] Chapter 2021-122
[59] Section 381.99, F.S.
[60] Section 381.99(2), F.S.

- An individual who is a caregiver of an individual with a rare disease.
- A representative of an organization operating in this state which provides care or other support to individuals with rare disease.

Members of the Council must be appointed by September 1, 2021, and are appointed for four-year terms except that Governor's appointees are initially appointed to a two-year term to stagger the appointments. The Council is required to hold its initial meeting by October 1, 2021, and may meet upon the call of the chair or upon the request of the majority of its members thereafter. The Council is authorized to meet electronically.

Healthy Start

Healthy Start is a free home visiting program that provides education and care coordination to pregnant women and families of children under the age of three. The goal of the program is to lower risk factors associated with preterm birth, low birth weight, infant mortality and poor developmental outcomes.[61]

Responsibility for coordination of Healthy Start resides with the local Healthy Start Coalitions. There are currently 33 coalitions, organized as non-profit agencies which serve all 67 counties.[62] The coalitions are overseen by the DOH.

In 2001, the Agency for Health Care Administration (AHCA), in collaboration with the DOH and the Healthy Start Coalition Association, developed a 1915(b) waiver to provide additional funds for Healthy Start services in order to increase the state's capacity to improve maternal and child health outcomes. The waiver, known as MomCare, was approved, and beginning July 1, 2001, Healthy Start services became eligible for Medicaid reimbursement for pregnant women and children up to age three who are enrolled in Medicaid.[63]

In 2011, the Legislature directed the AHCA to contract with an administrative services organization representing all Healthy Start Coalitions in order to continue the MomCare waiver services of care coordination, and other services. All managed care plans were also required to contract with the Healthy Start Coalitions in their regions in order to coordinate services provided to pregnant women and infants.[64]

Healthy Start MomCare Network

The Healthy Start MomCare Network, Inc. (MomCare) is an administrative service organization representing all Healthy Start Coalitions under the provisions of s. 409.975(4)(a), F.S. MomCare is tasked with implementing services provided to Medicaid recipients during pregnancy and after delivery, and contracts with the AHCA and the coalitions to establish specific programs and

[64] Chapter 2011-134, s. 16, Laws of Fla.

procedures to improve pregnancy outcomes and infant health among Medicaid recipients. In addition, MomCare coordinates with managed care plans in providing care for Healthy Start participants.[65]

NICA Funding

The initial funding for the Plan is derived from an appropriation of $20 million by the Legislature at the time the Plan was created[66] and annual assessments paid by physicians and hospitals.[67] A participating physician is required to pay a $5,000 fee each year for coverage which runs January 1 through December 31.[68] All licensed Florida physicians pay a mandatory fee of $250, regardless of specialty. Hospitals pay $50 for each live birth during the previous calendar year. Certain exemptions apply to all of these categories, including resident physicians, retired physicians, government physicians, and facilities.[69] In 2019, NICA collected $26,989,960 in hospital and physician assessments. In 2020, NICA collected $27,000,000.[70]

Section 766.314, F.S., requires the OIR to maintain a $20 million reserve in the Insurance Regulatory Trust Fund. If the assessments collected and the appropriation of funds provided by ch. 88-277, s. 41, Laws of Florida, to the Plan from the trust fund are insufficient to maintain the Plan on an actuarially sound basis, the OIR is authorized to transfer an additional amount up to $20 million to the NICA from the Insurance Regulatory Trust Fund reserve.[71]

Obsolete Statutory References and Provisions

Currently, s. 766.314, F.S., contains numerous references to the Department of Business and Professional Regulation (DBPR) as the agency housing the Florida Board of Medicine and the Florida Board of Osteopathic Medicine. All medical boards were moved to the DOH in the early 2000s. The DOH accepted all of the responsibilities in this statute when the boards moved; however, the statute still indicates that these functions should be performed by the DBPR. In addition, the statute contains obsolete language related to how the initial NICA assessment was collected in 1988. This language is no longer needed.

"Following Year" Assessments

The statute requires the DBPR to collect the initial NICA assessment (fee) from all applicants. The statute also requires that if a license is being issued between October 1 and December 31, the DBPR is to collect the fee for the following year.

Currently, the DOH is not collecting the "following year" fees from individuals licensed during the specified period. Every licensee pays the initial NICA assessment (ranging from $0 to $5,000) at the time of application. The "following year" fees have been collected directly by

[71] Section 766.314(5)(b), F.S.

NICA since the boards were moved to the DOH. NICA requires fees to be paid by January 31 of the calendar year.

Data Sharing with NICA

The statute requires the DBPR to provide a listing in a computer-readable format of the names and addresses of physicians licensed under chs. 458 and 459, F.S., as often "as determined to be necessary."

Currently, the DOH provides NICA with a list of newly licensed physicians each month, including their license numbers, the date they were licensed, and the fees collected. Any additional information that NICA may need can be downloaded from the DOH's website. This coincides with the transfer of those fees collected by the DOH to NICA, allowing NICA to reconcile the amount received with the fees listed in the monthly report.

III. Effect of Proposed Changes:

Targeted Outreach for Pregnant Women

The bill amends s. 381.0045, F.S., to:

- Add pregnant women who are suffering from mental health problems to the list of outreach targets;
- Encourage high risk pregnant women to get tested for other sexually transmissible diseases, as well as human immunodeficiency virus (HIV), per the Department of Health (DOH) rule;
- Provide pregnant women with information on:
  - The need for antiretroviral medications, deleting reference to a single type of antiretroviral (AZT), for themselves and their newborn; and
  - How to access antiretroviral medications after discharge from the hospital;
- Link women to mental health services; and
- Require additional follow up for HIV-exposed newborns to determine final HIV status and ensure continued linkages to care, if needed.

Special Needs Shelters

The bill amends s. 381.0303, F.S., and removes Children's Medical Services (CMS) from responsibility for coordinating local medical and health care providers, the American Red Cross, and other interested parties in developing a plan for the staffing and medical management of pediatric special needs shelters. The bill instead specifies that the DOH has the sole lead-agency responsibility in the coordination of local medical and health care providers for the staffing and management of pediatric special needs shelters and is the decision-making authority for determining the medical supervision in each special needs shelter. Under the bill, the DOH will no longer share that duty with CMS.

Medical Marijuana Sampling and Testing

The bill amends s. 381.986, F.S., related to the medical use of marijuana to:

- Allow the DOH to collect samples of marijuana and marijuana delivery devices from a medical marijuana treatment center (MMTC) for specified testing. Currently, the DOH may only collect samples of edibles;
- Expand MMTC recall requirements to all marijuana products and delivery devices, rather than only edibles; and Provide an exception from criminal laws for the DOH employees to acquire, possess, test, transport, and lawfully dispose of marijuana and marijuana delivery devices; and
- Allows an MMTC applicant that applies for the MMTC license reserved for a class member of Pigford v. Glickman or In Re Black Farmers Litigation to transfer its application fee to one subsequent opportunity to apply for licensure as an MMTC if that applicant is determined through the application process to be a member of the Pigford v. Glickman or In Re Black Farmers Litigation and is not awarded that license.

Additional Disclosure Requirement for Physician Licensure and Renewal

The bill amends s. 456.039, F.S., requiring each physician seeking licensure, or license renewal, under chs, 458 or 459, F.S., to provide, in addition to the other requirements, proof of payment of the Neurological Injury Compensation Association (NICA) assessment required under s. 766.314, F.S., if applicable.

Chiropractic Licensure

The bill amends s. 460.406, F.S., to delete references to the term "regional" and replaces it with the term "institutional" to conform with the U.S. Department of Education accreditation nomenclature for approving educational institutions.

Nursing Licensure and Disciplinary Actions

The bill amend s. 464.008, F.S., and deletes the requirement that graduates from an approved nursing program who do not take the licensure examination within six months after graduation, must successfully complete and pay for a board-approved licensure examination preparatory course.

The bill also amends s. 464.018(1)(e), F.S., and moves the placement of the phrase, "regardless of adjudication," after the phrase "[h]aving been found guilty of, or entered a plea of nolo contendere or guilty to", to clarify that "regardless of adjudication" does not apply only to guilty pleas but to any plea to offenses listed in ss. 435.04, F.S., or 741.28, F.S.

Midwifery

The bill amends s. 467.003(12) to clearly define "preceptor" in the midwifery education process. Specifically, the bill provides that a preceptor may not supervise an individual as a midwifery student unless the student has been enrolled in an approved midwifery program.

The bill defines "prelicensure course" to mean a course of study, offered by an accredited midwifery program and approved by the DOH, which an applicant for licensure must complete before a license may be issued, and which provides instruction in the laws and rules of Florida

and demonstrates the student's competency to practice midwifery. The bill clarifies language to promote consistency in terminology and that midwifery programs must incorporate all required standards, guidelines, and education objectives.

The bill also clarifies that both a high school diploma or the equivalent and three college-level credits in math and English or demonstration of competency in communication and computation may be required for admission to a midwifery program. The bill amends s. 467.009, F.S., and requires, for the accreditation and approval of midwifery programs, that a program's clinical training must include all of the following:

- Care for 50 women in each of the prenatal, intrapartal, and postpartal periods under the supervision of a preceptor;
- Observation of an additional 25 women in the intrapartal period before qualifying for a license;
- Training in a hospital or alternate birth settings or both; and
- Assessment and differentiation between a high-risk and low-risk pregnancy.

The bill amends s. 467.011, F.S., to require the following for the issuance of a midwifery license:

- Application and fee;
- Graduation from:
  - An accredited and approved midwifery program;
  - A medical or midwifery program offered in another jurisdiction whose graduation requirements were equivalent to or exceeded those required in Florida;
  - Completion of a prelicensure course offered by an accredited and approved midwifery program; and
  - A passing score on the examination specified by the DOH.

The bill amends s. 467.0125, F.S, to repeal the abbreviated oral examination to determine the applicant's competency without a written examination for temporary certificates and clarifies the criteria for obtaining a license by endorsement and temporary certificate to practice in areas of critical need. The bill does not specifically define "areas of critical need" for temporary certificates but requires the applicant to:

- Specify that he or she will only practice in one or more of the following areas:
  - A county health department;
  - A correctional facility;
  - A U.S. Department of Veterans' Affairs clinic;
  - A community health center funded by s. 329, s. 330, or s. 340 of the United States Public Health Service Act;
  - Any other agency or institution that is approved by the state Surgeon General that provides health care to meet the needs of an underserved populations in this state; or
  - Areas of critical need determined by the state Surgeon General, which areas include, but are not be limited to, health professional shortage areas designated by the U.S. Department of Health and Human Services.
- Practice only under the supervision of a physician, an Advanced Practice Registered Nurse (APRN) certified nurse midwife or a midwife licensed under ch. 467, F.S., who has a minimum of three years professional experience; and

- Voluntarily relinquish the temporary certificate, or report a new practice area of critical need to the DOH, if his or her current practice area ceases to be an area of critical need.

The bill amends s. 467.205, F.S., to update the DOH's approval process of midwifery programs to allow such programs to be provisionally approved for five years. This conforms to the five-year period provisional licensure period the Florida Department of Education's Commission for Independent Education uses when seeking accreditation status. For private institutions, the bill adds to the Council for Higher Education Accreditation (CHEA), an accrediting agency approved by the U.S. Department of Education, as an institutional accrediting agency for direct-entry midwifery education programs and its licensing or provisional licensing by the Commission for Independent Education. The DOH will be able to give provisional approval to a new program that has met all requirements except for showing its students have an 80-percent passage rate on the national exam. Programs provisionally approved will have five years to demonstrate the required exam approval rate after they are preliminary approved.

The bill requires the DOH to certify every three years whether each approved midwifery program is compliant and has maintained compliance with the requirements of s. 467.009, F.S., or has lost its accreditation status. The DOH must provide its finding to the program in writing and may place the program on probationary status for a specified period of time, not to exceed three years. If a program on probationary status does not come into compliance or regain its accreditation status within the specified time, the DOH may rescind the program's approval.

Practice of Orthotics, Prosthetics, and Pedorthics

The bill amends part XIV of ch. 468, F.S., to reflect current procedures for applicants to obtain a criminal history check and the method of transmission to the DOH for review. The DOH no longer collects fingerprint forms or fees from applicants to process the initial criminal history check for licensure. Applicants are required to complete fingerprinting electronically through independent vendors and provide an originating agency identifier number specific to the profession for the results to be submitted to the DOH. If a criminal history is indicated, the BOAP will review the application for consideration of licensure.[72]

The bill also amends the educational requirements for orthotists and prosthetists. The orthoptist and prosthetists acceptable bachelor of science or higher-level postgraduate degree in orthotics and prosthetics from an accredited college or university must now also specifically be recognized by the Commission on Accreditation of Allied Health Education Programs.

The bill deletes references to the term "regionally accredited" and replaces it with the term "institutionally accredited" or simply references the programmatic accrediting body to conform with the U.S. Department of Education accreditation nomenclature for approving educational institutions.[73]

[72] Department of Health, *Senate Bill 768 Fiscal Analysis - Practice of Orthotics, Prosthetics, and Pedorthics* (July 23, 2021) (on file with the Senate Committee on Health Policy).
[73] Department of Health, *Senate Bill 768 2022 Agency Legislative Bill Analysis - Practice of Orthotics, Prosthetics, and Pedorthics* (July 23, 2021) (on file with the Senate Committee on Health Policy).

Clinical Lab Personnel

The bill amends s. 483.824(2), F.S., to delete the reference to the term "regionally" and replace it with "institutionally" in regard to the accredited institution at which a clinical laboratory director is required to have earned a doctoral degree in a chemical, physical, or biological science.

Psychologists

The bill amends ss. 490.003, 490.005, and 490.0051, F.S., to clarify definitions and the educational requirements for psychologists applying for licensure by examination or provisional licensure.

The bill defines a "doctoral degree from an APA accredited program" as a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and graduated had both an institutional accreditation from an agency recognized and approved by the U.S. Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada, and had programmatic accreditation from the American Psychological Association (APA).

The bill further defines "doctoral degree in psychology" as a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and graduated, had institutional accreditation from an agency recognized and approved by the U.S. Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada.

The bill requires psychologists applying for licensure to have obtained a doctoral degree from:
- An APA accredited program; or
- The equivalent of a degree from an APA-accredited program from a school or university located outside the United States which was officially recognized by the government of the country in which it is located as an institution or program to train students to practice professional psychology.

Provisional licensure applicants must have earned a degree from an APA accredited program. Lack of a degree from an APA-accredited program would be grounds for denial of licensure under the bill.

Mental Health Professionals

The bill amends s. 491.005, F.S., effective upon the bill becoming law, to create three pathways to licensure for applicants for a marriage and family therapy license to meet the minimum educational requirements by one of the following methods:
- A minimum of a master's degree in marriage and family therapy from a college or university that is accredited by the Commission on Accreditation for Marriage and Family Therapy Education (CAMFTE);

- A minimum of a master's degree with an emphasis in marriage and family therapy from a college or university that is accredited by the Council on Accreditation of Counseling and Related Educational Programs (CACREP) and graduate courses approved by the board; or
- A minimum of a master's degree with an emphasis in marriage and family therapy or a closely related field, with a degree conferred before September 1, 2027, from an institutionally accredited college or university.

The bill updates the education requirements for marriage and family therapists, including current law's obsolete reference to accreditation by Commission on Recognition of Postsecondary Accreditation (CORPA), which was dissolved in 1997. The bill replaces the CORPA with the CHEA or its successors.

The bill deletes references to the term "regional" in s. 491.005(3), F.S., and replaces it with the term "institutional" to conform to the U.S. Department of Education accreditation nomenclature for approving educational institutions and deletes obsolete statutory references to the DOH collecting fees for examinations or conducting examinations.

Rare Disease Advisory Council

The bill amends s. 381.99, F.S., revising the membership requirement for the Rare Disease Advisory Council to include two individuals who are caregivers for individuals with a rare disease instead of one individual as appointed by both the President of the Senate and the Speaker of the House of Representatives.

Healthy Start Coalitions

The bill amends s. 383.216, F.S., authorizing the administrative services organization representing all Healthy Start Coalitions under s. 409.975(4) to use any method of telecommunication to conduct meetings for any authorized function, provided that the public is given proper notice of and reasonable access to the meeting.

Florida Birth-Related Neurological Injury Compensation Association (NICA)

The bill amends s. 766.314, F.S., deleting references to the Department of Business and Professional Regulation (DBPR) and revising the frequency and content of certain reports which the DOH must submit to the NICA. The bill eliminates unnecessary and obsolete language regarding the initial fees collected in 1988.

The bill deletes obsolete language and updates provisions to conform to current law. The bill authorizes the NICA to enforce the collection of physician assessments in circuit court under certain circumstances and requires the NICA to notify the DOH and the appropriate regulatory board of any unpaid final judgments against a physician within seven days of the issuance of a final judgment.

The bill updates the provisions regarding data sharing with the NICA to reflect current DOH practice and requires the DOH to continue providing NICA with an electronic monthly report of

physicians licensed in the previous month, including their license numbers, the date they were licensed, and the fees collected.

The bill amends s. 766.31, F.S., revising the eligibility requirements for parents or legal guardians who received an award under the Florida Birth-Related Neurological Injury Compensation Plan before January 1, 2021, to eliminate the requirement that the child must be currently receiving benefits under the plan to receive the award. The bill requires the plan to make retroactive payments in a lump sum or in periodic payments as designated by the parents or legal guardians by July 1, 2022, to eligible parents or legal guardians.

The bill provides an effective date of July 1, 2022, except as otherwise provided.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The Department of Health (DOH) indicates it will experience a non-recurring workload increase associated with updating online applications and websites; limited costs associated with rule making; limited costs associated with updating licensure databases

and the License and Enforcement System; and minimal costs associated with testing from medical marijuana treatment centers (MMTCs). According to the DOH, current resources are adequate to absorb these costs.[74]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 381.0045, 381.0303, 381.986, 381.99, 383.216, 456.039, 460.406, 464.008, 464.018, 467.003, 467.009, 467.011, 467.0125, 467.205, 468.803, 483.824, 490.003, 490.005, 490.0051, 491.005, 766.31, and 766.314.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Revises the membership requirement for the Rare Disease Advisory Council to include two individuals who are caregivers for individuals with a rare disease instead of one individual as appointed by both the President of the Senate and the Speaker of the House of Representatives;
- The bill revises the eligibility requirements for parents or legal guardians who received an award under the Florida Birth-Related Neurological Injury Compensation Plan before January 1, 2021, to eliminate the requirement that the child must be currently receiving benefits under the plan to receive the award. The bill requires the plan to make retroactive payments in a lump sum or in periodic payments as designated by the parents or legal guardians by July 1, 2022, to eligible parents or legal guardians;
- The bill authorizes the administrative services organization representing all Healthy Start Coalitions under s. 409.9075(4), to use any method of telecommunication to conduct meetings for any authorized function, provided that the public is given proper notice of and reasonable access to the meeting; and
- Allows an MMTC applicant that applies for the MMTC license reserved for a class member of Pigford v. Glickman or In Re Black Farmers Litigation to transfer its initial application fee to one subsequent opportunity to apply for licensure as an MMTC if that applicant is determined through the application process to be a member

[74] Department of Health, *Senate Bill 768 2022 Agency Legislative Bill Analysis- Practice of Orthotics, Prosthetics, and Pedorthics* (July 23, 2021) (on file with the Senate Committee on Health Policy)

of the Pigford v. Glickman or In Re Black Farmers Litigation and is not awarded that license.

CS by Health Policy on January 26, 2022:
The CS:

- Removes the underlying bill's provisions relating to emergency medical services;
- Requires allopathic and osteopathic physicians who apply to the DOH for Florida licensure to provide proof of payment of any NICA assessments, as applicable;
- Requires NICA to inform the DOH and the applicable regulatory board of an unpaid final judgment against a physician within seven days of the final judgment;
- Removes authority granted by the underlying bill for counseling interns to provide services via telehealth under certain conditions; and
- Makes technical corrections to the underlying bill's provisions relating to practitioner education requirements for numerous practitioner types.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Rouson) recommended the following:

Senate Amendment (with title amendment)

Between lines 139 and 140
insert:

Section 3. Effective upon this act becoming a law, paragraph (a) of subsection (8) of section 381.986, Florida Statutes, is amended to read:

381.986 Medical use of marijuana.—

(8) MEDICAL MARIJUANA TREATMENT CENTERS.—

(a) The department shall license medical marijuana

treatment centers to ensure reasonable statewide accessibility and availability as necessary for qualified patients registered in the medical marijuana use registry and who are issued a physician certification under this section.

1. As soon as practicable, but no later than July 3, 2017, the department shall license as a medical marijuana treatment center any entity that holds an active, unrestricted license to cultivate, process, transport, and dispense low-THC cannabis, medical cannabis, and cannabis delivery devices, under former s. 381.986, Florida Statutes 2016, before July 1, 2017, and which meets the requirements of this section. In addition to the authority granted under this section, these entities are authorized to dispense low-THC cannabis, medical cannabis, and cannabis delivery devices ordered pursuant to former s. 381.986, Florida Statutes 2016, which were entered into the compassionate use registry before July 1, 2017, and are authorized to begin dispensing marijuana under this section on July 3, 2017. The department may grant variances from the representations made in such an entity’s original application for approval under former s. 381.986, Florida Statutes 2014, pursuant to paragraph (e).

2. The department shall license as medical marijuana treatment centers 10 applicants that meet the requirements of this section, under the following parameters:

a. As soon as practicable, but no later than August 1, 2017, the department shall license any applicant whose application was reviewed, evaluated, and scored by the department and which was denied a dispensing organization license by the department under former s. 381.986, Florida Statutes 2014; which had one or more administrative or judicial

challenges pending as of January 1, 2017, or had a final ranking within one point of the highest final ranking in its region under former s. 381.986, Florida Statutes 2014; which meets the requirements of this section; and which provides documentation to the department that it has the existing infrastructure and technical and technological ability to begin cultivating marijuana within 30 days after registration as a medical marijuana treatment center.

b. As soon as practicable, the department shall license one applicant that is a recognized class member of *Pigford v. Glickman*, 185 F.R.D. 82 (D.D.C. 1999), or *In Re Black Farmers Litig.*, 856 F. Supp. 2d 1 (D.D.C. 2011). An applicant licensed under this sub-subparagraph is exempt from the requirement of subparagraph (b)2. An applicant that applies for licensure under this sub-subparagraph, pays its initial application fee, is determined by the department through the application process to qualify as a recognized class member, and is not awarded a license under this sub-subparagraph may transfer its initial application fee to one subsequent opportunity to apply for licensure under subparagraph 4.

c. As soon as practicable, but no later than October 3, 2017, the department shall license applicants that meet the requirements of this section in sufficient numbers to result in 10 total licenses issued under this subparagraph, while accounting for the number of licenses issued under sub-subparagraphs a. and b.

3. For up to two of the licenses issued under subparagraph 2., the department shall give preference to applicants that demonstrate in their applications that they own one or more

134610

facilities that are, or were, used for the canning, concentrating, or otherwise processing of citrus fruit or citrus molasses and will use or convert the facility or facilities for the processing of marijuana.

4. Within 6 months after the registration of 100,000 active qualified patients in the medical marijuana use registry, the department shall license four additional medical marijuana treatment centers that meet the requirements of this section. Thereafter, the department shall license four medical marijuana treatment centers within 6 months after the registration of each additional 100,000 active qualified patients in the medical marijuana use registry that meet the requirements of this section.

Section 3. Present paragraphs (d) through (o) of subsection (1) and present paragraphs (e) through (h) of subsection (14) of section 381.986, Florida Statutes, are redesignated as paragraphs (e) through (p) of subsection (1) and paragraphs (f) through (i) of subsection (14), respectively, a new paragraph (d) is added to subsection (1) and a new paragraph (e) is added

910204

to subsection (14), and paragraphs (a) and (c) of subsection (3) and paragraph (e) of subsection (8) of that section are amended, to read:

381.986 Medical use of marijuana.—

(1) DEFINITIONS.—As used in this section, the term:

(d) "Dispense" means the act of selling, delivering, or otherwise transferring marijuana or a marijuana delivery device to a patient or caregiver.

(3) QUALIFIED PHYSICIANS AND MEDICAL DIRECTORS.—

(a) Before being approved as a qualified physician~~, as defined in paragraph (1)(m),~~ and before each license renewal, a physician must successfully complete a 2-hour course and subsequent examination offered by the Florida Medical Association or the Florida Osteopathic Medical Association which encompass the requirements of this section and any rules adopted hereunder. The course and examination shall be administered at least annually and may be offered in a distance learning format, including an electronic, online format that is available upon request. The price of the course may not exceed $500. A physician who has met the physician education requirements of former s. 381.986(4), Florida Statutes 2016, before June 23, 2017, shall be deemed to be in compliance with this paragraph from June 23, 2017, until 90 days after the course and examination required by this paragraph become available.

(c) Before being employed as a medical director~~, as defined in paragraph (1)(i),~~ and before each license renewal, a medical director must successfully complete a 2-hour course and subsequent examination offered by the Florida Medical Association or the Florida Osteopathic Medical Association which

910204

encompass the requirements of this section and any rules adopted hereunder. The course and examination shall be administered at least annually and may be offered in a distance learning format, including an electronic, online format that is available upon request. The price of the course may not exceed $500.

(8) MEDICAL MARIJUANA TREATMENT CENTERS.—

(e) A licensed medical marijuana treatment center shall cultivate, process, transport, and dispense marijuana for medical use. A licensed medical marijuana treatment center may not contract for services directly related to the cultivation, processing, and dispensing of marijuana or marijuana delivery devices, except that a medical marijuana treatment center licensed pursuant to subparagraph (a)1. may contract with a single entity for the cultivation, processing, transporting, and dispensing of marijuana and marijuana delivery devices and may contract for services to assist the licensed medical marijuana treatment center with receiving and managing orders for marijuana or marijuana delivery devices so long as the actual dispensing is completed by the licensed medical marijuana treatment center. Senate Amendment (with title amendment)

Between lines 1494 and 1495
insert:

Section 19. Effective upon this act becoming a law, paragraph (d) of subsection (1) of section 766.31, Florida Statutes, is amended to read:

766.31 Administrative law judge awards for birth-related neurological injuries; notice of award.—

(1) Upon determining that an infant has sustained a birth-

603264

related neurological injury and that obstetrical services were delivered by a participating physician at the birth, the administrative law judge shall make an award providing compensation for the following items relative to such injury:

(d)1.a. Periodic payments of an award to the parents or legal guardians of the infant found to have sustained a birth-related neurological injury, which award may not exceed $100,000. However, at the discretion of the administrative law judge, such award may be made in a lump sum. Beginning on January 1, 2021, the award may not exceed $250,000, and each January 1 thereafter, the maximum award authorized under this paragraph shall increase by 3 percent.

b. Parents or legal guardians who received an award pursuant to this section before January 1, 2021, ~~and whose child currently receives benefits under the plan~~ must receive a retroactive payment in an amount sufficient to bring the total award paid to the parents or legal guardians pursuant to sub-subparagraph a. to $250,000. This additional payment may be made in a lump sum or in periodic payments as designated by the parents or legal guardians and must be paid by July 1, 2021.

2.a. Death benefit for the infant in an amount of $50,000.

b. Parents or legal guardians who received an award pursuant to this section, and whose child died since the inception of the program, must receive a retroactive payment in an amount sufficient to bring the total award paid to the parents or legal guardians pursuant to sub-subparagraph a. to $50,000. This additional payment may be made in a lump sum or in periodic payments as designated by the parents or legal guardians and must be paid by July 1, 2021.

603264

Should there be a final determination of compensability, and the claimants accept an award under this section, the claimants are ~~shall~~ not ~~be~~ liable for any expenses, including attorney ~~attorney's~~ fees, incurred in connection with the filing of a claim under ss. 766.301-766.316 other than those expenses awarded under this section.

Section 20. The amendment made to s. 766.31(1)(d)1.b., Florida Statutes, by this act applies retroactively. The Florida Birth-Related Neurological Injury Compensation Plan must provide the additional payment required under s. 766.31(1)(d)1.b., Florida Statutes, to parents and legal guardians who are eligible for the additional payment under that sub-subparagraph as a result of the amendment made by this act. The additional payment may be made in a lump sum or in periodic payments as designated by the parents or legal guardians and must be paid by July 1, 2022. This section shall take effect upon this act becoming a law.

terms "doctoral degree from an American Psychological Association accredited program" and "doctoral degree in psychology"; amending ss. 490.005 and 490.0051, F.S.; revising education requirements for psychologist licensure and provisional licensure, respectively; amending s. 491.005, F.S.; revising requirements for licensure of clinical social workers, marriage and family therapists, and mental health counselors; amending s. 766.314, F.S.; deleting obsolete language and updating provisions to conform to current law; revising the frequency with which the department must submit certain reports to the Florida Birth-Related Neurological Injury Compensation Association; revising the content of such reports; authorizing the association to enforce the collection of certain assessments in circuit court under certain circumstances; requiring the association to notify the department and the applicable regulatory board of any unpaid final judgment against a physician within a specified timeframe; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (2) and (3) of section 381.0045, Florida Statutes, are amended to read:

381.0045 Targeted outreach for pregnant women.—

(2) It is the purpose of this section to establish a targeted outreach program for high-risk pregnant women who may not seek proper prenatal care, who suffer from substance abuse

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

or mental health problems, or who have acquired ~~are infected with~~ human immunodeficiency virus (HIV), and to provide these women with links to much-needed ~~much needed~~ services and information.

(3) The department shall:

(a) Conduct outreach programs through contracts with, grants to, or other working relationships with persons or entities where the target population is likely to be found.

(b) Provide outreach that is peer-based, culturally sensitive, and performed in a nonjudgmental manner.

(c) Encourage high-risk pregnant women of unknown status to be tested for HIV and other sexually transmissible diseases as specified by department rule.

(d) Educate women not receiving prenatal care as to the benefits of such care.

(e) Provide ~~HIV-infected~~ pregnant women who have HIV with information on the need for antiretroviral medication for their newborn, their medication options, and how they can access the medication after their discharge from the hospital ~~so they can make an informed decision about the use of Zidovudine (AZT)~~.

(f) Link women with substance abuse treatment and mental health services, when available, and act as a liaison with Healthy Start coalitions, children's medical services, Ryan White-funded providers, and other services of the Department of Health.

(g) Educate pregnant women who have HIV on the importance of engaging in and continuing HIV care.

(h) Provide continued oversight of any newborn exposed to HIV to determine the newborn's final HIV status and ensure

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

continued linkage to care if the newborn is diagnosed with HIV ~~to HIV exposed newborns~~.

Section 2. Paragraphs (a) and (c) of subsection (2) of section 381.0303, Florida Statutes, are amended to read:

381.0303 Special needs shelters.—

(2) SPECIAL NEEDS SHELTER PLAN; STAFFING; STATE AGENCY ASSISTANCE.—If funds have been appropriated to support disaster coordinator positions in county health departments:

(a) The department shall assume lead responsibility for the coordination of local medical and health care providers, the American Red Cross, and other interested parties in developing a plan for the staffing and medical management of special needs shelters and~~. The local Children's Medical Services offices shall assume lead responsibility for the coordination of local medical and health care providers, the American Red Cross, and other interested parties in developing a plan for the staffing and medical management of~~ pediatric special needs shelters. Plans must conform to the local comprehensive emergency management plan.

(c) The appropriate county health department~~, Children's Medical Services office,~~ and local emergency management agency shall jointly decide who has responsibility for medical supervision in each special needs shelter.

Section 3. Present paragraphs (e) through (h) of subsection (14) of section 381.986, Florida Statutes, are redesignated as paragraphs (f) through (i), respectively, a new paragraph (e) is added to that subsection, and paragraph (e) of subsection (8) of that section is amended, to read:

381.986 Medical use of marijuana.—

(8) MEDICAL MARIJUANA TREATMENT CENTERS.—

(e) A licensed medical marijuana treatment center shall cultivate, process, transport, and dispense marijuana for medical use. A licensed medical marijuana treatment center may not contract for services directly related to the cultivation, processing, and dispensing of marijuana or marijuana delivery devices, except that a medical marijuana treatment center licensed pursuant to subparagraph (a)1. may contract with a single entity for the cultivation, processing, transporting, and dispensing of marijuana and marijuana delivery devices. A licensed medical marijuana treatment center must, at all times, maintain compliance with the criteria demonstrated and representations made in the initial application and the criteria established in this subsection. Upon request, the department may grant a medical marijuana treatment center a variance from the representations made in the initial application. Consideration of such a request shall be based upon the individual facts and circumstances surrounding the request. A variance may not be granted unless the requesting medical marijuana treatment center can demonstrate to the department that it has a proposed alternative to the specific representation made in its application which fulfills the same or a similar purpose as the specific representation in a way that the department can reasonably determine will not be a lower standard than the specific representation in the application. A variance may not be granted from the requirements in subparagraph 2. and subparagraphs (b)1. and 2.

1. A licensed medical marijuana treatment center may transfer ownership to an individual or entity who meets the

requirements of this section. A publicly traded corporation or publicly traded company that meets the requirements of this section is not precluded from ownership of a medical marijuana treatment center. To accommodate a change in ownership:

a. The licensed medical marijuana treatment center shall notify the department in writing at least 60 days before the anticipated date of the change of ownership.

b. The individual or entity applying for initial licensure due to a change of ownership must submit an application that must be received by the department at least 60 days before the date of change of ownership.

c. Upon receipt of an application for a license, the department shall examine the application and, within 30 days after receipt, notify the applicant in writing of any apparent errors or omissions and request any additional information required.

d. Requested information omitted from an application for licensure must be filed with the department within 21 days after the department's request for omitted information or the application shall be deemed incomplete and shall be withdrawn from further consideration and the fees shall be forfeited.

e. Within 30 days after the receipt of a complete application, the department shall approve or deny the application.

2. A medical marijuana treatment center, and any individual or entity who directly or indirectly owns, controls, or holds with power to vote 5 percent or more of the voting shares of a medical marijuana treatment center, may not acquire direct or indirect ownership or control of any voting shares or other form

of ownership of any other medical marijuana treatment center.

3. A medical marijuana treatment center may not enter into any form of profit-sharing arrangement with the property owner or lessor of any of its facilities where cultivation, processing, storing, or dispensing of marijuana and marijuana delivery devices occurs.

4. All employees of a medical marijuana treatment center must be 21 years of age or older and have passed a background screening pursuant to subsection (9).

5. Each medical marijuana treatment center must adopt and enforce policies and procedures to ensure employees and volunteers receive training on the legal requirements to dispense marijuana to qualified patients.

6. When growing marijuana, a medical marijuana treatment center:

a. May use pesticides determined by the department, after consultation with the Department of Agriculture and Consumer Services, to be safely applied to plants intended for human consumption, but may not use pesticides designated as restricted-use pesticides pursuant to s. 487.042.

b. Must grow marijuana within an enclosed structure and in a room separate from any other plant.

c. Must inspect seeds and growing plants for plant pests that endanger or threaten the horticultural and agricultural interests of the state in accordance with chapter 581 and any rules adopted thereunder.

d. Must perform fumigation or treatment of plants, or remove and destroy infested or infected plants, in accordance with chapter 581 and any rules adopted thereunder.

7. Each medical marijuana treatment center must produce and make available for purchase at least one low-THC cannabis product.

8. A medical marijuana treatment center that produces edibles must hold a permit to operate as a food establishment pursuant to chapter 500, the Florida Food Safety Act, and must comply with all the requirements for food establishments pursuant to chapter 500 and any rules adopted thereunder. Edibles may not contain more than 200 milligrams of tetrahydrocannabinol, and a single serving portion of an edible may not exceed 10 milligrams of tetrahydrocannabinol. Edibles may have a potency variance of no greater than 15 percent. Edibles may not be attractive to children; be manufactured in the shape of humans, cartoons, or animals; be manufactured in a form that bears any reasonable resemblance to products available for consumption as commercially available candy; or contain any color additives. To discourage consumption of edibles by children, the department shall determine by rule any shapes, forms, and ingredients allowed and prohibited for edibles. Medical marijuana treatment centers may not begin processing or dispensing edibles until after the effective date of the rule. The department shall also adopt sanitation rules providing the standards and requirements for the storage, display, or dispensing of edibles.

9. Within 12 months after licensure, a medical marijuana treatment center must demonstrate to the department that all of its processing facilities have passed a Food Safety Good Manufacturing Practices, such as Global Food Safety Initiative or equivalent, inspection by a nationally accredited certifying

body. A medical marijuana treatment center must immediately stop processing at any facility which fails to pass this inspection until it demonstrates to the department that such facility has met this requirement.

10. A medical marijuana treatment center that produces prerolled marijuana cigarettes may not use wrapping paper made with tobacco or hemp.

11. When processing marijuana, a medical marijuana treatment center must:

a. Process the marijuana within an enclosed structure and in a room separate from other plants or products.

b. Comply with department rules when processing marijuana with hydrocarbon solvents or other solvents or gases exhibiting potential toxicity to humans. The department shall determine by rule the requirements for medical marijuana treatment centers to use such solvents or gases exhibiting potential toxicity to humans.

c. Comply with federal and state laws and regulations and department rules for solid and liquid wastes. The department shall determine by rule procedures for the storage, handling, transportation, management, and disposal of solid and liquid waste generated during marijuana production and processing. The Department of Environmental Protection shall assist the department in developing such rules.

d. Test the processed marijuana using a medical marijuana testing laboratory before it is dispensed. Results must be verified and signed by two medical marijuana treatment center employees. Before dispensing, the medical marijuana treatment center must determine that the test results indicate that low-

THC cannabis meets the definition of low-THC cannabis, the concentration of tetrahydrocannabinol meets the potency requirements of this section, the labeling of the concentration of tetrahydrocannabinol and cannabidiol is accurate, and all marijuana is safe for human consumption and free from contaminants that are unsafe for human consumption. The department shall determine by rule which contaminants must be tested for and the maximum levels of each contaminant which are safe for human consumption. The Department of Agriculture and Consumer Services shall assist the department in developing the testing requirements for contaminants that are unsafe for human consumption in edibles. The department shall also determine by rule the procedures for the treatment of marijuana that fails to meet the testing requirements of this section, s. 381.988, or department rule. The department may select samples of marijuana ~~a random sample~~ from ~~edibles available for purchase in~~ a medical marijuana treatment center ~~dispensing~~ facility which shall be tested by the department to determine whether ~~that~~ the marijuana ~~edible~~ meets the potency requirements of this section, is safe for human consumption, and is accurately labeled with ~~the labeling of~~ the tetrahydrocannabinol and cannabidiol concentration or to verify the result of marijuana testing conducted by a marijuana testing laboratory. The department may also select samples of marijuana delivery devices from a medical marijuana treatment center to determine whether the marijuana delivery device is safe for use by qualified patients ~~is accurate~~. A medical marijuana treatment center may not require payment from the department for the sample. A medical marijuana treatment center must recall marijuana ~~edibles~~, including all

marijuana and marijuana products ~~edibles~~ made from the same batch of marijuana, that fails ~~which fail~~ to meet the potency requirements of this section, that is ~~which are~~ unsafe for human consumption, or for which the labeling of the tetrahydrocannabinol and cannabidiol concentration is inaccurate. A medical marijuana treatment center must also recall all marijuana delivery devices determined to be unsafe for use by qualified patients. The medical marijuana treatment center must retain records of all testing and samples of each homogenous batch of marijuana for at least 9 months. The medical marijuana treatment center must contract with a marijuana testing laboratory to perform audits on the medical marijuana treatment center's standard operating procedures, testing records, and samples and provide the results to the department to confirm that the marijuana or low-THC cannabis meets the requirements of this section and that the marijuana or low-THC cannabis is safe for human consumption. A medical marijuana treatment center shall reserve two processed samples from each batch and retain such samples for at least 9 months for the purpose of such audits. A medical marijuana treatment center may use a laboratory that has not been certified by the department under s. 381.988 until such time as at least one laboratory holds the required certification, but in no event later than July 1, 2018.

e. Package the marijuana in compliance with the United States Poison Prevention Packaging Act of 1970, 15 U.S.C. ss. 1471 et seq.

f. Package the marijuana in a receptacle that has a firmly affixed and legible label stating the following information:

(I) The marijuana or low-THC cannabis meets the requirements of sub-subparagraph d.

(II) The name of the medical marijuana treatment center from which the marijuana originates.

(III) The batch number and harvest number from which the marijuana originates and the date dispensed.

(IV) The name of the physician who issued the physician certification.

(V) The name of the patient.

(VI) The product name, if applicable, and dosage form, including concentration of tetrahydrocannabinol and cannabidiol. The product name may not contain wording commonly associated with products marketed by or to children.

(VII) The recommended dose.

(VIII) A warning that it is illegal to transfer medical marijuana to another person.

(IX) A marijuana universal symbol developed by the department.

12. The medical marijuana treatment center shall include in each package a patient package insert with information on the specific product dispensed related to:

a. Clinical pharmacology.

b. Indications and use.

c. Dosage and administration.

d. Dosage forms and strengths.

e. Contraindications.

f. Warnings and precautions.

g. Adverse reactions.

13. In addition to the packaging and labeling requirements

specified in subparagraphs 11. and 12., marijuana in a form for smoking must be packaged in a sealed receptacle with a legible and prominent warning to keep away from children and a warning that states marijuana smoke contains carcinogens and may negatively affect health. Such receptacles for marijuana in a form for smoking must be plain, opaque, and white without depictions of the product or images other than the medical marijuana treatment center's department-approved logo and the marijuana universal symbol.

14. The department shall adopt rules to regulate the types, appearance, and labeling of marijuana delivery devices dispensed from a medical marijuana treatment center. The rules must require marijuana delivery devices to have an appearance consistent with medical use.

15. Each edible shall be individually sealed in plain, opaque wrapping marked only with the marijuana universal symbol. Where practical, each edible shall be marked with the marijuana universal symbol. In addition to the packaging and labeling requirements in subparagraphs 11. and 12., edible receptacles must be plain, opaque, and white without depictions of the product or images other than the medical marijuana treatment center's department-approved logo and the marijuana universal symbol. The receptacle must also include a list of all the edible's ingredients, storage instructions, an expiration date, a legible and prominent warning to keep away from children and pets, and a warning that the edible has not been produced or inspected pursuant to federal food safety laws.

16. When dispensing marijuana or a marijuana delivery device, a medical marijuana treatment center:

a. May dispense any active, valid order for low-THC cannabis, medical cannabis and cannabis delivery devices issued pursuant to former s. 381.986, Florida Statutes 2016, which was entered into the medical marijuana use registry before July 1, 2017.

b. May not dispense more than a 70-day supply of marijuana within any 70-day period to a qualified patient or caregiver. May not dispense more than one 35-day supply of marijuana in a form for smoking within any 35-day period to a qualified patient or caregiver. A 35-day supply of marijuana in a form for smoking may not exceed 2.5 ounces unless an exception to this amount is approved by the department pursuant to paragraph (4)(f).

c. Must have the medical marijuana treatment center's employee who dispenses the marijuana or a marijuana delivery device enter into the medical marijuana use registry his or her name or unique employee identifier.

d. Must verify that the qualified patient and the caregiver, if applicable, each have an active registration in the medical marijuana use registry and an active and valid medical marijuana use registry identification card, the amount and type of marijuana dispensed matches the physician certification in the medical marijuana use registry for that qualified patient, and the physician certification has not already been filled.

e. May not dispense marijuana to a qualified patient who is younger than 18 years of age. If the qualified patient is younger than 18 years of age, marijuana may only be dispensed to the qualified patient's caregiver.

f. May not dispense or sell any other type of cannabis,

alcohol, or illicit drug-related product, including pipes or wrapping papers made with tobacco or hemp, other than a marijuana delivery device required for the medical use of marijuana and which is specified in a physician certification.

g. Must, upon dispensing the marijuana or marijuana delivery device, record in the registry the date, time, quantity, and form of marijuana dispensed; the type of marijuana delivery device dispensed; and the name and medical marijuana use registry identification number of the qualified patient or caregiver to whom the marijuana delivery device was dispensed.

h. Must ensure that patient records are not visible to anyone other than the qualified patient, his or her caregiver, and authorized medical marijuana treatment center employees.

(14) EXCEPTIONS TO OTHER LAWS.—

(e) Notwithstanding s. 893.13, s. 893.135, s. 893.147, or any other law, but subject to the requirements of this section, the department, including an employee of the department acting within the scope of his or her employment, may acquire, possess, test, transport, and lawfully dispose of marijuana and marijuana delivery devices as provided in this section, in s. 381.988, and by department rule.

Section 4. Subsection (1) of section 456.039, Florida Statutes, is amended to read:

456.039 Designated health care professionals; information required for licensure.—

(1) Each person who applies for initial licensure or license renewal as a physician under chapter 458, chapter 459, chapter 460, or chapter 461, except a person applying for registration pursuant to ss. 458.345 and 459.021, must furnish

the following information to the department~~,~~ at the time of application or~~, and each physician who applies for license renewal under chapter 458, chapter 459, chapter 460, or chapter 461, except a person registered pursuant to ss. 458.345 and 459.021, must,~~ in conjunction with the renewal of such license ~~and~~ under procedures adopted by the department ~~of Health,~~ and in addition to any other information that may be required from the applicant~~, furnish the following information to the Department of Health~~:

(a)1. The name of each medical school that the applicant has attended, with the dates of attendance and the date of graduation, and a description of all graduate medical education completed by the applicant, excluding any coursework taken to satisfy medical licensure continuing education requirements.

2. The name of each hospital at which the applicant has privileges.

3. The address at which the applicant will primarily conduct his or her practice.

4. Any certification that the applicant has received from a specialty board that is recognized by the board to which the applicant is applying.

5. The year that the applicant began practicing medicine.

6. Any appointment to the faculty of a medical school which the applicant currently holds and an indication as to whether the applicant has had the responsibility for graduate medical education within the most recent 10 years.

7. A description of any criminal offense of which the applicant has been found guilty, regardless of whether adjudication of guilt was withheld, or to which the applicant

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

has pled guilty or nolo contendere. A criminal offense committed in another jurisdiction which would have been a felony or misdemeanor if committed in this state must be reported. If the applicant indicates that a criminal offense is under appeal and submits a copy of the notice for appeal of that criminal offense, the department must state that the criminal offense is under appeal if the criminal offense is reported in the applicant's profile. If the applicant indicates to the department that a criminal offense is under appeal, the applicant must, upon disposition of the appeal, submit to the department a copy of the final written order of disposition.

8. A description of any final disciplinary action taken within the previous 10 years against the applicant by the agency regulating the profession that the applicant is or has been licensed to practice, whether in this state or in any other jurisdiction, by a specialty board that is recognized by the American Board of Medical Specialties, the American Osteopathic Association, or a similar national organization, or by a licensed hospital, health maintenance organization, prepaid health clinic, ambulatory surgical center, or nursing home. Disciplinary action includes resignation from or nonrenewal of medical staff membership or the restriction of privileges at a licensed hospital, health maintenance organization, prepaid health clinic, ambulatory surgical center, or nursing home taken in lieu of or in settlement of a pending disciplinary case related to competence or character. If the applicant indicates that the disciplinary action is under appeal and submits a copy of the document initiating an appeal of the disciplinary action, the department must state that the disciplinary action is under

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

appeal if the disciplinary action is reported in the applicant's profile.

9. Relevant professional qualifications as defined by the applicable board.

(b) In addition to the information required under paragraph (a), for each applicant seeking ~~who seeks~~ licensure under chapter 458, chapter 459, or chapter 461~~, and~~ who has practiced previously in this state or in another jurisdiction or a foreign country, ~~must provide~~ the information required of licensees under those chapters pursuant to s. 456.049. An applicant for licensure under chapter 460 who has practiced previously in this state or in another jurisdiction or a foreign country must provide the same information as is required of licensees under chapter 458, pursuant to s. 456.049.

(c) For each applicant seeking licensure under chapter 458 or chapter 459, proof of payment of the assessment required under s. 766.314, if applicable.

Section 5. Subsection (1) of section 460.406, Florida Statutes, is amended to read:

460.406 Licensure by examination.—

(1) Any person desiring to be licensed as a chiropractic physician must apply to the department to take the licensure examination. There shall be an application fee set by the board not to exceed $100 which shall be nonrefundable. There shall also be an examination fee not to exceed $500 plus the actual per applicant cost to the department for purchase of portions of the examination from the National Board of Chiropractic Examiners or a similar national organization, which may be refundable if the applicant is found ineligible to take the

examination. The department shall examine each applicant whom ~~who~~ the board certifies has met all of the following criteria:

(a) Completed the application form and remitted the appropriate fee.

(b) Submitted proof satisfactory to the department that he or she is not less than 18 years of age.

(c) Submitted proof satisfactory to the department that he or she is a graduate of a chiropractic college which is accredited by or has status with the Council on Chiropractic Education or its predecessor agency. However, any applicant who is a graduate of a chiropractic college that was initially accredited by the Council on Chiropractic Education in 1995, who graduated from such college within the 4 years immediately preceding such accreditation, and who is otherwise qualified is ~~shall be~~ eligible to take the examination. An ~~No~~ application for a license to practice chiropractic medicine may not ~~shall~~ be denied solely because the applicant is a graduate of a chiropractic college that subscribes to one philosophy of chiropractic medicine as distinguished from another.

(d)1. For an applicant who has matriculated in a chiropractic college before ~~prior to~~ July 2, 1990, completed at least 2 years of residence college work, consisting of a minimum of one-half the work acceptable for a bachelor's degree granted on the basis of a 4-year period of study, in a college or university accredited by an institutional accrediting agency recognized and approved by the United States Department of Education. However, before ~~prior to~~ being certified by the board to sit for the examination, each applicant who has matriculated in a chiropractic college after July 1, 1990, must ~~shall~~ have

been granted a bachelor's degree, based upon 4 academic years of study, by a college or university accredited by an institutional ~~a regional~~ accrediting agency that ~~which~~ is a member of the Commission on Recognition of Postsecondary Accreditation.

2. Effective July 1, 2000, completed, before ~~prior to~~ matriculation in a chiropractic college, at least 3 years of residence college work, consisting of a minimum of 90 semester hours leading to a bachelor's degree in a liberal arts college or university accredited by an institutional accrediting agency recognized and approved by the United States Department of Education. However, before ~~prior to~~ being certified by the board to sit for the examination, each applicant who has matriculated in a chiropractic college after July 1, 2000, must ~~shall~~ have been granted a bachelor's degree from an institution holding accreditation for that degree from an institutional ~~a regional~~ accrediting agency that ~~which~~ is recognized by the United States Department of Education. The applicant's chiropractic degree must consist of credits earned in the chiropractic program and may not include academic credit for courses from the bachelor's degree.

(e) Successfully completed the National Board of Chiropractic Examiners certification examination in parts I, II, III, and IV, and the physiotherapy examination of the National Board of Chiropractic Examiners, with a score approved by the board.

(f) Submitted to the department a set of fingerprints on a form and under procedures specified by the department, along with payment in an amount equal to the costs incurred by the Department of Health for the criminal background check of the

applicant.

The board may require an applicant who graduated from an institution accredited by the Council on Chiropractic Education more than 10 years before the date of application to the board to take the National Board of Chiropractic Examiners Special Purposes Examination for Chiropractic, or its equivalent, as determined by the board. The board shall establish by rule a passing score.

Section 6. Subsection (4) of section 464.008, Florida Statutes, is amended to read:

464.008 Licensure by examination.—

~~(4) If an applicant who graduates from an approved program does not take the licensure examination within 6 months after graduation, he or she must enroll in and successfully complete a board approved licensure examination preparatory course. The applicant is responsible for all costs associated with the course and may not use state or federal financial aid for such costs. The board shall by rule establish guidelines for licensure examination preparatory courses.~~

Section 7. Paragraph (e) of subsection (1) of section 464.018, Florida Statutes, is amended to read:

464.018 Disciplinary actions.—

(1) The following acts constitute grounds for denial of a license or disciplinary action, as specified in ss. 456.072(2) and 464.0095:

(e) Having been found guilty of~~, regardless of adjudication,~~ or entered a plea of nolo contendere or guilty to, regardless of adjudication, any offense prohibited under s.

435.04 or similar statute of another jurisdiction; or having committed an act which constitutes domestic violence as defined in s. 741.28.

Section 8. Present subsections (13) and (14) of section 467.003, Florida Statutes, are redesignated as subsections (14) and (15), respectively, a new subsection (13) is added to that section, and subsections (1) and (12) of that section are amended, to read:

467.003 Definitions.—As used in this chapter, unless the context otherwise requires:

(1) "Approved midwifery program" means ~~a midwifery school or~~ a midwifery training program ~~which is~~ approved by the department pursuant to s. 467.205.

(12) "Preceptor" means a physician licensed under chapter 458 or chapter 459, a ~~licensed~~ midwife licensed under this chapter, or a certified nurse midwife licensed under chapter 464~~,~~ who has a minimum of 3 years' professional experience~~,~~ and who directs, teaches, supervises, and evaluates the learning experiences of a ~~the~~ student midwife as part of an approved midwifery program.

(13) "Prelicensure course" means a course of study, offered by an accredited midwifery program and approved by the department, which an applicant for licensure must complete before a license may be issued and which provides instruction in the laws and rules of this state and demonstrates the student's competency to practice midwifery under this chapter.

Section 9. Section 467.009, Florida Statutes, is amended to read:

467.009 Accredited and approved midwifery programs;

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

education and training requirements.—

(1) The department shall adopt standards for accredited and approved midwifery programs which must include, but need not be limited to, standards for all of the following:

(a) ~~. The standards shall encompass~~ Clinical and classroom instruction in all aspects of prenatal, intrapartal, and postpartal care, including all of the following:

1. Obstetrics.~~,~~
2. Neonatal pediatrics.~~,~~
3. Basic sciences.~~,~~
4. Female reproductive anatomy and physiology.~~,~~
5. Behavioral sciences.~~,~~
6. Childbirth education.~~,~~
7. Community care.~~,~~
8. Epidemiology.~~,~~
9. Genetics.~~,~~
10. Embryology.~~,~~
11. Neonatology.~~,~~
12. Applied pharmacology.~~,~~
13. The medical and legal aspects of midwifery.~~,~~
14. Gynecology and women's health.~~,~~
15. Family planning.~~,~~
16. Nutrition during pregnancy and lactation.~~,~~
17. Breastfeeding.~~, and~~
18. Basic nursing skills~~; and any other instruction determined by the department and council to be necessary~~.

(b) ~~The standards shall incorporate the~~ Core competencies, incorporating those established by the American College of Nurse Midwives and the Midwives Alliance of North America, including

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

knowledge, skills, and professional behavior in all of the following areas:

1. Primary management, collaborative management, referral, and medical consultation.~~;~~

2. Antepartal, intrapartal, postpartal, and neonatal care.~~;~~

3. Family planning and gynecological care.~~;~~

4. Common complications.~~; and~~

5. Professional responsibilities.

(c) Noncurricular ~~The standards shall include noncurriculum~~ matters under this section, including, but not limited to, staffing and teacher qualifications.

(2) An accredited and approved midwifery program must offer ~~shall include~~ a course of study ~~and clinical training~~ for a minimum of 3 years which incorporates all of the standards, curriculum guidelines, and educational objectives provided in this section and the rules adopted hereunder.

(3) An accredited and approved midwifery program may reduce ~~If the applicant is a registered nurse or a licensed practical nurse or has previous nursing or midwifery education,~~ the required period of training ~~may be reduced~~ to the extent of the student's ~~applicant's~~ qualifications as a registered nurse or licensed practical nurse or based on prior completion of equivalent nursing or midwifery education, as determined ~~under rules adopted~~ by ~~the~~ department rule~~. In no case shall the training be reduced to a period of less than 2 years~~.

(4)~~(3)~~ An accredited and approved midwifery program may accept students who ~~To be accepted into an approved midwifery program, an applicant shall~~ have both:

(a) A high school diploma or its equivalent.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(b) Taken three college-level credits each of math and English or demonstrated competencies in communication and computation.

(5)~~(4)~~ As part of its course of study, an accredited and approved midwifery program must require clinical training that includes all of the following:

(a) ~~A student midwife, during training, shall undertake, under the supervision of a preceptor,~~ The care of 50 women in each of the prenatal, intrapartal, and postpartal periods under the supervision of a preceptor.~~, but~~ The same women need not be seen through all three periods.

(b)~~(5)~~ Observation of ~~The student midwife shall observe~~ an additional 25 women in the intrapartal period ~~before qualifying for a license~~.

(6) Clinical ~~The~~ training required under this section must include all of the following:

(a) ~~shall include~~ Training in ~~either~~ hospitals or alternative birth settings, or both.

(b) A requirement that students demonstrate competency in the assessment of and differentiation~~, with particular emphasis on learning the ability to differentiate~~ between low-risk pregnancies and high-risk pregnancies.

(7) A hospital or birthing center receiving public funds shall be required to provide student midwives access to observe labor, delivery, and postpartal procedures, provided the woman in labor has given informed consent. The Department of Health shall assist in facilitating access to hospital training for accredited and approved midwifery programs.

(8)~~(7)~~ The Department of Education shall adopt curricular

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

frameworks for midwifery programs offered by ~~conducted within~~ public educational institutions under ~~pursuant to~~ this section.

~~(8) Nonpublic educational institutions that conduct approved midwifery programs shall be accredited by a member of the Commission on Recognition of Postsecondary Accreditation and shall be licensed by the Commission for Independent Education.~~

Section 10. Section 467.011, Florida Statutes, is amended to read:

467.011 Licensed midwives; qualifications; examination ~~Licensure by examination~~.—

~~(1) The department shall administer an examination to test the proficiency of applicants in the core competencies required to practice midwifery as specified in s. 467.009.~~

~~(2) The department shall develop, publish, and make available to interested parties at a reasonable cost a bibliography and guide for the examination.~~

~~(3)~~ The department shall issue a license to practice midwifery to an applicant who meets all of the following criteria:

(1) Demonstrates that he or she has graduated from one of the following:

(a) An accredited and approved midwifery program.

(b) A medical or midwifery program offered in another state, jurisdiction, territory, or country whose graduation requirements were equivalent to or exceeded those required by s. 467.009 and the rules adopted thereunder at the time of graduation.

(2) Demonstrates that he or she has ~~and~~ successfully completed a prelicensure course offered by an accredited and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

approved midwifery program. Students graduating from an accredited and approved midwifery program may meet this requirement by showing that the content requirements for the prelicensure course were covered as part of their course of study.

(3) Submits an application for licensure on a form approved by the department and pays the appropriate fee.

(4) Demonstrates that he or she has received a passing score on an ~~the~~ examination specified by the department~~, upon payment of the required licensure fee~~.

Section 11. Section 467.0125, Florida Statutes, is amended to read:

467.0125 Licensed midwives; qualifications; ~~Licensure by~~ endorsement; temporary certificates.—

(1) The department shall issue a license by endorsement to practice midwifery to an applicant who, upon applying to the department, demonstrates to the department that she or he meets all of the following criteria:

(a)~~1. Holds a valid certificate or diploma from a foreign institution of medicine or midwifery or from a midwifery program offered in another state, bearing the seal of the institution or otherwise authenticated, which renders the individual eligible to practice midwifery in the country or state in which it was issued, provided the requirements therefor are deemed by the department to be substantially equivalent to, or to exceed, those established under this chapter and rules adopted under this chapter, and submits therewith a certified translation of the foreign certificate or diploma; or~~

~~2.~~ Holds an active, unencumbered ~~a valid certificate or~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

license to practice midwifery in another state, jurisdiction, or territory ~~issued by that state~~, provided the licensing requirements of that state, jurisdiction, or territory at the time the license was issued were ~~therefor are deemed by the department to be~~ substantially equivalent to~~,~~ or exceeded ~~to exceed,~~ those established under this chapter and the rules adopted hereunder ~~under this chapter~~.

(b) Has successfully completed a ~~4 month~~ prelicensure course conducted by an accredited and approved midwifery program ~~and has submitted documentation to the department of successful completion~~.

(c) Submits an application for licensure on a form approved by the department and pays the appropriate fee ~~Has successfully passed the licensed midwifery examination~~.

(2) The department may issue a temporary certificate to practice in areas of critical need to an applicant ~~any midwife who is~~ qualifying for a midwifery license ~~licensure by endorsement~~ under subsection (1) who meets all of the following criteria~~, with the following restrictions~~:

(a) Submits an application for a temporary certificate on a form approved by the department and pays the appropriate fee, which may not exceed $50 and is in addition to the fee required for licensure by endorsement under subsection (1).

(b) Specifies on the application that he or she will ~~The Department of Health shall determine the areas of critical need, and the midwife so certified shall~~ practice only in one or more of the following locations:

1. A county health department.

2. A correctional facility.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3. A United States Department of Veterans Affairs clinic.

4. A community health center funded by s. 329, s. 330, or s. 340 of the Public Health Service Act.

5. Any other agency or institution that is approved by the State Surgeon General and provides health care to meet the needs of an underserved population in this state.

(c) Will practice only ~~those specific areas,~~ under the supervision ~~auspices~~ of a physician licensed under ~~pursuant to~~ chapter 458 or chapter 459, a certified nurse midwife licensed under ~~pursuant to~~ part I of chapter 464, or a midwife licensed under this chapter~~,~~ who has a minimum of 3 years' professional experience.

(3) The department may issue a temporary certificate under this section with the following restrictions:

(a) A requirement that a temporary certificateholder practice only in areas of critical need. The State Surgeon General shall determine the areas of critical need, which ~~Such areas shall~~ include, but are not ~~be~~ limited to, health professional shortage areas designated by the United States Department of Health and Human Services.

(b) A requirement that if a temporary certificateholder's practice area ceases to be an area of critical need, within 30 days after such change the certificateholder must either:

1. Report a new practice area of critical need to the department; or

2. Voluntarily relinquish the temporary certificate.

(4) The department shall review a temporary certificateholder's practice at least annually to determine whether the certificateholder is meeting the requirements of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

subsections (2) and (3) and the rules adopted thereunder. If the department determines that a certificateholder is not meeting these requirements, the department must revoke the temporary certificate.

(5) A temporary certificate issued under this section is ~~shall be~~ valid ~~only as long as an area~~ for ~~which it is issued remains an area of critical need, but no longer than~~ 2 years~~,~~ and is ~~shall~~ not ~~be~~ renewable.

~~(c) The department may administer an abbreviated oral examination to determine the midwife's competency, but no written regular examination shall be necessary.~~

~~(d) The department shall not issue a temporary certificate to any midwife who is under investigation in another state for an act which would constitute a violation of this chapter until such time as the investigation is complete, at which time the provisions of this section shall apply.~~

~~(e) The department shall review the practice under a temporary certificate at least annually to ascertain that the minimum requirements of the midwifery rules promulgated under this chapter are being met. If it is determined that the minimum requirements are not being met, the department shall immediately revoke the temporary certificate.~~

~~(f) The fee for a temporary certificate shall not exceed $50 and shall be in addition to the fee required for licensure.~~

Section 12. Section 467.205, Florida Statutes, is amended to read:

467.205 Approval of midwifery programs.—

(1) The department must approve an accredited or state-licensed public or private institution seeking to provide

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

midwifery education and training as an approved midwifery program in this state if the institution meets all of the following criteria:

(a) Submits an application for approval on a form approved by the department.

(b) Demonstrates to the department's satisfaction that the proposed midwifery program complies with s. 467.009 and the rules adopted thereunder.

(c) For a private institution, demonstrates its accreditation by a member of the Council for Higher Education Accreditation or an accrediting agency approved by the United States Department of Education as an institutional accrediting agency for direct-entry midwifery education programs and its licensing or provisional licensing by the Commission for Independent Education ~~An organization desiring to conduct an approved program for the education of midwives shall apply to the department and submit such evidence as may be required to show that it complies with s. 467.009 and with the rules of the department. Any accredited or state licensed institution of higher learning, public or private, may provide midwifery education and training.~~

~~(2) The department shall adopt rules regarding educational objectives, faculty qualifications, curriculum guidelines, administrative procedures, and other training requirements as are necessary to ensure that approved programs graduate midwives competent to practice under this chapter.~~

~~(3) The department shall survey each organization applying for approval. If the department is satisfied that the program meets the requirements of s. 467.009 and rules adopted pursuant~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~to that section, it shall approve the program~~.

(2)~~(4)~~ The department shall, at least once every 3 years, certify whether each approved midwifery program is currently compliant, and has maintained compliance, ~~complies~~ with the requirements of ~~standards developed under~~ s. 467.009 and the rules adopted thereunder.

(3)~~(5)~~ If the department finds that an approved midwifery program is not in compliance with the requirements of s. 467.009 or the rules adopted thereunder, or has lost its accreditation status, the department must provide its finding to the program in writing and ~~no longer meets the required standards, it~~ may place the program on probationary status for a specified period of time, which may not exceed 3 years ~~until such time as the standards are restored~~.

(4) If a program on probationary status does not come into compliance with the requirements of s. 467.009 or the rules adopted thereunder, or regain its accreditation status, as applicable, within the period specified by the department ~~fails to correct these conditions within a specified period of time~~, the department may rescind the program's approval.

(5) A ~~Any~~ program that has ~~having~~ its approval rescinded has ~~shall have~~ the right to reapply for approval.

(6) The department may grant provisional approval of a new program seeking accreditation status, for a period not to exceed 5 years, provided that all other requirements of this section are met.

(7) The department may rescind provisional approval of a program that fails to meet the requirements of s. 467.009, this section, or the rules adopted thereunder, in accordance with

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

procedures provided in subsections (3) and (4) ~~may be granted pending the licensure results of the first graduating class~~.

Section 13. Subsections (2), (3), and (4) and paragraphs (a) and (b) of subsection (5) of section 468.803, Florida Statutes, are amended to read:

468.803 License, registration, and examination requirements.—

(2) An applicant for registration, examination, or licensure must apply to the department on a form prescribed by the board for consideration of board approval. Each initial applicant shall submit ~~a set of~~ fingerprints to the department in accordance with ~~on a form and under~~ procedures specified by the department~~, along with payment in an amount equal to the costs incurred by the department~~ for state and national criminal history checks of the applicant. ~~The department shall submit the fingerprints provided by an applicant to the Department of Law Enforcement for a statewide criminal history check, and the Department of Law Enforcement shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history check of the applicant.~~ The board shall screen the results to determine if an applicant meets licensure requirements. The board shall consider for examination, registration, or licensure each applicant whom ~~who~~ the board verifies:

(a) Has submitted the completed application and completed the fingerprinting requirements ~~fingerprint forms~~ and has paid the applicable application fee, not to exceed $500~~, and the cost of the state and national criminal history checks~~. The application fee is ~~and cost of the criminal history checks shall~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~be~~ nonrefundable;

(b) Is of good moral character;

(c) Is 18 years of age or older; and

(d) Has completed the appropriate educational preparation.

(3) A person seeking to attain the orthotics or prosthetics experience required for licensure in this state must be approved by the board and registered as a resident by the department. Although a registration may be held in both disciplines, for independent registrations the board may not approve a second registration until at least 1 year after the issuance of the first registration. Notwithstanding subsection (2), a person who has been approved by the board and registered by the department in one discipline may apply for registration in the second discipline without an additional state or national criminal history check during the period in which the first registration is valid. Each independent registration or dual registration is valid for 2 years after the date of issuance unless otherwise revoked by the department upon recommendation of the board. The board shall set a registration fee not to exceed $500 to be paid by the applicant. A registration may be renewed once by the department upon recommendation of the board for a period no longer than 1 year, as such renewal is defined by ~~the~~ board ~~by~~ rule. The renewal fee may not exceed one-half the current registration fee. To be considered by the board for approval of registration as a resident, the applicant must have one of the following:

(a) A Bachelor of Science or higher-level postgraduate degree in orthotics and prosthetics from an institutionally ~~a regionally~~ accredited college or university recognized by the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Commission on Accreditation of Allied Health Education Programs.

(b) A minimum of a bachelor's degree from an institutionally ~~a regionally~~ accredited college or university and a certificate in orthotics or prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board.

(c) A minimum of a bachelor's degree from an institutionally ~~a regionally~~ accredited college or university and a dual certificate in both orthotics and prosthetics from programs recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board.

(4) The department may develop and administer a state examination for an orthotist or a prosthetist license, or the board may approve the existing examination of a national standards organization. The examination must be predicated on a minimum of a baccalaureate-level education and formalized specialized training in the appropriate field. Each examination must demonstrate a minimum level of competence in basic scientific knowledge, written problem solving, and practical clinical patient management. The board shall require an examination fee not to exceed the actual cost to the board in developing, administering, and approving the examination, which fee must be paid by the applicant. To be considered by the board for examination, the applicant must have:

(a) For an examination in orthotics:

1. A Bachelor of Science or higher-level postgraduate degree in orthotics and prosthetics from an institutionally ~~a~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~regionally~~ accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from an institutionally ~~a~~ ~~regionally~~ accredited college or university and a certificate in orthotics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; and

2. An approved orthotics internship of 1 year of qualified experience, as determined by the board, or an orthotic residency or dual residency program recognized by the board.

(b) For an examination in prosthetics:

1. A Bachelor of Science or higher-level postgraduate degree in orthotics and prosthetics from an institutionally ~~a~~ ~~regionally~~ accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from an institutionally ~~a~~ ~~regionally~~ accredited college or university and a certificate in prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; and

2. An approved prosthetics internship of 1 year of qualified experience, as determined by the board, or a prosthetic residency or dual residency program recognized by the board.

(5) In addition to the requirements in subsection (2), to be licensed as:

(a) An orthotist, the applicant must pay a license fee not to exceed $500 and must have:

1. A Bachelor of Science or higher-level postgraduate

degree in orthotics and prosthetics from an institutionally ~~a~~ ~~regionally~~ accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs, or a bachelor's degree from an institutionally accredited college or university and ~~with~~ a certificate in orthotics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board;

2. An approved ~~appropriate~~ internship of 1 year of qualified experience, as determined by the board, or a residency program recognized by the board;

3. Completed the mandatory courses; and

4. Passed the state orthotics examination or the board-approved orthotics examination.

(b) A prosthetist, the applicant must pay a license fee not to exceed $500 and must have:

1. A Bachelor of Science or higher-level postgraduate degree in orthotics and prosthetics from an institutionally ~~a~~ ~~regionally~~ accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs, or a bachelor's degree from an institutionally accredited college or university and ~~with~~ a certificate in prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board;

2. An internship of 1 year of qualified experience, as determined by the board, or a residency program recognized by the board;

3. Completed the mandatory courses; and

4. Passed the state prosthetics examination or the board-approved prosthetics examination.

Section 14. Section 483.824, Florida Statutes, is amended to read:

483.824 Qualifications of clinical laboratory director.—A clinical laboratory director must have 4 years of clinical laboratory experience with 2 years of experience in the specialty to be directed or be nationally board certified in the specialty to be directed, and must meet one of the following requirements:

(1) Be a physician licensed under chapter 458 or chapter 459;

(2) Hold an earned doctoral degree in a chemical, physical, or biological science from an institutionally ~~a regionally~~ accredited institution and maintain national certification requirements equal to those required by the federal Health Care Financing Administration; or

(3) For the subspecialty of oral pathology, be a physician licensed under chapter 458 or chapter 459 or a dentist licensed under chapter 466.

Section 15. Subsection (3) of section 490.003, Florida Statutes, is amended to read:

490.003 Definitions.—As used in this chapter:

(3)(a) "Doctoral degree from an American Psychological Association accredited program" means ~~Effective July 1, 1999, "doctoral-level psychological education" and "doctoral degree in psychology" mean~~ a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

graduated:

1.~~(a)~~ Had institutional accreditation from an agency recognized and approved by the United States Department of Education or was recognized as a member in good standing with Universities Canada ~~the Association of Universities and Colleges of Canada~~; and

2.~~(b)~~ Had programmatic accreditation from the American Psychological Association.

(b) "Doctoral degree in psychology" means a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from a psychology program at an educational institution that, at the time the applicant was enrolled and graduated, had institutional accreditation from an agency recognized and approved by the United States Department of Education or was recognized as a member in good standing with Universities Canada.

Section 16. Subsection (1) of section 490.005, Florida Statutes, is amended to read:

490.005 Licensure by examination.—

(1) Any person desiring to be licensed as a psychologist shall apply to the department to take the licensure examination. The department shall license each applicant whom ~~who~~ the board certifies has met all of the following requirements:

(a) Completed the application form and remitted a nonrefundable application fee not to exceed $500 and an examination fee set by the board sufficient to cover the actual per applicant cost to the department for development, purchase, and administration of the examination, but not to exceed $500.

(b) Submitted proof satisfactory to the board that the applicant has received:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

1. A doctoral degree from an American Psychological Association accredited program ~~Doctoral level psychological education~~; or

2. The equivalent of a doctoral degree from an American Psychological Association accredited program ~~doctoral level psychological education, as defined in s. 490.003(3),~~ from ~~a program at~~ a school or university located outside the United States of America which was officially recognized by the government of the country in which it is located as an institution or program to train students to practice professional psychology. The applicant has the burden of establishing that this requirement has been met.

(c) Had at least 2 years or 4,000 hours of experience in the field of psychology in association with or under the supervision of a licensed psychologist meeting the academic and experience requirements of this chapter or the equivalent as determined by the board. The experience requirement may be met by work performed on or off the premises of the supervising psychologist if the off-premises work is not the independent, private practice rendering of psychological services that does not have a psychologist as a member of the group actually rendering psychological services on the premises.

(d) Passed the examination. However, an applicant who has obtained a passing score, as established by the board by rule, on the psychology licensure examination designated by the board as the national licensure examination need only pass the Florida law and rules portion of the examination.

Section 17. Subsection (1) of section 490.0051, Florida Statutes, is amended to read:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

490.0051 Provisional licensure; requirements.—

(1) The department shall issue a provisional psychology license to each applicant whom ~~who~~ the board certifies has met all of the following criteria:

(a) Completed the application form and remitted a nonrefundable application fee not to exceed $250, as set by board rule.

(b) Earned a doctoral degree from an American Psychological Association accredited program ~~in psychology as defined in s. 490.003(3)~~.

(c) Met any additional requirements established by board rule.

Section 18. Effective upon this act becoming a law, subsections (1), (3), and (4) of section 491.005, Florida Statutes, are amended to read:

491.005 Licensure by examination.—

(1) CLINICAL SOCIAL WORK.—Upon verification of documentation and payment of a fee not to exceed $200, as set by board rule, ~~plus the actual per applicant cost to the department for purchase of the examination from the American Association of State Social Worker's Boards or a similar national organization,~~ the department shall issue a license as a clinical social worker to an applicant whom ~~who~~ the board certifies has met all of the following criteria:

(a) ~~Has~~ Submitted an application and paid the appropriate fee.

(b)1. ~~Has~~ Received a doctoral degree in social work from a graduate school of social work which at the time the applicant graduated was accredited by an accrediting agency recognized by

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the United States Department of Education or ~~has~~ received a master's degree in social work from a graduate school of social work which at the time the applicant graduated:

a. Was accredited by the Council on Social Work Education;

b. Was accredited by the Canadian Association for ~~of Schools of~~ Social Work Education; or

c. Has been determined to have been a program equivalent to programs approved by the Council on Social Work Education by the Foreign Equivalency Determination Service of the Council on Social Work Education. An applicant who graduated from a program at a university or college outside of the United States or Canada must present documentation of the equivalency determination from the council in order to qualify.

2. The applicant's graduate program ~~must have~~ emphasized direct clinical patient or client health care services, including, but not limited to, coursework in clinical social work, psychiatric social work, medical social work, social casework, psychotherapy, or group therapy. The applicant's graduate program must have included all of the following coursework:

a. A supervised field placement which was part of the applicant's advanced concentration in direct practice, during which the applicant provided clinical services directly to clients.

b. Completion of 24 semester hours or 32 quarter hours in theory of human behavior and practice methods as courses in clinically oriented services, including a minimum of one course in psychopathology, and no more than one course in research, taken in a school of social work accredited or approved pursuant

to subparagraph 1.

3. If the course title which appears on the applicant's transcript does not clearly identify the content of the coursework, the applicant provided ~~shall be required to provide~~ additional documentation, including, but not limited to, a syllabus or catalog description published for the course.

(c) Completed ~~Has had~~ at least 2 years of clinical social work experience, which took place subsequent to completion of a graduate degree in social work at an institution meeting the accreditation requirements of this section, under the supervision of a licensed clinical social worker or the equivalent who is a qualified supervisor as determined by the board. An individual who intends to practice in Florida to satisfy clinical experience requirements must register pursuant to s. 491.0045 before commencing practice. If the applicant's graduate program was not a program which emphasized direct clinical patient or client health care services as described in subparagraph (b)2., the supervised experience requirement must take place after the applicant has completed a minimum of 15 semester hours or 22 quarter hours of the coursework required. A doctoral internship may be applied toward the clinical social work experience requirement. A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

(d) ~~Has~~ Passed a theory and practice examination designated by board rule ~~provided by the department for this purpose~~.

(e) ~~Has~~ Demonstrated, in a manner designated by board rule ~~of the board~~, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy,

and mental health counseling.

(3) MARRIAGE AND FAMILY THERAPY.—Upon verification of documentation and payment of a fee not to exceed $200, as set by board rule, ~~plus the actual cost of the purchase of the examination from the Association of Marital and Family Therapy Regulatory Board, or similar national organization,~~ the department shall issue a license as a marriage and family therapist to an applicant whom ~~who~~ the board certifies has met all of the following criteria:

(a) ~~Has~~ Submitted an application and paid the appropriate fee.

(b) 1. Attained one of the following:

a. A minimum of a master's degree in marriage and family therapy from a program accredited by the Commission on Accreditation for Marriage and Family Therapy Education.

b. A minimum of a master's degree with a major emphasis in marriage and family therapy or a closely related field from a university program accredited by the Council on Accreditation of Counseling and Related Educational Programs and graduate courses approved by the board.

c. ~~Has~~ A minimum of a master's degree with an ~~major~~ emphasis in marriage and family therapy or a closely related field, with a degree conferred before September 1, 2027, from an institutionally accredited college or university ~~from a program accredited by the Commission on Accreditation for Marriage and Family Therapy Education or from a Florida university program accredited by the Council for Accreditation of Counseling and Related Educational Programs~~ and graduate courses approved by the board ~~of Clinical Social Work, Marriage and Family Therapy,~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~and Mental Health Counseling~~.

2. If the course title that appears on the applicant's transcript does not clearly identify the content of the coursework, the applicant provided ~~shall provide~~ additional documentation, including, but not limited to, a syllabus or catalog description published for the course. The required master's degree must have been received in an institution of higher education that, at the time the applicant graduated, was fully accredited by an institutional ~~a regional~~ accrediting body recognized by the Council for Higher Education Accreditation or its successor organization ~~Commission on Recognition of Postsecondary Accreditation~~ or was ~~publicly recognized as~~ a member in good standing with Universities Canada ~~the Association of Universities and Colleges of Canada~~, or an institution of higher education located outside the United States and Canada which, at the time the applicant was enrolled and at the time the applicant graduated, maintained a standard of training substantially equivalent to the standards of training of those institutions in the United States which are accredited by an institutional ~~a regional~~ accrediting body recognized by the Council for Higher Education Accreditation or its successor organization ~~Commission on Recognition of Postsecondary Accreditation~~. Such foreign education and training must have been received in an institution or program of higher education officially recognized by the government of the country in which it is located as an institution or program to train students to practice as professional marriage and family therapists or psychotherapists. The applicant has the burden of establishing that the requirements of this provision have been met, and the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

board shall require documentation, such as an evaluation by a foreign equivalency determination service, as evidence that the applicant's graduate degree program and education were equivalent to an accredited program in this country. An applicant with a master's degree from a program that did not emphasize marriage and family therapy may complete the coursework requirement in a training institution fully accredited by the Commission on Accreditation for Marriage and Family Therapy Education recognized by the United States Department of Education.

(c) Completed ~~Has had~~ at least 2 years of clinical experience during which 50 percent of the applicant's clients were receiving marriage and family therapy services, which must be at the post-master's level under the supervision of a licensed marriage and family therapist with at least 5 years of experience, or the equivalent, who is a qualified supervisor as determined by the board. An individual who intends to practice in Florida to satisfy the clinical experience requirements must register pursuant to s. 491.0045 before commencing practice. If a graduate has a master's degree with a major emphasis in marriage and family therapy or a closely related field which did not include all of the coursework required by paragraph (b), credit for the post-master's level clinical experience may not commence until the applicant has completed a minimum of 10 of the courses required by paragraph (b), as determined by the board, and at least 6 semester hours or 9 quarter hours of the course credits must have been completed in the area of marriage and family systems, theories, or techniques. Within the 2 years of required experience, the applicant shall provide direct

individual, group, or family therapy and counseling to cases including those involving unmarried dyads, married couples, separating and divorcing couples, and family groups that include children. A doctoral internship may be applied toward the clinical experience requirement. A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

(d) ~~Has~~ Passed a theory and practice examination designated by board rule ~~provided by the department~~.

(e) ~~Has~~ Demonstrated, in a manner designated by board rule, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.

For the purposes of dual licensure, the department shall license as a marriage and family therapist any person who meets the requirements of s. 491.0057. Fees for dual licensure may not exceed those stated in this subsection.

(4) MENTAL HEALTH COUNSELING.—Upon verification of documentation and payment of a fee not to exceed $200, as set by board rule, ~~plus the actual per-applicant cost of purchase of the examination from the National Board for Certified Counselors or its successor organization,~~ the department shall issue a license as a mental health counselor to an applicant whom ~~who~~ the board certifies has met all of the following criteria:

(a) ~~Has~~ Submitted an application and paid the appropriate fee.

(b)1. Attained ~~Has~~ a minimum of an earned master's degree from a mental health counseling program accredited by the

Council for the Accreditation of Counseling and Related Educational Programs which consists of at least 60 semester hours or 80 quarter hours of clinical and didactic instruction, including a course in human sexuality and a course in substance abuse. If the master's degree is earned from a program related to the practice of mental health counseling which is not accredited by the Council for the Accreditation of Counseling and Related Educational Programs, then the coursework and practicum, internship, or fieldwork must consist of at least 60 semester hours or 80 quarter hours and meet all of the following requirements:

a. Thirty-three semester hours or 44 quarter hours of graduate coursework, which must include a minimum of 3 semester hours or 4 quarter hours of graduate-level coursework in each of the following 11 content areas: counseling theories and practice; human growth and development; diagnosis and treatment of psychopathology; human sexuality; group theories and practice; individual evaluation and assessment; career and lifestyle assessment; research and program evaluation; social and cultural foundations; substance abuse; and legal, ethical, and professional standards issues in the practice of mental health counseling. Courses in research, thesis or dissertation work, practicums, internships, or fieldwork may not be applied toward this requirement.

b. A minimum of 3 semester hours or 4 quarter hours of graduate-level coursework addressing diagnostic processes, including differential diagnosis and the use of the current diagnostic tools, such as the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of

Mental Disorders. The graduate program must have emphasized the common core curricular experience.

c. The equivalent, as determined by the board, of at least 700 hours of university-sponsored supervised clinical practicum, internship, or field experience that includes at least 280 hours of direct client services, as required in the accrediting standards of the Council for Accreditation of Counseling and Related Educational Programs for mental health counseling programs. This experience may not be used to satisfy the post-master's clinical experience requirement.

2. ~~Has~~ Provided additional documentation if a course title that appears on the applicant's transcript does not clearly identify the content of the coursework. The documentation must include, but is not limited to, a syllabus or catalog description published for the course.

Education and training in mental health counseling must have been received in an institution of higher education that, at the time the applicant graduated, was fully accredited by an institutional ~~a regional~~ accrediting body recognized by the Council for Higher Education Accreditation or its successor organization or was ~~publicly recognized as~~ a member in good standing with Universities Canada ~~the Association of Universities and Colleges of Canada~~, or an institution of higher education located outside the United States and Canada which, at the time the applicant was enrolled and at the time the applicant graduated, maintained a standard of training substantially equivalent to the standards of training of those institutions in the United States which are accredited by an

institutional ~~a regional~~ accrediting body recognized by the Council for Higher Education Accreditation or its successor organization. Such foreign education and training must have been received in an institution or program of higher education officially recognized by the government of the country in which it is located as an institution or program to train students to practice as mental health counselors. The applicant has the burden of establishing that the requirements of this provision have been met, and the board shall require documentation, such as an evaluation by a foreign equivalency determination service, as evidence that the applicant's graduate degree program and education were equivalent to an accredited program in this country. Beginning July 1, 2025, an applicant must have a master's degree from a program that is accredited by the Council for Accreditation of Counseling and Related Educational Programs, the Masters in Psychology and Counseling Accreditation Council, or an equivalent accrediting body which consists of at least 60 semester hours or 80 quarter hours to apply for licensure under this paragraph.

