STANDARDS & PROFESSIONAL DEVELOPMENT (PD)

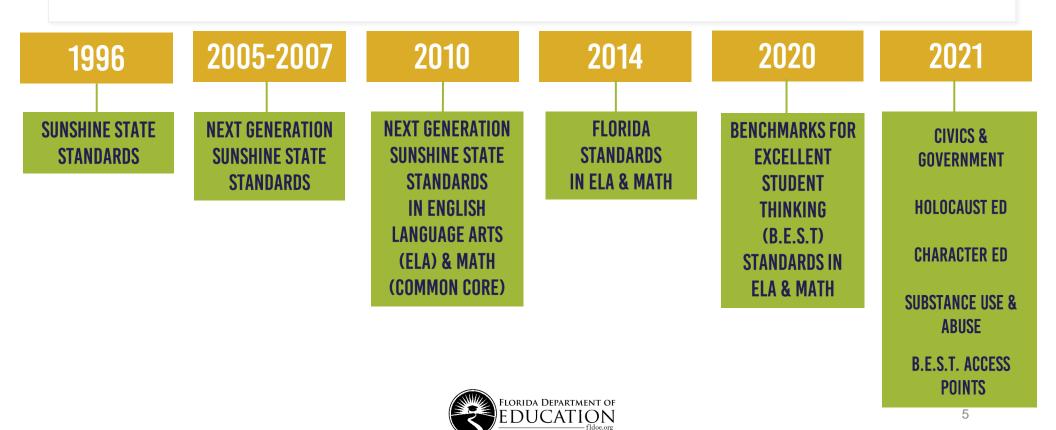

WHAT ARE THE STANDARDS?

The standards are student-centered expectations from which all curriculum, instruction and assessments are based. The state board of education adopts and approves all standards. The standards are what the state has revised to create the B.E.S.T Standards.

ACCOUNTABILITY

GUIDING PRINCIPLES IN EVALUATING ASSESSMENT RESULTS

2019-2020 & 2020-2021 ASSESSMENTS

- ☐ Urgently support Florida's schools to assess every child's learning gains and learning losses; achieving 94% of students tested, after (1) year without statewide standardized assessments to provide an accurate reflection of student mastery of grade level standards.
- □ Provide all necessary state and federal resources to prepare our schools and programs to stay open safely and mitigate COVID-related learning loss.
- ☐ Expand access to progress monitoring tools to all districts in 2020, FDOE contracted to create a screening and progress monitoring assessment for voluntary use by LEAs and charter networks. More than 35 districts are using this tool.

2021-22 ONGOING SUPPORT

- Extend LEAs and charters continued support to utilize progress monitoring to identify in real-time student learning deficiencies and provide that actionable data to teachers, parents, districts, and FDOE.
- □Strategically leverage state and federal funding to provide targeting interventions, supplemental supports, and high-impact programs to eliminate both pandemic related and historic achievement gaps.

□ Districts with higher rates of in-person instruction performed better than districts with higher rates of innovative instruction, on average.
 □ Overall performance decreased across all four core subjects and student subgroups, especially in mathematics, compared to 2019.
 □ Student Subgroups:
 □ African American
 □ Hispanic
 □ White
 □ Students with Disabilities
 □ English Language Learners
 □ Economically Disadvantaged

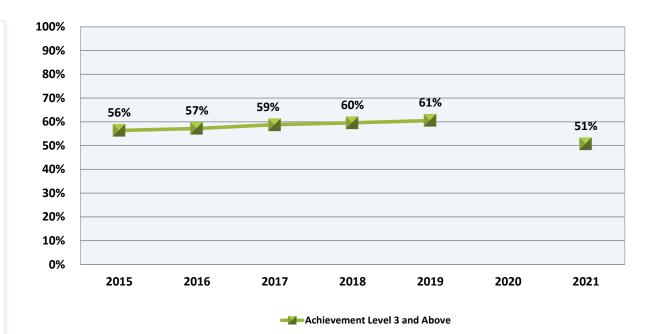

MATHEMATICS GRADES 3-8 (FSA & EOCS): AVERAGE CHANGE OF STUDENTS INSTRUCTED IN-PERSON

On all Mathematics assessments in grades 3 through 8, districts with higher rates of inperson instruction, **on average**, had lower rates of declines in performance between 2019 and 2021.

FLORIDA'S ASSESSMENT OF STUDENT THINKING (F. A. S. T.)

PROPOSED PLAN:

FLORIDA'S ASSESSMENT OF STUDENT THINKING (F.A.S.T.)

Eliminates the FSA.

Protects Florida's #1 in the nation school accountability, that has lifted Florida to the top 3 in the nation and has done more to protect low income families, African American and Hispanic students, and children with unique abilities.

Utilizes progress monitoring (PM) to empower educators, parents, and most importantly students to a level never seen before.

F.A.S.T. TIMELINE

Voluntary variety of PMs
Last accountability pre-transition

2023-2024
