d. What are the direct services to be provided to citizens by the appropriations project?

Citizens are able to access aerial photography on a statewide basis. Greater accuracy and equity in assessments in the named counties.

e. Who is the target population served by this project? How many individuals are expected to be served?

The target population is Bradford, Wakulla, Levy, Suwannee, Gadsden and Jackson counties. The total population is 220,000.

f. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The method for measuring level of benefit would be qualitative and reflected in better accuracy of assessments and property identification. Because the aerial photography is oftentimes shared with other local governmental entities, level of benefit would be reflected in 911 programs, emergency management, planning and zoning, and building departments.

g. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

None
