Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1427

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

Raises portion of perimeter road. Adds and improves drainage of and repairs existing infrastructure and water drainage systems.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2021-2022

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	3,650,000
Total State Funds Requested	3,650,000

7. Total Project Cost for Fiscal Year 2021-2022 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	3,650,000	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2021-2022	3,650,000	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		
2020-21	0	1,000,000	1958A	Yes

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1427

\$47.1M.

These funds were used to support the response to the COVID pandemic. This includes workforce (nurses, screeners, techs, respiratory therapists, intensivists, etc.), supplies (PPE, reagents, etc.), equipment (ventilators, vapotherms, monitors, beds, lab equipment, etc.), Information Systems, facilities and other expenses that were incurred in the prevention, preparation, and actual response to COVID.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	This project will elevate and re-grade a portion of the existing Ring Road and Entrance Drive. It will also fund associated drainage to manage storm water.	3,650,000
Total State Funds Requested (must equal total from question #6)		3,650,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Mount Sinai Medical Center (MSMC) is situated on a 52 acre waterfront inlet site. The site was once two small islands, but later was developed into the existing campus through an agreement with the state in 1957 to fill in several canals and the bay area separating the islands. Today the MSMC campus is accessible by helicopter and by boat, however, the primary means of ingress and egress is ground transportation. The roadway consists of a single road that circles the perimeter of the campus with one entrance and two exits. The road is used by employees, patients, emergency vehicles, visitors, buses, and the local trolley.

b. What activities and services will be provided to meet the intended purpose of these funds?

This project will elevate and re-grade the main a portion of the existing Ring Road. It will also fund associated drainage to manage storm water.

c. What direct services will be provided to citizens by the appropriation project?

MSMC is the only hospital and emergency services provider on Miami Beach, an island that is the second most visited tourist destination in Florida. During a disaster, MSMC serves as a regional critical care facility, emergency operations center (EOC), and medical management facility (MMF) for oxygen and electric dependent patients. Access to these services is critical for the Miami Beach residents and tourists.

d. Who is the target population served by this project? How many individuals are expected to be served?

See c. above

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2021-2022

LFIR # 1427

This project will continue to harden MSMC's campus in preparation for disasters such as hurricanes and flooding as well as provide better access to healthcare services on a daily basis.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Mount Sinai has every incentive to meet the obligations of this project. Failure to achieve the deliverables or the timeline will delay project benefits for the resiliency plan for the Mount Sinai campus.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

Mount Sinai Medical Center of Florida, Inc.
