#### 11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

To promote an environmentally friendly solution to a capacity issue facing the City of Crestview as a result of an unforeseen transportation project. This will provide immediate relief from capacity issues and provide for an efficient solution to future needs for expansion.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Complete a reclaimed water project to offset spray field reduction in an efficient and environmentally friendly manner.

- c. What direct services will be provided to citizens by the appropriation project?

Wastewater treatment and irrigation.

- d. Who is the target population served by this project? How many individuals are expected to be served?

This project has an impact on the entire wastewater treatment program and therefore will indirectly impact a population of over 25,000.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The benefit is reducing the wastewater treatment facility footprint in the community by providing a multi-use, environmentally friendly solution to the spray field component of wastewater treatment.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

The City will impose liquidated damages on contractors failing to meet project time lines.
