- Clarifies that the SFWMD is not responsible for repaying any portion of a loan that is waived pursuant to this bill.

II. Present Situation:

Water Storage Reservoirs

It is the policy of the state that waters in the state are among its basic resources and the Legislature promote the conservation, replenishment, capture, enhancement, development, and proper utilization of surface and groundwater; and develop and regulate dams, impoundments, reservoirs, and other works to provide water storage for beneficial purposes.[1] Storing water is a commonly used technique for optimizing the use of water supplies by collecting water during times of plenty for use during dry or peak use times.[2]

Water storage reservoirs are constructed to improve the quality, timing, and distribution of water within a system. Water storage reservoirs can be used to store raw water prior to treatment at municipal water treatment facilities, to store treated water prior to distribution and use, and to store water for power generation facilities and agricultural uses.[3] Reservoirs can also be used to store water for environmental enhancement, including maintaining minimum flows and levels within a waterbody, as well as reducing the rates and volumes of freshwater discharges into estuaries.[4]

C-51 reservoir project

The C-51 reservoir project is located in western Palm Beach County on land owned by Palm Beach Aggregates, LLC (PBA). The project consists of in-ground reservoirs and conveyance structures that will provide water supply and water management benefits to participating water supply utilities. The project will also provide environmental benefits by reducing freshwater discharges to tide[5] and making additional water available for natural systems.

Phase I of the project will provide 14,000 acre-feet of water storage and costs approximately $161 million.[6] The SFWMD has declared Phase I of the C-51 reservoir project as one of its alternative water supply pilot projects, as it is located in the Lower East Coast Regional Planning Area, which is a restricted allocation area.[7] The water will be used to provide direct aquifer recharge to offset withdrawals from the Biscayne Aquifer. The Broward County Water and Wastewater Services, the City of Sunrise, the City of Lauderhill, and the City of Dania Beach have submitted letters of intent to utilize water made available by Phase I of the C-51 reservoir project.

[5] The C-51 Canal contributes about 50 percent of the freshwater runoff to the Lake Worth Lagoon.
[6] *See* Lenhart J. Lindahl, P.E., Assistant Executive Director, South Florida Water Management District (SFWMD), Governing Board Meeting, *C-51 Reservoir O&M Agreement*, slide 3 (Feb. 9, 2017), *available at* http://my.sfwmd.gov/webapps/publicMeetings/viewFile/10427 (last visited Jan. 29, 2018).
[7] Resolution No. 2017-0210, *Enter into an Operation & Maintenance Agreement with Palm Beach Aggregates, LLC for Phase 1 of the C-51 Reservoir Project*, *available at* https://apps.sfwmd.gov/webapps/publicMeetings/viewFile/10423 (last visited Jan. 29, 2018).

Phase I of the reservoir project is designed to hydraulically connect to the L-8 Flow Equalization Basin and is dependent upon the SFWMD's regional system. Because of the interconnectedness, the SFWMD agreed to operate, maintain, repair, replace, and rehabilitate Phase I of the project provided the PBA pays the SFWMD for such operation, maintenance, repair, replacement, and rehabilitation.[8] On February 20, 2017, the SFWMD and the PBA entered into an Operation and Maintenance Agreement which details the rights and responsibilities of each party and requires the SFWMD to operate and maintain the project upon completion.[9]

Phase II of the C-51 reservoir project is estimated to provide 46,000 acre-feet of water storage and cost approximately $286 million.[10] Phase II of the project is being considered under some of the alternatives that are being modeled for the Loxahatchee River Watershed Restoration project, which is a project component of the Comprehensive Everglades Restoration Program.[11]

The SFWMD is authorized to negotiate with the owners of the C-51 reservoir project site for the acquisition of the project site for Phase II of the project or to enter into a public-private partnership.[12] The SFWMD is authorized to acquire land near the C-51 reservoir through the purchase or exchange of land that is owned by the SFWMD or the state as necessary to implement Phase II of the project.[13] The state and the SFWMD are authorized to consider potential swaps of land that is owned by the state or the SFWMD to achieve the optimal combination of water quality and water storage. The SFWMD is prohibited from exercising eminent domain for the purpose of implementing the C-51 reservoir project.[14]

If state funds are appropriated for Phase I or Phase II of the C-51 reservoir project, state law requires that:

- The SFWMD must operate the reservoir to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries in addition to providing relief to the Lake Worth Lagoon;
- Water made available by the reservoir must be used for natural systems in addition to any allocated amounts for water supply; and
- Any water received from Lake Okeechobee may not be made available to support consumptive use permits.[15]

Phase I of the C-51 reservoir project is authorized to be funded through specific appropriation or through the water storage facility revolving loan fund, as provided in s. 373.475, F.S.[16] For the 2017-2018 fiscal year, the sum of $30 million was appropriated to the Water Resource Protection and Sustainability Trust Fund for the purpose of providing a loan to implement Phase I of the C-

[16] *Id*.

51 reservoir project.[17] The loan is required to have a 30-year term, may be prepaid at any time, and accrues interest until repayment. The loan is required to be repaid from the proceeds of the sale of unreserved capacity in the water storage facility, or other appropriate payment, at the time of receipt less reasonable expenses. The loan is secured by a first mortgage lien on the water storage facility and a collateral assignment of unreserved capacity as adequate security for the loan. The loan does not reserve for use by the state or the SFWMD any capacity authorized pursuant to the consumptive use permit for Phase I of the C-51 reservoir.[18]

Phase II of the C-51 reservoir project is authorized to be funded using Florida Forever bonds, pursuant to the water storage revolving loan fund, or as a project component of the Comprehensive Everglades Restoration Program pursuant to s. 375.041(3)(b)4., F.S.[19]

Restricted Allocation Areas

The term "restricted allocation area" is defined in s. 373.037, F.S., to mean an area within a water supply planning region of the Southwest Florida Water Management District, the South Florida Water Management District, or the St. Johns River Water Management District where the governing board of the water management district has determined that existing sources of water are not adequate to supply water for all existing and future reasonable-beneficial uses and to sustain the water resources and related natural systems for the planning period pursuant to ss. 373.036 and 373.709, F.S., and where the governing board of the water management district has applied allocation restrictions with regard to the use of specific sources of water.

Due to concerns regarding water availability, the SFWMD has declared the Lake Okeechobee Basin a restricted allocation area. Therefore, additional restrictions apply when allocating surface water derived from the Lake Okeechobee Waterbody for consumptive use within the Lake Okeechobee Basin. This rule is a component of the recovery strategy for minimum flows and levels for Lake Okeechobee, as set forth in Chapter 40E-8 of the Florida Administrative Code, to address lower lake management levels and storage under the U.S. Army Corps of Engineers' Lake Okeechobee Regulation Schedule.[20]

Another restricted allocation area within the SFWMD's planning region is the Lower East Coast Regional Planning Area. As a component of the recovery strategy for the minimum flows and levels for the Everglades and the Northwest Fork of the Loxahatchee River additional restrictions have been adopted for the permitted allocations of water use withdrawals. These restrictions assist in implementing the objective of the SFWMD to ensure that water necessary for Everglades restoration and the restoration of the Loxahatchee River Watershed is not allocated for consumptive use upon permit renewal or modification.[21]

III. Effect of Proposed Changes:

The bill adds the phrase "to the extent practicable" to the requirement that the SFWMD operate the reservoir project to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries. The bill requires the operation of Phase I of the reservoir project to be in accordance with any operation and maintenance agreement adopted by the SFWMD. An agreement between the SFWMD and Palm Beach Aggregates, LLC, was adopted in February of 2017.

The bill requires that the water made available by Phase I or Phase II of the reservoir project must be used for natural systems in addition to any permitted, rather than allocated, amounts for water supply. The bill provides that water received from Lake Okeechobee may only be available to support consumptive use permits if such use is in accordance with the rules of the SFWMD.

The bill authorizes the SFWMD to enter into a capacity allocation agreement with a water supply entity for a pro rata share of unreserved capacity in the water storage facility and request the DEP to waive repayment of all or a portion of the loan issued through the water storage facility revolving loan fund pursuant to s. 373.475, F.S. The DEP may only authorize such waiver if, at its determination, it has received reasonable value for such waiver. The bill provides that the SFWMD is not responsible for repayment of any portion of a loan that is waived pursuant to this bill.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Depending on if the DEP approves of a waiver of any or all of the loan amount and what reasonable value the DEP deems appropriate, the loan recipient may receive a positive fiscal impact.

C. Government Sector Impact:

If any or all of the loan is waived, the DEP will not receive repayment of up to $30 million depending on what reasonable value the DEP deems appropriate.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 373.4598 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on the Environment and Natural Resources on February 14, 2018:
The committee substitute:

- Requires that the water made available by Phase I or Phase II of the reservoir project must be used for natural systems in addition to any permitted, rather than allocated, amounts for water supply.
- Provides that water received from Lake Okeechobee may only be available to support consumptive use permits if such use is in accordance with the rules of the SFWMD, rather than in accordance with the rules for the applicable allocation area defined in s. 373.037(1), F.S.
- Clarifies that the SFWMD is not responsible for repayment of any portion of a loan which is waived pursuant to this bill.

B. Amendments:

None.

757058

576-03246-18

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on the Environment and Natural Resources)

A bill to be entitled

An act relating to the C-51 reservoir project; amending s. 373.4598, F.S.; revising requirements relating to the operation of water storage and use for Phase I and Phase II of the C-51 reservoir project if state funds are appropriated for such phases; authorizing the South Florida Water Management District to enter into certain capacity allocation agreements and to request a waiver for repayment of certain loans; authorizing the Department of Environmental Protection to waive such loan repayment under certain conditions; specifying that the district is not responsible for repayment of such waived loans; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (d) of subsection (9) of section 373.4598, Florida Statutes, is amended, and paragraph (f) is added to that subsection, to read:

373.4598 Water storage reservoirs.—

(9) C-51 RESERVOIR PROJECT.—

(d) If state funds are appropriated for Phase I or Phase II of the C-51 reservoir project:

1. The district, to the extent practicable, must ~~shall~~ operate either Phase I or Phase II of the reservoir project to

757058

576-03246-18

maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries, in addition to maximizing the reduction of harmful discharges ~~providing relief~~ to the Lake Worth Lagoon. However, the operation of Phase I of the C-51 reservoir project must be in accordance with any operation and maintenance agreement adopted by the district;

2. Water made available by Phase I or Phase II of the reservoir must ~~shall~~ be used for natural systems in addition to any permitted ~~allocated~~ amounts for water supply; and

3. ~~Any~~ Water received from Lake Okeechobee may only ~~not~~ be available to support consumptive use permits if such use is in accordance with district rules.

(f) The district may enter into a capacity allocation agreement with a water supply entity for a pro rata share of unreserved capacity in the water storage facility and may request the department to waive repayment of all or a portion of the loan issued pursuant to s. 373.475. The department may authorize such waiver if, in its determination, it has received reasonable value for such waiver. The district is not responsible for repaying any portion of a loan issued pursuant to s. 373.475 which is waived pursuant to this paragraph.

Section 2. This act shall take effect July 1, 2018.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 992 revises provisions relating to the C-51 reservoir project, which is located in western Palm Beach County. Specifically, the bill:

- Adds the phrase "to the extent practicable" to the requirement that the South Florida Water Management District (SFWMD) operate the reservoir project to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries;
- Requires the operation of Phase I of the reservoir project to be in accordance with any operation and maintenance agreement adopted by the SFWMD;
- Requires that water made available by Phase I or Phase II of the reservoir project be used for natural systems in addition to any permitted, rather than allocated, amounts for water supply;
- Provides that water received from Lake Okeechobee may only be available to support consumptive use permits if such use is in accordance with the SFWMD rules; and
- Authorizes the SFWMD to enter into a capacity allocation agreement with a water supply entity for a pro rata share of unreserved capacity in the water storage facility and request the Department of Environmental Protection (DEP) to waive repayment of all or a portion of the loan issued through the water storage facility revolving loan fund.
- If any or all of the loan is waived, the DEP will not receive repayment of up to $30 million depending on what reasonable value the DEP deems appropriate.
- Clarifies that the SFWMD is not responsible for repaying any portion of a loan that is waived pursuant to this bill.

II. Present Situation:

Water Storage Reservoirs

It is the policy of the state that waters in the state are among its basic resources and the Legislature promote the conservation, replenishment, capture, enhancement, development, and proper utilization of surface and groundwater; and develop and regulate dams, impoundments, reservoirs, and other works to provide water storage for beneficial purposes.[1] Storing water is a commonly used technique for optimizing the use of water supplies by collecting water during times of plenty for use during dry or peak use times.[2]

Water storage reservoirs are constructed to improve the quality, timing, and distribution of water within a system. Water storage reservoirs can be used to store raw water prior to treatment at municipal water treatment facilities, to store treated water prior to distribution and use, and to store water for power generation facilities and agricultural uses.[3] Reservoirs can also be used to store water for environmental enhancement, including maintaining minimum flows and levels within a waterbody, as well as reducing the rates and volumes of freshwater discharges into estuaries.[4]

C-51 reservoir project

The C-51 reservoir project is located in western Palm Beach County on land owned by Palm Beach Aggregates, LLC (PBA). The project consists of in-ground reservoirs and conveyance structures that will provide water supply and water management benefits to participating water supply utilities. The project will also provide environmental benefits by reducing freshwater discharges to tide[5] and making additional water available for natural systems.

Phase I of the project will provide 14,000 acre-feet of water storage and costs approximately $161 million.[6] The SFWMD has declared Phase I of the C-51 reservoir project as one of its alternative water supply pilot projects, as it is located in the Lower East Coast Regional Planning Area, which is a restricted allocation area.[7] The water will be used to provide direct aquifer recharge to offset withdrawals from the Biscayne Aquifer. The Broward County Water and Wastewater Services, the City of Sunrise, the City of Lauderhill, and the City of Dania Beach have submitted letters of intent to utilize water made available by Phase I of the C-51 reservoir project.

51 reservoir project.[17] The loan is required to have a 30-year term, may be prepaid at any time, and accrues interest until repayment. The loan is required to be repaid from the proceeds of the sale of unreserved capacity in the water storage facility, or other appropriate payment, at the time of receipt less reasonable expenses. The loan is secured by a first mortgage lien on the water storage facility and a collateral assignment of unreserved capacity as adequate security for the loan. The loan does not reserve for use by the state or the SFWMD any capacity authorized pursuant to the consumptive use permit for Phase I of the C-51 reservoir.[18]

Phase II of the C-51 reservoir project is authorized to be funded using Florida Forever bonds, pursuant to the water storage revolving loan fund, or as a project component of the Comprehensive Everglades Restoration Program pursuant to s. 375.041(3)(b)4., F.S.[19]

Restricted Allocation Areas

The term "restricted allocation area" is defined in s. 373.037, F.S., to mean an area within a water supply planning region of the Southwest Florida Water Management District, the South Florida Water Management District, or the St. Johns River Water Management District where the governing board of the water management district has determined that existing sources of water are not adequate to supply water for all existing and future reasonable-beneficial uses and to sustain the water resources and related natural systems for the planning period pursuant to ss. 373.036 and 373.709, F.S., and where the governing board of the water management district has applied allocation restrictions with regard to the use of specific sources of water.

Due to concerns regarding water availability, the SFWMD has declared the Lake Okeechobee Basin a restricted allocation area. Therefore, additional restrictions apply when allocating surface water derived from the Lake Okeechobee Waterbody for consumptive use within the Lake Okeechobee Basin. This rule is a component of the recovery strategy for minimum flows and levels for Lake Okeechobee, as set forth in Chapter 40E-8 of the Florida Administrative Code, to address lower lake management levels and storage under the U.S. Army Corps of Engineers' Lake Okeechobee Regulation Schedule.[20]

Another restricted allocation area within the SFWMD's planning region is the Lower East Coast Regional Planning Area. As a component of the recovery strategy for the minimum flows and levels for the Everglades and the Northwest Fork of the Loxahatchee River additional restrictions have been adopted for the permitted allocations of water use withdrawals. These restrictions assist in implementing the objective of the SFWMD to ensure that water necessary for Everglades restoration and the restoration of the Loxahatchee River Watershed is not allocated for consumptive use upon permit renewal or modification.[21]

III. Effect of Proposed Changes:

The bill adds the phrase "to the extent practicable" to the requirement that the SFWMD operate the reservoir project to maximize the reduction of high-volume Lake Okeechobee regulatory releases to the St. Lucie or Caloosahatchee estuaries. The bill requires the operation of Phase I of the reservoir project to be in accordance with any operation and maintenance agreement adopted by the SFWMD. An agreement between the SFWMD and Palm Beach Aggregates, LLC, was adopted in February of 2017.

The bill requires that the water made available by Phase I or Phase II of the reservoir project must be used for natural systems in addition to any permitted, rather than allocated, amounts for water supply. The bill provides that water received from Lake Okeechobee may only be available to support consumptive use permits if such use is in accordance with the rules of the SFWMD.

The bill authorizes the SFWMD to enter into a capacity allocation agreement with a water supply entity for a pro rata share of unreserved capacity in the water storage facility and request the DEP to waive repayment of all or a portion of the loan issued through the water storage facility revolving loan fund pursuant to s. 373.475, F.S. The DEP may only authorize such waiver if, at its determination, it has received reasonable value for such waiver. The bill provides that the SFWMD is not responsible for repayment of any portion of a loan that is waived pursuant to this bill.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations	
BILL:	PCS/SB 1012 (291154)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); and Senators Passidomo and Young
SUBJECT:	Alligator Alley Toll Road
DATE:	February 26, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Price	Miller	TR	**Favorable**
2.	McAuliffe	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	McAuliffe	Hansen	AP	**Pre-meeting**

I. Summary:

PCS/SB 1012 extends the statutory obligation of the Florida Department of Transportation (FDOT) to reimburse a county or another local governmental entity for the direct actual costs of operating the fire station at mile marker 63 on I-75/Alligator Alley (the Alley), currently set to expire on June 30, 2018. The bill requires the FDOT to make such reimbursement by interlocal agreement through June 30, 2021.

The bill also provides that all law enforcement officers on official law enforcement business are exempt from paying tolls on toll facilities. The bill defines "official law enforcement business."

The fiscal impact regarding the reimbursement by the FDOT for the costs of operating the fire station is indeterminate, but any FDOT expenditures will be based on an agreed-upon estimated schedule of such operational expenses incorporated into the required extended interlocal agreement.

The Revenue Estimating Conference reviewed the effect of a similar exemption from tolls for law enforcement vehicles (marked and unmarked vehicles) and estimated that the fiscal impact of the provision would be negative, but indeterminate, to the State Transportation Trust Fund, Turnpike trust funds, and local trust funds. State and local agencies with law enforcement traveling through toll facilities will have less expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

Fire Station 63 on I-75/Alligator Alley

Collier County provides fire, rescue, and emergency management services along the Alley through its dependent fire district, the Ochopee Fire Control and Rescue District, and the county's emergency medical services. These services are provided at a facility located at the FDOT's rest area on the Alley at mile marker 63 (MM63).[1]

Use of Alley Tolls to Fund Fire Station 63

Section 338.26, F.S., establishes the Alley as a toll road, because the construction of the road "contributed to the alteration of water flows in the Everglades and affected ecological patterns of the historical southern Everglades." The statute sets forth required uses of the fees generated from tolls for use of the Alley, which are deposited into the State Transportation Trust Fund. Fees must be used to reimburse outstanding contractual obligations and to operate and maintain the highway and toll facilities, including reconstruction and restoration.

Currently, related to the fire station on the Alley, the statute requires the fees to be used:

- To design and construct the fire station, which may be used by a county or other local governmental entity to provide the services to the public on the Alley; and
- To reimburse a county or other local governmental entity for the direct actual costs of operating the fire station, through an interlocal agreement effective July 1, 2014, to no later than June 30, 2018.[2]

Fees may also be transferred to the Everglades Trust Fund for certain environmental projects or may be pledged for revenue bonds or notes issued to pay for environmental projects in the area.

Upon termination of the interlocal agreement for the fire station, the FDOT would be authorized to use the fees for the other required or authorized uses described above.

Toll Revenues and Expenses

According to the FDOT's 2016 Annual Report for its Enterprise Toll Operations,[3] for Fiscal Year 2016-17 through 2020-21 the Alligator Alley will average $34.5 million in gross toll revenue each year with annual operating and maintenance expenses averaging $8.9 million and annual debt service payments averaging $3.45 million. The maintenance expenses include funding for rest area improvements, fire station operations, and interchange lighting projects.

The Interlocal Agreement for Fire Station 63

On May 9, 2014, the FDOT and the Board of Commissioners of Collier County entered into an interlocal agreement to provide the terms and conditions under which the FDOT would "provide funding to the County for the County's expenses in purchasing equipment, compensating County employees, and otherwise providing fire, rescue and emergency services utilizing the Fire Station."[4]

The FDOT included the fire station in its construction project when it rebuilt the rest area at MM63 and the fire station opened in early 2015.[5] The fire station was built "for the exclusive use of the County for the duration of this Agreement."[6] The FDOT owns the fire station and leases it to the County.[7] However, under the agreement, "all equipment, personal property, vehicles, apparatus and supplies acquired by County with funding provided by DEPARTMENT…shall remain the property of County, notwithstanding any termination of this Agreement."[8]

Funding in the Interlocal Agreement

For the term of the agreement, the FDOT agreed to provide a maximum of $1,761,235 for direct actual capital costs and a maximum of $1,498,100 for the county's direct actual costs of operating the fire station.[9] The county agreed to bear all expenses in excess of the FDOT's specified participation.[10] The agreed-upon funding includes various annual operating items such as hired paramedics and fire fighters; expenses for administrative and building maintenance; expenses for bulk fuel and various types of search and rescue equipment. Capital costs include items such as vehicles, radios, vehicles, and breathing air compressors.[11]

Information regarding the FDOT's Adopted Five-Year Work Program for 2014-2018 reflects the following funding for the MM63 fire station:[12]

Fiscal Year	Amount
2014	$1,761,235
2015	$1,498,100
2016	$1,522,070
2017	$1,522,070
2018	$1,498,100

Toll Exemptions

Section 338.155, F.S., requires the payment of tolls on toll facilities. However, the DOT may suspend tolls when necessary to assist in an emergency evacuation and the law provides the following exemptions:

- Employees of the agency operating the toll facility on official state business.
- State military personnel while on official military business.
- Certain disabled persons.
- Persons exempt from toll payment by the authorizing resolution for bonds issued to finance the toll facility.
- Persons exempt on a temporary basis when a toll facility is part of a detour route.
- Any law enforcement officer operating a marked official vehicle when on official law enforcement business.
- Any person operating a fire or rescue vehicle when on official business.
- Any person participating in the funeral procession of a law enforcement officer or firefighter killed in the line of duty.
- Any person driving a Department of Military Affairs automobile or other vehicle used for transporting military personnel, stores, and property that is properly identified.

For toll facilities managed by the DOT, the revenues of which are not pledged to repayment of bonds, the DOT is authorized to allow certain vehicles exemptions from the payment of tolls:[13]

- Public transit vehicles.[14]
- Vehicles participating in a funeral procession for an active-duty military service member.[15]
- Registered hybrid vehicles using high-occupancy-vehicle or express lanes.[16]

Toll Exemptions for Law Enforcement Marked Vehicles

According to the DOT, law enforcement agencies with marked vehicles submit a "SunPass Non-Revenue Account Application," in which the agency lists each marked vehicle that will have a non-revenue SunPass transponder along with certain identifying information regarding each vehicle. The agency representative attests that the vehicles listed on the application qualify for the toll exemption for marked law enforcement vehicles.[17]

available at http://www2.dot.state.fl.us/fmsupportapps/workprogram/Support/WPItemRept.ASPX?RF=HIS&CD=03&SD=FIRE%20STATION&FY=FALSE|FALSE|FALSE|FALSE|FALSE|FALSE&ITM=435389~1&RP=ITEM and http://www2.dot.state.fl.us/fmsupportapps/workprogram/Support/WPItemRept.ASPX?RF=WP&CD=03&SD=FIRE%20STATION&FY=FALSE|FALSE|FALSE|FALSE|FALSE|FALSE&ITM=435389~1&RP=ITEM (last visited February 2, 2018.)

[13] See Rules 14-100.006 and 14-100.004, F.A.C. Respectively the rules exempt public transit vehicles, certain carpools, motorcycles, and hybrid vehicles registered and operating on I-95 in Miami-Dade, Broward and Palm Beach Counties; and for public transit vehicles operating on express lanes.

[14] Section 338.155, F.S.

[15] Section 338.155, F.S.

[16] Section 316.0741, F.S.

[17] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

Turnpike Bonds

Section 338.227, F.S., authorizes the DOT to borrow money as provided in the State Bond Act[18] to pay all or any part of the cost of any one or more legislatively approved turnpike projects. The principal of, and the interest on, these bonds is paid solely from revenues pledged for their payment.

In s. 338.229, F.S., in connection with the issuance of Turnpike bonds, the state agrees not to limit or restrict the rights vested in the DOT to establish and collect tolls for the use of the Turnpike System and to fulfill the terms of any agreements made with bondholders. The agreement includes not impairing the rights or remedies of the bondholders until the bonds, together with interest on the bonds, are fully paid and discharged.[19]

The DOT provided information about the Turnpike's master bond resolution under which the current Turnpike bonds were issued. The resolution contains the DOT's commitments regarding the funding and operation of the Turnpike System. The resolution is a contract with the bondholders and "may not be amended in any way that affects 'the unconditional promises of the Department to fix, maintain and collect tolls for the use of the Turnpike System' without consent of all the holders of outstanding Turnpike bonds."[20]

Additionally, the DOT states that the resolution includes a section in which the DOT agreed that it "shall not allow or permit any free use of the Toll roads of the Florida Turnpike, except to officials or employees of the Department whose official duties in connection with the Florida Turnpike require them to travel over the Florida Turnpike, or except as may be provided by laws in effect on the date of the adoption of this Resolution."[21]

Toll Exemptions under the Turnpike Bonds

The Turnpike bond resolution was adopted and restated on May 17, 2005. At that time, state law authorized the DOT to suspend tolls in the event of emergencies and included the enumerated exemptions discussed above in s. 338.155, F.S.[22]

Such provisions were also in place when bonds were sold for Alligator Alley in 2007.[23]

In 2008 and 2012, when additional toll exemptions were created they were limited to DOT managed toll facilities, whose revenues were not pledged to repayment of bonds. As discussed above, the DOT is authorized to exempt public transit vehicles, vehicles participating in a funeral procession for an active-duty military service member, and hybrid vehicles from paying tolls.

[18] Sections 215.57 – 215.83, F.S. Statutes creating the state's expressway and bridge authorities contain similar provisions. See ss. 348.0010, 348.64, 348.761, and 348.974, F.S.
[19] Statutes creating the state's expressway and bridge authorities contain similar provisions. See ss. 348.0010, 348.64, 348.761, and 348.974, F.S.
[20] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[21] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[22] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[23] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

Because the revenues of the Turnpike System are pledged to repayment of bonds, these provisions do not apply to the Turnpike System or Alligator Alley.[24]

III. Effect of Proposed Changes:

Fire Station 63 on I-75/Alligator Alley

The bill amends s. 338.26(3)(a), F.S., to extend the date through which the FDOT is statutorily obligated to reimburse Collier County for the direct actual costs of operating the MM63 fire station to no later than June 30, 2021.

Toll Exemptions

The bill amends s. 338.155(1), F.S., exempting law enforcement officers while on official law enforcement business from paying tolls. "Official law enforcement business" includes, but is not limited to, patrol operations, investigative activities, crime prevention activities, or traffic operations. The bill also changes references to "handicapped persons" to "disabled persons" and makes other technical changes.

The bill takes effect on July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. Other Constitutional Issues:

Art. I, s. 10 of the State Constitution prohibits any law that would impair a contract. If a court determines that this bill impairs the master bond resolution of the Turnpike or Alligator Alley by exempting for law enforcement officers while on official law enforcement business from the payment of tolls, then such provisions of the bill may be found unconstitutional.

[24] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Fire Station 63 on I-75/Alligator Alley

The bill requires the FDOT to continue funding the County's direct actual costs of operating the MM63 fire station from the fees generated from tolls collected on the Alley through July 1, 2021. Under current law, the FDOT is authorized to use the fees for the other required or authorized uses described in the statute. The impact on toll bonds or other agreements is unknown at this time because the FDOT has not provided an analysis of the bill.

Collier County will receive funding for an additional three years for actual operating and capital costs related to the fire station, and thus will only have to expend county funds for expenses above the costs agreed to in the interlocal agreement. The exact amount of such funding is unknown but will likely be based on an agreed-upon estimated schedule of expenses incorporated into a new interlocal agreement or extension of the current interlocal agreement.

Toll Exemptions

On November 3, 2017, the Revenue Estimating Conference reviewed the effect of a similar exemption from tolls for law enforcement vehicles (marked and unmarked vehicles) and estimated that the fiscal impact of the provision would be negative, but indeterminate, to the State Transportation Trust Fund, Turnpike trust funds, and local trust funds.[25]

The Florida Department of Law Enforcement estimated that a similar bill could save the department about $80,000 annually in toll expenditures.[26] The Department of Highway Safety and Motor Vehicles estimated that a similar bill would have a minimal impact to the department.[27] Local law enforcement and other law enforcement agencies will likely experience similar reduced annual expenditures for tolls.

[25] Office of Economic and Demographic Research, Revenue Estimating Conference, *Law Enforcement Exemption, HB 141*, November 3, 2017, available at http://edr.state.fl.us/Content/conferences/revenueimpact/archives/2018/_pdf/page82.pdf (last visited Feb. 8, 2018). The conference methodology assumed that "[c]hanging the toll exemption from 'handicapped person' to 'person with a disability' will have no effect on eligibility."
[26] Florida Department of Law Enforcement, *2018 FDLE Legislative Bill Analysis: SB 356*, Sept. 28, 2017.
[27] Department of Highway Safety and Motor Vehicles, *2018 Agency Legislative Bill Analysis: HB 141*, Nov. 17, 2017.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The DOT has stated that any risk of violating bondholder rights associated with the statutory change to the toll exemptions could be avoided by limiting the exemption to toll facilities managed by the DOT, the revenues of which are not pledged to the repayment of bonds.[28]

VIII. Statutes Affected:

This bill amends sections 338.26 and 338.155 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 8, 2018:
The committee substitute:

- Exempts law enforcement officers on official law enforcement business from paying tolls on toll facilities.
- Defines "official law enforcement business," and changes references to "handicapped persons" in the toll exemption statute to "disabled persons," along with other technical changes.
- Restores current law which limits the I-75/Alligator Alley fire station's services to Alligator Alley.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

[28] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

LEGISLATIVE ACTION

Senate	.	House
Comm: WD	.	
03/02/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Passidomo) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Subsections (1) and (3) of section 338.155, Florida Statutes, are amended to read:

338.155 Payment of toll on toll facilities required; exemptions.—

(1)(a) A person may not use a ~~any~~ toll facility without payment of tolls, except:

494290

1. An employee ~~employees~~ of the agency operating the toll project when using the toll facility on official state business.~~,~~

2. State military personnel while on official military business.

3. A person with a disability~~, handicapped persons~~ as provided in subsection (3).

4. A person ~~this section, persons~~ exempt from toll payment by the authorizing resolution for bonds issued to finance the facility.

5. A person~~, and persons~~ exempt on a temporary basis where use of such toll facility is required as a detour route.

6. A ~~Any~~ law enforcement officer operating a marked or unmarked official vehicle while ~~is exempt from toll payment when~~ on official law enforcement business. For purposes of this subparagraph, the term "official law enforcement business" includes, but is not limited to, patrol operations, investigative activities, crime prevention operations, and traffic operations.

7. A ~~Any~~ person operating a fire vehicle while ~~when~~ on official business or a rescue vehicle while ~~when~~ on official business ~~is exempt from toll payment~~.

8. A ~~Any~~ person participating in the funeral procession of a law enforcement officer or firefighter killed in the line of duty ~~is exempt from toll payment~~.

(b) The secretary or the secretary's designee may suspend the payment of tolls on a toll facility when necessary to assist in emergency evacuation.

(c) The failure to pay a prescribed toll constitutes a

494290

noncriminal traffic infraction, punishable as a moving violation as provided in s. 318.18. The department may adopt rules relating to the payment, collection, and enforcement of tolls, as authorized in this chapter and chapters 316, 318, 320, and 322, including, but not limited to, rules for the implementation of video or other image billing and variable pricing.

(d) With respect to toll facilities managed by the department~~,~~ the revenues of which are not pledged to repayment of bonds, the department may by rule allow the use of such facilities by public transit vehicles or by vehicles participating in a funeral procession for an active-duty military service member without the payment of tolls.

(3) A ~~Any handicapped~~ person with a disability who has a valid driver license, who operates a vehicle specially equipped for use by persons with disabilities ~~the handicapped~~, and who is certified by a physician licensed under chapter 458 or chapter 459 or by comparable licensing in another state or by the Adjudication Office of the United States Department of Veterans Affairs or its predecessor as being severely physically disabled and having permanent upper limb mobility or dexterity impairments that ~~which~~ substantially impair the person's ability to deposit coins in toll baskets~~,~~ shall be allowed to pass free through all tollgates and over all toll bridges and ferries in this state. Such ~~A~~ person ~~who meets the requirements of this subsection~~ shall, upon application, be issued a vehicle window sticker by the Department of Transportation.

Section 2. Paragraph (a) of subsection (3) of section 338.26, Florida Statutes, is amended to read:

338.26 Alligator Alley toll road.—

494290

(3)(a) Fees generated from tolls shall be deposited in the State Transportation Trust Fund and shall be used:

1. To reimburse outstanding contractual obligations;

2. To operate and maintain the highway and toll facilities, including reconstruction and restoration;

3. To pay for those projects that are funded with Alligator Alley toll revenues and that are contained in the 1993-1994 adopted work program or the 1994-1995 tentative work program submitted to the Legislature on February 22, 1994; and

4. By interlocal agreement effective July 1, 2014, through no later than June 30, 2019, to reimburse a county or another local governmental entity for the direct actual costs of operating the ~~To design and construct a~~ fire station at mile marker 63 on Alligator Alley, which may be used by a county or another local governmental entity to provide fire, rescue, and emergency management services to the public on Alligator Alley~~;~~ ~~and~~

~~5. By interlocal agreement effective July 1, 2014, through no later than June 30, 2018, to reimburse a county or another local governmental entity for the direct actual costs of operating such fire station~~.

Section 3. Subsection (6) of section 348.0004, Florida Statutes, is amended to read:

348.0004 Purposes and powers.—

(6)(a) ~~Subject to compliance with any covenants made with the holders of any bonds issued pursuant to the Florida Expressway Authority Act,~~ An authority in any county as defined in s. 125.011(1) shall, at the time that any toll is incurred, reduce the toll charged on any of the authority's toll

494290

facilities by at least 5 percent, but not more than 10 percent, for each SunPass registrant having an account in good standing and having the license plate of the vehicle or vehicles incurring the toll registered to the SunPass account at the time the toll is incurred. The authority may not impose additional requirements for receipt of the reduced toll amount.

(b) There is hereby created a cause of action for the imposition of excess toll charges. Any person eligible for a toll reduction as specified in paragraph (a) may bring a civil action in a court of competent jurisdiction against a toll authority for the value of toll credits that the person was to have been credited. The court may award court costs and reasonable attorney fees to any person bringing an action under this paragraph.

Section 4. This act shall take effect July 1, 2018.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to toll operations; amending s. 338.155, F.S.; exempting a law enforcement officer from paying a toll on a toll facility when operating a marked or unmarked official vehicle while on official law enforcement business; defining the term "official law enforcement business"; amending s. 338.26, F.S.; requiring fees generated from tolls to be used to reimburse, by interlocal agreement within a specified

494290

timeframe, a county or another local governmental entity for the direct actual costs of operating a specified fire station; providing services to the public on Alligator Alley; deleting obsolete language; amending s. 348.0004, F.S.; deleting provisions subjecting a specified toll rate reduction to certain covenants; creating a cause of action for the imposition of excess toll charges; providing for award of court costs and attorney fees; providing an effective date.

(c) The failure to pay a prescribed toll constitutes a

noncriminal traffic infraction, punishable as a moving violation as provided in s. 318.18. The department may adopt rules relating to the payment, collection, and enforcement of tolls, as authorized in this chapter and chapters 316, 318, 320, and 322, including, but not limited to, rules for the implementation of video or other image billing and variable pricing.

(d) With respect to toll facilities managed by the department~~,~~ the revenues of which are not pledged to repayment of bonds, the department may by rule allow the use of such facilities by public transit vehicles or by vehicles participating in a funeral procession for an active-duty military service member without the payment of tolls.

(3) A ~~Any handicapped~~ person with a disability who has a valid driver license, who operates a vehicle specially equipped for use by persons with disabilities ~~the handicapped~~, and who is certified by a physician licensed under chapter 458 or chapter 459 or by comparable licensing in another state or by the Adjudication Office of the United States Department of Veterans Affairs or its predecessor as being severely physically disabled and having permanent upper limb mobility or dexterity impairments that ~~which~~ substantially impair the person's ability to deposit coins in toll baskets~~,~~ shall be allowed to pass free through all tollgates and over all toll bridges and ferries in this state. Such ~~A~~ person ~~who meets the requirements of this subsection~~ shall, upon application, be issued a vehicle window sticker by the Department of Transportation.

Section 2. Paragraph (a) of subsection (3) of section 338.26, Florida Statutes, is amended to read:

338.26 Alligator Alley toll road.—

477376

(3)(a) Fees generated from tolls shall be deposited in the State Transportation Trust Fund and shall be used:

1. To reimburse outstanding contractual obligations;

2. To operate and maintain the highway and toll facilities, including reconstruction and restoration;

3. To pay for those projects that are funded with Alligator Alley toll revenues and that are contained in the 1993-1994 adopted work program or the 1994-1995 tentative work program submitted to the Legislature on February 22, 1994; and

4. By interlocal agreement effective July 1, 2014, through no later than June 30, 2019, to reimburse a county or another local governmental entity for the direct actual costs of operating the ~~To design and construct a~~ fire station at mile marker 63 on Alligator Alley, which may be used by a county or another local governmental entity to provide fire, rescue, and emergency management services to the public on Alligator Alley~~;~~ ~~and~~

~~5. By interlocal agreement effective July 1, 2014, through no later than June 30, 2018, to reimburse a county or another local governmental entity for the direct actual costs of operating such fire station~~.

Section 3. Paragraph (d) of subsection (2) of section 348.0003, Florida Statutes, is amended to read:

348.0003 Expressway authority; formation; membership.—

(2) The governing body of an authority shall consist of not fewer than five nor more than nine voting members. The district secretary of the affected department district shall serve as a nonvoting member of the governing body of each authority located within the district. Each member of the governing body must at

all times during his or her term of office be a permanent resident of the county which he or she is appointed to represent.

(d)1. Notwithstanding any provision to the contrary in this subsection, in any county as defined in s. 125.011(1), the governing body of an authority shall consist of up to nine members, and the following provisions of this paragraph shall apply specifically to such authority. Except for the district secretary of the department, the members must be residents of the county. Five voting members shall be appointed by the governing body of the county. At the discretion of the governing body of the county, up to two of the members appointed by the governing body of the county may be elected officials residing in the county. Three voting members of the authority shall be appointed by the Governor. One member shall be the district secretary of the department serving in the district that contains such county. This member shall be an ex officio voting member of the authority. If the governing body of an authority includes any member originally appointed by the governing body of the county as a nonvoting member, when the term of such member expires, that member shall be replaced by a member appointed by the Governor until the governing body of the authority is composed of five members appointed by the governing body of the county and three members appointed by the Governor. Except as provided in subparagraph 2., a member of the authority serving as of July 1, 2016, may serve the remainder of his or her term. However, upon the conclusion of the term or upon vacancy, such expired term or vacancy may not be filled except if such appointment meets the requirements of this section. When

the term of a member expires or a vacancy occurs, the member may ~~shall~~ not be replaced by the appointing entity until the governing body of the authority is composed of five voting members appointed by the governing body of the county and three voting members appointed by the Governor, which three members shall not include the district secretary serving as an ex officio member. Except as provided in subsection (5), the qualifications, terms of office, and obligations and rights of members of the authority shall be determined by resolution or ordinance of the governing body of the county in a manner that is consistent with subsections (3) and (4).

2. Notwithstanding subparagraph 1., in any county as defined in s. 125.011(1), the governing body of the authority shall, by October 1, 2018, submit to the Governor information regarding its compliance with the minimum 5 percent toll reduction prescribed in s. 348.0004(6). If the required toll reduction has not taken place, the existing board shall be dissolved effective October 31, 2018, and, except for the district secretary of the department, a new board shall be appointed by that date. Other than the district secretary of the department, a member of the board on October 1, 2018, may not be appointed to the new board. Except for the district secretary of the department, the members must be residents of the county. Five voting members shall be appointed by the governing body of the county. At the discretion of the governing body of the county, up to two of the members appointed by the governing body of the county may be elected officials residing in the county. Three voting members of the authority shall be appointed by the Governor. One member shall be the district secretary of the

477376

department serving in the district that contains such county. This member shall be an ex officio voting member of the authority.

Section 4. This act shall take effect July 1, 2018.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to toll operations; amending s. 338.155, F.S.; exempting a law enforcement officer from paying a toll on a toll facility when operating a marked or unmarked official vehicle while on official law enforcement business; defining the term "official law enforcement business"; amending s. 338.26, F.S.; requiring fees generated from tolls to be used to reimburse, by interlocal agreement within a specified timeframe, a county or another local governmental entity for the direct actual costs of operating a specified fire station; providing services to the public on Alligator Alley; deleting obsolete language; amending s. 348.0003, F.S.; requiring the governing body of the authority in certain counties to, by a specified date, submit to the Governor information regarding its compliance with a specified minimum percent toll reduction; requiring, effective on a specified date, the existing board to be dissolved and, except for the district secretary of the

Department of Transportation, a new board to be appointed by that date if the required toll reduction has not taken place; prohibiting a member of the board on a specified date to be appointed to the new board, except for the district secretary of the department; requiring the members to be residents of the county, except for the district secretary of the department; requiring a specified number of voting members to be appointed by the governing body of the county; authorizing, at the discretion of the governing body of the county, up to a specified amount of the members appointed by the governing body of the county to be elected officials residing in the county; requiring a specified amount of voting members of the authority to be appointed by the Governor; requiring that the district secretary of the department from the appropriate district be an ex officio voting member; providing an effective date.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to tolls; amending s. 338.155, F.S.; updating terms; exempting a law enforcement officer from paying a toll on a toll facility while on official law enforcement business; defining the term "official law enforcement business"; making technical changes; amending s. 338.26, F.S.; requiring fees generated from tolls to be used to reimburse, by interlocal agreement effective for a specified period of time, a county or another local governmental entity for the direct actual costs of operating a specified fire station, which may be used by a county or another local governmental entity to provide fire, rescue, and emergency management services to the public on Alligator Alley; deleting obsolete language; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1) and (3) of section 338.155, Florida Statutes, are amended to read:

338.155 Payment of toll on toll facilities required; exemptions.—

(1)(a) A person may not use a ~~any~~ toll facility without payment of tolls, except:

1. An employee ~~Employees~~ of the agency operating the toll

291154

576-03008-18

project when using the toll facility on official state business.~~,~~

2. State military personnel while on official military business.~~,~~

3. A person with a disability ~~Handicapped persons~~ as provided in subsection (3). ~~this section,~~

4. A person ~~Persons~~ exempt from toll payment by the authorizing resolution for bonds issued to finance the facility.~~, and~~

5. A person ~~Persons~~ exempt on a temporary basis where use of such toll facility is required as a detour route.

6. A ~~Any~~ law enforcement officer while ~~operating a marked official vehicle is exempt from toll payment when~~ on official law enforcement business. For purposes of this subparagraph, the term "official law enforcement business" includes, but is not limited to, patrol operations, investigative activities, crime prevention operations, and traffic operations.

7. A ~~Any~~ person operating a fire vehicle while ~~when~~ on official business or a rescue vehicle while ~~when~~ on official business ~~is exempt from toll payment~~.

8. A ~~Any~~ person participating in the funeral procession of a law enforcement officer or firefighter killed in the line of duty ~~is exempt from toll payment~~.

(b) The secretary or the secretary's designee may suspend the payment of tolls on a toll facility when necessary to assist in emergency evacuation.

(c) The failure to pay a prescribed toll constitutes a noncriminal traffic infraction, punishable as a moving violation as provided in s. 318.18. The department may adopt rules

relating to the payment, collection, and enforcement of tolls, as authorized in this chapter and chapters 316, 318, 320, and 322, including, but not limited to, rules for the implementation of video or other image billing and variable pricing.

(d) With respect to toll facilities managed by the department~~,~~ the revenues of which are not pledged to repayment of bonds, the department may by rule allow the use of such facilities by public transit vehicles or by vehicles participating in a funeral procession for an active-duty military service member without the payment of tolls.

(3) A ~~Any handicapped~~ person with a disability who has a valid driver license, who operates a vehicle specially equipped for use by persons with disabilities ~~the handicapped~~, and who is certified by a physician licensed under chapter 458 or chapter 459 or by comparable licensing in another state or by the Adjudication Office of the United States Department of Veterans Affairs or its predecessor as being severely physically disabled and having permanent upper limb mobility or dexterity impairments that ~~which~~ substantially impair the person's ability to deposit coins in toll baskets~~,~~ shall be allowed to pass free through all tollgates and over all toll bridges and ferries in this state. Such ~~A~~ person ~~who meets the requirements of this subsection~~ shall, upon application, be issued a vehicle window sticker by the Department of Transportation.

Section 2. Paragraph (a) of subsection (3) of section 338.26, Florida Statutes, is amended to read:

338.26 Alligator Alley toll road.—

(3)(a) Fees generated from tolls shall be deposited in the State Transportation Trust Fund and shall be used:

1. To reimburse outstanding contractual obligations;

2. To operate and maintain the highway and toll facilities, including reconstruction and restoration;

3. To pay for those projects that are funded with Alligator Alley toll revenues and that are contained in the 1993-1994 adopted work program or the 1994-1995 tentative work program submitted to the Legislature on February 22, 1994; and

4. 3.	McAuliffe	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1012 extends the statutory obligation of the Florida Department of Transportation (FDOT) to reimburse a county or another local governmental entity for the direct actual costs of operating the fire station at mile marker 63 on I-75/Alligator Alley (the Alley), currently set to expire on June 30, 2018. The bill requires the FDOT to make such reimbursement by interlocal agreement through June 30, 2019.

The bill also provides that a law enforcement officer operating an unmarked vehicle while on official law enforcement business is exempt from paying tolls on toll facilities. The bill defines "official law enforcement business."

The Miami-Dade Expressway Authority (MDX) is created pursuant to the Florida Expressway Authority Act. In 2017, the Legislature required MDX, subject to bond covenants, to reduce its tolls for qualifying SunPass users. The bill requires the MDX to submit to the Governor, by October 1, 2018, information regarding the toll reduction required in s. 348.0004, F.S. If the reduction has not taken place, then the existing board is dissolved effective October 31, 2018, and a new board must be appointed by that date

The fiscal impact regarding the reimbursement by the FDOT for the costs of operating the fire station is indeterminate, but any FDOT expenditures will be based on an agreed-upon estimated

schedule of such operational expenses incorporated into the required extended interlocal agreement.

The Revenue Estimating Conference reviewed the effect of a similar exemption from tolls for law enforcement vehicles (marked and unmarked vehicles) and estimated that revenues would be reduced by an indeterminate amount for the State Transportation Trust Fund, Turnpike trust funds, and local trust funds. State and local agencies with law enforcement traveling through toll facilities will have less expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

Fire Station 63 on I-75/Alligator Alley

Collier County provides fire, rescue, and emergency management services along the Alley through its dependent fire district, the Ochopee Fire Control and Rescue District, and the county's emergency medical services. These services are provided at a facility located at the FDOT's rest area on the Alley at mile marker 63 (MM63).[1]

Use of Alley Tolls to Fund Fire Station 63

Section 338.26, F.S., establishes the Alley as a toll road, because the construction of the road "contributed to the alteration of water flows in the Everglades and affected ecological patterns of the historical southern Everglades." The statute sets forth required uses of the fees generated from tolls for use of the Alley, which are deposited into the State Transportation Trust Fund. Fees must be used to reimburse outstanding contractual obligations and to operate and maintain the highway and toll facilities, including reconstruction and restoration.

Currently, related to the fire station on the Alley, the statute requires the fees to be used:

- To design and construct the fire station, which may be used by a county or other local governmental entity to provide the services to the public on the Alley; and
- To reimburse a county or other local governmental entity for the direct actual costs of operating the fire station, through an interlocal agreement effective July 1, 2014, to no later than June 30, 2018.[2]

Fees may also be transferred to the Everglades Trust Fund for certain environmental projects or may be pledged for revenue bonds or notes issued to pay for environmental projects in the area.

Upon termination of the interlocal agreement for the fire station, the FDOT would be authorized to use the fees for the other required or authorized uses described above.

Toll Revenues and Expenses

According to the FDOT's 2016 Annual Report for its Enterprise Toll Operations,[3] for Fiscal Year 2016-17 through 2020-21 the Alligator Alley will average $34.5 million in gross toll revenue each year with annual operating and maintenance expenses averaging $8.9 million and annual debt service payments averaging $3.45 million. The maintenance expenses include funding for rest area improvements, fire station operations, and interchange lighting projects.

The Interlocal Agreement for Fire Station 63

On May 9, 2014, the FDOT and the Board of Commissioners of Collier County entered into an interlocal agreement to provide the terms and conditions under which the FDOT would "provide funding to the County for the County's expenses in purchasing equipment, compensating County employees, and otherwise providing fire, rescue and emergency services utilizing the Fire Station."[4]

The FDOT included the fire station in its construction project when it rebuilt the rest area at MM63 and the fire station opened in early 2015.[5] The fire station was built "for the exclusive use of the County for the duration of this Agreement."[6] The FDOT owns the fire station and leases it to the County.[7] However, under the agreement, "all equipment, personal property, vehicles, apparatus and supplies acquired by County with funding provided by DEPARTMENT…shall remain the property of County, notwithstanding any termination of this Agreement."[8]

Funding in the Interlocal Agreement

For the term of the agreement, the FDOT agreed to provide a maximum of $1,761,235 for direct actual capital costs and a maximum of $1,498,100 for the county's direct actual costs of operating the fire station.[9] The county agreed to bear all expenses in excess of the FDOT's specified participation.[10] The agreed-upon funding includes various annual operating items such as hired paramedics and fire fighters; expenses for administrative and building maintenance; expenses for bulk fuel and various types of search and rescue equipment. Capital costs include items such as vehicles, radios, vehicles, and breathing air compressors.[11]

Information regarding the FDOT's Adopted Five-Year Work Program for 2014-2018 reflects the following funding for the MM63 fire station:[12]

Fiscal Year	Amount
2014	$1,761,235
2015	$1,498,100
2016	$1,522,070
2017	$1,522,070
2018	$1,498,100

Toll Exemptions

Section 338.155, F.S., requires the payment of tolls on toll facilities. However, the DOT may suspend tolls when necessary to assist in an emergency evacuation and the law provides the following exemptions:

- Employees of the agency operating the toll facility on official state business.
- State military personnel while on official military business.
- Certain disabled persons.
- Persons exempt from toll payment by the authorizing resolution for bonds issued to finance the toll facility.
- Persons exempt on a temporary basis when a toll facility is part of a detour route.
- Any law enforcement officer operating a marked official vehicle when on official law enforcement business.
- Any person operating a fire or rescue vehicle when on official business.
- Any person participating in the funeral procession of a law enforcement officer or firefighter killed in the line of duty.
- Any person driving a Department of Military Affairs automobile or other vehicle used for transporting military personnel, stores, and property that is properly identified.

For toll facilities managed by the DOT, the revenues of which are not pledged to repayment of bonds, the DOT is authorized to allow certain vehicles exemptions from the payment of tolls:[13]

- Public transit vehicles.[14]
- Vehicles participating in a funeral procession for an active-duty military service member.[15]
- Registered hybrid vehicles using high-occupancy-vehicle or express lanes.[16]

[12] FDOT, Web Application, Office of Work Program and Budget, *Five Year Work Program – Project Summary for Transportation System: Intrastate Interstate, Description: Alligator Alley Fire Station @ MM63*, updated January 10, 2018, available at http://www2.dot.state.fl.us/fmsupportapps/workprogram/Support/WPItemRept.ASPX?RF=HIS&CD=03&SD=FIRE%20STATION&FY=FALSE|FALSE|FALSE|FALSE|FALSE|FALSE&ITM=435389~1&RP=ITEM and http://www2.dot.state.fl.us/fmsupportapps/workprogram/Support/WPItemRept.ASPX?RF=WP&CD=03&SD=FIRE%20STATION&FY=FALSE|FALSE|FALSE|FALSE|FALSE|FALSE&ITM=435389~1&RP=ITEM (last visited February 2, 2018.)

[13] See Rules 14-100.006 and 14-100.004, F.A.C. Respectively the rules exempt public transit vehicles, certain carpools, motorcycles, and hybrid vehicles registered and operating on I-95 in Miami-Dade, Broward and Palm Beach Counties; and for public transit vehicles operating on express lanes.

[14] Section 338.155, F.S.

[15] Section 338.155, F.S.

[16] Section 316.0741, F.S.

Toll Exemptions for Law Enforcement Marked Vehicles

According to the DOT, law enforcement agencies with marked vehicles submit a "SunPass Non-Revenue Account Application," in which the agency lists each marked vehicle that will have a non-revenue SunPass transponder along with certain identifying information regarding each vehicle. The agency representative attests that the vehicles listed on the application qualify for the toll exemption for marked law enforcement vehicles.[17]

Turnpike Bonds

Section 338.227, F.S., authorizes the DOT to borrow money as provided in the State Bond Act[18] to pay all or any part of the cost of any one or more legislatively approved turnpike projects. The principal of, and the interest on, these bonds is paid solely from revenues pledged for their payment.

In s. 338.229, F.S., in connection with the issuance of Turnpike bonds, the state agrees not to limit or restrict the rights vested in the DOT to establish and collect tolls for the use of the Turnpike System and to fulfill the terms of any agreements made with bondholders. The agreement includes not impairing the rights or remedies of the bondholders until the bonds, together with interest on the bonds, are fully paid and discharged.[19]

The DOT provided information about the Turnpike's master bond resolution under which the current Turnpike bonds were issued. The resolution contains the DOT's commitments regarding the funding and operation of the Turnpike System. The resolution is a contract with the bondholders and "may not be amended in any way that affects 'the unconditional promises of the Department to fix, maintain and collect tolls for the use of the Turnpike System' without consent of all the holders of outstanding Turnpike bonds."[20]

Additionally, the DOT states that the resolution includes a section in which the DOT agreed that it "shall not allow or permit any free use of the Toll roads of the Florida Turnpike, except to officials or employees of the Department whose official duties in connection with the Florida Turnpike require them to travel over the Florida Turnpike, or except as may be provided by laws in effect on the date of the adoption of this Resolution."[21]

Toll Exemptions under the Turnpike Bonds

The Turnpike bond resolution was adopted and restated on May 17, 2005. At that time, state law authorized the DOT to suspend tolls in the event of emergencies and included the enumerated exemptions discussed above in s. 338.155, F.S.[22]

[17] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[18] Sections 215.57 – 215.83, F.S. Statutes creating the state's expressway and bridge authorities contain similar provisions. See ss. 348.0010, 348.64, 348.761, and 348.974, F.S.
[19] Statutes creating the state's expressway and bridge authorities contain similar provisions. See ss. 348.0010, 348.64, 348.761, and 348.974, F.S.
[20] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[21] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[22] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

Such provisions were also in place when bonds were sold for Alligator Alley in 2007.[23]

In 2008 and 2012, when additional toll exemptions were created they were limited to DOT managed toll facilities, whose revenues were not pledged to repayment of bonds. As discussed above, the DOT is authorized to exempt public transit vehicles, vehicles participating in a funeral procession for an active-duty military service member, and hybrid vehicles from paying tolls. Because the revenues of the Turnpike System are pledged to repayment of bonds, these provisions do not apply to the Turnpike System or Alligator Alley.[24]

Miami-Dade County Expressway Authority

The Florida Expressway Authority Act (act), codified in part I of ch. 348, F.S.,[25] authorizes any county or two or more contiguous counties within a single DOT district to, by resolution adopted by the board of county commissioners, form an expressway authority, which must be an agency of the state.[26] The Miami-Dade Expressway Authority (MDX) was created in 1994, when the Miami-Dade County Commission adopted ordinance 94-215.[27] MDX is the only expressway authority created under the act. MDX's system consists of the following roadways in Miami-Dade County:

- Airport Expressway (SR 112);
- Dolphin Expressway (SR 836);
- Don Shula Expressway (SR 874);
- Snapper Creek Expressway (SR 878); and
- Gratigny Parkway (SR 924).

Section 348.0003, F.S., requires the governing body of the MDX to consist of 9 members:

- The district secretary of the affected DOT district as a voting member;
- Five voting members, two of which may be elected officials, appointed by the county commission; and
- Three voting members appointed by the Governor.

Section 348.0004, F.S., provides the purposes and powers of expressway authorities created under the act. Section 348.0004(2)(e), F.S., authorizes expressway authorities to fix, alter, charge, establish, and collect tolls, rates, fees, rentals, and other charges for the services and facilities system. The tolls, rates, fees, rentals, and other charges must always be sufficient to comply with any covenants made with the holders of any bonds issued pursuant to the act. However, such right and power may be assigned or delegated by the authority to the DOT.

2017 Legislation For MDX Toll Reduction

In 2017, the legislature amended s. 348.0004, F.S., to require the MDX, subject to compliance with any of its bond covenants, to reduce the toll charged on any of its toll facilities by at least 5

[23] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[24] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.
[25] Part I of ch. 348, F.S., is comprised of ss. 348.0001 through 348.0012, F.S.
[26] Section 348.0003(1), F.S.
[27] Art. XVIII, Code of Miami-Dade County.

percent, but not more than 10 percent for each SunPass user having an account in good standing and the license plate of the vehicle incurring the toll registered to the SunPass account at the time the toll is incurred.[28] The MDX may not impose any additional conditions on a SunPass user to receive the reduced toll amount. Under s. 348.0010, F.S., the state agreed not to alter or limit the rights vested in an expressway authority and the rights of bondholders until all bonds are fully paid and discharged.

III. Effect of Proposed Changes:

Fire Station 63 on I-75/Alligator Alley

The bill amends s. 338.26(3)(a), F.S., to extend the date through which the FDOT is statutorily obligated to reimburse Collier County for the direct actual costs of operating the MM63 fire station to no later than June 30, 2019.

Toll Exemptions

The bill amends s. 338.155(1), F.S., exempting law enforcement officers while on official law enforcement business from paying tolls. "Official law enforcement business" includes, but is not limited to, patrol operations, investigative activities, crime prevention activities, or traffic operations. The bill also changes references to "handicapped persons" to "disabled persons" and makes other technical changes.

Miami-Dade County Expressway Authority

The bill amends s. 348.0004(6), F.S., to require the MDX to submit to the Governor, by October 1, 2018, information regarding the toll reduction required in s. 348.0004, F.S. If the reduction has not taken place, then the existing board is dissolved effective October 31, 2018, and a new board must be appointed by that date.

The requirements for the appointment of members to the new board are the same as current requirements. However, except for the DOT district secretary, a person who was a member of the board as of October 1, 2018, may not be appointed to the new board.
The bill takes effect on July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

[28] Chapter 2017-182, L.O.F. Section 348.0004(6), F.S.

C. Trust Funds Restrictions:

None.

D. Other Constitutional Issues:

Article I, s. 10 of the State Constitution prohibits any law that would impair a contract. If a court determines that this bill impairs the master bond resolution of the Turnpike or Alligator Alley by exempting for law enforcement officers operating unmarked vehicles while on official law enforcement business from the payment of tolls, then such provisions of the bill may be found unconstitutional.

If a court determines that this bill impairs the rights of any bondholders of an expressway authority created under part I of ch. 348, F.S., by requiring the reduction of tolls for certain users of the road, then such provision of the bill may be found unconstitutional.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

Fire Station 63 on I-75/Alligator Alley

The bill requires the FDOT to continue funding the County's direct actual costs of operating the MM63 fire station from the fees generated from tolls collected on the Alley through July 1, 2019. Under current law, the FDOT is authorized to use the fees for the other required or authorized uses described in the statute. The impact on toll bonds or other agreements is unknown at this time because the FDOT has not provided an analysis of the bill.

Collier County will receive funding for an additional year for actual operating and capital costs related to the fire station, and thus will only have to expend county funds for expenses above the costs agreed to in the interlocal agreement. The exact amount of such funding is unknown but will likely be based on an agreed-upon estimated schedule of expenses incorporated into a new interlocal agreement or extension of the current interlocal agreement.

Toll Exemptions

On November 3, 2017, the Revenue Estimating Conference reviewed the effect of the exemption from tolls for law enforcement vehicles (marked and unmarked vehicles) and

estimated that revenues would be reduced by an indeterminate amount for the State Transportation Trust Fund, Turnpike trust funds, and local trust funds.[29]

The Florida Department of Law Enforcement estimated that a similar bill could save the department about $80,000 annually in toll expenditures.[30] The Department of Highway Safety and Motor Vehicles estimated that a similar bill would have a minimal impact to the department.[31] Local law enforcement and other law enforcement agencies will likely experience similar reduced annual expenditures for tolls.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The DOT has stated that any risk of violating bondholder rights associated with the statutory change to the toll exemptions could be avoided by limiting the exemption to toll facilities managed by the DOT, the revenues of which are not pledged to the repayment of bonds.[32]

VIII. Statutes Affected:

This bill amends the following sections of the Florida Statutes: 338.26, 338.155, and 348.0003.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on March 2, 2018:
The committee substitute exempts law enforcement officers operating unmarked vehciles while on official law enforcement business from paying tolls on toll facilities. The CS defines "official law enforcement business" and changes references to "handicapped persons" in the toll exemption statute to "disabled persons," along with other technical changes.

The CS removes the provision providing that toll reductions for SunPass users are subject to MDX's bond covenants. The CS instead requires the MDX to submit to the Governor, by October 1, 2018, information regarding the toll reduction required in s. 348.0004, F.S. If the reduction has not taken place, then the existing board is dissolved effective October 31, 2018, and a new board must be appointed by that date.

[32] Department of Transportation, *2018 Agency Legislative Bill Analysis: SB 356*, Oct. 8, 2017.

Lastly, the CS extends the MM63 fire station interlocal agreement for an additional year, instead of three years.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By Senator Passidomo

28-01580A-18 20181012__

A bill to be entitled

An act relating to the Alligator Alley toll road; amending s. 338.26, F.S.; requiring fees generated from tolls to be used to reimburse, by interlocal agreement effective for a specified period of time, a county or another local governmental entity for the direct actual costs of operating a specified fire station, which may be used by a county or another local governmental entity to provide fire, rescue, and emergency management services to the public; deleting obsolete language; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (3) of section 338.26, Florida Statutes, is amended to read:

338.26 Alligator Alley toll road.—

(3)(a) Fees generated from tolls shall be deposited in the State Transportation Trust Fund and shall be used:

1. To reimburse outstanding contractual obligations;

2. To operate and maintain the highway and toll facilities, including reconstruction and restoration;

3. To pay for those projects that are funded with Alligator Alley toll revenues and that are contained in the 1993-1994 adopted work program or the 1994-1995 tentative work program submitted to the Legislature on February 22, 1994; and

4. By interlocal agreement effective July 1, 2014, through no later than June 30, 2021, to reimburse a county or another local governmental entity for the direct actual costs of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

28-01580A-18 20181012__

operating the ~~To design and construct a~~ fire station at mile marker 63 on Alligator Alley, which may be used by a county or another local governmental entity to provide fire, rescue, and emergency management services to the public ~~on Alligator Alley; and~~

~~5. By interlocal agreement effective July 1, 2014, through no later than June 30, 2018, to reimburse a county or another local governmental entity for the direct actual costs of operating such fire station~~.

Section 2. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1056 (293960)
INTRODUCER:	Appropriations Subcommittee on Pre-K-12 Education; Education Committee; and Senator Passidomo
SUBJECT:	Computer Science Instruction
DATE:	March 1, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bouck	Graf	ED	**Fav/CS**
2.	Sikes	Elwell	AED	**Recommend: Fav/CS**
3.	Sikes	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1056 promotes opportunities for public middle and high school students to learn computer science taught by qualified teachers. Specifically, the bill:

- Expands access to computer science courses by:
  - Requiring middle schools and high schools to offer computer science courses.
  - Phasing in a requirement for school districts to offer computer science courses in a specified number of traditional public middle, high, and combination schools within a specified timeframe.
  - Requiring computer science courses that meet the specified definition to be identified in the Course Code Directory and on the Department of Education's (DOE) website.
- Creates opportunities for teachers to be certified and trained to teach computer science courses, and requires the DOE to award funding, subject to legislative appropriation, to a school district or consortium of school districts to deliver or facilitate training for educators to earn a certificate in computer science or specified industry certification, or to pay fees for examinations that lead to a credential.
- Provides, subject to legislative appropriation, the following bonuses to a public school educator evaluated as effective or highly effective, or is newly hired:
  - $1,000 after each year teaching a computer science course, for up to three years, if the educator holds a certificate in computer science or has passed the computer science subject area examination and holds an adjunct certificate.

  - $500 after each year teaching a specified course, for up to three years, if the educator holds an industry certification.
- Requires the DOE to provide, subject to legislative appropriation, high-need district technology grants to school districts for which the Florida digital classrooms allocation and the district's instructional materials fund are insufficient to meet the need.

The bill does not affect state revenues or expenditures. SB 2500, the Senate General Appropriations Act for Fiscal Year 2018-2019, does not provide an appropriation to the DOE for the components of the bill subject to legislative appropriations. These components include:

- Teacher bonuses.
- Funding for a school district or a consortium of school districts to deliver or facilitate training to enable teachers to earn certificates in computer science or applicable industry certifications.
- High-need technology grants to eligible school districts.

The bill takes effect upon becoming a law.

II. Present Situation:

Computing occupations are the primary source of all new wages in the United States and make up two-thirds of all projected new jobs in science, technology, engineering, and mathematics (STEM) fields.[1] In Florida, employment in computer occupations is projected to grow by 15.2 percent between 2017 to 2025.[2] In 2017, the estimated average annual wage for such occupations was $79,518.[3]

Access to Computer Science Courses

Public schools are required to provide students in kindergarten through grade 12 opportunities to learn computer science including, but not limited to, computer coding and computer programming.[4] Such opportunities may include:[5]

- Coding instruction in elementary and middle school;
- Instruction to develop students' computer usage and digital literacy skills in middle school; and

[5] *Id.*

- Courses in computer science, computer coding, and computer programming in high school, including earning-related industry certifications.

Computer Science Courses and Industry Certifications

Currently, academic courses in computer science listed in the grades 9-12 section of the Course Code Directory (CCD)[6] are limited to acceleration courses under the Advanced Placement, Advanced International Certificate of Education, and International Baccalaureate programs.[7] Courses in computer science are also listed in the Career and Technical Education Program and Course Listing section of the CCD.[8]

In 2016, the State Board of Education revised the Next Generation Sunshine State Standards to include K-12 computer science standards.[9] The Florida Department of Education (DOE) has identified general education courses that will incorporate the newly adopted computer science standards. At the secondary level, such course is "Meteorology Honors for Grade 9-12."[10]

The DOE has also identified career and technical education courses and programs that contain the new computer science standards.[11] However, such courses or programs are not linked to any specified industry certifications.[12]

Teacher Qualifications

Educator Certification in Computer Science

The standard specialization requirements for an educator to be certified to teach K-12 academic computer science courses include:[13]

- A bachelor's or higher degree with an undergraduate or graduate major in computer science or computer science education, or
- A bachelor's or higher degree with 30 semester hours in computer science or computer science education to include credit in:
  - Computer applications and
  - Computer programming.

---

[6] The Course Code Directory (CCD) lists all public preK-12 and postsecondary career and technical education courses available for use by school districts. Programs and courses funded through the Florida Education Finance Program and courses or programs for which students may earn credit toward high school graduation must be listed in the CCD. The CCD maintains course listings for administration and service assignments, K-12 education, exceptional student education, career and technical education, and adult education. Rule 6A-1.09441, F.A.C.. The CCD also includes details regarding appropriate teacher certification levels. Section 1012.55(1)(c), F.S.

[11] *Id.*

[12] Email, Florida Department of Education (Jan. 11, 2018).

[13] Rule 6A-4.0121, F.A.C.

The standard requirements for an educator to be certified to teach career and technical education courses and programs in information technology[14] are specified in the appropriate secondary and postsecondary adult vocational program curriculum framework.[15]

General Requirements for Educator Certification

The Legislature has established certification requirements to assure that educational personnel in public schools possess appropriate skills in reading, writing, and mathematics, and adequate pedagogical knowledge, including the use of technology to enhance student learning, and relevant subject matter competence to demonstrate an acceptable level of professional performance.[16]

Each person employed as a teacher in a public school must hold a certificate required by law and rules of the State Board of Education.[17] Educator certificates include the:

- Professional certificate, which is the standard, renewable type of certificate.[18] The professional certificate is valid for up to five years.[19]
- Temporary certificate, for employment in full-time positions for which a Florida educator certificate is required.[20] The temporary certificate is valid for three school fiscal years and is nonrenewable.[21]

In addition, school districts are authorized to issue adjunct teaching certificates to part-time teachers who have expertise in the subject area to be taught.[22]

[14] The Information Technology Career Cluster incorporates four pathways. Network Systems; Information Support & Services; Programming & Software Development; and Interactive Media. [21] Section 1012.56(7), F.S. The validity period is expressed in school fiscal years. Rule 6A-4.004(1)(a), F.A.C.
[22] Section 1012.57(1), F.S.

Educator Performance Evaluations

Instructional personnel[23] employed by Florida's public school districts must undergo an annual performance evaluation.[24]
The evaluation system for instructional personnel must differentiate among four levels of performance as follows: [25]

- Highly effective.
- Effective.
- Needs improvement or, for instructional personnel in the first 3 years of employment who need improvement, developing.
- Unsatisfactory.

Support for Technology in the Classroom

The DOE is responsible for developing a 5-year strategic plan for establishing Florida digital classrooms. The plan must:[26]

- Describe how technology will be integrated into classroom teaching and learning to improve student performance outcomes.
- Identify minimum technology requirements that include specifications for hardware, software, devices, networking, security, and bandwidth capacity.
- Establish minimum requirements for professional development opportunities and training to assist district instructional personnel and staff with the integration of technology into classroom teaching.
- Identify the types of digital tools and resources that can assist district instructional personnel and staff in the management, assessment, and monitoring of student learning and performance.

The Florida digital classrooms allocation supports the efforts of school districts and schools, including charter schools, to integrate technology in classroom teaching and learning to ensure students have access to high-quality electronic and digital instructional materials and resources, and empower classroom teachers to help their students succeed.[27]

[23] Instructor personnel means any K-12 staff member who provides direct instructional services to students or provide direct support in the learning process of students. Section 1012.01(2), F.S. Instructional personnel includes classroom teachers, student personnel services, librarians and media specialists, education paraprofessionals, and other instructional staff. *Id.*
[24] Section 1012.34(3), F.S. Newly hired classroom teachers are evaluated twice in their first year of teaching in a school district. *Id*.
[25] Section 1012.34(2)(e), F.S.
[26] Section 1001.20(4)(a), F.S.
[27] Section 1011.62(12)(a), F.S. The General Appropriations Act allocates $80,000,000 for the Digital Classrooms allocation. Specific Appropriation 91, ch. 2017-18. The minimum amount allocated to each district is $500,000. *Id.*

Florida Virtual School

The FLVS is intended to develop and deliver online and distance learning education.[28] The mission of the FLVS is to provide students with technology-based educational opportunities to gain the knowledge and skills necessary to succeed.[29] The school must serve any student in the state who meets the profile for success[30] in the online educational environment.[31]

III. Effect of Proposed Changes:

The bill amends s. 1007.2616, F.S., to promote opportunities for public middle and high school students to learn computer science taught by qualified teachers. Specifically, the bill:

- Expands access to computer science courses by:
  - Requiring middle schools and high schools to offer computer science courses.
  - Phasing in a requirement for school districts to offer computer science courses in a specified number of traditional public middle, high, and combination schools within a specified timeframe.
  - Requiring computer science courses that meet the specified definition to be identified in the Course Code Directory (CCD) and on the Department of Education's (DOE or department) website.
- Creates opportunities for teachers to be certified and trained to teach computer science courses, and requires the DOE to award funding, subject to legislative appropriation, to a school district or consortium of school districts to deliver or facilitate training for educators to earn a certificate in computer science or specified industry certification, or to pay fees for examinations that lead to a credential.
- Provides, subject to legislative appropriation, the following bonuses to a public school educator evaluated as effective or highly effective, or is newly hired, subject to legislative appropriation:
  - $1,000 after each year teaching a computer science course, for up to three years, if the educator holds a certificate in computer science or has passed the computer science subject area examination and holds an adjunct certificate.
  - $500 after each year teaching a specified course, for up to three years, if the educator holds an industry certification.
- Requires the DOE to provide, subject to legislative appropriation, high-need district technology grants to school districts for which the Florida digital classrooms allocation and the district's instructional materials fund are insufficient to meet the need.

Access to Computer Science Courses

The bill requires that high school students must be provided opportunities to take computer science courses to satisfy high school graduation requirements and phases in a requirement that

[28] Section 1002.37(1)(a), F.S.
[29] *Id.* at (b).
[30] The FLVS has identified hard and soft skills and other requirements that facilitate student success in online instruction. Such skills include written and oral communication, academic honesty, self-motivation, computer literacy, time management, reading competency, personal commitment, and access to technology. Email, Florida Virtual School (Jan. 9, 2018).
[31] Section 1002.37(1)(b), F.S.

school districts provide students with access to computer science courses.[32] Specifically, a school district with:

- More than 10 public middle, high, and combination schools[33] must provide computer science courses as follows:
  - Beginning in the 2018-2019 school year, at least one computer science course in no less than 4 percent of the school district's total number of middle, high, and combination schools.
  - Beginning in the 2019-2020 school year, at least one computer science course in no less than 7 percent of the school district's total number of middle, high, and combination schools.
  - Beginning in the 2020-2021 school year, at least one computer science course in no less than 10 percent of the school district's total number of middle, high, and combination schools.
- Ten or fewer public middle, high, and combination schools must provide at least one computer science course in at least one middle, high, or combination school by the 2020-2021 school year.

In 2016-2017, 31 school districts had more than 10 public middle, high, and combination schools, and 36 school districts had 10 or fewer such schools.[34]

The bill specifies that a charter school is not required to offer a computer science course. However, enrollment of a charter school's students in a computer science course that meets the specified definition may be included in the school district's threshold associated with the number of public schools in the district that must providing computer science courses.

Computer Science Instruction through the Florida Virtual School

The bill requires the Florida Virtual School (FLVS) to offer computer science courses identified in the CCD. If a school district does not offer an identified computer science course, the district must provide students access to the course through the FLVS or through other means.

Student enrollment in computer science courses offered by the FLVS may also be used to satisfy the school district's threshold associated with the number of public schools in the district that must provide computer science courses.

Accordingly, school districts that do not provide computer science courses in the required number of schools, based on thresholds specified in the bill, may be required to add qualifying computer science courses to the courses offered by the district secondary schools. In addition, the school district may need to hire qualified teachers to teach such courses.

---

[32] CS/SB 1056 defines "computer science" as the study of computers and algorithmic processes, including their principles, hardware and software designs, applications, and their impact on society, and includes computer coding and computer programming.

[33] The bill defines a combination school as a public school in which any of grades 6-12 are taught.

[34] Florida Department of Education, *Regular Elementary, Middle/Junior High, Senior High, and Combination Schools, 2016-17, Survey 2-FINAL, available at* http://www.fldoe.org/core/fileparse.php/7588/urlt/RegElemMiddleHighCombo.xls.

Computer Science Course Identification

The bill also requires that computer science courses that meet the specified requirements must be identified on the Department of Education's website and in the CCD no later than July 1, 2018. The State Board of Education must develop rules so that additional computer science courses may also be subsequently identified and posted. Accordingly, the DOE may need to update the CCD to accommodate the identification of computer science courses.

Teacher Qualifications

The bill provides that, subject to legislative appropriation, after the DOE has identified courses in the CCD, a school district or consortium of school districts may apply, in a format prescribed by the DOE, for funding to deliver or facilitate training for classroom teachers to earn an educator certificate in computer science or an industry certification associated with a course identified in the CCD. The funds must be awarded to school districts in a manner that allows equitable distribution of funding statewide based on the student population. The school district or consortium of school districts that apply for such funding may use the funds to:

- Provide training for classroom teachers, and
- Pay fees for examinations that lead to an educator certificate in computer science.

Such efforts may increase the number of teachers who possess a computer science credential or an applicable industry certification. In 2014-2015, the number of Florida teacher certificates in computer science was 593, which represented 0.15 percent of all certificates.[35]

Teacher Bonus

The bill creates, subject to legislative appropriation, a bonus for educators who:

- Were evaluated as effective or highly effective in the prior school year, unless such teachers are newly hired and have not been evaluated.
- Teach a computer science course that meets the specified requirements at a public middle, high, or combination school.

In addition to meeting the specified criteria, the educators must:

- Hold an educator certificate in computer science or has passed the computer science subject are examination and holds an adjunct certificate to receive a bonus of $1,000 after each year of teaching a specified computer course, for up to 3 years.
- Hold an industry certification associated with a course in the CCD to receive a bonus of $500 after each year teaching the specified course, for up to 3 years.

The bill requires the school district to report qualifying classroom teachers to the DOE by a format established by the department. The bill requires the bonus to be disbursed upon completion of the school year in which the eligible classroom teacher taught the course. The bill clarifies that a teacher may not receive more than one type of bonus. Such bonus may provide incentive to teachers to seek a credential in computer science, industry certifications to teach computer science courses.

[35] Florida Department of Education, *Identification of Critical Teacher Shortage Areas*, http://www.fldoe.org/core/fileparse.php/7766/urlt/CTSA1617.pdf , at 4.

Support for Technology in the Classroom

Subject to legislative appropriation and as determined by the DOE, a school district is eligible to receive a high-need district technology grant if the funds provided in the digital classrooms allocation are insufficient to meet the required costs and if the district has no remaining instructional materials funds.[36] The bill requires the DOE to establish an application process and eligibility criteria for the high-need district technology grants. The DOE must provide such grants based on a school district's technology needs, but must also consider an equitable distribution of funding based on geographic distribution of the student population among the districts determined to have a high need for technology. The additional funding may help school districts in providing students access to computer science courses taught by qualified teachers.

The bill requires the State Board of Education to adopt rules to administer the provisions related to computer science and technology instruction.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may impact certain teachers. Specifically, the bill:

- Provides a bonus, for up to 3 years, to a public school educator of:
  - $1,000 if the educator holds an educator certificate in computer science or an adjunct certificate, and meets other specified criteria.

[36] Each school district receives an allocation for instructional materials for students in grades K-12, which provides for growth and maintenance needs. Section 1011.67(1), F.S. In 2017-2018, the Legislature appropriated $230,743,258 for instructional materials, of which $165,000,000 was specified for school district purchases of instructional content, as well as electronic devices and technology equipment and infrastructure. Specific appropriations 7 and 91, ch. 2017-18, L.O.F.

- $500 if the educator holds an applicable industry certification, and meets other specified criteria.

C. Government Sector Impact:

The total cost to provide a bonus to teachers who hold a certificate in computer science or applicable industry certifications is currently indeterminate. According to the Department of Education (DOE), approximately 460 teachers hold a state-issued computer science teaching certificate. If each of these teachers received the bonus authorized under this bill, the estimated cost would be $1,380,000. The DOE does not collect industry certification data at the teacher level. Therefore, the cost of those bonuses is indeterminate.[37]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1007.2616 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by the Appropriations Subcommittee on Pre-K-12 Education on February 8, 2018:
The committee substitute requires the State Board of Education to develop rules so that additional computer science courses may be identified in the Course Code Directory and posted on the Department of Education's website.

CS by Education on January 16, 2018:
The committee substitute:

- Shifts the focus of the bill from computer coding courses to computer science courses;
- Makes adjustments to teacher bonus amounts and disbursements;
- Makes adjustments to the award of high-need technology grants to school districts (based on whether digital classroom funds or instructional materials funds are insufficient to meet the costs), and
- Removes from the bill the $15 million appropriation.

[37] Florida Department of Education, *2018 Legislative Bill Analysis for SB 1056* (Dec. 11, 2017), at 5 and 6.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

234318

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/02/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Passidomo) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 1007.2616, Florida Statutes, is amended to read:

1007.2616 Computer science and technology instruction.—

(1) For the purposes of this section, the term "computer science" means the study of computers and algorithmic processes, including their principles, hardware and software designs,

234318

applications, and their impact on society, and includes computer coding and computer programming.

(2)(a) ~~(1)~~ Public schools shall provide students in grades K-12 opportunities for learning computer science, including, but not limited to, computer coding and computer programming. Such opportunities may include coding instruction in elementary school and middle school and~~,~~ instruction to develop students' computer usage and digital literacy skills in middle school, and must include courses in computer science~~, computer coding, and computer programming~~ in middle school and high school, including earning-related industry certifications. Such courses must be integrated into each school district's middle and high schools, including combination schools in which any of grades 6 through 12 are taught.

(b) Computer science courses must be identified in the Course Code Directory and published on the Department of Education's website no later than July 1, 2018. Additional computer science courses may be subsequently identified and posted on the department's website.

(3) The Florida Virtual School shall offer computer science courses identified in the Course Code Directory pursuant to paragraph (2)(b). If a school district does not offer an identified course, the district must provide students access to the course through the Florida Virtual School or through other means.

(4)(a) Subject to legislative appropriation, a school district or a consortium of school districts may apply to the department, in a format prescribed by the department, for funding to deliver or facilitate training for classroom teachers

to earn an educator certificate in computer science pursuant to s. 1012.56 or an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b). Such funding shall only be used to provide training for classroom teachers and to pay fees for examinations that lead to a credential pursuant to this paragraph.

(b) Once the department has identified courses in the Course Code Directory pursuant to paragraph (2)(b), the department shall establish a deadline for submitting applications. The department shall award funding to school districts in a manner that allows for an equitable distribution of funding statewide based on student population.

(5) ~~(2)~~ Elementary schools and middle schools may establish digital classrooms in which students are provided opportunities to improve digital literacy and competency; to learn digital skills, such as coding, multiple media presentation, and the manipulation of multiple digital graphic images; and to earn digital tool certificates and certifications pursuant to s. 1003.4203 and grade-appropriate, technology-related industry certifications.

(6) ~~(3)~~ High school students must be provided ~~schools may provide students~~ opportunities to take computer science courses to satisfy high school graduation requirements, including, but not limited to, the following:

(a) High school computer science courses of sufficient rigor, as identified by the commissioner, such that one credit in computer science and the earning of related industry certifications constitute the equivalent of up to one credit of the mathematics requirement, with the exception of Algebra I or

higher-level mathematics, or up to one credit of the science requirement, with the exception of Biology I or higher-level science, for high school graduation. Computer science courses and technology-related industry certifications that are identified as eligible for meeting mathematics or science requirements for high school graduation shall be included in the Course Code Directory.

(b) High school computer technology courses in 3D rapid prototype printing of sufficient rigor, as identified by the commissioner, such that one or more credits in such courses and related industry certifications earned may satisfy up to two credits of mathematics required for high school graduation with the exception of Algebra I. Computer technology courses in 3D rapid prototype printing and related industry certifications that are identified as eligible for meeting mathematics requirements for high school graduation shall be included in the Course Code Directory.

(7) Subject to legislative appropriation, a classroom teacher who was evaluated as effective or highly effective pursuant to s. 1012.34 in the previous school year or who is newly hired by the district school board and has not been evaluated pursuant to s. 1012.34 must receive a bonus as follows:

(a) If the classroom teacher holds an educator certificate in computer science pursuant to s. 1012.56 or if he or she has passed the computer science subject area examination and holds an adjunct certificate issued by a school district pursuant to s. 1012.57, he or she shall receive a bonus of $1,000 after each year the individual completes teaching a computer science course

234318

identified in the Course Code Directory pursuant to paragraph (2)(b) at a public middle, high, or combination school in the state, for up to 3 years.

(b) If the classroom teacher holds an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b), he or she shall receive a bonus of $500 after each year the individual completes teaching the identified course at a public middle, high, or combination school in the state, for up to 3 years.

A school district shall report a qualifying classroom teacher to the department by a date and in a format established by the department. An eligible classroom teacher shall receive his or her bonus upon completion of the school year in which he or she taught the course. A teacher may not receive more than one bonus per year under this subsection.

(8) ~~(4)~~ The State Board of Education shall ~~may~~ adopt rules to administer this section.

Section 2. This act shall take effect upon becoming a law.

================ T I T L E A M E N D M E N T ================

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to computer science instruction; amending s. 1007.2616, F.S.; providing a definition; providing requirements for specified instruction relating to computer science; requiring certain

computer science courses to be included in the Course Code Directory and published on the Department of Education's website by a specified date; requiring the Florida Virtual School to offer certain computer science courses; requiring school districts to provide access to computer science courses offered by the Florida Virtual school or by other means under certain circumstances; providing funds for school districts to provide professional development for classroom teachers; providing Department of Education responsibilities for the distribution of such funds; requiring that high school students be provided opportunities to take certain courses to meet certain graduation requirements; providing funds for bonuses for certain classroom teachers; requiring, rather than authorizing, the State Board of Education to adopt rules; providing an effective date.

293960

576-03007-18

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Pre-K - 12 Education)

A bill to be entitled

An act relating to computer science instruction; amending s. 1007.2616, F.S.; defining the term "computer science"; providing requirements for specified instruction relating to computer science; requiring school districts to provide computer science courses in a specified number of schools by certain dates; requiring certain computer science courses to be included in the Course Code Directory and published on the Department of Education's website by a specified date; providing that student enrollment in certain courses offered by the Florida Virtual School meet specified requirements; providing that a charter school is not required to offer computer science courses; providing that charter schools that offer such courses may be used in meeting a school district's percentage thresholds; requiring the Florida Virtual School to offer certain computer science courses; requiring school districts to provide access to computer science courses offered by the Florida Virtual School or by other means under certain circumstances; providing funds for school districts to provide professional development for classroom teachers, subject to legislative appropriation; providing Department of Education responsibilities for the distribution of such funds; requiring that high school students be provided opportunities to take

293960

576-03007-18

counter science courses to meet certain graduation requirements; providing funds for bonuses for certain classroom teachers, subject to legislative appropriation; providing funding for high-need technology grants for school districts, subject to legislative appropriation; requiring, rather than authorizing, the State Board of Education to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1007.2616, Florida Statutes, is amended to read:

1007.2616 Computer science and technology instruction.—

(1) For the purposes of this section, the term "computer science" means the study of computers and algorithmic processes, including their principles, hardware and software designs, applications, and their impact on society, and includes computer coding and computer programming.

(2)(a) ~~(1)~~ Public schools shall provide students in grades K-12 opportunities for learning computer science, including, but not limited to, computer coding and computer programming. Such opportunities may include coding instruction in elementary school and middle school and~~,~~ instruction to develop students' computer usage and digital literacy skills in middle school, and must include courses in computer science~~, computer coding, and computer programming~~ in middle school and high school, including, but not limited to, earning-related industry certifications. Such courses must be integrated into each school

district's middle and high schools, including combination schools in which any of grades 6 through 12 are taught, as follows:

1. Beginning with the 2018-2019 school year, a school district shall provide at least one computer science course in no less than 4 percent of the district's total number of middle, high, and combination schools.

2. Beginning with the 2019-2020 school year, a school district shall provide at least one computer science course in no less than 7 percent of the district's total number of middle, high, and combination schools.

3. Beginning with the 2020-2021 school year, a school district shall provide at least one computer science course in no less than 10 percent of the district's total number of middle, high, and combination schools.

4. Notwithstanding subparagraphs 1.-3., a school district with 10 or fewer public middle, high, and combination schools shall provide at least one computer science course in at least one middle, high, or combination school no later than the 2020-2021 school year.

(b) Computer science courses that count toward the percentage thresholds in paragraph (a) must be identified in the Course Code Directory and published on the Department of Education's website no later than July 1, 2018. The State Board of Education shall develop rules so that additional computer science courses may be subsequently identified and posted on the department's website.

(c) Student enrollment in computer science courses offered by the Florida Virtual School pursuant to subsection (3) may be

used to satisfy the requirements of subparagraphs (a)1.-3.

(d) A charter school is not required to offer a computer science course; however, enrollment of a charter school's students in a computer science course under this section may be included in the school district's percentage calculation.

(3) The Florida Virtual School shall offer computer science courses identified in the Course Code Directory pursuant to paragraph (2)(b). If a school district does not offer an identified course, the district must provide students access to the course through the Florida Virtual School or through other means.

(4)(a) Subject to legislative appropriation, a school district or a consortium of school districts may apply to the department, in a format prescribed by the department, for funding to deliver or facilitate training for classroom teachers to earn an educator certificate in computer science pursuant to s. 1012.56 or an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b). Such funding may only be used to provide training for classroom teachers and to pay fees for examinations that lead to a credential pursuant to this paragraph.

(b) Once the department has identified courses in the Course Code Directory pursuant to paragraph (2)(b), the department shall establish a deadline for submitting applications. The department shall award funding to school districts in a manner that allows for an equitable distribution of funding statewide based on student population.

(5) ~~(2)~~ Elementary schools and middle schools may establish digital classrooms in which students are provided opportunities

to improve digital literacy and competency; to learn digital skills, such as coding, multiple media presentation, and the manipulation of multiple digital graphic images; and to earn digital tool certificates and certifications pursuant to s. 1003.4203 and grade-appropriate, technology-related industry certifications.

(6)~~(3)~~ High school students must be provided ~~schools may provide students~~ opportunities to take computer science courses to satisfy high school graduation requirements, including, but not limited to, the following:

(a) High school computer science courses of sufficient rigor, as identified by the commissioner, such that one credit in computer science and the earning of related industry certifications constitute the equivalent of up to one credit of the mathematics requirement, with the exception of Algebra I or higher-level mathematics, or up to one credit of the science requirement, with the exception of Biology I or higher-level science, for high school graduation. Computer science courses and technology-related industry certifications that are identified as eligible for meeting mathematics or science requirements for high school graduation shall be included in the Course Code Directory.

(b) High school computer technology courses in 3D rapid prototype printing of sufficient rigor, as identified by the commissioner, such that one or more credits in such courses and related industry certifications earned may satisfy up to two credits of mathematics required for high school graduation with the exception of Algebra I. Computer technology courses in 3D rapid prototype printing and related industry certifications

that are identified as eligible for meeting mathematics requirements for high school graduation shall be included in the Course Code Directory.

(7) Subject to legislative appropriation, a classroom teacher who was evaluated as effective or highly effective pursuant to s. 1012.34 in the previous school year or who is newly hired by the district school board and has not been evaluated pursuant to s. 1012.34 must receive a bonus as follows:

(a) If the classroom teacher holds an educator certificate in computer science pursuant to s. 1012.56 or if he or she has passed the computer science subject area examination and holds an adjunct certificate issued by a school district pursuant to s. 1012.57, he or she shall receive a bonus of $1,000 after each year the individual completes teaching a computer science course identified in the Course Code Directory pursuant to paragraph (2)(b) at a public middle, high, or combination school in the state, for up to 3 years.

(b) If the classroom teacher holds an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b), he or she shall receive a bonus of $500 after each year the individual completes teaching the identified course at a public middle, high, or combination school in the state, for up to 3 years.

A school district shall report a qualifying classroom teacher to the department by a date and in a format established by the department. An eligible classroom teacher shall receive his or her bonus upon completion of the school year in which he or she

taught the course. A teacher may not receive more than one bonus per year under this subsection.

(8) Subject to legislative appropriation, the department shall award high-need technology grants to eligible school districts if the funds provided in the Florida digital classrooms allocation pursuant to s. 1011.62(12) are insufficient to meet the costs specified in that subsection and the district has no remaining instructional materials funds under s. 1011.67. The department shall establish an application process and eligibility criteria. Such criteria must be based on a school district's technology needs and must provide for an equitable distribution of funding based on the geographic distribution of the student population among school districts determined to have a high need for technology.

(9)~~(4)~~ The State Board of Education shall ~~may~~ adopt rules to administer this section.

Section 2. This act shall take effect upon becoming a law.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1056
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Pre-K-12 Education); Education Committee; and Senator Passidomo
SUBJECT:	Computer Science Instruction
DATE:	March 5, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bouck	Graf	ED	**Fav/CS**
2.	Sikes	Elwell	AED	**Recommend: Fav/CS**
3.	Sikes	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1056 promotes opportunities for public middle and high school students to learn computer science taught by qualified teachers. Specifically, the bill:

- Expands access to computer science courses by:
  - Requiring middle schools and high schools to offer computer science courses.
  - Requiring computer science courses that meet the specified definition to be identified in the Course Code Directory and on the Department of Education's (DOE) website.
- Creates opportunities for teachers to be certified and trained to teach computer science courses, and requires the DOE to award funding, subject to legislative appropriation, to a school district or consortium of school districts to deliver or facilitate training for educators to earn a certificate in computer science or specified industry certification, or to pay fees for examinations that lead to a credential.
- Provides, subject to legislative appropriation, the following bonuses to a public school educator evaluated as effective or highly effective, or is newly hired:
  - $1,000 after each year teaching a computer science course, for up to three years, if the educator holds an educator certificate in computer science or has passed the computer science subject area examination and holds an adjunct certificate.
  - $500 after each year teaching a specified course, for up to three years, if the educator holds an industry certification associated with a computer science course.

The bill does not affect state revenues or expenditures. SB 2500, the Senate General Appropriations Act for Fiscal Year 2018-2019, does not provide an appropriation to the DOE for the components of the bill subject to legislative appropriations. These components include:

- Teacher bonuses.
- Funding for a school district or a consortium of school districts to deliver or facilitate training to enable teachers to earn certificates in computer science or applicable industry certifications.

The bill takes effect upon becoming a law.

II. Present Situation:

Computing occupations are the primary source of all new wages in the United States and make up two-thirds of all projected new jobs in science, technology, engineering, and mathematics (STEM) fields.[1] In Florida, employment in computer occupations is projected to grow by 15.2 percent between 2017 to 2025.[2] In 2017, the estimated average annual wage for such occupations was $79,518.[3]

Access to Computer Science Courses

Public schools are required to provide students in kindergarten through grade 12 opportunities to learn computer science including, but not limited to, computer coding and computer programming.[4] Such opportunities may include:[5]

- Coding instruction in elementary and middle school;
- Instruction to develop students' computer usage and digital literacy skills in middle school; and
- Courses in computer science, computer coding, and computer programming in high school, including earning-related industry certifications.

Computer Science Courses and Industry Certifications

Currently, academic courses in computer science listed in the grades 9-12 section of the Course Code Directory (CCD)[6] are limited to acceleration courses under the Advanced Placement,

[1] Code.org, *Support K-12 Computer Science Education in Florida*, *available at* https://code.org/advocacy/state-facts/FL.pdf, at 1.
[2] Computer Occupations include Computer and Information Research Scientists, Computer Systems Analysts, Information Security Analysts, Computer Programmers, Software Developers, Applications, Software Developers, Systems Software Web Developers, Database Administrators, Network and Computer Systems Administrators, Computer Network Architects, Computer User Support Specialists, Computer Network Support Specialists, and Computer Occupations, All Other. Department of Economic Opportunity, *2017-2025 Statewide Projections*, *available at* http://lmsresources.labormarketinfo.com/library/ep/2017_2025/F25stw.xls.
[3] The Florida Senate staff analysis of Department of Economic Opportunity, *2017 Wage Estimates, Florida*, *available at* http://www.floridajobs.org/labor-market-information/data-center/statistical-programs/occupational-employment-statistics-and-wages.
[4] Section 1007.2616(1), F.S.
[5] *Id.*
[6] The Course Code Directory (CCD) lists all public preK-12 and postsecondary career and technical education courses available for use by school districts. Programs and courses funded through the Florida Education Finance

Advanced International Certificate of Education, and International Baccalaureate programs.[7] Courses in computer science are also listed in the Career and Technical Education Program and Course Listing section of the CCD.[8]

In 2016, the State Board of Education revised the Next Generation Sunshine State Standards to include K-12 computer science standards.[9] The Florida Department of Education (DOE) has identified general education courses that will incorporate the newly adopted computer science standards. At the secondary level, such course is "Meteorology Honors for Grade 9-12."[10]

The DOE has also identified career and technical education courses and programs that contain the new computer science standards.[11] However, such courses or programs are not linked to any specified industry certifications.[12]

Teacher Qualifications

Educator Certification in Computer Science

The standard specialization requirements for an educator to be certified to teach K-12 academic computer science courses include:[13]

- A bachelor's or higher degree with an undergraduate or graduate major in computer science or computer science education, or
- A bachelor's or higher degree with 30 semester hours in computer science or computer science education to include credit in:
  - Computer applications and
  - Computer programming.

Program and courses or programs for which students may earn credit toward high school graduation must be listed in the CCD. The CCD maintains course listings for administration and service assignments, K-12 education, exceptional student education, career and technical education, and adult education. Rule 6A-1.09441, F.A.C.. The CCD also includes details regarding appropriate teacher certification levels. Section 1012.55(1)(c), F.S.

[11] *Id.*

[12] Email, Florida Department of Education (Jan. 11, 2018).

[13] Rule 6A-4.0121, F.A.C.

The standard requirements for an educator to be certified to teach career and technical education courses and programs in information technology[14] are specified in the appropriate secondary and postsecondary adult vocational program curriculum framework.[15]

General Requirements for Educator Certification

The Legislature has established certification requirements to assure that educational personnel in public schools possess appropriate skills in reading, writing, and mathematics, and adequate pedagogical knowledge, including the use of technology to enhance student learning, and relevant subject matter competence to demonstrate an acceptable level of professional performance.[16]

Each person employed as a teacher in a public school must hold a certificate required by law and rules of the State Board of Education.[17] Educator certificates include the:

- Professional certificate, which is the standard, renewable type of certificate.[18] The professional certificate is valid for up to five years.[19]
- Temporary certificate, for employment in full-time positions for which a Florida educator certificate is required.[20] The temporary certificate is valid for three school fiscal years and is nonrenewable.[21]

In addition, school districts are authorized to issue adjunct teaching certificates to part-time teachers who have expertise in the subject area to be taught.[22]

Educator Performance Evaluations

Instructional personnel[23] employed by Florida's public school districts must undergo an annual performance evaluation.[24]

[21] Section 1012.56(7), F.S. The validity period is expressed in school fiscal years. Rule 6A-4.004(1)(a), F.A.C.

[22] Section 1012.57(1), F.S.

[23] Instructor personnel means any K-12 staff member who provides direct instructional services to students or provide direct support in the learning process of students. Section 1012.01(2), F.S. Instructional personnel includes classroom teachers, student personnel services, librarians and media specialists, education paraprofessionals, and other instructional staff. *Id.*

[24] Section 1012.34(3), F.S. Newly hired classroom teachers are evaluated twice in their first year of teaching in a school district. *Id*.

The evaluation system for instructional personnel must differentiate among four levels of performance as follows: [25]

- Highly effective.
- Effective.
- Needs improvement or, for instructional personnel in the first 3 years of employment who need improvement, developing.
- Unsatisfactory.

Florida Virtual School

The FLVS is intended to develop and deliver online and distance learning education.[26] The mission of the FLVS is to provide students with technology-based educational opportunities to gain the knowledge and skills necessary to succeed.[27] The school must serve any student in the state who meets the profile for success[28] in the online educational environment.[29]

III. Effect of Proposed Changes:

The bill amends s. 1007.2616, F.S., to promote opportunities for public middle and high school students to learn computer science taught by qualified teachers. Specifically, the bill:

- Expands access to computer science courses by:
  - Requiring middle schools and high schools to offer computer science courses.
  - Requiring computer science courses that meet the specified definition to be identified in the Course Code Directory (CCD) and on the Department of Education's (DOE or department) website.
- Creates opportunities for teachers to be certified and trained to teach computer science courses, and requires the DOE to award funding, subject to legislative appropriation, to a school district or consortium of school districts to deliver or facilitate training for educators to earn a certificate in computer science or specified industry certification, or to pay fees for examinations that lead to a credential.
- Provides, subject to legislative appropriation, the following bonuses to a public school educator evaluated as effective or highly effective, or is newly hired, subject to legislative appropriation:
  - $1,000 after each year teaching a computer science course, for up to three years, if the educator holds a certificate in computer science or has passed the computer science subject area examination and holds an adjunct certificate.
  - $500 after each year teaching a specified course, for up to three years, if the educator holds an industry certification.

[25] Section 1012.34(2)(e), F.S.
[26] Section 1002.37(1)(a), F.S.
[27] *Id.* at (b).
[28] The FLVS has identified hard and soft skills and other requirements that facilitate student success in online instruction. Such skills include written and oral communication, academic honesty, self-motivation, computer literacy, time management, reading competency, personal commitment, and access to technology. Email, Florida Virtual School (Jan. 9, 2018).
[29] Section 1002.37(1)(b), F.S.

Access to Computer Science Courses

The bill requires that middle school and high school students must be provided opportunities to take computer science courses. Such courses must be integrated into each school districts middle and high schools, including combination schools in which any of grades 6 through 12 are taught. Additionally, high school students must be provided opportunities to take computer science courses to satisfy high school graduation requirements

Computer Science Instruction through the Florida Virtual School

The bill requires the Florida Virtual School (FLVS) to offer computer science courses identified in the CCD. If a school district does not offer an identified computer science course, the district must provide students access to the course through the FLVS or through other means.

Computer Science Course Identification

The bill also requires that computer science courses that meet the specified requirements must be identified on the department's website and in the CCD no later than July 1, 2018. The State Board of Education must develop rules so that additional computer science courses may also be subsequently identified and posted on the department's website. Accordingly, the DOE may need to update the CCD to accommodate the identification of computer science courses.

Teacher Qualifications

The bill provides that, subject to legislative appropriation, after the DOE has identified courses in the CCD, a school district or consortium of school districts may apply, in a format prescribed by the DOE, for funding to deliver or facilitate training for classroom teachers to earn an educator certificate in computer science or an industry certification associated with a course identified in the CCD. The funds must be awarded to school districts in a manner that allows equitable distribution of funding statewide based on the student population. The school district or consortium of school districts that apply for such funding may use the funds to:

- Provide training for classroom teachers, and
- Pay fees for examinations that lead to an educator certificate in computer science.

Such efforts may increase the number of teachers who possess a computer science credential or an applicable industry certification. In 2014-2015, the number of Florida teacher certificates in computer science was 593, which represented 0.15 percent of all certificates.[30]

Teacher Bonus

The bill creates, subject to legislative appropriation, a bonus for educators who:

- Were evaluated as effective or highly effective in the prior school year, unless such teachers are newly hired and have not been evaluated.
- Teach a computer science course that meets the specified requirements at a public middle, high, or combination school.

[30] Florida Department of Education, *Identification of Critical Teacher Shortage Areas*, http://www.fldoe.org/core/fileparse.php/7766/urlt/CTSA1617.pdf , at 4.

In addition to meeting the specified criteria, the educators must:

- Hold an educator certificate in computer science or has passed the computer science subject are examination and holds an adjunct certificate to receive a bonus of $1,000 after each year of teaching a specified computer course, for up to 3 years.
- Hold an industry certification associated with a computer science course identified in the CCD to receive a bonus of $500 after each year teaching the specified course, for up to 3 years.

The bill requires the school district to report qualifying classroom teachers to the DOE by a format established by the department. The bill requires the bonus to be disbursed upon completion of the school year in which the eligible classroom teacher taught the course. The bill clarifies that a teacher may not receive more than one type of bonus. Such bonus may provide incentive to teachers to seek a credential in computer science or an industry certification associated with computer science courses.

The bill requires the State Board of Education to adopt rules to administer the provisions related to computer science and technology instruction.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may impact certain teachers. Specifically, the bill provides a bonus, for up to 3 years, to a public school educator of:

- $1,000 if the educator holds an educator certificate in computer science or an adjunct certificate, and meets other specified criteria.
- $500 if the educator holds an applicable industry certification, and meets other specified criteria.

C. Government Sector Impact:

The total cost to provide a bonus to teachers who hold a certificate in computer science or applicable industry certifications is currently indeterminate. According to the Department of Education (DOE), approximately 460 teachers hold a state-issued computer science teaching certificate. If each of these teachers received the bonus authorized under this bill, the estimated cost would be $1,380,000. The DOE does not collect industry certification data at the teacher level. Therefore, the cost of those bonuses is indeterminate.[31]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1007.2616 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:
- Removes the phased-in requirement for school districts to offer computer science courses in a specified percentage of the district's total number of traditional, public, middle, high, and combination schools within a specified timeframe.
- Removes the requirement for the Department of Education to provide, subject to legislative appropriation, high-need district technology grants to school, districts for which the Florida digital classrooms allocation and instructional materials funds are insufficient to meet the district's technology needs.

CS by Education on January 16, 2018:
The committee substitute:
- Shifts the focus of the bill from computer coding courses to computer science courses;
- Makes adjustments to teacher bonus amounts and disbursements;
- Makes adjustments to the award of high-need technology grants to school districts (based on whether digital classroom funds or instructional materials funds are insufficient to meet the costs), and
- Removes from the bill the $15 million appropriation.

[31] Florida Department of Education, *2018 Legislative Bill Analysis for SB 1056* (Dec. 11, 2017), at 5 and 6.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Education; and Senator Passidomo

581-02140-18 20181056c1

A bill to be entitled

An act relating to computer science instruction; amending s. 1007.2616, F.S.; providing a definition; providing requirements for specified instruction relating to computer science; requiring school districts to provide computer science courses in a specified number of schools by certain dates; requiring certain computer science courses to be included in the Course Code Directory and published on the Department of Education's website by a specified date; providing that student enrollment in certain courses offered by the Florida Virtual School meet specified requirements; providing that a charter school is not required to offer computer science courses; providing that charter schools that offer such courses may be used in meeting a school district's percentage thresholds; requiring the Florida Virtual School to offer certain computer science courses; requiring school districts to provide access to computer science courses offered by the Florida Virtual School or by other means under certain circumstances; providing funds for school districts to provide professional development for classroom teachers; providing Department of Education responsibilities for the distribution of such funds; requiring high school students to be provided opportunities to take certain courses to meet certain graduation requirements; providing funds for bonuses for certain classroom teachers; providing funding for

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02140-18 20181056c1

high-need technology grants for school districts; requiring, rather than authorizing, the State Board of Education to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 1007.2616, Florida Statutes, is amended to read:

1007.2616 Computer science and technology instruction.—

(1) For the purposes of this section, the term "computer science" means the study of computers and algorithmic processes, including their principles, hardware and software designs, applications, and their impact on society, and includes computer coding and computer programming.

(2)(a) ~~(1)~~ Public schools shall provide students in grades K-12 opportunities for learning computer science, including, but not limited to, computer coding and computer programming. Such opportunities may include coding instruction in elementary school and middle school and~~,~~ instruction to develop students' computer usage and digital literacy skills in middle school, and must include courses in computer science~~, computer coding, and computer programming~~ in middle school and high school, including earning-related industry certifications. Such courses must be integrated into each school district's middle and high schools, including combination schools in which any of grades 6 through 12 are taught, as follows:

1. Beginning with the 2018-2019 school year, a school district shall provide at least one computer science course in no less than 4 percent of the district's total number of middle,

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

high, and combination schools.

2. Beginning with the 2019-2020 school year, a school district shall provide at least one computer science course in no less than 7 percent of the district's total number of middle, high, and combination schools.

3. Beginning with the 2020-2021 school year, a school district shall provide at least one computer science course in no less than 10 percent of the district's total number of middle, high, and combination schools.

4. Notwithstanding subparagraphs 1.-3., a school district with 10 or fewer public middle, high, and combination schools shall provide at least one computer science course in at least one middle, high, or combination school no later than the 2020-2021 school year.

(b) Computer science courses that count toward the percentage thresholds in paragraph (a) must be identified in the Course Code Directory and published on the Department of Education's website no later than July 1, 2018. Additional computer science courses may be subsequently identified and posted on the department's website.

(c) Student enrollment in computer science courses offered by the Florida Virtual School pursuant to subsection (3) may be used to satisfy the requirements of subparagraphs (a)1.-3.

(d) A charter school is not required to offer a computer science course; however, enrollment of a charter school's students in a computer science course under this section may be included in the school district's percentage calculation.

(3) The Florida Virtual School shall offer computer science courses identified in the Course Code Directory pursuant to

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

paragraph (2)(b). If a school district does not offer an identified course, the district must provide students access to the course through the Florida Virtual School or through other means.

(4)(a) Subject to legislative appropriation, a school district or a consortium of school districts may apply to the department, in a format prescribed by the department, for funding to deliver or facilitate training for classroom teachers to earn an educator certificate in computer science pursuant to s. 1012.56 or an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b). Such funding shall only be used to provide training for classroom teachers and to pay fees for examinations that lead to a credential pursuant to this paragraph.

(b) Once the department has identified courses in the Course Code Directory pursuant to paragraph (2)(b), the department shall establish a deadline for submitting applications. The department shall award funding to school districts in a manner that allows for an equitable distribution of funding statewide based on student population.

(5) ~~(2)~~ Elementary schools and middle schools may establish digital classrooms in which students are provided opportunities to improve digital literacy and competency; to learn digital skills, such as coding, multiple media presentation, and the manipulation of multiple digital graphic images; and to earn digital tool certificates and certifications pursuant to s. 1003.4203 and grade-appropriate, technology-related industry certifications.

(6) ~~(3)~~ High school students must be provided ~~schools may~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~provide students~~ opportunities to take computer science courses to satisfy high school graduation requirements, including, but not limited to, the following:

(a) High school computer science courses of sufficient rigor, as identified by the commissioner, such that one credit in computer science and the earning of related industry certifications constitute the equivalent of up to one credit of the mathematics requirement, with the exception of Algebra I or higher-level mathematics, or up to one credit of the science requirement, with the exception of Biology I or higher-level science, for high school graduation. Computer science courses and technology-related industry certifications that are identified as eligible for meeting mathematics or science requirements for high school graduation shall be included in the Course Code Directory.

(b) High school computer technology courses in 3D rapid prototype printing of sufficient rigor, as identified by the commissioner, such that one or more credits in such courses and related industry certifications earned may satisfy up to two credits of mathematics required for high school graduation with the exception of Algebra I. Computer technology courses in 3D rapid prototype printing and related industry certifications that are identified as eligible for meeting mathematics requirements for high school graduation shall be included in the Course Code Directory.

(7) Subject to legislative appropriation, a classroom teacher who was evaluated as effective or highly effective pursuant to s. 1012.34 in the previous school year or who is newly hired by the district school board and has not been

evaluated pursuant to s. 1012.34 must receive a bonus as follows:

(a) If the classroom teacher holds an educator certificate in computer science pursuant to s. 1012.56 or if he or she has passed the computer science subject area examination and holds an adjunct certificate issued by a school district pursuant to s. 1012.57, he or she shall receive a bonus of $1,000 after each year the individual completes teaching a computer science course identified in the Course Code Directory pursuant to paragraph (2)(b) at a public middle, high, or combination school in the state, for up to 3 years.

(b) If the classroom teacher holds an industry certification associated with a course identified in the Course Code Directory pursuant to paragraph (2)(b), he or she shall receive a bonus of $500 after each year the individual completes teaching the identified course at a public middle, high, or combination school in the state, for up to 3 years.

A school district shall report a qualifying classroom teacher to the department by a date and in a format established by the department. An eligible classroom teacher shall receive his or her bonus upon completion of the school year in which he or she taught the course. A teacher may not receive more than one bonus per year under this subsection.

(8) Subject to legislative appropriation, the department shall award high-need technology grants to eligible school districts if the funds provided in the Florida digital classrooms allocation pursuant to s. 1011.62(12) are insufficient to meet the costs specified in that subsection and

the district has no remaining instructional materials funds under s. 1011.67. The department shall establish an application process and eligibility criteria. Such criteria must be based on a school district's technology needs and must provide for an equitable distribution of funding based on the geographic distribution of the student population among school districts determined to have a high need for technology.

(9) ~~(4)~~ The State Board of Education shall ~~may~~ adopt rules to administer this section.

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/SB 1066
INTRODUCER:	Appropriations Committee and Senator Baxley
SUBJECT:	Transportation Facility Designations/Nelle W. Needham Memorial Highway
DATE:	March 5, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Price	Miller	TR	**Favorable**
2.	McAuliffe	Hrdlicka	ATD	**Recommend: Favorable**
3.	McAuliffe	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 1066 designates the portion of S.R. 464/Maricamp Road between S.E. 25th Avenue and S.E. 24th Street in Marion County as "Nelle W. Needham Memorial Highway," and the portion of S.R. 19 between Lane Park Cutoff Road and U.S. 441 in Lake County as "Sheriff Chris Daniels Memorial Highway." The bill directs the Florida Department of Transportation (FDOT) to erect suitable markers.

The estimated cost to the FDOT to install the designation markers required under this bill is $2,000.

The bill takes effect July 1, 2018.

II. Present Situation:

Transportation Facility Designations

Section 334.071, F.S., provides that legislative designations of transportation facilities are for honorary or memorial purposes, or to distinguish a particular facility. Such designations do not require any action by local governments or private parties regarding the changing of any street signs, mailing addresses, or 911 emergency telephone number system listings, unless the legislation specifically provides for such changes.[1]

[1] Section 334.071(1), F.S.

When the Legislature establishes road or bridge designations, the FDOT is required to place markers only at the termini specified for each highway segment or bridge designated by the law creating the designation, and to erect any other markers it deems appropriate for the transportation facility.[2]

The FDOT may not erect the markers for honorary road or bridge designations unless the affected city or county commission enacts a resolution supporting the designation. When the designated road or bridge segment is located in more than one city or county, each affected local government must pass resolutions supporting the designations before installation of the markers.[3]

Nelle W. Needham

Described as a champion for people with disabilities, Nelle W. Needham began working in 1959 with Advocacy Resource Center (ARC) Marion, then known as New Hope School and Opportunity Workshop. She was the first executive director, serving from 1964 through 1990. During her more than 30 years with ARC Marion, Ms. Needham was presented with numerous awards for her contributions to the community and the state, including the Exchange Club Book of Golden Deeds Award, the Ocala Jaycees Outstanding Citizen Award for Outstanding Contribution, the Humanitarian Award from the Ocala Jaycee-ettes, and the Jefferson Award from the State of Florida.[4]

Sheriff Chris Daniels

Sheriff Chris Daniels began his law enforcement career in 1977 as a dispatcher with the Lake County Sheriff's Office and progressed through the ranks until 2004, when he was elected Lake County Sheriff. Sheriff Daniels was involved in a fatal accident on October 14, 2006, during a charity fund raising event.[5]

III. Effect of Proposed Changes:

The bill designates the portion of S.R. 464/Maricamp Road between S.E. 25th Avenue and S.E. 24th Street in Marion County as "Nelle W. Needham Memorial Highway," and the portion of S.R. 19 between Lane Park Cutoff Road and U.S. 441 in Lake County as "Sheriff Chris Daniels Memorial Highway." The bill directs the Florida Department of Transportation (FDOT) to erect suitable markers.

The bill takes effect July 1, 2018.

[2] Section 334.071(2), F.S.
[3] Section 334.071(3), F.S.
[4] Information on file in the Senate Transportation Committee.
[5] *See* Lake County Sheriff's Office, Fallen officers Page, *Sheriff Chris Daniels - October 14, 2006*, available at https://www.lcso.org/memorial/index.php (last visited Feb. 27, 2018).

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The estimated cost to erect the designation markers required by the bill is $2,000, based on the assumptions that four markers are required and each marker costs the FDOT at least $500. The estimate includes sign fabrication, installation, and maintenance over time but does not include any additional expenses related to maintenance of traffic, the dedication event, or replacement necessitated by damage, vandalism, or storm events.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates an undesignated section of Florida Law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Appropriations on March 2, 2018:
The committee substitute adds the designation "Sheriff Chris Daniels Memorial Highway" at the portion of S.R. 19 between Lane Park Cutoff Road and U.S. 441 in Lake County.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

2.	Wells	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Wells	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1104 makes numerous changes relating to transportation. The bill:

- Defines "mobile carriers" and provides regulations for such devices;
- Increases the allowable weight of a personal delivery device to less than 100 pounds, instead of less than 80 pounds;
- Repeals s. 316.0895(2), F.S., which prohibits trucks and vehicles towing other vehicles or trailers from following one another within 300 feet on roadways outside of a business or residence district;
- Updates various commercial motor vehicle regulations to address compatibility issues with federal law and the International Registration Plan;
- Authorizes the Florida Turnpike Enterprise to fund, construct, and operate test facilities for the advancement of autonomous and connected transportation technology solutions for improving safety and congestion;
- Extends the Pilot Rebuilt Motor Vehicle Inspection Program to July 1, 2020, requires the Department of Highway Safety and Motor Vehicles (DHSMV) to submit a report evaluating the program by January 1, 2019, and provides additional requirements for the program;
- Prohibits the DHSMV or tax collectors from charging title transfer fees when transferring a motor vehicle title from a deceased owner to the deceased's spouse, parent, child, or sibling;

- Expands businesses that may be authorized to use the DHSMV's electronic filing system to an entity that, in the normal course of its business, process title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles;
- Increases the time-frame apportionable vehicles must replace their license plates from annually to every five years;
- Authorizes an electronic copy of a motor vehicle certificate of registration or motor vehicle rental or lease documentation be accepted by law enforcement or agents of the DHSMV as proof of possession of such documentation, and provides restrictions and liability regarding the electronic device displaying such documentation;
- Allows motor vehicle dealers and fleet companies to purchase specialty license plates for use on dealer and fleet vehicles directly from the DHSMV upon approval by the specialty license plate's sponsoring organization;
- Creates a Fleet Vehicle Temporary Tag pilot program, which allows the DHSMV to partner with a county tax collector to establish an agreement with up to three companies allowing the issuance of up to 50 temporary tags at a time for use by the company's fleet vehicles;
- Removes reference in Florida Statutes to "digital proof of driver license" and replaces such term with "electronic credentials;"
- Requires the DHSMV implement protocols for issuing an optional electronic credential, provides requirements for the procurement of electronic credential and verification solution providers (including technological requirements), and authorizes the issuance and use of electronic credentials;
- Provides that a motor vehicle rental company is deemed to have met the requirements of inspecting a driver license and prohibiting the rental of a motor vehicle to a person required to be licensed who is not, if the renter verifies he or she holds a valid driver license and the vehicle is rented from the company through digital, electronic, or other means not requiring direct contact with an employee of the rental company;
- Removes a requirement that a person who rents a vehicle to another person compare the signature of the renter with the renter's driver license signature; instead the person must verify that the renter's driver license is unexpired;
- Creates a first degree grand theft crime for an offender who commits cargo theft and, in the course of committing the offense, uses a device that interferes with a global positioning system or similar system used to identify the location of the cargo or vehicle; and
- Makes technical and cross-reference changes to conform to changes made by the bill.

The bill also makes changes regarding motor vehicle platooning. Specifically, it:

- Repeals s. 316.0896, F.S., related to the assistive truck platooning technology pilot program, which has been conducted by the Florida Department of Transportation (FDOT) in consultation with the DHSMV;
- Defines the term "platoon" for purposes of the State Uniform Traffic Control Law;
- Authorizes motor vehicle platoons to be operated upon Florida roadways after an operator provides notification to the FDOT and DHSMV;
- Exempts non-lead platooning vehicles from the state's "following too closely" law; and
- Provides that s. 316.303, F.S., concerning television receivers, does not prohibit use of an electronic display by an operator of a platoon.

The bill may have a negative, but indeterminate fiscal impact to the DHSMV, the Highway Safety Operating Trust Fund, the State Transportation Trust Fund, the General Revenue Fund, and local tax collectors.
The bill makes changes to address compliance issues with federal laws relating to commercial motor vehicles. The state could experience a reduction of Federal-aid highway funds if the state remains non-compliant with such federal laws.

The Criminal Justice Impact Conference, which provides the final, official prison bed impact, if any, of legislation has not yet reviewed the bill to determine the overall prison bed impact of the bill. A preliminary estimate by conference staff indicates that the bill would have a positive indeterminate impact on prison beds, meaning the bill will result in an unquantifiable increase in prison beds.

The bill takes effect October 1, 2018.

II. Present Situation:

Due to the disparate issues in the bill, the present situation for each section is discussed below in conjunction with the effect of the proposed changes.

III. Effect of Proposed Changes:

Platoons (Sections 1, 4, 5, and 8)

Present Situation

Platooning is an emerging automated driving technology that allows vehicles to communicate with one another in order to electronically "link" to each other in a line at close proximity, where the lead vehicle controls the speed and braking of the following vehicles.[1] Each vehicle platoons by using an onboard computer connected to a vehicle-to-vehicle (V2V) communications device that receives and transmits data using Dedicated Short-Range Communications (DSRC), a two-way wireless communications capability permitting very high data transmission.[2] DSRC is used by both V2V communications as well as vehicle-to-infrastructure (V2I) communications to provide connectivity among vehicles and between infrastructure to prevent crashes and enable safety, mobility, and environmental sustainability.[3]

The National Highway Traffic Safety Administration (NHTSA) published a Notice of Proposed Rulemaking in January 2017, proposing to mandate V2V communications for new light vehicles and standardize the message and format of V2V transmissions to create a standard system, both of which would enable vehicle manufacturers to develop safety applications using V2V

communications.[4] These V2V communication device requirements would use DSRC devices to transmit basic information on the road, such as a vehicle's speed, heading, brake status and path predictions, that can be used to provide drivers timely warnings of impending crash situations that drivers may not otherwise be capable of seeing.[5] NHTSA has expressed that V2V communication "shows great promise in helping to avoid crashes, ease traffic congestion, and improve the environment."[6]

Driver-Assistive Truck Platooning

One form of V2V technology is driver-assistive truck platooning (DATP), which allows trucks to communicate with one another and to travel as close as 30 feet apart with automatic acceleration and braking. A draft is created, reducing wind resistance and cutting down on fuel consumption.[7]

In 2016, s. 316.0896, F.S., was created to require the Florida Department of Transportation (FDOT), in consultation with the Department of Highway Safety and Motor Vehicles (DHSMV), to study the use and safe operation of DATP technology,[8] develop and conduct a pilot project to test the use and safe operation of vehicles equipped to operate using DATP, and submit results of the study and any findings or recommendations from the pilot project to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The FDOT developed the pilot project as a demonstration and operational phase to:

- Evaluate impacts of DATP on surrounding traffic and infrastructure;
- Evaluate feasibility of conducting enforcement responsibilities when DATP trucks are operating; and
- Evaluate administrative aspects of permitting DATP systems.[9]

The pilot project was conducted with Peloton Technology, one developer of DATP vehicle systems. Peloton's DATP is a cloud-based system that uses integrated sensors, controls, and wireless communications to determine in real time whether conditions are appropriate to allow specific trucks to engage in platooning operations.[10] Using V2V communications, the system synchronizes acceleration and braking between tractor-trailers, leaving steering to the drivers, but eliminating braking distance otherwise caused by lags in the front or rear driver's response

[8] Section 316.003(20), F.S., defines "driver-assistive truck platooning technology" as "[v]ehicle automation and safety technology that integrates sensor array, wireless vehicle-to-vehicle communications, active safety systems, and specialized software to link safety systems and synchronize acceleration and braking between two vehicles while leaving each vehicle's steering control and systems command in the control of the vehicle's driver in compliance with the National Highway Safety Administration rules regarding vehicle-to-vehicle communications."
[9] *See* Florida Vender Bid System, *Request for Information from the FDOT – Driver Assistive Truck Platooning Pilot Project* (July 6, 2017), http://www.myflorida.com/apps/vbs/vbs_www.ad_r2.view_ad?advertisement_key_num=134408 (last visited Feb. 5, 2018).
[10] Peloton, How It Works, *The Platooning Experience*, https://peloton-tech.com/how-it-works/ (last visited Feb. 5, 2018).

time.[11] According to Peloton Technology, Peloton's demonstration of its DATP technology occurred on the Florida Turnpike and covered over 1,000 miles using two trucks traveling at a separation distance of approximately 65 feet.[12] At this time, FDOT has not submitted its report of the results of the study and any findings or recommendations from the pilot project.[13]

State Platoon Laws

According to Peloton, nine states have confirmed allowance for commercial deployment of DATP.[14] At least ten states with "following too closely" laws, including Florida,[15] exempt vehicles equipped with a DATP system or a platooning system from such state law.[16] Additionally, Arkansas, Michigan, Nevada, and Tennessee passed laws expressly allowing a person to operate DATP or platooning systems; however, Arkansas, Michigan, and Tennessee only allow operation upon state approval of a submitted operations plan or following a certain number of days after submission of such plan, if the plan is not rejected by the overseeing agency.[17] Several states and the federal government are continuing testing of DATP and other platooning systems.

Following Too Closely and TV Receiver Prohibitions

Section 316.0895, F.S., prohibits a driver of a motor vehicle to follow another vehicle more closely than is reasonable and prudent. It is unlawful, when traveling upon a roadway outside a business or residence district, for a motor truck or vehicle towing another vehicle or trailer to follow within 300 feet of a similar vehicle. The law exempts the vehicles operating as part of the FDOT's pilot project in a manner and at locations determined by the FDOT.[18]

Section 316.303, F.S., prohibits a motor vehicle operated on the highways of this state to be equipped with television-type receiving equipment that is visible from the driver's seat; however, this prohibition does not apply to an electronic display:

- Used in conjunction with a vehicle navigation system;
- Used in a vehicle equipped with autonomous technology in autonomous mode; or
- Used in a vehicle equipped and operating with DATP technology.

Effect of Proposed Changes

The bill repeals the pilot projects for DATP and permits platooning on Florida roadways.

[17] *Id.*

[18] Section 316.0896, F.S.

Section 1 amends s. 316.003, F.S., to repeal the definition of "driver-assistive truck platooning technology," and add a definition for the term "platoon." The bill defines "platoon" as "a group of individual motor vehicles traveling in a unified manner at electronically coordinated speeds and following distances."

Section 4 repeals s. 316.0896, F.S., which created the assistive truck platooning technology pilot project conducted by the FDOT in consultation with the DHSMV.

Section 5 creates s. 316.0897, F.S., to provide that a platoon may be operated on Florida roadways after an operator provides notification to the FDOT and DHSMV. Additionally, Florida's "following too closely" law[19] does not apply to the operator of a non-lead vehicle in a platoon.

Section 8 amends s. 316.303, F.S., to remove reference to DATP technology and add that the prohibition on television receivers does not apply to an electronic display used by an operator of a platoon.

The bill does not specify how notification to the departments is required to be made or what information is required from the operator. It is unclear how law enforcement will be able to identify that a vehicle is operating in a platoon, thus exempt from certain traffic law requirements.

Personal Delivery Devices (Section 1)

Present Situation

Personal delivery devices (PDDs) are low-weight, low-speed devices that can carry roughly the equivalent of two grocery bags and resemble a box on wheels. PDDs can navigate around objects and people. Using a combination of mobile technology, the devices operate on integrated navigation and obstacle avoidance software that enable autonomous movement, but human operators may step in to ensure safety.[20] A PDD's cargo bay is locked when sent to make a delivery; only the delivery recipient can unlock the box with a code specific to that recipient. PDD locations are tracked, and delivery recipients can monitor the PDD's progress on a smartphone.[21]

In 2017, the Legislature established a regulatory framework for PDDs, creating definitions and approved operating parameters in ch. 316, F.S., the Florida Uniform Traffic Control Law. With certain exceptions,[22] and in the absence of a local prohibition, PDD operation on sidewalks and crosswalks within a county or municipality is authorized[23] when such use is permissible under

[19] Section 316.0895, F.S.
[20] *See* Starship Technologies Business, https://www.starship.xyz/business/ (last visited Feb. 16, 2018).
[21] *Id.*
[22] PDD operation on the Florida Shared-Use Nonmotorized Trail Network created under s. 339.81, F.S., or on components of the Florida Greenways and Trails System created under ch. 260, F.S., is prohibited. Section 316.008(7)(b)2., F.S.
[23] Section 316.2071, F.S.

federal law.[24] However, the law does not restrict a county or municipality from otherwise adopting regulations for the safe operation of PDDs.[25]

Section 316.003(51), F.S., currently defines "personal delivery device" to mean an electrically powered device[26] that:

- Is operated on sidewalks and crosswalks and intended primarily for transportation of property;
- Weighs less than 80 pounds, excluding cargo;
- Has a maximum speed of ten miles per hour; and
- Is equipped with technology to allow for operation of the device with or without the active control or monitoring of a natural person.

Effect of Proposed Changes

Section 1 amends s. 316.003(51), F.S., the definition of "personal delivery device," to increase the currently allowable PDD weight, excluding cargo, from less than 80 pounds to less than 100 pounds.

Mobile Carriers (Sections 1, 2, 6, 12, 13, and 29)

Present Situation

Mobile carriers are electronic devices designed to carry cargo and follow its operator through an electronic connection. For example, Piaggio Fast Forward has created a mobile carrier named Gita,[27] which is capable of hauling up to 44 pounds of goods while following a human operator or moving autonomously through an environment that has been previously mapped by the device.[28] The device does this by "linking" up to a belt with cameras worn by the user or by the device referring back to a specific map of a path it has already traveled. The device utilizes cameras and an ultrasonic range-finding system to avoid obstacles in its way.[29]

Currently, a mobile carrier is not defined in Florida law and Florida law does not contain any provisions regarding the operation of mobile carriers.

Effect of Proposed Changes

Section 1 amends s. 316.003, F.S., to define "mobile carrier" as an electrically powered device that weighs less than 80 pounds (excluding cargo), has a maximum speed of 12.5 miles per hour,

[24] Federal law, specifically 23 U.S.C. s. 217(h), prohibits any motorized vehicle on pedestrian walkways funded in whole or in part with federal dollars, except for maintenance purposes, snowmobiles when snow conditions and state or local regulations permit, motorized wheelchairs, electric bicycles when state or local regulations permit, and such other circumstances as the U.S. Department of Transportation secretary deems appropriate.
[25] Section 316.008(7)(b), F.S.
[26] A PDD is not considered a vehicle unless expressly defined by law as a vehicle. PDDs are also excluded from registration and insurance requirements under s. 320.02(19), F.S.; but the owner or operator of a PDD must maintain an insurance policy providing general liability coverage of at least $100,000 for damages arising from PDD operation.
[27] Gita means a trip or outing in Italian.
[28] *See* Piaggio Fast Forward, *Introducing Gita*, https://www.piaggiofastforward.com/gita (last visited Feb. 16, 2018).
[29] Wired, *The Cute Robot That Follows You Around and Schleps All Your Stuff* (Feb. 16, 2017), https://www.wired.com/2017/02/piaggio-gita-drone/ (last visited Feb. 16, 2018).

is operated on sidewalks and crosswalks, is intended primarily for transporting property, is primarily designed to remain within 25 feet of the property owner, and is equipped with technology to transport personal property with active monitoring of the property owner.

This section also provides that a mobile carrier is not considered a vehicle, motor vehicle, or a personal delivery device.

Section 2 amends s. 316.008, F.S., to authorize a mobile carrier to be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law,[30] but does not restrict a county or municipality from adopting regulations for the safe operation of mobile carriers.

Section 6 amends s. 316.2071, F.S., relating to personal delivery devices (PDDs), to provide regulation of mobile carriers similar to the state's regulation of PDDs. Specifically, the bill provides that a mobile carrier:

- Operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the mobile carrier may not unreasonably interfere with pedestrians or traffic and must yield the right-of-way to pedestrians;
- Must obey all official traffic and pedestrian control signals and devices;
- Must be equipped with a braking system that, when active or engaged, enables the mobile carrier to come to a controlled stop;
- May not operate on a public highway except to cross a crosswalk;
- May not operate on a sidewalk or crosswalk unless the property owner remains within 25 feet of the mobile carrier; and
- May not transport hazardous materials.[31]

Sections 12 and 29 amend ss. 320.01 and 324.021, F.S., respectively, to provide that the term "motor vehicle" does not include mobile carriers.

Additionally, **section 13**, amends s. 320.02(19), F.S., to provide that a mobile carrier is not required to be registered or insured to be operated within the state.

Following Too Closely Law (Section 3)

Present Situation

Section 316.0895(1), F.S., prohibits a driver of a motor vehicle to follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of vehicles and traffic upon, and the condition of, the highway. Section 316.0895(2), F.S., prohibits a motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer, when traveling

[30] Federal law, specifically 23 U.S.C. s. 217(h), prohibits any motorized vehicle on pedestrian walkways funded in whole or in part with federal dollars, except for maintenance purposes, snowmobiles when snow conditions and state or local regulations permit, motorized wheelchairs, electric bicycles when state or local regulations permit, and such other circumstances as the U.S. Department of Transportation secretary deems appropriate.

[31] As defined in s. 316.003(28), F.S., a hazardous material is any substance or material determined by U.S. Department of Transportation Secretary to be capable of imposing an unreasonable risk to health, safety, and property. This includes hazardous waste as defined in s. 403.703, F.S.

upon a roadway outside a business or residence district, to follow within 300 feet of another motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer.

"Following-too-closely" (FTC) laws vary by state and can differ based on specific classes of vehicles. Among the states, the most common FTC law for cars require vehicle operators to follow vehicles in a manner that is "reasonable and prudent;" the most common FTC law for heavy trucks specifies required distances or distance intervals, or requires sufficient space for vehicles to enter and occupy without danger; and the least common FTC law requires specified time intervals between vehicles.[32] Additionally, some U.S. jurisdictions lack explicit FTC laws.[33]

Effect of Proposed Changes

Section 3 repeals s. 316.0895(2), F.S., to remove the 300 feet requirement for trucks or vehicles towing another vehicle or trailer when following a similar vehicle.

Federal Motor Carrier Safety Administration Compatibility (Section 7)

Present Situation

The Federal Motor Carrier Safety Administration (FMCSA) was established within the United States Department of Transportation on January 1, 2000. Its primary mission is to prevent commercial motor vehicle (CMV)-related fatalities and injuries.[34]

Section 316.302, F.S., provides that all owners and drivers of CMVs[35] operated on the public highways of this state while engaged in *interstate* commerce are subject to the rules and regulations contained in the following parts of the Federal Motor Carrier Safety Regulations:[36]

- Part 382, Controlled Substance and Alcohol Use and Testing;
- Part 385, Safety Fitness Procedures;
- Part 390, General Federal Motor Carrier Safety Regulations;
- Part 391, Qualifications of Drivers;
- Part 392, Driving of Commercial Motor Vehicles;
- Part 393, Parts and Accessories Necessary for Safe Operation;
- Part 395, Hours of Service of Drivers;
- Part 396, Inspection, Repair, and Maintenance; and
- Part 397, Transportation of Hazardous Materials; Driving and Parking Rules.

[32] Competitive Enterprise Institute, *Authorizing Automated Vehicle Platooning* (July 18, 2017), https://cei.org/sites/default/files/Marc%20Scribner%20-%20Authorizing%20Automated%20Vehicle%20Platooning%202017.pdf (last visited Feb. 16, 2018).
[33] *Id.*
[34] FMCSA website, *About Us* (Mar. 31, 2014), https://www.fmcsa.dot.gov/mission/about-us (last visited Feb. 16, 2018).
[35] Section 316.003(12), F.S., defines "commercial motor vehicle" as "any self-propelled or towed vehicle used on the public highways in commerce to transport passengers or cargo, if such vehicle: (a) Has a gross vehicle weight rating of 10,000 pounds or more; (b) Is designed to transport more than 15 passengers, including the driver; or (c) Is used in the transportation of materials found to be hazardous for the purposes of the Hazardous Materials Transportation Act, as amended (49 U.S.C. ss. 1801 et seq.)."
[36] 49 C.F.R. ch. III, subchapter B.

Owners and drivers of CMVs engaged in *intrastate* commerce are subject to the same rules and regulations, unless otherwise provided in s. 316.302, F.S., as such rules and regulations existed on December 31, 2012.[37] To remain compatible with the Federal Motor Carrier Safety Regulations, states generally have up to three years from the effective date of new federal requirements to adopt and enforce such requirements.[38] States that remain incompatible risk losing federal funding. A 2007 Florida State Motor Carrier Safety Assistance Program (MCSAP) review found that the Florida Statutes contain multiple compatibility issues.[39]

2007 Florida State MCSAP Review Findings

Section 316.302(1)(b), F.S., provides an exception from 49 C.F.R. s. 390.5 as it relates to the definition of a bus, defined as "any motor vehicle designed, constructed, and/or used for the transportation of passengers, including taxicabs." Florida law excludes taxicabs from the definition of a bus.[40] The MCSAP Review noted that Florida Statutes "exempting, from the definition of a bus, taxicabs as it applies to the intrastate private transportation of passengers, is not compatible" with federal law.[41]

Federal law prohibits certain lamps and reflective devices from being obscured on CMVs.[42] However, s. 316.215(5), F.S., provides an exception from this requirement for front-end loading collection vehicles that are engaged in collecting solid waste or recyclable or recovered materials and are being operated at less than 20 miles per hour with hazard-warning lights activated. According to the MCSAP review, federal law provides no such exemption.[43]

Section 316.302(2)(d), F.S., provides an exemption from compliance with 49 C.F.R. s. 395.8, requiring record of a driver's duty status, for a driver of a CMV if the driver:

- Is operating solely in intrastate commerce;
- Is not transporting any hazardous materials in amounts that require placarding;[44]
- Is within 150-air miles of the vehicle's base location; and
- Complies with specific federal requirements relating to hours of service.[45]

Additionally, state law provides that if a driver is not released from duty within 12 hours of arriving on duty, the motor carrier must maintain documentation of the driver's driving times throughout the duty period. The MCSAP review found that the exemption and alternate records requirement contained in s. 316.302(2)(d), F.S., does not comply with federal regulations because the federal exemption for such drivers also requires that the driver return to the work reporting location and is released from work within 12 consecutive hours.[46]

[37] Section 316.302(1)(b), F.S.
[38] 49 C.F.R. *Appendix A to Part 355 – Guidelines for the Regulatory Review – State Determinations* (2016).
[39] 2007 Florida State MCSAP Review, *Summary Findings, Recommendations, and Noteworthy Practices* (June 2007) (on file with the Senate Committee on Transportation).
[40] Section 316.003(6), F.S.
[41] 2007 Florida State MCSAP Review, at p. 2, *FL/FI-1*.
[42] 49 C.F.R. s. 393.9(b)
[43] 2007 Florida State MCSAP Review, at p. 4, *FL/FI-7*.
[44] Pursuant to 49 C.F.R. part 172
[45] As provided in 49 C.F.R. s. 395.1(e)(1)(iii) and (v).
[46] 2007 Florida State MCSAP Review, at p. 5, *FL/FI-8*.

Federal law allows a state to exempt a CMV from all or part of its laws or regulations relating to intrastate commerce if the vehicle's gross vehicle weight, gross vehicle weight rating, gross combined weight, or gross combined weight rating is less than 26,001 pounds and the vehicle is not:

- Transporting hazardous materials requiring a placard; or
- Designed or used to transport 16 or more people, including the driver.[47]

However, s. 316.302(2)(f), F.S., provides exemptions from federal laws or regulations for a person who operates a CMV solely in intrastate commerce, having a *declared* gross vehicle weight of less than 26,001 pounds, and who is not transporting hazardous materials in an amount that requires placarding or who is transporting petroleum products. According to the MCSAP Review, the state interprets this statute as exempting such vehicles transporting petroleum products even if a hazardous materials placard is required, which is not in compliance with federal regulations.[48]

Maximum Driving Time

Section 316.302(2), F.S., provides prohibitions to the length of time CMV drivers may drive, as well as exemptions from federal requirements for specified vehicles. Section 316.302(2)(b), F.S., provides that a person who operates a CMV solely in intrastate commerce without any hazardous materials in amounts requiring placarding may not drive:

- More than 12 hours following 10 consecutive hours off duty; or
- For any period after the end of the 16th hour after coming on duty following 10 consecutive hours off duty.

Except as provided in the federal hours of service rules,[49] a person operating a CMV solely in intrastate commerce not transporting any hazardous material may not drive after having been on duty more than 70 hours in any period of seven consecutive days or more than 80 hours in any period of eight consecutive days if the motor carrier operates every day of the week.[50] Upon request of DHSMV, motor carriers are required to furnish time records or other written verification so that DHSMV can determine compliance with the hours of service requirements. Falsification of time records is subject to a civil penalty not to exceed $100.[51]

Effect of Proposed Changes

Section 7 amends multiple provisions in s. 316.302, F.S., to address federal compatibility issues.

This section amends s. 316.302(1), F.S., to clarify that the section applies to all CMVs and buses, except as provided in s. 316.302(3), F.S., relating to covered farm vehicles.

[47] 49 C.F.R. s. 350.341(a)
[48] 2007 Florida State MCSAP Review, at p. 5, *FL/FI-3*.
[49] 49 C.F.R. s. 395.1
[50] Section 316.302(2)(c), F.S.
[51] This penalty is found in s. 316.302(2)(c), F.S. However, s. 316.3025, F.S., relating to CMV penalties, provides that a penalty of $100 may be assessed for a violation of s. 316.302(2)(b) or (c), F.S.

This section adopts federal laws that intrastate CMV owners and drivers are required to comply with as such federal rules and regulations existed on December 31, 2017.[52] However, s. 316.302(1)(e), F.S., is created to delay the requirement for electronic logging devices and hours of service support documents[53] for intrastate motor carriers not carrying hazardous materials in amounts requiring placarding until December 31, 2018.

This section amends s. 316.302(1)(d), F.S., to repeal an exemption from federal law allowing specified CMVs to obscure certain lighting or reflective devices.

Due to changes in federal law, the section amends s. 316.302(2)(a), F.S., to provide clarity that drivers of intrastate CMVs that are not transporting hazardous materials requiring placarding are exempt from 49 C.F.R. s. 395.3, which provides maximum driving times for property-carrying vehicles. These drivers continue to be subject to the maximum driving times required by state law.

Section 316.302(2)(c), F.S., is amended to remove a duplicate penalty for falsifying hours of service records.

Section 316.302(2)(d), F.S., is amended to refer to the correct federal regulations that allow a motor carrier to be exempt from being required to maintain records of duty status for short-haul drivers. In order to be exempt, the driver must also return to the work reporting location and be released from work within 12 consecutive hours and have either 10 or 8 hours off (property-carrying and passenger-carrying CMVs).

Lastly, the section amends s. 316.302(2)(f), F.S., to remove specified exemptions from federal law or regulations for drivers transporting petroleum products. The paragraph is also amended to refer to the federal criteria for the exemption: CMVs having a *gross vehicle weight, gross vehicle weight rating, and gross combined weight rating* of less than 26,001 pounds, instead of a *declared* gross vehicle weight.

Innovative Technology/Turnpike Funding (Section 9)

Present Situation

Section 338.2215, F.S., expresses Legislative intent that the Florida Turnpike Enterprise (FTE) within the FDOT maximize the advantages obtainable through fully leveraging the turnpike system asset, and that the additional powers and authority granted to the FTE will provide it with the autonomy and flexibility to enable it to more easily pursue innovations and best practices found in the private sector in, among other items, operations. Section 338.2216(1)(d), F.S., directs the FTE in part to "pursue and implement new technologies and processes in its operations."

[52] A list of Final Rules adopted as of December 31, 2016, that affect FMCSA rules and regulations are available on the FMCSA website, *Rulemaking Documents,* https://www.fmcsa.dot.gov/regulations/search/rulemaking?keyword=&dt=final&topic (last visited Feb. 5, 2018).
[53] Electronic Logging Devices and Hours of Service Supporting Documents, 80 Fed. Reg. 78291 (Dec. 16, 2015), https://www.federalregister.gov/documents/2015/12/16/2015-31336/electronic-logging-devices-and-hours-of-service-supporting-documents (last visited Feb. 5, 2018).

As an example of such efforts, the FTE and other entities are participating in a project called SunTrax. According to the project website, "located off I-4 between Orlando and Tampa, SunTrax is a large-scale, cutting-edge facility dedicated to the research, development and testing of emerging transportation technologies in safe and controlled environments."[54] Site construction began in June2017. The site covers 400 acres containing a multi-lane 2.25-mile long oval track and a 200-acre infield designed specifically for development and testing of automated driving systems.[55]

Effect of Proposed Changes

Section 9 amends s. 316.85, F.S., to authorize the FTE to fund, construct, and operate test facilities for the advancement of autonomous, connected, and innovative transportation technology solutions for the purposes of improving safety and decreasing congestion for the traveling public and to otherwise advance the FTE's objectives under ch. 338, F.S.

Pilot Rebuilt Motor Vehicle Inspection Program (Section 10)

Present Situation

A person may not sell a rebuilt vehicle until the vehicle's title labels that vehicle as rebuilt, which requires the motor vehicle go through a physical rebuilt motor vehicle inspection conducted by the DHSMV.[56] The purpose of the rebuilt inspection is to assure the identity of the vehicle and all major component parts that have been repaired or replaced. After an approved rebuilt inspection, the DHSMV affixes a decal to the vehicle that identifies the vehicle as a rebuilt vehicle.

The 2013 Florida Legislature created s. 319.141, F.S., for the implementation of a Pilot Rebuilt Vehicle Inspection Program (PRVIP) conducted in Miami-Dade and Hillsborough counties. The DHSMV set standards for the program and certified private sector inspection facilities in Miami-Dade County.[57] The program's purpose is to evaluate private sector alternatives for rebuilt inspection services, including the feasibility of using private facilities, the cost impact to consumers, and the potential savings to the DHSMV. The DHSMV is required to establish a memorandum of understanding (MOU) that allows private parties participating in the pilot program to conduct rebuilt vehicle inspections and specifies requirements for oversight, bonding and insurance, procedure, and forms, and requires the electronic submission of documents.

To be approved to conduct rebuilt vehicle inspections under the program, s. 319.141, F.S., requires an applicant:

- Have and maintain a surety bond or irrevocable letter of credit in the amount of $100,000, executed by the applicant;
- Secure and maintain a facility at a permanent structure at an address recognized by the United States Postal Service where the only services provided are rebuilt inspection services;

[54] For more information, see the SunTrax website at http://www.suntraxfl.com/#about-us (last visited Feb. 16, 2018).
[55] *See* SunTrax Brochure, http://www.suntraxfl.com/wp-content/uploads/2017/11/SunTrax-Brochure-.pdf. (last visited Feb. 16, 2018).
[56] Section 319.14(1)(b), F.S. A rebuilt vehicle is one that has been built from salvage or junk.
[57] No entities from Hillsborough County applied to participate in the program.

- Annually attest that he or she is not employed by or does not have an ownership interest in or financial arrangement with a motor vehicle repair shop, motor vehicle dealer, towing company, storage company, vehicle auction, insurance company, salvage yard, metal retailer, or metal rebuilder, from which he or she receives remuneration for the referral of customers for rebuilt inspection services;
- Have and maintain garage liability and other insurance required by the DHSMV;
- Have completed criminal background checks of the owners, partners, and corporate officers and the inspectors employed by the facility; and
- Meet any additional criteria the DHSMV determines necessary to conduct proper inspections.

As required by law, the DHSMV submitted a report[58] in 2015, which summarized the implementation of the pilot program and program results. Since October 1, 2013, the DHSMV has certified eight private businesses in the Miami area to conduct rebuilt vehicle inspections.[59] During Fiscal Year 2016-2017, a total of 71,342 rebuilt vehicle inspections were conducted in the state, of which 35,325 were by the PRVIP businesses.[60]

Currently, the DHSMV employees in Miami-Dade County are still responsible for conducting rebuilt vehicle inspections at the DHSMV Regional Office and at various off-site locations, and for monitoring the PRVIP businesses to ensure inspections are conducted in accordance with program standards.[61]

According to the DHSMV, each of the eight pilot program participants have met, and continue to meet, all of the statutory requirements and the MOU executed with DHSMV. Statutorily authorized state rebuilt inspection fees ($40) and re-inspection fees ($20) have been collected and remitted to the state as required. In addition, each pilot program participant is allowed to assess customers a service fee for each inspection. Service fees range from $50 to $85 and are not regulated in any manner by the DHSMV.[62]

The pilot rebuilt motor vehicle inspection program is repealed on July 1, 2018, unless saved from repeal through reenactment by the Legislature.

Effect of Proposed Changes

Section 10 amends s. 319.141, F.S., to require PRVIP business operators to:

- As part of the rebuilt inspection services, photograph the interior driver and passenger sides of the vehicle if the airbags were previously deployed and replaced;
- Secure and maintain a facility that is a permanent fixed structure which has an address identified by a county-issued tax folio number;

[58] DHSMV, *Florida's Private Rebuilt Vehicle Inspection Program – Pilot Program Report* (Jan. 30, 2015), http://www.flhsmv.gov/pdf/cabinetreports/privaterebuiltreport.pdf (last visited Feb. 16, 2018).
[59] DHSMV, Office of Inspector General, *Rebuilt Vehicle Inspection Program Audit Report 201617-24* (Dec. 5, 2017), https://www.flhsmv.gov/pdf/igoffice/20161724.pdf (last visited Feb. 16, 2018).
[60] *Id.*
[61] DHSMV, *Pilot Program Report*.
[62] DHSMV, *Pilot Program Report*.

- Annually attest that there have been no changes in the ownership structure of the facility and that the only services being provided at the property are rebuilt vehicle inspection services approved by the DHSMV;
- Have a designated office and customer waiting area that is separate from and not within view of the vehicle inspection area;
- Have a vehicle inspection area capable of accommodating all vehicle types and equipped with cameras allowing the DHSMV to view and monitor inspections.

This section prohibits program participants from conducting an inspection of a vehicle to be purchased by the current program applicant. Such vehicles must be inspected by the DHSMV.

This section also:
- Requires an applicant for a rebuilt title that fails an initial rebuilt inspection to have that vehicle re-inspected only by the DHSMV or the facility that conducted the original inspection;
- Prohibits a person or business authorized by the DHSMV to train, certify, or recertify operators and inspectors of private rebuilt inspection facilities from certifying or recertifying themselves or their employees;
- Requires the DHSMV to conduct onsite facility inspections at least twice a year;
- Requires the current facility operator to give the DHSMV a 45 day written notice of the intended transfer of ownership of the facility, and requires the transferee to meet all eligibility requirements of the program;
- Reenacts the pilot program, which saves the program from repeal on July 1, 2018, and provides for the repeal of the program on July 1, 2020, unless saved from repeal through reenactment by the Legislature; and
- Requires the DHSMV to submit a written report to the Governor and Cabinet on or before January 1, 2019, evaluating the current program and its benefits to consumers and the DHSMV.

Motor Vehicle Title Transfer Fee (Section 11)

Present Situation

Section 319.32(1), F.S., provides for a $70 fee for each original and duplicate certificate of title, except for motor vehicles for hire,[63] which are $49, and $2 for each salvage certificate of title. The DHSMV also charges $2 to note a lien on the certificate, $1 to cover the cost of materials, and $2.50 for shipping and handling. Additionally, s. 319.32(2), F.S., provides that there is a $4.25 service charge for each certificate of title application, a $10 additional fee for an original certificate of title issued for a vehicle registered outside of Florida, and a $7 additional fee for each lien placed on a vehicle by the state child support enforcement program.

The $70 fee is distributed between the State Transportation Trust Fund and the General Revenue Fund, excluding $1 that is deposited into the Highway Safety Operating Trust Fund (HSOTF) to fund the DHSMV's efforts to prevent and detect odometer fraud.[64] The DHSMV or the tax

[63] Vehicles registered under s. 320.08(6), F.S.

[64] Sections 319.32(5) and 319.324, F.S.; Section 319.32(5), F.S., provides that $47 of each fee collected for an original or duplicate certificate of title is deposited into the State Transportation Trust Fund, which may receive up to $200 million in

collector who processes the application retains the $4.25 service charge.[65] Additionally, expedited service for title transfers, issuances, duplicates, and recordation of liens is an option available for a $10 fee. If requested, expedited service ensures the title is issued within five working days after receipt of the application.[66]

In the event of the death of a motor vehicle owner, upon inheritance of the motor vehicle, a surviving spouse may dispose of a deceased spouse's vehicle without being required to transfer the certificate of title in his or her name.[67] Co-owners of a vehicle with names appearing conjoined by an "or" on the title are not required to apply for a new title when the other co-owner dies, as he or she already has absolute rights to the vehicle. As of July 1, 2017, the DHSMV and tax collector are prohibited from charging fees or service charges (excluding an expedited title fee, if applicable) for issuance of a motor vehicle certificate of title when the title is being issued solely to remove a deceased spouse as a co-owner of the vehicle when the other co-owner is the surviving spouse.[68] In any other situation when a person inherits a vehicle that he or she wishes to operate or sell, such person is required to transfer the certificate of title into his or her name and pay the applicable title fees.

Effect of Proposed Changes

Section 11 amends s. 319.32(7), F.S., to prohibit the DHSMV and tax collector from charging any fee or service charge, other than the expedited title fee, if applicable, for issuing a certificate of title to transfer a Florida-titled vehicle from a deceased owner to a surviving spouse or next of kin who is a resident of this state. For this purpose, the term "next of kin" includes the deceased's child, sibling, or parent.

International Registration Plan – Charter Buses (Section 12)

Present Situation

The International Registration Plan (IRP) is a registration reciprocity agreement among all states in the contiguous United States, the District of Columbia, and several Canadian provinces. It provides for the payment of license fees based on fleet operation in various member jurisdictions.[69] This allows carriers to operate inter-jurisdictionally while only needing to register its vehicles in its base jurisdiction, which is the state or province where the registrant has an established place of business.[70]

All "apportionable vehicles" domiciled in the state are required to be registered in accordance with the IRP and display "Apportioned" license plates.[71]

---

any fiscal year. The remainder of the fee and any fees in excess of the $200 million are deposited into the General Revenue Fund.

[65] Section 319.32(2)(b), F.S.

[66] Section 319.323, F.S.

[67] Section 319.28(1)(c), F.S.

[68] Section 319.32(7), F.S., created by ch. 2017-89, Laws of Florida.

[69] International Registration Plan, Inc., *About IRP*, http://www.irponline.org/?page=AboutIRP (last visited Feb. 16, 2018).

[70] As defined by the IRP. IRP, *International Registration Plan with Official Commentary* (Jan. 1, 2017), http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/publications/IRP_agreement_eff_january_1_.pdf at p. 16 (last visited Feb. 16, 2018).

[71] Sections 320.0715(1) and 320.06(3)(a), F.S.

Apportionable vehicles that do not regularly operate in a particular jurisdiction also have the option to register for trip permits in order to operate in IRP member jurisdictions for limited periods where they do not pay license taxes.[72]

An "apportionable vehicle" is any vehicle that is used or intended for use in two or more member jurisdictions and that is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, and:[73]

- Is a power unit having a gross vehicle weight in excess of 26,000 pounds;
- Is a power unit having three or more axles, regardless of weight; or
- Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

The Florida definition excludes recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, government-owned vehicles, and buses used in transportation of chartered parties. The IRP definition excludes a recreational vehicle, a vehicle displaying restricted plates, or a government-owned vehicle. Excluded vehicles may voluntarily register.

Prior to January 1, 2016, charter buses were excluded from having to register under the IRP. The IRP was amended to remove charter buses from the exemption, requiring charter bus operations to register under the IRP. This registration ensures that a charter bus operation will pay license fees to each jurisdiction it operates in, and prevents or suspends the registration of unsafe carriers.[74]

Effect of Proposed Changes

Section 12 amends s. 320.01(24), F.S., to remove the exclusion of charter buses from the definition of apportionable vehicle. This change is necessary to align with the requirements of the IRP. All charter buses operating interstate are required to obtain an IRP registration or purchase trip permits.

DHSMV's Electronic Filing System (Section 14)

Present Situation

Section 320.03, F.S., provides the duties of tax collectors as it relates to motor vehicle licensing. It provides that jurisdiction over the electronic filing system (EFS) for use by authorized EFS agents for certain purposes is expressly preempted to the state, and the DHSMV has regulatory authority over the system. Specifically, the EFS is used to:

- Electronically title or register motor vehicles, vessels, mobile homes, or off-highway vehicles;

---

[72] *Id*. *See also* IRP, *Trip Permits-Cost/Duration* (May 2016), http://www.irponline.org/resource/resmgr/Jurisdiction_Info_2/Trip_Permits_5.19.2016.xlsx (last visited Feb. 16, 2018).
[73] Section 320.01(24), F.S. IRP http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/publications/IRP_agreement_eff_january_1_.pdf, at p. 12-13 (last visited Feb. 16, 2018)
[74] *See* IRP, *Official Amendment to the International Registration Plan* (June 2014) http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/irp_ballots/ballot_391.pdf (last visited Feb. 16, 2018).

- Issue or transfer registration license plates or decals;
- Electronically transfer fees due for the title and registration process; and
- Perform inquiries for title, registration, and lienholder verification and certification of service providers.

The section provides that an entity that, in the normal course of its business, sells products that must be titled or registered, provides title and registration services on behalf of its consumers, *and* meets the requirements established by the DHSMV shall not be precluded from participating in the EFS upon request from the qualified entity.[75] The EFS must be available for use statewide and applied uniformly throughout the state. Additionally, the EFS agents may charge a fee to the customer for use of the EFS.

The EFS is primarily used by Florida's motor vehicle dealers to acquire access to the DHSMV registration and title information and to process title and registration transactions.[76]

Effect of Proposed Changes

Section 14 amends s. 320.03(10), F.S., to provide that the EFS system can be used to process title transactions, derelict motor vehicle certificates, and certificates of destruction for derelict and salvage motor vehicles. The bill adds that an entity that, in the normal course of its business, processes title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles and meets the requirements established by the DHSMV may be an authorized EFS agent.

This section also reauthorizes DHSMV to adopt rules to administer the section, including, but not limited to, rules establishing participation requirements, certification of service providers, EFS requirements, disclosures, and enforcement authority for noncompliance.

This section is effective January 1, 2019.

Issuance of Apportionable Vehicle Plates (Sections 15 and 17)

Present Situation

Section 320.06, F.S., provides for motor vehicle registration certificates, license plates, and validation stickers. Registration license plates, which bear a graphic symbol and alphanumeric system of identification, are issued for a 10-year period. However, "Apportioned" license plates issued to vehicles registered under the IRP are issued annually.[77] Each original license plate costs $28, which is deposited into the Highway Safety Operating Trust Fund (HSOTF). Apportioned vehicles are also issued an annual cab card that denotes the declared gross vehicle weight for each apportioned jurisdiction where the vehicle is authorized to operate.[78]

---

[75] Rule 15C-16.010 sets forth the DHSMV's requirements to be an EFS agent.
[76] For more information, see DHSMV website, *Electronic Filing System (EFS)*, https://www.flhsmv.gov/motor-vehicles-tags-titles/electronic-lien-titles/electronic-filing-system-efs/ (last visited Feb. 16, 2018).
[77] Section 320.06(1)(b)1., F.S.
[78] *See* IRP, *State of Florida Apportioned Cab Card Sample*, http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/cab_cards/fl_cc_sample.pdf (last visited Feb. 16, 2018).

Effect of Proposed Changes

Sections 15 and 17 amend ss. 320.06 and 320.0607, F.S., respectively, to provide that beginning October 1, 2019, apportioned vehicles will be issued license plates valid for a 5-year period, instead of annually. If the license plate is damaged or worn prior to the end of the 5-year period, the DHSMV may replace it at no charge upon application and surrender of the current plate. Cab cards and validation stickers will continue to be issued annually. The $28 annual fee will apply to the issuance of an original or renewal validation sticker, instead of for the cost of the plate.

Electronic Motor Vehicle Registrations and Rental Agreements (Section 16)

Present Situation

Section 320.0605, F.S., requires certificates of registration for motor vehicles. The registration certificate or an official copy, a true copy of rental or lease documentation issued for a motor vehicle or issued for a replacement vehicle in the same registration period, a temporary receipt printed upon self-initiated electronic renewal of a registration via the Internet, or a cab card issued for a vehicle registered under the IRP must, at all times while the vehicle is being used or operated on the roads of this state, be in the possession of the operator of the vehicle, or be carried in the vehicle for which it was issued. The certificate must be exhibited upon demand of any authorized law enforcement officer or an agent of the DHSMV, except for a registered fleet vehicle.[79] This provision does not apply during the first 30 days after purchase of a replacement vehicle. A violation is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in ch. 318, F.S.[80]

Section 320.0605, F.S., requires that a person who rents or leases a vehicle is required to possess a true copy of rental or lease documentation for the motor vehicle at all times while the vehicle is being operated.[81] The documentation must include certain information including the date of rental and time of exit from rental facility.

Effect of Proposed Changes

Section 16 amends s. 320.0605, F.S., to authorize a person to possess an *electronic copy* of the motor vehicle registration or rental or lease documentation to be displayed upon the request of a law enforcement officer or an agent of the DHSMV. The bill provides that displaying the electronic copy does not constitute consent for the officer or agent to access any information on the device other than the displayed documentation. The person who presents the device to the officer assumes liability for any resulting damage to the device.

This section also repeals the requirement that the rental or lease documentation must include the time of exit from the rental facility.

[79] A fleet vehicle registered under s. 320.0657, F.S., provides for the permanent registration of fleet license plates.
[80] Chapter 318, F.S., relates to the disposition of traffic infractions.
[81] A person who cannot display such documentation upon request from an officer or agent of the DHSMV is guilty of a noncriminal traffic infraction, punishable as a nonmoving violation.

Specialty License Plates for Motor Vehicle Dealers and Fleets (Sections 15, 18, 19, and 20)

Present Situation

A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate is subject to an annual license tax of $17.[82] These license plates are imprinted with the word "Dealer" at the bottom of the plate.[83] Dealers may, upon payment of the dealer plate license tax, secure one or more dealer license plates. These plates are valid while the motor vehicles are in the dealer's inventory and for sale, or while being operated in connection with the dealer's business, except when used as for-hire vehicles.[84]

Fleet license plates are available for companies that own or lease a minimum number of nonapportioned motor vehicles used for business purposes.[85] Such permanent plates are available upon approval by the DHSMV and payment of license taxes prescribed under s. 320.08, F.S. Fleet vehicle license plates have the word "Fleet" imprinted at the bottom of the plate.[86]

There are over 120 specialty license plates available for purchase in Florida.[87] However, neither dealer license plates nor fleet license plates are eligible to be specialty license plates. Specialty license plates require payment of an annual use fee, ranging from $15 to $25, paid in addition to required license taxes and service fees.[88] These annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified in the plate's design and designated in statute.[89]

Effect of Proposed Changes

Sections 15, 18, 19, and 20 amend ss. 320.06, 320.0657, 320.08, and 320.08056, F.S., respectively, to allow a dealer or fleet company, with the permission of the specialty license plate organization, to purchase specialty license plates directly through the DHSMV to be used on dealer or fleet vehicles. The dealer or fleet company that orders specialty license plates for its vehicles must pay the annual use fee of the specialty license plate and any other applicable license taxes or fees. The specialty license plate will include the letters "DLR" for dealer license plates and "FLT" for fleet license plate embossed on the right side of the plate.

Fleet Vehicle Temporary Tag Pilot Program (Section 21)

Present Situation

Section 320.131, F.S., authorizes the DHSMV to design, issue, and regulate the use of temporary tags for use in certain cases provided in law when a permanent plate may not be immediately

[82] Section 320.08(12), F.S.
[83] Section 320.06(3), F.S.
[84] Section 320.13, F.S.
[85] Section 320.0657. DHSMV, Division of Motorist Services, Procedure RS-55, *Fleet Registration Program* (Feb. 8, 2013), http://www3.flhsmv.gov/dmv/Proc/RS/RS-55.pdf (last visited Feb. 16, 2018), provides that the fleet company must have a minimum of 200 vehicles or 25 trailers or semitrailers used exclusively to haul agricultural products.
[86] *Id.*
[87] A list of Florida's specialty license plates is available on the DHSMV website at http://www.flhsmv.gov/dmv/specialtytags/ (last visited Feb. 16, 2018).
[88] Section 320.08056, F.S.
[89] Section 320.08058, F.S.

available, and provides penalties for the misuse of temporary tags. Generally, a temporary tag is valid for 30 days.[90] Temporary tags cost $2 each, of which $1 is deposited into the Brain and Spinal Cord Injury Program Trust Fund and $1 into the Highway Safety Operating Trust Fund. DHSMV uses a print-on-demand electronic temporary tag registration, record retention, and issue system that is required to be used by every department-authorized issuer of temporary tags.[91] These issuers include motor vehicle dealers and tax collectors who frequently issue temporary tags on behalf of the DHSMV.

Effect of Proposed Changes

Section 21 amends s. 320.131, F.S., to create a Fleet Vehicle Temporary Tag Pilot Program. Beginning October 1, 2018, the DHSMV may partner with a county tax collector to conduct a pilot program that provides up to 50 temporary tags at a time to fleet companies who have at least 3,500 fleet vehicles registered in Florida. The DHSMV shall establish a memorandum of understanding (MOU) that allows a maximum of three companies to participate in the pilot program.

Under the pilot program:

- The temporary tags must be used exclusively on the company's fleet vehicles and may not be used on any other vehicle;
- Each temporary plate must be used on only one vehicle, and each vehicle may only use one temporary plate;
- Upon issuance of the vehicle's permanent license plate and registration, the temporary tag becomes invalid and must be removed from the vehicle and destroyed;
- Upon a finding by the DHSMV that a temporary tag has been misused under this program, the DHSMV may terminate the MOU with the company, invalidate all temporary tags issued to the company, and require the company to return any unused temporary tags.

This program is repealed on October 1, 2021, unless saved from repeal through reenactment by the Legislature.

Digital Driver Licenses and Electronic Credentials (Sections 22-26)

Present Situation

Section 322.032, F.S.,[92] provides for the establishment of a digital proof of driver license. This section requires the DHSMV to begin to review and prepare for the development of a secure and uniform system for issuing an optional digital proof of driver license. DHSMV is authorized to contract with one or more private entities to develop a digital proof of driver license system.

The digital proof of driver license developed by the DHSMV or by an entity contracted by the DHSMV is required to be in such a format as to allow law enforcement to verify the authenticity

[90] However, a temporary tag issued to a vehicle required to be weighed or emission tested prior to registration or required to have the vehicle identification number verified is valid for 10 days, and a temporary tag issued for a vehicle waiting for manufacturing of a purchased specialty or personalized prestige plate is valid for 90 days. *See* ss. 320.131(1)(f) and (j), F.S.
[91] Section 320.131(9), F.S.
[92] This section was created in 2014. *See* ch. 2014-216, Laws of Fla.

of the digital proof of driver license. The DHSMV may adopt rules to ensure valid authentication of digital driver licenses by law enforcement.

