Interim Committee weeks have come to an end and we're ready to welcome the 2023 Legislative Session on March 7th!

In February, the Florida Legislature convened in Special Session where we passed Senate Bill 2-B which will provide emergency loan funding to communities impacted by Hurricanes Ian and Nicole.

We also passed Senate Bill 8-B which removes from Florida Statutes provisions that are already addressed in, or more restrictive than, NCAA rules governing the compensation for the use of a student-athlete's Name, Image, and Likeness.

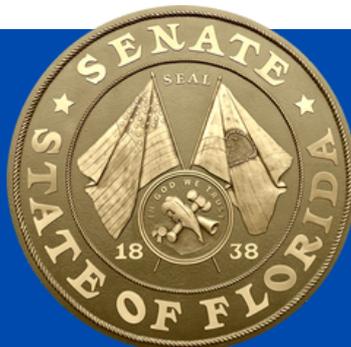

Thank you to everyone who visited throughout February's committee weeks. It's always a pleasure seeing everyone and learning about what our communities need around Florida.

**Sincerely,**

**Senator Ana Maria Rodriguez**

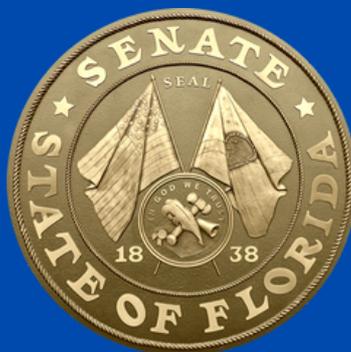

**Enjoyed speaking to Javier Romero on Univision 23's Contigo. In this edition we covered the upcoming Legislative Session which begins March 7th. Thank you Javier and Univision for having me.**

**Honored to receive the 2022 A+ Policy  
Champion Award from Americans for  
Prosperity. Thank you for your kindness  
and for recognizing my work in fighting  
for all Floridians.**
