

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2019-2020

LFIR#: 2623

1. **Title of Project:** Quincy Lift Station Resiliency

2. **Senate Sponsor:** Bill Montford

3. **Date of Submission:** 03/12/2019

4. **Project/Program Description:**

The intent of this request is to install permanently mounted emergency by-pass pumps at 6 locations throughout the City. The pumps will be powered by a natural gas or diesel engine and will be operated by an independent set of float controls. The systems will be completely stand alone to the most comprehensive redundancies possible. These redundancies will minimize the periods the amount of time that systems are inoperable as they were during and immediately following Hurricane Michael. The proposed stations to be upgraded are: Carolina Street, Circle Drive, County Jail, Key Street, Virginia Street and Wal-Mart.

5. **State Agency to receive requested funds :** Department of Environmental Protection
State Agency Contacted? No

6. **Amount of the Nonrecurring Request for Fiscal Year 2019-2020**

Type of Funding	Amount
Operations	
Fixed Capital Outlay	510,000
Total State Funds Requested	510,000

7. **Total Project Cost for Fiscal Year 2019-2020 (including matching funds available for this project)**

Type of Funding	Amount	Percent
Total State Funds Requested (from question #6)	510,000	100.0%
Federal	0	0.0%
State (excluding the amount of this request)	0	0.0%
Local	0	0.0%
Other	0	0.0%
Total Project Costs for Fiscal Year 2019-2020	510,000	100.0%

8. **Has this project previously received state funding?** No

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	NonRecurring		

9. **Is future-year funding likely to be requested?** No

10. **Details on how the requested state funds will be expended**

Spending Category	Description	Amount
Administrative Costs:

Total State Funds Requested (must equal total from question #6)		510,000

11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

The goal of this project is to mitigate future interruptions in the wastewater system due to emergencies or unforeseen complications.

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

The City currently does not have any emergency ready facilities at their lift stations. These by-pass pumps will provide the necessary component to keep the lift stations running during a time of emergency or unforeseen complications.

c. What are the direct services to be provided to citizens by the appropriations project?

By installing these by-pass pumps in the lift stations, during a time of emergency, the City's wastewater system can run uninterrupted. Therefore, the citizens can continue to have access to City utility services.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population to be served is the residents within the collection basin served by each of the proposed lift stations. This population is estimated at 7,200 citizens.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome of this project would be to provide the citizens of Quincy with a utility system that will have the capabilities of running independently during emergency situations or unforeseen complications.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

NA

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