(c) Completed ~~Has had~~ at least 2 years of clinical experience in mental health counseling, which must be at the post-master's level under the supervision of a licensed mental health counselor or the equivalent who is a qualified supervisor as determined by the board. An individual who intends to practice in Florida to satisfy the clinical experience requirements must register pursuant to s. 491.0045 before commencing practice. If a graduate has a master's degree with a major related to the practice of mental health counseling which did not include all the coursework required under sub-

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

subparagraphs (b)1.a. and b., credit for the post-master's level clinical experience may not commence until the applicant has completed a minimum of seven of the courses required under sub-subparagraphs (b)1.a. and b., as determined by the board, one of which must be a course in psychopathology or abnormal psychology. A doctoral internship may be applied toward the clinical experience requirement. A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

(d) ~~Has~~ Passed a theory and practice examination designated by board rule ~~provided by the department for this purpose~~.

(e) ~~Has~~ Demonstrated, in a manner designated by board rule, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.

Section 19. Subsection (6) and paragraph (c) of subsection (9) of section 766.314, Florida Statutes, are amended to read:

766.314 Assessments; plan of operation.—

(6)(a) The association shall make all assessments required by this section, except initial assessments of physicians licensed ~~on or after October 1, 1988, which assessments will be made~~ by the Department of Health ~~Business and Professional Regulation~~, and except assessments of casualty insurers pursuant to subparagraph (5)(c)1., which assessments will be made by the Office of Insurance Regulation. ~~Beginning October 1, 1989, for any physician licensed between October 1 and December 31 of any year, the Department of Business and Professional Regulation shall make the initial assessment plus the assessment for the following calendar year.~~ The Department of Health ~~Business and~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~Professional Regulation~~ shall provide the association, in an electronic format, with a monthly report ~~such frequency as determined to be necessary, a listing, in a computer readable form,~~ of the names and license numbers ~~addresses~~ of all physicians licensed under chapter 458 or chapter 459.

(b)1. The association may enforce collection of assessments required to be paid pursuant to ss. 766.301-766.316 by suit filed in county court, or in circuit court if the amount due could exceed the jurisdictional limits of county court. The association is ~~shall be~~ entitled to an award of attorney ~~attorney's~~ fees, costs, and interest upon the entry of a judgment against a physician for failure to pay such assessment, with such interest accruing until paid. Notwithstanding ~~the provisions of~~ chapters 47 and 48, the association may file such suit in either Leon County or the county of the residence of the defendant. The association shall notify the Department of Health and the applicable board of any unpaid final judgment against a physician within 7 days after the entry of final judgment.

2. The Department of Health ~~Business and Professional Regulation~~, upon notification by the association that an assessment has not been paid and that there is an unsatisfied judgment against a physician, shall refuse to ~~not~~ renew any license issued to ~~practice for~~ such physician under ~~issued pursuant to~~ chapter 458 or chapter 459 until the association notifies the Department of Health that ~~such time as~~ the judgment is satisfied in full.

(c) The Agency for Health Care Administration shall, upon notification by the association that an assessment has not been timely paid, enforce collection of such assessments required to

be paid by hospitals pursuant to ss. 766.301-766.316. Failure of a hospital to pay such assessment is grounds for disciplinary action pursuant to s. 395.1065 notwithstanding any ~~provision of~~ law to the contrary.

(9)

(c) If ~~In the event~~ the total of all current estimates equals 80 percent of the funds on hand and the funds that will become available to the association within the next 12 months from all sources described in subsections (4) and (5) and paragraph (7)(a), the association may ~~shall~~ not accept any new claims without express authority from the Legislature. Nothing in this section precludes ~~herein shall preclude~~ the association from accepting any claim if the injury occurred 18 months or more before ~~prior to~~ the effective date of this suspension. Within 30 days after ~~of~~ the effective date of this suspension, the association shall notify the Governor, the Speaker of the House of Representatives, the President of the Senate, the Office of Insurance Regulation, the Agency for Health Care Administration, and the Department of Health~~, and the Department of Business and Professional Regulation~~ of this suspension.

Section 20. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon this act becoming a law, this act shall take effect July 1, 2022.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/SB 802 (347860)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Education); and Senator Gruters and others
SUBJECT:	School Safety
DATE:	February 25, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Brick	Bouck	ED	**Favorable**
2.	Grace	Elwell	AED	**Recommend: Fav/CS**
3.	Grace	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 802 provides additional safeguards for Florida's students and schools. The bill extends the sunset date of the Marjory Stoneman Douglas High School Public Safety Commission from July 1, 2023, to July 1, 2025.

The bill clarifies the authority of the Commissioner of Education to enforce compliance with the requirements relating to school safety and security. The bill also clarifies requirements for safe-school officers. Specifically, the bill provides that:

- School safety officers may make arrests on charter school property.
- Sworn law enforcement officers serving as school guardians must complete mental health crisis intervention training.
- Only a sheriff may conduct school guardian training.
- Individuals must satisfy screening requirements before participating in guardian training.

The bill expands school safety planning to require:

- The SBE to establish emergency drill policies and procedures.
- Comprehensive participation from all members of a school threat assessment team.
- Law enforcement officers responsible for responding to the school in the event of an emergency to be on campus and directly involved in the execution of emergency drills.
- Each district school board to adopt a family reunification plan to reunite students and employees with their families in the event a school is closed due to an emergency.

The bill does not impact state revenues or state expenditures. *See* Section V. Fiscal Impact Statement.

Except as otherwise specified in the bill, the bill takes effect July 1, 2022.

II. Present Situation:

State–Level Oversight of School Safety Requirements

State Board of Education

The State Board of Education (SBE) is the chief implementing and coordinating body of public education in Florida and is authorized to adopt rules to implement the provisions of law conferring duties upon the SBE to improve the state system of K-20 public education, except for the state university system. The SBE has authority over the Department of Education (DOE) and is authorized to delegate the SBE's general powers to the Commissioner of Education (commissioner) or the directors of the divisions of the DOE.[1]

The SBE may enforce compliance by district school boards and Florida College System (FCS) institution boards of trustees by:

- Reporting to the Legislature that the school district or FCS institution is unwilling or unable to comply with law or state board rule and recommending action to be taken.
- Withholding the transfer of state funds, discretionary grant funds, discretionary lottery funds, or other specified funds until the school district or FCS institution complies with law or rule.
- Declaring the school district or FCS institution ineligible for competitive grants.
- Requiring monthly or periodic reporting related to noncompliance until it is remedied. [2]

The Commissioner of Education

The commissioner is required to oversee compliance with the safety and security requirements of the Marjory Stoneman Douglas High School Public Safety Act by school districts; district school superintendents; and public schools, including charter schools. The commissioner must facilitate compliance to the maximum extent provided under law, identify incidents of noncompliance, and impose or recommend to the SBE, the Governor, or the Legislature enforcement and sanctioning actions. [3]

The Office of Safe Schools

The Office of Safe Schools (OSS) is a division of the DOE that serves as a central repository for best practices, training standards, and compliance oversight in matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. OSS responsibilities include:

- The establishment of a school security risk assessment tool for use by school districts.
- Duties related to school safety incident reporting and data.

[1] Section 1001.02, F.S.
[2] Section 1008.32, F.S.
[3] Section 1001.11, F.S.

- The development and implementation of a School Safety Specialist Training Program for school safety specialists, which must be based on national and state best practices on school safety and include active shooter training.
- Provision of a centralized integrated data repository and data analytics resources to improve access to timely, complete, and accurate information integrating data from multiple agencies and sources.
- Provision of ongoing professional development opportunities to district school board personnel. [4]

Marjory Stoneman Douglas High School Public Safety Commission

The Marjory Stoneman Douglas High School Public Safety Commission was established in 2018 to investigate system failures in the Marjory Stoneman Douglas High School shooting and prior mass violence incidents, and to develop recommendations for system improvements.[5] The commission submitted its initial report to the Governor and the Legislature on January 2, 2019,[6] and its second report on November 1, 2019.[7] The commission is scheduled to sunset on July 1, 2023.[8]

Safe-School Officer Requirement

Florida law requires each district school board and school district superintendent to partner with law enforcement and security agencies to establish or assign one or more safe-school officers at each school facility within the district by implementing one or more safe-school officer options which best meet the needs of the school district and charter schools. These options include:

- Establishing a School Resource Officer (SRO) program through a cooperative agreement with law enforcement agencies. SROs are certified law enforcement officers who must meet specified screening requirements and also complete mental health crisis intervention training.
- Commissioning one or more school safety officers. School safety officers are certified law enforcement officers with the power of arrest on district school property, who are employed by either a law enforcement agency or by the district school board. School safety officers must undergo the same screening requirements and crisis intervention training as an SRO.
- Participating in the Coach Aaron Feis Guardian Program.
- Contracting with a security agency to employ as a school security guard an individual who holds a Class "D" and Class "G" license and completes the same training and evaluation requirements as a school guardian.

The school district is required to notify the county sheriff and the OSS immediately, no later than 72 hours, after a safe-school officer:

- Is dismissed for misconduct or is otherwise disciplined.

[7] Commission, *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President,* (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf.
[8] Section 943.687, F.S.

- Discharges his or her firearm in the exercise of the safe-school officer's duties, other than for training purposes.

SROs and school safety officers are required to complete mental health crisis intervention training.[9] Crisis intervention team training is a law enforcement response program designed for first responders who handle crisis calls involving people with mental illness including those with co-occurring substance use disorders. Crisis intervention team training emphasizes a partnership between law enforcement, the mental health and substance abuse treatment system, mental health advocacy groups, and consumers of mental health services and their families.[10] The Florida Criminal Justice Standards and Training Commission offers to sworn law enforcement officers two free courses in crisis intervention training.[11] In addition, the Florida Sheriffs Association receives $800,000 in recurring funds from the Legislature to enhance crisis intervention team training for law enforcement and correctional officers in local sheriff's offices and police departments.[12]

Coach Aaron Feis Guardian Program (Guardian Program)

The guardian program was established in 2018[13] as an option for school districts to meet the safe-school officer requirements in law.[14] Persons certified as school guardians have no authority to act in any law enforcement capacity except to the extent necessary to prevent or abate an active assailant incident.

A sheriff is required to provide access to a guardian program to aid in the prevention or abatement of active assailant incidents on school premises. If a district school board has voted by a majority to implement a guardian program, the sheriff in that county must establish a guardian program to provide training to school district or charter school employees, either directly or through a contract with another sheriff's office that has established a guardian program.

The sheriff must certify as school guardians school employees who:
- Hold a valid concealed weapon license.
- Complete a 144-hour training program.
- Pass a psychological evaluation administered by a licensed psychologist.
- Submit to and pass an initial drug test and subsequent random drug tests in accordance with law and the sheriff's office.
- Successfully complete ongoing training, weapon inspection, and firearm qualification on at least an annual basis. [15]

[13] Section 26, ch. 2018-3, L.O.F.
[14] Section 1006.12, F.S.
[15] Section 30.15, F.S.

The Legislature appropriated $6.5 million for the 2021-2022 fiscal year for sheriffs to certify and train school guardians.[16] As of September 2021, 26 school districts were employing school guardians to satisfy safe-school officer requirements, and an additional 19 districts were employing school guardians as reinforcements for sworn law enforcement officers.[17]

School District Requirements Related to School Safety

Emergency Response Policies and Procedures

District school boards must formulate and prescribe policies and procedures for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant and hostage situations, and bomb threats, for all students and faculty at all district K-12 public schools.

Drills for active assailant and hostage situations must be conducted in accordance with developmentally appropriate and age-appropriate procedures at least as often as other emergency drills. District school board policies must establish emergency response and emergency preparedness policies and procedures, including emergency notification procedures.[18]

The Florida Safe Schools Assessment Tool (FSSAT) is required to be used by school officials at each school district and public school site in the state in conducting security assessments and is intended to help school officials identify threats, vulnerabilities, and appropriate safety controls for the schools that they supervise. The FSSAT is required to address certain components of school safety, such as school emergency and crisis preparedness planning.[19]

Threat Assessment Teams

Each district school board must adopt policies for the establishment of threat assessment teams (TATs) at each school. The purpose of TATs is to coordinate resources and assessment and intervention with individuals whose behavior may pose a threat to the safety of school staff or students. Each TAT must include persons with expertise in counseling, instruction, school administration, and law enforcement.[20] The OSS developed a behavioral threat assessment instrument, the Comprehensive School Threat Assessment Guidelines (CSTAG)[21] to assist TATs in the threat assessment process. The law provides specific requirements for the CSTAG, including that the CSTAG address training for TATs and school administrators.[22]

Each TAT must include persons with expertise in counseling, instruction, school administration, and law enforcement. The TAT must identify members of the school community to whom

[22] Section 1001.212(12)(a)6., F.S.

threatening behavior should be reported and provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self.

If an immediate mental health or substance abuse crisis is suspected, school personnel must follow policies established by the TAT to engage behavioral health crisis resources. Behavioral health crisis resources, including, but not limited to, mobile crisis teams and SROs trained in crisis intervention, shall provide emergency intervention and assessment, make recommendations, and refer the student for appropriate services. Onsite school personnel are required to report all such situations and actions taken to the TAT, which must contact the other agencies involved with the student and any known service providers to share information and coordinate any necessary follow-up actions. Upon the student's transfer to a different school, the TAT must verify that any intervention services provided to the student remain in place until the TAT of the receiving school independently determines the need for intervention services.[23]

Juvenile Diversion Programs

Juvenile diversion programs are alternatives to juvenile arrest. A juvenile arrest may be diverted based on comprehensive knowledge of the juvenile's criminal history, prior contacts with law enforcement, and prior program enrollment.[24] Florida law directs that a civil citation or similar pre-arrest diversion program for misdemeanor offenses be established in each judicial circuit in the state.[25]

Florida school districts are required to incorporate into student codes of conduct criteria for:

- Recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest.
- Assigning to a school-based intervention program a student who commits a petty act of misconduct, as defined by the district school board, which are not a threat to school safety. If a student's assignment is based on a noncriminal offense, the student's participation in a school-based intervention program may not be entered into the Juvenile Justice Information System Prevention Web (JJIS). [26]

Compliance with the community-based diversion programs includes all reporting requirements, including that criminal diversions be entered into JJIS. School districts may still operate their own "diversion programs" that address non-criminal conduct, such as Student Code of Conduct violations and other misbehavior.[27]

---

[23] Section 1006.07(7), F.S.
[24] Marjory Stoneman Douglas High School Public Safety Commission (Commission), *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President* (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf at 131.
[25] Section 985.12, F.S.
[26] Section 1006.07(2), F.S.
[27] Marjory Stoneman Douglas High School Public Safety Commission (Commission), *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President* (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf, at 133.

An audit conducted by the Department of Juvenile Justice in 2019 revealed that 58 school districts were not offering any form of school-based diversion program. Seven school districts were participating in the civil citation or similar prearrest diversion program of the local judicial circuit, and three school districts were operating school-based diversion programs.[28]

Training for Youth Mental Health and Suicide Awareness and Assistance

Mobile response teams are multi-disciplinary teams of behavioral health professionals and paraprofessionals with specialized crisis intervention and operations training. Mobile response teams provide on-demand crisis intervention services in any setting in which a behavioral health crisis is occurring, including homes, schools and emergency rooms.[29]

Each school safety specialist is required to earn, or designate one or more individuals to earn, certification as a youth mental health awareness and assistance trainer. The school safety specialist must ensure that all school personnel within his or her school district receive youth mental health awareness and assistance training.[30] School personnel are also required to receive training for suicide awareness and prevention.[31] The DOE has developed a list, which has been adopted by the SBE, of approved youth suicide awareness and prevention training materials and suicide screening instruments that may be used for training in youth suicide awareness, suicide prevention, and suicide screening for instructional personnel in elementary school, middle school, and high school.[32]

The approved list of materials is required to identify available standardized suicide screening instruments appropriate for use with a school-age population and which have validity and reliability and include information about obtaining instruction in the administration and use of such instruments.[33] The DOE has approved three suicide screening instruments for use by instructional personnel:

- Columbia – Suicide Severity Rating Scale (C-SSRS): Lifetime-Recent.
- Suicide Assessment Five-Step Evaluation and Triage (SAFE-T).
- SAFE-T with C-SSRS.[34]

Safety Incident Reporting

Each district school board is required to adopt policies to ensure the accurate and timely reporting of incidents related to school safety and discipline.[35] The School Environmental Safety Incident Reporting System (SESIR) system collects data on incidents related to school safety and

[35] Section 1006.07(9), F.S.

discipline that occur on school grounds, school transportation, and off-campus, school-sponsored events.[36] The SBE is required to adopt rules establishing the requirements for the SESIR.[37]

The law requires each school principal to ensure that standardized forms prescribed by SBE rule are used to report data concerning school safety and discipline to the DOE.[38] Upon notification by the department that a superintendent has failed to comply with SESIR reporting requirements, the district school board shall withhold further payment of his or her salary and impose other appropriate sanctions that the commissioner or SBE by law may impose.[39] A district school board member who is responsible for a violation of the reporting or sanctions requirements applicable to a superintendent is subject to suspension and removal.[40]

Mobile Suspicious Activity Reporting Tool (FortifyFL)

FortifyFL, the mobile suspicious activity reporting tool, is a computer and mobile phone application free to all public and private schools in Florida. District and school-level administrators receive and must respond to tips from FortifyFL. Any tips submitted via FortifyFL are sent to local school district and law enforcement officials until action is taken.[41]

The reporting party may provide his or her report anonymously. If the reporting party chooses to disclose his or her identity, it remains confidential and exempt from public records disclosure requirements. Information received through the mobile suspicious activity reporting tool is also exempt. [42]

III. Effect of Proposed Changes:

PCS/SB 802 provides additional safeguards for Florida's students and schools. The bill extends the sunset date of the Marjory Stoneman Douglas High School Public Safety Commission from July 1, 2023, to July 1, 2025.

Commissioner of Education

The bill modifies s. 1001.11, F.S., to clarify the Commissioner of Education's (commissioner's) existing authority to oversee compliance with requirements relating to school safety and security by school districts, district school superintendents, and public schools, including charter schools.

The Office of Safe Schools

The bill modifies s. 1001.212, F.S., to require the Office of Safe Schools (OSS) to develop, in coordination with the Division of Emergency Management and other federal, state, and local law enforcement agencies and first-responder agencies, a model emergency event family reunification plan for use by child care facilities, public K-12 schools, and public postsecondary

[42] Section 943.082, F.S.

institutions that are closed or unexpectedly evacuated due to natural or man-made disasters or emergencies. The bill requires the model plan to be reviewed annually and updated if needed, and consider:

- The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
- The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
- Parent or guardian custodial verification;
- A verifiable chain of custody; and
- The provision of real-time reporting and status of students and staff.

The bill also adds requirements for the OSS to:

- Provide ongoing professional development opportunities to charter school personnel in addition to existing requirements to provide training to school district personnel.
- Maintain a current directory of public and private school-based diversion programs and coordinate with the Department of Juvenile Justice and each judicial circuit to monitor and facilitate compliance with the law.

To align the name of the centralized integrated data repository with the functions of the program, the bill renames the centralized integrated data repository as the unified search tool, which is to be known as the "Florida School Safety Portal."

Marjory Stoneman Douglas High School Public Safety Commission

The bill modifies s. 943.687, F.S., to extend from July 1, 2023, to July 1, 2025, the sunset date for the Marjory Stoneman Douglas High School Public Safety Commission.

Safe-School Officer Requirement

The bill modifies s. 1006.12, F.S., relating to safe-school officers, to align requirements among all sworn law enforcement officers serving as safe school officers.

The bill modifies requirements relating to school safety officer authority and training by:

- Clarifying that school safety officers have the power to make arrests on property owned or leased by a charter school in the district.
- Requiring that all safe school officers who are also sworn law enforcement officers must complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training must improve the officer's knowledge and skills as a first responder to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.
- Clarifying that a district school superintendent or charter school administrator, or a respective designee, is responsible for notifying the county sheriff and the OSS after certain misconduct committed by a safe-school officer.

Coach Aaron Feis Guardian Program

The bill clarifies requirements related to school guardians. Specifically, the bill clarifies that:

- An individual must satisfy the background screening, psychological evaluation, and drug test requirements and be approved by the sheriff before participating in any school guardian program training.
- Only a sheriff may conduct school guardian program training.

School District Requirements Related to School Safety

Emergency Response Policies and Procedures

The bill modifies s. 1006.07, F.S., to provide for consistent application of emergency drill requirements across all school districts. The Bill requires the SBE to refer to recommendations provided in published reports of the Marjory Stoneman Douglas High School Public Safety Commission (commission), consult with state and local constituencies, and adopt rules establishing minimum requirements for school district policies and procedures related to emergency response and drills. The SBE's rules must be adopted by August 1, 2023, and must:

- Define, at a minimum, "emergency drill," "active threat," and "after-action report."
- Establish minimum requirements related to the timing, frequency, participation, training, notification, accommodations, and responses to threat situations.
- Specifically address incident type, school level, school type, and student and school characteristics.
- Require all types of emergency drills to be conducted no less frequently than on an annual basis.

The bill requires sheriffs to coordinate with the district school safety specialist to determine the necessary law enforcement officers responsible for responding to a school in the event of an active assailant emergency, and requires schools to notify at least 24 hours before a drill the designated law enforcement officers, who must be physically present on campus and directly involved in the execution of active assailant drills.

To support family reunification following an emergency, the bill requires each district school board and charter school governing board to adopt, in coordination with local law enforcement agencies and local governments, a family reunification plan to reunite students and employees with their families in the event that a school is closed or unexpectedly evacuated due to a natural or manmade disaster. This reunification plan must be reviewed annually and updated, as applicable, and must consider:

- The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
- The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
- Parent or guardian custodial verification;
- A verifiable chain of custody; and
- The provision of real-time reporting and status of students and staff.

The bill also amends s. 1006.1493, F.S., to require that the Florida Safe Schools Assessment Tool (FSSAT) address policies and procedures to prepare for and respond to natural or manmade disasters or emergencies, including plans to reunite students and employees with families after a school is closed or unexpectedly evacuated due to such disasters or emergencies.

Threat Assessment Teams

The bill modifies s. 1006.07, F.S., relating to threat assessment teams (TATs). Specifically, the bill requires that all members of the TAT be involved in the threat assessment process from start to finish, including the determination of the final disposition decision. This change may ensure that all members of the TAT are active participants in the entire threat assessment process.

School Environmental Safety Incident Reporting

The bill requires the Department of Education (DOE) to annually publish on its website the most recently available school environmental safety incident data along with other school accountability and performance data in a uniform, statewide format that is easy to read and understand.

Training for Youth Mental Health and Suicide Awareness and Assistance

The bill requires, no later than July 1, 2023, and annually thereafter by July 1, each school district to certify to the DOE, in a format determined by the DOE, that at least 80 percent of school personnel in elementary, middle, and high schools have received the required training for youth mental health awareness and assistance.

The bill requires each district school board to adopt policies to ensure that district schools and local mobile response teams use the same suicide screening instrument approved by the DOE.

Mobile Suspicious Activity Reporting Tool (FortifyFL)

The bill modifies s. 943.082, F.S., effective October 1, 2022, to support credible reporting through the FortifyFL application. The bill requires notification to parties reporting through FortifyFL that if, following investigation, it is determined that a person knowingly submitted a false tip through FortifyFL, the IP address of the device on which the tip was submitted will be provided to law enforcement agencies, and the reporting party may be subject to criminal penalties for a false report. In all other circumstances, unless the reporting party has chosen to disclose his or her identity, the report must remain anonymous.

Except as otherwise specified in the bill, the bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

An agency analysis has not been provided by the Florida Department of Education. However, the bill is clarifying currently required statutory mandates therefore a fiscal impact to state revenues or expenditures is unlikely. The analysis received from the Florida Department of Law Enforcement does not indicate a fiscal impact.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 943.082, 943.687, 1001.11, 1001.212, 1006.07, 1006.12, 1006.1493, and 1012.584.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (347860) by Appropriations Committee (Recommended CS by Appropriations Subcommittee on Education) on February 16, 2022:
The proposed committee substitute removes from the bill the provisions authorizing:

- The Commissioner of Education and the state board to direct a district school board to withhold the salary of a superintendent, or school board members if the superintendent is appointed.

- The DOE Inspector General to investigate allegations of school safety violations by a district school board.

The proposed committee substitute extends from July 1, 2023, to July 1, 2025, the sunset date for the Marjory Stoneman Douglas High School Public Safety Commission. The proposed committee substitute also adds to the bill provisions requiring:

- The Department of Education to annually publish School Environmental Safety Incident Reporting (SESIR) data.
- School boards and mobile response teams are using the same DOE-approved suicide screening instrument.
- School boards to consult with local governments in reunification plans.
- Schools to notify participating law enforcement at least 24 hours prior to active assailant drill.
- Schools districts to certify that at least 80% of district personnel have received youth mental health awareness and assistance training by July 1, 2023, and annually thereafter by July 1.
- The Office of Safe Schools to consider in the development of the model family reunification plan required pursuant to the bill:
  - The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
  - The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
  - Parent or guardian custodial verification;
  - A verifiable chain of custody; and
  - The provision of real-time reporting and status of students and staff.

The proposed committee substitute modifies the requirement of the bill for the district school superintendent or charter school administrator to provide certain notifications concerning safe school officers to authorize a superintendent or administrator's designee to make the required notification.

B. Amendments:

None.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Education)

A bill to be entitled

An act relating to school safety; amending s. 943.687, F.S.; extending the sunset date of the Marjory Stoneman Douglas High School Public Safety Commission; amending s. 943.082, F.S.; requiring the FortifyFL reporting tool to notify reporting parties that submitting false information may subject them to criminal penalties; providing that certain reports will remain anonymous; amending s. 1001.11, F.S.; requiring the Commissioner of Education to oversee and enforce compliance with requirements relating to school safety and security; amending s. 1001.212, F.S.; revising the duties of the Office of Safe Schools; amending s. 1006.07, F.S.; requiring certain law enforcement officers to be physically present and directly involved in active assailant emergency drills; requiring school districts to notify such law enforcement officers of such drills within a specified time period; requiring the State Board of Education to adopt rules; specifying the requirements for the rules; requiring district school boards and charter school governing boards, in coordination with specified entities, to adopt family reunification plans; providing for the update and review of such plan; requiring all members of threat assessment teams to be involved in certain processes and decisions; requiring the Department of Education to annually

publish on its website specified data in a certain format; requiring district school boards to adopt certain policies relating to suicide screening instruments; amending s. 1006.12, F.S.; making technical changes; authorizing school safety officers to make arrests on property owned or leased by a charter school under a charter contract; requiring district school superintendents or charter school administrators, instead of school districts, to notify county sheriffs and the Office of Safe Schools of certain safe-school officer-related incidents; specifying training requirements for safe-school officers; amending s. 1006.1493, F.S.; requiring the Florida Safe Schools Assessment Tool to address policies and procedures to prepare for and respond to natural and manmade disasters; amending s. 1012.584, F.S.; requiring each school district to certify that a specified percentage of school personnel have received certain training by a specified date; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (9) of section 943.687, Florida Statutes, is amended to read:

943.687 Marjory Stoneman Douglas High School Public Safety Commission.—

(9) The commission shall submit an initial report on its findings and recommendations to the Governor, President of the

Senate, and Speaker of the House of Representatives by January 1, 2019, and may issue reports annually thereafter. The commission shall sunset July 1, 2025 ~~2023~~, and this section is repealed on that date.

Section 2. Effective October 1, 2022, paragraph (c) is added to subsection (2) of section 943.082, Florida Statutes, to read:

943.082 School Safety Awareness Program.—

(2) The reporting tool must notify the reporting party of the following information:

(c) That if, following an investigation, it is determined that a person knowingly submitted a false tip through FortifyFL, the Internet protocol (IP) address of the device on which the tip was submitted will be provided to law enforcement agencies for further investigation, and the reporting party may be subject to criminal penalties under s. 837.05. In all other circumstances, unless the reporting party has chosen to disclose his or her identity, the report will remain anonymous.

Section 3. Subsection (9) of section 1001.11, Florida Statutes, is amended to read:

1001.11 Commissioner of Education; other duties.—

(9) The commissioner shall oversee and enforce compliance with the requirements relating to school safety and security ~~requirements of the Marjory Stoneman Douglas High School Public Safety Act, chapter 2018-3, Laws of Florida,~~ by school districts; district school superintendents; and public schools, including charter schools. The commissioner must facilitate compliance to the maximum extent provided under law, identify incidents of noncompliance, and impose or recommend to the State

Board of Education, the Governor, or the Legislature enforcement and sanctioning actions pursuant to s. 1008.32 and other authority granted under law.

Section 4. Present subsections (14) and (15) of section 1001.212, Florida Statutes, are redesignated as subsections (15) and (16), respectively, a new subsection (14) and subsection (17) are added to that section, and subsections (2) and (6) of that section are amended, to read:

1001.212 Office of Safe Schools.—There is created in the Department of Education the Office of Safe Schools. The office is fully accountable to the Commissioner of Education. The office shall serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The office shall:

(2) Provide ongoing professional development opportunities to school district and charter school personnel.

(6) Coordinate with the Department of Law Enforcement to provide a unified search tool, known as the Florida School Safety Portal, ~~centralized integrated data repository and data analytics resources~~ to improve access to timely, complete, and accurate information ~~integrating data~~ from, at a minimum, ~~but not limited to,~~ the following data sources ~~by August 1, 2019~~:

(a) Social media Internet posts;

(b) The Department of Children and Families;

(c) The Department of Law Enforcement;

(d) The Department of Juvenile Justice;

(e) The mobile suspicious activity reporting tool known as

FortifyFL;

(f) School environmental safety incident reports collected under subsection (8); and

(g) Local law enforcement.

Data that is exempt or confidential and exempt from public records requirements retains its exempt or confidential and exempt status when incorporated into the centralized integrated data repository. To maintain the confidentiality requirements attached to the information provided to the centralized integrated data repository by the various state and local agencies, data governance and security shall ensure compliance with all applicable state and federal data privacy requirements through the use of user authorization and role-based security, data anonymization and aggregation and auditing capabilities. To maintain the confidentiality requirements attached to the information provided to the centralized integrated data repository by the various state and local agencies, each source agency providing data to the repository shall be the sole custodian of the data for the purpose of any request for inspection or copies thereof under chapter 119. The department shall only allow access to data from the source agencies in accordance with rules adopted by the respective source agencies and the requirements of the Federal Bureau of Investigation Criminal Justice Information Services security policy, where applicable.

(14) Develop, in coordination with the Division of Emergency Management; other federal, state, and local law enforcement agencies; fire and rescue agencies; and first

responder agencies, a model family reunification plan for use by child care facilities, public K-12 schools, and public postsecondary educational institutions that are closed or unexpectedly evacuated due to a natural or manmade disaster. This model plan must consider: the integration of student information and notification systems to facilitate reunification after a natural or manmade disaster; the provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system; parent or guardian custodial verification; a verifiable chain of custody; and the provision of real-time reporting and status of students and staff. This model plan must be reviewed annually and updated, as applicable.

(17) Maintain a current directory of public and private school-based diversion programs and cooperate with each judicial circuit and the Department of Juvenile Justice to facilitate their efforts to monitor and enforce each governing body's compliance with s. 985.12.

Section 5. Paragraph (a) of subsection (4), paragraph (a) of subsection (7), and subsection (9) of section 1006.07, Florida Statutes, are amended, paragraph (d) is added to subsection (6), and subsection (11) is added to that section, to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(4) EMERGENCY DRILLS; EMERGENCY PROCEDURES.—

(a) Formulate and prescribe policies and procedures, in consultation with the appropriate public safety agencies, for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant and hostage situations, and bomb threats, for all students and faculty at all public schools of the district composed ~~comprised~~ of grades K-12, pursuant to State Board of Education rules. Drills for active assailant and hostage situations must ~~shall~~ be conducted in accordance with developmentally appropriate and age-appropriate procedures, as specified in State Board of Education rules ~~at least as often as other emergency drills~~. Law enforcement officers responsible for responding to the school in the event of an active assailant emergency, as determined necessary by the sheriff in coordination with the district's school safety specialist, must be physically present on campus and directly involved in the execution of active assailant emergency drills. School districts must notify law enforcement officers at least 24 hours before conducting an active assailant emergency drill that such law enforcement officers are expected to attend. District school board policies must ~~shall~~ include commonly used alarm system responses for specific types of emergencies and verification by each school that drills have been provided as required by law, State Board of Education rules, and fire protection codes and may provide accommodations for drills conducted by exceptional student education centers. District school boards shall establish emergency response and emergency preparedness policies and procedures that include, but are not limited to, identifying the individuals responsible for

contacting the primary emergency response agency and the emergency response agency ~~that is~~ responsible for notifying the school district for each type of emergency. The State Board of Education shall refer to recommendations provided in reports published pursuant to s. 943.687 for guidance and, by August 1, 2023, consult with state and local constituencies to adopt rules applicable to the requirements of this subsection which, at a minimum, define the terms "emergency drill," "active threat," and "after-action report" and establish minimum emergency drill policies and procedures related to the timing, frequency, participation, training, notification, accommodations, and responses to threat situations by incident type, school level, school type, and student and school characteristics. The rules must require all types of emergency drills to be conducted no less frequently than on an annual school year basis.

(6) SAFETY AND SECURITY BEST PRACTICES.—Each district school superintendent shall establish policies and procedures for the prevention of violence on school grounds, including the assessment of and intervention with individuals whose behavior poses a threat to the safety of the school community.

(d) Each district school board and charter school governing board shall adopt, in coordination with local law enforcement agencies and local governments, a family reunification plan to reunite students and employees with their families in the event that a school is closed or unexpectedly evacuated due to a natural or manmade disaster. This reunification plan must be reviewed annually and updated, as applicable.

(7) THREAT ASSESSMENT TEAMS.—Each district school board shall adopt policies for the establishment of threat assessment

teams at each school whose duties include the coordination of resources and assessment and intervention with individuals whose behavior may pose a threat to the safety of school staff or students consistent with the model policies developed by the Office of Safe Schools. Such policies must include procedures for referrals to mental health services identified by the school district pursuant to s. 1012.584(4), when appropriate, and procedures for behavioral threat assessments in compliance with the instrument developed pursuant to s. 1001.212(12).

(a) A threat assessment team shall include persons with expertise in counseling, instruction, school administration, and law enforcement. All members of the threat assessment team must be involved in the threat assessment process and final decisionmaking. The threat assessment teams shall identify members of the school community to whom threatening behavior should be reported and provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self. Upon the availability of the behavioral threat assessment instrument developed pursuant to s. 1001.212(12), the threat assessment team shall use that instrument.

(9) SCHOOL ENVIRONMENTAL SAFETY INCIDENT REPORTING.—Each district school board shall adopt policies to ensure the accurate and timely reporting of incidents related to school safety and discipline. The district school superintendent is responsible for school environmental safety incident reporting. A district school superintendent who fails to comply with this subsection is subject to the penalties specified in law, including, but not limited to, s. 1001.42(13)(b) or s.

1001.51(12)(b), as applicable. The State Board of Education shall adopt rules establishing the requirements for the school environmental safety incident report. Annually, the department shall publish on its website the most recently available school environmental safety incident data along with other school accountability and performance data in a uniform, statewide format that is easy to read and understand.

(11) SUICIDE SCREENING INSTRUMENT.—Each district school board shall adopt policies to ensure that district schools and local mobile response teams use the same suicide screening instrument approved by the department pursuant to s. 1012.583.

Section 6. Present subsection (6) of section 1006.12, Florida Statutes, is redesignated as subsection (8), a new subsection (6) and subsection (7) are added to that section, and paragraph (c) of subsection (1), paragraphs (a) and (b) of subsection (2), and subsection (5) of that section are amended, to read:

1006.12 Safe-school officers at each public school.—For the protection and safety of school personnel, property, students, and visitors, each district school board and school district superintendent shall partner with law enforcement agencies or security agencies to establish or assign one or more safe-school officers at each school facility within the district, including charter schools. A district school board must collaborate with charter school governing boards to facilitate charter school access to all safe-school officer options available under this section. The school district may implement any combination of the options in subsections (1)-(4) to best meet the needs of the school district and charter schools.

(1) SCHOOL RESOURCE OFFICER.—A school district may establish school resource officer programs through a cooperative agreement with law enforcement agencies.

~~(c) Complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training shall improve officers' knowledge and skills as first responders to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.~~

(2) SCHOOL SAFETY OFFICER.—A school district may commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district. The district school superintendent may recommend, and the district school board may appoint, one or more school safety officers.

(a) School safety officers shall undergo criminal background checks, drug testing, and a psychological evaluation and be law enforcement officers, as defined in s. 943.10(1), certified under ~~the provisions of~~ chapter 943 and employed by either a law enforcement agency or by the district school board. If the officer is employed by the district school board, the district school board is the employing agency for purposes of chapter 943~~,~~ and must comply with ~~the provisions of~~ that chapter.

(b) A school safety officer has and shall exercise the power to make arrests for violations of law on district school board property or on property owned or leased by a charter school under a charter contract, as applicable, and to arrest

persons, whether on or off such property, who violate any law on such property under the same conditions that deputy sheriffs are authorized to make arrests. A school safety officer has the authority to carry weapons when performing his or her official duties.

(5) NOTIFICATION.—The district school superintendent or charter school administrator, or a respective designee, ~~school district~~ shall notify the county sheriff and the Office of Safe Schools immediately after, but no later than 72 hours after:

(a) A safe-school officer is dismissed for misconduct or is otherwise disciplined.

(b) A safe-school officer discharges his or her firearm in the exercise of the safe-school officer's duties, other than for training purposes.

(6) CRISIS INTERVENTION TRAINING.—Each safe-school officer who is also a sworn law enforcement officer shall complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training must improve the officer's knowledge and skills as a first responder to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.

(7) LIMITATIONS.—An individual must satisfy the background screening, psychological evaluation, and drug test requirements and be approved by the sheriff before participating in any training required by s. 30.15(1)(k), which may be conducted only by a sheriff.

If a district school board, through its adopted policies, procedures, or actions, denies a charter school access to any safe-school officer options pursuant to this section, the school district must assign a school resource officer or school safety officer to the charter school. Under such circumstances, the charter school's share of the costs of the school resource officer or school safety officer may not exceed the safe school allocation funds provided to the charter school pursuant to s. 1011.62(13) and shall be retained by the school district.

Section 7. Paragraph (a) of subsection (2) of section 1006.1493, Florida Statutes, is amended to read:

1006.1493 Florida Safe Schools Assessment Tool.—

(2) The FSSAT must help school officials identify threats, vulnerabilities, and appropriate safety controls for the schools that they supervise, pursuant to the security risk assessment requirements of s. 1006.07(6).

(a) At a minimum, the FSSAT must address all of the following components:

1. School emergency and crisis preparedness planning;

2. Security, crime, and violence prevention policies and procedures;

3. Physical security measures;

4. Professional development training needs;

5. An examination of support service roles in school safety, security, and emergency planning;

6. School security and school police staffing, operational practices, and related services;

7. School and community collaboration on school safety; ~~and~~

8. Policies and procedures for school officials to prepare

for and respond to natural and manmade disasters, including family reunification plans to reunite students and employees with their families after a school is closed or unexpectedly evacuated due to such disasters; and

9. A return on investment analysis of the recommended physical security controls.

Section 8. Subsection (5) is added to section 1012.584, Florida Statutes, to read:

1012.584 Continuing education and inservice training for youth mental health awareness and assistance.—

(5) No later than July 1, 2023, and annually thereafter by July 1, each school district shall certify to the department, in a format determined by the department, that at least 80 percent of school personnel in elementary, middle, and high schools have received the training required under this section.

Section 9. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 802
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Education); and Senator Gruters and others
SUBJECT:	School Safety
DATE:	March 2, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Brick	Bouck	ED	**Favorable**
2.	Grace	Elwell	AED	**Recommend: Fav/CS**
3.	Grace	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 802 provides additional safeguards for Florida's students and schools. The bill extends the sunset date of the Marjory Stoneman Douglas High School Public Safety Commission from July 1, 2023, to July 1, 2025.

The bill clarifies the authority of the Commissioner of Education to enforce compliance with the requirements relating to school safety and security. The bill also clarifies requirements for safe-school officers. Specifically, the bill provides that:

- School safety officers may make arrests on charter school property.
- Sworn law enforcement officers serving as school guardians must complete mental health crisis intervention training.
- Only a sheriff may conduct school guardian training.
- Individuals must satisfy screening requirements before participating in guardian training.

The bill expands school safety planning to require:

- The SBE to establish emergency drill policies and procedures.
- Comprehensive participation from all members of a school threat assessment team.
- Law enforcement officers responsible for responding to the school in the event of an emergency to be on campus and directly involved in the execution of emergency drills.
- Each district school board to adopt a family reunification plan to reunite students and employees with their families in the event a school is closed due to an emergency.

The bill does not impact state revenues or state expenditures. *See* Section V. Fiscal Impact Statement.

Except as otherwise specified in the bill, the bill takes effect July 1, 2022.

II. Present Situation:

State–Level Oversight of School Safety Requirements

State Board of Education

The State Board of Education (SBE) is the chief implementing and coordinating body of public education in Florida and is authorized to adopt rules to implement the provisions of law conferring duties upon the SBE to improve the state system of K-20 public education, except for the state university system. The SBE has authority over the Department of Education (DOE) and is authorized to delegate the SBE's general powers to the Commissioner of Education (commissioner) or the directors of the divisions of the DOE.[1]

The SBE may enforce compliance by district school boards and Florida College System (FCS) institution boards of trustees by:

- Reporting to the Legislature that the school district or FCS institution is unwilling or unable to comply with law or state board rule and recommending action to be taken.
- Withholding the transfer of state funds, discretionary grant funds, discretionary lottery funds, or other specified funds until the school district or FCS institution complies with law or rule.
- Declaring the school district or FCS institution ineligible for competitive grants.
- Requiring monthly or periodic reporting related to noncompliance until it is remedied. [2]

The Commissioner of Education

The commissioner is required to oversee compliance with the safety and security requirements of the Marjory Stoneman Douglas High School Public Safety Act by school districts; district school superintendents; and public schools, including charter schools. The commissioner must facilitate compliance to the maximum extent provided under law, identify incidents of noncompliance, and impose or recommend to the SBE, the Governor, or the Legislature enforcement and sanctioning actions. [3]

The Office of Safe Schools

The Office of Safe Schools (OSS) is a division of the DOE that serves as a central repository for best practices, training standards, and compliance oversight in matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. OSS responsibilities include:

- The establishment of a school security risk assessment tool for use by school districts.
- Duties related to school safety incident reporting and data.

[1] Section 1001.02, F.S.
[2] Section 1008.32, F.S.
[3] Section 1001.11, F.S.

- The development and implementation of a School Safety Specialist Training Program for school safety specialists, which must be based on national and state best practices on school safety and include active shooter training.
- Provision of a centralized integrated data repository and data analytics resources to improve access to timely, complete, and accurate information integrating data from multiple agencies and sources.
- Provision of ongoing professional development opportunities to district school board personnel. [4]

Marjory Stoneman Douglas High School Public Safety Commission

The Marjory Stoneman Douglas High School Public Safety Commission was established in 2018 to investigate system failures in the Marjory Stoneman Douglas High School shooting and prior mass violence incidents, and to develop recommendations for system improvements.[5] The commission submitted its initial report to the Governor and the Legislature on January 2, 2019,[6] and its second report on November 1, 2019.[7] The commission is scheduled to sunset on July 1, 2023.[8]

Safe-School Officer Requirement

Florida law requires each district school board and school district superintendent to partner with law enforcement and security agencies to establish or assign one or more safe-school officers at each school facility within the district by implementing one or more safe-school officer options which best meet the needs of the school district and charter schools. These options include:

- Establishing a School Resource Officer (SRO) program through a cooperative agreement with law enforcement agencies. SROs are certified law enforcement officers who must meet specified screening requirements and also complete mental health crisis intervention training.
- Commissioning one or more school safety officers. School safety officers are certified law enforcement officers with the power of arrest on district school property, who are employed by either a law enforcement agency or by the district school board. School safety officers must undergo the same screening requirements and crisis intervention training as an SRO.
- Participating in the Coach Aaron Feis Guardian Program.
- Contracting with a security agency to employ as a school security guard an individual who holds a Class "D" and Class "G" license and completes the same training and evaluation requirements as a school guardian.

The school district is required to notify the county sheriff and the OSS immediately, no later than 72 hours, after a safe-school officer:

- Is dismissed for misconduct or is otherwise disciplined.

[4] Section 1001.212, F.S.
[5] Section 943.687(3), F.S.
[6] Commission, *Initial Report* (Jan. 2, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/CommissionReport.pdf (last visited Feb. 17, 2022).
[7] Commission, *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President*, (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf.
[8] Section 943.687, F.S.

- Discharges his or her firearm in the exercise of the safe-school officer's duties, other than for training purposes.

SROs and school safety officers are required to complete mental health crisis intervention training.[9] Crisis intervention team training is a law enforcement response program designed for first responders who handle crisis calls involving people with mental illness including those with co-occurring substance use disorders. Crisis intervention team training emphasizes a partnership between law enforcement, the mental health and substance abuse treatment system, mental health advocacy groups, and consumers of mental health services and their families.[10] The Florida Criminal Justice Standards and Training Commission offers to sworn law enforcement officers two free courses in crisis intervention training.[11] In addition, the Florida Sheriffs Association receives $800,000 in recurring funds from the Legislature to enhance crisis intervention team training for law enforcement and correctional officers in local sheriff's offices and police departments.[12]

Coach Aaron Feis Guardian Program (Guardian Program)

The guardian program was established in 2018[13] as an option for school districts to meet the safe-school officer requirements in law.[14] Persons certified as school guardians have no authority to act in any law enforcement capacity except to the extent necessary to prevent or abate an active assailant incident.

A sheriff is required to provide access to a guardian program to aid in the prevention or abatement of active assailant incidents on school premises. If a district school board has voted by a majority to implement a guardian program, the sheriff in that county must establish a guardian program to provide training to school district or charter school employees, either directly or through a contract with another sheriff's office that has established a guardian program.

The sheriff must certify as school guardians school employees who:
- Hold a valid concealed weapon license.
- Complete a 144-hour training program.
- Pass a psychological evaluation administered by a licensed psychologist.
- Submit to and pass an initial drug test and subsequent random drug tests in accordance with law and the sheriff's office.
- Successfully complete ongoing training, weapon inspection, and firearm qualification on at least an annual basis. [15]

[14] Section 1006.12, F.S.
[15] Section 30.15, F.S.

The Legislature appropriated $6.5 million for the 2021-2022 fiscal year for sheriffs to certify and train school guardians.[16] As of September 2021, 26 school districts were employing school guardians to satisfy safe-school officer requirements, and an additional 19 districts were employing school guardians as reinforcements for sworn law enforcement officers.[17]

School District Requirements Related to School Safety

Emergency Response Policies and Procedures

District school boards must formulate and prescribe policies and procedures for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant and hostage situations, and bomb threats, for all students and faculty at all district K-12 public schools.

Drills for active assailant and hostage situations must be conducted in accordance with developmentally appropriate and age-appropriate procedures at least as often as other emergency drills. District school board policies must establish emergency response and emergency preparedness policies and procedures, including emergency notification procedures.[18]

The Florida Safe Schools Assessment Tool (FSSAT) is required to be used by school officials at each school district and public school site in the state in conducting security assessments and is intended to help school officials identify threats, vulnerabilities, and appropriate safety controls for the schools that they supervise. The FSSAT is required to address certain components of school safety, such as school emergency and crisis preparedness planning.[19]

Threat Assessment Teams

Each district school board must adopt policies for the establishment of threat assessment teams (TATs) at each school. The purpose of TATs is to coordinate resources and assessment and intervention with individuals whose behavior may pose a threat to the safety of school staff or students. Each TAT must include persons with expertise in counseling, instruction, school administration, and law enforcement.[20] The OSS developed a behavioral threat assessment instrument, the Comprehensive School Threat Assessment Guidelines (CSTAG)[21] to assist TATs in the threat assessment process. The law provides specific requirements for the CSTAG, including that the CSTAG address training for TATs and school administrators.[22]

Each TAT must include persons with expertise in counseling, instruction, school administration, and law enforcement. The TAT must identify members of the school community to whom

[22] Section 1001.212(12)(a)6., F.S.

threatening behavior should be reported and provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self.

If an immediate mental health or substance abuse crisis is suspected, school personnel must follow policies established by the TAT to engage behavioral health crisis resources. Behavioral health crisis resources, including, but not limited to, mobile crisis teams and SROs trained in crisis intervention, shall provide emergency intervention and assessment, make recommendations, and refer the student for appropriate services. Onsite school personnel are required to report all such situations and actions taken to the TAT, which must contact the other agencies involved with the student and any known service providers to share information and coordinate any necessary follow-up actions. Upon the student's transfer to a different school, the TAT must verify that any intervention services provided to the student remain in place until the TAT of the receiving school independently determines the need for intervention services.[23]

Juvenile Diversion Programs

Juvenile diversion programs are alternatives to juvenile arrest. A juvenile arrest may be diverted based on comprehensive knowledge of the juvenile's criminal history, prior contacts with law enforcement, and prior program enrollment.[24] Florida law directs that a civil citation or similar pre-arrest diversion program for misdemeanor offenses be established in each judicial circuit in the state.[25]

Florida school districts are required to incorporate into student codes of conduct criteria for:

- Recommending to law enforcement that a student who commits a criminal offense be allowed to participate in a civil citation or similar prearrest diversion program as an alternative to expulsion or arrest.
- Assigning to a school-based intervention program a student who commits a petty act of misconduct, as defined by the district school board, which are not a threat to school safety. If a student's assignment is based on a noncriminal offense, the student's participation in a school-based intervention program may not be entered into the Juvenile Justice Information System Prevention Web (JJIS). [26]

Compliance with the community-based diversion programs includes all reporting requirements, including that criminal diversions be entered into JJIS. School districts may still operate their own "diversion programs" that address non-criminal conduct, such as Student Code of Conduct violations and other misbehavior.[27]

---

[24] Marjory Stoneman Douglas High School Public Safety Commission (Commission), *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President* (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf at 131.
[25] Section 985.12, F.S.
[26] Section 1006.07(2), F.S.
[27] Marjory Stoneman Douglas High School Public Safety Commission (Commission), *Report Submitted to the Governor, Speaker of the House of Representatives and Senate President* (Nov. 1, 2019), *available at* http://www.fdle.state.fl.us/MSDHS/MSD-Report-2-Public-Version.pdf, at 133.

An audit conducted by the Department of Juvenile Justice in 2019 revealed that 58 school districts were not offering any form of school-based diversion program. Seven school districts were participating in the civil citation or similar prearrest diversion program of the local judicial circuit, and three school districts were operating school-based diversion programs.[28]

Training for Youth Mental Health and Suicide Awareness and Assistance

Mobile response teams are multi-disciplinary teams of behavioral health professionals and paraprofessionals with specialized crisis intervention and operations training. Mobile response teams provide on-demand crisis intervention services in any setting in which a behavioral health crisis is occurring, including homes, schools and emergency rooms.[29]

Each school safety specialist is required to earn, or designate one or more individuals to earn, certification as a youth mental health awareness and assistance trainer. The school safety specialist must ensure that all school personnel within his or her school district receive youth mental health awareness and assistance training.[30] School personnel are also required to receive training for suicide awareness and prevention.[31] The DOE has developed a list, which has been adopted by the SBE, of approved youth suicide awareness and prevention training materials and suicide screening instruments that may be used for training in youth suicide awareness, suicide prevention, and suicide screening for instructional personnel in elementary school, middle school, and high school.[32]

The approved list of materials is required to identify available standardized suicide screening instruments appropriate for use with a school-age population and which have validity and reliability and include information about obtaining instruction in the administration and use of such instruments.[33] The DOE has approved three suicide screening instruments for use by instructional personnel:

- Columbia – Suicide Severity Rating Scale (C-SSRS): Lifetime-Recent.
- Suicide Assessment Five-Step Evaluation and Triage (SAFE-T).
- SAFE-T with C-SSRS.[34]

Safety Incident Reporting

Each district school board is required to adopt policies to ensure the accurate and timely reporting of incidents related to school safety and discipline.[35] The School Environmental Safety Incident Reporting System (SESIR) system collects data on incidents related to school safety and

[35] Section 1006.07(9), F.S.

discipline that occur on school grounds, school transportation, and off-campus, school-sponsored events.[36] The SBE is required to adopt rules establishing the requirements for the SESIR.[37]

The law requires each school principal to ensure that standardized forms prescribed by SBE rule are used to report data concerning school safety and discipline to the DOE.[38] Upon notification by the department that a superintendent has failed to comply with SESIR reporting requirements, the district school board shall withhold further payment of his or her salary and impose other appropriate sanctions that the commissioner or SBE by law may impose.[39] A district school board member who is responsible for a violation of the reporting or sanctions requirements applicable to a superintendent is subject to suspension and removal.[40]

Mobile Suspicious Activity Reporting Tool (FortifyFL)

FortifyFL, the mobile suspicious activity reporting tool, is a computer and mobile phone application free to all public and private schools in Florida. District and school-level administrators receive and must respond to tips from FortifyFL. Any tips submitted via FortifyFL are sent to local school district and law enforcement officials until action is taken.[41]

The reporting party may provide his or her report anonymously. If the reporting party chooses to disclose his or her identity, it remains confidential and exempt from public records disclosure requirements. Information received through the mobile suspicious activity reporting tool is also exempt. [42]

III. Effect of Proposed Changes:

This bill provides additional safeguards for Florida's students and schools. The bill extends the sunset date of the Marjory Stoneman Douglas High School Public Safety Commission from July 1, 2023, to July 1, 2025.

State-level Oversight of School Safety Requirements

Commissioner of Education

The bill modifies s. 1001.11, F.S., to clarify the Commissioner of Education's (commissioner's) existing authority to oversee compliance with requirements relating to school safety and security by school districts, district school superintendents, and public schools, including charter schools.

The Office of Safe Schools

The bill modifies s. 1001.212, F.S., to require the Office of Safe Schools (OSS) to develop, in coordination with the Division of Emergency Management and other federal, state, and local law

[41] Florida Department of Education, *FortifyFL School Safety Awareness Program* (Oct. 26. 2018) *available at* https://info.fldoe.org/docushare/dsweb/Get/Document-8397/dps-2018-157.pdf, at 1-2.
[42] Section 943.082, F.S.

enforcement agencies and first-responder agencies, a model emergency event family reunification plan for use by child care facilities, public K-12 schools, and public postsecondary institutions that are closed or unexpectedly evacuated due to natural or man-made disasters or emergencies. The bill requires the model plan to be reviewed annually and updated if needed, and consider:

- The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
- The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
- Parent or guardian custodial verification;
- A verifiable chain of custody; and
- The provision of real-time reporting and status of students and staff.

The bill also adds requirements for the OSS to:

- Provide ongoing professional development opportunities to charter school personnel in addition to existing requirements to provide training to school district personnel.
- Maintain a current directory of public and private school-based diversion programs and coordinate with the Department of Juvenile Justice and each judicial circuit to monitor and facilitate compliance with the law.

To align the name of the centralized integrated data repository with the functions of the program, the bill renames the centralized integrated data repository as the unified search tool, which is to be known as the "Florida School Safety Portal."

Marjory Stoneman Douglas High School Public Safety Commission

The bill modifies s. 943.687, F.S., to extend from July 1, 2023, to July 1, 2025, the sunset date for the Marjory Stoneman Douglas High School Public Safety Commission.

Safe-School Officer Requirement

The bill modifies s. 1006.12, F.S., relating to safe-school officers, to align requirements among all sworn law enforcement officers serving as safe school officers.

The bill modifies requirements relating to school safety officer authority and training by:

- Clarifying that school safety officers have the power to make arrests on property owned or leased by a charter school in the district.
- Requiring that all safe school officers who are also sworn law enforcement officers must complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training must improve the officer's knowledge and skills as a first responder to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.
- Clarifying that a district school superintendent or charter school administrator, or a respective designee, is responsible for notifying the county sheriff and the OSS after certain misconduct committed by a safe-school officer.

Coach Aaron Feis Guardian Program

The bill clarifies requirements related to school guardians. Specifically, the bill clarifies that:

- An individual must satisfy the background screening, psychological evaluation, and drug test requirements and be approved by the sheriff before participating in any school guardian program training.
- Only a sheriff may conduct school guardian program training.

School District Requirements Related to School Safety

Emergency Response Policies and Procedures

The bill modifies s. 1006.07, F.S., to provide for consistent application of emergency drill requirements across all school districts. The Bill requires the SBE to refer to recommendations provided in published reports of the Marjory Stoneman Douglas High School Public Safety Commission (commission), consult with state and local constituencies, and adopt rules establishing minimum requirements for school district policies and procedures related to emergency response and drills. The SBE's rules must be adopted by August 1, 2023, and must:

- Define, at a minimum, "emergency drill," "active threat," and "after-action report."
- Establish minimum requirements related to the timing, frequency, participation, training, notification, accommodations, and responses to threat situations.
- Specifically address incident type, school level, school type, and student and school characteristics.
- Require all types of emergency drills to be conducted no less frequently than on an annual basis.

The bill requires sheriffs to coordinate with the district school safety specialist to determine the necessary law enforcement officers responsible for responding to a school in the event of an active assailant emergency, and requires schools to notify at least 24 hours before a drill the designated law enforcement officers, who must be physically present on campus and directly involved in the execution of active assailant drills.

To support family reunification following an emergency, the bill requires each district school board and charter school governing board to adopt, in coordination with local law enforcement agencies and local governments, a family reunification plan to reunite students and employees with their families in the event that a school is closed or unexpectedly evacuated due to a natural or manmade disaster. This reunification plan must be reviewed annually and updated, as applicable, and must consider:

- The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
- The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
- Parent or guardian custodial verification;
- A verifiable chain of custody; and
- The provision of real-time reporting and status of students and staff.

The bill also amends s. 1006.1493, F.S., to require that the Florida Safe Schools Assessment Tool (FSSAT) address policies and procedures to prepare for and respond to natural or manmade disasters or emergencies, including plans to reunite students and employees with families after a school is closed or unexpectedly evacuated due to such disasters or emergencies.

Threat Assessment Teams

The bill modifies s. 1006.07, F.S., relating to threat assessment teams (TATs). Specifically, the bill requires that all members of the TAT be involved in the threat assessment process from start to finish, including the determination of the final disposition decision. This change may ensure that all members of the TAT are active participants in the entire threat assessment process.

School Environmental Safety Incident Reporting

The bill requires the Department of Education (DOE) to annually publish on its website the most recently available school environmental safety incident data along with other school accountability and performance data in a uniform, statewide format that is easy to read and understand.

Training for Youth Mental Health and Suicide Awareness and Assistance

The bill requires, no later than July 1, 2023, and annually thereafter by July 1, each school district to certify to the DOE, in a format determined by the DOE, that at least 80 percent of school personnel in elementary, middle, and high schools have received the required training for youth mental health awareness and assistance.

The bill requires each district school board to adopt policies to ensure that district schools and local mobile response teams use the same suicide screening instrument approved by the DOE.

Mobile Suspicious Activity Reporting Tool (FortifyFL)

The bill modifies s. 943.082, F.S., effective October 1, 2022, to support credible reporting through the FortifyFL application. The bill requires notification to parties reporting through FortifyFL that if, following investigation, it is determined that a person knowingly submitted a false tip through FortifyFL, the IP address of the device on which the tip was submitted will be provided to law enforcement agencies, and the reporting party may be subject to criminal penalties for a false report. In all other circumstances, unless the reporting party has chosen to disclose his or her identity, the report must remain anonymous.

Except as otherwise specified in the bill, the bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

An agency analysis has not been provided by the Florida Department of Education. However, the bill is clarifying currently required statutory mandates therefore a fiscal impact to state revenues or expenditures is unlikely. The analysis received from the Florida Department of Law Enforcement does not indicate a fiscal impact.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 943.082, 943.687, 1001.11, 1001.212, 1006.07, 1006.12, 1006.1493, and 1012.584.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on February 28, 2022:
The committee substitute removes from the bill the provisions authorizing:

- The Commissioner of Education and the state board to direct a district school board to withhold the salary of a superintendent, or school board members if the superintendent is appointed.
- The DOE Inspector General to investigate allegations of school safety violations by a district school board.

The committee substitute extends from July 1, 2023, to July 1, 2025, the sunset date for the Marjory Stoneman Douglas High School Public Safety Commission. The proposed committee substitute also adds to the bill provisions requiring:

- The Department of Education to annually publish School Environmental Safety Incident Reporting (SESIR) data.
- School boards and mobile response teams are using the same DOE-approved suicide screening instrument.
- School boards to consult with local governments in reunification plans.
- Schools to notify participating law enforcement at least 24 hours prior to active assailant drill.
- Schools districts to certify that at least 80% of district personnel have received youth mental health awareness and assistance training by July 1, 2023, and annually thereafter by July 1.
- The Office of Safe Schools to consider in the development of the model family reunification plan required pursuant to the bill:
  - The integration of student information and notification systems to facilitate reunification after a natural or manmade disaster;
  - The provision of accurate and real-time verification of reunification, including student identification through a connection to the student information system;
  - Parent or guardian custodial verification;
  - A verifiable chain of custody; and
  - The provision of real-time reporting and status of students and staff.

The committee substitute modifies the requirement of the bill for the district school superintendent or charter school administrator to provide certain notifications concerning safe school officers to authorize a superintendent or administrator's designee to make the required notification.

B. Amendments:

None.

By Senator Gruters

23-00085B-22 2022802__

A bill to be entitled

An act relating to school safety; amending s. 943.082, F.S.; requiring the FortifyFL reporting tool to notify reporting parties that submitting false information may subject them to criminal penalties; providing that certain reports will remain anonymous; amending s. 1001.11, F.S.; requiring the Commissioner of Education to oversee and enforce compliance with requirements relating to school safety and security; requiring the commissioner to take specified actions under certain circumstances relating to noncompliance; amending s. 1001.20, F.S.; requiring the Department of Education's Office of Inspector General to investigate certain allegations if the commissioner determines that a district school board is unwilling or unable to address the allegations; amending s. 1001.212, F.S.; revising the duties of the Office of Safe Schools; amending s. 1006.07, F.S.; requiring certain law enforcement officers to be physically present and directly involved in active assailant emergency drills; requiring the State Board of Education to adopt rules; specifying the requirements for the rules; requiring district school boards and charter school governing boards to adopt family reunification plans; providing for the update and review of such plan; requiring all members of threat assessment teams to be involved in certain processes and decisions; amending s. 1006.12, F.S.; making technical changes; authorizing school safety officers to make arrests on

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

23-00085B-22 2022802__

property owned or leased by a charter school under a charter contract; requiring district school superintendents or charter school administrators, instead of school districts, to notify county sheriffs and the Office of Safe Schools of certain safe-school officer-related incidents; specifying training requirements for certain safe-school officers; amending s. 1006.1493, F.S.; requiring the Florida Safe Schools Assessment Tool to address policies and procedures to prepare for and respond to natural and manmade disasters; amending s. 1008.32, F.S.; authorizing the State Board of Education to direct a school district to suspend the salaries of certain officials if the state board determines the district school board is unwilling or unable to comply with law or state board rule; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Effective October 1, 2022, paragraph (c) is added to subsection (2) of section 943.082, Florida Statutes, to read:

943.082 School Safety Awareness Program.—

(2) The reporting tool must notify the reporting party of the following information:

(c) That if, following an investigation, it is determined that a person knowingly submitted a false tip through FortifyFL, the Internet protocol (IP) address of the device on which the tip was submitted will be provided to law enforcement agencies

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

for further investigation, and the reporting party may be subject to criminal penalties under s. 837.05. In all other circumstances, unless the reporting party has chosen to disclose his or her identity, the report will remain anonymous.

Section 2. Subsection (9) of section 1001.11, Florida Statutes, is amended to read:

1001.11 Commissioner of Education; other duties.—

(9) The commissioner shall oversee and enforce compliance with the requirements relating to school safety and security ~~requirements of the Marjory Stoneman Douglas High School Public Safety Act, chapter 2018-3, Laws of Florida,~~ by school districts; district school superintendents; and public schools, including charter schools. Upon notification by the Office of Safe Schools of a school district's substantiated noncompliance with school safety and security requirements, the commissioner must require the district school board to withhold further payment of the salary of the superintendent, as authorized under s. 1001.42(13)(b). Upon notification by the Office of Safe Schools that a charter school has failed to comply with the requirements relating to school safety and security, the commissioner must facilitate compliance by charter schools by recommending actions to the district school board pursuant to s. 1002.33. The commissioner must facilitate compliance to the maximum extent provided under law, identify incidents of noncompliance, and impose or recommend to the State Board of Education, the Governor, or the Legislature enforcement and sanctioning actions pursuant to s. 1008.32 and other authority granted under law.

Section 3. Paragraph (e) of subsection (4) of section

1001.20, Florida Statutes, is amended to read:

1001.20 Department under direction of state board.—

(4) The Department of Education shall establish the following offices within the Office of the Commissioner of Education which shall coordinate their activities with all other divisions and offices:

(e) *Office of Inspector General.*—Organized using existing resources and funds and responsible for promoting accountability, efficiency, and effectiveness and detecting fraud and abuse within school districts, the Florida School for the Deaf and the Blind, and Florida College System institutions in Florida. If the Commissioner of Education determines that a district school board, the Board of Trustees for the Florida School for the Deaf and the Blind, or a Florida College System institution board of trustees is unwilling or unable to address substantiated allegations made by any person relating to waste, fraud, or financial mismanagement within the school district, the Florida School for the Deaf and the Blind, or the Florida College System institution, the office must ~~shall~~ conduct, coordinate, or request investigations into such substantiated allegations. If the Commissioner of Education determines that a district school board is unwilling or unable to address credible allegations made by any person relating to compliance with the requirements relating to school safety and security, the office must conduct, coordinate, or request investigations into such allegations. The office shall investigate allegations or reports of possible fraud or abuse against a district school board made by any member of the Cabinet; the presiding officer of either house of the Legislature; a chair of a substantive or

appropriations committee with jurisdiction; or a member of the board for which an investigation is sought. The office shall have access to all information and personnel necessary to perform its duties and shall have all of its current powers, duties, and responsibilities authorized in s. 20.055.

Section 4. Present subsections (14) and (15) of section 1001.212, Florida Statutes, are redesignated as subsections (15) and (16), respectively, a new subsection (14) and subsection (17) are added to that section, and subsections (2) and (6) of that section are amended, to read:

1001.212 Office of Safe Schools.—There is created in the Department of Education the Office of Safe Schools. The office is fully accountable to the Commissioner of Education. The office shall serve as a central repository for best practices, training standards, and compliance oversight in all matters regarding school safety and security, including prevention efforts, intervention efforts, and emergency preparedness planning. The office shall:

(2) Provide ongoing professional development opportunities to school district and charter school personnel.

(6) Coordinate with the Department of Law Enforcement to provide a unified search tool, known as the Florida School Safety Portal, ~~centralized integrated data repository and data analytics resources~~ to improve access to timely, complete, and accurate information ~~integrating data~~ from, at a minimum, ~~but not limited to,~~ the following data sources ~~by August 1, 2019~~:

(a) Social media Internet posts;

(b) The Department of Children and Families;

(c) The Department of Law Enforcement;

(d) The Department of Juvenile Justice;

(e) The mobile suspicious activity reporting tool known as FortifyFL;

(f) School environmental safety incident reports collected under subsection (8); and

(g) Local law enforcement.

Data that is exempt or confidential and exempt from public records requirements retains its exempt or confidential and exempt status when incorporated into the centralized integrated data repository. To maintain the confidentiality requirements attached to the information provided to the centralized integrated data repository by the various state and local agencies, data governance and security shall ensure compliance with all applicable state and federal data privacy requirements through the use of user authorization and role-based security, data anonymization and aggregation and auditing capabilities. To maintain the confidentiality requirements attached to the information provided to the centralized integrated data repository by the various state and local agencies, each source agency providing data to the repository shall be the sole custodian of the data for the purpose of any request for inspection or copies thereof under chapter 119. The department shall only allow access to data from the source agencies in accordance with rules adopted by the respective source agencies and the requirements of the Federal Bureau of Investigation Criminal Justice Information Services security policy, where applicable.

(14) Develop, in coordination with the Division of

Emergency Management; other federal, state, and local law enforcement agencies; fire and rescue agencies; and first responder agencies, a model family reunification plan for use by child care facilities, public K-12 schools, and public postsecondary educational institutions that are closed or unexpectedly evacuated due to a natural or manmade disaster. This model plan must be reviewed annually and updated, as applicable.

(17) Maintain a current directory of public and private school-based diversion programs and cooperate with each judicial circuit and the Department of Juvenile Justice to facilitate their efforts to monitor and enforce each governing body's compliance with s. 985.12.

Section 5. Paragraph (a) of subsection (4) and paragraph (a) of subsection (7) of section 1006.07, Florida Statutes, are amended, and paragraph (d) is added to subsection (6) of that section, to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(4) EMERGENCY DRILLS; EMERGENCY PROCEDURES.—

(a) Formulate and prescribe policies and procedures, in consultation with the appropriate public safety agencies, for emergency drills and for actual emergencies, including, but not limited to, fires, natural disasters, active assailant and hostage situations, and bomb threats, for all students and

faculty at all public schools of the district composed ~~comprised~~ of grades K-12, pursuant to State Board of Education rules. Drills for active assailant and hostage situations must ~~shall~~ be conducted in accordance with developmentally appropriate and age-appropriate procedures, as specified in State Board of Education rules ~~at least as often as other emergency drills~~. Law enforcement officers responsible for responding to the school in the event of an active assailant emergency, as determined necessary by the sheriff in coordination with the district's school safety specialist, must be physically present on campus and directly involved in the execution of active assailant emergency drills. District school board policies must ~~shall~~ include commonly used alarm system responses for specific types of emergencies and verification by each school that drills have been provided as required by law, State Board of Education rules, and fire protection codes and may provide accommodations for drills conducted by exceptional student education centers. District school boards shall establish emergency response and emergency preparedness policies and procedures that include, but are not limited to, identifying the individuals responsible for contacting the primary emergency response agency and the emergency response agency ~~that is~~ responsible for notifying the school district for each type of emergency. The State Board of Education shall refer to recommendations provided in reports published pursuant to s. 943.687 for guidance and, by August 1, 2023, consult with state and local constituencies to adopt rules applicable to the requirements of this subsection which, at a minimum, define the terms "emergency drill," "active threat," and "after-action report" and establish minimum emergency drill

policies and procedures related to the timing, frequency, participation, training, notification, accommodations, and responses to threat situations by incident type, school level, school type, and student and school characteristics. The rules must require all types of emergency drills to be conducted no less frequently than on an annual school year basis.

(6) SAFETY AND SECURITY BEST PRACTICES.—Each district school superintendent shall establish policies and procedures for the prevention of violence on school grounds, including the assessment of and intervention with individuals whose behavior poses a threat to the safety of the school community.

(d) Each district school board and charter school governing board shall adopt, in coordination with local law enforcement agencies, a family reunification plan to reunite students and employees with their families in the event that a school is closed or unexpectedly evacuated due to a natural or manmade disaster. This reunification plan must be reviewed annually and updated, as applicable.

(7) THREAT ASSESSMENT TEAMS.—Each district school board shall adopt policies for the establishment of threat assessment teams at each school whose duties include the coordination of resources and assessment and intervention with individuals whose behavior may pose a threat to the safety of school staff or students consistent with the model policies developed by the Office of Safe Schools. Such policies must include procedures for referrals to mental health services identified by the school district pursuant to s. 1012.584(4), when appropriate, and procedures for behavioral threat assessments in compliance with the instrument developed pursuant to s. 1001.212(12).

(a) A threat assessment team shall include persons with expertise in counseling, instruction, school administration, and law enforcement. All members of the threat assessment team must be involved in the threat assessment process and final decisionmaking. The threat assessment teams shall identify members of the school community to whom threatening behavior should be reported and provide guidance to students, faculty, and staff regarding recognition of threatening or aberrant behavior that may represent a threat to the community, school, or self. Upon the availability of the behavioral threat assessment instrument developed pursuant to s. 1001.212(12), the threat assessment team shall use that instrument.

Section 6. Present subsection (6) of section 1006.12, Florida Statutes, is redesignated as subsection (8), a new subsection (6) and subsection (7) are added to that section, and paragraph (c) of subsection (1), paragraphs (a) and (b) of subsection (2), and subsection (5) of that section are amended, to read:

1006.12 Safe-school officers at each public school.—For the protection and safety of school personnel, property, students, and visitors, each district school board and school district superintendent shall partner with law enforcement agencies or security agencies to establish or assign one or more safe-school officers at each school facility within the district, including charter schools. A district school board must collaborate with charter school governing boards to facilitate charter school access to all safe-school officer options available under this section. The school district may implement any combination of the options in subsections (1)-(4) to best meet the needs of the

school district and charter schools.

(1) SCHOOL RESOURCE OFFICER.—A school district may establish school resource officer programs through a cooperative agreement with law enforcement agencies.

~~(c) Complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training shall improve officers' knowledge and skills as first responders to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.~~

(2) SCHOOL SAFETY OFFICER.—A school district may commission one or more school safety officers for the protection and safety of school personnel, property, and students within the school district. The district school superintendent may recommend, and the district school board may appoint, one or more school safety officers.

(a) School safety officers shall undergo criminal background checks, drug testing, and a psychological evaluation and be law enforcement officers, as defined in s. 943.10(1), certified under ~~the provisions of~~ chapter 943 and employed by either a law enforcement agency or by the district school board. If the officer is employed by the district school board, the district school board is the employing agency for purposes of chapter 943, and must comply with ~~the provisions of~~ that chapter.

(b) A school safety officer has and shall exercise the power to make arrests for violations of law on district school board property or on property owned or leased by a charter

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

school under a charter contract, as applicable, and to arrest persons, whether on or off such property, who violate any law on such property under the same conditions that deputy sheriffs are authorized to make arrests. A school safety officer has the authority to carry weapons when performing his or her official duties.

(5) NOTIFICATION.—The district school superintendent or charter school administrator ~~school district~~ shall notify the county sheriff and the Office of Safe Schools immediately after, but no later than 72 hours after:

(a) A safe-school officer is dismissed for misconduct or is otherwise disciplined.

(b) A safe-school officer discharges his or her firearm in the exercise of the safe-school officer's duties, other than for training purposes.

(6) CRISIS INTERVENTION TRAINING.—Each safe-school officer who is also a sworn law enforcement officer shall complete mental health crisis intervention training using a curriculum developed by a national organization with expertise in mental health crisis intervention. The training must improve the officer's knowledge and skills as a first responder to incidents involving students with emotional disturbance or mental illness, including de-escalation skills to ensure student and officer safety.

(7) LIMITATIONS.—An individual must satisfy the background screening, psychological evaluation, and drug test requirements and be approved by the sheriff before participating in any training required by s. 30.15(1)(k), which may be conducted only by a sheriff.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

If a district school board, through its adopted policies, procedures, or actions, denies a charter school access to any safe-school officer options pursuant to this section, the school district must assign a school resource officer or school safety officer to the charter school. Under such circumstances, the charter school's share of the costs of the school resource officer or school safety officer may not exceed the safe school allocation funds provided to the charter school pursuant to s. 1011.62(13) and shall be retained by the school district.

Section 7. Paragraph (a) of subsection (2) of section 1006.1493, Florida Statutes, is amended to read:

1006.1493 Florida Safe Schools Assessment Tool.—

(2) The FSSAT must help school officials identify threats, vulnerabilities, and appropriate safety controls for the schools that they supervise, pursuant to the security risk assessment requirements of s. 1006.07(6).

(a) At a minimum, the FSSAT must address all of the following components:

1. School emergency and crisis preparedness planning;

2. Security, crime, and violence prevention policies and procedures;

3. Physical security measures;

4. Professional development training needs;

5. An examination of support service roles in school safety, security, and emergency planning;

6. School security and school police staffing, operational practices, and related services;

7. School and community collaboration on school safety; ~~and~~

8. Policies and procedures for school officials to prepare for and respond to natural and manmade disasters, including family reunification plans to reunite students and employees with their families after a school is closed or unexpectedly evacuated due to such disasters; and

9. A return on investment analysis of the recommended physical security controls.

Section 8. Paragraph (e) is added to subsection (4) of section 1008.32, Florida Statutes, to read:

1008.32 State Board of Education oversight enforcement authority.—The State Board of Education shall oversee the performance of early learning coalitions, district school boards, and Florida College System institution boards of trustees in enforcement of all laws and rules. District school boards and Florida College System institution boards of trustees shall be primarily responsible for compliance with law and state board rule.

(4) If the State Board of Education determines that an early learning coalition, a district school board, or a Florida College System institution board of trustees is unwilling or unable to comply with law or state board rule within the specified time, the state board has ~~shall have~~ the authority to initiate any of the following actions:

(e) When the noncompliance is related to school safety overseen by a district school board, direct the school district to suspend the salary of the district school superintendent and, if the superintendent is appointed, the salaries of the district school board members until such time as the noncompliance is remedied.

Section 9. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 898, designated as "Miya's Law," makes changes to Florida's Residential Landlord and Tenant Act as well as public lodging establishment laws in an effort to provide safety and security to apartment tenants.

The bill directs landlords or licensees of transient and nontransient apartments to require that all employees undergo a background screening performed by a consumer reporting agency (CRA) done in accordance with the federal Fair Credit Reporting Act (FCRA) as a condition of employment. A person may be disqualified from employment based on the background screening if the person has been found guilty or plead no contest to certain offenses, including those involving violence and disregard for safety.

Under the bill, apartments must maintain a log accounting for the issuance and return of all keys for each dwelling unit, and establish policies for the issuance and return of unit keys, as well as storage and access to unissued keys. An apartment's key logs and employee background screening files are subject to the Department of Business and Professional Regulation's (DBPR) annual inspection of apartments. This portion of the bill takes effect on January 1, 2023.

The bill changes from 12 hours to 24 hours the "reasonable notice" that a landlord must give a tenant for entry of a unit for the purpose of repair for all tenancies.

The DBPR has estimated it will need five full-time positions and $475,480 from the Hotel and Restaurant Trust Fund due to workload and regulatory duties to ensure public lodging establishments provide proof of compliance with conducting employee background screening checks. It is anticipated there will be an indeterminate increase in fines to the trust fund.

Except as otherwise expressly provided, the bill takes effect on July 1, 2022.

II. Present Situation:

The Florida Residential Landlord and Tenant Act

Residential tenancies are governed by the Florida Residential Landlord and Tenant Act (act).[1]

The landlord is the owner or lessor of a dwelling unit. The tenant is a person entitled to occupy a dwelling unit under a rental agreement, in which the tenant makes periodic payments of rent to the landlord.[2] When people enter into a landlord and tenant relationship, as evidenced by a rental agreement, each party commits to abide by certain legal obligations and responsibilities. Rental agreements may be written or oral.[3] Oral rental agreements are for a duration of less than one year.[4] Every rental agreement carries with it an obligation of good faith in both performance and enforcement.[5] Landlords are entitled to collect security deposits from tenants and hold the deposits as security against the performance of the rental agreement.[6]

Landlords and tenants have different obligations to maintain the property. Landlords must comply with building, housing, and health codes, and for dwelling units other than a single-family home or a duplex, a landlord must provide for:

- The extermination of insects and rodents;
- Locks and keys;
- The clean and safe condition of common areas;
- Garbage removal; and
- Heat during winter, running water, and hot water.[7]

Tenants, in turn, must:

- Comply with building, housing, and health codes that apply to tenants;
- Keep the premises clean and sanitary;
- Keep plumbing fixtures clean and sanitary and in repair;
- Use and operate electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other appliances in a reasonable manner;
- Not destroy or damage the premises or property or allow others to do so; and
- Not disturb the peace.[8]

[1] Part II of ch. 83, F.S., s. 83.40, F.S.
[2] Sections 83.43(3), (4), and (6), F.S.
[3] Section 83.43(7), F.S.
[4] *Id.*
[5] Section 83.44, F.S.
[6] Section 83.43(12), F.S.
[7] Sections 83.51(1)(a) and (2)(a), F.S.
[8] Section 83.52, F.S.

A landlord may enter a dwelling unit at any time for the protection or preservation of the premises.[9] The landlord may enter a dwelling unit with reasonable notice to the tenant and at a reasonable time for the purpose of repair of the premises. "Reasonable notice" for the purpose of repair is a notice given at least 12 hours prior to the entry, and reasonable time for the purpose of repair is defined as between the hours of 7:30 a.m. and 8:00 p.m.[10] A landlord cannot abuse the right of access nor use it to harass the tenant.[11]

Transient and Non-transient Apartments

The Division of Hotels and Restaurants (division) within the DBPR is the state agency charged with enforcing the provisions of ch. 509, F.S., relating to the regulation of public lodging establishments and public food service establishments for the purpose of protecting the public health, safety, and welfare.

The division licenses transient and nontransient apartments in the state. Any nontransient apartment renting four units or less or any apartment building inspected by the United States Department of Housing and Urban Development (HUD) or other entity acting on its behalf that is designated primarily as housing for tenants at least 62 years of age is exempt from division licensure.[12]

The regulation of public lodging establishments includes, but is not limited to, sanitation standards, inspections, and training and testing of personnel. Both transient and nontransient apartments are inspected by the division at least annually.[13] For purposes of performing required inspections and the enforcement, the division has the right of entry and access to public lodging establishments at any reasonable time.[14]

The term "public lodging establishments" includes transient and nontransient public lodging establishments.[15] The principal differences between transient and nontransient public lodging establishments are the number of times that the establishments are rented in a calendar year and the duration of the rentals.

A "transient public lodging establishment" is defined in s. 509.013(4)(a)1., F.S., as:

> any unit, group of units, dwelling, building, or group of buildings within a single complex of buildings *which is rented to guests more than three times in a calendar year for periods of less than 30 days or 1 calendar month*, whichever is less, or which is advertised or held out to the public as a place regularly rented to guests.

[9] Section 83.53(2), F.S.
[10] Section 83.53(2), F.S.
[11] Section 83.53(3), F.S.
[12] Section 509.013 (4)(b), F.S.
[13] Section 509.032 (2)(a), F.S.
[14] Section 509.032 (2)(b), F.S.
[15] Section 509.013(4)(a), F.S.

A "nontransient public lodging establishment" is defined in s. 509.013(4)(a)2., F.S., as:

> any unit, group of units, dwelling, building, or group of buildings within a single complex of buildings *which is rented to guests for periods of at least 30 days or 1 calendar month*, whichever is less, or which is advertised or held out to the public as a place regularly rented to guests for periods of at least 30 days or 1 calendar month.