This section also establishes certain penalties for a person who manufacturers or possesses a false digital proof of driver license. Specifically, a person who:

- Manufactures a false digital proof of driver license commits a third degree felony, punishable by up to five years in prison[93] and a fine not to exceed $5,000.[94]
- Possesses a false digital proof of driver license commits a second degree misdemeanor, punishable by up to 60 days in jail.[95]

Currently, there are six states who are piloting or have completed pilot projects testing digital driver license applications with limited populations; however, no state has implemented use of a statewide digital driver license.[96] The American Association of Motor Vehicle Administrators (AAMVA) represents state and provincial officials who administer and enforce motor vehicle laws in the United States and Canada, and develops programs to encourage uniformity and reciprocity among the states and provinces, including developing driver license and identification card design standards.[97] The AAMVA has brought together its Card Design Standard Committee and an Electronic Identity Working Group to recommend standards regarding the use of mobile or electronic driver licenses and identification cards.[98]

At this time, AAMVA has not released its standards for electronic identification, but has produced a continuously updated white paper discussing the functional needs for and practical considerations associated with a mobile driver license solution.[99]

Effect of Proposed Changes

The bill replaces references in the Florida Statutes to a "digital proof of driver license" with the term "electronic credential," which refers to an electronic driver license or identification card which is viewable on an electronic credential system capable of being verified and authenticated. The bill provides requirements to implement the creation and use of statewide electronic credentials.

Section 22 amends s. 322.01, F.S., to define terms as used in ch. 322, F.S., relating to driver licenses. Specifically, the bill defines the terms "electronic",[100] "electronic credential,"

[100] This definition is identical to the definition of "electronic" as used in Florida's Uniform Electronic Transaction Act. See s. 668.50(2)(e), F.S.

"electronic credential holder," "electronic credential provider," "electronic credential system," "electronic device," and "electronic record."[101]

Section 23 amends s. 322.032(1), F.S. to require the DHSMV to develop and implement secure and uniform protocols that comply with national standards for issuing an optional electronic credential. The bill also requires the DHSMV to:

- Procure[102] a related technology solution that uses a revenue-sharing model;
- Procure one or more electronic credential providers to develop and implement a secure electronic credential system;
- Maintain the protocols and national standards necessary for an electronic credential provider to request authorized access to an application programming interface, or an appropriate technological tool, necessary for such private entity to consume an electronic credential;
- Timely review requests for authorized access and approve all requests by electronic credential providers which meet the DHSMV's requirements; and
- Enter into an agreement with electronic credential providers which describe the permitted uses, terms and conditions, privacy policy, and uniform remittance terms relating to the consumption of an electronic credential.

The electronic credential and verification solution must:

- Have the necessary technological capabilities to execute the authentication of an electronic credential across all states, jurisdictions, federal and state agencies, and municipalities; and
- Provide system integration:
  - For qualified and authorized entities to securely consume the electronic credential;
  - For the production of a fully compliant electronic credential by qualified and authorized providers; and
  - To successfully ensure secure authentication and validation of data from disparate sources.

This section authorizes the DHSMV to issue electronic credentials to persons who hold a Florida driver license or identification card. Additionally, the DHSMV may assess a fee for use of the electronic credential and verification solution. Any revenue generated from the electronic credential system must be collected by the DHSMV and distributed pursuant to a legislative appropriation and the DHSMV agreements with the electronic credential provider. Any revenue shared between the state and the provider must be based solely on revenues derived from the purchase of the optional, electronic credential.

This section requires the DHSMV to provide access to a standardized digital transaction process for use by the approved provider to enable the financial transaction be completed in such a manner that the proceeds are accepted by the DHSMV at the point of sale. This process must enable the providers of the credential to direct through their electronic commerce workflow to a standardized checkout process and be able to document the providers involved.

[101] This definition is identical to the definition of "electronic record" as used in Florida's Uniform Electronic Transaction Act. See s. 668.50(2)(g), F.S.
[102] Through a competitive solicitation process pursuant to s. 287.057, F.S.

This section also amends s. 322.032(2), F.S. to require the electronic credential to be in a format that allows law enforcement or an authorized consumer to verify the authenticity of the credential, identify the identity of the holder, and to validate the status of the holder's driving privilege associated with the credential. It provides that the act of presenting the electronic credential to a law enforcement officer does not constitute consent for inspection of any information on the device other than the displayed credential, and the person who presents the device assumes liability for any resulting damage to the device.

Finally, the bill amends various sections of statute to replace the term "digital proof of driver license" or add the term "electronic credential." Specifically:

- **Section 23** amends s. 322.032(3), F.S., to prohibit a person from being issued an electronic credential until he or she has satisfied all requirements of ch. 322, F.S., to be issued a physical driver license or identification card;
- **Section 23** amends s. 322.032(4), F.S., to penalize a person who manufactures or possesses a false electronic credential;
- **Section 24** amends s. 322.059, F.S., to require the DHSMV invalidate the electronic credential if the person's driver license has been suspended;
- **Section 25** amends s. 322.143, F.S., to add that the term "swipe" used in reference to the use of a driver license or identification card includes consuming an electronic credential; and
- **Section 26** amends s. 322.15, F.S., to authorize a licensee to present or submit the electronic credential upon request of a law enforcement officer or an authorized representative of the DHSMV in lieu of a physical driver license.

Renting a Motor Vehicle to Another (Section 27)

Present Situation

Section 322.38, F.S., sets the requirements for an individual who wishes to rent a motor vehicle to another. These include that the individual inspects the

- Driver license of the person to whom the vehicle is to be rented, and compares and verifies the signature thereon with the signature of such person written in his or her presence before the vehicle can be rented.
- Further, the individual must keep a record of the registration number of the motor vehicle rented, the name and address of the person renting and the number, date, and place of issue.

Effect of Proposed Changes

Section 27 amends s. 322.38, F.S., to eliminate the requirement that a person renting a motor vehicle to another verify the latter individual's signature on his or her driver license, and adds the requirement that the individual renting the vehicle to another verify that the renter's driver license is unexpired. The bill also eliminates the requirement that the individual renting the vehicle to another record the date on which the driver license was issued.

This section creates s. 322.38(4), F.S., to provide that a rental car company that rents a motor vehicle to a person through digital, electronic, or other means which allows the renter to obtain possession of the vehicle without direct contact with an agent or employee of the rental car company, or where the renter does not execute a rental contract at the time he or she takes possession of the vehicle, is deemed to have met the license inspection requirements if the renter

verifies that he or she is duly licensed and the license is unexpired. Such verification *may* occur when the renter enrolls in a rental company's membership program, master agreement, or other means of establishing use of the company's services or at any time thereafter.

Cargo Theft (Section 31)

Present Situation

First degree grand theft, a first degree felony, is theft of:
- Property valued at $100,000 or more.
- A semitrailer deployed by a law enforcement officer.
- Cargo valued at $50,000 or more in specified circumstances.

First degree grand theft also includes any grand theft in which, in the course of committing the offense, a motor vehicle is used as specified or the offender causes damage to the real or personal property of another in excess of $1,000.[103]

A first degree felony is punishable by up to 30 years in state prison and a fine of up to $10,000.[104]

Currently, it is a second degree misdemeanor[105] to, without authority, willfully, maliciously, or intentionally tamper with, attempt to tamper with, or otherwise interfere with any motor vehicle or trailer of another which results in the:
- Cargo or contents of such motor vehicle or trailer becoming unloaded or damaged; or
- Mechanical functions of such motor vehicle or trailer becoming inoperative or impaired.[106]

Global positioning system (GPS) jammers are devices using radio frequency transmitters in order to intentionally block, jam, or interfere with GPS systems. It is illegal to market, sell, or use GPS jammers in the United States.[107] Such devices have been linked to cargo thefts throughout the United States.[108]

Effect of Proposed Changes

Section 31 amends s. 812.014(2), F.S., to create a new first degree grand theft crime. A person commits first degree grand theft if he or she commits cargo theft and uses a device in the course of committing the offense to defeat, block, disable, jam, or interfere with a GPS or similar system designed to identify the location of the cargo or the vehicle or trailer carrying the cargo.

[103] Section 812.014(2)(a), F.S.
[104] Sections 775.082 and 775.083, F.S.
[105] A second degree misdemeanor is punishable by up to 60 days imprisonment in county jail and a fine of up to $500. Id.
[106] Section 860.17, F.S.
[107] See GPS.gov, *Information About GPS Jamming*, http://www.gps.gov/spectrum/jamming/ (last visited Feb. 16, 2018).
[108] Federal Bureau of Investigation, Private Industry Notification 141002-001, *Cargo Thieves use GPS Jammers to Mask GPS Trackers* (Oct. 2, 2014), https://info.publicintelligence.net/FBI-CargoThievesGPS.pdf (last visited Feb. 16, 2018).

"Cargo" is "partial or entire shipments, containers, or cartons of property which are contained in or on a trailer, motortruck, aircraft, vessel, warehouse, freight station, freight consolidation facility, or air navigation facility."[109]

Conforming Changes (Sections 28 and 30)

The bill amends ss. 322.61 and 655.960, F.S., to make conforming changes to cross-references.

Effective Date (Section 32)

Except as otherwise provided, the bill takes effect October 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill exempts Florida resident from certificate of title fees when he or she is transferring a Florida-titled vehicle into his or her name from a deceased owner who is his or her spouse, parent, child, or sibling. The DHSMV estimated[110] that exempting surviving "next of kin" from title fees would have a recurring negative impact of approximately $10.3 million (and projected to increase $200,000 every year). Of which, an estimated $600,000 would be to the local government, $3.1 million to the State Transportation Trust Fund and the HSOTF, and $6.6 million to the General Revenue Fund.

B. Private Sector Impact:

The bill may have a positive fiscal impact on:

- Manufacturers of PDDs and mobile carriers that will be authorized to be operated on sidewalks and crosswalks in the state;

[109] Section 812.012(1), F.S.
[110] Email from the DHSMV (Feb. 16, 2018) on file with the Appropriations Subcommittee on Transportation, Tourism, and Economic Development.

- Residents of the state who will not have to pay fees to transfer a Florida-registered motor vehicle title into their name upon inheritance of the vehicle from their spouses, childs, parents, or siblings;
- Entities that will be authorized to use the DHSMV's EFS system;
- Operators of motor vehicle platoons and manufacturers of platooning technology that will be authorized to operate on Florida roadways;
- Specialty license plate organizations if motor vehicle dealers or fleet companies choose to purchase the organization's specialty license plate; and
- Fleet companies who qualify to be part of the Fleet Vehicle Temporary Tag pilot program and will be able to receive up to 50 temporary tags at a time, which can reduce the amount of time a replacement fleet vehicle is inoperable while awaiting permanent registration and title.

The bill creates a new crime for persons who commit grand theft while using a device to interfere with a GPS or similar system that is designed to identify the location of the cargo or the vehicle or trailer carrying the cargo. This provision may deter cargo theft. A first degree felony is generally punishable by up to 30 years in state prison and a fine of up to $10,000.

There is a potential fiscal impact to the CMV industry associated with changes to the CMV regulations contained in the bill; however, the impact is indeterminate at this time.

C. Government Sector Impact:

The bill may have a negative, but indeterminate impact on the DHSMV, the HSOTF, the State Transportation Trust Fund, the General Revenue Fund, and local tax collectors. DHSMV will incur programming and implementation costs associated with changes made by the bill.

The bill makes changes to address compliance issues with federal laws relating to commercial motor vehicles. According to the DHSMV, if Florida fails to comply with FMCSA compatibility requirements, Florida may experience a reduction of up to four percent of Federal-aid highway funds following the first year of noncompliance and up to eight percent for subsequent years.[111] Noncompliance may also affect the potential award of future grants.

The Criminal Justice Impact Conference, which provides the final, official prison bed impact, if any, of legislation has not yet reviewed the bill to determine the overall prison bed impact of the bill. A preliminary estimate by conference staff indicates that the bill would have a positive indeterminate impact on prison beds, meaning the bill will result in an unquantifiable increase in prison beds.

VI. Technical Deficiencies:

None.

[111] Email from the DHSMV (Feb. 17, 2017) (on file with the Senate Committee on Transportation).

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 316.003, 316.008, 316.0895, 316.2071, 316.302, 316.303, 316.85, 319.141, 319.32, 320.01, 320.02, 320.03, 320.06, 320.0605, 320.0607, 320.0657, 320.08, 320.08056, 320.131, 322.01, 322.032, 322.059, 322.143, 322.15, 322.38, 324.021, and 812.014.

This bill creates section 316.0897 of the Florida Statutes.

This bill repeals section 316.0896 of the Florida Statutes.

This bill amends the following sections of the Florida Statutes to conform cross-references: 322.61 and 655.960.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 14, 2018:
The CS changes the "relating to" clause of the bill to "[a]n act relating to transportation" and adds several new provisions to the bill. The CS:

- Defines "mobile carriers" and provides regulations for such devices;
- Increases the allowable weight of PDDs to less than 100 pounds, instead of less than 80 pounds;
- Repeals s. 316.0895(2), F.S., which prohibits trucks and vehicles towing other vehicles or trailers from following one another within 300 feet on roadways outside of a business or residence district;
- Revises s. 316.302(1)(e), F.S., created by the bill, to exempt certain intrastate motor carriers from federal electronic logging device and hours of service support document requirements until December 31, 2018, instead of 2019, to remain compliant with federal law;
- Authorizes the Florida Turnpike Enterprise to fund, construct, and operate test facilities for the advancement of autonomous and connected transportation technology solutions for improving safety and congestion;
- Extends the Pilot Rebuilt Motor Vehicle Inspection Program to July 1, 2020, requires the DHSMV submit a report evaluating the program by January 1, 2019, and provides additional requirements for the program;
- Prohibits the DHSMV or tax collectors from charging title transfer fees when transferring a motor vehicle title from a deceased owner to the deceased's spouse, parent, child, or sibling;

- Expands businesses that may be authorized to use the DHSMV's electronic filing system to an entity that, in the normal course of its business, process title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles;
- Authorizes an electronic copy of a motor vehicle certificate of registration or motor vehicle rental or lease documentation be accepted by law enforcement or agents of the DHSMV as proof of possession of such documentation, and provides restrictions and liability regarding the electronic device displaying such documentation;
- Removes reference in Florida Statutes to "digital proof of driver license" and replaces such term with "electronic credentials";
- Requires the DHSMV implement protocols for issuing an optional electronic credential, provides requirements for the procurement of electronic credential and verification solution providers (including technological requirements), and authorizes the issuance and use of electronic credentials;
- Provides that a motor vehicle rental company is deemed to have met the requirements of inspecting a driver license and prohibiting the rental of a motor vehicle to a person required to be licensed who is not, if the renter verifies he or she holds a valid driver license and the vehicle is rented from the company through digital, electronic, or other means not requiring direct contact with an employee of the rental company;
- Removes a requirement that a person who rents a vehicle to another person compare the signature of the renter with the renter's driver license signature; instead the person must verify that the renter's driver license is unexpired; and
- Makes technical and cross-reference changes to the bill.

CS by Transportation on January 18, 2018:
The CS changes the "relating to" clause of the bill to "[a]n act relating to commercial motor vehicles," and adds numerous provisions to the bill. The CS:

- Repeals s. 316.0896, F.S., creating the Assistive Truck Platooning Technology Pilot Program, which has been conducted by the FDOT in consultation with the DHSMV;
- Removes the definition of "driver-assistive truck platooning technology" and reference to the term in the Florida Statues;
- Authorizes a motor vehicle platoon to be operated on Florida roadways after an operator provides notification to the FDOT and DHSMV;
- Defines the term "platoon" for purposes of ch. 316, F.S., and exempts certain operators of platoons from state laws relating to "following too closely" and television receiver prohibitions;
- Updates various commercial motor vehicle regulations to address compatibility issues with federal law and the International Registration Plan;
- Allows motor vehicle dealers and fleet companies to purchase specialty license plates;
- Creates a Fleet Vehicle Temporary Tag pilot program; and
- Provides enhanced penalties for persons who commit grand theft while using any device to interfere with a GPS or similar system.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

419998

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/02/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Brandes) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Subsection (1) of section 20.23, Florida Statutes, is amended to read:

20.23 Department of Transportation.—There is created a Department of Transportation which shall be a decentralized agency.

(1)(a) The Department of Transportation shall consist of:

1. A central office, which establishes policies and procedures; and

2. Districts, which carry out projects as authorized or required under the policies and procedures of the central office established pursuant to paragraph (3)(a).

(b) ~~(a)~~ The head of the Department of Transportation is the Secretary of Transportation. The secretary shall be appointed by the Governor, ~~from among three persons nominated by the Florida Transportation Commission and shall be~~ subject to confirmation by the Senate. The secretary shall serve at the pleasure of the Governor.

(c) ~~(b)~~ The secretary shall be a proven, effective administrator who, by a combination of education and experience, clearly possesses ~~shall clearly possess~~ a broad knowledge of the administrative, financial, and technical aspects of the development, operation, and regulation of transportation systems and facilities or comparable systems and facilities.

(d) ~~(c)~~ The secretary shall provide to the Florida Transportation Commission or its staff~~,~~ such assistance, information, and documents as are requested by the commission or its staff to enable the commission to fulfill its duties and responsibilities.

(e) ~~(d)~~ The secretary may appoint up to three assistant secretaries who shall be directly responsible to the secretary and who shall perform such duties as are assigned by the secretary. The secretary shall designate to an assistant secretary the duties related to enhancing economic prosperity, including, but not limited to, the responsibility of liaison with the head of economic development in the Executive Office of

the Governor. Such assistant secretary shall be directly responsible for providing the Executive Office of the Governor with investment opportunities and transportation projects that expand the state's role as a global hub for trade and investment and enhance the supply chain system in the state to process, assemble, and ship goods to markets throughout the eastern United States, Canada, the Caribbean, and Latin America. The secretary may delegate to any assistant secretary the authority to act in the absence of the secretary.

(f) ~~(e)~~ Any secretary appointed after July 5, 1989, and the assistant secretaries shall be exempt from the provisions of part III of chapter 110 and shall receive compensation commensurate with their qualifications and competitive with compensation for comparable responsibility in the private sector.

Section 2. Subsection (20) of section 316.003, Florida Statutes, is amended, present subsections (21) through (37) of that section are redesignated as subsections (20) through (36), respectively, new subsections (37) and (52) are added to that section, present subsections (52) through (99) of that section are redesignated as subsections (53) through (100), respectively, and subsections (40) and (51) and present subsections (57) and (97) of that section are amended, to read:

316.003 Definitions.—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

~~(20) DRIVER-ASSISTIVE TRUCK PLATOONING TECHNOLOGY.—Vehicle automation and safety technology that integrates sensor array,~~

~~wireless vehicle-to-vehicle communications, active safety systems, and specialized software to link safety systems and synchronize acceleration and braking between two vehicles while leaving each vehicle's steering control and systems command in the control of the vehicle's driver in compliance with the National Highway Traffic Safety Administration rules regarding vehicle-to-vehicle communications.~~

(37) MOBILE CARRIER.—An electrically powered device that:

(a) Is operated on sidewalks and crosswalks and is intended primarily for transporting property;

(b) Weighs less than 80 pounds, excluding cargo;

(c) Has a maximum speed of 12.5 mph; and

(d) Is equipped with a technology to transport personal property with the active monitoring of a property owner, and primarily designed to remain within 25 feet of the property owner.

A mobile carrier is not considered a vehicle or personal delivery device unless expressly defined by law as a vehicle or personal delivery device.

(40) MOTOR VEHICLE.—Except when used in s. 316.1001, a self-propelled vehicle not operated upon rails or guideway, but not including any bicycle, motorized scooter, electric personal assistive mobility device, mobile carrier, personal delivery device, swamp buggy, or moped. For purposes of s. 316.1001, "motor vehicle" has the same meaning as provided in s. 320.01(1)(a).

(51) PERSONAL DELIVERY DEVICE.—An electrically powered device that:

(a) Is operated on sidewalks and crosswalks and intended primarily for transporting property;

(b) Weighs less than 100 ~~80~~ pounds, excluding cargo;

(c) Has a maximum speed of 10 miles per hour; and

(d) Is equipped with technology to allow for operation of the device with or without the active control or monitoring of a natural person.

A personal delivery device is not considered a vehicle unless expressly defined by law as a vehicle. A mobile carrier is not considered a personal delivery device.

(52) PLATOON.—A group of individual truck-tractor semi-trailer combinations which do not require placards traveling in a unified manner via wireless communications at electronically coordinated speeds and following distances.

(58) ~~(57)~~ PRIVATE ROAD OR DRIVEWAY.—Except as otherwise provided in paragraph (80)(b) ~~(79)(b)~~, any privately owned way or place used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons.

(98) ~~(97)~~ VEHICLE.—Every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except personal delivery devices, mobile carriers, and devices used exclusively upon stationary rails or tracks.

Section 3. Paragraph (b) of subsection (7) of section 316.008, Florida Statutes, is amended to read:

316.008 Powers of local authorities.—

(7)

(b)1. Except as provided in subparagraph 2., a personal

delivery device and a mobile carrier may be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law. This paragraph does not restrict a county or municipality from otherwise adopting regulations for the safe operation of personal delivery devices and mobile carriers.

2. A personal delivery device may not be operated on the Florida Shared-Use Nonmotorized Trail Network created under s. 339.81 or components of the Florida Greenways and Trails System created under chapter 260.

Section 4. Section 316.0895, Florida Statutes, is amended to read:

316.0895 Following too closely.—

(1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon, and the condition of, the highway. This section may not be construed to prevent overtaking and passing.

~~(2) It is unlawful for the driver of any motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer, when traveling upon a roadway outside of a business or residence district, to follow within 300 feet of another motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer. The provisions of this subsection shall not be construed to prevent overtaking and passing nor shall the same apply upon any lane specially designated for use by motor trucks or other slow-moving vehicles.~~

(2)~~(3)~~ Motor vehicles being driven upon any roadway outside

of a business or residence district in a caravan or motorcade, whether or not towing other vehicles, shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions.

(3)~~(4)~~ A violation of this section is a noncriminal traffic infraction, punishable as a moving violation as provided in chapter 318.

Section 5. Section 316.0896, Florida Statutes, is repealed.

Section 6. Section 316.0897, Florida Statutes, is created to read:

316.0897 Platoons.—

(1) A platoon may be operated on a roadway in this state after an operator does all of the following:

(a) Provides notification to the Department of Highway Safety and Motor Vehicles.

(b) Obtains a permit for such operation from the Department of Transportation.

(2) The Department of Transportation shall adopt rules for the issuance of permits for the operation of platoons. Such rules shall be adopted in consultation with all interested parties and must address all of the following:

(a) The safety of the traveling public.

(b) The preservation of infrastructure.

(c) Platooning technology.

(3) This section is repealed effective October 1, 2023, unless reviewed and saved from repeal by the Legislature.

Section 7. Section 316.2071, Florida Statutes, is amended

to read:

316.2071 Personal delivery devices and mobile carriers.—

(1) Notwithstanding any provision of law to the contrary, a personal delivery device or mobile carrier may operate on sidewalks and crosswalks, subject to s. 316.008(7)(b). A personal delivery device or mobile carrier operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the personal delivery device or mobile carrier must not unreasonably interfere with pedestrians or traffic and must yield the right-of-way to pedestrians on the sidewalk or crosswalk.

(2) A personal delivery device and a mobile carrier must:

(a) Obey all official traffic and pedestrian control signals and devices.

(b) For personal delivery devices, include a plate or marker that has a unique identifying device number and identifies the name and contact information of the personal delivery device operator.

(c) Be equipped with a braking system that, when active or engaged, enables the personal delivery device or mobile carrier to come to a controlled stop.

(3) A personal delivery device and a mobile carrier may not:

(a) Operate on a public highway except to the extent necessary to cross a crosswalk.

(b) Operate on a sidewalk or crosswalk unless the personal delivery device operator is actively controlling or monitoring the navigation and operation of the personal delivery device or a property owner remains within 25 feet of the mobile carrier.

(c) Transport hazardous materials as defined in s. 316.003.

(4) A person who owns and operates a personal delivery device in this state must maintain an insurance policy, on behalf of himself or herself and his or her agents, which provides general liability coverage of at least $100,000 for damages arising from the combined operations of personal delivery devices under the entity’s or agent’s control.

Section 8. Subsection (1) and paragraphs (a), (c), (d), and (f) of subsection (2) of section 316.302, Florida Statutes, are amended to read:

316.302 Commercial motor vehicles; safety regulations; transporters and shippers of hazardous materials; enforcement.—

(1) Except as otherwise provided in subsection (3):

(a) All owners and drivers of commercial motor vehicles that are operated on the public highways of this state while engaged in interstate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 385, and 390-397.

(b) Except as otherwise provided in this section, all owners or drivers of commercial motor vehicles that are engaged in intrastate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 383, 385, and 390-397~~, with the exception of 49 C.F.R. s. 390.5 as it relates to the definition of bus,~~ as such rules and regulations existed on December 31, 2017 ~~2012~~.

(c) The emergency exceptions provided by 49 C.F.R. s. 392.82 also apply to communications by utility drivers and utility contractor drivers during a Level 1 activation of the State Emergency Operations Center, as provided in the Florida Comprehensive Emergency Management plan, or during a state of

emergency declared by executive order or proclamation of the Governor.

(d) Except as provided in ~~s. 316.215(5), and except as provided in~~ s. 316.228 for rear overhang lighting and flagging requirements for intrastate operations, the requirements of this section supersede all other safety requirements of this chapter for commercial motor vehicles.

(e) For motor carriers engaged in intrastate commerce who are not carrying hazardous materials in amounts that require placards, the requirement for electronic logging devices and hours of service support documents shall take effect December 31, 2018.

(2)(a) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 need not comply with 49 C.F.R. ss. 391.11(b)(1) and 395.3 ~~395.3(a) and (b)~~.

(c) Except as provided in 49 C.F.R. s. 395.1, a person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 may not drive after having been on duty more than 70 hours in any period of 7 consecutive days or more than 80 hours in any period of 8 consecutive days if the motor carrier operates every day of the week. Thirty-four consecutive hours off duty shall constitute the end of any such period of 7 or 8 consecutive days. This weekly limit does not apply to a person who operates a commercial motor vehicle solely within this state while transporting, during harvest periods, any unprocessed

agricultural products or unprocessed food or fiber that is subject to seasonal harvesting from place of harvest to the first place of processing or storage or from place of harvest directly to market or while transporting livestock, livestock feed, or farm supplies directly related to growing or harvesting agricultural products. Upon request of the Department of Highway Safety and Motor Vehicles, motor carriers shall furnish time records or other written verification to that department so that the Department of Highway Safety and Motor Vehicles can determine compliance with this subsection. These time records must be furnished to the Department of Highway Safety and Motor Vehicles within 2 days after receipt of that department's request. Falsification of such information is subject to a civil penalty ~~not to exceed $100~~. ~~The provisions of~~ This paragraph does ~~do~~ not apply to operators of farm labor vehicles operated during a state of emergency declared by the Governor or operated pursuant to s. 570.07(21)~~,~~ and does ~~do~~ not apply to drivers of utility service vehicles as defined in 49 C.F.R. s. 395.2.

(d) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 within a 150 air-mile radius of the location where the vehicle is based need not comply with 49 C.F.R. s. 395.8~~,~~ if the requirements of 49 C.F.R. s. 395.1(e)(1)(ii), (iii)(A) and (C), ~~395.1(e)(1)(iii)~~ and (v) are met. ~~If a driver is not released from duty within 12 hours after the driver arrives for duty, the motor carrier must maintain documentation of the driver's driving times throughout the duty period.~~

(f) A person who operates a commercial motor vehicle having

a ~~declared~~ gross vehicle weight, gross vehicle weight rating, and gross combined weight rating of less than 26,001 pounds solely in intrastate commerce and who is not transporting hazardous materials in amounts that require placarding pursuant to 49 C.F.R. part 172~~, or who is transporting petroleum products as defined in s. 376.301,~~ is exempt from subsection (1). However, such person must comply with 49 C.F.R. parts 382, 392, and 393~~,~~ and with 49 C.F.R. ss. 396.3(a)(1) and 396.9.

Section 9. Subsection (3) of section 316.303, Florida Statutes, is amended to read:

316.303 Television receivers.—

(3) This section does not prohibit the use of an electronic display used in conjunction with a vehicle navigation system; an electronic display used by an operator of a vehicle equipped with autonomous technology, as defined in s. 316.003; or an electronic display used by an operator of a platoon ~~vehicle equipped and operating with driver-assistive truck platooning technology~~, as defined in s. 316.003.

Section 10. Subsection (3) is added to section 316.85, Florida Statutes, to read:

316.85 Autonomous vehicles; operation.—

(3) The Florida Turnpike Enterprise may fund, construct, and operate test facilities for the advancement of autonomous and connected innovative transportation technology solutions for the purposes of improving safety and decreasing congestion for the traveling public and to otherwise advance the enterprise's objectives as set forth under the Florida Transportation Code.

Section 11. Section 319.141, Florida Statutes, is amended to read:

419998

319.141 Pilot rebuilt motor vehicle inspection program.—

(1) As used in this section, the term:

(a) "Facility" means a rebuilt motor vehicle inspection facility authorized and operating under this section.

(b) "Rebuilt inspection services" means an examination of a rebuilt vehicle and a properly endorsed certificate of title, salvage certificate of title, or manufacturer's statement of origin and an application for a rebuilt certificate of title, a rebuilder's affidavit, a photograph of the junk or salvage vehicle taken before repairs began, a photograph of the interior driver and passenger sides of the vehicle if airbags were previously deployed and replaced, receipts or invoices for all major component parts, as defined in s. 319.30, and repairs which were changed, and proof that notice of rebuilding of the vehicle has been reported to the National Motor Vehicle Title Information System.

(2) ~~By July 1, 2015,~~ The department shall oversee a pilot program in Miami-Dade County to evaluate alternatives for rebuilt inspection services offered by existing private sector operators, including the continued use of private facilities, the cost impact to consumers, and the potential savings to the department.

(3) The department shall establish a memorandum of understanding that allows private parties participating in the pilot program to conduct rebuilt motor vehicle inspections and specifies requirements for oversight, bonding and insurance, procedures, and forms and requires the electronic transmission of documents.

(4) Before an applicant is approved or renewed, the

department shall ensure that the applicant meets basic criteria designed to protect the public. At a minimum, the applicant shall meet all of the following requirements:

(a) Have and maintain a surety bond or irrevocable letter of credit in the amount of $100,000 executed by the applicant.

(b) Secure and maintain a facility at a permanent fixed structure which has ~~at~~ an address identified by a county-issued tax folio number and recognized by the United States Postal Service where the only services provided on such property are rebuilt inspection services. The operator of a facility shall annually attest that:

1. He or she is not employed by or does not have an ownership interest in or other financial arrangement with the owner, operator, manager, or employee of a motor vehicle repair shop as defined in s. 559.903, a motor vehicle dealer as defined in s. 320.27(1)(c), a towing company, a vehicle storage company, a vehicle auction, an insurance company, a salvage yard, a metal retailer, or a metal rebuilder, from which he or she receives remuneration, directly or indirectly, for the referral of customers for rebuilt inspection services;

2. There have been no changes to the ownership structure of the approved facility; and

3. The only services being provided by the operator of the facility at the property are rebuilt vehicle inspection services approved by the department.

(c) Have and maintain garage liability and other insurance required by the department.

(d) Have completed criminal background checks of the owners, partners, and corporate officers and the inspectors

employed by the facility.

(e) Have a designated office and customer waiting area that is separate from and not within view of the vehicle inspection area. The vehicle inspection area must be capable of accommodating all vehicle types and must be equipped with cameras allowing the department to view and monitor every inspection.

(f) ~~(e)~~ Meet any additional criteria the department determines necessary to conduct proper inspections.

(5) A participant in the program shall access vehicle and title information and enter inspection results through an electronic filing system authorized by the department and shall maintain records of each rebuilt vehicle inspection processed at such facility for at least 5 years.

(6) A participant in the program may not conduct an inspection of a vehicle rebuilt before its purchase by the current applicant. Such vehicles must be inspected by the department.

(7) Any applicant for a rebuilt title that fails an initial rebuilt inspection may have that vehicle reinspected only by the department or the facility that conducted the original inspection.

(8) Any person or business authorized by the department to train, certify, or recertify operators and inspectors of private rebuilt motor vehicle inspection facilities may not certify or recertify themselves or any of their employees.

(9) ~~(6)~~ The department shall conduct an onsite facility inspection at least twice a year and shall immediately terminate any operator from the program who fails to meet the minimum

eligibility requirements specified in subsection (4). Before any ~~a~~ change in ownership or transfer of a rebuilt inspection facility, the current operator must give the department 45 days' written notice of the intended sale or transfer. The prospective owner or transferee must meet the eligibility requirements of this section and execute a new memorandum of understanding with the department before operating the facility.

(10) ~~(7)~~ This section is repealed on July 1, 2020 ~~2018~~, unless saved from repeal through reenactment by the Legislature. On or before January 1, 2019, the department shall submit a written report to President of the Senate and Speaker of the House of Representatives evaluating the current program and the benefits to the consumer and the department.

Section 12. Subsection (7) of section 319.32, Florida Statutes, is amended to read:

319.32 Fees; service charges; disposition.—

(7) Notwithstanding any other provision of this section, the department and tax collector may not charge any fee or service charge, except for the expedited title fee, if applicable, for a certificate of title issued for a motor vehicle ~~solely~~ to:

(a) Remove a deceased coowner from a title registered in the names of two persons if the other coowner is the surviving spouse; or

(b) Transfer the title from a deceased owner to a surviving parent or any surviving child, if the parent or child is a resident of this state, the vehicle is titled in this state before the transfer, and the parent or child applies for the title transfer within 30 days after the death of the owner.

Section 13. Paragraph (a) of subsection (1) and subsection (24) of section 320.01, Florida Statutes, are amended to read:

320.01 Definitions, general.—As used in the Florida Statutes, except as otherwise provided, the term:

(1) "Motor vehicle" means:

(a) An automobile, motorcycle, truck, trailer, semitrailer, truck tractor and semitrailer combination, or any other vehicle operated on the roads of this state, used to transport persons or property, and propelled by power other than muscular power, but the term does not include traction engines, road rollers, personal delivery devices and mobile carriers as defined in s. 316.003, special mobile equipment as defined in s. 316.003, vehicles that run only upon a track, bicycles, swamp buggies, or mopeds.

(24) "Apportionable vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, ~~buses used in transportation of chartered parties,~~ and government-owned vehicles, which is used or intended for use in two or more member jurisdictions that allocate or proportionally register vehicles and which is used for the transportation of persons for hire or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a power unit having a gross vehicle weight in excess of 26,000 pounds;

(b) Is a power unit having three or more axles, regardless of weight; or

(c) Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

Vehicles, or combinations thereof, having a gross vehicle weight of 26,000 pounds or less and two-axle vehicles may be proportionally registered.

Section 14. Paragraph (v) is added to subsection (15) of section 320.02, Florida Statutes, and subsection (19) of that section is amended, to read:

320.02 Registration required; application for registration; forms.—

(15)

(v) Notwithstanding s. 320.023, the application form for motor vehicle registration and renewal of registration must include language permitting a voluntary contribution of $1 per applicant to aid in Alzheimer's and other related dementia research. Contributions made pursuant to this paragraph shall be distributed to the Alzheimer's Association, Inc., for the purpose of supporting research conducted in this state.

For the purpose of applying the service charge provided in s. 215.20, contributions received under this subsection are not income of a revenue nature.

(19) A personal delivery device and a mobile carrier as defined in s. 316.003 are ~~is~~ not required to satisfy the registration and insurance requirements of this section.

Section 15. Effective January 1, 2019, subsection (10) of section 320.03, Florida Statutes, is amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(10) Jurisdiction over the electronic filing system for use

by authorized electronic filing system agents to electronically title or register motor vehicles, vessels, mobile homes, or off-highway vehicles; process title transactions, derelict motor vehicle certificates, and certificates of destruction for derelict and salvage motor vehicles pursuant to s. 319.30(2), (3), (7), and (8); issue or transfer registration license plates or decals; electronically transfer fees due for the title and registration process; and perform inquiries for title, registration, and lienholder verification and certification of service providers is expressly preempted to the state, and the department shall have regulatory authority over the system. The electronic filing system shall be available for use statewide and applied uniformly throughout the state. An entity that, in the normal course of its business, sells products that must be titled or registered; ~~,~~ provides title and registration services on behalf of its consumers; or processes title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles pursuant to s. 319.30(2), (3), (7), or (8); and meets all established requirements may be an authorized electronic filing system agent and shall not be precluded from participating in the electronic filing system in any county. Upon request from a qualified entity, the tax collector shall appoint the entity as an authorized electronic filing system agent for that county. ~~The department shall adopt rules in accordance with chapter 120 to replace the December 10, 2009, program standards and to administer the provisions of this section, including, but not limited to, establishing participation requirements, certification of service providers, electronic filing system~~

~~requirements, and enforcement authority for noncompliance. The December 10, 2009, program standards, excluding any standards which conflict with this subsection, shall remain in effect until the rules are adopted.~~ An authorized electronic filing system agent may charge a fee to the customer for use of the electronic filing system. The department may adopt rules to administer this subsection, including, but not limited to, rules establishing participation requirements, certification of service providers, electronic filing system requirements, disclosures, and enforcement authority for noncompliance.

Section 16. Paragraph (b) of subsection (1) and paragraph (a) of subsection (3) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-year period to a 10-year period. The fee for such replacement is $28, $2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next $28 replacement fee. The fees shall be deposited into the Highway Safety Operating Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by

the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period.

2. Before October 1, 2019, a vehicle that has an apportioned registration shall be issued an annual license plate and a cab card denoting ~~that denote~~ the declared gross vehicle weight ~~for each apportioned jurisdiction in which the vehicle is authorized to operate~~.

3. Beginning October 1, 2019, a vehicle registered in accordance with the International Registration Plan shall be issued a license plate for a 5-year period, an annual cab card denoting the declared gross vehicle weight, and an annual validation sticker showing the month and year of expiration. The validation sticker shall be placed in the center of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The fee for the initial validation sticker and any renewed validation sticker is $28. This fee shall be deposited into the Highway Safety Operating Trust Fund. A damaged or worn license plate may be replaced at no charge by applying to the department and surrendering the current license plate.

4.~~2.~~ In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

(3)(a) Registration license plates must be made of metal specially treated with a retroreflection material, as specified by the department. The registration license plate is designed to increase nighttime visibility and legibility and must be at least 6 inches wide and not less than 12 inches in length, unless a plate with reduced dimensions is deemed necessary by the department to accommodate motorcycles, mopeds, or similar smaller vehicles. Validation stickers must also be treated with a retroreflection material, must be of such size as specified by the department, and must adhere to the license plate. The registration license plate must be imprinted with a combination of bold letters and numerals or numerals, not to exceed seven digits, to identify the registration license plate number. The license plate must be imprinted with the word "Florida" at the top and the name of the county in which it is sold, the state motto, or the words "Sunshine State" at the bottom. Apportioned license plates must have the word "Apportioned" at the bottom and license plates issued for vehicles taxed under s. 320.08(3)(d), (4)(m) or (n), (5)(b) or (c), or (14) must have the word "Restricted" at the bottom. License plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Dealer" at the bottom unless the license plate is a specialty license plate as authorized in s. 320.08056. Manufacturer license plates issued for vehicles taxed under s. 320.08(12) must be imprinted with

the word "Florida" at the top and the word "Manufacturer" at the bottom. License plates issued for vehicles taxed under s. 320.08(5)(d) or (e) must be imprinted with the word "Wrecker" at the bottom. Any county may, upon majority vote of the county commission, elect to have the county name removed from the license plates sold in that county. The state motto or the words "Sunshine State" shall be printed in lieu thereof. A license plate issued for a vehicle taxed under s. 320.08(6) may not be assigned a registration license number, or be issued with any other distinctive character or designation, that distinguishes the motor vehicle as a for-hire motor vehicle.

Section 17. Section 320.0605, Florida Statutes, is amended to read:

320.0605 Certificate of registration; possession required; exception.—

(1)(a) The department-authorized paper or electronic registration certificate or an official copy thereof, a true copy or an electronic copy of rental or lease documentation issued for a motor vehicle or issued for a replacement vehicle in the same registration period, a temporary receipt printed upon self-initiated electronic renewal of a registration via the Internet, or a cab card issued for a vehicle registered under the International Registration Plan shall, at all times while the vehicle is being used or operated on the roads of this state, be in the possession of the operator thereof or be carried in the vehicle for which issued and shall be exhibited upon demand of any authorized law enforcement officer or any agent of the department, except for a vehicle registered under s. 320.0657. ~~The provisions of~~ This section does ~~do~~ not apply

during the first 30 days after purchase of a replacement vehicle. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(b)1. The act of presenting to a law enforcement officer or agent of the department an electronic device displaying an electronic copy of the registration certificate or the rental or lease documentation does not constitute consent for the officer or agent to access any information on the device other than the displayed rental or lease documentation.

2. The person who presents the device to the officer or agent assumes the liability for any resulting damage to the device.

(2) Rental or lease documentation that is sufficient to satisfy the requirement in subsection (1) includes the following:

(a) Date ~~of rental~~ and time of ~~exit from~~ rental ~~facility~~;

(b) Rental station identification;

(c) Rental agreement number;

(d) Rental vehicle identification number;

(e) Rental vehicle license plate number and state of registration;

(f) Vehicle’s make, model, and color;

(g) Vehicle’s mileage; and

(h) Authorized renter’s name.

Section 18. Subsection (5) of section 320.0607, Florida Statutes, is amended to read:

320.0607 Replacement license plates, validation decal, or mobile home sticker.—

(5) Upon the issuance of an original license plate, the applicant shall pay a fee of $28 to be deposited in the Highway Safety Operating Trust Fund. Beginning October 1, 2019, this subsection does not apply to a vehicle registered under the International Registration Plan.

Section 19. Paragraph (b) of subsection (2) of section 320.0657, Florida Statutes, is amended to read:

320.0657 Permanent registration; fleet license plates.—

(2)

(b) The plates, which shall be of a distinctive color, shall have the word "Fleet" appearing at the bottom and the word "Florida" appearing at the top unless the license plate is a specialty license plate as authorized in s. 320.08056. The plates shall conform in all respects to the provisions of this chapter, except as specified herein. For additional fees as set forth in s. 320.08056, fleet companies may purchase specialty license plates in lieu of the standard fleet license plates. Fleet companies shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 20. Subsection (12) of section 320.08, Florida Statutes, is amended to read:

320.08 License taxes.—Except as otherwise provided herein, there are hereby levied and imposed annual license taxes for the operation of motor vehicles, mopeds, motorized bicycles as defined in s. 316.003(3), tri-vehicles as defined in s. 316.003, and mobile homes as defined in s. 320.01, which shall be paid to and collected by the department or its agent upon the

registration or renewal of registration of the following:

(12) DEALER AND MANUFACTURER LICENSE PLATES.—A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate: $17 flat, of which $4.50 shall be deposited into the General Revenue Fund. For additional fees as set forth in s. 320.08056, dealers may purchase specialty license plates in lieu of the standard graphic dealer license plates. Dealers shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 21. Subsection (2) of section 320.08056, Florida Statutes, is amended to read:

320.08056 Specialty license plates.—

(2)(a) The department shall issue a specialty license plate to the owner or lessee of any motor vehicle, except a vehicle registered under the International Registration Plan, a commercial truck required to display two license plates pursuant to s. 320.0706, or a truck tractor, upon request and payment of the appropriate license tax and fees.

(b) The department may authorize dealer and fleet specialty license plates. With the permission of the sponsoring specialty license plate organization, a dealer or fleet company may purchase specialty license plates to be used on dealer and fleet vehicles.

(c) Notwithstanding s. 320.08058, a dealer or fleet specialty license plate must include the letters “DLR” or “FLT” on the right side of the license plate. Dealer and fleet

specialty license plates must be ordered directly through the department.

Section 22. Subsection (10) is added to section 320.131, Florida Statutes, to read:

320.131 Temporary tags.—

(10) Beginning October 1, 2018, the department may partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program to provide temporary tags to fleet companies to allow them to operate fleet vehicles awaiting a permanent registration and title.

(a) The department shall establish a memorandum of understanding that allows a maximum of three companies to participate in the pilot program and receive multiple temporary tags for company fleet vehicles.

(b) To participate in the program, a fleet company must have a minimum of 3,500 fleet vehicles registered in this state which qualify to be registered as fleet vehicles pursuant to s. 320.0657.

(c) The department may issue up to 50 temporary tags at a time to an eligible fleet company, if requested by such company.

(d) The temporary tags are for exclusive use on a vehicle purchased for the company’s fleet, and may not be used on any other vehicle.

(e) Each temporary plate may be used on only one vehicle and each vehicle may only use one temporary plate.

(f) Upon issuance of the vehicle’s permanent license plate and registration, the temporary tag becomes invalid and must be removed from the vehicle and destroyed.

(g) Upon a finding by the department that a temporary tag

has been misused by a fleet company under this program, the department may terminate the memorandum of understanding with the company, invalidate all temporary tags issued to the company under the program, and require such company to return any unused temporary tags.

(h) This subsection is repealed on October 1, 2021, unless saved from repeal through reenactment by the Legislature.

Section 23. Subsection (3) is added to section 320.95, Florida Statutes, to read:

320.95 Transactions by electronic or telephonic means.—

(3) The department may authorize the format of an electronic certificate of registration in addition to printing a paper registration certificate. If the paper certificate of registration is not available for inspection or is damaged or otherwise illegible, the operator may present for inspection an electronic device displaying a department-issued electronic certificate or registration issued pursuant to this section. Such presentation does not constitute consent for inspection of any information on the device other than the displayed certificate of registration. The person who presents the device to the officer assumes the liability for any resulting damage to the device.

Section 24. Section 322.01, Florida Statutes, is amended to read:

322.01 Definitions.—As used in this chapter:

(1) "Actual weight" means the weight of a motor vehicle or motor vehicle combination plus the weight of the load carried on it, as determined at a fixed scale operated by the state or as determined by use of a portable scale operated by a law

enforcement officer.

(2) "Alcohol" means any substance containing any form of alcohol including, but not limited to, ethanol, methanol, propanol, and isopropanol.

(3) "Alcohol concentration" means:

(a) The number of grams of alcohol per 100 milliliters of blood;

(b) The number of grams of alcohol per 210 liters of breath; or

(c) The number of grams of alcohol per 67 milliliters of urine.

(4) "Authorized emergency vehicle" means a vehicle that is equipped with extraordinary audible and visual warning devices, that is authorized by s. 316.2397 to display red or blue lights, and that is on call to respond to emergencies. The term includes, but is not limited to, ambulances, law enforcement vehicles, fire trucks, and other rescue vehicles. The term does not include wreckers, utility trucks, or other vehicles that are used only incidentally for emergency purposes.

(5) "Cancellation" means the act of declaring a driver license void and terminated.

(6) "Color photographic driver license" means a color photograph of a completed driver license form meeting the requirements prescribed in s. 322.14.

(7) "Commercial driver license" means a Class A, Class B, or Class C driver license issued in accordance with the requirements of this chapter.

(8) "Commercial motor vehicle" means any motor vehicle or motor vehicle combination used on the streets or highways,

419998

which:

(a) Has a gross vehicle weight rating of 26,001 pounds or more;

(b) Is designed to transport more than 15 persons, including the driver; or

(c) Is transporting hazardous materials and is required to be placarded in accordance with 49 C.F.R. part 172, subpart F.

A vehicle that occasionally transports personal property to and from a closed-course motorsport facility, as defined in s. 549.09(1)(a), is not a commercial motor vehicle if the use is not for profit and corporate sponsorship is not involved. As used in this subsection, the term "corporate sponsorship" means a payment, donation, gratuity, in-kind service, or other benefit provided to or derived by a person in relation to the underlying activity, other than the display of product or corporate names, logos, or other graphic information on the property being transported.

(9) "Controlled substance" means any substance classified as such under 21 U.S.C. s. 802(6), Schedules I-V of 21 C.F.R. part 1308, or chapter 893.

(10) "Convenience service" means any means whereby an individual conducts a transaction with the department other than in person.

(11)(a) "Conviction" means a conviction of an offense relating to the operation of motor vehicles on highways which is a violation of this chapter or any other such law of this state or any other state, including an admission or determination of a noncriminal traffic infraction pursuant to s. 318.14, or a

judicial disposition of an offense committed under any federal law substantially conforming to the aforesaid state statutory provisions.

(b) Notwithstanding any other provisions of this chapter, the definition of "conviction" provided in 49 C.F.R. s. 383.5 applies to offenses committed in a commercial motor vehicle or by a person holding a commercial driver license.

(12) "Court" means any tribunal in this state or any other state, or any federal tribunal, which has jurisdiction over any civil, criminal, traffic, or administrative action.

(13) "Credential service provider" means an electronic credential provider competitively procured by the department to supply secure credential services based on open standards for identity management and verification to qualified entities.

(14) "Declared weight" means the maximum loaded weight declared for purposes of registration, pursuant to chapter 320.

(15) ~~(14)~~ "Department" means the Department of Highway Safety and Motor Vehicles acting directly or through its duly authorized representatives.

(16) "Digital identity verifier" means a public or private entity that consumes the identity management services provided by the credential service provider.

(17) ~~(15)~~ "Disqualification" means a prohibition, other than an out-of-service order, that precludes a person from driving a commercial motor vehicle.

(18) ~~(16)~~ "Drive" means to operate or be in actual physical control of a motor vehicle in any place open to the general public for purposes of vehicular traffic.

(19) ~~(17)~~ "Driver license" means a certificate that, subject

881 to all other requirements of law, authorizes an individual to
882 drive a motor vehicle and denotes an operator's license as
883 defined in 49 U.S.C. s. 30301.
884 (20) "Electronic" means relating to technology having
885 electrical, digital, magnetic, wireless, optical,
886 electromagnetic, or similar capabilities.
887 (21) "Electronic credential" means an electronic
888 representation of a physical driver license or identification
889 card which is viewable on an electronic credential system and
890 capable of being verified and authenticated.
891 (22) "Electronic credential holder" means a person to whom
892 an electronic credential has been issued.
893 (23) "Electronic credential provider" means a qualified
894 entity contracted with the department to provide electronic
895 credentials to electronic credential holders.
896 (24) "Electronic credential system" means a computer system
897 used to display or transmit electronic credentials to a person
898 or verification system and that may be accessed using an
899 electronic device.
900 (25) "Electronic device" means a device or a portion of a
901 device that is designed for and capable of communicating across
902 a computer network with other computers or devices for the
903 purpose of transmitting, receiving, or storing data, including,
904 but not limited to, a cellular telephone, tablet, or other
905 portable device designed for and capable of communicating with
906 or across a computer network, and is used to render an
907 electronic credential.
908 (26) "Electronic ID" means a technology solution by which a
909 qualified entity authenticates the identity of an individual

receiving goods or services.

(27)~~(18)~~ "Endorsement" means a special authorization which permits a driver to drive certain types of vehicles or to transport certain types of property or a certain number of passengers.

(28)~~(19)~~ "Farmer" means a person who grows agricultural products, including aquacultural, horticultural, and forestry products, and, except as provided herein, employees of such persons. The term does not include employees whose primary purpose of employment is the operation of motor vehicles.

(29)~~(20)~~ "Farm tractor" means a motor vehicle that is:

(a) Operated principally on a farm, grove, or orchard in agricultural or horticultural pursuits and that is operated on the roads of this state only incidentally for transportation between the owner's or operator's headquarters and the farm, grove, or orchard or between one farm, grove, or orchard and another; or

(b) Designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(30)~~(21)~~ "Felony" means any offense under state or federal law that is punishable by death or by a term of imprisonment exceeding 1 year.

(31)~~(22)~~ "Foreign jurisdiction" means any jurisdiction other than a state of the United States.

(32)~~(23)~~ "Gross vehicle weight rating" means the value specified by the manufacturer as the maximum loaded weight of a single, combination, or articulated vehicle.

(33)~~(24)~~ "Hazardous materials" means any material that has

been designated as hazardous under 49 U.S.C. s. 5103 and is required to be placarded under subpart F of 49 C.F.R. part 172 or any quantity of a material listed as a select agent or toxin in 42 C.F.R. part 73.

(34) ~~(25)~~ "Medical examiner's certificate" means a document substantially in accordance with the requirements of 49 C.F.R. s. 391.43.

(35) ~~(26)~~ "Motorcycle" means a motor vehicle powered by a motor with a displacement of more than 50 cubic centimeters, having a seat or saddle for the use of the rider, and designed to travel on not more than three wheels in contact with the ground, but excluding a tractor, tri-vehicle, or moped.

(36) ~~(27)~~ "Motor vehicle" means any self-propelled vehicle, including a motor vehicle combination, not operated upon rails or guideway, excluding vehicles moved solely by human power, motorized wheelchairs, and motorized bicycles as defined in s. 316.003.

(37) ~~(28)~~ "Motor vehicle combination" means a motor vehicle operated in conjunction with one or more other vehicles.

(38) ~~(29)~~ "Narcotic drugs" means coca leaves, opium, isonipecaine, cannabis, and every substance neither chemically nor physically distinguishable from them, and any and all derivatives of same, and any other drug to which the narcotics laws of the United States apply, and includes all drugs and derivatives thereof known as barbiturates.

(39) ~~(30)~~ "Out-of-service order" means a prohibition issued by an authorized local, state, or Federal Government official which precludes a person from driving a commercial motor vehicle.

(40)~~(31)~~ "Owner" means the person who holds the legal title to a vehicle. However, if a vehicle is the subject of an agreement for the conditional sale or lease thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee or lessee, or if a mortgagor of a vehicle is entitled to possession, such conditional vendee, lessee, or mortgagor is the owner for the purpose of this chapter.

(41)~~(32)~~ "Passenger vehicle" means a motor vehicle designed to transport more than 15 persons, including the driver, or a school bus designed to transport more than 15 persons, including the driver.

(42)~~(33)~~ "Permit" means a document authorizing the temporary operation of a motor vehicle within this state subject to conditions established in this chapter.

(43) "Qualified entity" means a public or private entity which enters into a contract with the department, meets usage criteria, agrees to terms and conditions, and is authorized by the department to use the credential service provider for authentication and identification verification services.

(44)~~(34)~~ "Resident" means a person who has his or her principal place of domicile in this state for a period of more than 6 consecutive months, has registered to vote, has made a statement of domicile pursuant to s. 222.17, or has filed for homestead tax exemption on property in this state.

(45)~~(35)~~ "Restriction" means a prohibition against operating certain types of motor vehicles or a requirement that a driver comply with certain conditions when driving a motor

vehicle.

(46)~~(36)~~ "Revocation" means the termination of a licensee's privilege to drive.

(47)~~(37)~~ "School bus" means a motor vehicle that is designed to transport more than 15 persons, including the driver, and that is used to transport students to and from a public or private school or in connection with school activities, but does not include a bus operated by a common carrier in the urban transportation of school children. The term "school" includes all preelementary, elementary, secondary, and postsecondary schools.

(48)~~(38)~~ "State" means a state or possession of the United States, and, for the purposes of this chapter, includes the District of Columbia.

(49)~~(39)~~ "Street or highway" means the entire width between the boundary lines of a way or place if any part of that way or place is open to public use for purposes of vehicular traffic.

(50)~~(40)~~ "Suspension" means the temporary withdrawal of a licensee's privilege to drive a motor vehicle.

(51)~~(41)~~ "Tank vehicle" means a vehicle that is designed to transport any liquid or gaseous material within a tank either permanently or temporarily attached to the vehicle, if such tank has a designed capacity of 1,000 gallons or more.

(52)~~(42)~~ "United States" means the 50 states and the District of Columbia.

(53)~~(43)~~ "Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a public highway or operated upon rails or guideway, except a bicycle, motorized wheelchair, or motorized bicycle.

(54)~~(44)~~ "Identification card" means a personal identification card issued by the department which conforms to the definition in 18 U.S.C. s. 1028(d).

(55)~~(45)~~ "Temporary driver license" or "temporary identification card" means a certificate issued by the department which, subject to all other requirements of law, authorizes an individual to drive a motor vehicle and denotes an operator's license, as defined in 49 U.S.C. s. 30301, or a personal identification card issued by the department which conforms to the definition in 18 U.S.C. s. 1028(d) and denotes that the holder is permitted to stay for a short duration of time, as specified on the temporary identification card, and is not a permanent resident of the United States.

(56)~~(46)~~ "Tri-vehicle" means an enclosed three-wheeled passenger vehicle that:

(a) Is designed to operate with three wheels in contact with the ground;

(b) Has a minimum unladen weight of 900 pounds;

(c) Has a single, completely enclosed, occupant compartment;

(d) Is produced in a minimum quantity of 300 in any calendar year;

(e) Is capable of a speed greater than 60 miles per hour on level ground; and

(f) Is equipped with:

1. Seats that are certified by the vehicle manufacturer to meet the requirements of Federal Motor Vehicle Safety Standard No. 207, "Seating systems" (49 C.F.R. s. 571.207);

2. A steering wheel used to maneuver the vehicle;

3. A propulsion unit located forward or aft of the enclosed occupant compartment;

4. A seat belt for each vehicle occupant certified to meet the requirements of Federal Motor Vehicle Safety Standard No. 209, "Seat belt assemblies" (49 C.F.R. s. 571.209);

5. A windshield and an appropriate windshield wiper and washer system that are certified by the vehicle manufacturer to meet the requirements of Federal Motor Vehicle Safety Standard No. 205, "Glazing Materials" (49 C.F.R. s. 571.205) and Federal Motor Vehicle Safety Standard No. 104, "Windshield Wiping and Washing Systems" (49 C.F.R. s. 571.104); and

6. A vehicle structure certified by the vehicle manufacturer to meet the requirements of Federal Motor Vehicle Safety Standard No. 216, "Rollover crush resistance" (49 C.F.R. s. 571.216).

Section 25. Section 322.032, Florida Statutes, is amended to read:

322.032 Electronic credential ~~Digital proof of driver license~~.—

(1)(a) The department shall develop and implement ~~begin to review and prepare for the development of a~~ secure and uniform protocols which comply with national standards ~~system~~ for issuing an optional electronic credential. The department shall procure the related technology solution from the credential service provider that uses a revenue sharing model through a competitive solicitation process pursuant to s. 287.057 ~~digital proof of driver license~~. The department may issue electronic credentials to persons who hold a Florida driver license or identification card.

419998

(b) Qualified entities must have the technological capabilities necessary to integrate with the credential service provider. The department shall maintain the protocols and national standards necessary for a digital verifier or an electronic credential provider to request authorized access to an application programming interface, or appropriate technological tool of at least the same capabilities, necessary for such qualified entity to consume an electronic ID. The department shall timely review requests for authorized access and approve all requests by digital verifiers that meet the department's requirements.

(c) The electronic credential provider must have the necessary technological capabilities to execute the authentication of an electronic credential across all states, jurisdictions, federal and state agencies, and municipalities. The electronic credential and verification solution must provide the standardized system integration necessary:

1. For qualified entities to securely consume an electronic credential.

2. For the production of a fully compliant electronic credential by electronic credential providers.

3. To successfully ensure secure authentication and validation of data from disparate sources.

(d) The department shall competitively procure at least two but no more than five ~~contract with one or more~~ electronic credential providers ~~private entities~~ to develop and implement an initial phase to provide a secure electronic credential ~~a digital proof of driver license~~ system. The department shall enter into agreements with electronic credential providers that

provide the permitted uses, terms and conditions, privacy policy, and uniform remittance terms relating to the consumption of an electronic credential. The department must competitively procure the credential service provider before the initial phase may begin. Upon completion of the initial phase, the department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives regarding the continued implementation and tools necessary to scale future phases.

(2)(a) The department shall provide electronic credential providers access to a standardized digital transaction process that provides the proceeds of a completed financial transaction to the department at the point of sale. The standardized digital transaction process must enable electronic credential providers to direct through their electronic commerce workflow to a standardized checkout process and enable documentation of the electronic credential providers participating in a transaction. Revenue generated from use of the electronic credential system shall be deposited into the Motor Vehicle License Clearing Trust Fund for distribution pursuant to a legislative appropriation and department agreements with electronic credential providers. Electronic credential revenue shall be shared between the state and electronic credential providers.

(b) The department may assess a competitive market rate fee structure for use of the credential service provider for any qualified entity to obtain an electronic ID. Revenue generated from use of the credential service provider by digital identity verifiers shall be shared between the state and the credential service provider. Revenues shall be deposited into the Motor

Vehicle License Clearing Trust Fund for distribution pursuant to department agreements with digital identity verifiers. Fees may not be charged to any state court, state governmental entity, or law enforcement agency.

(3)(a) ~~(2)~~ The electronic credential ~~digital proof of driver license~~ developed by the department or by an electronic credential provider ~~an entity~~ contracted by the department must be in such a format as to allow law enforcement or an authorized consumer to verify the authenticity of the electronic credential and the identity of the credential holder and to validate the status of any driving privileges associated with the electronic credential ~~digital proof of driver license~~. The department shall adhere to protocols and national standards ~~may adopt rules~~ to ensure valid authentication of electronic credentials ~~digital driver licenses~~ by law enforcement.

(b) The act of presenting to a law enforcement officer an electronic device displaying an electronic credential does not constitute consent for the officer to access any information on the device other than the electronic credential.

(c) The person who presents the device to the officer assumes liability for any resulting damage to the device.

(4) ~~(3)~~ A person may not be issued an electronic credential ~~a digital proof of driver license~~ until he or she has satisfied all of the requirements of this chapter for issuance of a physical driver license or identification card as provided in this chapter.

(5) ~~(4)~~ A person who:

(a) Manufactures a false electronic credential ~~digital proof of driver license~~ commits a felony of the third degree,

punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Possesses a false electronic credential ~~digital proof of driver license~~ commits a misdemeanor of the second degree, punishable as provided in s. 775.082.

Section 26. Section 322.059, Florida Statutes, is amended to read:

322.059 Mandatory surrender of suspended driver license and registration.—A person whose driver license or registration has been suspended as provided in s. 322.058 must immediately return his or her driver license and registration to the Department of Highway Safety and Motor Vehicles. The department shall invalidate the electronic credential ~~digital proof of driver license~~ issued pursuant to s. 322.032 for such person. If such person fails to return his or her driver license or registration, a law enforcement agent may seize the license or registration while the driver license or registration is suspended.

Section 27. Subsection (4) of section 322.09, Florida Statutes, is amended to read:

322.09 Application of minors; responsibility for negligence or misconduct of minor.—

(4) Notwithstanding subsections (1) and (2), if a foster parent or caregiver of a minor who is under the age of 18 years and is in foster care as defined in s. 39.01, an authorized representative of a residential group home at which such a minor resides, the caseworker at the agency at which the state has placed the minor, or a guardian ad litem specifically authorized by the minor's caregiver to sign for a learner's driver license signs the minor's application for a learner's driver license,

419998

that foster parent, caregiver, group home representative, caseworker, or guardian ad litem does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the application. Before signing the application, the caseworker shall notify the foster parent, caregiver, or other responsible party of his or her intent to sign and verify the application.

Section 28. Paragraph (c) of subsection (1) of section 322.143, Florida Statutes, is amended to read:

322.143 Use of a driver license or identification card.—

(1) As used in this section, the term:

(c) "Swipe" means the act of passing a driver license or identification card through a device that is capable of deciphering, in an electronically readable format, the information electronically encoded in a magnetic strip or bar code on the driver license or identification card or consuming an electronic credential.

Section 29. Subsection (1) of section 322.15, Florida Statutes, is amended to read:

322.15 License to be carried and exhibited on demand; fingerprint to be imprinted upon a citation.—

(1) Every licensee shall have his or her driver license, which must be fully legible with no portion of such license faded, altered, mutilated, or defaced, in his or her immediate possession at all times when operating a motor vehicle and shall present or submit the same upon the demand of a law enforcement officer or an authorized representative of the department. A licensee may present or submit an electronic credential ~~a digital proof of driver license~~ as provided in s. 322.032 in

lieu of a physical driver license.

Section 30. Section 322.38, Florida Statutes, is amended to read:

322.38 Renting motor vehicle to another.—

(1) A ~~No~~ person may not ~~shall~~ rent a motor vehicle to any other person unless the other ~~latter~~ person is ~~then~~ duly licensed~~,~~ or, if a nonresident, ~~he or she shall be~~ licensed under the laws of the state or country of his or her residence, except a nonresident whose home state or country does not require that an operator be licensed.

(2) A ~~No~~ person may not ~~shall~~ rent a motor vehicle to another until he or she has inspected the driver license of the person to whom the vehicle is to be rented~~,~~ and has ~~compared and~~ verified that the driver license is unexpired ~~signature thereon with the signature of such person written in his or her presence~~.

(3) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name, ~~and~~ address, and license number of the person to whom the vehicle is rented, ~~the number of the license of said latter person,~~ and the ~~date and~~ place ~~when and~~ where the ~~said~~ license was issued. Such record shall be open to inspection by any police officer~~,~~ or officer or employee of the department.

(4) If a rental car company rents a motor vehicle to a person through digital, electronic, or other means that allows the renter to obtain possession of the motor vehicle without direct contact with an agent or employee of the rental car company, or if through use of such means the renter does not execute a rental contract at the time he or she takes possession

of the vehicle, the rental car company is deemed to have met the requirements of subsections (1) and (2) when the rental car company requires the renter to verify that he or she is duly licensed and that the license is unexpired. Such verification may occur at the time the renter enrolls in a membership program, master agreement, or other means of establishing use of the rental car company's services or at any time thereafter.

Section 31. Subsection (4) of section 322.61, Florida Statutes, is amended to read:

322.61 Disqualification from operating a commercial motor vehicle.—

(4) Any person who is transporting hazardous materials as defined in s. 322.01(33) ~~s. 322.01(24)~~ shall, upon conviction of an offense specified in subsection (3), be disqualified from operating a commercial motor vehicle for a period of 3 years. The penalty provided in this subsection shall be in addition to any other applicable penalty.

Section 32. Subsection (1) of section 324.021, Florida Statutes, is amended to read:

324.021 Definitions; minimum insurance required.—The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section, except in those instances where the context clearly indicates a different meaning:

(1) MOTOR VEHICLE.—Every self-propelled vehicle that is designed and required to be licensed for use upon a highway, including trailers and semitrailers designed for use with such vehicles, except traction engines, road rollers, farm tractors, power shovels, and well drillers, and every vehicle that is

propelled by electric power obtained from overhead wires but not operated upon rails, but not including any personal delivery device or mobile carrier as defined in s. 316.003, bicycle, or moped. However, the term "motor vehicle" does not include a motor vehicle as defined in s. 627.732(3) when the owner of such vehicle has complied with the requirements of ss. 627.730-627.7405, inclusive, unless the provisions of s. 324.051 apply; and, in such case, the applicable proof of insurance provisions of s. 320.02 apply.

Section 33. Section 324.031, Florida Statutes, is amended to read:

324.031 Manner of proving financial responsibility.—The owner or operator of a taxicab, limousine, jitney, or any other for-hire passenger transportation vehicle may prove financial responsibility by providing satisfactory evidence of holding a motor vehicle liability policy as defined in s. 324.021(8) or s. 324.151, which policy is provided by an insurer authorized to do business in this state ~~issued by an insurance carrier~~ which is a member of the Florida Insurance Guaranty Association or an eligible nonadmitted insurer that has a superior, excellent, exceptional, or equivalent financial strength rating by a rating agency acceptable to the Office of Insurance Regulation of the Financial Services Commission. The operator or owner of any other vehicle may prove his or her financial responsibility by:

(1) Furnishing satisfactory evidence of holding a motor vehicle liability policy as defined in ss. 324.021(8) and 324.151;

(2) Furnishing a certificate of self-insurance showing a deposit of cash in accordance with s. 324.161; or

(3) Furnishing a certificate of self-insurance issued by the department in accordance with s. 324.171.

Any person, including any firm, partnership, association, corporation, or other person, other than a natural person, electing to use the method of proof specified in subsection (2) shall furnish a certificate of deposit equal to the number of vehicles owned times $30,000, to a maximum of $120,000; in addition, any such person, other than a natural person, shall maintain insurance providing coverage in excess of limits of $10,000/20,000/10,000 or $30,000 combined single limits, and such excess insurance shall provide minimum limits of $125,000/250,000/50,000 or $300,000 combined single limits. These increased limits shall not affect the requirements for proving financial responsibility under s. 324.032(1).

Section 34. Subsection (2) of section 324.032, Florida Statutes, is amended to read:

324.032 Manner of proving financial responsibility; for-hire passenger transportation vehicles.—Notwithstanding the provisions of s. 324.031:

(2) An owner or a lessee who is required to maintain insurance under s. 324.021(9)(b) and who operates at least 150 ~~300~~ taxicabs, limousines, jitneys, or any other for-hire passenger transportation vehicles may provide financial responsibility by complying with the provisions of s. 324.171, such compliance to be demonstrated by maintaining at its principal place of business an audited financial statement, prepared in accordance with generally accepted accounting principles, and providing to the department a certification

issued by a certified public accountant that the applicant's net worth is at least equal to the requirements of s. 324.171 as determined by the Office of Insurance Regulation of the Financial Services Commission, including claims liabilities in an amount certified as adequate by a Fellow of the Casualty Actuarial Society.

Upon request by the department, the applicant must provide the department at the applicant's principal place of business in this state access to the applicant's underlying financial information and financial statements that provide the basis of the certified public accountant's certification. The applicant shall reimburse the requesting department for all reasonable costs incurred by it in reviewing the supporting information. The maximum amount of self-insurance permissible under this subsection is $300,000 and must be stated on a per-occurrence basis, and the applicant shall maintain adequate excess insurance issued by an authorized or eligible insurer licensed or approved by the Office of Insurance Regulation. All risks self-insured shall remain with the owner or lessee providing it, and the risks are not transferable to any other person, unless a policy complying with subsection (1) is obtained.

Section 35. Subsection (5) of section 338.166, Florida Statutes, is amended to read:

338.166 High-occupancy toll lanes or express lanes.—

(5) ~~Effective July 1, 2018,~~ If the ~~a customer's~~ average travel speed for a segment of ~~trip in~~ an express lane falls below 40 miles per hour, the toll ~~customer must be~~ charged shall be the segment's minimum ~~express lane~~ toll amount. An express

419998

lane segment is the distance between the customer's point of entry to the first available exit. Additional segments are defined by the distance between subsequent exits. ~~A customer's express lane average travel speed is his or her average travel speed from the customer's entry point to the customer's exit point.~~

Section 36. Paragraphs (d) and (e) of subsection (1) of section 338.2216, Florida Statutes, are amended to read:

338.2216 Florida Turnpike Enterprise; powers and authority.—

(1)

(d) The Florida Turnpike Enterprise shall pursue and implement new technologies and processes in its operations and collection of tolls and the collection of other amounts associated with road and infrastructure usage. Such technologies and processes must include, without limitation, video billing and variable pricing. The Florida Turnpike Enterprise may require the use of an electronic transponder interoperable with the department's electronic toll collection system for the use of express lanes on the turnpike system. Variable pricing may not be implemented in express lanes when the level of service in the express lane, determined in accordance with the criteria established by the Transportation Research Board Highway Capacity Manual (5th Edition, HCM 2010), as amended from time to time, is equal to level of service A. Variable pricing in express lanes when the level of service in the express lane is level of service B may only be implemented by charging the segment's general ~~toll lane~~ toll amount plus the segment's minimum toll ~~an~~ amount ~~set by department rule~~. An express lane

segment is the distance between the customer's point of entry to the first available exit. Additional segments are defined by the distance between subsequent exits. Except as otherwise provided in this subsection, pricing in express lanes when the level of service is other than level of service A or level of service B may vary in the manner established by the Florida Turnpike Enterprise to manage congestion in the express lanes.

~~(c) Effective July 1, 2018, if a customer's average travel speed for a trip in an express lane falls below 40 miles per hour, the customer must be charged the general toll lane toll amount plus an amount set by department rule. A customer's express lane average travel speed is his or her average travel speed from the customer's entry point to the customer's exit point.~~

Section 37. Section 334.352, Florida Statutes, is created to read:

334.352 State university ingress and egress.—A local governmental entity may not prevent public motor vehicle use on or access to an existing transportation facility or transportation corridor as defined in s. 334.03 if that transportation facility or transportation corridor is the only point, or one of only two points, of ingress to and egress from a state university as defined in s. 1000.21 and regulated by the Board of Governors of the State University System as provided in s. 20.155.

Section 38. Subsection (1) of section 655.960, Florida Statutes, is amended to read:

655.960 Definitions; ss. 655.960-655.965.—As used in this section and ss. 655.961-655.965, unless the context otherwise

requires:

(1) "Access area" means any paved walkway or sidewalk which is within 50 feet of any automated teller machine. The term does not include any street or highway open to the use of the public, as defined in s. 316.003(80)(a) or (b) ~~s. 316.003(79)(a) or (b)~~, including any adjacent sidewalk, as defined in s. 316.003.

Section 39. Paragraph (a) of subsection (2) of section 812.014, Florida Statutes, is amended to read:

812.014 Theft.—

(2)(a)1. If the property stolen is valued at $100,000 or more or is a semitrailer that was deployed by a law enforcement officer; or

2. If the property stolen is cargo valued at $50,000 or more that has entered the stream of interstate or intrastate commerce from the shipper's loading platform to the consignee's receiving dock; or

3. If the offender commits any grand theft and:

a. In the course of committing the offense the offender uses a motor vehicle as an instrumentality, other than merely as a getaway vehicle, to assist in committing the offense and thereby damages the real property of another; or

b. In the course of committing the offense the offender causes damage to the real or personal property of another in excess of $1,000; or

4. If the property stolen is cargo and in the course of committing the offense the offender uses any type of device to defeat, block, disable, jam, or interfere with a global positioning system or similar system designed to identify the location of the cargo or the vehicle or trailer carrying the

419998

cargo,

the offender commits grand theft in the first degree, punishable as a felony of the first degree, as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 40. Except as otherwise expressly provided in this act, this act shall take effect October 1, 2018.

A bill to be entitled

An act relating to transportation; amending s. 20.23, F.S.; requiring the Department of Transportation to consist of a central office that establishes policies and procedures and districts that carry out projects as authorized or required under the policies and procedures of the central office; deleting the requirement that the Secretary of Transportation be appointed from among three persons nominated by the Florida Transportation Commission; amending s. 316.003, F.S.; adding, deleting, and revising definitions; amending s. 316.008, F.S.; authorizing a mobile carrier to be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law; providing construction; amending s. 316.0895, F.S.; providing construction; deleting a provision relating to

prohibitions on certain vehicles following other vehicles within 300 feet; repealing s. 316.0896, F.S., relating to the assistive truck platooning technology pilot project; creating s. 316.0897, F.S.; authorizing a platoon to be operated on a roadway in this state after an operator takes specified actions; requiring the Department of Transportation to adopt rules for the issuance of permits for the operation of platoons, subject to certain requirements; providing for the future repeal of this section; amending s. 316.2071, F.S.; authorizing a mobile carrier to operate on sidewalks and crosswalks; providing that a mobile carrier operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the mobile carrier must not unreasonably interfere with pedestrians or traffic and must yield the right-of-way to pedestrians on the sidewalk or crosswalk; specifying requirements for a mobile carrier; prohibiting a mobile carrier from taking specified actions; amending s. 316.302, F.S.; revising regulations to which owners and drivers of commercial motor vehicles are subject; delaying the requirement for electronic logging devices and support documents for certain intrastate motor carriers; deleting a limitation on a civil penalty for falsification of certain time records; deleting a requirement that a motor carrier maintain certain documentation of driving times; providing an exemption from specified provisions for a person who operates a

commercial motor vehicle having a certain gross vehicle weight, gross vehicle weight rating, and gross combined weight rating; deleting the exemption from such provisions for a person transporting petroleum products; amending s. 316.303, F.S.; conforming a provision to changes made by the act; amending s. 316.85, F.S.; authorizing the Florida Turnpike Enterprise to fund, construct, and operate test facilities for the advancement of autonomous and connected innovative transportation technology solutions for specified purposes; amending s. 319.141, F.S.; redefining the term "rebuilt inspection services"; deleting obsolete language; requiring the Department of Highway Safety and Motor Vehicles to ensure that an applicant of the pilot rebuilt motor vehicle inspection program meets basic criteria designed to protect the public before the applicant is renewed; revising requirements for the applicant; requiring the operator of a facility to annually make certain attestations; prohibiting a program participant from conducting an inspection of a vehicle rebuilt before its purchase by the current applicant; requiring that such vehicles be inspected by the department; requiring any applicant that fails an initial rebuilt inspection to have that vehicle reinspected only by the department or the facility that conducted the original inspection; prohibiting any person or business authorized by the department to train, certify, or recertify operators and inspectors

of private rebuilt motor vehicle inspection facilities from certifying or recertifying themselves or any of their employees; requiring the department to conduct an onsite facility inspection at least twice a year; requiring a current operator to give the department certain notice of a transfer before any transfer of a rebuilt inspection facility; requiring a transferee to meet certain eligibility requirements and execute a new memorandum of understanding with the department before operating the facility; extending the date for future repeal of this section; requiring the department to submit a certain written report to the Legislature on or before a specified date; amending s. 319.32, F.S.; prohibiting the department and the tax collector from charging any fee or service charge, except for the expedited title fee, if applicable, for a certificate of title issued for a motor vehicle to transfer the title from a deceased owner to a surviving parent or any surviving child, if the parent or child is a resident of this state, the vehicle is titled in this state before the transfer, and the parent or child applies for the title transfer within a specified period after the death of the owner; amending s. 320.01, F.S.; revising definitions; amending s. 320.02, F.S.; requiring the application form for motor vehicle registration and renewal of registration to include language permitting a voluntary contribution of a specified amount per applicant to aid in Alzheimer’s and other related

dementia research; requiring such contributions to be distributed to the Alzheimer's Association, Inc., for the purpose of supporting research conducted in this state; providing that a mobile carrier is not required to satisfy specified registration and insurance requirements; amending s. 320.03, F.S.; preempting to the state jurisdiction over the electronic filing system for use by authorized electronic filing system agents to process title transactions, derelict motor vehicle certificates, and certain certificates of destruction for derelict and salvage motor vehicles; authorizing an entity that, in the normal course of its business, processes title transactions, derelict motor vehicle certificates, or certain certificates of destruction for derelict or salvage motor vehicles and meets all established requirements, to be an authorized electronic filing system agent; prohibiting such an entity from being precluded from participating in the electronic filing system in any county; deleting provisions requiring the department to adopt certain rules to replace specified program standards; authorizing the department to adopt certain rules; amending s. 320.06, F.S.; requiring a vehicle that has an apportioned registration to be issued, before a specified date, an annual license plate and a cab card denoting the declared gross vehicle weight; providing requirements, beginning on a specified date, for license plates, cab cards, and validation stickers for vehicles registered in accordance with the

419998

International Registration Plan; providing a specified fee for initial and renewed validation stickers; requiring the fee to be deposited into the Highway Safety Operating Trust Fund; authorizing a damaged or worn license plate to be replaced at no charge under certain circumstances; providing an exception to the design of dealer license plates for specialty license plates; amending s. 320.0605, F.S.; requiring that the department-authorized paper or electronic registration certificate or an official copy and a true copy or an electronic copy of rental or lease documentation issued for a motor vehicle or issued for a replacement vehicle in the same registration period be in the possession of the operator thereof or be carried in the vehicle for which issued and be exhibited upon demand of any authorized law enforcement officer or any agent of the department; specifying that the act of presenting to a law enforcement officer or agent of the department an electronic device displaying an electronic copy of rental or lease documentation does not constitute consent for the officer or agent to access any information on the device other than the displayed rental or lease documentation; requiring the person who presents the device to the officer or agent to assume the liability for any resulting damage to the device; providing that rental or lease documentation that includes the date and time of rental is sufficient to satisfy a specified requirement; amending s. 320.0607, F.S.; providing an

exemption, beginning on a specified date, from a certain fee for vehicles registered under the International Registration Plan; amending s. 320.0657, F.S.; providing an exception to the design of fleet license plates for specialty license plates; authorizing fleet companies to purchase specialty license plates in lieu of the standard fleet license plates for additional specified fees; requiring fleet companies to be responsible for all costs associated with the specialty license plate; amending s. 320.08, F.S.; authorizing dealers to purchase specialty license plates in lieu of the standard graphic dealer license plates for additional specified fees; requiring dealers to be responsible for all costs associated with the specialty license plate; amending s. 320.08056, F.S.; allowing the department to authorize dealer and fleet specialty license plates; authorizing a dealer or fleet company to purchase specialty license plates to be used on dealer and fleet vehicles with the permission of the sponsoring specialty license plate organization; requiring a dealer or fleet specialty license plate to include specified letters on the right side of the license plate; requiring dealer and fleet specialty license plates to be ordered directly through the department; amending s. 320.131, F.S.; authorizing, beginning on a specified date, the department to partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program, subject to certain

requirements; providing for future repeal; amending s. 320.95, F.S.; authorizing the department to authorize the format of an electronic certificate of registration in addition to printing a paper registration certificate; authorizing the operator to present for inspection an electronic device displaying a department-issued electronic certificate or registration issued under certain circumstances; providing that such presentation does not constitute consent for inspection of any information on the device other than the displayed certificate of registration; providing that the person who presents the device to the officer assumes the liability for any resulting damage to the device; amending s. 322.01, F.S.; providing definitions; amending s. 322.032, F.S.; directing the department to implement protocols for issuing an optional electronic credential and procure a related technology solution; providing requirements for qualified entities; requiring the department to maintain certain protocols and national standards; requiring the department to timely review and approve all electronic credential provider requests for authorized access to certain interfaces that meet the agency's requirements; providing requirements for an electronic credential provider and the electronic credential and verification solution; requiring the department to procure electronic credential providers and a credential service provider; requiring the department

to enter into specified agreements with electronic credential providers; requiring a report to the Legislature and the Governor; requiring that the department provide electronic credential providers access to a standardized digital transaction process that has specified capabilities; requiring that certain revenue be deposited into the Motor Vehicle License Clearing Trust Fund for distribution; authorizing the department to assess a competitive market rate fee structure; prohibiting certain fees; requiring that an electronic credential be in a format that allows certain entities to verify the authenticity of such electronic credential and to validate certain privileges; providing that presenting an electronic device displaying an electronic credential does not constitute consent for a law enforcement officer to access any other information on such device; providing for the assumption of liability; amending s. 322.059, F.S.; conforming a provision to changes made by the act; amending s. 322.09, F.S.; providing that a caregiver of a minor who is under a specified age and is in foster care does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the minor’s application for a learner’s driver license; requiring a caseworker to notify the caregiver of his or her intent to sign and verify such application before signing the application; amending s. 322.143,

F.S.; revising a definition; amending s. 322.15, F.S.; conforming a provision to changes made by the act; amending s. 322.38, F.S.; prohibiting a person from renting a motor vehicle to another until he or she has verified that the driver license of the person to whom the vehicle is rented is unexpired; deleting the requirement that a person renting a motor vehicle to another keep a record of the date when the license of the person to whom the vehicle is rented was issued; specifying that a rental car company is deemed to have met specified requirements when the rental car company requires the renter to verify that he or she is duly licensed and that the license is unexpired if the rental car company rents a motor vehicle to a person through certain digital, electronic, or other means; specifying when such verification may occur; amending s. 322.61, F.S.; conforming a cross-reference; amending s. 324.021, F.S.; revising the definition of the term "motor vehicle"; amending s. 324.031, F.S.; authorizing the owner or operator of a taxicab, limousine, jitney, or any other for-hire passenger transportation vehicle to prove financial responsibility by providing satisfactory evidence of holding a motor vehicle liability policy that is provided by an insurer that is authorized to do business in this state and a member of the Florida Insurance Guaranty Association or an eligible nonadmitted insurer that has a certain financial strength rating by a rating agency acceptable to the

419998

Office of Insurance Regulation of the Financial Services Commission; amending s. 324.032, F.S.; decreasing the minimum amount of taxicabs, limousines, jitneys, or any other for-hire passenger transportation vehicles that an owner or a lessee operates in order to be able to provide financial responsibility by complying with specified provisions, subject to certain requirements; amending s. 338.166, F.S.; revising provisions relating to express lane toll amounts charged according to average travel speed; providing that an express lane segment is the distance between the customer’s point of entry to the first available exit; providing that additional segments are defined by the distance between subsequent exits; amending s. 338.2216, F.S.; revising provisions relating to express lane toll amounts charged according to level of service; providing that an express lane segment is the distance between the customer’s point of entry to the first available exit; providing that additional segments are defined by the distance between subsequent exits; deleting a provision requiring a customer to be charged the general toll lane toll amount plus an amount set by department rule under certain circumstances; creating s. 334.352, F.S.; prohibiting a local governmental entity from preventing motor vehicle access to a transportation facility or transportation corridor under certain circumstances; amending s. 655.960, F.S.; conforming a cross-reference; amending s.

812.014, F.S.; providing a criminal penalty for an offender committing grand theft who uses a device to interfere with a global positioning or similar system; providing effective dates.

	.	
	.	

The Committee on Appropriations (Brandes) recommended the following:

Senate Amendment to Amendment (419998) (with title amendment)

Between lines 327 and 328
insert:

Section 11. Section 316.87, Florida Statutes, is amended to read:

316.87 Nonemergency medical transportation services.—

(1) To ensure the availability of nonemergency medical transportation services throughout the state, a provider

796284

licensed by the county or operating under a permit issued by the county may not be required to use a vehicle that is larger than needed to transport the number of persons being transported or that is inconsistent with the medical condition of the individuals receiving the nonemergency medical transportation services. This section does not apply to the procurement, contracting, or provision of paratransit transportation services, directly or indirectly, by a county or an authority, pursuant to the Americans with Disabilities Act of 1990, as amended.

(2)(a) Notwithstanding any other provision of law, Medicaid nonemergency medical transportation services may be provided to a Medicaid beneficiary by a transportation network company. A Medicaid beneficiary shall have the option to use the transportation network company in the fulfillment of the beneficiary's Medicaid nonemergency transportation benefit, unless a licensed medical professional determines that use of a transportation network company to fulfill such benefit would be contrary to a beneficiary's health and safety.

(b) In providing such Medicaid nonemergency transportation services, transportation network companies shall be governed by s. 627.748.

(c) This subsection may not be construed to expand or limit the existing transportation benefit provided to Medicaid beneficiaries.

and insert:

solutions for specified purposes; amending s. 316.87, F.S.; authorizing Medicaid nonemergency medical transportation services to be provided to a Medicaid beneficiary by a transportation network company; requiring a Medicaid beneficiary to have the option to use the transportation network company in the fulfillment of the beneficiary's Medicaid nonemergency transportation benefit under certain circumstances; requiring the transportation network companies to be governed by a specified provision in providing such Medicaid nonemergency transportation services; providing construction; amending s. 319.141,

576-03255-18

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to transportation; amending s. 316.003, F.S.; adding, deleting, and revising definitions; amending s. 316.008, F.S.; authorizing a mobile carrier to be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law; providing construction; repealing s. 316.0895(2), F.S., relating to prohibitions on certain vehicles following another vehicles within 300 feet; repealing s. 316.0896, F.S., relating to the assistive truck platooning technology pilot project; creating s. 316.0897, F.S.; exempting the operator of a nonlead vehicle in a platoon from a specified provision; authorizing a platoon to be operated on a roadway in this state after an operator provides notification to the Department of Transportation and the Department of Highway Safety and Motor Vehicles; amending s. 316.2071, F.S.; authorizing a mobile carrier to operate on sidewalks and crosswalks; providing that a mobile carrier operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the mobile carrier must not unreasonably interfere with pedestrians or traffic and must yield the right-of-way to pedestrians on the sidewalk or crosswalk; specifying requirements

576-03255-18

for a mobile carrier; prohibiting a mobile carrier from taking specified actions; amending s. 316.302, F.S.; revising regulations to which owners and drivers of commercial motor vehicles are subject; delaying the requirement for electronic logging devices and support documents for certain intrastate motor carriers; deleting a limitation on a civil penalty for falsification of certain time records; deleting a requirement that a motor carrier maintain certain documentation of driving times; providing an exemption from specified provisions for a person who operates a commercial motor vehicle having a certain gross vehicle weight, gross vehicle weight rating, and gross combined weight rating; deleting the exemption from such provisions for a person transporting petroleum products; amending s. 316.303, F.S.; conforming a provision to changes made by the act; amending s. 316.85, F.S.; authorizing the Florida Turnpike Enterprise to fund, construct, and operate test facilities for the advancement of autonomous and connected innovative transportation technology solutions for specified purposes; amending s. 319.141, F.S.; redefining the term "rebuilt inspection services"; deleting obsolete language; requiring the Department of Highway Safety and Motor Vehicles to ensure that an applicant of the pilot rebuilt motor vehicle inspection program meets basic criteria designed to protect the public before the applicant is renewed; revising requirements for the applicant;

576-03255-18

requiring the operator of a facility to annually make certain attestations; prohibiting a program participant from conducting an inspection of a vehicle rebuilt before its purchase by the current applicant; requiring that such vehicles be inspected by the department; requiring any applicant that fails an initial rebuilt inspection to have that vehicle reinspected only by the department or the facility that conducted the original inspection; prohibiting any person or business authorized by the department to train, certify, or recertify operators and inspectors of private rebuilt motor vehicle inspection facilities from certifying or recertifying themselves or any of their employees; requiring the department to conduct an onsite facility inspection at least twice a year; requiring a current operator to give the department certain notice of a transfer before any transfer of a rebuilt inspection facility; requiring a transferee to meet certain eligibility requirements and execute a new memorandum of understanding with the department before operating the facility; extending the date for future repeal of this section; requiring the department to submit a certain written report to the Governor and Cabinet on or before a specified date; amending s. 319.32, F.S.; prohibiting the department and the tax collector from charging any fee or service charge, except for the expedited title fee, if applicable, for a certificate of title issued for a motor vehicle to transfer the title from a deceased

576-03255-18

owner to a surviving spouse or any surviving next of kin under certain circumstances; defining the term "next of kin"; amending s. 320.01, F.S.; revising definitions; amending s. 320.02, F.S.; providing that a mobile carrier is not required to satisfy specified registration and insurance requirements; amending s. 320.03, F.S.; preempting to the state jurisdiction over the electronic filing system for use by authorized electronic filing system agents to process title transactions, derelict motor vehicle certificates, and certain certificates of destruction for derelict and salvage motor vehicles; authorizing an entity that, in the normal course of its business, processes title transactions, derelict motor vehicle certificates, or certain certificates of destruction for derelict or salvage motor vehicles and meets all established requirements to be an authorized electronic filing system agent; prohibiting such an entity from being precluded from participating in the electronic filing system in any county; deleting provisions requiring the department to adopt certain rules to replace specified program standards; requiring the department to adopt certain rules; amending s. 320.06, F.S.; requiring a vehicle that has an apportioned registration to be issued, before a specified date, an annual license plate and a cab card denoting the declared gross vehicle weight; providing requirements, beginning on a specified date, for license plates, cab cards, and validation stickers for

576-03255-18

vehicles registered in accordance with the International Registration Plan; providing a specified fee for initial and renewed validation stickers; requiring the fee to be deposited into the Highway Safety Operating Trust Fund; authorizing a damaged or worn license plate to be replaced at no charge under certain circumstances; providing an exception to the design of dealer license plates for specialty license plates; amending s. 320.0605, F.S.; authorizing an official copy of a registration certificate to be in an electronic format and authorizing an electronic copy of certain rental or lease documentation to be in the possession of the operator or to be carried in the vehicle for which issued and to be exhibited upon demand of any authorized law enforcement officer or any agent of the department; specifying that the act of presenting to a law enforcement officer or agent of the department an electronic device displaying an electronic copy of rental or lease documentation does not constitute consent for the officer or agent to access any information on the device other than the displayed rental or lease documentation; requiring the person who presents the device to the officer or agent to assume the liability for any resulting damage to the device; providing that rental or lease documentation that includes the date and time of rental is sufficient to satisfy a specified requirement; amending s. 320.0607, F.S.; providing an exemption, beginning on a specified date, from a

576-03255-18

certain fee for vehicles registered under the International Registration Plan; amending s. 320.0657, F.S.; providing an exception to the design of fleet license plates for specialty license plates; authorizing fleet companies to purchase specialty license plates in lieu of the standard fleet license plates for additional specified fees; requiring fleet companies to be responsible for all costs associated with the specialty license plate; amending s. 320.08, F.S.; authorizing dealers to purchase specialty license plates in lieu of the standard graphic dealer license plates for additional specified fees; requiring dealers to be responsible for all costs associated with the specialty license plate; amending s. 320.08056, F.S.; allowing the department to authorize dealer and fleet specialty license plates; authorizing a dealer or fleet company to purchase specialty license plates to be used on dealer and fleet vehicles with the permission of the sponsoring specialty license plate organization; requiring a dealer or fleet specialty license plate to include specified letters on the right side of the license plate; requiring dealer and fleet specialty license plates to be ordered directly through the department; amending s. 320.131, F.S.; authorizing, beginning on a specified date, the department to partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program, subject to certain requirements; providing for future repeal; amending s.

576-03255-18

322.01, F.S.; providing definitions; amending s. 322.032, F.S.; directing the department to implement protocols for issuing an optional electronic credential and to procure a certain related technology solution, subject to certain requirements; providing requirements for the electronic credential and verification solution; directing the department to procure one or more electronic credential providers through a competitive solicitation process to develop and implement a secure electronic credential system; requiring the department to maintain certain protocols and national standards; requiring the department to timely review and approve all electronic credential provider requests for authorized access to certain interfaces which meet the agency's requirements; authorizing the department to assess a fee; requiring the department to provide access to a certain standardized digital transaction process for use by the approved electronic credential providers of compliant electronic credentials, subject to certain requirements; requiring any revenue generated from the electronic credential system to be collected by the department and distributed pursuant to a legislative appropriation and department agreements with the electronic credential providers of the electronic credential; providing that any revenues shared between the state and electronic credential providers is based solely on revenues derived from the purchase of the optional electronic credential and no other

576-03255-18

transaction; requiring the department to enter into certain agreements with electronic credential providers; requiring that an electronic credential be in a format that allows certain entities to verify its authenticity and the identity of the credential holder and to validate certain privileges; providing that presenting an electronic device displaying an electronic credential does not constitute consent for a law enforcement officer to access any other information on such device; providing that the person who presents the device to the officer assumes liability for any resulting damage to the device; conforming provisions to changes made by the act; amending s. 322.059, F.S.; conforming a provision to changes made by the act; amending s. 322.143, F.S.; revising a definition; amending s. 322.15, F.S.; conforming a provision to changes made by the act; amending s. 322.38, F.S.; prohibiting a person from renting a motor vehicle to another until he or she has verified that the driver license of the person to whom the vehicle is rented is unexpired; deleting the requirement that a person renting a motor vehicle to another keep a record of the date when the license of the person to whom the vehicle is rented was issued; specifying that a rental car company is deemed to have met specified requirements when the rental car company requires the renter to verify that he or she is duly licensed and that the license is unexpired if the rental car company rents a motor vehicle to a person

through certain digital, electronic, or other means; specifying when such verification may occur; amending s. 322.61, F.S.; conforming a cross-reference; amending s. 324.021, F.S.; revising the definition of the term "motor vehicle"; amending s. 655.960, F.S.; conforming a cross-reference; amending s. 812.014, F.S.; providing a criminal penalty for an offender committing grand theft who uses a device to interfere with a global positioning or similar system; providing effective dates.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (20) of section 316.003, Florida Statutes, is amended, present subsections (21) through (37) of that section are redesignated as subsections (20) through (36), respectively, new subsections (37) and (52) are added to that section, present subsections (52) through (99) of that section are redesignated as subsections (53) through (100), respectively, and subsections (40) and (51) and present subsections (57) and (97) of that section are amended, to read:

316.003 Definitions.—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

~~(20) DRIVER-ASSISTIVE TRUCK PLATOONING TECHNOLOGY.—Vehicle automation and safety technology that integrates sensor array, wireless vehicle-to-vehicle communications, active safety systems, and specialized software to link safety systems and~~

~~synchronize acceleration and braking between two vehicles while leaving each vehicle's steering control and systems command in the control of the vehicle's driver in compliance with the National Highway Traffic Safety Administration rules regarding vehicle-to-vehicle communications.~~

(37) MOBILE CARRIER.—An electrically powered device that:

(a) Is operated on sidewalks and crosswalks and is intended primarily for transporting property;

(b) Weighs less than 80 pounds, excluding cargo;

(c) Has a maximum speed of 12.5 mph; and

(d) Is equipped with a technology to transport personal property with the active monitoring of a property owner, and primarily designed to remain within 25 feet of the property owner.

A mobile carrier is not considered a vehicle or personal delivery device unless expressly defined by law as a vehicle or personal delivery device.

(40) MOTOR VEHICLE.—Except when used in s. 316.1001, a self-propelled vehicle not operated upon rails or guideway, but not including any bicycle, motorized scooter, electric personal assistive mobility device, mobile carrier, personal delivery device, swamp buggy, or moped. For purposes of s. 316.1001, "motor vehicle" has the same meaning as provided in s. 320.01(1)(a).

(51) PERSONAL DELIVERY DEVICE.—An electrically powered device that:

(a) Is operated on sidewalks and crosswalks and intended primarily for transporting property;

(b) Weighs less than 100 ~~80~~ pounds, excluding cargo;

(c) Has a maximum speed of 10 miles per hour; and

(d) Is equipped with technology to allow for operation of the device with or without the active control or monitoring of a natural person.

A personal delivery device is not considered a vehicle unless expressly defined by law as a vehicle. A mobile carrier is not considered a personal delivery device.

(52) PLATOON.—A group of individual motor vehicles traveling in a unified manner at electronically coordinated speeds and following distances.

(58) ~~(57)~~ PRIVATE ROAD OR DRIVEWAY.—Except as otherwise provided in paragraph (80)(b) ~~(79)(b)~~, any privately owned way or place used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons.

(98) ~~(97)~~ VEHICLE.—Every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, except personal delivery devices, mobile carriers, and devices used exclusively upon stationary rails or tracks.

Section 2. Paragraph (b) of subsection (7) of section 316.008, Florida Statutes, is amended to read:

316.008 Powers of local authorities.—

(7)

(b)1. Except as provided in subparagraph 2., a personal delivery device and a mobile carrier may be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law. This paragraph does

not restrict a county or municipality from otherwise adopting regulations for the safe operation of personal delivery devices and mobile carriers.

2. A personal delivery device may not be operated on the Florida Shared-Use Nonmotorized Trail Network created under s. 339.81 or components of the Florida Greenways and Trails System created under chapter 260.

Section 3. Subsection (2) of section 316.0895, Florida Statutes, is repealed.

Section 4. Section 316.0896, Florida Statutes, is repealed.

Section 5. Section 316.0897, Florida Statutes, is created to read:

316.0897 Platoons.—

(1) Section 316.0895 does not apply to the operator of a nonlead vehicle in a platoon, as defined in s. 316.003.

(2) A platoon may be operated on a roadway in this state after an operator provides notification to the Department of Transportation and the Department of Highway Safety and Motor Vehicles.

Section 6. Section 316.2071, Florida Statutes, is amended to read:

316.2071 Personal delivery devices and mobile carriers.—

(1) Notwithstanding any provision of law to the contrary, a personal delivery device or mobile carrier may operate on sidewalks and crosswalks, subject to s. 316.008(7)(b). A personal delivery device or mobile carrier operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the personal delivery device or mobile carrier must not unreasonably

interfere with pedestrians or traffic and must yield the right-of-way to pedestrians on the sidewalk or crosswalk.

(2) A personal delivery device and a mobile carrier must:

(a) Obey all official traffic and pedestrian control signals and devices.

(b) For personal delivery devices, include a plate or marker that has a unique identifying device number and identifies the name and contact information of the personal delivery device operator.

(c) Be equipped with a braking system that, when active or engaged, enables the personal delivery device or mobile carrier to come to a controlled stop.

(3) A personal delivery device and a mobile carrier may not:

(a) Operate on a public highway except to the extent necessary to cross a crosswalk.

(b) Operate on a sidewalk or crosswalk unless the personal delivery device operator is actively controlling or monitoring the navigation and operation of the personal delivery device or a property owner remains within 25 feet of the mobile carrier.

(c) Transport hazardous materials as defined in s. 316.003.

(4) A person who owns and operates a personal delivery device in this state must maintain an insurance policy, on behalf of himself or herself and his or her agents, which provides general liability coverage of at least $100,000 for damages arising from the combined operations of personal delivery devices under the entity's or agent's control.

Section 7. Subsection (1) and paragraphs (a), (c), (d), and (f) of subsection (2) of section 316.302, Florida Statutes, are

amended to read:

316.302 Commercial motor vehicles; safety regulations; transporters and shippers of hazardous materials; enforcement.—

(1) Except as otherwise provided in subsection (3):

(a) All owners and drivers of commercial motor vehicles that are operated on the public highways of this state while engaged in interstate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 385, and 390-397.

(b) Except as otherwise provided in this section, all owners or drivers of commercial motor vehicles that are engaged in intrastate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 383, 385, and 390-397~~, with the exception of 49 C.F.R. s. 390.5 as it relates to the definition of bus,~~ as such rules and regulations existed on December 31, 2017 ~~2012~~.

(c) The emergency exceptions provided by 49 C.F.R. s. 392.82 also apply to communications by utility drivers and utility contractor drivers during a Level 1 activation of the State Emergency Operations Center, as provided in the Florida Comprehensive Emergency Management plan, or during a state of emergency declared by executive order or proclamation of the Governor.

(d) Except as provided in ~~s. 316.215(5), and except as provided in~~ s. 316.228 for rear overhang lighting and flagging requirements for intrastate operations, the requirements of this section supersede all other safety requirements of this chapter for commercial motor vehicles.

(e) For motor carriers engaged in intrastate commerce who are not carrying hazardous materials in amounts that require

placards, the requirement for electronic logging devices and hours of service support documents shall take effect December 31, 2018.

(2)(a) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 need not comply with 49 C.F.R. ss. 391.11(b)(1) and 395.3 ~~395.3(a) and (b)~~.

(c) Except as provided in 49 C.F.R. s. 395.1, a person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 may not drive after having been on duty more than 70 hours in any period of 7 consecutive days or more than 80 hours in any period of 8 consecutive days if the motor carrier operates every day of the week. Thirty-four consecutive hours off duty shall constitute the end of any such period of 7 or 8 consecutive days. This weekly limit does not apply to a person who operates a commercial motor vehicle solely within this state while transporting, during harvest periods, any unprocessed agricultural products or unprocessed food or fiber that is subject to seasonal harvesting from place of harvest to the first place of processing or storage or from place of harvest directly to market or while transporting livestock, livestock feed, or farm supplies directly related to growing or harvesting agricultural products. Upon request of the Department of Highway Safety and Motor Vehicles, motor carriers shall furnish time records or other written verification to that department so that the Department of Highway Safety and Motor Vehicles can

determine compliance with this subsection. These time records must be furnished to the Department of Highway Safety and Motor Vehicles within 2 days after receipt of that department's request. Falsification of such information is subject to a civil penalty ~~not to exceed $100~~. ~~The provisions of~~ This paragraph does ~~do~~ not apply to operators of farm labor vehicles operated during a state of emergency declared by the Governor or operated pursuant to s. 570.07(21)~~,~~ and does ~~do~~ not apply to drivers of utility service vehicles as defined in 49 C.F.R. s. 395.2.

(d) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 within a 150 air-mile radius of the location where the vehicle is based need not comply with 49 C.F.R. s. 395.8~~,~~ if the requirements of 49 C.F.R. s. 395.1(e)(1)(ii), (iii)(A) and (C), ~~395.1(e)(1)(iii)~~ and (v) are met. ~~If a driver is not released from duty within 12 hours after the driver arrives for duty, the motor carrier must maintain documentation of the driver's driving times throughout the duty period.~~

(f) A person who operates a commercial motor vehicle having a ~~declared~~ gross vehicle weight, gross vehicle weight rating, and gross combined weight rating of less than 26,001 pounds solely in intrastate commerce and who is not transporting hazardous materials in amounts that require placarding pursuant to 49 C.F.R. part 172~~, or who is transporting petroleum products as defined in s. 376.301,~~ is exempt from subsection (1). However, such person must comply with 49 C.F.R. parts 382, 392, and 393~~,~~ and with 49 C.F.R. ss. 396.3(a)(1) and 396.9.

Section 8. Subsection (3) of section 316.303, Florida

Statutes, is amended to read:

316.303 Television receivers.—

(3) This section does not prohibit the use of an electronic display used in conjunction with a vehicle navigation system; an electronic display used by an operator of a vehicle equipped with autonomous technology, as defined in s. 316.003; or an electronic display used by an operator of a platoon ~~vehicle equipped and operating with driver-assistive truck platooning technology~~, as defined in s. 316.003.

Section 9. Subsection (3) is added to section 316.85, Florida Statutes, to read:

316.85 Autonomous vehicles; operation.—

(3) The Florida Turnpike Enterprise may fund, construct, and operate test facilities for the advancement of autonomous and connected innovative transportation technology solutions for the purposes of improving safety and decreasing congestion for the traveling public and to otherwise advance the enterprise's objectives as set forth under the Florida Transportation Code.

Section 10. Section 319.141, Florida Statutes, is amended to read:

319.141 Pilot rebuilt motor vehicle inspection program.—

(1) As used in this section, the term:

(a) "Facility" means a rebuilt motor vehicle inspection facility authorized and operating under this section.

(b) "Rebuilt inspection services" means an examination of a rebuilt vehicle and a properly endorsed certificate of title, salvage certificate of title, or manufacturer's statement of origin and an application for a rebuilt certificate of title, a rebuilder's affidavit, a photograph of the junk or salvage

vehicle taken before repairs began, a photograph of the interior driver and passenger sides of the vehicle if airbags were previously deployed and replaced, receipts or invoices for all major component parts, as defined in s. 319.30, and repairs which were changed, and proof that notice of rebuilding of the vehicle has been reported to the National Motor Vehicle Title Information System.

(2) ~~By July 1, 2015,~~ The department shall oversee a pilot program in Miami-Dade County to evaluate alternatives for rebuilt inspection services offered by existing private sector operators, including the continued use of private facilities, the cost impact to consumers, and the potential savings to the department.

(3) The department shall establish a memorandum of understanding that allows private parties participating in the pilot program to conduct rebuilt motor vehicle inspections and specifies requirements for oversight, bonding and insurance, procedures, and forms and requires the electronic transmission of documents.

(4) Before an applicant is approved or renewed, the department shall ensure that the applicant meets basic criteria designed to protect the public. At a minimum, the applicant shall meet all of the following requirements:

(a) Have and maintain a surety bond or irrevocable letter of credit in the amount of $100,000 executed by the applicant.

(b) Secure and maintain a facility at a permanent fixed structure which has ~~at~~ an address identified by a county-issued tax folio number and recognized by the United States Postal Service where the only services provided on such property are

rebuilt inspection services. The operator of a facility shall annually attest that:

1. He or she is not employed by or does not have an ownership interest in or other financial arrangement with the owner, operator, manager, or employee of a motor vehicle repair shop as defined in s. 559.903, a motor vehicle dealer as defined in s. 320.27(1)(c), a towing company, a vehicle storage company, a vehicle auction, an insurance company, a salvage yard, a metal retailer, or a metal rebuilder, from which he or she receives remuneration, directly or indirectly, for the referral of customers for rebuilt inspection services;

2. There have been no changes to the ownership structure of the approved facility; and

3. The only services being provided by the operator of the facility at the property are rebuilt vehicle inspection services approved by the department.

(c) Have and maintain garage liability and other insurance required by the department.

(d) Have completed criminal background checks of the owners, partners, and corporate officers and the inspectors employed by the facility.

(e) Have a designated office and customer waiting area that is separate from and not within view of the vehicle inspection area. The vehicle inspection area must be capable of accommodating all vehicle types and must be equipped with cameras allowing the department to view and monitor every inspection.

(f) ~~(c)~~ Meet any additional criteria the department determines necessary to conduct proper inspections.

(5) A participant in the program shall access vehicle and title information and enter inspection results through an electronic filing system authorized by the department and shall maintain records of each rebuilt vehicle inspection processed at such facility for at least 5 years.

(6) A participant in the program may not conduct an inspection of a vehicle rebuilt before its purchase by the current applicant. Such vehicles must be inspected by the department.

(7) Any applicant for a rebuilt title that fails an initial rebuilt inspection may have that vehicle reinspected only by the department or the facility that conducted the original inspection.

(8) Any person or business authorized by the department to train, certify, or recertify operators and inspectors of private rebuilt motor vehicle inspection facilities may not certify or recertify themselves or any of their employees.

(9) ~~(6)~~ The department shall conduct an onsite facility inspection at least twice a year and shall immediately terminate any operator from the program who fails to meet the minimum eligibility requirements specified in subsection (4). Before any ~~a~~ change in ownership or transfer of a rebuilt inspection facility, the current operator must give the department 45 days' written notice of the intended sale or transfer. The prospective owner or transferee must meet the eligibility requirements of this section and execute a new memorandum of understanding with the department before operating the facility.

(10) ~~(7)~~ This section is repealed on July 1, 2020 ~~2018~~, unless saved from repeal through reenactment by the Legislature.

On or before January 1, 2019, the department shall submit a written report to the Governor and Cabinet evaluating the current program and the benefits to the consumer and the department.

Section 11. Subsection (7) of section 319.32, Florida Statutes, is amended to read:

319.32 Fees; service charges; disposition.—

(7) Notwithstanding any other provision of this section, the department and tax collector may not charge any fee or service charge, except for the expedited title fee, if applicable, for a certificate of title issued for a motor vehicle ~~solely~~ to:

(a) Remove a deceased coowner from a title registered in the names of two persons if the other coowner is the surviving spouse; or

(b) Transfer the title from a deceased owner to a surviving spouse or any surviving next of kin, if the spouse or next of kin is a resident of this state and if the vehicle is titled in this state before the transfer. For purposes of this paragraph, the term "next of kin" means the deceased's child, brother, sister, or parent.

Section 12. Paragraph (a) of subsection (1) and subsection (24) of section 320.01, Florida Statutes, are amended to read:

320.01 Definitions, general.—As used in the Florida Statutes, except as otherwise provided, the term:

(1) "Motor vehicle" means:

(a) An automobile, motorcycle, truck, trailer, semitrailer, truck tractor and semitrailer combination, or any other vehicle operated on the roads of this state, used to transport persons

or property, and propelled by power other than muscular power, but the term does not include traction engines, road rollers, personal delivery devices and mobile carriers as defined in s. 316.003, special mobile equipment as defined in s. 316.003, vehicles that run only upon a track, bicycles, swamp buggies, or mopeds.

(24) "Apportionable vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, ~~buses used in transportation of chartered parties,~~ and government-owned vehicles, which is used or intended for use in two or more member jurisdictions that allocate or proportionally register vehicles and which is used for the transportation of persons for hire or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a power unit having a gross vehicle weight in excess of 26,000 pounds;

(b) Is a power unit having three or more axles, regardless of weight; or

(c) Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

Vehicles, or combinations thereof, having a gross vehicle weight of 26,000 pounds or less and two-axle vehicles may be proportionally registered.

Section 13. Subsection (19) of section 320.02, Florida Statutes, is amended to read:

320.02 Registration required; application for registration; forms.—

(19) A personal delivery device and a mobile carrier as defined in s. 316.003 are ~~is~~ not required to satisfy the registration and insurance requirements of this section.

Section 14. Effective January 1, 2019, subsection (10) of section 320.03, Florida Statutes, is amended to read:

320.03 Registration; duties of tax collectors; International Registration Plan.—

(10) Jurisdiction over the electronic filing system for use by authorized electronic filing system agents to electronically title or register motor vehicles, vessels, mobile homes, or off-highway vehicles; process title transactions, derelict motor vehicle certificates, and certificates of destruction for derelict and salvage motor vehicles pursuant to s. 319.30(2), (3), (7), and (8); issue or transfer registration license plates or decals; electronically transfer fees due for the title and registration process; and perform inquiries for title, registration, and lienholder verification and certification of service providers is expressly preempted to the state, and the department shall have regulatory authority over the system. The electronic filing system shall be available for use statewide and applied uniformly throughout the state. An entity that, in the normal course of its business, sells products that must be titled or registered; ~~,~~ provides title and registration services on behalf of its consumers; or processes title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles pursuant to s. 319.30(2), (3), (7), or (8); and meets all established requirements may be an authorized electronic filing system agent and shall not be precluded from participating in the electronic

filing system in any county. Upon request from a qualified entity, the tax collector shall appoint the entity as an authorized electronic filing system agent for that county. ~~The department shall adopt rules in accordance with chapter 120 to replace the December 10, 2009, program standards and to administer the provisions of this section, including, but not limited to, establishing participation requirements, certification of service providers, electronic filing system requirements, and enforcement authority for noncompliance. The December 10, 2009, program standards, excluding any standards which conflict with this subsection, shall remain in effect until the rules are adopted.~~ An authorized electronic filing system agent may charge a fee to the customer for use of the electronic filing system. The department shall adopt rules to administer this subsection, including, but not limited to, rules establishing participation requirements, certification of service providers, electronic filing system requirements, disclosures, and enforcement authority for noncompliance.

Section 15. Paragraph (b) of subsection (1) and paragraph (a) of subsection (3) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-

year period to a 10-year period. The fee for such replacement is $28, $2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next $28 replacement fee. The fees shall be deposited into the Highway Safety Operating Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period.

2. Before October 1, 2019, a vehicle that has an apportioned registration shall be issued an annual license plate and a cab card denoting ~~that denote~~ the declared gross vehicle weight ~~for each apportioned jurisdiction in which the vehicle is authorized to operate~~.

3. Beginning October 1, 2019, a vehicle registered in accordance with the International Registration Plan shall be issued a license plate for a 5-year period, an annual cab card denoting the declared gross vehicle weight, and an annual validation sticker showing the month and year of expiration. The

validation sticker shall be placed in the center of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The fee for the initial validation sticker and any renewed validation sticker is $28. This fee shall be deposited into the Highway Safety Operating Trust Fund. A damaged or worn license plate may be replaced at no charge by applying to the department and surrendering the current license plate.

4.~~2.~~ In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

(3)(a) Registration license plates must be made of metal specially treated with a retroreflection material, as specified by the department. The registration license plate is designed to increase nighttime visibility and legibility and must be at least 6 inches wide and not less than 12 inches in length, unless a plate with reduced dimensions is deemed necessary by the department to accommodate motorcycles, mopeds, or similar smaller vehicles. Validation stickers must also be treated with a retroreflection material, must be of such size as specified by the department, and must adhere to the license plate. The registration license plate must be imprinted with a combination of bold letters and numerals or numerals, not to exceed seven digits, to identify the registration license plate number. The license plate must be imprinted with the word "Florida" at the top and the name of the county in which it is sold, the state motto, or the words "Sunshine State" at the bottom. Apportioned license plates must have the word "Apportioned" at the bottom

and license plates issued for vehicles taxed under s. 320.08(3)(d), (4)(m) or (n), (5)(b) or (c), or (14) must have the word "Restricted" at the bottom. License plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Dealer" at the bottom unless the license plate is a specialty license plate as authorized in s. 320.08056. Manufacturer license plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Manufacturer" at the bottom. License plates issued for vehicles taxed under s. 320.08(5)(d) or (e) must be imprinted with the word "Wrecker" at the bottom. Any county may, upon majority vote of the county commission, elect to have the county name removed from the license plates sold in that county. The state motto or the words "Sunshine State" shall be printed in lieu thereof. A license plate issued for a vehicle taxed under s. 320.08(6) may not be assigned a registration license number, or be issued with any other distinctive character or designation, that distinguishes the motor vehicle as a for-hire motor vehicle.

Section 16. Section 320.0605, Florida Statutes, is amended to read:

320.0605 Certificate of registration; possession required; exception.—

(1)(a) The registration certificate or an official copy thereof including in an electronic format, a true copy or an electronic copy of rental or lease documentation issued for a motor vehicle or issued for a replacement vehicle in the same registration period, a temporary receipt printed upon self-initiated electronic renewal of a registration via the Internet,

or a cab card issued for a vehicle registered under the International Registration Plan shall, at all times while the vehicle is being used or operated on the roads of this state, be in the possession of the operator thereof or be carried in the vehicle for which issued and shall be exhibited upon demand of any authorized law enforcement officer or any agent of the department, except for a vehicle registered under s. 320.0657. ~~The provisions of~~ This section does ~~do~~ not apply during the first 30 days after purchase of a replacement vehicle. A violation of this section is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in chapter 318.

(b)1. The act of presenting to a law enforcement officer or agent of the department an electronic device displaying an electronic copy of the registration certificate or the rental or lease documentation does not constitute consent for the officer or agent to access any information on the device other than the displayed rental or lease documentation.

2. The person who presents the device to the officer or agent assumes the liability for any resulting damage to the device.

(2) Rental or lease documentation that is sufficient to satisfy the requirement in subsection (1) includes the following:

(a) Date ~~of rental~~ and time of ~~exit from~~ rental ~~facility~~;

(b) Rental station identification;

(c) Rental agreement number;

(d) Rental vehicle identification number;

(e) Rental vehicle license plate number and state of registration;

(f) Vehicle's make, model, and color;

(g) Vehicle's mileage; and

(h) Authorized renter's name.

Section 17. Subsection (5) of section 320.0607, Florida Statutes, is amended to read:

320.0607 Replacement license plates, validation decal, or mobile home sticker.—

(5) Upon the issuance of an original license plate, the applicant shall pay a fee of $28 to be deposited in the Highway Safety Operating Trust Fund. Beginning October 1, 2019, this subsection does not apply to a vehicle registered under the International Registration Plan.

Section 18. Paragraph (b) of subsection (2) of section 320.0657, Florida Statutes, is amended to read:

320.0657 Permanent registration; fleet license plates.—

(2)

(b) The plates, which shall be of a distinctive color, shall have the word "Fleet" appearing at the bottom and the word "Florida" appearing at the top unless the license plate is a specialty license plate as authorized in s. 320.08056. The plates shall conform in all respects to the provisions of this chapter, except as specified herein. For additional fees as set forth in s. 320.08056, fleet companies may purchase specialty license plates in lieu of the standard fleet license plates. Fleet companies shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 19. Subsection (12) of section 320.08, Florida

Statutes, is amended to read:

320.08 License taxes.—Except as otherwise provided herein, there are hereby levied and imposed annual license taxes for the operation of motor vehicles, mopeds, motorized bicycles as defined in s. 316.003(3), tri-vehicles as defined in s. 316.003, and mobile homes as defined in s. 320.01, which shall be paid to and collected by the department or its agent upon the registration or renewal of registration of the following:

(12) DEALER AND MANUFACTURER LICENSE PLATES.—A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate: $17 flat, of which $4.50 shall be deposited into the General Revenue Fund. For additional fees as set forth in s. 320.08056, dealers may purchase specialty license plates in lieu of the standard graphic dealer license plates. Dealers shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 20. Subsection (2) of section 320.08056, Florida Statutes, is amended to read:

320.08056 Specialty license plates.—

(2)(a) The department shall issue a specialty license plate to the owner or lessee of any motor vehicle, except a vehicle registered under the International Registration Plan, a commercial truck required to display two license plates pursuant to s. 320.0706, or a truck tractor, upon request and payment of the appropriate license tax and fees.

(b) The department may authorize dealer and fleet specialty

license plates. With the permission of the sponsoring specialty license plate organization, a dealer or fleet company may purchase specialty license plates to be used on dealer and fleet vehicles.

(c) Notwithstanding s. 320.08058, a dealer or fleet specialty license plate must include the letters "DLR" or "FLT" on the right side of the license plate. Dealer and fleet specialty license plates must be ordered directly through the department.

Section 21. Subsection (10) is added to section 320.131, Florida Statutes, to read:

320.131 Temporary tags.—

(10) Beginning October 1, 2018, the department may partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program to provide temporary tags to fleet companies to allow them to operate fleet vehicles awaiting a permanent registration and title.

(a) The department shall establish a memorandum of understanding that allows a maximum of three companies to participate in the pilot program and receive multiple temporary tags for company fleet vehicles.

(b) To participate in the program, a fleet company must have a minimum of 3,500 fleet vehicles registered in this state which qualify to be registered as fleet vehicles pursuant to s. 320.0657.

(c) The department may issue up to 50 temporary tags at a time to an eligible fleet company, if requested by such company.

(d) The temporary tags are for exclusive use on a vehicle purchased for the company's fleet, and may not be used on any

other vehicle.

(e) Each temporary plate may be used on only one vehicle and each vehicle may only use one temporary plate.

(f) Upon issuance of the vehicle's permanent license plate and registration, the temporary tag becomes invalid and must be removed from the vehicle and destroyed.

(g) Upon a finding by the department that a temporary tag has been misused by a fleet company under this program, the department may terminate the memorandum of understanding with the company, invalidate all temporary tags issued to the company under the program, and require such company to return any unused temporary tags.

(h) This subsection is repealed on October 1, 2021, unless saved from repeal through reenactment by the Legislature.

Section 22. Subsections (18) through (46) of section 322.01, Florida Statutes, are renumbered as subsections (25) through (53), respectively, and new subsections (18) through (24) are added to that section, to read:

322.01 Definitions.—As used in this chapter:

(18) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(19) "Electronic credential" means an electronic representation of a physical driver license or identification card which is viewable on an electronic credential system capable of being verified and authenticated.

(20) "Electronic credential holder" means a person to whom an electronic credential has been issued.

(21) "Electronic credential provider" means an entity

contracted with the department to provide the electronic credential to the electronic credential holder.

(22) "Electronic credential system" means a computer system used to display or transmit electronic credentials to a person or verification system which can be accessed using an electronic device.

(23) "Electronic device" means a device or a portion of a device that is designed for and capable of communicating across a computer network with other computers or devices for the purpose of transmitting, receiving, or storing data, including, but not limited to, a cellular telephone, tablet, or other portable device designed for and capable of communicating with or across a computer network, and is used to render an electronic credential.

(24) "Electronic record" means a record created, generated, sent, communicated, received, or stored by electronic means.

Section 23. Section 322.032, Florida Statutes, is amended to read:

322.032 Electronic credential ~~Digital proof of driver license~~.—

(1)(a) The department shall develop and implement ~~begin to review and prepare for the development of a~~ secure and uniform protocols that comply with national standards ~~system~~ for issuing an optional electronic credential. The department shall procure the related technology solution that uses a revenue-sharing model through a competitive solicitation process pursuant to s. 287.057 ~~digital proof of driver license~~. The department may issue electronic credentials to persons who hold a Florida driver license or identification card. The electronic credential

and verification solution must have the necessary technological capabilities to execute the authentication of an electronic credential across all states, jurisdictions, federal and state agencies, and municipalities. The electronic credential and verification solution must provide the system integration necessary:

1. For qualified and authorized entities to securely consume an electronic credential.

2. For the production of a fully compliant electronic credential by qualified and authorized electronic credential providers.

3. To successfully ensure secure authentication and validation of data from disparate sources.

(b) The department shall procure ~~contract with~~ one or more electronic credential providers through the competitive solicitation process ~~private entities~~ to develop and implement a secure electronic credential ~~a digital proof of driver license~~ system.

(c) The department shall maintain the protocols and national standards necessary for an electronic credential provider to request authorized access to an application programming interface, or an appropriate technological tool of at least the same capabilities, necessary for such private entity to consume an electronic credential. The department shall timely review requests for authorized access and must approve all requests by electronic credential providers which meet the department's requirements. The department may assess a fee for use of the electronic credential and verification solution.

(d) The department shall provide access to a standardized

digital transaction process for use by the approved electronic credential providers of compliant electronic credentials to enable the financial transaction to be completed in such a manner that the proceeds are accepted by the department at the point of sale. The standardized digital transaction process must enable the providers of an electronic credential to direct through their electronic commerce workflow to a standardized checkout process and be able to document the providers involved. Any revenue generated from the electronic credential system must be collected by the department and distributed pursuant to a legislative appropriation and department agreements with the electronic credential providers of the electronic credential. Any revenues shared between the state and electronic credential providers are based solely on revenues derived from the purchase of the optional, electronic credential and no other transaction. The department shall enter into an agreement with the electronic credential providers which describes the permitted uses, terms and conditions, privacy policy, and uniform remittance terms relating to the consumption of an electronic credential.

(2)(a) The electronic credential ~~digital proof of driver license~~ developed by the department or by an electronic credential provider ~~an entity~~ contracted by the department must be in such a format as to allow law enforcement or an authorized consumer to verify the authenticity of the electronic credential and the identity of the credential holder and to validate the status of any driving privileges associated with the electronic credential ~~digital proof of driver license~~. The department shall adhere to protocols and national standards ~~may adopt rules~~ to ensure valid authentication of electronic credentials ~~digital~~

~~driver licenses~~ by law enforcement.

(b) The act of presenting to a law enforcement officer an electronic device displaying an electronic credential does not constitute consent for the officer to access any information on the device other than the electronic credential.

(c) The person who presents the device to the officer assumes liability for any resulting damage to the device.

(3) A person may not be issued an electronic credential ~~a digital proof of driver license~~ until he or she has satisfied all of the requirements of this chapter for issuance of a physical driver license or identification card as provided in this chapter.

(4) A person who:

(a) Manufactures a false electronic credential ~~digital proof of driver license~~ commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(b) Possesses a false electronic credential ~~digital proof of driver license~~ commits a misdemeanor of the second degree, punishable as provided in s. 775.082.

Section 24. Section 322.059, Florida Statutes, is amended to read:

322.059 Mandatory surrender of suspended driver license and registration.—A person whose driver license or registration has been suspended as provided in s. 322.058 must immediately return his or her driver license and registration to the Department of Highway Safety and Motor Vehicles. The department shall invalidate the electronic credential ~~digital proof of driver license~~ issued pursuant to s. 322.032 for such person. If such person fails to return his or her driver license or

registration, a law enforcement agent may seize the license or registration while the driver license or registration is suspended.

Section 25. Paragraph (c) of subsection (1) of section 322.143, Florida Statutes, is amended to read:

322.143 Use of a driver license or identification card.—

(1) As used in this section, the term:

(c) "Swipe" means the act of passing a driver license or identification card through a device that is capable of deciphering, in an electronically readable format, the information electronically encoded in a magnetic strip or bar code on the driver license or identification card or consuming an electronic credential.

Section 26. Subsection (1) of section 322.15, Florida Statutes, is amended to read:

322.15 License to be carried and exhibited on demand; fingerprint to be imprinted upon a citation.—

(1) Every licensee shall have his or her driver license, which must be fully legible with no portion of such license faded, altered, mutilated, or defaced, in his or her immediate possession at all times when operating a motor vehicle and shall present or submit the same upon the demand of a law enforcement officer or an authorized representative of the department. A licensee may present or submit an electronic credential ~~a digital proof of driver license~~ as provided in s. 322.032 in lieu of a physical driver license.

Section 27. Section 322.38, Florida Statutes, is amended to read:

322.38 Renting motor vehicle to another.—

(1) A ~~No~~ person may not ~~shall~~ rent a motor vehicle to any other person unless the other ~~latter~~ person is ~~then~~ duly licensed~~,~~ or, if a nonresident, ~~he or she shall be~~ licensed under the laws of the state or country of his or her residence, except a nonresident whose home state or country does not require that an operator be licensed.

(2) A ~~No~~ person may not ~~shall~~ rent a motor vehicle to another until he or she has inspected the driver license of the person to whom the vehicle is to be rented~~,~~ and has ~~compared and~~ verified that the driver license is unexpired ~~signature thereon with the signature of such person written in his or her presence~~.

(3) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name, ~~and~~ address, and license number of the person to whom the vehicle is rented, ~~the number of the license of said latter person,~~ and the ~~date and~~ place ~~when and~~ where the ~~said~~ license was issued. Such record shall be open to inspection by any police officer~~,~~ or officer or employee of the department.

(4) If a rental car company rents a motor vehicle to a person through digital, electronic, or other means that allows the renter to obtain possession of the motor vehicle without direct contact with an agent or employee of the rental car company, or if through use of such means the renter does not execute a rental contract at the time he or she takes possession of the vehicle, the rental car company is deemed to have met the requirements of subsections (1) and (2) when the rental car company requires the renter to verify that he or she is duly licensed and that the license is unexpired. Such verification

may occur at the time the renter enrolls in a membership program, master agreement, or other means of establishing use of the rental car company's services or at any time thereafter.

Section 28. Subsection (4) of section 322.61, Florida Statutes, is amended to read:

322.61 Disqualification from operating a commercial motor vehicle.—

(4) Any person who is transporting hazardous materials as defined in s. 322.01(31) ~~s. 322.01(24)~~ shall, upon conviction of an offense specified in subsection (3), be disqualified from operating a commercial motor vehicle for a period of 3 years. The penalty provided in this subsection shall be in addition to any other applicable penalty.

Section 29. Subsection (1) of section 324.021, Florida Statutes, is amended to read:

324.021 Definitions; minimum insurance required.—The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section, except in those instances where the context clearly indicates a different meaning:

(1) MOTOR VEHICLE.—Every self-propelled vehicle that is designed and required to be licensed for use upon a highway, including trailers and semitrailers designed for use with such vehicles, except traction engines, road rollers, farm tractors, power shovels, and well drillers, and every vehicle that is propelled by electric power obtained from overhead wires but not operated upon rails, but not including any personal delivery device or mobile carrier as defined in s. 316.003, bicycle, or moped. However, the term "motor vehicle" does not include a

motor vehicle as defined in s. 627.732(3) when the owner of such vehicle has complied with the requirements of ss. 627.730-627.7405, inclusive, unless the provisions of s. 324.051 apply; and, in such case, the applicable proof of insurance provisions of s. 320.02 apply.

Section 30. Subsection (1) of section 655.960, Florida Statutes, is amended to read:

655.960 Definitions; ss. 655.960-655.965.—As used in this section and ss. 655.961-655.965, unless the context otherwise requires:

(1) "Access area" means any paved walkway or sidewalk which is within 50 feet of any automated teller machine. The term does not include any street or highway open to the use of the public, as defined in s. 316.003(80)(a) or (b) ~~s. 316.003(79)(a) or (b)~~, including any adjacent sidewalk, as defined in s. 316.003.

Section 31. Paragraph (a) of subsection (2) of section 812.014, Florida Statutes, is amended to read:

812.014 Theft.—

(2)(a)1. If the property stolen is valued at $100,000 or more or is a semitrailer that was deployed by a law enforcement officer; or

2. If the property stolen is cargo valued at $50,000 or more that has entered the stream of interstate or intrastate commerce from the shipper's loading platform to the consignee's receiving dock; or

3. If the offender commits any grand theft and:

a. In the course of committing the offense the offender uses a motor vehicle as an instrumentality, other than merely as a getaway vehicle, to assist in committing the offense and

thereby damages the real property of another; or

b. In the course of committing the offense the offender causes damage to the real or personal property of another in excess of $1,000; or

4. If the property stolen is cargo and in the course of committing the offense the offender uses any type of device to defeat, block, disable, jam, or interfere with a global positioning system or similar system designed to identify the location of the cargo or the vehicle or trailer carrying the cargo,

the offender commits grand theft in the first degree, punishable as a felony of the first degree, as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 32. Except as otherwise expressly provided in this act, this act shall take effect October 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations	
BILL:	CS/CS/SB 1104
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Transportation Committee; and Senator Brandes
SUBJECT:	Transportation
DATE:	March 6, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Jones	Miller	TR	**Fav/CS**
2.	Wells	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Wells	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1104 makes numerous changes relating to transportation. The bill:

- Clarifies the organization of the Florida Department of Transportation (FDOT) and removes the requirement that the Governor must pick an FDOT secretary from the Florida Transportation Commission's (FTC) nominated FDOT secretary candidates;
- Defines "mobile carriers" and provides regulations for such devices;
- Increases the allowable weight of a personal delivery device to less than 100 pounds, instead of less than 80 pounds;
- Repeals s. 316.0895(2), F.S., which prohibits trucks and vehicles towing other vehicles or trailers from following one another within 300 feet on roadways outside of a business or residence district;
- Updates various commercial motor vehicle regulations to address compatibility issues with federal law and the International Registration Plan;
- Authorizes the Florida Turnpike Enterprise to fund, construct, and operate test facilities for the advancement of autonomous and connected transportation technology solutions for improving safety and congestion;
- Extends the Pilot Rebuilt Motor Vehicle Inspection Program to July 1, 2020, requires the Department of Highway Safety and Motor Vehicles (DHSMV) to submit a report evaluating the program by January 1, 2019, and provides additional requirements for the program;

- Prohibits the DHSMV or tax collectors from charging a title transfer fee when transferring a Florida motor vehicle title from a deceased owner to the deceased's parent or child within 30 days of the death;
- Requires the motor vehicle registration application and renewal form include a voluntary checkoff to allow contributions of $1 per applicant to be distributed to the Alzheimer's Association, Inc.;
- Expands businesses that may be authorized to use the DHSMV's electronic filing system to an entity that, in the normal course of its business, process title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles;
- Increases the time-frame apportionable vehicles must replace their license plates from annually to every five years;
- Allows the DHSMV to authorize the format of an electronic certificate of registration;
- Authorizes a DHSMV-approved electronic copy of a motor vehicle certificate of registration or motor vehicle rental or lease documentation be accepted by law enforcement or agents of the DHSMV as proof of possession of such documentation, and provides restrictions and liability regarding the electronic device displaying such documentation;
- Allows motor vehicle dealers and fleet companies to purchase specialty license plates for use on dealer and fleet vehicles directly from the DHSMV upon approval by the specialty license plate's sponsoring organization;
- Creates a Fleet Vehicle Temporary Tag pilot program, which allows the DHSMV to partner with a county tax collector to establish an agreement with up to three companies allowing the issuance of up to 50 temporary tags at a time for use by the company's fleet vehicles;
- Requires the DHSMV to competitively procure providers for an electronic driver license (electronic credential), provides requirements for the electronic credential and verification solution providers (including technological requirements), and authorizes the issuance and use of electronic credentials;
- Exempts a caregiver of a foster child, who signs the application for the minor's learner's driver license, from any obligation or liability for damages caused by the negligence or willful misconduct of the minor by reason of having signed the application;
- Provides that a motor vehicle rental company is deemed to have met the requirements of inspecting a driver license and prohibiting the rental of a motor vehicle to a person required to be licensed who is not, if the renter verifies he or she holds a valid driver license and the vehicle is rented from the company through digital, electronic, or other means not requiring direct contact with an employee of the rental company;
- Removes a requirement that a person who rents a vehicle to another person compare the signature of the renter with the renter's driver license signature; instead the person must verify that the renter's driver license is unexpired;
- Allows for-hire passenger vehicles to be insured by certain eligible nonadmitted insurers who are not members of the Florida Insurance Guaranty Association;
- Reduces the number of for-hire passenger vehicles an owner or lessee must operate to self-insure, from 300 to 150 for-hire vehicles;
- Requires the FDOT to charge a customer the minimum express lane toll for a *segment* of the express lane if the average travel speed of that *segment* falls below 40 miles per hour, rather than for the customer's entire trip;
- Provides that, when variable pricing in express lanes is allowed, the Florida Turnpike Enterprise (FTE) can charge a person for the *segment's* general toll amount plus the

segment's minimum toll amount, rather than the general toll lane amount plus an amount set by FDOT;
- Prohibits a local governmental entity from preventing public motor vehicle use or access to an existing transportation facility or corridor if it is the only point, or one of two points, of ingress to and egress from a state university;
- Creates a first degree grand theft crime for an offender who commits cargo theft and, in the course of committing the offense, uses a device that interferes with a global positioning system or similar system used to identify the location of the cargo or vehicle; and
- Makes technical and cross-reference changes to conform to changes made by the bill.

The bill also makes changes regarding motor vehicle platooning. Specifically, it:
- Repeals s. 316.0896, F.S., related to the assistive truck platooning technology pilot program, which has been conducted by the FDOT in consultation with the DHSMV;
- Defines the term "platoon" for purposes of the State Uniform Traffic Control Law;
- Authorizes motor vehicle platoons to be operated upon Florida roadways after an operator provides notification to the DHSMV and is issued a permit to operate such platoon by the FDOT;
- Requires the FDOT to adopt rules for the issuance of the permit and provides matters that must be addressed by such rules; and
- Provides that s. 316.303, F.S., concerning television receivers, does not prohibit use of an electronic display by an operator of a platoon.

The bill may reduce revenues to the DHSMV, the Highway Safety Operating Trust Fund, the State Transportation Trust Fund, the General Revenue Fund, and local tax collectors by an indeterminate amount. However, the provision allowing the use of electronic credentials may generate revenue to the Highway Safety Operating Trust Fund.

The bill may reduce expenses of the FTC. The bill will increase expenditures by the FDOT and DHSMV by an indeterminate amount.

The bill makes changes to address compliance issues with federal laws relating to commercial motor vehicles. The state could experience a reduction of Federal-aid highway funds if the state remains non-compliant with such federal laws.

The Criminal Justice Impact Conference has indicated that provisions of the bill may have a positive indeterminate impact on prison beds, meaning the bill will result in an unquantifiable increase in prison beds.

Except as otherwise expressly provided, the bill takes effect October 1, 2018.

II. Present Situation:

Due to the disparate issues in the bill, the present situation for each section is discussed below in conjunction with the effect of the proposed changes.

III. Effect of Proposed Changes:

FDOT Organization and Nomination of the FDOT Secretary (Section 1)

Present Situation

The FDOT is statutorily organized into seven districts, each of which is headed by a district secretary, as well as a turnpike enterprise and a rail enterprise, each of which is headed by an executive director.[1] The secretary, appointed by the Governor from among three persons nominated by the Florida Transportation Commission (FTC) and subject to confirmation, must be a proven, effective administrator who by education and experience clearly possesses broad knowledge of the administrative, financial and technical aspects of the development, operation, and regulation of transportation systems and facilities.[2]

The FDOT's central office is directed to establish departmental policies, rules, procedures, and standards and to monitor the implementation of such policies, etc., in order to ensure uniform compliance and quality performance by the districts and central office units.[3] Additionally, to provide for efficient operations and expedite the decision-making process, the FDOT is directed to provide for maximum decentralization to the districts.[4]

Effect of Proposed Changes

Section 1 of the bill amends s. 20.23(1), F.S., to restate current law by providing that the FDOT shall consist of:

- A central office, which establishes policies and procedures; and
- Districts, which carry out projects as authorized or required under the policies and procedures established by the central office pursuant to the existing statutory direction.

In addition, this section of the bill removes the provision requiring the Governor to appoint the FDOT secretary from among three persons nominated by the FTC. Under the bill, the FTC would no longer be required to undertake the process of reviewing and selecting candidates for the FDOT secretary nominations, and the Governor would not be restricted to appointing as the FDOT secretary one of the three persons nominated by the FTC.

Platoons (Sections 2, 5, 6 and 9)

Present Situation

Platooning is an emerging automated driving technology that allows vehicles to communicate with one another in order to electronically "link" to each other in a line at close proximity, where the lead vehicle controls the speed and braking of the following vehicles.[5] Each vehicle platoons by using an onboard computer connected to a vehicle-to-vehicle (V2V) communications device that receives and transmits data using Dedicated Short-Range Communications (DSRC), a two-

way wireless communications capability permitting very high data transmission.[6] DSRC is used by both V2V communications as well as vehicle-to-infrastructure (V2I) communications to provide connectivity among vehicles and between infrastructure to prevent crashes and enable safety, mobility, and environmental sustainability.[7]

The National Highway Traffic Safety Administration (NHTSA) published a Notice of Proposed Rulemaking in January 2017, proposing to mandate V2V communications for new light vehicles and standardize the message and format of V2V transmissions to create a standard system, both of which would enable vehicle manufacturers to develop safety applications using V2V communications.[8] These V2V communication device requirements would use DSRC devices to transmit basic information on the road, such as a vehicle's speed, heading, brake status and path predictions, which can be used to provide drivers timely warnings of impending crash situations that drivers may not otherwise be capable of seeing.[9] NHTSA has expressed that V2V communication "shows great promise in helping to avoid crashes, ease traffic congestion, and improve the environment."[10]

Driver-Assistive Truck Platooning

One form of V2V technology is driver-assistive truck platooning (DATP), which allows trucks to communicate with one another and to travel as close as 30 feet apart with automatic acceleration and braking. A draft is created, reducing wind resistance and cutting down on fuel consumption.[11]

In 2016, s. 316.0896, F.S., was created to require the Florida Department of Transportation (FDOT), in consultation with the Department of Highway Safety and Motor Vehicles (DHSMV), to study the use and safe operation of DATP technology,[12] develop and conduct a pilot project to test the use and safe operation of vehicles equipped to operate using DATP, and submit results of the study and any findings or recommendations from the pilot project to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The FDOT developed the pilot project as a demonstration and operational phase to:

- Evaluate impacts of DATP on surrounding traffic and infrastructure;
- Evaluate feasibility of conducting enforcement responsibilities when DATP trucks are operating; and

[12] Section 316.003(20), F.S., defines "driver-assistive truck platooning technology" as "[v]ehicle automation and safety technology that integrates sensor array, wireless vehicle-to-vehicle communications, active safety systems, and specialized software to link safety systems and synchronize acceleration and braking between two vehicles while leaving each vehicle's steering control and systems command in the control of the vehicle's driver in compliance with the National Highway Safety Administration rules regarding vehicle-to-vehicle communications."

- Evaluate administrative aspects of permitting DATP systems.[13]

The pilot project was conducted with Peloton Technology, one developer of DATP vehicle systems. Peloton's DATP is a cloud-based system that uses integrated sensors, controls, and wireless communications to determine in real time whether conditions are appropriate to allow specific trucks to engage in platooning operations.[14] Using V2V communications, the system synchronizes acceleration and braking between tractor-trailers, leaving steering to the drivers, but eliminating braking distance otherwise caused by lags in the front or rear driver's response time.[15] According to Peloton Technology, Peloton's demonstration of its DATP technology occurred on the Florida Turnpike and covered over 1,000 miles using two trucks traveling at a separation distance of approximately 65 feet.[16] At this time, FDOT has not submitted its report of the results of the study and any findings or recommendations from the pilot project.[17]

State Platoon Laws

According to Peloton, nine states have confirmed allowance for commercial deployment of DATP.[18] At least ten states with "following too closely" laws, including Florida,[19] exempt vehicles equipped with a DATP system or a platooning system from such state law.[20] Additionally, Arkansas, Michigan, Nevada, and Tennessee passed laws expressly allowing a person to operate DATP or platooning systems; however, Arkansas, Michigan, and Tennessee only allow operation upon state approval of a submitted operations plan or following a certain number of days after submission of such plan, if the plan is not rejected by the overseeing agency.[21] Several states and the federal government are continuing testing of DATP and other platooning systems.

Following Too Closely and TV Receiver Prohibitions

Section 316.0895, F.S., prohibits a driver of a motor vehicle to follow another vehicle more closely than is reasonable and prudent. It is unlawful, when traveling upon a roadway outside a business or residence district, for a motor truck or vehicle towing another vehicle or trailer to

[21] *Id.*

follow within 300 feet of a similar vehicle. The law exempts the vehicles operating as part of the FDOT's pilot project in a manner and at locations determined by the FDOT.[22]

Section 316.303, F.S., prohibits a motor vehicle operated on the highways of this state to be equipped with television-type receiving equipment that is visible from the driver's seat; however, this prohibition does not apply to an electronic display:

- Used in conjunction with a vehicle navigation system;
- Used in a vehicle equipped with autonomous technology in autonomous mode; or
- Used in a vehicle equipped and operating with DATP technology.

Effect of Proposed Changes

The bill repeals the pilot projects for DATP and permits platooning on Florida roadways after an operator provides notification to the DHSMV and the FDOT and obtains a permit by the FDOT.

Section 2 amends s. 316.003, F.S., to repeal the definition of "driver-assistive truck platooning technology," and add a definition for the term "platoon." The bill defines "platoon" as "a group of individual truck-tractor semi-trailer combinations which do not require placards traveling in a unified manner via wireless communications at electronically coordinated speeds and following distances."

Section 5 repeals s. 316.0896, F.S., which created the assistive truck platooning technology pilot project conducted by the FDOT in consultation with the DHSMV.

Section 6 creates s. 316.0897, F.S., to allow an operator to operate in a platoon on Florida roadways after the operator provides notification to the DHSMV and obtains a permit to operate in a platoon from the FDOT. The FDOT is required to adopt rules for the issuance of such permits. Such rules must address:

- The safety of the traveling public;
- The preservation of infrastructure; and
- Platooning technology.

This section is repealed October 1, 2023, unless reviewed and saved from repeal by the Legislature.

Section 9 amends s. 316.303, F.S., to remove reference to DATP technology and adds that the prohibition on television receivers does not apply to an electronic display used by an operator of a platoon.

The bill does not specify how notification to the DHSMV is required to be made or what information is required from the operator. It is unclear how law enforcement will be able to identify that a vehicle is operating in a platoon and thus exempt from certain traffic law requirements.

[22] Section 316.0896, F.S.

Personal Delivery Devices (Section 2)

Present Situation

Personal delivery devices (PDDs) are low-weight, low-speed devices that can carry roughly the equivalent of two grocery bags and resemble a box on wheels. PDDs can navigate around objects and people. Using a combination of mobile technology, the devices operate on integrated navigation and obstacle avoidance software that enable autonomous movement, but human operators may step in to ensure safety.[23] A PDD's cargo bay is locked when sent to make a delivery; only the delivery recipient can unlock the box with a code specific to that recipient. PDD locations are tracked, and delivery recipients can monitor the PDD's progress on a smartphone.[24]

In 2017, the Legislature established a regulatory framework for PDDs, creating definitions and approved operating parameters in ch. 316, F.S., the Florida Uniform Traffic Control Law. With certain exceptions,[25] and in the absence of a local prohibition, PDD operation on sidewalks and crosswalks within a county or municipality is authorized[26] when such use is permissible under federal law.[27] However, the law does not restrict a county or municipality from otherwise adopting regulations for the safe operation of PDDs.[28]

Section 316.003(51), F.S., currently defines "personal delivery device" to mean an electrically powered device[29] that:

- Is operated on sidewalks and crosswalks and intended primarily for transportation of property;
- Weighs less than 80 pounds, excluding cargo;
- Has a maximum speed of ten miles per hour; and
- Is equipped with technology to allow for operation of the device with or without the active control or monitoring of a natural person.

Effect of Proposed Changes

Section 2 amends s. 316.003(51), F.S., the definition of "personal delivery device," to increase the currently allowable PDD weight, excluding cargo, from less than 80 pounds to less than 100 pounds.

---

[23] *See* Starship Technologies Business, https://www.starship.xyz/business/ (last visited Feb. 16, 2018).
[24] *Id.*
[25] PDD operation on the Florida Shared-Use Nonmotorized Trail Network created under s. 339.81, F.S., or on components of the Florida Greenways and Trails System created under ch. 260, F.S., is prohibited. Section 316.008(7)(b)2., F.S.
[26] Section 316.2071, F.S.
[27] Federal law, specifically 23 U.S.C. s. 217(h), prohibits any motorized vehicle on pedestrian walkways funded in whole or in part with federal dollars, except for maintenance purposes, snowmobiles when snow conditions and state or local regulations permit, motorized wheelchairs, electric bicycles when state or local regulations permit, and such other circumstances as the U.S. Department of Transportation secretary deems appropriate.
[28] Section 316.008(7)(b), F.S.
[29] A PDD is not considered a vehicle unless expressly defined by law as a vehicle. PDDs are also excluded from registration and insurance requirements under s. 320.02(19), F.S.; but the owner or operator of a PDD must maintain an insurance policy providing general liability coverage of at least $100,000 for damages arising from PDD operation.

Mobile Carriers (Sections 2, 3, 7, 13, 14, and 32)

Present Situation

Mobile carriers are electronic devices designed to carry cargo and follow its operator through an electronic connection. For example, Piaggio Fast Forward has created a mobile carrier named Gita,[30] which is capable of hauling up to 44 pounds of goods while following a human operator or moving autonomously through an environment that has been previously mapped by the device.[31] The device does this by "linking" up to a belt with cameras worn by the user or by the device referring back to a specific map of a path it has already traveled. The device utilizes cameras and an ultrasonic range-finding system to avoid obstacles in its way.[32]

Currently, a mobile carrier is not defined in Florida law and Florida law does not contain any provisions regarding the operation of mobile carriers.

Effect of Proposed Changes

Section 2 amends s. 316.003, F.S., to define "mobile carrier" as an electrically powered device that weighs less than 80 pounds (excluding cargo), has a maximum speed of 12.5 miles per hour, is operated on sidewalks and crosswalks, is intended primarily for transporting property, is primarily designed to remain within 25 feet of the property owner, and is equipped with technology to transport personal property with active monitoring of the property owner.

This section also provides that a mobile carrier is not considered a vehicle, motor vehicle, or a personal delivery device.

Section 3 amends s. 316.008, F.S., to authorize a mobile carrier to be operated on sidewalks and crosswalks within a county or municipality when such use is permissible under federal law,[33] but does not restrict a county or municipality from adopting regulations for the safe operation of mobile carriers.

Section 7 amends s. 316.2071, F.S., relating to personal delivery devices (PDDs), to provide regulation of mobile carriers similar to the state's regulation of PDDs. Specifically, the bill provides that a mobile carrier:

- Operating on a sidewalk or crosswalk has all the rights and duties applicable to a pedestrian under the same circumstances, except that the mobile carrier may not unreasonably interfere with pedestrians or traffic and must yield the right-of-way to pedestrians;
- Must obey all official traffic and pedestrian control signals and devices;
- Must be equipped with a braking system that, when active or engaged, enables the mobile carrier to come to a controlled stop;

[30] Gita means a trip or outing in Italian.
[31] *See* Piaggio Fast Forward, *Introducing Gita*, https://www.piaggiofastforward.com/gita (last visited Feb. 16, 2018).
[32] Wired, *The Cute Robot That Follows You Around and Schleps All Your Stuff* (Feb. 16, 2017), https://www.wired.com/2017/02/piaggio-gita-drone/ (last visited Feb. 16, 2018).
[33] Federal law, specifically 23 U.S.C. s. 217(h), prohibits any motorized vehicle on pedestrian walkways funded in whole or in part with federal dollars, except for maintenance purposes, snowmobiles when snow conditions and state or local regulations permit, motorized wheelchairs, electric bicycles when state or local regulations permit, and such other circumstances as the U.S. Department of Transportation secretary deems appropriate.

- May not operate on a public highway except to cross a crosswalk;
- May not operate on a sidewalk or crosswalk unless the property owner remains within 25 feet of the mobile carrier; and
- May not transport hazardous materials.[34]

Sections 13 and 32 amend ss. 320.01 and 324.021, F.S., respectively, to provide that the term "motor vehicle" does not include mobile carriers.

Additionally, **section 14**, amends s. 320.02(19), F.S., to provide that a mobile carrier is not required to be registered or insured to be operated within the state.

Following Too Closely Law (Section 4)

Present Situation

Section 316.0895(1), F.S., prohibits a driver of a motor vehicle to follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of vehicles and traffic upon, and the condition of, the highway. Section 316.0895(2), F.S., prohibits a motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer, when traveling upon a roadway outside a business or residence district, to follow within 300 feet of another motor truck, motor truck drawing another vehicle, or vehicle towing another vehicle or trailer.

"Following-too-closely" (FTC) laws vary by state and can differ based on specific classes of vehicles. Among the states, the most common FTC law for cars require vehicle operators to follow vehicles in a manner that is "reasonable and prudent;" the most common FTC law for heavy trucks specifies required distances or distance intervals, or requires sufficient space for vehicles to enter and occupy without danger; and the least common FTC law requires specified time intervals between vehicles.[35] Additionally, some U.S. jurisdictions lack explicit FTC laws.[36]

Effect of Proposed Changes

Section 4 repeals s. 316.0895(2), F.S., to remove the 300 feet requirement for trucks or vehicles towing another vehicle or trailer when following a similar vehicle. This section also amends s. 316.0895(1), F.S., to provide that the prohibition on following another vehicle more closely than is reasonable and prudent may not be construed to prevent overtaking and passing.

[34] As defined in s. 316.003(28), F.S., a hazardous material is any substance or material determined by U.S. Department of Transportation Secretary to be capable of imposing an unreasonable risk to health, safety, and property. This includes hazardous waste as defined in s. 403.703, F.S.

Federal Motor Carrier Safety Administration Compatibility (Section 8)

Present Situation

The Federal Motor Carrier Safety Administration (FMCSA) was established within the United States Department of Transportation on January 1, 2000. Its primary mission is to prevent commercial motor vehicle (CMV)-related fatalities and injuries.[37]

Section 316.302, F.S., provides that all owners and drivers of CMVs[38] operated on the public highways of this state while engaged in *interstate* commerce are subject to the rules and regulations contained in the following parts of the Federal Motor Carrier Safety Regulations:[39]

- Part 382, Controlled Substance and Alcohol Use and Testing;
- Part 385, Safety Fitness Procedures;
- Part 390, General Federal Motor Carrier Safety Regulations;
- Part 391, Qualifications of Drivers;
- Part 392, Driving of Commercial Motor Vehicles;
- Part 393, Parts and Accessories Necessary for Safe Operation;
- Part 395, Hours of Service of Drivers;
- Part 396, Inspection, Repair, and Maintenance; and
- Part 397, Transportation of Hazardous Materials; Driving and Parking Rules.

Owners and drivers of CMVs engaged in *intrastate* commerce are subject to the same rules and regulations, unless otherwise provided in s. 316.302, F.S., as such rules and regulations existed on December 31, 2012.[40] To remain compatible with the Federal Motor Carrier Safety Regulations, states generally have up to three years from the effective date of new federal requirements to adopt and enforce such requirements.[41] States that remain incompatible risk losing federal funding. A 2007 Florida State Motor Carrier Safety Assistance Program (MCSAP) review found that the Florida Statutes contain multiple compatibility issues.[42]

2007 Florida State MCSAP Review Findings

Section 316.302(1)(b), F.S., provides an exception from 49 C.F.R. s. 390.5 as it relates to the definition of a bus, defined as "any motor vehicle designed, constructed, and/or used for the transportation of passengers, including taxicabs." Florida law excludes taxicabs from the definition of a bus.[43] The MCSAP Review noted that Florida Statutes "exempting, from the

[37] FMCSA website, *About Us* (Mar. 31, 2014), https://www.fmcsa.dot.gov/mission/about-us (last visited Feb. 16, 2018).
[38] Section 316.003(12), F.S., defines "commercial motor vehicle" as "any self-propelled or towed vehicle used on the public highways in commerce to transport passengers or cargo, if such vehicle: (a) Has a gross vehicle weight rating of 10,000 pounds or more; (b) Is designed to transport more than 15 passengers, including the driver; or (c) Is used in the transportation of materials found to be hazardous for the purposes of the Hazardous Materials Transportation Act, as amended (49 U.S.C. ss. 1801 et seq.)."
[39] 49 C.F.R. ch. III, subchapter B.
[40] Section 316.302(1)(b), F.S.
[41] 49 C.F.R. *Appendix A to Part 355 – Guidelines for the Regulatory Review – State Determinations* (2016).
[42] 2007 Florida State MCSAP Review, *Summary Findings, Recommendations, and Noteworthy Practices* (June 2007) (on file with the Senate Committee on Transportation).
[43] Section 316.003(6), F.S.

definition of a bus, taxicabs as it applies to the intrastate private transportation of passengers, is not compatible" with federal law.[44]

Federal law prohibits certain lamps and reflective devices from being obscured on CMVs.[45] However, s. 316.215(5), F.S., provides an exception from this requirement for front-end loading collection vehicles that are engaged in collecting solid waste or recyclable or recovered materials and are being operated at less than 20 miles per hour with hazard-warning lights activated. According to the MCSAP review, federal law provides no such exemption.[46]

Section 316.302(2)(d), F.S., provides an exemption from compliance with 49 C.F.R. s. 395.8, requiring record of a driver's duty status, for a driver of a CMV if the driver:

- Is operating solely in intrastate commerce;
- Is not transporting any hazardous materials in amounts that require placarding;[47]
- Is within 150-air miles of the vehicle's base location; and
- Complies with specific federal requirements relating to hours of service.[48]

Additionally, state law provides that if a driver is not released from duty within 12 hours of arriving on duty, the motor carrier must maintain documentation of the driver's driving times throughout the duty period. The MCSAP review found that the exemption and alternate records requirement contained in s. 316.302(2)(d), F.S., does not comply with federal regulations because the federal exemption for such drivers also requires that the driver return to the work reporting location and is released from work within 12 consecutive hours.[49]

Federal law allows a state to exempt a CMV from all or part of its laws or regulations relating to intrastate commerce if the vehicle's gross vehicle weight, gross vehicle weight rating, gross combined weight, or gross combined weight rating is less than 26,001 pounds and the vehicle is not:

- Transporting hazardous materials requiring a placard; or
- Designed or used to transport 16 or more people, including the driver.[50]

However, s. 316.302(2)(f), F.S., provides exemptions from federal laws or regulations for a person who operates a CMV solely in intrastate commerce, having a *declared* gross vehicle weight of less than 26,001 pounds, and who is not transporting hazardous materials in an amount that requires placarding or who is transporting petroleum products. According to the MCSAP Review, the state interprets this statute as exempting such vehicles transporting petroleum products even if a hazardous materials placard is required, which is not in compliance with federal regulations.[51]

[50] 49 C.F.R. s. 350.341(a)
[51] 2007 Florida State MCSAP Review, at p. 5, *FL/FI-3*.

Maximum Driving Time

Section 316.302(2), F.S., provides prohibitions to the length of time CMV drivers may drive, as well as exemptions from federal requirements for specified vehicles. Section 316.302(2)(b), F.S., provides that a person who operates a CMV solely in intrastate commerce without any hazardous materials in amounts requiring placarding may not drive:

- More than 12 hours following 10 consecutive hours off duty; or
- For any period after the end of the 16th hour after coming on duty following 10 consecutive hours off duty.

Except as provided in the federal hours of service rules,[52] a person operating a CMV solely in intrastate commerce not transporting any hazardous material may not drive after having been on duty more than 70 hours in any period of seven consecutive days or more than 80 hours in any period of eight consecutive days if the motor carrier operates every day of the week.[53] Upon request of DHSMV, motor carriers are required to furnish time records or other written verification so that DHSMV can determine compliance with the hours of service requirements. Falsification of time records is subject to a civil penalty not to exceed $100.[54]

Effect of Proposed Changes

Section 8 amends multiple provisions in s. 316.302, F.S., to address federal compatibility issues.

This section amends s. 316.302(1), F.S., to clarify that the section applies to all CMVs and buses, except as provided in s. 316.302(3), F.S., relating to covered farm vehicles.

This section adopts federal laws that intrastate CMV owners and drivers are required to comply with as such federal rules and regulations existed on December 31, 2017.[55] However, s. 316.302(1)(e), F.S., is created to delay the requirement for electronic logging devices and hours of service support documents[56] for intrastate motor carriers not carrying hazardous materials in amounts requiring placarding until December 31, 2018.

This section amends s. 316.302(1)(d), F.S., to repeal an exemption from federal law allowing specified CMVs to obscure certain lighting or reflective devices.

Due to changes in federal law, the section amends s. 316.302(2)(a), F.S., to provide clarity that drivers of intrastate CMVs that are not transporting hazardous materials requiring placarding are exempt from 49 C.F.R. s. 395.3, which provides maximum driving times for property-carrying vehicles. These drivers continue to be subject to the maximum driving times required by state law.

---

[52] 49 C.F.R. s. 395.1
[53] Section 316.302(2)(c), F.S.
[54] This penalty is found in s. 316.302(2)(c), F.S. However, s. 316.3025, F.S., relating to CMV penalties, provides that a penalty of $100 may be assessed for a violation of s. 316.302(2)(b) or (c), F.S.
[55] A list of Final Rules adopted as of December 31, 2016, that affect FMCSA rules and regulations are available on the FMCSA website, *Rulemaking Documents,* https://www.fmcsa.dot.gov/regulations/search/rulemaking?keyword=&dt=final&topic (last visited Feb. 5, 2018).
[56] Electronic Logging Devices and Hours of Service Supporting Documents, 80 Fed. Reg. 78291 (Dec. 16, 2015), https://www.federalregister.gov/documents/2015/12/16/2015-31336/electronic-logging-devices-and-hours-of-service-supporting-documents (last visited Feb. 5, 2018).

Section 316.302(2)(c), F.S., is amended to remove a duplicate penalty for falsifying hours of service records.

Section 316.302(2)(d), F.S., is amended to refer to the correct federal regulations that allow a motor carrier to be exempt from being required to maintain records of duty status for short-haul drivers. In order to be exempt, the driver must also return to the work reporting location and be released from work within 12 consecutive hours and have either 10 or 8 hours off (property-carrying and passenger-carrying CMVs).

Lastly, the section amends s. 316.302(2)(f), F.S., to remove specified exemptions from federal law or regulations for drivers transporting petroleum products. The paragraph is also amended to refer to the federal criteria for the exemption: CMVs having a *gross vehicle weight, gross vehicle weight rating, and gross combined weight rating* of less than 26,001 pounds, instead of a *declared* gross vehicle weight.

Innovative Technology/Turnpike Funding (Section 10)

Present Situation

Section 338.2215, F.S., expresses Legislative intent that the Florida Turnpike Enterprise (FTE) within the FDOT maximize the advantages obtainable through fully leveraging the turnpike system asset, and that the additional powers and authority granted to the FTE will provide it with the autonomy and flexibility to enable it to more easily pursue innovations and best practices found in the private sector in, among other items, operations. Section 338.2216(1)(d), F.S., directs the FTE in part to "pursue and implement new technologies and processes in its operations."

As an example of such efforts, the FTE and other entities are participating in a project called SunTrax. According to the project website, "located off I-4 between Orlando and Tampa, SunTrax is a large-scale, cutting-edge facility dedicated to the research, development and testing of emerging transportation technologies in safe and controlled environments."[57] Site construction began in June 2017. The site covers 400 acres containing a multi-lane 2.25-mile long oval track and a 200-acre infield designed specifically for development and testing of automated driving systems.[58]

Effect of Proposed Changes

Section 10 amends s. 316.85, F.S., to authorize the FTE to fund, construct, and operate test facilities for the advancement of autonomous, connected, and innovative transportation technology solutions for the purposes of improving safety and decreasing congestion for the traveling public and to otherwise advance the FTE's objectives under ch. 338, F.S.

[57] For more information, see the SunTrax website at http://www.suntraxfl.com/#about-us (last visited Feb. 16, 2018).
[58] *See* SunTrax Brochure, http://www.suntraxfl.com/wp-content/uploads/2017/11/SunTrax-Brochure-.pdf. (last visited Feb. 16, 2018).

Pilot Rebuilt Motor Vehicle Inspection Program (Section 11)

Present Situation

A person may not sell a rebuilt vehicle until the vehicle's title labels that vehicle as rebuilt, which requires the motor vehicle go through a physical rebuilt motor vehicle inspection conducted by the DHSMV.[59] The purpose of the rebuilt inspection is to assure the identity of the vehicle and all major component parts that have been repaired or replaced. After an approved rebuilt inspection, the DHSMV affixes a decal to the vehicle that identifies the vehicle as a rebuilt vehicle.

The 2013 Florida Legislature created s. 319.141, F.S., for the implementation of a Pilot Rebuilt Vehicle Inspection Program (PRVIP) conducted in Miami-Dade and Hillsborough counties. The DHSMV set standards for the program and certified private sector inspection facilities in Miami-Dade County.[60] The program's purpose is to evaluate private sector alternatives for rebuilt inspection services, including the feasibility of using private facilities, the cost impact to consumers, and the potential savings to the DHSMV. The DHSMV is required to establish a memorandum of understanding (MOU) that allows private parties participating in the pilot program to conduct rebuilt vehicle inspections and specifies requirements for oversight, bonding and insurance, procedure, and forms, and requires the electronic submission of documents.

To be approved to conduct rebuilt vehicle inspections under the program, s. 319.141, F.S., requires an applicant:

- Have and maintain a surety bond or irrevocable letter of credit in the amount of $100,000, executed by the applicant;
- Secure and maintain a facility at a permanent structure at an address recognized by the United States Postal Service where the only services provided are rebuilt inspection services;
- Annually attest that he or she is not employed by or does not have an ownership interest in or financial arrangement with a motor vehicle repair shop, motor vehicle dealer, towing company, storage company, vehicle auction, insurance company, salvage yard, metal retailer, or metal rebuilder, from which he or she receives remuneration for the referral of customers for rebuilt inspection services;
- Have and maintain garage liability and other insurance required by the DHSMV;
- Have completed criminal background checks of the owners, partners, and corporate officers and the inspectors employed by the facility; and
- Meet any additional criteria the DHSMV determines necessary to conduct proper inspections.

As required by law, the DHSMV submitted a report[61] in 2015, which summarized the implementation of the pilot program and program results. Since October 1, 2013, the DHSMV has certified eight private businesses in the Miami area to conduct rebuilt vehicle inspections.[62]

[59] Section 319.14(1)(b), F.S. A rebuilt vehicle is one that has been built from salvage or junk.
[60] No entities from Hillsborough County applied to participate in the program.
[61] DHSMV, *Florida's Private Rebuilt Vehicle Inspection Program – Pilot Program Report* (Jan. 30, 2015), http://www.flhsmv.gov/pdf/cabinetreports/privaterebuiltreport.pdf (last visited Feb. 16, 2018).
[62] DHSMV, Office of Inspector General, *Rebuilt Vehicle Inspection Program Audit Report 201617-24* (Dec. 5, 2017), https://www.flhsmv.gov/pdf/igoffice/20161724.pdf (last visited Feb. 16, 2018).

During Fiscal Year 2016-2017, a total of 71,342 rebuilt vehicle inspections were conducted in the state, of which 35,325 were by the PRVIP businesses.[63]

Currently, the DHSMV employees in Miami-Dade County are still responsible for conducting rebuilt vehicle inspections at the DHSMV Regional Office and at various off-site locations, and for monitoring the PRVIP businesses to ensure inspections are conducted in accordance with program standards.[64]

According to the DHSMV, each of the eight pilot program participants have met, and continue to meet, all of the statutory requirements and the MOU executed with DHSMV. Statutorily authorized state rebuilt inspection fees ($40) and re-inspection fees ($20) have been collected and remitted to the state as required. In addition, each pilot program participant is allowed to assess customers a service fee for each inspection. Service fees range from $50 to $85 and are not regulated in any manner by the DHSMV.[65]

The pilot rebuilt motor vehicle inspection program is repealed on July 1, 2018, unless saved from repeal through reenactment by the Legislature.

Effect of Proposed Changes

Section 11 amends s. 319.141, F.S., to require PRVIP business operators to:

- As part of the rebuilt inspection services, photograph the interior driver and passenger sides of the vehicle if the airbags were previously deployed and replaced;
- Secure and maintain a facility that is a permanent fixed structure which has an address identified by a county-issued tax folio number;
- Annually attest that there have been no changes in the ownership structure of the facility and that the only services being provided at the property are rebuilt vehicle inspection services approved by the DHSMV;
- Have a designated office and customer waiting area that is separate from and not within view of the vehicle inspection area;
- Have a vehicle inspection area capable of accommodating all vehicle types and equipped with cameras allowing the DHSMV to view and monitor inspections.

This section prohibits program participants from conducting an inspection of a vehicle to be purchased by the current program applicant. Such vehicles must be inspected by the DHSMV.

