BILL ANALYSIS AND FISCAL IMPACT STATEMENT

(This document is based on the provisions contained in the legislation as of the latest date listed below.)

Prepared By: The Professional Staff of the Appropriations Subcommittee on Health and Human Services

BILL: SB 58

INTRODUCER: Senator Grimsley

SUBJECT: Adult Cardiovascular Services

DATE: February 7, 2017

REVISED: _____

4.			RC	

I. Summary:

SB 58 requires the Agency for Health Care Administration to include in its licensure rules for hospitals providing Level I adult cardiovascular services, at a minimum, a requirement that nursing and technical staff have demonstrated experience in handling acutely ill patients in dedicated cardiac interventional laboratories or surgical centers. While current AHCA rules require nursing and technical staff to have experience at hospitals providing Level II adult cardiovascular services, the bill allows previous experience of nursing and technical staff if the staff member's experience was acquired in Level I facilities that met certain criteria at the time the staff member acquired such experience.

The bill has no known fiscal impact on state funds.

The bill takes effect on July 1, 2017.

II. Present Situation:

Percutaneous cardiac intervention (PCI), also commonly known as coronary angioplasty or angioplasty, is a nonsurgical technique for treating obstructive coronary artery disease, including unstable angina, acute myocardial infarction, and multi-vessel coronary artery disease.¹

PCI uses a catheter to insert a small structure called a stent to reopen blood vessels in the heart that have been narrowed by plaque build-up, a condition known as atherosclerosis. Using a special type of X-ray called fluoroscopy, the catheter is threaded through blood vessels into the heart where the coronary artery is narrowed. When the tip is in place, a balloon tip covered with

a stent is inflated. The balloon tip compresses the plaque and expands the stent. Once the plaque is compressed and the stent is in place, the balloon is deflated and withdrawn. The stent stays in the artery, holding it open.²

Hospital Licensure and Regulation

Hospitals are regulated by the Agency for Health Care Administration (AHCA) under ch. 395, F.S., and the general licensure provisions of part II of ch. 408, F.S. Hospitals are subject to the certificate of need (CON) provisions in part I of ch. 408, F.S. A CON is a written statement issued by the AHCA evidencing community need for a new, converted, expanded, or otherwise significantly modified health care facility or health service, or hospice.³

Adult cardiovascular services (ACS), including PCI, were previously regulated through the CON program.⁴ However, in 2004, the Legislature established a licensure process for adult interventional cardiology services (the predecessor terminology for ACS), dependent upon rulemaking, in lieu of the CON procedure.⁵ Among other things, the law requires the rules to establish two hospital program licensure levels: a Level I program authorizing the performance of adult primary PCI for emergency patients without on-site cardiac surgery, and a Level II program authorizing the performance of PCI with on-site cardiac surgery.⁶ Additionally the rules must require compliance with the most recent guidelines of the American College of Cardiology and American Heart Association guidelines for staffing, physician training and experience, operating procedures, equipment, physical plant, and patient-selection criteria to ensure quality and safety.⁷

The AHCA adopted rules for Level I ACS⁸ and Level II ACS.⁹ Staffing rules for both levels require the nursing and technical catheterization laboratory staff to meet the following:

- Be experienced in handling acutely ill patients requiring intervention or balloon pump;
- Have at least 500 hours of previous experience in dedicated cardiac interventional laboratories at a hospital with a Level II ACS program;¹⁰
- Be skilled in all aspects of interventional cardiology equipment; and
- Participate in a 24-hour-per-day, 365 day-per-year call schedule;

One of the authoritative sources referenced in the AHCA's rulemaking is The American College of Cardiology/American Heart Association Task Force on Practice Guidelines' report:

⁵ Ch. 2004-383, s. 7, Laws of Fla.

⁶ Level I and Level II ACS programs may also perform adult diagnostic cardiac catheterization in accordance with Rule 59A-3.2085(13), F.A.C. Adult diagnostic cardiac catheterization involves the insertion of a catheter into one or more heart chambers for the purpose of diagnosing cardiovascular diseases.

ACC/AHA/SCAI 2005 Guideline Update for PCI.¹¹ Table 15 in that report provides criteria for the performance of primary PCI at hospitals without on-site cardiac surgery. It states:

The nursing and technical catheterization laboratory staff must be experienced in handling acutely ill patients and must be comfortable with interventional equipment. They must have acquired experience in dedicated interventional laboratories at a surgical center. They participate in a 24-hours-per-day, 365-days-per-year call schedule.

