Construction/Renovation/Land/Planning Engineering		0
Total State Funds Requested (must equal total from question #6)		5,000,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

Florida's Boys & Girls Clubs give young people hope and opportunity and provide them with resources and positive alternatives to keep youth out of trouble and particularly out of gangs. The goal of this program is to help young people learn about and avoid some of the most immediate threats to their well-being. The program is evidenced-based and uses a curriculum with measurable impacts focused on positive peer interaction, resiliency, problem solving, decision making, and gang awareness.

b. What activities and services will be provided to meet the intended purpose of these funds?

Through many evidenced based curriculum and programs, we will be focusing on positive peer interaction, resiliency, problem solving, decision making, and gang involvement prevention. Research indicated that in an effort to replace older adult gang members who are incarcerated, gangs often try to recruit youth. Youth often succumb to these efforts at early ages.

c. What direct services will be provided to citizens by the appropriation project?

LFIR # 1013

Florida Boys & Girls Clubs work with school-age children and youth while using an approved evidenced-based prevention curriculum that encompasses a broad range of focus areas including academic support, mentoring, and positive youth development. The activities in which children and youth engage while outside of school hours are critical to their social and emotional development.

d. Who is the target population served by this project? How many individuals are expected to be served?

Florida at-risk youths grades K - 12 attending the Boys & Girls Clubs during out of school time, families and surrounding communities. The program will provide at least 169,217 filled program slots.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected outcome of this project is to engage youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances young people's strengths; and promotes positive outcomes for young people by providing opportunities, fostering positive relationships, and furnishing the support needed to build on their leadership strengths. The outcome will be measure through the youth's data collected by the local Boys & Girls Clubs, National data and the analysis from the Clubs' third party evaluator.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Complete Corrective Action Plan set by the Department and Reduction of funds.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

N/A
