11. Program Performance

- a. What specific purpose or goal will be achieved by the funds requested?

A reduction in flooding will provide for the increased use of travel lanes during a storm event. Ingress and egress to and from local businesses will be improved.

- b. What activities and services will be provided to meet the intended purpose of these funds?

Construction of a drainage system.

- c. What direct services will be provided to citizens by the appropriation project?

Protection of commercial and residential property market values. Reduces the possibility of street closures due to flooding which allows employers to keep businesses open and employees to get to their places of employment during a storm event.

- d. Who is the target population served by this project? How many individuals are expected to be served?

Commercial and residential property owners in the area.

- e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Construction of a pipe network to minimize street and property flooding. A stormwater analysis of the existing and proposed system was conducted to provide a measure of the benefit for this project.

- f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for in the contract?

Funding withheld until deliverables are met.
