COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 282 revises the financial requirements of service warranty associations and home warranty associations, which are regulated by the Office of Insurance Regulation.

Current law allows a service warranty association licensed under Part III of ch. 634, F.S., but holding no other license under ch. 634, F.S., to forego securing contractual liability insurance, establishing unearned premium reserves, and complying with premium writing ratios if the service warranty association, or its parent company, has a net worth of at least \$100 million and provides the Office of Insurance Regulation (OIR) specified audited financial statements *and* specified filings made with the Securities and Exchange Commission or other documents which must be filed with a recognized exchange. Under the bill, such a service warranty association may qualify for the exemption if it provides specified audited financial statements *or* provides specified filings made with the Securities and Exchange Commission or other documents which must be filed with a recognized exchange. The effect of this change is to allow a service warranty association that is not publicly traded to be eligible for the exemption because it can qualify by only providing audited financial statements.

The bill clarifies that a service warranty association selecting the \$100 million net worth option is not required to purchase contractual liability insurance coverage if the association includes "accidental damage from handling" coverage in its extended warranty contracts.

The bill clarifies that a home warranty association or a service warranty association may use multiple contractual liability insurance policies issued from multiple insurers, rather than a single policy issued from a single insurer, to cover 100 percent of their claim exposure as an alternative to establishing an unearned premium reserve.

The bill takes effect July 1, 2025.

The bill has no fiscal impact on state or local governments.

II. Present Situation:

Regulation of Warranty Associations

The Office of Insurance Regulation (OIR)¹ is responsible for the regulation of all activities of insurers and other risk-bearing entities, including the regulation of warranty associations pursuant to ch. 634, F.S. The scope of the regulation under ch. 634, F.S.,² includes motor vehicle service agreement companies,³ home warranty associations,⁴ and service warranties.⁵ Motor vehicle service agreements provide vehicle owners with protection when the manufacturer's warranty expires. Home warranty associations indemnify warranty holders against the cost of repairs or replacement of any structural component or appliance in a home. Service warranty contracts for consumer electronics and appliances allow consumers to extend the product protection beyond the manufacturer's warranty terms.

While a warranty is not considered a traditional insurance product, it is intended to protect purchasers from future risks and associated costs. The OIR's regulatory authority of warranty associations includes approval of forms, investigation of complaints, and monitoring of reserve requirements, among other duties. However, the OIR does not approve rates for warranty association products.

Home Warranty Associations

A home warranty association is licensed by OIR to sell these warranties. For a home warranty association to be licensed, it must be a solvent corporation, provide evidence to OIR of competent and trustworthy management, and comply with the requirements of section 634.305, F.S. relating to required deposits or bonds.⁶ A home warranty association must follow the financial requirements established in section 634.3077, F.S., which include:

• Maintaining a funded, unearned premium reserve account, consisting of unencumbered assets, equal to a minimum of 25 percent of the gross written premiums received from all

¹ OIR is an office under the Financial Services Commission (commission), which is composed of the Governor, the Attorney General, the Chief Financial Officer, and the Commissioner of Agriculture. The commission is not subject to control, supervision, or direction by the Department of Financial Services in any manner, including purchasing, transactions involving real or personal property, personnel, or budgetary matters. Section 20.121(3), F.S.

² The Department of Financial Services regulates sales representative pursuant to s. 634.402, F.S.

³ Part I, ch. 634, F.S.

⁴ Part II, ch. 634, F.S.

⁵ Part III, ch. 634, F.S.

⁶ Section 634.304, F.S.

warranty contracts in force in Florida. Assets must be held in the form of cash or securities and in a separate account that can be audited.⁷

• Maintaining a minimum of net assets equal to one-sixth of the written premiums for any warranty in force. Net assets may be less than one-sixth of the premiums written, provided the association has net assets of not less than \$500,000 and maintains a funded, unearned premium reserve account with unencumbered assets of at least 40 percent of the gross written premiums from all warranty contracts in force in Florida. Assets must be held in the form of cash or securities and in a separate account that can be audited.⁸

A home warranty association is not required to set up an unearned premium reserve if it has purchased contractual liability insurance policy covering 100 percent of its claim exposure with specified policy provisions. A home warranty association cannot utilize both the unearned premium reserve and contractual liability policy coverage simultaneously.⁹

A home warranty association is not required to establish unearned premium reserves or maintain a contractual liability policy if the association or its parent corporation maintains at least \$100 million in net worth and provides proof to OIR in the form of either:¹⁰

- Audited financial statements of the association or consolidated audited financial statements of the parent corporation, if applicable, demonstrating such net worth, or
- Documents filed with the Securities and Exchange Commission or a recognized stock exchange.

If the net worth of the parent corporation is used to satisfy the net worth requirements of the warranty association, the parent corporation must guarantee all service warranty obligations of the association. The parent corporation must provide written notice to the OIR at least 90 days before the effective date of the cancellation, termination, or modification of the guarantees. Otherwise, such a change is not effective. Further, the home warranty association must demonstrate to OIR compliance with all applicable provisions of Part II of ch. 634, F.S., including whether the association will meet the financial requirements of s. 634.3077, F.S., by the purchase of contractual liability insurance, establishment of reserves or other methods allowed under this section. The home warranty association must maintain net assets of at least \$750,000.¹¹

Service Warranty Associations

Generally, a service warranty association (association) must be licensed by OIR¹² and comply with certain financial requirements¹³ and other provisions¹⁴ to conduct warranty business in Florida. An association licensed under Part III, ch. 634, F.S., must maintain a funded, unearned premium reserve account, consisting of unencumbered assets equal to a minimum of 25 percent of the gross written premiums received on all warranty contracts in force in Florida with

⁷ Section 634.3077(1), F.S.

⁸ Section 634.3077(2), F.S.

⁹ Section 634.3077(3), F.S.

¹⁰ Section 634.3077(5), F.S.

¹¹ Id.

¹² Section 634.403, F.S.

¹³ Section 634.406, F.S.

¹⁴ Section 634.404, F.S.

exceptions.¹⁵ Such reserve account must be a separate account, which can be audited, for contracts in force in Florida. An association using an unearned premium reserve must deposit with the Department of Financial Services a reserve deposit equal to 10 percent of the gross written premium received on all warranty contracts in force in Florida.¹⁶

Pursuant to s. 634.406(3), F.S., an association licensed under Part III, F.S., is not required to establish an unearned premium reserve if the association secures contractual liability insurance from an authorized insurer that demonstrates to OIR that it provides coverage for 100 percent of claim exposure is covered by such policy.

In addition, Florida law requires a service warranty association that holds a license under Part III of ch. 634, F.S., to maintain a writing ratio of gross written premiums to net assets of seven-toone, meaning for every one dollar of net assets held by the association, the association can write seven dollars of premium.¹⁷ A service warranty association can avoid this minimum writing ratio requirement by meeting the following criteria:

- Maintains net assets of at least \$750,000; and
- Secures a contractual liability insurance policy from an authorized insurer that reimburses the association for 100 percent of its claim liability. The insurer must maintain a minimum policyholder surplus of at least \$100 million and an "A" or higher credit rating.¹⁸ As an alternative, a service warranty association can comply with s. 634.406(3), F.S., secure contractual liability insurance through an authorized insurer with an "A" or higher rating, and maintains policyholder surplus of at least \$200 million, and provides quarterly and annual reports to OIR documenting compliance with these provisions.¹⁹

An association that is licensed under Part III and does not hold a license under Parts I or II, of ch. 634, F.S., is not required to establish an unearned premium reserve or maintain contractual liability insurance and may allow its premiums to exceed the ratio to net assets limitation if the association, or its parent cooperation, has and maintains a minimum net worth of at least \$100 million and provides OIR with the following:²⁰

- The annual audited financial statements of the association or the annual audited consolidated financial statements of the association's parent corporation, if applicable, demonstrating compliance with the net worth requirements and provides the OIR with quarterly written certification regarding compliance with the net worth requirement; and
- The association's or its parent corporation's Form 10K, Form 10-Q, or Form 20-F filings made with the Securities and Exchange Commission or such other documents that are required to be filed with the applicable stock exchange.²¹

²¹ These reporting requirements apply to public companies, which has public reporting obligations. Companies are subject to public reporting requirements if they sell securities in a public offering, allow their investor base to reach a certain size, which triggers public reporting obligations, or voluntarily register with the Securities and Exchange Commission. <u>Public Companies | Investor.gov</u> (last visited March 7, 2025).

¹⁵ Section 634.406(1), F.S.

¹⁶ Section 634.406(2), F.S.

¹⁷ Section 634.406 (4) and (6), F.S.

¹⁸ Section 634.406(6), F.S. The credit rating is provided by A.M. Best Company or another national rating service acceptable to OIR.

¹⁹ Id.

 $^{^{20}}$ Section 634.406(7), F.S. If the net worth of a parent corporation is used to satisfy the net worth requirements of the association, additional requirements must be met, as provided in s. 634.406(7)(b), F.S.

If the net worth of a parent corporation is used to satisfy the net worth provisions described above, the following requirements must be met:²²

- The parent corporation must guarantee all service warranty obligations of the association, wherever written, on a form approved in advance by OIR. No cancellation, termination, or modification of the guarantee is effective unless the parent corporation provides 90 days prior written notice to the OIR. Further, the association must demonstrate to OIR compliance with all applicable provisions of Part III, ch. 634, F.S., including whether the association will meet the financial requirements of s. 634.406, F.S., by the purchase of contractual liability insurance, establishment of reserves or other methods allowed under this section. If the parent corporation or association or parent corporation must cease writing new and renewal business upon the effective date of the cancellation, termination, or modification.
- The association must maintain net assets of at least \$750,000.

III. Effect of Proposed Changes:

Sections 1 amends s. 634.3077, F.S., relating to home warranty associations, to clarify that a warranty association may secure contractual liability coverage through one or more policies from one or more insurers to cover 100 percent of their claim exposure as an alternative to establishing an unearned premium reserve.

Section 2 amends s. 634.406, F.S., relating to service warranty associations, to clarify that a home warranty association may secure contractual liability coverage through one or more policies from one or more insurers to cover 100 percent of their claim exposure as an alternative to establishing an unearned premium reserve.

The bill revises the financial requirements for an applicant or licensee. The bill exempts a service warranty association (association) licensed under Part III of ch. 634, F.S., and that holds no other license under ch. 634, F.S., from securing contractual liability insurance, establishing unearned premium reserves, and complying with premium writing ratios if the association or, if the association is a direct or indirect wholly owned subsidiary of a parent corporation, its parent corporation has, and maintains, a minimum net worth of at least \$100 million and provides OIR with one of the following:

- Submits to the Office of Insurance Regulation (OIR) the association's annual audited financial statements or the parent corporation's annual consolidated audited financial statements, if applicable, demonstrating compliance with the net worth requirement. The association or the parent company must also submit a quarterly written certification of compliance with the net worth requirement; *or*
- Submits to OIR the association's or its parent corporation's Form 10K, Form 10-Q, or Form 20-F filings made with the Securities and Exchange Commission or such other documents that are required to be filed with the applicable stock exchange.

Section 3 amends s. 634.414, F.S., relating to service warranty associations, to clarify that all contracts that include coverage for accidental damage from handling must be covered by the

²² Section 634.406(7)(b), F.S.

contractual liability policy specified in s. 634.406(3), F.S., unless such coverage is issued by an association not required to establish an unearned premium reserve or maintain contractual liability insurance under s. 634.406(7), F.S.

Section 4 provides the bill takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill provides an option for a non-publicly traded service warranty association to forego securing contractual liability insurance, establishing unearned premium reserves, and complying with premium writing ratios if the service warranty association, or its parent corporation, has a net worth of at least \$100 million and provides the Office of Insurance Regulation specified audited financial statements, and meets other requirements of s. 634.406(7), F.S.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

Sections 1 and 2 of CS/SB 282 provide that a home warranty association or a service warranty association, respectively, may secure contractual liability coverage through an insurer or insurers for a policy or policies. Section 1.01(1), F.S., provides that the singular (e.g., policy or insurer) includes the plural (policies or insurers) and vice versa. To the extent that the OIR is interpreting current references to policy and insurer in the statutes to mean only a single policy, or a single insurer, presumably OIR has determined that context in which these terms are used does not allow for the application of the plural.