Public lodging establishments are classified as a hotel, motel, vacation rental, nontransient apartment, transient apartment, bed and breakfast inn, or timeshare project.[16]

A nontransient apartment is defined as a building or complex of buildings in which 75 percent or more of the units are available for rent to nontransient tenants. A transient apartment is a building or complex of buildings in which more than 25 percent of the units are advertised or held out to the public as available for transient occupancy.[17]

Safety Regulations

Section 509.211, F.S., dictates safety regulations of public lodging establishments. The law requires every bedroom or apartment in a public lodging establishment to be equipped with an approved locking device on each door opening to the outside, to an adjoining room or apartment, or to a hallway.[18] Every public lodging establishment that is three or more stories in height must have safe and secure railings on all balconies, platforms, and stairways, and all such railings must be properly maintained and repaired.[19]

Employee Background Screenings

Florida provides standard procedures for screening a prospective employee where the Legislature has determined it is necessary to conduct a criminal history background check to protect vulnerable persons.[20]

By law, when a criminal history check or a duty to disclose the absence of a criminal history check is mandated by state law, the criminal history check must include a Florida criminal history provided by the Florida Department of Law Enforcement (FDLE). Such Florida criminal history information may be provided by a private vendor only if that information is directly obtained from the FDLE for each request.[21]

A Level 1 screening is a name-based demographic screening that includes a statewide criminal record check through the FDLE.[22] A Level 1 background screening involves a name-based

[21] Section 943.053(12), F.S.
[22] Section 435.03, F.S. A Level 1 criminal history record check is "a state-only name-based check." Florida Department of Law Enforcement (FDLE), *Definitions*, https://www.fdle.state.fl.us/Background-Checks/VECHS-FAQs/Definitions.aspx (last visited Feb. 9, 2022).

search of Florida records, including employment history, state and local criminal history check, and a search of the National Sex Offender Public Website.[23] A Level 1 screening may be paid for and conducted through the FDLE's website, which provides immediate results.[24]

A Level 2 screening consists of a fingerprint-based search of the FDLE and the Federal Bureau of Investigation databases for state and national criminal arrest records.[25] A Level 1 screening and Level 2 screening have the same disqualifying offenses, including, but not limited to, domestic violence, sexual misconduct, murder, and other violent or sexually-based offenses.[26]

The state mandates background screenings for many professions, including at least a Level 1 screening, and on an agency-determined basis a Level 2, for all state employees.[27] Many professions require a background screening that interact with vulnerable persons like minors or vulnerable adults, whose ability to perform the normal activities of daily living or to provide for his or her own care or protection is impaired due to a mental, emotional, sensory, long-term physical, or developmental disability or dysfunction, or brain damage, or the infirmities of aging.[28] Examples of professions requiring background screening include employees who work in schools, substance abuse and mental health facilities, nursing homes, and massage therapists.

For athletic coaches authorized in the state, a background screening conducted by a commercial CRA in compliance with the federal FCRA, which includes a Level 1 background screening and a search of designated identifying information against listed sexual predator and sexual offender internet sites, is also deemed to satisfy the specified requirements.[29]

Third Party Background Screening

There are hundreds of companies engaged in employment and tenant background screening across the United States.[30] These companies are defined as "consumer reporting agencies" (CRAs), pursuant to the FCRA and are regulated by both the Federal Trade Commission and Consumer Financial Protection Bureau.[31] The FCRA promotes the accuracy, fairness, and privacy of information that consumer reporting agencies and their related entities collect.[32] The FCRA governs the acts of CRAs, entities that furnish information to CRAs (furnishers), and individuals who use credit reports issued by CRAs. Specifically, CRAs and their furnishers must adopt methods to ensure the information they collect and report is accurate.

Individuals can review the information a CRA has collected on them to ensure that it is accurate, and may dispute its accuracy—which triggers a CRA's and furnisher's duty to reinvestigate the information. Individuals may also request to review the information a CRA has in his or her file, the sources of the information, and the identity of those to whom the information was disclosed.

A CRA cannot provide information in a consumer report to anyone who does not have a specified purpose in the FCRA.[33]

Miya Marcano

On September 24, 2021, Miya Marcano, a student at Valencia College, went missing from her apartment in Orlando, Florida, where she also worked at the front office. She was later found dead miles from her apartment.[34]

Investigators for the Orange County Sheriff's Office said Marcano was taken from her apartment by Armando Caballero, who was a maintenance worker at the same apartment complex. It is alleged that he used a master key fob for the apartment complex to enter her apartment. Caballero was found dead by apparent suicide a few days after Marcano went missing.[35]

III. Effect of Proposed Changes:

The bill, cited as "Miya's Law," creates s. 83.515, F.S., to direct landlords of transient and nontransient apartments to require all employees to undergo a background screening performed by a consumer reporting agency done in accordance with the federal Fair Credit Reporting Act as a condition of employment. The screening must include a screening of criminal history records and sexual predator and sexual offender registries of all states and the District of Columbia.

The bill authorizes landlords to disqualify a person from employment based on the background screening if the person has been convicted of or found guilty of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, any of the following offenses:

- A criminal offense involving disregard for the safety of others which, if committed in Florida, is a felony or first degree misdemeanor or, if committed in another state, would be a felony or a misdemeanor of the first degree if committed in Florida; or
- A criminal offense committed in any jurisdiction which involves violence, including, but not limited to, murder, sexual battery, robbery, carjacking, home-invasion robbery, and stalking.

Effective January 1, 2023, the bill amends s. 509.211 F.S., to direct all public lodging establishments licensed by the Division of Hotels and Restaurants as a transient or nontransient

[33] Permissible purposes include employment, insurance underwriting that involves the consumer, evaluating the consumer's eligibility for licensure or other governmental benefit that considers the applicants financial responsibility or status, or a legitimate business need. 15 U.S.C. § 1681b(a).

[35] *Id*.

apartment to require all employees to undergo a background screening as a condition of employment, as provided in s. 83.515, F.S., created in section 1 of the bill. Such licensed apartments must also maintain a log accounting for the issuance and return of all keys for each dwelling unit, and establish policies for the issuance and return of unit keys, as well as storage and access to unissued keys. Upon request during the division's annual inspection of the premises, a licensee must provide proof of compliance with these requirements.

Finally, the bill amends s. 83.53, F.S., to change from 12 hours to 24 hours the "reasonable notice" that a landlord must give a tenant for entry of a unit for the purpose of repair.

Except as otherwise provided, the bill takes effect on July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The DBPR anticipates an indeterminate increase in fines collected due to noncompliance.[36]

B. Private Sector Impact:

The cost of the background screening will be borne by either an applicant/employee or the apartment landlord/licensee; however the bill does not specify. If the cost is to be borne by the apartment landlord/licensee, this expense may be passed on to apartment

[36] *See* Department of Business and Professional Regulation, *2022 Agency Legislative Bill Analysis for SB 898* at 4 (Nov. 12, 2021) (on file with the Senate Appropriations Subcommittee on Agriculture, Environment, and General Government).

tenants. Background screening requirements may have a negative impact on workforce availability in affected lodging establishments.

The Division of Hotels and Restaurants currently licenses 19,261 transient and non-transient apartments. According to the DBPR, if third-party screening rates are similar to the FDLE rate of $72.99 per person, the total fiscal impact to license holders to process one employee per license is $1,405,860. However, the associated costs will be much greater because most properties will have multiple employees requiring screening.[37]

Third-party background screening organizations will experience a significant increase in demand for their services due to this bill.

C. Government Sector Impact:

The bill will have a negative fiscal impact on state expenditures due to costs involved related to additional items for the DBPR to review during annual inspections of apartments. The DBPR estimates a cost of $475,480 ($346,795 recurring) to the Hotel and Restaurant Trust Fund and a need of five full-time positions due to workload and regulatory duties to ensure public lodging establishments provide proof of compliance with conducting employee background screening checks.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Lines 34-39 of the bill requires a "third-party" background check conducted by a consumer reporting agency. According to FDLE, landlords will be responsible for finding a third-party company that can meet the screening criteria in the bill. The FDLE is unaware of the existence of a vendor with this capability.[38]

The bill does not specify a date in which existing apartment employees must obtain a background screening.

It is unclear how the effective date in section 4 of the bill is intended to operate in concert with section 2 of the bill.

The sponsor may consider incorporating reference to electronic programmable key cards to the bill provision requiring apartments to maintain a log accounting for the issuance and return of dwelling unit keys.

[38] *See* Florida Department of Law Enforcement, *2022 Agency Legislative Bill Analysis for SB 898* at 4 (Dec. 10, 2021) (on file with the Senate Appropriations Subcommittee on Agriculture, Environment, and General Government).

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 83.53 and 509.211.

This bill creates section 83.515 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Community Affairs on January 25, 2022:
The committee substitute removes the requirement that a background screening required under the bill be performed by a consumer reporting agency accredited by the Professional Background Screening Association and replaces it with the requirement that the background screening be done in accordance with the federal Fair Credit Reporting Act.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

578-02326-22 2022898c1

A bill to be entitled

An act relating to tenant safety; providing a short title; creating s. 83.515, F.S.; requiring landlords of nontransient or transient apartments to require employees to undergo background screenings as a condition of employment; specifying requirements for the employee background screenings; authorizing landlords to disqualify persons from employment under certain circumstances relating to criminal offenses; amending s. 83.53, F.S.; revising what constitutes reasonable notice for repairs of dwelling units; amending s. 509.211, F.S.; requiring public lodging establishments licensed as nontransient or transient apartments to take certain actions relating to employee background screenings and keys for dwelling units; requiring such establishments to provide proof of compliance to the Division of Hotels and Restaurants of the Department of Business and Professional Regulation upon request; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as "Miya's Law."

Section 2. Section 83.515, Florida Statutes, is created to read:

83.515 Background screening of apartment employees; employment disqualification.—

(1) The landlord of a public lodging establishment

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

578-02326-22 2022898c1

classified under s. 509.242(1)(d) or (e) as a nontransient apartment or transient apartment, respectively, must require that each employee of the establishment undergo a background screening as a condition of employment.

(2) The background screening required under subsection (1) must be performed by a consumer reporting agency in accordance with the federal Fair Credit Reporting Act, and must include a screening of criminal history records and sexual predator and sexual offender registries of all 50 states and the District of Columbia.

(3) A landlord may disqualify a person from employment if the person has been convicted or found guilty of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, any of the following offenses:

(a) A criminal offense involving disregard for the safety of others which, if committed in this state, is a felony or a misdemeanor of the first degree or, if committed in another state, would be a felony or a misdemeanor of the first degree if committed in this state.

(b) A criminal offense committed in any jurisdiction which involves violence, including, but not limited to, murder, sexual battery, robbery, carjacking, home-invasion robbery, and stalking.

Section 3. Subsection (2) of section 83.53, Florida Statutes, is amended to read:

83.53 Landlord's access to dwelling unit.—

(2) The landlord may enter the dwelling unit at any time for the protection or preservation of the premises. The landlord may enter the dwelling unit upon reasonable notice to the tenant

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

and at a reasonable time for the purpose of repair of the premises. "Reasonable notice" for the purpose of repair is notice given at least 24 ~~12~~ hours prior to the entry, and reasonable time for the purpose of repair shall be between the hours of 7:30 a.m. and 8:00 p.m. The landlord may enter the dwelling unit when necessary for the further purposes set forth in subsection (1) under any of the following circumstances:

(a) With the consent of the tenant;

(b) In case of emergency;

(c) When the tenant unreasonably withholds consent; or

(d) If the tenant is absent from the premises for a period of time equal to one-half the time for periodic rental payments. If the rent is current and the tenant notifies the landlord of an intended absence, then the landlord may enter only with the consent of the tenant or for the protection or preservation of the premises.

Section 4. Effective January 1, 2023, subsection (5) is added to section 509.211, Florida Statutes, to read:

509.211 Safety regulations.—

(5) Each public lodging establishment licensed as a nontransient apartment or transient apartment shall do all of the following:

(a) Require that each employee of the licensee undergo a background screening as a condition of employment pursuant to s. 83.515.

(b) Maintain a log accounting for the issuance and return of all keys for each dwelling unit.

(c) Establish policies and procedures for the issuance and return of dwelling unit keys and regulating the storage of, and

access to, unissued keys.

Upon request during the division's annual inspection of the premises, a licensee must provide the division with proof of compliance with this subsection for the inspection.

Section 5. Except as otherwise expressly provided in this act, this act shall take effect July 1, 2022.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1060
INTRODUCER:	Education Committee and Senator Hutson
SUBJECT:	Florida Bright Futures Scholarship Program Student Service Requirements
DATE:	February 27, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Palazesi	Bouck	ED	**Fav/CS**
2.	Grace	Sadberry	AP	**Favorable**
3.			RC	

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1060 modifies the eligibility requirements for the Florida Bright Futures Scholarship Program to include an option for students to use paid work hours in lieu of volunteer hours to qualify for a scholarship. Additionally, the bill requires a student to evaluate and reflect upon his or her paid work experience through papers or other presentations, and makes it optional for a student to identify a social or civic issue or a professional area and develop a plan for personal involvement or learning about the area.

The bill has an indeterminate fiscal impact. *See* Section V. Fiscal Impact Statement.

The takes effect on July 1, 2022.

II. Present Situation:

Florida Bright Futures Scholarship Program

In 1997,[1] the Florida Legislature created the Florida Bright Futures Scholarship Program (Bright Futures Program), a postsecondary scholarship program funded by the lottery. The intent of the Bright Futures Program was to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in a degree program, certificate program, or applied technology program at an eligible Florida public or private postsecondary education

[1] Chapter 97-379, L.O.F.

institution.[2] Since 1997, the Bright Futures Program has disbursed $7.48 billion to over 2.9 million students.[3]

The Bright Futures Program consists of the following awards:
- Florida Academic Scholars (FAS);
- Florida Medallion Scholars (FMS);
- Florida Gold Seal CAPE Scholars (FGSC); and
- Florida Gold Seal Vocational Scholars (FGSV).[4]

Florida Academic Scholarship and Florida Medallion Scholarship

A Florida high school student who wishes to qualify for the FAS or FMS award must graduate from a Florida public high school with a standard high school diploma, graduate from a private high school registered with the Florida Department of Education (DOE), earn a general education diploma (GED), complete a home education program, or graduate from a non-Florida high school as an eligible student.[5] A student must also meet the following initial eligibility requirements:[6]

[2] Section 1009.53(1), F.S.
[3] Florida Department of Education, Office of Student Financial Assistance, *Florida Bright Futures Scholarship Disbursement History*, https://www.floridastudentfinancialaidsg.org//PDF/PSI/BFReportsD.pdf, (last visited Feb. 2, 2022).
[4] Section 1009.53(2), F.S.
[5] 2021-22 Bright Futures Student Handbook, *Chapter 1: Initial Eligibility Requirements* (Aug. 5, 2021), at 3, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFHandbookChapter1.pdf. An out-of-state student may qualify for a Bright Futures Scholarship if the student earned a high school diploma from a non-Florida school while living with a parent or guardian who is a Florida resident and on military or public service assignment away from Florida during the student's last year of high school. Florida Department of Education, *Florida Bright Futures Scholarship Program and the Out-Of-State Student* (2021-22), at 2, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFOOSGuide.pdf.
[6] 2021-22 Bright Futures Student Handbook, *Chapter 1: Initial Eligibility Requirements* (Aug. 5, 2021), at 3, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFHandbookChapter1.pdf.

Scholarship Type	16 High School Course Credits[7]	High School Weighted Bright Futures GPA	College Entrance Exams (ACT/SAT)[8]	Service Hours
FAS[9]	4 - English *(three must include substantial writing)* 4 - Mathematics *(at or above the Algebra I level)* 3 - Natural Science *(two must have substantial laboratory)* 3 - Social Science 2 - World Language *(sequential, in same language)*	3.50	29/1330	100 hours
FMS[10]		3.00	25/1210	75 hours

A student who has demonstrated academic merit through a recognition program may be eligible for a FAS or FMS award without having to meet the college entrance exam requirement. These merit recognition programs include:

- National Merit Finalists and Scholars;
- National Hispanic Scholars;
- Advanced International Certificate of Education (AICE) Diploma;
- International Baccalaureate (IB) Diploma; [11]

A FAS award recipient is eligible for an award equal to the amount necessary to pay 100 percent of tuition and applicable fees and an additional stipend for textbooks as specified in the General Appropriations Act (GAA).[12] A FMS award recipient is eligible for an award equal to the amount necessary to pay 75 percent of tuition and fees,[13] however, an eligible FMS recipient enrolled at a Florida College System (FCS) institution is eligible for an award amount equal to the amount necessary to pay 100 percent of tuition and fees.[14]

A student may receive a FAS or FMS award for a maximum of 100 percent of the number of credit hours required to complete an associate degree, baccalaureate degree, or postsecondary career certificate program.[15]

---

[7] The required coursework aligns with the State University System admission requirements found in Florida Board of Governor's Regulation 6.002, *Admission of Undergraduate First-Time-in-College, Degree-Seeking Freshmen, available at* https://www.flbog.edu/wp-content/uploads/6_002FINAL_FTIC_03252020.pdf.

[8] Section 1009.531(6)(b)-(d), F.S. To ensure the required exam scores represent top student performance and are equivalent between the ACT and SAT, the department determines the score for FAS as no lower than 89th national percentile on the SAT, for FMS no lower than 75th national percentile on the SAT, and the required ACT score must be made concordant. The department must publish any changes to the exam requirements that apply to students graduating in the next 2 years.

[9] Section 1009.534, F.S.

[10] Section 1009.535, F.S.

[11] Sections 1009.535(1)(b)-(e), F.S.

[12] Section 1009.534(2), F.S. The 2021 GAA did not provide funds for a textbook stipend. Specific Appropriation 5, ch. 2021-36, L.O.F.

[13] Section 1009.535(2), F.S.

[14] *Id*. Beginning with the fall 2021 semester, a FMS who is enrolled in an associate degree program at a FCS institution is eligible for the award.

[15] Section 1009.532(3)(a), F.S.

For the 2020-2021 academic year, a total of $438,909,995 was disbursed to 67,369 students[16] receiving a FAS award and $212,251,523 to 51,818 students[17] receiving a FMS award.

Florida Gold Seal Vocational Scholarship

A Florida high school student who wishes to qualify for the Florida Gold Seal Vocational Scholarship (FGSV) award must meet the following initial eligibility requirements:

- Achieve a minimum 3.0 weighted GPA in the non-elective high school courses;
- Take at least three full credits in a single career and technical education program;
- Achieve a minimum 3.5 unweighted GPA in the career education courses;
- Complete 30 service hours; and[18]
- Achieve the required minimum score on the ACT, SAT, or Florida Postsecondary Education Readiness Test (P.E.R.T.) exams depicted in the table below:[19]

Exam Type	Sub-test	Required Score
ACT	Reading	19
	English	17
	Mathematics	19
SAT	Reading Test	24
	Writing and Language Test	25
	Math Test	24
P.E.R.T.	Reading	106
	Writing	103
	Mathematics	114

A FGSV award recipient is eligible for an award equal to the amount specified in the GAA.[20]

A student may receive a FGSV award for a maximum of 100 percent of the number of credit hours or equivalent clock hours required to complete an applied technology diploma, associate in applied science or associate in science degree, or a postsecondary career certificate program.[21]

For the 2020-2021 academic year, a total of $638,015 was disbursed to 755 students[22] receiving a FGSV award.

Florida Gold Seal CAPE Scholarship

A Florida high school student who wishes to qualify for the Florida Gold Seal Career and Professional Education (FGSC) Scholarship must meet the following initial eligibility requirements:

- Earn a minimum of five postsecondary credit hours through CAPE industry certifications which articulate for college credit; and
- Complete 30 service hours.[23]

A FGSC award recipient is eligible for an award equal to the amount specified in the GAA.[24]

A student may receive an FGSC award for a maximum of 100 percent of the number of credit hours or equivalent clock hours required to complete an applied technology diploma, associate in applied science or associate in science degree, or a postsecondary career certificate program.[25] Upon completion of an eligible associate in science degree program which articulates to a baccalaureate degree, a FGSC scholar may also receive an award for a maximum of 60 credit hours toward the baccalaureate degree.[26]

For the 2020-2021 academic year, a total of $262,253 was disbursed to 286 students[27] receiving a FGSC award.

Student Volunteer Requirements for the Florida Bright Futures Scholarship Program

To be eligible for a scholarship award under the Bright Futures Program, a student must complete a specified number of hours of volunteer service work. A student must meet the following service hour requirements:

Bright Futures Scholarship Program	Required Service Hours[28]
FAS	100
FMS	75
FGSV	30
FGSC	30

The student's volunteer service work must be approved by the district school board, the administrators of a nonpublic school, or the DOE for home education students.[29]

Each district school board and the administrators of a nonpublic school must establish approved activities and the process for documentation of service hours, including the deadline by which

[28] Sections 1009.534(1), 1009.535(1), 1009.536(1)(e), and 1009.536(3)(b), F.S.
[29] *Id*.

the hours must be completed.[30] Service work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office.[31] Except for credit earned through service-learning courses,[32] the student may not receive payment or academic credit for service work performed.[33]

The hours earned by a student must be documented in writing, signed by the student and the student's parent or guardian, and a representative of the organization where the work was performed.

In addition to the service hours, a student must identify a social or civic issue or a professional area that interests him or her, develop a plan for their personal involvement in addressing the issue or learning more about the area, and, through papers or presentations, evaluate and reflect upon his or her experience.[34]

III. Effect of Proposed Changes:

CS/SB 1060 modifies the eligibility requirements for the Bright Futures Scholarship Program to include an option for students to use paid work hours in lieu of volunteer hours to qualify for a scholarship. Specifically, the bill allows students, beginning with students graduating in the 2022-2023 academic year and thereafter, to meet volunteer service or paid work requirements through:[35]

- Florida Academic Scholars (FAS): 100 hours of volunteer service or 300 hours of paid work;
- Florida Medallion Scholars (FMS): 75 hours of volunteer service or at least 300 hours of paid work; and
- Florida Gold Seal Vocational Scholars (FGSV) and Florida Gold Seal CAPE Scholars (FGSC): 30 hours of volunteer service or at least 300 hours of paid work.

The paid work hours must meet the requirements for volunteer hours, including documentation in writing of paid work hours, and a student evaluation and reflection upon his or her volunteer service or paid work experience through papers or other presentations. The bill also makes it optional for a student to identify a social or civic issue or a professional area and develop a plan for personal involvement or learning about the area.

The takes effect on July 1, 2022.

---

[30] 2021-22 Bright Futures Student Handbook, *Chapter 1: Initial Eligibility Requirements* (Aug. 5, 2021), at 4 and 6-7, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFHandbookChapter1.pdf.
[31] *Id*.
[32] Section 1003.497, F.S.
[33] 2021-22 Bright Futures Student Handbook, *Chapter 1: Initial Eligibility Requirements* (Aug. 5, 2021), at 4 and 6-7, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFHandbookChapter1.pdf.
[34] 2021-22 Bright Futures Student Handbook, *Chapter 1: Initial Eligibility Requirements* (Aug. 5, 2021), at 4 and 6-7, *available at* https://www.floridastudentfinancialaidsg.org/PDF/BFHandbookChapter1.pdf.
[35] The bill does not provide an option for students to qualify for the Bright Futures Scholarship Program using a combination of volunteer and paid hours.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Private business could see an increase in the number of high school students applying for employment opportunities that qualify for the Bright Futures Scholarship program. Additionally, expanding the eligibility requirements could lead to more students qualifying for the Bright Futures Scholarship program, making college more affordable for students.

C. Government Sector Impact:

According to the Department of Education, the bill could lead to more students qualifying for a Bright Futures award due to expanding the pathways toward successfully completing the service hour requirement. The total number of additional students seeking to utilize the pathway of paid work to satisfy the initial eligibility requirement is indeterminable at this time.[36]

VI. Technical Deficiencies:

None.

[36] Florida Department of Education, *2022 Agency Bill Analysis for HB 461* (Dec. 6, 2021).

VII. Related Issues:

The bill does not address whether students may use past work hours to meet the requirements. Since the Bright Futures Scholarship program requires the student to submit a plan for volunteer hours, most school districts had a "pre-approval" type process for these hours. Accordingly, students who only had work hours, which do not currently count toward the requirement, likely would not have submitted a plan for approval and would be limited to those hours earned after July 1, 2022.[37]

VIII. Statutes Affected:

This bill substantially amends sections 1009.534, 1009.535, and 1009.536 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Committee Substitute on February 8, 2022:

The committee substitute increases the number of paid work hours required for specified Bright Futures scholarships to equal the paid work hours required for the Florida Academic Scholars award, as follows:

- Florida Medallion Scholars (FMS): increases the 75 paid work hours in the bill to at least 300 hours; and
- Florida Gold Seal Vocational Scholars (FGSV) and Florida Gold Seal CAPE Scholars (FGSC): increases the 30 paid work hours in the bill to at least 300 hours.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[37] *Id.*

By the Committee on Education; and Senator Hutson

581-02817-22 20221060c1

A bill to be entitled

An act relating to Florida Bright Futures Scholarship Program student service requirements; amending ss. 1009.534, 1009.535, and 1009.536, F.S.; providing that students may satisfy eligibility requirements for a Florida Academic Scholars, Florida Medallion Scholars, Florida Gold Seal Vocational Scholars, or a Florida Gold Seal CAPE Scholars award, respectively, by performing a specified number of hours of paid work; authorizing, instead of requiring, such students to identify a specified interest or develop a plan for their service requirements under the program; conforming provisions to changes by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 1009.534, Florida Statutes, is amended to read:

1009.534 Florida Academic Scholars award.—

(1) A student is eligible for a Florida Academic Scholars award if he or she meets the general eligibility requirements for the Florida Bright Futures Scholarship Program and:

(a) Has achieved a 3.5 weighted grade point average as calculated pursuant to s. 1009.531, or its equivalent, in high school courses ~~that are~~ designated by the State Board of Education as college-preparatory academic courses and has attained at least the score required under s. 1009.531(6)(a) on the combined verbal and quantitative parts of the Scholastic

581-02817-22 20221060c1

Aptitude Test, the Scholastic Assessment Test, or the recentered Scholastic Assessment Test of the College Entrance Examination, or an equivalent score on the ACT Assessment Program;

(b) Has attended a home education program according to s. 1002.41 during grades 11 and 12, has completed the International Baccalaureate curriculum but failed to earn the International Baccalaureate Diploma, or has completed the Advanced International Certificate of Education curriculum but failed to earn the Advanced International Certificate of Education Diploma, and has attained at least the score required under s. 1009.531(6)(a) on the combined verbal and quantitative parts of the Scholastic Aptitude Test, the Scholastic Assessment Test, or the recentered Scholastic Assessment Test of the College Entrance Examination, or an equivalent score on the ACT Assessment Program;

(c) Has been awarded an International Baccalaureate Diploma from the International Baccalaureate Office or an Advanced International Certificate of Education Diploma from the University of Cambridge International Examinations Office;

(d) Has been recognized by the merit or achievement programs of the National Merit Scholarship Corporation as a scholar or finalist; or

(e) Has been recognized by the National Hispanic Recognition Program as a scholar recipient.

The student must complete a program of volunteer service <u>or, beginning with a high school student graduating in the 2022-2023 academic year and thereafter, paid</u> work, as approved by the district school board, the administrators of a nonpublic school,

or the Department of Education for home education program students, which must include ~~a minimum of 75 hours of service work for high school students graduating in the 2010-2011 academic year and~~ 100 hours of volunteer service or 300 hours of paid work ~~for high school students graduating in the 2011-2012 academic year and thereafter~~. The student may ~~must~~ identify a social or civic issue or a professional area that interests him or her and~~,~~ develop a plan for his or her personal involvement in addressing the issue or learning about the area. The student must, ~~and,~~ through papers or other presentations, evaluate and reflect upon his or her volunteer service or paid work experience. ~~Except for credit earned through service-learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for the volunteer service work performed.~~ Such volunteer service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service or paid work.

Section 2. Subsection (1) of section 1009.535, Florida Statutes, is amended to read:

1009.535 Florida Medallion Scholars award.—

(1) A student is eligible for a Florida Medallion Scholars award if he or she meets the general eligibility requirements for the Florida Bright Futures Scholarship Program and:

(a) Has achieved a weighted grade point average of 3.0 as calculated pursuant to s. 1009.531, or the equivalent, in high school courses that are designated by the State Board of Education as college-preparatory academic courses and has attained at least the score required under s. 1009.531(6)(b) on the combined verbal and quantitative parts of the Scholastic Aptitude Test, the Scholastic Assessment Test, or the recentered Scholastic Assessment Test of the College Entrance Examination, or an equivalent score on the ACT Assessment Program;

(b) Has completed the International Baccalaureate curriculum but failed to earn the International Baccalaureate Diploma or has completed the Advanced International Certificate of Education curriculum but failed to earn the Advanced International Certificate of Education Diploma, and has attained at least the score required under s. 1009.531(6)(b) on the combined verbal and quantitative parts of the Scholastic Aptitude Test, the Scholastic Assessment Test, or the recentered Scholastic Assessment Test of the College Entrance Examination, or an equivalent score on the ACT Assessment Program;

(c) Has attended a home education program according to s. 1002.41 during grades 11 and 12 and has attained at least the score required under s. 1009.531(6)(b) on the combined verbal and quantitative parts of the Scholastic Aptitude Test, the Scholastic Assessment Test, or the recentered Scholastic Assessment Test of the College Entrance Examination, or an equivalent score on the ACT Assessment Program;

(d) Has been recognized by the merit or achievement program of the National Merit Scholarship Corporation as a scholar or finalist but has not completed the program of volunteer service

or paid work required under s. 1009.534; or

(e) Has been recognized by the National Hispanic Recognition Program as a scholar, but has not completed the program of volunteer service or paid work required under s. 1009.534.

A high school student ~~graduating in the 2011-2012 academic year and thereafter~~ must complete at least 75 hours of volunteer service or, beginning with a high school student graduating in the 2022-2023 academic year and thereafter, at least 300 hours of paid work approved by the district school board, the administrators of a nonpublic school, or the Department of Education for home education program students. The student may ~~must~~ identify a social or civic issue or a professional area that interests him or her and~~,~~ develop a plan for his or her personal involvement in addressing the issue or learning about the area. The student must, ~~and,~~ through papers or other presentations, evaluate and reflect upon his or her volunteer service or paid work experience. ~~Except for credit earned through service learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for volunteer service work performed.~~ Such volunteer service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student

performed the volunteer service or paid work.

Section 3. Paragraph (e) of subsection (1) and subsection (2) of section 1009.536, Florida Statutes, are amended to read:

1009.536 Florida Gold Seal Vocational Scholars and Florida Gold Seal CAPE Scholars awards.—The Florida Gold Seal Vocational Scholars award and the Florida Gold Seal CAPE Scholars award are created within the Florida Bright Futures Scholarship Program to recognize and reward academic achievement and career preparation by high school students who wish to continue their education.

(1) A student is eligible for a Florida Gold Seal Vocational Scholars award if he or she meets the general eligibility requirements for the Florida Bright Futures Scholarship Program and:

(e) ~~Beginning with high school students graduating in the 2011-2012 academic year and thereafter,~~ Completes at least 30 hours of volunteer service or, beginning with high school students graduating in the 2022-2023 academic year and thereafter, at least 300 hours of paid work approved by the district school board, the administrators of a nonpublic school, or the Department of Education for home education program students. The student may ~~must~~ identify a social or civic issue or a professional area that interests him or her and~~,~~ develop a plan for his or her personal involvement in addressing the issue or learning about the area. The student must, ~~and,~~ through papers or other presentations, evaluate and reflect upon his or her volunteer service or paid work experience. ~~Except for credit earned through service learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for the volunteer service work performed.~~ Such volunteer

service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service or paid work.

(2) A ~~high school~~ student ~~graduating in the 2016-2017 academic year and thereafter~~ is eligible for a Florida Gold Seal CAPE Scholars award if he or she meets the general eligibility requirements for the Florida Bright Futures Scholarship Program, and the student:

(a) Earns a minimum of 5 postsecondary credit hours through CAPE industry certifications approved pursuant to s. 1008.44 which articulate for college credit; and

(b) Completes at least 30 hours of volunteer service or, beginning with a high school student graduating in the 2022-2023 academic year and thereafter, at least 300 hours of paid work, approved by the district school board, the administrators of a nonpublic school, or the Department of Education for home education program students. The student may ~~must~~ identify a social or civic issue or a professional area that interests him or her and~~,~~ develop a plan for his or her personal involvement in addressing the issue or learning about the area. The student must, ~~and,~~ through papers or other presentations, evaluate and reflect upon his or her experience. ~~Except for credit earned through service learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for the volunteer service work performed.~~ Such volunteer service or paid work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service or paid work must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service or paid work.

Section 4. This act shall take effect July 1, 2022.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1210 amends section 403.182, Florida Statutes, regarding local pollution control programs. The bill provides that notwithstanding existing law or any existing local pollution control programs, the Secretary of the Department of Environmental Protection (DEP) has exclusive jurisdiction in setting standards or procedures for evaluating environmental conditions and assessing potential liability for the presence of contaminants on land that is classified as agricultural land pursuant to state law and being converted to a nonagricultural use. This exclusive jurisdiction includes defining what constitutes all appropriate inquiry required by federal law relating to the innocent landowners defense under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and associated guidance.

For land that is classified as agricultural land pursuant to state law and being converted to a nonagricultural use, the bill provides that the Secretary of the DEP may not delegate the authority to set standards or procedures for evaluating environmental conditions and assessing potential liability described in the bill to a county, a municipality, or another unit of local government through a local pollution control program. However, the bill does not preempt the enforcement authority of a county, a municipality, or another unit of local government through a local pollution control program.

The bill does not apply to former agricultural land for which a permit has been approved by a local government to initiate development or for which development was completed on or before July 1, 2022.

The bill may increase costs to the DEP for evaluating environmental conditions and assessing potential liability on agricultural land that is being converted to a nonagricultural use.

II. Present Situation:

Classification of Agricultural Lands

Section 193.461(1), F.S., requires state property appraisers to classify for ad valorem tax assessment purposes all lands within their counties as agricultural or nonagricultural.[1] Only lands that are used primarily for bona fide agricultural purposes may be classified agricultural.[2]

The term "bona fide agricultural purposes" means good faith commercial agricultural use of the land.[3] The term "agricultural purposes" includes, but is not limited to, horticulture; floriculture; viticulture; forestry; dairy; livestock; poultry; bee; pisciculture, if the land is used principally for the production of tropical fish; aquaculture as defined in state law; algaculture; sod farming; and all forms of farm products as defined in state law; and farm production.[4]

In determining whether the use of the land for agricultural purposes is bona fide, the following factors may be taken into consideration:

- The length of time the land has been so used;
- Whether the use has been continuous;
- The purchase price paid;
- Size, as it relates to specific agricultural use, but a minimum acreage may not be required for agricultural assessment;
- Whether an indicated effort has been made to care sufficiently and adequately for the land in accordance with accepted commercial agricultural practices, including, without limitation, fertilizing, liming, tilling, mowing, reforesting, and other accepted agricultural practices;
- Whether the land is under lease and, if so, the effective length, terms, and conditions of the lease; and
- Such other factors as may become applicable.[5]

In contrast, nonagricultural lands are lands that have either been diverted from an agricultural to a nonagricultural use, or are no longer being utilized for agricultural purposes.[6]

Comprehensive Environmental Response, Compensation, and Liability Act

The CERCLA[7] is commonly known as the Superfund.[8] Thousands of contaminated sites exist nationally due to hazardous waste being dumped, left out in the open, or otherwise improperly managed.[9] These sites include manufacturing facilities, processing plants, landfills, and mining sites.[10]

The CERCLA created a tax on the chemical and petroleum industries and required that the money collected be used to clean up hazardous waste sites throughout the country.[11] The Superfund allows the U.S. Environmental Protection Agency (EPA) to clean up contaminated sites.[12] It also forces the parties responsible for the contamination to either perform cleanups or reimburse the government for EPA-led cleanup work.[13] When there is no viable responsible party, The Superfund gives the EPA the funds and authority to clean up contaminated sites.[14]

Federal agencies must comply with substantive and procedural CERCLA requirements to the same extent as private entities.[15] The following sequence of events generally applies to all sites, both privately and federally-owned or operated: preliminary assessment; site investigation; listing on the National Priorities List; remedial investigation; feasibility study; record of decision; remedial design; remedial action; long-term operation; and maintenance.[16] The remedy selected for cleanup at a federal facility must meet the CERCLA's cleanup standards.[17]

All Appropriate Inquiries

All appropriate inquiries (AAI)[18] is the process of evaluating a property's environmental conditions and assessing potential liability for any contamination.[19] AAI requirements apply to

any party who can potentially claim protection from CERCLA liability as an innocent landowner, contiguous property owner, or bona fide prospective purchasers (BFPPs).[20]

Title 40, Part 312 of the Code of Federal Regulations (AAI Final Rule) provides that AAI investigations must be documented in a written report prepared by an environmental professional.[21] These reports often take the form of a Phase I Environmental Site Assessment.[22] A Phase I Environmental Site Assessment uses existing information to help understand the property conditions by examining current and historical uses of the site and potential threats to human health or the environment. When a potential owner conducts an AAI in compliance with Title 40, Part 312 of the Code of Federal Regulations, he or she may have a defense to liability if contamination is later discovered.[23]

A Phase II Environmental Site Assessment is recommended if the Phase I Environmental Site Assessment results reveal known or potential contamination on the property.[24] In that event, an environmental professional develops a sampling plan to evaluate the potential presence of contamination from hazardous substances and petroleum on the property and determines the sources and exposures.[25] If the contamination found at the property exceeds risk thresholds for the proposed reuse, a cleanup plan may be necessary.[26]

Local Pollution Control Programs

Section 403.182, F.S., provides that each county and municipality (or any combination thereof) may establish and administer a local pollution control program, so long as it complies with all other provisions of the Florida Air and Water Pollution Control Act (FAWPCA).[27] All local pollution control programs must:[28]

- Be approved by the DEP as adequate to meet the requirements of the FAWPCA and any applicable rules and regulations pursuant thereto;
- Provide by ordinance, regulation, or local law for requirements compatible with, or stricter or more extensive than those imposed by the FAWPCA and regulations issued thereunder;
- Provide for the enforcement of such requirements by appropriate administrative and judicial process; and
- Provide for administrative organization, staff, financial, and other resources necessary to effectively and efficiently carry out its program.

If the DEP determines that a local pollution control program is inadequate to prevent and control pollution, or is being administered in a manner inconsistent with the requirements of the FAWPCA, it may require necessary corrective measures.[29] If these corrective measures are not implemented, the DEP may reassume implementation of the FAWPCA within the jurisdiction.[30] Each local pollution control program must cooperate with and assist the DEP in carrying out its powers, duties, and functions.[31]

Site Assessment Guidance for Former Agricultural Sites in Miami-Dade County

The Miami-Dade County (County) Division of Environmental Resources Management (DERM) implements monitoring, education, restoration, regulatory, and land management programs to protect water quality, drinking water supply, air quality and natural resources that are vital to the health and well-being of all County residents and visitors and the ecosystem.[32]

In August 2021, the DERM issued a revised *Site Assessment Guidance for Former Agricultural Sites in Miami-Dade County, DERM Guidance 7G* (DERM Guidance).[33] The DERM Guidance revised earlier interim guidance on the same topic.[34] The DERM states that the guidance was developed in response to requests to provide environmental professionals and practitioners clear guidance for evaluating potential environmental concerns at sites transitioning from a former bona fide agriculture land use (e.g. crops and orchards) to a nonagricultural land use, such as residential use.[35]

According to the DERM Guidance, the conversion of former agricultural lands into nonagricultural uses like residences and schools results in different exposed populations (e.g. expectant mothers, children, and construction workers), different exposure scenarios (e.g. increased exposure frequency and duration), and different exposure pathways.[36] Under these new scenarios, residual agrichemical concentrations in the environment may pose an unacceptable health risk to exposed populations and have the potential to cause a nuisance, ground pollution, or water pollution as defined in the Miami-Dade County Code.[37]

[37] *Id.* at 1.

To address these concerns, the DERM Guidance requires "testing/proper assessment and, if necessary, risk mitigation to ensure the protection of public health, safety, and welfare."[38] It addresses areas historically utilized for growing agricultural crops and provides minimum requirements to characterize the site's environmental conditions resulting from agricultural activities at the site. The DERM notes that based upon changes in types of crops grown, agrichemicals used, irrigation, and pest management strategies, homogenous application of agrichemicals and distribution of agrichemical residues in soils and groundwater cannot be assumed. Ancillary use areas such as agrichemical storage, mix-load areas, and fuel shortage areas may require more targeted assessment and may include additional contaminants of concern (COCs). And additional assessment may be necessary on a case-by-case basis for properties at which a nonagricultural land use predated the bona fide agricultural use (such as landfills and military installations) or where the land use history indicates a period during which bona fide agricultural use was interrupted by a nonagricultural use.[39]

The DERM Guidance provides guidance on soil assessment issues like sampling methodologies (including discrete sampling, composite sampling, and Incremental Sampling Methodology (ISM) sampling); sampling intervals; COCs; Synthetic Precipitation Leaching Procedure (SPLP) analysis; acute toxicity considerations; assessment of bioavailability from soil; and background concentrations.[40] It also provides guidance on groundwater assessment issues like sampling frequency and COCs, the substance of technical reports that property owners submit to the DERM, and notifications.[41]

III. Effect of Proposed Changes:

Section 1 of the bill amends s. 403.182, F.S., regarding local pollution control programs. The bill provides that notwithstanding existing law or any existing local pollution control programs, the Secretary of the DEP has exclusive jurisdiction in setting standards or procedures for evaluating environmental conditions and assessing potential liability for the presence of contaminants on land that is classified as agricultural land pursuant to state law and being converted to a nonagricultural use. This exclusive jurisdiction includes defining what constitutes all appropriate inquiry required by federal law relating to innocent landowners defense under the CERCLA and associated guidance.

For land that is classified as agricultural land pursuant to state law and being converted to a nonagricultural use, the bill provides that the Secretary of the DEP may not delegate the authority to set standards or procedures for evaluating environmental conditions and assessing potential liability described in the bill to a county, a municipality, or another unit of local government through a local pollution control program. However, the bill also provides that it does not preempt the enforcement authority of a county, a municipality, or another unit of local government through a local pollution control program.

[38] *Id.*
[39] *Id.*
[40] *Id.* at 2-6.
[41] *Id.* at 6-8.

The bill does not apply to former agricultural land for which a permit has been approved by a local government to initiate development or for which development was completed on or before July 1, 2022.

Section 2 provides that the bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill may increase costs to the DEP because it is assuming exclusive jurisdiction in setting standards or procedures for evaluating environmental conditions and assessing potential liability for the presence of contaminants on land that is classified as agricultural land pursuant to state law and being converted to a nonagricultural use. In contrast, local governments may experience a decrease in costs associated with setting such standards or procedures.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 403.182 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Environment and Natural Resources on February 7, 2022:
The committee substitute:

- Narrows the scope of the underlying bill to the following:
  - Provides that the Secretary of the Department of Environmental Protection has exclusive jurisdiction from "all matters related to" (in the underlying bill) evaluating environmental conditions and assessing potential liability for the presence of contaminants, to "setting standards or procedures" for same.
  - Modifies the scope of the evaluation and assessment, from land that is or was classified as agricultural land, to land that is classified as agricultural land and is being converted to a nonagricultural use.
  - Clarifies that the secretary's exclusive jurisdiction includes defining what constitutes all appropriate inquiry consistent with federal law and guidance.
  - Clarifies that the secretary may not delegate this authority to set standards or procedures to a county, a municipality, or another unit of local government through a local pollution control program for land that is classified as agricultural under state law and being converted to nonagricultural use.
  - Provides that the bill does not preempt the enforcement authority of a county, a municipality, or another unit of local government through a local pollution control program.
  - Provides that the bill does not apply to former agricultural land for which a permit has been approved by a local government to initiate development or for which development was completed on or before July 1, 2022.

B. Amendments:

None.

By the Committee on Environment and Natural Resources; and Senator Albritton

592-02786-22 20221210c1

A bill to be entitled

An act relating to pollution control standards and liability; amending s. 403.182, F.S.; providing that the Secretary of Environmental Protection has exclusive jurisdiction in setting standards or procedures for evaluating environmental conditions and assessing potential liability for the presence of contaminants on certain agricultural lands; prohibiting the secretary from delegating such authority to a local governmental entity; providing construction and applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (11) is added to section 403.182, Florida Statutes, to read:

403.182 Local pollution control programs.—

(11)(a) Notwithstanding this section or any existing local pollution control programs, the Secretary of Environmental Protection has exclusive jurisdiction in setting standards or procedures for evaluating environmental conditions and assessing potential liability for the presence of contaminants on land that is classified as agricultural land pursuant to s. 193.461 and being converted to a nonagricultural use. The exclusive jurisdiction includes defining what constitutes all appropriate inquiry consistent with 40 C.F.R. part 312 and guidance thereunder.

(b) The secretary may not delegate the authority to set

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02786-22 20221210c1

standards or procedures for evaluating environmental conditions and assessing potential liability under paragraph (a) to a county, a municipality, or another unit of local government through a local pollution control program under this section. This subsection does not preempt the enforcement authority of a county, a municipality, or another unit of local government through a local pollution control program under this section.

(c) This subsection does not apply to former agricultural land for which a permit has been approved by a local government to initiate development or for which development was completed on or before July 1, 2022.

Section 2. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 15, 2022

I respectfully request that **Senate Bill #1210**, relating to Pollution Control Standards and Liability, be placed on the:

☒ committee agenda at your earliest possible convenience.

☐ next committee agenda.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1358
INTRODUCER:	Senator Rouson
SUBJECT:	Task Force on the Monitoring of Children in Out-of-Home Care
DATE:	February 25, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Preston	Cox	CF	**Favorable**
2.	Kolich	Harkness	ACJ	**Recommend: Favorable**
3.	Kolich	Sadberry	AP	**Favorable**

I. Summary:

SB 1358 creates the Task Force on the Monitoring of Children in Out-of-Home Care adjunct to the Florida Department of Law Enforcement (FDLE), with the FDLE providing administrative support for the Task Force. The Task Force is required to identify and counter the root causes of why children go missing while in out-of-home care and to ensure that prompt and effective action is taken to address such causes. The Task Force must examine and recommend improvements to current policies, procedures, programs, and initiatives to prevent children from going missing while in out-of-home care and to ensure that timely and comprehensive steps are taken to find children who are missing for any reason, including, but not limited to, running away, human trafficking, and abduction by or absconding with a parent or an individual who does not have care or custody of the child.

The Task Force is to be composed of 13 members, including, but not limited to, a member of the Senate, a member of the House of Representatives, and representatives from the FDLE, the Guardian ad Litem program, and the community-based care lead agencies (CBCs), a licensed foster parent, and a young adult who has aged out of the foster care system. Dates are specified for member appointments and the initial meeting of the Task Force.

The bill requires the Department of Children and Families (DCF or department) to submit monthly reports through October, 2023, to assist the Task Force in fulfilling its duties and requires the Florida Institute for Child Welfare to conduct focus groups with children in out-of-home care and young adults who have aged out of the foster care system to examine why children leave their out-of-home placements and how to prevent them from leaving.

The bill requires the Task Force to submit a report with findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1, 2023.

The bill includes a date for repeal of the section creating the Task Force on June 30, 2024, unless reviewed and saved from repeal by the Legislature.

The bill is anticipated to have a significant negative fiscal impact on the FDLE. See Section V. Fiscal Impact Statement.

The bill has an effective date of July 1, 2022.

II. Present Situation:

Out-of-home Care

Current law requires any person who knows or suspects that a child has been abused, abandoned, or neglected to report such knowledge or suspicion to the Florida central abuse hotline (hotline).[1] A child protective investigation begins if the hotline determines the allegations meet the statutory definition of abuse,[2] abandonment,[3] or neglect.[4] A child protective investigator (CPI) investigates the situation either immediately, or within 24 hours after the report is received, depending on the nature of the allegation.[5]

After conducting an investigation, if the CPI determines that the child is in need of protection and supervision that necessitates removal, the investigator may initiate formal proceedings to remove the child from his or her home. When the DCF removes a child from the home, known as out-of-home care, a series of dependency court proceedings must occur before a child may be adjudicated dependent.[6]

When children cannot safely remain at home with parents, Florida's child welfare system finds safe out-of-home placements for such children. After an assessment to determine the most

[1] Section 39.201(1), F.S.
[2] Section 39.01(2), F.S. The term "abuse" means any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes the birth of a new child into a family during the course of an open dependency case when the parent or caregiver has been determined to lack the protective capacity to safely care for the children in the home and has not substantially complied with the case plan towards successful reunification or met the conditions for return of the children into the home. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.
[3] Section 39.01(1), F.S. The term "abandoned" or "abandonment" means a situation in which the parent or legal custodian of a child or, in the absence of a parent or legal custodian, the caregiver, while being able, has made no significant contribution to the child's care and maintenance or has failed to establish or maintain a substantial and positive relationship with the child, or both.
[4] Sections 39.01(50) and 39.201(2)(a), F.S. "Neglect" occurs when a child is deprived of, or is allowed to be deprived of, necessary food, clothing, shelter, or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability unless actual services for relief have been offered to and rejected by such person. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child may not, for that reason alone, be considered a negligent parent or legal custodian; however, such an exception does not preclude a court from ordering necessary services.
[5] Section 39.101(2), F.S.
[6] *See* s. 39.01(14), F.S., for the definition of "child who is found to be dependent".

appropriate out-of-home placement, a child may be placed with a relative, fictive kin, licensed foster parent, in a group home or residential setting.[7] While in out-of-home care, the child and his or her parents receive services to address problems that led to the removal so that reunification or other permanency option may be reached as quickly as possible.[8]

Once removed, the shelter and daily care for the child are provided by foster or kinship families or group home staff. These caregivers undergo an assessment and licensing or certification process to ensure their suitability as caregivers. While in out-of-home care, services are provided to the child and his or her parents to help improve the problems that led to the removal so that reunification or other permanency options may be reached as quickly as possible.[9]

Missing Children in DCF Custody

When Rilya Wilson disappeared in 2002, national awareness of the problem of children becoming missing while under the care of child welfare agencies intensified.[10] In the wake of her disappearance, at the direction of Governor Jeb Bush, DCF and the Florida Department of Law Enforcement (FDLE) teamed up to locate 393 missing children who were under the DCF's custody.[11] The multi-agency, statewide effort was entitled "Operation SafeKids" (Operation). Seven Regional Child Location Strike Forces were created in each of the FDLE's seven regions. The results of the Operation included:

- 292 (75%) children were located or cases were closed.
- 13 (3%) children aged out of care and were no longer under the custody of the DCF but still had active cases with law enforcement.
- 88 (22%) children were not located and remained under active investigation by the local law enforcement agency and the DCF. Of these, 20 were included in the Endangered/Parental Abduction/Involuntary group, and 68 were included in the Runaway group.[12]

The FDLE reports that the FDLE's Missing Endangered Persons Information Clearinghouse (MEPIC)[13] led a multi-agency, statewide effort, titled "Operation Safe Kids." Part of this

[9] *Id*.
[10] Four-year old Rilya Wilson went missing while in DCF's custody after the termination of her mother's parental rights. The DCF did not discover her disappearance until two years later, when Rilya was not found living at the home of her caregiver. The Florida Legislature passed, and the Governor signed, a bill into law that created the Rilya Wilson Act. Section 39.604, F.S., requires a child from birth to the age of school entry, who is under court-ordered protective supervision or in out-of-home care and is enrolled in an early education or child care program, to attend the program 5 days a week unless the court grants an exemption.

[12] *Id*.
[13] The Missing Endangered Persons Information Clearinghouse (MEPIC) is the central repository of information regarding missing endangered persons in Florida. MEPIC assists law enforcement agencies and Florida's citizens in finding missing persons by providing analytical services and engaging the public in the search. As part of these services, MEPIC has worked with partner agencies to develop the Florida AMBER Plan and Florida Silver Alert Plan. Under these plans, MEPIC is responsible for issuing all AMBER Alerts, Missing Child Alerts and State Silver Alerts in Florida, *available at*: https://www.fdle.state.fl.us/mcicsearch/ (Last visited January 11, 2022).

operation's work was implementation of the now standard procedure, opening missing persons cases for every child discovered missing while under the DCF custody. The DCF, as the custodian of the missing child, makes the initial missing report to the appropriate local law enforcement agency who then enters the case into the Florida Crime Information Center (FCIC). This entry ensures all law enforcement and criminal justice professionals nationwide making inquiries regarding a possible missing child similar to the subject of the case, are notified of the Florida missing child. Additionally, the DCF creates a record in the Florida Safe Families Network (FSFN), their internal database, concerning the missing episode.[14]

A DCF liaison, co-located within MEPIC, quality controls the information in FSFN using internal DCF information and the missing child's FCIC entry. This information is electronically transferred from the DCF liaison to members of MEPIC who facilitate its entry into MEPIC's Missing Persons Database (MPDB). In addition to populating a variety of Florida systems and access points to the information, MPDB also electronically transfers the information regarding the child to the National Center for Missing and Exploited Children (NCMEC). When fully implemented as an electronic network in February of 2008, this relay process became the first of its kind in the nation, rapidly transferring the missing record of a child in state care, to both state and federal missing persons clearinghouses to help optimize the safe recovery of the child in minimal time.[15]

The co-location and partnership with the DCF personnel within MEPIC facilitates the ongoing effectiveness and continued success of this system as well as the facilitation of near immediate agency-to-agency communication and information sharing between state and local partners on all DCF missing child cases. This benefit is particularly valuable with those cases involving the most serious danger for the children and urgency required to insure a safe recovery.[16]

Additionally, a Florida Senate interim project report noted that the disappearance of Rilya Wilson in 2002 raised national awareness of the problem of children who become missing while under the care of the child welfare agencies charged with protecting them. Since then, Florida and many other states studied the issue and enacted legislation and implemented policies intended to improve tracking of children in state care. The report made a number of recommendations related to changes in Florida law, including:

- The DCF should be given rule-making authority specific to missing children. The department should be directed to promulgate rules that will provide comprehensive, explicit and consistent guidelines to be followed by its employees and contracted providers.
- The Legislature should consider amending Chapter 39 to require the department and its contracted providers to report a child as missing to the appropriate law enforcement agency, after making reasonable, but unsuccessful, efforts to locate the child and determining that it is necessary to report the child as missing.
- Section 937.021(1), F.S., should be amended to make it clear that a law enforcement agency must take reports of missing children not only from parents and guardians, but also from the department or its contracted providers.

[14] The FDLE, *2022 FDLE Legislative Bill Analysis SB 1358*, p. 5, January 19, 2022. (on file with the Senate Committee on Children, Families and Elder Affairs) (hereinafter cited as "The FDLE SB 1358 Analysis").
[15] *Id*.
[16] *Id*.

- Section 787.04(3), F.S., related to removing a child during an investigation or while under protective supervision, should be amended to require that a defendant act knowingly and willfully, rather than with criminal intent, after receiving constructive or actual notice of the pending matter.[17]

All of these recommendations were enacted during the 2008 legislative session.[18]

Collection of Information Related to Children in Out-of-home Care

Federal legislation enacted in 1993 supports states in planning, designing, developing, and implementing a Statewide Automated Child Welfare Information System (SACWIS) system. SACWIS is a comprehensive, automated case management system that helps social workers manage foster care and adoption cases. All states and the District of Columbia collect data on their child welfare cases and activities for entry into a statewide automated system that provides reports for a variety of uses.[19]

The Children's Bureau requires states to include 66 data elements, including demographic information on the child's race, age, gender, and date of entry into care. The SACWIS includes case-related information, such as the reason identified for removing the child and placing him or her into foster care, service goals, number of placements, and availability for adoption. States may include other data elements to meet their needs, including elements that help caseworkers manage their caseloads within the structure of the child welfare system. States use their SACWIS data to create management and outcome reports.[20]

The DCF's Florida Safe Families Network (FSFN) is the state's SACWIS.[21] FSFN serves as the statewide electronic case record for all child abuse investigations and case management activities in Florida. The amount of data entered into FSFN is extensive and if fully utilized can provide infinite details on the whereabouts and safety of children in out-of-home care.

Florida Institute for Child Welfare

In 2014, the Legislature established the Florida Institute for Child Welfare (FICW) at the Florida State University, College of Social Work. The Legislature created the FICW to provide research and evaluation that contributes to a more sustainable, accountable, and effective child welfare system. The purpose of the FICW is to advance the well-being of children and families by improving the performance of child protection and child welfare services through research,

[21] Rule 65C-38.001, F.A.C.

policy analysis, evaluation, and leadership development.[22] Current law requires the FICW to establish an affiliate network of public and private universities with accredited degrees in social work. All public universities with such programs in Florida are currently part of the network. In 2017, the FICW expanded its affiliate network to include research affiliates, and there are now over 50 research faculty affiliates. The FICW is statutorily mandated to:

- Maintain a program of research contributing to the scientific knowledge related to child safety, permanency, and child and family well-being.
- Advise the DCF and other organizations about scientific evidence regarding child welfare practice, as well as management practices and administrative processes.
- Assess performance of child welfare services based on specified outcome measures.
- Evaluate training requirements for the child welfare workforce and the effectiveness of training.
- Develop a program of training and consulting to assist organizations with employee retention.
- Identify and communicate effective policies and promising practices.
- Recommend improvements in the state's child welfare system.
- Submit annual reports to the Governor and Legislature.[23]

The FICW sponsors and supports interdisciplinary research projects and program evaluation initiatives that contribute to knowledge relevant to enhancing Florida's child welfare outcomes.

Task Force

Section 20.03, F.S., includes definitions related to organizational structure. In part, it defines a "task force" as an advisory body created without specific statutory enactment for a time not to exceed one year or created by specific statutory enactment for a time not to exceed three years and appointed to study a specific problem and recommend a solution or policy alternative with respect to that problem. Its existence terminates upon the completion of its assignment.[24]

Florida has established a number of task forces in the past related to child welfare. These have typically been created either by the Governor or the DCF's Secretary in response to a tragic incident involving a child under the DCF's custody. Examples of these include, in part:

- The Nubia Report, the Investigative Panel's Findings and Recommendations, 2011.[25]
- Family Safety Quality Assurance Review of Courtney Alisa Clark, Initial Findings, 2007.[26]
- Report of Gabriel Myers Work Group on Child-on-Child Sexual Abuse, 2010.[27]
- Governor's Blue Ribbon Panel on Child Protection, 2003 (Rilya Wilson).[28]

There is currently no task force that monitors children in out-of-home care.

III. Effect of Proposed Changes:

The bill creates the Task Force on the Monitoring of Children in Out-of-Home Care within the FDLE. The Task Force is created to identify and counter the root causes of why children go missing while in out-of-home care and to ensure prompt and effective action is taken to address such causes. The bill requires the Task Force to examine and recommend improvements to current policies, procedures, programs, and initiatives to prevent children from going missing while in out-of-home care and to ensure that timely and comprehensive steps are taken to find children who are missing for any reason, including, but not limited to, running away, human trafficking, and abduction by a parent or a person who does not have care or custody of the child.

The Task Force must be composed of the following 13 members:

- A member of the Senate, appointed by the President of the Senate.
- A member of the House of Representatives, appointed by the Speaker of the House of Representatives.
- The Secretary of the DCF, or designee.
- The Secretary of the Department of Juvenile Justice, or designee.
- The executive director of the Statewide Guardian ad Litem Office, or designee.
- The executive director of the FDLE, or designee.
- A representative from Safe Kids Florida, appointed by the State Surgeon General.
- A representative from the Statewide Council on Human Trafficking, appointed by the Attorney General.
- A representative from a CBC that delivers child welfare services in a rural county, appointed by the DCF's Secretary.
- A representative from a CBC that delivers child welfare services in an urban county, appointed by DCF's Secretary.
- A licensed foster parent, appointed by the DCF's Secretary.
- A representative from a residential group care provider, appointed by the DCF's Secretary.
- A young adult who aged out of the foster care system, appointed by the DCF's Secretary.

The bill requires all Task Force appointments to be made by August 1, 2022, and provides that each member serves at the pleasure of the appointing official. A vacancy on the Task Force must be filled in the same manner as the original appointment. The members must elect a chair from among the members.

The bill requires the Task Force to convene no later than September 1, 2022, and to meet monthly thereafter or upon the call of the chair. The bill allows meetings to be held through teleconference or other electronic means.

The bill requires the Task Force to:

- Analyze statistical data regarding children in out-of-home care who are missing and the reasons why, if known;

- Identify the root causes of why children go missing while in out-of-home care and how to prevent children from going missing while in out-of-home care;
- Assess the relationship between children who go missing from out-of-home care and the risks of such children becoming victims of human trafficking;
- Assess the comprehensiveness and effectiveness of existing policies and procedures for preventing children in out-of-home care from going missing, for promptly determining whether such children are missing, and for locating such children;
- Evaluate the state's approaches to reporting on the individual status of children missing from out-of-home care and the results of the efforts to locate such children, including, but not limited to, the use of technology, training, communication, and cooperation;
- Measure the overall performance of efforts to locate and recover children missing from out-of-home care, including, but not limited to, the communication and response between CBC's, the DCF, and other entities;
- Collaborate with the FICW to identify best practices used in other states for monitoring the location of children in out-of-home care who go missing, and evaluate whether such practices should be adopted in the state; and
- Submit recommendations to improve policies, procedures, and systems in the state, including, but not limited to, technology, training, communication, and cooperation, so all entities are effectively monitoring children in out-of-home care, responding appropriately when such children go missing, and preventing such children from going missing while in out-of-home care.

The bill requires the FICW to conduct focus groups with children in out-of-home care and young adults who aged out of the foster care system to assist the Task Force in fulfilling its duties. The focus groups must, at a minimum, consider the reasons why such children seek to leave their out-of-home placement, identify opportunities and resources to assist and prevent children from leaving their placements, and to facilitate the return of such missing children. The bill requires the FICW to submit the findings from the focus groups to the Task Force by April 1, 2023.

The bill requires the DCF to provide monthly reports to the Task Force until October 1, 2023. The monthly reports must, at a minimum, address the number and percentage of children in out-of-home care who have been reported missing, the reasons why such children are missing, if known, and the length of time between when such children are reported missing and their recovery or return. The monthly reports must categorize the required data by age, county, CBC, and reason, if known.

The Task Force must submit a report with its findings and recommendations to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1, 2023.

The bill includes a repeal date of June 30, 2024, for the section creating the Task Force, unless reviewed and saved from repeal by the Legislature.

The bill provides an effective date of July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Art. VII, s. 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The FDLE reports that due to the short-term nature of the Task Force, the FDLE states it will require two OPS positions totaling $140,076 ($130,986 recurring) to support the Task Force.[29]

VI. Technical Deficiencies:

None.

[29] The FDLE, *Agency Analysis for SB 1358*, p. 4, January 19, 2022 (on file with Senate Committee on Children, Families, and Elder Affairs) (hereinafter cited as "The FDLE SB 1358 Analysis).

VII. Related Issues:

The FDLE has reported that as a task force pursuant to s. 20.03, F.S., this body would be required to meet sunshine meeting and records requirements. The bill does not provide an exception for closed sessions, therefore, task force members would not be able to openly discuss confidential and/or exempt records without waiving such rights. Further, the FDLE states that there may be the need to occasionally possess and review law enforcement sensitive information in this setting.[30] The FDLE respectfully recommends mirroring language found in s. 943.687(8), FS, which provides: "Any portion of a meeting of the Marjory Stoneman Douglas High School Public Safety Commission at which exempt or confidential and exempt information is discussed is exempt from s. 286.011, FS, and s. 24(b), Art. I of the State Constitution.[31]

Additionally, the FDLE requests that additional language be included in the bill to allow for the Task Force to possess records while maintaining any exemption or confidentiality status those records may have already maintained and language authorizing closed sessions to discuss confidential and/or exempt materials that the Task Force may regularly need, such as active criminal intelligence information or active criminal investigative information, or personal identifiable information of individuals such as victims who may have constitutional rights under Marsy's Law.[32]

VIII. Statutes Affected:

The bill creates section 39.4093 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[30] The FDLE SB 1358 Analysis, p. 5.

By Senator Rouson

19-01584-22 20221358__

A bill to be entitled

An act relating to the Task Force on the Monitoring of Children in Out-of-Home Care; creating s. 39.4093, F.S.; creating the task force adjunct to the Department of Law Enforcement; requiring the department to provide certain services; specifying the purpose of the task force; specifying the composition of the task force; providing requirements for member appointments, election of a chair, and meetings; specifying duties of the task force; requiring the Florida Institute for Child Welfare to conduct certain focus groups and submit its findings to the task force by a specified date; requiring the Department of Children and Families to submit certain monthly reports to the task force through a specified date; requiring the task force to submit a report to the Governor and Legislature by a specified date; providing for future repeal; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 39.4093, Florida Statutes, is created to read:

39.4093 Task Force on the Monitoring of Children in Out-of-Home Care.—

(1) CREATION.—The Task Force on the Monitoring of Children in Out-of-Home Care, a task force as defined in s. 20.03(8), is created adjunct to the Department of Law Enforcement. The

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

19-01584-22 20221358__

Department of Law Enforcement shall provide administrative and staff support services relating to the functions of the task force.

(2) PURPOSE.—The purpose of the task force is to identify and counter the root causes of why children go missing while in out-of-home care and to ensure that prompt and effective action is taken to address such causes. The task force shall examine and recommend improvements to current policies, procedures, programs, and initiatives to prevent children from going missing while in out-of-home care and to ensure that timely and comprehensive steps are taken to find children who are missing for any reason, including, but not limited to, running away, human trafficking, and abduction by or absconding with a parent or an individual who does not have care or custody of the child.

(3) MEMBERSHIP; MEETINGS.—

(a) The task force is composed of the following members:

1. A member of the Senate, appointed by the President of the Senate.

2. A member of the House of Representatives, appointed by the Speaker of the House of Representatives.

3. The secretary, or his or her designee.

4. The Secretary of Juvenile Justice, or his or her designee.

5. The executive director of the Statewide Guardian Ad Litem Office, or his or her designee.

6. The executive director of the Department of Law Enforcement, or his or her designee.

7. A representative from Safe Kids Florida, appointed by the State Surgeon General.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

8. A representative from the Statewide Council on Human Trafficking, appointed by the Attorney General.

9. A representative from a community-based care lead agency that delivers child welfare services in a rural county, appointed by the secretary.

10. A representative from a community-based care lead agency that delivers child welfare services in an urban county, appointed by the secretary.

11. A licensed foster parent, appointed by the secretary.

12. A representative from a residential group care provider, appointed by the secretary.

13. A young adult who aged out of the foster care system, appointed by the secretary.

(b) Appointments to the task force must be made by August 1, 2022. Each member shall serve at the pleasure of the official who appointed the member. A vacancy on the task force must be filled in the same manner as the original appointment.

(c) The task force shall elect a chair from among its members.

(d) The task force shall convene no later than September 1, 2022. The task force shall meet monthly or upon the call of the chair. The task force shall hold its meetings through teleconference or other electronic means.

(4) DUTIES.—The duties of the task force include all of the following:

(a) Analyzing statistical data regarding children in out-of-home care who are missing and the reasons why the children are missing, if known.

(b) Identifying the root causes of why children go missing

while in out-of-home care and how to prevent children from going missing while in out-of-home care.

(c) Assessing the relationship between children who go missing from out-of-home care and the risks of such children becoming victims of human trafficking.

(d) Assessing the comprehensiveness and effectiveness of existing policies and procedures for preventing children in out-of-home care from going missing, for promptly determining whether such children are missing, and for locating such children.

(e) Evaluating the state's approaches to reporting on the individual status of children missing from out-of-home care and the results of the efforts to locate such children, including, but not limited to, the use of technology, training, communication, and cooperation.

(f) Measuring the overall performance of efforts to locate and recover children missing from out-of-home care, including, but not limited to, the communication and response between community-based care lead agencies, the department, and other entities.

(g) Collaborating with the Florida Institute for Child Welfare to identify best practices used in other states for monitoring the location of children in out-of-home care who go missing, and evaluating whether such practices should be adopted in this state.

(h) Submitting recommendations to improve policies, procedures, and systems in this state, including, but not limited to, technology, training, communication, and cooperation, so that all entities are effectively monitoring

children in out-of-home care, responding appropriately when such children go missing, and preventing such children from going missing while in out-of-home care.

(5) FOCUS GROUPS.—The Florida Institute for Child Welfare shall conduct focus groups with children in out-of-home care and young adults who aged out of the foster care system to assist the task force in fulfilling its duties. The focus groups shall, at a minimum, consider the reasons why such children seek to leave their out-of-home placement, and identify opportunities and resources to assist and prevent children from leaving their placements and to facilitate the return of such missing children. The institute shall submit the findings from the focus groups to the task force by April 1, 2023.

(6) REPORTS.—

(a) Through October 1, 2023, the department shall provide monthly reports to the task force to assist the task force in fulfilling its duties. The monthly reports must, at a minimum, address the number and percentage of children in out-of-home care who have been reported missing; the reasons why such children are missing, if known; and the length of time between when such children are reported missing and their recovery or return. The monthly report must categorize the required data by age, county, community-based care lead agency, and reasons why such children are missing, if known.

(b) By October 1, 2023, the task force shall submit to the Governor, the President of the Senate, and the Speaker of the House of Representatives a report that compiles the findings and recommendations of the task force.

(7) REPEAL.—This section is repealed June 30, 2024, unless

reviewed and saved from repeal by the Legislature.

Section 2. This act shall take effect July 1, 2022.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 15, 2022

I respectfully request that **Senate Bill #1358**, relating to Task Force on the Monitoring of Children in Out-of-Home Care, be placed on the:

☐ committee agenda at your earliest possible convenience.

☒ next committee agenda.

Senator Darryl Ervin Rouson
Florida Senate, District 19

File signed original with committee office

S-020 (03/2004)

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1430 (732288)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Banking and Insurance Committee; and Senator Burgess
SUBJECT:	Insolvent Insurers
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Arnold	Knudson	BI	**Fav/CS**
2.	Sanders	Betta	AEG	**Recommend: Fav/CS**
3.	Sanders	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1430 amends several provisions of the Florida Insurance Code related to the Office of Insurance Regulation (OIR) and the Florida Insurance Guaranty Association (FIGA), and the Florida Workers' Compensation Insurance Guaranty Association (FWCIGA). The FWCIGA provides a mechanism for the payment of covered workers' compensation claims to avoid delay and financial loss to claimants due to the insolvency of a workers' compensation insurer. The FIGA provides a mechanism for the payment of covered claims under certain lines of property and casualty insurance policies to avoid delay and financial loss due to the financial insolvency of an insurer. Specifically, the bill:

- Provides that past loss experience and prospective loss experience for insolvent insurers must be used in the determination and fixing of workers' compensation rates, and that data previously reported by insolvent insurers may be used to assess the impact on rates;
- Authorizes insurers to make advance assessment payments to the FIGA in quarterly installments;
- Authorizes an insurer to forego recouping advances of assessments to the FIGA;
- Requires insurers electing to not recoup advances of assessments made to the FIGA to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute;
- Clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders;

- Requires insurers making assessment payments to the FIGA to file reconciliation reports on a form and schedule adopted by the FIGA regardless of assessment payment method;
- Authorizes the Workers' Compensation Insurance Guaranty Association (WCIGA) to allow an insurer to make advance assessment payments in a single payment or on a quarterly basis based on cash-flow needs;
- Reduces the frequency of annual reconciliation reports subsequently filed with the WCIGA after the assessment year from a period of three years to a period of two years;
- Clarifies that an assessment paid before surcharges are collected is an advance; and
- Makes additional technical and conforming changes.

The bill provides that the officers and directors of an insolvent insurer may thereafter serve as an officer or director of an authorized insurer unless the OIR enters an order under section 624.310, Florida Statutes, demonstrating that the personal actions or omissions of the officer or director were a significant contributing cause to the insolvency.

The bill does not impact state revenues or expenditures.

The bill takes effective July 1, 2022.

II. Present Situation:

Officers and Directors of Insolvent Insurers

In general, Florida law gives the OIR broad authority to deny, suspend, or revoke an insurer's authority to transact insurance in Florida if it finds the insurer's officers and directors to be:

- Incompetent or untrustworthy;
- So lacking in insurance company managerial experience as to make the proposed operation hazardous to the insurance-buying public;
- So lacking in insurance experience, ability, and standing as to jeopardize the reasonable promise of successful operation; or
- Affiliated directly or indirectly through ownership, control, reinsurance transactions, or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders, stockholders, investors, creditors, or the public, by manipulation of assets, accounts, or reinsurance or by bad faith.[1]

When an insurer becomes insolvent, current law requires the OIR to deny an officer or director of the insolvent insurer from thereafter serving in the same capacity for another insurer if the officer or director served in that capacity within two years preceding the insolvency of the insurer, unless the officer or director demonstrates to the OIR that his or her personal actions or omissions were not a significant contributing cause to the insolvency.[2]

[1] Section 624.404(3)(a), F.S.
[2] Section 624.4073, F.S.

Regulation of Property Insurance Rates

Part I of ch. 627, F.S., is the Rating Law[3] governing property, casualty, and surety insurance that covers subjects of insurance resident, located, or to be performed in this state.[4] The Rating Law provides the rates for all classes of insurance it governs may not be excessive, inadequate, or unfairly discriminatory.[5] Though the terms "rate" and "premium" are often used interchangeably, the rating law specifies "rate" is the unit charge that is multiplied by the measure of exposure or amount of insurance specified in the policy to determine the premium, which is the consideration paid by the consumer.[6]

All insurers or rating organizations must file rates with the OIR either 90 days before the proposed effective date of a new rate, which is considered a "file and use" rate filing, or 30 days after the effective date of a new rate, which is considered a "use and file" rate filing.

Upon receiving a rate filing, the OIR reviews the filing to determine if the rate is excessive, inadequate, or unfairly discriminatory. The OIR makes that determination in accordance with generally acceptable actuarial techniques and, in a property insurance rate filing, considers the following:

- Past and prospective loss experience;
- Past and prospective expenses;
- The degree of competition among insurers for the risk insured;
- Investment income reasonably expected by the insurer;
- The reasonableness of the judgment reflected in the rate filing;
- Dividends, savings, or unabsorbed premium deposits returned to policyholders;
- The adequacy of loss reserves;
- The cost of reinsurance;
- Trend factors, including trends in actual losses per insured unit for the insurer;
- Conflagration and catastrophe hazards;
- Projected hurricane losses;
- Projected flood losses, if the policy covers the risk of flood;
- A reasonable margin for underwriting profit and contingencies; and
- Other relevant factors that affect the frequency or severity of claims or expenses.

Workers' Compensation Reporting Requirements and Rating Factors

Florida law currently requires workers' compensation insurers to record and report certain loss, expense, and claims experience to aid the OIR in making determinations concerning the adequacy of worker's compensation experience for ratemaking purposes.[7] Additionally, insurers are required to provide the following information annually on both Florida experience and nationwide experience separately:

- Payrolls by classification;

[3] Section 627.011, F.S.
[4] Section 627.021, F.S.
[5] Section 627.062(1), F.S.
[6] Section 627.041, F.S.
[7] Section 627.914(1), F.S.

- Manual premiums by classification;
- Standard premiums by classification;
- Losses by classification and injury type; and
- Expenses.[8]

Section 627.072, F.S., in turn governs the admissibility of factors to be used in the determination and fixing of workers' compensation insurance rates. The following factors are used for such purpose:

- The past loss experience and prospective loss experience within and outside Florida;
- The conflagration and catastrophe hazards;
- A reasonable margin for underwriting profit and contingencies;
- Dividends, savings, and unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers;
- Investment income on unearned premium reserves and loss reserves;
- Past expenses and prospective expenses, both countrywide and those specifically applicable to Florida; and
- All other relevant factors, including judgment factors, within and outside of Florida.[9]

Insurers satisfy the reporting requirements above by providing their data to the National Council on Compensation Insurance, Inc. (NCCI).[10] When an insurer goes into receivership due to insolvency, it ceases reporting to the NCCI and, therefore, its data is no longer reported to the OIR and not used in the determination and fixing of rates.

Guaranty Associations

Under federal law, insurance companies cannot file for bankruptcy.[11] Instead, they are either rehabilitated or liquidated by their state of domicile. Florida law establishes the system for the treatment of impaired or insolvent insurers[12] in Florida and sets up guaranty payments where necessary.[13] Florida law provides for guaranty associations to ensure policyholders of insolvent insurers are protected with respect to insurance premiums paid and settlement of outstanding claims, up to limits provided by law.[14] A guaranty association is a not-for-profit corporation created by law and directed to protect policyholders from financial losses and delays in claims payment and settlements due to the insolvency of an insurer.[15] Authorized insurers are required

[8] Section 627.914(2), F.S.
[9] Section 627.072(1), F.S.
[10] *See* Rule 69O-189.0055, F.A.C.
[11] 11 U.S.C. s. 109(b)(2).
[12] An "insolvent insurer" means an insurer that was authorized to transact insurance in this state, either at the time the policy was issued or when the insured event occurred, and against which an order of liquidation with a finding of insolvency has been entered by a court of competent jurisdiction if such order has become final by the exhaustion of appellate review. Section 631.904(4), F.S.
[13] Chapter 631, F.S.
[14] *See id.*
[15] *See e.g.*, ss. 631.51 and 631.902, F.S.

to participate in the guaranty associations as a condition of transacting insurance business in Florida. Florida operates four guaranty associations including the FIGA[16] and the FWCIGA.[17]

Florida Insurance Guaranty Association

The FIGA provides a "mechanism for the payment of covered claims under certain insurance policies to avoid" delay and financial loss due to the financial insolvency of an insurer.[18] It issues guaranty fund payments and provides related services for all lines of property and casualty insurance with certain exceptions.[19] When a Florida property and casualty insurer becomes insolvent, the FIGA takes over the claims of that insurer and pays the claims of its policyholders, ensuring that policyholders are not left with unpaid claims.

The FIGA is funded through the liquidation of insolvent insurers. If an insurer's assets are insufficient to pay all claims, the FIGA can request, and the OIR can levy post-insolvency assessments against property and casualty insurers to obtain funds to pay the remaining claims.[20] All assessments paid by the insurer pursuant to the levied assessment constitute advances of funds from the insurer to the FIGA.[21] The insurer may then, in turn, recoup the advance by applying the uniform assessment percentage levied by the OIR to all its policies of the same kind or line of business as were considered by the OIR in determining its assessment on the insurer.[22]

When the FIGA issues an assessment, it may require each member insurer pay the assessment either in a single payment before policy surcharges are collected (pay and recover), or in quarterly installments after the policy surcharges are collected (collect and remit).[23]

Assessments paid before policy surcharges are collected result in a receivable for policy surcharges collected in the future. Insurers under this assessment methods are further required to file a reconciliation report with the FIGA within 90 days of the end of the assessment year that indicates:

- The amount of the initial payment before the assessment year;
- Whether such amount was based on direct written premium contained in a previous calendar year annual statement or a good faith projection;
- The amount actually collected during the assessment year; and
- Such information contained on a form adopted by the FIGA and provided to the insurer in advance.[24]

[23] *See id*.
[24] Section 631.57(3)(f)1.d., F.S.

Florida Workers' Compensation Insurance Guaranty Association

The FWCIGA "provides a mechanism for the payment of covered claims under chapter 440, F.S., to avoid" delay and financial loss to claimants due to the insolvency of a workers' compensation insurer.[25] The FWCIGA services workers' compensation claims against insolvent workers' compensation insurers[26] and self-insurance funds.[27] When a workers' compensation insurer or self-insurance fund becomes insolvent, the FWCIGA takes over the claims of that insurer and pays the claims of its policyholders, ensuring that policyholders are not left with unpaid claims.

Like the FIGA, the FWCIGA is funded through the liquidation of insolvent insurers, including a portion of the estates of insolvent insurers in other states. If the assets of the liquidated insurer are insufficient to pay claims, the FWCIGA, in conjunction with the OIR, may order assessments of workers' compensation insurers and self-insurance funds writing workers' compensation coverage in Florida.[28]

In 2016, the method of assessment for the FWCIGA was amended to be more consistent with the methods used to levy assessments by the other Florida guaranty associations.[29] Since the 2016 amendments, the law has provided for two methods by which the FWCIGA can collect assessments from workers' compensation insurers and self-insurance funds.[30] The FWCIGA may choose to fund an assessment by either of the following methods:[31]

- Single payment, subject to true-up (pay and recover)[32] – under this method, the insurer pays the assessment to the FWCIGA and then recovers its payment from its insureds through policy surcharges. The assessment payment is due and payable no earlier than 30 days following written notice of the assessment order. For accounting purposes, the billed surcharges are a receivable and an asset for the purposes of the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles Number 4[33] and would be recorded separately from the liability for the OIR reports; or

[25] Section 631.902, F.S.
[26] "Insurer" means an insurance carrier or self-insurance fund authorized to insure under ch. 440, F.S. For purposes of this act, "insurer" does not include a qualified local government self-insurance fund, as defined in s. 624.4622, F.S., or an individual self-insurer as defined in s. 440.385, F.S. Section 631.904(5), F.S.
[27] "Self-insurance fund" means a group self-insurance fund authorized under s. 624.4621, F.S., a commercial self-insurance fund writing workers' compensation insurance authorized under s. 624.462, F.S., or an assessable mutual insurer authorized under s. 628.6011, F.S. For purposes of this act, the term "self-insurance fund" does not include a qualified local government self-insurance fund, as defined in s. 624.4622, F.S., an independent educational institution self-insurance fund as defined in s. 624.4623, F.S., an electric cooperative self-insurance fund as described in s. 624.4626, F.S., or an individual self-insurer as defined in s. 440.385, F.S. Section 631.904(6), F.S.
[28] Section 631.914, F.S.
[29] Chapter 16-170, L.O.F.
[30] *See* s. 631.914, F.S.
[31] *See id.*
[32] Section 631.914(1)(d), F.S.
[33] *See* National Association of Insurance Commissioners & The Center for Insurance Policy and Research, *Statutory Accounting Principles*, http://www.naic.org/cipr_topics/topic_statutory_accounting_principles.htm (last visited Nov. 4, 2019).

- Installment (collect and remit or pass-through) – under this method, the insurer would bill the insured for the surcharge as policies are written and remit the collected surcharges to the FWCIGA quarterly.[34]

The insurer is required to submit a reconciliation report within 120 days following the end of the 12-month assessment recovery period showing the amount initially paid and the amount of the surcharge collected.[35] This results in a "true-up" of the actual assessment amount if the initial calculation and payment was too low or too high.[36]

III. Effect of Proposed Changes:

Section 1 amends s. 624.4073, F.S., related to officers and directors of insolvent insurers, to require the OIR to enter an order pursuant to s. 624.310, F.S., demonstrating the personal actions or omissions of the officer or director of an insolvent insurer were a significant contributing cause of the insolvency, in order to prevent the officer or director from serving in the same capacity for another insurer. The bill thus eliminates an automatic prohibition against a person serving as an officer or director of an authorized insurer, or having direct or indirect control over selecting or appointing an officer or director, if such person was an officer or director of an insolvent insurer in the two years prior to the insolvency. That prohibition under current law does not apply if the officer or director can demonstrate to the OIR that his or her personal actions or omissions were not a significant contributing cause to the insolvency.

Section 2 amends s. 627.072, F.S., to provide factors used in the determination and fixing of workers' compensation rates must include past loss experience and prospective loss experience for insolvent insurers. The prior reported data for such insurers and other relevant information may be used to assess the impact on rates.

Section 3 amends s. 631.57, F.S., related to the powers and duties of the Florida Insurance Guaranty Association (FIGA), to authorize the association to request the OIR's assessment order authorize insurers to make advance assessment payments in quarterly installments.

The bill provides an insurer discretion to forego recouping advances of assessments made to the association. The bill requires insurers electing to not recoup advances of assessments made to the FIGA to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute. Furthermore, the bill clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders.

The bill specifies insurers, regardless of the required assessment payment method, must file one or more reconciliation reports with the association. Each reconciliation report must indicate the amount actually collected during the assessment year and such other information using a form and schedule adopted by the association and provided to the insurer in advance.

The bill makes additional technical changes specific to surcharges.

[34] Section 631.914(1)(d), F.S.
[35] Section 631.914(1)(d)3., F.S.
[36] *See id.*

Section 4 amends s. 631.914, F.S., related to Workers' Compensation Insurance Guaranty Association (association) assessments, to provide the association with discretion to authorize an insurer that is required to pay an assessment before surcharges are collected, to pay the assessment either in a single payment or on a quarterly basis based on cash-flow needs.

The bill reduces the frequency of annual reconciliation reports subsequently filed after the assessment year from a period of three years to a period of two years.

The bill clarifies an assessment paid before surcharges are collected is an advance.

The bill provides technical changes by replacing the term "installment method" with "pass-through method" to reflect current operational terminology of the association.

The bill makes additional conforming changes.

Section 5 provides an effective date of July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 624.4073, 627.072, 631.57, and 631.914.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 732288 by Appropriations Committee (Recommended CS by Appropriations Subcommittee on Agriculture, Environment, and General Government):
The committee substitute:

- Requires insurers electing not to recoup assessments made to the Florida Insurance Guaranty Association (FIGA) to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute; and
- Clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders.