This section also:

- Requires an applicant for a rebuilt title that fails an initial rebuilt inspection to have that vehicle re-inspected only by the DHSMV or the facility that conducted the original inspection;
- Prohibits a person or business authorized by the DHSMV to train, certify, or recertify operators and inspectors of private rebuilt inspection facilities from certifying or recertifying themselves or their employees;

[63] *Id.*
[64] DHSMV, *Pilot Program Report*.
[65] DHSMV, *Pilot Program Report*.

- Requires the DHSMV to conduct onsite facility inspections at least twice a year;
- Requires the current facility operator to give the DHSMV a 45 day written notice of the intended transfer of ownership of the facility, and requires the transferee to meet all eligibility requirements of the program;
- Reenacts the pilot program, which saves the program from repeal on July 1, 2018, and provides for the repeal of the program on July 1, 2020, unless saved from repeal through reenactment by the Legislature; and
- Requires the DHSMV to submit a written report to the President of the Senate and the Speaker of the House of Representatives on or before January 1, 2019, evaluating the current program and its benefits to consumers and the DHSMV.

Motor Vehicle Title Transfer Fee (Section 12)

Present Situation

Section 319.32(1), F.S., provides for a $70 fee for each original and duplicate certificate of title, except for motor vehicles for hire,[66] which are $49, and $2 for each salvage certificate of title. The DHSMV also charges $2 to note a lien on the certificate, $1 to cover the cost of materials, and $2.50 for shipping and handling. Additionally, s. 319.32(2), F.S., provides that there is a $4.25 service charge for each certificate of title application, a $10 additional fee for an original certificate of title issued for a vehicle registered outside of Florida, and a $7 additional fee for each lien placed on a vehicle by the state child support enforcement program.

The $70 fee is distributed between the State Transportation Trust Fund and the General Revenue Fund, excluding $1 that is deposited into the Highway Safety Operating Trust Fund (HSOTF) to fund the DHSMV's efforts to prevent and detect odometer fraud.[67] The DHSMV or the tax collector who processes the application retains the $4.25 service charge.[68] Additionally, expedited service for title transfers, issuances, duplicates, and recordation of liens is an option available for a $10 fee. If requested, expedited service ensures the title is issued within five working days after receipt of the application.[69]

In the event of the death of a motor vehicle owner, upon inheritance of the motor vehicle, a surviving spouse may dispose of a deceased spouse's vehicle without being required to transfer the certificate of title in his or her name.[70] Co-owners of a vehicle with names appearing conjoined by an "or" on the title are not required to apply for a new title when the other co-owner dies, as he or she already has absolute rights to the vehicle. As of July 1, 2017, the DHSMV and tax collector are prohibited from charging fees or service charges (excluding an expedited title fee, if applicable) for issuance of a motor vehicle certificate of title when the title is being issued solely to remove a deceased spouse as a co-owner of the vehicle when the other

[66] Vehicles registered under s. 320.08(6), F.S.
[67] Sections 319.32(5) and 319.324, F.S.; Section 319.32(5), F.S., provides that $47 of each fee collected for an original or duplicate certificate of title is deposited into the State Transportation Trust Fund, which may receive up to $200 million in any fiscal year. The remainder of the fee and any fees in excess of the $200 million are deposited into the General Revenue Fund.
[68] Section 319.32(2)(b), F.S.
[69] Section 319.323, F.S.
[70] Section 319.28(1)(c), F.S.

co-owner is the surviving spouse.[71] In any other situation when a person inherits a vehicle that he or she wishes to operate or sell, such person is required to transfer the certificate of title into his or her name and pay the applicable title fees.

Effect of Proposed Changes

Section 12 amends s. 319.32(7), F.S., to prohibit the DHSMV and tax collectors from charging any fee or service charge, other than the expedited title fee, if applicable, for issuing a certificate of title to transfer a Florida-titled vehicle from a deceased owner, who is a Florida resident, to the deceased's child or parent, who is also a Florida resident. The title transfer must be made within 30 days of the owner's death for the child or parent to receive the fee exemption.

International Registration Plan – Charter Buses (Section 13)

Present Situation

The International Registration Plan (IRP) is a registration reciprocity agreement among all states in the contiguous United States, the District of Columbia, and several Canadian provinces. It provides for the payment of license fees based on fleet operation in various member jurisdictions.[72] This allows carriers to operate inter-jurisdictionally while only needing to register its vehicles in its base jurisdiction, which is the state or province where the registrant has an established place of business.[73]

All "apportionable vehicles" domiciled in the state are required to be registered in accordance with the IRP and display "Apportioned" license plates.[74]

Apportionable vehicles that do not regularly operate in a particular jurisdiction also have the option to register for trip permits in order to operate in IRP member jurisdictions for limited periods where they do not pay license taxes.[75]

An "apportionable vehicle" is any vehicle that is used or intended for use in two or more member jurisdictions and that is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, and:[76]

- Is a power unit having a gross vehicle weight in excess of 26,000 pounds;
- Is a power unit having three or more axles, regardless of weight; or
- Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

---

[71] Section 319.32(7), F.S., created by ch. 2017-89, Laws of Florida.
[72] International Registration Plan, Inc., *About IRP*, http://www.irponline.org/?page=AboutIRP (last visited Feb. 16, 2018).
[73] As defined by the IRP. IRP, *International Registration Plan with Official Commentary* (Jan. 1, 2017), http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/publications/IRP_agreement_eff_january_1_.pdf at p. 16 (last visited Feb. 16, 2018).
[74] Sections 320.0715(1) and 320.06(3)(a), F.S.
[75] *Id*. *See also* IRP, *Trip Permits-Cost/Duration* (May 2016), http://www.irponline.org/resource/resmgr/Jurisdiction_Info_2/Trip_Permits_5.19.2016.xlsx (last visited Feb. 16, 2018).
[76] Section 320.01(24), F.S. IRP http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/publications/IRP_agreement_eff_january_1_.pdf, at p. 12-13 (last visited Feb. 16, 2018)

The Florida definition excludes recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, government-owned vehicles, and buses used in transportation of chartered parties. The IRP definition excludes a recreational vehicle, a vehicle displaying restricted plates, or a government-owned vehicle. Excluded vehicles may voluntarily register.

Prior to January 1, 2016, charter buses were excluded from having to register under the IRP. The IRP was amended to remove charter buses from the exemption, requiring charter bus operations to register under the IRP. This registration ensures that a charter bus operation will pay license fees to each jurisdiction it operates in, and prevents or suspends the registration of unsafe carriers.[77]

Effect of Proposed Changes

Section 13 amends s. 320.01(24), F.S., to remove the exclusion of charter buses from the definition of apportionable vehicle. This change is necessary to align with the requirements of the IRP. All charter buses operating interstate are required to obtain an IRP registration or purchase trip permits.

Voluntary Contribution Checkoffs (Section 14)

Present Situation

An organization may seek a voluntary contribution checkoff to be placed on the motor vehicle registration application and renewal forms, which allows individuals the option to contribute $1 or more to such organizations.

An organization that seeks authorization to establish a voluntary contribution checkoff on a motor vehicle registration application is required to submit specified information to the DHSMV at least 90 days before the convening of the next regular session of the Legislature.[78] Specifically, the organization must submit:

- A request for the voluntary contribution checkoff being sought, including a description of the proposed voluntary contribution;
- An application fee, not to exceed $10,000, to defray departmental costs for reviewing the application and developing the checkoff (the fee is refunded if the checkoff is not approved by the Legislature); and
- A marketing strategy for the checkoff and financial analysis outlining anticipated revenues and planned expenditures of the revenues derived from the checkoff.[79]

Additionally, s. 320.023, F.S., provides general regulations for the use of contributions received from checkoffs, and provides that approved voluntary contribution checkoffs must be discontinued if less than $25,000 has been contributed during any 5-year period, if the organization no longer exists, if the organization stops providing services authorized to be funded with the contributions, or pursuant to an organizational recipient's request.

[77] *See* IRP, *Official Amendment to the International Registration Plan* (June 2014) http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/irp_ballots/ballot_391.pdf (last visited Feb. 16, 2018).
[78] Section 320.023(1), F.S.
[79] *Id.*

Effect of Proposed Changes

Section 14 amends s. 320.02, F.S., to add a voluntary contribution checkoff (notwithstanding the statutory requirements of s. 320.023, F.S.) to the motor vehicle registration application and renewal forms, which allows an applicant to contribute $1 to the Alzheimer's Association, Inc.

DHSMV's Electronic Filing System (Section 15)

Present Situation

Section 320.03, F.S., provides the duties of tax collectors as it relates to motor vehicle licensing. It provides that jurisdiction over the electronic filing system (EFS) for use by authorized EFS agents for certain purposes is expressly preempted to the state, and the DHSMV has regulatory authority over the system. Specifically, the EFS is used to:

- Electronically title or register motor vehicles, vessels, mobile homes, or off-highway vehicles;
- Issue or transfer registration license plates or decals;
- Electronically transfer fees due for the title and registration process; and
- Perform inquiries for title, registration, and lienholder verification and certification of service providers.

The section provides that an entity that, in the normal course of its business, sells products that must be titled or registered, provides title and registration services on behalf of its consumers, *and* meets the requirements established by the DHSMV shall not be precluded from participating in the EFS upon request from the qualified entity.[80] The EFS must be available for use statewide and applied uniformly throughout the state. Additionally, the EFS agents may charge a fee to the customer for use of the EFS.

The EFS is primarily used by Florida's motor vehicle dealers to acquire access to the DHSMV registration and title information and to process title and registration transactions.[81]

Effect of Proposed Changes

Section 15 amends s. 320.03(10), F.S., to provide that the EFS system can be used to process title transactions, derelict motor vehicle certificates, and certificates of destruction for derelict and salvage motor vehicles. The bill adds that an entity that, in the normal course of its business, processes title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles and meets the requirements established by the DHSMV may be an authorized EFS agent.

This section also provides that DHSMV *may* adopt rules to administer the section, including, but not limited to, rules establishing participation requirements, certification of service providers, EFS requirements, disclosures, and enforcement authority for noncompliance. The current rulemaking authority related to the EFS is mandatory rather than permissive.

[80] Rule 15C-16.010 sets forth the DHSMV's requirements to be an EFS agent.
[81] For more information, see DHSMV website, *Electronic Filing System (EFS)*, https://www.flhsmv.gov/motor-vehicles-tags-titles/electronic-lien-titles/electronic-filing-system-efs/ (last visited Feb. 16, 2018).

This section is effective January 1, 2019.

Issuance of Apportionable Vehicle Plates (Sections 16 and 18)

Present Situation

Section 320.06, F.S., provides for motor vehicle registration certificates, license plates, and validation stickers. Registration license plates, which bear a graphic symbol and alphanumeric system of identification, are issued for a 10-year period. However, "Apportioned" license plates issued to vehicles registered under the IRP are issued annually.[82] Each original license plate costs $28, which is deposited into the Highway Safety Operating Trust Fund (HSOTF). Apportioned vehicles are also issued an annual cab card that denotes the declared gross vehicle weight for each apportioned jurisdiction where the vehicle is authorized to operate.[83]

Effect of Proposed Changes

Sections 16 and 18 amend ss. 320.06 and 320.0607, F.S., respectively, to provide that beginning October 1, 2019, apportioned vehicles will be issued license plates valid for a 5-year period, instead of annually. If the license plate is damaged or worn prior to the end of the 5-year period, the DHSMV may replace it at no charge upon application and surrender of the current plate. Cab cards and validation stickers will continue to be issued annually. The $28 annual fee will apply to the issuance of an original or renewal validation sticker, instead of for the cost of the plate.

Electronic Motor Vehicle Registrations and Rental Agreements (Sections 17 and 23)

Present Situation

Section 320.0605, F.S., requires certificates of registration for motor vehicles. The registration certificate or an official copy, a true copy of rental or lease documentation issued for a motor vehicle or issued for a replacement vehicle in the same registration period, a temporary receipt printed upon self-initiated electronic renewal of a registration via the Internet, or a cab card issued for a vehicle registered under the IRP must, at all times while the vehicle is being used or operated on the roads of this state, be in the possession of the operator of the vehicle, or be carried in the vehicle for which it was issued. The certificate must be exhibited upon demand of any authorized law enforcement officer or an agent of the DHSMV, except for a registered fleet vehicle.[84] This provision does not apply during the first 30 days after purchase of a replacement vehicle. A violation is a noncriminal traffic infraction, punishable as a nonmoving violation as provided in ch. 318, F.S.[85]

Section 320.0605, F.S., requires that a person who rents or leases a vehicle is required to possess a true copy of rental or lease documentation for the motor vehicle at all times while the vehicle is

[82] Section 320.06(1)(b)1., F.S.
[83] *See* IRP, *State of Florida Apportioned Cab Card Sample*, http://c.ymcdn.com/sites/www.irponline.org/resource/resmgr/cab_cards/fl_cc_sample.pdf (last visited Feb. 16, 2018).
[84] A fleet vehicle registered under s. 320.0657, F.S., provides for the permanent registration of fleet license plates.
[85] Chapter 318, F.S., relates to the disposition of traffic infractions.

being operated.[86] The documentation must include certain information including the date of the rental and the time of exit from the rental facility.

Effect of Proposed Changes

Section 17 amends s. 320.0605, F.S., to authorize a person to possess a DHSMV-authorized electronic copy of a motor vehicle registration or an electronic copy of a rental or lease documentation to be displayed upon the request of a law enforcement officer or an agent of the DHSMV.

This section also repeals the requirement that the rental or lease documentation must include the time of exit from the rental facility.

Section 23 amends s. 320.95, F.S., to allow the DHSMV to authorize the format of an electronic certificate of registration in addition to a paper certificate. The section also authorizes presentation of the department-issued electronic certificate if the paper certificate is not available for inspection, is damaged, or is otherwise illegible.

Both sections provide that displaying the electronic copy does not constitute consent for the officer or agent to access any information on the device other than the displayed documentation. Additionally, the person who presents the device to the officer or agent assumes liability for any resulting damage to the device.

Specialty License Plates for Motor Vehicle Dealers and Fleets (Sections 16, 19, 20 and 21)

Present Situation

A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate is subject to an annual license tax of $17.[87] These license plates are imprinted with the word "Dealer" at the bottom of the plate.[88] Dealers may, upon payment of the dealer plate license tax, secure one or more dealer license plates. These plates are valid while the motor vehicles are in the dealer's inventory and for sale, or while being operated in connection with the dealer's business, except when used as for-hire vehicles.[89]

Fleet license plates are available for companies that own or lease a minimum number of nonapportioned motor vehicles used for business purposes.[90] Such permanent plates are available upon approval by the DHSMV and payment of license taxes prescribed under s. 320.08, F.S. Fleet vehicle license plates have the word "Fleet" imprinted at the bottom of the plate.[91]

[86] A person who cannot display such documentation upon request from an officer or agent of the DHSMV is guilty of a noncriminal traffic infraction, punishable as a nonmoving violation.
[87] Section 320.08(12), F.S.
[88] Section 320.06(3), F.S.
[89] Section 320.13, F.S.
[90] Section 320.0657. DHSMV, Division of Motorist Services, Procedure RS-55, *Fleet Registration Program* (Feb. 8, 2013), http://www3.flhsmv.gov/dmv/Proc/RS/RS-55.pdf (last visited Feb. 16, 2018), provides that the fleet company must have a minimum of 200 vehicles or 25 trailers or semitrailers used exclusively to haul agricultural products.
[91] *Id.*

There are over 120 specialty license plates available for purchase in Florida.[92] However, neither dealer license plates nor fleet license plates are eligible to be specialty license plates. Specialty license plates require payment of an annual use fee, ranging from $15 to $25, paid in addition to required license taxes and service fees.[93] These annual use fees are distributed to an organization or organizations in support of a particular cause or charity signified in the plate's design and designated in statute.[94]

Effect of Proposed Changes

Sections 16, 19, 20, and 21 amend ss. 320.06, 320.0657, 320.08, and 320.08056, F.S., respectively, to allow a dealer or fleet company, with the permission of the specialty license plate organization, to purchase specialty license plates directly through the DHSMV to be used on dealer or fleet vehicles. The dealer or fleet company that orders specialty license plates for its vehicles must pay the annual use fee of the specialty license plate and any other applicable license taxes or fees. The specialty license plate will include the letters "DLR" for dealer license plates and "FLT" for fleet license plate embossed on the right side of the plate.

Fleet Vehicle Temporary Tag Pilot Program (Section 22)

Present Situation

Section 320.131, F.S., authorizes the DHSMV to design, issue, and regulate the use of temporary tags for use in certain cases provided in law when a permanent plate may not be immediately available, and provides penalties for the misuse of temporary tags. Generally, a temporary tag is valid for 30 days.[95] Temporary tags cost $2 each, of which $1 is deposited into the Brain and Spinal Cord Injury Program Trust Fund and $1 into the Highway Safety Operating Trust Fund. DHSMV uses a print-on-demand electronic temporary tag registration, record retention, and issue system that is required to be used by every department-authorized issuer of temporary tags.[96] These issuers include motor vehicle dealers and tax collectors who frequently issue temporary tags on behalf of the DHSMV.

Effect of Proposed Changes

Section 22 amends s. 320.131, F.S., to create a Fleet Vehicle Temporary Tag Pilot Program. Beginning October 1, 2018, the DHSMV may partner with a county tax collector to conduct a pilot program that provides up to 50 temporary tags at a time to fleet companies who have at least 3,500 fleet vehicles registered in Florida. The DHSMV shall establish a memorandum of understanding (MOU) that allows a maximum of three companies to participate in the pilot program.

Under the pilot program:

---

[92] A list of Florida's specialty license plates is available on the DHSMV website at http://www.flhsmv.gov/dmv/specialtytags/ (last visited Feb. 16, 2018).
[93] Section 320.08056, F.S.
[94] Section 320.08058, F.S.
[95] However, a temporary tag issued to a vehicle required to be weighed or emission tested prior to registration or required to have the vehicle identification number verified is valid for 10 days, and a temporary tag issued for a vehicle waiting for manufacturing of a purchased specialty or personalized prestige plate is valid for 90 days. *See* ss. 320.131(1)(f) and (j), F.S.
[96] Section 320.131(9), F.S.

- The temporary tags must be used exclusively on the company's fleet vehicles and may not be used on any other vehicle;
- Each temporary plate must be used on only one vehicle, and each vehicle may only use one temporary plate;
- Upon issuance of the vehicle's permanent license plate and registration, the temporary tag becomes invalid and must be removed from the vehicle and destroyed;
- Upon a finding by the DHSMV that a temporary tag has been misused under this program, the DHSMV may terminate the MOU with the company, invalidate all temporary tags issued to the company, and require the company to return any unused temporary tags.

This program is repealed on October 1, 2021, unless saved from repeal through reenactment by the Legislature.

Digital Driver Licenses and Electronic Credentials (Sections 24-26, 28, and 29)

Present Situation

Section 322.032, F.S.,[97] provides for the establishment of a digital proof of driver license. This section requires the DHSMV to begin to review and prepare for the development of a secure and uniform system for issuing an optional digital proof of driver license. DHSMV is authorized to contract with one or more private entities to develop a digital proof of driver license system.

The digital proof of driver license developed by the DHSMV or by an entity contracted by the DHSMV is required to be in such a format as to allow law enforcement to verify the authenticity of the digital proof of driver license. The DHSMV may adopt rules to ensure valid authentication of digital driver licenses by law enforcement.

This section also establishes certain penalties for a person who manufacturers or possesses a false digital proof of driver license. Specifically, a person who:

- Manufactures a false digital proof of driver license commits a third degree felony, punishable by up to five years in prison[98] and a fine not to exceed $5,000.[99]
- Possesses a false digital proof of driver license commits a second degree misdemeanor, punishable by up to 60 days in jail.[100]

Currently, there are six states who are piloting or have completed pilot projects testing digital driver license applications with limited populations; however, no state has implemented use of a statewide digital driver license.[101] The American Association of Motor Vehicle Administrators (AAMVA) represents state and provincial officials who administer and enforce motor vehicle laws in the United States and Canada, and develops programs to encourage uniformity and reciprocity among the states and provinces, including developing driver license and identification

[97] This section was created in 2014. *See* ch. 2014-216, Laws of Fla.
[98] Section 775.082, F.S.,
[99] Section 775.083, F.S.
[100] Section 775.082, F.S.
[101] Iowa plans to develop an app-based mobile driver's license for statewide deployment this year. See Government Technology, *Iowa, Five Other States Will Try Digital Driver's License Projects in 2018* (Oct. 20, 2017), http://www.govtech.com/transportation/Iowa-Five-Other-States-Will-Try-Digital-Drivers-License-Projects-in-2018.html (last visited Feb. 16, 2018).

card design standards.[102] The AAMVA has brought together its Card Design Standard Committee and an Electronic Identity Working Group to recommend standards regarding the use of mobile or electronic driver licenses and identification cards.[103]

At this time, AAMVA has not released its standards for electronic identification, but has produced a continuously updated white paper discussing the functional needs for and practical considerations associated with a mobile driver license solution.[104]

Effect of Proposed Changes

The bill replaces references in the Florida Statutes to a "digital proof of driver license" with the term "electronic credential," which refers to an "electronic representation of a physical driver license or identification card which is viewable on an electronic credential system and capable of being verified and authenticated." The bill provides requirements to implement the creation and use of statewide electronic credentials.

Section 24 amends s. 322.01, F.S., to define terms as used in ch. 322, F.S., relating to driver licenses. Specifically, the bill defines the terms "credential service provider," "digital identity verifier," "electronic,"[105] "electronic credential," "electronic credential holder," "electronic credential provider," "electronic credential system," "electronic device," "electronic ID,"[106] and "qualified entity."

Section 25 amends s. 322.032(1), F.S., to require the DHSMV to develop and implement secure and uniform protocols that comply with national standards for issuing an optional electronic credential. The bill also requires the DHSMV to:

- Competitively procure a related technology solution that uses a revenue-sharing model;
- Procure at least two but no more than five electronic credential providers to develop and implement an *initial phase* to provide a secure electronic credential system;
- Maintain the protocols and national standards necessary for a digital verifier or an electronic credential provider to request authorized access to an application programming interface, or an appropriate technological tool, necessary for such private entity to consume an electronic ID;[107]
- Timely review requests for authorized access and approve all requests by digital identify verifiers which meet the DHSMV's requirements;
- Enter into agreements with electronic credential providers which describe the permitted uses, terms and conditions, privacy policy, and uniform remittance terms relating to the consumption of an electronic credential; and

[102] *See* AAMVA, *About AAMVA*, https://www.aamva.org/about-aamva/ and *DL/ID Standards*, https://www.aamva.org/dl-id-card-design-standard/ (last visited Feb. 16, 2018).
[103] AAMVA, *Mobile Driver's License (mDL)*, https://www.aamva.org/Mobile-Drivers-License/ (last visited Feb. 16, 2018).
[104] AAMVA, *Mobile Driver's License – Functional Needs White Paper 0.8 Document Version* (revised Sept. 5, 2017), https://www.aamva.org/mDLFunctionalNeedsRequirements-08/ (last visited Feb. 16, 2018).
[105] This definition is identical to the definition of "electronic" as used in Florida's Uniform Electronic Transaction Act. See s. 668.50(2)(e), F.S.
[106] This definition is identical to the definition of "electronic record" as used in Florida's Uniform Electronic Transaction Act. See s. 668.50(2)(g), F.S.
[107] An "electronic ID" is defined as a "technology solution by which a qualified entity authenticates the identity of an individual receiving goods or services."

- Upon completion of the *initial phase*, submit a report regarding the continued implementation and tools necessary for future phases to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

The electronic credential provider must have the necessary technological capabilities to execute the authentication of an electronic credential across all states, jurisdictions, federal and state agencies, and municipalities. The electronic credential and verification solution must provide the standardized system integration necessary:

- For qualified entities to securely consume the electronic credential;
- For the production of a fully compliant electronic credential electronic credential providers; and
- To successfully ensure secure authentication and validation of data from disparate sources.

Qualified entities are required to have technological capabilities necessary to integrate with the credential service provider (an electronic credential provider competitively procured by the DHSMV).

This section requires the DHSMV to provide access to a standardized digital transaction process for use by electronic credential providers to enable the financial transaction be completed in such a manner that the proceeds are accepted by the DHSMV at the point of sale. This process must enable the providers of the credential to direct through their electronic commerce workflows to a standardized checkout process and be able to document the providers involved.

This section authorizes the DHSMV to issue electronic credentials to persons who hold a Florida driver license or identification card. The bill does not specifically state that a person must pay a fee to have an electronic credential or authorize the DHSMV to set a fee, but the bill does state that the DHSMV must provide the electronic credential providers "access to a standardized digital transaction process that provides the proceeds of a completed financial transaction to the department at the point of sale." Revenue generated from the electronic credential system must be deposited into the Motor Vehicle Licensing Clearing Trust Fund and distributed pursuant to a legislative appropriation and the DHSMV agreements with the electronic credential providers.

Additionally, the DHSMV may assess a market rate fee structure for use of the credential service provider for any qualified entity to obtain an electronic ID. Revenue generated from use of the service provider by digital identity verifiers is shared between the state and the credential provider and distributed pursuant to DHSMV agreements with digital identity verifiers.

Fees may not be charged to any state court, state governmental entity, or law enforcement agency.

The electronic credential is required to be in a format that allows law enforcement or an authorized consumer to verify the authenticity of the credential, identify the identity of the holder, and to validate the status of the holder's driving privilege associated with the credential. It provides that the act of presenting the electronic credential to a law enforcement officer does not constitute consent for inspection of any information on the device other than the displayed credential, and the person who presents the device assumes liability for any resulting damage to the device.

Finally, the bill amends various sections of statute to replace the term "digital proof of driver license" or add the term "electronic credential." Specifically:

- **Section 25** amends s. 322.032, F.S., to prohibit a person from being issued an electronic credential until he or she has satisfied all requirements of ch. 322, F.S., to be issued a physical driver license or identification card;
- **Section 25** amends s. 322.032, F.S., to penalize a person who manufactures or possesses a false electronic credential as a third degree felony;
- **Section 26** amends s. 322.059, F.S., to require the DHSMV invalidate the electronic credential if the person's driver license has been suspended;
- **Section 28** amends s. 322.143, F.S., to add that the term "swipe" used in reference to the use of a driver license or identification card includes consuming an electronic credential; and
- **Section 29** amends s. 322.15, F.S., to authorize a licensee to present or submit the electronic credential upon request of a law enforcement officer or an authorized representative of the DHSMV in lieu of a physical driver license.

Learner's Driver License for Minors in Foster Care (Section 27)

Present Situation

The application for a driver license for any person under the age of 18 years old must be signed by the person's parent or guardian, or, if there is no parent or guardian, by another responsible adult willing to assume such obligation.[108] The signee is jointly and severally liable with the minor for any damages caused by negligence or willful misconduct of the minor when driving a motor vehicle.[109]

However, for a minor in foster care,[110] the minor's foster parent, caseworker, authorized representative for the residential group home where the minor resides, or a guardian ad litem authorized by the minor's caregiver may sign the application for the minor's learner's driver license without assuming any obligation or liability for damages caused by the minor.[111]

Effect of Proposed Changes

Section 27 amends s. 322.09, F.S., to add that a *caregiver* of a minor who is in foster care may sign the minor's application for a learner's driver license without assuming any obligation or liability for damages caused by the minor.

Renting a Motor Vehicle to Another (Section 30)

Present Situation

Section 322.38, F.S., sets the requirements for an individual who wishes to rent a motor vehicle to another. These include that the individual inspects the:

[108] Section 322.09(1), F.S.
[109] Section 322.09(2), F.S.
[110] As defined in s. 39.01, F.S., "foster care" means "care provided a child in a foster family or boarding home, group home, agency boarding home, child care institution, or any combination thereof."
[111] Section 322.091(4), F.S.

- Driver license of the person to whom the vehicle is to be rented, and compares and verifies the signature thereon with the signature of such person written in his or her presence before the vehicle can be rented.
- Further, the individual must keep a record of the registration number of the motor vehicle rented, the name and address of the person renting and the number, date, and place of issue.

Effect of Proposed Changes

Section 30 amends s. 322.38, F.S., to eliminate the requirement that a person renting a motor vehicle to another verify the latter individual's signature on his or her driver license, and adds the requirement that the individual renting the vehicle to another verify that the renter's driver license is unexpired. The bill also eliminates the requirement that the individual renting the vehicle to another record the date on which the driver license was issued.

This section creates s. 322.38(4), F.S., to provide that a rental car company that rents a motor vehicle to a person through digital, electronic, or other means which allows the renter to obtain possession of the vehicle without direct contact with an agent or employee of the rental car company, or where the renter does not execute a rental contract at the time he or she takes possession of the vehicle, is deemed to have met the license inspection requirements if the renter verifies that he or she is duly licensed and the license is unexpired. Such verification *may* occur when the renter enrolls in a rental company's membership program, master agreement, or other means of establishing use of the company's services or at any time thereafter.

For-hire Passenger Vehicle Insurance (Sections 33 and 34)

Present Situation

Section 324.031, F.S., provides that the owner or operator of a taxicab, limousine, jitney, or any other for-hire passenger transportation vehicle may prove financial responsibility by providing satisfactory evidence of holding a motor vehicle liability policy, which is issued by an insurance carrier that is a member of the Florida Insurance Guaranty Association (FIGA).[112]

A person required to maintain motor vehicle insurance who is the owner or registrant of a vehicle that operates as a taxicab and who operates one or more for-hire passenger vehicles may prove financial responsibility with evidence of holding a motor vehicle insurance liability policy with minimum limits of $125,000/250,000/50,000.[113] However, a motor vehicle owner or lessee required to maintain insurance under s. 324.021(9)(b), F.S., which includes lessors of motor vehicles and owners who loan out their motor vehicles, and who operates at least 300 for-hire passenger vehicles may prove financial responsibility through self-insurance as provided in s. 324.171, F.S.[114]

[112] The Florida Insurance Guaranty Association is created in s. 631.55, F.S.
[113] Section 324.032(1)(a), F.S. Section 324.032, F.S., provides it is notwithstanding the provisions of s. 324.031, F.S.
[114] Section 324.032(2), F.S. The maximum amount of self-insurance permissible under this section is $300,000 on a per occurrence basis, and the self-insurer must maintain adequate excess insurance issued by an authorized or eligible insurer licensed or approved by the Office of Insurance Regulation.

Effect of Proposed Changes

Section 33 amends s. 324.031, F.S., to provide that a for-hire passenger vehicle's motor vehicle liability policy must be provided by an insurer *authorized to do business in this state* and who is a member of the FIGA, *or* by an eligible nonadmitted (or surplus lines) insurer that has a superior, excellent, exceptional, or equivalent financial strength rating by a rating agency acceptable to the Office of Insurance Regulation.

Section 34 amends s. 324.032(2), F.S., to reduce the minimum number of for-hire passenger vehicles an owner or lessee must operate to be eligible to self-insure, from 300 vehicles to 150 vehicles.

High-Occupancy Toll Lanes and Express Lanes (Sections 35 and 36)

Present Situation

A high-occupancy-vehicle (HOV) lane is a lane of a public roadway designated for use by vehicles in which there is more than one occupant.[115] A high-occupancy toll lane is an HOV lane that requires payment of a toll. Tolled HOV lanes are referred to as high-occupancy toll lanes, or HOT lanes.

The FDOT manages such tolled lanes so that, generally, the required toll amount for use of the lane "is dynamically [or variably] priced based on the congestion in the express lanes with a goal of providing a free flow condition [in the express lanes]."[116] The FDOT's general goal is that a driver in such a lane should be able to maintain an average speed of 45 miles per hour or greater while traveling in the lane.[117]

The 2017 Legislature amended s. 338.166(5), F.S., effective July 1, 2018, to require a customer to be charged the minimum express lane toll if a customer's average travel speed for a *trip* in an FDOT express lane falls below 40 miles per hour. The provision currently defines a customer's express lane average travel speed as the customer's average travel speed from the customer's entry point to the customer's exit point.[118]

The Legislature also amended s. 338.2216(1)(d), F.S., to prohibit variable pricing in express lanes on the turnpike system when the level of service in the express lane, determined in accordance with the Transportation Research Board Highway Capacity Manual (5th Edition, HCM 2010),[119] as amended, is equal to level of service A.[120] When the level of service in the

[115] Section 316.0741(1)(a), F.S.
[116] For a detailed discussion of the FDOT's management of express lanes, see the Senate Bill Analysis of CS/CS/SB 1562, April 26, 2017, at p. 8, http://www.flsenate.gov/Session/Bill/2017/1562/Analyses/2017s01562.ap.PDF (lase visited Mar. 1, 2018.)
[117] See the FDOT email to Senate Transportation Committee staff dated April 18, 2017 (On file in the Senate Transportation Committee).
[118] Chapter 2017-182, L.O.F.
[119] Copy on file with the Senate Transportation Committee.
[120] According to the manual, level A is characterized by free-flow operations meaning that free-flow speed prevails on the freeway and vehicles are almost completely unimpeded in their ability to maneuver within the traffic stream.

express lane is level B,[121] variable pricing in the express lane may only be implemented by charging the general toll lane toll amount, plus an amount set by FDOT rule. Pricing in express lanes when the level of service is other than level of service A or B may vary in the manner established by the Florida Turnpike Enterprise (FTE) to manage congestion in the express lanes, with an exception: effective July 1, 2018, if a customer's average travel speed for a *trip* in an express lane falls below 40 miles per hour, the customer must be charged the general toll lane toll amount plus an amount set by FDOT rule. A customer's express lane average travel speed is also defined as the customer's average travel speed from the customer's *entry point* to the customer's *exit point*.

Effect of Proposed Changes

Section 35 amends s. 338.166(5), F.S., to require that if a customer's average travel speed for a *segment* of an express lane falls below 40 miles per hour, the toll charged must be the *segment's* minimum toll amount. An express lane segment is defined as the distance between the customer's *point of entry* to the *first available* exit. Additional segments are defined by the distance between subsequent exits.

Section 36 amends s. 338.2216(1)(d), F.S., to authorize variable pricing in express lanes when the level of service in the lane is level B, but only by charging the *segment's* general toll amount plus the *segment's* minimum toll amount. The bill defines an express lane segment as the distance between the customer's *point of entry* to the *first available exit*, with additional segments defined by the distance between subsequent exits. The current exception to be effective July 1, 2018, is removed.

Local Road Closure - State University Ingress and Egress (Section 37)

Present Situation

Section 336.09, F.S., authorizes county commissioners, with respect to property under their jurisdiction, to close any existing public or private street, road, or highway, other than a state or federal highway, and to disclaim any right of the county and the public in any underlying land.[122]

Section 2(b), Art. VIII of the Florida Constitution grants municipalities "governmental, corporate, and proprietary powers to enable them to conduct municipal government, perform municipal functions and render municipal services, and may exercise any power for municipal purposes except as otherwise provided by law." Statutory implementation of the constitution's broad grant of home rule authority to municipalities is reflected in s. 166.021, F.S., which defines "municipal purpose" as "any activity or power which may be exercised by the state or its political subdivisions." Current law contains no provision specifically addressing or otherwise providing for municipal road closures. Thus, municipalities are authorized to close municipal streets under their home rule authority.

[121] Level B is characterized by reasonably free-flow operations, meaning that free-flow speed is maintained and the ability to maneuver is only slightly restricted.
[122] Section 336.10, F.S., sets forth the process for closing or abandoning a county road.

Effect of Proposed Changes

Section 37 creates s. 334.352, F.S., entitled "state university ingress and egress," to prohibit a local governmental entity from preventing public motor vehicle use on, or access to, an existing transportation facility[123] or transportation corridor[124] if that facility or corridor is the only point, or one of only two points, of ingress to and egress from a state university defined in s. 1000.21, F.S.,[125] and regulated by the Board of Governors of the State University System.[126] Counties and municipalities are prohibited from denying vehicular use of or access to an existing transportation facility or corridor under the conditions specified.

Cargo Theft (Section 39)

Present Situation

First degree grand theft, a first degree felony, is theft of:
- Property valued at $100,000 or more.
- A semitrailer deployed by a law enforcement officer.
- Cargo valued at $50,000 or more in specified circumstances.

First degree grand theft also includes any grand theft in which, in the course of committing the offense, a motor vehicle is used as specified or the offender causes damage to the real or personal property of another in excess of $1,000.[127]

A first degree felony is punishable by up to 30 years in state prison and a fine of up to $10,000.[128]

Currently, it is a second degree misdemeanor[129] to, without authority, willfully, maliciously, or intentionally tamper with, attempt to tamper with, or otherwise interfere with any motor vehicle or trailer of another which results in the:
- Cargo or contents of such motor vehicle or trailer becoming unloaded or damaged; or
- Mechanical functions of such motor vehicle or trailer becoming inoperative or impaired.[130]

Global positioning system (GPS) jammers are devices using radio frequency transmitters in order to intentionally block, jam, or interfere with GPS systems. It is illegal to market, sell, or use GPS

[123] Defined in s. 334.03(30), F.S., as "any means for the transportation of people or property from place to place which is constructed, operated, or maintained in whole or in part from public funds. The term includes the property or property rights, both real and personal, which have been or may be established by public bodies for the transportation of people or property from place to place."
[124] Defined in s. 334.03(29), F.S., as "any land area designated by the state, a county, or a municipality which is between two geographic points and which area is used or suitable for the movement of people and goods by one or more modes of transportation, including areas necessary for management of access and securing applicable approvals and permits."
[125] Section 1000.21(6), F.S., lists the institutions in Florida, including any branch campuses, centers, or other affiliates of the institutions.
[126] Section 20.155, F.S.
[127] Section 812.014(2)(a), F.S.
[128] Sections 775.082 and 775.083, F.S.
[129] A second degree misdemeanor is punishable by up to 60 days imprisonment in county jail and a fine of up to $500. Id.
[130] Section 860.17, F.S.

jammers in the United States.[131] Such devices have been linked to cargo thefts throughout the United States.[132]

Effect of Proposed Changes

Section 39 amends s. 812.014(2), F.S., to create a new first degree grand theft crime. A person commits first degree grand theft if he or she commits cargo theft and uses a device in the course of committing the offense to defeat, block, disable, jam, or interfere with a GPS or similar system designed to identify the location of the cargo or the vehicle or trailer carrying the cargo.

"Cargo" is "partial or entire shipments, containers, or cartons of property which are contained in or on a trailer, motortruck, aircraft, vessel, warehouse, freight station, freight consolidation facility, or air navigation facility."[133]

Conforming Changes (Sections 31 and 38)

The bill amends ss. 322.61 and 655.960, F.S., to make conforming changes to cross-references.

Effective Date (Section 40)

Except as otherwise provided, the bill takes effect October 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill exempts a Florida resident from certificate of title fees when he or she is transferring a Florida-titled vehicle into his or her name from a deceased owner who is his or her parent or child. This exemption from title fees will have a recurring negative impact primarily on the General Revenue Fund, as well as the State Transportation Trust Fund, HSOTF, and local governments. The Revenue Estimating Conference has not yet

[131] See GPS.gov, *Information About GPS Jamming*, http://www.gps.gov/spectrum/jamming/ (last visited Feb. 16, 2018).
[132] Federal Bureau of Investigation, Private Industry Notification 141002-001, *Cargo Thieves use GPS Jammers to Mask GPS Trackers* (Oct. 2, 2014), https://info.publicintelligence.net/FBI-CargoThievesGPS.pdf (last visited Feb. 16, 2018).
[133] Section 812.012(1), F.S.

estimated the impact of this provision. The DHSMV estimates that the provision could reduce revenues by $4.5 million annually.[134]

The bill creates an electronic credential for a driver license and requires fees paid to obtain an electronic credential or to access a system to verify an electronic credential to be deposited into the HSOTF and shared with the contracted providers pursuant to the agreements entered into by the DHSMV and the providers. The impact of any revenue generated under these provisions is indeterminate.

B. Private Sector Impact:

The bill may have a positive fiscal impact on:

- Manufacturers of PDDs and mobile carriers that will be authorized to be operated on sidewalks and crosswalks in the state;
- Residents of the state who will not have to pay fees to transfer a Florida-registered motor vehicle title into their name upon the death of a parent or child;
- Entities that will be authorized to use the DHSMV's EFS system;
- Operators of motor vehicle platoons and manufacturers of platooning technology that will be authorized to operate on Florida roadways;
- Specialty license plate organizations if motor vehicle dealers or fleet companies choose to purchase the organization's specialty license plate;
- Fleet companies who qualify to be part of the Fleet Vehicle Temporary Tag pilot program and will be able to receive up to 50 temporary tags at a time, which can reduce the amount of time a replacement fleet vehicle is inoperable while awaiting permanent registration and title;
- Certain nonadmitted insurers who may be able to provide a motor vehicle liability insurance policy to owners and operators of for-hire passenger vehicles; and
- Owners and lessees of 150 for-hire passenger vehicles, but less than 300, who will be authorized to self-insure;
- The Alzheimer's Association, Inc.

The bill creates a new crime for persons who commit grand theft while using a device to interfere with a GPS or similar system that is designed to identify the location of the cargo or the vehicle or trailer carrying the cargo. This provision may deter cargo theft. A first degree felony is generally punishable by up to 30 years in state prison and a fine of up to $10,000.

There is a potential fiscal impact to the CMV industry associated with changes to the CMV regulations contained in the bill; however, the impact is indeterminate at this time.

C. Government Sector Impact:

The bill may have a negative, but indeterminate impact on the DHSMV, the HSOTF, the State Transportation Trust Fund, the General Revenue Fund, and local tax collectors.

[134] Email from the DHSMV to Senate Transportation Committee staff, March 3, 2018.

DHSMV will incur programming and implementation costs associated with changes made by the bill.

The bill makes changes to address compliance issues with federal laws relating to commercial motor vehicles. According to the DHSMV, if Florida fails to comply with FMCSA compatibility requirements, Florida may experience a reduction of up to four percent of Federal-aid highway funds following the first year of noncompliance and up to eight percent for subsequent years.[135] Noncompliance may also affect the potential award of future grants.

The FTC may have reduced administrative expenses associated with no longer receiving, reviewing, and selecting from the applications three candidates for nomination as the FDOT secretary.

The bill creates an electronic credential and allows the DHSMV to competitively procure at least 2 and no more than 5 providers to implement the credential. The procurement is for services based upon a revenue sharing model. The bill allows the DHSMV to establish a competitive market rate fee structure to verify an electronic credential. The bill exempts state courts, state governmental entities, and law enforcement agencies from these fees. The revenue generated from the electronic credential will increase revenues to the HSOTF by an indeterminate amount.

The changes made by the bill regarding high-occupancy toll and express lanes may facilitate the FDOT's ability to implement the toll reduction under the revised conditions, potentially resulting in increased toll revenues.

The bill may increase operating expenses of the DHSMV and the FDOT. For example, the cost to the FDOT to create a permit for truck platooning is unknown.

The Criminal Justice Impact Conference has reviewed the bill and estimated provisions of the bill concerning cargo theft and the illegal creation of electronic credentials may have a positive indeterminate impact on prison beds, meaning the bill will result in an unquantifiable increase in prison beds.[136]

VI. Technical Deficiencies:

None.

VII. Related Issues:

Section 6 requires an operator in a platoon to provide notification to the DHSMV in order to operate in this state. The bill does not specify how notification to the DHSMV is required to be made or what information is required from the operator. Further, it is unclear how law

[135] Email from the DHSMV (Feb. 17, 2017) (on file with the Senate Committee on Transportation).
[136] EDR, Criminal Justice Impact Conference, *CS/SB 1104 – pcs – Commercial Motor Vehicles, available at* http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/CSSB1104pcs.pdf (last visited March 3, 2018).

enforcement will be able to identify that a vehicle is operating in a platoon and thus exempt from certain traffic law requirements.

Effective January 1, 2019, **section 15** amends the DHSMV's current statutory requirement to adopt rules to administer s. 320.03, F.S., and instead provides that DHSMV *may* adopt rules to administer the section.

Section 25 allows for an electronic version of a driver license, and appears to allow to the charge of a fee to have such version of a driver license. However, the bill does not specifically allow the DHSMV to set a fee, does not specifically state that a fee will be charged, and does not amend s. 322.21, F.S., which sets forth the fees charged for licenses.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.23, 316.003, 316.008, 316.0895, 316.2071, 316.302, 316.303, 316.85, 319.141, 319.32, 320.01, 320.02, 320.03, 320.06, 320.0605, 320.0607, 320.0657, 320.08, 320.08056, 320.131, 320.95, 322.01, 322.032, 322.059, 322.09, 322.143, 322.15, 322.38, 322.61, 324.021, 324.031, 324.032, 338.166, 338.2216, 655.960, and 812.014.

This bill creates the following sections of the Florida Statutes: 316.0897 and 334.352.

This bill repeals section 316.0896 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute changes the "relating to" clause of the bill to "[a]n act relating to transportation" and adds or amends several new provisions to the bill. The CS/CS:

- Clarifies the organization of FDOT and removes the requirement that the Governor must pick an FDOT secretary from the FTC's nominated FDOT secretary candidates;
- Defines "mobile carriers" and provides regulations for such devices;
- Increases the allowable weight of PDDs to less than 100 pounds, instead of less than 80 pounds;
- Revises s. 316.0897, F.S., created by the bill, to require platoon operators notify the DHSMV, obtain a permit from the FDOT to operate, directs the FDOT to adopt rules for issuance of such permits, and provides for the repeal of this section on October 1, 2023, unless saved from repeal by the Legislature;
- Repeals s. 316.0895(2), F.S., which prohibits trucks and vehicles towing other vehicles or trailers from following one another within 300 feet on roadways outside of a business or residence district;
- Provides that the prohibition on following another vehicle more closely than is reasonable and prudent may not be construed to prevent overtaking and passing;

- Revises s. 316.302(1)(e), F.S., created by the bill, to exempt certain intrastate motor carriers from federal electronic logging device and hours of service support document requirements until December 31, 2018, instead of 2019, to remain compliant with federal law;
- Authorizes the FTE to fund, construct, and operate test facilities for the advancement of autonomous and connected transportation technology solutions for improving safety and congestion;
- Extends the Pilot Rebuilt Motor Vehicle Inspection Program to July 1, 2020, requires the DHSMV submit a report evaluating the program by January 1, 2019, and provides additional requirements for the program;
- Prohibits the DHSMV or tax collectors from charging title transfer fees when transferring a Florida motor vehicle title from a deceased owner to the deceased's parent or child within 30 days of the death;
- Requires the motor vehicle registration application and renewal form include a voluntary checkoff to allow contributions of $1 per applicant to be distributed to the Alzheimer's Association, Inc.;
- Expands businesses that may be authorized to use the DHSMV's electronic filing system to an entity that, in the normal course of its business, process title transactions, derelict motor vehicle certificates, or certificates of destruction for derelict or salvage motor vehicles;
- Allows the DHSMV to authorize the format of an electronic certificate of registration;
- Authorizes a DHSMV-approved electronic copy of a motor vehicle certificate of registration or motor vehicle rental or lease documentation be accepted by law enforcement or agents of the DHSMV as proof of possession of such documentation, and provides restrictions and liability regarding the electronic device displaying such documentation;
- Removes reference in Florida Statutes to "digital proof of driver license" and replaces such term with "electronic credentials";
- Requires the DHSMV implement protocols for issuing an optional electronic credential, provides requirements for the procurement of electronic credential and verification solution providers (including technological requirements), and authorizes the issuance and use of electronic credentials;
- Exempts a caregiver of a foster child, who signs the application for the minor's learner's driver license, from any obligation or liability for damages caused by the negligence or willful misconduct of the minor by reason of having signed the application;
- Provides that a motor vehicle rental company is deemed to have met the requirements of inspecting a driver license and prohibiting the rental of a motor vehicle to a person required to be licensed who is not, if the renter verifies he or she holds a valid driver license and the vehicle is rented from the company through digital, electronic, or other means not requiring direct contact with an employee of the rental company;
- Removes a requirement that a person who rents a vehicle to another person compare the signature of the renter with the renter's driver license signature; instead the person must verify that the renter's driver license is unexpired;
- Allows for-hire passenger vehicles to be insured by certain eligible nonadmitted insurers who are not members of the Florida Insurance Guaranty Association;

- Reduces the number of for-hire passenger vehicles an owner or lessee must operate to self-insure, from 300 to 150 for-hire vehicles;
- Requires the FDOT to charge a customer the minimum express lane toll for a segment of the express lane if the average travel speed of that segment falls below 40 miles per hour, rather than for the entire customer's trip;
- Provides that, when variable pricing in express lanes is allowed, the FTE can charge a person for the segment's general toll amount plus the segment's minimum toll amount, rather than the general toll lane amount plus an amount set by FDOT;
- Prohibits a local governmental entity from preventing public motor vehicle use or access to an existing transportation facility or corridor if it is the only point, or one of two points, of ingress to and egress from a state university; and
- Makes technical and cross-reference changes to the bill.

CS by Transportation on January 18, 2018:
The CS changes the "relating to" clause of the bill to "[a]n act relating to commercial motor vehicles," and adds numerous provisions to the bill. The CS:

- Repeals s. 316.0896, F.S., creating the Assistive Truck Platooning Technology Pilot Program, which has been conducted by the FDOT in consultation with the DHSMV;
- Removes the definition of "driver-assistive truck platooning technology" and reference to the term in the Florida Statues;
- Authorizes a motor vehicle platoon to be operated on Florida roadways after an operator provides notification to the FDOT and DHSMV;
- Defines the term "platoon" for purposes of ch. 316, F.S., and exempts certain operators of platoons from state laws relating to "following too closely" and television receiver prohibitions;
- Updates various commercial motor vehicle regulations to address compatibility issues with federal law and the International Registration Plan;
- Allows motor vehicle dealers and fleet companies to purchase specialty license plates;
- Creates a Fleet Vehicle Temporary Tag pilot program; and
- Provides enhanced penalties for persons who commit grand theft while using any device to interfere with a GPS or similar system.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Transportation; and Senator Brandes

596-02193-18 20181104c1

A bill to be entitled

An act relating to commercial motor vehicles; amending s. 316.003, F.S.; deleting the term "driver-assistive truck platooning technology"; defining the term "platoon"; repealing s. 316.0896, F.S., relating to the assistive truck platooning technology pilot project; creating s. 316.0897, F.S.; exempting the operator of a non-lead vehicle in a platoon from a specified provision; authorizing a platoon to be operated on a roadway in this state after an operator provides notification to the Department of Transportation and the Department of Highway Safety and Motor Vehicles; amending s. 316.302, F.S.; revising regulations to which owners and drivers of commercial motor vehicles are subject; delaying the requirement for electronic logging devices and support documents for certain intrastate motor carriers; deleting a limitation on a civil penalty for falsification of certain time records; deleting a requirement that a motor carrier maintain certain documentation of driving times; providing an exemption from specified provisions for a person who operates a commercial motor vehicle with a certain gross vehicle weight, gross vehicle weight rating, and gross combined weight rating; deleting the exemption from such provisions for a person transporting petroleum products; amending s. 316.303, F.S.; conforming a provision to changes made by the act; amending s. 320.01, F.S.; revising the definition of the term

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

596-02193-18 20181104c1

"apportionable vehicle"; amending s. 320.06, F.S.; requiring a vehicle that has an apportioned registration to be issued, before a specified date, an annual license plate and a cab card denoting the declared gross vehicle weight; providing requirements, beginning on a specified date, for license plates, cab cards, and validation stickers for vehicles registered in accordance with the International Registration Plan; providing a specified fee for initial and renewed validation stickers; requiring the fee to be deposited into the Highway Safety Operating Trust Fund; authorizing a damaged or worn license plate to be replaced at no charge under certain circumstances; providing an exception to the design of dealer license plates for specialty license plates; amending s. 320.0607, F.S.; providing an exemption, beginning on a specified date, from a certain fee for vehicles registered under the International Registration Plan; amending s. 320.0657, F.S.; providing an exception to the design of fleet license plates for specialty license plates; authorizing fleet companies to purchase specialty license plates in lieu of the standard fleet license plates for additional specified fees; requiring fleet companies to be responsible for all costs associated with the specialty license plate; amending s. 320.08, F.S.; authorizing dealers to purchase specialty license plates in lieu of the standard graphic dealer license plates for additional specified fees; requiring dealers to be responsible

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

for all costs associated with the specialty license plate; amending s. 320.08056, F.S.; allowing the Department of Highway Safety and Motor Vehicles to authorize dealer and fleet specialty license plates; authorizing a dealer or fleet company to purchase specialty license plates to be used on dealer and fleet vehicles with the permission of the sponsoring specialty license plate organization; requiring a dealer or fleet specialty license plate to include specified letters on the right side of the license plate; requiring dealer and fleet specialty license plates to be ordered directly through the department; amending s. 320.131, F.S.; authorizing, beginning on a specified date, the department to partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program, subject to certain requirements; providing for future repeal; amending s. 812.014, F.S.; providing a criminal penalty for an offender committing grand theft who uses a device to interfere with a global positioning or similar system; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Present subsection (20) is amended, present subsections (21) through (52) of section 316.003, Florida Statutes, are renumbered as subsections (20) through (51), respectively, and a new subsection (52) is added to that section, to read:

316.003 Definitions.—The following words and phrases, when used in this chapter, shall have the meanings respectively ascribed to them in this section, except where the context otherwise requires:

~~(20) DRIVER-ASSISTIVE TRUCK PLATOONING TECHNOLOGY. Vehicle automation and safety technology that integrates sensor array, wireless vehicle-to-vehicle communications, active safety systems, and specialized software to link safety systems and synchronize acceleration and braking between two vehicles while leaving each vehicle's steering control and systems command in the control of the vehicle's driver in compliance with the National Highway Traffic Safety Administration rules regarding vehicle to vehicle communications.~~

(52) PLATOON.—A group of individual motor vehicles traveling in a unified manner at electronically coordinated speeds at following distances that are closer than defined under s. 316.0895(2).

Section 2. Section 316.0896, Florida Statutes, is repealed.

Section 3. Section 316.0897, Florida Statutes, is created to read:

316.0897 Platoons.—

(1) Section 316.0895 does not apply to the operator of a non-lead vehicle in a platoon, as defined in s. 316.003.

(2) A platoon may be operated on a roadway in this state after an operator provides notification to the Department of Transportation and the Department of Highway Safety and Motor Vehicles.

Section 4. Subsection (1) and paragraphs (a), (c), (d), and (f) of subsection (2) of section 316.302, Florida Statutes, are

amended to read:

316.302 Commercial motor vehicles; safety regulations; transporters and shippers of hazardous materials; enforcement.—

(1) Except as otherwise provided in subsection (3):

(a) All owners and drivers of commercial motor vehicles that are operated on the public highways of this state while engaged in interstate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 385, and 390-397.

(b) Except as otherwise provided in this section, all owners or drivers of commercial motor vehicles that are engaged in intrastate commerce are subject to the rules and regulations contained in 49 C.F.R. parts 382, 383, 385, and 390-397~~, with the exception of 49 C.F.R. s. 390.5 as it relates to the definition of bus,~~ as such rules and regulations existed on December 31, 2017 ~~2012~~.

(c) The emergency exceptions provided by 49 C.F.R. s. 392.82 also apply to communications by utility drivers and utility contractor drivers during a Level 1 activation of the State Emergency Operations Center, as provided in the Florida Comprehensive Emergency Management plan, or during a state of emergency declared by executive order or proclamation of the Governor.

(d) Except as provided in ~~s. 316.215(5), and except as provided in~~ s. 316.228 for rear overhang lighting and flagging requirements for intrastate operations, the requirements of this section supersede all other safety requirements of this chapter for commercial motor vehicles.

(e) For motor carriers engaged in intrastate commerce who are not carrying hazardous materials in amounts that require

placards, the requirement for electronic logging devices and hours of service support documents shall take effect December 31, 2019.

(2)(a) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 need not comply with 49 C.F.R. ss. 391.11(b)(1) and 395.3 ~~395.3(a) and (b)~~.

(c) Except as provided in 49 C.F.R. s. 395.1, a person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 may not drive after having been on duty more than 70 hours in any period of 7 consecutive days or more than 80 hours in any period of 8 consecutive days if the motor carrier operates every day of the week. Thirty-four consecutive hours off duty shall constitute the end of any such period of 7 or 8 consecutive days. This weekly limit does not apply to a person who operates a commercial motor vehicle solely within this state while transporting, during harvest periods, any unprocessed agricultural products or unprocessed food or fiber that is subject to seasonal harvesting from place of harvest to the first place of processing or storage or from place of harvest directly to market or while transporting livestock, livestock feed, or farm supplies directly related to growing or harvesting agricultural products. Upon request of the Department of Highway Safety and Motor Vehicles, motor carriers shall furnish time records or other written verification to that department so that the Department of Highway Safety and Motor Vehicles can

determine compliance with this subsection. These time records must be furnished to the Department of Highway Safety and Motor Vehicles within 2 days after receipt of that department's request. Falsification of such information is subject to a civil penalty ~~not to exceed $100~~. ~~The provisions of~~ This paragraph does ~~do~~ not apply to operators of farm labor vehicles operated during a state of emergency declared by the Governor or operated pursuant to s. 570.07(21)~~,~~ and does ~~do~~ not apply to drivers of utility service vehicles as defined in 49 C.F.R. s. 395.2.

(d) A person who operates a commercial motor vehicle solely in intrastate commerce not transporting any hazardous material in amounts that require placarding pursuant to 49 C.F.R. part 172 within a 150 air-mile radius of the location where the vehicle is based need not comply with 49 C.F.R. s. 395.8~~,~~ if the requirements of 49 C.F.R. s. 395.1(e)(1)(ii), (iii)(A) and (C), ~~395.1(c)(1)(iii)~~ and (v) are met. ~~If a driver is not released from duty within 12 hours after the driver arrives for duty, the motor carrier must maintain documentation of the driver's driving times throughout the duty period.~~

(f) A person who operates a commercial motor vehicle having a ~~declared~~ gross vehicle weight, gross vehicle weight rating, and gross combined weight rating of less than 26,001 pounds solely in intrastate commerce and who is not transporting hazardous materials in amounts that require placarding pursuant to 49 C.F.R. part 172~~, or who is transporting petroleum products as defined in s. 376.301,~~ is exempt from subsection (1). However, such person must comply with 49 C.F.R. parts 382, 392, and 393~~,~~ and with 49 C.F.R. ss. 396.3(a)(1) and 396.9.

Section 5. Subsection (3) of section 316.303, Florida

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Statutes, is amended to read:

316.303 Television receivers.—

(3) This section does not prohibit the use of an electronic display used in conjunction with a vehicle navigation system; an electronic display used by an operator of a vehicle equipped with autonomous technology, as defined in s. 316.003; or an electronic display used by an operator of a platoon ~~vehicle equipped and operating with driver-assistive truck platooning technology~~, as defined in s. 316.003.

Section 6. Subsection (24) of section 320.01, Florida Statutes, is amended to read:

320.01 Definitions, general.—As used in the Florida Statutes, except as otherwise provided, the term:

(24) "Apportionable vehicle" means any vehicle, except recreational vehicles, vehicles displaying restricted plates, city pickup and delivery vehicles, ~~buses used in transportation of chartered parties,~~ and government-owned vehicles, which is used or intended for use in two or more member jurisdictions that allocate or proportionally register vehicles and which is used for the transportation of persons for hire or is designed, used, or maintained primarily for the transportation of property and:

(a) Is a power unit having a gross vehicle weight in excess of 26,000 pounds;

(b) Is a power unit having three or more axles, regardless of weight; or

(c) Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Vehicles, or combinations thereof, having a gross vehicle weight of 26,000 pounds or less and two-axle vehicles may be proportionally registered.

Section 7. Paragraph (b) of subsection (1) and paragraph (a) of subsection (3) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-year period to a 10-year period. The fee for such replacement is $28, $2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next $28 replacement fee. The fees shall be deposited into the Highway Safety Operating Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued

based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period.

2. Before October 1, 2019, a vehicle that has an apportioned registration shall be issued an annual license plate and a cab card denoting ~~that denote~~ the declared gross vehicle weight ~~for each apportioned jurisdiction in which the vehicle is authorized to operate~~.

3. Beginning October 1, 2019, a vehicle registered in accordance with the International Registration Plan shall be issued a license plate for a 5-year period, an annual cab card denoting the declared gross vehicle weight, and an annual validation sticker showing the month and year of expiration. The validation sticker shall be placed in the center of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The fee for the initial validation sticker and any renewed validation sticker is $28. This fee shall be deposited into the Highway Safety Operating Trust Fund. A damaged or worn license plate may be replaced at no charge by applying to the department and surrendering the current license plate.

4.~~2.~~ In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

(3)(a) Registration license plates must be made of metal specially treated with a retroreflection material, as specified by the department. The registration license plate is designed to

increase nighttime visibility and legibility and must be at least 6 inches wide and not less than 12 inches in length, unless a plate with reduced dimensions is deemed necessary by the department to accommodate motorcycles, mopeds, or similar smaller vehicles. Validation stickers must also be treated with a retroreflection material, must be of such size as specified by the department, and must adhere to the license plate. The registration license plate must be imprinted with a combination of bold letters and numerals or numerals, not to exceed seven digits, to identify the registration license plate number. The license plate must be imprinted with the word "Florida" at the top and the name of the county in which it is sold, the state motto, or the words "Sunshine State" at the bottom. Apportioned license plates must have the word "Apportioned" at the bottom and license plates issued for vehicles taxed under s. 320.08(3)(d), (4)(m) or (n), (5)(b) or (c), or (14) must have the word "Restricted" at the bottom. License plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Dealer" at the bottom unless the license plate is a specialty license plate as authorized in s. 320.08056. Manufacturer license plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word "Florida" at the top and the word "Manufacturer" at the bottom. License plates issued for vehicles taxed under s. 320.08(5)(d) or (e) must be imprinted with the word "Wrecker" at the bottom. Any county may, upon majority vote of the county commission, elect to have the county name removed from the license plates sold in that county. The state motto or the words "Sunshine State" shall be printed in lieu thereof. A license

plate issued for a vehicle taxed under s. 320.08(6) may not be assigned a registration license number, or be issued with any other distinctive character or designation, that distinguishes the motor vehicle as a for-hire motor vehicle.

Section 8. Subsection (5) of section 320.0607, Florida Statutes, is amended to read:

320.0607 Replacement license plates, validation decal, or mobile home sticker.—

(5) Upon the issuance of an original license plate, the applicant shall pay a fee of $28 to be deposited in the Highway Safety Operating Trust Fund. Beginning October 1, 2019, this subsection does not apply to a vehicle registered under the International Registration Plan.

Section 9. Paragraph (b) of subsection (2) of section 320.0657, Florida Statutes, is amended to read:

320.0657 Permanent registration; fleet license plates.—

(2)

(b) The plates, which shall be of a distinctive color, shall have the word "Fleet" appearing at the bottom and the word "Florida" appearing at the top unless the license plate is a specialty license plate as authorized in s. 320.08056. The plates shall conform in all respects to the provisions of this chapter, except as specified herein. For additional fees as set forth in s. 320.08056, fleet companies may purchase specialty license plates in lieu of the standard fleet license plates. Fleet companies shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 10. Subsection (12) of section 320.08, Florida Statutes, is amended to read:

320.08 License taxes.—Except as otherwise provided herein, there are hereby levied and imposed annual license taxes for the operation of motor vehicles, mopeds, motorized bicycles as defined in s. 316.003(3), tri-vehicles as defined in s. 316.003, and mobile homes as defined in s. 320.01, which shall be paid to and collected by the department or its agent upon the registration or renewal of registration of the following:

(12) DEALER AND MANUFACTURER LICENSE PLATES.—A franchised motor vehicle dealer, independent motor vehicle dealer, marine boat trailer dealer, or mobile home dealer and manufacturer license plate: $17 flat, of which $4.50 shall be deposited into the General Revenue Fund. For additional fees as set forth in s. 320.08056, dealers may purchase specialty license plates in lieu of the standard graphic dealer license plates. Dealers shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 11. Subsection (2) of section 320.08056, Florida Statutes, is amended to read:

320.08056 Specialty license plates.—

(2)(a) The department shall issue a specialty license plate to the owner or lessee of any motor vehicle, except a vehicle registered under the International Registration Plan, a commercial truck required to display two license plates pursuant to s. 320.0706, or a truck tractor, upon request and payment of the appropriate license tax and fees.

(b) The department may authorize dealer and fleet specialty license plates. With the permission of the sponsoring specialty license plate organization, a dealer or fleet company may purchase specialty license plates to be used on dealer and fleet vehicles.

(c) Notwithstanding s. 320.08058, a dealer or fleet specialty license plate must include the letters "DLR" or "FLT" on the right side of the license plate. Dealer and fleet specialty license plates must be ordered directly through the department.

Section 12. Subsection (10) is added to section 320.131, Florida Statutes, to read:

320.131 Temporary tags.—

(10) Beginning October 1, 2018, the department may partner with a county tax collector to conduct a Fleet Vehicle Temporary Tag pilot program to provide temporary tags to fleet companies to allow them to operate fleet vehicles awaiting a permanent registration and title.

(a) The department shall establish a memorandum of understanding that allows a maximum of three companies to participate in the pilot program and receive multiple temporary tags for company fleet vehicles.

(b) To participate in the program a fleet company must have a minimum of 3,500 fleet vehicles registered in this state which qualify to be registered as fleet vehicles pursuant to s. 320.0657.

(c) The department may issue up to 50 temporary tags at a time to an eligible fleet company, if requested by such company.

(d) The temporary tags are for exclusive use on a vehicle

purchased for the company's fleet, and may not be used on any other vehicle.

(e) Each temporary plate may be used on only one vehicle and each vehicle may only use one temporary plate.

(f) Upon issuance of the vehicle's permanent license plate and registration, the temporary tag becomes invalid and must be removed from the vehicle and destroyed.

(g) Upon a finding by the department that a temporary tag has been misused by a fleet company under this program, the department may terminate the memorandum of understanding with the company, invalidate all temporary tags issued to the company under the program, and require such company to return any unused temporary tags.

(h) This subsection is repealed on October 1, 2021, unless saved from repeal through reenactment by the Legislature.

Section 13. Paragraph (a) of subsection (2) of section 812.014, Florida Statutes, is amended to read:

812.014 Theft.—

(2)(a)1. If the property stolen is valued at $100,000 or more or is a semitrailer that was deployed by a law enforcement officer; or

2. If the property stolen is cargo valued at $50,000 or more that has entered the stream of interstate or intrastate commerce from the shipper's loading platform to the consignee's receiving dock; or

3. If the offender commits any grand theft and:

a. In the course of committing the offense the offender uses a motor vehicle as an instrumentality, other than merely as a getaway vehicle, to assist in committing the offense and

thereby damages the real property of another; ~~or~~

b. In the course of committing the offense the offender causes damage to the real or personal property of another in excess of $1,000; or

c. In the course of committing the offense the offender uses any type of device to defeat, block, disable, jam, or interfere with a global positioning system or similar system designed to identify the location of the cargo or the vehicle or trailer carrying the cargo,

the offender commits grand theft in the first degree, punishable as a felony of the first degree, as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 14. This act shall take effect October 1, 2018.

2.	Forbes	Sadberry	ACJ	**Recommend: Fav/CS**
3.	Forbes	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1218 makes changes to a number of provisions related to public safety and the criminal justice system, including:

- Creating the "Florida Correctional Operations Oversight Council" to oversee the criminal and juvenile justice systems;
- Clarifying that law enforcement mutual aid agreements may be used to increase law enforcement presence in the event of an emergency response or evacuation;
- Requiring sheriffs to provide security to the trial court and coordinate with the chief judge on security matters;
- Requiring each circuit to establish a "Driver License Reinstatement Days Program" (Reinstatement Days Program) involving specified entities and hold events through the Reinstatement Days Program on one or more days where a person can pay specified fees and obtain license reinstatement;
- Prohibiting issuance of an attorney's fee in protective injunctions for repeat, sexual, or dating violence or stalking;
- Authorizing a court to depart from the imposition of a mandatory minimum sentence in drug trafficking cases if certain circumstances are met;
- Establishing a centralized system of uniform data collection for the entire criminal justice system to ensure data transparency;
- Requiring specified criminal justice entities to collect certain data on a monthly basis and report such data to the Florida Department of Law Enforcement (FDLE) quarterly;

- For data reported pursuant to data transparency provisions, the FDLE must:
  - Establish a unique identifier for every person who is the subject of a criminal case, which will be used for all local and state entities' reported data related to that person in order to track that individual's entire experience in Florida's criminal justice system;
  - Create a publicly accessible and searchable database for the data reported;
- Modifying the sentencing scoresheet to a digital format and requiring information contained in the scoresheet to be reported to the FDLE and included in the publicly available database;
- Creating a pilot program in the 6th Judicial Circuit to ensure program data collected is valid and providing an appropriation, including nine FTEs, within the FDLE to support the implementation of data collection and transparency;
- Authorizing counties to establish a supervised bond program (Bond Program), which allows eligible defendants to be released on active electronic monitoring, continuous alcohol monitoring, or both subsequent to the administration of a risk assessment instrument (RAI) by the county's chief correctional officer (sheriff) and acceptance into the Bond program;
- Creating a Risk Assessment Pilot Program in Hillsborough, Pasco, and Pinellas Counties that requires the counties to administer a RAI to all persons arrested for a felony offense in the county for use in programming and sentencing;
- Requiring transition assistance staff within the Department of Corrections (DOC) to identify industry certifications or job assignment credentialing for which an inmate is eligible;
- Requiring the DOC to provide inmates with a comprehensive community reentry resource directory that includes specified information related to services and portals available in the county to which the inmate is to be released;
- Permitting specified entities to apply with the DOC to be registered to provide inmate reentry services and requiring the DOC to create a process for screening, approving, and registering such entities;
- Authorizing the DOC to contract with specified Veteran's Advocacy Clinics to assist qualified veterans with obtaining services in the community upon release;
- Authorizing the DOC to develop a Prison Entrepreneurship Program that includes education with specified curriculum;
- Creating a "certificate of achievement and employability" application process where the DOC may issue certificates to specified eligible inmates that require licensing agencies to individually consider licensing decisions of certificate holders;
- Prohibiting a licensing agency from denying a professional license to a certificate holder solely on the basis of a criminal conviction;
- Creating two new designations for conditional medical release (CMR) ("inmate with a debilitating illness" and "medically frail inmate") and modifying the current designation of "terminally ill inmate";
- Creating a new "Mandatory Conditional Medical Release" process that requires, rather than permits, the Florida Commission on Offender Review (FCOR) to release an inmate that meets one of four designations if specified factors are met;
- Requiring each circuit to create an alternative sanctions program to handle specified types and occurrences of technical violations of probation or community control outside of a hearing with the judge's concurrence;
- Authorizing a circuit to create a community court program for certain defendants charged with misdemeanors;

- Adding specified data to the information that must be reported in the Office of Program Policy Analysis and Government Accountability's (OPPAGA) annual pretrial programs report (s. 907.043, F.S.);
- Requiring the counties to report use and success of the supervised bond program and community court programs created by the act; and
- Modifying the submission date from October 10th to December 1st for the annual contraband seizure report (s. 932.7061, F.S.).

The bill makes the following appropriations:
- $205,000 from the General Revenue Fund to the Executive Office of the Governor and authorizes one full-time-equivalent position to administer the Florida Correctional Operations Council.
- $1.75 million from the General Revenue Fund to the Department of Law Enforcement and authorizes nine full-time-equivalent positions to crime reporting, and collecting and submitting crime statistics.

The Department of Corrections, the Department of Law Enforcement, and local governments are expected to incur significant costs associated with additional workload and the need for information technology updates for which no funds are provided to implement the provisions of this bill. The Department of Law Enforcement expects to experience a reduction in revenues associated with the criminal history records. See Section V. Fiscal Impact Statement.

The bill takes effect October 1, 2018.

II. Present Situation:

Refer to Section III. Effect of Proposed Changes for discussion of the relevant portions of current law.

III. Effect of Proposed Changes:

Supervised Bond Program (Section 13)

Pretrial Release Subsequent to an Arrest

The Florida Constitution provides that every person charged with a crime is entitled to pretrial release with reasonable conditions.[1] There are three types of pretrial release for a defendant who is awaiting trial: posting of a bail or surety bond, pretrial release conditions, or release on his or her own recognizance.[2]

Bail and Surety Bond

The purpose of a bail determination in criminal proceedings is intended to ensure the defendant's appearance at subsequent proceedings and protect the community against unreasonable danger

[1] FLA. CONST. art. I, s. 14. This right does not apply to persons charged with a capital offense or an offense punishable by life imprisonment and the proof of guilt is evident or the presumption is great. *Id.*
[2] *See* FLA. CONST. art. I, s. 14; *See also* ss. 903.046 and 907.041. F.S.

from the defendant.[3] Bail is a common monetary condition of pretrial release, governed by ch. 903, F.S. [4] For the defendant to be released from jail, a court may require bail by a defendant to provide security, such as cash or a bond to ensure that he or she will return for trial and any other required court appearances.[5]

As an alternative to posting the entire bail amount, a defendant may provide a criminal surety bail bond[6] executed by a bail bond agent. Generally, the defendant or another person on the defendant's behalf pays the bail bond agent a nonrefundable fee equal to 10 percent of the bond amount set by the court with the addition of some type of asset provided to the bond agent as collateral. If the defendant does not appear in court, the bail bond agent is responsible for paying the entire bond amount.[7]

Pretrial Release Conditions

A judge can release a defendant with any combination of the following pretrial release conditions:

- Release on the defendant's own recognizance; [8]
- Execute an unsecured appearance bond in an amount specified by the judge;
- Comply with any court-imposed restrictions on travel, association, or place of abode during the period of release;
- Be placed in the custody of a designated person or organization agreeing to supervise the defendant;
- Have a designate execute a bail bond with sufficient solvent sureties, or the deposit of cash in lieu thereof; or
- Comply with any other condition deemed reasonably necessary to assure required appearance, including a condition requiring the defendant to return to custody after specified hours.[9]

A judge also can release a defendant to a pretrial release program. Generally, judges allow a defendant to be released to a pretrial release program without posting a bond; however, a judge can require a defendant to post a bond and participate in the program.[10] Specifically, s. 907.041, F.S., provides a presumption in favor of release on nonmonetary conditions for any person who is granted pretrial release unless such person is charged with a dangerous crime.[11] These

[8] A defendant released on his or her own recognizance (ROR) is released without a monetary requirement and without any conditions of release or supervision of any type. Release on recognizance is defined to mean the pretrial release of an arrested person who promises, usually in writing, but without supplying a surety of posting bond, to appear for trial at a later date. BLACK'S LAW DICTIONARY 606 (3d Pocket ed. 2006).
[9] Rule 3.131(b)(1), Fla. R. Crim. Pro.

programs supervise defendants with various methods, including electronic monitoring[12] or phone contact.[13]

A Court's Determination of Pretrial Release

The judge must consider all available relevant factors during the first appearance hearing to determine what form of release is necessary to assure the defendant's appearance and the community's safety, including factors such as:

- The nature and circumstances of the offense charged.
- The weight of the evidence against the defendant.
- The defendant's family ties, length of residence in the community, employment history, financial resources, and mental condition.
- The defendant's past and present conduct, including any record of convictions, previous flight to avoid prosecution, or failure to appear at court proceedings.
- The nature and probability of danger that the defendant's release poses to the community.[14]

Section 903.047, F.S., provides additional conditions that a defendant must comply with upon release from custody pending trial, including:

- Refrain from criminal activity of any kind;
- Refrain from contact of any type with the victim; and
- Comply with all conditions of pretrial release.

Standard Bond Schedule

Florida does not have a statewide bond schedule, but each circuit has developed a standard bond schedule. Courts create uniform bail bond schedules to ensure that alleged offenders are provided equal treatment when charged with similar crimes and generally apply to all felonies, misdemeanors and county or municipal ordinance violations as the presumptive bond to be set unless ordered differently by a judge.[15] Even though a county may have an established standard bond schedule, a judge may impose a bond that is above or below such schedule if he or she deems it is necessary based upon circumstances of the case.[16]

---

[12] An electronic monitoring device (EM) is a tamper-resistant device worn on the body that monitors the location of a person at all times of the day. The monitoring agency is notified for various violations of the terms of supervision, such as if the person travels to a location he or she is not authorized to be or if the device is removed by the person. EM systems can be either "passive" or "active" and are typically operated through ratio frequency or global positioning system (GPS) monitoring. Office of Juvenile Justice and Delinquency Prevention, *Home Confinement and Electronic Monitoring*, October, 2014, available at https://www.ojjdp.gov/mpg/litreviews/Home_Confinement_EM.pdf (last visited February 23, 2018).

[13] OPPAGA Pretrial Report, at 9.

[14] Section 903.046(2), F.S. *See also* Rule 3.131(b)(3), Fla. R. Crim. Pro.

[15] Some common ways to address the bond schedules are to either have a standard based on the degree of the offense (for example a $5,000 bond for all second degree felonies, as seen in the Tenth Judicial Circuit) or a specific amount agreed upon for a specific offense, as seen in the Sixth Judicial Circuit. *See* Tenth Judicial Circuit, In and For Hardee, Highlands, and Polk Counties, *Administrative Order IN RE: Uniform Bond Schedule*, available at http://jud10.flcourts.org/sites/all/files/docs/2-49.8.pdf; Sixth Judicial Circuit, In and For Pasco and Pinellas Counties, *Administrative Order NO. 2009-021 PA-CIR, RE: Uniform Bond Schedule – Pasco County*, available at http://www.jud6.org/LegalCommunity/LegalPractice/AOSAndRules/aos/aos2009/2009-021.htm (last visited all sites January 22, 2018).

[16] *Mehaffie v. Rutherford*, 143 So.3d 432 at 434 (Fla. 1st DCA 2014). Under s. 903.286, F.S., the clerk of the court may withhold sufficient funds to pay any unpaid costs of prosecution, costs of representation, court fees, court costs, and criminal penalties from the return of a cash bond posted on behalf of a criminal defendant. If sufficient funds are not available to pay

Violation of Pretrial Release Conditions

A defendant who does not comply with the terms of the pretrial release can have his or her bond forfeited if certain factors are proven.[17] Under s. 903.0471, F.S., the court may revoke, on its own motion, pretrial release and order pretrial detention if the court finds probable cause to believe that the defendant committed a new crime while on pretrial release.[18]

Supervised Bond Programs in Florida

There is a movement towards bail reform in the United States, with some circuits, including Pinellas County in Florida, implementing a new model for releasing defendants while awaiting trial. The new programs typically require the administration of a RAI, which is then used to determine the release conditions for the defendant.

The Pinellas County supervised bond program has been operating since 2014.[19] Sheriff Gualtieri, the chief correctional officer for Pinellas County, testified in the Senate Criminal Justice Committee on January 8, 2018, that this program was created in an effort to reduce the jail population in Pinellas County and avoid the need to build a larger facility.[20] Sheriff Gualtieri reported that while the bond amounts imposed by the court were proper to ensure public safety and compliance, judges could not lower the bail while still ensuring public safety and compliance without more oversight. As a result, a number of defendants remained in custody for months unable to meet the bail amount imposed.[21]

Upon agreement from the judiciary and in partnership with the bail bond industry, the Pinellas County Sheriff's Office established a supervised bond program that requires active electronic monitoring, continuous alcohol monitoring[22] or both.[23]

The Pinellas County Sheriff's Office averages approximately 200 people per day on active supervision through the supervised bond program.[24] Sheriff Gualtieri reported that of all the defendants who have been released on the supervised bond program, 99.5 percent have appeared

---

all unpaid costs associated with the criminal case, the clerk of the court must immediately obtain payment from the defendant or enroll the defendant in a payment plan. This section does not apply to the portion that is paid by a licensed bail bond agent.

for required court hearings and 94.9 percent did not commit a new crime while in the program.[25] Of the total cases supervised on the Supervised Bond Program, 45 percent were felonies, 30 percent were misdemeanors, and 25 percent were for felony or misdemeanor driving under the influence.[26] Sheriff Gualtieri reported that these programs have resulted in a $38.9 million annual savings.[27]

Evidence-Based Risk Assessment Tools

RAIs measure a defendant's criminal risk factors and specific needs that, if addressed, will reduce the likelihood of future criminal activity.[28] RAIs consist of a set of questions that guide face-to-face interviews with a defendant, intended to evaluate behaviors and attitudes that research shows are related to criminals reoffending. The questioner typically supplements the interview with an official records check. The RAI then calculates an overall score that classifies a defendant as being at high, moderate, or low risk for reoffending.[29]

Research has identified both static and dynamic risk factors that are related to criminal behavior. Static risk factors[30] do not change, while dynamic risk factors[31] either can change on their own or change through an intervention. The Risk-Needs-Responsivity (RNR) model has become the dominant paradigm in risk and needs assessment.[32] The RNR principle refers to predicting which inmates have a higher probability of recidivating, and treating the criminogenic needs of those higher risk inmates with appropriate programming and services based on their level of need. In general, research suggests that the most commonly used assessment instruments can, with a moderate level of accuracy, predict who is at risk for violent recidivism. It also suggests that no single instrument is superior to any other when it comes to predictive validity.[33]

Use of Risk Assessment Instruments by the Department of Corrections

The DOC has created a RAI, known as Spectrum, which is administered to an inmate at reception through motivational interviewing techniques.[34] Spectrum, as well as its predecessor,

[25] *Id*. at 9.
[26] *Id*. at 10.
[27] *Id*. at 16. This savings takes into account the cost it required to house an additional 900 inmates per day with the current per diem rate and the operational cost.
[28] Congressional Research Service, *Risk and Needs Assessment in the Criminal Justice System*, Nathan James, at 2 (October 13, 2015), available at https://fas.org/sgp/crs/misc/R44087.pdf (last visited February 23, 2018) (hereinafter cited at CRS Report).
[29] *Id*. 2-4.
[30] Some examples of static factors considered include age at first arrest, gender, past problems with substance or alcohol abuse, prior mental health problems, or a past history of violating terms of supervision. CRS Report, p. 3.
[31] Dynamic risk factors, also called "criminogenic needs," can be affected through interventions and include factors such as current age, education level, or marital status; being currently employed or in substance or alcohol abuse treatment; and having a stable residence. "Criminogenic" is commonly understood to mean factors that can contribute to criminal behavior. CRS Report, at 3.
[32] The risk principle states that high-risk offenders need to be placed in programs that provide more intensive treatment and services while low-risk offenders should receive minimal or even no intervention. The need principle states that effective treatment should focus on addressing needs that contribute to criminal behavior. The responsivity principle states that rehabilitative programming should be delivered in a style and mode that is consistent with the ability and learning style of the offender. CRS Report, at 2 and 6.
[33] *Id*.
[34] DOC, Spectrum Video, available at https://www.youtube.com/watch?v=WRI5ldWf5MY&feature=youtu.be (last visited January 25, 2018) (hereinafter cited as "Spectrum Video"); DOC, *Program Information: Compass 100, Spectrum, Academic*

the Corrections Integrated Needs Assessment System (CINAS), is based on the RNR model and contains responsivity elements.[35] Inmates identified during the assessment as being in need of treatment or services become mandated program participants and are placed on the DOC's centralized statewide-automated priority list for placement in a program.[36]

Spectrum has been independently verified through the School of Criminology at Florida State University.[37]

Spectrum hosts an array of assessments and screenings across multiple disciplines including mental health, substance abuse, academic and workforce education.[38] Spectrum calculates an individual's overall risk of returning to prison upon release and identifies needs that can be addressed to reduce his or her risk within seven criminogenic domains and three core program areas.[39] The DOC uses the results from the Spectrum assessment to create an evidence-driven performance plan that matches the inmate's needs with services and programming offered in the DOC. Data collected during administration of Spectrum is also used to assist with transitioning an inmate back into the community upon release through relaying the information to reentry service providers in the local community and community corrections.[40]

Effect of the Bill

The bill creates s. 907.042, F.S., authorizing each county to create a supervised bond program (Bond Program). The terms of each county's Bond Program must be developed with the concurrence of the chief judge of the circuit, the sheriff, the state attorney (SA), and the public defender (PD). However, a county that has already established and implemented a Bond Program may continue to operate without such concurrence if the program complies with the specified program and RAI requirements discussed below.

A Bond Program established pursuant to this bill must, at a minimum:

- Require the sheriff to administer the Bond Program.

& Workforce Education/GED (on file with the Senate Criminal Justice Committee) (hereinafter cited as "DOC Program Information").

[35] DOC, *Agency Analysis for SB 1222*, p. 2, January 18, 2018 (on file with the Senate Criminal Justice Committee) (hereinafter cited as "The DOC SB 1222 Analysis"). The DOC reports that criminogenic needs are those factors that are associated with recidivism that can be changed (e.g. lack of education, substance abuse, criminal thinking, lack of marketable job skills, etc.). Offenders are not higher risk because they have a particular risk factor, but, rather, because they have multiple risk factors. Accordingly, a range of services and interventions is provided that target the specific crime producing needs of offenders who are higher risk. *See also Id.* and Email from Jared Torres, DOC, Director of Legislative Affairs (January 25, 2018) (on file with Senate Criminal Justice Committee).

[36] Substance Abuse Annual Report, at 6.

[37] Letter from Dr. William D. Bales and Jennifer M. Brown, ABD to DOC Secretary, Julie Jones, (January 19, 2018) (on file with the Senate Criminal Justice Committee). Dr. Bales provides that Spectrum "produces a level of predictive accuracy that is above the conventional threshold of acceptability and is consistent with risk assessment systems used by other correctional systems throughout the United States."

[38] DOC Program Information.

[39] The criminogenic domains include social awareness (antisocial personality); criminal associates; substance abuse history; family and marital relationships; wellness; criminal thinking or attitude; and employment and education history. Spectrum Video. The three core program areas include GED, Career & Technical skills (vocation), and substance use treatment and is part of the needs portion of the RNR model as they address criminogenic risk factors. Email from Jared Torres, DOC, Director of Legislative Affairs (January 25, 2018) (on file with the Senate Criminal Justice Committee).

[40] *Id*.

- Require the sheriff, or his or her designee, to administer the RAI to a potential defendant.
- Utilize a RAI to determine eligible defendants and determine an appropriate level of supervision for each defendant upon release.
- Review the bond of a defendant who is being accepted into the Bond Program to determine if a reduction of the court-ordered bond, up to its entirety, is appropriate.
- Provide that the findings of the RAI will be used to create an individualized supervision plan for each eligible defendant that is tailored to the defendant's risk level and supervision needs.
- Require, as part of the individualized supervision plan, that any defendant released in the Bond Program must be placed on active electronic monitoring or active continuous alcohol monitoring, or both, dependent upon the level of risk indicated by the RAI.
- Require weekly communication between the sheriff's office and the defendant as part of the individualized supervision plan, which can be satisfied via telephone or in person contact, dependent upon the level of risk indicated by the RAI.
- Establish procedures for reassessing or terminating defendants from the Bond Program who do not comply with the terms of the individualized supervision plan imposed through the program.

Each county must utilize a RAI that conducts a criminogenic assessment for use in evaluating the proper level of supervision appropriate to ensure compliance with pretrial conditions and safety to the community. The RAI must consider, but need not be limited to, the following criteria:

- The nature and circumstances of the offense the defendant is alleged to have committed.
- The nature and extent of the defendant's prior criminal history, if any.
- Any prior history of the defendant failing to appear in court.
- The defendant's employment history, employability skills, and employment interests.
- The defendant's educational, vocational, and technical training.
- The defendant's background, including his or her family, home, and community environment.
- The defendant's physical and mental health history, including any substance use.
- An evaluation of the defendant's criminal thinking, criminal associates, and social awareness.

Further, a county may use a RAI that the county creates on its own for the purpose of operating a Bond Program and determining appropriateness of pretrial release, the defendant's risk of noncompliance on pretrial release, and risk to the community, that:

- The county has previously developed for a similar purpose;
- The DOC develops or modifies from a RAI that it has already developed;
- Another county has developed for a similar purpose; or
- An independent entity has previously developed for a similar purpose.

If a county opts to use a RAI that is developed by any entity listed above other than the DOC, such RAI must be independently validated by the DOC and contain the criteria listed above.

A county may begin to implement its Bond Program immediately upon securing a contract for the use of, or the completion of development or modification, of a RAI and, if applicable, validation of the RAI. Additionally, a county that has not established a Bond Program, but has created a RAI for a similar purpose as is intended in the act, may implement its Bond Program immediately upon the RAI being validated by the DOC. A county that has already implemented

a Bond Program may continue to operate its program while the RAI it utilizes is being validated. Implementation must include training of all county staff that will administer the RAI.

The bill requires each county that establishes a Bond Program, or that has an existing Bond Program that operates in compliance with the act, to provide an annual report to the OPPAGA that details the:

- Results of the administration of the RAI;
- Programming used for defendants who received the assessment and were accepted into the Bond Program;
- Success rate of the Bond Program; and
- Savings realized by the county as a result of defendants being released from custody pending trial through the Bond Program.

The county's annual report must be submitted to the OPPAGA by October 1 each year. The OPPAGA must compile the results of the counties' reports for inclusion in an independent section of its annual report developed and submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives in accordance with s. 907.044, F.S.[41]

Lastly, the bill also provides several legislative findings supporting the changes made in the act.

Risk Assessment Pilot Program (Section 14)

The bill creates a Risk Assessment Pilot Program. The bill provides the following legislative findings for the program:

- There is a need to use evidence-based methods to reduce recidivism.
- The use of actuarial instruments that classify offenders according to levels of risk to reoffend provides a more consistent and accurate assessment of an offender's risk and needs.
- Research indicates that using accurate risk and needs assessment instruments to identify appropriate interventions and programming for offenders reduces recidivism.

Risk Assessment Instrument Criteria

The bill directs the DOC to develop a RAI that conducts a criminogenic assessment by March 1, 2019, for use in evaluating the proper placement and programming needs for a person who is arrested. The RAI must consider at a minimum the following criteria:

- The nature and circumstances of the offense the person committed.
- The nature and extent of the person's prior criminal history, if any.
- Any prior history of the person failing to appear in court.
- The person's employment history, employability skills, and employment interests.
- The person's educational, vocational, and technical training.
- The person's background, including his or her family, home, and community environment.
- The person's physical and mental health history, including any substance use.
- An evaluation of the person's criminal thinking, criminal associates, and social awareness.

[41] Section 907.044, F.S., requires the OPPAGA to conduct an annual study to evaluate the effectiveness and cost efficiency of pretrial release programs in Florida. The OPPAGA is required to submit its report to the President of the Senate and the Speaker of the House of Representatives by January 1 of each year.

The DOC may use or modify an existing RAI if it contains the above-listed criteria.

Implementation Requirements

The bill authorizes the DOC to begin implementation of the RAI immediately upon completion, but requires implementation, including all staff training, to be completed no later than June 30, 2019.

Administration of the Risk Assessment Instrument

The bill provides that a representative of the sheriff's office must administer the RAI as early as reasonably possible after a person's arrest, but no later than 10 business days after the arrest. The RAI may be conducted via video teleconference. In the event that a person is released from custody on pretrial release before the RAI has been administered, the sheriff or his or her representative must schedule a time for the person to come back to the jail to have the RAI administered. The person must be provided written notice of the appointment upon release.

Upon completion of a RAI report, the report must be provided to the person that had the RAI administered upon him or her, the defense counsel, and the SA.

The DOC must submit the report to the court, but the court may not review the report without the consent of the person who is the subject of the report and his or her legal counsel.

Pilot Program Creation and Requirements

The bill creates a three-year pilot program, contingent upon appropriations and a contract with each participating county and the DOC. The bill provides that the counties eligible for participation include Hillsborough, Pasco, and Pinellas Counties. The sheriff from each participating county must enter into a contract with the DOC to use the RAI developed under the act.

The bill requires the counties participating in the program to administer the RAI to all persons arrested for a felony and use the results of the RAI as a tool for determining appropriate programming and sentencing with the goal of reducing recidivism. By July 1 of each year, each participating county must provide an annual report to the DOC detailing the results of the administration of the RAI, programming used for persons who received the RAI, and the success rate of such programming.

The DOC is required to compile the county reports and submit one annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year of the pilot program.

Rulemaking Authority

The bill provides rulemaking authority to the DOC to implement the act. The rules must be developed in consultation with the sheriff, chief judge, SA, and PD of each participating county.

Drug Trafficking Sentencing Departure (Section 9)

Florida's Controlled Substance Schedules

Section 893.03, F.S., classifies controlled substances into five categories, known as schedules. These schedules regulate the manufacture, distribution, preparation, and dispensing of the substances listed in the schedules. The most important factors in determining the schedule classification of a substance are the "potential for abuse"[42] of the substance and whether there is a currently accepted medical use for the substance in the United States.[43]

Drug Trafficking

Drug trafficking, which is punished in s. 893.135, F.S., consists of knowingly selling, purchasing, manufacturing, delivering, or bringing into this state (importation), or knowingly being in actual or constructive possession of, certain Schedule I or Schedule II controlled substances in a statutorily specified quantity. The statute only applies to a limited number of such controlled substances.[44] The controlled substance involved in the trafficking must meet a specified weight or quantity threshold.

Most drug trafficking offenses are first degree felonies[45] and are subject to a mandatory minimum term of imprisonment[46] and a mandatory fine, which is determined by the weight or quantity range applicable to the weight or quantity of the substance involved in the trafficking.[47] For example, trafficking in 28 grams or more, but less than 200 grams, of cocaine, a first degree felony, is punishable by a 3-year mandatory minimum term of imprisonment and a mandatory fine of $50,000.[48] Trafficking in 200 grams or more, but less than 400 grams, of cocaine, a first degree felony, is punishable by a 15-year mandatory minimum term of imprisonment and a mandatory fine of $100,000.[49]

[42] Pursuant to s. 893.035(3)(a), F.S., "potential for abuse" means a substance has properties as a central nervous system stimulant or depressant or a hallucinogen that create a substantial likelihood of the substance being: (1) used in amounts that create a hazard to the user's health or the safety of the community; (2) diverted from legal channels and distributed through illegal channels; or (3) taken on the user's own initiative rather than on the basis of professional medical advice.
[43] *See* s. 893.03(1)-(5), F.S.
[44] *See* s. 893.135, F.S., for the substances which are included in the offense if drug trafficking.
[45] A first degree felony is generally punishable by up to 30 years in state prison and a fine of up to $10,000. However, when specifically provided by statute, a first degree felony may be punished by imprisonment for a term of years not exceeding life imprisonment. Sections 775.082 and 775.083, F.S.
[46] There are currently 56 mandatory minimum terms of imprisonment in s. 893.135, F.S., which range from three years to life imprisonment.
[47] *See* s. 893.135, F.S.
[48] Section 893.135(b)(1)a., F.S.
[49] Section 893.135(b)(1)b., F.S.

Criminal Punishment Code

The Criminal Punishment Code[50] (Code) is Florida's "primary sentencing policy."[51] Noncapital felonies sentenced under the Code receive an offense severity level ranking (Levels 1-10).[52] Points are assigned and accrue based upon the level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the level escalates. Points may also be added or multiplied for other factors such as victim injury or the commission of certain offenses like a Level 7 or 8 drug trafficking offense. The lowest permissible sentence is any nonstate prison sanction in which total sentence points equal or are less than 44 points, unless the court determines that a prison sentence is appropriate. If total sentence points exceed 44 points, the lowest permissible sentence in prison months is calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent.[53] Absent mitigation,[54] the permissible sentencing range under the Code is generally the lowest permissible sentence scored up to and including the maximum penalty provided under s. 775.082, F.S. The statutory maximum sentence for a first-degree felony is 30 years, for a second-degree felony is 15 years, and for a third degree felony is 5 years.[55]

Mandatory Minimum Sentences and Departures

Mandatory minimum terms of imprisonment limit judicial discretion in Code sentencing: "If the lowest permissible sentence is less than the mandatory minimum sentence, the mandatory minimum sentence takes precedence."[56] As previously noted, the sentencing range under the Code is generally the scored lowest permissible sentence up to and including the statutory maximum penalty. However, if there is a mandatory minimum sentence that is longer than the scored lowest permissible sentence, the sentencing range is narrowed to the mandatory minimum sentence up to and including the statutory maximum penalty.

Prosecutors have "complete discretion" in the charging decision.[57] The exercise of this discretion may determine whether a defendant is subject to a mandatory minimum term or a reduced mandatory minimum term. A prosecutor could determine in a particular case that mandatory minimum sentencing is inappropriate or too severe and avoid or ameliorate such sentencing. Further, a prosecutor could move the court to reduce or suspend a sentence if the defendant renders substantial assistance.

[50] Sections 921.002-921.0027, F.S. See chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.
[51] DOC, *Florida's Criminal Punishment Code: A Comparative Assessment (FY 2012-2013) Executive Summary (Offenses Committed On or After October 1, 1998)*, available at http://www.dc.state.fl.us/pub/sg_annual/1213/executives.html (last visited on February 21, 2018).
[52] Offenses are either ranked in the offense severity level ranking chart in s. 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in s. 921.0023, F.S.
[53] Section 921.0024, F.S. Unless otherwise noted, information on the Code is from this source.
[54] The court may "mitigate" or "depart downward" from the scored lowest permissible sentence if the court finds a mitigating circumstance. Section 921.0026, F.S., provides a list of mitigating circumstances.
[55] *See* s. 775.082, F.S.
[56] Fla. R. Crim. P. 3.704(d)(26).
[57] "Under Florida's constitution, the decision to charge and prosecute is an executive responsibility, and the state attorney has complete discretion in deciding whether and how to prosecute." *State v. Bloom*, 497 So.2d 2, 3 (Fla. 1986).

There are few circumstances in which a court of its own accord can depart from a mandatory minimum term. A court may depart from a mandatory minimum term if the defendant is a youthful offender.[58] A court may also depart from a mandatory minimum term for a violation of s. 316.027(2)(c), F.S. (driver involved in a fatal crash fails to stop and remain at the scene of a crash), if the court "finds that a factor, consideration or circumstance clearly demonstrates that imposing a mandatory minimum term of imprisonment would constitute or result in an injustice."[59]

Effect of the Bill

The bill amends s. 893.135, F.S., to authorize a court to depart from a mandatory minimum term of imprisonment and mandatory fine applicable to that offense. The departure is authorized if the court finds on the record that the person did not:

- Engage in a continuing criminal enterprise;[60]
- Use or threaten violence or use a weapon during the commission of the crime; and
- Cause a death or serious bodily injury.

The bill applies to all drug trafficking acts (possession, sale, manufacture, delivery, and importation) and to most, if not all, drug trafficking mandatory minimum terms of imprisonment (ranging from 3 years to life imprisonment).[61]

Probation and Community Control (Sections 29-32)

Forms of Supervision through the Department of Corrections

At sentencing, a judge may place an offender on probation or community control in lieu of or in addition to incarceration.[62] The DOC supervises more than 167,000 offenders on active community supervision. This includes offenders released from prison on parole, conditional release, or conditional medical release and offenders placed on court ordered supervision including probation, drug offender probation, sex offender probation, and community control.[63]

Probation

Probation is a form of community supervision requiring specified contacts with probation officers and other conditions a court may impose.[64] There are also specialized forms of

[58] Section 958.04, F.S.
[59] Section 316.027(2)(g), F.S.
[60] Section 893.20(1), F.S., provides that any person who commits three or more felonies under ch. 893, F.S., in concert with five or more other persons with respect to whom such person occupies a position of organizer, a supervisory position, or any other position of management and who obtains substantial assets or resources from these acts is guilty of engaging in a continuing criminal enterprise.
[61] The drug-trafficking statute imposes a mandatory life sentence for trafficking in especially large amounts of certain substances. However, these mandatory life sentence are never described as a "mandatory minimum" sentences like the rest of the mandatory minimum sentences imposed by the statute. Nonetheless, the mandatory life sentence that is required for certain offenses seems to be a mandatory minimum sentence, and thus a sentence to which the bill would apply.
[62] Section 948.01, F.S.
[63] DOC, *Introduction to Community Corrections*, available at http://www.dc.state.fl.us/facilities/comcor/ (last visited February 21, 2018).
[64] Section 948.001(8), F.S. Terms and conditions of probation are provided in s. 948.03, F.S.

supervision such as drug offender probation[65] and mental health probation.[66] Section 948.03, F.S., provides that a court must determine the terms and conditions of probation. Standard conditions of probation that are enumerated in s. 948.03, F.S., are not required to be announced on the record, but the court must orally pronounce, as well as provide in writing, any special conditions of probation imposed.

Administrative Probation

Section 948.013, F.S., provides that the DOC may establish procedures for transferring an offender to administrative probation. Administrative probation is defined in s. 948.001(1), F.S. There are specified underlying offenses that are prohibited from being transferred to administrative probation.[67]

Community Control

Section 948.001(3), F.S., defines "community control" as a form of intensive, supervised custody in the community, including surveillance on weekends and holidays, administered by officers with restricted caseloads.[68] The community control program is rigidly structured and designed to accommodate offenders who, in the absence of such a program, will be committed to the custody of the DOC or a county jail.[69] A person on community control (controlee) has an individualized program and is restricted to his or her home or noninstitutional residential placement, unless working, attending school, performing public service hours, participating in treatment or another special activity that has been approved in advance by his or her parole and probation officer.[70]

Conditions of community control are determined by the court when the offender is placed on such supervision. There are standard conditions of community control with which all controlees must comply.[71] A person may be placed on additional terms of supervision as part of his or her community control sentence.[72]

Violations of Probation or Community Control

If an offender violates the terms of his or her probation or community control, the supervision can be revoked in accordance with s. 948.06, F.S.73 A violation of probation (VOP) or violation of community control (VOCC) can be the result of a new violation of law or a technical violation of the conditions imposed. If reasonable grounds exist to believe that an offender on probation or community control has violated his or her terms of supervision in a material respect, an offender may be arrested without a warrant by a:

- Law enforcement officer who is aware of the inmate's supervised community release status;

[65] Section 948.001(4), F.S., defines "drug offender probation" as a form of intensive supervision that emphasizes treatment of drug offenders in accordance with individualized treatment plans administered by probation officers with reduced caseloads.
[66] Section 948.001(5), F.S., "mental health probation" means a form of specialized supervision that emphasizes mental health treatment and working with treatment providers to focus on underlying mental health disorders and compliance with a prescribed psychotropic medication regimen in accordance with individualized treatment plans.
[67] *See* Section 948.013(2) and (3), F.S.
[68] Section 948.10(2), F.S., provides that caseloads must be no more than 30 cases per officer.
[69] Section 948.10(1), F.S.
[70] *Id*.
[71] *See* s. 948.101(1), F.S., for the standard conditions of community control.
[72] Section 948.101(2), F.S.
[73] Section 948.10(3), F.S.

- Probation officer; or
- County or municipal law enforcement officer upon request by a probation officer.[74]

The offender must be returned to the court granting such probation or community control.[75] Additionally, the committing court judge may issue a warrant, upon the facts being made known to him or her by affidavit of one having knowledge of such facts, for the arrest of the offender.[76]

Upon a finding through a VOP or VOCC hearing, a court may revoke, modify, or continue the supervision. If the court chooses to revoke the supervision, it may impose any sentence originally permissible before placing the offender on supervision.[77] In addition, if an offender qualifies as a violent felony offender of special concern (VFOSC), the court must revoke supervision, unless it makes written findings that the VFSOC does not pose a danger to the community.[78] The VFOSC status also accrues sentence points under the Code, which affects the scoring of the lowest permissible sentence.[79]

Alternative Sanctioning Programs

In FY 2016-17, 18,999 of all resolved violations were technical in nature as were 20,834 of the violations resolved in FY 2015-16. Many of these violations resulted in the offender returning to some form of supervision or serving a county jail sentence.[80] Prior to 2016, the DOC developed and implemented an alternative sanctioning program (ASP) in twelve counties within six judicial circuits.[81] An ASP allows for an alternative resolution of technical violations of probation that ensures a swift and certain response without initiating the court process or arresting and booking the offender. Section 948.06, F.S., was amended during the 2016 Legislative Session to codify ASPs.[82] The use of such programs has substantially increased since enactment of the ASP option. As of February 2018, 13 circuits (including 45 of 67 counties) have established ASPs by administrative order. These participating jurisdictions have resolved 2,371 violations through the ASP.[83]

[74] Section 948.06(1)(a), F.S.
[75] *Id*.
[76] Section 948.06(1)(b), F.S. The committing trial court judge may also issue a notice to appear if the controlee has never been convicted of committing, and is not currently alleged to have committed, a qualifying offense as enumerated in s. 948.06(8)(c), F.S.
[77] Section 948.06(2)(b), F.S.

[81] DOC, *Agency Analysis HB 1149 (2016)*, at p. 2 (January 20, 2016) (on file with the Senate Criminal Justice Committee).
[82] Ch. 2016-100, L.O.F.
[83] Email from the DOC Staff (February 21, 2018). The circuits that have enacted administrative orders include: Third (Columbia, Dixie, Hamilton, Lafayette, Madison, Suwannee and Taylor Counties); Fourth (Duval County); Fifth (Citrus, Hernando, Lake, Marion and Sumter Counties); Sixth (Pasco and Pinellas Counties); Seventh (Flagler, Putnam, St. Johns and Volusia Counties); Eighth (Alachua, Baker, Bradford, Gilchrist, Levy, and Union Counties); Tenth (Hardee, Highlands, and Polk Counties); Twelfth (DeSoto, Manatee, and Sarasota Counties); Thirteenth (Hillsborough County); Fourteenth (Bay, Calhoun, Gulf, Holmes, Jackson and Washington Counties); Fifteenth (Palm Beach County); Eighteenth (Brevard and Seminole Counties); and Nineteenth (Indian River, Martin, Okeechobee and St. Lucie Counties).

Section 948.06(1)(h), F.S., authorizes the chief judge of each judicial circuit to establish an ASP, in consultation with the SA, PD, and the DOC to address technical VOPs and VOCCs. A technical violation is defined to include any alleged violation of supervision that is not a new felony offense, misdemeanor offense, or criminal traffic offense.[84] Once an ASP administrative order is signed establishing the terms[85] of the program, the DOC may enforce specified sanctions for certain technical violations with court approval.

Common sanctions issued through the ASP include increased reporting requirements, which can be in person or via phone, community service hours, imposition or modification of a curfew, electronic monitoring, drug evaluation and treatment, employment searches and workforce training.[86] As of January 2018, two circuits and Brevard had included short jail sentences as a possible ASP sanction through administrative order.[87]

After receiving written notice of an alleged technical violation and disclosure of the evidence supporting the violation, an offender who is eligible for the ASP may elect to either participate in the program or waive participation.[88] If the offender waives participation, the violation proceeds through the court resolution process.[89] If the offender elects to participate, he or she must admit to the technical violation, agree to comply with the probation officer's recommended sanction, and agree to waive the right to:

- Be represented by counsel.
- Require the state to prove his or her guilt.
- Subpoena witnesses and present evidence to a judge in his or her defense.
- Confront and cross-examine witnesses.
- Receive a written statement from a factfinder as to the evidence relied on and the reasons for the sanction imposed.[90]

Upon the offender admitting to the technical violation and agreeing with the probation officer's recommended sanction, the probation officer must submit the recommended sanction to the court for approval. The submission to the court must include documentation related to the offender's admission to the technical violation and agreement with the recommended sanction. The court may impose the recommended sanction or may direct the DOC to submit a violation report, affidavit, and warrant.[91]

---

[84] Section 946.08(2)(h)1., F.S.
[85] Section 948.06(1)(h)2., F.S., provides that the administrative order must address which technical violations are eligible for alternative sanctioning, offender eligibility criteria, permissible sanctions, and the process for reporting technical violations.

[89] Section 948.06(1)(h)3.a., F.S.
[90] Section 948.06(1)(h)3.b., F.S.
[91] Section 948.06(1)(h)4. and 5., F.S.

Participation in an ASP is voluntary. Additionally, the offender may elect to waive or discontinue participation in an ASP at any time before the issuance of a court order imposing the recommended sanction. The offender's prior admission to the technical violation may not be used as evidence in subsequent proceedings.[92]

Conditions of Probation in the Florida Crime Information Center

The Florida Crime Information Center (FCIC) is the state's central database for tracking crime related information. Information contained in the FCIC database includes, but is not limited to, statewide information on persons and property, driver's license and registration information, wanted and missing persons, stolen guns, vehicles, and other property, and persons' status files, and computerized criminal history.[93] It is commonly used by law enforcement officers to gather relevant information when responding to a call for service or engaging in a citizen encounter.

Every criminal justice agency[94] within Florida is eligible for access to the FCIC.[95] Access is divided into limited access and full access. With limited access, the user is able to run a query in the system. With full access, the user is able to make modifications in the system.[96] Currently, an officer may run a driver license, warrant, or person query in the FCIC and the results will include information on whether the individual is currently on probation.[97] However, in general, a law enforcement officer will only see that the person is on probation. The FCIC will not include the specific terms of probation.[98]

When probation conditions are ordered, modified, or deleted by the court, that information is forwarded to the DOC via the clerk of the court (clerk).[99] Once the conditions are received by the DOC, they are manually entered into the database.[100] Delays in this process may vary due to the volume of information, the manner in which information is received, and the variations in the process among the circuits.[101]

The DOC sends a probationer's data electronically to FDLE through a real time direct data pipeline. To include a probationer's conditions, the DOC will enter the information into a "Miscellaneous Field of the Status Record" field available in the FCIC.[102] However, the DOC

[92] Section 948.06(1)(h)6. and 7., F.S
[93] Department of Juvenile Justice, *Florida Department of Juvenile Justice Procedure*, p. 2, available at http://www.djj.state.fl.us/docs/policies/fcic-ncic-cjnet-jis-and-david-access-use-procedures-fdjj-1805p.pdf?sfvrsn=4 (last visited February 22, 2018) (hereinafter cited as "DJJ Procedure").
[94] FDLE defines "criminal justice agency" to include courts and governmental agencies that perform the administration of criminal justice pursuant to a statute or executive order.
[95] DJJ Procedure.
[96] *Id*.
[97] Id.
[98] Email from Florida Sheriffs Association Staff (February 22, 2018) (on file with Senate Criminal Justice Committee).
[99] *Id*.
[100] *Id*.
[101] *Id*.
[102] Email from the DOC Staff (February 23, 2018) (on file with the Senate Criminal Justice Committee). The DOC currently includes the specified conditions of probation for each probationer in the data it sends to FDLE, including, but not limited to: Sex offender curfew; Curfew for non-sex offenders; Remain confined to approved residence; No unsupervised contact with minors; No work or volunteer work with children; Do not live or work within 1,000 feet of school or bus stop; Submit to search; No driving or driver license revoked or suspended; Driving for employment only; No alcohol or illegal drugs; No

reports that it includes a number of special conditions of probation as prioritized by the FDLE, but that the current FDLE system only allows a smaller, specified amount of data and typically does not allot enough space to include all special conditions of probation.[103]

A court has authority to modify or alter conditions of probation based on a probationer's particular circumstances.[104] As a result, a probation officer may have permission to allow certain exceptions to conditions of probation on a case-by-case basis. For example, a court may allow a probation officer to give permission to a probationer to stay out past a designated curfew if the reason is for work, school, or health care emergencies. When this occurs, probation officers may not have access to the DOC databases in order to update in real time any exceptions to the individual's probation in the FCIC.[105]

Effect of the Bill

Alternative Sanctioning Programs

The bill amends s. 948.06, F.S., *requiring* each judicial circuit to establish an ASP and providing specific guidelines for the types of technical violations and sanctions that can be provided for in an ASP. The bill authorizes a court to define additional sanctions or eligibility criteria and specify the process for reporting technical violations. For each instance that a technical VOP or VOCC is alleged to have been committed, the DOC is required to determine whether such person is eligible for the ASP. If eligible, the probation officer may offer the ASP in lieu of filing an affidavit with the court. The bill maintains the same definition for technical violations as is in current law and limits ASPs to resolving technical violations.

The bill classifies technical violations eligible for an ASP as low-risk and moderate risk, specifically:

- A low-risk violation includes:
  - Positive drug or alcohol test result;
  - Failure to report to the probation office;
  - Failure to report a change in address or other required information;
  - Failure to attend a required class, treatment or counseling session, or meeting;
  - Failure to submit to a drug or alcohol test;
  - Violation of curfew;
  - Failure to meet a monthly quota on any required probation condition, including, but not limited to, making restitution payments, payment of court costs, and completing community service hours;
  - Leaving the county without permission;
  - Failure to report a change in employment;
  - Associating with a person engaged in criminal activity; or

contact with victim; No pornographic material; Restrictions to enter or leave a city; No employment that involves handling money; No post office box; and No checking account.

[103] *Id*. This amount of space typically allows for the inclusion of the condition number, a dash and then the description up to 34 bytes per condition reoccurring for a total of 398 bytes. The Special Condition description can be shorter than 34 bytes or up to 34 bytes but the total bytes of all of them combined for each offender can only add up to 398 bytes per offender file sent real time.

[104] Section 948.039, F.S.

[105] Email from the Florida Sheriff's Association Staff (February 23, 2018) (on file with Senate Criminal Justice Staff).

  - Any other violation as determined by administrative order of the chief judge of the circuit.
- A moderate-risk violation includes:
  - A low-risk violation listed above, which is committed by an offender on community control;
  - Failure to remain at an approved residence by an offender on community control;
  - A third violation of a low-risk violation listed above by a probationer within the current term of supervision; or
  - Any other violation as determined by administrative order by the chief judge of the circuit.

The bill excludes certain probationers or offenders on community control from participating in an ASP if any of the following criteria apply:
- The offender is a VFOSC.
- The violation is absconding.
- The violation is of a stay-away order or no-contact order.
- The violation is not identified as low-risk or moderate-risk under the bill or by administrative order.
- He or she has a prior moderate-risk level violation during the current term of supervision.
- He or she has three prior low-risk level violations during the same term of supervision.
- The term of supervision is scheduled to terminate in less than 90 days.
- The terms of the sentence prohibit the use of ASP.

An eligible person who has committed a first or second low-risk technical violation within his or her current term of supervision may be offered one or more of the following as a sanction:
- Up to five days in a county detention facility;
- Up to 50 additional community service hours;
- Counseling or treatment;
- Support group attendance;
- Drug testing;
- Loss of travel or other privileges;
- Curfew for up to 30 days;
- House arrest for up to 30 days; or
- Any other sanction as determined by administrative order by the chief judge of the circuit.

An eligible person who has committed a first time moderate-risk violation within the current term of supervision may be offered, provided the probation officer receives approval from his or her supervisor, one or more of the following as a sanction:
- Up to 21 days in the county detention facility;
- Curfew for up to 90 days;
- House arrest for up to 90 days;
- Electronic monitoring for up to 90 days;
- Residential treatment for up to 90 days;
- Any other sanction available for a low-risk violation; or
- Any other sanction as determined by administrative order of the chief judge of the circuit.

The bill retains current law regarding the ability of an offender to enter or waive his or her participation in the program; process for an offender to acknowledge his or her desire to participate in the program, including the specified rights that must be waived; ability of a court to approve the sanction and the effect of a court not approving the probation officer's recommendation; effect of an offender's discontinued participation in the program; and prohibition on the court using a prior admission to a technical violation as evidence in subsequent proceedings.[106] However, the bill imposes a 90-day deadline for an offender to complete successfully all ordered sanctions from the ASP if the court or probation officer did not specify a timeframe in the imposition of the sanction.

Administrative Probation

The bill amends ss. 948.001(1) and 948.013, F.S., relating to administrative probation to restructure the placement of relevant language. These changes do not appear to have a substantive impact on the laws applicable to administrative probation.

Conditions of Probation in the FCIC

The bill requires the DOC to input into the FCIC all of a probationer's specific conditions of probation as determined by the court. If the court modifies the conditions of probation during the period of probation, the DOC must update the changes in the FCIC.

Reentry and Transitional Services Provisions (Sections 19-25)

Services Offered to Inmates in the Custody of the DOC

The DOC is required to provide a wide range of transitional services, including in the areas of employment, life skills training, job placement, for the purpose of increasing the likelihood of the inmate's successful reentry into society thereby reducing recidivism.[107]

Section 944.704, F.S., requires the DOC to provide a transition assistance specialist at each of its major prison institutions to assist an inmate with specified assistance, including, in part, obtaining job placement information.[108]

Section 944.705, F.S., requires the DOC to establish a standard release orientation program available to every eligible inmate.[109] Release orientation must include instruction addressing:

- Employment skills;
- Money management skills;
- Personal development and planning;
- Special needs;

[106] *See* s. 948.06(1)(h)4.-7., F.S. (2017), for the relevant provisions retained in the bill.
[107] *See* ss. 944.701-708, F.S.
[108] Section 944.704, F.S., further provides that correctional officers and correctional probation officers are prohibited from serving in the role of the transition assistance specialist.
[109] Sections 944.703 and 944.7031, F.S., provide that all inmates released from the custody of the DOC are eligible to receive transition services. However, the law instructs the DOC to give priority for these services to substance abuse addicted inmates. The law provides that inmates released from private correctional facilities should be informed of and provided with the same level of transition assistance services as provided by the DOC for an inmate in a state correctional facility.

- Community reentry concerns;
- Community reentry support; and
- Any other appropriate instruction to ensure the inmate's successful reentry into the community.[110]

To provide these services, the DOC may contract with outside public or private entities, including faith-based service groups.[111]

Determining the Appropriate Services for Inmates

All inmates are screened at reception and assessed and placed into programs using the CINAS.[112] As described above, the CINAS is administered to inmates at reception and again at 42 months from release. Additionally, the DOC conducts updates every six months thereafter to evaluate the inmate's progress and ensure enrollment in needed programs. The DOC's use of the CINAS allows for development and implementation of programs that increase the likelihood of successful transition through the selection of services that are matched to the offender's learning characteristics and then to the offender's stage of change readiness.[113] Additionally, the CINAS allows for a flow of information between the DOC's Office of Community Corrections and Office of Institutions, which assist the DOC in better serving the offender and preparing him or her for successful transition back into the community.[114]

Education for State Prisoners

Section 944.801, F.S., establishes a Correctional Education Program (CEP), which must be composed of the educational facilities and services of all institutions, and facilities housing inmates operated by the DOC.[115] The duties of the CEP, in part, include:

- Developing guidelines for collecting education-related information during the inmate reception process and for disseminating such information to the classification staff of the DOC.[116]
- Approving educational programs of the appropriate levels and types in the correctional institutions and developing procedures for the admission of inmate students into such programs.[117]
- Entering into agreements with public or private school districts, entities, community colleges, junior colleges, colleges, or universities as may be deemed appropriate for the purpose of carrying out the CEP duties.[118]

[112] The DOC SB 1222 Analysis, p. 2.
[113] The DOC SB 1222 Analysis, p. 2. The DOC reports that it matches factors that influence an inmate's responsiveness to different types of services with programs that are proven to be effective within an inmate population.
[114] *Id*.
[115] Section 944.801(1), F.S.
[116] Section 944.801(3)(a), F.S., also provides that the information collected must include the inmate's areas of educational or vocational interest, vocational skills, and level of education.
[117] Section 944.801(3)(d), F.S.
[118] Section 944.801(3)(e), F.S.

- Ensuring that such local agreements require minimum performance standards and standards for measurable objectives, in accordance with established Department of Education (DOE) standards.[119]
- Developing and maintaining complete and reliable statistics on the number of high school equivalency diplomas and vocational certificates issued by each institution in each skill area, the change in inmate literacy levels, and the number of inmate admissions to and withdrawals from education courses.[120]

Workforce Training Offered by the DOC

The DOC offers a wide range of career and technical education programs for inmates.[121] In FY 2015-16, the DOC awarded 1,829 vocational certificates and 2,027 industry certificates, and in FY 2016-17, the DOC awarded 1,799 vocational certificates and 1,349 industry certifications. The DOC has since launched new credentialing programs for Canine Obedience and Beekeeping programs, and plans to expand credentialing to construction, horticulture, farm, and culinary programs in 30 institutions.[122]

Obtaining Professional Licenses Subsequent to a Criminal Conviction

Licensure - Overview

A person may only be denied employment by the state, any of its agencies or political subdivisions, or any municipality, based on a prior conviction for a crime if the crime was a felony or first-degree misdemeanor and directly related to the position of employment sought.[123] However, a person may be denied a license, permit, or certification to pursue, practice, or engage in an occupation, trade, vocation, profession, or business based on a prior conviction for a crime. The crime must be a felony or first-degree misdemeanor and directly relate to the standard determined by the regulatory authority to be necessary and reasonably related to the protection of the public or the welfare of the profession, or business for which the license, permit or certificate is sought.[124] There are a number of professions that require licensure, which may be impacted by a criminal conviction.[125]

[123] Section 112.011(1)(a), F.S.
[124] Section 112.011(1)(b), F.S.
[125] These include, but are not limited to, professions regulated by the Department of Health, such as septic tank contractors, health care professionals and pharmacy professionals, and massage therapists. *See* ss. 489.553(4)(a), 456.0635(2)(a), 465.0022, and 480.041(7), F.S.

Department of Business and Professional Regulation

Chapter 455, F.S., provides the general powers of the Department of Business and Professional Regulation (DBPR) and authorizes the DBPR to regulate the issuance of licensing for specified purposes.[126] However, the DBPR is prohibited from creating a regulation that has an unreasonable effect on job creation or job retention, or a regulation that unreasonably restricts the ability of those who desire to engage in a profession or occupation to find employment.[127] When a person is authorized to engage in a profession or occupation in Florida, the DBPR issues a "permit, registration, certificate, or license" to the licensee.[128] The Division of Professions within the DBPR is responsible for licensing more than 435,500 professionals with a variety of professional licenses.[129]

The DBPR may disqualify an individual from employment if he or she has been arrested for and is awaiting final disposition of, has been found guilty of, or entered a plea of nolo contender or guilty to, or has been adjudicated delinquent and the record has not been sealed or expunged for a number of specified offenses. Applicants for all professions are required to answer questions pertaining to their criminal history when submitting an application for licensure.[130]

The DBPR reports that there are no statutory provisions or departmental rules that prohibit individuals from applying for licensure while they are still incarcerated or under some form of supervised release, nor are individuals charged any additional fees for applying for a license while still incarcerated or on supervised release.[131]

Agency for Health Care Administration

The Agency for Health Care Administration (AHCA), disqualifies an individual from employment in certain facilities regulated by AHCA, such as nursing homes and hospices, based on an applicant's criminal history. Any individual considered for employment in a facility licensed by chs. 400 and 408, F.S., must complete a level 2 background screening pursuant to ss. 435.04(2) and (3), F.S. In addition to the disqualifying offenses listed above for DBPR, the applicant may be disqualified by AHCA for a number of offenses.[132]

Exemption from Disqualification

Florida law provides for exemptions from disqualification for prior criminal offenses. The head of the appropriate agency may grant an employee otherwise disqualified from employment an exemption from disqualification.[133]

---

[126] Section 455.201(2), F.S., provides that the DBPR may engage in the regulation of professions only for the "preservation of the health, safety, and welfare of the public under the police powers of the state."
[127] Section 455.201(4)(b), F.S.
[128] Section 455.01(4) and (5), F.S.
[129] *See* DBPR, *Annual Report, Fiscal Year 2016-2017*, p. 21-22, available at http://www.myfloridalicense.com/dbpr/os/documents/DivisionAnnualReport.pdf?x40199 (last visited February 22, 2018). Of the total 434,574 licensees in the Division of Professions, 21,702 are inactive.
[130] DBPR, *Agency Analysis CS/SB 1114*, February 19, 2018, (on file with the Senate Criminal Justice Committee).
[131] *Id*.
[132] *See* s. 408.809(4), F.S.
[133] *See* s. 435.07, F.S., for specific statutory exemptions.

A person applying for exemption must pay any outstanding court fee, fine, fund, lien, civil judgment, application, cost of prosecution, trust, or restitution as part of the criminal case prior to being eligible for exemption.[134] To grant an exemption to an applicant, the applicant has the burden to demonstrate by clear and convincing evidence that he or she should not be disqualified from employment.[135]

Prison Entrepreneurship Programs

In 2011, the University of Virginia's Darden School of Business implemented a prison entrepreneurship program at Virginia's Dillwyn Correctional Center, a medium-security prison housing more than 1,000 inmates. The program focuses on entrepreneurship skills, ethics, and business strategy. Students must complete math testing, develop a personal business plan, and complete a final exam.[136]

Similar programs have had success in other states. Texas has a prison entrepreneurship program at the Cleveland Correctional Facility in Houston and approximately 800 inmates graduate from the program annually. Of its graduates, 106 have founded businesses and the recidivism rate of those inmates is less than 7 percent.[137] Though not statutorily mandated, the DOC partners with several educational institutions to offer inmates job training and readiness skills, including, but not limited to, Stetson University, Florida State University, University of Central Florida, and University of West Florida.[138] Additionally, the DOC operates an entrepreneurship education program at Hardee Correctional Institution.[139]

Effect of the Bill

Transition Assistance Staff

The bill amends s. 944.704, F.S., requiring that transition assistance specialists also provide inmates with information about any job assignment credentialing or industry certifications for which the inmate is eligible.

[134] Section 435.07(1)(b), F.S.
[135] *See* s. 435.07(3)(a), F.S. Evidence provided may include, but is not limited to: the circumstances surrounding the criminal incident; the time period that has elapsed since the incident; the nature of the harm caused to the victim; applicant's history since the incident; and any other evidence or circumstances indicating that the applicant will not present a danger if employment or continued employment is allowed. The decision of the head of an agency regarding an exemption may be challenged pursuant to ch. 120, F.S.
[136] The Darden Report, *Second Changes: Darden's Fairchild Launches Prison Entrepreneurship Program*, January 4, 2013, available at: https://news.virginia.edu/content/second-chances-darden-s-fairchild-launches-prison-entrepreneurship-program (last visited February 22, 2018).
[137] *Id*. *See also* The Prison Entrepreneurship Program, available at http://www.pep.org/releasing-potential/ (last visited February 22, 2018).
[138] Email from the DOC Staff (February 22, 2018) (on file with Senate Criminal Justice Committee).
[139] *Id*. The DOC reports that the course provides an introductory overview of the knowledge and skills needed for the identification, evaluation, and exploitation of opportunities in a variety of circumstances and environments.

Release Orientation Program

The bill amends s. 944.705, F.S., requiring that each inmate receive a comprehensive community reentry resource directory organized by the county to which the inmate is being released with specified information related to providers and portals of entry.[140]

The DOC must allow a nonprofit faith-based, business and professional, civic, or community organization to apply to be registered under this section to provide inmate reentry services. The DOC must also adopt policies and procedures for screening, approving, and registering an organization that applies to be registered to provide inmate reentry services. The DOC may deny approval and registration of an organization or a representative from an organization if it determines that the organization or representative does not meet such policies or procedures. The bill defines reentry services as services that include, but are limited to counseling; providing information on housing and job placement; money management assistance; and programs addressing substance abuse, mental health, or co-occurring conditions.

The bill also authorizes the DOC to contract with a public or private educational institution's Veteran's Advocacy Clinic or Veteran's Legal Clinic to assist qualified veteran inmates in applying for veteran's assistance benefits upon release.

Certificates of Achievement and Employability

The bill creates ss. 944.805-8065, F.S., establishing a certificate of achievement and employability (CAE) that may remove most mandatory barriers to licensure and employment for ex-offenders.

Definitions

The bill defines a number of terms applicable to these provisions, including:

- Discretionary civil impact: any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:
  - The impact is triggered in whole or in part by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.
  - The impact is imposed on a person, licensing agency, or employer.
  - The impact permits, but does not require, that a convicted person have a license denied or revoked, permits an agency to deny or revoke a license or certification to a convicted person, or permits a business to refuse to employ a convicted person.
- Eligible inmate: a person who is serving a prison term in a state correctional institution or facility; under the supervision of the DOC on probation or community control; or under a post release control sanction; and who is eligible to apply to the DOC for a certificate of achievement and employability.
- Licensing agency: any regulatory or licensing entity with authority to issue, suspend, or revoke any professional license or certification.
- Mandatory civil impact: any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:

[140] The directory must include the name, address, telephone number and a description of services offered of each provider and also include the name, address, and telephone number of existing portals of entry.

- The impact is triggered automatically solely by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.
- The impact is imposed on a person, licensing agency, or employer.
- The impact precludes a convicted person from maintaining or obtaining licensure or employment, precludes a licensing agency from issuing a license or certification to a convicted person, or precludes a business from being certified or from employing a convicted person.[141]

Application for Certificate of Achievement and Employability

An eligible inmate may apply to the DOC for a CAE if the inmate:

- Has satisfactorily completed one or more in-prison vocational programs approved by the DOC.
- Has demonstrated exemplary performance as determined by completion of one or more cognitive or behavioral improvement programs approved by the DOC while incarcerated in a state correctional institution or facility or under supervision, or during both periods of time.
- Shows other evidence of achievement and rehabilitation.
- Has never been convicted of a dangerous crime as defined in s. 907.041, F.S., or a violation specified as a predicate offense for registration as a sexual predator under s. 775.21, F.S., or as a sexual offender under s. 943.0435, F.S.

An incarcerated eligible inmate may apply for a CAE from one year prior to the date of his or her release up to the date of release. An eligible inmate in the community may apply anytime while serving the term of probation or community control.

The application must specify the mandatory civil impacts for which the eligible inmate is seeking relief. The DOC is required to notify the licensing agency whose mandatory civil impact may be impacted by the issuance of a CAE and provide the licensing agency with a copy of the CAE application and any documentation that the DOC has concerning the eligible inmate. The licensing agency must be given the opportunity to object in writing to the issuance of a CAE.

The DOC must consider the eligible inmate's application and all objections to issuing the CAE and the DOC must issue the CAE if it finds that the inmate is eligible, the application was filed timely, and all objections to issuing the certificate are insufficient. However, a CAE does not affect the mandatory civil impacts under article VI, section 4 of the Florida Constitution, or ss. 775.13, 775.21, 943.0435, and 944.292, F.S.

Effect of the Certificate of Achievement and Employability

A CAE holder that applies to an agency for licensure or certification must be given individualized consideration by the licensing agency. The CAE provides a rebuttable presumption to the CAE holder for purposes of licensure review. The bill provides that the conviction of a CAE holder alone is insufficient evidence that he or she is unfit for the license or certification. However, the licensing agency is still authorized to deny the license or certification

[141] The bill provides that the definitions of mandatory and discretionary civil impact do not include imprisonment, probation, parole, supervised release, forfeiture, restitution, fine, assessment, or costs of prosecution.

if it determines that the CAE holder is unfit for licensure or certification after considering all relevant facts and circumstances.

The bill distinguishes between the effect of an unemployed CAE holder applying to an agency and an employer of an employed CAE applying to an agency. An employer of an employed CAE holder may apply to an agency for the licensure of his or her employee and the bill provides that the CAE reclassifies the mandatory civil impacts into discretionary civil impacts and that the CAE is a rebuttable presumption. However, for an unemployed CAE holder, the CAE only provides a rebuttable presumption and does not reclassify the mandatory civil impacts.

Revocation of the Certificate of Achievement and Employability

The bill requires the DOC to, at a minimum, adopt rules that result in the revocation of a CAE if a certificate holder is convicted of or pleads guilty to a felony offense subsequent to the issuance of the certificate. The DOC must determine which additional offenses require revocation, considering the nature of the offense and the employment of a certificate holder.

Liability and Rulemaking Authority

The bill provides that the DOC is not liable for a claim for damages arising from issuing, denying, or revoking a CAE or for failing to revoke a certificate. The bill also provides the DOC with rulemaking authority to develop any rules necessary to implement the CAE provisions and requires the CAE program be funded within existing resources.

Prison Entrepreneurship Program

The bill amends s. 944.801, F.S., authorizing the CEP to develop a Prison Entrepreneurship Program. The program must include at least 180 days of in-prison education with curriculum that includes a component on developing a business plan, procedures for graduation and certification of successful student inmates, and at least 90 days of transitional and post release continuing education services. The bill provides transitional and post release continuing education services may be offered to graduate student inmates on a voluntary basis and are not required for completion of the program.

The program must be funded within existing resources and the DOC is required to enter into agreements with public or private community colleges, junior colleges, colleges, universities, or other non-profit entities to implement the program.

Lastly, the bill provides rulemaking authority and authority to adopt procedures for admitting student inmates.

The bill reenacts ss. 447.203 and 944.026, F.S., incorporating changes made by the act.

Conditional Medical Release (Sections 27, 28 and 36-47)

The pronouncement of a sentence that includes a term of imprisonment imposed by a sentencing court reflects the length of actual time to be served. With limited exceptions, such a term of

imprisonment may only be lessened by the application of gain-time,[142] and may not be reduced in an amount that results in the defendant serving less than 85 percent of his or her term of imprisonment.[143] One of the exceptions provided for in law is conditional medical release.

Conditional Medical Release

CMR is a discretionary release of inmates who are "terminally ill" or "permanently incapacitated" and who are not a danger to others.[144] The FCOR reviews eligible inmates for release under the CMR program.

Eligible inmates include inmates that are designated by the DOC as a:

- "Permanently incapacitated inmate," which is an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate permanently and irreversibly physically incapacitated to the extent that the inmate does not constitute a danger to herself or himself or others; or
- "Terminally ill inmate," which is an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate terminally ill to the extent that there can be no recovery and death is imminent, so that the inmate does not constitute a danger to herself or himself or others.[145]

The release of an inmate on CMR is for the remainder of the inmate's sentence and requires periodic medical evaluations at intervals determined by the FCOR at the time of release.[146] Supervision can be revoked and the offender returned to prison if the FCOR determines that a violation of any condition of the release has occurred or his or her medical or physical condition improves to the point that the offender no longer meets the CMR criteria.[147] Section 947.141, F.S., provides a hearing process for determining whether a CMR releasee must be recommitted to the DOC for a violation of release conditions or a change in medical status.

The FCOR has approved and released 55 inmates for CMR in the last three fiscal years.[148] The DOC has recommended 120 inmates for release in the past three fiscal years.[149]

Effect of the Bill

The bill amends s. 947.149, F.S., by creating two new CMR designations and two processes for an inmate to be granted CMR, including "Permissive Conditional Medical Release" and "Mandatory Conditional Medical Release."

---

[142] Section 944.275, F.S., provides for various types of incentive and meritorious gain-time.

[145] Section 947.149(1), F.S. Inmates sentenced to death are ineligible for CMR.
[146] Section 947.149(4), F.S.
[147] Section 947.149(5), F.S.
[148] This includes 14 people in FY 2016-17; 27 in FY 2015-16; and 14 in FY 2014-15. Email from FCOR Staff (December 15, 2017) (attachment on file with the Senate Committee on Criminal Justice).
[149] *Id*. This includes 34 people FY 2016-17; 51 in FY 2015-16; and 35 in FY 2014-15.

Designations

The bill creates two new CMR designations, including a designation entitled:

- Inmate with a debilitating illness: an inmate who is determined to be suffering from a significant and permanent terminal or nonterminal condition, disease, or syndrome that has rendered the inmate so physically or cognitively debilitated or incapacitated as to create a reasonable probability that the inmate does not constitute a danger to herself or himself or others.
- Medically frail inmate: an inmate whose physical or mental health has deteriorated to a point that creates a reasonable probability that the inmate does not constitute a danger to herself or himself or others, as determined by a risk assessment completed by a qualified practitioner, and whose deterioration is the direct result of the inmate's:
  - Impairment of the mental or emotional processes that exercise conscious control of one's actions or of the ability to perceive or understand reality, where such impairment substantially interferes with the person's ability to meet the ordinary demands of living;
  - History of substance abuse, as defined in s. 397.311(45), F.S.; or
  - Requirement of acute long-term medical or mental health treatment or services.

The current designation of terminally ill inmate is amended to apply to inmates whose death is expected within 12 months, rather than imminent. The current designation of permanently incapacitated inmate is not altered.

Permissive Conditional Medical Release

The current CMR process remains substantially the same but is amended to be entitled "Permissive Conditional Medical Release." The bill expands Permissive CMR from current law by permitting any inmate determined to be eligible under any of the four CMR designations described above and referred by the DOC to the FCOR to be considered for release by the FCOR. The FCOR continues to retain sole discretion on the determination of whether to release an inmate under Permissive CMR.

Mandatory Conditional Medical Release

The bill creates a new CMR process, entitled "Mandatory Conditional Medical Release," that imposes eligibility requirements in addition to those required in Permissive CMR. If an inmate meets all of the eligibility requirements of Mandatory CMR, the FCOR is *required* to release the inmate on CMR upon verifying the inmate's eligibility.

For Mandatory CMR, the bill requires the DOC to refer an inmate to the FCOR for release if the inmate meets one of the four CMR designations mentioned above and the inmate has:

- Served at least 50 percent of his or her sentence.
- No current or prior conviction for a capital, life, or first-degree felony; sexual offense; or an offense involving a child.
- Not received a disciplinary report within the previous six months.
- Never received a disciplinary report for a violent act.
- Renounced any gang affiliation.

The FCOR must verify that an inmate meets the above-mentioned eligibility criteria within 60 days of the referral.

Referral of an Inmate

The DOC's referral of an inmate for either Permissive or Mandatory CMR must include:

- The proposed conditional medical release plan.
- Any relevant medical history, including current medical prognosis.
- Criminal history, including:
  - The inmate's claim of innocence, if any;
  - The degree to which the inmate accepts responsibility for his or her actions leading to the conviction of the crime; and
  - How any claim of responsibility has affected the inmate's feelings of remorse.
- Any history of substance abuse and mental health issues, provided the inmate authorizes release when such information is collected in accordance with 42 C.F.R. s. 2.
- Any disciplinary action taken against the inmate while in prison.
- Any participation in prison work and other prison programs.
- Any other information the DOC deems necessary.

Placement Considerations and Release Plan

The bill provides that a determination to approve an inmate's release on CMR must consider conditions such as whether:

- A placement option has been secured for the inmate in the community. A placement option may include, but is not limited to, home confinement or a medical or mental health facility that is not a public institution.[150]
- The placement option secured under this section poses a minimal risk to society.
- The DOC has made a reasonable effort to determine whether expenses related to the placement option secured under this subsection are covered by Medicaid, a health care policy, a certificate of insurance, or another source for the payment of medical expenses or whether the inmate has sufficient income or assets to pay for the expenses related to the placement.
- The DOC has provided notice to the prosecutor's office in the county in which the prisoner was sentenced and to each victim entitled to notice under article I, section 16(b) of the Florida Constitution.

The bill requires the DOC to develop a release plan for an inmate released on Permissive or Mandatory CMR and the FCOR is authorized to approve the release plan. The release plan must include periodic medical evaluations and may include supervision with electronic monitoring. An inmate's release on Permissive or Mandatory CMR is for the remainder of the inmate's sentence. However, the bill also applies the above-described process for revocation and recommitment to inmates released on Permissive or Mandatory CMR.

The bill also amends s. 947.005, F.S., adding two new definitions, including:

[150] A placement option need not involve any type of supervision of the inmate by an employee or a private contractor of the DOC or otherwise be considered a secure facility. A placement option may involve the use of an electronic monitoring device as defined in 947.005(6), F.S.

- Electronic monitoring device: an electronic or telecommunications device that is used to track and supervise the location of a person. Such devices include, but are not limited to, voice tracking systems, position-tracking systems, position location systems, or biometric tracking systems.
- Conditional medical release: the release from a state correctional institution or facility under this chapter for medical or mental health treatment pursuant to s. 947.149, F.S.

Lastly, the bill reenacts ss. 316.1935, 775.084, 775.087, 784.07, 790.235, 794.0115, 893.135, 921.0024, 944.605, 944.70, 947.13, and 947.141, F.S., incorporating changes made by the act.

Criminal Justice Data Collection and Transparency (Sections 10-12, 16, 18, and 26)

Data Collection by Florida's Criminal Justice Agencies

Currently, Florida does not have a publicly accessible website containing comprehensive criminal justice data. Several state departments, local agencies and local offices, including the clerks, SAs, PDs, county jails, and the DOC collect data within the criminal justice system. Each entity collects and maintains data in different ways and for different purposes.

Clerks of the Circuit Courts

The clerks use a secured single point-of-search database portal for statewide court case information, the Comprehensive Case Information System (CCIS).[151] Section 28.2405, F.S., requires all clerks to participate in the CCIS and submit data for criminal, civil, juvenile, probate, and traffic cases.[152] The CCIS provides controlled access to court records for governmental agencies.[153] Currently, 19 governmental organizations use the CCIS and may use it to search information related to call court cases maintained by the clerks.[154]

The CCIS has more than 45,000 active users. The clerks assign each user or organization a security level that allows them to view certain data on the CCIS. Not all data elements are available to all users and CCIS is not available to the public.[155]

County Detention Facilities

Data collection and storage by county detention facilities varies greatly from county to county.[156] Larger county detention facilities have data systems allowing for direct data input and report generation, while smaller jails have databases using Microsoft Access or other commercially available templates.[157]

---

[151] *See* s. 28.2405, F.S. CCIS access site, available at https://www.flccis.com/ocrs/login.xhtml (last visited February 23, 2018).

[154] *Id.* at 3 and 6.
[155] *Id.* at 11.
[156] Section 951.23(1)(a), F.S., defines a county detention facility to mean a county jail, county stockade, county work camp, county residential probation center, or any other place, except a municipal detention facility, used by a county or county officer for the detention of persons charged with or convicted of a crime.
[157] Florida Sheriffs Association, *Criminal Justice Data Collection*, p. 5 (November 14, 2017) (PowerPoint presentation on file with the Senate Criminal Justice Committee) (hereinafter cited as "FSA PowerPoint").

Section 951.23(2), F.S., requires administrators of county detention facilities to collect and report certain information to the DOC. The DOC then uses such data to analyze and evaluate county detention facilities.[158] Many jails also collect data relating to jail capacity, per diems, demographic data, criminal charges, custody levels, and medical information.[159] Jail administrators use this data to manage daily operations, verify total jail costs and budgets, and ensure proper staffing and training.[160]

State Attorneys and Public Defenders

There is no statutory requirement for a SA or PD to collect, publish, or report specific data. Many circuits, on their own initiative, collect data elements for internal purposes, but this data is not publicly available or shared among agencies.

Department of Corrections

The DOC uses is the Offender Based Information System (OBIS) to collect and organize data related to sentencing information and scoresheets from the clerks, criminal history information from the FDLE, and background information self-reported by inmates.[161] The DOC uses this information for a variety of operational functions including determining an inmate's custody level and an inmate's release date.[162] The DOC shares the OBIS information with law enforcement and other state and federal agencies pursuant to relevant statutory authority, federal law, or other directives.[163]

The Bureau of Research and Data Analysis (Bureau) within the DOC analyzes the OBIS data to generate information for the DOC, the Governor, the Legislature, and other state agencies.[164] The Bureau publishes an annual report that includes information regarding inmate population, statistics, and other information relating to the DOC.[165] While annual reports are accessible to the public, users are not permitted to search the data that is collected in OBIS.

Criminal Punishment Code Scoresheet

Section 921.0024, F.S., requires the preparation of a Criminal Punishment Code scoresheet for each defendant who is sentenced for a felony offense. The scoresheet must be developed by the DOC, in consultation with the Office of the State Courts Administrator (OSCA), SAs, and PDs, and submitted to the Supreme Court for approval by June 15 of each year, as necessary. Further, the DOC is required to distribute sufficient copies of the scoresheets to those persons charged with the responsibility for preparing scoresheets.[166]

Effect of the Bill

Data Collection

The bill creates s. 900.05, F.S., specifying Legislative intent of the Legislature to create a model of uniform criminal justice data collection by requiring local and state criminal justice agencies to report complete, accurate, and timely data, and make such data available to the public.

Definitions:

The bill defines the following terms:

- Annual felony caseload: the yearly caseload of each full-time SA and assistant SA (ASA) or PD and assistant PD (APD) for cases assigned to the circuit criminal division, based on the number of felony cases reported to the Supreme Court under s. 25.075, F.S.
- Annual misdemeanor caseload: the yearly caseload of each full-time SA and ASA or PD and APD for cases assigned to the county criminal division, based on the number of misdemeanor cases reported to the Supreme Court under s. 25.075, F.S.[167]
- Attorney assignment date: the date a court-appointed attorney is assigned to the case or, if privately retained, the date an attorney files a notice of appearance with the clerk.
- Attorney withdrawal date: the date the court removes court-appointed counsel from a case or, for a privately retained attorney, the date a motion to withdraw is granted by the court.
- Case number: the identification number assigned by the clerk to a criminal case.
- Case status: whether a case is open, inactive, closed, or reopened due to a VOP or VOCC.
- Charge description: the statement of the conduct that is alleged to have been violated, the associated statutory section establishing such conduct as criminal, and the misdemeanor or felony classification that is provided for in the statutory section alleged to have been violated.
- Charge modifier: an aggravating circumstance of an alleged crime that enhances or reclassifies a charge to a more serious misdemeanor or felony offense level.
- Concurrent or consecutive sentence flag: an indication that a defendant is serving another sentence concurrently or consecutively in addition to the sentence for which data is being reported.
- Daily number of correctional officers: the number of full-time, part-time, and auxiliary correctional officers who are actively providing supervision, protection, care, custody, and control of inmates in a county detention facility or state correctional institution or facility each day.
- Deferred prosecution or pretrial diversion agreement date: the date a contract is signed by the parties regarding a defendant's admission into a deferred prosecution or pretrial diversion program.
- Deferred prosecution or pretrial diversion hearing date: each date that a hearing, including a status hearing, is held on a case that is in a deferred prosecution or pretrial diversion program, if applicable.
- Disciplinary violation and action: any conduct performed by an inmate in violation of the rules of a county detention facility or state correctional institution or facility that results in

[167] The terms "annual felony caseload" and "annual misdemeanor caseload" do not include the appellate caseload of a PD or APD. Cases reported pursuant to these terms must be associated with a case number and each case number must only be reported once regardless of the number of attorney assignments that occur during the course of litigation

the initiation of disciplinary proceedings by the custodial entity and the consequences of such disciplinary proceedings.
- Disposition date: the date of final judgment, adjudication, adjudication withheld, dismissal, or nolle prosequi for the case and if different dates apply, the disposition dates of each charge.
- Domestic violence flag: an indication that a charge involves domestic violence as defined in s. 741.28, F.S.
- Gang affiliation flag: an indication that a defendant is involved in or associated with a criminal gang as defined in s. 874.03, F.S.
- Gain-time credit earned: a credit of time awarded to an inmate in a county detention facility in accordance with s. 951.22, F.S., or a state correctional institution or facility in accordance with s. 944.275, F.S.
- Habitual offender flag: an indication that a defendant is a habitual felony offender as defined in s. 775.084, F.S., or a habitual misdemeanor offender as defined in s. 775.0837, F.S.
- Judicial transfer date: a date on which a defendant's case is transferred to another court or presiding judge.
- Number of contract attorneys representing indigent defendants for the office of the public defender: the number of attorneys hired on a temporary basis, by contract, to represent indigent clients who were appointed a PD.
- Pretrial release violation flag: an indication that the defendant has violated the terms of his or her pretrial release.
- Prior incarceration within the state: any prior history of a defendant being incarcerated in a county detention facility or state correctional institution or facility.
- Tentative release date: the anticipated date that an inmate will be released from incarceration after the application of adjustments for any gain-time earned or credit for time served.
- Sexual offender flag: an indication that a defendant is required to register as a sexual predator as defined in s. 775.21, F.S., or as a sexual offender as defined in s. 943.0435, F.S.

Collection

Beginning January 1, 2019, specified entities are required to collect certain data on a monthly basis. Each entity must report the data collected to the FDLE on a quarterly basis.

Each clerk must collect the following data for each criminal case:
- Case number.
- Date that the alleged offense occurred.
- County in which the offense is alleged to have occurred.
- Date of arrest, if such date is different from the date the offense is alleged to have occurred.
- Date that the criminal prosecution of a defendant is formally initiated through the filing, with the clerk of the court, of an information by the SA or an indictment issued by a grand jury.
- Arraignment date.
- Attorney assignment date.
- Attorney withdrawal date.
- Case status.
- Disposition date.
- Information related to each defendant, including:

  - Identifying information, including name, date of birth, age, race or ethnicity, and gender.
  - Zip code of primary residence.
  - Primary language.
  - Citizenship.
  - Immigration status, if applicable.
  - Whether the defendant has been found by a court to be indigent pursuant to s. 27.52, F.S.
- Information related to the formal charges filed against the defendant, including:
  - Charge description.
  - Charge modifier, if applicable.
  - Drug type for each drug charge, if known.
  - Qualification for a flag designation, including a domestic violence flag, gang affiliation flag, sexual offender flag, habitual offender flag, or pretrial release violation flag.
- Information related to bail or bond and pretrial release determinations, including the dates of any such determinations:
  - Pretrial release determination made at a first appearance hearing that occurs within 24 hours of arrest, including all monetary and nonmonetary conditions of release.
  - Modification of bail or bond conditions made by a court, including modifications to any monetary and nonmonetary conditions of release.
  - Cash bail or bond payment, including whether the defendant utilized a bond agent to post a surety bond.
  - Date defendant is released on bail, bond, or pretrial release.
  - Bail or bond revocation due to a new offense, a failure to appear, or a violation of the terms of bail or bond, if applicable.
- Information related to court dates and dates of motions and appearances, including:
  - Date of any court appearance and the type of proceeding scheduled for each date reported.
  - Date of any failure to appear in court, if applicable.
  - Judicial transfer date, if applicable.
  - Trial date.
  - Date that a defendant files a notice to participate in discovery.
  - Speedy trial motion and hearing dates, if applicable.
  - Dismissal motion and hearing dates, if applicable.
- Whether the attorney representing the defendant is court-appointed to, or privately retained by, a defendant or whether the defendant is represented pro se.
- Information related to sentencing, including:
  - Date that a court enters a sentence against a defendant.
  - Sentence type and length imposed by the court.[168]
  - Amount of time served in custody credited to the defendant at the time of disposition.
  - Total amount of court fees imposed by the court at the disposition of the case.
  - Outstanding balance of the defendant's court fees imposed by the court at disposition of the case.
  - Total amount of fines imposed by the court at the disposition of the case.
  - Outstanding balance of the defendant's fines imposed by the court at disposition of the case.

[168] This terms includes, but is not limited to, the total duration of imprisonment in a county detention facility or state correctional institution or facility, and conditions probation or community control supervision.

  - Restitution amount ordered, including the amount collected by the court and the amount paid to the victim, if applicable.
  - Digitized sentencing scoresheet prepared in accordance with s. 921.0024, F.S.
- The number of judges or magistrates, or their equivalents, hearing cases in circuit or county criminal divisions of the circuit court.[169]

Each SA must collect the following data:
- Information related to a victims of a criminal offense, including identifying information of the victim, including race or ethnicity, gender, age, and relationship to the offender, if any.
- Number of full-time and part-time prosecutors.
- Annual felony and misdemeanor caseloads.
- Any charge referred to the SA by a law enforcement agency related to an episode of criminal activity.
- Number of cases in which a no-information was filed.
- Information related to each defendant, including:
  - Each charge referred to the SA by a law enforcement agency related to an episode of criminal activity.
  - Drug type for each drug charge, if applicable.
  - Deferred prosecution or pretrial diversion agreement date and hearing dates, if applicable.

Each PD must collect the following data for each criminal case:
- Number of full-time and part-time PDs and APDs.
- Number of contract attorneys representing indigent defendants for the office of the PD.
- Annual felony and misdemeanor caseloads.

The administrator of each county detention facility must collect the following data:
- Maximum capacity for the county detention facility.
- Weekly admissions to the county detention facility for a revocation of probation or community control.
- Daily population of the county detention facility, including the specific number of inmates in the custody of the county that:
  - Are awaiting case disposition.
  - Have been sentenced by a court to a term of imprisonment in the county detention facility.
  - Have been sentenced by a court to a term of imprisonment with the DOC and who are awaiting transportation to the DOC.
  - Have a federal detainer or are awaiting disposition of a case in federal court.
- Information related to each inmate, including:
  - Date a defendant is processed into the county detention facility for an arrest for a new violation of law or for a VOP or VOCC.
  - Qualification for a flag designation, including domestic violence flag, gang affiliation flag, habitual offender flag, pretrial release violation flag, or sexual offender flag.

[169] Judges or magistrates, or their equivalents, who solely hear appellate cases from the county criminal division are not to be reported.

- Total population of the county detention facility at year-end.[170]
- Per diem rate for a county detention facility bed.
- Daily number of correctional officers for the county detention facility.
- Annual county detention facility budget.[171]
- Revenue generated for the county from the temporary incarceration of federal defendants or inmates.

The DOC is required to collect the following data:

- Information related to each inmate, including:
  - Identifying information, including name, date of birth, race or ethnicity, and identification number assigned by the DOC.
  - Number of children.
  - Education level, including any vocational training.
  - Date the inmate was admitted to the custody of the DOC.
  - Current institution placement and the security level assigned to the institution.
  - Custody level assignment.
  - Qualification for a flag designation, including sexual offender flag, habitual offender flag, gang affiliation flag, or concurrent or consecutive sentence flag.
  - County that committed the prisoner to the custody of the DOC.
  - Whether the reason for admission to the DOC is for a new conviction or a violation of probation, community control, or parole. For an admission for a VOP, VOCC, or parole violation, the DOC must report whether the violation was technical or based on a new violation of law.
  - Specific statutory citation for which the inmate was committed to the DOC, including, for an inmate convicted of drug trafficking under s. 893.135, F.S., and the statutory citation for each specific drug trafficked.
  - Length of sentence or concurrent or consecutive sentences served.
  - Tentative release date.
  - Gain time earned in accordance with s. 944.275, F.S.
  - Prior incarceration within the state.
  - Disciplinary violation and action.
  - Participation in rehabilitative or educational programs while in the custody of the DOC.
- Information about each state correctional institution or facility, including:
  - Budget for each state correctional institution or facility.
  - Daily prison population of all inmates incarcerated in a state correctional institution or facility.
  - Daily number of correctional officers for each state correctional institution or facility.
- Information related to persons supervised by the DOC on probation or community control, including:
  - Identifying information for each person supervised by the DOC on probation or community control, including his or her name, date of birth, race or ethnicity, sex, and DOC-assigned case number.
  - Length of probation or community control sentence imposed and amount of time that has been served on such sentence.

[170] This data must include the same specified classifications required for daily population.
[171] This information only has to be reported once annually at the beginning of the county's fiscal year.

- Projected termination date for probation or community control.
- Revocation of probation or community control due to a VOP or VOCC that is technical in nature or the result of a new law violation.

- Per diem rates for prison beds, probation, and community control.[172]

Publishing of Data

The bill requires the FDLE, beginning January 1, 2019, to publish datasets in its possession in a modern, open, electronic format that is machine-readable and readily accessible by the public on the FDLE's website. The bill requires the FDLE, beginning March 1, 2019, to publish the data received pursuant to the bill in the same modern, open, electronic format that is machine-readable and readily accessible to the public on the FDLE's website. The data must be published by the FDLE no later than July 1, 2019.

Data Transparency

The bill creates s. 943.687, F.S., requiring the FDLE to:

- Collect, compile, maintain, and manage the data submitted by local and state entities pursuant to the bill, and coordinate related activities to collect and submit data;
- Create a unique identifier for each criminal case received from the clerks, which identifies the person who is the subject of the criminal case. The unique identifier must be:
  - The same for that person in any court case and used across local and state entities for all information related to that person at any time; and
  - Randomly created without portions of the person's social security number or birth date.
- Promote criminal justice data sharing by making data received under the bill comparable, transferable, and readily usable;
- Create and maintain an online database of criminal justice data received under the bill in a modern, open, electronic format that is machine-readable and readily accessible through an application program interface;[173]
- Develop written agreements with local, state, and federal agencies to facilitate criminal justice data sharing;
- Establish by rule:
  - Requirements for the entities subject to the data submission requirements under the bill to submit data through an application program interface;
  - A data catalog defining data objects, describing data fields, and detailing the meaning of and options for each data element reported pursuant to the bill;
  - How data collected pursuant to the bill is compiled, processed, structured, used, or shared;[174]
  - Requirements for implementing and monitoring the online database established by the bill; and
  - How information contained in the online database established by the bill is accessed by the public.

[172] This information only needs to be reported once annually at the time the most recent per diem rate is published.
[173] The database must permit the public to search, at a minimum, by each data element, county, judicial circuit, or unique identifier and the FDLE may not require a license or charge a fee to access or receive information from the database.
[174] The rule must provide for the tagging of all information associated with each case number and unique identifier.

- Consult with local, state, and federal criminal justice agencies and other public and private users of the online database on the data elements collected under the bill, the use of such data, and adding data elements to be collected;
- Monitor data collection procedures and test data quality to facilitate the dissemination of accurate, valid, reliable, and complete criminal justice data; and
- Develop methods for archiving data, retrieving archived data, and data editing and verification.

The bill also creates s. 945.041, F.S., requiring the DOC to publish on its website and make available to the public specified information, updated on a quarterly basis:

- Inmate admissions by offense type, specifically reporting separately burglary of a dwelling[175] offenses from all other property crimes; and
- The recidivism rate.[176]

Criminal Punishment Code Scoresheet

The bill amends s. 921.0024, F.S., requiring the Criminal Punishment Code scoresheet to be digitized. The bill also requires such digitized scoresheets to have individual, structured data cells for each data field on the scoresheet.

Pilot Program

The bill creates a pilot program in the Sixth Judicial Circuit for the purpose of ensuring that data submitted under s. 900.05, F.S., is accurate, valid, reliable, and structured. The bill authorizes the entities specified in the data collection and transparency provisions to enter into a memorandum of understanding (MOU) with a national, nonpartisan, not-for-profit entity, which provides data and measurement for county-level criminal justice systems.

The MOU must establish the duties and responsibilities of a data fellow, which must be completely funded by the entity. The data fellow must assist with data extraction, validation, and quality, and publish such data consistent with the terms of the MOU. The data fellow must assist the office or agency in compiling and reporting data pursuant to the data collection and transparency provisions and in compliance with rules promulgated by the FDLE. The pilot project expires in accordance with the terms of the MOU.

Appropriation

For purposes of implementing ss. 900.05(3) and 943.687, F.S., transitioning to incident-based crime reporting, and collecting and submitting crime statistics that meet the requirements of the Federal Bureau of Investigation under the National Incident-Based Reporting System, the bill provides a specific appropriation to the FDLE for FY 2018-19, including nine FTEs with associated salary rate of 476,163, and the recurring sum of $665,884 and the nonrecurring sum of $1,084,116 from the General Revenue Fund.

[175] The bill defines "burglary of a dwelling" as offenses enumerated in s. 810.02(2), (3)(a), and (3)(b), F.S.
[176] The bill defines "recidivism" as rearrest, reconviction, reincarceration, and probation revocation in the state within a 3-year time period following release from incarceration

Driver License Reinstatement Days Program (Section 6)

Florida requires any person operating a motor vehicle on the state's roadways to hold a driver license[177] or be exempt from licensure.[178] Exemptions to the licensure requirement include nonresidents who possess a valid driver license issued by their home states, federal government employees operating a government vehicle for official business, and people operating a road machine, tractor, or golf cart.[179] Both licensed drivers and exempted individuals have a driving privilege in Florida.[180]

The Department of Highway Safety and Motor Vehicles (DHSMV) can revoke or suspend a driver license or driving privilege for several driving-related and non-driving-related reasons. Revocation means the driving privilege is terminated, while suspension means the driving privilege is temporary withdrawn.[181] Both revocations and suspensions can be indefinite or for a defined period of time, but only revocations in certain circumstances can be permanent. The base fee for driver license reinstatement after revocation is $75, and the fee for reinstatement after suspension is $45.[182]

Failure to Meet Court-Imposed Obligations

The clerks can notify the DHSMV to suspend a license for several reasons, including failure to comply with civil penalties, failure to appear, and failure to pay criminal financial obligations.[183] These suspensions last until the individual is compliant with the court's requirements for reinstatement or, in the case of criminal financial obligations, the court grants relief from the suspension.[184]

Payment Plans, Community Service Options, and Collections

The clerk is required to accept partial payment of court-related fees, service charges, costs, or fines in accordance with the terms of an established payment plan. The court may review the reasonableness of the payment plan. A monthly payment amount is presumed to correspond to the person's ability to pay if the amount does not exceed two percent of the person's annual net income, divided by twelve.[185]

The court may convert a statutory financial obligation in a criminal case or a noncriminal traffic infraction into a requirement to perform community service. The clerk must pursue the collection of any unpaid financial obligations that remain unpaid after 90 days by referring the account to a private attorney or collection agent. The clerk must have attempted to collect the unpaid obligation through a collection court, collections docket, or any other collections process prior to

[177] Section 322.03(17), F.S., defines a "driver license" to mean a certificate that, subject to all other requirements of law, authorizes an individual to drive a motor vehicle.
[178] Section 322.03(1), F.S.
[179] Section 322.04, F.S.
[180] *State v. Miller*, 227 So.3d 562, 564 (Fla. 2017) ("the Legislature's use of 'driving privilege' refers to all individuals who may lawfully operate vehicles on Florida's roads, even if they do not possess a Florida driver license").
[181] Section 322.01(36) and (40), F.S., respectively.

[185] Section 28.246(4), F.S.

referring the account to a private attorney or collections agent, find the referral to be cost-effective, and follow any applicable procurement processes. A collection fee of up to forty percent of the amount owed at the time the account is referred to the attorney or agent for collection may be added to the outstanding balance.[186]

Reinstatement Clinics

Several counties have held events to assist individuals whose licenses are suspended for financial reasons related to civil penalties or criminal financial obligations. In April 2015, 60 out of 67 counties participated in Operation Green Light: a short-term event in which the clerk waived the forty percent collections surcharge in exchange for full payment of the financial obligation behind a person's driver license suspension.[187] Upon satisfaction of the obligation, the participants' licenses were reinstated. The total statewide cost for the event was less than $133,000, and the clerks collected almost $5.5 million in fees and reinstated almost 1,900 licenses.[188] Several counties have since conducted similar events.[189]

Effect of the Bill

The bill creates s. 322.75, F.S., requiring each judicial circuit to establish a Driver License Reinstatement Days program that must include participation from the DHSMV, the SAs office, the PDs office, the circuit and county courts, the clerks, and any interested community organization. The clerk, in consultation with above-listed participants, must select one or more days for an event where an event attendee may have his or her driver license reinstated. A person must pay the full license reinstatement fee, but the clerk is authorized to reduce or waive other fees and costs to facilitate reinstatement.

The bill provides that a person is eligible for reinstatement under the program if his or her license was suspended due to:

- Driving without a valid driver license;
- Driving with a suspended driver license;
- Failing to make a payment on penalties in collection;
- Failing to appear in court for a traffic violation; or
- Failing to comply with provisions of chs. 318 or 322, F.S.

A person is eligible for reinstatement under the program if the period of suspension or revocation has elapsed, the person has completed any course or program required of him or her,[190] and the person is otherwise eligible for reinstatement.

However, a person is ineligible for reinstatement under the program if his or her driver license is suspended or revoked:

- Because the person failed to fulfill a court-ordered child support obligation;
- For a violation of s. 316.193, F.S., or a traffic related felony;
- Because the person has not completed a required course or program; or
- Because the person is a habitual traffic offender under s. 322.264, F.S.

Lastly, the bill requires the clerk and the DHSMV to verify any information necessary for reinstatement of a driver license under the program at the event.

Community Court Programs (Section 33)

Problem-solving courts are specialized, non-traditional courts addressing the underlying causes of crime to reduce recidivism and promote rehabilitation. Problem-solving courts build relationships in the community, address each defendant individually, and typically include:

- A problem-solving team including judges, case managers, prosecutors, defense attorneys, treatment professionals, law enforcement officers, corrections personnel, and other community stakeholders.
- A non-adversarial approach.
- Individualized treatment services.
- Judicial leadership and interaction.
- Responses to defendant compliance.[191]

Today, Florida has over 170 problem-solving courts, including, but not limited to adult and juvenile drug courts, veterans' courts, mental health courts, DUI courts, and permanency courts.

Effect of the Bill

The bill creates s. 948.081, F.S., authorizing each judicial circuit to establish a community court program for defendants charged with certain misdemeanor offenses, which at a minimum:

- Adopts a nonadversarial approach.
- Establishes an advisory committee to recommend solutions and sanctions in each case.
- Considers the needs of the victim.
- Considers individualized treatment services for the defendant.
- Provides for judicial leadership and interaction.
- Monitors the defendant's compliance.

[190] The bill provides that these courses may include a driver training program, driver improvement course, or alcohol or substance abuse education or evaluation program as required under ss. 316.192, 316.193, 322.2616, 322.271, or 322.264, F.S.
[191] The Florida Courts, *Problem-Solving Courts*, available at http://www.flcourts.org/resources-and-services/court-improvement/problem-solving-courts/index.stml (last visited February 22, 2018). Florida created the first drug court in the United States in Miami-Dade County in 1989.

The chief judge in each county that elects to establish a community court program must issue an administrative order specifying the misdemeanors that are eligible for the program. In making such determination, the chief judge must consider the particular needs and concerns of the communities within the judicial circuit. The DOC, Department of Juvenile Justice (DJJ), Department of Health, FDLE, DOE, law enforcement agencies, and other government entities involved in the criminal justice system are required to support any community court programs established.

Participation in the community court program must be voluntary and each program shall have a resource coordinator who:

- Coordinates the responsibilities of the participating agencies and service providers;
- Provides case management services;
- Monitors compliance by defendants with court requirements; and
- Manages the collection of data for program evaluation and accountability.

Additionally, the chief judge of the judicial circuit must appoint an advisory committee for each community court. Membership must include, at a minimum the chief judge or a community court judge designated by the chief judge, who shall serve as chair, the SA, the PD, and the community court resource coordinator.[192]

The advisory committee's duties, in part, are to review each defendant's case and each committee member is permitted to make a recommendation to the judge, including appropriate sanctions and treatment solutions for the defendant. The judge must consider recommendations made by the advisory committee in determining sanctions and treatment with respect to each defendant.

The bill requires each judicial circuit that establishes a community court program to report client-level and programmatic data to the OSCA annually for program evaluation.[193]

Community court program funding must be secured from sources other than the state for costs not assumed by the state under s. 29.004, F.S. However, a program is not precluded from using funds provided for treatment and other services through state executive branch agencies.

