COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 150 amends s. 828.13, F.S., to create a new offense of animal cruelty for abandoning an animal by using a restraint on the animal and leaving it restrained outside during a natural disaster. The offense is a third degree felony.^{1,2}

The bill defines the terms “natural disaster” and “restraint.”

The bill names the act “Trooper’s Law.”

The bill has a positive indeterminate impact. *See Section V. Fiscal Impact Statement.*

The bill takes effect on October 1, 2025.

¹ A third degree felony is punishable by up to five years imprisonment and a \$5,000 fine. Sections 775.082, F.S. and 775.083, F.S.

² As is the case with other animal cruelty offenses, the bill provides for the possibility of a fine that may be elevated above the typical fine. For example, the third degree felony fine is generally up to \$5,000 but this new offense provides for a fine up to \$10,000. Sections 775.082(3) F.S., 775.083(1)(g), F.S., and 820.13, F.S.

II. Present Situation:

Dog Rescued by Florida Highway Patrol Trooper Tied Up During Hurricane Milton

Hurricane Milton struck the state in early October 2024. During the storm, a Florida Highway Patrol trooper discovered a dog tied to a fence off I-75 surrounded by rising water. The dog, now named Trooper, was rescued and taken to the Tallahassee Humane Society, where he was subsequently adopted. This bill addresses that situation.³

General Animal Cruelty Statutes

Section 828.12(1), F.S., provides first degree misdemeanor penalties⁴ for certain cases involving cruelty to animals. A person commits the crime of animal cruelty if he or she:

- Unnecessarily overloads;
- Overdrives;
- Torments;
- Deprives of necessary sustenance or shelter;
- Unnecessarily mutilates, or kills any animal, or causes such to be done; or
- Carries in or upon any vehicle, or otherwise, any animal in a cruel or inhumane manner.

A person who is convicted of a violation of s. 828.12, F.S., may be prohibited by the court from owning, possessing, keeping, harboring, or having custody or control over any animal for a period of time determined by the court.⁵

Section 828.12(2), F.S., specifies that a person who intentionally commits an act to any animal, or a person who owns or has the custody or control of any animal and fails to act, which results in the cruel death, or excessive or repeated infliction of unnecessary pain or suffering, or causes the same to be done, commits aggravated animal cruelty, a felony of the third degree.⁶

Also, s. 828.13(2)(a), (b), and (c) F.S., provide that a person commits a first degree misdemeanor⁷ if he or she:

- Impounds or confines any animal in any place and fails to supply the animal during such confinement with a sufficient quantity of good and wholesome food and water;
- Keeps any animals in any enclosure without wholesome exercise and change of air; or
- Abandons to die any animal that is maimed, sick, infirm, or diseased;

⁴ A first degree misdemeanor is punishable by up to 1 year in the county jail or a \$1,000 fine or both. Sections 775.082, F.S., and 775.083, F.S. However, a violation of s. 828.12(1), F.S., may result in a fine of up to \$5,000. Section 828.12(1), F.S.

⁵ Section 828.12(6), F.S.

⁶ A third degree felony is punishable by up to 5 years imprisonment and a \$5,000 fine. Sections 775.082 and 775.083, F.S. However, a violation of s. 828.12(2), F.S., may result in a fine of up to \$10,000. Sections 775.082(3) F.S., 775.083(1)(g), F.S., and 828.12(2), F.S.

⁷ A first degree misdemeanor is punishable by up to 1 year in the county jail or a \$1,000 fine or both. Sections 775.082, F.S., and 775.083, F.S. However, a violation of s. 828.13(2), F.S., may result in a fine of up to \$5,000. Sections 775.082, 775.083, and 828.13(2), F.S.

Section 828.13(3), F.S., prohibits a person who is the owner or possessor or has charge or custody of any animal who abandons such animal to suffer injury or malnutrition or abandons any animal in a street, road, or public place without providing for the care, sustenance, protection, and shelter of such animal which is punishable as a misdemeanor of the first degree.⁸

Section 828.13(1)(a), F.S., defines the term “abandon” to mean to forsake an animal entirely or to neglect or refuse to provide or perform the legal obligations for care and support of an animal by its owner. The term “owner” is defined as any owner, custodian, or other person in charge of an animal.