In 2014, the Society for Cardiovascular Angiography and Interventions, the American College of Cardiology Foundation, and the American Heart Association, Inc., issued the SCAI/ACC/AHA Expert Consensus Document: 2014 Update on PCI Without On-Site Surgical Backup.¹² That report acknowledged advances and best practices in PCI performed in hospitals without on-site surgery. Table IV in that report addresses personnel requirements for PCI programs without on-site surgery. It recommends the program have experienced nursing and technical laboratory staff with training in interventional laboratories. The report does not reference a requirement that the training or experience should occur in a dedicated interventional laboratory at a surgical center.

As of January 17, 2017, there are 54 Florida hospitals providing Level I ACS services and 77 Florida hospitals providing Level II ACS services.¹³

III. Effect of Proposed Changes:

The bill requires AHCA licensure rules for hospitals providing Level I adult cardiovascular services to include, at a minimum, a requirement that all nursing and technical staff have demonstrated experience in handling acutely ill patients requiring PCI in dedicated cardiac interventional laboratories or surgical centers. A staff member's previous experience in a dedicated cardiac interventional laboratory at a hospital that did not have an approved adult open-heart-surgery program will qualify if the laboratory met the specified criteria during the staff member's tenure. The laboratory must have:

- Had an annual volume of 500 or more PCI procedures;
- Achieved a demonstrated success rate of 95 percent or higher for PCI;
- Experienced a complication rate of less than 5 percent for PCI; and

A bill to be entitled

An act relating to adult cardiovascular services; amending s. 408.0361, F.S.; establishing additional criteria that must be included by the Agency for Health Care Administration in rules relating to adult cardiovascular services at hospitals seeking licensure for a Level I program; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Paragraph (b) of subsection (3) of section 408.0361, Florida Statutes, is amended to read:

408.0361 Cardiovascular services and burn unit licensure.—

(3) In establishing rules for adult cardiovascular services, the agency shall include provisions that allow for:

(b) For a hospital seeking a Level I program, demonstration that, for the most recent 12-month period as reported to the agency, it has provided a minimum of 300 adult inpatient and outpatient diagnostic cardiac catheterizations or, for the most recent 12-month period, has discharged or transferred at least 300 inpatients with the principal diagnosis of ischemic heart disease and that it has a formalized, written transfer agreement with a hospital that has a Level II program, including written transport protocols to ensure safe and efficient transfer of a patient within 60 minutes. However, a hospital located more than 100 road miles from the closest Level II adult cardiovascular services program does not need to meet the 60-minute transfer time protocol if the hospital demonstrates that it has a formalized, written transfer agreement with a hospital that has a Level II program. The agreement must include written transport protocols to ensure the safe and efficient transfer of a patient, taking into consideration the patient's clinical and

26-00099-17

physical characteristics, road and weather conditions, and viability of ground and air ambulance service to transfer the patient. At a minimum, the rules for adult cardiovascular services must require nursing and technical staff to have demonstrated experience in handling acutely ill patients requiring percutaneous cardiac intervention in dedicated cardiac interventional laboratories or surgical centers. If a staff member's previous experience was in a dedicated cardiac interventional laboratory at a hospital that did not have an approved adult open-heart-surgery program, the staff member's previous experience does not qualify unless, at the time the staff member acquired his or her experience, the dedicated cardiac interventional laboratory:

1. Had an annual volume of 500 or more percutaneous cardiac intervention procedures;

2. Achieved a demonstrated success rate of 95 percent or greater for percutaneous cardiac intervention procedures;

3. Experienced a complication rate of less than 5 percent for percutaneous cardiac intervention procedures; and

4. Performed diverse cardiac procedures, including, but not limited to, balloon angioplasty and stenting, rotational atherectomy, cutting balloon atheroma remodeling, and procedures relating to left ventricular support capability.

Section 2. This act shall take effect July 1, 2017.

COMMITTEE SUBSTITUTE - Technical Changes

I. Summary:

CS/SB 60 expands the program that provides motor vehicle insurance and driver licenses to children in out-of-home care who are in relative and non-relative placements. It also provides assistance to children who have reached permanency or turned 18 under certain circumstances. The program is authorized to pay for a child in out-of-home care to complete a driver education program and obtain a driver license or the related costs of licensure under certain circumstances. The bill continues the program beyond the 3-year pilot period.

