Scott A. Rivkees, M.D. State Surgeon General

Dr. Scott A. Rivkees, Florida's Surgeon General, is focused on protecting, promoting and improving the health of everyone who calls Florida home. As Surgeon General, Dr. Rivkees also serves as state health officer for the Florida Department of Health. In

this capacity, he oversees the operations of the state health office in Tallahassee, 67 county health departments, 22 area offices for the Division of Children's Medical Services, 12 regional offices for the Division of Medical Quality Assurance, nine area offices for the Division of Disability Determinations and three public health laboratories.

Dr. Rivkees has committed his career to building a culture of health that can help each adult and child in Florida live a long and healthy life.

Before his tenure as Florida's Surgeon General, Dr. Rivkees served as chair of the department of pediatrics at the University of Florida College of Medicine and physician-in-chief of UF Health Shands Children's Hospital, part of UF Health Shands Hospital and the University of Florida's Academic Health Center. He also served as academic chair of pediatrics at Orlando Health and the University of Florida College of Medicine pediatric chair at Studer Family Children's Hospital at Sacred Heart in Pensacola.

Dr. Rivkees is a graduate of Rutgers University and the University of Medicine and Dentistry of New Jersey. He received residency, fellowship and postdoctoral training and served as faculty at Massachusetts General Hospital and Harvard Medical School. Before moving to Florida, Dr. Rivkees served as professor of pediatrics with tenure at Yale University. As associate chair for research he started and directed the Yale Pediatric Thyroid Center, one of the first of its kind in the United States.

Dr. Rivkees has worked with the National Institutes of Health and the U.S. Food and Drug Administration on drug safety issues. He was responsible for the safety alert on liver toxicity caused by the antithyroid drug propylthiouracil. This led to major international treatment practice changes. For his effort, he was recognized as the 2018 recipient of the American Thyroid Association's Paul Starr Award.

During his career, Dr. Rivkees has been named as "One of America's Best Doctors," "One of America's Top Pediatricians" and "One of New York's Best Doctors." He is a member of the American Society for Clinical Investigation, the Connecticut Academy of Science and a fellow of the American Academy for the Advancement of Science. Dr. Rivkees is also a recipient of the Pioneer Award from CARES and the Special Service Award from the American Academy of Pediatrics.

Dr. Rivkees has had more than 30 years of continuous research funding from the National Institutes of Health. He has more than 250 publications.

He is currently chair of the Board of Scientific Counselors for the Eunice Kennedy Shriver National Institute of Child Health and Human Development. He is past chair of the Advocacy Committee of the Association of Medical School Pediatric Department Chairs, past treasurer of the Florida Chapter of the American Academy of Pediatrics and past member of the Pediatric Policy Council.

## Florida's COVID-19 Response Updates

Senate Select Committee on Pandemic Preparedness and Response January 14, 2021

Scott A. Rivkees, MD State Surgeon General Florida Department of Health

## COVID-19

- More severe in older individuals
- More severe with medical conditions
  - Cancer
  - Chronic kidney disease
  - COPD (chronic obstructive pulmonary disease)
  - Down Syndrome
  - Heart conditions
  - Immunocompromised state (weakened immune system)
  - Obesity
  - Sickle cell disease
  - Diabetes mellitus

Source: www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-with-medical-conditions.html