Emergency Powers, Disaster Preparedness

Section 252.36, F.S., specifies that in the event of an emergency beyond local control, the Governor may assume direct operational control over all or any part of the emergency management functions within this state and is authorized to delegate such powers as she or he may deem prudent. The Governor has declared a state of emergency for various weather related conditions, including numerous hurricanes.⁹

Section 252.3568, F.S., provides, in accordance with s. 252.35, F.S.,¹⁰ the Division of Emergency Management within the Executive Office of the Governor (Division) must address strategies for the evacuation of persons with pets in the shelter component of the state comprehensive emergency management plan and must include the requirement for similar strategies in its standards and requirements for local comprehensive emergency management plans. The Department of Agriculture and Consumer Services and the Department of Education must assist the division in determining strategies regarding this activity.

If a county maintains designated shelters, it must also designate a shelter that can accommodate persons with pets. The shelter must be in compliance with applicable FEMA Disaster Assistance Policies and Procedures and with safety procedures regarding the sheltering of pets established in the shelter component of both local and state comprehensive emergency management plans.

III. Effect of Proposed Changes:

The bill creates a third degree felony¹¹ animal cruelty offense in s. 812.13, F.S., for abandoning an animal by using a restraint on the animal and leaving it restrained outside during a natural disaster.

The bill defines the following terms:

⁸ A first degree misdemeanor is punishable by up to 1 year in the county jail or a \$1,000 fine or both. Sections 775.082, F.S., and 775.083, F.S. However, a violation of s. 828.13(3), F.S., may result in a fine of up to \$5,000. Sections 775.082, and 775.083, F.S. and 828.13(3), F.S..

⁹ See Fla. Exec. Order No. 24-215 (October 5, 2024), available at, <https://www.flgov.com/eog/sites/default/files/executive-orders/2024/EO-24-215-1.pdf> (Last visited February 28, 2025).

¹⁰ Section 252.35, F.S., relates to Emergency management powers and the Division of Emergency Management.

¹¹ The third degree felony is punishable by up to 5 years imprisonment, and in these cases up to a \$10,000 fine. Sections 775.082(3) F.S., 775.083(1)(g), F.S., and 828.13(4).

- “Natural disaster” means a situation in which a hurricane, tropical storm, or tornado warning has been issued for a municipality or a county by the National Weather Service, or in which a municipality or county is under a mandatory or voluntary evacuation order.
- “Restraint” means a chain, rope, tether, leash, cable, or other device that attaches an animal to a stationary object or trolley system.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Agriculture

BILL: SB 374

INTRODUCER: Senator Truenow

SUBJECT: Farm Products

DATE: February 28, 2025

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	Burse	Becker	AG	Favorable
2.			CA	
3.			RC	

I. Summary:

SB 374 revises the definition of “farm product” to include plants and plant products, regardless of whether such products are edible or nonedible.

The bill prohibits a governmental entity from adopting or enforcing any regulations to limit an activity of a bona fide farm operation involving a farm product on agricultural land.

The bill takes effect July 1, 2025.

II. Present Situation:

“Right to Farm” Laws; Generally

In the 1970s, states began to identify the potential conflicts between farmers and developers as urban sprawl crept into rural, agricultural areas. One of the initial concerns was that the relocation of city dwellers into agricultural areas would result in a rash of very expensive nuisance lawsuits once the new neighbors were confronted with the sensory nature of farm life, complete with an inescapable array of odors, loud noises, dust, and other side-effects.¹

In an effort to protect farms and agricultural operations from the encroaching sprawl, states passed anti-nuisance laws that are referred to as “Right to Farm” laws. These laws, enacted in all 50 states, protect agricultural production against some nuisance lawsuits. The laws do not grant absolute immunity but generally provide protections for defendants based upon a “coming to the nuisance” defense theory. These laws provide a liability shield for pre-existing agricultural

¹ Alexia B. Borden and Thomas R. Head, III, *The “Right To Farm” In The Southeast – Does it Go Too Far?* (2007).

operations when changes are made to the use of nearby parcels, such that the plaintiffs are described as “coming to the nuisance.”² The Florida Right to Farm Act was enacted in 1979.³

Nuisance

A nuisance is described as an activity, condition, or situation created by someone that significantly interferes with another person’s use or enjoyment of their property. A private nuisance affects a person’s private right that is not common to the public while a public nuisance is an interference that affects the general public, for example, a condition that is dangerous to health or community standards.⁴