VIII. Statutes Affected:

This bill substantially amends sections 634.3077, 634.406, and 634.414 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Banking and Insurance on March 3, 2025:

The CS:

- Clarifies that all service warranty contracts that include coverage for accidental damage from handling must be covered by the contractual liability policy specified in s. 634.406(3), F.S., unless such coverage is issued by an association not required to establish an unearned premium reserve or maintain contractual liability insurance under s. 634.406(7), F.S., because such service warranty association, or its parent corporation, has a net worth of at least \$100 million and meets other requirements.
- Revises the title of the bill to be entitled "An act relating to warranty associations."
- Provides technical changes.
- B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

By the Committee on Banking and Insurance; and Senator Truenow

597-02095-25 2025282c1 597-02095-25 2025282c1 1 A bill to be entitled 30 following provisions: 2 An act relating to warranty associations; amending s. 31 (a) In the event that the home warranty association is 634.3077, F.S.; making technical changes; amending s. unable to fulfill its obligation under its contracts issued in 3 32 634.406, F.S.; revising the circumstances under which this state for any reason, including insolvency, bankruptcy, or 33 certain service warranty associations are not required 34 dissolution, the contractual liability insurer or insurers will to establish unearned premium reserves or to maintain pay losses and unearned premiums under such plans directly to 35 contractual liability insurance and are authorized to 36 persons making claims under such contracts. allow their premiums to exceed specified ratios; 37 (b) The insurer or insurers issuing the policy or policies ç amending s. 634.414, F.S.; requiring that contracts 38 shall assume full responsibility for the administration of 10 that include coverage for accidental damage from 39 claims in the event of the inability of the association to do 11 handling be covered by a specified policy; providing 40 so. 12 an exception; providing an effective date. 41 (c) The policy or policies may not be canceled or not renewed by the insurer or insurers or the association unless 60 13 42 14 Be It Enacted by the Legislature of the State of Florida: 43 days' written notice thereof has been given to the office by the 15 44 insurer or insurers before the date of such cancellation or 16 Section 1. COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 678 authorizes pawnbroker transaction forms, which are approved by the Department of Agriculture and Consumer Services (DACS) and are used to record pawns and purchases by pawnbrokers, to be in digital or print format instead of only print format. Digital forms must be in a font size of at least 12 points. Pawnbrokers may use either format.

The bill is not anticipated to have a fiscal impact on state or local government revenues or expenditures.

The bill takes effect July 1, 2025.

II. Present Situation:

Pawnbrokers¹ must apply for and obtain a license from the DACS annually.² To be eligible for the license, each pawnshop must maintain a net worth of at least \$50,000 or file security in the

¹ A "pawnbroker" is a person who is engaged in the business of making pawns; who makes a public display containing the term "pawn," "pawnbroker," or "pawnshop" or any derivative thereof; or who publicly displays a sign or symbol historically identified with pawns. Pawnbrokers may also engage in purchasing goods which includes consignment and trade. Section 539.001(1)(i), F.S. A "pawn" is any advancement of funds on the security of pledged goods on condition that the pledged goods are left in the possession of the pawnbroker for the duration of the pawn and may be redeemed by the pledgor on certain terms and conditions. Section 539.001(1)(h), F.S.

² Section 539.001(3), F.S.

form of a surety bond, letter of credit, or certificate of deposit in the amount of \$10,000 for each license.³ DACS is authorized to impose penalties of up to \$5,000 for noncompliance with the law.⁴

Pawnbroker Transaction Forms

When a pawnbroker enters into any pawn or purchase transaction, the pawnbroker must complete a pawnbroker transaction form, indicating whether the transaction is a pawn or a purchase. The pledgor⁵ or seller must sign the completed form. The DACS must approve the design and format of the pawnbroker transaction form, which must be 8.5 inches x 11 inches in size.⁶ The pawnbroker must record the following identifying information on the front of the form, which must be typed or written indelibly and legibly in English:⁷

- The name and address of the pawnshop.
- A complete and accurate description of the pledged goods or purchased goods including certain identifying information.
- The name, address, home, telephone number, place of employment, date of birth, physical description, and right thumbprint of the pledgor or seller.
- The date and time of the transaction.
- The type of identification accepted from the pledgor or seller, including the issuing agency and the identification number.
- In the case of a pawn:
 - The amount of money advanced, which must be designated as the amount financed.
 - \circ The maturity date of the pawn, which must be 30 days after the date of the pawn.
 - The default date of the pawn and the amount due on the default date.
 - The total pawn service charge payable on the maturity date, which must be designated as the finance charge.
 - The amount financed plus the finance charge that must be paid to redeem the pledged goods on the maturity date, which must be designated as the total of payments.
 - The annual percentage rate.
 - The front or back of the pawnbroker transaction form must include certain information specific to pawns.
- In the case of a purchase, the amount of money paid for the goods or the monetary value assigned to the goods in connection with the transaction.
- A statement that the pledgor or seller of the item represents and warrants that it is not stolen, that it has no liens or encumbrances against it, and that the pledgor or seller is the rightful owner of the goods and has the right to enter into the transaction.

The front or back of the transaction form must include the following statements:

• Any personal property pledged to a pawnbroker in Florida that is not redeemed within 39 days following the maturity date of the pawn is automatically forfeited to the pawnbroker,

³ Section 539.001(4), F.S.

⁴ Fla. Admin. Code R. 5J-13.004 (2016).

⁵ A "pledgor" is the person pledging the goods into the possession of a pawnbroker in connection with a pawn. Section 539.001(2)(p), F.S.

⁶ Section 539.001(8)(a), F.S.

⁷ Section 539.001(8)(b), F.S.

and absolute right, title, and interest in and to the property vests in and is deemed conveyed to the pawnbroker by operation of law, and no further notice is necessary.

- The pledgor is not obligated to redeem the pledged goods.
- If the pawnbroker transaction form is lost, destroyed, or stolen, the pledgor must immediately advertise the issuing pawnbroker in writing by certified or registered mail, return receipt requested, or in person evidenced by a signed receipt.
- A pawn can be extended upon mutual agreement of the parties.
- A statement that the pledgor or seller of the item represents and warrants that it is not stolen, that it has no liens or encumbrances against it, and that the pledgor or seller is the rightful owner of the goods and has the right to enter into the transaction. Any person who knowingly gives false verification of ownership or gives a false or altered identification and who receives money from a pawnbroker for goods sold or pledged commits:
 - \circ A third degree felony⁸ if the value of money is less than \$300; or
 - \circ A second degree⁹ felony if the value of the money received is \$300 or more.

Pawnbroker Transaction Form Recordkeeping

A pawnbroker must provide a pledgor or seller with a copy of a pawnbroker transaction form at the time of the pawn or sale. Pawnbroker transaction forms must be kept on the pawnshop's premises for at least one year after the transaction's date.¹⁰

Before the end of each business day, a pawnbroker must deliver the original pawnbroker transaction forms to the appropriate official¹¹ for the local law enforcement agency for all of the transactions during the previous business day unless other arrangements have been agreed upon by the pawnbroker and the appropriate law enforcement agency.¹²

In lieu of physically delivering the original pawnbroker transaction forms, a local law enforcement agency may supply software to a pawnbroker so the pawnbroker may electronically transfer the transaction forms to the law enforcement agency. If a pawnbroker does not have a computer to use such software, the law enforcement agency may provide a computer to the pawnbroker. The law enforcement agency retains ownership of the computer unless otherwise agreed upon. The pawnbroker must maintain the computer in good working order, ordinary wear and tear excepted.¹³

⁸ A third degree felony is punishable by up to 5 years and a \$5,000 fine. Sections 775.082, 775.083, or 775.084, F.S.

⁹ A second degree felony is punishable by up to 15 years imprisonment and a \$10,000 fine. Sections 775.082, 775.083, and 775.084, F.S.

¹⁰ Section 539.001(9), F.S.

¹¹ The appropriate law enforcement official is the sheriff of the county in which a pawnshop is located or, in case of a pawnshop located within a municipality, the police chief of the municipality in which the pawnshop is located. Any sheriff or police chief may designate any law enforcement officer working within the county or municipality as the appropriate law enforcement official. Section 539.001(1)(b), F.S.

 $^{^{12}}$ *Id*.

¹³ *Id*.

III. Effect of Proposed Changes:

The bill amends s. 539.001, F.S., to authorize pawnbroker transaction forms in digital or print format instead of only print format. Digital forms must have a font size of at least 12 points. Pawnbrokers may use either format.

The bill takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

The bill may have a positive fiscal impact on pawnbrokers by allowing them to use digital pawnbroker transaction forms.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

None.

VIII. Statutes Affected:

This bill substantially amends section 539.001 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Commerce and Tourism on March 10, 2025: The committee substitute:

- Clarifies that a digital pawnbroker transaction form must be in a font size of at least 12 points and that a pawnbroker is authorized to use either a print or digital format; and
- Clarifies that the transaction forms may be in a print or digital format for pawnbroker recordkeeping and reporting requirements.
- B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

127	seller identification is accepted for a transaction, the
128	pawnbroker must maintain the electronic image in order to meet
129	the same recordkeeping requirements as for the original printed
130	transaction form. If a criminal investigation occurs, the
131	pawnbroker shall, upon request, provide a clear and legible copy
132	of the image to the appropriate law enforcement official.
133	(b) If the appropriate law enforcement agency supplies the
134	appropriate software and the pawnbroker presently has the
135	computer ability, pawn transactions shall be electronically
136	transferred. If a pawnbroker does not presently have the
137	computer ability, the appropriate law enforcement agency may
138	provide the pawnbroker with a computer and all necessary
139	equipment for the purpose of electronically transferring pawn
140	transactions. The appropriate law enforcement agency shall
141	retain ownership of the computer, unless otherwise agreed upon.
142	The pawnbroker shall maintain the computer in good working
143	order, ordinary wear and tear excepted. In the event the
144	pawnbroker transfers pawn transactions electronically, the
145	pawnbroker is not required to also deliver to the appropriate
146	law enforcement official the original or copies of the
147	pawnbroker transaction forms. The appropriate law enforcement
148	official may, for the purposes of a criminal investigation,
149	request that the pawnbroker produce an original of a printed
150	transaction form that has been electronically transferred. The
151	pawnbroker shall deliver this form to the appropriate law
152	enforcement official within 24 hours of the request.
153	Section 2. This act shall take effect July 1, 2025.

By Senator Truenow

13-01658-25 2025678 1 A bill to be entitled 2 An act relating to pawnbroker transaction forms; 3 amending s. 539.001, F.S.; authorizing pawnbroker transaction forms to be in digital or printed formats; 5 providing an effective date. 6 Be It Enacted by the Legislature of the State of Florida: 7 8 9 Section 1. Paragraph (a) of subsection (8) of section 10 539.001, Florida Statutes, is amended to read: 11 539.001 The Florida Pawnbroking Act.-12 (8) PAWNBROKER TRANSACTION FORM.-13 (a) At the time the pawnbroker enters into any pawn or 14 purchase transaction, the pawnbroker shall complete a pawnbroker 15 transaction form for such transaction, including an indication 16 of whether the transaction is a pawn or a purchase, and the 17 pledgor or seller shall sign such completed form. The agency 18 must approve the design and format of the pawnbroker transaction 19 form, which must be 8 1/2 inches x 11 inches in size and elicit 20 the information required under this section in a digital or 21 printed format. In completing the pawnbroker transaction form, 22 the pawnbroker shall record the following information, which 23 must be typed or written indelibly and legibly in English. 24 Section 2. This act shall take effect July 1, 2025. Page 1 of 1

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

SB 1132 creates the Portable Wireless Device Repair Act, which requires manufacturers of portable wireless devices purchased or used in this state to make documentation, parts, and tools available to owners and independent repair providers. The bill also provides civil remedies for a violation of this Act, and remedies and penalties under the Florida Deceptive and Unfair Trade Practices Act.

Additionally, the bill creates the Agricultural Equipment Fair Repair Act, requiring original equipment manufacturers of agricultural equipment to provide certain manufacturing, diagnostic, and repair information to independent repair providers and owners. Original equipment manufacturers are prohibited from excluding certain information concerning security-related functions. The bill does not apply to motor vehicle manufacturers or motor vehicle dealers. Additionally, a civil penalty may be collected from any original equipment manufacturer who is found to be in violation.

The bill takes effect on July 1, 2025.

