

SENATOR **BRIAN NATHAN**

SD 14

FIND OUT WHAT YOUR SENATOR HAS BEEN DOING FOR YOU.

Dear District 14,

My job is to help you. Thank you for being here, it's an honor to serve you to the absolute best of my ability. Everyday, I'm working towards lowering living expenses, supporting your children's education, and engaging in affordable healthcare initiatives. Together we can create a community based on real people making real changes.

Brian Nathan

Father, Navy Veteran, Union Man.

Elected through Special Election this past March, State Senator Brian Nathan (D14) believes that his loyalty lies in the people he represents; which is why he shows commitment through action. Already, the Senator has toured new education construction, supported healthcare expansions, spoken out against illegal congressional redistricting at the Special Session, and more.

SENATOR NATHAN ON PROPERTY TAX CUT AMENDMENT HJR 1F

“This proposal only helps Governor DeSantis and Tallahassee politicians consolidate more power. By blowing a massive hole in local budgets, the state is forcing cities and counties to become the bad guys when services are cut or costs go up. Then Tallahassee gets to point the finger at local governments while making them come begging to the state for trust fund dollars.” - Senator Nathan.

EDUCATION

Thanks to the help of JE Dunn Construction and the Hillsborough County School District, Senator Nathan took a guided tour of the newest public middle school currently under construction in Wimauma, FL. Since he also works as an electrician, the Senator even brought his own safety goggles!

HEALTHCARE

Senator Nathan happily attended AdventHealth Carrollwood's expansion ceremony highlighting its new six-story patient tower. The Senator supports the new facilities desire to relieve patient capacity restraints, expand surgical and specialty care, and improve quality of care across the county. The new project is a \$214 million dollar investment back into Hillsborough County communities.