Oversight Council (Sections 1 and 2)

The Florida Corrections Commission

The Florida Corrections Commission (Commission) was established by the Legislature in 1994[194] and abolished in 2006.[195] The Commission was housed within the DOC, but acted as an

[192] The committee may also include community stakeholders, treatment representatives, and other persons the chair deems appropriate.
[193] The bill provides that client-level data includes primary offenses resulting in the community court referral or sentence, treatment compliance, completion status, reasons for failing to complete the program, offenses committed during treatment and sanctions imposed, frequency of court appearances, and units of service; and programmatic data includes referral and screening procedures, eligibility criteria, type and duration of treatment offered, and residential treatment resources.
[194] Chapter 94-117, L.O.F.
[195] Chapter 06-32, L.O.F.

independent body[196] that reviewed the DOC and looked at policies of the entire criminal justice system affecting corrections.[197] The Commission consisted of nine members appointed by the Governor and subject to confirmation by the Senate.[198] The membership of the Commission was required to represent equally all geographic areas of the state, and each member had to be a citizen and registered to vote. The term for each Commission member was four-years.[199]

The primary functions of the Commission included, but were not limited to:
- Recommending major correctional policies and assuring proper execution of approved policies and revisions;
- Periodically reviewing the status of the state correctional system and recommending improvements to the Legislature and the Governor;
- Monitoring the overall financial status of the DOC, including management of revenue and bond proceeds;
- Reviewing annual budget requests, the comprehensive correctional master plan, and the tentative construction program for compliance with laws and policies of the DOC; and
- Regularly evaluating the efficiency, productivity, and management of the DOC.[200]

The Commission was specifically prohibited from interfering with the day-to-day operations of the DOC.[201]

The Commission held regular meetings, which were required to be noticed in accordance with Florida's public meetings laws.[202] The Commission was also required to appoint an executive staff that served under the direction of the Commission.[203]

Office of the Inspector General

In 1994, the Florida Legislature created the Office of the Chief Inspector General and an Office of Inspector General in each state agency.[204] Every state agency has an inspector general who achieves their mission through conducting professional and independent investigations, audits, and reviews with the goal of enhancing the public trust in government.[205]

The Office of the Chief Inspector General is responsible for promoting accountability, integrity, and efficiency in the Executive Office of the Governor (EOG) and in agencies under the jurisdiction of the Governor.[206] The Chief Inspector General serves as the Inspector General for

the EOG and reports directly to the Governor.[207] The duties of the Office of the Chief Inspector General include, in part, conducting audits, investigations, and other activities.[208]

Councils

Section 20.03(7), F.S., defines a "council" as an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives.

Florida has established a number of councils that address a wide variety of public policy topics, such as the Suicide Prevention Coordinating Council, Statewide Council on Human Trafficking, Regional Planning Councils, and Council on Arts and Culture.[209] Statutes that create councils at a minimum typically include provisions designating the specified number of members, procedures for appointing such members, and the purpose for and duties of the council.[210]

Effect of the Bill

The bill establishes the Florida Correctional Operations Oversight Council (Oversight Council) within the Office of the Chief Inspector General. The Office of the Chief Inspector General must provide administrative support to the Oversight Council; however, the Oversight Council is not under the control, supervision, or direction of the Office of the Chief Inspector General in the performance of its duties. Further, the Oversight Council is prohibited from interfering with the day-to-day operations of the DOC or the DJJ.

The Oversight Council will operate as a council as such term is defined in s. 20.03, F.S., with the specific purpose of overseeing matters relating to the corrections and juvenile justice continuum with an emphasis on the safe and effective operations of major institutions and facilities under the purview of the DOC and the DJJ. The bill also requires the council to make recommendations and findings on the policies of other components of the criminal justice system if such policies affect corrections or the juvenile justice continuum.

The Oversight Council is comprised of nine members of whom the Governor, President of the Senate, and the Speaker of the House of Representatives are each authorized to appoint three members. All members must be initially appointed by October 1, 2018. The term length will be four-years; however, one appointee of each appointing entity must be appointed to an initial two-year term to achieve staggered terms. Members will serve without compensation, but may receive reimbursement for per diem and travel expenses as provided in s. 112.061, F.S.[211]

---

[207] Sections 14.32(4), F.S.
[208] Section 14.32(2), F.S.
[209] *See* ss. 14.20195, 16.617, 265.285, F.S.
[210] *See Id*. for examples of common purposes, duties, and membership structure of councils.
[211] Section 112.061, F.S., establishes standardized travel reimbursement rates, procedures, and limitations, with specified exceptions, that apply to all public officers, employees, and authorized persons whose travel is authorized and paid for by a public agency. Per diem and travel expenses cover costs such as lodging, meals, vehicle rental, gas, plane fare, tolls, or parking fees. Rates are dependent upon factors such as whether the business travel requires an overnight stay or day trip and the length of time away from official headquarters.

The bill requires that members are Florida residents and emphasizes, but does not require, that members have a background in prison operations, jail management, or the juvenile justice continuum of services. Appointments must be made in a manner that provides equitable representation to all geographic regions of the state. Members must provide representation to the state in its entirety and not conduct themselves in a manner that benefits a particular region.

A person is prohibited from being appointed as a member of the Oversight Council if he or she has an immediate family member that is employed by the DOC, the DJJ, a private institution, facility, or provider under contract with the DOC or the DJJ; or a direct or indirect interest in a contract, subcontract, franchise, privilege, or other benefit that can be awarded by either the DOC or the DJJ during the term of service.

The Oversight Council's primary duties include:

- Evaluating, investigating, and overseeing the daily operations of correctional and juvenile facilities and conducting announced and unannounced inspections of correctional and juvenile facilities,[212] including entering any facility housing prisoners, residents, or juveniles. Members must be provided immediate access to places requested and given the ability to communicate with any prisoner, resident, or juvenile privately with adequate security in place.
- Identifying and monitoring high-risk and problematic correctional or juvenile facilities and reporting findings and recommendations relating to these facilities.
- Providing technical assistance when appropriate.
- Submitting an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, that includes statutory, budgetary, and operational recommendations to the Legislature that address problems identified by the council.[213]
- Conducting confidential interviews with staff, officers, inmates, juveniles, volunteers, and public officials relating to the operations and conditions of correctional and juvenile facilities.
- Developing and implementing a monitoring tool that will be used to assess the performance of each correctional and juvenile facility.
- Conducting regular on-site visits to correctional and juvenile facilities.

Additionally, the Oversight Council must appoint an executive director to serve under the direction of the members. The bill provides that the executive director position will be governed by the classification plan and salary and benefits plan approved by the EOG.

The bill provides a specific appropriation of $168,074 recurring General Revenue funds and $37,855 nonrecurring General Revenue funds, and creates one FTE for the purpose of administering the Oversight Council at an authorized salary rate of $70,000.

[212] This provision applies to facilities operated by the state or a private contractor.
[213] If the bill becomes law, the first report is due by November 1, 2019.

Mutual Aid Agreements (Section 3)

The Florida Mutual Aid Act was established to ensure adequate coordination and preparations amongst law enforcement and other specified entities in the event of natural or manmade disasters or emergencies and other major law enforcement problems.[214] Section 23.1225, F.S., provides that mutual aid agreements are agreements between two or more law enforcement agencies to permit voluntary cooperation in routine matters or to render assistance in the event of a law enforcement emergency. A mutual aid agreement must generally be in writing and specify:

- The nature of the assistance to be rendered;
- The agency or entity that will bear liability in certain situations;
- Procedures for requesting and authorizing assistance;
- The agency or entity in charge of supervision;
- The time limit for the agreement;
- The terms of compensation; and
- Any other terms necessary to give effect to the agreement.[215]

Effect of the Bill

The bill amends s. 23.1225, F.S., specifying that in the event the Governor declares a state of emergency pursuant to ch. 252, F.S., a mutual aid agreement may be used to increase the presence of law enforcement to aid in traffic and crowd control, emergency response, and evacuation support.

Courthouse Security Provided by Sheriffs (Section 4)

Sheriffs

The Florida Constitution establishes five specific county officers, including the county sheriff. Each sheriff is elected by county voters for a four-year term. Abolishing the office of sheriff or revising the manner in which the sheriff is chosen may be provided by county charter or special law approved by a vote of the electors of the county under certain circumstances.[216]

Section 30.15, F.S., provides for the powers and duties of sheriffs. Some of the duties a sheriff, or his or her deputies, must perform within their respective counties include:

- Execute all process of the courts and board of county commissioners;
- Execute other writs, processes, warrants, and papers;
- Act as conservators of the peace and apprehend any person disturbing the peace; and
- Attend sessions of the circuit court and county court.

[214] Section 23.121, F.S.
[215] Section 23.1225(1), F.S. If the Governor declares a state of emergency pursuant to ch. 252, F.S., the requirement that an agreement to render emergency assistance be in writing may be waived by the participating agencies for up to 90 days after the Governor's declaration.
[216] FLA. CONST. art. III, s. 1.

If a sheriff fails to attend a session of the court, either in person or by deputy, the judge may appoint an interim sheriff to assume the sheriff's responsibilities and duties.[217] The sheriff is the executive officer of the county court and circuit court of the county.[218]

Judicial Administration

The Florida Constitution provides that the chief judge of each judicial circuit is responsible for the administrative supervision of the circuit courts and county courts in the circuit.[219] Some duties over which the chief judge has authority include:

- Regulate the use of courtrooms;
- Supervise dockets and calendars;
- Delegate to the trial court administrator the authority to bind the circuit in contract;
- Promote the prompt and efficient administration of justice; and
- Manage, operate, and oversee the jury system.[220]

Failure of any judge, clerk, SA, PD, or other officer of the court to comply with an order or directive of the chief judge under s. 43.26, F.S., constitutes neglect of duty.[221] Additionally, the Rules of Judicial Administration provides that the chief judge regulates the use of court facilities and directs the formation and implementation of policies and priorities for the operation of all courts and officers within the circuit.[222]

Effect of the Bill

The bill amends s. 30.15, F.S., requiring the sheriff and the governing board of the county to provide security for trial court facilities located within each county of a judicial circuit. The sheriff and the county must coordinate with the chief judge of the applicable judicial circuit on security matters for such facilities, but the sheriff and county retain operational control over the manner in which security is provided, as applicable, in such facilities. The bill provides that these provisions do not affect or erode the authority of counties under Article V, s. 14 of the Florida Constitution or s. 29.008, F.S., to provide and fund the security of facilities as defined s. 29.008(1)(e), F.S.[223] Additionally, the bill provides that sheriffs and their deputies, employees, and contractors are officers of the court when providing security for trial court facilities.

The chief judge of the judicial circuit retains decision-making authority to ensure the protection of due process rights, including, but not limited to, the scheduling and conduct of trials and other judicial proceedings, as part of his or her responsibility for the administrative supervision of the trial courts pursuant to s. 43.26, F.S.

[217] Section 30.12, F.S.
[218] Sections 26.49 and 34.07, F.S.
[219] FLA. CONST. art. V, s. 2(d).

Attorney's Fees in Specific Injunction Cases (Sections 5, 7 and 8)

Protective Injunctions

Protective injunctions are available under Florida law for victims of domestic violence, repeat violence, sexual violence, dating violence, and stalking.[224]

A protective injunction may prohibit a person from:
- Going to or being within 500 feet of the petitioner's residence, school, place of employment, or other specified place;
- Committing an act of violence against the petitioner;
- Telephoning, contacting, or otherwise communicating with the petitioner; and
- Knowingly and intentionally coming within 100 feet of the petitioner's motor vehicle.[225]

Violation of a protective injunction is a first-degree misdemeanor, punishable by up to one year in jail and a $1,000 fine.[226]

Procedure for Obtaining an Injunction

The process for obtaining an injunction in any of the above-mentioned circumstances is very similar and requires that the victim file a sworn petition for injunction that alleges:
- He or she is a victim of domestic violence; repeat, sexual, or dating violence; or stalking; or
- In the case of a petition for a domestic violence injunction, he or she has reasonable cause to believe he or she is in imminent danger of such violence.[227]

As soon as possible following the filing of the petition, a court must set a hearing to determine whether an immediate and present danger of the violence alleged exists. Upon finding an immediate and present danger, the court may grant an ex parte temporary injunction for 15 days. A court must then set a hearing with notice to the respondent, and upon such hearing with notice, may grant protective injunctive relief as it deems proper.[228]

Attorney's Fees

A court must award a reasonable attorney's fee to be paid by the losing party and the losing party's attorney on any claim or defense during a civil proceeding or action if the court finds that the losing party or losing party's attorney knew or should have known that a claim:
- Was not supported by the material facts necessary to establish the claim or defense; or
- Would not be supported by the application of then-existing law to those material facts.[229]

Florida law prohibits attorney fee awards stemming from domestic violence injunction proceedings; however, there is no such explicit prohibition for repeat violence, sexual violence, dating violence, or stalking injunction proceedings. In *Lopez v. Hall*, the Florida Supreme Court

[224] Sections 741.30, 784.046, and 784.0485, F.S.
[225] Sections 741.31, 784.047, and 784.0487, F.S.
[226] *Id*.
[227] Sections 741.30, 784.046, and 784.0485, F.S.
[228] *Id*.
[229] Section 57.105, F.S.

held that an award of attorney's fees was permissible in dating, repeat, and sexual violence injunction proceedings, as they were not explicitly prohibited by statute.[230]

Effect of the Bill

The bill amends ss. 57.105, 784.046, and 784.0485, F.S., prohibiting the award of attorney's fees in injunction proceedings for repeat violence, sexual violence, sexual violence, and stalking.

Reporting Provisions (Sections 15 and 17)

Reports Concerning Seized or Forfeited Property

The Florida Contraband Forfeiture Act (act)[231] provides for the seizure and civil forfeiture of property related to criminal and non-criminal violations of law.[232] Contraband and other property may be seized when utilized during a violation of, or for the purpose of violating, the act. Property constituting a "contraband article" includes, but is not limited to, a controlled substance as defined in ch. 893, F.S., any gambling paraphernalia being used or attempted to be used in violation of the state's gambling laws, and any motor fuel upon which the motor fuel tax has not been paid as required by law.[233]

Currently, any contraband article, vessel, motor vehicle, aircraft, other personal property, or real property used in violation of any provision of the act, or in, upon, or by means of which any violation of the act has taken or is taking place, may be seized and forfeited subject to the act.[234] If the court finds that the seizure occurred lawfully[235] and that probable cause exists for the seizure, the forfeiture may proceed as set forth in the act.[236]

When a seizing agency obtains a final judgment granting forfeiture of real or personal property, it may elect to:

- Retain the property for the agency's use;
- Sell the property at public auction or by sealed bid to the highest bidder;[237] or
- Salvage, trade, or transfer the property to any public or nonprofit organization.[238]

Section 932.7061, F.S., requires every law enforcement agency to submit an annual report by October 10 indicating whether the agency has seized or forfeited property under the act.[239] In the event that a law enforcement agency received or expended forfeited property or proceeds from the sale of forfeited property in accordance with the act, the annual report must document such receipts and expenditures.

---

[230] No. SC16-1921 (Slip. Op.) (January 11, 2018).
[231] *See* ss. 932.701-932.7062, F.S.,
[232] Section 932.701(1), F.S.
[233] *See* s. 932.701(2)(a)1.-12., F.S.
[234] Section 932.703(1)(a), F.S.
[235] Section 932.703(1)(a), F.S., sets forth the circumstances that permit for a lawful seizure of property.
[236] Section 932.703(2)(c), F.S.
[237] Real property should be listed on the market and sold in a commercially reasonable manner after appraisal. Section 932.7055(1)(b), F.S.
[238] Section 932.7055(1)(a)-(c), F.S.
[239] Section 932.7061(1), F.S.

An agency that is in noncompliance with the reporting requirements in s. 932.7061, F.S., must be notified by the FDLE. Such agency has 60 days within receipt of the notification of noncompliance to comply with the reporting requirements. An agency that fails to comply within 60 days is subject to a civil fine of $5,000. The fine is determined by the Chief Financial Officer (CFO) and payable to the General Revenue Fund.[240] The FDLE must submit any substantial noncompliance to the CFO, which will then be responsible for the enforcement of the fine.[241]

The fiscal year for sheriff departments runs from October 1-September 30, making it difficult to gather all required information and submit it by October 10 to comply with the statutory mandate.

Effect of the Bill

The bill changes the deadline for the submission of such report to December 1.

Pretrial Release Annual Report

Current law requires each pretrial release program[242] to submit an annual report no later than March 31 for the previous calendar year that contains information about each program, including, but not limited to, the amount of fees paid by defendants to the pretrial release program and the number of persons employed by the program.[243]

Effect of the Bill

The bill requires the following additional information to be contained in the annual report:

- The number of defendants accepted into a pretrial release program who paid a surety or cash bail or bond;
- The number of defendants for whom a risk assessment tool was used in determining whether the defendant should be released pending the disposition of the case and the number of defendants for whom a risk assessment tool was not used;
- The type of each criminal charge of a defendant accepted into a pretrial release program including, at a minimum, the number of defendants charged with dangerous crimes as defined in s. 907.041, F.S., nonviolent felonies, and misdemeanors only.
- The number of defendants accepted into a pretrial release program with no prior criminal conviction.

The bill defines "nonviolent felony" to exclude the commission of, an attempt to commit, or a conspiracy to commit any of the following:

- An offense enumerated in s. 775.084(1)(c), F.S.;
- An offense that requires a person to register as a sexual predator in accordance with s. 775.21, F.S., or as a sexual offender in accordance with s. 943.0435, F.S.;

[240] Section 932.7062, F.S.
[241] *Id.*
[242] "Pretrial release program" means an entity, public or private, that conducts investigations of pretrial detainees, makes pretrial release recommendations to a court, and electronically monitors and supervises pretrial defendants. Section 907.043(2)(b), F.S.
[243] Section 907.043(4), F.S.

- Failure to register as a sexual predator in violation of s. 775.21, F.S., or as a sexual offender in violation of s. 943.0435, F.S.;
- Facilitating or furthering terrorism in violation of s. 775.31, F.S.;
- A forcible felony as described in s. 776.08, F.S.;
- False imprisonment in violation of s. 787.02, F.S.;
- Burglary of a dwelling or residence in violation of s 810.02(3), F.S.;
- Abuse, aggravated abuse, and neglect of an elderly person or disabled adult in violation of s. 825.102, F.S.;
- Abuse, aggravated abuse, and neglect of a child in violation of s. 827.03, F.S.;
- Poisoning of food or water in violation of s. 859.01, F.S.;
- Abuse of a dead human body in violation of s. 872.06, F.S.;
- A capital offense in violation of ch. 893, F.S.;
- An offense that results in serious bodily injury or death to another human; or
- A felony offense in which the defendant used a weapon or firearm in the commission of the offense.

The bill is effective October 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The county or municipality mandates provision of article VII, section 18 of the Florida Constitution may apply because of several provisions in the bill, including the requirement that all county-operated detention facilities collect and transmit data elements to the FDLE, each county develop an ASP, and each county establish a Driver License Reinstatement Days, require counties to expend funds.

Article VII, s. 18(a) of the Florida Constitution provides, in pertinent part, that "no county or municipality shall be bound by any general law requiring such county or municipality to spend funds or take an action requiring the expenditure of funds unless the legislature has determined that such law fulfills an important state interest and unless the law requiring such expenditure is approved by two-thirds of the membership in each house of the legislature."

The bill does not contain a legislative finding that the act fulfills an important state interest.
These requirements do not apply[244] to laws that have an insignificant fiscal impact, [245] which for fiscal year 2017-2018 is $2.05 million or less.[246]

[244] FLA. CONST. art. VII, s. 18(d).
[245] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times $0.10. *See* Florida Senate Committee on Community Affairs, *Interim Report 2012-115: Insignificant Impact*, (September 2011), available at: http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf.
[246] Based on the Demographic Estimating Conference's population adopted on Dec. 5, 2017. The conference packet is available at http://edr.state.fl.us/Content/conferences/population/ConferenceResults.pdf.

B. Public Records/Open Meetings Issues.

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Certificate of Achievement and Employability

The bill may result in a greater number of state inmates being able to find employment upon release from incarceration which could have an indeterminate positive impact on the private sector.

Attorney's Fees

The bill prohibits the court from awarding attorney fees in proceedings for protective injunctions for repeat, sexual, or dating violence or stalking. This change may have an indeterminate, but likely insignificant, impact on attorneys.

Pretrial Release Programs

To the extent that pretrial release programs use vendors to monitor released defendants, there may be a fiscal impact to collect additional data that is not currently collected by these vendors.

C. Government Sector Impact:

Supervised Bond Program

Local governments may experience reduced costs as a result of the implementation of the Bond Program. A county may implement a supervised bond program, which allows an eligible defendant to be released on active supervision and some form of bond or ROR while awaiting trial. As a result, the county's costs to supervise the participants may be decreased from the full daily county jail per diem to the much lower per diem rates for active electronic monitoring or continuous alcohol monitoring technologies, or both.

Drug Trafficking Sentencing Departure

The Criminal Justice Impact Conference (CJIC) estimates that the provisions of the bill relating to departure from drug trafficking mandatory minimum sentences will have a "negative significant" prison bed impact (i.e., a decrease of more than 25 prison beds).[247]

Risk Assessment Pilot Program

The bill creates a Risk Assessment Pilot Program that utilizes a RAI to ensure better programming for defendants after arrest. To the extent that this program reduces recidivism, the bill may reduce the need for jail beds and prison beds.

The DOC estimates it will cost $321,584 and 4 FTE to implement the requirements of this bill. Staff will be needed at each of the county pilot sites for implementation, training, monitoring the data and assessment environments to identify and resolve issues onsite. Staff will also be required to be project managers and will be used to ensure communication, monitor overall logistics, conduct analysis and prepare and submit necessary reports.[248] In addition, the DOC also estimates it will cost $763,575 for technology-related costs associated with a modified version of the spectrum assessment system.[249]

Data Collection

Local Detention Facilities

The bill will have an indeterminate impact on local administrators of county detention facilities by requiring the reporting and transmission of data from the facilities to the FDLE on a weekly basis. According to the Florida Sheriffs Association, the fiscal impact will be significant as each jail operates an independent jail management system. Additionally, not all systems currently collect the data elements required by the bill and interfacing the jail management systems with the FDLE may be problematic and may require additional technology upgrades to resolve.[250] Depending on the size of the facility and current data capabilities, some counties may need to hire additional positions to input and maintain the data and the requirements may involve technology upgrades or installing new systems.

Counties that operate a pretrial release program may also have an indeterminate fiscal impact due to the additional data elements that must be collected and reported to the FDLE.

[247] 2018 Conference Results (through February 12, 2018), CJIC, available at http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/CJIC18.xls (last visited on Feb. 14, 2018).
[248] DOC, *Agency Analysis for SB 1218*, p. 5, January 26, 2018 (on file with Senate Criminal Justice Committee).
[249] *Id*. at 7.
[250] Email from Florida Sheriffs Association Staff (February 23, 2018) (on file with Senate Criminal Justice Committee).

Clerks of the Court

The clerks report that the bill will have a significant fiscal impact on the clerks. The clerks in the Sixth Judicial Circuit (Pinellas and Pasco Counties) indicate they will need to modify their individual case management systems (CMS) for missing data elements. Additionally, CCIS will need to be modified to transmit information to the FDLE. The clerks estimate the cost to implement the bill for the Sixth Judicial Circuit is approximately $2 million for the first year of implementation and approximately $600,000 of recurring funds will be needed for subsequent years.[251] Other circuits will likely have similar fiscal impacts.

Department of Corrections

The bill will have a fiscal impact on the DOC. The requirements of reporting additional budget information will require one additional full time employee (Senior Management Analyst II) to implement at a cost of approximately $93,000 per year.

In order to create the digitized scoresheet and provide the additional data information requested there will be significant technology impact, which will include developing new applications to create the digitized scoresheet, and completing programming changes and development to the OBIS related to offender tracking and information screens. According to the DOC, these changes will cost approximate $340,000. However, it is anticipated that this could be updated at minimal cost given that there is already an electronic version of the scoresheet in existence.[252]

Florida Department of Law Enforcement

The bill will have a significant fiscal impact on the FDLE for receiving, publishing, maintaining, and storing the data. The bill requires upkeep and maintenance of the data. The FDLE may need to contract with other vendors to facilitate the publicly available website, allow users to determine their research parameters and data elements to explore, and download the data in a format of their choice.

The bill authorizes nine FTE positions with associated salary rate of 476,163 and appropriates the recurring sum of $665,884 and the nonrecurring sum of $1,084,116 from the General Revenue Fund to the FDLE to accomplish the goals of the bill and to begin the transition to incident-based reporting to the FBI. In addition to the FY 2018-19 appropriation, the FDLE reports it will need three FTE with a cost of $276,069 in year one for salary, benefits, expense, and human resources services and $264,804 in recurring years. Additionally, the FDLE recommends developing a new information system that will make data specified in the bill accessible to the public through the FDLE website. The FDLE estimates the cost to be $6.4 million over the next 24 months to cover the

[251] The Clerks of the Court, *HB 7071 Criminal Justice Data Transparency Pilot Initiation Analysis – Sixth Judicial Circuit*, p. 1, provided by the Florida Clerks of Court Operations Corporation (Feb. 8, 2018).
[252] DOC, *Agency Analysis of 2018 House Bill 7071*, p. 8, February 8, 2018 (on file with Senate Criminal Justice Staff).

technology impact of the bill with a recurring cost to manage the database of approximately $319,000.[253]

The FDLE does not yet have a specific fiscal impact estimate, but expects the impact to be significant. If the bill passes, the FDLE anticipates holding a series of workshops with the clerks, SAs, PDs, sheriffs and county detention facility administrators, and the DOC. The FDLE anticipates submitting a legislative budget request to address the significant fiscal impact created by this bill.[254]

Additionally, the FDLE reports that there will likely be a loss in revenue that is normally collected under s. 943.053(3)(e), F.S., which authorizes the FDLE, for a fee of $24 per record to the public or reduced for certain state agencies, to provide criminal history information. The provisions of the bill creating s. 900.05, F.S., are in direct conflict with s. 943.053, F.S., due to the lack of fee charged for information that is similar in nature to that which is obtained through a criminal background check for a fee. This could negatively affect the amount of record checks requested and reduce revenue to the FDLE.[255]

State Attorneys and Public Defenders

The bill will have an indeterminate, but potentially significant, fiscal impact on the SAs and PDs. It is unknown how much of the information required by the bill is currently collected by these entities. The additional data and weekly transmission requirements may require more staff for the twenty SA and PD offices, as well as updated or new technology.

Reinstatement Days Program

The bill requires counties to establish a Reinstatement Days Program to assist persons in obtaining a reinstatement of a driver license. To the extent that this provision increases workload to the specified entities that are required to participate, the local governments may incur additional but indeterminate costs.

Court Security

Currently, a sheriff must provide security at any court facility, which includes office space relating to court administration. The bill limits this duty to securing "trial court facilities." Therefore, the bill may reduce the fiscal impact to local governments.

Probation Provisions

The CJIC considered HB 7089, which has these identical provisions, on February 19, 2018, and determined that creating statewide ASPs will have a negative significant impact on the prison population (i.e. decrease of more than 25 prison beds). The CJIC

[253] *See* FDLE, *Agency Analysis of HB 7071 (Draft)*, p. 2-4, February 13, 2018 (on file with Senate Criminal Justice Committee) (hereinafter cited as "The FDLE HB 7071 Analysis").
[254] *Id*., p. 4.
[255] *Id*. at 6.

reports that in FY 2016-17, 5,443 technical violators were sentenced to prison.[256] The ASP would apply to certain technical violators and result in greater non-prison sanctions for these violators.

However, one of the ASP sanctions included in the bill is up to 5 days incarceration in a county detention facility for a low-risk violation and up to 21 days for a moderate-risk violation. This section will likely result in increased but indeterminate costs on local government.

The bill requires the DOC to submit additional information to the FCIC if the court modifies conditions of probation. This requirement will cost the DOC a nonrecurring amount of $6,800 to modify their existing data feed to the FDLE and a nonrecurring amount of $13,600 to modify the OBIS. [257] It is anticipated that these fiscal impacts can be absorbed within existing resources.

Reentry Provisions

Transition Assistance

The bill has a fiscal impact to the DOC for the provisions relating to transition assistance. The DOC indicates that Transition Assistant Specialists have not been funded since 2003. To implement the provisions in the bill, the DOC indicates a need for 13 Correctional Services Assistant Consultant positions at a total cost of $834,119 ($774,982 recurring; $59,137 nonrecurring). [258]

Currently, the DOC does not have the programming capability to provide for nonprofit faith-based, business and professional, civic or community organizations to apply to be registered to provide inmate reentry services. In order to accomplish this, a new system/web portal would need to be created or purchased. The DOC indicates that the cost to create a new system/web portal is indeterminate and may require a procurement to identify possible solutions.[259]

Entrepreneurship Program

The bill allows the DOC to develop an entrepreneurship program. If the DOC elects to do so, the bill requires the program to be implemented within existing resources. In its analysis, the DOC identifies the need to have one Correctional Services Consultant to coordinate program services at a total cost of $68,989 ($64,440 recurring; $4,549 nonrecurring) and a recurring cost of $200,000 to implement and provide services at one location.[260]

---

[256] Economic and Demographic Research (EDR), Criminal Justice Impact Conference, February 19, 2018, available at http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/PCBJDC1803.pdf (last visited February 22, 2018).
[257] The DOC HB 7089 Analysis, p. 8.
[258] DOC, *Agency Analysis of HB 7089*, p. 3 (February 20, 2018) (on file with Senate Criminal Justice Committee) (hereinafter cited as "The DOC HB 7089 Analysis").
[259] *Id*. at 8.
[260] *Id*. at 4.

Certificates of Achievement and Employability

The bill requires the DOC to fund the CAE program within existing resources. The DOC indicates it will cost $207,825 to develop a system to transmit the necessary information to the various licensing agencies in the state including the DBPR and the ACHA.

Conditional Medical Release

The bill expands CMR by creating new CMR designations and modifying current designations, which will likely cause an increased number of inmates to be referred to the FCOR for CMR. Additionally, the bill requires the FCOR to release inmates that qualify for release under the Mandatory CMR process. However, it is unknown how many additional inmates will be eligible for release under the new provisions of the bill. To the extent that the bill increases the number of inmates released on CMR, the bill will likely result in a negative indeterminate prison bed impact (i.e., an unquantifiable decrease in prison beds).

Oversight Council

The bill provides a specific appropriation of $168,074 recurring General Revenue funds and $37,855 nonrecurring General Revenue funds, and creates one FTE for the purpose of administering the Oversight Council at an authorized salary rate of $70,000.

Additionally, to the extent that creating the Oversight Council improves the corrections and juvenile justice continuum systems, the bill may result in cost savings.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Lines 463-503: The bill creates a Reinstatement Days Program and provides that the events may be held on one or more days. However, the bill language does not indicate if these events are to be recurring events or just one time. The bill may need clarification if the intent is to require counties to hold these events on an annual basis.

Lines 642-644: The definition of "prior incarceration with the state" includes reporting any prior history of a defendant being incarcerated in a county detention facility. This may need to be clarified to indicate whether this reporting requirement applies to only post-disposition sentencing to a county jail or also incarceration in a county jail while awaiting trial.

Lines 652-888: There is no data collection requirement that will capture cases that are assigned to regional conflict counsels or private attorneys that are appointed by the court to handle indigent clients.

Lines 889-900: The FDLE reports that it is unable to meet the July 1, 2019, date to publish all data received under the bill and recommends the effective date be moved to July 1, 2020.[261]

Lines 1477-1482: The definition of "eligible inmate" is not clear as to what makes a person eligible. Additionally, the title of this definition may be confusing as it applies to eligible persons who are out of custody on supervision and eligible persons who are incarcerated with the DOC, whereas the term inmate tends to be associated solely with persons who are incarcerated.

Lines 1562-1590: The bill attempts to create a process whereby specified eligible inmates can provide a CAE to a state agency and receive an individualized review for purposes of obtaining licensure or certification. However, the language related to the effect of a CAE for an unemployed certificate holder does not appear to have an impact. The bill provides that the CAE provides a rebuttable presumption, but does not impact the status of the mandatory civil impacts. Without reclassifying the mandatory civil impact to a discretionary civil impact, an agency will be bound by the requirement to deny licensure to a person that has a criminal conviction.

Lines 1593-1601: The DOC does not monitor inmates after release from prison, unless there is a specific judicial order of post-release supervision. The bill requires the DOC to revoke a certificate of achievement and employability, if the certificate holder is convicted or pleads guilty to a felony. Unless a court sentences the certificate holder to prison or state probation, the DOC may not know of a new felony conviction.

Lines 1822-1840: The language of the bill seems to not have a substantive impact. Courts are provided specific authority for sentencing which includes placing an offender on probation. However, probation and administrative probation are defined independently and it does not appear that anything would change for sentencing options without a specific reference. If the language is intended to permit courts to sentence an offender to administrative probation, the bill needs to provide a specific reference to administrative probation.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 14.32, 23.1225, 30.15, 57.105, 784.046, 784.0485, 893.135, 907.043, 921.0024, 932.7061, 944.704, 944.705, 944.801, 947.005, 947.149, 948.001, 948.013, 948.03, and 948.06.

This bill creates the following sections of the Florida Statutes: 322.75, 900.05, 907.042, 907.0421, 943.687, 944.805, 944.8055, 944.806, 944.8065, 945.041, and 948.081.

The bill reenacts the following sections of the Florida Statutes: 447.203, 944.206, 316.1935, 775.084, 775.087, 784.07, 790.235, 794.0115, 893.135, 921.0024, 944.605, 944.70, 947.13, and 947.141.

[261] *Id*.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Criminal and Civil Justice on February 21, 2018:

- Creating the "Florida Correctional Operations Oversight Council" to oversee the criminal and juvenile justice systems, including an appropriation with one FTE position in the Executive Office of the Governor to operate the oversight council;
- Clarifying that law enforcement mutual aid agreements may be used to increase law enforcement presence in the event of an emergency response or evacuation;
- Requiring sheriffs to provide security to the trial court and coordinate with the chief judge on security matters;
- Requiring each circuit to establish a Reinstatement Days Program involving specified entities and hold events through the program on one or more days where a person can pay specified fees and obtain license reinstatement;
- Prohibiting issuance of an attorney's fee in protective injunctions for repeat, sexual, or dating violence or stalking;
- Authorizing a court to depart from the imposition of a mandatory minimum sentence in drug trafficking cases if certain circumstances are met;
- Establishing a centralized system of uniform data collection for the entire criminal justice system to ensure data transparency;
- Requiring specified criminal justice entities to collect certain data on a monthly basis and report such data to the FDLE quarterly;
- For data reported pursuant to data transparency provisions, the FDLE must:
  - Establish a unique identifier for every person who is the subject of a criminal case, which will be used for all local and state entities' reported data related to that person in order to track that individual's entire experience in Florida's criminal justice system;
  - Create a publicly accessible and searchable database for the data reported;
- Modifying the sentencing scoresheet to a digital format and requiring information contained in the scoresheet to be reported to the FDLE and included in the publicly available database;
- Creating a pilot program in the 6th Judicial Circuit to ensure program data collected is valid and providing an appropriation, including nine FTEs, within the FDLE to support the implementation of data collection and transparency;
- Authorizing counties to establish a Bond Program, which allows eligible defendants to be released on active electronic monitoring, continuous alcohol monitoring, or both subsequent to the administration of a RAI by the county's sheriff and acceptance into the Bond program;
- Creating a Risk Assessment Pilot Program in Hillsborough, Pasco, and Pinellas Counties that requires the counties to administer a RAI to all persons arrested for a felony offense in the county for use in programming and sentencing;
- Requiring transition assistance staff within the DOC to identify industry certifications or job assignment credentialing for which an inmate is eligible;

- Requiring the DOC to provide inmates with a comprehensive community reentry resource directory that includes specified information related to services and portals available in the county to which the inmate is to be released;
- Permitting specified entities to apply with the DOC to be registered to provide inmate reentry services and requiring the DOC to create a process for screening, approving, and registering such entities;
- Authorizing the DOC to contract with specified Veteran's Advocacy Clinics to assist qualified veterans with obtaining services in the community upon release;
- Authorizing the DOC to develop a Prison Entrepreneurship Program that includes education with specified curriculum;
- Creating a "certificate of achievement and employability" application process where the DOC may issue certificates to specified eligible inmates that require licensing agencies to individually consider licensing decisions of certificate holders;
- Prohibiting a licensing agency from denying a professional license to a certificate holder solely on the basis of a criminal conviction;
- Creating two new designations for CMR ("inmate with a debilitating illness" and "medically frail inmate") and modifying the current designation of "terminally ill inmate";
- Creating a new "Mandatory Conditional Medical Release" process that requires, rather than permits, the FCOR to release an inmate that meets one of four designations if specified factors are met;
- Requiring each circuit to create an alternative sanctions program to handle specified types and occurrences of technical violations of probation or community control outside of a hearing with the judge's concurrence;
- Authorizing a circuit to create a community court program for certain defendants charged with misdemeanors;
- Adding specified data to the information that must be reported in the OPPAGA's annual pretrial programs report (s. 907.043, F.S.);
- Requiring the counties to report use and success of the supervised bond program and community court programs created by the act; and
- Modifying the submission date from October 10th to December 1st for the annual contraband seizure report (s. 932.7061, F.S.).

CS by Criminal Justice on January 29, 2018:
The committee substitute removes all provisions related to the charitable bail program and clarifies that the office of the county chief correctional officer will administer the RAI to persons arrested for a felony in the participating county.

LEGISLATIVE ACTION

Senate	.	House
Comm: RS	.	
03/02/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Brandes) recommended the following:

Senate Amendment (with title amendment)

Between lines 2200 and 2201
insert:

Section 34. Paragraphs (c), (d), and (e) of subsection (2) and paragraphs (a), (b), and (c) of subsection (3) of section 812.014, Florida Statutes, are amended to read:

812.014 Theft.—

(2)

(c) It is grand theft of the third degree and a felony of

the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is:

1. Valued at $1,000 ~~$300~~ or more, but less than $5,000.

2. Valued at $5,000 or more, but less than $10,000.

3. Valued at $10,000 or more, but less than $20,000.

~~4. A will, codicil, or other testamentary instrument.~~

4.~~5.~~ A firearm.

5.~~6.~~ A motor vehicle, except as provided in paragraph (a).

6.~~7.~~ Any commercially farmed animal, including any animal of the equine, bovine, or swine class or other grazing animal; a bee colony of a registered beekeeper; and aquaculture species raised at a certified aquaculture facility. If the property stolen is aquaculture species raised at a certified aquaculture facility, then a $10,000 fine shall be imposed.

~~8. Any fire extinguisher.~~

7.~~9.~~ Any amount of citrus fruit consisting of 2,000 or more individual pieces of fruit.

~~10. Taken from a designated construction site identified by the posting of a sign as provided for in s. 810.09(2)(d).~~

~~11. Any stop sign.~~

~~12. Anhydrous ammonia.~~

8.~~13.~~ Any amount of a controlled substance as defined in s. 893.02. Notwithstanding any other law, separate judgments and sentences for theft of a controlled substance under this subparagraph and for any applicable possession of controlled substance offense under s. 893.13 or trafficking in controlled substance offense under s. 893.135 may be imposed when all such offenses involve the same amount or amounts of a controlled substance.

However, if the property is stolen within a county that is subject to a state of emergency declared by the Governor under chapter 252, the property is stolen after the declaration of emergency is made, and the perpetration of the theft is facilitated by conditions arising from the emergency, the offender commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property is valued at $5,000 or more, but less than $10,000, as provided under subparagraph 2., or if the property is valued at $10,000 or more, but less than $20,000, as provided under subparagraph 3. As used in this paragraph, the term "conditions arising from the emergency" means civil unrest, power outages, curfews, voluntary or mandatory evacuations, or a reduction in the presence of or the response time for first responders or homeland security personnel. For purposes of sentencing under chapter 921, a felony offense that is reclassified under this paragraph is ranked one level above the ranking under s. 921.0022 or s. 921.0023 of the offense committed.

(d) It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $1,000 ~~$100~~ or more, but less than $5,000 ~~$300~~, and is taken from a dwelling as defined in s. 810.011(2) or from the unenclosed curtilage of a dwelling pursuant to s. 810.09(1).

(e) Except as provided in paragraph (d), if the property stolen is valued at $500 ~~$100~~ or more, but less than $1,000 ~~$300~~, the offender commits petit theft of the first degree, punishable as a misdemeanor of the first degree, as provided in

s. 775.082 or s. 775.083.

(3)(a) Theft of any property not specified in subsection (2) is petit theft of the second degree and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and as provided in subsection (5), as applicable.

(b) A person who commits petit theft and who has previously been convicted of any theft commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) A person who commits petit theft of the first degree and who has previously been convicted two or more times of any theft as an adult commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083, if the third or subsequent petit theft offense occurs within 3 years of his or her most recent theft conviction.

Section 35. Subsections (8) and (9) of section 812.015, Florida Statutes, are amended to read:

812.015 Retail and farm theft; transit fare evasion; mandatory fine; alternative punishment; detention and arrest; exemption from liability for false arrest; resisting arrest; penalties.—

(8) Except as provided in subsection (9), a person who commits retail theft commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $1,000 ~~$300~~ or more, and the person:

(a) Individually, or in concert with one or more other persons, coordinates the activities of one or more individuals in committing the offense, in which case the amount of each individual theft is aggregated to determine the value of the

property stolen;

(b) Commits theft from more than one location within a 48-hour period, in which case the amount of each individual theft is aggregated to determine the value of the property stolen;

(c) Acts in concert with one or more other individuals within one or more establishments to distract the merchant, merchant's employee, or law enforcement officer in order to carry out the offense, or acts in other ways to coordinate efforts to carry out the offense; or

(d) Commits the offense through the purchase of merchandise in a package or box that contains merchandise other than, or in addition to, the merchandise purported to be contained in the package or box.

(9) A person commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the person:

(a) Violates subsection (8) as an adult and within 3 years prior to the violation he or she has ~~previously~~ been convicted as an adult of a violation of subsection (8); or

(b) Individually, or in concert with one or more other persons, coordinates the activities of one or more persons in committing the offense of retail theft where the stolen property has a value in excess of $3,000.

Section 36. Paragraphs (a), (b), (d), (e), and (f) of subsection (3) of section 921.0022, Florida Statutes, are amended to read:

921.0022 Criminal Punishment Code; offense severity ranking chart.—

	951.22(1)	3rd	Intoxicating drug, firearm, or weapon introduced into county facility.

Section 37. Paragraph (a) of subsection (1) and paragraph (c) of subsection (2) of section 985.557, Florida Statutes, are amended to read:

985.557 Direct filing of an information; discretionary and mandatory criteria.—

(1) DISCRETIONARY DIRECT FILE.—

(a) With respect to any child who was 14 or 15 years of age at the time the alleged offense was committed, the state attorney may file an information when in the state attorney's judgment and discretion the public interest requires that adult sanctions be considered or imposed and when the offense charged is for the commission of, attempt to commit, or conspiracy to commit:

1. Arson;

2. Sexual battery;

3. Robbery;

4. Kidnapping;

5. Aggravated child abuse;

6. Aggravated assault;

7. Aggravated stalking;

8. Murder;

9. Manslaughter;

10. Unlawful throwing, placing, or discharging of a destructive device or bomb;

11. Armed burglary in violation of s. 810.02(2)(b) or specified burglary of a dwelling or structure in violation of s. 810.02(2)(c), or burglary with an assault or battery in violation of s. 810.02(2)(a);

12. Aggravated battery;

13. Any lewd or lascivious offense committed upon or in the presence of a person less than 16 years of age;

14. Carrying, displaying, using, threatening, or attempting to use a weapon or firearm during the commission of a felony;

15. Grand theft in violation of s. 812.014(2)(a);

16. Possessing or discharging any weapon or firearm on school property in violation of s. 790.115;

17. Home invasion robbery;

18. Carjacking; or

19. Grand theft of a motor vehicle in violation of s. 812.014(2)(c)5. ~~s. 812.014(2)(c)6.~~ or grand theft of a motor vehicle valued at $20,000 or more in violation of s. 812.014(2)(b) if the child has a previous adjudication for grand theft of a motor vehicle in violation of s. 812.014(2)(c)5. ~~s.~~

~~812.014(2)(c)6.~~ or s. 812.014(2)(b).

(2) MANDATORY DIRECT FILE.—

(c) The state attorney must file an information if a child, regardless of the child's age at the time the alleged offense was committed, is alleged to have committed an act that would be a violation of law if the child were an adult, that involves stealing a motor vehicle, including, but not limited to, a violation of s. 812.133, relating to carjacking, or s. 812.014(2)(c)5. ~~s. 812.014(2)(c)6.~~, relating to grand theft of a motor vehicle, and while the child was in possession of the stolen motor vehicle the child caused serious bodily injury to or the death of a person who was not involved in the underlying offense. For purposes of this section, the driver and all willing passengers in the stolen motor vehicle at the time such serious bodily injury or death is inflicted shall also be subject to mandatory transfer to adult court. "Stolen motor vehicle," for the purposes of this section, means a motor vehicle that has been the subject of any criminal wrongful taking. For purposes of this section, "willing passengers" means all willing passengers who have participated in the underlying offense.

Section 38. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (10) of section 95.18, Florida Statutes, is reenacted to read:

95.18 Real property actions; adverse possession without color of title.—

(10) A person who occupies or attempts to occupy a residential structure solely by claim of adverse possession

under this section and offers the property for lease to another commits theft under s. 812.014.

Section 39. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, paragraph (c) of subsection (3) of section 373.6055, Florida Statutes, is reenacted to read:

373.6055 Criminal history checks for certain water management district employees and others.—

(3)

(c) In addition to other requirements for employment or access established by any water management district pursuant to its water management district's security plan for buildings, facilities, and structures, each water management district's security plan shall provide that:

1. Any person who has within the past 7 years been convicted, regardless of whether adjudication was withheld, for a forcible felony as defined in s. 776.08; an act of terrorism as defined in s. 775.30; planting of a hoax bomb as provided in s. 790.165; any violation involving the manufacture, possession, sale, delivery, display, use, or attempted or threatened use of a weapon of mass destruction or hoax weapon of mass destruction as provided in s. 790.166; dealing in stolen property; any violation of s. 893.135; any violation involving the sale, manufacturing, delivery, or possession with intent to sell, manufacture, or deliver a controlled substance; burglary; robbery; any felony violation of s. 812.014; any violation of s. 790.07; any crime an element of which includes use or possession of a firearm; any conviction for any similar offenses under the laws of another jurisdiction; or conviction for conspiracy to

commit any of the listed offenses may not be qualified for initial employment within or authorized regular access to buildings, facilities, or structures defined in the water management district's security plan as restricted access areas.

2. Any person who has at any time been convicted of any of the offenses listed in subparagraph 1. may not be qualified for initial employment within or authorized regular access to buildings, facilities, or structures defined in the water management district's security plan as restricted access areas unless, after release from incarceration and any supervision imposed as a sentence, the person remained free from a subsequent conviction, regardless of whether adjudication was withheld, for any of the listed offenses for a period of at least 7 years prior to the employment or access date under consideration.

Section 40. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (3) of section 400.9935, Florida Statutes, is reenacted to read:

400.9935 Clinic responsibilities.—

(3) A charge or reimbursement claim made by or on behalf of a clinic that is required to be licensed under this part but that is not so licensed, or that is otherwise operating in violation of this part, regardless of whether a service is rendered or whether the charge or reimbursement claim is paid, is an unlawful charge and is noncompensable and unenforceable. A person who knowingly makes or causes to be made an unlawful charge commits theft within the meaning of and punishable as provided in s. 812.014.

Section 41. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, paragraph (g) of subsection (17) of section 409.910, Florida Statutes, is reenacted to read:

409.910 Responsibility for payments on behalf of Medicaid-eligible persons when other parties are liable.—

(17)

(g) The agency may investigate and request appropriate officers or agencies of the state to investigate suspected criminal violations or fraudulent activity related to third-party benefits, including, without limitation, ss. 414.39 and 812.014. Such requests may be directed, without limitation, to the Medicaid Fraud Control Unit of the Office of the Attorney General or to any state attorney. Pursuant to s. 409.913, the Attorney General has primary responsibility to investigate and control Medicaid fraud.

Section 42. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (4) of section 489.126, Florida Statutes, is reenacted to read:

489.126 Moneys received by contractors.—

(4) Any person who violates any provision of this section is guilty of theft and shall be prosecuted and punished under s. 812.014.

Section 43. For the purpose of incorporating the amendment made by this act to section 812.015, Florida Statutes, in a reference thereto, subsection (5) of section 538.09, Florida Statutes, is reenacted to read:

538.09 Registration.—

(5) In addition to the fine provided in subsection (4), registration under this section may be denied or any registration granted may be revoked, restricted, or suspended by the department if the department determines that the applicant or registrant:

(a) Has violated any provision of this chapter or any rule or order made pursuant to this chapter;

(b) Has made a material false statement in the application for registration;

(c) Has been guilty of a fraudulent act in connection with any purchase or sale or has been or is engaged in or is about to engage in any practice, purchase, or sale which is fraudulent or in violation of the law;

(d) Has made a misrepresentation or false statement to, or concealed any essential or material fact from, any person in making any purchase or sale;

(e) Is making purchases or sales through any business associate not registered in compliance with the provisions of this chapter;

(f) Has, within the preceding 10-year period for new registrants who apply for registration on or after October 1, 2006, been convicted of, or has entered a plea of guilty or nolo contendere to, or had adjudication withheld for, a crime against the laws of this state or any other state or of the United States which relates to registration as a secondhand dealer or which involves theft, larceny, dealing in stolen property, receiving stolen property, burglary, embezzlement, obtaining property by false pretenses, possession of altered property, any felony drug offense, any violation of s. 812.015, or any

fraudulent dealing;

(g) Has had a final judgment entered against her or him in a civil action upon grounds of fraud, embezzlement, misrepresentation, or deceit; or

(h) Has failed to pay any sales tax owed to the Department of Revenue.

In the event the department determines to deny an application or revoke a registration, it shall enter a final order with its findings on the register of secondhand dealers and their business associates, if any; and denial, suspension, or revocation of the registration of a secondhand dealer shall also deny, suspend, or revoke the registration of such secondhand dealer's business associates.

Section 44. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (2) of section 538.23, Florida Statutes, is reenacted to read:

538.23 Violations and penalties.—

(2) A secondary metals recycler is presumed to know upon receipt of stolen regulated metals property in a purchase transaction that the regulated metals property has been stolen from another if the secondary metals recycler knowingly and intentionally fails to maintain the information required in s. 538.19 and shall, upon conviction of a violation of s. 812.015, be punished as provided in s. 812.014(2) or (3).

Section 45. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (10) of section 550.6305, Florida

711458

Statutes, is reenacted to read:

550.6305 Intertrack wagering; guest track payments; accounting rules.—

(10) All races or games conducted at a permitholder's facility, all broadcasts of such races or games, and all broadcast rights relating thereto are owned by the permitholder at whose facility such races or games are conducted and constitute the permitholder's property as defined in s. 812.012(4). Transmission, reception of a transmission, exhibition, use, or other appropriation of such races or games, broadcasts of such races or games, or broadcast rights relating thereto without the written consent of the permitholder constitutes a theft of such property under s. 812.014; and in addition to the penal sanctions contained in s. 812.014, the permitholder has the right to avail itself of the civil remedies specified in ss. 772.104, 772.11, and 812.035 in addition to any other remedies available under applicable state or federal law.

Section 46. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (2) of section 634.319, Florida Statutes, is reenacted to read:

634.319 Reporting and accounting for funds.—

(2) Any sales representative who, not being entitled thereto, diverts or appropriates such funds or any portion thereof to her or his own use is, upon conviction, guilty of theft, punishable as provided in s. 812.014.

Section 47. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (2) of section 634.421, Florida

Statutes, is reenacted to read:

634.421 Reporting and accounting for funds.—

(2) Any sales representative who, not being entitled thereto, diverts or appropriates funds or any portion thereof to her or his own use commits theft as provided in s. 812.014.

Section 48. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (3) of section 636.238, Florida Statutes, is reenacted to read:

636.238 Penalties for violation of this part.—

(3) A person who collects fees for purported membership in a discount plan but purposefully fails to provide the promised benefits commits a theft, punishable as provided in s. 812.014.

Section 49. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (2) of section 642.038, Florida Statutes, is reenacted to read:

642.038 Reporting and accounting for funds.—

(2) Any sales representative who, not being entitled thereto, diverts or appropriates such funds or any portion thereof to his or her own use commits theft as provided in s. 812.014.

Section 50. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (4) of section 705.102, Florida Statutes, is reenacted to read:

705.102 Reporting lost or abandoned property.—

(4) Any person who unlawfully appropriates such lost or abandoned property to his or her own use or refuses to deliver

711458

such property when required commits theft as defined in s. 812.014, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

Section 51. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, paragraph (d) of subsection (1) of section 718.111, Florida Statutes, is reenacted to read:

718.111 The association.—

(1) CORPORATE ENTITY.—

(d) As required by s. 617.0830, an officer, director, or agent shall discharge his or her duties in good faith, with the care an ordinarily prudent person in a like position would exercise under similar circumstances, and in a manner he or she reasonably believes to be in the interests of the association. An officer, director, or agent shall be liable for monetary damages as provided in s. 617.0834 if such officer, director, or agent breached or failed to perform his or her duties and the breach of, or failure to perform, his or her duties constitutes a violation of criminal law as provided in s. 617.0834; constitutes a transaction from which the officer or director derived an improper personal benefit, either directly or indirectly; or constitutes recklessness or an act or omission that was in bad faith, with malicious purpose, or in a manner exhibiting wanton and willful disregard of human rights, safety, or property. Forgery of a ballot envelope or voting certificate used in a condominium association election is punishable as provided in s. 831.01, the theft or embezzlement of funds of a condominium association is punishable as provided in s. 812.014, and the destruction of or the refusal to allow inspection or

711458

copying of an official record of a condominium association that is accessible to unit owners within the time periods required by general law in furtherance of any crime is punishable as tampering with physical evidence as provided in s. 918.13 or as obstruction of justice as provided in chapter 843. An officer or director charged by information or indictment with a crime referenced in this paragraph must be removed from office, and the vacancy shall be filled as provided in s. 718.112(2)(d)2. until the end of the officer's or director's period of suspension or the end of his or her term of office, whichever occurs first. If a criminal charge is pending against the officer or director, he or she may not be appointed or elected to a position as an officer or a director of any association and may not have access to the official records of any association, except pursuant to a court order. However, if the charges are resolved without a finding of guilt, the officer or director must be reinstated for the remainder of his or her term of office, if any.

Section 52. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (2) of section 812.015, Florida Statutes, is reenacted to read:

812.015 Retail and farm theft; transit fare evasion; mandatory fine; alternative punishment; detention and arrest; exemption from liability for false arrest; resisting arrest; penalties.—

(2) Upon a second or subsequent conviction for petit theft from a merchant, farmer, or transit agency, the offender shall be punished as provided in s. 812.014(3), except that the court

711458

shall impose a fine of not less than $50 or more than $1,000. However, in lieu of such fine, the court may require the offender to perform public services designated by the court. In no event shall any such offender be required to perform fewer than the number of hours of public service necessary to satisfy the fine assessed by the court, as provided by this subsection, at the minimum wage prevailing in the state at the time of sentencing.

Section 53. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsections (1) and (2) of section 812.0155, Florida Statutes, are reenacted to read:

812.0155 Suspension of driver license following an adjudication of guilt for theft.—

(1) Except as provided in subsections (2) and (3), the court may order the suspension of the driver license of each person adjudicated guilty of any misdemeanor violation of s. 812.014 or s. 812.015, regardless of the value of the property stolen. Upon ordering the suspension of the driver license of the person adjudicated guilty, the court shall forward the driver license of the person adjudicated guilty to the Department of Highway Safety and Motor Vehicles in accordance with s. 322.25.

(a) The first suspension of a driver license under this subsection shall be for a period of up to 6 months.

(b) A second or subsequent suspension of a driver license under this subsection shall be for 1 year.

(2) The court may revoke, suspend, or withhold issuance of a driver license of a person less than 18 years of age who

violates s. 812.014 or s. 812.015 as an alternative to sentencing the person to:

(a) Probation as defined in s. 985.03 or commitment to the Department of Juvenile Justice, if the person is adjudicated delinquent for such violation and has not previously been convicted of or adjudicated delinquent for any criminal offense, regardless of whether adjudication was withheld.

(b) Probation as defined in s. 985.03, commitment to the Department of Juvenile Justice, probation as defined in chapter 948, community control, or incarceration, if the person is convicted as an adult of such violation and has not previously been convicted of or adjudicated delinquent for any criminal offense, regardless of whether adjudication was withheld.

Section 54. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsections (4), (7), and (8) of section 812.14, Florida Statutes, are reenacted to read:

812.14 Trespass and larceny with relation to utility fixtures; theft of utility services.—

(4) A person who willfully violates subsection (2) commits theft, punishable as provided in s. 812.014.

(7) An owner, lessor, or sublessor who willfully violates subsection (5) commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083. Prosecution for a violation of subsection (5) does not preclude prosecution for theft pursuant to subsection (8) or s. 812.014.

(8) Theft of utility services for the purpose of facilitating the manufacture of a controlled substance is theft, punishable as provided in s. 812.014.

711458

Section 55. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, subsection (3) of section 893.138, Florida Statutes, is reenacted to read:

893.138 Local administrative action to abate drug-related, prostitution-related, or stolen-property-related public nuisances and criminal gang activity.—

(3) Any pain-management clinic, as described in s. 458.3265 or s. 459.0137, which has been used on more than two occasions within a 6-month period as the site of a violation of:

(a) Section 784.011, s. 784.021, s. 784.03, or s. 784.045, relating to assault and battery;

(b) Section 810.02, relating to burglary;

(c) Section 812.014, relating to theft;

(d) Section 812.131, relating to robbery by sudden snatching; or

(e) Section 893.13, relating to the unlawful distribution of controlled substances,

may be declared to be a public nuisance, and such nuisance may be abated pursuant to the procedures provided in this section.

Section 56. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, paragraph (b) of subsection (3) of section 943.051, Florida Statutes, is reenacted to read:

943.051 Criminal justice information; collection and storage; fingerprinting.—

(3)

(b) A minor who is charged with or found to have committed the following offenses shall be fingerprinted and the fingerprints shall be submitted electronically to the department, unless the minor is issued a civil citation pursuant to s. 985.12:

1. Assault, as defined in s. 784.011.

2. Battery, as defined in s. 784.03.

3. Carrying a concealed weapon, as defined in s. 790.01(1).

4. Unlawful use of destructive devices or bombs, as defined in s. 790.1615(1).

5. Neglect of a child, as defined in s. 827.03(1)(e).

6. Assault or battery on a law enforcement officer, a firefighter, or other specified officers, as defined in s. 784.07(2)(a) and (b).

7. Open carrying of a weapon, as defined in s. 790.053.

8. Exposure of sexual organs, as defined in s. 800.03.

9. Unlawful possession of a firearm, as defined in s. 790.22(5).

10. Petit theft, as defined in s. 812.014(3).

11. Cruelty to animals, as defined in s. 828.12(1).

12. Arson, as defined in s. 806.031(1).

13. Unlawful possession or discharge of a weapon or firearm at a school-sponsored event or on school property, as provided in s. 790.115.

Section 57. For the purpose of incorporating the amendment made by this act to section 812.014, Florida Statutes, in a reference thereto, paragraph (b) of subsection (1) of section 985.11, Florida Statutes, is reenacted to read:

985.11 Fingerprinting and photographing.—

(1)

(b) Unless the child is issued a civil citation or is participating in a similar diversion program pursuant to s. 985.12, a child who is charged with or found to have committed one of the following offenses shall be fingerprinted, and the fingerprints shall be submitted to the Department of Law Enforcement as provided in s. 943.051(3)(b):

1. Assault, as defined in s. 784.011.

2. Battery, as defined in s. 784.03.

3. Carrying a concealed weapon, as defined in s. 790.01(1).

4. Unlawful use of destructive devices or bombs, as defined in s. 790.1615(1).

5. Neglect of a child, as defined in s. 827.03(1)(e).

6. Assault on a law enforcement officer, a firefighter, or other specified officers, as defined in s. 784.07(2)(a).

7. Open carrying of a weapon, as defined in s. 790.053.

8. Exposure of sexual organs, as defined in s. 800.03.

9. Unlawful possession of a firearm, as defined in s. 790.22(5).

10. Petit theft, as defined in s. 812.014.

11. Cruelty to animals, as defined in s. 828.12(1).

12. Arson, resulting in bodily harm to a firefighter, as defined in s. 806.031(1).

13. Unlawful possession or discharge of a weapon or firearm at a school-sponsored event or on school property as defined in s. 790.115.

A law enforcement agency may fingerprint and photograph a child taken into custody upon probable cause that such child has

711458

committed any other violation of law, as the agency deems appropriate. Such fingerprint records and photographs shall be retained by the law enforcement agency in a separate file, and these records and all copies thereof must be marked "Juvenile Confidential." These records are not available for public disclosure and inspection under s. 119.07(1) except as provided in ss. 943.053 and 985.04(2), but shall be available to other law enforcement agencies, criminal justice agencies, state attorneys, the courts, the child, the parents or legal custodians of the child, their attorneys, and any other person authorized by the court to have access to such records. In addition, such records may be submitted to the Department of Law Enforcement for inclusion in the state criminal history records and used by criminal justice agencies for criminal justice purposes. These records may, in the discretion of the court, be open to inspection by anyone upon a showing of cause. The fingerprint and photograph records shall be produced in the court whenever directed by the court. Any photograph taken pursuant to this section may be shown by a law enforcement officer to any victim or witness of a crime for the purpose of identifying the person who committed such crime.

	.	

The Committee on Appropriations (Brandes) recommended the following:

Senate Substitute for Amendment (711458) (with title amendment)

Between lines 2200 and 2201
insert:

Section 34. Paragraphs (c), (d), and (e) of subsection (2) and paragraphs (a), (b), and (c) of subsection (3) of section 812.014, Florida Statutes, are amended to read:

812.014 Theft.—

(2)

(c) It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is:

1. Valued at $1,000 ~~$300~~ or more, but less than $5,000.

2. Valued at $5,000 or more, but less than $10,000.

3. Valued at $10,000 or more, but less than $20,000.

~~4. A will, codicil, or other testamentary instrument.~~

4.~~5.~~ A firearm.

5.~~6.~~ A motor vehicle, except as provided in paragraph (a).

6.~~7.~~ Any commercially farmed animal, including any animal of the equine, bovine, or swine class or other grazing animal, or any animal of the avian class; a bee colony of a registered beekeeper; and aquaculture species raised at a certified aquaculture facility. If the property stolen is aquaculture species raised at a certified aquaculture facility, then a $10,000 fine shall be imposed.

~~8. Any fire extinguisher.~~

7.~~9.~~ Any amount of citrus fruit consisting of 2,000 or more individual pieces of fruit.

~~10. Taken from a designated construction site identified by the posting of a sign as provided for in s. 810.09(2)(d).~~

~~11. Any stop sign.~~

8.~~12.~~ Anhydrous ammonia.

9.~~13.~~ Any amount of a controlled substance as defined in s. 893.02. Notwithstanding any other law, separate judgments and sentences for theft of a controlled substance under this subparagraph and for any applicable possession of controlled substance offense under s. 893.13 or trafficking in controlled substance offense under s. 893.135 may be imposed when all such

offenses involve the same amount or amounts of a controlled substance.

10. A utility service under s. 812.14.

However, if the property is stolen within a county that is subject to a state of emergency declared by the Governor under chapter 252, the property is stolen after the declaration of emergency is made, and the perpetration of the theft is facilitated by conditions arising from the emergency, the offender commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property is valued at $5,000 or more, but less than $10,000, as provided under subparagraph 2., or if the property is valued at $10,000 or more, but less than $20,000, as provided under subparagraph 3. As used in this paragraph, the term "conditions arising from the emergency" means civil unrest, power outages, curfews, voluntary or mandatory evacuations, or a reduction in the presence of or the response time for first responders or homeland security personnel. For purposes of sentencing under chapter 921, a felony offense that is reclassified under this paragraph is ranked one level above the ranking under s. 921.0022 or s. 921.0023 of the offense committed.

(d) It is grand theft of the third degree and a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $1,000 ~~$100~~ or more, but less than $5,000 ~~$300~~, and is taken from a dwelling as defined in s. 810.011(2) or from the unenclosed curtilage of a dwelling pursuant to s. 810.09(1).

(e) Except as provided in paragraph (d), if the property

stolen is valued at $500 ~~$100~~ or more, but less than $1,000 ~~$300~~, the offender commits petit theft of the first degree, punishable as a misdemeanor of the first degree, as provided in s. 775.082 or s. 775.083.

(3)(a) Theft of any property not specified in subsection (2) is petit theft of the second degree and a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083, and as provided in subsection (5), as applicable.

(b) A person who commits petit theft and who has previously been convicted of any theft commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

(c) A person who commits petit theft in the first degree, ~~and~~ who has previously been convicted two or more times as an adult of any theft, and if the third or subsequent petit theft offense occurred within 3 years of the expiration of his or her sentence for the most recent theft conviction, commits a felony of the third degree, punishable as provided in s. 775.082 or s. 775.083.

Section 35. Subsections (8) and (9) of section 812.015, Florida Statutes, are amended to read:

812.015 Retail and farm theft; transit fare evasion; mandatory fine; alternative punishment; detention and arrest; exemption from liability for false arrest; resisting arrest; penalties.—

(8) Except as provided in subsection (9), a person who commits retail theft commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the property stolen is valued at $1,000 ~~$300~~ or more, and the person:

786578

(a) Individually, or in concert with one or more other persons, coordinates the activities of one or more individuals in committing the offense, in which case the amount of each individual theft is aggregated to determine the value of the property stolen;

(b) Commits theft from more than one location within a 48-hour period, in which case the amount of each individual theft is aggregated to determine the value of the property stolen;

(c) Acts in concert with one or more other individuals within one or more establishments to distract the merchant, merchant's employee, or law enforcement officer in order to carry out the offense, or acts in other ways to coordinate efforts to carry out the offense; or

(d) Commits the offense through the purchase of merchandise in a package or box that contains merchandise other than, or in addition to, the merchandise purported to be contained in the package or box.

(9) A person commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084, if the person:

(a) Violates subsection (8) <u>as an adult</u> and has previously been convicted of a violation of subsection (8) <u>within 3 years of the expiration of his or her sentence for the conviction</u>; or

(b) Individually, or in concert with one or more other persons, coordinates the activities of one or more persons in committing the offense of retail theft where the stolen property has a value in excess of $3,000.

Section 36. Paragraphs (b), (e), and (f) of subsection (3) of section 921.0022, Florida Statutes, are amended to read:

127 921.0022 Criminal Punishment Code; offense severity ranking

Florida Crime Information Center database; amending s. 948.06, F.S.; requiring each judicial circuit to establish an alternative sanctioning program; defining low- and moderate-risk level technical violations of probation; establishing permissible sanctions for low- and moderate-risk violations of probation under the program; establishing eligibility criteria; authorizing a probationer who allegedly committed a technical violation to waive participation in or elect to participate in the program, admit to the violation, agree to comply with the recommended sanction, and agree to waive certain rights; requiring a probation officer to submit the recommended sanction and certain documentation to the court if the probationer admits to committing the violation; authorizing the court to impose the recommended sanction or direct the department to submit a violation report, affidavit, and warrant to the court; specifying that a probationer's participation in the program is voluntary; authorizing a probation officer to submit a violation report, affidavit, and warrant to the court in certain circumstances; creating s. 948.081, F.S.; authorizing the establishment of community court programs; detailing program criteria; reenacting s. 932.7062, F.S., relating to a penalty for noncompliance with reporting requirements, to incorporate the amendment made to s. 932.7061, F.S., in a reference thereto; reenacting ss. 447.203(3), F.S., and 944.026(3), F.S., relating to definitions

and community-based facilities, to incorporate the amendment made to s. 944.801, F.S., in references thereto; reenacting ss. 316.1935(6), 775.084(4)(k), 775.087(2)(b) and(3)(b), 784.07(3), 790.235(1), 794.0115(7), 893.135(1)(b), (c), and (g) and (3), 921.0024(2), 944.605(7)(b), 944.70(1)(b), 947.13(1)(h), and 947.141(1), (2), and (7), F.S., all relating to authorized conditional medical release granted under s. 947.149, F.S., to incorporate the amendment made to s. 947.149, F.S., in references thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (6) is added to section 14.32, Florida Statutes, to read:

14.32 Office of Chief Inspector General.—

(6) The Florida Correctional Operations Oversight Council, a council as defined in s. 20.03, is created within the Office of Chief Inspector General. The council is created for the purpose of overseeing matters relating to the corrections and juvenile justice continuum with an emphasis on the safe and effective operations of major institutions and facilities under the purview of the Department of Corrections and the Department of Juvenile Justice. However, in instances in which the policies of other components of the criminal justice system affect corrections or the juvenile justice continuum, the council shall advise and make recommendations. The Office of Chief Inspector General shall provide administrative support to the council. The

council is not subject to control, supervision, or direction by the Chief Inspector General in the performance of its duties, but is governed by the classification plan and salary and benefits plan approved by the Executive Office of the Governor.

(a) The council is composed of the following members:

1. Three members appointed by the Governor.

2. Three members appointed by the President of the Senate.

3. Three members appointed by the Speaker of the House of Representatives.

The initial members of the council shall be appointed by January 1, 2019. Members of the council shall be appointed for terms of 4 years. However, to achieve staggered terms, one appointee of each of the appointing authorities shall be appointed for an initial 2-year term. Members must be appointed in a manner that ensures equitable representation of different geographic regions of the state, and members must be residents of this state. Members of the council must act on behalf of the state as a whole and may not subordinate the needs of the state to those of a particular region. The council's membership should, to the greatest extent possible, include persons with a background in prison operations, county detention facility management, or the juvenile justice continuum of services.

(b) The council's primary duties and responsibilities include:

1. Evaluating, investigating, and overseeing the daily operations of correctional and juvenile facilities.

2. Conducting announced and unannounced inspections of correctional and juvenile facilities, including facilities

operated by private contractors. Members of the council may enter any facility where prisoners, residents, or juveniles are kept. Members shall be immediately admitted to such places as they request and may consult and confer with any prisoner, resident, or juvenile privately with adequate security in place.

3. Identifying and monitoring high-risk and problematic correctional or juvenile facilities, and reporting findings and recommendations relating to such facilities.

4. Providing technical assistance when appropriate.

5. Submitting an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by each November 1, beginning in 2019. The report must include statutory, budgetary, and operational recommendations to the Legislature which address problems identified by the council.

6. Conducting confidential interviews with staff, officers, inmates, juveniles, volunteers, and public officials relating to the operations and conditions of correctional and juvenile facilities.

7. Developing and implementing a monitoring tool that will be used to assess the performance of each correctional and juvenile facility.

8. Conducting on-site visits to correctional and juvenile facilities on a regular basis.

(c) The council may not interfere with the day-to-day operations of the Department of Corrections and the Department of Juvenile Justice, but shall conduct investigations and provide recommendations for improvement.

(d) The council shall appoint an executive director who

shall serve under the direction of the members of the council.

(e) Members of the council shall serve without compensation but are entitled to receive reimbursement for per diem and travel expenses as provided in s. 112.061.

(f) Members of the council or its staff may not have immediate family members working for the Department of Corrections, the Department of Juvenile Justice, or a private institution, facility, or provider under contract with either department. A member of the council may not have any direct or indirect interest in a contract, subcontract, franchise, privilege, or other benefit granted or awarded by either department while serving as a member of the council.

Section 2. For the 2018-2019 fiscal year, the sums of $168,074 in recurring funds and $37,855 in nonrecurring funds are appropriated from the General Revenue Fund to the Executive Office of the Governor, and one full-time equivalent position with associated salary rate of 70,000 is authorized, for the purpose of administering the Florida Correctional Operations Oversight Council.

Section 3. Subsection (5) of section 23.1225, Florida Statutes, is amended to read:

23.1225 Mutual aid agreements.—

(5) In the event of a disaster or emergency such that a state of emergency is declared by the Governor pursuant to chapter 252, a mutual aid agreement may be used to increase the presence of law enforcement to aid in traffic and crowd control, emergency response, and evacuation support. The requirement that a requested operational assistance agreement be a written agreement for rendering of assistance in a law enforcement

emergency may be waived by the participating agencies for a period of up to 90 days from the declaration of the disaster.

(a) When a law enforcement agency lends assistance pursuant to this subsection, all powers, privileges, and immunities listed in s. 23.127, except with regard to interstate mutual aid agreements, apply to the agency or entity, if the law enforcement employees rendering services are being requested and coordinated by the affected local law enforcement executive in charge of law enforcement operations.

(b) A listing of such agencies or entities and the officers and employees of such agencies or entities rendering assistance pursuant to this subsection must be maintained by the agency or entity requesting such assistance and filed at the end of the 90-day period with the Florida Department of Law Enforcement.

Section 4. Subsection (4) is added to section 30.15, Florida Statutes, to read:

30.15 Powers, duties, and obligations.—

(4)(a) The sheriff and the governing board of the county shall provide security for trial court facilities located within each county of a judicial circuit. The sheriff and the county shall coordinate with the chief judge of the applicable judicial circuit on security matters for such facilities, but the sheriff and county shall retain operational control over the manner in which security is provided, as applicable, in such facilities. Nothing in this subsection shall be construed to affect or erode the authority of counties under s. 14, Article V of the State Constitution or s. 29.008, to provide and fund the security of facilities as defined s. 29.008(1)(e).

(b) Pursuant to s. 26.49, sheriffs and their deputies,

employees, and contractors are officers of the court when providing security for trial court facilities under this subsection.

(c) The chief judge of the judicial circuit shall have decisionmaking authority to ensure the protection of due process rights, including, but not limited to, the scheduling and conduct of trials and other judicial proceedings, as part of his or her responsibility for the administrative supervision of the trial courts pursuant to s. 43.26.

Section 5. Subsection (1) of section 57.105, Florida Statutes, is amended to read:

57.105 Attorney's fee; sanctions for raising unsupported claims or defenses; exceptions; service of motions; damages for delay of litigation.—

(1) Unless otherwise provided, upon the court's initiative or motion of any party, the court shall award a reasonable attorney's fee, including prejudgment interest, to be paid to the prevailing party in equal amounts by the losing party and the losing party's attorney on any claim or defense at any time during a civil proceeding or action in which the court finds that the losing party or the losing party's attorney knew or should have known that a claim or defense when initially presented to the court or at any time before trial:

(a) Was not supported by the material facts necessary to establish the claim or defense; or

(b) Would not be supported by the application of then-existing law to those material facts.

Section 6. Section 322.75, Florida Statutes, is created to read:

322.75 Driver License Reinstatement Days.—

(1) Each judicial circuit shall establish a Driver License Reinstatement Days program for reinstating suspended driver licenses. Participants shall include the Department of Highway Safety and Motor Vehicles, the state attorney's office, the public defender's office, the circuit and county courts, the clerk of court, and any interested community organization.

(2) The clerk of court, in consultation with other participants, shall select one or more days for an event at which a person may have his or her driver license reinstated. A person must pay the full license reinstatement fee; however, the clerk may compromise or waive other fees and costs to facilitate reinstatement.

(3)(a) A person is eligible for reinstatement under the program if his or her license was suspended due to:

1. Driving without a valid driver license;

2. Driving with a suspended driver license;

3. Failing to make a payment on penalties in collection;

4. Failing to appear in court for a traffic violation; or

5. Failing to comply with provisions of chapter 318 or this chapter.

(b) Notwithstanding paragraphs (4)(a) through (c), a person is eligible for reinstatement under the program if the period of suspension or revocation has elapsed, the person has completed any required course or program as described in paragraph (4)(c), and the person is otherwise eligible for reinstatement.

(4) A person is not eligible for reinstatement under the program if his or her driver license is suspended or revoked:

(a) Because the person failed to fulfill a court-ordered

child support obligation;

(b) For a violation of s. 316.193;

(c) Because the person has not completed a driver training program, driver improvement course, or alcohol or substance abuse education or evaluation program required under ss. 316.192, 316.193, 322.2616, 322.271, or 322.264;

(d) For a traffic-related felony; or

(e) Because the person is a habitual traffic offender under s. 322.264.

(5) The clerk of court and the Department of Highway Safety and Motor Vehicles shall verify any information necessary for reinstatement of a driver license under the program.

Section 7. Paragraph (f) is added to subsection (2) of section 784.046, Florida Statutes, to read:

784.046 Action by victim of repeat violence, sexual violence, or dating violence for protective injunction; dating violence investigations, notice to victims, and reporting; pretrial release violations; public records exemption.—

(2) There is created a cause of action for an injunction for protection in cases of repeat violence, there is created a separate cause of action for an injunction for protection in cases of dating violence, and there is created a separate cause of action for an injunction for protection in cases of sexual violence.

(f) Notwithstanding any other law, attorney fees may not be awarded in any proceeding under this section.

Section 8. Paragraph (d) is added to subsection (2) of section 784.0485, Florida Statutes, to read:

784.0485 Stalking; injunction; powers and duties of court

576-03505-18

and clerk; petition; notice and hearing; temporary injunction; issuance of injunction; statewide verification system; enforcement.—

(2)

(d) Notwithstanding any other law, attorney fees may not be awarded in any proceeding under this section.

Section 9. Present subsections (6) and (7) of section 893.135, Florida Statutes, are redesignated as subsections (7) and (8), respectively, and a new subsection (6) is added to that section, to read:

893.135 Trafficking; mandatory sentences; suspension or reduction of sentences; conspiracy to engage in trafficking.—

(6) Notwithstanding any provision of this section, a court may impose a sentence for a violation of this section other than the mandatory minimum term of imprisonment and mandatory fine if the court finds on the record that all of the following circumstances exist:

(a) The person did not engage in a continuing criminal enterprise as defined in s. 893.20(1).

(b) The person did not use or threaten violence or use a weapon during the commission of the crime.

(c) The person did not cause a death or serious bodily injury.

Section 10. Section 900.05, Florida Statutes, is created to read:

900.05 Criminal justice data collection.—It is the intent of the Legislature to create a model of uniform criminal justice data collection by requiring local and state criminal justice agencies to report complete, accurate, and timely data, and to

576-03505-18

make such data available to the public.

(1) DEFINITIONS.—As used in this section, the term:

(a) "Annual felony caseload" means the yearly caseload of each full-time state attorney and assistant state attorney or public defender and assistant public defender for cases assigned to the circuit criminal division, based on the number of felony cases reported to the Supreme Court under s. 25.075. The term does not include the appellate caseload of a public defender or assistant public defender. Cases reported pursuant to this term must be associated with a case number and each case number must only be reported once regardless of the number of attorney assignments that occur during the course of litigation.

(b) "Annual misdemeanor caseload" means the yearly caseload of each full-time state attorney and assistant state attorney or public defender and assistant public defender for cases assigned to the county criminal division, based on the number of misdemeanor cases reported to the Supreme Court under s. 25.075. The term does not include the appellate caseload of a public defender or assistant public defender. Cases reported pursuant to this term must be associated with a case number and each case number must only be reported once regardless of the number of attorney assignments that occur during the course of litigation.

(c) "Attorney assignment date" means the date a court-appointed attorney is assigned to the case or, if privately retained, the date an attorney files a notice of appearance with the clerk of court.

(d) "Attorney withdrawal date" means the date the court removes court-appointed counsel from a case or, for a privately retained attorney, the date a motion to withdraw is granted by

the court.

(e) "Case number" means the identification number assigned by the clerk of court to a criminal case.

(f) "Case status" means whether a case is open, inactive, closed, or reopened due to a violation of probation or community control.

(g) "Charge description" means the statement of the conduct that is alleged to have been violated, the associated statutory section establishing such conduct as criminal, and the misdemeanor or felony classification that is provided for in the statutory section alleged to have been violated.

(h) "Charge modifier" means an aggravating circumstance of an alleged crime that enhances or reclassifies a charge to a more serious misdemeanor or felony offense level.

(i) "Concurrent or consecutive sentence flag" means an indication that a defendant is serving another sentence concurrently or consecutively in addition to the sentence for which data is being reported.

(j) "Daily number of correctional officers" means the number of full-time, part-time, and auxiliary correctional officers who are actively providing supervision, protection, care, custody, and control of inmates in a county detention facility or state correctional institution or facility each day.

(k) "Deferred prosecution or pretrial diversion agreement date" means the date a contract is signed by the parties regarding a defendant's admission into a deferred prosecution or pretrial diversion program.

(l) "Deferred prosecution or pretrial diversion hearing date" means each date that a hearing, including a status

hearing, is held on a case that is in a deferred prosecution or pretrial diversion program, if applicable.

(m) "Disciplinary violation and action" means any conduct performed by an inmate in violation of the rules of a county detention facility or state correctional institution or facility that results in the initiation of disciplinary proceedings by the custodial entity and the consequences of such disciplinary proceedings.

(n) "Disposition date" means the date of final judgment, adjudication, adjudication withheld, dismissal, or nolle prosequi for the case and if different dates apply, the disposition dates of each charge.

(o) "Domestic violence flag" means an indication that a charge involves domestic violence as defined in s. 741.28.

(p) "Gang affiliation flag" means an indication that a defendant is involved in or associated with a criminal gang as defined in s. 874.03.

(q) "Gain-time credit earned" means a credit of time awarded to an inmate in a county detention facility in accordance with s. 951.22 or a state correctional institution or facility in accordance with s. 944.275.

(r) "Habitual offender flag" means an indication that a defendant is a habitual felony offender as defined in s. 775.084 or a habitual misdemeanor offender as defined in s. 775.0837.

(s) "Judicial transfer date" means a date on which a defendant's case is transferred to another court or presiding judge.

(t) "Number of contract attorneys representing indigent defendants for the office of the public defender" means the

number of attorneys hired on a temporary basis, by contract, to represent indigent clients who were appointed a public defender.

(u) "Pretrial release violation flag" means an indication that the defendant has violated the terms of his or her pretrial release.

(v) "Prior incarceration within the state" means any prior history of a defendant being incarcerated in a county detention facility or state correctional institution or facility.

(w) "Tentative release date" means the anticipated date that an inmate will be released from incarceration after the application of adjustments for any gain-time earned or credit for time served.

(x) "Sexual offender flag" means an indication that a defendant required to register as a sexual predator as defined in s. 775.21 or as a sexual offender as defined in s. 943.0435.

(2) DATA COLLECTION AND REPORTING.—Beginning January 1, 2019, an entity required to collect data in accordance with this subsection shall collect the specified data required of the entity on a monthly basis. Each entity shall report the data collected in accordance with this subsection to the Department of Law Enforcement on a quarterly basis.

(a) Clerk of the Court.—Each clerk of court shall collect the following data for each criminal case:

1. Case number.

2. Date that the alleged offense occurred.

3. County in which the offense is alleged to have occurred.

4. Date the defendant is taken into physical custody by a law enforcement agency or is issued a notice to appear on a criminal charge, if such date is different from the date the

offense is alleged to have occurred.

5. Date that the criminal prosecution of a defendant is formally initiated through the filing, with the clerk of the court, of an information by the state attorney or an indictment issued by a grand jury.

6. Arraignment date.

7. Attorney assignment date.

8. Attorney withdrawal date.

9. Case status.

10. Disposition date.

11. Information related to each defendant, including:

a. Identifying information, including name, date of birth, age, race or ethnicity, and gender.

b. Zip code of primary residence.

c. Primary language.

d. Citizenship.

e. Immigration status, if applicable.

f. Whether the defendant has been found by a court to be indigent pursuant to s. 27.52.

12. Information related to the formal charges filed against the defendant, including:

a. Charge description.

b. Charge modifier, if applicable.

c. Drug type for each drug charge, if known.

d. Qualification for a flag designation as defined in this section, including a domestic violence flag, gang affiliation flag, sexual offender flag, habitual offender flag, or pretrial release violation flag.

13. Information related to bail or bond and pretrial

release determinations, including the dates of any such determinations:

a. Pretrial release determination made at a first appearance hearing that occurs within 24 hours of arrest, including all monetary and nonmonetary conditions of release.

b. Modification of bail or bond conditions made by a court having jurisdiction to try the defendant or, in the absence of the judge of the trial court, by the circuit court, including modifications to any monetary and nonmonetary conditions of release.

c. Cash bail or bond payment, including whether the defendant utilized a bond agent to post a surety bond.

d. Date defendant is released on bail, bond, or pretrial release.

e. Bail or bond revocation due to a new offense, a failure to appear, or a violation of the terms of bail or bond, if applicable.

14. Information related to court dates and dates of motions and appearances, including:

a. Date of any court appearance and the type of proceeding scheduled for each date reported.

b. Date of any failure to appear in court, if applicable.

c. Judicial transfer date, if applicable.

d. Trial date.

e. Date that a defendant files a notice to participate in discovery.

f. Speedy trial motion and hearing dates, if applicable.

g. Dismissal motion and hearing dates, if applicable.

15. Whether the attorney representing the defendant is

court-appointed to or privately retained by a defendant, or whether the defendant is represented pro se.

16. Information related to sentencing, including:

a. Date that a court enters a sentence against a defendant.

b. Sentence type and length imposed by the court, including, but not limited to, the total duration of imprisonment in a county detention facility or state correctional institution or facility, and conditions probation or community control supervision.

c. Amount of time served in custody by the defendant related to the reported criminal case that is credited at the time of disposition of the case to reduce the actual length of time the defendant will serve on the term of imprisonment that is ordered by the court at disposition.

d. Total amount of court fees imposed by the court at the disposition of the case.

e. Outstanding balance of the defendant’s court fees imposed by the court at disposition of the case.

f. Total amount of fines imposed by the court at the disposition of the case.

g. Outstanding balance of the defendant’s fines imposed by the court at disposition of the case.

h. Restitution amount ordered, including the amount collected by the court and the amount paid to the victim, if applicable.

i. Digitized sentencing scoresheet prepared in accordance with s. 921.0024.

17. The number of judges or magistrates, or their equivalents, hearing cases in circuit or county criminal

divisions of the circuit court. Judges or magistrates, or their equivalents, who solely hear appellate cases from the county criminal division are not to be reported under this subparagraph.

(b) State attorney.—Each state attorney shall collect the following data:

1. Information related to a human victim of a criminal offense, including:

a. Identifying information of the victim, including race or ethnicity, gender, and age.

b. Relationship to the offender, if any.

2. Number of full-time prosecutors.

3. Number of part-time prosecutors.

4. Annual felony caseload.

5. Annual misdemeanor caseload.

6. Any charge referred to the state attorney by a law enforcement agency related to an episode of criminal activity.

7. Number of cases in which a no-information was filed.

8. Information related to each defendant, including:

a. Each charge referred to the state attorney by a law enforcement agency related to an episode of criminal activity.

b. Drug type for each drug charge, if applicable.

c. Deferred prosecution or pretrial diversion agreement date, if applicable.

d. Deferred prosecution or pretrial diversion hearing date, if applicable.

(c) Public defender.—Each public defender shall collect the following data for each criminal case:

1. Number of full-time public defenders.

2. Number of part-time public defenders.

3. Number of contract attorneys representing indigent defendants for the office of the public defender.

4. Annual felony caseload.

5. Annual misdemeanor caseload.

(d) County detention facility.—The administrator of each county detention facility shall collect the following data:

1. Maximum capacity for the county detention facility.

2. Weekly admissions to the county detention facility for a revocation of probation or community control.

3. Daily population of the county detention facility, including the specific number of inmates in the custody of the county that:

a. Are awaiting case disposition.

b. Have been sentenced by a court to a term of imprisonment in the county detention facility.

c. Have been sentenced by a court to a term of imprisonment with the Department of Corrections and who are awaiting transportation to the department.

d. Have a federal detainer or are awaiting disposition of a case in federal court.

4. Information related to each inmate, including:

a. Date a defendant is processed into the county detention facility subsequent to an arrest for a new violation of law or for a violation of probation or community control.

b. Qualification for a flag designation as defined in this section, including domestic violence flag, gang affiliation flag, habitual offender flag, pretrial release violation flag, or sexual offender flag.

485662

576-03505-18

5. Total population of the county detention facility at year-end. This data must include the same specified classifications as subparagraph 3.

6. Per diem rate for a county detention facility bed.

7. Daily number of correctional officers for the county detention facility.

8. Annual county detention facility budget. This information only needs to be reported once annually at the beginning of the county's fiscal year.

9. Revenue generated for the county from the temporary incarceration of federal defendants or inmates.

(e) Department of Corrections.—The Department of Corrections shall collect the following data:

1. Information related to each inmate, including:

a. Identifying information, including name, date of birth, race or ethnicity, and identification number assigned by the department.

b. Number of children.

c. Education level, including any vocational training.

d. Date the inmate was admitted to the custody of the department.

e. Current institution placement and the security level assigned to the institution.

f. Custody level assignment.

g. Qualification for a flag designation as defined in this section, including sexual offender flag, habitual offender flag, gang affiliation flag, or concurrent or consecutive sentence flag.

h. County that committed the prisoner to the custody of the

485662

576-03505-18

department.

i. Whether the reason for admission to the department is for a new conviction or a violation of probation, community control, or parole. For an admission for a probation, community control, or parole violation, the department shall report whether the violation was technical or based on a new violation of law.

j. Specific statutory citation for which the inmate was committed to the department, including, for an inmate convicted of drug trafficking under s. 893.135, the statutory citation for each specific drug trafficked.

k. Length of sentence or concurrent or consecutive sentences served.

l. Tentative release date.

m. Gain time earned in accordance with s. 944.275.

n. Prior incarceration within the state.

o. Disciplinary violation and action.

p. Participation in rehabilitative or educational programs while in the custody of the department.

2. Information about each state correctional institution or facility, including:

a. Budget for each state correctional institution or facility.

b. Daily prison population of all inmates incarcerated in a state correctional institution or facility.

c. Daily number of correctional officers for each state correctional institution or facility.

3. Information related to persons supervised by the department on probation or community control, including:

576-03505-18

a. Identifying information for each person supervised by the department on probation or community control, including his or her name, date of birth, race or ethnicity, sex, and department-assigned case number.

b. Length of probation or community control sentence imposed and amount of time that has been served on such sentence.

c. Projected termination date for probation or community control.

d. Revocation of probation or community control due to a violation, including whether the revocation is due to a technical violation of the conditions of supervision or from the commission of a new law violation.

4. Per diem rates for:

a. Prison bed.

b. Probation.

c. Community control.

This information only needs to be reported once annually at the time the most recent per diem rate is published.

(3) DATA PUBLICLY AVAILABLE.—Beginning January 1, 2019, the Department of Law Enforcement shall publish datasets in its possession in a modern, open, electronic format that is machine-readable and readily accessible by the public on the department's website. The published data must be searchable, at a minimum, by each data element, county, circuit, and unique identifier. Beginning March 1, 2019, the department shall begin publishing the data received under subsection (2) in the same modern, open, electronic format that is machine-readable and

576-03505-18

readily accessible to the public on the department's website. The department shall publish all data received under subsection (2) no later than July 1, 2019.

Section 11. A pilot project is established in the Sixth Judicial Circuit for the purpose of improving criminal justice data transparency and ensuring that data submitted under s. 900.05, Florida Statutes, is accurate, valid, reliable, and structured. The clerk of court, the state attorney, the public defender, or a sheriff in the circuit may enter into a memorandum of understanding with a national, nonpartisan, not-for-profit entity which provides data and measurement for county-level criminal justice systems to establish the duties and responsibilities of a data fellow, completely funded by the entity, to be embedded with the office or agency. The data fellow shall assist with data extraction, validation, and quality and shall publish such data consistent with the terms of the memorandum. The data fellow shall assist the office or agency in compiling and reporting data pursuant to s. 900.05, Florida Statutes, in compliance with rules established by the Department of Law Enforcement. The pilot project shall expire as provided in the memorandum.

Section 12. For the 2018-2019 fiscal year, nine full-time equivalent positions with associated salary rate of 476,163 are authorized and the recurring sum of $665,884 and the nonrecurring sum of $1,084,116 is appropriated from the General Revenue Fund to the Department of Law Enforcement for the purposes of implementing ss. 900.05(3) and 943.687, Florida Statutes, transitioning to incident-based crime reporting, and collecting and submitting crime statistics that meet the

576-03505-18

requirements of the Federal Bureau of Investigation under the National Incident-Based Reporting System.

Section 13. Section 907.042, Florida Statutes, is created to read:

907.042 Supervised bond program.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that there is a need to use evidence-based methods to identify defendants that can successfully comply with specified pretrial release conditions. The Legislature finds that the use of actuarial instruments that evaluate criminogenic based needs and classify defendants according to levels of risk provides a more consistent and accurate assessment of a defendant's risk of noncompliance while on pretrial release pending trial. The Legislature also finds that both the community and a defendant are better served when a defendant, who poses a low risk to society, is provided the opportunity to fulfill employment and familial responsibilities in the community under a structured pretrial release plan that ensures the best chance of remaining compliant with all pretrial conditions rather than remaining in custody. The Legislature finds that there is a benefit to establishing a supervised bond program in each county for the purpose of providing pretrial release to certain defendants who may not otherwise be eligible for pretrial release on unsupervised nonmonetary conditions and who do not have the ability to satisfy the bond imposed by the court. The Legislature finds that the creation of such a program will reduce the likelihood of defendants remaining unnecessarily in custody pending trial.

(2) CREATION.—A supervised bond program may be established

576-03505-18

in each county with the terms of each program to be developed with concurrence of the chief judge of the circuit, the county's chief correctional officer, the state attorney, and the public defender. A county that has already established and implemented a supervised bond program whose program and risk assessment instrument is in compliance with subsections (3) and (4) may continue to operate without such concurrence.

(3) PROGRAM REQUIREMENTS.—A supervised bond program, at a minimum, shall:

(a) Require the county's chief correctional officer to administer the supervised bond program.

(b) Provide that a risk assessment instrument may be utilized to determine eligible defendants and determine an appropriate level of supervision for each defendant upon release.

(c) Require the county's chief correctional officer, or his or her designee, to administer the risk assessment instrument to a potential defendant if a county elects to utilize a risk assessment instrument for its supervised bond program.

(d) Provide that the findings of a risk assessment instrument may be used to create an individualized supervision plan for each eligible defendant that is tailored to the defendant's risk level and supervision needs.

(e) Require the appropriate court to make a final determination regarding whether a defendant will be placed into the supervised bond program and, if the court makes such a determination, the court must also:

1. Determine the conditions of the individualized supervision plan for which the defendant must comply as a part

of the supervised bond program, including, but not limited to, the requirement that the defendant:

a. Be placed on active electronic monitoring or active continuous alcohol monitoring, or both, dependent upon the level of risk indicated by the risk assessment instrument;

b. Communicate weekly, via telephone or in person contact as determined by the court, with the office of the county's chief correctional officer; and

2. Review the bond of a defendant who is being accepted into the supervised bond program to determine if a reduction of the court-ordered bond, up to its entirety, is appropriate.

(f) Establish procedures for reassessing or terminating defendants from the supervised bond program who do not comply with the terms of the individualized supervision plan imposed through the program.

(4) RISK ASSESSMENT INSTRUMENT.—

(a) Each county that establishes a supervised bond program may utilize a risk assessment instrument that conducts a criminogenic assessment for use in evaluating the proper level of supervision appropriate to ensure compliance with pretrial conditions and safety to the community. The risk assessment instrument must consider, but need not be limited to, the following criteria:

1. The nature and circumstances of the offense the defendant is alleged to have committed.

2. The nature and extent of the defendant's prior criminal history, if any.

3. Any prior history of the defendant failing to appear in court.

4. The defendant's employment history, employability skills, and employment interests.

5. The defendant's educational, vocational, and technical training.

6. The defendant's background, including his or her family, home, and community environment.

7. The defendant's physical and mental health history, including any substance use.

8. An evaluation of the defendant's criminal thinking, criminal associates, and social awareness.

(b) A county may contract with the Department of Corrections to develop a risk assessment instrument or modify an instrument that has already been developed by the department, provided the instrument contains the criteria enumerated in paragraph (a). If a county elects to utilize a risk assessment instrument developed or modified by the department in accordance with this paragraph, the county's chief correctional officer shall enter into a contract with the department for such use.

(c) Each county may create its own risk assessment instrument for the purpose of operating a supervised bond program or may utilize a risk assessment instrument that has previously been developed for a similar purpose as provided for in this section. Additionally, a county may utilize a risk assessment instrument that has been developed by another county for a similar purpose as provided for in this section. To utilize a risk assessment instrument developed by a county in accordance with this paragraph, the risk assessment instrument must be validated by the Department of Corrections and contain the criteria enumerated in paragraph (a). If a county elects to

utilize a risk assessment instrument developed or modified by another county in accordance with this paragraph, the counties' chief correctional officers shall enter into a contract for such use.

(d) A county may contract with an independent entity to utilize a risk assessment instrument that has previously been developed for a similar purpose as provided for in this section. To utilize a risk assessment instrument developed by an independent entity in accordance with this paragraph, the risk assessment instrument must be validated by the Department of Corrections and contain the criteria enumerated in paragraph (a). If a county elects to utilize a risk assessment instrument developed or modified by an independent entity in accordance with this paragraph, the county's chief correctional officer shall enter into a contract with the independent entity for such use.

(e) A county that elects to utilize a risk assessment instrument in its supervised bond program may begin to implement the program immediately upon securing a contract for the utilization of or the completion of development or modification, and if applicable, validation of, a risk assessment instrument. A county that intends to utilize a risk assessment instrument it has already developed or modified may implement a supervised bond program immediately upon validation of the risk assessment instrument. A county that has already implemented a supervised bond program may continue to operate such program while the risk assessment instrument it utilizes is being validated. Implementation must include training of all county staff that will administer the risk assessment instrument.

(5) REPORTING.—Each county that establishes a supervised bond program pursuant to this section, or has an existing supervised bond program that operates in compliance with this section, shall provide an annual report to the Office of Program Policy Analysis and Government Accountability that details the results of the administration of the risk assessment instrument, programming used for defendants who received the assessment and were accepted into the supervised bond program, the success rate of such program, and savings realized by the county as a result of such defendants being released from custody pending trial. The annual report from the county must be submitted to OPPAGA by October 1 each year. OPPAGA shall compile the results of the counties reports for inclusion in an independent section of its annual report developed and submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives in accordance with s. 907.044.

Section 14. Section 907.0421, Florida Statutes, is created to read:

907.0421 Risk Assessment Pilot Program.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that there is a need to use evidence-based methods to reduce recidivism. The Legislature finds that the use of actuarial instruments that classify offenders according to levels of risk to reoffend provides a more consistent and accurate assessment of an offender's risk and needs. The Legislature also finds that research indicates that using accurate risk and needs assessment instruments to identify appropriate interventions and programming for offenders reduces recidivism.

(2) RISK ASSESSMENT INSTRUMENT.—

(a) The Department of Corrections shall develop a risk assessment instrument that conducts a criminogenic assessment for use in evaluating the proper placement and programming needs for a person who is arrested. The risk assessment instrument must consider, but need not be limited to, the following criteria:

1. The nature and circumstances of the offense the person committed.

2. The nature and extent of the person's prior criminal history, if any.

3. Any prior history of the person failing to appear in court.

4. The person's employment history, employability skills, and employment interests.

5. The person's educational, vocational, and technical training.

6. The person's background, including his or her family, home, and community environment.

7. The person's physical and mental health history, including any substance use.

8. An evaluation of the person's criminal thinking, criminal associates, and social awareness.

(b) The Department of Corrections may use or modify an existing risk assessment instrument, if the instrument contains the criteria enumerated in paragraph (a).

(c) The Department of Corrections shall complete the development or modification of a risk assessment instrument no later than March 1, 2019. The department may begin to implement the risk assessment instrument immediately upon completion.

Implementation, including training all staff that will administer the risk assessment instrument, must be completed by June 30, 2019.

(d) A representative of the county's chief correctional officer shall administer the risk assessment instrument as early as reasonably possible after a person's arrest, but no later than 10 business days after the arrest. If a person is released from jail pursuant to chapter 903 before the administration of the risk assessment instrument, the chief correctional officer, or his or her representative, must schedule and provide written notification of a date and time for the person to return to the jail for the administration of the risk assessment instrument. The date and time must be provided in writing upon the person's pretrial release. The risk assessment instrument may be conducted by video teleconference.

(e) A risk assessment instrument report must be made available to the person to whom the instrument is administered, his or her legal counsel, and the state attorney upon completion of the report. The Department of Corrections shall submit to the court the risk assessment instrument report, but the court may not review it without the consent of the person who is the subject of the report and his or her legal counsel.

(3) CREATION.—Contingent upon appropriations and a contract with each participating county, it is the intent of the Legislature to establish a 3-year Risk Assessment Pilot Program to perform a risk assessment evaluation on all persons arrested for a felony in participating counties.

(4) PARTICIPATING COUNTIES.—Participation in the pilot program is limited to Hillsborough, Pasco, and Pinellas

Counties. Each participating county's chief correctional officer shall enter into a 3-year contract with the Department of Corrections for the ability to utilize the risk assessment instrument that is developed in accordance with this section.

(5) PILOT PROGRAM REQUIREMENTS.—

(a) The participating counties shall administer the risk assessment instrument to all persons arrested for a felony and utilize the results of such risk assessment instrument as a tool for determining appropriate programming and sentencing with the goal of reducing recidivism.

(b) Each county participating in the pilot program shall provide an annual report to the Department of Corrections by July 1 of each year of the pilot program which details the results of the administration of the risk assessment instrument, programming used for persons who received the assessment, and the success rate of such programming. The department shall compile the county reports and submit one annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year of the pilot program.

(6) RULEMAKING.—The Department of Corrections, in consultation with a participating county's chief correctional officer, chief judge, state attorney, and public defender, may adopt rules to administer this section.

Section 15. Paragraph (b) of subsection (4) of section 907.043, Florida Statutes, is amended to read:

907.043 Pretrial release; citizens' right to know.—

(4)

(b) The annual report must contain, but need not be limited

to:

1. The name, location, and funding sources of the pretrial release program, including the amount of public funds, if any, received by the pretrial release program.

2. The operating and capital budget of each pretrial release program receiving public funds.

3.a. The percentage of the pretrial release program's total budget representing receipt of public funds.

b. The percentage of the total budget which is allocated to assisting defendants obtain release through a nonpublicly funded program.

c. The amount of fees paid by defendants to the pretrial release program.

4. The number of persons employed by the pretrial release program.

5. The number of defendants assessed and interviewed for pretrial release.

6. The number of defendants recommended for pretrial release.

7. The number of defendants for whom the pretrial release program recommended against nonsecured release.

8. The number of defendants granted nonsecured release after the pretrial release program recommended nonsecured release.

9. The number of defendants assessed and interviewed for pretrial release who were declared indigent by the court.

10. The number of defendants accepted into a pretrial release program who paid a surety or cash bail or bond.

11. The number of defendants for whom a risk assessment

tool was used in determining whether the defendant should be released pending the disposition of the case and the number of defendants for whom a risk assessment tool was not used.

12. The specific statutory citation for each criminal charge related to a defendant whose case is accepted into a pretrial release program, including, at a minimum, the number of defendants charged with dangerous crimes as defined in s. 907.041; nonviolent felonies; or misdemeanors only. A "nonviolent felony" for purposes of this subparagraph excludes the commission of, an attempt to commit, or a conspiracy to commit any of the following:

a. An offense enumerated in s. 775.084(1)(c);

b. An offense that requires a person to register as a sexual predator in accordance with s. 775.21 or as a sexual offender in accordance with s. 943.0435;

c. Failure to register as a sexual predator in violation of s. 775.21 or as a sexual offender in violation of s. 943.0435;

d. Facilitating or furthering terrorism in violation of s. 775.31;

e. A forcible felony as described in s. 776.08;

f. False imprisonment in violation of s. 787.02;

g. Burglary of a dwelling or residence in violation of s. 810.02(3).

h. Abuse, aggravated abuse, and neglect of an elderly person or disabled adult in violation of s. 825.102;

i. Abuse, aggravated abuse, and neglect of a child in violation of s. 827.03;

j. Poisoning of food or water in violation of s. 859.01;

k. Abuse of a dead human body in violation of s. 872.06;

l. A capital offense in violation of chapter 893;

m. An offense that results in serious bodily injury or death to another human; or

n. A felony offense in which the defendant used a weapon or firearm in the commission of the offense.

13. The number of defendants accepted into a pretrial release program with no prior criminal conviction.

14.~~10.~~ The name and case number of each person granted nonsecured release who:

a. Failed to attend a scheduled court appearance.

b. Was issued a warrant for failing to appear.

c. Was arrested for any offense while on release through the pretrial release program.

15.~~11.~~ Any additional information deemed necessary by the governing body to assess the performance and cost efficiency of the pretrial release program.

Section 16. Subsections (3) through (7) of section 921.0024, Florida Statutes, are amended to read:

921.0024 Criminal Punishment Code; worksheet computations; scoresheets.—

(3) A single digitized scoresheet shall be prepared for each defendant to determine the permissible range for the sentence that the court may impose, except that if the defendant is before the court for sentencing for more than one felony and the felonies were committed under more than one version or revision of the guidelines or the code, separate digitized scoresheets must be prepared. The scoresheet or scoresheets must cover all the defendant's offenses pending before the court for sentencing. The state attorney shall prepare the digitized

scoresheet or scoresheets, which must be presented to the defense counsel for review for accuracy in all cases unless the judge directs otherwise. The defendant's scoresheet or scoresheets must be approved and signed by the sentencing judge.

(4) The Department of Corrections, in consultation with the Office of the State Courts Administrator, state attorneys, and public defenders, must develop and submit the revised digitized Criminal Punishment Code scoresheet to the Supreme Court for approval by June 15 of each year, as necessary. The digitized scoresheet shall have individual, structured data cells for each data field on the scoresheet. Upon the Supreme Court's approval of the revised digitized scoresheet, the Department of Corrections shall produce and provide ~~sufficient copies of~~ the revised digitized scoresheets by September 30 of each year, as necessary. Digitized scoresheets must include individual data cells to indicate ~~item entries for the scoresheet preparer's use in indicating~~ whether any prison sentence imposed includes a mandatory minimum sentence or the sentence imposed was a downward departure from the lowest permissible sentence under the Criminal Punishment Code.

(5) The Department of Corrections shall make available ~~distribute sufficient copies of~~ the digitized Criminal Punishment Code scoresheets to those persons charged with the responsibility for preparing scoresheets.

(6) The clerk of the circuit court shall transmit a complete~~,~~ and accurate digitized~~, and legible~~ copy of the Criminal Punishment Code scoresheet used in each sentencing proceeding to the Department of Corrections. Scoresheets must be electronically transmitted no less frequently than monthly, by

the first of each month, and may be sent collectively.

(7) A digitized sentencing scoresheet must be prepared for every defendant who is sentenced for a felony offense. ~~A copy of~~ The individual offender's digitized Criminal Punishment Code scoresheet and any attachments thereto prepared pursuant to Rule 3.701, Rule 3.702, or Rule 3.703, Florida Rules of Criminal Procedure, or any other rule pertaining to the preparation and submission of felony sentencing scoresheets, must be included with ~~attached to the copy of~~ the uniform judgment and sentence form provided to the Department of Corrections.

Section 17. Subsection (1) of section 932.7061, Florida Statutes, is amended to read:

932.7061 Reporting seized property for forfeiture.—

(1) Every law enforcement agency shall submit an annual report to the Department of Law Enforcement indicating whether the agency has seized or forfeited property under the Florida Contraband Forfeiture Act. A law enforcement agency receiving or expending forfeited property or proceeds from the sale of forfeited property in accordance with the Florida Contraband Forfeiture Act shall submit a completed annual report by December 1 ~~October 10~~ documenting the receipts and expenditures. The report shall be submitted in an electronic form, maintained by the Department of Law Enforcement in consultation with the Office of Program Policy Analysis and Government Accountability, to the entity that has budgetary authority over such agency and to the Department of Law Enforcement. The annual report must, at a minimum, specify the type, approximate value, court case number, type of offense, disposition of property received, and amount of any proceeds received or expended.

Section 18. Section 943.687, Florida Statutes, is created to read:

943.687 Criminal justice data transparency.—In order to facilitate the availability of comparable and uniform criminal justice data, the department shall:

(1) Collect, compile, maintain, and manage the data submitted by local and state entities pursuant to s. 900.05 and coordinate related activities to collect and submit data. The department shall create a unique identifier for each criminal case received from the clerks of court which identifies the person who is the subject of the criminal case. The unique identifier must be the same for that person in any court case and used across local and state entities for all information related to that person at any time. The unique identifier shall be randomly created and may not include any portion of the person's social security number or date of birth.

(2) Promote criminal justice data sharing by making such data received under s. 900.05 comparable, transferable, and readily usable.

(3) Create and maintain an Internet-based database of criminal justice data received under s. 900.05 in a modern, open, electronic format that is machine-readable and readily accessible through an application program interface. The database must allow the public to search, at a minimum, by each data element, county, judicial circuit, or unique identifier. The department may not require a license or charge a fee to access or receive information from the database.

(4) Develop written agreements with local, state, and federal agencies to facilitate criminal justice data sharing.

(5) Establish by rule:

(a) Requirements for the entities subject to the requirements of s. 900.05 to submit data through an application program interface.

(b) A data catalog defining data objects, describing data fields, and detailing the meaning of and options for each data element reported pursuant to s. 900.05.

(c) How data collected pursuant to s. 900.05 is compiled, processed, structured, used, or shared. The rule shall provide for the tagging of all information associated with each case number and unique identifier.

(d) Requirements for implementing and monitoring the Internet-based database established under subsection (3).

(e) How information contained in the Internet-based database established under subsection (3) is accessed by the public.

(6) Consult with local, state, and federal criminal justice agencies and other public and private users of the database established under subsection (3) on the data elements collected under s. 900.05, the use of such data, and adding data elements to be collected.

(7) Monitor data collection procedures and test data quality to facilitate the dissemination of accurate, valid, reliable, and complete criminal justice data.

(8) Develop methods for archiving data, retrieving archived data, and data editing and verification.

Section 19. Subsection (3) of section 944.704, Florida Statutes, is amended to read:

944.704 Staff who provide transition assistance; duties.—

576-03505-18

The department shall provide a transition assistance specialist at each of the major institutions whose duties include, but are not limited to:

(3) Obtaining job placement information, ~~.~~ which must include identifying any job assignment credentialing or industry certifications for which an inmate is eligible.

The transition assistance specialist may not be a correctional officer or correctional probation officer as defined in s. 943.10.

Section 20. Subsections (3) through (6) of section 944.705, Florida Statutes, are renumbered as subsections (4), (5), (6), and (10), respectively, and new subsections (3), (7), (8), (9), and (11) are added to that section, to read:

944.705 Release orientation program.—

(3) Each inmate shall receive a comprehensive community reentry resource directory organized by the county to which the inmate is being released. The directory shall include the name, address, and telephone number of each provider, and a description of services offered. The directory must also include the name, address, and telephone number of existing portals of entry.

(7) The department shall allow a nonprofit faith-based, business and professional, civic, or community organization to apply to be registered under this section to provide inmate reentry services. Reentry services include, but are not limited to, counseling; providing information on housing and job placement; money management assistance; and programs addressing substance abuse, mental health, or co-occurring conditions.

576-03505-18

(8) The department shall adopt policies and procedures for screening, approving, and registering an organization that applies to be registered to provide inmate reentry services under subsection (7). The department may deny approval and registration of an organization or a representative from an organization if it determines that the organization or representative does not meet the department's policies or procedures.

(9) The department may contract with a public or private educational institution's Veteran's Advocacy Clinic or Veteran's Legal Clinic to assist qualified veteran inmates in applying for veteran's assistance benefits upon release.

(11) The department shall adopt rules to implement this section.

Section 21. Subsections (4) and (5) of section 944.801, Florida Statutes, are renumbered (5) and (6), respectively, and new subsection (4) is added to that section to read:

944.801 Education for state prisoners.—

(4) The Correctional Education Program may develop a Prison Entrepreneurship Program and adopt procedures for admitting student inmates. If the department elects to develop the program, it must include at least 180 days of in-prison education. Program curriculum must include a component on developing a business plan, procedures for graduation and certification of successful student inmates, and at least 90 days of transitional and postrelease continuing education services. Transitional and postrelease continuing education services may be offered to graduate student inmates on a voluntary basis and shall not be a requirement for completion of

the program. The department shall enter into agreements with public or private community colleges, junior colleges, colleges, universities, or other non-profit entities to implement the program. The program shall be funded within existing resources.

Section 22. Section 944.805, Florida Statutes, is created to read:

944.805 Certificate of achievement and employability; definitions.—

(1) As used in this section and ss. 944.806-944.8065, the term:

(a) "Discretionary civil impact" means any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:

1. The impact is triggered in whole or in part by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.

2. The impact is imposed on a person, licensing agency, or employer.

3. The impact permits, but does not require, that a convicted person have a license denied or revoked, permits an agency to deny or revoke a license or certification to a convicted person, or permits a business to refuse to employ a convicted person.

The term does not include imprisonment, probation, parole, supervised release, forfeiture, restitution, fine, assessment, or costs of prosecution.

(b) "Eligible inmate" means a person who is serving a

prison term in a state correctional institution or facility; under the supervision of the department on probation or community control; or under a postrelease control sanction; and who is eligible to apply to the department for a certificate of achievement and employability.

(c) "Licensing agency" means any regulatory or licensing entity with authority to issue, suspend, or revoke any professional license or certification.

(d) "Mandatory civil impact" means any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:

1. The impact is triggered automatically solely by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.

2. The impact is imposed on a person, licensing agency, or employer.

3. The impact precludes a convicted person from maintaining or obtaining licensure or employment, precludes a licensing agency from issuing a license or certification to a convicted person, or precludes a business from being certified or from employing a convicted person.

The term does not include imprisonment, probation, parole, supervised release, forfeiture, restitution, fine, assessment, or costs of prosecution.

Section 23. Section 944.8055, Florida Statutes, is created to read:

944.8055 Certificate of achievement and employability;

eligibility.—

(1) An eligible inmate may apply to the department at a time specified in paragraph (2)(a) for a certificate of achievement and employability if the inmate:

(a) Has satisfactorily completed one or more in-prison vocational programs approved by the department.

(b) Has demonstrated exemplary performance as determined by completion of one or more cognitive or behavioral improvement programs approved by the department while incarcerated in a state correctional institution or facility or under supervision, or during both periods of time.

(c) Shows other evidence of achievement and rehabilitation.

(d) Is not currently serving a sentence for or has not been previously convicted of a violation of a dangerous crime as defined in s. 907.041, or a violation specified as a predicate offense for registration as a sexual predator under s. 775.21 or for registration as a sexual offender under s. 943.0435.

(2)(a) An eligible inmate may apply for a certificate of achievement and employability no earlier than one year prior to the date of his or her release from department custody and no later than the actual date of release.

(b) An inmate released from a state correctional institution or facility, or under supervision or postrelease control sanction, and who satisfies all the criteria set forth in subsection (1), is eligible to apply to the department for a certificate of achievement and employability at any time while under supervision or postrelease control sanction.

(3) When applying for a certificate of achievement and employability, an eligible inmate shall specify the mandatory

civil impacts for which he or she is seeking relief through a certificate. If a mandatory civil impact of a licensing agency is affected by issuing the certificate, the department shall notify the licensing agency, provide the licensing agency with a copy of the application and documentation that the department has concerning the eligible inmate, and afford the licensing agency an opportunity to object in writing to issuing the certificate.

(4) The department shall consider the eligible inmate's application and all objections to issuing the certificate of achievement and employability. If the department determines that the inmate is eligible, the application was filed timely, and all objections to issuing the certificate are insufficient, it shall issue the certificate.

(5) A certificate of achievement or employability does not affect the mandatory civil impacts under s. 4, Art. VI of the State Constitution, or ss. 775.13, 775.21, 943.0435, and 944.292.

(6) The department is not liable for a claim for damages arising from issuing, denying, or revoking a certificate of achievement and employability or for failing to revoke a certificate under the circumstances described in s. 944.0865.

(7) The department shall adopt rules to implement this section.

Section 24. Section 944.806, Florida Statutes, is created to read:

944.806 Certificate of achievement and employability; effect.—

(1) A certificate holder who applies to a licensing agency

and has a conviction or guilty plea that otherwise would bar licensure or certification because of a mandatory civil impact shall be given individualized consideration by the licensing agency. The certificate constitutes a rebuttable presumption that the certificate holder's conviction alone is insufficient evidence that he or she is unfit for the license or certification. Notwithstanding the presumption established under this section, the licensing agency may deny the license or certification if it determines that the certificate holder is unfit for licensure or certification after considering all relevant facts and circumstances.

(2) If an employer that has hired a certificate holder applies to a licensing agency and the certificate holder has a conviction or guilty plea that otherwise would bar his or her employment with the employer, or would bar the employer's licensure or certification because of a mandatory civil impact, the agency shall give the certificate holder individualized consideration for licensure or certification. The mandatory civil impact shall be deemed a discretionary civil impact, and the certificate constitutes a rebuttable presumption that the holder's criminal convictions are insufficient evidence that he or she is unfit for the employment, or that the employer is unfit for the licensure or certification. The agency may deny the employer licensure or certification if it determines that the certificate holder is unfit for employment or that the employer is unfit for licensure or certification.

Section 25. Section 944.8065, Florida Statutes, is created to read:

944.8065 Certificate of achievement and employability;

revocation.—The department shall adopt rules governing revocation of a certificate of achievement and employability issued under s. 944.8055. The rules shall, at a minimum, require revocation if a certificate holder is convicted of or pleads guilty to a felony subsequent to the issuance of the certificate of eligibility. The department shall determine which additional offenses require revocation, considering the nature of the offense and the employment of a certificate holder.

Section 26. Section 945.041, Florida Statutes, is created to read:

945.041 Department of Corrections reports.—The department shall publish on its website and make available to the public the following information, updated on a quarterly basis:

(1) Inmate admissions by offense type. Burglary of dwelling offenses under s. 810.02(2), (3)(a), and (3)(b) must be reported as a separate category from all other property crimes.

(2) The recidivism rate, defined as rearrest, reconviction, reincarceration, and probation revocation in the state within a 3-year time period following release from incarceration.

Section 27. Current subsections (6) through (15) of section 947.005, Florida Statutes, are redesignated as subsections (8) through (17), respectively, and new subsections (6) and (7) are added to that section, to read:

947.005 Definitions.—As used in this chapter, unless the context clearly indicates otherwise:

(6) "Electronic monitoring device" means an electronic or telecommunications device that is used to track and supervise the location of a person. Such devices include, but are not limited to, voice tracking systems, position tracking systems,

position location systems, or biometric tracking systems.

(7) "Conditional medical release" means the release from a state correctional institution or facility under this chapter for medical or mental health treatment pursuant to s. 947.149.

Section 28. Section 947.149, Florida Statutes, is amended to read:

947.149 Conditional medical release.—

(1) ELIGIBILITY.—The commission shall, in conjunction with the department, establish the conditional medical release program. An inmate is eligible for supervised ~~consideration for~~ release under the conditional medical release program when the inmate, because of an existing medical or physical condition, is determined by the department to be within one of the ~~following~~ designations provided for in subsection (2) and meet the qualifications of subsection (3) or subsection (4).~~:~~

(2) DESIGNATIONS.—

(a) "Inmate with a debilitating illness," which means an inmate who is determined to be suffering from a significant and permanent terminal or nonterminal condition, disease, or syndrome that has rendered the inmate so physically or cognitively debilitated or incapacitated as to create a reasonable probability that the inmate does not constitute a danger to herself or himself or others.

(b) "Medically frail inmate," which means an inmate whose physical or mental health has deteriorated to a point that creates a reasonable probability that the inmate does not constitute a danger to herself or himself or others, as determined by a risk assessment completed by a qualified practitioner, and whose deterioration is the direct result of

the inmate's:

1. Impairment of the mental or emotional processes that exercise conscious control of one's actions or of the ability to perceive or understand reality, where such impairment substantially interferes with the person's ability to meet the ordinary demands of living;

2. History of substance abuse, as defined in s. 397.311(45); or

3. Requirement of acute long-term medical or mental health treatment or services.

(c)~~(a)~~ "Permanently incapacitated inmate," which means an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate permanently and irreversibly physically incapacitated to the extent that the inmate does not constitute a danger to herself or himself or others.

(d)~~(b)~~ "Terminally ill inmate," which means an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate terminally ill to the extent that there can be no recovery and death is expected within 12 months ~~is imminent~~, so that the inmate does not constitute a danger to herself or himself or others.

(3)~~(2)~~ PERMISSIVE CONDITIONAL MEDICAL RELEASE.—

(a) Notwithstanding any provision to the contrary, an inmate that is sentenced to the custody of the department and who qualifies for one of the designations defined in subsection (2) ~~any person determined eligible under this section and sentenced to the custody of the department~~ may, upon referral by

the department, be considered for conditional medical release by the commission, in addition to any parole consideration for which the inmate may be considered, except that conditional medical release is not authorized for an inmate who is under sentence of death. ~~No inmate has a right to conditional medical release or to a medical evaluation to determine eligibility for such release.~~

(b) ~~(3)~~ The authority and whether or not to grant conditional medical release and establish additional conditions of conditional medical release under this subsection rests solely within the discretion of the commission, in accordance with the provisions of this section, together with the authority to approve the release plan to include necessary medical care and attention.

(c) The department shall identify inmates who may be eligible for conditional medical release based upon available medical information and shall refer them to the commission for consideration.

(d) In considering an inmate for conditional medical release in accordance with this subsection, the commission may require that additional medical evidence be produced or that additional medical examinations be conducted, and may require such other investigations to be made as may be warranted.

(4) MANDATORY CONDITIONAL MEDICAL RELEASE.—

(a) An inmate is eligible for mandatory conditional medical release under this subsection if he or she qualifies for one of the designations defined in subsection (2) and the department determines that he or she meets all of the following criteria:

1. Has served at least 50 percent of his or her sentence.

2. Has no current or prior conviction for:

a. A capital, life, or first degree felony.

b. A sexual offense specified in s. 775.21(4)(a)1. or s. 943.0435(1)(h)1.a.(I).

c. An offense involving a child.

3. Has not received a disciplinary report within the previous 6 months.

4. Has never received a disciplinary report for a violent act.

5. Has renounced any gang affiliation.

(b) Any person sentenced to the custody of the department who is determined to be eligible for placement on mandatory conditional medical release in accordance with this subsection must be referred by the department to the commission. Upon receiving a referral from the department, the commission shall verify the eligibility of an inmate and, upon verification, such inmate must be placed on conditional medical release.

(c) In verifying the inmate's eligibility for mandatory conditional medical release, the commission shall review the information provided by the department.

(d) The commission must finish its verification of an inmate's eligibility within 60 days after the department refers the inmate for conditional medical release.

(5) RIGHTS NOT CONFERRED.—An inmate does not have a right to conditional medical release or to a medical evaluation to determine eligibility for such release.

(6) REFERRAL REQUIREMENTS.—The department's referral of an inmate to the commission for release under this section must include all of the following information on the inmate:

(a) The proposed conditional medical release plan.

(b) Any relevant medical history, including current medical prognosis.

(c) Criminal history. The criminal history must include all of the following information:

1. The inmate's claim of innocence, if any.

2. The degree to which the inmate accepts responsibility for his or her actions leading to the conviction of the crime.

3. How any claim of responsibility has affected the inmate's feelings of remorse.

(d) If authorized by the inmate, any history of substance abuse and mental health issues that is collected by the department in accordance with 42 C.F.R. s. 2.

(e) Any disciplinary action taken against the inmate while in prison.

(f) Any participation in prison work and other prison programs.

(g) Any other information that the department deems necessary.

(7) PLACEMENT REQUIREMENT.—A determination to approve a release on conditional medical release must take into consideration conditions such as whether:

(a) A placement option has been secured for the inmate in the community. A placement option may include, but is not limited to, home confinement or a medical or mental health facility that is not a public institution as defined at Title 42, Chapter IV, Subchapter C, Part 434, Subpart K of the Code of Federal Regulations. A placement option need not involve any type of supervision of the inmate by an employee or a private

contractor of the department or otherwise be considered a secure facility. A placement option may involve the use of an electronic monitoring device as defined in 947.005(6).

(b) The placement option secured under this section poses a minimal risk to society.

(c) The department has made a reasonable effort to determine whether expenses related to the placement option secured under this subsection are covered by Medicaid, a health care policy, a certificate of insurance, or another source for the payment of medical expenses or whether the inmate has sufficient income or assets to pay for the expenses related to the placement.

(d) The department has provided notice to the prosecutor's office in the county in which the prisoner was sentenced and to each victim entitled to notice under s. 16(b), Art. I of the State Constitution.

(8) ~~(4)~~ EFFECT OF RELEASE ON CONDITIONAL MEDICAL RELEASE.—The conditional medical release term of an inmate released on conditional medical release is for the remainder of the inmate's sentence, without diminution of sentence for good behavior. Supervision of the medical releasee must include a release plan as proposed by the department and approved by the commission and periodic medical evaluations. Supervision may also include electronic monitoring ~~at intervals determined by the commission at the time of release~~.

(9) ~~(5) (a)~~ REVOCATION AND RECOMMITMENT.—

(a) If it is discovered during the conditional medical release that the medical or physical condition of the medical releasee has improved to the extent that she or he would no

longer be eligible for conditional medical release under this section, the commission may order that the releasee be returned to the custody of the department for a conditional medical release revocation hearing, in accordance with s. 947.141. If conditional medical release is revoked due to improvement in the medical or physical condition of the releasee, she or he shall serve the balance of her or his sentence with credit for the time served on conditional medical release and without forfeiture of any gain-time accrued prior to conditional medical release. If the person whose conditional medical release is revoked due to an improvement in medical or physical condition would otherwise be eligible for parole or any other release program, the person may be considered for such release program pursuant to law.

(b) In addition to revocation of conditional medical release pursuant to paragraph (a), conditional medical release may also be revoked for violation of any condition of the release established by the commission, in accordance with s. 947.141, and the releasee's gain-time may be forfeited pursuant to s. 944.28(1).

(10) ~~(6)~~ RULEMAKING.—The department and the commission shall adopt rules as necessary to implement the conditional medical release program.

Section 29. Subsection (1) of section 948.001, Florida Statutes, is amended to read:

948.001 Definitions.—As used in this chapter, the term:

(1) "Administrative probation" means a form of no contact, nonreporting supervision ~~in which an offender who presents a low risk of harm to the community may, upon satisfactory completion~~

~~of half the term of probation, be transferred by the Department of Corrections to this type of reduced level of supervision, as provided in s. 948.013~~.

Section 30. Subsection (1) of section 948.013, Florida Statutes, is amended to read:

948.013 Administrative probation.—

(1) The Department of Corrections may transfer an offender to administrative probation if he or she presents a low risk of harm to the community and has satisfactorily completed at least half of the probation term. The department ~~of Corrections~~ may establish procedures for transferring an offender to administrative probation. The department may collect an initial processing fee of up to $50 for each probationer transferred to administrative probation. The offender is exempt from further payment for the cost of supervision as required in s. 948.09.

Section 31. Subsection (3) is added to section 948.03, Florida Statutes, to read:

948.03 Terms and conditions of probation.—

(3) The Department of Corrections shall include all conditions of probation for each probationer, as determined by the court, in the Florida Crime Information Center database.

Section 32. Subsection (1) of section 948.06, Florida Statutes, is amended, and subsection (9) is added to that section, to read:

948.06 Violation of probation or community control; revocation; modification; continuance; failure to pay restitution or cost of supervision.—

(1)(a) Whenever within the period of probation or community control there are reasonable grounds to believe that a

probationer or offender in community control has violated his or her probation or community control in a material respect, any law enforcement officer who is aware of the probationary or community control status of the probationer or offender in community control or any probation officer may arrest or request any county or municipal law enforcement officer to arrest such probationer or offender without warrant wherever found and return him or her to the court granting such probation or community control.

(b) Any committing trial court judge may issue a warrant, upon the facts being made known to him or her by affidavit of one having knowledge of such facts, for the arrest of the probationer or offender, returnable forthwith before the court granting such probation or community control. In lieu of issuing a warrant for arrest, the committing trial court judge may issue a notice to appear if the probationer or offender in community control has never been convicted of committing, and is not currently alleged to have committed, a qualifying offense as defined in this section.

(c) If a probationer or offender on community control commits a technical violation, the probation officer shall determine whether he or she is eligible for the alternative sanctioning program under subsection (9). If the probationer or offender on community control is eligible, the probation officer may proceed with the alternative sanctioning program in lieu of filing an affidavit of violation with the court. For purposes of this section, the term "technical violation" means an alleged violation of supervision that is not a new felony offense, misdemeanor offense, or criminal traffic offense.

(d) ~~(c)~~ If a judge finds reasonable grounds to believe that a probationer or an offender has violated his or her probation or community control in a material respect by committing a new violation of law, the judge may issue a warrant for the arrest of the person.

(e) ~~(d)~~ 1. At a first appearance hearing for an offender who has been arrested for violating his or her probation or community control in a material respect by committing a new violation of law the court:

a. Shall inform the person of the violation.

b. May order the person to be taken before the court that granted the probation or community control if the person admits the violation.

2. If the probationer or offender does not admit the violation at the first appearance hearing, the court:

a. May commit the probationer or offender or may release the person with or without bail to await further hearing, notwithstanding s. 907.041, relating to pretrial detention and release; or

b. May order the probationer or offender to be brought before the court that granted the probation or community control.

3. In determining whether to require or set the amount of bail, and notwithstanding s. 907.041, relating to pretrial detention and release, the court may consider whether the probationer or offender is more likely than not to receive a prison sanction for the violation.

This paragraph does not apply to a probationer or offender on

community control who is subject to the hearing requirements under subsection (4) or paragraph (8)(e).

(f) ~~(e)~~ Any probation officer, any officer authorized to serve criminal process, or any peace officer of this state is authorized to serve and execute such warrant. Any probation officer is authorized to serve such notice to appear.

(g) ~~(f)~~ Upon the filing of an affidavit alleging a violation of probation or community control and following issuance of a warrant for such violation, a warrantless arrest under this section, or a notice to appear under this section, the probationary period is tolled until the court enters a ruling on the violation. Notwithstanding the tolling of probation, the court shall retain jurisdiction over the offender for any violation of the conditions of probation or community control that is alleged to have occurred during the tolling period. The probation officer is permitted to continue to supervise any offender who remains available to the officer for supervision until the supervision expires pursuant to the order of probation or community control or until the court revokes or terminates the probation or community control, whichever comes first.

(h) ~~(g)~~ The chief judge of each judicial circuit may direct the department to use a notification letter of a technical violation in appropriate cases in lieu of a violation report, affidavit, and warrant or a notice to appear when the alleged violation is not a new felony or misdemeanor offense. Such direction must be in writing and must specify the types of specific technical violations which are to be reported by a notification letter of a technical violation, any exceptions to those violations, and the required process for submission. At

the direction of the chief judge, the department shall send the notification letter of a technical violation to the court.

~~(h)1. The chief judge of each judicial circuit, in consultation with the state attorney, the public defender, and the department, may establish an alternative sanctioning program in which the department, after receiving court approval, may enforce specified sanctions for certain technical violations of supervision. For purposes of this paragraph, the term "technical violation" means any alleged violation of supervision that is not a new felony offense, misdemeanor offense, or criminal traffic offense.~~

~~2. To establish an alternative sanctioning program, the chief judge must issue an administrative order specifying:~~

~~a. Eligibility criteria.~~

~~b. The technical violations that are eligible for the program.~~

~~c. The sanctions that may be recommended by a probation officer for each technical violation.~~

~~d. The process for reporting technical violations through the alternative sanctioning program, including approved forms.~~

~~3. If an offender is alleged to have committed a technical violation of supervision that is eligible for the program, the offender may:~~

~~a. Waive participation in the alternative sanctioning program, in which case the probation officer may submit a violation report, affidavit, and warrant to the court in accordance with this section; or~~

~~b. Elect to participate in the alternative sanctioning program after receiving written notice of an alleged technical~~

~~violation and a disclosure of the evidence against the offender, admit to the technical violation, agree to comply with the probation officer's recommended sanction if subsequently ordered by the court, and agree to waive the right to:~~

~~(I) Be represented by legal counsel.~~

~~(II) Require the state to prove his or her guilt before a neutral and detached hearing body.~~

~~(III) Subpoena witnesses and present to a judge evidence in his or her defense.~~

~~(IV) Confront and cross-examine adverse witnesses.~~

~~(V) Receive a written statement from a factfinder as to the evidence relied on and the reasons for the sanction imposed.~~

~~4. If the offender admits to committing the technical violation and agrees with the probation officer's recommended sanction, the probation officer must, before imposing the sanction, submit the recommended sanction to the court as well as documentation reflecting the offender's admission to the technical violation and agreement with the recommended sanction.~~

~~5. The court may impose the recommended sanction or may direct the department to submit a violation report, affidavit, and warrant to the court in accordance with this section.~~

~~6. An offender's participation in an alternative sanctioning program is voluntary. The offender may elect to waive or discontinue participation in an alternative sanctioning program at any time before the issuance of a court order imposing the recommended sanction.~~

~~7. If an offender waives or discontinues participation in an alternative sanctioning program, the probation officer may submit a violation report, affidavit, and warrant to the court~~

~~in accordance with this section. The offender's prior admission to the technical violation may not be used as evidence in subsequent proceedings.~~

(i) The court may allow the department to file an affidavit, notification letter, violation report, or other report under this section by facsimile or electronic submission.

(9)(a) For a first or second low-risk violation, as defined in paragraph (b), within the current term of supervision, a probation officer may offer an eligible probationer one or more of the following as an alternative sanction:

1. Up to five days in the county detention facility;

2. Up to fifty additional community service hours;

3. Counseling or treatment;

4. Support group attendance;

5. Drug testing;

6. Loss of travel or other privileges;

7. Curfew for up to thirty days;

8. House arrest for up to thirty days; or

9. Any other sanction as determined by administrative order by the chief judge of the circuit.

(b) When committed by a probationer, a low-risk violation includes:

1. Positive drug or alcohol test result;

2. Failure to report to the probation office;

3. Failure to report a change in address or other required information;

4. Failure to attend a required class, treatment or counseling session, or meeting;

5. Failure to submit to a drug or alcohol test;

6. Violation of curfew;

7. Failure to meet a monthly quota on any required probation condition, including, but not limited to, making restitution payments, payment of court costs, and completing community service hours;

8. Leaving the county without permission;

9. Failure to report a change in employment;

10. Associating with a person engaged in criminal activity; or

11. Any other violation as determined by administrative order of the chief judge of the circuit.

(c) For a first time moderate-risk violation, as defined in paragraph (d), within the current term of supervision, a probation officer, with supervisor approval, may offer an eligible probationer or offender on community control one or more of the following as an alternative sanction:

1. Up to 21 days in the county detention facility;

2. Curfew for up to 90 days;

3. House arrest for up to 90 days;

4. Electronic monitoring for up to 90 days;

5. Residential treatment for up to 90 days;

6. Any other sanction available for a low-risk violation; or

7. Any other sanction as determined by administrative order of the chief judge of the circuit.

(d) A moderate-risk violation includes:

1. A violation listed under paragraph (b) when committed by an offender on community control;

2. Failure to remain at an approved residence by an

offender on community control;

3. A third violation listed under paragraph (b) by a probationer within the current term of supervision; or

4. Any other violation as determined by administrative order by the chief judge of the circuit.

(e) A probationer or offender on community control is not eligible for an alternative sanction if:

1. He or she is a violent felony offender of special concern, as defined in paragraph (8)(b).

2. The violation is a felony, misdemeanor, or criminal traffic offense.

3. The violation is absconding.

4. The violation is of a stay-away order or no-contact order.

5. The violation is not identified as low-risk or moderate-risk under this paragraph or by administrative order.

6. He or she has a prior moderate-risk level violation during the current term of supervision.

7. He or she has three prior low-risk level violations during the same term of supervision.

8. The term of supervision is scheduled to terminate in less than 90 days.

9. The terms of the sentence prohibit alternative sanctioning.

(f) If a probationer or offender on community control is eligible for the alternative sanctioning program, he or she may:

1. Waive participation in the program, in which case the probation officer may submit a violation report, affidavit, and warrant to the court; or

2. Elect to participate in the program after receiving written notice of an alleged technical violation and disclosure of the evidence against him or her, admit to the technical violation, agree to comply with the probation officer's recommended sanction if subsequently ordered by the court, and agree to waive the right to:

a. Be represented by legal counsel.

b. Require the state to prove his or her guilt before a neutral and detached hearing body.

c. Subpoena witnesses and present to a judge evidence in his or her defense.

d. Confront and cross-examine adverse witnesses.

e. Receive a written statement from a judge as to the evidence relied on and the reasons for the sanction imposed.

3. If the probationer or offender on community control admits to committing the technical violation and agrees with the probation officer's recommended sanction, the probation officer must, before imposing the sanction, submit the recommended sanction to the court with documentation reflecting the probationer's admission to the technical violation and agreement with the recommended sanction.

(g) The court may impose the recommended sanction or direct the department to submit a violation report, affidavit, and warrant to the court.

(h) An offender's participation in the program is voluntary. The probationer or offender on community control may waive or discontinue participation in the program at any time before the court imposes a recommended sanction.

(i) If a probationer or offender on community control

waives or discontinues participation in the program or fails to complete successfully all alternative sanctions within 90 days of imposition or within the timeframe specified in the agreed upon sanction, the probation officer may submit a violation report, affidavit, and warrant to the court. A prior admission by the probationer or offender on community control to a technical violation may not be used as evidence in subsequent proceedings.

(j) Each judicial circuit shall establish an alternative sanctioning program as provided in this subsection. The chief judge of each judicial circuit may, by administrative order, define additional sanctions or eligibility criteria and specify the process for reporting technical violations through the alternative sanctioning program.

Section 33. Section 948.081, Florida Statutes, is created to read:

948.081 Community court programs.-

(1) Each judicial circuit may establish a community court program for defendants charged with certain misdemeanor offenses. Each community court shall, at a minimum:

(a) Adopt a nonadversarial approach.

(b) Establish an advisory committee to recommend solutions and sanctions in each case.

(c) Consider the needs of the victim.

(d) Consider individualized treatment services for the defendant.

(e) Provide for judicial leadership and interaction.

(f) Monitor the defendant's compliance.

(2) In the event a county elects to establish a community

court program pursuant to this section, the chief judge of the judicial circuit shall, by administrative order, specify each misdemeanor crime eligible for the community court program. In making such determination, the chief judge shall consider the particular needs and concerns of the communities within the judicial circuit.

(3) The Department of Corrections, Department of Juvenile Justice, Department of Health, Department of Law Enforcement, Department of Education, law enforcement agencies, and other government entities involved in the criminal justice system shall support such community court programs.

(4) A defendant's entry into a community court program shall be voluntary.

(5) Each community court program shall have a resource coordinator who:

(a) Coordinates the responsibilities of the participating agencies and service providers;

(b) Provides case management services;

(c) Monitors compliance by defendants with court requirements; and

(d) Manages the collection of data for program evaluation and accountability.

(6) The chief judge of the judicial circuit shall appoint an advisory committee for each community court. Membership must include, at a minimum:

(a) The chief judge or a community court judge designated by the chief judge, who shall serve as chair;

(b) The state attorney;

(c) The public defender; and

(d) The community court resource coordinator.

The committee may also include community stakeholders, treatment representatives, and other persons the chair deems appropriate.

(7) The advisory committee shall review each defendant's case. Each committee member may make recommendations to the judge, including appropriate sanctions and treatment solutions for the defendant. The judge shall consider such recommendations and make the final decision concerning sanctions and treatment with respect to each defendant.

(8) Each judicial circuit that establishes a community court program pursuant to this section shall report client-level and programmatic data to the Office of State Courts Administrator annually for program evaluation. Client-level data include primary offenses resulting in the community court referral or sentence, treatment compliance, completion status, reasons for failing to complete the program, offenses committed during treatment and sanctions imposed, frequency of court appearances, and units of service. Programmatic data include referral and screening procedures, eligibility criteria, type and duration of treatment offered, and residential treatment resources.

(9) Community court program funding must be secured from sources other than the state for costs not assumed by the state under s. 29.004. However, this subsection does not preclude the use of funds provided for treatment and other services through state executive branch agencies.

Section 34. For the purpose of incorporating the amendment made by this act to section 944.801, Florida Statutes, in a

reference thereto, subsection (3) of section 447.203, Florida Statutes, is reenacted to read:

447.203 Definitions.—As used in this part:

(2) "Public employer" or "employer" means the state or any county, municipality, or special district or any subdivision or agency thereof which the commission determines has sufficient legal distinctiveness properly to carry out the functions of a public employer. With respect to all public employees determined by the commission as properly belonging to a statewide bargaining unit composed of State Career Service System employees or Selected Professional Service employees, the Governor shall be deemed to be the public employer; and the Board of Governors of the State University System, or the board's designee, shall be deemed to be the public employer with respect to all public employees of each constituent state university. The board of trustees of a community college shall be deemed to be the public employer with respect to all employees of the community college. The district school board shall be deemed to be the public employer with respect to all employees of the school district. The Board of Trustees of the Florida School for the Deaf and the Blind shall be deemed to be the public employer with respect to the academic and academic administrative personnel of the Florida School for the Deaf and the Blind. The Governor shall be deemed to be the public employer with respect to all employees in the Correctional Education Program of the Department of Corrections established pursuant to s. 944.801.

Section 35. For the purpose of incorporating the amendment made by this act to section 944.704, Florida Statutes, in a

reference thereto, subsection (3) of section 944.026, Florida Statutes, is reenacted to read:

944.026 Community-based facilities and programs.—

(3)(a) The department shall develop and implement procedures to diagnose offenders prior to sentencing, for the purpose of recommending to the sentencing court suitable candidates for placement in a community-based residential drug treatment facility or probation and restitution center as provided in this section. The department shall also develop and implement procedures to properly identify inmates prior to release who demonstrate the need for or interest in and suitability for placement in a community-based substance abuse transition housing program as provided in this section and pursuant to ss. 944.4731 and 944.704.

(b) Pretrial intervention programs in appropriate counties to provide early counseling and supervision services to specified offenders as provided in s. 948.08.

Section 36. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, subsection (6) of section 316.1935, Florida Statutes, is reenacted to read:

316.1935 Fleeing or attempting to elude a law enforcement officer; aggravated fleeing or eluding.—

(6) Notwithstanding s. 948.01, no court may suspend, defer, or withhold adjudication of guilt or imposition of sentence for any violation of this section. A person convicted and sentenced to a mandatory minimum term of incarceration under paragraph (3)(b) or paragraph (4)(b) is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early

576-03505-18

release, other than pardon or executive clemency or conditional medical release under s. 947.149, prior to serving the mandatory minimum sentence.

Section 37. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, paragraph (k) of subsection (4) of section 775.084, Florida Statutes, is reenacted to read:

775.084 Violent career criminals; habitual felony offenders and habitual violent felony offenders; three-time violent felony offenders; definitions; procedure; enhanced penalties or mandatory minimum prison terms.—

(4)

(k)1. A defendant sentenced under this section as a habitual felony offender, a habitual violent felony offender, or a violent career criminal is eligible for gain-time granted by the Department of Corrections as provided in s. 944.275(4)(b).

2. For an offense committed on or after October 1, 1995, a defendant sentenced under this section as a violent career criminal is not eligible for any form of discretionary early release, other than pardon or executive clemency, or conditional medical release granted pursuant to s. 947.149.

3. For an offense committed on or after July 1, 1999, a defendant sentenced under this section as a three-time violent felony offender shall be released only by expiration of sentence and shall not be eligible for parole, control release, or any form of early release.

Section 38. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in references thereto, paragraph (b) of subsection (2) and

576-03505-18

paragraph (b) of subsection (3) of section 775.087, Florida Statutes, are reenacted to read:

775.087 Possession or use of weapon; aggravated battery; felony reclassification; minimum sentence.—

(2)

(b) Subparagraph (a)1., subparagraph (a)2., or subparagraph (a)3. does not prevent a court from imposing a longer sentence of incarceration as authorized by law in addition to the minimum mandatory sentence, or from imposing a sentence of death pursuant to other applicable law. Subparagraph (a)1., subparagraph (a)2., or subparagraph (a)3. does not authorize a court to impose a lesser sentence than otherwise required by law.

Notwithstanding s. 948.01, adjudication of guilt or imposition of sentence shall not be suspended, deferred, or withheld, and the defendant is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, prior to serving the minimum sentence.

(3)

(b) Subparagraph (a)1., subparagraph (a)2., or subparagraph (a)3. does not prevent a court from imposing a longer sentence of incarceration as authorized by law in addition to the minimum mandatory sentence, or from imposing a sentence of death pursuant to other applicable law. Subparagraph (a)1., subparagraph (a)2., or subparagraph (a)3. does not authorize a court to impose a lesser sentence than otherwise required by law.

Notwithstanding s. 948.01, adjudication of guilt or imposition of sentence shall not be suspended, deferred, or withheld, and the defendant is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, prior to serving the minimum sentence.

Section 39. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, subsection (3) of section 784.07, Florida Statutes, is reenacted to read:

784.07 Assault or battery of law enforcement officers, firefighters, emergency medical care providers, public transit employees or agents, or other specified officers; reclassification of offenses; minimum sentences.—

(3) Any person who is convicted of a battery under paragraph (2)(b) and, during the commission of the offense, such person possessed:

(a) A "firearm" or "destructive device" as those terms are defined in s. 790.001, shall be sentenced to a minimum term of imprisonment of 3 years.

(b) A semiautomatic firearm and its high-capacity detachable box magazine, as defined in s. 775.087(3), or a machine gun as defined in s. 790.001, shall be sentenced to a minimum term of imprisonment of 8 years.

Notwithstanding s. 948.01, adjudication of guilt or imposition of sentence shall not be suspended, deferred, or withheld, and the defendant is not eligible for statutory gain-time under s.

944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, prior to serving the minimum sentence.

Section 40. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, subsection (1) of section 790.235, Florida Statutes, is reenacted to read:

790.235 Possession of firearm or ammunition by violent career criminal unlawful; penalty.—

(1) Any person who meets the violent career criminal criteria under s. 775.084(1)(d), regardless of whether such person is or has previously been sentenced as a violent career criminal, who owns or has in his or her care, custody, possession, or control any firearm, ammunition, or electric weapon or device, or carries a concealed weapon, including a tear gas gun or chemical weapon or device, commits a felony of the first degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084. A person convicted of a violation of this section shall be sentenced to a mandatory minimum of 15 years' imprisonment; however, if the person would be sentenced to a longer term of imprisonment under s. 775.084(4)(d), the person must be sentenced under that provision. A person convicted of a violation of this section is not eligible for any form of discretionary early release, other than pardon, executive clemency, or conditional medical release under s. 947.149.

Section 41. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, subsection (7) of section 794.0115, Florida

Statutes, is reenacted to read:

794.0115 Dangerous sexual felony offender; mandatory sentencing.—

(7) A defendant sentenced to a mandatory minimum term of imprisonment under this section is not eligible for statutory gain-time under s. 944.275 or any form of discretionary early release, other than pardon or executive clemency, or conditional medical release under s. 947.149, before serving the minimum sentence.

Section 42. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, paragraphs (b), (c), and (g) of subsection (1) and subsection (3) of section 893.135, Florida Statutes, are reenacted to read:

893.135 Trafficking; mandatory sentences; suspension or reduction of sentences; conspiracy to engage in trafficking.—

(1) Except as authorized in this chapter or in chapter 499 and notwithstanding the provisions of s. 893.13:

(b)1. Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 28 grams or more of cocaine, as described in s. 893.03(2)(a)4., or of any mixture containing cocaine, but less than 150 kilograms of cocaine or any such mixture, commits a felony of the first degree, which felony shall be known as "trafficking in cocaine," punishable as provided in s. 775.082, s. 775.083, or s. 775.084. If the quantity involved:

a. Is 28 grams or more, but less than 200 grams, such person shall be sentenced to a mandatory minimum term of

imprisonment of 3 years, and the defendant shall be ordered to pay a fine of $50,000.

b. Is 200 grams or more, but less than 400 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 7 years, and the defendant shall be ordered to pay a fine of $100,000.

c. Is 400 grams or more, but less than 150 kilograms, such person shall be sentenced to a mandatory minimum term of imprisonment of 15 calendar years and pay a fine of $250,000.

2. Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 150 kilograms or more of cocaine, as described in s. 893.03(2)(a)4., commits the first degree felony of trafficking in cocaine. A person who has been convicted of the first degree felony of trafficking in cocaine under this subparagraph shall be punished by life imprisonment and is ineligible for any form of discretionary early release except pardon or executive clemency or conditional medical release under s. 947.149. However, if the court determines that, in addition to committing any act specified in this paragraph:

a. The person intentionally killed an individual or counseled, commanded, induced, procured, or caused the intentional killing of an individual and such killing was the result; or

b. The person's conduct in committing that act led to a natural, though not inevitable, lethal result,

such person commits the capital felony of trafficking in cocaine, punishable as provided in ss. 775.082 and 921.142. Any

person sentenced for a capital felony under this paragraph shall also be sentenced to pay the maximum fine provided under subparagraph 1.

3. Any person who knowingly brings into this state 300 kilograms or more of cocaine, as described in s. 893.03(2)(a)4., and who knows that the probable result of such importation would be the death of any person, commits capital importation of cocaine, a capital felony punishable as provided in ss. 775.082 and 921.142. Any person sentenced for a capital felony under this paragraph shall also be sentenced to pay the maximum fine provided under subparagraph 1.

(c)1. A person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 4 grams or more of any morphine, opium, hydromorphone, or any salt, derivative, isomer, or salt of an isomer thereof, including heroin, as described in s. 893.03(1)(b), (2)(a), (3)(c)3., or (3)(c)4., or 4 grams or more of any mixture containing any such substance, but less than 30 kilograms of such substance or mixture, commits a felony of the first degree, which felony shall be known as "trafficking in illegal drugs," punishable as provided in s. 775.082, s. 775.083, or s. 775.084. If the quantity involved:

a. Is 4 grams or more, but less than 14 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years and shall be ordered to pay a fine of $50,000.

b. Is 14 grams or more, but less than 28 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 15 years and shall be ordered to pay a fine of $100,000.

c. Is 28 grams or more, but less than 30 kilograms, such person shall be sentenced to a mandatory minimum term of imprisonment of 25 years and shall be ordered to pay a fine of $500,000.

2. A person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 14 grams or more of hydrocodone, as described in s. 893.03(2)(a)1.j., codeine, as described in s. 893.03(2)(a)1.g., or any salt thereof, or 14 grams or more of any mixture containing any such substance, commits a felony of the first degree, which felony shall be known as "trafficking in hydrocodone," punishable as provided in s. 775.082, s. 775.083, or s. 775.084. If the quantity involved:

a. Is 14 grams or more, but less than 28 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years and shall be ordered to pay a fine of $50,000.

b. Is 28 grams or more, but less than 50 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 7 years and shall be ordered to pay a fine of $100,000.

c. Is 50 grams or more, but less than 200 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 15 years and shall be ordered to pay a fine of $500,000.

d. Is 200 grams or more, but less than 30 kilograms, such person shall be sentenced to a mandatory minimum term of imprisonment of 25 years and shall be ordered to pay a fine of $750,000.

3. A person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in

actual or constructive possession of, 7 grams or more of oxycodone, as described in s. 893.03(2)(a)1.o., or any salt thereof, or 7 grams or more of any mixture containing any such substance, commits a felony of the first degree, which felony shall be known as "trafficking in oxycodone," punishable as provided in s. 775.082, s. 775.083, or s. 775.084. If the quantity involved:

a. Is 7 grams or more, but less than 14 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years and shall be ordered to pay a fine of $50,000.

b. Is 14 grams or more, but less than 25 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 7 years and shall be ordered to pay a fine of $100,000.

c. Is 25 grams or more, but less than 100 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 15 years and shall be ordered to pay a fine of $500,000.

d. Is 100 grams or more, but less than 30 kilograms, such person shall be sentenced to a mandatory minimum term of imprisonment of 25 years and shall be ordered to pay a fine of $750,000.

4.a. A person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 4 grams or more of:

(I) Alfentanil, as described in s. 893.03(2)(b)1.;

(II) Carfentanil, as described in s. 893.03(2)(b)6.;

(III) Fentanyl, as described in s. 893.03(2)(b)9.;

(IV) Sufentanil, as described in s. 893.03(2)(b)29.;

(V) A fentanyl derivative, as described in s.

893.03(1)(a)62.;

(VI) A controlled substance analog, as described in s. 893.0356, of any substance described in sub-sub-subparagraphs (I)-(V); or

(VII) A mixture containing any substance described in sub-sub-subparagraphs (I)-(VI),

commits a felony of the first degree, which felony shall be known as "trafficking in fentanyl," punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

b. If the quantity involved under sub-subparagraph a.:

(I) Is 4 grams or more, but less than 14 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years, and shall be ordered to pay a fine of $50,000.

(II) Is 14 grams or more, but less than 28 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 15 years, and shall be ordered to pay a fine of $100,000.

(III) Is 28 grams or more, such person shall be sentenced to a mandatory minimum term of imprisonment of 25 years, and shall be ordered to pay a fine of $500,000.

5. A person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 30 kilograms or more of any morphine, opium, oxycodone, hydrocodone, codeine, hydromorphone, or any salt, derivative, isomer, or salt of an isomer thereof, including heroin, as described in s. 893.03(1)(b), (2)(a), (3)(c)3., or (3)(c)4., or 30 kilograms or more of any mixture containing any such substance, commits the

first degree felony of trafficking in illegal drugs. A person who has been convicted of the first degree felony of trafficking in illegal drugs under this subparagraph shall be punished by life imprisonment and is ineligible for any form of discretionary early release except pardon or executive clemency or conditional medical release under s. 947.149. However, if the court determines that, in addition to committing any act specified in this paragraph:

a. The person intentionally killed an individual or counseled, commanded, induced, procured, or caused the intentional killing of an individual and such killing was the result; or

b. The person's conduct in committing that act led to a natural, though not inevitable, lethal result,

such person commits the capital felony of trafficking in illegal drugs, punishable as provided in ss. 775.082 and 921.142. A person sentenced for a capital felony under this paragraph shall also be sentenced to pay the maximum fine provided under subparagraph 1.

6. A person who knowingly brings into this state 60 kilograms or more of any morphine, opium, oxycodone, hydrocodone, codeine, hydromorphone, or any salt, derivative, isomer, or salt of an isomer thereof, including heroin, as described in s. 893.03(1)(b), (2)(a), (3)(c)3., or (3)(c)4., or 60 kilograms or more of any mixture containing any such substance, and who knows that the probable result of such importation would be the death of a person, commits capital importation of illegal drugs, a capital felony punishable as

provided in ss. 775.082 and 921.142. A person sentenced for a capital felony under this paragraph shall also be sentenced to pay the maximum fine provided under subparagraph 1.

(g)1. Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state, or who is knowingly in actual or constructive possession of, 4 grams or more of flunitrazepam or any mixture containing flunitrazepam as described in s. 893.03(1)(a) commits a felony of the first degree, which felony shall be known as "trafficking in flunitrazepam," punishable as provided in s. 775.082, s. 775.083, or s. 775.084. If the quantity involved:

a. Is 4 grams or more but less than 14 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 3 years, and the defendant shall be ordered to pay a fine of $50,000.

b. Is 14 grams or more but less than 28 grams, such person shall be sentenced to a mandatory minimum term of imprisonment of 7 years, and the defendant shall be ordered to pay a fine of $100,000.

c. Is 28 grams or more but less than 30 kilograms, such person shall be sentenced to a mandatory minimum term of imprisonment of 25 calendar years and pay a fine of $500,000.

2. Any person who knowingly sells, purchases, manufactures, delivers, or brings into this state or who is knowingly in actual or constructive possession of 30 kilograms or more of flunitrazepam or any mixture containing flunitrazepam as described in s. 893.03(1)(a) commits the first degree felony of trafficking in flunitrazepam. A person who has been convicted of the first degree felony of trafficking in flunitrazepam under

this subparagraph shall be punished by life imprisonment and is ineligible for any form of discretionary early release except pardon or executive clemency or conditional medical release under s. 947.149. However, if the court determines that, in addition to committing any act specified in this paragraph:

a. The person intentionally killed an individual or counseled, commanded, induced, procured, or caused the intentional killing of an individual and such killing was the result; or

b. The person's conduct in committing that act led to a natural, though not inevitable, lethal result,

such person commits the capital felony of trafficking in flunitrazepam, punishable as provided in ss. 775.082 and 921.142. Any person sentenced for a capital felony under this paragraph shall also be sentenced to pay the maximum fine provided under subparagraph 1.

(3) Notwithstanding the provisions of s. 948.01, with respect to any person who is found to have violated this section, adjudication of guilt or imposition of sentence shall not be suspended, deferred, or withheld, nor shall such person be eligible for parole prior to serving the mandatory minimum term of imprisonment prescribed by this section. A person sentenced to a mandatory minimum term of imprisonment under this section is not eligible for any form of discretionary early release, except pardon or executive clemency or conditional medical release under s. 947.149, prior to serving the mandatory minimum term of imprisonment.

Section 43. For the purpose of incorporating the amendment

made by this act to section 947.149, Florida Statutes, in a reference thereto, subsection (2) of section 921.0024, Florida Statutes, is reenacted to read:

921.0024 Criminal Punishment Code; worksheet computations; scoresheets.—

(2) The lowest permissible sentence is the minimum sentence that may be imposed by the trial court, absent a valid reason for departure. The lowest permissible sentence is any nonstate prison sanction in which the total sentence points equals or is less than 44 points, unless the court determines within its discretion that a prison sentence, which may be up to the statutory maximums for the offenses committed, is appropriate. When the total sentence points exceeds 44 points, the lowest permissible sentence in prison months shall be calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent. The total sentence points shall be calculated only as a means of determining the lowest permissible sentence. The permissible range for sentencing shall be the lowest permissible sentence up to and including the statutory maximum, as defined in s. 775.082, for the primary offense and any additional offenses before the court for sentencing. The sentencing court may impose such sentences concurrently or consecutively. However, any sentence to state prison must exceed 1 year. If the lowest permissible sentence under the code exceeds the statutory maximum sentence as provided in s. 775.082, the sentence required by the code must be imposed. If the total sentence points are greater than or equal to 363, the court may sentence the offender to life imprisonment. An offender sentenced to life imprisonment under

this section is not eligible for any form of discretionary early release, except executive clemency or conditional medical release under s. 947.149.

Section 44. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, paragraph (b) of subsection (7) of section 944.605, Florida Statutes, is reenacted to read:

944.605 Inmate release; notification; identification card.—

(7)

(b) Paragraph (a) does not apply to inmates who:

1. The department determines have a valid driver license or state identification card, except that the department shall provide these inmates with a replacement state identification card or replacement driver license, if necessary.

2. Have an active detainer, unless the department determines that cancellation of the detainer is likely or that the incarceration for which the detainer was issued will be less than 12 months in duration.

3. Are released due to an emergency release or a conditional medical release under s. 947.149.

4. Are not in the physical custody of the department at or within 180 days before release.

5. Are subject to sex offender residency restrictions, and who, upon release under such restrictions, do not have a qualifying address.

Section 45. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, paragraph (b) of subsection (1) of section 944.70, Florida Statutes, is reenacted to read:

944.70 Conditions for release from incarceration.—

(1)

(b) A person who is convicted of a crime committed on or after January 1, 1994, may be released from incarceration only:

1. Upon expiration of the person’s sentence;

2. Upon expiration of the person’s sentence as reduced by accumulated meritorious or incentive gain-time;

3. As directed by an executive order granting clemency;

4. Upon placement in a conditional release program pursuant to s. 947.1405 or a conditional medical release program pursuant to s. 947.149; or

5. Upon the granting of control release, including emergency control release, pursuant to s. 947.146.

Section 46. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, paragraph (h) of subsection (1) of section 947.13, Florida Statutes, is reenacted to read:

947.13 Powers and duties of commission.—

(1) The commission shall have the powers and perform the duties of:

(h) Determining what persons will be released on conditional medical release under s. 947.149, establishing the conditions of conditional medical release, and determining whether a person has violated the conditions of conditional medical release and taking action with respect to such a violation.

Section 47. For the purpose of incorporating the amendment made by this act to section 947.149, Florida Statutes, in a reference thereto, subsections (1), (2), and (7) of section

485662

576-03505-18

947.141, Florida Statutes, are reenacted to read:

947.141 Violations of conditional release, control release, or conditional medical release or addiction-recovery supervision.—

(1) If a member of the commission or a duly authorized representative of the commission has reasonable grounds to believe that an offender who is on release supervision under s. 947.1405, s. 947.146, s. 947.149, or s. 944.4731 has violated the terms and conditions of the release in a material respect, such member or representative may cause a warrant to be issued for the arrest of the releasee; if the offender was found to be a sexual predator, the warrant must be issued.

(2) Upon the arrest on a felony charge of an offender who is on release supervision under s. 947.1405, s. 947.146, s. 947.149, or s. 944.4731, the offender must be detained without bond until the initial appearance of the offender at which a judicial determination of probable cause is made. If the trial court judge determines that there was no probable cause for the arrest, the offender may be released. If the trial court judge determines that there was probable cause for the arrest, such determination also constitutes reasonable grounds to believe that the offender violated the conditions of the release. Within 24 hours after the trial court judge's finding of probable cause, the detention facility administrator or designee shall notify the commission and the department of the finding and transmit to each a facsimile copy of the probable cause affidavit or the sworn offense report upon which the trial court judge's probable cause determination is based. The offender must continue to be detained without bond for a period not exceeding

485662

576-03505-18

72 hours excluding weekends and holidays after the date of the probable cause determination, pending a decision by the commission whether to issue a warrant charging the offender with violation of the conditions of release. Upon the issuance of the commission's warrant, the offender must continue to be held in custody pending a revocation hearing held in accordance with this section.

(7) If a law enforcement officer has probable cause to believe that an offender who is on release supervision under s. 947.1405, s. 947.146, s. 947.149, or s. 944.4731 has violated the terms and conditions of his or her release by committing a felony offense, the officer shall arrest the offender without a warrant, and a warrant need not be issued in the case.

Section 48. This act shall take effect October 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1218
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Criminal Justice Committee; and Senator Brandes
SUBJECT:	Public Safety
DATE:	March 5, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Cox	Jones	CJ	**Fav/CS**
2.	Forbes	Sadberry	ACJ	**Recommend: Fav/CS**
3.	Forbes	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1218 makes changes to a number of provisions related to public safety and the criminal justice system, including:

- Creating the "Florida Correctional Operations Oversight Council" to oversee the criminal and juvenile justice systems;
- Clarifying that law enforcement mutual aid agreements may be used to increase law enforcement presence in the event of an emergency response or evacuation;
- Requiring sheriffs to provide security to the trial court and coordinate with the chief judge on security matters;
- Requiring each circuit to establish a "Driver License Reinstatement Days Program" (Reinstatement Days Program) involving specified entities and hold events through the Reinstatement Days Program on one or more days where a person can pay specified fees and obtain license reinstatement;
- Prohibiting issuance of an attorney's fee in protective injunctions for repeat, sexual, or dating violence or stalking;
- Increasing the threshold amounts of various theft offenses;
- Expanding the third-degree felony offense of grand theft of commercially farmed animals by including birds that are commercially farmed;
- Making it a third-degree felony for a person to commit any utility theft by removing the application of theft threshold amounts to this offense;

- Limiting the reclassification of specified theft offenses to adult convictions that have occurred a certain number of times within specified time frames;
- Authorizing a court to depart from the imposition of a mandatory minimum sentence in drug trafficking cases if certain circumstances are met;
- Establishing a centralized system of uniform data collection for the entire criminal justice system to ensure data transparency;
- Requiring specified criminal justice entities to collect certain data on a monthly basis and report such data to the Florida Department of Law Enforcement (FDLE) quarterly;
- For data reported pursuant to data transparency provisions, the FDLE must:
  - Establish a unique identifier for every person who is the subject of a criminal case, which will be used for all local and state entities' reported data related to that person in order to track that individual's entire experience in Florida's criminal justice system;
  - Create a publicly accessible and searchable database for the data reported;
- Modifying the sentencing scoresheet to a digital format and requiring information contained in the scoresheet to be reported to the FDLE and included in the publicly available database;
- Creating a pilot program in the 6th Judicial Circuit to ensure program data collected is valid and providing an appropriation, including nine FTEs, within the FDLE to support the implementation of data collection and transparency;
- Authorizing counties to establish a supervised bond program (Bond Program), which allows eligible defendants to be released on active electronic monitoring, continuous alcohol monitoring, or both subsequent to the administration of a risk assessment instrument (RAI) by the county's chief correctional officer (sheriff) and acceptance into the Bond program;
- Creating a Risk Assessment Pilot Program in Hillsborough, Pasco, and Pinellas Counties that requires the counties to administer a RAI to all persons arrested for a felony offense in the county for use in programming and sentencing;
- Requiring transition assistance staff within the Department of Corrections (DOC) to identify industry certifications or job assignment credentialing for which an inmate is eligible;
- Requiring the DOC to provide inmates with a comprehensive community reentry resource directory that includes specified information related to services and portals available in the county to which the inmate is to be released;
- Permitting specified entities to apply with the DOC to be registered to provide inmate reentry services and requiring the DOC to create a process for screening, approving, and registering such entities;
- Authorizing the DOC to contract with specified Veteran's Advocacy Clinics to assist qualified veterans with obtaining services in the community upon release;
- Authorizing the DOC to develop a Prison Entrepreneurship Program that includes education with specified curriculum;
- Creating a "certificate of achievement and employability" application process where the DOC may issue certificates to specified eligible inmates that require licensing agencies to individually consider licensing decisions of certificate holders;
- Prohibiting a licensing agency from denying a professional license to a certificate holder solely on the basis of a criminal conviction;
- Creating two new designations for conditional medical release (CMR) ("inmate with a debilitating illness" and "medically frail inmate") and modifying the current designation of "terminally ill inmate";

- Creating a new "Mandatory Conditional Medical Release" process that requires, rather than permits, the Florida Commission on Offender Review (FCOR) to release an inmate that meets one of four designations if specified factors are met;
- Requiring each circuit to create an alternative sanctions program to handle specified types and occurrences of technical violations of probation or community control outside of a hearing with the judge's concurrence;
- Authorizing a circuit to create a community court program for certain defendants charged with misdemeanors;
- Adding specified data to the information that must be reported in the Office of Program Policy Analysis and Government Accountability's (OPPAGA) annual pretrial programs report (s. 907.043, F.S.);
- Requiring the counties to report use and success of the supervised bond program and community court programs created by the act; and
- Modifying the submission date from October 10th to December 1st for the annual contraband seizure report (s. 932.7061, F.S.).

The bill makes the following appropriations:

- $205,000 from the General Revenue Fund to the Executive Office of the Governor and authorizes one full-time-equivalent position to administer the Florida Correctional Operations Council.
- $1.75 million from the General Revenue Fund to the Department of Law Enforcement and authorizes nine full-time-equivalent positions to crime reporting, and collecting and submitting crime statistics.

The Department of Corrections, the Department of Law Enforcement, and local governments are expected to incur significant costs associated with additional workload and the need for information technology updates for which no funds are provided to implement the provisions of this bill. The Department of Law Enforcement expects to experience a reduction in revenues associated with the criminal history records. See Section V. Fiscal Impact Statement.

The bill takes effect October 1, 2018.

II. Present Situation:

Refer to Section III. Effect of Proposed Changes for discussion of the relevant portions of current law.