II. Present Situation:

Right to Repair Laws

In recent years, state legislatures across the country have been contemplating "right to repair" laws, requiring manufacturers to share repair information and tools so that consumers may repair their products more easily and less costly.¹ This type of legislation is founded on the idea that consumers should be able to choose how to repair their products.² Advocates are concerned due to the amount of products that are utilizing computer chips and advanced technology, which are becoming increasingly difficult to repair without sending the entire product back to the manufacturer.³ Many products, ranging from cars and appliances to wheelchairs, use proprietary tools and parts.⁴ Manufacturers may decline to publish documents necessary for a third party or consumer to repair.⁵ The policy objectives of these laws are to ensure customers have access to manuals, schematics, and software updates, as well as diagnostic tools needed to service the product themselves.⁶ Moreover, proponents of digital right to repair legislation are concerned about reducing repair costs for consumers, minimizing electronic waste in landfills, and increasing the longevity of products.⁷

While there is a push for this type of legislation, manufacturers are concerned about electronic privacy and preservation of intellectual property.⁸ Technological advances in electronic equipment, such as fitness monitors, home security devices, and smart home appliances, have led to consumer data being collected at a higher volume.⁹ Opponents of right to repair legislation are worried that proprietary access to tools and information needed to repair these electronic products may undermine consumers' digital privacy, as diagnostic tools may provide access to an entire device and improper repair can disable security features.¹⁰ Additionally, there is a concern that unrestricted access into product software design may compromise intellectual property protections.¹¹ If proprietary knowledge is embedded in the products they sell, some manufacturers worry that trade secrets will become public knowledge when required to disclose digital locks and other information.¹²

Smartphone Repair and Prevalence

Cell phone repair is intentionally limited by manufacturers who do not wish to share proprietary information on their electronic products.¹³ As such, consumers with broken devices are limited to disposing the phone and purchasing a new one; mailing the phone back to the manufacturer to be repaired; attempting to repair the phone themselves; or seeking out an independent repair provider.¹⁴ If the consumer mails their cell phone to a manufacturer, it could take weeks to receive the fixed product back.¹⁵ If the consumer would rather spend their money locally, they also face barriers—many small repair shops cannot fix older digital devices due to manufacturer restrictions.¹⁶

Currently, over 98% of Americans own a cellphone, and nine out of ten of all cell phone owners have a smartphone.¹⁷ Smartphones are not only prevalent but necessary for many people, as 15% of U.S. adults only access the internet from their smartphone because they do not subscribe to a home broadband service.¹⁸ The majority of those smartphone-dependent users are young adults and the elderly.¹⁹ Moreover, smartphone dependency most greatly affects people who make less than \$30,000 per year.²⁰

Agricultural Equipment Repair

Farmers face similar barriers when attempting to repair agricultural equipment.²¹ As it stands, only a handful of authorized dealerships have access to the necessary diagnostic tools to fix farming equipment.²² Without the necessary software to diagnose problems, farmers must ship their equipment to the closest authorized dealership for repair.²³ With lengthy transport times and wait times for repairs, "farmers can lose tens or even hundreds of thousands of dollars in potential yields."²⁴

Currently, at least sixteen states legislatures have introduced agricultural right to repair bills, alongside attempts to pass a national right to repair law.²⁵ In response to the surge of legislation

attempting to resolve this issue,²⁶ the American Farm Bureau Federation (AFBF) has signed two memorandums of understanding (MOU) with equipment manufacturers. In January 2023, AFBF and John Deere signed a MOU to ensure farmers' rights to repair their own farm equipment.²⁷ The agreement ensures farmers have access to manuals, seminars, on-board diagnostics, software, and other publications with information on service, parts, operation, and safety under on fair and reasonable terms.²⁸ In March 2023, the AFBF signed a MOU with Case IH and New Holland to provide similar access to tools and manuals so that farmers can repair their own equipment.²⁹

Despite the MOUs, farmers' grievances have not been assuaged. In February 2025, the Federal Trade Commission (FTC) filed a lawsuit against John Deere over unfair manufacturer policies that create a monopoly in the repair market and inflate farmers' repair costs.³⁰ The complaint alleges that John Deere is able to raise prices, reduce output, and degrade quality in the market for large tractors and combines in the U.S.³¹ Even with the MOU, farmers and independent repair providers must pay John Deere \$3,160 for a one-year subscription to the necessary software to diagnose and fix their tractors and combines.³² The complaint alleges access to repair is still impaired, as this software has a degraded functionality compared to the separate software available to authorized dealerships.³³ The FTC's complaint illustrates the problems that have yet to be overcome regarding tractor and combine repair.

III. Effect of Proposed Changes:

Digital Right to Repair

Requirements

Section 7 creates s. 559.976, F.S., providing that this part applies to portable wireless devices³⁴ sold or in use on or after July 1, 2025, except for such devices approved by the U.S. Food and Drug Administration.

³¹ *Id.* at 1-4.

³² *Id.* at 12.

³³ *Id.* at 14-16.

³⁴ "Portable wireless device" means a product that includes a battery, microphone, speaker, and display designed to send and receive transmissions though a cellular radio-telephone service.

Section 4 creates s. 559.973, F.S., mandating that a manufacturer³⁵ must make documentation,³⁶ parts,³⁷ and tools³⁸ available to owners³⁹ and independent repair providers⁴⁰ on fair and reasonable terms.⁴¹ Manufacturers are not required to provide parts that are no longer available. Additionally, a manufacturer that sells diagnostic, service, or repair information to third parties in a standard format may not require an authorized repair provider⁴² to continue purchasing diagnostic, service, or repair information in a proprietary format, unless otherwise specified.

Enforcement

Section 5 creates s. 559.974, F.S., requiring that an independent repair provider or owner who believes that the manufacturer failed to provide documentation, parts, or tools for diagnosis, maintenance, or repair, must notify the manufacturer in writing of this failure. The manufacturer has 30 days following receipt of notice to correct the failure. If the manufacturer responds to the notice and corrects the failure within 30 days of notice, damages in any subsequent litigation are limited to actual damages.

If the manufacturer does not respond to the notice or corrects the failure unsatisfactorily, the owner or independent repair provider may file a complaint in a specified circuit court. The complaint must include:

³⁷ "Part" means any replacement component made available by or to a manufacturer for the purpose of maintaining or repairing portable wireless devices manufactured by or on behalf of, sold by, or otherwise supplied by the manufacturer. ³⁸ "Tool" means any software program, hardware implement, or other apparatus used for diagnosing, maintaining, or repairing portable wireless devices, including software or other mechanisms that program or repair a part, calibrate

functionality, or perform any other function required to bring portable wireless devices back to fully functional condition. ³⁹ "Owner" means an individual or a business that lawfully acquires a portable wireless device purchased or used in this state. ⁴⁰ "Independent repair provider" means an individual or a business that does not have an arrangement with a manufacturer as an authorized repair provider and that is not affiliated with any other individual or business that has such an arrangement with the manufacturer when that individual or business diagnoses, maintains, or repairs portable wireless devices. The term includes a manufacturer or an independent repair provider that diagnoses, maintains, or repairs portable wireless devices that are not manufactured by or on behalf of, or sold or otherwise supplied by, the manufacturer.

⁴¹ "Fair and reasonable terms," for purposes of obtaining a part, a tool, or documentation, means costs and terms that are equivalent to the most favorable costs and terms under which the manufacturer offers the part, tool, or documentation to an authorized repair provider, accounting for any discount, rebate, convenient and timely means of delivery, means of enabling fully restored and updated functionality, rights of use, or other incentive or preference that the manufacturer offers to an authorized repair provider or any additional cost, burden, or impediment that the manufacturer imposes on an owner or independent repair provider. For documentation, including any relevant updates, the term also means at no charge, except that, when the documentation is requested in printed form, a charge may be included for the reasonable actual costs of preparing and mailing the documentation.

⁴² "Authorized repair provider" means an individual or a business that is unaffiliated with the manufacturer and has an arrangement with the manufacturer under which the manufacturer grants to the individual or business a license to use a trade name, service mark, or other proprietary identifier for the diagnosis, maintenance, or repair of portable wireless devices under the name of the manufacturer, or any other arrangement with the manufacturer to offer services on behalf of the manufacturer. A manufacturer that offers the services of diagnosis, maintenance, or repair of portable wireless devices manufactured by the manufacturer or on the manufacturer's behalf, or sold or otherwise supplied by the manufacturer, and that does not do so exclusively through one or more arrangements as described in this subsection with an unaffiliated individual or business, is deemed to be an authorized repair provider of portable wireless devices.

³⁵ "Manufacturer" means an individual or a business that sells, leases, or otherwise supplies new portable wireless devices, or parts of new portable wireless devices, manufactured by or on behalf of the individual or business to another individual or business.

³⁶ "Documentation" means a manual, a diagram, a reporting output, a service code description, a schematic, a security code or a password, or any other information used in the diagnosis, maintenance, or repair of portable wireless devices.

- Written information confirming that the independent repair provider has attempted to acquire and use, through the then-available standard support function provided by the manufacturer, relevant documentation, parts, and tools, including communicating with customer assistance; and
- Evidence of the owner or independent repair provider's written notification to the manufacturer.

Additionally, violations of this bill are punishable under the Florida Deceptive and Unfair Trade Practices Act (FDUTPA), ss. 501.201-501.213, F.S. It is unlawful under the FDUTPA for a party to take part in "unfair methods of competition, unconscionable acts or practices, and unfair or deceptive acts of practices in the conduct of any trade or commerce."⁴³ Such practices include fraudulent billing,⁴⁴ misleading a consumer or misrepresenting a product's characteristics,⁴⁵ or other behavior determined to be unfair by a court.⁴⁶ Under the FDUTPA, the office of the state attorney or Department of Legal Affairs, either by their own inquiry or through complaints, may investigate violations of the FDUTPA.⁴⁷ In addition to other remedies under state and federal law, the enforcing authority may bring actions for declaratory judgment, injunctive relief, actual damages on behalf of consumers and businesses, cease and desist orders, and civil penalties up to \$10,000 per violation.⁴⁸ Moreover, consumers may bring private actions against parties for violating the FDUTPA, resulting in either:

- Declaratory judgment and injunctive relief when the consumer is aggrieved by a FDUTPA violation; or
- Actual damages, attorney fees, and court costs, when the consumer has suffered a loss due to the FDUTPA violation.⁴⁹

Limitations

Section 6 creates s. 559.975, F.S., providing that this bill does not require:

- A manufacturer to divulge a trade secret,⁵⁰ except when necessary to provide required materials on fair and reasonable terms.
- A manufacturer or an authorized repair provider to provide an owner or independent repair provider access to nondiagnostic and nonrepair information which was provided by the manufacturer to the authorized repair provider.

Other Provisions

Section 1 creates Part XIV of ch. 559, F.S., "Digital Right to Repair."

⁴³ Section 501.204, F.S.

⁴⁴ State Farm Mut. Auto. Ins. Co. v. Medical Service Center of Florida, Inc., 103 F. Supp. 3d 1343 (S.D. Fla. 2015).

⁴⁵ Lewis v. Mercedes-Benz USA, LLC, 530 F. Supp. 3d 1183 (S.D. Fla. 2021); Marty v. Anheuser-Busch Companies, LLC, 43 F. Supp. 3d 1333 (S.D. Fla. 2014).

⁴⁶ See Siever v. BWGaskets, Inc., 669 F. Supp. 2d 1286, 1292-93 (M.D. Fla. 2009).

⁴⁷ The enforcing authority under the FDUTPA may "administer oaths and affirmations, subpoena witnesses or matter, and collect evidence." Section 501.206, F.S.

⁴⁸ Sections 501.207, 501.2077, 501.2075, 501.208, F.S.

⁴⁹ Sections 501.2105, 501.211, F.S.

⁵⁰ "Trade secret" means information, including a formula, pattern, compilation, program, device, method, technique, or process that: (a) Derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use; and (b) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

Section 2 creates s. 559.971, F.S., providing that this part may be cited as the Portable Wireless Device Repair Act.

Section 3 creates s. 559.972, F.S., defining terms used throughout the bill.

The Agricultural Equipment Fair Repair Act

Requirements

Section 8 creates s. 686.35, F.S., requiring original equipment manufacturers⁵¹ (OEM) to provide diagnostic and repair documentation, including updates and corrections to embedded software,⁵² to any independent repair provider⁵³ or owner⁵⁴ of equipment⁵⁵ manufactured by the OEM. Such information must be available free of charge or provided to an independent repair provider or owner in the same manner that the OEM would divulge such information to an authorized repair provider.

Additionally, the OEM may not exclude any diagnostic, service, and repair information necessary to reset a security-related electronic function on equipment manufactured by the OEM which is sold or used in this state to provide security-related functions. If such information is excluded under this bill, the necessary documentation to reset an immobilizer system or security-related electronic module must be made available through the appropriate secure data release system.

Exclusions

The bill explicitly does not:

• Require a manufacturer to divulge a trade secret.⁵⁶

⁵¹ "Original equipment manufacturer" means a person or business that, in the ordinary course of business, is engaged in the selling or leasing of new equipment to a person or business and is engaged in the diagnosis, service, maintenance, or repair of such equipment.

⁵² "Embedded software" means any programmable instructions provided on firmware delivered with equipment for the purpose of equipment operation, including all relevant patches and fixes made by the original equipment manufacturer for this purpose. The term includes, but is not limited to, a basic internal operating system, an internal operating system, machine code, assembly code, robot code, or microcode.

⁵³ "Independent repair provider" means a person or business operating in this state which is not affiliated with an original equipment manufacturer or an original equipment manufacturer's authorized repair provider and which is engaged in the diagnosis, service, maintenance, or repair of equipment. However, an original equipment manufacturer meets the definition of an independent repair provider if such original equipment manufacturer engages in the diagnosis, service, maintenance, or repair of equipment manufacturer manufacturer.

