12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Conduct a rigorous high school competition to stretch our most accomplished students, defray costs for participating student teams, sharpen skills for teachers of this promising student population, and provide high performing students well-deserved recognition.

b. What activities and services will be provided to meet the intended purpose of these funds?

1. Training and materials to educators that enable them to work with students in rigorous, academically-focused extra-curricular activities.
2. Training to teachers with subject-area expertise to write and review questions related to state curricular benchmarks.
3. Production of electronic displays, graphic displays, and audio components to aid in the presentation of questions during the competition.

c. What direct services will be provided to citizens by the appropriation project?

Grants will be provided for each school district's team to assist with the cost of student accommodation and registration costs.
 Local – individual district academic teams use materials developed by the Academic Tourney to prepare teams for local competition.
 Regional – district academic teams come together for pre-tournament scrimmages using materials developed by the Academic Tourney to prepare for state-level competition.
 Statewide – all school districts are invited by The Commissioner to send a six member team to participate in the state competition in April to compete for the title of State Champion.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Florida Senate

Fiscal Year 2021-2022

LFIR # 2040

High-achieving students in grades 9 – 12 from each school district in Florida. The project is expected to directly serve 350-375 students at the state tournament and indirectly serve an indeterminate number of students who participate in individual school, district and regional academic competitions throughout the year by providing participating school districts with materials and support for local competitions.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Florida's high-performing high school students benefit by exposure to rigorous and academically challenging curricular content aligned to our state standards and the award of academic scholarships.
FDOE grant evaluation and participant surveys
1. The tournament will recruit at least one additional participating district.
2. An increase of at least one district to receive writing training for academic content
3. The tournament will determine what aspects of arrangements, communications, and actual events should be continued and/or expanded.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

If the contractor fails to meet and comply with the activities/deliverables established in the contract or to make appropriate progress on the activities and/or towards the deliverables and they are not resolved within two weeks of notification, the contract manager may approve a reduced payment or request the contractor redo the work or terminate the contract.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

No fixed capital outlay funding requested.
