11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Funds requested are for a shovel ready project in the City of Miami. Specifically 24th Street, 24th Terrace, and 25th Street, between 27th Avenue and 32nd Avenue. This project will make this neighborhood more resilient and upgrade roadways and drainage.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The main services being provided by this project is water main replacements and roadway construction.

c. What are the direct services to be provided to citizens by the appropriations project?

Quality water distribution, storm water remediation, and ADA accessible side walks for the neighborhood.

d. Who is the target population served by this project? How many individuals are expected to be served?

City of Miami residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

To increase quality of life and improve recovery times after natural disasters such as hurricanes and storm surge.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The City of Miami has established daily liquidated damages on all of its infrastructure contracts. Standard contract penalties for the contract between the city and the state are sufficient.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