CS by Banking and Insurance on January 18, 2022:
The committee substitute:

- Amends s. 624.4073, F.S., related to officers and directors of insolvent insurers, shifts the burden for demonstrating the personal actions or omissions of the officer or director of an insolvent insurer were a significant contributing cause of the insolvency to the OIR, rather than on the officer or director to demonstrate his or her personal actions or omissions were not a significant contributing cause of the insolvency.

B. Amendments:

None.

732288

576-03106-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to insolvent insurers; amending s. 624.4073, F.S.; revising a prohibition against certain insolvent insurers' former officers or directors serving as officers or directors of an insurer or having direct or indirect control over certain selection or appointment of officers or directors, to allow such activities unless the Office of Insurance Regulation enters a specified order; amending s. 627.072, F.S.; providing required factors to be used in the determination and fixing of rates for premiums paid to insolvent insurers for specified coverages; amending s. 631.57, F.S.; authorizing insurers remitting assessments to the Florida Insurance Guaranty Association, Incorporated, to elect not to recoup advances; specifying requirements for insurers electing not to recoup; revising a requirement for information regarding assessment percentages which must be specified by the Office of Insurance Regulation in orders levying assessments; authorizing the association to request that orders levying assessments issued by the office authorize a certain installment frequency for the remittance of advance payments by insurers; revising the requirement that certain insurers make payments, rather than initial payments, on a certain basis; requiring insurers to

732288

576-03106-22

make quarterly payments to association under certain circumstances; revising insurer reconciliation reporting requirements; providing reconciliation requirements for surcharges collected from policyholders; requiring insurers to treat the failure of an insured to pay a surcharge, rather than a recoupment charge, as a failure to pay the premium; revising construction; amending s. 631.914, F.S.; revising provisions relating to insurers' collection of surcharges and payments of assessments to the Florida Workers' Compensation Insurance Guaranty Association, Incorporated; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 624.4073, Florida Statutes, is amended to read:

624.4073 Officers and directors of insolvent insurers.—Any person who was an officer or director of an insurer doing business in this state and who served in that capacity within the 2-year period before the date the insurer became insolvent, for any insolvency that occurs on or after July 1, 2002, may ~~not~~ thereafter serve as an officer or director of an insurer authorized in this state or have direct or indirect control over the selection or appointment of an officer or director through contract, trust, or by operation of law, unless the office enters an order pursuant to s. 624.310 demonstrating that the ~~officer or director demonstrates that his or her~~ personal

actions or omissions of the officer or director were ~~not~~ a significant contributing cause to the insolvency.

Section 2. Subsection (1) of section 627.072, Florida Statutes, is amended to read:

627.072 Making and use of rates.—

(1) As to workers' compensation and employer's liability insurance, the following factors must ~~shall~~ be used in the determination and fixing of rates:

(a) The past loss experience and prospective loss experience within and outside this state;

(b) The impact resulting from the past loss experience and prospective loss experience for insurers whose data are missing from statewide experience due to insolvency. Prior reported data for such insurers and all other relevant information may be used to assess the impact on rates;

(c) The conflagration and catastrophe hazards;

(d) ~~(c)~~ A reasonable margin for underwriting profit and contingencies;

(e) ~~(d)~~ Dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers;

(f) ~~(e)~~ Investment income on unearned premium reserves and loss reserves;

(g) ~~(f)~~ Past expenses and prospective expenses, both those countrywide and those specifically applicable to this state; and

(h) ~~(g)~~ All other relevant factors, including judgment factors, within and outside this state.

Section 3. Paragraphs (c) and (f) through (i) of subsection (3) of section 631.57, Florida Statutes, are amended to read:

631.57 Powers and duties of the association.—

(3)

(c) The Legislature finds and declares that all assessments paid by an insurer or insurer group as a result of a levy by the office, including assessments levied pursuant to paragraph (a) and emergency assessments levied pursuant to paragraph (e), constitute advances of funds from the insurer to the association. An insurer may fully recoup such advances by applying the uniform assessment percentage levied by the office to all policies of the same kind or line as were considered by the office in determining the assessment liability of the insurer or insurer group as set forth in paragraph (f). An insurer remitting an assessment to the association as required by subparagraph (f)1. or subparagraph (f)2. may elect not to recoup advances.

1. Assessments levied under subparagraph (f)1. are paid before policy surcharges are collected and result in a receivable for policy surcharges collected in the future. This amount, to the extent it is likely that it will be realized, meets the definition of an admissible asset as specified in the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles No. 4. The asset must ~~shall~~ be established and recorded separately from the liability regardless of whether it is based on a retrospective or prospective premium-based assessment. If an insurer is unable to fully recoup the amount of the assessment because of a reduction in writings or withdrawal from the market, the amount recorded as an asset must ~~shall~~ be reduced to the amount reasonably expected to be recouped. If an insurer elects not to recoup, the

amount recorded as an asset must be reduced to zero.

2. Unless an insurer elects not to recoup, assessments levied under subparagraph (f)2. are paid after policy surcharges are collected so that the recognition of assets is based on actual premium written offset by the obligation to the association. If an insurer elects not to recoup, no asset shall be recorded.

(f)1. The association, office, and insurers remitting assessments pursuant to paragraph (a) or paragraph (e) must comply with the following:

a. In the order levying an assessment, the office shall specify the actual percentage amount to be advanced to the association and thereafter collected uniformly from all the policyholders of insurers subject to the assessment and the date on which the assessment year begins, which may not begin before 90 days after the association board certifies such an assessment.

b. Insurers shall make an initial payment to the association before the beginning of the assessment year on or before the date specified in the order of the office. Each insurer shall have at least 30 days' written notice as to the date on which the initial assessment payment is due and payable. The association may request that the order issued by the office authorize insurers to remit the advance payments in four quarterly installments.

c. Insurers that have written insurance in the calendar year before the year in which the assessment is certified by the board shall make payments ~~an initial payment~~ based on the direct written premium in this state for the classes protected by the

account from the previous calendar year as set forth in the insurer's annual statement, multiplied by the uniform percentage of premium specified in the order issued by the office. Insurers that have not written insurance in the previous calendar year in any of the lines under the account which are being assessed, but which are writing insurance as of, or after, the date the board certifies the assessment to the office, shall pay an amount based on a good faith estimate of the amount of direct written premium anticipated to be written in the subject lines of business for the assessment year, multiplied by the uniform percentage of premium specified in the order issued by the office.

d. Insurers shall file one or more ~~a~~ reconciliation reports ~~report~~ with the association which indicate ~~indicates~~ the amount of ~~the initial~~ payment to the association ~~before the assessment year~~, whether such amount was based on direct written premium contained in a previous calendar year annual statement or a good faith projection, the amount actually collected during the assessment year, and such other information contained on a form and schedule adopted by the association and provided to the insurers in advance. If the insurer collected from policyholders more surcharges than the amount initially paid, the insurer shall pay the excess amount to the association. If the insurer collected surcharges from policyholders in an amount that ~~which~~ is less than the amount initially paid to the association, the association shall credit the insurer that amount against future assessments. Such payment reconciliation report, and any payment of excess amounts collected from policyholders, shall be completed and remitted to the association within 90 days after

576-03106-22

the end of the assessment year. The association shall send a final reconciliation report on all insurers to the office within 120 days after each assessment year.

e. Insurers remitting reconciliation reports under this paragraph to the association are subject to s. 626.9541(1)(e).

2. For assessments required under paragraph (a) or paragraph (e), the association may use a quarterly installment method instead of the method described in sub-subparagraphs 1.b. and c. or in combination thereof based on the association's projected cash flow. If the association projects that it has cash on hand for the payment of anticipated claims in the applicable account for at least 6 months, the board may make an estimate of the assessment needed and may recommend to the office the assessment percentage that may be collected as a quarterly assessment. The office may, in the order levying the assessment on insurers, specify that the assessment is due and payable quarterly as the funds are collected from insureds throughout the assessment year, in which case the assessment shall be a uniform percentage of premium collected during the assessment year and shall be collected from all policyholders with policies in the classes protected by the account. All insurers shall collect the assessment without regard to whether the insurers reported premium in the year preceding the assessment. Insurers are not required to advance funds if the association and the office elect to use the quarterly installment option. All funds collected shall be retained by the association for the payment of current or future claims. This subparagraph does not alter the obligation of an insurer to remit assessments levied pursuant to this subsection to the

576-03106-22

association. Notwithstanding this subparagraph, an insurer may elect not to collect from policyholders, in which case such insurer must make quarterly payments to the association equal to the amount of premium written in the previous quarter for policies in the classes protected by the account multiplied by the uniform percentage of premium set forth in the order levying the assessment. Insurers shall file one or more reconciliation reports with the association which indicate the amount actually collected during the assessment year and such other information using a form and schedule adopted by the association and provided to the insurers in advance.

(g) Insurers shall treat the failure of an insured to pay a surcharge ~~recoupment charge~~ as a failure to pay the premium.

(h) Assessments levied under this subsection are levied upon insurers. This subsection does not create a cause of action by a policyholder with respect to the levying of, or a policyholder's duty to pay, such assessments and related surcharges.

(i) Assessments levied under this subsection are not premium and are not subject to the premium tax, to any fees, or to any commissions. An insurer is liable for any surcharges ~~emergency assessments~~ that the insurer collects and ~~shall treat the failure of an insured to pay an emergency assessment as a failure to pay the premium. An insurer~~ is not liable for uncollectible surcharges ~~emergency assessments~~.

Section 4. Paragraphs (c) and (d) of subsection (1) and paragraph (c) of subsection (4) of section 631.914, Florida Statutes, are amended to read:

631.914 Assessments.—

576-03106-22

(1)

(c) The office shall levy the uniform surcharge percentage on all policies of the same kind or line as were considered by the office in determining the assessment liability of the insurer. Member insurers shall collect policy surcharges at a uniform percentage rate on new and renewal policies issued and effective during the assessment year ~~period of 12 months~~ beginning on January 1, April 1, July 1, or October 1, whichever is the first day of the following calendar quarter as specified in an order issued by the office. The policy surcharge may not begin until 90 days after the board of directors certifies the assessment.

(d) The association may use a pass-through ~~an installment~~ method to require the insurer to remit the policy surcharge as collected or may require the insurer to remit the assessment to the association before collecting the policy surcharge.

1. If the association elects to use the pass-through ~~installment~~ method, the office may, in the order levying the assessment on insurers, specify that the policy surcharge is due and payable quarterly as collected throughout the assessment year. Insurers shall collect policy surcharges at a uniform percentage rate specified by order as described in paragraph (c). Insurers are not required to advance funds if the association and the office elect to use the pass-through ~~installment~~ option. Assessments levied under this subparagraph are paid after policy surcharges are collected, and the recognition of assets is based on actual policy surcharges collected offset by the obligation to the association.

2. If the association elects to require insurers to remit

576-03106-22

the assessment before surcharging the policy, the following shall apply:

a. On or before the date specified in the order of the office, insurers shall make an initial advance payment to the association of the percentage specified in the order multiplied by the insurer's direct written premiums received in this state for the preceding calendar year for the kinds of insurance included within such account before the beginning of the assessment year. The board may authorize an insurer to pay an assessment in a single payment or on a quarterly basis, based on cash-flow needs.

b. The levy order shall provide each insurer so assessed at least 30 days' written notice of the date the initial assessment payment is due and payable by the insurer.

c. Insurers shall collect policy surcharges at a uniform percentage rate specified by the order, as described in paragraph (c).

d. Assessments levied under this subparagraph and paid by an insurer constitute advances of funds from the insurer to the association and result in a receivable for policy surcharges to be billed in the future. The amount of billed policy surcharges, to the extent it is likely that it will be realized, meets the definition of an admissible asset as specified in the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles No. 4. The asset shall be established and recorded separately from the liability. If an insurer is unable to fully recoup the amount of the assessment, the amount recorded as an asset shall be reduced to the amount reasonably expected to be recouped.

732288

576-03106-22

3. Insurers must submit a reconciliation report to the association within 120 days after the end of the 12-month assessment year ~~period~~ and annually thereafter for a period of 2 ~~3~~ years. The report must indicate the amount of the initial payment or installment payments made to the association and the amount of policy surcharges collected for the assessment year. If the insurer's reconciled obligation is more than the amount paid to the association, the insurer shall pay the excess policy surcharges collected to the association. If the insurer's reconciled obligation is less than the initial amount paid to the association, the association shall return the overpayment to the insurer.

(4)

~~(c) The board may allow an insurer to pay an assessment on a quarterly basis.~~

Section 5. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1430
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Banking and Insurance Committee; and Senator Burgess
SUBJECT:	Insolvent Insurers
DATE:	March 2, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

2.	Sanders	Betta	AEG	**Recommend: Fav/CS**
3.	Sanders	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1430 amends several provisions of the Florida Insurance Code related to the Office of Insurance Regulation (OIR) and the Florida Insurance Guaranty Association (FIGA), and the Florida Workers' Compensation Insurance Guaranty Association (FWCIGA). The FWCIGA provides a mechanism for the payment of covered workers' compensation claims to avoid delay and financial loss to claimants due to the insolvency of a workers' compensation insurer. The FIGA provides a mechanism for the payment of covered claims under certain lines of property and casualty insurance policies to avoid delay and financial loss due to the financial insolvency of an insurer. Specifically, the bill:

- Provides that past loss experience and prospective loss experience for insolvent insurers must be used in the determination and fixing of workers' compensation rates, and that data previously reported by insolvent insurers may be used to assess the impact on rates;
- Authorizes insurers to make advance assessment payments to the FIGA in quarterly installments;
- Authorizes an insurer to forego recouping advances of assessments to the FIGA;
- Requires insurers electing to not recoup advances of assessments made to the FIGA to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute;
- Clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders;

- Requires insurers making assessment payments to the FIGA to file reconciliation reports on a form and schedule adopted by the FIGA regardless of assessment payment method;
- Authorizes the Workers' Compensation Insurance Guaranty Association (WCIGA) to allow an insurer to make advance assessment payments in a single payment or on a quarterly basis based on cash-flow needs;
- Reduces the frequency of annual reconciliation reports subsequently filed with the WCIGA after the assessment year from a period of three years to a period of two years;
- Clarifies that an assessment paid before surcharges are collected is an advance; and
- Makes additional technical and conforming changes.

The bill provides that the officers and directors of an insolvent insurer may thereafter serve as an officer or director of an authorized insurer unless the OIR enters an order under section 624.310, Florida Statutes, demonstrating that the personal actions or omissions of the officer or director were a significant contributing cause to the insolvency.

The bill does not impact state revenues or expenditures.

The bill takes effective July 1, 2022.

II. Present Situation:

Officers and Directors of Insolvent Insurers

In general, Florida law gives the OIR broad authority to deny, suspend, or revoke an insurer's authority to transact insurance in Florida if it finds the insurer's officers and directors to be:

- Incompetent or untrustworthy;
- So lacking in insurance company managerial experience as to make the proposed operation hazardous to the insurance-buying public;
- So lacking in insurance experience, ability, and standing as to jeopardize the reasonable promise of successful operation; or
- Affiliated directly or indirectly through ownership, control, reinsurance transactions, or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders, stockholders, investors, creditors, or the public, by manipulation of assets, accounts, or reinsurance or by bad faith.[1]

When an insurer becomes insolvent, current law requires the OIR to deny an officer or director of the insolvent insurer from thereafter serving in the same capacity for another insurer if the officer or director served in that capacity within two years preceding the insolvency of the insurer, unless the officer or director demonstrates to the OIR that his or her personal actions or omissions were not a significant contributing cause to the insolvency.[2]

[1] Section 624.404(3)(a), F.S.
[2] Section 624.4073, F.S.

Regulation of Property Insurance Rates

Part I of ch. 627, F.S., is the Rating Law[3] governing property, casualty, and surety insurance that covers subjects of insurance resident, located, or to be performed in this state.[4] The Rating Law provides the rates for all classes of insurance it governs may not be excessive, inadequate, or unfairly discriminatory.[5] Though the terms "rate" and "premium" are often used interchangeably, the rating law specifies "rate" is the unit charge that is multiplied by the measure of exposure or amount of insurance specified in the policy to determine the premium, which is the consideration paid by the consumer.[6]

All insurers or rating organizations must file rates with the OIR either 90 days before the proposed effective date of a new rate, which is considered a "file and use" rate filing, or 30 days after the effective date of a new rate, which is considered a "use and file" rate filing.

Upon receiving a rate filing, the OIR reviews the filing to determine if the rate is excessive, inadequate, or unfairly discriminatory. The OIR makes that determination in accordance with generally acceptable actuarial techniques and, in a property insurance rate filing, considers the following:

- Past and prospective loss experience;
- Past and prospective expenses;
- The degree of competition among insurers for the risk insured;
- Investment income reasonably expected by the insurer;
- The reasonableness of the judgment reflected in the rate filing;
- Dividends, savings, or unabsorbed premium deposits returned to policyholders;
- The adequacy of loss reserves;
- The cost of reinsurance;
- Trend factors, including trends in actual losses per insured unit for the insurer;
- Conflagration and catastrophe hazards;
- Projected hurricane losses;
- Projected flood losses, if the policy covers the risk of flood;
- A reasonable margin for underwriting profit and contingencies; and
- Other relevant factors that affect the frequency or severity of claims or expenses.

Workers' Compensation Reporting Requirements and Rating Factors

Florida law currently requires workers' compensation insurers to record and report certain loss, expense, and claims experience to aid the OIR in making determinations concerning the adequacy of worker's compensation experience for ratemaking purposes.[7] Additionally, insurers are required to provide the following information annually on both Florida experience and nationwide experience separately:

- Payrolls by classification;

[3] Section 627.011, F.S.
[4] Section 627.021, F.S.
[5] Section 627.062(1), F.S.
[6] Section 627.041, F.S.
[7] Section 627.914(1), F.S.

- Manual premiums by classification;
- Standard premiums by classification;
- Losses by classification and injury type; and
- Expenses.[8]

Section 627.072, F.S., in turn governs the admissibility of factors to be used in the determination and fixing of workers' compensation insurance rates. The following factors are used for such purpose:

- The past loss experience and prospective loss experience within and outside Florida;
- The conflagration and catastrophe hazards;
- A reasonable margin for underwriting profit and contingencies;
- Dividends, savings, and unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers;
- Investment income on unearned premium reserves and loss reserves;
- Past expenses and prospective expenses, both countrywide and those specifically applicable to Florida; and
- All other relevant factors, including judgment factors, within and outside of Florida.[9]

Insurers satisfy the reporting requirements above by providing their data to the National Council on Compensation Insurance, Inc. (NCCI).[10] When an insurer goes into receivership due to insolvency, it ceases reporting to the NCCI and, therefore, its data is no longer reported to the OIR and not used in the determination and fixing of rates.

Guaranty Associations

Under federal law, insurance companies cannot file for bankruptcy.[11] Instead, they are either rehabilitated or liquidated by their state of domicile. Florida law establishes the system for the treatment of impaired or insolvent insurers[12] in Florida and sets up guaranty payments where necessary.[13] Florida law provides for guaranty associations to ensure policyholders of insolvent insurers are protected with respect to insurance premiums paid and settlement of outstanding claims, up to limits provided by law.[14] A guaranty association is a not-for-profit corporation created by law and directed to protect policyholders from financial losses and delays in claims payment and settlements due to the insolvency of an insurer.[15] Authorized insurers are required

[8] Section 627.914(2), F.S.

[10] *See* Rule 69O-189.0055, F.A.C.
[11] 11 U.S.C. s. 109(b)(2).
[12] An "insolvent insurer" means an insurer that was authorized to transact insurance in this state, either at the time the policy was issued or when the insured event occurred, and against which an order of liquidation with a finding of insolvency has been entered by a court of competent jurisdiction if such order has become final by the exhaustion of appellate review. Section 631.904(4), F.S.
[13] Chapter 631, F.S.
[14] *See id.*
[15] *See e.g.*, ss. 631.51 and 631.902, F.S.

to participate in the guaranty associations as a condition of transacting insurance business in Florida. Florida operates four guaranty associations including the FIGA[16] and the FWCIGA.[17]

Florida Insurance Guaranty Association

The FIGA provides a "mechanism for the payment of covered claims under certain insurance policies to avoid" delay and financial loss due to the financial insolvency of an insurer.[18] It issues guaranty fund payments and provides related services for all lines of property and casualty insurance with certain exceptions.[19] When a Florida property and casualty insurer becomes insolvent, the FIGA takes over the claims of that insurer and pays the claims of its policyholders, ensuring that policyholders are not left with unpaid claims.

The FIGA is funded through the liquidation of insolvent insurers. If an insurer's assets are insufficient to pay all claims, the FIGA can request, and the OIR can levy post-insolvency assessments against property and casualty insurers to obtain funds to pay the remaining claims.[20] All assessments paid by the insurer pursuant to the levied assessment constitute advances of funds from the insurer to the FIGA.[21] The insurer may then, in turn, recoup the advance by applying the uniform assessment percentage levied by the OIR to all its policies of the same kind or line of business as were considered by the OIR in determining its assessment on the insurer.[22]

When the FIGA issues an assessment, it may require each member insurer pay the assessment either in a single payment before policy surcharges are collected (pay and recover), or in quarterly installments after the policy surcharges are collected (collect and remit).[23]

Assessments paid before policy surcharges are collected result in a receivable for policy surcharges collected in the future. Insurers under this assessment methods are further required to file a reconciliation report with the FIGA within 90 days of the end of the assessment year that indicates:

- The amount of the initial payment before the assessment year;
- Whether such amount was based on direct written premium contained in a previous calendar year annual statement or a good faith projection;
- The amount actually collected during the assessment year; and
- Such information contained on a form adopted by the FIGA and provided to the insurer in advance.[24]

[23] *See id*.
[24] Section 631.57(3)(f)1.d., F.S.

Florida Workers' Compensation Insurance Guaranty Association

The FWCIGA "provides a mechanism for the payment of covered claims under chapter 440, F.S., to avoid" delay and financial loss to claimants due to the insolvency of a workers' compensation insurer.[25] The FWCIGA services workers' compensation claims against insolvent workers' compensation insurers[26] and self-insurance funds.[27] When a workers' compensation insurer or self-insurance fund becomes insolvent, the FWCIGA takes over the claims of that insurer and pays the claims of its policyholders, ensuring that policyholders are not left with unpaid claims.

Like the FIGA, the FWCIGA is funded through the liquidation of insolvent insurers, including a portion of the estates of insolvent insurers in other states. If the assets of the liquidated insurer are insufficient to pay claims, the FWCIGA, in conjunction with the OIR, may order assessments of workers' compensation insurers and self-insurance funds writing workers' compensation coverage in Florida.[28]

In 2016, the method of assessment for the FWCIGA was amended to be more consistent with the methods used to levy assessments by the other Florida guaranty associations.[29] Since the 2016 amendments, the law has provided for two methods by which the FWCIGA can collect assessments from workers' compensation insurers and self-insurance funds.[30] The FWCIGA may choose to fund an assessment by either of the following methods:[31]

- Single payment, subject to true-up (pay and recover)[32] – under this method, the insurer pays the assessment to the FWCIGA and then recovers its payment from its insureds through policy surcharges. The assessment payment is due and payable no earlier than 30 days following written notice of the assessment order. For accounting purposes, the billed surcharges are a receivable and an asset for the purposes of the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles Number 4[33] and would be recorded separately from the liability for the OIR reports; or

[25] Section 631.902, F.S.
[26] "Insurer" means an insurance carrier or self-insurance fund authorized to insure under ch. 440, F.S. For purposes of this act, "insurer" does not include a qualified local government self-insurance fund, as defined in s. 624.4622, F.S., or an individual self-insurer as defined in s. 440.385, F.S. Section 631.904(5), F.S.
[27] "Self-insurance fund" means a group self-insurance fund authorized under s. 624.4621, F.S., a commercial self-insurance fund writing workers' compensation insurance authorized under s. 624.462, F.S., or an assessable mutual insurer authorized under s. 628.6011, F.S. For purposes of this act, the term "self-insurance fund" does not include a qualified local government self-insurance fund, as defined in s. 624.4622, F.S., an independent educational institution self-insurance fund as defined in s. 624.4623, F.S., an electric cooperative self-insurance fund as described in s. 624.4626, F.S., or an individual self-insurer as defined in s. 440.385, F.S. Section 631.904(6), F.S.
[28] Section 631.914, F.S.
[29] Chapter 16-170, L.O.F.
[30] *See* s. 631.914, F.S.
[31] *See id.*
[32] Section 631.914(1)(d), F.S.
[33] *See* National Association of Insurance Commissioners & The Center for Insurance Policy and Research, *Statutory Accounting Principles*, http://www.naic.org/cipr_topics/topic_statutory_accounting_principles.htm (last visited Nov. 4, 2019).

- Installment (collect and remit or pass-through) – under this method, the insurer would bill the insured for the surcharge as policies are written and remit the collected surcharges to the FWCIGA quarterly.[34]

The insurer is required to submit a reconciliation report within 120 days following the end of the 12-month assessment recovery period showing the amount initially paid and the amount of the surcharge collected.[35] This results in a "true-up" of the actual assessment amount if the initial calculation and payment was too low or too high.[36]

III. Effect of Proposed Changes:

Section 1 amends s. 624.4073, F.S., related to officers and directors of insolvent insurers, to require the OIR to enter an order pursuant to s. 624.310, F.S., demonstrating the personal actions or omissions of the officer or director of an insolvent insurer were a significant contributing cause of the insolvency, in order to prevent the officer or director from serving in the same capacity for another insurer. The bill thus eliminates an automatic prohibition against a person serving as an officer or director of an authorized insurer, or having direct or indirect control over selecting or appointing an officer or director, if such person was an officer or director of an insolvent insurer in the two years prior to the insolvency. That prohibition under current law does not apply if the officer or director can demonstrate to the OIR that his or her personal actions or omissions were not a significant contributing cause to the insolvency.

Section 2 amends s. 627.072, F.S., to provide factors used in the determination and fixing of workers' compensation rates must include past loss experience and prospective loss experience for insolvent insurers. The prior reported data for such insurers and other relevant information may be used to assess the impact on rates.

Section 3 amends s. 631.57, F.S., related to the powers and duties of the Florida Insurance Guaranty Association (FIGA), to authorize the association to request the OIR's assessment order authorize insurers to make advance assessment payments in quarterly installments.

The bill provides an insurer discretion to forego recouping advances of assessments made to the association. The bill requires insurers electing to not recoup advances of assessments made to the FIGA to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute. Furthermore, the bill clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders.

The bill specifies insurers, regardless of the required assessment payment method, must file one or more reconciliation reports with the association. Each reconciliation report must indicate the amount actually collected during the assessment year and such other information using a form and schedule adopted by the association and provided to the insurer in advance.

The bill makes additional technical changes specific to surcharges.

[34] Section 631.914(1)(d), F.S.
[35] Section 631.914(1)(d)3., F.S.
[36] *See id.*

Section 4 amends s. 631.914, F.S., related to Workers' Compensation Insurance Guaranty Association (association) assessments, to provide the association with discretion to authorize an insurer that is required to pay an assessment before surcharges are collected, to pay the assessment either in a single payment or on a quarterly basis based on cash-flow needs.

The bill reduces the frequency of annual reconciliation reports subsequently filed after the assessment year from a period of three years to a period of two years.

The bill clarifies an assessment paid before surcharges are collected is an advance.

The bill provides technical changes by replacing the term "installment method" with "pass-through method" to reflect current operational terminology of the association.

The bill makes additional conforming changes.

Section 5 provides an effective date of July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 624.4073, 627.072, 631.57, and 631.914.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Requires insurers electing not to recoup assessments made to the Florida Insurance Guaranty Association (FIGA) to either reduce a recorded asset to zero or record as no asset, depending on the levying mechanism prescribed under the statute; and
- Clarifies calculation of FIGA quarterly payments for those insurers who elect not to collect from policyholders.

CS by Banking and Insurance on January 18, 2022:
The committee substitute:

- Amends s. 624.4073, F.S., related to officers and directors of insolvent insurers, shifts the burden for demonstrating the personal actions or omissions of the officer or director of an insolvent insurer were a significant contributing cause of the insolvency to the OIR, rather than on the officer or director to demonstrate his or her personal actions or omissions were not a significant contributing cause of the insolvency.

B. Amendments:

None.

By the Committee on Banking and Insurance; and Senator Burgess

597-02090-22 20221430c1

A bill to be entitled

An act relating to insolvent insurers; amending s. 624.4073, F.S.; revising a prohibition against certain insolvent insurers' former officers or directors serving as officers or directors of an insurer or having direct or indirect control over certain selection or appointment of officers or directors, to allow such activities unless the Office of Insurance Regulation enters a specified order; amending s. 627.072, F.S.; providing required factors to be used in the determination and fixing of rates for premiums paid to insolvent insurers for specified coverages; amending s. 631.57, F.S.; authorizing insurers remitting assessments to the Florida Insurance Guaranty Association, Incorporated, to elect not to recoup advances; revising a requirement for information regarding assessment percentages which must be specified by the Office of Insurance Regulation in orders levying assessments; authorizing the association to request that orders levying assessments issued by the office authorize a certain installment frequency for the remittance of advance payments by insurers; revising the requirement that certain insurers make payments, rather than initial payments, on a certain basis; revising insurer reconciliation reporting requirements; providing reconciliation requirements for surcharges collected from policyholders; requiring insurers to treat the failure of an insured to pay a surcharge, rather than

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-02090-22 20221430c1

a recoupment charge, as a failure to pay the premium; revising construction; amending s. 631.914, F.S.; revising provisions relating to insurers' collection of surcharges and payments of assessments to the Florida Workers' Compensation Insurance Guaranty Association, Incorporated; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 624.4073, Florida Statutes, is amended to read:

624.4073 Officers and directors of insolvent insurers.—Any person who was an officer or director of an insurer doing business in this state and who served in that capacity within the 2-year period before the date the insurer became insolvent, for any insolvency that occurs on or after July 1, 2002, may ~~not~~ thereafter serve as an officer or director of an insurer authorized in this state or have direct or indirect control over the selection or appointment of an officer or director through contract, trust, or by operation of law, unless the office enters an order pursuant to s. 624.310 demonstrating that the ~~officer or director demonstrates that his or her~~ personal actions or omissions of the officer or director were ~~not~~ a significant contributing cause to the insolvency.

Section 2. Subsection (1) of section 627.072, Florida Statutes, is amended to read:

627.072 Making and use of rates.—

(1) As to workers' compensation and employer's liability

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

insurance, the following factors must ~~shall~~ be used in the determination and fixing of rates:

(a) The past loss experience and prospective loss experience within and outside this state;

(b) The impact resulting from the past loss experience and prospective loss experience for insurers whose data are missing from statewide experience due to insolvency. Prior reported data for such insurers and all other relevant information may be used to assess the impact on rates;

(c) The conflagration and catastrophe hazards;

(d) ~~(c)~~ A reasonable margin for underwriting profit and contingencies;

(e) ~~(d)~~ Dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers;

(f) ~~(e)~~ Investment income on unearned premium reserves and loss reserves;

(g) ~~(f)~~ Past expenses and prospective expenses, both those countrywide and those specifically applicable to this state; and

(h) ~~(g)~~ All other relevant factors, including judgment factors, within and outside this state.

Section 3. Paragraphs (c) and (f) through (i) of subsection (3) of section 631.57, Florida Statutes, are amended to read:

631.57 Powers and duties of the association.—

(3)

(c) The Legislature finds and declares that all assessments paid by an insurer or insurer group as a result of a levy by the office, including assessments levied pursuant to paragraph (a) and emergency assessments levied pursuant to paragraph (e),

constitute advances of funds from the insurer to the association. An insurer may fully recoup such advances by applying the uniform assessment percentage levied by the office to all policies of the same kind or line as were considered by the office in determining the assessment liability of the insurer or insurer group as set forth in paragraph (f). An insurer remitting an assessment to the association as required by subparagraph (f)1. or subparagraph (f)2. may elect not to recoup advances.

1. Assessments levied under subparagraph (f)1. are paid before policy surcharges are collected and result in a receivable for policy surcharges collected in the future. This amount, to the extent it is likely that it will be realized, meets the definition of an admissible asset as specified in the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles No. 4. The asset must ~~shall~~ be established and recorded separately from the liability regardless of whether it is based on a retrospective or prospective premium-based assessment. If an insurer is unable to fully recoup the amount of the assessment because of a reduction in writings or withdrawal from the market, the amount recorded as an asset must ~~shall~~ be reduced to the amount reasonably expected to be recouped.

2. Assessments levied under subparagraph (f)2. are paid after policy surcharges are collected so that the recognition of assets is based on actual premium written offset by the obligation to the association.

(f)1. The association, office, and insurers remitting assessments pursuant to paragraph (a) or paragraph (e) must

comply with the following:

a. In the order levying an assessment, the office shall specify the actual percentage amount to be advanced to the association and thereafter collected uniformly from all the policyholders of insurers subject to the assessment and the date on which the assessment year begins, which may not begin before 90 days after the association board certifies such an assessment.

b. Insurers shall make an initial payment to the association before the beginning of the assessment year on or before the date specified in the order of the office. Each insurer shall have at least 30 days' written notice as to the date on which the initial assessment payment is due and payable. The association may request that the order issued by the office authorize insurers to remit the advance payments in four quarterly installments throughout the assessment year.

c. Insurers that have written insurance in the calendar year before the year in which the assessment is certified by the board shall make payments ~~an initial payment~~ based on the direct written premium in this state for the classes protected by the account from the previous calendar year as set forth in the insurer's annual statement, multiplied by the uniform percentage of premium specified in the order issued by the office. Insurers that have not written insurance in the previous calendar year in any of the lines under the account which are being assessed, but which are writing insurance as of, or after, the date the board certifies the assessment to the office, shall pay an amount based on a good faith estimate of the amount of direct written premium anticipated to be written in the subject lines of

business for the assessment year, multiplied by the uniform percentage of premium specified in the order issued by the office.

d. Insurers shall file one or more ~~a~~ reconciliation reports ~~report~~ with the association which indicate ~~indicates~~ the amount of ~~the initial~~ payment to the association ~~before the assessment year~~, whether such amount was based on direct written premium contained in a previous calendar year annual statement or a good faith projection, the amount actually collected during the assessment year, and such other information contained on a form and schedule adopted by the association and provided to the insurers in advance. If the insurer collected from policyholders more surcharges than the amount initially paid, the insurer shall pay the excess amount to the association. If the insurer collected surcharges from policyholders in an amount that ~~which~~ is less than the amount initially paid to the association, the association shall credit the insurer that amount against future assessments. Such payment reconciliation report, and any payment of excess amounts collected from policyholders, shall be completed and remitted to the association within 90 days after the end of the assessment year. The association shall send a final reconciliation report on all insurers to the office within 120 days after each assessment year.

e. Insurers remitting reconciliation reports under this paragraph to the association are subject to s. 626.9541(1)(e).

2. For assessments required under paragraph (a) or paragraph (e), the association may use a quarterly installment method instead of the method described in sub-subparagraphs 1.b. and c. or in combination thereof based on the association's

projected cash flow. If the association projects that it has cash on hand for the payment of anticipated claims in the applicable account for at least 6 months, the board may make an estimate of the assessment needed and may recommend to the office the assessment percentage that may be collected as a quarterly assessment. The office may, in the order levying the assessment on insurers, specify that the assessment is due and payable quarterly as the funds are collected from insureds throughout the assessment year, in which case the assessment shall be a uniform percentage of premium collected during the assessment year and shall be collected from all policyholders with policies in the classes protected by the account. All insurers shall collect the assessment without regard to whether the insurers reported premium in the year preceding the assessment. Insurers are not required to advance funds if the association and the office elect to use the quarterly installment option. All funds collected shall be retained by the association for the payment of current or future claims. This subparagraph does not alter the obligation of an insurer to remit assessments levied pursuant to this subsection to the association. Insurers shall file one or more reconciliation reports with the association which indicate the amount actually collected during the assessment year and such other information using a form and schedule adopted by the association and provided to the insurers in advance.

(g) Insurers shall treat the failure of an insured to pay a surcharge ~~recoupment charge~~ as a failure to pay the premium.

(h) Assessments levied under this subsection are levied upon insurers. This subsection does not create a cause of action

by a policyholder with respect to the levying of, or a policyholder's duty to pay, such assessments and related surcharges.

(i) Assessments levied under this subsection are not premium and are not subject to the premium tax, to any fees, or to any commissions. An insurer is liable for any surcharges ~~emergency assessments~~ that the insurer collects and ~~shall treat the failure of an insured to pay an emergency assessment as a failure to pay the premium. An insurer~~ is not liable for uncollectible surcharges ~~emergency assessments~~.

Section 4. Paragraphs (c) and (d) of subsection (1) and paragraph (c) of subsection (4) of section 631.914, Florida Statutes, are amended to read:

631.914 Assessments.—

(1)

(c) The office shall levy the uniform surcharge percentage on all policies of the same kind or line as were considered by the office in determining the assessment liability of the insurer. Member insurers shall collect policy surcharges at a uniform percentage rate on new and renewal policies issued and effective during the assessment year ~~period of 12 months~~ beginning on January 1, April 1, July 1, or October 1, whichever is the first day of the following calendar quarter as specified in an order issued by the office. The policy surcharge may not begin until 90 days after the board of directors certifies the assessment.

(d) The association may use a pass-through ~~an installment~~ method to require the insurer to remit the policy surcharge as collected or may require the insurer to remit the assessment to

the association before collecting the policy surcharge.

1. If the association elects to use the pass-through ~~installment~~ method, the office may, in the order levying the assessment on insurers, specify that the policy surcharge is due and payable quarterly as collected throughout the assessment year. Insurers shall collect policy surcharges at a uniform percentage rate specified by order as described in paragraph (c). Insurers are not required to advance funds if the association and the office elect to use the pass-through ~~installment~~ option. Assessments levied under this subparagraph are paid after policy surcharges are collected, and the recognition of assets is based on actual policy surcharges collected offset by the obligation to the association.

2. If the association elects to require insurers to remit the assessment before surcharging the policy, the following shall apply:

a. On or before the date specified in the order of the office, insurers shall make an initial advance payment to the association of the percentage specified in the order multiplied by the insurer's direct written premiums received in this state for the preceding calendar year for the kinds of insurance included within such account before the beginning of the assessment year. The board may authorize an insurer to pay an assessment in a single payment or on a quarterly basis, based on cash-flow needs.

b. The levy order shall provide each insurer so assessed at least 30 days' written notice of the date the initial assessment payment is due and payable by the insurer.

c. Insurers shall collect policy surcharges at a uniform

percentage rate specified by the order, as described in paragraph (c).

d. Assessments levied under this subparagraph and paid by an insurer constitute advances of funds from the insurer to the association and result in a receivable for policy surcharges to be billed in the future. The amount of billed policy surcharges, to the extent it is likely that it will be realized, meets the definition of an admissible asset as specified in the National Association of Insurance Commissioners' Statement of Statutory Accounting Principles No. 4. The asset shall be established and recorded separately from the liability. If an insurer is unable to fully recoup the amount of the assessment, the amount recorded as an asset shall be reduced to the amount reasonably expected to be recouped.

3. Insurers must submit a reconciliation report to the association within 120 days after the end of the 12-month assessment year ~~period~~ and annually thereafter for a period of 2 ~~3~~ years. The report must indicate the amount of the initial payment or installment payments made to the association and the amount of policy surcharges collected for the assessment year. If the insurer's reconciled obligation is more than the amount paid to the association, the insurer shall pay the excess policy surcharges collected to the association. If the insurer's reconciled obligation is less than the initial amount paid to the association, the association shall return the overpayment to the insurer.

(4)

~~(c) The board may allow an insurer to pay an assessment on a quarterly basis.~~

Section 5. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1436
INTRODUCER:	Children, Families, and Elder Affairs Committee and Senator Garcia
SUBJECT:	Human Trafficking
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Moody	Cox	CF	**Fav/CS**
2.	Sneed	Money	AHS	**Recommend: Favorable**
3.	Sneed	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1436 amends section 16.617, Florida Statutes, to add the following additional duties to the Statewide Council on Human Trafficking (Council):

- Assess the frequency and extent to which social media platforms are used to assist, facilitate, or support human trafficking within the state;
- Establish a process to detect such use on a consistent basis; and
- Make recommendations on how to stop, reduce, or prevent social media platforms from being used for such purpose.

The Council must implement without undue delay a system to stop, reduce, or prevent social media platforms from being used to assist, facilitate, or support human trafficking within the state to the extent these objectives can be achieved under existing laws.

The bill requires the Florida Alliance to End Human Trafficking (FAEHT), who is the direct support-organization (DSO) of the Council, to develop training on the recognition and reporting of human trafficking for firesafety inspectors, which is eligible for continuing education credit under section 633.216(4), Florida Statutes.

The bill also requires foster parents, as a condition of licensure, and agency staff to successfully complete preservice training related to human trafficking which must be uniform statewide and must include, but need not be limited to:

- Basic information on human trafficking;

- Factors and knowledge on identifying children at risk of human trafficking; and
- Steps that should be taken to prevent at-risk youths from becoming victims of human trafficking.

The bill provides that foster parents, before licensure renewal, and agency staff, during each full year of employment, must complete training related to human trafficking to satisfy the inservice training requirement under current law.

Section 63.092, Florida Statutes, is reenacted for the purpose of incorporating the amendment made to section 409.175, Florida Statutes, by the act.

The bill has no fiscal impact on state government. However, it may have an indeterminate fiscal impact on the DSO by requiring the development of new training for firesafety inspectors. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2022.

II. Present Situation:

Human trafficking is modern day slavery which involves the transporting, soliciting, recruiting, harboring, providing, enticing, maintaining, purchasing, patronizing, procuring, or obtaining another person for the purpose of exploiting that person.[1] A person may not knowingly, or in reckless disregard of the facts, engage in human trafficking, attempt to engage in human trafficking, or benefit financially by receiving anything of value from participating in a venture that has subjected a person to human trafficking for commercial sexual activity,[2] labor, or services:

- By using coercion;[3]
- Of a child younger than 18 years old or an adult believed by the person to be a child younger than 18 years old;[4] or
- With a mentally defective or mentally incapacitated person, if for commercial sexual activity.[5, 6]

[1] Section 787.06(2)(d), F.S.

[2] Commercial sexual activity means any prostitution, lewdness, or assignation offense or attempt to commit such an offense, and includes a sexually explicit performance and the production of pornography. Section 787.06(2)(b), F.S.

[3] Section 787.06(3)(a)2., (b), (c)2., (d), (e)2., and (f)2., F.S. Section 787.06(2)(a), F.S., defines coercion to include using or threatening to use force against a person; restraining, isolating, or confining a person without lawful authority and against his or her will, or threatening to do so; using lending or other credit methods to establish a debt by a person when labor or services are pledged as a security for the debt, if the reasonably assessed value of the labor or services is not applied toward the liquidation of the debt; destroying, concealing, removing, confiscating, withholding, or possessing any actual or purported passport, visa, other immigration document, or government identification document; causing or threatening to cause financial harm; enticing or luring a person by fraud or deceit; or providing a Schedule I or II controlled substance to a person for the purpose of exploiting that person.

[4] Section 787.06(3)(a)1., (c)1., (e)1., (f)1., and (g), F.S.

[5] Section 787.06(3)(g), F.S., which also specifies that for purposes of this offense, the terms mentally defective and mentally incapacitated person mean the same as defined in s. 794.011(1), F.S.

[6] Section 794.011(1)(a), F.S., defines "mentally defective" to mean a mental disease or defect which renders a person temporarily or permanently incapable of appraising the nature of his or her conduct. Section 794.011(1)(b), F.S., defines "mentally incapacitated" to mean temporarily incapable of appraising or controlling a person's own conduct due to the

According to the United States Department of State, traffickers in the United States compel victims to engage in commercial sex and to work in both legal and illicit industries, including in hospitality, traveling sales crews, agriculture, janitorial services, construction, landscaping, restaurants, factories, care for persons with disabilities, salon services, massage parlors, retail services, fairs and carnivals, peddling and begging, drug smuggling and distribution, religious institutions, child care, and domestic work.[7] In 2020, the National Human Trafficking Hotline received a total of 51,667 substantive tip reports regarding human trafficking nationwide.[8] Of these reported tips, a total of 2,539 were reported from Florida.[9]

Social Media is used to recruit victims of human trafficking and increase their operations.[10] In particular, sex trafficking recruitment on social media is increasing especially since the beginning of the pandemic.[11] Recruiting victims online is typically considered less risky than recruiting victims in person.[12] Children and youth are being contacted, recruited, and sold for sex on social media.[13] Traffickers lure them in with online friendships and then manipulate them into becoming victims.[14] In 2019, Psychology Today reported that a recent survey found that 70% of more than 1,000 American children between the ages of 13 and 17 used social media several times per day.[15] The National Human Trafficking Hotline also notes that in the same year there were 447 (5.8%) situations where the venue/industry of potential trafficking was online ads,[16] 24 (3%) of which were received from Florida.[17]

influence of a narcotic, anesthetic, or intoxicating substance administered without his or her consent or due to any other act committed upon that person without his or her consent.

Statewide Council on Human Trafficking

The Statewide Council on Human Trafficking (Council), established within the Department of Legal Affairs (DLA), is tasked with:

- Developing recommendations for human trafficking victim programs and services, including certification criteria for safe houses and foster homes.
- Making recommendations for apprehending and prosecuting traffickers.
- Annually holding a statewide policy summit.
- Working with the Department of Children and Families (DCF) to create and maintain an inventory of human trafficking programs and services in each county.
- Developing policy recommendations that advance the duties of the council and further the efforts to combat human trafficking in Florida.[18]

Membership on the Council includes:

- The Attorney General, or a designee, serving as chair.
- The Secretary of the DCF, or a designee, serving as vice chair.
- The State Surgeon General, or a designee.
- The Secretary of the Agency for Health Care Administration, or a designee.
- The executive director of the Department of Law Enforcement (FDLE), or a designee.
- The Secretary of the Department of Juvenile Justice, or a designee.
- The Commissioner of Education, or a designee.
- One member of the Senate appointed by the President of the Senate.
- One member of the House of Representatives appointed by the Speaker of the House of Representatives.
- An elected sheriff appointed by the Attorney General.
- An elected state attorney appointed by the Attorney General.
- Two members appointed by the Governor, and two members appointed by the Attorney General, who have professional experience to assist the Council in the development of care and treatment options for human trafficking victims.[19]

Direct-Support Organizations

A direct-support organization (DSO) is a non-profit organization authorized by statute to carry out specific tasks in support of a public entity or public cause. The function and purpose of a DSO is detailed in its enacting statute and the contract with the agency the DSO was created to support.[20]

In 2014, the Legislature created s. 20.058, F.S., establishing transparency and reporting requirements for DSOs.[21] Each DSO is required to submit, by August 1 of each year, specified

[18] Section 16.617, F.S.
[19] *Id*.
[20] Some examples of other DSOs may be found in ss. 14.29(9)(a), 267.1732, and 258.015(1), F.S. *See also* Rules of the Florida Auditor General, *Audits of Certain Nonprofit Organizations* (effective June 30, 2021), Rule 10.720(1)(b) and (d), available at https://flauditor.gov/pages/pdf_files/10_700.pdf (last visited Feb. 2, 2022).
[21] Chapter 14-96, s. 3, L.O.F.

information to the agency it was created to support.[22] A contract between an agency and a DSO must be contingent upon the DSO submitting the required information to the agency and posting the information on the agency's website. The contract must include a provision for ending operations and returning state-issued funds if the authorizing statute is repealed, the contract is terminated, or the organization is dissolved. If a DSO fails to submit the required information to the agency for two consecutive years, the agency head must terminate its contract with the DSO.[23] By August 15 of each year, the agency must report to the Governor, President of the Senate, Speaker of the House of Representatives, and the Office of Program Policy Analysis and Government Accountability the information submitted by each DSO, along with the agency's recommendation and supporting rationale to continue, terminate, or modify the agency's association with the DSO.[24] Any law creating or authorizing a DSO must provide that the authorization is repealed on October 1 of the fifth year after enactment, unless reviewed and reenacted by the Legislature.[25]

DSO Supporting the Council – Florida Alliance to End Human Trafficking

In 2019, the Legislature required the DLA to establish a DSO, the Florida Alliance to End Human Trafficking (FAEHT), to provide assistance, funding, and support to the Council, and to assist in the fulfillment of the Council's purposes.[26] The DSO met for the first time in August 2019,[27] and it is statutorily required to be:

- A Florida not for profit corporation, incorporated under ch. 617, F.S., and approved by the Secretary of State;
- Organized and operated exclusively to solicit funds; request and receive grants, gifts, and bequests of money; acquire, receive, hold, invest, and administer, in its own name, property and funds; and make expenditures in support of the purposes specified under s. 16.618, F.S.; and
- Certified by the DLA, after review, to be operating in a manner consistent with its purposes and in the best interests of the state.[28]

The FAEHT's board of directors must be thirteen members, including:

- Two members appointed by the executive director of the FDLE, both of whom must have experience and knowledge in the area of human trafficking.
- Three members appointed by the Attorney General, one of whom must be a human trafficking survivor and one of whom must be a mental health expert.
- Four members appointed by the President of the Senate.
- Four members appointed by the Speaker of the House of Representatives.[29]

The FAEHT is authorized to contract with Florida Forensic Institute for Research, Security, and Tactics (FIRST) to develop required training. The contract with FIRST must provide that the

[29] Section 16.618(3), F.S.

DSO may terminate the contract if FIRST fails to meet its obligations under s. 16.618(4), F.S. In addition, if FIRST ceases to exist, or if the contract between the FAEHT and FIRST is terminated, DLA must contract with another organization to develop the required training and information.[30]

FIRST, which is managed by the Pasco County Sheriff's Office, is designed to train public safety leaders.[31] Section 16.618(4), F.S., requires FIRST to develop training focused on detecting human trafficking, best practices for reporting human trafficking, and the interventions and treatment for human trafficking survivors. In developing the training, FIRST must consult with law enforcement agencies, human trafficking survivors, industry representatives, tourism representatives, and other interested parties and conduct research to determine the reduction in recidivism attributable to the education of the harms of human trafficking for first-time offenders.[32] The training has been developed and can currently be accessed online.[33]

Firesafety Inspectors

In Florida, a firesafety inspector is a person who holds a current and valid Fire Safety Inspector Certificate of Compliance issued by the Division of State Fire Marshal within the Department of Financial Services (DFS) under s. 633.216, F.S., and who is officially assigned the duties of conducting firesafety inspections of buildings and facilities on a recurring or regular basis on behalf of Florida or any county, municipality, or special district with fire safety responsibilities.[34]

Subject to a person meeting minimum qualifications, the Division of State Fire Marshal, Bureau of Firefighter Standards and Training issues certifications for Firesafety Inspector I and Firesafety Inspector II.[35] A Firesafety Inspector Certificate of Compliance is valid for four years from the date of its issuance, and certification renewal is subject to completing an application for renewal and meeting the requirements for renewal as established or adopted by the DFS rule or under ch. 633, F.S., which must include completion of at least 54 hours of continuing education during the preceding four year period or successfully passing an examination established by the DFS.[36]

Firesafety inspectors are typically responsible for inspections, re-inspections, and change-of-occupancy inspections in both new building construction and existing building construction for a variety of buildings and structures. Other duties may include, but are not limited to, ensuring fire safety equipment is installed and maintained properly and that firefighting, fire protection, and

all other fire safety requirements are fulfilled in accordance with the Florida Fire Prevention Code, Florida Administrative Codes, county ordinances, and other adopted standards.[37] Due to their unique position of regularly inspecting buildings, firesafety inspectors may be able to detect and report human trafficking if properly trained in recognizing common indicators of human trafficking.

Licensed Foster Care

Foster home placements are intended to provide a temporary, safe place to live until a child can be reunited with his or her family, an adoptive family is identified, or other permanency is achieved. Section 409.175(2)(e), F.S., defines a "family foster home" as a private residence in which children who are unattended by a parent or legal guardian are provided 24-hour care. Such homes include emergency shelter family homes and specialized foster homes for children with special needs. A family foster home does not include an adoptive home which has been approved by the DCF or by a licensed child-placing agency for children placed for adoption.[38]

The recruitment, training, and licensing of foster parents is conducted by 18 community-based care agencies that maintain contracts with the DCF.[39] The total number of children placed in a family foster home must be based on the needs of each child in care; the ability of the foster family to meet the individual needs of each child, including any adoptive or biological children or young adults remaining in foster care living in the home; the amount of safe physical plant space; the ratio of active and appropriate adult supervision; and the background, experience, and skill of the family foster parents.[40] Foster parents are responsible for the care and well-being of the child, including maintaining their health, safety, and best interests and encouraging emotional and developmental growth. Following placement, a foster child should be closely monitored by a case worker, who provides support and additional training related to special needs.[41]

In 2019, Florida moved to a system of foster home licensing that consisted of five distinct levels:
- Level I: Child-Specific Foster Home.
- Level II: Non-Child Specific Foster Home.[42]
- Level III: Safe Foster Home for Victims of Human Trafficking.
- Level IV: Therapeutic Foster Home.

[42] Previously "Traditional" foster homes are now Level II.

- Level V: Medical Foster Home.[43]

Level I: Child-Specific Foster Home

A child specific licensed foster home is a new licensure type designed for relatives and nonrelatives who have an existing relationship with the child for whom they are seeking licensure. When a child is not able to safely remain at home with their parents, a family or like-family member who is willing and able to provide care for the child, is the next best alternative.[44]

Level II: Non-Child Specific Foster Home

A non-child specific licensed foster home is identified when placement with a relative or nonrelative caregiver is not possible. This licensure type is available to individuals in the community who may be interested in fostering.[45]

Level III: Safe Foster Home for Victims of Human Trafficking

Safe foster home means a foster home certified by the DCF to care for sexually exploited children.[46] This level of licensure is for individuals interested in providing a safe and stable environment for victims of human trafficking.[47] Florida law defines "human trafficking" as transporting, soliciting, recruiting, harboring, providing, enticing, maintaining,[48] purchasing, patronizing, procuring, or obtaining[49] another person for the purpose of exploitation of that person.[50] In Florida, any person who knowingly, or in reckless disregard of the facts, engages in human trafficking, or attempts to engage in human trafficking, or benefits financially by receiving anything of value from participation in a venture that has subjected a person to human trafficking for labor or services, or commercial sexual activity, commits a crime.[51]

In addition to meeting standard licensing requirements, safe foster homes meet certification requirements which include, in summary:

- Use strength-based and trauma-informed approaches to care;
- Serve exclusively one sex;
- Group child victims of commercial sexual exploitation by age or maturity level;
- Care for child victims of commercial sexual exploitation in a matter that separates those children from children with other needs;

---

[44] *Id*.
[45] *Id*.
[46] Section 409.1678(1), F.S.
[47] Levels of Foster Care Licensure.
[48] Section 787.06(2)(f), F.S., provides "maintain" means, in relation to labor or services, to secure or make possible continued performance thereof, regardless of any initial agreement on the part of the victim to perform such type service. Section 787.06(2)(h), F.S., defines "services" as any act committed at the behest of, under the supervision of, or for the benefit of another, including forced marriage, servitude, or the removal of organs.
[49] Section 787.06(2)(g), F.S., provides "obtain" means, in relation to labor, commercial sexual activity, or services, to receive, take possession of, or take custody of another person or secure performance thereof. Section 787.06(2)(e), F.S., provides "labor" means work of economic or financial value.
[50] Section 787.06(2)(d), F.S.
[51] Section 787.06(3), F.S

- Have awake staff on duty 24 hours a day;
- Provide appropriate security though facility design, hardware, technology, staffing, and sitting; and
- Meet other criteria established by DCF rule.

There are currently 18 children who are placed in a safe foster home.

Level IV: Therapeutic Foster Home

This level of licensure is for caregivers who have received specialized training to care for a wide variety of children and adolescents who may have significant emotional, behavioral, or social needs. As a therapeutic foster parent, individualized care is provided in the home by the foster parent to ensure a child receives the appropriate level of care in the least restrictive setting.[52]

Level V: Medical Foster Home

This licensure type is for caregivers who have received specialized training to provide care for children and adolescents with chronic medical conditions. Medical foster parents enable children from birth through age 20 with medically-complex conditions whose parents are unable to care for them in their own homes, to live and receive care in a foster home rather than in hospitals or other facility settings.[53]

Training Requirements for Foster Placement

Under s. 409.175, F.S., in order to provide improved services to children, the DCF is required to provide or cause to be provided preservice training for prospective foster parents and inservice training for foster parents who are licensed and supervised by the DCF.[54]

Except in limited circumstances,[55] as a condition of licensure, foster parents are required to successfully complete preservice training. The preservice training must be uniform statewide and include, but not be limited to, such areas as:

- Orientation regarding agency purpose, objectives, resources, policies, and services;
- Role of the foster parent as a treatment team member;
- Transition of a child into and out of foster care;
- Management of difficult child behavior that can be intensified by placement, by prior abuse or neglect, and by prior placement disruptions;
- Prevention of placement disruptions;
- Care of children at various developmental levels;
- Effects of foster parenting on the family of the foster parent; and
- Information about and contact information for the local mobile response team as a means for addressing a behavioral health crisis or preventing placement disruption.[56]

[52] *Id*.
[53] *Id*.
[54] Section 409.175(14), F.S.
[55] Rule 65C-45.002, F.A.C. provides that, in limited instances, applicants who have completed a DCF approved preservice training curriculum within the last 5 years or who completed training in another state are exempt from completing certain pre-training requirements.
[56] Section 409.175(14)(b), F.S.

Rule 65C-45.002, F.A.C., provides for additional training topics, including:

- The reasonable and prudent parenting standards, pursuant to ss. 39.4091 and 409.145, F.S., and the balance of normalcy for children in care and their safety;
- Legal rights, roles, responsibilities, and expectations of foster parents;
- The social and emotional development of children and youth;
- Agency policies, services, laws, and regulations;
- Development of life skills for teens in care;
- The caregiver's role in supporting and promoting the educational progress of the child;
- Trauma-informed care, including recognizing the signs, symptoms, and triggers of trauma;
- The Multiethnic Placement Act and the Americans with Disabilities Act; and
- The administration of psychotropic Medication.

In addition, foster parents must receive 24 hours of specialized training in commercial sexual exploitation prior to receiving certification to care for sexually exploited children or young adults,[57] which includes, but is not limited to:

- The needs of child victims of commercial sexual exploitation;
- The effects of trauma and sexual exploitation; and
- How to address those needs using strength-based and trauma-informed approaches.[58]

Specifically, the intensive training on commercially exploited children must include:

- Distinctions between sexual abuse, sexual exploitation, and sexual trafficking;
- Language and sensitivity;
- Pathways to entry into sexual exploitation and sexual trafficking;
- Exploiters;
- Tactics of coercion and control;
- Impact of sexual exploitation;
- Stockholm Syndrome and trauma bonding;
- Identifying victims;
- Meeting the needs of victims;
- Trauma triggers;
- Trauma-informed care;
- Vicarious trauma and self-care strategies;
- Behavior management activities; and
- Intersection of labor trafficking and commercial sexual exploitation.[59]

In consultation with foster parents, each region or lead agency is required to develop a plan for making the completion of the required training as convenient as possible for potential foster parents that includes strategies such as providing training in nontraditional locations and at nontraditional times. The plan must be revised at least annually and must be included in the information provided to each person applying to become a foster parent.[60]

[57] Rule 65C-45.004(2), F.A.C.
[58] Section 409.1678(2)(e), F.S.
[59] Rule 65C-45.004(4), F.A.C.
[60] *Id*.

Before licensure renewal, each foster parent must successfully complete inservice training. Periodic time-limited training courses must be made available for selective use by foster parents. Such inservice training must include subjects affecting the daily living experiences of foster parenting as a foster parent. For a foster parent participating in the required inservice training, the DCF is required to reimburse such parent for travel expenditures and, if both parents in a home are attending training or if the absence of the parent would leave the children without departmentally approved adult supervision, the DCF is required to provide for child care or reimburse the foster parents for child care costs incurred by the parents for children in their care.[61]

Agency Staff

The term "agency" means a residential child-caring agency or child placing agency.[62] A "residential child-caring agency" means that any person, corporation, or agency, public or private, other than the child's parent or legal guardian, that provides staffed 24-hour care for children in facilities maintained for that purpose, regardless of whether operated for profit or whether a fee is charged.[63] A "child-placing agency" means any person, corporation, or agency, public or private, other than the parent or legal guardian of the child or an intermediary acting pursuant to ch. 63, F.S., that receives a child for placement and places or arranges for the placement of a child in a family foster home, residential child-caring agency, or adoptive home.[64]

Training for Agency Staff

Currently, only selected agency staff receives training on human trafficking. Child protective investigators and case managers, and their supervisors, must receive a minimum of six hours of specialized training on human trafficking approved by the DCF prior to accepting cases with children or young adult victims of human trafficking.[65] The specialized training in human trafficking is required to be conducted by a DCF-approved trainer and consist of:

- Three hours of live training pertaining to human trafficking;
- One hour of live training pertaining to Legislative language addressing human trafficking; and
- Two hours of additional live training on specialized topics related to human trafficking of children.

Each year child protective investigators and case managers must receive a minimum of one hour of ongoing training per quarter on human trafficking or related topics in order to continue receiving cases with child or young adult victims of human trafficking.

[61] *Id*.
[62] Section 409.175(2)(a), F.S.
[63] Section 409.175(2)(l), F.S.
[64] Section 409.175(2)(d), F.S.
[65] Rule 65C-43.005, F.A.C.

Any professional administering the Human Trafficking Screening Tool (HTST) must meet the training requirements set forth in Rule 65C-43.005, F.A.C., and must have completed the DCF approved training for the HTST prior to administering the tool.[66]

Similar to foster parents of safe foster homes, staff of safe houses must also complete intensive training.[67]

III. Effect of Proposed Changes:

The bill adds the following duties to the Statewide Council on Human Trafficking (Council) to:

- Assess the frequency and extent to which social media platforms are used to assist, facilitate, or support human trafficking within the state;
- Establish a process to detect such use on a consistent basis; and
- Make recommendations on how to stop, reduce, or prevent social media platforms from being used for such purpose.

The Council must implement a system to achieve these objectives without undue delay to the extent they can be achieved under existing laws.

The bill requires the Florida Alliance to End Human Trafficking (FAEHT) to develop training specifically for firesafety inspectors related to recognizing and reporting human trafficking, and allows for such training to be eligible for the continuing education credits required under s. 633.216(4), F.S., for a firesafety inspector to renew his or her certification.

The bill also amends s. 16.618, F.S., to remove obsolete language which requires FIRST to develop human trafficking training for statewide dissemination no later than October 1, 2019, as such training has been developed and is currently available online. Under the bill, FIRST is still required to make such training available for statewide dissemination.

The bill also amends s. 409.175, F.S., to require foster parents and all agency staff to complete preservice and inservice training related to recognizing, preventing, and reporting human trafficking. The preservice training must cover the following topics, at a minimum:

- Basic information on human trafficking, such as understanding relevant terminology and different types of human trafficking;
- Information on children who are at risk of human trafficking; and
- Actions that may be taken to prevent children from becoming victims of domestic violence.

The bill requires the above-described inservice training to be completed by foster parents before licensure renewal and by agency staff during each full year of employment. The DCF will be required to develop the relevant training materials or outsource to an agency approved trainer.

Section 63.092, F.S., is reenacted for the purpose of incorporating the amendment made to s. 409.175, F.S., by the act.

[66] Rule 65C-45.001, F.A.C.
[67] Section 409.1678(2)(e), F.S.

The bill provides an effective date of July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

CS/SB 1436 may have an indeterminate fiscal impact on the DSO by requiring it to develop new training specifically for firesafety inspectors.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 16.617, 16.618, and 409.175.

This bill reenacts section 63.092 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Children, Families, and Elder Affairs on February 1, 2022:
The Committee Substitute:

- Modifies the duties of the Council in relation to human trafficking on social media;
- Requires the Council to implement a system to eliminate or prevent social media platforms from being used to assist, facilitate, or support human trafficking to the extent these objectives can be achieved under existing laws;
- Requires the FAEHT to develop the required training for firesafety inspectors, instead of FIRST; and
- Makes a technical change which recognizes that the FIRST has already developed certain training material that is available for dissemination.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Children, Families, and Elder Affairs; and Senator Garcia

586-02600-22 20221436c1

A bill to be entitled

An act relating to human trafficking; amending s. 16.617, F.S.; providing the Statewide Council on Human Trafficking with an additional duty; amending s. 16.618, F.S.; deleting an obsolete provision; requiring the direct support organization of the Statewide Council on Human Trafficking to develop certain training for firesafety inspectors; providing that such training is eligible for continuing education credits; amending s. 409.175, F.S.; requiring foster parents and agency staff to complete preservice and inservice training related to human trafficking; reenacting s. 63.092(3)(e), F.S., relating to reports to the court of intended placement by an adoption entity, to incorporate the amendment made to s. 409.175, F.S., in a reference thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present paragraphs (b) through (e) of subsection (4) of section 16.617, Florida Statutes, are redesignated as paragraphs (c) through (f), respectively, and a new paragraph (b) is added to that subsection, to read:

16.617 Statewide Council on Human Trafficking; creation; membership; duties.—

(4) DUTIES.—The council shall:

(b) Assess the frequency and extent to which social media platforms are used to assist, facilitate, or support human

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

586-02600-22 20221436c1

trafficking within this state, establish a process to detect such use on a consistent basis, and make recommendations on how to stop, reduce, or prevent social media platforms from being used for such purposes. To the extent that these objectives can be achieved under existing laws, the council must implement a system to do so without undue delay.

Section 2. Paragraph (b) of subsection (4) of section 16.618, Florida Statutes, is amended, and paragraph (f) is added to that subsection, to read:

16.618 Direct-support organization.—

(4)

(b) Recognizing that this state hosts large-scale events, including sporting events, concerts, and cultural events, which generate significant tourism to this state, produce significant economic revenue, and often are conduits for human trafficking, the institute must develop training that is available ~~ready~~ for statewide dissemination ~~by not later than October 1, 2019~~.

1. Training must focus on detecting human trafficking, best practices for reporting human trafficking, and the interventions and treatment for survivors of human trafficking.

2. In developing the training, the institute shall consult with law enforcement agencies, survivors of human trafficking, industry representatives, tourism representatives, and other interested parties. The institute also must conduct research to determine the reduction in recidivism attributable to the education of the harms of human trafficking for first-time offenders.

(f) The direct-support organization shall develop training for firesafety inspectors in the recognition and reporting of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

human trafficking. Such training is eligible for continuing education credit under s. 633.216(4).

Section 3. Paragraph (e) is added to subsection (14) of section 409.175, Florida Statutes, to read:

409.175 Licensure of family foster homes, residential child-caring agencies, and child-placing agencies; public records exemption.—

(14)

(e)1. In addition to any other preservice training required by law, foster parents, as a condition of licensure, and agency staff must successfully complete preservice training related to human trafficking which must be uniform statewide and must include, but need not be limited to:

a. Basic information on human trafficking, such as an understanding of relevant terminology, and the differences between sex trafficking and labor trafficking;

b. Factors and knowledge on identifying children at risk of human trafficking; and

c. Steps that should be taken to prevent at-risk youths from becoming victims of human trafficking.

2. Foster parents, before licensure renewal, and agency staff, during each full year of employment, must complete inservice training related to human trafficking to satisfy the training requirement under subparagraph (5)(b)7.

Section 4. For the purpose of incorporating the amendment made by this act to section 409.175, Florida Statutes, in a reference thereto, paragraph (e) of subsection (3) of section 63.092, Florida Statutes, is reenacted to read:

63.092 Report to the court of intended placement by an

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

adoption entity; at-risk placement; preliminary study.—

(3) PRELIMINARY HOME STUDY.—Before placing the minor in the intended adoptive home, a preliminary home study must be performed by a licensed child-placing agency, a child-caring agency registered under s. 409.176, a licensed professional, or an agency described in s. 61.20(2), unless the adoptee is an adult or the petitioner is a stepparent or a relative. If the adoptee is an adult or the petitioner is a stepparent or a relative, a preliminary home study may be required by the court for good cause shown. The department is required to perform the preliminary home study only if there is no licensed child-placing agency, child-caring agency registered under s. 409.176, licensed professional, or agency described in s. 61.20(2), in the county where the prospective adoptive parents reside. The preliminary home study must be made to determine the suitability of the intended adoptive parents and may be completed before identification of a prospective adoptive minor. If the identified prospective adoptive minor is in the custody of the department, a preliminary home study must be completed within 30 days after it is initiated. A favorable preliminary home study is valid for 1 year after the date of its completion. Upon its completion, a signed copy of the home study must be provided to the intended adoptive parents who were the subject of the home study. A minor may not be placed in an intended adoptive home before a favorable preliminary home study is completed unless the adoptive home is also a licensed foster home under s. 409.175. The preliminary home study must include, at a minimum:

(e) Documentation of counseling and education of the intended adoptive parents on adoptive parenting, as determined

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

by the entity conducting the preliminary home study. The training specified in s. 409.175(14) shall only be required for persons who adopt children from the department.

If the preliminary home study is favorable, a minor may be placed in the home pending entry of the judgment of adoption. A minor may not be placed in the home if the preliminary home study is unfavorable. If the preliminary home study is unfavorable, the adoption entity may, within 20 days after receipt of a copy of the written recommendation, petition the court to determine the suitability of the intended adoptive home. A determination as to suitability under this subsection does not act as a presumption of suitability at the final hearing. In determining the suitability of the intended adoptive home, the court must consider the totality of the circumstances in the home. A minor may not be placed in a home in which there resides any person determined by the court to be a sexual predator as defined in s. 775.21 or to have been convicted of an offense listed in s. 63.089(4)(b)2.

Section 5. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1452
INTRODUCER:	Children, Families, and Elder Affairs Committee and Senators Book and Jones
SUBJECT:	Funding for Sheriffs Providing Child Protective Investigative Services
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Moody	Cox	CF	**Fav/CS**
2.	Sneed	Money	AHS	**Recommend: Favorable**
3.	Sneed	Sadberry	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1452 authorizes a sheriff's office who contracts with the Department of Children and Families (DCF) to carry forward documented unexpended state funds from one fiscal year to the next, but the cumulative amount carried forward is capped at eight percent of the total contract amount or grant agreement amount. Any unexpended state funds in excess of the eight percent cap and all unexpended federal funds must be returned to the DCF.

The funds carried forward:

- May not be used to create increased recurring future obligations;
- May not be used for any type of program or service that is not currently authorized by the existing contract or grant agreement with the DCF; and
- May be retained through a contract or grant agreement renewal and any new procurements as long as the same sheriff's office is retained by the DCF.

All unexpended funds at the expiration of the contract or grant agreement must be returned to the DCF.

The bill is expected to have an insignificant negative fiscal impact on state expenditures. See Section V. Fiscal Impact Statement.

The bill takes effect on July 1, 2022.

II. Present Situation:

Current law requires any person who knows or suspects that a child has been abused, abandoned, or neglected to report such knowledge or suspicion to the Florida central abuse hotline (hotline).[1] A child protective investigation begins if the hotline determines the allegations meet the statutory definition of abuse,[2] abandonment,[3] or neglect.[4] A child protective investigator (CPI) investigates the situation either immediately, or within 24 hours after the report is received, depending on the nature of the allegation.[5]

Between October 1, 2020 and September 31, 2021, a total of 168,582 child protective investigations were conducted and 99.5 percent of these investigations were commenced within 24 hours of receiving the abuse report.[6] Of the investigations closed within the same period, a total of 240,694 alleged victims were seen with over 93 percent seen within 24 hours of the hotline intake decision date and time.[7]

After conducting an investigation, if the child protective investigator determines that the child is in need of protection and supervision that necessitates removal, the investigator may initiate formal proceedings to remove the child from his or her home. When the DCF removes a child from the home, a series of dependency court proceedings must occur before a child may be adjudicated dependent.[8]

[1] Section 39.201(1), F.S.

[2] Section 39.01(2), F.S. The term "abuse" means any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause the child's physical, mental, or emotional health to be significantly impaired. Abuse of a child includes the birth of a new child into a family during the course of an open dependency case when the parent or caregiver has been determined to lack the protective capacity to safely care for the children in the home and has not substantially complied with the case plan towards successful reunification or met the conditions for return of the children into the home. Abuse of a child includes acts or omissions. Corporal discipline of a child by a parent or legal custodian for disciplinary purposes does not in itself constitute abuse when it does not result in harm to the child.

[3] Section 39.01(1), F.S. The term "abandoned" or "abandonment" means a situation in which the parent or legal custodian of a child or, in the absence of a parent or legal custodian, the caregiver, while being able, has made no significant contribution to the child's care and maintenance or has failed to establish or maintain a substantial and positive relationship with the child, or both.

[4] Sections 39.01(50) and 39.201(2)(a), F.S. "Neglect" occurs when a child is deprived of, or is allowed to be deprived of, necessary food, clothing, shelter, or medical treatment or a child is permitted to live in an environment when such deprivation or environment causes the child's physical, mental, or emotional health to be significantly impaired or to be in danger of being significantly impaired. The foregoing circumstances shall not be considered neglect if caused primarily by financial inability unless actual services for relief have been offered to and rejected by such person. A parent or legal custodian legitimately practicing religious beliefs in accordance with a recognized church or religious organization who thereby does not provide specific medical treatment for a child may not, for that reason alone, be considered a negligent parent or legal custodian; however, such an exception does not preclude a court from ordering necessary services.

[5] Section 39.101(2), F.S.

[7] *Id.*

[8] *See* s. 39.01(14), F.S., for the definition of "child who is found to be dependent".

Child Protective Investigators (CPIs)

The DCF employs CPIs who must meet minimum qualifications, including, but not limited to, a bachelor's degree, and certification and training requirements.[9] A CPI has certain responsibilities, including, in part:

- Conducting investigations relating to allegations of abuse, abandonment, and/or special conditions for children;
- Working closely with law enforcement;
- Collecting information through observation and interviews with certain persons, including the children and parents;
- Engaging families to understand the family dynamics;
- Assessing danger threats, child vulnerabilities and caregiver protective capacities;
- Developing present and/or impending danger plans;
- Managing and modifying safety plans as necessary during the investigation;
- Arranging emergency placement for any child that cannot safely remain in the home;
- Notifying the state attorney, law enforcement, child protection team and other required individuals as appropriate;
- Providing written present and impending danger assessments;
- Completing Risk Assessment on families investigated and explaining risk score to family;
- Conducting staffing's required for families with risk scores that are High and Very High Risk;
- Providing families with services linkages to agency and community resources;
- Conducting initial/ongoing child present and impending danger assessments; and
- Developing with the family a signed Present Danger Plan and a signed safety plan.[10]

CPIs are required to work nights and weekends to perform their responsibilities and timely complete their assigned investigations.[11]

Contracts with Sheriffs' Offices

Following a pilot program with the Manatee County Sheriff's Office, the DCF contracted with the sheriffs of Pasco County, Manatee County, Broward County, and Pinellas County to provide all child protective investigation services in their respective counties beginning in fiscal year 1999-2000.[12] The following year, the DCF was authorized to enter into grant agreements with sheriffs of other counties to perform child protective investigations in those counties.[13]

The sheriffs of other counties who enter into an agreement with the DCF must:

- Adopt the child welfare model that is used by CPIs who are employed by the DCF;[14]

---

[9] The DCF, *Child Protective Investigator*, available at Child Protective Investigator, Employment Opportunities - Florida Department of Children and Families (myflfamilies.com) (last visited Jan. 21, 2022).
[10] *Id.*
[11] *Id.*
[12] Section 39.3065(3)(a), F.S.
[13] *Id.*
[14] *Id.*

- Operate in accordance with the performance standards and outcome measures required for protective investigations that are conducted by the DCF;[15]
- Operate in compliance with federal performance standards and metrics[16] that are imposed by federal law, regulation, or funding requirements;
- Operate in accordance with the same child welfare practice model principals used by, and the same state performance standards and metrics that are imposed on, child protective investigators employed by the DCF.[17]

Each CPI who is employed by the sheriff must complete the same mandatory training that is required of CPIs who are employed by the DCF.[18]

The DCF and all contracted sheriffs, or his or her designee, must meet at least quarterly to collaborate on federal and state quality assurance and quality improvement initiatives.[19] The DCF must conduct an annual performance evaluation of all sheriffs providing services pursuant to a grant agreement.[20] Current law sets out criteria and standards that must be applied when the DCF is conducting the annual evaluations.[21]

Sheriff Funding for CPI Contracts

Funds for providing child protective investigations must be identified in the annual appropriations made to the DCF, and the DCF must award grants for the full amount of the appropriations to the sheriffs' offices. The DCF is allowed to make advance payments to the sheriffs for conducting child protective investigations. Funds provided to sheriffs' offices for investigations may not be integrated into the sheriffs' regular budgets, and must be maintained separately from all other records. The sheriffs' offices must be reported to the DCF as set out in the grant agreement.[22]

The sheriffs' offices total contact amount for child protective investigative services is $57.7 million[23] and eight percent of that total is $4.6 million. Over the past three years the sheriffs' offices have on average returned $1.1 million per year to the DCF.

There is no provision under current law which allows sheriffs' offices to carry forward any unexpended funds. Below is a table that summarizes the amounts of unexpended funds each sheriffs' office returned to the DCF in the past three years.

[15] Section 39.3065(3)(b)1., F.S. The DCF is required to comply with child protection and child welfare outcomes, such as children are first and foremost protected from abuse and neglect; children are safely maintained in their homes, if possible and appropriate; services are provided to protect children and prevent removal from their home; and children have permanency and stability in their living arrangements.
[16] Examples of some of the metrics are noted above, such as commencing the investigation and seeing the alleged victim within 24 hours.

Community-Based Care Lead Agency Funding

Community-based care lead agencies (lead agencies) are responsible for providing services to children who have been abused, neglected or abandoned and are involved in Florida's child welfare system.[24] Section 409.990, F.S., provides for the funding of these lead agencies to perform such duties and, in part, authorizes a lead agency to carry forward unexpended state

[24] *See* the DCF, *Community-Based Care*, available at Community Based Care - Florida Department of Children and Families (myflfamilies.com) (last visited January 23, 2022).

funds from one fiscal year to the next, but the cumulative amount carried forward must not exceed eight percent of the total contract with the DCF. Any excess funds must be returned to the DCF.[25]

The funds that are carried forward may not be used to increase recurring future obligations, and may not be used for any program or services that are not authorized under the contract with the DCF. Expenditures of funds carried forward must be separately reported to the DCF. Any funds at the end of a contract period must be returned, but funds carried forward may be retained through any contract renewal provided the same lead agency is contracted with the DCF.[26]

III. Effect of Proposed Changes:

The bill provides that a sheriff who is contracted with the DCF to provide child protective services may carry forward documented, unexpended state funds from one fiscal year to the next. However, the cumulative amount carried forward may not exceed eight percent of each sheriff's office total contract or grant agreement amount. Any unexpended state funds in excess of that amount and all federal funds must be returned to the DCF.

The funds that are carried forward may not be used to create increased recurring future obligations or for any program or service that is not currently authorized by the existing contract or grant agreement with the DCF. The funds carried forward must be separately reported to the DCF. Funds carried forward may be retained through a contract or grant agreement renewal and any new procurements as long as the same sheriff's office is retained by the DCF. All unexpended funds at the expiration of the contract or grant agreement must be returned to the DCF.

The bill takes effect on July 1, 2022

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Article VII, Section 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

[25] Section 409.990(5), F.S.
[26] *Id*.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

CS/SB 1452 allows the sheriffs' offices that contract with the DCF for the provision of child protective investigations to carry forward documented, unexpended funds from one fiscal year to the next. However, the bill caps the amount of carry forward at eight percent of the sheriff's annual contract amount. Any unexpended funds in excess of eight percent must be returned to the DCF. Currently, the sheriffs' offices are required to return all unexpended funds to the DCF. The ability to retain a portion of the unexpended funds may affect the DCF's reversions to the General Revenue Fund. The sheriffs' offices contacts for fiscal year 2021-2022 total $57.7 million[27] and eight percent of that total is $4.6 million. Over the past three years, the sheriffs' offices have on average returned $1.1 million per year to the DCF.

	Annual Contract Amount	8% of Annual Contract Amount	3-Year Average Reversion
Broward	$15,201,864	$1,216,149	$749,248
Hillsborough	$13,738,700	$1,099,096	$280,248
Manatee	$4,855,360	$388,429	$0
Pasco	$6,466,825	$517,346	$18,202
Pinellas	$11,915,854	$953,268	$27,496
Seminole	$4,633,803	$370,704	$26,404
Walton	$860,607	$68,849	$13,700
Total	**$57,673,013**	**$4,613,841**	**$1,115,297**

[27] Chapter 2021-36, Laws of Fla. (SB 2500), Specific Appropriation 311.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 39.3065 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Children, Families, and Elder Affairs on January 25, 2022:
The committee substitute:

- Clarifies the amount that may be carried forward applies to each sheriff's office, instead of the cumulative amount of all sheriffs' offices;
- Specifies that the amount of unexpended funds that may be carried forward must be state funds; and
- Clarifies that the unexpended funds which must be returned to the DCF are any unexpended state funds in excess of 8 percent of each sheriff's office total contract or grant agreement amount, and all unexpended federal funds.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Children, Families, and Elder Affairs; and Senator Book

586-02287-22 20221452c1

A bill to be entitled

An act relating to funding for sheriffs providing child protective investigative services; amending s. 39.3065, F.S.; authorizing sheriffs who provide child protective investigative services to carry forward a certain percentage of unexpended state funds each fiscal year; requiring certain funds to be returned to the Department of Children and Families; prohibiting funds carried forward from being used in certain ways; requiring that certain expenditures be reported to the department; authorizing unexpended funds to be retained through contract or grant agreement renewals under certain circumstances; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (c) of subsection (3) of section 39.3065, Florida Statutes, is amended to read:

39.3065 Sheriffs of certain counties to provide child protective investigative services; procedures; funding.—

(3)

(c) Funds for providing child protective investigations must be identified in the annual appropriation made to the department, which shall award grants for the full amount identified to the respective sheriffs' offices. Notwithstanding ss. 216.181(16)(b) and 216.351, the department may advance payments to the sheriffs for child protective investigations. A sheriff may carry forward documented unexpended state funds from

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

586-02287-22 20221452c1

one fiscal year to the next. However, the cumulative amount of state funds carried forward may not exceed 8 percent of each sheriff's office total contract amount or grant agreement amount. Any unexpended state funds in excess of that amount and all unexpended federal funds must be returned to the department. The funds carried forward may not be used to create increased recurring future obligations or for any type of program or service that is not currently authorized by the existing contract or grant agreement with the department. The expenditure of funds carried forward must be separately reported to the department. Funds carried forward may be retained through a contract or grant agreement renewal and any new procurements as long as the same sheriff's office is retained by the department. All unexpended funds at the expiration of the contract or grant agreement must be returned to the department. Funds for the child protective investigations may not be integrated into the sheriffs' regular budgets. Budgetary data and other data relating to the performance of child protective investigations must be maintained separately from all other records of the sheriffs' offices and reported to the department as specified in the grant agreement.

Section 2. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 22, 2022

I respectfully request that **Senate Bill 1452**, relating to Funding for the Sheriffs Providing Child Protective Investigative Services, be placed on the:

☐ committee agenda at your earliest possible convenience.

☒ next committee agenda.

In the mid-1990s, a sheriff office pilot program was started to assume child protective services. Over the course of the next twenty-two years, funding for these positions has not increased properly to support the increase in cost of living, health insurance, and other benefits. This has resulted in CPI vacancies not being filled. Additionally, an accounting error resulted in an inability for leftover funds from previous years to "rollover" into subsequent years.

This important bill would close that accounting error, and insure that our children are being protected by the brave men and women of our Sheriff's child protective teams.

Thank you for your consideration.

Minority Leader Lauren Book
Florida Senate, District 32

File signed original with committee office

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1474 will allow Class "D" unarmed Security Officers and Class "G" Statewide Firearm applicants to obtain the training required as a licensing qualification through either in-person or online instruction. The online instruction must be provided through the secure website of a licensed school or training facility, or a Class "K" licensee that has a physical location in Florida. Additionally, the online training course must:

- Include security questions to ensure that the applicant is actively using the computer and is following along with the online training;
- Establish a minimum amount of time that each applicant must spend on each screen;
- Include randomized test questions; and
- Maintain a digital attendance log and keep other required records.

