The Florida Senate Local Funding Initiative Request Fiscal Year 2020-2021

LFIR # 1028

11. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

FIRST will conduct a cyber/grid security review for the state of Florida, to include emergency response capabilities, critical infrastructure, recovery, and possibly creation of software and other tools to assist in the recovery from such attacks.

b. What activities and services will be provided to meet the intended purpose of these funds?

The study will be provided as directed.

c. What direct services will be provided to citizens by the appropriation project?

This study will lead to Florida having an enhanced understanding of possible vulnerabilities for cyber/grid security.

d. Who is the target population served by this project? How many individuals are expected to be served?

The targeted population is statewide, especially those most vulnerable to a possible cyber/grid security attack.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

An enhanced understanding and better ability to prepare for a possible cyber/grid security attack.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Appropriating agency may contract with another entity to conduct this study.