The Florida Right to Farm Act

The Florida Right to Farm Act protects farm operations from nuisance lawsuits if the operations comply with generally accepted agricultural and management practices.⁵

The Florida Right to Farm Act states that a farm operation cannot be classified as a public or private nuisance if the farm:

- Has been in operation for 1 year or more since its established date of operation;
- Was not a nuisance when it was established; and
- Conforms to generally accepted agricultural and management practices.⁶

However, the following four unsanitary conditions constitute evidence of a nuisance:

- The presence of untreated or improperly treated human waste, garbage, offal, dead animals, dangerous waste materials, or gases which are harmful to human or animal life;
- The presence of improperly built or improperly maintained septic tanks, water closets, or privies;
- The keeping of diseased animals which are dangerous to human health, unless the animals are kept in accordance with a current state or federal disease control program; or
- The presence of unsanitary places where animals are slaughtered, which may give rise to diseases which are harmful to human or animal life.⁷

Additionally, a farm operation cannot be classified as a public or private nuisance due to a change:

- In ownership;
- In the type of farm product that is produced;
- In conditions in or around the locality of the farm; or
- Made in compliance with Best Management Practices adopted by local, state, or federal agencies.⁸

⁸ Section 823.14(4)(b), F.S.

The Florida Right to Farm Act, however, may not be construed to permit an existing farm operation to increase to a more excessive farm operation with regard to noise, odor, dust, or fumes where the existing operation is adjacent to an established homestead or business.^{9,10}

III. Effect of Proposed Changes:

Section 1 amends s. 163.3162, F.S., to revise the definition of “farm product” to mean plants and plant products as defined in s. 581.011, F.S., regardless of whether such plants and plant products are edible or nonedible, or any animal useful to humans and includes, but is not limited to, any product derived therefrom.

The bill prohibits a governmental entity from adopting or enforcing any ordinance, regulation, rule, or policy to prohibit, restrict, regulate, or otherwise limit an activity of a bona fide farm operation, including, but not limited to, the collection, storage, processing, and distribution of a farm product on agricultural land.

Section 2 reenacts s. 163.3177, F.S., to incorporate amendments to statute made by this act.

Section 3 provides this act shall take effect July 1, 2025.

¹⁰ In an effort to eliminate duplication of regulatory authority over farm operations, local governments may not adopt an ordinance or similar policy to prohibit or limit an activity of a bona fide farm operation on land that is classified as agricultural land in accordance with statute, where the activity is regulated through implemented best management practices or certain interim measures. The full text of this prohibition is contained in s. 823.14(6), F.S.

11 source separated or have been removed from the solid waste
12 stream for sale, use, or reuse as raw materials, whether or not
13 the materials require subsequent processing or separation from
14 each other. The term includes food waste, but ~~the term~~ does not
15 include materials destined for any use that constitutes
16 disposal. Recovered materials as described in this subsection
17 are not solid waste.

18 Section 3. Paragraphs (g) and (i) of subsection (2) of
19 section 403.706, Florida Statutes, are amended to read:

23 plastics, metal, and all grades of paper for recycling before
24 ~~prior to~~ final disposal and are further encouraged to recycle
25 yard trash and other mechanically treated solid and food waste
26 into compost available for agricultural and other acceptable
27 uses.

28 (i) Each county is encouraged to consider plans for
29 composting or mulching organic materials, including food waste,
30 that would otherwise be disposed of in a landfill. The
31 composting or mulching plans are encouraged to address
32 partnership with the private sector.

33 Section 4. Subsection (2) of section 403.7065, Florida
34 Statutes, is amended to read:

39 contained in the products or materials to be procured,

701220

40 including, but not limited to, paper, aluminum, steel, plastic,
41 glass, and composted material, including food waste. The term
42 does not include the virgin component of internally generated
43 scrap that is commonly used in the industrial or manufacturing
44 processes from which it was generated or waste or scrap
45 purchased from another manufacturer who manufactures the same or
46 a closely related product.

47 Section 5. For the purpose of incorporating the amendment
48 made by this act to section 403.703, Florida Statutes, in a
49 reference thereto, paragraph (d) of subsection (4) of section
50 377.814, Florida Statutes, is reenacted to read:

51 377.814 Municipal Solid Waste-to-Energy Program.—

52 (4) INCENTIVE GRANT PROGRAM.—The department, subject to
53 appropriation, shall provide incentive grants to municipal solid
54 waste-to-energy facilities to assist with the planning and
55 designing for constructing, upgrading, or expanding a municipal
56 solid waste-to-energy facility, including necessary legal or
57 administrative expenses.