⁵⁴ "Owner" means a person or business that owns or leases a digital electronic product purchased or used in this state.

⁵⁵ "Equipment" means digital electronic equipment, or a part for such equipment, which is originally manufactured for farm equipment, including combines, tractors, implements, self-propelled equipment, and related attachments and implements, and which is manufactured for distribution and sale in this state.

⁵⁶ "Trade secret" means anything, whether tangible or intangible or electronically stored or kept, which constitutes, represents, evidences, or records intellectual property, including secret or confidentially held designs, processes, procedures, formulas, inventions, or improvements or secret or confidentially held scientific, technical, merchandising, production, financial, business, or management information. The term also includes any other trade secret as defined in 18 99 U.S.C. s. 1839.

- Interfere with terms of an agreement between the OEM and an authorized repair provider,⁵⁷ except for any provision within the agreement that waives, avoids, restricts, or limits and OEM's compliance with the terms defined within this bill.
- Require that OEMs or authorized repair providers give an owner or independent repair provider access to non-diagnostic and repair documentation provided by an OEM to an authorized repair provider pursuant the terms of an authorized repair agreement.
- Apply to motor vehicle manufacturers,⁵⁸ any product or service of a motor vehicle manufacturer, or motor vehicle dealers.⁵⁹

Civil Penalty

An OEM that violates this section is liable for a civil penalty of up to \$500 per violation.

Effective Date

Section 9 creates an effective date of July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

None identified.

⁵⁷ "Authorized Repair Provider" means an individual or entity that has an arrangement for a definite or indefinite period in which an original equipment manufacturer grants to a separate individual or entity a license to use a trade name, service mark, or related characteristic for the purpose of offering repair services under the name of the original equipment manufacturer.

⁵⁸ "Motor vehicle manufacturer" means a person or business engaged in the manufacturing or assembling of new motor vehicles.

⁵⁹ "Motor vehicle dealer" means a person or business that, in the ordinary course of business, is engaged in the selling or leasing of new motor vehicles to a person or business pursuant to a franchise agreement; is engaged in the diagnosis, service, maintenance, or repair of motor vehicles or motor vehicle engines pursuant to such franchise agreement; and has obtained a license under s. 320.27.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Indeterminate. Manufacturers may have to adjust costs due to making repair information and tools available to customers. Repair costs may be affected by increased competition for independent repair providers.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill creates the following sections of the Florida Statutes: 559.971, 559.976, 559.972, 559.973, 559.974, 559.975, 686.35.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Commerce and Tourism Committee on March 10, 2025:

The committee substitute creates the Agricultural Equipment Fair Repair Act, requiring original equipment manufacturers of agricultural equipment to provide certain manufacturing, diagnostic, and repair information to independent repair providers and owners. Original equipment manufacturers are prohibited from excluding certain information concerning security-related functions. The bill does not apply to motor vehicle manufacturers or motor vehicle dealers. Additionally, a civil penalty may be collected from any original equipment manufacturer who is found to be in violation.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

SB 1132

By Senator Truenow

	13-01670-25 20251132					
1	A bill to be entitled					
2	An act relating to digital right to repair; providing					
3	a directive to the Division of Law Revision; creating					
4	s. 559.971, F.S.; providing a short title; creating s.					
5	559.972, F.S.; defining terms; creating s. 559.973,					
6	F.S.; requiring portable wireless device manufacturers					
7	to make certain items available to device owners and					
8	independent repair providers; prohibiting certain					
9	manufacturers from requiring authorized repair					
10	providers to continue purchasing certain information					
11	in a proprietary format; providing an exception;					
12	creating s. 559.974, F.S.; providing for enforcement;					
13	creating s. 559.975, F.S.; providing construction;					
14	creating s. 559.976, F.S.; providing applicability;					
15	providing an effective date.					
16						
17	Be It Enacted by the Legislature of the State of Florida:					
18						
19	Section 1. The Division of Law Revision is directed to					
20	create part XIV of chapter 559, Florida Statutes, consisting of					
21	ss. 559.971-559.976, Florida Statutes, to be entitled "Digital					
22	Right to Repair."					
23	Section 2. Section 559.971, Florida Statutes, is created to					
24	read:					
25	559.971 Short titleThis part may be cited as the					
26	"Portable Wireless Device Repair Act."					
27	Section 3. Section 559.972, Florida Statutes, is created to					
28	read:					
29	559.972 DefinitionsAs used in this act, the term:					
	Page 1 of 6					

CODING: Words stricken are deletions; words underlined are additions.

	13-01670-25 20251132_					
30						
31	business that is unaffiliated with the manufacturer and has an					
32	arrangement with the manufacturer under which the manufacturer					
33	grants to the individual or business a license to use a trade					
34	name, service mark, or other proprietary identifier for the					
35	diagnosis, maintenance, or repair of portable wireless devices					
36	under the name of the manufacturer, or any other arrangement					
37	with the manufacturer to offer services on behalf of the					
38	manufacturer. A manufacturer that offers the services of					
39	diagnosis, maintenance, or repair of portable wireless devices					
40	manufactured by the manufacturer or on the manufacturer's					
41	behalf, or sold or otherwise supplied by the manufacturer, and					
42	that does not do so exclusively through one or more arrangements					
43	as described in this subsection with an unaffiliated individual					
44	or business, is deemed to be an authorized repair provider of					
45	portable wireless devices.					
46	(2) "Documentation" means a manual, a diagram, a reporting					
47	output, a service code description, a schematic, a security code					
48	or a password, or any other information used in the diagnosis,					
49	maintenance, or repair of portable wireless devices.					
50	(3) "Fair and reasonable terms," for purposes of obtaining					
51	a part, a tool, or documentation, means costs and terms that are					
52	equivalent to the most favorable costs and terms under which the					
53	manufacturer offers the part, tool, or documentation to an					
54	authorized repair provider, accounting for any discount, rebate,					
55	convenient and timely means of delivery, means of enabling fully					
56	restored and updated functionality, rights of use, or other					
57	incentive or preference that the manufacturer offers to an					
58	authorized repair provider or any additional cost, burden, or					
	Page 2 of 6					

CODING: Words stricken are deletions; words underlined are additions.

SB 1132

	13-01670-25 20251132					
59	impediment that the manufacturer imposes on an owner or					
60	independent repair provider. For documentation, including any					
61	relevant updates, the term also means at no charge, except that,					
62	when the documentation is requested in print form, a charge may					
63	be included for the reasonable actual costs of preparing and					
64	mailing the documentation.					
65	(4) "Independent repair provider" means an individual or a					
56	business that does not have an arrangement with a manufacturer					
67	as an authorized repair provider and that is not affiliated with					
68	any other individual or business that has such an arrangement					
69	with the manufacturer when that individual or business					
70	diagnoses, maintains, or repairs portable wireless devices. The					
71	term includes a manufacturer or an independent repair provider					
72	that diagnoses, maintains, or repairs portable wireless devices					
3	that are not manufactured by or on behalf of, or sold or					
4	otherwise supplied by, the manufacturer.					
5	(5) "Manufacturer" means an individual or a business that					
6	sells, leases, or otherwise supplies new portable wireless					
7	devices, or parts of new portable wireless devices, manufactured					
8	by or on behalf of the individual or business to another					
9	individual or business.					
0	(6) "Owner" means an individual or a business that lawfully					
81	acquires a portable wireless device purchased or used in this					
32	state.					
3	(7) "Part" means any replacement component made available					
34	by or to a manufacturer for the purpose of maintaining or					
35	repairing portable wireless devices manufactured by or on behalf					
86	of, sold by, or otherwise supplied by the manufacturer.					
37	(8) "Portable wireless device" means a product that					

Page 3 of 6

CODING: Words stricken are deletions; words underlined are additions.

	13-01670-25 20251132_
88	includes a battery, microphone, speaker, and display designed to
89	send and receive transmissions through a cellular radio-
90	telephone service.
91	(9) "Tool" means any software program, hardware implement,
92	or other apparatus used for diagnosing, maintaining, or
93	repairing portable wireless devices, including software or other
94	mechanisms that program or repair a part, calibrate
95	functionality, or perform any other function required to bring
96	portable wireless devices back to fully functional condition.
97	(10) "Trade secret" has the same meaning as in s. 688.002.
98	Section 4. Section 559.973, Florida Statutes, is created to
99	read:
100	559.973 Requirements
101	(1) A manufacturer must make available to an owner of a
102	portable wireless device, and to an independent repair provider
103	of such device, on fair and reasonable terms, documentation,
104	parts, and tools, inclusive of any updates, for diagnosing,
105	maintaining, or repairing such device. This subsection does not
106	require a manufacturer to provide a part that is no longer
107	available to the manufacturer.
108	(2) A manufacturer that sells diagnostic, service, or
109	repair information to an independent repair provider or any
110	other third-party provider in a format that is standardized with
111	other manufacturers, and in a manner and on terms and conditions
112	more favorable than the manner and terms and conditions pursuant
113	to which an authorized repair provider obtains the same
114	diagnostic, service, or repair information, may not require an
115	authorized repair provider to continue purchasing diagnostic,
116	service, or repair information in a proprietary format, unless
	Page 4 of 6

CODING: Words stricken are deletions; words underlined are additions.

SB 1132

1	13-01670-25 20251132_					
117	such proprietary format includes diagnostic, service, repair, or					
118	dealership operations information or functionality that is not					
119	available in such standardized format.					
120	Section 5. Section 559.974, Florida Statutes, is created to					
121	read:					
122	559.974 Enforcement					
123	(1) (a) An independent repair provider or owner who believes					
124	that a manufacturer has failed to provide documentation, parts,					
125	or tools for diagnosing, maintaining, or repairing a portable					
126	wireless device, as required by this part, must notify the					
127	manufacturer, in writing, and give the manufacturer 30 days					
128	following receipt of notice to cure the failure. If the					
129	manufacturer responds to the notice and cures the failure within					
130	the cure period, damages are limited to actual damages in any					
131	subsequent litigation.					
132	(b) If a manufacturer fails to respond to the notice					
133	provided under paragraph (a), or if an independent repair					
134	provider or owner is not satisfied with the manufacturer's cure,					
135	the independent repair provider or owner may file a complaint in					
136	the circuit court of the county in which the independent repair					
137	provider has his, her, or its principal place of business or in					
138	which the owner resides. The complaint must include the					
139	following:					
140	1. Written information confirming that the independent					
141	repair provider or owner has attempted to acquire and use,					
142	through the then-available standard support function provided by					
143	the manufacturer, relevant documentation, parts, and tools,					
144	including communicating with customer assistance.					
145	2. Evidence of manufacturer notification as required by

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 676 amends the Florida Minimum Wage Act to allow employees to opt out of receiving the minimum wage for work-study, internship, preapprenticeship, apprenticeship program, or other similar work-based learning opportunities by signing a waiver acknowledging that the employee is knowingly and voluntarily choosing to receive a lesser amount. Parents or guardians must sign the waiver for employees under 18 years of age.

The bill takes effect July 1, 2025.

II. Present Situation:

Federal Minimum Wage

In 1938, the Fair Labor Standards Act (FLSA) was enacted to prescribe federal standards for minimum wage, overtime, recordkeeping, and child labor.¹ As of 2009, the minimum wage that all covered, nonexempt employees must earn is \$7.25.² No state may enforce a minimum wage

¹ 29 U.S.C. § 206; U.S. DEPT. OF LABOR, *Fact Sheet #14: Coverage Under the Fair Labor Standards Act (FLSA)*, available at <u>https://www.dol.gov/agencies/whd/fact-sheets/14-flsa-coverage</u> (last visited Mar. 10, 2025).

² 29 U.S.C. § 206.

that is below the federal minimum.³ As of 2021, around 85% of all wage and salary workers in the U.S. were covered by the FLSA.⁴

The FLSA applies to employees in two categories:

- Enterprise coverage—employees who work for enterprises, businesses or organizations doing at least \$500,000 of business per year, and hospitals, businesses providing medical or nursing care for residents, schools and preschools, and government agencies; or
- Individual coverage—Employees whose work involves the production of goods for commerce or engagement in interstate commerce and domestic workers.⁵

The FLSA includes several exemptions from the federal minimum hourly wage, that are not legally required to be paid at the minimum hourly wage rate, including:

- Executive, administrative and professional employees (including teachers and academic administrative personnel in elementary and secondary schools), outside sales employees, and employees in certain computer-related occupations;
- Employees in certain seasonal amusement or recreational establishments, employees in certain small newspapers, seamen employed on foreign vessels, employees engaged in fishing operations, and employees engaged in newspaper delivery;
- Farm workers employed by anyone who used no more than 500 "man-days" of farm labor in any calendar quarter of the preceding calendar year;
- Causal babysitters and persons employed as companions for the elderly or infirm;
- Border patrol agents; and
- Baseball players who are compensated pursuant to a contract that provides for a weekly salary for services performed during the league's championship season at a rate that is not less than a weekly salary equal to the minimum wage.⁶

Under the FLSA, employers may pay subminimum wages for certain classes of workers, including:

- Youth employees under 20 years old for their first 90 days of employment.
- Student employees who receive a special certificate from the Department of Labor to work part-time in a vocational training program.
- Full time students who receive a special certificate from the Department of Labor, who are employed in retail/service establishments, agricultural occupation, or an institution of higher education.
- Individuals with disabilities who receive a special certificate from the Department of Labor, whose earning capacity is impaired by a disability.
- Employees who customarily receive tips as part of their job.⁷

Florida Minimum Wage

Constitutional Amendment

On November 2, 2004, Floridians voted to amend the Florida Constitution by adding a minimum wage provision that established the state minimum wage.⁸ Under Fla. Const. art. X, § 24, "all working Floridians are entitled to be paid a minimum wage that is sufficient to provide a decent and healthy life for them and their families, that protects their employers from unfair low-wage competition, and that does not force them to rely on taxpayer-funded public services in order to avoid economic hardship."