The bill requires the child's transition plan and the court to address the issue of a child in care being able to obtain a driver license.

The bill also provides that a guardian ad litem authorized by a minor's caregiver may sign for the minor's learner's driver license and not assume any obligation or liability for damages caused by the minor.

The current program is funded with an annual appropriation of \$800,000 and should require no additional resources for the proposed expansion.

The bill takes effect upon becoming a law.

II. Present Situation:

Background

Children in the foster care system often face barriers to participating in everyday life experiences common to other young people their age. These life experiences are a part of how all children are prepared for the responsibilities they will assume as adults. The Florida State Youth Advisory Board has long identified barriers to driving an automobile that are experienced by the children in Florida's foster care system as a concern. The Department of Children and Families (department) concurs that foster care children who are not able to learn or gain experience driving miss an important part of learning how to be independent, including being able to work. Florida law supports the efforts of teens in foster care to engage in age-appropriate activities.¹

At the end of January 2014, before the beginning of the pilot program, the department reported that there were 385 15-year-olds, 458 16-year-olds, and 517 17-year-olds in foster care. The department has contracted with Cby25, a private not-for-profit corporation, to survey youth in foster care every six months and to publish findings.²

According to the spring 2013 report:

- 5 percent of 15-year-old respondents (11 children of 243 surveyed) had learner's permits;
- 8 percent of 16-year-olds (25 children of 300 surveyed) had learner's permits; and
- 13 percent of 17-year-olds (52 children of 387 surveyed) had learner's permits.

Children surveyed reported the following regarding driver licenses:

- 1 percent of 16-year-olds (4 children of 300 surveyed) had driver licenses; and
- 4 percent of 17-year-olds (16 children of 387 surveyed) had driver licenses.³

The pilot program was limited to children in licensed out-of-home care which would include foster homes and other residential group homes or facilities.

Special Driver License and Insurance Provisions for Foster Children and Foster Parents

Among the primary obstacles to these children being able to drive are the potential liability of the foster parents when the children drive vehicles owned by the foster parent and the attendant cost of insurance to protect foster parents from this liability.

Section 322.09(2), F.S., provides that any negligence or willful misconduct of the child operating a motor vehicle will be imputed to the adult who signed the application. That adult is jointly and severally liable with the child for any damages caused by the negligent or willful misconduct.

In 2001, s. 322.09, F.S., was amended to provide that foster parents or authorized representatives of a residential group home who sign for a foster child's license do not become liable for any

¹ See s. 409.145(3), F.S.

³ *Id.*

damages or misconduct of the child.⁴ While this provision relieves the foster parent of liability resulting directly from the signature on the driver license application, it does not address any vicarious liability that the foster parent may have because of the foster parent's ownership of the vehicle that the child drives.⁵ This liability arises whenever an insured individual allows another to operate his or her motor vehicle and is independent of the provisions of s. 322.09, F.S. Thus, the foster parent who owns the motor vehicle continues to be subject to vicarious liability for the actions of the child while operating the foster parent's vehicle, in the same way the foster parent would be vicariously liable for the actions of any other person operating that vehicle. This vicarious liability is one of the risks for which insurance coverage is purchased.

Also in 2001, s. 627.746, F.S., was created to prohibit a motor vehicle insurance company from charging an additional premium on a motor vehicle owned by a foster parent for coverage of a child operating the vehicle while the child is holding a learner's permit.⁶ This prohibition is only applicable until the child obtains a regular driver license.

Results from the Pilot

Community Based Care of Central Florida (CBCCF) was selected through a competitive bid process to manage the development and implementation of this statewide pilot, overseen by the department. CBCCF began accepting applications for enrollment on October 15, 2014.

CBCCF publicizes the availability of the program through many outlets, including through a dedicated website, social media, targeted emails, and at trainings and outreach events held throughout the state. Program staff have conducted in-person trainings in 100% of Florida's community-based care lead agency (CBC) regions, offering multiple presentations to groups of case managers, Guardians ad Litem, foster parents, residential providers, CBC staff and other stakeholders. As of December 31, 2016, a total of 1,276 youth in licensed foster care were enrolled in the program, well above the target the department originally set for the program. Chart 1 below summarizes the results of the pilot by year.⁷

III. Effect of Proposed Changes:

Section 1 amends s. 409.1454, F.S., to remove the pilot status of the program and expand eligibility to include children placed in non-licensed out-of-home care settings. Additionally, it allows children to continue to receive benefits for up to six months after having achieved permanency or turning 18 years of age.