III. Effect of Proposed Changes:

Supervised Bond Program (Section 15)

Pretrial Release Subsequent to an Arrest

The Florida Constitution provides that every person charged with a crime is entitled to pretrial release with reasonable conditions.[1] There are three types of pretrial release for a defendant who is awaiting trial: posting of a bail or surety bond, pretrial release conditions, or release on his or her own recognizance.[2]

Bail and Surety Bond

The purpose of a bail determination in criminal proceedings is intended to ensure the defendant's appearance at subsequent proceedings and protect the community against unreasonable danger from the defendant.[3] Bail is a common monetary condition of pretrial release, governed by ch. 903, F.S. [4] For the defendant to be released from jail, a court may require bail by a defendant to provide security, such as cash or a bond to ensure that he or she will return for trial and any other required court appearances.[5]

As an alternative to posting the entire bail amount, a defendant may provide a criminal surety bail bond[6] executed by a bail bond agent. Generally, the defendant or another person on the defendant's behalf pays the bail bond agent a nonrefundable fee equal to 10 percent of the bond amount set by the court with the addition of some type of asset provided to the bond agent as collateral. If the defendant does not appear in court, the bail bond agent is responsible for paying the entire bond amount.[7]

Pretrial Release Conditions

A judge can release a defendant with any combination of the following pretrial release conditions:

- Release on the defendant's own recognizance; [8]
- Execute an unsecured appearance bond in an amount specified by the judge;

---

[1] FLA. CONST. art. I, s. 14. This right does not apply to persons charged with a capital offense or an offense punishable by life imprisonment and the proof of guilt is evident or the presumption is great. *Id.*

[2] *See* FLA. CONST. art. I, s. 14; *See also* ss. 903.046 and 907.041. F.S.

[3] Section 903.046(1), F.S.

[4] "Bail" Black's Law Dictionary (3rd Pocket Edition). The purpose of a bail bond is to guarantee the defendant's presence in court to face criminal charges.

[6] Sections 903.011 and 903.105, F.S.

[7] OPPAGA, *County Pretrial Release Programs: Calendar Year 2016*, Report No. 17-12, at 2. (Dec. 2017) available at http://www.oppaga.state.fl.us/MonitorDocs/Reports/pdf/1712rpt.pdf (last visited February 23, 2018) (hereinafter cited as "OPPAGA Pretrial Report").

[8] A defendant released on his or her own recognizance (ROR) is released without a monetary requirement and without any conditions of release or supervision of any type. Release on recognizance is defined to mean the pretrial release of an arrested person who promises, usually in writing, but without supplying a surety of posting bond, to appear for trial at a later date. BLACK'S LAW DICTIONARY 606 (3d Pocket ed. 2006).

- Comply with any court-imposed restrictions on travel, association, or place of abode during the period of release;
- Be placed in the custody of a designated person or organization agreeing to supervise the defendant;
- Have a designate execute a bail bond with sufficient solvent sureties, or the deposit of cash in lieu thereof; or
- Comply with any other condition deemed reasonably necessary to assure required appearance, including a condition requiring the defendant to return to custody after specified hours.[9]

A judge also can release a defendant to a pretrial release program. Generally, judges allow a defendant to be released to a pretrial release program without posting a bond; however, a judge can require a defendant to post a bond and participate in the program.[10] Specifically, s. 907.041, F.S., provides a presumption in favor of release on nonmonetary conditions for any person who is granted pretrial release unless such person is charged with a dangerous crime.[11] These programs supervise defendants with various methods, including electronic monitoring[12] or phone contact.[13]

A Court's Determination of Pretrial Release

The judge must consider all available relevant factors during the first appearance hearing to determine what form of release is necessary to assure the defendant's appearance and the community's safety, including factors such as:

- The nature and circumstances of the offense charged.
- The weight of the evidence against the defendant.
- The defendant's family ties, length of residence in the community, employment history, financial resources, and mental condition.
- The defendant's past and present conduct, including any record of convictions, previous flight to avoid prosecution, or failure to appear at court proceedings.
- The nature and probability of danger that the defendant's release poses to the community.[14]

Section 903.047, F.S., provides additional conditions that a defendant must comply with upon release from custody pending trial, including:

- Refrain from criminal activity of any kind;
- Refrain from contact of any type with the victim; and

[9] Rule 3.131(b)(1), Fla. R. Crim. Pro.
[10] *Id.* If a monetary bail is required, the judge must determine a separate amount for each charge or offense. Rule 3.131(b)(2), Fla. R. Crim. Pro.
[11] *See* s. 907.041, F.S., for a list of enumerated felonies that are included in the definition of a dangerous crime.
[12] An electronic monitoring device (EM) is a tamper-resistant device worn on the body that monitors the location of a person at all times of the day. The monitoring agency is notified for various violations of the terms of supervision, such as if the person travels to a location he or she is not authorized to be or if the device is removed by the person. EM systems can be either "passive" or "active" and are typically operated through ratio frequency or global positioning system (GPS) monitoring. Office of Juvenile Justice and Delinquency Prevention, *Home Confinement and Electronic Monitoring*, October, 2014, available at https://www.ojjdp.gov/mpg/litreviews/Home_Confinement_EM.pdf (last visited February 23, 2018).
[13] OPPAGA Pretrial Report, at 9.
[14] Section 903.046(2), F.S. *See also* Rule 3.131(b)(3), Fla. R. Crim. Pro.

- Comply with all conditions of pretrial release.

Standard Bond Schedule

Florida does not have a statewide bond schedule, but each circuit has developed a standard bond schedule. Courts create uniform bail bond schedules to ensure that alleged offenders are provided equal treatment when charged with similar crimes and generally apply to all felonies, misdemeanors and county or municipal ordinance violations as the presumptive bond to be set unless ordered differently by a judge.[15] Even though a county may have an established standard bond schedule, a judge may impose a bond that is above or below such schedule if he or she deems it is necessary based upon circumstances of the case.[16]

Violation of Pretrial Release Conditions

A defendant who does not comply with the terms of the pretrial release can have his or her bond forfeited if certain factors are proven.[17] Under s. 903.0471, F.S., the court may revoke, on its own motion, pretrial release and order pretrial detention if the court finds probable cause to believe that the defendant committed a new crime while on pretrial release.[18]

Supervised Bond Programs in Florida

There is a movement towards bail reform in the United States, with some circuits, including Pinellas County in Florida, implementing a new model for releasing defendants while awaiting trial. The new programs typically require the administration of a RAI, which is then used to determine the release conditions for the defendant.

The Pinellas County supervised bond program has been operating since 2014.[19] Sheriff Gualtieri, the chief correctional officer for Pinellas County, testified in the Senate Criminal Justice Committee on January 8, 2018, that this program was created in an effort to reduce the jail

---

[15] Some common ways to address the bond schedules are to either have a standard based on the degree of the offense (for example a $5,000 bond for all second degree felonies, as seen in the Tenth Judicial Circuit) or a specific amount agreed upon for a specific offense, as seen in the Sixth Judicial Circuit. *See* Tenth Judicial Circuit, In and For Hardee, Highlands, and Polk Counties, *Administrative Order IN RE: Uniform Bond Schedule*, available at http://jud10.flcourts.org/sites/all/files/docs/2-49.8.pdf; Sixth Judicial Circuit, In and For Pasco and Pinellas Counties, *Administrative Order NO. 2009-021 PA-CIR, RE: Uniform Bond Schedule – Pasco County*, available at http://www.jud6.org/LegalCommunity/LegalPractice/AOSAndRules/aos/aos2009/2009-021.htm (last visited all sites January 22, 2018).

[16] *Mehaffie v. Rutherford*, 143 So.3d 432 at 434 (Fla. 1st DCA 2014). Under s. 903.286, F.S., the clerk of the court may withhold sufficient funds to pay any unpaid costs of prosecution, costs of representation, court fees, court costs, and criminal penalties from the return of a cash bond posted on behalf of a criminal defendant. If sufficient funds are not available to pay all unpaid costs associated with the criminal case, the clerk of the court must immediately obtain payment from the defendant or enroll the defendant in a payment plan. This section does not apply to the portion that is paid by a licensed bail bond agent.

[17] *See* s. 903.26, F.S.

[18] This discretion is provided regardless of the conditions for granting pretrial release provided for in s. 907.041, F.S.

[19] Presentation by Sheriff Bob Gualtieri, Pinellas County Sheriff's Office, in the Senate Criminal Justice Committee, January 8, 2018 (hereinafter cited as "Committee Presentation"); *See also* Sheriff Bob Gualtieri, PowerPoint Presentation, *ROR and Supervised Bond Presentation* (on file with the Criminal Justice Committee) (hereinafter cited as "Supervised Bond PowerPoint").

population in Pinellas County and avoid the need to build a larger facility.[20] Sheriff Gualtieri reported that while the bond amounts imposed by the court were proper to ensure public safety and compliance, judges could not lower the bail while still ensuring public safety and compliance without more oversight. As a result, a number of defendants remained in custody for months unable to meet the bail amount imposed.[21]

Upon agreement from the judiciary and in partnership with the bail bond industry, the Pinellas County Sheriff's Office established a supervised bond program that requires active electronic monitoring, continuous alcohol monitoring[22] or both.[23]

The Pinellas County Sheriff's Office averages approximately 200 people per day on active supervision through the supervised bond program.[24] Sheriff Gualtieri reported that of all the defendants who have been released on the supervised bond program, 99.5 percent have appeared for required court hearings and 94.9 percent did not commit a new crime while in the program.[25] Of the total cases supervised on the Supervised Bond Program, 45 percent were felonies, 30 percent were misdemeanors, and 25 percent were for felony or misdemeanor driving under the influence.[26] Sheriff Gualtieri reported that these programs have resulted in a $38.9 million annual savings.[27]

Evidence-Based Risk Assessment Tools

RAIs measure a defendant's criminal risk factors and specific needs that, if addressed, will reduce the likelihood of future criminal activity.[28] RAIs consist of a set of questions that guide face-to-face interviews with a defendant, intended to evaluate behaviors and attitudes that research shows are related to criminals reoffending. The questioner typically supplements the interview with an official records check. The RAI then calculates an overall score that classifies a defendant as being at high, moderate, or low risk for reoffending.[29]

Research has identified both static and dynamic risk factors that are related to criminal behavior. Static risk factors[30] do not change, while dynamic risk factors[31] either can change on their own or change through an intervention. The Risk-Needs-Responsivity (RNR) model has become the dominant paradigm in risk and needs assessment.[32] The RNR principle refers to predicting which inmates have a higher probability of recidivating, and treating the criminogenic needs of those higher risk inmates with appropriate programming and services based on their level of need. In general, research suggests that the most commonly used assessment instruments can, with a moderate level of accuracy, predict who is at risk for violent recidivism. It also suggests that no single instrument is superior to any other when it comes to predictive validity.[33]

Use of Risk Assessment Instruments by the Department of Corrections

The DOC has created a RAI, known as Spectrum, which is administered to an inmate at reception through motivational interviewing techniques.[34] Spectrum, as well as its predecessor, the Corrections Integrated Needs Assessment System (CINAS), is based on the RNR model and contains responsivity elements.[35] Inmates identified during the assessment as being in need of treatment or services become mandated program participants and are placed on the DOC's centralized statewide-automated priority list for placement in a program.[36]

Spectrum has been independently verified through the School of Criminology at Florida State University.[37]

---

[30] Some examples of static factors considered include age at first arrest, gender, past problems with substance or alcohol abuse, prior mental health problems, or a past history of violating terms of supervision. CRS Report, p. 3.

[31] Dynamic risk factors, also called "criminogenic needs," can be affected through interventions and include factors such as current age, education level, or marital status; being currently employed or in substance or alcohol abuse treatment; and having a stable residence. "Criminogenic" is commonly understood to mean factors that can contribute to criminal behavior. CRS Report, at 3.

[32] The risk principle states that high-risk offenders need to be placed in programs that provide more intensive treatment and services while low-risk offenders should receive minimal or even no intervention. The need principle states that effective treatment should focus on addressing needs that contribute to criminal behavior. The responsivity principle states that rehabilitative programming should be delivered in a style and mode that is consistent with the ability and learning style of the offender. CRS Report, at 2 and 6.

[33] *Id*.

[34] DOC, Spectrum Video, available at https://www.youtube.com/watch?v=WRI5ldWf5MY&feature=youtu.be (last visited January 25, 2018) (hereinafter cited as "Spectrum Video"); DOC, *Program Information: Compass 100, Spectrum, Academic & Workforce Education/GED* (on file with the Senate Criminal Justice Committee) (hereinafter cited as "DOC Program Information").

[35] DOC, *Agency Analysis for SB 1222*, p. 2, January 18, 2018 (on file with the Senate Criminal Justice Committee) (hereinafter cited as "The DOC SB 1222 Analysis"). The DOC reports that criminogenic needs are those factors that are associated with recidivism that can be changed (e.g. lack of education, substance abuse, criminal thinking, lack of marketable job skills, etc.). Offenders are not higher risk because they have a particular risk factor, but, rather, because they have multiple risk factors. Accordingly, a range of services and interventions is provided that target the specific crime producing needs of offenders who are higher risk. *See also Id*. and Email from Jared Torres, DOC, Director of Legislative Affairs (January 25, 2018) (on file with Senate Criminal Justice Committee).

[36] Substance Abuse Annual Report, at 6.

[37] Letter from Dr. William D. Bales and Jennifer M. Brown, ABD to DOC Secretary, Julie Jones, (January 19, 2018) (on file with the Senate Criminal Justice Committee). Dr. Bales provides that Spectrum "produces a level of predictive accuracy that is above the conventional threshold of acceptability and is consistent with risk assessment systems used by other correctional systems throughout the United States."

Spectrum hosts an array of assessments and screenings across multiple disciplines including mental health, substance abuse, academic and workforce education.[38] Spectrum calculates an individual's overall risk of returning to prison upon release and identifies needs that can be addressed to reduce his or her risk within seven criminogenic domains and three core program areas.[39] The DOC uses the results from the Spectrum assessment to create an evidence-driven performance plan that matches the inmate's needs with services and programming offered in the DOC. Data collected during administration of Spectrum is also used to assist with transitioning an inmate back into the community upon release through relaying the information to reentry service providers in the local community and community corrections.[40]

Effect of the Bill

The bill creates s. 907.042, F.S., authorizing each county to create a supervised bond program (Bond Program). The terms of each county's Bond Program must be developed with the concurrence of the chief judge of the circuit, the sheriff, the state attorney (SA), and the public defender (PD). However, a county that has already established and implemented a Bond Program may continue to operate without such concurrence if the program complies with the specified program and RAI requirements discussed below.

A Bond Program established pursuant to this bill must, at a minimum:

- Require the sheriff to administer the Bond Program.
- Require the sheriff, or his or her designee, to administer the RAI to a potential defendant.
- Utilize a RAI to determine eligible defendants and determine an appropriate level of supervision for each defendant upon release.
- Review the bond of a defendant who is being accepted into the Bond Program to determine if a reduction of the court-ordered bond, up to its entirety, is appropriate.
- Provide that the findings of the RAI will be used to create an individualized supervision plan for each eligible defendant that is tailored to the defendant's risk level and supervision needs.
- Require, as part of the individualized supervision plan, that any defendant released in the Bond Program must be placed on active electronic monitoring or active continuous alcohol monitoring, or both, dependent upon the level of risk indicated by the RAI.
- Require weekly communication between the sheriff's office and the defendant as part of the individualized supervision plan, which can be satisfied via telephone or in person contact, dependent upon the level of risk indicated by the RAI.
- Establish procedures for reassessing or terminating defendants from the Bond Program who do not comply with the terms of the individualized supervision plan imposed through the program.

[38] DOC Program Information.
[39] The criminogenic domains include social awareness (antisocial personality); criminal associates; substance abuse history; family and marital relationships; wellness; criminal thinking or attitude; and employment and education history. Spectrum Video. The three core program areas include GED, Career & Technical skills (vocation), and substance use treatment and is part of the needs portion of the RNR model as they address criminogenic risk factors. Email from Jared Torres, DOC, Director of Legislative Affairs (January 25, 2018) (on file with the Senate Criminal Justice Committee).
[40] *Id*.

Each county must utilize a RAI that conducts a criminogenic assessment for use in evaluating the proper level of supervision appropriate to ensure compliance with pretrial conditions and safety to the community. The RAI must consider, but need not be limited to, the following criteria:

- The nature and circumstances of the offense the defendant is alleged to have committed.
- The nature and extent of the defendant's prior criminal history, if any.
- Any prior history of the defendant failing to appear in court.
- The defendant's employment history, employability skills, and employment interests.
- The defendant's educational, vocational, and technical training.
- The defendant's background, including his or her family, home, and community environment.
- The defendant's physical and mental health history, including any substance use.
- An evaluation of the defendant's criminal thinking, criminal associates, and social awareness.

Further, a county may use a RAI that the county creates on its own for the purpose of operating a Bond Program and determining appropriateness of pretrial release, the defendant's risk of noncompliance on pretrial release, and risk to the community, that:

- The county has previously developed for a similar purpose;
- The DOC develops or modifies from a RAI that it has already developed;
- Another county has developed for a similar purpose; or
- An independent entity has previously developed for a similar purpose.

If a county opts to use a RAI that is developed by any entity listed above other than the DOC, such RAI must be independently validated by the DOC and contain the criteria listed above.

A county may begin to implement its Bond Program immediately upon securing a contract for the use of, or the completion of development or modification, of a RAI and, if applicable, validation of the RAI. Additionally, a county that has not established a Bond Program, but has created a RAI for a similar purpose as is intended in the act, may implement its Bond Program immediately upon the RAI being validated by the DOC. A county that has already implemented a Bond Program may continue to operate its program while the RAI it utilizes is being validated. Implementation must include training of all county staff that will administer the RAI.

The bill requires each county that establishes a Bond Program, or that has an existing Bond Program that operates in compliance with the act, to provide an annual report to the OPPAGA that details the:

- Results of the administration of the RAI;
- Programming used for defendants who received the assessment and were accepted into the Bond Program;
- Success rate of the Bond Program; and
- Savings realized by the county as a result of defendants being released from custody pending trial through the Bond Program.

The county's annual report must be submitted to the OPPAGA by October 1 each year. The OPPAGA must compile the results of the counties' reports for inclusion in an independent

section of its annual report developed and submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives in accordance with s. 907.044, F.S.[41]

Lastly, the bill also provides several legislative findings supporting the changes made in the act.

Risk Assessment Pilot Program (Section 16)

The bill creates a Risk Assessment Pilot Program. The bill provides the following legislative findings for the program:

- There is a need to use evidence-based methods to reduce recidivism.
- The use of actuarial instruments that classify offenders according to levels of risk to reoffend provides a more consistent and accurate assessment of an offender's risk and needs.
- Research indicates that using accurate risk and needs assessment instruments to identify appropriate interventions and programming for offenders reduces recidivism.

Risk Assessment Instrument Criteria

The bill directs the DOC to develop a RAI that conducts a criminogenic assessment by March 1, 2019, for use in evaluating the proper placement and programming needs for a person who is arrested. The RAI must consider at a minimum the following criteria:

- The nature and circumstances of the offense the person committed.
- The nature and extent of the person's prior criminal history, if any.
- Any prior history of the person failing to appear in court.
- The person's employment history, employability skills, and employment interests.
- The person's educational, vocational, and technical training.
- The person's background, including his or her family, home, and community environment.
- The person's physical and mental health history, including any substance use.
- An evaluation of the person's criminal thinking, criminal associates, and social awareness.

The DOC may use or modify an existing RAI if it contains the above-listed criteria.

Implementation Requirements

The bill authorizes the DOC to begin implementation of the RAI immediately upon completion, but requires implementation, including all staff training, to be completed no later than June 30, 2019.

Administration of the Risk Assessment Instrument

The bill provides that a representative of the sheriff's office must administer the RAI as early as reasonably possible after a person's arrest, but no later than 10 business days after the arrest. The RAI may be conducted via video teleconference. In the event that a person is released from custody on pretrial release before the RAI has been administered, the sheriff or his or her representative must schedule a time for the person to come back to the jail to have the RAI administered. The person must be provided written notice of the appointment upon release.

[41] Section 907.044, F.S., requires the OPPAGA to conduct an annual study to evaluate the effectiveness and cost efficiency of pretrial release programs in Florida. The OPPAGA is required to submit its report to the President of the Senate and the Speaker of the House of Representatives by January 1 of each year.

Upon completion of a RAI report, the report must be provided to the person that had the RAI administered upon him or her, the defense counsel, and the SA.

The DOC must submit the report to the court, but the court may not review the report without the consent of the person who is the subject of the report and his or her legal counsel.

Pilot Program Creation and Requirements

The bill creates a three-year pilot program, contingent upon appropriations and a contract with each participating county and the DOC. The bill provides that the counties eligible for participation include Hillsborough, Pasco, and Pinellas Counties. The sheriff from each participating county must enter into a contract with the DOC to use the RAI developed under the act.

The bill requires the counties participating in the program to administer the RAI to all persons arrested for a felony and use the results of the RAI as a tool for determining appropriate programming and sentencing with the goal of reducing recidivism. By July 1 of each year, each participating county must provide an annual report to the DOC detailing the results of the administration of the RAI, programming used for persons who received the RAI, and the success rate of such programming.

The DOC is required to compile the county reports and submit one annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year of the pilot program.

Rulemaking Authority

The bill provides rulemaking authority to the DOC to implement the act. The rules must be developed in consultation with the sheriff, chief judge, SA, and PD of each participating county.

Theft Offenses (Section 9, 10, and 37)

There are approximately 3,000 people currently incarcerated in the DOC for felony theft convictions and 31,000 on state community supervision for a felony theft crime in Florida.[42] Since 2000, 37 states have increased the threshold dollar amounts for felony theft crimes.[43] Such increases ensure that associated "criminal sentences don't become more severe over time simply because of natural increases in the prices of consumer goods."[44]

[42] Email from the DOC Staff (March 2, 2018) (on file with Senate Criminal Justice Committee).
[43] Pew Charitable Trusts, The Effects of Changing State Theft Penalties (February 2016), available at http://www.pewtrusts.org/~/media/assets/2016/02/the_effects_of_changing_state_theft_penalties.pdf?la=en (last visited March 2, 2018); *See also* Alison Lawrence, *Making Sense of Sentencing: State Systems and Policies*, National Conference of State Legislatures, http://www.ncsl.org/documents/cj/sentencing.pdf (last visited March 2, 2018).
[44] John Gramlich and Katie Zafft, *Updating State Theft Laws Can Bring Less Incarceration – and Less*, Stateline, Pew Charitable Trusts, http://www.pewtrusts.org/en/research-and-analysis/blogs/stateline/2016/03/31/updating-state-theft-laws-can-bring-less-incarceration-and-less-crime (March 2, 2018).

The majority of states (30 states) and the District of Columbia set a $1,000-or-greater property value threshold for felony grand theft. Fifteen states have thresholds between $500 and $950, and five states, including Florida, have thresholds below $500. Between 2003 and 2015, nine states, including Alabama, Mississippi, and Louisiana, raised their felony thresholds twice.[45]

Property Theft

Section 812.014, F.S., provides that a person commits theft if he or she knowingly obtains or uses, or endeavors to obtain or use, the property of another with intent to, either temporarily or permanently:

- Deprive the other person of a right to the property or a benefit from the property; or
- Appropriate the property to his or her own use or to the use of any person not entitled to the use of the property.[46]

Second degree petit theft, a second degree misdemeanor, is theft of property valued at less than $100.[47] First degree petit theft, a first degree misdemeanor, is theft of property valued at $100 or more but less than $300.[48] Second degree petit theft incurs greater penalties if there is a prior theft conviction: a first degree misdemeanor if there is one prior conviction,[49] and a third degree felony if there are two or more prior convictions.[50]

Third degree grand theft, a third degree felony,[51] is theft of:

- Property valued at $300 or more, but less than $20,000.
- Specified property including, but not limited to:
  - A will, codicil, or testamentary instrument;
  - A firearm;
  - Any commercially farmed animal, bee colony, aquaculture species or citrus fruit of over 2,000 pieces;
  - Any fire extinguisher;
  - Any stop sign;
  - Property taken from a designated, posted construction site;[52] and
- Property from a dwelling or its unenclosed curtilage if the property is valued at $100 or more, but less than $300.[53]

[45] *Id.*
[46] Section 812.014(1), F.S.
[47] Section 812.014(3)(a), F.S. A second degree misdemeanor is punishable by up to 60 days in jail and a fine of up to $500. Sections 775.082 and 775.083, F.S.
[48] Section 812.014(2)(e), F.S. A first degree misdemeanor is punishable by up to one year in jail and a fine of up to $1,000. Sections 775.082 and 775.083, F.S.
[49] Section 812.014(3)(b), F.S.
[50] Section 812.014(3)(c), F.S.
[51] A third degree felony is punishable by up to 5 years' incarceration and a fine of up to $5,000. Sections 775.082 and 775.083, F.S.
[52] Section 812.014(2)(c), F.S.
[53] Section 812.014(2)(d), F.S.

The last time the Legislature increased the minimum threshold property value for third-degree grand theft was in 1986.[54] The third-degree grand theft provisions related to property taken from a dwelling or its unenclosed curtilage were added in 1996. The petit theft provisions were amended, including the thresholds, in 1996.[55]

Retail Theft

Section 812.015(1)(d), F.S., defines retail theft as:

- The taking possession of or carrying away of merchandise, property, money, or negotiable documents;
- Altering or removing a label, universal product code, or price tag;
- Transferring merchandise from one container to another; or
- Removing a shopping cart, with intent to deprive the merchant of possession, use, benefit, or full retail value.

In part, retail theft is a third degree felony if the theft involves property valued at $300 or more and the person commits the theft in a specified manner (e.g., commits theft from more than one location within a 48-hour period, in which case the amount of each individual theft is aggregated to determine the value of the property stolen).[56]

Retail theft is a second degree felony if the person has previously been convicted of third degree felony retail theft or individually, or in concert with one or more other persons, coordinates the activities of one or more persons in committing the offense of retail theft where the stolen property has a value in excess of $3,000.[57] The statute also requires a fine of not less than $50 and no more than $1,000 for a second or subsequent conviction for petit theft from a merchant, farmer, or transit agency.[58]

The thresholds for third degree felony retail theft were created and set by the Legislature in 2001.[59]

Reclassification of Theft Offenses

Certain theft offenses are reclassified to the next higher degree offense if the person committing the offense has previous theft convictions, including:

- A petit theft offense is reclassified to a third degree felony, if the person has two previous convictions of any theft.[60]
- A third-degree felony retail theft offense is reclassified to a second-degree felony if the person has a previous retail theft in violation of s. 812.015(8), F.S.[61]

[54] Chapter 86-161, s. 1, L.O.F.
[55] Chapter 96-388, s. 49, L.O.F.
[56] Section 812.015(8), F.S.
[57] Section 812.015(9), F.S.
[58] Section 812.015(2), F.S.
[59] Chapter 01-115, s. 3, L.O.F.
[60] Section 812.014(3)(c), F.S.
[61] Section 812.015(9)(a), F.S.

There are no time limits between theft convictions related to theft crime level and penalty enhancements.

Juvenile offenders who are adjudicated delinquent for theft offenses are considered to have been "convicted" of theft and are treated the same as adult offenders for purposes of these penalty enhancements.[62]

Effect of the Bill

Property Theft

The bill increases the minimum threshold amounts for a third-degree felony grand-theft from $300 to $1,000. For property taken from a dwelling or enclosed curtilage, the theft thresholds amounts are modified from $100 or more, but less than $300, to $1,000 or more, but less than $5,000. The first-degree misdemeanor petit theft threshold amount is modified from $100 or more, but less than $300, to $500 or more, but less than $1,000.

The bill also deletes certain items from the list of property that constitute a third-degree grand theft regardless of the value of the property taken, including:

- A will, codicil, or other testamentary instrument;
- Any fire extinguisher;
- Property taken from a designated construction site identified by the posting of a sign as provided for in s. 810.09(2)(d); and
- Any stop sign.[63]

The bill also adds certain items to the list of items that constitute a third-degree grand theft, regardless of the value of the property taken, including birds that are commercially farmed animals and utility theft as defined in s. 812.14, F.S.[64]

Lastly, the bill modifies the enhancement statute providing that a first-degree petit theft becomes a third-degree felony only if:

- The offender has previously been convicted two or more times *as an adult* for any theft; and
- The most recent subsequent petit theft offense occurred within three years of the expiration of the offender's sentence for the most recent theft conviction.

Retail Theft

The bill amends s. 812.015, F.S., to increase the property value of third-degree felony retail theft from $300 or more, to $1,000 or more. The bill enhances retail theft to a second-degree felony only if:

- The offender has previously been convicted of retail theft *as an adult*; and
- The subsequent retail theft offense occurred within three years of the expiration of the offender's sentence for the most recent retail theft conviction.

---

[62] *T.S.W. v. State*, 489 So. 2d 1146 (Fla. 2d DCA 1986); *R.D.D. v. State*, 493 So. 2d 534 (Fla. 5th DCA 1986).

[63] These offenses will now be classified by the property value rather than automatically qualifying as a third-degree grand theft.

[64] These offenses will no longer be classified by the value of the property taken, but will automatically qualify as third-degree felony grand theft.

Lastly, the bill amends s. 921.0022, F.S., to conform the Criminal Punishment Code offense severity ranking chart to changes made by the bill.

Drug Trafficking Sentencing Departure (Sections 11 and 36)

Florida's Controlled Substance Schedules

Section 893.03, F.S., classifies controlled substances into five categories, known as schedules. These schedules regulate the manufacture, distribution, preparation, and dispensing of the substances listed in the schedules. The most important factors in determining the schedule classification of a substance are the "potential for abuse"[65] of the substance and whether there is a currently accepted medical use for the substance in the United States.[66]

Drug Trafficking

Drug trafficking, which is punished in s. 893.135, F.S., consists of knowingly selling, purchasing, manufacturing, delivering, or bringing into this state (importation), or knowingly being in actual or constructive possession of, certain Schedule I or Schedule II controlled substances in a statutorily specified quantity. The statute only applies to a limited number of such controlled substances.[67] The controlled substance involved in the trafficking must meet a specified weight or quantity threshold.

Most drug trafficking offenses are first degree felonies[68] and are subject to a mandatory minimum term of imprisonment[69] and a mandatory fine, which is determined by the weight or quantity range applicable to the weight or quantity of the substance involved in the trafficking.[70] For example, trafficking in 28 grams or more, but less than 200 grams, of cocaine, a first degree felony, is punishable by a 3-year mandatory minimum term of imprisonment and a mandatory fine of $50,000.[71] Trafficking in 200 grams or more, but less than 400 grams, of cocaine, a first degree felony, is punishable by a 15-year mandatory minimum term of imprisonment and a mandatory fine of $100,000.[72]

[65] Pursuant to s. 893.035(3)(a), F.S., "potential for abuse" means a substance has properties as a central nervous system stimulant or depressant or a hallucinogen that create a substantial likelihood of the substance being: (1) used in amounts that create a hazard to the user's health or the safety of the community; (2) diverted from legal channels and distributed through illegal channels; or (3) taken on the user's own initiative rather than on the basis of professional medical advice.
[66] *See* s. 893.03(1)-(5), F.S.
[67] *See* s. 893.135, F.S., for the substances which are included in the offense if drug trafficking.
[68] A first degree felony is generally punishable by up to 30 years in state prison and a fine of up to $10,000. However, when specifically provided by statute, a first degree felony may be punished by imprisonment for a term of years not exceeding life imprisonment. Sections 775.082 and 775.083, F.S.
[69] There are currently 56 mandatory minimum terms of imprisonment in s. 893.135, F.S., which range from three years to life imprisonment.
[70] *See* s. 893.135, F.S.
[71] Section 893.135(b)(1)a., F.S.
[72] Section 893.135(b)(1)b., F.S.

Criminal Punishment Code

The Criminal Punishment Code[73] (Code) is Florida's "primary sentencing policy."[74] Noncapital felonies sentenced under the Code receive an offense severity level ranking (Levels 1-10).[75] Points are assigned and accrue based upon the level ranking assigned to the primary offense, additional offenses, and prior offenses. Sentence points escalate as the level escalates. Points may also be added or multiplied for other factors such as victim injury or the commission of certain offenses like a Level 7 or 8 drug trafficking offense. The lowest permissible sentence is any nonstate prison sanction in which total sentence points equal or are less than 44 points, unless the court determines that a prison sentence is appropriate. If total sentence points exceed 44 points, the lowest permissible sentence in prison months is calculated by subtracting 28 points from the total sentence points and decreasing the remaining total by 25 percent.[76] Absent mitigation,[77] the permissible sentencing range under the Code is generally the lowest permissible sentence scored up to and including the maximum penalty provided under s. 775.082, F.S. The statutory maximum sentence for a first-degree felony is 30 years, for a second-degree felony is 15 years, and for a third degree felony is 5 years.[78]

Mandatory Minimum Sentences and Departures

Mandatory minimum terms of imprisonment limit judicial discretion in Code sentencing: "If the lowest permissible sentence is less than the mandatory minimum sentence, the mandatory minimum sentence takes precedence."[79] As previously noted, the sentencing range under the Code is generally the scored lowest permissible sentence up to and including the statutory maximum penalty. However, if there is a mandatory minimum sentence that is longer than the scored lowest permissible sentence, the sentencing range is narrowed to the mandatory minimum sentence up to and including the statutory maximum penalty.

Prosecutors have "complete discretion" in the charging decision.[80] The exercise of this discretion may determine whether a defendant is subject to a mandatory minimum term or a reduced mandatory minimum term. A prosecutor could determine in a particular case that mandatory minimum sentencing is inappropriate or too severe and avoid or ameliorate such sentencing. Further, a prosecutor could move the court to reduce or suspend a sentence if the defendant renders substantial assistance.

---

[73] Sections 921.002-921.0027, F.S. See chs. 97-194 and 98-204, L.O.F. The Code is effective for offenses committed on or after October 1, 1998.

[74] DOC, *Florida's Criminal Punishment Code: A Comparative Assessment (FY 2012-2013) Executive Summary (Offenses Committed On or After October 1, 1998)*, available at http://www.dc.state.fl.us/pub/sg_annual/1213/executives.html (last visited on February 21, 2018).

[75] Offenses are either ranked in the offense severity level ranking chart in s. 921.0022, F.S., or are ranked by default based on a ranking assigned to the felony degree of the offense as provided in s. 921.0023, F.S.

[76] Section 921.0024, F.S. Unless otherwise noted, information on the Code is from this source.

[77] The court may "mitigate" or "depart downward" from the scored lowest permissible sentence if the court finds a mitigating circumstance. Section 921.0026, F.S., provides a list of mitigating circumstances.

[78] *See* s. 775.082, F.S.

[79] Fla. R. Crim. P. 3.704(d)(26).

[80] "Under Florida's constitution, the decision to charge and prosecute is an executive responsibility, and the state attorney has complete discretion in deciding whether and how to prosecute." *State v. Bloom*, 497 So.2d 2, 3 (Fla. 1986).

There are few circumstances in which a court of its own accord can depart from a mandatory minimum term. A court may depart from a mandatory minimum term if the defendant is a youthful offender.[81] A court may also depart from a mandatory minimum term for a violation of s. 316.027(2)(c), F.S. (driver involved in a fatal crash fails to stop and remain at the scene of a crash), if the court "finds that a factor, consideration or circumstance clearly demonstrates that imposing a mandatory minimum term of imprisonment would constitute or result in an injustice."[82]

Effect of the Bill

The bill amends s. 893.135, F.S., to authorize a court to depart from a mandatory minimum term of imprisonment and mandatory fine applicable to that offense. The departure is authorized if the court finds on the record that the person did not:

- Engage in a continuing criminal enterprise;[83]
- Use or threaten violence or use a weapon during the commission of the crime; and
- Cause a death or serious bodily injury.

The bill applies to all drug trafficking acts (possession, sale, manufacture, delivery, and importation) and to most, if not all, drug trafficking mandatory minimum terms of imprisonment (ranging from 3 years to life imprisonment).[84]

The bill also amends s. 893.03, F.S., conforming a cross-reference to changes made by this provision.

Probation and Community Control (Sections 31-34)

Forms of Supervision through the Department of Corrections

At sentencing, a judge may place an offender on probation or community control in lieu of or in addition to incarceration.[85] The DOC supervises more than 167,000 offenders on active community supervision. This includes offenders released from prison on parole, conditional release, or conditional medical release and offenders placed on court ordered supervision including probation, drug offender probation, sex offender probation, and community control.[86]

[81] Section 958.04, F.S.
[82] Section 316.027(2)(g), F.S.
[83] Section 893.20(1), F.S., provides that any person who commits three or more felonies under ch. 893, F.S., in concert with five or more other persons with respect to whom such person occupies a position of organizer, a supervisory position, or any other position of management and who obtains substantial assets or resources from these acts is guilty of engaging in a continuing criminal enterprise.
[84] The drug-trafficking statute imposes a mandatory life sentence for trafficking in especially large amounts of certain substances. However, these mandatory life sentence are never described as a "mandatory minimum" sentences like the rest of the mandatory minimum sentences imposed by the statute. Nonetheless, the mandatory life sentence that is required for certain offenses seems to be a mandatory minimum sentence, and thus a sentence to which the bill would apply.
[85] Section 948.01, F.S.
[86] DOC, *Introduction to Community Corrections*, available at http://www.dc.state.fl.us/facilities/comcor/ (last visited February 21, 2018).

Probation

Probation is a form of community supervision requiring specified contacts with probation officers and other conditions a court may impose.[87] There are also specialized forms of supervision such as drug offender probation[88] and mental health probation.[89] Section 948.03, F.S., provides that a court must determine the terms and conditions of probation. Standard conditions of probation that are enumerated in s. 948.03, F.S., are not required to be announced on the record, but the court must orally pronounce, as well as provide in writing, any special conditions of probation imposed.

Administrative Probation

Section 948.013, F.S., provides that the DOC may establish procedures for transferring an offender to administrative probation. Administrative probation is defined in s. 948.001(1), F.S. There are specified underlying offenses that are prohibited from being transferred to administrative probation.[90]

Community Control

Section 948.001(3), F.S., defines "community control" as a form of intensive, supervised custody in the community, including surveillance on weekends and holidays, administered by officers with restricted caseloads.[91] The community control program is rigidly structured and designed to accommodate offenders who, in the absence of such a program, will be committed to the custody of the DOC or a county jail.[92] A person on community control (controlee) has an individualized program and is restricted to his or her home or noninstitutional residential placement, unless working, attending school, performing public service hours, participating in treatment or another special activity that has been approved in advance by his or her parole and probation officer.[93]

Conditions of community control are determined by the court when the offender is placed on such supervision. There are standard conditions of community control with which all controlees must comply.[94] A person may be placed on additional terms of supervision as part of his or her community control sentence.[95]

[87] Section 948.001(8), F.S. Terms and conditions of probation are provided in s. 948.03, F.S.
[88] Section 948.001(4), F.S., defines "drug offender probation" as a form of intensive supervision that emphasizes treatment of drug offenders in accordance with individualized treatment plans administered by probation officers with reduced caseloads.
[89] Section 948.001(5), F.S., "mental health probation" means a form of specialized supervision that emphasizes mental health treatment and working with treatment providers to focus on underlying mental health disorders and compliance with a prescribed psychotropic medication regimen in accordance with individualized treatment plans.
[90] *See* Section 948.013(2) and (3), F.S.
[91] Section 948.10(2), F.S., provides that caseloads must be no more than 30 cases per officer.
[92] Section 948.10(1), F.S.
[93] *Id*.
[94] *See* s. 948.101(1), F.S., for the standard conditions of community control.
[95] Section 948.101(2), F.S.

Violations of Probation or Community Control

If an offender violates the terms of his or her probation or community control, the supervision can be revoked in accordance with s. 948.06, F.S.96 A violation of probation (VOP) or violation of community control (VOCC) can be the result of a new violation of law or a technical violation of the conditions imposed. If reasonable grounds exist to believe that an offender on probation or community control has violated his or her terms of supervision in a material respect, an offender may be arrested without a warrant by a:

- Law enforcement officer who is aware of the inmate's supervised community release status;
- Probation officer; or
- County or municipal law enforcement officer upon request by a probation officer.[97]

The offender must be returned to the court granting such probation or community control.[98] Additionally, the committing court judge may issue a warrant, upon the facts being made known to him or her by affidavit of one having knowledge of such facts, for the arrest of the offender.[99]

Upon a finding through a VOP or VOCC hearing, a court may revoke, modify, or continue the supervision. If the court chooses to revoke the supervision, it may impose any sentence originally permissible before placing the offender on supervision.[100] In addition, if an offender qualifies as a violent felony offender of special concern (VFOSC), the court must revoke supervision, unless it makes written findings that the VFSOC does not pose a danger to the community.[101] The VFOSC status also accrues sentence points under the Code, which affects the scoring of the lowest permissible sentence.[102]

Alternative Sanctioning Programs

In FY 2016-17, 18,999 of all resolved violations were technical in nature as were 20,834 of the violations resolved in FY 2015-16. Many of these violations resulted in the offender returning to some form of supervision or serving a county jail sentence.[103] Prior to 2016, the DOC developed and implemented an alternative sanctioning program (ASP) in twelve counties within six judicial circuits.[104] An ASP allows for an alternative resolution of technical violations of probation that ensures a swift and certain response without initiating the court process or arresting and booking the offender. Section 948.06, F.S., was amended during the 2016 Legislative Session to codify ASPs.[105] The use of such programs has substantially increased since enactment of the ASP option. As of February 2018, 13 circuits (including 45 of 67 counties) have established ASPs by

[96] Section 948.10(3), F.S.
[97] Section 948.06(1)(a), F.S.
[98] *Id*.
[99] Section 948.06(1)(b), F.S. The committing trial court judge may also issue a notice to appear if the controlee has never been convicted of committing, and is not currently alleged to have committed, a qualifying offense as enumerated in s. 948.06(8)(c), F.S.
[100] Section 948.06(2)(b), F.S.
[101] *See* s. 948.06(8)(a), F.S., for all VFOSC qualifications and enumerated list of felonies that are considered qualifying offenses. *See also* ch. 2007-2, L.O.F.
[102] Section 921.0024, F.S.
[103] Email from the DOC Staff (February 22, 2018) (on file with Senate Criminal Justice Committee).

[105] Ch. 2016-100, L.O.F.

administrative order. These participating jurisdictions have resolved 2,371 violations through the ASP.[106]

Section 948.06(1)(h), F.S., authorizes the chief judge of each judicial circuit to establish an ASP, in consultation with the SA, PD, and the DOC to address technical VOPs and VOCCs. A technical violation is defined to include any alleged violation of supervision that is not a new felony offense, misdemeanor offense, or criminal traffic offense.[107] Once an ASP administrative order is signed establishing the terms[108] of the program, the DOC may enforce specified sanctions for certain technical violations with court approval.

Common sanctions issued through the ASP include increased reporting requirements, which can be in person or via phone, community service hours, imposition or modification of a curfew, electronic monitoring, drug evaluation and treatment, employment searches and workforce training.[109] As of January 2018, two circuits and Brevard had included short jail sentences as a possible ASP sanction through administrative order.[110]

After receiving written notice of an alleged technical violation and disclosure of the evidence supporting the violation, an offender who is eligible for the ASP may elect to either participate in the program or waive participation.[111] If the offender waives participation, the violation proceeds through the court resolution process.[112] If the offender elects to participate, he or she must admit to the technical violation, agree to comply with the probation officer's recommended sanction, and agree to waive the right to:

- Be represented by counsel.
- Require the state to prove his or her guilt.
- Subpoena witnesses and present evidence to a judge in his or her defense.
- Confront and cross-examine witnesses.
- Receive a written statement from a factfinder as to the evidence relied on and the reasons for the sanction imposed.[113]

---

[106] Email from the DOC Staff (February 21, 2018). The circuits that have enacted administrative orders include: Third (Columbia, Dixie, Hamilton, Lafayette, Madison, Suwannee and Taylor Counties); Fourth (Duval County); Fifth (Citrus, Hernando, Lake, Marion and Sumter Counties); Sixth (Pasco and Pinellas Counties); Seventh (Flagler, Putnam, St. Johns and Volusia Counties); Eighth (Alachua, Baker, Bradford, Gilchrist, Levy, and Union Counties); Tenth (Hardee, Highlands, and Polk Counties); Twelfth (DeSoto, Manatee, and Sarasota Counties); Thirteenth (Hillsborough County); Fourteenth (Bay, Calhoun, Gulf, Holmes, Jackson and Washington Counties); Fifteenth (Palm Beach County); Eighteenth (Brevard and Seminole Counties); and Nineteenth (Indian River, Martin, Okeechobee and St. Lucie Counties).

[107] Section 946.08(2)(h)1., F.S.

[108] Section 948.06(1)(h)2., F.S., provides that the administrative order must address which technical violations are eligible for alternative sanctioning, offender eligibility criteria, permissible sanctions, and the process for reporting technical violations.

[109] Third Judicial Circuit, *Administrative Order 2016-003, Criminal Alternative Sanctioning Program*, available at http://www.jud3.flcourts.org/Admin_Orders/All/2016-003-Criminal%20Alternative%20Sanctioning%20Program.pdf Thirteenth Judicial Circuit, *Administrative Order S-2016-019, Alternative Sanctioning Program*, available at http://www.fljud13.org/Portals/0/AO/DOCS/S-2016-019.pdf?ver=2016-06-07-104033-303 (all sites last visited February 22, 2018).

[110] Two Circuits offer short county jail time as a sanction and Brevard County offers weekends with the Brevard County Sheriff's Work Farm. Email from the DOC Staff (February 22, 2018) (on file with Senate Criminal Justice Staff).

[111] Section 948.06(1)(h)3., F.S.

[112] Section 948.06(1)(h)3.a., F.S.

[113] Section 948.06(1)(h)3.b., F.S.

Upon the offender admitting to the technical violation and agreeing with the probation officer's recommended sanction, the probation officer must submit the recommended sanction to the court for approval. The submission to the court must include documentation related to the offender's admission to the technical violation and agreement with the recommended sanction. The court may impose the recommended sanction or may direct the DOC to submit a violation report, affidavit, and warrant.[114]

Participation in an ASP is voluntary. Additionally, the offender may elect to waive or discontinue participation in an ASP at any time before the issuance of a court order imposing the recommended sanction. The offender's prior admission to the technical violation may not be used as evidence in subsequent proceedings.[115]

Conditions of Probation in the Florida Crime Information Center

The Florida Crime Information Center (FCIC) is the state's central database for tracking crime related information. Information contained in the FCIC database includes, but is not limited to, statewide information on persons and property, driver's license and registration information, wanted and missing persons, stolen guns, vehicles, and other property, and persons' status files, and computerized criminal history.[116] It is commonly used by law enforcement officers to gather relevant information when responding to a call for service or engaging in a citizen encounter.

Every criminal justice agency[117] within Florida is eligible for access to the FCIC.[118] Access is divided into limited access and full access. With limited access, the user is able to run a query in the system. With full access, the user is able to make modifications in the system.[119] Currently, an officer may run a driver license, warrant, or person query in the FCIC and the results will include information on whether the individual is currently on probation.[120] However, in general, a law enforcement officer will only see that the person is on probation. The FCIC will not include the specific terms of probation.[121]

When probation conditions are ordered, modified, or deleted by the court, that information is forwarded to the DOC via the clerk of the court (clerk).[122] Once the conditions are received by the DOC, they are manually entered into the database.[123] Delays in this process may vary due to

[123] *Id*.

the volume of information, the manner in which information is received, and the variations in the process among the circuits.[124]

The DOC sends a probationer's data electronically to FDLE through a real time direct data pipeline. To include a probationer's conditions, the DOC will enter the information into a "Miscellaneous Field of the Status Record" field available in the FCIC.[125] However, the DOC reports that it includes a number of special conditions of probation as prioritized by the FDLE, but that the current FDLE system only allows a smaller, specified amount of data and typically does not allot enough space to include all special conditions of probation.[126]

A court has authority to modify or alter conditions of probation based on a probationer's particular circumstances.[127] As a result, a probation officer may have permission to allow certain exceptions to conditions of probation on a case-by-case basis. For example, a court may allow a probation officer to give permission to a probationer to stay out past a designated curfew if the reason is for work, school, or health care emergencies. When this occurs, probation officers may not have access to the DOC databases in order to update in real time any exceptions to the individual's probation in the FCIC.[128]

Effect of the Bill

Alternative Sanctioning Programs

The bill amends s. 948.06, F.S., *requiring* each judicial circuit to establish an ASP and providing specific guidelines for the types of technical violations and sanctions that can be provided for in an ASP. The bill authorizes a court to define additional sanctions or eligibility criteria and specify the process for reporting technical violations. For each instance that a technical VOP or VOCC is alleged to have been committed, the DOC is required to determine whether such person is eligible for the ASP. If eligible, the probation officer may offer the ASP in lieu of filing an affidavit with the court. The bill maintains the same definition for technical violations as is in current law and limits ASPs to resolving technical violations.

The bill classifies technical violations eligible for an ASP as low-risk and moderate risk, specifically:

- A low-risk violation includes:
  - Positive drug or alcohol test result;

[124] *Id*.
[125] Email from the DOC Staff (February 23, 2018) (on file with the Senate Criminal Justice Committee). The DOC currently includes the specified conditions of probation for each probationer in the data it sends to FDLE, including, but not limited to: Sex offender curfew; Curfew for non-sex offenders; Remain confined to approved residence; No unsupervised contact with minors; No work or volunteer work with children; Do not live or work within 1,000 feet of school or bus stop; Submit to search; No driving or driver license revoked or suspended; Driving for employment only; No alcohol or illegal drugs; No contact with victim; No pornographic material; Restrictions to enter or leave a city; No employment that involves handling money; No post office box; and No checking account.
[126] *Id*. This amount of space typically allows for the inclusion of the condition number, a dash and then the description up to 34 bytes per condition reoccurring for a total of 398 bytes. The Special Condition description can be shorter than 34 bytes or up to 34 bytes but the total bytes of all of them combined for each offender can only add up to 398 bytes per offender file sent real time.
[127] Section 948.039, F.S.
[128] Email from the Florida Sheriff's Association Staff (February 23, 2018) (on file with Senate Criminal Justice Staff).

  - Failure to report to the probation office;
  - Failure to report a change in address or other required information;
  - Failure to attend a required class, treatment or counseling session, or meeting;
  - Failure to submit to a drug or alcohol test;
  - Violation of curfew;
  - Failure to meet a monthly quota on any required probation condition, including, but not limited to, making restitution payments, payment of court costs, and completing community service hours;
  - Leaving the county without permission;
  - Failure to report a change in employment;
  - Associating with a person engaged in criminal activity; or
  - Any other violation as determined by administrative order of the chief judge of the circuit.
- A moderate-risk violation includes:
  - A low-risk violation listed above, which is committed by an offender on community control;
  - Failure to remain at an approved residence by an offender on community control;
  - A third violation of a low-risk violation listed above by a probationer within the current term of supervision; or
  - Any other violation as determined by administrative order by the chief judge of the circuit.

The bill excludes certain probationers or offenders on community control from participating in an ASP if any of the following criteria apply:
- The offender is a VFOSC.
- The violation is absconding.
- The violation is of a stay-away order or no-contact order.
- The violation is not identified as low-risk or moderate-risk under the bill or by administrative order.
- He or she has a prior moderate-risk level violation during the current term of supervision.
- He or she has three prior low-risk level violations during the same term of supervision.
- The term of supervision is scheduled to terminate in less than 90 days.
- The terms of the sentence prohibit the use of ASP.

An eligible person who has committed a first or second low-risk technical violation within his or her current term of supervision may be offered one or more of the following as a sanction:
- Up to five days in a county detention facility;
- Up to 50 additional community service hours;
- Counseling or treatment;
- Support group attendance;
- Drug testing;
- Loss of travel or other privileges;
- Curfew for up to 30 days;
- House arrest for up to 30 days; or
- Any other sanction as determined by administrative order by the chief judge of the circuit.

An eligible person who has committed a first time moderate-risk violation within the current term of supervision may be offered, provided the probation officer receives approval from his or her supervisor, one or more of the following as a sanction:

- Up to 21 days in the county detention facility;
- Curfew for up to 90 days;
- House arrest for up to 90 days;
- Electronic monitoring for up to 90 days;
- Residential treatment for up to 90 days;
- Any other sanction available for a low-risk violation; or
- Any other sanction as determined by administrative order of the chief judge of the circuit.

The bill retains current law regarding the ability of an offender to enter or waive his or her participation in the program; process for an offender to acknowledge his or her desire to participate in the program, including the specified rights that must be waived; ability of a court to approve the sanction and the effect of a court not approving the probation officer's recommendation; effect of an offender's discontinued participation in the program; and prohibition on the court using a prior admission to a technical violation as evidence in subsequent proceedings.[129] However, the bill imposes a 90-day deadline for an offender to complete successfully all ordered sanctions from the ASP if the court or probation officer did not specify a timeframe in the imposition of the sanction.

Administrative Probation

The bill amends ss. 948.001(1) and 948.013, F.S., relating to administrative probation to restructure the placement of relevant language. These changes do not appear to have a substantive impact on the laws applicable to administrative probation.

Conditions of Probation in the FCIC

The bill requires the DOC to input into the FCIC all of a probationer's specific conditions of probation as determined by the court. If the court modifies the conditions of probation during the period of probation, the DOC must update the changes in the FCIC.

Reentry and Transitional Services Provisions (Sections 21-27, 39, and 40)

Services Offered to Inmates in the Custody of the DOC

The DOC is required to provide a wide range of transitional services, including in the areas of employment, life skills training, job placement, for the purpose of increasing the likelihood of the inmate's successful reentry into society thereby reducing recidivism.[130]

[129] *See* s. 948.06(1)(h)4.-7., F.S. (2017), for the relevant provisions retained in the bill.
[130] *See* ss. 944.701-708, F.S.

Section 944.704, F.S., requires the DOC to provide a transition assistance specialist at each of its major prison institutions to assist an inmate with specified assistance, including, in part, obtaining job placement information.[131]

Section 944.705, F.S., requires the DOC to establish a standard release orientation program available to every eligible inmate.[132] Release orientation must include instruction addressing:

- Employment skills;
- Money management skills;
- Personal development and planning;
- Special needs;
- Community reentry concerns;
- Community reentry support; and
- Any other appropriate instruction to ensure the inmate's successful reentry into the community.[133]

To provide these services, the DOC may contract with outside public or private entities, including faith-based service groups.[134]

Determining the Appropriate Services for Inmates

All inmates are screened at reception and assessed and placed into programs using the CINAS.[135] As described above, the CINAS is administered to inmates at reception and again at 42 months from release. Additionally, the DOC conducts updates every six months thereafter to evaluate the inmate's progress and ensure enrollment in needed programs. The DOC's use of the CINAS allows for development and implementation of programs that increase the likelihood of successful transition through the selection of services that are matched to the offender's learning characteristics and then to the offender's stage of change readiness.[136] Additionally, the CINAS allows for a flow of information between the DOC's Office of Community Corrections and Office of Institutions, which assist the DOC in better serving the offender and preparing him or her for successful transition back into the community.[137]

[131] Section 944.704, F.S., further provides that correctional officers and correctional probation officers are prohibited from serving in the role of the transition assistance specialist.
[132] Sections 944.703 and 944.7031, F.S., provide that all inmates released from the custody of the DOC are eligible to receive transition services. However, the law instructs the DOC to give priority for these services to substance abuse addicted inmates. The law provides that inmates released from private correctional facilities should be informed of and provided with the same level of transition assistance services as provided by the DOC for an inmate in a state correctional facility.
[133] Section 944.705, F.S.

[135] The DOC SB 1222 Analysis, p. 2.
[136] The DOC SB 1222 Analysis, p. 2. The DOC reports that it matches factors that influence an inmate's responsiveness to different types of services with programs that are proven to be effective within an inmate population.
[137] *Id*.

Education for State Prisoners

Section 944.801, F.S., establishes a Correctional Education Program (CEP), which must be composed of the educational facilities and services of all institutions, and facilities housing inmates operated by the DOC.[138] The duties of the CEP, in part, include:

- Developing guidelines for collecting education-related information during the inmate reception process and for disseminating such information to the classification staff of the DOC.[139]
- Approving educational programs of the appropriate levels and types in the correctional institutions and developing procedures for the admission of inmate students into such programs.[140]
- Entering into agreements with public or private school districts, entities, community colleges, junior colleges, colleges, or universities as may be deemed appropriate for the purpose of carrying out the CEP duties.[141]
- Ensuring that such local agreements require minimum performance standards and standards for measurable objectives, in accordance with established Department of Education (DOE) standards.[142]
- Developing and maintaining complete and reliable statistics on the number of high school equivalency diplomas and vocational certificates issued by each institution in each skill area, the change in inmate literacy levels, and the number of inmate admissions to and withdrawals from education courses.[143]

Workforce Training Offered by the DOC

The DOC offers a wide range of career and technical education programs for inmates.[144] In FY 2015-16, the DOC awarded 1,829 vocational certificates and 2,027 industry certificates, and in FY 2016-17, the DOC awarded 1,799 vocational certificates and 1,349 industry certifications. The DOC has since launched new credentialing programs for Canine Obedience and Beekeeping programs, and plans to expand credentialing to construction, horticulture, farm, and culinary programs in 30 institutions.[145]

---

[138] Section 944.801(1), F.S.
[139] Section 944.801(3)(a), F.S., also provides that the information collected must include the inmate's areas of educational or vocational interest, vocational skills, and level of education.

Obtaining Professional Licenses Subsequent to a Criminal Conviction

Licensure - Overview

A person may only be denied employment by the state, any of its agencies or political subdivisions, or any municipality, based on a prior conviction for a crime if the crime was a felony or first-degree misdemeanor and directly related to the position of employment sought.[146] However, a person may be denied a license, permit, or certification to pursue, practice, or engage in an occupation, trade, vocation, profession, or business based on a prior conviction for a crime. The crime must be a felony or first-degree misdemeanor and directly relate to the standard determined by the regulatory authority to be necessary and reasonably related to the protection of the public or the welfare of the profession, or business for which the license, permit or certificate is sought.[147] There are a number of professions that require licensure, which may be impacted by a criminal conviction.[148]

Department of Business and Professional Regulation

Chapter 455, F.S., provides the general powers of the Department of Business and Professional Regulation (DBPR) and authorizes the DBPR to regulate the issuance of licensing for specified purposes.[149] However, the DBPR is prohibited from creating a regulation that has an unreasonable effect on job creation or job retention, or a regulation that unreasonably restricts the ability of those who desire to engage in a profession or occupation to find employment.[150] When a person is authorized to engage in a profession or occupation in Florida, the DBPR issues a "permit, registration, certificate, or license" to the licensee.[151] The Division of Professions within the DBPR is responsible for licensing more than 435,500 professionals with a variety of professional licenses.[152]

The DBPR may disqualify an individual from employment if he or she has been arrested for and is awaiting final disposition of, has been found guilty of, or entered a plea of nolo contender or guilty to, or has been adjudicated delinquent and the record has not been sealed or expunged for a number of specified offenses. Applicants for all professions are required to answer questions pertaining to their criminal history when submitting an application for licensure.[153]

The DBPR reports that there are no statutory provisions or departmental rules that prohibit individuals from applying for licensure while they are still incarcerated or under some form of

[146] Section 112.011(1)(a), F.S.
[147] Section 112.011(1)(b), F.S.
[148] These include, but are not limited to, professions regulated by the Department of Health, such as septic tank contractors, health care professionals and pharmacy professionals, and massage therapists. *See* ss. 489.553(4)(a), 456.0635(2)(a), 465.0022, and 480.041(7), F.S.
[149] Section 455.201(2), F.S., provides that the DBPR may engage in the regulation of professions only for the "preservation of the health, safety, and welfare of the public under the police powers of the state."
[150] Section 455.201(4)(b), F.S.
[151] Section 455.01(4) and (5), F.S.

supervised release, nor are individuals charged any additional fees for applying for a license while still incarcerated or on supervised release.[154]

Agency for Health Care Administration

The Agency for Health Care Administration (AHCA), disqualifies an individual from employment in certain facilities regulated by AHCA, such as nursing homes and hospices, based on an applicant's criminal history. Any individual considered for employment in a facility licensed by chs. 400 and 408, F.S., must complete a level 2 background screening pursuant to ss. 435.04(2) and (3), F.S. In addition to the disqualifying offenses listed above for DBPR, the applicant may be disqualified by AHCA for a number of offenses.[155]

Exemption from Disqualification

Florida law provides for exemptions from disqualification for prior criminal offenses. The head of the appropriate agency may grant an employee otherwise disqualified from employment an exemption from disqualification.[156]

A person applying for exemption must pay any outstanding court fee, fine, fund, lien, civil judgment, application, cost of prosecution, trust, or restitution as part of the criminal case prior to being eligible for exemption.[157] To grant an exemption to an applicant, the applicant has the burden to demonstrate by clear and convincing evidence that he or she should not be disqualified from employment.[158]

Prison Entrepreneurship Programs

In 2011, the University of Virginia's Darden School of Business implemented a prison entrepreneurship program at Virginia's Dillwyn Correctional Center, a medium-security prison housing more than 1,000 inmates. The program focuses on entrepreneurship skills, ethics, and business strategy. Students must complete math testing, develop a personal business plan, and complete a final exam.[159]

Similar programs have had success in other states. Texas has a prison entrepreneurship program at the Cleveland Correctional Facility in Houston and approximately 800 inmates graduate from the program annually. Of its graduates, 106 have founded businesses and the recidivism rate of

[154] *Id*.

[156] *See* s. 435.07, F.S., for specific statutory exemptions.
[157] Section 435.07(1)(b), F.S.
[158] *See* s. 435.07(3)(a), F.S. Evidence provided may include, but is not limited to: the circumstances surrounding the criminal incident; the time period that has elapsed since the incident; the nature of the harm caused to the victim; applicant's history since the incident; and any other evidence or circumstances indicating that the applicant will not present a danger if employment or continued employment is allowed. The decision of the head of an agency regarding an exemption may be challenged pursuant to ch. 120, F.S.
[159] The Darden Report, *Second Changes: Darden's Fairchild Launches Prison Entrepreneurship Program*, January 4, 2013, available at: https://news.virginia.edu/content/second-chances-darden-s-fairchild-launches-prison-entrepreneurship-program (last visited February 22, 2018).

those inmates is less than 7 percent.[160] Though not statutorily mandated, the DOC partners with several educational institutions to offer inmates job training and readiness skills, including, but not limited to, Stetson University, Florida State University, University of Central Florida, and University of West Florida.[161] Additionally, the DOC operates an entrepreneurship education program at Hardee Correctional Institution.[162]

Effect of the Bill

Transition Assistance Staff

The bill amends s. 944.704, F.S., requiring that transition assistance specialists also provide inmates with information about any job assignment credentialing or industry certifications for which the inmate is eligible.

Release Orientation Program

The bill amends s. 944.705, F.S., requiring that each inmate receive a comprehensive community reentry resource directory organized by the county to which the inmate is being released with specified information related to providers and portals of entry.[163]

The DOC must allow a nonprofit faith-based, business and professional, civic, or community organization to apply to be registered under this section to provide inmate reentry services. The DOC must also adopt policies and procedures for screening, approving, and registering an organization that applies to be registered to provide inmate reentry services. The DOC may deny approval and registration of an organization or a representative from an organization if it determines that the organization or representative does not meet such policies or procedures. The bill defines reentry services as services that include, but are limited to counseling; providing information on housing and job placement; money management assistance; and programs addressing substance abuse, mental health, or co-occurring conditions.

The bill also authorizes the DOC to contract with a public or private educational institution's Veteran's Advocacy Clinic or Veteran's Legal Clinic to assist qualified veteran inmates in applying for veteran's assistance benefits upon release.

Certificates of Achievement and Employability

The bill creates ss. 944.805-8065, F.S., establishing a certificate of achievement and employability (CAE) that may remove most mandatory barriers to licensure and employment for ex-offenders.

Definitions

The bill defines a number of terms applicable to these provisions, including:

---

[160] *Id*. *See also* The Prison Entrepreneurship Program, available at http://www.pep.org/releasing-potential/ (last visited February 22, 2018).
[161] Email from the DOC Staff (February 22, 2018) (on file with Senate Criminal Justice Committee).
[162] *Id*. The DOC reports that the course provides an introductory overview of the knowledge and skills needed for the identification, evaluation, and exploitation of opportunities in a variety of circumstances and environments.
[163] The directory must include the name, address, telephone number and a description of services offered of each provider and also include the name, address, and telephone number of existing portals of entry.

- Discretionary civil impact: any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:
  - The impact is triggered in whole or in part by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.
  - The impact is imposed on a person, licensing agency, or employer.
  - The impact permits, but does not require, that a convicted person have a license denied or revoked, permits an agency to deny or revoke a license or certification to a convicted person, or permits a business to refuse to employ a convicted person.
- Eligible inmate: a person who is serving a prison term in a state correctional institution or facility; under the supervision of the DOC on probation or community control; or under a post release control sanction; and who is eligible to apply to the DOC for a certificate of achievement and employability.
- Licensing agency: any regulatory or licensing entity with authority to issue, suspend, or revoke any professional license or certification.
- Mandatory civil impact: any Florida statute or rule that creates a penalty, disability, or disadvantage to which all of the following apply:
  - The impact is triggered automatically solely by a person's conviction of an offense, whether or not the penalty, disability, or disadvantage is included in the judgment or sentence.
  - The impact is imposed on a person, licensing agency, or employer.
  - The impact precludes a convicted person from maintaining or obtaining licensure or employment, precludes a licensing agency from issuing a license or certification to a convicted person, or precludes a business from being certified or from employing a convicted person.[164]

Application for Certificate of Achievement and Employability

An eligible inmate may apply to the DOC for a CAE if the inmate:
- Has satisfactorily completed one or more in-prison vocational programs approved by the DOC.
- Has demonstrated exemplary performance as determined by completion of one or more cognitive or behavioral improvement programs approved by the DOC while incarcerated in a state correctional institution or facility or under supervision, or during both periods of time.
- Shows other evidence of achievement and rehabilitation.
- Has never been convicted of a dangerous crime as defined in s. 907.041, F.S., or a violation specified as a predicate offense for registration as a sexual predator under s. 775.21, F.S., or as a sexual offender under s. 943.0435, F.S.

An incarcerated eligible inmate may apply for a CAE from one year prior to the date of his or her release up to the date of release. An eligible inmate in the community may apply anytime while serving the term of probation or community control.

[164] The bill provides that the definitions of mandatory and discretionary civil impact do not include imprisonment, probation, parole, supervised release, forfeiture, restitution, fine, assessment, or costs of prosecution.

The application must specify the mandatory civil impacts for which the eligible inmate is seeking relief. The DOC is required to notify the licensing agency whose mandatory civil impact may be impacted by the issuance of a CAE and provide the licensing agency with a copy of the CAE application and any documentation that the DOC has concerning the eligible inmate. The licensing agency must be given the opportunity to object in writing to the issuance of a CAE.

The DOC must consider the eligible inmate's application and all objections to issuing the CAE and the DOC must issue the CAE if it finds that the inmate is eligible, the application was filed timely, and all objections to issuing the certificate are insufficient. However, a CAE does not affect the mandatory civil impacts under article VI, section 4 of the Florida Constitution, or ss. 775.13, 775.21, 943.0435, and 944.292, F.S.

Effect of the Certificate of Achievement and Employability

A CAE holder that applies to an agency for licensure or certification must be given individualized consideration by the licensing agency. The CAE provides a rebuttable presumption to the CAE holder for purposes of licensure review. The bill provides that the conviction of a CAE holder alone is insufficient evidence that he or she is unfit for the license or certification. However, the licensing agency is still authorized to deny the license or certification if it determines that the CAE holder is unfit for licensure or certification after considering all relevant facts and circumstances.

The bill distinguishes between the effect of an unemployed CAE holder applying to an agency and an employer of an employed CAE applying to an agency. An employer of an employed CAE holder may apply to an agency for the licensure of his or her employee and the bill provides that the CAE reclassifies the mandatory civil impacts into discretionary civil impacts and that the CAE is a rebuttable presumption. However, for an unemployed CAE holder, the CAE only provides a rebuttable presumption and does not reclassify the mandatory civil impacts.

Revocation of the Certificate of Achievement and Employability

The bill requires the DOC to, at a minimum, adopt rules that result in the revocation of a CAE if a certificate holder is convicted of or pleads guilty to a felony offense subsequent to the issuance of the certificate. The DOC must determine which additional offenses require revocation, considering the nature of the offense and the employment of a certificate holder.

Liability and Rulemaking Authority

The bill provides that the DOC is not liable for a claim for damages arising from issuing, denying, or revoking a CAE or for failing to revoke a certificate. The bill also provides the DOC with rulemaking authority to develop any rules necessary to implement the CAE provisions and requires the CAE program be funded within existing resources.

Prison Entrepreneurship Program

The bill amends s. 944.801, F.S., authorizing the CEP to develop a Prison Entrepreneurship Program. The program must include at least 180 days of in-prison education with curriculum that includes a component on developing a business plan, procedures for graduation and certification of successful student inmates, and at least 90 days of transitional and post release continuing

education services. The bill provides transitional and post release continuing education services may be offered to graduate student inmates on a voluntary basis and are not required for completion of the program.

The program must be funded within existing resources and the DOC is required to enter into agreements with public or private community colleges, junior colleges, colleges, universities, or other non-profit entities to implement the program.

Lastly, the bill provides rulemaking authority and authority to adopt procedures for admitting student inmates.

The bill reenacts ss. 447.203 and 944.026, F.S., incorporating changes made by the act.

Conditional Medical Release (Sections 29, 30, and 41-52)

The pronouncement of a sentence that includes a term of imprisonment imposed by a sentencing court reflects the length of actual time to be served. With limited exceptions, such a term of imprisonment may only be lessened by the application of gain-time,[165] and may not be reduced in an amount that results in the defendant serving less than 85 percent of his or her term of imprisonment.[166] One of the exceptions provided for in law is conditional medical release.

Conditional Medical Release

CMR is a discretionary release of inmates who are "terminally ill" or "permanently incapacitated" and who are not a danger to others.[167] The FCOR reviews eligible inmates for release under the CMR program.

Eligible inmates include inmates that are designated by the DOC as a:

- "Permanently incapacitated inmate," which is an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate permanently and irreversibly physically incapacitated to the extent that the inmate does not constitute a danger to herself or himself or others; or
- "Terminally ill inmate," which is an inmate who has a condition caused by injury, disease, or illness which, to a reasonable degree of medical certainty, renders the inmate terminally ill to the extent that there can be no recovery and death is imminent, so that the inmate does not constitute a danger to herself or himself or others.[168]

The release of an inmate on CMR is for the remainder of the inmate's sentence and requires periodic medical evaluations at intervals determined by the FCOR at the time of release.[169] Supervision can be revoked and the offender returned to prison if the FCOR determines that a

[165] Section 944.275, F.S., provides for various types of incentive and meritorious gain-time.
[166] Section 921.002(1), F.S.
[167] Chapter 92-310, L.O.F.; FCOR, *Release Types, Post Release*, available at https://www.fcor.state.fl.us/postrelease.shtml#conditionalMedicalRelease (last visited January 8, 2018).
[168] Section 947.149(1), F.S. Inmates sentenced to death are ineligible for CMR.
[169] Section 947.149(4), F.S.

violation of any condition of the release has occurred or his or her medical or physical condition improves to the point that the offender no longer meets the CMR criteria.[170] Section 947.141, F.S., provides a hearing process for determining whether a CMR releasee must be recommitted to the DOC for a violation of release conditions or a change in medical status.

The FCOR has approved and released 55 inmates for CMR in the last three fiscal years.[171] The DOC has recommended 120 inmates for release in the past three fiscal years.[172]

Effect of the Bill

The bill amends s. 947.149, F.S., by creating two new CMR designations and two processes for an inmate to be granted CMR, including "Permissive Conditional Medical Release" and "Mandatory Conditional Medical Release."

Designations

The bill creates two new CMR designations, including a designation entitled:

- Inmate with a debilitating illness: an inmate who is determined to be suffering from a significant and permanent terminal or nonterminal condition, disease, or syndrome that has rendered the inmate so physically or cognitively debilitated or incapacitated as to create a reasonable probability that the inmate does not constitute a danger to herself or himself or others.
- Medically frail inmate: an inmate whose physical or mental health has deteriorated to a point that creates a reasonable probability that the inmate does not constitute a danger to herself or himself or others, as determined by a risk assessment completed by a qualified practitioner, and whose deterioration is the direct result of the inmate's:
    - Impairment of the mental or emotional processes that exercise conscious control of one's actions or of the ability to perceive or understand reality, where such impairment substantially interferes with the person's ability to meet the ordinary demands of living;
    - History of substance abuse, as defined in s. 397.311(45), F.S.; or
    - Requirement of acute long-term medical or mental health treatment or services.

The current designation of terminally ill inmate is amended to apply to inmates whose death is expected within 12 months, rather than imminent. The current designation of permanently incapacitated inmate is not altered.

Permissive Conditional Medical Release

The current CMR process remains substantially the same but is amended to be entitled "Permissive Conditional Medical Release." The bill expands Permissive CMR from current law by permitting any inmate determined to be eligible under any of the four CMR designations described above and referred by the DOC to the FCOR to be considered for release by the FCOR. The FCOR continues to retain sole discretion on the determination of whether to release an inmate under Permissive CMR.

[170] Section 947.149(5), F.S.
[171] This includes 14 people in FY 2016-17; 27 in FY 2015-16; and 14 in FY 2014-15. Email from FCOR Staff (December 15, 2017) (attachment on file with the Senate Committee on Criminal Justice).
[172] *Id*. This includes 34 people FY 2016-17; 51 in FY 2015-16; and 35 in FY 2014-15.

Mandatory Conditional Medical Release

The bill creates a new CMR process, entitled "Mandatory Conditional Medical Release," that imposes eligibility requirements in addition to those required in Permissive CMR. If an inmate meets all of the eligibility requirements of Mandatory CMR, the FCOR is *required* to release the inmate on CMR upon verifying the inmate's eligibility.

For Mandatory CMR, the bill requires the DOC to refer an inmate to the FCOR for release if the inmate meets one of the four CMR designations mentioned above and the inmate has:

- Served at least 50 percent of his or her sentence.
- No current or prior conviction for a capital, life, or first-degree felony; sexual offense; or an offense involving a child.
- Not received a disciplinary report within the previous six months.
- Never received a disciplinary report for a violent act.
- Renounced any gang affiliation.

The FCOR must verify that an inmate meets the above-mentioned eligibility criteria within 60 days of the referral.

Referral of an Inmate

The DOC's referral of an inmate for either Permissive or Mandatory CMR must include:

- The proposed conditional medical release plan.
- Any relevant medical history, including current medical prognosis.
- Criminal history, including:
  - The inmate's claim of innocence, if any;
  - The degree to which the inmate accepts responsibility for his or her actions leading to the conviction of the crime; and
  - How any claim of responsibility has affected the inmate's feelings of remorse.
- Any history of substance abuse and mental health issues, provided the inmate authorizes release when such information is collected in accordance with 42 C.F.R. s. 2.
- Any disciplinary action taken against the inmate while in prison.
- Any participation in prison work and other prison programs.
- Any other information the DOC deems necessary.

Placement Considerations and Release Plan

The bill provides that a determination to approve an inmate's release on CMR must consider conditions such as whether:

- A placement option has been secured for the inmate in the community. A placement option may include, but is not limited to, home confinement or a medical or mental health facility that is not a public institution.[173]
- The placement option secured under this section poses a minimal risk to society.

[173] A placement option need not involve any type of supervision of the inmate by an employee or a private contractor of the DOC or otherwise be considered a secure facility. A placement option may involve the use of an electronic monitoring device as defined in 947.005(6), F.S.

- The DOC has made a reasonable effort to determine whether expenses related to the placement option secured under this subsection are covered by Medicaid, a health care policy, a certificate of insurance, or another source for the payment of medical expenses or whether the inmate has sufficient income or assets to pay for the expenses related to the placement.
- The DOC has provided notice to the prosecutor's office in the county in which the prisoner was sentenced and to each victim entitled to notice under article I, section 16(b) of the Florida Constitution.

The bill requires the DOC to develop a release plan for an inmate released on Permissive or Mandatory CMR and the FCOR is authorized to approve the release plan. The release plan must include periodic medical evaluations and may include supervision with electronic monitoring. An inmate's release on Permissive or Mandatory CMR is for the remainder of the inmate's sentence. However, the bill also applies the above-described process for revocation and recommitment to inmates released on Permissive or Mandatory CMR.

The bill also amends s. 947.005, F.S., adding two new definitions, including:
- Electronic monitoring device: an electronic or telecommunications device that is used to track and supervise the location of a person. Such devices include, but are not limited to, voice tracking systems, position-tracking systems, position location systems, or biometric tracking systems.
- Conditional medical release: the release from a state correctional institution or facility under this chapter for medical or mental health treatment pursuant to s. 947.149, F.S.

Lastly, the bill reenacts ss. 316.1935, 775.084, 775.087, 784.07, 790.235, 794.0115, 893.135, 921.0024, 944.605, 944.70, 947.13, and 947.141, F.S., incorporating changes made by the act.

Criminal Justice Data Collection and Transparency (Sections 12-14, 18, 20, and 28)

Data Collection by Florida's Criminal Justice Agencies

Currently, Florida does not have a publicly accessible website containing comprehensive criminal justice data. Several state departments, local agencies and local offices, including the clerks, SAs, PDs, county jails, and the DOC collect data within the criminal justice system. Each entity collects and maintains data in different ways and for different purposes.

Clerks of the Circuit Courts

The clerks use a secured single point-of-search database portal for statewide court case information, the Comprehensive Case Information System (CCIS).[174] Section 28.2405, F.S., requires all clerks to participate in the CCIS and submit data for criminal, civil, juvenile, probate, and traffic cases.[175] The CCIS provides controlled access to court records for governmental

[174] *See* s. 28.2405, F.S. CCIS access site, available at https://www.flccis.com/ocrs/login.xhtml (last visited February 23, 2018).
[175] *See also* Florida Court Clerks & Comptrollers, *Criminal Court Case Data Collection*, p. 7 (November 14, 2017) (PowerPoint presentation on file with the Senate Criminal Justice Committee).

agencies.[176] Currently, 19 governmental organizations use the CCIS and may use it to search information related to call court cases maintained by the clerks.[177]

The CCIS has more than 45,000 active users. The clerks assign each user or organization a security level that allows them to view certain data on the CCIS. Not all data elements are available to all users and CCIS is not available to the public.[178]

County Detention Facilities

Data collection and storage by county detention facilities varies greatly from county to county.[179] Larger county detention facilities have data systems allowing for direct data input and report generation, while smaller jails have databases using Microsoft Access or other commercially available templates.[180]

Section 951.23(2), F.S., requires administrators of county detention facilities to collect and report certain information to the DOC. The DOC then uses such data to analyze and evaluate county detention facilities.[181] Many jails also collect data relating to jail capacity, per diems, demographic data, criminal charges, custody levels, and medical information.[182] Jail administrators use this data to manage daily operations, verify total jail costs and budgets, and ensure proper staffing and training.[183]

State Attorneys and Public Defenders

There is no statutory requirement for a SA or PD to collect, publish, or report specific data. Many circuits, on their own initiative, collect data elements for internal purposes, but this data is not publicly available or shared among agencies.

Department of Corrections

The DOC uses is the Offender Based Information System (OBIS) to collect and organize data related to sentencing information and scoresheets from the clerks, criminal history information from the FDLE, and background information self-reported by inmates.[184] The DOC uses this information for a variety of operational functions including determining an inmate's custody level and an inmate's release date.[185] The DOC shares the OBIS information with law

[176] *Id.* at 2.
[177] *Id.* at 3 and 6.
[178] *Id.* at 11.
[179] Section 951.23(1)(a), F.S., defines a county detention facility to mean a county jail, county stockade, county work camp, county residential probation center, or any other place, except a municipal detention facility, used by a county or county officer for the detention of persons charged with or convicted of a crime.

[185] *Id.* at 5.

enforcement and other state and federal agencies pursuant to relevant statutory authority, federal law, or other directives.[186]

The Bureau of Research and Data Analysis (Bureau) within the DOC analyzes the OBIS data to generate information for the DOC, the Governor, the Legislature, and other state agencies.[187] The Bureau publishes an annual report that includes information regarding inmate population, statistics, and other information relating to the DOC.[188] While annual reports are accessible to the public, users are not permitted to search the data that is collected in OBIS.

Criminal Punishment Code Scoresheet

Section 921.0024, F.S., requires the preparation of a Criminal Punishment Code scoresheet for each defendant who is sentenced for a felony offense. The scoresheet must be developed by the DOC, in consultation with the Office of the State Courts Administrator (OSCA), SAs, and PDs, and submitted to the Supreme Court for approval by June 15 of each year, as necessary. Further, the DOC is required to distribute sufficient copies of the scoresheets to those persons charged with the responsibility for preparing scoresheets.[189]

Effect of the Bill

Data Collection

The bill creates s. 900.05, F.S., specifying Legislative intent of the Legislature to create a model of uniform criminal justice data collection by requiring local and state criminal justice agencies to report complete, accurate, and timely data, and make such data available to the public.

Definitions:

The bill defines the following terms:

- Annual felony caseload: the yearly caseload of each full-time SA and assistant SA (ASA) or PD and assistant PD (APD) for cases assigned to the circuit criminal division, based on the number of felony cases reported to the Supreme Court under s. 25.075, F.S.
- Annual misdemeanor caseload: the yearly caseload of each full-time SA and ASA or PD and APD for cases assigned to the county criminal division, based on the number of misdemeanor cases reported to the Supreme Court under s. 25.075, F.S.[190]
- Attorney assignment date: the date a court-appointed attorney is assigned to the case or, if privately retained, the date an attorney files a notice of appearance with the clerk.
- Attorney withdrawal date: the date the court removes court-appointed counsel from a case or, for a privately retained attorney, the date a motion to withdraw is granted by the court.
- Case number: the identification number assigned by the clerk to a criminal case.

[189] Section 921.0024(3)-(5), F.S.
[190] The terms "annual felony caseload" and "annual misdemeanor caseload" do not include the appellate caseload of a PD or APD. Cases reported pursuant to these terms must be associated with a case number and each case number must only be reported once regardless of the number of attorney assignments that occur during the course of litigation

- Case status: whether a case is open, inactive, closed, or reopened due to a VOP or VOCC.
- Charge description: the statement of the conduct that is alleged to have been violated, the associated statutory section establishing such conduct as criminal, and the misdemeanor or felony classification that is provided for in the statutory section alleged to have been violated.
- Charge modifier: an aggravating circumstance of an alleged crime that enhances or reclassifies a charge to a more serious misdemeanor or felony offense level.
- Concurrent or consecutive sentence flag: an indication that a defendant is serving another sentence concurrently or consecutively in addition to the sentence for which data is being reported.
- Daily number of correctional officers: the number of full-time, part-time, and auxiliary correctional officers who are actively providing supervision, protection, care, custody, and control of inmates in a county detention facility or state correctional institution or facility each day.
- Deferred prosecution or pretrial diversion agreement date: the date a contract is signed by the parties regarding a defendant's admission into a deferred prosecution or pretrial diversion program.
- Deferred prosecution or pretrial diversion hearing date: each date that a hearing, including a status hearing, is held on a case that is in a deferred prosecution or pretrial diversion program, if applicable.
- Disciplinary violation and action: any conduct performed by an inmate in violation of the rules of a county detention facility or state correctional institution or facility that results in the initiation of disciplinary proceedings by the custodial entity and the consequences of such disciplinary proceedings.
- Disposition date: the date of final judgment, adjudication, adjudication withheld, dismissal, or nolle prosequi for the case and if different dates apply, the disposition dates of each charge.
- Domestic violence flag: an indication that a charge involves domestic violence as defined in s. 741.28, F.S.
- Gang affiliation flag: an indication that a defendant is involved in or associated with a criminal gang as defined in s. 874.03, F.S.
- Gain-time credit earned: a credit of time awarded to an inmate in a county detention facility in accordance with s. 951.22, F.S., or a state correctional institution or facility in accordance with s. 944.275, F.S.
- Habitual offender flag: an indication that a defendant is a habitual felony offender as defined in s. 775.084, F.S., or a habitual misdemeanor offender as defined in s. 775.0837, F.S.
- Judicial transfer date: a date on which a defendant's case is transferred to another court or presiding judge.
- Number of contract attorneys representing indigent defendants for the office of the public defender: the number of attorneys hired on a temporary basis, by contract, to represent indigent clients who were appointed a PD.
- Pretrial release violation flag: an indication that the defendant has violated the terms of his or her pretrial release.
- Prior incarceration within the state: any prior history of a defendant being incarcerated in a county detention facility or state correctional institution or facility.
- Tentative release date: the anticipated date that an inmate will be released from incarceration after the application of adjustments for any gain-time earned or credit for time served.

- Sexual offender flag: an indication that a defendant is required to register as a sexual predator as defined in s. 775.21, F.S., or as a sexual offender as defined in s. 943.0435, F.S.

Collection

Beginning January 1, 2019, specified entities are required to collect certain data on a monthly basis. Each entity must report the data collected to the FDLE on a quarterly basis.

Each clerk must collect the following data for each criminal case:
- Case number.
- Date that the alleged offense occurred.
- County in which the offense is alleged to have occurred.
- Date of arrest, if such date is different from the date the offense is alleged to have occurred.
- Date that the criminal prosecution of a defendant is formally initiated through the filing, with the clerk of the court, of an information by the SA or an indictment issued by a grand jury.
- Arraignment date.
- Attorney assignment date.
- Attorney withdrawal date.
- Case status.
- Disposition date.
- Information related to each defendant, including:
  - Identifying information, including name, date of birth, age, race or ethnicity, and gender.
  - Zip code of primary residence.
  - Primary language.
  - Citizenship.
  - Immigration status, if applicable.
  - Whether the defendant has been found by a court to be indigent pursuant to s. 27.52, F.S.
- Information related to the formal charges filed against the defendant, including:
  - Charge description.
  - Charge modifier, if applicable.
  - Drug type for each drug charge, if known.
  - Qualification for a flag designation, including a domestic violence flag, gang affiliation flag, sexual offender flag, habitual offender flag, or pretrial release violation flag.
- Information related to bail or bond and pretrial release determinations, including the dates of any such determinations:
  - Pretrial release determination made at a first appearance hearing that occurs within 24 hours of arrest, including all monetary and nonmonetary conditions of release.
  - Modification of bail or bond conditions made by a court, including modifications to any monetary and nonmonetary conditions of release.
  - Cash bail or bond payment, including whether the defendant utilized a bond agent to post a surety bond.
  - Date defendant is released on bail, bond, or pretrial release.
  - Bail or bond revocation due to a new offense, a failure to appear, or a violation of the terms of bail or bond, if applicable.
- Information related to court dates and dates of motions and appearances, including:
  - Date of any court appearance and the type of proceeding scheduled for each date reported.

  - Date of any failure to appear in court, if applicable.
  - Judicial transfer date, if applicable.
  - Trial date.
  - Date that a defendant files a notice to participate in discovery.
  - Speedy trial motion and hearing dates, if applicable.
  - Dismissal motion and hearing dates, if applicable.
- Whether the attorney representing the defendant is court-appointed to, or privately retained by, a defendant or whether the defendant is represented pro se.
- Information related to sentencing, including:
  - Date that a court enters a sentence against a defendant.
  - Sentence type and length imposed by the court.[191]
  - Amount of time served in custody credited to the defendant at the time of disposition.
  - Total amount of court fees imposed by the court at the disposition of the case.
  - Outstanding balance of the defendant's court fees imposed by the court at disposition of the case.
  - Total amount of fines imposed by the court at the disposition of the case.
  - Outstanding balance of the defendant's fines imposed by the court at disposition of the case.
  - Restitution amount ordered, including the amount collected by the court and the amount paid to the victim, if applicable.
  - Digitized sentencing scoresheet prepared in accordance with s. 921.0024, F.S.
- The number of judges or magistrates, or their equivalents, hearing cases in circuit or county criminal divisions of the circuit court.[192]

Each SA must collect the following data:
- Information related to a victims of a criminal offense, including identifying information of the victim, including race or ethnicity, gender, age, and relationship to the offender, if any.
- Number of full-time and part-time prosecutors.
- Annual felony and misdemeanor caseloads.
- Any charge referred to the SA by a law enforcement agency related to an episode of criminal activity.
- Number of cases in which a no-information was filed.
- Information related to each defendant, including:
  - Each charge referred to the SA by a law enforcement agency related to an episode of criminal activity.
  - Drug type for each drug charge, if applicable.
  - Deferred prosecution or pretrial diversion agreement date and hearing dates, if applicable.

Each PD must collect the following data for each criminal case:
- Number of full-time and part-time PDs and APDs.
- Number of contract attorneys representing indigent defendants for the office of the PD.
- Annual felony and misdemeanor caseloads.

[191] This terms includes, but is not limited to, the total duration of imprisonment in a county detention facility or state correctional institution or facility, and conditions probation or community control supervision.
[192] Judges or magistrates, or their equivalents, who solely hear appellate cases from the county criminal division are not to be reported.

The administrator of each county detention facility must collect the following data:

- Maximum capacity for the county detention facility.
- Weekly admissions to the county detention facility for a revocation of probation or community control.
- Daily population of the county detention facility, including the specific number of inmates in the custody of the county that:
  - Are awaiting case disposition.
  - Have been sentenced by a court to a term of imprisonment in the county detention facility.
  - Have been sentenced by a court to a term of imprisonment with the DOC and who are awaiting transportation to the DOC.
  - Have a federal detainer or are awaiting disposition of a case in federal court.
- Information related to each inmate, including:
  - Date a defendant is processed into the county detention facility for an arrest for a new violation of law or for a VOP or VOCC.
  - Qualification for a flag designation, including domestic violence flag, gang affiliation flag, habitual offender flag, pretrial release violation flag, or sexual offender flag.
- Total population of the county detention facility at year-end.[193]
- Per diem rate for a county detention facility bed.
- Daily number of correctional officers for the county detention facility.
- Annual county detention facility budget.[194]
- Revenue generated for the county from the temporary incarceration of federal defendants or inmates.

The DOC is required to collect the following data:

- Information related to each inmate, including:
  - Identifying information, including name, date of birth, race or ethnicity, and identification number assigned by the DOC.
  - Number of children.
  - Education level, including any vocational training.
  - Date the inmate was admitted to the custody of the DOC.
  - Current institution placement and the security level assigned to the institution.
  - Custody level assignment.
  - Qualification for a flag designation, including sexual offender flag, habitual offender flag, gang affiliation flag, or concurrent or consecutive sentence flag.
  - County that committed the prisoner to the custody of the DOC.
  - Whether the reason for admission to the DOC is for a new conviction or a violation of probation, community control, or parole. For an admission for a VOP, VOCC, or parole violation, the DOC must report whether the violation was technical or based on a new violation of law.
  - Specific statutory citation for which the inmate was committed to the DOC, including, for an inmate convicted of drug trafficking under s. 893.135, F.S., and the statutory citation for each specific drug trafficked.

[193] This data must include the same specified classifications required for daily population.
[194] This information only has to be reported once annually at the beginning of the county's fiscal year.

  - Length of sentence or concurrent or consecutive sentences served.
  - Tentative release date.
  - Gain time earned in accordance with s. 944.275, F.S.
  - Prior incarceration within the state.
  - Disciplinary violation and action.
  - Participation in rehabilitative or educational programs while in the custody of the DOC.
- Information about each state correctional institution or facility, including:
  - Budget for each state correctional institution or facility.
  - Daily prison population of all inmates incarcerated in a state correctional institution or facility.
  - Daily number of correctional officers for each state correctional institution or facility.
- Information related to persons supervised by the DOC on probation or community control, including:
  - Identifying information for each person supervised by the DOC on probation or community control, including his or her name, date of birth, race or ethnicity, sex, and DOC-assigned case number.
  - Length of probation or community control sentence imposed and amount of time that has been served on such sentence.
  - Projected termination date for probation or community control.
  - Revocation of probation or community control due to a VOP or VOCC that is technical in nature or the result of a new law violation.
- Per diem rates for prison beds, probation, and community control.[195]

Publishing of Data

The bill requires the FDLE, beginning January 1, 2019, to publish datasets in its possession in a modern, open, electronic format that is machine-readable and readily accessible by the public on the FDLE's website. The bill requires the FDLE, beginning March 1, 2019, to publish the data received pursuant to the bill in the same modern, open, electronic format that is machine-readable and readily accessible to the public on the FDLE's website. The data must be published by the FDLE no later than July 1, 2019.

Data Transparency

The bill creates s. 943.687, F.S., requiring the FDLE to:
- Collect, compile, maintain, and manage the data submitted by local and state entities pursuant to the bill, and coordinate related activities to collect and submit data;
- Create a unique identifier for each criminal case received from the clerks, which identifies the person who is the subject of the criminal case. The unique identifier must be:
  - The same for that person in any court case and used across local and state entities for all information related to that person at any time; and
  - Randomly created without portions of the person's social security number or birth date.
- Promote criminal justice data sharing by making data received under the bill comparable, transferable, and readily usable;

[195] This information only needs to be reported once annually at the time the most recent per diem rate is published.

- Create and maintain an online database of criminal justice data received under the bill in a modern, open, electronic format that is machine-readable and readily accessible through an application program interface;[196]
- Develop written agreements with local, state, and federal agencies to facilitate criminal justice data sharing;
- Establish by rule:
  - Requirements for the entities subject to the data submission requirements under the bill to submit data through an application program interface;
  - A data catalog defining data objects, describing data fields, and detailing the meaning of and options for each data element reported pursuant to the bill;
  - How data collected pursuant to the bill is compiled, processed, structured, used, or shared;[197]
  - Requirements for implementing and monitoring the online database established by the bill; and
  - How information contained in the online database established by the bill is accessed by the public.
- Consult with local, state, and federal criminal justice agencies and other public and private users of the online database on the data elements collected under the bill, the use of such data, and adding data elements to be collected;
- Monitor data collection procedures and test data quality to facilitate the dissemination of accurate, valid, reliable, and complete criminal justice data; and
- Develop methods for archiving data, retrieving archived data, and data editing and verification.

The bill also creates s. 945.041, F.S., requiring the DOC to publish on its website and make available to the public specified information, updated on a quarterly basis:
- Inmate admissions by offense type, specifically reporting separately burglary of a dwelling[198] offenses from all other property crimes; and
- The recidivism rate.[199]

Criminal Punishment Code Scoresheet

The bill amends s. 921.0024, F.S., requiring the Criminal Punishment Code scoresheet to be digitized. The bill also requires such digitized scoresheets to have individual, structured data cells for each data field on the scoresheet.

Pilot Program

The bill creates a pilot program in the Sixth Judicial Circuit for the purpose of ensuring that data submitted under s. 900.05, F.S., is accurate, valid, reliable, and structured. The bill authorizes the entities specified in the data collection and transparency provisions to enter into a memorandum

[196] The database must permit the public to search, at a minimum, by each data element, county, judicial circuit, or unique identifier and the FDLE may not require a license or charge a fee to access or receive information from the database.
[197] The rule must provide for the tagging of all information associated with each case number and unique identifier.
[198] The bill defines "burglary of a dwelling" as offenses enumerated in s. 810.02(2), (3)(a), and (3)(b), F.S.
[199] The bill defines "recidivism" as rearrest, reconviction, reincarceration, and probation revocation in the state within a 3-year time period following release from incarceration

of understanding (MOU) with a national, nonpartisan, not-for-profit entity, which provides data and measurement for county-level criminal justice systems.

The MOU must establish the duties and responsibilities of a data fellow, which must be completely funded by the entity. The data fellow must assist with data extraction, validation, and quality, and publish such data consistent with the terms of the MOU. The data fellow must assist the office or agency in compiling and reporting data pursuant to the data collection and transparency provisions and in compliance with rules promulgated by the FDLE. The pilot project expires in accordance with the terms of the MOU.

Appropriation

For purposes of implementing ss. 900.05(3) and 943.687, F.S., transitioning to incident-based crime reporting, and collecting and submitting crime statistics that meet the requirements of the Federal Bureau of Investigation under the National Incident-Based Reporting System, the bill provides a specific appropriation to the FDLE for FY 2018-19, including nine FTEs with associated salary rate of 476,163, and the recurring sum of $665,884 and the nonrecurring sum of $1,084,116 from the General Revenue Fund.

Driver License Reinstatement Days Program (Section 6)

Florida requires any person operating a motor vehicle on the state's roadways to hold a driver license[200] or be exempt from licensure.[201] Exemptions to the licensure requirement include nonresidents who possess a valid driver license issued by their home states, federal government employees operating a government vehicle for official business, and people operating a road machine, tractor, or golf cart.[202] Both licensed drivers and exempted individuals have a driving privilege in Florida.[203]

The Department of Highway Safety and Motor Vehicles (DHSMV) can revoke or suspend a driver license or driving privilege for several driving-related and non-driving-related reasons. Revocation means the driving privilege is terminated, while suspension means the driving privilege is temporary withdrawn.[204] Both revocations and suspensions can be indefinite or for a defined period of time, but only revocations in certain circumstances can be permanent. The base fee for driver license reinstatement after revocation is $75, and the fee for reinstatement after suspension is $45.[205]

[200] Section 322.03(17), F.S., defines a "driver license" to mean a certificate that, subject to all other requirements of law, authorizes an individual to drive a motor vehicle.
[201] Section 322.03(1), F.S.

[204] Section 322.01(36) and (40), F.S., respectively.
[205] DHSMV, *Fees*, available at https://www.flhsmv.gov/fees/ (last visited February 22, 2018).

Failure to Meet Court-Imposed Obligations

The clerks can notify the DHSMV to suspend a license for several reasons, including failure to comply with civil penalties, failure to appear, and failure to pay criminal financial obligations.[206] These suspensions last until the individual is compliant with the court's requirements for reinstatement or, in the case of criminal financial obligations, the court grants relief from the suspension.[207]

Payment Plans, Community Service Options, and Collections

The clerk is required to accept partial payment of court-related fees, service charges, costs, or fines in accordance with the terms of an established payment plan. The court may review the reasonableness of the payment plan. A monthly payment amount is presumed to correspond to the person's ability to pay if the amount does not exceed two percent of the person's annual net income, divided by twelve.[208]

The court may convert a statutory financial obligation in a criminal case or a noncriminal traffic infraction into a requirement to perform community service. The clerk must pursue the collection of any unpaid financial obligations that remain unpaid after 90 days by referring the account to a private attorney or collection agent. The clerk must have attempted to collect the unpaid obligation through a collection court, collections docket, or any other collections process prior to referring the account to a private attorney or collections agent, find the referral to be cost-effective, and follow any applicable procurement processes. A collection fee of up to forty percent of the amount owed at the time the account is referred to the attorney or agent for collection may be added to the outstanding balance.[209]

Reinstatement Clinics

Several counties have held events to assist individuals whose licenses are suspended for financial reasons related to civil penalties or criminal financial obligations. In April 2015, 60 out of 67 counties participated in Operation Green Light: a short-term event in which the clerk waived the forty percent collections surcharge in exchange for full payment of the financial obligation behind a person's driver license suspension.[210] Upon satisfaction of the obligation, the participants' licenses were reinstated. The total statewide cost for the event was less than $133,000, and the clerks collected almost $5.5 million in fees and reinstated almost 1,900 licenses.[211] Several counties have since conducted similar events.[212]

Effect of the Bill

The bill creates s. 322.75, F.S., requiring each judicial circuit to establish a Driver License Reinstatement Days program that must include participation from the DHSMV, the SAs office, the PDs office, the circuit and county courts, the clerks, and any interested community organization. The clerk, in consultation with above-listed participants, must select one or more days for an event where an event attendee may have his or her driver license reinstated. A person must pay the full license reinstatement fee, but the clerk is authorized to reduce or waive other fees and costs to facilitate reinstatement.

The bill provides that a person is eligible for reinstatement under the program if his or her license was suspended due to:

- Driving without a valid driver license;
- Driving with a suspended driver license;
- Failing to make a payment on penalties in collection;
- Failing to appear in court for a traffic violation; or
- Failing to comply with provisions of chs. 318 or 322, F.S.

A person is eligible for reinstatement under the program if the period of suspension or revocation has elapsed, the person has completed any course or program required of him or her,[213] and the person is otherwise eligible for reinstatement.

However, a person is ineligible for reinstatement under the program if his or her driver license is suspended or revoked:

- Because the person failed to fulfill a court-ordered child support obligation;
- For a violation of s. 316.193, F.S., or a traffic related felony;
- Because the person has not completed a required course or program; or
- Because the person is a habitual traffic offender under s. 322.264, F.S.

Lastly, the bill requires the clerk and the DHSMV to verify any information necessary for reinstatement of a driver license under the program at the event.

Community Court Programs (Section 35)

Problem-solving courts are specialized, non-traditional courts addressing the underlying causes of crime to reduce recidivism and promote rehabilitation. Problem-solving courts build relationships in the community, address each defendant individually, and typically include:

- A problem-solving team including judges, case managers, prosecutors, defense attorneys, treatment professionals, law enforcement officers, corrections personnel, and other community stakeholders.

Driver License Reinstatement Event Flyer, available at https://www.jud11.flcourts.org/DesktopModules/EasyDNNNews/DocumentDownload.ashx?portalid=0&moduleid=599&articleid=2744&documentid=11 (all articles last visited February 22, 2018).

[213] The bill provides that these courses may include a driver training program, driver improvement course, or alcohol or substance abuse education or evaluation program as required under ss. 316.192, 316.193, 322.2616, 322.271, or 322.264, F.S.

- A non-adversarial approach.
- Individualized treatment services.
- Judicial leadership and interaction.
- Responses to defendant compliance.[214]

Today, Florida has over 170 problem-solving courts, including, but not limited to adult and juvenile drug courts, veterans' courts, mental health courts, DUI courts, and permanency courts.

Effect of the Bill

The bill creates s. 948.081, F.S., authorizing each judicial circuit to establish a community court program for defendants charged with certain misdemeanor offenses, which at a minimum:

- Adopts a nonadversarial approach.
- Establishes an advisory committee to recommend solutions and sanctions in each case.
- Considers the needs of the victim.
- Considers individualized treatment services for the defendant.
- Provides for judicial leadership and interaction.
- Monitors the defendant's compliance.

The chief judge in each county that elects to establish a community court program must issue an administrative order specifying the misdemeanors that are eligible for the program. In making such determination, the chief judge must consider the particular needs and concerns of the communities within the judicial circuit. The DOC, Department of Juvenile Justice (DJJ), Department of Health, FDLE, DOE, law enforcement agencies, and other government entities involved in the criminal justice system are required to support any community court programs established.

Participation in the community court program must be voluntary and each program shall have a resource coordinator who:

- Coordinates the responsibilities of the participating agencies and service providers;
- Provides case management services;
- Monitors compliance by defendants with court requirements; and
- Manages the collection of data for program evaluation and accountability.

Additionally, the chief judge of the judicial circuit must appoint an advisory committee for each community court. Membership must include, at a minimum the chief judge or a community court judge designated by the chief judge, who shall serve as chair, the SA, the PD, and the community court resource coordinator.[215]

---

[214] The Florida Courts, *Problem-Solving Courts*, available at http://www.flcourts.org/resources-and-services/court-improvement/problem-solving-courts/index.stml (last visited February 22, 2018). Florida created the first drug court in the United States in Miami-Dade County in 1989.

[215] The committee may also include community stakeholders, treatment representatives, and other persons the chair deems appropriate.

The advisory committee's duties, in part, are to review each defendant's case and each committee member is permitted to make a recommendation to the judge, including appropriate sanctions and treatment solutions for the defendant. The judge must consider recommendations made by the advisory committee in determining sanctions and treatment with respect to each defendant.

The bill requires each judicial circuit that establishes a community court program to report client-level and programmatic data to the OSCA annually for program evaluation.[216]

Community court program funding must be secured from sources other than the state for costs not assumed by the state under s. 29.004, F.S. However, a program is not precluded from using funds provided for treatment and other services through state executive branch agencies.

Oversight Council (Sections 1 and 2)

The Florida Corrections Commission

The Florida Corrections Commission (Commission) was established by the Legislature in 1994[217] and abolished in 2006.[218] The Commission was housed within the DOC, but acted as an independent body[219] that reviewed the DOC and looked at policies of the entire criminal justice system affecting corrections.[220] The Commission consisted of nine members appointed by the Governor and subject to confirmation by the Senate.[221] The membership of the Commission was required to represent equally all geographic areas of the state, and each member had to be a citizen and registered to vote. The term for each Commission member was four-years.[222]

The primary functions of the Commission included, but were not limited to:
- Recommending major correctional policies and assuring proper execution of approved policies and revisions;
- Periodically reviewing the status of the state correctional system and recommending improvements to the Legislature and the Governor;
- Monitoring the overall financial status of the DOC, including management of revenue and bond proceeds;
- Reviewing annual budget requests, the comprehensive correctional master plan, and the tentative construction program for compliance with laws and policies of the DOC; and
- Regularly evaluating the efficiency, productivity, and management of the DOC.[223]

[216] The bill provides that client-level data includes primary offenses resulting in the community court referral or sentence, treatment compliance, completion status, reasons for failing to complete the program, offenses committed during treatment and sanctions imposed, frequency of court appearances, and units of service; and programmatic data includes referral and screening procedures, eligibility criteria, type and duration of treatment offered, and residential treatment resources.

[219] Section 20.315(6)(a)3., F.S. (2005).
[220] Section 20.315(6)(a)1., F.S. (2005).
[221] Section 20.315(6)(a)2., F.S. (2005).
[222] *Id*.
[223] Section 20.315(6)(b), F.S. (2005).

The Commission was specifically prohibited from interfering with the day-to-day operations of the DOC.[224]

The Commission held regular meetings, which were required to be noticed in accordance with Florida's public meetings laws.[225] The Commission was also required to appoint an executive staff that served under the direction of the Commission.[226]

Office of the Inspector General

In 1994, the Florida Legislature created the Office of the Chief Inspector General and an Office of Inspector General in each state agency.[227] Every state agency has an inspector general who achieves their mission through conducting professional and independent investigations, audits, and reviews with the goal of enhancing the public trust in government.[228]

The Office of the Chief Inspector General is responsible for promoting accountability, integrity, and efficiency in the Executive Office of the Governor (EOG) and in agencies under the jurisdiction of the Governor.[229] The Chief Inspector General serves as the Inspector General for the EOG and reports directly to the Governor.[230] The duties of the Office of the Chief Inspector General include, in part, conducting audits, investigations, and other activities.[231]

Councils

Section 20.03(7), F.S., defines a "council" as an advisory body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives.

Florida has established a number of councils that address a wide variety of public policy topics, such as the Suicide Prevention Coordinating Council, Statewide Council on Human Trafficking, Regional Planning Councils, and Council on Arts and Culture.[232] Statutes that create councils at a minimum typically include provisions designating the specified number of members, procedures for appointing such members, and the purpose for and duties of the council.[233]

Effect of the Bill

The bill establishes the Florida Correctional Operations Oversight Council (Oversight Council) within the Office of the Chief Inspector General. The Office of the Chief Inspector General must provide administrative support to the Oversight Council; however, the Oversight Council is not

[224] Section 20.315(6)(c), F.S. (2005).
[225] Article I, s. 24(b) of the Florida Constitution and s. 286.011, F.S., require all state, county, or municipal meetings to be open and noticed to the public.
[226] Section 20.315(6)(e), F.S. (2005).

[229] Executive Office of the Governor (Chief Inspector General), *2016-2017 Annual Report*, available at http://www.floridaoig.com/library/Annual_rpts/2016-17-CIG-Annual-Report.pdf (last visited February 24, 2018).
[230] Sections 14.32(4), F.S.
[231] Section 14.32(2), F.S.
[232] *See* ss. 14.20195, 16.617, 265.285, F.S.
[233] *See Id*. for examples of common purposes, duties, and membership structure of councils.

under the control, supervision, or direction of the Office of the Chief Inspector General in the performance of its duties. Further, the Oversight Council is prohibited from interfering with the day-to-day operations of the DOC or the DJJ.

The Oversight Council will operate as a council as such term is defined in s. 20.03, F.S., with the specific purpose of overseeing matters relating to the corrections and juvenile justice continuum with an emphasis on the safe and effective operations of major institutions and facilities under the purview of the DOC and the DJJ. The bill also requires the council to make recommendations and findings on the policies of other components of the criminal justice system if such policies affect corrections or the juvenile justice continuum.

The Oversight Council is comprised of nine members of whom the Governor, President of the Senate, and the Speaker of the House of Representatives are each authorized to appoint three members. All members must be initially appointed by October 1, 2018. The term length will be four-years; however, one appointee of each appointing entity must be appointed to an initial two-year term to achieve staggered terms. Members will serve without compensation, but may receive reimbursement for per diem and travel expenses as provided in s. 112.061, F.S.[234]

The bill requires that members are Florida residents and emphasizes, but does not require, that members have a background in prison operations, jail management, or the juvenile justice continuum of services. Appointments must be made in a manner that provides equitable representation to all geographic regions of the state. Members must provide representation to the state in its entirety and not conduct themselves in a manner that benefits a particular region.

A person is prohibited from being appointed as a member of the Oversight Council if he or she has an immediate family member that is employed by the DOC, the DJJ, a private institution, facility, or provider under contract with the DOC or the DJJ; or a direct or indirect interest in a contract, subcontract, franchise, privilege, or other benefit that can be awarded by either the DOC or the DJJ during the term of service.

The Oversight Council's primary duties include:

- Evaluating, investigating, and overseeing the daily operations of correctional and juvenile facilities and conducting announced and unannounced inspections of correctional and juvenile facilities,[235] including entering any facility housing prisoners, residents, or juveniles. Members must be provided immediate access to places requested and given the ability to communicate with any prisoner, resident, or juvenile privately with adequate security in place.
- Identifying and monitoring high-risk and problematic correctional or juvenile facilities and reporting findings and recommendations relating to these facilities.
- Providing technical assistance when appropriate.

[234] Section 112.061, F.S., establishes standardized travel reimbursement rates, procedures, and limitations, with specified exceptions, that apply to all public officers, employees, and authorized persons whose travel is authorized and paid for by a public agency. Per diem and travel expenses cover costs such as lodging, meals, vehicle rental, gas, plane fare, tolls, or parking fees. Rates are dependent upon factors such as whether the business travel requires an overnight stay or day trip and the length of time away from official headquarters.

[235] This provision applies to facilities operated by the state or a private contractor.

- Submitting an annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, that includes statutory, budgetary, and operational recommendations to the Legislature that address problems identified by the council.[236]
- Conducting confidential interviews with staff, officers, inmates, juveniles, volunteers, and public officials relating to the operations and conditions of correctional and juvenile facilities.
- Developing and implementing a monitoring tool that will be used to assess the performance of each correctional and juvenile facility.
- Conducting regular on-site visits to correctional and juvenile facilities.

Additionally, the Oversight Council must appoint an executive director to serve under the direction of the members. The bill provides that the executive director position will be governed by the classification plan and salary and benefits plan approved by the EOG.

The bill provides a specific appropriation of $168,074 recurring General Revenue funds and $37,855 nonrecurring General Revenue funds, and creates one FTE for the purpose of administering the Oversight Council at an authorized salary rate of $70,000.

Mutual Aid Agreements (Section 3)

The Florida Mutual Aid Act was established to ensure adequate coordination and preparations amongst law enforcement and other specified entities in the event of natural or manmade disasters or emergencies and other major law enforcement problems.[237] Section 23.1225, F.S., provides that mutual aid agreements are agreements between two or more law enforcement agencies to permit voluntary cooperation in routine matters or to render assistance in the event of a law enforcement emergency. A mutual aid agreement must generally be in writing and specify:

- The nature of the assistance to be rendered;
- The agency or entity that will bear liability in certain situations;
- Procedures for requesting and authorizing assistance;
- The agency or entity in charge of supervision;
- The time limit for the agreement;
- The terms of compensation; and
- Any other terms necessary to give effect to the agreement.[238]

Effect of the Bill

The bill amends s. 23.1225, F.S., specifying that in the event the Governor declares a state of emergency pursuant to ch. 252, F.S., a mutual aid agreement may be used to increase the presence of law enforcement to aid in traffic and crowd control, emergency response, and evacuation support.

[236] If the bill becomes law, the first report is due by November 1, 2019.
[237] Section 23.121, F.S.
[238] Section 23.1225(1), F.S. If the Governor declares a state of emergency pursuant to ch. 252, F.S., the requirement that an agreement to render emergency assistance be in writing may be waived by the participating agencies for up to 90 days after the Governor's declaration.

Courthouse Security Provided by Sheriffs (Section 4)

Sheriffs

The Florida Constitution establishes five specific county officers, including the county sheriff. Each sheriff is elected by county voters for a four-year term. Abolishing the office of sheriff or revising the manner in which the sheriff is chosen may be provided by county charter or special law approved by a vote of the electors of the county under certain circumstances.[239]

Section 30.15, F.S., provides for the powers and duties of sheriffs. Some of the duties a sheriff, or his or her deputies, must perform within their respective counties include:

- Execute all process of the courts and board of county commissioners;
- Execute other writs, processes, warrants, and papers;
- Act as conservators of the peace and apprehend any person disturbing the peace; and
- Attend sessions of the circuit court and county court.

If a sheriff fails to attend a session of the court, either in person or by deputy, the judge may appoint an interim sheriff to assume the sheriff's responsibilities and duties.[240] The sheriff is the executive officer of the county court and circuit court of the county.[241]

Judicial Administration

The Florida Constitution provides that the chief judge of each judicial circuit is responsible for the administrative supervision of the circuit courts and county courts in the circuit.[242] Some duties over which the chief judge has authority include:

- Regulate the use of courtrooms;
- Supervise dockets and calendars;
- Delegate to the trial court administrator the authority to bind the circuit in contract;
- Promote the prompt and efficient administration of justice; and
- Manage, operate, and oversee the jury system.[243]

Failure of any judge, clerk, SA, PD, or other officer of the court to comply with an order or directive of the chief judge under s. 43.26, F.S., constitutes neglect of duty.[244] Additionally, the Rules of Judicial Administration provides that the chief judge regulates the use of court facilities and directs the formation and implementation of policies and priorities for the operation of all courts and officers within the circuit.[245]

[239] FLA. CONST. art. III, s. 1.
[240] Section 30.12, F.S.
[241] Sections 26.49 and 34.07, F.S.
[242] FLA. CONST. art. V, s. 2(d).
[243] Section 43.26, F.S.; *See also* s. 40.001, F.S.
[244] Section 43.26(4), F.S.
[245] Fla. R. Jud. Admin. 2.215(b).

Effect of the Bill

The bill amends s. 30.15, F.S., requiring the sheriff and the governing board of the county to provide security for trial court facilities located within each county of a judicial circuit. The sheriff and the county must coordinate with the chief judge of the applicable judicial circuit on security matters for such facilities, but the sheriff and county retain operational control over the manner in which security is provided, as applicable, in such facilities. The bill provides that these provisions do not affect or erode the authority of counties under Article V, s. 14 of the Florida Constitution or s. 29.008, F.S., to provide and fund the security of facilities as defined s. 29.008(1)(e), F.S.[246] Additionally, the bill provides that sheriffs and their deputies, employees, and contractors are officers of the court when providing security for trial court facilities.

The chief judge of the judicial circuit retains decision-making authority to ensure the protection of due process rights, including, but not limited to, the scheduling and conduct of trials and other judicial proceedings, as part of his or her responsibility for the administrative supervision of the trial courts pursuant to s. 43.26, F.S.

Attorney's Fees in Specific Injunction Cases (Sections 5, 7 and 8)

Protective Injunctions

Protective injunctions are available under Florida law for victims of domestic violence, repeat violence, sexual violence, dating violence, and stalking.[247]

A protective injunction may prohibit a person from:
- Going to or being within 500 feet of the petitioner's residence, school, place of employment, or other specified place;
- Committing an act of violence against the petitioner;
- Telephoning, contacting, or otherwise communicating with the petitioner; and
- Knowingly and intentionally coming within 100 feet of the petitioner's motor vehicle.[248]

Violation of a protective injunction is a first-degree misdemeanor, punishable by up to one year in jail and a $1,000 fine.[249]

Procedure for Obtaining an Injunction

The process for obtaining an injunction in any of the above-mentioned circumstances is very similar and requires that the victim file a sworn petition for injunction that alleges:
- He or she is a victim of domestic violence; repeat, sexual, or dating violence; or stalking; or
- In the case of a petition for a domestic violence injunction, he or she has reasonable cause to believe he or she is in imminent danger of such violence.[250]

[246] These provisions address judicial funding.
[247] Sections 741.30, 784.046, and 784.0485, F.S.
[248] Sections 741.31, 784.047, and 784.0487, F.S.
[249] *Id*.
[250] Sections 741.30, 784.046, and 784.0485, F.S.

As soon as possible following the filing of the petition, a court must set a hearing to determine whether an immediate and present danger of the violence alleged exists. Upon finding an immediate and present danger, the court may grant an ex parte temporary injunction for 15 days. A court must then set a hearing with notice to the respondent, and upon such hearing with notice, may grant protective injunctive relief as it deems proper.[251]

Attorney's Fees

A court must award a reasonable attorney's fee to be paid by the losing party and the losing party's attorney on any claim or defense during a civil proceeding or action if the court finds that the losing party or losing party's attorney knew or should have known that a claim:

- Was not supported by the material facts necessary to establish the claim or defense; or
- Would not be supported by the application of then-existing law to those material facts.[252]

Florida law prohibits attorney fee awards stemming from domestic violence injunction proceedings; however, there is no such explicit prohibition for repeat violence, sexual violence, dating violence, or stalking injunction proceedings. In *Lopez v. Hall*, the Florida Supreme Court held that an award of attorney's fees was permissible in dating, repeat, and sexual violence injunction proceedings, as they were not explicitly prohibited by statute.[253]

Effect of the Bill

The bill amends ss. 57.105, 784.046, and 784.0485, F.S., prohibiting the award of attorney's fees in injunction proceedings for repeat violence, sexual violence, sexual violence, and stalking.

Reporting Provisions (Sections 17, 19, and 38)

Reports Concerning Seized or Forfeited Property

The Florida Contraband Forfeiture Act (act)[254] provides for the seizure and civil forfeiture of property related to criminal and non-criminal violations of law.[255] Contraband and other property may be seized when utilized during a violation of, or for the purpose of violating, the act. Property constituting a "contraband article" includes, but is not limited to, a controlled substance as defined in ch. 893, F.S., any gambling paraphernalia being used or attempted to be used in violation of the state's gambling laws, and any motor fuel upon which the motor fuel tax has not been paid as required by law.[256]

Currently, any contraband article, vessel, motor vehicle, aircraft, other personal property, or real property used in violation of any provision of the act, or in, upon, or by means of which any violation of the act has taken or is taking place, may be seized and forfeited subject to the act.[257]

---

[251] *Id*.
[252] Section 57.105, F.S.
[253] No. SC16-1921 (Slip. Op.) (January 11, 2018).
[254] *See* ss. 932.701-932.7062, F.S.,
[255] Section 932.701(1), F.S.
[256] *See* s. 932.701(2)(a)1.-12., F.S.
[257] Section 932.703(1)(a), F.S.

If the court finds that the seizure occurred lawfully[258] and that probable cause exists for the seizure, the forfeiture may proceed as set forth in the act.[259]

When a seizing agency obtains a final judgment granting forfeiture of real or personal property, it may elect to:

- Retain the property for the agency's use;
- Sell the property at public auction or by sealed bid to the highest bidder;[260] or
- Salvage, trade, or transfer the property to any public or nonprofit organization.[261]

Section 932.7061, F.S., requires every law enforcement agency to submit an annual report by October 10 indicating whether the agency has seized or forfeited property under the act.[262] In the event that a law enforcement agency received or expended forfeited property or proceeds from the sale of forfeited property in accordance with the act, the annual report must document such receipts and expenditures.

An agency that is in noncompliance with the reporting requirements in s. 932.7061, F.S., must be notified by the FDLE. Such agency has 60 days within receipt of the notification of noncompliance to comply with the reporting requirements. An agency that fails to comply within 60 days is subject to a civil fine of $5,000. The fine is determined by the Chief Financial Officer (CFO) and payable to the General Revenue Fund.[263] The FDLE must submit any substantial noncompliance to the CFO, which will then be responsible for the enforcement of the fine.[264]

The fiscal year for sheriff departments runs from October 1-September 30, making it difficult to gather all required information and submit it by October 10 to comply with the statutory mandate.

Effect of the Bill

The bill changes the deadline for the submission of such report to December 1. The bill also reenacts s. 932.7062, F.S., incorporating changes made by the act.

Pretrial Release Annual Report

Current law requires each pretrial release program[265] to submit an annual report no later than March 31 for the previous calendar year that contains information about each program, including, but not limited to, the amount of fees paid by defendants to the pretrial release program and the number of persons employed by the program.[266]

---

[258] Section 932.703(1)(a), F.S., sets forth the circumstances that permit for a lawful seizure of property.
[259] Section 932.703(2)(c), F.S.
[260] Real property should be listed on the market and sold in a commercially reasonable manner after appraisal. Section 932.7055(1)(b), F.S.
[261] Section 932.7055(1)(a)-(c), F.S.
[262] Section 932.7061(1), F.S.
[263] Section 932.7062, F.S.
[264] *Id.*
[265] "Pretrial release program" means an entity, public or private, that conducts investigations of pretrial detainees, makes pretrial release recommendations to a court, and electronically monitors and supervises pretrial defendants. Section 907.043(2)(b), F.S.
[266] Section 907.043(4), F.S.

Effect of the Bill

The bill requires the following additional information to be contained in the annual report:

- The number of defendants accepted into a pretrial release program who paid a surety or cash bail or bond;
- The number of defendants for whom a risk assessment tool was used in determining whether the defendant should be released pending the disposition of the case and the number of defendants for whom a risk assessment tool was not used;
- The type of each criminal charge of a defendant accepted into a pretrial release program including, at a minimum, the number of defendants charged with dangerous crimes as defined in s. 907.041, F.S., nonviolent felonies, and misdemeanors only.
- The number of defendants accepted into a pretrial release program with no prior criminal conviction.

The bill defines "nonviolent felony" to exclude the commission of, an attempt to commit, or a conspiracy to commit any of the following:

- An offense enumerated in s. 775.084(1)(c), F.S.;
- An offense that requires a person to register as a sexual predator in accordance with s. 775.21, F.S., or as a sexual offender in accordance with s. 943.0435, F.S.;
- Failure to register as a sexual predator in violation of s. 775.21, F.S., or as a sexual offender in violation of s. 943.0435, F.S.;
- Facilitating or furthering terrorism in violation of s. 775.31, F.S.;
- A forcible felony as described in s. 776.08, F.S.;
- False imprisonment in violation of s. 787.02, F.S.;
- Burglary of a dwelling or residence in violation of s 810.02(3), F.S.;
- Abuse, aggravated abuse, and neglect of an elderly person or disabled adult in violation of s. 825.102, F.S.;
- Abuse, aggravated abuse, and neglect of a child in violation of s. 827.03, F.S.;
- Poisoning of food or water in violation of s. 859.01, F.S.;
- Abuse of a dead human body in violation of s. 872.06, F.S.;
- A capital offense in violation of ch. 893, F.S.;
- An offense that results in serious bodily injury or death to another human; or
- A felony offense in which the defendant used a weapon or firearm in the commission of the offense.

The bill is effective October 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

The county or municipality mandates provision of article VII, section 18 of the Florida Constitution may apply because of several provisions in the bill, including the requirement that all county-operated detention facilities collect and transmit data elements to the FDLE, each county develop an ASP, and each county establish a Driver License Reinstatement Days, require counties to expend funds.

Article VII, s. 18(a) of the Florida Constitution provides, in pertinent part, that "no county or municipality shall be bound by any general law requiring such county or municipality to spend funds or take an action requiring the expenditure of funds unless the legislature has determined that such law fulfills an important state interest and unless the law requiring such expenditure is approved by two-thirds of the membership in each house of the legislature."

The bill does not contain a legislative finding that the act fulfills an important state interest.

These requirements do not apply[267] to laws that have an insignificant fiscal impact, [268] which for fiscal year 2017-2018 is $2.05 million or less.[269]

B. Public Records/Open Meetings Issues.

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Certificate of Achievement and Employability

The bill may result in a greater number of state inmates being able to find employment upon release from incarceration which could have an indeterminate positive impact on the private sector.

Attorney's Fees

The bill prohibits the court from awarding attorney fees in proceedings for protective injunctions for repeat, sexual, or dating violence or stalking. This change may have an indeterminate, but likely insignificant, impact on attorneys.

[267] FLA. CONST. art. VII, s. 18(d).
[268] An insignificant fiscal impact is the amount not greater than the average statewide population for the applicable fiscal year times $0.10. *See* Florida Senate Committee on Community Affairs, *Interim Report 2012-115: Insignificant Impact*, (September 2011), available at: http://www.flsenate.gov/PublishedContent/Session/2012/InterimReports/2012-115ca.pdf.
[269] Based on the Demographic Estimating Conference's population adopted on Dec. 5, 2017. The conference packet is available at http://edr.state.fl.us/Content/conferences/population/ConferenceResults.pdf.

Pretrial Release Programs

To the extent that pretrial release programs use vendors to monitor released defendants, there may be a fiscal impact to collect additional data that is not currently collected by these vendors.

C. Government Sector Impact:

Supervised Bond Program

Local governments may experience reduced costs as a result of the implementation of the Bond Program. A county may implement a supervised bond program, which allows an eligible defendant to be released on active supervision and some form of bond or ROR while awaiting trial. As a result, the county's costs to supervise the participants may be decreased from the full daily county jail per diem to the much lower per diem rates for active electronic monitoring or continuous alcohol monitoring technologies, or both.

Drug Trafficking Sentencing Departure

The Criminal Justice Impact Conference (CJIC) estimates that the provisions of the bill relating to departure from drug trafficking mandatory minimum sentences will have a "negative significant" prison bed impact (i.e., a decrease of more than 25 prison beds).[270]

Theft

The CJIC estimates that the provisions of the bill relating to theft offenses will have a "negative significant" prison bed impact (i.e., a decrease of more than 25 prison beds).[271]

Risk Assessment Pilot Program

The bill creates a Risk Assessment Pilot Program that utilizes a RAI to ensure better programming for defendants after arrest. To the extent that this program reduces recidivism, the bill may reduce the need for jail beds and prison beds.

The DOC estimates it will cost $321,584 and 4 FTE to implement the requirements of this bill. Staff will be needed at each of the county pilot sites for implementation, training, monitoring the data and assessment environments to identify and resolve issues onsite. Staff will also be required to be project managers and will be used to ensure communication, monitor overall logistics, conduct analysis and prepare and submit necessary reports.[272] In addition, the DOC also estimates it will cost $763,575 for technology-related costs associated with a modified version of the spectrum assessment system.[273]

---

[273] *Id*. at 7.

Data Collection

Local Detention Facilities

The bill will have an indeterminate impact on local administrators of county detention facilities by requiring the reporting and transmission of data from the facilities to the FDLE on a weekly basis. According to the Florida Sheriffs Association, the fiscal impact will be significant as each jail operates an independent jail management system. Additionally, not all systems currently collect the data elements required by the bill and interfacing the jail management systems with the FDLE may be problematic and may require additional technology upgrades to resolve.[274] Depending on the size of the facility and current data capabilities, some counties may need to hire additional positions to input and maintain the data and the requirements may involve technology upgrades or installing new systems.

Counties that operate a pretrial release program may also have an indeterminate fiscal impact due to the additional data elements that must be collected and reported to the FDLE.

Clerks of the Court

The clerks report that the bill will have a significant fiscal impact on the clerks. The clerks in the Sixth Judicial Circuit (Pinellas and Pasco Counties) indicate they will need to modify their individual case management systems (CMS) for missing data elements. Additionally, CCIS will need to be modified to transmit information to the FDLE. The clerks estimate the cost to implement the bill for the Sixth Judicial Circuit is approximately $2 million for the first year of implementation and approximately $600,000 of recurring funds will be needed for subsequent years.[275] Other circuits will likely have similar fiscal impacts.

Department of Corrections

The bill will have a fiscal impact on the DOC. The requirements of reporting additional budget information will require one additional full time employee (Senior Management Analyst II) to implement at a cost of approximately $93,000 per year.

In order to create the digitized scoresheet and provide the additional data information requested there will be significant technology impact, which will include developing new applications to create the digitized scoresheet, and completing programming changes and development to the OBIS related to offender tracking and information screens. According to the DOC, these changes will cost approximate $340,000. However, it is anticipated that this could be updated at minimal cost given that there is already an electronic version of the scoresheet in existence.[276]

[274] Email from Florida Sheriffs Association Staff (February 23, 2018) (on file with Senate Criminal Justice Committee).
[275] The Clerks of the Court, *HB 7071 Criminal Justice Data Transparency Pilot Initiation Analysis – Sixth Judicial Circuit*, p. 1, provided by the Florida Clerks of Court Operations Corporation (Feb. 8, 2018).
[276] DOC, *Agency Analysis of 2018 House Bill 7071*, p. 8, February 8, 2018 (on file with Senate Criminal Justice Staff).

Florida Department of Law Enforcement

The bill will have a significant fiscal impact on the FDLE for receiving, publishing, maintaining, and storing the data. The bill requires upkeep and maintenance of the data. The FDLE may need to contract with other vendors to facilitate the publicly available website, allow users to determine their research parameters and data elements to explore, and download the data in a format of their choice.

The bill authorizes nine FTE positions with associated salary rate of 476,163 and appropriates the recurring sum of $665,884 and the nonrecurring sum of $1,084,116 from the General Revenue Fund to the FDLE to accomplish the goals of the bill and to begin the transition to incident-based reporting to the FBI. In addition to the FY 2018-19 appropriation, the FDLE reports it will need three FTE with a cost of $276,069 in year one for salary, benefits, expense, and human resources services and $264,804 in recurring years. Additionally, the FDLE recommends developing a new information system that will make data specified in the bill accessible to the public through the FDLE website. The FDLE estimates the cost to be $6.4 million over the next 24 months to cover the technology impact of the bill with a recurring cost to manage the database of approximately $319,000.[277]

The FDLE does not yet have a specific fiscal impact estimate, but expects the impact to be significant. If the bill passes, the FDLE anticipates holding a series of workshops with the clerks, SAs, PDs, sheriffs and county detention facility administrators, and the DOC. The FDLE anticipates submitting a legislative budget request to address the significant fiscal impact created by this bill.[278]

Additionally, the FDLE reports that there will likely be a loss in revenue that is normally collected under s. 943.053(3)(e), F.S., which authorizes the FDLE, for a fee of $24 per record to the public or reduced for certain state agencies, to provide criminal history information. The provisions of the bill creating s. 900.05, F.S., are in direct conflict with s. 943.053, F.S., due to the lack of fee charged for information that is similar in nature to that which is obtained through a criminal background check for a fee. This could negatively affect the amount of record checks requested and reduce revenue to the FDLE.[279]

State Attorneys and Public Defenders

The bill will have an indeterminate, but potentially significant, fiscal impact on the SAs and PDs. It is unknown how much of the information required by the bill is currently collected by these entities. The additional data and weekly transmission requirements may require more staff for the twenty SA and PD offices, as well as updated or new technology.

[277] *See* FDLE, *Agency Analysis of HB 7071 (Draft)*, p. 2-4, February 13, 2018 (on file with Senate Criminal Justice Committee) (hereinafter cited as "The FDLE HB 7071 Analysis").
[278] *Id*., p. 4.
[279] *Id*. at 6.

Reinstatement Days Program

The bill requires counties to establish a Reinstatement Days Program to assist persons in obtaining a reinstatement of a driver license. To the extent that this provision increases workload to the specified entities that are required to participate, the local governments may incur additional but indeterminate costs.

Court Security

Currently, a sheriff must provide security at any court facility, which includes office space relating to court administration. The bill limits this duty to securing "trial court facilities." Therefore, the bill may reduce the fiscal impact to local governments.

Probation Provisions

The CJIC considered HB 7089, which has these identical provisions, on February 19, 2018, and determined that creating statewide ASPs will have a negative significant impact on the prison population (i.e. decrease of more than 25 prison beds). The CJIC reports that in FY 2016-17, 5,443 technical violators were sentenced to prison.[280] The ASP would apply to certain technical violators and result in greater non-prison sanctions for these violators.

However, one of the ASP sanctions included in the bill is up to 5 days incarceration in a county detention facility for a low-risk violation and up to 21 days for a moderate-risk violation. This section will likely result in increased but indeterminate costs on local government.

The bill requires the DOC to submit additional information to the FCIC if the court modifies conditions of probation. This requirement will cost the DOC a nonrecurring amount of $6,800 to modify their existing data feed to the FDLE and a nonrecurring amount of $13,600 to modify the OBIS. [281] It is anticipated that these fiscal impacts can be absorbed within existing resources.

Reentry Provisions

Transition Assistance

The bill has a fiscal impact to the DOC for the provisions relating to transition assistance. The DOC indicates that Transition Assistant Specialists have not been funded since 2003. To implement the provisions in the bill, the DOC indicates a need for 13 Correctional Services Assistant Consultant positions at a total cost of $834,119 ($774,982 recurring; $59,137 nonrecurring). [282]

[280] Economic and Demographic Research (EDR), Criminal Justice Impact Conference, February 19, 2018, available at http://edr.state.fl.us/Content/conferences/criminaljusticeimpact/PCBJDC1803.pdf (last visited February 22, 2018).
[281] The DOC HB 7089 Analysis, p. 8.
[282] DOC, *Agency Analysis of HB 7089*, p. 3 (February 20, 2018) (on file with Senate Criminal Justice Committee) (hereinafter cited as "The DOC HB 7089 Analysis").

Currently, the DOC does not have the programming capability to provide for nonprofit faith-based, business and professional, civic or community organizations to apply to be registered to provide inmate reentry services. In order to accomplish this, a new system/web portal would need to be created or purchased. The DOC indicates that the cost to create a new system/web portal is indeterminate and may require a procurement to identify possible solutions.[283]

Entrepreneurship Program

The bill allows the DOC to develop an entrepreneurship program. If the DOC elects to do so, the bill requires the program to be implemented within existing resources. In its analysis, the DOC identifies the need to have one Correctional Services Consultant to coordinate program services at a total cost of $68,989 ($64,440 recurring; $4,549 nonrecurring) and a recurring cost of $200,000 to implement and provide services at one location.[284]

Certificates of Achievement and Employability

The bill requires the DOC to fund the CAE program within existing resources. The DOC indicates it will cost $207,825 to develop a system to transmit the necessary information to the various licensing agencies in the state including the DBPR and the ACHA.

Conditional Medical Release

The bill expands CMR by creating new CMR designations and modifying current designations, which will likely cause an increased number of inmates to be referred to the FCOR for CMR. Additionally, the bill requires the FCOR to release inmates that qualify for release under the Mandatory CMR process. However, it is unknown how many additional inmates will be eligible for release under the new provisions of the bill. To the extent that the bill increases the number of inmates released on CMR, the bill will likely result in a negative indeterminate prison bed impact (i.e., an unquantifiable decrease in prison beds).

Oversight Council

The bill provides a specific appropriation of $168,074 recurring General Revenue funds and $37,855 nonrecurring General Revenue funds, and creates one FTE for the purpose of administering the Oversight Council at an authorized salary rate of $70,000.

Additionally, to the extent that creating the Oversight Council improves the corrections and juvenile justice continuum systems, the bill may result in cost savings.

VI. Technical Deficiencies:

None.

[283] *Id*. at 8.
[284] *Id*. at 4.

VII. Related Issues:

Lines 477-517: The bill creates a Reinstatement Days Program and provides that the events may be held on one or more days. However, the bill language does not indicate if these events are to be recurring events or just one time. The bill may need clarification if the intent is to require counties to hold these events on an annual basis.

Lines 775-777: The definition of "prior incarceration with the state" includes reporting any prior history of a defendant being incarcerated in a county detention facility. This may need to be clarified to indicate whether this reporting requirement applies to only post-disposition sentencing to a county jail or also incarceration in a county jail while awaiting trial.

Lines 677-919: There is no data collection requirement that will capture cases that are assigned to regional conflict counsels or private attorneys that are appointed by the court to handle indigent clients.

Lines 1022-1033: The FDLE reports that it is unable to meet the July 1, 2019, date to publish all data received under the bill and recommends the effective date be moved to July 1, 2020.[285]

Lines 1610-1615: The definition of "eligible inmate" is not clear as to what makes a person eligible. Additionally, the title of this definition may be confusing as it applies to eligible persons who are out of custody on supervision and eligible persons who are incarcerated with the DOC, whereas the term inmate tends to be associated solely with persons who are incarcerated.

Lines 1697-1723: The bill attempts to create a process whereby specified eligible inmates can provide a CAE to a state agency and receive an individualized review for purposes of obtaining licensure or certification. However, the language related to the effect of a CAE for an unemployed certificate holder does not appear to have an impact. The bill provides that the CAE provides a rebuttable presumption, but does not impact the status of the mandatory civil impacts. Without reclassifying the mandatory civil impact to a discretionary civil impact, an agency will be bound by the requirement to deny licensure to a person that has a criminal conviction.

Lines 1724-1734: The DOC does not monitor inmates after release from prison, unless there is a specific judicial order of post-release supervision. The bill requires the DOC to revoke a certificate of achievement and employability, if the certificate holder is convicted or pleads guilty to a felony. Unless a court sentences the certificate holder to prison or state probation, the DOC may not know of a new felony conviction.

Lines 1953-1973: The language of the bill seems to not have a substantive impact. Courts are provided specific authority for sentencing which includes placing an offender on probation. However, probation and administrative probation are defined independently and it does not appear that anything would change for sentencing options without a specific reference. If the language is intended to permit courts to sentence an offender to administrative probation, the bill needs to provide a specific reference to administrative probation.

[285] *Id.*

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 14.32, 23.1225, 30.15, 57.105, 784.046, 784.0485, 893.135, 907.043, 921.0024, 932.7061, 944.704, 944.705, 944.801, 947.005, 947.149, 948.001, 948.013, 948.03, and 948.06.

This bill creates the following sections of the Florida Statutes: 322.75, 900.05, 907.042, 907.0421, 943.687, 944.805, 944.8055, 944.806, 944.8065, 945.041, and 948.081.

The bill reenacts the following sections of the Florida Statutes: 447.203, 944.206, 316.1935, 775.084, 775.087, 784.07, 790.235, 794.0115, 893.135, 921.0024, 944.605, 944.70, 947.13, and 947.141.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Creates the "Florida Correctional Operations Oversight Council" to oversee the criminal and juvenile justice systems, including an appropriation with one FTE position in the Executive Office of the Governor to operate the oversight council;
- Clarifies that law enforcement mutual aid agreements may be used to increase law enforcement presence in the event of an emergency response or evacuation;
- Requires sheriffs to provide security to the trial court and coordinate with the chief judge on security matters;
- Requires each circuit to establish a Reinstatement Days Program involving specified entities and hold events through the program on one or more days where a person can pay specified fees and obtain license reinstatement;
- Prohibits issuance of an attorney's fee in protective injunctions for repeat, sexual, or dating violence or stalking;
- Increases the threshold amounts of various theft offenses;
- Expands the third-degree felony offense of grand theft of commercially farmed animals by including birds that are commercially farmed;
- Makes it a third-degree felony for a person to commit any utility theft by removing the application of theft threshold amounts to this offense;
- Limits the reclassification of specified theft offenses to adult convictions that have occurred a certain number of times within specified time frames;
- Authorizes a court to depart from the imposition of a mandatory minimum sentence in drug trafficking cases if certain circumstances are met;
- Establishes a centralized system of uniform data collection for the entire criminal justice system to ensure data transparency;
- Requires specified criminal justice entities to collect certain data on a monthly basis and report such data to the FDLE quarterly;
- Requires that, for data reported pursuant to data transparency provisions, the FDLE:

  - Establish a unique identifier for every person who is the subject of a criminal case, which will be used for all local and state entities' reported data related to that person in order to track that individual's entire experience in Florida's criminal justice system;
  - Create a publicly accessible and searchable database for the data reported;
- Modifies the sentencing scoresheet to a digital format and requiring information contained in the scoresheet to be reported to the FDLE and included in the publicly available database;
- Creates a pilot program in the 6th Judicial Circuit to ensure program data collected is valid and providing an appropriation, including nine FTEs, within the FDLE to support the implementation of data collection and transparency;
- Authorizes counties to establish a Bond Program, which allows eligible defendants to be released on active electronic monitoring, continuous alcohol monitoring, or both subsequent to the administration of a RAI by the county's sheriff and acceptance into the Bond program;
- Creates a Risk Assessment Pilot Program in Hillsborough, Pasco, and Pinellas Counties that requires the counties to administer a RAI to all persons arrested for a felony offense in the county for use in programming and sentencing;
- Requires transition assistance staff within the DOC to identify industry certifications or job assignment credentialing for which an inmate is eligible;
- Requires the DOC to provide inmates with a comprehensive community reentry resource directory that includes specified information related to services and portals available in the county to which the inmate is to be released;
- Permits specified entities to apply with the DOC to be registered to provide inmate reentry services and requiring the DOC to create a process for screening, approving, and registering such entities;
- Authorizes the DOC to contract with specified Veteran's Advocacy Clinics to assist qualified veterans with obtaining services in the community upon release;
- Authorizes the DOC to develop a Prison Entrepreneurship Program that includes education with specified curriculum;
- Creates a "certificate of achievement and employability" application process where the DOC may issue certificates to specified eligible inmates that require licensing agencies to individually consider licensing decisions of certificate holders;
- Prohibits a licensing agency from denying a professional license to a certificate holder solely on the basis of a criminal conviction;
- Creates two new designations for CMR ("inmate with a debilitating illness" and "medically frail inmate") and modifying the current designation of "terminally ill inmate";
- Creates a new "Mandatory Conditional Medical Release" process that requires, rather than permits, the FCOR to release an inmate that meets one of four designations if specified factors are met;
- Requires each circuit to create an alternative sanctions program to handle specified types and occurrences of technical violations of probation or community control outside of a hearing with the judge's concurrence;
- Authorizes a circuit to create a community court program for certain defendants charged with misdemeanors;

- Adds specified data to the information that must be reported in the OPPAGA's annual pretrial programs report (s. 907.043, F.S.);
- Requires the counties to report use and success of the supervised bond program and community court programs created by the act; and
- Modifies the submission date from October 10th to December 1st for the annual contraband seizure report (s. 932.7061, F.S.).

CS by Criminal Justice on January 29, 2018:
The committee substitute removes all provisions related to the charitable bail program and clarifies that the office of the county chief correctional officer will administer the RAI to persons arrested for a felony in the participating county.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Criminal Justice; and Senator Brandes

591-02583-18 20181218c1

A bill to be entitled

An act relating to persons awaiting trial; creating s. 907.042, F.S.; providing legislative findings; requiring the Department of Corrections to develop a risk assessment instrument; authorizing the department to use or modify an existing risk assessment instrument; requiring the department to develop or modify the risk assessment instrument by a certain date; specifying requirements for the use, implementation, and distribution of the risk assessment instrument; creating the Risk Assessment Pilot Program for a specified period; specifying the participating counties; requiring each participating county's chief correctional officer to contract with the department to administer the risk assessment instrument; requiring all counties to administer the risk assessment instrument to all persons arrested for a felony; requiring each participating county to submit a report annually by a certain date to the department with specified information; requiring the department to compile the information of the findings from the participating counties and submit an annual report by a certain date to the Governor and the Legislature; authorizing the department, in consultation with specified persons, to adopt rules; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

591-02583-18 20181218c1

Section 1. Section 907.042, Florida Statutes, is created to read:

907.042 Risk Assessment Pilot Program.—

(1) LEGISLATIVE FINDINGS.—The Legislature finds that there is a need to use evidence-based methods to reduce recidivism. The Legislature finds that the use of actuarial instruments that classify offenders according to levels of risk to reoffend provides a more consistent and accurate assessment of an offender's risk and needs. The Legislature also finds that research indicates that using accurate risk and needs assessment instruments to identify appropriate interventions and programming for offenders reduces recidivism.

(2) RISK ASSESSMENT INSTRUMENT.—

(a) The Department of Corrections shall develop a risk assessment instrument that conducts a criminogenic assessment for use in evaluating the proper placement and programming needs for a person who is arrested. The risk assessment instrument must consider, but need not be limited to, the following criteria:

1. The nature and circumstances of the offense the person committed.

2. The nature and extent of the person's prior criminal history, if any.

3. Any prior history of the person failing to appear in court.

4. The person's employment history, employability skills, and employment interests.

5. The person's educational, vocational, and technical training.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

6. The person's background, including his or her family, home, and community environment.

7. The person's physical and mental health history, including any substance use.

8. An evaluation of the person's criminal thinking, criminal associates, and social awareness.

(b) The Department of Corrections may use or modify an existing risk assessment instrument, if the instrument contains the criteria enumerated in paragraph (a).

(c) The Department of Corrections shall complete the development or modification of a risk assessment instrument no later than March 1, 2019. The department may begin to implement the risk assessment instrument immediately upon completion. Implementation, including training all staff that will administer the risk assessment instrument, must be completed by June 30, 2019.

(d) A representative of the county's chief correctional officer shall administer the risk assessment instrument as early as reasonably possible after a person's arrest, but no later than 10 business days after the arrest. If a person is released from jail pursuant to chapter 903 before the administration of the risk assessment instrument, the chief correctional officer, or his or her representative, must schedule and provide written notification of a date and time for the person to return to the jail for the administration of the risk assessment instrument. The date and time must be provided in writing upon the person's pretrial release. The risk assessment instrument may be conducted by video teleconference.

(e) A risk assessment instrument report must be made

available to the person to whom the instrument is administered, his or her legal counsel, and the state attorney upon completion of the report. The Department of Corrections shall submit to the court the risk assessment instrument report, but the court may not review it without the consent of the person who is the subject of the report and his or her legal counsel.

(3) CREATION.—Contingent upon appropriations and a contract with each participating county, it is the intent of the Legislature to establish a 3-year Risk Assessment Pilot Program to perform a risk assessment evaluation on all persons arrested for a felony in participating counties.

(4) PARTICIPATING COUNTIES.—Participation in the pilot program is limited to Hillsborough, Pasco, and Pinellas Counties. Each participating county's chief correctional officer shall enter into a 3-year contract with the Department of Corrections for the ability to utilize the risk assessment instrument that is developed in accordance with this section.

(5) PILOT PROGRAM REQUIREMENTS.—

(a) The participating counties shall administer the risk assessment instrument to all persons arrested for a felony and utilize the results of such risk assessment instrument as a tool for determining appropriate programming and sentencing with the goal of reducing recidivism.

(b) Each county participating in the pilot program shall provide an annual report to the Department of Corrections by July 1 of each year of the pilot program which details the results of the administration of the risk assessment instrument, programming used for persons who received the assessment, and the success rate of such programming. The department shall

compile the county reports and submit one annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by October 1 of each year of the pilot program.

(6) RULEMAKING.—The Department of Corrections, in consultation with a participating county's chief correctional officer, chief judge, state attorney, and public defender, may adopt rules to administer this section.

Section 2. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1254
INTRODUCER:	Appropriations Committee; Education Committee; and Senators Passidomo and Book
SUBJECT:	Early Learning
DATE:	March 5, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bouck	Graf	ED	**Fav/CS**
2.	Davis	Cibula	JU	**Favorable**
3.	Sikes	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1254 modifies provisions relating to the school readiness program. Specifically, the bill:

- Requires the Office of Early Learning (OEL) to:
  - Identify observation-based child assessments for use by providers at least three times a year.
  - Adopt a program assessment that measures the quality of teacher-child interactions including classroom organization and instructional supports for children ages birth to 5 years.
  - Develop a differential payment program for providers based on teacher-child interaction quality measures.
  - Revise the standard statewide provider contract to include contracted slots, quality improvement strategies, and program assessment requirements.
  - Modify the single statewide information system to provide access to a parent to monitor the development of his or her child and enable analysis at the state, regional, and local level to measure child growth.
  - Modify the annual report to include specified data regarding school readiness program provider compliance with requirements relating to the program assessment.
- Revises Early Learning Coalitions (ELC) plans to add information regarding:
  - An assessment of local priorities based on the needs of families and provider capacity using available community data.

  - Local eligibility priorities for children, the use of contracted slots in the ELC's procedures for program implementation, a payment rate schedule, and a description of quality improvement strategies in the ELC's quality activities and services.
- Modifies school readiness program eligibility, provider standards, and funding to:
  - Revise the child eligibility priorities for participation in the school readiness program based on the ELC's local priorities; and also revise the definition of "at-risk" children for eligibility purposes.
  - Revise provider eligibility requirements to specify that the providers must participate in a program assessment that measures the quality of teacher-child interactions.
  - Authorize the award of grants and financial supports to providers and instructors to also meet program assessment requirements.

The bill appropriates $6 million for the 2018-2019 fiscal year from the Child Care and Development Block Grant Trust Fund to the OEL to implement the program assessment for school readiness program providers.

The bill takes effect July 1, 2018.

II. Present Situation:

Established in 1999,[1] the school readiness program provides subsidies for child care services and early childhood education for children of low-income families; children in protective services who are at risk of abuse, neglect, or abandonment; and children with disabilities.[2] The school readiness program offers financial assistance for child care to support working families and children to develop skills for success in school and provides developmental screening and referrals to health and education specialists where needed.

The school readiness program is a state-federal partnership between the Office of Early Learning (OEL)[3] and the Office of Child Care of the United States Department of Health and Human Services.[4] Early learning coalitions (ELCs) administer the school readiness program at the county or regional level.[5] The OEL administers the program at the state level, including statewide coordination of the ELCs.[6]

[1] Ch. 99-357, s. 1 Laws of Fla.
[2] Section 1002.87, F.S.
[3] In 2013, the Legislature established the Office of Early Learning in the Office of Independent Education and Parental Choice within the Department of Education (DOE).The office is administered by an executive director and is fully accountable to the Commissioner of Education but shall independently exercise all powers, duties, and functions prescribed by law, as well as adopt rules for the establishment and operation of the school readiness program and the VPK Program. Ch. 2013-252, s. 1, Laws of Fla., codified as s. 1001.213, F.S.

[6] Section 1001.213(3), F.S.

Office of Early Learning

The OEL is the lead agency in Florida for administering the federal Child Care and Development Block Grant Trust Fund (CCDF).[7] The school readiness program is funded primarily by the CCDF.[8]

The OEL is required to focus on improving the educational quality of all program providers participating in the school readiness program while preserving parental choice by permitting parents to choose from a variety of child care categories.[9] Other OEL duties include, but are not limited to, requirements to:

- Enter into a memorandum of understanding with local licensing agencies and the Department of Children and Families (DCF) for inspections of school readiness program providers to monitor and verify compliance with program provider standards and OEL's health and safety checklist.[10]
- Develop and adopt standards and benchmarks that address the age-appropriate progress of children in the development of school readiness skills.[11]
- Select assessments that are valid, reliable, and developmentally appropriate for use as preassessment and postassessment.[12] The assessments must be designed to measure progress in the domains of the performance standards and be administered by qualified individuals.[13]
- Adopt, by rule, a standard statewide provider contract to be used with each school readiness program provider that includes, at a minimum, provisions for provider probation, termination for cause, and emergency termination for those actions or inactions of a provider that pose an immediate and serious danger to the health, safety, or welfare of the children.[14]
- Monitor and evaluate the performance of each ELC in administering the school readiness program.[15]
- Establish a single statewide information system that each ELC must use for the purposes of managing the single point of entry, tracking children's progress, coordinating services among stakeholders, determining eligibility of children, tracking child attendance, and streamlining administrative processes for providers and ELCs.[16]

- Review each ELC's school readiness program plan every 2 years.[17]

The OEL is also required to publish annually, by January 1, a report that includes:

- A summary of early learning coalition annual reports;

[7] Section 1002.82(1), F.S.

[15] Section 1002.82(2)(p), F.S.
[16] Section 1002.82(2)(n), F.S.
[17] Section 1002.82(2)(e), F.S.

- A statewide summary; and
- An analysis of early learning activities throughout the state, including the school readiness program, which includes student disenrollment and reasons for disenrollment, providers by type, and actions on provider contracts.[18]

Early Learning Coalitions

The OEL governs the day-to-day operations of statewide early learning programs and administers federal and state child care funds. Across the state, 30 regional ELCs and the Redlands Christian Migrant Association are responsible for delivering local services.[19] Each ELC is governed by a board of directors comprised of various stakeholders and community representatives.[20]

In order to participate in the school readiness program, each ELC must submit a school readiness plan to the OEL for approval.[21] The plan must include, but is not limited to:[22]

- The ELC's operations, including its membership and business organization.
- The minimum number of children to be served by care level.
- The procedures for implementing program requirements such as single point of entry, uniform waiting list, eligibility and enrollment, sliding fee scale, and payment rate.
- A detailed description of the ELC's quality activities and services.
- A detailed budget outlining the estimated expenditures for state, federal, and local matching funds.
- A detailed accounting of all revenues and expenditures during the previous state fiscal year[23]
- Policies and procedures governing procurement, maintenance of tangible personal property, maintenance of records, information technology security, and disbursement controls.
- A description of the procedures for monitoring school readiness program providers, including the process for responding to a parental complaint.
- Documentation that the coalition has solicited and considered comments regarding the proposed school readiness plan from the local community.

School Readiness Program

School Readiness Eligibility and Enrollment

Florida law specifies that ELCs must admit children into the school readiness program according to the following priorities:[24]

[18] Section 1002.82(5), F.S.
[19] The Office of Early Learning, *Coalitions*, http://www.floridaearlylearning.com/coalitions.aspx (last visited Feb 2, 2018). *See also* 1002.83(1), F.S.
[20] Section 1002.83(3), F.S.
[21] Section 1002.85(2), F.S.
[22] *Id.*
[23] Section 1002.85(2)(a)-(i), F.S.
[24] Section 1002.87(1), F.S.

- **First priority** is a child younger than 13 years of age from families in which an adult is receiving temporary cash assistance[25] and subject to federal work requirements.[26]
- **Second priority** is a child younger than the age of 9 who is at-risk.
- **Third priority** is a child, birth to beginning of the school year for which the child is eligible for kindergarten, from a working family that is economically disadvantaged[27] and may include such a child's eligible siblings who are eligible to enter kindergarten through the summer before sixth grade, provided that the ELC uses local revenues first.
- **Fourth priority** is a child¸ from birth through the summer before kindergarten, whose parent transitions from the work program into employment.
- **Fifth priority** is an at-risk child, at least 9 years of age but younger than 13. The child is given priority over other children if his or her sibling is enrolled in the school readiness program under eligibility priorities 1, 2, or 3.
- **Sixth priority** is a child younger than 13 years of age from a working family that is economically disadvantaged. The child is given priority over other children if his or her sibling is enrolled in the school readiness program under eligibility priority 3.
- **Seventh priority** is a child under age 13 whose parent transitions from the work program into employment.
- **Eighth priority** is a child ages 3-5 years of age who has a current individual education plan with a Florida school district. The child is eligible until he or she is old enough for kindergarten admission.
- **Last priority** is a child who is also concurrently enrolled in the Head Start program and the VPK Program.[28]

A child is considered to be "at risk" if, among other things, the child is in the custody of a parent who is a victim of domestic violence residing in a certified domestic violence center.[29]

School Readiness Program Provider Standards

In order to be eligible to deliver the school readiness program, a provider must be:[30]

- A licensed child care facility;
- A licensed or registered family day care home;
- A licensed large family child care home;
- A public school or nonpublic school;
- A license-exempt faith-based child care provider;
- A before-school or after-school program; or

[25] Temporary cash assistance under chapter 414. Section 1002.87(1)(a), F.S.
[26] Federal work requirements require a state to meet or exceed minimum rates of recipients participating in "work activities," *e.g.*, employment, education, job search, community service, and vocational training. 42 U.S.C. s. 607(a)-(d). Under Florida law, the maximum number of hours a recipient of subsidized child care, who is not otherwise exempt from work activity, may be required to work is 40 hours per week. Section 445.024(2), F.S.
[27] "Economically disadvantaged" means having a family income that does not exceed 150 percent of the federal poverty level. Section 1002.81(7), F.S.
[28] Section 1002.87(1), F.S.
[29] At-risk children can also include children who are homeless or who may be experiencing abuse, neglect, abandonment or exploitation. *See* s. 1002.81(1), F.S., for the definition of "at-risk child".
[30] Section 1002.88(1), F.S.

- An authorized informal child care provider.[31]

Provider responsibilities include, but are not limited to, a requirement to:[32]

- Provide instruction and activities to enhance the age-appropriate progress of each child in attaining the child development standards.
- Provide basic health and safety of its premises and facilities and compliance with requirements for age-appropriate immunizations of children enrolled in the school readiness program.
- Employ child care personnel who have satisfied background screening and training requirements.
- Provide activities to foster brain development in infants and toddlers in an environment rich in language and music and visual, tactile, auditory, and linguistic stimulation and including 30 minutes of reading to children each day.
- Execute the standard statewide provider contract adopted by the OEL.
- Implement a character development program.

School Readiness Funding

Funding for the school readiness program is allocated among the ELCs according to law and the General Appropriations Act.[33] State, federal, and local matching funds provided to an ELC for purposes of the school readiness program must be used for implementation of its approved school readiness program plan, including the hiring of staff to effectively operate the school readiness program.[34]

Costs must be kept to the minimum necessary for the efficient and effective administration of the school readiness program with the highest priority of expenditure being direct services for eligible children. Among the administrative costs and nondirect services authorized for expenditure of funds as specified in law,[35] allowable activities to improve the quality of child care[36, 37] include:

- Awarding grants and providing financial support to school readiness program providers and their staff to assist them in meeting applicable state requirements for child care performance standards,
- Implementing developmentally appropriate curricula and related classroom resources that support curricula,
- Providing literacy supports, and
- Providing continued professional development and training.

---

[31] Section 1002.88(1)(a). Generally speaking, informal child care is care provided by a relative. *See* Florida Office of Early Learning, *Child Care and Development Fund (CCDF) Plan FFY 2016-2018* (2016) at 99, *available at* http://www.floridaearlylearning.com/sites/www/Uploads/14-Draft-FY2016-2018%20CCDF%20Plan%20Preprint%20%2012-17-15_final_markup_SC_Comments_CLEAN_PDF_ADA.pdf.
[32] Section 1002.88(1), F.S.
[33] Section 1002.89(1), F.S.
[34] Section 1002.89(5), F.S.
[35] Section 1002.89(6)(a) and (c), F.S.
[36] Section 1002.89(6)(b)2, F.S.
[37] 45 C.F.R. s. 98.51.

For Fiscal Year 2017-2018, a total of $608.4 million was appropriated for the school readiness program from state and federal funds, including $140.6 million from the General Revenue Fund, $370.7 million from the CCDF block grant, $500,000 from Federal Grants Trust Fund, and $96.6 million from the Welfare Transition Trust Fund.[38]

III. Effect of Proposed Changes:

This bill modifies provisions relating to the school readiness program. Specifically, the bill:

- Requires the Office of Early Learning (OEL) to:
  - Identify observation-based child assessments for use by providers at least three times a year.
  - Adopt a program assessment that measures the quality of teacher-child interactions including classroom organization and instructional supports for children ages birth to 5 years.
  - Develop a differential payment program for providers based on teacher-child interaction quality measures.
  - Revise the statewide provider contract to include contracted slots, quality improvement strategies, and program assessment requirements.
  - Modify the single statewide information system to provide access to a parent to monitor the development of his or her child and enable analysis at the state, regional, and local level to measure child growth.
  - Modify the annual report to include specified data regarding school readiness program provider compliance with requirements relating to the program assessment.
- Revises Early Learning Coalitions (ELC) plans to add information regarding:
  - An assessment of local priorities based on the needs of families and provider capacity using available community data.
  - Local eligibility priorities for children, the use of contracted slots in the ELC's procedures for program implementation, a payment rate schedule, and a description of quality improvement strategies in the ELC's quality activities and services.
- Modifies school readiness program eligibility, provider standards, and funding to:
  - Revise the child eligibility priorities for participation in the school readiness program based on the ELC's local priorities; and also revise the definition of "at-risk" children for eligibility purposes.
  - Revise provider eligibility requirements to specify that the providers must participate in a program assessment that measures the quality of teacher-child interactions.
  - Authorize the award of grants and financial supports to providers and instructors to also meet program assessment requirements.

Office of Early Learning (Section 2)

Section 2 amends s. 1002.82, F.S., to require the OEL to adopt a program assessment for providers participating in the school readiness program that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children ages birth to 5 years. Program assessment requirements adopted by OEL must include, at a minimum, quality measures, a

[38] Specific Appropriation 84, ch. 2017-70, s. 2, Laws of Fla.

minimum threshold for contracting purposes, requirements for provider participation, frequency of program assessment, granting of exemptions, and the achievement of improvement through the completion of an improvement plan.

This section requires the OEL to identify observation-based child assessments for use by providers a minimum three times a year. The assessments must:

- Provide interval level and criterion-referenced data that measures equivalent levels of growth across core domains of early childhood development.
- Measure progress in the performance standards.
- Provide for appropriate accommodations for children with disabilities and English language learners and be administered by qualified individuals.
- Coordinate with the performance standards for the Voluntary Prekindergarten Education Program.
- Provide data in a format for use in the single statewide information system.

This section also requires the OEL to develop a differential payment program based on teacher-child interaction quality measures. The differential payment may not exceed 15 percent for each care level and unit of child care for a provider that scores above the minimum threshold on the quality measures. The section provides that no more than 5 percent of the 15 percent total differential may be provided to providers who submit valid and reliable data to the statewide information system in the domains of language and executive functioning using the OEL-identified observation-based child assessments. Providers below the minimum threshold are ineligible for the differential payment.

Additionally, section 2 requires the OEL to revise the standard statewide provider contract for school readiness program providers to include the following provisions:

- Contracted slots, if applicable;
- Quality improvement strategies, if applicable;[39]
- Program assessment requirements; and
- Provisions for termination for cause, which must include a provider's failure to meet the minimum quality measures adopted as a part of the program assessment for a period of up to 5 years, unless the ELC determines that the provider is essential to meeting capacity needs and the provider has an active improvement plan as a part of the program assessment.

Section 2 requires that, by July 1, 2019, the single statewide information system must allow a parent to monitor the development of his or her child as the child moves among programs and enable analysis at the state, regional, and local level to measure child growth over time, program impact, and quality improvement and investment decisions.

Finally, this section requires the OEL to revise its annual report to include the number of school readiness program providers who have completed the program assessment requirement, the number of providers who have not met the minimum quality measures to be eligible for a contract, and the number of providers that have an active improvement plan based on the results of the program assessment.

[39] Section 658(c)(2)(a) of the Child Care and Development Block Grant Act of 2014.

Early Learning Coalitions (Section 4)

Section 4 amends s. 1002.85, F.S., to require each ELC plan to include:

- An assessment of local priorities within the county or multicounty region based on the needs of families and provider capacity using available community data.
- Local eligibility priorities for children and a payment rate schedule as a part of the ELC's procedures for implementation of the school readiness program.
- The use of contracted slots, as applicable, based on the results of the completed community needs assessment.
- A description of quality improvement strategies utilized by the ELC to strengthen teaching practices and improve child outcomes.

School Readiness Program

School Readiness Eligibility and Enrollment (Sections 1 and 5)

Section 1 amends s. 1002.81, F.S., to revise the definition of an "at-risk child" to specify that an at-risk child means a child in the custody of a parent who is considered a victim of domestic violence and is receiving services through a certified domestic violence center. Under current law, an "at-risk" child means a child in the custody of a parent who is a victim of domestic violence residing in a certified domestic violence center. This section broadens the definition of an "at-risk child" since it does not require a parent who is a victim of domestic violence to reside in the certified domestic violence center for the child to be considered at-risk.

Section 5 amends s. 1002.87, F.S., to revise child eligibility priorities and criteria by requiring ELCs, after serving children in the first two child priority categories, to prioritize services for children in subsequent categories based on the ELC's community needs assessment. Additionally, this section modifies the subsequent priority category relating to a child who is younger than 13 years of age from a working family that is economically disadvantaged to remove the requirement for priority enrollment in that category for such child who has a sibling enrolled in the school readiness program.

School Readiness Provider Standards (Section 6)

Section 6 amends s. 1002.88, F.S., to require school readiness program providers to participate in a program assessment identified by the OEL as an eligibility requirement to deliver the school readiness program.

School Readiness Funding (Section 7)

Section 7 amends s. 1002.89, F.S., to include implementation of the program assessment adopted by OEL as an allowable quality improvement activity for the awarding of grants and providing financial support to school readiness program providers.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill requires school readiness program providers to participate in program assessment and quality improvement strategies as a condition of participation in the program, subject to legislative appropriation.[40]

C. Government Sector Impact:

The bill appropriates $6 million for the 2018-2019 fiscal year from the Child Care and Development Block Grant Trust Fund to the Office of Early Learning to implement the program assessment for school readiness program providers.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 1002.81, 1002.82, 1002.84, 1002.85, 1002.87, 1002.88, 1002.89, and 1002.92.

The bill creates an undesignated section of Florida Law.

[40] Florida Department of Education, Office of Early Learning, *2017 Agency Bill Analysis for SB 1254* (Dec. 19, 2017).

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute maintains the substance of the bill with the following modifications:

- Requires the Office of Early Learning (OEL) to identify an observation-based child assessments for use at least 3 times a year, and specifies requirements related to such assessments.
- Adds a requirement to the single statewide information system to, by July 1, 2019, allow parents to monitor child development and enable analysis at state, regional, local levels of child growth and program impact and quality improvement.
- Specifies the program assessment is for children birth to age 5, and specifies components of the program assessment.
- Requires the OEL to develop, by July 1, 2019, a differential payment program not to exceed 15 percent based on the quality measures in the program assessment, with no more than 5 percent provided to providers who submit valid and reliable data regarding observation-based child assessment; and specifies that providers below the minimum threshold for contracting are ineligible for the differential payment.
- Specifies that the $6 million appropriation from the Child Care and Development Block Grant Trust to the OEL is to implement the program assessment.

CS by Education on January 29, 2018:
The committee substitute maintains the substance of the bill with some modifications. Specifically, the committee substitute:

- Modifies the definition of an "at-risk" child to mean a child who is in the custody of a parent who is considered a victim of domestic violence and who is receiving services through a certified domestic violence center. The bill defined such child to mean a child in the custody of a parent who is a victim of domestic violence as verified by a certified domestic violence center.
- Removes from the bill, the provision requiring a triennial evaluation of accrediting agencies for school readiness program providers.
- Revises from 20 percent to 10 percent, the differential payment for providers who meet specified criteria.
- Removes from the bill, the provision requiring the standard statewide contract to include health and safety provisions.
- Adds a provision to specify that provisions for termination for cause must include failure to meet the minimum quality standards adopted as a part of the program assessment for a period of 5 years, unless the coalition determines that the provider is essential to meeting capacity needs based on the specified local priority assessment and the provider has an active improvement plan.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

481844

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/02/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Passidomo) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Paragraph (e) of subsection (1) of section 1002.81, Florida Statutes, is amended to read:

1002.81 Definitions.—Consistent with the requirements of 45 C.F.R. parts 98 and 99 and as used in this part, the term:

(1) "At-risk child" means:

(e) A child in the custody of a parent who is considered a

481844

victim of domestic violence and is receiving services through ~~residing in~~ a certified domestic violence center.

Section 2. Present paragraphs (n) through (x) of subsection (2) of section 1002.82, Florida Statutes, are redesignated as paragraphs (p) through (z), respectively, paragraphs (k) and (m) and present paragraph (n) of subsection (2) and paragraph (a) of subsection (5) of that section are amended, and new paragraphs (n) and (o) are added to subsection (2) of that section, to read:

1002.82 Office of Early Learning; powers and duties.—

(2) The office shall:

(k) Identify observation-based child ~~Select~~ assessments that are valid, reliable, and developmentally appropriate for use at least three times a year ~~for use as preassessment and postassessment for the age ranges specified in the coalition plans~~. The assessments must:

1. Provide interval level and criterion-referenced data that measures equivalent levels of growth across the core domains of early childhood development and that can be used for determining developmentally appropriate learning gains.

