Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2256

1. Project Title

2. Senate Sponsor

3. Date of Request

4. Project/Program Description

The project will construct ADA compatible park enhancements and smart park elements to serve the eastern portion of the City that lacks sufficient park space. It will provide families and individuals of all ages, backgrounds, and abilities in Tamarac and the surrounding municipalities with safe and enhanced amenities and opportunities to exercise, develop social, intergenerational and multicultural connections, relax and enjoy the green space, contributing to physical and mental wellbeing.

Construction/Renovation/Land/Planning Engineering	Funding will go toward the construction and installation of a variety ADA accessible amenities and broadband accessibility for smart park elements throughout the park.	300,000
Total State Funds Requested (must equal total from question #6)		300,000

12. Program Performance

a. What specific purpose or goal will be achieved by the funds requested?

The project will construct ADA compatible park enhancements and smart park elements to serve the eastern portion of the City that lacks sufficient park space. It will provide families and individuals of all ages, backgrounds, and abilities in Tamarac and the surrounding municipalities with safe and enhanced amenities and opportunities to exercise, develop social, intergenerational and multicultural connections, relax and enjoy the green space, contributing to physical and mental wellbeing.

b. What activities and services will be provided to meet the intended purpose of these funds?

Over 180,000 residents in Tamarac and the neighboring municipalities within the 3-mile radius will benefit from ADA accessible amenities such as a splash pad, fitness stations, amphitheater, boat launch, sidewalks, walking paths, playground, and site lighting. Smart park and safety elements include WIFI, digital signage, access control, security cameras, and emergency phones.

c. What direct services will be provided to citizens by the appropriation project?

The planned ADA accessible enhancements will provide active and passive activity space for people of all ages, backgrounds, and abilities, including lower-income families that lack access to parks and recreation services. Smart parks elements provide access to broadband and modern technology addressing a community need and enhancing the park experience and safety.

d. Who is the target population served by this project? How many individuals are expected to be served?

The Florida Senate

Local Funding Initiative Request

Fiscal Year 2022-2023

LFIR # 2256

Elderly, those in need of physical and mental health remedies, at-risk-youth, developmentally disabled, physically disabled, students of all ages, essentially will encompass any in the region who would benefit from this enhanced outdoor space.

e. What is the expected benefit or outcome of this project? What is the methodology by which this outcome will be measured?

Park space, utilized by residents and by those around the region, of all abilities, will be able to enhance physical and mental health outcomes which the City would measure by use of the Park through passive use and those involved in City recreational activities.

f. What are the suggested penalties that the contracting agency may consider in addition to its standard penalties for failing to meet deliverables or performance measures provided for the contract?

Performance and payment bonds; 5% retainer per Florida Statutes; liquidated damages, if the contractor does not finish the project in the timeframe it provides.

13. The owners of the facility to receive, directly or indirectly, any fixed capital outlay funding. Include the relationship between the owners of the facility and the entity.