The only condition to this expansion impacts those young adults in Extended Foster Care. Although the enhancement would allow for young adults to live in non-licensed settings, eligibility is contingent upon their demonstration that the costs of obtaining licensure are a barrier to obtaining employment or completing their educational goals.

Due to the expanded eligibility, enrollment is projected to reach 1,848 by June 2018. Chart 4 shows projected program expenditures for the next two fiscal years based on expanded eligibility and extension of benefits for up to 6 months for participating youth that are aging out of care.¹¹

Cost-Reimbursed Expenses	235,578	275,795
Total Expenses	\$703,147	\$757,865

¹⁰ An additional 344 youth ages 18 to 21 in licensed out-of-home care settings have been enrolled in the program through November 30, 2016. The data for this age group is not currently available by county or lead agency.

¹¹ See the email from CBCCF to committee staff dated February 4, 2017. (On file in the Senate Appropriations Subcommittee on Health and Human Services.)

Section 2 amends s. 39.6035, F.S., to require services relating to obtaining a driver license to be specifically addressed in the child's transition plan.

Section 3 amends s. 39.701, F.S., to require a determination of steps for a child who is 15 years of age or older to have obtained a driver license or learner's permit during judicial reviews. Review hearings for 17-year-olds will require written verification that information is provided to the child explaining how to obtain a license.

Section 4 amends s. 322.09, F.S., to allow a guardian ad litem authorized by a minor's caregiver to sign for the minor's learner's driver license and not assume any obligation or liability for damages caused by the minor.

Section 5 reenacts s. 409.1451(5)(a), F.S., to incorporate the amendment made by the bill to s. 39.6035, F.S.

Section 6 reenacts s. 322.05(3), F.S., to incorporate the amendment made by the bill to s. 322.09, F.S.

Section 7 reenacts s. 322.56(8)(a), F.S., to incorporate the amendment made by the bill to s. 322.09, F.S.

Section 8 provides for an effective date of upon becoming law.

The department reported that, according to the Florida Safe Families Network (FSFN)¹² as of November 2016, there were approximately 3,000 youth residing in out-of-home care who were in the eligible age range. Almost 900 of those youth were in non-licensed placements such as relative and non-relative placements¹³. CS/SB 60 expands participation in the program to foster youth in non-licensed placements and extends for six months the length of time a youth is eligible to receive benefits. The department anticipates that the increased costs can be funded within existing resources.¹⁴

CBCCF the manager of the contract with the department for the program, provided the following expenditure information.¹⁵ The current program is funded with an annual appropriation of \$800,000 from the General Revenue Fund and should require no additional resources for the proposed expansion.

	Actual Expenditures FY 2014-15	Actual Expenditures FY 2015-16	Projected Expenditures FY 2016-17	Projected Expenditures FY 2017-18	Projected Expenditures FY 2018-19

Be It Enacted by the Legislature of the State of Florida:

Section 1. Section 409.1454, Florida Statutes, is amended, to read:

409.1454 MOTOR VEHICLE INSURANCE AND DRIVER LICENSES FOR CHILDREN IN CARE.—

(1) The Legislature finds that the costs of driver education, licensure and costs incidental to licensure, and motor vehicle insurance for a child in ~~licensed~~ out-of-home care after such child obtains a driver license create ~~creates~~ an additional barrier to engaging in normal age-appropriate activities and gaining independence and may limit opportunities for obtaining employment and completing educational goals. The Legislature also finds that the completion of an approved driver education course is necessary to develop safe driving skills.

(2) To the extent that funding is available, the department shall establish a ~~3-year pilot~~ program to pay the cost of driver education, licensure and other costs incidental to licensure, and motor vehicle insurance for children in ~~licensed~~ out-of-home care who have successfully completed a driver education program.

(3) If a caregiver, or an individual or not-for-profit entity approved by the caregiver, adds a child to his or her existing insurance policy, the amount paid to the caregiver or approved purchaser may not exceed the increase in cost attributable to the addition of the child to the policy.

