11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Project is intended to protect water quality within the Wekiva River Basin Watershed.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The project is intended to provide a permanent solution to the sanitary facilities for the sports complex's diverse patrons in an under-served community adjacent to school facilities and improve water quantity and quality within the Wekiva River Basin.

c. What are the direct services to be provided to citizens by the appropriations project?

The project is intended to provide a permanent solution to the sanitary facilities for the sports complex's diverse patrons in an under-served community adjacent to school facilities.

d. Who is the target population served by this project? How many individuals are expected to be served?

The general public, over 250,000 individuals annually.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The outcome is to develop and maintain a more high-quality, efficient and reliable wastewater management system. Lake County Needs Assessment and the adopted county-wide Parks, Recreation & Trails Master Plans will be used to measure the performance data.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The contracting agency may consider liquidated damages for failing to meet deliverables or performance measures.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

Lake County Board of County Commissioners.
