11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

This project will result in structural and cosmetic repairs/improvements to help achieve a full restoration of the Jefferson County A Building. The repairs/improvements will not only restore the historic building, but will also allow the building to be used by the local government.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

Architectural design, structural engineering, civil engineering, and construction services.

c. What are the direct services to be provided to citizens by the appropriations project?

This project will provide additional space for local government to operate as well as preserve a historic building within Jefferson County.

d. Who is the target population served by this project? How many individuals are expected to be served?

This project will provide services to the residents of Jefferson County. The county population is approximately 14,000 citizens.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The outcome of this project will be the preservation of a historic site within Jefferson County as well as additional space to house local government entities. Construction management services will be used to monitor the construction progress.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Standard contract penalties.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.

Jefferson County
