Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1114

1. **Project Title**
2. **Senate Sponsor**
3. **Date of Request**

4. Project/Program Description

Naples Senior Center at JFCS (NSC) manages the only Dementia-Respite Support Program in Collier and Southern Lee Counties for seniors who have a medical diagnosis of Alzheimer's disease and related dementias (ADRD) residing at home. The program is recognized as evidenced based, innovative and most importantly providing the highest standard of care to clients with dementia. The program provides socialization and wellness with a holistic approach to everyday living and challenges using activities that focus on connection when primary verbal communication and interaction abilities are altered.

5. **State Agency to receive requested funds**
- State Agency contacted?**

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	75,000
Fixed Capital Outlay	0
Total State Funds Requested	75,000

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	75,000	34%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	148,000	66%
Total Project Costs for Fiscal Year 2022-2023	223,000	100%

8. **Has this project previously received state funding?**

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		
2021-22	0	75,000	388	No

9. **Is future funding likely to be requested?**
- a. **If yes, indicate nonrecurring amount per year.**
- b. **Describe the source of funding that can be used in lieu of state funding.**
- In addition to state funding we pursue private donations, corporate and foundation grants.

10. **Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?**
-

Fiscal Year 2022-2023

LFIR # 1114

If yes, indicate the amount of funds received and what the funds were used for.

We received \$247,000 through the Collier County Cares Act for food, PPE, retrofitting and cleaning. We also received \$588,000 through the Payroll Protection Act.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits	3 professional staff program facilitators 1 music therapist	75,000
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering		0
Total State Funds Requested (must equal total from question #6)		75,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The goals of the program are: to offer opportunities for persons with Alzheimer's disease or a related dementia (ARD) to engage in a program of meaningful social and recreational activities, in a secure and supportive setting, in order to maximize their cognitive and social abilities; and to provide relief and support to family members and other primary caregivers of individuals with ARD.

b. What activities and services will be provided to meet the intended purpose of these funds?

Activities are designed to achieve the program's goals to help enhance communication skills, to improve an individual's mood, to help access long term memory and to increase socialization. Each group's schedule includes Dakim Brain Fitness, which helps users strengthen attention, focus and concentration combined with other concentration and memory activities, such as "icebreakers", to help the participants enhance social skills and assist in recall and language skills. The last 30 minutes of the day the participants have music therapy facilitated by a music therapist.

c. What direct services will be provided to citizens by the appropriation project?

Language skills, memory techniques, relaxation techniques, socialization and building self-esteem are concentrated on during each group's activities with the focus on what strengths the participants possess. Participants are offered an opportunity for socialization and cognitive stimulation in a non-judgmental, friendly environment. Participants are encouraged to participate in activities that engage verbally and also utilize gross motor skills depending on their comfort level or level of ability. Caregivers are provided 4 hours respite, case management, education and support.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1114

The targeted population are seniors age 60 and over with a medical diagnosis of Alzheimer's disease or related dementias (ADRD), which is 14.1% of the county. In 2017 in Collier and southern Lee County 22,000 cases of ADRD were counted including an estimated 13% who live alone. Our community's limited existing resources are overwhelmed by demand. Thirty six percent (36%) of Collier and southern Lee Counties' population is over age 60. Of those, 8% are age 85 or older, a relevant statistic as it is currently estimated that 50% of adults over the age of 85 will be diagnosed with ADRD. 178 individuals will be served.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The Dementia Respite Support Program provides tools, support and coping skills to assist these individuals and their families. Clients who attend the program may achieve the following goals and outcomes: be less agitated, more engaged in surroundings, experience fewer incidents of "sundowning," particularly on the days when clients have music therapy and caregivers will report that the program has had a positive impact on both the client and caregiver's lives. The Memory and Problem Behavior Checklist (RMPBC) is used for the clinical and empirical assessment measuring outcomes. For this population outcomes are measured in relationship to a limited time period such as during and after the program and extending into the evening.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

This program is funded on a monthly basis for services that are reported in the Florida Department of Elder Affairs CIRT system. If the agency failed to meet the deliverables, then the agency would not be able to submit for payment of services.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

N/A
