	<u>HB 5001</u>		<u>SB 2500</u>	
75				75
76	From the funds in Specific Appropriation 1604, the Citrus Research and Development Foundation Inc., shall hold quarterly public meetings at locations that best represent all geographic regions of the state with an emphasis on citrus production. The public meetings shall include in-depth reporting on the results of non-confidential completed research projects, current research and planned research projects on citrus disease, including but not limited to, citrus canker and citrus greening. Scientists, growers, industry representatives, and Citrus Research and Development Foundation administrators must be represented at the public meetings. Public meetings shall provide the opportunity for public input, questions, and comments.		From the funds in Specific Appropriation 1604, \$200,000,000 from the General Revenue Fund shall be transferred to the Citrus Research and Development Foundation Inc., in consultation with the Department of Citrus, to issue a request for proposal to conduct large-scale, field trials that demonstrate the impact of utilizing a combination of management and therapeutic tools for plantings and the rehabilitation of existing trees, including, but not limited to, grove design, planting preparation, pest management, disease management, individual protective covers and, post planting production practices which promote increased production of citrus. During the initial solicitation period, a minimum of \$140,000,000 shall be made available for costs directly associated with the acquisition and planting of trees.	76
77				77
78			During the initial solicitation period, at least 60 percent of the appropriated funds shall be made available to growers who, for property tax purposes, have citrus groves greater than or equal to five acres, but less than 2,500 acres. After the initial solicitation distribution, remaining funds are available to all growers. A maximum of two percent of funds provided under the request for proposal for large-scale, science-based, grower driven field trials may be used by the entity administering the program for direct operational and staffing costs.	78
79				79
80			From the funds in Specific Appropriation 1604, the Citrus Research and Development Foundation Inc., shall hold quarterly public meetings at locations that best represent all geographic regions of the state with an emphasis on citrus production. The public meetings shall include in-depth reporting on the results of non-confidential completed research projects, current research and planned research projects on citrus disease, including but not limited to, citrus canker and citrus greening. Scientists, growers, industry representatives, and Citrus Research and Development Foundation administrators must be represented at the public meetings. Public meetings shall provide the opportunity for public input, questions, and comments.	80

	<u>HB 5001</u>		<u>SB 2500</u>	
650	From the funds in Specific Appropriation 1978, \$2,000,000 in nonrecurring funds from the General Revenue Fund are provided to expand existing management and contractual removal of Burmese Pythons and other priority nonnative fish and wildlife. Funds may also be used for research and to assess risk and the efficacy of control efforts, and for the development and implementation of innovative technologies and techniques as approved by the Fish and Wildlife Conservation Commission. Innovative technologies shall include the use of artificial intelligence enabled python trapping networks to lure and segregate invasive pythons from non-invasive species. Funds may also be used for publicly procured nonnative snake control contracts to implement these innovative technologies.		From the funds in Specific Appropriation 1978, \$2,000,000 in nonrecurring funds from the General Revenue Fund are provided to expand existing management and contractual removal of Burmese Pythons and other priority nonnative fish and wildlife. Funds may also be used for research and to assess risk and the efficacy of control efforts, and for the development and implementation of innovative technologies and techniques as approved by the Fish and Wildlife Conservation Commission. Innovative technologies should include the use of artificial intelligence enabled python trapping networks to lure and segregate invasive pythons from non-invasive species. Funds may also be used for publicly procured nonnative snake control contracts to implement these innovative technologies. The department shall submit an annual report to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Budget Committee specifying the expenditures and research activities for the removal of Burmese Pythons and other priority nonnative fish and wildlife.	650
651				651
652	From the funds in Specific Appropriation 1978, \$2,120,000 in nonrecurring funds from the General Revenue Fund are provided for the removal of Green Iguanas and the Argentine Black and White Tegus.			652
653				653
654	The department shall submit an annual report by February 1, 2027, to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Budget Committee, and the Executive Office of the Governor's Office of Policy and Budget specifying the expenditures and research activities for the removal of Burmese Pythons, Green Iguanas, and the Argentine Black and White Tegus, and other priority nonnative fish and wildlife.			654