2. Measure progress in the performance standards adopted pursuant to paragraph (j).

3. Provide for appropriate accommodations for children with disabilities and English language learners and be administered by qualified individuals, consistent with the developer's instructions.

4. Coordinate with the performance standards adopted by the department under s. 1002.67(1) for the Voluntary Prekindergarten Education Program.

481844

5. Provide data in a format for use in the single statewide information system to meet the requirements of paragraph (q) ~~be designed to measure progress in the domains of the performance standards adopted pursuant to paragraph (j), provide appropriate accommodations for children with disabilities and English language learners, and be administered by qualified individuals, consistent with the publisher's instructions~~.

(m) Adopt by rule a standard statewide provider contract to be used with each school readiness program provider, with standardized attachments by provider type. The office shall publish a copy of the standard statewide provider contract on its website. The standard statewide contract shall include, at a minimum, contracted slots, if applicable, in accordance with the Child Care and Development Block Grant Act of 2014, 45 C.F.R. parts 98 and 99; quality improvement strategies, if applicable; program assessment requirements; and provisions for provider probation, termination for cause, and emergency termination for those actions or inactions of a provider that pose an immediate and serious danger to the health, safety, or welfare of the children. The standard statewide provider contract shall also include appropriate due process procedures. During the pendency of an appeal of a termination, the provider may not continue to offer its services. Any provision imposed upon a provider that is inconsistent with, or prohibited by, law is void and unenforceable. Provisions for termination for cause must also include failure to meet the minimum quality measures established under paragraph (n) for a period of up to 5 years, unless the coalition determines that the provider is essential to meeting capacity needs based on the assessment under s. 1002.85(2)(j)

481844

and the provider has an active improvement plan pursuant to paragraph (n).

(n) Adopt a program assessment for school readiness program providers that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support for children ages birth to 5 years. The program assessment must also include:

1. Quality measures, including a minimum threshold for contracting purposes and program improvement through an improvement plan.

2. Requirements for program participation, frequency of program assessment, and exemptions.

(o) No later than July 1, 2019, develop a differential payment program based on the quality measures adopted by the office under paragraph (n). The differential payment may not exceed a total of 15 percent for each care level and unit of child care for a child care provider. No more than 5 percent of the 15 percent total differential may be provided to providers who submit valid and reliable data to the statewide information system in the domains of language and executive functioning using a child assessment identified pursuant to paragraph (k). Providers below the minimum threshold for contracting purposes are ineligible for such payment.

(q) ~~(n)~~ Establish a single statewide information system that each coalition must use for the purposes of managing the single point of entry, tracking children's progress, coordinating services among stakeholders, determining eligibility of children, tracking child attendance, and streamlining

481844

administrative processes for providers and early learning coalitions. By July 1, 2019, the system, subject to ss. 1002.72 and 1002.97, shall:

1. Allow a parent to monitor the development of his or her child as the child moves among programs within the state.

2. Enable analysis at the state, regional, and local level to measure child growth over time, program impact, and quality improvement and investment decisions.

(5) By January 1 of each year, the office shall annually publish on its website a report of its activities conducted under this section. The report must include a summary of the coalitions' annual reports, a statewide summary, and the following:

(a) An analysis of early learning activities throughout the state, including the school readiness program and the Voluntary Prekindergarten Education Program.

1. The total and average number of children served in the school readiness program, enumerated by age, eligibility priority category, and coalition, and the total number of children served in the Voluntary Prekindergarten Education Program.

2. A summary of expenditures by coalition, by fund source, including a breakdown by coalition of the percentage of expenditures for administrative activities, quality activities, nondirect services, and direct services for children.

3. A description of the office's and each coalition's expenditures by fund source for the quality and enhancement activities described in s. 1002.89(6)(b).

4. A summary of annual findings and collections related to

481844

provider fraud and parent fraud.

5. Data regarding the coalitions' delivery of early learning programs.

6. The total number of children disenrolled statewide and the reason for disenrollment.

7. The total number of providers by provider type.

8. The number of school readiness program providers who have completed the program assessment required under paragraph (2)(n); the number of providers who have not met the minimum threshold for contracting established under that paragraph; and the number of providers that have an active improvement plan based on the results of the program assessment under that paragraph.

9.~~8.~~ The total number of provider contracts revoked and the reasons for revocation.

Section 3. Subsection (4) of section 1002.84, Florida Statutes, is amended to read:

1002.84 Early learning coalitions; school readiness powers and duties.—Each early learning coalition shall:

(4) Establish a regional Warm-Line as directed by the office pursuant to s. 1002.82(2)(t) ~~s. 1002.82(2)(r)~~. Regional Warm-Line staff shall provide onsite technical assistance, when requested, to assist child care facilities and family day care homes with inquiries relating to the strategies, curriculum, and environmental adaptations the child care facilities and family day care homes may need as they serve children with disabilities and other special needs.

Section 4. Paragraphs (c) and (d) of subsection (2) of section 1002.85, Florida Statutes, are amended, and paragraph

481844

(j) is added to that subsection, to read:

1002.85 Early learning coalition plans.—

(2) Each early learning coalition must biennially submit a school readiness program plan to the office before the expenditure of funds. A coalition may not implement its school readiness program plan until it receives approval from the office. A coalition may not implement any revision to its school readiness program plan until the coalition submits the revised plan to and receives approval from the office. If the office rejects a plan or revision, the coalition must continue to operate under its previously approved plan. The plan must include, but is not limited to:

(c) The coalition's procedures for implementing the requirements of this part, including:

1. Single point of entry.

2. Uniform waiting list.

3. Eligibility and enrollment processes and local eligibility priorities for children pursuant to s. 1002.87.

4. Parent access and choice.

5. Sliding fee scale and policies on applying the waiver or reduction of fees in accordance with s. 1002.84(8).

6. Use of preassessments and postassessments, as applicable.

7. Payment rate schedule.

8. Use of contracted slots, as applicable, based on the results of the assessment required under paragraph (j).

(d) A detailed description of the coalition's quality activities and services, including, but not limited to:

1. Resource and referral and school-age child care.

481844

2. Infant and toddler early learning.

3. Inclusive early learning programs.

4. Quality improvement strategies that strengthen teaching practices and increase child outcomes.

(j) An assessment of local priorities within the county or multi-county region based on the needs of families and provider capacity using available community data.

Section 5. Subsections (1), (2), (3), and (7) of section 1002.87, Florida Statutes, are amended to read:

1002.87 School readiness program; eligibility and enrollment.—

(1) Each early learning coalition shall give priority for participation in the school readiness program as follows:

(a) Priority shall be given first to a child younger than 13 years of age from a family that includes a parent who is receiving temporary cash assistance under chapter 414 and subject to the federal work requirements.

(b) Priority shall be given next to an at-risk child younger than 9 years of age.

(c) Subsequent priority shall be given , based on the early learning coalition's local priorities identified under s. 1002.85(2)(j), to children who meet the following criteria: ~~next to~~

1. A child from birth to the beginning of the school year for which the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2. who is from a working family that is economically disadvantaged, and may include such child's eligible siblings, beginning with the school year in which the sibling is eligible for admission to kindergarten in a

481844

public school under s. 1003.21(1)(a)2. until the beginning of the school year in which the sibling is eligible to begin 6th grade, provided that the first priority for funding an eligible sibling is local revenues available to the coalition for funding direct services.

2.~~(d) Priority shall be given next to~~ A child of a parent who transitions from the work program into employment as described in s. 445.032 from birth to the beginning of the school year for which the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2.

3.~~(e) Priority shall be given next to~~ An at-risk child who is at least 9 years of age but younger than 13 years of age. An at-risk child whose sibling is enrolled in the school readiness program within an eligibility priority category listed in paragraphs (a) and (b) and subparagraph (c)1.~~, (c)~~ shall be given priority over other children who are eligible under this paragraph.

4.~~(f) Priority shall be given next to~~ A child who is younger than 13 years of age from a working family that is economically disadvantaged. ~~A child who is eligible under this paragraph whose sibling is enrolled in the school readiness program under paragraph (c) shall be given priority over other children who are eligible under this paragraph.~~

5.~~(g) Priority shall be given next to~~ A child of a parent who transitions from the work program into employment as described in s. 445.032 who is younger than 13 years of age.

6.~~(h) Priority shall be given next to~~ A child who has special needs, has been determined eligible as a student with a disability, has a current individual education plan with a

481844

Florida school district, and is not younger than 3 years of age. A special needs child eligible under this paragraph remains eligible until the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2.

7.~~(i) Notwithstanding paragraphs (a)-(d), priority shall be given last to~~ A child who otherwise meets one of the eligibility criteria in paragraphs (a) and (b) and subparagraphs (c)1. and 2.,~~-(d)~~ but who is also enrolled concurrently in the federal Head Start Program and the Voluntary Prekindergarten Education Program.

(2) A school readiness program provider may be paid only for authorized hours of care provided for a child in the school readiness program. A child enrolled in the Voluntary Prekindergarten Education Program may receive care from the school readiness program if the child is eligible according to the eligibility priorities and criteria established in subsection (1) ~~this section~~.

(3) Contingent upon the availability of funds, a coalition shall enroll eligible children, including those from its waiting list, according to the eligibility priorities and criteria established in subsection (1) ~~this section~~.

(7) If a coalition disenrolls children from the school readiness program, the coalition must disenroll the children in reverse order of the eligibility priorities and criteria listed in subsection (1) beginning with children from families with the highest family incomes. A notice of disenrollment must be sent to the parent and school readiness program provider at least 2 weeks before disenrollment to provide adequate time for the parent to arrange alternative care for the child. However, an

481844

at-risk child may not be disenrolled from the program without the written approval of the Child Welfare Program Office of the Department of Children and Families or the community-based lead agency.

Section 6. Paragraphs (h) through (q) of subsection (1) of section 1002.88, Florida Statutes, are redesignated as paragraphs (i) through (r), respectively, present paragraphs (m) and (o) of that subsection are amended, and a new paragraph (h) is added to that subsection, to read:

1002.88 School readiness program provider standards; eligibility to deliver the school readiness program.—

(1) To be eligible to deliver the school readiness program, a school readiness program provider must:

(h) Participate in the program assessment under s. 1002.82(2)(n).

(n)~~(m)~~ For a provider that is an informal provider, comply with the provisions of paragraph (m) ~~paragraph (l)~~ or maintain homeowner's liability insurance and, if applicable, a business rider. If an informal provider chooses to maintain a homeowner's policy, the provider must obtain and retain a homeowner's insurance policy that provides a minimum of $100,000 of coverage per occurrence and a minimum of $300,000 general aggregate coverage. The office may authorize lower limits upon request, as appropriate. An informal provider must add the coalition as a named certificateholder and as an additional insured. An informal provider must provide the coalition with a minimum of 10 calendar days' advance written notice of cancellation of or changes to coverage. The general liability insurance required by this paragraph must remain in full force and effect for the

481844

entire period of the provider's contract with the coalition.

(p) ~~(o)~~ Notwithstanding paragraph (m) ~~paragraph (l)~~, for a provider that is a state agency or a subdivision thereof, as defined in s. 768.28(2), agree to notify the coalition of any additional liability coverage maintained by the provider in addition to that otherwise established under s. 768.28. The provider shall indemnify the coalition to the extent permitted by s. 768.28.

Section 7. Paragraph (b) of subsection (6) of section 1002.89, Florida Statutes, is amended to read:

1002.89 School readiness program; funding.—

(6) Costs shall be kept to the minimum necessary for the efficient and effective administration of the school readiness program with the highest priority of expenditure being direct services for eligible children. However, no more than 5 percent of the funds described in subsection (5) may be used for administrative costs and no more than 22 percent of the funds described in subsection (5) may be used in any fiscal year for any combination of administrative costs, quality activities, and nondirect services as follows:

(b) Activities to improve the quality of child care as described in 45 C.F.R. s. 98.51, which shall be limited to the following:

1. Developing, establishing, expanding, operating, and coordinating resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public to promote informed child care choices specified in 45 C.F.R. s. 98.33.

2. Awarding grants and providing financial support to

school readiness program providers and their staff to assist them in meeting applicable state requirements for the program assessment required under s. 1002.82(2)(n), child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing continued professional development and training. Any grants awarded pursuant to this subparagraph shall comply with ss. 215.971 and 287.058.

3. Providing training, technical assistance, and financial support to school readiness program providers, staff, and parents on standards, child screenings, child assessments, child development research and best practices, developmentally appropriate curricula, character development, teacher-child interactions, age-appropriate discipline practices, health and safety, nutrition, first aid, cardiopulmonary resuscitation, the recognition of communicable diseases, and child abuse detection, prevention, and reporting.

4. Providing, from among the funds provided for the activities described in subparagraphs 1.-3., adequate funding for infants and toddlers as necessary to meet federal requirements related to expenditures for quality activities for infant and toddler care.

5. Improving the monitoring of compliance with, and enforcement of, applicable state and local requirements as described in and limited by 45 C.F.R. s. 98.40.

6. Responding to Warm-Line requests by providers and parents, including providing developmental and health screenings to school readiness program children.

Section 8. Paragraph (a) of subsection (3) of section 1002.92, Florida Statutes, is amended to read:

1002.92 Child care and early childhood resource and referral.—

(3) Child care resource and referral agencies shall provide the following services:

(a) Identification of existing public and private child care and early childhood education services, including child care services by public and private employers, and the development of a resource file of those services through the single statewide information system developed by the office under s. 1002.82(2)(p) ~~s. 1002.82(2)(n)~~. These services may include family day care, public and private child care programs, the Voluntary Prekindergarten Education Program, Head Start, the school readiness program, special education programs for prekindergarten children with disabilities, services for children with developmental disabilities, full-time and part-time programs, before-school and after-school programs, vacation care programs, parent education, the temporary cash assistance program, and related family support services. The resource file shall include, but not be limited to:

1. Type of program.

2. Hours of service.

3. Ages of children served.

4. Number of children served.

5. Program information.

6. Fees and eligibility for services.

7. Availability of transportation.

Section 9. For the 2018-2019 fiscal year, the sum of $6

481844

million in nonrecurring funds from the Child Care and Development Block Grant Trust Fund is appropriated to the Office of Early Learning to implement the program assessment required by s. 1002.82(2)(n), Florida Statutes.

Section 10. This act shall take effect July 1, 2018.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete everything before the enacting clause and insert:

A bill to be entitled

An act relating to early learning; amending s. 1002.81, F.S.; revising the definition of "at-risk child"; amending s. 1002.82, F.S.; revising the duties of the Office of Early Learning; revising the requirements for certain assessments; revising the standard statewide contract for providers; providing that failing to meet certain measures for a specified period is cause for termination of a provider; providing for the development of a program assessment for school readiness providers; providing program assessment requirements; requiring the office to set a payment differential for certain providers; providing requirements for such payment differential; revising requirements for a certain single statewide information system; revising the requirement for an analysis of early learning activities throughout the state; amending s. 1002.84, F.S.; conforming a cross-reference; amending s. 1002.85, F.S.; revising the

481844

required contents of the school readiness program plan each early learning coalition must submit; amending s. 1002.87, F.S.; revising the priority criteria for participation in the school readiness program; amending s. 1002.88, F.S.; revising school readiness provider requirements for program participation; conforming cross-references; amending s. 1002.89, F.S.; providing for the use of specified funds for a required assessment; amending s. 1002.92, F.S.; conforming a cross-reference; providing an appropriation; providing an effective date.

By the Committee on Education; and Senators Passidomo and Book

A bill to be entitled

An act relating to early learning; amending s. 1002.81, F.S.; revising the definition of "at-risk child"; amending s. 1002.82, F.S.; revising the duties of the Office of Early Learning; revising the standard statewide contract for providers; providing that failing to meet certain measures for a specified period is cause for termination of a provider; providing for the development of a program assessment for school readiness providers; providing program assessment requirements; requiring the office to set a payment differential for certain providers; revising the requirement for an analysis of early learning activities throughout the state; amending s. 1002.84, F.S.; conforming a cross-reference; amending s. 1002.85, F.S.; revising the required contents of the school readiness program plan each early learning coalition must submit; amending s. 1002.87, F.S.; revising the priority criteria for participation in the school readiness program; amending s. 1002.88, F.S.; revising school readiness provider requirements for program participation; conforming cross-references; amending s. 1002.89, F.S.; providing for the use of specified funds for a required assessment; amending s. 1002.92, F.S.; conforming a cross-reference; providing an appropriation; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02590-18 20181254c1

Section 1. Paragraph (e) of subsection (1) of section 1002.81, Florida Statutes, is amended to read:

1002.81 Definitions.—Consistent with the requirements of 45 C.F.R. parts 98 and 99 and as used in this part, the term:

(1) "At-risk child" means:

(e) A child in the custody of a parent who is considered a victim of domestic violence and is receiving services through ~~residing in~~ a certified domestic violence center.

Section 2. Present paragraphs (n) through (x) of subsection (2) of section 1002.82, Florida Statutes, are redesignated as paragraphs (p) through (z), respectively, paragraph (m) of subsection (2) and paragraph (a) of subsection (5) of that section are amended, and new paragraphs (n) and (o) are added to subsection (2) of that section, to read:

1002.82 Office of Early Learning; powers and duties.—

(2) The office shall:

(m) Adopt by rule a standard statewide provider contract to be used with each school readiness program provider, with standardized attachments by provider type. The office shall publish a copy of the standard statewide provider contract on its website. The standard statewide contract shall include, at a minimum, contracted slots, if applicable, in accordance with the Child Care and Development Block Grant Act of 2014, 45 C.F.R. parts 98 and 99; quality improvement strategies, if applicable; program assessment requirements; and provisions for provider probation, termination for cause, and emergency termination for those actions or inactions of a provider that pose an immediate and serious danger to the health, safety, or welfare of the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

children. The standard statewide provider contract shall also include appropriate due process procedures. During the pendency of an appeal of a termination, the provider may not continue to offer its services. Any provision imposed upon a provider that is inconsistent with, or prohibited by, law is void and unenforceable. Provisions for termination for cause must include failure to meet the minimum quality measures established under paragraph (n) for a period of up to 5 years, unless the coalition determines that the provider is essential to meeting capacity needs based on the assessment under s. 1002.85(2)(j) and the provider has an active improvement plan pursuant to paragraph (n).

(n) Adopt a program assessment for school readiness program providers that measures the quality of teacher-child interactions, including emotional and behavioral support, engaged support for learning, classroom organization, and instructional support. The program assessment must also include the adoption of quality measures, including a minimum threshold for contracting purposes; a process for program participation; exemptions; and improvement through the completion of an improvement plan.

(o) Subject to appropriation, provide for a differential payment, based on the quality measures adopted by the office under paragraph (n), of up to 10 percent for each care level and unit of child care for a child care provider that has completed a program assessment and scored above the minimum threshold for contracting purposes.

(5) By January 1 of each year, the office shall annually publish on its website a report of its activities conducted

under this section. The report must include a summary of the coalitions' annual reports, a statewide summary, and the following:

(a) An analysis of early learning activities throughout the state, including the school readiness program and the Voluntary Prekindergarten Education Program.

1. The total and average number of children served in the school readiness program, enumerated by age, eligibility priority category, and coalition, and the total number of children served in the Voluntary Prekindergarten Education Program.

2. A summary of expenditures by coalition, by fund source, including a breakdown by coalition of the percentage of expenditures for administrative activities, quality activities, nondirect services, and direct services for children.

3. A description of the office's and each coalition's expenditures by fund source for the quality and enhancement activities described in s. 1002.89(6)(b).

4. A summary of annual findings and collections related to provider fraud and parent fraud.

5. Data regarding the coalitions' delivery of early learning programs.

6. The total number of children disenrolled statewide and the reason for disenrollment.

7. The total number of providers by provider type.

8. The number of school readiness program providers who have completed the program assessment required under paragraph (2)(n); the number of providers who have not met the minimum threshold for contracting established under to paragraph (2)(n);

and the number of providers that have an active improvement plan based on the results of the program assessment under paragraph (2)(n).

9.~~8.~~ The total number of provider contracts revoked and the reasons for revocation.

Section 3. Subsection (4) of section 1002.84, Florida Statutes, is amended to read:

1002.84 Early learning coalitions; school readiness powers and duties.—Each early learning coalition shall:

(4) Establish a regional Warm-Line as directed by the office pursuant to s. 1002.82(2)(t) ~~s. 1002.82(2)(r)~~. Regional Warm-Line staff shall provide onsite technical assistance, when requested, to assist child care facilities and family day care homes with inquiries relating to the strategies, curriculum, and environmental adaptations the child care facilities and family day care homes may need as they serve children with disabilities and other special needs.

Section 4. Paragraphs (c) and (d) of subsection (2) of section 1002.85, Florida Statutes, are amended, and paragraph (j) is added to that subsection, to read:

1002.85 Early learning coalition plans.—

(2) Each early learning coalition must biennially submit a school readiness program plan to the office before the expenditure of funds. A coalition may not implement its school readiness program plan until it receives approval from the office. A coalition may not implement any revision to its school readiness program plan until the coalition submits the revised plan to and receives approval from the office. If the office rejects a plan or revision, the coalition must continue to

operate under its previously approved plan. The plan must include, but is not limited to:

(c) The coalition's procedures for implementing the requirements of this part, including:

1. Single point of entry.

2. Uniform waiting list.

3. Eligibility and enrollment processes and local eligibility priorities for children pursuant to s. 1002.87.

4. Parent access and choice.

5. Sliding fee scale and policies on applying the waiver or reduction of fees in accordance with s. 1002.84(8).

6. Use of preassessments and postassessments, as applicable.

7. Payment rate schedule.

8. Use of contracted slots, as applicable, based on the results of the assessment required under paragraph (j).

(d) A detailed description of the coalition's quality activities and services, including, but not limited to:

1. Resource and referral and school-age child care.

2. Infant and toddler early learning.

3. Inclusive early learning programs.

4. Quality improvement strategies that strengthen teaching practices and increase child outcomes.

(j) An assessment of local priorities within the county or multicounty region based on the needs of families and provider capacity using available community data.

Section 5. Subsections (1), (2), (3), and (7) of section 1002.87, Florida Statutes, are amended to read:

1002.87 School readiness program; eligibility and

enrollment.—

(1) Each early learning coalition shall give priority for participation in the school readiness program as follows:

(a) Priority shall be given first to a child younger than 13 years of age from a family that includes a parent who is receiving temporary cash assistance under chapter 414 and subject to the federal work requirements.

(b) Priority shall be given next to an at-risk child younger than 9 years of age.

(c) Subsequent priority shall be given, based on the early learning coalition's local priorities identified under s. 1002.85(2)(j), to children who meet the following criteria: ~~next to~~

1. A child from birth to the beginning of the school year for which the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2. who is from a working family that is economically disadvantaged, and may include such child's eligible siblings, beginning with the school year in which the sibling is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2. until the beginning of the school year in which the sibling is eligible to begin 6th grade, provided that the first priority for funding an eligible sibling is local revenues available to the coalition for funding direct services.

2.~~(d) Priority shall be given next to~~ A child of a parent who transitions from the work program into employment as described in s. 445.032 from birth to the beginning of the school year for which the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2.

3.~~(e) Priority shall be given next to~~ An at-risk child who is at least 9 years of age but younger than 13 years of age. An at-risk child whose sibling is enrolled in the school readiness program within an eligibility priority category listed in paragraphs (a) and (b) and subparagraph (c)1. ~~(a)-(c)~~ shall be given priority over other children who are eligible under this paragraph.

4.~~(f) Priority shall be given next to~~ A child who is younger than 13 years of age from a working family that is economically disadvantaged. ~~A child who is eligible under this paragraph whose sibling is enrolled in the school readiness program under paragraph (c) shall be given priority over other children who are eligible under this paragraph.~~

5.~~(g) Priority shall be given next to~~ A child of a parent who transitions from the work program into employment as described in s. 445.032 who is younger than 13 years of age.

6.~~(h) Priority shall be given next to~~ A child who has special needs, has been determined eligible as a student with a disability, has a current individual education plan with a Florida school district, and is not younger than 3 years of age. A special needs child eligible under this paragraph remains eligible until the child is eligible for admission to kindergarten in a public school under s. 1003.21(1)(a)2.

7.~~(i) Notwithstanding paragraphs (a)-(d), priority shall be given last to~~ A child who otherwise meets one of the eligibility criteria in paragraphs (a) and (b) and subparagraphs (c)1. and 2. ~~(a)-(d)~~ but who is also enrolled concurrently in the federal Head Start Program and the Voluntary Prekindergarten Education Program.

(2) A school readiness program provider may be paid only for authorized hours of care provided for a child in the school readiness program. A child enrolled in the Voluntary Prekindergarten Education Program may receive care from the school readiness program if the child is eligible according to the eligibility priorities and criteria established in subsection (1) ~~this section~~.

(3) Contingent upon the availability of funds, a coalition shall enroll eligible children, including those from its waiting list, according to the eligibility priorities and criteria established in subsection (1) ~~this section~~.

(7) If a coalition disenrolls children from the school readiness program, the coalition must disenroll the children in reverse order of the eligibility priorities and criteria listed in subsection (1) beginning with children from families with the highest family incomes. A notice of disenrollment must be sent to the parent and school readiness program provider at least 2 weeks before disenrollment to provide adequate time for the parent to arrange alternative care for the child. However, an at-risk child may not be disenrolled from the program without the written approval of the Child Welfare Program Office of the Department of Children and Families or the community-based lead agency.

Section 6. Present paragraphs (h) through (q) of subsection (1) of section 1002.88, Florida Statutes, are redesignated as paragraphs (i) through (r), respectively, present paragraphs (m) and (o) of subsection (1) of that section are amended, and a new paragraph (h) is added to subsection (1) of that section, to read:

1002.88 School readiness program provider standards; eligibility to deliver the school readiness program.—

(1) To be eligible to deliver the school readiness program, a school readiness program provider must:

(h) Participate in the program assessment under s. 1002.82(2)(n).

(n)~~(m)~~ For a provider that is an informal provider, comply with the provisions of paragraph (m) ~~(l)~~ or maintain homeowner's liability insurance and, if applicable, a business rider. If an informal provider chooses to maintain a homeowner's policy, the provider must obtain and retain a homeowner's insurance policy that provides a minimum of $100,000 of coverage per occurrence and a minimum of $300,000 general aggregate coverage. The office may authorize lower limits upon request, as appropriate. An informal provider must add the coalition as a named certificateholder and as an additional insured. An informal provider must provide the coalition with a minimum of 10 calendar days' advance written notice of cancellation of or changes to coverage. The general liability insurance required by this paragraph must remain in full force and effect for the entire period of the provider's contract with the coalition.

(p)~~(o)~~ Notwithstanding paragraph (m) ~~(l)~~, for a provider that is a state agency or a subdivision thereof, as defined in s. 768.28(2), agree to notify the coalition of any additional liability coverage maintained by the provider in addition to that otherwise established under s. 768.28. The provider shall indemnify the coalition to the extent permitted by s. 768.28.

Section 7. Paragraph (b) of subsection (6) of section 1002.89, Florida Statutes, is amended to read:

1002.89 School readiness program; funding.—

(6) Costs shall be kept to the minimum necessary for the efficient and effective administration of the school readiness program with the highest priority of expenditure being direct services for eligible children. However, no more than 5 percent of the funds described in subsection (5) may be used for administrative costs and no more than 22 percent of the funds described in subsection (5) may be used in any fiscal year for any combination of administrative costs, quality activities, and nondirect services as follows:

(b) Activities to improve the quality of child care as described in 45 C.F.R. s. 98.51, which shall be limited to the following:

1. Developing, establishing, expanding, operating, and coordinating resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public to promote informed child care choices specified in 45 C.F.R. s. 98.33.

2. Awarding grants and providing financial support to school readiness program providers and their staff to assist them in meeting applicable state requirements for the program assessment required under s. 1002.82(2)(n), child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing continued professional development and training. Any grants awarded pursuant to this subparagraph shall comply with ss. 215.971 and 287.058.

3. Providing training, technical assistance, and financial

support to school readiness program providers, staff, and parents on standards, child screenings, child assessments, child development research and best practices, developmentally appropriate curricula, character development, teacher-child interactions, age-appropriate discipline practices, health and safety, nutrition, first aid, cardiopulmonary resuscitation, the recognition of communicable diseases, and child abuse detection, prevention, and reporting.

4. Providing, from among the funds provided for the activities described in subparagraphs 1.-3., adequate funding for infants and toddlers as necessary to meet federal requirements related to expenditures for quality activities for infant and toddler care.

5. Improving the monitoring of compliance with, and enforcement of, applicable state and local requirements as described in and limited by 45 C.F.R. s. 98.40.

6. Responding to Warm-Line requests by providers and parents, including providing developmental and health screenings to school readiness program children.

Section 8. Paragraph (a) of subsection (3) of section 1002.92, Florida Statutes, is amended to read:

1002.92 Child care and early childhood resource and referral.—

(3) Child care resource and referral agencies shall provide the following services:

(a) Identification of existing public and private child care and early childhood education services, including child care services by public and private employers, and the development of a resource file of those services through the

single statewide information system developed by the office under s. 1002.82(2)(p) ~~s. 1002.82(2)(n)~~. These services may include family day care, public and private child care programs, the Voluntary Prekindergarten Education Program, Head Start, the school readiness program, special education programs for prekindergarten children with disabilities, services for children with developmental disabilities, full-time and part-time programs, before-school and after-school programs, vacation care programs, parent education, the temporary cash assistance program, and related family support services. The resource file shall include, but not be limited to:

1. Type of program.
2. Hours of service.
3. Ages of children served.
4. Number of children served.
5. Program information.
6. Fees and eligibility for services.
7. Availability of transportation.

Section 9. For the 2018-2019 fiscal year, the sum of $6 million from the Child Care and Development Block Grant Trust Fund is appropriated to the Office of Early Learning to implement the provisions of s. 1002.82(2)(n), Florida Statutes, established by this act.

Section 10. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1314 creates the Institute for Commercialization of Florida Technology (institute) to increase the availability of seed and early stage investment capital in Florida without requiring an ongoing state expenditure for such support.

The institute will replace the Institute for Commercialization of Public Research (ICPR). The institute will differ from the ICPR in several ways. Namely, the institute will:

- Be operated by a private fund manager who will be paid from fees based on the institute's investment activities, rather than a professional staff;
- No longer partner with publicly supported universities or research institutes to support their commercialization efforts; and
- Not be supported by or function under the Department of Economic Opportunity (department).

Like the ICPR, however, the institute will partner with innovation and target industry businesses to foster investment funding, especially in seed-stage, startup, and early stage companies; advise companies about successful management, operations, and development processes; and provide opportunities to attract further investment.

The bill has minimal impact on state expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

Venture Capital and Early Stage Business Investments

Venture capital is money provided by investors who choose to fund young companies that have the potential to develop into profitable businesses. Venture capital is an important source of equity for startup companies because its investment does not typically require security (such as a guarantee of repayment) from the business.[1]

Venture capital investments are typically made in lieu of traditional bank loans because the start-up or expansion-oriented companies they fund have a higher level of investment risk. The investor may eventually share in the risk of a failed business or the reward of a successful one. These investments are also characterized by a higher level of equity participation in the business by the investor, including mentorship or networking to assist the company with management and other obstacles.[2]

Investment in a technology or idea that has not yet been developed into a fully-fledged product or business is also known as "seed investing" or "early-stage investing."[3]

As of September 2017, one Florida website lists approximately 38 venture capital firms in the state.[4] Although the venture capital industry has grown in the last 20 years, it has done so only in limited geographic regions – generally limiting the investment of capital in businesses in or near those regions.[5]

Florida Capital Formation Act

In 2007, the Florida Capital Formation Act was enacted to address the need to increase the availability of seed capital and early stage venture capital for emerging Florida companies.[6] The act created the Florida Opportunity Fund and the Institute for the Commercialization of Public Research.

The intent of the act, in part, is to "mobilize private investment in a broad variety of venture capital partnerships in diversified industries and geographies" and "mobilize venture equity

capital for investment in such a manner as to result in a significant potential to create new businesses and jobs in this state."[7]

The Opportunity Fund was created to invest in seed and early stage venture capital funds (fund of funds), focusing on opportunities in Florida, and it can also make direct investments, including loans, in individual businesses and infrastructure projects. Enterprise Florida, Inc., facilitates the fund.

Further, the Legislature intended to create an institute "to mentor, market, and attract capital to such commercialization ventures throughout the state." The Institute for the Commercialization of Public Research (ICPR) assists in the commercialization of products developed by research and development activities of innovation businesses, publicly supported universities and colleges, research institutes, and other publicly supported organizations within Florida.[8]

Institute for the Commercialization of Public Research

The ICPR is a private-public partnership that operates as a nonprofit corporation. It administers company support services and seed capital funding programs to help early-stage businesses or ideas for businesses grow and thrive in Florida.[9] The ICPR operates with the support of mentors, advisors, and donors, and the Division of Strategic Business Development of the department provides support for and works closely with the ICPR.[10]

The ICPR has two primary locations, one at the University of Florida in Gainesville and the other at Florida Atlantic University in Boca Raton. A board of directors governs the ICPR and is responsible for managing the ICPR's funds, presenting the ICPR's annual report, and overseeing the ICPR's general affairs.[11] The board of directors is composed of the executive director of the department (or designee); the president of the university where the ICPR is located, or when the ICPR is located at multiple universities, the presidents' agreed upon designee; and three directors appointed by the Governor.[12]

The ICPR matches commercially viable technologies with management talent and capital. Additionally, the ICPR focuses on technologies and companies that originate from publicly supported organizations across the state and companies in Florida's innovation businesses and target industries.[13]

[11] Section 288.9625, F.S. Institute for Commercialization of Public Research, *Who We Are: Board of Directors*, available at http://www.florida-institute.com/about/board-of-directors (last visited Feb. 15, 2018).
[12] Section 288.9625(4), F.S.
[13] Sections 288.0189 and 288.106(2)(q), F.S., sets forth the innovation businesses and target industries. Institute for the Commercialization of Public Research, *Annual Report Brochure FY 2016-2017* (Nov. 22, 2017), available at http://www.florida-institute.com/news/florida-institutes-2016-17-brochure (last visited Feb. 17, 2018).

Before the institute facilitates a company or organization's efforts to commercialize its products, it must be accepted by the institute through an application process. Publicly supported organizations may recommend that a company attempting to commercialize its research, technology, or patents be accepted by the institute. Upon acceptance by the institute, a company receives mentoring and other services, which includes developing marketing information on the company, using institute resources to attract capital investment into the company, and other resources that may encourage effective management, growth, capitalization technology protection, or marketing or business success.[14]

Current law prohibits the ICPR from charging for its services unless they are provided to a private company, as compared to a state university or its affiliated organizations.

Since 2007, the Legislature has appropriated an estimated total of $33 million in state funds to the ICPR for operating costs, grants, loans, and seed stage funds.[15] The ICPR did not receive any funding in Fiscal Year 2017-2018.

Florida Technology Seed Capital Fund[16]

The ICPR also administers the Florida Technology Seed Capital Fund as a corporate subsidiary. The fund was preceded by the Florida Research Commercialization Matching Grant Program, which expired in 2013, and the Seed Capital Accelerator Program (SCAP).[17]

The fund was established to "foster greater private-sector investment funding, to encourage seed-stage investments in start-up companies, and to advise companies about how to restructure existing management, operation, or production to attract advantageous business opportunities."[18] Proceeds from sale of equity or debt repayments are returned to the fund for reinvestment.

A company at the initial seed-stage investment is eligible to receive investment from the fund only after undergoing a peer-reviewed process undertaken by the fund's investor advisory board. The ICRP will invest in a company if:[19]

- The company's overall health and ability for growth is strong, including its intellectual property position, management capability, paths to market or commercialization, growth-potential, and ability to leverage additional funding;
- The company was identified by a publicly funded research institution;
- The company is a target industry business;
- The company was identified by a private-sector lead investor who has performed industry-standard due diligence; and
- The advisory board and fund manager reviewed and recommended the company's proposal.

[18] Section 288.26255(1), F.S.
[19] Section 288.96255(3)-(4), F.S.

Through the fund, the ICPR provides seed funding in amounts of $50,000 up to $300,000 to qualified companies, either as debt or equity. A cumulative investment of $500,000 is the maximum the ICPR will invest in a single company before it requires a 2:1, private sector match of the investment. The ICPR has invested in a total of 66 companies through this program.[20]

III. Effect of Proposed Changes:

Institute for Commercialization of Florida Technology

The bill creates the Institute for Commercialization of Florida Technology (institute) as a successor to the ICPR. The institute differs from the ICPR in several ways. Namely, the institute: (1) will be operated by a private fund manager rather than a professional staff; (2) will no longer partner with publicly supported universities or research institutes to support their commercialization efforts; and (3) will not be supported by or function under the department.

Section 3 amends s. 288.9622, F.S., to evince legislative intent to permit the use of a private asset manager familiar with the seed and early stage investment industry in Florida to reduce the operational costs of the Florida Technology Seed Capital Fund (Technology Fund) and the SCAP. It is the goal of the Legislature to operate these entities without requiring ongoing state expenditures.

Section 5 amends s. 288.9655, F.S., to replace the ICPR with the Institute for Commercialization of Florida Technology. The purpose of the institute is to assist in the commercialization of products developed by innovation businesses; advise the businesses about how to restructure existing management, operations, product development, or service development to attract further business opportunities; foster greater private sector investment funding; and encourage seed stage investments in startup and early stage companies.[21]

Creation of the Institute

Section 1 amends s. 20.60, F.S. to remove management of the ICPR and promotion of the commercialization of products, services, or ideas developed in public universities or institutions from the department's duties and purposes. The bill specifies that the institute is not a direct-support organization of the department.

Section 5 amends s. 288.9625(1), F.S., to provide that the institute is not subject to the control, supervision, or direction by the department in any manner. The section also amends s. 288.9625(3), F.S., to remove the requirement that the institute's articles of incorporation be approved by the department.

Board of Directors

Section 5 reorganizes the Board of Directors to consist of three members instead of five and provides for currently appointed directors of the ICPR to finish out their terms. Going forward,

[20] Institute for Commercialization of Public Research, *For Entrepreneurs: Company Funding*, available at http://www.florida-institute.com/programs/company-funding (last visited Feb. 5, 2018).
[21] See lines 206-213 and 415-424 of the bill.

to replace a vacant board position the private fund manager will submit three recommendations to the board for consideration. The board and the private fund manager each have a vote to select a new board member from the recommended list or "from a new list of three nominees that were not included on the previous list." It is unclear who nominates the new list.

The board's duties include oversight of the private fund manager's activities; performance of duties as outlined by the institute's bylaws; and provision of an annual report of the institute's activities to the Governor, President of the Senate, and Speaker of the House.

The directors must have expertise in selecting and supervising early stage investment managers or in fiduciary management of investment funds and other pertinent areas of expertise.

The directors may not receive compensation for their service but may be reimbursed for expenses as approved by the private fund manager pursuant to s. 112.061, F.S. Additionally, the directors may not have a financial interest in any investment in any of the institute's portfolio companies and are subject to any restriction on conflicts of interest as specified in the institute's organizational documents. The institute must indemnify its directors and the private fund manager to the broadest extent possible.

Private Fund Manager

The bill states that the "purpose of the institute's use of a private fund manager is to alleviate the state's burden of the continued and future operational and management costs related to the [Technology Fund] and [SCAP] program."

Eligibility

Section 5 provides that the private fund manager (fund manager) must be a for-profit limited liability company or a for-profit corporation that was formed and is governed and operated in accordance with ch. 605 or 607, F.S. Additionally, the fund manager may not be a public corporation or instrumentality of the state; is not a state agency; cannot claim sovereign immunity; is not subject to ch. 287, F.S., regarding procurement of goods and services; and is not governed by code of ethics provisions in part III of ch. 112, F.S.

The fund manager must be experienced in the field and must specifically have:

- Expertise and experience in the management and operation of early stage companies in Florida;
- Experience with early stage business ventures investments in Florida;
- Working knowledge and understanding of the institute's investment portfolio and relevant industries of those companies; and
- Individuals in its employ who have knowledge of the institute's investment portfolio and its companies, as well as financial, technical, and business expertise to manage the Technology Fund activity.

Duties

Section 5 provides for the fund manager's duties as they relate to the institute; **section 6** provides for the duties as they relate to the Technology Fund. They are substantially the same duties.

The fund manager is required to manage the investment-related affairs of the institute, including management of the assets of the institute's Technology Fund and SCAP investment portfolios; and conduct activities on the institute's behalf in accordance with law.

The fund manager must also issue an annual report to the Board of Directors by November 1 each year. The annual report is a public record, and must include:
- Information on any assistance provided to an innovation business;
- Description of the benefits that accrue to the state as a result of the institute's activity; and
- Independently audited financial statements, including information related to the receipt and calculation of the net profits of the investment portfolio.

The fund manager is authorized to:
- Negotiate terms of investment, sale, and liquidation with portfolio and nonportfolio companies;
- Execute contracts and contract amendments with portfolio and nonportfolio companies;
- Seek new qualified companies to participate in the Technology Fund;
- Receive and remit investment capital from the sale or liquidation of any part of the institute's investment portfolio, loan proceeds, or other investment returns;
- Mentor, assist with the development of marketing information or business plans, and assist with attracting capital investment and other resources to a portfolio company in order to foster its growth, marketing, or business success;
- Market the Technology Fund and accelerator program to potential investors;
- Facilitate meetings between prospective investors and the institute's portfolio companies; and
- Collaborate with publicly supported organizations that may be able to provide further resources or special knowledge to the institute's portfolio companies.

The fund manager is paid reasonable fees consistent with the standard practices of the fund management industry, consisting of:
- An operational management fee, including reimbursement of expenses that is paid from the proceeds of loans repaid to the SCAP or other capital, proceeds, and returns available in the Technology Fund;
- A portfolio fee paid from proceeds of each sale or asset liquidation from the institute's investment portfolio; and
- A closing fee paid from the investment amount paid by the Technology Fund to a company at the closing of each investment.

Florida Technology Seed Capital Fund

Section 5 outlines the institute's mission, which is to develop partnerships with, in particular, "innovation businesses" as defined in s. 288.1089, F.S., relating to the Innovation Incentive Program.

Section 6 provides that the institute must also strive to invest in target industry businesses, as defined in s. 288.106(2)(q), F.S., which represent diverse and stable markets.

Section 6 amends s. 288.96255, F.S., the Technology Fund, to revise the authorized investments and requirements for investment. The institute may select a company or organization for partnership with the institute or for funding from the Technology Fund only after the fund manager, using processes modeled on the investment industry's standard practices, has evaluated whether the company meets the statutory requirements, which are similar to current law. The fund manager must complete due diligence before approving a company for investment.

The bill repeals statutory limitations on investments from the fund – specifically the current limitation of initial investments of $50,000-$300,000, a cumulative maximum of $500,000, and a required 2:1 match for additional investment.

Net profits from proceeds of sale or liquidation of assets or portions of assets of the investment portfolio will be returned to the Technology Fund for reinvestment, after payment of applicable costs, professional fees, expenses, fees paid to the private fund manager, and disbursement to private investors.

Fees paid to the private fund manager include are for performing due diligence and an investment closing fee, in addition to reasonable attorney fees, the operational management fee, the portfolio fee, the closing fee, and other costs in connection with making the investment.

The institute or the private fund manager can disburse payments to private investors if the institute or the private fund manager decides to transfer any portion of the Technology Fund into a private fund or special purpose vehicle. Such private fund or special purpose vehicle can receive additional private investment. The disbursement from such private fund or special purpose vehicle back to the Technology Fund or private investors is the respective pro rata portion of any net profits from the sale or liquidation of assets in the private fund or special purpose vehicle.

Public Records and Meetings Exemption

Section 7 amends s. 288.9627, F.S., to transfer the public records and meetings exemption that previously applied to the ICPR to the institute.

This section makes the following materials held by the institute exempt from disclosure pursuant to s. 119.07(1), F.S., and s. 24(a), Art. I of the Florida Constitution:

- Documents and materials that related to a business' methods of manufacture or production, potential trade secrets, or patentable material that is provided to the institute by a proprietor;
- Information that would identify an anonymous investor or potential investor;
- Information received from another person, state, nation, or the federal government, which is confidential or exempt pursuant to the originator's laws; and
- Proprietary confidential business information.

Additionally, the bill exempts from Florida's public meetings laws those portions of the institute's meetings wherein information that is confidential and exempt according to Florida law is discussed.

Miscellaneous

Section 2 makes conforming changes to s. 288.9621, F.S., the short title for the Florida Capital Formation Act.

Section 4 provides definitions for terms used in the Florida Capital Formation Act.

Section 8 provides an effective date of July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

The bill transfers the current public records and meetings exemptions for the ICPR to the institute. The bill also expands the scope and authority of the institute to make investments in seed and early stage businesses. It is unclear if the amendments made by the bill to ss. 288.9625 and 288.96255, F.S., would be an expansion of the current public records and meetings exemptions.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Depending on the financial performance of the Technology Fund and the institute, there may be a reduction in the funds available for investment in private businesses that seek investment capital.

C. Government Sector Impact:

The ICPR did not receive an appropriation in Fiscal Year 2017-2018. The bill attempts to reduce future appropriations to the successor institute for its investment, management, and related expenses, by permitting the institute to fund itself through its activities. According to the most recent independent audit of the ICPR completed in Fiscal Year 2016 filed with the Florida Auditor General, the total program expenses were

$3,732,937.[22] The fund manager will require expenditures pursuant to statute, but these will be made from profits of the institute, rather than state appropriation.

University and other publicly funded research institutes may see a reduction in funds available for the commercialization of their technologies because of the privatization of the institute.

The Department of Economic Opportunity may experience minimal cost savings by eliminating the contracting and related oversight responsibilities of the department over the institute.

VI. Technical Deficiencies:

It is unclear whether the duties outlined in s. 288.9625(5), F.S., apply to the Board of Directors or the fund manager.

VII. Related Issues:

The bill refers to the SCAP or "Accelerator Program." The Accelerator Program expired in 2013, and therefore does not require any ongoing operational funding. The Accelerator Program, however, does have outstanding loans that will not be due until December 2019, and therefore may require actions by the fund manager for purposes of collection and reinvestment of the funds.[23]

The bill provides that the institute must create the Fund; the Legislature could directly create the Fund.

The bill requires that a company or organization be "based in" Florida to receive assistance from the institute. This term may need to be defined to provide clarity in interpretation.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.60, 288.9621, 288.9622, 288.9623, 288.9625, 288.96255, and 288.9627.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 21, 2018:
The committee substitute:

- Restores a portion of current law legislative intent related to the Florida Opportunity Fund;
- Adds a provision that the Institute for Commercialization of Florida Technology is not subject to the control, supervision, or direction of the DEO; and
- Corrects a grammar issue.

CS by Commerce and Tourism on February 6, 2018:
The CS clarifies the terms for directors appointed before July 1, 2018, and the succession of any director appointed thereafter.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to the Florida Capital Formation Act; amending s. 20.60, F.S.; deleting the requirement that the Department of Economic Opportunity manage certain activities related to the commercialization of specified products, services, and ideas; specifying that the Institute for Commercialization of Florida Technology is not an appropriate direct-support organization; amending s. 288.9621, F.S.; including s. 288.96255, F.S., in the Florida Capital Formation Act; amending s. 288.9622, F.S.; revising legislative intent; amending s. 288.9623, F.S.; defining terms; amending s. 288.9625, F.S.; redesignating the Institute for the Commercialization of Public Research as the Institute for Commercialization of Florida Technology; specifying that the institute is not subject to control, supervision, or direction by the department; deleting provisions regarding the institute's responsibilities; requiring that the investment-related affairs of the institute be managed by the private fund manager and overseen by the board of directors; restructuring the board of directors and the selection process for the board of directors; specifying term limits of the board members under certain circumstances; requiring the board of directors to amend the bylaws of the institute under

188068

576-03516-18

certain circumstances; providing that a director is subject to restrictions on certain conflicts of interest; prohibiting a director from having a financial interest in certain investments; authorizing a director to be reimbursed for certain expenses; granting the institute certain powers; requiring the institute to indemnify certain persons; delegating certain duties to the board of directors; revising to whom the board must provide a copy of the annual report and who may require and receive supplemental data relative to the institute's operation; specifying that certain requirements be met before the private fund manager is authorized to make an investment in a company, on behalf of the institute; deleting provisions relating to certain duties of the institute; deleting provisions relating to certain fees charged by the institute and the prohibition on using capital in support of certain entities; specifying that the annual report is considered a public record subject to certain exemptions; revising the requirements of the institute's annual report; listing requirements and prohibitions for the private fund manager; stating the purpose of the institute's use of the private fund manager; requiring the private fund manager to assume the management of certain assets; authorizing the private fund manager to act on behalf of the institute for certain purposes; requiring that the private fund manager be paid certain fees; authorizing the private fund manager to

undertake certain activities on behalf of the institute; requiring the private fund manager to issue an annual report to the board of directors by a specific date; specifying that the annual report is considered a public record subject to certain exemptions; requiring that the report contain certain information; amending s. 288.96255, F.S.; requiring that certain proceeds be returned to the Florida Technology Seed Capital Fund after the payment of certain costs and fees; requiring the institute to employ a private fund manager; requiring the private fund manager to perform specific duties; requiring that the private fund manager receive certain fees and costs at a specified time; requiring the private fund manager to use a certain process to evaluate a proposal; requiring the private fund manager to consider certain factors when approving a company for investment; deleting specific requirements for the investment of funds; authorizing the private fund manager, in addition to the institute, to perform certain tasks; amending s. 288.9627, F.S.; conforming provisions to changes made by this act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (e) of subsection (4) and paragraph (b) of subsection (9) of section 20.60, Florida Statutes, are amended to read:

20.60 Department of Economic Opportunity; creation; powers and duties.—

(4) The purpose of the department is to assist the Governor in working with the Legislature, state agencies, business leaders, and economic development professionals to formulate and implement coherent and consistent policies and strategies designed to promote economic opportunities for all Floridians. To accomplish such purposes, the department shall:

(e) Manage the activities of public-private partnerships and state agencies in order to avoid duplication and promote coordinated and consistent implementation of programs in areas including, but not limited to, tourism; international trade and investment; business recruitment, creation, retention, and expansion; minority and small business development; rural community development; ~~commercialization of products, services, or ideas developed in public universities or other public institutions;~~ and the development and promotion of professional and amateur sporting events.

(9) The executive director shall:

(b) Serve as the manager for the state with respect to contracts with Enterprise Florida, Inc., ~~the Institute for the Commercialization of Public Research,~~ and all applicable direct-support organizations. To accomplish the provisions of this section and applicable provisions of chapter 288, and notwithstanding the provisions of part I of chapter 287, the director shall enter into specific contracts with Enterprise Florida, Inc., ~~the Institute for the Commercialization of Public Research,~~ and other appropriate direct-support organizations. Such contracts may be for multiyear terms and must ~~shall~~ include

specific performance measures for each year. For purposes of this section, the Florida Tourism Industry Marketing Corporation and the Institute for Commercialization of Florida Technology are not ~~is not an~~ appropriate direct-support organizations ~~organization~~.

Section 2. Section 288.9621, Florida Statutes, is amended to read:

288.9621 Short title.—Sections 288.9621-288.96255 ~~Sections 288.9621-288.9625~~ may be cited as the "Florida Capital Formation Act."

Section 3. Section 288.9622, Florida Statutes, is amended to read:

288.9622 Findings and intent.—

(1) The Legislature finds and declares that there is a need to increase the availability of seed capital and early stage investment ~~venture equity~~ capital for emerging companies in the state, including, without limitation, businesses ~~enterprises~~ in life sciences, information technology, advanced manufacturing processes, aviation and aerospace, and homeland security and defense, as well as other industries of strategic importance to this state ~~strategic technologies~~.

(2) It is the intent of the Legislature that ss. 288.9621-288.96255 ~~ss. 288.9621-288.9625~~ serve to mobilize private investment in a broad variety of ~~venture capital~~ partnerships in diversified industries and geographies; retain private sector investment criteria focused on rate of return; allow the Institute for Commercialization of Florida Technology to use ~~the services of~~ highly qualified private fund managers experienced in the seed and early stage development industry in this state;

outline the use, qualifications, and activities of the private management by a private fund manager of the assets of the Seed Capital Accelerator Program and the Florida Technology Seed Capital Fund investment portfolio of the Institute for Commercialization of Florida Technology ~~venture capital industry regardless of location~~; facilitate the organization of the Florida Opportunity Fund as an investor in seed and early stage businesses, infrastructure projects, venture capital funds, and angel funds; and precipitate capital investment and extensions of credit to and in the Florida Opportunity Fund.

(3) It is the intent of the Legislature to mobilize investment ~~venture equity~~ capital ~~for investment~~ in such a manner as to result in a significant potential to create new businesses and jobs in this state which ~~that~~ are based on high growth potential technologies, products, or services and which ~~that~~ will further diversify the economy of this state.

(4) It is the intent of the Legislature to reduce the ongoing operational cost and burden of managing the Florida Technology Seed Capital Fund and the Seed Capital Accelerator Program to this state by engaging a private asset management entity in this state which is familiar with the seed and early stage investment industry in this state. This entity would be responsible for the management of the assets of the Seed Capital Accelerator Program and the Florida Technology Seed Capital Fund investment portfolio without requiring ongoing budget expenditures by this state ~~that an institute be created to mentor, market, and attract capital to such commercialization ventures throughout the state~~.

Section 4. Section 288.9623, Florida Statutes, is amended

to read:

288.9623 Definitions.—As used in ss. 288.9621-288.96255, the term ~~ss. 288.9621-288.9625~~:

(1) "Accelerator program" means the Seed Capital Accelerator Program managed by the institute.

(2)~~(1)~~ "Board" means the board of directors of the Florida Opportunity Fund.

(3)~~(2)~~ "Fund" means the Florida Opportunity Fund.

(4) "Institute" means the Institute for Commercialization of Florida Technology.

(5) "Investment portfolio" means individual or collective investment assets held under the technology fund.

(6) "Net profits" means the total gross proceeds received from the sale or liquidation of an asset of the investment portfolio less any costs, legal fees, professional fees, consulting fees, government fees, brokerage fees, taxes, management fees pursuant to s. 288.9625(12)(b), disbursement to private investors pursuant to s. 288.96255(6), or other fees, costs, and expenses incurred in the sale or liquidation of any of the investment portfolio assets.

(7) "Portfolio companies" means the companies who are part of the Florida Technology Seed Capital Fund investment portfolio.

(8) "Private fund manager" means the private entity, or its designee, selected to manage the investment portfolio on behalf of the institute.

(9) "Technology fund" means the Florida Technology Seed Capital Fund managed by the institute.

Section 5. Section 288.9625, Florida Statutes, is amended

to read:

288.9625 Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~. ~~There is established at a public university or research center in this state the Institute for the Commercialization of Public Research~~.

(1) The institute is ~~shall be~~ a nonprofit ~~not-for-profit~~ corporation registered, incorporated, and operated in accordance with chapter 617. The institute is not subject to control, supervision, or direction by the department in any manner, including, but not limited to, personnel, purchasing, transactions involving real or personal property, and budgetary matters.

(2) The purpose of the institute is to assist in the commercialization of products developed by the research and development activities of an innovation business, including, but not limited to, those ~~as~~ defined in s. 288.1089~~; a publicly supported college, university, or research institute; or any other publicly supported organization in this state~~. The institute shall fulfill its purpose in the best interests of the state. The institute:

(a) Is a corporation primarily acting as an instrumentality of the state pursuant to s. 768.28(2), for the purposes of sovereign immunity;

(b) Is not an agency within the meaning of s. 20.03(11);

(c) Is subject to the open records and meetings requirements of s. 24, Art. I of the State Constitution, chapter 119, and s. 286.011;

(d) Is not subject to ~~the provisions of~~ chapter 287;

(e) Is ~~Shall be~~ governed by the code of ethics for public

officers and employees as set forth in part III of chapter 112; and

(f) May create corporate subsidiaries. ~~;~~

~~(g) Shall support existing commercialization efforts at state universities; and~~

~~(h) May not supplant, replace, or direct existing technology transfer operations or other commercialization programs, including incubators and accelerators.~~

(3) The articles of incorporation of the institute must ~~be approved in a written agreement with the department. The agreement and the articles of incorporation shall~~:

(a) Provide that the institute shall provide equal employment opportunities for all persons regardless of race, color, religion, gender, national origin, age, handicap, or marital status;

(b) Provide that the institute is subject to the public records and meeting requirements of s. 24, Art. I of the State Constitution;

(c) Provide that all officers, directors, and employees of the institute are ~~shall be~~ governed by the code of ethics for public officers and employees as set forth in part III of chapter 112;

(d) Provide that members of the board of directors of the institute are responsible for the prudent use of all public and private funds and that they will ensure that the use of funds is in accordance with all applicable laws, bylaws, and contractual requirements; and

(e) Provide that the fiscal year of the institute is from July 1 to June 30.

(4) The investment-related affairs of the institute shall be managed by the private fund manager, and overseen by a board of directors who shall serve without compensation. Each director shall have only one vote. The chair of the board of directors shall be selected by a majority vote of the directors, a quorum being present. ~~The board of directors shall consist of the following five members:~~

~~(a) The executive director of the department, or the director's designee.~~

~~(b) The president of the university where the institute is located or the president's designee unless multiple universities jointly sponsor the institute, in which case the presidents of the sponsoring universities shall agree upon a designee.~~

(a) ~~(c)~~ The board of directors shall consist of three directors appointed pursuant to the procedures and requirements of this section ~~by the Governor~~ to 3-year staggered terms, to which the directors may be reappointed.

(b) For any director appointed before July 1, 2018, the term of service for that director may continue through the end of his or her current term. The vacancy created by the expiration of such term must be filled pursuant to the procedures and requirements of this section.

(c) The bylaws of the institute shall be amended accordingly by the board of directors to reflect the requirements of this section.

(d) Upon vacancy, or within 90 days before an anticipated vacancy by the expiration of a term of a director, the private fund manager shall submit a list of three eligible nominees, which may include the incumbent director, to replace the

outgoing director. The board of directors, voting along with the private fund manager, may appoint a director from the nominee list or may request and appoint a director from a new list of three nominees that were not included on the previous list.

(e) The persons appointed as replacement directors must include persons who have expertise in the area of the selection and supervision of early stage investment managers or in the fiduciary management of investment funds and other areas of expertise as considered appropriate.

(f) Directors are subject to any restrictions on conflicts of interest specified in the organizational documents and may not have a financial interest in any venture capital investment in any portfolio company.

(g) Directors may be reimbursed for all reasonable, necessary, and actual expenses as determined and approved by the private fund manager pursuant to s. 112.061.

(h) The institute shall have all powers granted under its organizational documents and shall indemnify its directors and the private fund manager to the broadest extent permissible under the laws of this state.

(5) The board of directors shall oversee the private fund manager to ensure consistency with the Florida Capital Formation Act, perform those duties as may be delegated to it in the bylaws of the institute, and provide a copy of the institute's annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives~~, and the president of the university at which the institute is located~~.

(6) The ~~department, the president and the board of trustees of the university where the institute is located, the~~ Auditor

General~~,~~ and the Office of Program Policy Analysis and Government Accountability may require and receive from the institute or its independent auditor any detail or supplemental data relative to the operation of the institute.

(7) To the extent funds for investment are available in the technology fund, the private fund manager, on behalf of the institute, may make an investment in a company or organization if all of the following requirements are met:

(a) Before providing assistance, the institute accepted ~~To be eligible for assistance,~~ the company or organization attempting to commercialize its product based on the guidelines under s. 288.96255(4) ~~must be accepted by the institute before receiving the institute's assistance~~.

(b) The company or organization is based in this state ~~institute shall receive recommendations from any publicly supported organization that a company that is commercializing the research, technology, or patents from a qualifying publicly supported organization should be accepted into the institute~~.

~~(c) The institute shall thereafter review the business plans and technology information of each such recommended company. If accepted, the institute shall mentor the company, develop marketing information on the company, and use its resources to attract capital investment into the company, as well as bring other resources to the company which may foster its effective management, growth, capitalization, technology protection, or marketing or business success.~~

~~(8) The institute shall:~~

~~(a) Maintain a centralized location to showcase companies and their technologies and products;~~

~~(b) Develop an efficient process to inventory and publicize companies and products that have been accepted by the institute for commercialization;~~

~~(c) Routinely communicate with private investors and venture capital organizations regarding the investment opportunities in its showcased companies;~~

~~(d) Facilitate meetings between prospective investors and eligible organizations in the institute;~~

~~(c) Hire full-time staff who understand relevant technologies needed to market companies to the angel investors and venture capital investment community; and~~

~~(f) Develop cooperative relationships with publicly supported organizations all of which work together to provide resources or special knowledge that is likely to be helpful to institute companies.~~

(8)~~(9)~~ Except as provided under s. 288.96255, the institute may not develop or accrue any ownership, royalty, patent, or other such rights over or interest in companies or products in the institute except in connection with financing provided directly to client companies and shall maintain the confidentiality of proprietary information.

~~(10) The institute may not charge for services provided to state universities and affiliated organizations, community colleges, or state agencies; however, the institute may deliver and charge for services to private companies and affiliated organizations if providing a service does not interfere with the core mission of the institute. The institute may not use its capital in support of private companies or affiliated organizations whose products were not developed by research and~~

~~development activities of a publicly supported college, university, or research institute, or any other organization.~~

(9)~~(11)~~ By December 1 of each year, the institute shall issue an annual report concerning its activities to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The annual report shall be considered a public record, as provided in paragraph (3)(b), subject to any appropriate exemptions under s. 288.9627. The annual report must ~~shall~~ include the following:

(a) Information on any assistance provided by the institute to an innovation business, as defined in s. 288.1089~~; a publicly supported college, university, or research institute; or any other publicly supported organization in the state~~.

(b) A description of the benefits to this state resulting from the institute, including the number of businesses created, associated industries started, the number of jobs created, and the growth of related projects.

(c) Independently audited financial statements, including statements that show receipts and expenditures during the preceding fiscal year for personnel, management fees, administration, and operational costs of the institute.

(10) The private fund manager:

(a) Must be a for-profit limited liability company or a for-profit corporation formed, governed, and operated in accordance with chapter 605 or chapter 607, respectively.

(b) Shall conduct activities on behalf of the institute which are consistent with the purposes set forth in this section.

(c) Must have expertise and experience in the management

and operation of early stage companies in this state.

(d) Must have experience with investment in early stage ventures in this state and have a working knowledge and understanding of the investment portfolio and the relevant industries of the portfolio companies in this state.

(e) Shall employ personnel and professionals who have knowledge of the investment portfolio and portfolio companies of the institute, as well as financial, technical, and business expertise to manage the technology fund activity.

(f) May not be a public corporation or instrumentality of the state.

(g) Is not a corporation primarily acting as an instrumentality of the state pursuant to s. 768.28(2), for the purposes of sovereign immunity.

(h) Is not an agency within the meaning of s. 20.03(11).

(i) Is not subject to chapter 287.

(j) May not be governed by the code of ethics for public officers and employees as set forth in part III of chapter 112.

(11) The purpose of the institute's use of a private fund manager is to alleviate the state's burden of the continued and future operational and management costs related to the technology fund and accelerator program, while allowing the institute, through the activities of the private fund manager, to continue to foster greater private-sector investment funding, to encourage seed-stage investments in startup and early stage companies, and to advise companies about how to restructure existing management, operations, product development, or service development to attract advantageous business opportunities.

(12) The private fund manager shall assume the management

of the assets of the accelerator program and the technology fund investment portfolios associated with the institute.

(a) The private fund manager has the authority on behalf of the institute to:

1. Negotiate investment, sale, and liquidation terms with portfolio and nonportfolio companies;

2. Develop and execute contracts, or amendments thereto, with portfolio and nonportfolio companies;

3. Seek new qualified companies for the investment of funds from the technology fund;

4. Receive, on behalf of the institute, investment capital from the sale or liquidation of any portion of the investment portfolio, loan proceeds, or other investment returns, and remit such capital, proceeds, and returns to the technology fund pursuant to s. 288.96255, except as otherwise provided in this section and s. 288.96255; and

5. Perform additional duties set forth in s. 288.96255.

(b) The private fund manager shall be paid reasonable fees consistent with industry fund management practices and consisting of:

1. An operational management fee, including the reimbursement of expenses, paid from the proceeds of the repayment of loans from the accelerator program or other capital, proceeds, and returns available in the technology fund;

2. A portfolio fee paid from the proceeds of each sale or liquidation of assets or portions of the assets of the investment portfolio; and

3. A closing fee paid from the investment amount paid by the technology fund to a company at the closing of each

investment.

(13) The private fund manager may undertake the following activities on behalf of the institute:

(a) Mentor, assist with the development of marketing information, and assist with attracting capital investment, as well as bring other resources to the company which may foster its effective management, growth, capitalization, technology protection, or marketing or business success;

(b) Communicate with private investors and venture capital organizations regarding investment opportunities in the portfolio companies of the technology fund and accelerator program;

(c) Facilitate meetings between prospective investors and the companies; and

(d) Develop cooperative relationships with publicly supported organizations that work together to provide resources or special knowledge likely to be helpful to portfolio companies.

(14) By November 1 of each year, the private fund manager shall issue an annual report to the board of directors of the institute concerning the activities the private fund manager conducted which relate to existing accelerator program and technology fund investments in order for the board to be in compliance with its report obligations under subsection (9). The annual report provided by the private fund manager shall be considered a public record, as provided in paragraph (3)(b), subject to any appropriate exemptions under s. 288.9627. The annual report, at a minimum, must include:

(a) A description of the benefits to this state resulting

from the assets of the accelerator program and technology fund, including the number of jobs created, the amount of capital the companies raised, and other benefits relating to increased research expenditures and company growth.

(b) Independently audited financial statements related to the receipt and calculation of the net profits of the investment portfolio.

Section 6. Subsection (1) and subsections (3) through (7) of section 288.96255, Florida Statutes, are amended to read:

288.96255 Florida Technology Seed Capital Fund; creation; duties.—

(1) The Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~ shall create the Florida Technology Seed Capital Fund as a corporate subsidiary. The purpose of the technology fund is to foster greater private-sector investment funding, to encourage seed-stage investments in start-up companies, and to advise companies about how to restructure existing management, operation, or production to attract advantageous business opportunities. The net profits of the proceeds of each sale or liquidation of assets or portions of the assets of the investment portfolio must ~~a sale of the equity held by the fund shall~~ be returned to the technology fund for reinvestment after payment of the applicable costs, professional fees, expenses, fees pursuant to s. 288.9625(12)(b), and disbursement to private investors pursuant to paragraph (6)(e).

(3) The institute shall employ a private fund manager pursuant to s. 288.9625 ~~professionals who have both technical and business expertise~~ to manage the investment portfolio and technology fund activity. The private fund manager ~~institute~~

~~shall establish an investor advisory board comprised of venture capital professionals and early-stage investors from this and other states who~~ shall advise the institute and guide the ~~fund~~ management of the technology fund and make funding recommendations, provided that capital for investment is available in the technology fund. The private fund manager shall receive reasonable fees consistent with industry practices for performing due diligence and an investment closing fee paid out of the technology fund at the closing of each investment in addition to reasonable attorney fees, other fees prescribed in s. 288.9625(12)(b), and other costs in connection with making an investment. ~~Administrative costs paid out of the fund shall be determined by the investor advisory board.~~

(4) The private fund manager ~~institute~~ shall use a thorough and detailed process that is modeled after investment industry practices ~~the best practices of the investment industry~~ to evaluate a proposal. In order to approve a company for investment, the private fund manager, on behalf of the institute, must consider if:

(a) The company has a strong intellectual property position, a capable management team, readily identifiable paths to market or commercialization, significant job-growth potential, the ability to provide other sources of capital to leverage the state's investment, and the potential to attract additional funding;

(b) The private fund manager has had an opportunity to complete due diligence to its satisfaction ~~company has been identified by a publicly funded research institution~~;

(c) The ~~start-up~~ company is a target industry business as

defined in s. 288.106(2); and

(d) ~~The company has been identified by~~ An approved private-sector lead investor who has demonstrated due diligence typical of start-up investments in evaluating the potential of the company has identified the company.~~; and~~

~~(c) The advisory board and fund manager have reviewed the company's proposal and recommended it.~~

(5) ~~(a) Seed~~ Funds from the technology fund may be invested if the institute approves a company and the initial seed-stage investment. ~~The initial seed-stage investment must be at least $50,000, but no more than $300,000. The initial seed-stage investment requires a one-to-one, private-sector match of investment.~~

~~(b) Additional seed funds may be invested in a company if approved by the institute. The cumulative total of investment in a single company may not exceed $500,000. Any additional investment amount requires a two-to-one, private-sector match of investment.~~

(6) The institute or private fund manager may:

(a) Provide a company with value-added support services in the areas of business plan development and strategy, the preparation of investor presentations, and other critical areas identified by the private fund manager ~~institute~~ to increase its chances for long-term viability and success;

(b) Encourage appropriate investment funds to become preapproved to match investment funds;

(c) Market the attractiveness of the state as an early-stage investment location; ~~and~~

(d) Collaborate with state economic-development

188068

576-03516-18

organizations, national associations of seed and angel funds, and other innovation-based associations to create an enhanced state entrepreneurial ecosystem; and~~.~~

(e) Transfer any portion of the assets of the investment portfolio, on behalf of the institute, into a private fund or special purpose vehicle, receive additional private investment in the private fund or special purpose vehicle, manage the private fund or special purpose vehicle, and distribute to the technology fund and the private investors the respective pro rata portion of any net profits from the sale or liquidation of the assets of such private fund or special purpose vehicle.

~~(7) The institute shall annually evaluate the activities and results of the funding, taking into consideration that seed investment horizons span from 3 to 7 years.~~

Section 7. Section 288.9627, Florida Statutes, is amended to read:

288.9627 Exemptions from public records and public meetings requirements for the Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~" or "institute" means the institute established by s. 288.9625.

(b)1. "Proprietary confidential business information" means information that has been designated by the proprietor when provided to the institute as information that is owned or controlled by a proprietor; that is intended to be and is treated by the proprietor as private, the disclosure of which would harm the business operations of the proprietor and has not

188068

576-03516-18

been intentionally disclosed by the proprietor unless pursuant to a private agreement that provides that the information will not be released to the public except as required by law or legal process, or pursuant to law or an order of a court or administrative body; and that concerns:

a. Trade secrets as defined in s. 688.002.

b. Financial statements and internal or external auditor reports of a proprietor corporation, partnership, or person requesting confidentiality under this statute, unless publicly released by the proprietor.

c. Meeting materials related to financial, operating, investment, or marketing information of the proprietor corporation, partnership, or person.

d. Information concerning private investors in the proprietor corporation, partnership, or person.

2. "Proprietary confidential business information" does not include:

a. The identity and primary address of the proprietor's principals.

b. The dollar amount and date of the financial commitment or contribution made by the institute.

c. The dollar amount, on a fiscal-year-end basis, of cash repayments or other fungible distributions received by the institute from each proprietor.

d. The dollar amount, if any, of the total management fees and costs paid on an annual fiscal-year-end basis by the institute.

(c) "Proprietor" means a corporation, partnership, or person that has applied for or received assistance, financial or

otherwise, from the institute and that controls or owns the proprietary confidential business information.

(2) PUBLIC RECORDS EXEMPTION.—

(a) The following records held by the institute are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Materials that relate to methods of manufacture or production, potential trade secrets, or patentable material received, generated, ascertained, or discovered during the course of research or through research projects conducted by universities and other publicly supported organizations in this state and that are provided to the institute by a proprietor.

2. Information that would identify an investor or potential investor who desires to remain anonymous in projects reviewed by the institute for assistance.

3. Any information received from a person from another state or nation or the Federal Government which is otherwise confidential or exempt pursuant to the laws of that state or nation or pursuant to federal law.

4. Proprietary confidential business information for 7 years after the termination of the institute's financial commitment to the company.

(b) At the time any record made confidential and exempt by this subsection, or portion thereof, is legally available or subject to public disclosure for any other reason, that record, or portion thereof, shall no longer be confidential and exempt and shall be made available for inspection and copying.

(3) PUBLIC MEETINGS EXEMPTION.—

(a) That portion of a meeting of the institute's board of

directors at which information is discussed which is confidential and exempt under subsection (2) is exempt from s. 286.011 and s. 24(b), Art. I of the State Constitution.

(b) Any exempt portion of a meeting shall be recorded and transcribed. The board of directors shall record the times of commencement and termination of the meeting, all discussion and proceedings, the names of all persons present at any time, and the names of all persons speaking. An exempt portion of any meeting may not be off the record.

(c) A transcript and minutes of exempt portions of meetings are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(4) REQUEST TO INSPECT OR COPY A RECORD.—

(a) Records made confidential and exempt by this section may be released, upon written request, to a governmental entity in the performance of its official duties and responsibilities.

(b) Notwithstanding the provisions of paragraph (2)(a), a request to inspect or copy a public record that contains proprietary confidential business information shall be granted if the proprietor of the information fails, within a reasonable period of time after the request is received by the institute, to verify the following to the institute through a written declaration in the manner provided by s. 92.525:

1. That the requested record contains proprietary confidential business information and the specific location of such information within the record;

2. If the proprietary confidential business information is a trade secret, a verification that it is a trade secret as defined in s. 688.002;

694 3. That the proprietary confidential business information
695 is intended to be and is treated by the proprietor as private,
696 is the subject of efforts of the proprietor to maintain its
697 privacy, and is not readily ascertainable or publicly available
698 from any other source; and
699 4. That the disclosure of the proprietary confidential
700 business information to the public would harm the business
701 operations of the proprietor.
702 (c)1. Any person may petition a court of competent
703 jurisdiction for an order for the public release of those
704 portions of any record made confidential and exempt by
705 subsection (2).
706 2. Any action under this subsection must be brought in Palm
707 Beach County or Alachua County, and the petition or other
708 initial pleading shall be served on the institute and, if
709 determinable upon diligent inquiry, on the proprietor of the
710 information sought to be released.
711 3. In any order for the public release of a record under
712 this subsection, the court shall make a finding that:
713 a. The record or portion thereof is not a trade secret as
714 defined in s. 688.002;
715 b. A compelling public interest is served by the release of
716 the record or portions thereof which exceed the public necessity
717 for maintaining the confidentiality of such record; and
718 c. The release of the record will not cause damage to or
719 adversely affect the interests of the proprietor of the released
720 information, other private persons or business entities, or the
721 institute.
722 (5) PENALTIES.—Any person who willfully and knowingly

723 violates this section commits a misdemeanor of the first degree,
724 punishable as provided in s. 775.082 or s. 775.083.
725 Section 8. This act shall take effect July 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations	
BILL:	CS/CS/SB 1314
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senator Brandes
SUBJECT:	Florida Capital Formation Act
DATE:	March 5, 2018 REVISED:

2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1314 creates the Institute for Commercialization of Florida Technology (institute) to increase the availability of seed and early stage investment capital in Florida without requiring an ongoing state expenditure for such support.

The institute will replace the Institute for Commercialization of Public Research (ICPR). The institute will differ from the ICPR in several ways. Namely, the institute will:

- Be operated by a private fund manager who will be paid from fees based on the institute's investment activities, rather than a professional staff;
- No longer partner with publicly supported universities or research institutes to support their commercialization efforts; and
- Not be supported by or function under the Department of Economic Opportunity (department).

Like the ICPR, however, the institute will partner with innovation and target industry businesses to foster investment funding, especially in seed-stage, startup, and early stage companies; advise companies about successful management, operations, and development processes; and provide opportunities to attract further investment.

The bill has minimal impact on state expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

Venture Capital and Early Stage Business Investments

Venture capital is money provided by investors who choose to fund young companies that have the potential to develop into profitable businesses. Venture capital is an important source of equity for startup companies because its investment does not typically require security (such as a guarantee of repayment) from the business.[1]

Venture capital investments are typically made in lieu of traditional bank loans because the start-up or expansion-oriented companies they fund have a higher level of investment risk. The investor may eventually share in the risk of a failed business or the reward of a successful one. These investments are also characterized by a higher level of equity participation in the business by the investor, including mentorship or networking to assist the company with management and other obstacles.[2]

Investment in a technology or idea that has not yet been developed into a fully-fledged product or business is also known as "seed investing" or "early-stage investing."[3]

As of September 2017, one Florida website lists approximately 38 venture capital firms in the state.[4] Although the venture capital industry has grown in the last 20 years, it has done so only in limited geographic regions – generally limiting the investment of capital in businesses in or near those regions.[5]

Florida Capital Formation Act

In 2007, the Florida Capital Formation Act was enacted to address the need to increase the availability of seed capital and early stage venture capital for emerging Florida companies.[6] The act created the Florida Opportunity Fund and the Institute for the Commercialization of Public Research.

The intent of the act, in part, is to "mobilize private investment in a broad variety of venture capital partnerships in diversified industries and geographies" and "mobilize venture equity

capital for investment in such a manner as to result in a significant potential to create new businesses and jobs in this state."[7]

The Opportunity Fund was created to invest in seed and early stage venture capital funds (fund of funds), focusing on opportunities in Florida, and it can also make direct investments, including loans, in individual businesses and infrastructure projects. Enterprise Florida, Inc., facilitates the fund.

Further, the Legislature intended to create an institute "to mentor, market, and attract capital to such commercialization ventures throughout the state." The Institute for the Commercialization of Public Research (ICPR) assists in the commercialization of products developed by research and development activities of innovation businesses, publicly supported universities and colleges, research institutes, and other publicly supported organizations within Florida.[8]

Institute for the Commercialization of Public Research

The ICPR is a private-public partnership that operates as a nonprofit corporation. It administers company support services and seed capital funding programs to help early-stage businesses or ideas for businesses grow and thrive in Florida.[9] The ICPR operates with the support of mentors, advisors, and donors, and the Division of Strategic Business Development of the department provides support for and works closely with the ICPR.[10]

The ICPR has two primary locations, one at the University of Florida in Gainesville and the other at Florida Atlantic University in Boca Raton. A board of directors governs the ICPR and is responsible for managing the ICPR's funds, presenting the ICPR's annual report, and overseeing the ICPR's general affairs.[11] The board of directors is composed of the executive director of the department (or designee); the president of the university where the ICPR is located, or when the ICPR is located at multiple universities, the presidents' agreed upon designee; and three directors appointed by the Governor.[12]

The ICPR matches commercially viable technologies with management talent and capital. Additionally, the ICPR focuses on technologies and companies that originate from publicly supported organizations across the state and companies in Florida's innovation businesses and target industries.[13]

[11] Section 288.9625, F.S. Institute for Commercialization of Public Research, *Who We Are: Board of Directors*, available at http://www.florida-institute.com/about/board-of-directors (last visited Feb. 15, 2018).
[12] Section 288.9625(4), F.S.
[13] Sections 288.0189 and 288.106(2)(q), F.S., sets forth the innovation businesses and target industries. Institute for the Commercialization of Public Research, *Annual Report Brochure FY 2016-2017* (Nov. 22, 2017), available at http://www.florida-institute.com/news/florida-institutes-2016-17-brochure (last visited Feb. 17, 2018).

Before the institute facilitates a company or organization's efforts to commercialize its products, it must be accepted by the institute through an application process. Publicly supported organizations may recommend that a company attempting to commercialize its research, technology, or patents be accepted by the institute. Upon acceptance by the institute, a company receives mentoring and other services, which includes developing marketing information on the company, using institute resources to attract capital investment into the company, and other resources that may encourage effective management, growth, capitalization technology protection, or marketing or business success.[14]

Current law prohibits the ICPR from charging for its services unless they are provided to a private company, as compared to a state university or its affiliated organizations.

Since 2007, the Legislature has appropriated an estimated total of $33 million in state funds to the ICPR for operating costs, grants, loans, and seed stage funds.[15] The ICPR did not receive any funding in Fiscal Year 2017-2018.

Florida Technology Seed Capital Fund[16]

The ICPR also administers the Florida Technology Seed Capital Fund as a corporate subsidiary. The fund was preceded by the Florida Research Commercialization Matching Grant Program, which expired in 2013, and the Seed Capital Accelerator Program (SCAP).[17]

The fund was established to "foster greater private-sector investment funding, to encourage seed-stage investments in start-up companies, and to advise companies about how to restructure existing management, operation, or production to attract advantageous business opportunities."[18] Proceeds from sale of equity or debt repayments are returned to the fund for reinvestment.

A company at the initial seed-stage investment is eligible to receive investment from the fund only after undergoing a peer-reviewed process undertaken by the fund's investor advisory board. The ICRP will invest in a company if:[19]

- The company's overall health and ability for growth is strong, including its intellectual property position, management capability, paths to market or commercialization, growth-potential, and ability to leverage additional funding;
- The company was identified by a publicly funded research institution;
- The company is a target industry business;
- The company was identified by a private-sector lead investor who has performed industry-standard due diligence; and
- The advisory board and fund manager reviewed and recommended the company's proposal.

[18] Section 288.26255(1), F.S.
[19] Section 288.96255(3)-(4), F.S.

Through the fund, the ICPR provides seed funding in amounts of $50,000 up to $300,000 to qualified companies, either as debt or equity. A cumulative investment of $500,000 is the maximum the ICPR will invest in a single company before it requires a 2:1, private sector match of the investment. The ICPR has invested in a total of 66 companies through this program.[20]

III. Effect of Proposed Changes:

Institute for Commercialization of Florida Technology

The bill creates the Institute for Commercialization of Florida Technology (institute) as a successor to the ICPR. The institute differs from the ICPR in several ways. Namely, the institute: (1) will be operated by a private fund manager rather than a professional staff; (2) will no longer partner with publicly supported universities or research institutes to support their commercialization efforts; and (3) will not be supported by or function under the department.

Section 3 amends s. 288.9622, F.S., to evince legislative intent to permit the use of a private asset manager familiar with the seed and early stage investment industry in Florida to reduce the operational costs of the Florida Technology Seed Capital Fund (Technology Fund) and the SCAP. It is the goal of the Legislature to operate these entities without requiring ongoing state expenditures.

Section 5 amends s. 288.9655, F.S., to replace the ICPR with the Institute for Commercialization of Florida Technology. The purpose of the institute is to assist in the commercialization of products developed by innovation businesses; advise the businesses about how to restructure existing management, operations, product development, or service development to attract further business opportunities; foster greater private sector investment funding; and encourage seed stage investments in startup and early stage companies.[21]

Creation of the Institute

Section 1 amends s. 20.60, F.S. to remove management of the ICPR and promotion of the commercialization of products, services, or ideas developed in public universities or institutions from the department's duties and purposes. The bill specifies that the institute is not a direct-support organization of the department.

Section 5 amends s. 288.9625(1), F.S., to provide that the institute is not subject to the control, supervision, or direction by the department in any manner. The section also amends s. 288.9625(3), F.S., to remove the requirement that the institute's articles of incorporation be approved by the department.

Board of Directors

Section 5 reorganizes the Board of Directors to consist of three members instead of five and provides for currently appointed directors of the ICPR to finish out their terms. Going forward,

[20] Institute for Commercialization of Public Research, *For Entrepreneurs: Company Funding*, available at http://www.florida-institute.com/programs/company-funding (last visited Feb. 5, 2018).
[21] See lines 206-213 and 415-424 of the bill.

to replace a vacant board position the private fund manager will submit three recommendations to the board for consideration. The board and the private fund manager each have a vote to select a new board member from the recommended list or "from a new list of three nominees that were not included on the previous list." It is unclear who nominates the new list.

The board's duties include oversight of the private fund manager's activities; performance of duties as outlined by the institute's bylaws; and provision of an annual report of the institute's activities to the Governor, President of the Senate, and Speaker of the House.

The directors must have expertise in selecting and supervising early stage investment managers or in fiduciary management of investment funds and other pertinent areas of expertise.

The directors may not receive compensation for their service but may be reimbursed for expenses as approved by the private fund manager pursuant to s. 112.061, F.S. Additionally, the directors may not have a financial interest in any investment in any of the institute's portfolio companies and are subject to any restriction on conflicts of interest as specified in the institute's organizational documents. The institute must indemnify its directors and the private fund manager to the broadest extent possible.

Private Fund Manager

The bill states that the "purpose of the institute's use of a private fund manager is to alleviate the state's burden of the continued and future operational and management costs related to the [Technology Fund] and [SCAP] program."

Eligibility

Section 5 provides that the private fund manager (fund manager) must be a for-profit limited liability company or a for-profit corporation that was formed and is governed and operated in accordance with ch. 605 or 607, F.S. Additionally, the fund manager may not be a public corporation or instrumentality of the state; is not a state agency; cannot claim sovereign immunity; is not subject to ch. 287, F.S., regarding procurement of goods and services; and is not governed by code of ethics provisions in part III of ch. 112, F.S.

The fund manager must be experienced in the field and must specifically have:

- Expertise and experience in the management and operation of early stage companies in Florida;
- Experience with early stage business ventures investments in Florida;
- Working knowledge and understanding of the institute's investment portfolio and relevant industries of those companies; and
- Individuals in its employ who have knowledge of the institute's investment portfolio and its companies, as well as financial, technical, and business expertise to manage the Technology Fund activity.

Duties

Section 5 provides for the fund manager's duties as they relate to the institute; **section 6** provides for the duties as they relate to the Technology Fund. They are substantially the same duties.

The fund manager is required to manage the investment-related affairs of the institute, including management of the assets of the institute's Technology Fund and SCAP investment portfolios; and conduct activities on the institute's behalf in accordance with law.

The fund manager must also issue an annual report to the Board of Directors by November 1 each year. The annual report is a public record, and must include:
- Information on any assistance provided to an innovation business;
- Description of the benefits that accrue to the state as a result of the institute's activity; and
- Independently audited financial statements, including information related to the receipt and calculation of the net profits of the investment portfolio.

The fund manager is authorized to:
- Negotiate terms of investment, sale, and liquidation with portfolio and nonportfolio companies;
- Execute contracts and contract amendments with portfolio and nonportfolio companies;
- Seek new qualified companies to participate in the Technology Fund;
- Receive and remit investment capital from the sale or liquidation of any part of the institute's investment portfolio, loan proceeds, or other investment returns;
- Mentor, assist with the development of marketing information or business plans, and assist with attracting capital investment and other resources to a portfolio company in order to foster its growth, marketing, or business success;
- Market the Technology Fund and accelerator program to potential investors;
- Facilitate meetings between prospective investors and the institute's portfolio companies; and
- Collaborate with publicly supported organizations that may be able to provide further resources or special knowledge to the institute's portfolio companies.

The fund manager is paid reasonable fees consistent with the standard practices of the fund management industry, consisting of:
- An operational management fee, including reimbursement of expenses that is paid from the proceeds of loans repaid to the SCAP or other capital, proceeds, and returns available in the Technology Fund;
- A portfolio fee paid from proceeds of each sale or asset liquidation from the institute's investment portfolio; and
- A closing fee paid from the investment amount paid by the Technology Fund to a company at the closing of each investment.

Florida Technology Seed Capital Fund

Section 5 outlines the institute's mission, which is to develop partnerships with, in particular, "innovation businesses" as defined in s. 288.1089, F.S., relating to the Innovation Incentive Program.

Section 6 provides that the institute must also strive to invest in target industry businesses, as defined in s. 288.106(2)(q), F.S., which represent diverse and stable markets.

Section 6 amends s. 288.96255, F.S., the Technology Fund, to revise the authorized investments and requirements for investment. The institute may select a company or organization for partnership with the institute or for funding from the Technology Fund only after the fund manager, using processes modeled on the investment industry's standard practices, has evaluated whether the company meets the statutory requirements, which are similar to current law. The fund manager must complete due diligence before approving a company for investment.

The bill repeals statutory limitations on investments from the fund – specifically the current limitation of initial investments of $50,000-$300,000, a cumulative maximum of $500,000, and a required 2:1 match for additional investment.

Net profits from proceeds of sale or liquidation of assets or portions of assets of the investment portfolio will be returned to the Technology Fund for reinvestment, after payment of applicable costs, professional fees, expenses, fees paid to the private fund manager, and disbursement to private investors.

Fees paid to the private fund manager include are for performing due diligence and an investment closing fee, in addition to reasonable attorney fees, the operational management fee, the portfolio fee, the closing fee, and other costs in connection with making the investment.

The institute or the private fund manager can disburse payments to private investors if the institute or the private fund manager decides to transfer any portion of the Technology Fund into a private fund or special purpose vehicle. Such private fund or special purpose vehicle can receive additional private investment. The disbursement from such private fund or special purpose vehicle back to the Technology Fund or private investors is the respective pro rata portion of any net profits from the sale or liquidation of assets in the private fund or special purpose vehicle.

Public Records and Meetings Exemption

Section 7 amends s. 288.9627, F.S., to transfer the public records and meetings exemption that previously applied to the ICPR to the institute.

This section makes the following materials held by the institute exempt from disclosure pursuant to s. 119.07(1), F.S., and s. 24(a), Art. I of the Florida Constitution:

- Documents and materials that related to a business' methods of manufacture or production, potential trade secrets, or patentable material that is provided to the institute by a proprietor;
- Information that would identify an anonymous investor or potential investor;
- Information received from another person, state, nation, or the federal government, which is confidential or exempt pursuant to the originator's laws; and
- Proprietary confidential business information.

Additionally, the bill exempts from Florida's public meetings laws those portions of the institute's meetings wherein information that is confidential and exempt according to Florida law is discussed.

Miscellaneous

Section 2 makes conforming changes to s. 288.9621, F.S., the short title for the Florida Capital Formation Act.

Section 4 provides definitions for terms used in the Florida Capital Formation Act.

Section 8 provides an effective date of July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

The bill transfers the current public records and meetings exemptions for the ICPR to the institute. The bill also expands the scope and authority of the institute to make investments in seed and early stage businesses. It is unclear if the amendments made by the bill to ss. 288.9625 and 288.96255, F.S., would be an expansion of the current public records and meetings exemptions.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Depending on the financial performance of the Technology Fund and the institute, there may be a reduction in the funds available for investment in private businesses that seek investment capital.

C. Government Sector Impact:

The ICPR did not receive an appropriation in Fiscal Year 2017-2018. The bill attempts to reduce future appropriations to the successor institute for its investment, management, and related expenses, by permitting the institute to fund itself through its activities. According to the most recent independent audit of the ICPR completed in Fiscal Year 2016 filed with the Florida Auditor General, the total program expenses were

$3,732,937.[22] The fund manager will require expenditures pursuant to statute, but these will be made from profits of the institute, rather than state appropriation.

University and other publicly funded research institutes may see a reduction in funds available for the commercialization of their technologies because of the privatization of the institute.

The Department of Economic Opportunity may experience minimal cost savings by eliminating the contracting and related oversight responsibilities of the department over the institute.

VI. Technical Deficiencies:

It is unclear whether the duties outlined in s. 288.9625(5), F.S., apply to the Board of Directors or the fund manager.

VII. Related Issues:

The bill refers to the SCAP or "Accelerator Program." The Accelerator Program expired in 2013, and therefore does not require any ongoing operational funding. The Accelerator Program, however, does have outstanding loans that will not be due until December 2019, and therefore may require actions by the fund manager for purposes of collection and reinvestment of the funds.[23]

The bill provides that the institute must create the Fund; the Legislature could directly create the Fund.

The bill requires that a company or organization be "based in" Florida to receive assistance from the institute. This term may need to be defined to provide clarity in interpretation.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 20.60, 288.9621, 288.9622, 288.9623, 288.9625, 288.96255, and 288.9627.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Restores a portion of current law legislative intent related to the Florida Opportunity Fund;

[22] Florida Auditor General, *Institute for Commercialization of Public Research: 2015-16 Fiscal Year*, available at https://flauditor.gov/pages/nonprofit_forprofit%20pages/institute%20for%20the%20commercialization%20of%20public%20research.htm (last visited Feb. 16, 2018).
[23] *Id*. at p. 21.

- Adds a provision that the Institute for Commercialization of Florida Technology is not subject to the control, supervision, or direction of the DEO; and
- Corrects a grammar issue.

CS by Commerce and Tourism on February 6, 2018:
The CS clarifies the terms for directors appointed before July 1, 2018, and the succession of any director appointed thereafter.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Commerce and Tourism; and Senator Brandes

577-02897-18 20181314c1

A bill to be entitled

An act relating to the Florida Capital Formation Act; amending s. 20.60, F.S.; deleting the requirement that the Department of Economic Opportunity manage certain activities related to the commercialization of specified products, services, and ideas; specifying that the Institute for Commercialization of Florida Technology is not an appropriate direct-support organization; amending s. 288.9621, F.S.; including s. 288.96255, F.S., in the Florida Capital Formation Act; amending s. 288.9622, F.S.; revising legislative intent; amending s. 288.9623, F.S.; defining terms; amending s. 288.9625, F.S.; redesignating the Institute for the Commercialization of Public Research as the Institute for Commercialization of Florida Technology; deleting provisions regarding the institute's responsibilities; requiring that the investment-related affairs of the institute be managed by the private fund manager and overseen by the board of directors; restructuring the board of directors and the selection process for the board of directors; specifying term limits of the board members under certain circumstances; requiring the board of directors to amend the bylaws of the institute under certain circumstances; providing that a director is subject to restrictions on certain conflicts of interest; prohibiting a director from having a financial interest in certain investments; authorizing a director to be reimbursed for certain expenses;

granting the institute certain powers; requiring the institute to indemnify certain persons; delegating certain duties to the board of directors; revising to whom the board must provide a copy of the annual report and who may require and receive supplemental data relative to the institute's operation; specifying that certain requirements be met before the private fund manager is authorized to make an investment in a company, on behalf of the institute; deleting provisions relating to certain duties of the institute; deleting provisions relating to certain fees charged by the institute and the prohibition on using capital in support of certain entities; specifying that the annual report is considered a public record subject to certain exemptions; revising the requirements of the institute's annual report; listing requirements and prohibitions for the private fund manager; stating the purpose of the institute's use of the private fund manager; requiring the private fund manager to assume the management of certain assets; authorizing the private fund manager to act on behalf of the institute for certain purposes; requiring that the private fund manager be paid certain fees; authorizing the private fund manager to undertake certain activities on behalf of the institute; requiring the private fund manager to issue an annual report to the board of directors by a specific date; specifying that the annual report is considered a public record subject to certain

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

exemptions; requiring that the report contain certain information; amending s. 288.96255, F.S.; requiring that certain proceeds be returned to the Florida Technology Seed Capital Fund after the payment of certain costs and fees; requiring the institute to employ a private fund manager; requiring the private fund manager to perform specific duties; requiring that the private fund manager receive certain fees and costs at a specified time; requiring the private fund manager to use a certain process to evaluate a proposal; requiring the private fund manager to consider certain factors when approving a company for investment; deleting specific requirements for the investment of funds; authorizing the private fund manager, in addition to the institute, to perform certain tasks; amending s. 288.9627, F.S.; conforming provisions to changes made by this act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (e) of subsection (4) and paragraph (b) of subsection (9) of section 20.60, Florida Statutes, are amended to read:

20.60 Department of Economic Opportunity; creation; powers and duties.—

(4) The purpose of the department is to assist the Governor in working with the Legislature, state agencies, business leaders, and economic development professionals to formulate and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

implement coherent and consistent policies and strategies designed to promote economic opportunities for all Floridians. To accomplish such purposes, the department shall:

(e) Manage the activities of public-private partnerships and state agencies in order to avoid duplication and promote coordinated and consistent implementation of programs in areas including, but not limited to, tourism; international trade and investment; business recruitment, creation, retention, and expansion; minority and small business development; rural community development; ~~commercialization of products, services, or ideas developed in public universities or other public institutions;~~ and the development and promotion of professional and amateur sporting events.

(9) The executive director shall:

(b) Serve as the manager for the state with respect to contracts with Enterprise Florida, Inc., ~~the Institute for the Commercialization of Public Research,~~ and all applicable direct-support organizations. To accomplish the provisions of this section and applicable provisions of chapter 288, and notwithstanding the provisions of part I of chapter 287, the director shall enter into specific contracts with Enterprise Florida, Inc., ~~the Institute for the Commercialization of Public Research,~~ and other appropriate direct-support organizations. Such contracts may be for multiyear terms and must ~~shall~~ include specific performance measures for each year. For purposes of this section, the Florida Tourism Industry Marketing Corporation and the Institute for Commercialization of Florida Technology are not ~~is not an~~ appropriate direct-support organizations ~~organization~~.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 2. Section 288.9621, Florida Statutes, is amended to read:

288.9621 Short title.—Sections 288.9621-288.96255 ~~Sections 288.9621-288.9625~~ may be cited as the "Florida Capital Formation Act."

Section 3. Section 288.9622, Florida Statutes, is amended to read:

288.9622 Findings and intent.—

(1) The Legislature finds and declares that there is a need to increase the availability of seed capital and early stage investment ~~venture equity~~ capital for emerging companies in the state, including, without limitation, businesses ~~enterprises~~ in life sciences, information technology, advanced manufacturing processes, aviation and aerospace, and homeland security and defense, as well as other industries of strategic importance to this state ~~strategic technologies~~.

(2) It is the intent of the Legislature that ss. 288.9621-288.96255 ~~ss. 288.9621-288.9625~~ serve to mobilize private investment in a broad variety of ~~venture capital~~ partnerships in diversified industries and geographies; retain private sector investment criteria focused on rate of return; allow the use ~~the services~~ of highly qualified private fund managers experienced in the seed and early stage development industry in this state; and outline the use, qualifications, and activities of the private management by a private fund manager of the assets of the Seed Capital Accelerator Program and the Florida Technology Seed Capital Fund investment portfolio of the Institute for Commercialization of Florida Technology ~~venture capital industry regardless of location; facilitate the organization of the~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~Florida Opportunity Fund as an investor in seed and early stage businesses, infrastructure projects, venture capital funds, and angel funds; and precipitate capital investment and extensions of credit to and in the Florida Opportunity Fund~~.

(3) It is the intent of the Legislature to mobilize investment ~~venture equity~~ capital ~~for investment~~ in such a manner as to result in a significant potential to create new businesses and jobs in this state which ~~that~~ are based on high growth potential technologies, products, or services and which ~~that~~ will further diversify the economy of this state.

(4) It is the intent of the Legislature to reduce the ongoing operational cost and burden of managing the Florida Technology Seed Capital Fund and the Seed Capital Accelerator Program to this state by engaging a private asset management entity in this state which is familiar with the seed and early stage investment industry in this state. This entity would be responsible for the management of the assets of the Seed Capital Accelerator Program and the Florida Technology Seed Capital Fund investment portfolio without requiring ongoing budget expenditures by this state ~~that an institute be created to mentor, market, and attract capital to such commercialization ventures throughout the state~~.

Section 4. Section 288.9623, Florida Statutes, is amended to read:

288.9623 Definitions.—As used in ss. 288.9621-288.96255, the term ~~ss. 288.9621-288.9625~~:

(1) "Accelerator program" means the Seed Capital Accelerator Program managed by the institute.

(2) ~~(1)~~ "Board" means the board of directors of the Florida

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Opportunity Fund.

(3)~~(2)~~ "Fund" means the Florida Opportunity Fund.

(4) "Institute" means the Institute for Commercialization of Florida Technology.

(5) "Investment portfolio" means individual or collective investment assets held under the technology fund.

(6) "Net profits" means the total gross proceeds received from the sale or liquidation of an asset of the investment portfolio less any costs, legal fees, professional fees, consulting fees, government fees, brokerage fees, taxes, management fees pursuant to s. 288.9625(12)(b), disbursement to private investors pursuant to s. 288.96255(6), or other fees, costs, and expenses incurred in the sale or liquidation of any of the investment portfolio assets.

(7) "Portfolio companies" means the companies who are part of the Florida Technology Seed Capital Fund investment portfolio.

(8) "Private fund manager" means the private entity, or its designee, selected to manage the investment portfolio on behalf of the institute.

(9) "Technology fund" means the Florida Technology Seed Capital Fund managed by the institute.

Section 5. Section 288.9625, Florida Statutes, is amended to read:

288.9625 Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~.~~—~~There is established ~~at a public university or research center~~ in this state the Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~.

(1) The institute shall be a nonprofit ~~not-for-profit~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

corporation registered, incorporated, and operated in accordance with chapter 617.

(2) The purpose of the institute is to assist in the commercialization of products developed by the research and development activities of an innovation business, including, but not limited to, those ~~as~~ defined in s. 288.1089~~; a publicly supported college, university, or research institute; or any other publicly supported organization in this state~~. The institute shall fulfill its purpose in the best interests of the state. The institute:

(a) Is a corporation primarily acting as an instrumentality of the state pursuant to s. 768.28(2), for the purposes of sovereign immunity;

(b) Is not an agency within the meaning of s. 20.03(11);

(c) Is subject to the open records and meetings requirements of s. 24, Art. I of the State Constitution, chapter 119, and s. 286.011;

(d) Is not subject to ~~the provisions of~~ chapter 287;

(e) Is ~~Shall be~~ governed by the code of ethics for public officers and employees as set forth in part III of chapter 112; and

(f) May create corporate subsidiaries.~~;~~

~~(g) Shall support existing commercialization efforts at state universities; and~~

~~(h) May not supplant, replace, or direct existing technology transfer operations or other commercialization programs, including incubators and accelerators.~~

(3) The articles of incorporation of the institute must ~~be approved in a written agreement with the department. The~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~agreement and the articles of incorporation shall~~:

(a) Provide that the institute shall provide equal employment opportunities for all persons regardless of race, color, religion, gender, national origin, age, handicap, or marital status;

(b) Provide that the institute is subject to the public records and meeting requirements of s. 24, Art. I of the State Constitution;

(c) Provide that all officers, directors, and employees of the institute are ~~shall be~~ governed by the code of ethics for public officers and employees as set forth in part III of chapter 112;

(d) Provide that members of the board of directors of the institute are responsible for the prudent use of all public and private funds and that they will ensure that the use of funds is in accordance with all applicable laws, bylaws, and contractual requirements; and

(e) Provide that the fiscal year of the institute is from July 1 to June 30.

(4) The investment-related affairs of the institute shall be managed by the private fund manager, and overseen by a board of directors who shall serve without compensation. Each director shall have only one vote. The chair of the board of directors shall be selected by a majority vote of the directors, a quorum being present. ~~The board of directors shall consist of the following five members:~~

~~(a) The executive director of the department, or the director's designee.~~

~~(b) The president of the university where the institute is~~

~~located or the president's designee unless multiple universities jointly sponsor the institute, in which case the presidents of the sponsoring universities shall agree upon a designee.~~

(a) ~~(c)~~ The board of directors shall consist of three directors appointed pursuant to the procedures and requirements of this section ~~by the Governor~~ to 3-year staggered terms, to which the directors may be reappointed.

(b) For any director appointed before July 1, 2018, the term of service for that director may continue through the end of his or her current term. The vacancy created by the expiration of such term must be filled pursuant to the procedures and requirements of this section.

(c) The bylaws of the institute shall be amended accordingly by the board of directors to reflect the requirements of this section.

(d) Upon vacancy, or within 90 days before an anticipated vacancy by the expiration of a term of a director, the private fund manager shall submit a list of three eligible nominees, which may include the incumbent director, to replace the outgoing director. The board of directors, voting along with the private fund manager, may appoint a director from the nominee list or may request and appoint a director from a new list of three nominees that were not included on the previous list.

(e) The persons appointed as replacement directors must include persons who have expertise in the area of the selection and supervision of early stage investment managers or in the fiduciary management of investment funds and other areas of expertise as considered appropriate.

(f) Directors are subject to any restrictions on conflicts

of interest specified in the organizational documents and may not have a financial interest in any venture capital investment in any portfolio company.

(g) Directors may be reimbursed for all reasonable, necessary, and actual expenses as determined and approved by the private fund manager pursuant to s. 112.061.

(h) The institute shall have all powers granted under its organizational documents and shall indemnify its directors and the private fund manager to the broadest extent permissible under the laws of this state.

(5) The board of directors shall oversee the private fund manager to ensure consistency with the Florida Capital Formation Act, to perform those duties as may be delegated to it in the bylaws of the institute, and to provide a copy of the institute's annual report to the Governor, the President of the Senate, and the Speaker of the House of Representatives~~, and the president of the university at which the institute is located~~.

(6) The ~~department, the president and the board of trustees of the university where the institute is located, the~~ Auditor General~~,~~ and the Office of Program Policy Analysis and Government Accountability may require and receive from the institute or its independent auditor any detail or supplemental data relative to the operation of the institute.

(7) To the extent funds for investment are available in the technology fund, the private fund manager, on behalf of the institute, may make an investment in a company or organization if all of the following requirements are met:

(a) Before providing assistance, the institute accepted ~~To be eligible for assistance,~~ the company or organization

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

attempting to commercialize its product based on the guidelines under s. 288.96255(4) ~~must be accepted by the institute before receiving the institute's assistance~~.

(b) The company or organization is based in this state ~~institute shall receive recommendations from any publicly supported organization that a company that is commercializing the research, technology, or patents from a qualifying publicly supported organization should be accepted into the institute~~.

~~(c) The institute shall thereafter review the business plans and technology information of each such recommended company. If accepted, the institute shall mentor the company, develop marketing information on the company, and use its resources to attract capital investment into the company, as well as bring other resources to the company which may foster its effective management, growth, capitalization, technology protection, or marketing or business success.~~

~~(8) The institute shall:~~

~~(a) Maintain a centralized location to showcase companies and their technologies and products;~~

~~(b) Develop an efficient process to inventory and publicize companies and products that have been accepted by the institute for commercialization;~~

~~(c) Routinely communicate with private investors and venture capital organizations regarding the investment opportunities in its showcased companies;~~

~~(d) Facilitate meetings between prospective investors and eligible organizations in the institute;~~

~~(e) Hire full-time staff who understand relevant technologies needed to market companies to the angel investors~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~and venture capital investment community; and~~

~~(f) Develop cooperative relationships with publicly supported organizations all of which work together to provide resources or special knowledge that is likely to be helpful to institute companies.~~

(8)~~(9)~~ Except as provided under s. 288.96255, the institute may not develop or accrue any ownership, royalty, patent, or other such rights over or interest in companies or products in the institute except in connection with financing provided directly to client companies and shall maintain the confidentiality of proprietary information.

~~(10) The institute may not charge for services provided to state universities and affiliated organizations, community colleges, or state agencies; however, the institute may deliver and charge for services to private companies and affiliated organizations if providing a service does not interfere with the core mission of the institute. The institute may not use its capital in support of private companies or affiliated organizations whose products were not developed by research and development activities of a publicly supported college, university, or research institute, or any other organization.~~

(9)~~(11)~~ By December 1 of each year, the institute shall issue an annual report concerning its activities to the Governor, the President of the Senate, and the Speaker of the House of Representatives. The annual report shall be considered a public record, as provided in paragraph (3)(b), subject to any appropriate exemptions under s. 288.9627. The annual report must ~~shall~~ include the following:

(a) Information on any assistance provided by the institute

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

to an innovation business, as defined in s. 288.1089~~; a publicly supported college, university, or research institute; or any other publicly supported organization in the state~~.

(b) A description of the benefits to this state resulting from the institute, including the number of businesses created, associated industries started, the number of jobs created, and the growth of related projects.

(c) Independently audited financial statements, including statements that show receipts and expenditures during the preceding fiscal year for personnel, management fees, administration, and operational costs of the institute.

(10) The private fund manager:

(a) Must be a for-profit limited liability company or a for-profit corporation formed, governed, and operated in accordance with chapter 605 or chapter 607, respectively.

(b) Shall conduct activities on behalf of the institute which are consistent with the purposes set forth in this section.

(c) Must have expertise and experience in the management and operation of early stage companies in this state.

(d) Must have experience with investment in early stage ventures in this state and have a working knowledge and understanding of the investment portfolio and the relevant industries of the portfolio companies in this state.

(e) Shall employ personnel and professionals who have knowledge of the investment portfolio and portfolio companies of the institute, as well as financial, technical, and business expertise to manage the technology fund activity.

(f) May not be a public corporation or instrumentality of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

the state.

(g) Is not a corporation primarily acting as an instrumentality of the state pursuant to s. 768.28(2), for the purposes of sovereign immunity.

(h) Is not an agency within the meaning of s. 20.03(11).

(i) Is not subject to chapter 287.

(j) May not be governed by the code of ethics for public officers and employees as set forth in part III of chapter 112.

(11) The purpose of the institute's use of a private fund manager is to alleviate the state's burden of the continued and future operational and management costs related to the technology fund and accelerator program, while allowing the institute, through the activities of the private fund manager, to continue to foster greater private-sector investment funding, to encourage seed-stage investments in startup and early stage companies, and to advise companies about how to restructure existing management, operations, product development, or service development to attract advantageous business opportunities.

(12) The private fund manager shall assume the management of the assets of the accelerator program and the technology fund investment portfolios associated with the institute.

(a) The private fund manager has the authority on behalf of the institute to:

1. Negotiate investment, sale, and liquidation terms with portfolio and nonportfolio companies;

2. Develop and execute contracts, or amendments thereto, with portfolio and nonportfolio companies;

3. Seek new qualified companies for the investment of funds from the technology fund;

4. Receive, on behalf of the institute, investment capital from the sale or liquidation of any portion of the investment portfolio, loan proceeds, or other investment returns, and remit such capital, proceeds, and returns to the technology fund pursuant to s. 288.96255, except as otherwise provided in this section and s. 288.96255; and

5. Perform additional duties set forth in s. 288.96255.

(b) The private fund manager shall be paid reasonable fees consistent with industry fund management practices and consisting of:

1. An operational management fee, including the reimbursement of expenses, paid from the proceeds of the repayment of loans from the accelerator program or other capital, proceeds, and returns available in the technology fund;

2. A portfolio fee paid from the proceeds of each sale or liquidation of assets or portions of the assets of the investment portfolio; and

3. A closing fee paid from the investment amount paid by the technology fund to a company at the closing of each investment.

(13) The private fund manager may undertake the following activities on behalf of the institute:

(a) Mentor, assist with the development of marketing information, and assist with attracting capital investment, as well as bring other resources to the company which may foster its effective management, growth, capitalization, technology protection, or marketing or business success;

(b) Communicate with private investors and venture capital organizations regarding investment opportunities in the

portfolio companies of the technology fund and accelerator program;

(c) Facilitate meetings between prospective investors and the companies; and

(d) Develop cooperative relationships with publicly supported organizations that work together to provide resources or special knowledge likely to be helpful to portfolio companies.

(14) By November 1 of each year, the private fund manager shall issue an annual report to the board of directors of the institute concerning the activities the private fund manager conducted which relate to existing accelerator program and technology fund investments in order for the board to be in compliance with its report obligations under subsection (9). The annual report provided by the private fund manager shall be considered a public record, as provided in paragraph (3)(b), subject to any appropriate exemptions under s. 288.9627. The annual report, at a minimum, must include:

(a) A description of the benefits to this state resulting from the assets of the accelerator program and technology fund, including the number of jobs created, the amount of capital the companies raised, and other benefits relating to increased research expenditures and company growth.

(b) Independently audited financial statements related to the receipt and calculation of the net profits of the investment portfolio.

Section 6. Subsection (1) and subsections (3) through (7) of section 288.96255, Florida Statutes, are amended to read:

288.96255 Florida Technology Seed Capital Fund; creation;

duties.—

(1) The Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~ shall create the Florida Technology Seed Capital Fund as a corporate subsidiary. The purpose of the technology fund is to foster greater private-sector investment funding, to encourage seed-stage investments in start-up companies, and to advise companies about how to restructure existing management, operation, or production to attract advantageous business opportunities. The net profits of the proceeds of each sale or liquidation of assets or portions of the assets of the investment portfolio must ~~a sale of the equity held by the fund shall~~ be returned to the technology fund for reinvestment after payment of the applicable costs, professional fees, expenses, fees pursuant to s. 288.9625(12)(b), and disbursement to private investors pursuant to paragraph (6)(e).

(3) The institute shall employ a private fund manager pursuant to s. 288.9625 ~~professionals who have both technical and business expertise~~ to manage the investment portfolio and technology fund activity. The private fund manager ~~institute shall establish an investor advisory board comprised of venture capital professionals and early-stage investors from this and other states who~~ shall advise the institute and guide the ~~fund~~ management of the technology fund and make funding recommendations, provided that capital for investment is available in the technology fund. The private fund manager shall receive reasonable fees consistent with industry practices for performing due diligence and an investment closing fee paid out of the technology fund at the closing of each investment in addition to reasonable attorney fees, other fees prescribed in

s. 288.9625(12)(b), and other costs in connection with making an investment. ~~Administrative costs paid out of the fund shall be determined by the investor advisory board.~~

(4) The private fund manager ~~institute~~ shall use a thorough and detailed process that is modeled after investment industry practices ~~the best practices of the investment industry~~ to evaluate a proposal. In order to approve a company for investment, the private fund manager, on behalf of the institute, must consider if:

(a) The company has a strong intellectual property position, a capable management team, readily identifiable paths to market or commercialization, significant job-growth potential, the ability to provide other sources of capital to leverage the state's investment, and the potential to attract additional funding;

(b) The private fund manager has had an opportunity to complete due diligence to its satisfaction ~~company has been identified by a publicly funded research institution~~;

(c) The ~~start-up~~ company is a target industry business as defined in s. 288.106(2); and

(d) ~~The company has been identified by~~ An approved private-sector lead investor who has demonstrated due diligence typical of start-up investments in evaluating the potential of the company has identified the company.~~; and~~

~~(c) The advisory board and fund manager have reviewed the company's proposal and recommended it.~~

(5) ~~(a) Seed~~ Funds from the technology fund may be invested if the institute approves a company and the initial seed-stage investment. ~~The initial seed-stage investment must be at least~~

~~$50,000, but no more than $300,000. The initial seed-stage investment requires a one-to-one, private-sector match of investment.~~

~~(b) Additional seed funds may be invested in a company if approved by the institute. The cumulative total of investment in a single company may not exceed $500,000. Any additional investment amount requires a two-to-one, private-sector match of investment.~~

(6) The institute or private fund manager may:

(a) Provide a company with value-added support services in the areas of business plan development and strategy, the preparation of investor presentations, and other critical areas identified by the private fund manager ~~institute~~ to increase its chances for long-term viability and success;

(b) Encourage appropriate investment funds to become preapproved to match investment funds;

(c) Market the attractiveness of the state as an early-stage investment location; ~~and~~

(d) Collaborate with state economic-development organizations, national associations of seed and angel funds, and other innovation-based associations to create an enhanced state entrepreneurial ecosystem; and~~.~~

(e) Transfer any portion of the assets of the investment portfolio, on behalf of the institute, into a private fund or special purpose vehicle, receive additional private investment in the private fund or special purpose vehicle, manage the private fund or special purpose vehicle, and distribute to the technology fund and the private investors the respective pro rata portion of any net profits from the sale or liquidation of

the assets of such private fund or special purpose vehicle.

~~(7) The institute shall annually evaluate the activities and results of the funding, taking into consideration that seed investment horizons span from 3 to 7 years.~~

Section 7. Section 288.9627, Florida Statutes, is amended to read:

288.9627 Exemptions from public records and public meetings requirements for the Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~.—

(1) DEFINITIONS.—As used in this section, the term:

(a) "Institute for ~~the~~ Commercialization of Florida Technology ~~Public Research~~" or "institute" means the institute established by s. 288.9625.

(b)1. "Proprietary confidential business information" means information that has been designated by the proprietor when provided to the institute as information that is owned or controlled by a proprietor; that is intended to be and is treated by the proprietor as private, the disclosure of which would harm the business operations of the proprietor and has not been intentionally disclosed by the proprietor unless pursuant to a private agreement that provides that the information will not be released to the public except as required by law or legal process, or pursuant to law or an order of a court or administrative body; and that concerns:

a. Trade secrets as defined in s. 688.002.

b. Financial statements and internal or external auditor reports of a proprietor corporation, partnership, or person requesting confidentiality under this statute, unless publicly released by the proprietor.

c. Meeting materials related to financial, operating, investment, or marketing information of the proprietor corporation, partnership, or person.

d. Information concerning private investors in the proprietor corporation, partnership, or person.

2. "Proprietary confidential business information" does not include:

a. The identity and primary address of the proprietor's principals.

b. The dollar amount and date of the financial commitment or contribution made by the institute.

c. The dollar amount, on a fiscal-year-end basis, of cash repayments or other fungible distributions received by the institute from each proprietor.

d. The dollar amount, if any, of the total management fees and costs paid on an annual fiscal-year-end basis by the institute.

(c) "Proprietor" means a corporation, partnership, or person that has applied for or received assistance, financial or otherwise, from the institute and that controls or owns the proprietary confidential business information.

(2) PUBLIC RECORDS EXEMPTION.—

(a) The following records held by the institute are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

1. Materials that relate to methods of manufacture or production, potential trade secrets, or patentable material received, generated, ascertained, or discovered during the course of research or through research projects conducted by

universities and other publicly supported organizations in this state and that are provided to the institute by a proprietor.

2. Information that would identify an investor or potential investor who desires to remain anonymous in projects reviewed by the institute for assistance.

3. Any information received from a person from another state or nation or the Federal Government which is otherwise confidential or exempt pursuant to the laws of that state or nation or pursuant to federal law.

4. Proprietary confidential business information for 7 years after the termination of the institute's financial commitment to the company.

(b) At the time any record made confidential and exempt by this subsection, or portion thereof, is legally available or subject to public disclosure for any other reason, that record, or portion thereof, shall no longer be confidential and exempt and shall be made available for inspection and copying.

(3) PUBLIC MEETINGS EXEMPTION.—

(a) That portion of a meeting of the institute's board of directors at which information is discussed which is confidential and exempt under subsection (2) is exempt from s. 286.011 and s. 24(b), Art. I of the State Constitution.

(b) Any exempt portion of a meeting shall be recorded and transcribed. The board of directors shall record the times of commencement and termination of the meeting, all discussion and proceedings, the names of all persons present at any time, and the names of all persons speaking. An exempt portion of any meeting may not be off the record.

(c) A transcript and minutes of exempt portions of meetings

are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution.

(4) REQUEST TO INSPECT OR COPY A RECORD.—

(a) Records made confidential and exempt by this section may be released, upon written request, to a governmental entity in the performance of its official duties and responsibilities.

(b) Notwithstanding the provisions of paragraph (2)(a), a request to inspect or copy a public record that contains proprietary confidential business information shall be granted if the proprietor of the information fails, within a reasonable period of time after the request is received by the institute, to verify the following to the institute through a written declaration in the manner provided by s. 92.525:

1. That the requested record contains proprietary confidential business information and the specific location of such information within the record;

2. If the proprietary confidential business information is a trade secret, a verification that it is a trade secret as defined in s. 688.002;

3. That the proprietary confidential business information is intended to be and is treated by the proprietor as private, is the subject of efforts of the proprietor to maintain its privacy, and is not readily ascertainable or publicly available from any other source; and

4. That the disclosure of the proprietary confidential business information to the public would harm the business operations of the proprietor.

(c)1. Any person may petition a court of competent jurisdiction for an order for the public release of those

portions of any record made confidential and exempt by subsection (2).

2. Any action under this subsection must be brought in Palm Beach County or Alachua County, and the petition or other initial pleading shall be served on the institute and, if determinable upon diligent inquiry, on the proprietor of the information sought to be released.

3. In any order for the public release of a record under this subsection, the court shall make a finding that:

a. The record or portion thereof is not a trade secret as defined in s. 688.002;

b. A compelling public interest is served by the release of the record or portions thereof which exceed the public necessity for maintaining the confidentiality of such record; and

c. The release of the record will not cause damage to or adversely affect the interests of the proprietor of the released information, other private persons or business entities, or the institute.

(5) PENALTIES.—Any person who willfully and knowingly violates this section commits a misdemeanor of the first degree, punishable as provided in s. 775.082 or s. 775.083.

Section 8. This act shall take effect July 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1396 (535720)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Criminal and Civil Justice); Judiciary Committee and Senators Steube and Brandes
SUBJECT:	Judgeships
DATE:	March 1, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Cibula	Cibula	JU	**Fav/CS**
2.	Harkness	Sadberry	ACJ	**Recommend: Fav/CS**
3.	Harkness	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1396 increases the number of trial court judgeships authorized by statute by two circuit court judgeships and five county court judgeships. The bill also permits Supreme Court justices permanently residing outside of Leon County to be paid subsistence and travel expenses when conducting business at the headquarters of the Supreme Court in Tallahassee. In addition, the bill increases the jurisdiction of county court to include actions at law with an amount in which the matter in controversy does not exceed $50,000, rather than the current limit of $15,000.

The bill's provisions increasing trial court judgeships and reimbursing justices' subsistence and travel expenses will increase state expenditures by $2.5 million in Fiscal Year 2018-2019. *See* Section V. Fiscal Impact Statement.

The bill is effective July 1, 2018.

II. Present Situation:

Headquarters of the Supreme Court

Article II, section 2 of the Florida Constitution designates Tallahassee as the seat of state government "where the *offices* of the governor, lieutenant governor, cabinet members and *the*

supreme court shall be maintained and the sessions of the legislature shall be held[.]"[1] Article V, section 3 of the Florida Constitution provides that the Supreme Court will consist of seven justices, and that each of the five appellate districts "shall have at least one justice elected or appointed from the district at the time of the original appointment or election." The chambers of all seven justices are on the fourth floor of the Florida Supreme Court building,[2] and all official Supreme Court business is conducted in Tallahassee.[3] The justices are not required to move from their residences in the appellate districts to Tallahassee.

Headquarters for Purposes of Travel Reimbursement

Section 112.061, F.S., concerns the reimbursement of travel expenses to public employees and officers. To that end, s. 112.061(4), F.S., provides that while "[t]he official headquarters of an officer or employee assigned to an office shall be the city or town in which the office is located," there are some exceptions:

(a) The official headquarters of a person located in the field shall be the city or town nearest to the area where the majority of the person's work is performed, or such other city, town, or area as may be designated by the agency head provided that in all cases such designation must be in the best interests of the agency and not for the convenience of the person.

(b) When any state employee is stationed in any city or town for a period of over 30 continuous workdays, such city or town shall be deemed to be the employee's official headquarters, and he or she shall not be allowed per diem or subsistence, as provided in this section, after the said period of 30 continuous workdays has elapsed, unless this period of time is extended by the express approval of the agency head or his or her designee.

(c) A traveler may leave his or her assigned post to return home overnight, over a weekend, or during a holiday, but any time lost from regular duties shall be taken as annual leave and authorized in the usual manner. The traveler shall not be reimbursed for travel expenses in excess of the established rate for per diem allowable had he or she remained at his or her assigned post. However, when a traveler has been temporarily assigned away from his or her official headquarters for an approved period extending beyond 30 days,

[3] "[T]he Florida Supreme Court, comprised of its Justices, has only one "office" — the Supreme Court Building, located in the Northern District." *Castro v. Labarga*, 16-22297-CIV, 2016 WL 6565946, at *5 (S.D. Fla. Nov. 3, 2016) (citing FLA. CONST. art. II, s. 2). "In my view, the mere fact that a Florida Supreme Court justice may periodically travel outside of the Northern District of Florida to attend bar functions or educational seminars and obtains travel reimbursements does not translate the trip into an 'official duty' trip sufficient to generate venue in the other districts." *Id.* "If the Florida Supreme Court maintained major offices, courtrooms or staff in other districts, then the result about venue and venue discovery might be different. But those significant facts, which Castro relies on when citing other cases, are absent here." *Id.* (holding the proper venue of a disgruntled bar candidate suing the Florida Supreme Court is the northern district of Florida). *See also Uberoi v. Labarga*, 8:16-CV-1821-T-33JSS, 2016 WL 5914922, at *2 (M.D. Fla. Oct. 11, 2016) (transferring another disgruntled bar candidate's case to the Northern District based a motion to dismiss filed by Justice Labarga noting that official acts by the Florida Supreme Court concerning the candidate's admission to the bar are done in Tallahassee; citing FLA. CONST. art. II, s. 2, noting that Tallahassee "is where the offices of the Florida Supreme Court shall be maintained.").

> he or she shall be entitled to reimbursement for travel expenses at the established rate of one round trip for each 30-day period actually taken to his or her home in addition to pay and allowances otherwise provided.[4]

Additionally, s. 112.061(1)(b)1., F.S., provides that

> To preserve the standardization established by this law . . . [t]he provisions of this section shall prevail over any conflicting provisions in a general law, present or future, to the extent of the conflict; but if any such general law contains a specific exemption from this section, including a specific reference to this section, such general law shall prevail, but only to the extent of the exemption.

Section 112.061, F.S. applies to the court system. In particular, a district court of appeal—the headquarters of which is defined by the Legislature, not the Constitution[5]—is authorized by the current version of s. 35.05(2), F.S. to "designate other locations within its district as branch headquarters for the conduct of the business of the court and as the official headquarters of its officers or employees pursuant to s. 112.061."[6] However, a prior version of s. 35.05, F.S. contained no such authorization and designated one city as the headquarters for each district court of appeal.[7]

On the other hand, prior versions of s. 112.061(4), in particular the 1973 version, is substantially similar if not identical to the current version of the statute.[8] The reason this matters is that the 1973 version of s. 112.061(4) was interpreted by the Attorney General's office to mean that a district court of appeal judge could *not* designate the city of his or her residence as his or her official headquarters for purposes of travel expenses.[9] As explained by the AG opinion:

> Section 112.061, F.S., has been uniformly interpreted by this office as authorizing reimbursement for travel expense only from the official headquarters of the public officer or employee; and, as defined in subsection 112.061(4), the official headquarters "of an officer or employee assigned to an office shall be the city or town in which the office is located . . . ." (The provisions of paragraphs (4)(a), (b), and (c), relating to public officers or employees "located in the field" or "stationed" in another city or town, are not applicable her for obvious reasons.) The official headquarters of each district court of appeal is designated by statute, s. 35.05, F.S., and that is where the majority of the work of the court is performed.[10]

Notably, the AG Opinion relied on the fact that s. 35.05, F.S., designated the official headquarters of each district court of appeal in specific cities. However, as already noted, s. 35.05, F.S., has since been amended and now permits a district court of appeal to "designate

[10] *Id.*

other locations within its district as branch headquarters for the conduct of the business of the court and as the official headquarters of its officers or employees pursuant to s. 112.061."[11]

Currently, it appears that only the Second District Court of Appeal has designated a second branch office, in Tampa on the Stetson University campus.[12] However, the Second District's clerk's office is at the official headquarters in Lakeland.[13]

Neither justices of the Supreme Court nor judges for the district courts of appeal residing outside the city where their respective courts are headquartered receive travel and subsistence reimbursement.

Certification of Need for Additional Judges

Article V, s. 9 of the Florida Constitution requires the Florida Supreme Court to submit recommendations to the Legislature when there is a need to increase or decrease the number of judges.[14] The constitutional provision further directs the Court to base its recommendations on uniform criteria adopted by court rule.

The Court's rule setting forth criteria for assessing judicial need at the trial court level is based primarily upon the application of case weights to circuit and county court caseload statistics.[15] These weights are a quantified measure of judicial time spent on case-related activity. The judicial workload is then based on judicial caseloads adjusted in the relative complexity of various case types.

In addition to the statistical information, the Court, in weighing the need for trial court judges, will also consider the factors below which primarily relate to the resources available to a judicial circuit:

(i) The availability and use of county court judges in circuit court.

---

[11] Section 35.05(2), F.S.

[12] Florida Second District Court of Appeal, http://www.2dca.org/Directions/tampa.shtml (last visited Feb. 15, 2018).

[13] *Id.*

[14] FLA. CONST. art. V, s. 9. states:

> **Determination of number of judges.**—The supreme court shall establish by rule uniform criteria for the determination of the need for additional judges except supreme court justices, the necessity for decreasing the number of judges and for increasing, decreasing or redefining appellate districts and judicial circuits. If the supreme court finds that a need exists for increasing or decreasing the number of judges or increasing, decreasing or redefining appellate districts and judicial circuits, it shall, prior to the next regular session of the legislature, certify to the legislature its findings and recommendations concerning such need. Upon receipt of such certificate, the legislature, at the next regular session, shall consider the findings and recommendations and may reject the recommendations or by law implement the recommendations in whole or in part; provided the legislature may create more judicial offices than are recommended by the supreme court or may decrease the number of judicial offices by a greater number than recommended by the court only upon a finding of two-thirds of the membership of both houses of the legislature, that such a need exists. A decrease in the number of judges shall be effective only after the expiration of a term. If the supreme court fails to make findings as provided above when need exists, the legislature may by concurrent resolution request the court to certify its findings and recommendations and upon the failure of the court to certify its findings for nine consecutive months, the legislature may, upon a finding of two-thirds of the membership of both houses of the legislature that a need exists, increase or decrease the number of judges or increase, decrease or redefine appellate districts and judicial circuits.

[15] Fla. R. Jud. Adm. 2.240(b)(1)(A).

(ii) The availability and use of senior judges to serve on a particular court.
(iii) The availability and use of magistrates and hearing officers.
(iv) The extent of use of alternative dispute resolution.
(v) The number of jury trials.
(vi) Foreign language interpretations.
(vii) The geographic size of a circuit, including travel times between courthouses in a particular jurisdiction.
(viii) Law enforcement activities in the court's jurisdiction, including any substantial commitment of additional resources for state attorneys, public defenders, and local law enforcement.
(ix) The availability and use of case-related support staff and case management policies and practices.
(x) Caseload trends.[16]

In addition to the weighted caseload statistics, the Court will also consider the time to perform other judicial activities, such as reviewing appellate decisions, reviewing petitions and motions for post-conviction relief, hearing and disposing motions, and participating in meetings with those involved in the justice system.[17] Finally, the Court will consider any request for an increase or decrease in the number of judges that the chief judge of the circuit "feels are required."[18]

Certification of Need for Additional Judges for FY 2018-2019

Following its criteria for determining the need for judges, the Florida Supreme Court recently issued an order certifying the need for additional judges for the 2018-2019 fiscal year.[19] In the order, the Court requested two additional judgeships for the Ninth Judicial Circuit, which encompasses Orange and Osceola Counties, and two additional county court judgeships in Hillsborough County.[20] The Court also decertified the need for 13 county court judgeships as follows: one from Escambia County, two from Pasco County, one from Putnam County, one from Alachua County, one from Polk County, one from Monroe County, three from Brevard County, one from Charlotte County, and one from Collier County.[21]

Judicial Nominating Commissions

Unless otherwise provided by law, the Governor fills a newly created judgeship by appointing a judge from among three to six persons nominated by a judicial nominating commission.[22] Once a vacancy occurs, a judicial nominating commission must submit its nominations to the Governor within 30 days, but the Governor may grant an extension to the commission of up to 30 days.[23]

[16] Fla. R. Jud. Admin. 2.240(b)(1)(B).
[17] Fla. R. Jud. Admin. 2.240(c).
[18] Fla. R. Jud. Admin. 2.240(d).

[20] *Id.* at *3.
[21] *Id.* at *4.
[22] FLA. CONST. art. V, s. 11; *Hoy v. Firestone*, 453 So. 2d 814 (Fla. 1984) (recognizing that the Legislature may provide for newly created judgeships to be filled by election or appointment).
[23] Fla. Const. art. V, s. 11(c). The judicial vacancies created by the bill do not occur until its effective date of July 1, 2018. However, "nothing in the Florida Constitution prevents the relevant judicial nominating commission ("JNC") from beginning

Within 60 days after receiving the nominations, the Governor must make an appointment to fill the vacancy.[24]

The appointee's term will end "on the first Tuesday after the first Monday in January of the year following the next primary and general election occurring at least one year after the date of appointment." Thus, the initial term of a judgeship created during the 2018 Session will end on January 12, 2021. At the end of the appointed term, the judicial offices will be filled by election.[25]

Legislative Powers Concerning Court Jurisdiction

The Constitution confers some authority over the jurisdiction of the courts to the Legislature. Although the territorial and subject matter jurisdiction of the Florida Supreme Court is primarily defined by the Constitution, the Legislature has constitutional authority to provide for the territorial jurisdiction and the subject matter jurisdiction of the courts.[26] For example, the Legislature is granted broad authority to define the jurisdiction[27] of the county courts: "The county courts shall exercise the jurisdiction *prescribed by general law*. Such jurisdiction shall be uniform throughout the state."[28]

Because the jurisdiction of the circuit court is limited by the jurisdiction of the county courts under the Constitution, the Legislature's authority to define the jurisdiction of the circuit courts is also fairly broad:

> The circuit courts shall have original jurisdiction not vested in the county courts, and jurisdiction of appeals *when provided by general law*. They shall have the power to issue writs of mandamus, quo warranto, certiorari, prohibition and habeas corpus, and all writs necessary or proper to the complete exercise of their jurisdiction. Jurisdiction of the circuit court shall be uniform throughout the state. They shall have the power of direct review of administrative action *prescribed by general law*.[29]

---

the process of nominating … before the vacancy actually occurs." *Advisory Opinion to the Governor re Judicial Vacancy Due to Mandatory Retirement*, 940 So. 2d 1090, 1095 (Fla. 2006) (Cantero, J., concurring).

[24] *Id.*

[25] FLA. CONST. art V, s. 11(b).

[26] "Jurisdiction" is defined as "[a] government's general power to exercise authority over all persons and things within its territory; esp., a state's power to create interests that will be recognized under common-law principles as valid in other states <New Jersey's jurisdiction>." BLACK'S LAW DICTIONARY (10th ed. 2014). For courts, jurisdiction is defined as "[a] court's power to decide a case or issue a decree <the constitutional grant of federal-question jurisdiction>." *Id.* Additionally, jurisdiction is defined geographically: "A geographic area within which political or judicial authority may be exercised <the accused fled to another jurisdiction>." *Id.*

[27] *See Alexdex Corp. v. Nachon Enterprises, Inc.*, 641 So. 2d 858, 861 (Fla. 1994) ("The jurisdiction of the courts of the state is broadly defined by our State Constitution; however, the legislature may further define a court's jurisdiction so long as the jurisdiction, as redefined, is not in conflict with the Constitution. . . . Absent a constitutional prohibition or restriction, the legislature is free to vest courts with exclusive, concurrent, original, appellate, or final jurisdiction.") (citing *State v. Sullivan*, 95 Fla. 191, 116 So. 255 (1928)).

[28] FLA. CONST. art. V, s. 6(b) (emphasis added). Additionally, the Legislature establishes the number of judges to serve in each county. *Id.* at s. 6(a).

[29] FLA. CONST. art. V, s. 5(b) (emphasis added).

County Court Jurisdiction

As provided by the Legislature in s. 34.01, F.S., the county court is a trial court that has jurisdiction over the following subject matters within its jurisdictional (monetary) amount of $15,000:

- All criminal misdemeanor cases not cognizable by the circuit courts;
- All violations of municipal and county ordinances;
- All actions at law involving damages up to $15,000, not including interest, costs, and attorney's fees, unless the cause of action is within the exclusive jurisdiction of the circuit courts;
- Concurrent jurisdiction with the circuit courts over disputes between homeowners' associations and parcel owners;
- Concurrent jurisdiction with circuit courts to hear uncontested dissolution of marriage petitions under the simplified dissolution procedures;
- Any subject matter jurisdiction previously exercised by the county courts prior to the adoption of the 1968 Constitution, including that of the small claims courts; and
- Any matter in equity (such as an eviction)[30] that is within the jurisdictional amount of the county court, $15,000.

The Legislature has increased the jurisdictional amount of county court three times since 1980. Before July 1, 1980, the amount was $2,500; on July 1, 1980, it changed to $5,000; on July 1, 1990, to $10,000; and on July 1, 1992, to $15,000. According to the Consumer Price Index, $15,000 in July 1992 had the same buying power as $26,319 in December 2017.

The National Center for State Courts reports that jurisdictional amounts for courts comparable to Florida's county courts range from $5,000 to $200,000.[31] Florida is one of four states with a limit of $15,000. Four states have a jurisdictional limit of $25,000; 22 states use $30,000 or less; one uses $40,000; and five use more than $40,000, with four of those greater than $50,000.[32]

Circuit Court Jurisdiction

Because the circuit courts have exclusive jurisdiction over "all actions at law not cognizable by the county courts," the circuit court's current jurisdictional amount is $15,000 or above for cases demanding money judgments.[33]

Additionally, with two exceptions, the circuit court has appellate jurisdiction over county court cases. Under the two exceptions, the district court of appeal has appellate jurisdiction over a county court case when a county court either declares a statue or constitutional provision invalid

[30] Section 34.011, F.S. (providing that county and circuit courts generally have concurrent jurisdiction over landlord tenant cases, although county court will have exclusive jurisdiction over proceedings relating to the right of possession so long as matter is under $15,000.).
[31] National Center for State Courts, *Civil Jurisdiction Thresholds*, available at http://www.ncsc.org/~/media/files/pdf/topics/civil%20procedure/civil%20jurisdiction%20thresholds%20history.ashx (last visited Feb. 9, 2018).
[32] Not all states provided data to the National Center for State Courts and some states have a single-tier trial court or threshold ranges.
[33] Section 26.012(2)(a), F.S.

or certifies a question of great public importance.[34] Additionally, if the law applied by the circuit court sitting in its appellate capacity is in question, a party may seek review by the appropriate district court of appeal by filing a petition of writ of certiorari.[35]

Notably, foreclosure cases, which are cases in equity, are not one of the subject areas statutorily defined as being within the exclusive jurisdiction of the circuit court.[36] Rather, the Florida Supreme Court in *Alexdex Corp. v. Nachon Enterprises, Inc.*, concluded in resolving a conflict between the statutes setting forth the county court's and the circuit court's equity jurisdiction in foreclosure cases, "the legislature intended to provide concurrent equity jurisdiction in circuit and county courts, except that equity cases filed in county courts must fall within the county court's monetary jurisdiction, as set by statute."[37]

III. Effect of Proposed Changes:

Section 1 creates s. 25.025, F.S., to permit a Supreme Court justice permanently residing outside of Leon County to be paid subsistence and travel expenses, at a rate established by the Chief Justice, when conducting business at the headquarters of the Supreme Court in Tallahassee. A justice who resides outside of Leon County is authorized to designate an official headquarters in the District Court of Appeal district in which he or she resides, located in a district court of appeal courthouse, county courthouse or other appropriate facility. A justice will be paid travel expenses when travelling between his or her official headquarters and Tallahassee on official business and reimbursed subsistence for each day or partial day he or she is in Tallahassee. The Supreme Court may not use state funds to lease space in a facility to establish an official headquarters for a justice.

Section 2 amends s. 26.031, Florida Statutes, to add two circuit court judgeships to the Ninth Judicial Circuit Court, which includes Orange and Osceola Counties. The newly created judgeships will be filled by the Governor from among nominees by the Ninth Circuit Judicial Nominating Commission.

Section 3 amends s. 34.01, Florida Statutes, to expand the jurisdiction of county court to include actions at law with an amount in which the matter in controversy does not exceed $50,000, rather than the current limit of $15,000. The new limit applies to actions filed on or after January 1, 2020. The bill requires that the Legislature adjust the limit every 5 years to reflect the rate of inflation or deflation as indicated in the Consumer Price Index.

The bill also provides that parties shall pay the filing fees in the same amounts and in the same manner as current law. In other words, if the amount in controversy exceeds $15,000 but is less than the new limit of $50,000, the party would pay the filing fees associated with circuit court

[34] Section 26.012(1), F.S.
[35] FLA. CONST. art. V, s. 4(b)(3) (authorizing district courts of appeal to issue writs of certiorari among others). Philip J. Padovano, *Appellate Practice*, 2 Fla. Prac.,§ 30:5 (2017 ed.) ("A party may file a petition for writ of certiorari to review . . . an appellate decision of a lower court[.]"). On petition for writ of certiorari, the district court reviews for whether the circuit court departed from the essential requirements of the law; or, put another way, whether the circuit court "(1) afforded the parties due process of law[,] and (2) applied the correct law." *Id.*
[36] Section 26.012(2), F.S.
[37] 641 So. 2d 858, 862 (Fla. 1994).

even though the case would now reside in county court. This provision ensures that there will be no change to state revenues resulting from the bill.

Section 4 amends s. 34.002, Florida Statutes, to add five new county judgeships – two in Hillsborough County, and one each in Citrus, Columbia and Flagler counties. The newly created judgeships will be filled by the Governor from among nominees by the appropriate judicial nominating commissions.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. Other Constitutional Issues:

Addition of Judges Not Certified by the Florida Supreme Court- In order to create the three additional county court judgeships in Citrus, Columbia, and Flagler Counties, article V, section 9 of the Florida Constitution requires that these additions be approved by a two-thirds vote of each house.

Headquarters of the Florida Supreme Court Justices- It is unclear whether the Legislature has the authority to authorize the Chief Justice of the Florida Supreme Court to establish "headquarters" under s. 112.061, F.S., for any justice outside of Tallahassee, even if it is within the justice's district.

Article II, section 2 of the Florida Constitution designates Tallahassee as the seat of state government "where the *offices* of the governor, lieutenant governor, cabinet members and *the supreme court shall be maintained* and the sessions of the legislature shall be held[.]"[38] Under the rule of construction, "expressio unius est exclusio alterius" (the expression of one thing is the exclusion of the other), it appears by excluding the word "offices" for the legislature and only requiring that session be held in Tallahassee, the drafters of article II, section 2 understood that legislators must have offices within their districts around the state. However, the word "offices" is specifically used in reference to the governor, lieutenant governor, cabinet members, and the Florida Supreme Court in

[38] FLA. CONST. art. II, s. 2 (emphasis added).

article II, section 2, and specifically requires that those offices be located at the seat of government in Tallahassee.

While permitting a justice to work remotely or establish a private chamber in another courthouse in the state does not appear to be problematic, it appears that another "headquarters" outside of Tallahassee may not be constitutionally permissible.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

In the jurisdictions where the bill creates new judgeships, litigants may have their cases resolved more quickly.

C. Government Sector Impact:

State Government

Supreme Court Travel Expenses (Section 1)

According to the Office of the State Court Administrator, the travel and subsistence provisions have an annual fiscal impact of $209,930 in recurring general revenue funds. Supreme Court travel costs are based on official state mileage, assuming 40 round trips yearly per justice between Tallahassee and the DCA headquarters in the justice's home appellate district. Subsistence costs assume 77 meeting days at $131 per day and 80 travel days at $98.25 per day, or $17,947 per justice.[39]

New Circuit Court Judgeships (Section 2)

When circuit court judgeships are created, other costs must be incurred in addition to the salary and benefits for each new judge. The largest of these costs are for the salary and benefits of a judicial assistant and a law clerk for each judge. According to the Office of the State Courts Administrator, the total costs to fund the addition of the two circuit court judgeships created by the bill are $815,862 from the General Revenue Fund, of which $14,394 are non-recurring costs.[40]

New County Court Judgeships (Section 4)

When county court judgeships are created, the state must incur other costs in addition to the salary and benefits of each new judge. The largest of these costs are for the salary and benefits for a judicial assistant for each judge. Based on figures from the Office of the

[39] Office of the State Court Administrator, *Supreme Court Headquarter Travel Analysis* (on file with the Senate Appropriations Subcommittee on Criminal and Civil Justice).
[40] Office of the State Courts Administrator, *Judicial Impact Statement* (Nov. 22, 2017) (on file with the Senate Committee on Judiciary).

State Courts Administrator, the total costs to fund the addition of the five county court judgeships created by the bill are $1,556,890 from the General Revenue Fund, of which $23,990 are non-recurring costs.

Local Government

Under article V section 14(c) of the Florida Constitution and s. 29.008, F.S., counties are required to provide the court system, including the state attorney and the public defender, with facilities, security, and communication services, including information technology. Under the bill, the counties will incur an indeterminate amount of costs associated with providing those services to the new judges and judicial staff. The clerks of the court will also be required to provide additional services to the new judges.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 25.025, Florida Statutes, and substantially amends the following sections of the Florida Statutes: 26.031, 34.01, and 34.022.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on Criminal and Civil Justice on February 14, 2018:
The committee substitute:

- Permits Supreme Court justices permanently residing outside of Leon County to be paid subsistence and travel expenses;
- Increases the jurisdiction of county court to include actions at law with an amount in which the matter in controversy does not exceed $50,000, rather than the current limit of $15,000; and,
- Increases the number of county judgeships in the bill from two judgeships to five judgeships.

CS by Judiciary on January 25, 2018:
The committee substitute no longer includes a provision that would have reduced the number of county court judges in Monroe County.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Senate Amendment (with title amendment)

Delete line 149
and insert:
Section 5. Effective upon this act becoming a law, subsection (3) of section 105.031, Florida Statutes, is amended to read:
105.031 Qualification; filing fee; candidate’s oath; items required to be filed.—
(3) QUALIFYING FEE.—

830072

(a) Each candidate qualifying for election to a judicial office or the office of school board member, except write-in judicial or school board candidates, shall, during the time for qualifying, pay to the officer with whom he or she qualifies a qualifying fee, which shall consist of a filing fee and an election assessment, or qualify by the petition process. The amount of the filing fee is 3 percent of the annual salary of the office sought. The amount of the election assessment is 1 percent of the annual salary of the office sought. Except as provided in paragraph (b), the Department of State shall transfer all filing fees to the Department of Legal Affairs for deposit in the Elections Commission Trust Fund and~~.~~ the supervisor of elections shall forward all filing fees to the Elections Commission Trust Fund. The election assessment shall be deposited into the Elections Commission Trust Fund. The annual salary of the office for purposes of computing the qualifying fee shall be computed by multiplying 12 times the monthly salary authorized for such office as of July 1 immediately preceding the first day of qualifying. This paragraph ~~subsection~~ does not apply to candidates qualifying for retention to judicial office.

(b) Not later than 20 days after the close of qualifying, the Department of State or the supervisor of elections, as appropriate, shall refund the full amount of the qualifying fee to a candidate for the office of circuit court judge or county court judge who is unopposed at the time the qualifying period closes.

Section 6. Except as otherwise expressly provided in this act and except for this section, which shall take effect upon

830072

becoming a law, this act shall take effect July 1, 2018.

The Committee on Appropriations (Steube) recommended the following:

Senate Amendment (with title amendment)

Between lines 80 and 81
insert:

Section 1. Subsection (1) of section 29.008, Florida Statutes, is amended to read:

29.008 County funding of court-related functions.—

(1) Counties are required by s. 14, Art. V of the State Constitution to fund the cost of communications services, existing radio systems, existing multiagency criminal justice

information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the circuit and county courts, public defenders' offices, state attorneys' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions. For purposes of this section, the term "circuit and county courts" includes the offices and staffing of the guardian ad litem programs, and the term "public defenders' offices" includes the offices of criminal conflict and civil regional counsel. The county designated under s. 35.05(1) as the headquarters for each appellate district shall fund these costs for the appellate division of the public defender's office in that county. For purposes of implementing these requirements, the term:

(a) "Facility" means reasonable and necessary buildings and office space and appurtenant equipment and furnishings, structures, real estate, easements, and related interests in real estate, including, but not limited to, those for the purpose of housing legal materials for use by the general public and personnel, equipment, or functions of the circuit or county courts, public defenders' offices, state attorneys' offices, and court-related functions of the office of the clerks of the circuit and county courts and all storage. The term "facility" includes all wiring necessary for court reporting services. The term also includes access to parking for such facilities in connection with such court-related functions that may be available free or from a private provider or a local government for a fee. The office space provided by a county may not be less than the standards for space allotment adopted by the Department

of Management Services, except this requirement applies only to facilities that are leased, or on which construction commences, after June 30, 2003. County funding must include physical modifications and improvements to all facilities as are required for compliance with the Americans with Disabilities Act. Upon mutual agreement of a county and the affected entity in this paragraph, the office space provided by the county may vary from the standards for space allotment adopted by the Department of Management Services.

1. As of July 1, 2005, equipment and furnishings shall be limited to that appropriate and customary for courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil regional counsel. Court reporting equipment in these areas or facilities is not a responsibility of the county.

2. Equipment and furnishings under this paragraph in existence and owned by counties on July 1, 2005, except for that in the possession of the clerks, for areas other than courtrooms, hearing rooms, jury facilities, and other public areas in courthouses and any other facility occupied by the courts, state attorneys, and public defenders, shall be transferred to the state at no charge. This provision does not apply to any communications services as defined in paragraph (f).

(b) "Construction or lease" includes, but is not limited to, all reasonable and necessary costs of the acquisition or lease of facilities for all judicial officers, staff, jurors,

volunteers of a tenant agency, and the public for the circuit and county courts, the public defenders' offices, state attorneys' offices, and for performing the court-related functions of the offices of the clerks of the circuit and county courts. This includes expenses related to financing such facilities and the existing and future cost and bonded indebtedness associated with placing the facilities in use.

(c) "Maintenance" includes, but is not limited to, all reasonable and necessary costs of custodial and groundskeeping services and renovation and reconstruction as needed to accommodate functions for the circuit and county courts, the public defenders' offices, and state attorneys' offices and for performing the court-related functions of the offices of the clerks of the circuit and county court and for maintaining the facilities in a condition appropriate and safe for the use intended.

(d) "Utilities" means all electricity services for light, heat, and power; natural or manufactured gas services for light, heat, and power; water and wastewater services and systems, stormwater or runoff services and systems, sewer services and systems, all costs or fees associated with these services and systems, and any costs or fees associated with the mitigation of environmental impacts directly related to the facility.

(e) "Security" includes but is not limited to, all reasonable and necessary costs of services of law enforcement officers or licensed security guards and all electronic, cellular, or digital monitoring and screening devices necessary to ensure the safety and security of all persons visiting or working in a facility; to provide for security of the facility,

225404

including protection of property owned by the county or the state; and for security of prisoners brought to any facility. This includes bailiffs while providing courtroom and other security for each judge and other quasi-judicial officers.

(f) "Communications services" are defined as any reasonable and necessary transmission, emission, and reception of signs, signals, writings, images, and sounds of intelligence of any nature by wire, radio, optical, audio equipment, or other electromagnetic systems and includes all facilities and equipment owned, leased, or used by judges, clerks, public defenders, state attorneys, guardians ad litem, criminal conflict and civil regional counsel, and all staff of the state courts system, state attorneys' offices, public defenders' offices, and clerks of the circuit and county courts performing court-related functions. Such system or services shall include, but not be limited to:

1. Telephone system infrastructure, including computer lines, telephone switching equipment, and maintenance, and facsimile equipment, wireless communications, cellular telephones, pagers, and video teleconferencing equipment and line charges. Each county shall continue to provide access to a local carrier for local and long distance service and shall pay toll charges for local and long distance service.

2. All computer networks, systems and equipment, including computer hardware and software, modems, printers, wiring, network connections, maintenance, support staff or services including any county-funded support staff located in the offices of the circuit court, county courts, state attorneys, public defenders, guardians ad litem, and criminal conflict and civil

regional counsel; training, supplies, and line charges necessary for an integrated computer system to support the operations and management of the state courts system, the offices of the public defenders, the offices of the state attorneys, the guardian ad litem offices, the offices of criminal conflict and civil regional counsel, and the offices of the clerks of the circuit and county courts; and the capability to connect those entities and reporting data to the state as required for the transmission of revenue, performance accountability, case management, data collection, budgeting, and auditing purposes. The integrated computer system shall be operational by July 1, 2006, and, at a minimum, permit the exchange of financial, performance accountability, case management, case disposition, and other data across multiple state and county information systems involving multiple users at both the state level and within each judicial circuit and be able to electronically exchange judicial case background data, sentencing scoresheets, and video evidence information stored in integrated case management systems over secure networks. Once the integrated system becomes operational, counties may reject requests to purchase communications services included in this subparagraph not in compliance with standards, protocols, or processes adopted by the board established pursuant to former s. 29.0086.

3. Courier messenger and subpoena services.

4. Auxiliary aids and services for qualified individuals with a disability which are necessary to ensure access to the courts. Such auxiliary aids and services include, but are not limited to, sign language interpretation services required under the federal Americans with Disabilities Act other than services

225404

required to satisfy due-process requirements and identified as a state funding responsibility pursuant to ss. 29.004, 29.005, 29.006, and 29.007, real-time transcription services for individuals who are hearing impaired, and assistive listening devices and the equipment necessary to implement such accommodations.

(g) "Existing radio systems" includes, but is not limited to, law enforcement radio systems that are used by the circuit and county courts, the offices of the public defenders, the offices of the state attorneys, and for court-related functions of the offices of the clerks of the circuit and county courts. This includes radio systems that were operational or under contract at the time Revision No. 7, 1998, to Art. V of the State Constitution was adopted and any enhancements made thereafter, the maintenance of those systems, and the personnel and supplies necessary for operation.

(h) "Existing multiagency criminal justice information systems" includes, but is not limited to, those components of the multiagency criminal justice information system as defined in s. 943.045, supporting the offices of the circuit or county courts, the public defenders' offices, the state attorneys' offices, or those portions of the offices of the clerks of the circuit and county courts performing court-related functions that are used to carry out the court-related activities of those entities. This includes upgrades and maintenance of the current equipment, maintenance and upgrades of supporting technology infrastructure and associated staff, and services and expenses to assure continued information sharing and reporting of information to the state. The counties shall also provide

225404

additional information technology services, hardware, and software as needed for new judges and staff of the state courts system, state attorneys' offices, public defenders' offices, guardian ad litem offices, and the offices of the clerks of the circuit and county courts performing court-related functions.

This subsection applies only to matters relating to court funding and may not be construed to enhance, limit, or define the authority of any court.

Proposed Committee Substitute by the Committee on Appropriations
(Appropriations Subcommittee on Criminal and Civil Justice)

A bill to be entitled

An act relating to courts; creating s. 25.025, F.S.; authorizing certain Supreme Court Justices to have an appropriate facility in their district of residence designated as their official headquarters; providing that an official headquarters may serve only as a justice's private chambers; providing that such justices are eligible for a certain subsistence allowance and reimbursement for certain transportation expenses; requiring that such allowance and reimbursement be made to the extent appropriated funds are available, as determined by the Chief Justice; requiring the Chief Justice to coordinate with certain persons in implementing designations of official headquarters; providing that a county is not required to provide space for a justice in a county courthouse; authorizing counties to enter into agreements with the Supreme Court for the use of county courthouse space; prohibiting the Supreme Court from using state funds to lease space in a facility to allow a justice to establish an official headquarters; amending s. 26.031, F.S.; adding judges to the Ninth Judicial Circuit Court; amending s. 34.01, F.S.; increasing the limit of the amount in controversy in certain actions at law under which the county court has original jurisdiction of such actions; providing for adjustments to the limit at specified intervals due to

576-03258-18

inflation or deflation; specifying filing fees, services charges, and a requirement for the clerk of court's remittal of such fees in actions in which the amount in controversy exceeds a specified amount; amending s. 34.022, F.S.; adding judges to certain county courts; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 25.025, Florida Statutes, is created to read:

25.025 Headquarters.—

(1)(a) A Supreme Court justice who permanently resides outside Leon County shall, if he or she so requests, have a district court of appeal courthouse, a county courthouse, or other appropriate facility in his or her district of residence designated as his or her official headquarters pursuant to s. 112.061. This official headquarters may serve only as the justice's private chambers.

(b) A justice for whom an official headquarters is designated in his or her district of residence under this subsection is eligible for subsistence at a rate to be established by the Chief Justice for each day or partial day that the justice is at the headquarters of the Supreme Court for the conduct of the business of the court. In addition to the subsistence allowance, a justice is eligible for reimbursement for transportation expenses as provided in s. 112.061(7) for travel between the justice's official headquarters and the headquarters of the Supreme Court for the conduct of the

business of the court.

(c) Payment of subsistence and reimbursement for transportation expenses relating to travel between a justice's official headquarters and the headquarters of the Supreme Court shall be made to the extent appropriated funds are available, as determined by the Chief Justice.

(2) The Chief Justice shall coordinate with each affected justice and other state and local officials as necessary to implement paragraph (1)(a).

(3)(a) This section does not require a county to provide space in a county courthouse for a justice. A county may enter into an agreement with the Supreme Court governing the use of space in a county courthouse.

(b) The Supreme Court may not use state funds to lease space in a district court of appeal courthouse, county courthouse, or other facility to allow a justice to establish an official headquarters pursuant to subsection (1).

Section 2. Subsection (9) of section 26.031, Florida Statutes, is amended to read:

26.031 Judicial circuits; number of judges.—The number of circuit judges in each circuit shall be as follows:

JUDICIAL CIRCUIT	TOTAL
(9) Ninth	45 ~~43~~

Section 3. Section 34.01, Florida Statutes, is amended to read:

34.01 Jurisdiction of county court.—

(1) County courts shall have original jurisdiction:

(a) In all misdemeanor cases not cognizable by the circuit

courts.~~;~~

(b) Of all violations of municipal and county ordinances.~~;~~

(c)1. Of all actions at law filed on or before December 31, 2019, in which the matter in controversy does not exceed the sum of $15,000, exclusive of interest, costs, and attorney ~~attorney's~~ fees, except those within the exclusive jurisdiction of the circuit courts.~~; and~~

2. Of all actions at law filed on or after January 1, 2020, in which the matter in controversy does not exceed the sum of $50,000, exclusive of interest, costs, and attorney fees, except those within the exclusive jurisdiction of the circuit courts. This limit must be adjusted every 5 years after January 1, 2020, to reflect the rate of inflation or deflation as indicated in the Consumer Price Index for All Urban Consumers, U.S. City Average, All Items, or successor reports as reported by the United States Department of Labor, Bureau of Labor Statistics, or its successor. Such adjustments must be rounded to the nearest $5,000.

(d) Of disputes occurring in the homeowners' associations as described in s. 720.311(2)(a), which shall be concurrent with jurisdiction of the circuit courts.

The party instituting an action at law under subparagraph (c)2. in which the amount in controversy exceeds $15,000 shall pay the filing fees and service charges in the same amounts and in the same manner as provided in s. 28.241, and the party appealing any judgment on such action shall pay the filing fees and service charges in the same amounts and in the same manner as provided in s. 35.22. The clerk of court shall remit the fees as

provided in those sections.

(2) The county courts shall have jurisdiction previously exercised by county judges' courts other than that vested in the circuit court by s. 26.012, except that county court judges may hear matters involving dissolution of marriage under the simplified dissolution procedure pursuant to the Florida Family Law Rules of Procedure or may issue a final order for dissolution in cases where the matter is uncontested, and the jurisdiction previously exercised by county courts, the claims court, small claims courts, small claims magistrates courts, magistrates courts, justice of the peace courts, municipal courts, and courts of chartered counties, including but not limited to the counties referred to in ss. 9, 10, 11, and 24, Art. VIII of the State Constitution of 1885, as preserved by s. (6)(e), Art. VIII of the State Constitution of 1968.

(3) Judges of county courts shall also be committing trial court judges. Judges of county courts shall be coroners unless otherwise provided by law or by rule of the Supreme Court.

(4) Judges of county courts may hear all matters in equity involved in any case within the jurisdictional amount of the county court, except as otherwise restricted by the State Constitution or the laws of Florida.

(5) A county court is a trial court.

Section 4. Subsections (9), (12), (17), and (28) of section 34.022, Florida Statutes, are amended to read:

34.022 Number of county court judges for each county.—The number of county court judges in each county shall be as follows:

COUNTY	TOTAL
(9) Citrus	2 ~~1~~
(12) Columbia	2 ~~1~~
(17) Flagler	2 ~~1~~
(28) Hillsborough	19 ~~17~~

Section 5. This act shall take effect July 1, 2018.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1396 revises a number of statutes affecting the judicial branch. The primary changes in the bill:

- Raise the county court's jurisdictional amount for civil cases demanding money from $15,000 to $50,000, effective January 1, 2020. The ceiling on the county court's jurisdiction is also the floor of the circuit court's monetary jurisdiction.
- Add two circuit judges to the ninth circuit, add two county court judges in Hillsborough County, and add one county court judge in each of the following counties: Citrus, Columbia, and Flagler Counties. The cost to fund these seven judgeships and support staff is $2.37 million in recurring general revenue funds.
- Authorize a supreme court justice who resides outside of Tallahassee to maintain his or her headquarters in a district court of appeal courthouse, a county courthouse, or other appropriate facility in the justice's district and be reimbursed for travel and subsistence while in Tallahassee.
- Clarify that sheriffs when providing security in court facilities remain in operational control over the manner in which security is provided.

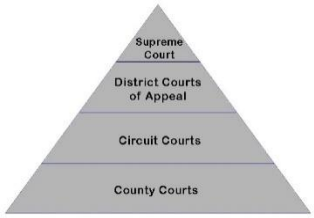
The first three main components of the bill which are described above will increase state government expenditures and reduce state trust fund revenues. *See* Section V. Fiscal Impact Statement.

II. Present Situation:

Florida's Court System

The Florida Constitution vests all judicial power in:

- The supreme court;
- The district courts of appeal;
- The circuit courts; and
- The county courts.[1]



The Constitution provides that "[n]o other courts may be established by the state, any political subdivision or any municipality."[2] Additionally, the Constitution vests the Florida Supreme Court with broad authority to administer the State court system and establish court rules of procedure.[3]

Legislative Powers Concerning Court Jurisdiction

The constitution confers some authority over the jurisdiction of the courts to the Legislature. Although the territorial and subject matter jurisdiction of the Florida Supreme Court is primarily defined by the Constitution, the Legislature has constitutional authority to provide for the territorial jurisdiction and the subject matter jurisdiction of the courts.[4]

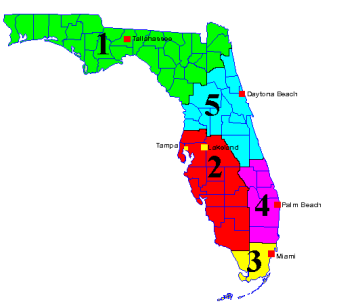
Territorial Jurisdiction

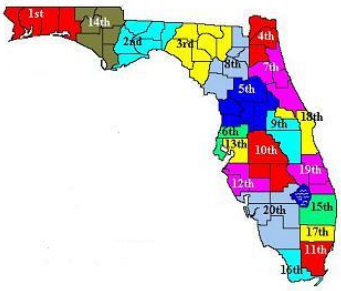
The Legislature is constitutionally required to establish the territorial or geographic jurisdiction of the appellate court districts and the judicial circuits "following county lines."[5] Currently, there are five district courts of appeal,[6] 20 judicial circuits, and 67 county courts, one in each of Florida's 67 counties[7] as constitutionally required.[8]

The following maps illustrate the territorial jurisdictions of these courts:[9]

---

[1] Art. V, s. 1, FLA. CONST.
[2] *Id.* (although the Constitution permits the Legislature to establish quasi-judicial, administrative courts and a civil traffic infraction hearing officer system).
[3] FLA. CONST. art. V, s. 2.
[4] "Jurisdiction" is defined as "[a] government's general power to exercise authority over all persons and things within its territory; esp., a state's power to create interests that will be recognized under common-law principles as valid in other states <New Jersey's jurisdiction>." BLACK'S LAW DICTIONARY (10th ed. 2014). For courts, jurisdiction is defined as "[a] court's power to decide a case or issue a decree <the constitutional grant of federal-question jurisdiction>." *Id.* Additionally, jurisdiction is defined geographically: "A geographic area within which political or judicial authority may be exercised <the accused fled to another jurisdiction>." *Id.*
[5] FLA. CONST. art. V, s. 1.
[6] Florida Courts, *Court System Organization & Structure*, http://www.flcourts.org/florida-courts/ (last visited Feb. 7, 2018). The First District sits in Tallahassee; the Second District sits in Lakeland; the Third District sits in Miami; the Fourth District sits in West Palm Beach; and the Fifth District sits in Dayton Beach. *Id.*
[7] Florida Courts, *Court System Organization & Structure*, http://www.flcourts.org/florida-courts/ (last visited Feb. 7, 2018).
[8] FLA. CONST. art. V, s. 6(a) ("There shall be a county court in each county.").
[9] Rick Scott, 45th Governor of Florida, Judicial and Judicial Nominating Commission Information, *The Florida Court System*, https://www.flgov.com/judicial-and-judicial-nominating-commission-information/ (last visited Feb. 7, 2018).





Five District Courts of Appeal Twenty Judicial Circuits Sixty-Seven Counties

Subject Matter Jurisdiction

The Legislature's authority over the subject matter jurisdiction of the Florida Supreme Court and district courts of appeal is fairly limited. With a few exceptions,[10] the Constitution sets out the subject matter jurisdiction of the Supreme Court and the appellate courts.

On the other hand, under the Constitution, the Legislature is granted broad authority to define the jurisdiction[11] of the county courts: "The county courts shall exercise the jurisdiction *prescribed by general law*. Such jurisdiction shall be uniform throughout the state."[12]

Because the jurisdiction of the circuit court is limited by the jurisdiction of the county courts under the Constitution, the Legislature's authority to define the jurisdiction of the circuit courts is also fairly broad:

> The circuit courts shall have original jurisdiction not vested in the county courts, and jurisdiction of appeals *when provided by general law*. They shall have the power to issue writs of mandamus, quo warranto, certiorari, prohibition and habeas corpus, and all writs necessary or proper to the complete exercise of their jurisdiction. Jurisdiction of the circuit court shall be uniform throughout the state. They shall have the power of direct review of administrative action *prescribed by general law*.[13]

---

[10] *See* Art. V, s. 3(b)(2), FLA. CONST. ("When provided by *general law*, [the supreme court] shall hear appeals from final judgments entered in proceedings for the validation of bonds or certificates of indebtedness and shall review action of statewide agencies relating to rates or service of utilities providing electric, gas, or telephone service.") (emphasis added); FLA. CONST. art. V, s. 4(b)(2) ("District courts of appeal shall have the power of direct review of administrative action, *as prescribed by general law*.") (emphasis added).

[11] *See Alexdex Corp. v. Nachon Enterprises, Inc.*, 641 So. 2d 858, 861 (Fla. 1994) ("The jurisdiction of the courts of the state is broadly defined by our State Constitution; however, the legislature may further define a court's jurisdiction so long as the jurisdiction, as redefined, is not in conflict with the Constitution. . . . Absent a constitutional prohibition or restriction, the legislature is free to vest courts with exclusive, concurrent, original, appellate, or final jurisdiction.") (citing *State v. Sullivan*, 95 Fla. 191, 116 So. 255 (1928)).

[12] FLA. CONST. art. V, s. 6(b) (emphasis added). Additionally, the Legislature establishes the number of judges to serve in each county. *Id.* at s. 6(a).

[13] FLA. CONST. art. V, s. 5(b) (emphasis added).

County Court Jurisdiction

As provided by the Legislature in s. 34.01, F.S., the county court is a trial court that has jurisdiction over the following subject matters within its jurisdictional (monetary) amount of $15,000:

- All criminal misdemeanor cases not cognizable by the circuit courts;
- All violations of municipal and county ordinances;
- All actions at law involving damages up to $15,000, not including interest, costs, and attorney's fees, unless the cause of action is within the exclusive jurisdiction of the circuit courts;
- Concurrent jurisdiction with the circuit courts over disputes between homeowners' associations and parcel owners;
- Concurrent jurisdiction with circuit courts to hear uncontested dissolution of marriage petitions under the simplified dissolution procedures;
- Any subject matter jurisdiction previously exercised by the county courts prior to the adoption of the 1968 Constitution, including that of the small claims courts; and
- Any matter in equity (such as an eviction)[14] that is within the jurisdictional amount of the county court, $15,000.

