12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

This appropriation request will address public safety concerns at Grassy Lake Elementary School. During student drop off and pick-up, traffic and buses back up into several roadways creating a safety hazard for motorists and children.

b. What activities and services will be provided to meet the intended purpose of these funds?

Additional capacity for buses and parents picking up students.

c. What direct services will be provided to citizens by the appropriation project?

Alleviate traffic congestion which impacts several roads in the areas around the school.

d. Who is the target population served by this project? How many individuals are expected to be served?

Residents and students of the City of Minneola.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Benefits of this project include increased safety for motorists and pedestrians entering and exiting the school premises.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

As a matter of general practice, the city includes penalty provisions including requiring payment of liquidated damages typically between \$250-\$500 per day for everyday past the completion date. This amount is based upon the contract amount and overall contract negotiations. Standard contract penalties for the contract with the state agencies will be sufficient.