(4) Payment shall be made to eligible recipients in the order of eligibility until available funds are exhausted. If a child determined to be eligible reaches permanency status or turns 18 years of age, the program may pay for that child to

586-00896-17

201760c1

complete a driver education program and obtain a driver license for up to 6 months after the date the child reaches permanency status or 6 months after the date the child turns 18 years of age. A child continuing in care under s. 39.6251 may be eligible to have the costs of licensure and costs incidental to licensure paid if the child demonstrates that such costs are creating barriers for obtaining employment or completing educational goals.

(5) The department shall contract with a not-for-profit entity whose mission is to support youth aging out of foster care to develop procedures for operating and administering the pilot program, including, but not limited to:

(a) Determining eligibility, including responsibilities for the child and caregivers.

(b) Developing application and payment forms.

(c) Notifying eligible children, caregivers, group homes, and residential programs of the pilot program.

(d) Providing technical assistance to lead agencies, providers, group homes, and residential programs to support removing obstacles that prevent children in foster care from driving.

(e) Publicizing the program, engaging in outreach, and providing incentives to youth participating in the program to encourage the greatest number of eligible children to obtain driver licenses.

~~(6) By July 1, 2015, and annually thereafter for the duration of the pilot program, the department shall submit a report to the Governor, the President of the Senate, and the Speaker of the House of Representatives evaluating the success~~

586-00896-17

201760c1

~~of and outcomes achieved by the pilot program. The report shall include a recommendation as to whether the pilot program should be continued, terminated, or expanded.~~

Section 2. Subsection (1) of section 39.6035, Florida Statutes, is amended to read:

39.6035 Transition plan.—

(1) During the 180-day period after a child reaches 17 years of age, the department and the community-based care provider, in collaboration with the caregiver and any other individual whom the child would like to include, shall assist the child in developing a transition plan. The required transition plan is in addition to standard case management requirements. The transition plan must address specific options for the child to use in obtaining services, including housing, health insurance, education, a driver license, and workforce support and employment services. The plan must also consider establishing and maintaining naturally occurring mentoring relationships and other personal support services. The transition plan may be as detailed as the child chooses. In developing the transition plan, the department and the community-based provider shall:

(a) Provide the child with the documentation required pursuant to s. 39.701(3); and

(b) Coordinate the transition plan with the independent living provisions in the case plan and, for a child with disabilities, the Individuals with Disabilities Education Act transition plan.

Section 3. Paragraph (c) of subsection (2) and paragraph

(a) of subsection (3) of section 39.701, Florida Statutes, are

586-00896-17

201760c1

amended to read:

39.701 Judicial review.—

(2) REVIEW HEARINGS FOR CHILDREN YOUNGER THAN 18 YEARS OF AGE.—

(c) *Review determinations.*—The court and any citizen review panel shall take into consideration the information contained in the social services study and investigation and all medical, psychological, and educational records that support the terms of the case plan; testimony by the social services agency, the parent, the foster parent or legal custodian, the guardian ad litem or surrogate parent for educational decisionmaking if one has been appointed for the child, and any other person deemed appropriate; and any relevant and material evidence submitted to the court, including written and oral reports to the extent of their probative value. These reports and evidence may be received by the court in its effort to determine the action to be taken with regard to the child and may be relied upon to the extent of their probative value, even though not competent in an adjudicatory hearing. In its deliberations, the court and any citizen review panel shall seek to determine:

1. If the parent was advised of the right to receive assistance from any person or social service agency in the preparation of the case plan.

2. If the parent has been advised of the right to have counsel present at the judicial review or citizen review hearings. If not so advised, the court or citizen review panel shall advise the parent of such right.

3. If a guardian ad litem needs to be appointed for the child in a case in which a guardian ad litem has not previously

Page 5 of 12

CODING: Words ~~stricken~~ are deletions; words underlined are additions.

586-00896-17

201760c1

been appointed or if there is a need to continue a guardian ad litem in a case in which a guardian ad litem has been appointed.

4. Who holds the rights to make educational decisions for the child. If appropriate, the court may refer the child to the district school superintendent for appointment of a surrogate parent or may itself appoint a surrogate parent under the Individuals with Disabilities Education Act and s. 39.0016.

