**11. Program Performance:**

**a. What is the specific purpose or goal that will be achieved by the funds requested?**

The roadway widening will improve and reduce the traffic congestion in the area. The new sidewalk and shared use path will improve pedestrian connectivity to the adjacent school (Doral Academy) and to the bike path network the city currently has.

**b. What are the activities and services that will be provided to meet the intended purpose of these funds?**

The funds will be used for the construction of the proposed improvements.

**c. What are the direct services to be provided to citizens by the appropriations project?**

The existing roadway corridor will be widened and a new sidewalk and shared use path will be installed as well as new lighting and drainage improvements.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

The adjacent school currently has an enrollment of 4,000 students that can be directly served by these improvements.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

Reduction in congestion and an improvement in the level of service of the corridor is expected and will be measured by analyzing the level of service after the improvements are complete.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?**

Standard contract penalties.

**12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.**
