#### 12. Program Performance

##### a. What specific purpose or goal will be achieved by the funds requested?

The current facility has limited use due to safety concerns from damages sustained during Hurricane Michael. The new animal shelter will provide a safe structure for animals to stay, a safe work environment for those that take care of the animals, and a safe and clean place for people to adopt animals.

##### b. What activities and services will be provided to meet the intended purpose of these funds?

A new animal shelter will be constructed on land that is owned by the city. This animal shelter will shelter stray animals and provide a place for these animals to be adopted.

##### c. What direct services will be provided to citizens by the appropriation project?

The new animal shelter will shelter stray animals and provide a place for these animals to be adopted. The animal shelter will allow for the city to retrieve strays wandering the streets and house them safely and properly.

##### d. Who is the target population served by this project? How many individuals are expected to be served?

The target population is the City of Blountstown and the nearby town of Altha who has an agreement with the city to house their stray animals.

##### e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

The expected benefit is to remove stray animals from the streets and place them at the animal shelter to be up for potential adoption.

##### f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The city will work with the contracting agency to determine applicable measures, should funding be made available.
