**11. Program Performance:**

**a. What is the specific purpose or goal that will be achieved by the funds requested?**

The purchase of a shallow water rescue boat would aid first responders to reach flooded areas that may be inaccessible with traditional watercraft. Taylor County Sheriff's Office - Division of Emergency Management will receive possession of the 20 foot shallow water rescue boat upon procurement by the Taylor County Board of County Commissioners. The Taylor County Sheriff's Office - Division of Emergency Management and the Taylor County Board of County Commissioners have an Interlocal Agreement that states the Sheriff's Office will conduct operations of emergency management on behalf of Taylor County.

**b. What are the activities and services that will be provided to meet the intended purpose of these funds?**

In the event of flooding, a shallow water rescue boat would be used to reach citizens in flooded communities.

**c. What are the direct services to be provided to citizens by the appropriations project?**

The boat would enable first responders to provide search, rescue, and disaster recovery services not currently provided to Taylor County citizens.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

As the majority of Taylor County is low lying, the entire county would benefit.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

The shallow water boat would enable first responders to reach citizens who have been impacted or stranded by flooding and/or storm surge.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?**

Taylor County will not fail to meet deliverables or performance measures provided for in the contract. Standard contract penalties are sufficient.

**12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.**
