**11. Program Performance:**

**a. What is the specific purpose or goal that will be achieved by the funds requested?**

The requested funds will allow the students to utilize the space for dining and multipurpose use for the current population at Tolar School.

**b. What are the activities and services that will be provided to meet the intended purpose of these funds?**

These funds will allow for the students and staff to utilize the space for dining and will be able to hold programs in the new dining and multipurpose area. Due to the increase in student stations, the current cafeterium is not adequate for the number of enrollment at Tolar School.

**c. What are the direct services to be provided to citizens by the appropriations project?**

The direct services will be provided to citizens due to hardening the dining and multipurpose area during emergency shelter needs.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

Tolar School students will be the targeted population and general public during emergency shelter needs. Approximately 8200 citizens will be served.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

These funds will allow for the students and staff to utilize the space for dining and will be able to hold programs in the new dining and multipurpose area. The citizens of Liberty County will have a safe place to go to by hardening this space during an emergency.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?**