58 (d) Funds awarded under the incentive grant program may not
59 be used to promote, establish, or convert a residential
60 collection system that does not provide for the separate
61 collection of residential solid waste from recovered materials
62 as defined in s. 403.703.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Committee on Agriculture

BILL: SB 560

INTRODUCER: Senator Martin

SUBJECT: Chemical Additives in Food Products

DATE: February 28, 2025

REVISED: _____

	ANALYST	STAFF DIRECTOR	REFERENCE	ACTION
1.	<u>Burse</u>	<u>Becker</u>	<u>AG</u>	Favorable
2.	_____	_____	<u>AEG</u>	_____
3.	_____	_____	<u>FP</u>	_____

I. Summary:

SB 560 prohibits food establishments from manufacturing, selling, or distributing a food that contains specified chemical additives.

The bill also provides penalties for violations of this act.

The bill takes effect July 1, 2025.

II. Present Situation:

Food Establishments

The Florida Department of Agriculture and Consumer Services (department) regulates the commercial food supply for compliance with state and federal regulations to minimize the risk of foodborne illness in food products processed, produced, stored, distributed, and sold in both retail and wholesale food businesses within the state of Florida.¹

Regulated establishments include supermarkets and grocery stores, convenience stores, coffee shops, bakeries, retail meat markets, seafood markets, juice and smoothie bars, bottled water plants, ice and water vending machines, all food processing plants, food warehouses, food salvage stores, and certain mobile food units selling only prepackaged foods or non-potentially hazardous food items.²

¹ *Food Establishments*, FDACS, available at <https://www.fdacs.gov/Business-Services/Food/Food-Establishments> (last visited Feb. 24, 2025).

² *Id.*

Florida law defines a food establishment as a factory, food outlet, or other facility manufacturing, processing, packing, holding, storing, or preparing food or selling food at wholesale or retail.³

Brominated Vegetable Oil

Brominated vegetable oil (BVO) is a vegetable oil modified with the chemical bromine that was previously used in food. BVO was mostly used in beverages to prevent citrus flavoring from floating to the top. In the 1960s, the Food Drug Administration (FDA) limited the use of BVO in foods to 15 parts per million.⁴ Beverages with BVO additives were required to display “BVO” on the packaging. After research suggesting that consuming BVO may target the thyroid and increase tissue levels of bromine, the FDA reconsidered the safety of BVO as a food additive. As of July 3, 2024, the FDA no longer considered the use of BVO safe after the National Institutes of Health (NIH) found the potential for adverse health effects in humans. As such, the FDA no longer allows for its use in food.⁵

Potassium Bromate

Potassium bromate is a food additive used as an oxidizing agent.⁶ The chemical can be used for malting barley to produce fermented malt beverages or distilled spirits. The FDA limits potassium bromate to not exceed 75 parts per million of bromate. In addition to limitations, the FDA requires proper labeling such as the name of the additive and adequate directions for use.⁷ Potassium bromate is also often used in baking as bromated flour and enriched bromated flour—limited to 50 parts to each million parts of the finished bromated flour.⁸ In 1999, the International Agency for Research on Cancer found data that suggests potassium bromate is possibly carcinogenic to humans.⁹ Furthermore, in 1998, the New Jersey Department of Health and Senior Services identify potassium bromate as a hazardous substance, leading to health hazards such as a cancer and affects to the nervous system.¹⁰ While the FDA has not placed any further restrictions on the use of the chemical, The California Food Safety Act, which takes effect in 2027, bans potassium bromate.¹¹

Propylparaben

Propylparaben is a food additive recognized safe for use by the FDA, limited at a level not exceeding 0.1 percent in accordance with good manufacturing or feeding practice.¹² This chemical is mostly used as a preservative and antimicrobial agent by preventing the growth of microorganisms.¹³ Research conducted by the Harvard School of Public health in 2013 suggests that the chemical is associated with fertility and reproductive issues.¹⁴ While the FDA has not placed any further restrictions on the use of the chemical, The California Food Safety Act, which takes effect in 2027, bans propylparaben.¹⁵