## Florida 2020\*: ~21.6 million residents

20% - Ages 0-17

59% - Ages 18-64

21% - Ages 65+

~4.5 million 65 and older – #2 state rank per capita~

# COVID-19 Cases Summary\*

**Total Cases: 1,531,253** 

Resident Cases: 1,503,591

Resident Deaths: 23,550

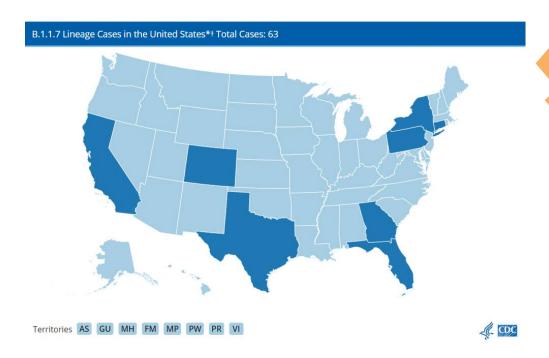

Compared to other states, Florida

ranks 28th in cases and 22nd in deaths

# **New COVID-19 Variants**

- Viruses mutate
- New variant from UK: B1.1.7
- <0.5% of cases in US
- More transmissible
- Not more virulent
- Targeted by current vaccines
- Centers for Disease Control and Prevention (CDC) and Florida Department of Health (FDOH) monitoring
- Mitigation strategies

Source: www.cdc.gov/coronavirus/2019-ncov/transmission/variant.html (1/8/21)

# FLORIDA COVID-19 RESPONSE

# **Emergency Response Partners**

Mission to Care. Vision to Lead.

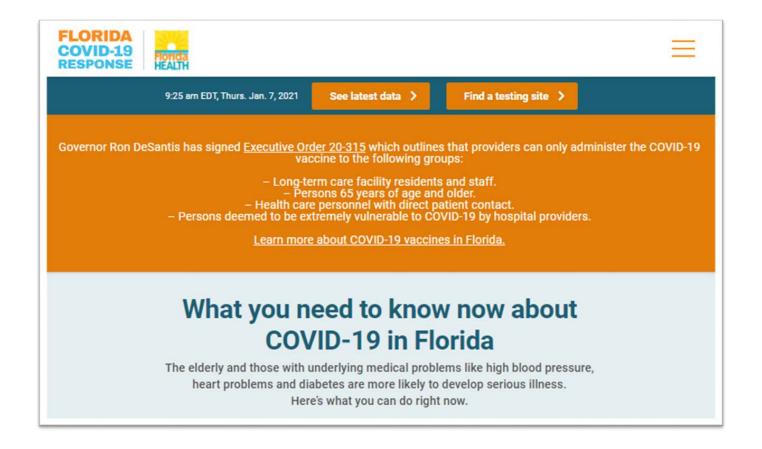

# Mitigation Strategies

- Public Messaging: Website, social media
- Mask distribution
- Supporting Schools: K-12, colleges and universities
- Launched youth campaign
- Disseminating information through the Office of Minority Health and Health Equity
- Partnering with local Chambers of Commerce
- Partnering with faith-based organizations
- Issued three public health advisories

## Website and Social Media

# **Testing**

- Number of tests reported to FDOH: 23,412,691
  - o PCR: 19,837,335
  - o Antigen: 3,575,356
- State-supported testing sites: More than 2 million tested to date
- State-supported long-term care facility testing: 1.2 million staff and residents tested
- FDOH Bureau of Public Health Laboratories
  - o Antibody = 694
  - $\circ$  PCR = 434,995
- BinaxNOW rapid tests

# **Elderly and Vulnerable Protection**

- 695 skilled nursing facilities and 3,128 assisted living facilities:
   ~150,000 residents
- Visitor screening and restrictions
- Mask use among staff
- Surveillance testing of staff
- Strike Teams
- Personal protective equipment (PPE) distribution
- Pharmacy Partnership for Long-Term Care Program with CVS and Walgreens

## **Public Health Advisories**

- March 25, 2020: Protective Measures for Vulnerable Populations, Gatherings of Private Citizens and Density of the Workforce
- June 22, 2020: Updated Measures to Ensure Protection of Public Health in Response to COVID-19
- July 21, 2020: Updated Measures to Ensure Protection of Public Health in Response to COVID-19

# Hospitals

- ~66,000 licensed hospital beds, ~6,500 intensive care unit beds
- Monitoring hospital status: Emergency Status System, Agency for Health Care Administration
- Stockpiled ventilators
- Supported staffing upon request
- Provided PPE through the Florida Division of Emergency Management (FDEM)
- Augmented hospital testing supplies
- Provided COVID-19 vaccines

