12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The specific purpose of this project is to ultimately construct a bike trail that will attract visitors to the Chattahoochee area. The bike trail would provide additional recreation opportunities to the public which already utilizes the river landing park as well as the RV park.

b. What activities and services will be provided to meet the intended purpose of these funds?

Feasibility study, survey, permitting and design will be accomplished through the requested funds.

c. What direct services will be provided to citizens by the appropriation project?

The appropriation of this project will get the City one step closer to providing an additional recreation opportunity within the City.

d. Who is the target population served by this project? How many individuals are expected to be served?

The City of Chattahoochee has a population of over 3,000. However, due to the geographic location being in close proximity of the City of Sneads and Lake Seminole in Georgia, it is easy to say that nearly 10,000 local citizens utilize the area. not to mention tourist that visit the area.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Once the study and design is complete, the City will move forward with securing money for construction of the trail. Once the trail is completed, daily logs of usage or rentals will provide documentation of the trail usage.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Deobligation of funds.