Red Dye 3

Red dye 3, referred to as FD&C Red No. 3 and formally known as the compound erythrosine, is a food additive used to synthetically dye foods a bright red color. The dye is mostly used in beverages, cereals, ice cream cones, frozen dairy desserts, and frosting.¹⁶ To use color additives, manufacturers must submit a petition to the FDA requesting approval.¹⁷ Based on the Delaney Clause of the Federal Food, Drug, and Cosmetic Act (FD&C Act), the FDA revoked approval of the use of red dye 3 due to its carcinogenic qualities found in rats.¹⁸ The FDA issued the order on January 15, 2025, and it will take effect by January 2026.¹⁹ In addition, the California Food Safety Act banned red dye 3.²⁰

Blue Dye 1

Blue dye 1, referred to as FD&C Blue No. 1, is a food additive used to synthetically dye foods blue. The dye is mostly used in beverages, cereals, frozen dairy desserts, and frosting.²¹ The FDA approved blue dye 1 as safe for use to color foods under FDA regulations and generally in amounts consistent with good manufacturing practices. Products using blue dye 1 are subject to certification through batch certification and must be labeled as containing the dye.²²

Yellow Dye 5

Yellow dye 5, referred to as FD&C Yellow No. 5 and formally known as the chemical compound tartrazine, is a synthetic food dye used to dye foods yellow. The dye is mostly used in cereals, snacks, beverages, condiments, baked goods, and yogurt.²³ The FDA approved yellow dye 5 as safe for use to color foods under FDA regulations and consistent with good manufacturing practices. Products using yellow dye 5 are subject to certification through batch certification and must be labeled as containing the dye.²⁴

Benzidine

Benzidine is a manufactured chemical primarily used to produce dyes.²⁵ The FDA restricts benzidine to no more than 1 part per billion in certain food dyes, such as yellow dye 5 and yellow dye 6 and no more than 20 parts per billion for dyes such as red dye 33.²⁶ The chemical may result in adverse effects such as skin allergies. In addition, the Department of Health and Human Services (DHHS), the World Health Organization (WHO), and the EPA deemed benzidine a human carcinogen.²⁷

Butylated Hydroxyanisole

Butylated hydroxyanisole (BHA) is an antioxidant used in foods to prevent rancidity of fats and oils. BHA is mostly used in foods such as dehydrated potato shred, active dry yeast, beverages and desserts from dry mixes, and breakfast cereal. BHA is commonly used alone or in combination with Butylated hydroxytoluene (BHT). The FDA limits total Butylated hydroxyanisole by parts per million specific to each food.²⁸ In addition, packaging must show labeling for the chemical.²⁹ Research from the International Agency for Research on Cancer found evidence that BHA causes cancer in animals; however, no data was available to conclude BHA is a human carcinogen.³⁰

Butylated Hydroxytoluene

Butylated hydroxytoluene (BHT) is an antioxidant used in foods to preserve and stabilize flavors, colors, and freshness.³¹ BHT is mostly used in foods such as dehydrated potato shred, breakfast cereals, emulsion stabilizers for shortenings, potato flakes, and more. BHT is also used as an antioxidant and stabilizer in paper and plastic food packaging materials.³² BHT is commonly used alone or in combination with Butylated hydroxyanisole (BHA). The FDA limits total Butylated hydroxytoluene by parts per million specific to each food.³³ In addition, packaging must show labeling for the chemical.³⁴ Research from the International Agency for Research on Cancer found no evidence that BHT causes cancer in humans.³⁵

III. Effect of Proposed Changes:

Section 1 creates s. 500.454, F.S., to prohibit, beginning January 1, 2028, a food establishment from manufacturing, selling, or distributing a food that contains any of the following chemical additives:

- Brominated vegetable oil.
- Potassium bromate.
- Propylparaben.
- Red dye 3.
- Blue dye 1.
- Yellow dye 5.

BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

BILL: SB 572

INTRODUCER: Senators Collins and Wright

SUBJECT: Dangerous Dogs

DATE: February 28, 2025

REVISED: _____

I. Summary:

SB 572, which may be cited as the “Pam Rock Act,” amends requirements relating to dangerous dogs.

Specifically, the bill requires a dog owner that has knowledge of their dog’s dangerous propensities to securely confine the dog in a proper enclosure. It also provides requirements and penalties for owners of dangerous dogs involved in injury or death to humans or animals. The bill establishes the Statewide Dangerous Dog Registry and requirements for the registry.

