11. Program Performance:

a. What is the specific purpose or goal that will be achieved by the funds requested?

Allowing the city to provide additional sewer services to the community and possible extending lines to increase revenue from new construction

b. What are the activities and services that will be provided to meet the intended purpose of these funds?

Developing scopes of work, competitive bidding, construction, employment

c. What are the direct services to be provided to citizens by the appropriations project?

Additional option to obtain sewer services in lieu of personal septic tank expenses

d. Who is the target population served by this project? How many individuals are expected to be served?

City (population approx 2,000 currently)

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Population is provisionally expected to grow as the north end of Gulf County was not damaged by Hurricane Michael as much as the south end and the work force migrates as well as outside contractors settle and all need living space as recovery efforts continue. Additional option to obtain sewer services in lieu of personal septic tank expenses

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Standard penalties, bonding requirements and state/federal license requirements should be sufficient.

12. The owner(s) of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owner(s) of the facility and the entity.
