

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1186

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The county does not have adequate fueling reserves for its first responder critical services (fire rescue, ambulances, public works, and utilities) to respond to natural disasters and hurricanes (or any event that may disrupt the transport and delivery of fuel). During Hurricane Irma, the county became close to running out of fuel and had to make tough decisions on what to provide fuel to. This project will construct a new fueling facility to provide critical services.

5. State Agency to receive requested funds

State Agency contacted?

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	0
Fixed Capital Outlay	980,000
Total State Funds Requested	980,000

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	980,000	76%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	311,500	24%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	1,291,500	100%

8. Has this project previously received state funding?

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		

9. Is future funding likely to be requested?

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

If yes, indicate the amount of funds received and what the funds were used for.

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1186

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering	Funds will be applied to demolish a functionally obsolete fueling station and construct a new fueling facility with more fuel reserves. Consultant services used for bidding, inspection, and engineering services during construction.	980,000
Total State Funds Requested (must equal total from question #6)		980,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

To construct a fueling facility that will allow emergency services to continue their mission to serve the citizens during a state of emergency and provide adequate fueling reserves.

b. What activities and services will be provided to meet the intended purpose of these funds?

Adequate access for fuel for emergency services.

c. What direct services will be provided to citizens by the appropriation project?

All emergency services including fire, EMS, public works, utilities, and to provide support functions throughout Hernando County in a state of emergency and could potentially impact all county residents.

d. Who is the target population served by this project? How many individuals are expected to be served?

All emergency services, including fire, EMS, public works, utilities, and to provide support functions throughout Hernando County in a state of emergency and could potentially impact all county residents.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Provide adequate fuel for emergency services to the public (fire, ambulance, public works, and utilities) during a natural disaster or event when there is a disruption in the transport and delivery of fuel which will be achieved by demolition of an existing functionally obsolete fueling facility and construction of a new central fueling facility with additional fueling reserves.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1186

Revoke funding if the fueling facility is not constructed. Standard contract penalties are sufficient.

- 13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.**

Hernando County.