The bill provides requirements and penalties for dogs that have not been declared dangerous that are involved in the injury or death of humans.

The bill takes effect July 1, 2025.

II. Present Situation:

Dangerous Dogs

Part II of ch. 767, F.S., outlines the state’s “Dangerous Dogs” provisions, originally enacted in 1990.¹ The Legislature found that “dangerous dogs are an increasingly serious and widespread threat to the safety and welfare of the people of this state because of unprovoked attacks which cause injury to persons and domestic animals; that such attacks are in part attributable to the failure of the owners to confine and properly train and control their dogs; that existing laws inadequately address this growing problem; and that it is appropriate and necessary to impose uniform requirements on the owners of dangerous dogs.”²

¹ Ch. 90-180, Laws of Fla.

² Section 767.10, F.S.

A “dangerous dog” is defined as a dog that:

- Has aggressively bitten, attacked, endangered, or inflicted severe injury on a person on public or private property;
- Has more than one time severely injured or killed a domestic animal while the dog is off the owner’s property; or
- Has, when unprovoked, chased or approached a person in public in a menacing fashion, or with an attitude of attack.³

Process for Classification of Dogs as Dangerous

An animal control officer⁴ is typically the person who would investigate an incident involving a dog. In areas unserved by an animal control authority,⁵ the sheriff assumes the duties required of an animal control officer.⁶

Upon receiving a report of a potentially dangerous dog, the animal control authority must investigate the incident, interview the owner, and require a sworn affidavit from any person who seeks to have a dog classified as dangerous.⁷ An animal that is the subject of a dangerous dog investigation because of severe injury to a human being may be immediately confiscated by an animal control authority, placed in quarantine, if necessary, for the proper length of time, or impounded and held.⁸ A dog that is being investigated as a dangerous dog that is not impounded with the animal control authority must be humanely and safely confined by the owner in a securely fenced or enclosed area pending the outcome of the investigation.⁹

The animal control authority may not declare a dog as dangerous if:

- The injured person was unlawfully on the property, or if lawfully on the property was tormenting, abusing, or assaulting the dog or its owner or a family member; or
- The dog was protecting a person within the immediate vicinity of the dog from an unjustified attack or assault.¹⁰

After investigating, the animal control authority must initially determine whether sufficient cause exists to classify the dog as dangerous and if sufficient cause is found, provide the owner an opportunity for a hearing before making a final determination regarding the classification or penalty.¹¹ The animal control authority must provide written notice of sufficient cause and proposed penalty to the owner by registered mail, certified hand delivery, or service in conformity with how service of process is made.

The owner has seven calendar days from receiving the notice to file a written request for a hearing. The hearing officer must hold the hearing as soon as possible, no more than 21 calendar

days, and no sooner than five days after receiving the request for hearing.¹² If a hearing is not timely requested the authority's determination becomes final.

Within 14 days after the classification as a dangerous dog by the animal control authority, the owner must register the dog with the animal control authority and renew the certification annually. Vaccination, enclosure, warning sign, and identification requirements must then be followed. The owner must immediately notify the animal control authority if the dog is loose, bites or attacks a person or another animal, or if there is any other change in status. A dangerous dog must remain in its enclosure at all times unless it is muzzled and restrained by a chain or leash. Any violation of these requirements is a noncriminal infraction punishable by a fine, not to exceed \$500.¹³

In addition to civil penalties, the owner of a dangerous dog can be charged with the following criminal violations:

- 1st degree misdemeanor if the dog has previously been declared "dangerous" and it attacks or bites a person or domestic animal without provocation.¹⁴
- 2nd degree misdemeanor if the dog has not previously been declared "dangerous" but causes severe injury to or death of any human and the owner had prior knowledge of, but recklessly disregarded, the dog's dangerous propensities.¹⁵
- 3rd degree felony if the dog has previously been declared "dangerous" and it attacks and causes severe injury to or death of any human.¹⁶

Hunting Dogs

Hunting dogs are exempt from this section when engaged in any legal hunt or training procedure. Dogs engaged in training or exhibiting in legal sports such as obedience trials, conformation shows, field trials, hunting/retrieving trials, and herding trials are exempt from this section when engaged in any legal procedures. Dogs that have been classified as dangerous may not be used for hunting purposes.¹⁷

Other State Dangerous Dog Law

At least 42 states have laws related to dangerous dogs and violations associated with their ownership.¹⁸ Virginia and Pennsylvania require dangerous dog owners to register their dogs with their state's online dog registry. Colorado, Oregon, and Pennsylvania have criminal penalties for harboring, maintaining, or owning a dangerous dog.¹⁹

¹⁹ *Id.*

Section 2 amends s. 767.01, F.S., to require a dog owner that has knowledge of their dog's dangerous propensities to securely confine the dog in a proper enclosure.