The Department of Agriculture and Consumer Services (department) regulates private security officers and their related licenses. The bill requires the department to adopt rules, including those to establish the online courses' content, web security protocols, and course completion reporting requirements.

The bill may have an insignificant negative fiscal impact on state expenditures that can be absorbed within existing resources.

The bill takes effect on July 1, 2022.

II. Present Situation:

The Division of Licensing within the department is responsible for investigating and issuing licenses to conduct private security services and related licenses, including Class "D" unarmed Security Officer and Class "G" Statewide Firearm licensees.[1]

Class "D" Security Officer Licensees

A Class "D" security officer is an individual who advertises for, or performs: bodyguard services, personal or property protection; theft and loss prevention; armored car staffing; or transportation of prisoners.[2] A Class "D" licensee is not permitted to carry a firearm during the course of his or her duties unless he or she also has a supplemental Class "G" license.[3]

Law enforcement officers engaged in their official duties or off-duty security activities that have been approved by appropriate superiors are not considered security officers.[4] Additionally, unarmed security officers who are employed by, and perform their work entirely on the premises of either their employer's business, a church or denominational organization, or a church cemetery are not required to be licensed as a security officer under ch. 493, F.S.[5]

As of December 31, 2021, there are 124,996 active Class "D" security officer licensees.[6]

A Class "D" applicant for licensure must complete 40 hours of professional training at a Class "DS" Security Officer School or Training Facility licensed by the department.[7]

Class "G" Statewide Firearm License

A Class "G" license is a supplemental license that permits specific licensees to carry a firearm during the course of their licensed, employment-related activity. A Class "G" license is available only to individuals who currently hold one of the following licenses:

- Private investigator (Class "C");
- Private investigator intern (Class "CC");
- Security officer (Class "D");
- Private investigative or security agency manager (Class "M");
- Private investigative agency manager (Class "MA"); or
- Security agency manager (Class "MB").[8]

---

[1] Chapter 493, F.S.
[2] Section 493.6101(19), F.S.; *see also*, Florida Department of Agriculture and Consumer Services (DACS), *Private Security Licenses*, https://www.fdacs.gov/Business-Services/Private-Security-Licenses (last visited Jan. 31, 2022).
[3] Section 493.6101(9), F.S.
[4] Section 493.6102(1), F.S.
[5] Section 493.6102(4), (13), F.S.

[7] Section 493.6303, F.S.
[8] Section 493.6115(2), F.S.

The "Class G" license must be renewed every two years.

Application and Training Requirements for Class "G" Licensees

An initial applicant for a Class "G" license must complete firearm training, which must include at least 28 hours of range and classroom training (range training must be limited to no more than eight hours) that is administered by a Class "K" licensee.[9] An applicant who was discharged within the last 12 months from service as a military officer, and has completed specific military courses is deemed to have completed a substantially similar training, and is exempt from the 28 hours of range and classroom training required for a Class "G" initial license.

Class "G" licensees must annually complete four hours of firearms requalification training for each caliber of firearm that he or she carries in the course of his or her duties.[10]

Class "DS" Security Officer Schools and Training Facilities

Schools and training facilities that provide required training services for Class "D" Security Officer license applicants must submit an application for licensure, which includes:[11]

- The name and address of the school or training facility;
- The street address of the place where training will be conducted; and
- A copy of the curriculum and final exam to be administered, in accordance with the requirements set forth by the department.[12]

The department establishes the general content and number of hours of each subject area to be taught by the licensed schools and training facilities.[13] Currently, administrative rule states that students shall "remain under the supervision of a licensed instructor during all classes and under constant supervision during examination."[14]

A Class "DS" Security Officer School or training facility must maintain the following records for at least two years:[15]

- A schedule of the date, time, location, and instructor of each class session;
- A separate file for each course which establishes that the minimum course standards were met, the course materials used, and an original of each final exam;
- An attendance log for each class session;
- A copy of any certificate, diploma, or other record given to each student; and
- A separate file on each approved instructor, which includes his or her qualifications.

An individual who teaches or instructs at a class "DS" security officer school or training facility must have a Class "DI," Security Officer School or Training Facility Instructor license.[16]

---

[9] Section 493.6105(5), F.S. *See also* Fla. Admin. Code R. 5N-1.132(1)(a).
[10] Section 493.6113(3)(b), F.S.

[12] Fla. Admin. Code R. 5N-1.132(4)(c).
[13] Section 493.6303(4)(a), F.S.
[14] Fla. Admin. Code R. 5N-1.138(4).
[15] Fla. Admin. Code R. 5N-1.140(5).
[16] *See* Fla. Admin. Code R. 5N-1.138(1), for qualifications for Class "DI" license.

Class "K" Firearm Instructor Licensees

Class "K" Firearm Instructor Licensees provide classroom or range instruction to applicants for a Class "G" license.[17] Class "K" instructors are not currently required to be affiliated with a school or training facility. Administrative rules currently state that firearms instructors may not rely solely on the use of audio/video material in his or her course, but may use such material as an instructional aide when teaching the classroom portion of the course.[18]

Class "K" Firearm Instructors must provide a standardized Certificate of Firearms Proficiency for Statewide Firearm License to each student who successfully completes the 28-hour firearms proficiency course.[19] The Class "K" licensee must retain a copy of each certificate he or she provides, and is subject to penalty for the falsification of any such certificate.[20]

COVID-19 Emergency Orders

The Commissioner of Agriculture and Consumer Services issued Emergency Order 2020-004 to "provide flexibility for workers" during the COVID-19 pandemic[21] by allowing Class "D" security guards to complete their initial 40 hours of training via live video conference.[22]

Emergency Order 2020-10, issued on April 24, 2020, suspends the provisions of s. 493.6105(5), F.S., and its related rules to allow Class "G" license applicants to conduct their class room training by live video conference.[23]

These emergency orders expired on June 26, 2021.[24]

III. Effect of Proposed Changes:

The bill allows Class "G" statewide firearm licensees and Class "D" security officer licensees to obtain required training via online or in-person instruction.

Class "G" Statewide Firearm Licenses

Section 1 amends s. 493.6105, F.S., to allow a Class "G" applicant to complete the 20-hour classroom training portion of the required firearm training either by in-person instruction, or via live instruction through a secure website, with no more than eight hours consisting of in-person

range training which must include safe handling and storage of firearms. The training must be taught and administered by a Class "K" firearms instructor who verifies the identity and attendance of the applicant.

The bill requires Class "G" applicants to submit a training certificate to the department upon completion of the training. Additionally, the Class "K" licensee who provided the training must submit results directly to the department's Division of Licensing and provide a copy of the training results to the trainee.

The bill requires the department to engage in rulemaking to establish the general content, number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and regulation of Class "K" licensees in relation to their provision of in-person or online training.

Class "D" Security Officer Licenses

Section 3 amends s. 493.6303, F.S., to allow Class "D" applicants to complete their 40-hour training requirement either by in-person instruction, or through live, online instruction presented through a secure website of a licensed school or training facility.

The bill requires an applicant to submit his or her verification of successful completion of training to the department, and requires the training facility or instructor to submit proof of completion of training for the applicant to the department. Additionally, the training facility or instructor must provide an electronic copy of proof of training for each applicant to the department, and must also provide a copy of the training results to the applicant.

The bill requires the department to engage in rulemaking to establish the general content, number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and any other rule necessary to regulate schools or training facilities that provide in-person or online training. The bill further allows the department to adopt additional rules needed to regulate schools or training facilities that provide in-person or online training.

Class "DS" Security Officer Schools and Training Facilities

Section 2 creates s. 493.6132, F.S., to specify requirements for schools or training facilities and Class "K" licensees that provide online training courses allowed under the bill. Specifically, a licensed school or training facility and Class "K" licensee must maintain a physical location in Florida. The Class "K" licensee must conduct his or her live online training in Florida, but a licensed school or training facility may conduct the live online classes from any location. The providers of live online training must also maintain, and make available to the department, records of:

- All training sessions;
- The name and license number of the instructor who is present online with the students while the students receive instruction; and
- Proof of compliance with all security protocols at the school, facility, or place of business.

The online training course must:

- Require its instructor to verify the applicant's identity, attendance, and successful completion of training;
- Include security questions to ensure that the applicant is actively using the computer or mobile device and is following along with the training;
- Establish a minimum amount of time that each applicant must spend on each screen before moving on to the next;
- Include randomized test questions;
- Include a digital record of the applicant's attendance log and any other components required by the department;
- Allow instructing via recording where an applicant is absent during a portion of the live online class, as limited by departmental rule; and
- Permit the department to access each online course for the purpose of auditing, monitoring, and inspection.

The applicant may not use more than one device at a time to log into the online training course.

The bill takes effect July 1, 2022.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to online training for private security officers; amending ss. 493.6105 and 493.6303, F.S.; providing that certain required training criteria for Class "G" and Class "D" licenses, respectively, may be conducted online; providing requirements for such training; requiring the Department of Agriculture and Consumer Services to establish certain criteria and rules for the regulation of certain entities that provide online training; providing reporting requirements upon completion of the training; creating s. 493.6132, F.S.; providing requirements for online training courses for a Class "D" license; requiring entities offering online training to provide the Division of Licensing with live access to each course; authorizing such entities to deliver online instruction using recordings under certain circumstances; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (5) of section 493.6105, Florida Statutes, is amended to read:

493.6105 Initial application for license.—

(5) In addition to the requirements outlined in subsection

422484

576-03288-22

(3), an applicant for a Class "G" license must satisfy minimum training criteria for firearms established by rule of the department, including ~~which training criteria includes~~, but ~~is~~ not limited to, 28 hours of range and classroom training conducted by in-person instruction or live online instruction through a secure website, provided that the applicant's identity, attendance, and successful completion of training are verified by the instructor. As part of his or her application, the applicant must submit a training certificate to the department upon completion of the training. Training must be taught and administered by one or more ~~a~~ Class "K" licensees. ~~licensee; however,~~ No more than 20 hours of such training may be conducted in an online classroom, and 8 hours of such training shall consist of in-person range training that includes training on the safe handling and storage of firearms. Consistent with s. 493.6115, the department shall by rule establish the general content and the number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and any other rules necessary for the regulation of Class "K" licensees providing in-person or online training. Upon completion of the training, the instructor must submit results directly to the Division of Licensing in a manner prescribed by the department. The instructor must also provide a copy of the training results to the applicant who completed the training. The department may waive the foregoing firearms training requirement if:

(a) The applicant provides proof that he or she is currently certified as a law enforcement officer or correctional

422484

576-03288-22

officer pursuant to the requirements of the Criminal Justice Standards and Training Commission or has successfully completed the training required for certification within the last 12 months.

(b) The applicant provides proof that he or she is currently certified as a federal law enforcement officer and has received law enforcement firearms training administered by a federal law enforcement agency.

(c) The applicant submits a valid firearm certificate listed ~~among those specified~~ in paragraph (6)(a).

Section 2. Section 493.6132, Florida Statutes, is created to read:

493.6132 Online training courses.—

(1) An online training course for a Class "D" license must be conducted live and by a licensed school or training facility that maintains a physical location in this state.

(2) A Class "K" licensed firearms instructor conducting an online training course must maintain a physical location in this state and must conduct online classes live at a location in this state.

(3) An applicant may only be logged into the online training course from one device at a time.

(4) The online training course must include, at a minimum, all of the following:

(a) Security questions to ensure that the applicant is actively using the computer or mobile device and is following along with the online training.

(b) A minimum amount of time that each applicant must spend on each screen before moving on to the next screen.

422484

576-03288-22

(c) Randomized test questions.

(d) A digital record of the applicant's attendance log along with any components required by department rule.

(5) A licensed school or training facility, or a Class "K" licensee conducting an online course, must maintain records of all training sessions, including the name and license number of the instructor who is present online with the students while the students are receiving instruction, and proof of compliance with all security protocols at the school, facility, or place of business in this state. The records required under this subsection must be made accessible to the department's investigators upon request.

(6) A licensed school or training facility, or a Class "K" licensee conducting an online course must provide the Division of Licensing with live access to each course for the purposes of auditing, monitoring, or inspection as deemed necessary by the division.

(7) If an applicant is absent during a portion of a live online class, a licensed school or training facility, or a Class "K" licensee conducting an online course, may deliver instruction in part using recordings, as limited by department rule.

Section 3. Paragraph (a) of subsection (4) of section 493.6303, Florida Statutes, is amended to read:

493.6303 License requirements.—In addition to the license requirements set forth elsewhere in this chapter, each individual or agency must comply with the following additional requirements:

(4)(a) An applicant for a Class "D" license must submit

proof of successful completion of a minimum of 40 hours of professional training at a school or training facility licensed by the department. The training may be conducted by in-person instruction or online instruction presented live through a secure website of the licensed school or training facility, provided that the applicant's identity, attendance, and successful completion of training are verified by the instructor. As part of his or her application, the applicant must submit the completed training certificate to the department upon completion of the training. The department shall by rule and in accordance with s. 493.6103 establish the general content and number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and any other rules necessary for the regulation of schools or training facilities providing in-person or online training. Upon completion of such training, the training facility or the instructor must submit proof of completion of training for each applicant to the department electronically in a manner prescribed by the department. The training facility or the instructor must also provide a copy of the training results to the applicant who completed the training.

Section 4. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1474 will allow Class "D" unarmed Security Officers and Class "G" Statewide Firearm applicants to obtain the training required as a licensing qualification through either in-person or online instruction. The online instruction must be provided through the secure website of a licensed school or training facility, or a Class "K" licensee that has a physical location in Florida. Additionally, the online training course must:

- Include security questions to ensure that the applicant is actively using the computer and is following along with the online training;
- Establish a minimum amount of time that each applicant must spend on each screen;
- Include randomized test questions; and
- Maintain a digital attendance log and keep other required records.

The Department of Agriculture and Consumer Services (department) regulates private security officers and their related licenses. The bill requires the department to adopt rules, including those to establish the online courses' content, web security protocols, and course completion reporting requirements.

The bill may have an insignificant negative fiscal impact on state expenditures that can be absorbed within existing resources.

The bill takes effect on July 1, 2022.

II. Present Situation:

The Division of Licensing within the department is responsible for investigating and issuing licenses to conduct private security services and related licenses, including Class "D" unarmed Security Officer and Class "G" Statewide Firearm licensees.[1]

Class "D" Security Officer Licensees

A Class "D" security officer is an individual who advertises for, or performs: bodyguard services, personal or property protection; theft and loss prevention; armored car staffing; or transportation of prisoners.[2] A Class "D" licensee is not permitted to carry a firearm during the course of his or her duties unless he or she also has a supplemental Class "G" license.[3]

Law enforcement officers engaged in their official duties or off-duty security activities that have been approved by appropriate superiors are not considered security officers.[4] Additionally, unarmed security officers who are employed by, and perform their work entirely on the premises of either their employer's business, a church or denominational organization, or a church cemetery are not required to be licensed as a security officer under ch. 493, F.S.[5]

As of December 31, 2021, there are 124,996 active Class "D" security officer licensees.[6]

A Class "D" applicant for licensure must complete 40 hours of professional training at a Class "DS" Security Officer School or Training Facility licensed by the department.[7]

Class "G" Statewide Firearm License

A Class "G" license is a supplemental license that permits specific licensees to carry a firearm during the course of their licensed, employment-related activity. A Class "G" license is available only to individuals who currently hold one of the following licenses:

- Private investigator (Class "C");
- Private investigator intern (Class "CC");
- Security officer (Class "D");
- Private investigative or security agency manager (Class "M");
- Private investigative agency manager (Class "MA"); or
- Security agency manager (Class "MB").[8]

[7] Section 493.6303, F.S.
[8] Section 493.6115(2), F.S.

The "Class G" license must be renewed every two years.

Application and Training Requirements for Class "G" Licensees

An initial applicant for a Class "G" license must complete firearm training, which must include at least 28 hours of range and classroom training (range training must be limited to no more than eight hours) that is administered by a Class "K" licensee.[9] An applicant who was discharged within the last 12 months from service as a military officer, and has completed specific military courses is deemed to have completed a substantially similar training, and is exempt from the 28 hours of range and classroom training required for a Class "G" initial license.

Class "G" licensees must annually complete four hours of firearms requalification training for each caliber of firearm that he or she carries in the course of his or her duties.[10]

Class "DS" Security Officer Schools and Training Facilities

Schools and training facilities that provide required training services for Class "D" Security Officer license applicants must submit an application for licensure, which includes:[11]

- The name and address of the school or training facility;
- The street address of the place where training will be conducted; and
- A copy of the curriculum and final exam to be administered, in accordance with the requirements set forth by the department.[12]

The department establishes the general content and number of hours of each subject area to be taught by the licensed schools and training facilities.[13] Currently, administrative rule states that students shall "remain under the supervision of a licensed instructor during all classes and under constant supervision during examination."[14]

A Class "DS" Security Officer School or training facility must maintain the following records for at least two years:[15]

- A schedule of the date, time, location, and instructor of each class session;
- A separate file for each course which establishes that the minimum course standards were met, the course materials used, and an original of each final exam;
- An attendance log for each class session;
- A copy of any certificate, diploma, or other record given to each student; and
- A separate file on each approved instructor, which includes his or her qualifications.

An individual who teaches or instructs at a class "DS" security officer school or training facility must have a Class "DI," Security Officer School or Training Facility Instructor license.[16]

[16] *See* Fla. Admin. Code R. 5N-1.138(1), for qualifications for Class "DI" license.

Class "K" Firearm Instructor Licensees

Class "K" Firearm Instructor Licensees provide classroom or range instruction to applicants for a Class "G" license.[17] Class "K" instructors are not currently required to be affiliated with a school or training facility. Administrative rules currently state that firearms instructors may not rely solely on the use of audio/video material in his or her course, but may use such material as an instructional aide when teaching the classroom portion of the course.[18]

Class "K" Firearm Instructors must provide a standardized Certificate of Firearms Proficiency for Statewide Firearm License to each student who successfully completes the 28-hour firearms proficiency course.[19] The Class "K" licensee must retain a copy of each certificate he or she provides, and is subject to penalty for the falsification of any such certificate.[20]

COVID-19 Emergency Orders

The Commissioner of Agriculture and Consumer Services issued Emergency Order 2020-004 to "provide flexibility for workers" during the COVID-19 pandemic[21] by allowing Class "D" security guards to complete their initial 40 hours of training via live video conference.[22]

Emergency Order 2020-10, issued on April 24, 2020, suspends the provisions of s. 493.6105(5), F.S., and its related rules to allow Class "G" license applicants to conduct their class room training by live video conference.[23]

These emergency orders expired on June 26, 2021.[24]

III. Effect of Proposed Changes:

The bill allows Class "G" statewide firearm licensees and Class "D" security officer licensees to obtain required training via online or in-person instruction.

Class "G" Statewide Firearm Licenses

Section 1 amends s. 493.6105, F.S., to allow a Class "G" applicant to complete the 20-hour classroom training portion of the required firearm training either by in-person instruction, or via live instruction through a secure website, with no more than eight hours consisting of in-person

range training which must include safe handling and storage of firearms. The training must be taught and administered by a Class "K" firearms instructor who verifies the identity and attendance of the applicant.

The bill requires Class "G" applicants to submit a training certificate to the department upon completion of the training. Additionally, the Class "K" licensee who provided the training must submit results directly to the department's Division of Licensing and provide a copy of the training results to the trainee.

The bill requires the department to engage in rulemaking to establish the general content, number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and regulation of Class "K" licensees in relation to their provision of in-person or online training.

Class "D" Security Officer Licenses

Section 3 amends s. 493.6303, F.S., to allow Class "D" applicants to complete their 40-hour training requirement either by in-person instruction, or through live, online instruction presented through a secure website of a licensed school or training facility.

The bill requires an applicant to submit his or her verification of successful completion of training to the department, and requires the training facility or instructor to submit proof of completion of training for the applicant to the department. Additionally, the training facility or instructor must provide an electronic copy of proof of training for each applicant to the department, and must also provide a copy of the training results to the applicant.

The bill requires the department to engage in rulemaking to establish the general content, number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and any other rule necessary to regulate schools or training facilities that provide in-person or online training. The bill further allows the department to adopt additional rules needed to regulate schools or training facilities that provide in-person or online training.

Class "DS" Security Officer Schools and Training Facilities

Section 2 creates s. 493.6132, F.S., to specify requirements for schools or training facilities and Class "K" licensees that provide online training courses allowed under the bill. Specifically, a licensed school or training facility and Class "K" licensee must maintain a physical location in Florida. The Class "K" licensee must conduct his or her live online training in Florida, but a licensed school or training facility may conduct the live online classes from any location. The providers of live online training must also maintain, and make available to the department, records of:

- All training sessions;
- The name and license number of the instructor who is present online with the students while the students receive instruction; and
- Proof of compliance with all security protocols at the school, facility, or place of business.

The online training course must:

- Require its instructor to verify the applicant's identity, attendance, and successful completion of training;
- Include security questions to ensure that the applicant is actively using the computer or mobile device and is following along with the training;
- Establish a minimum amount of time that each applicant must spend on each screen before moving on to the next;
- Include randomized test questions;
- Include a digital record of the applicant's attendance log and any other components required by the department;
- Allow instructing via recording where an applicant is absent during a portion of the live online class, as limited by departmental rule; and
- Permit the department to access each online course for the purpose of auditing, monitoring, and inspection.

The applicant may not use more than one device at a time to log into the online training course.

The bill takes effect July 1, 2022.

Upon completion of the training, the instructor must submit results directly to the Division of Licensing in a manner prescribed by the department. The instructor must also provide a copy of the training results to the applicant who completed the training. The department may waive the foregoing firearms training requirement if:

(a) The applicant provides proof that he or she is currently certified as a law enforcement officer or correctional officer pursuant to the requirements of the Criminal Justice Standards and Training Commission or has successfully completed the training required for certification within the last 12 months.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(b) The applicant provides proof that he or she is currently certified as a federal law enforcement officer and has received law enforcement firearms training administered by a federal law enforcement agency.

(c) The applicant submits a valid firearm certificate listed ~~among those specified~~ in paragraph (6)(a).

Section 2. Section 493.6132, Florida Statutes, is created to read:

493.6132 Online training courses.—

(1) An online training course for a Class "D" license must be conducted live and by a licensed school or training facility that maintains a physical location in this state.

(2) A Class "K" licensed firearms instructor conducting an online training course must maintain a physical location in this state and must conduct online classes live at a location in this state.

(3) An applicant may only be logged into the online training course from one device at a time.

(4) The online training course must include, at a minimum, all of the following:

(a) Security questions to ensure that the applicant is actively using the computer or mobile device and is following along with the online training.

(b) A minimum amount of time that each applicant must spend on each screen before moving on to the next screen.

(c) Randomized test questions.

(d) A digital record of the applicant's attendance log along with any components required by department rule.

(5) A licensed school or training facility, or a Class "K"

licensee conducting an online course, must maintain records of all training sessions, including the name and license number of the instructor who is present online with the students while the students are receiving instruction, and proof of compliance with all security protocols at the school, facility, or place of business in this state. The records required under this subsection must be made accessible to the department's investigators upon request.

(6) A licensed school or training facility, or a Class "K" licensee conducting an online course must provide the Division of Licensing with live access to each course for the purposes of auditing, monitoring, or inspection as deemed necessary by the division.

(7) If an applicant is absent during a portion of a live online class, a licensed school or training facility, or a Class "K" licensee conducting an online course, may deliver instruction in part using recordings, as limited by department rule.

Section 3. Paragraph (a) of subsection (4) of section 493.6303, Florida Statutes, is amended to read:

493.6303 License requirements.—In addition to the license requirements set forth elsewhere in this chapter, each individual or agency must comply with the following additional requirements:

(4)(a) An applicant for a Class "D" license must submit proof of successful completion of a minimum of 40 hours of professional training at a school or training facility licensed by the department. The training may be conducted by in-person instruction or online instruction presented live through a

secure website of the licensed school or training facility, provided that the applicant's identity, attendance, and successful completion of training are verified by the instructor. As part of his or her application, the applicant must submit the completed training certificate to the department upon completion of the training. The department shall by rule and in accordance with s. 493.6103 establish the general content and number of hours of each subject area to be taught, the method of delivery and the security protocols for online training and testing, the reporting requirements for verification of successful completion of training, and any other rules necessary for the regulation of schools or training facilities providing in-person or online training. Upon completion of such training, the training facility or the instructor must submit proof of completion of training for each applicant to the department electronically in a manner prescribed by the department. The training facility or the instructor must also provide a copy of the training results to the applicant who completed the training.

Section 4. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1518
INTRODUCER:	Senator Berman and others
SUBJECT:	Lactation Space
DATE:	February 23, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Limones-Borja	McVaney	GO	**Favorable**
2.	Dale	Harkness	ACJ	**Recommend: Favorable**
3.	Dale	Sadberry	AP	**Favorable**

I. Summary:

SB 1518 requires each county courthouse to provide, by January 1, 2023, at least one dedicated lactation space outside the confines of a restroom for members of the public to express breast milk or breastfeed in private. The bill requires the lactation space be hygienic, shielded from public view, free from intrusion while occupied, and it must contain an electrical outlet.

The bill authorizes the person responsible for the operation of the facility housing each district court of appeal, to use state-appropriated funds or private funding to provide a dedicated lactation space.

The requirements to provide a dedicated lactation space do not apply to a courthouse if the person who is responsible for the operation of the courthouse determines that the courthouse does not contain a lactation space for employees which may be used by the members of the public or new construction would be required to create the lactation space.

The bill contains a legislative finding that the bill fulfills an important state interest.

Each county and the state may incur costs associated with funding a dedicated lactation space.

This bill takes effect July 1, 2022.

II. Present Situation:

Funding Requirements for Court Related Functions

Article V, Section 14 of the State Constitution requires counties to fund the cost of communication services, existing radio systems, existing multi-agency information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the trial

courts, public defenders' offices, state attorneys' offices, and the offices of the clerks of the circuit and county courts performing court-related functions.[1] Counties are not required to fund the state courts system, state attorney's office, public defenders offices, court-appointed counsel or the offices of the clerks of the circuit performing court related functions.[2] Section 29.008, F.S., defines the term "facility" to mean reasonable and necessary buildings, office space, equipment, furnishings, structures, real estate, easements, and related interests in real estate.[3] The county is responsible for the funding of physical modifications and improvements to all facilities in order to comply with the American with Disabilities Act.

Section 29.004, F.S., provides that the construction or lease of facilities, maintenance, utilities, and security for the district courts of appeal and the Supreme Court are funded through state revenues in the General Appropriations Act.[4]

Courthouse Lactation Room Handbook

The Florida Association of Women Lawyers (FAWL) established guidelines to provide accessibility to lactation rooms for women in the legal field. These guidelines are being used across the state by local governments in order to implement lactation rooms for courthouses. The FAWL handbook establishes best practices for implementing lactation rooms, such as room access, room naming, room specifications, amenities, and ways to fund the room. The implementation of these rooms allows access to women jurors, witnesses, and other actors who partake in the legal process.[5]

According to the Florida Bar, 38 percent of Florida attorneys are women,[6] and 39 percent of Florida judges are women.[7] The percentage of women attorneys in the state is expected to rise over the coming years due to women accounting for almost 50 percent of the total number of law school students in Florida.[8]

Breastfeeding in Florida

Florida became one of the first states to pass legislation that supports women breast feeding in any location. Section 383.015, F.S., provides that the breastfeeding of a baby is an important and basic act of nurture which must be encouraged in the interests of maternal and child health and family values. A mother may breastfeed her baby in any location, public or private, regardless of whether the nipple of the mother is uncovered during or incidental to the breastfeeding.[9] Further, any facility providing maternity services such as breastfeeding can be designated as "baby-friendly."

[9] Section 383.015, F.S.

Lactation Space in Florida Courthouses

The courthouses that contain a dedicated lactation space include:
- 1st Judicial Circuit Court (Okaloosa County Courthouse);
- 2nd Judicial Circuit Court (Leon County Courthouse);
- 4th Judicial Circuit Court (Duval County Courthouse);
- 5th Judicial Circuit Court (Lake County Courthouse);
- 6th Judicial Circuit Court (St. Petersburg Judicial Building);
- 7th Judicial Circuit Court (St. Johns County Courthouse);
- 8th Judicial Circuit Court (Alachua County Courthouse);
- 9th Judicial Circuit Court (Orange County Courthouse);
- 10th Judicial Circuit Court (Polk County Courthouse);
- 11th Judicial Circuit Courts (including the Coral Gables Courthouse, Dade County Courthouse, Joseph Caleb Center, Lawson E. Courthouse Center, Miami Dade Children's Courthouse, Richard E. Gerstein Justice Building, and the South Dade Justice Center)[10];
- 12th Judicial Circuit Court (Sarasota County Courthouse and Manatee County Judicial Center);
- 13th Judicial Circuit Court (Edgecomb Courthouse);
- 15th Judicial Circuit Court (West Palm Beach Main Courthouse and Delray Beach South County Courthouse);
- 17th Judicial Circuit Court (Broward County Central Courthouse);
- 18th Judicial Circuit Court (Brevard County Courthouse and Seminole County Courthouse);
- 19th Judicial Circuit Court (Martin County Courthouse); and
- 20th Judicial Circuit Court (Lee County Courthouse and Collier County Courthouse).

Counties Designated as Headquarters for District Courts of Appeal

The following is location of the headquarters for each DCA:
- First Appellate District in the Second Judicial Circuit, Tallahassee, Leon County;
- Second Appellate District in the Tenth Judicial Circuit, Lakeland, Polk County;
- Third Appellate District in the Eleventh Judicial Circuit, Miami-Dade County;
- Fourth Appellate District in the Fifteenth Judicial Circuit, Palm Beach County; and
- Fifth Appellate District in the Seventh Judicial Circuit, Daytona Beach, Volusia County.[11]

A DCA may designate other locations within its district as branch headquarters to conduct the business of the court and as the official headquarters of its officers or employees.[12]

Currently, there is only one DCA that has an established space dedicated to lactation within its courthouse.

[10] Florida's Eleventh Judicial Circuit, *Courthouse Amenities – Lactations Rooms, available at* https://www.jud11.flcourts.org/About-the-Court/Courthouse-Amenities/Lactation-Rooms, (last visited January 21, 2022).
[11] Section 35.05, F.S.
[12] *Id.*

III. Effect of Proposed Changes:

Section 1 creates s. 29.24, F.S., to require each county courthouse to provide at least one dedicated lactation space outside the confines of a restroom for members of the public to express breast milk or breastfeed in private by January 1, 2023. The dedicated space must be hygienic, shielded from public view, free from intrusion while occupied, and contain an electrical outlet.

This section authorizes the person responsible for the operation of the facility housing each district court of appeal to use state-appropriated funds or private funding to provide a dedicated lactation space.

This section establishes that the requirements to provide a dedicated lactation space do not apply to a courthouse if the person who is responsible for the operation of the courthouse determines that:

- The courthouse does not contain a lactation space for employees which may be used by the members of the public and the courthouse does not have:
  - A space that could be repurposed as a lactation space open to the public; or
  - A space that could be made private at a reasonable cost using portable materials, contingent upon private funding being made available for those costs.
- New construction would be required to create the lactation space.

Section 2 contains a legislative finding that the bill fulfills an important state interest.

Section 3 provides the bill take effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18(a) of the State Constitution provides that:

> No county or municipality shall be bound by any general law requiring such county or municipality to spend funds...unless the legislature has determined that such law fulfills an important state interest and unless: ...the law requiring such expenditure is approved by two-thirds of the membership of each house of the legislature….

Counties will incur costs in complying with the space requirements set forth in the bill. As drafted, the bill contains a finding that the bill fulfills an important state interest.

The mandate requirements do not apply to laws having an insignificant impact which, for Fiscal Year 2021-2022, is forecasted to be $2.2 million.[13,14,15] The fiscal impact of this bill on cities or counties is indeterminate. If costs imposed by the bill do not exceed $2.2 million, then the mandate requirements (legislative finding and 2/3 vote) do not apply and the bill will be binding on the counties.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

If a county courthouse or a District Court of Appeal (DCA) uses private funding to provide a dedicated lactation space, the private entity providing the funds will incur a negative fiscal impact.

C. Government Sector Impact:

Each county will incur costs associated with providing a dedicated lactation space in its county courthouses. Also, the state may incur costs associated with providing a dedicated lactation space within the DCA courthouses.

[13] FLA. CONST. art. VII, s. 18(d).
[14] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times $0.10. See Florida Senate Committee on Community Affairs, Interim Report 2012-115: Insignificant Impact, (Sept. 2011), *available at:* http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf (last visited January 21, 2022).
[15] Based on the Florida Demographic Estimating Conference's November 3, 2020, population forecast for 2021 of 21,830,364. The conference packet is *available at:* http://edr.state.fl.us/Content/conferences/population/ConferenceResults.pdf (last visited January 21, 2022).

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 29.24, Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Berman

31-00056-22 20221518__

A bill to be entitled

An act relating to lactation space; creating s. 29.24, F.S.; requiring at least one lactation space to be provided in each county courthouse; providing requirements for the lactation space; authorizing the use of state or private funds to provide lactation space in appellate courthouses; providing exceptions; declaring that this act fulfills an important state interest; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 29.24, Florida Statutes, is created to read:

29.24 Lactation space in courthouses.—

(1) Except as otherwise provided in this section, by January 1, 2023, each county courthouse must provide at least one dedicated lactation space outside of the confines of a restroom for members of the public to express breast milk or breastfeed in private. The space must be hygienic, be shielded from public view, be free from intrusion while occupied, and contain an electrical outlet.

(2) The person responsible for the operation of the facility housing each district court of appeal may use state-appropriated funds or private funding to provide a lactation space as set forth in subsection (1).

(3) The requirements of subsection (1) do not apply to a courthouse if the person who is responsible for the operation of the courthouse determines that:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

31-00056-22 20221518__

(a) The courthouse does not contain a lactation space for employees which may be used by the members of the public and the courthouse does not have:

1. A space that could be repurposed as a lactation space open to the public; or

2. A space that could be made private at a reasonable cost using portable materials, contingent upon private funding being made available for those costs.

(b) New construction would be required to create the lactation space.

Section 2. The Legislature finds that this act fulfills an important state interest.

Section 3. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1556 (773696)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Environment and Natural Resources Committee; and Senator Gruters
SUBJECT:	Golf Course Best Management Practices Certification
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Carroll	Rogers	EN	**Fav/CS**
2.	Reagan	Betta	AEG	**Recommend: Fav/CS**
3.	Reagan	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1556 provides for golf course best management practices (BMPs) certification. The bill directs the turfgrass science program at the University of Florida Institute of Food and Agricultural Sciences (UF/IFAS) in coordination with the Department of Environmental Protection (DEP) to administer a golf course BMPs certification to ensure compliance with fertilizer BMPs.

The bill requires the UF/IFAS, in cooperation with the DEP, to provide training and testing certification programs. The bill requires an applicant for certification to submit a copy of the training certificate. Recertification is available when the certificate expires, for which the bill requires eight classroom hours of continuing education.

The bill exempts a person certified in golf course BMPs from additional local testing and local ordinances relating to water and fertilizer use restrictions, unless a state of emergency is declared.

The UF/IFAS may incur costs in administering training and testing certification programs and continuing education in golf course best management practices.

II. Present Situation:

Water Quality and Nutrients

Phosphorus and nitrogen are naturally present in water and are essential nutrients for the healthy growth of plant and animal life.[1] The correct balance of both nutrients is necessary for a healthy ecosystem; however, excessive nitrogen and phosphorus can cause significant water quality problems.[2]

Phosphorus and nitrogen are derived from natural and human-made sources.[3] Human-made sources include sewage disposal systems (wastewater treatment facilities and septic systems), overflows of storm and sanitary sewers (untreated sewage), agricultural production and irrigation practices, and stormwater runoff.[4]

Excessive nutrient loads may result in harmful algal blooms, nuisance aquatic weeds, and the alteration of the natural community of plants and animals.[5] Dense, harmful algal blooms can also cause human health problems, fish kills, problems for water treatment plants, and impairment of the aesthetics and taste of waters. Growth of nuisance aquatic weeds tends to increase in nutrient-enriched waters, which can impact recreational activities.[6]

Best Management Practices

BMPs are designed to protect water resources from nonpoint source pollution,[7] occurring from operations like agriculture, golf courses, forestry, and stormwater management.[8] BMPs are practical measures that can reduce the effects of fertilizer, nutrients, and water use on the environment and otherwise manage the landscape to further protect water resources.[9]

Producers of nonpoint source pollution included in a basin management action plan (BMAP)[10] must comply with the established pollutant reductions by either implementing the appropriate BMPs or by conducting water quality monitoring.[11] A nonpoint source discharger may be subject

[9] UF/IFAS, *Agricultural Best Management Practices*, https://bmp.ifas.ufl.edu/about-bmps/ (last visited Jan. 20, 2022).
[10] Basin Management Action Plans (BMAPs) are one of the primary mechanisms the DEP uses to address the entire pollution load for a watershed, including point and nonpoint discharges. Section 403.067(7), F.S.
[11] Section 403.067(7)(b)2.g., F.S. For example, BMPs for agriculture include activities such as managing irrigation water to minimize losses, limiting the use of fertilizers, and waste management.

to enforcement action by the DEP or a water management district based on a failure to implement these requirements.[12]

Golf Course BMPs for Fertilizer Application

The Florida golf course industry is the largest of any state.[13] As of 2019, there were 1,306 golf courses and 986 golf facilities in Florida.[14] Site placement and management of golf courses can create environmental harms, but BMPs can help mitigate harms or provide environmental benefits.[15]

Golf course BMPs attempt to curb excessive and unnecessary fertilization to prevent water pollution due to nutrient runoff or leaching from saturated or compacted soils.[16] BMPs for nutrient applications focus on maximizing plant uptake and include suggestions to:

- Follow UF/IFAS nitrogen (N) application rates;
- Apply nutrients when turfgrass is actively growing;
- Apply slow-release N fertilizers at the appropriate time of year, taking into consideration the release rate of the chosen material;
- Take into account that putting greens, tees, and landing areas require more nutrition than other areas like fairways and roughs;
- Exercise caution when applying nutrients during turfgrass establishment, because they are more susceptible to leaching and runoff at that time;
- During establishment, use appropriate rates and products to minimize N loss due to increased water applications, increased nutrients rates, and reduced root mass;
- Be aware of the pros and cons of different nutrient spreaders;
- Calibrate the chosen nutrient spreader properly;
- Properly store, load, and clean up fertilizer to reduce environmental risk;
- Avoid applying fertilizer to soils that are at or near saturation, or when the National Weather Service has issued a flood, tropical storm, or hurricane warning, or if heavy rains are forecast in the next 24 hours; and
- When using fertigation,[17] ensure that irrigation heads are properly aligned and adjusted to ensure no nutrient-loaded irrigation water is being applied to lakes and wetlands.[18]

Golf course BMPs also focus on other areas of landscape management to protect environmental resources, including:

- Planning, design, and construction;
- Irrigation;
- Cultural practices;
- Lake and aquatic management;
- Turf pest and pesticide management;

Green Industries BMP Certification

The UF/IFAS currently offers the Green Industries BMPs program, which teaches environmentally safe landscaping practices that protect water quality and natural resources.[20] The program was created for people working in lawn-care and landscape maintenance. The program includes golf course employees among those who benefit from green industries BMPs training.[21]

Local Government Ordinances Relating to Golf Courses BMPs

Local governments often require fertilizer on golf courses to be used in accordance with the *Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses*; or they may provide fertilizer restrictions exemptions for golf courses that follow golf course BMPs.[22] Local governments may also regulate fertilizer use in addition to requiring or encouraging golf course BMPs.[23]

In addition to fertilizer, local government may also require or encourage golf course irrigation practices to align with golf course BMPs.[24] Local governments may also regulate water use separately from golf course BMPs.[25]

III. Effect of Proposed Changes:

Section 1 creates s. 403.9339, F.S., relating to golf course BMPs certification. The bill requires the UF/IFAS in coordination with the DEP to administer a certification for golf course BMPs as a means of documenting and ensuring compliance with BMPs for fertilizer application to golf courses.

The bill requires the UF/IFAS, in cooperation with the DEP, to:

- Provide training and testing programs in golf course BMPs and may issue certificates demonstrating satisfactory completion of the training; and

[19] *Id.* at 3-4.
[20] UF/IFAS, *Green Industries BMPs*, https://gibmp.ifas.ufl.edu/ (last visited Jan. 20, 2022); UF/IFAS, *FL Friendly Landscaping Program*, https://ffl.ifas.ufl.edu/ffl-and-you/gi-bmp-program/ (last visited Jan. 20, 2022).
[21] *Id.*
[22] *See, e.g.*, Boca Raton Ord. No. 17-265 (fertilizer content and application rates), Alachua County Ord. No. 77-12 (groundwater protection), Collier County Ord. No. 54-33 (exemptions), and Jacksonville Ord. No. 366-610 (exemptions).
[23] *See, e.g.*, Miami-Dade Ord. No. 18C-8 (requirements related to golf courses, athletic fields, specialized turf, and parks); and Palm Beach County Ord. Nos. 11-407 (fertilizer free zones), 11-408 (fertilizer content and application rates), and 11-409 (fertilizer application practices).
[24] *See, e.g.*, Miami-Dade Ord. No. 18C-8 (requirements related to golf courses, athletic fields, specialized turf, and parks) and Alachua County Ord. No. 77-64 (exemptions),
[25] *See, e.g.*, Palm Beach County Ord. No. 27-180 (approved uses of reclaimed water) and Boca Raton Ord. No. 17-57 (landscape irrigation restrictions)

- Approve training and testing programs in golf course BMPs in the future that are equivalent to or more comprehensive that the original training and testing programs. The programs must be reviewed and reapproved by the UF/IFAS if significant changes are made.

The bill requires an applicant to submit a copy of the training certificate to the UF/IFAS to obtain a golf course BMPs certification.

The bill provides that a golf course BMPs certification expires four years after the date of issuance. Upon expiration or after a grace period of not more than 30 days after the expiration date, a recertification may be reissued. The bill specifies that before applying for recertification, an applicant must complete eight classroom hours of acceptable continuing education, including at least two hours addressing fertilizer BMPs. The bill requires an applicant to submit proof of completion of the eight classroom hours of continuing education to the UF/IFAS to obtain golf course BMPs recertification.

The bill provides that a person certified in golf course BMPs is exempt from:
- Additional local training; and
- Local ordinances relating to water and fertilizer use blackout periods or restrictions, unless a state of emergency is declared.

The bill provides that these provisions do not exempt a certified person from complying with the rules and requirements for basin management action plans (BMAP) if the golf course is located within a BMAP.

The bill provides that the UF/IFAS may provide the certification status of persons certified in golf course BMPs to local and state governmental entities. The bill encourages the UF/IFAS to create a registry of persons certified in golf course BMPs on its website.

Section 2 provides an effective date of July 1, 2022.

IV. Constitutional Issues:

773696

576-03286-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to golf course best management practices certification; creating s. 403.9339, F.S.; requiring the turfgrass science program at the University of Florida Institute of Food and Agricultural Sciences, in coordination and cooperation with the Department of Environmental Protection, to administer a certification for golf course best management practices and provide and approve certification training and testing programs; providing certification and recertification requirements; providing that such certification exempts persons from certain local training and local ordinance regulations; providing construction; authorizing the turfgrass science program to share certification information with local and state governmental entities; encouraging the turfgrass science program to create an online certification registry; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 403.9339, Florida Statutes, is created to read:

403.9339 Golf course best management practices certification.—

773696

576-03286-22

(1) To provide a means of documenting and ensuring compliance with best management practices for fertilizer application to golf courses, the turfgrass science program at the University of Florida Institute of Food and Agricultural Sciences, in coordination with the department, shall administer a certification for golf course best management practices.

(2) The turfgrass science program, in cooperation with the department, shall:

(a) Provide training and testing programs in golf course best management practices and may issue certificates demonstrating satisfactory completion of the training.

(b) Approve training and testing programs in golf course best management practices that are equivalent to or more comprehensive than the programs provided by the turfgrass science program under paragraph (a). Such programs must be reviewed and reapproved by the turfgrass science program if significant changes are made.

(3) To obtain a golf course best management practices certification, an applicant must submit to the turfgrass science program a copy of the training certificate issued under subsection (2).

(4) A golf course best management practices certification issued under this section expires 4 years after the date of issuance. Upon expiration of the certification, or after a grace period of not more than 30 days after the expiration date, a recertification may be issued.

(5) To obtain a golf course best management practices recertification, an applicant must submit to the turfgrass science program proof of having completed 8 classroom hours of

continuing education, of which at least 2 hours must address fertilizer best management practices.

(6) A person certified under this section is exempt from:

(a) Additional local training.

(b) Local ordinances relating to water and fertilizer use blackout periods or restrictions, unless a state of emergency is declared. The certified person must continue to coordinate with the local government to ensure that he or she adheres to the comprehensive best management practices for that specific community.

(7) This section does not exempt a person certified under this section from complying with the rules and requirements for basin management action plans set forth in s. 403.067(7) if the golf course is located in an area within a basin management action plan.

(8)(a) The turfgrass science program may provide the certification status of persons certified under this section to local and state governmental entities.

(b) The turfgrass science program is encouraged to create a registry of persons certified under this section on its website.

Section 2. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1556
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); Environment and Natural Resources Committee; and Senator Gruters
SUBJECT:	Golf Course Best Management Practices Certification
DATE:	March 2, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Carroll	Rogers	EN	**Fav/CS**
2.	Reagan	Betta	AEG	**Recommend: Fav/CS**
3.	Reagan	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1556 provides for golf course best management practices (BMPs) certification. The bill directs the turfgrass science program at the University of Florida Institute of Food and Agricultural Sciences (UF/IFAS) in coordination with the Department of Environmental Protection (DEP) to administer a golf course BMPs certification to ensure compliance with fertilizer BMPs.

The bill requires the UF/IFAS, in cooperation with the DEP, to provide training and testing certification programs. The bill requires an applicant for certification to submit a copy of the training certificate. Recertification is available when the certificate expires, for which the bill requires eight classroom hours of continuing education.

The bill exempts a person certified in golf course BMPs from additional local testing and local ordinances relating to water and fertilizer use restrictions, unless a state of emergency is declared.

The UF/IFAS may incur costs in administering training and testing certification programs and continuing education in golf course best management practices.

II. Present Situation:

Water Quality and Nutrients

Phosphorus and nitrogen are naturally present in water and are essential nutrients for the healthy growth of plant and animal life.[1] The correct balance of both nutrients is necessary for a healthy ecosystem; however, excessive nitrogen and phosphorus can cause significant water quality problems.[2]

Phosphorus and nitrogen are derived from natural and human-made sources.[3] Human-made sources include sewage disposal systems (wastewater treatment facilities and septic systems), overflows of storm and sanitary sewers (untreated sewage), agricultural production and irrigation practices, and stormwater runoff.[4]

Excessive nutrient loads may result in harmful algal blooms, nuisance aquatic weeds, and the alteration of the natural community of plants and animals.[5] Dense, harmful algal blooms can also cause human health problems, fish kills, problems for water treatment plants, and impairment of the aesthetics and taste of waters. Growth of nuisance aquatic weeds tends to increase in nutrient-enriched waters, which can impact recreational activities.[6]

Best Management Practices

BMPs are designed to protect water resources from nonpoint source pollution,[7] occurring from operations like agriculture, golf courses, forestry, and stormwater management.[8] BMPs are practical measures that can reduce the effects of fertilizer, nutrients, and water use on the environment and otherwise manage the landscape to further protect water resources.[9]

Producers of nonpoint source pollution included in a basin management action plan (BMAP)[10] must comply with the established pollutant reductions by either implementing the appropriate BMPs or by conducting water quality monitoring.[11] A nonpoint source discharger may be subject

to enforcement action by the DEP or a water management district based on a failure to implement these requirements.[12]

Golf Course BMPs for Fertilizer Application

The Florida golf course industry is the largest of any state.[13] As of 2019, there were 1,306 golf courses and 986 golf facilities in Florida.[14] Site placement and management of golf courses can create environmental harms, but BMPs can help mitigate harms or provide environmental benefits.[15]

Golf course BMPs attempt to curb excessive and unnecessary fertilization to prevent water pollution due to nutrient runoff or leaching from saturated or compacted soils.[16] BMPs for nutrient applications focus on maximizing plant uptake and include suggestions to:

- Follow UF/IFAS nitrogen (N) application rates;
- Apply nutrients when turfgrass is actively growing;
- Apply slow-release N fertilizers at the appropriate time of year, taking into consideration the release rate of the chosen material;
- Take into account that putting greens, tees, and landing areas require more nutrition than other areas like fairways and roughs;
- Exercise caution when applying nutrients during turfgrass establishment, because they are more susceptible to leaching and runoff at that time;
- During establishment, use appropriate rates and products to minimize N loss due to increased water applications, increased nutrients rates, and reduced root mass;
- Be aware of the pros and cons of different nutrient spreaders;
- Calibrate the chosen nutrient spreader properly;
- Properly store, load, and clean up fertilizer to reduce environmental risk;
- Avoid applying fertilizer to soils that are at or near saturation, or when the National Weather Service has issued a flood, tropical storm, or hurricane warning, or if heavy rains are forecast in the next 24 hours; and
- When using fertigation,[17] ensure that irrigation heads are properly aligned and adjusted to ensure no nutrient-loaded irrigation water is being applied to lakes and wetlands.[18]

Golf course BMPs also focus on other areas of landscape management to protect environmental resources, including:

- Planning, design, and construction;
- Irrigation;
- Cultural practices;
- Lake and aquatic management;
- Turf pest and pesticide management;

Green Industries BMP Certification

The UF/IFAS currently offers the Green Industries BMPs program, which teaches environmentally safe landscaping practices that protect water quality and natural resources.[20] The program was created for people working in lawn-care and landscape maintenance. The program includes golf course employees among those who benefit from green industries BMPs training.[21]

Local Government Ordinances Relating to Golf Courses BMPs

Local governments often require fertilizer on golf courses to be used in accordance with the *Best Management Practices for the Enhancement of Environmental Quality on Florida Golf Courses*; or they may provide fertilizer restrictions exemptions for golf courses that follow golf course BMPs.[22] Local governments may also regulate fertilizer use in addition to requiring or encouraging golf course BMPs.[23]

In addition to fertilizer, local government may also require or encourage golf course irrigation practices to align with golf course BMPs.[24] Local governments may also regulate water use separately from golf course BMPs.[25]

III. Effect of Proposed Changes:

Section 1 creates s. 403.9339, F.S., relating to golf course BMPs certification. The bill requires the UF/IFAS in coordination with the DEP to administer a certification for golf course BMPs as a means of documenting and ensuring compliance with BMPs for fertilizer application to golf courses.

The bill requires the UF/IFAS, in cooperation with the DEP, to:

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1582
INTRODUCER:	Senator Harrell
SUBJECT:	Commercial Motor Vehicle Registration
DATE:	February 25, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Price	Vickers	TR	**Favorable**
2.	Wells	Hrdlicka	ATD	**Recommend: Favorable**
3.	Wells	Sadberry	AP	**Favorable**

I. Summary:

SB 1582 addresses the issuance of license plates and cab cards for commercial motor vehicles registered in accordance with the International Registration Plan (apportioned vehicles).

Currently apportioned vehicles are issued an annual license plate and a cab card denoting the declared vehicle weight for each apportioned jurisdiction in which the vehicle is authorized to operate. Beginning January 1, 2024, the bill requires apportioned vehicles to be issued a license plate for a 3-year period, at which time the plate must be replaced upon renewal.

Under the bill, the cab card still must be renewed annually. The existing $28 fee still applies, but payment of the fee is triggered solely by annual issuance of the cab card, rather than by annual issuance of both the license plate and the cab card.

The bill also authorizes the Department of Highway Safety and Motor Vehicles (DHSMV) to replace a damaged or worn license plate at no cost to an applicant surrendering the current license plate.

The bill presents no apparent fiscal impact.

The bill takes effect July 1, 2022.

II. Present Situation:

Generally, current law requires the DHSMV, upon receipt of an application and payment of the appropriate fees, to issue to a vehicle owner or lessee a certificate of registration and a license

plate.[1] Registration license plates are issued for a 10-year period and must be replaced upon renewal at the end of the 10-year period. The fee for plate replacement is $28, and such fees must be deposited into the Highway Safety Operating Trust Fund. A validation sticker must also be issued, reflecting the owner's birth month, license plate number, and the year of expiration, or the appropriate renewal period if the owner is not a natural person.[2]

However, a commercial motor vehicle[3] registered in accordance with the International Registration Plan,[4] also known as "apportioned vehicles," must be issued an *annual* license plate, as well as a cab card denoting the declared gross vehicle weight for each apportioned jurisdiction in which the vehicle is authorized to operate.[5] The $28 plate renewal fee is paid upon initial registration and then annually upon subsequent renewal.

Industry representatives have described difficulties associated with annual replacement of apportioned vehicle license plates:

> [The] IRP plates must be physically changed each year on the truck. This process is onerous on carriers who have several hundred registered vehicles across the country. [The] proposal would still require the annual registration (and maintain all existing fees paid annually)…[6]

A license plate that is damaged or defaced may be required to be replaced. The registrant applies to the DHSMV for a replacement plate and pays a $28 fee, which is deposited into the Highway Safety Operating Trust Fund.[7]

III. Effect of Proposed Changes:

The bill amends s. 320.06(1)(b), F.S., to allow apportioned vehicles to be issued a license plate for a 3-year period, instead of the current annual issuance, beginning January 1, 2024. The plate must be replaced upon renewal at the end of the 3-year period and, as under current law, each plate must include a validation sticker reflecting the month of expiration of the plate. The current

---

[1] Section 320.06(1)(a), F.S. *See* s. 320.0706, F.S., for license plate display requirements for commercial trucks with a gross vehicle weight of 26,001 pounds or more and for dump trucks and truck tractors.
[2] Section 320.06(1)(b)1., F.S. Renewed based on registration periods and renewal periods established in current law. *See* s. 320.055, F.S.
[3] Defined in s. 320.01(25), F.S., for purposes of vehicle registration as any vehicle not owned or operated by a governmental entity, which uses special fuel or motor fuel on the public highways, and which has a gross vehicle weight of 26,001 pounds or more, or has three or more axles regardless of weight, or is used in combination when the weight of such combination exceeds 26,001 pounds gross vehicle weight.
[4] Section 320.0715(1), F.S., requires all apportionable vehicles domiciled in this state to be registered in accordance with the International Registration Plan and to display license plates. The International Registration Plan (IRP) is "a reciprocal agreement, meaning that when the vehicle is registered in the jurisdiction where the motor carrier is based, the registration is valid in all the other IRP member jurisdictions. Additionally, the IRP registration is 'apportioned' because the fees paid to the base jurisdiction are divided among all the member jurisdictions in which the vehicle(s) operated. IRP member jurisdictions are the lower 48 states, the District of Columbia, and the 10 Canadian provinces."DHSMV, Commercial Motor Vehicle Drivers, *International Registration Plan*, available at https://www.flhsmv.gov/driver-licenses-id-cards/commercial-motor-vehicle-drivers/international-registration-plan/ (last visited January 28, 2022).
[5] Section 320.06(1)(b)1., F.S.
[6] *See* email to Senate Transportation Committee staff, October 25, 2021 (on file in the Senate Transportation Committee).
[7] Section 320.0607, F.S.

requirement for the issuance of annual license plates to apportioned vehicles expires on December 31, 2023.

Under the bill, the cab card still must be renewed annually. The existing $28 fee still applies, but payment of the fee is triggered solely by annual issuance of the cab card, rather than by annual issuance of both the license plate and the cab card. The fee also continues to be deposited into the Highway Safety Operating Trust Fund.

Lastly, the bill provides that if the license plate is damaged or worn, the plate may be replaced at no charge by applying to the DHSMV and surrendering the current plate.

The bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

Article VII, s. 19 of the Florida Constitution prohibits the imposition or authorization of a new state tax or fee except through legislation approved by two-thirds of the membership of each house of the legislature and approval by the Governor. If the bill imposes a new fee, a two-thirds vote of the membership of each house may be required.

As noted, payment of the $28 fee under the bill is triggered solely by annual issuance of the cab card, rather than by annual issuance of both the license plate and the cab card. The applicant pays the same fee under current law as under the bill; thus, the bill does not appear to impose a new fee.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None. The provisions of the bill changing how long an apportioned vehicle's license plate is valid do not apply until January 1, 2024. The $28 renewal fee continues to be required with the issuance of the renewed cab card. There may be some minimal cost savings related to manufacture and mailing of plates as apportioned vehicles transition to the 3-year plate renewal period and there may be minimal costs related to replacement of damaged plates at no cost to the registrant.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 320.06 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Harrell

25-01249C-22 20221582__

A bill to be entitled

An act relating to commercial motor vehicle registration; amending s. 320.06, F.S.; providing for future expiration of a provision relating to vehicles with apportioned registrations; providing, beginning on a specified date, license plate and cab card requirements for vehicles registered in accordance with the International Registration Plan; specifying the fee for an original or renewal cab card and the trust fund where the fee is deposited; providing for the replacement at no charge of damaged or worn license plates; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (1) of section 320.06, Florida Statutes, is amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-year period to a 10-year period. The fee for such replacement is $28, $2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next $28 replacement fee. The fees shall be deposited into the Highway Safety Operating

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

25-01249C-22 20221582__

Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period. Rental vehicles taxed pursuant to s. 320.08(6)(a) may elect a permanent registration period, provided payment of the appropriate license taxes and fees occurs annually.

2. A vehicle that has an apportioned registration shall be issued an annual license plate and a cab card that denote the declared gross vehicle weight for each apportioned jurisdiction in which the vehicle is authorized to operate. This subparagraph expires December 31, 2023.

3. Beginning January 1, 2024, a vehicle registered in accordance with the International Registration Plan must be issued a license plate for a 3-year period. At the end of the 3-year period, upon renewal, the license plate must be replaced. Each license plate must include a validation sticker showing the month of expiration. A cab card denoting the declared gross

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

vehicle weight for each apportioned jurisdiction must be issued annually. The fee for an original or a renewal cab card is $28, which must be deposited into the Highway Safety Operating Trust Fund. If the license plate is damaged or worn, it may be replaced at no charge by applying to the department and surrendering the current license plate.

4.~~2.~~ In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

Section 2. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3.	Gerbrandt	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1600 authorizes the Secretary of the Department of Children and Families (the DCF) to designate facilities where the DCF may provide competency restoration treatment to criminal defendants who:

- Have been charged with a felony;
- Have been deemed incompetent to stand trial due to a mental illness and committed to the DCF;
- Are being held in a jail awaiting admission to a DCF-run facility; and
- Are likely to regain competence to proceed in the foreseeable future.

The bill revises the definition of "forensic facility" to include separate and secure facilities contracted using DCF funding, and to include a mental health facility operated by a community mental health provider that may be co-located in a county jail and is deemed appropriate by the DCF."

The bill is likely to have a negative yet indeterminate fiscal impact on the DCF and may have a positive fiscal impact on private sector entities. See Section V. Fiscal Impact Statement.

The bill takes effect on July 1, 2022.

II. Present Situation:

Competency Restoration Treatment and Forensic Facilities

Chapter 916, F.S., governs the state forensic system, which is a network of state facilities and community services for persons who have mental health issues, an intellectual disability, or autism and who are involved with the criminal justice system. Offenders who are charged with a felony and adjudicated incompetent to proceed[1] and offenders who are adjudicated not guilty by reason of insanity may be involuntarily committed to state civil and forensic treatment facilities by the circuit court,[2] or in lieu of such commitment, may be released on conditional release[3] by the circuit court if the person is not serving a prison sentence.[4] Conditional release is release into the community accompanied by outpatient care and treatment. The committing court retains jurisdiction over the defendant while the defendant is under involuntary commitment or conditional release.[5]

A civil facility is, in part, a mental health facility established within the DCF or by contract with the DCF to serve individuals committed pursuant to ch. 394, F.S., and defendants pursuant to ch. 916, F.S., who do not require the security provided in a forensic facility.[6]

A forensic facility is a separate and secure facility established within the DCF or the APD to service forensic clients committed pursuant to ch. 916, F.S.[7] A separate and secure facility means a security-grade building for the purposes of separately housing individuals with mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed from non-forensic residents.[8]

State Forensic System – Mental Health Treatment for Criminal Defendants

If a defendant is suspected of being incompetent, the court, counsel for the defendant, or the state may file a motion for examination to have the defendant's cognitive state assessed.[9] If the motion is well-founded, the court will appoint experts to evaluate the defendant's cognitive state. The defendant's competency is then determined by the judge in a subsequent hearing.[10] If the defendant is found to be competent, the criminal proceeding resumes.[11] If the defendant is found to be incompetent to proceed, the proceeding may not resume unless competency is restored.[12]

---

[1] "Incompetent to proceed" means "the defendant does not have sufficient present ability to consult with her or his lawyer with a reasonable degree of rational understanding" or "the defendant has no rational, as well as factual, understanding of the proceedings against her or him." Section 916.12(1), F.S.
[2] Sections 916.13, 916.15, and 916.302, F.S.
[3] Conditional release is release into the community accompanied by outpatient care and treatment. Section 916.17, F.S.
[4] Section 916.17(1), F.S.
[5] Section 916.16(1), F.S.
[6] Section 916.106(4), F.S.
[7] Section 916.106(10), F.S. A separate and secure facility means a security-grade building for the purpose of separately housing persons who have mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed pursuant to chapter 916, F.S., from non-forensic residents.
[8] *Id.*
[9] Rule 3.210, Fla.R.Crim.P.
[10] *Id.*
[11] Rule 3.212, Fla.R.Crim.P.
[12] *Id.*

Sections 916.13 and 916.15, F.S., set forth the criteria under which a court may involuntarily commit a defendant charged with a felony who has been adjudicated incompetent to proceed due to a mental illness, or who has been found not guilty by reason of insanity. If a person is committed pursuant to either statute, the administrator at the commitment facility must submit a report to the court:

- No later than 6 months after a defendant's admission date and at the end of any period of extended commitment; or
- At any time the administrator has determined that the defendant has regained competency or no longer meets the criteria for involuntary commitment.[13]

State Treatment Facilities

State treatment facilities are the most restrictive settings for forensic services. The forensic facilities provide assessment, evaluation, and treatment to the individuals who have mental health issues and who are involved with the criminal justice system.[14] In addition to general psychiatric treatment approaches and environment, specialized services include:

- Psychosocial rehabilitation;
- Education;
- Treatment modules such as competency, anger management, mental health awareness, medication, and relapse prevention;
- Sexually transmitted disease education and prevention;
- Substance abuse awareness and prevention;
- Vocational training;
- Occupational therapies; and
- Full range of medical and dental services.[15]

Mental Health Treatment Facilities

The DCF runs three mental health treatment facilities: the Florida State Hospital (FSH), the Northeast Florida State Hospital (NEFSH), and the North Florida Evaluation and Treatment Center (NFETC).[16] The DCF also contracts with a private provider, Wellpath Recovery Solutions (Wellpath), to operate three additional facilities that provide competency restoration training. The facilities are the South Florida Evaluation and Treatment Center, South Florida State Hospital, and Treasure Coast Treatment Facility.[17]

The FSH, located in Chattahoochee, Florida, is a state psychiatric hospital that provides civil and forensic services.[18] The hospital's civil services are comprised of the following three units with a total of 490 beds:

- Civil Admissions evaluates and provides psychiatric services primarily for newly admitted acutely ill male and female civil residents between the ages of 18 and 64;
- Civil Transition Program serves civil residents and individuals previously in a forensic setting who no longer need that level of security and with court approval, may reside in a less restrictive civil environment; and
- Specialty Care Program serves a diverse population of individuals requiring mental health treatment and services, including civil and forensic step downs.[19]

The hospital's forensic services section evaluates and treats persons with felony charges who have been adjudicated incompetent to stand trial or not guilty by reason of insanity. Forensic services is comprised of the following two units;

- Forensic Admission is a maximum security facility that assesses new admissions, provides short-term treatment and competency restoration for defendants found incompetent to stand trial, and behavior stabilization for persons committed as not guilty by reason of insanity; and
- Forensic Central provides longer-term treatment and serves a seriously and persistently mentally ill population who are incompetent to proceed or not guilty by reason of insanity.[20]

The NEFSH, located in Macclenny, Florida, is a state psychiatric hospital that provides civil services.[21] The facility operates 633 beds and is the largest state-owned provider of psychiatric care and treatment to civilly committed individuals in Florida. Referrals are based upon community and regional priorities for admission.[22]

The NFETC, located in Gainesville, Florida, is an evaluation and treatment center for people with mental illnesses who are involved in the criminal justice system.[23] The center has 193 beds open for the evaluation and treatment of residents who have major mental disorders. These residents are either incompetent to proceed to trial or have been judged to be not guilty by reason of insanity.[24]

As of January 13, 2022, there are a total of 548 individuals on the waitlist for forensic beds at the state's mental health facilities.[25] Of these, 492 individuals have been on the waitlist for more than 15 days.[26] Individuals spend 59 days on the waitlist on average.[27]

Jail-Based Forensic Diversion

In addition to state-run forensic facilities, some other states currently operate jail-based treatment programs for individuals deemed incompetent to proceed.

[27] *Id*.

In 2011, the state of Georgia contracted with a university forensic program to develop a 16-bed, jail-based diversion pilot program.[28] The program was developed as a means of addressing a waitlist for admission to a state hospital forensic unit which had grown to more than 60 days.[29] The program opened in October 2011, and 16 defendants were admitted to the unit, immediately shortening the wait time for inpatient hospitalization to less than 20 days.[30] Because almost all competency evaluations were performed by the university forensic service, once an evaluator deemed a defendant incompetent to proceed, that defendant could be transferred to the unit and restoration services initiated before the court made a formal finding of incompetence.[31] As a result, restoration could often be accomplished without the court ever making a formal finding of incompetence.[32]

Since 2013, Colorado's Office of Behavioral Health[33] has contracted with Wellpath to operate a jail-based diversion program, known as the RISE Program, in addition to mental health treatment facilities.[34] Wellpath was awarded the initial contract through a competitive procurement process in 2013 and subsequent contract expansions in 2015 and 2018.[35] The program is divided between a county detention facility and a jail and currently provides 114 total patient beds.[36]

Wellpath also operates the Kern County Admission, Evaluation, and Stabilization Center (AES) in Bakersfield, California.[37] The Kern County AES is a 60-bed jail-based competency evaluation and restoration program established through a collaboration between the Kern County Sheriff's Office, California Department of State Hospitals (DSH), and Wellpath.[38] Wellpath was awarded the contract through a competitive procurement process in 2018.[39]

III. Effect of Proposed Changes:

The bill amends s. 916.13, F.S., permitting a forensic client who has been deemed incompetent to proceed due to a mental illness and committed to the DCF, and who is being held in a jail awaiting admission to a facility of the DCF, to obtain restoration treatment at any facility the DCF Secretary deems appropriate. The bill limits treatment at such facilities to defendants who are likely to regain competence in the foreseeable future.

[38] *Id*.
[39] *Id*.

The bill also amends s. 916.106, F.S., revising the definition of "forensic facility" to include separate and secure facilities contracted using DCF funding, and to include a mental health facility operated by a community mental health provider that may be co-located in a county jail and is deemed appropriate by the DCF.

The bill may alleviate the waitlist for forensic treatment beds at existing DCF-run facilities by creating additional venues where individuals deemed incompetent to stand trial due to a mental illness, but who are likely to regain competence to proceed in the foreseeable future, can receive restoration treatment.

The DCF anticipates that the proposed language would also provide flexibility in identifying and securing community-based or jail-based competency restoration treatment, for individuals who can be served in a less restrictive environment.[40]

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

[40] The DCF, *Agency Analysis of SB 1600*, p. 2, January 8, 2022 (on file with the Senate Committee on Children, Families, and Elder Affairs).

B. Private Sector Impact:

PCS/CS/SB 1600 may have a positive fiscal impact on private entities with whom the DCF contracts to operate jail-based treatment programs under the bill.

C. Government Sector Impact:

The bill is likely to have significant yet indeterminate fiscal impact on the DCF. Currently, if a person is adjudicated incompetent to proceed they are provided competency training at one of DCF's forensic or civil state mental health treatment facilities. There is a waitlist to receive services at one of DCF's mental health treatment facilities, and on average an individual spends 59 days awaiting services. The bill creates additional venues where certain individuals can receive restoration treatment and therefore may alleviate the waitlist. To the extent that the DCF would need an appropriation to cover the restoration services provided at the additional venues, as opposed to diverting the current budget for restoration services to the additional venues, the bill will have a significant yet, indeterminate fiscal impact on the DCF. The fiscal impact is indeterminate because it is unclear how many individuals will receive treatment at the newly designated facilities.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 916.106 and 916.13.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (534076) by Appropriations Committee (Recommended by Appropriations Subcommittee on Health and Human Services):
The committee substitute:

- Modifies the definition of "forensic facility" under s. 916.106, F.S., to include a facility contracted using DCF funds.
- Clarifies that restoration treatment can be provided at any forensic facility deemed appropriate by the DCF Secretary to clients who have been committed to the DCF.

CS by Children, Families, and Elder Affairs on February 1, 2022:
The committee substitute:

- Modifies the existing definition of "forensic facility" under s. 916.106, F.S., to provide that "the term includes a mental health facility operated by a community

mental health provider which may be co-located in a county jail and which is deemed appropriate by the department."

- Requires facilities designated for jail-based diversion programs to be operated by a community mental health provider.
- Provides that such facilities may be co-located in a county jail.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

534076

576-03082-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Health and Human Services)

A bill to be entitled

An act relating to treatment of defendants adjudicated incompetent to stand trial; amending s. 916.106, F.S.; revising the definition of the term "forensic facility"; amending s. 916.13, F.S.; authorizing restoration treatment at any forensic facility deemed appropriate by the Department of Children and Families for a forensic client who meets specified criteria; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (10) of section 916.106, Florida Statutes, is amended to read:

916.106 Definitions.—For the purposes of this chapter, the term:

(10) "Forensic facility" means a separate and secure facility established within the department or agency, or contracted using department funding, to serve forensic clients. A separate and secure facility means a security-grade building for the purpose of separately housing persons who have mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed pursuant to this chapter from nonforensic residents. The term includes a mental health facility operated by a community mental health provider which may be colocated in a county jail and which is deemed

534076

576-03082-22

appropriate by the department.

Section 2. Subsection (2) of section 916.13, Florida Statutes, is amended to read:

916.13 Involuntary commitment of defendant adjudicated incompetent.—

(2) A defendant who has been charged with a felony and who has been adjudicated incompetent to proceed due to mental illness, and who meets the criteria for involuntary commitment under this chapter, may be committed to the department, and the department shall retain and treat the defendant. Restoration treatment for a forensic client who has been committed to the department, who is held in a jail awaiting admission to a forensic facility, and who is likely to regain competence to proceed in the foreseeable future may be provided at any forensic facility deemed appropriate by the department secretary.

(a) Immediately after receipt of a completed copy of the court commitment order containing all documentation required by the applicable Florida Rules of Criminal Procedure, the department shall request all medical information relating to the defendant from the jail. The jail shall provide the department with all medical information relating to the defendant within 3 business days after receipt of the department's request or at the time the defendant enters the physical custody of the department, whichever is earlier.

(b) Within 6 months after the date of admission and at the end of any period of extended commitment, or at any time the administrator or his or her designee determines that the defendant has regained competency to proceed or no longer meets

the criteria for continued commitment, the administrator or designee shall file a report with the court pursuant to the applicable Florida Rules of Criminal Procedure.

(c) A competency hearing must be held within 30 days after the court receives notification that the defendant is competent to proceed or no longer meets the criteria for continued commitment. The defendant must be transported to the committing court's jurisdiction for the hearing. If the defendant is receiving psychotropic medication at a mental health facility at the time he or she is discharged and transferred to the jail, the administering of such medication must continue unless the jail physician documents the need to change or discontinue it. The jail and department physicians shall collaborate to ensure that medication changes do not adversely affect the defendant's mental health status or his or her ability to continue with court proceedings; however, the final authority regarding the administering of medication to an inmate in jail rests with the jail physician.

Section 3. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

2.	Gerbrandt	Money	AHS	**Recommend: Fav/CS**
3.	Gerbrandt	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1600 authorizes the Secretary of the Department of Children and Families (the DCF) to designate facilities where the DCF may provide competency restoration treatment to criminal defendants who:

- Have been charged with a felony;
- Have been deemed incompetent to stand trial due to a mental illness and committed to the DCF;
- Are being held in a jail awaiting admission to a DCF-run facility; and
- Are likely to regain competence to proceed in the foreseeable future.

The bill revises the definition of "forensic facility" to include separate and secure facilities contracted using DCF funding, and to include a mental health facility operated by a community mental health provider that may be co-located in a county jail and is deemed appropriate by the DCF."

The bill is likely to have a negative yet indeterminate fiscal impact on the DCF and may have a positive fiscal impact on private sector entities. See Section V. Fiscal Impact Statement.

The bill takes effect on July 1, 2022.

II. Present Situation:

Competency Restoration Treatment and Forensic Facilities

Chapter 916, F.S., governs the state forensic system, which is a network of state facilities and community services for persons who have mental health issues, an intellectual disability, or autism and who are involved with the criminal justice system. Offenders who are charged with a felony and adjudicated incompetent to proceed[1] and offenders who are adjudicated not guilty by reason of insanity may be involuntarily committed to state civil and forensic treatment facilities by the circuit court,[2] or in lieu of such commitment, may be released on conditional release[3] by the circuit court if the person is not serving a prison sentence.[4] Conditional release is release into the community accompanied by outpatient care and treatment. The committing court retains jurisdiction over the defendant while the defendant is under involuntary commitment or conditional release.[5]

A civil facility is, in part, a mental health facility established within the DCF or by contract with the DCF to serve individuals committed pursuant to ch. 394, F.S., and defendants pursuant to ch. 916, F.S., who do not require the security provided in a forensic facility.[6]

A forensic facility is a separate and secure facility established within the DCF or the APD to service forensic clients committed pursuant to ch. 916, F.S.[7] A separate and secure facility means a security-grade building for the purposes of separately housing individuals with mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed from non-forensic residents.[8]

State Forensic System – Mental Health Treatment for Criminal Defendants

If a defendant is suspected of being incompetent, the court, counsel for the defendant, or the state may file a motion for examination to have the defendant's cognitive state assessed.[9] If the motion is well-founded, the court will appoint experts to evaluate the defendant's cognitive state. The defendant's competency is then determined by the judge in a subsequent hearing.[10] If the defendant is found to be competent, the criminal proceeding resumes.[11] If the defendant is found to be incompetent to proceed, the proceeding may not resume unless competency is restored.[12]

---

[1] "Incompetent to proceed" means "the defendant does not have sufficient present ability to consult with her or his lawyer with a reasonable degree of rational understanding" or "the defendant has no rational, as well as factual, understanding of the proceedings against her or him." Section 916.12(1), F.S.
[2] Sections 916.13, 916.15, and 916.302, F.S.
[3] Conditional release is release into the community accompanied by outpatient care and treatment. Section 916.17, F.S.
[4] Section 916.17(1), F.S.
[5] Section 916.16(1), F.S.
[6] Section 916.106(4), F.S.
[7] Section 916.106(10), F.S. A separate and secure facility means a security-grade building for the purpose of separately housing persons who have mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed pursuant to chapter 916, F.S., from non-forensic residents.
[8] *Id.*
[9] Rule 3.210, Fla.R.Crim.P.
[10] *Id.*
[11] Rule 3.212, Fla.R.Crim.P.
[12] *Id.*

Sections 916.13 and 916.15, F.S., set forth the criteria under which a court may involuntarily commit a defendant charged with a felony who has been adjudicated incompetent to proceed due to a mental illness, or who has been found not guilty by reason of insanity. If a person is committed pursuant to either statute, the administrator at the commitment facility must submit a report to the court:

- No later than 6 months after a defendant's admission date and at the end of any period of extended commitment; or
- At any time the administrator has determined that the defendant has regained competency or no longer meets the criteria for involuntary commitment.[13]

State Treatment Facilities

State treatment facilities are the most restrictive settings for forensic services. The forensic facilities provide assessment, evaluation, and treatment to the individuals who have mental health issues and who are involved with the criminal justice system.[14] In addition to general psychiatric treatment approaches and environment, specialized services include:

- Psychosocial rehabilitation;
- Education;
- Treatment modules such as competency, anger management, mental health awareness, medication, and relapse prevention;
- Sexually transmitted disease education and prevention;
- Substance abuse awareness and prevention;
- Vocational training;
- Occupational therapies; and
- Full range of medical and dental services.[15]

Mental Health Treatment Facilities

The DCF runs three mental health treatment facilities: the Florida State Hospital (FSH), the Northeast Florida State Hospital (NEFSH), and the North Florida Evaluation and Treatment Center (NFETC).[16] The DCF also contracts with a private provider, Wellpath Recovery Solutions (Wellpath), to operate three additional facilities that provide competency restoration training. The facilities are the South Florida Evaluation and Treatment Center, South Florida State Hospital, and Treasure Coast Treatment Facility.[17]

The FSH, located in Chattahoochee, Florida, is a state psychiatric hospital that provides civil and forensic services.[18] The hospital's civil services are comprised of the following three units with a total of 490 beds:

- Civil Admissions evaluates and provides psychiatric services primarily for newly admitted acutely ill male and female civil residents between the ages of 18 and 64;
- Civil Transition Program serves civil residents and individuals previously in a forensic setting who no longer need that level of security and with court approval, may reside in a less restrictive civil environment; and
- Specialty Care Program serves a diverse population of individuals requiring mental health treatment and services, including civil and forensic step downs.[19]

The hospital's forensic services section evaluates and treats persons with felony charges who have been adjudicated incompetent to stand trial or not guilty by reason of insanity. Forensic services is comprised of the following two units;

- Forensic Admission is a maximum security facility that assesses new admissions, provides short-term treatment and competency restoration for defendants found incompetent to stand trial, and behavior stabilization for persons committed as not guilty by reason of insanity; and
- Forensic Central provides longer-term treatment and serves a seriously and persistently mentally ill population who are incompetent to proceed or not guilty by reason of insanity.[20]

The NEFSH, located in Macclenny, Florida, is a state psychiatric hospital that provides civil services.[21] The facility operates 633 beds and is the largest state-owned provider of psychiatric care and treatment to civilly committed individuals in Florida. Referrals are based upon community and regional priorities for admission.[22]

The NFETC, located in Gainesville, Florida, is an evaluation and treatment center for people with mental illnesses who are involved in the criminal justice system.[23] The center has 193 beds open for the evaluation and treatment of residents who have major mental disorders. These residents are either incompetent to proceed to trial or have been judged to be not guilty by reason of insanity.[24]

As of January 13, 2022, there are a total of 548 individuals on the waitlist for forensic beds at the state's mental health facilities.[25] Of these, 492 individuals have been on the waitlist for more than 15 days.[26] Individuals spend 59 days on the waitlist on average.[27]

Jail-Based Forensic Diversion

In addition to state-run forensic facilities, some other states currently operate jail-based treatment programs for individuals deemed incompetent to proceed.

In 2011, the state of Georgia contracted with a university forensic program to develop a 16-bed, jail-based diversion pilot program.[28] The program was developed as a means of addressing a waitlist for admission to a state hospital forensic unit which had grown to more than 60 days.[29] The program opened in October 2011, and 16 defendants were admitted to the unit, immediately shortening the wait time for inpatient hospitalization to less than 20 days.[30] Because almost all competency evaluations were performed by the university forensic service, once an evaluator deemed a defendant incompetent to proceed, that defendant could be transferred to the unit and restoration services initiated before the court made a formal finding of incompetence.[31] As a result, restoration could often be accomplished without the court ever making a formal finding of incompetence.[32]

Since 2013, Colorado's Office of Behavioral Health[33] has contracted with Wellpath to operate a jail-based diversion program, known as the RISE Program, in addition to mental health treatment facilities.[34] Wellpath was awarded the initial contract through a competitive procurement process in 2013 and subsequent contract expansions in 2015 and 2018.[35] The program is divided between a county detention facility and a jail and currently provides 114 total patient beds.[36]

Wellpath also operates the Kern County Admission, Evaluation, and Stabilization Center (AES) in Bakersfield, California.[37] The Kern County AES is a 60-bed jail-based competency evaluation and restoration program established through a collaboration between the Kern County Sheriff's Office, California Department of State Hospitals (DSH), and Wellpath.[38] Wellpath was awarded the contract through a competitive procurement process in 2018.[39]

III. Effect of Proposed Changes:

The bill amends s. 916.13, F.S., permitting a forensic client who has been deemed incompetent to proceed due to a mental illness and committed to the DCF, and who is being held in a jail awaiting admission to a facility of the DCF, to obtain restoration treatment at any facility the DCF Secretary deems appropriate. The bill limits treatment at such facilities to defendants who are likely to regain competence in the foreseeable future.

[38] *Id*.
[39] *Id*.

The bill also amends s. 916.106, F.S., revising the definition of "forensic facility" to include separate and secure facilities contracted using DCF funding, and to include a mental health facility operated by a community mental health provider that may be co-located in a county jail and is deemed appropriate by the DCF.

The bill may alleviate the waitlist for forensic treatment beds at existing DCF-run facilities by creating additional venues where individuals deemed incompetent to stand trial due to a mental illness, but who are likely to regain competence to proceed in the foreseeable future, can receive restoration treatment.

The DCF anticipates that the proposed language would also provide flexibility in identifying and securing community-based or jail-based competency restoration treatment, for individuals who can be served in a less restrictive environment.[40]

The bill is effective July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

[40] The DCF, *Agency Analysis of SB 1600*, p. 2, January 8, 2022 (on file with the Senate Committee on Children, Families, and Elder Affairs).

B. Private Sector Impact:

CS/CS/SB 1600 may have a positive fiscal impact on private entities with whom the DCF contracts to operate jail-based treatment programs under the bill.

C. Government Sector Impact:

The bill is likely to have significant yet indeterminate fiscal impact on the DCF. Currently, if a person is adjudicated incompetent to proceed they are provided competency training at one of DCF's forensic or civil state mental health treatment facilities. There is a waitlist to receive services at one of DCF's mental health treatment facilities, and on average an individual spends 59 days awaiting services. The bill creates additional venues where certain individuals can receive restoration treatment and therefore may alleviate the waitlist. To the extent that the DCF would need an appropriation to cover the restoration services provided at the additional venues, as opposed to diverting the current budget for restoration services to the additional venues, the bill will have a significant yet, indeterminate fiscal impact on the DCF. The fiscal impact is indeterminate because it is unclear how many individuals will receive treatment at the newly designated facilities.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill substantially amends the following sections of the Florida Statutes: 916.106 and 916.13.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Modifies the definition of "forensic facility" under s. 916.106, F.S., to include a facility contracted using DCF funds.
- Clarifies that restoration treatment can be provided at any forensic facility deemed appropriate by the DCF Secretary to clients who have been committed to the DCF.

CS by Children, Families, and Elder Affairs on February 1, 2022:
The committee substitute:

- Modifies the existing definition of "forensic facility" under s. 916.106, F.S., to provide that "the term includes a mental health facility operated by a community

mental health provider which may be co-located in a county jail and which is deemed appropriate by the department."

- Requires facilities designated for jail-based diversion programs to be operated by a community mental health provider.
- Provides that such facilities may be co-located in a county jail.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Children, Families, and Elder Affairs; and Senator Bradley

586-02591-22 20221600c1

A bill to be entitled

An act relating to treatment of defendants adjudicated incompetent to stand trial; amending s. 916.106, F.S.; revising the definition of the term "forensic facility"; amending s. 916.13, F.S.; providing that a forensic client who is being held in a jail awaiting admission to a Department of Children and Families facility and who is likely to regain competence to proceed may receive treatment at any facility designated by the department; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (10) of section 916.106, Florida Statutes, is amended to read:

916.106 Definitions.—For the purposes of this chapter, the term:

(10) "Forensic facility" means a separate and secure facility established within the department or agency to serve forensic clients. A separate and secure facility means a security-grade building for the purpose of separately housing persons who have mental illness from persons who have intellectual disabilities or autism and separately housing persons who have been involuntarily committed pursuant to this chapter from nonforensic residents. The term includes a mental health facility operated by a community mental health provider which may be colocated in a county jail and which is deemed appropriate by the department.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

586-02591-22 20221600c1

Section 2. Subsection (2) of section 916.13, Florida Statutes, is amended to read:

916.13 Involuntary commitment of defendant adjudicated incompetent.—

(2) A defendant who has been charged with a felony and who has been adjudicated incompetent to proceed due to mental illness, and who meets the criteria for involuntary commitment under this chapter, may be committed to the department, and the department shall retain and treat the defendant. For a forensic client who is held in a jail awaiting admission to a facility of the department, and who is likely to regain competence to proceed in the foreseeable future, restoration treatment may be provided at any facility deemed appropriate by the department secretary.

