The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 1960

1. Improve physical health: Comparing number of flooding complaints before and after project. 2. Enhance/preserve/improve environmental or fish and wildlife quality: comparing number of cleaning sweeps by stormwater operations crews on the improved stormwater control structures (pre and post construction) as well as physical observation of water being retained in structures or swales for longer periods before running off into adjacent waterways. 3. Protect the general public from harm (environmental, criminal, etc.). 4. Improve stormwater management. 5. Improve transportation conditions: Comparing number of traffic accidents of affected roadways and from observation of better traffic flows due to reduced flooding in travel ways. 6. Improve surface water quality: Physical observation of water retained in structures or swale for longer periods before running off into adjacent waterways

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

The city would be subject to an audit. In addition, the bid award for construction may include additional provisions for liquidated damages within the contract agreement.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

The City of Miami.
