Operational Costs:		
Salary and Benefits		
Expense/Equipment/Travel/Supplies/Other		
Consultants/Contracted Services/Study		
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Rodda Construction, in Lakeland, FL, estimates to build a command center and headquarters building with a hangar for CAP aircraft to cost approximately 2 million dollars.	2,000,000
Total State Funds Requested (must equal total from question #6)		2,000,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Florida Wing Civil Air Patrol requires a Commander Center / Headquarters building so an Emergency Services and Training center can be provided for members to continue to serve the citizens of Florida by more fully executing three congressionally mandated missions: emergency services, aerospace education and the cadet program.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The funds will be used to construct a command center / Florida Wing Headquarters building, in addition to a hangar to place 2 aircraft.

c. What are the direct services to be provided to citizens by the appropriations project?

Florida Wing Civil Air Patrol, is committed in its 75 year mission to provide emergency services to the citizens of Florida. Florida Wing has provided extensive services to the citizens in the state of Florida during the recent 2 hurricanes, Michael and Irma. This facility will stabilize base of operations to continue to provide and enhance services to the citizens of the state of Florida.

d. Who is the target population served by this project? How many individuals are expected to be served?

The entire population of the state of Florida.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

By having a permanent base of operations, a building that can be used to stage emergency services operations in the state of Florida will improve the ability to provide these services. Lakeland is ideally located, being very near to I-4 and inland enough to offer significant relative protection from hurricanes.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Standard contract penalties.