On November 3, 2020, citizens voted to amend the Florida Constitution to gradually increase the state minimum wage each year, starting at \$10.00 per hour and rising until it reaches \$15.00 per hour on September 30, 2026.⁹ Currently, the Florida minimum wage is \$13.00 per hour.¹⁰ Pursuant to the amendment, on September 30, 2027, and each following year on that date, Florida's Department of Commerce must increase the minimum wage using a specified inflation calculation.¹¹

Under Fla. Const. art. X, § 24, the definitions of "employer," "employee," and "wage" have the same meaning as those established under the FLSA. This constitutional provision also states that the case law, administrative interpretations, and other guiding standards under the FLSA must guide the construction and implementation of Florida's constitutional minimum wage.¹² Resultingly, the FLSA and its exceptions and exemptions are incorporated into the Florida minimum wage amendment.¹³

Florida Statute

In 2005, Florida Legislature enacted the Florida Minimum Wage Act (Act), s. 448.110, F.S., to implement the requirements of the constitutional amendment in statute. The Act only applies to individuals entitled to receive federal minimum wage under the FLSA.¹⁴ It is also specified that ss. 213 and 214 of the FLSA, which set forth exceptions and exemptions to the minimum wage, are incorporated into Florida minimum wage law.¹⁵

Additionally, the Act provides a cause of action for individuals against employers who do not follow minimum wage requirements, retaliate against an employee for exercising their rights, or otherwise violate the Act.¹⁶ The Attorney General is also authorized to bring civil actions against employers violating it, which may result in injunctive relief or fines paid to the state.¹⁷

¹⁶ Section 448.110(5)-(6), F.S.

⁸ See Fla. Const. art. X, § 24.

⁹ Id.

¹⁰ U.S. DEPT. OF LABOR, *State Minimum Wage Laws*, available at <u>https://www.dol.gov/agencies/whd/minimum-wage/state</u> (last visited Mar. 10, 2025).

¹⁴ Section 448.110(3), F.S.

¹⁵ *Id*.

¹⁷ Section 448.110(7), F.S.

Work-Based Learning Opportunities

The federal government provides part-time employment to certain students who are attending institutions of higher education through its federal work-study program.¹⁸ A student is eligible to take part in this program if they meet the eligibility requirements of 34 C.F.R. 668.32, have a demonstrated financial need, and are enrolled at an institution of higher education.¹⁹ The student may work for qualifying employers or the education institution itself.²⁰ Further, the student participating in a work-study program must be paid at least the minimum wage rate under the FLSA.²¹

Additionally, the federal government sets forth labor standards and governs registration of apprenticeship programs under the National Apprenticeship Act.²² Each state has a registered apprentice program which must be approved by the Office of Apprenticeship at the U.S. Department of Labor.²³ Florida's apprenticeship program carves out work-based learning opportunities for people who are at least 16 years old to gain trade skills while still in school.²⁴ The Florida Department of Education has developed standards for apprenticeable trades to establish programs with public schools and the Florida College System.²⁵ These trades include plumbing, heating and air conditioning technicians, teaching, cybersecurity, and more.²⁶ Each employer registered with a state apprenticeship program must pay at least the minimum wage under the FLSA, or a higher wage if required by applicable state law.²⁷

III. Effect of Proposed Changes:

Section 1 amends s. 448.110, F.S., to provide that an employer is not subject to the minimum wage requirements of this section for certain employees who choose to opt out of the minimum wage. The covered employees are those who are employed in a structured work-study, internship, preapprenticeship program, apprenticeship program, or other similar work-based learning opportunity. Such employees may opt out of receiving the minimum wage by signing a waiver, which must state that the employee is knowingly and voluntarily choosing to work for an amount lower than the minimum wage. If the employee is under 18 years old, a parent or guardian of the employee must sign the waiver on behalf of the employee.

The bill contains a severability clause providing that if any provision is held invalid, that provision is severable and does not affect the validity of other provisions.

See Section IV, Constitutional Issues, for a discussion of the constitutionality of the bill.

 ²⁷ 29 C.F.R. § 29.5.

Section 2 provides an effective date of July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

Under Fla. Const. art. X, § 24, "employers shall pay Employee Wages no less than the Minimum Wage for all hours worked in Florida." When interpreting the meaning of a statute or constitutional provision, courts will abide by the plain language of the text if it is unambiguous.²⁸ The language of the constitutional mandate is clear that employers must pay the established, hourly minimum wage to employees. If an employee signs a waiver stating that they opt out of minimum wage requirements, the employer is still bound by the minimum wage requirements of the state constitution. There is no exception or exemption from the minimum wage specified in the state constitution, other than those incorporated from the FLSA.²⁹

Further, in a Florida appellate decision³⁰ on an appeal from a denial of unemployment compensation benefits, the court found that since "the Florida Statutes expressly adopt the FLSA, as interpreted and implemented by federal law, '[n]o one can doubt but that to allow waiver of statutory [minimum] wages by agreement would nullify the purposes of the [FLSA]."³¹

²⁸ *McCloud v. State*, 260 So. 3d 911, 914-15 (Fla. 2018); *Garcia v. Andonie*, 101 So. 3d 339 (Fla. 2012) ("Constitutional analysis must begin with examination of explicit language of provisions in question and, where the language is unambiguous and addresses the matter at issue, the provision should be enforced as written.").

²⁹ See Fla. Const. art. X, § 24(f) ("It is intended that case law, administrative interpretations, and other guiding standards developed under the federal FLSA shall guide the construction of this amendment and any implementing statutes or regulations.").

³⁰ Martinez v. Ford Midway Mall, Inc., 59 So. 3d 168 (Fla. 3d DCA 2011).

³¹ Id. at 173, citing Brooklyn Savings Bank v. O'Neill, 324 U.S. 697, 707 (1945).

There are some constitutional rights that can be waived, such as the right to remain silent in police interrogation or the right to a homestead exemption.³² While it is true that "most personal constitutional rights may be waived... an individual cannot waive a right designed to protect both the individual and the public."³³ Further, an individual may only forego a constitutional right if "it was the product of free and deliberate choice rather than intimidation, coercion, or deception."³⁴

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

"Internship" does not appear to have a standardized definition in Florida law, so it may be unclear what types of internships would be eligible for the minimum wage opt-out.

VIII. Statutes Affected:

This bill substantially amends s. 448.110, F.S.

IX. Additional Information:

A. Committee Substitute – Statement of Changes:

(Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Commerce and Tourism Committee on March 10, 2025:

The committee substitute creates a provision that employees may waive their right to minimum wage by signing a waiver with specified language; provides that parents of minors must sign the waiver for employees under 18 years old; and adds a severability clause to the bill.

³² See Chames v. DeMayo, 972 So. 2d 850 (Fla. 2007); Hartwell v. Blasingame, 564 So. 2d 543 (Fla. 2d DCA 1990), approved, 584 So. 2d 6 (Fla. 1991).

³³ *Chames*, 972 So. 2d at 860.

³⁴ Sliney v. State, 699 So. 2d 662, 668 (Fla. 1997).

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

. McMillan		McKa	ay	СМ	Fav/CS	
				ATD		
5.				FP		

Please see Section IX. for Additional Information:

COMMITTEE SUBSTITUTE - Substantial Changes

I. Summary:

CS/SB 702 creates a number of provisions relating to information about the origin and modification of digital content. The bill defines "provenance data" as information identifying whether some or all of the content has been derived through generative artificial intelligence and, if so, the name of the generative artificial intelligence tool used to generate such content and the organization that developed such tool.

The bill requires any content purporting to feature an electoral candidate which can be viewed, heard, or accessed online to include digital provenance data if such content was created by generative artificial intelligence.

The bill creates a digital content provenance pilot program within the Division of Emergency Management (DEM), to enhance the security and authenticity of digital content used in emergency management operations through the inclusion of provenance data.

The bill defines "synthetic content" as any visual or audio content that has been produced or modified by a generative artificial intelligence tool.

The bill requires the provider of a generative artificial intelligence tool to apply provenance data to synthetic content wholly generated by the provider's artificial intelligence tool. The provider of such tool must make the following available to the public:

• An application tool that can determine whether content is synthetic content; and

• A free provenance reader that can view provenance information for synthetic content.

The bill prohibits provenance data from including any personal identifying information or any unique device, system, or service information which is reasonably capable of being associated with a particular user, unless directed by the user.

The bill requires a social media platform to retain all available provenance data of any suspected synthetic content, and requires such platform to make such data available to platform users through a conspicuous indicator with an encoded link. Additionally, a capture device sold in Florida is required to have an option to record provenance data of any suspected synthetic content. The manufacturer of a capture device must ensure that such provenance data can be read by third-party applications. A violation of s. 501.9741, F.S., constitutes an unfair or deceptive act or practice. The Department of Legal Affairs must notify the provider of the generative artificial intelligence system, the manufacturer of a capture device, or the social media platform of any suspected violation, and allow the provider 30 days to cure the alleged violation.

The bill takes effect July 1, 2025.

II. Present Situation:

Artificial Intelligence

Generally

Artificial intelligence (AI) is the development of computer systems to perform tasks that normally require human intelligence, such as learning and decision-making.¹ It enables computer systems to receive information that is either provided to them by others or gathered by them (e.g. through camera lenses or other sensors), which they can then process and respond to in some meaningful way. To a certain extent, AI systems can adapt their behavior by analyzing the effects of previous actions and working autonomously.²

Investments in AI have led to many of the transformative advancements that U.S. consumers rely upon every day,³ including mapping technologies, voice-assisted smartphones, handwriting recognition for mail delivery, financial trading, smart logistics, spam filtering, and language translation. AI advances have also provided significant social benefits in areas such as precision medicine, environmental sustainability, education, and public welfare.⁴

Types of AI

AI may be generally classified in one of three classes based on its capabilities or its

¹ National Conference of State Legislatures (NCSL), *Artificial Intelligence 2023 Legislation*, Jan. 12, 2024, available at <u>https://www.ncsl.org/technology-and-communication/artificial-intelligence-2023-legislation</u> (last visited Mar. 11, 2025). ² European Parliament, *What is artificial intelligence and how is it used?*, E.U. News, Jun. 20, 2023, available at

https://www.europarl.europa.eu/topics/en/article/20200827STO85804/what-is-artificial-intelligence-and-how-is-it-used (last visited Mar. 11, 2025).

³ U.S. Department of State, *Artificial Intelligence (AI)*, available at <u>https://www.state.gov/artificial-intelligence/</u> (last visited Mar. 11, 2025).

⁴ *Id*.

functionalities:5

- *Artificial Narrow AI*. Also known as Weak AI, machines using Weak AI can only perform specific tasks using human-like capabilities. They can do nothing more than what they are programmed to do. Examples of Artificial Narrow AI include Siri, Alexa, and ChatGPT.⁶
- *General AI*. Also known as Strong AI, and any machine or application using Strong AI in the future would be able to use what they have learned in the past to accomplish new tasks in different contexts without the need for additional training by human beings. In other words, they would be able to learn, perceive, understand, and function completely like a human beings.⁷
- Super AI. Also known as artificial superintelligence, Super AI is strictly theoretical. If ever realized, machines using Super AI would think, reason, learn, make judgments, and possess cognitive abilities surpassing those of human beings. Machines possessing Super AI capabilities would have evolved beyond the point of understanding human sentiments and experiences to feeling emotions, having needs, and possessing beliefs and desires of their own.⁸

Under the umbrella of Artificial Narrow AI or Weak AI, there are four kinds of AI based upon functionalities:⁹

- *Reactive Machine AI*. Reactive machines are AI systems with no memory. They are designed to perform very specific tasks. They can only work with presently available data because they cannot recollect previous outcomes or decisions. Reactive Machine AI stems from statistical math and can analyze vast amounts of data to produce a seemingly intelligent output. Examples of machines and applications that rely upon Reactive Machine AI include IBM Deep Blue (IBM's chess-playing supercomputer) and the Netflix recommendation engine.¹⁰
- *Limited Memory AI*. In addition to having the capabilities of purely reactive machines, Limited Memory AI machines and applications are also capable of learning from historical data to make decisions. Almost all present-day Limited Memory AI applications, including Generative AI tools (e.g. chatbots and virtual assistants) and self-driving vehicles, are Limited Memory AI machines and applications.¹¹
- *Theory of Mind AI*. Theory of Mind AI is a kind of General AI that exists only in concept. It is the "next level" of AI systems that researchers are currently developing. Machines and applications using a Theory of Mind level AI will be able to understand the thoughts and emotions of other entities. In theory, this will allow them to simulate humanlike relationships and to contextualize artwork and essays, which today's Generative AI tools are unable to do.¹²

https://www.forbes.com/sites/cognitiveworld/2019/06/19/7-types-of-artificial-intelligence/?sh=7b5ddf4d233e (last visited Mar. 11, 2025).

