## 11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

The City of Graceville is currently under a consent order from the State for exceeding their permitted wastewater treatment volume. The City will use these funds to repair and/or replace stormwater utilities as needed in areas of high inflow and infiltration. These areas of high level inflow and infiltration are to be determined from smoke testing or TV testing. The City of Graceville will use these funds to fix these issues in an effort to have the consent order from the State lifted.

- b. What activities and services will be provided to meet the intended purpose of these funds?

These funds will be used to repair or replace the stormwater pipes that are found to be contributing to the inflow and infiltration within the Graceville wastewater system.

- c. What direct services will be provided to citizens by the appropriation project?

This specific project will allow the City to have the consent order lifted and provide the citizens with an efficient wastewater system.

- d. Who is the target population served by this project? How many individuals are expected to be served?

This project will provide services to the entire City of Graceville.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project will remove the consent order from the City and decrease the overall treatment volume at the plant.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The Auditor General audits for both the City and state agencies.
