Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2059

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The 4KIDS Foster Family Recruitment and Hope 4 Healing Project is dual-purposed. It is designed to 1) Recruit new foster families and 2) Provide high levels of placement stability. Since 1997, 4KIDS has successfully recruited more than 1,100 foster families through strategic recruitment activities. These families provide safe and stable homes to children who have been removed from their biological families due to abuse, abandonment or neglect. To aid in their placement stability, 4KIDS provides families with wrap around support teams and research-based therapeutic services to support the child and family, which includes our exclusive EPIC parent training, resources, therapists and clinicians. Additionally we provide our families with exceptional, caring foster support specialists and we have an extended array of foster support events and groups, all of which ultimately lead to more stable placements.

5. State Agency to receive requested funds

State Agency contacted? No

6. Amount of the Nonrecurring Request for Fiscal Year 2022-2023

Type of Funding	Amount
Operations	750,000
Fixed Capital Outlay	0
Total State Funds Requested	750,000

7. Total Project Cost for Fiscal Year 2022-2023 (including matching funds available for this project)

Type of Funding	Amount	Percentage
Total State Funds Requested (from question #6)	750,000	100%
Matching Funds		
Federal	0	0%
State (excluding the amount of this request)	0	0%
Local	0	0%
Other	0	0%
Total Project Costs for Fiscal Year 2022-2023	750,000	100%

8. Has this project previously received state funding? Yes

Fiscal Year (yyyy-yy)	Amount		Specific Appropriation #	Vetoed
	Recurring	Nonrecurring		
2021-22	0	750,000	310A	No

9. Is future funding likely to be requested? Yes

a. If yes, indicate nonrecurring amount per year.

b. Describe the source of funding that can be used in lieu of state funding.

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2059

4KIDS relies on government funding to support its family recruitment and stability efforts. If such support was not available, 4KIDS would deploy private funding initiatives to hopefully garner enough funds to continue to provide services at an optimal level. However, other funding is not guaranteed and could significantly impact our ability to recruit and provide support needed for the children and families.

10. Has the entity requesting this project received any federal assistance related to the COVID-19 pandemic?

Yes

If yes, indicate the amount of funds received and what the funds were used for.

4KIDS received \$1,025,345, in funding through the CARES Act in the spring of 2020. Funds were used to help all of 4KIDS to continue all services and keep all staff employed.

11. Details on how the requested state funds will be expended

Spending Category	Description	Amount
Administrative Costs:		
Executive Director/Project Head Salary and Benefits		0
Other Salary and Benefits		0
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Operational Costs: Other		
Salary and Benefits	To cover the cost of staff members responsible for foster parent recruitment, training and licensing, as well as the therapy program providing Hope 4 Healing. The funds will be evenly distributed for the two projects; \$375,000 to foster parent recruitment, training and licensing and \$375,000 to the Hope 4 Healing trauma informed therapy program for oversight and services.	750,000
Expense/Equipment/Travel/Supplies/Other		0
Consultants/Contracted Services/Study		0
Fixed Capital Construction/Major Renovation:		
Construction/Renovation/Land/Planning Engineering		0
Total State Funds Requested (must equal total from question #6)		750,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The 4KIDS Foster Parent Recruitment and Hope 4 Healing Project will support the recruitment and licensing of foster families in FY 2022-2023, resulting in up to 56 new foster families and ultimately reducing the number of children in group care in circuits 15, 17, 19 and 20. Additionally, this project will positively affect the stability of existing foster care placements resulting in a stability rate of 3.09 or less moves per 1,000 days in care (a 25% reduction in moves compared to the current State of Florida goal of 4.12).

b. What activities and services will be provided to meet the intended purpose of these funds?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2059

The 4KIDS Community Engagement Team will continue to build partnerships with local churches and research new opportunities to engage the church community to recruit foster families. The team will engage, educate, and encourage potential foster families through meetings, presentations and other ways regarding the need for foster parents and will also host information sessions on the foster parent training and licensing process. The outreach strategy includes connecting with church leaders to set up opportunities for presentations at church services, small groups, and all community reaching events.

c. What direct services will be provided to citizens by the appropriation project?

The Foster Parent Recruitment and Hope 4 Healing Project will result in the provision of more quality foster homes for children who have suffered from abuse, abandonment, and neglect. Children will be safe and living in a healthy environment. Additionally, children and families who are a part of the foster and adoptive family unit and who are under or uninsured will receive trauma-informed therapeutic care. We will provide therapy services, therapeutic training and support groups annually to such families. This will have a positive impact on the placement stability as foster families will feel more supported and able to handle the difficulties that come with caring for children from hard places. Although we hope we are putting COVID-19 behind us, we are still dealing with its effects, therefore recruiting and mental health services are vitally important now.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Foster Parent Recruitment and Hope 4 Healing Project will serve children between the ages of 0-17 entering and currently in foster care in circuits 15, 17, 19 and 20. An estimated 67 children will be served by up to 56 new foster families created by the project annually. Children and families who are a part of the foster and adoptive family unit and who are under or uninsured will receive trauma-informed therapeutic care. We will provide therapy services, therapeutic training for parents and support groups annually to such families.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

This project will lead to the recruitment and licensing of up to 56 new foster parents in circuit 15, 17, 19 and 20. The project will also benefit licensed foster and adoptive family units who are under and uninsured by supporting them through therapeutic services, including child therapy and family therapy. 4KIDS expects that the placement stability rate of families receiving therapeutic care will improve as compared to the current State goal of 4.12 to no more than 3.09 moves per 1,000 days in care. 4KIDS' Extended Reach database will be used to record and measure our ability to achieve the intended outcomes. The financial benefit to the State of Florida can be enormous--research from the University of North Carolina's Jordan Institute for Families found that group placements cost 7 to 10 times the cost of placing a child with a family.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

A reduction in the amount of allocation based on the actual number of foster families recruited, licensed, or if the stability rate of 3.09 is not met.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.

N/A