5. The compliance or lack of compliance of all parties with applicable items of the case plan, including the parents' compliance with child support orders.

6. The compliance or lack of compliance with a visitation contract between the parent and the social service agency for contact with the child, including the frequency, duration, and results of the parent-child visitation and the reason for any noncompliance.

7. The frequency, kind, and duration of contacts among siblings who have been separated during placement, as well as any efforts undertaken to reunite separated siblings if doing so is in the best interest of the child.

8. The compliance or lack of compliance of the parent in meeting specified financial obligations pertaining to the care of the child, including the reason for failure to comply, if applicable.

9. Whether the child is receiving safe and proper care according to s. 39.6012, including, but not limited to, the appropriateness of the child's current placement, including whether the child is in a setting that is as family-like and as close to the parent's home as possible, consistent with the child's best interests and special needs, and including

maintaining stability in the child's educational placement, as documented by assurances from the community-based care provider that:

a. The placement of the child takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement.

b. The community-based care agency has coordinated with appropriate local educational agencies to ensure that the child remains in the school in which the child is enrolled at the time of placement.

10. A projected date likely for the child's return home or other permanent placement.

11. When appropriate, the basis for the unwillingness or inability of the parent to become a party to a case plan. The court and the citizen review panel shall determine if the efforts of the social service agency to secure party participation in a case plan were sufficient.

12. For a child who has reached 13 years of age but is not yet 18 years of age, the adequacy of the child's preparation for adulthood and independent living. For a child who is 15 years of age or older, the court shall determine if appropriate steps are being taken for the child to obtain a driver license or learner's driver license.

13. If amendments to the case plan are required. Amendments to the case plan must be made under s. 39.6013.

(3) REVIEW HEARINGS FOR CHILDREN 17 YEARS OF AGE.—

(a) In addition to the review and report required under paragraphs (1)(a) and (2)(a), respectively, the court shall hold

586-00896-17

201760c1

a judicial review hearing within 90 days after a child's 17th birthday. The court shall also issue an order, separate from the order on judicial review, that the disability of nonage of the child has been removed pursuant to ss. 743.044, 743.045, 743.046, and 743.047, and for any of these disabilities that the court finds is in the child's best interest to remove. The court shall continue to hold timely judicial review hearings. If necessary, the court may review the status of the child more frequently during the year before the child's 18th birthday. At each review hearing held under this subsection, in addition to any information or report provided to the court by the foster parent, legal custodian, or guardian ad litem, the child shall be given the opportunity to address the court with any information relevant to the child's best interest, particularly in relation to independent living transition services. The department shall include in the social study report for judicial review written verification that the child has:

1. A current Medicaid card and all necessary information concerning the Medicaid program sufficient to prepare the child to apply for coverage upon reaching the age of 18, if such application is appropriate.

2. A certified copy of the child's birth certificate and, if the child does not have a valid driver license, a Florida identification card issued under s. 322.051.

3. A social security card and information relating to social security insurance benefits if the child is eligible for those benefits. If the child has received such benefits and they are being held in trust for the child, a full accounting of these funds must be provided and the child must be informed as

586-00896-17

201760c1

to how to access those funds.

4. All relevant information related to the Road-to-Independence Program, including, but not limited to, eligibility requirements, information on participation, and assistance in gaining admission to the program. If the child is eligible for the Road-to-Independence Program, he or she must be advised that he or she may continue to reside with the licensed family home or group care provider with whom the child was residing at the time the child attained his or her 18th birthday, in another licensed family home, or with a group care provider arranged by the department.

5. An open bank account or the identification necessary to open a bank account and to acquire essential banking and budgeting skills.

6. Information on public assistance and how to apply for public assistance.

7. A clear understanding of where he or she will be living on his or her 18th birthday, how living expenses will be paid, and the educational program or school in which he or she will be enrolled.

8. Information related to the ability of the child to remain in care until he or she reaches 21 years of age under s. 39.013.