⁶ Id.

⁷ Id.

⁸ Id.

⁹ Id.

 $^{^{10}}$ Id.

 $^{^{11}}$ Id.

¹² *Id.* Emotion AI is a kind of Theory of Mind AI that is currently under development. Researchers hope that it will one day have the ability to analyze voices, images, and other kinds of data to recognize, simulate, monitor, and respond appropriately to humans on an emotional level. To date, Emotion AI is unable to understand and respond to human feelings. *Id.*

• *Self-Aware AI*. Self-Aware AI is a kind of Super AI that exists only in concept. It is strictly theoretical. If ever achieved, it will have the ability to understand its own internal conditions and traits along with human emotions and thoughts. It will also have its own set of emotions, needs, and beliefs.¹³

Generative AI

Generative AI is a type of Limited Memory AI technology¹⁴ that can produce high-quality content, including text, images, audio, or video, within seconds when prompted by a user.¹⁵ Although it was first introduced in the 1960s, it was not until 2014, with the introduction of generative adversarial networks, or GANs (a type of machine learning algorithm),¹⁶ that Generative AI could convincingly create authentic images, videos, and audio of real people.¹⁷

Generative AI systems learn patterns and relationships from massive amounts of data, which enables them to process and create new content that may be similar, but not identical, to the underlying training data. Such systems rely upon sophisticated machine learning algorithms and statistical models to work.¹⁸

In order to generate new content, Generative AI users are required to submit prompts that guide the generation of new content. Many iterations may be required to produce the intended result because Generative AI is sensitive to the wording of prompts.¹⁹

Because Generative AI can do so much, it has many potential applications, including in education, government, medicine, and law. Applications include:

- Writing a speech in a particular tone.
- Summarizing complex research.
- Assessing legal documents.

George Lawton, *What is generative AI? Everything you need to know*, TechTarget, Jan. 2024, available at <u>https://www.techtarget.com/searchenterpriseai/definition/generative-AI</u> (last visited Mar. 11, 2025).

¹⁶ "A generative adversarial network (GAN) is a deep learning architecture. It trains two neural networks to compete against each other to generate more authentic new data from a given training dataset. For instance, you can generate new images from an existing image database or original music from a database of songs. A GAN is called adversarial because it trains two different networks and pits them against each other. One network generates new data by taking an input data sample and modifying it as much as possible. The other network tries to predict whether the generated data output belongs in the original dataset. In other words, the predicting network determines whether the generated data is fake or real. The system generates newer, improved versions of fake data values until the predicting network can no longer distinguish fake from original." Amazon Web Services (AWS), *What is a GAN*?, available at https://aws.amazon.com/what-is/gan/ (last visited Mar. 11, 2025). GAN can generate images, training data for other models, complete missing information, and generate 3D models from 2D data. *Id*.

¹⁷ George Lawton, *What is generative AI? Everything you need to know*, TechTarget, Jan. 2024, available at <u>https://www.techtarget.com/searchenterpriseai/definition/generative-AI</u> (last visited Mar. 11, 2025).

¹⁸ Government Accountability Office (GAO), Science, Technology Assessment, and Analytics, *Science & Tech Spotlight: Generative AI* (June 2023), available at <u>https://www.gao.gov/assets/gao-23-106782.pdf</u> (last visited Mar. 11, 2025). Training data can include opensource information, such as text and images from the internet. *Id.* ¹⁹ *Id.*

- Creating images for different applications.
- Composing music.
- Composing poems.
- Designing molecules for new drugs.
- Generating programming codes.
- Translating languages.
- Implementing chatbots.
- Deploying "deepfakes."
- Improving dubbing for movies.
- Designing physical products and buildings.²⁰

The U.S. Government Accountability Office has identified several opportunities and challenges in connection with the proliferation of Generative AI systems.²¹ With respect to opportunities, Generative AI can quicken access to ideas and knowledge by helping people more efficiently gather new information; help automate a wide variety of administrative and repetitive tasks; and enhance the productivity of many industries.²² With respect to challenges, because Generative AI systems can respond to harmful instructions, they can increase the speed and scale of many real world harms, such as facilitating the development and proliferation of false information; facilitating the use of copyrighted, proprietary, or sensitive data, without the owner's or subject's knowledge; reducing privacy for users, including minors, through the retention of personally identifiable information without consent; and facilitating the storage and use of sensitive information by foreign adversaries.²³

Regulation

Concerns about the potential misuse or unintended consequences of AI have prompted efforts to examine and develop standards at the federal and state levels.²⁴

In the 2024 legislative session, at least 45 states, Puerto Rico, the Virgin Islands and Washington, D.C., introduced AI bills, and 31 states, Puerto Rico and the Virgin Islands adopted resolutions or enacted legislation. Examples of those actions include the following:²⁵

- Colorado enacted comprehensive AI legislation requiring developers and deployers of highrisk AI systems to use reasonable care to avoid algorithmic discrimination and requires disclosures to consumers.
- Hawaii required the University of Hawaii to implement a program to develop a wildfire forecast system to forecast the risk of wildfire statewide using AI.

²⁵ Id.

- Indiana created an AI task force.
- Maryland required the Department of Information Technology to adopt policies and procedures concerning the development, procurement, deployment, use and assessment of systems that employ AI by units of state government.
- New Hampshire created the crime of the fraudulent use of deepfakes and establishes a cause of action.
- Tennessee required the governing boards of public institutions of higher education to promulgate rules and required local education boards and public charter schools to adopt policies, regarding the use of AI by students, teachers, faculty and staff for instructional purposes.
- Utah created the Artificial Intelligence Policy Act.
- West Virginia created a select committee on AI.²⁶

Government Technology Modernization Council

In 2024, the Legislature established the Government Technology Modernization Council within the Department of Management Services to study and monitor the development and deployment of new technologies and provide reports on recommendations for procurement and regulation of such systems to the Governor, the President of the Senate, and the Speaker of the House of representatives.²⁷ By December 31, 2024, and each December 31 thereafter, the council is required to submit to the President of the Senate and the Speaker of the House of Representatives any legislative recommendations considered necessary by the council to modernize government technology, including:

- Recommendations for policies necessary to:
 - Accelerate adoption of technologies that will increase productivity of state enterprise information technology systems, improve customer service levels of government, and reduce administrative or operating costs;
 - Promote the development and deployment of artificial intelligence systems, financial technology, education technology, or other enterprise management software in Florida; and
 - Protect Floridians from bad actors who use artificial intelligence.
- Any other information the council considers relevant.²⁸

Florida Cybersecurity Advisory Council

In 2021, the Legislature established the Florida Cybersecurity Advisory Council within the Department of Management Services to assist state agencies in protecting their information technology resources from cyber threats and incidents. The council is required to submit to the President of the Senate and the Speaker of the House of Representatives any legislative recommendations considered by the council to address cybersecurity beginning June 30, 2022 and each June 30th thereafter.²⁹

Disclaimer Requirements for Political Advertising

Current law defines "political advertisement" to mean a paid expression in a communications medium,³⁰ whether radio, television, newspaper, magazine, periodical, campaign literature, direct mail, or display or by means other than the spoken word in direct conversation, which expressly advocates the election or defeat of a candidate or the approval or rejection of an issue.³¹ However, the term does not include:

- A statement by an organization, in existence before the time during which a candidate qualifies or an issue is placed on the ballot for that election, in support of or in opposition to a candidate or issue, in that organization's newsletter, which newsletter is distributed only to the members of that organization.
- Editorial endorsements by a newspaper, a radio or television station, or any other recognized news medium.³²

An "electioneering communication" is a text message or communication that is publicly distributed by a television station, radio station, cable television system, satellite system, newspaper, magazine, direct mail, or telephone which:

- Refers to or depicts a clearly identified candidate for office without expressly advocating the election or defeat of a candidate but that is susceptible of no reasonable interpretation other than an appeal to vote for or against a specific candidate;
- Is made within 30 days before a primary or special primary election or 60 days before any other election for the office sought by the candidate; and
- Is targeted to the relevant electorate in the geographic area the candidate would represent if elected.³³

Specified types of communications are exempted from the definition.³⁴

Political advertisements, electioneering communications, and certain text message and telephone solicitations must disclose who approved and paid for the advertisement or communication.³⁵ Voter guides must also include the required disclaimers, as applicable, and be marked "Voter Guide."³⁶ In addition, any advertisement, other than a political advertisement, independent

³⁰ Section 106.011(4), F.S., defines "communications medium" to include broadcasting stations, newspapers, magazines, outdoor advertising facilities, printers, direct mail, advertising agencies, the Internet, and telephone companies.

³¹ Section 106.011(15), F.S.

³² *Id*.

³³ Section 106.011(8)(a), F.S.

³⁴ See s. 106.011(8)(b), F.S.

³⁵ Sections 106.071, 106.143, 106.1439, and 106.147, F.S. A failure to include a required disclaimer for an electioneering communication or for a political advertisement paid for by independent expenditure constitutes a first-degree misdemeanor (ss. 106.1439(2) and 106.071(4), F.S.). A willful failure to include a required disclaimer for other political advertisements is subject to prescribed civil penalties (s. 106.143(11), F.S.). A willful violation of text message and telephone solicitation requirements constitutes a first-degree misdemeanor (s. 106.147(4), F.S.).

³⁶ Section 106.1436, F.S. The term "voter guide" means direct mail that is either an electioneering communication or a political advertisement sent for the purpose of advocating for or endorsing particular issues or candidates by recommending specific electoral choices to the voter or by indicating issue or candidate selections on an unofficial ballot (s. 106.1436(1), F.S.). In addition to any other penalties provided by law, a person who fails to include the required disclaimer commits a first-degree misdemeanor (s. 106.1436(4), F.S.).

expenditure,³⁷ or electioneering communication, on billboards, bumper stickers, radio, or television, or in a newspaper, a magazine, or a periodical, intended to influence public policy or the vote of a public official, must clearly designate the sponsor of such advertisement by including a statement of sponsorship.³⁸

Generally, penalties for failure to include a required disclaimer apply to a "person" as defined in s. 106.011(14), F.S. – an individual or a corporation, association, firm, partnership, joint venture, joint stock company, club, organization, estate, trust, business trust, syndicate or other combination of individuals having collective capacity. The term includes a political party, affiliated party committee, or political committee. Examples of past cases relating to existing Florida Election Code³⁹ requirements that apply to a "person:"

- Allowed for an officer of a political committee to be held personally liable for failure to include a required disclaimer on a political advertisement;⁴⁰
- Imposed penalties on a political consulting firm and the president of the firm for failing to include disclaimers in, and report expenditures for, certain independent political advertisements;⁴¹
- Imposed penalties on a political committee for exceeding contribution limits;⁴² and
- Allowed a corporation to be criminally charged for exceeding a contribution limit.⁴³

Election-Related Use of Artificial Intelligence

The proliferation of Generative AI use and its outpacing of government regulation has created concern among policymakers about its potentially negative effect on the electoral process. Specific concerns include, but are not limited to, voter misinformation by chatbots,⁴⁴ phishing scams on election officials through AI-generated voices, and the use of deepfakes⁴⁵ to deceive voters and damage political rivals. Over time, the use of AI may also erode trust in authentic information.⁴⁶

³⁷ Section 106.011(12)(a), F.S., defines "independent expenditure" to mean an expenditure by a person for the purpose of expressly advocating the election or defeat of a candidate or the approval or rejection of an issue, which expenditure is not controlled by, coordinated with, or made upon consultation with, any candidate, political committee, or agent of such candidate or committee.

³⁸ Section 106.1437, F.S. The section does not specify a penalty for failure to include the required statement.

³⁹ Chapters 97-106, F.S., are known as "The Florida Election Code." Section 97.011, F.S.

