Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1103

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

St. Pete Beach is underway with construction of a complex sanitary sewer project along Gulf Blvd., the City's most densely trafficked, beach-side corridor. Upon completion of the project, funding will be needed to restore the roadway. State funding will allow the City to consider pedestrian and mobility improvements rather than simply resurfacing the roadway. It will also prevent the City from having to redirect roadway improvement funding away from residential areas of the community, which are in need of rehabilitation.

5. **State Agency to receive requested funds**

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

St. Pete Beach is underway with construction of a complex sanitary sewer project along Gulf Blvd., the City's most densely trafficked, beach-side corridor. Upon completion of the project, funding will be needed to restore the roadway. State funding will allow the City to consider pedestrian and mobility improvements rather than simply resurfacing the roadway. It will also prevent the City from having to redirect roadway improvement funding away from residential areas of the community, which are in need of rehabilitation.

b. What activities and services will be provided to meet the intended purpose of these funds?

Funds will be applied to the roadway reconstruction, including mobility and pedestrian improvements.

c. What direct services will be provided to citizens by the appropriation project?

An improved major commercial roadway incorporating public safety and public transportation improvements

d. Who is the target population served by this project? How many individuals are expected to be served?

The City's full-time residential population of approximately 10,000 stands to benefit from the economic development and public health and safety improvements cited above. The City's extensive tourism industry will also benefit.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?