9. A letter providing the dates that the child is under the jurisdiction of the court.

10. A letter stating that the child is in compliance with financial aid documentation requirements.

11. The child's educational records.

12. The child's entire health and mental health records.

586-00896-17

201760c1

13. The process for accessing his or her case file.

14. A statement encouraging the child to attend all judicial review hearings occurring after the child's 17th birthday.

15. Information on how to obtain a driver license or learner's driver license.

Section 4. Subsection (4) of section 322.09, Florida Statutes, is amended to read:

322.09 Application of minors; responsibility for negligence or misconduct of minor.—

(4) Notwithstanding ~~the provisions of~~ subsections (1) and (2), if a foster parent of a minor who is under the age of 18 years and is in foster care as defined in s. 39.01, an authorized representative of a residential group home at which such a minor resides, ~~or~~ the caseworker at the agency at which the state has placed the minor, or a guardian ad litem specifically authorized by the minor's caregiver to sign for a learner's driver license signs the minor's application for a learner's driver license, that foster parent, group home representative, ~~or~~ caseworker, or guardian ad litem does not assume any obligation or become liable for any damages caused by the negligence or willful misconduct of the minor by reason of having signed the application. ~~Before~~ Prior to signing the application, the caseworker shall notify the foster parent or other responsible party of his or her intent to sign and verify the application.

Section 5. For the purpose of incorporating the amendment made by this act to section 39.6035, Florida Statutes, in a reference thereto, paragraph (a) of subsection (5) of section

586-00896-17

201760c1

409.1451, Florida Statutes, is reenacted to read:

409.1451 The Road-to-Independence Program.—

(5) PORTABILITY.—The services provided under this section are portable across county lines and between lead agencies.

(a) The service needs that are identified in the original or updated transition plan, pursuant to s. 39.6035, shall be provided by the lead agency where the young adult is currently residing but shall be funded by the lead agency who initiated the transition plan.

Section 6. For the purpose of incorporating the amendment made by this act to section 322.09, Florida Statutes, in a reference thereto, subsection (3) of section 322.05, Florida Statutes, is reenacted to read:

322.05 Persons not to be licensed.—The department may not issue a license:

(3) To a person who is at least 16 years of age but who is under 18 years of age, unless the parent, guardian, or other responsible adult meeting the requirements of s. 322.09 certifies that he or she, or another licensed driver 21 years of age or older, has accompanied the applicant for a total of not less than 50 hours' behind-the-wheel experience, of which not less than 10 hours must be at night. This subsection is not intended to create a private cause of action as a result of the certification. The certification is inadmissible for any purpose in any civil proceeding.

Section 7. For the purpose of incorporating the amendment made by this act to section 322.09, Florida Statutes, in a reference thereto, paragraph (a) of subsection (8) of section 322.56, Florida Statutes, is reenacted to read:

586-00896-17

201760c1

322.56 Contracts for administration of driver license examination.—

(8) The department shall contract with providers of approved online traffic law and substance abuse education courses to serve as third-party providers to conduct online, on behalf of the department, examinations required pursuant to ss. 322.12 and 322.1615 to applicants for Class E learner's driver licenses.

(a) The online testing program shall:

1. Use personal questions before the examination, which the applicant is required to answer during the examination, to strengthen test security to deter fraud;

2. Require, before the start of the examination, the applicant's parent, guardian, or other responsible adult who meets the requirements of s. 322.09 to provide the third-party administrator with his or her driver license number and to certify that the parent, guardian, or responsible adult will monitor the applicant during the examination; and

3. Require, before issuance by the department of a learner's driver license to an applicant who has passed an online examination, the applicant's parent, guardian, or other responsible adult who meets the requirements of s. 322.09 to certify to the department that he or she monitored the applicant during the online examination. This certification shall be similar to the certification required by s. 322.05(3). This subsection does not preclude the department from continuing to provide written examinations at driver license facilities.

Section 8. This act shall take effect upon becoming a law.

January 12, 2017

The Honorable Anitere Flores
Chair, Appropriations Subcommittee on
Health and Human Services

Via Email

Dear Chair Flores:

As you are aware, I am pregnant and carrying twins. As a result of my high-risk pregnancy, my doctors have advised that with barely five weeks before delivery, it is not advisable to travel at the end of January, nor during the month of February. I will be present for Committee meetings this week but respectfully request that I be excused from any scheduled meetings held during the weeks of January 23rd, February 6th, February 13th, and February 20th.

I plan to closely monitor meetings from my home. It is my intention to relocate to Tallahassee for Session on Saturday, March 4th, 2017 and be present throughout the Session.

Thank you for your understanding and consideration of this request for excused absences.

Sincerely,

Lauren F. Book