⁴⁰ See Fulton v. Division of Elections, 689 So.2d 1180 (Fla. Dist. Ct. App. 1997).

⁴¹ See Guetzloe v. Florida Elections Commission, 927 So.2d 942 (Fla. Dist. Ct. App. 2006).

⁴² See Florida PBA-PAC v. Division of Elections, 430 So.2d 483 (Fla. Dist. Ct. App. 1983).

⁴³ See Winn-Dixie Stores, Inc., v. State of Florida, 408 So.2d 211 (Fla. 1982).

⁴⁴ IBM defines "chatbot" to mean a computer program that simulates human conversation with an end user (*see What is a Chatbot*?, available at <u>https://www.ibm.com/topics/chatbots</u> (last visited Mar. 11, 2025)).

⁴⁵ Although exact definitions of "deepfake" vary, all reflect a depiction of something that has not actually occurred. Merriam-Webster, for example, defines "deepfake" to mean an image or recording that has been convincingly altered and manipulated to misrepresent someone as doing or saying something that was not actually said or done (*see <u>https://www.merriam-</u> webster.com/dictionary/deepfake*, last visited March 11, 2025).

<u>%5blist_email_id%5d&utm_campaign=8fbf8e40e8-canvass-jan-4&utm_medium=email</u> (last visited Mar. 11, 2025).

In 2024, the Legislature enacted a law to regulate the use of AI in political advertising.⁴⁷ If a political advertisement, an electioneering communication, or other miscellaneous advertisement of a political nature contains images, video, audio, graphics, or other digital content created in whole or in part with the use of Generative AI, if the generated content appears to depict a real person performing an action that did not actually occur, and if the generated content was created with intent to injure a candidate or to deceive regarding a ballot issue, the political advertisement, electioneering communication, or other miscellaneous advertisement must prominently state the following disclaimer: "Created in whole or in part with the use of Generative AI)."⁴⁸ Additionally, the disclaimer must:

- For a printed communication, be stated in **bold** font with a font size of at least 12 points.
- For a television or video communication, be clearly readable throughout the communication and occupy at least 4 percent of the vertical picture height.
- For an Internet public communication that includes text or graphic components, be viewable without the user taking any action and be large enough to be clearly readable.
- For any audio component of a communication, be at least 3 seconds in length and spoken in a clearly audible and intelligible manner at either the beginning or the end of the audio component of the communication.
- For a graphic communication, be large enough to be clearly readable but no less than 4 percent of the vertical height of the communication.⁴⁹

Florida Elections Commission

The Florida Elections Commission (commission) has jurisdiction⁵⁰ to investigate and determine violations of campaign finance laws and other specified provisions of the Florida Election Code⁵¹ upon receipt of a report by the Division of Elections⁵² or a sworn complaint.⁵³ Upon a finding of a violation of one of the laws under its jurisdiction, the commission, or in cases referred to the Division of Administrative Hearings, an administrative law judge, may impose fines up to \$2,500 per count.⁵⁴

Provenance Data

There are various methods to make AI outputs more identifiable and traceable, which include the following:

• Provenance refers to the origin of data or AI system outputs;

⁴⁷ Ch. 2024-126, Laws of Fla.

⁴⁸ Section 106.145(2), F.S.

⁴⁹ Section 106.145(3), F.S.

 $^{^{50}}$ For the purposes of commission jurisdiction, a violation means the willful performance of an act prohibited by ch. 104 or 106, F.S., or the willful failure to perform an act required by such chapters. Willfulness is a determination of fact. Section 106.25(3), F.S.

⁵¹ Section 106.25(2), F.S. The commission is housed within the Department of Legal Affairs, but is not subject to the department's control, supervision, or direction. Section 106.24(1), F.S.

⁵² The Division of Elections is an administrative unit of the Department of State. Section 97.021(9), F.S.

⁵³ Section 106.25(4), F.S.

⁵⁴ Section 106.265, F.S. The fine may be multiplied by a factor of 3, not to exceed \$7,500, after a person commits three counts of the same category of offense. If applicable, the commission or administrative law judge may instead impose a civil penalty as provided in s. 104.271 or s. 106.19, F.S.

- Authentication is a method of establishing provenance via verifiable assertions about the origins of the content;
- Watermarking is a method of establishing provenance through "the act of embedding information, which is typically difficult to remove, into outputs created by AI;" and
- Content labeling refers to informing people as part of the user interface about the source of the information they are receiving.⁵⁵

Data Provenance aims to help people make informed decisions about what data or content can be confidently trusted. To do this, Data Provenance platforms track metadata while making it immutable, transparent, and verifiable.⁵⁶

The Coalition for Content Provenance and Authenticity (C2PA) is an industry-led organization that creates technical standards to verify the origin and history of media.⁵⁷ The C2PA's goal is to provide a mechanism for producers and custodians of any given content to assert, in a verifiable manner, any information they wish to disclose about the creation of such content, as well as any actions taken since the content's creation.⁵⁸

In 2020, the "Data & Trust Alliance" was established by a group of CEOs of major companies, which is based on a shared conviction that the future of business will be powered by the responsible use of data and AI.⁵⁹ The Data & Trust Alliance created the first cross-industry metadata standards to bring transparency to the origin of datasets used for both traditional data and AI applications.⁶⁰

Division of Emergency Management

Under the leadership of the Governor, the Florida Division of Emergency Management (DEM) plans for and responds to both natural and man-made disasters.⁶¹ The disasters include floods, hurricanes, and incidents involving hazardous materials or nuclear power.⁶² Additionally, the DEM prepares and implements a statewide Comprehensive Emergency Management Plan, and conducts exercises to test state and county emergency response capabilities.⁶³

Florida Deceptive and Unfair Trade Practices Act

History and Purpose

The Florida Deceptive and Unfair Trade Practices Act (FDUTPA) became law in 1973.⁶⁴ The FDUTPA is a consumer and business protection measure that prohibits unfair methods of competition, unconscionable acts or practices, and unfair or deceptive acts or practices in trade or commerce.⁶⁵ The FDUTPA is based on federal law, and s. 501.204(2), F.S., provides that it is the intent of the Legislature that due consideration and great weight must be given to the interpretations of the Federal Trade Commission and the federal courts relating to section 5 of the Federal Trade Commission Act.⁶⁶

The State Attorney or the Department of Legal Affairs may bring actions when it is in the public interest on behalf of consumers or governmental entities.⁶⁷ The Office of the State Attorney may enforce violations of the FDUTPA if the violations take place in its jurisdiction.⁶⁸ The Department of Legal Affairs has enforcement authority if the violation is multi-jurisdictional, the state attorney defers in writing, or the state attorney fails to act within 90 days after a written complaint is filed.⁶⁹ Consumers may also file suit through private actions.⁷⁰

Remedies under the FDUTPA

The Department of Legal Affairs and the State Attorney, as enforcing authorities, may seek the following remedies:

- Declaratory judgments.
- Injunctive relief.
- Actual damages on behalf of consumers and businesses.
- Cease and desist orders.
- Civil penalties of up to \$10,000 per willful violation.⁷¹

Remedies for private parties are limited to the following:

- A declaratory judgment and an injunction where a person is aggrieved by a FDUTPA violation.
- Actual damages, attorney fees, and court costs, where a person has suffered a loss due to a FDUTPA violation.⁷²

- 68 Section 501.203(2), F.S.
- ⁶⁹ Id.

⁶⁴ Ch. 73-124, Laws of Fla.; codified at part II of ch. 501, F.S.

⁶⁵ See s. 501.202, F.S. Trade or commerce means the advertising, soliciting, providing, offering, or distributing, whether by sale, rental, or otherwise, of any good or service, or any property, whether tangible or intangible, or any other article, commodity, or thing of value, wherever situated. "Trade or commerce" shall include the conduct of any trade or commerce, however denominated, including any nonprofit or not-for-profit person or activity. *See* s. 501.203(8), F.S.

⁶⁶ See s 501.204(2), F.S.

⁶⁷ See ss. 501.203(2), 501.206, and 501.207, F.S.

⁷⁰ Section 501.211, F.S.

⁷¹ Sections 501.207(1), 501.208, and 501.2075, F.S. Civil Penalties are deposited into general revenue. Section 501.2075,

F.S. Enforcing authorities may also request attorney fees and costs of investigation or litigation. Section 501.2105, F.S.

⁷² Section 501.211(1) and (2), F.S.

III. Effect of Proposed Changes:

Provenance Data Definition

Section 1 of the bill amends s. 106.145, F.S., to define "provenance data" as information identifying whether some or all of the content has been derived through generative artificial intelligence and, if so, the name of the generative artificial intelligence tool used to generate such content and the organization that developed such tool.

Election Campaign Content

The bill requires any content purporting to feature an electoral candidate which can be viewed, heard, or accessed online to include digital provenance data if such content was created by generative artificial intelligence.

Digital Content Provenance Pilot Program

Section 2 of the bill creates s. 252.353, F.S., to establish a digital content provenance pilot program within the DEM. The purpose of the pilot program is to enhance the security and authenticity of digital content used in emergency management operations through the inclusion of provenance data.

The bill requires the DEM to include a conspicuous indicator with an encoded link allowing a user to access provenance data on all digital images and videos created by the DEM on or after July 1, 2025. Additionally, by November 15, 2026, the DEM must submit to the President of the Senate and the Speaker of the House of Representatives a report that includes information concerning the pilot program, including whether the integration of provenance data can be scaled effectively within the DEM's digital content library and recommendations for other valuable uses of provenance data and credentialing the could be implemented within other agencies. This section is repealed June 30, 2027.

Provenance Data of Digital Content

Section 3 of the bill creates s. 501.9741, F.S., and provides the following definitions:

- "Application tool" means a tool or service that enables the user to apply provenance data, either directly or through the use of third-party technology, to any data that has been modified to include synthetic content.
- "Capture device" means a device that can record any visual or audio digital content, including, but not limited to, a camera, a cellular phone with a camera, a microphone, or an audio or video recorder.
- "Generative artificial intelligence" has the same meaning as in s. 106.145(1), F.S.⁷³
- "Generative artificial intelligence tool" means a product or feature that uses generative artificial intelligence to create visual or audio digital content.

⁷³ Section 106.145(1), F.S., defines "generative artificial intelligence" as a machine-based system that can, for a given set of human-defined objectives, emulate the structure and characteristics of input data in order to generate derived synthetic content including images, videos, audio, text, and other digital content.

- "Provenance data" has the same meaning as in s. 106.145(1), F.S.⁷⁴
- "Provenance reader" means a tool or service that allows users to identify the provenance data of visual or audio digital content.
- "Synthetic content" means any visual or audio content that has been produced or modified by a generative artificial intelligence tool.

The bill requires the provider of a generative artificial intelligence tool to apply provenance data, either directly or through the use of third-party technology, to synthetic content wholly generated by the provider's artificial intelligence tool. The provider of such tool must make the following available to the public:

- An application tool that can determine whether content is synthetic content; and
- A free provenance reader that can view provenance information for synthetic content.

The bill prohibits provenance data from including any personal identifying information or any unique device, system, or service information which is reasonably capable of being associated with a particular user, unless directed by the user.

The bill requires a social media platform⁷⁵ to retain all available provenance data of any suspected synthetic content, and requires such platform to make such data available to platform users through a conspicuous indicator with an encoded link.

The bill requires a capture device sold in Florida to have an option to record provenance data of any suspected synthetic content. The manufacturer of a capture device must ensure that such provenance data can be read by third-party applications.

The bill provides that a violation of this section constitutes an unfair or deceptive act or practice, and requires enforcement by the Attorney General. Additionally, the Department of Legal Affairs must notify the provider of the generative artificial intelligence system, the manufacturer of a capture device, or the social media platform of any suspected violation, and allow the provider 30 calendar days to cure the alleged violation before initiating enforcement action.

The bill takes effect July 1, 2025.

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

None.

⁷⁴ "Provenance data" is defined as information identifying whether some or all of the content has been derived through generative artificial intelligence and, if so, the name of the generative artificial intelligence tool used to generate such content and the organization that developed such tool.

⁷⁵ Section 501.2041(1), F.S., defines "social media platform" as any information service, system, Internet search engine, or access software provider that: (1) provides or enables computer access by multiple users to a computer server, including an Internet platform or a social media site; (2) operates as a sole proprietorship, partnership, limited liability company, corporation, association, or other legal entity; (3) does business in Florida; and (4) satisfies at least one of the following thresholds: (1) has annual gross revenues in excess of \$100 million, as adjusted in January of each odd-numbered year to reflect any increase in the Consumer Price Index; or (2) has at least 100 million monthly individual platform participants globally.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

None.