(a) Immediately after receipt of a completed copy of the court commitment order containing all documentation required by the applicable Florida Rules of Criminal Procedure, the department shall request all medical information relating to the defendant from the jail. The jail shall provide the department with all medical information relating to the defendant within 3 business days after receipt of the department's request or at the time the defendant enters the physical custody of the department, whichever is earlier.

(b) Within 6 months after the date of admission and at the end of any period of extended commitment, or at any time the administrator or his or her designee determines that the defendant has regained competency to proceed or no longer meets the criteria for continued commitment, the administrator or designee shall file a report with the court pursuant to the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

applicable Florida Rules of Criminal Procedure.

(c) A competency hearing must be held within 30 days after the court receives notification that the defendant is competent to proceed or no longer meets the criteria for continued commitment. The defendant must be transported to the committing court's jurisdiction for the hearing. If the defendant is receiving psychotropic medication at a mental health facility at the time he or she is discharged and transferred to the jail, the administering of such medication must continue unless the jail physician documents the need to change or discontinue it. The jail and department physicians shall collaborate to ensure that medication changes do not adversely affect the defendant's mental health status or his or her ability to continue with court proceedings; however, the final authority regarding the administering of medication to an inmate in jail rests with the jail physician.

Section 3. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1682
INTRODUCER:	Senators Pizzo and Book
SUBJECT:	Transportation Facility Designations/98 Points of Light Road
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Price	Vickers	TR	**Favorable**
2.	McAuliffe	Hrdlicka	ATD	**Recommend: Favorable**
3.	McAuliffe	Sadberry	AP	**Favorable**

I. Summary:

SB 1682 designates the portion of S.R. A1A/Collins Avenue between 87th Terrace and 88th Street in Miami-Dade County as "98 Points of Light Road" and directs the Florida Department of Transportation (FDOT) to erect suitable markers.

The estimated cost to the FDOT to install the designation markers required under the bill is $1,040. See the "Fiscal Impact Statement" below for details.

The bill takes effect July 1, 2022.

II. Present Situation:

Section 334.071, F.S., provides that legislative designations of transportation facilities are for honorary or memorial purposes or to distinguish a particular facility. Such designations are not to be construed as requiring any action by local governments or private parties regarding the changing of any street signs, mailing addresses, or 911 emergency telephone number system listings, unless the legislation specifically provides for such changes.[1]

When the Legislature establishes road or bridge designations, the FDOT is required to place markers only at the termini specified for each highway segment or bridge designated by the law creating the designation and to erect any other markers it deems appropriate for the transportation facility.[2]

The FDOT may not erect the markers for honorary road or bridge designations unless the affected city or county commission enacts a resolution supporting the designation. When the

[1] Section 334.071(1), F.S.
[2] Section 334.071(2), F.S.

designated road or bridge segment is located in more than one city or county, each affected local government must pass resolutions supporting the designations before the installation of the markers.[3]

Surfside Condominium Collapse

On June 24, 2021, a 12-story oceanfront condominium in Surfside, Florida, partially collapsed just before dawn. Ninety-eight people, ranging from children to the elderly, lost their lives.

III. Effect of Proposed Changes:

The bill designates the portion of S.R. A1A/Collins Avenue between 87th Terrace and 88th Street in Miami-Dade County as "98 Points of Light Road" in honor of the 98 victims of the Surfside condominium collapse. The bill also directs the FDOT to erect suitable markers.

The bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

[3] Section 334.071(3), F.S.

C. Government Sector Impact:

The estimated cost to erect the designation markers required under this bill is $1,040, based on the assumption that a minimum of two markers are required for each designation at a cost to the FDOT of no less than $520 each. The estimate includes sign fabrication, installation, and maintenance over time but does not include any additional expenses related to maintenance of traffic, dedication event costs, or replacement necessitated by damage, vandalism, or storm events. The FDOT is expected to absorb the estimated cost within existing resources.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill creates an undesignated section of Florida law.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Pizzo

38-01544-22 20221682__

A bill to be entitled

An act relating to transportation facility designations; providing an honorary designation of a certain transportation facility in a specified county; directing the Department of Transportation to erect suitable markers; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. 98 Points of Light Road designated; Department of Transportation to erect suitable markers.—

(1) That portion of S.R. A1A/Collins Avenue between 87th Terrace and 88th Street in Miami-Dade County is designated as "98 Points of Light Road."

(2) The Department of Transportation is directed to erect suitable markers designating 98 Points of Light Road as described in subsection (1).

Section 2. This act shall take effect July 1, 2022.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1708
INTRODUCER:	Senator Garcia and others
SUBJECT:	Child Welfare
DATE:	February 25, 2022
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Preston	Cox	CF	**Favorable**
2.	Sneed	Sadberry	AP	**Favorable**

I. Summary:

SB 1708 addresses the needs of certain homeless youth, also referred to as unaccompanied youth. The bill amends provisions for current and former foster youth and certain youth who are experiencing homelessness, including:

- Waiving fees for copies of a birth certificate for certain unaccompanied homeless youth and for youth who aged out of foster care;
- Expanding the requirement for all postsecondary institutions to have campus liaisons to assist students who are current or former foster youth, or who are experiencing homelessness, to succeed in postsecondary education;
- Removing the provision that the Department of Children and Families (DCF) has sole discretion to determine which state colleges and universities offer campus liaisons;
- Expanding the Keys to Independence Program to unaccompanied homeless youth who meet specified requirements;
- Clarifying provisions related to unaccompanied homeless youth who are certified under s. 743.067, F.S., and updating the definition and criteria for certification as an "unaccompanied homeless youth";
- Requiring the district school boards to provide certified unaccompanied homeless youth with a card that contains information on the rights and benefits for these youth, and allows health care providers to accept the card as proof of the youth's status as a certified unaccompanied homeless youth; and
- Directs the Office of Program Policy Analysis and Government Accountability (OPPAGA) to evaluate the effectiveness of campus liaisons and of local school districts' delivery of benefits and services available under the federal McKinney-Vento Homeless Assistance Act.

The bill has an indeterminate, yet likely insignificant fiscal impact on state government revenues and expenditures. See Section V. Fiscal Impact Statement.

The bill has an effective date of July 1, 2022.

II. Present Situation:

Homeless Children and Youth

Although the causes for homelessness among children vary, the underlying themes among these causes reveal a strong link between homelessness and broader social issues including family conflict and breakdown and other contributing factors including economic circumstances such as poverty and housing insecurity, racial disparities, and mental health and substance use disorders. Additionally, young people who have had involvement with the child welfare and juvenile justice systems are more likely to become homeless.[1]

Familial conflict, abuse, and disruption, play a large role in children becoming homeless. Children typically enter a state of homelessness as a result of:

- Running away from home;
- Being locked out or abandoned by their parents or guardians; or
- Running from or being emancipated or discharged from institutional or other state care.[2]

Although family conflict also plays a part in adult homelessness, the nexus is more critical for youth since they are, by virtue of their developmental stage in life, still largely financially, emotionally, and, depending on their age, legally dependent upon their families.[3] Rational decision-making, inhibition, planning, and reasoning are still developing in youth and young adults, increasing the likelihood that young people may engage in high-risk behaviors, such as unsafe sexual activity and substance use. Without safe and permanent homes and caring adults, runaway and homeless youth are at even greater risk of engaging in high-risk behaviors or putting themselves in unsafe or risky situations.[4]

The consequences faced by youth experiencing homelessness are enormous and require coordination across the education, child welfare, juvenile justice, and health and human services systems. Runaway and homeless youth are vulnerable to, in part, not having their basic food and shelter needs met, untreated mental health disorders, substance use, sexually transmitted diseases and HIV infection, sexual exploitation and human trafficking, physical victimization, and suicide.[5] According to the National Sexual Violence Resource Center, one in three teens on the street will be lured into prostitution within 48 hours of leaving home.[6] Further, the American Academy of Pediatrics finds youth experiencing homelessness are twice as likely to attempt suicide as their peers who are not homeless.[7] Also, youth who are homeless often experience a

significant disruption in their education due to the transient nature of homelessness. Students experiencing homelessness in Florida have reportedly had increased rates of absenteeism and school discipline and are less likely to demonstrate proficiency in academic subjects.[8]

The Voices of Youth Count from Chapin Hall at the University of Chicago found, in part, that:

- One in 10 young adults ages 18 to 25, and at least one in 30 adolescents ages 13 to 17, experience some form of homelessness unaccompanied by a parent or guardian over the course of a year.
- 29 percent of homeless youth report having substance abuse problems.
- 69 percent of homeless youth report mental health problems.
- 33 percent of homeless youth report having once been a part of the foster care system.
- 50 percent of homeless youth have been in the juvenile justice system, in jail, or detention.
- Black youth face an 83 percent increased risk, and Hispanic youth 33 percent increased risk, than their white peers.
- LGBTQ youth were more than twice as likely to have experienced homelessness.
- The lack of a high school diploma or General Equivalency Diploma is the number one correlate for elevated risk of youth homelessness.[9]

As of January 2020, Florida had an estimated 27,487 experiencing homelessness on any given day, as reported by Continuums of Care[10] to the U.S. Department of Housing and Urban Development (HUD). Of that total, 2,294 were family households, 2,436 were Veterans, 1,331 were unaccompanied young adults,[11] and 5,182 were individuals experiencing chronic homelessness.[12]

Public school data reported to the U.S. Department of Education during the 2019-2020 school year shows that an estimated 79,781 public school students experienced homelessness over the course of the year. Of that total, 6,926 students were unaccompanied homeless students.[13]

Definition of Homeless Children and Youth

Federal law provides a definition for the term "homeless children and youths", which means individuals who lack a fixed, regular, and adequate nighttime residence and includes children and youths who are:

- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;

- Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
- Living in emergency or transitional shelters or are abandoned in hospitals;
- Utilizing for a primary nighttime residence a place that is a public or private but not designed for or ordinarily used as a regular sleeping accommodation for human beings;
- Living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
- Migratory children living in circumstances described above.[14]

The term "unaccompanied youth" includes a youth not in the physical custody of a parent or guardian.[15]

Florida law defines the term "children and youths who are experiencing homelessness" to have the same meaning as "homeless children and youths" under federal law and described above.[16]

McKinney-Vento Homeless Assistance Act

The McKinney-Vento Homeless Assistance Act (Act) was the first significant federal legislative response to homelessness, and was passed and signed into law by President Ronald Reagan in 1987.[17] The Act originally consisted of 15 programs providing a range of services to the homeless, including emergency shelter, transitional housing, job training, primary health care, education, and some permanent housing. Title VII of the Act authorizes the Adult Education for the Homeless and the Education of Homeless Children and Youth programs administered by the U.S. Department of Education.[18]

The Education of Homeless Children and Youth Program is designed to address the problems that homeless children and youth have faced in enrolling, attending, and succeeding in school. Under this program, state educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public K-12 education as other children and youth. In addition, homeless students may not be separated from the mainstream school environment.[19]

Under the Act, children have the right to:

- Continue to attend the school they last attended before they lost their housing (school of origin), if that is the parent or guardian's choice and is in the child's best interest, or the school which is zoned for their temporary residence.

- Enroll and attend classes immediately while the school arranges for the transfer of school and immunization records and other required enrollment documents.
- If necessary, enroll and attend classes in the school of origin or zoned school selected by the parent or guardian, while the school and the parent or guardian seek to resolve a dispute over which school is in the best interest of the child.[20]
- Receive transportation to the school of origin, if requested.
- Participate in any school programs and receive any school services for which the student qualifies.[21]

School District Homeless Liaison

The reauthorization of the Act requires school districts to designate a liaison for homeless children and youth. The Florida Department of Education (DOE) has established at least one school district homeless liaison for each of the 67 counties.[22] The liaison must ensure:

- Homeless children and youth, including unaccompanied youth, are identified by school personnel and through coordinated activities with other entities and agencies;
- Homeless children and youth enroll in, and have a full and equal opportunity to succeed in, schools of that local education agency (LEA);
- Homeless families, children, and youth receive educational services for which such families, children, and youth are eligible, including Head Start, Even Start, and other preschool programs administered by the LEA, and referrals to health care services, dental services, mental health services, and other appropriate services;
- The parents or guardians of homeless students are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- Public notice of the educational rights of homeless children and youth is disseminated where such children and youth receive services under this Act, such as schools, family shelters, and soup kitchens;
- Enrollment disputes are mediated;
- The parents or guardians of homeless students, or any unaccompanied youth, are fully informed of all transportation services, including transportation to the school of origin, and are assisted in accessing transportation to the school of origin or the school which serves the location where the students currently reside.[23]

---

[20] This does not mean any school in the district, only the school of origin or zoned school. *See* St. Johns County School District, Homeless Students Policy, Dispute Process, available at https://www.stjohns.k12.fl.us/homeless/ (last visited January 28, 2022).

The local homeless liaison is also required to coordinate and collaborate with the state Homeless Education Coordinator and community and school personnel responsible for providing education and related services to homeless students.

Certified Unaccompanied Homeless Youth

Certification

Section 743.067, F.S., provides that a youth who is an unaccompanied homeless youth may become certified as such if he or she is an individual who is 16 years of age or older and is:

- Found by a school district's liaison for homeless children and youths to be an unaccompanied homeless youth eligible for services pursuant to the McKinney-Vento Homeless Assistance Act; or
- Believed to qualify as an unaccompanied homeless youth, as that term is defined in the McKinney-Vento Homeless Assistance Act, by:
  - The director of an emergency shelter program funded by the U.S. Department of Housing and Urban Development;
  - The director of a runaway or homeless youth basic center or transitional living program funded by the United States Department of Health and Human Services; or
  - A continuum of care lead agency.[24]

The State Office on Homelessness in the Department of Children and Families (DCF) has developed a standardized form that must be used by these entities to certify qualifying unaccompanied homeless youth. The front of the form includes the circumstances that qualify the youth; the date the youth was certified; and the name, title, and signature of the certifying individual. The contents of s. 743.067, F.S., is required to be reproduced in its entirety on the back of the form.[25]

Benefits Upon Certification

A certified unaccompanied homeless youth may use the certification to access various benefits, including to:

- Apply at no charge for an identification card issued by the Department of Highway Safety and Motor Vehicles under s. 322.051, F.S.;[26]
- Consent to medical, dental, psychological, substance abuse, and surgical diagnosis and treatment, including preventative care and care by a facility licensed under ch. 394, F.S., ch. 395, F.S., or ch. 397, F.S.,[27] and certain forensic medical examination,[28] for:
  - Himself or herself; or

[24] Section 743.067(1), F.S. The certification can be conducted by each of these entities designee.
[25] Section 743.067(2)(a), F.S.
[26] Section 743.067(2)(b), F.S.
[27] Chapter 394, F.S., governs the provision of substance abuse and mental health services; ch. 395, F.S., provides for the licensing and regulation of hospitals; and ch. 397, F.S., provides specifically for substance abuse services.
[28] This provision is applicable to the purpose of investigating any felony offense under ch. 784, F.S. (relating to assault, battery, culpable negligence), ch. 787, F.S.(relating to kidnapping, custody offenses, human trafficking, and smuggling) ch 794, F.S., (relating to sexual battery), ch. 800, F.S.,(relating to lewdness and indecent exposure) or ch. 827, F.S., (relating to child abuse).

  - His or her child, if the certified unaccompanied homeless youth is unmarried, is the parent of the child, and has actual custody of the child;[29] and
- Petition the court to have the disabilities of nonage removed and become an emancipated minor who has the legal capacity to act as an adult, be in control of his or her affairs, and be free of the legal control and custody of his or her parents.[30]

A health care provider may accept a copy of the written certificate as proof of the minor's status as a certified unaccompanied homeless youth and may keep a copy of the certificate in the youth's medical file to assist with medical treatment.[31]

Birth Certificates

The Florida Department of Health (DOH), Office of Vital Statistics, maintains all vital records for Florida. Under current law, homeless children are not specifically given the ability to obtain their birth certificates. Florida law provides that certified copies of the original birth certificate or a new or amended certificate, or affidavits thereof, are confidential and exempt from the provisions of s. 119.07(1), F.S.,[32] and, upon receipt of a request and payment of the fee prescribed in s. 382.0255, F.S., shall be issued only as authorized by the DOH and in the form prescribed by the DOH, and only, in relevant part, to the registrant, if of legal age, is a certified homeless youth, or is a minor who has had the disabilities of nonage removed under s. 743.01, F.S., or s. 743.015, F.S..[33]

The Florida DOH is entitled to fees for providing copies of certain vital records. The fees assessed must be the minimum fees cited. The fees established by rule must be sufficient to meet the cost of providing the service. All fees are required to be paid by the person requesting the record, are due and payable at the time services are requested, and are nonrefundable, except that, when a search is conducted and no vital record is found, any fees paid for additional certified copies shall be refunded.

The DOH is authorized to waive all or part of the fees required for any government entity. Further, the DOH is required to waive all fees for a certified copy of a birth certificate issued for purposes of an inmate acquiring a state identification card before release pursuant to s. 944.605(7), F.S., and for a juvenile offender who is in the custody or under the supervision of the Department of Juvenile Justice and receiving services under s. 985.461, F.S.[34]

[29] Section 743.067(3)b), F.S. However, this provision is notwithstanding s. 394.4625(1), F.S., relating to voluntary admissions under the Baker Act.
[30] Section 743.067(3)(a), F.S. A certified unaccompanied homeless youth that petitions the circuit court to have the disabilities of nonage removed is not required to prepay costs and fees as provided in s. 57.081, F.S., and the court must advance the cause on the calendar. *See* ch. 743, F.S., for when a minor may petition a court to have the disabilities of nonage removed.
[31] Section 743.067(2)(c), F.S.
[32] Section 382.025(1), F.S.
[33] Section 382.025, F.S.
[34] Section 382.0255(3), F.S.

Keys to Independence Program

In 2014, the Legislature required the Department of Children and Families (DCF) to establish a program to pay the cost of driver education, licensure and other costs incidental to licensure, and motor vehicle insurance for children in out-of-home care who have successfully completed a driver education program.[35] The program is known as the Keys to Independence program.

This program was established in direct response to recognizing the barriers that are created for a child in out-of-home care as a result of not obtaining a driver license and the cost prohibition that many such children faced to obtain motor vehicle insurance and licensure.

In 2021, the Legislature expanded the Keys to Independence program to include children who were in licensed care when reaching 18 years of age and are currently receiving postsecondary education services and support under s. 409.1451(2), F.S.[36] The DCF was appropriated $2,483,938 in recurring general revenue funds in the 2021-2022 fiscal year for the Keys to Independence program.

The program began in December 2017. As of December 31, 2021 there have been:
- 6,845 enrolled applicants;
- 1902 learner's permits issued; and
- 1020 driver's licenses issued.[37]

III. Effect of Proposed Changes:

The bill makes a number of changes to the laws related to current and former foster children and young adults, children and young adults who are experiencing homelessness, and certified unaccompanied homeless youth.

Birth Certificate Fees

The bill amends s. 382.055, F.S., expanding the persons who must have the fees for a certified copy of a birth certificate waived by the DOH to include unaccompanied homeless youth certified under s. 743.067, F.S., and young adults who are, or were at the time of turning 18 years of age, in the custody of the DCF.

Unaccompanied Homeless Youth

The bill amends s. 743.067, F.S., clarifying provisions related to the term "unaccompanied homeless youth". The bill updates the definition to specify that the youth is not in the physical custody of a parent or guardian, which includes a youth who has run away from home, who has been forced to leave his or her home, or whose parents have left the area and left the youth behind.

[35] Section 409.1454, F.S. Chapter 2014-166, L.O.F.
[36] Chapter 2021-169, L.O.F.
[37] Maria Solon, *Keys to Independence Program Monthly Report*, All Youth Life of Program Tab, December 2021 (on file with the Senate Committee on Children, Families and Elder Affairs).

The bill provides that a certified unaccompanied homeless youth may receive a certified copy of his or her birth certificate at no charge under s. 382.055, F.S., and clarifies that the medical provider may accept the written certificate or the below described school district issued card as proof of the youth's ability to consent to his or her medical care.

The bill also clarifies the specific categories of medical and other care for which the youth may consent, including behavioral health care services that include both psychological counseling and treatment, psychiatric treatment, and substance abuse prevention and treatment services. In addition, the bill amends s. 1003.01, F.S., creating a definition of the term "unaccompanied homeless youth" in the Florida Education Code to provide consistency for the school liaisons that certify such youth.

Keys to Independence Program

The bill amends s. 409.1454, F.S., expanding the eligibility for the Keys to Independence program to include an unaccompanied homeless youth certified under s. 743.067, F.S., who is a citizen of the United States or legal resident of Florida and who is:

- Completing secondary education;
- Employed at least part time;
- Attending a postsecondary education program at least part time; or
- Precluded from full-time work or education due to a disability.

District School Board Issued Card

The bill amends s. 1001.42, F.S., requiring the district school boards to provide unaccompanied homeless youth certified pursuant to s. 743.067, F.S., a card that is similar in size to the student identification card issued to students in the district that contains specified information on the rights and benefits for these youth. Specifically,

- The front of the card must include the circumstances that qualify the youth, the date the youth was certified and the name, title and signature of the certifying individual. This information is obtained from the standardized form developed by the DCF.
- The back of the card must include the provisions of s. 743.067, F.S., that provide authority to the certified unaccompanied homeless youth to consent to medical and other care for himself or herself or for his or her child if the certified youth is unmarried, is the parent of the child, and has custody of the child.

Postsecondary Education Liaisons

The bill amends s. 409.1452, F.S., expanding the use of postsecondary education campus liaisons to include students who are experiencing homelessness in addition to serving current or former foster children and young adults to assist such students with achieving success in postsecondary education. The bill also revises the term for the position from "campus coaches" to "campus liaisons" and removes a provision that the DCF has the sole discretion to determine which state colleges and universities offer campus liaison positions.

OPPAGA Study

The bill also requires the OPPAGA to conduct a study to evaluate the effectiveness of campus liaisons provided under s. 409.1452, F.S., and of the local school districts' delivery of benefits and services required under the McKinney-Vento Homeless Assistance Act.

Specifically, the study must include:

- Current use of liaisons by all colleges and universities, the number of children and young adults served by such liaisons, the type and prevalence of the services requested by such children and young adults, and the experiences of the students served by the liaisons.
- Local school districts' delivery of benefits and services to unaccompanied homeless youth eligible for services under s. 743.067, F.S., and the Act and school districts' adherence to provisions of the Act, such as the:
  - Ability for an unaccompanied homeless youth to remain in his or her school of origin for the duration of the period the youth is experiencing homelessness and until the end of an academic year in which the youth obtains permanent housing, if remaining in the school of origin is determined to be in the youth's best interest.
  - Extent to which school district liaisons make best interest determinations by considering specific student-centered factors when determining the best school for an unaccompanied homeless youth.
  - Ability of unaccompanied homeless youth to receive transportation to the school of origin from the applicable school district.
  - Prompt enrollment of an unaccompanied homeless youth in a school or classes while the school of origin arranges for the transfer of school and immunization records and other required enrollment documents to ensure compliance with s. 1003.21(1)(f), F.S.
  - Ability of an unaccompanied homeless youth to participate in all available education programs and extracurricular activities and receive any school services for which the youth meets all relevant eligibility criteria.

Further, the study must include recommendations for any changes needed to ensure all eligible children and young adults who seek such support receive services, improve the outcomes of children and young adults who receive services and benefits from campus liaisons or under the Act and ensure campus liaisons in local school districts and postsecondary institutions are qualified to provide adequate information and support and are knowledgeable about the relevant programs and benefits that may be accessed by the children and young adults they serve.

The bill requires the OPPAGA to consult with the DCF, the Board of Governors of the State University System, the Florida College System, the FDOE, local school districts, and any other relevant stakeholders including, but not limited to, students eligible for the assistance of a liaison in conducting the study. The bill requires a report to be provided to the President of the Senate and the Speaker of the House of Representatives by December 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The bill does not appear to require cities and counties to expend funds or limit their authority to raise revenue or receive state-shared revenues as specified by Article VII,

Section 18 of the Florida Constitution.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Currently, the Department of Children and Families DCF has $2,483,938 in recurring funding for the Keys to Independence program to provide for current and former foster youth who are participating in the program. Although SB 1708 expands the Keys to Independence program to include eligible unaccompanied homeless youth, the number of youth that may actually access services through the program is indeterminate at this time.

The bill also waives the Florida Department of Health (DOH) Bureau of Vital Statistics birth certificate fees for certain unaccompanied homeless youth. This is expected to have an insignificant fiscal impact on the DOH revenues.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

The bill amends ss. 382.0255, 409.1452, 409.1454, 743.067, 1001.42, and 1003.01 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Garcia

37-01000B-22 20221708__

A bill to be entitled

An act relating to child welfare; amending s. 382.0255, F.S.; requiring the Department of Health to waive fees for certified copies of birth certificates issued to certain unaccompanied homeless youth and young adults; amending s. 409.1452, F.S.; revising requirements for required collaboration among the Board of Governors, the Florida College System, and the Department of Education in working with the Department of Children and Families to assist specified children and young adults; amending s. 409.1454, F.S.; revising legislative findings; revising eligibility and requirements for a certain driver education, licensure, and insurance program to include certain unaccompanied homeless youth; revising program operation and administration requirements; amending s. 743.067, F.S.; revising the definition of the term "unaccompanied homeless youth"; specifying certification criteria for unaccompanied homeless youth; authorizing certain unaccompanied homeless youth to use a specified form to receive birth certificates; authorizing health care providers to accept such form for certain purposes; authorizing certain unaccompanied homeless youth to consent to specified medical and other care; amending s. 1001.42, F.S.; requiring district school boards to provide cards that contain specified information to certain unaccompanied homeless youth; specifying requirements for the card; amending s. 1003.01, F.S.; revising the

definition of the term "children and youths who are experiencing homelessness"; defining the term "certified unaccompanied homeless youth"; requiring the Office of Program Policy Analysis and Government Accountability to conduct a specified study; specifying the scope of the study; requiring the study to include specified recommendations; requiring the office to consult with specified entities; requiring the office to submit a report on the study to the Legislature by a specified date; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (3) of section 382.0255, Florida Statutes, is amended to read:

382.0255 Fees.—

(3) Fees must ~~shall~~ be established by rule. However, until rules are adopted, the fees assessed pursuant to this section must ~~shall~~ be the minimum fees cited. The fees established by rule must be sufficient to meet the cost of providing the service. All fees must ~~shall~~ be paid by the person requesting the record, are due and payable at the time services are requested, and are nonrefundable, except that, when a search is conducted and no vital record is found, any fees paid for additional certified copies shall be refunded. The department may waive all or part of the fees required under this section for any government entity. The department shall waive all fees required under this section for a certified copy of a birth

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

certificate issued for an unaccompanied homeless youth certified under s. 743.067; for a young adult who is, or was at the time he or she reached 18 years of age, in the custody of the Department of Children and Families; for purposes of an inmate acquiring a state identification card before release pursuant to s. 944.605(7); and for a juvenile offender ~~who is~~ in the custody or under the supervision of the Department of Juvenile Justice and receiving services under s. 985.461.

Section 2. Section 409.1452, Florida Statutes, is amended to read:

409.1452 Collaboration with Board of Governors, Florida College System, and Department of Education to assist children and young adults who have been or are in foster care or are experiencing homelessness. ~~Effective July 1, 2013,~~ The Department of Children and Families shall work in collaboration with the Board of Governors, the Florida College System, and the Department of Education to help address the need for a focused and consistent campus-based ~~comprehensive~~ support structure ~~in the academic arena~~ to assist children and young adults who have been or continue to remain in the foster care system or who are experiencing homelessness to succeed in postsecondary education ~~in making the transition from a structured care system into an independent living setting~~. The State University System of Florida and the Florida College System shall provide postsecondary educational campus liaison ~~coaching~~ positions that will be integrated into Florida College System institutions' and university institutions' general support services structure to provide ~~current and former foster care~~ children and young adults who have been or continue to remain in the foster care system or

who are experiencing homelessness with dedicated, on-campus support. ~~The Department of Children and Families has the sole discretion to determine which state college or university will offer a campus coaching position, based on departmental demographic data indicating greatest need.~~ These campus liaison ~~coaching~~ positions must ~~shall~~ be employees of the selected educational institutions, and focused on supporting children and young adults who have been or continue to remain in the foster care system or who are experiencing homelessness. The Chancellors of the Florida College System and the Board of Governors shall report annually to the Department of Children and Families specific data, subject to privacy laws, about the children and young adults served by the campus liaisons ~~coaches~~, including academic progress, retention rates for students enrolled in the program, financial aid requested and received, and information required by the National Youth in Transition Database.

Section 3. Section 409.1454, Florida Statutes, is amended to read:

409.1454 Motor vehicle insurance and driver licenses for children in care and certified unaccompanied homeless youth.—

(1) The Legislature finds that the costs of driver education, licensure and costs incidental to licensure, and motor vehicle insurance for a child in out-of-home care or certain unaccompanied homeless youth certified under s. 743.067 after such child obtains a driver license create an additional barrier to engaging in normal age-appropriate activities and gaining independence and may limit opportunities for obtaining employment and completing educational goals. The Legislature

also finds that the completion of an approved driver education course is necessary to develop safe driving skills.

(2) To the extent that funding is available, the department shall establish a program to pay the cost of driver education, licensure and other costs incidental to licensure, and motor vehicle insurance for a child who has completed a driver education program and who is: ~~children~~

(a) In out-of-home care; or

(b) Certified under s. 743.067 as an unaccompanied homeless youth and who is a citizen of the United States or legal resident of this state ~~who have successfully completed a driver education program~~.

(3) If a caregiver, or an individual or not-for-profit entity approved by the caregiver, adds a child to his or her existing insurance policy, the amount paid to the caregiver or approved purchaser may not exceed the increase in cost attributable to the addition of the child to the policy.

(4) Payment must ~~shall~~ be made to eligible recipients in the order of eligibility until available funds are exhausted. If a child determined to be eligible reaches permanency status or turns 18 years of age, the program may pay for that child to complete a driver education program and obtain a driver license for up to 6 months after the date the child reaches permanency status or 6 months after the date the child turns 18 years of age. A child may be eligible to have the costs of and incidental to licensure paid if he or she demonstrates that such costs are creating barriers to obtaining employment or completing educational goals, if the child meets any of the following criteria:

(a) Is continuing in care under s. 39.6251;~~, or who~~

(b) Was in licensed care when the child reached 18 years of age and is currently receiving postsecondary education services and support under s. 409.1451(2); or

(c) Is an unaccompanied homeless youth certified under s. 743.067 who is a citizen of the United States or legal resident of this state and is:

1. Completing secondary education;

2. Employed at least part time;

3. Attending any postsecondary education program at least part time; or

4. Has a disability that precludes full-time work or education~~, may be eligible to have the costs of licensure and costs incidental to licensure paid if the child demonstrates that such costs are creating barriers for obtaining employment or completing educational goals~~.

(5) The department shall contract with a not-for-profit entity whose mission is to support youth aging out of foster care to develop procedures for operating and administering the program, including, but not limited to:

(a) Determining eligibility, including responsibilities for the child and caregivers.

(b) Developing application and payment forms.

(c) Notifying eligible children, caregivers, group homes, ~~and~~ residential programs, local educational agency liaisons for homeless children and youth, and governmental or nonprofit agencies that provide services to homeless children or youth of the program.

(d) Providing technical assistance to lead agencies,

providers, group homes, and residential programs to support removing obstacles that prevent children in foster care from driving.

(e) Publicizing the program, engaging in outreach, and providing incentives to youth participating in the program to encourage the greatest number of eligible children to obtain driver licenses.

Section 4. Section 743.067, Florida Statutes, is amended to read:

743.067 Certified unaccompanied homeless youths.—

(1) DEFINITION.—For purposes of this section, an "unaccompanied homeless youth" is an individual who is 16 years of age or older and is not in the physical custody of a parent or guardian, including a youth who has run away from home, who has been forced to leave his or her home, or whose parents have left the area and left the youth behind.

(2) CERTIFICATION.—An unaccompanied homeless youth may become certified if he or she is:

(a) Found by a school district's liaison for homeless children and youths to be an unaccompanied homeless youth eligible for services pursuant to the McKinney-Vento Homeless Assistance Act, 42 U.S.C. ss. 11431-11435; or

(b) Believed to qualify as an unaccompanied homeless youth, as that term is defined in the McKinney-Vento Homeless Assistance Act, by:

1. The director of an emergency shelter program funded by the United States Department of Housing and Urban Development, or the director's designee;

2. The director of a runaway or homeless youth basic center

or transitional living program funded by the United States Department of Health and Human Services, or the director's designee; or

3. A continuum of care lead agency, or its designee.

(3) ~~(2)~~ PROOF OF CERTIFICATION.—

(a) The State Office on Homelessness within the Department of Children and Families shall develop a standardized form that must be used by the entities specified in subsection (2) ~~(1)~~ to certify qualifying unaccompanied homeless youth. The front of the form must include the circumstances that qualify the youth; the date the youth was certified; and the name, title, and signature of the certifying individual. This section must be reproduced in its entirety on the back of the form.

(b) A certified unaccompanied homeless youth may use the completed form to:

1. Apply at no charge for an identification card issued by the Department of Highway Safety and Motor Vehicles pursuant to s. 322.051(9).

2. Receive a certified copy of his or her birth certificate at no charge under s. 382.0255.

(c) A health care provider may accept the completed form or the card issued under s. 1001.42 ~~written certificate~~ as proof of the minor's status as a certified unaccompanied homeless youth and may keep a copy of the form or card ~~certificate~~ in the youth's medical file.

(4) ~~(3)~~ REMOVAL OF DISABILITIES OF NONAGE.—A certified unaccompanied homeless youth may~~:~~

~~(a)~~ petition the circuit court to have the disabilities of nonage removed under s. 743.015. The youth shall qualify as a

person not required to prepay costs and fees as provided in s. 57.081. The court shall advance the cause on the calendar.

(5)~~(b)~~ MEDICAL AND OTHER CARE.—Notwithstanding s. 394.4625(1), a certified unaccompanied homeless youth may consent to medical care;~~,~~ dental care;~~,~~ behavioral health care services, including psychological counseling and treatment, psychiatric treatment, and substance abuse prevention and treatment services;~~,~~ and surgical diagnosis and treatment, including preventative care and care by a facility licensed under chapter 394, chapter 395, or chapter 397 and any forensic medical examination for the purpose of investigating any felony offense under chapter 784, chapter 787, chapter 794, chapter 800, or chapter 827, for:

(a)~~1.~~ Himself or herself; or

(b)~~2.~~ His or her child, if the certified unaccompanied homeless youth is unmarried, is the parent of the child, and has actual custody of the child.

(6)~~(4)~~ CONSTRUCTION.—This section does not affect the requirements of s. 390.01114.

Section 5. Present subsection (28) of section 1001.42, Florida Statutes, is redesignated as subsection (29), and a new subsection (28) is added to that section, to read:

1001.42 Powers and duties of district school board.—The district school board, acting as a board, shall exercise all powers and perform all duties listed below:

(28) UNACCOMPANIED HOMELESS YOUTH.—Provide to each student who is an unaccompanied homeless youth certified under s. 743.067 a card that includes information on the rights and benefits for such youth, as well as the contact information for

the school district's liaison for homeless children and youths. The card must be similar in size to the student identification card issued to students in the district and include all of the following information:

(a) On the front of the card, the following information from the standardized form developed by the Department of Children and Families under s. 743.067(3):

1. The circumstances that qualify the youth.

2. The date the youth was certified.

3. The name, title, and signature of the certifying individual.

(b) On the back of the card, the following statement:

Section 743.067, Florida Statutes, provides that this certified youth may consent to medical care; dental care; behavioral health care services, including psychological counseling and treatment, psychiatric treatment, and substance abuse prevention and treatment services; and surgical diagnosis and treatment, including preventative care and care by a facility licensed under chapter 394, chapter 395, or chapter 397 and any forensic medical examination for the purpose of investigating any felony offense under chapter 784, chapter 787, chapter 794, chapter 800, or chapter 827, for himself or herself or his or her child, if the certified youth is unmarried, is the parent of the child, and has actual custody of the child.

Section 6. Subsection (12) of section 1003.01, Florida Statutes, is amended, and subsection (17) is added to that section, to read:

1003.01 Definitions.—As used in this chapter, the term:

(12) "Children and youths who are experiencing homelessness," for programs authorized under subtitle B, Education for Homeless Children and Youths, of Title VII of the McKinney-Vento Homeless Assistance Act, 42 U.S.C. ss. 11431 et seq., means children and youths who lack a fixed, regular, and adequate nighttime residence, and includes:

(a) Children and youths ~~who are~~ sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, travel trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals~~; or are awaiting foster care placement~~.

(b) Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.

(c) Children and youths ~~who are~~ living in cars, parks, public spaces, abandoned buildings, bus or train stations, or similar settings.

(d) Migratory children ~~who are~~ living in circumstances described in paragraphs (a)-(c).

(17) "Certified unaccompanied homeless youth" means a youth certified as an unaccompanied homeless youth pursuant to s. 743.067.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 7. (1) The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall conduct a study to evaluate the effectiveness of campus liaisons provided pursuant to s. 409.1452, Florida Statutes, and of local school districts' delivery of benefits and services required under the McKinney-Vento Homeless Assistance Act, 42 U.S.C. ss. 11431-11435. The study's scope must include, but need not be limited to:

(a) Current use of liaisons by all colleges and universities, the number of children and young adults served by such liaisons, the type and prevalence of the services requested by such children and young adults, and the experiences of the students served by the liaisons.

(b) Local school districts' delivery of benefits and services to unaccompanied homeless youth eligible for services under s. 743.067, Florida Statutes, and the McKinney-Vento Homeless Assistance Act and school districts' adherence to provisions of the act, such as the:

1. Ability for an unaccompanied homeless youth to remain in his or her school of origin for the duration of the period the youth is experiencing homelessness and until the end of an academic year in which the youth obtains permanent housing, if remaining in the school of origin is determined to be in the youth's best interest.

2. Extent to which school district liaisons make best interest determinations by considering specific student-centered factors when determining the best school for an unaccompanied homeless youth.

3. Ability of unaccompanied homeless youth to receive transportation to the school of origin from the applicable

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

school district.

4. Prompt enrollment of an unaccompanied homeless youth in a school or classes while the school of origin arranges for the transfer of school and immunization records and other required enrollment documents to ensure compliance with s. 1003.21(1)(f), Florida Statutes.

5. Ability of an unaccompanied homeless youth to participate in all available education programs and extracurricular activities and receive any school services for which the youth meets all relevant eligibility criteria.

(2) The study must include recommendations for any changes needed to:

(a) Ensure all eligible children and young adults who seek such support receive services.

(b) Improve the outcomes of children and young adults who receive services and benefits from campus liaisons or under the McKinney-Vento Homeless Assistance Act.

(c) Ensure campus liaisons in local school districts and postsecondary institutions are qualified to provide adequate information and support and are knowledgeable about the relevant programs and benefits that may be accessed by the children and young adults they serve.

(3) In conducting the study, OPPAGA shall consult with the Department of Children and Families, the Board of Governors of the State University System, the Florida College System, the Department of Education, local school districts, and any other relevant stakeholders, including, but not limited to, students eligible for the assistance of a liaison.

(4) OPPAGA shall submit a report on its findings to the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

President of the Senate and the Speaker of the House of Representatives by December 1, 2022.

Section 8. This act shall take effect July 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1798
INTRODUCER:	Appropriations Committee; Criminal Justice Committee; and Senator Book
SUBJECT:	Sexually Related Offenses
DATE:	March 2, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Stokes	Jones	CJ	**Fav/CS**
2.	Moody	Cox	CF	**Favorable**
3.	Atchley	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1798 creates section 836.13, Florida Statutes, to provide criminal and civil penalties for persons who promote certain altered sexual depictions. Colloquially known as "deep fakes," these images often depict individuals engaging in sexual behavior that they did not engage in.

Specifically, this bill provides that a person commits a third degree felony when he or she willfully and maliciously promotes any altered sexual depiction of an identifiable person, without the consent of the identifiable person, and who knows or reasonably should have known that such visual depiction was an altered sexual depiction.

The bill also creates section 836.14, Florida Statutes, to provide criminal and civil penalties relating to theft or unauthorized promotion of a sexually explicit image. A person commits a third degree felony when he or she:

- Commits a theft of a sexually explicit image with the intent to promote such image; or
- Willfully possesses with the intent to promote a sexually explicit image that he or she knows or should have known was obtained in violation of the offense described above.

The bill provides a higher penalty, a second degree felony, when a person willfully promotes for the purpose of pecuniary or any type of financial gain a sexually explicit image of an identifiable person without that person's consent.

Additionally, the felony offenses created in this bill are ranked in the offense severity ranking chart of the Criminal Punishment Code.

The bill, throughout the Florida Statutes, replaces the term "child pornography," with "child sexual abuse material." The bill expands this term to include any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

The bill further amends s. 827.071, F.S., to replace the phrase "any sexual conduct by a child," with the term "child sexual abuse material." The term "child sexual abuse material," includes images depicting any sexual conduct by a child.

The bill amends s. 775.0847, F.S., to replace the term "movie" with "motion picture, film, video, or computer-generated motion picture, film, or video," for purposes of enhancing specified offenses relating to child sexual abuse material or obscenity.

The bill increases the minimum monetary damages from $5,000 to $10,000 that a victim of sexual cyberharassment may receive as a result of a civil action.

The bill provides that a law enforcement officer may arrest without a warrant any person who he or she has probable cause to believe possesses a child-like sex doll.

The bill amends s. 828.126, F.S., to remove the term "sexual conduct" and revise the term "sexual contact with an animal," to encompass acts previously defined under "sexual conduct."

The bill amends the prohibited conduct to include that a person may not knowingly: advertise, offer, solicit, or accept an offer of an animal for the purpose of sexual contact with such animal; or film, distribute, or possess any pornographic image or video of a person and an animal engaged in any prohibited acts related to sexual activities involving an animal.

The bill increases the penalty for sexual contact with an animal from a first degree misdemeanor to a third degree felony, and provides that the court must issue an order prohibiting a convicted person from specified behaviors that place them in close proximity to an animal. The bill also provides exceptions from criminal liability. This offense is ranked in the offense severity ranking chart of the Criminal Punishment Code.

Additionally, the bill provides conforming cross-references.

The bill may have a positive indeterminate fiscal impact (unquantifiable increase in prison beds and jail beds) on the Department of Corrections and local jails. See Section V. Fiscal Impact Statement.

The bill is effective October 1, 2022.

II. Present Situation:

With technology advancing at a rapid rate, states and the federal government are attempting to craft laws to address issues arising as a result of such technology. Many of these issues relate to the creation or dissemination of sexually explicit material including, nonconsensual pornography of adults, sexually explicit deep fake images of adults, and morphed child pornography.

Deep Fakes

Deep fakes are realistic images or videos that are created using artificial intelligence (AI) and often depict a real person saying something they did not say, or engaging in a behavior they did not engage in. The use of AI to generate a deep fake image is causing concern because the results are increasingly realistic, rapidly created, and inexpensively made. Software to create such images is often free and publicly available.[1]

While there may be beneficial uses, deep fake technology may also pose a harm to individuals. Deep fakes may be used to spread false information, or used to embarrass, humiliate, exploit, or sabotage others.[2]

Legislation in Other States

Several states provide criminal or civil liability for creating or distributing deep fake images. The states that have enacted laws relating to deep fake images include: Virginia,[3] Hawaii,[4] California,[5] and Texas.[6]

Currently, no states completely ban the creation or distribution of all deep fakes. A complete ban of such images would likely run afoul of constitutional protections under the First Amendment. However, certain categories of speech, including defamation, fraud, true threats, and the imminent-and likely incitement of violence, do not receive protections under the First Amendment.[7] Some deep fakes will likely fall into one of those categories and therefore may be regulated.[8]

The potential for harm stemming from deep fake images is often explored in the context of nonconsensual deep fake pornography. "The core issue of nonconsensual pornography is consent, and deep fake pornography adds an additional layer because the individual depicted did not actually engage in the sexual behavior [he or she] is depicted as doing."[9]

Nonconsensual Pornography

Many states, including Florida, ban nonconsensual pornography, otherwise known as "revenge porn." Such bans have been consistently upheld by the courts.[10] The courts have found a compelling state interest in protecting individuals from the nonconsensual dissemination of private sexual images. "Those who are unwillingly exposed to their friends, family, bosses, co-workers, teachers, fellow students, or random strangers on the internet are often deeply and permanently scarred by the experience."[11]

Section 784.049, F.S., provides that sexual cyberharassment means to publish to an Internet website or disseminate through electronic means to another person a sexually explicit image of a person that contains or conveys the personal identification information of the depicted person without the depicted person's consent, contrary to the depicted person's reasonable expectation that the image would remain private, for no legitimate purpose, with the intent of causing substantial emotional distress to the depicted person.

It is a first degree misdemeanor[12] to willfully and maliciously sexually cyberharass another person. A second or subsequent violation is a third degree felony.[13] In addition to criminal penalties, an aggrieved person may initiate a civil action to obtain injunctive relief, a minimum of $5,000 in monetary damages, and reasonable attorney fees and costs.[14]

There is currently no state law prohibiting the unlawful procuring, or possession of a sexually explicit image with the intent of selling or disseminating such image. Such crimes in Florida may only be charged under current theft[15] laws if applicable.

Child Pornography

Generally, the First Amendment does not protect child pornography. In *New York v. Ferber*,[16] the Supreme Court of the United States recognized that states have a compelling interest in safeguarding the physical and psychological well-being of minors and in preventing their sexual exploitation and abuse. The Court noted that it was "unlikely that visual depictions of children . . . lewdly exhibiting their genitals would often constitute an important and necessary part of a literary performance or scientific or educational work."[17]

The use of AI has also been used to create child pornography, sometimes referred to as "morphing." The Federal Government prohibits such images, however, the Supreme Court of the

United States has found that the child or minor depicted in the image must be a real minor for such bans to pass constitutional muster.[18] Under these principles, states have constitutionally been able to criminalize the possession, distribution, etc., of child pornography. However, the constitutionality of criminalizing such acts is less clear when the images at issue are morphed pornography.

Child Pornography Prevention Action of 1996

In 1996, Congress passed the Child Pornography Prevention Action of 1996 (CPPA),[19] which created a definition of "child pornography." This criminalized, for the first time, acts relating to morphed child pornography. Under the CPPA, "child pornography" was defined as:

> (8) Any visual depiction, including any photograph, film, video, picture, or computer or computer-generated image or picture, whether made or produced by electronic, mechanical, or other means, of sexually explicit conduct,[20] where:
> (A) The production of such visual depiction involves the use of a minor engaging in sexually explicit conduct;
> (B) Such visual depiction is, or appears to be, of a minor engaging in sexually explicit conduct (i.e., *virtual child pornography – created without using an actual child*);
> (C) Such visual depiction has been created, adapted, or modified to appear that an identifiable minor[21] is engaging in sexually explicit conduct (i.e., *morphed child pornography*); or
> (D) Such visual depiction is advertised, promoted, presented, described, or distributed in such a manner that conveys the impression that the material is or contains a visual depiction of a minor engaging in sexually explicit conduct.[22]

In 2002, the United States Supreme Court decided *Ashcroft v. Free Speech Coalition*,[23] a case in which a California trade association for the adult-entertainment industry challenged section 2256(8)(B) of the CPPA as unconstitutionally overbroad. As noted above, section 2256(8)(B) made it a crime to possess or distribute images depicting a child or what appears to be a child, engaging in sexually explicit conduct (i.e., virtual child pornography).[24]

---

[18] *See Ashcroft v. Free Speech Coalition*, 535 U.S. 234 (2002).
[19] Pub. L. No. 104-208, s. 121.
[20] The term "sexually explicit conduct" was defined as actual or simulated sexual intercourse (including genital-genital, oral-genital, anal-genital, or oral-anal) whether between persons of the same or opposite sex; bestiality; masturbation; sadistic or masochistic abuse; or lascivious exhibition of the genitals or pubic area of any person. 18 U.S.C. s. 2256(2) (1996 ed.).
[21] The term "identifiable minor" was defined as a person who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark or other recognizable feature, and: who was a minor at the time the visual depiction was created, adapted, or modified; or whose image as a minor was used in creating, adapting, or modifying the visual depiction. The term was not be construed to require proof of the actual identity of the identifiable minor. 18 U.S.C. s. 2556(9) (1996 ed.).
[22] 18 U.S.C. s. 2556(8) (1996 ed.).
[23] 535 U.S. 234 (2002).
[24] 18 U.S.C. s. 2556(8) (1996 ed.).

The Court held that the "speech" criminalized in the challenged provision of the CPPA violated the First Amendment because it extended the federal prohibition against child pornography to sexually explicit images that appeared to depict minors but were produced without using any real children.[25] The Court decided that by prohibiting child pornography that did not depict an actual child, section 2256(8)(B) of the CPPA "abridged the freedom to engage in a substantial amount of lawful speech" and was therefore overbroad and unconstitutional.[26]

The *Ashcroft* decision did not specifically address the constitutionality of 18 U.S.C. 2256(8)(C) (prohibiting *morphed* child pornography), it did note, in dictum, that "[a]lthough morphed images may fall within the definition of virtual child pornography, they implicate the interests of real children. . ."[27] Courts have taken this dictum to suggest that the *Ashcroft* court would have deemed morphed child pornography as not protected by the First Amendment.[28]

Prosecutorial Remedies and Other Tools to end the Exploitation of Children Today Act (Protect Act)

Congress attempted to remedy the constitutional issues raised in *Ashcroft* by passing the "Prosecutorial Remedies and Other Tools to end the Exploitation of Children Today Act" (Protect Act) in 2003.[29] The Protect Act, in part, narrowed the definition of "virtual" child pornography in section (8)(B) of the CPPA to include virtual or computer-generated images that are "indistinguishable from" images of actual minors engaging in sexually explicit conduct.[30]

Notably, the definition of "morphed" child pornography contained in section 2256(8)(C) remained unchanged between the CPPA and the Protect Act.

Case Law since the Passage of the Protect Act

To date, the federal statutes relating to morphed child pornography have been upheld.[31] In *United States v. Bach*,[32] the defendant was convicted of possessing morphed child pornography. The image at issue showed a young nude boy sitting in a tree, grinning, with his pelvis tilted upward, his legs opened wide, and a full erection.[33] The photograph of a well-known child entertainer's head had been "skillfully inserted onto the photograph of the nude boy so that the resulting image appeared to be a nude picture of [the child entertainer] sitting in the tree."[34]

The defendant appealed arguing that his conviction was invalid because the definition of morphed child pornography violated the First Amendment. The United States Court of Appeals for the Eighth Circuit disagreed, holding that morphed child pornography "implicate the interests of a real child," and creates a lasting record of an identifiable minor child seemingly engaged in

sexually explicit activity.[35] The court noted that there may be instances when the "application of s. 2256(8)(C) violates the First Amendment, this is not such a case. This image involves the type of harm which can constitutionally be prosecuted under [*Ashcroft*] and *Ferber*."[36]

In *United States v. Anderson*, the defendant was charged with distribution of morphed child pornography relating to an image in which the face of a minor female was superimposed over the face of an adult female engaging in sex with an adult male.[37] The defendant moved to dismiss the charge, arguing that the definition of morphed child pornography was unconstitutionally overbroad.[38] The court noted that the image at issue was different from the one in *Bach* in that "no minor was sexually abused."[39] However, the court held that because such images falsely portray identifiable children engaging in sexual activity, such images implicate the government's compelling interest in protecting minors. Using this reasoning, the court held that the definition of morphed child pornography was constitutional.[40]

Florida Child Pornography Laws

Child pornography is defined, as *any* image depicting a minor[41] engaged in sexual conduct.[42, 43] Florida law currently contains a variety of statutes that prohibit acts relating to child pornography. Currently, these statutes are found in two different chapters, ch. 827, F.S., relating to the abuse of children, and ch. 847, F.S., relating to obscenity.

In recent years, individuals have started using AI to create child pornography, e.g., images depicting sexually explicit conduct in which an actual child's head has been superimposed onto an adult's body.[44] Florida's child pornography laws do not include morphed pornography.

In 2010, Florida's Second DCA held that images that depicted the heads and faces of two children, ages 11 and 12, which were cut and pasted onto images of a 19 year old woman lewdly exhibiting her genitals did not constitute child pornography.[45] The court closely examined the

[40] *Id*. at 896.
[41] Section 847.001(8), F.S., provides that "minor" means any person under the age of 18 years.
[42] "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct." Section 847.001(16), F.S.
[43] Section 847.001(3), F.S.
[44] *Computer Generated Child Pornography: A Legal Alternative?* Seattle University Law Review, Vol. 22:643, 1998, available at https://digitalcommons.law.seattleu.edu/cgi/viewcontent.cgi?article=1585&context=sulr (last visited February 28, 2022).
[45] *Stelmack v. State*, 58 So. 3d 874 (Fla. 2d DCA 2010).

definition of "sexual conduct," and determined that it requires images to include actual lewd exhibition of the genitals *by a child*.[46]

The court also noted that the images depicted *simulated* lewd exhibition of the genitals by a child. The state argued that s. 827.071(5), F.S., proscribed such images because they were photographs or representations "which ... *in part* ... include ... sexual conduct by a child."[47] The court disagreed and found that the Legislature specifically excluded *simulated* lewd exhibition from the definition of "sexual conduct." Specifically, the court stated, "[i]f the legislature had intended to proscribe the possession of composite images that simulate lewd and lascivious exhibition of the genitals, it could have included a provision doing so. In fact, child pornography has been defined in the federal statutes to specifically include composite images. . . ."[48]

Section 827.071, F.S., specifies the criminal offenses for the production of child pornography and the possession and promotion of child pornography. It is a second degree felony[49] for a person:

- Knowing the character and content thereof, to employ, authorize, or induce a child to engage in a sexual performance.[50]
- Who is a parent, legal guardian or custodian to consent for a child to participate in a sexual performance.[51]
- Knowing the character and content, to produce, direct, or promote[52] any performance which includes sexual conduct by a child.[53]
- To possess with the intent to promote any photograph, motion picture, exhibition, show, representation, or other presentation which, in whole or in part, includes any sexual conduct by a child.[54]

It is a third degree felony for a person to knowingly possess, control, or intentionally view a photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation, which, in whole or in part, he or she knows to include any sexual conduct by a child.[55]

---

[46] *Id*. at 877
[47] *Id*. (emphasis in original).
[48] *Id*. at 876.
[49] A second degree felony is punishable by up to 15 years imprisonment and up to a $10,000 fine. Sections 775.082 and 775.083, F.S.
[50] Section 827.071(1)(c), F.S., provides "performance" means any play, motion picture, photograph, or dance or any other visual representation exhibited before an audience.
[51] Section 827.071(2), F.S.
[52] Section 827.071(1)(d), F.S, provides "promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmute, publish, distribute, circulate, disseminate, present, exhibit, or advertise or to offer to agree to do the same.
[53] Section 827.071(3), F.S.
[54] Possession of three or more copies of such photographs, etc., is prima facie evidence of intent to promote.
[55] The statute also specifies that the possession, control, or intentional viewing of each such photograph, etc., is a separate offense. If such photograph, etc., includes sexual conduct by more than one child, then each child in each photograph, etc., that is knowingly possessed, controlled, or intentionally viewed is a separate offense.

Section 847.0137, F.S., specifies that any person who knew or reasonably should have known that he or she was transmitting[56, 57] child pornography to another person commits a third degree felony.

Child Sexual Abuse Material

There has been a recent push to replace the term "child pornography" with "child sexual abuse material." The Florida Department of Law Enforcement is one such entity that has requested this change.[58] Proponents of this change argue that the term "child pornography" should be avoided because:

- It fails to describe the true nature of the material and undermines the seriousness of the abuse from the child's perspective;
- Pornography is a term primarily used to describe material depicting consensual sexual acts between adults distributed for the purpose of sexual pleasure. Using the term in this context risks normalizing, trivializing, and legitimizing the sexual abuse and exploitation of children; and
- Child pornography implies consent, and a child cannot legally give consent.[59]

Child-like Sex Dolls

In 2019, Florida enacted laws relating to the possession and distribution of child-like sex dolls. Section 847.011(5)(a), F.S., provides that it is a third degree felony for a first offense, and a second degree felony for a second or subsequent offense for a person to knowingly:

- Sell, lend, give away, distribute, transmit, show, or transmute;
- Offer to sell, lend, give away, distribute, transmit, show, or transmute;
- Have in his or her possession, custody, or control with the intent to sell, lend, give away, distribute, transmit, show, or transmute; or
- Advertise in any manner an obscene, child-like sex doll.[60]

It is a first degree misdemeanor for a first offense, and a third degree felony for a second or subsequent offense for a person to knowingly have in his or her possession, custody, or control an obscene, child-like sex doll.[61]

---

[56] Section 847.0137(1)(b), F.S., provides "transmit" means the act of sending and causing to be delivered any image, information, or data from one or more persons or places to one or more other persons or places over or through any medium, including the Internet, by use of any electronic equipment or device.
[57] *Smith v. Florida*, 204 So. 3d 18, 19 (Fla. 2016), held that "the use of a file sharing program, where the originator affirmatively grants the receiver access to child pornography placed by the originator in files accessible through the file sharing program, constitutes the transmission of child pornography under the plain meaning of s. 847.0137, F.S."

[61] Section 847.011(5)(b), F.S.

Sexual Activities Involving Animals

Approximately 48 states have laws prohibiting sexual conduct with animals. New Mexico and West Virginia do not have state laws prohibiting sexual contact with animals.[62] A study of incidents from 1975 to 2015 found that 31.6 percent of animal sex offenders also sexually offended adults and children.[63] Additionally, 52.9 percent of animal sex offenders had a prior or subsequent criminal record involving human sexual abuse, animal abuse, interpersonal violence, substances or property offenses.[64]

Section 828.126, F.S., provides that it is a first degree misdemeanor for a person to knowingly:

- Engage in any sexual conduct or sexual contact with an animal;
- Cause, aid, or abet another person to engage in any sexual conduct or sexual contact with an animal;
- Permit any sexual conduct or sexual contact with an animal to be conducted on any premises under his or her charge or control; or
- Organize, promote, conduct, advertise, aid, abet, participate in as an observer, or perform any service in the furtherance of an act involving any sexual conduct or sexual contact with an animal for a commercial or recreational purpose.[65]

"Sexual conduct" is defined as any touching or fondling by a person, either directly or through clothing, of the sex organs or anus of an animal or any transfer or transmission of semen by the person upon any part of the animal for the purpose of sexual gratification or arousal of the person.[66]

"Sexual contact" is defined as any contact, however slight, between the mouth, sex organ, or anus of a person and the sex organ or anus of an animal, or any penetration, however slight, of any part of the body of the person into the sex organ or anus of an animal, or any penetration of the sex organ or anus of the person into the mouth of the animal, for the purpose of sexual gratification or sexual arousal of the person.[67]

Section 828.126, F.S., does not apply to accepted animal husbandry practices, conformation judging practices, or accepted veterinary medical practices.[68]

Criminal Punishment Code and Offense Severity Ranking

The Criminal Punishment Code[69] is Florida's primary sentencing policy. Noncapital felonies sentenced under the Code receive an offense severity level ranking (levels 1-10). Points are assigned and accrue based upon the severity level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the severity level escalates.

Offenses are either ranked in the offense severity level ranking chart in s. 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in s. 921.0023, F.S. Currently, unless otherwise specifically ranked, a felony of the third degree is ranked as a level 1 offense, and a second degree felony is ranked as a level 4 offense.[70]

III. Effect of Proposed Changes:

Unlawful Promotion of Sexually Explicit Material

This bill creates two new sections of criminal law addressing the promotion, theft, and possession of certain sexually explicit material. The bill defines the following terms relating to these new crimes:

- "Altered sexual depiction" means any visual depiction that, as a result of any type of digital, electronic, mechanical, or other modification, alteration, or adaptation, depicts a realistic version of an identifiable person: with the nude body parts of another person as the nude body parts of the identifiable person; with computer-generated nude body parts as the nude body parts of the identifiable person; or engaging in sexual conduct in which the identifiable person did not engage.
- "Identifiable person" means a person who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.
- "Nude body parts" means human male or female genitals, pubic area, or buttocks with less than fully opaque covering; or the female breast with less than fully opaque covering any portion thereof below the top of the nipple; or the depiction of covered male genitals in a discernibly turgid state. The term does not under any circumstances include a mother breastfeeding her baby.
- "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.
- "Sexually explicit image" means any image depicting nudity[71] or depicting a person engaging in sexual conduct.[72]

---

[69] Sections 921.002-921.0027, F.S. *See* chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.

[70] Section 921.0023(1) and (2), F.S.

[71] "Nudity" means the showing of the human male or female genitals, pubic area, or buttocks with less than a fully opaque covering; or the showing of the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple; or the depiction of covered male genitals in a discernibly turgid state. A mother's breastfeeding of her baby does not under any circumstance constitute "nudity," irrespective of whether or not the nipple is covered during or incidental to feeding. Section 847.001(9), F.S.

[72] "Sexual conduct" means actual or simulated sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area,

- "Visual depiction" includes, but is not limited to, a photograph, picture, image, motion picture, film, video, or representation, regardless of whether such photograph, picture, image, motion picture, film, video, or representation was made, modified, altered, adapted, or produced by digital, electronic, mechanical, or other means.

The bill addresses deep fake images by providing a person commits a third degree felony when he or she willfully and maliciously promotes any altered sexual depiction of an identifiable person, without the consent of the identifiable person, and who knows or reasonably should have known that such visual depiction was an altered sexual depiction.[73]

The presence of a disclaimer within an altered sexual depiction which notifies a viewer that the person or persons depicted did not consent to or participate in the creation or promotion of the material, or that the person or persons depicted did not actually perform the actions portrayed, is not a defense and does not relieve a person of criminal liability.[74]

The bill criminalizes theft or unauthorized promotion of a sexually explicit image. A person commits a third degree felony when he or she:

- Commits a theft, in violation of s. 812.014, F.S.,[75] of a sexually explicit image with the intent to promote such image; or
- Willfully possesses with the intent to promote a sexually explicit image that he or she knows or should have known was obtained in violation of the offense described above.[76]

The bill provides a higher penalty, a second degree felony, when a person willfully promotes for the purpose of pecuniary or any type of financial gain a sexually explicit image of an identifiable person without that person's consent. [77] Exceptions are provided for sexually explicit images involving voluntary exposure in a public or commercial setting, and sexually explicit images possessed or promoted by a bona fide news media organization for a legitimate and newsworthy purpose.

Additionally, every act, thing or transaction prohibited in these offenses constitutes a separate offense.[78] The bill also specifies that a violation is committed within this state if any conduct that is an element of the offense, or any harm to the depicted individual resulting from the offense, occurs in this state.[79]

---

buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute sexual conduct. Section 847.001(16), F.S.

[73] This new offense is created in the bill under s. 836.13(2), F.S.

[74] This provision is established in the newly created s. 836.13(4), F.S.

[75] Section 812.014(1), F.S., provides that a person commits theft if he or she knowingly obtains or uses, or endeavors to obtain or to use, the property of another with intent to, either temporarily or permanently: deprive the other person of a right to the property or a benefit from the property; or appropriate the property to his or her own use or to the use of any person not entitled to the use of the property.

[76] These new offenses are created under s. 836.14(2) and (3), F.S., respectively.

[77] This new offense is created under s. 836.14(4), F.S.

[78] This provision applies to both new offenses and is established in the newly created ss. 836.13 and 836.14, F.S.

[79] This provision applies to both new offenses and is established in the newly created ss. 836.13 and 836.14, F.S.

Prosecution of a person for any of the above described offenses does not preclude prosecution of that person in this state for a violation of any other law of this state, including a law providing for greater penalties than prescribed in this section or any other crime related to child sexual abuse material or the sexual performance or sexual exploitation of children.

The bill creates a civil cause of action so that an aggrieved person may receive injunctive relief; monetary damages of $10,000 or actual damages, whichever is greater; and reasonable attorney fees and costs.[80]

The criminal and civil penalties created for these crimes do not apply to:
- A provider of an interactive computer service, of an information service, or of a communications service which provides the transmission, storage, or caching of electronic communications or messages of others; another related telecommunications or commercial mobile radio service; or content provided by another person;
- A law enforcement officer, or any local, state, federal, or military law enforcement agency that disseminates a sexually explicit image in connection with the performances of his or her duties;
- A person reporting unlawful activity; or
- A person participating in a hearing, trial, or other legal proceeding.[81]

Additionally, the felony offenses created in this bill are ranked in the offense severity ranking chart of the Criminal Punishment Code. The third degree felony offense of promoting an altered sexual depiction created in s. 836.13, F.S., is ranked as a level 3 offense. The third degree felony offenses relating to theft or unauthorized promotion of a sexually explicit image in s. 836.14, F.S., are ranked as level 4 offenses. The second degree felony offense of promoting a sexually explicit image created in s. 836.14, F.S., is ranked as a level 5 offense.

Sexual Cyberharassment

The bill amends s. 784.049, F.S., relating to sexual cyberharassment, to increase the minimum monetary damages from $5,000 to $10,000 that a victim may receive as a result of a civil action.

Child Sexual Abuse Material and Obscenity

The bill amends ss. 39.0138, 92.56, 92.561, 435.07, 775.0847, 827.071, 847.001, 847.0137, 847.0139, 847.002, 960.03, and 960.197, F.S., to replace the term "child pornography," with "child sexual abuse material." Additionally, the bill further amends ss. 775.0847, 827.071, and 847.001, F.S., to expand this term to include any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

The bill provides that "identifiable minor" means a person:
- Who was a minor at the time the image was created, altered, adapted, or modified, or whose image as a minor was used in the creating, altering, adapting, or modifying of the image; and

[80] This provision applies to both new offenses and is established in the newly created ss. 836.13 and 836.14, F.S.
[81] This provision is established in ss. 836.13 and 836.14, F.S.

- Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

This term may not be construed to require proof of the actual identity of the identifiable minor.

The bill further amends s. 827.071, F.S., to replace the phrase "any sexual conduct by a child," with the term "child sexual abuse material." The term "child sexual abuse material," includes images depicting any sexual conduct by a child.

The bill amends s. 775.0847, F.S., to replace the term "movie" with "motion picture, film, video, or computer-generated motion picture, film, or video," for purposes of enhancing specified offenses relating to child sexual abuse material or obscenity.

Additionally, the bill expands or adds multiple terms relating to child sexual abuse material or obscenity throughout the Florida Statutes. Specifically the bill:

- Amends the terms "minor" and "child" in ss. 775.0847 and 847.001, F.S., to provide that "minor" or "child" means any person, whose identity is known or unknown, younger than 18 years of age. The bill adds that definition of "minor" or "child" to s. 827.071, F.S.
- Amends s. 827.071, F.S., to expand the definition of "promote" and includes the new expanded definition of "promote," to s. 847.001, F.S. The bill provides "promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, *transmit*, transmute, publish, distribute, circulate, disseminate, present, exhibit, *send*, *post*, *share*, or advertise or to offer or agree to do the same.
- Expands the definition of "sexual conduct," in ss. 775.0847, 827.071, and 847.001, F.S., to include *simulated* lewd exhibition of the genitals.

Child-like Sex Dolls

The bill amends s. 847.011(5), F.S., relating to the possession of obscene, child-like sex dolls, to provide that a law enforcement officer may arrest without a warrant any person who he or she has probable cause to believe possesses a child-like sex doll.

Sexual Activities Involving Animals

The bill removes the term "sexual conduct" and provides one definition for "sexual contact with an animal" to mean any act committed between an animal for the purpose of sexual gratification, abuse, or financial gain which involves:

- Contact between the sex organ or anus of one and the mouth, sex organ, or anus of the other;
- The fondling of the sex organ or anus of an animal; or
- The insertion, however slight, of any part of the body of a person or any object into the vaginal or anal opening of an animal, or the insertion of any part of the body of an animal into the vaginal or anal opening of a person.

The bill revises the prohibited conduct to include that a person may not knowingly:

- Advertise, offer, solicit, or accept an offer of an animal for the purpose of sexual contact with such animal; or

- Film, distribute, or possess any pornographic image or video of a person and an animal engaged in any prohibited conducted related to sexual activities involving animals.

The bill increases the penalty for sexual contact with an animal from a first degree misdemeanor to a third degree felony, and ranks the felony as a level 6 in the offense severity ranking chart of the Criminal Punishment Code.

Additionally, the bill provides that the court must issue an order prohibiting a person convicted of sexual activity involving an animal, from:
- Harboring, owning, possessing, or exercising control over any animal;
- Residing in any household in which animals are present; and
- Engaging in an occupation, whether paid or unpaid, or volunteering at any establishment at which animals are present.

Such order may be effective for up to 5 years after the date of conviction, regardless of whether adjudication is withheld.

The bill provides an exception to criminal liability for accepted husbandry practices, including, but not limited to, bona fide agricultural purposes, assistance with the birthing process or artificial insemination of an animal for reproductive purposes. Additionally, the bill specifies that *accepted* conformation judging practices is an exception to criminal liability.

Additionally, the bill amends a number of sections conforming cross-references to changes made by the act.

The bill is effective October 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

This bill appears to be exempt from the requirements of Article VII, Section 18 of the Florida Constitution because it is a criminal law.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

This bill likely has a positive indeterminate fiscal impact (i.e., an unquantifiable increase in prison beds and jail beds) on the Department of Corrections and local jails due to the increased number of prison and jail beds needed for persons convicted of the crimes created, the expansion of existing crimes, or increased penalties, provided in the bill.

The bill creates a third degree felony for promoting an altered sexual depiction. The bill also creates s. 836.14, F.S., to create two third degree felony offenses and one second degree felony offense, related to theft or unauthorized promotion of a sexually explicit image.

The bill creates a new crime and expands a current crime relating to sexual activity involving animals. Additionally, the bill increases the penalty from a first degree misdemeanor to a third degree felony for crimes relating to sexual activities involving animals. Due to this expansion and increased penalty, more people may receive a prison sentence for behavior that is not prohibited under current law, or is prohibited but the penalty is currently a first degree misdemeanor.

Additionally, the bill expands the definition of child sexual abuse material. Due to this expansion, more people may be arrested and convicted under existing crimes for behavior that is not prohibited under current law, but is prohibited under the bill.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 775.0847, 784.049, 827.071, 828.126, 847.001, 847.011, 847.0137, 921.0022, 960.03, 288.1254, and 847.0141.

This bill creates the following sections of the Florida Statutes: 836.13 and 836.14.

This bill makes conforming technical changes to the following sections of the Florida Statutes: 39.0138, 92.56, 92.561, 288.1254, 435.07, 456.074, 847.002, 847.01357, 847.0139, 847.0141, 948.06, and 960.197, F.S.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Removes the term *sexual conduct* and provides one definition for *sexual contact with an animal* that encompasses such conduct, and revises the prohibited conduct to specify that a person may not: advertise, offer, solicit, or accept an offer of an animal for the purpose of sexual contact with the animal; or knowingly film, distribute, or possess any pornographic image or video of a person and an animal engaged in any activities prohibited.
- Increases the penalty for *sexual contact with an animal* from a first degree misdemeanor to a third degree felony.
- Provides that the court must issue an order prohibiting a person convicted of sexual activity involving an animal, from: possessing or exercising control over an animal; living with an animal; and, working or volunteering at any place where an animal is present.
- Specifies that these crimes do not apply to accepted animal husbandry practices, including, but not limited to, bona fide agricultural purposes, assistance with the birthing process or artificial insemination of an animal for reproductive purposes.
- Provides an exception from criminal or civil liability for a sexually explicit image possessed or promoted by a bona fide news media organization for a legitimate and newsworthy purpose.
- Makes technical and clarifying changes recommended by staff.

CS by Criminal Justice on January 25, 2022:
The committee substitute:

- Creates the third degree felony of *promotion of an altered sexual depiction*, and two third degree felonies and one second degree felony for *unlawfully obtaining, possessing, or promoting a sexually explicit image* which replaces, and targets the same conduct as the crime created in the original bill.
- Increases the amount of monetary damages a victim of sexual cyberharassment may receive in a civil action, from $5,000 to $10,000.
- Renames the crime of "child pornography" to "child sexual abuse material" and expands the definition to include any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

- Provides a definition of "identifiable minor," that is consistent with the definition under federal law.
- Removes the previous definition of "digitization," that was provided in the bill.
- Replaces the term "movie" with "motion picture, film, video, or computer-generated motion picture, film, or video," for purposes of enhancing specified offenses relating to child pornography or obscenity.
- Includes an exception to the warrant requirement if the officer has probable cause to believe a person possesses an obscene, child-like sex doll.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

729720

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/01/2022	.	
	.	
	.	
	.	

The Committee on Appropriations (Pizzo) recommended the following:

Senate Amendment (with title amendment)

Delete lines 67 - 713

and insert:

altered, adapted, or modified, or whose image as a minor was used in the creating, altering, adapting, or modifying of the image; and

2. Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

729720

The term may not be construed to require proof of the actual identity of the identifiable minor.

(d) ~~(c)~~ "Sadomasochistic abuse" means flagellation or torture by or upon a person or the condition of being fettered, bound, or otherwise physically restrained, for the purpose of deriving sexual satisfaction, or satisfaction brought about as a result of sadistic violence, from inflicting harm on another or receiving such harm oneself.

(e) ~~(d)~~ "Sexual battery" means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, sexual battery does not include an act done for a bona fide medical purpose.

(f) ~~(e)~~ "Sexual bestiality" means any sexual act, actual or simulated, between a person and an animal involving the sex organ of the one and the mouth, anus, or vagina of the other.

(g) ~~(f)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(2) A violation of s. 827.071, s. 847.0135, s. 847.0137, or

729720

s. 847.0138 shall be reclassified to the next higher degree as provided in subsection (3) if:

(a) The offender possesses 10 or more images of any form of child sexual abuse material ~~child pornography~~ regardless of content; and

(b) The content of at least one image contains one or more of the following:

1. A child who is younger than the age of 5.

2. Sadomasochistic abuse involving a child.

3. Sexual battery involving a child.

4. Sexual bestiality involving a child.

5. Any motion picture, film, video, or computer-generated motion picture, film, or video ~~movie~~ involving a child, regardless of length and regardless of whether the motion picture, film, video, or computer-generated motion picture, film, or video ~~movie~~ contains sound.

(3)(a) In the case of a felony of the third degree, the offense is reclassified to a felony of the second degree.

(b) In the case of a felony of the second degree, the offense is reclassified to a felony of the first degree.

For purposes of sentencing under chapter 921 and determining incentive gain-time eligibility under chapter 944, a felony offense that is reclassified under this section is ranked one level above the ranking under s. 921.0022 or s. 921.0023 of the offense committed.

Section 2. Paragraph (b) of subsection (5) of section 784.049, Florida Statutes, is amended to read:

784.049 Sexual cyberharassment.—

729720

(5) An aggrieved person may initiate a civil action against a person who violates this section to obtain all appropriate relief in order to prevent or remedy a violation of this section, including the following:

(b) Monetary damages to include $10,000 ~~$5,000~~ or actual damages incurred as a result of a violation of this section, whichever is greater.

Section 3. Section 827.071, Florida Statutes, is amended to read:

827.071 Sexual performance by a child; child sexual abuse material; penalties.—

(1) As used in this section, the following definitions shall apply:

(a) "Child" or "minor" means any person, whose identity is known or unknown, younger than 18 years of age.

(b) "Child sexual abuse material" means:

1. Any image depicting a minor engaged in sexual conduct; or

2. Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

(c) ~~(a)~~ "Deviate sexual intercourse" means sexual conduct between persons not married to each other consisting of contact between the penis and the anus, the mouth and the penis, or the mouth and the vulva.

(d) "Identifiable minor" means a person:

1. Who was a minor at the time the image was created, altered, adapted, or modified, or whose image as a minor was used in the creating, altering, adapting, or modifying of the

729720

image; and

2. Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

The term may not be construed to require proof of the actual identity of the identifiable minor.

(e) ~~(b)~~ "Intentionally view" means to deliberately, purposefully, and voluntarily view. Proof of intentional viewing requires establishing more than a single image, motion picture, exhibition, show, image, data, computer depiction, representation, or other presentation over any period of time.

(f) ~~(c)~~ "Performance" means any play, motion picture, photograph, or dance or any other visual representation exhibited before an audience.

(g) ~~(d)~~ "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(h) ~~(e)~~ "Sadomasochistic abuse" means flagellation or torture by or upon a person, or the condition of being fettered, bound, or otherwise physically restrained, for the purpose of deriving sexual satisfaction from inflicting harm on another or receiving such harm oneself.

(i) ~~(f)~~ "Sexual battery" means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, "sexual battery" does not include an act done for a

729720

bona fide medical purpose.

(j) ~~(g)~~ "Sexual bestiality" means any sexual act between a person and an animal involving the sex organ of the one and the mouth, anus, or vagina of the other.

(k) ~~(h)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast, with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(l) ~~(i)~~ "Sexual performance" means any performance or part thereof which includes sexual conduct by a child ~~of less than 18 years of age~~.

(m) ~~(j)~~ "Simulated" means the explicit depiction of conduct set forth in paragraph (k) ~~(h)~~ which creates the appearance of such conduct and which exhibits any uncovered portion of the breasts, genitals, or buttocks.

(2) A person is guilty of the use of a child in a sexual performance if, knowing the character and content thereof, he or she employs, authorizes, or induces a child ~~less than 18 years of age~~ to engage in a sexual performance or, being a parent, legal guardian, or custodian of such child, consents to the participation by such child in a sexual performance. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a

729720

felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) A person is guilty of promoting a sexual performance by a child when, knowing the character and content thereof, he or she produces, directs, or promotes any performance which includes sexual conduct by a child ~~less than 18 years of age~~. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) It is unlawful for any person to possess with the intent to promote any photograph, motion picture, exhibition, show, representation, or other presentation which, in whole or in part, includes child sexual abuse material ~~any sexual conduct by a child~~. The possession of three or more copies of such photograph, motion picture, representation, or presentation is prima facie evidence of an intent to promote. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5)(a) It is unlawful for any person to knowingly possess, control, or intentionally view a photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation which, in whole or in part, he or she knows to include child sexual abuse material ~~any sexual conduct by a child~~. The possession, control, or intentional viewing of each such photograph, motion picture, exhibition, show, image, data, computer depiction, representation, or presentation is a separate offense. If such photograph, motion picture, exhibition, show, representation, image, data, computer

729720

depiction, or other presentation includes child sexual abuse material depicting ~~sexual conduct by~~ more than one child, then each such child in each such photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation that is knowingly possessed, controlled, or intentionally viewed is a separate offense. A person who violates this paragraph ~~subsection~~ commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Paragraph (a) ~~This subsection~~ does not apply to any material possessed, controlled, or intentionally viewed as part of a law enforcement investigation.

(6) Prosecution of a ~~any~~ person for an offense under this section does ~~shall~~ not preclude ~~prohibit~~ prosecution of that person in this state for a violation of any other law of this state, including a law providing for greater penalties than prescribed in this section or any other crime punishing the sexual performance or the sexual exploitation of children.

Section 4. Section 836.13, Florida Statutes, is created to read:

836.13 Promotion of an altered sexual depiction; prohibited acts; penalties; applicability.—

(1) As used in this section, the term:

(a) "Altered sexual depiction" means any visual depiction that, as a result of any type of digital, electronic, mechanical, or other modification, alteration, or adaptation, depicts a realistic version of an identifiable person:

1. With the nude body parts of another person as the nude body parts of the identifiable person;

729720

2. With computer-generated nude body parts as the nude body parts of the identifiable person; or

3. Engaging in sexual conduct as defined in s. 847.001 in which the identifiable person did not engage.

(b) "Identifiable person" means a person who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

(c) "Nude body parts" means the human male or female genitals, pubic area, or buttocks with less than fully opaque covering; or the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple; or the depiction of covered male genitals in a discernibly turgid state. The term does not under any circumstances include a mother breastfeeding her baby.

(d) "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(e) "Visual depiction" includes, but is not limited to, a photograph, picture, image, motion picture, film, video, or representation, regardless of whether such photograph, picture, image, motion picture, film, video, or representation was made, modified, altered, adapted, or produced by digital, electronic, mechanical, or other means.

(2) A person who willfully and maliciously promotes any altered sexual depiction of an identifiable person, without the consent of the identifiable person, and who knows or reasonably

729720

should have known that such visual depiction was an altered sexual depiction, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) Every act, thing, or transaction prohibited by this section constitutes a separate offense and is punishable as such.

(4) The presence of a disclaimer within an altered sexual depiction which notifies a viewer that the person or persons depicted did not consent to or participate in the creation or promotion of the material, or that the person or persons depicted did not actually perform the actions portrayed, is not a defense and does not relieve a person of criminal liability under this section.

(5) An aggrieved person may initiate a civil action against a person who violates subsection (2) to obtain appropriate relief in order to prevent or remedy a violation of subsection (2), including all of the following:

(a) Injunctive relief.

(b) Monetary damages to include $10,000 or actual damages incurred as a result of a violation of subsection (2), whichever is greater.

(c) Reasonable attorney fees and costs.

(6) The criminal and civil penalties of this section do not apply to:

(a) A provider of an interactive computer service as defined in 47 U.S.C. s. 230(f), of an information service as defined in 47 U.S.C. s. 153, or of a communications service as defined in s. 202.11 which provides the transmission, storage, or caching of electronic communications or messages of others;

729720

another related telecommunications or commercial mobile radio service; or content provided by another person;

(b) A law enforcement officer, as defined in s. 943.10, or any local, state, federal, or military law enforcement agency that promotes an altered sexual depiction in connection with the performance of his or her duties as a law enforcement officer or the duties of the law enforcement agency;

(c) A person reporting unlawful activity; or

(d) A person participating in a hearing, trial, or other legal proceeding.

(7) A violation of this section is committed within this state if any conduct that is an element of the offense, or any harm to the depicted person resulting from the offense, occurs within this state.

(8) Prosecution of a person for an offense under this section does not preclude prosecution of that person in this state for a violation of any other law of this state, including a law providing for greater penalties than prescribed in this section or any other crime related to child sexual abuse material or the sexual performance or the sexual exploitation of children.

Section 5. Section 836.14, Florida Statutes, is created to read:

836.14 Theft or unauthorized promotion of a sexually explicit image.—

(1) As used in this section, the term:

(a) "Identifiable person" has the same meaning as in s. 836.13.

(b) "Promote" has the same meaning as in s. 836.13.

729720

(c) "Sexually explicit image" means any image depicting nudity as defined in s. 847.001 or a person engaging in sexual conduct as defined in s. 847.001.

(2) A person who commits a theft in violation of s. 812.014 of a sexually explicit image with the intent to promote such image commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) A person who willfully possesses with the intent to promote a sexually explicit image that he or she knows or should have known was obtained in violation of subsection (2) commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) A person who willfully promotes for the purpose of pecuniary or any other financial gain a sexually explicit image of an identifiable person without that person's consent commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5) Every act, thing, or transaction prohibited by this section constitutes a separate offense and is punishable as such.

(6) An aggrieved person may initiate a civil action against a person who violates this section to obtain all appropriate relief in order to prevent or remedy a violation of this section, including the following:

(a) Injunctive relief.

(b) Monetary damages to include $10,000 or actual damages incurred as a result of a violation of this section, whichever is greater.

(c) Reasonable attorney fees and costs.

