Construction/Renovation/Land/Planning Engineering	Architectural services, design, survey, permitting, and admin services. Construction services for a new community center.	600,000
Total State Funds Requested (must equal total from question #6)		600,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Jacob City currently has nowhere to meet to hold city wide events or assemblies. This community center will allow the city to hold events at a central location and gather together for educational, recreational, and special events. It can also serve as a place of refuge during hurricane season.

b. What activities and services will be provided to meet the intended purpose of these funds?

The community center will be a gathering place for the city to hold functions for its citizens.

c. What direct services will be provided to citizens by the appropriation project?

It will allow the community to assemble for educational, recreational, and special events; as well as be a place of refuge after storms such as Hurricane Michael.

d. Who is the target population served by this project? How many individuals are expected to be served?

The community center will serve the entire city during educational, recreational, and special events.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The community center will allow the community to be united during events. The facility will allow the citizens to interact with each other, bringing them closer together. It will be a resource for the youth and seniors of the city to use for educational and recreational activities. It will also serve as a place of refuge during hurricane season.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Standard contract penalties will be sufficient.
