11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Aerial photography for counties with a population less than 50,000 (Baker, Hardee, Desoto and Hendry counties)

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The Department of Revenue, in conjunction with property appraisers in Baker, Hardee, Desoto and Hendry counties will be able to obtain aerial photography

c. What are the direct services to be provided to citizens by the appropriations project?

Citizens are able to access aerial photography on a statewide basis. Greater accuracy and equity in assessments in the named counties.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is Baker, Hardee, Desoto and Hendry counties. Population served is 124,000

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The method for measuring level of benefit would be qualitative and reflected in better accuracy of assessments and property identification. Because the aerial photography is oftentimes shared with other local governmental entities, level of benefit would be reflected in 911 programs, emergency management, planning and zoning, and building departments.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

N/A

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
