11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The goal of this project is to provide the city a safe and updated emergency command center for the police department, fire department, and city council as well as an updated city hall for the citizens of Chattahoochee.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

An existing building will be purchased and renovated to meet the desired needs of an emergency command center and city hall.

c. What are the direct services to be provided to citizens by the appropriations project?

The city currently does not have an emergency command center and the existing city hall is antiquated and is too small to serve the basic needs of the city. Therefore, this project would provide the citizens with a larger, more convenient city hall and the emergency command center would provide the necessary equipment for the police chief, fire chief, and city officials.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population to be served is all the residents of the City of Chattahoochee and the surrounding rural Gadsden County residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome of this project would be to provide the citizens of Chattahoochee with a newer, larger, and more convenient city hall and provide a new age emergency command center for the police chief, fire chief, and city officials for use during a time of emergency.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Standard contract penalties are sufficient.