729720

(7) The criminal and civil penalties of this section do not apply to:

(a) A provider of an interactive computer service as defined in 47 U.S.C. s. 230(f), of an information service as defined in 47 U.S.C. s. 153, or of a communications service as defined in s. 202.11 which provides the transmission, storage, or caching of electronic communications or messages of others; another related telecommunications or commercial mobile radio service; or content provided by another person;

(b) A law enforcement officer, as defined in s. 943.10, or any local, state, federal, or military law enforcement agency that disseminates a sexually explicit image in connection with the performance of his or her duties as a law enforcement officer or the duties of the law enforcement agency;

(c) A person reporting unlawful activity;

(d) A person participating in a hearing, trial, or other legal proceeding;

(e) Sexually explicit images involving voluntary exposure in a public or commercial setting; or

(f) Sexually explicit images possessed or promoted by a bona fide news media organization for a legitimate and newsworthy purpose.

(8) A violation of this section is committed within this state if any conduct that is an element of the offense, or any harm to the depicted individual resulting from the offense, occurs within this state.

(9) Prosecution of a person for an offense under this section does not preclude prosecution of that person in this state for a violation of any other law of this state, including

729720

a law providing for greater penalties than prescribed in this section or any other crime related to child sexual abuse material or the sexual performance or the sexual exploitation of children.

Section 6. Present subsections (7) through (11) and (12) through (20) of section 847.001, Florida Statutes, are redesignated as subsections (8) through (12) and (14) through (22), respectively, new subsections (7) and (13) are added to that section, and subsection (3) and present subsections (8), (16), and (19) of that section are amended, to read:

847.001 Definitions.—As used in this chapter, the term:

(3) "Child sexual abuse material" ~~"Child pornography"~~ means:

(a) Any image depicting a minor engaged in sexual conduct; or

(b) Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

(7) "Identifiable minor" means a person:

(a) Who was a minor at the time the image was created, altered, adapted, or modified, or whose image as a minor was used in the creating, altering, adapting, or modifying of the image; and

(b) Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

The term may not be construed to require proof of the actual identity of the identifiable minor.

729720

(9) ~~(8)~~ "Minor" or "child" means any person, whose identity is known or unknown, younger than ~~under the age of~~ 18 years of age.

(13) "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(18) ~~(16)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(21) ~~(19)~~ "Simulated" means the explicit depiction of conduct described in subsection (18) ~~(16)~~ which creates the appearance of such conduct and which exhibits any uncovered portion of the breasts, genitals, or buttocks.

Section 7. Subsection (5) of section 847.011, Florida Statutes, is amended to read:

847.011 Prohibition of certain acts in connection with obscene, lewd, etc., materials; penalty.—

(5)(a)1. A person may not knowingly sell, lend, give away, distribute, transmit, show, or transmute; offer to sell, lend,

729720

give away, distribute, transmit, show, or transmute; have in his or her possession, custody, or control with the intent to sell, lend, give away, distribute, transmit, show, or transmute; or advertise in any manner an obscene, child-like sex doll.

2.a. Except as provided in sub-subparagraph b., a person who violates this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. A person who is convicted of violating this paragraph a second or subsequent time commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b)1. Except as provided in subparagraph 2., a person who knowingly has in his or her possession, custody, or control an obscene, child-like sex doll commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

2. A person who is convicted of violating this paragraph a second or subsequent time commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

(c)1. A law enforcement officer may arrest without a warrant any person who he or she has probable cause to believe has violated paragraph (b).

2. Upon proper affidavits being made, a search warrant may be issued to further investigate a violation of paragraph (b), including to search a private dwelling.

Section 8. Subsections (1) through (4) of section 847.0137, Florida Statutes, are amended to read:

847.0137 Transmission of pornography by electronic device or equipment prohibited; penalties.—

(1) As used in this section, the term ~~For purposes of this~~

729720

~~section:~~

~~(a) "Minor" means any person less than 18 years of age.~~

~~(b)~~ "transmit" means the act of sending and causing to be delivered, including the act of providing access for receiving and causing to be delivered, any image, information, or data ~~from one or more persons or places to one or more other persons or places~~ over or through any medium, including the Internet or an interconnected network, by use of any electronic equipment or other device.

(2) Notwithstanding ss. 847.012 and 847.0133, any person in this state who knew or reasonably should have known that he or she was transmitting child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to another person in this state or in another jurisdiction commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) Notwithstanding ss. 847.012 and 847.0133, any person in any jurisdiction other than this state who knew or reasonably should have known that he or she was transmitting child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to any person in this state commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) This section shall not be construed to preclude ~~prohibit~~ prosecution of a person in this state or another jurisdiction for a violation of any law of this state, including a law providing for greater penalties than prescribed in this section, for the transmission of child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to any person in this state.

729720

The provisions of this section do not apply to subscription-based transmissions such as list servers.

Section 9. Section 828.126, Florida Statutes, is amended to read:

828.126 Sexual activities involving animals.—

(1) As used in this section, the term~~:~~

~~(a) "Sexual conduct" means any touching or fondling by a person, either directly or through clothing, of the sex organs or anus of an animal or any transfer or transmission of semen by the person upon any part of the animal for the purpose of sexual gratification or arousal of the person.~~

~~(b)~~ "Sexual contact with an animal" means any act committed between a person and an animal for the purpose of sexual gratification, abuse, or financial gain which involves:

(a) Contact between the sex organ or anus of one and the mouth, sex organ, or anus of the other;

(b) The fondling of the sex organ or anus of an animal; or

(c) The insertion, however slight, of any part of the body of a person or any object into the vaginal or anal opening of an animal, or the insertion of any part of the body of an animal into the vaginal or anal opening of a person ~~contact, however slight, between the mouth, sex organ, or anus of a person and the sex organ or anus of an animal, or any penetration, however slight, of any part of the body of the person into the sex organ or anus of an animal, or any penetration of the sex organ or anus of the person into the mouth of the animal, for the purpose of sexual gratification or sexual arousal of the person~~.

(2) A person may not:

729720

(a) Knowingly engage in any ~~sexual conduct or~~ sexual contact with an animal;

(b) Knowingly cause, aid, or abet another person to engage in any ~~sexual conduct or~~ sexual contact with an animal;

(c) Knowingly permit any ~~sexual conduct or~~ sexual contact with an animal to be conducted on any premises under his or her charge or control; ~~or~~

(d) Knowingly organize, promote, conduct, ~~advertise,~~ aid, abet, participate in as an observer, or advertise, offer, solicit, or accept an offer of an animal for the purpose of sexual contact with such animal, or perform any service in the furtherance of an act involving any ~~sexual conduct or~~ sexual contact with an animal; or

(e) Knowingly film, distribute, or possess any pornographic image or video of a person and an animal engaged in any of the activities prohibited by this section ~~for a commercial or recreational purpose~~.

(3) A person who violates this section commits a felony of the third ~~misdemeanor of the first~~ degree, punishable as provided in s. 775.082, ~~or~~ s. 775.083, or s. 775.084.

(4) In addition to other penalties prescribed by law, the court shall issue an order prohibiting a person convicted under this section from harboring, owning, possessing, or exercising control over any animal; from residing in any household in which animals are present; and from engaging in an occupation, whether paid or unpaid, or participating in a volunteer position at any establishment at which animals are present. The order may be effective for up to 5 years after the date of the conviction, regardless of whether adjudication is withheld.

729720

(5) ~~(4)~~ This section does not apply to accepted animal husbandry practices, including, but not limited to, bona fide agricultural purposes, assistance with the birthing process or artificial insemination of an animal for reproductive purposes, accepted conformation judging practices, or accepted veterinary medical practices.

Section 10. Paragraphs (c) through (f) of subsection (3) of section 921.0022, Florida Statutes, are amended to read:

921.0022 Criminal Punishment Code; offense severity ranking chart.—

(3) OFFENSE SEVERITY RANKING CHART

(c) LEVEL 3

Florida Statute	Felony Degree	Description
119.10(2)(b)	3rd	Unlawful use of confidential information from police reports.

enforcement officers to arrest certain persons without a warrant; authorizing a search warrant to be issued for further investigation upon proper affidavits being made; amending 847.0137, F.S.; deleting the definition of the term "minor"; redefining the term "transmit"; conforming provisions to changes made by the act; amending s. 921.0022, F.S.; ranking offenses created by this act for purposes of the severity ranking chart of the Criminal Punishment Code; conforming provisions to changes made by the act; amending s. 960.03, F.S.; replacing the term "child pornography" with the term "child sexual abuse material"; conforming provisions to changes made by the act; amending ss. 288.1254 and 847.0141, F.S.; conforming cross-references; amending ss. 39.0138, 92.56, 92.561, 435.07, 456.074, 847.002, 847.01357, 847.0139, 948.06, and 960.197, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 775.0847, Florida Statutes, is amended to read:

775.0847 Possession or promotion of certain child sexual abuse material ~~images of child pornography~~; reclassification.—

(1) For purposes of this section:

(a) "Child" or "minor" means any person, whose identity is known or unknown, younger ~~less~~ than 18 years of age.

(b) "Child sexual abuse material" ~~"Child pornography"~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

means:

1. Any image depicting a minor engaged in sexual conduct; or

2. Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

(c) "Identifiable minor" means a person:

1. Who was a minor at the time the image was created, adapted, or modified, or whose image as a minor was used in the creating, adapting, or modifying of the image; and

2. Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

The term may not be construed to require proof of the actual identity of the identifiable minor.

(d) ~~(c)~~ "Sadomasochistic abuse" means flagellation or torture by or upon a person or the condition of being fettered, bound, or otherwise physically restrained, for the purpose of deriving sexual satisfaction, or satisfaction brought about as a result of sadistic violence, from inflicting harm on another or receiving such harm oneself.

(e) ~~(d)~~ "Sexual battery" means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, sexual battery does not include an act done for a bona fide medical purpose.

(f) ~~(e)~~ "Sexual bestiality" means any sexual act, actual or simulated, between a person and an animal involving the sex

organ of the one and the mouth, anus, or vagina of the other.

(g) ~~(f)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(2) A violation of s. 827.071, s. 847.0135, s. 847.0137, or s. 847.0138 shall be reclassified to the next higher degree as provided in subsection (3) if:

(a) The offender possesses 10 or more images of any form of child sexual abuse material ~~child pornography~~ regardless of content; and

(b) The content of at least one image contains one or more of the following:

1. A child who is younger than the age of 5.

2. Sadomasochistic abuse involving a child.

3. Sexual battery involving a child.

4. Sexual bestiality involving a child.

5. Any motion picture, film, video, or computer-generated motion picture, film, or video ~~movie~~ involving a child, regardless of length and regardless of whether the motion picture, film, video, or computer-generated motion picture, film, or video ~~movie~~ contains sound.

(3)(a) In the case of a felony of the third degree, the offense is reclassified to a felony of the second degree.

(b) In the case of a felony of the second degree, the offense is reclassified to a felony of the first degree.

For purposes of sentencing under chapter 921 and determining incentive gain-time eligibility under chapter 944, a felony offense that is reclassified under this section is ranked one level above the ranking under s. 921.0022 or s. 921.0023 of the offense committed.

Section 2. Paragraph (b) of subsection (5) of section 784.049, Florida Statutes, is amended to read:

784.049 Sexual cyberharassment.—

(5) An aggrieved person may initiate a civil action against a person who violates this section to obtain all appropriate relief in order to prevent or remedy a violation of this section, including the following:

(b) Monetary damages to include $10,000 ~~$5,000~~ or actual damages incurred as a result of a violation of this section, whichever is greater.

Section 3. Section 827.071, Florida Statutes, is amended to read:

827.071 Sexual performance by a child; child sexual abuse material; penalties.—

(1) As used in this section, the following definitions shall apply:

(a) "Child" or "minor" means any person, whose identity is known or unknown, younger than 18 years of age.

(b) "Child sexual abuse material" means:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

1. Any image depicting a minor engaged in sexual conduct; or

2. Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

(c) ~~(a)~~ "Deviate sexual intercourse" means sexual conduct between persons not married to each other consisting of contact between the penis and the anus, the mouth and the penis, or the mouth and the vulva.

(d) "Identifiable minor" means a person:

1. Who was a minor at the time the image was created, adapted, or modified, or whose image as a minor was used in the creating, adapting, or modifying of the image; and

2. Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

The term may not be construed to require proof of the actual identity of the identifiable minor.

(e) ~~(b)~~ "Intentionally view" means to deliberately, purposefully, and voluntarily view. Proof of intentional viewing requires establishing more than a single image, motion picture, exhibition, show, image, data, computer depiction, representation, or other presentation over any period of time.

(f) ~~(c)~~ "Performance" means any play, motion picture, photograph, or dance or any other visual representation exhibited before an audience.

(g) ~~(d)~~ "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(h) ~~(c)~~ "Sadomasochistic abuse" means flagellation or torture by or upon a person, or the condition of being fettered, bound, or otherwise physically restrained, for the purpose of deriving sexual satisfaction from inflicting harm on another or receiving such harm oneself.

(i) ~~(f)~~ "Sexual battery" means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object; however, "sexual battery" does not include an act done for a bona fide medical purpose.

(j) ~~(g)~~ "Sexual bestiality" means any sexual act between a person and an animal involving the sex organ of the one and the mouth, anus, or vagina of the other.

(k) ~~(h)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast, with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(l) ~~(i)~~ "Sexual performance" means any performance or part thereof which includes sexual conduct by a child ~~of less than 18~~

~~years of age~~.

(m) ~~(j)~~ "Simulated" means the explicit depiction of conduct set forth in paragraph (k) ~~(h)~~ which creates the appearance of such conduct and which exhibits any uncovered portion of the breasts, genitals, or buttocks.

(2) A person is guilty of the use of a child in a sexual performance if, knowing the character and content thereof, he or she employs, authorizes, or induces a child ~~less than 18 years of age~~ to engage in a sexual performance or, being a parent, legal guardian, or custodian of such child, consents to the participation by such child in a sexual performance. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) A person is guilty of promoting a sexual performance by a child when, knowing the character and content thereof, he or she produces, directs, or promotes any performance which includes sexual conduct by a child ~~less than 18 years of age~~. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) It is unlawful for any person to possess with the intent to promote any photograph, motion picture, exhibition, show, representation, or other presentation which, in whole or in part, includes child sexual abuse material ~~any sexual conduct by a child~~. The possession of three or more copies of such photograph, motion picture, representation, or presentation is prima facie evidence of an intent to promote. A person who ~~Whoever~~ violates this subsection commits ~~is guilty of~~ a felony

of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5)(a) It is unlawful for any person to knowingly possess, control, or intentionally view a photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation which, in whole or in part, he or she knows to include child sexual abuse material ~~any sexual conduct by a child~~. The possession, control, or intentional viewing of each such photograph, motion picture, exhibition, show, image, data, computer depiction, representation, or presentation is a separate offense. If such photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation includes child sexual abuse material depicting ~~sexual conduct by~~ more than one child, then each such child in each such photograph, motion picture, exhibition, show, representation, image, data, computer depiction, or other presentation that is knowingly possessed, controlled, or intentionally viewed is a separate offense. A person who violates this paragraph ~~subsection~~ commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Paragraph (a) ~~This subsection~~ does not apply to any material possessed, controlled, or intentionally viewed as part of a law enforcement investigation.

(6) Prosecution of a ~~any~~ person for an offense under this section does ~~shall~~ not prohibit prosecution of that person in this state for a violation of any other law of this state, including a law providing for greater penalties than prescribed in this section or any other crime punishing the sexual

performance or the sexual exploitation of children.

Section 4. Section 836.13, Florida Statutes, is created to read:

836.13 Promotion of an altered sexual depiction; prohibited acts; penalties; applicability.—

(1) As used in this section, the term:

(a) "Altered sexual depiction" means any visual depiction that, as a result of any type of digital, electronic, mechanical, or other modification, alteration, or adaptation, depicts a realistic version of an identifiable person:

1. With the nude body parts of another person as the nude body parts of the identifiable person;

2. With computer-generated nude body parts as the nude body parts of the identifiable person; or

3. Engaging in sexual conduct as defined in s. 847.001 in which the identifiable person did not engage.

(b) "Identifiable person" means a person who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

(c) "Nude body parts" means the human male or female genitals, pubic area, or buttocks with less than fully opaque covering; or the female breast with less than a fully opaque covering of any portion thereof below the top of the nipple; or the depiction of covered male genitals in a discernibly turgid state. The term does not under any circumstances include a mother breastfeeding her baby.

(d) "Promote" means to procure, manufacture, issue, sell, give, provide, lend, mail, deliver, transfer, transmit,

transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(e) "Visual depiction" includes, but is not limited to, a photograph, picture, image, motion picture, film, video, or representation, regardless of whether such photograph, picture, image, motion picture, film, video, or representation was made, modified, altered, adapted, or produced by digital, electronic, mechanical, or other means.

(2) A person who willfully and maliciously promotes any altered sexual depiction of an identifiable person, without the consent of the identifiable person, and who knows or reasonably should have known that such visual depiction was an altered sexual depiction, commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) Every act, thing, or transaction prohibited by this section constitutes a separate offense and is punishable as such.

(4) The presence of a disclaimer within an altered sexual depiction which notifies a viewer that the person or persons depicted did not consent to or participate in the creation or promotion of the material, or that the person or persons depicted did not actually perform the actions portrayed, is not a defense and does not relieve a person of criminal liability under this section.

(5) An aggrieved person may initiate a civil action against a person who violates subsection (2) to obtain appropriate relief in order to prevent or remedy a violation of subsection (2), including all of the following:

(a) Injunctive relief.

(b) Monetary damages to include $10,000 or actual damages incurred as a result of a violation of subsection (2), whichever is greater.

(c) Reasonable attorney fees and costs.

(6) The criminal and civil penalties of this section do not apply to:

(a) A provider of an interactive computer service as defined in 47 U.S.C. s. 230(f), of an information service as defined in 47 U.S.C. s. 153, or of a communications service as defined in s. 202.11 which provides the transmission, storage, or caching of electronic communications or messages of others; another related telecommunications or commercial mobile radio service; or content provided by another person;

(b) A law enforcement officer, as defined in s. 943.10, or any local, state, federal, or military law enforcement agency that promotes an altered sexual depiction in connection with the performance of his or her duties as a law enforcement officer or the duties of the law enforcement agency;

(c) A person reporting unlawful activity; or

(d) A person participating in a hearing, trial, or other legal proceeding.

(7) A violation of this section is committed within this state if any conduct that is an element of the offense, or any harm to the depicted person resulting from the offense, occurs within this state.

Section 5. Section 836.14, Florida Statutes, is created to read:

836.14 Unlawfully obtaining, possessing, or promoting a

sexually explicit image.—

(1) As used in this section, the term:

(a) "Identifiable person" has the same meaning as in s. 836.13.

(b) "Promote" has the same meaning as in s. 836.13.

(c) "Sexually explicit image" means any image depicting nudity as defined in s. 847.001 or a person engaging in sexual conduct as defined in s. 847.001.

(2) A person who knowingly and unlawfully obtains a sexually explicit image of an identifiable person with the intent to promote such image commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) A person who willfully possesses with the intent to promote for the purpose of pecuniary or any other type of financial gain a sexually explicit image of an identifiable person without that person's consent commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) A person who willfully promotes for the purpose of pecuniary or any other financial gain a sexually explicit image of an identifiable person without that person's consent commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(5) Every act, thing, or transaction prohibited by this section constitutes a separate offense and is punishable as such.

(6) An aggrieved person may initiate a civil action against a person who violates this section to obtain all appropriate

relief in order to prevent or remedy a violation of this section, including the following:

(a) Injunctive relief.

(b) Monetary damages to include $10,000 or actual damages incurred as a result of a violation of this section, whichever is greater.

(c) Reasonable attorney fees and costs.

(7) The criminal and civil penalties of this section do not apply to:

(a) A provider of an interactive computer service as defined in 47 U.S.C. s. 230(f), of an information service as defined in 47 U.S.C. s. 153, or of a communications service as defined in s. 202.11 which provides the transmission, storage, or caching of electronic communications or messages of others; another related telecommunications or commercial mobile radio service; or content provided by another person;

(b) A law enforcement officer, as defined in s. 943.10, or any local, state, federal, or military law enforcement agency that disseminates a sexually explicit image in connection with the performance of his or her duties as a law enforcement officer or the duties of the law enforcement agency;

(c) A person reporting unlawful activity;

(d) A person participating in a hearing, trial, or other legal proceeding; or

(e) Sexually explicit images involving voluntary exposure in a public or commercial setting.

(8) A violation of this section is committed within this state if any conduct that is an element of the offense, or any harm to the depicted individual resulting from the offense,

occurs within this state.

Section 6. Present subsections (7) through (11) and (12) through (20) of section 847.001, Florida Statutes, are redesignated as subsections (8) through (12) and (14) through (22), respectively, new subsections (7) and (13) are added to that section, and subsection (3) and present subsections (8), (16), and (19) of that section are amended, to read:

847.001 Definitions.—As used in this chapter, the term:

(3) "Child sexual abuse material" ~~"Child pornography"~~ means:

(a) Any image depicting a minor engaged in sexual conduct; or

(b) Any image that has been created, altered, adapted, or modified by electronic, mechanical, or other means, to portray an identifiable minor engaged in sexual conduct.

(7) "Identifiable minor" means a person:

(a) Who was a minor at the time the image was created, adapted, or modified, or whose image as a minor was used in the creating, adapting, or modifying of the image; and

(b) Who is recognizable as an actual person by the person's face, likeness, or other distinguishing characteristic, such as a unique birthmark, or other recognizable feature.

The term may not be construed to require proof of the actual identity of the identifiable minor.

(9)~~(8)~~ "Minor" or "child" means any person, whose identity is known or unknown, younger than ~~under the age of~~ 18 years of age.

(13) "Promote" means to procure, manufacture, issue, sell,

give, provide, lend, mail, deliver, transfer, transmit, transmute, publish, distribute, circulate, disseminate, present, exhibit, send, post, share, or advertise or to offer or agree to do the same.

(18)~~(16)~~ "Sexual conduct" means actual or simulated sexual intercourse, deviate sexual intercourse, sexual bestiality, masturbation, or sadomasochistic abuse; actual or simulated lewd exhibition of the genitals; actual physical contact with a person's clothed or unclothed genitals, pubic area, buttocks, or, if such person is a female, breast with the intent to arouse or gratify the sexual desire of either party; or any act or conduct which constitutes sexual battery or simulates that sexual battery is being or will be committed. A mother's breastfeeding of her baby does not under any circumstance constitute "sexual conduct."

(21)~~(19)~~ "Simulated" means the explicit depiction of conduct described in subsection (18) ~~(16)~~ which creates the appearance of such conduct and which exhibits any uncovered portion of the breasts, genitals, or buttocks.

Section 7. Subsection (5) of section 847.011, Florida Statutes, is amended to read:

847.011 Prohibition of certain acts in connection with obscene, lewd, etc., materials; penalty.—

(5)(a)1. A person may not knowingly sell, lend, give away, distribute, transmit, show, or transmute; offer to sell, lend, give away, distribute, transmit, show, or transmute; have in his or her possession, custody, or control with the intent to sell, lend, give away, distribute, transmit, show, or transmute; or advertise in any manner an obscene, child-like sex doll.

2.a. Except as provided in sub-subparagraph b., a person who violates this paragraph commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. A person who is convicted of violating this paragraph a second or subsequent time commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b)1. Except as provided in subparagraph 2., a person who knowingly has in his or her possession, custody, or control an obscene, child-like sex doll commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

2. A person who is convicted of violating this paragraph a second or subsequent time commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

(c)1. A law enforcement officer may arrest without a warrant any person who he or she has probable cause to believe has violated paragraph (b).

2. Upon proper affidavits being made, a search warrant may be issued to further investigate a violation of paragraph (b), including to search a private dwelling.

Section 8. Subsections (1) through (4) of section 847.0137, Florida Statutes, are amended to read:

847.0137 Transmission of pornography by electronic device or equipment prohibited; penalties.—

(1) As used in this section, the term ~~For purposes of this section:~~

~~(a) "Minor" means any person less than 18 years of age.~~

~~(b)~~ "transmit" means the act of sending and causing to be delivered, including the act of providing access for receiving

and causing to be delivered, any image, information, or data ~~from one or more persons or places to one or more other persons or places~~ over or through any medium, including the Internet or an interconnected network, by use of any electronic equipment or other device.

(2) Notwithstanding ss. 847.012 and 847.0133, any person in this state who knew or reasonably should have known that he or she was transmitting child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to another person in this state or in another jurisdiction commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(3) Notwithstanding ss. 847.012 and 847.0133, any person in any jurisdiction other than this state who knew or reasonably should have known that he or she was transmitting child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to any person in this state commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) This section shall not be construed to prohibit prosecution of a person in this state or another jurisdiction for a violation of any law of this state, including a law providing for greater penalties than prescribed in this section, for the transmission of child sexual abuse material ~~child pornography~~, as defined in s. 847.001, to any person in this state.

The provisions of this section do not apply to subscription-based transmissions such as list servers.

Section 9. Paragraphs (c), (d), and (e) of subsection (3)

of section 921.0022, Florida Statutes, are amended to read:

921.0022 Criminal Punishment Code; offense severity ranking chart.—

(3) OFFENSE SEVERITY RANKING CHART

(c) LEVEL 3

Florida Statute	Felony Degree	Description
119.10(2)(b)	3rd	Unlawful use of confidential information from police reports.

Section 10. Paragraph (e) of subsection (3) and subsection (10) of section 960.03, Florida Statutes, are amended to read:

960.03 Definitions; ss. 960.01-960.28.—As used in ss. 960.01-960.28, unless the context otherwise requires, the term:

(3) "Crime" means:

(e) A violation of s. 827.071, s. 847.0135, s. 847.0137, or s. 847.0138, related to online sexual exploitation and child

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

sexual abuse material ~~child pornography~~.

(10) "Identified victim of child sexual abuse material ~~child pornography~~" means any person who, while under the age of 18, is depicted in any image or movie of child sexual abuse material ~~child pornography~~ and who is identified through a report generated by a law enforcement agency and provided to the National Center for Missing and Exploited Children's Child Victim Identification Program.

Section 11. Paragraph (j) of subsection (1) of section 288.1254, Florida Statutes, is amended to read:

288.1254 Entertainment industry financial incentive program.—

(1) DEFINITIONS.—As used in this section, the term:

(j) "Qualified production" means a production in this state meeting the requirements of this section. The term does not include a production:

1. In which, for the first 2 years of the incentive program, less than 50 percent, and thereafter, less than 60 percent, of the positions that make up its production cast and below-the-line production crew, or, in the case of digital media projects, less than 75 percent of such positions, are filled by legal residents of this state, whose residency is demonstrated by a valid Florida driver license or other state-issued identification confirming residency, or students enrolled full-time in a film-and-entertainment-related course of study at an institution of higher education in this state; or

2. That contains obscene content as defined in s. 847.001 ~~s. 847.001(10)~~.

Section 12. Subsection (1) of section 847.0141, Florida

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Statutes, is amended to read:

847.0141 Sexting; prohibited acts; penalties.—

(1) A minor commits the offense of sexting if he or she knowingly:

(a) Uses a computer, or any other device capable of electronic data transmission or distribution, to transmit or distribute to another minor any photograph or video of any person which depicts nudity, as defined in s. 847.001 ~~s. 847.001(9)~~, and is harmful to minors, as defined in s. 847.001 ~~s. 847.001(6)~~.

(b) Possesses a photograph or video of any person that was transmitted or distributed by another minor which depicts nudity, as defined in s. 847.001 ~~s. 847.001(9)~~, and is harmful to minors, as defined in s. 847.001 ~~s. 847.001(6)~~. A minor does not violate this paragraph if all of the following apply:

1. The minor did not solicit the photograph or video.

2. The minor took reasonable steps to report the photograph or video to the minor's legal guardian or to a school or law enforcement official.

3. The minor did not transmit or distribute the photograph or video to a third party.

Section 13. Subsection (3) of section 39.0138, Florida Statutes, is amended to read:

39.0138 Criminal history and other records checks; limit on placement of a child.—

(3) The department may not place a child with a person other than a parent if the criminal history records check reveals that the person has been convicted of any felony that falls within any of the following categories:

(a) Child abuse, abandonment, or neglect;

(b) Domestic violence;

(c) Child sexual abuse material ~~Child pornography~~ or other felony in which a child was a victim of the offense; or

(d) Homicide, sexual battery, or other felony involving violence, other than felony assault or felony battery when an adult was the victim of the assault or battery, or resisting arrest with violence.

Section 14. Subsection (3) of section 92.56, Florida Statutes, is amended to read:

92.56 Judicial proceedings and court records involving sexual offenses and human trafficking.—

(3) The state may use a pseudonym instead of the victim's name to designate the victim of a crime described in s. 787.06(3)(a)1., (c)1., or (e)1., in s. 787.06(3)(b), (d), (f), or (g), or in chapter 794 or chapter 800, or of child abuse, aggravated child abuse, or sexual performance by a child as described in chapter 827, or any crime involving the production, possession, or promotion of child sexual abuse material ~~child pornography~~ as described in chapter 847, in all court records and records of court proceedings, both civil and criminal.

Section 15. Section 92.561, Florida Statutes, is amended to read:

92.561 Prohibition on reproduction of child sexual abuse material ~~child pornography~~.—

(1) In a criminal proceeding, any property or material that portrays sexual performance by a child as defined in s. 827.071, or constitutes child sexual abuse material ~~child pornography~~ as defined in s. 847.001, must remain secured or locked in the

care, custody, and control of a law enforcement agency, the state attorney, or the court.

(2) Notwithstanding any law or rule of court, a court shall deny, in a criminal proceeding, any request by the defendant to copy, photograph, duplicate, or otherwise reproduce any property or material that portrays sexual performance by a child or constitutes child sexual abuse material ~~child pornography~~ so long as the state attorney makes the property or material reasonably available to the defendant.

(3) For purposes of this section, property or material is deemed to be reasonably available to the defendant if the state attorney provides ample opportunity at a designated facility for the inspection, viewing, and examination of the property or material that portrays sexual performance by a child or constitutes child sexual abuse material ~~child pornography~~ by the defendant, his or her attorney, or any individual whom the defendant uses as an expert during the discovery process or at a court proceeding.

Section 16. Paragraph (c) of subsection (4) of section 435.07, Florida Statutes, is amended to read:

435.07 Exemptions from disqualification.—Unless otherwise provided by law, the provisions of this section apply to exemptions from disqualification for disqualifying offenses revealed pursuant to background screenings required under this chapter, regardless of whether those disqualifying offenses are listed in this chapter or other laws.

(4)

(c) Disqualification from employment under this chapter may not be removed from, and an exemption may not be granted to, any

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

current or prospective child care personnel, as defined in s. 402.302(3), and such a person is disqualified from employment as child care personnel, regardless of any previous exemptions from disqualification, if the person has been registered as a sex offender as described in 42 U.S.C. s. 9858f(c)(1)(C) or has been arrested for and is awaiting final disposition of, has been convicted or found guilty of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, or has been adjudicated delinquent and the record has not been sealed or expunged for, any offense prohibited under any of the following provisions of state law or a similar law of another jurisdiction:

1. A felony offense prohibited under any of the following statutes:

a. Chapter 741, relating to domestic violence.

b. Section 782.04, relating to murder.

c. Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.

d. Section 784.021, relating to aggravated assault.

e. Section 784.045, relating to aggravated battery.

f. Section 787.01, relating to kidnapping.

g. Section 787.025, relating to luring or enticing a child.

h. Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

i. Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.

j. Section 794.011, relating to sexual battery.

k. Former s. 794.041, relating to sexual activity with or solicitation of a child by a person in familial or custodial authority.

l. Section 794.05, relating to unlawful sexual activity with certain minors.

m. Section 794.08, relating to female genital mutilation.

n. Section 806.01, relating to arson.

o. Section 826.04, relating to incest.

p. Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.

q. Section 827.04, relating to contributing to the delinquency or dependency of a child.

r. Section 827.071, relating to sexual performance by a child.

s. Chapter 847, relating to child sexual abuse material ~~child pornography~~.

t. Chapter 893, relating to a drug abuse prevention and control offense, if that offense was committed in the preceding 5 years.

u. Section 985.701, relating to sexual misconduct in juvenile justice programs.

2. A misdemeanor offense prohibited under any of the following statutes:

a. Section 784.03, relating to battery, if the victim of the offense was a minor.

b. Section 787.025, relating to luring or enticing a child.

c. Chapter 847, relating to child sexual abuse material ~~child pornography~~.

3. A criminal act committed in another state or under federal law which, if committed in this state, constitutes an offense prohibited under any statute listed in subparagraph 1. or subparagraph 2.

Section 17. Paragraph (z) of subsection (5) of section 456.074, Florida Statutes, is amended to read:

456.074 Certain health care practitioners; immediate suspension of license.—

(5) The department shall issue an emergency order suspending the license of any health care practitioner who is arrested for committing or attempting, soliciting, or conspiring to commit any act that would constitute a violation of any of the following criminal offenses in this state or similar offenses in another jurisdiction:

(z) Section 847.0137, relating to the transmission of child sexual abuse material ~~child pornography~~ by electronic device or equipment.

Section 18. Section 847.002, Florida Statutes, is amended to read:

847.002 Child sexual abuse material ~~Child pornography~~ prosecutions.—

(1) Any law enforcement officer who, pursuant to a criminal investigation, recovers images or movies of child sexual abuse material ~~child pornography~~ shall:

(a) Provide such images or movies to the law enforcement agency representative assigned to the Child Victim Identification Program at the National Center for Missing and Exploited Children, as required by the center's guidelines.

(b) Request the law enforcement agency contact information from the Child Victim Identification Program for any images or movies recovered which contain an identified victim of child sexual abuse material ~~child pornography~~ as defined in s. 960.03.

(c) Provide case information to the Child Victim Identification Program, as required by the National Center for Missing and Exploited Children guidelines, in any case where the law enforcement officer identifies a previously unidentified victim of child sexual abuse material ~~child pornography~~.

(2) Any law enforcement officer submitting a case for prosecution which involves the production, promotion, or possession of child sexual abuse material ~~child pornography~~ shall submit to the designated prosecutor the law enforcement agency contact information provided by the Child Victim Identification Program at the National Center for Missing and Exploited Children, for any images or movies involved in the case which contain the depiction of an identified victim of child sexual abuse material ~~child pornography~~ as defined in s. 960.03.

(3) In every filed case involving an identified victim of child sexual abuse material ~~child pornography~~, as defined in s. 960.03, the prosecuting agency shall enter the following information into the Victims in Child Sexual Abuse Material ~~Child Pornography~~ Tracking Repeat Exploitation database maintained by the Office of the Attorney General:

(a) The case number and agency file number.

(b) The named defendant.

(c) The circuit court division and county.

(d) Current court dates and the status of the case.

(e) Contact information for the prosecutor assigned.

(f) Verification that the prosecutor is or is not in possession of a victim impact statement and will use the statement in sentencing.

Section 19. Subsections (1) and (4) of section 847.01357, Florida Statutes, are amended to read:

847.01357 Exploited children's civil remedy.—

(1) Any person who, while under the age of 18, was a victim of a sexual abuse crime listed in chapter 794, chapter 800, chapter 827, or chapter 847, where any portion of such abuse was used in the production of child sexual abuse material ~~child pornography~~, and who suffers personal or psychological injury as a result of the production, promotion, or possession of such images or movies, may bring an action in an appropriate state court against the producer, promoter, or possessor of such images or movies, regardless of whether the victim is now an adult. In any action brought under this section, a prevailing plaintiff shall recover the actual damages such person sustained and the cost of the suit, including reasonable attorney's fees. Any victim who is awarded damages under this section shall be deemed to have sustained damages of at least $150,000.

(4) It is not a defense to a civil cause of action under this section that the respondent did not know the victim or commit the abuse depicted in any image of child sexual abuse material ~~child pornography~~.

Section 20. Section 847.0139, Florida Statutes, is amended to read:

847.0139 Immunity from civil liability for reporting child sexual abuse material ~~child pornography~~, transmission of child sexual abuse material ~~child pornography~~, or any image, information, or data harmful to minors to a minor in this state.—Any person who reports to a law enforcement officer what the person reasonably believes to be child sexual abuse material ~~child pornography~~, transmission of child sexual abuse material ~~child pornography~~, or any image, information, or data that is harmful to minors to a minor in this state may not be held civilly liable for such reporting. For purposes of this section, such reporting may include furnishing the law enforcement officer with any image, information, or data that the person reasonably believes to be evidence of child sexual abuse material ~~child pornography~~, transmission of child sexual abuse material ~~child pornography~~, or an image, information, or data that is harmful to minors to a minor in this state.

Section 21. Paragraph (c) of subsection (8) of section 948.06, Florida Statutes, is amended to read:

948.06 Violation of probation or community control; revocation; modification; continuance; failure to pay restitution or cost of supervision.—

(8)

(c) For purposes of this section, the term "qualifying offense" means any of the following:

1. Kidnapping or attempted kidnapping under s. 787.01, false imprisonment of a child under the age of 13 under s. 787.02(3), or luring or enticing a child under s. 787.025(2)(b) or (c).

2. Murder or attempted murder under s. 782.04, attempted felony murder under s. 782.051, or manslaughter under s. 782.07.

3. Aggravated battery or attempted aggravated battery under s. 784.045.

4. Sexual battery or attempted sexual battery under s. 794.011(2), (3), (4), or (8)(b) or (c).

5. Lewd or lascivious battery or attempted lewd or lascivious battery under s. 800.04(4), lewd or lascivious molestation under s. 800.04(5)(b) or (c)2., lewd or lascivious conduct under s. 800.04(6)(b), lewd or lascivious exhibition under s. 800.04(7)(b), or lewd or lascivious exhibition on computer under s. 847.0135(5)(b).

6. Robbery or attempted robbery under s. 812.13, carjacking or attempted carjacking under s. 812.133, or home invasion robbery or attempted home invasion robbery under s. 812.135.

7. Lewd or lascivious offense upon or in the presence of an elderly or disabled person or attempted lewd or lascivious offense upon or in the presence of an elderly or disabled person under s. 825.1025.

8. Sexual performance by a child or attempted sexual performance by a child under s. 827.071.

9. Computer pornography under s. 847.0135(2) or (3), transmission of child sexual abuse material ~~child pornography~~ under s. 847.0137, or selling or buying of minors under s. 847.0145.

10. Poisoning food or water under s. 859.01.

11. Abuse of a dead human body under s. 872.06.

12. Any burglary offense or attempted burglary offense that

is either a first degree felony or second degree felony under s. 810.02(2) or (3).

13. Arson or attempted arson under s. 806.01(1).

14. Aggravated assault under s. 784.021.

15. Aggravated stalking under s. 784.048(3), (4), (5), or (7).

16. Aircraft piracy under s. 860.16.

17. Unlawful throwing, placing, or discharging of a destructive device or bomb under s. 790.161(2), (3), or (4).

18. Treason under s. 876.32.

19. Any offense committed in another jurisdiction which would be an offense listed in this paragraph if that offense had been committed in this state.

Section 22. Section 960.197, Florida Statutes, is amended to read:

960.197 Assistance to victims of online sexual exploitation and child sexual abuse material ~~child pornography~~.—

(1) Notwithstanding the criteria set forth in s. 960.13 for crime victim compensation awards, the department may award compensation for counseling and other mental health services to treat psychological injury or trauma to:

(a) A child younger than 18 years of age who suffers psychiatric or psychological injury as a direct result of online sexual exploitation under any provision of s. 827.071, s. 847.0135, s. 847.0137, or s. 847.0138, and who does not otherwise sustain a personal injury or death; or

(b) Any person who, while younger than age 18, was depicted in any image or movie, regardless of length, of child sexual abuse material ~~child pornography~~ as defined in s. 847.001, who

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

has been identified by a law enforcement agency or the National Center for Missing and Exploited Children as an identified victim of child sexual abuse material ~~child pornography~~, who suffers psychiatric or psychological injury as a direct result of the crime, and who does not otherwise sustain a personal injury or death.

(2) Compensation under this section is not contingent upon pursuit of a criminal investigation or prosecution.

Section 23. This act shall take effect October 1, 2022.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1800 (711618)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senators Boyd and Bradley
SUBJECT:	Broadband Infrastructure
DATE:	February 25, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Harmsen	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1800 creates the Broadband Pole Replacement Program, to be administered by the Office of Broadband (Office) within the Department of Economic Opportunity (department). The program will reimburse eligible broadband Internet service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service.

Reimbursements under the program are limited to 50 percent of the broadband Internet service provider's eligible pole replacement cost or $5,000, whichever is less, in addition to the provider's administrative costs related to the preparation and submission of the application for reimbursement.

The bill also requires the office to report annually on its activities and on the administration of the Broadband Pole Replacement Program and the Broadband Opportunity Program.

The bill does not appropriate any funding to the program or resources to the department to administer the program. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2022.

II. Present Situation:

Broadband Internet Deployment

Fixed and mobile broadband Internet services provide access to numerous employment, education, entertainment, and health care opportunities.[1] Access to a sufficient internet connection has only grown more important during the COVID-19 pandemic, which required many Americans to connect to their family and friends, schooling, work, and even medical appointments over the internet.[2]

Broadband internet is a high speed internet that is faster than dial-up access and is always on; in 2015, the Federal Communications Commission (FCC) defined broadband as 25/3 megabits per second (Mbps), i.e., 25 Mbps (download rate) and 3 Mbps (upload rate).[3] Consumers can receive Broadband internet through several different technologies, including a digital subscriber line (DSL), a cable modem, fiber, wireless, satellite, and broadband over power lines.[4]

While Florida's urban areas are served at a fixed broadband coverage rate of 98 percent, its rural areas are served at a rate of 78.6 percent.[5] This disparity is caused primarily by high per-unit construction costs required to build broadband infrastructure across larger swaths of rural geographic areas.[6] One key factor in deploying broadband infrastructure is access to utility poles, upon which broadband providers affix their infrastructure.[7] Often, broadband providers who seek to expand their infrastructure are met with denied or delayed utility pole access, or are asked to pay an excessive fee for the attachment or to replace the entire pole.[8]

Communities that lack broadband access can have difficulty attracting new capital investment.[9] Additionally, data indicates that low-income households disproportionately lack access to broadband Internet service, which puts children in those households at risk of falling behind.[10]

Federal Broadband Initiatives

There are several existing and new programs at the federal level dedicated to expanding the availability and access to broadband Internet. For example, the U.S. Department of Agriculture (USDA) has several rural utilities programs to provide a variety of loans and grants to build and expand broadband networks;[11] the U.S. Department of Housing and Urban Development offers block grants that can support broadband infrastructure;[12] and the Department of the Interior launched a mapping tool to allow service providers to locate federal property available for infrastructure development.[13]

The FCC collects and monitors data on broadband deployment in order to identify underserved and unserved localities in the United States through its Digital Opportunity Data Collection Program.[14] The FCC collects information from service providers according to specific reporting standards to create geographic service maps. The service providers must report their service coverage areas, including where their services were available to residences or businesses, and the speed and latency at which their services are delivered.[15] The FCC also set up a website to allow for public input regarding consumers' experiences with broadband.[16] The FCC is in the process of updating its broadband maps with more detailed and precise information.[17] The National Telecommunications and Information Administration (NTIA) within the U.S. Department of Commerce is working to improve coordination between federal programs that fund broadband and statewide efforts.[18]

In January 2020, the FCC established the Rural Digital Opportunity Fund to fund the deployment of broadband networks in rural America. The first phase of the fund began in 2020 and made $16 billion available to target census blocks that are wholly unserved by fixed broadband speeds of at

least 25 Mbps downstream and 3 Mbps upstream (25/3 Mbps).[19] Florida entities received over $190 million (to be distributed over the next 10 years) in this first round of funding.[20] Phase II of the Fund will target underserved localities, as identified by the FCC's Digital Opportunity Data Collection Program. Using this more precise data, the second phase of FCC grants will make available at least $4.4 billion to target geographic areas where some locations lack access to 25/3 Mbps broadband.[21]

Further, billions in Congressional appropriations have been made over the last year, including funding in the December 2020 COVID-19 relief bill for rural broadband ($300 million) through the NTIA Broadband Infrastructure Development Grants program;[22] the American Rescue Plan Act that included multiple appropriations that could be used for broadband infrastructure, such as $10 billion for the Capital Projects Fund to provide grants to states for the costs of capital projects and $130.2 billion for Community Development Block Grants that can be used for community development projects;[23] and at least $64 billion in the Infrastructure Investment and Jobs Act, signed into law on November 15, 2021, for programs such as the Broadband Equity, Access, and Development Program to be administered by the NTIA to states through matching grants.[24]

U.S. Department of the Treasury Coronavirus Capital Projects Fund

The American Rescue Plan Act allocated $10 billion to eligible governments to carry out capital projects to meet critical needs, with an emphasis on broadband infrastructure.[25] Florida's share is $366 million, and the state submitted its intent to use the funds in December 2021 to expand broadband Internet infrastructure in Florida, among other capital uses.[26]

Presumptively eligible projects under the program include the construction and deployment of broadband infrastructure that is designed to deliver service that reliably meets or exceeds symmetrical speeds of 100 Mbps, or if impracticable, speeds of 100 Mbps downstream and 20 Mbps upstream; projects for digital connectivity that facilitate broadband access; and

construction or improvement of certain community facilities.[27] Projects may also be eligible on a case-by-case review, such as investments in capital assets, such as buildings, towers, digital devices and equipment, fiber-optic lines, and broadband networks.[28] Each capital project must:

- Invest in capital assets designed to directly enable work, education, and health monitoring;
- Be designed to address a critical need that resulted from or was made apparent or exacerbated by the COVID-19 public health emergency; and
- Be designed to address a critical need of the community to be served by it.

The deadline to submit a grant plan to the U.S. Department of the Treasury is September 24, 2022.

NTIA Broadband Programs

The Infrastructure Investment and Jobs Act includes $65 billion for broadband infrastructure and access. Through this funding, the NTIA will implement multiple programs, including the Broadband Equity, Access, and Deployment (BEAD) program and Enabling Middle Mile Broadband Infrastructure program.[29]

The BEAD program, $42.45 billion in total, is for states to use for broadband deployment, mapping, and adoption projects. Each state will receive an initial allocation of $100 million to support planning efforts and the creation of a 5-year action plan for use of the funds. The remaining funding will be distributed on a formula that considers the number of unserved and high-cost locations in the state; the first priority for funding is for providing broadband to unserved areas (those below 25/3 Mbps), followed by underserved areas (those below 100/20 Mbps), and then serving community anchor institutions (1/1 Gbps).

The Enabling Middle Mile Broadband Infrastructure program, $1 billion in total, is for the construction, improvement, or acquisition of middle mile infrastructure. The goal is to reduce the cost of connecting unserved and underserved areas to the internet backbone. States as well as local governments, technology companies, utilities, telecommunications companies, and others may apply for these funds.

Currently there is no guidance or allocation information publically available for these programs.

Florida's Office of Broadband

In 2020 the Legislature created the Florida Office of Broadband (Office) within the Department of Economic Opportunity.[30] The Office is tasked with developing, marketing, and promoting broadband Internet service in the state.[31]

[28] *Id*. at 7.
[29] U.S. Dep't. of Commerce, NTIA, *Grants*, https://www.ntia.doc.gov/category/grants (last visited Feb. 17, 2022).
[30] Chapter 2020-26, Laws of Fla.
[31] Section 288.9961(4), F.S. *See also*, Florida Department of Economic Opportunity, Office of Broadband, *About Us*, https://floridajobs.org/community-planning-and-development/broadband/office-of-broadband (last visited Feb. 14, 2022).

Specifically, the Office must:[32]

- Create a strategic plan for increasing the availability and use of broadband Internet service in Florida which must incorporate federal broadband initiatives and also include a process to review and verify public input regarding transmission speeds and availability of broadband Internet service throughout the state;
- Build local technology planning teams representing, among others, libraries, schools, colleges and universities, local health care providers, private businesses, community organizations, economic development organizations, local governments, tourism, parks and recreation, and agriculture in order to identify needs and resources to reduce barriers to the deployment of broadband Internet services;
- Encourage the use of broadband Internet service, especially in rural, unserved, and underserved areas of the state through grant programs;[33]
- Monitor, participate in, and provide input in proceedings of the FCC and other federal agencies related to the geographic availability and deployment of broadband Internet service as necessary to ensure that Florida's rural, unserved, and underserved areas are best positioned to benefit from federal and state broadband deployment programs; and
- Administer Florida's Broadband Opportunity Program.

The department may apply for and accept federal grant funds, enter into necessary or useful contracts, and establish any committee or workgroup to further the above goals. Additionally, the department has rulemaking authority to implement sections 288.9961-288.9963, F.S., relating to the Office.[34]

Broadband Opportunity Program[35]

The Office administers the Broadband Opportunity grant program to expand broadband Internet service to unserved areas of Florida. Grant funds may not be used to provide broadband Internet service to a geographic area where broadband Internet is already deployed by at least one provider.

No funds have been appropriated for the program, and no grants have been made available.

[32] Section 288.9961(4), F.S.
[33] Section 288.9961(2)(f), F.S., defines the term "underserved" to mean a geographic area of this state in which there is no provider of broadband Internet service that offers a connection to the Internet with a capacity for transmission at a consistent speed of at least 100 Mbps downstream and at least 10 Mbps upstream. Section 288.9961(2)(g), F.S., defines the term "unserved" as a geographic area in which there is no broadband Internet service provider.
[34] Section 288.9961(5), F.S.
[35] Section 288.9962, F.S.

Regulation of Pole Attachments

Utility poles may be installed and owned by different kinds of utilities,[36] such as electrical or telecommunications providers.[37] "Pole attachment" is the process by which communications companies allocate infrastructure on utility poles. Different vertical portions of utility poles are divided for specific uses, including electrical power, telephone, cable television, broadband Internet, and wireless service.[38] The owning entity can charge others to attach their services to its pole. This sharing of the pole resource benefits the public by minimizing "unnecessary and costly duplication of plant for all pole users."[39] When a new attacher seeks access to a pole, it is necessary to evaluate the safety and ability to add the attachment. In many cases, existing attachments must be moved to make room for the new attachment. In some cases, a larger pole is necessary to accommodate a new attachment.[40]

Federal law recognizes state and local government authority to manage the public right-of-way (ROW) on utility poles and to require fair and reasonable compensation from telecommunication providers, on a competitively neutral and nondiscriminatory basis, for the use of such ROW.[41]

Congress began regulating pole attachments in 1978.[42] The Telecommunications Act (Act) of 1996[43] added provisions making access to utility poles mandatory for telecommunications services providers,[44] and providing for nondiscriminatory access, unless there is insufficient capacity and reasons of safety, reliability and generally applicable engineering purposes.[45] Municipalities and rural electric cooperative utilities are exempt from the federal provisions.[46]

A state, however, can assume regulation of pole attachment through a process known as "reverse preemption." This requires a state to expressly assert jurisdiction through state legislation, followed by certification to the FCC that "in so regulating such rates, terms, and conditions, the state has the authority to consider and does consider the interests of the subscribers of the services offered via such attachments, as well as the interests of the consumers of the utility

[36] 47 U.S.C. 224(a)(1) (1996), defines "utility" as "any person who is a local exchange carrier or an electric, gas, water, steam, or other public utility, and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for any wire communications. Such term does not include any railroad, any person who is cooperatively organized, or any person owned by the Federal Government or any State."
[37] *See*, Jim Saunders, NEWS SERVICE OF FLORIDA, *FPL, AT&T Battle Over Utility Bills*, (Aug. 1, 2019) https://www.news-press.com/story/news/newswire/2019/08/01/florida-power-light-fpl-at-t-battle-over-utility-bills/1887655001/ (last visited Feb. 14, 2022).
[38] Florida Public Service Commission, *What's on a Utility Pole?*, http://www.psc.state.fl.us/ConsumerAssistance/UtilityPole (last visited Feb. 14, 2022). 47 U.S.C. 224(a)(4), defines "pole attachment" as "any attachment by a cable television system or provider or telecommunications service to a pole, duct, conduit, or right-of-way owned or controlled by a utility."
[39] S. REP. NO. 95-580, at 13 (1977), as reprinted in 1978 U.S.C.C.A.N. 109, 121.

services."[47] As of March 19, 2020, 22 states and the District of Columbia have reverse preemption.[48] In 2021, this regulatory authority was transferred to the Florida Public Service Commission;[49] the PSC is still in the process of adopting rules to complete this transfer.[50]

In September 2018, the FCC issued an order which preempted state and local laws and agreements, including those related to pole attachments, to remove regulatory barriers that would inhibit the deployment of "small cell" infrastructure necessary to support new wireless broadband services.[51] The order provided that state or local fees charged to mobile service providers for deploying small cell sites violate federal law unless they:

- Are a reasonable approximation of the state or local government's costs;
- Only factor in costs that are "objectively reasonable;" and
- Are no higher than fees charged to similarly situated competitors.[52]

Florida Promotional Rates for Wireline Attachment

The Legislature has provided for the promotional rate of $1 per wireline attachment per pole, per year for any new attachment necessary to make broadband service available to an unserved or underserved end user within a municipal electric utility service territory. This rate began July 1, 2021 and ends July 1, 2024.[53]

If a municipal electric utility is required to replace a utility pole due to a broadband provider's attachment, the municipal electric utility may require the broadband provider to reimburse all reasonable costs attributable to the new attachment, minus the salvage value of the pole. A utility cannot require pole replacement to accommodate the broadband provider's pole attachment unless it is necessary to comply with applicable engineering and safety standards. Additionally, if the pole replacement is necessary to correct an existing violation, to bring the pole into compliance with changes in applicable standards, or because the pole is at the end of its useful life, the replacement cost may not be passed on to the broadband provider.[54]

---

[47] 47 U.S.C. 224(c)(2).
[48] FCC, *Public Notice: States That Have Certified That They Regulate Pole Attachments*, (Mar. 19, 2020) https://www.fcc.gov/document/states-have-certified-they-regulate-pole-attachments-2 (last visited Feb. 14, 2022).
[49] Chapter 2021-191, Laws of Fla.
[50] Cindy Miller, *What's Up with Pole Attachments in Florida: Energy and Telecom Players Urge Different Approaches*, (Sep. 17, 2021) https://energycentral.com/c/um/whats-pole-attachments-florida-energy-and-telecom-players-urge-different (last visited Feb. 14, 2022).
[51] FCC, *Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, Report and Order*, 33 FCC Rcd 9088 (14), FCC-18-133. *See also* CRS, *Overview of Legal Challenges to the FCC's 5G Order on Small Cell Siting* (Feb. 25, 2019). The order's discussion of preemption begins by interpreting the Telecommunication Act's two relevant preemption provisions: ss. 253 and 332(c)(7). Subject to certain exceptions, these sections preempt state and local requirements that "prohibit or have the effect of prohibiting the ability of any entity" to provide "telecommunications" or "personal wireless services."
[52] CRS, *Overview of Legal Challenges to the FCC's 5G Order on Small Cell Siting*, at 2-3. The order also identifies specific fee limits that are presumptively allowed under federal law. For non-recurring fees, such as up-front applications for small cell site installations, localities may charge up to $500, subject to certain exceptions. For recurring fees, such as access fees, localities may charge up to $270 per year. Higher fees may be charged due to local cost variances.
[53] Section 288.9963(3), F.S.
[54] "Useful life" of a utility pole means not less than 30 years for wood utility poles, and not less than 50 years for concrete, steel, ductile iron, and all other utility poles. Section 288.9963(5), F.S.

III. Effect of Proposed Changes:

Broadband Pole Replacement Program (creating s. 288.9964, F.S.)
The bill creates the Broadband Pole Replacement Program within the Office of Broadband. The Office will accept applications for the reimbursement of eligible pole replacement costs and distribute payments until the funds are exhausted. Eligible pole replacement is the removal of an existing utility pole and its replacement with a new utility pole in order to accommodate the attachment to the new utility pole of facilities used by the provider.[55]

Eligibility

Private businesses or nonprofit corporations that currently provide, or will provide, qualifying broadband service to Florida are eligible for reimbursements under the program. These entities must provide, or commit to providing qualifying broadband service that is capable of delivering Internet access at speeds of at least 100 Mbps downstream and 100 Mbps upstream with a latency at a level sufficient to allow real-time, interactive applications. Additionally, the applicants' pole replacements must occur in unserved areas for the purpose of attaching facilities to provide qualifying broadband service to residences or businesses in that area.[56]

Reimbursements

The Office must reimburse an applicant within 60 days after it receives its completed application. Reimbursements are made on a first-come, first-served basis. The Office will reimburse under the program according to availability of funds. Any application that is pending when appropriated funding is exhausted is denied, but the applicant may reapply if funds are later made available. The Office is required to provide updated information on its website regarding the availability of funds and the date when applications may begin to be accepted.

An application for reimbursement must include the following:
- Information sufficient to establish the number and cost of eligible pole replacements;
- Documentation sufficient to establish that the eligible pole replacements are completed;
- The total reimbursement amount requested, and any state or federal grant funding or accounting information required to justify the amount requested;
- A notarized statement from an officer or agent of the applicant which certifies that the application's contents are true and accurate and that the applicant will comply with applicable law as a condition of receiving reimbursement under the program;
- Receipts to verify the amount of eligible pole replacement costs paid by the applicant; and
- Any other information or documentation required by the office to comply with the requirements or conditions, as applicable, of any federal funding used to pay reimbursements under the program.

[55] It does not include removal and replacement of an existing utility pole by the pole owner or an affiliate, unless the removal is performed as a accommodation to a provider of qualifying broadband service.
[56] The bill defines an "unserved area" as a location in which (1) fixed, terrestrial, retail wireline broadband Internet service is unavailable at the time that the broadband service provider requests to attach its facilities to a pole in that location, and no other person has committed to providing qualifying broadband service; or (2) the applicant is committed under the terms of a state or federal grant to provide qualifying broadband service, provided that the availability of the grant is limited to areas that lack access to fixed, terrestrial, retail wireline broadband Internet service.

An eligible pole replacement cost is the actual cost paid by the applicant to perform a pole replacement, excluding any amount that is otherwise reimbursed through another state or federal broadband grant program or other governmental entity. Specifically, the cost may include:

- The removal and disposal of the existing utility pole;
- The purchase and installation of a replacement utility pole: and
- The transfer of any existing facilities to the replacement utility pole.

An eligible applicant shall receive a reimbursement for each eligible utility pole replacement up to 50 percent of the total amount paid for eligible pole replacement costs, or $5,000, whichever is less. Reimbursements from appropriated federal funds must also be made in compliance with any federal requirements or conditions for use of the funds.

If the applicant broadband Internet service provider cannot provide the information required by the application, it may request that the pole owner that performed the pole replacement submit the required information, including the pole replacement costs paid by the applicant.

Additionally, an applicant that is a pole owner that calculates a pole rental and other fees based on a federal or state-approved formula that includes consideration of the pole owner's expenses, must exclude any expenses reimbursed by this program, paid for by a retail provider of qualifying broadband service, or funded by another state or federal grant.

As a condition of receiving reimbursement, the applicant must certify its compliance with the program, including any federal requirements, and agree to refund with interest any reimbursements or portions thereof if the Office finds that the applicant materially violated any requirement of the program.

Administrative Duties

The Office must publish and update the following information on its website:

- Statistics on the number of applications received, processed, and denied by the program;
- Statistics on the value, number, and status of reimbursements provided under the program, including the names of pole owners and retail providers of qualifying broadband service which received reimbursements under the program; and
- The amount of funds remaining from any appropriation.

The bill specifically authorizes the department to adopt rules to establish the application and the conditions or requirements that must be met in order to use and receive any federal funding appropriated to the program.

Reporting by the Office of Broadband

The bill requires the Office to report annually, by January 31, on the activities of the office to meet the requirements of s. 288.9961, F.S., including on any applications made and use of federal funds for broadband infrastructure, deployment, or access. If funds are appropriated to the Broadband Opportunity Program or the Broadband Pole Replacement Program, then the office must report on the programs as well.

Effective Date

The bill takes effect on July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may ultimately help to provide more affordable broadband Internet service to Florida's communities by increasing related infrastructure. The bill will benefit eligible providers by assisting them to expand their services.

C. Government Sector Impact:

The bill does not appropriate any funds to the Broadband Pole Replacement Program.

It is unclear whether the department will require additional funds or positions to administer the program. SB 2500 provides an additional FTE to the department for the Office of Broadband.

For the bill as originally filed, the Department of Economic Opportunity provided a high estimate for resources necessary to implement the bill, including:

- $880,219 ($35,587 nonrecurring) and 10 FTE;

- $1 million for staff augmentation (8-12 full time and 3-5 part-time staff); and
- $2 million ($1.5 million nonrecurring) for IT software licenses to track projects and awards.

With the changes to the bill, it is likely that this level of resources will not be needed; however any exact impact is unknown at this time. The department may also incur costs for reporting and posting information on its website, which can be done within existing resources.[57]

VI. Technical Deficiencies:

Lines 177-179 should be removed from the bill, as the related provisions were removed from the bill (related to reimbursement of certain administrative expenses).

VII. Related Issues:

The Department of Economic Opportunity, in its agency analysis of the bill, states that the U.S. Treasury had advised the department "against the use of Capital Projects Fund for utility pole replacement or general construction projects."[58]

SB 1802 is a linked bill that creates the Broadband Pole Replacement Trust Fund.

VIII. Statutes Affected:

This bill substantially amends section 288.9961 of the Florida Statutes.

This bill creates section 288.9964 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (711618) by Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development):
The committee substitute:

- Requires the Office of Broadband to report annually on its activities, including on the Broadband Pole Replacement Program and the Broadband Opportunity Program;
- Removes references to the Broadband Pole Replacement Trust Fund and related provisions;
- Removes the appropriation to the Broadband Opportunity Program;
- Allows for reimbursement of pole replacement costs made after July 1, 2022;
- Provides for reimbursement on a first-come, first-served basis;

[57] Department of Economic Opportunity, *2022 Agency Legislative Bill Analysis SB 1800*, February 21, 2022 (on file with the Senate Appropriations Subcommittee on Transportation, Tourism, and Economic Development).
[58] *Id*.

- Requires the Office of Broadband to publish an application form by September 1, 2022;
- Clarifies the documentation necessary for the application;
- Removes the authorization for reimbursement of administrative costs to submit the application;
- Requires any reimbursements made with funds appropriated from federal funds to also meet federal grant requirements;
- Clarifies the rulemaking authority; and
- Changes the effective date to July 1, 2022.

CS by Commerce and Tourism on January 24, 2022:
Inserts the bill number assigned to linked bill, CS/SB 1802, which creates the Broadband Pole Replacement Program, in the contingent effective date.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

711618

576-03265-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to broadband infrastructure; amending s. 288.9961, F.S.; revising the duties of the Florida Office of Broadband to include administering the Broadband Pole Replacement Program; requiring the office to submit an annual report to the Governor and the Legislature by a specified date; creating s. 288.9964, F.S.; providing legislative findings; defining terms; establishing the Broadband Pole Replacement Program within the office; providing responsibilities of the office; providing eligibility requirements for reimbursement under the program; providing that reimbursements are subject to the availability of certain funds; providing that certain denied applicants may reapply in certain circumstances; providing requirements for the program application; requiring the office to provide certain reimbursements within a certain period of time; authorizing an applicant to request certain information from a pole owner under certain circumstances; requiring an applicant to meet certain conditions; requiring the office to publish and continually update certain information on its public website; authorizing rulemaking; providing an effective date.

711618

576-03265-22

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (g) is added to subsection (4) and subsection (6) is added to section 288.9961, Florida Statutes, to read:

288.9961 Promotion of broadband adoption; Florida Office of Broadband.—

(4) FLORIDA OFFICE OF BROADBAND.—The Florida Office of Broadband is created within the Division of Community Development in the department for the purpose of developing, marketing, and promoting broadband Internet services in this state. The office, in the performance of its duties, shall do all of the following:

(g) Administer the Broadband Pole Replacement Program established in s. 288.9964.

(6) REPORT.—Annually by January 31, the office shall provide a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which provides information on activities of the office to meet the requirements of this section, including any applications made and use of federal funds for broadband Internet service infrastructure, deployment, or access. The report shall also include, if funds have been appropriated to the programs, updates and information on administration and applications processed under the Broadband Opportunity Program established in s. 288.9962 and the Broadband Pole Replacement Program established in s. 288.9964, including identifying and examining the deployment of broadband infrastructure and technology facilitated by reimbursements provided under the Broadband Pole Replacement Program.

Section 2. Section 288.9964, Florida Statutes, is created to read:

288.9964 Broadband Pole Replacement Program.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that a broadband pole replacement program administered by the Florida Office of Broadband is necessary to further the state's goal of expanding and accelerating access to broadband service in unserved areas throughout this state.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Applicant" means a private business, including a corporation, a limited liability company, a partnership, a nonprofit corporation, or any other private business entity that provides or will provide qualifying broadband service in this state.

(b) "Application" means an application made under this section for an eligible pole replacement reimbursement.

(c) "Broadband Internet service" means a service that offers a connection to the Internet with a capacity for transmission at a consistent speed of at least 25 megabits per second downstream and 3 megabits per second upstream.

(d) "Eligible pole replacement" means the removal of an existing utility pole and its replacement with a new utility pole in an unserved area in order to accommodate the attachment to such new utility pole of facilities used in whole or in part by a retail provider of qualifying broadband service for the purpose of providing qualifying broadband service access to residences or businesses in that unserved area. The term does not include the removal and replacement of an existing utility pole by the pole owner or an affiliated company unless the

removal or replacement is performed as an accommodation to a provider of qualifying broadband service.

(e) "Eligible pole replacement costs" means the actual costs to perform an eligible pole replacement which are paid by an applicant, excluding any amount separately reimbursed through another state or federal broadband grant program or by some other governmental entity. The term includes the costs to remove and dispose of the existing utility pole, to purchase and install a replacement utility pole, and to transfer any existing facilities to the replacement utility pole.

(f) "Office" means the Florida Office of Broadband.

(g) "Pole" means any pole used in whole or in part for wire communications or electric distribution.

(h) "Pole owner" means any electric utility as defined in s. 366.02(2), public utility as defined in s. 366.02(1), communications services provider as defined in s. 366.02(5), cable television operator, or local exchange carrier that owns or controls a pole.

(i) "Program" means the Broadband Pole Replacement Program established under this section.

(j) "Qualifying broadband service" means a fixed, terrestrial, retail wireline broadband Internet service capable of delivering Internet access at speeds of at least 100 megabits per second both downstream and upstream with latency at a level sufficient to allow real-time, interactive applications.

(k) "Reimbursed through another state or federal broadband grant program" means, with respect to eligible pole replacement costs, that an applicant paying such costs has received or is entitled to receive reimbursement for such costs under the terms

of another state or federal broadband grant program for the deployment of broadband facilities, whether through a specific reimbursement for such costs or through support payments that equal or exceed the person's actual deployment costs, including eligible pole replacement costs. The term does not include the receipt of a state or federal grant that covers only a portion of the applicant's actual deployment costs, including eligible pole replacement costs, if the applicant pays the eligible pole replacement costs with its own funds.

(l) "Unserved area" means a location in which:

1. At the time of a request by a retail provider of qualifying broadband service to attach facilities to a pole in such location, fixed, terrestrial, retail wireline broadband Internet service is unavailable, according to the latest available broadband deployment data from the Federal Communications Commission, provided that no person other than the applicant has committed to providing qualifying broadband service in such area; or

2. An applicant is committed under the terms of a federal or state grant to provide qualifying broadband service, provided that the availability of such grant is limited to areas lacking access to fixed, terrestrial, retail wireline broadband Internet service.

(3) BROADBAND POLE REPLACEMENT PROGRAM.—

(a) The Broadband Pole Replacement Program is established within the Florida Office of Broadband. The office shall administer the program and is responsible for receiving and reviewing applications and distributing reimbursements under the program.

(b) Any applicant that pays eligible pole replacement costs after July 1, 2022, is eligible for reimbursement of such costs under the program and may submit an application for reimbursement in accordance with this section.

(c) Reimbursements provided under the program are subject to the availability of funds. The office shall accept applications for reimbursement until all funds appropriated to the program are exhausted. Reimbursements shall be made on a first-come, first-served basis. The office shall publish on its website information regarding the availability of funds and the date when applications may begin to be submitted.

(d) An application pending when all funds are exhausted is deemed denied; however, the applicant may reapply if sufficient funds are later made available.

(e) By September 1, 2022, the office shall publish an application form for reimbursement of eligible pole replacement costs under the program. The application must require the following:

1. Information sufficient to establish the number and cost of eligible pole replacements that qualify for reimbursement under the program.

2. Documentation sufficient to establish that the claimed eligible pole replacements have been completed.

3. The total reimbursement amount requested and any state or federal grant funding or accounting information required to justify the amount requested.

4. A notarized statement from an officer or agent of the applicant certifying that the contents of the application are true and accurate and that such applicant will comply with the

requirements of this section as a condition of receiving reimbursement under the program.

5. Receipts verifying the amount of eligible pole replacement costs paid by the applicant.

6. Documentation sufficient to establish the actual and reasonable administrative expenses paid by such applicant in preparing and submitting the application.

7. Any other information or documentation required by the department to comply with the requirements or conditions, as applicable, of any federal funding used to pay reimbursements under the program.

(f) Within 60 days after receipt of a complete application that establishes an applicant's eligible pole replacement costs, the office shall reimburse the applicant in an amount equal to up to 50 percent of the total amount paid or $5,000, whichever is less, by such applicant for eligible pole replacement costs.

(g) Reimbursements made under this program from funds appropriated from any federal funding received by this state must also be made in compliance with any requirements or conditions for use of such federal funds.

(h) If the information required for application is not otherwise reasonably available to an applicant, an applicant may request that a pole owner performing an eligible pole replacement provide the number and costs of the pole replacements and receipts verifying the amount of eligible pole replacement costs paid by the applicant.

(i) As a condition of receiving reimbursement under the program, an applicant must:

1. Certify its compliance with the requirements of this

section and with any federal conditions or requirements for use of federal funds as applicable; and

2. Agree to refund with interest at the applicable Federal Funds rate as specified by s. 670.506 any reimbursements or portions thereof received under the program to the department, at the direction of the office, if the office finds, upon substantial evidence and after providing such applicant with notice and an opportunity to respond, that such applicant materially violated a requirement of this section with respect to such reimbursements or portions thereof. Any funds received by the office under this subparagraph shall be deposited into the fund from which the appropriation was made.

(j) If applicable, an applicant that is a pole owner that calculates its pole rental and other fees on the basis of a formula required or approved by federal or state law or regulation which includes consideration of the pole owner's expenses must, as a condition of receiving reimbursement under the program, exclude from such expenses any eligible pole replacement costs that were reimbursed by the program, paid for by a retail provider of qualifying broadband service, or funded by another state or federal grant.

(4) TRANSPARENCY.—The office shall publish and continually update the following information on its website:

(a) Statistics on the number of applications received, processed, and denied under the program.

(b) Statistics on the value, number, and status of reimbursements provided under the program, including the names of pole owners and retail providers of qualifying broadband service which received reimbursements under the program.

(c) The amount of funds remaining from any appropriation.

(5) RULEMAKING.—The department is authorized to adopt rules to establish the application and the conditions or requirements that must be met in order to use and receive any federal funding appropriated to the program.

Section 3. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1800
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senators Boyd and Bradley
SUBJECT:	Broadband Infrastructure
DATE:	March 2, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Harmsen	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1800 creates the Broadband Pole Replacement Program, to be administered by the Office of Broadband (Office) within the Department of Economic Opportunity (department). The program will reimburse eligible broadband Internet service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service.

Reimbursements under the program are limited to 50 percent of the broadband Internet service provider's eligible pole replacement cost or $5,000, whichever is less, in addition to the provider's administrative costs related to the preparation and submission of the application for reimbursement.

The bill also requires the office to report annually on its activities and on the administration of the Broadband Pole Replacement Program and the Broadband Opportunity Program.

The bill does not appropriate any funding to the program or resources to the department to administer the program. See Section V. Fiscal Impact Statement.

The bill takes effect July 1, 2022.

II. Present Situation:

Broadband Internet Deployment

Fixed and mobile broadband Internet services provide access to numerous employment, education, entertainment, and health care opportunities.[1] Access to a sufficient internet connection has only grown more important during the COVID-19 pandemic, which required many Americans to connect to their family and friends, schooling, work, and even medical appointments over the internet.[2]

Broadband internet is a high speed internet that is faster than dial-up access and is always on; in 2015, the Federal Communications Commission (FCC) defined broadband as 25/3 megabits per second (Mbps), i.e., 25 Mbps (download rate) and 3 Mbps (upload rate).[3] Consumers can receive Broadband internet through several different technologies, including a digital subscriber line (DSL), a cable modem, fiber, wireless, satellite, and broadband over power lines.[4]

While Florida's urban areas are served at a fixed broadband coverage rate of 98 percent, its rural areas are served at a rate of 78.6 percent.[5] This disparity is caused primarily by high per-unit construction costs required to build broadband infrastructure across larger swaths of rural geographic areas.[6] One key factor in deploying broadband infrastructure is access to utility poles, upon which broadband providers affix their infrastructure.[7] Often, broadband providers who seek to expand their infrastructure are met with denied or delayed utility pole access, or are asked to pay an excessive fee for the attachment or to replace the entire pole.[8]

Communities that lack broadband access can have difficulty attracting new capital investment.[9] Additionally, data indicates that low-income households disproportionately lack access to broadband Internet service, which puts children in those households at risk of falling behind.[10]

Federal Broadband Initiatives

There are several existing and new programs at the federal level dedicated to expanding the availability and access to broadband Internet. For example, the U.S. Department of Agriculture (USDA) has several rural utilities programs to provide a variety of loans and grants to build and expand broadband networks;[11] the U.S. Department of Housing and Urban Development offers block grants that can support broadband infrastructure;[12] and the Department of the Interior launched a mapping tool to allow service providers to locate federal property available for infrastructure development.[13]

The FCC collects and monitors data on broadband deployment in order to identify underserved and unserved localities in the United States through its Digital Opportunity Data Collection Program.[14] The FCC collects information from service providers according to specific reporting standards to create geographic service maps. The service providers must report their service coverage areas, including where their services were available to residences or businesses, and the speed and latency at which their services are delivered.[15] The FCC also set up a website to allow for public input regarding consumers' experiences with broadband.[16] The FCC is in the process of updating its broadband maps with more detailed and precise information.[17] The National Telecommunications and Information Administration (NTIA) within the U.S. Department of Commerce is working to improve coordination between federal programs that fund broadband and statewide efforts.[18]

In January 2020, the FCC established the Rural Digital Opportunity Fund to fund the deployment of broadband networks in rural America. The first phase of the fund began in 2020 and made $16 billion available to target census blocks that are wholly unserved by fixed broadband speeds of at

least 25 Mbps downstream and 3 Mbps upstream (25/3 Mbps).[19] Florida entities received over $190 million (to be distributed over the next 10 years) in this first round of funding.[20] Phase II of the Fund will target underserved localities, as identified by the FCC's Digital Opportunity Data Collection Program. Using this more precise data, the second phase of FCC grants will make available at least $4.4 billion to target geographic areas where some locations lack access to 25/3 Mbps broadband.[21]

Further, billions in Congressional appropriations have been made over the last year, including funding in the December 2020 COVID-19 relief bill for rural broadband ($300 million) through the NTIA Broadband Infrastructure Development Grants program;[22] the American Rescue Plan Act that included multiple appropriations that could be used for broadband infrastructure, such as $10 billion for the Capital Projects Fund to provide grants to states for the costs of capital projects and $130.2 billion for Community Development Block Grants that can be used for community development projects;[23] and at least $64 billion in the Infrastructure Investment and Jobs Act, signed into law on November 15, 2021, for programs such as the Broadband Equity, Access, and Development Program to be administered by the NTIA to states through matching grants.[24]

U.S. Department of the Treasury Coronavirus Capital Projects Fund

The American Rescue Plan Act allocated $10 billion to eligible governments to carry out capital projects to meet critical needs, with an emphasis on broadband infrastructure.[25] Florida's share is $366 million, and the state submitted its intent to use the funds in December 2021 to expand broadband Internet infrastructure in Florida, among other capital uses.[26]

Presumptively eligible projects under the program include the construction and deployment of broadband infrastructure that is designed to deliver service that reliably meets or exceeds symmetrical speeds of 100 Mbps, or if impracticable, speeds of 100 Mbps downstream and 20 Mbps upstream; projects for digital connectivity that facilitate broadband access; and

construction or improvement of certain community facilities.[27] Projects may also be eligible on a case-by-case review, such as investments in capital assets, such as buildings, towers, digital devices and equipment, fiber-optic lines, and broadband networks.[28] Each capital project must:

- Invest in capital assets designed to directly enable work, education, and health monitoring;
- Be designed to address a critical need that resulted from or was made apparent or exacerbated by the COVID-19 public health emergency; and
- Be designed to address a critical need of the community to be served by it.

The deadline to submit a grant plan to the U.S. Department of the Treasury is September 24, 2022.

NTIA Broadband Programs

The Infrastructure Investment and Jobs Act includes $65 billion for broadband infrastructure and access. Through this funding, the NTIA will implement multiple programs, including the Broadband Equity, Access, and Deployment (BEAD) program and Enabling Middle Mile Broadband Infrastructure program.[29]

The BEAD program, $42.45 billion in total, is for states to use for broadband deployment, mapping, and adoption projects. Each state will receive an initial allocation of $100 million to support planning efforts and the creation of a 5-year action plan for use of the funds. The remaining funding will be distributed on a formula that considers the number of unserved and high-cost locations in the state; the first priority for funding is for providing broadband to unserved areas (those below 25/3 Mbps), followed by underserved areas (those below 100/20 Mbps), and then serving community anchor institutions (1/1 Gbps).

The Enabling Middle Mile Broadband Infrastructure program, $1 billion in total, is for the construction, improvement, or acquisition of middle mile infrastructure. The goal is to reduce the cost of connecting unserved and underserved areas to the internet backbone. States as well as local governments, technology companies, utilities, telecommunications companies, and others may apply for these funds.

Currently there is no guidance or allocation information publically available for these programs.

Florida's Office of Broadband

In 2020 the Legislature created the Florida Office of Broadband (Office) within the Department of Economic Opportunity.[30] The Office is tasked with developing, marketing, and promoting broadband Internet service in the state.[31]

[28] *Id*. at 7.
[29] U.S. Dep't. of Commerce, NTIA, *Grants*, https://www.ntia.doc.gov/category/grants (last visited Feb. 17, 2022).
[30] Chapter 2020-26, Laws of Fla.
[31] Section 288.9961(4), F.S. *See also*, Florida Department of Economic Opportunity, Office of Broadband, *About Us*, https://floridajobs.org/community-planning-and-development/broadband/office-of-broadband (last visited Feb. 14, 2022).

Specifically, the Office must:[32]

- Create a strategic plan for increasing the availability and use of broadband Internet service in Florida which must incorporate federal broadband initiatives and also include a process to review and verify public input regarding transmission speeds and availability of broadband Internet service throughout the state;
- Build local technology planning teams representing, among others, libraries, schools, colleges and universities, local health care providers, private businesses, community organizations, economic development organizations, local governments, tourism, parks and recreation, and agriculture in order to identify needs and resources to reduce barriers to the deployment of broadband Internet services;
- Encourage the use of broadband Internet service, especially in rural, unserved, and underserved areas of the state through grant programs;[33]
- Monitor, participate in, and provide input in proceedings of the FCC and other federal agencies related to the geographic availability and deployment of broadband Internet service as necessary to ensure that Florida's rural, unserved, and underserved areas are best positioned to benefit from federal and state broadband deployment programs; and
- Administer Florida's Broadband Opportunity Program.

The department may apply for and accept federal grant funds, enter into necessary or useful contracts, and establish any committee or workgroup to further the above goals. Additionally, the department has rulemaking authority to implement sections 288.9961-288.9963, F.S., relating to the Office.[34]

Broadband Opportunity Program[35]

The Office administers the Broadband Opportunity grant program to expand broadband Internet service to unserved areas of Florida. Grant funds may not be used to provide broadband Internet service to a geographic area where broadband Internet is already deployed by at least one provider.

No funds have been appropriated for the program, and no grants have been made available.

[32] Section 288.9961(4), F.S.
[33] Section 288.9961(2)(f), F.S., defines the term "underserved" to mean a geographic area of this state in which there is no provider of broadband Internet service that offers a connection to the Internet with a capacity for transmission at a consistent speed of at least 100 Mbps downstream and at least 10 Mbps upstream. Section 288.9961(2)(g), F.S., defines the term "unserved" as a geographic area in which there is no broadband Internet service provider.
[34] Section 288.9961(5), F.S.
[35] Section 288.9962, F.S.

Regulation of Pole Attachments

Utility poles may be installed and owned by different kinds of utilities,[36] such as electrical or telecommunications providers.[37] "Pole attachment" is the process by which communications companies allocate infrastructure on utility poles. Different vertical portions of utility poles are divided for specific uses, including electrical power, telephone, cable television, broadband Internet, and wireless service.[38] The owning entity can charge others to attach their services to its pole. This sharing of the pole resource benefits the public by minimizing "unnecessary and costly duplication of plant for all pole users."[39] When a new attacher seeks access to a pole, it is necessary to evaluate the safety and ability to add the attachment. In many cases, existing attachments must be moved to make room for the new attachment. In some cases, a larger pole is necessary to accommodate a new attachment.[40]

Federal law recognizes state and local government authority to manage the public right-of-way (ROW) on utility poles and to require fair and reasonable compensation from telecommunication providers, on a competitively neutral and nondiscriminatory basis, for the use of such ROW.[41]

Congress began regulating pole attachments in 1978.[42] The Telecommunications Act (Act) of 1996[43] added provisions making access to utility poles mandatory for telecommunications services providers,[44] and providing for nondiscriminatory access, unless there is insufficient capacity and reasons of safety, reliability and generally applicable engineering purposes.[45] Municipalities and rural electric cooperative utilities are exempt from the federal provisions.[46]

A state, however, can assume regulation of pole attachment through a process known as "reverse preemption." This requires a state to expressly assert jurisdiction through state legislation, followed by certification to the FCC that "in so regulating such rates, terms, and conditions, the state has the authority to consider and does consider the interests of the subscribers of the services offered via such attachments, as well as the interests of the consumers of the utility

[36] 47 U.S.C. 224(a)(1) (1996), defines "utility" as "any person who is a local exchange carrier or an electric, gas, water, steam, or other public utility, and who owns or controls poles, ducts, conduits, or rights-of-way used, in whole or in part, for any wire communications. Such term does not include any railroad, any person who is cooperatively organized, or any person owned by the Federal Government or any State."
[37] *See*, Jim Saunders, NEWS SERVICE OF FLORIDA, *FPL, AT&T Battle Over Utility Bills*, (Aug. 1, 2019) https://www.news-press.com/story/news/newswire/2019/08/01/florida-power-light-fpl-at-t-battle-over-utility-bills/1887655001/ (last visited Feb. 14, 2022).
[38] Florida Public Service Commission, *What's on a Utility Pole?*, http://www.psc.state.fl.us/ConsumerAssistance/UtilityPole (last visited Feb. 14, 2022). 47 U.S.C. 224(a)(4), defines "pole attachment" as "any attachment by a cable television system or provider or telecommunications service to a pole, duct, conduit, or right-of-way owned or controlled by a utility."
[39] S. REP. NO. 95-580, at 13 (1977), as reprinted in 1978 U.S.C.C.A.N. 109, 121.
[40] FCC, *Third Report and Order and Declaratory Ruling In the Matter of Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment*, FCC-CIRC 1808-03 (2018) at 4-5.
[41] 47 U.S.C. 253(c).
[42] The Pole Attachment Act of 1978 granted utility pole access to cable companies and was designed to promote utility competition and service to the public. Communications Act Amendments of 1978, Pub. L. No. 950234 (Feb. 21, 1978).
[43] Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996).
[44] The term "telecommunications" means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. 47 U.S.C. 153(50).
[45] Pub. L. No. 104-104, *codified* at 47 U.S.C. 224(f).
[46] 47 U.S.C. 224(a)(1).

services."[47] As of March 19, 2020, 22 states and the District of Columbia have reverse preemption.[48] In 2021, this regulatory authority was transferred to the Florida Public Service Commission;[49] the PSC is still in the process of adopting rules to complete this transfer.[50]

In September 2018, the FCC issued an order which preempted state and local laws and agreements, including those related to pole attachments, to remove regulatory barriers that would inhibit the deployment of "small cell" infrastructure necessary to support new wireless broadband services.[51] The order provided that state or local fees charged to mobile service providers for deploying small cell sites violate federal law unless they:

- Are a reasonable approximation of the state or local government's costs;
- Only factor in costs that are "objectively reasonable;" and
- Are no higher than fees charged to similarly situated competitors.[52]

Florida Promotional Rates for Wireline Attachment

The Legislature has provided for the promotional rate of $1 per wireline attachment per pole, per year for any new attachment necessary to make broadband service available to an unserved or underserved end user within a municipal electric utility service territory. This rate began July 1, 2021 and ends July 1, 2024.[53]

If a municipal electric utility is required to replace a utility pole due to a broadband provider's attachment, the municipal electric utility may require the broadband provider to reimburse all reasonable costs attributable to the new attachment, minus the salvage value of the pole. A utility cannot require pole replacement to accommodate the broadband provider's pole attachment unless it is necessary to comply with applicable engineering and safety standards. Additionally, if the pole replacement is necessary to correct an existing violation, to bring the pole into compliance with changes in applicable standards, or because the pole is at the end of its useful life, the replacement cost may not be passed on to the broadband provider.[54]

---

[47] 47 U.S.C. 224(c)(2).
[48] FCC, *Public Notice: States That Have Certified That They Regulate Pole Attachments*, (Mar. 19, 2020) https://www.fcc.gov/document/states-have-certified-they-regulate-pole-attachments-2 (last visited Feb. 14, 2022).
[49] Chapter 2021-191, Laws of Fla.
[50] Cindy Miller, *What's Up with Pole Attachments in Florida: Energy and Telecom Players Urge Different Approaches*, (Sep. 17, 2021) https://energycentral.com/c/um/whats-pole-attachments-florida-energy-and-telecom-players-urge-different (last visited Feb. 14, 2022).
[51] FCC, *Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment, Report and Order*, 33 FCC Rcd 9088 (14), FCC-18-133. *See also* CRS, *Overview of Legal Challenges to the FCC's 5G Order on Small Cell Siting* (Feb. 25, 2019). The order's discussion of preemption begins by interpreting the Telecommunication Act's two relevant preemption provisions: ss. 253 and 332(c)(7). Subject to certain exceptions, these sections preempt state and local requirements that "prohibit or have the effect of prohibiting the ability of any entity" to provide "telecommunications" or "personal wireless services."
[52] CRS, *Overview of Legal Challenges to the FCC's 5G Order on Small Cell Siting*, at 2-3. The order also identifies specific fee limits that are presumptively allowed under federal law. For non-recurring fees, such as up-front applications for small cell site installations, localities may charge up to $500, subject to certain exceptions. For recurring fees, such as access fees, localities may charge up to $270 per year. Higher fees may be charged due to local cost variances.
[53] Section 288.9963(3), F.S.
[54] "Useful life" of a utility pole means not less than 30 years for wood utility poles, and not less than 50 years for concrete, steel, ductile iron, and all other utility poles. Section 288.9963(5), F.S.

