MEMORANDUM

To: All Senators
From: Kelli Stargel
Subject: Important Information Re: Consent Agenda for Monday, February 28
Date: February 23, 2022

We have 60 bills on the agenda for Monday's meeting of the Committee on Appropriations, including several bills that have seen a great deal of public testimony at prior committee stops. In an effort to expedite a portion of our work, I have developed a consent agenda for your review.

The following criteria were used to develop the consent agenda:

- The bill must have been reported favorably by all prior committees of reference, without any "no" votes.
- The bill must have minimal or no fiscal impact, based on staff analysis.
- The bill must not require amendment. If an amendment is necessary, the sponsor is responsible for contacting the committee in advance to request that the bill be pulled from the consent agenda.

The following expedited process will be used to consider bills on the consent agenda.

- The consent agenda will appear as a separate part of the committee agenda, which will be considered following the disposition of all other bills.
- Each bill will be very briefly explained by the sponsor, appearance cards will be read into the record, and a roll call vote will be taken.
- Any member of the committee may object to the consideration of a bill on the consent agenda. Objections must be submitted in writing to the Committee Administrative Assistant, Alicia Weiss, in advance of the committee meeting. Ms. Weiss can be reached via email at Alicia.Weiss@LASPBS.STATE.FL.US.
- Public testimony for bills on the consent agenda will be in the form of appearance cards read into the record. As outlined above, any Senator may request that the bill be pulled from the consent agenda.
