Farm Share is working on developing a better private corporate, individual, foundation donor network to help supplement or eventually replace its reliance on state dollars to carry out operations. This process will take time to develop and create. Our goal is to generate sufficient dollars within 5 to 10 years.

Acquisition and Distribution of healthy and nutrition fruits, vegetables, non-perishable food products and proteins to partner agencies (soup kitchens, food pantries, churches, law enforcement agencies, etc...) throughout the state of Florida. **c. What direct services will be provided to citizens by the appropriation project?**

Farm Share holds nearly 800 community food distributions each year statewide. These food distribution provide food directly to those persons identified below in high poverty communities. Farm Share also partners with law enforcement agencies to distribute food thus helping to bridge the divide between law enforcement and the communities they serve.
