SEPTEMBER IN DISTRICT 14

This September might have been one of our busiest months yet. This month, we got out of the office and into our community! From the hospitals to the schools of District 14, we really wanted to focus on participation within our communities. **Most importantly**, we paid tribute to the heroes of 9/11 and the heroes who live right next door.

THE NICU READ-A-THON

We were absolutely thrilled to be invited to St. Josephs to read to the infants in the NICU. The Read-A-Thon encourages early developmental literacy and provides babies with a few new visitors wishing them well!

USF'S UPTOWN LANDING

Uptown Landing is USF's new spot for all things university, travel, retail, and sports. Located just near their new stadium, we were able to break ground on this incredible space. Our office is looking forward to watching it grow!

TOUR OF WEDU PBS

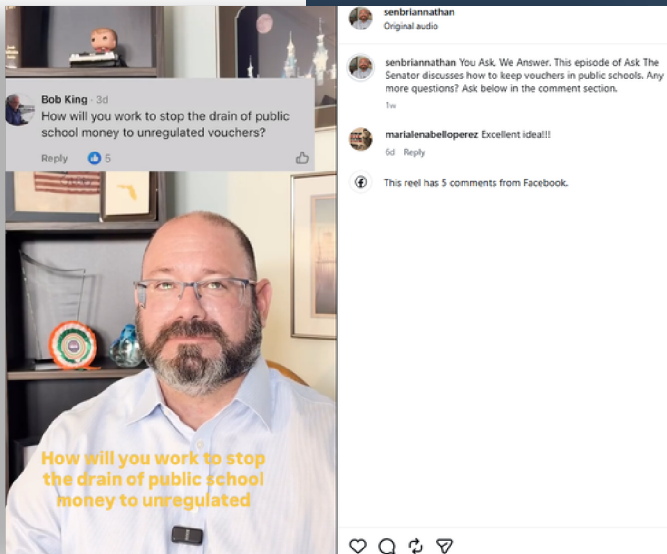

We visited Sesame Street for a tour of WEDU PBS's facilities. Beautiful studios, fun friends, and a commitment to informing and engaging in community is what WEDU is all about. At our office, we believe the free press is a vital part of how we stay informed on not just District 14, but the world around us.

ASK THE SENATOR - VOUCHER EDITION

Check out our social media to see what Senator Nathan has to say about vouchers STAYING in public schools.

@senbriannathan

Wore our red shoes on 9/9 to raise awareness on FASD!

HONORING 9/11

We spent a beautiful morning remembering the fallen heroes of 9/11. After 25 years, we still remember the courage it took for Americans of all backgrounds, occupations, and lives to run straight into the crisis and help save lives.

HONORING MAX, TYLER, AND TESS OF LENNARD HS JROTC

These three heroically stepped in and performed life saving measures after an incident outside of school grounds left a student with stab wounds. Cadets — you represent us, your county, your country, and the Great State of Florida with pride and we are so incredibly proud of you!