The effective date of the last increase to the monetary limit on the jurisdiction of the county courts was July 1, 1992.[15] If adjusted for inflation to December 2017, the $15,000 jurisdictional limit would be $26,319.29 as of December 2017.[16]

The county court is also the small claims court. Small claims courts are not separate, constitutionally recognized courts;[17] rather, they are the county courts functioning under the Florida Small Claims Rules of procedure adopted by Supreme Court.[18] The goal of the Small Claims Rules is to "reach a 'simple, speedy, and inexpensive' resolution of [small claims] cases" in which the parties often represent themselves.[19] The court rules apply to civil actions in county courts where money is demanded,[20] and set the jurisdictional limit of small claims demands at

[14] Section 34.011, F.S. (providing that county and circuit courts generally have concurrent jurisdiction over landlord tenant cases, although county court will have exclusive jurisdiction over proceedings relating to the right of possession so long as matter is under $15,000.).
[15] Chapter 90-269, Laws of Fla.

$5,000[21] where it has remained since January 1, 1997.[22] If adjusted for inflation to December 2017, the jurisdictional limit of the Small Claims Rules would be $7,747.15.[23]

Circuit Court Jurisdiction

Because the circuit courts have exclusive jurisdiction over "all actions at law not cognizable by the county courts," the circuit court's current jurisdictional amount is $15,000 or above for cases demanding money judgments.[24]

Additionally, with two exceptions, the circuit court has appellate jurisdiction over county court cases. Under the two exceptions, the district court of appeal has appellate jurisdiction over a county court case when a county court either declares a statue or constitutional provision invalid or certifies a question of great public importance.[25] Additionally, if the law applied by the circuit court sitting in its appellate capacity is in question, a party may seek review by the appropriate district court of appeal by filing a petition for writ of certiorari.[26]

Notably, foreclosure cases, which are cases in equity, are not one of the subject areas statutorily defined as being within the exclusive jurisdiction of the circuit court.[27] Rather, the Florida Supreme court in *Alexdex Corp. v. Nachon Enterprises, Inc.,* concluded in resolving a conflict between the statutes setting forth the county court's and the circuit court's equity jurisdiction in foreclosure cases, "the legislature intended to provide concurrent equity jurisdiction in circuit and county courts, except that equity cases filed in county courts must fall within the county court's monetary jurisdiction, as set by statute."[28]

Filing Fees

Filing fees are constitutionally required to fund the clerks of the circuit and county courts,[29] and vary depending on the court. In **county court**, the filing fee for civil actions at law demanding money judgments vary based on the amount:

- For all claims less than $100……..…… $50.
- For all claims of $100 or more but not more than $500……..…… $75.
- For all claims of more than $500 but not more than $2,500…… $170.
- For all claims of more than $2,500……..…… $295.[30]

[30] Section 34.041(1)(a), F.S.

The clerk of court also collects an additional $4 filing fee.[31]

When the clerk of court collects the $295 filing fee, the fee is allocated as follows:
- The first $15 of the filing fee is deposited in the State Courts Revenue Trust Fund.
- $3.50 is transferred to the Department of Revenue (DOR) for deposit in the Court Education Trust Fund.
- Another $0.50 is transferred to the DOR for deposit into the Administrative Trust Fund within the Department of Financial Services to fund clerk education provided by the Florida Clerks of Court Operations Corporation.[32]

Additionally, any portion of fees for court functions collected in excess of one-twelfth of the clerk's total budget from the prior month is transferred to the DOR for deposit into the Clerks of the Court Trust Fund.[33]

In **circuit court**, the filing fee for civil actions at law demanding money judgments vary based on the type of action filed[34] and the number of defendants, but is generally $395 for the first five defendants.[35] Additionally, there are graduated filing fees for real property and mortgage foreclosure cases which can reach as high as $1,900 for claims valued at $250,000 and higher.[36] The filing fee collected by the clerk of court is allocated as follows:
- Of the first $200 in filing fees, $195 must be remitted to the DOR for deposit into the State Courts Revenue Trust Fund.
- $4 must be remitted to the DOR for deposit into the Administrative Trust Fund within the Department of Financial Services and used to fund the contract with the Florida Clerks of Court Operations Corporation.
- $1 must be remitted to the DOR for deposit into the Administrative Trust Fund within the Department of Financial Services to fund audits of individual clerks' court-related expenditures conducted by the Department of Financial Services.[37]

Additionally, like the county court, the circuit court must transfer any portion of fees for court functions collected in excess of one-twelfth of the clerk's total budget from the prior month to the DOR for deposit into the Clerks of the Court Trust Fund.[38]

The clerk of court also collects an additional $4 fee. Of that $4 fee, $3.50 is transferred to the DOR for deposit into the Court Education Trust Fund, and the other $0.50 is also transferred to the DOR for deposit into the Administrative Trust Fund within the Department of Financial

Services to fund clerk education provided by the Florida Clerks of Court Operations Corporation.[39]

For **appeals** from the **county to the circuit court**, the clerk of the circuit court may collect up to $280.[40]

For appeals to the **district court of appeal**, the circuit court charges a $100 fee for filing a notice of appeal,[41] and the clerk of the district court of appeal collects a filing fee of $300 for civil cases.[42] Of the district court filing fee, $50 is deposited into the State Courts Revenue Trust Fund and the remainder is deposited into the State Treasury to be credited to the General Revenue Fund.[43]

Legislative Powers Concerning Certification of Need for Additional Judges

Article V, s. 9 of the Florida Constitution requires the Florida Supreme Court to submit recommendations to the Legislature when there is a need to increase or decrease the number of judges.[44] The constitutional provision further directs the Court to base its recommendations on uniform criteria adopted by court rule.[45]

The Legislature may, after considering the Court's recommendations and findings, either implement or reject those findings. If the Legislature rejects the Court's findings and

[43] Section 35.22(5), F.S. The clerk of the district court of appeal also collects $295 for cross-appeals or additional parties, and this fee is remitted entirely to the DOR for deposit into the General Revenue fund. Section 35.255(2)(b), F.S.
[44] FLA. CONST. art. V, s. 9.
[45] *Id.* The Court's rule setting forth criteria for assessing judicial need at the trial court level is based primarily upon the application of case weights to circuit and county court caseload statistics. *See* Fla. R. Jud. Adm. 2.240(b)(1)(A). These weights are a quantified measure of judicial time spent on case-related activity. The judicial workload is then based on judicial caseloads adjusted in the relative complexity of various case types. In addition to the statistical information, the Court, in weighing the need for trial court judges, will also consider the factors below which primarily relate to the resources available to a judicial circuit:

(i) The availability and use of county court judges in circuit court.
(ii) The availability and use of senior judges to serve on a particular court.
(iii) The availability and use of magistrates and hearing officers.
(iv) The extent of use of alternative dispute resolution.
(v) The number of jury trials.
(vi) Foreign language interpretations.
(vii) The geographic size of a circuit, including travel times between courthouses in a particular jurisdiction.
(viii) Law enforcement activities in the court's jurisdiction, including any substantial commitment of additional resources for state attorneys, public defenders, and local law enforcement.
(ix) The availability and use of case-related support staff and case management policies and practices.
(x) Caseload trends.

See Fla. R. Jud. Admin. 2.240(b)(1)(B). In addition to the weighted caseload statistics, the Court will also consider the time to perform other judicial activities, such as reviewing appellate decisions, reviewing petitions and motions for post-conviction relief, hearing and disposing motions, and participating in meetings with those involved in the justice system. *See* Fla. R. Jud. Admin. 2.240(c). Finally, the Court will consider any request for an increase or decrease in the number of judges that the chief judge of the circuit "feels are required." *See* Fla. R. Jud. Admin. 2.240(d).

recommendations by legislation creating additional judgeships in jurisdictions not requested by the Court, the legislation must be approved by two-thirds of the membership of both houses.[46]

Certification of Need for Additional Judges for FY 2018-2019

Following its criteria for determining the need for judges, the Florida Supreme Court recently issued an order certifying the need for additional judges for the 2018-2019 fiscal year.[47] In the order, the Court requested two additional judgeships for the Ninth Judicial Circuit, which encompasses Orange and Osceola Counties, and two additional county court judgeships in Hillsborough County.[48]

The Court also *decertified* the need for 13 county court judgeships as follows: one from Escambia County, two from Pasco County, one from Putnam County, one from Alachua County, one from Polk County, one from Monroe County, three from Brevard County, one from Charlotte County, and one from Collier County.[49]

Supreme Court Headquarters

Article II, s. 2 of the Florida Constitution designates Tallahassee as the seat of state government "where the *offices* of the governor, lieutenant governor, cabinet members and *the supreme court shall be maintained* and the sessions of the legislature shall be held[.]"[50] Article V, s. 3 of the Florida Constitution provides that the Supreme Court will consist of seven justices, and that each of the five appellate districts "shall have at least one justice elected or appointed from the district at the time of the original appointment or election." The chambers of all seven justices are on the fourth floor of the Florida Supreme Court building,[51] and all official Supreme Court business is conducted in Tallahassee.[52]

---

[46] *In re Advisory Opinion to the Governor Request of June 29, 1979*, 374 So. 2d 959 (Fla. 1979); Article V, s. 9 of the Florida Constitution provides in pertinent part:

> **Determination of number of judges.**— . . . Upon receipt of such certificate, the legislature, at the next regular session, shall consider the findings and recommendations and may reject the recommendations or by law implement the recommendations in whole or in part; provided the legislature may create more judicial offices than are recommended by the supreme court or may decrease the number of judicial offices by a greater number than recommended by the court only upon a finding of two-thirds of the membership of both houses of the legislature, that such a need exists. A decrease in the number of judges shall be effective only after the expiration of a term. If the supreme court fails to make findings as provided above when need exists, the legislature may by concurrent resolution request the court to certify its findings and recommendations and upon the failure of the court to certify its findings for nine consecutive months, the legislature may, upon a finding of two-thirds of the membership of both houses of the legislature that a need exists, increase or decrease the number of judges or increase, decrease or redefine appellate districts and judicial circuits.

Headquarters for Purposes of Travel Reimbursement

Section 112.061, F.S., concerns the reimbursement of travel expenses to public employees and officers. To that end, s. 112.061(4), F.S. provides that while "[t]he official headquarters of an officer or employee assigned to an office shall be the city or town in which the office is located," there are some exceptions:

(a) The official headquarters of a person located in the field shall be the city or town nearest to the area where the majority of the person's work is performed, or such other city, town, or area as may be designated by the agency head provided that in all cases such designation must be in the best interests of the agency and not for the convenience of the person.

(b) When any state employee is stationed in any city or town for a period of over 30 continuous workdays, such city or town shall be deemed to be the employee's official headquarters, and he or she shall not be allowed per diem or subsistence, as provided in this section, after the said period of 30 continuous workdays has elapsed, unless this period of time is extended by the express approval of the agency head or his or her designee.

(c) A traveler may leave his or her assigned post to return home overnight, over a weekend, or during a holiday, but any time lost from regular duties shall be taken as annual leave and authorized in the usual manner. The traveler shall not be reimbursed for travel expenses in excess of the established rate for per diem allowable had he or she remained at his or her assigned post. However, when a traveler has been temporarily assigned away from his or her official headquarters for an approved period extending beyond 30 days, he or she shall be entitled to reimbursement for travel expenses at the established rate of one round trip for each 30-day period actually taken to his or her home in addition to pay and allowances otherwise provided.[53]

Additionally, s. 112.061(1)(b)1., F.S., provides that

> To preserve the standardization established by this law . . . The provisions of this section shall prevail over any conflicting provisions in a general law, present or future, to the extent of the conflict; but if any such general law contains a specific exemption from this section, including a specific reference to this section, such general law shall prevail, but only to the extent of the exemption.

Court maintained major offices, courtrooms or staff in other districts, then the result about venue and venue discovery might be different. But those significant facts, which Castro relies on when citing other cases, are absent here." *Id.* (holding the proper venue of a disgruntled bar candidate suing the Florida Supreme Court is the northern district of Florida). *See also Uberoi v. Labarga*, 8:16-CV-1821-T-33JSS, 2016 WL 5914922, at *2 (M.D. Fla. Oct. 11, 2016) (transferring another disgruntled bar candidate's case to the Northern District based a motion to dismiss filed by Justice Labarga noting that official acts by the Florida Supreme Court concerning the candidate's admission to the bar are done in Tallahassee; citing FLA. CONST. art. II, s. 2, noting that Tallahassee "is where the offices of the Florida Supreme Court shall be maintained.").

[53] Section 112.061(4)(a)-(c), F.S.

Section 112.061, F.S. applies to the court system. In particular, a district court of appeal—the headquarters of which is defined by the Legislature, not the Constitution[54]—is authorized by the current version of s. 35.05(2), F.S. to "designate other locations within its district as branch headquarters for the conduct of the business of the court and as the official headquarters of its officers or employees pursuant to s. 112.061."[55] However, a prior version of s. 35.05, F.S. contained no such authorization and designated one city as the headquarters for each district court of appeal.[56]

On the other hand, prior versions of s. 112.061(4), in particular the 1973 version, is substantially similar if not identical to the current version of the statute.[57] The reason this matters is that the 1973 version of s. 112.061(4) was interpreted by the Attorney General's office to mean that a district court of appeal judge could *not* designate the city of his or her residence as his or her official headquarters for purposes of travel expenses.[58] As explained by the AG opinion:

> Section 112.061, F.S., has been uniformly interpreted by this office as authorizing reimbursement for travel expense only from the official headquarters of the public officer or employee; and, as defined in subsection 112.061(4), the official headquarters "of an officer or employee assigned to an office shall be the city or town in which the office is located . . . ." (The provisions of paragraphs (4)(a), (b), and (c), relating to public officers or employees "located in the field" or "stationed" in another city or town, are not applicable here for obvious reasons.) The official headquarters of each district court of appeal is designated by statute, s. 35.05, F.S., and that is where the majority of the work of the court is performed.[59]

Notably, the AG Opinion relied on the fact that s. 35.05, F.S., designated the official headquarters of each district court of appeal in specific cities. However, as already noted, s. 35.05, F.S., has since been amended and now permits a district court of appeal to "designate other locations within its district as branch headquarters for the conduct of the business of the court and as the official headquarters of its officers or employees pursuant to s. 112.061."[60]

Currently, it appears that only the Second District Court of Appeal has designated a second branch office, in Tampa on the Stetson University campus.[61] However, the Second District's clerk's office is at the official headquarters in Lakeland.[62]

Qualifying for Judicial Elections; Fees

A person seeking to become a candidate for a judicial office must qualify with the Division of Elections of the Department of State between noon of the 120th day and noon of the 116th day before the primary election.[64] To qualify as a candidate, the person must file the required paperwork[65] and submit a check for the qualifying fee. This fee consists of a filing fee in the amount of 3 percent of the annual salary for the office sought and an election assessment in the amount of 1 percent of the annual salary for the office sought. The qualifying fees are deposited into the Elections Commission Trust Fund which are used by the Florida Elections Commission to investigate violations of the Election Code and campaign financing laws.[66]

County Responsibilities for Funding Court-Related Functions

Under Article V, s. 14 of the Florida Constitution, the state is responsible for most of the costs of the state courts system. However, the Constitution requires counties to:

> …fund the cost of communications services, existing radio systems, existing multi-agency criminal justice information systems, and the cost of construction or lease, maintenance, utilities, and security of facilities for the trial courts, public defenders' offices, state attorneys' offices, and the offices of the clerks of the circuit and county courts performing court-related functions.[67]

The constitutional responsibility for counties to fund court-related functions is implemented in s. 29.008, F.S., which also defines many of the key terms from the constitutional provision above.

A recent appellate court opinion relied on the definitions of "facility" and "security" in s. 29.008, F.S., as the basis for allowing the chief judge of a circuit court to order the sheriff to secure a building used by the court.[68] This building did not include courtrooms. The Sheriff objected to the amount of control that the chief judge exerted over the Sheriff and potential funding issues caused by the security requirements in the judge's order.

III. Effect of Proposed Changes:

Jurisdictional Amount of the County Courts: Section 5 of the bill raises the jurisdictional amount of the county court from $15,000 to $50,000. The bill also requires that the jurisdictional amount be adjusted for inflation or deflation every 5 years after January 1, 2020, rounded to the nearest $5,000, using the reports and data provided by the United States Department of Labor, Bureau of Labor Statistics or its predecessor.

Because the circuit courts have exclusive jurisdiction over "all actions at law not cognizable by the county courts," the bill also effectively raises the jurisdictional amount of the circuit courts to cases demanding money judgments over $50,000. However, the bill provides that the filing fees for civil lawsuits demanding more than $15,000 will not change even though suit is filed in the county court. Rather, filing fee amounts and allocation for suits demanding $15,000 or more will continue to be governed by ss. 28.241 and 35.22, F.S.

Additional Judges: Section 6 of the bill provides for additional judges. Section 2 of the bill also adds two judges to the ninth circuit, as certified and requested by the Florida Supreme Court.

Section 6 of the bill adds two county judges to Hillsborough County, as certified and requested by the Florida Supreme Court. However, in light of the increase in the jurisdictional amount of the county courts, the bill rejects the Florida Supreme Court's decertification of 13 county court judges and adds three more county court judges: one in Citrus, Columbia, and Flagler counties. The addition of the three county court judges not requested by the Court requires approval by a two-thirds vote of the membership of each house.

Headquarters of Supreme Court Justices: Section 1 of the bill creates s. 25.025, F.S., providing that a Supreme Court justice who permanently resides outside of Tallahassee may:

- Request that a district court of appeal courthouse, a county courthouse, or other appropriate facility in the justice's district be designated as his or her official headquarters and serve as the justice's private chambers; and
- Be reimbursed for travel and subsistence while in Tallahassee to the extent funding is available, as determined by the Chief Justice.

The bill also provides that the Chief Justice is required to coordinate with the justice seeking a private chamber in his or her district and any state and local officials as necessary. The Supreme Court and a county courthouse may enter into an agreement to establish private chambers at the county courthouse for a justice, but the courthouse is under no obligation to provide space for the justice. Additionally, the Supreme Court may *not* use state funds to lease space in a county courthouse for use as a private chamber.

Funding of Court-Related Functions by Counties: Section 3 of the bill provides that the definitions of the terms used in s. 29.008, F.S., which are used to implement and define county responsibilities for funding court-related functions do not apply in other contexts. The definitions "may not be construed to enhance, limit, or define the authority of any court."

Counties under the Florida Constitution are required to fund the costs of security for courts. Section 4 of the bill provides that sheriffs are responsible for providing security for trial court

facilities, but the sheriff remains in operational control over the manner in which security is provided.

Refunds of Qualifying Fees of Unopposed Judicial Candidates: Section 7 of the bill provides that the qualifying fees of unopposed candidates for judicial office must be refunded to them within 20 days after the close of the qualifying period for the election. This section takes effect upon becoming a law.

Effective Date: Section 8 provides that except for section 7, the bill takes effect on July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. Other Constitutional Issues:

Addition of Judges Not Certified by the Florida Supreme Court- In order to create the three additional county court judgeships in Citrus, Columbia, and Flagler Counties, Art. V, s. 9 of the Florida Constitution requires that these additions be approved by a two-thirds vote of each house.

Headquarters of the Florida Supreme Court Justices- It is unclear whether the Legislature has the authority to authorize the Chief Justice of the Florida Supreme Court to establish "headquarters" under s. 112.061, F.S., for any justice outside of Tallahassee, even if it is within the justice's district.

Article II, s. 2 of the Florida Constitution designates Tallahassee as the seat of state government "where the *offices* of the governor, lieutenant governor, cabinet members and *the supreme court shall be maintained* and the sessions of the legislature shall be held[.]"[69] Under the rule of construction, "expressio unius est exclusio alterius" (the expression of one thing is the exclusion of the other), it appears by excluding the word "offices" for the legislature and only requiring that session be held in Tallahassee, the drafters of Art. II, s. 2 understood that legislators must have offices within their districts around the state. However, the word "offices" is specifically used in reference to the governor, lieutenant governor, cabinet members, and the Florida Supreme Court in Article II, s. 2, and specifically requires that those offices be located at the seat of government in Tallahassee.

[69] FLA. CONST. art. II, s. 2 (emphasis added).

While permitting a justice to work remotely or establish a private chamber in another courthouse in the state does not appear to be problematic, it appears that another "headquarters" outside of Tallahassee may not be constitutionally permissible.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

If the bill results in an increase in the jurisdictional limit of the Small Claims Rules, more cases will be expeditiously resolved in the county courts under the expedited procedures of those rules.

C. Government Sector Impact:

State Government

New Circuit Court Judgeships

When circuit court judgeships are created, other costs must be incurred in addition to the salary and benefits for each new judge. The largest of these costs are for the salary and benefits of a judicial assistant and a law clerk for each judge. According to the Office of the State Courts Administrator, the total costs to fund the addition of the two circuit court judgeships created by the bill are $815,862 from the General Revenue Fund, of which $14,394 are non-recurring costs.[70]

New County Court Judgeships

When county court judgeships are created, the state must incur other costs in addition to the salary and benefits of each new judge. The largest of these costs are for the salary and benefits for a judicial assistant for each judge. Based on figures from the Office of the State Courts Administrator, the total costs to fund the addition of the five county court judgeships created by the bill are $1,556,890 from the General Revenue Fund, of which $23,990 are non-recurring costs.

County Court Jurisdiction

Raising the jurisdictional amount of the county courts is expected to have a positive fiscal impact.[71] However, by increasing the workload of county courts, there will likely be a reduction in some of the costs to operate the judicial system in the future. County courts operate with judges who have lower salaries than circuit courts and with fewer staff than

[70] Office of the State Courts Administrator, *Judicial Impact Statement* (Nov. 22, 2017) (on file with the Senate Committee on Judiciary).

[71] *See* the companion bill analysis, HB 7061, which reports that raising the jurisdictional amount to $50,000 without adjusting filing fees should result in an increase of $2.3 million in revenue for FY 2018-2019.

the circuit courts. Additionally, by shifting workloads to the county courts, there may be less need to create circuit court judgeships in the future.

Travel and Subsistence Costs

According to the Office of the State Court Administrator, the travel and subsistence provisions have an annual fiscal impact of $209,930 in recurring general revenue funds. Supreme Court travel costs are based on official state mileage, assuming 40 round trips yearly per justice between Tallahassee and the DCA headquarters in the justice's home appellate district. Subsistence costs assume 77 meeting days at $131 per day and 80 travel days at $98.25 per day, or $17,947 per justice.[72]

Local Government

Under article V section 14(c) of the Florida Constitution and s. 29.008, F.S., counties are required to provide the court system, including the state attorney and the public defender, with facilities, security, and communication services, including information technology. Under the bill, the counties will incur an indeterminate amount of costs associated with providing those services to the new judges and judicial staff. The clerks of the court will also be required to provide additional services to the new judges. However, counties having fewer county court judges as a result of the bill may have a reduction in costs.

Elections Commission Trust Fund

The operations of the Florida Elections Commission are funded by the Elections Commission Trust Fund, which is funded by qualifying fees (see sections 99.092, 99.093, and 105.031, F.S.) The commission's revenue streams mirror the election cycle; in off years, revenue is relatively low, but the overall trust fund balance is maintained by the increased revenue generated during election years. The agency is self-sustaining - the trust fund covers the commission's approximately $1.5 million appropriation (15 FTEs) each fiscal year and the commission deposits fines into the General Revenue Fund.

According to the Florida Elections Commission, a majority of candidates for the office of circuit judge ran unopposed in 2016. If there are similar proportions of unopposed judicial elections in the future, the refunds of qualifying fees required by the bill will make the funds in the Elections Commission Trust Fund insufficient for the Elections Commission to conduct its work.[73]

VI. Technical Deficiencies:

None.

[72] Office of the State Court Administrator, *Supreme Court Headquarter Travel Analysis* (on file with the Senate Appropriations Subcommittee on Criminal and Civil Justice).
[73] Email from Amy McKeever Toman, JD, CPM, Executive Director, Florida Elections Commission on March 3, 2018.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 26.031, 29.008, 30.15, 34.01, 34.022, and 105.031.

The bill creates section 25.025, Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Creates several additional county court judgeships and no longer reduces the number of county court judgeships in any county.
- Increases the county court's jurisdiction by increasing monetary threshold separating the jurisdiction of circuit and county courts to $50,000.
- Requires refunds of qualifying fees to candidates for circuit or county court judge who are unopposed.
- Clarify the responsibility for defining and supervising security at court facilities and funding the resulting costs.

CS by Judiciary on January 25, 2018:
The committee substitute no longer includes a provision that would have reduced the number of county court judges in Monroe County.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Judiciary; and Senator Steube

590-02451-18 20181396c1

A bill to be entitled

An act relating to judgeships; amending s. 26.031, F.S.; adding judges to the Ninth Judicial Circuit Court; amending s. 34.022, F.S.; adding and removing judges from certain county courts; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (9) of section 26.031, Florida Statutes, is amended to read:

26.031 Judicial circuits; number of judges.—The number of circuit judges in each circuit shall be as follows:

JUDICIAL CIRCUIT	TOTAL
(9) Ninth	45 ~~43~~

Section 2. Subsections (1), (5), (8), (11), (16), (28), (36), (51), (53), and (54) of section 34.022, Florida Statutes, are amended to read:

34.022 Number of county court judges for each county.—The number of county court judges in each county shall be as follows:

COUNTY	TOTAL
(1) Alachua	4 ~~5~~
(5) Brevard	8 ~~11~~
(8) Charlotte	2 ~~3~~
(11) Collier	5 ~~6~~
(16) Escambia	4 ~~5~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Dear Senator Bradley,

I am writing this letter because the following bills have been referred to the Senate Appropriations Committee.

- SB 1396 – Judgeships
- SB 1450 – Sales Tax Refunds for Eligible Job Training Organizations

These bills are on the last committee of reference. I am respectfully requesting that you place these bills on your committee's calendar for the next committee week.

Thank you for your consideration. Please contact me if you have any questions.

Very respectfully yours,

W. Gregory Steube, District 23

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1450 creates a sales tax refund for eligible job training organizations. Under the bill, an eligible job training organization may apply for a refund of 10 percent of the sales tax the organization remitted to the DOR on its sales of donated goods during the previous state fiscal year.

The Department of Economic Opportunity (DEO) is required to determine an applicant's eligibility for the sales tax refund and certify the eligibility of organizations that meet the specified requirements. After obtaining certification from the DEO, an eligible job training organization must apply to the Department of Revenue (DOR) in August each year that a refund is sought.

The bill limits the use of a sales tax refund issued to an eligible job training organization to the following purposes:

- Growth in employment hours;
- Job training and employment services to low-income persons, individuals who have workplace disadvantages, or individuals with barriers to employment; or
- Job training and employment services for veterans.

An eligible job training organization that receives a refund must annually report eligibility information to the DEO, including how the previously issued refund was used. If the DEO

determines an organization no longer qualifies for the refund, the DEO must immediately notify the DOR. The DOR is prohibited from issuing a refund after receiving such notification. The bill authorizes the DOR to audit any refund within 4 years of the date the refund was granted and subjects the overpayment of a refund or a refund issued to an ineligible job training organization to repayment.

The Revenue Estimating Conference estimates this bill, beginning in Fiscal Year 2018-2019, will reduce General Revenue Fund receipts by $1.6 million annually, state trust fund receipts by an indeterminate amount annually, and local government revenues by $400,000 annually.

The bill takes effect July 1, 2018.

II. Present Situation:

Florida Sales and Use Tax

Florida levies a six percent state sales and use tax on the sale or rental of most tangible personal property, admissions, rentals of transient accommodations, rentals of commercial real estate, and a limited number of services.[1]

In addition to the state level tax, counties are authorized to levy surtaxes under certain situations.[2] Surtaxes apply to all transactions occurring in the county that are subject to the state level tax.[3]

Generally, sales tax is added to the price of taxable goods or services, and the tax is collected from the purchaser at the time of sale.[4] Anyone that sells taxable goods or services in Florida must register with the DOR as a sales tax dealer to collect, report, and remit sales tax.[5] The DOR is authorized to audit organizations in the state for the purpose of determining whether such taxes are properly collected, reported, and paid.[6]

Charitable Organizations

Charitable organizations are eligible to receive tax-deductible contributions.[7] To qualify as a charitable organization under section 501(c)(3) of the Internal Revenue Code an organization must be organized and operated exclusively for an exempt purpose,[8] none of its earnings may

inure to any private shareholder or individual, and it cannot be an action organization.[9] Additionally, organizations that qualify under section 501(c)(3) may be eligible for other tax benefits, such as state and federal sales, property, and income tax exemptions.[10]

Qualified Job Training Organizations Program

Section 288.1097, F.S., allows a "qualified job training organization" to receive grant funding from the Department of Economic Opportunity (DEO).

To be eligible, a job training organization must:
- Be exempt under s. 501(c)(3) or (4) of the Internal Revenue Code;
- Provide job training and employment services to individuals who have workplace disadvantages or disabilities;
- Be accredited by the Commission on Accreditation of Rehabilitation Facilities;
- Collect Florida sales tax;
- Specialize in the retail sale of donated items;
- Operate statewide through more than 100 locations;
- Use a majority of its revenues for job training and placement programs that create jobs and foster economic development; and
- Be certified by the DEO that the organization meets the requirements described above.

The DEO is permitted to release funds to the organization pursuant to a contract with the organization. The contract must require the organization to meet certain performance conditions in order to receive the grant funds. The performance conditions must include "net new employment in the state, the methodology for validating performance, the schedule of payments, and sanctions for failure to meet the performance requirements including any provisions for repayment..." and that salaries paid to officers and employees of the organization meet certain Internal Revenue Code requirements.[11]

The organization must use the grant funds "solely to encourage and provide economic development through capital construction, improvements, or the purchase of equipment that will result in expanded employment opportunities." The statute also requires the following results to be met within a 10-year period:
- Creation of at least 5,000 direct, new jobs;
- Minimum of 23,000 new clients served;
- Production of a minimum of $24 million in new sales tax revenues from increased sales;

[9] The prohibition on the organization being an "action organization" means that the organization "may not attempt to influence legislation as a substantial part of its activities and it may not participate in any campaign activity for or against political candidates." IRS, *Exemption Requirements - 501(c)(3) Organizations*, *available at* https://www.irs.gov/charities-non-profits/charitable-organizations/exemption-requirements-section-501c3-organizations (last visited Feb. 4, 2018).

"Nonprofit organizations may qualify for exemption from some Florida taxes. Each tax is separate and distinct and has its own requirements. As a result, exemption from one tax does not necessarily exempt the organization from all taxes and not all Florida tax exemptions require the organization obtain a federal tax-exempt status." Department of Revenue, *Nonprofit Organizations*, *available at* http://floridarevenue.com/taxes/businesses/Pages/nonprofit.aspx (last visited Feb. 4, 2018).
[11] Section 288.1097(2), F.S.

- Minimum of $42 million in new salaries; and
- Minimum of $6 million for job placement services.

No funds have ever been appropriated to this program.

III. Effect of Proposed Changes:

The bill creates a sales tax refund for an eligible job training organization on the organization's sales of goods donated to the organization and requires the organization to use the refund for specific employment purposes.[12]

To be eligible for the refund, a job training organization must:
- Be exempt under s. 501(c)(3) of the Internal Revenue Code;
- Provide job training and employment services to low-income persons,[13] individuals who have workplace disadvantages, or individuals with barriers to employment; and
- Be accredited by the Commission on Accreditation of Rehabilitation Facilities.

The bill also specifies that an eligible job training organization consisting of commonly owned and controlled entities is deemed to be a single organization.

An eligible job training organization is entitled to a refund equal to 10 percent of the sales tax remitted to the DOR during the prior state fiscal year on the organization's sales of goods donated to the organization. The total amount of sales tax refunds issued to eligible job training organizations may not exceed $2 million in any state fiscal year. Refunds are granted on a first-come, first-served basis.

The organization must use the refund for any of the following purposes:
- Growth in employment hours.[14]
- Job training and employment services[15] to low-income persons, individuals who have workplace disadvantages, or individuals with barriers to employment.
- Job training and employment services for veterans.

An organization seeking a refund must first submit an application to the DEO by July 15. The application must establish that the organization meets the eligibility requirements and that the refund will be used exclusively for the purposes listed above and must include any supporting information set forth by the DEO in rule. The DEO is required to verify the application and

[12] The bill creates s. 212.099, F.S.
[13] "Low-income persons" means "one or more natural persons or a family, the total annual adjusted gross household income of which does not exceed 80 percent of the median annual adjusted gross income for households within the state, or 80 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or, if not within an MSA, within the county in which the person or family resides, whichever is greater." Section 420.0004(11), F.S.
[14] "Growth in employment hours" is defined by the bill as "the growth in the number of hours worked by employees at the eligible job training organization in the most recently completed state fiscal year compared with the number of hours worked by employees at the job training organization in the state fiscal year immediately prior to the most recently completed state fiscal year."
[15] "Job training and employment services" is defined by the bill as programs and services that improve workers' job readiness, assist them in gaining employment and adapting to the changing labor market, and help them achieve employment success through self-sufficiency.

notify the organization of the DEO's determination within 15 days of receiving a complete application. The bill authorizes the DEO to adopt rules necessary to administer the sales tax refund, including rules for the approval and disapproval of applications by organizations.

For approved applications, the DEO must send the eligible job training organization a notice that includes a certification that the organization is eligible to receive the sales tax refund. This decision of the DEO must be in writing, or in e-mail if agreed to by the organization. The DEO must send a copy of the notice and the certification, if applicable, to the DOR. The DEO's issuance of a certification remains in effect as long as the eligible job training organization remains in compliance with the requirements of the law.

An eligible job training organization that is certified by the DEO must then apply to the DOR between August 1 and August 31 of each year that the organization seeks a refund. The first application for a refund submitted to the DOR must also include a copy of the DEO certification. An application must include any information required by the DOR.

By August 1 of each state fiscal year that an eligible job training organization received a refund, the organization is required to provide a report to the DEO describing the use of the refund. The report must include the following:

- The amount of the refund used to create growth in employment hours;
- The total growth in employment hours;
- The amount of the refund used for job training and employment services;
- The number of individuals who participated in job training and employment services at the eligible job training organization; and
- A statement declaring that the organization continues to meet the necessary requirements to remain eligible for the sales tax refund.

If the DEO determines that a job training organization no longer qualifies for the refund, the DEO must notify the DOR immediately. The DOR is prohibited from issuing a refund after receiving such notification. The bill also provides that the DOR has the authority to audit any refund within 4 years after the date the refund was granted. The overpayment of a refund, or a refund issued to an ineligible job training organization, is subject to repayment and interest at the rate calculated pursuant to s. 213.235, F.S.

The bill takes effect on July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18, of the Florida Constitution governs laws that require counties and municipalities to spend funds or that limit their ability to raise revenue or receive state tax revenues. Except upon approval of each house of the Legislature by two-thirds vote of the membership, the legislature may not enact, amend, or repeal any general law if the anticipated effect of doing so would be to reduce the authority that municipalities or counties have to raise revenue in the aggregate, as such authority existed on February 1,

1989. However, the mandates requirements do not apply to laws having an insignificant impact, which for Fiscal Year 2017-2018 is approximately $2.05 million or less.[16,17,18]

The Revenue Estimating Conference estimates the reduction to local government's tax receipts is $400,000 recurring. Therefore this bill has an insignificant fiscal impact and may not require a two-thirds vote of the membership in each house.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill creates a sales tax refund for eligible job training organizations equal to 10 percent of the sales tax remitted to the DOR on its sales of goods donated to the organization during the prior state fiscal year.

B. Private Sector Impact:

The bill will have a positive impact on eligible job training organizations that receive a sales tax refund.

C. Government Sector Impact:

The Revenue Estimating Conference estimates this bill, beginning in Fiscal Year 2018-2019, will reduce General Revenue Fund receipts by $1.6 million annually, state trust fund receipts by an indeterminate amount annually, and local government revenues by $400,000 annually.[19]

The DEO has stated that any costs related to increased workload to administer the provisions of this bill can be absorbed within existing resources.[20]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 212.099 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 14, 2018:
The committee substitute:

- Removes certification by the DEO as an element of the definition for "eligible job training organization."
- Clarifies the time frames and the location of employees in the definition of "growth in employment hours."
- Clarifies that the refund is granted by the DOR.
- Requires an eligible job training organization to submit any required additional materials for the applications to both the DEO and the DOR.
- Clarifies the determination and certification process by the DEO.
- Clarifies that subsequent applications to the DOR for a refund after the first application do not need to include the certification by the DEO.
- Requires the report to the DEO to be made on August 1 following the state fiscal year in which a refund was received by the eligible job training organization.

CS by Commerce and Tourism on January 29, 2018:
The bill is amended to:

- Make references to "eligible job training organizations" rather than "eligible businesses;"
- Remove "capital costs" from the uses of the sales tax refund authorized by the bill; and
- Clarify that the DOR may audit, rather than examine, any sales tax refund granted to an eligible job training organization within 4 years of issuance.

B. Amendments:

None.

285140

576-03251-18

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to a sales tax refund for eligible job training organizations; creating s. 212.099, F.S.; providing definitions; authorizing eligible organizations to receive a refund of a specified amount of certain sales taxes collected if such amount is used for certain purposes; specifying the annual maximum allowable tax refund for such organizations; providing requirements for receiving the refund; authorizing the Department of Economic Opportunity to certify organizations; authorizing the Department of Revenue to audit, within a certain timeframe, any refund issued; providing the applicable interest rate on overpayments and payments to ineligible organizations; providing that an eligible organization comprised of commonly owned and controlled entities is a single organization; requiring eligible organizations to provide a report to the Department of Economic Opportunity; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 212.099, Florida Statutes, is created to read:

212.099 Sales tax refund for eligible job training organizations.—

285140

576-03251-18

(1) As used in this section, the term:

(a) "Eligible job training organization" means an organization that:

1. Is an exempt organization under s. 501(c)(3) of the Internal Revenue Code of 1986, as amended;

2. Provides job training and employment services to low-income persons, as defined in s. 420.0004(11), individuals who have workplace disadvantages, or individuals with barriers to employment; and

3. Is accredited by the Commission on Accreditation of Rehabilitation Facilities.

(b) "Growth in employment hours" means the growth in the number of hours worked by employees at the eligible job training organization in the most recently completed state fiscal year compared with the number of hours worked by employees at the eligible job training organization in the state fiscal year immediately prior to the most recently completed state fiscal year.

(c) "Job training and employment services" means programs and services that are provided to improve job readiness, assist workers in gaining employment and adapting to the changing labor market, and achieve worker success through self-sufficiency.

(2) An eligible job training organization is entitled to a refund of 10 percent of the sales tax remitted to the department during the most recently completed state fiscal year on its sales of goods donated to the organization. The organization must reserve the refund exclusively for use in any of the following:

(a) Growth in employment hours;

(b) Job training and employment services to low-income persons, as defined in s. 420.0004(11), individuals who have workplace disadvantages, and individuals with barriers to employment; or

(c) Job training and employment services for veterans.

(3) The total amount of refunds that the department may issue under this section may not exceed $2 million in any state fiscal year. Refunds must be granted on a first-come, first-served basis.

(4) An eligible job training organization seeking a refund under this section must first submit an application to the Department of Economic Opportunity by July 15, which sets forth that the organization meets the requirements under paragraph (1)(a) and that the refund will be used exclusively for the purposes listed in subsection (2). The organization must submit supporting information as prescribed by the Department of Economic Opportunity by rule.

(5)(a) The Department of Economic Opportunity must verify the application and notify the organization of its determination within 15 days of receiving a complete application. The decision of the Department of Economic Opportunity must be in writing or, if agreed to by the applicant, electronic mail.

(b) If the Department of Economic Opportunity makes a determination to approve the application, then the notice sent to the eligible job training organization must include a certification that the organization is eligible to receive a refund of certain sales and use tax remitted under this chapter. The Department of Economic Opportunity shall transmit a copy of the notice and certification, if applicable, to the department.

(c) Upon the Department of Economic Opportunity's issuance of a certification, such certification remains in effect so long as the eligible job training organization is in compliance with the requirements of this section.

(6) An eligible job training organization certified under this section must apply to the department between August 1 and August 31 of each year to receive a refund. The first time that an organization submits an application for a refund to the department the application must be accompanied by a copy of the certification. Subsequent applications by an organization do not need to include the certification. The organization must submit any information required by the department as part of the application for the refund.

(7) For purposes of this section, an eligible job training organization comprised of commonly owned and controlled entities is deemed to be a single organization.

(8) By August 1 following each state fiscal year in which an eligible job training organization received a refund pursuant to subsection (2), the organization must provide a report to the Department of Economic Opportunity about the use of such funds as required in subsection (2). The report must include at least all of the following:

(a) The amount of the refund used to create growth in employment hours.

(b) The total growth in employment hours.

(c) The amount of the refund used for job training and employment services.

(d) The number of individuals who participated in job training and employment services at the eligible job training

organization.

(e) A statement declaring that the eligible job training organization continues to meet the requirements of this section.

(9) Administration.—

(a) The Department of Economic Opportunity may adopt rules to administer this section, including rules for the approval and disapproval of applications.

(b) If the Department of Economic Opportunity determines that an eligible job training organization no longer qualifies for the refund under this section, the Department of Economic Opportunity must notify the department immediately. The department may not issue a refund after receiving such notification.

(c) Notwithstanding s. 95.091(3)(a)6.b., the department may audit any refund within 4 years after the date of which a refund is granted. The overpayment of a refund or a refund issued to an ineligible organization is subject to repayment and interest at the rate calculated pursuant to s. 213.235.

Section 2. This act shall take effect July 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By:	The Professional Staff of the Committee on Appropriations
BILL:	CS/CS/SB 1450
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senator Steube
SUBJECT:	Sales Tax Refund for Eligible Job Training Organizations
DATE:	March 5, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1450 creates a sales tax refund for eligible job training organizations. Under the bill, an eligible job training organization may apply for a refund of 10 percent of the sales tax the organization remitted to the DOR on its sales of donated goods during the previous state fiscal year.

The Department of Economic Opportunity (DEO) is required to determine an applicant's eligibility for the sales tax refund and certify the eligibility of organizations that meet the specified requirements. After obtaining certification from the DEO, an eligible job training organization must apply to the Department of Revenue (DOR) in August each year that a refund is sought.

The bill limits the use of a sales tax refund issued to an eligible job training organization to the following purposes:

- Growth in employment hours;
- Job training and employment services to low-income persons, individuals who have workplace disadvantages, or individuals with barriers to employment; or
- Job training and employment services for veterans.

An eligible job training organization that receives a refund must annually report eligibility information to the DEO, including how the previously issued refund was used. If the DEO

determines an organization no longer qualifies for the refund, the DEO must immediately notify the DOR. The DOR is prohibited from issuing a refund after receiving such notification. The bill authorizes the DOR to audit any refund within 4 years of the date the refund was granted and subjects the overpayment of a refund or a refund issued to an ineligible job training organization to repayment.

The Revenue Estimating Conference estimates this bill, beginning in Fiscal Year 2018-2019, will reduce General Revenue Fund receipts by $1.6 million annually, state trust fund receipts by an indeterminate amount annually, and local government revenues by $400,000 annually.

The bill takes effect July 1, 2018.

II. Present Situation:

Florida Sales and Use Tax

Florida levies a six percent state sales and use tax on the sale or rental of most tangible personal property, admissions, rentals of transient accommodations, rentals of commercial real estate, and a limited number of services.[1]

In addition to the state level tax, counties are authorized to levy surtaxes under certain situations.[2] Surtaxes apply to all transactions occurring in the county that are subject to the state level tax.[3]

Generally, sales tax is added to the price of taxable goods or services, and the tax is collected from the purchaser at the time of sale.[4] Anyone that sells taxable goods or services in Florida must register with the DOR as a sales tax dealer to collect, report, and remit sales tax.[5] The DOR is authorized to audit organizations in the state for the purpose of determining whether such taxes are properly collected, reported, and paid.[6]

Charitable Organizations

Charitable organizations are eligible to receive tax-deductible contributions.[7] To qualify as a charitable organization under section 501(c)(3) of the Internal Revenue Code an organization must be organized and operated exclusively for an exempt purpose,[8] none of its earnings may

inure to any private shareholder or individual, and it cannot be an action organization.[9] Additionally, organizations that qualify under section 501(c)(3) may be eligible for other tax benefits, such as state and federal sales, property, and income tax exemptions.[10]

Qualified Job Training Organizations Program

Section 288.1097, F.S., allows a "qualified job training organization" to receive grant funding from the Department of Economic Opportunity (DEO).

To be eligible, a job training organization must:
- Be exempt under s. 501(c)(3) or (4) of the Internal Revenue Code;
- Provide job training and employment services to individuals who have workplace disadvantages or disabilities;
- Be accredited by the Commission on Accreditation of Rehabilitation Facilities;
- Collect Florida sales tax;
- Specialize in the retail sale of donated items;
- Operate statewide through more than 100 locations;
- Use a majority of its revenues for job training and placement programs that create jobs and foster economic development; and
- Be certified by the DEO that the organization meets the requirements described above.

The DEO is permitted to release funds to the organization pursuant to a contract with the organization. The contract must require the organization to meet certain performance conditions in order to receive the grant funds. The performance conditions must include "net new employment in the state, the methodology for validating performance, the schedule of payments, and sanctions for failure to meet the performance requirements including any provisions for repayment..." and that salaries paid to officers and employees of the organization meet certain Internal Revenue Code requirements.[11]

The organization must use the grant funds "solely to encourage and provide economic development through capital construction, improvements, or the purchase of equipment that will result in expanded employment opportunities." The statute also requires the following results to be met within a 10-year period:
- Creation of at least 5,000 direct, new jobs;
- Minimum of 23,000 new clients served;
- Production of a minimum of $24 million in new sales tax revenues from increased sales;

[9] The prohibition on the organization being an "action organization" means that the organization "may not attempt to influence legislation as a substantial part of its activities and it may not participate in any campaign activity for or against political candidates." IRS, *Exemption Requirements - 501(c)(3) Organizations*, *available at* https://www.irs.gov/charities-non-profits/charitable-organizations/exemption-requirements-section-501c3-organizations (last visited Feb. 4, 2018).

"Nonprofit organizations may qualify for exemption from some Florida taxes. Each tax is separate and distinct and has its own requirements. As a result, exemption from one tax does not necessarily exempt the organization from all taxes and not all Florida tax exemptions require the organization obtain a federal tax-exempt status." Department of Revenue, *Nonprofit Organizations*, *available at* http://floridarevenue.com/taxes/businesses/Pages/nonprofit.aspx (last visited Feb. 4, 2018).
[11] Section 288.1097(2), F.S.

- Minimum of $42 million in new salaries; and
- Minimum of $6 million for job placement services.

No funds have ever been appropriated to this program.

III. Effect of Proposed Changes:

The bill creates a sales tax refund for an eligible job training organization on the organization's sales of goods donated to the organization and requires the organization to use the refund for specific employment purposes.[12]

To be eligible for the refund, a job training organization must:
- Be exempt under s. 501(c)(3) of the Internal Revenue Code;
- Provide job training and employment services to low-income persons,[13] individuals who have workplace disadvantages, or individuals with barriers to employment; and
- Be accredited by the Commission on Accreditation of Rehabilitation Facilities.

The bill also specifies that an eligible job training organization consisting of commonly owned and controlled entities is deemed to be a single organization.

An eligible job training organization is entitled to a refund equal to 10 percent of the sales tax remitted to the DOR during the prior state fiscal year on the organization's sales of goods donated to the organization. The total amount of sales tax refunds issued to eligible job training organizations may not exceed $2 million in any state fiscal year. Refunds are granted on a first-come, first-served basis.

The organization must use the refund for any of the following purposes:
- Growth in employment hours.[14]
- Job training and employment services[15] to low-income persons, individuals who have workplace disadvantages, or individuals with barriers to employment.
- Job training and employment services for veterans.

An organization seeking a refund must first submit an application to the DEO by July 15. The application must establish that the organization meets the eligibility requirements and that the refund will be used exclusively for the purposes listed above and must include any supporting information set forth by the DEO in rule. The DEO is required to verify the application and

[12] The bill creates s. 212.099, F.S.
[13] "Low-income persons" means "one or more natural persons or a family, the total annual adjusted gross household income of which does not exceed 80 percent of the median annual adjusted gross income for households within the state, or 80 percent of the median annual adjusted gross income for households within the metropolitan statistical area (MSA) or, if not within an MSA, within the county in which the person or family resides, whichever is greater." Section 420.0004(11), F.S.
[14] "Growth in employment hours" is defined by the bill as "the growth in the number of hours worked by employees at the eligible job training organization in the most recently completed state fiscal year compared with the number of hours worked by employees at the job training organization in the state fiscal year immediately prior to the most recently completed state fiscal year."
[15] "Job training and employment services" is defined by the bill as programs and services that improve workers' job readiness, assist them in gaining employment and adapting to the changing labor market, and help them achieve employment success through self-sufficiency.

notify the organization of the DEO's determination within 15 days of receiving a complete application. The bill authorizes the DEO to adopt rules necessary to administer the sales tax refund, including rules for the approval and disapproval of applications by organizations.

For approved applications, the DEO must send the eligible job training organization a notice that includes a certification that the organization is eligible to receive the sales tax refund. This decision of the DEO must be in writing, or in e-mail if agreed to by the organization. The DEO must send a copy of the notice and the certification, if applicable, to the DOR. The DEO's issuance of a certification remains in effect as long as the eligible job training organization remains in compliance with the requirements of the law.

An eligible job training organization that is certified by the DEO must then apply to the DOR between August 1 and August 31 of each year that the organization seeks a refund. The first application for a refund submitted to the DOR must also include a copy of the DEO certification. An application must include any information required by the DOR.

By August 1 of each state fiscal year that an eligible job training organization received a refund, the organization is required to provide a report to the DEO describing the use of the refund. The report must include the following:

- The amount of the refund used to create growth in employment hours;
- The total growth in employment hours;
- The amount of the refund used for job training and employment services;
- The number of individuals who participated in job training and employment services at the eligible job training organization; and
- A statement declaring that the organization continues to meet the necessary requirements to remain eligible for the sales tax refund.

If the DEO determines that a job training organization no longer qualifies for the refund, the DEO must notify the DOR immediately. The DOR is prohibited from issuing a refund after receiving such notification. The bill also provides that the DOR has the authority to audit any refund within 4 years after the date the refund was granted. The overpayment of a refund, or a refund issued to an ineligible job training organization, is subject to repayment and interest at the rate calculated pursuant to s. 213.235, F.S.

The bill takes effect on July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, s. 18, of the Florida Constitution governs laws that require counties and municipalities to spend funds or that limit their ability to raise revenue or receive state tax revenues. Except upon approval of each house of the Legislature by two-thirds vote of the membership, the legislature may not enact, amend, or repeal any general law if the anticipated effect of doing so would be to reduce the authority that municipalities or counties have to raise revenue in the aggregate, as such authority existed on February 1,

1989. However, the mandates requirements do not apply to laws having an insignificant impact, which for Fiscal Year 2017-2018 is approximately $2.05 million or less.[16,17,18]

The Revenue Estimating Conference estimates the reduction to local government's tax receipts is $400,000 recurring. Therefore this bill has an insignificant fiscal impact and may not require a two-thirds vote of the membership in each house.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill creates a sales tax refund for eligible job training organizations equal to 10 percent of the sales tax remitted to the DOR on its sales of goods donated to the organization during the prior state fiscal year.

B. Private Sector Impact:

The bill will have a positive impact on eligible job training organizations that receive a sales tax refund.

C. Government Sector Impact:

The Revenue Estimating Conference estimates this bill, beginning in Fiscal Year 2018-2019, will reduce General Revenue Fund receipts by $1.6 million annually, state trust fund receipts by an indeterminate amount annually, and local government revenues by $400,000 annually.[19]

The DEO has stated that any costs related to increased workload to administer the provisions of this bill can be absorbed within existing resources.[20]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates section 212.099 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Removes certification by the DEO as an element of the definition for "eligible job training organization."
- Clarifies the time frames and the location of employees in the definition of "growth in employment hours."
- Clarifies that the refund is granted by the DOR.
- Requires an eligible job training organization to submit any required additional materials for the applications to both the DEO and the DOR.
- Clarifies the determination and certification process by the DEO.
- Clarifies that subsequent applications to the DOR for a refund after the first application do not need to include the certification by the DEO.
- Requires the report to the DEO to be made on August 1 following the state fiscal year in which a refund was received by the eligible job training organization.

CS by Commerce and Tourism on January 29, 2018:
The bill is amended to:

- Make references to "eligible job training organizations" rather than "eligible businesses;"
- Remove "capital costs" from the uses of the sales tax refund authorized by the bill; and
- Clarify that the DOR may audit, rather than examine, any sales tax refund granted to an eligible job training organization within 4 years of issuance.

B. Amendments:

None.

By the Committee on Commerce and Tourism; and Senator Steube

577-02600-18 20181450c1

A bill to be entitled

An act relating to a sales tax refund for eligible job training organizations; creating s. 212.099, F.S.; providing definitions; authorizing eligible organizations to receive a refund of a specified amount of certain sales taxes collected if such amount is used for certain purposes relating to job training and employment services; specifying the annual maximum allowable tax refund for such organizations; providing requirements for receiving the refund; authorizing the Department of Economic Opportunity to certify organizations; authorizing the Department of Revenue to audit, within a certain timeframe, any refund issued; providing the applicable interest rate on overpayments and payments to ineligible organizations; providing that an eligible organization comprised of commonly owned and controlled entities is a single organization; requiring eligible organizations to provide an annual report to the Department of Economic Opportunity; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 212.099, Florida Statutes, is created to read:

212.099 Sales tax refund for eligible job training organizations.—

(1) As used in this section, the term:

(a) "Eligible job training organization" means an

577-02600-18 20181450c1

organization that:

1. Is an exempt organization under s. 501(c)(3) of the Internal Revenue Code of 1986, as amended;

2. Provides job training and employment services to low-income persons, as defined in s. 420.0004(11), individuals who have workplace disadvantages, or individuals with barriers to employment;

3. Is accredited by the Commission on Accreditation of Rehabilitation Facilities; and

4. Is certified by the Department of Economic Opportunity as meeting the requirements of this section.

(b) "Growth in employment hours" means the annual growth in the number of hours worked by employees in the current year compared with the number of hours worked by employees in the previous year.

(c) "Job training and employment services" means programs and services that are provided to improve job readiness, assist workers in gaining employment and adapting to the changing labor market, and achieve worker success through self-sufficiency.

(2) An eligible job training organization is entitled to a refund of 10 percent of the sales tax remitted to the department during the prior state fiscal year on its sales of goods donated to the organization. The refund must be reserved exclusively for use in any of the following:

(a) Growth in employment hours;

(b) Job training and employment services to low-income persons, as defined in s. 420.0004(11), individuals who have workplace disadvantages, and individuals with barriers to employment; or

(c) Job training and employment services for veterans.

(3) The total amount of refunds issued under this section may not exceed $2 million in any state fiscal year granted on a first-come, first-served basis.

(4) An eligible job training organization seeking a refund under this section must submit an initial application to the Department of Economic Opportunity by July 15, which sets forth that the organization meets the requirements under paragraph (1)(a) and that the refund will be used exclusively for the purposes listed in subsection (2). The organization may submit supporting information as prescribed by rule.

(5) The Department of Economic Opportunity must verify the application and notify the organization of its determination within 15 days of receiving the application. If the Department of Economic Opportunity approves the application, it must send to the eligible job training organization a notice that indicates its certification to receive a refund of certain sales and use tax remitted under this chapter. Upon the Department of Economic Opportunity's issuance of a certification, such certification remains in effect so long as the eligible job training organization is in compliance with the requirements of this section.

(6) An eligible job training organization certified under this section must apply to the department between August 1 and August 31 of each year to receive a refund. The first application for a refund submitted to the department must be accompanied by a copy of the certification.

(7) For purposes of this section, an eligible job training organization comprised of commonly owned and controlled entities

is deemed to be a single organization.

(8) By July 15 of each year, an eligible job training organization must provide a report to the Department of Economic Opportunity which describes the use of the amount refunded. The report must include all of the following:

(a) The amount of the refund used to create growth in employment hours.

(b) The total annual growth in employment hours.

(c) The amount of the refund used for job training and employment services.

(d) The number of individuals who participated in job training and employment services at the eligible job training organization for the fiscal year in which the requested funds were remitted to the department.

(e) A statement declaring that the eligible job training organization continues to meet the requirements of this section.

(9) Administration.—

(a) The Department of Economic Opportunity may adopt rules to administer this section, including rules for the approval and disapproval of applications.

(b) The decision of the Department of Economic Opportunity must be in writing or, if agreed to by the applicant, electronic mail. Upon approval, the Department of Economic Opportunity shall transmit a copy of the decision to the department.

(c) If the Department of Economic Opportunity determines that an eligible job training organization no longer qualifies for the refund under this section, the Department of Economic Opportunity must notify the department immediately. The department may not issue a refund after receiving such

notification.

(d) Notwithstanding s. 95.091(3)(a)6.b., the department may audit any refund within 4 years after the date of which a refund is granted. The overpayment of a refund or a refund issued to an ineligible organization is subject to repayment and interest at the rate calculated pursuant to s. 213.235.

Section 2. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1486 provides rulemaking authority to the Department of Health (DOH) to implement the Conrad 30 Waiver Program.

The bill has no impact on state revenues or expenditures.

The effective date of the bill is July 1, 2018.

II. Present Situation:

The Conrad 30 Program

The Conrad 30 Waiver Program, authorized by the United States Department of State (USDOS), and the United States Citizenship and Immigration Services (USCIS), addresses the shortage of qualified doctors in medically underserved areas. The program allow a medical doctor holding a J-1 Visa to apply for a waiver of the two-year residence requirement upon completion of the J-1Visa exchange visitor program under s. 214(1) of the Immigration and Nationality Act (INA).

State public health agencies are authorized to sponsor up to 30 physicians annually to serve in a designated U.S. Department of Health and Human Services (HHS) Health Professional Shortage Area (HPSA), Medically Underserved Area (MUA), or Medically Underserved Population

(MUP). The program requires a medical doctor holding a J-1 Visa who wishes to participate in a Conrad 30 Waiver Program to:

- Agree to be employed full-time in H-1B nonimmigrant status at a health care facility located in an area designated by the HHS as a HPSA, MUA, or MUP;
- Obtain a contract from the health care facility located in an area designated by HHS as an HPSA, MUA, or MUP;
- Obtain a "no objection" letter from his or her home country if the home government funded his or her exchange program; and
- Agree to begin employment at the health care facility within 90 days of receipt of the waiver, not the date his or her J-1 visa expires.

The DOH has administered the Conrad 30 Waiver Program since 1994. In recent years, the number of applicants has exceeded the maximum number of 30 slots allowed by the program. The DOH does not have rulemaking authority to establish additional criteria for selecting Conrad 30 Waiver Program applicants for sponsorship, thereby limiting the DOH's ability to place qualified physicians in areas of highest need.[1]

III. Effect of Proposed Changes:

Section 1 amends s. 381.4018, F.S., to require the DOH to adopt rules, following federal requirements, to implement the Conrad 30 Program to further encourage qualified physicians to relocate to Florida and practice in underserved areas. This rulemaking authority allows the DOH to establish criteria beyond the federal minimum requirements and prioritize applications, thereby placing physicians in areas of highest need.

Section 2 provides that the bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute changes the bill title to, "an act relating to workforce development;" and deletes provisions of the bill related to:

- Requiring dates of birth on health care professional licensure applications;
- Expediting licensure for dentistry for spouses of active duty military;
- Repealing the requirement for the Board of Medicine (BOM) to conduct a review of organizations that board certify physicians in dermatology;
- Defining a contact classroom hour for chiropractic continuing education (CE) and authorizing 10 hours of online general chiropractic CE credit;
- Deregulating registered chiropractic assistants;
- Granting rulemaking authority to the Board of Nursing (BON) to establish standards of care, including discipline and standards of care for certified nursing assistants (CNA);
- Recognizing CNA certification in a territory of the United States or the District of Columbia for certification in Florida and eliminating the element of intent for violations of practice laws for CNAs;
- Requiring an institutional, nuclear, special, or internet pharmacy to pass a DOH onsite inspection before licensure;
- Establishing the licensure of in-state sterile compounding pharmacies;
- Deleting the requirement for Florida dentists and dental hygienists to grade dental and dental hygienist licensure examinations;
- Requiring dentists and dental hygienists to report adverse incidents;

- Expanding the definition of dental laboratory to include a person who provides onsite consultation during dental procedures;
- Requiring dental laboratories to be inspected at least biennially, rather than annually;
- Restricting an athletic trainer to working within his or her scope of practice;
- Requiring athletic trainers to maintain certification in good standing without lapse;
- Requiring supervision of athletic training students to be in accordance with board rules rather than an external entity's standards;
- Authorizing a joint registration for orthotics and prosthetics residency and providing a licensure pathway for a joint educational program;
- Eliminating the massage therapy apprenticeship program, except for the study of colonic irrigation; clarifying that the massage therapist licensure examination is a national examination approved by the board; and expanding circumstances for the revocation, or denial, of initial licensure of a massage establishment license;
- Eliminating outdated language, clarifying education accreditation requirements, and streamlining licensure by endorsement requirements for psychology licensure;
- Clarifying, streamlining, and correcting inconsistencies in provisions regulating the licensure of marriage and family therapy, mental health counseling, and clinical social work; and
- Requiring applicants for licensure as a mental health counselor to have a master's degree that is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), beginning July 1, 2024.

CS by Health Policy January 30, 2018:
The committee substitute:

- Repeals the requirement that the BOM conduct a review of organizations that board certify physicians in dermatology;
- Defines "contact classroom hour" for ch. 460, F.S.; authorizes chiropractic physicians to take up to 10 hours of general CE online; and deregulates registered chiropractic assistants;
- Removes provisions that sought to create regulatory and rulemaking authority to the BOM and the BOOM to oversee all office surgery centers (OSCs);
- Removes provisions that sought to deregulate laboratory personnel; and
- Removes provisions relating to the timing for submission of an application for examination for licensure as an optometrist; and provisions creating a pathway for licensure by endorsement.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Grimsley) recommended the following:

Senate Amendment (with title amendment)

Delete lines 145 - 1408.

========== T I T L E A M E N D M E N T ==========

And the title is amended as follows:

Delete lines 2 - 114

and insert:

An act relating to physician workforce development; amending s. 381.4018, F.S.; requiring the Department

485676

of Health to adopt any rules necessary to implement a specified federal program to further encourage qualified physicians to relocate to and practice in underserved areas;

By the Committee on Health Policy; and Senator Grimsley

588-02622-18 20181486c1

A bill to be entitled

An act relating to the Department of Health; amending s. 381.4018, F.S.; requiring the department to adopt any rules necessary to implement a specified federal program to further encourage qualified physicians to relocate to and practice in underserved areas; amending s. 456.013, F.S.; revising health care practitioner licensure application requirements; amending s. 456.024, F.S.; revising health care practitioner licensure eligibility for certain members of the armed forces and their spouses to include licensed dentists; removing a provision requiring a certain applicant issued a temporary professional license to practice as a dentist to practice under supervision; amending s. 458.3312, F.S.; removing a provision prohibiting a physician from holding himself or herself out as a board-certified specialist in dermatology unless the recognizing agency is reviewed and reauthorized on a specified basis by the Board of Medicine; amending s. 460.408, F.S.; defining the term "contact classroom hour"; revising provisions relating to continuing chiropractic education requirements; repealing s. 460.4166, F.S., relating to registered chiropractic assistants; amending s. 464.006, F.S.; authorizing the Board of Nursing to establish certain standards of care; amending s. 464.202, F.S.; requiring the board to adopt by rule discipline and standards of care for certified nursing assistants; amending s. 464.203, F.S.; revising certification

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

588-02622-18 20181486c1

requirements for nursing assistants; amending s. 464.204, F.S.; revising grounds for board-imposed disciplinary sanctions; amending s. 465.019, F.S.; requiring an institutional pharmacy to pass an onsite inspection by the department within a specified time before the issuance of an initial permit or a permit for change of location; amending s. 465.0193, F.S.; requiring a nuclear pharmacy to pass an onsite inspection by the department within a specified time before issuance of an initial permit or a permit for change of location; creating s. 465.0195, F.S.; requiring certain pharmacies and outsourcing facilities located in this state to obtain a permit in order to create, ship, mail, deliver, or dispense compounded sterile products; providing application requirements; providing inspection requirements; providing permit requirements; authorizing the Board of Pharmacy to adopt certain rules; providing applicability; amending s. 465.0196, F.S.; requiring a special pharmacy to pass an onsite inspection by the department within a specified time before the issuance of an initial permit or a permit for change of location; amending s. 465.0197, F.S.; requiring an Internet pharmacy to pass an onsite inspection by the department within a specified time before the issuance of an initial permit or a permit for change of location; amending s. 466.006, F.S.; revising certain requirements for examinations to be completed by applicants seeking dental licensure; amending s.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

466.007, F.S.; revising requirements for examinations of dental hygienists; amending s. 466.017, F.S.; providing adverse incident reporting requirements; defining the term "adverse incident"; providing for disciplinary action by the Board of Dentistry; authorizing the board to adopt rules; amending s. 466.031, F.S.; expanding the definition of the term "dental laboratory" to include any person who performs an onsite consultation during dental procedures; amending s. 466.036, F.S.; requiring the periodic inspection of dental laboratories at least once during a specified period; amending s. 468.701, F.S.; revising a definition; amending s. 468.707, F.S.; revising athletic trainer licensure requirements; amending s. 468.711, F.S.; revising requirements for the renewal of a license relating to continuing education; amending s. 468.723, F.S.; revising a definition; amending s. 468.803, F.S.; revising orthotic, prosthetic, and pedorthic licensure, registration, and examination requirements; amending s. 480.033, F.S.; revising a definition; amending s. 480.041, F.S.; revising qualifications for licensure as a massage therapist; specifying that a massage apprentice who was licensed before a specified date may continue to perform massage therapy as authorized under his or her license; authorizing a massage apprentice to apply for full licensure upon completion of the apprenticeship under certain conditions; repealing s. 480.042, F.S., relating to examinations;

amending s. 480.046, F.S.; revising instances under which disciplinary action may be taken against massage establishments; prohibiting a certain disciplined massage establishment from applying for relicensure; providing an exception; amending s. 490.003, F.S.; revising definitions; amending s. 490.005, F.S.; revising examination requirements for licensure of a psychologist; amending s. 490.006, F.S.; revising requirements for licensure by endorsement of certain psychologists; amending s. 491.0045, F.S.; providing an exemption for intern registration requirements under certain circumstances; amending s. 491.005, F.S.; revising education requirements for the licensure of marriage and family therapists; revising examination requirements for the licensure of mental health counselors; amending s. 491.006, F.S.; revising requirements for licensure or certification by endorsement for certain professions; amending s. 491.007, F.S.; removing a biennial intern registration fee; amending s. 491.009, F.S.; authorizing the Board of Clinical Social Work, Marriage and Family Therapy, and Mental Health Counseling, or the department under certain circumstances, to enter an order denying licensure or imposing penalties against an applicant for licensure under certain circumstances; providing penalties; amending ss. 491.0046 and 945.42, F.S.; conforming provisions to changes made by the act; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (f) of subsection (3) of section 381.4018, Florida Statutes, is amended to read:

381.4018 Physician workforce assessment and development.—

(3) GENERAL FUNCTIONS.—The department shall maximize the use of existing programs under the jurisdiction of the department and other state agencies and coordinate governmental and nongovernmental stakeholders and resources in order to develop a state strategic plan and assess the implementation of such strategic plan. In developing the state strategic plan, the department shall:

(f) Develop strategies to maximize federal and state programs that provide for the use of incentives to attract physicians to this state or retain physicians within the state. Such strategies should explore and maximize federal-state partnerships that provide incentives for physicians to practice in federally designated shortage areas. Strategies shall also consider the use of state programs, such as the Medical Education Reimbursement and Loan Repayment Program pursuant to s. 1009.65, which provide for education loan repayment or loan forgiveness and provide monetary incentives for physicians to relocate to underserved areas of the state. To further encourage qualified physicians to relocate to and practice in underserved areas, the department, following federal requirements, shall adopt any rules necessary for the implementation of the Conrad 30 Waiver Program established under s. 214(1) of the Immigration and Nationality Act.

Section 2. Paragraph (a) of subsection (1) of section

456.013, Florida Statutes, is amended to read:

456.013 Department; general licensing provisions.—

(1)(a) Any person desiring to be licensed in a profession within the jurisdiction of the department shall apply to the department in writing ~~to take the licensure examination~~. The application shall be made on a form prepared and furnished by the department. The application form must be available on the World Wide Web and the department may accept electronically submitted applications beginning July 1, 2001. The application shall require the social security number and date of birth of the applicant, except as provided in paragraphs (b) and (c). The form shall be supplemented as needed to reflect any material change in any circumstance or condition stated in the application which takes place between the initial filing of the application and the final grant or denial of the license and which might affect the decision of the department. If an application is submitted electronically, the department may require supplemental materials, including an original signature of the applicant and verification of credentials, to be submitted in a nonelectronic format. An incomplete application shall expire 1 year after initial filing. In order to further the economic development goals of the state, and notwithstanding any law to the contrary, the department may enter into an agreement with the county tax collector for the purpose of appointing the county tax collector as the department's agent to accept applications for licenses and applications for renewals of licenses. The agreement must specify the time within which the tax collector must forward any applications and accompanying application fees to the department.

Section 3. Paragraphs (a) and (b) of subsection (3) and paragraph (j) of subsection (4) of section 456.024, Florida Statutes, are amended to read:

456.024 Members of Armed Forces in good standing with administrative boards or the department; spouses; licensure.—

(3)(a) A person is eligible for licensure as a health care practitioner in this state if he or she:

1. Serves or has served as a health care practitioner in the United States Armed Forces, the United States Reserve Forces, or the National Guard;

2. Serves or has served on active duty with the United States Armed Forces as a health care practitioner in the United States Public Health Service; or

3. Is a health care practitioner~~, other than a dentist,~~ in another state, the District of Columbia, or a possession or territory of the United States and is the spouse of a person serving on active duty with the United States Armed Forces.

The department shall develop an application form, and each board, or the department if there is no board, shall waive the application fee, licensure fee, and unlicensed activity fee for such applicants. For purposes of this subsection, "health care practitioner" means a health care practitioner as defined in s. 456.001 and a person licensed under part III of chapter 401 or part IV of chapter 468.

(b) The board, or the department if there is no board, shall issue a license to practice in this state to a person who:

1. Submits a complete application.

2. If he or she is a member of the United States Armed

Forces, the United States Reserve Forces, or the National Guard, submits proof that he or she has received an honorable discharge within 6 months before, or will receive an honorable discharge within 6 months after, the date of submission of the application.

3.a. Holds an active, unencumbered license issued by another state, the District of Columbia, or a possession or territory of the United States and who has not had disciplinary action taken against him or her in the 5 years preceding the date of submission of the application;

b. Is a military health care practitioner in a profession for which licensure in a state or jurisdiction is not required to practice in the United States Armed Forces, if he or she submits to the department evidence of military training or experience substantially equivalent to the requirements for licensure in this state in that profession and evidence that he or she has obtained a passing score on the appropriate examination of a national or regional standards organization if required for licensure in this state; or

c. Is the spouse of a person serving on active duty in the United States Armed Forces and is a health care practitioner in a profession~~, excluding dentistry,~~ for which licensure in another state or jurisdiction is not required, if he or she submits to the department evidence of training or experience substantially equivalent to the requirements for licensure in this state in that profession and evidence that he or she has obtained a passing score on the appropriate examination of a national or regional standards organization if required for licensure in this state.

4. Attests that he or she is not, at the time of submission of the application, the subject of a disciplinary proceeding in a jurisdiction in which he or she holds a license or by the United States Department of Defense for reasons related to the practice of the profession for which he or she is applying.

5. Actively practiced the profession for which he or she is applying for the 3 years preceding the date of submission of the application.

6. Submits a set of fingerprints for a background screening pursuant to s. 456.0135, if required for the profession for which he or she is applying.

The department shall verify information submitted by the applicant under this subsection using the National Practitioner Data Bank.

(4)

~~(j) An applicant who is issued a temporary professional license to practice as a dentist pursuant to this section must practice under the indirect supervision, as defined in s. 466.003, of a dentist licensed pursuant to chapter 466.~~

Section 4. Section 458.3312, Florida Statutes, is amended to read:

458.3312 Specialties.—A physician licensed under this chapter may not hold himself or herself out as a board-certified specialist unless the physician has received formal recognition as a specialist from a specialty board of the American Board of Medical Specialties or other recognizing agency that has been approved by the board. However, a physician may indicate the services offered and may state that his or her practice is

limited to one or more types of services when this accurately reflects the scope of practice of the physician. ~~A physician may not hold himself or herself out as a board-certified specialist in dermatology unless the recognizing agency, whether authorized in statute or by rule, is triennially reviewed and reauthorized by the Board of Medicine.~~

Section 5. Subsection (1) of section 460.408, Florida Statutes, is amended to read:

460.408 Continuing chiropractic education.—

(1) The board shall require licensees to periodically demonstrate their professional competence as a condition of renewal of a license by completing up to 40 contact classroom hours of continuing education. For purposes of this subsection, term "contact classroom hour" means a presentation in which the persons presenting and the persons attending the course are present on site. Up to 10 general credit continuing education hours may be completed online in place of contact classroom hours, as determined by board rule. Online continuing education courses must be competency based and must use the Sharable Content Objective Reference Model standard or more stringent standards, as determined by the board.

(a) Continuing education courses sponsored by chiropractic colleges whose graduates are eligible for examination under any provision of this chapter may be approved upon review by the board if all other requirements of board rules setting forth criteria for course approval are met.

(b) The board shall approve those courses that build upon the basic courses required for the practice of chiropractic medicine, and the board may also approve courses in adjunctive

modalities. Courses that consist of instruction in the use, application, prescription, recommendation, or administration of a specific company's brand of products or services are not eligible for approval.

Section 6. Section 460.4166, Florida Statutes, is repealed.

Section 7. Section 464.006, Florida Statutes, is amended to read:

464.006 Rulemaking authority.—The board may ~~has authority to~~ adopt rules pursuant to ss. 120.536(1) and 120.54 to implement the provisions of this part conferring duties upon it and establish standards of care.

Section 8. Section 464.202, Florida Statutes, is amended to read:

464.202 Duties and powers of the board.—The board shall maintain, or contract with or approve another entity to maintain, a state registry of certified nursing assistants. The registry must consist of the name of each certified nursing assistant in this state; other identifying information defined by board rule; certification status; the effective date of certification; other information required by state or federal law; information regarding any crime or any abuse, neglect, or exploitation as provided under chapter 435; and any disciplinary action taken against the certified nursing assistant. The registry shall be accessible to the public, the certificateholder, employers, and other state agencies. The board shall adopt by rule testing procedures for use in certifying nursing assistants and shall adopt rules regulating the practice of certified nursing assistants, including discipline and establishing standards of care, and specifying

the scope of practice authorized and the level of supervision required for the practice of certified nursing assistants. The board may contract with or approve another entity or organization to provide the examination services, including the development and administration of examinations. The board shall require that the contract provider offer certified nursing assistant applications via the Internet, and may require the contract provider to accept certified nursing assistant applications for processing via the Internet. The board shall require the contract provider to provide the preliminary results of the certified nursing examination on the date the test is administered. The provider shall pay all reasonable costs and expenses incurred by the board in evaluating the provider's application and performance during the delivery of services, including examination services and procedures for maintaining the certified nursing assistant registry.

Section 9. Paragraph (c) of subsection (1) of section 464.203, Florida Statutes, is amended to read:

464.203 Certified nursing assistants; certification requirement.—

(1) The board shall issue a certificate to practice as a certified nursing assistant to any person who demonstrates a minimum competency to read and write and successfully passes the required background screening pursuant to s. 400.215. If the person has successfully passed the required background screening pursuant to s. 400.215 or s. 408.809 within 90 days before applying for a certificate to practice and the person's background screening results are not retained in the clearinghouse created under s. 435.12, the board shall waive the

requirement that the applicant successfully pass an additional background screening pursuant to s. 400.215. The person must also meet one of the following requirements:

(c) Is currently certified in another state or territory or the District of Columbia; is listed on that state's certified nursing assistant registry; and has not been found to have committed abuse, neglect, or exploitation in that state.

Section 10. Subsection (1) of section 464.204, Florida Statutes, is amended to read:

464.204 Denial, suspension, or revocation of certification; disciplinary actions.—

(1) The following acts constitute grounds for which the board may impose disciplinary sanctions as specified in subsection (2):

(a) Obtaining or attempting to obtain certification or an exemption, or possessing or attempting to possess certification or a letter of exemption, by bribery, misrepresentation, deceit, or through an error of the board.

(b) ~~Intentionally~~ Violating any provision of this chapter, chapter 456, or the rules adopted by the board.

Section 11. Subsection (7) is added to section 465.019, Florida Statutes, to read:

465.019 Institutional pharmacies; permits.—

(7) An institutional pharmacy must pass an onsite inspection by the department as a prerequisite to the issuance of an initial permit or a permit for a change of location. The inspection must be completed within 90 days before the issuance of the permit.

Section 12. Section 465.0193, Florida Statutes, is amended

to read:

465.0193 Nuclear pharmacy permits.—Any person desiring a permit to operate a nuclear pharmacy shall apply to the department. If the board certifies that the application complies with applicable law, the department shall issue the permit. No permit shall be issued unless a duly licensed and qualified nuclear pharmacist is designated as being responsible for activities described in s. 465.0126. A nuclear pharmacy must pass an onsite inspection by the department as a prerequisite to the issuance of an initial permit or a permit for a change of location. The inspection must be completed within 90 days before the issuance of the permit. The permittee shall notify the department within 10 days of any change of the licensed pharmacist responsible for the compounding and dispensing of nuclear pharmaceuticals.

Section 13. Section 465.0195, Florida Statutes, is created to read:

465.0195 Pharmacy or outsourcing facility; sterile compounding permit.—Before a pharmacy or outsourcing facility located in this state dispenses, creates, delivers, ships, or mails, in any manner, a compounded sterile product, the pharmacy or outsourcing facility must hold a sterile compounding permit.

(1) An application for a sterile compounding permit shall be submitted on a form furnished by the board. The board may require such information as it deems reasonably necessary to carry out the purposes of this section.

(2) If the board certifies that the application complies with applicable laws and rules of the board governing pharmacies, the department shall issue the permit.

(3) A pharmacy or outsourcing facility must pass an onsite inspection by the department as a prerequisite to the issuance of an initial permit or a permit for a change of location. The inspection must be completed within 90 days before the issuance of the permit. The board may adopt by rule standards for conducting an onsite inspection for issuance of a sterile compounding permit.

(4) A permit may not be issued unless a licensed pharmacist is designated to undertake the professional supervision of the compounding and dispensing of all drugs dispensed by the permittee.

(5) A permittee must notify the department within 10 days after any change of the licensed pharmacist under subsection (4). Each permittee that employs or otherwise uses registered pharmacy technicians shall have a written policy and procedures manual specifying those duties, tasks, and functions that a registered pharmacy technician is authorized to perform.

(6) The board may adopt by rule standards of practice for sterile compounding. In adopting such rules, the board shall give due consideration to the standards and requirements provided in chapter 797 of the United States Pharmacopeia, or other professionally accepted standards deemed authoritative by the board. In adopting such rules for an outsourcing facility, the board shall consider the standards and requirements of current good manufacturing practices as set forth by federal law and any other professionally accepted standards deemed authoritative by the board.

(7) All provisions relating to pharmacy permits found in ss. 465.022 and 465.023 apply to permits issued pursuant to this

section.

Section 14. Section 465.0196, Florida Statutes, is amended to read:

465.0196 Special pharmacy permits.—Any person desiring a permit to operate a special pharmacy shall apply to the department for a special pharmacy permit. If the board certifies that the application complies with the applicable laws and rules of the board governing the practice of the profession of pharmacy, the department shall issue the permit. A special pharmacy must pass an onsite inspection by the department as a prerequisite to the issuance of an initial permit or a permit for a change of location. The inspection must be completed within 90 days before the issuance of the permit. A permit may not be issued unless a licensed pharmacist is designated to undertake the professional supervision of the compounding and dispensing of all drugs dispensed by the pharmacy. The licensed pharmacist shall be responsible for maintaining all drug records and for providing for the security of the area in the facility in which the compounding, storing, and dispensing of medicinal drugs occurs. The permittee shall notify the department within 10 days after any change of the licensed pharmacist responsible for such duties. Each permittee that employs or otherwise uses registered pharmacy technicians shall have a written policy and procedures manual specifying those duties, tasks, and functions that a registered pharmacy technician is allowed to perform.

Section 15. Subsection (2) of section 465.0197, Florida Statutes, is amended to read:

465.0197 Internet pharmacy permits.—

(2) An Internet pharmacy must obtain a permit under this

section to sell medicinal drugs to persons in this state. An Internet pharmacy must pass an onsite inspection by the department as a prerequisite to the issuance of an initial permit or a permit for a change of location. The inspection must be completed within 90 days before the issuance of the permit.

Section 16. Subsection (4) of section 466.006, Florida Statutes, is amended to read:

466.006 Examination of dentists.—

(4) Notwithstanding any other provision of law in chapter 456 pertaining to the clinical dental licensure examination or national examinations, to be licensed as a dentist in this state, an applicant must successfully complete the following:

(a) A written examination on the laws and rules of the state regulating the practice of dentistry;

(b)1. A practical or clinical examination, which shall be the American Dental Licensing Examination produced by the American Board of Dental Examiners, Inc., or its successor entity, if any, that is administered in this state ~~and graded by dentists licensed in this state and employed by the department for just such purpose~~, provided that the board has attained, and continues to maintain thereafter, representation on the board of directors of the American Board of Dental Examiners, the examination development committee of the American Board of Dental Examiners, and such other committees of the American Board of Dental Examiners as the board deems appropriate by rule to assure that the standards established herein are maintained organizationally. A passing score on the American Dental Licensing Examination administered in this state ~~and graded by dentists who are licensed in this state~~ is valid for 365 days

after the date the official examination results are published.

2.a. As an alternative to the requirements of subparagraph 1., an applicant may submit scores from an American Dental Licensing Examination previously administered in a jurisdiction other than this state after October 1, 2011, and such examination results shall be recognized as valid for the purpose of licensure in this state. A passing score on the American Dental Licensing Examination administered out-of-state shall be the same as the passing score for the American Dental Licensing Examination administered in this state ~~and graded by dentists who are licensed in this state~~. The examination results are valid for 365 days after the date the official examination results are published. The applicant must have completed the examination after October 1, 2011.

b. This subparagraph may not be given retroactive application.

3. If the date of an applicant's passing American Dental Licensing Examination scores from an examination previously administered in a jurisdiction other than this state under subparagraph 2. is older than 365 days, then such scores shall nevertheless be recognized as valid for the purpose of licensure in this state, but only if the applicant demonstrates that all of the following additional standards have been met:

a.(I) The applicant completed the American Dental Licensing Examination after October 1, 2011.

(II) This sub-subparagraph may not be given retroactive application;

b. The applicant graduated from a dental school accredited by the American Dental Association Commission on Dental

Accreditation or its successor entity, if any, or any other dental accrediting organization recognized by the United States Department of Education. Provided, however, if the applicant did not graduate from such a dental school, the applicant may submit proof of having successfully completed a full-time supplemental general dentistry program accredited by the American Dental Association Commission on Dental Accreditation of at least 2 consecutive academic years at such accredited sponsoring institution. Such program must provide didactic and clinical education at the level of a D.D.S. or D.M.D. program accredited by the American Dental Association Commission on Dental Accreditation;

c. The applicant currently possesses a valid and active dental license in good standing, with no restriction, which has never been revoked, suspended, restricted, or otherwise disciplined, from another state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

d. The applicant submits proof that he or she has never been reported to the National Practitioner Data Bank, the Healthcare Integrity and Protection Data Bank, or the American Association of Dental Boards Clearinghouse. This sub-subparagraph does not apply if the applicant successfully appealed to have his or her name removed from the data banks of these agencies;

e.(I) In the 5 years immediately preceding the date of application for licensure in this state, the applicant must submit proof of having been consecutively engaged in the full-time practice of dentistry in another state or territory of the

United States, the District of Columbia, or the Commonwealth of Puerto Rico, or, if the applicant has been licensed in another state or territory of the United States, the District of Columbia, or the Commonwealth of Puerto Rico for less than 5 years, the applicant must submit proof of having been engaged in the full-time practice of dentistry since the date of his or her initial licensure.

(II) As used in this section, "full-time practice" is defined as a minimum of 1,200 hours per year for each and every year in the consecutive 5-year period or, where applicable, the period since initial licensure, and must include any combination of the following:

(A) Active clinical practice of dentistry providing direct patient care.

(B) Full-time practice as a faculty member employed by a dental or dental hygiene school approved by the board or accredited by the American Dental Association Commission on Dental Accreditation.

(C) Full-time practice as a student at a postgraduate dental education program approved by the board or accredited by the American Dental Association Commission on Dental Accreditation.

(III) The board shall develop rules to determine what type of proof of full-time practice is required and to recoup the cost to the board of verifying full-time practice under this section. Such proof must, at a minimum, be:

(A) Admissible as evidence in an administrative proceeding;

(B) Submitted in writing;

(C) Submitted by the applicant under oath with penalties of

perjury attached;

(D) Further documented by an affidavit of someone unrelated to the applicant who is familiar with the applicant's practice and testifies with particularity that the applicant has been engaged in full-time practice; and

(E) Specifically found by the board to be both credible and admissible.

(IV) An affidavit of only the applicant is not acceptable proof of full-time practice unless it is further attested to by someone unrelated to the applicant who has personal knowledge of the applicant's practice. If the board deems it necessary to assess credibility or accuracy, the board may require the applicant or the applicant's witnesses to appear before the board and give oral testimony under oath;

f. The applicant must submit documentation that he or she has completed, or will complete, prior to licensure in this state, continuing education equivalent to this state's requirements for the last full reporting biennium;

g. The applicant must prove that he or she has never been convicted of, or pled nolo contendere to, regardless of adjudication, any felony or misdemeanor related to the practice of a health care profession in any jurisdiction;

h. The applicant must successfully pass a written examination on the laws and rules of this state regulating the practice of dentistry and must successfully pass the computer-based diagnostic skills examination; and

i. The applicant must submit documentation that he or she has successfully completed the National Board of Dental Examiners dental examination.

Section 17. Paragraph (b) of subsection (4) and paragraph (a) of subsection (6) of section 466.007, Florida Statutes, are amended to read:

466.007 Examination of dental hygienists.—

(4) Effective July 1, 2012, to be licensed as a dental hygienist in this state, an applicant must successfully complete the following:

(b) A practical or clinical examination approved by the board. The examination shall be the Dental Hygiene Examination produced by the American Board of Dental Examiners, Inc. (ADEX) or its successor entity, if any, if the board finds that the successor entity's clinical examination meets or exceeds the provisions of this section. The board shall approve the ADEX Dental Hygiene Examination if the board has attained and continues to maintain representation on the ADEX House of Representatives, the ADEX Dental Hygiene Examination Development Committee, and such other ADEX Dental Hygiene committees as the board deems appropriate through rulemaking to ensure that the standards established in this section are maintained organizationally. The ADEX Dental Hygiene Examination or the examination produced by its successor entity is a comprehensive examination in which an applicant must demonstrate skills within the dental hygiene scope of practice on a live patient and any other components that the board deems necessary for the applicant to successfully demonstrate competency for the purpose of licensure. ~~The ADEX Dental Hygiene Examination or the examination by the successor entity administered in this state shall be graded by dentists and dental hygienists licensed in this state who are employed by the department for this purpose.~~

(6)(a) A passing score on the ADEX Dental Hygiene Examination administered out of state shall be considered the same as a passing score for the ADEX Dental Hygiene Examination administered in this state ~~and graded by licensed dentists and dental hygienists~~.

Section 18. Subsections (9) through (15) are added to section 466.017, Florida Statutes, to read:

466.017 Prescription of drugs; anesthesia.—

(9) Any adverse incident that occurs in an office maintained by a dentist must be reported to the department. The required notification to the department must be submitted in writing by certified mail and postmarked within 48 hours after the incident occurs.

(10) A dentist practicing in this state must notify the board in writing by certified mail within 48 hours of any mortality or other adverse incident that occurs in the dentist's outpatient facility. A complete written report must be filed with the board within 30 days after the mortality or other adverse incident.

(11) For purposes of notification to the department pursuant to this section, the term "adverse incident" means any mortality that occurs during or as the result of a dental procedure, or an incident that results in a temporary or permanent physical or mental injury that requires hospitalization or emergency room treatment of a dental patient which occurred during or as a direct result of the use of anesthesia, deep sedation, moderate sedation, pediatric moderate sedation, oral sedation, minimal sedation(anxiolysis), nitrous oxide, or local anesthesia.

(12) Any certified registered dental hygienist administering local anesthesia must notify the board, in writing by registered mail within 48 hours of any adverse incident that was related to or the result of the administration of local anesthesia. A complete written report must be filed with the board within 30 days after the mortality or other adverse incident.

(13) A failure by the dentist or dental hygienist to timely and completely comply with all the reporting requirements in this section is the basis for disciplinary action by the board pursuant to s. 466.028(1).

(14) The department shall review each incident and determine whether it involved conduct by a health care professional subject to disciplinary action, in which case s. 456.073 applies. Disciplinary action, if any, shall be taken by the board under which the health care professional is licensed.

(15) The board may adopt rules to administer this section.

Section 19. Subsection (1) of section 466.031, Florida Statutes, is amended to read:

466.031 "Dental laboratory" defined.—The term "dental laboratory" as used in this chapter:

(1) Includes any person, firm, or corporation who performs for a fee of any kind, gratuitously, or otherwise, directly or through an agent or employee, by any means or method, or who in any way supplies or manufactures artificial substitutes for the natural teeth, or who furnishes, supplies, constructs, or reproduces or repairs any prosthetic denture, bridge, or appliance to be worn in the human mouth, or who provides onsite consultation during dental procedures, or who in any way holds

itself out as a dental laboratory.

Section 20. Section 466.036, Florida Statutes, is amended to read:

466.036 Information; periodic inspections; equipment and supplies.—The department may require from the applicant for a registration certificate to operate a dental laboratory any information necessary to carry out the purpose of this chapter, including proof that the applicant has the equipment and supplies necessary to operate as determined by rule of the department, and shall require periodic inspection of all dental laboratories operating in this state at least once each biennial registration period. Such inspections shall include, but not be limited to, inspection of sanitary conditions, equipment, supplies, and facilities on the premises. The department shall specify dental equipment and supplies that are not permitted in a registered dental laboratory.

Section 21. Subsection (1) of section 468.701, Florida Statutes, is amended to read:

468.701 Definitions.—As used in this part, the term:

(1) "Athletic trainer" means a person licensed under this part who has met the requirements under this part, including education requirements as set forth by the Commission on Accreditation of Athletic Training Education or its successor and necessary credentials from the Board of Certification. An athletic trainer must work within his or her scope of practice as established in the rules adopted by the board under s. 468.705. An individual who is licensed as an athletic trainer may not otherwise provide, offer to provide, or represent that he or she is qualified to provide any care or services beyond

his or her scope of practice, or that he or she lacks the education, training, or experience to provide, or that he or she is otherwise prohibited by law from providing.

Section 22. Section 468.707, Florida Statutes, is amended to read:

468.707 Licensure requirements.—Any person desiring to be licensed as an athletic trainer shall apply to the department on a form approved by the department. An applicant shall also provide records or other evidence, as determined by the board, to prove he or she has met the requirements of this section. The department shall license each applicant who:

(1) Has completed the application form and remitted the required fees.

(2) ~~For a person who applies on or after July 1, 2016,~~ Has submitted to background screening pursuant to s. 456.0135. The board may require a background screening for an applicant whose license has expired or who is undergoing disciplinary action.

(3)(a) Has obtained a baccalaureate or higher degree from a college or university professional athletic training degree program accredited by the Commission on Accreditation of Athletic Training Education or its successor recognized and approved by the United States Department of Education or the Commission on Recognition of Postsecondary Accreditation, approved by the board, or recognized by the Board of Certification, and has passed the national examination to be certified by the Board of Certification; or~~.~~

(b) ~~(4)~~ Has obtained, at a minimum, a bachelor's degree and has completed the Board of Certification internship requirements and ~~If graduated before 2004,~~ has a current certification from

the Board of Certification.

(4) ~~(5)~~ Has current certification in both cardiopulmonary resuscitation and the use of an automated external defibrillator set forth in the continuing education requirements as determined by the board pursuant to s. 468.711.

(5) ~~(6)~~ Has completed any other requirements as determined by the department and approved by the board.

Section 23. Subsection (3) of section 468.711, Florida Statutes, is amended to read:

468.711 Renewal of license; continuing education.—

(3) If initially licensed after January 1, 1998, the licensee must be currently certified by the Board of Certification or its successor agency and maintain that certification in good standing without lapse.

Section 24. Subsection (2) of section 468.723, Florida Statutes, is amended to read:

468.723 Exemptions.—This part does not prevent or restrict:

(2) An athletic training student acting under the direct supervision of a licensed athletic trainer. For purposes of this subsection, "direct supervision" means the physical presence of an athletic trainer so that the athletic trainer is immediately available to the athletic training student and able to intervene on behalf of the athletic training student. The supervision must be in accordance with rules adopted by the board ~~the standards set forth by the Commission on Accreditation of Athletic Training Education or its successor~~.

Section 25. Subsections (1), (3), and (4) of section 468.803, Florida Statutes, are amended to read:

468.803 License, registration, and examination

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

requirements.—

(1) The department shall issue a license to practice orthotics, prosthetics, or pedorthics, or a registration for a resident to practice orthotics or prosthetics, to qualified applicants. Licenses shall be granted independently in orthotics, prosthetics, or pedorthics, but a person may be licensed in more than one such discipline, and a prosthetist-orthotist license may be granted to persons meeting the requirements for both a prosthetist and an orthotist license. Registrations shall be granted independently in orthotics or prosthetics, and a person may be registered in both fields at the same time or jointly in orthotics and prosthetics as a dual registration.

(3) A person seeking to attain the required orthotics or prosthetics experience in this state must be approved by the board and registered as a resident by the department. Although a registration may be held in both practice fields, for independent registrations, the board shall not approve a second registration until at least 1 year after the issuance of the first registration. Notwithstanding subsection (2), an applicant for independent registrations who has been approved by the board and registered by the department in one practice field may apply for registration in the second practice field without an additional state or national criminal history check during the period in which the first registration is valid. Each independent registration or dual registration is valid for 2 years from the date of issuance unless otherwise revoked by the department upon recommendation of the board. The board shall set a registration fee not to exceed $500 to be paid by the

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

applicant. A registration may be renewed once by the department upon recommendation of the board for a period no longer than 1 year, as such renewal is defined by the board by rule. The registration renewal fee shall not exceed one-half the current registration fee. To be considered by the board for approval of registration as a resident, the applicant must have:

(a) A Bachelor of Science or higher-level postgraduate degree in Orthotics and Prosthetics from a regionally accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from a regionally accredited college or university and a certificate in orthotics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; ~~or~~

(b) A Bachelor of Science or higher-level postgraduate degree in Orthotics and Prosthetics from a regionally accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from a regionally accredited college or university and a certificate in prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; or

(c) A Bachelor of Science or higher-level postgraduate degree in Orthotics and Prosthetics from a regionally accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from a regionally accredited

college or university and a dual certificate in both orthotics and prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board.

(4) The department may develop and administer a state examination for an orthotist or a prosthetist license, or the board may approve the existing examination of a national standards organization. The examination must be predicated on a minimum of a baccalaureate-level education and formalized specialized training in the appropriate field. Each examination must demonstrate a minimum level of competence in basic scientific knowledge, written problem solving, and practical clinical patient management. The board shall require an examination fee not to exceed the actual cost to the board in developing, administering, and approving the examination, which fee must be paid by the applicant. To be considered by the board for examination, the applicant must have:

(a) For an examination in orthotics:

1. A Bachelor of Science or higher-level postgraduate degree in Orthotics and Prosthetics from a regionally accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from a regionally accredited college or university and a certificate in orthotics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; and

2. An approved orthotics internship of 1 year of qualified experience, as determined by the board, or an orthotic residency

program or a dual residency program recognized by the board.

(b) For an examination in prosthetics:

1. A Bachelor of Science or higher-level postgraduate degree in Orthotics and Prosthetics from a regionally accredited college or university recognized by the Commission on Accreditation of Allied Health Education Programs or, at a minimum, a bachelor's degree from a regionally accredited college or university and a certificate in prosthetics from a program recognized by the Commission on Accreditation of Allied Health Education Programs, or its equivalent, as determined by the board; and

2. An approved prosthetics internship of 1 year of qualified experience, as determined by the board, or a prosthetic residency program or dual residency program recognized by the board.

Section 26. Subsection (5) of section 480.033, Florida Statutes, is amended to read:

480.033 Definitions.—As used in this act:

(5) "Apprentice" means a person approved by the board to study colonic irrigation ~~massage~~ under the instruction of a licensed massage therapist practicing colonic irrigation.

Section 27. Subsections (1) and (2) of section 480.041, Florida Statutes, are amended, and subsection (8) is added to that section, to read:

480.041 Massage therapists; qualifications; licensure; endorsement.—

(1) Any person is qualified for licensure as a massage therapist under this act who:

(a) Is at least 18 years of age or has received a high

school diploma or high school equivalency diploma;

(b) Has completed a course of study at a board-approved massage school ~~or has completed an apprenticeship program~~ that meets standards adopted by the board; and

(c) Has received a passing grade on a national ~~an~~ examination designated ~~administered~~ by the board ~~department~~.

(2) Every person desiring to be examined for licensure as a massage therapist shall apply to the department in writing upon forms prepared and furnished by the department. Such applicants shall be subject to the provisions of s. 480.046(1). ~~Applicants may take an examination administered by the department only upon meeting the requirements of this section as determined by the board.~~

(8) A person issued a license as a massage apprentice before July 1, 2018, may continue that apprenticeship and perform massage therapy as authorized under that license until its expiration. Upon completion of the apprenticeship, before July 1, 2021, a massage apprentice may apply to the board for full licensure and be granted a license if all other applicable licensure requirements are met.

Section 28. Section 480.042, Florida Statutes, is repealed.

Section 29. Subsection (3) of section 480.046, Florida Statutes, is amended, and subsection (5) is added to that section, to read:

480.046 Grounds for disciplinary action by the board.—

(3) The board may ~~shall have the power to~~ revoke or suspend the license of a massage establishment licensed under this act, or ~~to~~ deny subsequent licensure of such an establishment, if the establishment is owned by an individual or entity who has had a

prior establishment license revoked, in any ~~either~~ of the following cases:

(a) Upon proof that a license has been obtained by fraud or misrepresentation.

(b) Upon proof that the holder of a license is guilty of fraud or deceit or of gross negligence, incompetency, or misconduct in the operation of the establishment so licensed.

(c) Upon proof that the owner of the massage establishment or any individual or individuals providing massage therapy services within the establishment, in the aggregate or individually, have had three convictions of, or pleas of guilty or nolo contendere to, or dismissals of a criminal action after a successful completion of a pretrial intervention, diversion, or substance abuse program for any misdemeanor or felony, regardless of adjudication, a crime in any jurisdiction related to prostitution and related acts as defined in s. 796.07, which occurred at or within the establishment.

(5) An establishment may not apply for relicensure if disciplined under this section unless there is a change in ownership.

Section 30. Subsection (3) of section 490.003, Florida Statutes, is amended to read:

490.003 Definitions.—As used in this chapter:

(3)~~(a) Prior to July 1, 1999, "doctoral-level psychological education" and "doctoral degree in psychology" mean a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from:~~

~~1. An educational institution which, at the time the applicant was enrolled and graduated, had institutional accreditation from an agency recognized and approved by the~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~United States Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada; and~~

~~2. A psychology program within that educational institution which, at the time the applicant was enrolled and graduated, had programmatic accreditation from an accrediting agency recognized and approved by the United States Department of Education or was comparable to such programs.~~

~~(b)~~ Effective July 1, 1999, "doctoral-level psychological education" and "doctoral degree in psychology" mean a Psy.D., an Ed.D. in psychology, or a Ph.D. in psychology from:

(a)~~1.~~ An educational institution that ~~which~~, at the time the applicant was enrolled and graduated, had institutional accreditation from an agency recognized and approved by the United States Department of Education or was recognized as a member in good standing with the Association of Universities and Colleges of Canada; and

(b)~~2.~~ A psychology program within that educational institution which, at the time the applicant was enrolled and graduated, had programmatic accreditation from the American Psychological Association ~~an agency recognized and approved by the United States Department of Education~~.

Section 31. Paragraph (b) of subsection (1) and paragraph (b) of subsection (2) of section 490.005, Florida Statutes, are amended to read:

490.005 Licensure by examination.—

(1) Any person desiring to be licensed as a psychologist shall apply to the department to take the licensure examination. The department shall license each applicant who the board

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

certifies has:

(b) Submitted proof satisfactory to the board that the applicant has:

1. Received doctoral-level psychological education, as defined in s. 490.003(3); or

2. Received the equivalent of a doctoral-level psychological education, as defined in s. 490.003(3), from a program at a school or university located outside the United States of America ~~and Canada~~, which was officially recognized by the government of the country in which it is located as an institution or program to train students to practice professional psychology. The burden of establishing that the requirements of this provision have been met shall be upon the applicant~~:~~

~~3. Received and submitted to the board, prior to July 1, 1999, certification of an augmented doctoral-level psychological education from the program director of a doctoral-level psychology program accredited by a programmatic agency recognized and approved by the United States Department of Education; or~~

~~4. Received and submitted to the board, prior to August 31, 2001, certification of a doctoral-level program that at the time the applicant was enrolled and graduated maintained a standard of education and training comparable to the standard of training of programs accredited by a programmatic agency recognized and approved by the United States Department of Education. Such certification of comparability shall be provided by the program director of a doctoral-level psychology program accredited by a programmatic agency recognized and approved by the United States~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~Department of Education~~.

(2) Any person desiring to be licensed as a school psychologist shall apply to the department to take the licensure examination. The department shall license each applicant who the department certifies has:

(b) Submitted satisfactory proof to the department that the applicant:

1. Has received a doctorate, specialist, or equivalent degree from a program primarily psychological in nature and has completed 60 semester hours or 90 quarter hours of graduate study, in areas related to school psychology as defined by rule of the department, from a college or university which at the time the applicant was enrolled and graduated was accredited by an accrediting agency recognized and approved by the Council for Higher Education Accreditation, its successor, ~~Commission on Recognition of Postsecondary Accreditation~~ or an institution which is publicly recognized as a member in good standing with the Association of Universities and Colleges of Canada.

2. Has had a minimum of 3 years of experience in school psychology, 2 years of which must be supervised by an individual who is a licensed school psychologist or who has otherwise qualified as a school psychologist supervisor, by education and experience, as set forth by rule of the department. A doctoral internship may be applied toward the supervision requirement.

3. Has passed an examination provided by the department.

Section 32. Subsection (1) of section 490.006, Florida Statutes, is amended to read:

490.006 Licensure by endorsement.—

(1) The department shall license a person as a psychologist

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

or school psychologist who, upon applying to the department and remitting the appropriate fee, demonstrates to the department or, in the case of psychologists, to the board that the applicant:

~~(a) Holds a valid license or certificate in another state to practice psychology or school psychology, as applicable, provided that, when the applicant secured such license or certificate, the requirements were substantially equivalent to or more stringent than those set forth in this chapter at that time; and, if no Florida law existed at that time, then the requirements in the other state must have been substantially equivalent to or more stringent than those set forth in this chapter at the present time;~~

(a) ~~(b)~~ Is a diplomate in good standing with the American Board of Professional Psychology, Inc.; or

(b) ~~(c)~~ Possesses a doctoral degree in psychology as described in s. 490.003 and has at least 10 ~~20~~ years of experience as a licensed psychologist in any jurisdiction or territory of the United States within 25 years preceding the date of application.

Section 33. Subsection (6) of section 491.0045, Florida Statutes, as amended by chapter 2016-80 and chapter 2016-241, Laws of Florida, is amended to read:

491.0045 Intern registration; requirements.—

(6) A registration issued on or before March 31, 2017, expires March 31, 2022, and may not be renewed or reissued. Any registration issued after March 31, 2017, expires 60 months after the date it is issued. The board may make a one-time exception from the requirements of this section in emergency or

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

hardship cases, as defined by board rule, if ~~A subsequent intern registration may not be issued unless~~ the candidate has passed the theory and practice examination described in s. 491.005(1)(d), (3)(d), and (4)(d).

Section 34. Subsections (3) and (4) of section 491.005, Florida Statutes, are amended to read:

491.005 Licensure by examination.—

(3) MARRIAGE AND FAMILY THERAPY.—Upon verification of documentation and payment of a fee not to exceed $200, as set by board rule, plus the actual cost ~~to the department~~ for the purchase of the examination from the Association of Marital and Family Therapy Regulatory Board, or similar national organization, the department shall issue a license as a marriage and family therapist to an applicant who the board certifies:

(a) Has submitted an application and paid the appropriate fee.

(b)1. Has a minimum of a master's degree with major emphasis in marriage and family therapy from a program accredited by the Commission on Accreditation for Marriage and Family Therapy Education or from a Florida university program accredited by the Council for Accreditation of Counseling and Related Educational Programs, or a closely related field, and has completed graduate courses approved by the Board of Clinical Social Work, Marriage and Family Therapy, and Mental Health Counseling. ~~has completed all of the following requirements:~~

~~a. Thirty-six semester hours or 48 quarter hours of graduate coursework, which must include a minimum of 3 semester hours or 4 quarter hours of graduate-level course credits in each of the following nine areas: dynamics of marriage and~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~family systems; marriage therapy and counseling theory and techniques; family therapy and counseling theory and techniques; individual human development theories throughout the life cycle; personality theory or general counseling theory and techniques; psychopathology; human sexuality theory and counseling techniques; psychosocial theory; and substance abuse theory and counseling techniques. Courses in research, evaluation, appraisal, assessment, or testing theories and procedures; thesis or dissertation work; or practicums, internships, or fieldwork may not be applied toward this requirement.~~

~~b. A minimum of one graduate-level course of 3 semester hours or 4 quarter hours in legal, ethical, and professional standards issues in the practice of marriage and family therapy or a course determined by the board to be equivalent.~~

~~c. A minimum of one graduate-level course of 3 semester hours or 4 quarter hours in diagnosis, appraisal, assessment, and testing for individual or interpersonal disorder or dysfunction; and a minimum of one 3-semester-hour or 4-quarter-hour graduate-level course in behavioral research which focuses on the interpretation and application of research data as it applies to clinical practice. Credit for thesis or dissertation work, practicums, internships, or fieldwork may not be applied toward this requirement.~~

~~d. A minimum of one supervised clinical practicum, internship, or field experience in a marriage and family counseling setting, during which the student provided 180 direct client contact hours of marriage and family therapy services under the supervision of an individual who met the requirements for supervision under paragraph (c). This requirement may be met~~

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

~~by a supervised practice experience which took place outside the academic arena, but which is certified as equivalent to a graduate-level practicum or internship program which required a minimum of 180 direct client contact hours of marriage and family therapy services currently offered within an academic program of a college or university accredited by an accrediting agency approved by the United States Department of Education, or an institution which is publicly recognized as a member in good standing with the Association of Universities and Colleges of Canada or a training institution accredited by the Commission on Accreditation for Marriage and Family Therapy Education recognized by the United States Department of Education. Certification shall be required from an official of such college, university, or training institution.~~

2. If the course title which appears on the applicant's transcript does not clearly identify the content of the coursework, the applicant shall be required to provide additional documentation, including, but not limited to, a syllabus or catalog description published for the course.

The required master's degree must have been received in an institution of higher education which at the time the applicant graduated was: fully accredited by a regional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation; publicly recognized as a member in good standing with the Association of Universities and Colleges of Canada; or an institution of higher education located outside the United States and Canada, which at the time the applicant was enrolled and at the time the applicant graduated maintained a standard of

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

training substantially equivalent to the standards of training of those institutions in the United States which are accredited by a regional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation. Such foreign education and training must have been received in an institution or program of higher education officially recognized by the government of the country in which it is located as an institution or program to train students to practice as professional marriage and family therapists or psychotherapists. The burden of establishing that the requirements of this provision have been met shall be upon the applicant, and the board shall require documentation, such as, but not limited to, an evaluation by a foreign equivalency determination service, as evidence that the applicant's graduate degree program and education were equivalent to an accredited program in this country. An applicant with a master's degree from a program which did not emphasize marriage and family therapy may complete the coursework requirement in a training institution fully accredited by the Commission on Accreditation for Marriage and Family Therapy Education recognized by the United States Department of Education.

(c) Has had at least 2 years of clinical experience during which 50 percent of the applicant's clients were receiving marriage and family therapy services, which must be at the post-master's level under the supervision of a licensed marriage and family therapist with at least 5 years of experience, or the equivalent, who is a qualified supervisor as determined by the board. An individual who intends to practice in Florida to satisfy the clinical experience requirements must register

pursuant to s. 491.0045 before commencing practice. If a graduate has a master's degree with a major emphasis in marriage and family therapy or a closely related field that did not include all the coursework required under subparagraph (b)1. ~~sub-subparagraphs (b)1.a.-c.~~, credit for the post-master's level clinical experience shall not commence until the applicant has completed a minimum of 10 of the courses required under subparagraph (b)1. ~~sub-subparagraphs (b)1.a.-c.~~, as determined by the board, and at least 6 semester hours or 9 quarter hours of the course credits must have been completed in the area of marriage and family systems, theories, or techniques. Within the 2 ~~3~~ years of required experience, the applicant shall provide direct individual, group, or family therapy and counseling, to include the following categories of cases: unmarried dyads, married couples, separating and divorcing couples, and family groups including children. A doctoral internship may be applied toward the clinical experience requirement. A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

(d) Has passed a theory and practice examination provided by the department for this purpose.

(e) Has demonstrated, in a manner designated by rule of the board, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.

(f) For the purposes of dual licensure, the department shall license as a marriage and family therapist any person who meets the requirements of s. 491.0057. Fees for dual licensure

shall not exceed those stated in this subsection.

(4) MENTAL HEALTH COUNSELING.—Upon verification of documentation and payment of a fee not to exceed $200, as set by board rule, plus the actual per applicant cost to the department for purchase of the examination from the National Board for Certified Counselors or its successor ~~Professional Examination Service for the National Academy of Certified Clinical Mental Health Counselors or a similar national organization~~, the department shall issue a license as a mental health counselor to an applicant who the board certifies:

(a) Has submitted an application and paid the appropriate fee.

(b)1. Has a minimum of an earned master's degree from a mental health counseling program accredited by the Council for the Accreditation of Counseling and Related Educational Programs that consists of at least 60 semester hours or 80 quarter hours of clinical and didactic instruction, including a course in human sexuality and a course in substance abuse. If the master's degree is earned from a program related to the practice of mental health counseling that is not accredited by the Council for the Accreditation of Counseling and Related Educational Programs, then the coursework and practicum, internship, or fieldwork must consist of at least 60 semester hours or 80 quarter hours and meet the following requirements:

a. Thirty-three semester hours or 44 quarter hours of graduate coursework, which must include a minimum of 3 semester hours or 4 quarter hours of graduate-level coursework in each of the following 11 content areas: counseling theories and practice; human growth and development; diagnosis and treatment

of psychopathology; human sexuality; group theories and practice; individual evaluation and assessment; career and lifestyle assessment; research and program evaluation; social and cultural foundations; ~~counseling in community settings; and~~ substance abuse; and legal, ethical, and professional standards issues in the practice of mental health counseling. Courses in research, thesis or dissertation work, practicums, internships, or fieldwork may not be applied toward this requirement.

b. A minimum of 3 semester hours or 4 quarter hours of graduate-level coursework addressing diagnostic processes, including differential diagnosis and the use of the current diagnostic tools, such as the current edition of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders. The graduate program must have emphasized the common core curricular experience ~~in legal, ethical, and professional standards issues in the practice of mental health counseling, which includes goals, objectives, and practices of professional counseling organizations, codes of ethics, legal considerations, standards of preparation, certifications and licensing, and the role identity and professional obligations of mental health counselors. Courses in research, thesis or dissertation work, practicums, internships, or fieldwork may not be applied toward this requirement~~.

c. The equivalent, as determined by the board, of at least 700 ~~1,000~~ hours of university-sponsored supervised clinical practicum, internship, or field experience that includes at least 280 hours of direct client services, as required in the accrediting standards of the Council for Accreditation of Counseling and Related Educational Programs for mental health

counseling programs. This experience may not be used to satisfy the post-master's clinical experience requirement.

2. If the course title which appears on the applicant's transcript does not clearly identify the content of the coursework, the applicant shall be required to provide additional documentation, including, but not limited to, a syllabus or catalog description published for the course.

Education and training in mental health counseling must have been received in an institution of higher education which at the time the applicant graduated was: fully accredited by a regional accrediting body recognized by the Council for Higher Education or its successor ~~Commission on Recognition of Postsecondary Accreditation~~; publicly recognized as a member in good standing with the Association of Universities and Colleges of Canada; or an institution of higher education located outside the United States and Canada, which at the time the applicant was enrolled and at the time the applicant graduated maintained a standard of training substantially equivalent to the standards of training of those institutions in the United States which are accredited by a regional accrediting body recognized by the Council for Higher Education or its successor ~~Commission on Recognition of Postsecondary Accreditation~~. Such foreign education and training must have been received in an institution or program of higher education officially recognized by the government of the country in which it is located as an institution or program to train students to practice as mental health counselors. The burden of establishing that the requirements of this provision have been met shall be upon the applicant, and the board shall require

documentation, such as, but not limited to, an evaluation by a foreign equivalency determination service, as evidence that the applicant's graduate degree program and education were equivalent to an accredited program in this country. Beginning July 1, 2024, an applicant must have a master's degree that is accredited by the Council for Accreditation of Counseling and Related Educational Programs which consists of at least 60 semester hours or 80 quarter hours to apply for licensure under this paragraph.

(c) Has had at least 2 years of clinical experience in mental health counseling, which must be at the post-master's level under the supervision of a licensed mental health counselor or the equivalent who is a qualified supervisor as determined by the board. An individual who intends to practice in Florida to satisfy the clinical experience requirements must register pursuant to s. 491.0045 before commencing practice. If a graduate has a master's degree with a major related to the practice of mental health counseling that did not include all the coursework required under sub-subparagraphs (b)1.a.-b., credit for the post-master's level clinical experience shall not commence until the applicant has completed a minimum of seven of the courses required under sub-subparagraphs (b)1.a.-b., as determined by the board, one of which must be a course in psychopathology or abnormal psychology. A doctoral internship may be applied toward the clinical experience requirement. A licensed mental health professional must be on the premises when clinical services are provided by a registered intern in a private practice setting.

(d) Has passed a theory and practice examination provided

by the department for this purpose.

(e) Has demonstrated, in a manner designated by rule of the board, knowledge of the laws and rules governing the practice of clinical social work, marriage and family therapy, and mental health counseling.

Section 35. Paragraph (b) of subsection (1) of section 491.006, Florida Statutes, is amended to read:

491.006 Licensure or certification by endorsement.—

(1) The department shall license or grant a certificate to a person in a profession regulated by this chapter who, upon applying to the department and remitting the appropriate fee, demonstrates to the board that he or she:

(b)1. Holds an active valid license to practice and has actively practiced the profession for which licensure is applied in another state for 3 of the last 5 years immediately preceding licensure.

~~2. Meets the education requirements of this chapter for the profession for which licensure is applied.~~

2.~~3.~~ Has passed a substantially equivalent licensing examination in another state or has passed the licensure examination in this state in the profession for which the applicant seeks licensure.

3.~~4.~~ Holds a license in good standing, is not under investigation for an act that would constitute a violation of this chapter, and has not been found to have committed any act that would constitute a violation of this chapter. The fees paid by any applicant for certification as a master social worker under this section are nonrefundable.

Section 36. Subsection (3) of section 491.007, Florida

Statutes, is amended to read:

491.007 Renewal of license, registration, or certificate.—

~~(3) The board or department shall prescribe by rule a method for the biennial renewal of an intern registration at a fee set by rule, not to exceed $100.~~

Section 37. Subsection (2) of section 491.009, Florida Statutes, is amended to read:

491.009 Discipline.—

(2) The board ~~department~~, or, in the case of certified master social workers ~~psychologists~~, the department ~~board~~, may enter an order denying licensure or imposing any of the penalties in s. 456.072(2) against any applicant for licensure or licensee who is found guilty of violating any provision of subsection (1) of this section or who is found guilty of violating any provision of s. 456.072(1).

Section 38. Paragraph (c) of subsection (2) of section 491.0046, Florida Statutes, is amended to read:

491.0046 Provisional license; requirements.—

(2) The department shall issue a provisional clinical social worker license, provisional marriage and family therapist license, or provisional mental health counselor license to each applicant who the board certifies has:

(c) Has met the following minimum coursework requirements:

1. For clinical social work, a minimum of 15 semester hours or 22 quarter hours of the coursework required by s. 491.005(1)(b)2.b.

2. For marriage and family therapy, 10 of the courses required by s. 491.005(3)(b)1. ~~s. 491.005(3)(b)1.a.-c.~~, as determined by the board, and at least 6 semester hours or 9

quarter hours of the course credits must have been completed in the area of marriage and family systems, theories, or techniques.

3. For mental health counseling, a minimum of seven of the courses required under s. 491.005(4)(b)1.a.-c.

Section 39. Subsection (11) of section 945.42, Florida Statutes, is amended to read:

945.42 Definitions; ss. 945.40-945.49.—As used in ss. 945.40-945.49, the following terms shall have the meanings ascribed to them, unless the context shall clearly indicate otherwise:

(11) "Psychological professional" means a behavioral practitioner who has an approved doctoral degree in psychology as defined in s. 490.003(3) ~~s. 490.003(3)(b)~~ and is employed by the department or who is licensed as a psychologist pursuant to chapter 490.

Section 40. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/CS/SB 1494
INTRODUCER:	Appropriations Committee; Banking and Insurance Committee; Health Policy Committee; and Senator Montford and others
SUBJECT:	Prescription Drug Pricing Transparency
DATE:	March 5, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Lloyd	Stovall	HP	**Fav/CS**
2.	Johnson	Knudson	BI	**Fav/CS**
3.	Sanders	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/CS/SB 1494 requires a pharmacist or his or her authorized employee to inform customers of potential lower cost generically equivalent alternatives for their prescriptions and whether a prescription's cost sharing amount exceeds the retail price in the absence of insurance coverage. The bill also requires pharmacy benefit managers (PBMs) to register with the Office of Insurance Regulation (OIR) and pay a biennial registration fee not to exceed $500. A PBM is a person or entity doing business in this state, which contracts to administer or manage prescription drug benefits on behalf of a health insurer or a health maintenance organization (HMO) to residents of this state.

Further, the bill requires that contracts of PBMs with insurers or HMOs must require the PBM to update the maximum allowable cost (MAC) information every seven calendar days and include specific terms to prohibit PBMs from limiting a pharmacist's ability to disclose to customers when cost sharing may exceed the retail price of a drug or the availability of a more affordable alternative drug. The bill also prohibits any contract between a PBM and a health insurer or HMO from requiring a customer to pay an amount that exceeds the applicable cost-sharing amount or the retail price of the drug in the absence of prescription drug coverage.

The bill appropriates $74,141 for one full time equivalent (FTE) position, with associated salary rate of 45,043, and $5,000 for technology upgrades to the Office of Insurance Regulation.

The effective date of the act is July 1, 2018.

II. Present Situation:

Prescription Drugs Costs

In 2016, total health care expenditures in the United States reached $3.3 trillion or $10,348 per person, which is a 4.3 percent increase over the 2015 level.[1,2] Of that amount, prescription drug coverage accounted for $328.6 billion, up from $324.5 billion, which was only a year-to-year growth rate of 1.3 percent.[3] In the prior year, 2014 to 2015, the annual growth trend in prescription drugs had been 8.9 percent and then 12.4 percent in the annual period of 2013 to 2014.[4] The significant growth rates of these periods are attributed largely to new medicines for hepatitis C and higher use rates for brand-names medications due to losses in certain patent protections.[5]

The graph below from the Centers for Medicare and Medicaid Services, Office of the Actuary, shows the Annual Growth in Retail Prescription Drug Spending from 2012 through 2016 highlighting the moderate increase in spending from 2015 to 2016 of 1.3 percent.[6] The 2016 decline in spending is linked to the approval of fewer new drugs, slower growth in brand name drugs, and a drop in spending in hepatitis C drugs.[7]

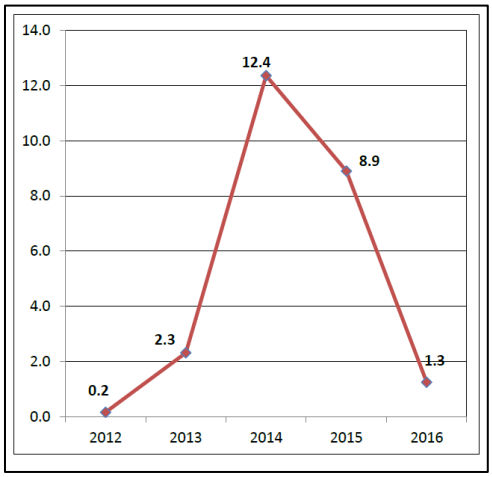
[7] *Id.*

Graph 1 - Annual Growth in Retail Prescription Drug Spending - 2012 - 2016



SOURCE: Centers for Medicare & Medicaid Services, Office of the Actuary, National Health Statistics

As shown in *Table 1* below, the largest payer for prescription drugs is private health insurance coverage at 43 percent.[8]

Utilization data shows an increase in 2016 in the number of prescriptions dispensed, especially for drugs that treat high blood pressure, high cholesterol, and mental health.[9]

Table 1: Retail Prescription Growth Rates, 2015-2016[10,11] (in percent)			
Payer	**Percentage of Market**	**Percent Growth**	
		2015	**2016**
Overall – All Payers	100	8.9	1.3
Private Health Insurance	43	10.4	0.8
Medicare	29	9.3	2.8
Medicaid	10	13.4	5.5
Out-of-pocket spending	14	1.6	(1.0)

The United States Department of Health and Human Services (USDHHS), in a brief issued on March 8, 2016, found the rise in prescription drug costs can be attributed to:

- Population growth (10 percent);
- Increase in the number of prescriptions dispensed per person (30 percent);
- Economy-wide inflation (30 percent); and,

[8] *Supra* note 5, at 155.
[9] *Supra* note 1, at 156.
[10] *Id.*
[11] Centers for Medicare and Medicaid Services, National Health Expenditure Data – Historical, *2016 - Table 16 – Retail Prescription Expenditures (Average Annual Percent Change from Previous Year Shown)* (Jan. 8, 2018) available at https://www.cms.gov/Research-Statistics-Data-and-Systems/Statistics-Trends-and-Reports/NationalHealthExpendData/NationalHealthAccountsHistorical.html (last viewed Feb. 22, 2018).

- Changes in the composition of drugs prescribed toward higher priced products or price increases for drugs that drove average price increases in excess of general inflation (30 percent).[12]

An increase in the use of specialty drugs may have also played a part in the increased costs. Expenditures on specialty drugs are rising more rapidly than expenditures on other drugs; however, there is no clear definition of what is considered a "specialty drug."[13] The estimates do not include non-retail drug spending.[14] The USDHHS estimates the 2015 non-retail drug spending at $128 billion. These estimates are based on data from the National Health Expenditure Accounts (NHEA) and account for 28 percent of all drug spending.[15]

Pharmacy Benefits Managers (PBMs)

Health insurers, HMOs, and other purchasers of health benefits coverage increasingly utilize pharmacy benefits managers (PBMs) to provide a range of services related to the acquisition and management of prescription drugs. The PBMs negotiate with retail pharmacies to obtain various discounts on prescription drug prices. The PBMs also provide the following services to its customers:

- Pharmacy claims processing;
- Mail-order pharmacy services;
- Rebate negotiations with drug manufacturers;
- Development of pharmacy networks;
- Formulary management;[16]
- Prospective and retrospective drug utilization reviews;
- Offer incentives to plan participations to use generic drug substitutions; and
- Disease management programs.

The decision of plan sponsors to use PBMs to control pharmacy benefit costs, however, can shift business away from retail pharmacies. A PBM can often use aggregate volume to offer its clients savings with discounts from pharmaceutical manufacturers and pharmacies.[17] An estimated 266 million Americans have their pharmacy benefits managed by a PBM.[18] An industry advocacy group estimates that PBMs have saved an average of $941 per person per year

compared to unmanaged expenditures,[19] including a total of $43.4 billion across all payors[20] in Florida.[21]

Approximately 60 PBMs are operational nationally[22], and the three largest – Express Scripts, CVS/Caremark, and OptumRx – report filling or managing a combined 5.1 billion prescriptions annually.[23,24, 25] PBMs use different tools and methods to reduce costs and find savings for payors through:

- Reductions in the unit costs of drugs;
- The mix of drugs that are prescribed; and,
- The modification of patient behavior through either reduction of inappropriate use of certain prescriptions or improvements in patient adherence to drug regimens.[26]

Examples of unit cost reductions may be in discounts to pharmacy network participants, use of manufacturer rebates, or the increased use of mail order pharmacies. PBMs may also encourage a greater use of generic drugs over certain brand name drugs, require step therapy, or implement tiered copayment levels for different types of prescriptions to achieve desired savings. Reducing or eliminating certain types of patient behaviors through quantity limits, prior authorization requirements, or other patient management programs are also tools that may be used.[27] Each PBM may generate savings from these actions, which may also translate into savings for the patient and the payor.

Most patients assume that their share of cost of that prescription will be less than the actual retail cost of the prescription (or the non-insured cash price) of the drug. However, this may not always be the case. In cases where the retail price of the drug is less than a patient's applicable cost share, a patient could pay the regular cost sharing, regardless of the retail price; pay the lower retail price; or, some other amount based on the contract terms between the PBM and the pharmacy. If a pharmacist is obligated to charge this higher price, the PBM may collect as revenue the difference between a patient's cost share and the lower retail price.[28] One recent *New York Times* article cited a statistic that for up to 10 percent of drug transactions, the patient could

have gotten a better price without an insurance card for a prescription than with his or her coverage.[29]

Maximum Allowable Cost Pricing List

Contracts between a PBM and health plan sponsors, insurers, or health maintenance organizations (HMOs) specify how much such entities will pay the PBMs for brand name and generic drugs. These prices are typically set as a discount off the average wholesale price[30] for brand-name drugs and at a maximum allowable cost (MAC)[31] for generic drugs, plus a dispensing fee. The MAC represents the upper limit price that a payor, such as a state or a plan sponsor has through its PBM, will pay or reimburse for generic and brand drugs that have generic versions available.[32] A national survey represents that 92 percent of large employers have such a list in place through their PBM.[33]

A MAC pricing list creates a standard reimbursement amount for identical products, and is a common cost management tool developed from a proprietary survey of wholesale prices in the marketplace, taking into account market share, inventory, reasonable profits margins, and other factors. The purpose of the MAC pricing list is to ensure that the pharmacy is motivated to seek and purchase generic drugs at the lowest price in the marketplace. The federal Medicare Part D program and 44 state Medicaid programs use some type of MAC price lists to reduce costs.[34]

Regulation of Pharmacies and Pharmacy Benefit Management Companies

In Florida, PBMs are not regulated or licensed. However, the Board of Pharmacy under ch. 465, F.S., regulates pharmacies, adopts rules to implement the provisions of the Pharmacy Act, and takes other actions according to duties conferred upon it.[35] Each pharmacy is subject to inspection by the Department of Health (DOH) and may be disciplined for violations of applicable laws and rules relating to a pharmacy.[36]

[35] Sections 465.005 and 465.022, F.S.
[36] Sections 465.015 and 465.016, F.S.

A PBM administers the prescription drug part of a health plan on behalf of plan sponsors, insurers, and HMOs. Some states require PBMs to either register with state insurance regulators or be licensed as third-party administrators.[37] Types of state regulation of PBMs include: [38]

Licensure/Registration of PBMs		Patient Protections and Pricing Transparency	Both Licensure and Patient Protections
Iowa (2007) Kansas (2006) Kentucky (2016) Maryland (2003) New Mexico (2016)	North Dakota (2005) Rhode Island (2004) South Dakota (2004) Wyoming (2016)	Georgia (2017) Louisiana (2016) North Carolina (2017) Tennessee (2009) Texas (2017)	Arkansas (2015) Connecticut (2007, 2017) Washington (2014)

A PBM may obtain accreditation from various accrediting bodies that determine if certain national standards are met. Accreditation is an evaluative, rigorous, transparent, and comprehensive process in which a health care organization undergoes an examination of its systems, processes, and performance by an accrediting body to ensure that it is conducting business in a manner that meets predetermined criteria and is consistent with national standards. Current law provides that a contract between a PBM and a pharmacy must include requirements that the PBM:

- Update the MAC pricing at least every seven calendar days; and
- Maintains a process to eliminate drugs in a timely manner from the MAC lists or drug price lists, and to remain consistent with changes in pricing data that is used in formulating the MAC prices and product availability.[39]

However, no state agency is responsible for enforcing these provisions.

III. Effect of Proposed Changes:

Section 1 amends s. 465.0244, F.S., to require a pharmacist or his or her authorized employee to notify customers:

- If a less expensive, generically equivalent drug product is available for his or her prescription; and
- If the customer's cost sharing obligation for his or her prescription exceeds the retail price of the customer's prescription in the absence of prescription drug coverage.

Section 2 repeals s. 465.1862, F.S., relating to contracts between pharmacy benefit managers (PBM) and pharmacies.

Section 3 creates s. 624.490, F.S., to require the Office of Insurance Regulation (OIR) to implement a PBM registration and biennial registration renewal process beginning January 1,

[39] Section 465.1862(2), F.S.

2019. The bill also defines a PBM to mean a person or entity who is doing business in this state, which contracts to administer prescription drug benefits on behalf of a health insurer or a health maintenance organization to residents of this state.

To register, a PBM is required to submit a completed registration on a form, which contains the name and address of the registrant and the directors and officers of the registrant. Upon receipt of a completed registration form, the registration fee, and required documents, the OIR must issue a registration certification to the PBM. The registration certificate is valid for two years. The certificate is nontransferable.

The PBM must report to the OIR any changes in the information required for registration within 60 days of the change. The Financial Services Commission must adopt by rule an initial registration fee not to exceed $500 and a registration renewal fee not to exceed $500. The commission must adopt rules to implement the registration process.

Sections 4, 5 and 6 create ss. 627.64741, 627.6572, and 641.314, F.S., respectively, to require a contract between a PBM and a health insurer, or a PBM and a health maintenance organization (HMO), mandate that the PBM:

- Update its maximum allowable cost (MAC) information at least every seven calendar days. The term "MAC" is defined as the per unit amount that a PBM reimburses a pharmacist for a prescription drug, excluding dispensing fees.
- Maintain a process that will, in a timely manner, eliminate drugs from the MAC lists or modify drug prices to remain consistent with changes in pricing data used in formulating MAC and product availability.
- May not limit a pharmacist's ability to disclose to the consumer whether the consumer's cost sharing obligation exceeds the retail price for a covered prescription drug and disclosure of the availability of a more affordable alternative drug.

These provisions would apply to individual and group policies and contracts of insurers and HMOs, respectively. Further, these sections prohibit a PBM from requiring a consumer to pay for a prescription in an amount that exceeds the lesser of the applicable cost sharing amount or the retail price in the absence of prescription drug coverage. The changes in these sections are effective for contracts entered into or renewed on or after July 1, 2018.

Section 7 provides an effective date for the act of July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The bill creates a registration program within the Office of Insurance Regulation (OIR) for pharmacy benefit managers (PBMs). The Financial Services Commission must adopt by rule an initial registration fee that may not exceed $500 and a renewal fee that may not exceed $500.

B. Private Sector Impact:

Each pharmacy benefit manager seeking to do business in the state will be required to complete the new registration process with the OIR and will be required to pay a biennial registration fee and renewal fee. The PBM will incur administrative costs to complete the registration process and to maintain updated information with the OIR.

The bill prohibits a PBM from limiting a pharmacist from notifying a patient if the patient's cost sharing obligation exceeds the retail price for a covered drug and of the availability of a more affordable alternative drug. This could reduce the out-of-pocket costs of some consumers. However, some insurers suggest that this practice may increase the costs of health care.

C. Government Sector Impact:

The bill requires the OIR to implement and maintain a registration process for PBMs. The initial registration fee and the biennial registration certificate fees are capped at $500 each, and the Financial Services Commission must adopt by rule such fees. This will result in revenues deposited into the Insurance Regulatory Trust Fund.

The bill appropriates $74,141 for one full time equivalent position and $5,000 for technology upgrades and provides 45,043 in associated salary rate to the OIR.

VI. Technical Deficiencies:

None.

VII. Related Issues:

PBM Registration Process

The Office of Insurance Regulation (OIR) notes that the bill does not include any guidelines by which the OIR could evaluate, approve, or disapprove the registration application or renewal of a

pharmacy benefits manager (PBM) other than the completeness of a form.[40] This may result in the approval of an individual with a criminal background, for example.

OIR Oversight and Enforcement Authority

The OIR requests the statutory authority to conduct market examinations on the registered PBMs and to require the PBMs to pay for the costs of those exams under s. 624.3161, F.S., as is done for all other market conduct examinations. The bill does not provide the OIR with statutory authority to determine or enforce a PBM's compliance with the provisions of this bill.

VIII. Statutes Affected:

This bill substantially amends section 465.0244 of the Florida Statutes.

This bill creates the following sections of the Florida Statutes: 624.490, 627.64741, 627.6572, and 641.314.

This bill repeals section 465.1862 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS/CS by Appropriations on March 2, 2018:
The committee substitute appropriates the following to the Office of Insurance Regulation:

- $74,141 in recurring funds for one full time equivalent position from the Insurance Regulatory Trust Fund;
- $5,000 in nonrecurring funds for technology upgrades from the Insurance Regulatory Trust Fund; and
- Associated salary rate of 45,034.

CS/CS by Banking and Insurance on February 20, 2018:
The CS/CS revises the Office of Insurance Regulation (OIR) registration process for pharmacy benefit managers (PBMs) in the following manner:

- Requires PBMs to register with the OIR beginning January 1, 2019.
- Caps the initial registration fee at $500 and renewal fee at $500.
- Clarifies that the PBM must submit all required registration information prior to the issuance of the registration certificate by the OIR.
- Provides technical conforming changes.

CS by Health Policy on February 6, 2018:
The CS adds the ability for a pharmacist's authorized employee, in addition to the requirement for a pharmacist, to inform a customer of the availability of less expensive, generically equivalent drug product for his or her prescription and as to whether a

[40] *Id.*

customer's cost-sharing obligation exceeds the retail price of the prescription drug in the absence of prescription drug coverage.

The CS repeals s. 465.1862, F.S., relating to pharmacy benefits manager contracts; however, these provisions are moved to the insurance code under the jurisdiction of the OIR.

Additionally, the CS modifies the PBM registration process by:

- Eliminating requirements for an individual's social security number;
- Removing the requirement that PBM's submit the names of those individuals or entities with 10 percent or greater controlling ownership interest with the registration or biennial renewal;
- Deleting the definition of controlling interest;
- Extending the notice period for information changes to 60 days from 30 days; and
- Capping the maximum fees that may be charged by the OIR for administering the process at $500.

The CS deletes the requirement that the contracts between PBMs and insurers and HMOs include a prohibition against limiting the ability of the pharmacy or PBM to substitute a less expensive, generically equivalent drug product for a brand name drug.

For contracts between health insurers and HMOs and the PBMs, the CS amends the comparison points relating to the consumer's out of pocket cost for prescription drugs from three to two, so the consumer pays the lesser of the applicable cost-sharing amount or the retail price of the drug in the absence of prescription drug coverage. The third reference point, the allowable claim amount for the prescription drug, is deleted.
The CS also creates s. 627.6572, F.S, making the provisions relating to PBM contract reporting on MAC cost information and contract provision requirements applicable to group health insurance policies.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

The Committee on Appropriations (Montford) recommended the following:

Senate Amendment

Delete lines 116 - 192
and insert:
(5) This section applies to contracts entered into, modified, amended, altered, or renewed on or after July 1, 2018.
Section 5. Section 627.6572, Florida Statutes, is created to read:
627.6572 Pharmacy benefit manager contracts.—
(1) As used in this section, the term:

722650

(a) "Maximum allowable cost" means the per-unit amount that a pharmacy benefit manager reimburses a pharmacist for a prescription drug, excluding dispensing fees, prior to the application of copayments, coinsurance, and any other cost-sharing charges.

(b) "Pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer or manage prescription drug benefits on behalf of a health insurer to residents of this state.

(2) A contract between a health insurer and a pharmacy benefit manager must require that the pharmacy benefit manager:

(a) Update maximum allowable cost pricing information at least every 7 calendar days.

(b) Maintain a process that will, in a timely manner, eliminate drugs from maximum allowable cost lists or modify drug prices to remain consistent with changes in pricing data used in formulating maximum allowable cost prices and product availability.

(3) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from limiting a pharmacist's ability to disclose whether the cost-sharing obligation exceeds the retail price for a covered prescription drug, and the availability of a more affordable alternative drug, pursuant to s. 465.0244.

(4) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from requiring an insured to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

(a) The applicable cost-sharing amount; or

722650

(b) The retail price of the drug in the absence of prescription drug coverage.

(5) This section applies to contracts entered into, modified, amended, altered, or renewed on or after July 1, 2018.

Section 6. Section 641.314, Florida Statutes, is created to read:

641.314 Pharmacy benefit manager contracts.—

(1) As used in this section, the term:

(a) "Maximum allowable cost" means the per-unit amount that a pharmacy benefit manager reimburses a pharmacist for a prescription drug, excluding dispensing fees, prior to the application of copayments, coinsurance, and any other cost-sharing charges.

(b) "Pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer or manage prescription drug benefits on behalf of a health maintenance organization to residents of this state.

(2) A contract between a health maintenance organization and a pharmacy benefit manager must require that the pharmacy benefit manager:

(a) Update maximum allowable cost pricing information at least every 7 calendar days.

(b) Maintain a process that will, in a timely manner, eliminate drugs from maximum allowable cost lists or modify drug prices to remain consistent with changes in pricing data used in formulating maximum allowable cost prices and product availability.

(3) A contract between a health maintenance organization and a pharmacy benefit manager must prohibit the pharmacy

722650

benefit manager from limiting a pharmacist's ability to disclose whether the cost-sharing obligation exceeds the retail price for a covered prescription drug, and the availability of a more affordable alternative drug, pursuant to s. 465.0244.

(4) A contract between a health maintenance organization and a pharmacy benefit manager must prohibit the pharmacy benefit manager from requiring a subscriber to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

(a) The applicable cost-sharing amount; or

(b) The retail price of the drug in the absence of prescription drug coverage.

(5) This section applies to contracts entered into, modified, amended, altered, or

The Committee on Appropriations (Montford) recommended the following:

Senate Amendment (with title amendment)

Between lines 193 and 194
insert:

Section 7. The sums of $74,141 in recurring funds and $5,000 in nonrecurring funds from the Insurance Regulatory Trust Fund are appropriated to the Office of Insurance Regulation, and one full-time equivalent position with associated salary rate of 45,043 is authorized, for the purpose of implementing this act.

796750

========== T I T L E A M E N D M E N T ==========
And the title is amended as follows:
Between lines 26 and 27
insert:
providing an appropriation;

By the Committees on Banking and Insurance; and Health Policy; and Senators Montford, Grimsley, and Powell

597-03453-18 20181494c2

A bill to be entitled

An act relating to prescription drug pricing transparency; amending s. 465.0244, F.S.; requiring pharmacists to inform customers of less expensive, generically equivalent drugs for their prescriptions and as to whether customers' cost-sharing obligations exceed the retail price of their prescriptions; repealing s. 465.1862, F.S., relating to pharmacy benefit manager contracts; creating s. 624.490, F.S.; defining the term "pharmacy benefit manager"; requiring a pharmacy benefit manager to register with the Office of Insurance Regulation beginning on a specified date; providing requirements and terms of registration, including the payment of a nonrefundable fee; requiring the office to issue certificates of registration; specifying that certificates are nontransferable; requiring the Financial Services Commission to set an initial registration fee and a renewal fee which are nonrefundable and may not exceed a specified amount; requiring the commission to adopt rules; creating ss. 627.64741, 627.6572, and 641.314, F.S.; defining the terms "maximum allowable cost" and "pharmacy benefit manager"; requiring that certain terms be included in a contract between a health insurer or a health maintenance organization and a pharmacy benefit manager; providing applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

597-03453-18 20181494c2

Section 1. Section 465.0244, Florida Statutes, is amended to read:

465.0244 Information disclosure.—

(1) Every pharmacy shall make available on its website a hyperlink to the health information that is disseminated by the Agency for Health Care Administration pursuant to s. 408.05(3) and shall place in the area where customers receive filled prescriptions notice that such information is available electronically and the address of its Internet website.

(2) In addition to the requirements of s. 465.025, a pharmacist or her or his authorized employee must inform a customer of a less expensive, generically equivalent drug product for her or his prescription and as to whether the customer's cost-sharing obligation exceeds the retail price of the prescription in the absence of prescription drug coverage.

Section 2. Section 465.1862, Florida Statutes, is repealed.

Section 3. Section 624.490, Florida Statutes, is created to read:

624.490 Registration of pharmacy benefit managers.—

(1) As used in this section, the term "pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer prescription drug benefits on behalf of a health insurer or a health maintenance organization to residents of this state.

(2) Beginning January 1, 2019, a pharmacy benefit manager must register with the office to conduct business in this state. To initially register or renew a registration, a pharmacy benefit manager must submit:

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(a) A nonrefundable fee;

(b) A copy of the registrant's corporate charter, articles of incorporation, or other charter document; and

(c) A completed registration on a form adopted by the commission which contains:

1. The name and address of the registrant; and

2. The name, address, and official position of each officer and director of the registrant.

(3) The registrant shall report any change in information required by subsection (2) to the office in writing within 60 days after the change occurs.

(4) Upon receipt of a completed registration form, required documents, and the registration fee, the office shall issue a registration certificate. The certificate may be in paper or electronic form, and must indicate the expiration date of the registration. Registration certificates are nontransferable.

(5) A registration certificate is valid for 2 years from its date of issue. The commission shall adopt by rule an initial registration fee not to exceed $500 and a registration renewal fee not to exceed $500, both of which are nonrefundable.

(6) The commission shall adopt rules necessary to implement this section.

Section 4. Section 627.64741, Florida Statutes, is created to read:

627.64741 Pharmacy benefit manager contracts.—

(1) As used in this section, the term:

(a) "Maximum allowable cost" means the per-unit amount that a pharmacy benefit manager reimburses a pharmacist for a prescription drug, excluding dispensing fees, prior to the

application of copayments, coinsurance, and other cost-sharing charges, if any.

(b) "Pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer or manage prescription drug benefits on behalf of a health insurer to residents of this state.

(2) A contract between a health insurer and a pharmacy benefit manager must require that the pharmacy benefit manager:

(a) Update maximum allowable cost pricing information at least every 7 calendar days.

(b) Maintain a process that will, in a timely manner, eliminate drugs from maximum allowable cost lists or modify drug prices to remain consistent with changes in pricing data used in formulating maximum allowable cost prices and product availability.

(3) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from limiting a pharmacist's ability to disclose whether the cost-sharing obligation exceeds the retail price for a covered prescription drug, and the availability of a more affordable alternative drug, pursuant to s. 465.0244.

(4) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from requiring an insured to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

(a) The applicable cost-sharing amount; or

(b) The retail price of the drug in the absence of prescription drug coverage.

(5) This section applies to contracts entered into or

renewed on or after July 1, 2018.

Section 5. Section 627.6572, Florida Statutes, is created to read:

627.6572 Pharmacy benefit manager contracts.—

(1) As used in this section, the term:

(a) "Maximum allowable cost" means the per-unit amount that a pharmacy benefit manager reimburses a pharmacist for a prescription drug, excluding dispensing fees, prior to the application of copayments, coinsurance, and any other cost-sharing charges.

(b) "Pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer or manage prescription drug benefits on behalf of a health insurer to residents of this state.

(2) A contract between a health insurer and a pharmacy benefit manager must require that the pharmacy benefit manager:

(a) Update maximum allowable cost pricing information at least every 7 calendar days.

(b) Maintain a process that will, in a timely manner, eliminate drugs from maximum allowable cost lists or modify drug prices to remain consistent with changes in pricing data used in formulating maximum allowable cost prices and product availability.

(3) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from limiting a pharmacist's ability to disclose whether the cost-sharing obligation exceeds the retail price for a covered prescription drug, and the availability of a more affordable alternative drug, pursuant to s. 465.0244.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

(4) A contract between a health insurer and a pharmacy benefit manager must prohibit the pharmacy benefit manager from requiring an insured to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

(a) The applicable cost-sharing amount; or

(b) The retail price of the drug in the absence of prescription drug coverage.

(5) This section applies to contracts entered into or renewed on or after July 1, 2018.

Section 6. Section 641.314, Florida Statutes, is created to read:

641.314 Pharmacy benefit manager contracts.—

(1) As used in this section, the term:

(a) "Maximum allowable cost" means the per-unit amount that a pharmacy benefit manager reimburses a pharmacist for a prescription drug, excluding dispensing fees, prior to the application of copayments, coinsurance, and any other cost-sharing charges.

(b) "Pharmacy benefit manager" means a person or entity doing business in this state which contracts to administer or manage prescription drug benefits on behalf of a health maintenance organization to residents of this state.

(2) A contract between a health maintenance organization and a pharmacy benefit manager must require that the pharmacy benefit manager:

(a) Update maximum allowable cost pricing information at least every 7 calendar days.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1532
INTRODUCER:	Senator Stargel and others
SUBJECT:	Early Learning Coalitions
DATE:	March 1, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Olenick	Graf	ED	**Favorable**
2.	Sikes	Elwell	AED	**Recommend: Favorable**
3.	Sikes	Hansen	AP	**Favorable**

I. Summary:

SB 1532 authorizes an early learning coalition to refuse to contract with a school readiness program provider if the provider has been cited for a class I violation. A class I violation is the most serious in nature and poses an imminent threat to a child including abuse or neglect that could result in death or serious harm to the health, safety or well-being of a child.

The bill does not affect state revenues or expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

The school readiness program was established in 1999[1] and provides subsidies for childcare services and early childhood education for children of low-income families; children in protective services who are at risk of abuse, neglect, or abandonment; and children with disabilities.[2]

School Readiness Program

The school readiness program (program) is a state-federal partnership between Florida's Office of Early Learning (OEL)[3] and the Office of Child Care of the United States Department of

[1] Section 1, ch. 99-357, L.O.F.

[2] Sections 1002.87, F.S.

[3] In 2013, the Legislature established the Office of Early Learning in the Office of Independent Education and Parental Choice within the Department of Education (DOE).The office is administered by an executive director and is fully accountable to the Commissioner of Education but shall independently exercise all powers, duties, and functions prescribed by law, as well as adopt rules for the establishment and operation of the School Readiness Program and the VPK Program. Section 1, ch. 2013-252, L.O.F., *codified as* s. 1001.213, F.S.

Health and Human Services.[4] The program is administered by early learning coalitions (ELCs) at the county or regional level.[5]

At the state level, the OEL administers the program, including statewide coordination of the ELCs.[6] The OEL is the lead agency for administering the federal Child Care and Development Block Grant Trust Fund, which funds are used to implement the school readiness program.[7] The OEL must adopt, in rule, a statewide provider contract to be used by each provider[8] and must monitor and evaluate the performance of each ELC in administering the school readiness program.[9]

The Florida Department of Children and Families' (DCF) Office of Child Care Regulations, as the agency responsible for the state's child care provider licensing program, inspects licensed and license exempt childcare providers who provide a school readiness program for specified health and safety standards.[10]

School Readiness Program Eligibility

To be eligible to deliver the school readiness program in this state, a provider must be:[11]

- A licensed child care facility;
- A licensed or registered family day care home (FDCH);
- A licensed large family child care home (LFCCH);
- A public school or nonpublic school;
- A license-exempt faith-based child care provider;
- A before-school or after-school program; or
- An informal childcare provider authorized in the state's Child Care and Development Fund plan.

All school readiness program providers must be inspected to ensure compliance with basic health and safety requirements and to ensure compliance with the age-appropriate immunizations of children enrolled in the school readiness program.[12] In addition, each childcare facility, family day care home, and large family day care home must annually submit to the DCF an affidavit of compliance with the requirements to report instances of child abuse, abandonment, or neglect.[13]

[11] Section 1002.88(1)(a), F.S.
[12] Rule 6M-4.620, F.A.C. The Department of Children and Families or the local licensing agency (whichever is applicable) is authorized to inspect school readiness providers.
[13] Section 402.319(3), F.S.

Early Learning Coalition Responsibilities

There are currently 30 early learning coalitions.[14] Each ELC administers and implements a local comprehensive program of school readiness program services, which enhances the cognitive, social and physical development of children to achieve the performance standards.[15]

Florida law specifies the responsibilities for the ELCs.[16] These responsibilities include a requirement that each ELC monitor school readiness program providers in accordance with the coalition's plan, or in response to a parental complaint, to verify that the standards specified in law[17] are being met using a standard monitoring tool adopted by the OEL.[18] Providers determined to be high-risk by the ELC, as determined by substantial findings of violations of federal law or the general or local laws of the state, must be monitored more frequently.[19] Providers with three consecutive years of compliance may be monitored biennially.[20]

Florida law specifies that if a school readiness program provider fails or refuses to comply with school readiness program provider standards[21], or any contractual obligation of the statewide provider contract,[22] the ELC may revoke the provider's eligibility to deliver the school readiness program or receive state or federal funds for a period of five years.[23]

In addition, ELCs may terminate a provider's contract if the provider has one or more Class I violations, five or more Class II violations, or six or more Class III violations, and the violation(s) pose an immediate and serious danger to the health, safety and welfare of the children in care.[24]

Class I violations are the most serious in nature and pose an imminent threat to a child including abuse or neglect that could result in death or serious harm to the health, safety or well-being of a child.[25] Class II violations are less serious than Class I violations and could pose a threat to the

[14] Florida's Office of Early Learning, *Parents – Contact your County's Early Learning Coalition*, http://www.floridaearlylearning.com/parents/find_quality_child_care/locate_a_child_care_resource_referral_program/countys_early_learning_coalition.aspx (last visited Jan. 26, 2018).

[18] Section 1002.84(15), F.S.
[19] *Id*.
[20] *Id*.
[21] Section 1002.88, F.S.
[22] The Office of Early Learning must adopt by rule a standard statewide provider contract to be used with each school readiness program provider, with standardized attachments by provider type. The office must publish a copy of the standard statewide provider contract on its website. The standard statewide contract must include, at a minimum, provisions for provider probation, termination for cause, and emergency termination for those actions or inactions of a provider that pose an immediate and serious danger to the health, safety, or welfare of the children. The standard statewide provider contract must also include appropriate due process procedures. During the pendency of an appeal of a termination, the provider may not continue to offer its services. Any provision imposed upon a provider that is inconsistent with, or prohibited by, law is void and unenforceable. Section 1002.82(2)(m), F.S.
[23] Section 1002.88(2), F.S.
[24] Section 1002.82(2)(m), F.S. s*ee also* The Office of Early Learning, *School Readiness Program Health and Safety Standards Handbook*, (Feb. 2017), *available at* http://www.floridaearlylearning.com/sites/www/Uploads/files/Statewide%20Initiatives/Health%20and%20Safety/HS%20Handbook%20Facilities_OEL-SR-6202_ADA.pdf, at 51-52 of 53.
[25] *Id* at 50.

health, safety or well-being of a child, although the threat is not imminent.[26] Class III violations are less serious than either Class I or Class II violations and pose a low potential for harm to a child.[27] A list of Class I, II and III violations are provided in the Office of Early Learning, School Readiness Program, Health and Safety Checklist.[28]

III. Effect of Proposed Changes:

The bill authorizes an early learning coalition (ELC) to refuse to contract with a school readiness program provider if the provider has been cited for a Class I violation. This authority is consistent with the ELC's authority to terminate a provider's contract if the provider has one or more Class I violations.[29] Accordingly, the bill may assist with maintaining a safe environment for children enrolled in school readiness programs.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

By Senator Stargel

22-01481-18 20181532__

A bill to be entitled

An act relating to early learning coalitions; amending s. 1002.88, F.S.; authorizing an early learning coalition to refuse to contract with certain school readiness program providers; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (2) of section 1002.88, Florida Statutes, is amended to read:

1002.88 School readiness program provider standards; eligibility to deliver the school readiness program.—

(2)(a) If a school readiness program provider fails or refuses to comply with this part or any contractual obligation of the statewide provider contract under s. 1002.82(2)(m), the coalition may revoke the provider's eligibility to deliver the school readiness program or receive state or federal funds under this chapter for a period of 5 years.

(b) Notwithstanding any other provision of law, if a school readiness program provider has been cited for a class I violation, as defined by rule, the coalition may refuse to contract with the provider.

Section 2. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1548 modifies Florida law regarding educator certification requirements and district school board duties relating to school safety and prohibits misconduct by authority figures against students. Specifically, the bill:

- Expands the applicability of certain employment disqualification criteria to include all positions that require direct contact with students.
- Grants the Department of Education (DOE) and the Education Practices Commission additional authority to enforce the educator certification requirements and impose penalties against persons who do not comply with certification requirements.
- Requires an educator who has been placed on probation to immediately notify the investigative office in the DOE upon separation from employment in any public or private position requiring a Florida educator's certificate.
- Deems offenses against students by authority figures as a second-degree felony.
- Adds a school bus to the definition of "school," to apply to the provisions in law regarding trespass on school grounds or facilities.
- Revises standards of ethical conduct for instructional personnel and school administrators to require training to cover misconduct that involves specified conduct that would result in disqualification from educator certification or employment.
- Requires a school district to:
  - File in writing with the DOE all legally sufficient complaints against teachers and administrators, regardless of whether the subject of the complaint is still a district employee.

  - Immediately notify the DOE if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the district investigation.
- Requires a district school superintendent to:
  - Report misconduct by instructional personnel or school administrators that would result in a disqualification from educator certification or employment to the law enforcement agencies with jurisdiction over the conduct. Provides that a superintendent who knowingly fails to report misconduct to law enforcement agencies must forfeit his or her salary for one year after the date of such failure to act.
  - Notify the parent of a student who was subjected to or affected by specified misconduct within a specified timeframe.
- Requires the resignation or termination of an employee before the conclusion of an alleged misconduct investigation affecting the health, safety, or welfare of a student to be clearly indicated in the employee's personnel file.

The bill does not affect state revenues or expenditures.

The bill takes effect July 1, 2018.

II. Present Situation:

Educator Certification Requirements

The purpose of Florida educator certification is to protect the educational interest of students, parents, and the public at large by assuring that Florida educators are professionally qualified for highly effective instruction.[1] The Legislature has established certification requirements to assure that educational personnel in public schools possess appropriate skills in reading, writing, and mathematics, and adequate pedagogical knowledge and relevant subject matter competence to demonstrate an acceptable level of professional performance.[2] Further, the Legislature has established a certificate renewal process that promotes the continuing professional improvement of school personnel, thereby enhancing public education in all areas of the state.[3]

Florida law provides that a person who has been convicted of an offense specified in law is ineligible for educator certification, and instructional personnel and school administrators are ineligible for employment in any position that requires direct contact with students in a district school system, charter school, or private school that accepts certain state scholarship students.[4]

Florida law also requires each person who has obtained an educator certification to agree, under penalty of perjury, to inform his or her employer if convicted of any disqualifying offense while he or she is employed in a position for which such certification is required.[5]

[5] Section 1012.56(10)(b), F.S.

Educator Discipline

The Education Practices Commission (Commission) is established in Florida law to interpret and apply the standards of professional practice established by the State Board of Education (SBE).[6] The Commission is authorized to revoke or suspend a certificate or take other appropriate action as provided in law.[7]

Specifically, the Commission may revoke or suspend the educator certification if the person:

- Obtained or attempted to obtain an educator certificate by fraudulent means.
- Knowingly failed to report actual or suspected child abuse or report alleged misconduct by instructional personnel or school administrators that affects the health, safety, or welfare of a student.
- Has proved to be incompetent to teach or perform duties as an employee of the public school system or to teach in or operate a private school.
- Has been guilty of gross immorality or an act involving moral turpitude as defined by SBE rule.
- Has had an educator certificate sanctioned by revocation, suspension, or surrender in another state.
- Has been convicted or found guilty of, or entered a plea of guilty to, regardless of adjudication of guilt, a misdemeanor, felony, or any other criminal charge, other than a minor traffic violation.[8]

Florida law provides that the Department of Education (DOE) may deny an applicant a certificate if the department possesses satisfactory evidence that the applicant has committed an act, or that a situation exists, for which the Education Practices Commission would be authorized to revoke a teaching certificate.[9] The decision of the DOE is subject to review by the Education Practices Commission upon the filing of a written request from the applicant within 20 days after receipt of notice of denial.[10]

Educator Certification Reporting Requirements

Each district school superintendent and the governing authority of each university lab school, state-supported school, private school, and the Florida High School Athletic Association must report to the DOE the name of any Florida certified educator who:

- Has been convicted of, or who has pled nolo contendere to, a misdemeanor, felony, or any other criminal charge, other than a minor traffic infraction;
- That official has reason to believe has committed, or is found to have committed, any act which would be a ground for revocation or suspension of a Florida Educator Certification;
- Has been dismissed or severed from employment because of conduct involving any immoral, unnatural, or lascivious act.[11]

[6] Section 1012.79(7)(a), F.S. The SBE has established principles for professional conduct for the Education Profession in rule. Rule 6A-10.081, F.A.C.
[7] Section 1012.79(7)(b), F.S.
[8] Section 1012.795(1), F.S.
[9] Section 1012.56(12)(a), F.S.
[10] Section 1012.56(12)(b), F.S.
[11] Section 1012.795(5), F.S.

Florida law also requires an educator certificate holder to inform his or her employer within 48 hours if convicted of any disqualifying offense while employed in a position that requires the certification.[12]

Ethical Conduct of Instructional Personnel and School Administrators

Florida law provides that each district school board must adopt policies establishing standards of ethical conduct for instructional personnel and school administrators.[13] The policies must requires all instructional personnel and school administrators to complete specified training.[14] Florida law also provides that the felony degree of a violation for specified sexual offenses must be enhanced if the offense is committed by an authority figure of a school against the student of the school.[15]

III. Effect of Proposed Changes:

The bill modifies Florida law regarding educator certification requirements and district school board duties relating to school safety and prohibits misconduct by authority figures against students. Specifically, the bill:

- Expands the applicability of certain employment disqualification criteria to include all positions that require direct contact with students.
- Grants the Department of Education (DOE) and the Education Practices Commission with additional authority to enforce the educator certification requirements and impose penalties against persons who do not comply with certification requirements.
- Requires an educator who has been placed on probation to immediately notify the investigative office in the DOE upon separation from employment in any public or private position requiring a Florida educator's certificate.
- Deems offenses against students by authority figures as a second-degree felony.
- Adds a school bus to the definition of "school," to apply to the provisions in law regarding trespass on school grounds or facilities.
- Revises standards of ethical conduct for instructional personnel and school administrators to require training to cover misconduct that involves specified conduct that would result in disqualification from educator certification or employment.
- Requires a school district to:
  - File in writing with the DOE all legally sufficient complaints against teachers and administrators, regardless of whether the subject of the complaint is still a district employee.
  - Immediately notify the DOE if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the district investigation.
- Requires a district school superintendent to:
  - Report misconduct by instructional personnel or school administrators that would result in a disqualification from educator certification or employment to the law enforcement

[12] Section 1012.56(10)(b), F.S.
[13] Section 1012.42
[14] *Id.*
[15] Section 775.0862, F.S. Authority figure means a person 18 years of age or older who is employed by, volunteering at, or under contract with a school.

agencies with jurisdiction over the conduct. Provides that a superintendent who knowingly fails to report misconduct to law enforcement agencies must forfeit his or her salary for one year after the date of such failure to act.
    - Notify the parent of a student who was subjected to or affected by specified misconduct within a specified timeframe.
- Requires the resignation or termination of an employee before the conclusion of an alleged misconduct investigation affecting the health, safety, or welfare of a student to be clearly indicated in the employee's personnel file.

Educator Certification Requirements (Section 7)

Section 7 amends s. 1012.315, F.S., to expand the conditions for disqualification from employment to clarify that if a person has been convicted of an offense specified in law, the person is ineligible for educator certification or employment in any position that requires direct contact with students in a district school system, charter school, or private school that accepts specified state scholarship students. These changes may assist the school districts with their efforts to maintain a safe learning environment for students.

Educator Discipline (Sections 8 and 9)

Section 9 amends s. 1012.795, F.S., to authorize the Education Practices Commission (Commission) to *deny* an application for certification in addition to the Commission's existing authority to *suspend* an educator certificate of any educator certificate holder. This section modifies the conditions under which the Commission is authorized to take disciplinary action to provide that the Commission is authorized to discipline a person who:

- Has been guilty of gross immorality or an act involving moral turpitude, including engaging in or soliciting sexual, romantic, or lewd conduct with a student or minor.
- Has had any professional license sanctioned by Florida or any other state, or has had the authority to practice the regulated profession revoked, suspended, or otherwise acted against, including a denial of certification or licensure, by the licensing or certifying authority of any jurisdiction, including its agencies and subdivision. The licensing or certifying authority's acceptance of a relinquishment, stipulation, consent order, other settlement offered in response to or in anticipation of the filing of charges against the licensee or certificateholder shall be construed as action against the license or certificate.
- Regardless of adjudication, has been convicted or found guilty of, or entered a plea of guilty or nolo contendere to a misdemeanor, a felony, or any other criminal charge other than a minor traffic violation.
- Has violated test security rules as provided in law.[16]

The authorization to deny an application for certification also applies to existing conditions under which the Commission is authorized to take disciplinary action.[17]

Section 8 amends s. 1012.56, F.S., to authorize the Department of Education (DOE) to deny an applicant a certificate if DOE possesses satisfactory evidence that the applicant has committed an

[16] Section 1008.24, F.S., specifies the test administration and security rules.
[17] *See* s. 1012.795(1), F.S.

act, or that a situation exists, for which the Commission would be authorized to discipline a certified educator. As provided in current law, the decision of the DOE is reviewable upon the filing of a written request from the applicant within 20 days after receipt of notice of denial.[18] This section provides that, upon review of the DOE's decision, the Commission may deny the award of a certificate, bar an applicant from reapplying for a certificate, or allow the awarding of a certificate with one or more of the following conditions:

- Probation for a period of time.
- Restriction of the scope of practice.
- Issuance of a letter of reprimand.
- Referral of the teacher, administrator, or supervisor to the recovery network program under such terms and conditions as the commission may specify.
- An administrative fine not to exceed $2,000 for each count or separate offense.

Accordingly, the bill provides the DOE and the Commission with additional authority to enforce the educator certification requirements and impose penalties against persons who do not comply with the specified certification requirements or assessment administration protocol.

Educator Certification Reporting Requirements (Section 9)

Section 9 amends s. 1012.795, F.S., to modify the information that each district school superintendent and the governing authority of each university lab school, state-supported school, private school and the Florida High School Athletic Association must report to the DOE to add the name of any educator certificateholder who has been found *guilty of*, who has had *adjudication withheld*, or who has *pled guilty* to a misdemeanor, a felony, or any other criminal charge, other than a minor traffic infraction. These changes may assist the school districts with their efforts to maintain a safe learning environment for students.

Notification by Educator on Probation (Section 10)

Section 10 amends s. 1012.796, F.S., to require a school district to:

- File in writing with the DOE all legally sufficient complaints against teachers and administrators, regardless of whether the subject of the complaint is still a district employee.
- Immediately notify the DOE if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the district investigation. The DOE must then place an alert on the subject's certification file.

Ethical Conduct of Instructional Personnel and School Administrators (Sections 1, 3, 4, 5, and 6)

Section 1 creates s. 800.101, F.S., to prohibit specified misconduct against students by authority figures. This section defines

- "Authority figure" to mean a person 18 years of age or older who is employed by, volunteering at, or under contract with a school, including a school resource officer.

[18] *Supra*, n. 11.

- "School" to include a private school, a voluntary prekindergarten education program, early learning programs, specified child care facilities deemed public schools,[19] the Florida School for the Deaf and the Blind, and the Florida Virtual School. The term does not include a facility dedicated exclusively to the education of adults.
- "Student" as a person who is enrolled at a school.

This section prohibits an authority figure from soliciting or engaging in the following with a student:

- Sexual conduct;
- A relationship of a romantic or intimate nature where the nature of the relationship is characterized by the expectation of affection or sexual involvement between the parties; or
- Lewd conduct.

A person who violates this prohibition commits a felony of the second degree, punishable as specified in law.[20] This provision does not apply to conduct that constitutes an offense subject to reclassification as a sexual offense against a student by an authority figure.[21]

Section 3 amends s. 1001.42, F.S., to require the district school board to include in its adopted policies establishing standards of ethical conduct for instructional personnel and school administrators procedures for reporting alleged misconduct which affects the health, safety, or welfare of students to include all misconduct that involves the engaging in or soliciting sexual, romantic, or lewd conduct with a student. This section also requires the superintendent to report misconduct by instructional personnel or school administrators that would result in disqualification from educator certification or employment to the law enforcement agencies with jurisdiction over the conduct. Section 4 amends s.1001.51, F.S., to include knowingly failing to report this misconduct to law enforcement among the offenses for which a superintend forfeits his or her salary for one year.

Section 5 amends s. 1012.27, F.S., to require the district school superintendent to notify the parent of a student who was subjected to or affected by the misconduct within 30 days after the date on which the school district learns of the misconduct. The notification must include:

- The alleged misconduct, including which, if any, allegations have been substantiated.
- Whether the district reported the misconduct to the DOE.
- The sanctions, if any, imposed by the school district against the employee.
- The support the school district will make available to the student in response to the misconduct.

Section 6 amends s. 1012.31, F.S., to require public school system employee personnel files to contain a clear indication of the resignation or termination of an employee before an investigation of alleged misconduct by the employee affecting the health, safety, or welfare of a student is concluded. The school district must file in writing any legally sufficient complaints against personnel to the DOE within 30 days after the date on which the subject matter was brought to the school district's attention, regardless of the status of the complaint.

[19] As descried in section 402.3025 (1) of the Florida Statutes.
[20] Sections 775.082, 775.083, and 775.084, F.S.
[21] Section 775.0862, F.S.

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 810.097, 1001.42, 1001.51, 1012.27, 1012.31, 1012.315, 1012.56, 1012.795, and 1012.796.