# **Personal Protective Equipment**

### FDEM distributed:

- More than 78 million masks
- More than 21 million gloves
- More than 6.3 million gowns
  More than 2 million face shields
- More than 1.2 million shoe covers
- More than 112,000 goggles
- Nearly 80,000 coveralls

## For long-term care facilities alone, FDEM distributed:

- 15 million masks
- 5 million gloves
- 3 million gowns
- 500,000 face shields

## Remdesivir

- Antiviral medication: U.S. Food and Drug Administration (FDA)
   Emergency Use Authorization (EUA)
- Federal program began on May 1, 2020
- Reduces illness severity
- For hospitalized patients
- >100 hospitals in state
- >200,000 doses were distributed for use

## **Monoclonal Antibodies**

- Eli Lily, Regeneron FDA EUA
- Federal program, 300,000+ doses of each
- Reduces hospitalization risk for 65 years of age and older or medically at risk
- Outpatient therapy: 60 min intravenous infusion
- >100 hospitals in state
- 22,194 doses of bamlanivimab received
- 9,645 doses of Casirivimab/imdevimab received

## **COVID-19 Vaccines**

### Two COVID-19 vaccines with FDA EUA

- mRNA vaccines
- December 11, 2020 Pfizer-BioNTech
  - Ages 16 years and older
  - Two doses, 21 days apart
  - Requires ultra-low-temperature storage
- December 18, 2020 Moderna
  - Ages 18 and older
  - Two doses, 28 days apart
  - Requires frozen vaccine storage

## **COVID-19 Vaccine Distribution Process**

Federal government sets vaccine allocations

States order vaccines weekly

Federal government ships to vaccine providers

Vaccine providers may transfer vaccines to other vaccine providers

# **COVID-19 Vaccine Distribution**

| COVID-19<br>Vaccine | Week 1 | Week 2  | Week 3  | Week 4 | Week 5 |
|---------------------|--------|---------|---------|--------|--------|

<sup>\*</sup>Second doses of 222,300 not included Data as of 1/11/21

# COVID-19 Vaccine Eligible Populations and Providers

| Eligible Populations Under Executive Order 20-315                     | Primary Vaccine Providers                | Additional Vaccine Providers   |
|---|--|--|
| Long-term care facility residents and staff                           | CVS and Walgreens                        | FDOH and FDEM  |
| Persons 65 years of age and older                                     | CHDs                                     | Hospitals and other community health care providers, including FQHCs |
| Health care personnel with direct patient contact                     | Hospitals and COVID-19 vaccine providers | CHDs and other community providers, including FQHCs                  |
| Persons deemed extremely vulnerable to COVID-19 by hospital providers | Hospital providers                       |  |

## **COVID-19 Vaccination Roll-Out**

## Week One: 179,400 first doses

- Five pilot hospitals received an allocation of the Pfizer vaccine shared with neighboring hospitals
- Vaccinated staff and residents at more than 100 facilities in Pinellas and Broward counties in 6 days

## Week Two: 495,625 first doses

- Florida received the first shipment of the Moderna vaccine sent to more than 170 hospitals
- Pharmacy partners begin LTCFs vaccination
- December 23, Governor DeSantis signs an executive order to give next vaccination priority to seniors age 65 and older

## Week Three: 289,925 first doses

- Vaccine sent to all 67 county health departments. Begin to vaccinate those 65+ years of age
- Moderna and Pfizer vaccine sent to more than 50 additional hospitals

# COVID-19 Vaccination Roll-Out, Continued

## Week Four: 253,350 first doses

- State-supported COVID-19 testing sites offering COVID-19 vaccines
- First site: Miami Hard Rock Stadium 1,000 appointments per day
- Seven faith-based locations in underserved communities 500 doses of the vaccine per site
- Hired 1,000 contract nurses to support vaccination efforts
- FDEM to assume additional responsibilities regarding the administration of vaccines in more than 3,000 assisted living facilities
- Publix Supermarkets established COVID-19 vaccination sites at 49 stores in eight counties
- COVID-19 vaccines distributed to 226 hospital locations
- More than 60 vaccination sites opened in partnership with local communities and hospitals
- Federal qualified health centers receive and begin vaccination