E. Other Constitutional Issues:

The First Amendment of the U.S. Constitution promotes the free exchange of ideas and information by prohibiting the government from restricting speech because of the message expressed.⁷⁶ Content-based restrictions are presumptively invalid.⁷⁷ Among specific rights, the First Amendment protects the right to associate for expressive or political activity. The government may infringe upon this right only if it has a compelling interest unrelated to the suppression of speech and if the interest cannot be achieved through significantly less restrictive means.⁷⁸

This bill does not prohibit or restrict the content of speech generated by AI. Instead, it requires a social media company to retain all available provenance data of any suspected synthetic content, and make such data available to platform users through a conspicuous indicator.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

None.

B. Private Sector Impact:

Social media platforms will be required to retain all available provenance data of any suspected synthetic content, and make such data available to platform users through a conspicuous indicator with an encoded link.

Sellers of a capture device in Florida will be required to allow an option to include provenance data on any suspected synthetic content. Additionally, the manufacturer of a capture device sold in Florida must ensure that such provenance data can be read by third-party applications.

⁷⁶ See, e.g., Texas v. Johnson (491 U.S. 397 (1989); State v. T.B.D., 656 So.2d 479 (Fla. 1995).

⁷⁷ See, e.g., Police Dept. of Chicago v. Mosley, 408 U.S. 92 (1972).

⁷⁸ City of Dallas v. Stanglin, 490 U.S. 19 (1989).

C. Government Sector Impact:

The Division of Emergency Management will be responsible for implementing the Digital Content Provenance Pilot Program.

VI. Technical Deficiencies:

None.

VII. Related Issues:

The bill requires social media platforms to retain all available provenance data of any suspected synthetic content, and make such data available to platform users through a conspicuous indicator with an encoded link. However, the meaning of "conspicuous indicator" may not be clear, and may be interpreted differently across platforms.

The definition of "capture device" is broad enough to include many types of consumer electronic devices.

The provider of a generative artificial intelligence tool must apply provenance data to synthetic content "wholly" generated by the provider's generative artificial intelligence tool; any synthetic content not "wholly created" by a generative AI would not be required to be available to the public by a provider.

VIII. Statutes Affected:

This bill substantially amends section 106.145 of the Florida Statutes.

The bill creates the following sections of the Florida Statutes: 252.353 and 501.9741.

IX. Additional Information:

A. Committee Substitute – Statement of Substantial Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

CS by Commerce and Tourism on March 10, 2025

The committee substitute changes the definition of "provenance data," and requires any content purporting to feature an electoral candidate which can be viewed, heard, or accessed online to include digital provenance data if such content was created by generative AI.

The committee substitute provides that all digital images and videos created by the DEM on or after July 1, 2025, must include a conspicuous indicator with an encoded link allowing a user to access provenance data. By November 15, 2026, the DEM must submit a report that includes information concerning the digital content provenance pilot program to the President of the Senate and the Speaker of the House of Representatives.

The committee substitute defines "synthetic content" as any visual or audio content that has been produced or modified by a generative AI intelligence tool. The provider of a generative AI tool is required to apply provenance data, either directly or through the use of third-party technology, to synthetic content wholly generated by the provider's generative AI tool. The provider of a generative AI tool is required to make available to the public an application tool that can determine whether an image, video, or audio content is synthetic content, as well as have a free provenance reader that can view provenance information.

The committee substitute prohibits provenance data from including any personal identifying information or any unique device, system, or service information which is reasonably capable of being associated with a particular user, unless directed by the user. A social media platform is required to retain all available provenance data of any suspected synthetic content. Additionally, a capture device sold in Florida is required to have an option to record provenance data of any suspected synthetic content.

The committee substitute requires the Department of Legal Affairs to notify the provider of the generative AI system, the manufacturer of a capture device, or the social media platform of any suspected violation, as well as allow the provider 30 calendar days to cure an alleged violation.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.

BILL:	SB 1244					
INTRODUCER:	Senator Ca	latayud				
SUBJECT:	Research a	nd Devel	lopment Tax C	redit		
DATE:	March 10, 2	2025	REVISED:	03/10/25		
ANAL	YST	STA	F DIRECTOR	REFERENCE		ACTION
1. Renner		McKa	ay	СМ	Favorable	
2				FT		
3				AP		

I. Summary:

SB 1244 increases the combined amount of tax credits which may be awarded to qualified businesses for research and development under s. 220.196, F.S., from \$9 million to \$50 million in any calendar year and provides that the increase first applies to the 2026 allocation of tax credits for expenses incurred in the 2025 calendar year.

The Revenue Estimating Conference (REC) reviewed the bill on March 7, 2025, and determined the bill would reduce General Revenue receipts by \$41 million in Fiscal Year 2025-2026 and by \$41 million in future years.

The bill takes effect July 1, 2025.

II. Present Situation:

Federal Tax Credit

The U.S. Research and Experimentation Tax Credit $(R\&D)^1$ was created in 1981 as part of the Economic Recovery Tax Act, a comprehensive package of initiatives designed to boost U.S. business competitiveness and encourage American taxpayers' investment and savings during an economic recession.² In 2015, the Protecting Americans from Tax Hikes (PATH) Act permanently extended the R&D after 16 temporary extensions.³

¹ The U.S. Research and Experimentation Tax Credit is also known as the Research and Development Tax Credit, 26 U.S.C. § 41, Credit for increasing research activities.

² Francisco Moris, National Science Foundation Report, *The U.S. Research and Experimentation Tax Credit in the 1990s* (July 2005), available at <u>https://wayback.archive-</u>

it.org/5902/20150627200929/http://www.nsf.gov/statistics/infbrief/nsf05316/ (last visited March 7, 2025).

³ U.S. Department of Treasury, Office of Tax Analysis, *Research and Experimentation (R&E) Credit*, Oct. 12, 2016, available at <u>https://home.treasury.gov/system/files/131/RE-Credit.pdf</u> (last visited March 7, 2025).

In September 2021, the Internal Revenue Service (IRS) issued a *Memorandum* containing new guidance for taxpayers applying for a research credit refund. The memorandum described new requirements for increased documentation and more detailed information, including a declaration under the penalty of perjury verifying that the information and facts provided by the taxpayer are accurate.⁴ To qualify as a valid research credit claim request, the taxpayer, at a minimum must:

- Identify all the business components to which the I.R.C. § 41 research credit claim relates for that year.
- For each business component,
 - Identify all research activities performed;
 - o Identify all individuals who performed each research activity; and
 - Identify all the information each individual sought to discover.
- Provide the total qualified employee wage expenses, total qualified supply expenses, and total qualified contract research expenses for the claim year.⁵

These changes remained in a grace period until January 10, 2022. Then, they transitioned to a one-year transition period, which was subsequently extended for an additional two years through January 10, 2025. During this period, the IRS provided taxpayers 45 days to perfect research credit claims for refund prior to a final determination by the IRS.⁶

Florida Tax Credit

Florida law authorizes an R&D tax credit against state corporate income taxes for certain businesses with qualified research expenses.⁷ Under the federal definition, a qualified research expense includes in-house research expenses, including any wages paid or incurred to employees, supplies used in the conduct of qualified research, and any amounts paid or incurred to another person for the right to use computers in the conduct of qualified research.⁸

A business is eligible for the tax credit if it:

- Has qualified research expenses in Florida in the taxable year exceeding the base amount;⁹
- Claims, and is allowed, a research credit for such qualified expenses under federal law for the same taxable year; and

⁴ Internal Revenue Service, Office of the Chief Counsel, *Memorandum Relating to I.R.C. § 41 Research Credit Refund Claims* (September 17, 2021), available at <u>https://www.irs.gov/pub/irs-lafa/20214101f.pdf</u> (last visited March 7, 2025). ⁵ *Id.*

⁶ Internal Revenue Service, *Research Credit Claims (Section 41) on Amended Returns Frequently Asked Questions*, available at <u>https://www.irs.gov/businesses/corporations/research-credit-claims-section-41-on-amended-returns-frequently-asked-questions#:~:text=The%20IRS%20provided%20a%20grace,Research%20Credit%20claims%20for%20refund.</u> (last visited March 7, 2025).

 ⁷ Section 220.196(1)(c), F.S. "Qualified research expenses" is defined as research expenses qualifying for the credit under federal law for in-house research expenses incurred in Florida or contract research expenses incurred in Florida.
 ⁸ See 26 U.S.C. § 41(b). Credit for increasing qualified research; qualified research expenses.

⁹ "Base amount" means the average of the business' qualified research expenses in Florida allowed under 26 U.S.C s. 41 for the preceding 4 taxable years. Section 220.196(1)(a), F.S.

• Is a qualified target industry as defined in former s. 288.106(2)(n) (2022), F.S.,¹⁰ specifically manufacturing, life sciences, information technology, aviation and aerospace, homeland security and defense, cloud information technology, marine sciences, materials sciences, or nanotechnology.¹¹

The tax credit is 10 percent of the difference between the current tax year's R&D expenditures in Florida and the average of R&D expenditures over the previous four tax years. However, if the business has existed for fewer than four years, then the credit amount is reduced by 25 percent for each year the business or predecessor corporation did not exist.¹² The state tax credit taken in any taxable year may not exceed 50 percent of the company's remaining net corporate income tax liability under ch. 220, F.S., after all other credits to which the business is entitled have been applied.¹³ Any unused credits may be carried forward by the business for up to five years following the year in which the qualified research expenses were incurred.¹⁴

Currently, the maximum amount of R&D credits that may be approved by the Department of Revenue (DOR) during any calendar year is \$9 million. Applications for the credit may be filed with the DOR on or after March 20 and before March 27 for qualified research expenses incurred within the preceding calendar year. If the total amount of credits applied for exceeds the annual cap, credits are allocated on a prorated basis.¹⁵ Eligible taxpayers are notified of the amount of credit allocated to them and the year for which the credit may be claimed.

According to the DOR's 2024 R&D Allocation Report (the latest report available), for calendar year 2023, the DOR received 153 applications requesting a total of \$88,468,627 in credit. Of the 153 applications, 141 were approved, with the applicants receiving an allocation of the available \$9 million in credit. Each applicant received approximately 10.9 percent of the amount of credit determined in their applications. The 141 approved applications requested \$82,659,847 in credit.¹⁶

III. Effect of Proposed Changes:

The bill amends s. 220.196, F.S., to increase the total amount of annual R&D credits available each calendar year from \$9 million to \$50 million in any calendar year and provides that the increase first applies to the 2026 allocation of tax credits for expenses incurred in the 2025 calendar year.

The bill removes obsolete language relating to the 2018 calendar year.

The bill takes effect July 1, 2025.

¹⁰ A target industry business is defined as a corporate headquarters business or any business that is engaged in one of the target industries identified pursuant to criteria developed by the Department of Commerce. Former s. 288.106(2)(n), F.S. The Qualified Target Industry Tax Refund Program was repealed in 2023 by ch. 2023-173, Laws of Fla.

¹¹ See s. 220.196(2)(a)3., F.S.

¹² Section 220.196(2)(b), F.S.

¹³ Section 220.196(2)(c), F.S.

¹⁴ Section 220.196(2)(d), F.S.

¹⁵ Section 220.196(2)(e), F.S.

¹⁶ Department of Revenue, *Research and Development Tax Credit for Florida Corporate Income Tax, 2024 Allocation Report,* available at <u>https://floridarevenue.com/taxes/Documents/flCitRDCredit.pdf</u> (last visited March 7, 2025).

IV. Constitutional Issues:

A. Municipality/County Mandates Restrictions:

Article VII, section 18 of the Florida Constitution requires a two-thirds vote of the membership of each house of the Legislature requiring counties and municipalities to spend funds, limit their ability to raise revenue, or reduce the percentage of a state tax shared with them. This bill does not require counties and municipalities to spend funds, limit their ability to raise revenue, or reduce the percentage of a shared state tax. Therefore, the provisions of Article VII, section 18 of the Florida Constitution do not apply.

B. Public Records/Open Meetings Issues:

None.

C. Trust Funds Restrictions:

None.

D. State Tax or Fee Increases:

The bill does not create or raise a state tax or fee. Therefore, the requirements of Art. VII, s. 19 of the Florida Constitution do not apply.

E. Other Constitutional Issues:

None identified.

V. Fiscal Impact Statement:

A. Tax/Fee Issues:

The REC reviewed the bill on March 7, 2025, and determined the bill would reduce General Revenue receipts by \$41 million in Fiscal Year 2025-2026 and by \$41 million in future years.

B. Private Sector Impact:

None.

C. Government Sector Impact:

None.

VI. Technical Deficiencies:

None.

VII. Related Issues:

None.

VIII. Statutes Affected:

This bill substantially amends section 220.196 of the Florida Statutes.

IX. Additional Information:

A. Committee Substitute – Statement of Changes: (Summarizing differences between the Committee Substitute and the prior version of the bill.)

None.

B. Amendments:

None.

This Senate Bill Analysis does not reflect the intent or official position of the bill's introducer or the Florida Senate.
