**Cultural and Museum Grants Overview**  
**(General Program Support)**  
**Division of Cultural Affairs**

**S. 265.286(3), F.S.**

**Chapter 1T-1.036, Florida Administrative Code**

Cultural and Museum Grants support the general program activities of an organization that is engaged in conducting, creating, producing, presenting, staging, or sponsoring multiple cultural exhibits, performances, educational programs, or events during the grant period. General Program Support funding is not intended to fund indirect or overhead expenses.

**Eligibility**

- Florida not-for-profit organizations engaging in cultural programming such as museums, local arts agencies, state service organizations, performing art centers, orchestras, dance companies, theater groups and other organizations, to promote access, diversity and excellence in cultural activities are eligible to apply. The organization's mission must directly support arts and cultural programming.
- A single organization may submit only one (1) General Program Support OR one (1) Specific Cultural Project grant application for each grant period.

**Application and Ranking**

- Applications were submitted online between April 1 and June 1, 2016.
- Eligible applications were ranked by panels in 24 separate meetings in August and September 2016 organized by artistic discipline (i.e. visual arts, music, dance, theatre, museums).
- Panels are appointed by the Secretary of State and typically include practicing artists, educators, patrons, arts administrators, museum professionals, board members, experts from national arts organizations and qualified professionals in cultural disciplines.
- Panelists use a rubric to score applications from 0 to 100, and applications must earn a minimum average score of 80 to be recommended for funding.
- Panel recommendations are reported to the Florida Council on Arts and Culture, and applications recommended for funding by the Council are merged into one list ranked by average score. This list is submitted to the Secretary of State for review and approval, and the approved list is provided to the Legislature per Section 265.286, Fla. Stat.

**Funding Source** is General Revenue

- If the list is fully funded, all grantees receive their full request amount; if the appropriation is less than the request, the award amounts are determined by a score-based formula that proportionally distributes the appropriation to all projects on the list.

**Awards** up to \$150,000

- Grantees must provide 1:1 match with up to 25% in-kind (donated goods or services); Rural Economic Development Initiative (REDI) applicants are not required to provide cash match but must show 50% match of in-kind goods or services.
- The grant period will be July 1, 2017 to June 30, 2018. All grant activities must be completed within the grant period, and all grant and match funds must be expended within the fiscal year appropriated.

**(Specific Cultural Projects)**  
**Division of Cultural Affairs**

**S. 265.286(3), F.S.**

**Chapter 1T-1.036, Florida Administrative Code**

Culture Builds Florida (Specific Cultural Project) grants fund a cultural project, program, exhibition, or series taking place within the grant period. The three project types include Arts in Education projects, discipline-based cultural projects, and Underserved Cultural Community Development projects.

**Eligibility**

- Florida not-for-profit organizations and public entities governed by a county or municipality that are engaging in a cultural project are eligible to apply. The grant activities must support the mission of the organization and further the state's cultural objectives.
- A single organization may submit only one (1) General Program Support OR one (1) Specific Cultural Project grant application for each grant period.

**Applications and Ranking**

- Applications were submitted between April 1 and June 1, 2016.
- Eligible applications are ranked by panels in 24 separate meetings organized by artistic discipline, i.e. visual arts, music, dance, theatre, museums.
- Panels are appointed by the Secretary of State and typically include practicing artists, educators, patrons, arts administrators, museum professionals, board members, experts from national arts organizations, and qualified professionals in cultural disciplines.
- Panelists use a rubric to score applications from 0 to 100, and applications must earn a minimum average score of 80 to be recommended for funding.
- Panel recommendations are reported to the Florida Council on Arts and Culture, and applications recommended for funding by the Council are merged into one list ranked by average score. This list is submitted to the Secretary of State for review and approval, and the approved list is provided to the Legislature per Section 265.286, Fla. Stat.

**Funding Source** is General Revenue

- The award amounts will be funded top-down at full request until the appropriation is depleted.

**Awards** up to \$25,000

- Grantees must provide 1:1 match with up to 25% in-kind (donated goods or services); REDI applicants are not required to provide cash match but must show 50% match of in-kind goods or services.
- The grant period will be July 1, 2017 to June 30, 2018. All grant activities must be completed within the grant period, and all grant funds and match must be expended within the fiscal year appropriated.

## **Cultural Endowment Grants Overview**

### **Division of Cultural Affairs**

#### **S. 265.606, F.S.**

#### **Chapter 1T-1.001, Florida Administrative Code**

The Cultural Endowment Program is designed to create endowments by matching local funds with a State Matching Share. The interest that is generated on the investment is used for general operating support for the cultural organization.

#### **Eligibility**

- Florida not-for-profit organizations engaging in cultural programming such as museums, local arts agencies, state service organizations, performing art centers, orchestras, dance companies, theatre groups and other organizations to promote access, diversity and excellence in cultural activities are eligible to apply.
- The not-for-profit must be designated a Cultural Sponsoring Organization (CSO) by the Florida Council on Arts and Culture by demonstrating not-for-profit status and that the organization is primarily and directly responsible for conducting, creating, producing, presenting, staging or sponsoring a cultural exhibit, performance or event.
- When the CSO raises \$360,000 in eligible contributions, they can apply for State Matching Share (SMS) in the amount of \$240,000. The State Matching Share, when combined with the local match, creates an endowment fund for the organization. These funds are invested by the CSO, and the interest that is generated on the investment is used to support the organization's programming.
- The CSO must not have been awarded a SMS within the 23-month period preceding this application. The 23-month period commences on the day following the date the previous SMS was awarded.

#### **Application and Ranking**

- Applications for designation as a CSO may be submitted at any time. Designation must be recommended by the Florida Arts Council and approved by the Secretary of State before an organization can be considered eligible to receive a SMS.
- An application must be received at least 30 days prior to a regular meeting of the Florida Council on Arts and Culture in order to be included on the agenda. Meetings are held four times a year; generally in March, June, October and November.
- The SMS application deadline was June 1, 2016. Designated CSOs may submit an application demonstrating that they have deposited new contributions having a total capital or assessed value of at least \$360,000 into the organization's Cultural Endowment Program Fund.
- The date of when the contributions in the organization's fund reached \$360,000 establishes their place on the Priority List.
- The Priority List is submitted to the Secretary of State for review and approval, and the approved list is provided to the Legislature per Section 265.606, Fla. Stat.

#### **Funding Source is General Revenue**

- State Matching Shares are distributed top-down in Priority List order.

#### **Awards of \$240,000**

- Grantees must provide a \$360,000 local contribution for the \$240,000 State Matching Share to create a \$600,000 investment.