House Agriculture and Natural Resources Budget Subcommittee
Implementing Bill**

Line	Description	HB 5003 Section	SB 2502 Section	House	Senate
1	DACS BUDGET AMENDMENTS. Authorizes the Department of Agriculture and Consumer Services (DACS) to submit a budget amendment to increase budget authority to support the National School Lunch Program.	74	87	Similar	Similar
2	LAND ACQUISITION TRUST FUND LOAN. Amends s. 215.18, F.S. to authorize loans to land acquisition trust funds (LATF).	75	73	Similar	Similar
3	DISTRIBUTION OF FUNDS FROM THE LAND ACQUISITION TRUST FUND (LATF) WITHIN THE DEPARTMENT OF ENVIRONMENTAL PROTECTION TO OTHER AGENCIES' LATF. Provides that, in order to implement specific appropriations from the LATFs within the DACS, the Department of Environmental Protection (DEP), the Fish and Wildlife Commission (FWC), and the Department of State, the DEP will transfer a proportionate share of revenues in the LATF within the DEP on a monthly basis, after subtracting required debt service payments, to each agency and retain a proportionate share within the LATF within the DEP. Total distributions to a LATF within the other agencies may not exceed the total appropriations for the fiscal year. The section further provides that the DEP may advance funds from the beginning unobligated fund balance in the LATF to LATF within the FWC for cash flow purposes.	76	74	Similar	Similar
4	FLORIDA FOREVER. Amends s. 259.105(3), F.S. to notwithstanding the Florida Forever statutory distribution and authorizes the distributions as provided in the GAA.	N/A	75	N/A	
5	PER-AND POLYFLUOROALKYL (PFAS) SUBSTANCES. Extend current requirements that the DEP adopt by rule statewide cleanup target levels for PFAS in drinking water, groundwater, and soil if the U.S. Environmental Protection Agency has not finalized standards by January 1, 2027.	77 & 78	76 & 77	Similar	Similar
6	INLAND PROTECTION TRUST FUND. Amends s. 376.3071(13)(i), F.S., to notwithstanding the requirements of the program relating to deductibles, copayments, and monetary caps for the Petroleum Cleanup Participation Program.	79	N/A		N/A
7	INLAND PROTECTION TRUST FUND. Amends s. 376.3072, F.S., to notwithstanding the requirements of the Florida Petroleum Liability and Restoration Insurance Program.	80	N/A		N/A
8	INLAND PROTECTION TRUST FUND. Reenact s. 376.3071(15)(g), F.S., as it relates to the ethanol or biodiesel damage.	81 & 82	78 & 79	Similar	Similar
9	DEPARTMENT OF CITRUS. Provides that, notwithstanding ch. 287, F.S., the department is authorized to enter into agreements to expedite the increased production of citrus trees that show tolerance or resistance to citrus greening.	N/A	80	N/A	
10	STAN MAYFIELD WORKING WATERFRONT PROGRAM. Amend s. 380.5105, F.S., to clarify that grants under the program may be awarded for capital expenditure projects to support the commercial and marine aquaculture industries.	83 & 84	81 & 82	Similar	Similar
11	DERELICT VESSELS. Authorizes the FWC to use funds appropriated for derelict vessel removal for grants to local governments to remove such vessels themselves or to pay private contractors for the removal.	85	83	Similar	Similar
12	WATER QUALITY IMPROVEMENT GRANT PROGRAM. Notwithstanding ss. 403.0673 and 403.890, F.S., allows water initiatives funded in the GAA to be included in the grant program.	86	84	Similar	Similar
13	LATF - DEP. Amends s. 375.041(3)(B), F.S., to provide that the distribution of the LATF shall be provided in the GAA.	N/A	85	N/A	
14	CITRUS TREE PROPAGATION. Notwithstanding ch. 255, F.S., allows the DACS to administer a program to expedite the expansion of citrus tree propagation.	N/A	86	N/A
