**12. Program Performance**

**a. What specific purpose or goal will be achieved by the funds requested?**

Construction of a new four lane road connecting the existing southern terminus of CR 2209 to SR 16. The total estimated cost for this project is \$20,000,000. The improvements will increase traffic and pedestrian safety and decrease congestion and total lost time along the CR2209 and IGP corridors with additional capacity for anticipated growth in the area.

**b. What activities and services will be provided to meet the intended purpose of these funds?**

Programmed funds aim to alleviate projected pedestrian and traffic safety concerns and congestion along the CR 2209 and IGP corridors, which has a direct benefit to the citizens of St. Johns County by improving transportation system level of service.

**c. What direct services will be provided to citizens by the appropriation project?**

The direct service provided to citizens will be increased level of service after improvements are completed.

**d. Who is the target population served by this project? How many individuals are expected to be served?**

High school students and the general population (over 2,000 individuals).

**e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?**

1) The improvements will increase traffic and pedestrian safety and decrease congestion and total lost time along the CR 2209 and IGP corridors with additional capacity for anticipated growth in the area. Measured by annual traffic counts along the corridors after the improvements are completed. 2) Increase construction related jobs and spending on goods and services. Measured by construction wages/annual average wage and increase in land values. It is anticipated that the project will immediately create at least 25 construction-related job opportunities.

**f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?**
