Week Four!

Dear Residents,

As week four of the 2024 Legislative Session comes to a close, I am excited to share some highlights from the Florida Capitol!

This Tuesday, Faith in Florida hosted their 2024 Faith in Florida Day at the Capitol! During their visit, Faith in Florida sat in on committee meetings, engaged with elected officials, and joined me for a press conference advocating for legislation they support, [SB 1446 - Access to Contraception](#). As the Central Broward Organizer for Faith in Florida, I take great pride in being part of an organization where dedication to faith in action remains paramount.

I am also pleased to share that two of our bills passed through their committees! [SB 1688 - Career-Themed Courses](#) and [SB 350 - Cold Case Murders](#), passed unanimously through their respective committees, Commerce and Tourism and Criminal Justice. SB 1688 requires school districts to inform middle school students and parents of career and technical education opportunities. SB 350 allows local agencies to work on cold cases if they have the resources or turn them over to the Florida Department of Law Enforcement if they can't work the case. This accomplishment marks a milestone in efforts to address the concerns and priorities regarding the residents of Florida.

As the 2024 Session ensues, I'll continue sharing weekly updates straight to your inbox, with valuable information on our progress and highlighting critical developments in the legislative process.

I am grateful for the opportunity to represent you, and I am confident that, together

with my colleagues, we can make a positive impact on the lives of Floridians. Stay tuned for further updates and thank you for entrusting me with the responsibility of shaping a better future for our great state!

Committee Highlights

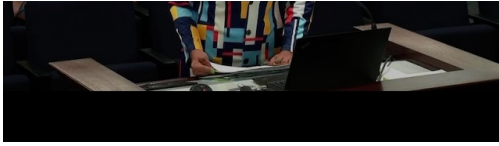

This week, [SB 1688 - Career-Themed Courses](#) and [SB 350 - Cold Case Murders](#), passed unanimously through their respective committees, Commerce and Tourism and Criminal Justice!

[SB 1688 - Career-Themed Courses](#) mandates that school districts must notify middle school students and their parents about available career and technical education opportunities. Additionally, it obligates school districts to develop strategies for promoting and informing students about career and technical education programs. By mandating districts to inform students about career options and promoting technical education programs, the bill ensures a more informed student body. It focuses on making information accessible and allowing every student to explore diverse career possibilities.

[SB 350 - Cold Case Murders](#) allows local agencies to work on cold cases if they have the resources or turn them over to the Florida Department of Law Enforcement if they can't work the case. While this may not generate an end to the loss suffered by families, it does create the possibility of new leads and may lead to an arrest.

Faith in Florida Day at the Capitol!

On Tuesday, January 30, we celebrated Faith in Florida Day at the Florida Capitol! Faith in Florida, an interfaith organization, actively advocates for civil rights restoration, immigration, and healthcare expansion.

Participants from Faith in Florida took the opportunity to attend committee meetings, interact with elected officials, and join me in a press conference supporting legislation they endorse—specifically, [SB 1446 - Access to Contraception](#)! In my role as the Central Broward Organizer for Faith in Florida, I am immensely proud to be a part of organization that places an emphasis on turning faith into meaningful action.