III. Effect of Proposed Changes:

Broadband Pole Replacement Program (creating s. 288.9964, F.S.)
The bill creates the Broadband Pole Replacement Program within the Office of Broadband. The Office will accept applications for the reimbursement of eligible pole replacement costs and distribute payments until the funds are exhausted. Eligible pole replacement is the removal of an existing utility pole and its replacement with a new utility pole in order to accommodate the attachment to the new utility pole of facilities used by the provider.[55]

Eligibility

Private businesses or nonprofit corporations that currently provide, or will provide, qualifying broadband service to Florida are eligible for reimbursements under the program. These entities must provide, or commit to providing qualifying broadband service that is capable of delivering Internet access at speeds of at least 100 Mbps downstream and 100 Mbps upstream with a latency at a level sufficient to allow real-time, interactive applications. Additionally, the applicants' pole replacements must occur in unserved areas for the purpose of attaching facilities to provide qualifying broadband service to residences or businesses in that area.[56]

Reimbursements

The Office must reimburse an applicant within 60 days after it receives its completed application. Reimbursements are made on a first-come, first-served basis. The Office will reimburse under the program according to availability of funds. Any application that is pending when appropriated funding is exhausted is denied, but the applicant may reapply if funds are later made available. The Office is required to provide updated information on its website regarding the availability of funds and the date when applications may begin to be accepted.

An application for reimbursement must include the following:
- Information sufficient to establish the number and cost of eligible pole replacements;
- Documentation sufficient to establish that the eligible pole replacements are completed;
- The total reimbursement amount requested, and any state or federal grant funding or accounting information required to justify the amount requested;
- A notarized statement from an officer or agent of the applicant which certifies that the application's contents are true and accurate and that the applicant will comply with applicable law as a condition of receiving reimbursement under the program;
- Receipts to verify the amount of eligible pole replacement costs paid by the applicant; and
- Any other information or documentation required by the office to comply with the requirements or conditions, as applicable, of any federal funding used to pay reimbursements under the program.

[55] It does not include removal and replacement of an existing utility pole by the pole owner or an affiliate, unless the removal is performed as an accommodation to a provider of qualifying broadband service.
[56] The bill defines an "unserved area" as a location in which (1) fixed, terrestrial, retail wireline broadband Internet service is unavailable at the time that the broadband service provider requests to attach its facilities to a pole in that location, and no other person has committed to providing qualifying broadband service; or (2) the applicant is committed under the terms of a state or federal grant to provide qualifying broadband service, provided that the availability of the grant is limited to areas that lack access to fixed, terrestrial, retail wireline broadband Internet service.

An eligible pole replacement cost is the actual cost paid by the applicant to perform a pole replacement, excluding any amount that is otherwise reimbursed through another state or federal broadband grant program or other governmental entity. Specifically, the cost may include:

- The removal and disposal of the existing utility pole;
- The purchase and installation of a replacement utility pole: and
- The transfer of any existing facilities to the replacement utility pole.

An eligible applicant shall receive a reimbursement for each eligible utility pole replacement up to 50 percent of the total amount paid for eligible pole replacement costs, or $5,000, whichever is less. Reimbursements from appropriated federal funds must also be made in compliance with any federal requirements or conditions for use of the funds.

If the applicant broadband Internet service provider cannot provide the information required by the application, it may request that the pole owner that performed the pole replacement submit the required information, including the pole replacement costs paid by the applicant.

Additionally, an applicant that is a pole owner that calculates a pole rental and other fees based on a federal or state-approved formula that includes consideration of the pole owner's expenses, must exclude any expenses reimbursed by this program, paid for by a retail provider of qualifying broadband service, or funded by another state or federal grant.

As a condition of receiving reimbursement, the applicant must certify its compliance with the program, including any federal requirements, and agree to refund with interest any reimbursements or portions thereof if the Office finds that the applicant materially violated any requirement of the program.

Administrative Duties

The Office must publish and update the following information on its website:

- Statistics on the number of applications received, processed, and denied by the program;
- Statistics on the value, number, and status of reimbursements provided under the program, including the names of pole owners and retail providers of qualifying broadband service which received reimbursements under the program; and
- The amount of funds remaining from any appropriation.

The bill specifically authorizes the department to adopt rules to establish the application and the conditions or requirements that must be met in order to use and receive any federal funding appropriated to the program.

Reporting by the Office of Broadband

The bill requires the Office to report annually, by January 31, on the activities of the office to meet the requirements of s. 288.9961, F.S., including on any applications made and use of federal funds for broadband infrastructure, deployment, or access. If funds are appropriated to the Broadband Opportunity Program or the Broadband Pole Replacement Program, then the office must report on the programs as well.

Effective Date

The bill takes effect on July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may ultimately help to provide more affordable broadband Internet service to Florida's communities by increasing related infrastructure. The bill will benefit eligible providers by assisting them to expand their services.

C. Government Sector Impact:

The bill does not appropriate any funds to the Broadband Pole Replacement Program.

It is unclear whether the department will require additional funds or positions to administer the program. SB 2500 provides an additional FTE to the department for the Office of Broadband.

For the bill as originally filed, the Department of Economic Opportunity provided a high estimate for resources necessary to implement the bill, including:

- $880,219 ($35,587 nonrecurring) and 10 FTE;

- $1 million for staff augmentation (8-12 full time and 3-5 part-time staff); and
- $2 million ($1.5 million nonrecurring) for IT software licenses to track projects and awards.

With the changes to the bill, it is likely that this level of resources will not be needed; however any exact impact is unknown at this time. The department may also incur costs for reporting and posting information on its website, which can be done within existing resources.[57]

VI. Technical Deficiencies:

Lines 177-179 should be removed from the bill, as the related provisions were removed from the bill (related to reimbursement of certain administrative expenses).

VII. Related Issues:

The Department of Economic Opportunity, in its agency analysis of the bill, states that the U.S. Treasury had advised the department "against the use of Capital Projects Fund for utility pole replacement or general construction projects."[58]

SB 1802 is a linked bill that creates the Broadband Pole Replacement Trust Fund.

VIII. Statutes Affected:

This bill substantially amends section 288.9961 of the Florida Statutes.

This bill creates section 288.9964 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Requires the Office of Broadband to report annually on its activities, including on the Broadband Pole Replacement Program and the Broadband Opportunity Program;
- Removes references to the Broadband Pole Replacement Trust Fund and related provisions;
- Removes the appropriation to the Broadband Opportunity Program;
- Allows for reimbursement of pole replacement costs made after July 1, 2022;
- Provides for reimbursement on a first-come, first-served basis;
- Requires the Office of Broadband to publish an application form by September 1, 2022;

[57] Department of Economic Opportunity, *2022 Agency Legislative Bill Analysis SB 1800*, February 21, 2022 (on file with the Senate Appropriations Subcommittee on Transportation, Tourism, and Economic Development).
[58] *Id*.

- Clarifies the documentation necessary for the application;
- Removes the authorization for reimbursement of administrative costs to submit the application;
- Requires any reimbursements made with funds appropriated from federal funds to also meet federal grant requirements;
- Clarifies the rulemaking authority; and
- Changes the effective date to July 1, 2022.

CS by Commerce and Tourism on January 24, 2022:
Inserts the bill number assigned to linked bill, CS/SB 1802, which creates the Broadband Pole Replacement Program, in the contingent effective date.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Commerce and Tourism; and Senator Boyd

577-02253-22 20221800c1

A bill to be entitled

An act relating to broadband infrastructure; amending s. 288.9961, F.S.; revising the duties of the Florida Office of Broadband to include administering the Broadband Pole Replacement Program; creating s. 288.9964, F.S.; providing legislative findings; defining terms; establishing the Broadband Pole Replacement Program within the office; providing responsibilities of the office; providing eligibility requirements for reimbursement under the program; providing that reimbursements are subject to the availability of certain funds; providing that certain denied applicants may reapply in certain circumstances; providing requirements for the program application; requiring the office to provide certain reimbursements within a certain period of time; authorizing an applicant to request certain information from a pole owner under certain circumstances; requiring an applicant to meet certain conditions; requiring the Secretary of Economic Opportunity to apply for certain federal funding for the program; requiring that the amount of state funds allocated to the program be reduced by the amount of certain federal funds provided to the program; requiring the office to publish and continually update certain information on its public website; requiring an audit of the Broadband Pole Replacement Trust Fund within a certain period of time; requiring the office to provide a report containing specified information

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

577-02253-22 20221800c1

to the Governor and the Legislature within a specified timeframe; providing that certain provisions do not require or authorize rulemaking; providing an appropriation; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (g) is added to subsection (4) of section 288.9961, Florida Statutes, to read:

288.9961 Promotion of broadband adoption; Florida Office of Broadband.—

(4) FLORIDA OFFICE OF BROADBAND.—The Florida Office of Broadband is created within the Division of Community Development in the department for the purpose of developing, marketing, and promoting broadband Internet services in this state. The office, in the performance of its duties, shall do all of the following:

(g) Administer the Broadband Pole Replacement Program established in s. 288.9964.

Section 2. Section 288.9964, Florida Statutes, is created to read:

288.9964 Broadband Pole Replacement Program.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that a broadband pole replacement program administered by the Florida Office of Broadband is necessary to further the state's goal of expanding and accelerating access to broadband service in unserved areas throughout this state.

(2) DEFINITIONS.—As used in this section, the term:

(a) "Applicant" means a private business, including a

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

corporation, a limited liability company, a partnership, a nonprofit corporation, or any other private business entity that provides or will provide qualifying broadband service in this state.

(b) "Application" means an application made under this section for an eligible pole replacement reimbursement.

(c) "Broadband Internet service" means a service that offers a connection to the Internet with a capacity for transmission at a consistent speed of at least 25 megabits per second downstream and 3 megabits per second upstream.

(d) "Broadband Pole Replacement Trust Fund" means the trust fund established pursuant to s. 288.9965.

(e) "Eligible pole replacement" means the removal of an existing utility pole and its replacement with a new utility pole in an unserved area in order to accommodate the attachment to such new utility pole of facilities used in whole or in part by a retail provider of qualifying broadband service for the purpose of providing qualifying broadband service access to residences or businesses in that unserved area. The term does not include the removal and replacement of an existing utility pole by the owner or an affiliated company unless the removal or replacement is performed as an accommodation to a provider of qualifying broadband services.

(f) "Eligible pole replacement costs" means the actual costs to perform an eligible pole replacement which are paid by an applicant, excluding any amount separately reimbursed through another state or federal broadband grant program or by some other governmental entity. The term includes the costs to remove and dispose of the existing utility pole, to purchase and

install a replacement utility pole, and to transfer any existing facilities to the replacement utility pole.

(g) "Office" means the Florida Office of Broadband.

(h) "Pole" means any pole used in whole or in part for wire communications or electric distribution.

(i) "Pole owner" means any electric utility as defined in s. 366.02(2), public utility as defined in s. 366.02(1), communications services provider as defined in s. 366.02(5), cable television operator, or local exchange carrier that owns or controls a pole.

(j) "Program" means the Broadband Pole Replacement Program established under this section.

(k) "Qualifying broadband service" means a fixed, terrestrial, retail wireline broadband Internet service capable of delivering Internet access at speeds of at least 100 megabits per second both downstream and upstream with latency at a level sufficient to allow real-time, interactive applications.

(l) "Reimbursed through another state or federal broadband grant program" means, with respect to eligible pole replacement costs, that an applicant paying such costs has received or is entitled to receive reimbursement for such costs under the terms of another state or federal broadband grant program for the deployment of broadband facilities, whether through a specific reimbursement for such costs or through support payments that equal or exceed the person's actual deployment costs, including eligible pole replacement costs. The term does not include the receipt of a state or federal grant that covers only a portion of the applicant's actual deployment costs, including eligible pole replacement costs, if the applicant pays the eligible pole

replacement costs with its own funds.

(m) "Unserved area" means a location in which:

1. At the time of a request by a retail provider of qualifying broadband service to attach facilities to a pole in such location, fixed, terrestrial, retail wireline broadband Internet service is unavailable, according to the latest available broadband deployment data from the Federal Communications Commission, provided that no person other than the applicant has committed to providing qualifying broadband service in such area; or

2. An applicant is committed under the terms of a federal or state grant to provide qualifying broadband service, provided that the availability of such grant is limited to areas lacking access to fixed, terrestrial, retail wireline broadband Internet service.

(3) BROADBAND POLE REPLACEMENT PROGRAM.—

(a) The Broadband Pole Replacement Program is established within the Florida Office of Broadband. The office shall administer the program and is responsible for receiving and reviewing applications and distributing reimbursements under the program.

(b) Any applicant that pays eligible pole replacement costs is eligible for reimbursement of such costs under the program and may submit an application for reimbursement in accordance with this section.

(c) Reimbursements provided under the program are subject to the availability of funds in the Broadband Pole Replacement Trust Fund. The office shall accept applications for reimbursement until all funds in the Broadband Pole Replacement

Trust Fund are exhausted.

(d) An application pending when all funds in the Broadband Pole Replacement Trust Fund are exhausted is deemed denied; however, the applicant may reapply if sufficient funds are later made available in the trust fund.

(e) Within 60 days after the first deposit of funds into the Broadband Pole Replacement Trust Fund, the office shall publish an application form for reimbursement of eligible pole replacement costs under the program. The application must require the following:

1. Information sufficient to establish the number and cost of eligible pole replacements that qualify for reimbursement under the program.

2. Documentation sufficient to establish that the claimed eligible pole replacements have been completed.

3. The total reimbursement amount requested and any state or federal grant funding or accounting information required to justify the amount requested.

4. A notarized statement from an officer or agent of the applicant certifying that the contents of the application are true and accurate and that such applicant will comply with the requirements of this section as a condition of receiving reimbursement under the program.

5. Receipts verifying the amount of eligible pole replacement costs paid by the applicant.

(f) Within 60 days after receipt of a complete application that establishes an applicant's eligible pole replacement costs, the office shall reimburse the applicant in an amount equal to:

1. Up to 50 percent of the total amount paid or $5,000,

whichever is less, by such applicant for eligible pole replacement costs; and

2. Up to 100 percent of the documented actual and reasonable administrative expenses paid by such applicant in preparing and submitting the application, including any administrative expenses charged by a pole owner pursuant to paragraph (g). The amount reimbursed under this subparagraph may not exceed 5 percent of eligible pole replacement costs set forth in the application.

(g) If such information is not otherwise reasonably available, an applicant may request that a pole owner performing an eligible pole replacement provide the number and costs of the pole replacements and receipts verifying the amount of eligible pole replacement costs paid by the applicant. A pole owner providing such information and documentation may require reimbursement from the applicant of its administrative expenses, which may not exceed 5 percent of the eligible pole replacement costs.

(h) As a condition of receiving reimbursement under the program, an applicant must:

1. Certify its compliance with the requirements of this section; and

2. Agree to refund with interest at the applicable Federal Funds rate as specified by s. 670.506 any reimbursements or portions thereof received under the program to the Broadband Pole Replacement Trust Fund or the General Revenue Fund, at the direction of the office, if the office finds, upon substantial evidence and after providing such applicant with notice and an opportunity to respond, that such applicant materially violated

a requirement of this section with respect to such reimbursements or portions thereof.

(i) If applicable, an applicant that is a pole owner that calculates its pole rental and other fees on the basis of a formula required or approved by federal or state law or regulation which includes consideration of the pole owner's expenses, must, as a condition of receiving reimbursement under the program, exclude from such expenses any eligible pole replacement costs that were reimbursed by the program, paid for by a retail provider of qualifying broadband service, or funded by another state or federal grant.

(4) PROGRAM FUNDING.—

(a) The Secretary of Economic Opportunity shall apply for $100 million in federal funding for the program, including funds available under the Coronavirus Capital Projects Fund, pursuant to the authorization set forth in s. 9901 of the American Rescue Plan Act of 2021 and codified at s. 604, Title VI of the Social Security Act, 42 U.S.C. s. 801, et seq. Any such funds received must be deposited into the Broadband Pole Replacement Trust Fund.

(b) The amount of state funds allocated to the program must be reduced by the amount of federal funds provided to the program from the Coronavirus Capital Projects Fund.

(5) TRANSPARENCY.—Within 60 days after the initial deposit of funds into the Broadband Pole Replacement Trust Fund, the office shall publish, and thereafter continually update, the following information on its public website:

(a) Statistics on the number of applications received, processed, and rejected under the program.

(b) Statistics on the value, number, and status of reimbursements provided under the program, including the names of pole owners and retail providers of qualifying broadband service which received reimbursements under the program.

(c) The amount of funds remaining in the Broadband Pole Replacement Trust Fund.

(6) AUDIT.—Within 1 year after the initial deposit of funds into the Broadband Pole Replacement Trust Fund, the Auditor General shall audit the fund and its administration for compliance with the requirements of this section and s. 288.9965.

(7) REPORT.—Within 1 year after all funds in the Broadband Pole Replacement Trust Fund are exhausted, the office shall provide a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives which identifies and examines the deployment of broadband infrastructure and technology facilitated by reimbursements provided under the program.

(8) RULEMAKING.—Rulemaking by the department, the office, or any other agency is not required to administer and is not authorized by this section.

Section 3. For the 2022-2023 fiscal year, the sum of $400 million in nonrecurring funds is appropriated from the General Revenue Fund, from payments received by the state pursuant to the Federal Coronavirus State Fiscal Recovery Fund established in 42 U.S.C. s. 802, to the Florida Office of Broadband within the Department of Economic Opportunity for the purpose of administering the Broadband Opportunity Program established in s. 288.9962, Florida Statutes.

Section 4. This act shall take effect upon becoming a law, if SB 1802 or similar legislation is adopted in the same legislative session or an extension thereof and becomes a law.

1.	Harmsen	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Sadberry	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1802 creates the Broadband Pole Replacement Trust Fund within the Department of Economic Opportunity to provide reimbursements to qualified applicants from the Broadband Pole Replacement Program, created by linked bill, SB 1800, and for use by the Office of Broadband to administer the program.

The bill is linked to SB 1800, which creates the Broadband Pole Replacement Program within the department's Office of Broadband.

This bill takes effect on the same date that SB 1800 takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law. SB 1800 takes effect upon becoming a law. SB 1800 takes effect July 1, 2022.

II. Present Situation:

Article III, s. 19(f), of the Florida Constitution requires that state trust funds may only be created by the Legislature if passed by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. Each trust fund must be created by general law that specifies at a minimum all of the following:

- The name of the trust fund;

- The agency or branch of state government responsible for administering the trust fund;
- The requirements or purposes the trust fund is established to meet;
- The sources of moneys to be credited to the trust fund or specific sources of receipts to be deposited in the trust fund.[1]

State trust funds terminate no more than four years after the effective date of the act authorizing the initial creation of the trust fund.[2] The Legislature is required to review all state trust funds at least once every four years.[3] If the Legislature does not re-create a trust fund, it will be abolished four years after its initial creation pursuant to the Florida Constitution.[4]

U.S. Department of the Treasury Coronavirus Capital Projects Fund

The American Rescue Plan Act allocated $10 billion to eligible governments to carry out capital projects to meet critical needs, with an emphasis on broadband infrastructure.[5] Florida's share is $366 million, and, in December 2021, the state submitted its intent to use the funds to expand broadband Internet infrastructure in Florida, among other capital uses.[6]

Presumptively eligible projects under the program include the construction and deployment of broadband infrastructure that is designed to deliver service that reliably meets or exceeds symmetrical speeds of 100 Mbps, or if impracticable, speeds of 100 Mbps downstream and 20 Mbps upstream; projects for digital connectivity that facilitate broadband access; and construction or improvement of certain community facilities.[7] Projects may also be eligible on a case-by-case review, such as investments in capital assets, such as buildings, towers, digital devices and equipment, fiber-optic lines, and broadband networks.[8] Each capital project must:

- Invest in capital assets designed to directly enable work, education, and health monitoring;
- Be designed to address a critical need that resulted from or was made apparent or exacerbated by the COVID-19 public health emergency; and
- Be designed to address a critical need of the community to be served by it.

The deadline to submit a grant plan to the U.S. Department of the Treasury is September 24, 2022.

SB 1800

CS/SB 1800 creates the Broadband Pole Replacement Program, to be administered by the Office of Broadband (Office) within the Department of Economic Opportunity (department). The

[8] *Id*. at 7.

program will reimburse eligible broadband Internet service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service.

Reimbursements under the program are limited to 50 percent of the broadband Internet service provider's eligible pole replacement cost or $5,000, whichever is less, in addition to the provider's administrative costs related to the preparation and submission of the application for reimbursement.

The bill directs the Secretary of the department to apply for $100 million in federal funding from the Coronavirus Capital Projects Fund and directs any such funds received to be placed into the Broadband Pole Replacement Trust Fund. The bill does not appropriate funds for the program.

III. Effect of Proposed Changes:

Section 1 creates s. 288.9965, F.S., the Broadband Pole Replacement Trust Fund within the Department of Economic Opportunity to provide reimbursements to qualified applicants from the Broadband Pole Replacement Program, created by linked bill, SB 1800, and for use by the Office of Broadband to administer the program.

The trust fund consists of funds appropriated by the Legislature; funds transferred by the department; interest earnings; and grants, gifts, and other contributions made directly to the trust fund. Funds appropriated from federal grant funds must be used consistent with federal law and with any federal grant agreement between the Department of Economic Opportunity and the federal agency for use of the funds.

The bill further provides that any balance that is in the trust fund at the end of any fiscal year shall be carried forward in the trust fund for the purposes of continued administration of the Broadband Pole Replacement Program.

Pursuant to the requirements of the Florida Constitution, the trust fund will terminate 4 years after its effective date, but must first be reviewed a provided in s. 215.3206(1) and (2), F.S.

Section 2 directs the Division of Law Revision to replace the phrase "4 years after the effective date of this act" with the date that the trust fund will terminate.

Section 3 states that the act takes effect on the same date that SB 1800, relating to the Broadband Pole Replacement Program, takes effect if such legislation is adopted in the same legislative session or an extension thereof and becomes a law. SB 1800 takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

Article III, s. 19(f), of the Florida Constitution requires that every trust fund be created by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. State trust funds terminate no more than 4 years after the initial creation, unless they are re-created. The Broadband Pole Replacement Trust Fund terminates 4 years after the date it becomes effective.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 288.9965 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (224394) by Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development:
The committee substitute removes the reference to the deposit of federal Capital Project Fund funds. The CS also clarifies that funds appropriated from federal grant funds must be used consistent with federal law and with any federal grant agreement between the Department of Economic Opportunity and the federal agency for use of the funds.

CS by Commerce and Tourism on January 24, 2022:
Inserts the bill number assigned to linked bill, CS/SB 1800, which creates the Broadband Pole Replacement Trust Fund, in the contingent effective date.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

224394

576-03266-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to the Broadband Pole Replacement Trust Fund; creating s. 288.9965, F.S.; creating the trust fund within the Department of Economic Opportunity; providing the purpose of the trust fund; providing that moneys credited to the trust fund shall consist of certain funds; requiring that certain funds in the trust fund be used in a manner consistent with federal law or grant agreement for use of the funds; providing that the balance in the trust fund at the end of a fiscal year remains in the trust fund and is available for carrying out the purposes of the trust fund; providing for future legislative review and termination or re-creation of the trust fund; providing a directive to the Division of Law Revision; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 288.9965, Florida Statutes, is created to read:

288.9965 Broadband Pole Replacement Trust Fund.—

(1) The Broadband Pole Replacement Trust Fund is created within the Department of Economic Opportunity for the purpose of providing reimbursements to qualified applicants under the Broadband Pole Replacement Program pursuant to s. 288.9964 and

224394

576-03266-22

for use by the Florida Office of Broadband in the administration of that program. Moneys credited to the trust fund shall consist of funds appropriated by the Legislature; funds transferred by the department; interest earnings; and grants, gifts, and other contributions made directly to the trust fund. Any funds in the trust fund appropriated from federal funds must be used in a manner consistent with federal conditions or regulations, as applicable, and with any grant agreement entered into by the department with the federal agency for use of the funds.

(2) Notwithstanding s. 216.301 and pursuant to s. 216.351, any balance in the trust fund at the end of any fiscal year shall remain in the trust fund at the end of the year and shall be available for carrying out the purposes of the trust fund.

(3) In accordance with s. 19(f)(2), Art. III of the State Constitution, unless terminated sooner, the Broadband Pole Replacement Trust Fund shall be terminated 4 years after the effective date of this act. Before its scheduled termination, the trust fund shall be reviewed as provided in s. 215.3206(1) and (2).

Section 2. The Division of Law Revision is directed to replace the phrase "4 years after the effective date of this act" where it occurs in this act with the date the trust fund will terminate.

Section 3. This act shall take effect on the same date that SB 1800 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1802
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senator Boyd
SUBJECT:	Broadband Pole Replacement Trust Fund
DATE:	March 2, 2022 REVISED:

1.	Harmsen	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1802 creates the Broadband Pole Replacement Trust Fund within the Department of Economic Opportunity to provide reimbursements to qualified applicants from the Broadband Pole Replacement Program, created by linked bill, SB 1800, and for use by the Office of Broadband to administer the program.

The bill is linked to SB 1800, which creates the Broadband Pole Replacement Program within the department's Office of Broadband.

This bill takes effect on the same date that SB 1800 takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes a law. SB 1800 takes effect upon becoming a law. SB 1800 takes effect July 1, 2022.

II. Present Situation:

Article III, s. 19(f), of the Florida Constitution requires that state trust funds may only be created by the Legislature if passed by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. Each trust fund must be created by general law that specifies at a minimum all of the following:

- The name of the trust fund;

- The agency or branch of state government responsible for administering the trust fund;
- The requirements or purposes the trust fund is established to meet;
- The sources of moneys to be credited to the trust fund or specific sources of receipts to be deposited in the trust fund.[1]

State trust funds terminate no more than four years after the effective date of the act authorizing the initial creation of the trust fund.[2] The Legislature is required to review all state trust funds at least once every four years.[3] If the Legislature does not re-create a trust fund, it will be abolished four years after its initial creation pursuant to the Florida Constitution.[4]

U.S. Department of the Treasury Coronavirus Capital Projects Fund

The American Rescue Plan Act allocated $10 billion to eligible governments to carry out capital projects to meet critical needs, with an emphasis on broadband infrastructure.[5] Florida's share is $366 million, and, in December 2021, the state submitted its intent to use the funds to expand broadband Internet infrastructure in Florida, among other capital uses.[6]

Presumptively eligible projects under the program include the construction and deployment of broadband infrastructure that is designed to deliver service that reliably meets or exceeds symmetrical speeds of 100 Mbps, or if impracticable, speeds of 100 Mbps downstream and 20 Mbps upstream; projects for digital connectivity that facilitate broadband access; and construction or improvement of certain community facilities.[7] Projects may also be eligible on a case-by-case review, such as investments in capital assets, such as buildings, towers, digital devices and equipment, fiber-optic lines, and broadband networks.[8] Each capital project must:

- Invest in capital assets designed to directly enable work, education, and health monitoring;
- Be designed to address a critical need that resulted from or was made apparent or exacerbated by the COVID-19 public health emergency; and
- Be designed to address a critical need of the community to be served by it.

The deadline to submit a grant plan to the U.S. Department of the Treasury is September 24, 2022.

SB 1800

CS/SB 1800 creates the Broadband Pole Replacement Program, to be administered by the Office of Broadband (Office) within the Department of Economic Opportunity (department). The

[8] *Id*. at 7.

program will reimburse eligible broadband Internet service providers for their costs incurred for the removal and replacement of existing utility poles in areas of Florida that are unserved by broadband Internet service.

Reimbursements under the program are limited to 50 percent of the broadband Internet service provider's eligible pole replacement cost or $5,000, whichever is less, in addition to the provider's administrative costs related to the preparation and submission of the application for reimbursement.

The bill directs the Secretary of the department to apply for $100 million in federal funding from the Coronavirus Capital Projects Fund and directs any such funds received to be placed into the Broadband Pole Replacement Trust Fund. The bill does not appropriate funds for the program.

III. Effect of Proposed Changes:

Section 1 creates s. 288.9965, F.S., the Broadband Pole Replacement Trust Fund within the Department of Economic Opportunity to provide reimbursements to qualified applicants from the Broadband Pole Replacement Program, created by linked bill, SB 1800, and for use by the Office of Broadband to administer the program.

The trust fund consists of funds appropriated by the Legislature; funds transferred by the department; interest earnings; and grants, gifts, and other contributions made directly to the trust fund. Funds appropriated from federal grant funds must be used consistent with federal law and with any federal grant agreement between the Department of Economic Opportunity and the federal agency for use of the funds.

The bill further provides that any balance that is in the trust fund at the end of any fiscal year shall be carried forward in the trust fund for the purposes of continued administration of the Broadband Pole Replacement Program.

Pursuant to the requirements of the Florida Constitution, the trust fund will terminate 4 years after its effective date, but must first be reviewed a provided in s. 215.3206(1) and (2), F.S.

Section 2 directs the Division of Law Revision to replace the phrase "4 years after the effective date of this act" with the date that the trust fund will terminate.

Section 3 states that the act takes effect on the same date that SB 1800, relating to the Broadband Pole Replacement Program, takes effect if such legislation is adopted in the same legislative session or an extension thereof and becomes a law. SB 1800 takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

Article III, s. 19(f), of the Florida Constitution requires that every trust fund be created by a three-fifths vote of the membership of each house of the Legislature in a separate bill for the sole purpose of creating a trust fund. State trust funds terminate no more than 4 years after the initial creation, unless they are re-created. The Broadband Pole Replacement Trust Fund terminates 4 years after the date it becomes effective.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 288.9965 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute removes the reference to the deposit of federal Capital Project Fund funds. The CS also clarifies that funds appropriated from federal grant funds must be used consistent with federal law and with any federal grant agreement between the Department of Economic Opportunity and the federal agency for use of the funds.

CS by Commerce and Tourism on January 24, 2022:
Inserts the bill number assigned to linked bill, CS/SB 1800, which creates the Broadband Pole Replacement Trust Fund, in the contingent effective date.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Commerce and Tourism; and Senator Boyd

577-02254-22 20221802c1

A bill to be entitled

An act relating to the Broadband Pole Replacement Trust Fund; creating s. 288.9965, F.S.; creating the trust fund within the Department of Economic Opportunity; providing the purpose of the trust fund; providing that moneys credited to the trust fund shall consist of certain funds; requiring that funds in the trust fund be used in a manner consistent with federal law; providing that the balance in the trust fund at the end of a fiscal year remains in the trust fund and is available for carrying out the purposes of the trust fund; providing for future legislative review and termination or re-creation of the trust fund; providing a directive to the Division of Law Revision; providing a contingent effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 288.9965, Florida Statutes, is created to read:

288.9965 Broadband Pole Replacement Trust Fund.—

(1) The Broadband Pole Replacement Trust Fund is created within the Department of Economic Opportunity for the purpose of providing reimbursements to qualified applicants under the Broadband Pole Replacement Program pursuant to s. 288.9964 and for use by the Florida Office of Broadband in the administration of that program. Moneys credited to the trust fund shall consist of funds appropriated by the Legislature; federal funds received from the Coronavirus Capital Projects Fund for the Broadband

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1952 permits an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process. The bill specifies three forms of evidence an agency must accept if it requires a vendor to show financial stability during the competitive solicitation process for the procurement of commodities and contractual services. Such evidence includes:

- Audited financial statements that demonstrate the vendor's satisfaction of financial stability criteria.
- Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized statistical rating organization by the Securities and Exchange Commission.
- For a vendor with annual revenues exceeding $10 million, a letter issued by the chief financial officer or controller verifying such vendor's satisfaction of financial stability criteria.
- For a vendor that previously provided substantially similar services, unaudited financial statements demonstrating such vendor's previous performance of substantially similar services.

The bill defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

The bill is not expected to impact state or local government revenue or expenditures.

The bill takes effect July 1, 2022.

II. Present Situation:

Procurement of Commodities and Services

Chapter 287, F.S., regulates state agency procurement of personal property and services. The term "agency" is defined broadly to mean any unit of the executive branch of state government.[1] The Department of Management Services (DMS) is responsible for overseeing state purchasing activity, including professional and contractual services, as well as commodities needed to support agency activities.[2]

The DMS is authorized to evaluate contracts let by the federal government, another state, or a political subdivision for the provision of commodities and contract services and, when it is determined to be cost effective and in the best interest of the state, to enter into written agreements authorizing a state agency to make purchases under such contract.[3] The DMS negotiates contracts and purchasing agreements that are intended to leverage the state's buying power.

Section 287.017, F.S., establishes the purchasing categories, which are threshold amounts linked to other requirements in ch. 287, F.S., as follows:

- Category One: $20,000;
- Category Two: $35,000;
- Category Three: $65,000;
- Category Four: $195,000; and
- Category Five: $325,000.

State Term Contracts & Request for Quotes

Section 287.056, F.S., requires agencies and permits eligible users[4] to purchase commodities and contractual services from purchasing agreements and state term contracts[5] procured by the DMS.

[1] Section 287.012(1), F.S., defines the term "agency" to mean any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government. "Agency" does not include the university and college boards of trustees or the state universities and colleges.
[2] *See* ss. 287.032 and 287.042, F.S.
[3] Section 287.042(16), F.S.
[4] Section 287.012(11), F.S., defines "eligible user" to mean any person or entity authorized by the DMS pursuant to rule to purchase from state term contracts or to use the online procurement system.
[5] Section 287.012(28), F.S., defines "state term contract" to mean a term contract that is competitively procured by the DMS pursuant to s. 287.057, F.S., and that is used by agencies and eligible users pursuant to s. 287.056, F.S.

Agencies and eligible users may use a request for quote, to obtain written pricing or services information from a state term contract vendor to determine whether a more favorable price, term, or condition than that provided in the state term contract is available.[6] The use of a request for quote does not constitute a decision subject to protest.[7] Rule 60A-1.043, Florida Administrative Code, requires agencies to request at least two quotes from state term contracts with multiple vendors, unless (i) the purchase is less than Category One ($20,000), or (ii) the state term contract requires otherwise. Agencies must document the justification for a selection based on receipt of less than two quotes.[8]

Competitive Solicitation

With certain exceptions,[9] the procurement of commodities or contractual services in excess of Category Two, $35,000, requires agencies to use a competitive solicitation process.[10] Any form of competitive solicitation must be made available simultaneously to all vendors, must include the time and date for the receipt of bids, proposals, or replies, and must include all contractual terms and conditions applicable to the procurement.[11] Depending on the cost and characteristics of the needed good or service, the complexity of the procurement, and the number of available vendors, agencies may use a variety of methods, including:

- Single source contracts,[12] used when an agency determines that only one vendor is available to provide a commodity or service at the time of purchase;
- Invitations to bid (ITB),[13] used when an agency determines that standard services or goods will meet needs, wide competition is available, and the vendor's experience will not greatly influence the agency's results. The agency specifically defines the scope of work for the contractual service and establishes precise specifications for the commodity or group of commodities;
- Requests for proposals (RFP),[14] which are used when the procurement requirements allow for consideration of various solutions and the agency believes more than two or three vendors exist who can provide the required goods or services; and
- Invitations to negotiate (ITN),[15] which are used when negotiations are determined to be necessary to obtain the best value and involve a request for highly complex, customized, mission-critical services, by an agency dealing with a limited number of vendors. Agencies must specify the criteria in determining the acceptability and selection of the vendors in which the agency will invite to negotiate.

Chapter 287, F.S., grants an agency discretion in setting criteria for the award of a contract via competitive solicitation. For example, s. 287.057(1)(b)4., F.S., which governs the award of a

[8] Rule 60A-1.043, F.A.C.
[9] Section 287.057(3)(e), F.S.
[10] Section 287.057(1), F.S.
[11] *Id.*
[12] Section 287.057(3)(c), F.S.
[13] Section 287.057(1)(a), F.S.
[14] Section 287.057(1)(b), F.S.
[15] Section 287.057(1)(c), F.S.

contract via a RFP, provides that the "contract shall be awarded in writing to the *responsible*[16] *and responsive*[17] vendor whose proposal is determined … to be the most advantageous to the state, taking into consideration the price and other criteria set forth in the request for proposals." Similarly, for an ITN, s. 287.057(1)(c)4., F.S., provides that the "agency shall award the contract to the responsible and responsive vendor that the agency determines will provide the best value to the state." Additional criteria or information requested for determining whether such vendor is responsible include:

- References of the vendor;
- Documents evidencing a vendor's technical expertise; and
- A showing of financial capacity (also referred to as financial ability,[18] financial viability,[19] or financial stability[20]) by submitting financial data, including audited financial statements.

Contract Evaluations and Negotiations

For a contract in excess of $195,000, the agency head must appoint at least three people to evaluate proposals and replies who collectively have experience and knowledge in the program areas and service requirements for which commodities or contractual services are sought.[21] In addition, the agency head must appoint three people[22] to conduct negotiations during an invitation to negotiate procurement who collectively have experience and knowledge in negotiating contracts, contract procurement, and the program areas and service requirements for which commodities or contractual services are sought.[23]

If the value of a contract is in excess of $1 million in any fiscal year, at least one of the persons conducting negotiations must be certified as a Florida certified contract negotiator (FCCN)[24] in

[16] Section 287.012(25), F.S., defines "responsible vendor" to mean a vendor who has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance. This definition includes the financial capacity of the vendor.
[17] Section 287.012(27), F.S., defines "responsive vendor" to mean a vendor that has submitted a bid, proposal, or reply that conforms in all material respected to the solicitation.
[18] See, for example, *The Escambia County School District Request for Proposal #161301*, p. 18, file:///C:/Users/borja.gabriela/Downloads/Bid_161301.pdf.
[19] See, for example, *Department of Juvenile Justice Solicitation #10706 – Statewide Clinical Laboratory Testing Services*, p. 23, file:///C:/Users/borja.gabriela/Downloads/F1236158504_RFP_10706_SolicitationDocument.pdf.
[20] Rule 25-17.0832, F.A.C.
[21] Section 287.057(17)(a)1., F.S.
[22] Section 287.057(17)(b)2, F.S., provides that if the value of the contract is in excess of $1 million in any fiscal year, then at least one person conducting negotiations must be certified as a contract negotiator. If the value of the contract is in excess of $10 million in any fiscal year, then at least one person conducting negotiations must be a Project Management Professional certified by the Project Management Institute.
[23] Section 287.057(17)(a)2., F.S.
[24] Rule 60A-1.041(3), F.A.C., provides that a person must meet the following requirements for FCCN Certification, which is valid for five years or until the expiration date stated on the person's FCCN certificate, whichever is later:

- Successful completion of the FCCN certification course;
- At least 12 months' experience as a purchasing agent, contract manager, or contract administrator for an agency or local government entity, where the job description for the position required that at least half of the employee's designated duties included procuring commodities or contractual services, participating in contract negotiation, contract management, or contract administration, or working as an agency attorney whose duties included providing legal counsel to the agency's purchasing or contracting staff; and
- Experience during the preceding five years in leading at least one federal, state, or local government negotiation team through a negotiated procurement, or participation in at least two federal, state, or local government negotiated procurements. Negotiated procurements include those from a single source; those negotiated when fewer than two

order to ensure that certified contract negotiators are knowledgeable about effective negotiation strategies, capable of successfully implementing those strategies, and involved appropriately in the procurement process.[25] If the value of a contract is in excess of $10 million in any fiscal year, at least one of the persons conducting negotiations must be a Project Management Professional certified by the Project Management Institute.[26]

Vendor Registration and the Vendor Bid System

Any vendor that wishes to provide goods or services to the state must register in the Vendor Registration System.[27] Once registered, vendors are able to do business with the State of Florida executive branch agencies through the Vendor Information Portal.[28]

The Vendor Bid System (VBS), allows for agencies to post competitive solicitations of $35,000 or more. These solicitations include ITBs, RFPs, and ITNs for all vendors to review. Vendors can then bid, submit proposals, or submit a request to negotiate with the state agency through the VBS. A vendor will be notified through the VBS if its bid has been chosen and proceed by following bid specifications, timelines, and budgets.[29]

Chief Financial Officer and Department of Financial Services

The chief financial officer (CFO) of Florida is responsible for settling and approving accounts against the state and maintaining all state funds and securities.[30] The CFO, using generally accepted auditing procedures for testing or sampling, must examine, audit, and settle all accounts, claims, and demands, whatsoever, against the State, arising under any law or resolution of the Legislature, and issue a warrant directing the payment out of the State Treasury of such amount as he or she allows thereon.[31] The CFO may adopt and disseminate to the agencies procedural and documentation standards for payment requests and may provide training and technical assistance to the agencies for these standards.[32] In addition, the CFO has the legal duty of delivering all state warrants and will be charged with the official responsibility of the protection and security of the state warrants while in his or her custody. The CFO may delegate this authority to other state agencies or officers.[33]

---

responsive bids, proposals, or replies are received; and contract renewals. Employees must provide documentation to show compliance with the experience and participation requirements when submitting the application.

[25] Section 287.057(17)(b), F.S.

[26] *Id.*

[27] In order to register, a vendor must provide the following information: (1) Company Name; (2) Federal Tax ID; (3) Tax Filing Name; (4) Business Location; (5) Commodities and Services Offered; and (5) Certified Business and Enterprise Status. *See* The Department of Management Services, *Vendor Resources*, available at https://www.dms.myflorida.com/business_operations/state_purchasing/vendor_resources (last visited, February 7, 2022).

[31] Section 17.03(1), F.S.

[32] Section 17.03(3), F.S.

[33] Section 17.03(4), F.S.

III. Effect of Proposed Changes:

Section 1 amends s. 287.057, F.S., to permit an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process. Any agency that requires a vendor to show financial stability[34] during a competitive solicitation process must accept any of the following as evidence of financial stability:

- Audited financial statements that demonstrate the vendor's satisfaction of financial stability criteria;
- Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized statistical rating organization by the Securities and Exchange Commission; or
- For a vendor with annual revenues exceeding $10 million, a letter issued by the chief financial officer or controller verifying such vendor's satisfaction of financial stability criteria.
- For a vendor that previously provided substantially similar services, unaudited financial statements demonstrating such vendor's previous performance of substantially similar services.

The section defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

Section 2 provides that the bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

[34] This is not a defined term in ch. 287, F.S.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Some vendors may experience an increase in costs associated with acquiring the required evidence to prove financial stability.

C. Government Sector Impact:

The bill is not expected to impact state or local government revenue or expenditures.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 287.057 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS 705416 by Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government):
The committee substitute:

- Allows a vendor whose annual revenue is only $10 million, instead of $1 billion, to verify satisfaction of financial stability criteria with a letter issued by its chief financial officer or controller; and
- Allows a vendor that has provided substantially similar services to provide unaudited financial statements to demonstrate its previous performance of substantially similar services.

CS by Governmental Oversight and Accountability on January 26, 2022:
The CS does the following:

- Permits an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process;
- Clarifies language regarding evidence of financial stability; and
- Defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to evidence of vendor financial stability; amending s. 287.057, F.S.; authorizing an agency, in making a certain determination, to establish financial stability criteria and require a demonstration of financial stability; providing that an agency that requires a vendor to demonstrate financial stability during a competitive solicitation process must accept certain evidence; defining the term "financial stability"; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (27) is added to section 287.057, Florida Statutes, to read:

287.057 Procurement of commodities or contractual services.—

(27)(a) In determining whether a vendor is a responsible vendor as defined in s. 287.012, an agency may establish financial stability criteria and require a vendor to demonstrate its financial stability. If an agency requires a vendor to demonstrate financial stability during the competitive solicitation process, the agency must accept any of the following as evidence of the vendor's financial stability:

1. Audited financial statements that demonstrate the

705416

576-03104-22

vendor's satisfaction of financial stability criteria.

2. Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized statistical rating organization by the Securities and Exchange Commission.

3. For a vendor with annual revenues exceeding $10 million, a letter issued by the vendor's chief financial officer or controller verifying such vendor's satisfaction of financial stability criteria.

4. For a vendor that previously provided substantially similar services, unaudited financial statements demonstrating such vendor's previous performance of substantially similar services.

(b) For purposes of this section, the term "financial stability" means the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements for the term of the contract.

Section 2. This act shall take effect July 1, 2022.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1952 permits an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process. The bill specifies three forms of evidence an agency must accept if it requires a vendor to show financial stability during the competitive solicitation process for the procurement of commodities and contractual services. Such evidence includes:

- Audited financial statements that demonstrate the vendor's satisfaction of financial stability criteria.
- Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized statistical rating organization by the Securities and Exchange Commission.
- For a vendor with annual revenues exceeding $10 million, a letter issued by the chief financial officer or controller verifying such vendor's satisfaction of financial stability criteria.
- For a vendor that previously provided substantially similar services, unaudited financial statements demonstrating such vendor's previous performance of substantially similar services.

The bill defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

The bill is not expected to impact state or local government revenue or expenditures.

The bill takes effect July 1, 2022.

II. Present Situation:

Procurement of Commodities and Services

Chapter 287, F.S., regulates state agency procurement of personal property and services. The term "agency" is defined broadly to mean any unit of the executive branch of state government.[1] The Department of Management Services (DMS) is responsible for overseeing state purchasing activity, including professional and contractual services, as well as commodities needed to support agency activities.[2]

The DMS is authorized to evaluate contracts let by the federal government, another state, or a political subdivision for the provision of commodities and contract services and, when it is determined to be cost effective and in the best interest of the state, to enter into written agreements authorizing a state agency to make purchases under such contract.[3] The DMS negotiates contracts and purchasing agreements that are intended to leverage the state's buying power.

Section 287.017, F.S., establishes the purchasing categories, which are threshold amounts linked to other requirements in ch. 287, F.S., as follows:

- Category One: $20,000;
- Category Two: $35,000;
- Category Three: $65,000;
- Category Four: $195,000; and
- Category Five: $325,000.

State Term Contracts & Request for Quotes

Section 287.056, F.S., requires agencies and permits eligible users[4] to purchase commodities and contractual services from purchasing agreements and state term contracts[5] procured by the DMS.

[1] Section 287.012(1), F.S., defines the term "agency" to mean any of the various state officers, departments, boards, commissions, divisions, bureaus, and councils and any other unit of organization, however designated, of the executive branch of state government. "Agency" does not include the university and college boards of trustees or the state universities and colleges.
[2] *See* ss. 287.032 and 287.042, F.S.
[3] Section 287.042(16), F.S.
[4] Section 287.012(11), F.S., defines "eligible user" to mean any person or entity authorized by the DMS pursuant to rule to purchase from state term contracts or to use the online procurement system.
[5] Section 287.012(28), F.S., defines "state term contract" to mean a term contract that is competitively procured by the DMS pursuant to s. 287.057, F.S., and that is used by agencies and eligible users pursuant to s. 287.056, F.S.

Agencies and eligible users may use a request for quote, to obtain written pricing or services information from a state term contract vendor to determine whether a more favorable price, term, or condition than that provided in the state term contract is available.[6] The use of a request for quote does not constitute a decision subject to protest.[7] Rule 60A-1.043, Florida Administrative Code, requires agencies to request at least two quotes from state term contracts with multiple vendors, unless (i) the purchase is less than Category One ($20,000), or (ii) the state term contract requires otherwise. Agencies must document the justification for a selection based on receipt of less than two quotes.[8]

Competitive Solicitation

With certain exceptions,[9] the procurement of commodities or contractual services in excess of Category Two, $35,000, requires agencies to use a competitive solicitation process.[10] Any form of competitive solicitation must be made available simultaneously to all vendors, must include the time and date for the receipt of bids, proposals, or replies, and must include all contractual terms and conditions applicable to the procurement.[11] Depending on the cost and characteristics of the needed good or service, the complexity of the procurement, and the number of available vendors, agencies may use a variety of methods, including:

- Single source contracts,[12] used when an agency determines that only one vendor is available to provide a commodity or service at the time of purchase;
- Invitations to bid (ITB),[13] used when an agency determines that standard services or goods will meet needs, wide competition is available, and the vendor's experience will not greatly influence the agency's results. The agency specifically defines the scope of work for the contractual service and establishes precise specifications for the commodity or group of commodities;
- Requests for proposals (RFP),[14] which are used when the procurement requirements allow for consideration of various solutions and the agency believes more than two or three vendors exist who can provide the required goods or services; and
- Invitations to negotiate (ITN),[15] which are used when negotiations are determined to be necessary to obtain the best value and involve a request for highly complex, customized, mission-critical services, by an agency dealing with a limited number of vendors. Agencies must specify the criteria in determining the acceptability and selection of the vendors in which the agency will invite to negotiate.

Chapter 287, F.S., grants an agency discretion in setting criteria for the award of a contract via competitive solicitation. For example, s. 287.057(1)(b)4., F.S., which governs the award of a

[7] Section 287.056(2), F.S.
[8] Rule 60A-1.043, F.A.C.
[9] Section 287.057(3)(e), F.S.
[10] Section 287.057(1), F.S.
[11] *Id.*
[12] Section 287.057(3)(c), F.S.
[13] Section 287.057(1)(a), F.S.
[14] Section 287.057(1)(b), F.S.
[15] Section 287.057(1)(c), F.S.

contract via a RFP, provides that the "contract shall be awarded in writing to the *responsible*[16] *and responsive*[17] vendor whose proposal is determined … to be the most advantageous to the state, taking into consideration the price and other criteria set forth in the request for proposals." Similarly, for an ITN, s. 287.057(1)(c)4., F.S., provides that the "agency shall award the contract to the responsible and responsive vendor that the agency determines will provide the best value to the state." Additional criteria or information requested for determining whether such vendor is responsible include:

- References of the vendor;
- Documents evidencing a vendor's technical expertise; and
- A showing of financial capacity (also referred to as financial ability,[18] financial viability,[19] or financial stability[20]) by submitting financial data, including audited financial statements.

Contract Evaluations and Negotiations

For a contract in excess of $195,000, the agency head must appoint at least three people to evaluate proposals and replies who collectively have experience and knowledge in the program areas and service requirements for which commodities or contractual services are sought.[21] In addition, the agency head must appoint three people[22] to conduct negotiations during an invitation to negotiate procurement who collectively have experience and knowledge in negotiating contracts, contract procurement, and the program areas and service requirements for which commodities or contractual services are sought.[23]

If the value of a contract is in excess of $1 million in any fiscal year, at least one of the persons conducting negotiations must be certified as a Florida certified contract negotiator (FCCN)[24] in

[16] Section 287.012(25), F.S., defines "responsible vendor" to mean a vendor who has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good faith performance. This definition includes the financial capacity of the vendor.
[17] Section 287.012(27), F.S., defines "responsive vendor" to mean a vendor that has submitted a bid, proposal, or reply that conforms in all material respected to the solicitation.

[20] Rule 25-17.0832, F.A.C.
[21] Section 287.057(17)(a)1., F.S.
[22] Section 287.057(17)(b)2, F.S., provides that if the value of the contract is in excess of $1 million in any fiscal year, then at least one person conducting negotiations must be certified as a contract negotiator. If the value of the contract is in excess of $10 million in any fiscal year, then at least one person conducting negotiations must be a Project Management Professional certified by the Project Management Institute.
[23] Section 287.057(17)(a)2., F.S.
[24] Rule 60A-1.041(3), F.A.C., provides that a person must meet the following requirements for FCCN Certification, which is valid for five years or until the expiration date stated on the person's FCCN certificate, whichever is later:

- Successful completion of the FCCN certification course;
- At least 12 months' experience as a purchasing agent, contract manager, or contract administrator for an agency or local government entity, where the job description for the position required that at least half of the employee's designated duties included procuring commodities or contractual services, participating in contract negotiation, contract management, or contract administration, or working as an agency attorney whose duties included providing legal counsel to the agency's purchasing or contracting staff; and
- Experience during the preceding five years in leading at least one federal, state, or local government negotiation team through a negotiated procurement, or participation in at least two federal, state, or local government negotiated procurements. Negotiated procurements include those from a single source; those negotiated when fewer than two

order to ensure that certified contract negotiators are knowledgeable about effective negotiation strategies, capable of successfully implementing those strategies, and involved appropriately in the procurement process.[25] If the value of a contract is in excess of $10 million in any fiscal year, at least one of the persons conducting negotiations must be a Project Management Professional certified by the Project Management Institute.[26]

Vendor Registration and the Vendor Bid System

Any vendor that wishes to provide goods or services to the state must register in the Vendor Registration System.[27] Once registered, vendors are able to do business with the State of Florida executive branch agencies through the Vendor Information Portal.[28]

The Vendor Bid System (VBS), allows for agencies to post competitive solicitations of $35,000 or more. These solicitations include ITBs, RFPs, and ITNs for all vendors to review. Vendors can then bid, submit proposals, or submit a request to negotiate with the state agency through the VBS. A vendor will be notified through the VBS if its bid has been chosen and proceed by following bid specifications, timelines, and budgets.[29]

Chief Financial Officer and Department of Financial Services

The chief financial officer (CFO) of Florida is responsible for settling and approving accounts against the state and maintaining all state funds and securities.[30] The CFO, using generally accepted auditing procedures for testing or sampling, must examine, audit, and settle all accounts, claims, and demands, whatsoever, against the State, arising under any law or resolution of the Legislature, and issue a warrant directing the payment out of the State Treasury of such amount as he or she allows thereon.[31] The CFO may adopt and disseminate to the agencies procedural and documentation standards for payment requests and may provide training and technical assistance to the agencies for these standards.[32] In addition, the CFO has the legal duty of delivering all state warrants and will be charged with the official responsibility of the protection and security of the state warrants while in his or her custody. The CFO may delegate this authority to other state agencies or officers.[33]

---

responsive bids, proposals, or replies are received; and contract renewals. Employees must provide documentation to show compliance with the experience and participation requirements when submitting the application.

[25] Section 287.057(17)(b), F.S.

[26] *Id.*

[27] In order to register, a vendor must provide the following information: (1) Company Name; (2) Federal Tax ID; (3) Tax Filing Name; (4) Business Location; (5) Commodities and Services Offered; and (5) Certified Business and Enterprise Status. *See* The Department of Management Services, *Vendor Resources*, available at https://www.dms.myflorida.com/business_operations/state_purchasing/vendor_resources (last visited, February 7, 2022).

[30] Section 17.001, F.S.

[31] Section 17.03(1), F.S.

[32] Section 17.03(3), F.S.

[33] Section 17.03(4), F.S.

III. Effect of Proposed Changes:

Section 1 amends s. 287.057, F.S., to permit an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process. Any agency that requires a vendor to show financial stability[34] during a competitive solicitation process must accept any of the following as evidence of financial stability:

- Audited financial statements that demonstrate the vendor's satisfaction of financial stability criteria;
- Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized statistical rating organization by the Securities and Exchange Commission; or
- For a vendor with annual revenues exceeding $10 million, a letter issued by the chief financial officer or controller verifying such vendor's satisfaction of financial stability criteria.
- For a vendor that previously provided substantially similar services, unaudited financial statements demonstrating such vendor's previous performance of substantially similar services.

The section defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

Section 2 provides that the bill takes effect July 1, 2022.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Not applicable. The bill does not require counties or municipalities to take action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, or reduce the percentage of state tax shared with counties or municipalities.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

[34] This is not a defined term in ch. 287, F.S.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Some vendors may experience an increase in costs associated with acquiring the required evidence to prove financial stability.

C. Government Sector Impact:

The bill is not expected to impact state or local government revenue or expenditures.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 287.057 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Allows a vendor whose annual revenue is only $10 million, instead of $1 billion, to verify satisfaction of financial stability criteria with a letter issued by its chief financial officer or controller; and
- Allows a vendor that has provided substantially similar services to provide unaudited financial statements to demonstrate its previous performance of substantially similar services.

CS by Governmental Oversight and Accountability on January 26, 2022:
The CS does the following:

- Permits an agency to establish financial stability criteria when determining whether a vendor is responsible and to require a vendor to demonstrate its financial stability during the competitive solicitation process;
- Clarifies language regarding evidence of financial stability; and
- Defines the term "financial stability" to mean the capacity to, at a minimum, efficiently allocate resources, assess and manage financial risks, and fully perform the contract requirements, for the term of the contract.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Governmental Oversight and Accountability; and Senator Albritton

585-02338-22 20221952c1

A bill to be entitled

An act relating to evidence of vendor financial stability; amending s. 287.057, F.S.; authorizing an agency, in making a certain determination, to establish financial stability criteria and require a demonstration of financial stability; providing that an agency that requires a vendor to demonstrate financial stability during a competitive solicitation process must accept certain evidence; defining the term "financial stability"; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (27) is added to section 287.057, Florida Statutes, to read:

287.057 Procurement of commodities or contractual services.—

(27)(a) In determining whether a vendor is a responsible vendor as defined in s. 287.012, an agency may establish financial stability criteria and require a vendor to demonstrate its financial stability. If an agency requires a vendor to demonstrate financial stability during the competitive solicitation process, the agency must accept any of the following as evidence of the vendor's financial stability:

1. Audited financial statements that demonstrate the vendor's satisfaction of financial stability criteria.

2. Documentation of an investment-grade rating from a credit rating agency designated as a nationally recognized

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/SB 7012 does the following:

- Requires the Department of Environmental Protection (DEP) to adopt by rule statewide cleanup target levels (CTLs) for perfluoroalkyl and polyfluoroalkyl substances (PFAS) in soils and groundwater, which do not take effect until ratified by the Legislature;
- Provides a limitation of liability, until DEP's rules have been ratified for a particular PFAS constituent, from actions brought by local or state government entities to compel or enjoin site rehabilitation, require payment of site rehabilitation costs, or require payment of fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent;
- Tolls any statute of limitations that would bar a state or local government entity from pursuing relief under its existing authority, from the effective date of the act until site rehabilitation is complete or the Legislature ratifies the CTLs;
- Requires the Office of Program Policy Analysis and Government Accountability to conduct an analysis of programs in other states for the assessment and cleanup of soils and groundwater contamination, and submit a report of its findings and recommendations to the Governor and Legislature by January 1, 2023; and

Requires the DEP to adopt by rule cleanup target levels for PFAS in soils and groundwater which may result in increased costs for the DEP.

II. Present Situation:

Cleanup Target Levels

A cleanup target level (CTL) is the concentration for each contaminant identified by an applicable analytical test method, in the medium of concern, at which a site rehabilitation program is deemed complete.[1] The Department of Environmental Protection (DEP) establishes by rule CTLs for specific contaminants.[2] These CTLs apply to requirements for site rehabilitation across numerous programs.

Risk-Based Corrective Action

Risk-Based Corrective Action (RBCA) is a decision-making process that combines site assessments and responses to chemical releases with human health and environmental risk assessments to determine the need for remedial action and tailor corrective actions to site-specific conditions and risks, which can vary greatly.[3]

In Florida, prior to 2003, RBCA was only used under specific DEP programs such as the brownfields or petroleum programs, and contamination at a site was typically remediated to the default CTLs contained in ch. 62-777 of the Florida Administrative Code.[4] This meant there was little flexibility for site-specific remediation strategies.[5]

In 2003, the Legislature created s. 376.30701, F.S., to establish a "global RBCA" process.[6] The original goal was a flexible site-specific cleanup process reflecting the intended use of the property following cleanup, while maintaining adequate protection of human health, safety, and the environment through the evaluation of contamination toxicity and exposure pathways.[7] Section 376.30701, F.S., applies to all contaminated sites resulting from a discharge of pollutants or hazardous substances where legal responsibility for site rehabilitation exists, except for those contaminated sites subjected to the risk-based corrective action cleanup criteria established for the petroleum, brownfields, and drycleaning programs pursuant to ss. 376.3071, 376.81, and 376.3078, F.S., respectively.[8]

The statute requires the DEP to establish by rule criteria for determining on a site-specific basis the tasks comprising a site rehabilitation program and the level at which a task and a program

[8] Section 376.30701(1)(b), F.S.

may be deemed completed.[9] Section 376.30701, F.S., contains requirements for determining or establishing appropriate CTLs for groundwater and soil using RBCA principles.[10]

Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS)

Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) are a group of thousands of man-made compounds developed to provide oil and water repellency, chemical and thermal stability, and friction reduction.[11] Perfluorooctane sulfonic acid (PFOS) and perfluorooctanoic acid (PFOA) are the most common and the best-studied of these compounds.[12] PFAS were widely used since the 1950s, with applications in many industries, including the aerospace, semiconductor, medical, automotive, construction, electronics, and aviation industries, as well as in consumer products (e.g., carpets, clothing, furniture, outdoor equipment, food packaging) and firefighting applications.[13] While U.S. manufacturers have voluntarily phased out use of the chemicals,[14] they persist in the environment, particularly at fire colleges, airports, and military installations.[15] Although PFOA and PFOS are no longer manufactured in the U.S., they are still produced internationally and can be imported into the U.S. in consumer goods such as carpet, leather and apparel, textiles, paper and packaging, coatings, rubber, and plastics.[16]

PFAS chemicals do not break down in the environment, can move through soil and water, and can accumulate in fish and wildlife.[17] Because of the widespread use and ease of transport, they can be found virtually everywhere. The Centers for Disease Control and Prevention has detected PFAS in nearly all persons it has tested, indicating widespread exposure in the U.S. population.[18] Based on recent studies, health effects from PFAS potentially include increased risk of certain cancers, increased cholesterol levels, impacts on hormones and the immune system, and fetal and infant developmental effects.[19]

While the health effects from low-level concentrations of PFAS are not yet fully understood, litigation and public interest is increasing nation-wide.[20] In Florida, generally, issues exist regarding liability for cleanup and third-party liability.[21]

The U.S. Environmental Protection Agency (EPA) prioritizes research and data collection for new chemicals that are being discovered in water that previously had not been detected or are being detected at levels that may be different than expected.[22] These are called "contaminants of emerging concern" (CEC). While CECs do not have regulatory limits, there may be a long-term potential risk to human health or the environment associated with them. As part of the EPA's data collection on CECs, all large and selected smaller public water systems across the U.S. are required to monitor for CECs.[23] Once the EPA's study and evaluation is complete, if the EPA decides not to regulate a CEC, then it may decide to develop a health advisory level (HAL) for the detected contaminants. While HALs are non-enforceable federal limits, they serve as technical guidance for federal, state, and local officials.[24] For drinking water, the EPA has established a HAL of 70 parts per trillion for PFOA and PFOS.[25] The Department of Health (DOH) has adopted the same HAL for those compounds.[26]

The DEP has established provisional CTLs for PFAS to enable site cleanup under the DEP's contaminated site cleanup criteria.[27] The DEP has created numerical provisional CTLs and screening levels for PFOS and PFOA in the following categories: Provisional Groundwater CTLs, Provisional Soil CTLs, Provisional Irrigation Water Screening Levels, and Surface Water Screening Levels.[28] These provisional standards are designed to protect human health, and the provisional groundwater CTLs are the same as the EPA's HAL for drinking water.

PFAS is common in firefighting foams that have been stored and used for fire suppression, fire training, and flammable vapor suppression.[29] These firefighting agents include Class B fluorine-containing firefighting foams, such as aqueous film-forming foam (AFFF).[30] PFAS are so prevalent in firefighting agents that at least nine states have passed legislation to restrict or

prohibit the use of PFAS in firefighting agents or activities.[31] In Florida, the DEP has already assessed each fire training facility in the state to ensure that PFAS-containing firefighting agents are disposed of and that only firefighting agents that do not have PFAS are being used.[32] Of the 25 active facilities in the state with known or suspected use of AFFF, investigations indicate that 22 of the 25 had analytical results for PFOA and PFOS above the provisional groundwater CTL.[33] Where contamination is identified, the DEP will help the facility develop a cleanup plan to remove or contain the contamination to prevent future environmental impact and human exposure.[34]

In February of 2021, the DEP published the current version of its PFAS Dynamic Plan.[35] The Dynamic Plan establishes a comprehensive path forward with the understanding that it may be necessary to change the approach as the science associated with these emerging contaminants continues to develop.[36] The plan describes the current screening and provisional CTLs, and summarizes data and lessons learned from prior and ongoing investigations. The plan states that future investigations will be based on potential risk and will include a continued coordinated response with the DOH to quickly evaluate and address any impacts to drinking water resources.[37]

III. Effect of Proposed Changes:

Section 1 creates s. 376.91, F.S., entitled "Statewide cleanup of perfluoroalkyl and polyfluoroalkyl substances."

The bill contains a definitions section, defining two terms as they are used in s. 376.91, F.S.:

- "Department" is defined as "the Department of Environmental Protection."
- "PFAS" is defined as "perfluoroalkyl and polyfluoroalkyl substances, including perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS)."

The bill requires the DEP to adopt by rule statewide cleanup target levels for PFAS in soils and groundwater. These cleanup target levels must be developed using the criteria set forth in s. 376.30701, F.S., which establishes a process for risk-based corrective action, and priority must be given to PFOA and PFOS. The bill prohibits these cleanup target levels from taking effect until ratified by the Legislature.

[36] *Id*. at 3.

[37] *Id*.

The bill provides that, until the DEP's rule for a particular PFAS constituent has been ratified by the Legislature, a person may not be subject to any administrative or judicial action brought by or on behalf of any state or local governmental entity to compel or enjoin site rehabilitation, to require payment for the costs of rehabilitation of environmental contamination, or to require payment of any fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent. The bill tolls any statute of limitations that would bar a state or local government entity from pursuing relief in accordance with its existing authority, from the effective date of the bill until site rehabilitation is completed or cleanup target levels are ratified by the Legislature. The bill states that it does not affect the ability or authority to seek contribution from any person who may have liability with respect to a contaminated site and who did not receive the liability protection provided by the bill.

Section 2 directs the Division of Law Revision to replace the phrase "the effective date of this act" wherever it occurs in the bill with the date the bill becomes a law.

Section 3 states that the bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill's liability protections against state and local government actions regarding site rehabilitation for PFAS constituents may have an indeterminate, positive fiscal impact on private entities that receive such liability protections.

C. Government Sector Impact:

The bill may result in increased costs for the DEP. The bill requires the DEP to adopt by rule cleanup target levels for PFAS in soils and groundwater.

The bill's liability protections against state and local government actions regarding site rehabilitation for PFAS constituents may have an indeterminate, positive fiscal impact on public entities that receive such liability protections.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 376.91 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

PCS (972752) by Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government):
The committee substitute:

- Removes all provisions of the PFAS Task Force;
- Provides definitions for the "Department" and "PFAS";
- Requires the Department of Environmental Protection (DEP) to adopt by rule statewide cleanup target levels (CTLs) for perfluoroalkyl and polyfluoroalkyl substances (PFAS) in soils and groundwater, which do not take effect until ratified by the Legislature;
- Provides a limitation of liability, until the DEP's rules have been ratified for a particular PFAS constituent, from actions brought by local or state government entities to compel or enjoin site rehabilitation, require payment of site rehabilitation costs, or require payment of fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent; and

- Tolls any statute of limitations that would bar a state or local government entity from pursuing relief under its existing authority, from the effective date of the act until site rehabilitation is complete or the Legislature ratifies the CTLs.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

576-02677-22

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Agriculture, Environment, and General Government)

A bill to be entitled

An act relating to cleanup of perfluoroalkyl and polyfluoroalkyl substances; creating s. 376.91, F.S.; defining terms; requiring the Department of Environmental Protection to adopt rules for statewide cleanup target levels for perfluoroalkyl and polyfluoroalkyl substances in soil and groundwater by a specified date; prohibiting such rules from taking effect until ratified by the Legislature; providing that certain persons are not subject to administrative or judicial action under certain circumstances; providing that certain statutes of limitations are tolled from a specified date; providing construction; providing a directive to the Division of Law Revision; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 376.91, Florida Statutes, is created to read:

376.91 Statewide cleanup of perfluoroalkyl and polyfluoroalkyl substances.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Department" means the Department of Environmental Protection.

(b) "PFAS" means perfluoroalkyl and polyfluoroalkyl

576-02677-22

substances, including perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS).

(2) STATEWIDE CLEANUP TARGET LEVELS.—

(a) By January 1, 2023, the department shall adopt by rule statewide cleanup target levels for PFAS in soil and groundwater using criteria set forth in s. 376.30701, with priority given to PFOA and PFOS. The rules for statewide cleanup target levels may not take effect until ratified by the Legislature.

(b) Until the department's rule for a particular PFAS constituent has been ratified by the Legislature, a governmental entity or private water supplier may not be subject to any administrative or judicial action under this chapter brought by any state or local governmental entity to compel or enjoin site rehabilitation, to require payment for the cost of rehabilitation of environmental contamination, or to require payment of any fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent.

(c) Until site rehabilitation is completed or rules for statewide cleanup target levels are ratified by the Legislature, any statute of limitations that would bar a state or local governmental entity from pursuing relief in accordance with its existing authority is tolled from the effective date of this act.

(d) This section does not affect the ability or authority to seek any recourse or relief from any person who may have liability with respect to a contaminated site and who did not receive protection under paragraph (b).

Section 2. The Division of Law Revision is directed to replace the phrase "the effective date of this act" wherever it

occurs in this act with the date this act becomes a law.

Section 3. This act shall take effect upon becoming a law.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 7012
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Agriculture, Environment, and General Government); and Environment and Natural Resources Committee
SUBJECT:	Per- and Polyfluoroalkyl Substances Task Force
DATE:	March 1, 2022 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Anderson/Collazo	Rogers		**EN Submitted as Committee Bill**
1.	Reagan	Betta	AEG	**Recommend: Fav/CS**
2.	Reagan	Sadberry	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 7012 does the following:

- Requires the Department of Environmental Protection (DEP) to adopt by rule statewide cleanup target levels (CTLs) for perfluoroalkyl and polyfluoroalkyl substances (PFAS) in soils and groundwater, which do not take effect until ratified by the Legislature;
- Provides a limitation of liability, until DEP's rules have been ratified for a particular PFAS constituent, from actions brought by local or state government entities to compel or enjoin site rehabilitation, require payment of site rehabilitation costs, or require payment of fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent;
- Tolls any statute of limitations that would bar a state or local government entity from pursuing relief under its existing authority, from the effective date of the act until site rehabilitation is complete or the Legislature ratifies the CTLs;
- Requires the Office of Program Policy Analysis and Government Accountability to conduct an analysis of programs in other states for the assessment and cleanup of soils and groundwater contamination, and submit a report of its findings and recommendations to the Governor and Legislature by January 1, 2023; and

Requires the DEP to adopt by rule cleanup target levels for PFAS in soils and groundwater which may result in increased costs for the DEP.

II. Present Situation:

Cleanup Target Levels

A cleanup target level (CTL) is the concentration for each contaminant identified by an applicable analytical test method, in the medium of concern, at which a site rehabilitation program is deemed complete.[1] The Department of Environmental Protection (DEP) establishes by rule CTLs for specific contaminants.[2] These CTLs apply to requirements for site rehabilitation across numerous programs.

Risk-Based Corrective Action

Risk-Based Corrective Action (RBCA) is a decision-making process that combines site assessments and responses to chemical releases with human health and environmental risk assessments to determine the need for remedial action and tailor corrective actions to site-specific conditions and risks, which can vary greatly.[3]

In Florida, prior to 2003, RBCA was only used under specific DEP programs such as the brownfields or petroleum programs, and contamination at a site was typically remediated to the default CTLs contained in ch. 62-777 of the Florida Administrative Code.[4] This meant there was little flexibility for site-specific remediation strategies.[5]

In 2003, the Legislature created s. 376.30701, F.S., to establish a "global RBCA" process.[6] The original goal was a flexible site-specific cleanup process reflecting the intended use of the property following cleanup, while maintaining adequate protection of human health, safety, and the environment through the evaluation of contamination toxicity and exposure pathways.[7] Section 376.30701, F.S., applies to all contaminated sites resulting from a discharge of pollutants or hazardous substances where legal responsibility for site rehabilitation exists, except for those contaminated sites subjected to the risk-based corrective action cleanup criteria established for the petroleum, brownfields, and drycleaning programs pursuant to ss. 376.3071, 376.81, and 376.3078, F.S., respectively.[8]

The statute requires the DEP to establish by rule criteria for determining on a site-specific basis the tasks comprising a site rehabilitation program and the level at which a task and a program

may be deemed completed.[9] Section 376.30701, F.S., contains requirements for determining or establishing appropriate CTLs for groundwater and soil using RBCA principles.[10]

Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS)

Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) are a group of thousands of man-made compounds developed to provide oil and water repellency, chemical and thermal stability, and friction reduction.[11] Perfluorooctane sulfonic acid (PFOS) and perfluorooctanoic acid (PFOA) are the most common and the best-studied of these compounds.[12] PFAS were widely used since the 1950s, with applications in many industries, including the aerospace, semiconductor, medical, automotive, construction, electronics, and aviation industries, as well as in consumer products (e.g., carpets, clothing, furniture, outdoor equipment, food packaging) and firefighting applications.[13] While U.S. manufacturers have voluntarily phased out use of the chemicals,[14] they persist in the environment, particularly at fire colleges, airports, and military installations.[15] Although PFOA and PFOS are no longer manufactured in the U.S., they are still produced internationally and can be imported into the U.S. in consumer goods such as carpet, leather and apparel, textiles, paper and packaging, coatings, rubber, and plastics.[16]

PFAS chemicals do not break down in the environment, can move through soil and water, and can accumulate in fish and wildlife.[17] Because of the widespread use and ease of transport, they can be found virtually everywhere. The Centers for Disease Control and Prevention has detected PFAS in nearly all persons it has tested, indicating widespread exposure in the U.S. population.[18] Based on recent studies, health effects from PFAS potentially include increased risk of certain cancers, increased cholesterol levels, impacts on hormones and the immune system, and fetal and infant developmental effects.[19]

prohibit the use of PFAS in firefighting agents or activities.[31] In Florida, the DEP has already assessed each fire training facility in the state to ensure that PFAS-containing firefighting agents are disposed of and that only firefighting agents that do not have PFAS are being used.[32] Of the 25 active facilities in the state with known or suspected use of AFFF, investigations indicate that 22 of the 25 had analytical results for PFOA and PFOS above the provisional groundwater CTL.[33] Where contamination is identified, the DEP will help the facility develop a cleanup plan to remove or contain the contamination to prevent future environmental impact and human exposure.[34]

In February of 2021, the DEP published the current version of its PFAS Dynamic Plan.[35] The Dynamic Plan establishes a comprehensive path forward with the understanding that it may be necessary to change the approach as the science associated with these emerging contaminants continues to develop.[36] The plan describes the current screening and provisional CTLs, and summarizes data and lessons learned from prior and ongoing investigations. The plan states that future investigations will be based on potential risk and will include a continued coordinated response with the DOH to quickly evaluate and address any impacts to drinking water resources.[37]

III. Effect of Proposed Changes:

Section 1 creates s. 376.91, F.S., entitled "Statewide cleanup of perfluoroalkyl and polyfluoroalkyl substances."

The bill contains a definitions section, defining two terms as they are used in s. 376.91, F.S.:

- "Department" is defined as "the Department of Environmental Protection."
- "PFAS" is defined as "perfluoroalkyl and polyfluoroalkyl substances, including perfluorooctanoic acid (PFOA) and perfluorooctane sulfonate (PFOS)."

The bill requires the DEP to adopt by rule statewide cleanup target levels for PFAS in soils and groundwater. These cleanup target levels must be developed using the criteria set forth in s. 376.30701, F.S., which establishes a process for risk-based corrective action, and priority must be given to PFOA and PFOS. The bill prohibits these cleanup target levels from taking effect until ratified by the Legislature.

[37] *Id*.

The bill provides that, until the DEP's rule for a particular PFAS constituent has been ratified by the Legislature, a person may not be subject to any administrative or judicial action brought by or on behalf of any state or local governmental entity to compel or enjoin site rehabilitation, to require payment for the costs of rehabilitation of environmental contamination, or to require payment of any fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent. The bill tolls any statute of limitations that would bar a state or local government entity from pursuing relief in accordance with its existing authority, from the effective date of the bill until site rehabilitation is completed or cleanup target levels are ratified by the Legislature. The bill states that it does not affect the ability or authority to seek contribution from any person who may have liability with respect to a contaminated site and who did not receive the liability protection provided by the bill.

Section 2 directs the Division of Law Revision to replace the phrase "the effective date of this act" wherever it occurs in the bill with the date the bill becomes a law.

Section 3 states that the bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill's liability protections against state and local government actions regarding site rehabilitation for PFAS constituents may have an indeterminate, positive fiscal impact on private entities that receive such liability protections.

C. Government Sector Impact:

The bill may result in increased costs for the DEP. The bill requires the DEP to adopt by rule cleanup target levels for PFAS in soils and groundwater.

The bill's liability protections against state and local government actions regarding site rehabilitation for PFAS constituents may have an indeterminate, positive fiscal impact on public entities that receive such liability protections.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 376.91 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on February 28, 2022:
The committee substitute:

- Removes all provisions of the PFAS Task Force;
- Provides definitions for the "Department" and "PFAS";
- Requires the Department of Environmental Protection (DEP) to adopt by rule statewide cleanup target levels (CTLs) for perfluoroalkyl and polyfluoroalkyl substances (PFAS) in soils and groundwater, which do not take effect until ratified by the Legislature;
- Provides a limitation of liability, until the DEP's rules have been ratified for a particular PFAS constituent, from actions brought by local or state government entities to compel or enjoin site rehabilitation, require payment of site rehabilitation costs, or require payment of fines or penalties regarding rehabilitation based on the presence of that particular PFAS constituent; and
- Tolls any statute of limitations that would bar a state or local government entity from pursuing relief under its existing authority, from the effective date of the act until site rehabilitation is complete or the Legislature ratifies the CTLs.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Environment and Natural Resources

592-01303-22 20227012__

A bill to be entitled

An act relating to a Per- and Polyfluoroalkyl Substances Task Force; creating the task force within the Department of Environmental Protection; providing the membership, organization, and duties of the task force; requiring the department to provide staffing to assist the task force in the performance of its duties; requiring the task force to convene by a specified date; requiring the task force to submit an annual report to the Governor and the Legislature by a specified date; providing requirements for the report; providing for the repeal of the task force; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Per- and Polyfluoroalkyl Substances (PFAS) Task Force.—

(1) The PFAS Task Force is created within the Department of Environmental Protection. The task force is composed of the following 16 members:

(a) One representative from each of the following state entities:

1. The Department of Environmental Protection, appointed by the secretary of the department.

2. The Department of Health, appointed by the State Surgeon General.

3. The Department of Agriculture and Consumer Services, appointed by the Commissioner of Agriculture.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-01303-22 20227012__

4. The Division of Emergency Management, appointed by the division director.

5. The Bureau of Fire Standards and Training within the Department of Financial Services, appointed by the Chief Financial Officer.

(b) One representative of each of the following organizations, appointed by the Governor:

1. The Florida League of Cities.

2. The Florida Association of Counties.

3. The Florida Water Environment Association.

4. The Florida Section of the American Water Works Association.

5. The Florida Airports Council.

6. The National Waste and Recycling Association.

7. The Florida Brownfields Association.

8. The Florida Ground Water Association.

9. The Florida Sunshine Chapter of the Solid Waste Association of North America.

10. The Manufacturers Association of Florida.

11. The Florida Professional Firefighters.

(2) The task force shall elect a chair from among its membership. Except as otherwise provided, the task force shall operate in a manner consistent with s. 20.052, Florida Statutes.

(3) The task force shall meet as necessary, but at least quarterly, and may conduct its meetings through teleconferencing or other similar means.

(4) Members of the task force are entitled to receive reimbursement for per diem and travel expenses, pursuant to s. 112.061, Florida Statutes, for service on the task force.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(5) The task force shall develop recommendations for all of the following:

(a) Enforceable regulatory standards for PFAS in drinking water, groundwater, and soil.

(b) A mechanism for the identification and cleanup of contaminated areas.

(c) Methods to address liability for contamination and financial responsibility for cleanup.

(d) Appropriate methods and technologies, considering cost, for cleanup and treatment of PFAS contamination.

(e) Funding sources and mechanisms for prioritizing the distribution of funds for cleanup and remediation of PFAS contamination.

(f) Methods to manage waste containing PFAS to prevent possible release or discharge into the environment which could cause contamination of drinking water, groundwater, and soil.

(g) Appropriate testing for and monitoring of PFAS in drinking water, groundwater, and soil to protect the public health and welfare.

(h) Methods to eliminate workplace exposure within the manufacturing and firefighting industries.

(6) The department shall provide staff to assist the task force in performing its duties.

(7) The task force shall convene no later than October 1, 2022. The task force shall submit an annual report on its progress and findings to the Governor, the President of the Senate, and the Speaker of the House of Representatives by each October 1, beginning in 2023. In addition to the recommendations required by subsection (5), the report must also include the

following information:

(a) The current science on PFAS, including harmful levels and ingestion and exposure routes, with particular attention to significant developments.

(b) Geographic areas with particularly high levels of contamination identified in this state.

(c) Past and present actions by the state and federal government to address PFAS.

(8) This section is repealed July 1, 2026.

Section 2. This act shall take effect July 1, 2022.

The Florida Senate

Committee Agenda Request

To: Senator Kelli Stargel, Chair
Committee on Appropriations

Subject: Committee Agenda Request

Date: February 3, 2022

I respectfully request that **Senate Bill 7012**, relating to **Per- and Polyfluoroalkyl Substances Task Force**, be placed on the:

☐ committee agenda at your earliest possible convenience.

☒ next committee agenda.

Senator Jason Brodeur
