12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goal of this project is to construct a metal building that will help the Liberty County Landfill department to protect any salvage materials while also having a building to protect any equipment from the elements. The prior building was burnt in a fire over 5 years ago and was not able to be replaced through insurance.

b. What activities and services will be provided to meet the intended purpose of these funds?

The County will procure the services of a contractor to construct a new metal building for the Liberty County Landfill operations.

c. What direct services will be provided to citizens by the appropriation project?

This will help the citizens by keeping the landfill in better shape and possibly getting more money back for their scrap salvage.

d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is the citizens that might use the landfill and the employees that work out there.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is helping to provide an improved process and operations of the landfill. A survey can be taken by customers in one years time, to grade the improvements to the landfill.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?