IX. This bill creates section 800.101 of the Florida Statutes.Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Adds the following provisions:
  - Deems offenses against students by authority figures as a second-degree felony.
  - Adds a school bus to the definition of "school," to apply to the provisions in law regarding trespass on school grounds or facilities.
  - Revises standards of ethical conduct for instructional personnel and school administrators to require training to cover misconduct that involves specified conduct that would result in disqualification from educator certification or employment.
  - Requires a school district to notify the Florida Department of Education about all legally sufficient complaints against teachers and administrators and the resignation or termination of a subject of a legally sufficient complaint of misconduct.
  - Requires a district school superintendent to report misconduct by instructional personnel or school administrators to law enforcement agencies and notify parents of a student who was subjected to or affected by specified misconduct within a specified timeframe.
  - Requires the resignation or termination of an employee before the conclusion of an investigation of alleged misconduct affecting the health, safety, or welfare of a student to be clearly indicated in the employee's personnel file.
- Deletes the following provisions:
  - Provides that a teacher may not be awarded a Career and Professional Education (CAPE) industry certification bonus if the teacher fails to maintain the security of any CAPE industry certification examination or other security protocols.
  - Provides that persons employed as part-time teachers by the district school board are not exempt from the certification requirements for all school-based personnel.
  - Specifies that an adjunct teaching certificate may not be used to fulfill the certification requirements for a person who is employed and renders service as an athletic coach in any public school in Florida.
  - Deletes an outdated reference in current law to the Safety and Security Best Practices developed by the Office of Program Policy Analysis and Government Accountability.

CS by Education on January 22, 2018:
The committee substitute removes from the bill the provision that exempted from background screening employees of the Division of Vocational Rehabilitation who work as service providers for the school district.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

LEGISLATIVE ACTION

Senate	.	House
Comm: RCS	.	
03/03/2018	.	
	.	
	.	
	.	

The Committee on Appropriations (Book) recommended the following:

Senate Amendment (with title amendment)

Delete everything after the enacting clause and insert:

Section 1. Section 800.101, Florida Statutes, is created to read:

800.101 Offenses against students by authority figures.—

(1) As used in this section, the term:

(a) "Authority figure" means a person 18 years of age or older who is employed by, volunteering at, or under contract

142946

with a school, including school resource officers as provided in s. 1006.12.

(b) "School" has the same meaning as provided in s. 1003.01 and includes a private school as defined in s. 1002.01, a voluntary prekindergarten education program as described in s. 1002.53(3), early learning programs, a public school as described in s. 402.3025(1), the Florida School for the Deaf and the Blind, and the Florida Virtual School established under s. 1002.37. The term does not include a facility dedicated exclusively to the education of adults.

(c) "Student" means a person who is enrolled at a school.

(2) An authority figure shall not solicit or engage in:

(a) Sexual conduct;

(b) A relationship of a romantic or intimate nature where the nature of the relationship is characterized by the expectation of affection or sexual involvement between the parties; or

(c) Lewd conduct

with a student.

(3) A person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(4) This section does not apply to conduct constituting an offense that is subject to reclassification under s. 775.0862.

Section 2. Subsection (5) of section 810.097, Florida Statutes, is amended to read:

810.097 Trespass upon grounds or facilities of a school; penalties; arrest.—

(5) As used in this section, the term "school" means the grounds or any facility, including school buses, of any kindergarten, elementary school, middle school, junior high school, or secondary school, whether public or nonpublic.

Section 3. Subsection (6) and paragraph (b) of subsection (7) of section 1001.42, Florida Statutes, are amended to read:

1001.42 Powers and duties of district school board.—The district school board, acting as a board, shall exercise all powers and perform all duties listed below:

(6) STANDARDS OF ETHICAL CONDUCT FOR INSTRUCTIONAL PERSONNEL AND SCHOOL ADMINISTRATORS.—Adopt policies establishing standards of ethical conduct for instructional personnel and school administrators. The policies must require all instructional personnel and school administrators, as defined in s. 1012.01, to complete training on the standards; establish the duty of instructional personnel and school administrators to report, and procedures for reporting, alleged misconduct by other instructional personnel and school administrators which affects the health, safety, or welfare of a student, including misconduct that involves engaging in or soliciting sexual, romantic, or lewd conduct with a student; require the district school superintendent to report to law enforcement misconduct by instructional personnel or school administrators which would result in disqualification from educator certification or employment as provided in s. 1012.315; and include an explanation of the liability protections provided under ss. 39.203 and 768.095. A district school board, or any of its employees, may not enter into a confidentiality agreement regarding terminated or dismissed instructional personnel or

142946

school administrators, or personnel or administrators who resign in lieu of termination, based in whole or in part on misconduct that affects the health, safety, or welfare of a student, and may not provide instructional personnel or school administrators with employment references or discuss the personnel's or administrators' performance with prospective employers in another educational setting, without disclosing the personnel's or administrators' misconduct. Any part of an agreement or contract that has the purpose or effect of concealing misconduct by instructional personnel or school administrators which affects the health, safety, or welfare of a student is void, is contrary to public policy, and may not be enforced.

(7) DISQUALIFICATION FROM EMPLOYMENT.—Disqualify instructional personnel and school administrators, as defined in s. 1012.01, from employment in any position that requires direct contact with students if the personnel or administrators are ineligible for such employment under s. 1012.315. An elected or appointed school board official forfeits his or her salary for 1 year if:

(b) The school board official knowingly fails to adopt policies that require:

1. Instructional personnel and school administrators to report alleged misconduct by other instructional personnel and school administrators;

2. The district school superintendent to report misconduct by instructional personnel or school administrators that would result in disqualification from educator certification or employment as provided in s. 1012.315 to the law enforcement agencies with jurisdiction over the conduct;~~.~~ or

142946

3. ~~that require~~ The investigation of all reports of alleged misconduct by instructional personnel and school administrators, if the misconduct affects the health, safety, or welfare of a student.

Section 4. Subsection (12) of section 1001.51, Florida Statutes, is amended to read:

1001.51 Duties and responsibilities of district school superintendent.—The district school superintendent shall exercise all powers and perform all duties listed below and elsewhere in the law, provided that, in so doing, he or she shall advise and counsel with the district school board. The district school superintendent shall perform all tasks necessary to make sound recommendations, nominations, proposals, and reports required by law to be acted upon by the district school board. All such recommendations, nominations, proposals, and reports by the district school superintendent shall be either recorded in the minutes or shall be made in writing, noted in the minutes, and filed in the public records of the district school board. It shall be presumed that, in the absence of the record required in this section, the recommendations, nominations, and proposals required of the district school superintendent were not contrary to the action taken by the district school board in such matters.

(12) RECORDS AND REPORTS.—Recommend such records as should be kept in addition to those prescribed by rules of the State Board of Education; prepare forms for keeping such records as are approved by the district school board; ensure that such records are properly kept; and make all reports that are needed or required, as follows:

(a) *Forms, blanks, and reports.*—Require that all employees accurately keep all records and promptly make in proper form all reports required by the education code or by rules of the State Board of Education; recommend the keeping of such additional records and the making of such additional reports as may be deemed necessary to provide data essential for the operation of the school system; and prepare such forms and blanks as may be required and ensure that these records and reports are properly prepared.

(b) *Reports to the department.*—Prepare, for the approval of the district school board, all reports required by law or rules of the State Board of Education to be made to the department and transmit promptly all such reports, when approved, to the department, as required by law. If any reports are not transmitted at the time and in the manner prescribed by law or by State Board of Education rules, the salary of the district school superintendent must be withheld until the report has been properly submitted. Unless otherwise provided by rules of the State Board of Education, the annual report on attendance and personnel is due on or before July 1, and the annual school budget and the report on finance are due on the date prescribed by the commissioner.

Any district school superintendent who knowingly signs and transmits to any state official a report that the superintendent knows to be false or incorrect; who knowingly fails to investigate any allegation of misconduct by instructional personnel or school administrators, as defined in s. 1012.01, which affects the health, safety, or welfare of a student; ~~or~~

142946

who knowingly fails to report the alleged misconduct to the department as required in s. 1012.796; or who knowingly fails to report misconduct to the law enforcement agencies with jurisdiction over the conduct pursuant to district school board policy under s. 1001.42(6), forfeits his or her salary for 1 year following the date of such act or failure to act.

Section 5. Subsections (5) and (6) of section 1012.27, Florida Statutes, are amended to read:

1012.27 Public school personnel; powers and duties of district school superintendent.—The district school superintendent is responsible for directing the work of the personnel, subject to the requirements of this chapter, and in addition the district school superintendent shall perform the following:

(5) SUSPENSION AND DISMISSAL; NOTIFICATION.—

(a) Suspend members of the instructional staff and other school employees during emergencies for a period extending to and including the day of the next regular or special meeting of the district school board and notify the district school board immediately of such suspension. When authorized to do so, serve notice on the suspended member of the instructional staff of charges made against him or her and of the date of hearing. Recommend employees for dismissal under the terms prescribed herein.

(b) Notify the parent of a student who was subjected to or affected by misconduct identified under s. 1001.42(6) within 30 days after the date on which the school district learns of the misconduct. The notification must inform the parent of:

1. The alleged misconduct, including which allegations have

142946

been substantiated, if any.

2. Whether the district reported the misconduct to the department, if required by s. 1012.796(1)(d).

3. The sanctions imposed by the school district against the employee, if any.

4. The support the school district will make available to the student in response to the misconduct.

(6) EMPLOYMENT HISTORY CHECKS.—Before employing a person ~~instructional personnel and school administrators, as defined in s. 1012.01,~~ in any position that requires direct contact with students, conduct employment history checks of each of the person's ~~personnel's or administrators'~~ previous employers, screen instructional ~~the~~ personnel and school ~~or~~ administrators as defined in s. 1012.01 through use of the educator screening tools described in s. 1001.10(5), and document the findings. If unable to contact a previous employer, the district school superintendent shall document efforts to contact the employer.

Section 6. Paragraph (a) of subsection (2) and paragraph (a) of subsection (3) of section 1012.31, Florida Statutes, are amended to read:

1012.31 Personnel files.—Public school system employee personnel files shall be maintained according to the following provisions:

(2)(a) Materials relating to work performance, discipline, suspension, or dismissal must be reduced to writing and signed by a person competent to know the facts or make the judgment. The resignation or termination of an employee before an investigation of alleged misconduct by the employee affecting the health, safety, or welfare of a student is concluded must be

142946

clearly indicated in the employee's personnel file.

(3)(a) Public school system employee personnel files are subject to the provisions of s. 119.07(1), except as follows:

1. Any complaint and any material relating to the investigation of a complaint against an employee shall be confidential and exempt from the provisions of s. 119.07(1) until the conclusion of the preliminary investigation or until such time as the preliminary investigation ceases to be active. If the preliminary investigation is concluded with the finding that there is no probable cause to proceed further and with no disciplinary action taken or charges filed, a statement to that effect signed by the responsible investigating official shall be attached to the complaint, and the complaint and all such materials shall be open thereafter to inspection pursuant to s. 119.07(1). If the preliminary investigation is concluded with the finding that there is probable cause to proceed further or with disciplinary action taken or charges filed, the complaint and all such materials shall be open thereafter to inspection pursuant to s. 119.07(1). If the preliminary investigation ceases to be active, the complaint and all such materials shall be open thereafter to inspection pursuant to s. 119.07(1). For the purpose of this subsection, a preliminary investigation shall be considered active as long as it is continuing with a reasonable, good faith anticipation that an administrative finding will be made in the foreseeable future. An investigation shall be presumed to be inactive if no finding relating to probable cause is made within 60 days after the complaint is made. This subparagraph does not absolve the school district of its duty to provide any legally sufficient complaint to the

142946

department within 30 days after the date on which the subject matter of the complaint comes to the attention of the school district pursuant to s. 1012.796(1)(d)1., regardless of the status of the complaint.

2. An employee evaluation prepared pursuant to s. 1012.33, s. 1012.34, or s. 1012.56 or rules adopted by the State Board of Education or district school board under the authority of those sections shall be confidential and exempt from the provisions of s. 119.07(1) until the end of the school year immediately following the school year in which the evaluation was made. No evaluation prepared before July 1, 1983, shall be made public pursuant to this section.

3. No material derogatory to an employee shall be open to inspection until 10 days after the employee has been notified pursuant to paragraph (2)(c).

4. The payroll deduction records of an employee shall be confidential and exempt from the provisions of s. 119.07(1).

5. Employee medical records, including psychiatric and psychological records, shall be confidential and exempt from the provisions of s. 119.07(1); however, at any hearing relative to the competency or performance of an employee, the administrative law judge, hearing officer, or panel shall have access to such records.

Section 6. Section 1012.315, Florida Statutes, is amended to read:

1012.315 Disqualification from employment.—A person is ineligible for educator certification or~~, and instructional personnel and school administrators, as defined in s. 1012.01, are ineligible for~~ employment in any position that requires

142946

direct contact with students in a district school system, charter school, or private school that accepts scholarship students under s. 1002.39 or s. 1002.395~~,~~ if the person~~, instructional personnel, or school administrator~~ has been convicted of:

(1) Any felony offense prohibited under any of the following statutes:

(a) Section 393.135, relating to sexual misconduct with certain developmentally disabled clients and reporting of such sexual misconduct.

(b) Section 394.4593, relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.

(c) Section 415.111, relating to adult abuse, neglect, or exploitation of aged persons or disabled adults.

(d) Section 782.04, relating to murder.

(e) Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.

(f) Section 784.021, relating to aggravated assault.

(g) Section 784.045, relating to aggravated battery.

(h) Section 784.075, relating to battery on a detention or commitment facility staff member or a juvenile probation officer.

(i) Section 787.01, relating to kidnapping.

(j) Section 787.02, relating to false imprisonment.

(k) Section 787.025, relating to luring or enticing a

142946

child.

(l) Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.

(m) Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.

(n) Section 790.115(1), relating to exhibiting firearms or weapons at a school-sponsored event, on school property, or within 1,000 feet of a school.

(o) Section 790.115(2)(b), relating to possessing an electric weapon or device, destructive device, or other weapon at a school-sponsored event or on school property.

(p) Section 794.011, relating to sexual battery.

(q) Former s. 794.041, relating to sexual activity with or solicitation of a child by a person in familial or custodial authority.

(r) Section 794.05, relating to unlawful sexual activity with certain minors.

(s) Section 794.08, relating to female genital mutilation.

(t) Chapter 796, relating to prostitution.

(u) Chapter 800, relating to lewdness and indecent exposure.

(v) Section 800.101, relating to offenses against students by authority figures.

(w) ~~(v)~~ Section 806.01, relating to arson.

142946

(x) ~~(w)~~ Section 810.14, relating to voyeurism.
(y) ~~(x)~~ Section 810.145, relating to video voyeurism.
(z) ~~(y)~~ Section 812.014(6), relating to coordinating the commission of theft in excess of $3,000.
(aa) ~~(z)~~ Section 812.0145, relating to theft from persons 65 years of age or older.
(bb) ~~(aa)~~ Section 812.019, relating to dealing in stolen property.
(cc) ~~(bb)~~ Section 812.13, relating to robbery.
(dd) ~~(cc)~~ Section 812.131, relating to robbery by sudden snatching.
(ee) ~~(dd)~~ Section 812.133, relating to carjacking.
(ff) ~~(ee)~~ Section 812.135, relating to home-invasion robbery.
(gg) ~~(ff)~~ Section 817.563, relating to fraudulent sale of controlled substances.
(hh) ~~(gg)~~ Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or disabled adult.
(ii) ~~(hh)~~ Section 825.103, relating to exploitation of an elderly person or disabled adult.
(jj) ~~(ii)~~ Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or disabled person.
(kk) ~~(jj)~~ Section 826.04, relating to incest.
(ll) ~~(kk)~~ Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.
(mm) ~~(ll)~~ Section 827.04, relating to contributing to the delinquency or dependency of a child.
(nn) ~~(mm)~~ Section 827.071, relating to sexual performance by

142946

a child.

(oo) ~~(nn)~~ Section 843.01, relating to resisting arrest with violence.

(pp) ~~(oo)~~ Chapter 847, relating to obscenity.

(qq) ~~(pp)~~ Section 874.05, relating to causing, encouraging, soliciting, or recruiting another to join a criminal street gang.

(rr) ~~(qq)~~ Chapter 893, relating to drug abuse prevention and control, if the offense was a felony of the second degree or greater severity.

(ss) ~~(rr)~~ Section 916.1075, relating to sexual misconduct with certain forensic clients and reporting of such sexual misconduct.

(tt) ~~(ss)~~ Section 944.47, relating to introduction, removal, or possession of contraband at a correctional facility.

(uu) ~~(tt)~~ Section 985.701, relating to sexual misconduct in juvenile justice programs.

(vv) ~~(uu)~~ Section 985.711, relating to introduction, removal, or possession of contraband at a juvenile detention facility or commitment program.

(2) Any misdemeanor offense prohibited under any of the following statutes:

(a) Section 784.03, relating to battery, if the victim of the offense was a minor.

(b) Section 787.025, relating to luring or enticing a child.

(3) Any criminal act committed in another state or under federal law which, if committed in this state, constitutes an offense prohibited under any statute listed in subsection (1) or

subsection (2).

(4) Any delinquent act committed in this state or any delinquent or criminal act committed in another state or under federal law which, if committed in this state, qualifies an individual for inclusion on the Registered Juvenile Sex Offender List under s. 943.0435(1)(h)1.d.

Section 7. Subsection (12) of section 1012.56, Florida Statutes, is amended to read:

1012.56 Educator certification requirements.—

(12) DENIAL OF CERTIFICATE.—

(a) The Department of Education may deny an applicant a certificate if the department possesses evidence satisfactory to it that the applicant has committed an act or acts, or that a situation exists, for which the Education Practices Commission would be authorized to discipline a certified educator ~~revoke a teaching certificate~~.

(b) The decision of the department is subject to review by the Education Practices Commission upon the filing of a written request from the applicant within 20 days after receipt of the notice of denial. Upon review, the commission may deny the award of a certificate, bar an applicant from reapplying for a certificate, or allow the awarding of a certificate with one or more of the following conditions:

1. Probation for a period of time.

2. Restriction on the scope of practice.

3. Issuance of a letter of reprimand.

4. Referral to the recovery network program provided in s. 1012.798 under such terms and conditions as the commission may specify.

142946

5. Imposition of an administrative fine not to exceed $2,000 for each count or separate offense.

Section 8. Subsections (1) and (5) of section 1012.795, Florida Statutes, are amended to read:

1012.795 Education Practices Commission; authority to discipline.—

(1) The Education Practices Commission may suspend the educator certificate of any person as defined in s. 1012.01(2) or (3), for up to 5 years, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for that period of time, after which the holder may return to teaching as provided in subsection (4); may revoke the educator certificate of any person, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for up to 10 years, with reinstatement subject to ~~the provisions of~~ subsection (4); may permanently revoke ~~permanently~~ the educator certificate of any person thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students; may suspend a person's ~~the~~ educator certificate, upon an order of the court or notice by the Department of Revenue relating to the payment of child support; or may impose any other penalty provided by law, if the person:

(a) Obtained or attempted to obtain an educator certificate by fraudulent means.

(b) Knowingly failed to report actual or suspected child

abuse as required in s. 1006.061 or report alleged misconduct by instructional personnel or school administrators which affects the health, safety, or welfare of a student as required in s. 1012.796.

(c) Has proved to be incompetent to teach or to perform duties as an employee of the public school system or to teach in or to operate a private school.

(d) Has been guilty of gross immorality or an act involving moral turpitude as defined by rule of the State Board of Education, including engaging in or soliciting sexual, romantic, or lewd conduct with a student or minor.

(e) Has had an educator certificate or other professional license sanctioned by this or any other ~~revocation, suspension, or surrender in another~~ state or has had the authority to practice the regulated profession revoked, suspended, or otherwise acted against, including a denial of certification or licensure by the licensing or certifying authority of any jurisdiction, including its agencies and subdivisions. The licensing or certifying authority's acceptance of a relinquishment, stipulation, consent order, or other settlement offered in response to or in anticipation of the filing of charges against the licensee or certificateholder shall be construed as action against the license or certificate.

(f) Has been convicted or found guilty of, has had adjudication withheld for, or has pled ~~entered a plea of~~ guilty or nolo contendere to~~, regardless of adjudication of guilt,~~ a misdemeanor, felony, or any other criminal charge, other than a minor traffic violation.

(g) Upon investigation, has been found guilty of personal

142946

conduct that seriously reduces that person's effectiveness as an employee of the district school board.

(h) Has breached a contract, as provided in s. 1012.33(2) or s. 1012.335.

(i) Has been the subject of a court order or notice by the Department of Revenue pursuant to s. 409.2598 directing the Education Practices Commission to suspend the certificate as a result of noncompliance with a child support order, a subpoena, an order to show cause, or a written agreement with the Department of Revenue.

(j) Has violated the Principles of Professional Conduct for the Education Profession prescribed by State Board of Education rules.

(k) Has otherwise violated the provisions of law, the penalty for which is the revocation of the educator certificate.

(l) Has violated any order of the Education Practices Commission.

(m) Has been the subject of a court order or plea agreement in any jurisdiction which requires the certificateholder to surrender or otherwise relinquish his or her educator's certificate. A surrender or relinquishment shall be for permanent revocation of the certificate. A person may not surrender or otherwise relinquish his or her certificate prior to a finding of probable cause by the commissioner as provided in s. 1012.796.

(n) Has been disqualified from educator certification under s. 1012.315.

(o) Has committed a third recruiting offense as determined by the Florida High School Athletic Association (FHSAA) pursuant

142946

to s. 1006.20(2)(b).

(p) Has violated test security rules as provided in s. 1008.24.

(5) Each district school superintendent and the governing authority of each university lab school, state-supported school, private school, and the FHSAA shall report to the department the name of any person certified pursuant to this chapter ~~or employed and qualified pursuant to s. 1012.39~~:

(a) Who has been convicted or found guilty of, who has had adjudication withheld for, or who has pled guilty or nolo contendere to~~,~~ a misdemeanor, felony, or any other criminal charge, other than a minor traffic infraction;

(b) Who that official has reason to believe has committed or is found to have committed any act which would be a ground for revocation or suspension under subsection (1); or

(c) Who has been dismissed or severed from employment because of conduct involving any immoral, unnatural, or lascivious act.

Section 9. Paragraphs (d) and (e) of subsection (1) and paragraphs (a) and (d) of subsection (7) of section 1012.796, Florida Statutes, are amended to read:

1012.796 Complaints against teachers and administrators; procedure; penalties.—

(1)

(d)1. Each school district shall file in writing with the department all legally sufficient complaints within 30 days after the date on which subject matter of the complaint comes to the attention of the school district, regardless of whether the subject of the complaint is still an employee of the school

142946

district. A complaint is legally sufficient if it contains ultimate facts that show a violation has occurred as provided in s. 1012.795 and defined by rule of the State Board of Education. The school district shall include all information relating to the complaint which is known to the school district at the time of filing.

2. A school district shall immediately notify the department if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the school district's investigation. Upon receipt of the notification, the department shall place an alert on the person's certification file indicating that he or she resigned or was terminated before an investigation involving allegations of misconduct affecting the health, safety, or welfare of a student was concluded. In such circumstances, the database may not include specific information relating to the alleged misconduct until permitted by subsection (4).

3. Each district school board shall develop and adopt policies and procedures to comply with this reporting requirement. School board policies and procedures must include standards for screening, hiring, and terminating instructional personnel and school administrators, as defined in s. 1012.01; standards of ethical conduct for instructional personnel and school administrators; the duties of instructional personnel and school administrators for upholding the standards; detailed procedures for reporting alleged misconduct by instructional personnel and school administrators which affects the health, safety, or welfare of a student; requirements for the

142946

reassignment of instructional personnel or school administrators pending the outcome of a misconduct investigation; and penalties for failing to comply with s. 1001.51 or s. 1012.795. The district school board policies and procedures shall include appropriate penalties for all personnel of the district school board for nonreporting and procedures for promptly informing the district school superintendent of each legally sufficient complaint. The district school superintendent is charged with knowledge of these policies and procedures and is accountable for the training of all instructional personnel and school administrators of the school district on the standards of ethical conduct, policies, and procedures.

4. If the district school superintendent has knowledge of a legally sufficient complaint and does not report the complaint, or fails to enforce the policies and procedures of the district school board, and fails to comply with the requirements of this subsection, in addition to other actions against certificateholders authorized by law, the district school superintendent is subject to penalties as specified in s. 1001.51(12).

5. If the superintendent determines that misconduct by instructional personnel or school administrators who hold an educator certificate affects the health, safety, or welfare of a student and the misconduct warrants termination, the instructional personnel or school administrators may resign or be terminated, and the superintendent must report the misconduct to the department in the format prescribed by the department. The department shall maintain each report of misconduct as a public record in the instructional personnel’s or school

142946

administrators' certification files. This paragraph does not limit or restrict the power and duty of the department to investigate complaints, regardless of the school district's untimely filing, or failure to file, complaints and followup reports.

(e) If allegations arise against an employee who is certified under s. 1012.56 and employed in an educator-certificated position in any public school, charter school or governing board thereof, or private school that accepts scholarship students under s. 1002.39 or s. 1002.395, the school shall file in writing with the department a legally sufficient complaint within 30 days after the date on which the subject matter of the complaint came to the attention of the school, regardless of whether the subject of the allegations is still an employee of the school. A complaint is legally sufficient if it contains ultimate facts that show a violation has occurred as provided in s. 1012.795 and defined by rule of the State Board of Education. The school shall include all known information relating to the complaint with the filing of the complaint. This paragraph does not limit or restrict the power and duty of the department to investigate complaints, regardless of the school's untimely filing, or failure to file, complaints and followup reports. A school described in this paragraph shall immediately notify the department if the subject of a legally sufficient complaint of misconduct affecting the health, safety, or welfare of a student resigns or is terminated before the conclusion of the school's investigation. Upon receipt of the notification, the department shall place an alert on the person's certification file indicating that he or she resigned or was

142946

terminated before an investigation involving allegations of misconduct affecting the health, safety, or welfare of a student was concluded. In such circumstances, the database may not include specific information relating to the alleged misconduct until permitted by subsection (4).

(7) A panel of the commission shall enter a final order either dismissing the complaint or imposing one or more of the following penalties:

(a) Denial of an application for a ~~teaching~~ certificate or for an administrative or supervisory endorsement on a teaching certificate. The denial may provide that the applicant may not reapply for certification, and that the department may refuse to consider that applicant's application, for a specified period of time or permanently.

(d) Placement of the teacher, administrator, or supervisor on probation for a period of time and subject to such conditions as the commission may specify, including requiring the certified teacher, administrator, or supervisor to complete additional appropriate college courses or work with another certified educator, with the administrative costs of monitoring the probation assessed to the educator placed on probation. An educator who has been placed on probation shall, at a minimum:

1. Immediately notify the investigative office in the Department of Education upon employment or separation from ~~termination of~~ employment ~~in the state~~ in any public or private position requiring a Florida educator's certificate.

2. Have his or her immediate supervisor submit annual performance reports to the investigative office in the Department of Education.

142946

3. Pay to the commission within the first 6 months of each probation year the administrative costs of monitoring probation assessed to the educator.

4. Violate no law and fully comply with all district school board policies, school rules, and State Board of Education rules.

5. Satisfactorily perform his or her assigned duties in a competent, professional manner.

6. Bear all costs of complying with the terms of a final order entered by the commission.

The penalties imposed under this subsection are in addition to, and not in lieu of, the penalties required for a third recruiting offense pursuant to s. 1006.20(2)(b).

Section 10. This act shall take effect July 1, 2018.

A bill to be entitled

An act relating to K-12 student safety; amending s. 1006.07, F.S.; revising district school board duties to include security risk assessments; requiring certain self-assessments to be in a specified format; amending s. 1011.62, F.S.; prohibiting certain teachers from receiving bonuses related to specified FTE student membership calculations; authorizing the State Board of Education to adopt rules for rescinding certain certifications or grades; amending s. 1012.315, F.S.; providing that certain persons are ineligible for employment in a school district under specified circumstances; amending s. 1012.36, F.S.; providing that certain persons are not exempt from specified certification requirements; amending s. 1012.56, F.S.; requiring certified educators to inform their employers within a specified time period after being arrested for, rather than convicted of, certain offenses; authorizing the Department of Education to deny applicants for certification if the applicant could be disciplined by the Education Practices Commission; authorizing the commission to impose specified penalties on such applicants under certain circumstances; amending s. 1012.57, F.S.; providing that an adjunct teaching certificate does not fulfill specified certification requirements; amending s. 1012.795, F.S.; authorizing the commission to take certain actions against persons who meet specified criteria; amending s. 1012.796, F.S.; requiring

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

581-02336-18 20181548c1

certified educators who are placed on probation to immediately notify a specified office upon separation from, rather than termination of, employment; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (6) of section 1006.07, Florida Statutes, is amended to read:

1006.07 District school board duties relating to student discipline and school safety.—The district school board shall provide for the proper accounting for all students, for the attendance and control of students at school, and for proper attention to health, safety, and other matters relating to the welfare of students, including:

(6) SAFETY AND SECURITY BEST PRACTICES.—Each school district shall ~~Use the Safety and Security Best Practices developed by the Office of Program Policy Analysis and Government Accountability to~~ conduct a security risk assessment at each public school and conduct a self-assessment of the school districts' current safety and security practices using a format prescribed by the department. Based on these assessment ~~self-assessment~~ findings, the district school superintendent shall provide recommendations to the district school board which identify strategies and activities that the district school board should implement in order to improve school safety and security. Annually, each district school board must receive such findings and the superintendent's recommendations ~~the self-assessment results~~ at a publicly noticed district school board

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

meeting to provide the public an opportunity to hear the district school board members discuss and take action on the ~~report~~ findings and recommendations. Each district school superintendent shall report such findings ~~the self-assessment results~~ and school board action to the commissioner within 30 days after the district school board meeting.

Section 2. Paragraphs (o) and (t) of subsection (1) of section 1011.62, Florida Statutes, are amended to read:

1011.62 Funds for operation of schools.—If the annual allocation from the Florida Education Finance Program to each district for operation of schools is not determined in the annual appropriations act or the substantive bill implementing the annual appropriations act, it shall be determined as follows:

(1) COMPUTATION OF THE BASIC AMOUNT TO BE INCLUDED FOR OPERATION.—The following procedure shall be followed in determining the annual allocation to each district for operation:

(o) *Calculation of additional full-time equivalent membership based on successful completion of a career-themed course pursuant to ss. 1003.491, 1003.492, and 1003.493, or courses with embedded CAPE industry certifications or CAPE Digital Tool certificates, and issuance of industry certification identified on the CAPE Industry Certification Funding List pursuant to rules adopted by the State Board of Education or CAPE Digital Tool certificates pursuant to s. 1003.4203.*—

1.a. A value of 0.025 full-time equivalent student membership shall be calculated for CAPE Digital Tool

certificates earned by students in elementary and middle school grades.

b. A value of 0.1 or 0.2 full-time equivalent student membership shall be calculated for each student who completes a course as defined in s. 1003.493(1)(b) or courses with embedded CAPE industry certifications and who is issued an industry certification identified annually on the CAPE Industry Certification Funding List approved under rules adopted by the State Board of Education. A value of 0.2 full-time equivalent membership shall be calculated for each student who is issued a CAPE industry certification that has a statewide articulation agreement for college credit approved by the State Board of Education. For CAPE industry certifications that do not articulate for college credit, the Department of Education shall assign a full-time equivalent value of 0.1 for each certification. Middle grades students who earn additional FTE membership for a CAPE Digital Tool certificate pursuant to sub-subparagraph a. may not use the previously funded examination to satisfy the requirements for earning an industry certification under this sub-subparagraph. Additional FTE membership for an elementary or middle grades student may not exceed 0.1 for certificates or certifications earned within the same fiscal year. The State Board of Education shall include the assigned values on the CAPE Industry Certification Funding List under rules adopted by the state board. Such value shall be added to the total full-time equivalent student membership for grades 6 through 12 in the subsequent year. CAPE industry certifications earned through dual enrollment must be reported and funded pursuant to s. 1011.80. However, if a student earns a

certification through a dual enrollment course and the certification is not a fundable certification on the postsecondary certification funding list, or the dual enrollment certification is earned as a result of an agreement between a school district and a nonpublic postsecondary institution, the bonus value shall be funded in the same manner as other nondual enrollment course industry certifications. In such cases, the school district may provide for an agreement between the high school and the technical center, or the school district and the postsecondary institution may enter into an agreement for equitable distribution of the bonus funds.

c. A value of 0.3 full-time equivalent student membership shall be calculated for student completion of the courses and the embedded certifications identified on the CAPE Industry Certification Funding List and approved by the commissioner pursuant to ss. 1003.4203(5)(a) and 1008.44.

d. A value of 0.5 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 15 to 29 college credit hours, and 1.0 full-time equivalent student membership shall be calculated for CAPE Acceleration Industry Certifications that articulate for 30 or more college credit hours pursuant to CAPE Acceleration Industry Certifications approved by the commissioner pursuant to ss. 1003.4203(5)(b) and 1008.44.

2. Each district must allocate at least 80 percent of the funds provided for CAPE industry certification, in accordance with this paragraph, to the program that generated the funds. This allocation may not be used to supplant funds provided for basic operation of the program.

3. For CAPE industry certifications earned in the 2013-2014 school year and in subsequent years, the school district shall distribute to each classroom teacher who provided direct instruction toward the attainment of a CAPE industry certification that qualified for additional full-time equivalent membership under subparagraph 1.:

a. A bonus of $25 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.1.

b. A bonus of $50 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.2.

c. A bonus of $75 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.3.

d. A bonus of $100 for each student taught by a teacher who provided instruction in a course that led to the attainment of a CAPE industry certification on the CAPE Industry Certification Funding List with a weight of 0.5 or 1.0.

Bonuses awarded pursuant to this paragraph shall be provided to teachers who are employed by the district in the year in which the additional FTE membership calculation is included in the calculation. Bonuses shall be calculated based upon the associated weight of a CAPE industry certification on the CAPE Industry Certification Funding List for the year in which the

certification is earned by the student. Any bonus awarded to a teacher pursuant to ~~under~~ this paragraph is in addition to any regular wage or other bonus the teacher received or is scheduled to receive. A bonus may not be awarded to a teacher who fails to maintain the security of any CAPE industry certification examination or who otherwise violates the security or administration protocol of any assessment instrument that may result in a bonus being awarded to the teacher under this paragraph.

(t) *Computation for funding through the Florida Education Finance Program.*—The State Board of Education may adopt rules establishing programs, industry certifications, and courses for which the student may earn credit toward high school graduation and the criteria under which a student's industry certification or grade may be rescinded.

Section 3. Section 1012.315, Florida Statutes, is amended to read:

1012.315 Disqualification from employment.—A person is ineligible for educator certification or~~, and instructional personnel and school administrators, as defined in s. 1012.01, are ineligible for~~ employment in any position that requires direct contact with students in a district school system, charter school, or private school that accepts scholarship students under s. 1002.39 or s. 1002.395~~,~~ if the person~~, instructional personnel, or school administrator~~ has been convicted of:

(1) Any felony offense prohibited under any of the following statutes:

(a) Section 393.135, relating to sexual misconduct with

certain developmentally disabled clients and reporting of such sexual misconduct.

(b) Section 394.4593, relating to sexual misconduct with certain mental health patients and reporting of such sexual misconduct.

(c) Section 415.111, relating to adult abuse, neglect, or exploitation of aged persons or disabled adults.

(d) Section 782.04, relating to murder.

(e) Section 782.07, relating to manslaughter, aggravated manslaughter of an elderly person or disabled adult, aggravated manslaughter of a child, or aggravated manslaughter of an officer, a firefighter, an emergency medical technician, or a paramedic.

(f) Section 784.021, relating to aggravated assault.

(g) Section 784.045, relating to aggravated battery.

(h) Section 784.075, relating to battery on a detention or commitment facility staff member or a juvenile probation officer.

(i) Section 787.01, relating to kidnapping.

(j) Section 787.02, relating to false imprisonment.

(k) Section 787.025, relating to luring or enticing a child.

(l) Section 787.04(2), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending custody proceedings.

(m) Section 787.04(3), relating to leading, taking, enticing, or removing a minor beyond the state limits, or concealing the location of a minor, with criminal intent pending

dependency proceedings or proceedings concerning alleged abuse or neglect of a minor.

(n) Section 790.115(1), relating to exhibiting firearms or weapons at a school-sponsored event, on school property, or within 1,000 feet of a school.

(o) Section 790.115(2)(b), relating to possessing an electric weapon or device, destructive device, or other weapon at a school-sponsored event or on school property.

(p) Section 794.011, relating to sexual battery.

(q) Former s. 794.041, relating to sexual activity with or solicitation of a child by a person in familial or custodial authority.

(r) Section 794.05, relating to unlawful sexual activity with certain minors.

(s) Section 794.08, relating to female genital mutilation.

(t) Chapter 796, relating to prostitution.

(u) Chapter 800, relating to lewdness and indecent exposure.

(v) Section 806.01, relating to arson.

(w) Section 810.14, relating to voyeurism.

(x) Section 810.145, relating to video voyeurism.

(y) Section 812.014(6), relating to coordinating the commission of theft in excess of $3,000.

(z) Section 812.0145, relating to theft from persons 65 years of age or older.

(aa) Section 812.019, relating to dealing in stolen property.

(bb) Section 812.13, relating to robbery.

(cc) Section 812.131, relating to robbery by sudden

snatching.

(dd) Section 812.133, relating to carjacking.

(ee) Section 812.135, relating to home-invasion robbery.

(ff) Section 817.563, relating to fraudulent sale of controlled substances.

(gg) Section 825.102, relating to abuse, aggravated abuse, or neglect of an elderly person or disabled adult.

(hh) Section 825.103, relating to exploitation of an elderly person or disabled adult.

(ii) Section 825.1025, relating to lewd or lascivious offenses committed upon or in the presence of an elderly person or disabled person.

(jj) Section 826.04, relating to incest.

(kk) Section 827.03, relating to child abuse, aggravated child abuse, or neglect of a child.

(ll) Section 827.04, relating to contributing to the delinquency or dependency of a child.

(mm) Section 827.071, relating to sexual performance by a child.

(nn) Section 843.01, relating to resisting arrest with violence.

(oo) Chapter 847, relating to obscenity.

(pp) Section 874.05, relating to causing, encouraging, soliciting, or recruiting another to join a criminal street gang.

(qq) Chapter 893, relating to drug abuse prevention and control, if the offense was a felony of the second degree or greater severity.

(rr) Section 916.1075, relating to sexual misconduct with

certain forensic clients and reporting of such sexual misconduct.

(ss) Section 944.47, relating to introduction, removal, or possession of contraband at a correctional facility.

(tt) Section 985.701, relating to sexual misconduct in juvenile justice programs.

(uu) Section 985.711, relating to introduction, removal, or possession of contraband at a juvenile detention facility or commitment program.

(2) Any misdemeanor offense prohibited under any of the following statutes:

(a) Section 784.03, relating to battery, if the victim of the offense was a minor.

(b) Section 787.025, relating to luring or enticing a child.

(3) Any criminal act committed in another state or under federal law which, if committed in this state, constitutes an offense prohibited under any statute listed in subsection (1) or subsection (2).

(4) Any delinquent act committed in this state or any delinquent or criminal act committed in another state or under federal law which, if committed in this state, qualifies an individual for inclusion on the Registered Juvenile Sex Offender List under s. 943.0435(1)(h)1.d.

Section 4. Subsection (3) is added to section 1012.36, Florida Statutes, to read:

1012.36 Part-time teachers.—

(3) Persons employed under the provisions of this section are not exempt from the requirements of s. 1012.55(2)(a).

Section 5. Paragraph (b) of subsection (10) and subsection (12) of section 1012.56, Florida Statutes, are amended to read:

1012.56 Educator certification requirements.—

(10) BACKGROUND SCREENING REQUIRED, INITIALLY AND PERIODICALLY.—

(b) A person may not receive a certificate under this chapter until the person's screening under s. 1012.32 is completed and the results have been submitted to the Department of Education or to the district school superintendent of the school district that employs the person. Every 5 years after obtaining initial certification, each person who is required to be certified under this chapter must be rescreened in accordance with s. 1012.32, at which time the school district shall request the Department of Law Enforcement to forward the fingerprints to the Federal Bureau of Investigation for federal criminal records checks. If, for any reason after obtaining initial certification, the fingerprints of a person who is required to be certified under this chapter are not retained by the Department of Law Enforcement under s. 1012.32(3)(a) and (b), the person must file a complete set of fingerprints with the district school superintendent of the employing school district. Upon submission of fingerprints for this purpose, the school district shall request the Department of Law Enforcement to forward the fingerprints to the Federal Bureau of Investigation for federal criminal records checks, and the fingerprints shall be retained by the Department of Law Enforcement under s. 1012.32(3)(a) and (b). The cost of the state and federal criminal history checks required by paragraph (a) and this paragraph may be borne by the district school board or the

employee. Under penalty of perjury, each person who is certified under this chapter must agree to inform his or her employer within 48 hours if arrested for ~~convicted of~~ any disqualifying offense while he or she is employed in a position for which such certification is required.

(12) DENIAL OF CERTIFICATE.—

(a) The Department of Education may deny an applicant a certificate if the department possesses evidence satisfactory to it that the applicant has committed an act or acts, or that a situation exists, for which the Education Practices Commission would be authorized to discipline a certified educator ~~revoke a teaching certificate~~.

(b) The decision of the department is subject to review by the Education Practices Commission upon the filing of a written request from the applicant within 20 days after receipt of the notice of denial. Upon review, the commission may impose one or more of the following penalties pursuant to s. 1012.796(7):

1. Denial of an application.

2. Bar from reapplication.

3. Probation for a period of time.

4. Restriction of the scope of practice.

5. Issuance of a letter of reprimand.

6. Referral of the teacher, administrator, or supervisor to the recovery network program provided in s. 1012.798 under such terms and conditions as the commission may specify.

7. An administrative fine not to exceed $2,000 for each count or separate offense.

Section 6. Subsection (1) of section 1012.57, Florida Statutes, is amended to read:

1012.57 Certification of adjunct educators.—

(1) Notwithstanding ~~the provisions of~~ ss. 1012.32, 1012.55, and 1012.56~~,~~ or any other provision of law or rule to the contrary, district school boards shall adopt rules to allow for the issuance of an adjunct teaching certificate to any applicant who fulfills the requirements of s. 1012.56(2)(a)-(f) and (10) and who has expertise in the subject area to be taught. An applicant shall be considered to have expertise in the subject area to be taught if the applicant demonstrates sufficient subject area mastery through passage of a subject area test. The adjunct teaching certificate shall be used for part-time teaching positions. The adjunct teaching certificate may not be used to fulfill the requirements of s. 1012.55(2)(a).

Section 7. Subsections (1) and (5) of section 1012.795, Florida Statutes, are amended to read:

1012.795 Education Practices Commission; authority to discipline.—

(1) The Education Practices Commission may deny an application for certification; may suspend the educator certificates ~~certificate~~ of any instructional personnel or school administrators, ~~person~~ as defined in s. 1012.01(2) or (3), for up to 5 years, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students for that period of time, after which the person ~~holder~~ may return to teaching as provided in subsection (4); may revoke the educator certificate of any person, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct

contact with students for up to 10 years, with reinstatement subject to ~~the provisions of~~ subsection (4); may permanently revoke ~~permanently~~ the educator certificate of any person, thereby denying that person the right to teach or otherwise be employed by a district school board or public school in any capacity requiring direct contact with students; may suspend a person's ~~the~~ educator certificate~~,~~ upon an order of the court or notice by the Department of Revenue relating to the payment of child support; or may impose any other penalty provided by law, if the person:

(a) Obtained or attempted to obtain an educator certificate by fraudulent means.

(b) Knowingly failed to report actual or suspected child abuse as required in s. 1006.061 or report alleged misconduct by instructional personnel or school administrators which affects the health, safety, or welfare of a student as required in s. 1012.796.

(c) Has proved to be incompetent to teach or to perform duties as an employee of the public school system or to teach in or to operate a private school.

(d) Has been guilty of gross immorality or an act involving moral turpitude as defined by rule of the State Board of Education.

(e) Has had an educator certificate or other professional license sanctioned by this or any other ~~revocation, suspension, or surrender in another~~ state or has had the authority to practice the regulated profession revoked, suspended, or otherwise acted against, including a denial of certification or licensure, by the licensing or certifying authority of any

jurisdiction, including its agencies and subdivisions. The licensing or certifying authority's acceptance of a relinquishment, stipulation, consent order, or other settlement offered in response to or in anticipation of the filing of charges against the licensee or certificateholder shall be construed as action against the license or certificate.

(f) Regardless of adjudication, has been convicted or found guilty of, or entered a plea of guilty or nolo contendere to, ~~regardless of adjudication of guilt,~~ a misdemeanor, a felony, or any other criminal charge, other than a minor traffic violation.

(g) Upon investigation, has been found guilty of personal conduct that seriously reduces that person's effectiveness as an employee of the district school board.

(h) Has breached a contract, as provided in s. 1012.33(2) or s. 1012.335.

(i) Has been the subject of a court order or notice by the Department of Revenue pursuant to s. 409.2598 directing the Education Practices Commission to suspend the certificate as a result of noncompliance with a child support order, a subpoena, an order to show cause, or a written agreement with the Department of Revenue.

(j) Has violated the Principles of Professional Conduct for the Education Profession prescribed by State Board of Education rules.

(k) Has otherwise violated the provisions of law, the penalty for which is the revocation of the educator certificate.

(l) Has violated any order of the Education Practices Commission.

(m) Has been the subject of a court order or plea agreement

in any jurisdiction which requires the certificateholder to surrender or otherwise relinquish his or her educator's certificate. A surrender or relinquishment shall be for permanent revocation of the certificate. A person may not surrender or otherwise relinquish his or her certificate prior to a finding of probable cause by the commissioner as provided in s. 1012.796.

(n) Has been disqualified from educator certification under s. 1012.315.

(o) Has committed a third recruiting offense as determined by the Florida High School Athletic Association (FHSAA) pursuant to s. 1006.20(2)(b).

(p) Has violated test security rules as provided in s. 1008.24.

(5) Each district school superintendent and the governing authority of each university lab school, state-supported school, private school, and the FHSAA shall report to the department the name of any person certified pursuant to this chapter ~~or employed and qualified pursuant to s. 1012.39~~:

(a) Who has been convicted or found guilty of, who has had adjudication withheld, or who has pled guilty or nolo contendere to~~,~~ a misdemeanor, a felony, or any other criminal charge, other than a minor traffic infraction;

(b) Who that official has reason to believe has committed or is found to have committed any act which would be a ground for revocation or suspension under subsection (1); or

(c) Who has been dismissed or severed from employment because of conduct involving any immoral, unnatural, or lascivious act.

Section 8. Paragraphs (a) and (d) of subsection (7) of section 1012.796, Florida Statutes, are amended to read:

1012.796 Complaints against teachers and administrators; procedure; penalties.—

(7) A panel of the commission shall enter a final order either dismissing the complaint or imposing one or more of the following penalties:

(a) Denial of an application for a ~~teaching~~ certificate or for an administrative or supervisory endorsement on a teaching certificate. The denial may provide that the applicant may not reapply for certification, and that the department may refuse to consider that applicant's application, for a specified period of time or permanently.

(d) Placement of the teacher, administrator, or supervisor on probation for a period of time and subject to such conditions as the commission may specify, including requiring the certified teacher, administrator, or supervisor to complete additional appropriate college courses or work with another certified educator, with the administrative costs of monitoring the probation assessed to the educator placed on probation. An educator who has been placed on probation shall, at a minimum:

1. Immediately notify the investigative office in the Department of Education upon employment or separation from ~~termination of~~ employment ~~in the state~~ in any public or private position requiring a Florida educator's certificate.

2. Have his or her immediate supervisor submit annual performance reports to the investigative office in the Department of Education.

3. Pay to the commission within the first 6 months of each

probation year the administrative costs of monitoring probation assessed to the educator.

4. Violate no law and fully comply with all district school board policies, school rules, and State Board of Education rules.

5. Satisfactorily perform his or her assigned duties in a competent, professional manner.

6. Bear all costs of complying with the terms of a final order entered by the commission.

The penalties imposed under this subsection are in addition to, and not in lieu of, the penalties required for a third recruiting offense pursuant to s. 1006.20(2)(b).

Section 9. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1612 (473282)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on the Environment and Natural Resources); Environmental Preservation and Conservation Committee; and Senators Rader and Book
SUBJECT:	Airboat Regulation
DATE:	March 1, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Istler	Rogers	EP	**Fav/CS**
2.	Reagan	Betta	AEN	**Recommend: Fav/CS**
3.	Reagan	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1612 creates "Ellie's Law" to prohibit, beginning December 31, 2018, a person from operating an airboat to carry passengers for hire on waters of the state unless he or she has all of the following onboard the airboat:

- Photographic identification.
- Proof of completion of a boating safety education course compliant with s. 327.395(1)(a), F.S., and the bill requires that all airboat operators carrying passengers for hire must complete this course, regardless of age or exemptions provided in s. 327.395, F.S., except as otherwise provided.
- Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by the Fish and Wildlife Conservation Commission (FWC) rule.
- Proof of successful course completion in cardiopulmonary resuscitation and first aid.

A person issued a captain's license by the United States Coast Guard is not required to complete the boating safety education course. However, proof of such captain's license is required to be onboard the airboat when carrying passengers for hire on waters of the state.

The bill provides that a person who violates the airboat operating provisions commits a noncriminal infraction, punishable by up to a $500 fine.

The bill requires airboat operators that carry passengers for hire to complete a FWC-approved airboat operator course if they do not have a United States Coast Guard Captain's License. This will create a negative, indeterminate fiscal impact to these airboat operators.

To implement the provisions of the bill, the FWC will incur minimal costs, which can be absorbed within the FWC's existing resources.

II. Present Situation:

Airboats

Airboats are designed to operate in shallow water and marshlands.[1] An airboat is propelled by air pushed through the vessel's aircraft-like propeller to create a column of forced air that passes by the rudders.[2] It is best steered and controlled through acceleration, but its high center of gravity and lack of flotation make it susceptible to capsizing or sinking.[3] Unlike most boats, an airboat is incapable of going in reverse. Its forward momentum is slowed only by deceleration and the friction and displacement of the water.[4] As a vessel,[5] an airboat is regulated generally under state and federal vessel operation and safety requirements.

Florida Vessel Safety Law

Florida leads the nation in the number of vessels registered in any state with close to one million vessels.[6] The Fish and Wildlife Conservation Commission (FWC) is charged with coordinating and managing the waterways of the state to provide for safe and enjoyable boating.[7] Specifically, the Division of Law Enforcement within the FWC provides protection to those who enjoy Florida's waterways while also enforcing resource protection and boating safety laws.[8]

Chapter 327, F.S., titled the "Florida Vessel Safety Law," includes laws relating to vessel safety, such as boating safety education course requirements and vessel operation requirements. The Florida Vessel Safety Law, as well as vessel titling, certificate, and registration requirements, are authorized to be enforced by the following entities or officers:

- The Division of Law Enforcement within the FWC and its officers;
- Sheriffs of the various counties and their deputies;
- Municipal police officers; and

[5] Section 327.02, F.S., defines the term "vessel" as being "synonymous with boat as referenced in s. 1(b), Art. VII of the State Constitution and includes every description of watercraft, barge, and airboat, other than a seaplane on the water, used or capable of being used as a means of transportation on water."

- Any other law enforcement officer described in s. 943.10, F.S.[9]

Any individual who operates a vessel with a willful disregard for the safety of persons or property will be cited for reckless operation of a vessel, which is a first degree misdemeanor punishable by a fine of up to $1,000 or a term of imprisonment not exceeding one year. Each operator is responsible for operating his or her vessel in a reasonable and prudent manner with regard for other vessel traffic, posted restrictions, the presence of divers-down flags, and other circumstances so as not to endanger people or property. Failure to do so is considered careless operation, which is a noncriminal infraction punishable by a penalty of $50.

Safety Equipment

Each vessel is required to have size-specific safety equipment on board. The following safety items are required by state and federal law to be aboard a vessel and, if found to be missing during a safety inspection, can result in a vessel citation:

- Visible distress signals;
- Fire extinguishers;
- Navigation lights;
- Personal floatation devices; and
- Sound-producing devices.[10]

Additionally, an airboat must be equipped with a mast or flagpole bearing a flag at a height of at least 10 feet above the lowest portion of the vessel.[11] Such flag must be orange in color and be displayed so that the visibility of the flag is not obscured in any direction.[12] An airboat is also required to have a device manufactured to effectively muffle the sound of engine exhaust.[13] These airboat specific requirements do not apply to a person participating in an event for which a permit is required, or for which notice must be given under s. 327.48, F.S., relating to regattas, races, marine parades, tournaments, or exhibitions.[14]

Boating Safety Identification Cards

In order to operate a vessel of 10 horsepower or greater, Florida law requires anyone who was born on or after January 1, 1988, to have aboard the vessel photographic identification and an FWC-issued boater safety identification card.[15] The card is proof that the holder has:

- Completed a commission-approved boater education course that meets the minimum eight hour instruction requirement established by the National Association of State Boating Law Administrators;

---

[9] Section 327.70, F.S.; Section 943.10, F.S., defines the term "law enforcement officer" as "any person who is elected, appointed, or employed full time by any municipality or the state or any political subdivision thereof; who is vested with authority to bear arms and make arrests; and whose primary responsibility is the prevention and detection of crime or the enforcement of the penal, criminal, traffic, or highway laws of the state…"

[14] *Id*.

[15] Section 327.395(1), F.S.

- Passed a course equivalency examination approved by the FWC; or
- Passed a temporary certificate examination developed or approved by the FWC.[16]

The FWC may appoint liveries, marinas, or other persons as its agents to administer the course or examinations and issue identification cards.[17] An agent is required to charge a $2 examination fee, which must be forwarded to the FWC with proof of passage of the examination and may charge and keep a $1 service fee.[18] The boating courses include coverage related to:

- Vessel safety regulations, including personal flotation device requirements;
- State divers-down flag requirements;
- Boating restricted areas;
- Boating accidents; and
- Manatee and ecosystem awareness.

An identification card issued to a person who has completed a boating education course or a course equivalency examination is valid for life.[19] A card issued to a person who has passed a temporary certification examination is valid for 12 months from the date of issuance.[20]

A person is exempt from the boater safety identification card requirement if he or she:

- Is licensed by the United States Coast Guard to serve as master of a vessel;
- Operates a vessel only on a private lake or pond;
- Is accompanied in the vessel by a person who is exempt from this section or who holds an identification card in compliance with this section, is 18 years of age or older, and is attendant to the operation of the vessel and responsible for the safe operation of the vessel and for any violation that occurs during the operation of the vessel;
- Is a nonresident who has in his or her possession proof that he or she has completed a boater education course or equivalency examination in another state which meets or exceeds the Florida requirements;
- Is operating a vessel within 90 days after the purchase of that vessel and has available for inspection aboard that vessel a valid bill of sale;
- Is operating a vessel within 90 days after completing a commission-approved boater education course or passed a course equivalency examination approved by the commission and has a photographic identification card and a boater education certificate available for inspection as proof of having completed a boater education course. The boater education certificate must provide, at a minimum, the student's first and last name, the student's date of birth, and the date that he or she passed the course examination; or
- Is exempted by rule of the commission.[21]

The penalty for operating a vessel in violation of the boating safety identification card requirements is a noncriminal infraction, which is punishable by a civil penalty of $50.[22]

Passengers For Hire on Vessels

On federal waters a United States Coast Guard (USCG) issued license is required in order to legally carry passengers for hire.[23] This includes charters for fishing, sightseeing, diving, transportation, teaching or any use that is considered a passenger for hire situation.[24] When carrying six passengers or less, an operator of uninspected vessels (OUPV) license is required. When carrying more than six passengers, a Master license is required and the vessel itself must be built in accordance with strict inspection standards.[25] All USCG issued licenses must be renewed every five years, which requires a renewal physical examination and an approved drug test.[26]

To obtain either an OUPV license or a Master license an individual must submit an application; have a physical examination taken within 12 months of submitting the application; have an approved drug test taken within six months of submitting the application; and have received CPR and First Aid certification within 12 months of submitting the application. Additionally, for an OUPV license an individual must have 90 days of service in the last three years on vessels of appropriate tonnage and have 360 days of deck service in the operation of vessels.[27]

Additionally, an FWC-issued charter captain or boat license is required to carry passengers for hire for the purpose of taking, attempting to take, or possessing saltwater fish or organisms.[28] In order to purchase a charter captain or boat license an individual must have a USCG captain's license.[29]

Boating Accidents and Citations

In 2016, there were 714 reportable[30] boating accidents and 67 boating related fatalities in Florida.[31] Seventy percent of the operators involved in fatal accidents had no formal boater education.[32] The top three primary causes of the accidents reported in 2016 included no proper look-out, operator inexperience, and excessive speed.[33] From 2015-2017, a total of 112 airboat

Negligent Operation of a Vessel Reckless operation of a vessel Careless operation of a vessel Navigation rule violation resulting in an accident Navigation rule violation not resulting in an accident Failure to report an accident	420	173

III. Effect of Proposed Changes:

The bill creates "Ellie's Law" in honor of Elizabeth "Ellie" Goldenberg who died on Saturday, May 13, 2017, from injuries she sustained after being thrown from an airboat on an Everglades airboat tour.[37]

The bill prohibits, beginning December 31, 2018, a person from operating an airboat to carry passengers for hire on waters of the state unless he or she has all of the following onboard the airboat:

- Photographic identification.

[34] FWC, *Senate Bill 1612 Agency Analysis*, 2 (Jan. 22, 2018) (on file with the Senate Committee on Environmental Preservation and Conservation).
[35] *Id*.
[36] FWC, 2016 Boating Accident Statistical Report, *Violation Summary*, 35 (2016) *available at* http://myfwc.com/media/4215167/2016BoatStatBook.pdf (last visited Jan. 3, 2018).
[37] Howard Cohen, *A day after she graduated, UM student dies in Everglades boat crash*, THE MIAMI HERALD, May 15, 2017, *available at* http://www.miamiherald.com/news/local/education/article150577537.html (last visited Jan. 17, 2018).

- Proof of completion of a boating safety education course compliant with s. 327.395(1)(a), F.S., and the bill requires that all airboat operators carrying passengers for hire must complete this course, regardless of age or exemptions provided in s. 327.395, F.S., except as otherwise provided in this section.
- Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by the FWC rule.
- Proof of successful course completion in cardiopulmonary resuscitation and first aid.

A person issued a captain's license by the United States Coast Guard is not required to complete the boating safety education course. However, proof of such captain's license is required to be onboard the airboat when carrying passengers for hire on waters of the state.

Additionally, the airboat operator requirements do not apply to a person participating in an event for which a permit is required, or for which notice must be given under s. 327.48, F.S., relating to regattas, races, marine parades, tournaments, or exhibitions, due to an existing section wide exemption in present s. 327.391(4), F.S.

The bill amends s. 327.73, F.S., to provide that a person who violates the airboat operating provisions commits a noncriminal infraction, punishable by up to a $500 fine.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Airboat operators who do not have a United States Coast Guard Captains' License will be required to complete a FWC-approved airboat operator course to continue carrying passengers for hire.

C. Government Sector Impact:

The FWC will have increased workload relating to the adoption of rules to establish minimum standards for an approved airboat operator course. The costs associated with this increased workload may be absorbed within the FWC's existing resources.[38]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 327.391 and 327.73.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on the Environment and Natural Resources on February 14, 2018:
The committee substitute provides technical changes to clarify what requirements must be met to carry passengers for hire on an airboat.

CS by Environmental Preservation and Conservation on January 22, 2018:
The CS changes the penalty for violations relating to the airboat operation requirements from a criminal to a noncriminal infraction. The maximum value for a fine remains the same at $500.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on the Environment and Natural Resources)

A bill to be entitled

An act relating to airboat regulation; providing a short title; amending s. 327.391, F.S.; requiring, by a specified date, a commercial airboat operator to have specified documents on board the airboat while carrying passengers for hire; requiring all airboat operators carrying passengers for hire to complete a boater education course; providing an exception; providing a penalty; amending s. 327.73, F.S.; providing a penalty for violation of airboat operation requirements; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as "Ellie's Law."

Section 2. Subsection (5) is added to section 327.391, Florida Statutes, to read:

327.391 Airboats regulated.—

(5)(a) Beginning December 31, 2018, a person may not operate an airboat carrying one or more passengers for hire on waters of the state, unless he or she has all of the following on board the airboat:

1. Photographic identification.

2. Proof of completion of a boater education course compliant with s. 327.395(1)(a). All airboat operators carrying passengers for hire must complete this course, regardless of age

473282

576-03247-18

or exemptions provided in s. 327.395, except as otherwise provided in this section.

3. Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by commission rule.

4. Proof of successful course completion in cardiopulmonary resuscitation and first aid.

(b) A person issued a captain's license by the United States Coast Guard is not required to complete the boating safety education course required under s. 327.395. Proof of the captain's license must be on board the airboat when carrying passengers for hire on waters of the state.

(c) A person who violates this subsection commits a noncriminal infraction, punishable as provided in s. 327.73.

Section 3. Paragraph (cc) is added to subsection (1) of section 327.73, Florida Statutes, to read:

327.73 Noncriminal infractions.—

(1) Violations of the following provisions of the vessel laws of this state are noncriminal infractions:

(cc) Section 327.391(5), relating to airboat operation requirements, for which the civil penalty is up to a maximum of $500.

Any person cited for a violation of any provision of this subsection shall be deemed to be charged with a noncriminal infraction, shall be cited for such an infraction, and shall be cited to appear before the county court. The civil penalty for any such infraction is $50, except as otherwise provided in this section. Any person who fails to appear or otherwise properly

respond to a uniform boating citation shall, in addition to the charge relating to the violation of the boating laws of this state, be charged with the offense of failing to respond to such citation and, upon conviction, be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. A written warning to this effect shall be provided at the time such uniform boating citation is issued.

Section 4. This act shall take effect upon becoming a law.

The Florida Senate

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1612 creates "Ellie's Law" to prohibit, beginning July 1, 2019, a person from operating an airboat to carry passengers for hire on waters of the state unless he or she has all of the following onboard the airboat:

- Photographic identification.
- Proof of completion of a boating safety education course compliant with s. 327.395(1)(a), F.S., and the bill requires that all airboat operators carrying passengers for hire must complete this course, regardless of age or exemptions provided in s. 327.395, F.S., except as otherwise provided.
- Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by the Fish and Wildlife Conservation Commission (FWC) rule.
- Proof of successful course completion in cardiopulmonary resuscitation and first aid.

A person issued a captain's license by the United States Coast Guard is not required to complete the boating safety education course. However, proof of such captain's license is required to be onboard the airboat when carrying passengers for hire on waters of the state.

The bill provides that a person who violates the airboat operating provisions commits a noncriminal infraction, punishable by up to a $500 fine.

The bill requires airboat operators that carry passengers for hire to complete a FWC-approved airboat operator course if they do not have a United States Coast Guard Captain's License. This will create a negative, indeterminate fiscal impact to these airboat operators.

To implement the provisions of the bill, the FWC will incur minimal costs, which can be absorbed within the FWC's existing resources.

II. Present Situation:

Airboats

Airboats are designed to operate in shallow water and marshlands.[1] An airboat is propelled by air pushed through the vessel's aircraft-like propeller to create a column of forced air that passes by the rudders.[2] It is best steered and controlled through acceleration, but its high center of gravity and lack of flotation make it susceptible to capsizing or sinking.[3] Unlike most boats, an airboat is incapable of going in reverse. Its forward momentum is slowed only by deceleration and the friction and displacement of the water.[4] As a vessel,[5] an airboat is regulated generally under state and federal vessel operation and safety requirements.

Florida Vessel Safety Law

Florida leads the nation in the number of vessels registered in any state with close to one million vessels.[6] The Fish and Wildlife Conservation Commission (FWC) is charged with coordinating and managing the waterways of the state to provide for safe and enjoyable boating.[7] Specifically, the Division of Law Enforcement within the FWC provides protection to those who enjoy Florida's waterways while also enforcing resource protection and boating safety laws.[8]

Chapter 327, F.S., titled the "Florida Vessel Safety Law," includes laws relating to vessel safety, such as boating safety education course requirements and vessel operation requirements. The Florida Vessel Safety Law, as well as vessel titling, certificate, and registration requirements, are authorized to be enforced by the following entities or officers:

- The Division of Law Enforcement within the FWC and its officers;
- Sheriffs of the various counties and their deputies;
- Municipal police officers; and

- Any other law enforcement officer described in s. 943.10, F.S.[9]

Any individual who operates a vessel with a willful disregard for the safety of persons or property will be cited for reckless operation of a vessel, which is a first degree misdemeanor punishable by a fine of up to $1,000 or a term of imprisonment not exceeding one year. Each operator is responsible for operating his or her vessel in a reasonable and prudent manner with regard for other vessel traffic, posted restrictions, the presence of divers-down flags, and other circumstances so as not to endanger people or property. Failure to do so is considered careless operation, which is a noncriminal infraction punishable by a penalty of $50.

Safety Equipment

Each vessel is required to have size-specific safety equipment on board. The following safety items are required by state and federal law to be aboard a vessel and, if found to be missing during a safety inspection, can result in a vessel citation:

- Visible distress signals;
- Fire extinguishers;
- Navigation lights;
- Personal floatation devices; and
- Sound-producing devices.[10]

Additionally, an airboat must be equipped with a mast or flagpole bearing a flag at a height of at least 10 feet above the lowest portion of the vessel.[11] Such flag must be orange in color and be displayed so that the visibility of the flag is not obscured in any direction.[12] An airboat is also required to have a device manufactured to effectively muffle the sound of engine exhaust.[13] These airboat specific requirements do not apply to a person participating in an event for which a permit is required, or for which notice must be given under s. 327.48, F.S., relating to regattas, races, marine parades, tournaments, or exhibitions.[14]

Boating Safety Identification Cards

In order to operate a vessel of 10 horsepower or greater, Florida law requires anyone who was born on or after January 1, 1988, to have aboard the vessel photographic identification and an FWC-issued boater safety identification card.[15] The card is proof that the holder has:

- Completed a commission-approved boater education course that meets the minimum eight hour instruction requirement established by the National Association of State Boating Law Administrators;

[9] Section 327.70, F.S.; Section 943.10, F.S., defines the term "law enforcement officer" as "any person who is elected, appointed, or employed full time by any municipality or the state or any political subdivision thereof; who is vested with authority to bear arms and make arrests; and whose primary responsibility is the prevention and detection of crime or the enforcement of the penal, criminal, traffic, or highway laws of the state…"

[14] *Id*.
[15] Section 327.395(1), F.S.

- Passed a course equivalency examination approved by the FWC; or
- Passed a temporary certificate examination developed or approved by the FWC.[16]

The FWC may appoint liveries, marinas, or other persons as its agents to administer the course or examinations and issue identification cards.[17] An agent is required to charge a $2 examination fee, which must be forwarded to the FWC with proof of passage of the examination and may charge and keep a $1 service fee.[18] The boating courses include coverage related to:

- Vessel safety regulations, including personal flotation device requirements;
- State divers-down flag requirements;
- Boating restricted areas;
- Boating accidents; and
- Manatee and ecosystem awareness.

An identification card issued to a person who has completed a boating education course or a course equivalency examination is valid for life.[19] A card issued to a person who has passed a temporary certification examination is valid for 12 months from the date of issuance.[20]

A person is exempt from the boater safety identification card requirement if he or she:

- Is licensed by the United States Coast Guard to serve as master of a vessel;
- Operates a vessel only on a private lake or pond;
- Is accompanied in the vessel by a person who is exempt from this section or who holds an identification card in compliance with this section, is 18 years of age or older, and is attendant to the operation of the vessel and responsible for the safe operation of the vessel and for any violation that occurs during the operation of the vessel;
- Is a nonresident who has in his or her possession proof that he or she has completed a boater education course or equivalency examination in another state which meets or exceeds the Florida requirements;
- Is operating a vessel within 90 days after the purchase of that vessel and has available for inspection aboard that vessel a valid bill of sale;
- Is operating a vessel within 90 days after completing a commission-approved boater education course or passed a course equivalency examination approved by the commission and has a photographic identification card and a boater education certificate available for inspection as proof of having completed a boater education course. The boater education certificate must provide, at a minimum, the student's first and last name, the student's date of birth, and the date that he or she passed the course examination; or
- Is exempted by rule of the commission.[21]

The penalty for operating a vessel in violation of the boating safety identification card requirements is a noncriminal infraction, which is punishable by a civil penalty of $50.[22]

Passengers For Hire on Vessels

On federal waters a United States Coast Guard (USCG) issued license is required in order to legally carry passengers for hire.[23] This includes charters for fishing, sightseeing, diving, transportation, teaching or any use that is considered a passenger for hire situation.[24] When carrying six passengers or less, an operator of uninspected vessels (OUPV) license is required. When carrying more than six passengers, a Master license is required and the vessel itself must be built in accordance with strict inspection standards.[25] All USCG issued licenses must be renewed every five years, which requires a renewal physical examination and an approved drug test.[26]

To obtain either an OUPV license or a Master license an individual must submit an application; have a physical examination taken within 12 months of submitting the application; have an approved drug test taken within six months of submitting the application; and have received CPR and First Aid certification within 12 months of submitting the application. Additionally, for an OUPV license an individual must have 90 days of service in the last three years on vessels of appropriate tonnage and have 360 days of deck service in the operation of vessels.[27]

Additionally, an FWC-issued charter captain or boat license is required to carry passengers for hire for the purpose of taking, attempting to take, or possessing saltwater fish or organisms.[28] In order to purchase a charter captain or boat license an individual must have a USCG captain's license.[29]

Boating Accidents and Citations

In 2016, there were 714 reportable[30] boating accidents and 67 boating related fatalities in Florida.[31] Seventy percent of the operators involved in fatal accidents had no formal boater education.[32] The top three primary causes of the accidents reported in 2016 included no proper look-out, operator inexperience, and excessive speed.[33] From 2015-2017, a total of 112 airboat

III. Effect of Proposed Changes:

The bill creates "Ellie's Law" in honor of Elizabeth "Ellie" Goldenberg who died on Saturday, May 13, 2017, from injuries she sustained after being thrown from an airboat on an Everglades airboat tour.[37]

The bill prohibits, beginning July 1, 2019, a person from operating an airboat to carry passengers for hire on waters of the state unless he or she has all of the following onboard the airboat:

- Photographic identification.
- Proof of completion of a boating safety education course compliant with s. 327.395(1)(a), F.S., and the bill requires that all airboat operators carrying passengers for hire must

[35] *Id*.
[36] FWC, 2016 Boating Accident Statistical Report, *Violation Summary*, 35 (2016) *available at* http://myfwc.com/media/4215167/2016BoatStatBook.pdf (last visited Jan. 3, 2018).
[37] Howard Cohen, *A day after she graduated, UM student dies in Everglades boat crash*, THE MIAMI HERALD, May 15, 2017, *available at* http://www.miamiherald.com/news/local/education/article150577537.html (last visited Jan. 17, 2018).

complete this course, regardless of age or exemptions provided in s. 327.395, F.S., except as otherwise provided in this section.
- Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by the FWC rule.
- Proof of successful course completion in cardiopulmonary resuscitation and first aid.

A person issued a captain's license by the United States Coast Guard is not required to complete the boating safety education course. However, proof of such captain's license is required to be onboard the airboat when carrying passengers for hire on waters of the state.

Additionally, the airboat operator requirements do not apply to a person participating in an event for which a permit is required, or for which notice must be given under s. 327.48, F.S., relating to regattas, races, marine parades, tournaments, or exhibitions, due to an existing section wide exemption in present s. 327.391(4), F.S.

The bill amends s. 327.73, F.S., to provide that a person who violates the airboat operating provisions commits a noncriminal infraction, punishable by up to a $500 fine.

The bill exempts from these requirements members of a federally recognized Indian tribe operating an airboat on the reservation-owned or reservation-leased land of such tribe.

The bill requires the FWC to adopt rules to implement these requirements no later than October 1, 2018.

The bill takes effect upon becoming a law.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Airboat operators who do not have a United States Coast Guard Captains' License will be required to complete a FWC-approved airboat operator course to continue carrying passengers for hire.

C. Government Sector Impact:

The FWC will have increased workload relating to the adoption of rules to establish minimum standards for an approved airboat operator course. The costs associated with this increased workload may be absorbed within the FWC's existing resources.[38]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends the following sections of the Florida Statutes: 327.391 and 327.73.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Provides technical changes to clarify what requirements must be met to carry passengers for hire on an airboat;
- Exempts from these requirements members of a federally recognized Indian tribe operating an airboat on the reservation-owned or reservation-leased land of such tribe; and
- Requires the FWC to adopt rules to implement these requirements no later than October 1, 2018.

CS by Environmental Preservation and Conservation on January 22, 2018:
The CS changes the penalty for violations relating to the airboat operation requirements from a criminal to a noncriminal infraction. The maximum value for a fine remains the same at $500.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Environmental Preservation and Conservation; and Senators Rader and Book

592-02316-18 20181612c1

A bill to be entitled

An act relating to airboat regulation; providing a short title; amending s. 327.391, F.S.; requiring, by a specified date, a commercial airboat operator to have specified documents on board the airboat while carrying passengers for hire; providing an exception; providing a penalty; amending s. 327.73, F.S.; providing a penalty for violation of airboat operation requirements; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. This act may be cited as "Ellie's Law."

Section 2. Subsection (5) is added to section 327.391, Florida Statutes, to read:

327.391 Airboats regulated.—

(5)(a) Beginning December 31, 2018, a person may not operate an airboat to carry passengers for hire on waters of the state unless he or she has all of the following on board the airboat:

1. A photographic identification card.

2. Proof of compliance with s. 327.395.

3. Proof of successful completion of a commission-approved airboat operator course that meets the minimum standards established by commission rule.

4. A certificate of successful course completion in cardiopulmonary resuscitation and first aid.

(b) A person issued a captain's license by the United States Coast Guard is not required to complete the boating

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

592-02316-18 20181612c1

safety education course required under s. 327.395. Proof of the captain's license must be on board the airboat when carrying passengers for hire on waters of the state.

(c) A person who violates this subsection commits a noncriminal infraction, punishable as provided in s. 327.73.

Section 3. Paragraph (cc) is added to subsection (1) of section 327.73, Florida Statutes, to read:

327.73 Noncriminal infractions.—

(1) Violations of the following provisions of the vessel laws of this state are noncriminal infractions:

(cc) Section 327.391(5), relating to airboat operation requirements, for which the civil penalty is up to a maximum of $500.

Any person cited for a violation of any provision of this subsection shall be deemed to be charged with a noncriminal infraction, shall be cited for such an infraction, and shall be cited to appear before the county court. The civil penalty for any such infraction is $50, except as otherwise provided in this section. Any person who fails to appear or otherwise properly respond to a uniform boating citation shall, in addition to the charge relating to the violation of the boating laws of this state, be charged with the offense of failing to respond to such citation and, upon conviction, be guilty of a misdemeanor of the second degree, punishable as provided in s. 775.082 or s. 775.083. A written warning to this effect shall be provided at the time such uniform boating citation is issued.

Section 4. This act shall take effect upon becoming a law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	PCS/CS/SB 1646 (952426)
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senators Montford and Gainer
SUBJECT:	Regional Rural Development Grants
DATE:	February 26, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Swift	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Hansen	AP	**Pre-meeting**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

PCS/CS/SB 1646 amends the Regional Rural Development Grant Program to:

- Increase the maximum annual grant amount to $250,000 from $150,000 that three regional economic development organizations that serve the entire region of a rural area of opportunity may receive.
- Increase the funds allocated for the program to up to $1 million annually from up to $750,000 annually.
- Reduce the required match of non-state resources for grant funds from 100 percent to 25 percent of the state's contribution.
- Define the uses of grant funds to build the professional capacity of regional economic development organizations; and
- Allow a regional economic development organization to use these grants to provide technical assistance to local governments, local economic development organizations, and existing and prospective businesses within the rural community it serves.

The bill amends the Rural Infrastructure Fund program to increase the grant awards to 50 percent of infrastructure project costs from 30 percent of infrastructure project costs (or 40 percent of projects costs at a catalyst site in a rural area of opportunity). The bill also amends the program to clarify that eligible infrastructure projects include access to broadband Internet service and require such projects that improve service and access must be through a partnership with a dealer

of communications services that was publicly noticed and competitively bid. The bill requires the Department of Economic Opportunity to review the grant program application and award procedures by September 1, 2019.

Related to contracts or agreements for the Regional Rural Development Grant Program or the Rural Infrastructure Fund, the bill:

- Requires contracts or agreements that include the spending of these funds to be posted online at least 14 days prior to execution.
- Requires a plain language version of the contract or agreement to be posted online, if the contract agreement exceeds $35,000, is between certain entities, or is for certain purposes.
- Specifies required provisions for contracts or agreements expending state grant funds.

The bill has no impact on state funds. Under the bill, from the $1.6 million recurring appropriation to the Rural Community Development Revolving Loan Fund, the Department of Economic Opportunity may expend up to $1 million on the Rural Development Grant Program; if the maximum amount is expended on the grant program, then $600,000 would be available for the loan fund (up to $250,000 less annually).

The bill takes effect July 1, 2018.

II. Present Situation:

Rural Economic Development Initiative

The Rural Economic Development Initiative (REDI) was established in 1997 by the Legislature to encourage and facilitate the location and expansion of major economic development projects of significant scale in rural communities.[1] The REDI is responsible for coordinating and focusing the efforts and resources of state and regional agencies on the problems that affect the fiscal, economic, and community viability of Florida's economically distressed rural communities.[2] The REDI works with local governments, community-based organizations, and private organizations that have an interest in the growth and development of these communities to find ways to balance environmental and growth management issues with local needs.

Rural Areas of Opportunity

A rural area of opportunity (RAO) is a rural community, or region of rural communities, that has been adversely affected by an extraordinary economic event, severe or chronic distress, or a natural disaster or that presents a unique economic development opportunity of regional impact.[3] By executive order, the Governor may designate up to three RAOs, establishing each region as a priority assignment for REDI agencies. The Governor can waive the criteria, requirements, or any similar provisions of any state economic development incentive for projects in a RAO.[4]

[1] Section 288.0656, F.S.
[2] Agencies required to participate in the REDI are found in s. 288.0656(6)(a), F.S.
[3] Section 288.0656(1)(d), F.S.
[4] Section 288.0656(7), F.S.

The currently designated RAOs are:[5]

- **Northwestern RAO**: Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Liberty, Wakulla, and Washington counties, and the City of Freeport in Walton County.
- **South Central RAO**: DeSoto, Glades, Hardee, Hendry, Highlands, and Okeechobee counties, and the cities of Pahokee, Belle Glade, South Bay (Palm Beach County), and Immokalee (Collier County).
- **North Central RAO**: Baker, Bradford, Columbia, Dixie, Gilchrist, Hamilton, Jefferson, Lafayette, Levy, Madison, Putnam, Suwannee, Taylor, and Union counties.

Regional Economic Development Organizations

Three regional economic development organizations that operate in the state coincide with the current RAOs. These public/private 501(c)(6) organizations provide economic development support to the local governments that represent the RAOs. Opportunity Florida serves the Northwestern RAO.[6] Florida's Heartland Regional Economic Development Initiative, Inc., serves the South Central RAO.[7] The North Florida Economic Development Partnership serves the North Central RAO.[8]

Regional Rural Development Grant Program[9]

The Regional Rural Development Grant Program was established to provide funding, through matching grants, to build the professional capacity of regional economic development organizations in Florida. Additionally, grants from the program may be used by an economic development organization to provide technical assistance to businesses within the rural counties and communities that the organization serves. The Department of Economic Opportunity (DEO) administers the grant program through contract with Enterprise Florida, Inc.

To be approved, an applying organization must provide proof to the DEO of:

- The organization's need for the assistance;
- The official commitments of support from all the local governments represented by the organization
- Financial or in-kind commitments to the organization by each local government and the private sector;
- The organization's existence and active involvement in economic development activities in the region; and
- The manner in which the organization coordinates its efforts with those of other local and state organizations.

[5] Department of Economic Opportunity, *Rural Areas of Opportunity*, available at http://www.floridajobs.org/community-planning-and-development/rural-community-programs/rural-areas-of-opportunity (last visited February 15, 2018).
[6] *See generally*, Opportunity Florida, available at http://www.opportunityflorida.com/ (last visited February 15, 2018).
[7] *See generally*, Florida's Heartland Regional Economic Development Initiative, Inc., available at http://flaheartland.com/ (last visited February 15, 2018).
[8] *See generally*, North Florida Economic Development Partnership, available at http://nflp.org/, (last visited February 15, 2018).
[9] Section 288.018, F.S.

The maximum amount any organization can receive is $50,000, or $150,000 in a rural area of opportunity, and the grant must be matched by an equivalent amount of non-state resources. Because the Governor can waive criteria, requirements, or any similar provisions of any state economic development incentive in RAOs, the matching requirement is likely eligible to be waived.[10] The DEO may expend up to $750,000 each fiscal year from funds appropriated to the Rural Community Development Revolving Loan Fund for the program.

Rural Infrastructure Fund[11]

The Rural Infrastructure Fund was created to facilitate the planning, preparation, and financing of tourism infrastructure and economic development projects that encourage job growth and capital investment in rural communities. The DEO administers the fund and awards grants that maximize the use of federal, local, and private resources.

There are three grants that DEO awards from this fund: the total project participation grant, the infrastructure feasibility grant, and the preclearance review grant.[12]

The total project participation grant allows for awards up to 30 percent of the total infrastructure project cost for projects related to access to federal funds; and up to 40 percent if the project is a RAO catalyst site.[13] Eligible projects must be related to specific job creation or retention opportunities, and may include improving certain inadequate infrastructure that is prohibiting economic or community growth or reducing costs to community users of proposed infrastructure improvements that exceed costs in comparable communities. Infrastructure can include public or public-private partnership facilities, like storm water systems, roads, nature-based tourism facilities, and broadband facilities.

The infrastructure feasibility grant provides awards of up to 30 percent of the total project costs for infrastructure feasibility studies, design and engineering activities, or other infrastructure planning and preparation activities.[14] Maximum awards are dependent on the number of jobs that a business commits to create and may be up to $300,000 if the project is located in a RAO. The total project participation grant and infrastructure feasibility grant may be used in conjunction.

The preclearance review grant provides awards to help a local government participate in expedited permitting processes through technical assistance in preparing permit applications and local comprehensive plan amendments.[15] Grants may be used for surveys, feasibility studies, and other activities related to the identification and preclearance review of land use modifications. Grants are limited to $75,000 (or $300,000 for a project in a RAO) and must be matched 50

[10] Section 288.0656(7) and 288.018(1), F.S.
[11] Section 288.0655, F.S.
[12] Department of Economic Opportunity, *Rural Infrastructure Fund*, available at http://www.floridajobs.org/community-planning-and-development/rural-community-programs/rural-infrastructure-fund (last visited February 15, 2018).
[13] Section 288.0655(2)(b), F.S. A "catalyst site" is "a parcel or parcels of land within a rural area of opportunity that has been prioritized as a geographic site for economic development through partnerships with state, regional, and local organizations. The site must be reviewed by REDI and approved by the department for the purposes of locating a catalyst project." Section 288.0656(2)(b), F.S.
[14] Section 288.0655(2)(c), F.S.
[15] Section 288.0655(2)(e), F.S. Expedited permitting is pursuant to s. 403.973(18), F.S.

percent with local funds (or 33 percent for a project in a RAO, or waived for a project in a catalyst site).

The DEO reviews and certifies the grant applications in consultation with Enterprise Florida, Inc., the Florida Tourism Industry Marketing Corporation (VISIT Florida), the Department of Environmental Protection, and the Florida Fish and Wildlife Conservation Commission, as appropriate.

In Fiscal Year 2017-2018, the funding appropriated for the Rural Infrastructure Fund was $1.6 million.[16]

III. Effect of Proposed Changes:

Regional Rural Development Grant Program

Section 1 amends the Regional Rural Development Grants Program in s. 288.018, F.S., to specify what the term "building the professional capacity" of regional economic development organizations includes, revise and increase the grant amount for certain organizations in RAOs, and to require certain contract requirements.

The bill specifies that "building the professional capacity" of a regional economic development organizations includes hiring professional staff to develop, facilitate, and provide economic development professional services. Economic development services include technical assistance, education and leadership development, and marketing and project recruitment. Grant funds under the bill may be used for these purposes.

Currently, grant funds may be used to provide technical assistance to businesses within the area that the regional economic development organization services. The bill expands the use of the grant funds to allow technical assistance to be provided to local governments, local economic development organizations, and existing and prospective businesses.

Related to the grant amount for organizations in RAOs, the bill increases the maximum grant amount from $150,000 to $250,000 specifically for each of the three regional economic development organizations recognized by the DEO that are serving the entire region of each RAO currently: Opportunity Florida; Florida Heartland Regional Economic Region of Opportunity; and the North Florida Economic Development Partnership. Regional economic development organizations not located in a RAO would still be eligible for a $50,000 grant and regional economic development organizations in a RAO would still be eligible for a $150,000 grant.

The bill reduces the required match for a grant under this program to 25 percent of the state contribution, instead of the current requirement for a 100 percent match (one to one match).

[16] Specific appropriation 2226Q, ch. 2017-70, L.O.F.

The bill increases the amount that the DEO may expend up each fiscal year on the program from up to $750,000 to up to $1 million. These funds are from the funds appropriated to the Rural Community Development Revolving Loan Fund.

Rural Infrastructure Fund

Section 2 amends the total project participation grant of the Rural Infrastructure Fund program in s. 288.0655, F.S., to increase the amount of the total infrastructure project costs that the grant can pay for from 30 percent to 50 percent. The bill repeals the grant award for up to 40 percent of total infrastructure project costs if the project is a RAO catalyst site.

The bill specifies that eligible projects may include improving certain inadequate infrastructure that reduces costs to community users of proposed infrastructure improvements that exceed costs in comparable communities, *including improving access to and the availability of broadband Internet service*. Further, eligible uses of funds are expanded to include "improvements to broadband Internet service and access in unserved or underserved rural communities." Such eligible use must be conducted through a partnership or partnerships with one or more dealers of communications services,[17] and the partnership must be established by a publicly noticed and competitively selected process.

The bill requires the DEO, in consultation with Enterprise Florida, Inc., the Florida Tourism Industry Marketing Corporation (VISIT Florida), the Department of Environmental Protection, and the Florida Fish and Wildlife Conservation Commission, to review and edit any guidelines or criteria for grant applications by September 1, 2019.

Contracts or Agreements Under the Regional Rural Development Grant Program and the Rural Infrastructure Fund

The bill amends both ss. 288.018 and 288.0655, F.S., relating to the Regional Rural Development Grant Program and the Rural Infrastructure Fund, respectively, to include the same requirements for contracts or agreements that expend grant funds.

The bill requires the contract or agreement to be posted on the contracting regional economic development organization's or the DEO's website for at least 14 days before execution. It is unclear from the text of the bill, but this may include the contract or agreement that the organization enters into with the DEO or Enterprise Florida, Inc., to receive the grant funds.

A contract or agreement to expend grant funds must include:
- The purpose of the contract or agreement;
- Specific performance standards and responsibilities of all involved parties;
- A detailed budget, if applicable;
- The value of services provided; and
- Estimated travel and entertainment expenses of board members and staff, if applicable.

[17] A "dealer of communications services" is defined as a person registered with the Department of Revenue as a provider of communications services in this state. *See* s. 202.11, F.S.

These required contract provisions apply to any contract or agreement that expends grant funds, but the bill specifies that this include any contract or agreement between another entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government. Again, it is unclear from the text of the bill, but this may include the contract or agreement that the organization enters into with the DEO or Enterprise Florida, Inc., to receive the grant funded.

The bill requires specific contracts or agreements that exceed $35,000 and expend grant funds to be posted on the contracting regional economic development organization's or the DEO's website in a "plain language version." This applies to a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs (including marketing) or a contract or agreement for the purchase, lease, or use of lands, facilities, or properties.

Effective Date

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill requires 25 percent of all disbursed Regional Rural Development Grant funds to be matched annually by a nonstate source, a reduction from the current 100 percent (one to one) match.

C. Government Sector Impact:

The Rural Community Development Revolving Loan Fund receives a recurring appropriation of $1.6 million, of which up to $750,000 is statutorily distributed to the Regional Rural Development Grant program. The bill increases the maximum grant

amount that three regional economic development organizations that serve the entire region of a RAO may receive, from $150,000 to $250,000 annually.

The bill increases the amount that the DEO may expend up each fiscal year on the program from up to $750,000 to up to $1 million. These funds are from the funds appropriated to the Rural Community Development Revolving Loan Fund. From the $1.6 million recurring appropriation to the Rural Community Development Revolving Loan Fund, if the DEO expends the maximum amount on the Rural Development Grant Program (up to $1 million annually), then at least $600,000 would be available for the loan fund (up to $250,000 less annually).

The Rural Infrastructure Fund receives a recurring appropriation of $1.6 million. Specific inclusion of certain broadband Internet infrastructure projects as eligible for the total project participation grant may increase the competition for grant funds in the Rural Infrastructure Fund. Additionally, the bill increases the amount of total infrastructure project costs for which the grant will pay from 30 percent (or 40 percent if the project is at a catalyst site in a RAO) to 50 percent for all infrastructure projects, no matter the location. This change may lead to fewer grants awarded.

The cost to regional economic development organizations (Rural Development Grant Fund) to post contracts and "plain language" versions of contracts online is unknown. The DEO indicated that the bill would have no impact on state expenditures.[18]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends sections 288.018 and 288.0655 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

Recommended CS/CS by Appropriations Subcommittee on Transportation, Tourism, and Economic Development on February 21, 2018:
The committee substitute:

- Revises the maximum grant amounts that may be awarded under the Rural Development Grant Program.

[18] DEO, *2018 Agency Legislative Bill Analysis: SB 1646*, January 22, 2018.

- Increases the cap on the Rural Development Grant program from up to $750,000 to up to $1 million.
- Removes reference to 3 specifically named regional economic development organizations to receive grants under the Rural Development Grant program.
- Increases the amount of infrastructure project costs from 30 percent to 50 percent that a Rural Infrastructure Grant can be awarded to pay.
- Requires any infrastructure project funded for broadband Internet to be through a partnership with a communication services dealer, the partnership with which must be publicly noticed and competitively selected.

CS by Commerce and Tourism Committee on January 29, 2017:
The committee substitute made technical changes by correcting the name of a regional economic development organization.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

and insert:

on a certain website; requiring the department to review best practices and methods and make recommendations to establish a site readiness program for rural communities; requiring certain information; requiring the report be completed and submitted by a certain date; providing an effective date.

952426

576-03502-18

Proposed Committee Substitute by the Committee on Appropriations (Appropriations Subcommittee on Transportation, Tourism, and Economic Development)

A bill to be entitled

An act relating to regional rural development grants; amending s. 288.018, F.S.; providing that regional rural development grants may be used to hire regional economic development organization professional staff; authorizing the use of matching grant funds to provide technical assistance to certain entities; increasing the annual maximum amount of grant funding that specified economic development organizations may receive; revising the amount of nonstate matching funds required; increasing the amount the Department of Economic Opportunity may expend each fiscal year for the program; requiring that contracts or agreements involving the expenditure of grant funds be placed on a certain website for a specified time period; requiring that certain information be included in a contract or agreement involving the expenditure of grant funds; requiring that a plain language version of certain contracts or agreements be placed on a certain website; deleting an obsolete provision authorizing the Department of Economic Opportunity to contract for the development of certain enterprise zone web portals or websites; amending s. 288.0655, F.S.; increasing the maximum percent of total infrastructure project costs for which the department may award a grant; repealing a provision for increased

952426

576-03502-18

maximum percent of total infrastructure project costs that may be awarded for a catalyst site; providing that improving access to and availability of broadband Internet service may be included in a project that is eligible for rural infrastructure grant funds; providing that grants for improvements to broadband Internet service and access must be conducted through certain partnerships; extending the date by which the department is required to reevaluate certain guidelines and criteria; requiring that contracts or agreements involving the expenditure of grant funds be placed on a certain website for a specified time period; requiring that certain information be included in a contract or agreement involving the expenditure of grant funds; requiring that a plain language version of certain contracts or agreements be placed on a certain website; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1), (3), and (4) of section 288.018, Florida Statutes, are amended to read:

288.018 Regional Rural Development Grants Program.—

(1)(a) The department shall establish a matching grant program to provide funding to regional ~~regionally based~~ economic development organizations representing rural counties and communities to build ~~for the purpose of building~~ the professional capacity of such regional economic development ~~their~~ organizations. Building the professional capacity of

regional economic development organizations includes hiring professional staff to develop, facilitate the delivery of, and directly provide needed economic development professional services, including technical assistance, education and leadership development, marketing and project recruitment, and other services that are important for rural economic development. ~~Such~~ Matching grants may also be used by a regional ~~an~~ economic development organization to provide technical assistance to local governments, local economic development organizations, and existing and prospective businesses within the rural counties and communities that it serves.

(b) A regional economic development organization may apply to the department for a matching grant each year. The department is authorized to approve an application for a grant up to~~, on an annual basis, grants~~:

1. Fifty thousand dollars to a regional economic development organization;

2. One hundred fifty thousand dollars to an organization located ~~to such regionally based economic development organizations. The maximum amount an organization may receive in any year will be $50,000, or $150,000~~ in a rural area of opportunity designated pursuant to s. 288.0656; or

3. Two hundred fifty thousand dollars to any of the three regional economic development organizations that serve an entire region of a rural area of opportunity designated pursuant to s. 288.0656 and that are recognized by the department as serving such regions.

(c) Grant funds received by a regional economic development organization ~~recommended by the Rural Economic Development~~

~~Initiative and designated by the Governor, and~~ must be matched each year by ~~an equivalent amount of~~ nonstate resources in an amount equal to 25 percent of the state contribution.

(3)(a) A contract or agreement that involves the expenditure of grant funds provided under this section must be placed on the contracting regional economic development organization's website at least 14 days before execution.

(b) A contract or agreement that involves the expenditure of grant funds provided under this section, including a contract or agreement entered into between another entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government, must include:

1. The purpose of the contract or agreement.

2. Specific performance standards and responsibilities for each entity.

3. A detailed project or contract budget, if applicable.

4. The value of any services provided.

5. The projected travel and entertainment expenses for employees and board members, if applicable.

(c) A plain language version of a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties which involves the expenditure of grant funds provided under this section and which is estimated to exceed $35,000 must be posted on the contracting regional economic development organization's website ~~The department may also contract for the development of an enterprise zone web portal or websites for each enterprise~~

~~zone which will be used to market the program for job creation in disadvantaged urban and rural enterprise zones. Each enterprise zone web page should include downloadable links to state forms and information, as well as local message boards that help businesses and residents receive information concerning zone boundaries, job openings, zone programs, and neighborhood improvement activities~~.

(4) The department may expend up to $1,000,000 ~~$750,000~~ each fiscal year from funds appropriated to the Rural Community Development Revolving Loan Fund for the purposes outlined in this section. The department may contract with Enterprise Florida, Inc., for the administration of the purposes specified in this section. Funds released to Enterprise Florida, Inc., for this purpose shall be released quarterly and shall be calculated based on the applications in process.

Section 2. Subsection (5) of section 288.0655, Florida Statutes, is redesignated as subsection (6), paragraph (b) of subsection (2) and subsection (4) of that section are amended, and a new subsection (5) is added to that section, to read:

288.0655 Rural Infrastructure Fund.—

(2)(b) To facilitate access of rural communities and rural areas of opportunity as defined by the Rural Economic Development Initiative to infrastructure funding programs of the Federal Government, such as those offered by the United States Department of Agriculture and the United States Department of Commerce, and state programs, including those offered by Rural Economic Development Initiative agencies, and to facilitate local government or private infrastructure funding efforts, the department may award grants for up to 50 ~~30~~ percent of the total

infrastructure project cost. ~~If an application for funding is for a catalyst site, as defined in s. 288.0656, the department may award grants for up to 40 percent of the total infrastructure project cost.~~ Eligible projects must be related to specific job-creation or job-retention opportunities. Eligible projects may also include improving any inadequate infrastructure that has resulted in regulatory action that prohibits economic or community growth or reducing the costs to community users of proposed infrastructure improvements that exceed such costs in comparable communities, which includes improving access to and the availability of broadband Internet service. Eligible uses of funds shall include improvements to public infrastructure for industrial or commercial sites, ~~and~~ upgrades to or development of public tourism infrastructure, and improvements to broadband Internet service and access in unserved or underserved rural communities. Improvements to broadband Internet service and access must be conducted through a partnership or partnerships with one or more dealers of communications services, as defined in s. 202.11(2), and the partnership must be established by a publicly noticed and competitively selected process. Authorized infrastructure may include the following public or public-private partnership facilities: storm water systems; telecommunications facilities; broadband facilities; roads or other remedies to transportation impediments; nature-based tourism facilities; or other physical requirements necessary to facilitate tourism, trade, and economic development activities in the community. Authorized infrastructure may also include publicly or privately owned self-powered nature-based tourism facilities, publicly owned

telecommunications facilities, and broadband facilities, and additions to the distribution facilities of the existing natural gas utility as defined in s. 366.04(3)(c), the existing electric utility as defined in s. 366.02, or the existing water or wastewater utility as defined in s. 367.021(12), or any other existing water or wastewater facility, which owns a gas or electric distribution system or a water or wastewater system in this state where:

1. A contribution-in-aid of construction is required to serve public or public-private partnership facilities under the tariffs of any natural gas, electric, water, or wastewater utility as defined herein; and

2. Such utilities as defined herein are willing and able to provide such service.

(4) By September 1, 2019 ~~2012~~, the department shall, in consultation with the organizations listed in subsection (3), and other organizations, reevaluate existing guidelines and criteria governing submission of applications for funding, review and evaluation of such applications, and approval of funding under this section. The department shall consider factors including, but not limited to, the project's potential for enhanced job creation or increased capital investment, the demonstration and level of local public and private commitment, whether the project is located ~~in an enterprise zone,~~ in a community development corporation service area~~,~~ or in an urban high-crime area as designated under s. 212.097, the unemployment rate of the county in which the project would be located, and the poverty rate of the community.

(5)(a) A contract or agreement that involves the

expenditure of grant funds provided under this section must be placed on the department's website at least 14 days before execution.

(b) A contract or agreement that includes the expenditure of grant funds provided under this section, including a contract or agreement entered into between an entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government, must include:

1. The purpose of the contract or agreement.

2. Specific performance standards and responsibilities for each entity.

3. A detailed project or contract budget, if applicable.

4. The value of any services provided.

5. The projected travel and entertainment expenses for employees and board members, if applicable.

(c) A plain language version of a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties which involves the expenditure of grant funds provided under this section and which is estimated to exceed $35,000 must be posted on the department's website.

Section 3. This act shall take effect July 1, 2018.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations	
BILL:	CS/CS/SB 1646
INTRODUCER:	Appropriations Committee (Recommended by Appropriations Subcommittee on Transportation, Tourism, and Economic Development); Commerce and Tourism Committee; and Senators Montford and Gainer
SUBJECT:	Regional Rural Development Grants
DATE:	March 2, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Swift	McKay	CM	**Fav/CS**
2.	Hrdlicka	Hrdlicka	ATD	**Recommend: Fav/CS**
3.	Hrdlicka	Hansen	AP	**Fav/CS**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1646 amends the Regional Rural Development Grant Program to:

- Increase the maximum annual grant amount to $250,000 from $150,000 that three regional economic development organizations that serve the entire region of a rural area of opportunity may receive.
- Increase the funds allocated for the program to up to $1 million annually from up to $750,000 annually.
- Reduce the required match of non-state resources for grant funds from 100 percent to 25 percent of the state's contribution.
- Define the uses of grant funds to build the professional capacity of regional economic development organizations; and
- Allow a regional economic development organization to use these grants to provide technical assistance to local governments, local economic development organizations, and existing and prospective businesses within the rural community it serves.

The bill amends the Rural Infrastructure Fund program to increase the grant awards to 50 percent of infrastructure project costs from 30 percent of infrastructure project costs (or 40 percent of projects costs at a catalyst site in a rural area of opportunity). The bill also amends the program to clarify that eligible infrastructure projects include access to broadband Internet service and require such projects that improve service and access must be through a partnership with a dealer

of communications services that was publicly noticed and competitively bid. The bill requires the Department of Economic Opportunity to review the grant program application and award procedures by September 1, 2019.

Related to contracts or agreements for the Regional Rural Development Grant Program or the Rural Infrastructure Fund, the bill:

- Requires contracts or agreements that include the spending of these funds to be posted online at least 14 days prior to execution.
- Requires a plain language version of the contract or agreement to be posted online, if the contract agreement exceeds $35,000, is between certain entities, or is for certain purposes.
- Specifies required provisions for contracts or agreements expending state grant funds.

Related to site readiness, the bill directs the DEO to review best practices and methods and to make recommendations for the establishment of a site readiness program for rural communities.

The bill has no impact on state funds. Under the bill, from the $1.6 million recurring appropriation to the Rural Community Development Revolving Loan Fund, the Department of Economic Opportunity may expend up to $1 million on the Rural Development Grant Program; if the maximum amount is expended on the grant program, then $600,000 would be available for the loan fund (up to $250,000 less annually).

The bill takes effect July 1, 2018.

II. Present Situation:

Rural Economic Development Initiative

The Rural Economic Development Initiative (REDI) was established in 1997 by the Legislature to encourage and facilitate the location and expansion of major economic development projects of significant scale in rural communities.[1] The REDI is responsible for coordinating and focusing the efforts and resources of state and regional agencies on the problems that affect the fiscal, economic, and community viability of Florida's economically distressed rural communities.[2] The REDI works with local governments, community-based organizations, and private organizations that have an interest in the growth and development of these communities to find ways to balance environmental and growth management issues with local needs.

Rural Areas of Opportunity

A rural area of opportunity (RAO) is a rural community, or region of rural communities, that has been adversely affected by an extraordinary economic event, severe or chronic distress, or a natural disaster or that presents a unique economic development opportunity of regional impact.[3] By executive order, the Governor may designate up to three RAOs, establishing each region as a

[1] Section 288.0656, F.S.
[2] Agencies required to participate in the REDI are found in s. 288.0656(6)(a), F.S.
[3] Section 288.0656(1)(d), F.S.

priority assignment for REDI agencies. The Governor can waive the criteria, requirements, or any similar provisions of any state economic development incentive for projects in a RAO.[4]

The currently designated RAOs are:[5]

- **Northwestern RAO**: Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Liberty, Wakulla, and Washington counties, and the City of Freeport in Walton County.
- **South Central RAO**: DeSoto, Glades, Hardee, Hendry, Highlands, and Okeechobee counties, and the cities of Pahokee, Belle Glade, South Bay (Palm Beach County), and Immokalee (Collier County).
- **North Central RAO**: Baker, Bradford, Columbia, Dixie, Gilchrist, Hamilton, Jefferson, Lafayette, Levy, Madison, Putnam, Suwannee, Taylor, and Union counties.

Regional Economic Development Organizations

Three regional economic development organizations that operate in the state coincide with the current RAOs. These public/private 501(c)(6) organizations provide economic development support to the local governments that represent the RAOs. Opportunity Florida serves the Northwestern RAO.[6] Florida's Heartland Regional Economic Development Initiative, Inc., serves the South Central RAO.[7] The North Florida Economic Development Partnership serves the North Central RAO.[8]

Regional Rural Development Grant Program[9]

The Regional Rural Development Grant Program was established to provide funding, through matching grants, to build the professional capacity of regional economic development organizations in Florida. Additionally, grants from the program may be used by an economic development organization to provide technical assistance to businesses within the rural counties and communities that the organization serves. The Department of Economic Opportunity (DEO) administers the grant program through contract with Enterprise Florida, Inc.

To be approved, an applying organization must provide proof to the DEO of:

- The organization's need for the assistance;
- The official commitments of support from all the local governments represented by the organization
- Financial or in-kind commitments to the organization by each local government and the private sector;
- The organization's existence and active involvement in economic development activities in the region; and

[9] Section 288.018, F.S.

- The manner in which the organization coordinates its efforts with those of other local and state organizations.

The maximum amount any organization can receive is $50,000, or $150,000 in a rural area of opportunity, and the grant must be matched by an equivalent amount of non-state resources. Because the Governor can waive criteria, requirements, or any similar provisions of any state economic development incentive in RAOs, the matching requirement is likely eligible to be waived.[10] The DEO may expend up to $750,000 each fiscal year from funds appropriated to the Rural Community Development Revolving Loan Fund for the program.

Rural Infrastructure Fund[11]

The Rural Infrastructure Fund was created to facilitate the planning, preparation, and financing of tourism infrastructure and economic development projects that encourage job growth and capital investment in rural communities. The DEO administers the fund and awards grants that maximize the use of federal, local, and private resources.

There are three grants that DEO awards from this fund: the total project participation grant, the infrastructure feasibility grant, and the preclearance review grant.[12]

The total project participation grant allows for awards up to 30 percent of the total infrastructure project cost for projects related to access to federal funds; and up to 40 percent if the project is a RAO catalyst site.[13] Eligible projects must be related to specific job creation or retention opportunities, and may include improving certain inadequate infrastructure that is prohibiting economic or community growth or reducing costs to community users of proposed infrastructure improvements that exceed costs in comparable communities. Infrastructure can include public or public-private partnership facilities, like storm water systems, roads, nature-based tourism facilities, and broadband facilities.

The infrastructure feasibility grant provides awards of up to 30 percent of the total project costs for infrastructure feasibility studies, design and engineering activities, or other infrastructure planning and preparation activities.[14] Maximum awards are dependent on the number of jobs that a business commits to create and may be up to $300,000 if the project is located in a RAO. The total project participation grant and infrastructure feasibility grant may be used in conjunction.

The preclearance review grant provides awards to help a local government participate in expedited permitting processes through technical assistance in preparing permit applications and local comprehensive plan amendments.[15] Grants may be used for surveys, feasibility studies, and

[10] Section 288.0656(7) and 288.018(1), F.S.
[11] Section 288.0655, F.S.

[13] Section 288.0655(2)(b), F.S. A "catalyst site" is "a parcel or parcels of land within a rural area of opportunity that has been prioritized as a geographic site for economic development through partnerships with state, regional, and local organizations. The site must be reviewed by REDI and approved by the department for the purposes of locating a catalyst project." Section 288.0656(2)(b), F.S.
[14] Section 288.0655(2)(c), F.S.
[15] Section 288.0655(2)(e), F.S. Expedited permitting is pursuant to s. 403.973(18), F.S.

other activities related to the identification and preclearance review of land use modifications. Grants are limited to $75,000 (or $300,000 for a project in a RAO) and must be matched 50 percent with local funds (or 33 percent for a project in a RAO, or waived for a project in a catalyst site).

The DEO reviews and certifies the grant applications in consultation with Enterprise Florida, Inc., the Florida Tourism Industry Marketing Corporation (VISIT Florida), the Department of Environmental Protection, and the Florida Fish and Wildlife Conservation Commission, as appropriate.

In Fiscal Year 2017-2018, the funding appropriated for the Rural Infrastructure Fund was $1.6 million.[16]

III. Effect of Proposed Changes:

Regional Rural Development Grant Program

Section 1 amends the Regional Rural Development Grants Program in s. 288.018, F.S., to specify what the term "building the professional capacity" of regional economic development organizations includes, revise and increase the grant amount for certain organizations in RAOs, and to require certain contract requirements.

The bill specifies that "building the professional capacity" of a regional economic development organizations includes hiring professional staff to develop, facilitate, and provide economic development professional services. Economic development services include technical assistance, education and leadership development, and marketing and project recruitment. Grant funds under the bill may be used for these purposes.

Currently, grant funds may be used to provide technical assistance to businesses within the area that the regional economic development organization services. The bill expands the use of the grant funds to allow technical assistance to be provided to local governments, local economic development organizations, and existing and prospective businesses.

Related to the grant amount for organizations in RAOs, the bill increases the maximum grant amount from $150,000 to $250,000 specifically for each of the three regional economic development organizations recognized by the DEO that are serving the entire region of each RAO currently: Opportunity Florida; Florida Heartland Regional Economic Region of Opportunity; and the North Florida Economic Development Partnership. Regional economic development organizations not located in a RAO would still be eligible for a $50,000 grant and regional economic development organizations in a RAO would still be eligible for a $150,000 grant.

The bill reduces the required match for a grant under this program to 25 percent of the state contribution, instead of the current requirement for a 100 percent match (one to one match).

[16] Specific appropriation 2226Q, ch. 2017-70, L.O.F.

The bill increases the amount that the DEO may expend up each fiscal year on the program from up to $750,000 to up to $1 million. These funds are from the funds appropriated to the Rural Community Development Revolving Loan Fund.

Rural Infrastructure Fund

Section 2 amends the total project participation grant of the Rural Infrastructure Fund program in s. 288.0655, F.S., to increase the amount of the total infrastructure project costs that the grant can pay for from 30 percent to 50 percent. The bill repeals the grant award for up to 40 percent of total infrastructure project costs if the project is a RAO catalyst site.

The bill specifies that eligible projects may include improving certain inadequate infrastructure that reduces costs to community users of proposed infrastructure improvements that exceed costs in comparable communities, *including improving access to and the availability of broadband Internet service*. Further, eligible uses of funds are expanded to include "improvements to broadband Internet service and access in unserved or underserved rural communities." Such eligible use must be conducted through a partnership or partnerships with one or more dealers of communications services,[17] and the partnership must be established by a publicly noticed and competitively selected process.

The bill requires the DEO, in consultation with Enterprise Florida, Inc., the Florida Tourism Industry Marketing Corporation (VISIT Florida), the Department of Environmental Protection, and the Florida Fish and Wildlife Conservation Commission, to review and edit any guidelines or criteria for grant applications by September 1, 2019.

Contracts or Agreements Under the Regional Rural Development Grant Program and the Rural Infrastructure Fund

The bill amends both ss. 288.018 and 288.0655, F.S., relating to the Regional Rural Development Grant Program and the Rural Infrastructure Fund, respectively, to include the same requirements for contracts or agreements that expend grant funds.

The bill requires the contract or agreement to be posted on the contracting regional economic development organization's or the DEO's website for at least 14 days before execution. It is unclear from the text of the bill, but this may include the contract or agreement that the organization enters into with the DEO or Enterprise Florida, Inc., to receive the grant funds.

A contract or agreement to expend grant funds must include:
- The purpose of the contract or agreement;
- Specific performance standards and responsibilities of all involved parties;
- A detailed budget, if applicable;
- The value of services provided; and
- Estimated travel and entertainment expenses of board members and staff, if applicable.

[17] A "dealer of communications services" is defined as a person registered with the Department of Revenue as a provider of communications services in this state. *See* s. 202.11, F.S.

These required contract provisions apply to any contract or agreement that expends grant funds, but the bill specifies that this include any contract or agreement between another entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government. Again, it is unclear from the text of the bill, but this may include the contract or agreement that the organization enters into with the DEO or Enterprise Florida, Inc., to receive the grant funded.

The bill requires specific contracts or agreements that exceed $35,000 and expend grant funds to be posted on the contracting regional economic development organization's or the DEO's website in a "plain language version." This applies to a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs (including marketing) or a contract or agreement for the purchase, lease, or use of lands, facilities, or properties.

Site Readiness

Section 3 directs the DEO to review best practices and methods and to make recommendations for the establishment of a site readiness program for rural communities. The program would include assisting a rural community to evaluate property in its jurisdiction and promote the availability and benefits of the property. The DEO must:

- Identify technical requirements and quality control standards that would best benefit such a program;
- Provide options for implementation of a program; and
- Seek the input of stakeholders and persons, groups, and organizations that are knowledgeable about rural areas and site readiness issues.

The DEO must submit a report of its findings to the Legislature by December 1, 2018.

Effective Date

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill requires 25 percent of all disbursed Regional Rural Development Grant funds to be matched annually by a nonstate source, a reduction from the current 100 percent (one to one) match.

C. Government Sector Impact:

The Rural Community Development Revolving Loan Fund receives a recurring appropriation of $1.6 million, of which up to $750,000 is statutorily distributed to the Regional Rural Development Grant program. The bill increases the maximum grant amount that three regional economic development organizations that serve the entire region of a RAO may receive, from $150,000 to $250,000 annually.

The bill increases the amount that the DEO may expend up each fiscal year on the program from up to $750,000 to up to $1 million. These funds are from the funds appropriated to the Rural Community Development Revolving Loan Fund. From the $1.6 million recurring appropriation to the Rural Community Development Revolving Loan Fund, if the DEO expends the maximum amount on the Rural Development Grant Program (up to $1 million annually), then at least $600,000 would be available for the loan fund (up to $250,000 less annually).

The Rural Infrastructure Fund receives a recurring appropriation of $1.6 million. Specific inclusion of certain broadband Internet infrastructure projects as eligible for the total project participation grant may increase the competition for grant funds in the Rural Infrastructure Fund. Additionally, the bill increases the amount of total infrastructure project costs for which the grant will pay from 30 percent (or 40 percent if the project is at a catalyst site in a RAO) to 50 percent for all infrastructure projects, no matter the location. This change may lead to fewer grants awarded.

The cost to regional economic development organizations (Rural Development Grant Fund) to post contracts and "plain language" versions of contracts online is unknown. The DEO indicated that the bill would have no impact on state expenditures.[18]

The DEO stated that the site readiness report could be done with existing resources.

VI. Technical Deficiencies:

None.

[18] DEO, *2018 Agency Legislative Bill Analysis: SB 1646*, January 22, 2018.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends sections 288.018 and 288.0655 of the Florida Statutes.

The bill creates an undesignated section of Florida law.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Appropriations on March 2, 2018:
The committee substitute:

- Revises the maximum grant amounts that may be awarded under the Rural Development Grant Program.
- Increases the cap on the Rural Development Grant program from up to $750,000 to up to $1 million.
- Removes reference to 3 specifically named regional economic development organizations to receive grants under the Rural Development Grant program.
- Increases the amount of infrastructure project costs from 30 percent to 50 percent that a Rural Infrastructure Grant can be awarded to pay.
- Requires any infrastructure project funded for broadband Internet to be through a partnership with a communication services dealer, the partnership with which must be publicly noticed and competitively selected.
- Directs the DEO to review best practices and methods and to make recommendations for the establishment of a site readiness program for rural communities.

CS by Commerce and Tourism Committee on January 29, 2017:
The committee substitute made technical changes by correcting the name of a regional economic development organization.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Commerce and Tourism; and Senators Montford and Gainer

577-02597-18 20181646c1

A bill to be entitled

An act relating to regional rural development grants; amending s. 288.018, F.S.; providing that regional rural development grants may be used to hire regional economic development organization professional staff; authorizing the use of matching grant funds to provide technical assistance to certain entities; increasing the annual maximum amount of grant funding that specified economic development organizations may receive; revising the amount of nonstate matching funds required; requiring that contracts or agreements involving the expenditure of grant funds be placed on a certain website for a specified time period; requiring that certain information be included in a contract or agreement involving the expenditure of grant funds; requiring that a plain language version of certain contracts or agreements be placed on a certain website; deleting a provision authorizing the Department of Economic Opportunity to contract for the development of certain enterprise zone web portals or websites; amending s. 288.0655, F.S.; providing that improving access to and availability of broadband Internet service may be included in a project that is eligible for rural infrastructure grant funds; extending the date by which the department is required to reevaluate certain guidelines and criteria; revising the factors that the department must consider when awarding grant funds; requiring that contracts or agreements involving the expenditure of grant funds be

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

577-02597-18 20181646c1

placed on a certain website for a specified time period; requiring that certain information be included in a contract or agreement involving the expenditure of grant funds; requiring that a plain language version of certain contracts or agreements be placed on a certain website; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsections (1) and (3) of section 288.018, Florida Statutes, are amended to read:

288.018 Regional Rural Development Grants Program.—

(1) The department shall establish a matching grant program to provide funding to regional ~~regionally based~~ economic development organizations representing rural counties and communities to build ~~for the purpose of building~~ the professional capacity of such regional economic development ~~their~~ organizations. Building the professional capacity of regional economic development organizations includes hiring professional staff to develop, facilitate the delivery of, and directly provide needed economic development professional services, including technical assistance, education and leadership development, marketing and project recruitment, and other services that are important for rural economic development. ~~Such~~ Matching grants may also be used by a regional ~~an~~ economic development organization to provide technical assistance to local governments, local economic development organizations, and existing and prospective businesses within the rural counties and communities that it serves. The

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

department is authorized to approve, on an annual basis, grants to such regional ~~regionally based~~ economic development organizations. The maximum amount an organization may receive in any year is ~~will be~~ $50,000, or $250,000 for each of the three regional economic development organizations serving rural areas of opportunity designated pursuant to s. 288.0656. The three regional economic development organizations include the North Florida Economic Development Partnership, Opportunity Florida, and Florida Heartland Economic Region of Opportunity. Grant funds received by a regional economic development organization ~~$150,000 in a rural area of opportunity recommended by the Rural Economic Development Initiative and designated by the Governor, and~~ must be matched each year by ~~an equivalent amount of~~ nonstate resources in an amount equal to 25 percent of the state contribution.

(3)(a) A contract or agreement that involves the expenditure of grant funds provided under this section must be placed on the contracting regional economic development organization's website for review at least 14 days before execution.

(b) A contract or agreement that involves the expenditure of grant funds provided under this section, including a contract or agreement entered into between another entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government, must include:

1. The purpose of the contract or agreement.

2. Specific performance standards and responsibilities for each entity.

3. A detailed project or contract budget, if applicable.

4. The value of any services provided.

5. The projected travel and entertainment expenses for employees and board members, if applicable.

(c) A plain language version of a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties which involves the expenditure of grant funds provided under this section and which is estimated to exceed $35,000 must be posted on the contracting regional economic development organization's website ~~The department may also contract for the development of an enterprise zone web portal or websites for each enterprise zone which will be used to market the program for job creation in disadvantaged urban and rural enterprise zones. Each enterprise zone web page should include downloadable links to state forms and information, as well as local message boards that help businesses and residents receive information concerning zone boundaries, job openings, zone programs, and neighborhood improvement activities~~.

Section 2. Subsection (5) of section 288.0655, Florida Statutes, is redesignated as subsection (6), paragraph (b) of subsection (2) and subsection (4) of that section are amended, and a new subsection (5) is added to that section, to read:

288.0655 Rural Infrastructure Fund.—

(2)(b) To facilitate access of rural communities and rural areas of opportunity as defined by the Rural Economic Development Initiative to infrastructure funding programs of the Federal Government, such as those offered by the United States

Department of Agriculture and the United States Department of Commerce, and state programs, including those offered by Rural Economic Development Initiative agencies, and to facilitate local government or private infrastructure funding efforts, the department may award grants for up to 30 percent of the total infrastructure project cost. If an application for funding is for a catalyst site, as defined in s. 288.0656, the department may award grants for up to 40 percent of the total infrastructure project cost. Eligible projects must be related to specific job-creation or job-retention opportunities. Eligible projects may also include improving any inadequate infrastructure that has resulted in regulatory action that prohibits economic or community growth or reducing the costs to community users of proposed infrastructure improvements that exceed such costs in comparable communities, which includes improving access to and the availability of broadband Internet service. Eligible uses of funds shall include improvements to public infrastructure for industrial or commercial sites, ~~and~~ upgrades to or development of public tourism infrastructure, and improvements to broadband Internet service and access in unserved or underserved rural communities. Authorized infrastructure may include the following public or public-private partnership facilities: storm water systems; telecommunications facilities; broadband facilities; roads or other remedies to transportation impediments; nature-based tourism facilities; or other physical requirements necessary to facilitate tourism, trade, and economic development activities in the community. Authorized infrastructure may also include publicly or privately owned self-powered nature-based tourism

facilities, publicly owned telecommunications facilities, and broadband facilities, and additions to the distribution facilities of the existing natural gas utility as defined in s. 366.04(3)(c), the existing electric utility as defined in s. 366.02, or the existing water or wastewater utility as defined in s. 367.021(12), or any other existing water or wastewater facility, which owns a gas or electric distribution system or a water or wastewater system in this state where:

1. A contribution-in-aid of construction is required to serve public or public-private partnership facilities under the tariffs of any natural gas, electric, water, or wastewater utility as defined herein; and

2. Such utilities as defined herein are willing and able to provide such service.

(4) By September 1, 2019 ~~2012~~, the department shall, in consultation with the organizations listed in subsection (3), and other organizations, reevaluate existing guidelines and criteria governing submission of applications for funding, review and evaluation of such applications, and approval of funding under this section. The department shall consider factors including, but not limited to, the project's potential for enhanced job creation or increased capital investment, the demonstration and level of local public and private commitment, whether the project is located ~~in an enterprise zone,~~ in a community development corporation service area~~,~~ or in an urban high-crime area as designated under s. 212.097, the unemployment rate of the county in which the project would be located, and the poverty rate of the community.

(5)(a) A contract or agreement that involves the

expenditure of grant funds provided under this section must be placed on the department's website for review at least 14 days before execution.

(b) A contract or agreement that includes the expenditure of grant funds provided under this section, including a contract or agreement entered into between an entity and a regional economic development organization, a unit of local government, or an economic development organization substantially underwritten by a unit of local government, must include:

1. The purpose of the contract or agreement.

2. Specific performance standards and responsibilities for each entity.

3. A detailed project or contract budget, if applicable.

4. The value of any services provided.

5. The projected travel and entertainment expenses for employees and board members, if applicable.

(c) A plain language version of a contract or agreement with a private entity, a municipality, or a vendor of services, supplies, or programs, including marketing, or for the purchase or lease or use of lands, facilities, or properties which involves the expenditure of grant funds provided under this section and which is estimated to exceed $35,000 must be posted on the department's website.

Section 3. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	CS/CS/SB 1678
INTRODUCER:	Judiciary Committee; Criminal Justice Committee; and Senator Stargel
SUBJECT:	Reports Concerning Seized or Forfeited Property
DATE:	February 26, 2018 REVISED:

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Storch	Jones	CJ	**Fav/CS**
2.	Farach	Cibula	JU	**Fav/CS**
3.	Sadberry	Hansen	AP	**Favorable**

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/CS/SB 1678 changes the deadline for the annual submission of reports concerning seized or forfeited property by law enforcement agencies pursuant to the Florida Contraband Forfeiture Act from October 10 to December 1.

The bill is not expected to affect state or local revenues or expenditures.

The bill is effective July 1, 2018.

II. Present Situation:

Florida Contraband Forfeiture Act

The Florida Contraband Forfeiture Act (act), ss. 932.701-932.7062, F.S., provides for the seizure and civil forfeiture of property related to criminal and non-criminal violations of law.[1] Contraband and other property may be seized when used during a violation of, or for the purpose of violating, the act. Property constituting a "contraband article" includes, but is not limited to, a controlled substance as defined in ch. 893, F.S., any gambling paraphernalia being used or attempted to be used in violation of the state's gambling laws, and any motor fuel upon which the motor fuel tax has not been paid as required by law.[2]

[1] Section 932.701(1), F.S.
[2] *See* s. 932.701(2)(a)1.-12., F.S.

Currently, any contraband article, vessel, motor vehicle, aircraft, other personal property, or real property used in violation of any provision of the act, or in, upon, or by means of which any violation of the act has taken or is taking place, may be seized and forfeited subject to the act.[3] If the court finds that the seizure occurred lawfully[4] and that probable cause exists for the seizure, the forfeiture may proceed as set forth in the act.[5]

When a seizing agency obtains a final judgment granting forfeiture of real or personal property, it may elect to:

- Retain the property for the agency's use;
- Sell the property at public auction or by sealed bid to the highest bidder;[6] or
- Salvage, trade, or transfer the property to any public or nonprofit organization.[7]

Reports Concerning Seized or Forfeited Property

Section 932.7061, F.S., requires every law enforcement agency to submit an annual report by October 10 indicating whether the agency has seized or forfeited property under the act.[8] In the event that a law enforcement agency received or expended forfeited property or proceeds from the sale of forfeited property in accordance with the act, the annual report must document such receipts and expenditures.

The report must be submitted in electronic form to the FDLE and the entity that has budgetary authority over the law enforcement agency. The report must specify, at a minimum, the type, approximate value, court case number, type of offense, disposition of property received, and amount of any proceeds received or expended. The report must be maintained by the FDLE in consultation with the Office of Program Policy Analysis and Government Accountability (OPPAGA).[9]

The FDLE must submit an annual report to the OPPAGA that compiles the information and data in the annual reports. The FDLE must also include a list of law enforcement agencies that failed to meet the reporting requirements and a summary of any action taken against such noncomplying agency by the office of Chief Financial Officer (CFO).[10]

Penalty for Noncompliance with Reporting Requirements

An agency that is in noncompliance with the reporting requirements in s. 932.7061, F.S., must be notified by the FDLE. Such agency has 60 days within receipt of the notification of noncompliance to comply with the reporting requirements. An agency that fails to comply within

[3] Section 932.703(1)(a), F.S.
[4] Section 932.703(1)(a), F.S., sets forth the circumstances that permit for a lawful seizure of property.
[5] Section 932.703(2)(c), F.S.
[6] Real property should be listed on the market and sold in a commercially reasonable manner after appraisal. Section 932.7055(1)(b), F.S.
[7] Section 932.7055(1)(a)-(c), F.S.
[8] Section 932.7061(1), F.S.
[9] *Id.*
[10] Section 932.7061(2), F.S.

60 days is subject to a civil fine of $5,000. The fine is determined by the CFO and payable to the General Revenue Fund.[11]

The FDLE must submit any substantial noncompliance to the office of the CFO, which will then be responsible for the enforcement of the fine.[12]

The fiscal year for sheriff departments runs from October 1-September 30, making it difficult to gather all required information and submit it by October 10 to comply with the statutory mandate. An agency that does not meet the deadline for submission of the annual report is subject to negative implications associated with a noncompliance status.[13]

III. Effect of Proposed Changes:

Reports Concerning Seized or Forfeited Property (amending s. 932.7061, F.S.)

Current law requires agencies having seized or forfeited property pursuant to the Florida Contraband Forfeiture Act to submit an annual report by October 10 documenting the receipts and expenditures of forfeited property or proceeds from the sale of forfeited property pursuant to the act. The bill changes the deadline for the submission of the reports to December 1.

The bill is effective July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

[11] Section 932.7062, F.S.
[12] *Id.*
[13] Polk County Sheriff's Office, *Proposal for the 2018 FSA Legislative Summit*, (on file with the Senate Criminal Justice Committee).

B. Private Sector Impact:

None.

C. Government Sector Impact:

Reports Concerning Seized or Forfeited Property

The bill will likely have no fiscal impact with regards to the reports. While law enforcement agencies are subject to a fine if they are in noncompliance with the reporting requirements pursuant to s. 932.7061, F.S., the agencies have 60 days after receiving notification of noncompliance to comply. Sections 932.7061 and 932.7062, F.S., went into effect July 1, 2016.[14] Since the law has gone into effect, no law enforcement agencies have been in noncompliance after the passage of the 60 days.[15] No fines have been collected pursuant to s. 932.7062, F.S., to date,[16] and the modification to the submission deadline will enable law enforcement agencies a greater opportunity to achieve initial compliant status.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill amends section 932.7061 of the Florida Statutes.

The bill reenacts section 932.7062 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS/CS by Judiciary on February 20, 2018:
The Committee Substitute includes only sections 5, 8, and 11 of the underlying bill. The removed provisions related to the collection and reporting of criminal justice data.

CS by Criminal Justice on February 12, 2018:
The Committee Substitute:
- Creates a model of uniform criminal justice data collection;
- Defines terms used in the bill as they relate to data collection;

[14] Chapter 2016-179, Laws of Fla.
[15] Conversation with Tabitha Krol, Government Affairs Coordinator, Florida Sheriffs Association (February 8, 2018).
[16] *Id.*

- Requires the clerks of the circuit court, state attorneys, public defenders, county jail operators, and the Department of Corrections (DOC) to collect certain data and transmit it to the Florida Department of Law Enforcement (FDLE) on a weekly basis;
- Requires the FDLE to publish the data on the FDLE's website and make it searchable and accessible to the public;
- Digitizes the Criminal Punishment Code sentencing scoresheet;
- Requires additional information to be reported in the annual report for pretrial release programs;
- Authorizes a pilot project in the Sixth Judicial Circuit for the purposes of implementing the bill; and
- Appropriates $1,750,000 in nonrecurring funds to the FDLE for the hiring of nine full-time employees for purposes of implementing the requirements of the bill and to assist in the transition to incident-based crime reporting to meet the requirements of the FBI under the National Incident-Based Reporting System.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committees on Judiciary; and Criminal Justice; and
Senator Stargel

590-03467-18 20181678c2

A bill to be entitled

An act relating to reports concerning seized or forfeited property; amending s. 932.7061, F.S.; revising the deadline for submitting an annual report by law enforcement agencies concerning property seized or forfeited under the Florida Contraband Forfeiture Act; reenacting s. 932.7062, F.S., relating to a penalty for noncompliance with reporting requirements, to incorporate the amendment made to s. 932.7061, F.S., in a reference thereto; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (1) of section 932.7061, Florida Statutes, is amended to read:

932.7061 Reporting seized property for forfeiture.—

(1) Every law enforcement agency shall submit an annual report to the Department of Law Enforcement indicating whether the agency has seized or forfeited property under the Florida Contraband Forfeiture Act. A law enforcement agency receiving or expending forfeited property or proceeds from the sale of forfeited property in accordance with the Florida Contraband Forfeiture Act shall submit a completed annual report by December 1 ~~October 10~~ documenting the receipts and expenditures. The report shall be submitted in an electronic form, maintained by the Department of Law Enforcement in consultation with the Office of Program Policy Analysis and Government Accountability, to the entity that has budgetary authority over such agency and

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Florida Senate - 2018 CS for CS for SB 1678

590-03467-18 20181678c2

to the Department of Law Enforcement. The annual report must, at a minimum, specify the type, approximate value, court case number, type of offense, disposition of property received, and amount of any proceeds received or expended.

Section 2. For the purpose of incorporating the amendment made by this act to section 932.7061, Florida Statutes, in a reference thereto, section 932.7062, Florida Statutes, is reenacted to read:

932.7062 Penalty for noncompliance with reporting requirements.—A seizing agency that fails to comply with the reporting requirements in s. 932.7061 is subject to a civil fine of $5,000, to be determined by the Chief Financial Officer and payable to the General Revenue Fund. However, such agency is not subject to the fine if, within 60 days after receipt of written notification from the Department of Law Enforcement of noncompliance with the reporting requirements of the Florida Contraband Forfeiture Act, the agency substantially complies with those requirements. The Department of Law Enforcement shall submit any substantial noncompliance to the office of Chief Financial Officer, which shall be responsible for the enforcement of this section.

Section 3. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 1712
INTRODUCER:	Senators Montford and Thurston
SUBJECT:	Postsecondary Revenue Bonds and Debt
DATE:	February 26, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Bouck	Graf	ED	**Favorable**
2.	Sikes	Elwell	AHE	**Recommend: Favorable**
3.	Sikes	Hansen	AP	**Favorable**

I. Summary:

SB 1712 modifies restrictions on debt payment sources for state universities by authorizing them to use federal grant and contract funds to secure revenue bonds, but only as required for an institution to participate in the Historically Black College and University Capital Financing Program (HBCU Program). In effect, the bill may allow Florida Agricultural and Mechanical University to participate in the HBCU Program.

The bill does not affect state revenues or expenditures.

The law takes effect July 1, 2018.

II. Present Situation:

Historically Black College and University Capital Financing Program

The Higher Education Act of 1965, as amended, defines a historically black college and university (HBCU) as "... any historically black college or university that was established prior to 1964, whose principal mission was, and is, the education of Black Americans, and that is accredited by a nationally recognized accrediting agency or association determined by the Secretary [of Education] to be a reliable authority as to the quality of training offered or is, according to such an agency or association, making reasonable progress toward accreditation...."[1]

[1] U.S. Department of Education, *Historically Black College and University Capital Financing Program, Eligibility*, https://www2.ed.gov/programs/hbcucapfinance/eligibility.html (last visited Feb. 5, 2018). The Florida HBCUs are Florida Agricultural and Mechanical University (public), Bethune-Cookman University (private), Edward Waters College (private), and Florida Memorial University (private). National Center for Education Statistics, *College Navigator*, https://nces.ed.gov/COLLEGENAVIGATOR/?s=FL&sp=4 (last visited Feb. 5, 2018).

The Historically Black College and University Capital Financing Program (HBCU Program), administered by the United States Department of Education (USDOE), provides low-cost capital to finance improvements to the infrastructure of the nation's HBCUs.[2] Specifically, the HBCU Program provides HBCUs with access to capital financing or refinancing for the repair, renovation, and construction of classrooms, libraries, laboratories, dormitories, instructional equipment, and research instrumentation.[3] This assistance comes through the issuance of federal guarantees on the full payment of principal and interest on qualified bonds, the proceeds of which are used for loans.[4] Public HBCUs have received about $530 million in loan proceeds and private HBCUs have received about $1.27 billion in loan proceeds[5] through the HBCU Program

The HBCU Program specifies, as a part of the loan agreement, the procedures for repayment of the loan and procedures in the event of delinquency or default on the loan.[6] Federal law requires that, for delinquent debt or a default on debt to the United States, the debts or payments may be collected by administrative offset.[7] In order to borrow funds under the HBCU Program, the participating HBCU must permit the use of revenue from grants and contracts via administrative offset if the pledged revenues are insufficient to pay debt service.[8] The USDOE may hold other federal funds, including grants and contracts owed to the HBCU, and apply those federal funds to debt service for the HBCU Program loan.[9]

State University Revenue Bonds and Debt

The Board of Governors (BOG), each state university, and any state university direct-support organization must comply with the provisions of law in order to issue or enter into agreements

[2] U.S. Department of Education, *Historically Black College and University Capital Financing Program, Purpose*, https://www2.ed.gov/programs/hbcucapfinance/index.html (last visited Feb. 5, 2018).

[4] *Id.*
[5] U.S. Department of Education, *Historically Black College and University Capital Financing Program, Awards,* https://www2.ed.gov/programs/hbcucapfinance/awards.html (last visited Feb. 5, 2018). Since September 2009, Florida Memorial University has received two HBCU Capital Financing program loans totaling $44,060,000. Since July 1997, Bethune-Cookman College has received two HBCU Capital Financing program loans totaling $20,295,000. *Id.*
[6] U.S. Department of Education, *Legislation, Regulations, and Guidance,* https://www2.ed.gov/programs/hbcucapfinance/legislation.html (last visited Feb. 5, 2018).
[7] 31 C.F.R. 901.3. "Administrative offset" means withholding funds payable by the United States (including funds payable by the United States on behalf of a State government) to, or held by the United States for, a person to satisfy a claim. 31 U.S.C., s. 3701.
[8] Telephone interview, Board of Governors (Feb. 2, 2018).
[9] *Id.*

for the issuance of revenue bonds or debt.[10] The law authorizes the BOG to request the issuance of revenue bonds[11] to finance or refinance capital outlay projects[12] permitted by law.[13] Revenue bonds may not be secured by or be payable from, directly or indirectly, the following sources:[14]

- Tuition;
- The financial aid fee;
- Sales and services of educational departments;
- Revenues from grants and contracts, except for money received for overhead and indirect costs and other moneys not required for the payment of direct costs; or
- Any other operating revenues of a state university.

The issuance of debt must be approved by the BOG and must be:[15]

- For a purpose consistent with the mission of the state university.
- Structured in a manner appropriate for the prudent financial management of the state university.
- Secured by revenues adequate to provide for all payments relating to the debt.
- Analyzed by the Division of Bond Finance,[16] and issues raised by such analysis must be appropriately considered by the BOG.
- Consistent with the requirements of any policies or criteria adopted by the BOG for the approval of debt.[17]

III. Effect of Proposed Changes:

The bill modifies restrictions on debt payments sources for state universities by authorizing them to use federal grant and contract funds to secure revenue bonds but only as required for an institution to participate in the Historically Black College and University Capital Financing Program (HBCU Program).

---

[10] Section 1010.62(8), F.S.
[11] Revenue bonds may be issued by the state or its agencies without a vote of the electors to finance or refinance the cost of state fixed capital outlay projects authorized by law, and purposes incidental thereto, and shall be payable solely from funds derived directly from sources other than state tax revenues. Art. VII, s. 11(d), Fla. Const.
[12] A capital outlay project is any project to acquire, construct, improve, or change the functional use of land, buildings, and other facilities, including furniture and equipment necessary to operate a new or improved building or facility. Section 1010.62(1)(b), F.S.
[13] Section 1010.62(2)(a), F.S.
[14] *Id.*
[15] *Id.* at (3)(b).
[16] The duties of the Division of Bond Finance within the State Board of Administration include the issuance of bonds for or on behalf of State agencies and providing technical assistance on new financing programs.
[17] The Board of Governors *Debt Management Guidelines* confirm that the state universities and their direct-support organizations must engage in sound debt management practices and, to that end, the Board of Governors has formalized guiding principles for the issuance of debt by the state universities and their DSOs, Board of Governors, *Debt Management Guidelines* (June 17, 2016), *available at* http://www.flbog.edu/documents_regulations/guidelines/REVISED%20FAC%207%202%20Debt%20Management%20Guidelines%202016%20-%20DRAFT.pdf, at 1.

By permitting FAMU to pledge revenue from federal grants and contracts for the repayment of revenue bonds, the bill allows Florida Agricultural and Mechanical University (FAMU), as the only public historically black college and university (HBCU) in the state, to become eligible to participate in the HBCU Program. This authorization aligns with the federal requirements regarding collection by administrative offset.

The bill does not change the prohibition on the use of state funds to pay debt service on revenue bonds. Additionally, the bill does not change the requirement for analysis by the Division of Bond Finance and approval by the Board of Governors for the issuance of debt. [18]

The bill takes effect July 1, 2018.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

The bill may provide FAMU access to competitive financing through the HBCU Program, which may result in interest rate savings for FAMU. The benefits may be extended to refinancing existing revenue bonds and for loans under the HBCU Program for future capital outlay projects.

The Board of Governors reports that, in 2016, Florida Agricultural and Mechanical University (FAMU) had researched refinancing its existing housing revenue bonds, which at the time totaled $80 million.[19] Projections at that time estimated that FAMU

[18] Board of Governors, *2018 Agency Analysis for HB 1712*, at 2.
[19] Board of Governors, *2018 Agency Analysis for HB 375*, at 2. HB 375 is similar to SB 1712.

would save approximately $1.2 million in debt service costs over the remaining life of the bond if FAMU were able to refinance the existing bonds under the HBCU Program.[20]

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 1010.62 of the Florida Statutes.

IX. Additional Information:

By Senator Montford

3-01149A-18 20181712__

A bill to be entitled

An act relating to postsecondary revenue bonds and debt; amending s. 1010.62, F.S.; authorizing state universities to use specified moneys to pay debt service on revenue bonds if required by a specified federal program; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (a) of subsection (2) of section 1010.62, Florida Statutes, is amended to read:

1010.62 Revenue bonds and debt.—

(2)(a) The Board of Governors may request the issuance of revenue bonds pursuant to the State Bond Act and s. 11(d), Art. VII of the State Constitution to finance or refinance capital outlay projects permitted by law. Revenue bonds may be secured by or payable only from those revenues authorized for such purpose, including the Capital Improvement Trust Fund fee, the building fee, the health fee, the transportation access fee, hospital revenues, or those revenues derived from or received in relation to sales and services of auxiliary enterprises or component units of the university, including, but not limited to, housing, transportation, health care, research or research-related activities, food service, retail sales, athletic activities, or other similar services, other revenues attributable to the projects to be financed or refinanced, any other revenue approved by the Legislature for facilities construction or for securing revenue bonds issued pursuant to s. 11(d), Art. VII of the State Constitution, or any other revenues

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

3-01149A-18 20181712__

permitted by law. Revenues from the activity and service fee and the athletic fee may be used to pay and secure revenue bonds except that the annual debt service shall not exceed an amount equal to 5 percent of the fees collected during the most recent 12 consecutive months for which collection information is available prior to the sale of the bonds. The assets of a university foundation and the earnings thereon may also be used to pay and secure revenue bonds of the university or its direct-support organizations. Revenues from royalties and licensing fees may also be used to pay and secure revenue bonds so long as the facilities being financed are functionally related to the university operation or direct-support organization reporting such royalties and licensing fees. Revenue bonds may not be secured by or be payable from, directly or indirectly, tuition, the financial aid fee, sales and services of educational departments, revenues from grants and contracts, except for money received for overhead and indirect costs and other moneys not required for the payment of direct costs, or any other operating revenues of a state university. However, moneys due to the state university from the federal government for the payment of grants and contracts may be used to pay debt service on revenue bonds only as required through the United States Department of Education's Historically Black College and University Capital Financing Program. Revenues from one auxiliary enterprise may not be used to secure revenue bonds of another unless the Board of Governors, after review and analysis, determines that the facilities being financed are functionally related to the auxiliary enterprise revenues being used to secure such revenue bonds.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Section 2. This act shall take effect July 1, 2018.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

The Florida Senate

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 7028
INTRODUCER:	Rules Committee
SUBJECT:	Ratification of Department of Elderly Affairs Rules
DATE:	March 1, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Hendon	Phelps		**RC Submitted as Committee Bill**
1.	Kidd	Hansen	AP	**Favorable**

I. Summary:

SB 7028 ratifies Rule 58A-5.036, F.A.C., entitled "Emergency Environmental Control for Assisted Living Facilities" by the Department of Elder Affairs. This rule requires, by June 1, 2018, each assisted living facility to acquire an alternative power source to ensure that temperatures are maintained at 81 degrees Fahrenheit or cooler in a sufficient portion of the facility to accommodate all of the facility's residents.

The Statement of Estimated Regulatory Costs (SERC) developed by the Department of Elder Affairs determined that the proposed rule will likely increase regulatory costs in excess of $1 million in the aggregate within 5 years after implementation of the rule. Accordingly, the rule must be ratified by the Legislature before it may go into effect.

The bill's provisions take effect upon becoming law.

II. Present Situation:

DOEA Rule for Assisted Living Facility Generators

The DOEA filed the rule 58A-5.036, F.A.C., for adoption with the Department of State on February 13, 2018.[1] The DOEA proposed the rule for Emergency Environmental Control for Assisted Living Facilities on November 14, 2017 and corrected the proposed rule January 19, 2018.

Rule 58A-5.036, F.A.C., requires each assisted living facility to prepare a detailed plan, as a supplement to the facility's comprehensive emergency management plan, to address emergency power in the event of the loss of primary electrical power to the facility. The plan is required to include the following:

[1] See rule package filed with the Department of State for Rule 58A-5.036. On file with Senate Children, Families and Elder Affairs Committee.

- The acquisition of a sufficient alternate power source maintained at the facility to ensure the protection of resident health, safety, welfare, and comfort for a minimum of 96 hours in the event of the loss of primary electrical power.
  - Each facility must determine a safe indoor air temperature required to meet the needs of residents that cannot be higher than 81 degrees Fahrenheit. The required temperature must be maintained in an area determined by the facility to be sufficient to maintain resident safety at all times, but not less than 20 square feet per resident.
  - The rule allows a facility to provide emergency power through its essential electrical system required by the Florida Building Code and allows flexibility for each assisted living facility to determine the best method for achieving the requirement for an alternative power source.
  - The rule specifies that a facility in an evacuation zone may use portable generators if an evacuation is necessary; that a facility on a campus with other licensed facilities under common ownership may share power sources, fuel, and space with the other licensed facilities; and that a multistory facility that plans on moving residents to a higher floor during a flood or surge event must also place its alternative power source in an area protected from flooding or storm surge.
- The acquisition of sufficient fuel to run the alternate power source and to maintain safe air temperatures. For facilities with 16 beds or less must store 48 hours of fuel on site. For facilities with 17 or more beds, 72 hours must be stored onsite at the facility. For a facility in a declared state of emergency area must secure 96 hours of fuel. If local ordinances or other regulations limit the amount of fuel that may be stored onsite, the assisted living facility must store the maximum amount of fuel allowed and must have a plan to obtain the remaining required amount of fuel within 24 hours prior to depleting its onsite supply. The rule specifies that piped natural gas is an allowed fuel source.
- The acquisition of services necessary to install, maintain, and test the equipment and to ensure the safe and sufficient operation of the alternate power source.

Each existing assisted living facility is required to submit its plan to the local emergency management agency within 30 days of the effective date of the rule. Each newly licensed assisted living facility must submit its plan prior to obtaining a license. If any additions, modifications, alterations, refurbishments, reconstructions, or renovations of an assisted living facility affect the compliance with the rule, the facility must amend its plan and resubmit it to the local emergency management agency for review and approval.

The local emergency management agency must review each plan and once approved, the plan must be submitted to AHCA for approval. Each assisted living facility must maintain a copy of its plan in a form that is readily available for review and must submit a consumer friendly summary of the plan to the AHCA. The AHCA must post the summary and notice of approval within ten business days on its website.

Each existing assisted living facility must have implemented its plan no later than June 1, 2018, and a new assisted living facility must have the plan implemented prior to obtaining a license. The AHCA may grant an extension of time up to January 1, 2019, if the implementation is delayed due to necessary construction, delivery of ordered equipment, or zoning or other regulatory processes. If an assisted living facility is granted an extension of time, the facility must update the AHCA on implementation progress monthly. If an assisted living facility is

granted an extension of time, it must make arrangements to ensure that the residents are housed in an area that meets the safe indoor air temperature requirement for a minimum of 96 hours during that time.

The rule also requires each facility to implement policies and procedures to ensure that it can effectively and immediately activate, operate, and maintain the alternate power source. The policies and procedures must be resident-focused and ensure that the residents do not suffer complications from heat exposure.

The rule specifies that the AHCA may seek any statutory remedy for noncompliance including, but not limited to, license revocation, license suspension, and administrative fines.

Hurricane Irma

Between September 10 and September 16, 2017, Hurricane Irma swept across Florida causing heavy damage and widespread loss of power. In the aftermath of the hurricane, the nursing home Rehabilitation Center at Hollywood Hills (Center) was left without power and air conditioning for multiple days. As a consequence of the uncontrolled heat in the Center and because the Center's staff neglected to evacuate its residents, 12 Center residents died from heat exposure.[2]

On September 16, 2017, (after eight of the 12 resident deaths had occurred) Governor Scott issued a press release announcing emergency action for nursing homes and ALFs. In the press release, the Governor stated that "[a]ssisted living facilities and nursing homes serve our elderly and Florida's most vulnerable residents, and so many families rely on the health care professionals at these facilities to care for their loved ones…During emergencies, health care facilities must be fully prepared to ensure the health, safety and wellbeing of those in their care and there is absolutely no excuse not to protect life. The inability for this nursing home in Broward County to protect life has shined the light on the need for emergency action."[3]

Statement of Estimated Regulatory Costs (SERC) Requirements

Agencies must prepare a SERC for a rule that has an adverse impact on small businesses or that increases regulatory costs more than $200,000 in the aggregate within 1 year after implementation of the rule.[4]

A SERC must include estimates of:

- The number of people and entities effected by the proposed rule;
- The cost to the agency and other governmental entities to implement and enforce the proposed rule;
- Transactional costs likely to be incurred by people, entities, and governmental agencies for compliance; and

[2] Eight residents died before the Center evacuated the facility and six more died in the following weeks. Two of the 14 deaths were found not to be related to heat exposure. See *12 of 14 Nursing Home Deaths After Irma Ruled Homicides*, WUSF News, available at http://wusfnews.wusf.usf.edu/post/12-14-nursing-home-deaths-after-irma-ruled-homicides, (last visited on Jan. 26, 2018).

[3] See https://www.flgov.com/2017/09/16/gov-scott-i-am-aggressively-fighting-to-keep-vulnerable-floridians-safe-during-emergencies/, (last visited on Jan. 26, 2018).

[4] Sections 120.54(3)(b) and 120.541(1)(b), F.S.

- An analysis of the proposed rule's impact on small businesses, counties, and cities.[5]

The SERC must also include an economic analysis on the likelihood that the proposed rule will have an adverse impact in excess of $1 million within the first 5 years of implementation on:
- Economic growth, private-sector job creation or employment, or private-sector investment;
- Business competitiveness,[6] productivity, or innovation; or
- Regulatory costs, including any transactional costs.[7,8]

If the economic analysis results in an adverse impact or regulatory costs in excess of $1 million within 5 years after implementation of the rule, then the rule must be ratified by the Legislature in order to take effect.[9]

The DOEA has estimated the cost for assisted living facilities to comply with this rule will be approximately $243 million.[10]

III. Effect of Proposed Changes:

This bill ratifies DOEA Rule 58A-5.036, F.A.C., entitled "Emergency Environmental Control for Assisted Living Facilities." This rule requires, by June 1, 2018, each facility to acquire an alternative power source to ensure that temperatures are maintained at 81 degrees Fahrenheit or cooler in a sufficient portion of the facility to accommodate all of the facility's residents. The rule also requires each facility to implement certain policies and procedures to ensure that resident's do not suffer complications from heat exposure.

The bill also:
- Directs that the act shall not be codified in the Florida Statutes;
- Requires that after the act becomes law, its enactment and effective date shall be noted in the Florida Administrative Code, the F.A.R., or both, as appropriate;
- Provides that the act does not alter rulemaking authority or constitute a legislative preemption of, or exception to, any other provision of law regarding adoption or enforcement of the rule and is intended to preserve the status of the rule; and
- Does not cure any rulemaking defect or preempt any challenge based on a lack of authority or a violation of requirements governing adoption of the rule.

---

[5] Section 120.541(2)(b)-(e), F.S. A small city has an unincarcerated population of 10,000 or less. A small county has an unincarcerated population of 75,000 or less. A small business employs less than 200 people, and has a net worth of $5 million or less. *See* ss. 120.52(18), (19), and 288.703(6), respectively.

[6] Business competitiveness includes the ability of those doing business in Florida to compete with those doing business in other states or domestic markets.

[7] Transactional costs are direct costs that are readily ascertainable based upon standard business practices. They include filing fees, the cost of obtaining a license, the cost of equipment required to be installed or used, procedures required to by employed to comply with the rule, additional operating costs, the cost of monitoring and reporting, and any other costs necessary to comply with the rules.

[8] Section 120.541(2)(a), F.S.

[9] Section 120.541(3), F.S. Legislative ratification is not required for adoption of federal standards, amendments to the Florida Building Code, or amendments to the Florida Fire Prevention Code. *See* s. 120.541(4), F.S.

[10] Summary of SERC for Rule 58A-5.036, published in a notice of correction in the Florida Administrative Register on January 19, 2018.

The SERC developed by the DOEA determined that the proposed rule will likely increase regulatory costs in excess of $1 million in the aggregate within 5 years after implementation of the rule. Accordingly, the rule must be ratified by the Legislature before it may go into effect.

The bill's provisions take effect upon becoming law at that time, the rule becomes effective.[11]

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

By the Legislature's ratification of this rule, assisted living facilities that have not complied with the new requirements will experience increased costs.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates one undesignated section of the Florida Statutes.

[11] Section 120.54(3)(e)6., F.S.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:
(Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Rules

595-03971-18 20187028__

A bill to be entitled

An act relating to ratification of Department of Elderly Affairs rules; ratifying a specified rule relating to emergency environmental control for assisted living facilities for the sole and exclusive purpose of satisfying any condition on effectiveness pursuant to s. 120.541(3), F.S., which requires ratification of any rule exceeding the specified thresholds for likely adverse impact or increase in regulatory costs; providing applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. (1) The following rule is ratified for the sole and exclusive purpose of satisfying any condition on effectiveness imposed under s. 120.541(3), Florida Statutes: Rule 58A-5.036, Florida Administrative Code, entitled "Emergency Environmental Control for Assisted Living Facilities," as filed for adoption with the Department of State pursuant to the certification package dated February 13, 2018.

(2) This act serves no other purpose and may not be codified in the Florida Statutes. After this act becomes law, its enactment and effective dates shall be noted in the Florida Administrative Code, the Florida Administrative Register, or both, as appropriate. This act does not alter rulemaking authority delegated by prior law, does not constitute legislative preemption of or exception to any provision of law governing adoption or enforcement of the rule cited, and is

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

595-03971-18 20187028__

intended to preserve the status of any cited rule as a rule under chapter 120, Florida Statutes. This act does not cure any rulemaking defect or preempt any challenge based on a lack of authority or a violation of the legal requirements governing the adoption of any rule cited.

Section 2. This act shall take effect upon becoming law.

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Appropriations

BILL:	SB 7030
INTRODUCER:	Rules Committee
SUBJECT:	Ratification of Agency for Health Care Administration Rules
DATE:	March 1, 2018
REVISED:	

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
	Looke	Phelps		**RC Submitted as Committee Bill**
1.	Kidd	Hansen	AP	**Favorable**

I. Summary:

SB 7030 ratifies Agency for Health Care Administration (AHCA) Rule 59A-4.1265, F.A.C., entitled "Emergency Environmental Control for Nursing Homes." This rule requires, by June 1, 2018, each nursing home to acquire an alternative power source to ensure that temperatures are maintained at 81 degrees Fahrenheit or cooler in a sufficient portion of the facility to accommodate all of the facility's residents. The rule also requires each facility to implement certain policies and procedures to ensure that resident's do not suffer complications from heat exposure.

The Statement of Estimated Regulatory Costs (SERC) developed by the AHCA determined that the proposed rule will likely increase regulatory costs in excess of $1 million in the aggregate within 5 years after implementation of the rule. Accordingly, the rule must be ratified by the Legislature before it may go into effect.

The bill's provisions take effect upon becoming law.

II. Present Situation:

AHCA Rule for Nursing Home Generators

Rule History

The AHCA filed the rule 59A-4.1265, F.A.C., for adoption with the Department of State on February 2, 2018.[1] The AHCA initiated the rulemaking process on October 11, 2017, with rules published on November 14, 2017. The AHCA issued a notice of change published on January 10, 2017. Leading Age Florida challenged the validity of the AHCA's proposed rules for nursing homes but the challenge was withdrawn on January 26, 2018.

[1] See rule package filed with the Department of State for Rule 59A-4.1265. On file with Senate Health Policy Committee staff.

Alternate Power Source Plan

Rule 59A-4.1265, F.A.C., requires each nursing home to prepare a detailed plan, as a supplement to the facility's comprehensive emergency management plan, to address emergency power in the event of the loss of primary electrical power to the facility. The plan is required to include the following:

- The acquisition of a sufficient alternate power source maintained at the nursing home to ensure the protection of resident health, safety, welfare, and comfort for a minimum of 96 hours in the event of the loss of primary electrical power.
    - Each facility must determine a safe indoor air temperature required to meet the needs of residents that cannot be higher than 81 degrees Fahrenheit. The required temperature must be maintained in an area determined by the facility to be sufficient to maintain resident safety at all times, but not less than 30 square feet per resident.
    - The rule allows a facility to provide emergency power through its essential electrical system required by the Florida Building Code and allows flexibility for each nursing home to determine the best method for achieving the requirement for an alternative power source.
    - The rule specifies that a facility in an evacuation zone may use portable generators if an evacuation is necessary; that a facility on a campus with other licensed facilities under common ownership may share power sources, fuel, and space with the other licensed facilities; and that a multistory facility that plans on moving residents to a higher floor during a flood or surge event must also place its alternative power source in an area protected from flooding or storm surge.
- The acquisition of sufficient fuel to run the alternate power source and to maintain safe air temperatures for at least 96 hours. Of the 96 hours of required fuel, 72 hours must be stored onsite at the facility and the remaining 24 hours' worth of fuel must be obtained if the facility is located within an area in a declared state of emergency. If local ordinances or other regulations limit the amount of fuel that may be stored onsite, the nursing home must store the maximum amount of fuel allowed and must have a plan to obtain the remaining required amount of fuel within 24 hours prior to depleting its onsite supply. The rule specifies that piped natural gas is an allowed fuel source.
- The acquisition of services necessary to install, maintain, and test the equipment and to ensure the safe and sufficient operation of the alternate power source.

Submission of the Plan

Each existing nursing home is required to submit its plan to the local emergency management agency within 30 days of the effective date of the rule. Each newly licensed nursing home must submit its plan prior to obtaining a license. If any additions, modifications, alterations, refurbishments, reconstructions, or renovations of a nursing home affect the nursing home's compliance with the rule, the nursing home must amend its plan and resubmit it to the local emergency management agency for review and approval.

Review and Approval of the Plan

The local emergency management agency must review each plan and the AHCA's Office of Plans and Construction must review any related architectural and engineering plans. If the plan is

deficient, the local emergency management agency must report such deficiencies to the nursing home for resubmission of a corrected plan within ten business days. If the plan is approved or denied the local emergency management agency must report the approval or denial to the AHCA. The nursing home must also submit proof of approval of the plan to the AHCA within two business days of the plan's approval. Each nursing home must maintain a copy of its plan in a form that is readily available for review and must submit a consumer friendly summary of the plan to the AHCA. The AHCA must post the summary and notice of approval within ten business days on its website.

Plan Implementation

Each existing nursing home must have implemented its plan no later than June 1, 2018, and a new nursing home must have the plan implemented prior to obtaining a license. The AHCA may grant an extension of time up to January 1, 2019, if the implementation is delayed due to necessary construction, delivery of ordered equipment, or zoning or other regulatory processes. If a nursing home is granted an extension of time, the facility must update the AHCA on implementation progress monthly. If a nursing home is granted an extension of time, it must also make arrangements to ensure that the residents are housed in an area that meets the safe indoor air temperature requirement for a minimum of 96 hours during that time.

Policies and Procedures

The rule also requires each facility to implement policies and procedures to ensure that it can effectively and immediately activate, operate, and maintain the alternate power source. The policies and procedures must be resident-focused and ensure that the residents do not suffer complications from heat exposure. A contingency plan must also exist to transport residents to a safe facility if required. The policies and procedures must be available for inspection by residents, their representatives, and any other parties authorized in law.

Enforcement

The rule specifies that the AHCA may seek any statutory remedy for noncompliance including, but not limited to, license revocation, license suspension, and administrative fines.

History of Nursing Home Generator Rulemaking

Hurricane Irma

Between September 10 and September 16, 2017, Hurricane Irma swept across Florida causing heavy damage and widespread loss of power. In the aftermath of the hurricane, the nursing home Rehabilitation Center at Hollywood Hills (Center) was left without power and air conditioning for multiple days. As a consequence of the uncontrolled heat in the Center and because the Center's staff neglected to evacuate its residents, 12 Center residents died from heat exposure.[2]

[2] Eight residents died before the Center evacuated the facility and six more died in the following weeks. Two of the 14 deaths were found not to be related to heat exposure. See *12 of 14 Nursing Home Deaths After Irma Ruled Homicides*, WUSF News, available at http://wusfnews.wusf.usf.edu/post/12-14-nursing-home-deaths-after-irma-ruled-homicides, (last visited on Jan. 26, 2018).

On September 16, 2017, (after eight of the 12 resident deaths had occurred) Governor Scott issued a press release announcing emergency action for nursing homes and ALFs. In the press release, the Governor stated that "[a]ssisted living facilities and nursing homes serve our elderly and Florida's most vulnerable residents, and so many families rely on the health care professionals at these facilities to care for their loved ones…During emergencies, health care facilities must be fully prepared to ensure the health, safety and wellbeing of those in their care and there is absolutely no excuse not to protect life. The inability for this nursing home in Broward County to protect life has shined the light on the need for emergency action."[3]

Emergency Rules for Nursing Home Generators

Complying with the Governor's order, the AHCA published an emergency Rule 59AER17-1, F.A.C., requiring that all nursing homes install emergency generators. This emergency rule took effect on September 18, 2017; was renewed on December 15, 2017; [4] and established:

- The requirement that each facility provide a detailed plan within 45 days of the effective date of the rule for the acquisition and installation of an emergency generator and sufficient fuel to power the generator for 96 hours. The generator must be sufficiently large to cool the facility to 80 degrees Fahrenheit or below for the required time period;
- The requirement that each facility implement its plan within 60 days of the effective date of the rule; and
- Penalties for violating the emergency rule including possible license revocation and monetary penalties of up to $1,000 per day for continuing violations.

The emergency rule was challenged at the Division of Administrative Hearings (DOAH) and was ruled invalid on October 27, 2017. A similar emergency rule for Assisted Living Facilities was also challenged. The DOAH judge ruled that there was no emergency that required the rules and that the rules were invalid exercises of delegated legislative authority. The judge ruled that the rules:

- Were arbitrary and capricious in that complying with the rules in the timeframes allowed was impossible;
- Vested unbridled discretion in the AHCA and the DOEA in that the rules were so vague as to require agency discretion to implement them; and
- Contravened the implementing statute in that the penalties made no effect to classify noncompliance in a manner consistent with statute.[5]

[3] See https://www.flgov.com/2017/09/16/gov-scott-i-am-aggressively-fighting-to-keep-vulnerable-floridians-safe-during-emergencies/, (last visited on Jan. 26, 2018).

[4] Generally, emergency rules expire after 90 days and are not renewable. See s. 120.54(c), F.S. However, s. 120.54(4)(c)2., F.S., allows an agency to extend the period of time that emergency rules are effective if the agency has initiated the rulemaking process on the same subject and the proposed rules are awaiting legislative ratification. Currently, the AHCA and the DOEA have initiated rulemaking to adopt rules on the same subject (see section below) and the agencies' have submitted the proposed rules to the Legislature for ratification.

[5] *Florida Association of Homes and Services for the Aging, Inc., d/b/a, Leadingage Florida v. the Agency for Health Care Administration*, case no. 17-5388RE, and *Florida Assisted Living Association, Inc., a Florida not for Profit Corporation v. the Florida Department of Elder Affairs*, case no. 17-5409RE

The case has been appealed to the Florida First District Court of Appeal[6] (DCA). The DCA denied a motion to stay the effect of the rules on November 11, 2017, and consequently, the emergency rule continues to be in effect pending appeal.

Federal Regulations for Nursing Home Emergency Power

Federal regulations currently in effect require nursing homes[7] to obtain emergency power in a similar manner to the permanent rules in development by the AHCA. The regulations in 42 CFR 483.73, require each long term care facility, including nursing homes, to develop and implement emergency preparedness policies and procedures that must include alternative sources of energy to maintain safe air temperatures for residents. Based on the facility's policies and procedures, each facility must implement emergency and standby power systems and maintain on onsite fuel source and a plan to keep the power systems operational, unless the facility evacuates. These regulations took effect on November 16, 2017, and are a requirement for the nursing home to participate in the Medicare or Medicaid programs.

SERC Requirements

Agencies must prepare a SERC for a rule that has an adverse impact on small businesses or that increases regulatory costs more than $200,000 in the aggregate within 1 year after implementation of the rule.[8]

A SERC must include estimates of:
- The number of people and entities effected by the proposed rule;
- The cost to the agency and other governmental entities to implement and enforce the proposed rule;
- Transactional costs likely to be incurred by people, entities, and governmental agencies for compliance; and
- An analysis of the proposed rule's impact on small businesses, counties, and cities.[9]

The SERC must also include an economic analysis on the likelihood that the proposed rule will have an adverse impact in excess of $1 million within the first 5 years of implementation on:
- Economic growth, private-sector job creation or employment, or private-sector investment;
- Business competitiveness,[10] productivity, or innovation; or
- Regulatory costs, including any transactional costs.[11,12]

[6] Case no. 1D17-4534.
[7] While nursing homes are federally regulated, the regulation of ALFs is delegated to the states.
[8] Sections 120.54(3)(b) and 120.541(1)(b), F.S.
[9] Section 120.541(2)(b)-(e), F.S. A small city has an unincarcerated population of 10,000 or less. A small county has an unincarcerated population of 75,000 or less. A small business employs less than 200 people, and has a net worth of $5 million or less. *See* ss. 120.52(18), (19), and 288.703(6), respectively.
[10] Business competitiveness includes the ability of those doing business in Florida to compete with those doing business in other states or domestic markets.
[11] Transactional costs are direct costs that are readily ascertainable based upon standard business practices. They include filing fees, the cost of obtaining a license, the cost of equipment required to be installed or used, procedures required to by employed to comply with the rule, additional operating costs, the cost of monitoring and reporting, and any other costs necessary to comply with the rules.
[12] Section 120.541(2)(a), F.S.

If the economic analysis results in an adverse impact or regulatory costs in excess of $1 million within 5 years after implementation of the rule, then the rule must be ratified by the Legislature in order to take effect.[13]

The AHCA has determined that the likely aggregate cost for nursing homes to comply with this rule will be approximately $108,224,945.[14]

III. Effect of Proposed Changes:

This bill ratifies AHCA Rule 59A-4.1265, F.A.C., entitled "Emergency Environmental Control for Nursing Homes." This rule requires, by June 1, 2018, each nursing home to acquire an alternative power source to ensure that temperatures are maintained at 81 degrees Fahrenheit or cooler in a sufficient portion of the facility to accommodate all of the facility's residents. The rule also requires each facility to implement certain policies and procedures to ensure that resident's do not suffer complications from heat exposure.

The bill also:

- Directs that the act shall not be codified in the Florida Statutes;
- Requires that after the act becomes law, its enactment and effective date shall be noted in the Florida Administrative Code, the F.A.R., or both, as appropriate;
- Provides that the act does not alter rulemaking authority or constitute a legislative preemption of, or exception to, any other provision of law regarding adoption or enforcement of the rule and is intended to preserve the status of the rule; and
- Does not cure any rulemaking defect or preempt any challenge based on a lack of authority or a violation of requirements governing adoption of the rule.

The SERC developed by the AHCA determined that the proposed rule will likely increase regulatory costs in excess of $1 million in the aggregate within 5 years after implementation of the rule. Accordingly, the rule must be ratified by the Legislature before it may go into effect.

The bill's provisions take effect upon becoming law and, at that time, the rule becomes effective.[15]

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

[13] Section 120.541(3), F.S. Legislative ratification is not required for adoption of federal standards, amendments to the Florida Building Code, or amendments to the Florida Fire Prevention Code. *See* s. 120.541(4), F.S.
[14] Summary of SERC for Rule 59A-4.1265, published in a notice of correction in the Florida Administrative Register on January 11, 2018.
[15] Section 120.54(3)(e)6., F.S.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates one undesignated section of the Florida Statutes.

IX. Additional Information:

By the Committee on Rules

595-03972-18 20187030__

A bill to be entitled

An act relating to ratification of Agency for Health Care Administration rules; ratifying a specified rule relating to emergency environmental control for nursing homes for the sole and exclusive purpose of satisfying any condition on effectiveness pursuant to s. 120.541(3), F.S., which requires ratification of any rule exceeding the specified thresholds for likely adverse impact on or increase in regulatory costs; providing applicability; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. (1) The following rule is ratified for the sole and exclusive purpose of satisfying any condition on effectiveness imposed under s. 120.541(3), Florida Statutes: Rule 59A-4.1265, Florida Administrative Code, entitled "Emergency Environmental Control for Nursing Homes," as filed for adoption with the Department of State pursuant to the certification package dated February 2, 2018.

(2) This act serves no other purpose and may not be codified in the Florida Statutes. After this act becomes law, its enactment and effective date shall be noted in the Florida Administrative Code, the Florida Administrative Register, or both, as appropriate. This act does not alter rulemaking authority delegated by prior law, does not constitute legislative preemption of or exception to any provision of law governing adoption or enforcement of the cited rule, and is intended to preserve the status of the cited rule as a rule

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

Florida Senate - 2018 **SB 7030**