Section 3 amends s. 767.10, F.S., to provide that the Legislature intends to impose uniform requirements for owners of dogs.

Section 4 amends s. 767.11, F.S., to provide the definition for "Department" to mean the Department of Agriculture and Consumer Services. The bill also amends the definition of "Proper enclosure" to include a locked, fenced yard, suitable to prevent the entry of young children and designed to prevent the dog from escaping over, under, or through the fence.

Section 5 amends s. 767.12, F.S., to authorize animal control authorities to confiscate a dangerous dog to be placed in quarantine, for a time, or impounded and held. The bill also amends the parameters in which a dog may not be declared dangerous.

The bill provides that after a dangerous dog classification the animal control authority shall provide the department information for inclusion in the statewide Dangerous Dog Registry. The bill also provides that the animal control authority shall, if the dog is classified as a dangerous dog due to an incident that caused severe injury to a human being, destroy the dog in an expeditious and humane manner.

The bill requires owners of dangerous dogs to:

- Provide permanent identification of the dog by a tattoo on the inside thigh of the dog or the implantation of a microchip.
- Have the dog spayed or neutered.
- Obtain liability insurance coverage in the amount of at least \$100,000. This insurance must cover damages resulting from an attack by the dangerous dog causing bodily injury to a person. The owner must also provide proof of the required liability insurance coverage to the animal control authority for the area in which the dog is kept.

The bill requires dangerous dog owners, before selling or giving away a dangerous dog, to notify the local animal control authority that the dog is in their authority's jurisdiction.

The bill increases the maximum penalty for violating this section from \$500 to \$1,000 per violation.

Section 6 creates s. 767.125, F.S., to establish the Statewide Dangerous Dog Registry. The bill authorizes the department to create a searchable online statewide database of dogs which have been declared dangerous by local authorities. The following information, at a minimum, should be provided in the registry:

- A current certificate of rabies vaccination for the dog.
- Evidence of a proper enclosure within which the dangerous dog will be confined and of the posting of the premises with a clearly visible warning sign at all entry points which informs both children and adults of the presence of a dangerous dog on the property.
- Evidence of permanent identification of the dog, such as a tattoo on the inside thigh or an implantation of a microchip.

- Evidence of the dog having been spayed or neutered.
- Evidence that the owner has obtained the required liability insurance.
- The dog's name and a photograph of the dog.
- The county in which the dog is located.
- The owner's name and address.

The bill grants the department rulemaking authority to administer the registry.

Section 7 amends s. 767.13, F.S., to provide that the owner of a previously declared dangerous dog commits a misdemeanor if that dog attacks or bites a person or a domestic animal without provocation. The bill also requires that the dog must be immediately confiscated by an animal control authority, impounded for 10 business days and thereafter destroyed in an expeditious and humane manner. The bill provides the owner may request a hearing during the 10 business days after such notification.

The bill provides that the owner of a previously declared dangerous dog commits a third degree felony if that dog attacks and causes severe injury to or death of any human. The bill also requires that the dog must be immediately confiscated by an animal control authority, impounded for 10 business days, and thereafter destroyed in an expeditious and humane manner. The bill provides the owner may request a hearing during the 10 business days after such notification.

Section 8 amends s. 767.135, F.S., to require that if a dog that has not been declared dangerous attacks and causes the death of a human that it must be confiscated, impounded for 10 days, and thereafter destroyed in an expeditious and humane manner. The bill provides the owner may request a hearing during the 10 business days after such notification.

Section 9 amends s. 767.136, F.S., to provide that if a dog that has not been declared dangerous attacks and causes severe injury to, or the death of, a human, and the owner of the dog had knowledge of the dog's dangerous propensities, yet failed to secure the dog in a proper enclosure, the owner of the dog commits a second degree misdemeanor.

Section 10 provides that the bill shall take effect July 1, 2025.
