<b>Total State Funds Requested (must equal total from question #6)</b>		<b>400,000</b>

**12. Program Performance**

**a. What specific purpose or goal will be achieved by the funds requested?**

The project will replace deteriorated culverts along Old Plank Road to insure a long lasting crossdrain system to this vital roadway.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Replacement of 10 corrugated metal pipes that are currently showing signs of advanced deterioration of the metal pipe and concrete end protection which have resulted in increased maintenance and safety issues.

**c. What direct services will be provided to citizens by the appropriation project?**

Functional, safe, and effective stormwater systems are beneficial to all citizens of Leon County and its visitors, and are essential to conserving valuable economic, natural, and other resources. The drainage improvements will provide a reduction in flood risk and protection of the environment by preventing runoff from flooding during storm events. This project will also provide reduction in maintenance and safety issues.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

All residents of Leon County will benefit from this project.

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

The benefits of the project include preservation of a long-lasting crossdrain system to this vital roadway which will protect the health, safety and welfare of citizens by reducing flood risk and protecting our environment, while maintaining our community's livability. The drainage improvements will provide a reduction in flood risk and protection of the environment by preventing runoff from flooding during storm events and, in turn, decrease erosion and sediment from reaching surface waters.
