August marked the beginning of the school year both Miami-Dade and Monroe County students in District 40. My family and I would like to wish our students, teachers, faculty and staff a great new school year.

September 1st - 7th Florida is celebrating a Tool Time Tax Holiday passed by this year's Legislature. Take advantage and upgrade your toolbox.

Have a great September!

Sincerely,
Senator Ana Maria Rodriguez

STATE SENATOR ANA MARIA RODRIGUEZ DENOUNCES FORMER CUBAN COMMUNIST PARTY MEMBER FROM ENTERING THE UNITED STATES

MIAMI, Fla.- On Wednesday, August 21, 2024, I was notified that an individual who was a member of the Cuban Communist Party recently arrived in the United States. They held a position in the party's Central Committee and served as the secretary of the party in Cienfuegos.

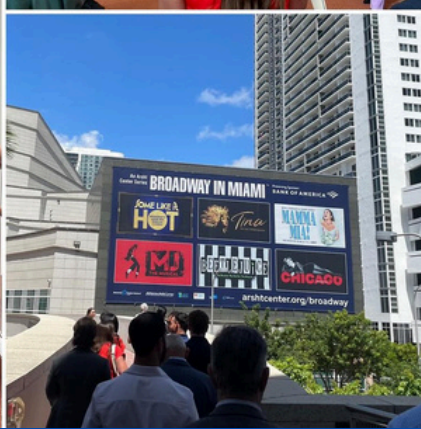

I formally denounce this individual, along with any others, who have committed crimes under the communist regime from entering the United States. It is with great concern that I emphasize the importance of barring these individuals from our great nation, as their previous actions are inconsistent with our principles. For decades, Cubans living under the regime have been ripped of their rights and freedoms. It is unjust that we allow their oppressors to live alongside those who have fled the country and found peace in the United States.

I strongly encourage the Department of State to take the appropriate actions to prevent this individual from obtaining refuge, as it is our collective responsibility to protect the people of Florida and beyond.