## Week Five: 254,825 first doses

- Expansion of state-supported COVID-19 testing sites offering COVID-19 vaccines
- Expansion of Publix Supermarket program

## Vaccine Resources

- FDOH COVID-19 Vaccine Report Available at <u>FloridaHealthCOVID19.gov</u>
- FDOH COVID-19 Vaccines in Florida Webpage
  - Webpage available in English, Spanish and Haitian Creole.
- FDOH COVID-19 Vaccine Infographics
  - Infographics are available in Spanish and Haitian Creole.
- CDC COVID-19 Vaccination Communication Toolkit
- CDC COVID-19 Vaccines Webpage
- FDA COVID-19 Vaccines Webpage
- FDA Pfizer-BioNTech COVID-19 Vaccine
  - Fact sheets available in multiple languages.
- FDA Moderna COVID-19 Vaccine
  - Fact sheets available in multiple languages.

# Thank you

### **BIOGRAPHIES**

Mary Mayhew
President and CEO
Florida Hospital Association

Mary Mayhew is the president and CEO of the Florida Hospital Association, the state's largest hospital association representing more than 200 hospitals across the state.

Mayhew's more than 30-year career spans public and private sector roles, from Maine to Florida, and combines experience and expertise in government relations, executive leadership, regulatory oversight, public affairs, and public policy.

Prior to joining FHA, Mayhew led the state's Agency for Health Care Administration under Governor Ron DeSantis. During her tenure, she was instrumental in leading the state's response to the COVID-19 pandemic. She also spearheaded a number of initiatives to support increased accountability for improved healthcare outcomes for the more than 4 million Medicaid enrollees and to promote integrated care coordination.

Mayhew joined AHCA from the U.S. Department of Health and Human Services where she served as Deputy Administrator and Director of the Center for Medicaid and CHIP Services, overseeing the more than \$375 billion Medicaid program.

Mayhew also served for more than six years as the commissioner of the Maine Department of Health and Human Services, where she advanced comprehensive health homes, Medicaid Accountable Community Organizations, integrated behavioral health homes, and efforts to improve access to substance use disorder treatment in primary care practice settings. She also implemented a number of best practices to promote a team-based approach to decision-making in child-welfare using nationally recognized evidence-based models.

Her private sector roles include 11 years with the Maine Hospital Association as vice president of government relations where she advocated for policies that supported hospitals and the patients and communities they serve. Mayhew also was a partner in the public affairs firm of Hawkes & Mayhew, based in Augusta, Maine, and managed state government relations for the Equifax Corporation in Atlanta, Georgia.

Mayhew's career in public service and advocacy started early. At 17, she moved to Washington, D.C. to become a Congressional page and finish high school. After college, she served as the legislative assistant in Washington, D.C. for Arkansas Representative William Alexander's Washington, D.C. office.

Mayhew is a native of Pittsfield, Maine. She is a graduate of the University of Arkansas with a bachelor's degree in political science.

Aurelio M. Fernandez, III, FACHE
President and Chief Executive Officer
Memorial Healthcare System – Hollywood, FL

Aurelio M. Fernandez, III, FACHE has been President and Chief Executive Officer for Memorial Healthcare System since March 2016. Mr. Fernandez joined Memorial

Hospital Miramar as its CEO in 2007, and in 2012 was promoted to Executive Vice President and Chief Operating Officer for Memorial Healthcare System. Prior to joining Memorial, Mr. Fernandez worked at Tenet Healthcare Corporation in a variety of roles from Executive Director of Tenet Physician Services to CEO of Hialeah Hospital and Florida Medical Center. Mr. Fernandez has been an active member of the South Florida healthcare community for over 40 years and is the immediate past Chair and current member of the Board of Trustees of the Florida Hospital Association and serves on the Boards of the Safety Net Hospital Alliance of Florida and Catholic Health Services. He is also a member of the Broward Workshop. Mr. Fernandez additionally was appointed to serve on the Transition Advisory Committee for Health and Wellness for Governor Ron DeSantis in 2018.

