LFIR # 2223

## 11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

Allows for economic development along the US 331 corridor where current utilities are not provided.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Planning, design and permitting of water and wastewater infrastructure along US 331.

- c. What direct services will be provided to citizens by the appropriation project?

Water and sewer connections along a major connection road in Walton County that could drive economic development.

- d. Who is the target population served by this project? How many individuals are expected to be served?

General Public and business owners.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Expected benefit of infrastructure construction will be an economic stimulus to area to promote commercial and industrial development along the US 331 Corridor as well as allow for removal of septic tanks in the region. Success will be measured by number of jobs created in Walton County as well as the decrease in poor water quality in the Choctawhatchee Bay.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

TBD