Stanley W. Marks, MD, FACS
Retired Senior Vice President
and Chief Medical Officer
Memorial Healthcare System

Stanley W. Marks, MD, FACS, served for more than 22 years as Senior Vice President and Chief Medical Officer of Memorial Healthcare System, a public, nonprofit hospital system nationally recognized for providing outstanding patient- and family-centered care.

Dr. Marks first joined Memorial in 1978 as a general and vascular surgeon after completing his Chief Residency at University of Miami/Jackson Memorial Hospital. Practicing privately as a general and vascular surgeon, he continued to serve Memorial in part-time medical staff leadership positions until he transitioned to the full-time position of Memorial's Assistant Director of Medical Affairs in 1995.

Appointed Chief Medical Officer in 1998, Dr. Marks became responsible for all medical staff functions, including credentialing, performance improvement, clinical effectiveness, quality & patient safety, clinical strategic planning, physician recruitment, implementation of the Electronic Medical Record System and bylaw development and implementation – spearheading the creation of standardized medical staff bylaws governing all of Memorial's six acute-care hospitals.

Dr. Marks founded and oversaw Memorial's Office of Human Research and Memorial's Graduate Medical Education and Undergraduate Medical Education programs. Thanks to his leadership in establishing these programs, Memorial evolved from one of the nation's largest nonprofit, community healthcare systems into the large, high-quality, independent academic medical center it has become.

A native of New York City, Dr. Marks earned his bachelor's degree in biology from C.W. Post College of Long Island University in 1969, and his medical degree with honors from Howard University College of Medicine, Washington, DC, in 1973.

# COVID Statewide Data Summary Executive Summary 01/13/2021 10:30 AM

### **Overview/Analysis**

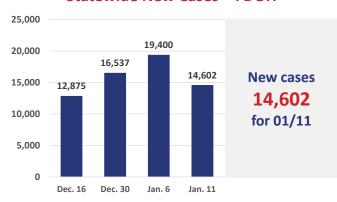

Data collected and analyzed is from the Florida Department of Health (FDOH), Centers for Disease Control and Prevention (CDC), and the Florida Hospital Association (FHA).

The overall trend for the last 21 days indicates an increase in all categories (new cases, positivity rate, and hospitalizations), although these numbers are short of those experienced during the peak in July. Hospitals have existing licensed capacity (30% statewide) to provide care to COVID-19 and non-COVID-19 patients. This does not include surge capacity beds.

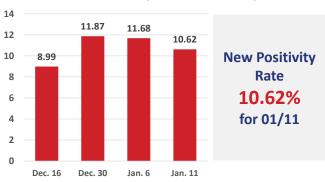

### Total number of vaccinations given - FDOH:

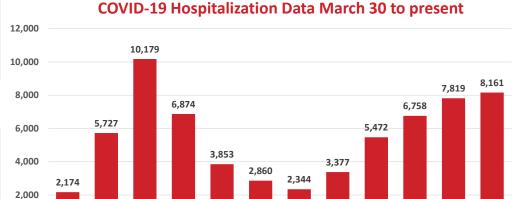

**648,353** as of 01/11/2021 Increase of 60,397 from 01/10/21

### Statewide New Cases – FDOH

### Statewide Positivity Rate-FDOH (percent)

Hospitalizations are increasing with a new total of 8,161. Up 4.4% from previous week and up 49% from four weeks ago. Only 80% of peak total of 10,179 on 7/23.

### **Hospital Capacity**

15-Nov

Hospital capacity data shows varied changes since 12/1. These changes are reflective of hospitals staffing towards licensed capacity. Licensed capacity has continued to reduce although 30% statewide remains.

| ICU Bed<br>Availability % | 01/07 | 01/08 | 01/09 | 01/10 | 01/11 | 01/12 | 01/13 |
